Hickel Warns Nixon To Change Attitude

WASHINGTON (UPI)—Interior Secretary Walter J. Hickel in a letter to President Nixon has warned the administration is in danger of alienating a whole generation of young people from the government and from the Republican Party.

about the very situation that is erupting," in the letter he signed "faithfully yours, Wal-ly."

Ronald Ziegler, White House press secretary, confirmed that the letter had been received but said Nixon had not yet seen it.

"Certainly there is no lack of concern or focus of attention on the part of the administration," Ziegler said.

Rumpus May Result In Bypass Of Twin Falls

By BONNIE JONES Times-News Staff Writer Strong opposition from Twin Falls property owners to the proposed highway improvement at Five Points North intersection could result in relocating of U.S. Highway 93 to bypass Twin Falls.

Improved, the Department of Highways is not going to spend money doing this.

their minds to make the change Highway 93 to bypass Twin Falls. Mr. Summers advised preliminary engineering activity on the project is being suspended until such time as general support for the project or acceptable alternatives become evident.

A WOUNDED MEMBER of the 11th Armored Cavalry regiment is comforted by his buddies while awaiting evacuation after U.S. troops smashed through the smoldering ruins of the

rubber plantation town of SHOU in Cambodia. Thousands of American soldiers are involved in the action. (UPI telephoto)

The unusual Hickel letter Wednesday was followed today by the resignation of Anthony J. Moffett as Nixon's youth director. Moffett said he was resigning because of a "protest" signed against the young and "inflammatory language" used against them by Nixon and Vice President Spiro T. Agnew.

Nixon recently termed college protesters "bums" and Agnew has used equally strong language in a series of speeches critical of youthful dissenters.

Wayne Summers, executive secretary of the Board of Highway Directors for Idaho, advised Twin Falls Thursday the board has reviewed testimony presented April 16 in a public hearing on changes at the congested intersection and on state highway changes in Twin Falls.

Mr. Summers advised the city officials already had made up their minds to make the change Highway 93 to bypass Twin Falls.

Students React To Problems

By United Press International Idaho State University Students held a peaceful march to the federal building in Pocatello Wednesday in memory of the four students killed at Kent State University in Ohio and in protest of President Nixon's Cambodia war policy.

Hickel called on the President to consider arranging "conventional" meetings with individual Cabinet members to discuss problems such as "youthful protest and noted that we have an obligation as leaders to communicate with our youth and listen to their ideas and problems."

He also suggested Nixon meet with college presidents "to talk about the very situation that is erupting," in the letter he signed "faithfully yours, Wal-ly."

He also suggested Nixon meet with college presidents "to talk about the very situation that is erupting," in the letter he signed "faithfully yours, Wal-ly."

Students React To Problems

By United Press International Idaho State University Students held a peaceful march to the federal building in Pocatello Wednesday in memory of the four students killed at Kent State University in Ohio and in protest of President Nixon's Cambodia war policy.

Some 350 students gathered at the quad on the campus at noon then marched silently two miles to the downtown area, where they were joined by 500 more observers at the building.

Other Idaho schools planned activities to discuss Nixon's Cambodian war policies. College of Idaho students will meet Monday on the steps of the administration building, Sterry Hall, for a "learning program" and discussion.

Students, acting on an individual basis, plan to ask speakers to attend the session. So far the Co of students have not indicated they will remain away from classes during the discussions.

The Associated Student Body officers at Boise State College approved a resolution Wednesday to boycott classes Friday.

The resolution said the students would spend the day discussing the "latest developments of the Southeast Asia and the resulting disruptions on college campuses."

Students, acting on an individual basis, plan to ask speakers to attend the session. So far the Co of students have not indicated they will remain away from classes during the discussions.

51 Senators Voice Opposition To War

WASHINGTON (UPI)—A total of 51 senators voiced their opposition to the movement of U.S. troops into Cambodia and 21 have supported it, a United Press International survey disclosed Wednesday. Here is the breakdown:

Republicans who have spoken out against the incursion: (18)—Alben, Brooke, Case, Cooper, Cotton, Dole, Goodell, Hatfield, Javits, Mathias, P. Hoff, Saxbe and Schweiker.

Democrats who have spoken out against the incursion: (38)—Anderson, Bayh, Burdick, Byrd of Va., Church, Cranston, Eagleton, Ellender, Fulbright, Gore, Harris, Hart, Hartke, Hughes, Inouye, Kennedy, Magnuson, Mansfield, McCarty, McGovern, McIntyre, Metcalf, Mondale, Montoya, Moscone, Nelson, Pastore, Pell, Proxmire, Ribicoff, Spong, Symington, Talmadge, Tydings, Williams of N.J., Yarborough and Young of Ohio.

Republicans who have spoken for the decision: (18)—Bennett, Boggs, Cook, Curtis, Dominick, Fannin, Goldwater, Griffin, Gurney, Hruska, Jordan, Smith, Miller, Murphy, Scott, Idaho of Ill., Thurmond, Tower and Young of N.D.

Radio

WALTHAM, Mass. (UPI)—The National Student Strike Center here is using a ham radio network linking up to 20 colleges to relay information nationwide about the campus strike.

Governor Meet Is Guarded

SANTA FE, N.M. (UPI)—Republican governors, protected by the New Mexico National Guard, opened three days of talks today with a crowded list of national problems overshadowed by campus turmoil.

American Casualties Show Rapid Increase

WASHINGTON (UPI)—The Nixon administration is preparing plans to keep Saturday's young antiwar demonstrators from getting too close to the White House after hearing criticism from within its own ranks that it isn't close enough to young people.

SAIGON (UPI)—The offensive into Cambodia and Communist reprisal attacks in Vietnam have raised American casualties to their highest point in about a year, U.S. military sources said today.

South Vietnamese losses put at 180 dead and 940 wounded.

South Vietnam announced it was pulling 6,000 of its men out of the offensive because their mission, to destroy a Communist base area, had been accomplished successfully.

Troops Pour Into Suez Area

By United Press International Cairo said today Israel has rushed 10,000 troops and 390 tanks to the Suez Canal as reinforcements.

South Vietnam Is Reducing Forces

SAIGON (UPI)—South Vietnam said today it was pulling 6,000 of its troops from Cambodia because their mission had been successfully completed.

Congress Approves Budget

WASHINGTON (UPI)—Struggling off a blunt accusation of pork barrelling, Congress has supported the first steps in a "new epoch" of U.S. manned space flight estimated to cost \$14 billion during the 1970's.

FBI Files Charges For Fire

Kyle G. Clark, special agent in charge of the FBI for the Idaho-Montana division, said today a federal complaint has been filed by agents of the FBI at Lewiston against Joseph Edwin Schock, 21, Pullman, Wash., in connection with an incident early Tuesday.

Shooting At Kent Provoked

KENT, Ohio (UPI)—The National Guard says the fatal shooting of four Kent State University students was an act of self-defense.

Bleak

WASHINGTON (UPI)—Treasury Secretary David M. Kennedy says the nation's economy "now represents a very bleak picture" but the Nixon administration's anti-inflation efforts will steady things by the end of this year.

WELCOME

HONORARY CHAIRMAN HOLLAND Houtburg, left, does a little advance campaigning for the Monday blood drawing for the American Red Cross. Mr. Houtburg, president of the Twin Falls Chamber of Commerce, checks to see if Chamber Manager Ray Rostron can qualify for the drawing, and decides he can. Mr. Houtburg is urging all Chamber members and businessmen to support the Monday drawing in Twin Falls and the Tuesday drawing in Kimberly.

Blood Drawings Scheduled At Twin Falls And Kimberly

Holland Houtburg, president of the Twin Falls Chamber of Commerce, will be honorary chairman of the Monday blood drawing in Twin Falls and the Tuesday drawing in Kimberly. Mr. Houtburg has urged all residents to take a few minutes while the bloodmobile unit is in the area and make a donation. The equipment will be set up at the Twin Falls American Legion Hall from 2 to 7 p. m. Monday and on Tuesday the equipment and staff will move to Kimberly from 1 p. m. to 5 p. m. at the Kimberly grade school building.

Quotas are 150 pints in Twin Falls and 100 pints in Kimberly. Dave Nelson, blood drawing chairman for the Twin Falls Chapter, American Red Cross, said while quotas were exceeded here throughout last year, demand for whole blood and blood products also increased in the local area, leaving the blood bank "underdrawn," he said. Residents are all urged to help make the Monday drawing another over-the-quota event.

As honorary chairman, Mr. Houtburg said when there is a need, friends and community-minded residents generally rally to the assistance of those in need.

"I would like to see the drawings in Twin Falls and the biggest result in one of the biggest rallies we have had here," he said.

Volunteer donors make the blood program possible, Mr. Houtburg said, and, as a result of their unselfish support, the Red Cross blood program is operating in Southern Idaho for the benefit of all persons.

There is no charge to the user for the blood itself, although cost of processing and packaging must be passed on to the patient, as are laboratory costs at the hospital where it is administered.

There is something of a moral obligation on the part of family and friends of those receiving blood to see it is replaced and much of the blood collected during drawings is a result of this system. Many persons, however, do not have an opportunity to recruit replacement donations.

Those injured in traffic accidents, or who become ill while in this area, often require several pints of blood. They may have no local friends or relatives who can assist with replacement and community donors make up the deficit.

One-Way Traffic Starts On Monday

On Monday, the new system of one-way traffic on Second Avenue East and North will go into effect.

City Manager Jean Miller said this is another step in the change of the state highway department's one-way couplet through Twin Falls that will return Main Avenue to a two-way city street.

He explained under the new system, Second Avenue East and North will carry traffic to the west. Eastbound traffic through Twin Falls will continue to use Second Avenue West and South. For the present, and until about June 15 or July 1, Main Avenue also will carry westbound traffic only.

After about June 15, Main Avenue will be torn up for reconstruction under the new downtown redevelopment system. It will be closed to traffic during the rest of the summer, and when it reopens it will go into service as a two-way city street.

Mr. Miller said city residents are asked to keep the change in mind for Monday morning as they report for work or do their shopping in the downtown area. While some confusion is anticipated, he said local motorists who keep the change in mind Monday will help avoid accidents and traffic congestion.

T.F. Man Is ISU "Student Of Year"

POCATELLO — Michael D. Sweeney, son of Mr. and Mrs. R. C. Sweeney, Twin Falls, has been named "Student of the Year" at Idaho State University. The honor was announced during the recent Parents' Weekend at ISU.

Mr. Sweeney, who was nominated for the honor by Alpha Kappa Psi, the national business fraternity, will receive a bachelor's degree in accounting in the June graduation ceremonies. He has accepted a position as staff accountant with Price Waterhouse and Co., Seattle, where his brother Richard, a 1966 business graduate of ISU, is currently employed.

Acclamation as Student of the Year is based on service to the university as well as service to the nominating organization. In

MICHAEL D. SWEENEY

named winner of the Certified Public Accountant's award and the Alpha Kappa Psi Award, and has received the Crawford-Moore business scholarship.

He is married to the former Annette Tatro, Boise, who also

will receive a degree in education in June. Both he and his wife were named Students of the Semester in 1969, and both are listed in Who's Who in American Colleges and Universities.

Twin Falls

Urge Withdrawal

NEW YORK (UPI)—The American Jewish Congress Wednesday urged the United States to "withdraw" its troops from Cambodia and the Soviet Union to send its forces home from Egypt. "It is ironically true," the organization's national executive committee said, "that our conduct in Southeast Asia parallels the unjustifiable conduct of the Soviet Union in the Middle East."

ANDREW TULLY

The Game Is Very Dangerous

WASHINGTON — There is a flavor of blatant presumption... Yale University to spell it out in simple, precise language.

They speak of justice, but who knows what justice is until the evidence is heard in open court?

Well now, if Yale speaks of justice — in its own mold — the public has a right to the open demonstration of violence.

Brewster now says he 'did not intend to disparage the legal system.' I guess he means that

Will It Work?

Of all the hundreds of thousands of words which have been written and spoken about President Nixon's decision to send American troops into Cambodia, only three words count.

Will it work? If in six or eight weeks the President reports back to the nation that the campaign to clear the Communist sanctuaries along the Cambodian border has been successfully completed...

But if he tells the nation that the enemy has proved tougher than expected and asks America to bear with him as he commits a few thousand more men and a few more helicopters and bombers for only a few more months...

Obviously, it was an agonizing decision for the President. For days he weighed the pros and cons of the matter.

In the end, the logical arguments in favor of the offensive outweighed the negatives. For years, Communist supply lines and bases along the border have remained untouched out of respect for the neutrality of Cambodia.

Then in quick succession in recent days came the ouster of Cambodia's Prince Sihanouk by a militantly anti-Communist regime, new incursions into Cambodian territory by the Viet Cong and North-Vietnamese and an appeal from Cambodia for military aid from the United States.

It is clear that massive concentrations of Communist troops in Cambodia — particularly in areas

like the "Parrot's Beak" which is only 33 miles from Saigon — could gravely threaten South Vietnam. The President gave as his reason for approving the strike into Cambodia the argument that in the long run it would save American lives and shorten the war by forcing North Vietnam to agree to a negotiated peace.

Yet the same logic dictated every other American decision in this conflict, such as the decision to commit American combat troops in 1964 and the decision to bomb North Vietnam in 1965.

Unfortunately, the result of all of them has been only to increase American casualties and prolong the war.

It is also unfortunate that the President chose to couch his announcement in terms of America's honor and its position as a first-rank world power.

For the fact is, whether we like it or not, that Americans are weary of identifying their national honor with Vietnam and seem to have reconciled themselves to the "humiliation" the President refuses to accept for the country.

But the fact also is that the Cambodian situation is no new war but part and parcel of the old war and has been all along. If not an act of dishonor, it would certainly be an act of folly for the United States to abandon South Vietnam and leave the country at the mercy of tens of thousands of Communist troops ready to pounce across the border from Cambodia.

The question remains, however: Will it work? Will the decisive action this time produce the desired result? And do Americans yet have enough patience and enough faith in the President to give him the support which is as vital as any number of combat divisions?

MR. SPECTATOR

On Human Angels

The population of this old world right now — give or take a few minutes — is right around the 3 billion mark.

The number of general aviation pilots on the old world — a general aviation pilot is one who is not working for an airline — totaled 1,005,185 at the end of 1969.

So, you can figure that being able to pilot an airplane is still something a lot of people cannot do. The United States and Canada and Central America have almost eight out of every 10 pilots or a total of 801,821.

And aircraft? General aviation aircraft — these are the ones like private individuals, flying clubs and businesses own and operate out at the Twin Falls City-County Airport — number 184,331 world-wide and of this number 147,522 are in North America.

There are 15,370 general aviation planes in Europe, 10,390 in South America, 3,599 in Africa and 7,450 in the Middle East including S. E. Asia and Oceania.

In contrast with the 184,331 powered general aviation aircraft on the old world, how many airline aircraft are there? Well, the world's total of airline airplanes stood at only 7,184 at the end of

1969. These included 3,499 jets, 1,405 turboprops, and 2,190 piston engine.

And airline pilots? No figures were available on the total but compared to general aviation pilots they do not number very many. So there you have it. Interesting, isn't it?

RAZOR'S GLIDE

A new shaving gel is being introduced on the market that affords greater lubricity than any other shaving product, claims its manufacturer.

This may alarm some folks, including Sen. John O. Pastore of Rhode Island, who have complained that there is already too much lubricity in the "Take it off, take it off" advertising for another company's product.

ACRONYM?

"TAPS" is the nickname for the 200-mile Trans-Alaska Pipeline System which the oil industry wants to build to carry oil from Alaska's North Slope oilfields to the port of Valdez.

And "taps" is just what the pipeline could mean to much of Alaska's wildlife and wild terrain, say aroused conservationists, who have succeeded in delaying construction of the pipeline pending a deeper investigation of its possible environmental effects.

MAROONED

ART BUCHWALD

In The Middle

WASHINGTON — My friend Brightfielder is having an identity crisis. He said that no matter where he stood on the major issues in the United States today, he found himself in trouble.

"The fact that I'm against the bombing of New York buildings, the student take-overs of offices and intimidation by militant know-nothings makes me a fascist pig."

"Well, there's nothing wrong with that," I said. "Except that I think Spiro Agnew is full of hot air."

"Exactly. I think Judge Julius Hoffman of Chicago is one of the great disasters of our judicial system."

"At the same time, I think the Chicago Seven are a bunch of clowns who belong on the comic pages of the newspapers."

"Which makes you an apologist for the stinking bourgeois establishment."

"To my mind, Atty. Gen. Mitchell would do anything to violate my constitutional rights in the name of law and order, and this makes me a timorous liberal."

"I believe Nixon's Majority strategy is tearing this country apart. This makes you a typical Northern bleeding-heart hypocrite."

"Any thoughts on the ABM?" "It's a disaster and as phony as anything the Defense Department has come up with."

"But that means you're giving aid and comfort to the Commies."

"I'm the original plunko Dove. And because I think the draft is safe for the country than a professional Army, my kid's friends refer to me as the 'war criminal.'"

"You have to have a strong hide to take all this name calling."

"The tragedy of all this is that the radical right knows exactly where it stands, and the radical left is completely secure in the knowledge it's right. But the fascist pig, pseudo-intellectual effete snob of the radical middle is being torn apart."

"You can say that again," I said.

"Any country where a citizen has to choose between Judge Julius Hoffman and Yippie Abbie Hoffman is really in trouble."

"You can say that again," I said.

"Any country where a citizen has to choose between Judge Julius Hoffman and Yippie Abbie Hoffman is really in trouble."

"You can say that again," I said.

"Any country where a citizen has to choose between Judge Julius Hoffman and Yippie Abbie Hoffman is really in trouble."

"Any country where a citizen has to choose between Judge Julius Hoffman and Yippie Abbie Hoffman is really in trouble."

"You can say that again," I said.

GEORGE C. THOSTESON, M.D.

Club Foot

Dear Dr. Thosteson: My son is six months old and since birth has had to have casts every two weeks for a club foot.

The doctor tells me when he is a year old he will have to have an operation. Please tell me why he must suffer for another six months. Why can't they do it now? With men going to the moon, why in God's name must a child suffer so? Please would you help me? If nothing more than to understand the why of it all! — Mrs. S.J.

For your little boy's sake, as well as your own, I suggest you stop over-moiling and try to understand the condition. It's not too bad he has a club foot. But aren't you glad he doesn't have leukentria, brain damage, congenital blindness, or a lot of other things we can't cure even if men have gone to the moon? Aren't you glad he doesn't have two club feet? Some 40 per cent of babies with club foot do.

Club foot occurs in certain numbers of babies, and the cause is not certain. Since it can occur to more than one in a family, heredity may be a factor. Another suspicion involves the position of the baby's foot before birth.

Whatever the cause, early treatment is essential, but it is effective, and while the casts are on, the child is happy. Surgery is necessary in less than half the cases — when the slow steady methods do not achieve full correction.

Granted that it is upsetting to see a small baby having to put up with a series of casts, but parents should not let their impatience be apparent.

Reason: babies catch on so very quickly. If a baby gathers the notion that his casts are a horrible misfortune, rather than a means of preventing deformed feet, the youngster can be harmed psychologically as badly as he would be by the deformity itself.

So by all means view the situation more calmly and philosophically. Anyway, six months isn't forever.

calling it "suffering." Of course, it's no fun — but it's tolerable.

The feet, you must remember, are, mechanically, one of the most intricate parts of the body, and it is foolhardy to try to reshaping a deformed foot all at once. Correction must be done little by little, with a series of casts. Furthermore, you don't want any scar tissue which can interfere with normal and even growth.

Parents should be warned — as you evidently have been — that correction, if it is to bring best results, has to be slow. Further, if treatment is interrupted for any reason, a relapse can occur, so observation should continue for several years to make certain that the correction will be maintained. (Special shoes are used as the child reaches the walking stage.)

IDAHO'S JUNIOR MISS, Laura Vincent of Filer, "stops" Fran Tankerton, the New York Giants' famous "scrambling" quarterback, with a camera. The sports great was guest speaker at a banquet in Washington, D.C., honoring the 50 state junior misses. The girls are now in Mobile, Ala., preparing for

finals, which begin Saturday and continue through Wednesday. Up for grabs at the contest is \$49,000 in scholarships and the 1970 America's Junior Miss title. Miss Vincent is the daughter of Mr. and Mrs. Roger Vincent, Filer.

Tips Given On Calling Mother

Sunday, May 10, may be a special day of rest for the nation's mothers, but it's the busiest day of the year for Mountain Bell.

Long distance calls on "Mom's Day" run many times the number placed on an average business day according to Twin Falls Mountain Bell Manager, K.G. Mann.

Mr. Mann said that Mountain Bell is geared to handle a record number of calls this Mother's Day. He offers the suggestion that customers can speed calls by direct dialing instead of calling through an operator.

He also said that long distance rates will be the lowest from 8 a.m. Saturday to 5 p.m. Sunday. During this period callers can place direct dialed out-of-state calls to any point in the U. S. for 75 cents or less for the first three minutes.

Calling periods are heaviest on the hour or half-hour, so calls placed in between will have better completion potential. If numbers are unknown, subscribers may call the Universal Information number free of charge to obtain the correct number. A subscriber would dial "11" plus the area code then 545-1212, Mann concluded.

News Of Servicemen

Spec. 5 Terry D. Johnson, son of Mr. and Mrs. Ernest Johnson, Hansen, has been awarded the Bronze Star for meritorious achievement in ground operations against hostile forces in the Republic of Vietnam during the period of May 1, 1968, to Dec. 31, 1968.

He was in the United States Army 101 Airborne during his service in Vietnam. He is now out of the services but is still in reserves until a year is up in June.

From Binh Thuy, Republic of Vietnam comes word of Navy Engineman First Class Larry L. Frazier, 34, Glenns Ferry, son of Mr. and Mrs. Lyall L. Frazier, who is currently serving a twelve-month tour of duty with the River Patrol Force in Vietnam.

He is assigned to Logistics Department on the staff of River Patrol Flotilla FIVE at Force Headquarters in the Mekong Delta at Binh Thuy, RVN.

U. S. Air Force 1st Lt. Robert E. Bruce Jr., son of Mr. and Mrs. R. E. Bruce, Jerome, is on duty at Tuy Hoa, Vietnam.

He is an F-100 Super Sabre pilot with a unit of the Pacific Air Forces, headquarters for air operations in Southeast Asia, the Far East and the Pacific area.

Parents, New Students Given Tour Of O'Leary Junior High

Nearly 600 parents and students attended the final program of the O'Leary Parent-Teacher Association for this season Monday night in the school auditorium.

The students attending will be those enrolling in O'Leary next fall as seventh graders. These students and their parents were special guests of the meeting and were given a tour of the building following the program.

Carl Snow, school principal introduced faculty and staff members and discussed curriculum. He said students not interested in band and orchestra will have an opportunity to take home economics or industrial art classes.

Howard Wiseman, vice principal, discussed the responsibilities of parents in the education of the student as compared to school administration responsibility.

Deadline On Taxes Coming Up

Ruth K. Jones, Twin Falls County treasurer and tax collector, Thursday reminded county taxpayers that 29 per cent of the county's taxes are to be paid by the June 20 deadline.

She said 71 per cent of the 1969 real property taxes have been paid leaving an outstanding balance due of \$1,470,239.29 to come in by June 20. Idaho law requires all taxes not paid by the deadline carry a 2 per cent penalty and 8 per cent interest to date of payment.

Mrs. Jones said the 1969 total tax charge was an overall increase of \$93,731 above the 1968 taxes in Twin Falls county. There is still an outstanding bill on the 1968 taxes of \$24,192.23, while the 1967 records show a \$12,260.04 amount yet due. After three full years of delinquency, the county will take a tax deed to the property under provisions of Idaho tax law.

Several distributions of the ad valorem tax notices have been made, Mrs. Jones said, with various taxing units in the county receiving payments. Additional payments are pending the close of the fiscal tax year June 20.

The county treasurer's office is open for taxpayers or other business from 8:30 a.m. to 5 p.m. week days and current and delinquent payments may be made in person or by mail.

Annual Banquet Of Red Cross Slated

The annual banquet of the Twin Falls Chapter, American Red Cross will be held May 18 at 7:30 p.m. in the American Legion Hall.

In addition to election of officers and other annual business, the banquet also will have recognition to persons who have served the local Red Cross program.

The public is invited, and anyone who has made a contribution to the Red Cross is eligible to attend and vote.

Reservations for the event may be made by contacting Mrs. Edwin Saut, Murrough, 452-2141; Barney Carlson, Fidelity Bank in Filer; Mrs. D. L. Fowler, Twin Falls, 733-4357, or the local Red Cross office.

World Red Cross Day will be observed Friday, with local chapter members displaying their recognition and annual business program until the following week.

On World Red Cross Day, chapters everywhere are appealing to all citizens to join their ranks to extend a helping hand to fellow human beings in need of their assistance.

Suspension Of Driving Privileges Announced

The names of Magic Valley residents whose driving privileges were suspended during April are announced by the Idaho Department of Law Enforcement.

Blaine County: Edward R. Ames, Sun Valley, driving while intoxicated, and Frederick E. Hamburg, Sun Valley, reckless driving.

Camas County: Victor A. Gormely, Fairfield, suspended until minimum standards are met.

Cassia County: Royce W. Heckendorn, Jr., Burley, driving while intoxicated; Royce W. Heckendorn, Jr., driving on a suspended license; Michael E. Bryan, Burley, suspension time completed, and Reed P. Richman, Burley, both for accumulation of violation points, and Leroy G. Staler, Burley, failure to appear, suspension time completed.

Jerome County: Paul S. Pratt, Jerome, and Robert H. Rodd, Jerome, both suspension time completed, for driving while intoxicated, and Genell Peterson, Jerome, violation of restriction, suspension time completed.

Lincoln County: Ralph Wendell Vaughn, Shoshone, driving while intoxicated, and Donald F. Stevens, Richfield, violation of restriction, suspension time completed.

Minidoka County: Manuel M. Andrade, Rupert, Theodore R. Tibbs, Twin Falls, and Paul G. Gransdo, Rupert, all driving while intoxicated; DeWayne Stapelman, Rupert, chemical

test refusal; Robert W. Dewhirst, Rupert, failure to appear, suspension time completed; Virgil L. Roy Knorr, Rupert, denial of issuance until reinstated by Oregon, and Thomas W. Hinton, Rupert, suspension and cancellation.

Twin Falls County: Macedonio Gaballero, Twin Falls; Harold M. Hahn, Buhl; David W. Hall, Buhl; Larry D. Hollon, Twin Falls; Frank Calvin Kitchen, Twin Falls, suspension time completed; Charles W. McKernan, Twin Falls; Warren Johnson, Twin Falls, suspension time completed; Glen A. Olson, Twin Falls, suspension time completed; Arnold Dean Ringenberg, Kimberly; Jose R. Trejo, Twin Falls; Georgina Tunnicliff, Buhl; Wilbur Dean Verbeck, Twin Falls, suspension time completed; Lyla A. Wallis, Filer, and Mike G. Wetstein, Buhl, all for driving while intoxicated; Earl L. Abram, Hansen; Mitchell R. Campbell, Twin Falls and Clarence Covey, Buhl, all for reckless driving; Russell W. Christensen, Twin Falls; Jack Lay, Twin Falls, suspension time completed; and Nancy Elaine Rogers, Twin Falls, all for violation of restriction; Ivan M. Crafton, Buhl, suspension time completed, drag racing, and Ernest Hardy Jr., Twin Falls; Eradie W. Tewis, Kimberly, and Jerry R. Waldemar, Twin Falls, all for failure to appear, all suspension times completed.

WASHINGTON, D. C. — Rep. Orval Hansen announced today he will hold three Senior Citizen Seminars in May in the Second Congressional District of Idaho. The Republican congressman also has applauded President Nixon's proclamation naming May Senior Citizens Month.

The seminars, open to all senior citizens and people interested in their welfare, are being held to determine how the older members of the state's population can be better served by the federal government.

The seminars will be May 18 at Pocatello and Idaho Falls, and May 29 in Twin Falls.

Rep. Hansen said, "One of this nation's greatest natural resources — our senior citizens — remains substantially untapped. Federally funded programs designed to assist, train and employ this segment of our citizenry often ignore their greatest source of information, skill and energy — the senior citizen himself.

"It is for the purpose of encouraging older people to come together and speak out regarding their needs that I am arranging the community forums," the congressman said.

Fred Garrett, former director of the Idaho Department of Employment, and Herbert Whitworth, director of the Economic Opportunity Program in Idaho, and two

senior citizens from each community will participate in the forums with Rep. Hansen.

The Twin Falls program will be from 2 to 4 p. m. May 29 at the College of Southern Idaho Shields Academic Building. Mrs. Doris Harper and Howard H. Burkhart will represent the senior citizens of Magic Valley at the meeting.

Following discussion on legislation and programs which affect senior citizens, members of the audience will be asked for views on what action should be taken in Washington. Following the meeting, entertainment and a short social hour will be held.

Rep. Hansen said he supports Pres. Nixon's call for a 1971

Decrease Is Reported In Unemployment Here

Unemployment in the Twin Falls area dipped slightly during March to 3.8 per cent, from 4.5 per cent during February and 4.7 per cent in 1969, according to Larry Drexler, labor analyst for the Department of Employment.

The March survey of the labor market in the Twin Falls area showed improved labor force conditions as a sizeable reduction in unemployment was recorded, coupled with an employment increase. Total unemployment in March was down from February and from one year ago by 140 in each case.

Agricultural employment increased in March as 50 more jobs opened, up from 40 in February. Manufacturing employment dipped slightly as seasonal reductions in sugar beet processing were felt.

For other non-agricultural industries, a good increase was noted in raw farm raw materials product handling, transportation, service establishments, and some seed firms.

Retail trade showed a mixture of ups and downs during March, as building materials, apparel and miscellaneous stores increased, while auto and general merchandise firms were down. Other retail segments showed little change in March.

Overall, Mr. Drexler's analysis indicated a much improved labor picture during March, 1970, over March, 1969, with the total labor force up 620 workers, a sizeable employment increase of 960 more workers with jobs this year, and a drop in unemployment.

Construction under way in March included a 300,000-bushel silo complex for Rangen, Inc. to allow storage of 150 carloads of mauling barley destined for Adolph Coors, Co. of Colorado in Buhl. Completion is anticipated by July 1.

Also in Buhl, work is under way at Citizen's Enterprises on a new luxury yardstick label plant, being built on the site of the former Citizen's Lumber Co., which was destroyed by fire last year.

In Twin Falls, one of the major construction projects under way is the high school expansion, valued at \$136,418, being built by the Classroom Construction Co. The project will include addition of a six-room "pod" of futuristic design, plus carpeting, painting and other work in the school library.

A new short-order restaurant, construction of the Newton Sports Center, and a new structure for the Farm and City Distributing Company mark other construction highlights in Twin Falls, along with the continuing urban canal program.

South of Twin Falls, construction is getting under way on the Carolina Paper Box Co. factory, near the sugar factory. Van Dusen Construction Co. of Caldwell, builders of the Kellwood Company plant, are building the 40,000-square-foot, \$40,000 building which should be completed by July 15.

The continuing tracking dispute has delayed shipment of some heavy equipment for the Longview Fibre Plant in South Park, but completion of the plant is still anticipated by June 1.

Agricultural activities began to take shape in March and April throughout the Magic Valley, the Department of Employment survey noted, despite unseasonably cold weather. Placement of farm and ranch workers increased, with job openings exceeding available applicants by the first of April, and worker demand continuing high, with total employment estimates above 410 workers by mid-April.

Demand was heavy for fully experienced farm and ranch hands and for irrigation specialists acquainted with

Insurance Co.

Holds Election

BOISE — Waneck Stein Jr., vice president of the Stein-McMurray Insurance Agency of Boise, has been named president of the firm, succeeding his father, Waneck Stein, who was elected chairman of the board of directors. John O. McMurray was named senior vice president, and Arley J. Weaver was re-elected secretary-treasurer at the recent annual shareholders meeting.

Waneck Stein Sr. founded the Boise-based insurance agency in 1935, changing the name of the firm from the Waneck Stein Insurance Agency to Stein-McMurray Insurance Agency, Inc.

DENNIS HAWK, formerly affiliated with Marty's Market of Twin Falls, has purchased Man's Market, 588 Addison Ave. W., and renamed it Deany's Market. Mr. Hawk said this is his first venture into ownership of a business. He plans to remain open from 8 a. m. to 3 p. m., offering a full line of groceries and sundries.

Good demand was also reported for day-labor positions, and part-time workers in a variety of tasks, including tractor operation, ditch cleaning and irrigation duties. Wages were slightly higher for agricultural workers due largely to a lack of adequately qualified applicants. Hourly workers were offered 25 to 50 cents per hour more than last year, while permanent salaried workers found job offers listed at \$375 to \$425 per month, with housing.

ATTENTION ALL POTATO GROWERS

DID YOU KNOW:

Idaho processors feel they paid you too much money for last years potato crop. The lowest point of the U.S. No. 1 Market to growers throughout the 1969-70 season was still higher than latest proposal to Idaho's processors.

A recent issue of the Packer newspaper quotes J. R. Simplot as boasting a 20% per year growth rate of his company. At the present time plans are for construction of new plants in Colorado and Minnesota financed in part from the huge profits of the Idaho growers.

DO YOU REALIZE:

That over a period of the last three months Idaho growers have been subjected to the wildest propaganda concerning the poor quality of last years crop. However, in negotiations with processors statewide they have complained about the price they paid for potatoes under a contract constructed to pay for extra quality.

That last fall one of Idaho's processors dropped the price on french fries one and one-half cents a pound without any apparent downward pressure at the market place. That drop alone was equal to approximately 60% per hundred in your raw product. This action indicates that according to their judgement the contracted raw product price was not too high.

YOU SHOULD KNOW:

We were informed Monday that our latest offer to J.R. Simplot Co. had been refused. That offer was for a clean 97% per hundred field-run increase over last years contract. The processors offer and the way it was made, was deliberately designed to splinter P.G.'s statewide effort. If we allow this to happen this year, what comes next year? Perhaps a return to high tare factors and other contract terms reminiscent of those years prior to 1969 when the growers were at the mercy of the processing industry.

The french fry prices at this time are right up against the ceiling placed on them by an Idaho processor. It is apparent from this processors action that a satisfactory profit is obtainable at this raw product price, however, due to the strong demand and firmness of the market even further price advances seem probable at this time if it were not for the suppressing effect of the ceiling price.

IT IS POSSIBLE:

That processors cannot understand reasonable behavior on the part of growers and that fair play and economy consideration for their suppliers of raw product is all important to Idaho's economy.

It is still the growers ballgame and the only way we can lose at this point is to drop the ball. Remember they can't can peaches in a potato processing plant — only potatoes.

Across the table bargaining sessions have been quite frequent and we are getting very very close, but 40 members of P.G.I. negotiating teams at a meeting in Burley last Friday night said "This is it, we have given all we can possibly give," and that is how we stand at this moment. Remember the 7c requested increase would only represent 1/6 of a cent on 1 lb. of french fry selling price.

It appears processors feel that as an organization we must settle a contract. However they, and you, should understand that we will not compromise grower position for the sole purpose of perpetuating any organization, not even P.G.I., as important as it is to all of us.

Engelking Is Seeking Re-Election

D. F. Engelking, state superintendent of public instruction Wednesday announced his candidacy for re-election on the Democratic ticket.

Mr. Engelking is now completing his third term in office having first been elected in 1959.

In announcing his candidacy, Mr. Engelking said Idahoans are no longer willing to accept mediocrity in education and changes are needed to assure every child an adequate and equal education opportunity.

He listed a number of immediate needs facing Idaho schools, including public school kindergartens, which he said the state's educational department is working on now for submitting to the next session of the state legislature.

Other needs listed by Mr. Engelking include public school appropriations, school formula, school-site, state, professional negotiations and educational television.

"We have an action" Task Force committee and specific subcommittees working in these areas, the superintendent said. "The timetable calls for recommendations for legislative measures to be completed by Dec. 1."

He said he feels some encouraging progress has been made and many of the problems plaguing other states have been avoided.

A native of Idaho, Mr. Engelking received his master's degree from the University of Idaho and has been involved in education most of his adult life. He also serves as a member of the state land board and ex-officio member of the State Board of Education.

Holland sells 4 billion tulip bulbs a year all over the world.

Idaho Congressmen Hansen, McClure Announce Candidacy For Re-Election

Both U. S. Congressmen from Idaho, Orval Hansen, second district, and James A. McClure, first district, have officially announced they will seek re-election.

Both Republicans, the two declared their candidacy Wednesday and their nominating petitions will be filed with the Secretary of State in Boise.

Rep. Hansen, whose name will appear on the ballots in Southern Idaho, is seeking his second term. He was first elected to the U. S. Congress in 1968. He serves on the House Committee on Education and Labor and the House Administrative Committee.

During his first term in office, Congressman Hansen took an active part in a number of

major pieces of legislation, including child development, drug abuse education, coal mine health and safety regulations and environmental quality education bills.

In announcing his hope for re-election, Mr. Hansen pledged continuation of his best efforts to serve the interests of all of Idaho and the nation. He listed as immediate legislative goals for the future passage of legislation he has co-sponsored to provide greater equity in federal education programs, stimulate rural economic growth and return greater authority and responsibility to state and local government and improve environmental quality.

"Top priority must be given to the passage of legislation to adequately protect the high public interest values in the Sawtooth and White Cloud areas of Idaho," he said.

Before being elected to Congress, Rep. Hansen served 10 years in the Idaho legislature. He is a native of the Idaho Falls area and formerly practiced law there.

Rep. McClure, representing Idaho's first district in the Northern Idaho area, is seeking his third term in Congress. He serves on the House Committee on Interior and Insular Affairs dealing with public lands. He has sponsored several environmental bills and has worked to support the Wild and Scenic Rivers Act.

Congressman McClure also serves on the Post Office and Civil Service Committee, which completed the comprehensive postal study and legislation. Hearings are now being held on the postal reform legislation.

He was also active in the battle to mint an Eisenhower Silver Dollar. He is a native of Payette and a graduate of the University of Idaho College of Law, served in the Idaho Legislature and has practiced law in Payette.

ORVAL HANSEN

JAMES A. MCCLURE

THIS WEAPON WAS found earlier this year in the Low Line Canal, and Sheriff Paul Corder, shown here holding the double-barrelled sawed-off shotgun, has information linking it to a bank robbery in Utah.

Mysterious Sawed-Off Shotgun Was Used In Utah Bank Robbery

"It kind of makes me wonder if we don't have some bank robbers up here," Sheriff Paul Corder said as he looked at a sawed-off shotgun found in Twin Falls County.

The gun has been linked to a bank robbery in Utah, and Sheriff Corder said it will be turned over to authorities there.

It was found Jan. 25, 1970, in the Low Line Canal southwest of Twin Falls. A check was made on the gun through the National Crime Information Center (NCIC) with negative results, and until about a week ago, it was forgotten.

Last week Sheriff Corder received a letter from a deputy at the Davis County Sheriff's Office, Farmington, Utah. The letter stated a person arrested for involvement in a robbery at the North Salt Lake Branch of the Bountiful State Bank had supplied information pinpointing the location of one of the guns used in the holdup.

The Utah deputy said since he is not familiar with the territory surrounding Twin Falls, he was enclosing an account of what the prisoner, who was not identified, told him.

The statement follows: "West Five Points in Twin Falls, on Highway 30 going west for about a mile, go past a hospital (the Twin Falls Clinic) on the left and the Sheriff's office (courthouse) on the right. (The preceding two sentences should have been reversed.) Go across a bridge over Rock Creek and turn left about 300 feet off the bridge and go up a rather curving grade. There will be a church (Seventh Day Adventist) on the left side of the road. The church can be seen from the 'Magic Valley Memorial' hospital. You should now go south on this curving road, (Grandview Drive) past a

golf course and a theater and over the railroad tracks. About 3 1/2 miles south to the first canal. Go about 100 feet onto the bridge and stop. The gun was then tossed just over the right hand side into the canal. This would be the right hand side as you come onto the bridge."

The deputy went on to say he did not know the water conditions in the canal at this time of year, but requested officers

to follow the enclosed directions in an attempt to locate the gun.

If the weapon had not been found earlier in the year, it probably would have been too late to find it by the time the letter was received in Twin Falls. Water was turned into the Low Line about a month ago, and the weapon would have been covered with several feet of water and possibly have washed downstream.

Registration For City's Summer Programs Set

Summer recreation programs for Twin Falls youngsters and adults are already taking shape, with registration during the coming week for both swimming and golf.

Baseball and softball registration also is underway.

Graduation Speaker Is Set At Bliss

BLISS — Sidney Lansting, an instructor at the Bliss school, will be commencement speaker for the Bliss High School and 6th grade graduation which will be held at 8 p. m. May 17.

The graduating class will be presented by Supt. John Grove with Sterling Bray, chairman of the school board, presenting the diplomas.

Baccalaureate services will be held at 8 p. m. the same day with Bishop James Mecham giving the baccalaureate remarks.

Chad Browning, recreational director announced Thursday.

Registration for the Knothole Baseball program, girls and adult softball programs began Monday and Knothole players may continue to register during the remainder of this month.

League play will begin June 16. Girls' softball teams also will register through May, and begin playing June 18. Registration will be at Harmon Park for these activities.

Adult golf clinic registration opened Tuesday and continues through Friday at the municipal golf course. The clinic opens May 19 and runs through May 22. Registration for the youth golf clinic will begin June 2 and the clinic also is scheduled in June.

Swimming programs will be held again this summer in city pools, with registration beginning May 12 at the Harmon Park building and closing May 18. The first learn-to-swim programs open June 15, with classes including beginner, intermediate and advanced, as well as life saving and instructions in diving and swimming team instructions.

Magic Valley To Grow

Idaho Power President Says State "Appealing"

By O. A. (GUS) KELKER
Times-News Editor

Difficult "problems" being experienced in other sections of the nation will have a continued and significant effect on the economic growth of Idaho and the entire Intermountain West.

Albert Carlson, president of Idaho Power Co., Wednesday afternoon in Twin Falls told a luncheon meeting of business and professional people that "many people throughout the country are just now discovering that the Snake River Valley is a pleasant place to live."

He said that he expects a continuing influx of light industry "as land values, labor problems, disrupted schools, congested traffic and general turmoil" makes Idaho "very appealing."

pump 15,000 acre-feet of water and ultimately \$50,000.

"There's no doubt about it but that Idaho and this area is in a period of growth and there is every indication that growth will continue and very likely accelerate," Mr. Carlson said.

He discussed briefly the steam generating plant in Wyoming in cooperation with the Pacific Power and Light—a

project which will ultimately require \$225 to \$250 million of new capital expenditure—and said at this point in time it is not economically feasible to build and operate a 500 megawatt nuclear unit in an area that is so "close as we are" to relatively cheap coal.

The Wyoming plant is now under construction.

Directors Returned To Same Positions

By IEE TREMAINE
Times-News Staff Writer

Shareholders of Idaho Power Co. re-elected the 14-member board of directors at the annual shareholders' meeting, held in Twin Falls on Wednesday, and heard Albert Carlson, president of the utility, explain the need for higher electrical rates.

Approximately 75 shareholders and company officers meeting in the Idaho Power Company auditorium in Twin Falls heard Mr. Carlson outline the proposed \$250 million construction program which will require the utility to sell a substantial quantity of both equity and debt securities.

An increase of earnings is essential, Mr. Carlson said, since in 1969, under our present rate structure we were able to earn a rate of return of only 6.12 per cent on net plant investment. Obviously, we simply cannot expect to sell securities in a market that is now commanding from 8% to well over 9 per cent for high-grade utility bonds. We cannot expect to sell common stock unless the investor can be assured he will receive a fair return on his investment.

"Idaho Power Company, as well as most other utilities, simply is not now earning a fair compensatory return for their stockholders. Costs, due to inflation, high interest rates and increased tax burdens, are going up every year whereas the rates utilities may charge for their services have remained constant," Mr. Carlson said.

In actuality, average revenue per kilowatt-hour received "has been decreasing, due to the fact that the principal increase in use has been in those types of service sold at a very low rate." Stockholders must be "fairly compensated for their investment," the utility president said.

"We certainly can hardly expect to induce others to invest in the new securities we must sell during the next five years if we do not pay a fair wage for the use of their dollars."

There are basically only three ways to increase earnings, Mr. Carlson said: "First, to increase revenues by increased sales of kilowatt-hours; second, by increasing the price per kilowatt-hour; and third, by decreasing the unit cost of the kilowatt-hours sold by close control of operating costs.

"We must, and we are, doing all three," he declared.

Mr. Carlson outlined the reasons for the failure of the rate-increase request filed on Aug. 13, 1969, which was subsequently dismissed on order of the Idaho Public Utilities Commission. Intervenor-parties opposed to the rate increase had demanded "evidence" to support the utility's request after presentation of direct testimony. The PUC "concluded that rather than expose their decision at the conclusion of the case to a possible court test that it would be in the interests of all concerned to dismiss our case, and

we could then immediately file another case."

The second petition was filed on March 19, and is now in the process of being considered. "We are hopeful to receive a favorable order early this fall," Mr. Carlson said.

"Electricity is still the best bargain today," Mr. Carlson said. "Latest Bureau of Labor Statistics indicate that if the purchasing value of a manufacturer's dollar were worth 100 cents in 1959, the value of the same dollar in 1967 was worth only 72 cents for the materials used for new materials. It costs for 100, 72 cents for construction—and 171 cents for electricity.

"I know of no other necessity that can match that record," he said.

Idaho Power will be utilizing electrical energy from coal-fired generating plants for the first time during 1971, under a contract with Utah Power and Light to utilize "a small share of their 330-megawatt coal-fired unit now being constructed at Kemmerer, Wyo., which is scheduled for operation in the fall of 1971. We have also negotiated a contract with Pacific Power for 285 megawatts of summer-time energy from their new 330-megawatt coal-fired unit at Glen Rock, Wyo., by June, 1972.

In addition, a 500-megawatt unit in Wyoming, now under construction by Idaho Power, will be operative by the summer of 1974.

"We feel our power requirements are amply covered at this time, barring any unforeseen delays in construction schedules," Mr. Carlson told the stockholders.

Directors re-elected by the stockholders included—Mr. Carlson; T. E. Roach, R. V. Hansberger, M. L. Horsley, J. R. Simpfor, Thor Fraser, D. S. Bayler, M. H. Hich and James E. Bruce, all of Boise; John H. Kendrick, Twin Falls; F. G. Batt, Caldwell; J. C. Grant, Blockmore, Pocatello; Dr. C. E. Palmer, Ontario, Ore., and Harry B. Souten, Weiser.

Bunker

WASHINGTON (UPI)—Ellsworth Bunker, U.S. ambassador to South Vietnam, is expected to ask President Nixon to be relieved of his Saigon post as soon as the administration can conveniently decide on a successor.

Two Roads Open To Area Park

YELLOWSTONE NATIONAL PARK, Wyo. (UPI)—Yellowstone National Park officials Wednesday announced the opening of the south and east entrances into the park, coupled with a warning to motorists to keep away from motorcyclists.

Park Superintendent Jack Anderson warned visitors of the hazards of getting out of cars near grizzly bears.

"There have been many sightings of grizzlies near the roadside during the past few weeks," Anderson said. "And there have been a couple of occasions where park employees were fired by a motorist grizzly with cubs when the employees and the bears were too close to each other."

Anderson warned visitors to remain in their cars when they spotted a grizzly and to observe the bears and photograph them from the safety of their vehicles.

Anderson also said the traditional May 1 opening of the east and south entrances was missed this year because of unseasonably heavy snow falls in late April.

He said with the opening of the two entrances all roads within the park were also now open with the exception of Craig Pass between West Thumb and Old Faithful, Dunraven Pass between Canyon and Tower Junction, and the northeast approach road over Cook Pass to Cook City.

"Took Great date for opening the Cook Pass road was set for May 15."

Spring thawing has caused many frost heaves in the roads, the superintendent said, and he cautioned drivers to beware of the many bumps and holes in the highway surface.

MRS. CAROL WARRINGTON, 35, a Manominee Indian mother living at Chicago and across the street from her former home. Her children are delighted to be in a tent and are the envy of their playmates. (UPI telephoto)

home because she refused to pay seven months' rent. An Indian group set up the tepee next to a railroad track and across the street from their former home. Her children are delighted to be in a tent and are the envy of their playmates. (UPI telephoto)

Agnew

BOISE (UPI)—Members of the Secret Service and advance men for Vice President Spiro Agnew met in Boise Wednesday to complete arrangements for Agnew's appearance at the Rowdies Inn Friday.

Agnew will speak at the "Y'all Be to Our Governor" dinner in honor of Gov. Don Samuelson.

Agnew's staff confirmed that the Vice President will arrive in Boise at approximately 4 p.m. Friday.

Shipment Of Gas Expected

WASHINGTON (UPI)—The movement of nerve gas from Okinawa to Oregon via Washington may begin in less than three weeks, the Army said Wednesday.

Col. Kenneth S. Whittemore of the ammunition distribution and planning division of the Army Staff, also said checks of the containers on Okinawa showed there had been a few leakages but he discounted this as unimportant as there are thousands of containers.

In a Pentagon press conference, Whittemore said the movement would not begin until after a reasonable opportunity has been provided the federal district courts to settle the litigation relating to the move. "But he did not say the Army would wait indefinitely for a court decision."

The governors of Washington and Oregon and the mayor of Seattle among others are seeking injunctions to halt the move.

Whittemore said he was prepared to begin the movement May 23.

Graham Warns On Turmoil

NEW YORK (UPI)—Evangelist Billy Graham said Wednesday the death of four students at Kent State University was "a very dreadful thing," but warned there would be more killings if students continued to burn buildings down and throw rocks at the police.

Graham, in New York City to prepare for his 1970 "New York Crusade" in Shea Stadium June 24-28 told newsmen he "felt like somebody kicked me in the stomach" when he heard that four Kent State students had been shot to death by National Guardsmen Monday on the Ohio campus.

Graham, a close friend of President Nixon, said he hoped the National Guard would not use live bullets—on college campuses in the future. "There are other ways to handle those things," he said.

"I hope the students will not get violent," he said. "But when you burn buildings down and throw rocks at the police, that sort of thing will happen."

The evangelist accused television newsmen of playing up student violence while ignoring peaceful demonstrations like his own crusades.

Nixon Asks Full Report On Deaths

By EUGENE Y. FISHER
WASHINGTON (UPI)—President Nixon Wednesday ordered a full report on the Kent State shootings, visited with six students from the school and was warned his new Cambodian policies were playing into the hands of revolutionaries bent on destroying the nation.

Facing the heaviest criticism since he took over the White House, Nixon instructed John Ehrlichman, his assistant for domestic affairs, to determine the cause of the Kent State University rioting and to find better ways of communications between students and college administrators and his own administration.

Before ordering that investigation, Nixon sat down for an hour with six students from Kent, who said afterwards that they hoped that the recent days of campus violence around the nation would make Nixon more aware of the voices of youth.

The six quoted the President as saying that dissent would be minimized "when his administration accomplished four basic goals: Get out of this war. Don't get involved in similar situations. Reduce armaments and create a volunteer Army."

After Nixon's meeting with the students, his national security affairs adviser, Henry A. Kissinger met with a dozen members of a student-faculty group from Stanford University.

The Stanford group, with Secretary Robert H. Finch of Health, Education and Welfare as its spokesman, had been presented by Kissinger, with an open letter to President Nixon warning that a deeper involvement in Cambodia plays into the hands of the "extreme leftists" advocating an "oscillated violent response."

"Revolutionary elements have long recognized that destruction of our universities is essential to their plans of national conquest. Events now play into their hands," the letter said.

The Stanford group criticized Kissinger after the meeting for lecturing them like a professor. "The White House, however, described the meeting as a 'very productive session.'"

Press Secretary Ronald L. Ziegler told reporters, "The White House is not sitting here, it is the President. In total disregard or without concern

17 Die As Plane Hits In Manila

MANILA (UPI)—A crippled twin engined Piper Aztec plane crashed Thursday into a small thatched house near the Manila airport killing at least 17 persons in the plane and on the ground.

Nine children who were in or near the house were among the fatalities.

Three families consisting of 17 persons, lived in the house which was no more than 20 feet square. Only one person inside the demolished house survived, but three others were away when the crash occurred.

The plane, which carried four passengers, belonged to the Pacific Airways Corporation and had just taken off on a chartered flight to the mountain resort city of Baguio when the crash occurred.

Nation's Colleges Release Students

California's 27 state colleges and universities were ordered closed for four days Wednesday and 5,000 Illinois National Guardsmen were called to duty to cope with disorders in a spreading campus rebellion.

District of Columbia police fired dozens of canisters of tear gas at rock-and-bottle-hurling student demonstrators at American University in Washington. One student suffered a broken leg, two policemen were injured by flying missiles and at least 14 students were injured.

Police fired tear gas at student protesters on the University of Wisconsin campus. The Texas State capital was evacuated and guarded by hundreds of armed Texas Rangers and state troopers against threatened attack by University of Texas militants.

When Did Jesse Expire?

UNION, Mo. (UPI)—A trial that could establish the date of death for outlaw Jesse James opened Wednesday in the Franklin County court here and the main piece of evidence for the prosecution, a family Bible, was reported lost.

The suit was filed against Rudy Turilli, who has offered \$100,000 to anyone who can prove that Jesse James died with a bullet in his back in 1882 as legend and history books maintain. Turilli claims not. He says Jesse James died peacefully under the alias J. Frank Dalton at age 103 in 1951 in Granbury, Tex.

The suit was filed by Mrs. Jesse James Jr., who says she is the daughter-in-law of the notorious train robber and is seeking the \$100,000.

The prosecution is seeking to establish only the date of death. Robert Cedarburg of St. Louis, attorney for the prosecution, said the date could be established by three means—a family Bible, a tombstone or by testimony from the family.

Cedarburg said the Bible, which had been considered the main piece of evidence, was lost. He said no tombstone with a date would be presented and the only testimony from the family was an affidavit signed by Phyllis James, another daughter of Jesse, who signed the document at age 91 in 1937. The affidavit states that he attended the funeral of Jesse James.

Freeze Foods

Idaho. Frozen Foods have outdistered their production in the last five years and will double again in the 1970-71 crop year.

He told of the growth of the Simplot concern and said that "Jack Simplot just told me that his new mammoth addition to his Caldwell plant will start producing on the first line in 30 days and that two additional lines will be completed and ready for production this fall. The additions will more than double the ability to produce potato products and will make that plant the largest of its type in the world."

He cited the Bell Riparian Mutual Irrigation Project near Hagerman, supported by electric company money signals. He said the initial \$200,000 offering will be increased to 22,000 by 1973. The initial horsepower for pumping will be 10,170 and ultimately 45,000. Initially it will

Eight Candidates Seek Blaine Posts

HAILEY — Blaine school district voters will have a choice of eight candidates for five trustee positions during a special school board election May 19. The election is necessary after voters approved a zoning change creating a fifth zone and rearranging boundaries for a more even vote distribution.

Leonard (Nick) Purdy, Jr., Placido, incumbent, is being opposed in Zone 1 by Ronda Hunt, Carey, for a one-year term. There is no opposition in Zones 2 and 3 where Glenn Oshima, Bellevue, and W. B. Mallory, Hatley, are the incumbents, respectively. Their terms will be for three and one years.

service station and grocery store in Carey and is Democratic-Dental Committee chairman.

Mr. Selma is completing his second term on the board and is in construction work. Mr. Mallory, who operates a bakery in Ketchum, has served about 10 years on the board.

Mrs. Kneeland, wife of George Kneeland, Ketchum attorney, is the first woman to seek election to the board. She and Mr. Coles, special security agent at Sun Valley, are vying for the newly created trustee post.

Mr. Asher, the owner of the water company and cable television service in Ketchum, is completing his first year as trustee. Mr. Odrmark is a ski instructor during the winter and enters private business during the summer.

DICK BENNETT

GREG NICHOLAS

BILL PARTIN

They have been named to represent Hagerman High School at Boys' State in June. They are the sons of Mr. and Mrs. Jim Bennett, Mr. and Mrs. Don Nicholas and Mr. and Mrs. Bill Partin. Alternates are Ron Carter and Wade May. They are sponsored by the Owsley American Legion Post, No. 31, assisted by the local Lions Club.

With 105 miles of shoreline and 5500+ acreage, Lake McConaughy is Nebraska's largest reservoir.

Circus Is Theme Of Pack Meet

WENDELL — Circus fun was the theme of the Cub Scout Pack 95 meeting at the United Presbyterian church.

Den 1 sponsored a penny throw, Den 2 operated a booth and the Webelos group had a dart throw. Prizes given by each group included five pounds of bonded and breaded trout.

Tom Coleman, a recent Eagle Scout, was a special guest. It was reported the pack received \$33 from the sale of tickets to the Scout-O-Rama.

Jimmy Petersen received his bear badge and Webelos awards went to Curtis Eaton, Mike Blitzer, Doug Plant, Clint Burch, Jim Beeson, Ron Mowery and John Howie.

Mr. Purdy, who is completing his first term on the board, is a rancher. Mr. Hunt operates a

Ex-Marine Speaks At Banquet

RICHFIELD — Alfred Whitby, former Marine, was guest speaker at the Richfield high school Junior-Senior banquet at the Depot Grill, Twin Falls.

He spoke on the importance of desire as contributing to living a successful life. Supt. Neil Andreason was master of ceremonies.

John Lezamis, senior class president, read the class will, and Mark Dixon, junior class president, read the class prophecy.

The banquet was attended by 22 seniors, 14 juniors, faculty members and their wives or husbands, and Mr. and Mrs. Whitby.

Forsehler, Heyburn: Thomas Equillor, Paul; George Thomas, Rupert; Walter Reno, Paul; Modesto Yazarra, Burley; all \$5. Fined \$10 were Ronald Smith, Burley; W. H. Moller, Rupert; and Bert Holland, Burley.

CASSIA COUNTY
Burley Police Court
Jonathan Ray Bateman, 18, Heyburn, \$50, destruction of private property; Walt Baul, 62, Burley, forfeited \$50 bond, intoxication; Ray Hunter, 37, equipment, \$10; Georgia Hess, Rogers, 36, Bernid, Minn., \$25 each, intoxication; Johnnie Dirickson, Jr., 18, Burley, \$50 forfeited, disturbing the peace; and seven Rogers, 36, Bernid, Minn., \$25 each, intoxication; Johnnie Dirickson, Jr., Burley, \$50 forfeited, disturbing the peace; Maurice, Acequia; Henry Carl peace.

Minidoka Trustees Facing Opposition

RUPERT — Both incumbents on the Minidoka county school board face opposition in Tuesday's trustee election.

Dale Garner is opposed in Zone 4 by Nile Mariele, bank official, and Russell Jacobsen, grocery store owner. In Zone 1,

Leo Moore, incumbent, is vying with Ross Corless, Simplot Co. employee.

Polls will be open from noon to 8 p. m. at Washington Junior High School in Zone 4 which includes everyone residing in the Rupert city limits, and in two locations for Zone 1. They are at the Alton-Hastlam residence, 1301 W. 300 S., on the Unit-A project in Jerome county, and at the Heyburn Junior High School.

Valley Traffic Courts

Barry A. Troutman, 16, Burley, was fined \$25 by Burley Police Judge Roland E. Willis for failure to drive reasonably and prudently.

Rick K. Christian, 17, 1519 Normal Ave., Burley, was fined \$15 by Judge Willis for stop light violation.

Kim O. Thompson, 19, 1231 Tenth Ave. E., Twin Falls, was fined \$23 by Judge Willis for speeding.

Lawrence Cooper, 71, Heyburn forfeited a \$15 bond in Burley Police Court for no driver's license.

James V. Gurnes, 42, Payette, forfeited \$30 in Burley Police Court for a basic rule violation.

James E. Herbert, 16, Burley, was fined \$66 by Judge Willis for speeding.

Clifton L. Taylor, 37, Route 3, Rupert, was fined \$18 by Judge Willis for traffic light violation.

Keneth Craven, 26, Paul, was fined \$35 by Judge Willis for being intoxicated in an auto.

Bill D. Murphy, 31, 2740 Hilland Ave., Burley, was fined \$20 by Judge Willis for following too closely.

Jimmy L. Squires, 33, Burley, was fined \$25 by Judge Willis for failure to yield the right of way.

Henry Keebe, 37, Burley, was fined \$35 by Judge Willis for being intoxicated in an auto.

Lamar E. Dilworth, 18, 3900 Normal Ave., Burley, was fined \$20 by Judge Willis for failure to signal before changing traffic lanes.

Only persons residing in each zone may vote, but they need not be taxpayers, only meet general elector qualifications. Anyone wishing to cast an absentee ballot may contact the Central School office in Rupert.

Mr. Garner, 48, who is completing his first term as trustee in Zone 4, operates the Garner Flying Service here. He is a former state representative and has received the Rupert Jaycee Distinguished Service award.

Mr. Mariele, 29, also has received the DSA honor and is treasurer of the county heart fund. He works at the Idaho First National Bank, Rupert.

Mr. Jacobsen, 55, has operated Russell Service Grocery here for several years. Active in the IOOF Lodge, of which he is a past noble grand, FFA and Desert Art Guild, he also has received the Jaycee DSA.

Mr. Moore, 41, who farms in the Emerson district, has served six years from Zone 1. A former Idaho Farm Bureau director, he is Sunday school superintendent for the Zion Lutheran church, Burley, and also is a certified referee.

Mr. Corless, 44, has been with the Simplot firm the past 24 years. He is a former school trustee, former Heyburn councilman and currently is Minidoka District Scouting chairman. He is vice president of the Burley Kiwanis Club.

Ceremony Plagued

MADISON, N.J. (UPI)—Draw University officials are trying to decide whether they dare to hold graduation ceremonies outdoors on the tree-shaded campus. An invasion of cecidias forced everyone to take shelter in the gymnasium during the ceremonies in 1962 and this year the college's zoology department warned there might be a plague of locusts.

Blacker 50 YEARS OF PIONEERS

MOTHER OR NOT YOU DESERVE SOMETHING SPECIAL FOR MOTHER'S DAY

So we're going to help you get it.

We think it's time your husband got the facts on Amana's Radarange. For instance, he should know that an Amana Radarange microwave oven offers more than just baked potatoes in 4 minutes. Or your breakfast bacon in a minute-and-a-half.

So we've designed a little something for you (to get a little something for the both of you): the Husband Persuader Kit. It's packed with 10 delightful (and colorful) hints to help you get your Radarange for Mother's Day. Like stickers for the bathroom mirror. Placemats. Napkins. Oven stickers. Shower hangers, and a lot more. They're all to help you cook faster, cooler, more efficiently and better than you've ever cooked before.

So this Mother's Day, make it an extra special Mother's Day. Just take a minute now and drop by for your Husband Persuader Kit. It's yours free. And, if you like, we'll even bake a potato for you in our persuader kit—the Amana Radarange. Not exactly hard sell, mind you, but it gets the point across.

Shoshone Eyes Firemen's Cost

SHOSHONE — A study will be made of Shoshone's volunteer fire department by Councilman Frank Carothers, following discussion at Tuesday night's council meeting.

Defense Supplies Vandalized

RUPERT — Minidoka County Sheriff's officers do not feel the vandalizing of the county's Civil Defense supplies has anything to do with anti-war protests and riots going on around the rest of the county.

California Man Hurt Near Deelo

HEVBURN — Harry Smith, 40 Alameda, Calif., was listed in fair condition at Magic Valley Memorial Hospital, Twin Falls, while Burley reported a truck accident about 3 a. m. today. He underwent surgery for a severe leg fracture following the accident.

Aides Named

DIETRICH — Mrs. Don Knowles and George Trenkle were elected co-presidents at the newly organized PTO. Roy Hubert will serve as vice president and Mrs. Earl Hutchison for secretary-treasurer.

Jerome Library Has Display Of Paintings And Pottery

JEROME — An exhibit of paintings and creative functional pottery is now on display at the Jerome Civic Club Library in Jerome.

Thrill

FILER — A special thrill for Laura Vincent, Twin Falls' "dancer-dancer" was receiving a huge bouquet of red roses when she arrived in Mobile, Ala. The flowers were a gift from the Filer Kiwanis Club.

Arrests Woman, 19, Killed As Car Hits Pole

JEROME — A 19-year-old Jerome woman, Mrs. Robert (Vick) Hutchison, 401 Tenth Ave. E., was killed in a one-car accident early today, on West Main Street when her car hit a telephone pole.

Mrs. Hutchison was pronounced dead on arrival at St. Benedict's Hospital. Jerome Police Chief C. O. Pubney said the victim was alone in her car, and apparently traveling at a high rate of speed. A witness said she had passed him moments before the accident. She apparently struck the railroad tracks in such a manner that the car was thrown out of control, hitting the pole.

The force of the collision sheared the pole completely in two and yanked the base of the pole out of the ground, Chief Pubney said. The accident cut telephone service for over half of Jerome, and Mountain Bell crews worked throughout the morning to restore service.

The street was icy from an early-morning snowstorm. The accident was reported to police at 8:30 a. m.

Police were seeking Mrs. Hutchison's husband, who is believed to be in the armed forces, on active duty.

The body was taken to the Hope Funeral Chapel. Funeral services will be announced.

This is the fourth traffic fatality in Jerome County this year, the third having occurred

Russell Larsen To Seek County Post

Russell C. (Bud) Larsen, Kimberley and Hansen area rancher and former Twin Falls County commissioner, filed nominating petitions Wednesday afternoon to seek the Democratic nomination as county commissioner from the third district.

Mr. Larsen who is currently recuperating from a tractor accident which hospitalized him for several weeks, said his decision to seek county office was prompted by urging from friends and associates and his continuing interest in county government.

Mr. Larsen served as county commissioner for four years beginning with his election in 1958. Two years of this time he served as chairman of the board. As of Wednesday he was the only candidate to file for the third district commissioner post although incumbent Heber Loughmiller, a Republican, has announced he will seek reelection.

A native of Twin Falls County, Mr. Larsen was born in the Rock Creek area where his grandparents and both his mother's and father's side came as pioneers in 1876. Mr. Larsen graduated from local schools and attended what is now Idaho State University, Pocatello, for two years.

He has been active in farming and livestock industries throughout his life, having served as president of the Salmon River Cattlemen's Association and Western Area and resulted from a low system moving in from Nevada as most of the winter storms have done.

Precipitation in the form of rain and snow totaled 13.4 in Twin Falls but only .04 in Kimberley. A trace of precipitation was reported in most of the winter storms.

In Halley, rain fell during most of the night and some snow and rain fell further to the north.

Weather officials said temperatures were in the mid-30's ranging from 32 in Jerome to 36 and 37 in Twin Falls and Burley which falls a few degrees short of normal for low readings this time of year.

Unlicensed Dogs Get Attention

RICHFIELD — Crack-down on unlicensed dogs was ordered continued by the Richfield city board at the May meeting. Mayor Clifford Ward was present after several months illness.

Lester Johnson, city marshal, was told to issue citations if residents did not purchase licenses for dogs being harbored. Johnson reported destroying two unlicensed dogs. Citizens are reminded again that the city will pay half the costs for removal of trees on city property at the request of persons whose property is affected by the trees.

Fairfield Gets Funds For School

FAIRFIELD — U. S. Congressman Orval Hansen (R. Idaho) has advised Fairfield school officials the Department of Health, Education and Welfare has certified immediate payment of \$2,883 to the Camas County School District.

Thrill

FILER — A special thrill for Laura Vincent, Twin Falls' "dancer-dancer" was receiving a huge bouquet of red roses when she arrived in Mobile, Ala. The flowers were a gift from the Filer Kiwanis Club.

Marriage Plans Are Announced

Official Visit Made For Ketchum Theta Rho Girls

KETCHUM — Mrs. Helen Jacobson, Welpe, member of the board of the joint jurisdictional youth committee of the Independent Order of Odd Fellows, made her official visit to the Ketchum Theta Rho Girls Club May 7 recently.

She was accompanied by Mrs. Nellie Swarthout, Kootenai, chaplain of the Rebekah Assembly of Idaho.

A Salad Bar was served at 6 p.m. The girls each brought a salad and prepared and served meat balls, coffee and punch. Mrs. Vera Housel made and decorated a very special cake for the club, featuring the club emblem, the Bluebird. The tables were decorated with nests of excelsior sprayed gold.

Sparkling blue birds were perched on each nest filled with candy eggs.

Esther Goldberg, worthy president, escorted her mother and Mrs. Jacobson to the serving table.

During the meeting, all members participated in a program, "The Blue Bird Tree of Happiness," and Esther Goldberg presented Mrs.

Jacobson a gift from the tree. In Mrs. Jacobson's address, she told the girls some of the rules and regulations, also the goals of State President Jennifer Gross and spoke of being an "American" in the "American way."

Mrs. Bill Smith was presented a corsage, in thanks for the many hours of service she has given as musician for the club.

Plans were made to help in the county-wide clean-up program. The girls will meet at the IOOF Hall Friday at 3 p.m. and go to an area north of Ketchum to clear litter from the sides of Highway 93. After the clean-up, they will go on a swimming party and wiener roast.

In buying beef, allow one pound per serving of boneless cuts such as round steak, ground beef, stew meat and rolled roasts; 1-3 to 1/2 pound per serving for beef with an average amount of bone, such as bone-in roasts and steaks, and 1/2 to 1 pound per serving for cuts with more bone, such as short ribs.

Booming Wig Business To Exceed \$1 Billion

NEW YORK (UPI)—Mrs. American housewife, after a 18-hour day of child corralling, housecleaning, and shopping, looks in the mirror at her tangle of hair and at the clock which shows she has 30 minutes to get ready for her, much deserved evening out.

Does she panic? Of course not—she slips on a beautifully coiffed natural looking synthetic wig, tucks a stray strand of her own hair under it and goes out in a blaze of crowning glory.

Her husband, whose pate is as clean and shiny as a polished golf club, slips on a pair of slippers, slips on and feels and looks 10 years younger.

"These are some of the 'new' people who are making the world of wiggy a booming multimillion dollar business that's expected to reach close to \$1 billion in sales this year."

A study by wig manufacturers Reid-Meredith, Inc., reported total industry volume of \$610 million last year, up from \$30 million in 1960. The survey showed the boom beginning around 1963 when retail sales jumped to \$150 million from \$50 million the year before.

"And the surface has not even been scratched," said wig designer-manufacturer Jerome Alexander, whose company (Jerrax Imports, Inc.) reported a \$2 million volume its first year (1968); \$7 million in 1969; and Alexander estimated a volume well over \$20 million this year.

"Human hair," he said, "is dead."

Industry spokesmen agree this boom of the '70s results from the increasing appeal and acceptance of the improved synthetics with their better

quality and mass produced prices.

The new wigs are made of modacrylic (modified acrylic) fibers — either U. S. produced *dynel* or *kanealon*, a Japanese fiber. The basic difference between the two fibers is denier or thickness. Dynel is 40 denier and kanealon about 50, both within the texture range of real hair.

The wigs generally retail between \$25 and \$60, depending on whether they are machine or hand-made, with the latter more expensive. Most offer at least three style variations in some 20 naturally blended shades and the industry reported that most women in selecting a wig, choose a shade slightly lighter than their own hair.

Because of the overall advantages and price appeal of the modacrylics, most industry spokesmen feel that human hair wigs are on their way out. One factor: It's scarce and expensive.

Reid-Meredith's survey found 80 per cent of the wigs sold in 1967 were human hair and only 20 per cent fiber, but with the rapid improvement of fiber, by 1983 human hair had dropped to 60 per cent.

Magic Valley Favorites

MRS. PERRY RAY WOLFE
543 7th Ave. W., Gooding

BARBECUED FRANKUR.
2 tablespoons butter or margarine
1/4 cup chopped onion
1 tablespoon flour
1 tablespoon brown sugar
1 1/2 cups tomato juice
2 tablespoons catsup
1 teaspoon lemon juice
1 teaspoon prepared mustard
4 or 5 frankfurters
2 ounces American cheese, cut into 12 strips about 1/4 inches long

Melt margarine or butter in saucepan. Add onion and brown sugar. Add tomato juice, catsup, lemon juice and mustard. Cook until thickened, stirring constantly. Reduce heat and simmer for 10 minutes.

While barbecue sauce is simmering, cook macaroni in

boiling salted water for five minutes. Drain.

Spread in bottom of a greased 8-inch square baking dish. Pour one cup barbecue sauce over the macaroni and mix lightly. Make three diagonal slashes in each frankfurter and fill with strips of cheese. Arrange on top of macaroni mixture and bake in a moderate oven, 350 degrees, for 15 minutes.

Four remaining sauce over frankfurters and bake 10 minutes longer. Makes four to five servings.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

the engagement and forthcoming marriage of their daughter, Kathryn, to Thomas H. Norman, son of Mr. and Mrs. Richard Norman, Pocatello.

Miss Magaw is a graduate of Twin Falls High School and attended the College of Southern Idaho and Idaho State University. She is affiliated with Alpha Omicron Pi.

She spent two years in the national social sorority, the Beta Sigma in British Honduras, Central America. She is studying for her masters degree at Idaho State University.

Mrs. Norman is a graduate of Pocatello High School and the University of Washington. He is currently employed as a design engineer for FMC Corporation in Pocatello.

An early June wedding is planned at the First Christian Church, Twin Falls.

Mr. and Mrs. Ken Reid, Twin Falls, announce the forthcoming marriage of their daughter, Janice, to Gary Kohler, son of Mr. and Mrs. G. E. Kohler, Tacoma, Wash.

Miss Reid is a graduate of Twin Falls High School and a recipient of a B. S. degree in mathematics education from Idaho State University in 1968.

She spent two years in the Beta Sigma in British Honduras, Central America. She is studying for her masters degree at Idaho State University.

Mrs. Kohler is a graduate of the University of Washington in city planning. He also served two years in the Peace Corps in British Honduras, where they were co-workers. He is presently employed by the Department of City Planning, King County, State of Washington.

The couple plan to reside in Seattle.

Mrs. Joyce Harding, Piler, announces the engagement and forthcoming marriage of her daughter, Judith, to William Marshall Brower, son of Mr. and Mrs. E. Foustain, C. Brower, Twin Falls. Miss Harding is the daughter of the late Mr. Gerald Harding, Piler.

A May 31 wedding is planned at the Twin Falls Episcopal Church.

Miss Harding was graduated from Ellar High School in 1965 and from the University of Idaho with the class of 1970.

Mr. Brower is a 1964 graduate of Twin Falls High School and attending college for three years. He recently finished a tour of duty with the Army and will enter Idaho State University this summer.

BUHL — Mr. and Mrs. William Stahlman, Buhl, announce the engagement of their daughter, Janice, to George Harvey, son of Mr. and Mrs. George Harvey, Buhl, former Buhl residents.

Miss Stahlman is a sophomore at the University of Idaho, majoring in home economics. She is affiliated with Alpha-Gamma-Delta.

Mr. Harvey, a student at the University of Idaho, is majoring in chemistry and is affiliated with Lambda Chi Alpha Fraternity.

An August wedding is planned.

Students Plan Fashion Show

WENDELL — "Space-Age Fashions" is the theme for the annual style revue to be presented by members of Mrs. Hazel Lawton's home economics classes in the high school gymnasium Friday at 8 p.m.

Mrs. Lawton stated members will carry out the space motif with special decorations. Entertainment will consist of musical numbers during the intervals between the divisions.

There are 75 girls taking part in the show members with Division No. 1 to model skirts

and blouses as well as dresses. Girls in Division No. 1, child care classes, will arrange for their models to show children's clothes that have been made during the course.

Home Economic III girls will model an array of sport clothes including the newest in pants suits.

Members from the advanced classes will style woolens and garments from other winter fabrics.

All friends and relatives of class members and interested members of the community are invited.

Social Events

The Haus Frau Club will hold its regular monthly meeting at 8 p.m. Wednesday at the Y.M.-Y.W.C.A. building. All interested persons are welcome to attend.

A Membership Tea to introduce interested women to the American Association of University Women will be held at 1:30 p.m. Saturday at the Y.M.-Y.W.C.A. All interested persons, as well as AAUW members, are invited to attend. Further information concerning the tea can be obtained by calling 733-0962 or 733-7778.

MIA — The Mia Maid class of the LDS MIA will hold a cooked food sale and car wash beginning at 10 a.m. Saturday at Owsley's Market. The car wash will be held across the street from Owsley's Market. Mother's Day cakes will be a specialty.

The Amoma Class of the First Baptist Church will meet at 8 p.m. Monday in the church parlors.

An old time dance will be held from 8 p.m. to midnight Saturday at the Twin Falls Moose Hall for Moose members and their guests. A lunch will be served.

DEAR ABBY: Our son, a very handsome and charming young man left a lovely wife and three small children for another woman. He took this woman away from her husband, a very fine fellow (worthy) man who's now considered one of the most eligible bachelors in Texas.

Even though we love our son, we feel some guilt about having raised him to be a very spoiled and selfish person. He is also no good, as now he has been seeing other girls every chance he gets.

We wonder if we shouldn't tell his second wife that our son will probably leave her for another woman, and perhaps it's not too late for her to try to get her "ex" back. They had a wonderful marriage before our son came on the scene and broke it up. Please advise.

DEAR MOM: When a woman leaves a "fine" husband for a man who has left a lovely wife and three small children, she knows what kind of husband she's getting. Don't meddle, Mom.

DEAR ABBY: Is it possible to love a man and hate him at the same time? I think so. You see, Abby, my husband is really two different people.

He never goes out without me. He is very affectionate, and I couldn't ask for a better father for my children. He always compliments me on my looks and my cooking, and he never forgets to say "I love you" at the right times. So what's my problem? He hits me. He expects me to do whatever he says without asking any questions, and if I ask, he hits me. Then he says the next time I will obey him without asking any questions. After he's thru beating on me, he kisses me and says, "Now, let's forget it."

Abby, I can't forget it. I love him. Please help me. Thanks for listening. I feel better already.

HEART (AND NOSE) BROKEN
DEAR BROKEN: His instant mood changes and irrational behavior could be a symptom of an emotional disturbance. If you love him, you will insist that he get professional help. Otherwise, prepare to have your bridgework rearranged periodically.

DEAR ABBY: My husband and I are the parents of an only child, and we are a very happy family. For years we have been annoyed by people who ask us why we have only one child. Then they proceed to tell us how "unfair it is to raise a child alone," blah, blah, blah. We hardly even know some of these people. Are they too stupid to realize that there is usually a good reason why a couple has only one child? Ours happens to be a personal one which we don't care to share with the world.

It is cruel for anyone to say to an only child who is too young to understand, "Tell Mommy and Daddy to get you a baby brother or sister."

I know that your column is widely read, so please tell these so-called, well-meaning people to keep their advice to themselves and to keep their big mouths shut!

HAD ENOUGH ADVICE
CONFIDENTIAL TO "LOVE THAT GIRL" IN CHARLESTON, W. Va. Quit using "telepathy" and use the telephone!

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply, enclose stamped, addressed envelope.

Girl Chosen

BURLEY—Kathryne Barry, daughter of Mr. and Mrs. David E. Barry, Burley, has been selected to receive one of 15 scholarships in the state for superior high school juniors and will participate in the Honors Program at Idaho State University this summer.

No-Generation Gap In Country Music World

NEW YORK (UPI)—There is no generation gap in the seemingly endless age of country and western music. Hank Locklin has been a leading 60s singer for many years while Danny Davis and The Nashville Brass are comparatively new arrivals on the Tennessee scene. Yet they work together nicely.

On "Hank Locklin Danny Davis" (RCA Victor LSP-4218), the country music fan is treated to a fine blending of the old and new.

The Nashville Brass, favorites of radio disc jockeys around the country, give a jazzy background for Locklin's nasal twang of "Melody of Love," "Please Help Me, I'm Falling," "Blue Moon of Kentucky" and eight other numbers.

And Locklin's carefree singing seems to relax the Nashville Brass. It's an interesting session.

Waylon Jennings, one of the most popular country-folk singers, has chosen a variety of compositions for "Don't Think Twice" (A&M SP 4238), ranging from Bob Dylan to Alex North. Two Dylan tunes—the album little song and "I Don't Believe You," and such non-country numbers as "Kisses Sweeter Than Wine" and "Unchained Melody" are highlights.

The Acapulco Marimbas make an auspicious recording debut with "Marimba Echoes from South of the Border" (London PS 567). Marimbas numbers from the Broadway

dominate the melodies but trumpets add spice to the Latin flavor. Numbers include "Granada," "Quantanamera," "Maria Elena," "Spanish Eyes" and "La Golondrina."

Selected Singles—"Oh Happy Day" by Glen Campbell (Capitol P-2787), "Viva Tirado" by El Chicano (Kapp K-2085), "Sunshine" by Mickey Newbury (Mercury 73038), "Govinda" by Radha Krishna Temple (Apple country numbers as "Kisses Sweeter Than Wine" and "Unchained Melody" are highlights.

Tape Deck—Eight track cartridge "101 Strings Play Lerner and Loewe" (Audio Spectrum ES604), an Ampex tape release, is a good selection of

GRADUATE FROM RICKS WENDELL—Joe Roberts, Jean Irene Looali and Beverly Petersen, all Wendell, have been listed among the 877 graduates from Ricks College, Rexburg, at the May 7 commencement services.

Five Men Seeking Posts At Wendell

WENDELL — Five men are contending for the two trustee posts to be filled in Wendell's election at the Wendell High School.

Lavar Petersen, incumbent in Zone 4, is opposed by Ben Kober, farmer and real estate salesman. Three candidates are vying for the Zone 2 vacancy: Lloyd Little, bookkeeper; Ray McCord, farmer and Robert Smith, who is in charge of the Hagerman field station for the Western Fish and Nutrition laboratory at Hagerman.

Mr. Petersen, who has farmed in this area the past 18 years, is seeking his second term. He belongs to the Horseless Carriage Club.

Mr. Kober, who has lived here the past six years, belongs to

the Lutheran church, American Legion, Lions Club and Wendell Booster Club.

Mr. Little, who lists his employment as a bookkeeper and farmer, has lived in Wendell the past 15 years. Mr. McCord, a Wendell resident since 1948, belongs to the IOOF Lodge and Gooding County-NFO. He is a seed corn dealer and farmer.

Mr. Smith, who has a master's degree in animal nutrition, has been employed by the Department of Interior Research Branch the past 15 years. He belongs to the Research Society of America and the American Society of Animal Science.

Track Meet Set Friday At Wendell

WENDELL — Arlin Dennis, principal, reports the Wendell Elementary School annual track meet will be held at 1 p.m. Friday.

The fourth, fifth and sixth grade events will be held at the high school football field. First, second and third grade competition will be held at the playground east of the Elementary school.

Ribbons will be presented to the top three winners in each event. The names of top winners, both boy and girl from the fifth and sixth grades will be engraved on a plaque which is on display at the school.

Parents and friends are invited to attend.

Wendell Seniors Participate In Music Club Essay Contest

WENDELL — Bill Eaton and Julie Hansen, seniors at the Wendell high school, have submitted essays in the contest recently sponsored by the National Federation of Music Clubs. They were presented certificates of recognition by Mrs. Robert Bruce, Jerome, chairman of Music Week activities for this area at the Music Week Kick-off Concert which was held at Jerome High School.

A sextette from the Wendell Jr. High music classes under the direction and accompanied by Delores Lovett, Wendell, music

instructor, presented musical selections. Representing the Wendell area were Pam Klimes, Brenda McDowell, Joy Askew, Patty Johnson, Lana Suckman, and Leslie Isaacs.

Antlers cast off annually by deer are usually eaten by rodents to satisfy their craving for calcium and other minerals.

COLLEGE OF SOUTHERN Idaho has another national first place award in its trophy case thanks to George T. Rogers, Burley. The sophomore Distributive Education major received first place in management decision making, human relations division, during the Distributive Education Clubs of America annual convention in Minneapolis, Minn. From left are Robert Becker, instructor; Mr. Rogers, and Allen Wilson, instructor.

Also competing was Douglas E. Greene of Rupert. His management is the study of merchandising, marketing, buying and personnel directing, aimed at future employment in middle-management positions in businesses. Most of the dozen students in the CSI program this year have classroom study for half a day and work on the job half a day in local businesses attuned to their occupational objectives.

War Asked on Pigeons That Besmirch London

LONDON (UPI)—A member of parliament wants British soldiers to shoot the pigeons which besmirch the face of London.

"I live in Westminster, where pigeons create an enormous nuisance and foul all the government buildings," Douglas Dodds-Parker told the House of Commons recently. The Conservative party member asked Defense Minister Denis Healey if he would authorize military units stationed in London to organize pigeon shoots.

"I see no reason why the soldiers should not be given shotguns or arms to pick off these pigeons," Dodds-Parker said. Healey promised an answer at a later date. The appeal to bring soldiers

into the antipigeon campaign came amid new efforts to dislodge the controversial birds from perches around their most famous London stopping spot, Trafalgar Square.

Put Down Plastic
Workmen using a fire engine's 100-foot ladder climbed to the ledges of several buildings around the square and put down strips of a soft plastic substance that rights under the feet of an alighting bird, making it feel insecure. The birds are supposed to seek a firmer perch elsewhere.

The National Gallery and St. Martin-in-the-Fields Church already have been so treated.

Left to its own resources, however, is the column of Lord Nelson. The head of the one-eyed hero of the battle of

Trafalgar remains a favorite pigeon perch.

The pigeon's life in London is not always a happy one. Buildings have been decked with spiky metal strips, nylon rollers, electric wires, ammonia sprays and recorded noises.

Use Human Scarecrows

There have even been human scarecrows—men who stayed awake all night on rooftops to frighten the pigeons away.

Still, an estimated 15 million pigeons thrive throughout Britain. The number in London is anybody's guess. "I haven't the foggiest idea," a Ministry of Public Works spokesman said. The Royal Society for the Prevention of Cruelty to Animals says "We don't think pigeons cause all the damage for which they're blamed.

"Too many officials talk too easily about pigeons polluting the streets. So do cars, but nobody says he should shoot all the drivers."

Motorized Kisses

Carry High Price

GUILFORD, England (UPI)—Anthony Lee, 19, gave his girlfriend, Susan Faulkner, 18, two five-second kisses. Each cost him five pounds (\$12).

Anthony and Susan kissed as he was driving along a country road at 35 miles an hour and each time they kissed the car swerved across the road, a policeman told the court. Anthony was fined 10 pounds for careless driving.

Today's Market And Financial Report

Stocks

NEW YORK (UPI)—The stock market was firm Thursday, but below early levels as the day passed the half-way mark.

Turnover was moderate. Among the day's most active issues were International Telephone down around 1 1/2 on 22.5 million shares, Amoco down 1/4 on 10.7 million shares, and Fairchild Camera up 1/4 on 14,100 shares.

Memorex gained 4 1/2 in heavy turnover, while last active Corning Glass, Avon Products, Westinghouse, Ford and Burroughs rose a point or so each.

Also moving more than a point on the upside were Texas Instruments 2 1/2 higher, National Cash Register 1/4, and Polaris however, lost 1 1/2.

Shortly before 1:30 p.m. the UPI market indicator showed a gain of 0.56 per cent on 1,495 issues crossing the tape. Of these, 751 advanced and 434 declined.

The Dow Jones industrial average of 30 selected blue-chip stocks was up 1 1/2 at 720.10.

A three-hour turnover of \$3,000 million shares compared with \$2,000 million at a comparable period Wednesday.

NEW YORK (UPI)—Selected stocks on the New York Stock Exchange were up or down as follows last week:

Mutual Funds Successful Investing

NEW YORK (UPI)—Success in investing... **By ROGER E. SPEAR**

Q—I am interested in an investment to be held 10 years for growth. I have \$3,000 to invest. What stock would you recommend? **A—**Avon Products, largest manufacturer of cosmetics and toiletries, is also the foremost door-to-door retailer of such products. Sales have grown at a compounded annual rate of about 10 per cent in the last decade. While this rate is expected to drop to 10 per cent in this country, foreign operations are growing at a 20 per cent-plus rate annually. In 1969, the International Division accounted for 29 per cent of consolidated sales and 24 per cent of earnings.

Q—I would like information on Western Nuclear. Do you think it is a good buy for long or short-term growth? It's been selling at a low price. **A—**Western Nuclear is engaged primarily in the exploration, development and operation of uranium properties. The company also operates three sulfuric acid plants in Wyoming. In July 1969, WNU's principal customer was the Atomic Energy Commission. Now the company is "concentrating" in commercial customers. Due to several unforeseen mining problems, WNU incurred a net operating loss of \$161,234 or 15 cents per share for fiscal 1969 (ended June 30). While major problems have been resolved, the drop in the short-term price for uranium coupled with higher mining and development costs may squeeze 1970 margins.

Q—Spear welcomes questions for use in his column but cannot answer all mail personally. **Spot Metals** **NEW YORK (UPI)**—Metal prices: Aluminum, primary, 99 per cent plus, pure 30 lb. ingots 29.00 c/lb. Antimony, domestic, 99 1/2 per cent, f.o.b. Laredo, Tex. bulk 17.00 c/lb. Copper, electrolytic, delivered U.S. 60.00-60.25 c/lb; lake 60.00 c/lb. Lead, common, N.Y. 16.50 c/lb.; St. Louis 16.30 c/lb. Manganese, 99.9 per cent pure, boxed regular 31.25 c/lb. Nickel, electrolytic cathodes, f.o.b. Port Colborne, Ont. 120.00 c/lb. Platinum, spot, 99.1 fine 139.00-135 c/lb. NORTHAMPTON, Mass.—Julie Ailing, daughter of President Nixon's younger daughter, was admitted to Cooley Dickinson Hospital Tuesday night with a broken collarbone.

Bendelson and Glitte

therapists are having a hard time solving problems requiring primarily political solutions.

CHANGING NARRATIVE

Liberty Island, the island on which the Statue of Liberty stands, was called "Liberty Island" in 1906, when President Roosevelt proved a resolution of Congress changing the name.

Public health authorities, insurance companies, labor unions and some large corporations are showing an interest in the Autochemist and other sophisticated automated medical systems as well as the hospitals and doctors.

They see in the automated systems a great saving in costs and time as well as a tremendous boon to preventive medicine. Extra tests could be made routine at a cost of pennies. They could uncover symptoms that would go undetected under the traditional procedure until some doctor becomes suspicious enough to order the specific separate tests.

The uniform accuracy of the computerized laboratory systems also appeals tremendously to the doctors and hospital administrators.

Panel To Discuss Youth Problems Here

SHERIFF PAUL BRIGHT

Sam Smith, state director of the Juvenile Division, Department of Law Enforcement, and Ada County Sheriff Paul Bright will be featured guests at a panel discussion on "Youth and Its Community" Saturday noon at the Rogerson Hotel.

Mr. Smith, who has served as director of the Juvenile Court, Corvallis, Ore., and as assistant superintendent of a boys' correctional institution in Oregon, will lead the discussion. Mr. Smith has been responsible for the "multi-discipline" handling of juvenile problems. Panel members will include Ada County Sheriff Paul Bright; Dick Hughes, a Twin Falls High School student; Dr. Franklin Cooke, professor of English at the College of Idaho, Caldwell; Jim Rich, a student

at the College of Southern Idaho; Larry Burman, psychologist for the Mental Health Department, state Division of Mental Health, and Golden R. Bennett, Twin Falls attorney, who will serve as moderator. Larry Mack, president of the Twin Falls Mental Health Association, said of the discussion, "These are community problems which will not be solved until the entire community — parents, youth, schools, churches, agencies, law enforcement people, and businessmen — join together to

cooperate in dealing with the situation and possible answers to it." The luncheon is open to the public. Reservations may be made by calling Mr. Mack at 733-9351. The program and luncheon will begin at noon on Saturday in the Roundup Room at the Rogerson Hotel.

News Of Servicemen

Idaho Products Purchased By Woolworth Total \$834,892

Mr. and Mrs. Danny D. Larson have arrived home from Arlington, Va., this week. He is recently discharged from the Army. The couple will reside in the Shoshone area. He is the son of Mr. and Mrs. Sam Larson, Shoshone, and has been in the service for three years, one and a half years in Vietnam. Sgt. Duane Young, son of Mr. and Mrs. Glen Young, Shoshone, is now in Korea. A brother, Larry Young, has been in Korea with the Armed Forces for a year.

Idaho products purchased by the F. W. Woolworth Co. during 1969 totaled \$834,892, according to a report from the company's Pacific regional office. David E. Chesnut, regional vice president, said the products represented both large and small companies throughout the state, employing thousands of people in manufacturing and distribution. The total, however, does not include perishable foods and horticultural items, which are purchased at the local level, Mr. Chesnut said.

The products purchased were all sold at Woolworth's four retail stores located in Idaho, and also in many of the 1,927 Woolworth stores throughout the United States and in Puerto Rico. Idaho purchases are expected to increase during 1970, because of Woolworth's continuing program of expansion and an anticipated increase in consumer spending. The deepest oil well drilled in Texas to Jan. 1, 1969—25,340 feet—was a dry hole.

Apollo 11 Exhibit To Visit Boise

BOISE — Apollo 11 is coming to Idaho — complete with a chunk of the moon. Not the crewmen — but the command module and a moon-rock sample, brought straight from the moon's surface by Americans — and mankind's first landing on the moon, will visit Boise May 15 through May 18.

A truck convoy, including preceding and following warning cars and the over-size, 14-foot-wide low-boy truck bearing the space capsule, is making a tour of all 50 state capitals. The convoy is furnished as a public service by the Heavy Specialized Carriers Conference of the American Trucking Association. In Idaho, the Idaho Motor Transport Association will cooperate in moving the rig through the state. The national Conference is made up of trucking companies that specialize in moving heavy, bulky aerospace and industrial commodities.

Drivers in each state whose trucking companies belong to the conference will convey the space capsule to their home state capital. The Apollo 11 display will be located in Boise at the south end of the Western Idaho Fairgrounds, near the recreation park. Both sides of the trailer will be open, with stairs at the front and rear to accommodate the public.

A crew of 50 members of the Idaho Motor Transport Association will serve as hosts, parking attendants and guides. State Police officers will also serve as escorts through the state.

The tractor-trailer combination carrying the Apollo 11 space capsule is 55 feet in length, 12½ feet high, and weighs in at 60,000 pounds gross. The convoy will be transported by ship to Hawaii and Alaska after its mainland tour.

Navy Recruiter Here Has No Waiting Period

The Navy is now taking applications for May, according to Chief Don Jennings, local recruiter.

He said there is no waiting period and anyone interested in electronics or nuclear power can be enlisted as E-3.

After completing the first school, enlistees in this category can be advanced to Third Class Petty Officer (E-4 pay grade) regardless of class standing.

The Navy also has a need for anyone qualified in swimming for UDT (frogman).

Men who have been out of the Navy for less than four years can now re-enlist for two years at their old pay grades.

The recruiting office is at 130 Second St. E. The office telephone number is 733-6322 and Chief Jennings' home telephone number is 733-0640.

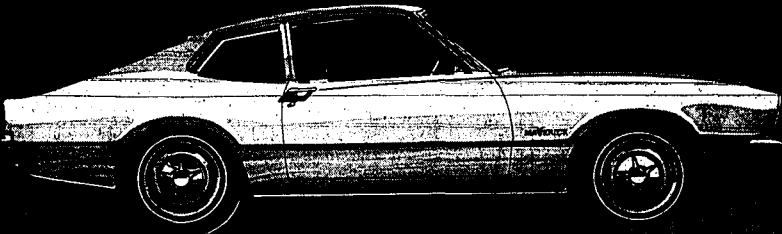

Credit Union Assets Rising

Credit unions in Idaho showed a 10.6 per cent increase in assets during 1969, reaching a new high of \$35,702,000, according to a year-end report from the National Credit Union Administration.

Ed W. Smith, regional director of the NCUA, said the 61,318 members in the 71 federally backed credit unions in Idaho recorded a total savings of \$30,826,000, while outstanding loans totaled \$30,106,000 at the end of the year.

Nationwide, 12,991 operating federal credit unions increased their assets by 12.9 per cent to a total of nearly \$7.8 billion.

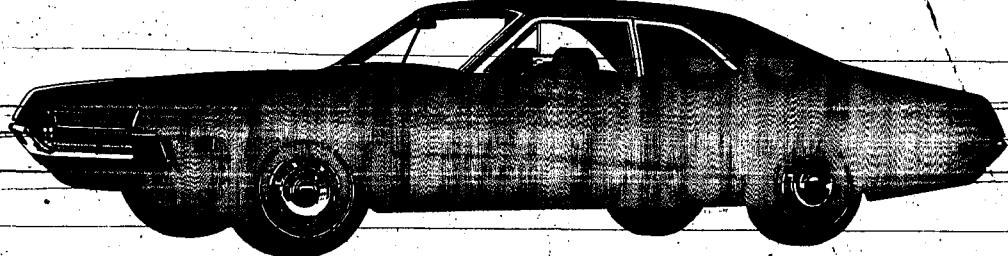

Shop the No.1 low-price dealer.

Maverick

America's best-selling small car because it's simple to drive, simple to park, simple to service, simple to repair, and still simple to own at its original low price. Saving is simple when you own a Maverick.

\$1995*

All-new Falcon

Lowest priced six-passenger 2-door sedan in America. Lower, wider, longer than ever. Smart styling and a lively, thrifty 250 CID Six.

\$2460*

Mustang

Still America's best-selling sporty car. Mustang gives you a sports car look without a sports car's high price tag. But Mustang, Maverick and Falcon are just the beginning of our economy now.

\$2721*

*Ford's suggested retail price for the car. White sidewall tires are not included; they are \$30.00 extra. Since transportation charges and state and local taxes vary, they are not included, nor is extra equipment that is specially required by state laws. Dealer preparation charges (if any) are not included in the \$1995 Maverick price.
