

Kidnaped Girl Is Dead

LANSING, Mich. (UPI) — Two boys walking along a rural road near here found the body of Laurie Murningham, 16, the object of an intense police search since she was kidnaped during a holiday 10 days ago.

Cambodia Troops In Hard Fight

SAIGON (UPI) — South Vietnamese troops operating in Cambodia have killed 107 guerrillas in their heaviest combat there since Allied troops pushed across the border in May, military spokesmen said today.

The three battles Monday in Eastern Cambodia cost the Saigon army three men killed and 30 wounded.

The South Vietnamese fought the biggest battle near the Cambodian town of Tuk Meas about 140 miles west-southwest of Saigon, killing 52 Red troops and capturing 23 weapons, spokesmen said.

In a third battle near Chipou in the Parrot's Beak sector of Cambodia 45 miles west of Saigon, other South Vietnamese troops killed 27 Communist soldiers while suffering 17 wounded, spokesmen said.

Reports from Phnom Penh said guerrillas had burned the government outpost at Srang, 30 miles southwest of the Cambodian capital, and still held the village.

The Cambodians reported continued pressure on the highway between Phnom Penh and the nation's only seaport at Kompong Som on the Gulf of Thailand.

Allied communiques reported light and scattered action in South Vietnam Monday.

A U. S. Marine patrol killed 10 North Vietnamese soldiers late Monday in a firefight 23 miles south-southwest of Da Nang.

A terrorist grenade exploded Monday night against a house at the hamlet of Vinh Hanh, about five miles southwest of Saigon. Spokesmen said the blast killed one Vietnamese civilian and wounded nine.

Communist gunners Monday night and early today shelled eight targets in South Vietnam with rockets or mortar fire. No major cities were listed among the targets.

Kansas Student Is Killed In Skirmish

LAWRENCE, Kan. (UPI) — A white University of Kansas freshman was shot and killed Monday night 200 feet off the school's campus in a confrontation with police. He was the second youth shot to death in a week of racial tension.

Early reports by the Kansas Bureau of Investigation showed the victim, Harry Nick Rice, 18, of Leawood, Kan., was hit in the back of the head by a single bullet.

Another youth was wounded in the leg and a policeman was injured by a rock during the night of violence just north of the university.

Promises Skipped By Laird

WASHINGTON (UPI) — Defense Secretary Melvin R. Laird said today the United States has no plans "to involve Americans directly" in the Middle East but will do what is necessary to maintain a military balance in the area.

He told a group of youthful visitors at the Pentagon: "We feel that in order to prevent a major war in that area, the United States does have a responsibility to see that there is a proper balance as far as weapons are concerned in that part of the world."

Laird pointed to accelerated Soviet military activity in helping the Arabs against Israel and added:

"They are moving military manpower, their own manpower, and committing it to that area of the world.

"We do not have any plans to involve Americans directly in that confrontation and I would hope that always could be our case."

TO HEAD DELEGATION
WASHINGTON (UPI) — Chief Justice Warren E. Burger will lead the U.S. delegation to the 4th United Nations Congress on the prevention of crime and treatment of offenders in Kyoto, Japan, Aug. 17-28, the State Department announced Thursday.

Kansas Student Is Killed In Skirmish

LAWRENCE, Kan. (UPI) — A white University of Kansas freshman was shot and killed Monday night 200 feet off the school's campus in a confrontation with police. He was the second youth shot to death in a week of racial tension.

Early reports by the Kansas Bureau of Investigation showed the victim, Harry Nick Rice, 18, of Leawood, Kan., was hit in the back of the head by a single bullet.

Another youth was wounded in the leg and a policeman was injured by a rock during the night of violence just north of the university.

Rough Up Charges Are Denied

FT. BRAGG, N.C. (UPI) — The Army denied accusations Monday military police roughed up two attorneys for a Green Beret officer charged in the knife-murder of his wife and two young daughters.

The lawyers, Dennis Elisman and Bernard Segal, both of Philadelphia, said they were manhandled by MPs who stopped their car and took their client, Capt. Jeffrey MacDonald, into "protective custody."

Two reporters said they saw the incident and they contradicted the Army version. A reporter for the Payetteville (N.C.) observer said a Criminal Investigation Division (CID) agent threw Elisman to the ground and pushed Segal. A Raleigh News and Observer reporter also backed this version.

The Ft. Bragg Office of Public Information said in a statement that Elisman "stood up to block the military police from reaching MacDonald," but before he was touched "Mr. Elisman wrenched himself violently and either fell or threw himself to the ground."

MacDonald is charged with the murders of his wife and two young daughters, found stabbed and beaten in their on-base apartment Feb. 17. A hearing is under way to determine if the Army has enough evidence to court-martial the captain.

Federal Court Judge Algeron Butler ruled Saturday the case was not in his jurisdiction. The Army notified a military defense lawyer for MacDonald that Monday morning they would take the hair sample.

Storm

NEW ORLEANS (UPI) — Tropical storm Becky, with peak winds of 50 miles an hour, moved to within 240 miles of the Gulf Coast today. The Weather Bureau said the storm would "probably intensify as it neared shore."

A hurricane watch was posted from Morgan City, La., to Apalachicola, Fla., in advance of the first major storm of the hurricane season.

Traffic To Be Object Of Study

Further study between agencies involved will be required before a traffic control system can be established on U.S. Highway 30's west bound route through Twin Falls in the vicinity of two grade schools.

This was the consensus Monday night following a lengthy city council discussion of factors involved. Representatives of School District 411 asked the city to give the matter some study, listing the hazards the youngsters will face when they return to classes at Bickel and Lincoln schools.

City officials said they had hoped the district would present some concrete recommendations for specific measures to be taken but since they did not, further study and a later meeting would be held to formulate a plan.

Inflation Prices To Ease Off

WASHINGTON (UPI) — Secretary of Labor James D. Hodgson predicted today inflationary price rises would ease off within a few months.

He also said the Nixon administration would be able to accomplish its goals of controlling inflation and switching from a wartime to a peacetime economy without any further significant increases in unemployment.

Hodgson's optimism, in testimony prepared for the House-Senate Joint Economic Committee, was reflected Monday by President Nixon in an impromptu White House news conference.

Nixon told newsmen that according to the economic indicators such as the wholesale price index, "inflation has cooled."

In his testimony today Hodgson also noted the slowdown in the rate of increase for consumer commodities in the wholesale price index. He noted that wholesale prices were increasing at a slower rate than consumer prices for the same items, indicating that consumer prices may follow suit.

IT'S ALL in the spirit of the season — when it doesn't sprinkle, that is — and Rocky Brown squares away at the pitcher during Knot-Hole League activity in Twin Falls. He's a member of Buttreys' Bombers and he hopes to do just that when the ball comes over the plate — bomb it away. Rocky is the 9-year-old son of Chuck and Naomi Brown. The picture was taken by Dael Johnson.

Local Fighters Aiding With Northwest Blazes

Forest Service officials throughout Region Four, the intermountain states, are keeping a watchful eye on timber areas, with nearly all available trained fire fighting crews lending assistance on fires still burning out of control in the Pacific Northwest.

Dee Hansen, a fire dispatcher for the Sawtooth National Forest said Tuesday about 500 men from this region and all available aircraft have joined the forces in Washington. Some 2,000 men were processed out of Boise last week and this week to assist in Washington where two of the many fires have covered 37,000 and 16,000 acres respectively and are still burning out of control.

Last week three fire crews from Twin Falls, including 25 men from the T. R. group and Blue Jay Crew each and 30 from the Pan Arm group, left by plane for Wenatchee, Wash.

The B-26 aircraft from Twin Falls also was sent to the fire area. Mr. Hansen said a call for 500 additional men went out Sunday, with 100 going to Region Four, and another 450 were called for earlier with about 50 sent from the local region. He said the largest fire is burning in the Okanogan National Forest and has covered about 27,000 acres, with another 16,000 acres burning in the Wenatchee National Forest. Numerous other fires were burning in each of these forests and others in that state.

In the local region, fire danger was reported high Monday with 80 to 90 per cent chance of lightning storms.

Warren Barry Gets Aviation Position

Warren Barry, a Twin Falls businessman and plane-owning pilot, today was named to the new State Board of Aeronautics by Gov. Don Samuelson. Mr. Barry, a Democrat, was appointed for a term of three years.

Four others were named to fill out the five-man board. All are pilots and all well known in aviation and business circles. Aside from Mr. Barry, those named by the Governor include Archie Yager, Sandpoint, Republican, four years; Cliff Hinkley, Lewiston Democrat, one year; George T. Cooke, Boise, Republican, five years; Richard Bauer, American Falls, Republican, two years.

The board was created through action of the last Legislature and will operate the state's aeronautics department. Members, however, are not fulltime state workers. They will appoint a director of aeronautics.

Mr. Barry has been active in Twin Falls civic circles for years. Among other things, he is chairman of the Twin Falls City-County Airport Commission. He will have to resign from this position to accept the state appointment.

British Official Is Dead

LONDON (UPI) — Britain's Chancellor of the Exchequer Iain N. MacLeod, renowned among politicians as one of the most eloquent spokesmen in the new Conservative government, died Monday night of a heart attack. He was 56.

MacLeod had been released Sunday from the hospital where he underwent an appendectomy July 8.

Prime Minister Edward Heath announced MacLeod's death in a 2-a.m. statement today from his No. 10 Downing Street official residence.

The prime minister has learned with deep regret that the Rt. Hon. Iain MacLeod, chancellor of the exchequer, died suddenly last night at his home, 11 Downing Street, the statement said.

British Official Is Dead

MacLeod had been released Sunday from the hospital where he underwent an appendectomy July 8.

Prime Minister Edward Heath announced MacLeod's death in a 2-a.m. statement today from his No. 10 Downing Street official residence.

The prime minister has learned with deep regret that the Rt. Hon. Iain MacLeod, chancellor of the exchequer, died suddenly last night at his home, 11 Downing Street, the statement said.

Egyptian Planes Hit At Enemy

By United Press International
An Egyptian military spokesman said 44 Israeli planes struck along the Suez Canal today in the 61st consecutive day of such attacks, and that Egypt's air defenses drove them back. An Israeli spokesman said Egypt had replaced its missile sites knocked out previously.

On the political level, the semi-official Al-Ahram newspaper in Cairo said Egypt will give the United States an answer on its Middle East proposals within the next few days after consultations with its Arab allies. Israel has withheld its own comment pending Arab reaction.

Fish And Game Film Released By Officials

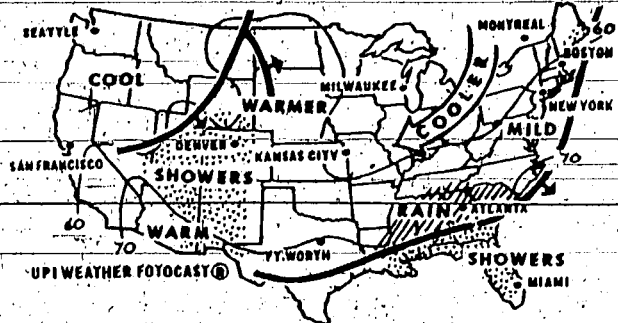

BOISE (UPI) — The Idaho Fish and Game Department has released the film, "The Vanishing Stream," narrated by Rex Allerton.

The film shows the value of streams and the effects of pollution, fish kills, dam construction, land management and stream channel alteration. It includes the finding of a two-year study that determined mining and flood control effects on stream channel alterations.

The film can be obtained from the regional fish and game offices and the Boise office.

Daily Weather Report

PREVIEW OF ESSA WEATHER BUREAU FORECAST TO 7:00 A.M. EST 7-31-70

RAIN, SHOWERS AND thunderstorms will extend from the eastern Gulf Coast area to the South Atlantic Coast. Scattered showers and thunderstorms are forecast for the Central and Southern Rockies. Showers are likely along the New England Coast. It will be somewhat cooler in the Great Lakes area, warmer in the Central and Northern Plains and cool in the far Western area.

Weather Synopsis

A surface frontal system lying over the eastern portion of Idaho in a north-south line will move out of the state this afternoon. A rather vigorous upper level trough associated with this front was over the Pacific Northwest this morning and will move over Idaho tonight. Surface and upper ridging will build over Idaho Wednesday.

This front and trough has and will cause widespread cloudiness and shower or thundershower activity today, with this activity tapering off from the west as the front continues its eastward movement. However, there still will be considerable activity until after the upper trough passage tonight and early Wednesday.

The highs yesterday over the area generally were in the 90s and will run from 5 to 10 degrees cooler today than yesterday. Overnight lows will run generally from the high 40s to the high 50s. Temperatures will continue cool on Wednesday. It will continue to be windy today, particularly in the eastern part of Idaho.

Mary Tracy

RUPERT — Mrs. Mary V. Tracy, 70, retired, died Monday night at St. Anthony Hospital, Pocatello.

She was born Jan. 10, 1891, in Butte, Mont., and was graduated from the Sacred Heart High School before coming to the Mindoka Project where her father homesteaded in 1906, north of Acapulco. She was graduated from the Albon Normal School and taught school in the Mindoka Project until her May 22, 1911, marriage to Aloysius M. Tracy, who homesteaded 40 acres at 200 North and 300 East.

She had been a resident of Mindoka county since 1919 with the exception of 1919 through 1928 when the Tracy family resided in Great Falls, Mont.

She was a member of St. Nicholas Catholic Church, Rupert; St. Anne's Altar Society and Legion of Mary. Her husband and two sons, John and Joseph, preceded her in death.

Surviving are two sons, James and Robert Tracy, both Rupert; three daughters, Mrs. H. C. (Catherine) Perryman, Pocatello; Sister Maureen and Sister Mary-Teresa, Sisters of Mercy, Omaha, Neb., five sisters, Irene Burns, Stevenson, Mont.; Sister Mary Joseph Bonetti, B.V.N.M., Cedar Rapids, Iowa; Laura Gillmore, Butte, Mont.; Agatha Sullivan, Seattle, Wash.; and Sister Mary Bahl, B.V.N.M., Butte, Mont.; a brother, James Byrne, Laurel, Md., eight grandchildren, 28 great-grandchildren.

Rosary will be recited at 8 p.m. Tuesday at Walk Mortuary Chapel and Requiem Mass will be celebrated at 10:30 a.m. Wednesday at the St. Nicholas Catholic Church with Father Arzen as celebrant.

Burial will be in the Rupert Cemetery.

County CD Exercise Planned

Heads of local government will be participating in a county-wide Civil Defense exercise Aug. 7 in Twin Falls designed to offer training for those who would be in charge of various facilities in time of emergency.

Russell W. Cooke, assistant coordinator of Civil Defense, University of Idaho Extension Service, told Twin Falls city council members Monday night during a regular council session in the city hall, the program will be a one-day training session.

Cloyce Edwards, Twin Falls County Civil Defense director, said special information will be offered county-commissioners, city council members, police, fire and sheriff-department heads.

All activities, Mr. Cooke explained will be conducted at the Civil Defense headquarters in the basement of the courthouse and no actual field operations will be activated, but those who would be working will simulate their activities at the center.

A simulated nuclear attack will spark the training session with a two-hour preparation program and actual attack conditions following. Mr. Cooke asked council members to attend part of the session as time permits.

Similar sessions have been held in most other counties of the state, he said, and have proven effective. Twin Falls County, he said, has a reactivated Civil Defense program now well organized and one of the best in this part of the state.

Left World As He Came In

BARSTOW, Calif. (UPI)—Following an argument Monday with his wife, Robert Henry Leo, 39, stripped off his clothes and sat in the middle of a California highway.

Leo's wife, Verna, said they had pulled off the road to take a nap when an argument erupted. When her husband sat

where public relations are important.

Mr. Lambson said his church does not wish to find an "out" through which they could bypass the law, but wishes to operate openly and honestly with the blessing of the city.

This blessing, city officials said, would constitute a permit to violate a city ordinance which they felt would open the door to all other churches or religious groups. As long as the church wished to give away the literature or obtain an invitation to the home to offer articles for sale, they would be operating within the law, city officials explained.

Ballgames To Continue At Harry Barry Park

Residents of the area surrounding the Harry Barry Park will have to get used to the next few weeks.

Twin Falls City Council members accepted a petition Monday night during the regular meeting in city hall protesting the use of the park for Knothole League baseball games.

Residents of the area complained about traffic, lights and crowds during the games. City Manager Jean Miller explained the park was pressed into use in the league this summer because of loss of two diamonds at Harmon Park.

Games now played at Harry Barry will be transferred to Highland Park as soon as diamonds there can be put in shape, but there are only two weeks remaining in the program this season and Highland Park will not be ready until later this fall.

Employees will be asked to urge vehicles to park away from private driveways and to give residents of the area all consideration possible, Mr. Miller said.

Twin Falls News In Brief

Mr. and Mrs. Paul H. Macdonald are visiting his parents, Dr. and Mrs. M. H. Macdonald of Twin Falls. They reside in Stockton, Calif., where he is now manager of the Ross-Atkins Store.

Mrs. Dorothy Ward, Richfield, and Mrs. Ardis Parks, Filer, were admitted to Twin Falls Hospital and Clinic for treatment.

Dean's List

Twenty-one regional students achieved the Idaho State University College of Business Dean's List for second semester with a grade point of 3.0 or higher.

The students achieving the Dean's List from Twin Falls were Michael Sweeney, Thomas Valasek, Larry Westbrook, Barbara Lessey, Roger Heib and Mike Powers.

Other students were Michael Rasch and Randy Bell, both of Jerome; Lindsay Crawford, Burley; Patricia White and David Karaloff, both of Buhl; Donna Blakeslee, Filer; Dennis Meade, Heyburn; Dan Froehlich and Ferris Precioso, both of Hagerman; Nancy Tripp, Glenns Ferry; Melvin Baptio, Kimberly; Gayle Anderson, Gooding; Ward Maxfield, Paul; Allen Davis, Rupert; and Marie Friestad, Halley.

A section of the drunk driving law passed by the 1970 Idaho legislature regarding penalty to be imposed upon conviction has been clarified by Robert Galley, Twin Falls County Prosecutor.

Mrs. Galley said the law does stipulate that the mandatory 10-day sentence "can be served at one time or at intervals of not less than one day within a six week period, whichever the judge chooses."

The mandatory 10-day sentence has come up for a test case in Twin Falls in a friendly suit between Judge Eugene McCoy and Mr. Galley. Judge McCoy has not been imposing the 10-day sentence on first offenders of drunk driving.

A story carried in Sunday's Times-News incorrectly stated the sentence could not be served on weekends.

Mr. Galley said, however, that judges who oppose this mandatory feature of the law are not even sentencing the defendant to the so-called weekend periods.

Election Training Sessions Set Here

Special training sessions for Twin Falls County's 192 election board members will begin at 2 p.m. Wednesday in the county judicial building and continue for three days.

County Clerk Harold Lancaster said workers from seven precincts will meet at one time for training in operation of the county's new voting machines. All of the 90 machines now have been programmed for the Aug. 4 primary election and there will now be only four election workers in each precinct.

In the training session they will be shown the operation of the machines, including the 30-

second process of obtaining election results from their particular voting machine. Officials of Automatic Voting Machines Co. will assist.

Mr. Lancaster said two sessions will be held per day beginning at 8 a.m. and 2 p.m. Thursday and Friday. By using the voting machines, the county election forces have been cut from 480 to 192, Mr. Lancaster said.

There are a total of 48 precincts in the county and in the coming elections plans have been made to vote several precincts at one location, where population and mileage permits.

Crashes Injure Several In Minidoka County

RUPERT — A rash of accidents over the weekend in Minidoka County resulted in injuries to several area residents.

Larry A. Smith is reported in fair condition at Minidoka Memorial Hospital with injuries received when he lost control of his motorcycle and it crashed into a bridge railing Sunday night.

Officers said Smith's right leg was pinned between the bridge railing and his cycle. The accident occurred about 10 miles northeast of Rupert when Smith saw a car approaching the bridge from the opposite direction and applied the cycle's brakes, losing control and sliding across the bridge.

C. Garth Olson, 45, Rupert, was treated and released from Minidoka Memorial Hospital Sunday evening after a one-vehicle accident south of Acequia Sunday evening. Olson was driving a 1966 GMC pickup truck which overturned in the borrow pit after it went out of control. Mr. Olson said he was attempting to avert an animal which ran across the road.

Two passengers in the truck, Doris Olson, 44, Rupert, and Gilbert Weise, 14, Ogden, received minor injuries. Olson was charged with driving while intoxicated.

Gordon Mills, state police, investigated a fire which

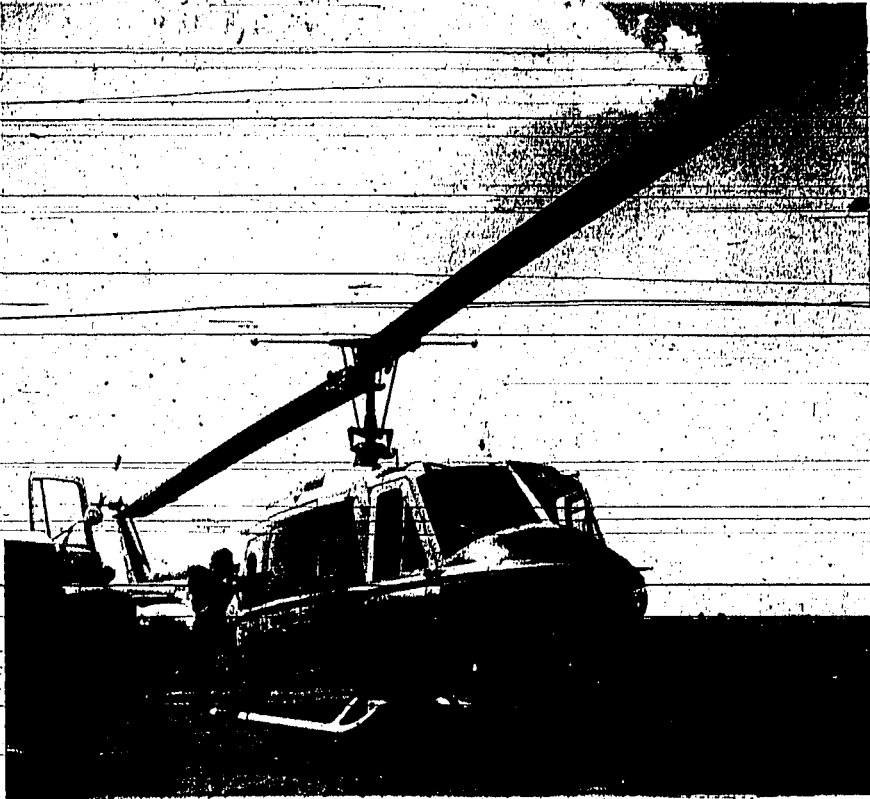

destroyed a pickup camper and damaged a 1967 Chevrolet pickup truck Friday night eight miles west of Burley. The vehicle was driven by Viola Mulvaney, 58, Burns, Ore., who said the fire apparently was started by occupants in the truck, who had thrown contents of an ashtray out near Murtaugh.

Apparently a cigarette flew into the camper window, according to the officer, and smoldered until it ignited near Burley, causing about \$1,000 damage to the camper and back of the pickup truck.

Two people were treated and released from Minidoka Memorial Hospital Friday night with injuries received in a two-vehicle accident near the A and W on Highway 24. Gerald H. Morgan, 54, Rupert, driver of a 1968 Chevrolet pickup truck, and his passenger, Beverly

Tanner, 35, Paul, were taken to the local hospital after the truck collided with the rear of a 1968 Pontiac driven by Terry L. Garner, 21, Provo, who was attempting a right hand turn into the drive-in. The impact pushed the Pontiac down the street about 33 feet, according to Rupert Police. Citations are pending.

Micky D. Hodges, 16, Rupert, was cited by State Police Gordon Mills, for inattentive driving Saturday morning.

HEADED FOR A FOREST FIRE is this giant Bell helicopter, the "civilian model of the famed 'Huey'" now being extensively used in Vietnam. Two of these big rigs and two smaller 'copters, all of Arizona Helicopters from Scottsdale, Ariz., landed at the Twin Falls Municipal Airport Monday for refueling. They left Scottsdale early Monday morning headed

for firefighting duties near Winthrop, Wash., close to the Canadian border. The big rigs are powered by 1,400-horsepower jet turbine engines, and have a top speed of about 90 miles per hour, according to the pilot, Mel Hoffman of Scottsdale. Each can lift 15 fully equipped firefighters into action. (Times-News photo by Lee Tremalase)

T.F. Boy Ends Tour As Guide

George Billings, 406 Tyler St., has completed service with the third crew of summer tour guides at the Idaho State Capitol building and Supreme Court Building in Boise.

He is one of a corps of young men and women working as ambassadors of good will, guiding tourists through the state buildings. Boy Scouts wear full dress uniforms and earn special merit recognition for their services. They conduct tours on week

days from 8:30 a.m. to 4 p.m. and Idaho has gained recognition through the efforts as having one of the finest and most hospitable such programs in the country.

CARS BEFORE HEALTH TUEBINGEN, Germany (UPI)—West Germans are more interested in their automobiles than their health, a survey showed Saturday. A Wickert Institute poll showed that more than 70 per cent of all car owners had their vehicles checked regularly while only about 25 per cent of adult Germans undergo regular health checks.

Commissioners Man Arrested Attending Meet For Shoplifting

County Commissioner Morris W. Carlson was in charge of county business on the home front this week while his two fellow office holders, Hober Loughmiller, board chairman, and William Chancey, are attending a convention in Coeur d'Alene.

Mr. Loughmiller and Mr. Chancey, along with Bureau of Weeds Director Wallace Savage, Twin Falls, are attending the Idaho Association of County Weed Bureaus meeting in the North Idaho community.

Tom B. McCarthy, 26, San Francisco, Calif., was arrested Sunday afternoon at Tempo's Department Store on a shoplifting charge.

Mr. McCarthy was apprehended by policemen after he had left the store and was getting into his vehicle.

Mr. McCarthy stopped in Twin Falls en route to Bozeman, Mont., where he was to be inducted into the United States Armed Forces.

Scouts Backpack, Go On White Water Trip

The second white water float down the "River of No Return," and the Ma-I-Shu backpacking trail trip, July 22 through 15 for Boy Scouts and leaders, was "very successful," Executive Scoutmaster Darl Glead said Monday.

Woman In Fair Condition After Auto Accident

Mrs. Georgia Evans, 67, Twin Falls, is in fair condition at Magic Valley Memorial Hospital following a car accident in which the car she was riding in was struck by another car one-half mile east of Twin Falls on Highway 30.

Edwin Clifford Evans, 68, Rt. 2, Twin Falls, was backing from his driveway on Highway 30 Saturday night and had traveled 7 1/2 feet when he was struck by a car driven by Phillip M. Cochran, 16, Hazelton.

Mr. Cochran slid 44 feet before striking Mr. Evans' car, then slid 15 feet to the edge of the highway, and another 109 feet before coming to rest in the westbound lane of traffic.

Approximately \$800 of damage was done to both vehicles and Mr. Cochran was momentarily unconscious, according to the accident report.

Mr. Evans was cited for failure to yield the right-of-way.

backpacking trip into Idaho's wilderness, the second Ma-I-Shu hike was re-routed into the Sawtooth Mountain Range to avoid the late snowpack and frozen lakes in the primitive area.

Packing 35 pounds of sleeping bag, a change of clothing, fishing equipment, and cooking equipment and supplies on their backs, the 14 Scouts and staff members cooked all their meals over a campfire and slept in the mountain air.

The first Whitewater float trip also was postponed, due to high waters and bad weather, but the second Scout group, consisting of 51 members, went ahead as scheduled.

"The water was a little higher and faster than usual, but the group had no serious problems," said Mr. Glead.

Spending only five to six hours a day floating down the river, the group had plenty of time to set up camp and go fishing and exploring.

Social Events 7th Edition Of Artist Issue

Now Available

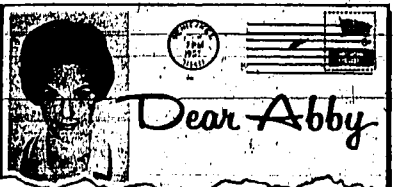

An old time dance will be held Wednesday from 8 p.m. to midnight at the Twin Falls Moose Hall. A lunch will be served.

The Goodwill Club will meet at the home of Mae Meader, 360 Quincy St., at 8 p.m. Wednesday.

BUHL — The Buhl Order of Eastern Star and Masonic Lodge will hold their annual picnic at 7 p.m. Thursday at the Fowell Chisham home. Those attending are asked to bring a covered dish and their own table service.

Swinging Sixties will dance at 8 p.m. Friday at the IOOF Hall. All persons 60 years-of-age and older are welcome to attend. Those attending are asked to bring their own table service. The group will host a picnic at 1 p.m. July 26 at Harmon Park.

A brand new seventh edition of the Schwann Artist Issue has just been published and is now available at record dealers throughout the USA, Canada and in many other countries. The 320-page book has a full color reproduction of Picasso's "Three Musicians" (courtesy of the Museum of Modern Art) on its cover. This invaluable reference book covers classical music on long play records as listed in the composer and collections section of the May 1970 Schwann Catalog (the other sections are already listed alphabetically by performer in the monthly Schwann Catalog and in the Supplementary Catalog; classical records in the Supplementary Catalog are not included in this Artist Issue).

Dear Abby

DEAR ABBY: Last New Year's Eve my boss proposed marriage. I accepted but he didn't offer me a ring. In fact, he said he couldn't afford it right now. Well, I keep his books, and I know he can!

I thought he'd surprise me with a ring for Valentine's Day, but instead he gave me a big heart-shaped box of candy I needed like I needed another head. Then came Easter, and I expected the "Easter bunny" to bring me a diamond, but I got a LIVE rabbit, which bit me, and I got an infection.

Yesterday, a package came to the office addressed to ME, and insured for \$25. I opened it and it was a SET of rings ordered from a mail order catalog. I didn't know whether to laugh or cry.

I don't know yet if this is his idea of a joke or not. Am I officially engaged? And what should I do? — SYLVIA

DEAR SYLVIA: If you accepted his proposal of marriage, you are officially "engaged," ring or no ring. And if you plan on marrying this clown, you'd better develop a sense of humor and learn to live on love and a tight budget.

DEAR ABBY: A young teen-aged girl signed "SEEKING THE TRUTH," asked you what was wrong with premarital sex. You copped out with your answer when you replied that among other good reasons for abstaining was the fear of an unwanted pregnancy. You even pointed out that in spite of the pill, the illegitimacy rate had not been reduced.

Well, I am sorry to disagree with you, Abby, but as a married friend once told me, "fear of pregnancy never stopped anyone; it only makes them worry afterwards." Sincerely yours, BEAVER DAM, WIS.

DEAR BEAVER: Sorry to disagree with your friend, but the fear of pregnancy has stopped plenty of people. But unfortunately, it's not stopping nearly enough.

DEAR ABBY: A girl wrote to say that her high school days were the unhappiest days of her life, and she listed her reasons.

She never knew what to wear. She had to sit in the back of the bus with all the hoodlums because when she got on, the other seats were filled, and she couldn't do a damned thing about it when they got fresh because she was too embarrassed to tell the driver what they said. She said all the "high-class" kids looked down on her because her parents were "foreigners." Then she ends up by saying she is in college, now, and is glad those miserable high school days are over.

Well, Abby, let me tell her about my high school days. I didn't have to worry about what to wear because I had one dress and one pair of holey shoes with cardboard in the soles. And where to sit on the "bus" was no problem for me, because I WALKED 3 miles to school and back in rain, sleet and snow. And I wore a thin hand-me-down spring coat in 20 below zero weather.

The "high class" kids looked down on me, too. But not because my parents were "foreigners." They were worse than that. My father was an American Indian which made me a half-breed, and my mother was a divorcee, which was really a disgrace in those days. And as if that wasn't bad enough, I was left-handed, for which I was punished daily.

So there I was, a poor, left-handed half-breed with a divorced mother. I had to fight my way to school every day. But I suffered in silence because that was the code of the Indian.

I never made it to college altho I was offered a scholarship. Instead I had to go to work to help support the family. With all of this, I'd have to say high school was the happiest time of my life. Just wait until you get out into the business world with its cutthroat competition. Then you'll look back and remember how good your school days were. — LOOKING BACK

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply, enclose stamped, addressed envelope.

Reunion Held

RICHFIELD — A 10-year family reunion was held by the William Brown Sr. family at The Foks, the Brown's summer home.

The group included the couple's eight children and their families.

Other family members attended from Boise, Welsor, Halley, Fruitland, Ketchum, Shoshone and Richfield.

GRACE BYRNE

SYLVIA DAVIS

DIANE CHUPP

Grace Byrne, Fowler Plan December Rites

Mr. and Mrs. Alfred Francis Byrne, Huntsville, Ala., announce the engagement of their daughter, Grace Eleanor, to Bruce Wayne Fowler, son of Mr. and Mrs. James K. Fowler, Guntersville, Ala.

Miss Byrne is the granddaughter of the late Mr. and Mrs. Harry Byrne, Grangeville, and of John Laning and the late Mrs. Laning, Twin Falls.

Miss Byrne attended the Engineering School at Vanderbilt University in Nashville, Tenn. She will enter the School of Applied Arts in the University of Illinois in the fall.

Mr. Fowler is a 1970 graduate of the University of Alabama. He received his B.S. degree in chemistry. He will enter Graduate School at the University of Illinois in September, where he will work toward his doctorate in chemical physics. Mr. Fowler is a member of the American Chemical Society, the American Physical Society, Sigma Pi, Sigma and Pi Mu Epsilon.

A December wedding is planned.

Sylvia Davis Reveals Troth August Date

Mr. and Mrs. Clifford L. Davis, Painted Post, N.Y., announce the engagement of their daughter, Sylvia Gail, to Gary C. Tetz, Twin Falls, son of Mr. and Mrs. Charlie Tetz, Calgary, Alberta, Canada.

Miss Davis is a registered nurse. She is a graduate of Atlantic Union College, South Lancaster, Mass., and spent two years in Nigeria as a student nurse. She is currently completing her Bachelor of Science degree at Walla Walla College, Walla Walla, Wash.

An Aug. 16 wedding is planned in New York. The couple will reside in Twin Falls.

Montana Miss, Van Engelen Set August Date

Mr. and Mrs. Eugene Chupp, Whitefish, Mont., announce the engagement of their daughter, Diane, to Bill Van Engelen, son of Mr. and Mrs. Bob Van Engelen, Twin Falls.

Miss Chupp, a 1967 graduate of Billings West High School, is employed by Pacific Power and Light Co., KilsPELL, Mont.

Mr. Van Engelen will be a senior majoring in accounting at the University of Idaho, Moscow. He is affiliated with Phi Gamma Delta Fraternity.

An Aug. 28 wedding is planned in Twin Falls.

Best Monthly Loser Named

MURTAUGH — Mrs. Harold Kloer was named best loser for the month of June at the weekly meeting of the Pounds Chasers TOPS Club held at the LDS Church. She received the hairstyling award.

The weekly winners were Mrs. Kloer, Mrs. Joffre Jensen and Mrs. James Miller, first week; Mrs. Ron Crossman, second and third; and Mrs. Kloer, fourth.

A new contest, involving throwing in the towel, was started between the club members.

Nix-On-Pix Queens Named

Minerva Smith was mistress of ceremonies at the Quarterly Queen Crowning for the Nix-on-Pix TOPS Club at Twin Falls City Park. She gave the invocation for the ceremony.

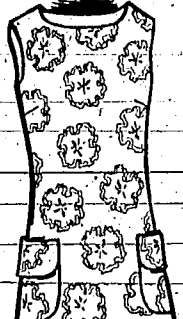

The new queens are Marce Whelan and Tai Simons. Each received a red corsage and a charm for her bracelet.

Several members received a water glass set for three months of perfect attendance. Secret sister gifts were exchanged and names revealed.

A potluck dinner was held after the ceremony.

Wrap This Up!

Printed Pattern

9045 SIZES 8-18

by Marian Martin

Wrap up this quick, cool, patch-pocket casual in denim or Dacron to rocket from summer thru fall. No waist seams, zipper — cinch with a sash!

Printed Pattern 9045: New Misses' Sizes 8, 10, 12, 14, 16, 18. Size 12 (bust 34) takes 2 1/4 yards 35-inch fabric.

Seventy-five cents for each pattern — add 25 cents for each pattern for Air Mail and Special Handling. Send to Marian Martin, Times-News, Pattern Dept., 232 West 18th St., New York, N.Y. 10011. Print name, address and zip, size and style number.

Big, new, spring-summer pattern catalog, 111 styles, free pattern coupon, 50 cents. Instant Sewing Book sew today, wear tomorrow. \$1. Instant Fashion Book — what-to-wear answers, accessory, figure tips! Only \$1.

When shopping for towels, look for a firm, close underweave for wear and durability, and dense, thick loops. In

how to feel warm inside (and save an extra \$5,960.00)

If you're building a home or a business this year, fight inflation with a modern AMOCO furnace. Heating with electricity costs over three times more than with an AMOCO oil-fired furnace. For example, you could save \$298.00 a year* by heating with AMERICAN Brand Heating Oil — over 20 years that's a savings of \$5,960.00!

There is an AMOCO Sta-Warm furnace or boiler to fit your individual need, for home or plant. They are the newest in design.

Call your hotline service man for all the facts on AMOCO heating equipment. He'll make you feel warm inside.

Magic Valley Favorites

MRS. J. D. DEMPSEY 220 Monroe St., Twin Falls

JEWISH APPLE RING CAKE

- 3 cups flour
- 1 cup oil
- 4 eggs
- 5 or 6 apples (sliced)
- 3 cups sugar
- 3 teaspoons baking powder
- 1/4 cup orange or pineapple juice

Mix all ingredients together, except apples, until smooth. Pour half of batter into greased tube pan. Spread half of apples over batter and sprinkle with mixture of cinnamon and sugar. Add remaining batter, apples and sprinkle with same. Top with nuts. Bake at 350 degrees for one hour and 20 minutes.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

Radio Enthusiasts Plan Citizens' Band Jamboree

The first "CB Jamboree" ever held in Twin Falls, scheduled for Sunday at Harmon Park, may bring citizens' band radio enthusiasts from a wide region for the day-long festivities, according to Mrs. Ray Burns, publicity chairman of the Twin Falls-CB Alert Team.

Citizens' band radios are two-way shortwave rigs which carry a relatively short distance, as compared to the larger, more powerful radios of the typical "ham" radio amateur, Mrs. Burns said. Operators of the CB radios are not required to pass the comprehensive Federal Communications Commission examinations required of the radio amateur.

CB radios are used extensively for monitoring of traffic conditions, forwarding of distress pleas for stranded motorists, and other similar purposes. The Twin Falls CB Alert Team uses their radios during the annual Filer Fair for communications throughout the Fairgrounds and to provide a link with emergency services in Twin Falls.

This weekend's Jamboree is one of a series conducted throughout the country by CB fans, Mrs. Burns said. A coffee hour Saturday evening will allow visiting "CB'ers" to get acquainted, and the Jamboree will follow at 9 a.m. Sunday with a variety of activities, including games and drawings for prizes.

A five-watt radio will be given during the drawings and prizes are planned for the oldest and youngest radio fans, and for those traveling the farthest.

Any owner of a citizens' band radio, or anyone who would like to gain information on the hobby is welcome to attend the Jamboree, Mrs. Burns said.

Area CAA Continues Programs

The planning and program committee of the South Central Community Action Agency has approved the continuance of several programs, Mrs. Ruby Holsley said Monday.

The programs approved were the neighborhood centers, senior citizen agency, administration funding, Head Start programs, emergency food programs, Day Care centers, and re-application for the legal services and alcoholism programs.

The committee is seeking several other programs, and these are a Head Start program for Buhl, dental care, youth centers, well baby clinics, day care for children 7 through 12 years of age, migrant centers, low-cost housing, and neighborhood centers in Buhl and Jerome.

Wilderness Training Session Conducted By Forest Service

Wilderness areas, accessible only by foot or horseback, require some special administration measures, and personnel of the Sawtooth, Boise and Challis National Forest met earlier this month at Lowman for a primitive area management and wilderness training session.

Designed to coordinate plans for the summer in all three forest wilderness areas, it was attended by district rangers and other administrative officials who direct the 700,042-acre Sawtooth Primitive area which encompasses parts of all three forests.

Dave Lee, Sawtooth Valley Ranger District and Intar-forest coordinator for all Sawtooth Primitive Area, conducted the session and assisted with training program for Sawtooth personnel a week earlier.

Beginning with a slide program on the Wilderness Ranger System and Sawtooth Primitive Area management, the program covered enforcement of regulations, litter control, refuse disposal, signing programs, construction and rehabilitation projects, fire circles, sanitation facilities and general policy.

Trail construction and maintenance was also discussed and safety, search and rescue were also covered.

Ralph Cisco, Sawtooth Valley District ranger, reviewed the status of the proposed Sawtooth National Recreation Area and of mining in the White Cloud Mountains.

Art Selin, information officer, Twin Falls, reported on maps and brochures. Others leading discussions included Tom Kovalicky, Stanley district ranger; Mont Lewis and Jerry Smith. Mr. Lewis is a forester at

MULES GO EVERYWHERE, including the back country of the Sawtooth Wilderness area where motorized transportation is prohibited. Here Red Wilson, engineering specialist, Sawtooth National Forest, demonstrates the easiest means of carrying

bridge timbers into the wilderness where structure repairs must be made. Mr. Wilson conducted a training session for forest personnel working in the primitive area.

The biggest 24-hour rainfall in Texas history was in 1921, when Thrall, Tex., measured 38.2 inches on Sept. 8-10.

Woman Hurt

Mrs. Margaret Anderson, 25, Route 1, Buhl, suffered cuts, bruises and abrasions when the car she was driving hit an utility pole Sunday morning 4 miles south and 1/4 of a mile west of Buhl, sheriff's deputies reported.

According to deputies, Mrs. Anderson had fallen asleep while driving and her vehicle traveled across the opposite lane of the highway into a borrow pit.

Home In T.F. Burglarized

The home of Harley Hammond, 220 Caswell W., Twin Falls, was burglarized Sunday between the hours of 8 a.m. and 8:45 p.m., police report.

A small panel door was removed in the back of the Hammond home, and the trespassers crawled over 10 feet of dirt until they reached a drop-off where they entered the basement.

The house was ransacked and a locked duffel bag full of magazines, a small girl's purse, and approximately \$4 in change were taken.

Eight-inch footprints, resembling tennis shoes, were found throughout the house, and policeman believe the intruders were youngsters.

Fires Reported

Two fires were reported to the Sawtooth National Forest Service Saturday evening. Considered not serious, they were located in the Burley district, one near Trapper Creek and the other near Harrington Creek. They were apparently caused by lightning.

Another fire was reported Monday morning on Punty Creek off Little Wood River. Two men were sent in to investigate the single burning log.

Stocks

NEW YORK (UPI)—The Dow Jones Industrial average was off more than 10 points at the halfway point Tuesday as profit taking lightened its hold on the market after recent sharp advances.

Other more broadly based indicators also pointed lower, with declines holding more than a two-to-one bulge over advances in moderate turnover.

The UPI market indicator showed a loss of 0.88 per cent on 1,473 issues crossing the tape. Of these, 862 rose and 436 advanced.

Among the day's most heavily traded stocks were Plessey Co., which made its Big Board debut Monday.

The government reported that the cost of living continued to climb in June. But a Labor Department spokesman noted the increase was less than in the previous two months and continued a trend that he felt indicated "government policies may be starting to stem the worst inflation in two decades."

Successful Investing

Are Japanese stocks a good buy for long-term appreciation?—W.W.

Yes, if worldwide export outlets don't dry up, Japan's economic growth will probably continue at a rapid pace. Japanese competition, however, poses a threat to industrialized nations importing her goods.

Fears for corporate liquidity have tended to exaggerate price reactions to news of the dividend action taken by Mississippi's directors.

Stocks that are traded through American Depository receipts are easier to follow and represent some of Japan's foremost enterprises.

Wall Street Chatter

NEW YORK (UPI)—The groundwork for the next upturn has been laid by the wringout of many superfluous corporations and the squeezing out of unnecessary labor.

The 1969-70 bear market is over and pessimism has given over to calmer and more reasonable evaluations of future prospects.

In 1930, the U.S. Veterans Administration was established. In 1954, armistice agreements ended the 74 year Indo-China war.

A thought for the day: Ernest Hemingway said, "All our words from loss using have lost their edge."

Nixon Promises Veto On Any Import Quotas

WASHINGTON (UPI)—President Nixon declared Monday that he would veto Congressional legislation providing for mandatory quotas on any imports except for textiles because it would "set off a trade war."

The House Ways and Means Committee has nearly finished work on a bill that would place quotas—ceilings—on imported shoes as well as textiles and also would forbid Nixon to substitute tariffs for current quotas on all imports, as recommended by a Presidential task force.

"We feel for Congress to pass a limited bill dealing with textiles only and providing that mandatory quotas will come into effect only if voluntary quotas are not negotiated, we believe that approach is acceptable," Nixon told an impromptu news conference.

"But if it goes beyond that I would not be able to sign that bill. That would set off a trade war."

The President said he would favor import quotas only on a "limited basis. I've always

opposed quota legislation," he said, adding that they are not in the "United States' interest because they deny us an export market" and are "highly inflationary, consequently."

But he noted that fruitless negotiations have been going on with Japan for 10 months over non-textile textiles and he said some action was appropriate which voluntary controls could not be established.

Under the bill being drafted by the House Ways and Means Committee, mandatory quotas for imported shoes and textiles would be imposed, based on the average level during the years 1967-69. This would reduce textile imports by about one-third in 1971.

LONDON (UPI)—Red China is staging a startling comeback in the international scene and Peking is increasing its prestige has invited a major diplomatic defeat on the Soviet Union in the Far East, according to an assessment, Sunday by authoritative diplomatic sources.

The move has cost Moscow a great deal of influence in Hanoi and almost all its influence in North Korea, the sources said.

Some uneasiness also was said to be felt by Russia lately over Red China's stepped-up effort to win a foothold in the Middle East, centered on Arab guerrillas. Peking has been

Red China Moving

supplying them increasingly with small arms and the export leader—Vasser—Arafat—has not gone unnoticed.

Rory Calhoun, Wife Separate

SANTA MONICA, Calif. (UPI)—Actor Rory Calhoun and his wife, Rita, have dissolved their 21-year marriage in Superior Court, it was disclosed Sunday.

The former actress was given custody of the couple's three children, Cindy Frances, 13, Tamli Elizabeth, 10, and Lorri Marie, 9, in court action last week.

Calhoun, 47, had accused his wife of adultery and Mrs. Calhoun responded charging her husband had been involved with 79 women, including former pin-up girl Betty Grable.

Total acreage for all major farm crops in Alabama in 1930 was more than 2.8 million acres.

Two Presidents Agree

WASHINGTON (UPI)—President Nixon said Monday he and South Vietnamese President Nguyen Van Thieu are in basic agreement that Thieu would accept Communists in a postwar government if the South Vietnam people voted for such a coalition.

At an impromptu news conference, Nixon said he believed Thieu's statements in a televised broadcast shown in this country Sunday meant that he would not accept a coalition imposed as part of a negotiated peace settlement.

Nixon told newsmen that there is no disagreement between the United States and the Thieu Government over a possible condition if it emerges from part of a South Vietnamese "political process."

"The government of South Vietnam must be one chosen by the people of South Vietnam," Nixon said. "It will be one and should be one that reflects the political forces in South Vietnam."

Of a possible postwar government, the President commented: "How these forces would be represented in the Parliament for example... is something to be worked out by the people of South Vietnam and by the elected representatives and elected leaders of South Vietnam."

He said that if and when an election with Communist participation has been held, "then what government comes out of that election is something to be decided by the elected officials but it should not be determined in advance of the people indicating what type of government they want."

Nixon said that since the U.S. sweeps into Communist sanctuaries inside Cambodia ended July 1, American casualties in Southeast Asia have been lower than any three-week period in the last four years.

"There are still too many. One is too many. But the fact that we have come that far is some accomplishment," the President said.

He said there were no plans now to speed up the withdrawal of U.S. forces from Vietnam but added that continual reassessments will be made.

and if a speedier withdrawal is possible "you can be sure we will move faster."

Nixon noted that his commission on campus unrest, now conducting hearings, was told by Sen. Edward M. Kennedy, D-Mass., that one way to bring peace on campuses was to end the war in Vietnam.

"That, of course, would not be news," the President said.

"I am not sure that it would bring peace on the campus," He then added: "I want peace on the campus but my major obligation is to adopt policies that I consider will bring peace to the world. And for that reason I have to reject the easy and sometimes tempting road of a quick and easy solution ending the war in Vietnam."

Need For Industry Seen By Samuelson

POCATELLO (UPI)—Gov. Don Samuelson said Monday, during his administration total per capita taxes in the state had gone down one-half of one per cent.

Samuelson cited a U.S. News and World Report magazine issue from October, 1969, as his authority for the statement.

"We don't need more taxes," Samuelson said. "We need new industry."

The governor said the Kellwood Corp. of Twin Falls and the new American Microsystems, Inc., plant in Pocatello, were the kinds of industry that he needed.

"This way we don't bring in people and their problems," Samuelson said. "Rather we hire other members of Idaho families and generate more money per family and therefore more tax revenues."

The governor also referred to the much-criticized Department of Administrative Services, and said his opponents "apparently don't understand it."

"They are allegedly businessmen," he said. "I wonder what kind of governor they would make if they don't understand the Department of Administrative Services."

He also said there was a "good conservative trend" in Idaho and predicted his victory in his bid for re-election.

He said he did not expect any defection from Republican ranks to vote for Democrat Ver-

non Ravenscroft, and added, he doubted he would get much support from Democrats crossing over to vote Republican.

"They have enough candidates to keep them honest in that party," Samuelson added.

Ships Join In Search For Plane

HALIFAX, N.C. (UPI)—U.S. Coast Guard ships joined the planes of three nations searching for a missing Russian cargo plane Monday as the Soviet Union formally appealed for help.

The Soviet Union, officially acknowledging for the first time that the giant Antonov-22 carrying 28 persons and supplies for Peruvian earthquake victims was missing, asked all nations to aid in finding it.

Tass, the Soviet News Agency, said the four engine turboprop vanished Saturday after leaving Iceland on the second leg of the mission.

The plane was to have landed at Halifax for a second refueling stop and a search was launched when it failed to arrive. Until Monday, the only Soviet acknowledgement of the plane came from the Soviet Union's Embassy in Ottawa which had asked the Canadian Air Rescue Coordination Center to keep it informed of developments.

Lost Girl Found In Park Area

Yellowstone National Park, Wyo. (UPI)—Mary Fleming, 15, Mendham, N.J., was found unharmed Monday morning after being the object of an intensive overnight search near Old Faithful.

Park Superintendent Jack Anderson said the girl and two sisters were walking toward the observation point near Old Faithful Sunday evening when Mary strayed from the main trail and became lost.

Miss Fleming was sighted by a helicopter at 8:45 Monday, some two miles from where she was last seen.

A ground party was sent in to the wooded area to bring the girl out. Except for numerous scratches and insect bites, Anderson said, Miss Fleming was reported in good condition.

She is the daughter of Mr. and Mrs. William Fleming of Mendham, N.J.

Yellowstone opened in 1872 as the first National Park.

RESEARCHER HONORED FOR LEPROSY WORK

ATLANTA (UPI)—Dr. Charles C. Shepard, public health officer of the National Communicable Disease Center in Atlanta, was honored for his breakthrough work in growing leprosy bacilli in the footpads of mice.

Unlike other bacteria causing human disease, the leprosy bacillus hasn't been grown in test tubes. Shepard's procedure makes it possible for the first time to test efficiency of drugs against the human leprosy bacillus.

ENGLISH PLEASURE CLASSES do not normally feature quarter horses, but the Frontier Horse Show opening Friday at Frontier Field in Twin Falls will show the wide versatility of this breed as well as the Paint Horse and the Appaloosa. Lyle Wunderlich shows his Quarter Horse mount under English

saddle at left. In addition to English pleasure, the Quarter Horses will also be shown in jumping competition and the usual western classes. Colorful Appaloosas such as this young colt owned by Don Depew, Hansen, center, will participate in their special show division. Registered American Paint Horses will be

participating from several states. Known as the "sports model of the horse world," the colorful horses will participate in a number of events including trail class. Tinky Josie, owned by Rose Acres Farm, Twin Falls and ridden by Fritz Wunderlich,

right, negotiates an obstacle in a trail class event, above. Quarter Horse events will be held Friday followed by a special youth show, Saturday. Also on Saturday will be the Paint Horse show followed by the Appaloosa events Sunday.

Frontier Horse Show Is Opening Friday In T.F.

Two Resign From CSI Faculty

The resignations of two College of Southern Idaho instructors were accepted Monday night by the board of trustees.

Denis Foote, head of the music department, has resigned to return to the eastern United States, and LaMar Ederington, vocational instructor, has resigned to accept a principalship in eastern Idaho.

Street Conditions At Ketchum Draw Protest

KETCHUM — Ketchum's road conditions were discussed at the city council meeting here Monday night.

Bert Barlow, representing three motels and five residents on River Street, complained about the torn-up road caused

by sewer pipe installation and requested that some repair work begin immediately as the roadway presents both a safety hazard and a handicap to business.

Mayor Kenneth Richey said something will be done this week if possible, with council members to order the repair Tuesday if a water leak can be repaired. Work on the road has been delayed by Tony Russell Construction Co. because of problems with the city water system.

It was noted the road is presently about 20 feet off center and the condition should be corrected before the seal coat is poured.

Al Krivier also appeared to request that the portion of Cottonwood Street from Second Avenue to Wood River be vacated. He said the three businesses located on the road, Intermountain Gas, Resort Development and the American Legion Hall, desire the street, which has never been improved, vacated so it can be paved for customer parking.

Because the closure would have to be effected through an ordinance, the mayor suggested the council withhold action until they could further study the situation. Councilmen will tour the street before the next council meeting.

Requesting zoning ordinance variance was L. Harrison, which recently located in Ketchum. The firm is planning a new building just north of Giacobi Square and is asking to provide only seven parking spaces instead of the required 14. The 4,800 square foot building will be located on a 5,500 square foot lot. Councilmen will schedule a public hearing on the request.

Board Lists School Fee Schedule

RUPERT — A schedule for school fees has been prepared by members of the Minidoka County School District, who eliminated book fees and agreed to provide a voluntary student fee.

Although the book fee has been discontinued, students will be required to replace any lost or damaged books.

The high school voluntary fee includes: student activity, \$6; annual, \$6.50; newspaper, \$2; PE towel fee, \$2; and athletic towel per sport season, \$1. Fee for cap and gown worn by seniors during graduation also has been discontinued and will be paid for by the student at graduation time. Money already paid for this will be applied for rental.

Junior high voluntary fees include: activity, \$5; newspaper, 50 cents; annual, \$2.50; and towel same as high school. Elementary students will pay a \$2.50 activity fee.

Students taking any of the following classes, must furnish materials for them: Mechanical Drawing; Accounting; Typing I and II; Secretarial Office Practice; Voc. Ag.; Industrial Arts I, II, and III; Electronics; Band; Advanced Math; Art I, II, III; Home Ec., and P. E.

Magic Valley

T.F. Lists Plan On Escorting Funerals

An ordinance allowing for an escort service in Twin Falls, primarily for the purpose of escorting funeral processions and with police power to regulate, traffic was placed on first reading by members of the city council Monday night.

After considerable discussion, council members decided to leave the matter up to the individual funeral director as to whether the professional service should be hired or the police department used when available.

Tom Majors who operates the armored car service has applied for the escort service as well. Fees of \$45 for application and \$3 for license were established and insurance coverage requirements will be the same as for taxi cabs.

Family Is Unhurt As Tree Falls

MURTAUGH — A Hansen family narrowly escaped injury Monday afternoon when the pickup truck in which they were riding was crushed by a falling tree south of Murtaugh.

Idaho State Police said Mrs. Molly Coon was driving a 1966 Ford pickup truck south on a county road south of Murtaugh. A tree fell across the road in front of her and she was backing the vehicle up to avoid the obstacle when a second tree fell across the front of the vehicle, crushing the hood and windshield and knocking the front axle from the undercarriage.

Officers said a power line then fell across the vehicle and as a precautionary measure Mrs. Coon and her four children remained in the vehicle until help arrived. It was determined the line across the truck had been put out of commission by another tree which fell across it moments before the accident.

John Angerbauer, former city council member, was named to a five year term on the Twin Falls Urban Renewal Agency, the appointment to become effective immediately.

Monthly rates of \$5 were set for Urban Renewal parking lot stalls now being leased by the city for parking space. These may be converted later to business buildings or business use or sold by the agency. Two are now motor and open for use and a third will open within a few days. City Manager Jean Milar told the council. The one now being complete will include space for monthly rental.

Two city employees, Wayne E. Scoggins and John F. Brown, were presented Waterworks Operators Certificate by Mayor Frank Feldman. He noted the men have donated their own time for the training in order to better their job capabilities with the water works department.

An agreement with the Department of Highways for a traffic light at the corner of Second Avenue East and North and Shoshone Street was accepted by the council. Under new regulations, Mr. Milar explained, the state pays 75 percent of costs and the city 25 percent where federal highways are involved.

Council members approved and accepted the bid of Parks and Son, Pocatello, for sanitation services in Twin Falls. Mr. Milar said he had been advised by the vice president of the current contract holding firm he would like to submit a bid. Council members agreed bids had been called and the two bidders were both qualified and legally the city must accept the low offer. Endorsements of the low bidding firm were received from some 10 cities where the company is operating, endorsements ranging from the mayor of Chubbuck to a personal recommendation from Barry Goldwater, Mr. Milar advised.

offered by the Idaho Quarter Horse Breeders Association. Entries also will be competing for American Quarter Horse Association points and, Intermountain points for the year. The Jerome Recreation Association will award high point of the show awards to top exhibits in the gelding, stallion and mare classes.

Committee members point out this is the first "A" size show for Quarter Horses ever held in Twin Falls and it is expected to attract a record number of outstanding horses and a large number of spectators.

As a result the committee is bringing one of the top qualified judges working in show rings today to Twin Falls to judge the entries. Dean Ewing, Augusta, Kan., will officiate as judge.

Friday night's program will include an open show with halter classes, jumping, pleasure classes, races and a buffalo hunt.

For Saturday the committee has made plans for a youth show for young exhibitors and riders of Quarter Horses. Classes will be divided into age groups for 13 years and under and those from 14 through 18. An open youth show will be held at 9 a. m. Saturday for youngsters with unrestricted horses or horses of breeds other than Quarter Horses. Officials will invite 4-H club members to take part with some classes reserved for 4-H clubs only.

The remainder of the show time will feature the American Paint Horses, Sunday, beginning at 8 a. m. Here area residents will have an opportunity to see the varied and colorful patterns of the well known western breed performing in halter and performance events. Registered Paint horses, known as the "sports model of the horse world," have been entered from Idaho, Utah, Wyoming, Colorado, Washington and Oregon.

Following this show the Appaloosas, also a colorful and truly western breed, will take over the limelight.

The Appaloosa classes are co-sponsored by the newly organized Magic Valley Appaloosa Club. This will constitute the first major show for this group.

All three breeder groups report the entries will remain open until show time and those interested in showing may obtain entry blanks from Mary Storey, 733-8285 or from Vickers' Saddlery.

Minidoka Trustees Okay Bids

RUPERT — Several bids for items for the Minidoka School District have been accepted by the board of trustees.

Standard Oil Co., Burley, received the contract for gas and fuel oil. The company's bids were the lowest received, at 20.31 cents per gallon for gasoline and 12.15 cents per gallon for fuel oil.

Carl Williams, Rupert, submitted the low bid for sprinkling system installation for the two new junior high schools at \$18,000 for both. Other bids were by Ray Concrete Products at \$20,878.50.

Woolford Electric, Burley, the only bid for coal at \$1.20 per ton.

Rain, Windstorm Overturn Trees

rain and high winds whipped across parts of Magic Valley Monday uprooting trees in the Kimberly and Hazelton areas and dumping heavy precipitation in the Twin Falls, Kimberly and Burley areas.

Forest Service officials said several fire reports were received as a result of lightning but rains apparently put them out before crews arrived. An air patrol was checking Tuesday for a fire reported in the Punt Creek area east of Halley but generally the storm was more severe in the south region than to the north.

Hazelton suffered the brunt of damage 4:30 p. m. in a brief storm according to reports Tuesday. An estimated \$3,500 resulted at the Royal Johnson home when a number of trees

Serious

HEYBURN — Frank Ballis, 34, Heyburn, remained in serious condition and unconscious Tuesday suffering head injuries resulting from an accident near his home a week ago.

Members of his family said he was still unconscious Monday and is now under treatment at Holy Cross Hospital in Salt Lake City. He was found about 3 a. m. July 12 some 30 feet from his overturned motorcycle near his Heyburn home.

Concert Set

HAGERMAN — The Idaho Fiddlers will present a special concert in the rodeo arena climaxing the events for Hagerman's Pioneer Day celebration Friday.

The concert will begin at 8:30 p. m. The public is invited to remain in Hagerman for their evening show or to return to listen to this talented group play all the old favorites of the past and present. There is no charge.

12 Girls Seeking Queen Title

HAGERMAN — Twelve girls from throughout Magic Valley will compete for Queen at the Hagerman Pioneer Day Friday.

Queen candidates are Jeri Robinson, 16, Gooding; Debby Guthrie, 16, Shoshone; LaRae Gillette, 16, Twin Falls; Deanne Ricketts, 16, Jerome; Jonny Peterson, 16, Lemhi; Melody Brown, 17, Kimberly; Dorita Harp, 16, Buhl; Jackie Crammer, 16, Buhl; Mary Van Zante, 16, Buhl; Connie Thomason, 18, Jerome; and Marlene Varin, 17, Gooding.

The contestants will be performing under the Miss Rodeo Idaho Rules. To be eligible to enter the Miss Rodeo Idaho contest this fall, the winning contestant in the local contest must be at least 18 years of age; but for the local contest, the age limit is still 16 years of age; as in past years. Contestants must be single and have never married.

Contestants are judged on horsemanship, personality and appearance.

A breakfast will be held at 6 a. m. at the Y-Inn, Bliss for all Queen candidates. The Queen's contest is scheduled for 9 a. m. at the rodeo arena in Hagerman. The new Pioneer Day Queen will reign over the parade which follows at 11 a. m. and the rodeo which will be held at 1:30 p. m.

Also participating in the parade and the day's events will be the present reigning Pioneer Day Queen, Carolyn Harvey, who is also the reigning Miss Rodeo Idaho, Twin Falls.

Arlene Garrison, 16, Buhl, has withdrawn from the Pioneer Day Queen contest, Hagerman. Due to her horse being injured recently.

Taking Miss Garrison's place in the contest will be Bianca McCollough, 16, Mountain Home Air Force Base. Miss McCollough is the daughter of Major and Mrs. L. L. McCollough.

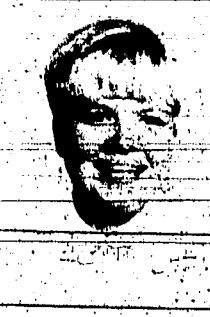

T.F. Man Is Stabbed

A Twin Falls man who was stabbed in the leg Monday afternoon is reported in good condition at Magic Valley Memorial Hospital.

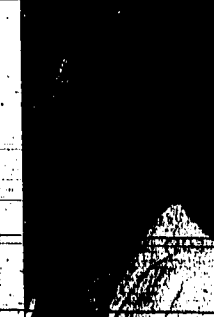

Joe Palmer told officers he was attacked during the mid-afternoon while sitting behind a bar on Shoshone Street South.

When officers arrived the injured man was taken to the hospital and is being treated for a stab wound in the left thigh.

Officers said no arrests have yet been made.

Idaho Falls Tops M.V. 5-3 Behind Granville; Hosts Cowboys Tonight

IDAHO FALLS (UPI) — The Idaho Falls Angels pulled out a see-saw Pioneer League baseball victory Monday night by defeating the Magic Valley Cowboys, 5-3.

The Angels were led by the hitting of Gary Granville and the pitching of Tom Benedict by defeating the Magic Valley and reliever Danny Briggs.

Granville, one of the league's leading hitters, had a great night at the plate as he went four-for-four with one home run. Briggs came in to the game in the sixth inning and gave up only one hit in preserving the win for Angel starter Benedict.

Both teams scored one run in the first inning, but the Angels went ahead in the second when Bolivar Orozco, recently acquired from the Ogden Dodgers, led off with a single and advanced to second on a fielder's choice. He scored on a deep single to right field by Bill John.

The Cowboys tied the game in the third when Joe Brookins was hit by a pitch and advanced to second on a single by Chico Ruiz. Marc Mongo drove in Brookins with a single to right.

The Cowboys took the lead in the fourth as Tom Cox scored on a single by Red Gilbreath. But Idaho Falls tied the game as Orozco doubled and scored on a base hit by Bob Bussio. Bussio stole second and scored the go-ahead run on a double by Eric Schilfer.

Magic Valley 101 100 000—3

IDAHO'S NEW AMATEUR Champion, Jeff Thomsen, poses with his trophy and the putter that rolled in the clincher in a three-way playoff Sunday afternoon at McCall. Thomsen, just 16 years old, came from back in the pack on the final round to win after being in a six-way tie for sixth at the start of play Sunday.

IDAHO AMATEUR CHAMPIONSHIP. Thomsen, just 16 years old, appeared out of it early in the final round but leader Rob O'Neil of Daly City, Cal., skidded to a 78—included in that a double bogey on the 17th and a missed five-footer in the 18th. Jeff's brother, Curt, ended in a tie for 10th with a final total of 228, shooting a final round of 77 over the par 70 McCall layout. Jim Packard had the same 228 and Jim Blandford ended 19th with a 232. All four are members of Twin Falls' state champion high school golf team.

O'Neil led by three strokes going into the last three holes, but double-bogged the 17th and missed the short putt on 18 to tie Thomsen and Wally Lowe of Boise with 228.

Thomsen's second shot in the sudden death hole made the edge of the green — and he lagged the ball up and made a six-footer for a birdie four. Lowe chipped on in three and missed a 20-footer and had to settle for a par. O'Neil then missed a six-footer to give Thomsen the title.

In the playoff for second, O'Neil picked up after hitting to within inches of the flag and under USGA rules was disqualified, giving Lowe second place.

SAO PAULO, Brazil (UPI) — Brazil won the American Zone Davis Cup Finals Monday when Edilson Mandarino, playing beautiful placement tennis, defeated Canada's John Sharpe, 6-1, 6-0, 6-2. The victory gave Brazil an overall 3-2 edge in the three-day series.

Brazil will now confront Spain in an interzone final.

Mike Belkin earlier defeated Brazil's Thomas Koch, 6-8, 6-6, 6-3, 6-4, to even the series at two-all.

Mandarino's game was near perfect, a great change from his performance on Saturday when Belkin easily beat him in a singles match.

Sharpe, on the other hand, was noticeably nervous and way off form. The Australian-born Sharpe repeatedly double-faulted and drilled easy shots into the net or past the base lines in dispirited efforts.

Mandarino lost only three games in the entire match. With strong serves and sure placements, Mandarino sparked happy cries of "Brazil, Brazil!" and set off a storm of cheers at the end of the match.

Mandarino was carried off the court on the shoulders of happy fans after he leaped across the net when he put away the final point of the match. Samba music blared over the loudspeakers at the Pinheiros Sports Club.

The easy victory of Mandarino over Sharpe was in contrast to the defeat suffered by Koch earlier in the day.

Belkin, the top ranked Canadian, lost the first set but improved steadily against the long-haired, mustachioed Koch

Dobson, Padres Take Win Over Montreal 3-1

Twins 4, Tribe 2

MINNEAPOLIS (UPI) — Casar Tovar's two doubles led the Minnesota Twins to a 4-2 victory over the Cleveland Indians Monday night and enabled Jim Kaat to receive credit for the 150th win of his career.

Foreman Crushes Russell With KO In First Round

PHILADELPHIA (UPI) — George Foreman hardly got a tuneup Monday night as he knocked out Roger Russell with a flurry of punches in the first round for his 21st consecutive professional victory.

Foreman, who had hoped to get a tune-up for his Aug. 4 bout with George Rhuvulo in Madison Square Garden, knocked down Russell with a left-to-the-body and a right-to-the-head midway through the first round.

Russell, who hasn't won a fight in more than 2 1/2 years, struggled in a corner and another flurry of punches ended the bout.

HE STANDS OUT IN A CROWD

When you look over a crowd of bubbling energetic teenagers, the young man who stands out is often a newspaperboy.

The experience of making a success in this unique part time business of newspaper route management shows in his relationship with his own age group — and with adults.

Buying at wholesale, selling at retail, making his own deliveries, doing his own collecting, and learning how to successfully run his own business — all under the skilled guidance of men who are trained to work with youngsters — makes a tremendous difference in almost every boy who is able to qualify for a route.

He becomes better equipped for a higher education or a full time job later on — a credit to himself, his family, and his community.

Only one boy in ten has an opportunity to become a newspaperboy. If you think your son might profit by such experience, we will be glad to hear from you.

Opening lead—▲ 2	

When your partner opens with one of a major suit, there is a simple Standard American response of two no-trump to show 13-15 balanced points. Usually you wind up at a happy three no-trump or four of partner's suit but minor-suit slams are likely to be missed. On other occasions, your three no-trump or four of a suit is an inferior game contract.

This we have found that, in the long run, you can get along very well without this bid and in the Jacoby system the two no-trump response to a major suit opening by an unpassed hand is reserved as a forcing raise of partner's suit. When we do pick up this balanced 13-15, we respond with two of a minor suit and have no difficulty getting to where we

belong. We may waste a round of bidding, but we can afford this particular waste. When partner opens with a minor suit, the case is quite different. With a balanced 13-15, and five-card support for our partner's suit, we may well be sure of three no-trump and not of five of his suit. This is especially true when we also have a sound reason for wanting the lead to come up to our hand if no-trump is to be played.

Today's hand is a good example of this. If South responds three diamonds, his partner will probably bid three no-trump and a heart lead by East will leave him one trick down before he can get in. A two-club response by South will lead to the same losing contract.

This South responded two no-trump. His partner raised to three. South had no trouble running off nine tricks before giving up the lead to the defense.

Good Address Neutral

PASS IT ON
by L.M. Boyd

A 45-YEAR-OLD DIVORCEE and a 30-year-old single girl have exactly the same mathematical expectations of getting married. Exactly; exactly... IF YOU DON'T believe we only recall what we want to recall, try sketching from memory the instrument panel on your car. Not one man in 10 can do it.

LEG-AND-THIGH—When you say she has pretty legs, young fellow, bear in mind the science boys insist only that portion between the knee and the ankle can accurately be described as leg. What miniskirts reveal that most skirts don't is thigh, not leg, they state. Our Language man finds this noteworthy, but our Love and War man thinks it's irrelevant.

EAST CHICAGO isn't in Illinois, West Memphis isn't in Tennessee, East St. Louis isn't in Missouri and West New York isn't in New York. What other such towns can you recall that are so separated from the mother municipalities? REMARKABLE HOW many citizens devoutly believe they function better if they sleep with their heads toward the North Pole! Repeated published reports claim the clown Jerry Lewis to be one such, but I can't vouch for that.

PUBLICITY—“For many years,” it’s writ, “the great Marlene Dietrich paid a public relations fellow named Russell Birdwell about \$25,000 a year to keep her name put of the papers.” Do you believe that? I do not. But in those earlier days when that thing called public relations was still in its adolescence, Mr. Birdwell based his cunning approach to publicity on his analysis of the nature of newsmen. Tell them not to print it, said he, and they’ll print it, repeatedly. So lo, Miss Dietrich’s name cropped out in the pulpy pages—like fingerprints on wet paint.

CUSTOMER SERVICE—Q. “Can a certified check be stopped?” A. That it can... Q. “How many diamonds of 100 carats or more are there in all the world?” A. Maybe 20... Q. “Those cowboys who worked the Old West trail drives from Texas to Dodge City, how many per drive?” A. About 16.

TWO THINGS ABOUT claims. Never cook one that is open and never eat one that doesn't open when you cook it, okay?... JUST ABOUT ANY experienced baker will tell you it's illegal to bake a cake in the shape of the White House, but why is a mystery.

RAPID REPLY—No, sir, it's not true your hair grows slower if you get it cut during the dark of the moon, certainly not. What's true is this notion is spreading. Rapidly, too. You wouldn't believe how many people now claim it's absolute fact.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 99068, Seattle, Wash. 98199.

MAJOR HOOPLE

Record Reviews

**** EXCELLENT *** VERY GOOD
*** GOOD ** FAIR * POOR

Other Voices: Erroll Garner

(Columbia CS 9826) The imitable Erroll Garner, who has lost some of his work to history because he can't read or write music...

He doesn't shout his words, he doesn't warp your ears with a walling guitar, but the message is just as strong...

This is it, released for historical preservation by Columbia, now rechanneled for stereo.

Many of the tunes in this album are the work of Walker, who began his apprenticeship in the blues by leading Blind Lemon Jefferson through the streets of the south.

It was a big hassle to record, because Garner couldn't write down what he was doing or intended to do...

The format shifts from big band to large group to small group, but the forceful playing and singing of Walker stands out far above the group he works with.

The orchestra is under the direction of Mitch Miller, and the recording session went incredibly smoothly...

There are several of his patented tunes in this album which is an Atlantic release rechanneled for stereo.

It was a big hassle to record, because Garner couldn't write down what he was doing or intended to do...

There are several of his patented tunes in this album which is an Atlantic release rechanneled for stereo.

It's still in delight, even though it is 13 vintage years old.

She sings well, enunciates clearly, and has strength and beauty in her voice.

Four stars. T-Bone Blues: T-Bone Walker (Atlantic SD 8258)

She sings well, enunciates clearly, and has strength and beauty in her voice.

Practically alone in his class at the top of the class in bluesmen, T-Bone Walker perpetuates a style of blues that is nearing extinction.

But you get the impression listening on some tunes that Maria Isabel and the band aren't singing and playing in unison with her outturning the band or the band lagging behind her.

While other bluesmen tend to wall and pound their guitars to express the sorrows of the blues, T-Bone Walker sings and plays delicately, quietly, to tell the torments of his blues.

She would be best suited with a string orchestra (this one is just a little bit too much) and better arrangements to suit her voice.

GRANT SALISBURY

JAMES D. CLAWSON

EAGLE SCOUT AWARDS were presented during the July Court of Honor in Twin Falls to Grant Salisbury, left, son of Mr. and Mrs. Joe Salisbury, and James D. Clawson, son of Mr. and Mrs. Jack Clawson, all Twin Falls. Both Eagle Badge winners are members of Explorer Post 81, and are 16 and 15 years of age respectively.

Mrs. Jack Clawson, all Twin Falls. Both Eagle Badge winners are members of Explorer Post 81, and are 16 and 15 years of age respectively.

She's got it, but this album doesn't. Two stars. In Nashville: Mane Morgan (RCA LSP 4322)

Everybody's doing the Nashville thing these days, and Jane Morgan has made the pilgrimage.

Her sound of song, and his intelligently written songs have been a mainstay in Nashville for years.

Everybody's doing the Nashville thing these days, and Jane Morgan has made the pilgrimage.

The result, despite preconceived notions, is quite country and quite good. Part of its success might be owed to the fact that Chet Atkins coproduced the album.

His "sound" of song, and his intelligently written songs have been a mainstay in Nashville for years.

There are a number of standards in the album, "Heartaches By The Number," and "That's A No No," as well as a religious number, "Where No One Stands Alone."

County backed singer Arlene Hirden looked to one of the most individualistic country composers, and one of the finest, to inspire an album.

There are few people who could carry off this album, but Miss Harden handles it well.
