TWIN FALLS, IDAHO, THURSDAY, APRIL 9, 1970

VOL. 66, NO. 320

TEN CENTS

Food Stamps Due June 1

An agreement between Twin Falls County and the State of Idaho was signed Wednesday to initiate the U. S. Department of Agriculture food stamp program in the county as of June 1.

Twin Falls County Commissioners and Department of Public Assistance representatives signed the contract to provide food stamps to low-income families and individuals in the area. Commissioner Morris W. Carlson said it will be decided in the coming two months whether the county will

administer the program, issuing the stamps from county offices, or if the county will contract to banking establishments.

David Humphrey, county director for the local DPA office, returned this week from Boise where he has been working with stamp program officials. Meeting with commissioners Wednesday to sign the agreement were Mr. Humphrey and Wendon Nye, head of the USDA food stamp program for Idaho, and deputy administrative management

director for DPA. Mr. Nye is meeting with all counties in the Magic Valley area to explain the program and obtain agreements from county officials to establish the program.

Twin Falls is the first county in the state, Mr. Humphrey believes, to sign the agreement. He said other counties in the Magic Valley area will probably be going into the food stamp program about June 1, so residents of the local area will all have the same opportunity. If the administration is turned over to banking institutions, Mr.

Humphrey said, it would be possible to issue the stamps from several Twin Falls banks as well as those in Buhl and Kimberly for the convenience of persons in all parts of the county.

It is anticipated that around 1,500 families will come under the food stamp program at the beginning, and this number will probably increase as more persons become familiar with it, Mr. Humphrey said. Under the program, Mr. Humphrey explained, eligible low-income families or individuals may apply for partici-

ation at the DPA office. They will be issued a card of eligibility and may then purchase stamps once or twice each month up to a limit specified for their individual case.

These stamps, costing for example, \$25.50, can be spent as cash for all staple grocery items, but will bring something like \$45.00 or \$50.00 in buying power to the shopper. Allocation of stamp purchases will be calculated on an individual basis depending on the individual or family income, number of members in the family and other factors.

MISS WOOL OF CSI, Rhonda Miracle, daughter of Mrs. Esta Miracle, Twin Falls, is getting in the spirit of things in preparation for the CSI contest set for 8 p.m. April 20 in the music room of the Fine Arts Center. The contest, sponsored by the Peppercorn and the Idaho Woolgrowers, is open to the public. Quads at CSI who wear size 10 dresses, stand at least five feet, five inches tall, and are at least 18 years of age, are eligible to enter. Miss Miracle, who will live in Twin Falls this summer after attending

modeling school at Salt Lake City, said the contest will be more formal this year. Auditions for contestants will be held on the Sunday preceding the contest. Judges will be Mrs. Irene Link, Mrs. Helen Henderson and Mrs. Vonnie Wheeler. Entry blanks are available from Dr. Adele Thompson, dean of women, CSI. Miss Miracle is shown here posing at one of the Noh Sheep Co. camps near Berger. Mrs. Laird Noh is chairman of the fourth local contest. (Photo by Dan Johnson)

Rail Pact Written

By United Press International

Labor action centered in the nation's capital today. Congress Wednesday enacted the first government-imposed contract settlement in the nation's history designed to bring peace to the railroad industry and seemed certain to pass a bill providing 6 per cent pay hikes for 5.6 million federal employees including postal workers and servicemen.

Washington also was the scene of intense behind-the-scenes talks aimed at finding a suitable amnesty formula to end the 11-day air traffic controllers' slowdown. The House and Senate disregarded labor's opposition and passed legislation forcing acceptance by the sheet metal workers of a contract reached by four railroad shopcraft unions with the nation's railroads Dec. 4. President Nixon was expected to sign the measure quickly, possibly today.

The \$2.5 billion federal pay raise bill moved to the House from the Senate where it was approved by a lopsided 84 to 1 vote Wednesday. Congress plans to start work next week on other provisions including an additional 8 per cent pay increase for postal workers only and a postal reform bill.

The walkoff instituted by members of the Professional Air Traffic Controllers Organization has begun to affect other employees of the air transport industry. United Airlines said it has been forced to cancel 175 scheduled flights and has started layoffs of workers that may go into the thousands.

Candidate Eyes 'Common' Fete

ATLANTIC CITY, N.J. (UPI)—A congressional hopeful today announced plans for a \$1-a-plate dinner Friday at a hamburger stand for "the common man whom everybody talks about but seldom recognizes."

Charles M. Yeager, a Democrat, said his dinner with the same night as the \$50-a-plate hotel dinner of incumbent Rep. Charles Sandman, R.N.J. "The Republicans will meet in an ultra-expensive hotel dining room at a price far above what the average citizen could afford," Yeager said. "I think we'll have a lot more fun at our affair than the Republicans will have at theirs."

Backup Astronaut Tests Skills For Moon Flight

CAPE KENNEDY (UPI)—Backup astronaut John L. Swigert practiced with two thoroughly rehearsed prime crewmen today to see if he can step in at the last moment to fly the Apollo 13 command ship to the moon Saturday in place of Thomas K. Mattingly.

The U.S. Space Agency is considering substituting Swigert for Mattingly in order to avoid a one-month delay of the \$75 million moon mission now scheduled for a 2:13 p.m. EST blastoff. Mattingly is grounded because of his susceptibility to German measles. A decision on the last-resort switch is expected Friday.

Adding an additional threat to the launch schedule is the prediction of considerable cloudiness and a chance of rain at flight time.

Project officials said they would give much weight to Swigert's performance of the demanding command module pilot's tasks in rehearsals with James A. Lovell and Fred W. Haise that got underway only two days before launch time. "But the officials also must consider the psychological feasibility of substituting a backup astronaut for a fully trained prime crewman, so close to blastoff in order to avoid a delay in the mission until May 9 at a cost of \$800,000.

Swigert, a 38-year-old civilian who has never flown in space, was given a briefing by Mattingly on intricate phases of the 10-day mission in a small office of the crew training building at the spaceport. By mid-morning he was inside a spacecraft simulator starting the workout with Lovell and Haise.

At the launch pad, the countdown went ahead smoothly following the end of a 16-hour planned rest at 4 a.m. EST. The lunar module's helium tank was filled and liquid oxygen and hydrogen were being put aboard the command ship to fuel the craft's fuel cell generators.

T.F. Legislators Announce Campaigns For Re-Election

Twin Falls County's six legislators announced today they will be candidates for re-election this fall. All are Republicans. They said they were announcing their decisions jointly, but added that each would conduct his own campaign for the August primary nominating election, and in the election, if they get voter approval in the primary.

Although there are six, only three have taken out candidacy petitions from the Twin Falls County courthouse. However, the filing deadline is May 7 and the deadline to pick up petitions is May 1. Running for re-election from District 23 are Sen. Richard S. Hill, Rep. Ray Lincoln and Rep. Jack D. Claiborn, all of

Twin Falls. Running for posts in District 24 are Sen. John Barker and Rep. William Roberts, both Buhl, and Speaker of the House William J. Lanting, Holliester. Sen. High is chairman of the Senate Finance Committee and serves on the Irrigation and Resources Committee and is also co-chairman of the Permanent Legislative Fiscal Budget Committee. Rep. Hancock is chairman of the Counties and Municipalities Committee and a member of the Resources and Conservation and State Affairs Committees. Rep. Claiborn is chairman of the Agricultural Affairs Committee and a member of the State Affairs Committee.

Sen. Barker is assistant majority leader and serves on the Education, Health and Judiciary Committee and a member of the Legislative Council. Rep. Roberts is ranking member of the Appropriations Committee and a ranking member of the Transportation and Defense Committee and serves on the Permanent Legislative Fiscal and Budget Committee. Rep. Lanting serves as Speaker of the House and is co-chairman of the Idaho Legislative Council and also serves on the special Fire Negotiating Committee.

Each man said they will have individual announcements to make to the public at a later date.

Child Unit Funds Are Allocated

WASHINGTON (UPI)—Rep. Orval Hansen and Sen. Len S. Jordan, both R-Idaho, announced Wednesday the Department of Health, Education and Welfare released funds to help pay salaries of the professional and technical personnel needed to staff south central child development centers in Twin Falls and Minidoka counties. The grant of \$28,989 was awarded to the Social and Rehabilitation Services Division of Mental Retardation, Idaho Department of Health, and will be administered by Dr. Terrell O. Carver.

Gov. Kirk Ousts Board To Avert Integration

BRADENTON, Fla. (UPI)—Charging malfeasance and inefficiency in office, Gov. Claude Kirk Wednesday night again suspended the Manatee County School Board, just hours before it was to implement school desegregation ordered by a federal judge.

Kirk, who has vowed to take to the Supreme Court the issue of busing to achieve school integration, thus indicated he would defy an order by U.S. District Court Judge Ben Kratzman that schools for the county's 17,000 students be desegregated today. The governor first suspended the county's school officials Sunday. But it appeared this

time it would stick. School Board attorney Robert Scott said Kratzman apparently "orally modified" his earlier desegregation order to the school board and would hold responsible whoever was running the schools.

It was believed the issue would continue to simmer until all the parties in the case appear before Kratzman Friday. Kirk has been ordered to show cause why he should not be held in contempt of court and all the school officials also will be there. Kirk has not said definitely he would be in Tampa Friday or here today.

Gas Leak Known At Blast Site

OSAKA, Japan (UPI)—Osaka police said today a possible gas leak had been reported at a subway construction site three days before a series of explosions that killed 23 persons and injured 222 Wednesday night. But they said gas company employees had not taken action.

The explosion of a 20-inch gas main and a series of explosions throughout the neighborhood swept a huge area with fires that reminded Japanese of the U.S. B29 fire raids in the closing days of World War II.

Arabs Vow 'Revenge' For Attack

By United Press International

Cairo vowed revenge today for the deaths of the 30 school children it said were killed in an Israeli air strike. Defense Minister Moshe Dayan of Israel said the Egyptians have only themselves to blame. Egypt said a six-room school was wiped out. "If there were casualties of school children in the bombing," Dayan said, "then it can only be assumed the Egyptians established a school or kept children in a part of the military installation, in several of its rooms or in one of its floors, and in so doing imposed on themselves a serious responsibility." "This, in my opinion, is highly irresponsible."

Dayan showed a news conference aerial photographs of the target hit Wednesday in the Israeli air strike 20 miles into Egypt and asserted again it was a military camp—several buildings ringed by foxholes.

From Cairo, the Voice of Arabs vowed "certainly this crime will not go unpunished" in referring to the Egyptian claim 30 children and a teacher were killed in the bombing.

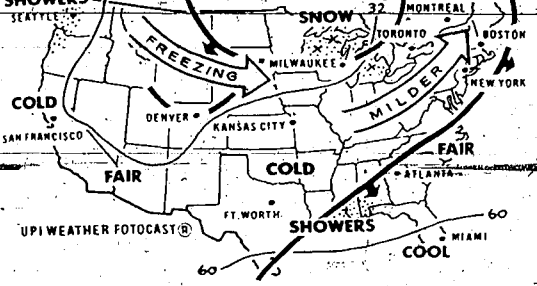

The fighting cost the South Vietnamese 754 dead and 1,716 wounded, double the previous week's losses, and killed 3,336 Communist troops, an eight-month high.

Commissioner Carlson Won't Seek Re-Election

Thursday, April 9, 1970 Twin Falls, Idaho 3

Twin Falls

Morris W. Carlson, Filer, who has served as Twin Falls County Commissioner from the first commission district since 1964 has announced he will not be a candidate for reelection this fall.

In December, he will complete six years on the three-man county board, having been elected on the Republican ticket. Mr. Carlson served as chairman of the commission for nearly two years, accepting the position in 1965 after the death of Chairman Warren W. Lowery.

During his tenure as a county commissioner, Mr. Carlson has maintained an interest in county, state, and national matters. He served one term as president of the Idaho Association of County Commissioners and Clerks, and is currently a member of the Governor's Comprehensive Health Planning Committee.

In announcing plans to end his duties as a county commissioner, Mr. Carlson said:

he continues to hold interest in local and state matters, but has made no decisions as to future political plans.

He said he feels more citizens should be given the opportunity of serving in public office and would lend his support to any qualified candidate from the first commission district. Mr. Carlson said there are a number of well-qualified citizens who could serve the county well in the capacity of county commissioner.

A number of major projects have been accomplished by the county commissioners during Mr. Carlson's six years on the board. He has worked with other members in such programs as the county and city airport improvement, the Clear Lakes Bridge near Buhl which was accomplished with county and highway district efforts, and the county's water service and others.

Little Theatre Cast Selected

Selection of a cast for the May production of the Little Theatre Group of Magic Valley was announced Wednesday by Helen Gee, director.

The play, "Sight Unseen" will have a cast of 11 persons and will be presented May 27, 28, 29 and 30 in the round in the Y.M.C.A. building in Twin Falls.

Those selected include Marilyn Powell, who will play Ella; Kirk Ramsey; Mat

Ronda Miracle, Lady Judas; Jay Burke, Mr. Hawk; Dwight Harvey, Henry; Phil Windstrand, Archie; Mary Baun, Lady Hortense; Bob Harvey, Brig. Gen. Elliott; Venetta Burke, Pegelope; Mrs. John Breckenridge as Mrs. Malone, and Deanna Pierce as Miss Potter.

Miss Gee said rehearsals will begin Monday night in the Episcopal Church.

Morris Carlson

In another part of today's Times News there is a story which relates the fact Morris Carlson, Filer, announces he will not be a candidate to succeed himself as County Commissioner from the First Commission District of Twin Falls County.

The announcement, as far as we are concerned, is met with mixed emotions. Naturally, we believe that Mr. Carlson has every right to not run for that office if he doesn't want to. He has served since 1965 and at the Commission job that's a long time in—as the saying goes—"blood, sweat and tears."

But, frankly, we hate to hear of his decision to step aside. The County Commission team has worked well together. We realize that the road for the three Commissioners was not always a smooth one. Sometimes tempers flared when there were differences of opinion. But, in the end everything seemed to work out for the best and the job was done.

statement is not made with the idea of taking anything from any other member of the Commission. A little friction, a little disagreement, a little hesitation before coming to a decision worked well with Mr. Carlson in the past he has held for five years.

He is to be complimented for his actions during his term of office, for the decisions he made during that time—and this is important—for his ability to still "go along" even though at times he was outvoted.

Like we said, he has every right to make up his mind and decide not to run.

However, we would encourage him to consider his value to this county in some sort of public office. Frankly, we hope his decision to leave the Commission when his present term is up does not mean he will leave politics. He could well fit into a number of county elective offices.

We hope that his decision to leave the Commission means only that he needs a change of scenery—not a complete withdrawal from public life.

The county has need of citizens with his knowledge, his determination and his ability.

WASHINGTON — In the matter of President Nixon's appointment of the distinguished G. Harrold Carswell to the Supreme Court, a reckless thought intrudes: Is all this racketry yakk about social relations between whites and blacks becoming a crashing bore?

It is a thought produced by the tea pot tempest over what seems to be uncontrovertible evidence that Judge Carswell was an incorporator of a segregated Florida golf club

swell, of course, was less than candid about it. He first denied he was an incorporator or an officer of any description, then said maybe he was, and then

candidate for a post of the utmost sensitivity, invites at least criticism. Besides, he's not much of a judge, which should be the all-important consideration.

That having been said, I decline to join the shrill chorus which denounces Carswell for having belonged to a private club which barred Negroes. Such private clubs were a part of Dixie's way of life in distant 1856. For that matter, they still

prestigious, and rather stuffy, Metropolitan Club would admit me to the premises.

Yet the myth of social egotism persists, and the complaints about those who talk in its pursuit. Thus we have a letter to the Washington Post from Roger Wilkins, Negro, and former director of the Justice Department's Community Relations Service, reporting sadly on the recent dinner of the exclusive, journalistic Gridiron Club.

With the exception of Mayor Walter Washington, whose office apparently won him a place at table, Wilkins noted that he was the only black at the affair. If so, I guess that was too bad, especially since the Gridiron membership includes some newspapermen who are vigorous crusaders for equality.

But I don't know what Wilkins expects anybody to do about it. Like Carswell's little social refuge, the Gridiron's door bears the message "Private—Keep Out." No one is admitted to membership or to dinner without an invitation. Such a policy may be considered presumptuous and snooty, and obedience to the caste system which purports to be casteless. But no public accommodation law says the Gridiron may not pretend to be a little better than the common herd.

Carswell was not very bright in quibbling about the facts of his membership in that golf club. He should have told the Senators yesir he was an incorporator the first time he was asked about it. There might have been tongue-clucking among the Yanks, but the judge could always have inquired of Teddy Kennedy how many Negroes he hung around with when he was matriculating at the University of Virginia Law School.

THE LAST MILE

Clean Air

London without a fog or smog covering would be about like Los Angeles without the same. Except that in the British city it is happening. A dozen years ago, London must have ranked as one of the dirtiest cities in the world, if not the record holder.

Over the years city officials had been trying to do something about their polluted air, but on a hopelessly minuscule scale. Then, in 1952, a thick killer fog descended on the city and did not lift for three days. It was so thick pedestrians could see only a few feet in front of them, and vehicular traffic was virtually stalled.

In the week which followed the fog was blamed for 4,000 deaths,

and thousands more in the next few months. The disaster was the beginning of the end of serious air contamination in London. Within a few years a clean air act gave strong powers to both the central ministry of housing and local government to move against polluters, both industrial and residential.

The results are apparent. London today has 122 more hours of sunshine than it did one decade ago. Shrubs, trees and flowers which once could not survive in the dirt filled air have returned. The famous architectural gems of the city have been cleaned and glisten with a brightness viewers have not been privileged to see for many years.

ART BUCHWALD

Impossible Dream

WASHINGTON — I was in New York the other day and took a ride with a friend of mine in a taxi. When we got out of the cab my friend said to the driver, "Thank you for the ride. You did a superb job of driving."

The taxi driver was stunned for a second. Then he said, "Are you a wise guy or something?"

"No, my dear man, and I'm not putting you on—I admire the way you keep your cool in heavy traffic."

"Yeah," the driver said and drove off.

"What was that all about?" I asked.

"I am trying to bring love back to New York," he said. "I believe it's the only thing that can save the city."

"How can one man save New York?"

"It's not one man, I believe I have made that taxi driver's day. Suppose he has 20 fares. He's going to be nice to those 20 fares because someone was nice to him. Those fares in turn will be kinder to their employees or shopkeepers or waiters or even their own families. They in turn will be nice to other people. Eventually the good will could spread to at least 1,000 people. Now that isn't bad, is it?"

"But you're depending on that taxi driver to pass your good will to others."

"I'm not depending on it," my friend said. "I'm aware that the system isn't foolproof. I might deal with 10 indifferent people today. If out of 10, I can make three happy, then eventually I can indirectly influence the attitudes of 3,000 more."

"It sounds good on paper," I admitted, "but I'm not sure it works in practice."

"Nothing is lost if it doesn't. It didn't take any of my time to tell that man he was doing a good job. He neither received a larger tip nor a smaller tip. If it fell on deaf ears, so what? Tomorrow there will be another taxi driver whom I can try to make happy."

"You're some kind of a nut," I said.

"That shows you how cynical you have become. I have made a study of this. The thing that seems to be lacking, besides money of course, for our postal employees is that no one tells people who work for the post office what a good job they're doing."

"But they're not doing a good job."

"They're not doing a good job because they feel no one cares if they do or not. Why shouldn't someone say a kind word to them?"

We were walking past a structure in the process of being

built and passed five workmen eating their lunch. My friend stopped. "That's a magnificent job you men have done. It must be difficult and dangerous work."

"The five men eyed my friend suspiciously."

"When will it be finished?"

"Just a man ground."

"Ah! That really is impressive. You must all be very proud."

We walked away. I said to him, "I haven't seen anyone like you since 'The Man of La Mancha.'"

"When those men digest my words, they will feel better for it. Somehow the city will benefit from their happiness."

"But you can't do this all alone!" I protested. "You're just one man."

"The most important thing is not to get discouraged. Making progress in a city becomes kind of a never-ending job, but you can enlist other people in my campaign."

"You just winked at a very plain-looking woman," I said.

"Yes, I know," he replied. "And if she's a schoolteacher, her class will be in for a fantastic day."

"Among the reasons he cited the 'enormous progress' made in recent years in overcoming leukemia. It is now possible, Rooney pointed out, to 'gain complete though temporary remission in more than 90 percent of the cases in one form of leukemia. And what has been learned in the treatment of cancer cells in leukemia is now being used against solid cancers."

Similarly there is equally great hope in the immediate future in viruses which are now known to cause cancer in animals.

"This year we are stepping up the research program in viruses," declared Rooney, "but there is urgent need to do great deal more. We should have a vaccine and be able to prevent some types of cancer as we do smallpox, measles and poliovirus."

It's entirely a question of determination and the application of medical resources, Rooney held. If we can develop an atomic bomb and send men to the moon, then we can evolve a cure for cancer.

"What I am proposing," said Rooney, "is that we do as much in cancer as we did in the money, suffering and loss of nuclear and space fields."

GEORGE C. THOSTESON, M.D.

Brown Spots

Dear Dr. Thosteson: What does a cancerous mole look like, symptoms, treatment, etc.? I had a small raised mole that rubbed off, and now there is a small hard lump there. I can't help worrying about it.

Most moles are innocent. The potential to develop moles exists from birth, but it may take 20 years or more before they appear, which explains one thing that puzzles many readers.

There are other things that resemble moles but are not. Flat, brownish areas that can appear on the face and the backs of the hands as we grow older. I'll discuss them after trying you some clues on moles.

There is no way the patient can decide for himself whether a mole is cancerous. A physician may or may not be able to do a definite check on the basis of looking at a mole—but whenever one has suspicious signs, a study under the microscope will give a positive answer.

Moles are so common—virtually everybody will have at least one, perhaps very many—that it is out of the question to have all moles examined. There wouldn't be much point in it.

Here are the situations that should send you to the doctor for further investigation:

Any mole that changes in color or shape.

Any mole that bleeds without apparent cause.

Any mole that is subject to repeated irritation—that is, chafed by belt or bra strap or nicked when shaving.

The safe thing is to remove moles in such locations instead of waiting to see whether they may become cancerous.

Removal of ordinary moles is simple. Once it has become cancerous, removal is not so simple.

Some authorities believe any mole on the palm of the hand or sole of the foot should come off.

Most moles are brown; black moles are more worrisome, are flat, brownish areas that can appear on the face and the backs of the hands as we grow older. I'll discuss them after trying you some clues on moles.

There is no way the patient can decide for himself whether a mole is cancerous. A physician may or may not be able to do a definite check on the basis of looking at a mole—but whenever one has suspicious signs, a study under the microscope will give a positive answer.

Moles are so common—virtually everybody will have at least one, perhaps very many—that it is out of the question to have all moles examined. There wouldn't be much point in it.

Here are the situations that should send you to the doctor for further investigation:

MR. SPECTATOR

In The Easy Chair

As that time of year approaches when men begin to rouse themselves from their easy chairs, stretch a bit and wonder if it isn't time to begin getting back in shape after the winter hiatus from exercise, is a good time to remind the not-so-young-as-they-used-to-be age group to take it easy on unaccustomed exercises.

LI. Col. Kenneth H. Cooper, a United States Air Force physician, may be unknown to most persons, but he is the man generally credited with beginning the jogging craze which has been gaining in popularity in recent years. Millions of Americans are now members of the jogging club with varying degrees of regularity.

Dr. Cooper, perhaps somewhat awed by what he started and concerned that some persons may be engaging in exercises too strenuous for their physical conditions, has issued a set of guidelines. They are common sense rules, but the kind easily overlooked by the flabby individual who has decided the time has come to overhaul his physical condition.

The first of the guidelines is the most important. Everyone should have his doctor's approval before adopting an exercise regimen. Warm-up and cooling-off periods before and after exercises are important. For those considering jogging after years of not using the leg muscles for anything more strenuous than operating automobile pedals, walk before you run and build up endurance gradually.

"The progressive principle is extremely important," the physician warns, "to protect against a cardiovascular accident and, to properly condition the muscles and joints."

SPRING SONNET

Ah, Spring! So long we've waited for thy coming.

So long endured the winter's icy blast.

The wind, so cold and ruthless, froze the plumbing.

And piled up snowdrifts, closing highways fast.

So long we've watched the neighbor's children's snowman With sturdy broomstick gun in grim salute;

But now at last he wails, he weeps, his Roman Nose still, he falls. None cares a hoot.

For see! There perched in yonder budding locust A robin, his rosy feathers all aflutter,

And neigh that window, brave and gay, a crocus,

While pussy willows burst in furry puff.

Best sight of all, foraythia's golden bells,

For sure the turning of the season tells.

Ethlyn Walkington

GIVEAWAY DEPT.

We have two Siamese kittens, seven weeks old, to give away. Actually they are half Siamese but look like the real thing. Don't know if they are boys or girls so take your choice. You can get them at 268 West Heyburn or can inquire about them by telephone at 733-9180.

Want to give away two nice black cats. They are good mousers and are nice pets! Call 733-2611 for directions.

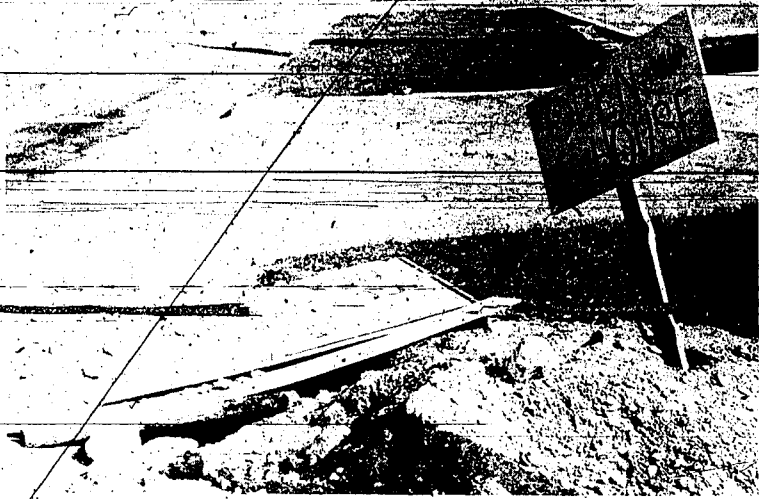

Crews Begin Installation Of Long-Awaited Traffic Signal

Footings for the long awaited traffic signal light on Falls Avenue and Blue Lakes Boulevard North, U. S. Highway 93 are being poured; State Highway Engineer Howard Johnson reported Wednesday.

Keith Anderson toured Falls Avenue Wednesday morning to finalize plans for a joint improvement on Falls Avenue East which is a joint boundary between the city and the Twin Falls Highway District.

Falls Avenue West also was inspected, as it will transfer from county jurisdiction to city under the recent annexation program. Mr. Milar said work

is scheduled as soon as weather permits on paving the remainder of Falls Avenue between Blue Lakes Boulevard and Washington Street, and the sections east and west

EXCAVATION HAS BEGUN at the intersection of Falls Avenue and Blue Lakes Boulevard for mounting of traffic signal lights at the busy intersection. The project is jointly sponsored by the city of Twin Falls and the Idaho Department of Highways as it involves U.S. Highway 93. Poles have been purchased by

the state and state crews will make installation. They estimate it will be completed within 30 days. Someone transplanted an "open house" sign from the intersection pointing to the excavation.

The project is a joint one between the Department of Highways and the City of Twin Falls. Signal control units, furnished by the city have been here since early winter but installation has been held up because of difficulty in getting the poles. Mr. Johnson said Wednesday the poles have now arrived and will be installed as highways crews have time.

Mr. Johnson said the lights for onrctrol on the intersection leading to the College of Southern Idaho Campus is badly needed and should be installed within the next 30 days.

At the same time, City Manager Jean Milar and Twin Falls County Highway Engineer

Survey Explores Drug Issue

BOISE — Eight out of 10 Idaho parents interviewed believe there is a drug problem among students in Gem State schools and colleges, a report from J and A Research of Boise indicated today.

The questions, with percentages of answers are: "Do you think there is a drug problem among Idaho students in public schools through college?" Yes, 85 per cent, no, three per cent and don't know, 12 per cent.

"To the best of your knowledge have your children been offered marijuana or other drugs from students at school?" Yes, 13 per cent, no, 75 per cent and don't know, 12 per cent.

"Have your children discussed drugs with you?" Yes, 67 per cent, no, 27 per cent, and don't know, six per cent.

Retired People Schedule Meet

Retired persons of the Twin Falls area or those 55 years of age or older are invited to attend a meeting of the local chapter of American Association of Retired Persons April 15 at the Bishop Rhea Auditorium, 210 Blue Lakes Blvd. N.

Of those interviewed, two thirds said they believe their children have not been offered drugs at school.

Interviews were taken in Boise, Lewiston, Blackfoot, Moscow and Twin Falls.

School Calendar For T.F. Reported

School will start on Aug. 31 for the 1970-71 school year in Twin Falls, running until May 28, 1971, according to the school calendar adopted by trustees of the school district.

The calendar calls for teachers to meet on Aug. 28, a Friday, at O'Leary Junior High School for general faculty meetings and unit discussions. Classes will begin the following Monday, Aug. 31.

Early holidays will include Sept. 7, Labor Day, and Sept. 10, Twin Falls Day and the Filer Fair. School will be dismissed the full day both days.

Response Urged From Former Winners Of Eagle Scout Badge

Response from men who have earned the Eagle Scout Badge has been slow and Scout officials are urging all former Eagle Scouts to contact the Council Service Center in Twin Falls as soon as possible.

Officials of the Snake River Area Scout Council are trying to locate all former Eagle Scouts and get them to attend the Eagle Scout Recognition banquet at the Ponderosa Inn at Burley April 17.

The dinner is held to honor everyone who has earned the rank of Eagle Scout, young and old.

So far only about 10 men have answered Scout officials' pleas, and it was reported there must be several hundred men in the area who at one time in their life

earned the rank of Eagle Scout. The featured speaker at the banquet will be Earl Nightingale, a radio commentator and writer.

FILER'S KEY CLUB members turned out for an afternoon of painting at the Filer City Park. The base coat of white paint was

"Oldest Heater" Is Found

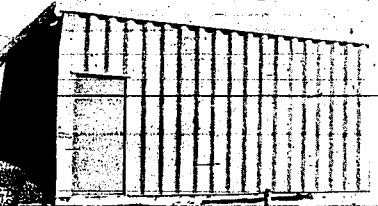

Idaho Power Company announced today that Royce Darling, 326 W. 7th, Jerome, won first prize in its "Old Water Heater Round-Up" contest in the utility's southern division.

Darling will receive a new 52-gallon, flameless electric water heater installed in his home, according to J. W. Coryell, division marketing manager.

Other contest winners were Mrs. Joe Lete, 518 N. 3rd, Bellevue; second, portable television set; Mrs. Wilbur Quigley, Route 2, Buhl; third, deluxe electric fry pan; and Mr. Thomas Doolin, Murtaugh, fourth, deluxe electric steam iron.

Entries were judged on water-heater age and written comments completing the sentence, "I think we have one of the oldest electric water heaters around because..." in 25 words or less.

Judges were Jim Ruge, M & Y Electric; Ed Cook, Blacker's; and Mervin Randall, Greenawalt's, all of Twin Falls.

A NEW BEHLEN steel building has recently been erected at the Filer City park to house restroom facilities and drinking fountains. Joe Taylor and Clyde Smith installed the lighting and plumbing and the building was erected by Schutte brothers.

Almanac

By United Press International
Today is Thursday, April 9, the 99th day of 1970 with 266 to follow.

The moon is between its new phase and last quarter. The morning star is Jupiter. The evening star is Mercury, Venus, Mars and Saturn.

On this day in history:
In 1865 Gen. Robert E. Lee surrendered to Gen. Ulysses Grant at Appomattox Court-house in Virginia.
In 1940 Germany invaded Denmark and Norway.
In 1963 the U.S. submarine "Thresher" sank 220 miles east of Boston. All 129 crewmen were lost.

Exams Slated For Academies

Idaho Sen. Frank Church said Wednesday that competitive examinations for appointment to U.S. service academies will be given in Idaho on July 7.

Sen. Church said young men interested in taking the examinations to write him immediately. The exams, given by the Civil Service Commission, will be the only basis for the Idaho Senator's nominations to the military, Navy Army, Navy, Air Force and Merchant Marine academies for classes beginning early in the summer of 1971.

Applicants will be notified where to take the exams, which will be given in all the major cities of the state.

Police Asked To Find Youth

Twin Falls police have been asked to look for Russell E. Fuhrman, 18, who disappeared from the Utah State University campus last January.

The request to Twin Falls police was made by Logan police officers. Similar requests are being sent to other cities in the Northwest.

The youth, a student at the university, is five feet seven inches tall and weighs 140 pounds. He has brown hair and brown eyes.

Anyone who might know where the youth may be located is urged to contact the Twin Falls Police Department.

Stymies Theft

KINGSTON, England (UPI)—Britain's Automobile Association is reviewing procedures followed by emergency crews on the road after a complaint from a detective's wife.

Mrs. Bryan Anderson said she returned to her car to find an association crew helping a young man, apparently intent on theft, start it. He ran away when she asked what they were doing.

Sewage Sprayed

MADISON, Wis. (UPI)—Oscar Moyer and Company, the meat packing firm, is installing a mile-long deodorizing spray system to ring the filter and lagoon areas of its sewage treatment plant.

The spray system will dispense a fragrant mist to neutralize odors that persons who live near the plant have complained about. Only one of the six fragrances—new mown hay, lilac, cinnamon, carnation, citrus mint and bouquet—will be introduced into the system each day.

SUSAN WAITE **PEGGY HENDRICKSON**
are the scholastic leaders of the Hagerman High School graduating class. Miss Waite, daughter of Mrs. Bernus Waite and the late Wayne J. Waite, is valedictorian, while Miss Hendrickson, daughter of Mr. and Mrs. Glenn Hendrickson, is salutatorian. The girls have grade point averages of 96 and 95 per cent.

Hagerman Senior Class Leaders Are Two Girls

HAGERMAN — Two girls have been named scholastic leaders for the 1970 graduating class at Hagerman High School. Susan Waite has been named valedictorian and Peggy Hendrickson, salutatorian.

Miss Waite is the daughter of Mrs. Bernus Waite and the late Wayne J. Waite. Holding a 96.63 grade average, she has been active in pep club holding the offices of president, vice president and treasurer; student body secretary, freshman class president, junior class vice president, FHA chapter vice president and FHA District IV historian. She is also a member of the annual staff, the paper staff and the National Honor Society.

In her junior year, she received the scholastic award and the citizenship and personal growth award. She is also a first place winner in the high school Science Fair, and State FHA convention for having the best district historian scrapbook.

She holds the junior and chapter degrees in FHA, was selected December's Girl of the Month and is included in Merit's "Who's Who Among American High School Students, 1969-70." She is a member of the LDS Church.

Miss Hendrickson is the daughter of Mr. and Mrs. Glenn Hendrickson and holds a 95.85 grade average.

In her four years of high school she has been active in Pep Club, drill team, band, of which she has served as secretary, librarian and student director; freshman class representative to the student council; and a three year member of the National Honor Society, annual staff and chorus.

She has also served as secretary and treasurer of the local chapter of Future Homemakers of America. For the past two years she has been a varsity cheerleader and a member of the H-Club. She was a delegate to Spryngs Girls' State and a delegate to the United Nations Pilgrimage for Youth to New York City. She was first runner-up in the Gooding Co. Jr. Miss Pageant, she is a member of Job's Daughters, Bethel No. 45 and was chosen girl of the term. Recently she was named to Merit's "Who's Who Among American High School Students, 1969-70."

A member of the Reorganized LDS Church, she is presently serving as music director.

Honor Unit Initiates 20 At Wendell

WENDELL — Nine seniors and 11 juniors were initiated into the Wendell Chapter of the National Honor Society in a formal ceremony recently.

Approximately 30 people attended the evening program conducted in the high school library, according to Mrs. Ellen Cox, advisor.

The initiates who entered the chapter at the first semester were seniors Linda Harrie, Cherie Hobbey, Jille Hans, Louise Gunning, Jeri Matkin, and sue Stockham. Juniors include Suzanne Francis, Chris Hagerman, Valaune Peterson, and Pat Schoel. Initiates for the second semester were seniors Gary Anderson, Craig Hope, and Sheila High. Juniors admitted were Chris Bertus, Doug Schrank, Janice Haggithorn, Vikki Pepper, Loy Ann Casper, and Earl Jones.

Carryover members from last year are Clive Strong, president; Bill Eaton, Sandra Freeman, Maureen Francis, and Janice Huff.

Mrs. Cox spoke briefly on the history and gave a summary of the organization of the society. Clive Strong, Bill Eaton, and Sandra Freeman presented the program. Maureen Francis introduced the initiates and their families.

Senior members hosted a social under the direction of Mrs. Cox.

Nampa Driver Is Fined \$100

WENDELL — Charles Curtis Lee, Nampa, was fined \$100 by Justice of the Peace Adeline Hiltre for drunk driving and was sentenced to 10 days in jail.

The charge resulted from an accident Monday afternoon on the Clear Lakes Gravel when the 1964 Rambler station wagon was driving collided with a 1964 Ford pickup truck driven by Clinton Blackwood, Fillet.

Population Pressures? They Are Unheard Of In Lincoln

SHOSHONE — While parts of the county are concerned with the ever increasing population, Lincoln county has fewer residents than it did 20 years ago.

According to a report presented at the Lincoln County Planning Commission this week, the county's population has dropped from 4,200 in 1949 to an estimated 3,200 in 1968. In 1950, the time of the last census, Shoshone had 4,116 people. Richfield, 324 and Dietrich 118. This was a 13 per cent decline from 1950, reports Mrs. Arthur Pierce, commission secretary.

The three reports approved by the commission were one on water prepared by Floyd Kisting, people by Elizabeth Armstrong and public and semi public improvements, by J. Lindell Cooper.

Under the report on people, Lincoln county ranks 36th in rural farm income, according to the U.S. Department of Commerce Bureau of Statistics.

A detailed report on facilities of the county school systems and housing data is included in Mrs. Armstrong's report.

Problems listed under the "people" report include loss in population, particularly youth who move away for work, lack of good quality farm laborers, lack of adequate vocational educational opportunities, administrative costs, low income, lack of adequate rental property with recommendations or opportunities listed as "consolidation of schools," construction of adequate rental housing, refurbish deteriorating housing, destroy delapidated housing, modernize the business district, and a county-wide cleanup and

beautification campaign.

In reporting on the water resources in Lincoln county, Mr. Kisting noted problems of flooding, natural stream channels being restricted by excessive vegetative growth in the channels, not adequate irrigation from Magic Reservoir and American Falls allotments in some instances, decreased watershed ability to hold back runoff water due to the lack of sufficient perennial grass ground cover, lack of recreational and fish and wildlife water and quality of water.

Opportunities include possibility to store water on the Upper Big Wood for a sustained minimum flow below Magic between irrigation season to improve the fishing habitat below Magic Reservoir, additional land that could be irrigated from potential water storage on the Upper Big Wood River, additional lands could be irrigated by underground water, peak runoff could be reduced by improving the

rangelands, improvement in irrigation systems, opportunity to install gravity sprinkler systems, adequate underground water and plenty of water for commercial needs of the future.

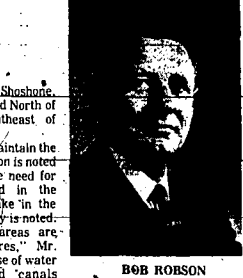

The public and semi-public improvements covered under Mr. Cooper's report shows the railroad assets in the county, highways of which there are 101.6 miles of state and federal highways in the county on four major highways that form a network across the county; Airport facilities, at both Shoshone and Richfield, electrical service from Idaho Power Co., with a 46 kilowatt transmission network furnishing power to four substations which reduce the voltage to 12.5 K.V. for distribution to customers.

Natural gas services to Shoshone as well as telephone service to approximately all of the county, with 1,000 telephones in the county, lack of sewage facilities for Shoshone, Dietrich or Richfield, adequate municipal water systems for all three communities, form the drilled well now in use; need for improved sanitary land fills that meet the State Health Standards in the county, with

Men Appear

WENDELL — Raymond C. Bonders was released on \$100 bond by Wendell Police Judge G. D. Pierce when he appeared on a charge of assault and battery. He requested legal counsel.

Darven Greenfield, who also appeared on a similar charge, was fined \$100 and sentenced to 30 days in jail. He was released on parole after serving three days.

BOB ROBSON

Attorney Seeks GOP Nomination

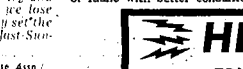

BOISE — Atty. Gen. Robert Robson announced today his intention to seek the Republican nomination for re-election to the post.

A native of Idaho, educated at Kellogg, Mr. Robson is a 1949 law graduate of the University of Idaho. He served as a naval aviator during World War II. His 20-year legal career, includes service as prosecuting attorney of Idaho county, Kellogg city attorney and district attorney of trust territory in the Pacific Islands. He has been state attorney general for the past 15 months, having been appointed to fill the unexpired term of Allan Shepard. He pledged to continue his efforts to provide the people of Idaho with better consumer

protection legislation, a district attorney and district public defender system and further action in water pollution cases.

He announced efforts will be made to initiate a detailed plan for legislative approval to create a district attorney system in Idaho and this would be complemented with a public defender system. The project is being financed by the State Law Enforcement Planning Commission.

It would replace the part-time prosecuting attorney system now used by many Idaho communities. At the same time, it will also strengthen the rights of all individuals via the public defender, the candidate said.

REV. DELBERT REMALEY displays awards won by the Twin Falls County chapter of the March of Dimes for contributions to the statewide fund-raising effort, including, on left, the chapter award, and on right, his own commendation for personal efforts.

Local March Of Dimes Chapter Earns Awards

The Twin Falls County chapter of the March of Dimes has been acclaimed "tops in the state" for gathering the highest per-capita contributions in the recent fund drive to fight birth defects, with approximately \$7,100 collected.

Rev. Delbert Remaley, Kimberly pastor and chairman of the countywide campaign, also was honored individually by the state organization for directing the state's "best campaign."

Other awards presented at the Tuesday night meeting of the March of Dimes chapter went to Scott Nelson, a junior-class student at Kimberly High School, as the state's top "TAP" (Teen Action Program) member; to Hansen High School, for sponsoring the state's top TAP effort, and to Joyce Guyer, a junior at Twin Falls High School, for her participation in a fund-raising telethon in Salt Lake City in January. Miss Guyer's citation also acclaimed her as the "third best talent" in the telethon,

which included students from many colleges throughout Idaho and Utah.

Commending his chapter members for winning the awards, Rev. Remaley said, "These awards that the chapter received were made possible by the outstanding service rendered by the many citizens of the county. Mrs. Barbara Crawford, Mrs. Donna Huether, Mrs. Letha Remaley and so many other women who assisted in the conduct of the campaign were responsible for the outstanding success we had. I would like to express my deepest appreciation to these individuals and to the news media for their publicity, and to every individual in the county who contributed in any way."

U.S. Munitions Ship Continues Trip

By JACK WALSH

SIHANOUVILLE, Cambodia (UPI)—The U.S. munitions ship *Columbia Eagle*, hijacked at sea last month by two American crewmen, set sail Wednesday from this port after being released by Cambodian officials.

Capt. Donald Swann, skipper of the 10,636-ton freighter, would not disclose its destination but, presumably, it was the U.S. naval base at Subic Bay in the Philippines.

Swann, in a shipboard news conference before sailing, said

the two men who hijacked the ship appeared to be Vietnam War protesters and under the influence of narcotics. The captain identified the hijackers as Clyde McKay and Alvin Glatowski, both in their early 20s, and said each had a pistol. They received political asylum in Cambodia after diverting the ship here from its original destination, Sattahip, Thailand.

Cargo of Bombs
When it was hijacked March 23, the ship had a cargo of 750 and 500-pound bombs for use by Thai-

based American aircraft in the aerial war over South Vietnam and Laos.

Swann, 51, of Portland, Ore., said the hijackers told him they did not want the ship's cargo to reach its destination. Asked if this meant the hijackers were opposed to the Vietnam War, he replied:

"It sure seemed that way to me. Both of them were very nervous and shaky and didn't make anything quite clear. At the time it happened, I do think they were under the influence of drugs."

Swann said he encountered the hijackers when he left the bridge and returned to his quarters, where they were holding the chief mate.

Under the Gun
"No one else on board knew what was happening except the chief mate and myself, and he was under the gun and I was under the gun. I was giving orders to the bridge by phone. Swann said his first order was to abandon ship, and 21 of the *Columbia Eagle's* crewmen left the vessel in two lifeboats. They were later picked up by another ship.

With 11 other crewmen still

on board, manning stations assigned for abandoning ship. Swann said, he then gave orders to get underway and steer a course for Sihanouville, Cambodia's principal port.

Swann said that when the ship arrived off Cambodia March 15, McKay flagged down the operator of a pleasure boat, gave him a piece of gold from a small bag and asked that Cambodian officials be notified he was seeking asylum. After the ship docked, Cambodian officials refused to release it until Wednesday.

GOLDIE HAWN is all giggles, naturally, as *Girl in My Soup*. Goldie won an Oscar as she she receives a congratulatory kiss from Peter Best supporting actress for her role in "Cactus Sellers on the set of their new film, "There's A Flower." (UPI telephoto)

Mom Told Goldie She Would Win

LONDON (UPI)—"My mother told me when I got the role that I was going to get an award," giggled Goldie Hawn. "Myself, I just didn't believe it at first, but I do now."

She was the "surprise" winner of the Oscar for best supporting actress as the dizzy blonde in a love triangle in her first motion picture, "Cactus Flower."

Didn't Believe It
Miss Hawn told UPI during an interview at Shepperton Studios outside London, "I didn't believe it, I didn't think I was going to get it."

"You know, I was up against some pretty stiff competition and so forth and I went to bed, I woke up very excited and I didn't believe it."

She said she first heard the news when "Al Newman from Columbia Pictures called me as soon as he heard. That was 9 a.m."

"After thinking about it I definitely believe it now, it's pretty nice, it's very important and it's a great thing and I feel very honored," she said.

"We'll see"

FRAMED THROUGH MAGNOLIA BLOSSOMS in the White House Rose Garden, President Nixon addresses a group of members of the National Institute of Municipal Law Officers Wednesday a short while before the Senate rejected his

Campus Curfew Ordered

ITHACA, N.Y. (UPI)—The president of Cornell University early today ordered a campus curfew after 100 black students went on a rampage.

Dale R. Corson said the curfew applies to all students, faculty and university employees not involved in security activities. Violators will be subject to immediate suspension or other disciplinary action, including possible criminal action.

Corson announced the 2 a.m. to 7 a.m. curfew after the students set a fire on top of the campus store building, broke about 65 windows and overturned a car.

The incident followed a week of demonstrations on the campus by both black and white students to protest the April 1 fire that destroyed the African Studies and Research Center. According to the Ithaca fire chief, a preliminary investigation of the \$100,000 blaze "supports the theory that this fire was arson."

The trouble Wednesday night started when the students lit a bonfire on top of the school store building, which is built underground and has a turf roof at ground level. It did not cause any damage.

On a 45-minute walk back to their dormitories, the blacks threw rocks through about 65 windows, including nine large plate glass windows worth \$2,700, overturned a small foreign car and broke windows on another auto.

nomination of G. Harrold Carswell to the Supreme Court. With the President are Herbert G. Hoffman, Kansas City, Min., top of the Institute, and Charles B. Rhyno, general counsel of Washington, D.C. (UPI telephoto)

Astronauts Knew Wives As Children

Worldwide News Capsules

French Journalists Missing In Vietnam

PHNOM PENH (UPI)—The French Embassy said today three Frenchmen, including two journalists, are missing in the same Vietnam border area where five newsmen, two of them Americans, are thought to have been captured by the Viet Cong.

An embassy announcement identified the three men as Gilles Caron of the German News Agency, Guy Hanoteau of the Express in Paris, and Visot Michel, a college teacher in Phnom Penh.

Giant Kite Bothers Planes At 2200 Feet

LINCOLN, Neb. (UPI)—Police Wednesday received a call from the airport about something harassing airplanes at 2,200 feet.

They found 11 University of Nebraska students had managed to get a 6-by-4-foot kite more than a third of a mile into the air. The students pulled in their creation and moved to a place out of range of airplanes.

Embassy Warns Of Narcotic Hazard

MADRID (UPI)—The U.S. Embassy has distributed posters in a campaign to make the increasing American hippie colony in Spain aware of the nation's strict laws against use of drugs.

"Spain is a colorful nation for tourists but you can't see its many attractions from behind prison walls," the poster warned. It said 12 Americans are serving long prison terms in Spain for drug conviction.

Foundation To Help Ararat Expedition

WASHINGTON (UPI)—Search Foundation has announced signing of a contract with the Arctic Institute of North America to provide logistical support and scientific studies for its expedition to Mt. Ararat, where Noah's Ark was left after The Flood.

The foundation said the expedition this summer would be a follow-up to last summer's discovery of ancient wood on the mountain. Ararat borders the Soviet Union in Eastern Turkey.

The two-year project is estimated to cost \$1 million. The foundation is supported by interested persons and groups.

Police Frown On Hotel Alpinist

CHICAGO (UPI)—Terry Snyder, 24, Mountain City, Ga., was arrested Wednesday for practicing his avocation in Chicago—mountain climbing.

Snyder eased himself out of a 24th-story window of the LaSalle-Wacker Building in the Loop and went down the side of the building on a rope as a stunt for the Boat, Travel and Outdoor Show, opening Friday.

Somebody called police and by the time Snyder was able to rappel his way to the ground, firemen were standing under him holding a fire net.

Police charged him with failing to get a city permit for the stunt.

Answering Services Stage Walkout

NEW YORK (UPI)—Some 100,000 metropolitan area businesses, institutions and individuals did not receive telephone messages Wednesday due to a strike by employes of more than 50 answering services.

The strike by 1,800 members of the United Telephone Answering and Communications Services Union for a 50 per cent wage increase over a three year period affected New York City, Long Island and Westchester County. The employes currently earn an average hourly wage of \$1.99.

The Association of Telephone Answering Services Inc., which represents the firms, said some member companies were able to maintain operators with skeleton staffs or supervisory employes.

Newspaper Guild Plans N.Y. Strike

NEW YORK (UPI)—The New York Newspaper Guild, representing editorial and commercial employes, planned Wednesday to strike the New York Post sometime over the weekend.

Thomas J. Murphy, executive vice president of the union, said members of the Guild at the Post would walk out of their jobs between Friday and Monday "unless certain union demands have been met before then."

Negotiations continued on a dozen contract demands made by the Guild, including a \$400 minimum weekly wage for experienced newsmen.

The guild is one of 10 unions whose contract with the Post, New York Times, Daily News and Long Island Press expired March 30. Although the strike call at the Post is the first hard strike threat in the negotiations, there have been numerous composing room meetings of the New York Times unit of the printers' union, curtailing both editorial and advertising copy.

Forgetful Drivers Given Reminder

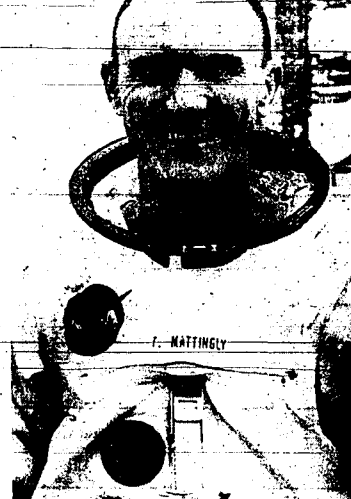

SAN CLEMENTE, Calif. (UPI)—Brink's Inc. sent a hurried request Wednesday to authorities here to stop one of its trucks.

There was no robbery or kidnaping, a Brink's spokesman at their Los Angeles headquarters told the police dispatcher. The armored truck company just wanted police to deliver the message: "You forgot the money."

Greek Admiral To Tour U.S. Scene

WASHINGTON (UPI)—Adm. Constantine Murgatros, chief of the Hellenic navy of Greece, is making a 16-day official tour of the United States.

He spent Tuesday and Wednesday meeting with Navy officials in Washington, and now will cross the country and visit installations on all three American coasts—Atlantic, Pacific and Caribbean.

THOMAS J. MATTINGLY may miss his scheduled trip to the moon, thanks to a possible measles infection. Astronaut Mattingly is pictured at the launch site at Cape Kennedy. (UPI telephoto)

By DARRELL MACK

TIMBER COVE, Tex. (UPI)—Navy Capt. James A. Lovell Jr. and civilian Fred W. Haise Jr., the next two astronauts to land on the moon, both married their high school sweethearts.

Navy Lt. Cmdr. Thomas K. Mattingly II, the third member of the crew, has remained a bachelor "because I like to go out with all kinds of girls."

Lovell, 42, married Marilyn Gerlach, a fun-loving brunette from Milwaukee with whom he used to ride the streetcar to school every day.

Haise, 36, married Mary Griffin "Sissy" Grant, the daughter of a Biloxi, Miss., pharmacist and a graduate of Stephens College, a girls school in Columbia, Mo.

Bachelor Spaceman
Mattingly, America's first bachelor spaceman, does not admit to a special girlfriend, but a former associate said Mattingly saw a lot of a nurse at Edwards Air Force Base, Calif., before he was picked for the Apollo 13 crew.

His training the last few months has about curtailed his dating.

Marilyn Lovell is cute, active and efficient. She comes by the first two traits naturally. The efficiency might be a product of her environment because her husband has been more active than any other astronaut.

Lovell was a backup pilot on Gemini 11, the pilot on Gemini 7, a backup on Gemini 9, command pilot on Gemini 12, pilot on Apollo 8, backup on Apollo 11 and now commander of Apollo 13.

"He's never really stopped training since he was a backup pilot for Gemini 4 (in June, 1966)," she said.

This has placed much of the burden on her to run the home and discipline the four Lovell children—Barbara, 16; James A. III, 15; Susan, 11; and Jeffrey, 4.

"She runs the house," a friend said. "When she says 'no' she means it, and they know it. But she doesn't say 'no' that much."

She seldom uses her temper. She has a wonderful sense of humor. Marilyn is probably the best-lit of all the astronaut wives. There's nobody she can't get along with," the friend said.

The Lovells live in Timber Cove, a subdivision where most of the original seven astronauts lived too. Their house is on Glenn's Bayou, so-called because it died dead-end at John Glenn's back yard.

Small Sail Boat
Lovell and his oldest daughter, Barbie, have a small sailboat at the family's backyard-dock.

She also takes flying lessons at nearby Ellington Air Force Base, but her dad won't let her solo until after she has flown with him.

James III, or Jay, is in his first year at St. John's Military Academy at Delafield, Va. He will remain at the academy during the flight.

Jeffrey was to be born during Lovell's Gemini 7 flight, but died "because the stork delivered him as part of the flight plan," according to Marilyn.

Wild Horse Protection Is Sought

CAHSON CITY, Nev. (UPI)—A Utah association announced Wednesday it has bought a 68,000-acre ranch in southern Nevada to protect wild horses.

The National Mustang Association of Newcastle, Utah, said the Lancaster Ranch near Caliente in Lincoln County was purchased for \$100,000 and will provide a 300-acre wild horse refuge to remain free without fear of being hunted down.

Tom Hoffand, president and founder of the association, said he has been fighting for years with county, state and federal governments to establish programs for the management of wild horses on the public range.

"It's been in vain," Hoffand

Wilderness Asked For Craters

WASHINGTON (UPI)—Idaho Congressmen James McClure and Orval Hansen introduced legislation Tuesday which would designate much of the Craters of the Moon National Monument as wilderness.

Two measures introduced by the congressmen follow recommendations of the National Park Service to include most of the area of the monument as part of the National Wilderness Preservation System. One of the bills contains an alternative which would include the Big Cinder Butte in the wilderness system, an alternative the two men said would allow the area to "better serve the needs of the National Aeronautics and Space Administration in its training program for future moon shots."

The congressmen noted the Wilderness Act of 1964 sets a policy to secure the benefits of an enduring resource of wilderness for the American people of present and future generations. A hearing on the wilderness proposal was held at Arco in 1968. Later the Interior Department indicated portions of the Craters of the Moon Monument were suitable for designation as wilderness and the department recommended that legislation be submitted to Congress for that purpose.

King Remembered

LONDON (UPI)—More than 500 churches of all denominations throughout England will commemorate the life and death of Dr. Martin Luther King Jr. Sunday, the foundation bearing his name said Tuesday.

IT'S "NATIONAL HEALTHY BABY Week" sponsored by the National Foundation-March of Dimes, emphasizes the need of health care for infants. Young Merle was the New Year's baby for Twin Falls on Jan. 1, 1969.

Healthy Babies Are People—They Deserve A "National Week" Too

The week of May 10-16 has been named "National Healthy Baby Week," under the sponsorship of the National Foundation — March of Dimes, according to Rev. Delbert Remaley, Kimberly, Twin Falls County chairman of the March of Dimes effort. Hugh Phillips, publicity chairman for the fund-raising program, will develop a program of public information on the importance of the national effort, which is scheduled in conjunction with the National Family Week observed by many U.S. churches. The March of Dimes has chosen the elimination of birth defects as its major goal, and is thus interested in the "healthy baby" observance. Rev. Remaley said.

Anti-Religion Protest Hit By Wyoming Aids

SALT LAKE CITY (UPI)—Wyoming's attorney general said here Tuesday that students in state supported colleges should not have the right to protest against the religious beliefs of another group. James E. Barrett, who has recorded victories in cases against black athletes dismissed from the University of Wyoming football team for wearing black armbands, was in Salt Lake City to visit Utah Atty. Gen. Vernon Romney. He said wearing the armbands, to protest the religious beliefs of the LDS Church, broke the freedom of religious clause of the U.S. Constitution. "I can't think of anything more serious or provocative than this," he said.

PLANS FOR BIENNIAL Council meeting of the Idaho League of Women Voters to be held in Twin Falls April 24 and 25 are being made by Twin Falls League members. Mrs. Charles Wager, left, is council conference chairman while Mrs. Charles

Wetzel, center, a new member will be attending her first council session. Mrs. Richard Brizeo, right, a past president and assisting with the planning committee.

Heyburn Kills Sunday Beer Sales Proposal

Magic Valley Committees Named By Action Agency

Members of the board of directors of the South-Central Community Action Agency have been appointed to standing committees on personnel, programs and budget in order to centralize and clarify the various portions of the CAA program.

The three six-member committees are each composed of two elected officials of the communities served by CAA, two representatives of the lower-income groups, and two members from the general public. In addition, according to Larry Mack, CAA official in Boise Friday to hear progress reports on their water development program. FEA water and sewer planning grants and review the water needs studies.

JEROME — The Idaho Water Resource Board will meet in Boise Friday to hear progress reports on their water development program. FEA water and sewer planning grants and review the water needs studies.

Charles Marshall, Jerome, board chairman, said sessions will begin at 9 a.m. in Room 413 of the statehouse.

Tom Olinstead, Twin Falls, will report on the Western States Water Council meeting, and John Streif, Lewiston, will report on the status of the Middle Snake River proposals.

Other items to be discussed include staff and committee reports on the status of the Bear River Investigating report, activities of the Pacific Northwest River Basins commission, including the Wild Rivers Study coordination and the Upper Snake River study.

Shoshone Trustees Study State Report for another year. A division of opinion was voted within the community, prompting the school board to invite the help from the State Board.

Minidoka Seeking To Join CAA RUPERT — Minidoka County may join the South-Central Community Action Agency, currently composed of representatives from Twin Falls, Jerome and Cassia Counties.

Members of the State Department of Education committee, who met again with local trustees this week, were Curtis S. Higgs, Max Snow and Mrs. Helen Werner.

The three-member team came to Shoshone last month upon invitation to help settle the dispute and met with staff and administrators and other interested persons. They talked to more than 30 persons in private sessions, the superintendent said.

The elementary teaching staff, with the exception of three teachers, took a professional day of leave to indicate their opposition to the school board offering Mr. Bowlin a contract

STEVE IRWIN

HEYBURN — The ordinance permitting sale of beer to go on Sunday in the City of Heyburn, is dead.

The ordinance, which was drawn up last month by city attorney, Tom Church, was killed by city councilmen and Mayor Harold Hurst following a public hearing Wednesday night at the city office. The meeting was attended by more than 50 citizens.

Petitions containing names of Heyburn residents were studied and names were sifted by city clerks to verify residence.

Mayor Hurst announced 155 names supporting the ordinance and 200 opposing.

Although the petitions were just advisory and not binding to the council, councilmen decided they would follow the wishes of the majority.

Councilmen said the ordinance had been drawn up because of numerous requests by the people, and may have been signed during the council meeting last month. About 40 persons appealed to the council last month and presented petitions containing around 100 names opposing the ordinance.

The council agreed to hold another hearing to get a more accurate account of the majority's feelings.

Among those appealing to the council Wednesday night was Minidoka County Sheriff Theo Johnson, who maintained law enforcement officers have increased difficulty on weekends during periods when Sunday beer sales are legalized.

"I'm not against you drinking," he said. "If you want to drink, that's your business — but, if you get out of line, that's my business."

Sunday sale of beer hasn't been legal at Heyburn since an ordinance was drawn up against it Dec. 31, 1955. This action was taken after several requests of Sheriff Johnson.

Funeral services will be held Friday in Twin Falls under direction of White Mortuary.

Mr. Edwards said the student leader had just finished lunch and was playing soccer at the school when he suffered the fatal attack. He said there was no body contact and no contact with any object.

He died instantly.

State Women Voters League Meet Set Here April 24-25

Delegates from all eight local units of the League of Women Voters of Idaho will gather April 24 and 25 in Twin Falls for the 10th biennial council of the organization.

Pioneer Day Theme Decided At Hagerman

HAGERMAN — "Those Were the Days" will be the theme for the Hagerman Valley Pioneer Day celebration, July 24.

This annual event has grown through the years to be one of the largest attended celebrations in Magic Valley featuring entertainment for all ages from foot races for the youngsters, an outstanding parade to a top amateur rodeo.

At a recent "kick-off" meeting, committee chairmen were appointed by Bishop C. W. Choules, general chairman for the event.

Those appointed were Jack Allen, parade chairman assisted by Floyd Marsh; LeRoy Jolley, rodeo chairman assisted by Howard Haslam and Mrs. Howard Haslam, rodeo secretary; Dean Williams, tickets; Jerry Loveland, grand entry chairman; D. H. Gold, rodeo arena; and Arwyn Thornton, trophies.

Mr. Haslam will also serve as chairman for the queen's contest and arena director. The Relief Society will serve as

Festival Starting At Gooding

GOODING — Gooding today became the city of music with an estimated 2,000 high school musicians from throughout Magic Valley participating in the Fourth District Music contest festival here.

Bands, solos, and ensembles performed this afternoon and evening. Chorus, solos, and ensembles will be performing in various places tomorrow throughout the afternoon and evening.

The festival will be climaxed with a concert consisting of the best performances of solos, ensembles, and large groups as selected by the judges Saturday at 7:00 p.m. at the Frahn Junior High School Gymnasium.

The public is invited to attend any of the performances.

The public is invited to attend any of the performances.

Gem Water Board Sets Boise Meet

JEROME — The Idaho Water Resource Board will meet in Boise Friday to hear progress reports on their water development program. FEA water and sewer planning grants and review the water needs studies.

Charles Marshall, Jerome, board chairman, said sessions will begin at 9 a.m. in Room 413 of the statehouse.

Tom Olinstead, Twin Falls, will report on the Western States Water Council meeting, and John Streif, Lewiston, will report on the status of the Middle Snake River proposals.

Hansen To Attack Is Ask For 3 Mill Levy

HANSEN — Hansen school trustees will be asked to approve a three additional mill levy on April 24, reports Supt. William Barnard.

He cited the failure to the state legislature to provide additional money to counteract the "odious restriction on taxing ability" which, he says, makes it inevitable that most school districts "will be in bad financial trouble by the second of the biennium."

"He criticized the growing tendency of the Legislature and State Department of Education to ignore needs of smaller school districts while concentrating their efforts and aid on the larger districts.

Last year the Hansen school district operated at a \$5,822 loss, he said. This year a deficit of \$5,800 is expected, even though home economics was dropped from the curriculum.

The cash reserves of the district are completely gone, the superintendent declared, noting that unless this deficit is made up the district will have to continue to cut curriculum and services.

"Since board members feel that any additional cuts in academic offerings would hurt the school's accreditation, they have decided to ask for the three additional mills for maintenance and operation.

Mills will be open from 7 p.m. April 24, Supt. Barnard said.

Plant Levy Vote Slated For Cassia BURLEY — Announcement of a \$2.5 million plant levy election and a new principal highlighted the Cassia county school trustees meeting this week.

Tom Gruwell, 45, guidance counselor at Minico High School, was named principal. The plant facilities levy election will be held May 12. The levy would be for three years and raise an estimated \$880,076, officials said.

If the levy is approved by voters the money will be used for a new \$700,000 elementary school in the Decio-Springdale area, to correct deficiencies at the Hatfield River schools with \$35,000 earmarked for each school, \$75,000 for remodeling at the Burley Junior High School and \$15,000 for re-roofing of the Burley High School.

Trustees point out the levy provides a "pay as you go" system, avoiding the high interest rates that school bonding requires.

E. H. Blauer, Chamber of Commerce president, said the Burley chamber supports the mill levy.

Woman Hurt

Attack Is Fatal For Irwin Boy

KIMBERLY — A Kimberly High School junior was pronounced dead on arrival Wednesday at Magic Valley Memorial Hospital, the victim of a heart attack.

Coroner Clyde Edwards said Steve Irwin, 16, died instantly about 12:30 p.m. at the football field at the Kimberly High School. He was rushed to Magic Valley Memorial Hospital by ambulance.

An autopsy performed Wednesday afternoon confirmed the youth, the son of Mr. and Mrs. Richard Irwin, and grandson of the late Sen. Carl D. Irwin, died of a heart attack and that he died instantly.

Mr. Edwards said the student leader had just finished lunch and was playing soccer at the school when he suffered the fatal attack. He said there was no body contact and no contact with any object.

Funeral services will be held Friday in Twin Falls under direction of White Mortuary.

Filer Sets Cleanup Labor Day Week Soon In Blaine

FILER — Mayor Dan Kaufman has proclaimed April 20-25 as "Clean-up-Week-for-2065."

Citizens are urged to clean up unsightly spots and put all litter and refuse to be disposed of either in their alleys or in front of their houses for pickup on April 20, 23, 24 and 25.

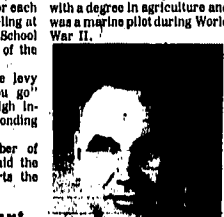

The regular garbage collection days will be April 21 and 22.

Mrs. Ted Tidwell and A. Smith met with the city council Tuesday evening to request water and sewer facilities for acre tracts on North St. The routine bills were approved by the council for payment.

Pete Cenarrusa Seeks Re-election

BOISE — Secretary of State Pete Cenarrusa today announced he would be a candidate for re-election on the Republican ticket.

A Carey rancher for 22 years, Mr. Cenarrusa was appointed to the position in 1967 to fill the unexpired term of the late Edwain Dewar. He was graduated from the University of Idaho with a degree in agriculture and was a marine pilot during World War II.

CENARRUSA

Driving Blind PHILADELPHIA (UPI) — The Keystone Auto Club says many drivers are, in fact, partially blind when they get behind the wheel at night after coming out of a lighted building.

It takes about 15 minutes for a person's eyes to adjust to the dark but few motorists wait that long before driving, according to Keystone.

PTA To Install FILER — The PTA will meet at 8 p.m. Thursday in the Miller Elementary School. New officers will be installed.

A program of speeches and music will be presented by the declamation students and music department of the high school.

John Peavey Asks Election RUPERT — State Sen. John Peavey, Hupert and Carey, announced today he will seek election to the Senate Post from District 21.

The Republican senator was appointed last July to fill the unexpired term formerly held by his mother, Sen. Mary Brooks, who is now director of the U.S. Mint.

Event Slated FILER — A combined ceremonial of the six Filer Camp Fire units will be held at 7 p.m. Friday in the Filer Orange Hall.

Honor beads and candy awards will be presented by the leaders. A potluck dinner will precede the ceremonial and a cake auction is planned.

Antique Festival Theater Gets Grant For Apprentice

BOISE — The Antique Festival Theater, which has received an apprentice award from the Federation of Rocky Mountain States, reports Jo Ann Bensing, executive director of the Idaho Commission on the Arts and Humanities.

"Applicants for the award were being received by the Antique Festival Theatre from graduate students in any phase of theatre arts — dancing, drama, directing, technical, teaching or business administration.

These special awards are given to encourage talented and experienced young people through intensive training and practice in their chosen art fields, Miss Bensing points out.

The Federation, composed of the states of Idaho, Montana, Wyoming, Nevada, Colorado, Utah, Arizona and New Mexico, hopes, through the apprenticeship program in the arts, to promote exchanges among the participating states, so that apprentices for a given state are, wherever possible, chosen from another state.

The Boise Philharmonic and Boise Gallery of Art have had apprentices through this special grant. A stipend of \$500 is paid by the Federation and must be matched by the organization using the apprentice.

"An apprentice must be 22 years old or younger, reside in one of the participating states and have three references.

Wendell Woman Honored At State FHA Banquet In Boise

WENDELL — Mrs. Hazel Lawton, home economics adviser for the Wendell High School, was honored as the "Outstanding Experienced Adviser" recently at the State FHA Banquet in Boise.

For her achievements she received a silver platter, a dish and a certificate.

Also attending the convention from Wendell were Debbie Schreer and Suzanne Francis, district officers; Mary Ann Miller, 1970-71 chapter president; and Leslie Sullivan, past state vice president of finance.

Highlights of the convention included a speech by the internationally known speaker, Dr. John Furby, educator, diplomat, explorer, writer and military leader; Helen Wilson, dean of women at the Northwest Nazarene College; a tour and tea with Mrs. Don Samuelson.

Also attending the tea were the 16 local chapter members and three chapter mothers.

At the scrapbook judging, the District No. 4 scrapbook, compiled by Debbie Schreer, was chosen for first-place in the state.

Officers for the coming year were installed at the banquet. Leslie Sullivan, state officer, presented a certificate of appreciation to Mrs. Lawton. She also presented certificates of appreciation to Lawrence LaRue, superintendent, and Willard Spalding, principal, for assistance received during her tenure as state officer.

Guests honored at the convention were Gov. and Mrs. Samuelson, the mayor of Boise, and members of the State Department of Education and State Vocation Department.

HOME ECONOMICS adviser for Wendell High School, Mrs. Hazel Lawton, was honored as "Outstanding Experienced Adviser" during the recent state FHA convention in Boise.

Benefit Dance Scheduled By Beta Sigma Phi Unit

FILER — Plans for a benefit dance to buy uniforms and equipment for boys' baseball teams were discussed at the recent meeting of Beta Sigma Phi, Preceptor Chapter, at the home of Mrs. Jack Joslin.

The teams will comprise boys

from the communities of Buhl, Filer and Castleford in the 15-18 year age bracket and \$700 is needed to be raised to buy equipment and uniforms.

The dance, set April 25 at the Buhl National Guard Armory, will feature music by the Allan Dovyris Orchestra, sponsored by the Sun Valley Musicians Association.

Plans for Founder's Day April 30 were discussed. Mrs. Mona Dennis and Mrs. Paul Kalfleisch were guests.

Mrs. Kalfleisch displayed children's books written and illustrated by Joan Walsh Anglund, sister-in-law of Mrs. Kalfleisch. She also displayed dolls which are used to illustrate the books.

Lips Are Darker
Mouth that abandoned the "white-lipstick" corpse look long ago moved into pinks and oranges that put even darker in the '70s.

Lodge Members Honored By Hansen Royal Neighbors

HANSEN — Lodge members, Mrs. Vernon Ball, Mrs. Dora Daw, Mrs. Almeda Sloan, Mrs. Bertha McCary, Mrs. Elsie Henry, Lydia Mae Pylon, Mrs. Minnie Bedow, Mrs. Ardith Kidwell, and Mrs. Ethel McDonald, were honored at the Quarterly "Birthdays" Anniversary dinner given by the Royal Neighbor Lodge at Woodman Hall.

Mrs. Earl Triddle was chairman of the event, with Mrs. Arthur Adamson, Leta

Bohrn, Mrs. Jessie Calico, Mrs. Stella Hughes and Mrs. Ruth Wright as members of the kitchen, menu and decorations committee. Mrs. Ora Simpson and Mrs. Lewis Reed made the birthday cakes.

R. F. (Bill) Baily showed colored films of his and Mrs. Baily's recent trip to

It was announced the state convention will be held in Twin Falls this weekend. Th Hansen Falls this weekend. The Hansen ceremony, Mrs. Reed is delegate, with Mrs. W. I. McFarland as alternate.

The district convention will be held May 23, with the Hansen lodge members as hosts.

Mrs. Mary Taylor and Mrs. Dorothy Voss are hostesses for the Tuesday meeting at Woodman Hall.

Officers For Filer OES Are Elected

FILER — Officers were elected at the recent meeting of the Order of the Eastern Star at the Masonic Temple. Public installation of officers will be held at 7 p.m. April 18.

Mrs. Clinton Daugherty, worthy matron, introduced all special guests.

Mrs. Raymond Reichert was named club representative in the Best Cook contest in Buhl.

Mrs. Everett Bonnichsen reported on the final plans for the high school junior-senior banquet set for Saturday.

The homecoming of the worthy grand matron, Eula Chilcott, Kellogg, will be held Saturday. Naomi Chapter, Albion, will observe its 50th Birthday Anniversary April 16 and guests are asked to wear old-fashioned clothes. Star Social Club will meet April 23 at the home of Mrs. Loren Anderson. Rupert Chapter No. 39 will host the district meeting of Past Matrons Club at 1 p.m. April 25.

Mrs. Luther Pierce, Eastern Star heritage committee, gave a tribute to the sideliners and each sidelineer present was given a gift from the worthy matron.

Mrs. Leah Smith and Mrs. Fred Reichert were members of the greeting committee. Mrs. Laura Hawkins and Mrs. Marie Hawkins were co-chairmen of the serving committee, assisted by Mrs. William Chase, Mrs. Phyllis Lancaster, Betty Hawkins and Mr. and Mrs. Bud Hodgins.

Past Noble Grands Meet

HAGERMAN — The Past Noble Grands met at the home of Mrs. Emma Shore recently. The meeting was conducted by Mrs. Vernon Brewer in the absence of Mrs. Flossie Marsh, president.

Mrs. Florrie Stark, a member of the club who is a patient at the Magic Valley Manor, Wendell, was able to be present. Plans for quilting were discussed. The next meeting is at the home of Mrs. Brewer. Refreshments were served by the hostess.

TOPS Leaders Are Installed For Trimmers

Trimmer TOPS officers installed recently include Gladys Cullip leader; Betty Rice, co-leader; Beverly Burns, treasurer; Eileen Lowe, secretary, and Louise Murray, weight recorder.

Betty Frantz was installing officer. Betty Rice was named "Queen of the Week" and perfect attendance awards were given to Marjorie Kramer, Georgella Hartwell, Gladys Cullip, Mrs. Rice, Martha Nelson and Beverly Arndt.

SCHEDULED TO MAKE a special appearance with the Allan Dovyris Orchestra Saturday night is Betty Sullivan, Miss Twin Falls. Mr. Dovyris and his band will be donating the music for the second Elks Building Fund dance to be held this Saturday night at the Elks

Lodge. The first dance, held in January with music donated by Ray Crumbliss and The Saints, was a huge success. A third dance is planned later in the year. All Elks members and their guests are invited to attend. Dancing begins at 10 p.m. in the ballroom.

Valley Cosmetologists Name Officers

Officers for the Magic Valley Affiliate No. 4, Idaho Cosmetologists Association, were elected during a recent meeting, with Mozelle Nora to serve as president.

Other officers include Belva Knight, vice president; Eva Lou Cramer, secretary; Rita Lewis, financial secretary; Dorothy Smith, historian, and Lorene Nelson, publicity.

Nan Moon served as installing officer. Meetings for the group are scheduled the first Monday of each month.

Dear Abby

DEAR ABBY: A few days ago, without my parents' permission, I let one of my friends drive our big car up and down our driveway. While he was doing it, my mom drove up in her little car. My friend panicked and drove the car backwards and it hit a tree. The car now has a dent which one of us will have to pay for.

Even tho it was both of our faults [me for letting him drive it and him for hitting the tree], she is making me responsible for the whole thing. She is making me pay for the damage out of my allowance and has taken away a lot of my privileges. Do you think this is fair? My friend hardly got into trouble.

My mom doesn't even trust me or understand me anymore. I can't even talk to her about it.

What can I do so she will be good friends with me again and I can get my privileges back?

CAN'T UNDERSTAND PARENTS

DEAR CANT: You allowed your friend to drive the family car without permission on purpose. He hit a tree accidentally. The lion's share of the "blame" was yours. Start now to build "good will" with your mother. When you have shown more mature judgment by your behavior, your mother will restore your privileges. As for being "friends" with you again, your mother is probably your best friend right now. She is teaching you how to be a more responsible person.

DEAR ABBY: Please help me explain to some American women why American men marry orientals. I am an oriental who married an American service man. We met while he was serving his country in the Orient.

I am heartstuck when I hear American women say that the only reason an American man marries an oriental woman is because he wants a lifetime servant.

I have heard other equally insulting remarks, such as "An oriental woman will take a man's message him, wash his feet—she'll do anything and everything a man wants her to do. No American woman will sink that low."

This is not true, Abby. The oriental woman is taught from girlhood to care for a man lovingly. She remains quiet and uncomplaining, treating him always with respect and consideration. She thinks first of his happiness and comfort because she loves and appreciates him.

It is a fact that a contented man is never unkind to the woman who provides him with peace and happiness.

Abby, if you can express this better than I, please do so.

Very truly yours,
ORIENTAL WIFE

DEAR WIFE: You have said it well enough.

DEAR ABBY: There is a situation that "bugs" me no end. I am an avid TV fan and watch it from 7 a. m. until midnight almost every day, and an increasing number of actors appearing on some of my favorite programs are letting their hair grow longer and longer. I have watched some formerly good-looking actors transformed into something rather sickening; I am more than tempted to cease support of these programs, and the products that sponsor them.

I wonder how many other viewers feel as I do about it? Some of these men look like aging Buster Browns or women who need shaves!

I have accepted the style changes in clothes, but this long hair trend makes me ill. What can be done?

MARY IN VICTORIA

DEAR MARY: Nothing, I know what you mean because I, too, have had trouble recognizing some of my old heroes. But don't let it bug you, Mary. Hate today, Gane tomorrow!

CONFIDENTIAL TO "CAROL": No matter how "fast" a guy is, he can't be faster than sound. And the "sound" should be no!

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

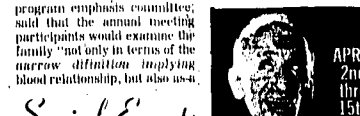

U.S. Home Economists To Explore Family Changes

The impact of change in society on the family will be assessed by more than 4,000 home economists when they convene for the 61st annual meeting of the American Home Economics Association (AHEA) in Cleveland, Ohio, June 22 through 26.

Keyed to the theme, "The Family Faces Change," the meeting's five general sessions will focus on specific phases of cultural, social, and economic changes currently affecting the family structure. Discussions will cover such topics as the changing life styles of women, the urban crisis, and the influence of environment.

Mrs. Sateung St. Marie, chairman of the AHEA program emphasis committee, said that the annual meeting participants would examine the family "not only in terms of the narrower definition implying blood relationship, but also as a social unit and love-affection center which has an important stabilizing effect on our society."

According to Mrs. St. Marie, participants will also explore "the many faces and varying needs of the family as modern society has come to know it: the one-parent family; the young family with both partners working; the retired family; the disadvantaged family; the inner city family; the suburban family; the communal family of young people." Mrs. St. Marie is manager of educational and consumer relations for the J. C. Penney Company, N. Y., and serves as AHEA vice president for program development.

Inexpensive Investment

If your family has outgrown the dining room table, or if you just want enough eating space for a party, snack, or TV, trays are an inexpensive and inviting investment. Serve a meal buffet-style, with set-ups on each tray, and let your family or guests make them. So comfortable to the living room or playroom.

CONGRATULATING TWO of the new officers for the Sun Valley Hospital Auxiliary, Mrs. Glenn Cooper, treasurer, center, and Mrs. Oliver Dibble, president, right, is the unit's outgoing president, Mrs. Royce Asher. Other officers include Mrs. Jack Gray, vice president, and Mrs. Edmund Dumke, secretary. Special speaker during the installation ceremonies was Bill Hansen, Sun Valley Hospital administrator.

Sun Valley Hospital Unit Has Installation Meeting

SUN VALLEY—Officers were elected and installed recently for the Sun Valley Hospital Auxiliary, with members following the recommendations of the nominating committee, headed by Mrs. Harry Holmes.

Elected were Mrs. Oliver Dibble, president; Mrs. Jack Gray, vice president; Mrs. Glenn Cooper, treasurer; and Mrs. Edmund Dumke, secretary.

They will be assisted by Mrs. Robert Glenn, corresponding secretary, and board members, Mrs. George Kneeland, emergency room; Mrs. John Moritz and Mrs. Agnes Stronk, information desk; Mrs. Shreve Archer, Mrs. Prudence Nielsen and Mrs. Ted Teron, ways and means; Mrs. Clara Spiegler, bylaws and nominations; Mrs. D.C. Hickey, medical library; Mrs. Joseph Deming, gift counter; Mrs. Royce Asher, book cart and convenience representative; Mrs. Stanley Atkinson, bloodmobile; Mrs. Frederick Blechmann and Mrs. Winton Gray, membership; Mrs. Robert Glenn and Mrs. Harry Holmes, Christmas decorations and tray favors; Mrs. Robert Ackerman and Mrs. James Hogg, publicity; and Mrs. Dibble, Mrs. Hickey, Mrs. Hogg, Mrs. Holmes, Mrs. Selgley and Mrs. Stronk, all one-year directors.

In her out-going president's report, Mrs. Asher reviewed the activities of the group during the past year. The auxiliary participates in the hospital's medical library, rotating art display, tray favors on holidays, information desk which involves providing the rooms with water, milk, juices and errands; Valentine Charity.

Still on Fashion Scene. Clogs, which burst upon the fashion scene last fall, have made their way into spring shoe staples. The

Beauty Hint

Are you one of thousands of women who really want to wear false eyelashes but who think they're thumbs when it comes to putting them on?

Max Factor's new Peak-A-Boo Demi Lashes for upper and lower lids can solve your problem and flatter your eyes in a subtle and natural way. Great for beginners, the three quarter size Demi Lash goes on easily and helps you get the feel of applying false lashes. To begin application, mascara your own lashes.

Then apply a moderate amount of the special adhesive to the last strip. Place the end of the strip down onto the outer corner of the lid. With a forlifer press the rest of the strip into place.

Meeting Site Changed For T.F. Music Club

The Twin Falls National Federated Music Club will meet at 1 p.m. Monday at the YM-YWCA building instead of at the home of Mrs. James Kinney, as previously planned.

The program will be presented by Ann Janney and Nancy Oakes, accompanied on the harp by Stacy Gebhard, former Jerome resident, now with the Idaho Fish and Game Department in Boise. The program will consist of folk music and songs. Mr. Gebhard will also present authentic "environment" songs put to music, vividly describing the pollution of Idaho rivers and mountains.

Members are urged to bring guests. Officers for the ensuing year will be elected. A refreshment table will be featured.

Table Setting Lesson Given By Mrs. Grieve

WENDELI — "The Art of Table Setting" was the title of the lesson given to Home Improvement Club members at the April meeting by Mrs. Dorothy Grieve, Gooding County home demonstration agent.

Mrs. Agnes Bye hosted the meeting at her home, with roll call answered with "Tis on This and That."

The clean-up committee report was given by Mrs. Clyde Petersen, chairman. Mrs. Ruth Wahler reported on the Gooding County Homemakers Council meeting and Mrs. G. D. Pierce reviewed the new program schedule.

A donation was made to the Cancer Drive. Mrs. Wahler will serve as voting delegate at the district meeting of the Homemakers Council to be held Tuesday at the Junior High School Auditorium in Jerome.

The next meeting is scheduled for May 12 at the Civic Club Rooms.

THERE ARE DOZENS of different ways to charm everyone this summer, according to Wells, the world's largest maker of charms and charm bracelets. Charms by the apiculturist tell the story of a girl's life, where she's been and what interests her. Hang charms around your neck and waist on chains for extra special summer accessories.

Slim And Trim Club Names Mrs. Kraus Monthly Queen

HANSEN — Mrs. Lynn Kraus was named the monthly queen of the Slim and Trim T.O.P.S. Club meeting at the home of Mrs. Thomas Steelsmith. Mrs. Sam Huck was runner-up.

Mrs. Steelsmith was named the quarterly queen. All were presented gifts. Two KOPS; Mrs. Fred Howard and Mrs. Bob Niven, were also honored with gifts for maintaining their status.

The new leader, Mrs. James Wright, announced three members are planning to attend State Recognition Day April 24 and 25, with four more tentatively planning to attend at least part of the time.

New program chairman, Mrs. J. O. Cox, announced members will seek partners according to their birthdates and she read the list stating whose birthdays are in the same zodiac signs. She also stated in addition to counting calories, each is to write what she eats as well.

Members chose telephone pals. Mrs. Cox stated she is going to have members try positive thinking in weight loss and not have penalties. She named eight candidates for KOPS, who have only a few pounds to go.

Knicks Are Installed 13-5 Favorites To Top Bucks In NBA Playoff

NEW YORK (UPI)—The New York Knicks, pressured into a seven-game opening round marathon with Baltimore, were now the favorites today to beat Milwaukee in Saturday's first game of the Eastern Division playoff finals and a 13-5 favorite to beat the Bucks in the series.

Baltimore Uses 3-Run Frame To Tip Indians

CLEVELAND (UPI)—Mark Belanger singled home two runs to highlight a three-run second inning and Mike Cuellar tossed a five-hitter Wednesday to give the Baltimore Orioles a 3-2 victory over the Cleveland Indians.

The Orioles got only five hits, but bunched four of them in the second off starter Barry Moore. Brooks Robinson led off with a walk but was out trying for third on Dave Johnson's single. Johnson, took third on Adny Etchebarren's pop double to right, but was forced at the plate by Cuellar.

Don Buford wanted to fill the bases and Etchebarren scored on a passed ball. Belanger followed with a single to left to score the other Oriole runs.

as a surprise to some observers of National Basketball Association action, but there is a general feeling the Knicks' defense will contain the Bucks. New York's offense, far from spectacular in the Baltimore series, as it averaged 106.6 points a game, depends on Willis Reed's gimpy left knee for success.

MILWAUKEE (UPI)—Bill Voss drove in four runs with a single, two doubles and a triple Wednesday to power the California Angels to a 6-1 victory over the Milwaukee Brewers.

The 7-1 Reed Alcendor is a double-barreled proponent of offense who catapulted the Bucks from last place in 1969 to a second place finish in the East this season. He averaged 36.2 points as Milwaukee demolished Philadelphia in five games.

PEBBLE BEACH, Calif.
UPI—Bing Crosby, whose annual "Clambake" has helped make Pebble Beach one of the world's best known golf courses. Wednesday was named honorary chairman for the 1972 United States Open Championship to be played over the seaside course.

Hut Trick Leads
Bruins To Win

Regular season goal leader Dick Esposto scored three times Wednesday night to pace the Boston Bruins in a playoff-opening 6-2 rout of the New York Rangers.

Regular season goal leader Dick Esposto scored three times Wednesday night to pace the Boston Bruins in a playoff-opening 6-2 rout of the New York Rangers.

ST. LOUIS (UPI)—Al McDonald and Terry Cripps scored two goals each Wednesday night to lead the St. Louis Blues to a 6-2 win over the Minnesota North Stars in the first game of the Stanley Cup quarter-finals.

Reed planned to wait until after today's practice session before deciding on another cortisone shot to ease the soreness. Two days off after the Knicks' grueling triumph over Baltimore may help.

Unseeded, however, presented a single-pronged offense as he was held to 73 points, including a mere two points in the final game.

Helping was the blooming of Oakley's Kim Martindale into a championship sprinter class the Hornet twice beating Raft River's best, Paul Edwards, in the sprints to prevent the Trojans from picking up the four points that could have meant the difference.

LOS ANGELES (UPI)—Knicker guard Mack Calvin, a ballhandling magician at 6-foot-10, finished with 24 points while quarterbacking the Los Angeles Stars to a fourth quarter rally and a 104-92 victory over the New Orleans Buccaneers to give them a virtual stranglehold on an ABA playoff berth.

HEMPSTEAD, N.Y. (UPI)—The Pittsburgh Pipers, eliminated from a playoff berth, killed New York's chances of finishing higher than fourth place in the Eastern Division of the ABA Wednesday night by beating the Nets 117-107 behind the combined 43-point production of John Bricker and George Thompson.

Masters' Unsuspecting Trap Awaits Tests By World's Top Golfers

AUGUSTA, Ga. (UPI)—The Augusta National, home of the Masters golf tournament, looks as if it would be a snap for the world's best golfers. After all, you've really got to slice the ball to get out of its wide fairways and it isn't easy to find a trap. But, year after year, only a handful manage to break par over the four days—and there have been years, like 1964, for instance—when nobody wound up under par. "It's the greens," explained Ken Still, a journeyman golfer who makes a pretty good living out on the tour but who never has done well here. "Getting to the greens isn't much trouble—but once you're there..." The famed Augusta National has acquired a reputation that

reward the good shot and penalize the bad. Jones insisted that there never was any attempt to copy holes from any other golf course when the Augusta National was built in the early '30s. "We just wanted to come up with a course that would call for every type of shot, one that would make the golfer use his head as well as his clubs." Few of the experts have tamed the Augusta National since the Masters began in 1934. Until Ben Hogan went 14 under par for his four rounds in 1953, the best any other pro had done was 9 under. Hogan's score has been beaten only once, when Nicklaus was 17 under in 1965 with what Jones called "the best four rounds of golf I've ever seen played." Last year, George Archer broke par in only two of his four rounds and was only 7 under for the tournament. But that was enough to win by a stroke in only a dozen of the 82 starters were under par for the tournament. "The Augusta National is a strange and demanding course," Archer said. "It's like a yo-yo. One minute you're up and the next you're down. Just when you think you've got your game really going, it sneaks up on you and you've lost a couple of strokes." The usually lush Augusta National is in its worst shape in years. The fairways and greens are drier and thinner than usual and Player and Nicklaus predict scores will be higher than in recent years.

Security Surrounds Masters

AUGUSTA, Ga. (UPI)—The eyes of the crowd, including some of the top cops belonging to the FBI, were on Gary Player and other members of golf's "Big Three" in the opening round of the 34th Masters tournament today, but the winner could be somebody nobody's watching. "I've been told some FBI agents are present," reveals tournament chairman Clifford Roberts, referring to the special protection being given Player here because of threats of harassment made against the South African star by black militants who don't like his nation's apartheid racial policies. It's a first in the colorful history of the Masters for a player to be given special security, but the Masters promoters are determined there'll be no repetition of the incident last August in Dayton, Ohio, when demonstrators killed Player and threw ice at him during the PGA championship. The Masters always has tight security, and prospects for demonstrations here appeared slim. Player, the only foreigner ever to win the Masters, and his fellow members of the "Big Three"—Jack Nicklaus and Arnold Palmer—are the slight favorites in the 72-hole competition over the rich, verdant, par-72 Augusta National Country Club course, but they're favorites more, less, by default, because there is no single sickout competitor.

Rouse May Retire After 'Free' Bout

HELENA, Mont. (UPI)—Lighthweight boxer Roger Rouse, twice unsuccessful in an attempt to win the world title may have fought the final fight of his career for free. Rouse, 34, of Anaconda, Mont., indicated Wednesday he might retire following his fourth-round technical knockout last Saturday at the hands of champion Bob Foster. Montana state athletic commission chairman Dave Blatter said it appears Rouse, who was ranked seventh going into the bout, may never be paid for the fight. Blatter said final figures on gross returns of the title bout at Missoula's Harry Adams Fieldhouse indicated Foster and the stake "were the only ones to make money on the fight."

Porsche Festival Is Anticipated At Le Mans Trials

PARIS (UPI)—Trials for the world-famous Le Mans 24-hour sports car race take place this weekend—and promises to be a virtual Porsche festival. Of the 25 cars entered for the trials—there are 55 entered for the race itself June 13-14—17 will be from Porsche. Some of the Porsches, including the new 4.5 liter 917, will be air freighted to the track from Brands Hatch in Southern England Friday night and then returned to Brands Hatch for the 1,000 kilometer world championship race there Sunday. Ford, with a succession of victorias in the event, has a strong field this year too. Also entered for the trials are a Chevrolet-Corvette, two British Lola T70s, one Italian Ferrari 512, an Alfa Romeo, one French Ligier JPL and two British Chevrons.

Isaac Sets Record In Qualifying

TALLADEGA, Ala. (UPI)—Bobby Isaac set a new record in qualifying—Wednesday by sizzling across the Alabama International Motor Speedway at 199.638 miles per hour to win the pole for Sunday's Alabama 500 stock car race.

Isaac, of Catawba, N.C., eclipsed an earlier world qualifying record of 199.466 mph set on the same track last fall by Charlie Glotzbach. But he was not able to beat the world's closest speed record of 209.747 mph set at the 2.66-mile trioval last month by Buddy Baker in a tire test.

Isaac's Dodge Daytona Charger made it around the track in 47.962 seconds to snatch the pole from David Pearson, Spartanburg, S.C., last year's grand national champion. Pearson, in a Ford Talladega, made a strong bid for the pole with a qualifying speed of 198.928 mph. Pearson will start on the outside pole. The qualifying was marred by one spectacular accident when Ben Arnold of Fairfield spun out his 1969 Ford in the trioval turn after blowing an engine and spilling oil across the track.

Arnold's car turned completely around and hit a retaining wall before coming to a stop. He was not injured. Glotzbach, of Georgetown, Ind., the pole sitter for the first race here last fall, took the inside spot on the second row by qualifying third fastest at 198.915 mph. Bobby Allison, Hueytown, winner of the Atlanta 500, made it an all-Dodge second row by qualifying fourth fastest at 197.114 mph and Baker claimed the fifth spot at 195.660 mph.

Net Pros Deny Okaying Grand Prix Tourney With Amateurs

NEW YORK (UPI)—The two professional tennis groups denied Wednesday that they had joined or endorsed the Grand Prix of tennis.

International Lawn Tennis Federation president Ben Barnett announced in London that the ILTF had authorized an experimental Grand Prix circuit of 18 tournaments for 1970, including Wimbledon and Forest Hills.

Mike Davies, executive director of World Championship Tennis, said in Dallas that the press, the public and potential sponsors are being fooled into thinking the pro groups are supporting the Grand Prix. In a series of meetings, I told the ILTF that it would be impossible for my group to play the Grand Prix this year.

"We have made separate and distinct arrangements to play in certain tournaments, but if those tournaments happen to be called Grand Prix events by the ILTF our contracts are in no way affected. WCT is not, absolutely not, a part of the Grand Prix."

Fred J. Podesta, president of Tennis Champions Inc. which owns the National Tennis League, said here that "we have no commitments whatsoever with the ILTF, nor have we had any discussions at all on the Grand Prix."

Davies group includes Tony Roche, John Newcombe and Giants manager Clyde King expects Marichal to be laid up in the hospital until Friday or Saturday.

"As of now," King said Wednesday, "I'm not figuring on Juan until we go on the road next week. I don't want to use him until he says he is ready. He is the best judge of his own condition."

The irony of Marichal's sickness is that he reported to spring camp on time, with a signed contract, despite another great season in 1969 after which he could have haggled for more money. He looked great in the Giants' spring games, but became ill just before opening day.

Marichal Sidelined For Week

SAN FRANCISCO (UPI)—Juan Marichal, thought by many to be the greatest right handed pitcher in baseball today, is getting a late start this season for the San Francisco Giants.

The Dominican native is resting in San Francisco's St. Luke's Hospital to try and get rid of an ear infection and heavy chest cold.

Giants manager Clyde King expects Marichal to be laid up in the hospital until Friday or Saturday.

"As of now," King said Wednesday, "I'm not figuring on Juan until we go on the road next week. I don't want to use him until he says he is ready. He is the best judge of his own condition."

The irony of Marichal's sickness is that he reported to spring camp on time, with a signed contract, despite another great season in 1969 after which he could have haggled for more money. He looked great in the Giants' spring games, but became ill just before opening day.

low Coach Wood by Oregon State

CORVALLIS, Ore. (UPI)—Ralph Miller, who won one Big Ten title and tied once for the championship in six years as Iowa basketball coach, will move into the tough Pacific-8 Conference as Oregon State coach next season.

Miller, 51, was named Wednesday to replace Paul Valenti, who resigned after six years as OSU coach.

Valenti will stay at Oregon State as tennis coach and assistant to the athletic director.

T.V. Commercial Wins San Marino ARCADIA, Calif. (UPI)—T.V. Commercial with Bill Shoemaker in the saddle won the \$32,200 San Marino Handicap Wednesday, the feature of the 48th and final day of the winter meeting at Santa Anita. T. V. Commercial, timed in 2:25 4/5 for the mile and a half race over the turf course, paid \$14.40, \$7.00, and \$4.50, beating Onandaya by three-quarters of a length. Onandaya paid \$8.00 and \$4.60. Gray Power, an entry with Revolution, was good for \$3.40 in show money.

The pro groups, which played the major open events in 1968 and 1969, this year have held out for additional payments to the listed prize money before allowing their players to compete. The National Tennis League did not play in the Australian Open, and neither group will compete in the French Open.

The groups want the additional money as an appearance fee, thus guarding against early losses in the tournaments.

Stocks

NEW YORK (UPI)—A number of glamor stocks rebounded from recent depressed levels Thursday, but on balance the market traded in narrowly irregular fashion in light turnover.

As trading passed the halfway mark, the NY marketwide indicator showed a loss of 0.94 per cent on 1,429 issues crossing the tape. Of these, 565 advanced and 554 declined.

The Dow Jones Industrial average of 30 selected blue chips, however, rose 2.65 to 794.29.

At a three-hour turnover of around 6,000,000 shares was in line with Wednesday at a similar period.

Among the day's most active issues were Occidental Petroleum up 1 1/2 on 94,800 shares, Hercules Inc. unchanged on 93,100 shares, Texas oil up on 85,000 shares, and American Motors down 1/2 on 85,600 shares. The car maker said it looked on 1970 as "a loss year."

Also heavily traded were Kinney National Service up 1 1/2, American Telephone and Telegraph up 1/2, and Phillips Petroleum up 1/2.

Glamor stocks in high gear included IBM up 2 1/2, Burroughs 4 1/2, Polaroid 7 1/2, National Cash Register 1 1/2, Texel Corp. 1, and Memorex 1 1/2.

Steel stocks on fractions, but Inco, Ray, and Airline and new issues were narrowly mixed.

Idaho Zinc Production

NEW YORK (UPI)—Bunker Hill Co. Wednesday announced a 15 per cent curtailment of zinc production at its facilities in the Coeur d'Alene District of north Idaho, which last year totaled 106,000 tons.

Several other large zinc producers already have posted production cuts as part of an industry effort to meet a steady rise in smelters' inventories and to relieve downward pressure on the price of the metal.

Zinc is the first base metal to come under downward price pressure on the U.S. market since the 1965-69 price uptrend. Lower automotive production has reduced demand for zinc, particularly for the die casting grades.

Prices of copper, on the other hand, have risen twice so far this year for a total gain of eight cents a pound, or 15 per cent. There also has been a flurry of steel price hikes and Kaiser Aluminum & Chemical Corp., the aluminum price leader in 1969, Wednesday boosted its price another cent a pound.

The price of prime western grade zinc, used mainly for galvanizing, rose to 15 1/2 cents from 13 1/2 cents a pound last year. There has been some recent discounting in the die casting grades of zinc, prices for which are scaled upward from prime western.

Idaho Zinc Production

NEW YORK (UPI)—Bunker Hill Co. Wednesday announced a 15 per cent curtailment of zinc production at its facilities in the Coeur d'Alene District of north Idaho, which last year totaled 106,000 tons.

Several other large zinc producers already have posted production cuts as part of an industry effort to meet a steady rise in smelters' inventories and to relieve downward pressure on the price of the metal.

Zinc is the first base metal to come under downward price pressure on the U.S. market since the 1965-69 price uptrend. Lower automotive production has reduced demand for zinc, particularly for the die casting grades.

Prices of copper, on the other hand, have risen twice so far this year for a total gain of eight cents a pound, or 15 per cent. There also has been a flurry of steel price hikes and Kaiser Aluminum & Chemical Corp., the aluminum price leader in 1969, Wednesday boosted its price another cent a pound.

The price of prime western grade zinc, used mainly for galvanizing, rose to 15 1/2 cents from 13 1/2 cents a pound last year. There has been some recent discounting in the die casting grades of zinc, prices for which are scaled upward from prime western.

From the end of September to the end of February, smelter stocks have risen from 45,000 tons to 109,233 tons. The March report is expected to show a further rise. Smelters may want to know how tall the April figures, which will be the first to show the production cutbacks, will turn out before making any decision on prices.

There is also some hope of a pickup in automotive building, if only for inventory building against a strike in Detroit this fall.

In addition to the Bunker Hill output cut, zinc production has been curbed by National Zinc Co. (25 per cent), St. Joseph Lead Co. (13 per cent), and American Zinc (10-12 per cent). Mattiessen & Hegler recently said it has been operating at 25 per cent under full capacity since January.

Bunker Hill is a subsidiary of Gulf Resources & Chemical Corp. and last year contributed 84 per cent of Gulf's total sales and 63 per cent of its pretax profits.

Successful Investing

Q—My portfolio consists of issues selected on the basis of monthly dividend schedules, earnings, and growth. I have succeeded in balancing payments for all but February, May, August and November. Can you recommend companies you will fit my needs?—J. W.

A—Three issues which meet your dividend and other requirements are Continental Illinois Bank & Trust, which has been actively pursuing international business opportunities; Continental Illinois Bank & Trust, which has been actively pursuing international business opportunities; Continental Illinois Bank & Trust, which has been actively pursuing international business opportunities.

NOTICE OF LETTING Sealed proposals will be received by the Idaho Board of Highway Directors of the State of Idaho, only those proposals which are received at the office of the Department of Transportation, 1000 N. State Street, Boise, Idaho 83720, on or before 10:00 a.m. on April 10, 1970, for the construction of the roadway, including the construction of the roadway, including the construction of the roadway, including the construction of the roadway.

Red Trade HONG KONG (UPI)—Despite their diametrically opposed ideologies, Nationalist China bought \$160 million worth of goods from Communist China last year through the free port of Hong Kong, government export statistics showed Tuesday. South Vietnam bought \$120 million and South Africa \$125 million worth of Communist Chinese goods the same year.

carefully dropped the 10 of diamonds. The 10 of trumps would have been just as good.

South's next lead was the 10 of clubs. This is where Bill came through with the killing play. He rose with his nine-spade. If he had played any lower club, South could have ducked comfortably. In dummy and East would have been forced to win the trick and lead away from one of the kings.

If South had led a diamond, Bill would have picked that trick in the same manner with the same result.

South could have made the game if he had known where all the cards were. He could just lead out all his trumps to remain with both aces in dummy. Then, if East unguarded a king, South would take two tricks in that suit. If he kept both kings guarded, South would refuse either trumps and then throw East in.

CHARD SERBAC

The bidding has been West North East South
Pass 1♥ Pass 1♠
Pass 2♥ Pass 2♠
You, South, hold:
♠KJ752 ♥2 683 ♣AKJ1087

What do you do now?

A—We prefer a two-spade call to a pass but aren't happy with either choice. The hand looks like a misfit and no good runs of suits.

TODAY'S QUESTION
You do bid two spades and partner raises to three spades. What do you do now?

PASS IT ON
by L.M. Boyd

APPEALING MEN — "What sort of man has the most appeal as the most woman?" inquires a client. Our love and war man says that probably the rich widower with two young children whose first wife was a notorious drunken nag. You don't find a whole lot of men precisely qualified in this manner, but those there are certainly have appeal.

OPEN QUESTION — Which is the smarter, a mule deer or a white tail?

'CALIFORNIA — Did I say nobody knows how California got its name? How droll. The daily mail indicates a few know how California got its name. A few, a few, here's Mac E. Barrick, a Pennsylvania professor: "Spanish Conquistadores named the state. One of them evidently read 'Sergas de Espania', a Spanish novel of chivalry published in 1521. In Chapter 157 is the following passage, herewith translated: "Know ye that on the right hand of the Indies there was an island called California, very near to the earthly paradise, and it was inhabited by black women, without a single man among them, and the manner of life was almost like not altogether accurate, it should be noted."

'CUSTOMER SERVICE — Q. "What's the difference between a frog and a toad?" A. For one thing, a frog has teeth, a toad doesn't. Q. "I'm 29. How many working years can I be expected to have left?" A. Just 36. Incidentally, taxes will get all you make, at least 10 of them more good news than come. Q. "All right, Mr. Know Everything, let's have the number of drops in a quart of milk." A. 15,362, sir.

'WHAT'S THIS BIG INTEREST of late in the old Pony Express-riders? Now a customer asks how far said riders were expected to go in one day. No less than 75 miles... Do not call yourself a seasoned citizen if you can't name the comic gentleman who invariably included in his routine the query, "Want to buy a duck?" That one-armed outfielder who played for the St. Louis Browns is Peter Wyszner, more widely known as Pete Gray, I'm told. Said now, to live in Hanover, Pa.

PLANET MAN — Am asked why a jury is always composed of 12 people. Nothing complicated about that. In the early days of the courts the astrologers thought it wise to select one juror for each sign of the zodiac. Idea was to make up a jury of all 12 different types of citizens. That hinged on the belief, certainly, that there were only 12 types. Our planet man, the rascal, still considers it a sound policy.

Your questions and comments are welcomed and will be used in PASS-IT-ON wherever possible. Address letters to: L. M. Boyd, P.O. Box 3760, Santa Monica, Calif. 90403 (c) 1970, McNaught Syndicate, Inc.
