

THE DELICATE HUES of famed Shoshone Falls will soon be visible again in the Snake River Canyon when spring runoff comes as overflow capacity water is released from upstream dams. The Falls is probably the most photographed wonder of nature in this section of Idaho. This

year, when the runoff comes, you might be able to catch the rainbow at the bottom of the cascade, as in this color picture by Gus Kelker, Times-News editor. It is the first color reproduction to be printed on the new Times-News offset press.

## "Quick Buck" In White Clouds Is Criticized

BOISE (UPI) — The president of the Greater Sawtooth Preservation Council told a White Clouds rally Sunday the area would be worth more as a "quick buck" from mining.

Dr. John Merriman, Pocatello, was one of five speakers on a panel before some 300 persons at the meeting at the Boise YWCA.

Merriman noted Yellowstone National Park contributes over \$60 million each year to its surrounding area and added that figure made the \$2 million estimated mining payroll "look a little anemic."

He said the National Recreation Area Bill, now in the U.S. House of Representatives, would do little to solve the immediate problem since claims already staked out would be exempt from any regulation and new claims would be allowed subject to "reasonable regulation."

The panel was moderated by H. Tom Davis, Boise chapter for the sponsoring Greater Sawtooth Preservation Council. Other speakers included Brock Evans, Seattle, an attorney and northwest conservation representative for the Sierra Club, Ernest H. Day, Boise, regional representative for the National Wildlife Federation; Dr. Donald Obee, biologist and chairman of the division of science and health, Boise State College; and Bruce Bowler, Boise attorney, who discussed some legal possibilities con-

cerning the White Clouds case. Bowler said only the U.S. Department of Agriculture and the U.S. Department of Interior had authority to deny the mining claims and road building proposed for the White Clouds area. He added, however, that public

## Navy Spy Plane Crashes In Vietnam; 22 Perish

DA NANG, Vietnam (UPI) — A U.S. Navy EC121 spy plane with 31 crewmen aboard faltered today during its landing approach and crashed in flames into a hangar, killing 22 of them.

The remaining nine crewmen and two U.S. Air Force men in the hangar were injured. The four-propeller aircraft slammed into the building and burst into flames. A \$2.9 million F-4 Phantom fighter-bomber inside was destroyed. All aboard the EC121, jammed with electronics equipment for its aerial reconnaissance mission, were U.S. Navy men. The plane, converted Constellation, carried no bombs or weapons.

Military authorities attributed the crash to a "mechanical failure." The craft broke in two on impact.

Russians Ask End Bombing

MOSCOW (UPI) — Premier Alexei N. Kosygin told the United States today the first step towards any attempt to restore peace in Laos must be an end to American bombing raids.

Until the bombing stops, Kosygin said it would be "unrealistic" for him to consider president Nixon's request the Soviet Union and Britain attempt to end the fighting in the Southeast Asian kingdom. Kosygin placed much of the blame for the war between government and Communist forces in Laos on the United States. He made no mention of North Vietnamese military support for the Communist Pathet Lao.

Ice Blues

PASADENA, Calif. (UPI) — The Ice house Blue Band, a rock group from Miami, Fla., was playing when the roof collapsed.

Fred J. Clark, the building's owner, didn't think it was a coincidence. He blamed the collapse on musical reverberations and said his 75-year-old warehouse had survived "three major earthquakes."

Four Young Men Hurt As Car Hits School

Four young men were taken by ambulance to Magic Valley Memorial Hospital early Monday morning after the car they were in went out of control and crashed into Washington Elementary School at North Five Points.

pressure must be exerted on those agencies to encourage them to exercise their authority. Evans said the Sierra Club believed it is in the interest of the whole State of Idaho not to mine the White Clouds.

## Times-News Is In New Plant

Today's Times-News is brand new—printed on and with brand new equipment and in a brand new home.

It's been a long trail from the original Twin Falls News—one of the parents of the present-day paper—to the issue of today. The first issue back in 1904 came from a flat-bed, one-side-at-a-time press. Today's issue comes as a result of the latest in offset printing—a combination of electronics and photography.

As a result of the utilization of the latest scientific advances in the printing field, the Times-News becomes the largest paper in the state using the offset method of reproduction.

The new home of the newspaper is at the corner of Second Avenue West and Third Street West, just across the

corner from the postoffice. When all staff members are thoroughly schooled in the new way of printing a daily newspaper, when the bugs which must crop up (we hope not too many) are eliminated and when everything is ship shape, then you will be asked to come as a guest to our open house.

## Japanese Consul Released

By JOHN VIRTUE  
SAO PAULO, Brazil (UPI)—Kidnapers of the Japanese consul general, Nobuo Okuchi, released him unharmed Sunday night 10 hours after the arrival in Mexico of five Brazilian political prisoners whose freedom the abductors had demanded as ransom.

Okuchi arrived in a taxi at his home here at 5:40 p.m. EST, appeared relaxed and rested and told police his kidnappers had freed him in the city's Paraiso District where he hailed a taxi for a 50-cent ride to his home.

He had been active in the Kiwanis and Elks, and was a member of the advisory board of the Salvation Army for more than 30 years.

Mr. Duvall was born in 1884 in Fuvall's Valley, Tenn., an area named for his grandfather, who first settled in the area. The family later moved to Smith County, Kan., to start a farming and ranching operation.

Mr. Duvall attended Kansas schools, and taught school for a short time. He later attended Kansas Wesleyan University at Salina. After his schooling he worked as a stenographer for the county attorney and as court reporter. In 1906 he was elected clerk of the district court, a position he held for four years.

## Welfare Approval Certain

WASHINGTON (UPI)—President Nixon's welfare reform plan will prove to be "a miracle piece of legislation" if it fulfills promises of getting three million people off relief and into jobs within a year, Rep. Wilbur D. Mills, D-Ark., said Sunday.

The powerful chairman of the House Ways and Means Committee predicted the administration's proposals for a minimum annual income will be approved "overwhelmingly" next week by the House and later by the Senate. But he warned that the measure might die in a congressional conference committee if the Senate lets the plan's cost "mushroom out of all proportions."

The president's family assistance plan would assure every family of four an income of \$1,600 a year, cover 15 million poor people currently without aid and have a start-up cost of \$4.4 billion, about double the current level of federal spending for welfare. Mills, speaking in a Washington Window interview, said the administration estimates that about 3.1 million eligible welfare recipients are "immediately available" for work.

"Jobs are available for many of these people in many sections of the United States," said the Arkansas Democrat. "It will be a remarkable thing, and certainly a miracle piece of legislation, if in the first year of its operation three million people on welfare went to work. And that's possible."

he was chairman of the first Community Chest drive in Twin Falls, and was the first chairman of the Twin Falls Housing Authority.

## Pioneer Attorney, Jurist Is Dead

O. P. Duvall, 75, pioneer Twin Falls jurist and attorney, died early this morning at Magic Valley Memorial Hospital.

Mr. Duvall, known as "Judge" to his many friends, was judge of the Twin Falls Probate Court for eight years, served in the Legislature as a senator and was a practicing attorney in Twin Falls for many years. He had also worked as a court reporter and real estate operator.

Funeral services will be held Wednesday morning. Arrangements will be announced by Reynolds Funeral Chapel.

Prayer

WASHINGTON (UPI) — Billy Graham told a White House religious service Sunday the nation must return to "respect for law, faith, social justice and a brotherhood among people of diverse background."

## Strike On Coast Concluded

SAN FRANCISCO (UPI)—Mayor Joseph L. Alioto hammered out an agreement with striking city employees early today, ending a threat of San Francisco's first general strike since longshoremen "closed the town" in 1934.

The agreement was announced at 7 a.m. PST after marathon negotiations which continued after the strike began one minute after midnight Friday.

Alioto had refused to seek an injunction against the picketing, which striking union members had threatened to extend to the waterfront and San Francisco International Airport today.

"Injunctions never settled a labor dispute," Alioto said. "Labor disputes are settled by people talking to each other."

THIS CAR WAS demolished and its four occupants injured when it crashed head on into Washington Elementary School about 2:30 a.m. Monday. Its driver, John E. Bryant, 23, Burley, and Leon Cope, 22, Shoshone, both

## Supreme Court On Bussing

WASHINGTON (UPI) — The Supreme Court today upheld the suspension of a federal court order calling for wide-spread additional busing of students in the Charlotte, N.C., area.

The court rejected an appeal by the NAACP's Legal Defense Fund, which had asked reinstatement of a busing order issued by Federal District Judge James B. McMillan of Charlotte, effective beginning April 1 for grade schools and May 4 for high schools. The 4th U.S. Circuit Court of Appeals suspended the order March 5. It instructed McMillan to submit further findings by

March 20 on busing to improve the black-white balance in Charlotte, the state's largest city, and Mecklenburg County of which it is a part.

McMillan ordered the additional busing as part of an overall desegregation plan for the Charlotte-Mecklenburg district. The district school board has appealed the full plan to the 4th Circuit, and the court has scheduled hearings on the entire issue for April 9.

Under the busing order, the school board would have had to provide the additional transportation within the next two months.

## Israeli Troops In New Raid

Helicopter-borne Israeli troops struck into Syria Sunday night for the first time since the 1967 War and blew up a high tension pylon 12.4 miles from downtown Damascus.

Today, Israeli and Egyptian jet planes battled above the Suez Canal area.

A military spokesman in Cairo said Egyptian MIG interceptors smashed into three waves of Israeli warplanes and in a series of individual dogfights over a hundred miles of clear skies shot down one Israeli jet.

An Israeli spokesman in Tel Aviv said Israeli jets shot down a MIG21 and hit another in an air battle over the central sector of the Suez Canal. Today's claim brought to 93 the number of aircraft Israel says it has shot down since the 1967 war—76 Egyptian and 17 Syrian.

Israeli military sources in describing the foray into Syria said it was carried out "in an accurate and elegant way."

## Israeli Troops In New Raid

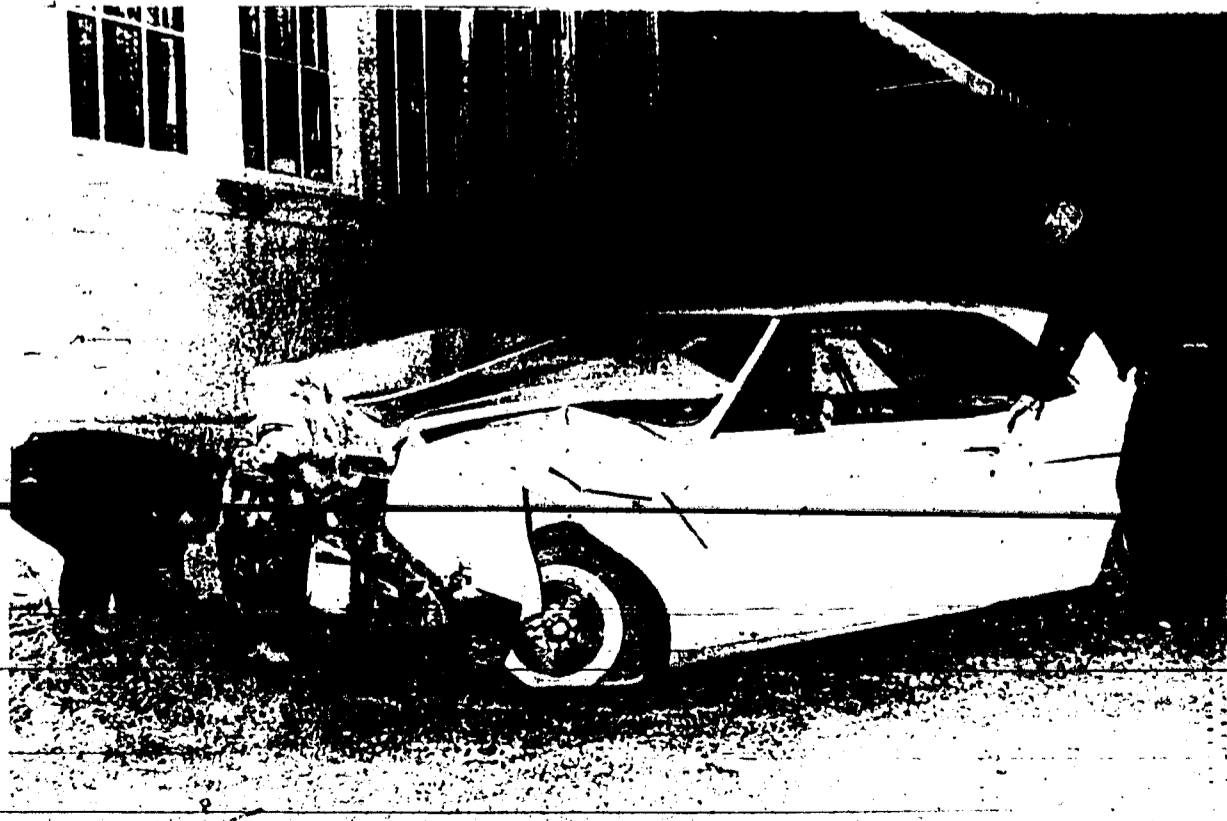

The military sources said at a briefing one group of Israelis landed in helicopters only 12.4 miles northeast of downtown Damascus and when watched the lights black out in the eastern section of the Syrian capital when they blew up a high tension electricity pylon carrying 60,000 volts.

The Israeli raids came during a weekend which included another Israeli first—a direct frontal assault against Egypt's Suez Canal line Saturday. The Al Fatah guerrilla organization also reported sharp clashes along the Lebanese and Jordanian fronts.

## High, Low Temperatures

NEW YORK (UPI)—The lowest temperature reported today by the U.S. Weather Bureau, excluding Alaska and Hawaii, was 11 degrees below zero at Grand Forks, N.D. Sunday's high was 90 degrees at Thermal, Calif.

## Secretary Is Named At Jerome

JEROME—Mrs. Jerry Diehl has been named secretary at the South Central District Health department's Jerome office.

Mrs. Diehl, who succeeds Mrs. Louella Scherer Lattner who resigned the post, will begin her duties March 23.

She is the daughter of Mr. and Mrs. Vern Wilson, Wendell, formerly of Jerome. A graduate of Twin Falls high school, she has had one year of nurse's training at St. Luke's Hospital, Boise.

Mrs. Diehl is a member of PEO Sisterhood and the United Presbyterian Women's Association. She has taught Sunday school at the Presbyterian Church for many years.

Her husband, Mike Diehl, was just named principal of Jerome High School where he is currently vice principal.

Increasing cloudiness today with periods of rain changing to snow this afternoon and tonight; decreasing cloudiness Tuesday, but with a few snow flurries Tuesday and cooler. Winds of 15 to 25 miles per hour at times this afternoon through Tuesday. High today in the 50s; low tonight in the 30s; and high Tuesday 45 to 55. Chance of precipitation 50 per cent today, 70 per cent tonight and 40 per cent Tuesday. Outlook for Wednesday—partly cloudy. In the Camas Prairie, high today

35 to 45; low tonight 15 to 25, and high Tuesday in the 30s. Today's 8 a.m. Magic Valley temperatures: Twin Falls Weather Bureau, 39, with 61 per cent humidity; T. F. Entomology Laboratory, 39, with 62 per cent humidity; Jerome, 32; Rupert, 33; Buhl, 36; Castleford, 32; Halley, 25. Soil temperatures: Twin Falls Weather Bureau: Four-inch, 45-70; eight-inch, 41-40; 20-inch, 41-40; 36-inch, 42-42; Rupert, four-inch, 45-40; Buhl, three-inch, 47-37; Castleford, three-inch, 43-34.

## Weather Synopsis

High pressure, which moved into the Northwestern states yesterday is already being weakened as another Pacific disturbance moves eastward across Washington and Oregon. The frontal system associated with this disturbance will move into Southern Idaho late this afternoon, and should be located east of the Continental Divide by Tuesday morning. Some rain and snow has fallen in Washington, Northern Idaho and Western Oregon. This, along with increasing cloudiness, will spread across Eastern Oregon and Southern Idaho this afternoon and tonight. Precipitation will decrease in the Magic Valley but will continue as periods of snow in

Southeastern Idaho. Surface winds will increase at times this afternoon to 15 to 25 miles per hour. Temperatures today will be a little higher than yesterday, with maximums ranging from the upper 40s to the lower 60s. Highs on Tuesday will be mostly in the 40s through the mid-50s. Lows tonight will be in the upper 20s and the 30s. The extended weather outlook indicates little or no precipitation Wednesday through Friday. High temperatures will be in the 40s to the low 60s and lows in the 20s to the mid-30s. Normal high and low temperatures for the period will include Boise, 52-32; Pocatello, 47-26; Twin Falls, 53-28; Idaho Falls, 45-23.

## Magic Valley Hospitals

### Magic Valley Memorial

Admitted Mrs. David McMillen, Mrs. Charles Van Eaton, Pamela J. Pokorny, Daisy Carson, Michael Mayer, George C. Woods and Mrs. Mike Tegan, all Twin Falls; Barbara Howard, Lisa Howard, Selena Howard, Mrs. Joseph McCarty, Mrs. Rudy Howard and Joseph McCarty, all Idaho Falls; Daniel Rowe, Jim Hunsaker, Mrs. Wayne Peterson and Mrs. Robert Erkins, all Buhl; Dora Nail and Mrs. Curtis W. Bower, both Kimberly; Mrs. Larry E. Holtzen, Mrs. Robert J. Triplett, Mrs. Harold J. Enkhous and Mrs. Edmund Barker, all Filer; Mrs. Harold Fitzpatrick, Eden; Leonard Daugherty, Dietrich; Marie R. McIntosh, Boise; Marvin Johnson, Hazelton; Mrs. Dennis D. Howarth, Portland, Ore., and Robert Middleton, Goodland.

Dismissed Wendy Brown, Mrs. Lloyd Barnett and Samuel A. Popejoy, all Twin Falls; Mrs. John W. Bardsley, Buhl; Gordon B. Barry, Burley; Barbara Howard, Twin Falls, and Robert E. Middleton, Goodland. Births Daughters were born to Mr. and Mrs. Mike Tegan, Twin Falls, and Mr. and Mrs. Larry E. Holtzen, Filer. A son was born to Mr. and Mrs. David McMillen, Twin

Dismissed Neil Stoker, Lillus Anderson, Vera Meuleman and Ignacio Barandico and Norman Larimer, all Rupert, and Mrs. Ronald Rogers and son, Births A son was born to Mr. and Mrs. Ronald Rogers, Eden, and daughters were born to Mr. and Mrs. Meredith Smith, Heyburn, and Mr. and Mrs. Thomas Morgan, Rupert. AD

## Judges Set Meeting At Jerome

JEROME—Probate judges, justices of the peace and municipal judges from seven counties in the fifth judicial district will meet at the Jerome county courthouse at 7 p.m. Friday to discuss the judicial reform law which goes into effect in 1971.

The meeting has been called by Charles Scoggin, senior district judge.

Three persons have submitted applications for the position of Jerome county magistrate, Probate Judge Russell C. Shaud, Justice of the Peace Irving Altman and Jerome Municipal Judge C. J. Shupe, according to the county auditor's office.

## Area Farm Bureau To Hold Meet

SHOSHONE—A District Farm Bureau meeting will be held at 11 a.m. Wednesday at the Wood Cafe, Jerome, reports Mrs. Ervin Braun, Shoshone, president.

There will be a no-host luncheon followed by a meeting at 1 p.m. at which a special speaker from the Twin Falls police department will discuss drugs. Boyd Daniels will show a film. All interested persons are invited.

DR. THOMAS PAINE, NASA administrator, left, and Dr. Werner Von Braun, NASA deputy administrator, describe a model of a U.S. space station during a television interview Sunday.

Palne said that U.S. and Soviet astronauts might be flying joint space missions once the Apollo moon program is completed.

## 2 Minico Boys Hurt In Crash

JEROME—Two Minico high school boys were injured early Saturday morning one mile southwest of Jerome when the driver went to sleep and the Volkswagen bus struck a concrete canal embankment. Ron Gomez, 17, Paul, was to be released from St. Benedict's Hospital here Monday, but Robert Shab, 17, Rupert, was taken to Magic Valley Memorial Hospital, Twin Falls, where he was to undergo surgery today.

The Shab youth apparently fell asleep as the boys were enroute home from watching Minico play in the state basketball tournament. He was pinned in the car for about an hour while state police cut him out, reports State Patrolman Bill Watts.

He said the car left Interstate 80 one mile southwest of Jerome, went into the borrow pit and struck the concrete embankment along the canal. The impact caused the vehicle to go headfirst into the other side of the concrete embankment. The car turned onto its right side.

## Magic Valley Obituaries

### M. Powell

Mrs. Marguerite Noble Powell, 79, 321 Fifth Ave. E., died of a short illness Saturday afternoon at a local nursing home. She was born Feb. 24, 1891, at Detroit, Mich., and came to Twin Falls from East Orange, N.J. in 1925. She worked as an interior decorator for several years for Booth Mercantile and then operated her own decoration service from her home for 20 years.

She was married to Milton L. Powell in 1937 at Salt Lake City, Utah. He preceded her in death. Mrs. Powell was a member of the First Church of Christ Scientist and the P.O.E. Surviving are a son, William N. Kee, Inglewood, Calif.; three step-sons, Milton Powell and Jack Powell, both Virginia, and Ralph L. Powell, Springfield; a brother, Donald E. Noble, New Jersey; two sisters, Mrs. E. R. (Florence) Mezger, Dunedin, Fla., and Mrs. J. G. (Ruth) Maconachy, Media, Penn., and several grandchildren. A sister, Mrs. Dorothy Jewell, preceded her in death. Funeral services will be conducted at 3:30 p.m. Tuesday at Reynolds Funeral Chapel by Arthur E. Williams serving as reader. Final rites will be at Sunset Memorial Park.

### Gonzales Baby

RUPERT—Graveside services for the infant daughter of Mr. and Mrs. Miguel Gonzales will be conducted at 10 a.m. Tuesday at the Rupert Cemetery by Rev. Malachy MacNeill. The child died Sunday at Minidoka Memorial Hospital where she was born March 11. Surviving, in addition to her parents, are three brothers, Robert Gonzales, Benjamin Gonzales and Phillip Gonzales, all Rupert; three sisters, Velen Gonzales, Aricema Gonzales and Naomi Gonzales, all Rupert; maternal grandparents, Mr. and Mrs. Martin Rodriguez, Minidoka. Friends may call at the Walk Mortuary Monday evening and Tuesday until time of services.

### Correction

In the obituary of Barbara Graff, which was published Sunday, the name of a sister, Mrs. Elsie Fischer, Murtaugh, was misspelled, and the name of a surviving sister, Mrs. Don Gonzales (Clara Mae) Knocke, Silverdale, Wash., was omitted from the mortuary's information.

### Funeral Services

Mrs. Ima Evans, 1 p.m. Tuesday, Twin Falls Mortuary. G. E. Metcalf, 2 p.m. Tuesday, Hove Funeral Chapel. Mrs. Barbara Graff, 2 p.m. Tuesday, Reynolds Funeral Chapel, Twin Falls. Ross Moseley, 2:30 p.m. Tuesday, Wiley Funeral Chapel.

## Seen...

Justice Joseph McFadden entering county Judicial Building ... David Dingman stopping at city clerk's office ... Merle Lierman, Hansen, giving ski lesson ... Virginia Undhjem trying out new pair of skis ... Judge Gene McCoy looking over old papers found during microfilming operation ... Mrs. Helen Henderson looking bright for Monday morning ... Mrs. Jim Epperson, Hansen, commenting on winter weather ... Jim Rosenbaum sorting through accumulation of papers on desk ... E. E. Jellison commenting on old house burning ... Gary Motzner looking unusually alert ... John Roper admiring new newspaper plant ... Bob Slater eating dinner with friends ... and overheard, "Well, that was a typical Idaho spring breeze."

## Police Are Checking On Theft

Twin Falls City Police are investigating the theft of about \$350 in cash and numerous checks from the car of a Twin Falls businessman. Officers said Spencer Parker, who operates Castilian Coiffures, 303 Shoshone St. N., stopped at Shelby's Market about 8:15 p.m. Saturday after closing his beauty shop for the day. He told officers he left money bags containing the day's receipts in his car and locked the doors. When he arrived home he discovered the money bags and contents were missing. Officers said a rear window appeared to have been tampered with, allowing entry to the car.

## Open House Set On Home

SHOSHONE—Open house will be held from noon until 6 p.m. March 22 at the home of Mr. and Mrs. Gilbert Kerner, six miles north and four miles east of Shoshone. Their new Gold Medallion home was recently completed and the open house is sponsored by Idaho Power Company. Contractors were Walt Beery and Bill Eastep, Gooding. All interested persons are invited.

## Question...

In computing my Federal Income Tax for 1969 may I claim a full deduction for a dependent who passed away during the year?

## Answer...

Any deductions allowable for dependents under Federal Income Tax regulations shall be allowed as though the dependent had lived for the entire year. For example, On January 15, 1969 your mother passed away at 7 p.m. Friday to discuss the judicial reform law which goes into effect in 1971. You may claim a full exemption for her for your calendar year 1969.

Husbands and wives are not dependents of each other and if either should die during the tax year all deductions for age and blindness as well as the \$600 spouse exemption may be claimed for entire year. Deductions may be claimed for certain medical and dental expenses paid on behalf of a dependent either before or after his death.

## JOE MAIZE

JOE MAIZE born in Jersey City, New Jersey. A born entertainer, an accomplished musician, song-writer and a natural comedian. Joe's instrument is the "Steel Guitar" of which he is a master. His skill on the instrument is an art unequalled. Joe actually makes his instrument talk, without the use of electronic or mechanical devices. Joe Maize has recorded three albums for Decca, his artistry on the "Steel Guitar" made Decca request a complete instrumental Hawaiian album. Joe's authentic interpretations of the Hawaiian music won him the Hawaiian name of "Makalapua". Joe's other album was an around the world musical sounds playing Italian, Latin, Hawaiian, Greek and American musical standards. Joe is called the rubber faced comedian and is very adept at captivating his audiences. His antics at the steel guitar and quip and his bobbing Adams apple give out hilarious howls from the audience. His comedy routines are wildly funny as he draws laughter, groans, sighs and cries from the steel guitar comically pantomiming each sound as he goes along. Joe's rubber face and nimble fingers combine to offer a delightful dish of melody and comedy. Joe's ability of timing and pacing of shows, selections and execution produce strong fast paced shows.

## Erie Not Joyous On St. Pat's Day

DUBLIN (UPI)—Legend has it that St. Patrick was a man who liked people to enjoy themselves. But this March 17 there will be little to cheer the heart of Ireland's patron saint on his feast day.

Most agree that St. Patrick's Day this year will just not be the joyous festival of old.

If the saint who brought Christianity to Ireland more than 15 centuries ago could walk the Irish turf today, he would find it riven and red with blood. He would see his countrymen, who knelt down before him north and south of the border, poised for battle and ready to fight each other with fists and guns.

St. Patrick's ancient See of Armagh in the north has become a stage for savage sectarian strife. Roman Catholics and Protestants have clawed each other for the hallowed ground where the saint spent himself trying to unite warring clans.

Armagh, the spiritual capital of Ireland, has become an emotive name in the bitter struggle between Northern Ireland's one-third Catholic population and the Protestant majori-

ty. It is the see of Cardinal William Conway, head of Northern Ireland's Catholic population, but it is also the birthplace of the Protestant Orange order—the powerhouse of anti-Catholic sentiment in the six counties making up Northern Ireland, still a part of the United Kingdom.

Just 12 months ago, the followers of Rev. Ian Paisley, Northern Ireland's militant protestant leader, defied the law and seized the city for eight tense hours. Armed with billy clubs and sporting orange sashes and special badges, the Paisleyites drove the Catholics indoors and paralyzed even the largely Protestant police force.

At the moment, Armagh has all the appearances of once again becoming the battleground between Catholics and Protestants.

Violence is not the only thing which has lessened the joy of St. Pat's Day.

In the south, the carefree, rollicking celebrating of olden times has been left behind. Gone are the leprechauns, the shillealaghs, the skullcracking donnybrooks outside the pubs.

## Exports

Magic Valley firms interested in sale of their products in the expanding overseas market may contact Stephen P. Smoot, director of the Salt Lake City field office, U.S. Department of Commerce, in Twin Falls on March 31.

Ray Rostron, manager of the Chamber of Commerce, said Mr. Smoot will be at the Chamber office from 2 to 4 p.m. on March 31. Appointments may be made by contacting Mr. Rostron.

Assistance will include information and insurance, export licensing, export statistics, and similar needed data, Mr. Rostron said.

In their place are rather, stiff parades and pageants—getting bigger and more commercial by the year. There will be brass bands and skirling pipes, ballads and sporting events. But for all the noise, there is little fire left in the celebrations.

The more organized the holiday has become, the less fun there is about it. In Dublin, the headlight of official celebrations will be a massive industrial parade down the main street to display the nation's growth over the last half century.

## Educators To Discuss Laws

A post legislative conference conducted by staff members of the Department of Education will be held in Twin Falls March 25, officials announced today. D. F. Engelking, state superintendent of public instruction, said all school district administrators will be invited to the meeting. Board members will also be urged to attend.

School officials from throughout Magic Valley will gather at Robert Stuart Junior High School at about 9 a.m. that day and discuss school-related bills passed by the last session of the Legislature.

Few still remember the dramatic religious origin of St. Pat's Day. Some do not even know the story of the saint—how he was born Christian in Britain, then under Roman rule; how he was captured by Irish marauders and sold into slavery in Ireland.

# Are you going to go through another year thinking you can't afford an Oldsmobile?

Our own surveys indicate that quite a few people think an Oldsmobile is out of their reach. They think it costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a lot less car and value for their money. It's so unnecessary, too, because Oldsmobile has many models that are priced right-down with the so-called low-priced cars. So why settle for the ordinary when you can step up to an Olds and all the value

that an Olds represents. Take this big, exciting Delta 88, for example. It starts out with a surprisingly modest price. Add to this the features that make it such an outstanding value—extras that are included in the modest price:  Regular-gas Rocket V-8  Power Steering  Power Brakes, front discs  Nylon-loop carpeting  Bias-Belted Tires  Door Side Guard Beams  Hidden Radio Antenna  Flo-Thru Ventilation  Bigger, better riding 124" wheelbase. Check these extra values at your Olds dealer's today!

Sex Education

Christian Science Monitor
American parents must steer a sensible path through the controversy-troubled waters of sex education in the schools.

That parents be allowed to review sex education plans and materials, much of which has proven in some cases to be unwisely explicit.

False Issues

Idaho State Journal
Leon E. Panetta began his last day before being ousted as civil rights chief in the Department of Health, Education and Welfare with one of the most intelligent and courageous statements on school integration that the nation has heard.

facto desegregation, it is certainly true that the country needs something more than false issues.

Poisonings

Idaho State Journal
It is the young, the innocent, the toddler who are most often the sad victims of accidental poisonings.

Poison Prevention Week from March 15 to 21. The Week is an annual national observance proclaimed by the President of the United States in an effort to awaken the public to the dangers of accidental poisonings and to publicize methods for reducing the tolls of injuries and deaths.

WASHINGTON - The work of the U.S. Supreme Court has been seriously impaired by the protracted delay in filling the vacancy caused by the forced resignation last May of Justice Abe Fortas.

Also the privately-voiced warning will have to remain to be seen. Democratic opponents of Carswell are making no bones of their intention to stall action on his appointment in the hope of winning more votes against him.

ANDREW TULLY

The Stolen Guns

WASHINGTON - As if the worst mail service on earth were not enough to send citizens up the walls, the Post Office Department nationwide has now become a free source of supply for hoodlums whose daily chores require the use of firearms.

WASHINGTON - A friend of mine named Bill Rabe, who lives in Saulte Ste. Marie, Mich., heads a very successful phonograph company called Hush.

GEORGE C. THOSTESON, M.D.

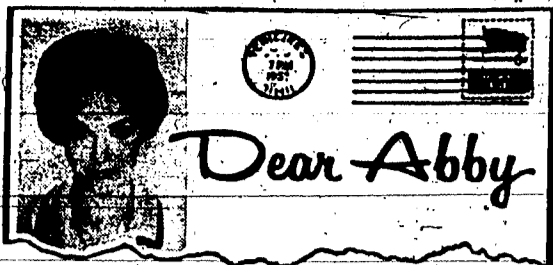

Will Not Look

Dear Dr. Thosteson, My husband who is 29 has been told to have an enlarged heart and high blood pressure because he is overweight.

This year, Rabe has just issued a new release that could be the biggest hit Hush records ever had. It is titled "The Silent Majority" and has been recorded on LP as well as tape.

BERRY'S WORLD advertisement featuring a cartoon of a school bus and the text: '... And if you moved into the city—you'd be commuting to the suburbs!'

**DEAR ABBY:** I am 78, and my wife is 73. We've been married 56 years. I am now retired. My problem is widows who live on both ends of my street. On my way to the store I have to pass by the house of one widow who is 75 years old. She has tried to get me into her house by asking me to come in and fix her leaking radiator.

I was able to forestall her plans by walking around the block to get to the store. But recently the widow at the other end of the block (she is 69 years old) asked me to come in and have coffee and freshly baked coffee cake, but I am wise to such tactics, so I always make up some excuse like I am in a hurry.

To avoid such situations I now climb the back fence and take a short cut to the store. Another problem arose. The neighbor's dog tore the seat out of my pants for trespassing onto his yard.

My wife accuses me of getting senile for climbing the back fence and I can't tell her why I do it because she is a very jealous woman. So what do I do?

**TRAPPED IN BRIDGEPORT**

**DEAR TRAPPED:** Keep climbing that fence. It's the lesser of the evils. Better to be accused of "senility" than infidelity.

**DEAR ABBY:** I have written a lot of songs which my friends tell me are better than some of the big hits we have today. Mine aren't of the new far out variety the kids go for. I write the old fashioned love songs with words that rhyme and everybody can understand. And my tunes are easy to sing and easy to remember. Anyway, I must have about 300 songs in all.

I have never tried to get any of my songs published, and that's why I am writing to you, Abby. Could you please send me the names and addresses of some famous song writers? I would like to send them my songs and possibly they could help me get them published. Of course I would be willing to share the profits with anyone who could help me if I become a success. Thank you

**DEAR SONG WRITER:** The LAST person to whom I would advise you to send unpublished songs would be a "famous song writer." His lawyers have undoubtedly instructed him to return all such material unopened in order to protect himself. Furthermore, no one is obligated to return unsolicited material, in which case you might never see your songs again. Your best bet (and cheapest investment) is the most reputable publishing agent you can find.

**DEAR ABBY:** The woman who asked your opinion on "wife swapping," then signed herself, "LOVES HIM," will soon be hating him, and herself, if she goes along with his crummy idea.

I went along with it for 10 months, and NEVER have I met such a collection of dull, insipid creeps in my life! They were all little boys trying to show each other what big "men" they were. Most of the wives weren't attractive enough to get a second glance from another man, so they allowed their equally insecure husbands to trade them like "toys."

But, guess what, Abby? When we "swapped," I just sat and listened to these sad little boys pour their hearts out, after informing them that I was not a "swinger." None of them was angry. They seemed to feel that "sex" was available everywhere, but good, intelligent, interested listeners were few.

I don't feel degraded. Just terribly disgusted with myself for not being able to judge my second husband better.

We're divorced now. I finally decided that I'd rather scrub floors than live with a swinger. They're SICK.

**CONFIDENTIAL TO "LONELY" IN PHOENIX:** YOU take the initiative. Eleven months is a long, long time.

**What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.**

**LEARN SLOWLY**

**Leprechaun Season Is Here Again**

Well, it's the season of the Leprechaun again because here comes March 17—that special day set aside to honor St. Patrick and the Irish of all nationalities.

Sure and it's a great day for everyone, especially if you like the idea of a party, feasting and fun to go along with the "wearing of the green." And, for the harried host or hostess in the market for some festive how-to hints, Florists' Transworld Delivery experts offer a few suggestions for a well planned St. Paddy's dinner party.

You won't have to invite a Leprechaun to dinner to make sure your party theme comes across, just focus attention on the main course menu, dessert, and decorations. First, the FTD experts suggest a meal plan of baked ham garnished with sprigs of delicate shamrocks; potato pancakes; cabbage; and assorted green relishes.

The dessert, they note, should be nothing short of a delicious idea direct from Erin—aromatic mugs of Irish Coffee served with oatmeal cookies. The coffee recipe is simple. To each mug of very hot, strong, black coffee, add one jigger of Irish whiskey, one and one-half teaspoons sugar, and top with whipped heavy cream. Some gourmets like the addition of one-half jigger of cognac, which is set aflame (allowing a few seconds for the alcohol to burn-off in the cup) before pouring the coffee. Either way, this dessert comes off as a robust treat.

Finally, what party is complete without decorations? For that special touch to dress up the dinner table, local FTD florists can tint white carnations and button mums green and create an original centerpiece designed especially for the occasion.

Of course, the day is not complete without a shamrock to wish upon. If real ones are hard to find locally, the florist can fashion shamrocks from fuzzy green pipecleaners, and work them into the design of your floral centerpiece.

Shamrocks. That brings up what the whole day is about. The triple leaf plant is said to have assisted St. Patrick as he sought to explain the meaning of the trinity to the ancient Irish. March 17 honors the day the patron saint died in 493.

HERE'S A FLORAL SALUTE to the Irish. As guests prepare to sip their after dinner Irish coffees, let them first make a wish on a lucky Leprechaun centerpiece. The low table arrangement above, designed by FTD florists, features green-tinted carnations, white

button chrysanthemums and green fern. The "Leprechaun" potatoes add a special touch of fun and fancy to St. Patrick's Day festivities.

MRS. B. SCHNITKER  
Route 3, Twin Falls

- Frosted Pineapple Squares
  - 1/2 cup sugar
  - 4 1/2 tablespoons cornstarch
  - 1/2 teaspoon salt
  - 1 egg yolk, slightly beaten
  - 1 can (No. 2) crushed pineapple
  - 4 to 4 1/2 cups unsifted flour
  - 1 teaspoon sugar
  - 1 package active dry yeast
  - 1 cup milk
  - 1/2 cup (1 stick) margarine
  - 3 egg yolks (at room temperature)

(Margarine does not need to melt). Gradually add to dry ingredients and beat for two minutes at medium speed, scraping bowl occasionally. Add egg yolks and one-half cup flour. Beat at high speed for two minutes. Stir in additional flour to make a soft moist dough.

Divide dough in half. Roll out one-half the dough on floured board to fit the bottom of ungreased large cookie sheet. Spread with cooled pineapple filling. Roll remaining dough large enough to cover filling. Seal edges together.

Snip surface of the dough with scissors to let steam escape. Cover. Let rise in warm place free from draft until double in bulk, about one hour and 15 minutes.

Bake in a moderate oven, 350 degrees, about 30 minutes or until done. Let cool in pan. Frost while warm with confectioners sugar frosting. Very good with lemon flavoring added. Cut into squares and serve.

**Make It Cheese For Lent**

GLENN'S FERRY — Food shoppers can find plenty of substitutes for meat during Lent. Supplies and prices of alternates are good, reports Marilyn Jordan, Elmore County extension home economics agent.

It is a favorable season for such things as fish, eggs, dried beans and peas, cheese, and cereal foods.

Although the price of eggs is higher than it has been, they still are an economical source of nutrition. Several kinds of fish—the most common main dish for many families during Lent—are abundant. There also are large supplies of dried beans and dried peas. Both crops in 1969 were far larger than the previous year.

Cereal products such as macaroni, spaghetti, noodles and rice are important meat substitutes and use them with cheese, milk, fish or eggs to provide a dish of better balance.

For days when meat is on the shopping list, it is thrifty to consider values in chuck roasts, short ribs, ground beef, round steak and liver. In pork, good values can be found in picnic hams, shoulder roasts and end-cut loin roasts.

Fresh fruits and vegetables in good supply include oranges, grapefruit, apples, bananas, cabbage, onions, and turnips. And, of course, Idaho potatoes.

**Buffet Supper Set Thursday**

GLENN'S FERRY — Victory Chapter No. 60, Order of Eastern Star, is hosting the Masonic Lodge at a buffet supper at 6 p.m., following by the chapter meeting at 8 p.m. at the Masonic Temple Wednesday.

Mrs. Lee Trail is chairman of the supper committee, and Mrs. Herman Johnson, worthy matron, is arranging original entertainment.

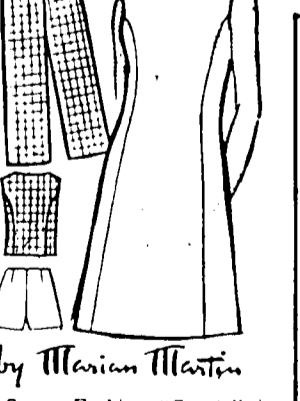

Friendship Night was observed recently with seven chapters attending Victory's meeting, including groups from Mountain Home, Buhl, Wendell, Twin Falls, Gooding and Shoshone.

High school students presented entertainment. Mrs. Karl Koch and Mr. and Mrs. Dan Irons were in charge of the refreshments.

# Abortion Law In Hawaii Attracts Dozens Of Women

HONOLULU (UPI)—Dozens of women were scheduled to have abortions at Hawaii hospitals this week under the state's historic new abortion law, the most liberal in the United States.

Kapiolani Maternity Hospital, where most abortions are expected to be performed, reported it has 38 women scheduled for the operation DURING THE WEEK.

Doctors and hospitals say the cost of abortions range from \$250 to \$320, including the doctor's fee.

Most abortions will be outpatient cases, in which the woman enters and leaves the hospital the same day.

LAS VEGAS STARS jump for joy as the big "Welcome to Las Vegas" sign is turned on again after being darkened by the strike of 14,000 bartenders and culinary workers. From the left are Trini Lopez, Shirley Allen, Lorna Jacobs and Wayne Newton.

## Hijacked Cargo Ship Held In Hong Kong

HONG KONG (UPI)—A hijacked American cargo ship carrying bombs for U.S. planes in Thailand rested at anchor off the coast of Cambodia today under the control of two mutinous crewmen.

Lloyd Rives, U.S. Charge D'affaires in Phnom Penh, said by telephone the 10,638-ton freighter Columbia Eagle had anchored off the port of Sihanoukville after it was seized Sunday.

## Air Strikes Subject Of Reports

SAIGON (UPI)—The U.S. Command announced today it will start reporting air strikes flown by American planes in Laos in a further step to taking the wraps off what has for years been a secret air war in the neutral nation.

The command said reports will be made on tactical air strikes and B52 raids on the Ho Chi Minh Trail and air attacks in support of Royal Laotian forces.

The report said the ship was seized after a bomb scare in which 24 of the crewmen took to lifeboats. The freighter Rappahannock picked them up.

The reports will "simply state whether the above type operations were conducted." No additional information on air operations in Laos will be released.

Under the new policy, military spokesmen said today a U.S. Navy Skyhawk jet crashed due to unknown causes in the Laotian panhandle Saturday.

## Declo PTA Officers Chosen

DECLO — New officers of the Declo PTA are announced by Ray Schmidt, president.

He will be assisted by Mrs. Ray Anderson, first vice president; Mrs. James Rodgers, second vice president; Mrs. Glen Weeks, secretary, and Mrs. Norman Smyer, treasurer.

A panel discussion entitled, "Discipline, Democracy and Youth" was presented under the direction of Don Green, Declo high school speech director, at the monthly meeting at the high school.

Progress on the new athletic field was reported by Melvin Darrington and Lawrence McCall. Keith Amenda presented \$301 to the committee from collections in the Albion area.

The seventh and fourth grade classes won the attendance count.

The pilot was rescued. The command also said 1,300 more Americans troops were leaving the war zone over a 48-hour period. The latest leaving was the 722-member 16th Tactical Reconnaissance Squadron, stationed at Tan Son Nhut outside Saigon.

## Oil Slick Holds In Gulf Area

NEW ORLEANS (UPI)—Good weather held a miles-long oil slick at bay today while cleanup crews worked around the clock to skim the sludge from Gulf of Mexico waters before a predicted wind shift.

A U.S. Coast Guard spokesman said Sunday the week-old slick, fed by three spraying wells on Chevron Oil Co.'s "Charlie" platform, formed an oval around the platform and posed no immediate threat to land.

At its longest extension, the slick stretched 10 miles to the north-northeast of the platform, 30 miles east of Venice, La. Both the Coast Guard and Chevron declined to estimate the slick's exact size.

"Now it all depends on the weather," the Coast Guard spokesman said. "If the weather stays good we will have no problem. I can't say what will happen if the weather gets bad. I don't think anybody knows right now."

The U.S. Weather Bureau predicted light, variable winds would shift to east to southeast today and clock around to a northerly direction Tuesday. Southeast winds would tend to push the slick toward oyster and shrimp fishing waters 22 miles west.

## Strikers To Walkout

SAN FRANCISCO (UPI) — Striking city employees threatened to extend picketing to the waterfront and San Francisco International Airport today.

Mayor Joseph I. Alioto refused to seek an injunction against the crippling four-day walkout.

"Injunctions never settled a labor dispute," the mayor said during marathon weekend negotiations. "Labor disputes are settled by people talking to each other."

Meanwhile, a meeting of all union officials was scheduled today to debate the possibility of a general strike—the first in San Francisco since 1934, when longshoremen closed the city in a successful battle with shipowners.

approximately 14,000 of the city's 22,000 employees has shut down mass transit and severely curtailed citywide health services since before dawn Friday.

Schools were closed later Friday, but officials said they would be open today. Members of the American Federation of Teachers advised parents to keep children home.

The strike idled the city's famed cable cars and closed the zoo and other recreational facilities. Police and fire departments were not affected.

The city submitted a new pay proposal Sunday, but union leaders said the offer was rejected.

"They just slice up the pie in different ways," said John Jeffrey, head of the striking City and County Employees Local 400. "The city offered more money to some strikers in the process of taking it away from others."

## New MIGs For Arabs Not Likely

MOSCOW (UPI) — The diplomatic consensus in Moscow is that there is no immediate likelihood the Soviet Union will supply Egypt with its MIG 23, the latest and deadliest interceptor in the Soviet arsenal.

According to Vice Premier Veniamin Dymshits the question is not even being considered.

It is also noteworthy that although the present campaign against Israel and its alleged American backers has reached unprecedented proportions there has been no mention of Soviet "volunteers" for Egypt to man planes and guns.

During the 1956 Suez campaign when France, Britain and Israel attacked Egypt there was plenty of talk about Soviet "volunteers" and the Egyptian embassy actually began to register Soviet applicants.

AIRLINE OPERATIONS AT San Francisco International Airport are continuing despite a strike by city employees but airline receptionist June Bailey has to fill in with cleanup chores due to lack of maintenance personnel who joined the picket line.

## Movies In The Sky Is All The Rage As Big Jets Get Going

HOLLYWOOD (UPI) — The coming of the 747 jetliner has provided transcontinental passengers with a theater in the sky where some 360 transients can watch a movie or movies at one time.

Of the three carriers with 747s in service only TWA is attempting to cater to the tastes of adults and youngsters by showing two motion pictures on a single flight.

For example, "The Sterile Cuckoo" is screened for mature travelers while "True Grit" is available for family watching. Passengers may rest assured that "I Am Curious (Yellow)" or other X rated films will not be shown on any flights. Movies with excessive nudity or explicit sex scenes are avoided, too.

Unlike TWA, American offers only a single film per flight.

"We keep our films for about two weeks," a spokesman for the airlines said. "It's tough to come up with 52 movies a year—one for eastbound flights, say from Los Angeles to New York, and one westbound from New York to Los Angeles—that pleases everyone."

"If you show only G rated films for children, you'll bore the adults to death," he said. "If you show only adult-oriented movies you can't send all the kids to the other end of the airplane."

Pan American, like TWA, has five different screens, but only

a single film. As is the case with the others, Pan Am shows a different movie going west than an eastbound so passengers making round-trips within a week or two won't be stuck with the same movie.

LAWRENCE O'BRIEN, THE new National Democratic Chairman, warned Sunday that the cost of television advertising has driven the price of political campaigns so high that the traditional two-party system is now in danger.

Successful Investing High Cost Of TV Ads Deplored

Q - I have tried, without success, to obtain information regarding Allstate Enterprise Stock Fund. Would you please comment on the current status of the situation? - H.P. & P.L.

sharply to bring 9-month results to \$1.16 a share vs. \$1.18 in the 1968 period. However, final quarter comparisons may not be as favorable, due to larger promotional expenses. Newer developments such as restaurants and a more diversified frozen foods line have been readily accepted.

WASHINGTON (UPI) - Lawrence F. O'Brien, the new national Democratic chairman, warned Sunday that the cost of television advertising has driven the price of political campaigns so high that the traditional two-party system is now in danger.

ALISTATE'S portfolio, which will be committed mainly to common stock, is expected to have an annual turnover rate of about 75 per cent. The minimum initial investment is \$200; however, smaller additional investments of \$50 can be made.

According to the prospectus, the fund will invest primarily for long-term growth with income being secondary.

FARM Auction Calendar

Prospectus and fund shares may be procured through Allstate Enterprise Fund Sales, Inc., Allstate Plaza, North Brook, Ill. 60062.

Q - I hold shares of Green Giant 5 per cent preferred. I hesitate to sell at these low prices even though I need funds. I would be grateful for advice.

SAN DIEGO, Calif. (UPI) - Newspaperman Scott Newhall rested up Sunday for the final leg of a six-month, 8,700-mile voyage from England to San Francisco aboard an old 105-foot dual paddlewheel tugboat.

Q - I preferred shares reflect not only internal corporate fortunes but also money rate changes. When interest rates soar, preferred shares, which are primarily income holdings, decline in price to a level where their yield is closer to the prevailing rate.

Newhall bought, rebuilt and sailed the Epplerton Hall at a cost of \$150,000 for presentation and display by San Francisco's Maritime Museum of which Newhall is a founding director.

# Six-Day War? It's Already 1,000 And No Sign Of End

Officially it was the Six-Day War, but Arabs and Jews know differently. Already it has lasted a thousand days and shows no signs of ending.

U.N. Secretary General Thant summed up the Middle East situation succinctly last month when he declared: "Only some very strong measures can avert a new catastrophe."

And he underscored the danger when he tacitly confessed on Feb. 19 in Geneva, after conferring with his special peace envoy, Gunnar V. Jarring, that he saw "no sufficient basis" for the Swedish diplomat to resume his talks with Israel and the Arabs.

With the two direct antagonists, Arab and Israeli, slugging away ever more bitterly, desperate peace-seekers have looked increasingly to the big powers for help, so far in vain.

Questions Interest An Arab diplomat from Jordan questioned the disinterestedness of the Big Four when it came to acting on the Middle East. "Britain is making money out of us," he said. "France wants to. The Soviets keep the pot boiling and whatever U.S. good intentions are, the administration finally always bows to the Jewish lobby anyway."

Israel stands opposed to Big Four dictation of a settlement. Israeli Prime Minister Mrs. Golda Meir's government has been firm that Israel will accept no agreement "im-

posed" by other powers, and have no part of any settlement involving Soviet participation. Israel wants face-to-face talks with the Arabs as a first step toward peace, something the Arabs have steadfastly refused.

The impasse is formidable. Hostilities Continue Two years and nine months after the war Israeli bombs are being dropped at the gates of Cairo; Egyptian frogmen blow up Israeli craft in the Red Sea port of Eilat; a Syrian jet starts Haifa by streaking over the port, shattering windows with its sonic boom—and the Israelis retaliate in kind over Syria; firing takes place at the Lebanese border from time to time and at the Jordanian ceasefire line every day; Palestinian guerrillas plant bombs, throw grenades and attack Israeli civil airliners.

Even given the incendiary nature of present hostilities, qualified political observers believe potentially the most inflammable aspect of the escalating situation is the sudden arms race.

France might be said to have started it with its deal to sell some 110 Mirage warplanes to newly leftist Libya. Although it will be 1974 before the ex-monarchy gets all the planes—and even then it will not have the pilots to fly them—the deal prompted Israeli requests for 20 more Phantoms and 88 Skyhawks from the United States as an offsetting factor.

No-Win Situation President Nixon, in pondering the Israeli appeals, faces what is basically a no-win situation.

If he agrees to give Israel what it asks, some observers believe the Soviets—despite Moscow's denials of any such plan—will give the United Arab Republic MIG23s which can reach Israeli cities from Egyptian airfields. Nixon also risks exposing U.S. oil interests in the Arab world—worth some \$25 billion per year—to attack.

If Nixon says no, the Israelis might feel tempted to try another pre-emptive strike. The U.S. President had promised a decision on the planes to Israel question by March 1 but the date passed without an announcement. The U.S. State Department, when asked why a decision had been delayed and when one might be coming, would say only that the matter was "under continuing study."

Possible Delay There were some indications that Nixon's unhappiness over the picketing and boobying of French President Georges Pompidou on his recent visit to the United States by pro-Israel demonstrators—and for which Nixon apologized to Pompidou—may have delayed an announcement on the planes even longer than might otherwise have been the case.

In any event the thinking in Washington in early March was that the demonstrations against the visiting French chief executive did not particularly help Israel's cause at the White House.

That a new attack on the Arabs at this time would notch another Israeli victory appears beyond doubt, but Israel knows

it would not be able to hold Cairo, Damascus, Amman, Beirut and Baghdad and the situation would never result in 100 per cent success. Apart from the risk of world-power involvement, a renewed full scale Mideast war might prove too costly in terms of loss of life to a nation with under three million persons.

U.S. Stock Low One certain fact about the present situation is that American stock in the Arab world has never been lower. Cairo, subject to continual propaganda bombardments, are aware only that the planes which drop bombs on them are American-built. They have been keenly disappointed by what they see as the failure of the Nixon administration to keep former Pennsylvania Gov. William Scranton's promise—on the occasion of his fact-finding assignment—of a more even-handed policy. And all the time, a campaign is growing for action against U.S. interests—basically oil—in the Arab world.

Arab officials will admit privately that the Dec. 9 Mideast proposals of U.S. Secretary of State William Rogers went further in the Arab direction than any plan hitherto. But they charge that Nixon, in his message to a Jewish congress recently, tried to veer away from the proposals. They noted that he hinted face-to-face negotiations between the two sides—which Israel wants—were preferable to the indirect Rhodes-type talks which Rogers recommended.

Give Up Stake In the final analysis, considered Arab opinion believes, the U.S. would be prepared to give up its stake in the Arab world rather than surrender its commitments to Israel. Whether this is so remains to be seen.

The Soviet Union's security is not seriously threatened from the Arab nations and economically, it has no vast investment in the area. The interests of both the super powers lie, in seeing the other does not secure too firm a foothold.

France and Britain are keen to continue their mideastern economic activities but few observers believe they would permit them seriously to jeopardize world peace.

All of which, as neutral political sources see it, puts the onus on the antagonist powers to reach agreement under big power persuasion.

Disowned Proposal President Gamal Abdel Nasser of Egypt has publicly disowned the Rogers proposals but his private attitude is believed to be much more accommodating. He also made a significant distinction, in a recent interview with a French

correspondent, between Egyptian and Palestinian aims.

No Egyptian, he said, "would want to pursue the war after the evacuation of the occupied territory"—apparently meaning Arab land overrun by Israel in 1967.

This was the first time Nasser has differentiated sharply between Egyptian and Palestinian aims and while not calculated to delight Palestinian hardliners, it did suggest limits to the apparently endless crisis if ever some form of accommodation is reached.

Making Some Point The Soviets, too, have lately been making a point of Palestinian aims, suggesting the possibility of Moscow-Cairo plan to use this as a wedge to open some fresh form of negotiation. As recently as March 4 Leonid I. Zamyatin, chief spokesman of the Soviet Foreign Ministry, told a Moscow news conference that Soviet "policy is clear—we are for the continued existence of Israel in peaceful coexistence with its neighbors."

"But," Zamyatin added, and it was this that may have hinted at a new Moscow-Cairo approach, "we consider as just the Palestinian movement to free the Israeli occupied lands."

It was at this same news conference that the Russians most recently stated they were not considering giving MIG23s to the Arabs. Deputy Soviet Premier Venyamin Dymshits (Russia's highest Jewish office holder), told UPI's Henry Shapiro that Nasser had not requested MIG23s so the question whether Russia would provide them was not pertinent.

Emphasized Soviet Wish Zamyatin, speaking in the general context of possible settlement efforts, emphasized

God is great, God is good; Let us thank Him for this food.

# Paving Of Rock Creek Road To Start In April

Widening, reconstruction and paving of 6.48 mile section of the Rock Creek Canyon road south of Hansen is scheduled to begin in April.

The \$438,000 project is under contract to Karl Woodall Inc., Boise, and is scheduled to be completed in 100 work days after construction begins.

Joining in the project are the Idaho Department of Highways, Twin Falls County Highway District and the U.S. Forest Service. Work is scheduled to include replacement of two bridges, widening and improving of just over five miles from the end of the present pavement to the Third Fork of Rock Creek, and the widening and reconstruction of a mile of road in the immediate vicinity of

the Magic Mountain Ski area, U.S. Forest Service buildings, and snowmobile area. The entire new construction area will also be hard surfaced.

Federal, state and local funding will cover the construction cost. This will leave, when completed, only about five miles of gravel roadway between the winter recreation area and Hansen. Officials say efforts are underway to complete this in a second project in the near future.

Lewis Munson, district forest ranger, said surveys have been completed for the program, and state and contractor crews are now driving final stakes for removal of trees and other roadside material to make way for construction.

Mr. Munson said the contractor hopes to have the actual construction under way during the week of April 6, providing the ski resort has closed for the season at that time.

The forest ranger noted that along with the good news that summer and winter recreation interests will soon be served by a new road, comes some bad news.

He said many of the picnic and camping areas will be unavailable for use throughout the summer, as it will be necessary to close the road during most of the construction time.

Two wooden bridges will be removed and replaced by concrete culvert type structures. A full six-week period for

bridge construction will be required. During this time no traffic will be on the road and even Forest Service Personnel will reach the area via Shoshone Basin only.

During the remainder of the summer, and probably until about Sept. 1, the road will be closed to traffic from the end of the present pavement to Third Fork. This will eliminate use of most of the picnic and camping grounds below the ski area, he said. Those above will be open and can be reached from Shoshone Basin. Mr. Munson said cabin owners and others with special interests in the area will be notified by letter of road closure plans.

When completed, he said, the project is expected to double or

even triple use of recreational facilities in the Rock Creek area. It is likely, he said, the Forest Service will have to provide additional picnic and camping facilities.

Many picnic and campgrounds are now almost unusable during hot dry summer months because of dust from the heavily traveled road. Those along the five mile strip to be improved will be better utilized when the road is paved.

Mr. Munson said it is necessary to close the road additional public information will be offered.

THE AMERICAN FLAG WILL become part of the uniform of every Twin Falls Police officer Monday and Lt. Kenneth Johnson is seen here with the flag on his shoulder while he looks through a pamphlet on drug abuse, required reading for all officers. The flag patches were donated to the Police Department by the Twin Falls post of the Veterans of Foreign Wars. Wearing of the patches has been endorsed by President Richard Nixon and Twin Falls County Sheriff's officers

## Senior Citizens Conference Set

A three-day conference on problems of senior citizens March 19-21 in Twin Falls will culminate on March 21 with a seminar at the College of Southern Idaho in the Fine Arts Building for the general public, according to Larry Mack, manager of the sponsoring Community Action Agency.

In the public session, Dr. Melvin White, director of the division of aging, State of Utah, will discuss the problems of the aging citizen and how the community must become involved. Mrs. Hannah Sessions, regional director of the National Council of the Aging from

Pocatello, will speak about senior citizens and what needs to be done to assist them. Jim Merritt, executive director of the Oregon Program on Aging, will discuss his state's viewpoint.

In other activities, the Gooding High School drill team will provide entertainment during a morning break in the session, and lunch will be served at the Holiday Inn, with transportation provided for all needing it. Free lunches will be provided by the Twin Falls Mental Health Association for all persons 60 years of age and above. Entertainment during

the luncheon will be provided by a musical duo of Rev. Bob Harvey at the piano and Miss Twin Falls, Becky Sullivan.

In the afternoon, all conference participants will meet in workshop sessions to discuss the ideas advanced in the morning session.

All senior citizens of Magic Valley, and anyone interested in their problems, are invited to participate in the conference.

On March 19 and 20, directors of the Community Action Program (CAP), a part of the South-Central Community Action Agency (CAA), will meet with representatives of the Idaho State Office on Aging and the Twin Falls County Mental Health Planning Committee for panel discussions, staff conferences and a Friday evening banquet.

A feature of the directors' meeting will be a confrontation between a spokesman for the leftist movement in the United States and a conservative, debating their differing views of the federal Office of Economic Opportunity, parent body of the CAA.

Participants in the directors' conference will include Dr. Paul T. Smith of CSI, Dr. Kenneth Briggs, a Twin Falls psychiatrist, and Mrs. Gladys Esquibel, director of the Opportunity Center in Twin Falls, comprising a group panel discussion.

## Local — Area Council Faces Busy Session

There will be little time for relaxation during the regular council session for Twin Falls this evening starting at 7:30 p.m. Twenty-one discussion items—some of them may prove to be lengthy—are listed on the agenda.

Among other things, council members will:

- Open bids on leasing 401 shares of water stock in the Salmon River Canal Co. and 500 shares in the Twin Falls Canal Co. Both will be for use during the 1970 season.
- Consider an ordinance

### CSI Girl On Church Council

Rita Englehart, daughter of Mr. and Mrs. Edward Englehart of Twin Falls, a freshman student at the College of Southern Idaho, has been named to the Catholic Diocesan Pastoral Council.

The council is composed of a chosen group of lay people and churchmen who meet with the bishop of the diocese to confer on problems facing Catholic laity.

Miss Englehart will represent Catholic students in the freshman class on the council.

setting up a Youth Advisory Commission.

- Discuss the annexation suit.
- Discuss disposition of the old water treatment plant south of the city.

- Report on bids to purchase city-owned dwellings in Block 74.

- Adopt the budget for 1970—and make provision for a public hearing March 30 at an adjourned meeting.

- Adopt a salary resolution for 1970.

- Authorize execution of consent to assignment to CTA Architects, Engineers and Planners, P.A. to perform contract with Jones-Fehberg and Associates.

### Barrels

SHOSHONE — Future Farmers of America have painted many of the trash barrels with white stenciled letters for the city.

This is one of their projects to "help keep the city clean," and the new cans have been placed in the city at various places. Brian Evans, advisor for the agriculture class, said this is part of their "community helpfulness" program training.

## Red Cross Fund Drive Under Way In Lincoln

SHOSHONE — The Red Cross fund drive is underway in the county, reports Oscar Kerner, county chapter chairman. Ward Rawson, who is in charge in Shoshone, says part of the solicitation finished. Mrs. Udell Robinson is chairman at Richfield; Mrs. Dale Eden,

Northwest Shoshone; Mrs. Oscar Kerner, for north Shoshone east of Highway 93, and Glen Sorenson, chairman in Dietrich.

Those canvassing Shoshone include Mrs. Russell Scott, Mrs. Rawson, Mrs. Hal Ross, Mrs.

Ed Schwager, Mrs. Carlos Hahn, Mrs. Richard Beckman and Mrs. William Thomason; Mrs. Lawrence Rands; Mrs. Zella Parson, Mrs. R. W. Grove, Mrs. Max Coffman, Mrs. Ferry Hadlock, Al Butterfield and Mrs. Delbert Gehring.

## Heyburn Signs BPA Contract

HEYBURN — Heyburn City Council is signing a contract with Bonneville Power Administration on reciprocal operating and emergency agreement.

Don Hill, city electrician, said these contracts signed between BPA and utilities throughout Southern Idaho, provides an

emergency mutual aid agreement for utilities to give them a source of assistance during emergencies such as line repair.

A preliminary electrical survey is underway at Heyburn by the C-H-2M Engineering Firm, Corvallis, Ore., and results will be announced next week. Mr. Hill said the survey will determine the needs of the Heyburn sub-station for upgrading the electrical system to handle future loads.

## State Auditor To Speak At Rotary

State Auditor Joe R. Williams, a native Idahoan and veteran public official, will speak to the Twin Falls Rotary Club Wednesday at noon at the Turf Club.

Mr. Williams was born at Samaria, in Oneida County, Idaho, where he received his grade-school education. He also attended Pocatello and Boise schools and the University of Idaho.

He is in his third term as state auditor, and has served as a deputy state auditor. Mr. Williams has also been postmaster at Boise, business manager of the YMCA, and has worked as a public accountant, bond broker and real estate agent.

He has experience in banking, and has served as president of a school Parent-Teachers Association unit, and on the Boy Scout council.

Professionally, Mr. Williams has served three terms as secretary of the National Conference of State Social Security Administrators, and presently is the vice president of the National Association of State Auditors, Comptrollers and Treasurers.

JOE R. WILLIAMS

## Medicare Sign-Up Deadline

Persons who attained their 65th birthday between October, 1966, and September, 1967, will have their last chance to enroll in supplemental medical insurance under the federal Medicare program this month, according to John K. Carlton, manager of the Twin Falls Social Security office.

In addition, those who have dropped their coverage in 1967 have a last chance to re-enroll before April 1.

Mr. Carlton explained that a person nearing the age of 65 has an initial enrollment period of seven months. A person who fails to enroll in this initial period must pay higher premiums of 10 per cent for each year he fails to sign up. Details may be obtained from the Social Security Office, 158 Second Ave. W.

### Reception

Prospective College of Idaho students and their parents in the Twin Falls area are invited to meet college officials at a reception at 3 p.m. March 22 at the Holiday Inn.

Guests will include College of Idaho President and Mrs. Warren B. Knox; college Dean Dr. Duane M. Leach; Richard Winder, director of admissions; L. Garth Cates, director of financial aids, and Don Parmelee, director of athletics.

## U. S. Exams Offered At Castleford

CASTLEFORD — An open competitive examination for postmaster at Castleford has been announced by the Interagency Board of Civil Service Examiners for the State of Idaho.

The position, in grade PFS 7, pays \$7,216 a year. Applications will be accepted until April 3.

Applicants must have a minimum of three years of experience as a Postmaster, or have completed study in a resident college or university as a part of the experience.

### Drive Held

SHOSHONE — The annual Boy Scout Fund drive is underway here, according to Dennie Everett and Ferry Hadlock, co-chairmen.

Residents not contacted during the drive are asked to mail their donations to one of the chairmen.

### DAUGHTER LISTED

SHOSHONE — Sue Johnson, daughter of Mr. and Mrs. Howard Johnson, was on the Dean's list for the first semester at ISU. She is majoring in nursing at the College of Medical Arts.

## Opening Explained At Gooding

GOODING — Application for the office of magistrate are now available at the County Clerk's office, according to Sibyl Stevens, clerk of the district court.

The magistrate position was created by the 1969 Legislature under the provisions of the court reform which will become effective in January, 1971.

Any Gooding County resident wishing to apply may go to the county clerk's office for the necessary application forms. The magistrate's office will replace the present office of the probate judge.

## Gooding To Host State Contest

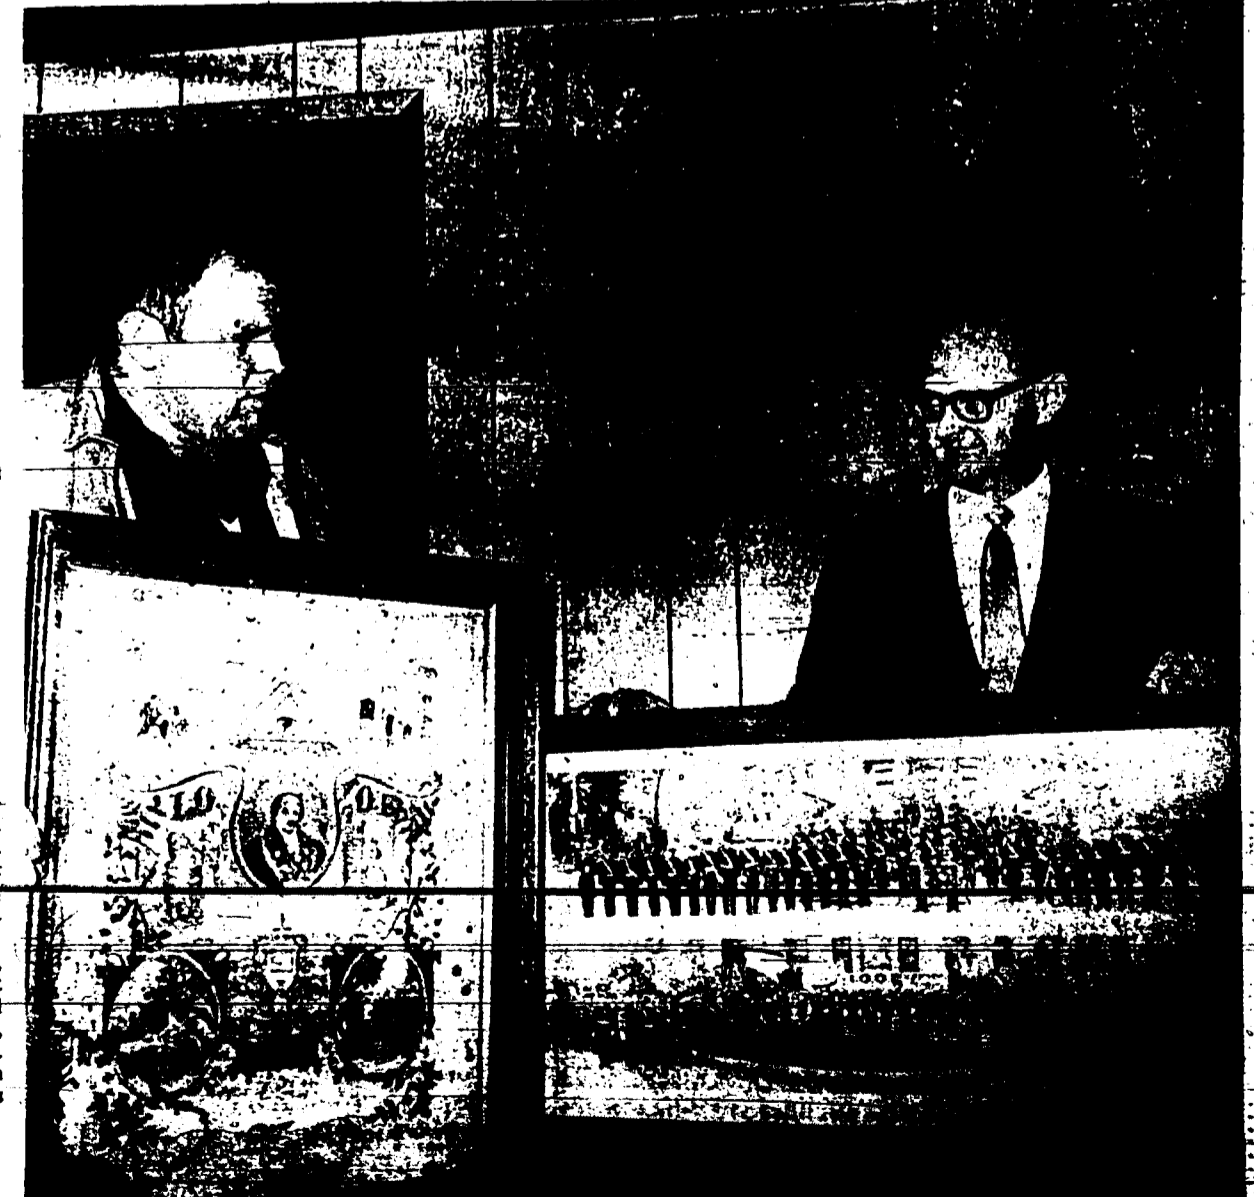

GOODING — The Eighth Annual Idaho state championship fiddlers contest will be held at 8 p.m. March 28 in Frahm Junior High School, sponsored by the Gooding Merchants Bureau, a branch of the Gooding Chamber of Commerce.

Charles Sams, chairman, says fiddlers from throughout the Intermountain area will attend. Duane Youngblood, Weiser, was last year's winner.

Preliminaries will be held in the afternoon with the finalists competing in the evening.

### GAMES SET

RICHFIELD — The Mother-Daughter and Father-Son basketball games will be held at 7:30 p.m. Thursday. The games will be held after a short PTA meeting at which officers will be elected.

RELICS OF ABOUT 1912 are being identified here by Keith Sligar, left, and William Boyd, IOOF official. The old picture, apparently of a state-wide IOOF event and the ornate chapter commemoration were found by Mr. Sligar when his firm demolished the old Idaho Theater

Building. Mr. Boyd said pictures of some of the IOOF state officials and the memory of some of the 50-year members placed the photograph back to about 1912 or 1914. What they were doing tacked away in the old building is not known.

## Bus Contract Is Awarded

SHOSHONE — The Shoshone school transportation contract for the next five years, as let to Martin & Peugh at the school board meeting, is for 27 cents per mile.

The firm has had the bid the past five years for 24 cents. No other bid was entered, school officials state.

The raise in salaries for teachers for the coming year, which was also granted at the March meeting, will be about \$156 each.

## Hegens And Davis Get First Team All-ICAC Honors

GRAND JUNCTION — Two CSI Golden Eagles, freshman Steve Hegens and sophomore Al Davis, head the 1970 Intermountain Collegiate Athletic Conference all-star team released Sunday.

Davis went to high school at Crane of Chicago and was a former high school teammate of CSI's first All-American — Tom Bush. The 6-6 forward was named to the all-ICAC second unit last season as a freshman. Ron Behagen and Tim Bassett, the other two members of CSI's sparkling frosh trio, were given honorable mention tabs. Southern Idaho ended with those four in the select group — as did the Mesa Mavericks. Joining Hegens and Davis on

the first team were Gary Norman of ticks, a 6-7 forward who nearly knocked off the Eagles single-handed in the regional tournament; Dave Borup of Snow, a 6-9 center who ripped Bassett by an eyelash for the league rebounding title, and tiny Stan Milton — the loop's leading scorer. Milton, from Mesa, stands just 5-9.

The second team is headed by Steve Wallace, the other man in Ricks' one-two punch. Dixie placed two men, Larry Denham and Ken Bugler, a hot shooting pair who beat CSI in St. George during the regular season with some amazing outside accuracy. Snow College put Richard Kemp on the second unit.

Besides Bassett and Behagen, Kay Miles of Snow, Mike Hayes of Mesa, Bob McCollum of Mesa, and Mike Hall of Mesa were given honorable mention honors.

### Loss Of Star Will Cripple Bonaventure

COLUMBIA, S.C. (UPI) — The scoreboard clearly read: St. Bonaventure 97 Villanova 74, but it didn't seem like a victory.

Big Bob Lanier, the Bonnies' all-America center, was on his way to an operating room at a Buffalo, N.Y., hospital while the rest of the squad reluctantly turned their attention to the NCAA national championships beginning Thursday night at College Park, Md.

The third-ranked Bonnies will face tall, tough Jacksonville. But Lanier, the 6-11, 275-pound giant who dominated the two games the Bonnies won here, will not be in the lineup.

Lanier ended his college basketball career on the floor of the University of South Carolina Coliseum here Saturday afternoon, felled from behind by Villanova's Chris Ford in a freak accident that resulted in torn knee ligaments for the St. Bonaventure senior.

The accident came with nearly 10 minutes remaining in the Eastern regionals title game against Jacksonville. The surprising Dolphins boast the nation's tallest team, with a pair of seven-footers. Without Lanier, Bonaventure's tallest starter will be 6-5 Matt Gantt, normally a forward.

"I don't mind playing center, but I don't know about facing all those seven-foot guys," Gantt said.

"Bob's a great ball player. We need him. It's a heck of a thing to happen," he told reporters.

### Backcourt Was Key In Kentucky Loss

COLUMBUS, Ohio (UPI) — Jacksonville Coach Williams, whose team won the NCAA Midwest Regional here Saturday by beating Kentucky 106-100, says he did not scout the Eastern Regional and his next opponent, St. Bonaventure.

"We were just worrying about Iowa and Kentucky and getting out of here," Williams said.

As things turned out, any scouting report on St. Bonaventure would have to be thrown out the window anyway, because of the knee injury suffered by the Bonnies' 6-foot-10 all-America Bob Lanier, requiring surgery.

According to Williams and Kentucky Coach Adolph Rupp, the game was decided in the backcourt.

Williams praised the play of his guards, Rex Morgan and Chip Dublin. "When the chips are down," Williams said, "Morgan will always come through and win the ball game for us and he really did today."

Dublin, a non-starter who usually plays most of the game,

### Orr Hits NHL 100 Milestone

BOSTON (UPI) — Record-breaking Bobby Orr scored two goals and two assists Sunday night as the first place Boston Bruins fought to a 5-5 tie with the Detroit Red Wings.

Orr became the first defenseman in National Hockey League history to score 100 points in a season as he boosted his total to a league leading 101 and earned a standing ovation from a capacity eloston Garden crowd.

John McKenzie, Phil Esposito and Don Marcotte joined in the scoring column for the Bruins while Frank Mahovlich had two goals and Alex Delvecchio, Gary Unger and Nick Libett one each for the Red Wings.

Boston came from behind three times in the game but Libett's goal in a two-on-one break with just under five minutes remaining tied the score as Detroit ran its unbeaten streak through eight games with five wins and three ties.

Orr's second goal of the game and 27th of the season came at the 27 second mark in the second period and earned him a full 10-minute standing ovation.

An additional 10 minutes was needed to clear the ice of debris including a dozen hats thrown by exuberant fans. The Wings used the delay to replace starting goalie Roy Edwards with backup man Roger Crozier who won the rest of the way.

### Abernathy Wants Braves To Pull Out Of Camp

ATLANTA (UPI) — The Rev. Ralph Abernathy, head of the Southern Christian Leadership Conference, Sunday urged the Atlanta Braves to move out of their West Palm Beach, Fla., spring training camp because of a racial incident involving two black players.

In a telegram to the Braves, Abernathy said, "Our winning team of which we are all proud" should transfer "from this community which continues to practice segregation and discrimination based on race."

Abernathy was referring to a West Palm Beach incident in which two black Braves' rookies, Dusty Baker and Leo Foster, were refused service in a pool hall because of the color of their skins.

West Palm Beach Mayor Eugene Potter has promised an investigation into the incident and said, "It's the place and not the town."

DEFENDED STEP FOR STEP, Jerry West gets ready to make a move on Dick Barnett in Sunday night NBA action at Inglewood, Cal. Los Angeles, getting 38 points from its backcourt superstar, edged past New York 106-101. The win enabled Los Angeles to stay within one game of the Atlanta

### Lakers Drop Knicks 106-101

INGLEWOOD, Calif. (UPI) — The Los Angeles Lakers, with Jerry West sinking 38 points, broke fast but had to come from behind in the final six minutes Sunday night to whip the New York Knicks 106-101.

A crowd of 17,417 watched what could be a sneak preview of the National Basketball Association championship series. Los Angeles, with West holding a hot hand, led by as many as 18 points with three minutes to go in the second quarter and was still up by 10 at the half.

But the Lakers suddenly lost their shooting eye in the second half after hitting 16 of their first 34 shots.

Dave DeBusscheré, who had a season high of 31 in the

Knicks, and Cazzie Russell brought the Knicks back with deadly shooting in the second half. After New York went ahead 91-90 with 6:05 to play, Happy Hairston sank two free throws for the deciding points.

For Hairston, who was ill before the game and didn't play until the fourth quarter, it was his only points of the game.

After Hairston's free throws, reserve guard Johnny Egan sank three baskets and West got a pair to keep the game out of reach of the Knicks.

New York lost guard Walt Frazier three minutes into the contest when he reinjured a

pulled groin. He never got back in.

Russell finished with 21 points for the Knicks while center Willis Reed was held to just 14.

Elgin Baylor, getting a starting role after missing three games, responded with 19 points as Los Angeles took only its second win against the Knicks in six games this year.

The win enabled Los Angeles to remain one game behind Western Division-leading Atlanta. Each team has three games remaining.

New York has already clinched the Eastern Division title.

### Pacers Lock Up ABA East Title

ANDERSON, Ind. (UPI) — The Indiana Pacers locked up the title to the American Basketball Association's Eastern Division Sunday with 114-110 defeat of the Carolina Cougars.

The game was tight all the way, with the score tied 23 times and the lead changing 21 times.

Carolina's Rich Niemann tied the game with 51 seconds to play with a dunker that brought it to 110-110.

The Pacers response was a Freddie Lewis fielder from far out that put Indiana ahead 2 points. Mel Daniels then scored with 11 seconds to play and made it 114-110.

The triumph extended the Pacer winning streak to seven and revenge one of the two losses the Cougars handed them in the last two Indiana-Carolina matches.

The win raised the Pacer season slate to 52-17 and dropped Carolina to 34-34.

Four pacers reached the double figures, led by Bob Netolicky with 28 points. He was followed by Roger Brown with 23, Mel Daniels with 19 and Freddie Lewis with 17.

Bob Verga with 26 and Doug Moe with 23 points led Carolina.

### Royals Top Seattle By 116-113

CINCINNATI (UPI) — Jim King came off the bench to score five points in the last 38 seconds Sunday and lift the Cincinnati Royals to a 116-113 victory over the Seattle SuperSonics.

Seattle had closed to within two points at 111-109 on buckets by Bob Rule and Barry Clemens when King moved down the middle for a layup to make it 113-109 with 38 seconds to go.

### FORM CHARTS

By MARTY RALBOVSKY, NEA Sports Writer

#### 18-Montreal, NL East

Staub

PROSPECTUS—Expos last 110 games in maiden season but, when one considers Mets last 120 in theirs, things don't look so bad. Team drew well in antiquated Jarry Park and, like original Mets, have no place to go but up. On paper, Expos have fairly respectable lineup but on the field, it's different story. In any language, it spells last place.

Mauch

PITCHING—Bill Staneman started season off with no hitter, then tailed off to 11 1/9 with 4.35 ERA. Still, he was ace of staff. He'll be followed in rotation by Gary Waslewski (3.91), Steve Renko (6.7), and Mike Wegener (5.14). Joe Sparma, acquired from the Tigers' doghouse, will get a shot. Bullpen has Dan McGinn, who appeared in 74 games last year, and people named Carl Morton, Jim Britton and Carroll Sembera. Rating—C.

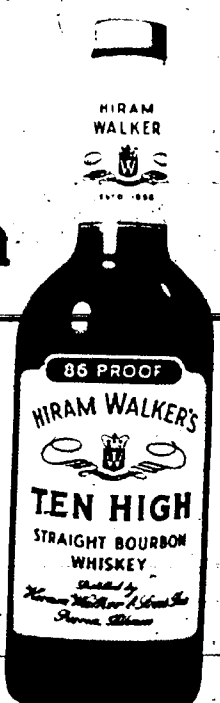

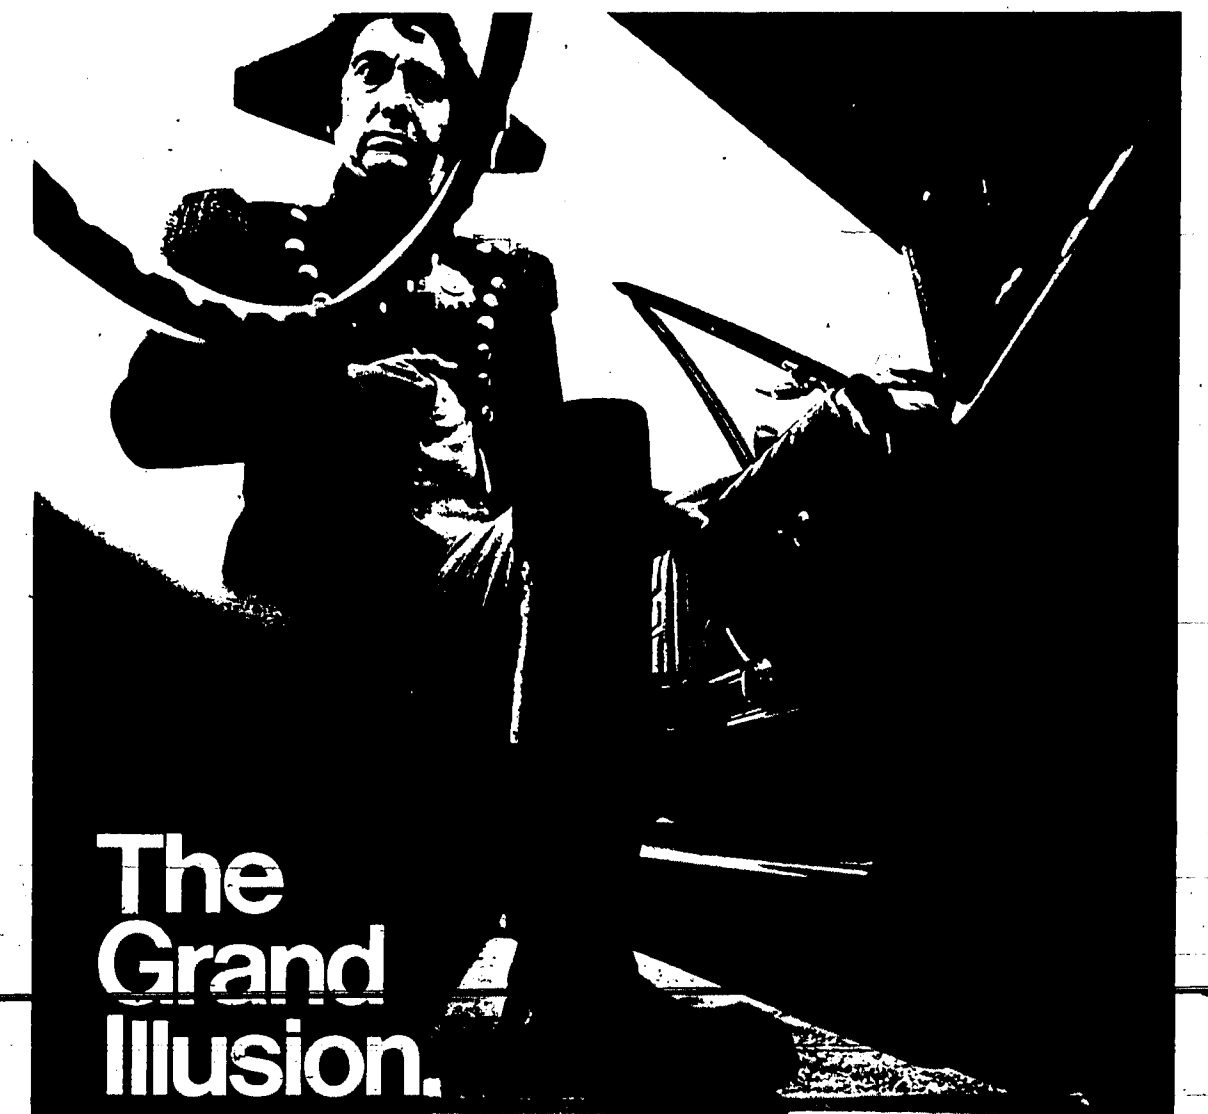

CATCHING—John Boccabella, John Bateman and Ron Brand, all of whom played considerably last year, will split the job again. Boccabella most likely will start. Rating—C.

INFIELD—Couple of vets, Ron Fairly and Bub Bailey, will alternate at first. Fairly has edge, only because he hit 12 HRs last year. Gary Sutherland, whom Gene Mauch sees as budding Nellie Fox, starts at second and youngster Angel Hermosa will be tried at short. Coco Laboy, one of baseball's first true international heroes, back at third. He hit 18 HRs last season, among other things. Rating—C.

OUTFIELD—Mack Jones, who hit 22 HRs last season, returns in left. Adolfo Phillips, who wound up in Montreal after Leo Duracher gave up on him in middle of '69, is centerfielder. Expos hope he will loosen up a little, now that he has steady job. In right is Rusty Staub, whose nickname in Montreal is Le Grand Orange. He hit 302 with 29 HRs last season. Rating—C.

TOP ROOKIES—Hermosa and Sembera are prime prospects. But, like the old Mets, Expos are sticking primarily with well worn vets. The front office staff now includes Don Drysdale. Could use him better on field.

Prediction: 6th in NL East  
(Newspaper Enterprise Assn.)

## Get with the Bourbon that scores high.

### Hiram Walker's Ten High

Come over to the taste of Ten High, a true Bourbon of Hiram Walker character and quality. Sip it slow and easy. You'll be doubly glad you joined us—when you remember Ten High's welcome price!

Something strange happens to a lot of people when they get behind the wheel of a car. They forget they're only human. They forget that mistakes on the road can be caused by them... just as well as by the other guy. There's a little Napoleon in all of us. Some have a little more — some a little less. The important thing is that we all recognize this attitude leads to accidents. Because Napoleon sees things only one way — his. When something goes wrong out on the highway, he presumes it's the other guy's idiotic mistake. Not his.

Fairness and understanding in traffic situations can only help make driving conditions safer for all of us. Your new car dealer would like to see the Napoleons on our roads start caring about other drivers. Napoleon may have made a pretty big name for himself. But please remember, after all was said and done, what he met. Waterloo.

THE BOSTON BRUINS, who have not won in Toronto during the regular season since 1965, lost again to the Leafs Saturday by a 2-1 score. Here, Boston's Derek Sanderson (16) fights for the puck with Toronto's Rick Ley (2) and Leaf goalie Bruce Gamble.

## "I Stunk" Says Maravich After Narrow 83-82 Win In NIT Game

NEW YORK (UPI)—The idea of March did not bode well for Pete Maravich.

"I stunk, I played the worst game of my career," said Maravich Sunday after he was held to a season-low 20 points as his Louisiana State team nipped an inspired Georgetown

team 83-82 in a first round National Invitation Tournament game.

### Loops To Discuss Merger

CHICAGO (UPI)—Merger with the American Basketball Association was expected to be the major topic today at a special meeting of the National Basketball Association owners.

The major item on the agenda was a report from the NBA's merger committee which includes Sam Schulman of Seattle, Ned Irish of New York and Abe Pollin of Baltimore.

There was no indication what the report would be but informed sources doubted that approval would be voted today of any merger proposition. However, the ABA recently has signed two graduating college seniors, including Purdue's All American Rick Mount, even before the NBA has held its draft of available personnel.

Other subjects expected to come before the meeting will be determination of dates for the coming championship playoffs and realignment of the divisions.

Four new teams, Cleveland, Portland, Buffalo and Houston, will enter the league next season, forcing realignment to absorb them.

### Haywood's 48 Points Paces Denver Romp

JACKSONVILLE, Fla. (UPI)—The Denver Rockets routed the Miami Floridians of the American Basketball Association 128-111 Sunday night with Spencer Haywood putting on a 48-point scoring show.

Haywood, finding the range from the outside, hit his first eight shots. The 6-9 former Olympic star also grabbed 11 rebounds.

Miami's Don Freeman showed some fancy shooting to lead his team with 35 points.

### NFL, AFL Holding Meeting

HONOLULU (UPI)—Pro football club representatives opened their annual meeting today, the first joint session since the American and National Football Leagues merged.

They began tackling the problems of uniform rules and procedures and the site of the 1971 Super Bowl.

The higher echelon—officials, coaches and owners of the 26 clubs—were also expected to discuss the sale of the New York Jets and the stadium situation in Boston.

Football Commissioner Pete Rozelle said he hoped the meeting would end Thursday, but most observers felt that it would run through Friday.

"I don't believe anything on the regular agenda will keep us locked up," Rozelle said on his arrival last week.

A special committee will make recommendations to the clubs for adoption.

The committee—composed of Vince Lombardi of Washington, Tex Schramm of Dallas, Paul Brown of Cincinnati and Al Davis of Oakland—met last week on Maui discussing the type of football to be used, the two-point conversion option, players' names on jersey backs, and the official timing device.

The old AFL had an option for the conversion—kicking for one and running for two—while the old NFL just had the one-point rule.

The AFL played with a more pointed ball than the NFL.

Rozelle also said that work will be done toward setting up administrative operations for the American and National Conferences that make up the league.

Miami, which hosted two Super Bowls, and New Orleans, site of the last one, were

expected to make strong bids to land the 1971 title game. Also expected to make bids were Houston, with its domed stadium, and Pasadena, Calif.

Max Winter, president of the Minnesota club, said last week he would propose a two-out-of-three Super Bowl series with the contests played at Miami's Orange Bowl, the Sugar Bowl in New Orleans and the Rose Bowl in Pasadena.

Although Rozelle said he had not heard of Winter's proposal, he gave a sigh and a smile. One observer felt Rozelle thought a proposal like Winter's would prolong the meeting.

But the clubs may look into Winter's proposal seriously as the revenue from a three-game title series would be more than the income from the Playoff Bowl between second-place clubs and an all-star contest.

Any measure adopted would need the approval of 20 of the 26 clubs.

Maravich, who averaged 40.7 points per game this season while setting NCAA single season and career scoring records, had only five points before the half. He was able to take only four shots in the opening half as Georgetown's defense swarmed all over him.

The 6-foot-5 All American did respond in the second half, however, hitting 15 points and sparking the Tigers to victory. He threw in seven points in a row at one stretch and tossed in two foul shots with nine seconds remaining to put the game out of reach. The Hoyas drew to within one point as they scored uncontested at the buzzer.

Maravich was visibly disturbed by his performance. He slammed his fist into the dressing room door after the game and refused to talk to reporters until ordered to do so by his father, LSU coach, Press Maravich.

"It's a victory, that's all I can say," said Pete after the game. "I played a bad game. I was too relaxed. I saw they were putting two men on me and I took myself out of the game."

"Our fast break was no good," he added. "Our whole game revolves around it. We

should have broken it up earlier. I didn't have 'Garden Jitters' in fact, it was just the opposite, I was too relaxed."

The crowd of 16,021 was the largest ever to see Maravich play.

Maravich said his comparatively low total of 20 points, the second lowest of his career, did not bother him. "I don't care if I get only two points as long as the team wins no matter what people say. It was a pitiful game on my part. I'll probably replay it for 12 days," said Maravich, whose only worse scoring game came in his sophomore year when he hit 17 against Tennessee. Tennessee also held him to this years low —29.

Maravich will lead LSU into Tuesday night's quarter-finals against Oklahoma, which stunned Louisville 74-73 Sunday afternoon behind Garfield Heard's 34-point performance.

Other quarter-final matchups tonight are Manhattan, which upset North Carolina Saturday night, against Army, a conqueror of Cincinnati, and St. John's of New York meeting Georgia Tech in a battle of opening night winners.

Utah will take on Marquette in the first game of Tuesday night's doubleheader. Utah downed Duke 78-75 and Marquette held off determined Massachusetts 62-55 in Saturday night action.

### N. Y. Winless Skein Reaches Nine Games

NEW YORK (UPI)—Ray Cullen scored with only 1:15 left in the game Sunday night to give the Minnesota North Stars a 4-2 victory over the New York and extend the Rangers winless string to nine games.

Cullen broke in ahead of the Ranger defense and beat New York goalie Ed Giacomin with a rising backhand for his 11th goal of the season. The triumph enabled Minnesota to remain in fourth place in the National Hockey League's West Division, one point ahead of Oakland.

The North Stars jumped off to a 2-0 lead in the first period on goals by Danny O'Shea and Bill Collins.

## Dick Lotz Cops Three-Shot Victory In Monsanto Open

PENSACOLA, Fla. (UPI)—What changed Dick Lotz from a struggling young pro golfer who was having trouble making ends meet into the leading moneymaker on this year's tour?

"Confidence," insisted the 27-year-old Californian after winning the \$150,000 Monsanto Open.

"I agree," interjected his pretty blonde wife Sharon. "You can feel the difference when you are around him. Dick now has the confidence it obviously takes to be a winner."

Lotz, who previously won only the "satellite" 1969 Alameda Open in six years on the tour earned \$30,000 Sunday with his three-stroke victory in the Monsanto. That raised this year's earnings to just shy of \$55,000—\$17,000 more than he won all of last year when he earned more than he had in the first five years put together.

"Those first few years were miserable years," said Lotz who came on the tour in 1964 with his older (by 18 months) brother John. "If I had to do it over again, I don't think I would."

Dick, who calls Hayward, Calif., home, never made as much as \$5,000 in official money in any of his first four

years. But he "made expenses" in 1968 when he won nearly \$26,000 and "started getting ahead" last year when he earned more than \$38,000.

"Getting exempt, that was the big thing," Lotz said. "Once I started playing with the better golfers and realized that I could beat them, I started getting the confidence I needed."

"That exemption (not having to qualify on Mondays for the next tournament) is worth its weight in gold," said Sharon. "That is, if you then make the cut."

Lotz, who has now shot in the 60s in 10 of his last 11 competitive rounds, had a closing 3-under-par 68 Sunday for a 9-under-par 275 that enabled him to beat runnerup Dave Stockton, a fellow Californian, by three strokes.

Stockton, who walked the course for nearly an hour Saturday night, had a 67-278 to finish a stroke ahead of PGA Champion Ray Floyd who had second-place money of \$17,100 seemingly locked up until he suffered a double bogey on the comparatively easy, 377-yard par-4 71st hole.

Floyd, finishing with 72-280 still earned \$10,650.

Homero Blancas, turning in a closing 7-under-par 64 for the

best round in the tournament, was in a tie for fourth at 281 with England's Tony Jacklin.

New Zealand left-hander Bob Charles and John Miller were at 282 and South Africa's Gary Player, Australian Bob Stanton and veteran Paul Harney were all at 283 as only 10 finishers in a starting field of 144 were able to break par for the full four rounds over the Pensacola Country Club course which in former years was one of the soft spots on the PGA tour.

Player, who had a 2-over-par 73 Sunday, had appeared a bit tense Saturday when informed of reports that a militant Negro group was opposed to his plans to stage an exhibition tour for the benefit of the United Negro College Fund.

The Monsanto had been Player's first appearance in the

United States since last August at the PGA Championship where he had been attacked by militants protesting South Africa's apartheid policies.

Bill Collins, who had shared the third-round lead with Lotz at 6 under, skied to a 7-over-par 78 Sunday and a 285 as he was obviously bothered by an ankle which he injured on Saturday. Collins had packed the ankle in ice Saturday night and didn't appear to be limping when he started out.

Arnold Palmer, making his first appearance here in five years, had a 69-284. Grier Jones, who held a four-stroke lead at the end of the second round after two straight 67s, had a 74-284 and defending champion Jim Colbert, 15 under last year, was far back in the field with his 75-293.

## Phils' Hisle Draws Praise-From Boss

Manager Frank Lucchesi says the loss of \$90,000-year outfielder Curt Flood may be "a blessing in disguise" for the Philadelphia Phillies because it is speeding the development of Larry Hisle toward stardom.

"Hisle is just super," said Lucchesi Sunday night after the 22-year-old outfielder drove in three runs in the Phillies' 7-5 victory over the Kansas City Royals. "If I had to choose between Hisle and Flood right now I would choose Hisle."

An argument could be made that Hisle has the hardest job of any player in baseball this spring. First, the Phillies counted on him to make up for some of the power they lost in trading Richie Allen to the St. Louis Cardinals. Then, they moved him to center field when Flood refused to report to them and brought his suit against baseball's reserve clause.

"That kind of pressure could destroy a soph major leaguer who batted .266 in his rookie season, but Lucchesi says Hisle isn't affected."

"Larry has one of the finest attitudes of any athlete I ever managed," said Lucchesi. "He is a great listener and a tremendous individual. Larry feels no pressure."

Hisle, who is batting .400 this spring, drove in single runs with a homer, single and infield out Sunday as the Phillies scored their sixth victory in eight exhibition games. Deron Johnson co-starred with two homers and three runs batted in, while Woodie Fryman yielded one unearned run and three hits in becoming the first Philadelphia pitcher to go six innings this spring.

Rico Petrocelli had four straight singles and George Scott each went 3-for-4 in leading the Boston Red Sox to a 4-1 triumph over the Detroit Tigers. Gary Peters, Lee Stange and Jose Santiago held the Tigers to three hits while Detroit starter Mickey Lolich was bombed for three runs and eight hits in five innings to take the loss.

On other fronts: Hank Aaron hit his fifth homer of the spring and Orlando Cepeda and Rico Carty also homered as the Atlanta Braves defeated the Baltimore Orioles, 8-7. Infielders Chico Salmon and Bob Floyd hit triples during a five-run Baltimore first inning. Johnny Callison and Billy Williams homered for the Chicago Cubs in a 7-5 victory over the San Francisco Giants. Ken Henderson had a single and a double for the Giants and is batting .600 this spring.

Ron Woods' two-run triple in the 11th inning gave the New York Yankees a 9-8 decision over the Montreal Expos and their fourth straight win. Reserve catcher Bob Stinson hit two homers in a nine-run 17th inning as the Los Angeles Dodgers topped the Washington Senators, 14-6. The teams totaled 31 hits with Willie Crawford and Ted Sizemore of the Dodgers and Tom Greve and Del Unser of the Senators each collecting three hits.

Lou Brock had three hits as the St. Louis Cardinals beat the Chicago White Sox, 2-1. Rookie Danny Breeden singled home Pete Rose climaxing a three-run ninth-inning rally and Woody Woodward had four hits in the Cincinnati Reds' 7-6 win

is sure to win, provided first club isn't ruffed.

Jim: "He uses the same plan against a club opening. Against a trump opening, he can't ruff two spades, so he has to go after 13 tricks a different way. The best line is to try to set up the club suit. He cashes the ace of clubs and ruffs a club. If both opponents follow, he can ruff one more club, whereupon his king and the rest of the suit will be good. If clubs break 5-1, he has to fall back on the diamond finesse."

Oswald: "A diamond lead gives him a slightly different problem. He should refuse the diamond finesse and try to cash dummy's ace and king of clubs. If they both live, he will discard his second diamond and ruff his two spades."

Jim: "Since clubs break 4-2, the hand makes against any lead, provided South follows the proper plan of campaign."

### Most Women Stay On Job Only 2.2 Years

BRIGHT LIPSTICK and dark eye makeup tend to make a face look thinner. And no girl with a fat face should forget that fact, should she? ... LET IT BE RECORDED: a whisker on a man's chin is about four times as thick as a hair on his head. ... EXACTLY 3.9 years — that's how long a working man stays at the same job, on the average. A woman stays on the same job an average of 2.2 years.

OPEN QUESTION — Is it true that twins tend to follow, not precede the birth of a single child? If so, why?

PERSONAL NOTE — New York City has the largest selection of alcoholic beverages in the world. Los Angeles has the largest selection of ice cream flavors in the world. No, this is not why the ladyfriend and I left New York to come to Los Angeles, but it's worth noting, isn't it? Wait, the name of this place is not Los Angeles, but Santa Monica. The sun is hot, and the breeze is not, and beyond the endless engines roundabout, the blue Pacific seems silent where I see it meet the sand. What a superb spot to cure your cornea and survive the common cold!

CUSTOMER SERVICE — Q. "If a married couple are going to get divorced, in what year of the marriage are they most apt to do so?" A. The second year. Q. "Take those marriages that wind up in divorce. On the average, how long do they last?" A. Six years.

WALKING — Can the experts tell anything about a person's character by the way said person walks? Some insist they can. "For example, a woman who bobs up and down when she walks," contends one such authority, "inevitably is a gossip." This matter merits further research, although not much.

RAPID REPLY — Yes, sir, Russia's Moscow is closer to Washington, D.C., than is Honolulu.

A SCHOLAR WHO has made a study of outlaw types claim bigamists tend to be well-mannered fellows whose wives generally live within a 100-block of one another.

WAS REPORTED HERE U about 20 per cent of the nation's editors switch jobs annually. Am'nnow asked if this turnover as great as the turnover among big league baseball managers. No, it is not. The record shows approximately 33 per cent of aforementioned managers fired every year.

HOW DO YOU ACCOUNT for the fact that a grown stallion has 46 teeth while a grown man only has 44? THE AVERAGE TELEPHONE conversation is six minutes long. Not all long distance operators know it, but the instructions to hold a line more than three minutes based on that — i.e., half the time it takes to complete the average call — OUR LOVE AND WAR MAN reports the odds are said to run four to one against a happy marriage when the wife is more than 10 year older than the husband.

SPEAKING OF LOVE ANI WAR, the novelist James Jones said: "My experience with women has been that no woman can be dominated by any male she doesn't want to be dominated by." File that, too. "DO LIONS PURR?" inquires a client. No, sir, they don't, it seems. In replying to this matter, an animal doctor says the only member of the cat family that purrs is the housecat.

When buying ground beef, choose the type right in fat content for the dish you are making. There are four varieties in many stores — ground beef, up to 30 per cent fat; ground chuck, 10-20 per cent fat; ground round, about 10 per cent fat, and ground sirloin, less than 10 per cent.

Dennis Weaver Finds Faith Offers Refuge

By DENNIS WEAVER
Star of TV
I have been fortunate enough to find a refuge from the tensions and distractions of 20th century living.

My interest in meditation was awakened years ago by the writings of two men. One was the great American thinker Ralph Waldo Emerson.

Emerson's great essay, "The Law of Compensation," left me convinced that the universe we live in is really a great echo chamber in which everything we do, every action we take, ultimately is reflected back on us.

Yogananda's message was that there is an underlying unity running through all great religions of the world.

To make contact with the presence of God within, I try to calm the mind and emotions, quiet the racing thoughts and direct my attention deep within.

Dr. Taylor Addresses Declo Club

DECLO — Dr. James Taylor, president of the College of Southern Idaho, was guest speaker at the Charter Night Banquet of the Declo Kiwanis Club held at the banquet room of Min's Cafe.

Clifford Sutton, program chairman, introduced Dr. Taylor who explained the training program offered at the college.

A brief history of the Declo Kiwanis Club was given by Joe Preston. He recalled that in 1959 members of the community felt the need for a vehicle to carry forth the improvements of the community and the Declo Club was organized.

A dozen petitions will be awarded to the 12 homeowners whose yards show the most improvement in the opinion of the committee.

Kimberly To Fete "Dutch" Sherman

BY FRED DODDS
Times-News Staff Writer
KIMBERLY — Robert (Dutch) Sherman, after 19 years with the Kimberly school system, the past eight as superintendent, will leave office in June.

"My first love is teaching. I plan to stay in teaching, probably in the immediate area," he said in an interview with the Times-News recently.

Mr. Sherman's years of service won't be forgotten. Students, former students and friends today are getting ready for one of the biggest dinners in this city's history.

At 7:30 p.m. March 24 in the high school gymnasium here Mr. Sherman will be honored.

Always the last to know, his wife said recently, "This is really something. I didn't know they were going to give him a farewell dinner. Dutch hasn't told me a thing about it."

He takes such things modestly and seldom mentions he served in the Air Corps during World War II, leaving it as a technical sergeant with a Purple Heart — a wound in the wrist — and the Air Medal with seven oak leaf clusters.

There is a new grade school, built just after Mr. Sherman came to Kimberly, and the academic program has been improved over the years and now Kimberly students rank among the best in the state.

Mr. Sherman has that special ability required in education, and that is the ability to make students eager to learn.

And he used to say, "Sportsmanship is the thing that counts," but he always added with a smile, "But it sure hurts to lose."

At 7:30 p.m. March 24 Mr. Sherman will get back something he has given for 19 years.

Improvements in the school system have been made. The gymnasium was built in the World War II years and will be used for many years to come.

At 7:30 p.m. March 24 in the high school gymnasium here Mr. Sherman will be honored.

England Cleans Up London Skies

By LUCINDA L. FRANKS
LONDON (UPI)—Not long ago, London was a place where the sky was always dingy, where the only birds were pigeons, where people lived in dread of a thick yellow smog which sneaked up on the city and strangled thousands.

The long-range advantages of the act have far outweighed any temporary disgruntlement. Even the most home-loving Englishman has conceded a preference for clean air over glowing hearths.

The reason—Britain's Clean Air Act which 14 years ago deprived the Englishman of his traditional glowing coal fire for the privilege of breathing fresh air.

The 1956 Clean Air Act was the first legislation of its kind in the world. As a result, London now has one of the lowest air pollution rates of any industrial city on the map.

"There was a bit of a stir over the act," said Lord Kennet, air pollution expert at the Ministry of Housing.

The hearth has always been the focal point of an Englishman's living room. The sight of a glowing coal fire is built very deep in him and people felt very lost at first without it.

But it was the domestic hearth which was the killer," he said. "Three-fourths of the terrible concentration of smoke in the air in 1956 came from the chimneys. They were a health horror."

The main feature of the act was to ban the burning of soft coal—a move which meant homeowners had to board up their fireplaces and switch to electric or gas heaters.

Only the well-to-do could afford the hard, smokeless coal required by the new act.

And he used to say, "Sportsmanship is the thing that counts," but he always added with a smile, "But it sure hurts to lose."

At 7:30 p.m. March 24 Mr. Sherman will get back something he has given for 19 years.

Improvements in the school system have been made. The gymnasium was built in the World War II years and will be used for many years to come.

At 7:30 p.m. March 24 in the high school gymnasium here Mr. Sherman will be honored.

QUICK QUIZ

Q—In Hinduism, what central figure corresponds to Buddha in Buddhism?
A—There is no central figure in Hinduism occupying a place comparable to that of Jesus in Christianity or Gautama Buddha in Buddhism.

Q—Are trickles heard?
A—Research reveals that trickles are often heard.
