Weather Synopsis

Skies cleared over the Malheur Valley and Southwest Idaho yesterday, but remained partly cloudy to cloudy with some scattered showers over Southeast Idaho. Cloudiness lingered through the night from Magic Valley east, with most shower activity moving eastward into Wyoming.

Fair weather with slowly rising temperatures will begin in the Malheur and Southwest Idaho Valleys today and move slowly eastward Friday. Temperatures during afternoons will be mostly in the 50s in Eastern Idaho Valleys and the 60s in the Malheur Valley and lower valleys of Southwest Idaho.

The lows tonight will range from the low 30s, with areas of light frost in higher agricultural valleys, to the 40s at lower elevations.

The extended weather outlook indicates scattered showers and cool Saturday from Magic Valley east, while partly cloudy to fair prevails in Malheur Valley and Southwest Idaho. Improving weather in the east should become generally fair with a warming trend Sunday and Monday over all the district. Highs should reach 75-85 by Monday afternoon. Nighttime lows will be mostly in the 40s, rising to the 50s by Monday.

Having conditions will improve with increasing sunshine, rising temperatures and light winds through the weekend. Irrigation needs, while decreased temporarily due to recent showers and lower temperatures, again will increase with rising temperatures, and schedules should be watched. Good growing conditions for fruit, grain and row crops again will prevail. Afternoon soil temperatures have lowered to the 60s at the four-inch depth. Shallow soil temperatures should return to the low to mid 70s in lighter soils by the weekend.

The prospect of showers in the mountains will likely encourage some weekend fishermen, but improving weather by Sunday offers hope for the outdoor trip.

3 Juveniles Accused Of Break-In

Three juveniles who are believed to have been involved in the theft Sunday night of liquor from the Turf Club on Falls Avenue, were taken into custody Wednesday by Twin Falls City Police.

Detective Capt. Tim Qualls said two of the boys, ages 14 and 13, are believed to have been involved in the actual break-in, while the third, 15, allegedly helped in the transportation of the liquor.

He said all three boys have been released to their parents and said a number of other juveniles also are reported to have been involved in the transportation of the stolen whiskey.

The two younger boys allegedly broke a small window at the rear of the supper club and entered the building. They carried the bottles, an amount yet undetermined, from the scene in a trash can.

Capt. Qualls said through investigation of the local burglary, the theft of about \$60 from a purse at Don and Frank's Magic Resort at Magic Reservoir also was solved. There also was a fifth of vodka taken from the resort, it was reported.

STRIKE MAY END

BATH, Maine (UPI)—Negotiators reached agreement early Saturday on a contract proposal to be submitted to 2,000 striking shipbuilders at the Bath Iron Works.

Warren Kenney, acting president of the shipbuilders local, said the proposal probably would be voted on Sunday. The strike has idled the yard since April 27.

Kimberly Girl Hurt In Crash

KIMBERLY — A Kimberly girl is hospitalized and reported in good condition at Magic Valley Memorial Hospital with injuries she received in a two-car collision Wednesday night near Kimberly.

The girl, identified as Lanna Emerson, 15, was a passenger in a car driven by Kent Leroy Collins, 15, Kimberly. Linda Rountree, 15, Kimberly, and Vickie Singleton, 15, Kimberly, also were passengers in that vehicle, a 1966 Ford.

Driver of the other car was Stinson Terry Clontz, 16, Kimberly. Passengers in his vehicle were William Doug Reeves, 16, Kimberly, and Randy Stinger, 15, Kimberly.

Twin Falls County Sheriff's officers said the two vehicles left Kimberly together, traveling north at a high rate of speed. The 1966 Pontiac driven by Clontz stopped in the lane of traffic about three miles north of Kimberly. The other vehicle came over a gradual hill and slid, hitting the back of the Ford with its left side. The Ford was demolished in the accident, which occurred at 9:18 p.m.

There were other minor injuries among the youths involved in the accident, but Miss Emerson, who was taken to the hospital by ambulance, was the only one hospitalized.

Both drivers were issued citations for failure to observe the basic rule.

Based on the 1970 census, the dog population in Twin Falls is growing much faster than the number of people.

These rapidly increasing numbers of dogs are creating problems for city residents, the dog pound and dog catcher and for city administrators.

Pondering the city's dog problem, City Manager Jean Millar Thursday called on residents of the city and surrounding areas to assume more responsibility in handling the dogs they adopt as pets and the offspring of their pets.

In May, there were 208 dogs impounded in the city pound and most of these had to be destroyed as they were unclaimed and could not be given away.

Keith Saville, Twin Falls humane officer, said 76 dog pickups thus far this month indicate this will be another record month. The 206 figure for May compared with 162 in January, 121 in February, 120 in March and 122 in April. There are only 10 cages in the city pound, and these are often more than filled. At one time, Mr. Saville said, there were 30 stray and abandoned dogs at the pound.

Mr. Millar said residents who own dogs should become familiar with the city's leash law and should make certain their pets are licensed and are maintained so as not to create a neighborhood nuisance.

Many instances, he said, have occurred this spring in which persons living in other towns or in rural areas have brought dogs to the city and abandoned them or have asked they be destroyed at the pound.

Dogs brought to the pound will be destroyed at a nominal fee depending on the size of the dog and starting at \$1. It is necessary for the person bringing in the animal to pay the fee and sign a release allowing the dog to be destroyed.

Mr. Millar cited an example of a farmer who brought several dogs to the pound this week, but declined to pay the fees. He took the dogs and left, but a short time later a Twin Falls resident called to have a number of stray dogs picked up near her home. The dogs were the same animals the man had declined to pay a fee to have destroyed. Mr. Millar said the man's argument was the dogs were from the city anyway and had been given him or abandoned on his farm.

Other dogs are abandoned when they are acquired as pets and the children tire of the pet and parents tire of caring for the animal.

Mr. Millar said residents must assume responsibility for their own dogs and should be willing to pay the fees required at the pounds to have them destroyed if they are no longer wanted. This, he said, is more humane for the animal than abandoning it to stray.

Main Avenue Changing Back To 2-Way Street

As of Monday, July 15, motorists will be able to drive both directions on Main Avenue, a habit that may be hard to acquire for local residents who have become accustomed to the one-way traffic for the past 10 years.

It is all part of the downtown redevelopment program and, as of Monday, Mayor Frank Feldtman has announced, U. S. Highway will officially convert from Main Avenue to Second Avenue East and North for the westbound traffic. Second Avenue South and West will continue to carry the eastbound U. S. 30 traffic.

As of Wednesday, one block of Main Avenue, between Second Street South and East and Third Street South and East will be closed for reconstruction. The construction period will serve as a transition, City Manager Jean Millar said, to get the driving public used to using Main Avenue as a two-way street again.

When the redevelopment is complete, late this summer or early fall, there will be no traffic lights on the street.

Instead, traffic will be controlled by two- and four-way stop signs. Shoshone street will become a through street with the initial conversion and two-way stop signs will be installed on Main Avenue.

Four-way stop signs will be in operation at the intersections of Second Street South and East with Main Avenue and Second Street West and North with Main Avenue at the time of the Monday change over.

Mayor Feldtman and Mr. Millar urged local residents to use caution and to watch for motorists who may forget and drive west in the left hand lane of Main Avenue during the first few days. Mr. Millar urged observance of the new stop signs in the absence of traffic light equipment.

Got a note from Harold N. Nye, pastor of the First Methodist Church in Twin Falls, and he sent along what could be termed a bookkeeping record of a mother and daughter banquet...

At that time Rev. Nye was minister for the Federated Church at that point between his college and seminary work.

Seems as though Rev. Nye is going to leave Twin Falls after, lo, these many years and we will be among those who will sincerely miss him.

And that is the reason for the note from him. He found this record among some things he was sorting out.

Remember, this was a feed put on by the Nebraska church back in 1937 - nearly 34 years ago.

The dinner brought in a total of \$80.10. There was \$59.92 paid out for supplies, and also 18 cents to buy some bolts for a chair...

There was enough food prepared to serve 150 guests and help but 187 plates were sold with the result there was not enough food left to feed the help!

But the price of the meal? It was 35 cents each.

Cost of supplies? Here's some of the costs:

74 pounds of chicken at 40 cents a pound, one gallon of oil at \$1.40 and a gallon of milk at 20 cents...

No. 2 cans of string beans for \$3.85; 9 pounds of butter at \$3.31; 3 pounds of coffee at \$1.05; 3 pounds of sugar at 34 cents...

Make your mouth water? Not only the food but the prices as well?

Must have been a swell meal! But we feel a concern of sympathy for the kitchen help who went to all that work and then found that there wasn't enough food for them.

And with that we say thanks to Rev. Nye for the interesting information and, once again, Good-bye from all of us.

GIVEAWAY DEPT.

We have nine adorable kittens which we must give away. There are both sexes and they are all old enough for new homes.

Interested please call Lawrence Roubinek, Route Four, Buhl. The number is 543-4839.

Have two kittens to give away. They are six-weeks-old. They are males and have golden hair.

Need to find homes for five kittens. They are black and white and some have long hair. Two males and three females.

I have to give away three kittens and one mother kitten. The kittens are part Siamese and the mother is calico. They are house broken and weaned.

Moscow's Cambodian Headache

WASHINGTON - Soviet displeasure with North Vietnam's audacity in Cambodia has reached a new peak with Hanoi's heavy-handed sponsorship of a transparently Communist government-in-exile under Prince Norodom Sihanouk.

Unlike Hanoi's early spring offensive in Laos (which almost surely had Moscow's advance blessing), Hanoi's military move against the Cambodian government of Gen. Lon Nol lacked Soviet endorsement.

formation and propaganda). This trio had for a time been tolerated by Sihanouk, who personally selected them as members of a leftist "counter-government" to balance his hand-picked fighting government.

In fact, however, all three made good their escape from Cambodia and for most of these past three years have been alive and well in Hanoi, under the thumb of the North Vietnamese politburo.

Apart from its general feeling that the North Vietnamese are overcommitted in Indochina, Moscow seems unhappy with this development on two counts. First, such close collaboration between Peking (a junior partner in financing the Vietnam war) and Hanoi is never pleasurable.

"NOW YOU HAVE A GAP FOR YOUR VERY OWN"

ROBERT ALLEN AND JOHN GOLDSMITH Grist For Demos

WASHINGTON - President Nixon's economic advisers may be confidently calm, as the headlines tell us, despite the stock market's dive and other signs of a run-away economy.

recently the Democratic national chairman, proposed creation of a federal board empowered to freeze wages and prices for as long as six months when necessary to curb inflation.

Henry S. Reuss, D-Wis., urged congressional approval of his bill which would require that the President's Council of Economic Advisers set wage-price guidelines.

A Republican, Sen. John J. Williams, Del., a long-time GOP stalwart on the Senate Finance Committee, publicly voiced as fact the secret fears of his GOP political last week.

"I think we are now in a recession and that the country is losing confidence in the way Nixon is managing the economy,"

For the political experts, it is the uncertain economy, much more than the war in Cambodia, which clouds the once-bright political horizon.

Thus far, however, Mr. Nixon and his advisers have not shown that they can, or will, take the actions which are necessary for quickly apparent economic results.

That Democratic leaders are well aware of the vulnerability of the President and the GOP becomes more apparent every day.

Last week Democratic leaders in the House and Senate - the party's national leadership with the White House in Republican hands - declared that inflation, with rising unemployment, constituted an economic crisis.

In passing the leaders - Sen. Mike Mansfield, Mont., and Reps. John W. McCormack, Mass., and Carl Albert, Okla., threw cold water on the President's \$1.6 billion budgeted tax on lead.

blow to the President's hopes for holding down the inflationary federal deficit. On the same day, Sen. Fred R. Harris, D-Okl., until

RAY CROMLEY Tight Money

WASHINGTON (NEA) - President Nixon's tight-money policy has been self-defeating in a number of ways. The President's objective, of course, has been to curb inflation by forcing companies and individuals to buy less.

It is not clear just how much tight money has helped toward this aim. But one thing is certain: the tight money has upped the cost of money and that, in turn, has helped to force prices up across the board.

Electric utilities, for example, must expand their facilities to meet anticipated demand - or more power blackouts will result. The utilities have gone into the market for more funds, paid the higher price and raised their rates to the commercial, industrial and individual consumer.

The utilities are fairly typical of the trend. Industries producing goods for which there is a steadily growing demand have been forced to borrow money. Again these higher costs usually mean higher prices.

A look through the expansion plans for major segments of American industry gives the same picture nationwide. But that is not all: By business necessity, many firms regularly borrow funds to carry them over until their customers pay for goods ordered or for goods delivered but not yet paid for.

On the same day, Sen. Fred R. Harris, D-Okl., until

vestment in new products or more-efficient production methods, especially where these would involve going into the markets now-for-considerable sums.

This reporter knows, for example, of one new piece of equipment badly needed for night police departments for night operations, which is not going to be produced now because the company involved doesn't want to make the investment at this time.

Electric utilities, for example, must expand their facilities to meet anticipated demand - or more power blackouts will result. The utilities have gone into the market for more funds, paid the higher price and raised their rates to the commercial, industrial and individual consumer.

As a result, the police departments will have to make do with more costly and less-efficient techniques which will, incidentally, mean greater risks for police lives.

A few economists regard as good the decision of some firms to delay introduction of more-efficient machines to cut production costs. But, historically, more efficient machines have proven to be one long-term method of holding down inflation.

All this is a part of why the Federal Reserve Board under Arthur F. Burns, chairman, has been quietly expanding the money supply.

GEORGE C. THOSTESON, M.D.

Breast Cysts

Dear Dr. Thosteson: In two years I have had four cysts in the breast removed in two surgeries. They have all been benign, but questions remain in my mind.

I nursed both my children. Do cysts occur more frequently in women who have nursed their babies? Will the cysts continue to appear? After several benign cysts, can a malignant one develop? - Mrs. J.S.

Cysts are the most common breast disorder in women.

A cyst is a gland which becomes plugged or sealed, and cannot discharge the material which the gland produces. So it swells into a lump.

With the fear of cancer - which is warranted - when one of these lumps appears a woman quite naturally is terrified, until she finds that it is a cyst, and not cancer. From that standpoint alone, breast cysts are a big problem.

Such cysts can be removed locally. This does not involve removal of the whole breast, as may be the case with cancer. Only the cyst is removed.

As a generally, cancer appears as a single lump; cysts may come either singly or in multiples. However, the safe rule is to assume that a breast lump may be malignant until proved otherwise.

Breast feeding apparently does not affect cyst formation. Rather, a predominance of female hormone production is believed to be the cause.

The consensus is that cysts have a slightly greater risk of becoming malignant than normal tissue, but the difference is not enough to warrant radical surgery (breast removal). The cysts, if not removed, still can be watched for any dangerous changes, by aspirating (withdrawing) fluid

from a cyst for tests or by mammography, which is a special X-ray technique used for this.

Will you continue to have cysts? This is not subject to prediction. Some women have one, or a few, and that's all. Others are prone to continued cyst formation. I wish I could give you some method of forecasting the chances, but I don't know any.

Dear Dr. Thosteson: Would you discuss two young people getting married, who both have allergies? Mostly seasonal - woods, grasses, etc. Are they likely to produce asthmatic children? - D.C.

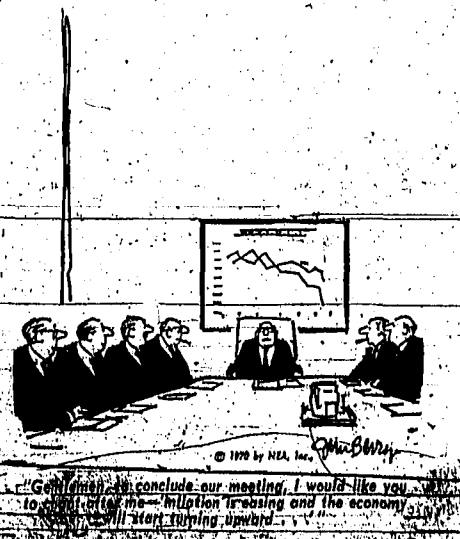

Their children are very likely to be allergic, because there is a distinct hereditary element in allergy. They may not be the same allergies, however.

As to the children being asthmatic, that's not easy to predict. Allergy, of course, is the essential factor in childhood asthma.

Genetically, it would be better if both these young people married mates who have little or no disposition toward allergy; but human nature doesn't always consider that. If they do marry each other and have children, they'll be wise to watch for any signs of allergy or asthma, and have the children given early medical care, in hopes of at least minimizing allergy troubles.

For a comprehensive discussion of how to cope with the change of life, including scores of pertinent questions and their answers, write to Dr. Thosteson in care of this newspaper for his booklet: "Make Menopause Easier," enclosing 35 cents in coin and a long, stamped, self-addressed envelope.

Miss T.F. 1970?

A musical presentation will be given by Delia Allen on June 20 as she and nine other girls compete for the title of Miss Twin Falls of 1970.

Miss Allen, the 18-year-old daughter of Mr. and Mrs. John C. Allen of Twin Falls, plans to attend college this fall, majoring in music, education and minoring in psychology or social work.

She enjoys sewing and makes her own clothes. She also participates in shows and drama and most of her interests are centered around singing and band. Miss Allen, who is being sponsored by the Twin Falls Bank and Trust Co., is five feet, seven inches tall, weighs 117 pounds and has brown hair. Her measurements are 35-24-35.

Runway At Jackpot Is Rejected

Aslett Construction Co., Twin Falls, has been ordered to replace the defective seal coat applied to the Jackpot airport runway last fall.

Elko County Commissioners, serving as the Jackpot town board, took the action this week after meeting with Grant Engstrom of Millard-Spink Associates, Reno, and Mel Aslett, representing the construction firm.

Mr. Aslett contended the runway was constructed according to specifications set by Millard-Spink. Millard-Spink, however, also denied responsibility for the deteriorating runway surface.

The runway was surfaced last September with a lime-stabilized base and an asphalt seal coat. The seal coat since has separated from the base. Aslett was ordered to remove the deteriorating surface and replace it by July 1.

The county will withhold 20 per cent of the original \$47,000 runway contract until the repair has been completed.

American Party Sets Convention

The American Party of Idaho convenes for its state convention on Saturday and, according to Paul Whaley, Twin Falls, state chairman, a full slate of activities, including nominations for some state offices, is planned.

The convention will be at the Rodeway Inn in Boise, beginning at 10 a.m. with party business and committee reports.

Election of party officers and nominations of candidates for state offices will be during the afternoon session. A banquet is scheduled at 7 p.m. with Dr. Martin Larson, tax consultant for Liberty Lobby, as keynote speaker. Dr. Larson is the author of several books, including "The Great Tax Fraud."

Mr. Whaley said Joel Anderson, Pocatello, will chair the platform committee. Lane Blanchard, Chester, will head the resolutions committee and Gail Blanchard, Chester, the nominating committee.

The convention, Mrs. Whaley said, is open to the general public.

Crop Loss Suit Asks \$100,000

Legal action seeking more than \$100,000 damages from Roger Brothers Co. was filed in Fifth Judicial District Court by L. J. Rice and sons, of Twin Falls and Bonneville Counties.

The complaint charges the company representative with misrepresentation in connection with a contract for 300 acres of potatoes in Owyhee and Twin Falls counties in 1967.

The plaintiffs charge they contracted with the defendant for the 300 acres of potatoes which were inspected numerous times during the growing season and found satisfactory. In August, the complaint charges, a representative of the defendant company, Stan Punnington, ordered the vines on 120 acres near Buhl and 180 acres near Grandview killed so potatoes could be harvested "within a few days."

By October, the complaint says, the order to harvest still had not been received and the plaintiff began harvesting and storing the potatoes at his own expense in order to save the

Employment Increases In T. F.

An increase of employment in Twin Falls has been produced by seasonal hiring, as well as new industry expansion.

The unemployment rate is 3.4 percent which compared with 3.1 percent last year's figure.

The largest gain of workers is within manufacturing other than food products.

The two new manufacturing operations that have opened for business and made this increase of employment are the Regal Manufacturing Co. operating near Kimberly and the Plyway Company's expansion into the production of prefabricated kitchen cabinets.

Job Seekers Shunned Up North Might Just Catch On In Guam

AGANA, Guam (UPI) — Reports that Alaska is turning away job seekers by the thousands have produced expressions of "Send 'em out here!" in this American territory.

Only top-level employees are provided free transportation and housing. Traveling on the family plan by air (it would cost a couple with two children

Cambodia Asks For More Military Aid

By ROBERT C. MILLER
PHNOM PENH, Cambodia (UPI) — Information Minister Trinh Hoan packaged the Cambodian crisis into one simple sentence: "We may fall if we do not receive more military aid."

The 48-year-old teacher and former editor laid his country's problems out like a war map and described them in blunt, pointed language.

"There are defectors everywhere in Cambodia," he admitted, "because our soldiers and our country was never prepared for war. The army has been badly trained."

The chunky, full-faced father of 18 didn't veil his accusations with diplomatic innuendos. He blamed France.

"Some countries, especially France," he said, "have held back from helping us because they want to sit back and wait and see if this government can hold out."

On this point the forceful cabinet minister was more hopeful.

"We are gaining more support every day from the people," he explained. "More and more of the villagers bring us news about the Viet Cong. They escape from the occupied areas by hiding and come all the way to Phnom Penh to talk to us. Many have come to me, and to other members of parliament. Some go direct to the military."

"We think the Americans should stay in Cambodia until all the sanctuaries are wiped out," he declared. "After all if they don't, the Communists can quickly rebuild their strength and the entire operation—including the lost American and South Vietnamese lives—will have been for naught."

Trinh Hoan admitted that Cambodian troops were already moving into the border areas where the sanctuaries had already been destroyed, but the sad smile that accompanied the statement indicated that he didn't think the untrained and poorly equipped Cambodian soldiers would be much of a match for the North Vietnamese regulars should they return from the North in strength.

"We Cambodians think President Johnson is using churches and temples as sanctuaries from which to launch attacks," said a Cambodian military spokesman.

In South Vietnam, Viet Cong units killed 70 civilians and wounded 71 others in wiping out a village in the nation's northern quarter. U.S. military spokesmen said 156 homes were destroyed by the Viet Cong at Ba Ren, 13 miles southeast of Da Nang.

The military spokesman estimated an entire North Vietnamese division of 8,000 to 10,000 men was massed in the Siem Reap and Kompong Thom area.

He said no Thai aircraft or troops had helped Cambodia in the defense of Siem Reap despite persistent reports Thailand had sent planes to Cambodia's aid.

Cancer Virus Is Discussed

DETROIT (UPI)—A virus believed a factor in breast cancer may be transmitted through a nursing mother's milk to her infant daughter, scientists have found.

Dr. Michael J. Brennan, president of the Michigan Cancer Foundation (MCF) said Wednesday it was believed the virus may be dormant in a girl until she reaches puberty.

He said scientists from the MCF and the Institute for Medical Research (IMR) in Camden, N.J., theorized the virus then begins reproducing in the breast, gets into a woman's milk and causes a tumor. However, the virus was not thought to act alone in causing breast cancer.

Brennan said if the findings proved correct, "there would be an argument for avoiding the nursing of female infants if there is a high frequency of breast cancer in the family."

The virus was found in the milk of 6 to 100 nursing women chosen at random, he said. Dr. Dan H. Moore of the IMR examined the milk of women whose families had a high incidence of breast cancer and found the virus in five of nine cases.

PITTSBURGH (UPI) — The Pittsburgh Pirates will have to wait more than another month before they can play at their trouble-plagued Three Rivers Stadium.

Daniel Galbreath, club president, said Wednesday the opening game would be scheduled for July 16.

Ruins Used By Enemy In Attack

By ROBERT C. MILLER
PHNOM PENH (UPI)—Viet Cong and North Vietnamese troops seized part of the ancient ruins of Angkor Wat today and launched an attack on the Siem Reap airport, from which Communist forces were driven last weekend.

"It is a classical Viet Cong maneuver of using churches and temples as sanctuaries from which to launch attacks," said a Cambodian military spokesman.

In South Vietnam, Viet Cong units killed 70 civilians and wounded 71 others in wiping out a village in the nation's northern quarter. U.S. military spokesmen said 156 homes were destroyed by the Viet Cong at Ba Ren, 13 miles southeast of Da Nang.

The military spokesman estimated an entire North Vietnamese division of 8,000 to 10,000 men was massed in the Siem Reap and Kompong Thom area.

He said no Thai aircraft or troops had helped Cambodia in the defense of Siem Reap despite persistent reports Thailand had sent planes to Cambodia's aid.

The renewed fighting, near Siem Reap airport first flared late Wednesday afternoon when the Cambodians repulsed and apparent probing attack. Fighting broke out with more vigor at 1 a.m. today and grew in intensity.

Another communique told of an attack by 300 Viet Cong against Vihear Suor, 13 miles southwest of Phnom Penh. Cambodian forces repelled the attack.

A military spokesman said the road to Kompong Som, Cambodia's only deep water port, was clear and that Tuesday's attack at Kampong Sottu, 70 miles west-southwest of Phnom Penh, was against military barracks and was not an attempt to cut the highway.

Winter Is Back Over Country

By United Press International
Winter sports enthusiasts brought out sleds, skis and heavy clothes today in parts of the Central Rockies as a late spring snow storm moved across Colorado.

Non-enthusiasts, and those looking forward to the official first day of summer 11 days away suffered through.

Travelers warnings were issued as heavy accumulations of snow blanketed elevations above 9,000 feet. The storm was expected to hit parts of Northern New Mexico, North-Central Arizona, Wyoming, Utah and Nevada today.

Freezing temperatures were forecast for tonight in New Mexico and Wyoming.

A line of severe thunderstorms from Kansas to Minnesota brought heavy rains and some local flooding. One-inch diameter hail accompanied more than one inch of rain which doused an area north of Sioux City, Iowa.

Today's Market And Financial Report

Stocks

NEW YORK (UPI) - Further postponement of last month's gains kept the stock market in reverse gear as trading rounded the halfway point Thursday.

Among the issues on the day's most active list were American Telephone unchanged on 84,100 shares, Pittston 1/4 higher on 87,700 shares, and Carter Wallace off 1/4 on 60,700 shares.

Near 1 p.m., the UPI market indicator, measuring all stocks traded, was off 1.40 per cent on 1,429 issues on the tape. Of these, 960 declined and 216 gained.

The Dow Jones Industrial average of 30 selected blue chips showed a loss of 6.42 at 685.93.

A three-hour turnover of around 5,250,000 shares was running about a million shares ahead of Wednesday's slow pace.

Mutual Funds Successful Investing

My wife recently purchased five Treasury notes and was told that they are not renewable. It was my understanding that a holder of Treasury notes would be eligible for new offerings by exchanging maturing issues for new ones.

The Treasury financing operation in May (I assume this is the one to which you refer) included \$16.66 billion of notes offered in exchange for maturing issues and a \$3.5 billion cash offering.

When the Treasury announces refunding plans, exchanging notes or bonds which are eligible for exchange are specified. In other words, Treasury cash requirements at maturity determine whether a note or bond is to be allowed to expire or to be eligible for exchange.

THE SALVATION ARMY Thrift Store has moved to its new location on Main Avenue West and its old location is now a pile of rubble, part of the latest urban renewal demolition project. Here Johannes Gunderson, an employee at the store, continues the job of sorting, placing,

stacking and hanging the many used, but still serviceable and wearable items carried in the thrift store. Boxes and boxes of shoes are among the items which must be sorted, paired and priced.

YMCA Sets Up Variety Of Camping Activities

The YMCA guarantees that any boy or girl who wants to attend camp this summer, Chet Bartlett, Y Executive Director states.

The Y is offering a wide variety of camping experiences for boys this summer and there are two residence camps that girls may attend as well as a Canadian Caravan Trip in August for teen-agers.

"Interested boys or girls may earn all or part of their way to camp," Bartlett said.

This year three different types of camping experiences are being offered.

Boys may attend residence camps at Big Elk Y camp located on the shores of Palsade Reservoir, Y Camp Roger in the Wasatch Mountains of Utah, or Camp Ponderosa on Payette Lake.

Girls are scheduled to attend Camps Ponderosa and Roger only.

The travel camps will operate on a Monday to Friday schedule with trips planned to such places as the Sawtooth Mountains; Wallowa Lake, Ore.; Ruby Mountains and Lehman Caves, Nev.; Mirror Lake Recreation Area, Utah; Yellowstone and Teton National Parks and to Dinosaur National Monument in Colorado.

The Canadian Caravan Trip is scheduled for August 10 through 20 to Banff and Lake Louise, with stops at Grand Coulee Dam, Glacier National Park and Calgary.

Each year the Y provides an opportunity for campers to sell YMCA Candy Coated Peanuts with the proceeds going toward their camp fees.

More information on all YMCA Summer Programs can be obtained from the Y office.

Confusion, Debris Precede New Look For T.F. Main Street

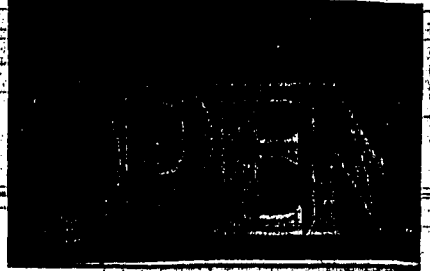

THERE'S A CHANGE IN THE AIR along Main Avenue in Twin Falls, as the air resounds with the destruction wrought by air hammers and wooden barricades bar pedestrians from the

scenes of carnage. Sidewalks are being torn up, buildings are coming down and traffic will soon change its flow. These photos by Times-News photographer Dan Johnson pinpoint some of the

small but significant problems that point to the fast-approaching future. Pedestrians are warned aside; the rubble fills the area, and discarded doorknob hint at the faded glory of unused

structures. Parking must be reserved for the workers, but the businesses will remain open, as the sign indicates. Have patience, folks! Twin Falls is on the move!

Republicans Gather For State Confab In Burley

BURLEY — A total of 358 voting delegates will form the core of the Idaho Republican Party two-day delegate assembly scheduled to open Friday in Burley although between 500 and 800 Republicans are expected in the city for the meeting.

Both U. S. Sen. Len B. Jordan and U. S. Rep. Orval Hansen are scheduled to address the convention as is U. S. Rep. James McClure from north Idaho. Gov. Don Samuelson, seeking his party's endorsements as a candidate for renomination in the Aug. 4 primary election, will be present.

In official business sessions the Republicans will select candidates for the Aug. 4 primary, adopt a party platform and elect party officers.

In addition to Gov. Samuelson, two other candidates hope to appear on the ballot in the race for gubernatorial nomination. These are Dick Smith, Rexburg, former state legislator and one-time president of the state board of education, and Edward T. Whittaker, Marsing, Mr. Marsing is a school teacher with no previous political background.

To be on the ballot in August, the candidates must have at least 20 per cent of the 358 votes or 72 votes. There is little question, say area Republicans, but that the incumbent and Mr. Smith will receive more than enough. Whether or not Mr. Whittaker can assemble the necessary 72 votes is yet to be seen, officials say.

In the battle for election of a state Republican Party officers Roland Wilber, Lewiston, is seeking "his second term" as party chairman opposed by former state senator William C. Roden, Boise. Richard Hendricks, Preston, has also indicated an interest in the post.

Gov. Samuelson is reported to have taken no stand as yet in the chairman race — although National Committeewoman Gwen Barnett, Boise, is supporting the current chairman for re-election.

While convention sessions are officially scheduled for Friday and Saturday, some platform planning sessions were scheduled for Thursday night with many of the delegates and party leaders already in Burley Thursday.

Sen. Jordan and Cong. Hansen are both scheduled to speak Friday. Convention officials including a permanent convention chairman and secretary will also be named Friday. Committee reports will be heard Friday morning and committee meetings are scheduled in the afternoon.

Saturday delegates get down to business with an address by Cong. McClure followed by endorsement of First Congressional district candidates, Second Congressional candidates, gubernatorial candidates and those of other offices including lieutenant governor, secretary of state, auditor, treasurer, attorney general and Superintendent of public instruction.

Election of party officers including the chairman, vice chairman, secretary and treasurer will follow and the platform and resolutions committees will report just before adjournment.

Jim Roper, Burley, is assembly arrangements chairman. Others include Mrs. Lex Kunau, Burley, decorations; C. Robert Lynch, Burley, transportation; Mervin Ling, Rupert, publicity chairman, and Mrs. Nevada Strode registration.

Loan Confab Calls For Measures On Inflation

Signup Is Slated At Valley

EDEN-HAZELTON — Registration for the Valley School District No. 262 Summer Music Program will be held Monday and Tuesday at the Valley High School.

Instruction will be available for all students interested in playing folk and popular music on guitar, piano, and band instruments including drums. This instruction is free and on a "to be arranged" basis, according to David Follingstad, director.

Guitar and piano students, including beginners, should call the school office to leave their name and year in school so that they may be contacted for scheduling. This must be done Monday or Tuesday before 1 p. m., so that they may be called on Wednesday. Band students will be called without registering.

Students interested in beginning band instruction should register at the high school music building Tuesday between 8 and 9 p. m. Car pools can be arranged for transportation problems. All classes will begin on Thursday.

Dancers To Attend Fete In Boise

Many Magic Valley residents will be attending the 7th annual Idaho State Square and Round Dance Festival at the Western Idaho Fairgrounds in Boise this weekend.

Festivities will begin with a dance at 8:45 p. m. Friday, called by Idaho callers. Saturday a workshop will be held and at 2:30 p. m. a pageant depicting the 25 years of square dancing in Idaho will be presented under the direction of Mrs. Douglas Hyslop, Nampa. The dance Saturday night will be called by Neil Peterson, Nysaa; Orin Paul Clements, Fort Hall, and Dick Spooner, Clarkston, Wash.

Pre-registration is advised by contacting Ruby Nelson, 1110 E. Washington, Boise.

Tom Wood, general chairman, states there will be ample parking for trailers and campers at the fairgrounds and all activities will be held there.

Two Named

Two Magic Valley 4-H'ers, who are attending the Idaho 4-H Club Congress at Moscow, have been named officers of the Idaho 4-H Club.

Bill Hunt, Carey, is the organization's new president, and Dave Hart, Buhl, is the new vice president. They were elected Wednesday.

The week-long conference ends Friday and Magic Valley 4-H'ers will return home Saturday.

Swim Class Set Monday At Burley

BURLEY — The first session of Red Cross swimming lessons will be held June 15-25 at the Burley Pool.

Signup for the 10 lessons is to be made this week at the pool office during the morning hours. A fee of \$1.50 is to be paid at time of registering. Private instruction for four to six people and semi-private lessons for 7 to 15 people are available all summer.

Adult "Learn to Swim" instruction will be held July 6-10 and registration for these classes will be June 29-30. Additional information is available at the pool office.

The first session of Lifesaving and Explorer Scout instruction will be from June 29-July 10; registration has already begun and \$2.50 will be charged for these lessons.

The pool is available after 8 p. m. for private party rentals. Family night and teen night will begin June 30 and July 1. Public swimming hours are from 1 to 5 p. m. and 6 to 8 p. m. daily. The wading pool is open from 1 to 8 p. m. each day.

Season tickets are available at the pool office. The swimming pool staff are Tom Rankle, pool manager; Bert Belliston, Pete Howard, Gary Lynch, Tammy Thornburg, Kathy Heene, Pat Robertson, Jan Hoffbuh and Laura Elliott.

Fairfield Meet To See Slides

FAIRFIELD — Slides of Indian Petroglyphs taken in Lemhi, Gooding, Elmore and Camas counties will be shown by Mr. and Mrs. Lee Daniel at a meeting of the Soldier Mountain Rock Wranglers at 8 p. m. Tuesday in the Camas County courtroom. All interested persons are invited to attend and are asked to bring something of interest to be shown.

The club has been invited to be the guests of the Eureka Rock and Gem club at Mountain Home at 8 p. m. June 18.

The local club went on a field trip and picked up agate and dug for geodes in the hills south of Fairfield. Earl Keever, John Humphreys and Lee Daniel spent a day in advance working on the road to the site to make it possible.

Wendell Asks Bids On Work

WENDELL — Gwen Collett, city clerk, reported that sealed bids are being received by the City of Wendell for work on several streets and alleys.

These bids must be submitted to the office of the city clerk by 8 p. m. June 18, at which time they will be publicly opened and read. Bids may be delivered in person or by mail, and no bids may be withdrawn for 30 days after the scheduled closing time.

The City reserves the right to award street work or alley work separately and reject any and all bids for the best interest of the city or to waive minor formalities.

Magic Valley

T.F. Officials To Meet With Board

Mayor Frank Feldman, City Manager Jean Millar and several members of the Twin Falls city council left Thursday morning for Boise where they will present the Idaho Highway Board with a request for a second hearing on proposed improvements at the north-five points intersection.

A previous hearing was held April 18 in which citizens owning property in the vicinity of the intersection opposed all proposals for improving or revising the intersection. Only a resolution from the city council supported the improvement. As a result, the state Department of Highways announced cancellation of any plan for revising the traffic pattern through the intersection or widening streets.

The local delegates will present a letter signed by Mayor Feldman and all members of the council stating the hearing was apparently inadequate and since the hearing many citizens have strongly urged another hearing and have voiced support for the improvement.

Mr. Millar said Thursday it would require at least 40 days time before another hearing could be held and probably late August would be the earliest a hearing can be held providing the Highway Board gives approval for another review of the plan.

Mr. Millar also reported two representatives of the Federal Highway Administration were in Twin Falls Wednesday as part of an investigation on Idaho Department of Highways public hearings.

Auction Is Planned At Filer

FILER — Clubs, organizations, church groups — all are offered an opportunity to make money for their groups at a community auction which is to be held June 20 at the Twin Falls County Fairgrounds.

The American Legion and Auxiliary is spearheading the auction which will give organizations an opportunity to bring articles for resale and receive the proceeds for their own projects. Furniture, old relics, antiques, white elephants, anything of saleable value, can be brought to the sale which will have Lyle Masters, Buhl, as auctioneer.

Organization presidents are urged to contact members and make plans to bring anything they may wish to donate for the auction.

House Is Damaged By Smoke

Smoke and water damage was reported Tuesday night to a residence at 728 1/2 Third Ave. E., according to the Twin Falls Fire Department.

The fire, reported at 9:10 p. m., started in a closet at the home of Mr. and Mrs. David Humphries, owned by H.H. Barrington.

Fireman said an open light bulb next to a pile of blankets apparently started the blaze, which burned through the ceiling and attic and through the roof of the frame home.

Ketchum-S.V. Library Book Fair Slated For Saturday

KETCHUM — The annual Ketchum-Sun Valley Community Library book fair is slated for Saturday, according to Mrs. Robert Ackerman, chairman of arrangements.

Through the sale of duplicate library books, private individuals are allowed to acquire books for their personal libraries at nominal fees. It is anticipated a large selection will be available for purchase Saturday.

Mrs. Barbara Hart, librarian, reminded the public that first through eighth graders should register early for the summer reading program in July and August. The registration will be taken at the library. Theme of this year's program will be "Exploring Western Rivers and Trails."

New library books continue to be added to the young people's section, and the library now offers a varied assortment to the junior high aged reader.

In addition to several mysteries and books on ecology, the library has recently acquired several best sellers. Among the best selling fiction now offered are "Love Story" by Bangali, "The French Lieutenant's Woman" by Fowles and "The French Lieutenant's Woman" by Fowles.

Libn. of God' Caldwell; "Loosing Battles" Welly; and "Calico Palace" Bristol.

Among the best selling non-fiction available are "Up the Organization," Townsend; "Everything You Ever Wanted to Know About Sex," Rantzen; and "Mary, Queen of Scots," Fraser.

It was also noted that it was erroneously reported that the Gold Mine Thrift Store is open on Tuesday and Thursday. Instead, the library reading operation is open from noon until 4:30 p. m. Tuesday and Thursday.

The first place winners are Kan-Gulo, open class, Big Piney, Wyo.; Paul Hurley, 250 cc Class, American Falls, and Gary Olson, 125cc class, Idaho Falls.

HAGERMAN — Kenneth Bradshaw, Wendell GOP candidate for state representative from District 22-A in the Aug. 4 primary, spoke and answered questions at a meeting of the Snake River GOP Women's club at the home of Mrs. Alfred Sandy.

It was reported three books have been ordered by the club to give to the local library. They include "Nixon, A Political Portrait," by Earl Mazo and Stephen Hess; "The Eisenhower, Statesman and Soldier of Peace," Lovelace, and "The Concerns of a Citizen," by George Reeb. The Idaho state constitution and the proposed revision will be studied at the next meeting at the home of Mrs. Barbara Mack, Indian Falls.

Officers Of Lodge Are Seated

Installation of officers for the Grand Chapter of Idaho, Order of Eastern Star, today highlighted the final session of the four-day Small Trinity Session of the OES in Twin Falls.

Today's activities included the ritual formal opening of the chapter at the high school auditorium this morning, presentation of reports and remarks from distinguished guests.

The installation of officers followed this afternoon, with Erna S. McFarland, past grand matron, serving as installing officer. The ceremony of the presentation of the jewels to the new worthy grand matron, the junior past grand matron and patron, followed by the closing ceremonies, ended the convention.

Nearly 800 delegates from throughout Idaho attended the session, which began Sunday evening with a church service at the United Methodist Church in Twin Falls.

Officers for the coming year in the Idaho Grand Chapter will include Roberts Showalter, Nampa, succeeding Eula T. Chilcott, Kellogg, as worthy grand matron, and William Grange, Boise, formerly of Twin Falls, as worthy grand patron. He replaces V. Gall Anderson, member of the Cambridge chapter.

Also elected in balloting which closed Wednesday evening were Laura Callendar, Cascade, Associate grand patron; Harold Holm, Idaho Falls, associate grand patron; Gladine Keltner, Pocatello, grand conductress; Ina Wilson, Pocatello, associate grand conductress; George T. Stelzel, Boise, grand secretary; Hope Clemons, Gooding, grand treasurer and Ralph Kromer, Boise, grand sentinel.

Bradshaw Speaks To GOP Club

Winners Told

HAILEY — Winners of the Wood River Cycle Association race are announced by Joanna Ehrmantraut, secretary.

The first place winners are Kan-Gulo, open class, Big Piney, Wyo.; Paul Hurley, 250 cc Class, American Falls, and Gary Olson, 125cc class, Idaho Falls.

CONGRATULATING NEWLY elected president of the Pacific Northwest Savings and Loan Association, Robert Humphrey, Everett, Wash., right, is Jim Shacht, Twin Falls, center, and Walter Spitzer, Fairbanks, Alaska, left.

Meeting in Sun Valley this week, some 400 delegates and wives heard the annual report of the resolutions committee and elected 107 officers before concluding the meet.

The resolution calling for stronger policies read, in part, that whereas recognized substantial pressures exist for the abandonment of certain restrictive fiscal and monetary policies, and that the group has observed that the tight money and high interest rates have not cured inflation but are selectively harmful to housing financing, the administration is urged to maintain a stronger policy to eliminate presently unacceptable levels of price inflation and, if necessary, to use selective credit controls and price and wage controls to restrain further wage and price increases.

Those objecting opposed the price control aspect.

Newly elected officers include Robert Humphrey, Everett, Wash., president; Walter Scudlo, Fairbanks, Alaska, first vice president; Jack Ryan, Billings, Montana, second vice president; David Thompson, Seattle, secretary-treasurer; and Gordon Hartlieb, Anchorage, secretary-treasurer to the first vice president.

Jim Sinclair, Twin Falls, is outgoing president.

Prior to the resolutions and election, delegates heard William Divers, chairman of the Savings and Loan Foundation, Inc., Washington, D. C., and Bruce Thomas, president, Continental Mortgage Insurance Co. Inc., Madison, Wis. A panel workshop followed.

The conference will meet in Seattle next year, and in Fairbanks, Alaska in 1972.

MURTAUGH An early evening ceremony, May 22, united in marriage Dallas Marie Kell, daughter of Troy Kell, Kimberly, and Mrs. Wallace Christensen, and Leon Cope, son of Mrs. Gladys Cope and the late Mr. Cope, Shoshone.

The double-ring service was performed at the Murtaugh Ward LDS Chapel by Bishop Roger Tolman before a setting of tall beauty baskets of daisies and gladioli tied with yellow satin bows.

The bride, escorted by her father, wore a Bridal Original gown of dacron polyester organza with fine cotton Venise lace accenting. The Camelot sleeves, neckline and crescent waistline. The gown featured a snowflake-trimmed detachable chapel train.

A contoured queen's crown of Venise lace, trimmed with pearls, held her elbow-length veil of English silk illusion.

She wore a heart-shaped pendant necklace set with the birthstones of the couple, a gift from the bridegroom.

Her bridal bouquet was a cascade of white daisies and white rosebuds.

Mrs. Ronald Kell, Kimberly, was matron of honor for her sister-in-law. Bridesmaids wore Connie Hinton, Kimberly, Marilyn Quenell and Carol Wilcox.

Tina Kell, Kimberly, niece of the bride, was flower girl and a newphew of the bridegroom was ringbearer.

Gene Cheney, Twin Falls, served as best man. Ushers wore Mike McCurdy, Leon Wright and Dick Casper, all Twin Falls.

Marty Wright played the wedding marches on the organ.

MR. AND MRS. LEON COPE

Jill Allred was soloist, accompanied at the piano by Gordon Graff. Earl Wright gave the prayer.

A reception was held in the LDS Cultural Hall immediately after the ceremony.

Mrs. Mike Bland presided at the guest book. Gifts were displayed by Suzanne Barkes, Kristine Barkes, Patty Cooper Shauna Mason and Sheila Beasire.

The bride's table was covered with a white lace cloth over pale green and centered with a three-tiered wedding cake encircled with greenery. The cake was baked and decorated by Mrs. DeVor Anderson in pale green and yellow and topped with a miniature bride and bridegroom standing beneath an arch of daisies.

Guests were served at quart tables which were centered with brandy snifters filled with green water and floating yellow pansies.

Susan Hogue, Mrs. Ted Mason, Mrs. Andersen and Mrs. Leland Barkes served the cake and punch.

Mrs. Evon Starry was a special guest at the wedding. The couple took a wedding trip to Sun Valley.

Pre-nuptial showers were given for the bride by Mrs. Barkes and Mrs. Mason and by Suzanne Barkes and Miss Hinton.

Out-of-town guests attended from Utah, Wendell, Shoshone, Hansen, Kimberly, Twin Falls and Burley. The newlyweds reside in Twin Falls.

WENDELL A special addenda was presented in honor of fathers at the June meeting of Star of the West Chapter. Mrs. Donita Lancaster, worthy matron, presided during the short business meeting. Plans were discussed for Grand Chapter of the Eastern Star scheduled in Twin Falls. Mr. and Mrs. Ronald Lancaster, worthy patron and worthy husband, and Mr. and Mrs. Joe Kilmer, Jr., associate worthy patron and associate worthy matron, will represent the Wendell Chapter of Order of Eastern Star. Mrs. Mary Boice, member of Meridian Star of the West Lodge No. 66, was a special guest. The social hour was under the direction of Mrs. Richard Marlow, Mrs. Joe Kilmer and Mr. and Mrs. Rex Bradshaw.

Social Events

Oregon Miss, Schweitzer Wed

The Golden Age Club will have a meeting, dance and card party Friday at the DAV Hall, with the meeting starting at 7:30 p.m. Those attending are asked to bring a sack lunch and their own table service.

ALMO—The Francello Durfee family will hold their annual reunion at 1 p.m. June 20 at the Hagerman City Park. Each family should bring its own picnic lunch and table service. A genealogy meeting will follow. Also planned are games for the children. Those attending are asked to bring pictures and information on their own families for the "Book of Remembrance."

FILER—The bride's colors of blue and white enhanced the setting for the May 8 wedding which united in marriage Lorone Kay Good, daughter of Mr. and Mrs. Harry Good, Lebanon, Ore., and Roy Eugene Schweitzer, son of the Rev. and Mrs. Royden Schweitzer, Filer. The bridegroom's father performed the nuptial rites in the Lebanon Mennonite Church where arrangements of blue and white daisies on candelabra formed the background setting. Blue and white bows marked the bridal aisle. Given in marriage by her father, the bride wore a wedding gown of white organza trimmed with white daisies. The empire gown was styled with long puff sleeves and a floor-length train that fell from the dress yoke. Her elbow-length bouffant veil fell from a white velvet band trimmed with white daisies. She carried a bouquet of miniature white chrysanthemums arranged with baby breath and blue satin ribbon streamers.

Flood's Suit Against Reserve Clause Ends With Vecek On Stand

NEW YORK (UPI)—Federal Judge Irving R. Cooper, after listening attentively for several hours to the "last witness" former baseball impresario Bill Vecek, officially closed the case on the Curt Flood trial Wednesday and, like a true arbiter, said he would "call them as we see them" in reaching a final verdict.

request by Flood's attorney, Jay Popkis, to grant a summary judgment. The trial, which ran 3-1/2 weeks, was brought about last winter when Flood, a 13-year veteran of major league baseball, filed a \$3 million suit, charging the reserve clause was in violation of anti-trust laws. Flood is seeking revocation or modification of baseball's controversial reserve clause, which binds a player completely to the team which employs him. Flood took the action after being traded from the St. Louis Cardinals to the Philadelphia Phillies last winter.

Error Lets Boston Nip Chicago In 14th

CHICAGO (UPI)—Bill Melton misplayed a ground ball with two out in the 14th inning Wednesday night and George Scott raced home on the error to give the Boston Red Sox a 7-6 victory over the Chicago White Sox.

Inning Wednesday night as the Baltimore Orioles snapped a string of three straight losses to the California Angels with a 2-1 victory.

Vecek, an outspoken figure during the days as a general manager and club owner, testified on behalf of Flood Wednesday and offered the opinion that baseball would prosper with any modification of the reserve system. The 54-year-old Vecek, who no longer is associated with baseball, said he felt the reserve clause was "self-perpetuating and allows a player to sign only with the club that is holding his contract for that year."

NEW IDAHO ATHLETIC FACILITY is shown in this sketch by the architectural firm that designed the plant. Approved by the board of regents Tuesday, the stadium hopefully will be completed for football action by 1971 along with two five-story connected towers of the basketball pavilion. The football field is designed on a dome could be added later.

Not All Those Cutthroat Study Is Conducted On St. Joe

EVERGREEN, Colo. (UPI)—The 1976 Winter Olympics, awarded to Denver in 1970, may be a boon to some but a group of 315 residents of the small mountain community of Evergreen west of the city would like to see the events staged somewhere else.

MOSCOW — A study to determine whether or not cutthroat trout in the St. Joe River are in danger of extinction is currently being conducted by the Cooperative Fishery Unit at the University of Idaho.

Under the direction of Dr. Ted C. Bjorn, associate professor of fishery management, the unit is carrying out this investigation to learn the current status of cutthroat trout fishing in the St. Joe River.

Yanks 2, Twins 1

NEW YORK (UPI)—Horace Clarke's two-run home run in the fifth inning Wednesday night gave the New York Yankees a 2-1 victory over the Minnesota Twins.

Vecek added, however, that eliminating the reserve clause completely would be detrimental to baseball. "Compulsory elimination would not be of any help to baseball," Vecek explained. "I'm afraid if you suddenly terminate that clause there would be no control, and it could result in a rather chaotic condition."

Solons R. Royals 1

KANSAS CITY (UPI)—Frank Howard hit a two-run single in the second inning and Paul Casanova drove in two runs with a double and a single Wednesday night as the Washington Senators beat the Kansas City Royals, 8-1, behind the five-hit pitching of Joe Coleman.

A's 6, Indians 4

CLEVELAND (UPI)—Dick Green singled home one run and scored on pitcher John Odum's double to highlight a four-run second inning Wednesday night and the Oakland Athletics hung on for a 6-1 victory over the Cleveland Indians.

Tigers 7, Brewers 5

DETROIT (UPI)—Al Kaline smacked reliever John Gelnor's first pitch for a two-run home run in the seventh inning Wednesday night and Gates Brown added a two-run pinch single which brought the Detroit Tigers from a four-run deficit to a 7-5 victory over the Milwaukee Brewers.

Giants Use Homers To Overpower Pirates 4-2

SAN FRANCISCO (UPI)—Home runs by Willie McCovey, Willie Mays and Ken Henderson provided all the runs as the San Francisco Giants defeated the Pittsburgh Pirates 4-2 Wednesday afternoon.

Mays hit his 14th homer of the season, and 614th of his major league career to break a 22 tie in the eighth inning. The homer came off losing pitcher Bob Moose, who gave up only four hits in the game.

Henderson provided an insurance run with his homer off Moose, also in the eighth inning. This was Henderson's 10th of the year.

McCovey hit his 19th homer of the year in the first inning to account for the first two runs. His drive was a 420-foot blast.

Padres 11, Cubs 8
SAN DIEGO (UPI)—Clarence Gaston's two-run single in a three-run fourth inning and solo homers by Ivan Murrell and Ollie Brown paced the San Diego Padres to an 11-8 triumph Wednesday night despite four homers by the Chicago Cubs.

Paul Baker Powers Sherwood's Past Oly-Ford 18-15
Powerful Paul Baker, breaking a season-long homer slump, muscled a three-run homer in the last inning Wednesday night to lift previously winless Sherwoods to an 18-15 decision over Olympia Bear-Pond Transfer in city slowpitch action.

McNow and Touchette hit homers for the losers. John Geisler cracked two homers in helping Royal Loumie OK Tire Store 18-7. Koniak's homer highlighted Coors Beer easy 13-4 win over Independent Mont while Keelber Cookies, getting a round-tripper from Blevins, dropped Shirley-Wyatt 13-4.

In other action, Culligan stopped Ocoo Buttery 15-9 and Varsity Barbershop topped Krefl Janitorial Supply 7-5.

T.F. Edges Buhl, Hosts Great Falls
Relief Jerry Sturgill pitched and hit the Twin Falls Legion team past Buhl 4-3 Wednesday night, sending the winning run home on a single that scored Eric Day from second base.

The game started a seven-game, five-day binge for Twin Falls which will host highly regarded Great Falls at 7 p.m. Thursday at Jaycee Park. Burley comes to Jaycee Park at 8 p.m. Friday and Twin Falls will be at Idaho Falls Saturday, for a doubleheader, and Sunday, for a single game.

Buhl jumped ahead of Twin Falls in the third inning when starter Joe Adams walked two men, but appeared to steady in retiring the next two. The next man toted a fly ball to right field and one run scored when the ball was dropped. Eichelberger then slapped a line-drive single up the middle to score two more.

Twin Falls got two back in the bottom of the inning when two errors set up a pair of runs to score on Ron Blackwood's hit. In the fifth, Blackwood opened with a single, stole second, moved to third on a passed ball and scored when Paul Clark legged out an infield hit.

Day lived on an error to open the sixth inning and stole second just before Sturgill bounced his game-deciding hit into right field. Buhl 003 000 0-3 3 4 Twin Falls 002 011 x-4 5 2 Hays (L) and Barigar. Adams, Sturgill (W, 3) and Wickham.

Judge Won't Allow Clay To Leave U.S. Stars Officially Belong To Utah

WASHINGTON (UPI)—Supreme Court Justice Hugo L. Black Wednesday denied an application by Cassius Clay's lawyer to allow the former heavyweight champion to go to Canada for a boxing match.

Black said the application is denied "without prejudice." This phrase means the application can be submitted to some other member of the court or the court itself.

Meanwhile, Clay, who likes to be known as Muhammad Ali, had said he knew nothing about the papers filed in the court by attorney Chauncey Eskridge of Chicago and regulated them.

The application said arrangements had been made for Clay to fight his successor, Joe Frazier, in Philadelphia. It said Clay needed the money and would be happy to have U.S. Marshals accompany him on an 18-hour visit to Toronto. Special permission for foreign travel is necessary because of Clay's 1967 conviction for failure to submit to the draft.

The government opposed any move by Clay outside the United States on its grounds, among others, that he would not be subject to extradition from Canada as a violator of the draft law.

Brundage Expected To Beard Skiers In Den

SAN FRANCISCO—International Olympic Committee President Avery Brundage is expected to again call for the elimination of Alpine competition in the Olympic games when he addresses the annual convention of the United States Ski Association Thursday.

Brundage recently suggested that the sport be discontinued in the winter Olympic games because of alleged professionalism.

Richard Gootzman, president of the Far West Ski Association, said the 116,733 member national organization "will take a very strong stand in regard to Mr. Brundage's suggestion."

The Far West Ski Assoc. has already gone on record opposing elimination of Alpine competition.

Brundage has said he believes U.S. skiers are close to becoming professional athletes because of pressure by ski manufacturers to endorse their products.

The association will also take a close look at the operations of the Alpine and Nordic programs, which are nearly \$185,000 in the red.

"The association is on record as believing our budgets must be balanced," Gootzman said. "This is a crucial issue with us and both programs have been operating on a deficit, which we believe to be dangerous."

Possible changes in the Alpine and Nordic programs will also be discussed.

possible tricks were in diamonds and my partner might hold both the ace and the queen. As for the 12th trick, that he would make, just study the squeeze situation."

The Professor was right as always. There was no way a heart lead could do him any good: It would have cost him one extra trick. It would not require any great skill on South's part. He would just win the heart, enter his hand with the ace of spades and run off all his clubs. Dummy would come down to ace-king-queen of hearts and East would either have to unguard his 10 of hearts or throw away the ace of diamonds.

Nothing complicated when you look at all the cards or when you know about most of them as the Professor did. He just ignored his partner's signal and led the diamond.

EXERCISE — Is it still common practice among some athletes to exercise the grip by squeezing a rubber ball? Used to be. Researchers in Philadelphia now say their studies show that doesn't work. The power of your grip, they contend, is inherited, and there's not much you can do to change it.

ONE OUT OF EVERY 50 CAR on the road is driven by some old boy who has had too much to drink. The insurance statisticians say that. Calls for caution, what? ... **OUR PLANET MAN** contends fellows born under the sign of Aries are highly susceptible to flattery. They should be wary, he says, of sweet-talking girls and smooth-talking salesmen ... **DURING 11 MONTHS** of the year, the average woman shopper walks nine miles a day. During December, she walks 12 miles a day!

LOST AND FOUND — A delicate gentleman named Mr. Rhee, identified as a writer for Life magazine, was reported missing. And when the detective, assigned to track him down, finally located him on a surfboard in the general vicinity of the Santa Monica pier, said officer cried out, "Ah, sweet Mr. Rhee of Life, at last I've found you!" The foregoing is the oddest unannounced pun I've ever run across, and it is printed here for your literary scrutiny much as the diseased bladder of an aged hippopotamus might be submitted to men with microscopes.

CUSTOMER SERVICE — Q. "What country is producing the dirtiest films these days?" A. Denmark, I'm told. After that, in order, come Sweden and Germany. But why these Nordic nations seem so prone to push pornography is a mystery ... Q. "How come a woodpecker doesn't bash its brains out?" A. Nobody has ever explained that ... Q. "Is there an inheritance tax in the Soviet Union?" A. No, sir, none. Kati Max wouldn't like it, but the fact is the children of the rich there can keep it.

MAY SURPRISE the elders to learn that youngsters now see more movies in school than in theaters ... IF YOU WANT to check out the oldest known riddle, investigate the Book of Judges, Chapter 14, verses 14 through 18 ... **THE SCIENCE BOYS** insist more than eight million lightning bolts hit the earth each day. Incredible!

CONSIDER THIS — If your car plunges into deep water, remember: Wait. Maybe just a moment, maybe several minutes, but wait. If the windows are closed, leave them closed. When the water stops rising inside the car, open a window and swim out. But don't fight against the rushing water. Let its pressures equalize first. Such is the sage advice of the Dutch police, who are called upon about twice a month to fish vehicles out of the Amsterdam Canal.

What do you do now?

A—Pass. Your partner limited his hand by his two-heart bid and we have only 13 high-card points of our own. Furthermore there is great danger of spade duplication.

TODAY'S QUESTION
 Instead of bidding four hearts your partner has bid three diamonds over your three clubs. What do you do now?

THE SWING IS TO LLOYD WALKER

Independents and Republicans are also switching to Walker

- They** like his recognition of Agriculture as the biggest business in Idaho and his proposal to work hard for the strengthening of the farmer's bargaining position for the benefit of all Idaho citizens.
- They** endorse his respect for Idaho educators and his desire to work with them in improving Idaho's entire educational system.
- They** welcome his assurance that he will call a halt to intra-departmental infighting in State government and get on with the job of solving Idaho's problems.
- They** share his dismay at figures showing that our talented young people continue to leave the State for better economic opportunities elsewhere.
- They** heartily agree with his proposal to better utilize our untapped people resources by enabling women, senior citizens and able young people to participate in state government.
- They** respect his stand to save White Clouds from exploitation by a few and agree that we can bring desirable, non-polluting new businesses to Idaho without despoiling our natural resources and environment.
- They** recognize the fact that Idaho has one of the lowest per capita incomes of any State... that this is the source of many of our difficulties today, and that Lloyd Walker can change this by working for the economic betterment of all Idaho citizens rather than the powerful and privileged few.
- They** endorse his statement: "There's nothing wrong with Idaho that higher individual incomes resulting in a broader tax base won't overcome. My purpose in seeking the governorship is to devote my energy to working toward these goals."
