By O.A. (GUS) KELKER  
Times-News Editor  
POCATELLO — Senator Frank Church warned a standing-room-only crowd here Wednesday night that compulsory birth control would become a fact in the United States unless population stabilization on a voluntary basis is achieved.

Speaking at Idaho State University, his address was the concluding highlights of a day-long "Earth Day" observance both at the University and in Pocatello.

In essence the Idaho Senator said that one of the major causes of pollution is the population explosion and the shift of great masses of people into tightly compressed living areas.

"Spreading out our population would result in immediate benefits for millions of American citizens for whom conditions of life could be greatly improved," he said.

"The noble cause of overcoming pestilence, infection, and the most common forms of death-dealing disease, Nature's balance has been undone. As a consequence, the human species is multiplying like the cells of a malignant tumor in its terminal phase."

He pointed out that although the Federal government stands ready, through its foreign aid program, to give technical assistance to foreign governments that desire to curb their population growth, no comparable program exists within the United States itself.

"If one of our state governments, or an individual community, felt the need, based on the local situation, to set up a family planning service to be administered in a purely voluntary manner, neither the state nor the community could get any technical or financial help from the Federal government. For nearly everywhere Federal aid is available but, except for foreign governments, no Federal grant-in-aid money is available for family planning," Senator Church said.

Then he warned that "if we act now" it is still possible to stabilize our population on a strictly voluntary basis, but declared a delay will cause "the inevitable pressures for compulsory birth control."

# Parents Battling To Save Neighborhood Center Here

A small group of 20 embattled parents has set out on a monumental job in Twin Falls — to battle community apathy and federal economy and keep the desperately needed Neighborhood Day Care Center. They must raise \$1,000 in just three months or the center will close permanently.

They must also convince a skeptical government that Twin Falls itself wants the Day Care Center; that the citizens will contribute time, money, and supplies. Federal rules are strict — "you help us, we'll help you" — either the community cooperates or Uncle Sam bids farewell.

And the community hasn't cooperated, the government has decided. The Day Care Center program is now funded directly by the federal Department of Health, Education and Welfare (HEW) and the purse strings are much tighter than under the Office of Economic Opportunity which formerly governed such programs.

The Day Care Center provides day-long child care — and loving child care it is — plus classwork on a pre-school level, plus two snacks and a balanced lunch for children of needy parents.

The cost — just 50 cents per day per child. Far less than the \$2 to \$3 per day which must be charged by private kindergartens or nurseries.

For a mother desperately trying to pull herself out of poverty by attending classes at the College of Southern Idaho, and work at the same time, the nominal 50 cents per day for child care makes all the difference.

Mrs. Rosemary Fairchild, president of the advisory board of the center and a mother of one of the children at the center, feels deeply — very deeply indeed — about the problem.

"Just figure it out... \$2 to \$3 per day, five days a week, four weeks every month," she pointed out. "We just can't do it; we can't go to school and pay such prices." For these women, schooling is the only answer to their problems; it is the only route to a decent job and to the richer, fuller life enjoyed by most Americans.

"What price would you put on one of the children at the center, if they were not here, if they were just sitting at home alone?"

There are 80 women currently

enrolled in the Work Incentive (WIN) program for needy people at CSI... 80 women who need child care. The Day Care Center has funds enough for 20 and no more. They did have 38 children enrolled, but reduced funds forced them to trim their youngsters back.

And so the \$1,000 by August... HEW has ruled that if the community does not show sufficient support by August, in the way of volunteer help, donations and supplies, the center will be closed.

A "rock" dance last weekend, with two musical groups donating their services, brought a paltry \$200. That's a long way from \$1,000 — but it's a start.

Other dances are being planned; auctions and rummage sales will help. But that too is only a start. Volunteers are needed to work with the youngsters to donate furniture, supplies and even food — to show Uncle Sam that somebody cares in Twin Falls.

"If the people would just come out here and see these kids, they'd know what I mean," Mrs. Fairchild pleaded. "These are wonderful kids, and it's wonderful what the center does for them... if people only cared."

## School Play Coincides With Bard's Birthday

The Twin Falls High School drama department's production of William Shakespeare's "Midsummer Night's Dream" got off on schedule Wednesday night at O'Leary Junior High School, but tonight will be the big night.

It was 406 years ago this day the English bard was born and student research into the writer's life has been deep and is interesting reading.

The play will be held at 8:15 p.m. today, Friday and Saturday at O'Leary and tickets may be purchased at the door.

Shakespeare's father was a glover and his mother, Mary Arden Shakespeare, was a dramatist.

Young William was educated in Stratford-On-Avon, the place of his birth, but Twin Falls High School students, through research because of the play, found that he got little encouragement to be a writer. His future came because at the school he attended back in the 1500s he learned Greek and read some of the plays of the scholars of that early era.

Shakespeare married in 1582. Anne Hathaway was eight years his senior but what happened during his early life in Stratford-On-Avon is not recorded in history.

Therefore, one of the greatest writers of all time is one of the biggest mysteries.

Research shows there is some conjecture that he might have been a school teacher and went

to London to avoid a charge of poaching.

Rumor has it, according to Twin Falls students, that many of his most famous plays were written in English pubs, on tablecloths, during times when the writer was somewhat under the weather from drink.

In 1594 Shakespeare was named a member of the "Lord Chamberlain's Men," a dramatic company. He was both an actor and a shareholder in the company.

He then continued with his writing and his plays were produced at the Globe and Blackfaire theaters, but the first was burned down in the 1600s and it is reported much of his written but yet unseen material went up in smoke in that fire.

Although the play "Midsummer Night's Dream" will be seen through Saturday, Shakespeare's birthday will be observed today.

WASHINGTON — (NEA) A source in Laos has recently written a letter about the problems of the people in the village of Sihanatay.

around just such villages as this the battles in Laos have been fought in the past few weeks. The Lao battle losses bother the young man. They do not disturb him half as much as our agricultural failures in Sihanatay.

This is one letter from one young man in a small village. But it helps to explain why our aid money in Laos and elsewhere frequently seems to produce less-than-expected results despite the large amounts we spend.

This is important in Laos for in the kind of war now being fought in that country, battles may be less important than what happens in the villages. In this, the theories of Mao Tse-tung and the U. S. government now agree.

Inflation

Inflation as a permanent way of life at least for the immediate future? It is possible, as both the administration and the opposition-controlled Congress continue jockeying over fiscal positions in this election year.

But if all these factors did not exist, there are definite signs of relaxation in the fight against inflation, as a consequence of the rising rate of unemployment, the halt in the growth of the Gross National Product and the continuing pinch on corporate profits.

Pilferings

In the jungles of Mexico still repose some of the most magnificent artifacts belonging to long vanished civilizations. Their ranks however, have been seriously depleted over the years by souvenir hunters and professional thieves who find a ready market for the priceless objects in museums and private collections throughout the world.

Next month United States representatives will meet with Mexican authorities to begin negotiations on a treaty which would prohibit the pilfering of each other's historical or archaeological treasures. The treaty would largely be of importance to Mexico. There are few American artifacts which would find a ready market in Mexico.

No Bones About It

Producers of the television special "It Couldn't Be Done," an NBC made no bones about it. They had a message and they hammered at it with no attempt at subtlety.

So many voices are raised in despair that the American people are beginning to believe there is no solution.

The program showed a great number of engineering marvels which, before and during construction, everyone was saying couldn't be done. The Golden Gate Bridge, the Panama Canal, Hoover Dam, Mt. Rushmore, the Brooklyn Bridge, the Holland Tunnel, these and others were shown being built, with narration explaining the physical difficulties and the opposition that had to be overcome.

This not only will cause people to quit applying ingenuity and committing resources to solve the problems it will start a counteraction that will destroy the work others are trying to do.

ROLAND EVANS Glenn's Asset

CLEVELAND — A teenage daughter of an Ohio Democratic politician pointed to the picture in her history book.

some doubts an stirred some fears among local Democratic politicians in a state that never has had anything approaching a strong, centralized Democratic party structure. These doubts were apparent at a small breakfast one day last week in nearby Elyria.

With name-familiarity like that, it would take a monumental campaign blunder by Glenn to lose his Senatorial primary election against Howard Metzenbaum, despite the rich Cleveland industrialist's broad political credentials and close ties to Ohio's potent labor unions.

After a soft-sell talk on the issues, in which he took orthodox liberal positions, Glenn asked for questions. The first one, from a local party official, was typical: how did Glenn stand on the Democratic party?

His approach to the voters is so low-key, in fact that it is beginning to worry Democratic politicians who know that Glenn is the party's best bet to beat the winner of the vicious Republican primary between Gov. James A. Rhodes and Rep. Robert A. Taft, Jr.

The 48-year-old Glenn replied that the Democratic party in Ohio is a series of "flounders" which should be brought together into a unified whole. If elected, he promised to make frequent appearances at party fund-raisers to help strengthen the party and its candidates.

This concern over Glenn's party loyalty springs from two facts: his failure to vote in four of the last six statewide party primaries, and the long, unhappy experience that the party had with Frank Lausche, former Governor and Senator, whose popularity was wholly personal and outside the party itself.

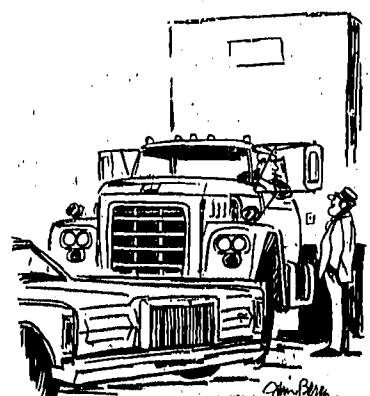

Similar doubts are evident among loaders or organized labor, which planned and financed the successful primary campaign of John J. Gilligan against the conservative Lausche in 1968. They worry about Glenn's liberal commitment and fear that his personal popularity puts him beyond their reach.

Surprisingly, Glenn lacks campaign money. He spent \$20,000 on two weeks of TV spots in Cleveland and Youngstown last month but has bought no time since then.

Officially, the high command of the AFL-CIO, headed by the powerful Frank W. Smith, is neutral (a neutrality strongly urged by Glenn agents on both Smith himself and AFL-CIO headquarters in Washington). But at lower levels, Metzenbaum's long and intimate associations with labor are paying him some dividends, particularly with the auto workers and machinists who are beating the bushes for Metzenbaum.

Despite this glittering asset, Glenn's candidacy has raised

## Boise Meet To Feature Road Safety Experts

BOISE (UPI) — Several nationally known officials involved in highway safety will take part in the Region IV American Association of Motor Vehicle Administrators conference scheduled in Boise May 17-21.

They include Douglas W. Toms, Washington, D. C., National Highway Safety Bureau administrator; Mrs. Isabel Burgess, Washington, D. C., a member of the National Transportation Safety Board; Audrey G. Warren, Washington, D. C., a professional staff member of the House subcommittee on roads; and Glenn V. Carmichael, Washington, D. C., of the National Highway Safety Bureau. Also scheduled to participate are Dr. Billy J. Shell, research professor at the University of Mississippi; Y. W. Welchez, Little Rock, Ark., president of the National Conference of Governors' Highway Safety Representatives; and Kenneth Ruggs, Sacramento, Calif., a member of the National Highway Safety Advisory Board.

Meeting with the administrators will be representatives of the Mountain Pacific Region,

State and provincial section of the International Association of Chiefs of Police, the Western Interstate Committee on Highways and Transportation of the Council of State Governments, and the Western Association of Governors' Highway Safety Representatives.

Approximately 400 persons from the 11 western states, Hawaii, Alaska and the Canadian provinces of Alberta, British Columbia, and Saskatchewan are expected to attend the meeting.

TROPHIES WERE PRESENTED this week to local winners of the Hire the Handicapped poster and essay contest. Among those who were honored were, from left, James Walter Slaughter, second essay; Bunnie Killen, second poster; Tim Schmidt, fourth poster; Suzanne Hedrick, first, essay; Jeannine Beck, third, poster, and Hall Wallace, first, poster. All except Tim

Schmidt, who attends Robert Stuart Junior High School, are students at Twin Falls High School. Receiving honorable mention in the poster contest were Kathy Blake, Rex Fisher, Jay Bryan and Lennie Barth, all Twin Falls High School, and Denise Dillon, Kathy Barron, Debra Roberts and Scott Bybee,

all Robert Stuart Junior High School. Ron Finn, who instructed the students winning the essay contest, and Lawrence Culver, who instructed students receiving awards in the poster contest, also were awarded trophies. The presentations were made at a luncheon meeting at the Rogerson Hotel Roundup Room.

# Court Finds No Reason For Bank Merger Delay

By RICHARD CHARNOCK  
BOISE (UPI)—A federal district judge Wednesday shot down the Nixon administration's first anti-trust suit by dismissing a suit that challenged the merger of Idaho's largest and sixth-largest banks.

U.S. District Judge George H. Boldt, Tacoma, Wash., handed down the ruling in the case brought by the Justice Department against the Idaho First National Bank of Boise, Fidelity National Bank of Twin Falls, and Comptroller of the Currency William Camp.

"The court finds no basis for in fact or law for enjoining or delaying consummation of the merger agreement of Idaho First and Fidelity approved by the comptroller," Judge Boldt ruled.

With Prejudice  
Accordingly, he dismissed with prejudice against filing another action the suit brought earlier by Attorney General John N. Mitchell.

The two banks agreed to a merger Oct. 16, 1968, after Idaho First repeatedly, but unsuccessfully attempted to establish a new branch office in Twin Falls, a southeastern Idaho city served by four banks including Fidelity.

Idaho First, in terms of assets and deposits is one of three largest commercial banks doing business in Idaho and the largest having its headquarters in the state.

Fidelity is the oldest commercial bank in Twin Falls County and one of four serving the City of Twin Falls, with a population of less than 25,000.

The Justice Department alleged the merger would eliminate competition between the defendant banks and substantially lessen competition in the relevant marketing area.

Judge Boldt said the plaintiff had the burden of proof to show by a preponderance of evidence that the merger would substantially lessen competition and the Justice Department failed to do so.

Speculation or Conjecture  
"There is no evidence in the case which amounts to more than speculation or conjecture that any of the additional services which Idaho First will presently provide in the Twin Falls community may at some unforeseeable time in the future be provided by alternative means with less anti-competitive effect than by the merger," the judge said.

"No witnesses testified directly or indirectly to any qualification that any bank or financial concern is prepared to, and will provide, any single one of the new, better and wider services that will become available to the community immediately when Fidelity becomes a branch of Idaho First."

In discussing four basic questions raised by the Justice Department, the judge said, "All banks in Twin Falls (City) are in substantial and vigorous competition with financial concerns other than banks in providing several product-services other than demand deposits."

Judge Boldt also held that Idaho First and Fidelity are not new and not have been in actual substantial competition.

Losses In Vietnam Are Heavy  
SAIGON (UPI)—A Marine Corps airplane today became the fifth American aircraft reported lost in Laos in the past 24 hours. Air Force planes logged 65 sorties against North Vietnamese bases along the Green Beret camps in Vietnam.

The U.S. Command said a twin-engine Marine OV-10 Bronco armed reconnaissance plane was shot down Tuesday in Laos' lower peninsula. One of its crewmen was rescued and the other is missing.

Military spokesmen Wednesday had reported the losses of four planes, including the fighter-bomber and a jet reconnaissance aircraft, in Laos.

U.S. Air Force fighter-bombers flew 40 air strikes Wednesday in support of the beleaguered garrison at Dak Seang, 200 miles northwest of Saigon, and 10 in support of Dak Pek, 20 miles to the north.

Air Force transports kept up the supply drops to the two beleaguered camps. C-123 cargo planes dropped 17,000 pounds of ammunition, food and water to Dak Pek in three sorties and smaller C-7 Caribou transports parachuted 6,955 pounds to Dak Seang in two missions.

between themselves in any market area.  
Raps Silva  
He also said the evidence shows any anti-competitive effects of the merger, if any, "will be clearly outweighed by the public interest by improvement in banking services meeting the contentions and needs of the Twin Falls community."  
Judge Boldt commented on the credibility of testimony from several witnesses and in particular rapped Idaho State Financial Commissioner John D. Silva.

# Soviet Ships Are Spread Over Area

LONDON (UPI)—Nearly 200 Soviet ships and submarines were spread around the world Wednesday in an unprecedented naval exercise timed to coincide with the 100th anniversary of Lenin's birth, U.S. and NATO sources said.

The sources said the operation, dubbed "Ocean" by Moscow, was "10 times bigger than anything of this nature the Soviets have ever done before."  
Being Tracked  
A U.S. Navy source in London said the Russian vessels, which included the aircraft carrier Moskva in the Mediterranean and the helicopter carrier Leningrad off the coast of Scotland, were being tracked around the clock.

The sources said the global Russian fleet included 95 to 100 ships and submarines in the Atlantic, 45 to 50 in the Mediterranean, 15 in the Indian Ocean off the east coast of Africa and 20 to 25 in the Pacific, around the Philippines Sea.

They also said "Operation Ocean" was supported by Russian aircraft. At least one flight of four-engine TU95 "Bear" aircraft was tracked on a nonstop flight from northern Russia to Cuba last week and a return nonstop via the same route earlier this week.

Training Exercise  
American and NATO sources said they expected the Russian fleet to remain on station at least throughout May—partly to help observe Wednesday's 100th anniversary of Lenin's birth.

# Laws For Women Are Asked

WASHINGTON (UPI)—A presidential task force on women's rights has told President Nixon he should seek laws, including a constitutional amendment, and take other steps to eliminate discriminatory practices against women, it was learned Wednesday night.

The task force, in a 40-page report, also suggested Nixon set up a White House office on women's rights, headed by a special presidential assistant reporting directly to the President. The office would coordinate recruitment and urge consideration of qualified women for policy-level positions.

"So widespread and pervasive are discriminatory practices against women," the report said, "they have come to be regarded, more often than not, as normal."  
The report of the presidential task force on women's rights and responsibilities has been kept secret since it was submitted to the White House last Dec. 15.

particular rapped Idaho State Financial Commissioner John D. Silva.  
Silva, Judge Boldt said, "did not impress the court favorably in his demeanor as a witness and his often evasive testimony is found to be not entirely disinterested and objective and not well-based in facts."  
"In all significant particulars, his testimony is not found credible or acceptable," the judge said.

# Reform Plan Now In Senate

WASHINGTON (UPI)—Postmaster General Winton M. Blount takes the administration's postal reform plan before the Senate Post Office Committee today. The chairman, Sen. Gale W. McGee, D-Wyo., was poised to shoot it down.

AFL-CIO President George Meany, in a prepared text of testimony to be given today to the House Post Office Committee, praised the administration's reform measure and urged its approval.

"We think it is a good bill, that it will do the job we all want done, and that its prompt approval will be beneficial to the public, the postal service and the workers involved," Meany said.

Wednesday, Blount described the reform plan to the House committee.  
McGee has vowed to impose his own postal reform plan. It would give the postmaster general firm control, remove him from the President's cabinet and give him a seven-year term.

Under Nixon's plan, a neutral commission would run the post office and set postal rates, subject to congressional veto. Under McGee's, rates would be set by an independent rate commission. Its decisions could be vetoed only by the postmaster general.

McGee said Congress had bowed too often to lobbyists for second and third class mail users and should be removed from rate making.  
Nixon's proposal also would increase first class postage (letters) from 6 to 8 cents, second class (newspapers and magazines) by 50 per cent and third class (advertising, sometimes called "junk mail") by 33 per cent.

# Portia Pittman In Washington

WASHINGTON (UPI)—Portia Pittman, daughter of Booker T. Washington, the black author and educator, stopped by the White House Wednesday—43 years after her first visit.  
Mrs. Pittman, a spry 87, said she went along with her father in 1907 when he had lunch with President Theodore Roosevelt. "The Southern press went wild," she recalled of that first visit, after which Roosevelt was commended for "eating with a Negro."

# Owyhee Cattlemen Are Concerned Over Control Of Grazing Areas

MURPHY, Idaho (UPI)—Owyhee County cattlemen told Gov. Don Samuelson Wednesday they are concerned about state land presently used for grazing.

The comments came during Samuelson's "take government to the people" meeting at the Owyhee County courthouse.  
Joe Nettleton, an Owyhee County cattlemen, spoke on behalf of many area ranchers. He told the governor the men were worried that the 250,000 acres of state land in the county, most of which are presently leased by cattlemen for grazing, would be put for sale.

## Small Hijacked Plane Makes Flight To Cuba

FORT LAUDERDALE, Fla. (UPI)—A small private plane, hijacked by an armed exconvict and his girl friend in North Carolina, landed in Cuba today after three refueling stops along the South Atlantic Coast.  
The Federal Aviation Agency (FAA) in Miami said the single-engine Cessna 172 touched down at Havana's Jose Marti Airport at 5:40 a.m. EST following a two-hour and 16-minute flight from Fort Lauderdale.

"There was no unusual conversation between the pilot and Havana airport," the FAA said. "The pilot seemed calm and indicated he would like to return today."  
The plane, hop-scotching on refueling sites in South Carolina and Florida, made its last U.S. stop at the Fort Lauderdale.

## Sherman Not So Popular

COLUMBIA, S.C. (UPI)—The chamber of commerce thought it was rather clever to stamp all of its mail with the slogan: "Columbia, S.C. General Sherman visited here, why not you?"  
The United Daughters of the Confederacy thought differently.

Mrs. L. H. Wright and Mrs. Bezie Rice asked the chamber of use a more "appropriate slogan."  
"We have more than enough scars in the city to remind us that Sherman was here and we certainly don't need to be reminded of his visit in this manner."

## General Taylor Is Shouted Down

By United Press International  
Gen. Maxwell Taylor, former chairman of the Joint Chief of Staffs was shouted off the stage at Monmouth College in West Long Branch, N.J., Wednesday night by student radicals who called him a "killer" and a "pig."  
The incident was one of the few disturbances during a generally quiet day on campuses across the nation.  
"I can't continue," Taylor said after shouting and booing interrupted his second attempt to make a speech, "Vietnam, A Historical Perspective," before an audience of 250.

# Quickies Ease GI Taxes

WASHINGTON (UPI) — GI and officers in Hawaii and other noncombat zones have flown quickie trips over South Vietnam just to qualify for large tax breaks, Air Force officials acknowledged today.

Air Secretary Robert C. Seamans Jr., Air Gen. John D. Ryan, the air chief of staff, and Lt. Gen. Duward L. Crow, the Air Force comptroller, said the Defense Department is using directives and controls to try to clamp shut the tax "loophole."

The officials agreed under questioning by the House Appropriations Committee in just published testimony that the practice has been going on for at least two years.

Under the law, enlisted men can deduct their entire monthly pay, and officers up to \$500 monthly, for any part of the month they spend in the South Vietnam combat area. Seamans defended the practice for servicemen stationed in Thailand who do not qualify for combat pay. "The general policy regarding combat pay is really very tough, bordering on being unfair," Seamans said. Some servicemen in Thailand, he said, are running as great a risk as some of those based in combat pay areas.

# Fight Over Table May End School

NEW YORK (UPI) — There's an old fable about a kingdom being lost for want of a horseshoe nail.

For want of a table — an education is being lost by some 4,500 students at George Washington High School in Manhattan.

And it's no fable. Parents of the students want the table — for the filing of grievances — located in the lobby of the school.

The teachers agree to the table, but want it located inside an office somewhere in the school structure.

The parents want the table staffed by parents.

The teachers take a dim view of this.

The dispute has led to several disturbances — some of them serious, costly and with injuries — in the past several weeks. There have been numerous arrests involving students.

Even on those days when there was no smashing of glass or furniture or assaults on police assigned to the school to keep some semblance of order, students rampaging through the halls and shouting have kept classes from going on.

The rioting became so widespread last Wednesday that Superintendent Irving Anker ordered the school totally shut down.

Acting principal Sol Levine brought in veteran mediator Ronald W. Haughton to try and strike a balance between the opposing forces, but he was unsuccessful.

On Tuesday Manhattan Supreme Court Justice Thomas Dickens acted on a Board of Education request for an injunction barring the parents from controlling the controversial complaint table.

Dickens said he thought the parents were "sincerely grounded" in their efforts to get the table, but he could not approve of their actions in obtaining it.

# Pesticides Parfait Is On "Exotic" Menu

EATON RAPIDS, Mich. (UPI) — One of the menus at the Miller Farms Old-Time Ice Cream parlour here is printed in ecology green on biodegradable paper and features such exotic dishes as the littering sundae, the water pollution soda and the pesticides parfait.

The ingredients of the pesticides parfait was "alternating layers of topsoil, grains, fruits and vegetables, drenched in DDT and topped with herbicides and a conglomeration of other crazy chemicals."

The listed prices range from \$8 billion for the littering sundae to \$27 million for the water pollution soda.

BEATNIKS BANNED  
NICE, France (UPI) — The city of Nice banned midnight bathing from its beaches Wednesday in a move to clear the sands of "vagabonds and beatniks." The beaches will be closed from midnight to 6 a.m.

JUDITH ANN McARTHUR of Pocahontas visited Rep. Orval Hansen, left, and Sen. Len B. Jordan, Idaho Republicans, Wednesday while in Washington, D.C., to accept an \$8,000 scholarship award from the National Society of the Daughters of

# Selection At Markets Is Limited

WASHINGTON (UPI) — The Consumer and Marketing Service reports food shoppers will find only a limited number of meat and fresh produce items featured at food stores and supermarkets this weekend.

Beef roasts and steaks and pork chops are listed again this week at the meat counter. In fish, look for canned tuna, fish sticks and portions, and Maine sardines.

Again this week featured vegetable items are limited mostly to carrots, lettuce, and potatoes — with lettuce expected to continue plentiful during coming weeks. At the fruit counter look for apples, grapefruit, oranges, Applesauce and apple juice as well as raisins are featured.

# Boise Cascade Names Officer

BOISE (UPI) — John B. Fery, executive vice president of Boise Cascade Corp., announced Tuesday appointment of Willis H. Sanburn, Boise, as assistant general manager of the corporation's recreation community group.

Sanburn, who since 1968 has been general manager of Boise Cascade's office marketing group, will move to Hawaii and assume management responsibilities of the Central Pacific Region of the group.

Boise Cascade's major commitment in the region is the Waikoloa project in the island of Hawaii.

# "Big Topless" Portland, Maine

PORTLAND, Maine (UPI) — Carmen Morales broke tradition — along with her circus costume — Tuesday night when she abruptly ended her act topless.

Miss Morales, 24, was performing atop a 30-foot pole balanced on her father's head at the Koru Shrine Temple Circus when her one-piece sequined costume broke loose from around her neck and fell to her waist.

She quickly slid down the pole, ignoring the show must go on tradition, and was covered by a red coat offered by ringmaster Austin Miles. The audience applauded loudly.

# Farm Bill Said Step Backwards

NEZ PERCE, Idaho (UPI) — Wynne Henderson, Nez Perce, president of the Idaho State Wheat Growers Association, described an amended farm bill passed by the House livestock and grains subcommittee last week as "a giant step backwards."

Henderson said the amended bill proposed by the U. S. Department of Agriculture "defeats the parity concept of present farm programs and removes any chance of a fair return for the nation's wheat producers."

He added that in a time of rising costs "this proposed legislation guarantees the farmer a comparatively lower income."

# Sen. Summers Of Boise Seeks Third Term

BOISE (UPI) — State Sen. H. Dean Summers, R-Boise, the third ranking Republican in the State Senate, said Tuesday he will seek a third term to the seat from District 17.

Summers is chairman of the State Affairs Committee, vice chairman of the Fish and Game Committee and a member of the Business and Judiciary and Rules Committees.

He pledged to continue his efforts toward a more equitable return of state monies to cities, a revamping of Idaho environmental and pollution laws, and more help to state and local law enforcement, specifically in the field of narcotics control.

# Flush-In

OXFORD, Ohio (UPI) — Students at Miami University Tuesday night staged a "flush-in" which caused a water shortage in this Butler County community.

Wayne Wright, engineer for the Oxford Water Co., said the continuous flushing of toilets and running of other water outlets in the dormitories wasted "hundreds of thousands" of gallons of water.

Wright said the "flush-in" was apparently staged to protest the arrest of 170 students last Wednesday during a disturbance on campus. He said the shortage became apparent within a short time when residents began complaining of low water pressure or no water at all.

# Vietnam War Deaths Claim 648 In Mountain Area, 135 Idahoans

WASHINGTON (UPI) — War deaths in Vietnam from 1961 to 1969 have claimed a total of 648 from four intermountain states, according to figures released by the U.S. Defense Department.

Utah, ranked 37th in population among the United States, suffered 237 losses, or 37th in number of war dead.

Montana, ranked 45th in population, lost 169 soldiers, to stand at 41st in order of dead, compared with the 52 states.

Idaho has 135 dead in Vietnam. The Gem State is ranked 43rd in population and is 45th among the states in ratio of casualties.

Nevada, ranked 48th in population, has lost 107 military men, to stand at 48th in total losses among the states.

The comparisons were compiled by UPI on the basis of state-by-state combat death lists released by the Defense Department since the first U.S. advisers went to Vietnam in 1961 to the end of 1969. The population rankings were based on Census Bureau estimates in 1969.

The current number of total combat deaths presently stands at 41,600, but there has been no state-by-state rundown since the

first of the year. Of the more than 40,000 U.S. combat deaths up to the end of 1969, California had 3,910 losses, with New York second with 2,946. They stand 1-2 in population also.

# California Has Most War Dead

WASHINGTON (UPI) — California has lost by far the most men of any state in the Vietnam War. But the most severe loss apparently has been suffered by West Virginia.

With its population steadily declining and at a time when it is trying sorely to keep its young men at home, West Virginia, 34th in population among the states, stands 29th in war casualties.

Otherwise, with a few other lesser exceptions, the rankings by states of combat deaths in Vietnam are fairly close to the population standings.

The comparisons were compiled by UPI on the basis of state-by-state combat death lists compiled by the Defense Department since the first U.S. advisers went to Vietnam in 1961 to the end of 1969. The population rankings were based on Census Bureau estimates in 1969.

Of the more than 40,000 U.S. combat deaths that had occurred through last year (the number is now up to about 41,600 but there has been no recent state-by-state rundown), California had 3,910 losses, with New York second with 2,946. They stand 1-2 in population also.

### News Of Servicemen

Spec. Lawrence D. Tucker has been named soldier of the month in the 14th Combat Aviation Battalion in Vietnam. He is the son of Mr. and Mrs. Jack Tucker, 263 Lois St., and graduated from Twin Falls High School in 1965. Before going into the Army he worked at Banner Furniture in Twin Falls. He was named the month's outstanding soldier of the month in competition with 1,500 other men.

Staff Sgt. Richard B. Goeckner, son of Mr. and Mrs. Ben H. Goeckner, Route 2, Gooding, has received his second award of the Air Force Commendation Medal for meritorious service in Vietnam. Sgt. Goeckner, a crew chief, presented the medal at McClellan Air Force Base, Calif., where he is now serving with a unit of the Air Weather Service which provides weather information for military flight operations. The sergeant, a 1958 graduate of Gooding High School, has completed 24 months duty in Vietnam.

Two Twin Falls brothers are seeing service with the Army in widely separated locations. Sp. 4 Warren B. Burgoyne, son and stepson of Mr. and Mrs. William Van Dyke, residing on Ridgeway Drive, has arrived in Germany for duty with the Army. He was wounded in November, 1968, and received the Service Cross and Purple Heart medals.

His brother, Pvt. Mike Burgoyne, has enlisted in the Army, leaving in March for basic training at Ft. Lewis, Wash.

TAKHLI, South Vietnam — Col. Kenneth L. Skeen, the son of Mr. and Mrs. Leroy Skeen of 149 Madison St., was honored at the 387th Tactical Fighter Squadron here recently as one of the squadron's past commanders. Col. Skeen, now attached to the Seventh Air Force in Saigon, commanded the unit from February through July of 1966 and flew 800 hours in the F-105 fighter jet and logged 181 combat missions. He is a career Air Force officer.

Sgt. Jerry McCalmion, son of Mr. and Mrs. Leon McCalmion, Montpelier, former Twin Falls resident, has been discharged from the Air Force. He is a graduate of Twin Falls High School, class of 1966, and spent a year in Thailand and two tours of duty in Okinawa. He is the grandson of George Hill and U. L. McCalmion, Twin Falls.

Spec. 4 Michael Hadley left Ft. Lewis, Wash., April 15, bound for Vietnam. He is a 1967 graduate of High School and is the son of Mr. and Mrs. Jim Hadley of Filer. His wife is the former Jill Glaven of Filer. He is in the regular Army, serving as an M.P.

John L. Glass, son of Mr. and Mrs. L. J. Hatfield, 309 East C. Jerome, was among out-standing Air Force Reserve Officers Training Corps cadets who attended the 22nd National Arnold Air Society Conclave which concluded in Anaheim, Calif. The cadets represented their school squadrons of the honorary military society that was named after the late General of the Air Force Henry "Hap" Arnold. More than 1400 cadets from 158 colleges and universities met to discuss the AAS program for the coming year and to hear addresses by top level aerospace leaders. Cadet Glass is a member of the class of '70 at the University of Idaho, and is working toward his B. S. degree in physical therapy. The cadet is a 1965 graduate of Jerome High School.

### Hearing Set In Boise Slaying

BOISE (UPI) — A preliminary hearing is scheduled for next Tuesday in the case of a Boise man accused of first-degree murder in the gunshot death of his wife.

The hearing originally was scheduled last Friday for Kenneth V. Gluch but was postponed.

Mrs. Gluch died in a Boise hospital March 5, two days after the shooting occurred in the couple's home.

**ROBERT B. CHRISTENSEN** has resigned from the Idaho Department of Highways, effective the end of May, to accept a position with the Phoenix, Ariz., based firm of Earle V. Miller, Engineers. He has been with the highway department for 27 years and has been Deputy State Highway Engineer since 1968. A resident of Boise, Mr. Christensen has been active in service clubs and professional associations. His resignation was announced by E. L. Mathes, state highway engineer.

### Cost Of Living Continues Rise

WASHINGTON (UPI)—The cost of living continued to climb in March, with American consumers paying 6.1 per cent more than they did a year ago, the government reported today.

The Bureau of Labor Statistics said the cost of living index registered a 0.5 per cent increase for last month. Outlays for mortgage interest payments, medical care and other services rose sharply.

The Labor Department said food prices went up 0.1 per cent, although egg prices dropped by nearly 10 cents a dozen.

Eggs which skyrocketed last winter, fell 13 per cent in March from an average price of 78 cents a dozen to 67.8 cents.

Most other food prices rose, however, with fruits and vegetables advancing 0.8 per cent, dairy products 0.5 per cent and meat 0.6 per cent.

### Friends Of Form 1040 Need More Members

By DICK WEST  
WASHINGTON (UPI)—Last week I announced the formation of a new organization, Friends of Form 1040, which is dedicated to preserving our present system of computing income taxes.

Thus far, however, membership applications have been coming in rather slowly. And, what is even more disturbing, contributions have been virtually nil.

There may be good reasons for this outbreak of apathy, but I fear the worst. I fear it is that people are being swayed by the hysterical clamor for a simplified tax form that recently has arisen.

Clearly something must be done to make friends of Form 1040 more viable. So, in an effort to stimulate interest, I am inviting Rep. Louis Frey Jr., R-Ida., to address our next meeting.

**Draws Attention**  
The thing that drew my attention to Frey was the way he defended the space program this week against critics who are suggesting that the exploration of the moon and points north is costing more than it is worth.

Frey said in a statement that the "spinoff benefits" of the space program alone have "more than justified" its expense.

There is more to this program than just going to the moon, as it helps each and every American whether in the city or the farm, whether in the North or the South, whether a housewife or a cab driver," he said.

Which is exactly the way I feel about Form 1040.

Let us consider for a moment some of the "spinoff benefits"

### Contract Let Russia And U.S. Face Crucial Task At Talks

BOISE, Nev. (UPI)—The Galey Construction Co. of Boise was awarded a \$2.3 million contract Monday for street and sewer work.

The Boise firm submitted the low bid for the combined sewer interceptor line and improvement of Mill Street in the second phase of the project. Work is expected to start within one month.

### Plywood Firm Has Expanded

A Twin Falls lumber firm which started out selling plywood is now expanding into assembly-line manufacture of kitchen cabinets, and finding the demand far outstrips present supply.

The Plyway Company, located just off East Five Points on Blue Lakes Blvd. S., owned by Norm Olsen, will produce finished and painted cabinets in a prefabricated fashion, in which the various panels and doors of various-sized cabinets are produced and stored individually. When orders are received for cabinets of a particular size, the parts can be assembled and painted quickly.

The idea of the assembly line method is the joint effort of Mr. Olsen and his sales manager, Jeffrey Scanlin, who worked as a kitchen designer for Sears, Roebuck for a number of years.

The cabinets are built to orders for contractors, mobile home builders and others furnishing homes or trailers. At present, Mr. Scanlin said, the crews can produce one complete set of kitchen cabinets each week, including painting and all finishing. It is hoped that production can be expanded in the near future to allow production of one set per day.

"But I'm eight orders behind right now, with more coming in," Mr. Scanlin said, explaining the delay in finishing the orders.

Mrs. Elizabeth Ballou Garfield was the first mother of a U.S. president to witness the inauguration of her son.

### Russia And U.S. Face Crucial Task At Talks

VIENNA (UPI)—The United States and the Soviet Union, meeting in conference in Vienna, have embarked on the crucial task of finding a formula which might help limit the nuclear arms race while maintaining their relative defense capabilities.

In the framework of the Strategic Arms Limitation Talks (SALT) the two superpowers are sounding each other's designs and the degree of their respective sincerity.

Both stand publicly pledged to work for agreement that could mark a turning point in East-West relations and in the increasingly dangerous strategic weapons race.

Both seem anxious also to curb the escalating defense bills which in the event of a new nuclear arms race are in expert opinion likely to become astronomical.

The two superpowers have made it known they mean business here, but at the same time they have served notice they are not prepared to lower their fences at the mere prospects of an arms control agreement at some unpredictable future date.

The United States intends to go ahead this year with its restricted program for limited antimissile defense (KABM) and multilevel rockets (MIRV).

Soviet Communist party chief Leonid I. Brezhnev has told the Lenin celebration gatherings in Moscow Russia's leadership will continue to strengthen Russian defenses and equip the Red Army with the most up-to-date weapons.

Long Time  
It will take a long time before the SALT talks will show whether or not agreement to

Just Forget  
EARTH, Tex. (UPI)—One place where they didn't observe Earth Day Wednesday was in the little town of Earth, Tex.

It just slipped up on us," said Terry Martin, Earth Chamber of Commerce president. "We just failed to do anything about it." The West Texas town, population 1,144, has very little pollution anyway.

### Man Is Killed By Railroad Hand Car

KENDRICK (UPI)—David Slickspoo, 65, Kendrick, stepped into the path of a railroad hand car and was killed near here Tuesday.

The driver of the motorized car, Milford Osborn, Kendrick, said he couldn't stop in time.

The body was taken to a funeral home in Lewiston.

# What Was Earth Day? T. F. School Kids Know

## Grade School Students Have Clean-Up Project

Environment — Ecology — Pollution — big words for little kids, but "Earth Day," first designed for observance by the nation's college students, reached all the way down to elementary students in Twin Falls.

And, while lots of people talked about it — many students in Twin Falls went out and did something about it. But, regardless of what approach was taken to stress the importance of clean air, pure water, and a litter-free countryside, hardly a student in Twin Falls went without learning something about it.

Students shown on this page are all from Bickel School, but they were only a few of those who participated in clean-up projects in Twin Falls.

At Lincoln, Morningside, Robert Stuart and O'Leary schools, students cleaned either schoolgrounds or went farther afield in picking up litter. Students at Twin Falls High School heard a morning speech from Dr. Donald Obee of Boise State College, and on their own initiative, groups of students planned cleanup projects which may not take place until later this week.

Lincoln School students also had art projects which included making posters boosting "Earth Day" and students at Harrison School had committees planning panel discussions. A panel of Washington School students, Mark Swenson, Gina Ostyn,

Steven Weigt, Stephen Schultz, Frank Ballentyne and Mike Beckstrom, moderated by Neg. Rayborn and Sue Carlson, discussed ecology Wednesday night preceding a regularly scheduled choir program at the school.

A.A.D. at CSI, speakers, including conservationists, scientists and sanitarians, discussed everything on earth — and outer space. Some public school students went to the college to listen to the speakers, large numbers of CSI students sat in, and many private citizens also attended the day-long "Earth Day" observance.

Despite concern expressed recently by President Nixon about the environmental crisis facing the nation, those now in school appear to be members of the age group most interested in the problem.

Understandably so, because in the lifetimes of the older generation, the crisis probably will not occur in any widespread manner. It will most likely appear when the "now generation" is the older generation.

The generation gap closed momentarily Wednesday, though, when a resident of one of the city's senior citizen developments slowly crossed Second Avenue South, walked up to a group of Bickel students who were collecting litter in a vacant lot, and said, "God bless you girls for what you are doing."

WITH SACKS IN hand and second graders in tow, Bickel School sixth graders took off Wednesday on a jaunt around nearby vacant lots — gathering trash as they went. The older, more wordy students, consented to take the second graders on

the outing and explain to them just what pollution, environment and ecology are all about. Signs and gas masks portray the youngsters' childish, yet practical concern for their world. Their

teachers, Mrs. Mary-Louise Carter and Mrs. Norma Hughes, explained to the children that "Twin Falls is really a very clean town — but we must help keep it that way."

IT WAS HEAVY and the wind was chilly and brisk, but Kristine Rhodes still managed to fill her Idaho Potatoes sack and take it back to Bickel School for collection. In a short time, and

in a relatively small area, two classes of Bickel School students managed to fill innumerable sacks with litter as they made their contribution to "Earth Day" in Twin Falls.

WITH SACKS ALREADY full, four Bickel School students try to get a wiggly, unwilling length of rubber hose ripped apart for easier stuffing. The boys, from left, Kelly King, George Salinas, Rusty Hostetter and Bart

Williams, were among students in Twin Falls who participated in many ways in "Earth Day," a nation-wide observance aimed at improved environment and bringing a halt to pollution and littering.

TAKING HIMSELF AND his sign seriously was Curt Snyder of Bickel School. "Trash is a Killer — Let's Pick It Up!" the sign said, and he did. He and his classmates were learning what "Earth Day" was all about and helping beautify the city at the same time.

IT WAS CHILD'S play — an hour out of school — but they were learning a message which will probably stick with them until they reach the age of the adults

who were responsible for most of the litter they collected. This group of sixth and second graders from Bickel School picked up sacks of trash Wednesday,

ranging from a spark plug to an old pair of white saddle oxfords.

A LITTLE BOY, with litter in hand, wearing a gas mask and carrying a big sack labeled "Don't Pollute My Air, O.K.?" tell what

ecology's all about. Bart Williams was one of many Bickel School students participating practically in "Earth Day" observances.

# University Dean Speaks At Burley

BURLEY — Dr. Donald Marshall, associate dean of the College of Agriculture at University of Idaho, was guest speaker at the noon luncheon of the Burley Chamber of Commerce at Bryan's Cafe.

"We have an education system which is the envy of the world," stated Dr. Marshall. "The land for our colleges were land grants when the areas were being settled. The need for a method to take information back to the people arose and the extension service was established and in turn vocational agriculture classes were started in the high schools across the state. Today the need for better breeding in plants and animals has developed by research from the people.

"There is a great need for technicians in the agriculture fields of education, business and science in industries. Agricultural education is expensive at all levels, about 10

per cent go back to the farms and ranches for a few years and then they return for higher education as master degrees. We must learn to use the products to produce food for our people and scientists need time to find facts," he added.

The Chamber meeting was conducted by Ernest Blauer, president, and Dr. Marshall was introduced by Gene Rimold, area potato specialist.

Grant Fillmore announced invitation have been mailed to the pioneers who will be honored May 8 at the Pioneer Banquet at Ponderosa Inn as part of the "100 Years of Progress." Tickets are now on sale at Thriftway Drug.

# Fresh Trout, Citrus Fruit All Help Inaugurate First Flight In T.F.

What do Howard Hughes, next Sunday, five boxes of fresh trout, five boxes of citrus fruit, Yuma, Ariz., and Twin Falls County have in common? Nothing, really, unless someone with a creative imagination and lots of spunk takes the two items and tries to public relations wise. Then you have a real deal.

Air West opens its jet service next Sunday, and Howard Hughes owns Air West.

With this as a starting point, Chamber of Commerce officials in Twin Falls County decided to do a little promoting. They got Robert Erking of the Snake River Trout Farms to donate five boxes of trout.

Then Chamber of Commerce officials in Yuma were contacted and told Twin Falls County would send them some fresh fish if they would send something in return.

Yuma officials responded quickly and said five boxes of citrus fruit — a product as common to that area as trout is to Maetie Valley — would be shipped to Twin Falls.

The carrier for both shipments is Air West.

Wednesday afternoon the trout left the Twin Falls City-County Airport, Joslin Field, aboard a southbound plane. Today, the Yuma shipment arrived.

The exchange of products is a promotion for the inauguration of Air West jet service throughout the west. Yuma will get its first Air West jet Sunday, but because of weather conditions a jet will not land at

Twin Falls. The weather has prevented extension of the runway to accommodate the jets. A date for the service will be announced soon and a public viewing of the jet will be held.

But at least the jet age for Twin Falls-County is just around the corner.

The only thing missing in the Yuma and Twin Falls County promotion of trout and citrus fruit was Howard Hughes himself, and area chamber officials are still working on that problem.

FIVE BOXES OF FRESH trout were shipped Wednesday to Yuma, Ariz., and today Twin Falls County chamber of commerce officials got five boxes of citrus fruit in return. It's all for the inauguration of jet service for Air West. Loading the trout at

## Ketchum Eyes Planning Study

KETCHUM — Preliminary results of over a year of planning studies for the city of Ketchum were shared with the city council this week by Arlo Nelson, associated with Environmental Planning.

The group was retained by the city over a year ago to map out the recommended growth patterns of the area. Mr. Nelson explained that community cooperation in the planning is important so that the association is presented with an idea of what the people of the area desire for their surroundings.

He said his group works with community committees, assisting with program organization, goals and objectives; final planning, subdivision ordinances, and capital improvements. Committees suggested on the local level include city image; commercial areas and parking; recreation, tourism and cultural facilities; and residential.

## Trustee Vote Set At Castleford

CASTLEFORD — Annual trustee election for Castleford School District is scheduled from 1 to 6 p.m. May 5, within two trustees to be elected for three-year terms.

Both incumbents, Calvin Graybeal, District 4, and G. D. Clark, District 5, have announced they will not seek reelection. They have each served on the board for nine years.

Nominating petitions have been filed for Jim Wheeler in District 4 and/or Marvin Cox in District 5.

Friday is the final day for filing petitions. They may be obtained from either Supt. Floyd Powers or from the clerk of the school board, Mrs. Bill Kinyon. Each petition must have a minimum of five signatures of qualified voters residing in the respective trustee district.

Voting will be conducted under provisions of a new state law which permits qualified voters in their respective trustee district to vote whether or not they are parents of school children or property owners.

## Valley Sets Hearing On Budget

EDEN — HAZELTON — Valley School trustees have set May 7 as the date for a public hearing on the 1970-71 budget. The meeting will be held at 8 p.m. in the superintendent's office where copies of the budget are available.

School officials report Werner Krohn and Harold Grant were re-elected trustees recently. Both were unopposed and will serve three-year terms. Krohn represents District 1, and Grant is in District 3.

Trustees urge all parents and patrons to attend the Board and Drug conference scheduled for Monday and Tuesday at College of Southern Idaho, Twin Falls.

## Blaine Sets Hearing May 11 On School District Budget

HAILEY — Blaine county school board members have set May 11 at 7:30 p.m. in the fifth district courtroom in Hailey for the public hearing on the proposed 1970-71 budget of \$630,835.

The figure reflects an increase of about \$18,500 over this year's figure of \$612,335. Supt. Vernon Exner noted the increase was mainly due to a salary increase given to teachers in the district. All salary bases were raised by

\$175, making the starting salary, for a teacher with a B. A., at \$6,000 annually, compared with the present \$5,825. Included with the monetary raise is insurance benefits and three days of personal leave each year.

Other starting salaries are now \$4,100 for B. A. and nine semester hours; \$3,500 for B. A. and 18 semester hours; \$6,000 for B. A. and 27 hours; and \$6,500 for M. A. degree. Each figure reflects the \$175 annual in-

### Ray Lincoln Seeks Re-Election In T.F.

REP. RAY LINCOLN

Rep. Ray Lincoln, state representative from Twin Falls District 23, has announced his intention to seek re-election to the state legislature.

Rep. Lincoln is currently chairman of the Counties and Municipalities Committee, and is serving on the State Affairs Committee and Resources and Conservation Committee. He is also serving on an interim committee on State Lands which is charged with making an in-depth study of land laws, with emphasis on mining laws. A report is to be presented to the next Legislature in January.

He is a graduate of the University of Idaho and is currently engaged in the farming and livestock business near Twin Falls. He is on the board of directors of the Production Credit Association, a member of the board of the Snake River Cattlemen's Association, and has been selected as member of the South Idaho Livestock Hall of Fame.

Rep. Lincoln is also a member of the Methodist Church, the Masonic and Elks Lodge and belongs to the Kiwanis and Toastmaster Clubs.

Rep. Lincoln has pledged his support for additional revenue for cities at the state level, emphasizing the need of funds for street maintenance. Other areas of concern needing legislative attention include pollution control and law enforcement efforts, Rep. Lincoln said.

The legislator added that additional funding of schools at the state level is essential, noting that "It does not appear to be in the interest of good government to carry a surplus at the state level and at the same time increase taxes at the local level."

### Pupils At Filer Help Earth Day

FILER — The Filer Elementary School observed "Earth Day" Wednesday by turning out in force to clean up solid pollution on the school grounds and surrounding area.

More than 500 students of the school were dismissed from 10:30-11 a.m. for the clean-up project which had been spearheaded by the student council, according to Bill Heaps, principal at the school.

Students picked up paper and other objects which were littering the school grounds and that of a vacant lot across from the school. Dead grass from around trees was pulled out, beer and pop cans picked up from the gutters, and all deposited in trash cans for disposal. One small girl was seen even pulling out garbage from a culvert.

RICHFIELD — A three-way race has developed for the Republican nomination for state representative in Legislative District 21-A in the Aug. 4 Primary election.

C. H. Chatfield, Richfield; Lincoln county commission, is the third man to announce his candidacy for the post which

### Fair Catches

FAIRFIELD — Some fair catches of trout are being made in Morrison reservoir south of Fairfield since the ice melted. It was thought by Fish and Game officials that all the fish had been winter-killed as many dead trash fish were found at the south side of the lake earlier in the spring.

Fish and Game biologists and other officials are checking the reservoir this week with nets to make a count of the fish left in the waters. New fish are to be planted in order to provide good fishing for the public at this popular spot.

### Barbecue Slated By Lions Club

HAGERMAN — Al Fiddler, well-known Ketchum resident and entertainer, will be returning to the summer Lions club barbecue at 7:30 p.m. Saturday at the local American Legion Hall.

Tickets may be purchased from any Lions club member or at the door.

Mr. Fiddler, a ventriloquist, and his "helper", Homer, are outstanding entertainers. Mr. Fiddler will also play the guitar and fiddle. Local people will also add to the evening's entertainment.

Proceeds from the banquet along with other Lions club-sponsored events are used for community projects such as the baseball team for the youth, eye sight conservation, the eye Bank and a new project, water pollution.

### Play Set

FILER — A short play, "Why Teachers Go Nuts," will be presented at 7:30 p.m. today in the Filer High School auditorium. The public is invited and there will be very small admission charge.

Kirk Wambly will direct the comedy with members of the Eighth Grade Humanities classes taking parts.

### Cassia Faculty Hits Policy

BURLEY — Innovations made during the past year in the Cassia County schools were made at the expense of the existing faculty, the county Education Association has charged.

Norman Hurst, chairman of the professional rights and responsibilities committee, reported the salary schedule approved by the school board offers a \$75 per year increase on the base salary of \$9,000 for a teacher with a bachelor's degree. It was pointed out this is about a \$8 per month raise, or 1.4 per cent while the cost of living has risen six per cent.

Teachers expressed support for the board's present efforts to

with the vacancy caused when Mr. George left the community. Central committee members have scheduled a meeting at 8 p.m. Friday in the Lincoln County Courthouse, Shoshone, to recommend a replacement. The person appointed by Gov. Don Samuelson to fill the vacancy will serve out the term.

### Magic Dam Reported Almost Full

SHOSHONE — Magic Reservoir has almost filled since the gates were closed last week. Leon Grives, manager of the Big Wood Canal Co., said today.

With a small likelihood of a flood unless almost abnormal conditions prevail, the reservoir can be full without too much concern, he added.

American Falls has been full for more than two weeks. The Milner-Gooding gates were opened April 17 and water is now through Shoshone.

With no demand for irrigation water, maintenance crews have been able to do several jobs which were expected to be done later. Water will be in the South Gooding main canal in the next three or four days, Mr. Grives said. Most water users have been afraid the water would be down before their ditches were cleaned and ready.

### Levy Vote Set Tuesday At Wendell

WENDELL — Wendell school trustees have called an election Tuesday on a five mill levy increase for maintenance and operation of the district.

The levy, for a one-year period, would be in addition to the 30 mills currently being levied. Supt. Lawrence Laite said it is the first increase since 1964 and the money is needed to cover increase in operating costs.

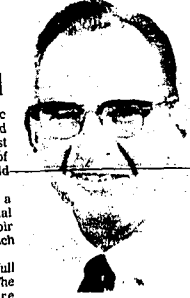

Falls will be open from noon to 8 p.m. and further information may be obtained from Mrs. Barbara Hoasek. Any organization wishing a board member or Supt. Laite to attend a meeting to explain the need for the levy hike is asked to contact the superintendent's office.

TOPS MEET — FILER Members of the Buell Wright Warriors TOPS Club were guests of the Filer Slim Gens Club at the telephone office.

### Play Slated

RICHFIELD — The Richfield high school senior class play "The Worm Shall Squirm" will be presented at 8 p.m. April 30 at the high school auditorium. Merrill Beyley is the director with Teressa King, student director.

Members of the cast for the three-act comedy are Arnold Ross, John Paulson, Ann King, Rose Ella Priestled, Julie Hawn, Becky Bortenson, Renee King, Susan Davis, Norlyn Pope, John Lozamia, Rodney Kelly, Robert Crowther and Mark Dixon, a member of the junior class.

C. H. CHATFIELD

### Benefit Fete Slated At Jerome

JEROME — St. Benedict's Hospital Guild will hold a dinner dance this Friday night April 24th at the Jerome Elks Lodge at 7:30 p.m.

Dinner will be catered by Saga Foods and will be served from 8:30 until 10:00 p.m. Dancing music will be furnished by the Hap Miller's Orchestra from Sun Valley.

The public is invited to attend and help the Guild raise \$1,000 to purchase for the hospital needed equipment. The guild hopes to purchase a Hoyer hydraulic patient lifter and a Hausted uncare wheel stretcher.

Tickets can be purchased from any Guild member or at the door.

### VFW Elects

BUHL — Frank McEneaney was named commander of Thurston Post No. 3604, Veterans of Foreign Wars, during the election of officers at the VFW hall.

Other officers include James Winegar, senior vice commander; Don Hicks, junior vice commander; Joe Harll, quartermaster; Lawrence Johnson, chaplain; Ted Dehn, judge advocate; and Dr. Charles Culling, surgeon. Officers will be installed Monday.

Mr. Chatfield is a native of Idaho, graduating from local schools and the University of Idaho with a degree in agriculture. He was employed by the Department of Agriculture for several years prior to 1944 when he returned to Richfield to farm and manage a dairy herd.

He is a former Richfield high school member, served on the school board, in the Richfield Lions Club, and church work. For the last eleven years he has served as a county commissioner, presently acting as chairman.

Mr. Chatfield's wife is the former Ruth Woods, Grandville. They have one son, David, who farms with his father and serves in the National Guard and two daughters, Mrs. R. J. (Sandra) Williams, Darwin, North Territory, Australia, and Mrs. Gerald (Mary) Baker, Mackay. In seeking the nomination, Chatfield says, "The voters should have a choice of qualified candidates who have been interested and involved in the economy and affairs of the area. My experiences in 11 years as county commissioner has impressed me with the importance of trying to maintain a balance between the growing authority of centralized government and the local government in which we are all individually involved."

### Election Date Set At Hailey

HAILEY — The May trustee election scheduled in the Blaine county school district No. 61, has been changed to May 18, with voting from 8 p.m. according to Supt. Vernon Exner.

The election had been originally slated for May 11. Petitions for the five posts vacated this year must be filed with the central office in Hailey by May 1. No petitions have been filed as yet.

Trustees will be elected in each of the five zones in the district since the zone boundaries were changed in an election last month. Positions include zone one and three, one year; zone two and four, three years; and zone five, two years.

Polls for the election include the Carey School and the Mary Lilya residence, Gannett; zone one, Bellevue school; zone two, Hailey Junior High School; zone three, Ernest Hemingway school, Ketchum, zone four; and the Ketchum city hall, zone five.

Richard Garrard, DeLoe, was installed president; Clyde Charles — vice-president; Mrs. Marjorie Jensen, treasurer; Mrs. Maxine Adams, secretary and Dale Swann and Mrs. Dorothy Berman, executive committee.

Mr. Garrard and Mr. Wardle were named delegates to the NEA convention in July at San Francisco.

# Performance Slated Sunday In Twin Falls

H. L. Mencken, writing an introduction to a collection of Ibsen's plays, suggests that Ibsen, like Wagner, has lived down his commentators and is now enjoyed for what he actually was, a first-rate journeyman dramatist, perhaps the best that ever lived.

His social dramas deal with ideas, some of which do not pack the wallop they did in the 19th century Europe, but "An Enemy of the People," with the central theme that professional patriots and town boomers are frauds, is a drama for our time 100 years after Ibsen wrote the play.

His patriots and boomers are frauds about polluted water which they are marketing in the form of health-spas and mineral drinking waters to unsuspecting invalids.

The Idaho American Association of University Women asked the Antique Festival Theatre to prepare a dramatic production which would focus attention on environmental problems and which could be booked throughout 1970 and 71.

The Ibsen play has been digested from five acts to a long one-act, with the elimination of several sub-plots and extraneous characters and the introduction of narration. The play is performed by six actors in period costume against a large screen upon which is projected, at various places in the acted script, movies slides and cartoons, which, accompanied by recorded sound, bring the audience sharply up to date.

Appropriate visual materials have been assembled and prepared by Keith Patterson of Trus-Joist Corp. in Boise. The Idaho Departments of Health, Fish and Game, State Library and Twin Falls nature artist, Herb Booth, have assisted.

Festival theatre regulars who are working with this "environment" show are Aldrich Bowler and H. Paul Kliss as the Brothers Stockmann who oppose each other on the water pollution issue in 1882 Norway. Marilyn Powell, Twin Falls High School senior drama student,

plays the progressive young teacher, Petra Stockmann. Di Bowler, who made the 65 minute adaptation of Ibsen's play, directs the piece which will be presented for the first time on "World Day" April 22 in Idaho Falls at 8:15 p.m. in the Little Theatre at the Idaho Falls High School.

On April 26, the play, without the "media" will be presented in the Fireplace Room of the Twin Falls Presbyterian Church at the 9:30 a.m. service.

## Newlyweds Are Honored At Reception

RICHFIELD — Mr. and Mrs. Roger L. Fuchs, recent newlyweds, were honored with a wedding reception at the Richfield LDS Cultural Hall. The couple was married March 7 at Cambridge.

The bride, the former Lana Sanders, daughter of Mr. and Mrs. L. T. Sanders, Richfield, greeted guests wearing her wedding gown of sheer dotted beige with lace accents. Her corsage was designed of pink carnations. She was attended by Wanda Fuchs, sister of the bridegroom, Midvale; Linda Sanders, Twin Falls, and Carol Lyn Sanders, sisters of the bride.

Clifford Crossley, Midvale, was the bridegroom's attendant. Mr. and Mrs. Carol A. Fuchs, parents of the bridegroom, were also greeted in the receiving line.

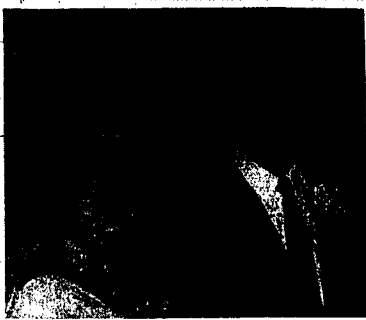

Beauty baskets of blue, pink and yellow chrysanthemums marked the area for the bridal party. They stood before a background of yellow and pink streamers centered with an overhead floral arrangement.

The three-tiered white wedding cake was accented with pastel blue roses, topped with miniature bridal figurines, and the base encircled with a ruffle of blue net. Mrs. Fred Johnson, aunt of the bride, Buzz Langdon, DI Bowler made this 65 minute adaptation of Ibsen's play on environmental problems from five acts down to one act with the elimination of several sub-plots and extraneous characters and the introduction of narration. Standing in front of a Magic Valley car dump, which gives realistic background for the forthcoming production, are Aldrich Bowler, left, and H. Paul Kliss. The play is performed by six actors in period costume against a large screen upon which is projected, at various places in the acted script, movies, slides and cartoons, which, accompanied by recorded sound, bring the audience up to date.

## Carol Gibson, Westendorf Exchange Nuptial Promise

RUPERT — Carol Gayle Gibson, Rupert, became the bride of Roger Westendorf, Rupert, in rites March 23 at the Rupert United Methodist Church.

The bride is the daughter of Mr. and Mrs. Oris Gibson, and the bridegroom is the son of Mr. and Mrs. Richard Westendorf, all Rupert.

The double ring ceremony was performed by Rev. Everett Gardner before white altar pedestals with white chrysanthemums, pink chrysanthemums and pink gladioli, flanked by two candelabra.

Given in marriage by her father, the bride wore a floor-length gown of organza with lace inserts and a detachable train of organza trimmed with lace. The lace bodice featured an old-fashioned high collar with leg-of-mutton sleeves. Her mini veil of illusion net was attached to a lace crown. She carried a cascade of light pink chrysanthemums, pink rosebuds and white stephanotis.

Mrs. Scott Fitch, The Dalles, Ore., sister of the bride, was matron of honor. Bridesmaids were Janis 'Gibson, Rupert, sister of the bride; Mamie Yee, Boise; Martha Watts, Parma, and Lynette Westendorf, Salt Lake City, sister of the bridegroom.

David Westendorf, Stockton, Calif., brother of the bridegroom, was best man, and ushers were Ron Gibson, Rupert, brother of the bride; Don Kester Jr., Rupert; Harry Emerson, Moscow, and Gary Gibson, Rupert, brother of the bride.

Pastor L. G. Mietzner, Trinity Lutheran Church, Rupert, was soloist. Mrs. Howard Brunns was organist.

The couple was honored at a reception after the ceremony in the Fellowship Hall, with Carolyn Keitilly, Nampa, registering the guests. Judi Kerbs, Rupert, and Judy Lindstrom, Paul, arranged gifts.

The five-tiered wedding cake was decorated with pink rosebuds and wisteria, topped with columns with white satin balls. The cake was cut and served by Julie Tyler, Tensed, Wash. Mrs. David Westendorf, Stockton, Calif., poured coffee.

Others assisting were Carolyn Smith, Boise; Linda Becker, Sandpoint; Sylvia Aquirre,

Mountain Home; Sherry Anderson, Halley; Mrs. Harry Emerson, Moscow, and Mrs. Russell Lindstrom Jr., Paul.

The bride's table was covered with white lace over dark pink satin centered with silver candelabra. Guests were served at quartet tables covered with white lace over pink satin centered with pink floral arrangements.

The couple took a honeymoon trip to Lake Tahoe. They will reside at 610 N. Van Buren, Moscow. Both are students at University of Idaho, where the bridegroom is affiliated with Tau Kappa Epsilon Fraternity, and the bride with Alpha Phi Sorority.

Both will be employed during summer months at Lake Tahoe and will return to the University of Idaho for the fall semester where both will be seniors.

The bride was honored at showers prior to the wedding hosted by Suzanne Seale at Moscow, and by Mrs. Russell Lindstrom, Paul.

Special guests at the wedding were Mr. and Mrs. R. E. Brandon, Halley, maternal grandparents of the bridegroom, and Mrs. C. J. Gibson, Rupert, paternal grandmother of the bride.

## Victory Plans Installation

GLENN'S FERRY — Newly elected officers of Victory Chapter, Order of Eastern Star, will be installed in an open ceremony at 8 p.m. May 2 at the Masonic Temple, according to Mrs. Phillis Johnson, worthy matron.

Installed will be Mrs. Irene Larsen, worthy matron; Glenn Larsen, worthy patron; Mrs. Esther Pusey, associate matron; Elbert Lawson, associate patron; Mrs. Marsh Hoalst, secretary; Mrs. Clara Stone, treasurer; Mrs. Betty Brown, conductress and Mrs. Nina Eichholz, associate conductress.

Mrs. Ruth Wilcox is in charge of refreshments and the Mountain Home DeMolay will attend the ceremony and serve the pot luck supper.

At the recent meeting, the chapter honored 14 members with birthdays this month, and the musician, Mrs. Dorothy Nichols.

## Three Valley Girls Plan Careers In Fashion Field

Three Magic Valley girls, Penny Davies, Twin Falls; Barbara French, Buhl, and Carol Herbold, Rupert, are planning careers in the fashion field.

Parents of the girls are Mr. and Mrs. Delmar Davies, Mr. and Mrs. Dwan French and Mr. and Mrs. Max Herbold.

Miss Davies will be graduated from Twin Falls High School in June, and will, along with the other two girls, receive her training fashion merchandising from Patricia Stevens College of Salt Lake City. They will enter college this fall.

Miss French will be graduated from Buhl High School in June and Miss Herbold from Minico High School.

The division of the school in which the young women are enrolled offers training in several career fields including fashion merchandising, public relations, business administration, airline preparatory, professional modeling and a course in

finishing and self-improvement is also included in the curriculum.

## 22 Jobs Attend Service

WENEDEL — Nancy Bunn, honored queen, and 22 Jobs from Bethel No. 12, International Order of Job's Daughters, attended the United Methodist Church, Sunday, for "Go-to-Church" Sunday.

Special highlight of the service was confirmation and baptism of Mary Mowery, Tami Gilbert, and Diand Glick, Jobie members. Jobs attended the social hour after services welcoming new members.

At a breakfast hour preceding church services, the group voted to host a card party April 28 at the Masonic Temple at 8 p.m. The public is invited.

Hosts for the breakfast were Mrs. Tom Frith, Mrs. Doris Boian and Mrs. Cora Frith.

## Area OES Has Installation

Mr. and Mrs. Lloyd Nelson were installed worthy matron and worthy patron for Hillister Chapter No. 47, Order of the Eastern Star, at an open installation ceremony at the Hillister Masonic Temple.

Other officers installed include Mrs. Ruby Dean, associate matron; Homer Roberts, associate patron; Mrs. George Clark, secretary; Mrs. George McGregor, treasurer; Mrs. Ray Clark, conductress; Mrs. Donald Parrott, associate conductress; Mrs. Goldie Clute,

chaplain; Mrs. Richard Brown, marshal; Mrs. John Henstock, organist; Mrs. Clarence Stanley, Adah; Mrs. Lester McGregor, Ruth; Mrs. Homer Roberts, Esther; Mrs. Bill Matney, Martha; Mrs. Joe Miller, Electa; Mrs. Dora Clark, sick and visiting; Mrs. Ray Clark, Mrs. Dean and Mrs. Stanley and Estari, Mrs. Matney, Mrs. Jones and Homer Roberts.

Refreshments were served after the meeting by the members and officers.

The newly installed worthy matron announced committees including finance committee, Ray Clark, Mrs. George McGregor and Lloyd Nelson; relief, George McGregor, Richard Brown and Mrs. Dora Clark; sick and visiting, Mrs. Ray Clark, Mrs. Dean and Mrs. Stanley and Estari, Mrs. Matney, Mrs. Jones and Homer Roberts.

Refreshments were served after the meeting by the members and officers.

## Social Events

An old time dance will be held from 8 p.m. to midnight Saturday at the Twin Falls Moose Hall for Moose members and guests. Adults only will be admitted. A lunch will be served.

Great for Casual Wear — Close have taken to the streets in astounding numbers. Perhaps this is because women like to give their feet a rest with comfortable, hackless shoes whenever possible.

**DEAR ABBY:** My daughter attends a public school and is a fifth grader. She recently took the invitations to her birthday party to school to pass out to those classmates she wanted to attend. There are 33 children in her class, and she wanted only 27 of them at her party.

After she had passed out the invitations, the teacher took her in the hall and told her that as long as she didn't invite all the students, she used very poor taste in passing out her party invitations at school.

Since when does a school teacher have anything to say about where the invitations should be passed out for a party to be held in a child's own home on a Saturday?

ROCHESTER MOTHER

**DEAR MOTHER:** I think the school teacher showed more compassion than you or your daughter. The pain of having been left out will be remembered by those six uninvited children long after the fun of the party has been forgotten by those who attended.

**DEAR ABBY:** We have been married for 1 1/2 years, and our number one rule has always been "Never go to bed mad."

Well, yesterday I made a mistake and I told my husband about a dream I had. It had to do with an old boyfriend.

Well, he got jealous and was he ever mad at me. Before turning out the light, I said, "Aren't you going to kiss me good night?"

He said, "Oh, go to sleep and dream!" How do you cope with someone like that? Don't tell me I shouldn't have told him about my dream in the first place. I've already figured that out. **NO MORE DREAMS**

**DEAR NO MORE:** It was the dream that got you into trouble. It was talking about it.

**DEAR ABBY:** My son and daughter-in-law are adopting a baby. They have been married only 3 years. My daughter-in-law claims that she has been unable to become pregnant. I don't think 3 years is long enough to make such a positive statement. She says she's been to a doctor and took tests, but this is hard for me to believe.

I definitely feel that she wants to adopt because she is afraid of childbirth.

I recently was in their home and I found some birth control pills in her drawer. How can I tell my son that his wife is cheating him out of one of the most wonderful experiences a man can have—having his own children? I want to help my son, but I don't want to cause trouble.

A MOTHER

**DEAR MOTHER:** The birth control pills don't prove anything. And because you feel that your daughter-in-law prefers to adopt because she fears childbirth doesn't mean it's true. Perhaps she HAS had tests. And perhaps your son has also had them, and HE is sterile. Don't meddle, Mamma.

**DEAR ABBY:** Can a person ever REALLY forgive and forget?

LEE

**DEAR LEE:** Not as long as that person keeps asking himself that question.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90065. For a personal reply enclose stamped, addressed envelope.

ALICE GATLIFF

Alice Gatliff, Carlson Plan May Wedding

**BURLEY** — The engagement of Alice Gatliff, daughter of Mr. and Mrs. Richard Andrews, Mesa, Ariz., to Rex O. Carlson, is announced by Mr. and Mrs. Earl Carlson, Burley, parents of the prospective bridegroom.

Miss Gatliff attended Arizona State University and Brigham Young University, where she currently is a junior in clothing and textiles.

Mr. Carlson was graduated from Burley High School and served a two and one-half year mission for the LDS Church in Korea. He will be graduated from Brigham Young University in June and will enroll at ASU to continue education towards a masters degree in business administration.

The couple will be honored at Open House May 27 at the Carlson home at Burley, and during a reception later at Mesa.

Dinner Set For Mystery Fathers

**SHOSHONE** — A dinner for Mystery Fathers will be given by Job's Daughters April 29, officers announce.

Grand Council will be held at Idaho Falls on June 26 through 28.

At the recent meeting, conducted by Ann Freeman, honored queen, report was made on a skating party held at Sun Valley. Transportation was provided by Mr. and Mrs. Kenneth Grothers and Mr. and Mrs. Wally Burkett.

**Women Host Kick-Off Event**

**81st Birthday Observed**

**BURLEY** — The Ponderosa Ladies Golf Association held a kick-off breakfast, honored last year's officers, viewed a fashion show and played bridge recently.

Zodiac charms were presented to Mrs. Faye Stodard, last year's president, and Mrs. Mildred Lynch, vice president.

The fashions were furnished by the Ponderosa Pro Shop and models were Kathy Jones, Laura Forschler, Sandy Harris and Laura Lynn Forschler.

High scores for bridge went to Mrs. Arline Harris and Mrs. Susan Early; and Mrs. Vera Howarth and Mrs. Louise Church were the low scores.

Bridge prizes were donated by Safeco Insurance Co.

Special prizes were presented to Mrs. Ora Anderson, Mrs. Colleen Kerbs, Mrs. Bee Allen, Mrs. Harris and Mrs. Forschler. Prizes were donated by Rogers, McCaslin, Hudsons, Safeway of Rupert and the Flower Pot.

Table favors were from Big O Tires, Ponderosa Inn, Sears, Foodland, Albertsons, Idaho Bank and Trust, Cassia National Bank, Lanfern Boutique of Rupert, Bonanza Motors, KBAIT Radio Station and First Federal Savings.

**GLENN'S FERRY** — No "generation gap" was noticed when a four-year birthday party was observed at Greer Hall recently honoring 1. I. Carpenter, Glenn's Ferry, and three relatives.

Louie said, "I've just turned 18," when queried as to which anniversary 1970 is for him. His age Monday was 81, but at that time he was "vice senior" at the gathering. His wife's sister, Mrs. Mollie Whitehead, Twin Falls, was eldest, having turned 81 prior to Mr. Carpenter.

Honored along with Mr. Carpenter were his brother-in-law, Elmer Louder, Burley, aged 78; with son-in-law, Leigh Hawkins, Burley, a mere 46 years, and Paul Zeller, Jerome, a nephew, only 30.

# Racial Fuss In Challis Sparks Cross-Burning

By LINDY HIGH  
CHALLIS, Idaho (UPI) — A member of a faith that believes in the "oneness of mankind" is discovering small-town neighbors may be harder to convince.

Mrs. Richard Hockley, Challis, a member of the Baha'i religion, has had a three-foot cross burned on her front lawn. Her 12-year-old son received a threatening phone call. The family is forced to tape all conversations to try to trace the threats.

"You realize what a small town is like," Mrs. Hockley said. "People were disturbed by the fact that we were bringing black people in, and if we didn't cut it out we'd be run out of town or something like that."

Mrs. Hockley, her husband and her three sons are members of a faith that believes there is a oneness of mankind. "Just because their faces are black or brown or whatever is immaterial, because to Baha'i this business of diversity is a beautiful thing. The content of a person's character is the thing that's important to us."

Unfortunately, someone does not see it that way. The trouble began last week when a well-constructed wooden cross was burned on the front lawn while a 7-year-old boy and a 10-year-old boy slept inside the house. The Hockleys and their oldest son were out at the time.

"We had been told for about the last three or four weeks that something like this was going to happen. We thought at first it was some kind of a kid's prank or something like that," she said.

Three days later, her 12-year-old son picked up the telephone to hear a man say, "The next nigger who comes to town gets shot."

Tuesday, Mrs. Hockley received another telephone call — this time no threats, just heavy breathing.

The Hockleys are expecting 60 or 70 members of their faith in Challis this weekend for a youth conference. She said all races will be represented. Delegates are expected from Idaho, Montana and Utah.

When asked if she anticipates any trouble, Mrs. Hockley answered: "We just pray a lot. We hope people won't be this way. As far as the black people who will be coming, we'll guard them with our lives if necessary."

But the Hockley family has no plans to back down.

"This is the very basis of the way we live," Mrs. Hockley said. "If there has to be some trouble because of it, then that's okay."

RIDING HIGH ON a boom mounted on one of the company trucks is a workman for Davey Tree Service. The firm is contracted by Idaho Power to keep power lines clear of branches. This week the men and equipment were working in the area northwest of Twin Falls.

The "arm" of the "cherry picker" is made from fiberglass, keeping its rider from much of the danger of the high voltage wires. After limbs are cut they are run through a high speed chopper and the chopped wood is used for, among other things, stock bedding in corrals.

## Summer School At CSI Opens June 8

Opening of summer school at the College of Southern Idaho has been changed from June 1 to June 8, according to Jerry Meyerhoefer, director of admissions and records.

Accelerated June classes will end July 2 and accelerated July classes will conclude July 31. Other classes will be held from June 8 to July 31.

Regular registration will be June 4 and 5 at the administration building, 149 Third Ave. E.

Courses will be held from 8 to 11:20 a.m. and from 4 to 10 p.m. About two dozen teachers have been scheduled to instruct more than 50 courses.

Mr. Meyerhoefer said a comprehensive group of classes is being offered so students may choose classes from any academic discipline.

Between 400 and 500 students are expected for the summer session.

## Forester Assigned In Region

OGDEN — Jack B. Shumate, who has been serving as a forestry advisor for the government of South Vietnam, will be transferring to the Forest Service Region Office in Ogden.

Here he is assigned to the Division of Recreation and Lands, and is assistant to the division chief. He will work on land uses and mining activities in Intermountain Region forests.

While in South Vietnam, Mr. Shumate assisted in the stabilization and improvement of wood related industries and directed inventories of timber resources of the country and assisted in developing nurseries to improve stocking of timber stands.

## Jerome Girl Works On ISU Play Costumes

POCATELLO — Sherrie Jones of Jerome, a student at Idaho State University, is working with costuming of characters in the upcoming children's play, "Winnie the Pooh," to be presented Friday and Saturday at ISU.

The play, which details the adventures of a teddy bear and other toy animals, will be performed Friday night and at two matinees on Saturday at Ponder Hall. Proceeds from the admission fees will go toward the Alpha Psi Omega scholarship fund.

The scenic designer and technical director is Susan Harms, Boise. Costuming is being handled by Miss Jones and Joe Triplett, Pocatello, under the direction of Jane Lyon of Pocatello.

Other Magic Valley students assisting in the production are Michele F. Schreiber, Mountain Home, in charge of publicity, and Paul Thomas LaPrise, Ketchikan, a member of the stage crew.

## T.F. BPW Officers Elected

New officers of the Twin Falls Business and Professional Women's Club were announced Wednesday, with DeEtta Campbell named to succeed Ina Knox as president.

Others elected are Doris Harper, president-elect; Betty Ainsworth, vice president; Fayne Hoffman, recording secretary; and Mary Hicks, corresponding secretary.

An installation breakfast for all members and officers will be held May 3 at 9 a.m. in the Roundup Room of the Hogerson Hotel.

Nominating committee members were Vera Rauch, Minnie Benkula and Ruth Jones.

Final business meeting of the year was held Monday night at the Depot Grill. Lucille Brizee gave a treasurer's report and new members were welcomed and presented a silver bell, corsage and membership certificate by Doris Harper, membership chairman, assisted by Alda Strong.

Members were advised of the District meeting Sunday in Hiley and of the State convention in Pocatello in June.

## Local Men To Attend SBA Meet

Willard Rees, Jack Mallowney and Warren Barry of Twin Falls, and Charles L'Horsion of Jerome, will represent Magic Valley communities at the semi-annual meeting of the South District Advisory Council of the Small Business Administration on Monday in Boise.

Speakers listed for the one-day program include Herb L. Deyrick, former Twin Falls mayor and currently state planning director; Fred Humphreys, executive vice president, Idaho First National Bank, and president of the Idaho Bankers' Association, and council members Lloyd Howe, chairman; Mr. Barry, member of the national advisory council, and S. M. Molkie.

Mr. Howe, industrial developer with the Idaho Department of Commerce and Development, was recently named council chairman. He is currently serving his third term on the council.

## Stocks

**NEW YORK (UPI)**—Prices were off sharply in moderately active trading on the New York Stock Exchange Thursday.

As activity declined in the half-hour period, the Dow Jones industrial average, the blue chip barometer, was off more than 11 points after a loss of 9.50 Wednesday.

Westinghouse, delayed at the opening because of an influx of orders, opened around 1 p.m. at 62 on a block of 25,000 shares, 5 points from Wednesday.

The Justice Department filed a civil antitrust suit against Westinghouse and the Japanese Mitsubishi combine charging them with conspiring to restrain trade between the United States and Japan.

Additional stocks in sharp retreat included Fairchild Camera down 3 1/2, IBM 2 1/2, Motorola 3 1/2, and National Cash Register 4 1/2.

At 1:15 p.m. the UPI market indicator was off 1.45 per cent on 1,487 issues traded. There were 1,041 declines and 218 advances.

A three-hour turnover of 7,570,000 shares compared with 7,430,000 shares at a comparable period Wednesday.

INVITATION FOR BIDS

The Twin Falls Urban Renewal Agency will receive sealed bids for Demolition of buildings and Site Clearance of two story frame and masonry buildings in Block 88, and one two story frame and masonry building located in Block 104, and one single story frame and masonry building located in Block 105, Twin Falls, Idaho, included within the boundaries of Urban Renewal Project Number Idaho R-1. Said bids will be accepted until 2:00 p.m., Mountain Daylight Time, on the 12th day of May, 1970, at 124 Second Street East, P. O. Box 213, Twin Falls, Idaho, at which time they will be read aloud.

Contract Documents, including Specifications, are available for examination, upon the file of the Office of the Twin Falls Urban Renewal Agency, 124 Second Street East, P. O. Box 213, Twin Falls, Idaho. Copies of the Contract Documents may be obtained by depositing \$10.00 with the Twin Falls Urban Renewal Agency for each set of documents. Each such deposit will be refunded if the Contract Documents are returned after 10 days after Bid opening.

A certified check or bank draft, payable to the order of the Twin Falls Urban Renewal Agency, negotiable to U. S. Government bonds, or satisfactory Bid Bond executed by the Bidder and an acceptable surety, in an amount equal to ten percent of the estimated cost of Demolition and Site Clearance and salvage, will be required with each bid.

The successful Bidder will be required to furnish and pay for a satisfactory performance and payment bond in an amount equal to one hundred percent of the cost of Demolition and Site Clearance, exclusive of any deductions for salvage.

For a proposal to be considered, the Bidder must have a valid Idaho Public Works Contractor's License. Attention is called to the fact that not less than the minimum salaries set forth in the Contract Documents must be paid on this project, and that the Contractor must employ all employees and applicants for employment are not discriminate against persons on the basis of race, color, religion, sex, or national origin.

Urban Renewal Agency, The City of Twin Falls, Idaho, Title Secretary. Dated: April 21, 1970. Publish: April 23, 30 May 7, 1970.

Senators Nip Yankees 2-1 After Four-Hour, 18-Inning Marathon

By United Press International Mike Epstein secured 13th and won a sacrifice fly in the 18th inning Wednesday night to give the Washington Senators a hard-earned 2-1 victory over a one-out single by Hank Allen.

Seaver Fans 19-10 In Row—As Mets Win

BY PHIL MCHANE UPI Sports Writer Somehow the N. Y. Yastur Award doesn't seem like a big enough prize for Tom Seaver. The talented right-hander of the New York Mets received that award for his 1969 achievements prior to Wednesday's game with the San Diego Padres at Shea Stadium, then proceeded to make Young and all the other pro ball stars the next best pickers with a 19-strikeout, two-hit performance as the Mets won 2-1.

The 25-year-old Seaver, who won 25 games in 1969, tied the major league record for most strikeouts in a nine-inning game and broke the record for most strikeouts in a row when he fanned the last 10 batters to face him.

"That was the best pitching exhibition I've ever seen," said Padres manager Preston Gomez, who was with the Los Angeles Dodgers as a coach when Sandy Koufax was blazing his fastball by the best hitters in the National League.

Seaver's 19-strikeout performance matched the major league record set by Steve Carlton of the St. Louis Cardinals last season against the Mets, and his 10 in a row broke the previous record of eight shared jointly by Max Surkont of Milwaukee, Johnny Podres of Los Angeles, Jim Maloney of Cincinnati and Don Wilson of Houston. The 19 strikeouts also was the most ever turned in by a pitcher in a day.

In spite of his great performance, Seaver did not feel he was the best game he ever pitched nor the most exciting. He stuck with last year's near-miss perfect game against the Chicago Cubs as his favorite. In that game he retired 25 consecutive batters before Jimmie Qualls broke the spell with a single in the ninth.

"This wasn't quite as exciting," said Seaver. "It was very exciting, but not quite as exciting as that one. You had to remember, too, that the Cubs were in first place at the time and San Diego is an expansion team."

Seaver's second inning homer by Al Ferrara, who oddly was the final batter to strike out. The only other hit Seaver allowed was a single by Dave Campbell off the glove of third baseman Joe Fox in the fourth.

But Harrellson, Seaver's roommate on the road, provided all the necessary runs for the Mets. Harrellson singled and scored in the first on a double by Ken Boswell and tripled home Tommie Agee in the third with the other run.

In other NL action, Pittsburgh's Alvin Williams hit a home run in the 10th inning to lead the Pirates to a 3-2 victory over the Montreal Expos. Chicago's Steve Nouri pitched a complete game to lead the White Sox to a 3-1 victory over the Philadelphia Phillies.

Mauch Is Ejected After Game Ends MONTREAL (UPI)—Manager Gene Mauch of the Montreal Expos was "thrown out" of Wednesday night's game with the Los Angeles Dodgers after the game had ended by plate umpire Augie Donatelli.

The Dodgers beat the Expos 3-2 as Mauch emphatically argued the last play of the game. Mack Jarames was struck by a line drive to the stomach and Donatelli ruled him out for interference.

Mauch said in the dressing room after the game "Donatelli was the only umpire that didn't know that the ball came back and struck Jones. The other three umpires saw it. He kicked me out of the game but I never touched him, although I did get pretty close. He could hit me but after talking it over with the other umpires I'm sure he'll forget about the whole thing."

When questioned about his decision, Donatelli only answered "I made the right call."

Caps Shock Broncos In 131-114 Romp

WASHINGTON (UPI)—The Washington Caps routed the Denver Broncos, 131-114, Wednesday night to square the American Basketball Association's western division semifinal playoffs at two victories each.

Guard Mike Barrett tied forward Rick Barry for Cap scoring honors with 30 points, and reserve center Jim Eakins pitched in 20 points, 14 of them in the second half, to lead Washington to victory.

"We played as well offensively as we have all year," Caps coach Al Bianchi said after his team put on a sick display of ball handling, passing and shooting. The Caps hit 58 per cent of their shots.

Three other Caps hit in double figures, with Frank Card scoring 17, Larry Brown, who had 14 assists, also had 14 points and Garry Bradts added 12.

Washington led by as many as 18 points in the fourth quarter after the Rockets had narrowed the gap to four points.

The best-of-seven series resumes Thursday night at Denver.

5-10 Calvin Leads Stars Past Chaps

ANAHEIM (UPI)—Tiny Mack Calvin, at 5-foot-10 the smallest man in pro basketball, pumped in 44 points and had an ABA playoff record 16 assists Wednesday night to spark Los Angeles to a 144-138 win over the Dallas Chaps.

The Los Angeles win ended the teams' Western Division series at two games apiece.

Calvin's sharp shooting, passing and floor leadership enabled the Stars to lead from the opening minutes.

Several times they were as many as 24 points ahead but fatigue and injuries caught up with them and the Chaps came within six three times in the last nine minutes. However, each time Calvin pulled it out with either a free throw or an assist against a desperate Dallas full-court press.

In the final period, Los Angeles went more than five minutes without a field goal, but scored home 10 points from the charity stripe to preserve their win.

George Stone missed his first eight shots of the game for the Stars and had only one point through the first period, but hit 10 of his next 11 shots and finished with 35 points. Craig Raymond pulled down 20 rebounds for the winners.

Colons Tie Series With Nets At 2-2

WEST HEMPSTEAD, N.Y. (UPI)—Sam Smith scored 12 of his 20 points in the first quarter to lead the Kentucky Colonels to a 129-101 victory over the New York Nets Wednesday night to even their best-of-seven American Basketball Association playoff series at 2-2.

The Colonels jumped to a 24-21 lead at the end of the first period and the Nets never got any closer.

The Colonels didn't miss a field goal in the second period until there was 5:41 left, hitting seven straight to boost their lead to 51-31. The half-time margin was 57-40.

The closest the Nets got in the third period was 62-58, but Lou Danziger's three-point field goal started a Colonels surge that gave them a 94-67 lead at the three quarters.

The Colonels held Levern Tart to two points in the first half after he scored 102 in the first three games of the series. Tart got 19 points in the second half to give him 21 points, but the game was already out of reach.

Darrel Carrier, who guarded Tart, scored 25 while Smith added 23 and Dampier had 26. The teams now go to Kentucky Sunday afternoon April 26 for the fifth game.

Washington State Will Use Spokane Football Stadium

PULLMAN, Wash. (UPI)—Washington State University will play all five of its home football games in Joe Albi Stadium at Spokane, 85 miles away, the fall, State athletic director announced Wednesday.

The shift in the games was forced by a fire April 4 that burned about 10,000 seats in the south stands of Rogers Field here.

The decision to move the Idaho and Oregon State games to Spokane was made because we are better prepared to conduct the games there and because it is closer for our students and faculty members who like to attend the games," said Bates.

WSU had received offers to play the two games at Seattle and Portland, Ore.

Washington State had already been scheduled to play Stanford, USC and Washington at Spokane this fall.

Wednesday's decision means that WSU will open its home schedule at Spokane Sept. 19 against Idaho and will play Stanford Oct. 12 and USC Oregon State and Washington on the weekend of Nov. 7, 14, and 21.
