Samuelson, Andrus Win Gubernatorial Rematch

By RICHARD CHARNOCK
BOISE (UPI) — Republican Gov. Don Samuelson and Democrat Cecil Andrus renewed their race for governor today in a head-to-head general election campaign promising Idaho a choice for the 1970's.

Samuelson clobbered former state Sen. Dick Smith, Rexburg, by some 15,000 votes while Andrus emerged a 5,000-plus-vote victor in a three-way race against Vernon Ravenscroft and Lloyd Walker.

Both promised a hard-hitting campaign for the Nov. 3 general election keyed to the issues of taxes, pollution and other problems of the space-age decade ahead.

Meantime, Gilbert T. McKinley, a Rexburg educator, defeated H. Louis Hooban, a Mulan school counselor, better than 231 in Tuesday's other statewide primary election contest for the GOP nomination for superintendent of public instruction.

He will meet Democrat incumbent D. F. Engelking and the American Party's A. Layne Blanchard, St. Anthony, in the general election. Blanchard received only a handful of votes in the primary.

Expected to join Samuelson and Andrus in the general election race for governor is Wallace Hitt of Boise who has said he will run on the American Party ticket. He was not on the primary election ballot, however.

In the non-partisan contest for Supreme Court justice, incumbent Clay V. Spear won a plurality and so must meet the runner-up — Chairman Will Deffenbach of the Industrial Accident Board in a runoff Nov. 3. Robert T. Fleton, Moscow, came in third and Elbert E. Gass, Boise, fourth.

Smith sent a telegram of congratulations to Samuelson and then told newsmen superior name identification cost him the election. He said he did not believe it was decided on the issues.

Both Ravenscroft, a state representative from Tuttle, and Walker, a former party chairman from Twin Falls, congratulated Andrus and pledged their support to him in the campaign ahead.

Samuelson thanked not only his supporters but those who have worked with his administration "to improve and bring efficiency to our state government and move the Idaho economy ahead."

He urged Smith and his supporters to join the GOP, campaign team in the months ahead.

Andrus said he was extremely pleased "because we're going into a two-man race and it will be with clear-cut issues." He said both Ravenscroft and Walker will serve on his executive committee.

"This is going to be the doggedest campaign you've ever seen in your life in the state of Idaho," the jubilant, 38-year-old insurance agent and former state senator, said. "It's a people's campaign."

In 1966, after losing the primary election, Andrus was nominated by the Democratic State Central Committee when the party nominee — Charles Herndon — was killed in a plane crash. He lost the general election to Samuelson although both men were minority vote-getters.

Samuelson garnered 42 per cent of the vote and Andrus, 37.

Two Independents — Perry Swisher, Pocatello, and Phillip Jungert, Lewiston — split the remainder.

Unless Hitt or some other American Party candidate makes a strong bid this year, Samuelson and Andrus will have an ahead-to-head battle that should settle a lot of four-year-old arguments.

Candidates for two statehouse offices still must be declared by the Republicans, possibly from announced write-in candidates: No body filed for either auditor or treasurer prior to the June party conventions but state Budget Director Jack Holley and Boise trust officer Wallace Connolly said they would seek their respective posts.

Judge Denies Mistrial Move

LOS ANGELES (UPI) — Charles Manson threw that Tate murder trial into pandemonium just by holding up a newspaper in front of the jury and letting them read the headline.

He said, "Manson Guilty, Nixon Declares."

Manson then sat back Tuesday and watched the court try to prevent a mistrial in the case against him and three codefendants.

Superior Court Judge Charles H. Older, a World War II fighter pilot, was up to the task. He drew from the jurors the declaration they still could decide the case impartially.

sent a defense lawyer to jail, and ordered the trial to proceed.

Manson's action came in the afternoon session after Older had rejected a defense motion to declare a mistrial based on remarks President Nixon made Monday about the cult leader's alleged guilt.

Manson, 35, took things into his own hands after the lunch recess. He picked up the paper and held it in his hands so the jurors 30 feet across the room could see it clearly.

A woman juror in the front row gasped.

"Your honor!" shouted Deputy District Attorney Arnon Slovic, the first official to see what Manson was doing.

A sheriff's deputy immediately snatched the newspaper from Manson's hands as the defendant smiled and fingered his beard.

House Fire Halts Moving Job

Three Magic Valley fire departments answered a call Tuesday afternoon on a house fire in the middle of Washington Street North.

The two-story house, weighing an estimated 65 tons, was being moved by the B. C. Miller House Moving Co. from a position adjoining the First Federal Savings and Loan Assn. on Third Street North to the northwestern area of the city.

After blocking traffic during their slow route up Blue Lakes Boulevard North, the house-movers swung west on Poldine Road and north on Washington, headed for a spot on the canyon rim. Idaho Power Co. linemen proceeded the giant house, trimming lines back and clearing the way.

But a high-voltage line, carrying 138,000 volts, had not been cut off, and as the house and equipment, the current apparently jumped the short distance from the line to the top of the house, and a husky spark ignited the dry shingles.

From the roof, the fire spread rapidly throughout the house, firemen said. Fire trucks from Piler and Twin Falls and the power. At one point during the battle, nearly a dozen Idaho rural department had to relay tanks of water down Washington Street North from the nearest fire hydrant, several blocks away.

As the house burst into flame, the high-voltage line snapped, falling across the truck pulling the house, driven by Bruce Miller, sounding "like a bolt of lightning," he recalled later. He bailed out of the open door and was not injured.

Idaho Power Co. rushed linemen to the scene to clear away live lines and cut the Power vehicles were at the scene, and three "buckets" were in the air carrying linemen.

Power in the area was cut by linemen, and a smaller line burned through, further reducing the power supply, which included the city water supply. City officials said the reservoir level was being reduced rapidly for a time due to the lack of power.

The house was destroyed by the fire, but the movers were able to save their platform, valued at \$5,000.

A ROARING FIRE brought a quick end to a house-moving project Tuesday afternoon when this two-story dwelling, being moved from downtown Twin Falls to a spot on the canyon rim, brushed a high-voltage line and a spark ignited the roof. The house was destroyed, despite the efforts of three fire departments. The fire blocked traffic on Washington Street North.

Valley Vote Shows Urban-Rural Split

Rural voters in Magic Valley voted strongly for incumbent Gov. Don Samuelson and Democratic challenger Vernon Ravenscroft.

But urban residents showed a marked divergence from preferences of rural voters.

Twin Falls County showed the divergent pattern. While city voters supported Republican gubernatorial challenger Dick Smith over Gov. Samuelson by 1,336 to 1,200 votes, rural voters swung their power behind the governor.

Out-of-city votes in Twin Falls County ran 1,088 for Samuelson to 736 for Smith, throwing the county into Samuelson's column.

A similar split appeared between supporters of Twin Falls Democrat Lloyd Walker and supporters of Tuttle Democrat rival Vernon Ravenscroft.

City voters gave Walker 707 votes compared to Ravenscroft's 640, while rural voters preferred Ravenscroft by a 834 to 305 margin.

The rural pattern carried through the returns from other valley counties.

Cassia County preferred Ravenscroft over Walker by 983 to 111.

Blaine County, where Walker was reared, voted for Ravenscroft by 401 to 280.

Ravenscroft carried all Valley Counties.

Only one valley county — Minidoka — favored Smith over Samuelson.

Tax Relief OK'd

Twin Falls County Commissioners, Bill Chancey and Morris Carlson were advised today by the Idaho Tax Commission that the county's request for relief under House Bill 304 has been granted.

The county had asked for an additional \$77,000 in tax revenue for this year in excess of the four per cent limitation to repair fire damage at the county fairgrounds.

The state Tax Commission said that despite a protest from the Twin Falls County Tax Equity Association, no hearings would be scheduled on the county's request.

Machine Victorious American Party Rejected

There's a story circulating around the Twin Falls County Courthouse about one judicial candidate who tried to outsmart an automatic voting machine Tuesday — but lost.

The candidate reportedly decided to cast a write-in vote for himself, even though his name was already printed on the ballot.

But when he moved the lever to write-in position the machine locked — out the regular candidates as it was programmed to do.

Unfortunately for the candidate, write-in votes cannot be made on the judicial ballot. So it did not register the write-in and the candidate lost one vote for himself.

Ketchum Woman Killed in Crash

BELLEUEVE — Blaine County registered its fourth traffic fatality in three days with the death late Tuesday of Clara Klein, 73, Ketchum.

State Patrolman Gene Bolton said Mrs. Klein was apparently going off into the right hand borrow pit where it rolled for 108 feet.

Mrs. Klein's body was found near the car. Acting coroner Duane Bentz pronounced her dead at the scene.

She was alone in the vehicle. A second vehicle was damaged indirectly in the accident. The windshield of a 1969 sedan driven by Bob Struthers, 23, Sun Valley, was broken when it was struck by flying gravel. The driver was not injured.

The victim was taken to Hove Funeral Home in Jerome where funeral services are pending.

New ABM System Pressed Jerome Man Said Critical

WASHINGTON (UPI) — The Army has started work on a new, improved, antiballistic missile system designed to replace Safeguard, the \$6 billion to \$10 billion ABM system it has just started to build.

The new system, dubbed "Hardate," would cost as much or a little more than Safeguard, the weapon which has provided a platform for the military spending debate through much of the 81st Congress.

Existence of the new ABM system was disclosed in secret testimony by Army research and development officials to the House Appropriations Committee. Opponents of the ABM say the administration should stop work on Safeguard now and devote its resources to the new Hardate system. But Army officials say if they keep doing that, they will never get anything built.

JEROME — A Jerome man, Robert Blades, 28, was critically injured early today in a one-vehicle accident on Interstate 80 near the rest stop east of Jerome.

Jerome County Sheriff James (Pat) Burns said Blades was believed to be heading for work in Twin Falls when the accident occurred about 7:10 a. m. Blades was thrown out of the vehicle, a late-model pickup truck, when it went out of control and rolled off the highway, rolling over several times.

Sheriff Burns said he placed the time of the accident at about 7, because the victim's watch stopped at 7:10.

The sheriff said he could not determine the cause of the accident from his initial investigation.

Blades was listed in critical condition later today at St. Benedict's Hospital in Jerome.

Ravenscroft Says He May Try Again

TUTTLE — Vernon Ravenscroft, who lost out to Cecil Andrus in his bid for the Democratic nomination for governor Tuesday, indicated Wednesday morning that he may try again "in four or eight years" for the state's top political job.

"It's hard to know what factors will be involved then," he said, but I haven't ruled out the possibility of another try."

For the present, however, he said he had congratulated Andrus on his victory and offered his help in the upcoming general election.

And, of the election coming up in November, he said, "Gov. Samuelson's showing (against Dick Smith in the primary) is such that I don't think anyone can assume that the general election is going to be easy."

Ravenscroft led Andrus and Lloyd Walker in returns throughout the evening, until the bulk of the votes from North Idaho and Pocatello started coming in.

He said he realized he was way behind in these areas "from the standpoint of acquaintance," and spent most of his time campaigning there. He said he felt this would help him if he should decide to run again.

Ravenscroft noted that Magic Valley, his home area, gave him his strongest showing "although I didn't spend much time campaigning around here."

He said he was very appreciative of this vote, and also wanted to extend his complete thanks to "my tremendous organization of strictly volunteer people."

For the immediate future, Ravenscroft said, "I've got enough business interests so I'm not going to lack for something to do, and I've been active enough in public work so I expect I'll find some work to do in that respect, too."

RFK Jr. Caught In Drug Raid

HYANNIS PORT, Mass. (UPI) — Robert F. Kennedy Jr., 16, son of the late New York senator, and R. Sargent Shriver III, 17, son of the former ambassador to France, were arrested Tuesday night in drug raids, it was disclosed today.

The two boys were among 17 persons seized in raids by local police in the Hyannis Port area, according to authoritative sources. The charges involved marijuana, the sources said.

Author To Lecture Here

Wednesday, August 5, 1970 Times News, Twin Falls, Idaho

LECTURING ON THE Tarahumara Indians of Mexico at 7:30 p. m. Wednesday will be Jonathan F. Cassel and his wife, Estelle. The lecture will be held at the Twin Falls Nazarene

Church and will be concerned with the 200-mile backpacking trip their family took into the Sierra Madre country.

Jonathan F. Cassel, accompanied by his wife Estelle, will give a lecture on the culture of the Tarahumara Indians of Mexico, Wednesday evening at 7:30 p. m. at the Twin Falls Nazarene Church.

Cassel and his wife and their son Jon, explored an unknown region of the Barranca-Urjuga, "a tremendous chasm four and one-half times larger and two thousand feet deeper, than Grand Canyon." His family was the first non-Indian family to do so.

Back-packing 200 miles into the wilderness, Cassel and his family found a desperate, diseased tribe, living in the stone age ways. These people dwell in caves, sleep on the ground and use flint for their knife blades and a sharpened stick for an arrow.

The people live scattered in the canyon country, and probably would have died out from an epidemic if they had been living together.

Marrying at the young age of 13, 14 and 15, the Tarahumara die at about the age of 45 and 80 per cent of their children die

before they reach the age of five.

The book, Tarahumara Indians, written by Cassel, has had several book reviews from noted critics, and has received exceptional recognition from the American Library Association.

Cassel spent his childhood in the Zane Grey section of Montana, where his friends wore Flatheads, Crows and Blackfeet.

In later years, he sought out natives of many South Pacific Islands, and lived with headhunters of New Guinea.

He is a retired major after 22 years of U.S. Army service and devotes his time to writing, lecturing, and investigating customs of primitive people.

Thursday, between 3 p. m. and 6 p. m. the Cassels will sign copies of their book at Buttreys in the Blue Lakes Shopping Center.

Migrant Housing Cleanup Overdue

WASHINGTON — Around and about the administration and the Congress, it is now being said, piously and comfortably, that something will be done about the nation's one million migrant workers who live like sickening animals.

Well, they've been busy, of course. Their system of priorities perforce has required them to appropriate billions of dollars to keep American troops in Europe and thus sustain that continent's wild prosperity.

Meanwhile, down on the farm in sunny Florida, there were these 200 fruit and vegetable pickers, employees of one George Wedgworth, past president of the Florida Fruit and Vegetable Association.

Two hundred of these workers lived in a 50-room boardinghouse. They lived "free, at no cost," said Wedgworth. They were overcharged.

Their annual wage is \$890. In New York City, the able-bodied unemployed male with no dependents can pick up \$20 a week from the city for sitting on his duff.

Realistic View

That bastion of Marxist collectivism, the Soviet Union, is learning something about the fruits of individual initiative. After repeated failures in consecutive five-year farm programs, including the current one, the Kremlin is turning slightly toward rewards for the individual farmer.

and other products produced in excess of established quotas and individuals will be encouraged to farm more private plots — for their own profit — in their spare time.

Taxing Matter

Between auditing tax returns and checking depreciation schedules, the legal eagles at Internal Revenue Service took time out recently to answer a letter. The story they related by way of advice is not likely to be nominated by book reviewers for the best-seller lists.

of 5,000 unsolicited volumes, worth \$30,000 at retail, and if he reported all that, his tax would be \$2,000 more than he earned on the job.

Storm Assault

Repeatedly since the early 1960s, the United States Navy has launched experimental attacks against hurricanes in an attempt to control or disperse them through chemical seeding by airplane.

and repeatedly, using fleets of Navy, Air Force and Marine Corps planes.

Gem Legislators Upset

FISHING BOATS lay aground in Aransas Pass after high winds and waves ripped them ashore during the furious devastation of Hurricane Celia. The storm ravaged hundreds of square miles of Texas coastline before playing itself out inland. (UPI)

By RONALD B. SCOTT
BOISE (UPI)—Upsets sparked the legislative matches Tuesday night across Idaho where several incumbents fell to challengers in the primary elections of 1970.

Former legislator Joe Allen, relying on votes from Blingham County, surged ahead of incumbent John C. Anderson to snare the Republican state senate nomination for Legislative District 26. Unofficial tabulation showed Allen out in front 1,330-1,184.

Up north C. G. (Cy) Chase scored a stunning win over Republican incumbent Bill Webster by a lopsided 1,298-10-632. In that same race, Gene Millock, who led the fight to recall Sen. Frank Church, polled only 98 votes.

Another surprise came in Blinnock County where former Pocatello Mayor John Bronson ousted incumbent Rep. Joe Pino and outpolled another

incumbent S. Albert Johnson in the Democratic race for two nominations to the house of representatives from legislative District 35.

Voters gave the Samuelson administration a vote of confidence in nominating Samuelson appointee M. L. (Ozle) Osborn over H. W. (Hold) Hulbert in the Republican senatorial nomination from District Six.

House Minority Leader Ed V. Williams coasted into the general election but ran second in the primary polling to former legislator A. L. White who led the Democrats in District Seven with 3,342 votes.

In the house race in District Six it appears Democrat incumbent Joe N. Wagner and Bruce L. Sweeney, Lewiston, slipped in to the final. Wagner polled 1,561, Sweeney 1,215, and Robert L. Huddleston trailed with 1,114 in unofficial tabulations.

Former major league baseball star Larry Jackson and incumbent

John F. Reardon were the big vote getters in District 14's six-man race for two GOP nominations to the house. Reardon netted 1,877 while Jackson trailed at 1,561.

With one district remaining outstanding, it appeared that Lyle R. Cobb, Boise, had tied down the District 16 Republican senate nomination by a 1,814-1,649 win over Robert G. Linville Jr.

In the GOP house race in the District incumbents Paul W. Worthen and William Onweiler both landed berths in the November showdown.

Incumbent Rudy Anderson, Boise, and Jack Kinnavick, with one precinct unreported, appeared to have landed the two Republican house berths from District 18.

Democratic House candidates from District 19 appear to be incumbent Karl Koch and James O. Shrum. Koch garnered 838 compared to Shrum's 613 unofficial

vote tabulation.

More than 200 votes gave Earl C. Greenwalt, Jerome, the edge over Walter Shouse, Hazelton in the GOP race in subdivision B of District 22.

Earnest A. Hale, Burley, pulled a mild upset by ousting incumbent house member James G. Martin, Burley, in the District 16 three-man Republican race to fill two berths. Incumbent J. Vard Chatburn led the field by polling 1,489, followed by Hales 1,199 and Martin's 1,000 in unofficial tabulations.

In Blingham County's Legislative

District 17, W. Israel Merritt, Blackfoot, outpolled Democratic incumbent Representative Wilbert Cammack—but both men gained berths in the November election.

Russell Fogg and Aden Hyde, both incumbent Republicans representing District 30 in Idaho Falls, were successful in their bids for re-election.

Republican house members Clifford Scoresby and John O. Sessions took easy wins in their bids for renomination from Legislative District 31 in Bonneville and Teton Counties.

Spear, Defenbach Face Judicial Post Runoff

By LINDY HIGH
BOISE (UPI)—Incumbent Justice Clay V. Spear faces a run-off election this November to hold his Supreme Court seat against career attorney Will S. Defenbach, Boise.

Spear, appointed to the supreme court 4 1/2 years ago by then Gov. Robert E. Smyther, led his three challengers by more than 7,000 votes Tuesday with

all but 11 precincts reported. But he failed to get the majority that would have given him another term and was forced into the runoff.

Spear had 40,540 votes with 870 of the 890 precincts reported, while Defenbach, 44 twin brother to legislative auditor James Defenbach, had 33,208.

The two other contenders, Robert T. Felton, 80, a Moscow attorney, and Elbert E. Bass, 50—Boise city attorney—had 21,038 and 10,784 respectively. Felton conceded the election to Spear and Defenbach but said he would not back either one of them since "I think both of them are well qualified."

There were only two contests in the district judge races. In the Sixth District, with all 65 precincts reporting, incumbent Francis J. Rosenbaum, Soda Springs, retained his post with 6,180 votes to 6,505 for Merrill K. Gree, Pocatello.

In the Seventh District, incumbent Judge Willard C. Burton, Rexburg, retained his seat with 13,182 votes and only two precincts of the 170 not reported.

Challengers H. Reynold George, Rigby, had 4,324 and William W. Black, Idaho Falls, had 6,313.

District judges elected with no opposition were:

— First District: James C. Towles, Kellogg; Watt E. Prather, Coeur d'Alene; and Dar Cogswell, Sandpoint.

— Second: Thurman H. Rubin, Moscow; John H. Maynard, Lewiston; and Daniela Quintan, Lewiston.

— Third: Gilbert C. Norris, Weiser; Robert B. Dunlap, Caldwell; and Edward J. Lodge, Caldwell.

— Fourth: W. E. Smith, J. Ray Durtsch, Marion J. Callister, and Alfred C. Hagan, all Boise.

— Fifth: Theron W. Ward, Twin Falls; James M. Cunningham, Twin Falls; Sherman J. Bellwood, Rupert; and Charles Scoggins, Fairfield.

— Sixth: Arthur P. Oliver, Pocatello; and Gus Carr Anderson, Pocatello.

— Seventh: Henry S. Martin, Idaho Falls; Boyd R. Thomas, Idaho Falls; and Arnold T. Beebe, Blackfoot.

Girls competing from Bliss include Krjsten Wilkins, daughter of Mr. and Mrs. Charles Wilkins; April Bishop, daughter of Mr. and Mrs. Samuel Bishop, Jr.; and Debbie Hess, daughter of Mr. and Mrs. Lefroy Hess.

Two girls from Buhl are vying for the junior princess title at the Gooding fair. They are Justine Novak, daughter of Mr. and Mrs. Martin Novak, and Kathy Ruys, daughter of Mrs. Janet Ruys. Two girls are also competing from Twin Falls. They are Paula Galloway, daughter of Mrs. Galloway, and LarRay Gilster, daughter of Mr. and Mrs. John Gilster.

Other entrants include Dawn Thompson, Jerome, daughter of Mr. and Mrs. Don Thompson; Vicki Kent, Rupert, daughter of Mr. and Mrs. Bill Kent; Debbie Scheer, Wendell, daughter of Mr. and Mrs. Leonard Scheer; and Melody Brown, Kimberly, daughter of Mr. and Mrs. Ritchie Brown.

The Queens' dance was held Saturday at the Gooding County Main Exhibit Building at the fairgrounds.

All girls will be feted at a luncheon Friday, Aug. 7 at the Oxbow Dining Room, Bliss. A caravan will leave the Oxbow following the luncheon for Hagerman, Buhl, Filer, Twin Falls, Jerome, Wendell and Gooding.

The girls will ride the pattern Saturday, Aug. 8, starting at 7 p. m. in the Gooding rodeo arena for the judges. The girls will also ride in the parade Aug. 10 and in the Grand entry of the rodeo both Tuesday and Wednesday nights.

Special training sessions for mechanic inspectors working in the Idaho vehicle inspection program have been scheduled during August and September throughout the state.

Harold Davis, Boise, supervisor of the inspection program said regulations require the licensee or a representative of the station to attend one such meeting.

Training sessions are designed to provide uniform inspections for the motoring public and the least possible correction cost. Covered during the two-hour programs will be inspection procedures, application for vehicle inspection manual and discussion on the vehicle inspection law.

2 Wendell Women Attend Institute

WENDELL — Two Wendell women attended a four-week institute at school and library cooperation in providing materials and services to minorities held at Washington

State University, Pullman, with a grant from the U. S. Office of Education under Title II-B of the Higher Education Act.

Mrs. Frances D. Lamb, Wendell, and Mrs. Vivian I. Maltz, Wendell Public Library, were among the 26 participants which consisted of school and public librarians from throughout the United States, including Puerto Rico and primarily from communities serving a high proportion of black, American Indian and Mexican-American minorities.

In addition to promoting understanding and cooperation between school and public librarians, the program was designed to sensitize library personnel to the cultural characteristics, needs, and concerns of minorities, to implement the multi-media concept in library programs and services, and to stimulate community involvement in the improvement of education.

Participants worked with staff members who are presently involved in innovative library and educational programs with minorities throughout the county as well as with persons representing various minority groups. Each enrollee or team of enrollees pursued one or more specific projects designed to upgrade his or her professional competence in serving the community as a librarian.

The project was directed by Dr. Inga K. Kelly of the Washington State University faculty.

BLAINE COUNTY Sheriff's Blotter

Otis DisBennett, Jr., and his son, Mark, Bellevue, are in fair condition at the Sun Valley hospital with injuries received when their jeep overturned southeast of Bellevue. Officers said details of the Sunday evening accident are sketchy, but DisBennett was apparently attempting to drive the jeep up an incline when the vehicle overturned. Apparently neither occupants were trapped beneath the overturned vehicle.

State Police Blotter

Mons. Michael, Dole, 27, Ketchum, was slightly injured and cited for failing to wear a helmet and failing to register his vehicle following a Friday accident on highway 93 two miles north of Ketchum. Dole was riding a Buell Cycle south when the vehicle left the oil traveled for about 70 feet before going over a ten foot embankment, traveled another 80 feet before turning onto its side where it came to rest. Dole did not require hospitalization. Damage to the cycle was estimated at \$50.

Saturday afternoon, 24 miles north of Ketchum on Highway 93, some \$2,000 damage was done to a 1964 International truck when it failed to negotiate a curve and went out of control. The vehicle, owned by Cloverdale Nursery, was driven by Jose N. Guerricabeitia, 36, Boise, and was towing a Great Dane trailer, owned by Interstate Mack, also Boise. Some \$300 damage was done to the trailer. The vehicle was headed south over Galena Summit when it failed to negotiate a curve and left the roadway on the right side. Jackknifing, the trailer broke away from the tractor. No citations were issued but the driver was slightly injured.

RESURFACING OF Wendell's Main Street began this week by Duane Schrank, Twin Falls Construction Co. Councilmen have contracted for resurfacing the street and widening of the block in front of the high school and various other streets. Jim Bowman is shown with the loader as work begins. Dirt is being transported to another area of the city.

Valley Traffic Courts

Fined by Probate Judge C. M. Wilson, Shoshone, was Martha Mitchell, Bountiful, Utah, \$25 for passing on a solid line; Pauline Triplett, Hailley, \$15, passing on solid line; Robert Felt, Salt Lake City, \$20 bond forfeited, for improper passing; Gerry N. Schoolcraft, Shoshone, \$10 for operating at night with a slow moving emblem; Robert Bopp, Twin Falls, \$23 bail forfeiture on speeding citation, Melvin E. Barendregt, Heyburn, \$19 bail forfeiture on speeding citation.

Mayor Urges Okay On Sewage Election

SHOSHONE — "Citizen support and cooperation is vitally needed to pass the revenue bond election for a municipal sewer system in Shoshone", states Mayor Ellwood R. Werry.

The Mayor in a printed letter to be delivered to each household this week, points out that cesspool and septic tanks are already giving trouble in Shoshone in many instances. "Several drain fields constructed throughout the city have reached the saturation point and sewerage is rising to

the surface of lawns and sidewalks. Some users of drain fields and drain holes have paid as much as \$400 to \$500 a year to keep their systems in operation, much more than the usual sewer charge would be", the mayor points out.

The Mayor emphasized the regulations and laws governing the state and federal grants, which will mean a forfeiture of Shoshone's rating for the money from these sources if the election does not pass on Aug. 11.

Priority is established through a six point system, and the city would be reimbursed three or four times during construction of the sewer with final payment made after audits are completed by the Federal Water Pollution Control Agency and the State Department of Health. Many cities are waiting for funds and if Shoshone does not vote for the system this time, the other cities will take precedence.

The \$500,000 revenue bonds would be repaid over a 30 year period, by monthly assessments per household. An estimated \$8 per household will be reduced under a new grant of 75 percent which had not been figured at the March election when the issue failed by about 16 votes.

Business houses would be assessed according to meter use, an advantage, also, over previous estimates earlier. Part of the sewer system is constructed from funds raised by the city and is not eligible for any grants. The disposal ponds, lifts, pressure pipe, etc., are eligible and this portion is estimated to cost \$284,036 for which the city would be allowed an outright grant of 75 per cent of the cost, or \$213,477. This grant comes from the State and Federal funds.

Mayor Werry said the fact that \$500,000 will be voted upon, the full amount may not be necessary for the installation and if not the extra amount in bonds can be sold back without any penalty to the city.

The Chinese usually are credited with inventing the hand fan, possibly as early as 3000 B.C., says the National Geographic.

Zoning Changes Sought

BURLEY — Burley city councilmen have referred two requests for re-zoning to the city Planning and Zoning Commission.

Mr. and Mrs. George Cook asked the council to re-zone their property at 1710 Oriental Ave. from residential to commercial and Mr. and Mrs. O. Frederick want a house they own at 1342 Miller Ave. similarly re-zoned.

Mack Crouch, real estate agent, representing the Fredericks, told councilmen at Monday night's meeting they plan to move their Burley Paint and Wall Paper store, now on Oakley Avenue, to Miller Avenue if the re-zoning is approved.

Councilmen awarded a contract to C.W. Silvers Co., Twin Falls, for \$2,108.16 for a controller panel on the Hogan well, one of the city's water supplies. The firm also gave an estimate of \$1,104 to remove the present motor from the well, rewind and install it. Two other bids were received.

James Dunn, representing the Gold Circle Parking Meter Co., met with councilmen to discuss parking meter problems. When money is put in the meters here, tokens, which can be redeemed at local stores, are supposed to come out. But the meters have not worked properly, councilmen report.

In other business councilmen heard Kent Ellis, State Parks Commission, outline information on matching funds to develop outdoor recreation sites.

Officials Prepare for CD Exercise

In time of emergency, elected heads of local government would be required to meet an additional responsibility and those in the Twin Falls area are getting acquainted with their duties this week.

City and county officials are among those involved in the local civil defense system who are undergoing training sessions this week. All groups will culminate their training Friday with an Emergency

Operations Simulation Exercise. Sessions have been held each day in the civil defense headquarters in the basement of the county courthouse from which communications would be issued during genuine emergency conditions. Friday's EOSE program will simulate nuclear attack and fallout.

Russel Cook, University of Idaho Civil Defense Extension Service program director,

working with Twin Falls County Civil Defense Director Cloyce Edwards and Deputy Harlan Fillmore, is conducting sessions.

Special training sessions began last week with briefing of workers, communication reviews and the Monday morning briefing of executives.

Mr. Cook said each group involved in emergency operations is schooled separately prior to the

Emergency Operations Simulated Exercise for Friday. Purpose of the EOSE is three-fold: it provides a method by which community operational heads and executives may test their emergency plans; demonstrates a method of emergency operations found successful in other communities, and it provides the community with a trained staff of people who can carry on related training in the future.

Operation headquarters now contain large maps, charts and other material on which workers would record fallout conditions and mark emergency or trouble points.

Radio- and telephone-communications are available and tables have been set up with work facilities for various emergency team assignments.

On Friday, the exercise will begin with a briefing to bring all team members up to date on events and sets the scene for the first message. The exercise centers around 75 or more pre-scripted messages prepared in advance by simulators and members of the University of Idaho staff. These messages are channeled into various services represented on the operations team and require immediate decisions and action.

Based on a nuclear disaster, the first message will give workers several hours time to prepare for the work operation. During this time, key workers will be called in and assignments made.

Mayor Frank Felltman expressed the view communications would hold the key to the entire operation. Mr.

Cook said the workers also must keep in mind communications under emergency conditions are different and more difficult. Mr. Cook told those attending executive sessions Monday there are two major questions local government officials should ask themselves.

"The first question, he said, is do the people know where to go for emergency shelter? This is being pretty well taken care of in the Twin Falls area, he said, with the community shelter plan now in final stages and a map now being prepared for every home in the area.

The second question, he said is: "Do the operation people, department heads, know how to support the program?" Exercises such as the Friday program and training sessions preceding it do much to take care of this matter, he said.

Similar exercises and programs are being staged throughout the state and Mr. Cook said he has found Twin Falls on a par with other areas as to preparations, personnel and equipment. He said headquarters and communications are probably better than those in most areas.

DIRECTING EMERGENCY TEAMS would be part of the responsibility of locally elected officials in time of disaster. Here, from left, County Commissioner Heber Loughmiller, and Mayor Frank Felltman listen while Twin Falls County Civil Defense Director Cloyce Edwards explains the use of mapping equipment. Special training sessions for local government officials and civil defense emergency teams have been held this week. A county wide exercise Friday will culminate the training and test program.

Dear Abby

DEAR ABBY: I dread summer because my next door neighbor is a pest. We rarely see her in the winter, but the moment one of us goes outside to hang up the clothes, work in the yard, or if my husband wants to wash the car — she's right there with a constant stream of chatter. If we go outside to just sit, she comes over and joins us. Other neighbors get pestered, too, but we get more of her because she's right next door.

This woman has a husband and two school-aged children. She doesn't work outside the home, and judging from the time she spends outside, talking to anyone who happens by, she doesn't do anything inside the home either. We put up a fence 2 years ago, but she leans over it and talks a blue streak.

We have lived here for 25 years, our children are grown and the house is paid for. We've always gotten along well with our neighbors. Short of moving, what can we do?

PESTERED IN SUMMER

DEAR PESTERED: How about a higher fence?

DEAR ABBY: Mine is a very serious and humiliating problem. I am a woman, 24, and I snore so loudly that sometimes I wake myself up.

I'm going with a man who has asked to marry me, and I am worried about sleeping with him and experiencing the embarrassment of keeping him awake with my snoring.

I know that I must snore very, very loudly because whenever I have slept away from home [camp, college, and overnight as a house guest] I have been kidded about my snoring.

This is becoming a monumental hang-up, Abby. Is there anything a doctor can do to help me? Any other suggestions will be appreciated.

ZZZZZZZZ

DEAR ZZZZZZZ: First, see a doctor. If your snoring is due to a nasal obstruction, the doctor may be able to eliminate it [or tone it down] by performing minor surgery. ("Minor surgery" is an operation performed on someone else.) If that doesn't help, tell your fiancé you snore before you marry him. There are enough "surprises" after marriage without this nocturnal nuisance.

DEAR ABBY: Will you please rush me the name of a boarding school near Philadelphia that accepts boys who are not yet 4 years old? I think my son needs to live away from home in order to grow up.

I am a divorcee who works, and my mother (a widow) lives with me and looks after Johnny. Lately Johnny has been going back to his baby ways. He wets the bed, sucks his thumb, and refuses to eat unless someone feeds him. My mother is exhausted every evening when I come home. She can't handle him. Now Johnny won't go to sleep unless I take him in my bed and I have a terrible time getting away in the morning to go to work. This all started about 6 months ago. Please help me.

END OF ROPE

DEAR END: From your letter, I think the last thing your child needs is to be sent to a boarding school. He is trying to tell you that he needs your love and attention. Ask your pediatrician to recommend a specialist in child behavior. Take Johnny there for a complete physical and mental examination.

Filer Club Plans Picnic

FILER — Plans for the annual family picnic were made by Poplar Hill Social Club members at the meeting at the home of Mrs. Guy Kimball. It will be held at 1 p.m., August 16 at the Twin Falls City Park.

Mrs. Elma Fouts was a guest. Mrs. Lena Reichert and Mrs. Reuben Lierman received gifts and Mrs. Mabel Barron was awarded a prize. Mrs. Verna Clifton was assistant hostess.

Couple Weds in Buhl Rites

BUHL — Barbara Kleinmark and James D. Fladwood were united in marriage during an evening, double ring ceremony at the First Christian Church in Buhl.

The bride is the daughter of Dr. and Mrs. Richard Kleinmark, Phoenix, Ariz., and the bridegroom's parents are Mr. and Mrs. Don Fladwood, Idaho Falls.

Rev. Harrie S. Young, performed the ceremony before a background of candelabra adorned with white daisies and apricot tapers, and baskets of white chrysanthemums and apricot carnations.

Given in marriage by her brother, Rick Kleinmark, the bride wore a princess-styled gown of peau de soie featuring an empire waistline and long lace puffed sleeves with wide lace cuffs. Daisy trim outlined the sweetheart neckline. Her elbow-length bouffant veil was held by a cluster of daisies and seed pearls with streamers of satin ribbon and daisies. She carried a cascade bouquet of white daisies.

Bonnie Remington, Canada, served as maid-of-honor.

Kerry Arnold, Rexburg, was best man. Ushers were Rod Fladwood, Idaho Falls, brother of the bridegroom, and Scott Harmon, Twin Falls, cousin of the bridegroom.

The tapers were lighted by Beel Jo and Jeff Harmon, Twin Falls, cousins of the bridegroom. Mrs. Charles Langley, organist, played the traditional wedding music and accompanied the soloist, Mrs. Fewel Chisham.

Immediately after the ceremony, a reception was held in the fellowship hall of the church.

The bride's table was centered with a three-tiered cake, topped by a miniature bride and bridegroom, and decorated with apricot accents. The cake was created by Mrs. Leonard Walcott.

Mrs. Joe Kucera and Mrs. Tom Novacek, aunts of the bridegroom, cut and served the cake. Mrs. Jerry Palat, aunt of the bridegroom, and Mrs. Duana Remington served the punch and coffee. The women of the church were in charge of the reception, and the decorations were under the direction of Mrs. Kucera.

Mrs. Elmer Harmon was in charge of the guest book. Mrs. Nell Howard, Mrs. Tim Mendyk and Jeff Harmon took care of the gifts.

For her honeymoon trip to Phoenix the new Mrs. Fladwood wore a pink chiffon dress accented with a white shattered carnation corsage. The bridegroom wore her blye garter on his sleeve.

The bride attended Ricks College in Rexburg and the bridegroom attended Idaho State University, majoring in

commercial art. They are both entolled at ISU, where they will resume their studies.

TOPS Club Has New Member

Lois White was welcomed as a new member when the TOPS Measure-Ups Club meeting was held recently.

Shirley Robinson was the best KOP; Grace Tucker the best loser of KOP with 1 1/2 pounds; Beverly Knutson, queen with 5 1/2 pounds.

The club reported a 27 pound loss and 4 1/2 pound gain, with a net loss of 22 1/2 pounds for the week.

Taboo foods for the week are pork and liquor.

Team-B hosted Team A at a local dinner recently. Team B was loser in an interclub contest.

Quarterly queens crowned were Doris Baker, 13 pounds, Division 2; Pauline Montgomery, 14 1/2 pounds, Division 3; Loretta Snow, runner-up, 8 1/2 pounds, Division 3; Barbara Schmittler, 13 1/2 pounds, Division 4; Laura Dick, runner-up, Division 4.

Shirley Robinson was Queen of KOPS and Grace Tucker was runner-up. Red rose nosegays were awarded to queens and white nosegays to runners-up. Gifts were presented to each queen.

Today trophies were awarded to KOPS members Grace Tucker, Donita Ford, Ester Tausley and Shirley Robinson by Dixie Sartain, president.

Common Kitchen Mistake Noted
One of the most common mistakes in kitchen arrangements is putting a built-in range oven and cooktop side by side. There should be at least 12 inches of countertop between the two areas.

"Hard Times" Gathering Barbeque's Fetes 50th Saturday Anniversary

A good time with "hard times" will be held by the Welcome Wagon newcomers Club this Saturday in Twin Falls.

The "hard times" party, for club members; guests and new residents of Twin Falls, will begin at 7 p.m. at the home of Mr. and Mrs. Craig Morris, 2015 Sherry Lane.

Anyone who does not wear old, grubby clothes to the summer couple function will find their pocketbook penalized by 25 cents.

Each couple should bring hamburger or hotdogs and buns for themselves, table service and a blanket or lawn chairs. Each person will be charged a 50 cent beverage fee.

The rest of the food and charcoal and grills will be furnished by the club.

Reservations will be accepted by Marge Morris, 734-2194, or Pat Albers, 733-3951, until noon Friday.

A family gathering Sunday was held in honor of the 50th Wedding Anniversary of Mr. and Mrs. M. S. Hafer, who were married Aug. 5, 1920, in Twin Falls.

The gathering was at the home of Jerry Hafer, Mr. Hafer was born Aug. 10, 1899, in Council Grove, Kan., the son of the late Francis Scott Hafer of Magic Valley and Wichita, Kan.

Mrs. Hafer was born April 11, 1901, in Hollerstown, Idaho, the daughter of the late Martin C. and Anna Iverson of Holbrook and Wendell.

Mr. Hafer has been a building contractor in Magic Valley for many years.

The couple has eight children, Mrs. Lester (Betty) Helms, Nampa; Mrs. Mary Russell, Salt Lake City; Walter (Bud) Hafer, Clall (Ted) Hafer, Mrs. Ewald (Virginia) Thameret, Mrs. Keith (Marjorie) Jensen, Mrs. Denny (Jane) Canfield and Jerry Hafer, all Twin Falls. They also have 30 grandchildren.

Broil Steaks To Perfection

Go! Go! Go! is the word for outdoor grills. Whether your grill is in a breezeway, on the patio, back in the old backyard or at a campsite, the weather suggests a steak, savory and sizzling over charcoal briquets brought to just the right heat for ideal results. When is that point of perfection? It's when the briquets have burned long enough to show a surface of gray ash in the daytime or a red glow at night. That's the tip-off for putting your steak or hamburgers on the grill and getting that authentic charcoal broiled savor and flavor.

The Charcoal Briquet Institute urges you to start your fire well ahead of when you plan to cook outdoors. It takes one-half to one hour to bring the fire to the correct stage for broiling. So have your "fire man" tend the grill well ahead of the meal. Then you won't be tempted to put the meat on while there are flames showing. Underneath the gray ash of well started briquets is a glowing red, even heat that produces beautifully broiled meat you will be proud to serve.

Ketchum Man, Former Mayor Win Bids By GOP

A 65-TON TWO-STORY HOUSE being moved across Twin Falls blocked traffic at Blue Lakes Boulevard North and Flier Avenue throughout the noon lunch hour Tuesday, to the frustration of countless motorists and more than a few pedestrians. The house later caused even more trouble when it caught on fire while traveling north on Washington Street North. (See story, page one)

Most Incumbents Win in Blaine Voting Primary Contests

HAILEY—Only incumbent to lose in Tuesday's primary election in Blaine county was W. D. Martindale, who was defeated for the Democratic nomination for assessor by Kenneth D. Wright, by a vote of 389 to 471.

Mr. Martindale is concluding his second term as assessor. His youthful opponent, Mr. Wright, promised "full time, public minded—service" during his campaign. He is a construction worker at Hailey.

Two other Democratic in-

Veteran Minidoka Aide Is Defeated

RUPERT—A veteran Minidoka county commissioner was defeated in his bid for re-election Tuesday by a Pioneer district farmer who is a newcomer to politics.

Elmer Ketterling, 41, polled 570 votes, compared to 501 for Burt Van Every, to receive the Republican nomination. Mr. Ketterling will oppose Democrat John Hirling in the November General election, who polled 680.

In the three-way race for the GOP nomination for state representative in District 21-A, in which Minidoka county has only four precincts, E. V. McHann, led by one vote. He polled 56, with C. F. Chatfield, Richfield, getting 55 and Stephen W. Boller, 51.

Dick Smith, Rexburg, led Gov. Don Samuelson in the GOP gubernatorial race, polling 639, compared to 540 for Samuelson. On the Democratic ticket, Vernon F. Ravenscroft led by a wide margin, polling 901, compared to 176 for Lloyd Walker and 163 for Cecil D. Andrus.

Uncontested GOP results showed Orval Hansen, 854, U. S. representative; Jack M. Murphy, 1,015, lieutenant governor; Pete T. Cenarrusa, 1,042, secretary of state; Robert M. Robson, 853, attorney general; H. Louis Hooban, 103, and Gilbert T. McKinlay, 702, superintendent of public instruction.

John Peavey, 988, state senator; Steve Antonio, 851, state representative in District 21-B; Phyllis Norby, 962, treasurer; Donald J. Chisholm, 943, prosecuting attorney; Robert C. Walk, 991,

Judicial

Magic Valley voters generally favored Will S. Defenbach as the Supreme Court Justice candidate to fill the position now held by Clay V. Spear with five of the eight counties voting his support.

Twin Falls county voters favored Robert Felton while Blaine County and Camas county supported incumbent Justice Spear.

By counties judicial returns included: Twin Falls—Clay V. Spear, 1,033; Will S. Defenbach, 862; Robert Felton, 1,304, and Elbert E. Gass, 660.—District judge votes were not tabulated Wednesday.

Blaine County—Spear, 406; Defenbach, 302; Felton, 193, and Gass, 194.

Drawing Lots To Decide Outcome of Tie Vote in Lincoln Assessor's Race

SHOShONE—For the two men vying for the Democratic nomination for Lincoln county assessor, Tuesday's primary election might as well have been cancelled.

Russell B. Kelley and Sanford Connel, both North Shoshone area farmers, each polled 182 votes, so the outcome will be decided by having the candidates draw lots, if official returns show a tie in the balloting.

Lincoln county Republican voters backed their favorite son, C.F. Chatfield, Richfield, county commissioner and farmer, in the race for state representative in District 21-A. He polled 185, while E.V.

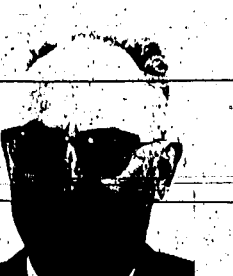

E. V. McHann, Ketchum businessman, won the Republican nomination for state representative in District 21-A Tuesday, defeating two other men from the three-county district which includes Blaine, Lincoln and four Minidoka county precincts.

He is owner of the Mobile Oil Co. distributorship in the Ketchum area and is active in Blaine community groups, serving as president of the Rural Fire district and is director of the Blaine county

hospital board.

He polled a total of 439 votes, according to unofficial returns in the three counties, while Stephen Boller, Hailey attorney, received 229, and C.F. Chatfield, Richfield-Richfield county commissioner had 335.

Breakdown of the district vote by counties showed: Lincoln voters favoring Mr. Chatfield, with 185, and giving the victorious candidate 122 and Mr. Boller, 105. In Blaine county; Mr. McHann received 261, to 220

Magic Valley Galley Defeated In T.F. Voting

Work Plans Are Changed

Request from general contractor, Neilson and Miller, Twin Falls, for beginning excavation on the third block of Main Avenue has been withdrawn, at least for the present, City Manager Jean Milar reported Wednesday.

Mr. Milar said he received a request from the contractor through the downtown improvement project architect to go ahead with the third block of Main Avenue, from the intersection with Shoshone Street, west one block to the School Administration office.

Mr. Milar said he advised the architect such a request would have to be submitted in writing and have the approval of the downtown improvement committee and city council. The city would request a complete construction schedule showing when the two other blocks would be completed and the third one finished.

Tuesday afternoon, the city manager said, he was advised the contractor would hold up any proposal for the next few weeks at least. Mr. Milar said his office is concerned about excessive traffic and business disruptions because of the street reconstruction and the storm drain installation. Most of Shoshone Street is being torn up for storm drain installations and this has necessitated closing several intersections.

This plus the closing of two blocks of Main Avenue creates traffic congestion on some other streets.

Mr. Milar said, however, if it

for Mr. Boller and 95 for the Lincoln candidate. The vote in the four Minidoka county precincts was close, with Mr. McHann polling 56, Mr. Chatfield, 55, and Mr. Boller, 51.

Mr. McHann will oppose Floyd O. Kialing, Dietrich, in the general election.

In the two other legislative races in Magic Valley, former Jerome mayor, Earl C. Greenawalt, won the GOP nomination for state representative in District 22-A, Jerome county, from Walter

Shouse, area farmer, by a vote of 788 to 524. There was no contest in the other half of the three-county district, 22-A, which includes Gooding and Camas counties.

Cassia voters defeated State Rep. James G. Martin, Burley, in his bid for re-election to the statehouse from District 25, Ernest A. Hale, Burley, and J. Vard Chaburn, longtime legislator, won the two berths on the GOP ticket. There are no Democratic candidates.

Machine Voting Speedy

Voters and election officials in Twin Falls County Wednesday had nothing but praise for the automatic voting machines used for a first time in the Tuesday primary election here.

Nearly 7,500 ballots were cast in the election, a near record turnout for a primary election in Twin Falls county, officials said. With the use of the machines, Twin Falls county was the first in the state to have total results from all of the 48 precincts and the results of contested races were in the clerk's office and totaled by 10 p.m. In past years, Mr. Lancaster said election tabulation teams have worked until early morning hours totaling election results.

He said only contested races were totaled and complete vote results for races where candidates had no opposition would not be tabulated until sometime during the day.

Mr. Lancaster said he had anticipated some difficulty with voters using the machines for the first time and had his trained personnel and officials of Automatic Voting Machines Inc., Jamestown, N.Y., available to assist, but not one incident requiring their assistance arose.

Martin Defeated In Cassia Election

BURLEY—State Rep. James G. Martin, Burley, was defeated in his bid for re-election on the GOP ticket Tuesday in a three-cornered race for the two posts in District 25.

Veteran legislator J. Vard Chaburn won a place on the General election ballot, as did newcomer, Ernest A. Hale, Burley. Mr. Chaburn polled 1,489, and Mr. Hale had 1,099, while Mr. Martin had 1,009.

Incumbent Assessor Calvin G. Heilner won the GOP nomination over James W. Henson, 1,326 to 761, but another

young attorney and relative now came to the county as Republican prosecuting attorney candidate in November. He defeated Robert Galley who has held the office for the past two years. Mr. Smith will face Democrat Golden Bennett in November. Mr. Bennett was nominated on the Democratic ticket unopposed.

Eye Ecology

MIDLAND, Ont. (UPI)—Canada's first ecology museum, designed to show the relationship between living things and their natural environment, has been officially opened at the Nye Marsh near Midland.

The Nye Marsh Center, first of a proposed series in different parts of the country, shows visitors unspoiled nature and demonstrates how man has influenced the marsh and surrounding hardwood forest.

Garbage Group Named

Appointment of a seven-member Solid Waste Advisory Committee in Twin Falls County was approved Tuesday by the Twin Falls County Commission.

Chairman Heber Loughmiller said the group will work with officials hired to make a solid waste planning study in the county. Application for funds for such a study has been made and one of the requirements for a grant is existence of a local advisory committee.

Clark's office showed Mr. Smith with 2,054 votes and Mr. Galley with 1,697.

Returns in other contests on the Republican ticket showed the county-favored Gov. Don Samuelson by only a slim margin. The incumbent governor polled 2,288 votes compared to 2,072 for his opponent Dick Smith.

In the Democratic three-way race, local attorney Lloyd Walker, ran second in his own county to Vernon Ravenscroft. Mr. Walker received 1,612 votes; Mr. Ravenscroft, 1,474 and Cecil Andrus received only 499.

In the county commission race for the first district, Republican voters nominated Merle Leonard, Flier farmer with 2,157 votes over former Buhl mayor Marion Ambrose with 1,330. Democratic results in the same race nominated Edwin Lierman, Flier, with 1,439 votes over his Buhl opponent, Wendell Gannon, with 764 votes.

In the other state contest, Twin Falls County Republicans voted their support to Gilbert T. McKinlay by a tiny 1,518 margin over his opponent H. Louis Hooban in the nomination for state superintendent of public instruction.

County-GOP candidates who were renominated, running unopposed included legislative incumbents Richard S. High, state senator, District 23, and John M. Barker, state senator, District 24; Ray Lincoln, Jack D. Chaburn, state representatives, District 23, and William Lanting and William Roberts, state representatives, District 24; Third District county commissioner incumbent, Heber Loughmiller; County assessor, Clifford Thompson; County coroner, Cloyce Edwards and Constable John P. Cox.

Republican legislative district chairmen elected include David R. Mead, District 23, and Ted Ahm, District 24.

Democratic candidates nominated, unopposed include Jack L. Clough, state representative, District 24, and Les Williamson, District 23; County Commissioner first district, Russell C. "Bud" Larsen; incumbent clerk Harold A. Lancaster; incumbent Treasurer, Ruth K. Jones; County Prosecutor, Golden R. Bennett, and county coroner, Herman R. Jewell.

Legislative district chairmen are Hazel M. Wilder, District 24, and Eugene M. Connor, Jr., District 23.

Mildon Named Head-of-Team

Walt Mildon was re-elected president of the Twin Falls CB Alert Team at an election of officers held recently at the National Guard Armory.

Jerry Moore was named vice president; Mike Srolberg was elected communications controller, and the board of directors will include Larry Breeding, Fred Whitehead, and Dwight Mitchell. Other officers include Doris Moore, secretary, and Geri Smith, treasurer.

Approximately 125 citizens band radio owners and fans congregated at Harmon Park for the first CB Jamboree, it was reported.

Greenawalt Wins

JEROME—Former Jerome mayor Earl C. Greenawalt won the GOP nomination for state representative in District 22-B Tuesday, defeating Walter Shouse, Jerome county farmer, by a vote of 788 to 524.

In the only other contested post in Primary election, incumbent assessor, J. Howard Jonson, defeated Frank Hohnhorst, area farmer, 668 to 548.

Jerome county voters favored Gov. Don Samuelson and Vernon Ravenscroft. Samuelson polled 786, to 524 for Dick Smith, while Ravenscroft had 643 to 127 for Lloyd Walker and 75 for Cecil Andrus.

Unopposed Democratic results were Wells, 532, U.S. representative; Paul S. Boyd, 555, lieutenant governor; Winston L. Benson, 609, secretary of state; Marjorie Moon, 604, treasurer; Joe R. Williams, 579, auditor; D.F. Engkeling, 564, superintendent of schools, and W. Anthony Park, 524, attorney general.

There were no Democratic candidates on the county level.

Water for Irrigation Increased

HOLLISTER—An additional one-tenth of an acre foot per share for patrons of the Salmon River Canal Company was authorized by the company's board of directors Tuesday night during a board meeting.

The allotment brings the total for the season to 95-acre-foot per share, according to Morris Huffman, manager of the canal company.

A tentative summer date of Aug. 26 was set by the directors.

Credit Charges Baffle Customers

By PETER WEAVER
 We've had a "truth in lending" law for a year now and the average consumer is still as confused as ever about credit charges.

Just presenting the technical truth about interest rates does not tell you how you can best use the billing system to avoid unnecessary charges.

"Today you have to run your home finances like a small business," says Sheldon Feldman, Federal Trade Commission credit and billing expert. The first thing you have to do, says Feldman, "is get rid of the misconception that you have 30 days to pay your bill after you receive it."

The truth in lending law, which the FTC enforces, does not require stores or other creditors to give you 30 days to pay. Before the law, some creditors were flexible on payment deadlines. Now, they bluntly state on your bill that you have 30 days to pay from the "billing date" or the "closing date." Some give you between the current billing date and the next one (payment deadline) which are usually 25 to 30 days apart.

However, your bill doesn't get to your home until a week, two weeks or even three weeks after the billing date. So you only have from 23 days on down to a grim eight or nine days to make your payment. When you do not make your payment on time, you are charged interest usually at 1.5 per cent a month (18 per cent yearly rate).

If you understand how the truth-in-lending system works, Feldman maintains, you not only can avoid these unnecessary finance charges, you can actually make the time-value of your money stretch further. Here are some guidelines:

PICK YOUR CREDITORS: Not all creditors use the same system. Many calculate finance charges on the "previous balance" which gives you no credit for your most recent payment. Others such as the oil companies, some local stores and at least one major chain—J.C. Penney—make finance charges on an "adjusted balance" which deducts your latest payment before interest is figured.

Also, some creditors get their bills to you fast—six to seven days—while others take much longer. The sooner you get your bill, the more time you have to pay it. Compare your bills to see who the fast ones are. If a

creditor consistently takes too long, say, more than two weeks, then move on to another.

USE THEIR MONEY. If you know your closing or billing date for each creditor, you can often shop early in the billing cycle and get nearly 60 days use of a product, free of finance charges, before paying for it.

For example, if your billing or closing date is Aug. 3 and you buy \$100 worth of clothes on Aug. 4, your next billing date will come on Sept. 3. If your store exerts average billing speed, you'll get your bill around Sept. 11 or 12. You have to pay by Oct. 3 (30 days from your current billing date) which gives you nearly two months wear of the clothes before actually having to pay.

Be sure to allow three days for mailing your bill and give extra time for weekends. If you don't include your bill stub with your payment, it fouls up the system and you might get charged for being late.

WHO TO PAY FIRST. Pay your bills on time, in full, to avoid finance charges. If you don't have enough cash and have to spread it around, you can keep your finance charges at a minimum. When you pay "previous balance" accounts, either pay the entire amount or the minimum amount. You don't get credit for larger, partial payments. For example, if you owe \$100, either pay \$100 or the \$10 minimum. Paying \$50 does not reduce your finance charges one penny.

When you can pay a bill calculated by the "average daily balance" method, make all partial payments as soon as possible. Don't wait for the 30-day billing deadline. You can reduce your finance charges this way.

With "adjusted balance" accounts, there's no advantage in paying before the deadline. When you pay on those, pay as much as you can because you're given credit for it when finance charges are figured.

The type of billing system should be described on your bill. When you make your payment on time for the whole amount and they still impose finance charges, don't pay these charges. Indicate in a letter with your bill (include your account number) when payment was made. If it's not adjusted on the next bill, call the credit manager or write the company president. Usually, they want to keep your business and will fix it.

Idaho Group Calls for Two Land Use Studies

Directors of the Greater Snake River Land Use Congress have called for two studies of land use in special areas, one of them the Sawtooth region.

In a meeting in Boise Friday, James Bennetts, Challis attorney, was named to head a Sawtooth Study group. Stan Farris, Enterprise, will head a similar study program in the Hells Canyon area.

Directors of the organization said both committees will utilize technical assistance of local congress members with professional competence in various phases of resource management.

One of the factors involved in the Sawtooth study will be the Aug. 26 public hearing in Sun Valley on the proposed Sawtooth National Recreation Area. Association members Friday reaffirmed their earlier support of this concept. Testimony will be prepared and presented during the hearing by a Congress representative.

In other action, the Snake River Congress directed its secretary to transmit to Idaho Congressional delegates the group's endorsement of the Forest Service proposal for rehabilitation of the South Fork of the Salmon River.

Dresses Okayed

NEW ORLEANS (UPI)—The Police Department says it is all right for a man to wear a dress in public as long as he is not committing a crime at the time. The policy was adopted by the police under a new interpretation of an ordinance prohibiting the wearing of any disguises in public except during Mardi Gras. Police had used that law recently during a crackdown of "undesirables" in the French Quarter.

Cereal Eaters not too Crushed

Magic Valley residents expressed indifference to considerable concern in response to the announcement in Washington last month that most dry cereals come up short in nutrients.

Some have switched brands, while others have continued eating their favorite cereals, according to a recent survey conducted in the Lynnwood Shopping Center. Mrs. John

random for questioning, only a small percentage of them were aware of the Washington report.

Jenkins, Twin Falls, mother of a 4-year-old Cheerios eater, said, "I buy the same one because it's the only one he'll eat. It hasn't killed him yet!"

Mrs. Benny Bick of Castleford, mother of two, said, "The report has some influence on me, but I still buy the same brands. If the children ate it every morning it would influence me more. Now they eat it so seldom that it doesn't

really matter."

Said Neil Adams, "I probably start reading the labels a little better, but I'll still feed the same brands to my children during the summer."

A concerned mother of a baby girl said, "Cheerios is the baby's favorite, but now I might try Product 19. I want to try others as long as the food value is higher."

"It really has influenced

me!" exclaimed Mrs. John Strubbe, mother of three. "I used to buy Frosted Flakes, but now I buy Sugar Crisps."

Cowboys Strike Early to Topple Billings By 5-2

BILLINGS (UPI) — Magic Valley pushed across five runs in the first inning and held on behind the nine-hit pitching of Mike Knox and Perry Chapple Tuesday night to drop the

Billings Mustangs 5-2. The Cowboys and Billings met Wednesday and Thursday nights before Magic Valley comes home to Twin Falls Friday against Idaho Falls.

Mike Ballentine and Greg Minton combined to blank Magic Valley over the last eight innings, but the damage had already been done. The Cowboys jumped on Ballentine

for five runs, with Jack Pierce contributing a two-run double. Tom Heister doubled home Pierce and Tom Cox had an RBI single in the frame.

Giants Romp Past Los Angeles 11-4

LOS ANGELES (UPI) — Dick Dietz drove in four runs with a homer and a sacrifice fly and Willie McCovey and Willie Mays each hit two-run homers to pace the San Francisco Giants to a 11-4 victory over the Los Angeles Dodgers Tuesday night.

The Dodgers committed a total of five errors, three of them in the seventh inning when the Giants scored three unearned runs.

Graebner Shocks Newcombe

CHESTNUT HILL, Mass. (UPI) — Unseeded Clark Graebner of New York City Tuesday night pulled what could be the biggest upset of the year on the pro tennis circuit by demolishing No. 1 seed John Newcombe of Australia, 6-2, 6-4, in the first round of the United States Professional Tennis Championships.

Graebner used a devastating backhand and serve to take down Newcombe, who was not in the form that catapulted him to the Wimbledon championship last month. Newcombe suffered through the night with an erratic serve and in the final set Graebner broke Newcombe's serve three times.

Miss Davis Cops Meet At McCall

MCCALL — Twin Falls' Susan Davis held off a last-ditch rally by Nampa's Vicki Mallea to take the ladies title at the McCall-Amateur Golf Championships Tuesday.

Miss Davis, a member of Twin Falls' high school team this past spring, fell to an 84 Tuesday after an opening round of 77, and has just enough to outlast Mallea, the Idaho state women's amateur champ.

Miss Davis, a runner-up in the Idaho state amateur meet and Magic Valley Amateur tournament herself, had a two-day total of 161 to Mallea's 169.

Idaho American Legion 'B' Tournament Opens In Jerome On Thursday

JEROME — The Jerome American Legion team, twice runners-up in the past two years, will host the Idaho American Legion "B" baseball tournament this week with an eye toward improving its previous finish.

The tournament will begin at 5 p. m. Thursday with Pocatello, which eliminated Valley over the weekend, taking on Lewiston at 5 p. m. Jerome will go against the Boise Senators at 8 p. m. to wind up the first round at the diamond on the fairgrounds.

Jerome Coach Carl Stephens will start Rod Stephens in the opener for the host club which boasts a 16-5-1 record for the season.

Action will continue Friday night with the two first-round losers playing at 5 p. m. and the two winners meeting in the Saturday. Meanwhile, the two teams with one victory will play the first Friday game at 5 p. m. Saturday for the right to advance to the championship, which will be played Friday night at 6 p. m. Saturday. Should the undefeated team fall the winner of Friday night's game will play the extra-game Saturday night, the extra-game playoff will begin at 3 p. m. Sunday.

Idaho Coaches See Team Improvement

A blending of the passing and running game in football and the prospect of a stronger basketball team were held out to area Vandal Boosters by University of Idaho coaches Tuesday night.

In a review of the total Vandal program, the coaching staff acquainted area boosters with the plans and highlights of the forthcoming year.

Nowly appointed head football Coach Don Robbins told the group recruitment of two top junior college backs, Fred Riley and Robert Lee Williams, has greatly enhanced Idaho's potential for moving the football on the ground. "But we still will be throwing," Coach Robbins said, "because we like to and because we have three quarterbacks who can throw the ball."

Foreman Crushes Chuvale In TKO

NEW YORK (UPI)—George Foreman was unable to knock down George Chuvale but unleashed a furious attack to win by a technical knockout at 1:41 of the third round Tuesday night in a heavyweight bout at Madison Square Garden.

The 21-year-old Foreman clubbed Chuvale into a corner with a mace-like left jab. With Chuvale unable to defend himself and cringing under the onslaught, his wife ran to ringside screaming for the fight to be stopped and referee Arthur Mercante waved his arms that it was over.

At the end the 32-year-old Chuvale's mouth was filled with blood and every punch sent it spraying over the ringside customers. However, he still maintained his record of never being knocked down during his 14-year career.

It was the 22nd consecutive victory and 19th knockout for Foreman, and it seemed amazingly easy as he landed punches almost at will.

Chuvale, whose record dropped to 59-16-2, argued that the fight shouldn't have been stopped and the fans jammed around the ring booing for several minutes after it was over.

Burley Sets Golf Meet

On Weekend

BURLEY — Defending champion Mike Robertson of Burley heads a field of an anticipated 130 golfers into the 36-hole annual Burley amateur tournament, this weekend.

The tournament, which features \$300 added, will run Saturday and Sunday at the Burley Municipal course. Entries should be mailed to Professional-George McHale. Flights will be determined according to handicap and each flight will pay the top five in gross score. The last flight will be based on full handicap with five net prizes.

Robertson, who graduated from Idaho State this spring, won the event a year ago and the Power of Twin Falls took the title in 1968. This year's titlists and flight winners will be based on 18 holes of medal play each day. All entries must be members of the Idaho Golf Association.

Betty Davis vs. Virginia Undijom; Tess Sarpa vs. Joann McCoy; Kay Hatt vs. Alice White; M. Perrine vs. Doris McCord; Dale Jones vs. FLO Thompson; Evelyn Christopher vs. Louis Hatch; Flora Kirkman vs. Iris Averett.

London's Covent Garden is the world's biggest vegetable market, says National Geographic.

Ladies' Pairings Announced

The first match of the Blue Lakes-Municipal Ladies home and home series will be held Thursday beginning at 8:30 a.m. with a shotgun-tee-off at Blue Lakes, announces associate pro Nate Ross. The ladies will play nine holes, with a buffet to follow the matches.

The pairings: Vi Colner vs. Mary Jensen; Helen Edgar vs. Mike Rasmussen; Dot Haslem vs. Tracy Haskins; Mary Cook vs. Marge Wiley; Connie Everton vs. Shirley Straughn; Ruth Jenkins vs. Lorena Marshall; Donnie Miller vs. Maxine Royston.

Jeanette Falls vs. Betty Grant; Annis Devan vs. Mary Duncan; Mildred Soran vs. Carol Meyer; Ina Soran vs. Bynn Conner; Irene Bertie vs. Joan Chaffin; Myrtle Peterson vs. Pat Williams; Margaret Struthers vs. Jackie Gasser.

THE GREATEST APPLIANCE SHOW ON EARTH!

DAISIES DECORATING WALLS of the Twin Falls Children's Library serve a dual purpose. They decorate the basement area of the library building and they cover the cracks in the paint and plaster. Here Mrs. Michael Greene, left, of the Junior Club talks with Mrs. Otto Florence, Jr., about needed repairs in the

department, while Kelly Fitzpatrick finds a spot to do some reading. Junior Club members have donated money for new paint, drapes and decorations and the Sept. 13 tour of homes sponsored by the club will be used for the Children's Library book budget.

'Skylab' To Change Attitudes

CAPE KENNEDY (UPI) — Veteran space flier Walter Cunningham says America's astronauts will have to develop a "long duration attitude" when they start flying in the Skylab earth orbiting space station in 1972.

Skylab is planned to keep three-man crews in space for as long as eight weeks at a time to see how well man can live and work in orbit, and what he can do to help people on Earth. The longest U.S. spaceflight-to-date lasted two weeks.

"It's going to take a different kind of psychology, if you will, from what we had in the past," Cunningham said recently in Huntsville, Ala. "We're used to flying fighter aircraft and quick sorties up and back. That's going to have to go by the wayside."

Cunningham, chief of the Skylab branch of the astronaut office in Houston and a veteran of the 11-day Apollo 7 voyage, said Skylab crewmen will have a daily routine to follow for the first time in American spaceflights.

"We're going to have to be going for the long pull," the astronaut said. "People are concerned about it."

Flight planners hope to schedule about 10 hours of work a day for each spaceman on a work week of about six and one-half days. The pilots, following Cape Kennedy or Houston time, will sleep simultaneously for about eight hours and begin their day at 6 or 7 in the morning.

Cunningham said there will be a work period in the morning after breakfast and another after lunch. In the evening, the pilots will attend to personal hygiene and then have a period "where you can sit down and collect your

thoughts." To help astronauts pass their leisure time some 270 miles above Earth, Cunningham said work is underway on an "off-duty equipment package" containing such things as games, music players and maybe, even television sets, and video tape recorders.

West Snoozes While East Burns

Now he finally had to attack. It is the lead the dealer. West played the five. The five was higher than the deuce and, anyway, you are supposed to play second hand low.

South played dummy's eight and showed his hand to East. East could take that club trick all right but he was end-played. He could only get one trick more and he needed two to defeat the contract.

Without that attack of sleeping sickness, West might well have shifted to the jack of clubs at trick two. That lead would be the winner as long as his partner held the ace and queen of clubs. Or he might well have seen what was happening later on and played the jack of clubs on South's deuce. That would require East to hold ace-queen-10 but East did hold those cards.

West had two chances to wake up with today's hand. He might have done so in winter but, with that summer sleeping sickness, he slumbered right through the entire defense.

He noted his partner's play of the eight of spades at trick one but didn't bother to see that the eight was the lowest spade missing. It was an eight! His partner wanted him to continue. He did.

South ruffed that second spade, drew trumps with two leads, cashed three diamonds, a ruff and last diamond in dummy and dummy's last spade in his own hand.

TWO OUT OF THREE runaway teenagers turn up again in a couple of weeks. . . MAKE A NOTE, all crabs have 10 legs. . . ON THE AVERAGE nationwide, it costs \$10.90 per month to feed a teenage boy, than it costs to feed his dad. . . PENGUINS SWIM as fast as a lot of birds fly. . . IN ORDER, THOSE three states wherein you'll find the most falls every year are Iowa, Indiana and Wisconsin.

LOVE AND WAR - A young married couple in their twenties can get away with a five-minute quarrel, but they should delay until their thirties any 20-minute quarrel. Such was the contention of Harlan Miller. Our Love and War man can't agree. By the time they're in their thirties, he says, they should be professional enough in matrimony to wind up every quarrel in three minutes. In their forties the two-minute quarrel is sufficient. In their fifties, the one-minute quarrel will do.

YOU'VE HEARD that song about the biggest apidistra in the world. But do you know how big the biggest apidistra in the world really is? Only 34 inches tall, that's all. . . MOST POPULAR PERFUME for dogs at last report was a scent called Kennel No. 9. Look, this is true. It's sold in the same stores that sell false eyelashes for dogs at \$3.95 a pair.

OPEN QUESTION - Which is correct: unChristian, Unchristian or unchristian?

BASIC BELIEFS - 1. Scotch drinkers on the whole take offense more easily than bourbon drinkers. 2. That passenger left apt to be tense on a jet flight is any elderly lady. 3. A disproportionate number of tow-truck drivers are tough dangerous fighters. 4. A grown man can catch cold solely from too much worry. 5. A fellow who prefers to water his lawn with a hand nozzle rarely makes a good safe man. 6. Girls less than 5-feet-2-inches tall are the most demanding in romance.

CUSTOMER SERVICE - Q. "What's the median family income in this country now?" A. \$9,750.

MAYBE YOU'VE heard of the town of Spearfish, S.D. At 7:30 in the morning on Jan. 22, 1943, the temperature there was minus 4 degrees F. Two minutes later the temperature was plus 45 degrees F. Now how do you account for that sudden rise of 49 degrees?

ANY WOMAN WHO defrosts her refrigerator might consider this. The water that drips off the freezing compartment is pure. Works dandy in steam irons to keep them from clogging. SAY YOU BUY cornflakes in a 13-ounce package. The cost runs 54 cents a pound. But maybe you prefer the little individual serving packages. That way the cost runs \$1.31 a pound.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 90068, Seattle, Wash. 98199. (c) 1970, McLaughlin Syndicate, Inc.
