Florida Governor Will Run Public Schools

BRADENTON, Fla. (UPI)—Gov. Claude Kirk, who once bragged "Floridians have barred no school doors," took command of the Manatee County school system today and ordered students and teachers to ignore federal school desegregation orders.

Kirk, accompanied by aide Dick Warner, showed up at the two-story brick school board office at 7:35 a. m. and duddled immediately with assistant school superintendents Philip Doyle and William Bashaw.

"I can't talk now, I'm busy running the schools," Kirk told newsmen gathered at the building.

Kirk suspended the county's five-member school board and the school superintendent Sunday and took command of the school system himself to block a court desegregation plan that had been scheduled to go into effect today.

Kirk met briefly with the school bus drivers at the motor pool early today and told them "take your old routes—not the new ones."

The school board's switchboard was flooded with calls from parents asking where to send their children to school.

"Send them to their old schools... the schools where they have been going," the parents were told.

Meanwhile, police say there was no sign of trouble at the county's 28 schools early today.

Kirk was fighting federal court orders to desegregate Florida schools at mid-year, claiming it would be disruptive and cause "social and financial chaos."

Sam Sheppard Dies In Ohio Of Short Illness

COLUMBUS, Ohio. (UPI)—Sam Sheppard, who was freed from the Ohio Penitentiary after serving 10 years for conviction of the murder of his wife, died today. He was 46.

Mrs. Coleen Strickland Sheppard, bride of the former osteopath who was currently promoting a career in wrestling, said he had been ill for about three days with what was believed to be the flu.

The body was taken to University Hospital.

The couple was married last Oct. 21 after Sheppard obtained a divorce from his second wife, the former Ariane Tebbenjohanns.

Sheppard was convicted in 1954 of killing his first wife, Marilyn, but the conviction was overturned in a retrial.

Sheppard was freed in 1964 and married Ariane in July of that year after a pen-pal relationship that started while he was in prison.

Eisenhower May Skip Graduation

WASHINGTON (UPI)—David Eisenhower, President Nixon's son-in-law, said Sunday he is seriously considering not attending his own graduation ceremonies at Amherst College June 7 to avoid embarrassment to his family.

David, 22, is due to receive his bachelor of arts degree in political science, but he told UPI he is unhappy about the possible choice of a commencement speaker. He also feared campus protesters may cause trouble.

He said he understands that I.F. Stone, supporter of far-left causes and publisher of a weekly newsletter, and Cesar Chavez, leader of the California table grape boycott, are being considered as the commencement speaker.

Nixon Trying To Avert Rail Strike

WASHINGTON (UPI)—The Senate Labor Committee unanimously approved today President Nixon's proposal to head off a nationwide rail strike by imposing a negotiated settlement on four shopcraft unions.

Three of the unions agreed to contract terms with the railroads late last year but the railroads refused to sign with them because a fourth union, the sheetmetal workers, rejected the terms.

Unless Congress acts, a strike is threatened for Saturday at 12:01 a. m. when a 37-day congressional imposed moratorium on a strike or lockout expires.

Sen. Jacob K. JAVITS, R-N.Y., the Labor Committee's ranking Republican, predicted a bill to impose a contract settlement would pass the full Senate, possibly on Wednesday. A House Committee plans to consider the same proposal Tuesday.

Nixon's proposal would write into law the contract agreed upon by negotiators last year. The unions that have accepted the contract include the machinists, the electrical workers and the boilermakers.

Javits said the Senate Committee adopted the administration plan because "another delay would only lead to wildcat strikes." Union leaders warned the committee last week that if Congress voted another postponement, rail workers would probably walk off their jobs, anyway.

West Germany Protests Murder Of Diplomat

GUATEMALA CITY (UPI)—West Germany all but severed diplomatic relations with Guatemala today following the murder Sunday of the West German ambassador who was shot in the head by terrorists and left in a deserted shack in the hills above Guatemala City.

West German Foreign Minister Walter Scheel announced in Bonn he was withdrawing all West German diplomats from Guatemala and said he assumed Guatemala would want to withdraw its ambassador from Bonn.

Scheel said the Bonn government "regrets the attitude of the Guatemalan authorities who could have been expected to do all in their power" to arrange the release of Ambassador Count Karl von Spreti before he was murdered.

Utah Tragedy Is Undergoing Study

CHESCENT, Utah (UPI)—Salt Lake County Sheriff Delmar Larson said he will confer today with staff officers on what to do about the servicemen who are thought to have brought explosive ammunition here which resulted in the deaths of five youngsters Saturday.

"We do not know yet as to what action can or will be taken," said Sheriff Larson.

The serviceman, identified as Sgt. Frank Devine, is the son of the former owner of the home here at which the explosion occurred. The soldier is presently in Chu Lai, South Vietnam.

Arbor Day

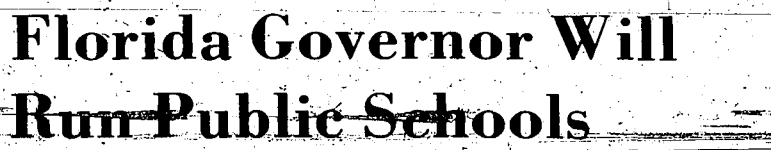

SEOUL (UPI)—President Park Chung-hee and government officials planted some 9,000 saplings on a hill near Seoul Sunday to mark the nation's 24th annual Arbor Day.

Devine said both he and his son thought the shells were duds.

Dead are Vicky Bean, 8, her two brothers, Michael, 6, and Richard, 2, all children of Mr. and Mrs. David Bean of Crescent. Lori Ivory, 14-year-old daughter of Mr. and Mrs. Don Ivory, also of Crescent, and Scott Swenson, 11, son of Mr. and Mrs. Neal Swenson, next door neighbors of the Beans.

Officers theorize one of the children was hitting a 165 m.m. artillery shell with a large heavy crowbar when the projectile exploded in the children's faces.

The explosion rocked the entire community and scattered the five youngsters up to 15 feet from the point of impact, killing all five instantly.

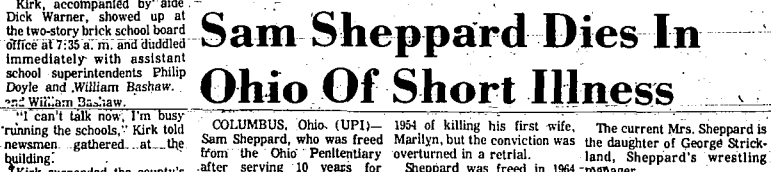

SAM SHEPPARD (UPI) One of the "longest strings" of arson fires in the city's history—42 in the past 11 days—kept firefighters busy Sunday.

Four man-made blazes occurred during the night, including a three-alarm conflagration which forced evacuation of a 42-unit apartment house on the edge of the Haight-Asbury district.

Investigators said the fires brought the total in the city to 29 since last Wednesday and 42 in the past 11 days. They said it was "one of the longest strings that we've had."

The blaze in the three-story wooden-framed apartment building was quickly brought under control and confined to one living unit. Residents returned to their apartments early Sunday.

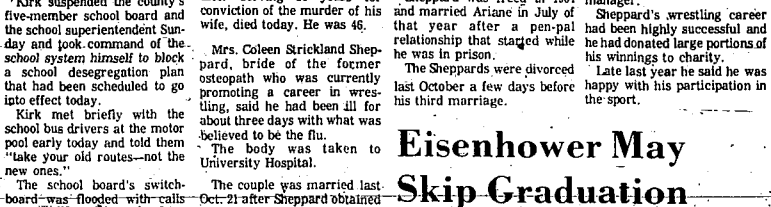

WASHINGTON (UPI)—David Eisenhower, President Nixon's son-in-law, said Sunday he is seriously considering not attending his own graduation ceremonies at Amherst College June 7 to avoid embarrassment to his family.

David, 22, is due to receive his bachelor of arts degree in political science, but he told UPI he is unhappy about the possible choice of a commencement speaker. He also feared campus protesters may cause trouble.

Swinging Party Is In Error

MARINA DEL RAY, Calif. (UPI)—Twenty-seven persons who attended a "swinging singles" party received emergency hospital treatment Sunday while on unwanted hallucinogenic "trips," apparently caused when they ate potato chips seasoned with LSD.

A dozen of the partygoers were hospitalized, including three women in serious condition for a short time and a man with a heart condition who was in a coma briefly. Five still were hospitalized today.

Doctors said the LSD sought treatment experienced mild symptoms such as dizziness but others had full-blown hallucinogenic trips at the South Bay Club apartment complex in this Los Angeles suburb.

Deputies believed the chips were laced with LSD because an informant told them that someone at the party was warning, "lay off the potato and corn chips."

The chips were confiscated for analysis.

Truckers Face More Strikes

By United Press International
The trucking industry appeared headed for a giant leap today as local unions rebelled against the Teamsters Union which negotiated a national contract for 450,000 drivers.

Air traffic controllers, who have plagued major airports the past 12 days with a "lock out," were turning to work in greater numbers today, according to Federal Aviation Administration spokesmen. Union officials denied this, however.

Congress was faced with another tough labor dispute rally. A 36-day labor prohibiting a rail strike expires April 21.

Secretary of Labor George P. Schultz, saying the talks with four rail unions were hopelessly deadlocked, urged Congress last week to impose a settlement.

Welfare Ruling Is Approved

WASHINGTON (UPI)—The Supreme Court ruled today that states may set maximum welfare payments to poor families.

Justice Potter Stewart spoke for the court, which split 5 to 3 in ruling on a Maryland case.

The opinion reversed a judgment of a special three-judge federal court in Baltimore which invalidated that state's welfare ceiling on Dec. 13, 1968.

Maryland Attorney General Francis B. Burch, appealed to the Supreme Court. Stewart held that Maryland's regulation, which set a maximum of \$250 a month, was consistent with both the Social Security Act and the U.S. constitution.

Slayer Is Given Life Sentence

CALDWELL, Idaho (UPI)—Third District Judge Robert H. Dunlap sentenced Lawrence Thomas, 28, Caldwell, without comment today to life in prison for the shotgun slaying of a Parma policeman.

Thomas and Larry Drapau, 26, Nampa, were convicted by a 12-member jury late Thursday of second-degree murder in the gunshot death last Sept. 22 of officer John Combs, 38, Parma.

Combs was slain as he approached a parked car on the outskirts of Parma while he was investigating a reported motel holdup. He was killed by two shotgun blasts in his chest.

A third suspect in the case, Bruce Williams, Parma, died in February.

COMMENT

Nothing New

Idaho State Journal
It's been so long since Pocatello had Mayor-Council government...

favoring retention of manager government seems to be those who remember the city under mayor government...

NEW YORK—Although some of the vicious anti-organization anti-Arthur Goldberg passion will wash away following the Democratic party's state committee endorsement...

Rose can make or break Goldberg. Without the votes of the Liberal party next November, Goldberg would have to be counted a distinct underdog to Gov. Nelson Rockefeller...

Moreover, Republican Mayor John V. Lindsay, who owed his second-term reelection last November directly to Alex Rose, would like nothing better than to retire Rockefeller permanently in the gubernatorial race this year...

Morgenthau's bombshell announcement on March 26 that he would run for Governor in the Democratic primary no matter what happened this week at the party's state committee meeting...

PINOCCHIO?

LOU GRANT

The ostensible reason for a decision by the Liberal party to play the democratic party wrecker is quite simple. Now on stage for what is surely the last scene of his remarkably shrewd political performance over two decades, Rose wants his party to recapture its position as the third largest party in the state...

The Cattlemen

Lewiston Tribune
The Idaho Cattlemen's Ass'n would be in a better position to criticize the potato farmers for seeking official help if the cattlemen themselves were not the beneficiaries of substantial government subsidies...

picture themselves as rugged individualists, have frequently gone to the government for help. And they have got it. Cattlemen graze their herds on much of the public range for only nominal fees, and whenever anybody proposes that the fee be raised to something nearer a fair price the cattlemen holler foul...

PAUL HARVEY

Lindsay No Kennedy

New York's Mayor John Lindsay wants to be President of the United States. Applause is a terrible narcotic and the last election gave Lindsay the "big idea"...

crossed the state lines for the purpose of inciting rioting. Mayor Lindsay was reforming them and passing judgments on the spot...

"lawdry parody on our judicial system." A limousine liberal has a problem identifying himself with the so-called "common man"...

GEORGE C. THOSTESON, M.D.

The Difference

Dear Dr. Thosteson: There is a difference of opinion in our family as to whether an ophthalmologist or an optometrist should conduct a routine first examination of a young child's eyes. There are no indications that I desire to be irrationally examined when there is no indication of trouble...

ANDREW TULLY

Only Money

WASHINGTON—As Plato or somebody once said, "It's only money, but April 15 is just around the corner and so it may be relevant to report that the Supreme Court's latest adventure in legislating will cost the American taxpayers upwards of \$1 billion a year."

This is twaddle. The mere fact that a government sets the amount of welfare to be doled out emphasizes that it is "mere charity." Otherwise, an individual could successfully demand as many dollars per week as he claims he needs to subsist indeed...

The Budget

Mankato (Minn.) Free-Press
Release of \$1.5 billion in federal construction funds by the Nixon administration is significant not only because of the apparent decision that the economy could use a little pump priming...

projected budget surplus of \$1.3 billion. The industry needs relief from the labor scarcity, high interest rates and shortage of mortgage money which have caused building starts to remain at low levels and caused prices of existing units to skyrocket...

Lindsay, presently in the enviable position of choosing what he considers the most likely affiliation, is paying off his supporters on a bipartisan basis. Neighborhoods which supported his recent independent candidacy for mayor are getting city contracts; neighborhoods which did not support him are losing previously established contracts...

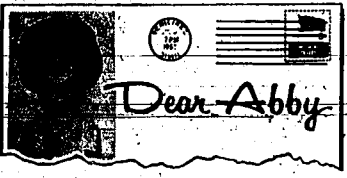

In some cases, said the HEW official, the process could go on for years, since there is no present bar to appeals. With nine million people on relief in the United States, his estimate of the cost could be conservative. "This might be enthralling had the majority not resorted to such curious constitutional thinking. Its ruling, as written by Justice William J. Brennan, Jr., insisted that public assistance is 'not mere charity, but a means to promote the blessings of liberty as stated in the Constitution's Preamble'."

Disputed Brennan's reference to the "general welfare" and the "blessings of liberty," noting that the Constitution obligates any government unit to establish a role, possibly because in those days being on relief was not considered chic. "For the majority, Brennan declared that cutting off relief checks without hearings denied the welfare recipients their 14th Amendment right to due process of law. Black gave this argument the back of his hand. 'Even the Supreme Court,' said Black, should be capable of discovering that the Constitution's due process clause applies only to a denial of a person's property and not to any claim against the government. Brennan claimed it was more 'realistic' to treat welfare benefits as a property rather than a gratuity, since so much of the national wealth no longer fits the 18th century concept of hard cash or merchandise. For those who aschew legislative nipping, Black made more sense in his retort that welfare is merely the government's 'promised sense of charity' in the future, not a permanent and personally held possession. But the times are singular, to put it mildly. After all, dope addicts are permitted to remain on relief rolls so they can buy the stuff of their addiction. And this is still a curious, Warren-like Supreme Court, which still seems determined to meddle in and unmap the functions of the government's other two branches."

BERRY'S WORLD

"When the lecture bureau told us you were a 'naturalist' we just ASSUMED your subject would be ecology!"

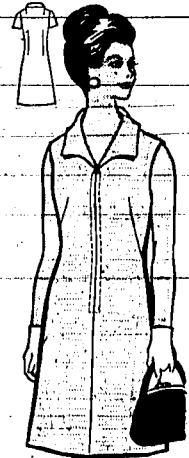

Kathy Stuart, Corbett Reveal August Plans

GOODING — Mr. and Mrs. Robert W. Stuart announce the engagement of their daughter, Kathy, to William C. (Pep) Corbett, son of Mrs. Myrtle Corbett, Idaho Falls, and William Corbett Jr., Hailey. Miss Stuart is a graduate of Gooding High School and Mr. Corbett was graduated from Skyline High School in Idaho Falls. Both are attending the University of Idaho, where Miss Stuart is affiliated with Gamma Phi Beta Sorority and Mr. Corbett is affiliated with Sigma Nu Fraternity. The couple plans an August wedding.

Sounds Like Fishy Business Ranks High

GLENN'S FERRY — More than one billion pounds of fish will be eaten in the United States this year. One-fourth will be species such as cod, haddock, ocean perch; about 50 percent will be imported. A slight rise in retail prices is to be expected, reports Marilyn Jordan, Elmore County extension home economics agent. Supplies of canned salmon are low. Shrimp prices may not rise as much for the canned variety as the 10 percent hike in 1969. Demand for other types of shellfish is expected to continue strong, but some types, such as scallops, may diminish in demand.

Swiftly Printed Pattern

Zip up and travel swiftly thru summer in a swiftly skimmer with the slim fast shaping that's so light flattering. For blends, cotton. Printed pattern 9363. Women's sizes 34, 36, 38, 40, 42, 44, 46, 48. Size 36 (bust 38) takes 2 1/2 yards 45-inch fabric. Seventy-five cents for each pattern — add 25 cents for each pattern for Air Mail and special handling. Send to Marian Martin, c/o Times-News, 395, Pattern Dept., 238 West 10th St., New York, N.Y. 10011. Print name, address with zip, size and style number. Big, new spring-summer pattern catalog, 111 styles, free pattern coupon, 80c instant sewing book sent today, wear tomorrow, \$1. Instant fashion book — what-to-wear answers, accessory, figure tips! Only \$1.

DEAR ABBY: May God love you for the answer you gave that person who objected to sending contributions to a "cause" in memory of a loved one.

I am a retiree, after 38 years with "A. T. & T." and I'm one of those nuts who loved every minute of it. On retirement, to keep out of mischief, I took a volunteer job with the American Cancer society. My job is filling in those "printed cards" advising the recipient that a donation to the "Rinky-dink charitable organization" has been made in memory of a deceased loved one. And may I say, in all these years I worked for "Ma Bell" [as we called "A. T. & T."] and she paid me well, never did I get the soul-satisfaction I get out of writing memorials for The American Cancer society, who I feel certain will one day wipe out that dread disease thru research—made possible by donations.

My prayers are with that woman who cannot see the value in making such a donation. May she never die of cancer. **CLARA IN PHOENIX**

DEAR ABBY: This is for "LONELY" who resented having to write "thank you" notes to friends who made tax-deductible donations to a charity in memory of her deceased loved one!

Recently our son was killed in Viet Nam. My husband and I and his young widow agreed that a donation to a Vietnamese orphanage in our son's memory would be appreciated. The response from friends, relatives (and even strangers!) was heartwarming.

I have some advice for you who are experiencing the pain of bereavement: Don't sit around, waiting for someone to come to you and console you in your grief. Get out. Take a walk. Go to church. Talk to strangers. See a movie. Drive to the country. Read. No one wants to seek out unhappiness. **SYMPATHETIC IN SAN DIEGO**

DEAR ABBY: I want to reply to "LONELY" who voiced her displeasure with those who made charitable (tax-deductible) contributions in the name of her deceased loved one.

My beloved father recently died at a very early age of a coronary attack. While many lovely floral tributes were sent from friends, we were extremely grateful for the many contributions made to the Heart Association in memory of Dad.

It made us feel that perhaps these contributions to research of the cardio-vascular system may well someday allow another heart as fine as his to go on beating to a ripe old age.

I cannot help feel that somewhere my wonderful father smiles his benediction on these thoughtful people who honored him so that others may live. **GRATEFUL DAUGHTER**

DEAR ABBY: To the person who felt that contributions to a "Rinky-A-Dink" charity organization was a cheap and easy way to express sympathy. My mother, age 47, died of cancer last month. My family asked that all remembrances be made to the American Cancer society. My mother lived three years with cancer only because previous donations made research possible. Flowers die. Research doesn't. Knowing that contributions made in my mother's name will help someone else to live in the future makes the heartache easier to bear. **TEALA IN CINCINNATI**

CONFIDENTIAL TO "YOUR FRIEND AT DEMMLER'S IN EAU CLAIRE" Of course, I remember you. And no, I did not suggest that my readers send contributions "in lieu of" flowers. Flowers say something that money can't say, but how I wish more people would remember their loved ones with flowers while they are living and able to enjoy them.

What's your problem? You'll feel better if you get it off your chest. Write to **ABBY**, Box 8700, Los Angeles, Cal. 90064. For a personal reply enclose stamped, addressed envelope.

Social Events It's Great Therapy

The switch in skirt lengths can be devastating for a woman with a limited clothes budget. But there is a way to get around the problem. Since clothes have a life span, and yours are to them, try your local thrift shop. You may be surprised at the good quality and condition of clothes there for sale from another era. This is great therapy for the girl who likes the "costume" aspect of today's fashion. She can be Claudette Colbert one day, Merle Oberon the next.

Easy Transition Shoulder bags are taking a hike this season. They no longer swing at the waist; they rest under the arm. Adjustable straps on shoulder bags make for an easy transition; just shorten the length of the strap and you're all set.

Fluffy Honey Dressing Is Special

Nothing appears more glamorous at a spring or summer party than a bowl of fresh fruits, especially when the fruits are glazed with a creamy honey dressing.

Honey is a natural sweetener and the ideal partner for fruit. Combined with tangy lemon juice and golden orange juice concentrate, it is delicious. But adding eggs and whipped cream to the mixture makes it wonderfully rich, smooth and elegant enough to please the most discriminating guests. This is a honey of a dressing that enhances, rather than hides; the true orchard-fresh taste of the fruit.

As with so many honey-sweetened foods, Fluffy Honey Dressing is as versatile as you wish to make it. It can be used to sauce the fruits for either salad or dessert service. You might toss the fruits in the dressing and arrange on crisp beds of Bibb lettuce or spoon the honey-drenched fruit into your prettiest bowl to offer as dessert with cookies and coffee.

Choose a colorful assortment of fruits — like-size pieces of cantaloupe or honeydew, strawberries, plump green grapes, bananas, plums, apples or sliced peaches — whatever your shopping spot has to offer for the season. Or, if fresh fruits are difficult to find, combine some fresh with canned items. No matter what your choice, this is one dish that's certain to be admired by your guests for its attractive appearance and relished for its refreshing flavor.

- FLUFFY HONEY DRESSING**
 2 eggs
 1/2 cup honey
 1/4 cup lemon juice, freshly squeezed
 2 tablespoons frozen orange juice concentrate
 1/2 teaspoon salt
 1/2 cup whipping cream, whipped
 2 teaspoons grated lemon peel

In a small saucepan, beat eggs; stir in honey, lemon juice, orange juice concentrate and salt. Cook over low heat, stirring constantly, until thickened. Cool; fold in whipped cream and lemon peel. Serve with fresh fruit. Makes two cups.

Beauty Hint

Add new dimension to the color of your eyes by using shadow hues that best show off and enhance your own eye color. Coordinating complementary make-up shades in this manner will flatter and accent the eyes in an exciting way — emphasizing their color and making them appear larger.

New for spring is Max Factor's unique trio of "Shimmer Scene" eye shadow sets designed specifically to turn on browns, turn on blues, turn on greens. Each Shimmer Scene Kit contains four luminous shimmer shadows, two radiant highlighters and a special buff-on applicator.

To achieve the "new" look in eye make-up, mix two or three shades together and really turn on some special color. Or, use single combinations, and highlight the brow or eye lid to achieve the newest in eye looks — The Shimmer Eye. Whichever look you choose, make sure you apply your shadow correctly — tilting your chin high and looking down into your mirror so that the upper lids are full exposed.

FLUFFY HONEY Dressing is as versatile as a natural sweetener and the ideal partner for fruit. It can be used to sauce the fruits for either combined with fresh fruit it is perfect. Honey is salad or dessert service.

Women's Section Magic Valley Favorites

MRS. FRANK L. EASTMAN
 256 Polk St., Twin Falls

- Very Good Salmon Loaf**
 1 1/2 cups packaged poultry stuffing
 1 can (1 pound) salmon
 1/2 cup minced celery
 2 tablespoons minced onion
 2 eggs, lightly beaten
 1 can condensed mushroom soup
 Combine ingredients and put in a 9 by 5 by 3-inch pan. Bake in a moderate oven, 350 degrees, for 45 to 50 minutes or until center is firm. Remove from oven, let stand five minutes.
- pan. Turn out on heated serving platter. Serve with tomatoes or cheese sauce — or good with chesse grated on top of loaf. The Times-News will pay \$3 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

TOPS Name's Best Loser

MURTAUGH — Mrs. Percy Christensen was named best loser for March and presented the hair-styling award at the meeting held recently at the LDS Church.

The weekly winners for the month were Mrs. Christensen, first week; Mrs. Roy Turner, second; Mrs. Harold Kloor, third, and Mrs. Robert Shouse, fourth. The club's regular three-months party was planned for Thursday, with weigh-in to be at 10 a.m. A crazy hat parade will be held. Each member has been asked to fashion a hat which will depict their husbands' occupation. A low calorie luncheon will be served at noon.

'Civilization's Arteries' Did you know that the pipelines of the world are called "the arteries of civilization"? That's because the advance of every civilization has coincided with its ability to provide good plumbing and public sanitation.

Share-The-Cost Program Set Up For Hot Lunch

GLENN'S FERRY — "Who pays the school lunch cost? It's a share-the-cost program," replied Marilyn Jordan, Elmore County extension home economics agent, when questioned.

She explained that nutritious, reasonable priced lunches to school children were designed by the National School Lunch Program some 25 years ago. Today, the methods of operation and the Type A lunch requirements provide the framework for a lunch pattern based on recommended daily dietary allowances for 9 to 12 year-old girls and boys.

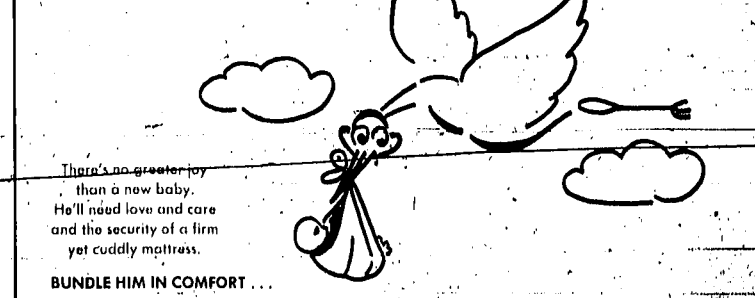

But, who pays for it? The national average costs are divided between the children, state and local costs, Federal donated food cost and Federal cash. Back in 1964 the school lunch cost 49.2 cents with children paying 27.5 cents, the state and local payment was ten cents, Federal donated food cost 7.2 cents, the Federal cash payments, 4.5 cents.

In 1969 the cost of school lunches went up to 59.3 cents. The children's cost—31 cents, and the state and local, 34.2 cents; Federal donated food, 8.1 cents; Federal cash, 6 cents.

Sound Screen
 Entold yourself in a sound screen. Pick a tree-standing screen in bright red; hang little colored boxes on it to hold recovery cleaning materials, batteries, new needles and so on; and put up some shelves to support the heavier equipment. A handsome low table and stools out in front can synchronize gamesmanship with listening.

Magic Valley

2 Rabbits Found In Letter Drops

JEROME — Dale Vining, Jerome postmaster, said someone put two dead jackrabbits into the mail drops marked "local" and "out of town" in the lobby of the postoffice recently.

Vining said besides committing a felony, the act might cause the lobby to be locked after hours if similar incidents occur.

The rabbits had apparently been killed a short time before they were placed in the slots, because the blood on the letters had not dried, he said.

"We don't want to close the lobby after regular business hours, but we will if it should prove necessary," Vining said.

The postoffice lobby has always remained open for 24 hours for the public's convenience.

KATHLEEN WILKINS KATHERINE ALLRED RON KAERCHER

State and Boys' State from three Magic Valley girls. Kathleen Wilkins, daughter of Mr. and Mrs. Charles Wilkins, will represent Bliss High School. She is sponsored by the American Boy Wasto, Castleford, will represent Legion auxiliary and Corne Brown, daughter of Mr. and Mrs. Herb Brown, is the alternate. Miss Allred, the Raft River High School delegate, is the daughter of Mr. and Mrs. Herb Brown, is the alternate. Mrs. Gerald Thompson Sr., also Mailla, is the alternate. Mr. Kaercher, son of Mr. and Mrs. High School, will represent the Castledorf Men's club.

WINNERS IN THE FIRST Pinewood Derby held in Fairfield for many years are, from left, Eddie Reagan, first place winner; Kelly Cluer, second place and Kelly Cluer, third, and Kent Wolfe, second place. The boys are members of Cub Scout Pack 34, which has been re-organized in Camas County.

Fairfield Reports Winners Of Derby

FAIRFIELD — Eddie Reagan, son of Mr. and Mrs. Edward Reagan, was winner of the Pinewood Derby held by the Fairfield Cub Scout Pack No. 34.

Kent Wolfe, son of Mr. and Mrs. Neil Wolfe, Corral, took second place and Kelly Cluer, son of Mr. and Mrs. Doran Cluer, was third place winner. Trophies were presented to the winners by Scoutmaster Gary Smithy.

The event was held in the high school gymnasium before a crowd of parents and interested spectators. This was the first race in many years in Fairfield as scouting has just been re-organized in the county. The Pinewood Derby is a father-son project and much work had gone into the building of the little 5 ounce cars.

Five Girls Get Nurse Aide Caps

JEROME — Five young girls, Candy Strippers, at St. Benedict's hospital received their caps after donating 100 hours of service to the hospital.

The girls must now donate 50 more hours of service to the hospital to receive their caps.

Mrs. Eleanor Kulm, director of nursing, presented the caps, telling the girls to wear them with pride, responsibility, and with compassion for the people they serve.

Girls who received their caps were Carrie Rediker, daughter of Mr. and Mrs. I. F. Rediker; Shynna Foster, daughter of Mr. and Mrs. Don Sullivan; Vicki Turner, daughter of Mr. and Mrs. Ted Turner; Linda Kuhn, daughter of Mr. and Mrs. Harold Kuhn, and Sharon Maddox, daughter of Mr. and Mrs. Thano Maddox.

Mary Chojnacky, daughter of Mr. and Mrs. Lee Chojnacky and Lee Ann Boyd, daughter of Mrs. Leonard Boyd, received their uniforms.

Humphrey Named To Committee

Dave Humphrey of the Twin Falls County office, Department of Public Assistance, has been named to the Twin Falls County Human Rights Committee by the board of county commissioners.

Mr. Humphrey succeeds Don Frank, also on the staff of the local DPA office. Mr. Frank resigned from the committee because his work keeps him out of town on committee meeting dates.

Robert Stradley, Kimbrey, committee chairman, announced the appointment of Mr. Humphrey at the committee meeting last week. Oral reports were heard from Ed Bossard and Annie Padilla on cases brought before the Human Rights Committee for investigation.

TAKES FIRST PLACE MOSCOW (UPI) — Valentina Nikonovna, 18, of Russia took first place Sunday in the girls foil competition of the World Junior fencing championships with five consecutive victories.

Tektite II Project Begins

CASTLEFORD — An ambitious underwater research program began in the St. Johns Virgin Islands April 1 when four scientists and an engineer descended to a habitat 50 feet underwater for a 14-day mission inaugurating the Tektite II program. In this program is John Van Derwalker, son-in-law of Mr. and Mrs. Fred Koch, Castleford.

This will be the second Tektite operation he has been connected with. He was a biologist on the first Tektite project that maintained the longest underwater stay of its kind ever attempted. Only nuclear submarines, including one that circumnavigated the globe, have kept their submerged for longer periods.

Mr. Van Derwalker was the chairman of the committee to plan the project and to choose the personnel and projects to be carried out. He has been in the Virgin Islands to help supervise

VAN DERWALKER

modified to accommodate engineers.

There will also be an international crew composed of two men from Alaska, one from France, and two Australians. The Tektite site is in Greater Lameshur Bay off St. John Island in the Virgin Islands National Park area. The base camp is located in the park on St. John Island and belongs to the park system. They have leased all buildings and grounds to the College of the Virgin Islands for the purpose of research.

The mission will concentrate on an extensive ocean floor program. Representative Alton Lennon, North Carolina, is the chairman of the house committee on Oceanography. The project is a part of the Department of Interior.

Mr. Van Derwalker spent some time in Seattle area as a member of the Bureau of Commercial Fish Fisheries

Accident Puts Youth In Hospital

RUPERT — A Rupert teenager is listed in good condition at Minidoka Memorial Hospital of injuries he received in a one-car accident Saturday night.

Wayne Goodrow, 17, Route 2, Rupert, a passenger in a 1967 Mercury driven by James A. Vaigrt, 36, Route 5, Rupert, was injured when the auto went out of control on a curve at 400 South 125 West.

Minidoka County Sheriff's office said the car rolled over in the borrow pit and landed on its wheels. Both were taken to the hospital by Ray Jarvis deputy sheriff. Vaigrt was treated and released.

Citations are pending.

Suspended Licenses Reported

Blaine County: Robert Deckard, Hailey, driving while under the influence of alcohol; and Charles Ellinger, Hailey, denial of issuance.

Cassia County: Florencia Aguinaga, Lintia Kerbs, and Edwin Saxon, all Burley, and Ernesto Alejandro Decio, all driving while under the influence of alcohol; Garis Butters, Burley, an accumulation of violation points; and Ramon Martinez and Lino Sandoval, both Burley, denial of issuance.

Gooding County: Jay Alban and Richard Myers, both Gooding, and Maurice Wells, Hagerman, all driving while under the influence of alcohol; and Jimmy Warren, reckless driving.

Jerome County: Simon Avila, Norman Cochran and Robert Parker, all Jerome, all driving while under the influence of alcohol; Kenny Reed, Hazelton, revocation; and Ernest Tombar, Eden, violation of restriction.

Twin Falls County: Lee Adcock Jr., Robert Ash, and Joe Belles, all driving while under the influence of alcohol; Michael Gillespie and William Martin, reckless driving, all from Twin Falls; and Floyd Newby, Castleford, driving on a suspended license.

Bids For Bridge Opened

It is anticipated one of three bids submitted for repair and reinforcement of the Pole Line Bridge will be the Twin Falls Highway District board meets.

Keith Anderson, district engineer, said the apparent low bid of those opened last Friday was from Ullman Construction Co. in the amount of \$8,750.00.

Other bidders were Reynolds Construction Co., \$14,000, and Arrington Brothers Construction Co., \$10,180. All firms are from Twin Falls.

Mr. Anderson said all bids were slightly higher than anticipated.

The work will rectify problems which have forced a weight restriction on the bridge. The limitations, placed into effect last December, prohibit standard trucks of more than 16 tons and semi-trucks of more than 27 tons from passing over the bridge.

He said it may be the first of many before construction is started and that the contract calls for 90 working days.

He said most of the work will be underneath the bridge and that there will be only minor interference with traffic during the construction period.

Vandalism Being Probed

FAIRFIELD — Camas County Sheriff Paul Cox is investigating a rash of vandalism.

Thursday night the windows of a county patrol car were broken by BB's and marbles shot from slingshots. A break-in was made at the high school and pop was stolen and a box of light bulbs were taken and then broken along a road north of town.

An attempted entry was made at the Market Basket.

Variety Show Set At Paul

RUPERT — A variety show by about 30 Ricks College students will be presented 8 p.m. Tuesday at the Minico High School auditorium.

Besides music and comedy, the event will also feature karate. It is sponsored by the Paul LDS Second Ward and tickets may be purchased at the door.

Banquet Set

FAIRFIELD — The Fair High School Junior-Senior banquet will be held April 11 in the Masonic Temple.

The Order of the Eastern Star is in charge of arrangements with Mrs. Everett Bonnichsen general chairman and Mrs. Howard Annis, Mrs. Wilbur Matthews and Mrs. Richard Tucker on the kitchen committee.

Cancer Aides Get Certificates

FAIRFIELD — A kick-off luncheon for the April Cancer Crusade was held for cancer workers recently at the home of Camas County chairman, Mrs. Genn Gill with Mrs. William Stewart, crusade chairman, as co-sponsors.

Certificates of awards for service were presented. Mrs. Everett Coates received a pin and certificate for 20 years of work with the American Cancer Society. She is presently lay director for Blaine and Camas County. Mrs. Dale Reedy, publicity chairman, received a 15-year certificate.

Ten year certificates went to Mrs. William Stewart, crusade chairman; Mrs. Lee Daniel, memorial chairman; Mrs. Everett Trader, Mrs. William Sweet; Mrs. Allen Bausher and Mrs. Gwinn Rice. A five-year certificate was awarded to Mrs. D. E. Halliwell.

Mrs. Coates read a letter written by the late Dr. Raymond White, Boise, on his personal experience as a victim of cancer.

Local services provided by the American Cancer Society were outlined to the workers by Mrs. Gill. These include transportation—for treatment, dressings, beds, mattresses, trays, wheel chairs and other helps with a \$300 lifetime limit per patient.

Mrs. Stewart thanked the workers for their help and hoped that Camas County would again lead the state in per capita giving in 1970.

7 Jerome Drivers Warned

JEROME — Charles Bonney, an employee of the Idaho State Department of Transportation, said that seven Jerome residents on Friday regarding their numerous past traffic violations.

Bonney informed the group that "points" are given for each individual traffic violation. He stated that an accumulation of eighteen points in a 12 month period or 24 points in a 36 month period would bring an automatic suspension of an individual's driver's license for a duration of not less than six months. Suspensions for habitual violators can be as long as one year.

A driver who has accumulated 12 points and applies for and completes special schooling through the driver's education program; will have three points subtracted from his total.

Mr. Bonney said that this law was removed by the legislature three sessions ago and was just re-enacted in the past session. He added that because of the law's removal, 137 persons died through accidents involving habitual violators. Bonney's reason for talking to the group was to help them pinpoint the causes of their frequent violations so they may prevent them in the future.

Jerome Seventh Graders End Annual Gun Safety Course

JEROME — Seventh graders at the Jerome Junior High School have completed a class in gun safety which was conducted at the National Guard Armory.

Similar classes are held in all schools throughout Magic Valley in cooperation with the Idaho State Fish and Game Department, local school officials said.

Purpose of the instruction is to teach student safety principles as well as give them opportunity to fire 10 rounds of ammunition and learn about handling of guns.

Murtaugh Tells Honor Pupils

MURTAUGH — The honor roll for Murtaugh Junior High School covering the third nine-weeks grading period shows five students having five A's each.

They are Jerry Coon, Clinton Dille, Wade Quasnell, Grant Hulce and Kelley Diggers.

Those on the A and B honor roll are John Novosel, Steven Stanger, Carol Lattimer, Ricky Hulce, Denise Tilly, Marcia Peterson, Mark Nebeker and Melvin Meyer.

Joy Goodman, Jeff Watts and Robin Wright-Judy Goodman received five B's.

Eden Sewer Vote Plans Reported

EDEN — Voters here will cast their ballots on a sewer bond election not to exceed \$170,000.

The vote is set from noon to 8 p.m. April 14 at City Hall.

It is the second such election in six months, the first being held invited by city officials because federal grant money was not enough to complete the project.

Officials said the full amount of this project is \$170,000, with \$38,000 anticipated from federal and state sources, leaving a balance of \$132,000.

An earlier figure of \$48,000 mentioned in connection with the vote is not correct.

Officials said they will be getting more grant money this time, reducing the cost of the project, if it is approved by the voters.

A two thirds majority is required for approval of the bond election. Last time it passed, with 69 per cent of the vote for the project.

There are no sewer facilities in Eden at the present time. The new facilities, if the voters approve the project, involves 110 users and the estimated cost is \$7.15 a month, with the bonds to be sold on a 30 year period rather than a 40 year period as before. Officials said this would be a saving of 10 years. The bonds will also be sold for five per cent interest, if approved, it was reported.

Boise VA Hospital Criticized By DAV

BURLEY — Charges that the Veterans Hospital in Boise does not have either enough doctors, nurses or beds and is difficult for a veteran to enter have been made in Burley.

Cecil Detwiler, national service officer, and Erwin Eulin, department commander, both Boise, discussed problems at the hospital at a Disabled-American Veterans meeting at the VFW Hall.

In answer to the questions, "Does the VA Hospital at Boise have enough beds? Does it have enough doctors and nurses? Is it easy for a veteran to get into the hospital?" Mr. Detwiler said the answer to all three questions is "no."

Mr. Euling discussed finance and membership on the department level of the DAV.

Mr. Detwiler met with individuals throughout the afternoon to answer questions concerning problems of local veterans.

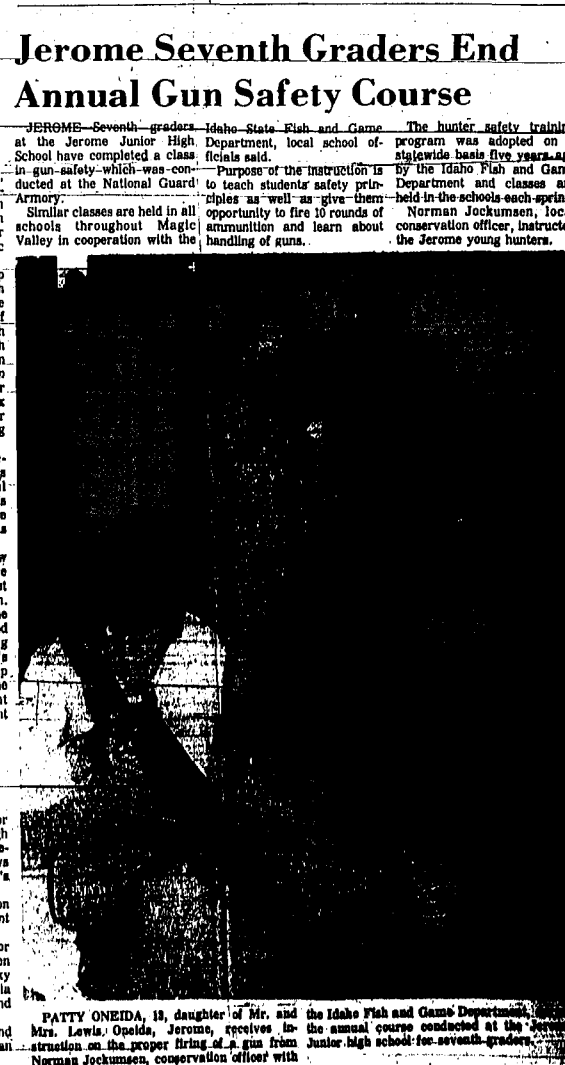

Leash Law Warning

JEROME — Jerome residents are warned that all dogs inside the city limits must be kept tied up or penned up as the new leash law is now in effect.

Harvey Lewis, dog catcher, says he has been warning several residents that their dogs must be kept on a leash.

Beginning today, he will start impounding the dogs that are running loose.

The dogs impounded will be kept at the city pound until owners come for them.

PATTY ONEIDA, 18, daughter of Mr. and Mrs. Oneida, Jerome, receives instruction on the proper firing of a gun from Junior high school for seventh graders. Norman Jockumsen, conservation officer with the Idaho Fish and Game Department, is the annual course conducted at the Jerome Junior High School.

Today's Market And Financial Report

Dam Ban Approved By Group

NEW YORK (UPI) - Market stocks paced a stock market retreat as trading passed the halfway mark Monday. Turnover was light.

The Dow Jones industrial average, which reflects movement in 30 selected blue chips, showed a loss of 1.25 at 790.39.

Analysts said one of the selling stemmed from the black outlook for first quarter corporate profits.

Computer Sciences said it is acquiring Computicket Corp., a company that sells theater and sports tickets through computer terminals.

Lakers Bomb Suns By 138-121, Stay Alive In NBA West Playoff

8,000 Fans Cheer Brewer's Arrival

MILWAUKEE, Wis. (UPI)—About 8,000 wildly cheering basketball fans ignored bad weather and jammed General Mitchell Field Sunday night to welcome—and over-

whelm—the new Milwaukee Brewers.

Combs Sparks Dallas Past

L.A. 131-127

LOS ANGELES (UPI)—Smooth Glenn Combs plunked in four free throws and a field goal late in the fourth period to pull the Dallas Chaparrals out of danger Sunday and give them a 131-127 victory over the Los Angeles Stars.

The city's American League baseball team, transferred here from Seattle only last week, arrived at its new home from its spring training base at Tempe, Ariz., and received a thunderous outpouring of cheers reminiscent of the Braves' era here.

"I've never seen anything like this in my 26 years in baseball," Brewers' general manager Marvin Milkes said. "I'm just overwhelmed.

The crowds began gathering by mid-afternoon. By 8:30 p.m., the airport parking lot was filled.

When the plane touched down at 10:10 p.m., one concourse was completely filled and the observation deck of another was nearly packed with people waiting to greet their new team.

Dallas led by 16 points at 107-91 with 9:22 to go but the Stars crept to within four at 124-120 with 2:22 remaining. Combs, who finished as the Chaps' top scorer with 33, hit his key six points in the next 1:03.

Signs were in abundance and so were cheers as Milwaukee celebrated its return to baseball's major leagues. The city had been without a team of its own since the Braves left for Atlanta after the 1965 season.

John Beasley added 31 for Dallas while Rookies Mack Calvin and Willie Wise led the Stars with 32 and 27. Wise also had a club-record 25 rebounds.

"Bush power," read one sign. Another said, "Brewers are boss." A girl, about six-years-old, carried a sign reading, "I love the Brewers."

Bob Bedell, the Chaps' veteran forward, suffered a broken orbital arch over his right eye in the fourth period.

A group of teen-agers held an empty half barrel of beer near a sign which read, "Roll out Brewers—we'll have a Beerel of fun."

John Beasley added 31 for Dallas while Rookies Mack Calvin and Willie Wise led the Stars with 32 and 27. Wise also had a club-record 25 rebounds.

The players, many visibly moved, shook hands and signed autographs as they moved through the concourse. Other players laughed with delight.

Denver Raps Kentucky By 112-98 Count

DENVER (UPI)—Spencer Haywood, the Denver Rockets' million-dollar superstar, scored his 12th straight win over the Kentucky Colonels with 39 points in American Basketball Association action in Denver Sunday afternoon.

Chamberlain added 14 rebounds and 10 assists, scored eight of the next 14 points to give Los Angeles a 99-93 advantage after three quarters.

Kentucky opened up scoring in the game and ended the first period with a two-point edge, 26-24, but the Rockets reversed the lead, ending at the half 57-46.

Then it was the Lakers' turn to get hot as they outscored the Suns 19-7 in the first six minutes of the last period to breeze home.

Wayne Chapman, Darel Carrier and Willie Murrell combined in the three-point bracket, while Denver shooters missed on all three-point attempts.

Supporting the two Laker superstars was reserve Mel Counts, who scored 18 points and pulled 17 rebounds.

Dove, Nets Top Pacers By 104-99

INDIANAPOLIS, Ind. (UPI)—The New York Nets, spearheaded by Sonny Dove's 32 points and Luther Green's 13 rebounds, defeated the Indiana Pacers, 104-99 Sunday in an American Basketball Association game.

Chamberlain added 14 rebounds and 10 assists, scored eight of the next 14 points to give Los Angeles a 99-93 advantage after three quarters.

The host Eastern Division champs held New York to a 57-51 deficit at the half. But the Nets hit 27 points in the third quarter while limiting Indiana to 16 for a 78-76 lead.

Phoenix played without starting center Jim Fox, who was out with a sprained ankle and is a question mark for the sixth game.

The Pacers fought back for a four-point advantage with 5:34 to go but the Nets tied it up at 92-90 and went ahead to win.

Conley Hawkins, who was forced to guard Chamberlain on occasion, led the Suns with 28 while Gall Goodrich had 28 and rookie Neal Walk added 18.

With Simmons added in the win with 25 points for New York, Toussaint Green had 14, Freddie Lewis was high for the Pacers with 25.

Atlanta led by 16 points at 107-91 with 9:22 to go but the Stars crept to within four at 124-120 with 2:22 remaining.

McCovey Slams 420-Foot Homer

PHOENIX (UPI)—Willie McCovey, who has been bothered by an arthritic knee and blurred vision this spring, slugged a 420-foot home run in the second inning and added a triple and a single as the San Francisco Giants clouded the Atlanta Braves 8-2 Sunday.

Atlanta led by 16 points at 107-91 with 9:22 to go but the Stars crept to within four at 124-120 with 2:22 remaining.

The win closed out the Giants' spring record at 12-13, including a 3-6 record compiled on a trip to Japan.

Atlanta led by 16 points at 107-91 with 9:22 to go but the Stars crept to within four at 124-120 with 2:22 remaining.

Atlanta led by 16 points at 107-91 with 9:22 to go but the Stars crept to within four at 124-120 with 2:22 remaining.

Atlanta led by 16 points at 107-91 with 9:22 to go but the Stars crept to within four at 124-120 with 2:22 remaining.

Atlanta led by 16 points at 107-91 with 9:22 to go but the Stars crept to within four at 124-120 with 2:22 remaining.

INGLEWOOD, Calif. (UPI)—Jerry West and Wilt Chamberlain each scored 36 points to save Los Angeles from elimination Sunday night as the Lakers bombed Phoenix 138-121 to cut the Suns' lead to 3-2 in the Western Division semifinals.

Phoenix Sunday's Results: Baltimore 96 New York 87 Atlanta 113 Chicago 107 Los Angeles 138 Phoenix 121 Monday's Game: Baltimore at New York (only game scheduled)

western Division playoffs. The Lakers and Suns meet at Phoenix Tuesday night. A seventh game would be played here Thursday night.

With a Forum crowd of 17,475 on hand, Los Angeles blew all but two points of a 16-point advantage in the third quarter. The Lakers were ahead 83-67 before the pesky Suns reeled off 16 of the next 18 points.

But West, who also contributed 18 assists, scored eight of the next 14 points to give Los Angeles a 99-93 advantage after three quarters.

Then it was the Lakers' turn to get hot as they outscored the Suns 19-7 in the first six minutes of the last period to breeze home.

Supporting the two Laker superstars was reserve Mel Counts, who scored 18 points and pulled 17 rebounds.

Chamberlain added 14 rebounds and 10 assists, scored eight of the next 14 points to give Los Angeles a 99-93 advantage after three quarters.

Conley Hawkins, who was forced to guard Chamberlain on occasion, led the Suns with 28 while Gall Goodrich had 28 and rookie Neal Walk added 18.

Playing much more aggressively than they had in the previous three games, Los Angeles pulled out to a 13-4 lead.

But Phoenix, with Goodrich pumping away from outside, got to within one point at 31-30 in the end of the first quarter.

Dodgers End With 17-8 Spring Mark

ANAHEIM (UPI)—Billy Grabarkewitz lashed a pair of doubles to drive in three runs as the Los Angeles Dodgers beat the California Angels 10-4 Sunday to finish with the best spring training record of any major league team.

It was the Dodgers' seventh win in their last eight starts and gave them a 17-6 overall exhibition mark.

Don Sutton pitched the first seven innings for Los Angeles, giving up only five hits, one of them a two-run homer to Alex Johnson.

Sweeping a three-game "freeway series" from the Angels, the Dodgers bunched seven runs in the fourth and fifth innings with only two hits.

The Angels committed three errors and gave up four walks in the third and fourth.

Rookie Greg Gurett left the game in the fifth inning and was the losing pitcher. Jim Spencer hit his second home run in two days for the losers.

The Angels finished with an 11-10 spring record.

JERRY WEST whirls around Dick Van Arsdale of Phoenix and scores in Sunday night NBA playoff action. The Lakers staged off elimination in the best-of-seven series with a 138-121 home-court win.

Phoenix leads Los Angeles three games to two in the series, with the next game coming Tuesday night in Phoenix. (UPI telephoto)

Hawks Dump Bulls 113-107 To Clinch Playoff Series

ATLANTA (UPI)—The Hawks have never made it to the National Basketball Association playoff finals since they moved to Atlanta, but they keep taking a crack at it.

Chicago chipped away at the Hawks lead until, with a little more than a minute to go, the Bulls were only two back, 109-107, thanks to Chet Walker's two free throws.

They had another leg up on the road to the title today after eliminating the Chicago Bulls in the NBA Western Division playoff semifinals Sunday, four games to none. But before the Hawks can move into the big showdown with the Eastern Division playoff champ, they'll have to get past the survivor of the Phoenix-Los Angeles duel.

The Bulls led most of the first half before rookie Butch Beard and Jumpin' Joe Caldwell brought Atlanta into a 51-51 halftime tie. The third period was a see-saw affair until Cadwell put the Hawks in front to stay 61-59 with 8:20 to pay in the period.

Obviously, Atlanta would rather play Los Angeles, a team the Hawks beat four of seven games during the regular season. Phoenix posed the biggest headache for the Hawks among the Western Division

teams, beating them four of six.

Who comes out on top, missing with Walt Hazzard and Lou Hudson leading the way while Caldwell, in foul trouble, watched from the bench.

Each entrant will receive \$1,000 with a thoroughbred race horse going to the low scorer. There will be 20 foursooms, with one pro, one celebrity, and two patrons in each. Each patron will donate \$2,000.

Phoenix, with Goodrich pumping away from outside, got to within one point at 31-30 in the end of the first quarter.

The 18-hole event will benefit Louisville's General Hospital. The general chairman of the tourney is former Kentucky Gov. A. B. (Happy) Chandler.

Bullets Drop Knicks, Square Series At 3-3

BALTIMORE (UPI)—Gus Johnson and Earl Monroe combined for 60 points Sunday afternoon to lead the Baltimore Bullets past New York's Knicks 95-87, deadlocking the NBA Eastern Division playoff series at three games apiece.

The seventh and deciding game is Monday in New York. The winner advances to the East finals against the Milwaukee Bucks, who clinched their playoff against the Philadelphia 76ers.

Johnson, who ranned home 31 points, including 12 from the field, ignited a third-period surge with three straight baskets to put the Bullets ahead 47-43. With Johnson accounting for 15 points and Monroe getting 13 in the third quarter, the Bullets grabbed a 64-54 lead and that was cut to 71-66 by the end of the period.

Monroe—who hit 29 points—matched New York's output at the start of the fourth quarter with three baskets as Baltimore took an 82-71 lead and 8:23 left.

But the Knicks set the lead to 83 on Willis Reed's two free throws with four minutes left. The muscular Reed, who personally destroyed the Bullets in the previous game in New York with 36 rebounds and 36 points, was held to just 10 points—and only two baskets.

The Knicks could never overcome that six-point deficit, however. With only 1:41 left, New York again trailed by six, 93-87, as Baltimore coasted to the victory.

Dick Barnett's early eighth-point outburst sparked an 18-15 Knicks lead after a quarter, but Baltimore rallied for brief leads five times in the second quarter. Dave Stallworth and Cazzie Russell sparked New York to a two-point halftime advantage before Johnson and Monroe took charge.

Jack Martin and rookie Fred Carter supported the Bullets' pair with 11 and 12 points respectively, while New York was led by Walt Frazier's 18, 16 from Stallworth, and 114 from Barnett.

Ten Top Pros Sign Up For Kentucky Meet

LOUISVILLE, Ky. (UPI)—Ten top pro golfers have signed to play in the first Kentucky "Thorougbred" Pro-Celebrity Golf Tournament at the Hunsbome Country Club June 1.

The touring pros signed are Frank Beard, Bobby Nichols, George Archer, Lee Trevino, Julius Boros, Gary Brewer, Gary Player, Tony Jacklin, Charles Moody and Bert Yancey.

Each entrant will receive \$1,000 with a thoroughbred race horse going to the low scorer. There will be 20 foursooms, with one pro, one celebrity, and two patrons in each. Each patron will donate \$2,000.

The 18-hole event will benefit Louisville's General Hospital. The general chairman of the tourney is former Kentucky Gov. A. B. (Happy) Chandler.

LDS President Takes News Media To Task

SALT LAKE CITY (UPI)—President N. Eldon Tanner, top official of the Mormon church, Sunday decried the trend to increased lawlessness in the world and chastised the news media for their emphasis on the negative.

"Though it is true that the trend in the world today is toward lawlessness, rioting and rebellion," he said, "we are sick and tired of having it played up so much both in conversation and in news media."

Tanner, second counselor in the First Presidency of the Church of Jesus Christ of Latter-day Saints, called for a positive approach to the world's problems, an approach based on obedience.

He told the church's 140th annual World Conference, meeting in the Salt Lake Tabernacle, laws were made for the benefit of men, and to disregard or flaunt them could only lead to anarchy.

Tanner continued, "If a bad law exists, then the people should take proper legal measures through their governing bodies to improve or change the law. . . . While the law is law, it should be obeyed."

The three-day meet on Temple Square opened Saturday with a plea to youth by 93-year-old church President Joseph Fielding Smith warning against participation in college disruptions.

Smith is presiding over the meetings, his first since succeeding David O. McKay to the presidency January 23. The new leader will be officially sustained by members in a show of hands at a solemn assembly in the Tabernacle Monday morning.

Among other speakers Sunday was Elder Hugh B. Brown, of the Council of the Twelve, who recently returned from a global tour of church missions and stakes (dioceses).

Brown, who warned against letting secular life accomplishments replace spiritual growth, said he found in cultures throughout the world "an open-minded attitude toward new truths."

"Thinking men everywhere are seeking for light," he noted. "It is, in fact, a worldwide quest for truth."

A speaker Sunday afternoon urged Mormons to prepare as

families for troubled times. Elder A. Theodore Tuttle, of the First Council of Seventy, called for a strengthening of the family and increased communication between generations.

"We had better be organized as families," Tuttle declared. "We had better be able to meet trouble. There will no doubt be plenty of it ahead of us. You had better be prepared—so that you need not fear!"

Elder Theodore M. Burton encouraged church members to be honest in their daily lives and to avoid "shabby and dishonest practices."

Threat To Kill Is Complete

LEWISTON (UPI)—A man who kidnapped a woman at gunpoint Saturday and said she would either marry him or they would both be dead, carried out his threat Sunday on an abandoned road 20 miles south of here.

Joseph Sperli, 42, Livingston, Mont., and Mrs. Mary Everett, 34, Lewiston, were found dead of apparent monoxide poisoning shortly after noon Sunday on an access road leading to Waha Lake in North Central Idaho.

A hose attached to the exhaust pipe led into the car's right front window and the motor was running, according to Merrill Hartley, Waha Lake, who found the couple.

Sperli, a former Lewiston resident, had forced Mrs. Everett to dress and had abducted her from her home early Saturday.

Soap Is Aiding In Pollution

WASHINGTON (UPI)—The White House said Sunday the administration is trying to persuade the soap industry to find a substitute for phosphates because they are polluting the nation's streams and lakes.

Presidential Press Secretary Ronald Ziegler said Interior Secretary Walter J. Hickel, Commerce Secretary Maurice Stans and Russell Train, chairman of President Nixon's environmental quality council, had talked with industry representatives.

The idea is to stop using phosphates, now used to remove dirt from clothes, which cause algae to grow unusually fast, thus clogging streams, using up the oxygen in the water and causing fish and other aquatic life to die.

Fire in the Coconut Grove, a Boston night club, killed 49 persons Nov. 28, 1942.

There is a little brown and white dog in the "Wiseman Avenue area that has been trying to nab for several weeks.

"Friday he tried again and failed, but at least he has a sense of humor about it all.

In the police blotter, the dogcatcher wrote, "I'm familiar with this pooch and he is hard to catch but I will persevere and remain undaunted and keep trying."

WITH MUCH OF the nation still "wintering," citizens of Anaheim, Calif. and vicinity turned out in numbers Sunday to watch the final exhibition game between the Dodgers and Angels.

The temperature hit 92 degrees during the afternoon affair. (UPI telephoto)

Mistaken Attack By Helicopter Results In 11 Dead, 30 Wounded

SAIGON (UPI)—A U.S. Army helicopter crew mistakenly attacked a government outpost Sunday killing 11 South Vietnamese and wounding 30. Near the Laotian border, government rangers reported killing 40 Communist in a drive to protect the Green Beret outpost of Dak Seang.

Military spokesmen said the South Vietnamese rangers, sent to the jungled highlands region 290 miles northeast of Saigon as reinforcements, fought the battle with the help of fighter-bomber strikes against an estimated Communist battalion near an artillery base five miles south of Dak Seang.

Government losses were seven killed and 34 wounded, spokesmen said.

Military sources said the accidental helicopter attack came about 60 miles south of Dak Seang when the crew of the chopper fired a hail of machine gun bullets and rockets into the South Vietnamese outpost in the Central Highlands.

Elsewhere in South Vietnam Sunday, U.S. forces fought two sharp clashes near the Cambodian border that killed nine Americans and wounded three while leaving six Communist soldiers dead. Another Communist unit lost 11 killed in an unsuccessful ambush on an American truck convoy near Pleiku.

Fighting flared around Dak Seang, an outpost seven miles from Laos held by native mercenaries and their American Green Beret advisers, last Tuesday night when Communist forces launched their biggest offensive since last August.

At least 27 Allied troops have been killed and 90 wounded in fighting around the camp since Tuesday night, military sources said, including at least one American adviser.

WASHINGTON (UPI)—The Soviet Union may recall its chief negotiator from the deadlocked Sino-Soviet border talks, according to diplomatic reports received here Sunday.

The possible recall of Vasily V. Kuznetsov, Soviet first deputy foreign minister and a former ambassador to Peking, would not mean the complete breakdown of the negotiations between the two antagonistic Communist giants.

But it would indicate that Moscow sees no immediate prospect of a breakthrough in these discussions, which opened Oct. 20 in Peking.

Agnew May Soon Get Personal Staff Of 39

WASHINGTON (UPI)—Vice President Spiro T. Agnew will soon be getting a staff of his own instead of having to borrow from agencies around town, if congress goes along.

According to House appropriations testimony made public Sunday, Agnew is seeking authorization for 39 staff members under the budget category of "special assistant to the President."

Agnew already has the staff members in his White House office, but they belong to and are paid for by agencies from which he borrows them, such as the National Space Council.

According to Budget Director Robert P. Mayo, Agnew could run into cases of divided loyalty in an individual assigned to another agency but working for him, and he thought the vice president "is entitled to have, I think, his own man, so to speak."

But Mayo said, "there is no attempt here by the vice president or by anyone else to build an empire."

The cost will be an estimated \$700,000 in the 12 months beginning July 1, with the top man getting \$42,500 a year, the same as Senators and House members.

Malaysian girls can't see engineering as a woman's profession, says Dean Timothy Chin of the University of Malaysia's Faculty of Engineering. He said not one girl has taken up the course since the faculty started in 1958 even though in his opinion "there are jobs in engineering which are suitable for women as well as men."

ARMS GRANTED BANGKOK (UPI)—The United States has given more than 23,000 M16 rifles to the Thai army to use against Communist insurgents, the U.S. Embassy announced Saturday.

**A Special Feature
Commemorating
National Want Ad Week**

JUST EXACTLY WHAT IS A WANT AD? Who uses them and why?

There are thousands of people every day throughout the world who find themselves who have great ideas for the product, product WANT AD world.

There are people who find it hard to find an interesting group. They are not one of those "mighty giants" and for this and you have to advertise in a classified section. But the family is so large that they have become one of the most popular ways of life. The only way to advertise in all the classified sections is to use a WANT AD.

Ask your neighbor about the million people of the world. Many have had WANT AD ads placed in all the classified sections. They will tell you that WANT AD is sold 10 or 12 times from all these cities and regions.

Behind every WANT AD there is a story to tell.

For example, it happens that you'll see a leader, working group, service and an engagement. You have a chance to be someone who can be used and could have a chance to be someone in the world for "best business."

There is no way through the list and I would rather you see some of the great ads for the reason of the "WANT AD" and you will see some of the best.

Many people tend to help wanted ads to find out what jobs are being offered and what jobs, even though they may not be considering changing their place of employment, thousands of new careers are being offered daily through the publication of these highly influential and widely read ads.

But the "jobs" classifications represent a small percentage of the ads appearing in a single issue of the daily paper.

The "most" place for everyone, without regard to income, community standing, race, color or creed, the small classified Want Ad, effectively reaches the people who are people with something to sell and those looking for something to buy.

As our families grow the constantly changing every day to use the widely varied ads appearing in each classification group. Quality appearing in an alphabetical sequence according to type of position offered or merchandise or service for sale or rent. The Want Ad pages are arranged similar to a large department store, with each department head indicating what can be found there.

WHAT IS A WANT AD?

REACH 72% OF ALL Magic Valley Families

Just one ad reaches 72% of all Magic Valley families the cheapest way. Advertising with your own personal "mighty giant" is the best way to reach the most want ad.

DEADLINES

Classified liner ads must be in by 11:30 A.M. the day before the ad is to run. Earlier deadlines apply to classified display ads measuring 10 inches or more.

Corrections And Cancellations

Corrections must be made before the second insertion. Allowance can be made for one incorrect insertion. Cancellations and corrections accepted until 11:30 A.M. day before publication.

PLACING YOUR AD!

Customer service is available at the Times-News Office, 100 West 1st Street, West, Open 8 A.M. to 5:30 P.M. Monday through Friday, 8:00 A.M. to 12:00 P.M. Saturday. Or phone 335-5931 or one of these Magic Valley Toll Free Numbers:

- Tel. 265-4643 Buhl, Castleford
- Tel. 265-4643 Burley, Rupert, Declo, Paul, Norland
- Tel. 265-4643 Wendell, Gooding, Hagerman, Jerome
- Tel. 265-4643 Arden, Hollister, Rogers, Jackpp, New

Do Want Ads work?

Do mice like cheese?

The answer to both questions is a roaring "yes!"

Why mice prefer cheese over all other types of food is something our two-legged creatures will never understand.

Why Want Ads work, at a lower cost and with greater effectiveness than any other form of advertising is easy to understand. It is because Want Ads provide a means to people communication, bringing buyers and sellers together.

If you've never used a Want Ad, you have a pleasant surprise in store for you.

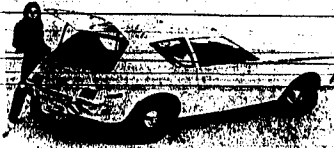

WITH PAD AND PENCIL, Norma Hansford lends a helping hand, or "ear" in this

case, to a Times-News customer placing a classified ad. At conversation's end, she

processes the ad and prepares the customer's statement.

Wills Used Cars

Comfort, convenience and maneuverability are key features of American Motors' new two-door subcompact Gremlin. Powered by a standard 199 cubic inch six cylinder engine or an optional 232 cubic inch six—both providing outstanding fuel economy—the Gremlin measures only a fraction more than 161 inches in overall length. It has an unusually short turning radius of 27 feet, 8 inches. Many options are offered, including air conditioning and a roof-top luggage rack. A rear lift gate is standard on the four-passenger Gremlin (shown here).

"YANKEE TRADER"

Dime-a-line SHOP-SWAP-SELL

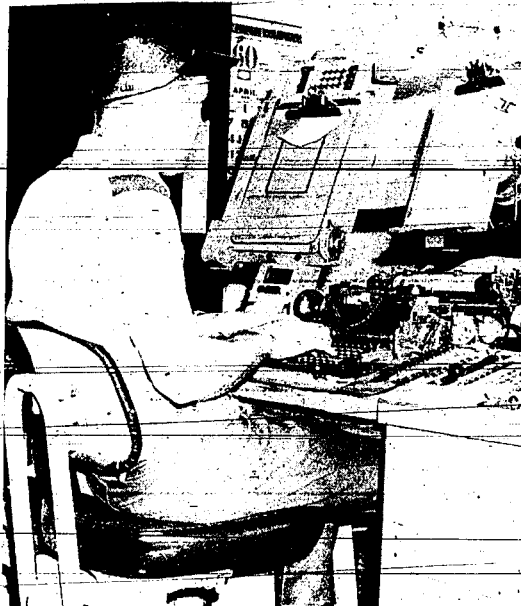

THIS MACHINE IS KNOWN as a Compu-graphic, which produces printed start-ups ready for placing on a sheet, which will be

photographed and turned into the final product, the finished metal negative placed on the press; Words are punched, in little dots, onto tape, and tape is fed through this

machine. Working quickly, the tape prepares a finished print. Ray Bush is seen here putting the perforated tape into the Compu-graphic.
