TWIN FALLS, IDAHO, THURSDAY, JULY 23, 1970

TEN CENTS

Ripcord Yanks Retreat

SAIGON (UPI)—The U.S. Command announced today that American paratroopers had abandoned base camp Ripcord under fire and in the face of three months of heavy Communist pressure, a costly ambush on Wednesday and the loss of two giant helicopters.

The Wednesday ambush killed 12 paratroopers and wounded six in the costliest single battle for U.S. troops in three months. It was announced as the U.S. Command reported the loss of 68 Americans in combat last week had pushed the 10-year U.S. death toll in Indochina past the 43,000 mark.

At least 32 Americans of the U.S. 101st Airborne's 3rd Brigade have been killed and 148 wounded in ground action around the Ripcord outpost since July 1, and an unknown number of others have been killed or wounded in shelling attacks. The post is 23 miles west of Hue and near the Laotian border.

The command said evacuation of the base began Tuesday and was completed today with the aid of CH-47 Chinook and UH-1 Huey troop-carrying helicopters under mortar, automatic weapons and small arms fire.

Newark Mayor Guilty

TRENTON, N.J. (UPI)—Former Newark Mayor Hugh J. Addonizio and four others were convicted Wednesday on charges of extortion and conspiracy which the government called "cold-blooded, calculated" corruption in the state's largest city.

The federal court jury found all five defendants guilty on all counts in the 61-count indictment arising from a kickback scheme from which the defendants allegedly netted \$1.1 million from companies doing business with the city of Newark.

The convictions carry maximum sentences of 1,200 years in jail and \$50,000 in fines for each defendant. U.S. District Court Judge George H. Barlow set dates for sentencing.

Convicted with Addonizio were former City Attorney Philip Gordon, former Public Works Director Anthony LaMorte and reputed Mafia figures Joseph Rucione and Ralph Vicuro.

Sidwaps in Seat: Addonizio, beaten for reelection by black candidate Kenneth A. Gibson, sat slumped in his seat with his head in his hands as the jury read its verdict.

"I can only say I'm terribly disappointed," he said. "I will appeal."

Mid-East Prospect Brighter

By United Press International
Egypt's avowed willingness to stop shooting and start talking peace in the Middle East lent new emphasis today to the U.S. attempt to get the Arabs and Israelis headed toward a settlement.

President Gamal Abdel Nasser of Egypt was expected to elaborate on his nation's response to the American plan this afternoon in a major policy address marking the 10th anniversary of his rise to power.

Cairo delivered its initial reply Wednesday, asserting it was willing to accept the U.S. proposal for a temporary cease-fire along the Suez Canal while informal talks get under way with the Israelis under the supervision of the U.N. mediator, Ambassador Gunnar W. Jarring.

Egypt at the same time said it was standing firm on its demand for the withdrawal of all Israeli troops from territory captured in the 1967 war—something Tel Aviv has refused to do.

Official sources in both Cairo and Washington termed the Egyptian reply "positive" and Nixon administration officials went ahead with plans to discuss it with the Israelis and Soviets.

Israeli officials have said they cannot accept a temporary cease-fire along the canal without some guarantee the Egyptians and Soviets will not use the respite to build additional anti-aircraft missile sites along the waterway.

School For Tots

BOISE, (UPI)—A questionnaire mailed by a statewide committee on kindergartens shows four gubernatorial candidates favor a public school state-supported kindergarten program.

Mrs. Jan Koch, Boise, chairman, said Wednesday Gov. Don Samuelson did not answer the query.

She said Cecil Andrus, Verdon Hahnstrom, Lloyd Walker and Dick Smith all replied they were in favor of kindergartens being a part of the public school system.

All indicated kindergartens should be included in the Idaho School Foundation Program, with costs paid from the state's General Fund. None thought additional state taxes would be required, but did call for re-arranging of spending priorities.

ABM Test Looms

WASHINGTON (UPI)—One year after his Safeguard Antiballistic Missile system was saved from defeat in the Senate on a 50-50 tie vote, President Nixon is facing another cliff-hanger struggle to expand and reinforce U.S. missile defenses.

A United Press International poll completed Wednesday on the eve of a new ABM debate, showed that virtually the same bloc of senators which nearly scuttled Safeguard Aug. 6 is holding firm.

At least 48 senators and one absentee are against, or leaning against, Nixon's ABM plans for next year. Only 41 members and one absentee favor, or are inclined to favor, enlarging Safeguard. The nine remaining members list themselves as uncommitted.

If these fence-sitters vote on ABM the way they did last year, and if uncommitted newcomer Ralph T. Smith, R-Id., votes with the administration as expected, the result would be 49 to 49.

Robson Blasts Environmentalists

If environmentalists have their way, Idaho Air, Gen. Robert Robson told Twin Falls Rotarians Wednesday, Idaho will become a big national playground, subsidized by the federal government.

It's either this, or Idahoans must work, develop their state and pay their own way, he said. The attorney general blasted the environmentalists' way of thinking in a speech titled "You Can't Have Your Cake and Eat It."

He said he agreed that the state should work to clean up and prevent air and water pollution, but questioned whether Idaho's citizens want to pay the price to gain the Utopia advocated by the environmentalists.

"We're going to have pollution as long as we have people," Mr. Robson said. "Every time we exhale we breathe carbon dioxide into the air. If we don't watch out, it will get to the point where they will be wanting everyone to wear masks, so nothing but oxygen is breathed out into the air."

Automobiles are the greatest air polluters in Idaho, he said. "How many of you are willing to give up your automobile to help clear up air pollution?"

Mr. Robson noted that Idaho's much-publicized budget surplus is disappearing and said that income, sales and inheritance tax collections all are off from expectations.

"We have to find extra revenue for the good things we want," he said.

The day the environmentalists take over, the farmers can kiss themselves goodbye; the miners can kiss themselves goodbye; industries that put smoke, or even steam, into the air can kiss themselves goodbye.

"I suggest there is a middle ground— that we can have clean air and clean water and still don't have to stop developing our assets or stop orderly growth."

Camp Planned For Low Income Kids

Twin Falls boys from low-income families will finally get their chance to go camping. Scout Executive Darl Gleed said today.

The Snake River Area Boy Scout Council will sponsor an expense-paid "non-Scout" camp for 15 boys who are scout age, but who often cannot afford to join.

Several days ago, Mr. Gleed contacted the Welfare Department in Twin Falls to obtain a list of boys 11 through 13 years of age.

Fifteen boys were interviewed. They and their parents were enthusiastic about the program.

Starting Sunday, the boys will be based or taken in cars to Scout Camp Bradley in the Stanley Basin area. For seven days, they will learn to use a rifle and bow, and learn to swim, row a boat, and work side by side with Boy Scouts.

Many people believe that Boy Scouting is not for low-income families, but this is not so, said Mr. Gleed.

Scouts have their own ways of helping boys from low-income families become scouts. When a scout leaves his troop, he leaves his uniform behind. Another scout takes it, cleans it and when a boy joins the troop who cannot buy a uniform, he uses the one left behind.

Scouts sell candy, Christmas trees and cards, to obtain money for those who cannot afford to go on outings or buy their own uniforms.

Crop Loss \$8 Million

By O. J. SMITH
Times-News
Managing Editor

Gov. Don Samuelson, deeply concerned over late reports of the disastrous extent of damage to farm crops in Magic Valley by a slashing Tuesday hailstorm, announced today he will make a personal inspection of the damage.

The governor will make a trip by helicopter early Friday over the heart of the damaged area, between Oakley and Albion.

Gov. Samuelson expressed his deep sympathy and concern to farmers of the area, but said he saw no need for an emergency declaration at this time, since federal agencies seem to have the facilities to provide relief.

Forest Severe, state director of the Agriculture Stabilization Conservation Service, told the governor Thursday morning that Glenn Jensen, Cassia County ASCS executive director, reports that between 55,000 and 60,000 acres of farmland were severely damaged by the storm, at an average loss of \$140 an acre, for a total of near \$8 million.

Potato crops were 60 per cent defoliated and beets 60 to 70 per cent defoliated, he said.

About 750 acres of sweet corn crop, contracted by Del Monte, was a total loss.

Recovery of potatoes, beets, grain and beans depends on length of the growing season and how early the frost comes this fall, Mr. Severe added.

Harland Blackburn, Twin Falls, district director of ASCS for the Magic Valley area, said damage was not limited to Cassia County. He said the storm dipped into the heart of Twin Falls County, sidestepped Jerome County and spilled over into Minidoka County.

He said he had one report that Power County, just east of Magic Valley, was hit to some extent. Mr. Blackburn revised the estimate of the total area of concentrated damage upward to a section 20 miles long by 7 miles wide.

Mr. Severe called the storm the most damaging to hit Idaho in years and said he couldn't recall more disastrous results.

He said he had been in contact with the national ASCS people in Washington, D. C., Thursday morning advising them of the situation.

Census Doubted

BOISE (UPI)—Wilbur R. Davis, former District Manager for the Bureau of the Census, said today he plans to ask for a check on preliminary census figures for Declo and Oakley.

The report issued by the U.S. Department of Commerce, Bureau of the Census, last Friday showed Declo increased from 237 in 1960 to 1,315 in 1970. The report also said Oakley had grown from 813 to 1,328 during the decade.

The report was questioned by Mrs. Mezz Murray, census official for the Burley area, who said the actual population within the city limits showed little increase during the 10 years. She said the larger figure seemed to include rural areas surrounding both communities.

Davis said "Quite a few of us" had questioned the figure, but said "I just didn't go back and correct that because it was out of Washington, D. C."

He said he would question the Bureau of the Census today asking for a re-examination of the report and an attempt to determine the correct figure.

"It could be an error in compiling," he added.

GI's Stay In Korea

HONOLULU (UPI)—The U.S. and South Korean defense ministers ended their two-day meeting late Wednesday with the announcement no American troops would be withdrawn from Korea until modernization of the ROK defenses was completed.

but Deputy Defense Secretary David Packard and Defense Minister Jung Nae Huk listed only two definite proposals for this "modernization"—in their joint communique Wednesday night.

The proposals were that "certain" U.S. aircraft would be shifted to bases in the Republic of South Korea from other Pacific bases; and that the United States agreed to provide the South Koreans with "some" S2 naval patrol craft "as soon as possible."

Economy Slow

WASHINGTON (UPI)—Confidence in administration economic policies, Ackley said he could not "rule out" the possibility of a severe cutback of investment plans that would bring a renewed decline in the second half and a genuine recession.

Ackley formerly was chairman of the Council of Economic Advisers—and is—now—University of Michigan economics professor, also serving as economics adviser to the Democratic National Committee.

Parking Added

About 50 parking stalls on newly completed downtown parking lots are now available for monthly rental, City Manager Jean Millar said Wednesday. They may be leased at the city clerk's office.

He said the spaces will be leased on a monthly basis on a first-come, first-served basis. Available spaces, nearly all of them in the lot behind the First Security Bank, will be marked either "leased" or "no parking lease available."

Public parking will not be permitted in these spaces at any time, Mr. Millar said, with violators subject to ticketing.

Cost will be \$5 per month or 15 cents per day for a portion of the month if the lot is leased before the first of the month.

Persons will be required to pay in advance. If the monthly lease fee is not received by the 10th of each month, the lot will be available to someone else and the name of the original user will be placed at the bottom of the waiting list.

Mr. Millar said the lots are available to anyone including persons working downtown.

There are several stalls available behind the Idaho Department Store and two new lots that will be metered for public use on hourly basis.

Car Hits Rock Cliff, Man Dies

JEROME—An American Falls man was killed Wednesday night in a one-car traffic accident near here.

Marion W. Baker, 47, was pronounced dead at the scene about one mile north of the Perrine Bridge in Jerome County.

Idaho State Police said Mr. Baker, who was alone in his 1967 Chevrolet station wagon, reportedly worked in the Magic Valley area.

The car, traveling north, went off the east shoulder of U.S. Highway 63 and then traveled back across the roadway, striking a rock embankment off the west shoulder of the road.

The car rolled over as it crossed the road. An ambulance was called to the scene shortly after the 9 p.m. accident, but Mr. Baker apparently died instantly. His body was taken to Hove Mortuary, Jerome. A Pocatello funeral home is making arrangements.

The death of the victim raises the Magic Valley toll to 34 and the state toll to 160.

ONE MAN DIED in this 1967 Chevrolet station wagon which crashed into a rock embankment Wednesday night on U.S. Highway 63 just north of the Perrine Bridge. Idaho State Police identified the victim as Marion W. Baker, 47, American Falls. He was alone in the car.

Flood Aid Set

WASHINGTON (UPI)—Secretary of the Army Stanley R. Resor informed Rep. James A. McClure, R-Idaho, Wednesday the Department of the Army has approved the proposed \$1,740,000 flood control project on Placer Creek at Wallace, Idaho.

In a letter to McClure, Resor said, "Since this project meets all the requirements of the Flood Control Act of 1965, and involves little or no controversy, I recommend the project be approved for appropriation."

McClure indicated the Bureau of the Budget has advised him there can be no commitments at this time as to when funds will be available.

"However, because of its relatively low cost, I think that funding will be available," McClure said.

Snap, Crackle, Flop

WASHINGTON (UPI)—A Senate subcommittee was told today most brands of dry cereal provide little nutrition and many of the least nutritious brands cost the most and are advertised heavily on children's television shows.

Robert D. Choate, a civilian engineer who has worked on a number of government nutrition projects, said poor children particularly suffer as a result of misleading commercial equating strength and athletic prowess with a brand of breakfast cereal.

The worst cereals are huckstered to the children on a totally "antimutritional" basis equating sweetness with health and ability, while the very few good cereals are sold to adults in a manner all but defying nutrient cost analysis," Choate said in testimony prepared for the Senate consumers subcommittee.

Choate gave the subcommittee a study of 60 cereals. Forty of them, he said, have so little protein, iron, calcium, and vitamins that "they fetter but do little to prevent malnutrition."

Choate, a Republican was an assistant on the staff of the White House Conference on Food, Nutrition and Health, and a nutrition consultant to both the Department of Health, Education and Welfare and the Senate Select Committee on Nutrition and Human Needs. He presented today's testimony as a private citizen, and said he obtained the brand-by-brand information from cereal manufacturers.

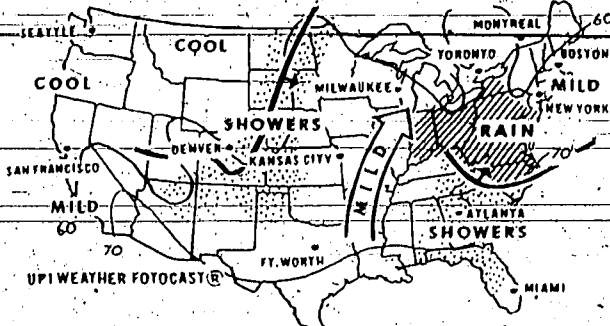

Of the 60 brands, he said, "Clearly the best from a nutrient standpoint" were Kellogg's Product 19, General Mills' Naboom and General Mills' Total. He rated six others "nutritionally meritorious. They were Nabisco 100 Per Cent Branquet Oats Life, General Foods (Post) Fortified Oat Flakes, Kellogg's Special K; General Foods (Post) Super Sugar Crisp; and Kellogg's Sugar Snacks.

"The nutritional worth of a cereal is not related to its cost to the consumer," Choate said. "Based on a recent study of cereal costs in Philadelphia, he said, "the average price for ounce is 3.8 cents for the top (most nutritious) 20 cereals, 7.5 cents for the middle 20, and 4.1 cents for the bottom 20."

"Most Americans are nutritionally illiterate," Choate said. He said the Agriculture Department and the Food and Drug Administration should require disclosure of a food's nutritional content.

Stevedores May Unload Food

LONDON (UPI)—The British government kept its troops off the docks for another day today pending a decision by striking longshoremen on their union's recommendation to unload ships with perishable cargo.

Officials of the Transport and General Workers Union, representing 85 per cent of Britain's 47,000 striking dockers, asked their men Wednesday to unload thousands of tons of food in danger of rotting.

It was uncertain whether the dockers, some of whom had voted previously not to handle the perishables, would accept the union recommendation.

The union announced its decision in a letter to Home Secretary Reginald Maudling after the government issued an ultimatum that troops—30,000 are mobilized to work—would be used by the weekend if the dock workers did not unload the food.

This One Was Worse Than "Snake In Grass"

VENTURA, Calif. (UPI)—It's a sneaky snake, Louis Chacon told sheriff's deputies last week.

Chacon said he found the snake in the toilet of the house into which he had just moved. The snake, he said, stuck its head out of the bottom of the commode but disappeared downward if the toilet was flushed.

At times it would stick its head out of another toilet in the home, Chacon said.

Deputies, skeptical about the whole thing, thoroughly investigated both toilets and found nothing. They left.

Wednesday Chacon called the sheriff again. This time he said the snake had become bolder, rising out of the bowl to leer at him.

Deputies went to the home again. There was a five-foot long anaconda peering out of the bowl.

Before they could grab the reptile it retreated down the hole in the bottom. Animal control officers were called in, but the anaconda kept ducking out of sight.

Finally the toilet was removed from its moorings and they caught the snake with a noose and took it off to a shelter.

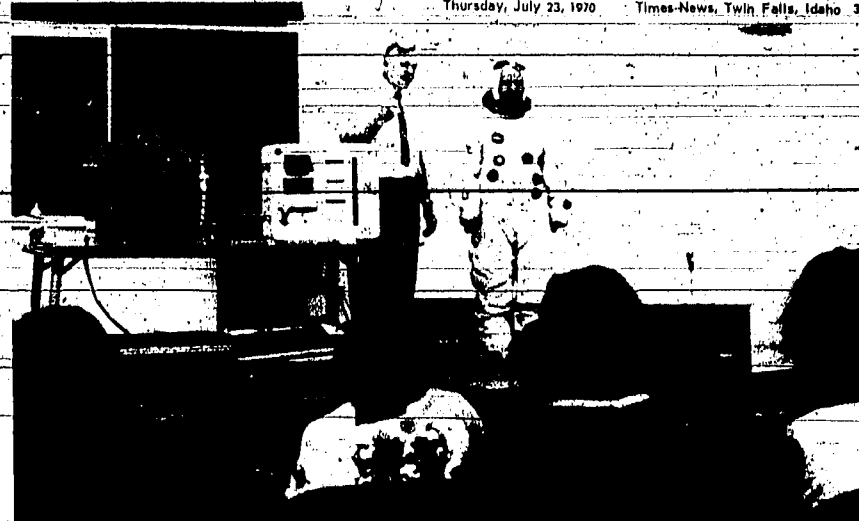

T.F. Police Investigate Burglaries

Two car burglaries and a break-in at Jaycee Ball Park, all reported Wednesday, are being investigated by Twin Falls Police.

Officers said a pants suit, valued at about \$75 was taken from a car owned by Della Boger, which was parked at her residence, 423 Second Ave. E., Apartment 33. The theft occurred Wednesday evening.

Paul Ingham, 239 Sixth St. W., reported to officers two boxes of clothing, valued at about \$200 were taken from his car sometime recently.

Taken in the theft at Jaycee Ball Park were five and one-half cases of beer. Officers said there was no sign of forced entry.

FREDA KUNARD, BURLEY, may not be the first woman astronaut, but she had a first hand experience at latching on. It feels to wear space clothing. Mrs. Kunard modeled the suit as part of the Aerospace Education Workshop offered by Idaho State University's College of Education.

Mrs. Kennedy, 80, Dines With Haile Selassie

ADDIS ABABA, Ethiopia (UPI)—Rose Kennedy, mother of the late President John F. Kennedy, and Emperor Haile Selassie dined together Wednesday night in observance of their birthdays. She was 80 Wednesday and he turned 78 today.

Recreation Sites Of IP Popular

Thousands of local residents, as well as tourists, who use recreation areas provided by Idaho Power Co. generating plants, agree that these areas offer opportunities of water-based fun in the sun few areas can match.

The facilities in these areas, located between Bliss and Twin Falls, are typical of those power companies maintain on man-made lakes with a combined surface than 30,000 acres.

The facilities offered in the Magic Valley area range from trailer spaces to free electricity for cooking to docks and boat ramps for water-skiers.

Among the most popular is Twin Falls Park, a 10-acre site developed by Idaho Power in the 1930's.

The first American play was "Prince of Parthia," produced in Philadelphia in 1767.

Marijuana Found In Auto Of Man Convicted Of Shoplifting

A San Francisco, Calif., man originally arrested in Twin Falls on a shoplifting charge requested preliminary hearing late Wednesday when he was arranged on two charges of drug violations.

Tom McCarthy, 24, was first arrested about 4 p.m. Tuesday and was found guilty in police court of shoplifting. He was sentenced to five days in jail and assessed a \$25 fine.

The additional charges were filed against him when officers obtained a search warrant and allegedly found a quantity of an enumerated drug and marijuana in the car.

Charges of unlawful possession of an enumerated drug and unlawful possession of a narcotic (marijuana) were filed against him late Wednesday morning.

Bond was set at \$2,500 on the two charges and McCarthy has been transferred to the county jail. The office of the public defender was appointed to represent him.

Belated Report

WASHINGTON — This is a belated report to 20 soldiers surviving in Vietnam. The soldiers, who read this column in the Pacific Stars and Stripes, sent me a copy of a letter to New York's Mayor John Lindsay, protesting Lindsay's apparent attempt to cast draft dodgers in a heroic role.

politicians are dabbling in questionable opportunism when they encourage any group to break the law of the land. As the letter to Lindsay put it: "Change dominates the American political system, and that is why the founders of the Constitution made it a flexible document... to allow for lawful, orderly change of the country's laws... via due process..."

PAUL HARVEY

Dump Draft

President Nixon came to office with such a popular position on vital issues that even his opponent, Hubert Humphrey, found few areas of disagreement. The President promised action to end the war, end the draft, reduce crime, curtail inflation and retard the erosion of our environment.

danger as a result of those who would seek change in direct defiance of all existing laws. Making this completely valid point to John Lindsay, I suppose, is an exercise in futility. The mayor of a city littered with untidy and violent anti-war protesters is not about to abandon a position which has been shown to reap political dividends. Among other considerations, Lindsay would very much like to be President. Presidential advisor Dan Moynihan has called the draft "a way of getting amateurs to do a job for which we should be willing to employ professionals."

Fallopian Tubes

Dear Dr. Thosteson: Both of my Fallopian tubes are blocked and therefore I have no children. I have heard that they can be opened by surgery. Would you advise me to do this? Can you tell me what kind of a doctor is qualified for this operation? — Mrs. T.G. A gynecologist (specialist in surgery of the female organs) is the type of doctor you should consult. If the tubes were ligated (tied) for contraceptive purposes, there is something like a 50-50 chance of opening them well enough to permit pregnancy.

Tell me why some of the big shots that can always think up all kinds of medicine can't find something to reduce fat women. I would like to be about 110 pounds. I would also like some kind of medicine which given as one shot would make it so you would never gain that weight back but could eat what you want. I know you will throw this letter in the wastebasket but please read it and have the big shots think of something. — A.B.C. People are fat because they eat more than they need and exercise too little. Drugs powerful enough to do what you ask would also ruin your health, and some women have died chasing the will of the wisp of a shot to keep them thin without the effort of learning how to eat properly. Sometimes a sluggish thyroid gland makes it harder for some people to reduce. That can be corrected with medicine. But the only wise way and the only successful way to get thin and stay that way is to learn something about calorie values of foods, then learn to eat only the amount you really need. See your doctor to find out if you need some help from him. Then join TOPS, Weight-watchers, or some similar group. Read up on some factual material on reducing. Reduce instead of just dreaming about it. Dr. Thosteson welcomes all reader mail but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Dear Dr. Thosteson: Do brewer's yeast tablets cause increased growth of facial hair? Does removal of facial hair by electrolysis cause increased growth of hairs? — N.S. No to both questions. Dear Dr. Thosteson: Is there danger to the wife in having intercourse with her husband when a biopsy has shown he has cancer of the throat? — A.H.S. No. Cancer is not transmitted person to person. Castro's Cuba, Now 17 Years Old, Seen No Threat to U.S.

Editor's Note: This July marks the 17th anniversary of Fidel Castro's attack on the Moncada barracks in Santiago that gave his Communist 26th of July Movement its name. In a four-part analysis of a dictatorship, the writer describes how Castro tried to export revolution; how he deceived the Communist people, how he almost touched off World War III, and how he plunged Cuba into economic ruin. The author is vice chairman at large of the Committee on Freedom of the Press of the Inter American Press Association.

The Cuban dictatorship is obnoxious to many Americans. But the aggressively loud-talking Communist regime on that once happy Caribbean island represents no demonstrably serious military threat to the United States.

There seems to be no possibility that the Cuban Reds will invade the United States or, for that matter, even try to take over the U.S. Navy base at Guantanamo, near the far eastern end of the island.

It is true, of course, that Communist Cuba is the most heavily armed of the other American republics. Cuba's Soviet-built jet aircraft, its surface-to-air missiles and other Russian-supplied equipment give it a military capability far beyond normal Latin American standards.

The 200,000 men Cuba has under arms are exceeded in Latin America only by Brazil, with 225,000. Brazil, though, has about 11 times the population and some 70 times the area of Cuba.

Despite the fact that Cuban MIG fighters are capable of reaching the United States only 90 miles away — one slipped into Florida, undetected by U.S. radar, when the pilot sought asylum last year — the Cuban Communists are not considered to possess "offensive" weapons.

But their propaganda barrage against the United States is so incessant and they are an ever-present reminder to the rest of the hemisphere that, with the backing of the Soviet Union, a nation of a million can bluff and belabor the United States.

Castro revels in his role of David to the U.S. Goliath. But he seems to have learned the futility of dispatching guerrilla bands to harass the other Latin American countries.

His last-known attempt was the infiltration of a small group of export-financed Cuban revolutionaries in Bolivia starting in late 1966. That adventure cost the lives of Castro's own comrade-in-arms, Ernesto "Che" Guevara, the Argentine medic turned guerrilla who died at the hands of the Bolivian army in October, 1967, and most of the rest, too. Since then Cuba seems to

SOVIET FOREIGN MINISTER Andrei Gromyko tried, unsuccessfully, to convince President Kennedy that Communist Cuba represented no threat to the United States in 1962. Gromyko told the President that Soviet military assistance to Cuba "pursued solely the purpose of contributing to the defense

capabilities of Cuba," that Soviet training of Cubans "was by no means offensive," and "if it were otherwise, the Soviet government would never become involved." That was Oct. 18, 1962. Four days later, the missile crisis erupted and Kennedy labeled the statement "false."

have limited itself to the role of "predominantly that of coach, prompter and tireless propagandist."

Although "several thousand Latin Americans," according to U.S. intelligence estimates, have been trained and indoctrinated in Communist Cuba, there have been only four proven instances of direct Cuban support to insurgent groups, other than in Bolivia.

First was the discovery in November, 1963, of a cache of several tons of arms and munitions in Venezuela that was traced to Cuba. Then there were large quantities of small arms smuggled to Guatemalan insurgents by a Cuban-backed ring based in Mexico between February and September, 1966. In July, 1966, a band of between 20 and 30 insurgents, at least some of whom had received guerrilla training in Cuba, landed on the Venezuelan coast in a boat probably provided by Cuba. Finally, two members of

the Cuban armed forces were killed and two others were captured after a clandestine landing in Venezuela in May, 1967.

The primary threat posed to the hemisphere by Castro is the continuing support for Communist insurgency activities in Latin America, the House subcommittee on Inter-American Affairs concluded three years ago.

Castro has gone on thumbing his nose at the United States and shows no signs of relenting.

As long as there is U.S. "imperialism, as long as there are fighters disposed to combat for the liberation of their peoples from that imperialism, the Cuban revolution will give them support," Castro said as recently as last April 22.

Castro hasn't changed much in the 11 years since he seized power after dictator Fulgencio Batista fled the country. He's older now, 44 next Aug. 13, and paunchier. But he is still a forceful speaker and he still

State LWV Board Sets Cabin Meet

At the invitation of the League of Women Voters of Twin Falls, members of the League's State Board will be meeting Friday and Saturday north of Ketchum, in the cabin owned by the Vernon E. Smiths, Twin Falls, and the Gerald Heidemanns, Kimberly.

Mrs. Roy Slotten, local League president, said the 12

board members from throughout Idaho will meet to plan for upcoming projects. Mrs. Robert Nelson, state treasurer and Constitution Revision chairman, and Mrs. W.R. Hatcher, state publications chairman, will be attending from Twin Falls.

The agenda includes discussion of the League's study of financing public school kindergartens, general election coverage for ABC, promotion of Constitutional revision and the organization of the League unit in Salmon. Mrs. Clifford Dobler, Moscow, state president, will conduct the meeting.

Massachusetts Tests Draft

WASHINGTON (UPI) — Massachusetts asked the Supreme Court Wednesday to decide whether President Nixon has the constitutional right to send soldiers from the state to fight in undeclared wars, such as Vietnam.

If the high court decides to hear the case—and no action will come until the justices convene Oct. 5—it could settle the long smoldering issue of whether Congress must officially declare war before Americans can legally be sent to fight overseas.

It also could set a precedent of vast significance for continued U.S. prosecution of the Vietnam War or other congressionally undeclared conflicts.

Law Passed

The challenge was contained in a brief filed with the court by Attorney General Robert H. Quinn of Massachusetts who asked the tribunal to rule on the constitutionality of state law passed earlier this year and signed by Gov. Francis W. Sargent.

The law, first of its kind in the nation, says no Massachusetts resident will be required to participate in a foreign war "unless such hostilities were initially authorized or subsequently ratified by a congressional declaration of war."

"What we're doing," Quinn said, "is asserting the constitutional rights of the citizens of Massachusetts."

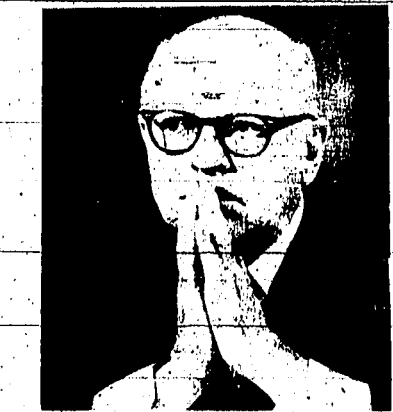

Quinn's brief contended Defense Secretary Melvin R. Laird was "acting outside the constitution of the United States" in conducting the Vietnam War. It asks that Laird, "his agents, employees and successors be enjoined from carrying out, issuing or causing to be issued any further order which would increase the present level of U.S. troops in Indochina."

Stop Laird

The brief also seeks to stop Laird from ordering Massachusetts men from participating in combat or supporting combat troops in the Vietnam War, and from extending the duty of any inhabitant of the commonwealth who may be serving in the Vietnam War.

The state attorney general was careful to point out in his petition, moreover that Massachusetts did not seek to challenge the President's lawful powers.

Rather, the suit attacks only the question of whether the President has the constitutional authority to wage war in Vietnam without a declaration of war by Congress.

PRAYERFUL stance is exhibited by former chairman of the bankrupt Penn Central Railroad Stuart T. Saunders, in testimony before Senate Commerce subcommittee. The subcommittee is considering extending emergency loans to support the corporate giant. (UPI TELEPHOTO)

Guerrillas Take Army Weapons

WASHINGTON (UPI) — Untold numbers of weapons meant for use in Vietnam are being stolen from West Coast arsenals for "guerrilla warfare" in the streets of America, California officials said Wednesday.

There was a hint that foreign agents might be involved.

Charles A. O'Brien, California's chief deputy attorney general, said in an "astounding" amount of weapons and explosives had been stolen from guarded military facilities, pumped into the black market and sometimes bartered for drugs.

O'Brien, testifying before the Senate preparedness subcommittee, refused to answer when asked about the possibility that "foreign governments" might be involved in support of American revolutionaries.

"We are obviously concerned about that right now," O'Brien said after a long pause, "but I would rather go into that in executive (closed) session."

Just last weekend, O'Brien said, several hundred sticks of dynamite were stolen from the Presidio, the big San Francisco compound that is headquarters for the 6th Army. But he said that theft was minor compared to others this year.

O'Brien left with the subcommittee a detailed list of military arms and explosives that agents have recovered—mostly by buying them from underground peddlers.

One recent haul, he said, included 94 one-pound bricks of C4 plastic explosive, 30 handgrenades, 10 rocket launchers, blasting caps and fuses; all stolen from Ft. Ord.

Other recovered weaponry, O'Brien said, included 177 pistols, rifles and machine guns, and 65,000 rounds of ammunition.

One machine gun picked up after a shootout between police and Black Panthers in Oakland April 17 had been part of a 70-ton weapons cache seized from murdered millionaire William E. Thoresen's home—and entrusted to the Army for safekeeping at deactivated Ft. Cronkhite north of San Francisco, O'Brien said.

"I think it came as a great shock to the armed forces just how much they were losing," he said. "I found it astonishing that weapons in this amount could disappear from a military base."

Most, he said, were stolen from shipments headed for Vietnam. There "is no doubt" that radical elements are gearing up for urban guerrilla warfare by stockpiling stolen bombs and explosives, he said.

Onassis Offers Self as Hostage

CAIRO (UPI) — A Greek Olympic Airlines jetliner was hijacked on a flight from Beirut to Athens and forced to fly to Cairo Wednesday by six Arab guerrillas who demanded that the Greek government release seven of their fellow terrorists from prison.

Aristotle Onassis, husband of the former Jacqueline Kennedy and owner of Olympic Airlines, offered himself as a hostage in place of the 53 other passengers aboard the Boeing 727, but his offer was rejected by the guerrillas.

After seven hours of negotiating on the ground at Athens airport, the Greek government finally bowed to the hijackers' demands. It announced that it would turn over the seven Arab terrorists to the International Red Cross on Aug. 22.

All of the passengers and one of the seven crew members were allowed to leave the plane before it took off from Athens for Cairo. As a hostage to insure the release of the Greek prisoners, the hijackers took along Andre Rochat, head of the Red Cross for the Middle East.

Drug Agents Approved

WASHINGTON (UPI) — A House subcommittee approved Wednesday a comprehensive drug bill authorizing the government to hire 300 more narcotics agents, stiffening penalties and expanding rehabilitation programs for drug violators.

The bill includes a controversial, administration-backed "no-knock" provision which two members, Reps. Tim Carter, R-Ky., and David Satterfield, D-Va., assailed as unconstitutional and promised to try to kill later.

It would allow police with warrants to enter private premises without knocking if they felt there was danger to themselves or risk of evidence being destroyed.

The bill deals with barbiturates, tranquilizers, amphetamines and hallucinogens such as LSD—all widely used illegally, especially by young people.

It provides for federal registration of all who handle such drugs, from manufacturers to doctors to researchers, and a Commerce Committee source predicted it would drive out of business some manufacturers "who have made a hell of a profit from careless sales."

The bill provides tougher penalties than were included in an administration bill previously passed by the Senate. It also includes a major rehabilitation and treatment program that was not in the administration proposal. If the House bill passes in its present form differences between the two bills will have to be resolved.

Vaccine Approved

WASHINGTON (UPI) — The Army has approved general use of a vaccine against a sometimes-deadly form of meningitis that plagues military bases and kills children, the Army surgeon general's office said today.

The vaccine has proved so effective in experiments with more than 30,000 volunteer recruits that it has become an accepted Army vaccine and will be used during this winter's meningitis season, a spokesman said.

The vaccine was tested on Army recruits beginning in January, 1969 at Ft. Dix, N.J.; Ft. Polk, La.; Ft. Knox, Ky.; Ft. Bragg, N.C., and Ft. Lewis, Wash. It is being used this week for the first time as an official Army vaccine to stem an unusual summertime outbreak of meningitis at Ft. Dix, where about a dozen men were stricken with the disease that attacks the brain and nervous system.

None of the men stricken at Ft. Dix had received the vaccine previously.

Enemy Warily Eyes Coalition

PARIS (UPI) — The Viet Cong said today with Hanoi's backing that if the United States agrees to the creation of a new coalition government in Saigon any other problem in the Vietnamese War can be settled. It was the most optimistic development in the deadlocked talks since they began on Jan. 19, 1969.

Emerging from today's 76th Vietnam peace talks session, Viet Cong delegate Dinh Ba Thi said in a formal statement:

"The urgent question presently is the one which demands that the United States give up its support for the dictatorial and warlike administration of Thieu-Ky-Khlem in order to allow the South Vietnamese population to decide itself its own destiny without outside interference, and that it (the United States) put an end to the inhuman penitentiary regime and to the barbarian acts of the American puppets in South Vietnam."

"These urgent and basic problems having been resolved, any other problem relating to the stoppage of war in South Vietnam can be settled."

Before Thi read the formal statement the Communists had appealed for U.S. backing for a coalition government—and said in private the issue was negotiable.

At the same time, Hanoi accused the United States of bombing and shelling North Vietnam for three days and said Washington must "assume

Canyon Search Pressed

COUNCIL, Idaho (UPI) — Adams County Sheriff Alvin (Bud) Mason said Wednesday he would continue a search for a 65-year-old Ohio woman missing in the Seven Devils area since Sunday.

Miss Marjorie Hammond, Sunbury, Ohio, was reported missing after she and her nephew, Tom Hammond, about 28, took separate trails while trying to hike to the bottom of Hells Canyon. Hammond took the Halley Trail, about seven miles long, but Miss Hammond said she didn't want to walk that far and started on the Grassy Ridge Trail.

The Seth Hammond family, with whom she was camping, picked up Tom Hammond at Eagle Bar, but could not locate the aunt. The family continued making motorcycle trips between the campground and the trail, but could not find the woman.

Mason said some 26 searchers were seeking the woman at the height of the search, but said a full crew could not be kept on.

Sweetener Said Safe

WASHINGTON (UPI) — A special scientific advisory panel has concluded that the artificial sweetener saccharin is safe and does not endanger health, the Food and Drug Administration (FDA) announced Wednesday.

The scientists based their conclusion on the 50-year history of saccharin—used by man without evidence of adverse effects," the FDA said. But they recommended more research, including studies "to extend the evidence over longer periods of exposure," the agency said.

By implication, the panel dismissed as unreliable a University of Wisconsin experiment in which mice got cancer after pellets containing saccharin were inserted in their bladders.

"Generally, these methods which did not involve oral administration were considered inappropriate indices to the cancer-inducing properties of saccharin," the FDA said.

Nurses Dictate Orders To Speed Hospital Work

NEW YORK (UPI) — The dictating machine has now come to the aid of the hard-working hospital nurse, saving her time and effort.

When nurse shifts change at a hospital, the head nurse and staff provide a report on patients to the new head nurse and staff, including patient name, room number, doctor and any special instructions.

How Sweet It Is

Many Colombians Have Soft Spot For Gen. Rojas, Former Dictator

By PHIL NEWSOM
UPI Foreign News Analyst
Fusagasuga is a city of 60,000 which calls itself the City of Flowers. It lies about half way along the road which runs steeply down the mountainside from Colombia's capital, Bogota.

It is the home of Luis Lombana, a heavy-set, grizzled man who is the owner of a small restaurant. His friend Jaime Ortiz is a flower merchant.

They grumble against President Carlos Lleras and the political conservative who is to succeed him on Aug. 7, 46-year-old Miscal Pastrano Borrero. They long for the return of former dictator Gen. Gustavo Rojas Pinilla who, they recall, built the highway through Ruisaca to the better to reach his own town at the foot of the mountain, Molgor.

They grumble about the gasoline tax and light money. Lombana recalls that under Rojas a man could buy a lunch for one and a half pesos. Now it is around 10.

"They are among those upon whom Rojas and his field-marshal daughter, Son. Marin Eugenia Morena-Diaz, count to send Rivers of blood flowing through Colombia until Rojas regains his former power."

Rojas claims last April's election was stolen from him and has declared that until he is declared winner of the election, "There will be no peace in Colombia again."

Rojas, considered by his critics as one of Latin America's most ruthless dictators in recent years, was one of four candidates running under Colombia's unique political system which dictates that the office of president must alternate between a Liberal and a Conservative every four years.

"The system came into being after Rojas' forced resignation in 1957. He had taken over in 1953 at the request of the political parties after a breakdown of the constitutional system and years of violence in which tens of thousands died."

Rojas, now 70, ruled by decree, ended press freedoms

and built up a feared secret police force. Finally forced out in 1957, he went into exile, returning a year later to be convicted of corruption, to serve two years in prison and to be deprived of his political rights.

The Colombian supreme court restored his rights in 1967. Lleras has won the admiration of businessmen, bankers and the upper middle-class at home, and of international organizations abroad for his successful development of the Colombian economy. On the other hand, Rojas won his support from the lower middle-class and the urban poor who have been squeezed by taxes and creeping inflation.

It was against Rojas' threat to take power by violence if necessary that Lleras, on the eve of the opening of congress Monday, declared a state of emergency.

Wendell Varsity Yell Squad Awarded Trophy

WENDELL. — The Wendell Varsity Yell Squad has been awarded "The Best All Around Squad" and first place trophy for the second year in a row in the yell leading clinic held annually at Portland. In addition the group was awarded four superior ribbons and tied for the traveling award. The squad includes Vicki Lynch, yell queen; Debbie Scott, Beverly Schrank and Bonnie Tronson. They competed with squads consisting of four and five members. The Coca-Cola award is given to the best all around squad and the winners are selected by staff members at the clinic. This makes the group eligible to compete in the national cheerleading clinic held in the fall in the Eastern United States. At national competition the girls compete for \$500 worth of cheerleading equipment for their squad and the right to perform for TV commercials sponsored by the Coca-Cola Company. The girls were accompanied to Portland by Mr. and Mrs. Jorris Lynch, Wendell.

Police Car Involved In Mishap

RUPERT. — "What a revolting development this turned out to be," the familiar saying of Jimmy Durante, would seem rather appropriate to describe two separate vehicle accidents Monday. Mrs. Jennie L. Sawyer, 82, Rupert, was driving her 1961 Mercury east on 7th Street when it collided with a vehicle stopped in the traffic lane. The other vehicle, a 1969 Plymouth, was a State Police car operated by Patrolman Dean Holloway, 22. Rupert, which received an estimated \$53 damage, according to Rupert Police, who cited Mrs. Sawyer for inattentive driving. Her vehicle wasn't damaged. At 8 p. m., State Policeman Gordon Mills investigated a one-vehicle accident four miles north of Declo on Interstate 80. Witnesses said a 1960 Dodge Housecar operated by Roberta W. Humphrey, 46, Sun-Valley, Calif., "started dancing in gusty winds and on wet pavement, and danced itself off the right hand side of the Interstate, where it overturned," Mrs. Humphrey and her two passengers, George Humphrey, 47, and Keith Humphrey, 12, were taken to Mindoka Memorial Hospital where they were treated and released. The Dodge was demolished.

3 Tourists Injured At Ketchum

KETCHUM. — Three Florida tourists were injured Monday afternoon when the car in which they were riding dropped off the roadway about 4:15 p. m., 18 miles north of Ketchum on U. S. Highway 93. Driving the 1968 Oldsmobile was Harry C. Virmelson, 40, St. Petersburg, Fla., an Air Force man stationed in California. He and his family, Betty Jean, 39, and Verna Jo, 8, were taken to the Sun Valley Hospital where they are listed in satisfactory condition. Investigating state patrolman Gene Bolton said the vehicle was headed north when it left the roadway on the right side, traveled back onto the roadway and was airborne for about 40 feet, then landed on its nose on the left side of the highway. None of the occupants was thrown from the wreckage although only the driver was wearing a seat belt. The car was demolished, but no citations were issued.

Posters at Ketchum Seek Data

KETCHUM. — Reward posters are visible throughout Ketchum as the result of a town-wide effort to restrain narcotic pushers. Ketchum police chief Dennis Haynes said the posters have been going up this week to advertise the fact that \$250 will be paid for information leading to the arrest and conviction of any person for violation of Section 37-3204, Idaho Code, dealing with the possession of narcotics for sale, or section 37-3205, dealing with enticement to use or sell narcotics. The reward money has been gathered by Ketchum merchants, with \$250 to be paid for each arrest leading to conviction in the county. Those with information concerning violators are encouraged to contact the Ketchum police department or the Blaine county sheriff's office. Officer Haynes noted that all information will be held confidential.

Wendell Man Gets Wings

Dog Not Friendly After Crash

ACEQUIA. — Man's best friend wasn't so friendly Sunday night, especially after he was struck by a 1968 motorcycle operated by Brian Hansen, 17, Boise, who is spending the summer at the home of Mr. and Mrs. James Hansen, Acequia. Although injured himself after being thrown over the motorcycle and sliding down the pavement about 80 feet, Brian's biggest concern was the condition of the injured dog. He had tried to prevent the hoodlum "collision," not only for his own safety, but he has a soft heart for all animals, and didn't want the chasing dog to get hurt. When he pulled himself back to where the injured dog was lying, the animal was apparently angered at Brian for hitting him and without warning, jumped up and grabbed the boy's right index finger. The hold was so firm, the youth had to fight the animal off. Help was summoned by Scott Hansen, cousin of Brian, who had been riding a motorcycle ahead of him. An unidentified man destroyed the dog and Brian was administered first aid by his aunt. His clothing was ruined and minor damage resulted to the cycle.

Time Stops

OLYMPIA, Wash. (UPI) — Inaugurates in the new \$8.2 million headquarters building for the state Highway Department showed up Tuesday when a planning group attempted to show slides with a projector. Only one electrical outlet was found in the commission chambers and that plug was behind an electrical wall clock. The clock was turned off for the presentation.

Dance Slated

WENDELL. — The Wendell Drill team Trolleyettes will sponsor the Pride and Possessions, a Boise dance band, in a dance at 9:30 p.m. July 31 at the Wendell American Legion Hall. The group is nationally known, reports Janice Hagginsbotham, drill captain, who said they recently returned from touring the United States and Canada. The public is invited and proceeds will be used to finance the cost of summer workshops.

Red Cross Chairman Announced For Minidoka County Program

RUPERT — W. F. (Bill) Whitton, 29, Rupert, has accepted the appointment of Red Cross Chapter Chairman of Minidoka County.

The announcement was made by Mike Moriarity, Red Cross field representative for southwestern Idaho and Eastern Oregon. The official said Mr. Whitton's appointment was based on his desire to assure that residents of this county derive full benefit from all Red Cross programs. He said since Red Cross depends to a very large extent on voluntary leadership, the inclusion of Mr. Whitton in this capacity is "very welcome."

Mr. Whitton serves on the Rupert City Council, on the board of directors of the Minidoka County Historical Society, was organizer of the first Boy Scout troop at the Idaho Youth Ranch and served as Scoutmaster two years. He currently is public relations director for the Idaho Dairy Products Commission, with headquarters at Boise. He formerly was associated with news media working with radio and national wire service. In 1964 he served as Information Specialist at Washington D.C. for Secretary of Agriculture, Orville Freeman. He has been honored several times for outstanding service.

He and his wife, Irene, have resided at Rupert the past five years.

A fundraising project will get under way Aug. 1 and anyone wishing to volunteer services to help this county, may contact Mr. Whitton at 436-0197, evenings or at his home, 710 South D St., Rupert.

The two men pointed out that volunteer and financial support is needed if Red Cross can function in this county.

"The chapter is an all-volunteer organization," noted the official, "and in fact volunteers nationwide out-number paid staff members 166 to 1."

He said contrary to widespread belief, the Red Cross doesn't receive any financial support from any branch of the government, but receives its funds from voluntary contribution. Minidoka County Chapter has the responsibility to help keep the service and program available to every individual in our county, he noted.

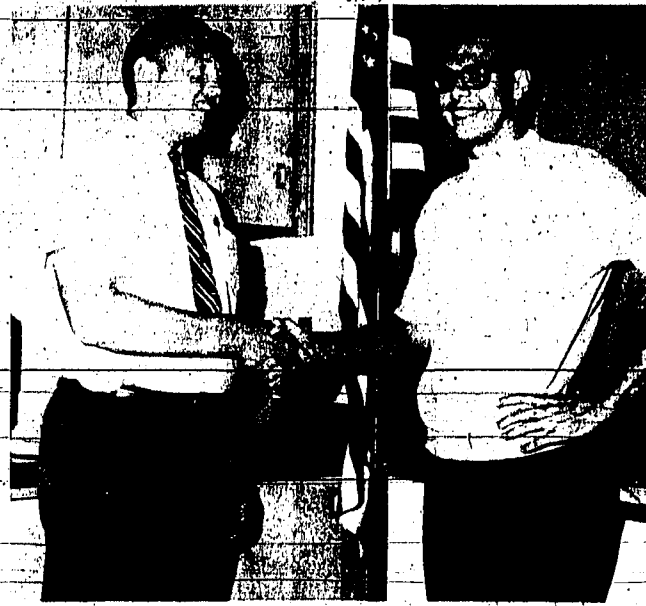

Programs include, first aid, water safety, nursing, service to the Armed Forces, disaster relief, and the most important

to local people, the blood program.

There are no outside funds available for this county's operation, and it has to function strictly on volunteer work and

local financial contribution. If this falls, the official said there is a possibility of having consolidation with another county in order to function.

He also pointed out that if the county fails to support the organization it can lose benefits with the national organization, which is the connecting link between us and our boys overseas.

W. F. (BILL) WHITTON, Rupert, is being congratulated by Mike Moriarity, Boise, right, Red Cross field representative, who briefed Mr. Whitton on his new assignment as Red Cross

Chairman for Minidoka County. The county has been without a chairman for several months and officials are currently planning a fundraising project starting Aug. 1.

Aug. 6 Meet Set in T.F. On Traffic

Members of the Twin Falls Highway and Traffic Safety Commission have scheduled a meeting for Aug. 6 in the Holiday Inn at noon to draft recommendations for traffic regulations in the vicinity of the two grade schools now located on west-bound U.S. 30 through Twin Falls.

Representatives of School District 411 and officials of the Idaho Department of Highways will meet with the city's advisory commission to discuss their proposals for providing safety for the grade school children at Nickel and Lincoln schools.

The matter was brought up for discussion last Monday before the City Council and council members called for concrete recommendations from the school district, Department of Highways and the advisory commission.

Tim Robertson, attorney for the school district, reported there are about 1,300 pupils and school personnel affected by the change in traffic. It is felt the highly effective school safety patrols should continue but they should not be required to meet the full responsibility of the safety for young pedestrians.

City Manager Jean Milar said a request from commercial interests on Blue Lakes Boulevard North to extend the 35 mile per hour speed limits north beyond Falls Avenue also will be discussed in the Aug. 6 meeting.

The responsibility, he said, rests with the Department of Highways as they are legally responsible for highway regulations where state and federal routes are involved.

Tickets
Jaycees in Twin Falls report there are still tickets available for the benefit premiere showing of the motion picture "Airport" scheduled for July 30 at the Cinema Theater.

Proceeds will be donated by the Jaycees to Harbor House and tickets may be purchased in advance from local Jaycee members. Patrick Florence is chairman of the event.

Jamboree Set Sunday At Hailey

SHOSHONE — The Wood River Riding Club Association will sponsor a jamboree at 2 p. m. Sunday at Hailey. A potluck dinner will be held at noon.

At the recent event held at Carey, Richfield club took first place with 20 points; Shoshone, second with 15 points and Carey third with 15 points.

Overall score at this time for the season shows Shoshone first, 77 points; Valley second, 67 points and Richfield, third, 63 points.

After the Carey event, a women's Clover Leaf race was held with Jan Seal, Hailey, taking the jackpot.

Magic Valley Waterusers Report Problem At Gooding

SHOSHONE — Because considerable difficulty is being experienced in keeping water to the tail end of the canals, laterals and rivers at Gooding, all ditch riders have been asked to cut all waterusers to exactly 115 per cent, Leon Grievie, manager of the Big Wood Canal Co. reported today.

If the tail ends are still low, then all users will have to be cut to 110 per cent or less. The demand is high now as it will be all season, Mr. Grievie noted, adding by another week or so the demand should slacken somewhat so the water situation may be eased.

Almost 1,700 second feet of water is being discharged into the Milner-Gooding Canal which means the canal is completely full.

Magic Reservoir contained 183,000 acre feet of water Tuesday compared to 184,000 a year ago. More than 1,000 second feet of water is being used from Magic now because of the hot weather, Mr. Grievie noted.

The American Falls Reservoir contained 1,571,000 acre feet the first of the week, and last year it contained 1,129,000 acre feet.

Father-Son Event Held At Filer

FILER — The annual Father-Son day was observed at the Filer Kiwanis Club luncheon meeting in the United Methodist Church-fellowship hall with 28 guests in attendance.

Jim Herrett was inducted into the club by Arthur Chatham. There will be no regular meeting next week due to the sheepman's banquet which is scheduled for 7 p. m. July 31 at the church.

Bill Blass, program chairman, introduced Mrs. Gary Schroeder, Buhl, who played several selections on her musical glasses and told of the history and design of the glasses.

Russell Martin and Gary Schroeder were guests.

Old Pipe Organ Displayed

OAKLEY — One of the main attractions at the Oakley Historical Museum this year is the pipe organ. The museum is sponsored by the Daughters of the Utah Pioneers, (Oakley chapter) and will be open to the public from 8 a. m. to 8 p. m. Friday and from 1 to 7 p. m. Saturday in honor of the Pioneer Day Celebration.

The museum will also be open from 1 to 7 p. m. each Saturday and from 1 to 6 p. m. each Sunday from now through Labor Day Weekend.

The pipe organ was brought to Oakley by freight wagons from Salt Lake City in 1901. The organ was dedicated with the LDS Church built of native rock in 1902. An Elizabeth Corey came from Salt Lake City and presented an organ recital and demonstrated the organ.

Pocatello Teen-Age Dance Group to Perform At Hagerman Pioneer Event

HAGERMAN — The "Mod Squares", a teen-age tap dancing group from Pocatello, will perform tap-dance folk and square dances as a special feature at the afternoon rodeo of the Hagerman Pioneer Day celebration Friday.

The group name meaning "modern square dancers" was chosen because of their unique new dancing style and costuming, including the latest discotheque.

The members of this group which will perform at Hagerman this week are Jess Banning, Steven Spencer, Brüt

Martin, Randy Lisha, Justine Lowder, Jeannie Wheeler, Debbie Stanger and Coleen Sidwell. Two other members of group who will not be performing here are Dianne Tolman and Stan Sidwell. Jess Banning is the grandson of Mr. and Mrs. H. E. Banning, Jerome, and Mr. and Mrs. Bud Smith, Hagerman. Colleen and Stan Sidwell are grandchildren of Mr. George Sidwell, Jerome.

These talented youngsters range in age from 12 to 19 and have been dancing as a group for approximately one and one-half years. Besides entertaining

around their home area for various programs, they presented an evening show last fall at the Eastern Idaho State Fair, Blackfoot, and are scheduled to appear again this fall.

One special tap-dance square dance, "Heels", was especially choreographed for them by their teacher Stan Byington, of Stan's Studio of Dance. This number is done without calling doing varied dance steps. Other featured dances of this group are "Helena-Polka" and "Mexican Waltz."

Last spring the "Mod Squares" auditioned for Eugene Jelesnick of KSL Channel 5 Television in Salt Lake City and were asked to do two numbers on his weekly program, "Talent Showcase." In May, they danced a polka on this show and are scheduled to reappear next winter doing "Wheels."

Costuming is of the new western modern type, as well as authentic folk dancing style designed by some of the mothers.

Another special feature will be presented when the Idaho Fiddlers will present a concert in the rodeo arena at 8:30 p. m.

not make inspections for a few days yet to get a more accurate idea of how many of the plants will survive.

He said as originally thought the damage seemed to center in the Burley and Paul areas, Hazelton and Hansen but there was also some damage north of Buhl and some spotty damage south of Buhl.

Mr. Shafer said probably 1,000 to 1,500 acres of beans are

damaged from total loss to a slow down in growth. Sugar beets are pretty well beaten into the ground and some wheat and barley will also be lost.

Sugar beets, he said, will probably recover but the effect of the storm on their total yield will not be known until harvest time. Under the Federal Crop Insurance Program, farmers are guaranteed 75 per cent of normal at harvest time and payments to farmers will be made where this is not reached when beets are dug this fall.

Mr. Shafer said his office covers all of Idaho from Boise east and the only storm damage appeared in the local south central counties.

In the few fields which have been checked, Mr. Shafer said some severe damage has been found but some fields look only slightly hurt.

Inspections of grain were being made Thursday and it was believed the wheat and barley would be among the most severely hit crops. Some corn has also been reported shredded by the heavy hail and winds.

The storm hit about 4 p. m. Tuesday in most areas carrying hail which ranged in size from marbles to golf balls. Some residents in the Burley area reported broken windows in their homes and automobiles and one farmer said it dented his irrigation pipe.

Federal Crop Insurance officials said many of the largest farms in the area such as those on the new land projects of Bell Rapids and Golden Valley are not covered by their insurance programs and as a result they have no reports on these areas.

Paul House Jarred By Wild Auto

PAUL — A house and two cars were damaged and a third demolished early today on North Main Street in Paul when Marty M. Anderson, 24, Burley, lost control of his 1969 Plymouth.

Deputy Sheriff Ray Jarvis said the Anderson vehicle struck a 1960 Volkswagen legally parked, which set up a chain reaction to two other parked cars, then rammed into the corner of the Chalmers Platts home.

The Anderson car struck the southeast corner of the house, jarring the structure three-quarters of an inch. The Platts, who were asleep inside the bedroom at that corner of the house, were not injured.

After the Volkswagen was knocked into action, it struck another parked 1959 Chevrolet which in turn struck a 1960 Oldsmobile, pushing the last car about 20 feet. The Volkswagen then hit a pine tree in the Platts yard.

Deputy Jarvis said Anderson was going north on North Main and had stopped at a stop sign. When he started up, he told the officer he realized another vehicle was coming, so applied gas and the car went out of control in loose gravel.

Federal Fieldman Wait On Survey

It will probably be Tuesday or Wednesday of next week before agricultural experts and farmers can come up with a definite idea of where they stand financially in the severe crop damage from the Tuesday hail storm.

This was the report Thursday of Lyle Shafer, Buhl, district director for the Federal Crop Insurance Corp., Twin Falls. He said most of his fieldmen will

not make inspections for a few days yet to get a more accurate idea of how many of the plants will survive.

He said as originally thought the damage seemed to center in the Burley and Paul areas, Hazelton and Hansen but there was also some damage north of Buhl and some spotty damage south of Buhl.

Mr. Shafer said probably 1,000 to 1,500 acres of beans are

damaged from total loss to a slow down in growth. Sugar beets are pretty well beaten into the ground and some wheat and barley will also be lost.

Sugar beets, he said, will probably recover but the effect of the storm on their total yield will not be known until harvest time. Under the Federal Crop Insurance Program, farmers are guaranteed 75 per cent of normal at harvest time and payments to farmers will be made where this is not reached when beets are dug this fall.

The storm hit about 4 p. m. Tuesday in most areas carrying hail which ranged in size from marbles to golf balls. Some residents in the Burley area reported broken windows in their homes and automobiles and one farmer said it dented his irrigation pipe.

Federal Crop Insurance officials said many of the largest farms in the area such as those on the new land projects of Bell Rapids and Golden Valley are not covered by their insurance programs and as a result they have no reports on these areas.

Waterusers Report Problem At Gooding

SHOSHONE — Because considerable difficulty is being experienced in keeping water to the tail end of the canals, laterals and rivers at Gooding, all ditch riders have been asked to cut all waterusers to exactly 115 per cent, Leon Grievie, manager of the Big Wood Canal Co. reported today.

If the tail ends are still low, then all users will have to be cut to 110 per cent or less. The demand is high now as it will be all season, Mr. Grievie noted, adding by another week or so the demand should slacken somewhat so the water situation may be eased.

Almost 1,700 second feet of water is being discharged into the Milner-Gooding Canal which means the canal is completely full.

Magic Reservoir contained 183,000 acre feet of water Tuesday compared to 184,000 a year ago. More than 1,000 second feet of water is being used from Magic now because of the hot weather, Mr. Grievie noted.

The American Falls Reservoir contained 1,571,000 acre feet the first of the week, and last year it contained 1,129,000 acre feet.

KETCHUM — A small fire located in the Ketchum district near Wilson Creek was reported to the Sawtooth National Forest Service at 9:45 a. m. Thursday. One tree was spotted burning on a mountain at 10,000 feet, apparently caused by lightning.

Services Set

FILER — The last of the series of Union services sponsored by the Filer Ministerial Association during July will be held at 8 p. m. Sunday at the fairgrounds.

Rev. Roy Watson, pastor of the First Baptist church, will speak and the youth choir will sing, with Phyllis Peterson as accompanist and Kathy McCandless and Dianne Ransom, directors.

In case of inclement weather, the services will be held in the First Baptist Church.

Discharged

DIETRICH — Sp. 5 Robert Jauregui, son of Mr. and Mrs. Martin Jauregui, Dietrich, was honorably discharged from the Army after serving for two years. He was discharged at Ft. Sill, Okla.

THIS OLD PIPE organ will be on display at the Oakley Historical Museum Friday and Saturday during the town's Pioneer Day celebration. It was brought to Oakley in 1901 and is one of many articles depicting Oakley Valley's pioneer history housed in the museum which will be open Saturday through September.

Carolyn Dutt, Biggs Say Nuptial Vows

Carolyn June Dutt, daughter of Mr. and Mrs. Dan Dutt, Filer, became the bride of Russell Aubrey Biggs Jr., Twin Falls, son of Mr. and Mrs. Russell A. Biggs Sr., June 14 in rites at the First Baptist Church, Twin Falls, served punch.

Don Casey was soloist for the wedding, and music at the reception was furnished by Fay Nilsson, Riverside, uncle of the bridegroom. Gifts were arranged by Mrs. Emil Dutt and Mrs. Dan Boepple, Twin Falls, and Mrs. Pat Dutt, Filer, all aunts of the bride.

Guests were registered by Mrs. Bill Boepple Jr., cousin of the bride. Wedding coordinators were Mrs. Gary Craven, Boise, and Mrs. Don Vietz, Twin Falls. Assisting with the serving at the reception were members of the Challenger Class of the First Baptist Church under the direction of Mrs. Pat Gugelman and Mrs. Dean Dietrick.

Special guests included Mrs. Stella Grenz, grandmother of the bridegroom; Mr. and Mrs. Fred D. Grenz and Mrs. Val Fuller Kearns, Utah; Mr. and Mrs. Bob Gibbs, Granger, Utah; Mr. and Mrs. Fay Nilsson and Tom Nilsson, Riverside; Mr. and Mrs. Tom Nilsson, Blackfoot; Mr. and Mrs. Gary Craven, Boise; Mrs. Katie Schumaker and Mrs. Ida Wanner, Streeter, N.D.; Mr. and Mrs. Norman Boepple, Boise; Mr. and Mrs. Chet Schmechel and family, Caldwell; Mr. and Mrs. Ron Armstrong, Pocatello; and Mr. and Mrs. Pat Grenz, Twin Falls. Other guests attended from Jerome, Buhl and Filer.

The newlyweds took a honeymoon trip to Yellowstone National Park and now reside at 201 Washington St. S., Twin Falls. The bride was honored at a pre-nuptial shower hosted by Mrs. JoAnn Boepple, Mrs. Don Casey and Mrs. Emil Dutt. The bridegroom's parents hosted a rehearsal dinner served in the fellowship hall of the church.

Guests were seated at tables covered with white cloths and centered with arrangements of green fern, yellow roses, white daisies and yellow butterflies. The wedding cake was served by Mrs. Bill Vietz, Filer, aunt of the bride, and Mrs. Don Vietz, Twin Falls, cousin of the bride. Mrs. Bill Boepple Sr., Twin Falls, served punch.

The bride, given in marriage by her father, wore a princess-styled gown of rosepoint lace over white satin with a bateau neckline and lily point sleeves. The dress flowed into a chapel train. Her fingertip veil of bridal illusion was held by a crown of pearls and iridescent rhinestones. She carried a bouquet of yellow roses.

Gloria Veenstra, Wendell, sister of the bride, was matron of honor. Bridesmaids were Janis Biggs, sister of the bridegroom; Penny Schmechel, Caldwell, cousin of the bride; and Marilinda Buchfink, Streeter, N.D., cousin of the bride.

Douglas Nilsson, Blackfoot, was best man. Groomsmen were Darrell Hamlett, Twin Falls; Jim Brennan, Filer, and Gary Craven, Boise.

Carol Amy Biggs, sister of the bridegroom, was flower girl, and Roger Nilsson was Bible bearer. A reception was held in the fellowship hall immediately after the ceremony. The bride's table was covered with a lace and organza overskirt over a yellow cloth. It was centered with a three-tiered, wedding cake topped with a miniature bride and groom. The table was flanked by candles enhanced with white daisies.

Penny Hopkins, Wonenberg Marry in Buhl Ceremony

BUHL — Penny Lou Hopkins, daughter of Mr. and Mrs. Kemp Hopkins, Twin Falls, became the bride of Richard Lyle Wonenberg, son of Mr. and Mrs. Sam Wonenberg, Buhl, in a July 4 ceremony at the Buhl First Christian Church.

Rev. Harrie S. Young performed the double ring ceremony before a background of baskets of pink gladioli and white chrysanthemums and pink tapers in brass candleabra.

The bride, given in marriage by her father, wore a floor-length gown of crystalline satin in an A-line style featuring a portrait neckline and long sleeves. Her veil of bridal illusion fell from a bouffant bow of nylon accented with seed pearls. She wore pearl earrings, a gift from the bridegroom. Her bridal bouquet was a cascade of pink feathered carnations accented with ivy and white satin ribbon and streamers.

Mrs. Teri Payton, sister of the bride, was matron of honor, and Jennie Hill was bridesmaid. Candlelighters were Barry and Brett Wonenberg, nephews of the bridegroom.

Alvin Wonenberg, Boise, brother of the bridegroom, served as best man and ushers were Ricky Jordan and Mike McGuire both Buhl.

Traditional wedding music was played by Mrs. Charles Langley, organist, who also accompanied Mrs. Powell Chisham, soloist. After the ceremony, a reception was held in the social hall of the church. The bride's table was covered with a white-lace cloth over pink satin, centered by the three-tiered wedding cake. The cake, baked and decorated by Mrs. Leonard Walcott, Buhl, was accented with pink roses and white hearts and topped with a miniature bride and bridegroom and Lilies of the Valley. Flanking the cake were pink tapers in crystal candleholders. The crystal punchbowl and silver coffee service completed the table appointments.

Elaine Hansen, cousin of the bride, cut and served the cake. Mrs. Alvin Wonenberg, sister-in-law of the bridegroom, poured punch and Mrs. Glen Hansen, cousin of the groom, served coffee.

Kitchen workers assisting with serving were Mrs. Fern Kleinkopf, Mrs. E. Ewell, Mrs. Joe Kucera and Mrs. Mae Ullery.

Mrs. Rex Roberts, aunt of the bride, was in charge of the guest book and Lucy Hopkins, sister of the bride, and Belinda Wonenberg, niece of the bridegroom, displayed the gifts. Special guests at the wedding were Mrs. Lucy Dean, Elko, Nev., grandmother of the bride; Mrs. Rex Roberts and family, Montello, Nev., aunt of the bride; Mrs. Elsie Hardy, aunt of the bridegroom; Elaine Hardy and Mr. and Mrs. Lynn Hansen, cousins of the bridegroom, all Salt Lake City.

The bride was feted at a shower, at the William Wonenberg home, hosted by Mrs. Wonenberg, Mrs. Mike McGuire, Mrs. Dwayne Peterson and Mrs. Loyal Cramer.

The bridegroom was under a lacy canopy. It was baked by Mrs. George Lemmon, Hagerman, and Mrs. Boyd Graves and Mrs. Linard Lisonbee, Bliss, aunts of the bride, served the cake and Mrs. Frank Graves, Bliss, aunt

Georgia Matthews, Walter Recite Nuptial Promise

Georgia Carol Matthews, daughter of Mrs. Ann Matthews and the late George Matthews, Twin Falls, became the bride of James H. Walter Jr., Mountain Home Air Force Base, in an evening ceremony July 3 at the First Assembly of God Church, Twin Falls.

Rev. L. I. LaMance performed the double ring ceremony before lighted candles of pale blue tapers and urns of feathered flowers of pale blue and white daisies. Mrs. Leander Christopherson was organist and Paul DeWitt was soloist.

Given in marriage by her brother, Lewis Matthews, the bride wore a gown of candlelight nylon organza over crepe, styled with a lace bodice and full sleeves of nylon organza with lace cuffs. The gown was designed by the bride and made by her mother. She carried a bouquet of pale blue feathered flowers and white daisies.

The bride's sister, Ann Sharp, was matron of honor. Bridesmaids were Penny Gentry, Debbie Walter, Chicago, sister of the bridegroom, and Cheryl Matthews, Stockton, Calif., niece of the bride. Theresa Matthews and Stephanie Sharp, nieces of the bride, were flower girls.

Out-of-town guests attended from Des Moines, Iowa; Mike Tinker and Rich Cooke, Chicago; Boise, Nampa and Eden.

A shower for the bride was given by Betty Stewart and Brenda Carroll.

After a honeymoon trip to Las Vegas, Nev., and Los Angeles, Calif., the couple will reside in Mountain Home, where the bridegroom is stationed with the Air Force.

Ushers were Rick Ester and Wes Stewart of Mountain Home AFB and Brian Walter, brother of the bridegroom, Des Moines, Iowa. Tapers were lighted by Rick Ester and Wes Stewart. In charge of the guest book was Marsha Olson. Giftbearers were Renee Matthews, Stockton, Calif., and Debbie Matthews, niece of the bride. In charge of the gift tables were Nina and Janet Meyers and Brenda Carroll.

The bride's table was covered with white lace over blue and a white organza ruffle over blue with green ribbon streamers and white daisies. The three-tiered cake was made by Mrs. Leander Christopherson.

Serving the cake were Mrs. Del Pinkston, Boise, and Mrs. Lewis Matthews, Stockton, Calif., sister-in-law of the bride. Pouring were Mrs. Bruce Goch, Chicago, sister of the bridegroom, and Mrs. Gene Matthews, sister-in-law of the bride.

After a honeymoon trip to Las Vegas, Nev., and Los Angeles, Calif., the couple will reside in Mountain Home, where the bridegroom is stationed with the Air Force.

Linda Regan, Ford Exchange Promise

Linda Regan, daughter of Mr. and Mrs. Lee Regan, became the bride of Mike Ford, son of Mr. and Mrs. Wayne Ford, all Twin Falls, in a double ring ceremony June 28 at the United Methodist Church.

Rev. Herbert Morris, pastor of the church, performed the candlelight ceremony before a background of blue carnations and white gladioli, with blue bows on the pews. Mrs. Gibson was organist and Mrs. Terry Sullivan was the soloist.

Given in marriage by her father, the bride wore a Bridal Original gown of 3-D fine cotton. Venise lace accented the bodice and enriched the wide acolyte pailu de sole hem of her rayon organza imported cage that swept to a chapel train. Chantilly lace forward pearl trimmed held her elbow-length veil with a butterfly-free veil of English nylon illusion. She wore a drop pearl necklace, a gift from the bridegroom. She wore her grandmother's diamond ring and carried a cascade of Phalaenopsis orchids.

Mrs. Frances Hurd, Gooding, sister of the bride, was matron of honor. Bridesmaids were Judy Stephens, Kelly Mulder and Karen Ford, sister of the bridegroom.

Ed Story was best man. Groomsmen were Jim Pratt, Mike Tinker and Rich Cooke. Flower girl was May Stephens and the ringbearer was Richard Shnaral, cousin of the bride. Kim Ford and Randy Ford, brothers of the bridegroom, were ushers, and Troy and Kenny Hurd were the candlelighters.

The flowers for the bride, bridesmaids, mothers, grandmothers and the aunts were a gift to the bride from her great-

aunt Ruth Verostek from California. The reception was held in the church immediately after the ceremony. The bride's table was covered with a white cloth over blue. The wedding cake centered the table and was decorated with blue flowers and a top of bells and doves. Blue candles accented the table.

A silver coffee service and punch bowl decorated the serving table. Guests were served at tables covered with white cloths and centered with blue carnations.

Kathie Ford, Kris Ford and Nancy Stephens were in charge of the guest book and Mrs. Lucille Crews, aunt of the bride; Dean Boyer, aunt of the bridegroom, and Karen Winkle took care of the gift table.

Mrs. Ann Sharnal, aunt of the bride, served the cake. Ruth Varstok poured the punch and Maude Grove served the coffee. Guests attended from California, Oregon and Nevada. Special guests were the grandparents, Mr. and Mrs. C. Ford, Kimberly; Mr. S.L. Regan, Gooding, and Mrs. Maude Grove, Twin Falls.

After a honeymoon trip to Jackson Hole and Yellowstone National Park, the couple resides at 129 Morningside Drive. The bride is employed at the Idaho Power Co. and the bridegroom is employed at Ford Transfer for the summer and will attend Boise State College in the fall.

Showers for the bride were given by Shirley Baumert and Wanda Campbell. The rehearsal dinner was held at the American-Lagdon Hall, hosted by the bridegroom's parents.

Kathryn Miller, Griffith Wed In Hagerman Ritual

GOODING — Kathryn Christine Miller, daughter of Mrs. Forest Miller, Gooding, and Brook Gene (Joe) Miller, son of Mr. and Mrs. Lloyd Griffith, Twin Falls, were united in marriage at the United Methodist Church in Hagerman July 5.

Rev. Woodrow Harris, minister of the church, officiated at the double ring ceremony with a background decorated with pink roses from the garden of bride's grandmother, Mrs. Fred Graves, Gooding. The bride was escorted to the altar by her uncle, Boyd Graves, Tuttle.

The bride's gown was of chiffon enhanced with appliques of lace roses and Spanish lace. The gown was floor-length, a fitted bodice in the front and accented near the rounded neckline with pearl beading. A lace panel in the back formed a train and a bow decorated the neckline. Her wrist-length sleeves formed points edged in lace.

The bride's veil of chiffon was edged in the Spanish lace. She carried a Spanish styled bouquet, centered with large pink chrysanthemums encircled with white carnations and pink lace streamers.

DEAR ABBY: Our regular minister left town and another one came to replace him. The replacement was 65 years old, and quite attractive.

My mother, a divorcee, was having personal problems, so I suggested she talk to the new minister. Well, his counseling went way beyond the call of duty and they had an affair which got all over town. His wife found out about it, and filed for divorce and left him. She's a lot younger than he is and I don't think she'll have much trouble finding someone else, but I am sick with guilt to think that I sent my mother to this hypocrite in the first place.

As soon as the whole town knew what happened, the minister "resigned" (for "health reasons." Mother remarried again (for the third time) shortly after, but I know she is still seeing this minister. Should I switch churches? Or should I continue to tell everyone there is nothing between them as I have been doing?
EMBARRASSED DAUGHTER

DEAR EMBARRASSED: Why switch churches? The "Lichinvar of the Pulpit" is no longer there. Don't discuss your mother's affair with anyone, and don't feel guilty for having sent her to him. You meant well, but you are not your mother's keeper, altho from your letter, I think she needs one. P. S. Time will solve your problem. An unemployed minister is not about to hang around your town much longer.

DEAR ABBY: I am a male, mid-thirties, and I have an excessive amount of body hair. I've had my share of "hinry ape" jokes. Lately in warm weather I have been shaving my chest and legs for comfort's sake.

What would a psychiatrist say about a man who shaves his chest and legs?
NEAT

DEAR NEAT: Nothing. But he might say something about a man who shaves his chest and legs and asks what a psychiatrist would say about such a man.

DEAR ABBY: The son of a very dear friend of ours is being married soon. On the invitation was a request that instead of a wedding gift, they would like donations sent to the settlement house where the bride works.

We would prefer to send a nice wedding gift, but since they made a "request" for donations, we hate to go against their wishes. What would you do if you were us?
UP A TREE

DEAR UP: I would send a "donation." It seems to be a very thoughtful and unselfish request.

DEAR ABBY: In reading Juliet's letter re probing questions, I thought of myself and my self-consciousness over a particularly ugly scar on my throat due to a tracheotomy.

For a long time I wore a pearl choker to cover the scar, but removed it one evening at my husband's insistence that I was being overly sensitive. That very evening, at a party, a total stranger came up to me and said, "Wow, that's some scar! Thyroid?"

I replied, "No, I had a very serious SOCIAL DISEASE." The smuck on his face was replaced with embarrassment when I added, "It's called foot-in-mouth disease. When are you going to have YOURS taken care of?"
**Sincerely,
ANOTHER NEW YORKER**

EPSILON-SIGMA ALPHA members of Alpha Phi Chapter, Mrs. Glen Logan, left, and Mrs. Walter Quast Jr., display the playhouse built as a philanthropic project to aid in the research of Cystic-Fibrosis. The playhouse will be presented the last night of the Cassia County Fair.

Playhouse Funds Earmarked

BURLEY — The third playhouse which was built by husbands of members of Alpha Phi Chapter, Epsilon Sigma Alpha, is now on display in downtown Burley. The playhouse was built as a philanthropic project to aid in the research of Cystic Fibrosis.

Chapter members expressed thanks to Anderson Lumber Co., Skaggs Furniture, Lee's Furniture, Thaxtons, and McBrides Insulation for contributions toward the construction of the playhouse.

Donations may be given to any member of the sorority or from the women attending the playhouse while it is on display. The playhouse will be given away the last night of the Cassia County Fair.

This is the third year the chapter has selected Cystic Fibrosis as its philanthropic project.

Cystic Fibrosis is a most serious chronic disease affecting children's lungs and digestive systems. One in approximately every 1,000 American babies is born with this disease.

Twelve years ago most babies with Cystic Fibrosis died before reaching school age. Today, with earlier diagnosis and improved therapy, increasing numbers are in their teens and twenties. Many are still dying in childhood because no cure has been found.

There are two main types of research supported by the National Cystic Fibrosis Research Foundation: one

Social Events

seeks the cause of Cystic Fibrosis, and the second aims at better methods of diagnosis and care.

An old time dance will be held Saturday from 8 p.m. to midnight at the Twin Falls Moose Hall. Tom Lancaster's Band will provide the music. A lunch will be served.

KIMBERLY — Kimberly Readers Guild will hold its family picnic at 2 p.m. Sunday at the Kimberly Park. Those attending are asked to bring their own table service. Drinks will be furnished. Hostesses are Mildred Gill, Mrs. Mabel Helton and Mrs. Leonard Fisher.

Members at Program Meet

Twin Falls Garden Club hosted visiting members of the Gooding Garden Club at their July meeting. The picnic which had been planned, was cancelled and a program on roses was presented by club members, with Mrs. S.W. Smith and Mrs. Victor Nelson presenting various kinds of roses and answering culture questions.

Each member brought specimens of roses grown in their gardens, and each explained something about the rose brought. There were 50 different varieties exhibited, some old favorites and some of the newer varieties. Advantages and disadvantages of growth habit, flowering sequence, etc., were noted among the different varieties.

Mrs. Smith presented several varieties of Specio roses and gave history of rose culture including how varieties have been improved. Mrs. Nelson showed many of the newer varieties and comparisons were made.

Christmas show this year, to be given during the early part of December. Bad weather has forced cancellation of late flower shows in other years, but much dried material can be used for Christmas exhibits. It was stressed that members collect suitable materials early in preparation of the exhibit.

Tea was served by Mrs. Paul Detweiler, Mrs. Bill Couberly, Mrs. C.B. Requa, Mrs. Emma Stoffen and Mrs. Russell Miller. After the regular meeting, guests of the Gooding club were taken on tour of two gardens of contrast. The home and grounds of Mr. and Mrs. Leo Geper was visited. It is decorated in California type decor, with interesting pieces of driftwood, yucca plants, vines, terraced garden beds with weathered wood supports, interesting shells, rocks and driftwood.

The home and grounds of Mrs. Stanley Bedner was also visited by the guests as a study of more traditional type of decor. Mrs. Bedner's grounds are spacious, with large trees, a rose-bud, outdoor patio-living room, and many plants of the more traditional type of landscaping.

A picnic is planned for the August meeting to be held at Shoshone Falls. Members needing transportation are asked to call Mrs. Victor Nelson or Mrs. Russell Miller.

Beauty Hint

This summer feet take to the open once again in varieties of fashionable cut out shoes and sandals. According to famed beauty expert Max Factor this "bare" foot look makes frequent footcare a must.

As part of the daily bath ritual, the soles of the feet should be scrubbed gently with a soft nail brush, using a pumice stone on calloused areas. Twice a week apply Active Moisturizer to the feet to soften them and keep them soft.

To manicure toenails, shape them with the rough side of an emery board. Keep the nails fairly squared, since filing down at the corners encourages ingrown toenails. To clean around the cuticle and under nail tips, use cuticle remover and a cotton wool tipped orange stick.

Then massage a little manicure oil into cuticles, leave for a few minutes and wipe off with Nail Satin Polish Remover. Apply Ultra Lucent Nail Color in any of a variety of fashionable shades to add final touches for a finished look.

NFL Impasse May Cancel All-Star Game

NEW YORK (UPI)—"I think the All-Star game can't possibly take place."

That was the word from a key spokesman for the National Football League owners Wednesday night, summing up the impasse between the Owners and the Players Association.

"That impasse can force cancellation of the July 31 meeting of the Kansas City Chiefs and the College All-Stars in Chicago."

The player representatives and the owners have been summoned by the federal mediation and conciliation service to a meeting in Baltimore Thursday at 1 p.m. but the owners' spokesman said it was "wholly impractical to schedule" such a meeting.

"I don't think it will be possible to round up everybody and get there in time. As a practical matter I think this means the

All-Star game can't possibly take place because the chances of a settlement by Saturday are so remote."

The Players Association is not willing to allow the Chiefs to practice while the other 25 NFL clubs are locked out.

"As active players we are fully aware that the Kansas City Chiefs will need at least one week to prepare for the College All-star game and we

hope that all NFL teams will be in camp by Saturday," said Baltimore Colt and John Mackey, president of the Players Association.

"However, we feel that it is basically unfair and not in the best interests of all NFL players whom we represent to allow one team to practice while 25 other teams remain idle."

The owners, who have locked

out the striking veterans, agreed to open the Kansas City training camp to the veterans so they could practice for the week they require to get ready for the All-Star game. However, the owners also refused to attend a mediation meeting in Washington Wednesday night.

"There are too many politicians in Washington who would like to make these negotiations into what I'll call a political

basketball in deference to the sport of football," said Theodore Kheel, the owners' labor counsel. "We will accept any other city besides Washington."

Ken Bowman, a vice president of the Players Association, said the refusal of the owners to meet in Washington was "typical" and added, "We feel the owners are trying to break the Association."

Bowman, reading a prepared

statement, said "A ball player may have to leave the country to play professional football."

Gil Seldin, assistant director of mediation activities of the service, refused to predict whether the owners would show up in Baltimore. "The players have cooperated and are here and ready to negotiate, but the owners have not seen fit to attend," he said.

A joint statement by George Halas, owner of the Chicago Bears and National Conference president, said: "The club owners of the National Football League foresee a lengthy strike by the Players Association because of the extreme seriousness of the current impasse."

That said the owners believe the players have been "misled in the economic situation within the clubs."

Oliveres Remains Undefeated With Easy 10-Round Decision

CHICAGO (UPI)—World Bantam Weight champion Ruben Oliveres, punching relentlessly from every angle, convincingly defeated Japan's Shugi Chiyota Wednesday night to remain unbeaten for his career with his 57th victory in 58 bouts.

Oliveres, weighing 124 pounds to 122 for Chiyota, never was in trouble and he kept stepping up the pace of the bout in the final five rounds, obviously trying for a knock out.

Oliveres has beaten 54 of his opponents by knockout or technical knock out and Chiyota became the third fighter to lose to the final bell against the rugged, hard punching Mexican.

It was the third loss in 24 pro fights for the 19-year-old Japanese, who has beaten 16 opponents and fought five draws.

The perennially strong Pirate Swim Club of Magna, Utah, and the Ute Swim Club of Salt Lake City fight to battle it out for team honors this weekend in the annual Intermountain AAU swimming tournament.

Only the Boise team is rated to have any chance for team success against the Utahns.

As in past years, the AAU portion of the event will be held Friday and Saturday at the Harmon Park Pool and the Sunday finale will be the rough water one-mile test at Dierke's Lake.

The first two days will see Harmon Park pool in action from 8 a.m. through 10:30 p.m. Qualifying heats will be held in the morning with the finals going into the late evening.

Competition is offered in all the AAU sanctioned age classifications, running eight and under, 9 and 10, 11 and 12, 13, 14, 15-17 and senior. Sunday's mile swim will also be divided into age groups and anyone is eligible to compete. In addition to the junior age classifications, there will be age

Young Olsen Will Undergo Knee Surgery

BOSTON (UPI)—Phil Olsen, the No. 1 draft choice of the Boston Patriots, will undergo surgery Thursday at St. Elizabeth's Hospital to repair damaged ligaments in his right knee. It was announced Wednesday.

Olsen, a 6-foot-5, 270-pound defensive lineman from Utah State, was the fourth player picked in the National Football League draft.

Olsen was injured a week ago in Chicago in preparation for the College All Star game scheduled for July 31.

Olsen underwent extensive examinations by the Pats physicians Tuesday and they agreed that surgery was needed to repair the medial collateral ligament in the knee.

"The original diagnosis was a partial tear in the ligament, but this may prove to be more serious," a Patriots spokesman said. "Olsen experienced increased pain Tuesday from the exertion of the tests."

Pats head coach Clive Rush said the surgery came "as a real blow to us and all we can do is hope for the best."

Turf Specialist, One For All, Wins Sunset Handicap

INGLEWOOD, Calif. (UPI)—One For All, a grass specialist flown out from the East, captured the 20th running of the \$132,850 Sunset Handicap at two miles, the closing day feature of the Hollywood Park meeting Wednesday.

Under a strong ride by leading jockey Laffit Pincay Jr., One For All took the early lead, relinquished it the second time around, and then came on with a powerful stretch drive to score a two-length victory over Thundra. Over the Counter was third and Makor finished fourth in the field of seven.

"One For All" earned the two miles on the grass in 3:21 4/5. The time was nearly four seconds slower than the American record set in the same race last year by Petrone.

One For All earned a winner's purse of \$75,350 from owner John A. Bell and sent his earnings to better than \$250,000.

One For All was the heavy favorite of the closing day crowd of more than 30,000 and returned \$4.80, \$3.20 and \$2.40. Oundaga paid \$4.00 and \$2.80 and earned \$25,000 for second place. Over the Counter returned \$2.40.

One For All took advantage of a slow early pace to open a two-length lead as the field went around the clubhouse turn and into the backstretch for the first time. He held his margin coming past the stands for the first time but when the horses went into the backstretch for the final run, Makor, with Bill Shoemaker aboard, took the lead.

Orioles Take 19th in Row From Royals 4-3

KANSAS CITY (UPI)—Pine-hitter Chico Salmon beat out a bunt single with two out in the 13th inning to score Dave Johnson from third base Wednesday night and give the Baltimore Orioles their 19th consecutive victory over the Kansas City Royals, 4-3.

Sox Sweep Angels
BOSTON (UPI)—Carl Yastrzemski collected three hits in each game to boost his hitting streak to 12 games Wednesday night and pace the Boston Red Sox to a day-night doubleheader sweep of the California Angels by 7-4 and 8-3 margins.

Idaho Falls won the rubber game with Cowboys as they blasted Twin Falls hurling a 13-2 victory.

Angel hurler Bob Johnson pitched seven masterful innings as he gave a solo homer to Tom Cox for the only hit while striking out 11.

Twin Falls picked up a single run off reliever Steve Flicker in the top of the ninth when Hartline drew a walk and scored on Gary Hagan double.

Idaho Falls put the game away in the bottom of the second inning when it scored three runs on four hits and three base-on-balls. Magic Valley pitched was in hot water all night as the Cowboys issued nine base-on-balls, two of which turned into runs for the Angels.

Big Angel hitter was Morris Nettles, the league leading bat man, as he went three for four to raise his average to .47.

Tulsa Grid Coach Quits, Aide Hired

TULSA, Okla. (UPI)—Tulsa University head football coach Vince Carroll quit Wednesday four weeks before the start of the Golden Hurricane fall practice.

"Hoot" Gibson, 30, was named interim coach. Gibson will also continue to serve as offensive coordinator. He is a former North Carolina State star and came to Tulsa last spring after serving as assistant coach for professional teams at Boston and Buffalo.

"Due to personal feelings and as a result of allegations made by the NCAA concerning recruiting policies of the football staff, it is my belief that in the best interests of the University, I should tender my resignation at this time," Carroll said.

Cleveland Veterans Hold Own Drills

CLEVELAND (UPI)—Cleveland Browns veterans went through organized defensive drills at their training camp Wednesday as their coaches instructed rookies in their regular training camp in 30-mile-away.

"It just happens to have defensive formations here," captain Jim Houston announced. "I don't know where they came from, but let's get to work."

Houston, speaking for Browns veterans in the dispute with owners over the player pension plan, said, "we're ready to go to camp when everything is resolved. But we won't go until it is."

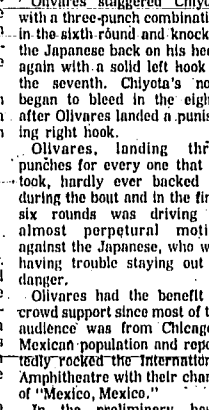

Cowboys' Rookies Tip Chargers 17-14

THOUSAND OAKS, Calif. (UPI)—Charley Carroll and Steve Kiner scored on a fumble and a pass interception Wednesday and Tom Rodgers kicked a 32-yard field goal in the Dallas Cowboys 17-14 defeat of the San Diego Chargers in a rookie scrimmage.

Carroll picked up a San Diego punt—67 yards—from the Dallas goal line and ran into the end zone for the Cowboys' first touchdown. Kiner returned the interception 23 yards for the final Cowboys touchdown.

Zennon—Andrusvahn—and Howard Mikuta added the extra points and Rodgers' field goal completed the Cowboys scoring.

L.A. Erases Six-Run Deficit To Nip Expos

LOS ANGELES (UPI)—Pinchhitter Tom Haller smashed a grand slam home run to highlight an eight-run Los Angeles explosion in the 7th inning Wednesday night to give the Dodgers a 12-10 decision over Montreal after the Expos had led by six runs.

Trailing 10-4, the Dodgers sent 11 runners to the plate in their biggest inning of the year. All of the runs were scored with two out.

Haller hit the first pitch served to him by laser Claude Raymond far over the center field fence for his third round-tripper of the year. Rookie Yon Joshua, who had opened the inning with an out-as-a-pinch-hitter, followed Haller with his first major league home.

St. Louis (UPI)—Cesar Cedeno singled twice, Joe Morgan hit a two-run single and Julian Javier dropped a pop fly in a seven-run fourth inning Wednesday night which carried the Houston Astros 10-13 to victory over the St. Louis Cardinals.

Nicklaus-Palmer Team Heads Best Ball Field

LIGONIER, Pa. (UPI)—Arnold Palmer, the local boy who made good, and Jack Nicklaus—partners instead of rivals—head the field into the first round Thursday of the \$250,000 national four-ball golf championship.

The pairing of the game's two top drawing cards, itself unique, lent an added touch to the only team competition on the pro golf tour.

Rarely do Palmer and Nicklaus meet in head-to-head competition, but they have played together in the four-ball before—they won in 1965 and in the World Cup matches.

Sixty two-man teams will begin play in the better-ball-of-two event over the 7,045-yard, par-71 Laurel Valley Golf Club, just 10 miles down the road from Latrobe, where Palmer learned the game, grew up, and still lives.

After Friday's second round, the field will be trimmed to the low 30 teams and ties for the final two rounds Saturday and Sunday which will be televised nationally (NBC).

Besides Palmer-Nicklaus, other leading pairings included Billy Casper, the tour's only three-time winner this year, with Bert Green; leading money winner Lee Trevino with former Green Bay Packer football player Jesse Whitton; Bob Lunn with Dave Stockton; elder statesmen Sam Snead and Gardner Dickenson, a team whose total is 100; and former winners Gary Brewer-Hutch Bald and George Archer-Bobby Nichols.

The four-ball has been an orphan of the PGA tour, shunted off to off-season dates and out-of-the-way places—three previous times, but largely due to Palmer's influence. Laurel Valley got it in mid-season for the first time. They hope to make it a regular event here.

Brewer and Bald won the first tournament in 1965, Archer and Nichols in 1968, the last time it was held. There was no four-ball tournament in 1967 or 1969.

Palmer and Nicklaus have played just one competitive round between them since Nicklaus won the British Open in a playoff July 12. That was at the Philadelphia Golf Classic last weekend, where Nicklaus shot a first-round 74, two-over-par, and withdrew because he was "too tired." Palmer skipped Philadelphia.

Most of the top pros—there are no amateurs entered—are in the field, with the notable exceptions of U.S. Open champion Tony Jacklin, Gary Player and Frank Beard, last year's leading money winner.

Trevino, who had originally termed it all a misunderstanding before beginning his only practice round Wednesday.

Keino Ignores Threats On Life, Repeats as Commonwealth Mile King

EDINBURGH, Scotland (UPI)—Kipchoge Keino of Kenya, ignoring threats on his life and the challenge of a brush New Zealander, won the 1,500 meters run at the ninth British Commonwealth Games Wednesday before an audience which included Queen Elizabeth.

Keino, the reigning Olympic champion and winner at Kingston four years ago over one mile, received one telephone call and two threatening letters before the race warning he would be shot if he appeared, but none of this showed in his running as he won in 3:36.6 minutes to lap one-tenth of a second off his British All-Comers record established at London's White City Stadium in August, 1967.

Dick Quax, the only other runner in the 12-man field with a positive thought in his head, finished second in 3:38.1, while England's Brendan Foster took the bronze medal in 3:40.6.

Keino, a 30-year-old police inspector from the Kenyan highlands, allowed Quax to lead for the first 300 meters, reached in 42.8 seconds, but he was ahead at 400 meters and stayed in front to win.

Quax stayed glued to Keino as they passed 400 meters in 57.9 seconds; 800 in 1:55.0, and 1,200 in 2:52.3. On the bell lap Keino increased his speed but could not drop the Kiwi who challenged on the back straight before finally losing contact as they entered the home stretch. Keino going on to win by about 10 meters with Foster a further 30 meters behind Quax.

The capacity crowd of 30,000 cheered when Queen Elizabeth presented the popular Kenyan with his gold medal, then he met with newsmen and said: "Watch this boy Quax—He will be the one to beat at Munich."

Keino said: "I believe I could have run faster. I was not really relaxed today and not in the mood to run."

The short sprint winners completed the double Wednesday when Don Quattie of Jamaica, running in lane three, led all-the-way to take the 200 meters in 20.5 seconds ahead of Ed Roberts of Trinidad and Kenya's Charles Asati.

Roberts, who led the runners out of the tunnel for the victory ceremony, gave the "clenched fist" salute when he entered the arena to receive his award from Princess Anne.

Rae Boyle of Australia again relegated Ghana's Alvin Annum to the role of runner-up when she took the women's 200 meters in 22.7 seconds with a fast run from lane four. She got away from the African over the final 80 meters. England's Margaret Critchley was third.

Welshman Lynn Davies retained his long jump title with a leap of 26 feet 5.4 inches on his third trial. Australia's Phil May, competing for a better second jump, won the silver ahead of England's Alan Farwell after both had achieved 26 feet 1.2 inch.

NEW YORK (UPI)—Floyd Patterson, former two-time world heavyweight champion, agreed Wednesday to meet Charlie "Devil" Green in a scheduled 10-round bout at Madison Square Garden on Sept. 15, setting the stage for his return to the ring after a two-year absence.

Patterson, only heavyweight ever to lose and regain the world heavyweight crown, will be making his first ring appearance since Sept. 14, 1968 when he faced the 28-year-old New York fighter. It will also mark Patterson's initial bout in the new Madison Square Garden and will be his first Garden appearance in five years.

The 35-year-old Patterson has been inactive since a controversial loss to Jimmy Ellis in Stockholm on Sept. 14, 1968.

Patterson has a 40-7-1 record, including 35 knockouts, and Green is 13-6 with eight knockouts. In his last New York appearance, Patterson won a decision over George Chuvalo on Feb. 1, 1965 before a sellout crowd.

Jerome's Pari-Mutuel Racing Opens Tonight

JEROME (UPI)—Pari-mutuel horse-racing goes under the lights Thursday night in the opening session of the annual Jerome County race session.

Post time for the first race Thursday through Sunday nights will be 6:30 p. m. with 10 races on each program.

The session will offer races for quarterhorses, appaloosas and thoroughbreds.

The highlights of the four days will be the 14th annual Intermountain Quarterhorse derby with \$400 added, the Intermountain Futurity and the third annual Magic Valley futurity. The Magic Valley offers a \$500 added.

The pari-mutuel event is part of the 37th annual Jerome County fair.

NEW YORK (UPI)—Joe Peppone, the AWOL Houston Astro player, served notice to the team Wednesday that the old tune "Meet Me In St. Louis" most certainly does not apply to him.

The 29-year-old Peppone who has returned to New York after a dispute with Astros manager Harry Walker and general manager Spec Richardson said Wednesday that he had no intention of changing his mind and rejoining the team in St. Louis.

"I just got home, I'm tired and I just want to think things over," the veteran player said from his hair styling salon "My Place." "Right now I'm going to be working here and let things stand. I definitely am not going to St. Louis."

Peppone walked out on the Astros earlier in the week after a series of clashes with Walker and Richardson over various club regulations. The Astros fined Peppone \$250 for missing a practice during the All-Star break and have also instituted a rule which requires all players on the team to have roommates on the road.

Peppone has insisted that the fine was unjust because he has been suffering from an elbow injury which prohibits him from being able to swing a bat or throw a ball.

As for the roommate rule, the former New York Yankee slugger says he hasn't had a roommate in seven years.

"I think the best thing for me right now," said Peppone, "is for the club to trade me. I simply can't handle the situation here."

"The ballplayers are great and Houston is a good town, but it's the personnel. I heard so much from everyone about Walker, but now I KNOW for sure. The guy is unbelievable—I can't take him anymore."

leads of the king and queen of clubs, in order to get rid of dummy's ace and king of spades.

"All I will lose is a spade trick. Right?" he asked.

Just then the president's partner arrived. He looked at the stranger quizzically: "Don't I know you?" he asked.

"Of course you do. I'm Z. I used to sit South in all the bridge articles in the days of auction. Many's the time you were my partner under the name of V. How we used to clobber poor A and B, just as North and South tend to clobber East and West since taking over our positions at the table. I have never learned contract but I guess I can still handle dummy play."

Z certainly could and still can. Just try to make the contract without doing some jettisoning of dummy's high cards.

(Newspaper Enterprise Ass'n.)

"I have never played contract," said the old man, "but if you need a player until your partner arrives, I will do my best. Just let me sit South."

The president of the club, whose partner had been delayed, sat North while the best pair in the club picked up the East and West cards.

"They give a bonus for bidding a game, don't they?" asked the old man. "I'll bid four hearts."

North raised to six. Expert West was tempted to double but restrained himself. He opened the king of diamonds. The old man ruffed, spread his hand and said, "Six bid and made."

There was a howl from East and West. The director was called and the old man explained. "I'll start by drawing trumps. That took four leads and the ace of clubs was discarded from dummy. Next came the

What do you do now?

A—Bid six clubs. Your partner is really trying for a slam. Bid it. He can go back to hearts if he wants to.

TODAY'S QUESTION

Instead of bidding one spade, West has bid one heart over your pass. Your partner passes and East bids one no-trump. What do you do now?

VENUS - Tape measurements of the Venus de Milo, reports a subscriber, are as follows: Height 5 1/2 feet, neck 12 7/8 inches, waist 28 1/2, hips 36, thigh 19 1/2, knee 13 1/2, ankle 8 1/2 and bust 34 3/4. Young lady, how do you compare with that historic old girl? Would you look all right in marble?

CALIFORNIA has come up with more new kinds of roses than all the rest of the world put together. . . . FRANCIS AT 4-feet-6-inches was exactly as tall as the Statue of Liberty's nose. . . . UNDER THE LAW in Iowa, a one-armed piano player can play his piano in public all right, but he can't charge admission. . . . DRY CLEANERS nationwide agree the life expectancy of a man's overcoat is four years, no more. . . . IT'S A SCIENTIFIC FACT The Japanese have larger brains than Occidentals.

CONSIDER THIS - Note it stated girls are more romantic than their gentleman friends. Our Love and War man disagrees. More sentimental maybe. But more calculating, too. When a man contemplates matrimony, it's his romantic nature that calls the turn. But when a woman thinks about getting married, it's frequently her opportunity for advancement that decides the matter. This is particularly true of petite blondes with retreuous noses.

YOU'VE HEARD of the Kimberley diamond mines of South Africa. A lot of men who have worked those pits for as much as 30 years have never even seen a diamond. Odd, what? . . . THERE ARE 23 BONES in a swan's neck, only seven in a giraffe's. What, you say you don't care about that? Well, how about the bones in a duck's neck? There are 16. . . . TAKE THOSE convicted felons aged 20. They're numerous, but that's not the point. Point is six out of 10 of same are repeaters, already.

CUSTOMER SERVICE - Q. "Are cranes and herons good to eat?" A. Cranes are too fishy. . . . Q. "How fast does the wind have to blow before you can call it a hurricane?" A. At least 75 miles per hour. . . . Q. "Are cars colorblind?" A. So it's said. Likewise dogs, pigs, sheep, cows, horses and frogs. Salamanders are colorblind, too, but no need to make much of a point of that because this year there's not all that much interest in salamanders.

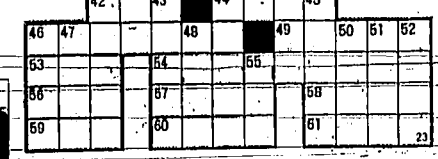

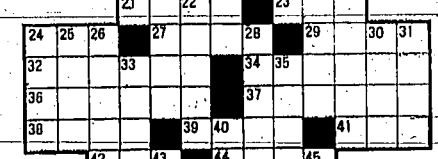

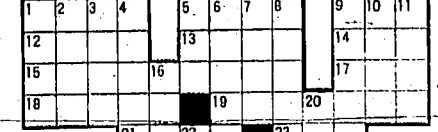

COMMON CONCERN - What worries the average man most? Either money or the lack of same, I thought. That's not right, evidently. Pollsters now claim the commonest concern among grownups has to do with getting out of shape physically. Too fat. Too soft. Too short-winded. Too weak.

RAPID REPLY - Yes, sir, exactly 74 armed conflicts have cropped up in one place or another on earth since the outset of World War II.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 99068, Seattle, Wash. 98199.

City Water Sources Explained

TAKING HIS FIRST real rest since he donated his second hand store to charity and began hitchhiking is William B. Flaten, 55. Mr. Flaten is hitchhiking to San Francisco where plans to hop a tramp steamer bound for Viet Nam.

Hitchhiking Might Be Fun—but to Viet Nam?

The hard jobs are easy to finish, but the impossible ones take a little longer, so the old saying goes.

And William B. Flaten, at the age of 55, has decided to join the army to fight in Viet Nam, and he will do so by hitchhiking to Viet Nam.

Approximately one month ago, Mr. Flaten donated his second hand store in Mankato, Minn., to charity and set out to do his "patriotic duty."

He is hitchhiking to Viet Nam to join the Vietnamese Army. Futility, he has tried to join the United States Armed Forces and now penniless, he is working his way to San Francisco, where he plans to hop a tramp steamer bound for Viet Nam.

Mr. Flaten arrived in Twin Falls this week, and the Salvation Army took him in for the night and fed him.

"I ate three plates full of rice and drank four glasses of milk and three cups of coffee," he said. "I hadn't eaten for two days."

Mr. Flaten is determined to get to Vietnam. "I'll never turn back," he says, "and I'll take any kind of work the Vietnamese give me to do."

In Omaha, Neb., Mr. Flaten had his first real bout with hunger. Finally, as he hitchhiked out of town, a sympathetic truck driver bought him a meal and gave him a lift.

Mr. Flaten is taking the long way to San Francisco. He believes that he will avoid being picked up for vagrancy if he takes the "back way."

Mayor Frank Feldman said Thursday he understands some questions have been raised concerning the amount of water being used by Twin Falls from the new pumping system.

He said records in the water department show about half of the supply is from Alpheus Creek and the other half is from the two wells south of the city.

Records for the month of June show a total of 232,540,000 gallons of water used in the city. Of this amount, 109,256,000 gallons were pumped from Snake River Canyon out of Alpheus Creek. The remaining 123,284,000 gallons came from the two wells south of the city being pumped into the south reservoir.

There is no water taken from the Snake River or the Twin Falls Canal Co. system and the filter plant south of the city is no longer operating.

Kenneth Leazer, in charge of the city's water treatment system, said the wells are now operating near capacity while the pumping system brings water from Alpheus Creek is only at a small percentage of capacity and is capable of handling future growth and industrial demands.

For example, he said the peak use in June reached 11,876,000 gallons. Of this about 40 per cent came from the wells and 60 per cent from the

pumping system, showing a demand increases more than 24-hour period, while capacity supplied from Alpheus Creek, Mr. Leazer said, capacity of Alpheus Creek is about 28 million gallons each 24 hours.

Gravel Hauled To Construction Site on Highway at Fairfield

FAIRFIELD — A gravel crusher has been set up south west of Fairfield on property of Lloyd Barron and trucks have started hauling gravel to highway No. 68. Eight miles of the highway has been under construction since last fall between Corral and Fairfield.

Fill dirt has been hauled last fall and big run her from a site north of Fairfield. New culverts and ditches were built last fall and the roadbed is being widened. Oiling and finishing of the road is planned for this fall.

Western Construction Co. Boise, has the contract.

The road has been kept open to traffic during the construction but it is very rough.

The Almanac
By United Press International
Today is Thurs., July 23, the 20th day of 1970 with 161 to follow.

The moon is between its full phase and last quarter.

The morning star is Saturn. The evening stars are Mercury, Venus, Mars and Jupiter.

On this day in history:
In 1829, William Burt of Mount Vernon, Mich., received a patent for his "typewriter," claimed to be the first typewriter.

In 1904, the ice cream cone was born. Charles Menches of St. Louis, Mo., called on a young lady carrying a bouquet of flowers and an ice cream sandwich. She fashioned one sandwich type "into a vase," thus suggesting a cone type holder for the ice cream.

In 1945, Marshal Henri Petain of France went on trial in Paris to face charges of World War II treason.

In 1968, eight persons, six of them policemen, were killed during a racial disorder in Cleveland.

A thought for the day: Somerset Maugham said, "The tragedy of love is indifference."

PNEUMONIA KILLS MANY MANILA (UPI) — Pneumonia, the Philippines war season killer illness, claimed 63 lives in the Manila area in the past week, health officials said Saturday. They also said that 34 persons died of stomach ailments and reported 317 cases of gastro enteritis.
