TEN CENTS

Pickets Walk At Project

A picket is walking the line at an addition to Duvall Courts Senior Citizens housing development in Twin Falls this week, but a crowd from Butler Brothers Construction Co. of Sun Valley continued construction.

The picket, from the Idaho Buildings Construction Trades Council, carried a sign proclaiming the employees of the contractor "receive less favorable conditions than negotiated in collective bargaining agreements for this area." A union spokesman at the site said to his knowledge the construction company "does not belong to anything."

Construction on the \$314,000 project began last Thursday and pickets appeared on the site Monday. The addition, named in honor of former Housing Authority board member U.N. Terry, contains 32 units for low income senior citizens.

Larry Harper of the Twin Falls Housing Authority said the contract time calls for completion next April, but the contractor expects to be finished with the project in December.

The project, financed by a loan from the Department of Housing and Urban Development, is at the corner of Shoup and Maurice, just south of the Valley Christian Church.

Applications for residency in the project are still being taken, Harper said.

NOTICE TO THE PUBLIC
BUTLER BROS. CONST. CO.
EMPLOYEES RECEIVE LESS
FAVORABLE CONDITIONS
THAN NEGOTIATED IN COL-
LECTIVE BARGAINING AGREE-
MENTS FOR THIS AREA

CARRYING A SIGN complaining of unfavorable conditions for employees of Butler Brothers Construction Co. of Sun Valley is Russell Winslow, Twin Falls. Pickets are on the site of the Terry Addition construction site. Construction on the senior citizens housing development began last Thursday by the Sun Valley based firm.

Soviets Pushing To Ocean

LONDON (UPI)—Slowly, but with dogged determination, the Soviet Union is pushing toward the Indian Ocean. It is evidently the next target of Russia's developing global naval strategy, in the opinion of military planners.

Soviet strategy sees the Indian Ocean as a link in the encirclement of Communist China, those experts believe. Russia already is entrenched in the Middle East and the Mediterranean, and the Suez Canal, once it is reopened, will be the principal passage to the Indian Ocean.

Growing Soviet interest in the Indian Ocean was underlined earlier this month when news leaked out of a secret accord between Russia and the small strategic Indian Ocean island nation of Mauritius, which gained independence from Britain only two years ago.

Officially termed a "fisheries agreement," it offers Russia a range of facilities for allegedly civilian planes and fishing vessels whose additional role as "spy ships" has become well known to Allied governments and defense chiefs during regular encounters in the Mediterranean and Atlantic.

The expansionist policy of Soviet naval strategy goes back to the Cuban missile crisis of 1962, which revealed Russian naval weakness in supporting overseas political ventures when a U.S. naval blockade forced the Kremlin to withdraw its missiles.

Since then, Russia has pushed a powerful fleet into the Mediterranean, but ships also have been sent into the Indian Ocean and Persian Gulf.

The developing power vacuum in the Indian Ocean—highlighted by the previous British Labor government's decision to pull out from "East of Suez"—by the end of the year—evidently has sharpened Soviet appetites. Friendly relations with India, which relies on Soviet arms against Red China, and the mounting Sino-Soviet conflict, also have encouraged the Moscow push into the area, in the view of Western defense experts.

In a reversal of British Labor policy the new British Conservative government, is working towards a continued British military presence in the area.

Hurricane Vicky Punch Lost In Florida Area

PANAMA CITY, Fla. (UPI)—Hurricane Vicky lost its punch as it neared the resort beaches of the Florida Panhandle today and was downgraded to a tropical storm.

Hurricane warnings and watches were canceled all along the Gulf Coast from Florida to Mississippi.

The storm, which had pushed barely hurricane force winds of 75 miles per hour most of Tuesday, weakened early this morning.

"Navy reconnaissance and constant data indicate that Becky has become very disorganized and is continuing to weaken and therefore it is being downgraded to a tropical storm," the New Orleans Weather Bureau said today.

Becky was forecast to move inland near Port St. Joe during the morning, and the weather bureau warned of possible tornadoes on a stretch of the Florida Coast from Panama City to St. Marks.

At 6 a.m. EDT, the "ill defined center" of Becky was located near latitude 20.3 north, longitude 85.6 west, or about 50 miles south of Panama City. Thousands of tourists on resort beaches of the panhandle's "miracle strip" had fled the area Tuesday, leaving the stretch virtually deserted.

Many residents, however, refused to leave, scoffing at the minimal winds of the storm.

Cause Of Death Withheld

LANSING, Mich. (UPI)—Police refused Tuesday to disclose the cause of death and autopsy results for Laurie Murnighan. They said the information should be known only to the killer and police.

Miss Murnighan, the daughter of former Lansing Mayor Max E. Murnighan, was kidnapped July 9 by a gunman who held up Gallagher's Gift Shop, pistol-whipped the owner and took \$60. Laurie's decomposed body was found in a swampy, rural area south of here Monday. She will be buried Thursday.

A special 18-man investigating team was formed to look into her death shifting emphasis from the massive search that followed her disappearance.

Services were scheduled for 1 p.m. Thursday at the Central Methodist Church. A spokesman said Murnighan told him he would ask the officiating clergyman, the Rev. Howard Lyman, to quote during the eulogy from the Simon and Garfunkel song, "Bridge over Troubled Water."

Shale Development Continuation Seen

WASHINGTON (UPI)—Rep. John S. Wold, R-Wyo., Tuesday expressed optimism about federal oil shale development saying he did not consider environmental concerns, which led to postponement of the plan, "to be insurmountable."

Wold and Rep. Sherman Lloyd, R-Utah, met Tuesday with the Nixon administration's top conservationist.

Utah, Wyoming and Colorado contain the world's largest known concentration of oil shale reserves.

Lloyd and Wold said as a result of their meeting they felt encouraged that the environmental questions raised in connection with the Interior Department's proposed shale development could be resolved.

A proposed oil shale lease proposal has been under consideration for nearly a year in the Interior Department.

Reduction

WASHINGTON (UPI)—Gen. William C. Westmoreland says President Nixon's Cambodian incursion has reduced Communist war activities in the southern part of Vietnam to "a guerrilla level."

Viet Cong Cut Into Base Area

PHNOM PENH (UPI)—Viet Cong and North Vietnamese troops cut Phnom Penh's lifeline to the sea this morning and renewed their attack on one of the Cambodian army's most vital training bases.

Official reports on the fighting came from the nation's premier, Gen. Lon Nol, fled to Bangkok to ask the Thai government for military assistance against what he termed "barbarous aggression" by the Communists.

Gen. William C. Westmoreland, the U.S. Army chief of staff, returned Tuesday to Washington from a tour of Southeast Asia and said Cambodia could survive with moral and material support from its allies.

Nixon

SALT LAKE CITY (UPI)—Feverish activity is under way today as officials and Secret Service men scramble to prepare for President Richard Nixon's announced visit Friday to leaders of the Mormon Church and Days of '87 Rodeo.

The indoor rodeo is to be staged at the Salt Palace, and as one secretary put it today, "the place is crawling with Secret Service men. All kinds of things are happening this morning."

The President announced he will stop off in Salt Lake en route to a California working vacation. Nixon is to fly to Utah after meeting the governors of five northern plains states Friday in Fargo, N.D.

Search For Plane Continues

HALIFAX, N.S. (UPI)—Long-range aircraft using radar search techniques to cut through fog over the cold waters of the North Atlantic Tuesday failed to turn up any sign of a Soviet mercy plane missing since Saturday.

Search and Rescue Headquarters in Halifax said "five or six" of Canada's long-range Argus aircraft were in the air at all times, criss-crossing the area between Greenland and Newfoundland trying to find a sign of the aircraft thought to have been carrying 28 persons.

The Soviet aircraft, a four-engine turboprop Antonov-22, was traveling from Keflavik to Halifax, one leg on its trip carrying mercy supplies to Peruvian earthquake victims.

Soap In Russia Is Scarce

MOSCOW (UPI)—Russians will be better housed, better fed and better paid this year than ever before. But they will find it harder to buy soap.

The latest figures on the Soviet economy, published Tuesday, showed increases in nearly every area of production except soap. Soap output in the first half of 1970 fell by 10 per cent from 1969.

For the rest of the economy, the figures indicated the nation will achieve the goals set in its plan for this year. The report said overall economic growth was 8.5 per cent.

One of the most important indicators was per capita income, shooting up to an average of 120 rubles—\$133—per month. That was only one ruble (\$1.11) short of the final goal for the end of the year and was a sure sign the target will be met or surpassed.

The report, published by the government newspaper, Izvestia, detailed growth of consumer goods production but said the consumption rates were even higher, indicating factories are not meeting demands.

For example, the output of televisions and radios went up by 7 per cent but consumption increased by 8 per cent. A 5 per cent rise in production of washing machines was offset by an 8 per cent rise in purchases.

Other figures indicated the Soviets are striving to relieve citizens' hardships. They built 760,000 new apartments, and showed hefty increases in such chronically scarce food items as fruit, meat and milk products.

Consumer production took second place to heavy industry, where the Soviets traditionally concentrate their best efforts. Steel, electrical power, machine building and chemical industries recorded the strongest growth in the economy.

Though not part of the state plan, the production of new Soviet citizens continued apace. The report put the population at 228.7 million, an increase of seven million persons over July 1, 1969.

NEWPORT, Ore. (UPI)—A remodelled restaurant-hole here hasped a sign out front: "Open Under Old Management."

Burley Area Hail Damage Estimate In Millions As Crops Take Storm Brunt

BURLEY — Efforts were underway here Wednesday to determine extent of damage and seek federal help for farmers whose crops were hammered into the ground in a severe hail storm Tuesday afternoon.

Early estimates indicate the storm may have caused several million dollars in agricultural losses.

Hail stones the size of golf balls dented irrigation pipe in some areas, broke out car and house windows and flattened potatoes, grain and sugarbeets. Many farmers said their crops could not possibly revive as the plants were torn apart and pounded into corrugates.

Farmers in the Cassia, Jerome, Minidoka and Twin Falls areas were organizing to seek federal assistance under a disaster area classification.

Mr. Martin said some of the early damage estimates may have been exaggerated. He said it will be several days before extent of the damage is known.

Hardest hit appeared to be the area from Point-of-the-Mountain-northwest-of-Oakley, across Golden Valley to the east mountains near Albion.

The belt is about four to five miles wide and about 20 miles in length.

Areas in the vicinity of Hansen were also hard hit as were some farms near Hoyburn and Hagerman.

Size of the hail was measured up to two and one-half inches around.

A government spokesman said 37 policemen were injured in the fighting, two requiring hospitalization.

"An investigation has been ordered but the civil government will not tolerate any deviation from public order," the spokesman said.

Witnesses said police first fired over the workers' heads but then leveled their pistols at the demonstrators when they were attacked with stones, clubs and bricks.

The worst previous labor battle since the war ended in 1939 saw police kill one worker in Bilboa last year.

Two thousand workers were involved in the demonstration against a delay in the signing of a new wage agreement.

Witnesses said the men paraded through the streets, turned over one police truck and damaged another. They grabbed bricks from a nearby truck and used them in an attempt to turn back police charges.

Hijackers Find Gold Too Heavy

NEW YORK (UPI)—Five men hijacked a panel truck loaded with \$230,000 worth of gold Tuesday, then took less than a third of the shipment. The truck was found abandoned three hours after the robbery with \$160,000 worth of bullion intact.

The gold apparently was recovered because it was too heavy and bulky to be removed, the police said.

The hijacking was executed daily at 8:30 a.m. at an entrance ramp of a heavily traveled expressway in the Bronx. Dozens of motorists must have seen the hijackers who wore ski masks and carried pistols, as they forced the driver of the panel truck and a helper to the side of the road, police said.

Employees of Merle Wolverton and Wade Baker in Cassia County collected them in freezers as novelties.

Mr. Wolverton who owns land in the storm belt said he belovely his grain fields suffered about 60 to 70 per cent loss. He said potatoes were pounded into the ground and beans were also damaged although several weeks will be required to determine plant survival.

Sugarbeets, Mr. Wolverton said, looked as if a threader had gone through the field cutting the leaves in tiny pieces.

Wolverton said farm land in the Rock Creek area south of Hansen had suffered losses.

Paul area farmers reported heavy loss, although hailstones there were described as the size of marbles. Some farm owners said their loss would be up to or in excess of 90 per cent, depending on the crop.

An area about one mile south and one mile west of Paul was the hardest hit, and crops damaged included corn, beans, wheat, hay, potatoes and peas.

Jack Bohon and his son, Don, who were caught in a field during the storm said they were able to find a canvas and use it for shelter to escape injury. Mr. Bohon said his damage was at least \$5,000.

Some farmers in the Paul area planned to move into the fields immediately if the ground is sufficiently firm, to use damaged crops for silage. Some of the corn and hay were raised for this purpose, they said.

Beans in the area were left with no leaves, only a bare stalk and grain and hay were completely flattened, farmers said.

Extensive damage was also reported in the Hansen area on farms owned by Bill Walker, Eldon Larson, Bert Sanger, Jack Dodson, Ed Lancaster, R. S. Bailey and Sam Hook.

Some farmers said their potatoes and sugarbeets may recover but beans and peas are less likely to mature.

About six miles, about two miles in width, were covered by the storm south of Hansen. Some scattered damage was also reported in surrounding areas.

Mrs. Pearl Rayl, Federal Crop Insurance, Twin Falls, said she received damage reports from Burley, Rupert, Kimberly and Hansen. Severe damage also appeared along the Minidoka-Cassia county line.

Most investigations by field men of the Crop Insurance office will be held up for several days to allow for a more accurate estimate, she said.

Mr. Rayl said about 25 per cent of the farmers recovered by Federal Crop Insurance in some counties but others will not have this much protection. Some farmers have hail insurance under other programs, she said.

Peace Refusal Is Expected

By United Press International

Israel most likely will reject the section of the latest U.S. Middle East peace plan calling for a three-month cease-fire along the Suez Canal, even at the risk of rankling the Nixon administration, diplomatic sources in Tel Aviv said today.

Egypt's reply to the American proposal, to be delivered to the U.S. representative in Cairo sometime today, will hold to the Egyptian demand Israel withdraw from all territory captured in 1967 war, the semi-official Cairo newspaper Al-Ahram said.

Diplomatic sources in Tel Aviv said the United States and the Soviet Union appear close to agreement on the cease-fire proposal to cover hot only the Suez Canal front but all other Arab-Israeli battle lines in the Middle East conflict.

The reason for Israel's probable rejection was said to be the government's fear Egypt will use the respite from Israeli aid raids to move anti-aircraft missiles up to the west bank and mass for a cross-canal offensive.

Land Study Topic At Salt Lake

SALT LAKE CITY (UPI)—A comprehensive public lands report, culminating six years of research, was discussed today by farm bureau officers from 13 western states.

The 70-plus delegates from the so-called "reclamation states" of the West were presented the report, entitled "One Third of the Nation's Land," on Tuesday.

The report was completed last month by the Public Land Law Review Commission (PLLRC), and is designed to give the assembled farm bureau officials an educational look at land review problems.

"We want to get state farm bureau officers looking at the report in hopes they will have some resolutions for our national conference in Houston, Texas, next December," said Clifford G. McIntyre.

McIntyre is director of the national resources department of the National Farm Bureau.

"This report," he continued, "will have tremendous impact upon our environmental life, our social life and our recreational life. We want to have a body of policy concerning this report by next December."

Opposition To Troop Plan "Pat"

HONOLULU (UPI)—American delegates to the U.S. Republic of Korea Defense Ministers Conference doubted today the ROK contingent would select the opposition to American troops withdrawals from South Korea.

"The ROKs," said an American source, "have been ordered by Seoul to stand pat, and they are following their instructions to the letter."

The two-day meetings began Tuesday with "extremely frank and cordial" discussions of the American proposal to pull out 20,000 of the 64,000 Americans stationed in South Korea.

Deputy Defense Secretary David Packard outlined the American position at Tuesday's three-hour meeting at Camp H.M. Smith. He explained in great detail the Nixon doctrine in which the Republic of Korea and other nations threatened by Communist aggression would have to assume increasing responsibilities for their own security.

But always, Packard said, with the assurance that the United States would render immediate and wholehearted assistance.

To support these assurances, American sources said Packard offered the South Koreans additional reconnaissance planes for their own air force, and said the Americans would beef up the number of jets in the Korea-Japanese area for South Korea's defense.

Korean Defense Minister Jung Nam Hui argued that the emerging South Korean economy could not afford to shoulder the additional responsibility of an increased defense budget at this time.

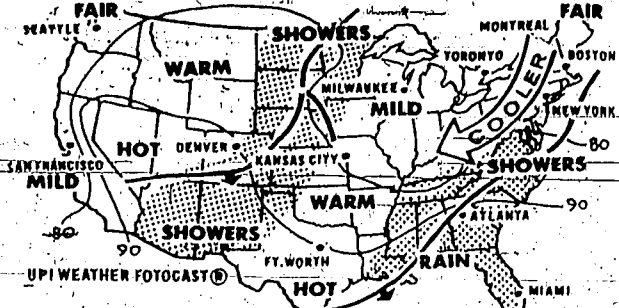

There was also some disagreement over the assessment of the North Korean military strength.

The American position was that the 160,000-man POK defense force was quite capable with the promised additional American modernization of thwarting any Communist invasion.

Being pointed to the increased border violations, the attacks upon South Korean boats and the bold assassination plots of the North Koreans, the assessment of any American withdrawal would be an open invitation to the Communists to increase their attacks.

Daily Weather Report

PREVIEW OF ESSA WEATHER BUREAU FORECAST FOR 7:00 P.M. EST 7-22-70

DURING WEDNESDAY, SHOWERY weather is expected over the Upper Mississippi Valley, most of the Plains and the state of Arizona. Rain and showers will be noted in the Gulf Coast area and the Mid and Southern

Atlantic states. Clear to partly cloudy skies should prevail elsewhere. Somewhat cooler temperatures will be indicated over much of the eastern third of the nation, with little change over the remainder.

Partly cloudy today and tonight with slight chance of showers or thundershowers. Winds northwesterly 10-18 mph today, except gusting to near 30 mph near thundershowers. Cooler. Highs today in low 80s, Thursday 78-83; lows tonight in 40s. Probability of rainfall 20 per cent this evening, decreasing to 10 per cent Thursday. Outlook for Friday, fair and warmer. Camas

Weather Synopsis

The surface frontal system that has affected the Idaho weather the past few days currently is nearly stationary over Southeastern Idaho. It will weaken and become indefinite there today. Surface and upper level ridging is building slowly over Idaho bringing fair weather and is the forerunner of warmer temperatures on Thursday. The front resulted in considerable cloudiness and shower or thundershower activity over the area of Idaho north and east of Boise, but little activity occurred around Boise and westward over East Central Oregon. The Magic Valley area had some hail damage, as probably some spots further east, with Salmon reporting .48 of an inch of rain. Mountain home reported .22 of an inch. Temperatures yesterday afternoon generally were in the

80s, ranging down some 10 to 20 degrees from the previous day. Temperatures will continue cool today, with highs in the high 70s to high 80s, but will begin to rise slowly again Thursday. Overnight lows will be in the low 40s to low 50s tomorrow morning, but run about 10 degrees warmer Thursday due to the rather strong surface winds. Surface winds are continuing rather strong this morning with the winds over Southeastern Idaho running southerly to southwesterly between 10 and 20 mph, with local higher gusts, while the winds over the remainder of the area are generally northwesterly between 10 and 15 mph. The winds should be dropping off today, however. Outdoor activities should be pleasant today with the cooler temperatures and a little breeze.

Magic Valley Hospitals

Cassia Memorial
Admitted: Mrs. Lee Higley, Mrs. Jimmy Stimpson; both Heyburn; Roy Steel and Tholmer Yother, both Oakley; Mrs. Lloyd D. Hayden and Aurora Gaulton, both Rupert, and Geraldino Bowie, Paul.
Dismissed: Mrs. Terry Weeks and son and Don Worthington, all Burley; Mrs. Reyes Garza and son and Lawnia Berg, all Rupert; Mrs. Lester Wash and daughter, and Katherine Cornia, all Oakley; Mrs. Cleo Dayley, Declo; Mrs. Olain Wallace and son, Minku.
Births: Daughters were born to Mr. and Mrs. Lee Higley and Mr. and Mrs. Jimmy Stimpson, all Heyburn.

Magic Valley Memorial
Admitted: Mrs. Nowell Dickson, William Blitzenburg, Mrs. Earl Jackson, Burton Perrine, Jose Bengechea and Benjamin Moore, all Twin Falls; Mrs. Robert Oliver, Wendell; Mrs. Edward Dillon, Michael Dodge and Mrs. Clara A. Kidd, all Kimberly; Mrs. Floyd James, Mrs. Ralph Smith, Mrs. Robert Stovall and Mrs. Frank Herzinger, all Buhl; Mrs. Omer Brannan, Burley; Yab-Bessie, Murtaugh; Mrs. Alva Holmes, Hansen, and Mrs. Nick Gergen, Hazelton.
Dismissed: Thomas Casey Schmidt, Christobe Trevino, Annie Wilson, Robert V. Hamilton, Mrs. Thomas Tardy and son, Robert Tucker, Mrs. Hans Jacobs and daughter, Trudy Wolf and Clyde Wolf, all Twin Falls; Leo Rasmussen, Willard Wayne Tenter, Mrs. Dean Murr, Beulah M. Harden, Emerson J. Zilliox, Mrs. Fanny Walker and Roxey D. Climer, all Kimberly; Mrs. Eugene Thomas, Buhl; Mrs. Jim Kendrick, Piler, and Vivian Fish, Eden.

Man Faces Trial For Assault

A man accused of assaulting a Twin Falls Police officer last month has been bound over to District Court, but on a lesser charge than that initially levied against him.

Robert Bruce Docken, 36, who lists his address as general delivery, Twin Falls, is confined in the Twin Falls County Jail for failure to post bond on that and other charges.
During preliminary hearing Monday in Probate Court, Judge Eugene McCoy found there was sufficient evidence to warrant the binding over. Tuesday, however, Judge McCoy stated the charge against Docken will be an indictable misdemeanor rather than a felony. He said the statute covering such an occurrence does not list a police officer as an "executive officer," a definition necessary for the crime to be a felony. The police officer is considered instead, a public officer and, as such, the assault is not a felony. Judge McCoy said the law covering assault on a police officer is an 1887 law. He said it is a "good law" but thinks the definition of police officer is "something which should be rectified by the legislature."

Docken is charged in connection with striking officer Frank Lara in the face late last month. The officer was knocked unconscious as he and a second police officer were getting ready to book Docken in on other charges of assault and destruction of private property. These charges resulted from alleged incidents earlier at Red's Trading Post in Twin Falls.

Testifying Monday were Officer Lara and Officer John Wollard, who had arrested Docken near Red's Trading Post, and Ruth Miller, Times-News staff writer, who witnessed the assault of the officer at the police station. Trial date in District Court has not been set.

Twin Falls News In Brief

Mrs. Rose J. Smith, Hagerman, has been admitted to the Twin Falls Clinic Hospital for medical treatment.
Cynthia Terry, Kimberly, has been admitted to the Twin Falls Clinic Hospital for treatment.
Members of the Knoll Grange will meet Friday at 7 p. m. at the Glen Dossset home for a hamburger fry. The team of Harry Sharp, winner of a Grange contest will be guests of the event.

Arraigned

Leonard Leon Bromley, 27, Seattle, Wash., requested a preliminary hearing Tuesday when he was arraigned in Twin Falls Police Court on a charge of forgery.
He also requested the services of an attorney and the office of the public defender was appointed to represent him.
Bromley was transported earlier this week from Sandpoint by Sheriff Paul Corder, Bromley is in custody at the county jail in lieu of posting \$1,000 bond.

Magic Valley Obituaries

Mrs. Florence Parkinson

Mrs. Florence Parkinson, 85, 13 Foothill Blvd., Pocatello, died Sunday evening, of a short illness, in Richland, Wash., where she had been visiting a daughter.
She was born Oct. 3, 1884, at Logan, Utah, to Joseph and Ann McCormick Wilson.
She married Dr. George T. Parkinson Aug. 19, 1903, in the Salt Lake City LDS Temple. They moved to Pennsylvania where Dr. Parkinson was graduated from the University of Pennsylvania Medical School. After completing his internship, he served on a mission for the LDS Church. They then moved to Preston, later to Roxburg, Driggs and then Twin Falls, where Dr. Parkinson practiced medicine until his death in 1947.

Mrs. Parkinson was an active worker in the LDS Church. She served as a ward teacher for 12 years, was past president of the Relief Society, past president of the Stake Mutual Improvement Association and a member of the Daughters of Utah Pioneers. She was a member of the LDS 19th Ward.
She is survived by three sons, Robert W. Parkinson, Webb City, Mo., Leo W. Parkinson, Hayward, Calif., Dr. Burt T. Parkinson, Los Angeles, Calif.; two daughters, Mrs. Lee W. "Rinda" Lund, Richland, Wash., and Mrs. Addington "Clarissa" Martindale, with whom Mrs. Parkinson has lived for the past 23 years; 13 grandchildren and 15 great-grandchildren.

Funeral services will be conducted 1 p. m. Thursday in the Burley LDS Third Ward Chapel by Bishop Floyd Paskett. Final rites will be held in Gem Memorial Gardens. Friends may call at the McCulloch Funeral Home Wednesday afternoon and evening and Thursday prior to services.

Gus Moore
Gustav (Gus) A. Moore, 82, 651 Third Ave. E., died of a short illness Tuesday afternoon at a local nursing home.
He was born Aug. 9, 1887, at Clay County, Mo.
He married Georgia Barrett at Twin Falls in 1910. He was a member of Our Savior Lutheran Church. Mr. Moore was a well-driller, drilling for oil in Colorado, California and Wyoming, and for water in Idaho.
He had been a resident of Idaho and Twin Falls for the past 52 years. He was a Veteran of World War I.
Mrs. Moore died in 1963.
Surviving are a step-son, Harold Barrett, Twin Falls; two brothers, Ben F. Moore and Fred E. Moore, both Twin Falls; three sisters, Mrs. J. W. McDowell, Arcadin, Calif.; Mrs. D. C. Hudson, Laguna Hills, Calif., and Mrs. John Reddy, Twin Falls.
Funeral services will be conducted at 11 a. m. Friday at Twin Falls Cemetery by Rev. Eugene Tjarks. Friends may call at White Mortuary Wednesday evening, Thursday and until 10:30 a. m. Friday.

Mrs. Edmundson
KETCHUM - Martha Kay Edmundson, 68, died Tuesday afternoon at the Wood River Convalescent home, Shoshone, of a long illness.
She was born June 15, 1902, at Pueblo, Colo., and later was married to Ross Edmundson. He preceded her in death.
Survivors include one brother, Al J. Morrissey, Ketchum.
Private funeral services will precede final rites at 9:30 a. m. Thursday at the Halley Cemetery by Rev. W. B. Ellway. Arrangements are under the direction of the Bird Funeral home.

Bull To Retire
JERUSALEM - (UPI) - Lt. Gen. Odd Bull of Norway, chief of the U.N. Middle East truce supervision organization, will retire July 31, U.N. officials said Monday. Bull has worked in the Middle East for the past seven years.
The United Nations has not announced who will succeed him. The deputy chief of the truce observers is Maj. Gen. En I Siilasvuo of Finland.

Funeral Services

Glada Belle Hill, 19 a. m. Thursday, Twin Falls First Church of the Nazarene.
Anna M. Meyer, 2:30 p. m. Thursday, Hope Funeral Chapel, Jerome.

Mrs. Grindrod

BURLEY - Mrs. Isabella Baugh Grindrod, 54, Burley, died Monday in the Twin Falls Clinic Hospital of a short illness.
She was born Dec. 18, 1915, at Cache Valley, Utah-On Dec. 18, 1936, she was married to Lois Roy Grindrod in Burley. She had lived in Rexburg prior to moving to Burley and belonged to the LDS church.
Survivors include her husband, Burley; two sons, Kenneth Grindrod, Seattle, and Roy Lee Grindrod, Olympia, Wash.; one daughter, Mrs. Mary Baugh, Burley; five brothers, William Baugh and Ervin Baugh, both Burley; Jay Baugh, Page, Idaho; Ray Baugh, Beaverton, Ore.; Donald Baugh, Moscow, six sisters, Mrs. Ivan Barker, Boise; Mrs. Alma Twitchell, Gavelle, Calif.; Mrs. Herbert Moultrie and Mrs. Verl Chesley, both Burley; Mrs. Harry Foulks, Omaha and Mrs. Ray Bolland, San Gabriel, Calif.; 11 grandchildren.

Funeral services will be conducted at 1 p. m. Thursday in the Burley LDS Third Ward Chapel by Bishop Floyd Paskett. Final rites will be held in Gem Memorial Gardens. Friends may call at the McCulloch Funeral Home Wednesday afternoon and evening and Thursday prior to services.

Simon Ehler
Simon Peter Ehler, 81, 231 Fourth St. S., died Tuesday in a Grand Junction, Colo. hospital of a long illness.
He was born Jan. 2, 1889 at Brown Station, Mo., and came to Magic Valley at the age of 19 where he had lived since. He farmed, worked as a janitor of the Piler Schools, and worked as a carpenter.
He was married to Ada Arminta Diehl on July 17, 1912, at Grand Junction, Colo. She died on July 2, 1949 at Jerome. He later married Margaret T. Watson at Elko, Nev., on Oct. 28, 1955 and she preceded him in death on March 10, 1970, in Twin Falls. When Mr. Ehler became ill, he moved to Grand Junction to be near his son.
Survivors include three sons, Joe Ehler, Santa Susana, Calif.; William Ehler, Grover City, Calif.; and Elvin Ehler, Grand Junction, Colo.; his daughter, Mrs. Betty Lou Peterson, Anchorage, Alaska; two step-sons, Robert and Seth S. Watson, Grand Coulee, Wash.; five step-daughters, Mrs. LaVern Strong, Twin Falls; Mrs. Kate Nor-mandy, Reno, Nev.; Mrs. Donna Hallett, Council; Mrs. Hazel Turnipseed, Weiser; and Mrs. Shirley Shelby, St. George, Utah; 13 grandchildren; 14 step-grandchildren and 12 step-great-grandchildren. Four brothers also preceded him in death.
Funeral services for Mr. Ehler will be held at 1 p. m. Friday at the White Mortuary Chapel with Bishop Darrell Heider conducting. Burial will be in the Filer IOOF Cemetery. Friends may call Thursday evening and until services on Friday.

Bobby Shafer
Bobby Day Shafer, 50, 338 Tyler St., died of a short illness Tuesday night at Maglo Valley Memorial Hospital.
He was born Jan. 7, 1920, at Comstock, Neb., and as a child moved to Wyoming with his family. He married Elizabeth Marshall March 22, 1940, at Kimball, Neb. They moved to Twin Falls in 1941.
Mr. Shafer was employed at the Idaho Frozen Foods plant. He was a veteran of World War II.
Surviving, besides his widow, are a daughter, Barbara Jean Norberg, Las Vegas, Nev.; two sons, Lowell Ray Shafer, Buhl, and Arnold Kent Shafer, Twin Falls; a sister, Lela Hendricks, Buhl; a brother, Lyle Shafer, Buhl, and three grandchildren. Funeral services will be conducted at 3 p. m. Friday at White Mortuary Chapel. Final rites will be at Sunset Memorial Park. Friends may call Thursday afternoon and until 2:30 p. m. Friday at the mortuary.

Morris W. Carlson using some "plain language" in conversation with Herman Jewell, Mr. and Mrs. Arthur Kleinkepp recalling events during the four years spent at the old Minidoka Relocation Center. Robert N. W. Ballouin walking across street early in the day. Jean Millar and Connie Lecher operating copying machine. Pearl Rayl answering "calls about crop damage. Dr. Ernest Ragland reporting on plans to reopen school. . . and overheard "When you have to have your compensator extended, you could be in trouble."

Scouts' Camp Bradley Again Given 100 Per Cent Rating

For the second year in a row, Camp Bradley, operated by the Snake River Boy Scout Council, scored 100 per cent in the annual summer camp inspection conducted by national members of the Boy Scouts of America, Scout Executive Darl Glead, said Monday.

The inspection consists of 100 items recommended by the Boy Scouts of America for good camp operation. Sixty-eight of these items are required for an "A" rating, as well as a 90 per cent overall score.

This is the seventh year Camp Bradley has received an "A" rating since 1964. The perfect score places Camp Bradley in a very select group of only eleven camps throughout the nation who scored 100 per cent in 1969.

Mr. Rodney Pearson, Area; Mr. Buck Jones, Boise; and Dr. Joseph Marshal, Twin Falls; all members of the National Council, Boy Scouts of America, made up the inspection team. Wendall Young, Council Camping chairman, Report Darl Glead, Scout executive, Twin Falls; and John Hill, camp director, Twin Falls, represented the Snake River Area Council during the inspection.

Questions asked in their oral examination included the topics of campsite description and use, operating and program practices, personnel and their training, camp records, health facilities, and safety and sanitation features.

After the oral examination, the three camp representatives were given the opportunity to back up their statements with camp records.

CAMP BRADLEY BOY Scout Camp, operated by the Snake River Boy Scout Council, scored a perfect 100 in the annual summer camp inspection conducted by members of the national Boy Scouts of America Council. Darl Glead, Scout executive is pictured reviewing the results of the inspection.

Light Vote Turnout Expected

Several factors point to a light turnout of voters in the Aug. 4 primary election in Twin Falls, Morris W. Carlson, county commissioner, said Tuesday.

He said he has seen little interest among voters and, on the other hand, has detected considerable apathy on the part of voters with light campaigning by most candidates.

Mr. Carlson said the introduction of automatic voting in Twin Falls County, he feels, will discourage many of the older residents who do not want to bother learning the simple operation of the machines.

In addition, he said, there are no crucial issues on which candidates have been able to stir up voter concern.

Saying he did not want to predict the amount by which the Aug. 4 primary voter turnout will decline, but he feels certain it will be less than two years ago.

Mr. Carlson is operating the County commission office alone this week as Chairman Heber Loughmiller and William Chancey are attending a meeting in Coeur d'Alene.

Back Country Vacationers Advised To Check On Conditions—There's Still Snow In Those Hills

Some snow still clogs higher trails in the Sawtooth Primitive Area, and while all areas are accessible to foot some of the higher ridges are not yet open to horse travel.

Ralph Cisco, Sawtooth Valley District Ranger, said Wednesday it would be well for those planning trips into the back country to check with rangers or the Sawtooth National Forest office on the route they plan to take.

Some areas are about two weeks late this year in opening, but there has been heavy use already this season, a large amount of it being hiking parties.

For groups going in on horseback, Mr. Cisco said, feed is scarce and especially in heavily used areas, ground cover is fragile. Persons are urged to pack in their own horse feed with grain and pellet type foods recommended.

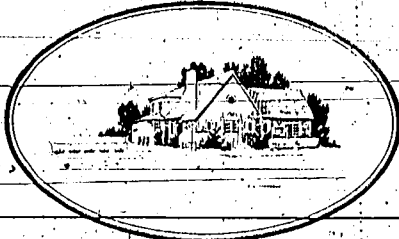

Forest officials, Mr. Cisco added, are encouraging those using the back country to continue the policy started

several seasons ago of packing out whatever they pack in. He said trash, cans and other debris can be crushed into a small amount of space and

carried out more easily than when taken in. All non-burnable material must be taken out.

Some downed timber has resulted from recent storms, and from the heavy snow of the past winter. Crews have been clearing this away as rapidly as possible and most trails have been reopened.

IMPORTANT TO EVERY FAMILY

It is important for every family to learn about funeral prices and customs prior to a WHITE MORTUARY pre-arrangement plan can spare your family needless worry, strain and by providing for complete oral arrangements in advance. Call or visit for additional information.

Maine's Welcome

Some interesting things are happening at a sprawling eastern airport... Big jets inbound from Europe are landing with increasing frequency...

been the making of Bangor. It has proved so attractive to first day... Bangor's major advantage, of course, in addition to the ready-to-go facilities inherited from the Air Force...

The Cities

Designing a metropolitan city from scratch, as suggested by Wilhelm V. von Moltke, Harvard University professor, could be an attractive idea in areas where there are plenty of wide open spaces in which to put them.

Successful in some cases in the United States, and there are those involved in planning who believe this is the answer to urban problems.

Confusion

A psychoanalyst has presented a professional paper to fellow psychoanalysts which concludes with the erudite mouthful that nonconformists may be more conformist than conformists.

trusiveness, the degree of individualism possessed by an individual in modern society makes interesting conversation.

M.R. SPECTATOR

That Brain Drain

The fabric of international cooperation in recent years has been strained by the attraction exerted by the United States on foreign scientists, the so-called "brain drain."

a new problem. There aren't enough jobs. Scientific skills are, for the moment at least, a drug on the market, which indicates that the brain drain may never have been as serious as pictured and that we still have a lot to learn about efficient management of man's most important resource - human talent.

WASHINGTON (NEA) - There are occasional signs the next generation of youngsters may be considerably more conservative in their attitudes. The other day this reporter talked at length with a seventh-grader about a discussion in her history class about people who burned the American flag.

There were 31 students in the class. In this discussion, it turns out two pupils thought it was all right to burn the flag. The other 29 were dead set against flag burning.

Peeping Tom

ROBERT ALLEN AND JOHN GOLDSMITH

Disarmament?

WASHINGTON - Prospects are good for a limited disarmament agreement, in principle, at the strategic arms limitation talks in Vienna this summer.

negotiating chip on the Vienna poker table. In soon-to-be published Congressional testimony, the Pentagon's research chief, Dr. John S. Foster, Jr., cautions against unilateral moves by the United States to drop Safeguard or MIRV.

Where Slavers

WASHINGTON - Half of the best of baseball's All-Star game, there comes a titillating report that one of those American white slaves known as "sports migrants" exploded during the telecast of the World Cup soccer championship from Mexico.

And to the motion picture screen, where a slaver of a different kind is being exposed by a new book, "The Slave Trade," by Robert Taft.

DOUBLE TALK

If some television commercials of the future sound as if the announcer is talking to himself, Mr. Spectator would point out that it may be because he is.

BERRY'S WORLD

Pro football players are no more active. Coaches lean heavily on the troglodyte type - the 160-pounder who moves with all the speed and grace of a dinosaur, dinosaur, and whose pot belly would swamp a battleship.

GEORGE C. THOSTESON, M.D.

Is It Catching?

Dear Dr. Thosteson: What causes conjunctivitis? Is there a cure? Is it catching? Does it cause blindness? - C.B.

Dear Dr. Thosteson: I have been told that milk and citrus fruits or juices are bad for allergies. Is this true? - M.M.A.

Dear Dr. Thosteson: I have been told that eating two bananas a day will help with constipation. Is there anything to this? - M.W.

"Playing Your Cards Right" Is Important Deal—Accessory Wise

By NORMA HERZINGER
Women's Editor

An "ace in the hole" is always good where fashion and accessories are concerned, especially this season amid the mid-mini controversy.

Magic Valley residents are invited to see how accessories and jewelry can be that "ace" in a jewelry fashion show at 8 p.m. Monday at the Turf Club. Modeling to the theme, "Christmas in July," local women will show how fall fashions will let you wear jewelry any way you want, around your waist, hair, neck and wrists.

By playing your cards just right, and taking the longtette leap forward-to-add-to-your wardrobe, of lengths, ac-

cessories can make you fashion pretty at all time.

Mrs. Craig Morris will narrate the show and notes all costume jewelry shown will be by Sarah Coventry. According to this leading jewelry firm,

"The longtette look demands a new look in jewelry. Rings, rings and more rings look great with this fall's fashions, and the choker is very popular and most versatile. Chains and beads are all still very "in"—one strand worn snug around the neck, while other strands hang low. Chains are multiplied around the waistline for a perfect fit. Bracelets multiply, also, all up and down the arm in high fashion. If you're going to go all the way to the ankle in fashions, you've got to go all the way in

matching accessories."

Most of the models will be wearing fashions from their own wardrobes, except during the grand finale, many of the festive cocktail and party dresses will be shown courtesy of Bob Harvey at the Mayfair Shop.

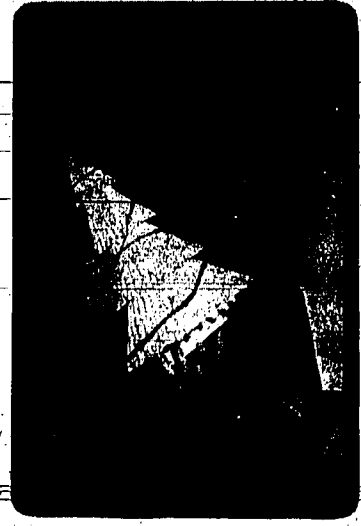

According to Charlotte Knight, district director for Sarah Coventry, "Since the longtette covers so much area, we can safely assume that jewelry will do the same. Fall fashions let you wear your jewelry anyway you want—and you can be your own fashion supervisor."

Tickets for the show can be obtained by calling Mrs. Knight or Mrs. Morris, at the Turf Club or at the door.

JEWELRY

fashion shows for the public are rare in Twin Falls, but one is scheduled at 8 p.m. Monday at the Turf Club themed, "Christmas in July." Among those participating in the show are those three lovelies, Mrs. Matt Smith; left; Mrs. Craig Morris, center, and Mrs. Gerald Devlin, right. Tickets can be obtained by calling Mrs. Morris or Mrs. Charlotte Knight, at the Turf Club or at the door the night of the show.

Grandmothers Club Meets

CASTLEFORD — Members of The Grandmothers Club of Castleford met at the Lincoln Courts, Buhl, for their regular meeting, with Mrs. Rae Miller and Mrs. Dallas Cox as hostesses.

Mrs. Miller read a poem, "Grandmother's Home", by the late Elinor Van Houten. The opening prayer was given by the club chaplain, Mrs. Hazel Brabb, followed by the flag salute.

Mrs. Ona Sample welcomed nine guests, Mrs. Lola Scholnick, Mrs. Gayle Shorthouse, and Mrs. Viola Hastings, all Twin Falls; Mrs. Virginia Brabb Williams, Eugene, Ore., Mrs. Pete Abshra, Onalaska, Wash., Mrs. Marie Swanson, Buhl, and Diane and Daren Denny, grandchildren of Mrs. Frank Bishop, who are visiting from California.

New great-grandsons were reported by three members, Mrs. Parley Harmon, with Mark Travis Welch, born May 17; Mrs. H. R. Senften, with Jeffrey Todd Bick, born June 23, and Mrs. Hazel Brabb, with Brian Randall Clark, born June 14.

Mrs. Melinda Hesselhoit reported a new granddaughter, Mary Melinda Whitenack. Jeffrey Todd Bick was also the grandson of Mrs. George Bick.

Members discussed "Issues That Effect Us Most." Mrs. Frank Bishop was appointed as the nominating committee member for the group.

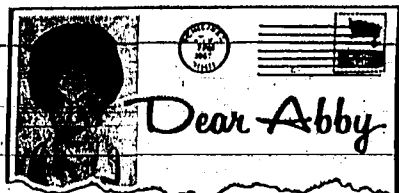

"Happy Birthday" was sung for Mrs. Brabb, Mrs. Earl Hodel, Mrs. Anna Holesinsky and Mrs. Mel Nihart.

A letter of appreciation from the First Baptist Church, Twin Falls, was read for the memorial from the club honoring Mrs. Alma Wells, as well as a card from the Wells family.

Mrs. H. R. Senften reported that birthday cards, anniversary cards and greeting cards have been sent to members of the club.

The next meeting is the annual picnic meeting Aug. 4 at the home of Mrs. Holesinsky. Members are asked to bring a salad and their own table service.

Women's Section

Paris Gives Blessing To "Long Look"

PARIS (UPI)—Paris gave its official blessing to the long look today with a 1970 woman covered more like 1907 from chin to toe.

Midl and near maxi skirts, booth, necklines high under the chin like wide Mao collars, long sleeves—this was the "hid absolutely everything" look for both day and evening at the fashion show of designer Philippe Venet on the first day of the winter collections.

Men could not even sigh over a well-turned ankle as boots, velvet or suede, were worn even with shimmering tulle midl evening dresses.

The leg not only disappeared but arms and necks as well behind the screen of high collars, full bias skirts, rippling accordion pleats and long flowing sleeves. Even the leg o'mutton sleeve was resurrected.

It's curious how the eye quickly gets used to the mid-maxi look, probably because long dresses already are all over the streets courtesy of ready-to-wear manufacturers who long ago beat the Paris haute couture to the punch. Although men complain about the downfall of the mini, they may well find the covered-up look graceful and downright pretty.

BRIDGE PLAYED

SHOSHONE — Wednesday Bridge Club met at the home of Mrs. Frank Carothers, with Mrs. Wayne Sorenson as hostess. Prizes were won by Mrs. Carothers, Mrs. Earl Cheney and Mrs. Oola Porter.

DEAR ABBY: As a man, I must object to your agreeing with the clerk in the bookstore who thought it was "bell-tling" for a wife to insist that her husband buy a book on "sex techniques."

When I got married, I thought I knew everything there was to know about being a lover. But not until my wife insisted that I read a book on "sex techniques" did we ever have complete mutual fulfillment. It is no more "bell-tling" for a wife to insist that her husband read such a book than it would be if she insisted he read a book on "golf tips" to improve his game. Don't knock education!

AN EDUCATED LOVER

DEAR LOVER: I am not "knocking" education—be it to improve one's score on the green or in the sack. The bookstore clerk said she had heard wives quarreling loudly with their husbands, insisting that they "needed" such a book, and that in her opinion was bell-tling. I agreed. This type of "how to" book is far more effective when purchased quietly and privately presented.

DEAR ABBY: If a man wears a toupee, which is technically a head covering, should it be removed upon entering a Christian church where a man's head is supposed to be uncovered? How about in an Orthodox Jewish synagogue?

M. B.

DEAR M. B.: A toupee is not a "head covering" in the same sense that a hat would be. It's a "head covering" as hair would be. A man would not remove his toupee when entering a Christian church any more than he would remove his hair. In an Orthodox Jewish synagogue a man's head is supposed to be covered. But if the man is bald and has covered his baldness with a toupee, he still must cover his head with a hat.

DEAR ABBY: For many years, a woman who calls herself my "best friend" has given me gifts which I feel certain were given to her.

For instance, she gave me a necklace made of seashells. I'm sure her friend in Hawaii sent them to her as no one around here wears them. Last Christmas she gave me a large box of dusting powder, but she had overlooked a tag on the bottom which read, "TO LYDIA FROM NORA." (My name is Marjorie.)

My husband had a similar experience. For his last birthday, his brother was here for dinner, and he brought along a box of chocolates. He must have known they were old because he kept remarking that they were probably "white" because it was a new kind of "Dutch chocolate." When we opened the box, the candy was white and hard, and all dried out. We threw it away because it wasn't fit to eat.

Abby, are we really expected to send a gushy thank you note for a gift we know the giver tried to save money on?

SICK OF IT

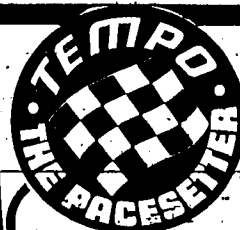

DEAR SICK: A simple "thank you" for remembering the occasion is all that's necessary. A "gushy" or insincere account of how "delighted" you were with the "lovely" gift would be hypocritical.

SUSAN YARDLEY KATHY BAKER PEGGY ANN STAIRY

Susan Yardley, Kathy Baker, Peggy Stairy, Moyes Disclose Reveals Troth Is Engaged To August Date Joseph Jones

MURTAUGH—Mr. and Mrs. Roy Yarriloy, Beaver, Utah, announce the engagement of their daughter, Susan, to Jay I. Moyes, son of Mr. and Mrs. D. Ivan Moyes, Murtaugh. Miss Yardley is a 1967 graduate of Beaver High School, where she was active in drama, music and a cheerleader. She was class valedictorian and attended Girls' State. She will be a senior at Brigham Young University this fall.

Mr. Moyes is a 1965 graduate of Murtaugh High School. He has fulfilled an LDS mission to Taiwan and Hong Kong. He is a junior at BYU, majoring in Chinese and is vice president of the BYU Chapter of Blue Key, national honor fraternity. The couple will be wed Aug. 21 at the St. George LDS Temple. They will reside in Provo, where both will continue studies at BYU.

Always eat three balanced meals a day if you're driving long distances, advises the National Automobile Club.

Karen Meade, Terrel Kidd Disclose Date

DECLO—Mr. and Mrs. Robert Meade announce the engagement and forthcoming marriage of their daughter, Karen Kay, to Terrel Kidd, son of Mr. and Mrs. Jay Kidd, all Declo.

Miss Meade is a 1970 graduate of Declo High School and Mr. Kidd was graduated from Declo High School in 1969. He attended the University of Idaho and College of Southern Idaho, where he plans to resume his education this fall.

The Cassia LDS East Stakehouse will be the scene of the Aug. 4 wedding rites.

Federation Leader Urges Women's Support

Mrs. Earle A. Brown, president of the General Federation of Women's Clubs, today issued a call to the Federation members to urge their U. S. Representatives to sign the discharge petition to get the Equal Rights Amendment bill out of the House Judiciary Committee and onto the House floor.

"The General Federation," said Mrs. Brown, "has been on record supporting the Equal Rights Amendment since 1944, and the time has come for concerted action to get the bill before Congress."

"Representatives Martha W. Griffiths (Michigan) and Florence P. Dwyer (New Jersey) have filed a discharge petition to force the Equal Rights Amendment out of the Judiciary Committee. For a petition to be effective, it must be signed by at least 218 (a majority) members of the House."

"It is my hope that every member of the Federation will write or wire her Congressman to take the necessary action to help get the U. S. Constitution amended, once and for all, so that equality under the law will be guaranteed to women."

MRS. JAMES BONDURANT, Kimberly, first vice president of the Magic Valley Council of Camp Fire Girls, has been elected for a three-year term to the National Council of Camp Fire Girls. She will represent Southern Idaho. One hundred fifteen members serve on the National Council. The next national meeting is set for Nov. 7 in Des Moines, Iowa.

REUNION HELD GOODING—Mrs. Maa Copsey hosted a Copsey family reunion recently at Camp Kum Ba Ya in the South Hills. The only members of the family not to be present were Mr. and Mrs. Jack Copsey and their four children of San Jose, Calif. Family members, attended from Washington, Oregon, California, Utah and Idaho.

"Lookie Here, Boy, You're In A Heap Of Trouble"—Attend Cabaret

BURLEY. — Joe Higgins, television's honored sheriff, will emcee the Cabaret Internationale presented by the Snake River Area Council, Boy Scouts of America, Aug. 15 at the Ponderosa Inn, Burley, Scout Executive Darl Glead said today.

Mr. Higgins, whose stardom snowballed when he happened along as a sheriff on Dodge commercials, is returning to the Cabaret for the second year in a row.

"Those who attended the 1969 Cabaret will remember him for his witty comments made during the entire afternoon and evening as he emceed the event," said Mr. Glead.

Proceeds from this \$100 per couple social event go to support the operation of the Snake River Area Council, Boy Scouts of America.

The program begins at 3:30 p. m. with a golf tournament. Later in the afternoon, a fashion show will be presented and Little Theatre productions will be given periodically through the day.

The day will conclude with a gourmet buffet and entertainment by some of America's well-known personalities, including Earl Nightingale.

JOE HIGGINS, TELEVISION'S honored sheriff, will emcee the Cabaret Internationale Aug. 15 at the Ponderosa Inn, Burley. The cabaret is sponsored by the Snake River Area Council.

T-N To Publish Story Of Castro Deceptions

Seventeen years ago this month, Fidel Castro began deceiving his way toward power in Cuba.

He did so by deceiving most of the world leaders, some of whom thought of him as the George Washington of Cuba.

Then, once in power, he deceived his own people.

Next, he deceived the Communists who helped him come into power.

His deception still continues. Many political leaders in the U. S. hope to resume diplomatic relations with Cuba, and the young idealists of America rush to work in Cuba's sugar cane fields.

The story of his deceptions will be told by the Times-News beginning Thursday, in a four-part illustrated series by William Glandoni, Latin American Editor of Copley News Service.

Glandoni will describe how Castro almost brought on World War III and how he plunged Cuba into economic ruin — yet continues to deceive.

You will enjoy this series by Glandoni, who is vice chairman at large of the Committee on Freedom of the Press of the Inter American Press Association.

Remember, the series begins Thursday. Don't miss it.

Walker Endorses Concept Of "One University" For Idaho

Concept of one university with three campuses and under one chancellor was urged by Lloyd J. Walker, Twin Falls attorney and candidate for the Democratic gubernatorial nomination in an address in Moscow, Monday.

Mr. Walker said such a program would end the battle between schools. "We must begin to concentrate on developing a quality education system and not one constantly

struggling to keep accredited," the candidate said.

"If we wait another four or five years as Sen. (Garry) Anderson has suggested, we will have seriously damaged our universities, something we cannot afford."

"To develop a quality education system for Idaho, there must be leadership totally dedicated to education and not involved in using the school system as a political plaything."

Cost Of Living Climbs In June, Report Shows

WASHINGTON (UPI)—The cost of living climbed again in June by four tenths of one percent but food prices went down and the rate of increase for some other things slowed noticeably, the government reported today.

The monthly consumer price index showed that food prices declined on a seasonally-adjusted basis, as is customary in the summer.

But higher prices for used cars, homes and most types of consumer services increased to offset the lower food costs to put the general price level at 133.2. This meant that in June, goods and services that cost \$10 in the 1957-1959 base period cost \$13.52.

The Labor Department which compiles the index said commodity prices "rose significantly less" in June than in May. The report also said "The rates of increase in prices of both durables and nondurables other than food both slowed noticeably."

Bureau of Labor Statistics had reported earlier that consumer prices rose 0.8 percent in April and 0.4 percent in May, but today's report said these had been adjusted to 0.5 percent in each month.

The monthly increases in the consumer price index have ranged from 0.4 to 0.6 percent in the past year. At 0.4 percent a month, the annual rate of rise would be 4.8 percent.

More than 1.1 million classroom teachers are employed in the nation's public elementary schools.

ACCIDENT-PRONE showed 64 per cent of the accidents among persons in elderly age groups involved in accidental injuries than women while males accounted for 36 per cent of the mishaps reported by hospitals and doctors.

adjusting to the temperature change. She had on her coat in the early morning but it had changed to a swim suit by early afternoon when the mercury was at 69. (UPI telephoto).

Environmental Group Endorses Cecil Andrus

MOSCOW (UPI)—The Idaho Environmental Council endorsed Cecil D. Andrus today as the best candidate to be Idaho's next governor and urged all conservation-minded Idahoans to support Andrus in the Aug. 4 primary.

Gerald Jayne, Idaho Falls, president of the council, said Andrus had been selected by a special state wide election committee appointed by the board of directors. He said the committee had its decision only after talking to each of the candidates and asking each to complete a questionnaire indicating their positions on a number of critical environmental issues facing the state.

Petition Filed For Sale Of Savings Assets.

BOISE (UPI)—Idaho Finance Commissioner John D. Silva said Monday he had petitioned district court for approval of the sale of remaining Idaho Savings and Loan assets.

A court hearing on the petition is scheduled for Aug. 13. Shareholders have been asked to write to the Finance Department before then to indicate approval or disapproval of the offer.

Silva said sale of the assets to Continental Life and Accident Co., and Western National Corp., both Boise, would bring total returns to shareholders of the defunct association to 72 percent of their deposits.

Idaho Savings and Loan closed more than four years ago with more than \$21 million in deposits from more than 20,000 Idahoans. About 50 percent of the depositors' money has been returned so far.

Visits to the country's National Parks are expected to top 176 million in 1970, nearly 9 percent more than in 1969.

"Schemes" Criticized

BOISE (UPI)—The attorney general's office has filed a complaint against the Tri-West Construction Co., and the Prudential Savings and Loan Association.

The 18 charges in the suit contended the defendants violated the state Deceptive Trade Practices Act. The complaint claimed they used "model home schemes" in a given area for advertising aluminum siding but never limited the number of homes. The brief stated the Prudential Saving Association had a voice in setting stan-

dards for the business transactions by providing contract forms for Tri-West's dealings. Attorney General Robert Hobson said Tri-West sells and contracts for installation of aluminum siding in the Boise area. He said many complaints were received when the company would not back their product if it was defective. Charges were also made that the company offered to consolidate debt so that aluminum siding may be purchased, but then payment would be higher than at first.

Burley Center To Open Sept. 15

BURLEY — The Burley Day Care Center, which closed July 15, will reopen on Sept. 1, Larry Mack, Twin Falls South Central Community Action Agency.

Motor Of Plane Is Stored

SHOSHONE — Motor of a plane which crashed June 27, near Shoshone, killing a Grants, Ore. woman and injuring her pilot husband, is being stored at Buhl for further study by FAA officials, Chief of Police Bill Anderson reported.

He said the plane was dismantled at the crash site near Shoshone and studied by mechanics and then taken to the Buhl airport where it will be kept for possible further study. At this time, Chief Anderson said, mechanics who examined it could find nothing other than "worn plugs" which they feel probably caused the Cessna 182 to go down.

Earlier it was reported the plane was dismantled at Buhl and studied for defects, but Chief Anderson said the study under the direction of David Beardly, national transportation and safety board was made at the crash site.

Two Pleas Entered At Burley

BURLEY — District Judge James Cunningham, Twin Falls heard two men enter guilty pleas in district court, Burley, during arrangements.

Roger C. Togerson, 27, Paul pleaded guilty to a second degree burglary charge. The court rejected his plea on the grounds that he should be counseled by an attorney, Herman Bedke, public defender, was appointed. The charge is in connection with a car burglary, and a trial date will be set.

Jose Sosa, 36, Mexico, pleaded guilty to possession of marijuana but claimed that he was drunk and didn't know he had marijuana on his person. Sosa had been arrested for intoxication and during a routine search was allegedly found to have possession of marijuana. The court entered a plea of not guilty for Sosa.

Gordon Nielson, prosecuting attorney, reported the court is considering releasing Sosa to the federal authorities for exportation to Mexico as he is an alien.

Oldest Citizen At Hailey Dies

HAILEY — Hedley Charles Board, 88, Hailey's oldest native citizen, died Tuesday at the Marsh Valley Hospital in Downey of a long illness.

A longtime operator of the Board sawmill here for many years, he was the first child baptized in Hailey's Emanuel Episcopal church here on Christmas, 1884. He was born April 3, 1884, in Hailey and on May 12, 1915, married June Mizer here.

His parents purchased the Board Sawmill in 1884 and he and his brother, Fred Board, assumed operation of the business in 1915. They homesteaded the Sunset ranch on Warm Springs Creek, where he was living at the time of his death.

The mill was sold several years ago. Survivors include his widow, Hailey; two daughters, Mrs. Ralph (Frances) Naser, Lewiston, and Mrs. E. G. Fern Burkett, Downey; 12 grandchildren and nine great-grandchildren.

His brother, Fred, died in May, 1970. Funeral services will be conducted at 11 a.m. Friday at the Emanuel Episcopal church by Rev. W. D. Ellway. Final rites will be held in the Hailey Cemetery. Arrangements are under the direction of the Bird Funeral Home.

Concert Set

BUHE — The Master's Men, a men's quartet from Northwest Nazarene College, Nampa, will present a concert at 8 p.m. Thursday at the Buhl Church of the Nazarenes.

Accompanying the quartet and speaking during the concert will be Kenneth Meacham, college alumni secretary.

director, said Tuesday. —By that time, funds from the Head Start programs in Twin Falls and Burley will have been reallocated to the Day Care Center program, he said, and Tom Schwartz, acting director for the Neighborhood Center in Burley, will have initiated several fund raising programs.

Originally the Day Care Center was allotted funds for eight months of operation by the Health, Education and Welfare Department, and the center was expected to raise funds for the final months of operation.

Unfortunately, the projects planned by the Burley center were unsuccessful and the needed funds were not obtained. Besides the shortage of funds, the Day Care program has had a insufficient number of children attending during the summer months. Eleven children are enrolled, nine below the minimum number required to keep the program operating, and anywhere between one and eleven of these children were absent from the center daily, said Mrs. Renee Stuart, Burley director.

Mrs. Stuart and Mr. Mack, along with other Community Action Agency officials, discussed the problems facing the program, and Mrs. Stuart suggested closing down the program for a month for local fund raising efforts.

Burley School Supt. Harold Blower, a member of the Community Action Board, made requests to Twin Falls and Burley Head Start directors for reallocation of unneeded funds.

The directors agreed to reallocate \$5,600 to the center, even though this shortage to the Head Start program will cause minor hardships.

The closure hit hard at families using the day care center. One woman told reporters that \$40 of her \$160 salary now must go to a baby sitter.

The Day Care Center has helped keep many low income families off public assistance, and for a short time, some will be forced to turn back to welfare, said Mrs. Stuart.

Employees for the center have been terminated for the month that the agency is closed to save funds allocated for wages. Mrs. Stuart and her assistants have been asked to reapply in September when the program starts again, said Mr. Mack.

Parade Set Friday By Paul Ward

PAUL — The annual Pioneer day parade for the Paul LDS Ward will be held Friday starting with a "round-the-block" parade at 6 p.m.

A short program at the city Water Tower Park will follow the parade and pot luck supper will be served. The event is under the direction of the Primary Association and also will feature displays with an introduction to next years program.

MIA closing social will be held July 29 at Indian Springs with swimming and a family gathering pot luck supper at 9 p.m. Lunch will be provided.

MIA sponsored Scout Troop 50 spent last week at Camp Bradley, under the direction of Keith Dixon and Don Handy.

The MIA also participated in Minidoka LDS State Roadshow with a show entitled "The New Zion" written and directed by Mr. Keith Dixon. Mrs. Reed Armstrong was dance director.

Rupert Lady Hurt In Mishap

SHOSHONE — Mrs. Leslie Short, Rupert, was treated by a Shoshone physician and released after an accident 18 miles north of Shoshone on U.S. Highway 93 at the intersection of the Magic reservoir road at 10 a.m. Tuesday.

Howard Egbert, Logan, Utah, driving a 1965 Ford pickup was also traveling south on U.S. 93 and had turned left off the highway.

Michael Short, in a 1969 Ford Sedan, was driving south behind the Egbert car. His wife was the only injured person. Mrs. Egbert was a passenger in her husband's vehicle.

DEBBIE MABEY

Housing Plans Are Approved At Burley

BURLEY — City Council members in Burley have accepted a bid of \$31,000 from Gordon Paving Co., Burley, for seal coating runways at the Burley airport and approved plans for a new housing development, Mayor Rarria Robertson reported Wednesday.

The housing development, proposed by Wills Inc., Twin Falls, would include a number of two-bedroom homes selling in a price range from \$14,000 to \$18,000 for moderate income families. Federal funds would be used in the construction.

In this week's council meeting, council members reviewed a report of the Burley Planning Commission and made plans to attend a meeting July 28 at 7:30 p.m. with county commissioners, city and county planning board members to discuss zoning regulations.

An ordinance regulating junk and abandoned automobiles was read and approved to become effective 10 days after publication. A report was also heard on junk cars at Albertson's Body Shop on West Main St., and councilmen said they feel the new ordinance will take care of this situation.

Mayor Robertson appointed Charles Shaduck, city clerk, as general chairman of an Association of Idaho Cities meeting to be held in Burley in 1971. Mrs. Ted Smith was also appointed by the mayor to serve as general chairman of the women's activities.

In other business council members heard a request for improvement of soft ball diamonds in the city. Bob Martin, chairman of softball activities, was told the city will make improvements as soon as men and equipment are available.

Residents in the Northeast part of the city presented petitions for formation of a local improvement district, and an ordinance regulating truck parking in the city, including residential areas, was discussed.

Other council business ranged from a report by a local resident of too many cats in her neighborhood to an invitation from Norval Wildman, Cassia County Fair chairman to Mayor Robertson and council members to participate in the coming parade.

Band Concert Program Set

The Summer Park Concert given by the Twin Falls Municipal Band will open with the "March Processional". The band also will play "Ye Banks and Braes O' Bonnie Doon," "Holiday in Paris," "Around the World," and "Alouette March."

After intermission the band will play "Before the Parade Passes By," "Balladair," "Beguine Festival," "Milk and Honey Highlights," "His Honor March," and "The Star Spangled Banner."

Civil Defense Chief Addresses Rupert Meet

RUPERT — Lyman Martindale, Cassia County Civil Defense director, termed Civil Defense as "local government working under emergency situations," when he spoke to members of the Rupert Chamber of Commerce.

Purpose of CD, he said, is to save lives and property. He was introduced by George Falkner, Minidoka County CD director, who announced this county currently has stocked shelters for 1,200 people. The county has between 14,000 to 15,000 people residing here, with 17,000 during harvest season.

The officials said Minidoka County currently has "good CD system, but lacks shelters. This county currently has only one shelter at Rupert, which is located at the St. Nicholas Catholic Church. Two others are at Minidoka Dam and two on the desert at Kimama Cave and Bear Trap Cave."

Mr. Martindale stressed the need to have the shelters where the people are for easy access. He explained the CD operation and noted that several years ago, his department and the Red Cross were pushed into action because of floods. He said that through Common Law 875, local agencies can receive government aid after local disasters.

Most frequently, he pointed out that people will associate CD with the atomic bomb, and said its program also includes assistance during earthquakes, tornado, etc.

Contrary to the belief of some, the CD director doesn't take over positions currently held by fire and police chiefs, and that all departments work together for a uniform program. The director is trained and works with the State Office and is "hired and relieved of duties" by the county commissioners.

Debbie Mabey To Reign Over Oakley's Pioneer Day Events

OAKLEY — Debbie Mabey, 18, daughter of Mr. and Mrs. Donald Mabey, Oakley, will be reigning over the annual Pioneer Days celebration Friday and Saturday at Oakley.

Miss Mabey was graduated from Oakley High School this spring and plans to enter Ricks College this fall. She rode in the July 4th parade at Rupert and also appeared at the Rupert rodeo. She will be competing for the Cassia County Fair and Rodeo queen in August.

In high school she was a member of the Oakley Drill Team, belonged to the Pop Club, Pop Band, and Future Homemakers of America, for which she served as secretary-treasurer and vice president. She was crowned Harvest Queen during the annual Harvest Ball at Oakley High School.

The two-day celebration will get under way with a sunrise salute July 31 under the direction of the American Legion Post, Jack Mullens, Commander. Theme this year is "100 Years of Progress".

The Chuckwagon Breakfast will be served from 8:30 a.m. to 9 a.m. in the Oakley City Park under the direction of Oakley Chamber of Commerce.

From 10 to 11 a.m. will be the Pioneer Day program at the Cassia Sinko House with Ivan J. Harrett, Salt Lake City, as the featured speaker. Mr. Harrett has made a lifetime study of Western and LDS Church History and teaches these subjects.

John Clark's beef barbecue will be served from 11:30 a.m. to 1:30 p.m. in the City Park. This event is sponsored by the Cassia LDS Stake Presidency. The Gymkhana will get under way at 1:30 p.m. at the Oakley Rodeo grounds. Contestants are to sign up at the Rodeo Office in downtown Oakley, during the morning hours. Parents permission must be given if contestants are under 21 years old.

At 2:30 p.m. will be the first showing of a movie "Dr. Doolittle" at Cassia Stake Playhouse; two showings during the day are planned.

An ICA approved Rodeo will begin at 8 p.m. both nights with Jake Popa producer of the Spur Rodeo Rodeo. Events include bareback riding, saddle bronc riding, Brahma bull riding, team roping, Brahma calf roping, bull dogging and girls barrel racing.

The parade time has been changed to 6:30 p.m. Friday and will form at the American Legion Hall at 5 p.m. and travel the length of Main Street. The parade arrangements are being handled by American Legion, and prizes will be awarded. Outside entries in the parade are welcome according to Jack Mullens, chairman of the parade.

Beginning at 1 p.m. Saturday a team roping contest will be held with a three steer average sponsored by the Oakley Roping Club. At present some 30 teams have expressed an interest in entering this event.

The 22 1/2 mile Pony Express race of five horses with one or more riders will begin at 7:30 p.m. Saturday at the Oakley Rodeo grounds. The entire race is run on a dirt track and will be started and finished in front of the grandstand. The first place team will receive \$1,000; second team \$400; third place team \$200 and the team finishing fourth will receive \$150. Teams interested in entering this event which is \$100 entry fee may contact Keith Franks, Raddon Layton, Bill Brokman or John F. Martin or the rodeo office.

The person estimating the time it takes to run the pony express race will receive \$100 for the closest guess and \$50 to the person guessing the second closest time.

Serving this year on the Oakley Vigilante Board are John F. Martin, president; Keith Franks, vice president; Raddon Layton, secretary-treasurer; Barnt Fairchild, Keith Warr, Ordel Simper, and Bill Brokman, all directors.

SHOSHONE — Tuesday rains that fell on federal range land have not lowered the fire danger, Richard Beckman, administrating officer for the Bureau of Land Management said Wednesday.

The rains have not given a sufficient amount of downfall and prevailing winds have dried the grass as fast as the rain fell. The fire danger will probably stay steady until September, with the occasional rains, he said.

According to Wallace Flaxen, fire control officer, the wind actually blew hard enough to put out several of eight fires last week and the wind was recorded at 90 miles an hour Monday about 5 p.m. at Notch Butte station.

Lightning caused at least four of eight fires that were reported on federal range land Monday and Sunday of this week. Four were started along the railroad and a load of hay caught fire. Fire fighting crews were called to handle these fires.

The largest fire was caused by lightning and burned 90 acres on Milner Canal east of Sugar Leaf Butte and another half an acre between Shoshone and Notch Butte lookout station, just south of Shoshone.

BLM Studies Report On Land Proposals

SHOSHONE — Bureau of Land Management today were beginning to study reports of a public hearing here Tuesday on proposals for classification of some 1,677,798 acres in Magic Valley.

Most of the 55 persons attending indicated approval of the plan that the public land in Blaine, Camas, Elmore, Gooding, Jerome, Lincoln and Minidoka counties be classified for continued public ownership and multiple use management.

Donald E. Bumbury, BLM really specialist, stated the proposed classification would provide more secure tenure for livestock, ranchers, miners, hunters, recreationists and other public land users.

Boundaries of the proposed plan were shown on a map which also indicated sites to be classified against mining. These areas contain about 2,800 acres.

William T. Mabbitt, BLM Shoshone district manager, and Orval G. Hadley, Boise, were among the officials attending. They noted that persons wanting to comment further on the proposal may write the Shoshone BLM office, Box 25, before Sept. 16.

After all comments are in, BLM officials will then submit a final classification recommendation which they will attempt to implement.

Ketchum Dedicates Hemingway School

KETCHUM — "I feel it fitting that we dedicate this building to further understanding among men and especially dedicate it to the children to start on their long path of education here."

Jack Hemingway, Ketchum, son of the late author, made this remark during the formal dedication ceremony Tuesday afternoon for the year-old Ernest Hemingway Elementary school named for his father.

which she had created to be placed on her husband's grave. When the statue was completed by Jonathan Kenworthy, however, she decided the school would be a better place for it.

Mrs. Hemingway also is credited with furnishing the floor for the school's gymnasium.

Also speaking during the brief ceremony was Ray Jefferson, former school principal and presently assistant superintendent of the school district. He noted the building is the first new school in Ketchum in about 30 years and dedicated the institution to the "memory of Mr. Hemingway, to the reestablishment of understanding and rebirth of communication, to a reassessment of values, to a purpose of ambition and to mutual love and respect among men."

Representing the school fund raising committee, Robert Ackerman, noted the accomplishments of the committee in raising funds for needed equipment at the school.

Jack Brown, representing parents of students, thanked Mrs. Hemingway for her generosity and inspiration which motivated the community to action.

Blaine County Commission Chairman Charles Atkinson read a telegram from Sen. Frank Church which said that "Mr. Hemingway had been a prime shaper of literature in the 20th century. Since he chose Ketchum as his home, the senator said, it is fitting the new school should bear his name."

FOUR LISTED

SHOSHONE — Local students who were on the dean's list at the College of Education at Idaho State University, Pocatello; the last semester include Randall Berriochio, Jerry Subbia, Mrs. Hope Thompson, and Fred Frankle.

School

Training sessions in use and operation of automatic voting equipment began Wednesday for election workers in Twin Falls County precincts and will continue at 2 p.m. and 8 p.m. through Friday.

County Clerk Harold Lancaster said seven precincts will be trained at a time and workers will be notified of which session they will attend.

Assisting in the dedication of the year-old Ernest Hemingway Elementary School at Ketchum Tuesday afternoon were from left, Charles Atkinson, Blaine County commissioner; chairman Jack Hemingway and Mrs. Mary Hemingway, the

Jerome's 37th Annual Fair Will Open Aug. 26 With Patriotic Theme Parade

JEROME — Jerome will begin this year's fair with the annual parade in downtown Jerome on Aug. 26th. The theme this year will be "This is My Country," with first place winner in the float division to receive \$50, according to John Stalle, chairman of the Jerome County Fair Board.

There will be four divisions this year; floats, drill teams, riding groups and children and novelty.

Jim Rupert, fair board member, will be in charge of arrangements for the parade and Bob Walton is expected to be marshal.

Drill teams from Jerome junior high and Wendell high and Valley high school will participate in the parade.

Members of the National Guard's 116th Armored Cavalry unit attired in historical uniforms, the Purple Sage high school riders from Gooding and the Jerome Junior Posse are all expected to participate in the parade.

Mr. Stalle said that Caroline Harvey, Twin Falls, Miss Rodeo Idaho, has been invited to attend the 37th annual fair.

The carnival will be provided by Ray Cammack—Shows, Lennox, S. D.

"I have been looking into many carnivals and I feel this is one of the cleanest carnivals I have seen and we are lucky to get it," Mr. Stalle noted.

He said the rodeo producer is Del Haslam, Cross Triangulo Rodeo Ovid, Idaho, and a first-rate bucking string will be featured.

The program is Rodeo Cowboy of America (ROA) sanctioned and there will be clowns and specialty acts.

There will be girls barrel racing approved by the Intermountain Barrel Racing Association.

This year's fair features 13 major departments, the same as in 1969.

An added feature at the fair will be a youth night program on Aug. 29 at the Jerome Armory. There will be a battle of the bands starting at 8 p. m. and

a dance at 10 p. m.

The top band will receive \$150 and will provide music for the dance. Second through fourth place winners in the band contest will receive \$25 each.

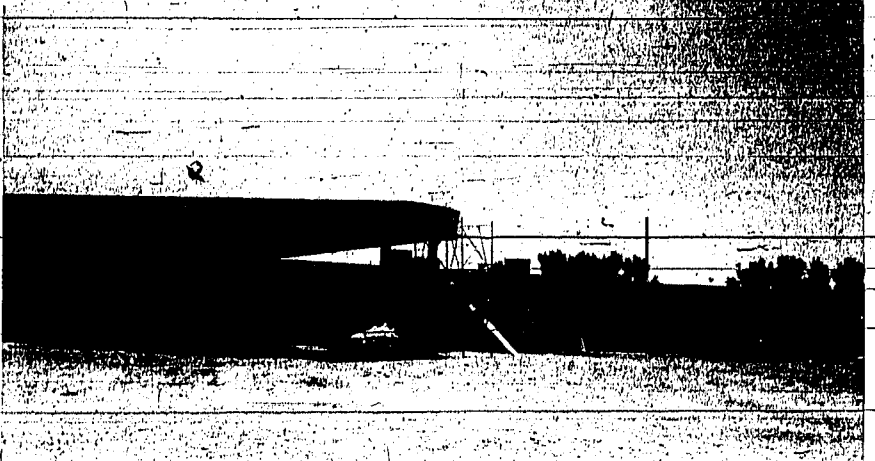

"With the scheduling of youth night there will be close coordination so that floral and merchant exhibits can be removed from the armory so

the battle of the bands and the dance can take place," Stalle said.

Along with the new cover over the grandstand other improvements at the fairgrounds included new men's restroom, painting of the main grandstand and the produce building and new wiring in the rodeo and grandstand areas.

Mr. Stalle said the Junior Posse horse show will be Aug. 24, the first official day of fair week, starting at 9 a. m. The open class horse show is on Aug. 29 beginning at 9 a. m.

Concession stands will be operated by the Farm Bureau, Christian Church, Moose Lodge, IOOF lodge of Eden and the World War I Barracks.

GOODING'S NEW nursing home, Green Acres Terrace, is being readied for the opening date, now scheduled for Aug. 1. The staff is complete and half of the beds already are committed, reports Rev. Robert Slagel, administrator. The nursing

home will include a therapy room with whirlpool bath, as well as smoking room, dining room and game room. Gooding's new physician, Dr. James L. Malchan, will have an office in one wing of the building.

Nursing Home Nears One Of 32 U.S. Contractors Opening

By DIANE METZGER Times-News Correspondent

GOODING — D. A. (Swanny) Kerby, one of 32 U.S. contractors in the nation, will again be producing the Gooding County Rodeo this year.

Mr. Kerby started his business in 1948 by supply a Moab rodeo with stock "because there was no one else in that kind of business."

Two decades later, his Bar T Down is one of the best-known rodeo contracting firms in the nation.

Three years ago he was asked to stage two rodeos in West Virginia. And that is a long ride, even for a man who knows "every trail and waterhole" in the hidden splendors now called Canyonlands.

Born and raised in and around Moab, Mr. Kerby spent his youth in the open spaces. By the 1940's he had a small ranch near Moab.

About that time the Bureau of Land Management decided to combat the population explosion of mustangs on the area's open ranges. Mr. Kerby organized an outfit, and won the contract.

For two seasons the horsemen rode through the spectacular scenery—Northeast of Arches National Monument from the Colorado line to the Green River. Wild horses were ferreted out from the rims beneath the Book Cliffs. And near the Devils Garden, Kerby's horsemen found a herd of about 275 animals running free as the wind.

He now keeps several hundred head of stock, including a string of 100 bucking horses. Rodeos also use his Brahma bulls, steers and calves for events.

He acquires Brahmas from Mexico and Louisiana, and buys bucking horses "wherever we can find them". Broncos—which are useless for gentlemen riders—are brought for about \$150 each. If they stop bucking, they become "runaways" and are sold for as little as \$50 each.

Mr. Kerby estimates that each season his loss for replacements is over \$5,400.

"We have as good a herd as any in the Northwest," Mr. Kerby says. And the quality of his stock is endorsed by the Rodeo Cowboys Association. Each year the RCA sends out "spotters" to locate the broncos and bulls that buck the hardest.

Mr. Kerby usually has sent "a good shire" of stock to the annual national finals.

This season Mr. Kerby was awarded—the contract to produce one of the largest rodeos in the nation, which will be held at the famous Salt Palace in Salt Lake City Utah, July 22-24, with six performances.

Rodeo announcer this year will be Bill Heaps of Murray Utah.

New Constitution Praised By Roberts

HAGERMAN—The proposed revised constitution, which the ballot this fall, but action currently is pending court decision on the legality of this

Legislature last winter approved putting the proposal on the ballot this fall, but action currently is pending court decision on the legality of this

Other speakers at the meeting were Vivian Burdon, GOP candidate for county clerk, auditor and recorder, and Doris Robertson, Gooding county treasurer.

Each spoke briefly after being introduced by Mrs. Alfred Sandy.

The whirlpool bath in the therapy room will be a great asset to the nursing home, Rev. Slagel said. There are many special rooms located throughout the new structure which will include a smoking room, dining room and game room. There will also be a social director on the staff.

Dr. James L. Malchan, Gooding's new surgeon, will have an office in one wing of the building.

Appaloosa Club Members Are Preparing For Sunday Show

JEROME—Mrs. Jerry James, Jerome, and Mrs. Donald De Pew, Hannon,

members of Magic Valley Appaloosa club, have put finishing touches on trophies to be awarded at the Magic Valley Appaloosa show, in conjunction with Frontier Days horse show to be held in Twin Falls, at 1 p. m. Sunday at Frontier Field, Twin Falls.

7 and under. In this event the parent holds a lead line on the horse but the child must rein the horse.

Mrs. James and Mrs. De Pew painted the horses to look like appaloosas. They will be mounted on pair daisy-type trophies, to be awarded to winners in 24 classes of Appaloosas.

The trophies are being furnished by merchants from Shoshone, Wendell, Jerome, Hannon, Twin Falls, Hagerman and Gooding.

Mrs. James said the event will include halter classes for mares; 10 performance classes and is open to everyone. There will be no admission fee.

"Anyone who would like to enter the event may obtain an entry blank from Evelyn Hamalain, Box 1044, Twin Falls or call 733-5664," she noted. Entries will be accepted up to day of the show.

Mrs. James said the Frontier Days show will include all breeds of horses. "Just about everything for the horse lover."

The halter classes will start at 1 p. m. and performance classes to start at 6 p. m.

A new event has been added this year to the activities. The Tiny Tot Lead class for children

MRS. JERRY JAMES, Jerome, holds the lead line on the pony of her small daughter, Joan, in preparation for the Magic Valley Appaloosa show, to be held at 1 p. m. Sunday in conjunction with the Frontier Days horse show, Friday through Sunday. The Tiny Tot Lead class, for children under 7, is a new feature this year.

Mrs. James said the event will include halter classes for mares; 10 performance classes and is open to everyone. There will be no admission fee.

"Anyone who would like to enter the event may obtain an entry blank from Evelyn Hamalain, Box 1044, Twin Falls or call 733-5664," she noted. Entries will be accepted up to day of the show.

Mrs. James said the Frontier Days show will include all breeds of horses. "Just about everything for the horse lover."

NORTH SIDE Class Has Reunion At Wendell

Surgeon Opens His Office At Gooding

GOODING—Dr. James L. Malchan, a general surgeon from Peoria, Ill., has arrived in Gooding to open his office in the new Green Acres Terrace Nursing Home Aug. 1.

at Ft. Benjamin-Harrison, Ind. He plans to do some general practice and specialize in general surgery.

An Army veteran just recently discharged from Ft. Benjamin-Harrison, Indiana, Dr. Malchan attended St. Regis College in Denver and St. Louis University Medical School in St. Louis. He had his internship at St. Francis Hospital in Peoria and took his specialty training at the V.A. Center in Des Moines, Iowa.

Dr. Malchan and his wife, Helen, have three children, Paul, 6; Sayna, 5; and Susan, 3. They will reside on West Fourth Street in Gooding.

While serving with the U.S. Army, Dr. Malchan was stationed at Walter Reed Medical Center in Washington, D.C., and was chief of surgery

A pollock luncheon was held Sunday at the Wendell City Park with 21 class members and their families attending. Special guests were Mrs. Hazel Lawton and Mr. and Mrs. Everett Cox.

Reunion committee members were Mrs. Pam Fleming, Mrs. Mary Adams, Mr. and Mrs. Barry Howsden, and Mr. and Mrs. Joe Jasper.

The next reunion has been scheduled for 1975 with Mrs. Joan Edwards, Mrs. Teresa Strohberg, Mrs. Mary Adams and Mrs. Sandi Howsden in charge of arrangements.

LOSE SLEEP LONDON (UPI)—Residents living near the Plushet Park Zoo have signed petitions asking that the amorous peacocks at the zoo be moved to a larger park. They claim they can't get to sleep because of the birds' mating cries every night.

Sale Slated

GOODING — The annual Gooding Merchant's Sidewalk Sale will be held Thursday, according to Don Carrico, president of the Merchants Bureau.

Mr. Carrico said the annual clearance sale will be held on the sidewalks in front of the participating merchants' stores beginning about 8 a. m.

COULD BE, BUT... FAIRHAM, England (UPI)—Navy doctors said the rash on Petty Officer Frank Bromfield's neck could be caused by cats, rabbits, guinea pigs or mice. But the real reason turned out to be an allergy to the shampoo his wife used.

**Dr. Gibney
Has T. F.
Practice**

Dr. John P. Gibney, doctor of internal medicine, has recently set up practice in Twin Falls. He is associated with Roy O. Shub, M. D., and James H. Spafford, M. D., who are located at 204 Main, Office Suite 1.

DR. JOHN P. GIBNEY has set up practice in Twin Falls. He is a doctor of internal medicine.

Dr. Gibney was graduated from Stritch School of Medicine at Loyola University, Chicago, Ill., and served his year internship at Washington Hospital, Washington D. C. He spent three years residency in internal medicine at Evanston, Ill., and has served two years in the Army at Fort Carson, Colo.

In Carbondale, Ill., Dr. Gibney practiced internal medicine with the Carbondale Clinic for eight years before moving to Twin Falls.

Dr. Gibney and his wife, Elizabeth, and son, David, are residing at 102 Filmore.

**CSI Vo-Tech
Graduation Set
For July 31**

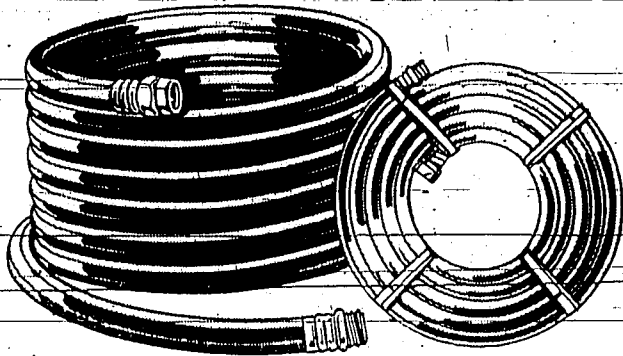

Vocational-technical students at the College of Southern Idaho will graduate July 31 and fall courses will begin Aug. 31. Keith Forrell, vocational counselor, said there are students graduating in each of the 13 programs offered at the school.

Programs are drafting, TV and radio repair, electrical appliance repair, welding, automobile technology, farm, diesel and hydraulics, electrical appliance repair, mid-management and distributive education, agri-business, auto body, refrigeration and air condition, licensed practical nursing and law enforcement. These courses and a beginning program of homemaking will be offered this fall. Applications are being taken for the fall term, Mr. Forrell said.

POPULATION INCREASE
SINGAPORE (UPI) — The population increase in Singapore is slowing gradually, according to figures for the first quarter of 1970. The increase in that period was 7,992, compared with 8,500 in the corresponding period of 1969 and 8,718 in 1968. Singapore's population is about 2 million.

Cowboys Pound Idaho Falls For 16 Hits In Taking Easy 10-2 Win

McLain Knocked Out, But Tops Twins 5-2

ST. PAUL-MINNEAPOLIS (UPI)—Denny McLain, making his sixth start since his return to baseball, was knocked out of the game by a liner off his shin in the eighth inning but still got credit for his first victory of the season Tuesday night as the Detroit Tigers beat the Minnesota Twins 5-2.

McLain allowed just six hits before leaving the game in the eighth inning when Cesar Tovar led off with a line drive single into left territory and bounced into first, hitting near third base. The injury was diagnosed as a bruise.

McLain struck out three and walked one in lasting the longest since returning from his half-season suspension on July 1st. The victory was his first since last Sept. 27th and gave him a 12-11 record.

The Orioles reached Kansas City pitcher Bob Johnson in the ninth for the winning run. Johnson struck out 11 Orioles-Kansas City club record, before losing.

A's 4, Solons 0

WASHINGTON (UPI)—Sal Bando tripled in a fourth inning run and scored on Don Mincher's sacrifice fly Tuesday night to lead the Oakland A's to a 4-0 victory over the Washington Senators behind the six-hit pitching of John Segui and Paul Lindblad.

Angels 10, Boston 6

BOSTON (UPI)—Reliever Ken Tatum greeted Jim Lonborg with a three-run homer to cap a five-run seventh inning rally Tuesday night and carry the California Angels to a 10-6 victory over the Boston Red Sox in a wild game in which both teams thought Clyde Wright was ejected but he wasn't.

Expos Use THE TIMES-NEWS Homers To Drop L.A.

LOS ANGELES (UPI)—Winning pitcher Carl Morton slugged a two-run homer off the top of the centerfield wall in the second inning and Ron Fairly and Rusty Staub hit back-to-back round trippers in the fifth inning Tuesday night to power the Montreal Expos to a 5-2 win over the Los Angeles Dodgers.

Ironically, the loss left the second place Dodgers 12 games behind Western Division leader Cincinnati while the last place Expos trail the front running Pittsburgh Pirates by only 11 1/2 games in the East.

Converted outfielder Martin notched his 12th victory in 18 decisions although he was shaky, yielding nine hits and five walks. But the victory added to his string as the Expos winningest hurler in their 26th history.

The 26-year-old hurler followed Coca Laboy's single in the second frame with his first major league home run after Montreal had picked up a solo run on two singles and an error in the first.

Kirby Lifted After Eight No-Hit Innings; S.D. Falls

SAN DIEGO (UPI)—New York was held hitless for eight innings by Clay Kirby, who trailed 1-0 and was lifted for a pinch hitter and the Mets went on to get three hits in the ninth, off reliever Jack Baldwin for a 3-0 victory over the San Diego Padres Tuesday night.

Kirby was the third batter for San Diego in the bottom of the eighth and manager Preston Gomez sent Clarence Gaston to hit for him. The move was greeted by boos which extended through the ninth inning and intensified as Bud Harrelson broke the hitless spell with a single as the lead-off batter.

The only run scored off Kirby came in the first inning when he gave up two walks and the Mets stole three bases. Kirby, who took a 5-11 record into the game, walked Tommy Agee, the lead-off batter.

Table with columns for Philadelphia, San Francisco, and other teams' statistics.

Phil 9, S.F. 6

SAN FRANCISCO (UPI)—The Philadelphia Phillies scored three unearned runs off Juan Alarcon in the first inning and went on to defeat the San Francisco Giants 9-6 Tuesday.

The Phils' 9-6 victory was the first since July 10, when they won one of three games in 1970. The Phillies' record now stands at 11-10.

Table with columns for Philadelphia, San Francisco, and other teams' statistics.

Pelo Has Trot Nod

WESTBURY, N.Y. (UPI)—Tadham Pelo, the strapping French Trotter, drew the rail for Tuesday and was scheduled to start in the \$30,000 Empire Trot at Roosevelt Raceway.

Cubs Rally To Topple Great Falls

CALDWELL, IDAHO (UPI)—Calvin White's buses landed single to center with one out in the bottom of the ninth inning gave the Caldwell Cubs a come-from-behind 5-1 victory over the Great Falls Giants in Pioneer League action here Tuesday night.

Losing pitcher Kazuo Hirunuma gave up singles to Tim Butts and Don Schuldes, and a walk to Bill Dorothy in the ninth before being replaced by John Ogden who yielded White's single.

Caldwell spotted Great Falls a 4-2 lead until the Cubs scored one each in bottom of the sixth and seventh innings. The Giants had taken the lead on a two-run double by Dave Prost, a run-scoring single by Randy Kapano in the third and a solo homer by pitcher Monte Lewis in the fifth.

Reds Defeat Cards 6-5 To Sweep Series

ST. LOUIS (UPI)—Pat Corrales drove in the deciding runs with a seventh inning single Tuesday as the Cincinnati Reds defeated the St. Louis Cardinals 6-5, for a sweep of the three-game series.

Corrales' seventh hit scored Tony Perez and reliever Clay Carroll, who had reached base on singles, and provided the Reds with a 6-4 lead. The lead stood up to St. Louis out the margin with a ninth-inning tally.

Table with columns for Philadelphia, San Francisco, and other teams' statistics.

Curbs B, Braves 2

ATLANTA (UPI)— Ferguson Jenkins pitched a four-hitter Tuesday night and he and battery mate Randy Haney each slugged home runs in their first extra base hits of the year as Chicago beat Atlanta 2-1 in a game delayed five times by rain.

Table with columns for Philadelphia, San Francisco, and other teams' statistics.

Astros 3, Pirates 1

HOUSTON (UPI)—Luis Valdez's single capped a two-run first inning and Jesus Alou added his first homer of the season in the fifth inning Tuesday night to give the Houston Astros a 3-1 victory over the Pittsburgh Pirates.

Table with columns for Philadelphia, San Francisco, and other teams' statistics.

Owners Blame Players For Negotiation Rift, Mull Use Of Mediation

NEW YORK (UPI)—The National Football League owners placed the blame for contract negotiation breakdown on the NFL Players Association Tuesday night and withheld any

decision on whether they will attend a meeting scheduled for Wednesday night in Washington with the federal mediation and conciliation service.

The 24 club representatives met for nearly 11 hours Tuesday in an effort to set guidelines for negotiations, which threatened to force the cancellation of the College All Star game July 31 in Chicago.

Hank Strain, coach of the Kansas City Chiefs who are scheduled to meet the collectors, said his team will call at least a week of workouts to prepare for the charity game. The owners have locked out the veteran players until a contract is signed and the players also have said they will not return even if the lockout is lifted.

"I think that a settlement is possible by Friday," said Lamar Hunt, owner of the Chiefs and president of the American Conference of the NFL. "Of course, anything is possible. Hank Strain is the coach-and-if-he-says-they-need a week, then I will have to accept that."

Decisions on whether to lift the lockout and also on whether to attend the mediation meetings will be made in additional discussions Wednesday morning.

George Halas, owner of the Chicago Bears and National Conference president, said he "absolutely" places the blame on the players for the breakdown in the negotiations a week ago.

"A letter was sent to the Players Association on July 13 asking them to come back with a more reasonable offer," Halas said. "We have not contacted them because we were waiting for a reply."

Both Halas and Hunt said the owners have discussed the possibility that the entire NFL season may be cancelled.

Riordan Signs

NEW YORK (UPI)—Mike Riordan, who earned a spot with the New York Knicks three years ago after being picked in the supplementary draft and then developed into a solid backcourt performer during this past championship season, signed his 1970-71 contract Tuesday.

"Riordan, who just returned from a USO trip to the Pacific, led the Knicks' reserves as he gave veteran Dick Barnett and Walt Frazier a breather in the backcourt. He played 1,087 minutes during the regular season, averaging 7.7 points per game. Riordan also played a key role in the Knicks' playoff victory over the Los Angeles Lakers.

Rides Triple

NEW YORK (UPI)—Tom Turcotte highlighted the riding program at Aqueduct Tuesday with a triple that included a neck victory aboard Mariners Jote in the featured allowance race.

Turcotte also scored with Madame Prophet in the fourth and Whip A Ray in the eighth.

Thomsen Is Finalist For Lema Award

Curt Thomsen, a member of the Twin Falls High School golf team who posted a fine 3.89 grade point in over his final four years, has been selected as one of the 10 national finalists for the Tony Lema Memorial Scholarship.

Thomsen, whose father is head professional at Twin Falls muni, will find his fate sometime this week. The scholarship, provided by the AIT-America Collegiate Scholarship Foundation, would be worth about \$3,000 per year at the school of the recipient's choice.

The 10 finalists are vying for four of the awards, based on citizenship, academic accomplishment and golf ability.

Big Game Information Now Available

BOISE — About 142,000 big game regulations have been mailed to just under 600 vendors throughout Idaho, and now are available. Supplies also are on hand at the Idaho Fish and Game headquarters office in Boise and its regional offices in Coeur d'Alene, Lewiston, McCall, Garden City, Jerome, Salmon, Pocatello, and Idaho Falls.

License vendors are located conveniently in all population centers of Idaho. To qualify, they must be bonded and must remit sales reports on a monthly basis. Vendors sell licenses of all classes, both resident and nonresident; and handle all informational materials, including controlled hunt, big game, bird and fish regulations, and the like.

1970 big game regulations include bag limits and season dates for black bear (but not grizzly), deer, elk and bighorn sheep general hunts. Only a few bighorn sheep hunts have been organized on a permit basis. The regulations also include information on general archery hunts for deer, elk, bear (excepting grizzly), antelope and mountain goat.

Official descriptions of game management units are printed on the backside of the regulations. In addition, a small map is printed on the regulations to help sportsmen locate hunting areas. The boundaries are shown on a small scale and cannot be considered legally proper or exact.

Upland game bird seasons are not included in big game regulations. They will be published later in a separate pamphlet, early in September.

Pheasant-Pesticide Study Is Underway

BOISE — Over 200 ringneck pheasants on Gold Island in the Snake River near the mouth of the Boise River this spring are wearing leg bands and poncho-type aprons that do not interfere with flying or feeding, but can be observed from a distance, it was announced today.

John Messick and Bill Mullins, graduate students at the Idaho Cooperative Wildlife Research Unit at Moscow, are working with the effects of pesticides on pheasants as part of a Master's Degree in the field of wildlife management.

In addition to leg and wing markers, Messick has outfitted some birds with tiny radio transmitters that enable him to monitor the movement of pheasants day and night. Four transmitters are operative at this time.

Messick and Mullins also use "pen birds" from the Jerome game farm in their pesticide study. Pen birds varied in age from just a few days old to about six weeks old.

In May, as part of their field testing, Messick and Mullins sprayed part of the island with the chemical parathion. Some of the pen birds were placed within the spray zone, and

others stayed outside. No direct mortality was observed due to the parathion spray. However, the researchers are checking for long-term effects.

They sprayed part of the island again on June 24 with systox and DDT-texaphene. They also took insect samples inside and outside the spray zone in search of evidence, if any, that would show a decline in bug populations to the point that young pheasants would be hindered in growth and development. Insects, a prime source of protein, are important for growth and development in young pheasants.

The investigators are analyzing pheasant crops to determine if there exists a difference in what birds are eating inside the spray zone, and outside. Exposure to certain pesticides such as parathion and systox may be documented by blood tests, so blood samples from both penned and wild birds are being analyzed.

Pesticides will again be applied to Gold Island in July. As with previous applications, the pesticides used will be a level consistent with agricultural use.

However they added that it was only "speculation."

Core of the dispute is the pension provision, which finds the owners and players separated by \$11.4 million over four years.

Nicklaus Has Sights On 14 Major Crowns

CINCINNATI (UPI) — Jack Nicklaus says he is a "young man with a lot of golf to play" and wants to become the first golfer to win 14 major titles.

The record of 13 was set by Bobby Jones and included the U.S. Amateur, British Amateur, U.S. Open and British Open.

Nicklaus, 30, has won 10 tournaments including the U.S. Amateur, U.S. Open, PGA Masters and just recently the British Open.

"Ever since I started playing golf at the Seola Country Club in Columbus, I kept hearing about how Bobby Jones set the all-time record for major championships," Nicklaus said.

"I am a young man with lots of golf to play," he said. "I have goals in golf. I want to be the first man to win 14 major titles."

"That is the only method that separates golfers when they are finally compared," said Nicklaus, here for a sales meeting. "Major tournaments are held on great courses and with great fields in competition. It isn't how many tournaments you've won but how many major tournaments."

Independent Tops Krest In City Play

Neimler hit a pair of homers Tuesday night as Independent Meat dropped Krest Janitors 12-7. Dingwall and Flora went three-for-four for the losers.

In other Atlantic Division play, Kessler Cookie coasted past Coors 11-4 and Lynn Johnson homered as Varsity Barbershop dumped John's Husky 10-3.

In the Pacific loop, Turf Club dropped Culligan 10-5 despite Doug Rex' three-for-four hitting for the losers. Blits Beer topped Royal 8-5 and Oscar Outtreys clipped Sherwoods 3-2 as Brubaker went two-for-two.

Groth Leads Cards In Distance Test

LAKE FOREST, ILL. (UPI) —Ray Groth led the field in a record-setting performance here Tuesday as the St. Louis Football Cardinal rookies went through their annual 12 minute run.

The 5-foot 11, 185 pound Groth, a 14th round draft choice from Utah, ran more than 2 1/4 miles in the allotted time.

The Cardinal rookies went through physical examinations and the run Tuesday morning, then turned to normal practice work in the afternoon.

The Cardinals also announced Tuesday the signing of their second round draft choice, Chuck Hutchison of Ohio State, to a 1970 contract. Hutchison is working out with the College All-Stars in Evanston, Ill.

Lund Nips Paschal In Nascar Race

FLEMINGTON, N.J. (UPI) —Tny Lund of Cross, S.C., driving a 1969 Camaro, scored a split second victory over Jim Paschal of High Point, N.C. in a 1970 Javelin Tuesday night in the accident marred 200-lap Nascar Grand American race.

Lund gained the lead from Paschal midway through the race when defending Grand American champion Ken Rust of High Point and Stan Starr Jr. of Madison, Tenn., collided on the third turn on the half mile dirt track. Paschal's car was slightly damaged squeezing through the wreckage, and he had to have it repaired in the caution laps to stay in contention.

Canada Wins Two Gold Medals But Australians Keep Lead

EDINBURGH, Scotland (UPI)—Canada won two of four gold medals at stake Tuesday during the early competition at the ninth British Commonwealth Games but Australia remained the overall leader among the 42 countries taking part.

Bill Mahoney, of New Westminster, B.C., and a student at the University of Michigan, won his second swimming gold medal when he took the 100 meters breaststroke final, then George Smith powered his way to victory in the 200 meters individual medley to maintain the Canadian medal hunting.

The other gold medals went the way of Australia and England, the teams locked in a bitter duel for overall games supremacy.

Lynn Watson swam to a Commonwealth record when she took the 200 meters backstroke title, while England's John Sherwood won the only track final of the day when he led from start to finish to win the 400 meter hurdles and complete his full cycle of championship medals.

Australia had 16 gold medals, 11 silver and 13 bronze for a total of 39 to lead England's total of 34 and Canada's 23.

Maloney, 19, who won the 200 meters breaststroke gold medal

on Saturday, came with a late surge over the final length to clock 1:09.4 to win from teammate Peter Cross and Paul Jarvis.

He received his medal from Queen Elizabeth, on her first visit to the Games since her return from Canada last week. He presented the Queen with the Maple Leaf Badge.

Smith, a 20-year-old student at the University of Indiana, powered home in 1:13.7 to be just three-tenths of a second away from his personal best. He beat teammate Ken Campbell and Welshman Martyn Woodroffe.

He received his medal, his second gold in the games, from

Prince Charles. Miss Watson, a 17-year-old bank clerk from Western Australia, handed Prince Phillip a kangaroo badge after she received her gold medal from him. She clocked 2:22.85 to win from Donna Marlegurr of Canada and 13-year-old teammate Debbie Culp.

Sherwood, a 25-year-old schoolteacher who won a bronze at the Mexico Olympics and a silver at last year's European championships in Athens, clocked 50.9 seconds in the 400 meter hurdles to win from Uganda's Bill Koskol and Charles Yego of Kenya, both of whom were caught in 50.1 seconds.

Pass	4♠	Pass	6NT
Pass	Pass	Pass	Pass
Opening lead—4♣			

That is, you can't win at duplicate when you get bottom scores.

With 18 good points, plus a 10, South was a little strong for a no-trump opening. His club bid was quite proper. His two no-trump rebids was fine, as was North's jump to four spades.

At this point South should have passed. Had he decided he was divinely appointed to bid a slam, he should have bid it in spades.

In this duplicate game, six-spades-bid-and-made would have been a top score, while six spades made at a contract of just game would have been well-above average.

If old Father William had bid the spade-slam, we will never know if the young man sitting North would have made it. He must choose the heart (finesse) to do it. If he chooses the club finesse, he will be off—and Father William might just kick him downstairs.

"You are old Father William," the young man said, "and your hair is exceedingly white, and yet you incessantly bid six no-trump. Do you think at your age it is right?"

In this Lewis Carroll poem, the old gent had a good answer to all questions. At the bridge table, he had managed to hold his loss to four tricks—at six no-trump, it could have been worse.

Father William, who was sitting South, shook his gray locks and grunted. He explained to the youth sitting North how he would have made six no-trump for a top score against any lead but a diamond and that, if you didn't try for tops, you would never score well in duplicate.

He was right in his last statement—you can't win at duplicate without some top scores but he overlooked something even more cogent.

(Newspaper Enterprise Assoc.)

Q-Card Sense

The bidding has been:

West	North	East	South
1♠	Pass	2♣	Dble
1♠	Pass	3♣	Dble
Pass	Pass	4♠	Pass

You, South, hold:

♠ AK54 ♣ Q842 ♢ KJ97

What do you do now?

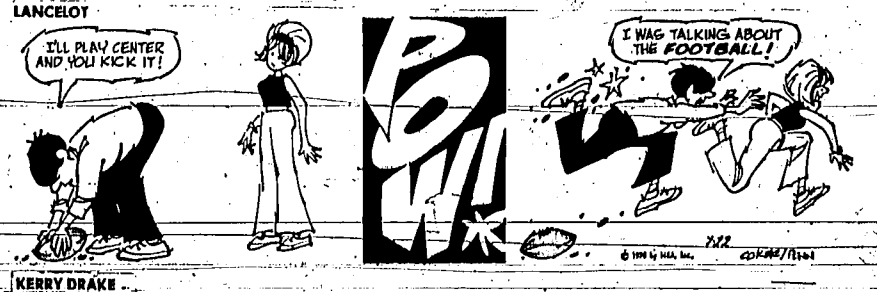

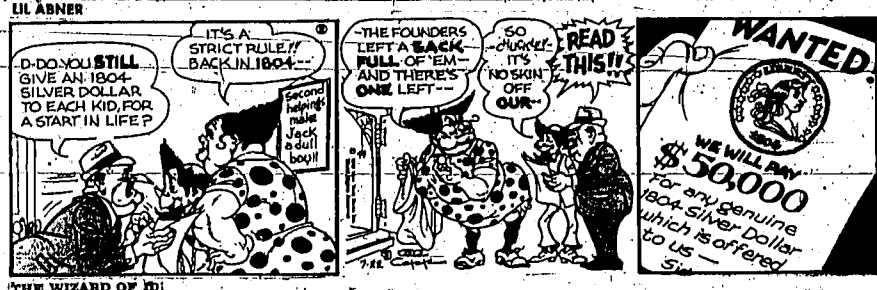

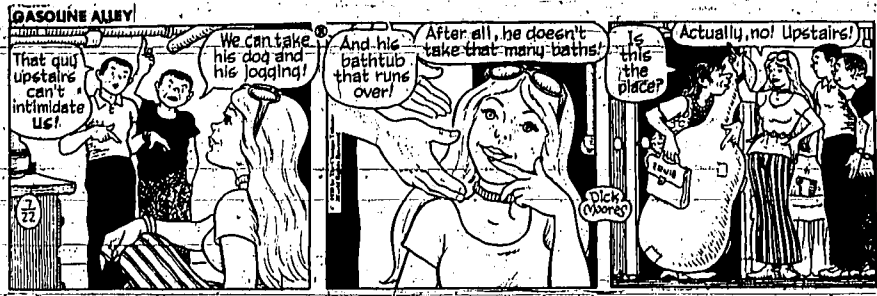

A—Bid four hearts. Your partner has passed the buck back to you and there is no way to pass it back to him again.

TODAY'S QUESTION

You do bid four hearts and your partner bids five diamonds. What do you do now?

Answer Tomorrow

TYZZY

PASS IT ON
by L.M. Boyd

MEN WHO DRIVE stick shift cars rarely get fat, it's said. ... IN FLORIDA, if a lady hires away another woman's cook, she can be prosecuted under the law. ... ON THIS VERY DAY nationwide you can figure about 150 husbands will desert their wives.

HAIR—Many a wife has taken to cutting her husband's hair of late. Understandable. But she is rare who likes the chore. It's not the cutting, it's the cleanup job afterwards. That's messy. So as a public service, this department recommends she undertake such haircuts at a different spot each time on her lawn. Not only will this procedure eliminate the necessity of sweeping up, but it will keep the moles out of her yard. Moles can't stand human hair clippings. They go away.

RECENT RISE in suicides among college boys is pretty alarming. Still, it ought not to beget that two-thirds of all the men who do away with themselves are over 45 years of age. ... WHERE THUNDERSTORMS are most frequent, the soil is most fertile. No mystery why. Lightning flashes mix nitrogen and oxygen to make ammonia in the rain, and that ammonia does it.

PERSONAL NOTE—Recall what the whereabouts smelled like when you were a youngster? Fels Naphtha? Lulaca? Hot tar? Likewise. It's hard to talk about, though. I mean the fragrance of air is as distinct as sunshine and shadow, but there's no language for its odor. Seaweed is green and kelp is brown, but how they smell stays nameless, although exquisite. Barn boots and marjolds are also indelible! And woodshavings, asphalt and outhouse matches, too.

CUSTOMER SERVICE—Q "How come we refer to food as chow?" A—American troops brought that back from the Philippines, says our Language Man. About 70 years ago. He thinks it came from a Chinese dish called chiao. ... Q "Doesn't Iowa have a radio station with the call letters KORN?" A. KORN is in South Dakota—Iowa has a KRIB, however. ... Q "Girls who go to a coeducational school are more apt to get married, right?" A Not only that, but they marry earlier and have bigger families.

THE AND SHE—All men have a little of the feminine about them and all women are somewhat masculine. That's a widely accepted notion. Now, the most recent research on the matter purports to prove the average woman is most feminine at age 13, most masculine at age 21. The average man, it's claimed, is most masculine at age 17, but thenceforward gets more feminine. Further, it's contended, the higher a woman's IQ, the more masculine she be, the higher a man's IQ, the more feminine he be.

Your questions and comments are welcomed and will be used in PASS IT ON, wherever possible. Please address your letters to L.M. Boyd, P.O. Box 99068, Seattle, Wash 98199.

Summer Trip To Europe Was 'Dream'—But Then They Awoke

The offer sounded like a dream to CSI students Larry Pietz and Steve Tucker—oversens travel, adventure, new experiences, and to top it all off, six credits of college credit.

But it turned into a brief nightmare and a strong disappointment for the Twin Falls pair and for thousands of other students throughout the United States.

EJECTED STUDENTS Larry Pietz and Steve Tucker were home this week following being suddenly ordered home to the United States from a would-be foreign study tour in Vienna.

Austria. They were among 3,500 students whose summer plans were scuttled when the "World Academy," which had arranged the study tours, filed bankruptcy.

The offer, from an outfit called the World Academy, offered European travel coupled with study in Vienna at the Academy of Music, affiliated loosely with the famed University of Vienna. The 40-day package tour would include six credits of college credit in the student's individual field of study. Air travel both ways was included in the package—fortunately, as it turned out.

World Academy had been sponsoring tours of students for going on four years, starting in 1966. It was reported that as many as 3,500 students throughout the nation had signed up for this summer's tour series.

Steve and Larry, traveling together, both chose study of the German language. They flew to Paris on a Capital Airlines jetliner, and traveled by bus through France and Germany, arriving in Vienna, Austria, a short while later.

They enrolled in the university classes, with Steve taking second-year German and Larry qualifying for the "super-advanced" fourth-year class, where nothing but German was spoken by both students and instructor. In Steve's easier class, both English- and heavily-accented English- and German were spoken.

But after only three days of classes, the students were abruptly told they must "go home"—right away. No reason was given, Steve said. They waited—rather nervously—for a couple more days, still attending class, then were told they would have to get themselves to Frankfurt, Germany, for a flight back to the United States. Still, no reason was given.

While they were wondering if they would be given transportation to Frankfurt, they were told they could fly home directly from Vienna.

Another student solved the "why" of the situation, by calling his family in New Jersey. He was told the World Academy had filed for bankruptcy, listing about \$800,000 in assets and more than \$3 million in liabilities. There was just not enough money to complete the students' assigned studies, apparently.

Fortunately, the return trip had been paid for as a part of the overall cost; the problem for the World Academy was finding enough airline capacity to return the many students already in Europe.

"We were told that a group of students in Paris had to spend nearly a week on their own, waiting for a flight home," Larry said.

Larry and Steve returned home in good shape, but were greatly disappointed that their college credits could not be allowed, and apparently no refund could be granted by World Academy.

One of the most memorable features of the trip was "the 29-hour day" when they flew home—they left Vienna at 5:20 p. m. local time and arrived in Bangor, Maine, for customs inspection at 11:20 the same day only six hours clock time, but it involved 11 hours aboard the plane, including an hour's layover in Paris, as they picked

up five hours in crossing several time zones.

The students said they didn't have very much contact with local people in the countries they visited, although they were noticed by a Parisian and given a derisive salute. The news media in Vienna, when they heard about the rumored bankruptcy of World Academy, gave the students no press reports and photographers besieged them every time they left their hotel. Newspapers played up the story to the limit.

One Negro student, from Tacoma, Wash., was prominently pictured in an Austrian newspaper as a "poor underprivileged student from Tennessee." Steve recalled, "Once, after they had finished eating in a cafeteria, newsmen asked them to go through the motions of getting food, so they could be pictured as hungry students, stranded in Vienna, being fed by the kindness of Austrians."

All European countries seem much cleaner and neater than

High Cost Of Traffic Mishaps To Idaho Taxpayers Reported

BOISE (UPI)—Max Yost, executive manager of the Associated Taxpayers of Idaho, said traffic accidents in Idaho during 1969 resulted in an estimated economic loss to the state of \$13.6 million.

Yost said each Idaho state patrolman spends an average of 83 hours of his annual time on activities directly related to accidents, and said that would account for a very small percentage of the total tax cost.

He said other costs to be figured included effort and money spent by various local officials and state agencies in the collection and analysis of information, and the time and money spent in trying to educate motorists to drive more safely.

Yost said it is generally believed that poor roads cause accidents. He noted during the last three years the 10 north-

ern counties had 25 per cent of the accidents with 23 per cent of the population; the Treasure Valley had 20 per cent of the accidents and 31 per cent of the population, while the upper Snake River area had 24 per cent of the accidents and 24 per cent of the population.

Breathe-In

NEW YORK (UPI)—Smoggy Manhattan will get a breath of fresh air Wednesday, thanks to Central Park will have a "breathe-in" with 30,000 cubic feet of air from Roper Mountain near Greenville, S.C. James M. Barnett, executive director of South Carolina's Tricentennial Commission, calls it "the cleanest air in the country."

It will be flown to New York in three huge plastic cubes.

Author Is Victim Of Cancer

WASHINGTON (UPI)—Jim G. Lucas, Pulitzer Prize-winning war correspondent for the Scripps-Howard Newspapers, died early Tuesday of abdominal cancer at the Veterans Administration hospital here. He was 50.

Lucas' career as a war reporter began in World War II when he was a Marine combat correspondent in the Pacific island campaign. He won the Pulitzer Prize for his coverage of the Korean War.

A versatile reporter who also covered many other events, he died three days before publication of his latest book—a biography of Vice President Spiro T. Agnew.

Lucas' front-line reporting spanned 25 years, including World War II in the Pacific and the Korean and Vietnam conflicts.

Low-Cost Meals For Senior Citizens Urged By Hansen

WASHINGTON, D.C.—Legislation to provide senior citizens with low-cost nutritionally sound meals served in strategically located social settings was introduced in the House today by Congressman Orval Hansen.

Hansen's bill would amend the Older Americans Act to establish a nation wide low-cost meal program for persons 65 years of age or older in locations such as senior centers, community centers, schools and other public or private non-profit organizations.

The bill provides for federal, state and local funding on a matching basis, including the use of surplus commodities. The projects would supplement existing programs benefiting senior citizens such as Social Security, Medicare, food stamps and commodity distribution programs.

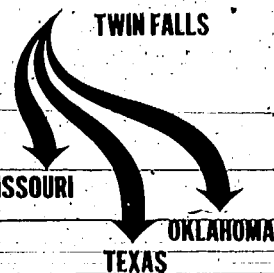

"For many senior citizens living on a fixed income, the only flexible portion of their budget is food. Rent and taxes must be paid, medical costs are given high priority and consequently money must come from the already skimpy food budget," Hansen said.

"Besides promoting better health among the older segment of our population through improved nutrition," Congressman Hansen continued, "such a program would be a way to provide greater opportunity for social contact, ending the isolation of old age."

"The program would also increase participants'

knowledge of nutrition and independence by encouraging health in general and promote greater physical and mental positive mental health and activities," he added.
