VOL. 67, NO. 110

TWIN FALLS, IDAHO, WEDNESDAY, AUGUST 19, 1970

TEN CENTS

Wendell Ex-Mayor Dies

WENDELL — Carl M. Geisler, 60, who had served the City of Wendell for nearly a quarter of a century as Councilman and mayor, died of an apparent heart attack Tuesday night in Jerome.

Mr. Geisler was found stricken in a car parked in Jerome, and was pronounced dead at the scene by Jerome County Coroner Lauren Neher. A police officer, Johnny Hawes, had attempted to revive the stricken man, but to no avail.

Mr. Geisler was a long-time resident of Wendell. He was elected to the City Council in 1947, serving two terms, and was elected mayor in 1955. He served for 15 years, choosing not to run in the 1969 election for personal reasons.

Eugene Soares, who succeeded Mr. Geisler as mayor, said the former mayor had contributed much to the growth and development of the city, both as a Council member and as mayor. He was also highly active in the Lutheran Church, Soares said.

During Mr. Geisler's term in office, Wendell city streets were paved, the city sewer system was installed and a number of other civic improvements were completed, including drilling of one well and the first work on a second.

Street lighting was also improved at Mr. Geisler's urging.

His wife and four children survive.

Funeral services will be announced by the Leeper Mortuary of Wendell.

BOW OF AGING liberty ship Baron Russell Briggs slips quickly beneath the waves and plunges in 18,000 feet of water carrying its load of deadly nerve gas. Elaborate Army

procedures to trace its descent and determine if the coffin carrying the gas burst under the pressure failed to work, leaving the gas's fate a mystery. (UPI)

Nerve Gas Checks Fail

ABOARD THE USS HARTLEY (UPI)—Elaborate experiments to determine whether a sinking Liberty ship released its cargo of deadly poison nerve gas into the Atlantic Ocean ended in failure today.

The Navy also said its special satellite navigation equipment lost track of the Russell Libanon Briggs as it sank. The rusty vessel and its 418 concrete and steel vaults of nerve gas rockets rested at an unknown location under 18,000 feet of water.

Only one test worked, but it was inconclusive. Water samples taken from a line lowered almost half way to the sea bed showed negative results for gas. A Navy spokesman said that particular test would have been meaningful only if it had reacted positively. No gas was evident in water samples taken at the surface, but none had been expected.

The major reason for the failure apparently was the unusually violent descent of the old hulk. Sounding equipment indicated the ship sank at 2,000 feet per minute, smashing into the ocean floor at 25 miles per hour only eight minutes after slipping beneath the surface in a spray of foam.

It was a disappointing ending for an operation which had gone smoothly from the time the Army began loading the obsolete rockets aboard trains at Ahrlston, Ala., and Richmond, Ky., 11 days ago.

Even as the operation was completed Tuesday, the United States assured the world it would never again dump chemicals into the sea. The Army said it was necessary this one last time because there was no way to break into the concrete "coffins" to detoxify the gas.

ABM Foes Rally

WASHINGTON (UPI)—Critics of the Safeguard antiballistic missile system (ABM) made one last appeal to the Senate today to shut off expansion of the controversial defensive weapon.

Hoping to rebound from last week's 52 to 47 defeat, ABM critics offered a compromise amendment by Sen. Edward W. Brooke, R-Mass., to keep missile production lines rolling at full speed but to block deployment at new installations.

The Safeguard system is designed to protect U.S. Minuteman missiles from the possibility of a pre-emptive nuclear strike aimed at paralyzing the U.S. power to retaliate.

The Brooke amendment would bar deployment of Safeguard's missile interceptors, radars and computers at any site except Grand Forks AFB, N.D., and Malstrom AFB, Mont.—the two installations Congress authorized last year after a heated seven-month debate.

Nixon Asks U.S. Gas Warfare Curbs

WASHINGTON (UPI)—President Nixon has decided to formally ask the Senate to approve a 1925 Geneva agreement banning the wartime use of poison gas and bacteriological weapons—an accord already signed by all the other major world powers.

Nixon planned to send to the Senate today the agreement, called the Protocol for the Prohibition of the Use in War of Asphyxiating Poisonous or Other Gases and of Bacteriological Methods of Warfare. As in the case of a treaty, ratification requires a two-thirds vote in the Senate.

Nixon announced Nov. 25 the National Security Council had completed an extensive review of U.S. chemical and biological warfare programs and said the United States would unilaterally renounce the use and production of biological agents.

He also said his administration would seek the necessary Senate advice and consent for the Geneva protocol in line with stated U.S. policy of not being the first to use chemical weapons in conflict.

U.S. Doubts Israel Claim

WASHINGTON (UPI)—The United States has advised the Israelis that it does not believe they have been placed at a military disadvantage by any actions the Egyptians or Soviets may have taken in the Suez Canal zone since the cease-fire went into effect Aug. 8.

Officials said the United States told Israel late Tuesday it had been unable to reach any firm conclusion as to the validity of Israel's charges that Egypt moved jet aircraft missiles into the "standstill" area on its side of the canal after the truce was in effect.

The State Department planned to issue a statement later today disclosing in general terms its decision that evidence against the Egyptians and their Soviet supporters was "inconclusive."

The United States is understood to be urging Israel to stop pedaling its charges because

intelligence as to just what Egypt did during the first 12 hours of the cease-fire is inadequate to form a firm judgment. Washington has emphasized its belief that repeated public airing of Israel's complaints may interfere with the beginning of peace talks at the United Nations.

The State Department, in a message to the Israeli government relayed through the U.S. embassy in Tel Aviv, did not dispute Israel's claims that there are a large number of Soviet-supplied SAM2 and SAM3 missiles in the standstill zone, which extends 32 miles on the Egyptian side of the cease-fire line.

However, Washington's position is that most, if not all, of these were moved into place in late July and the first few days of August, and there are not enough "before and after" reconnaissance photos to show whether some came in during

the first 12 hours of the truce. The United States contends that since Aug. 9, its intelligence survey of the area is almost airtight and it is in a position to judge any further Egyptian violations.

Israel came under attack in Jordan, Egypt and the Soviet Union today for its refusal to begin peace negotiations. The United States also was urging an early start for the talks.

Israel has balked at beginning the talks under the auspices of U.N. mediator Gunnar V. Jarring in New York because of alleged violations of the 12-day-old cease-fire agreement by Egypt.

Jordanian Foreign Minister Anton Atallah said in Amman that Israel was defying the United Nations and "exposing the Jarring mission to a complete failure."

T.F. Chamber Rejects Joint Sawtooth Plan

TWIN FALLS — Proposed establishment of a combined Sawtooth national park-recreation area was opposed Tuesday by the Twin Falls Chamber of Commerce Board of Directors.

Instead, the board unanimously recommended that the area remain open for multiple use under exclusive direction of the Forest Service.

"We discussed all three phases of separate and combined park and recreation area operation of the Sawtooth area," said Ray Rostron, Chamber manager, "and we don't want a combination."

A resolution passed by the board maintained the Sawtooth area has "significant value as a National Recreation Area" administered by the Forest Service, according to Holland Houburg, Chamber president.

Rostron said the entire Chamber membership will not be asked to vote on the matter.

Bob Harvey, first vice president, was appointed to present the resolution at a Congressional hearing Aug. 26 in Sun Valley.

The resolution states, "The livestock grazing and forage production, harvest and processing of timber, natural resources and hunting are important to the local economy; and public hunting, fishing, and development of quality winter sports should be continued."

A bill to establish a National Recreation Area in the Sawtooths already has been passed by the U.S. Senate and now is in committee in the House.

Members of the House committee are scheduled to inspect the area Aug. 25 and then conduct the Sun Valley hearing the following day.

Members of the House committee are scheduled to inspect the area Aug. 25 and then conduct the Sun Valley hearing the following day.

The original Sawtooth National Recreation Area bill did not include the White Clouds Region of the Sawtooths and Challis National Forests, but after an issue was raised over mining operations at the base of Castle Peak in the White Clouds, the bill was amended and this area added.

Idaho's Congressional delegation announced unanimously this month support for a proposed park-recreational complex which has been advocated by some conservation groups as the best way of preserving the area.

Other groups maintain that the quickest and best way of protecting the area would be to support the bill now in Congress, and that minor changes in wording of the bill would enable it to provide the same protection as the park-recreation area complex proposal.

Panel Urges SST Cut

WASHINGTON (UPI)—Warning of a potential \$3 billion throwaway, a joint Senate-House panel today strongly recommended the federal government stop financing development of the supersonic transport (SST) plane.

The Joint Economy Subcommittee said "no further financial support of the supersonic transport development program is justified at this time."

In a report based on hearings held in May, the subcommittee concluded "few significant public benefits" appear likely to accrue from the SST and added "more productive uses of government resources are clearly available."

Of the subcommittee's 10 members, only Rep. Clarence J. Brown, R-Ohio, objected. He

is justified at this time." In a report based on hearings held in May, the subcommittee concluded "few significant public benefits" appear likely to accrue from the SST and added "more productive uses of government resources are clearly available."

Really Here

TWIN FALLS — If you act quickly, you can see what summer looks like in the high country of the Sawtooth Primitive Area.

Bill James, forestry technician of the Stanley Ranger District, Challis National Forest, said Wednesday that all of the high mountain lakes and trails in the primitive area are now free of snow and ice.

But the first winter snowfall may not be far away.

T.F. Man Drowns In River

HAGERMAN — Searchers continued to look today for the body of a Twin Falls man who is presumed to have drowned Tuesday night when his pickup truck, camper and boat trailer slipped into the Snake River near Hagerman.

Blaine Christopherson, about 58, according to a companion, Ella Quast, 50, was able to get out of the pickup truck after it went into the river. She saw him swimming and dove into the river to assist him. She was able to reach Mr. Christopherson, she said, but was not able to hold him up and he slipped beneath the surface.

The couple, officers said, had returned from a boat ride about 11 p.m. and were attempting to load the boat onto the trailer. Mr. Christopherson backed the truck nearer to the dock and the rig plunged into the river.

The dock where the accident occurred is just east of the old Owsley Bridge on the south side of the Snake River.

Divers Harlan Fillmore and Normal Fillmore, Twin Falls, and officers were on the scene all night. Divers were hampered by darkness, but returned to the scene Wednesday morning to search for the body.

Drag hooks were used Tuesday night and early Wednesday morning in the slow-moving water, which was about 35 feet deep at the point where the truck entered.

Military Drug Use Hush-Up?

WASHINGTON (UPI)—A former Army social worker charged today the military tried to hush up studies of drug abuse among American soldiers in Vietnam for fear the reports would undermine continued support for the war at home.

Social scientist Roger A. Roffman, appearing before a Senate subcommittee studying drug problems in the armed services, also blamed the press, military psychiatrists and law enforcement officials for blowing the problem far out of proportion.

"We really have little idea what the impact of marijuana use has been in Vietnam," Roffman said in prepared testimony.

"If we are really interested in learning what the effects of marijuana in Vietnam are... we must first be willing to give up some of our traditional myths of folklore. We must refrain from sensationalism and we must overcome the political and public relations efforts at obscuring the real nature of the issue," he said.

TWO PEOPLE WERE INJURED in a car collision Tuesday at Second Avenue North and Addison Avenue. Linda Hisey, 28, of Murtaugh, driver of one car, is carried to a waiting ambulance. She was treated at Magic Valley Memorial Hospital for minor injuries and was released after treatment. Etta Lee Pierce, 75, of Kimberly, a passenger in a pickup truck driven

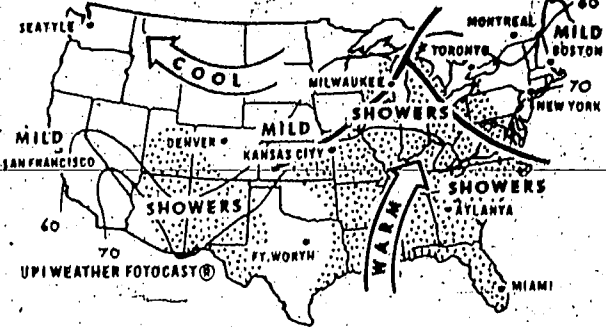

injured. She was listed in good condition at the hospital today. The vehicles collided at the intersection of Second Avenue North and Addison Avenue. Traffic light had been green.

PREVIEW OF ESSA WEATHER BUREAU FORECAST TO 7:00 A.M. EST 8-20-70

SCATTERED SHOWERS AND thunderstorms are forecast from the Gulf and South Atlantic coasts through the Ohio and Mississippi valleys to the Great Lakes. Some scattered showers and thunderstorms also are forecast for the Southwest. Temperatures across the nation will show little change.

GRAFFITI WARNING
 PEOPLE WHO DON'T PAY DOCTORS' BILLS HAVE THEIR BLOOD SHUT OFF

Weed Problem Growing in City

TWIN FALLS — After a few weeks of hot summer weather, telephone at city hall began jangling and employees know it's weed season. One of the major city problems, which could become one of the most expensive for taxpayers as a whole, involves the few privately owned uncultivated lots where owners disregard their responsibilities and let them grow up to weeds, say city officials.

City Attorney William Langley pointed out Wednesday it is the legal responsibility of all property owners to keep their property clean and free of weeds. At this time of year they not only go to seed and infringe on the property of their neighbors, but they become a fire hazard, again endangering the adjoining property. This results in many complaints to city hall.

property it is his legal responsibility to care for it. The best explanation of the owner responsibility is listed in the city ordinance which states it is each property owner's responsibility to keep his property clear of weeds, trash and rubbish from the center line of the street in front of the property to the center line of the alley at the rear.

Magic Valley Obituaries

Leo Rasmussen Funeral Services

KIMBERLY — Leo Wesley Rasmussen, 47, 504 Monroe St., W., Kimberly, died Tuesday morning at his home of an extended illness. He was born June 28, 1923, in Twin Falls, was graduated from Kimberly High School, and worked with his father on the family farm at Kimberly. He entered the Army in 1944, serving as a military policeman until 1946. He had lived for awhile in Nevada, and for the past two years had lived in Kimberly. On Nov. 1, 1967, he married Arlinda Chames at Jerome.

Survivors include his wife; his mother, Mrs. Cassie Rasmussen, Kimberly; two sons, Eric Dale Rasmussen and Eric Christian Rasmussen, and one daughter, Heidi Sue Rasmussen, all Carson City, Nev.; two step-daughters, Mrs. Meredith Mayoff, Reno, Nev.; and Mrs. Kathleen Rodney, Kimberly; a step-son, Ronald Murray, also Kimberly; four step-grandchildren. He was preceded in death by his father and a sister. Funeral services will be conducted at 2 p.m. Saturday at the Reynolds Funeral Chapel by Rev. Howard Larson and Bishop E. E. (Ted) Crockett. Final rites will follow at Sunset Memorial Park. Friends may call at the chapel Friday and Saturday until time of services.

Final Park Concert Scheduled

World's Fair March

TWIN FALLS — The last summer park concert of the season will be presented Thursday, beginning at 8:15 p.m., in the Twin Falls City Park, under the baton of Del Slaughter. The program will include "World's Fair March" by Alfredo Antonini; "Air and March" by Henry Purcell; "Hopak" by Modest Mousogorsky; "Chanson Triste" by Tschalkowsky; "Belmont Overture," by Ralph Hermann; "Summer Holiday" by Frank Erickson, and "Capitol Hill Concert March" by Charles Carter.

After the intermission, the band will present "Frere Jacques March," arranged by Jimmy Carroll; "Deep River" arranged by James Ployhar; "Bright Eyes" by Walter Finlayson, featuring a trumpet trio by Gerald Ridgeway, Richard Youree and Mark Dodds; "Great Themes From Italian Movies," as arranged by John Cacavas; highlights from "Camelot" by Frederick Loewe; and the theme from "Profiles in Courage" by Nelson Riddle. The Star Spangled Banner will conclude the program.

Weather Synopsis

A dry westerly flow aloft over Idaho and Eastern Oregon is maintaining mostly clear skies and seasonable temperatures. However, there is some higher level moisture near the Southern Idaho border. This moisture, which has moved slightly northward from Utah and Nevada will cause some clouds and chance of a few isolated thundershowers in the extreme southern mountain areas.

These general conditions will change little through Thursday. The extended outlook, Friday through Sunday, calls for little change in the fair weather pattern. Slightly cooler air will spread into the area about Friday, but temperatures will continue near seasonal normals.

Highs yesterday were mostly in the mid 80s to low 90s. Early morning readings were quite variable due to local wind differences, ranging from the upper 40s to low 60s.

Afternoon winds will hamper spraying and dusting operations. Otherwise, outside activities will continue to have favorable weather conditions. Evaporation of from .03 to .04 of an inch per day will require irrigation schedules to be maintained.

Purl Massey

GOODING — Purl Orland Massey, 72, died Monday night of a long illness. He died in the Veterans Administration hospital in Boise.

He was born Jan. 1, 1898, in Taylorville, Ill., and moved to Idaho with his parents, attending school in Twin Falls. He married Clara Quinn, July 16, 1910, in Jerome. They farmed in Jerome and Gooding areas for many years. They were divorced, and he married Florence Hughes Sept. 30, 1950, in Canada. She preceded him in death on March 23, 1960. He was a member of the Masonic Lincoln Lodge 30, AF and AM, American Legion Post 30, Veterans of World War I and BPOE No. 1745, all in Gooding. Surviving are a daughter, Mrs. Alan (Jeanne) McCombs, Gooding; a brother, Ervyl Massey, Mesa, Ariz.; six grandchildren and four great-grandchildren. Funeral services will be conducted at 2 p.m. Thursday at Thompson Chapel in Gooding. Michael Fitzgibbons will officiate of the Trinity Episcopal Church, Gooding. Burial will be in the Jerome Cemetery and friends may call at Thompson Chapel Wednesday night and until time of services Thursday.

Shut-off

TWIN FALLS — At a special meeting of the board of directors of the Salmon River Canal Co. Monday a definite shut-off date of water for the Salmon Tract farmers of Sept. 15 was set. A later run is anticipated, starting about Sept. 20. The reservoir gauge height is 25.10 feet. The storage is 39,285 acre feet.

Parcel Post Rates Going Up

TWIN FALLS — A 15.4 per cent increase in parcel post rates will go into effect throughout the nation on Nov. 14, according to Lloyd E. Libert, officer in charge at the Twin Falls Post Office. The increase was authorized by the Interstate Commerce Commission on July 10, but was delayed by the Post Office Department as an encouragement for the early mailing of holiday gifts, Libert said. Also effective on Nov. 14 will be a six-per-cent increase in postage for catalogs, Libert said. The postage increases are expected to yield about \$123 million in revenue for the deficit-ridden Post Office Department — enough to have catalog and parcel post services pay their own way as required by law.

Mr. Schafer

PAUL — Huldrick Schafer, 60, Paul farmer, was found dead in an alfalfa field early Wednesday. Investigating officers said he apparently died of a heart attack while baling hay in a field at 950 West and 300 North. Sheriff Theo Johnson and County Coroner Robert Walk investigated. The body was taken to Walk Mortuary in Rupert. Funeral services are pending.

Two T.F. Girls Get Drill Honor

Vickie Rudolph, daughter of Mr. and Mrs. Lawrence Rudolph, and Caren Crane, daughter of Mr. and Mrs. Charles W. Crane, all of Twin Falls, placed third for all-around marching performance in a recent workshop.

CSI Lets Bids for Equipment

TWIN FALLS — A Salt Lake City firm was awarded a bid Tuesday for nearly \$80,000 worth of built-in equipment for the College of Southern Idaho library.

Electro-Media presented the low bid of \$89,570 for audio-visual, electrical equipment and study carrels for the library portion of the new "commons" building now under construction and expected to be complete in late November.

Connections for some of the equipment will be made into Shields Academic Building and the Fine Arts Center.

Other firms making bids were Sound Equipment, Noblesville, Ind., and Educational Electronics, Englewood, Calif.

Vickie and Caren represented the Twin Falls Drill Team at an Intermountain Specialty Workshop at the Utah State University in Logan, Utah. They spent four days attending classes and practicing the marching steps they were learning.

Approximately 300 girls from seven Intermountain states participated in the workshop and were divided into four divisions with four girls in each division for competition.

Besides the three-place trophies given in each division, three individual trophies were given to those girls who showed outstanding performance in close order drill and other difficult routines.

Caren and Vickie plan to use the steps they have learned to develop new marching techniques for the Twin Falls High School Drill Team during this coming school year.

Won't Burn
Although water contains a combustible gas, hydrogen, it won't burn because it has already burned. Water is hydrogen dioxide resulting from the combustion of hydrogen and oxygen.

DISPLAYING A THIRD place trophy received in a Drill Team Specialty Workshop at the Utah State University in Logan, Utah, are Caren Crane, left, and Vickie Rudolph, right.

The two girls represented Twin Falls High School in drill team competition, along with 300 girls from seven Intermountain states.

Fair Grandstand Nearly Finished

FILER — Construction of new grandstands, rodeo livestock pens, bucking and roping chutes and other new facilities at the Twin Falls County Fairgrounds will be complete in time for a grand opening Sept. 9.

This was reported Tuesday to county fair board members and county commissioners. Tom House, fair manager, said there have been some long

hours worked at the Filer facility recently, but the contractor, J.A. Clawson Construction Co., is on schedule and will have the major structure completed. He said new restrooms, concession area and bleachers already are complete.

Harold Hove, fair board chairman, reported installation of the seats in the main grand-

stand area will begin later this week or next week. These are seats with backs, and will be comfortable for 1970 fairgoers.

The fair opens officially Sept. 9 and continues for four days. County Commission Chairman Hober Loughmiller predicted after the Tuesday meeting the event this year will be the biggest yet.

County crews are doing the work on bucking chutes, holding pens, gates, other rodeo livestock quarters. These are now ready for painting, Mr. Hove said.

When grand stand seats are installed some painting and seat numbering will wind up the work to be done this year.

2 Juveniles Picked Up In T.F. for Break-in

TWIN FALLS — Two juvenile boys, ages 12 and 14, were taken into custody this week by Twin Falls Police and charged, in connection with a break-in at the Red Steer Drive-In on Blue Lakes Boulevard, North.

Officers said the boys, who are accused of taking candy and other items during an illegal entry at the business, have been released to their parents pending further action.

Also this week, officers investigated an attempted break-

in at Bob Reese Motor Co. They said investigation revealed there was no entry but that an attempt had been made.

Officers still have not determined what was taken in a break-in early this week at the Hat Yai district some 40 miles south of Bangkok and wounded two of seven soldiers in the vehicle, according to a police report received Sunday from the south.

Jeep Ambushed

BANGKOK (UPI) — A band of seven Communist terrorists ambushed an army jeep in the Hat Yai district some 40 miles south of Bangkok and wounded two of seven soldiers in the vehicle, according to a police report received Sunday from the south.

Pentagon Propaganda Cost Attacked

Magic Valley's Home Newspaper
Wednesday, August 19, 1970
Official City and County Newspaper
Member of Audit Bureau of Circulation and UPI

WASHINGTON — In the eyes of many lawmakers, it is clear that television stations don't do much of anything right in their news and public service programming.

responses to presidential telecasts. Sen. J. William Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, has argued that the President's access to TV is a threat to the constitutionally mandated balance of powers in the U.S. government.

"Communication is power," says Fulbright, who has peered at committee witnesses through flip-up dark glasses on many TV screens. "and exclusive access to it is a dangerous, unchecked power."

Fulbright has also made TV activities a part of his long vendetta with the military. He has quietly proposed an amendment to the still in-committee defense money bill which aims at Pentagon film crews operating in Vietnam.

factual information both to the public and the press — upon request. It is quite another when the Department and the individual military services use taxpayers' money to generate and promote public support for military weapons and military programs," says Fulbright.

Factor For Peace

Love may make the world go round but money pays the way. And money generated by the business activity of multi-national corporations may also be the force that ultimately keeps our world from going to war again.

porations has raised two other prospects — international business considerations taking precedence over national considerations, and global unionism.

While the United Nations struggles to remain meaningful, a new force for international cooperation has grown up despite the nationalism that still fragments mankind.

"It is clear," writes Patrick Armstrong, clerk of the United Kingdom's Parliamentary Group for World Government, "that if a company is operating in a number of countries it cannot be a good citizen of each, particularly when some are totalitarian and some democratic."

This force is generated by corporations which do business in more than one nation. By the turn of the century, it has been predicted, 75 per cent of all business will be conducted by 300 large multinational firms, many (if not most) of them American.

Unions which are global in membership will probably proliferate as global corporations extend their influence and geographical identity. The secretary-general of one of the international unions already existing (with three million workers in 80 countries) told the UK parliamentary group that his union threatened a strike in five countries during a conflict with the Saint-Gobain Glass Combine a year ago.

Already the third largest producing unit in the world, after the United States of America and the Union of Soviet Socialist Republics, are American subsidiaries abroad — including such as General Motors, Standard Oil of New Jersey, Ford Motor Company, International Business Machines, Colgate-Palmolive and Anaconda.

Some of the management and the consultants of multi-national corporations are already more world-minded than the diplomats of the United Nations, Armstrong believes. And the editor of The Times of London said recently: "The nearest thing to world government are multinational corporations and the world religions."

Who knows: With God, business and the U.N. all doing their bit, maybe there's a chance for some order in this reeling world after all.

Attacking Paperwork

President Nixon is attempting to do what few other presidents have been able to accomplish: cut back on the extensive paperwork involved in running the government. Noting that it costs the executive branch about \$1 billion a year just to process paperwork, the President sent a brief, one-page memo to his department heads asking their cooperation in trimming this outlay by \$200 million a year.

than 5,000 questionnaires sent to businessmen, state and local officials and other individuals under the Federal Reports Act. These reports not only generate much expense in and out of government, but in themselves become the germs of mountains of new paperwork once they reach their home offices.

Slicing some of the paperwork out of the pile is a worthwhile effort, but one which will not progress far unless the President keeps prodding his subordinates for action.

Storm Warnings

Corpus Christi Mayor Jack Blackmon understandably is distressed by the terrible destruction thrust upon his city by hurricane Celia, but he unfairly criticizes the Weather Bureau for predicting winds of "only" 90 to 120 mph, when in fact they reached speeds of 145 mph, with gusts as high as 160.

Wind damage at 90 to 120 mph is sufficient that every resident within miles of the storm's indicated path should have prepared himself, his family, and his property for the worst. It is an unfortunate fact of human nature that many people prefer to believe the worst cannot happen to them.

In the case of Celia, the most extreme precautions may not have been adequate, but it is reasonable to assume at least some damage, and perhaps some deaths and injuries, could have been prevented had more citizens heeded the warnings the Weather Bureau repeatedly sounded.

ANDREW TULLY

Outside Influence

WASHINGTON — In the matter of campus unrest, it is perhaps wise to view with skepticism the conclusions of the capital's intelligence community since our spooks are, perforce, members of the establishment. But they are entitled to their say, if only because their conclusions are based on a great deal more "research" than most of the instant experts can manage.

national priorities are behind the violence here. The authors point out that none of these issues is in question in the European countries studied, except perhaps in England. Instead, says the report, "Apparently we have reached the time of our life when leaders of assorted anti-capitalist ideologies — notably those in the Soviet Union, Communist China and Cuba — have decided turmoil for turmoil's sake among the young can prove profitable.

flow of private financial aid from wealthy benefactors. The documents mention Princeton, Harvard, Yale, the University of California at Berkeley, and Haverford College as having deficits now — or facing them in the future — because of campus unrest.

RAY CROMLEY

Tragic Loss

WASHINGTON (NEA) — There is a particular tragedy about the murder of Daniel A. Mitrone, 50 and father of nine, by terrorists in Uruguay.

Mitrone was helping to build that new kind of police force which reformers constantly urge.

For this was a special kind of a man. As police chief in Richmond, Ind., he was an ardent advocate of bringing the police and the public into closer relationship.

The other kidnapped American, Claude L. Fly, 65, is a soil expert, working to better the agricultural output of Uruguay and thus raise the living standards of its people.

Indeed, the authors of the report say this estimate is conservative, based only on "hard evidence" such as bank records obtained by various undercover means. "It is reasonable to suggest," says the report, "that more millions have been disbursed through Swiss bank accounts."

The fact that highlights the urgency of what Mitrone and his associates have been carrying out is that Uruguay is not a dictatorship and not a country of oppressed people.

An indication that the report is not just another Red scare is found in the disclosure that financing comes not only from Moscow and Peking, but from groups and factions that are ideologically anathema to both Russian and Chinese Communists. These include anarchists, nihilists, Trotskyites and, in the case of West Germany and Spain, Fascist and neo-Fascist gangs.

The World Almanac credits Uruguay as being one of the most socially "advanced" republics in South America. Education is free, including college. There is complete religious tolerance. The country has one of the world's most extensive social-welfare programs, including old-age pensions and child welfare. It has a volunteer army. Suffrage is universal.

Perhaps more significant than this dollars-and-cents aspect of the report is the intelligence team's rejection of the "myth" that the Vietnam War, racial equality and

that in his foreign posts, (In one two-year period, at his urging the Brazilian police opened their doors — as hosts — to 34,000 youngsters.) That is, in his foreign posts,

GEORGE C. THOSTESON, M.D. Recurrence

Dear Sir: After 10 months of pleading with my wife, she finally went to see a doctor about a tumor in her breast. It was malignant and the breast was removed, but the doctor felt that she was so cleared of malignancy that no extra cobalt treatment was necessary.

Why your wife's family is heaping such criticism upon you, I can't say. Some people seem to be natural-born blamers. Another possibility is that, in reality, they may feel some guilt for not having tried to help get her to the doctor sooner. Perhaps at heart they know that she should not have waited but are trying to shift the responsibility from her to you.

Now a year has gone by and she has passed her tests with flying colors. Yet her family keeps reproaching me for not taking her to the doctor sooner, and they are sure that she is going to have a recurrence as they have heard of similar cases of this.

But the biggest question of all is this: what possible good can this reproaching do! A truly healthy mental attitude is to accept things the way they are, not to waste effort, energy, and emotions on what might have been.

Your wife, as she herself surely now realizes, should have gone to the doctor at once instead of wasting 10 months while you urged her to go. But what were you expected to do — twist her arm?

Dear Dr. Thosteson: My teenager, near 16, is very healthy and active, but she will have a normal period, then miss two or three months. I worry about this, but should I? — Mrs. B. C.

Apparently she still got there in time, and it is a good omen that after a year there is no sign of recurrence. However, to be on the safe side, doctors want to wait five years before saying

It's not at all uncommon at her age, so I wouldn't worry about it.

Dr. Thosteson welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters.

'Andy' Anderson Memorial Gymkhana Set

TWIN FALLS — Friends of the late LeRoy "Andy" Anderson have donated trophies for the first annual Andy Anderson Memorial Gymkhana which will be held Sunday at Frontier Field.

Under sponsorship of the Frontier Riding Club, of which Mr. Anderson had been a member for many years, the event will emphasize youth competition in horsemanship

and special competition events. The program begins at 9 a. m. with jackpot team roping for youth and adults and will continue with special youth jackpot classes at 1 p. m.

Events will include showmanship at halter for youngsters-13 years of age and under and 14 years and over. The same classes will be offered in horsemanship. Other classes include English pleasure,

roaling, goat tying for both girls and boys, quadrangle stake race, clover leaf race and bareback obstacle.

A large perpetual trophy has been donated by Mr. Anderson's friends, and will become the permanent possession of any young contender who wins it three years in a row. A smaller trophy will be given the winner to keep from the 1970 show.

Winner will be selected as the high point youth of the show on an overall performance basis and only the young riders may compete.

Judge for the show will be Paul Larr, Spokane, Wash. Entry blanks are available at Vickers' Saddlery, Peterson's Western Apparel and Betty's Western Apparel.

Working on the program committee are Mrs. Andy Anderson, Ralph Denton, Ralph

Goodman, Zeb Bell, Mr. and Mrs. Bobby Jones and Mr. and Mrs. Gretta Sharp.

Mr. Anderson was active in youth horse shows, exhibits and 4-H programs here for many years and devoted much of his time as announcer for shows and gymkhanas for area youth. He died earlier this summer of sclerosis, but remained active in riding events, despite his illness, almost to the time of his death.

TROPHIES DONATED FOR the first annual Andy Anderson Memorial Gymkhana Aug. 23 at Frontier Field are admired by Mrs. Anderson and Ralph Denton. Friends donated the trophies

in memory of the services donated by the late Mr. Anderson to training young horsemen and horsewomen in the area and working in shows and gymkhanas for their benefit.

Europe Getting Bored With Movie Nudes

EDITORS NOTE: The trend toward nudity in films is spreading but in Scandinavia, where it began, audiences are becoming bored with it. The following dispatch is based on reports from UPI bureaus around the world.

By SHERRY CONOHAN
United Press International
The trend toward nudity and explicit love scenes in films is not limited to the United States. It has taken root on the opposite sides of the Atlantic and the Pacific—if not south of the border.

But in Sweden, where it all began, Denmark and other European countries noted for their freedom of expression on film, the pendulum has begun to swing in the opposite direction. The trend there has been away from sex and towards a return to romanticism in movies. Now that "all" has been revealed, the thrill

seems to be gone. Few moviegoers still are interested in seeing all that skin on the screen.

There also are a large number of holdouts—countries where censorship has successfully prohibited the showing of "dirty" movies.

In Red China, with nearly one-fourth of the world's population, there is no sex in films. Movies behind the Bamboo Curtain are devoted to preaching revolution and the thoughts of Communist party chairman Mao Tse-tung.

There also is little room in the Soviet Union for sex on the screen. Very risqué movies never are shown, nor are films with themes that do not enhance the image of the Soviet Union.

Strict censorship in such Roman Catholic strongholds as Spain, Portugal, Belgium and many countries of Latin America have allowed virtually no

sexual indiscretions to reach the screens of movie houses. The same is true in Egypt, a Muslim country.

It is little different in Argentina. Censorship of movies (also of television, newspapers and magazines) was instituted in 1966 and the most exciting romance to reach the screen today is a Hollywood-style kiss.

A recent example is "Fuogo" (Fire), filmed at the Iguazu Falls in northern Argentina, which—like most of the 38-year-old Argentine actress Isabel Sarli's movies—revealed all of the star. It was banned in Argentina but drew good crowds at New York theaters.

In the Philippines, a Roman Catholic nation where a nude scene was unthinkable in movies five years ago, censors now are approving films showing women naked from the waist up. Long shots of nude women from behind also are

getting through. These scenes, previously taboo, are frequent not only in imported films but in locally made movies as well.

Only six pictures, including "I Am Curious (Yellow)," were banned in the Philippines during the past year.

The skin flick is flourishing in Japan. About 250 of the low-budget films called "eroduction" by the Japanese from a combination of the words erotic and production—are made in the country each year, according to a spokesman for the administrative commission of the motion picture code of ethics.

In London a billboard just off Trafalgar Square shows the back view of a nude woman and advertises a movie called "She Lost Her You Know What." Recent film attractions in Vienna included "Porno Baby" and a moviegoer in Stockholm could have a choice of such gems as "Venus With

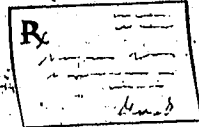

the Whip," "Sexorama" and "Erotico of Sweden."

But the nude and erotic films have experienced a distinct increase in popularity in many European countries.

Although such movies still are shown in Sweden, film distributors in Stockholm have found the public generally bored with sex films and reported a trend there back to romanticism.

In Denmark, film censorship for persons over 16 was abolished last year and "porno clubs" specializing in hardcore pornography have sprung up in Copenhagen and a few other large cities. But police report most of the customers at these theaters are foreigners.

One after the other, movie houses in Vienna which specialized in "dirty" movies have been forced by a lack of business either to close or switch back to romance.

Today's Market And Financial Report

Stocks

NEW YORK (UPI)—Stocks moved higher through mid-session Wednesday, with demand partly spurred by a Commerce Department prediction of a rebound in the U.S. economy during the last part of this year and early 1971.

A three-hour turnover of 6,380,000 shares was up slightly from the 6,320,000 shares which changed hands during the comparable period Tuesday.

The Dow Jones industrial average of 30 selected blue chips was ahead 8.42 at 725.68. Of the 1,431 issues crossing the tape, advances topped declines, 741 to 374.

Among the most active issues were Westinghouse about unchanged on 146,700 shares, Continental Oil 1/4 higher on 136,000 shares, Jersey Standard ahead 2 on 93,000 shares, and Gulf Oil up 1/4 on 88,000 shares.

Less active Standard Oil of Ohio gained 3/4. A Sohio subsidiary is engaged with Reserve Oil & Gas in a joint mineral exploration program in Canada's Northwest Territory.

Business Today

By LEROY POPE UPI Business Writer. NEW YORK (UPI)—Like the rest of American society, business has its divorce specialists.

One is former advertising man Peter Hilton, who runs a company called Corporate Diversification, Ltd. Hilton specializes in hunting for businesses and products that companies want to get rid of.

But he doesn't collect his fees from the firms that do the divorcing. On the contrary, his firm is hired on a regular basis by several firms listed on the New York Stock Exchange to hunt for grass widow businesses and products in the hopes of finding a real sleeper.

Hard To Care For "All big companies sooner or later have businesses or product lines they want to spin off because they don't fit into their operations", Hilton explained. "They may be fairly profitable yet hard-to-take care of."

"Or they may be unprofitable to the companies that have them but potential money makers for someone else." Operations Hilton trades in may be small as \$100,000 a year in volume, but he arranged a \$25 million in annual sales. In one deal he arranged the sale of a farm machinery division an air conditioning manufacturer somehow had acquired.

"It was a good business but way out in left field from the air conditioning men's standpoint," he said. Hilton got into the spinoff business as a result of starting a new products news letter while he was in advertising. "When I sold the ad agency I kept the newsletter, then made an interesting discovery."

Many Lack Money. He found that many companies had "on the shelf" new products which they lacked the money or talent to put in production. "In the cosmetic and toiletry field alone, I saw scores of products that had been conceived and developed up to production and marketing stage then shelved for lack of funds," he said. "The companies that had them were passing up millions of dollars in licensing fees or sales prices on them."

Q) I have 1,500 shares of RCA, some bought as far back as 1933. Although I do not need the money, I would like your opinion on whether to hold or sell. —A.M.

A) RCA has been hard hit this year by the slump in demand for TV receivers — approximately 20 percent of company sales come from this source. In the first six months, net-dropped 40 percent on a per cent decline in sales.

A strike at 12 manufacturing plants was cited as being an important factor in the sharply lower second-quarter earnings. RCA's National Broadcasting subsidiary reported reduced commitments by major advertisers, and company's government-related business remained slow.

Partially offsetting these negative influences, however, were computer, food processing, global communication and service operations which continued strong. In 1969, non-electronic business accounted for 40 percent of sales and 44 percent of earnings; in addition a real estate company and a food processor have been acquired thus far this year. JCA's

program of diversification, which has added an important measure of stability to the company, will probably provide the springboard for earnings recovery. Although near-term, the shares will continue to reflect the sluggishness of the TV set market, holdings, over a period of years should grow at least as fast as the economy.

Q) Can you recommend three AAA-rated bonds that are exempt from New York state and federal taxes? —R.M.

A) Interest on municipal bonds is generally exempt from income tax in the state where issued and is also exempt from federal income tax. All general obligations of the State of New York are rated-AAA by Standard & Poor. U.S. issues are rated BBB. An offering made by the state late in July reached the public at yields of 5.1 percent and 0.1 percent depending on maturity dates, which ranged from 1976 to 1994.

Taxable equivalent yields for a person in a 50 percent bracket would be approximately double the coupon rate. A bond dealer can give you more details on what is available from this "Blue List."

Wall Street Chatter

NEW YORK (UPI)—It takes time to build a solid base for the market after the "quick" and footing of the late 1960's, Harris, Upham & Co. says. The necessary adjustments are being made, however, the firm believes. The speculative sections have been toned down and the market is carefully weighing the many good and bad features of the economy.

The supply and cost of money and credit are the most conclusive factors in controlling security prices, Wright Investors' Service says. The 1969-70 decline in market values was directly caused by a severe, deliberate shrinkage in the supply of money and credit. It adds. An expansionary policy and upward price trend, however, has been in progress for the past two and one-half months and should continue for the next several years, the firm says.

Hopflin Bros. & Co. finds August "the kookiest month" with a notable reputation for providing non-significant and misleading stock market trends. It is dangerous to forecast future trends from August because that is "the time of the year when the moguls are away soaking up sunshine and the market is left to the ribbon clerks," the firm says.

August is a dull month and unusually dull this year because of "abnormal activity" by the funds who, while holding about 70 per cent of the stocks aren't doing that much trading.

Vote Canvass Now Completed

BOISE (UPI) — The votes cast in the August 4th primary election are official — the Idaho Board of Canvassers met Tuesday and affixed their signatures to tallies of the primary.

Two write-in candidates of the Republican party were confirmed as November general-election candidates. They were Charles (Jack) Holley, state budget director, who seeks the post of State Auditor Joe L. Williams. The other was Walter Connolly, who seeks election to the post now held by Democrat Marjorie Ruth Moon. Both men conducted last-minute primary campaigns to ensure nomination for the general election.

Republicans had the greatest

number of write-in candidates with more than 38 persons receiving votes in the auditors and treasurer races. Democrats seemed to write-in candidates more along party lines than did their counterparts.

But American Party members showed surprising inconsistencies when they gave Cecil Andrus more votes than they did Vernon Ravnescroft — the more conservative of the two. In fact the AP's gave Lloyd Walker, who is considerably more liberal than either Ravnescroft or Andrus, more votes than Ravnescroft. Of course, those votes don't count because none of the three democrats were candidates of the AP party.

Judge Hits Ban on Youth Harvesters

POCATELLO (UPI) — Ban on juvenile and probate Judge C. Kelly Pearce criticized the U. S. Labor Department's warning to Idaho farmers not to use boys under 16 years old in the potato harvest.

According to an announcement carried Sunday by a national wire service, the department said such work is classified as an occupational hazard for juveniles.

Pearce said if the story is correct, it would appear the

government is taking away the only employment opportunity some youths may get this late in the summer.

He said everyone is aware of the benefits in curbing delinquency which can be derived from a job involving some manual labor. Pearce says he is concerned about the "sweat shop" conditions in the employment of children, but added the federal government appears to have made a gross generalization to Idaho's economy and youth.

Andrus Opens Shop

COEUR D'ALENE (UPI) — Cecil Andrus, here to open the Kootenai County Democratic Headquarters, said Tuesday the

Idaho Democratic Party is more united now than at any time in the past.

Andrus said Vernon Ravnescroft and Lloyd Walker, whom he bested for the Democratic nomination in the Aug. 4 primary, have both accepted post on his campaign staff.

Andrus promised to kick off his campaign for governor on Labor Day and said he felt possible damage to the White Clouds area would be a key issue.

Gem Drug Survey Due

BOISE (UPI) — Idaho Gov. Don Samuelson said Tuesday the staff of the Department of Education and the law enforcement planning commission are preparing the final draft of a drug survey in the state.

The survey was conducted among junior and senior high school students throughout the state May 15, at the request of the governor.

The study will indicate use of tobacco, alcohol, marijuana, inhalants, amphetamines, barbiturates, hallucinogens and heroin.

Samuelson said the study was conducted to determine the extent of drug abuse among Idaho's students and to provide data on which to draft teacher education programs and curriculum guides. He said the study should also serve as a "springboard to invite community involvement in preventive and remedial programs for drug abuse."

Andrus said revision of the public land law governing mining claims in national forest areas is "long overdue," and that he feels public lands should be used for the most beneficial use of all people.

Andrus was to head south to Lewiston Tuesday night to hold an open house at Democrat headquarters there to thank his supporters.

Alabama Cited as Divorce Haven

BIRMINGHAM, Ala. (UPI) — Thousands of persons in eastern states may have received illegal "quickie divorces" in Alabama, federal officials said Tuesday.

Files from three disbarred attorneys and two circuit judges in northern Alabama have been subpoenaed by a federal grand jury investigating

an alleged divorce scandal. Postal inspectors are interested because many final "decrees" have been mailed to persons obtaining divorces.

Charles E. Davis, a postal inspector, said materials confiscated at attorneys' offices included blank divorce forms, some with the signatures or facsimiles of judges registers;

rubber stamps of such signatures; seals and correspondence pertaining to out-of-state divorces.

Birmingham bar association officials warned that persons who have innocently obtained illegal divorces in Alabama may have remarried, had children by new husbands or wives and thus become involved

in inheritance, land and property rights disputes.

Alabama does not require a waiting period for divorces although at least one party must have been a resident of the state for a year. In many "quickie divorces," it is alleged, persons were in the state less than a day.

In Winston County, records

showed that in the past seven years 7,000 persons obtained divorces.

Yet Winston County reported only 420 divorces to the state authorities and its population in 1960 was only 14,585 — fewer than twice the number of county "residents" who got divorces.

NLRB Cites Gem Firm Infractions

SAN FRANCISCO (UPI) — A trial examiner for the National Labor Relations Board said Tuesday an American Falls firm should be ordered to stop interfering with employees who seek to exercise their rights by joining labor unions.

Stanley Gilbert, division of trial examiners, National Labor Relations Board, made the recommendations in a dispute between Kent Brothers Transportation Co., American Falls, and a former employee of the company, Richard B. Green.

The report said Green had been "discriminatorily discharged," along with Edward L. Robinson Jan. 8, 1970. Gilbert also said eight other men were laid

off for allegedly seeking to have a labor union represent them.

The order also suggested the company be forbidden to unlawfully interrogate employees about union activity or about union activity of fellow employees; threaten to close its plant or subcontract its operations in the event a union is organized; threaten to discharge employees who join unions; and threaten to refuse to bargain with a union should the employees elect to have it serve as their bargaining agent.

The findings also suggested that back pay be given to the men who allegedly were discharged from the company.

Courteous Hijacker Captured

HAMAMATSU, Japan (UPI) — A man armed with what turned out to be a toy pistol today seized an All Nippon Airlines jet with 81 persons aboard, but was captured by police when he was allowing a pregnant woman having labor pains to leave the plane after he forced it to land.

The Japanese Transportation Ministry said the Boeing 727 jet was hijacked shortly after it took off from Nagoya in central Japan in late afternoon on a flight to Chitose on the northernmost Japanese island of Hokkaido. There were 75 passengers and a crew of six aboard, the ministry said.

The hijacker forced the three-jet plane to land at a military airfield, where he allowed most of the passengers to disembark. Later, a pregnant woman passenger still aboard the plane said she was in labor and when he allowed her to leave a plainclothes policeman rushed aboard the aircraft and grabbed the hijacker.

He was armed only with a toy pistol, police said, and did not have some five gallons of gasoline or a rifle he originally was believed to have in addition to the pistol.

While the aircraft was on the ground at the military airfield some 40 Japanese soldiers surrounded it. Two Japanese fighter planes circled in the air over the base.

The field was the Japan Self Defense Force Base at Hamamatsu, 60 miles east-northeast of Nagoya.

Church Endorses ICC Abolishment

WASHINGTON (UPI) — Sen. Frank Church, D-Idaho, endorsed a proposal Tuesday which would abolish the Interstate Commerce Commission and turn its powers over to the Department of Transportation.

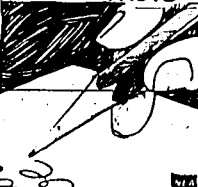

Church, endorsing a suggestion

made by Senate Majority Leader Mike Mansfield, said the ICC "has allowed passenger service to deteriorate and disappear, discriminatory rate schedules to go uncorrected, and has shown no initiative in solving the chronic shortage of freight cars throughout the western states."

He criticized the ICC's recent decision to make a permanent six per cent across-the-board freight rate increase to the nation's railroads, and said the move showed an "insufficient regard for the interests of the consuming public, small businessmen and farmers of Idaho."

Church said he had also been told by the National Association of Wheatgrowers another increase is being studied. The Idaho Democrat said the 15 per cent hike was the fifth increase requested by the railroads since 1967, and said if approved, it would amount to an increase of more than 30 per cent in freight rates in the past three years.

WORLD ALMANAC FACTS

"Lead" pencils are actually composed of a mixture of graphite and clay. The World Almanac notes that graphite was discovered in Bavaria around 1400, and was originally called plumbago, meaning "acting like lead." The amount of clay mixed with graphite determines the hardness of the pencil.

Visit Changed To A Later Date

SEOUL (UPI) — Vice President Spiro T. Agnew's visit to South Korea on his four-nation Asian tour has been rescheduled to begin Aug. 24, Foreign Ministry officials said Sunday. Agnew originally had been scheduled to arrive in South Korea Saturday and stay four days but with the rescheduling he will arrive two days later and stay three days.

When travel was cheap

NEW YORK (UPI) — Persons attending the Reunion of United Confederate Veterans July 2, 1896 in Richmond, Va., were offered a train ticket on the Southern Railway for "One cent per mile" in an advertisement in the "Confederate Veterans."

Jerome Fair Opens Next Week

JEROME — The Jerome County Fair and Rodeo will get under way Aug. 28 with a parade through the city of Jerome.

Potluck Planned at Shoshone

SHOSHONE — The North Shoshone Homesteaders annual potluck dinner and picnic will be held at noon Sunday, Aug. 23 at the Mary L. Gooding park here.

Waldo Jones is president with Mrs. Ervin Braun, secretary. All homesteaders, their families and friends are invited. Watermelon will be provided for the meal.

The first picnic was held in September, 1957, and at that time the fourth Sunday in August each year was designated for the annual event, to be held at the Shoshone park.

John Stutzner was the first president and Mrs. Charles Gulm, secretary. Expenses such as prizes are financed by donations each year.

At the time of the first picnic there were 80 homesteader families. Some of these now, however, have moved away or have died.

The land in the area was first opened for soldiers only in 1932, four years later it was opened to everyone.

Gooding Girl Gets Degree

GOODING — Sally Perrine, daughter of Mr. and Mrs. John H. Perrine, Gooding, has received her B. S. degree in physical therapy from the University of Colorado.

Miss Perrine is a 1964 graduate of Gooding High School and studied at University of Idaho from 1964-1967 before enrolling at Colorado University.

Wendell School Starts Aug. 24

WENDELL — The first day of school at Wendell begins at 8:30 a. m. Monday, school board members noted at a board meeting.

The board granted permission to Mrs. Melanie Mattix and Mrs. Regina Lewis to attend Wendell High School as long as they abide by school policy pertaining to married students.

Worm's Poison

The 1,000-legged worm of tropical America manufactures prussic acid in its body. It has glands along the sides of its body that are so-charged and uses this acid in capturing and killing its prey.

Featured in the parade will be one of the Jerome High School bands, under the direction of Larry Standley. Riding groups

Jerome Schools Being Repaired

JEROME — Supt. John Campbell outlined today a 10-point plan for upgrading the school facilities in preparation for school next month.

The plan includes roof repair of the junior high, the senior high annex and the high school gymnasium; finishing of remodeling of classrooms at the junior high school, repairing sidewalks and repainting and refinishing Washington School floors.

Painting the high school exterior, the high school annex, Jefferson School trim and blacktopping the Jefferson School area. Repair work on the junior high school shower and locker room also is planned and the dining area in the high school for senior-high, junior high and Lincoln School student use will be enlarged.

Remodeling of the high school also is planned, involving painting the ceiling and sidewalks and repairing of lighting, sound, flooring and heating.

Campbell noted that earlier this year, voters rejected a five mill plant facilities reserve fund levy which would have provided funds for remodeling the junior high school, modernizing the present shower and locker room there, installing new sidewalks on the south side of the high school and roof repair work at several schools.

Because of this, he said, only temporary repairs can be made on these various items.

Results of Area Drill Fete Given

GOODING — Results of the Gooding County Drill Team Championship Competition and Jamboree are:

Senior drill — Liberty Bells, Gooding, first; Jerome Sheriff's Posse, second; Gooding Sheriff's Posse, third.

Teater's Paintings To Appear Abroad

BLISS — Dignitaries from around the world will soon be viewing the work of Archie Boyd Teater, resident of Bliss and Jackson, Wyo., as a result of an announcement by the State Department his oil paintings of the Teton and Sawtooth Mountains and other Western United States areas.

Demand for his work has increased over the past years from the early days when he would hang his paintings on the outside of his wagon, a price listed for each and a note telling prospective buyers to take the painting they liked and give the money or check to the blanket so it wouldn't blow away.

Now his Jackson studio is one of the top tourist attractions of the old western town. This year, he says, has been the busiest season yet with many second generation buyers coming back for a Teton painting.

Shoshone Footrace Winners Reported

SHOSHONE—Winners in the 4-H county fair footrace were listed today by the Chamber of Commerce, sponsoring organization.

They were for first, second and third place winners: Boys, 5 and under, Donnie Cook, David Dietrich, Gene Dayley; girls—Terri Peterson, Sandra Kidner and Tanya Kerner.

Boys 6-8, Tommy Bellia, Mark Hubbs, Marc Perron; Girls—Karen Magoffin, Jill Dixon and Sidney Durfee.

Boys 9-11—Jason Webb, Lari Perron, Leland Towne; girls—Sheri Prescott, Connie Hubsmith and Sue Bellia.

Boys 12-14—Paul Freeman, Lyle Towne, Robert Haddock; girls—Marie Hubsmith, Lorna Thorne and Bonnie Laughlin.

Sack race winners were, 6-8 age group, Tommy Bellia, Mike Gray, Ronald Kidner; Karen Magoffin, Betsy Jensen and Barbara Berriochou.

Sack race, 9-11, Lari Perron, Jeff Payton, John Pogoaga, and Jason Webb, Mary Bellia, Carol Gray and Sue Bellia.

Sack race, 12-14, Hugh Hollibaugh, Chris Ridinger, Ed Thomason, Lorna Thorne,

Marie Hubsmith and Lisa Nelson.

Three-legged race, 5-11, John Pogoaga and Jason Webb; Tommy Peterson and Connie Hubsmith; Joel Bate and Joan Struchen.

Three-legged, girls 6-8—Barbara and Brenda Berriochou, Laten and Sharon Maggoffin, Carol and Shelley Jones. Girls, 9-11—Debbie and Diane Magoffin, Connie Hubsmith and Dale Ralls, Renina and Deana Sorensen. Boys, 12-14—Robert Haddock and Lee Williams; Lari Perron and Chris Ridinger, John Pugh and Jerry Davis.

Girls, three-legged race, 12-14—Lorna Thorne and Marj Jones, Cindy and Lisa Nelson, Dobble Johnson and Marie Hubsmith.

Those winning the bear race were Byron Masoner, Allan Garrett, John Pogoaga.

Wheelbarrow race, boys and girls—Robert Haddock and Dale Sorensen; Lari Perron and Chris Ridinger; and John Pogoaga and Jason Webb.

Duck waddle race winners were Richard Jones, Robert Haddock and Jeff Payton.

Hansen Schools Start Monday; Positions Full

HANSEN—Hansen grade and high schools will commence Monday with a full slate of teachers according to Supt. William Barnard.

A Spanish teacher, home economics teacher and commercial teacher makes the roster complete. A new social studies teacher will be new to the system this year.

Mrs. Ann Knight is special education teacher; Mrs. Marlese Tensley, first grade; Mrs. Rachel Myers, second grade; Mrs. Dorothea Froehlich, third grade; Roberta Robertson, fourth grade; Mrs. June Wilson, fifth grade; Julia Kennington, sixth grade; Mrs. Lita Allen, seventh grade and Barry Espil, eighth grade.

High school faculty members include Margaret Nelwirth, commercial; Geraldyn Espil, English; Robert Sherman, social studies and assistant coach; Boyd Hulse, science; Richard Youree, music;

Gordon Hogan, math and coach; Kaye Walker, Spanish, and Ann Graefo, home economics. The Spanish and home economics teachers are on a part-time basis.

The position of janitor and bus driver is open for application as Joe Urie has resigned to accept another position. Ora Simpson is custodian. Bus drivers are Boyd Hulse, Kenneth Urie, Delbert Mothershead and Mrs. Barnard.

The cooks are Mrs. Anna Moore, Mrs. Susie Sandlee and Mrs. Beaula Reed, and lunches will start May 31. The prizes will be the same as last year, 30 cents to students, 40 cents to school personnel and 50 cents to other adults.

Mrs. Jeannine Bennett is hot lunch chairman and school secretary.

Football practice started Monday with 35 boys participating.

Cassia Fair to Feature Top Accordionist

BURLEY—Janet Todd, U.S. National Accordion Champion, will be guest performer Thursday through Saturday during the rodeo at Cassia County Fair.

She is a regular performer during the Miss Universo Contest at Long Beach, Calif.

As a nationwide TV special, she played backdrop music for world-famous Tabernacle Choir for the song, "Echo Canyon," in the CBS Television Special Song of the Rails, on 100 years of

railroad history.

Mrs. Todd has performed with George Jessel, Walt Disney Productions; Barbara and Bob of Lawrence Welk Productions and many others.

She toured the USA with BYU's famed "Curtain Time USA," the Orient and Europe with the Defense Department, and Middle East and Southeast Asia with U.S. State Department.

For 12 years she was a music studio owner and teacher and

has received Outstanding Young Woman of America Award.

Over 200,000 miles has been traveled by Mrs. Todd for conventions, school assemblies, TV and radio, benefits and special shows. In her program she includes classics and semi-classics, folk songs of middle East and Asia, Broadway musicals, family standards, pop and jazz, patriotic numbers and audience requests.

A new rodeo producer for Cassia County will be Del Hunsdon, Ovid, Ida., presenting the three nights of rodeo.

The Fun in the Sun Carnival owned by Lou Mendoza, Pleasant Grove, Utah, will also be making a first appearance at the Cassia County Fair, with rides, concessions and games in the midway.

Three afternoons of pari-

mutuel horse racing will begin Thursday and post time is 1 p.m. and 10 races each day is scheduled.

Directing this year's county fair are Glenn Parke, Malta, president of the fair board; Jack Funk, Burley, vice-president; Bob Sagers, Burley, secretary-manager, and LaMar Anderson, Burley, treasurer. Dale Shelby, Ted Kelsey and

LaDell Handy, all Burley; Dallen Enquist, Oakley, and Jim Chatburn, Albion, will assist them.

Improvements at the fairgrounds for this year include a new large metal 4-H building, addition to 4-H horse barn, new chutes and chutes for rodeo activities and blacktopping of area between the grandstand and food booths.

Relatives Back From Funeral

SHOSHONE—Mr. and Mrs. Merle Race, and Mr. and Mrs. Oscar Thiemann, north Shoshone; Mr. and Mrs. Jerry Koates, Jerome, and Mr. and Mrs. David E. Johnston and Mr. and Mrs. Karl Johnstun, Filer, have returned home after being called to Tourt Creek, Mont., by the death of a nephew, Charley Vinsant.

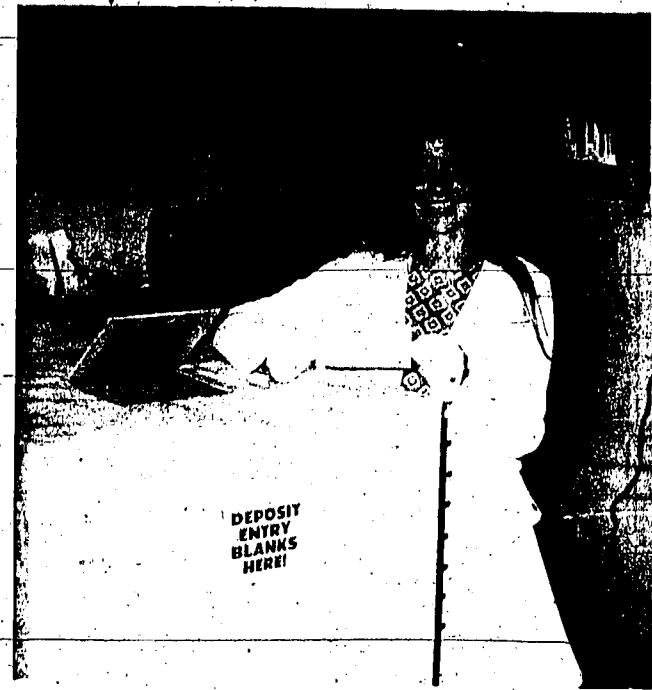

Vinsant, 21, was killed in a one car accident two days before he was to report back to his military base after having received 45 days emergency leave to assist his parents, Mr. and Mrs. Leale G. Vinsant, who had been involved and injured in an automobile accident two months ago.

Young Vinsant had served three years in the Navy, spent his assignment in Viet Nam and had returned.

Survivors include a wife and baby daughter, his parents, one brother and four sisters, grandparents, Mr. and Mrs. Leslie O. Vinsant, former North Shoshone residents. His mother is the former Bess Johnston, daughter of Mr. and Mrs. David Johnston, Sr., former north Shoshone residents, who now live in Mesa, Arizona.

JANET TODD

FARLA MCKINNEY, Miss Twin Falls, draws the coupon deposited by Mrs. Max D. Rector, Route one, Bluh, Mrs. Rector is winner in the second phase of the Twin Falls downtown merchants improvement days promotion. Mrs. Rector won sixteen Sunday dinners for herself and three guests at Koto's Cafe and the Rogerson Restaurant. Miss McKinney is the daughter of Mr. and Mrs. S. H. McKinney, Twin Falls. The downtown merchants third phase of the improvement days promotion features four free bicycles. Deadline for depositing coupons is August 28, and all coupons are eligible to win a Buick Opel Kadette in October.

Cassia Schools Start Soon

BURLEY—Cassia County officials have announced that classes for county students will begin Aug. 31.

Registration at the Burley High School will be held between 9 a.m. and 4 p.m. Aug. 24, 25 and 26, with the seniors registering on Monday, juniors on Tuesday and sophomores on Wednesday.

The hours and dates for the junior high school registration are the same, with ninth graders registering on Monday, eighth on Tuesday, and seventh on Wednesday.

Oakley and Raft River High Schools will follow the same schedule at Burley High School, and all high school students at Declo will register on Wednesday, Aug. 26, from 9 a.m. to 4 p.m.

Elementary students throughout the county will register from 9 a.m. to 4 p.m., Wednesday and Thursday, Aug. 26 and 27.

All classes in the county, with the exception of Taft River, will begin classes at 8:30 a.m. Aug. 31. School begins at 8:50 a.m. at the Malta Schools.

Cassia County's pre-school institute will be held Aug. 27 and 28, Thursday and Friday. The Thursday meeting is scheduled to be held at the Burley High School. The meetings for new educators will commence at 10 a.m. and last until about 3 p.m. also on Thursday. Among the events scheduled, will be a luncheon for the new educators. All educators are expected to attend the 7 p.m. meeting in the high school auditorium.

Lots of Spiders
There are an estimated 2-285,000 spiders per acre in undisturbed English meadowland compared with 14,000 per acre on herbs and shrubs of Illinois woodland.

Language Barrier Limits Talk

TWIN FALLS — When relatives arrive after a long absence, or for the first time ever, conversation runs rampant, but what do you do when relatives visit and you can't even speak their language?

Jenn Millar, Twin Falls city manager, knows the answer now, but last week when relatives he had never seen arrived from Switzerland, it presented something of a problem. He doesn't speak French and they do not speak English.

Fortunately, the city manager's mother, Mrs. Fred Millar, Wendell hadn't forgotten her fluent French, despite having not used it for years. The guests included her niece, Mrs. Charles Schupbach, whom she had never seen, the niece's husband, and their daughter, Jeanine. They arrived last weekend in Twin Falls and are currently visiting the Magic Valley area as guests of the Millar families.

Mrs. Fred Millar became a resident of Twin Falls in 1913, having left her native Switzerland in 1903 with an aunt and uncle. She was 12 years old at the time and enrolled in the Lincoln grade school to learn the English language.

She left behind a 10-year-old sister whom she never saw again. Mrs. Schupbach, a daughter of that sister, and her family are visiting the United States for a first time. The visitors wrote earlier this year announcing plans for a visit.

Mr. Schupbach is a retired baker and the family will be leaving for the Pacific Northwest and other areas, part of a two-month tour of the United States and Canada. Jeanine, who speaks English, is training in hair styling in Montreal, Canada and will spend another year there.

With the help of Mrs. Millar the visitors expressed their amazement at the size of the United States, "and all in one country." They were delighted to find a "little bit of Switzerland" at Sun Valley on a trip to the north. They had seen pictures and advertising of Sun Valley, and found it much as they had expected.

The Schupbach home is in Sion, in southern Switzerland, a town which has been a contender for the winter Olympic Games, and the family enjoys winter recreation.

FRENCH AND ENGLISH translations kept members of the Millar families of Twin Falls and Wendell and the Schupbach family of Switzerland in communication. Relatives arrived to visit Mr. and Mrs. Jenn Millar, Twin Falls, and Mr. and Mrs. Fred Millar, Wendell, last week and thanks to Mrs. Fred Millar's bi-lingual talents they were able to converse. Looking at family photos are Jeanine Schupbach, Mrs. Charles Schupbach, Mrs. Fred Millar and Mr. Schupbach, front row, and Mrs. Jean Millar, Fred Millar and Jean Millar, back row, all from left.

Car Steerks Marked to Cut Thefts

TWIN FALLS — Special identification marks have been placed on about 30 car stereos write-by-Twin-Falls-City-Police in the past week. Detective Capt. Tim Qualls said response to the idea initiated last week has been good thus far and urged all residents of the area who own automobile stereos, to bring them to the department to be marked.

The identification marks, which are recorded in the owners names, will make it easier for officers to recover stolen stereos.

Capt. Qualls said that to be marked, the stereos must be removed from the vehicles.

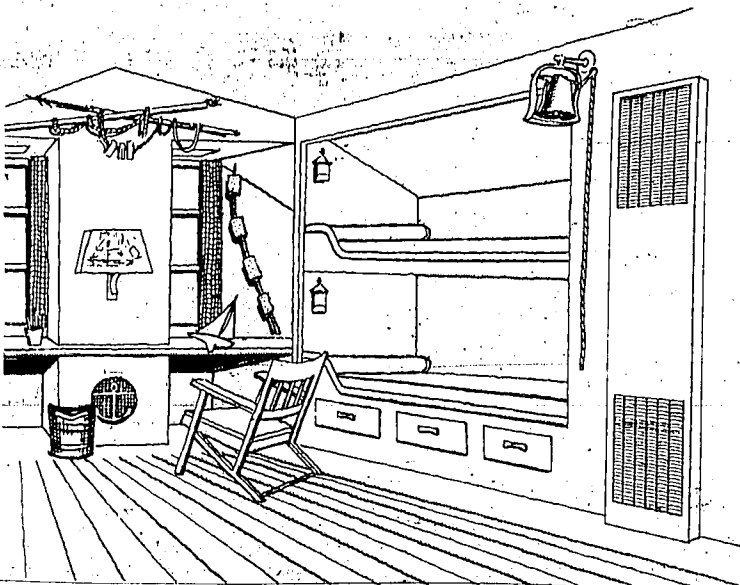

No More Siestas

The Mexican custom of the midday siesta was officially ended in 1948, when the hours of the Mexican work-

Do Your FALSE TEETH Keep Coming Loose?

Ambrose Gives Land to Wendell for Recreation

By MYRTLE SCHRENK
Times-News Correspondent
WENDELL — Members of the Wendell City Council accepted a gift Tuesday of seven and one-half acres of land on East Main from Neal Ambrose to develop a recreation area. Councilmen acted on the offer during a special session Tuesday night at the Wendell City Hall.

Ken Ellis, Boise, State Department of Parks, was present and explained the procedure which must be followed to receive a federal grant for the proposed area will include two baseball diamonds, a miniature golf course and a playground and a swimming pool.

Ambrose is deeding the land to the city with the provisions that it be named McGinnis

Park, be used as a recreation area and be maintained and operated by the city after completion. The park would be named in honor of Gertrude McGinnis, a former school teacher in Wendell.

A citizens board has been formed consisting of Ambrose, Dale Gilbert, Mr. and Mrs. Wayne Strickling, Bill Bunn, Mrs. Phyllis Bunn and Vernon Mason, chairman.

The committee will meet with the state parks department at Coeur d'Alene Oct. 22 to present a plan for approval. The city is seeking a federal grant to develop the land gift.

Besides the land, labor to build the park will be donated and the federal funds which are being sought for development would be on a matching basis, land and labor to money.

In January the committee will again meet with the State Parks Board to present a finalized plan. Results of the committee's action should be known in early February, with the goal for completion in time for summer, 1971.

Councilmen also approved payment on a new firetruck and purchase of tires for the fire truck.

Steel doors for restrooms at the existing Wendell City Park have arrived and are being installed, it was reported.

The surplus in the park budget will be used to replace facilities which have been destroyed by vandalism. Because of summer-long occurrences of destruction at the park, councilmen voted to keep restroom doors at the park locked between 10 p. m. and 7 a.

m., and all winter.

Councilmen approved a lease to Blick Brothers for city land on which to construct potato cellars. They also:

- Authorized Jim Benson, Wendell Agriculture Department, to complete and set up basketball courts in the park.
- Voted to inform the public that any unpaid bills for water on lots will be added to the delinquent individual's taxes and a fine will be assessed.
- Approved the appointment of Mrs. Diane Adams to the library board to replace Vivian Maltz, who presently is librarian.
- Appointed Councilman John Wert to contact the county weed control office and ask the department to spray alleys and vacant lots and roadways.

Times-News

Times-News, Twin Falls, Idaho Wednesday, August 19, 1970

BRUSHING THE TAILS on their beef projects prior to judging during the Cassia County Fair this week are Jimmy Janak, second from left, and Doug Barth, right. Looking on is

Jimmie Baker, left, Cassia County Fair and Rodeo opened today and will continue through Saturday in Burley.

Cassia County Fair Under Way

BURLEY — The Cassia County Fair officially opened today for four days, using the theme "100 Years of Progress." The fairgrounds has been a busy place all week as booths were being decorated and exhibits were being entered. Horses were entered Tuesday and judging of home economics

projects began and all cattle, sheep and swine were entered. The Community household art exhibits were judged and the style revue was held in the new 4-H building.

Wednesday, parishable produce were entered and judged. Also judged throughout the day were swine, saddle horse class, sheep, dairy, dogs and poultry.

The Country Western Jam-boree will be at 8 p. m. today at the rodeo grounds.

From 7 to 11 a. m. Thursday, flowers will be entered and the livestock judging contest will begin. The annual parade will begin at 10 a. m. at Overland Shopping Center and travel north to Main Street and east to the fairgrounds. In the afternoon, judging of beef, quality and breeding; agriculture demonstrations, and flowers will be held.

The rodeo will be at 8 p. m. Thursday, Friday and Saturday with a new rodeo queen crowned the final night.

Friday morning will be the judging of the beef fitting and showing and in the afternoon will be the livestock demonstrations.

Magic Valley

Filer Schools to Begin on Monday

FILER — All schools in the Filer School District will open on Monday at the regular time, states Tom Turner, superintendent.

Turner said buses will return students to their homes at noon Monday. Registration will continue during the day for those who failed to pre-register.

Hot lunches will start in all schools on Tuesday.

Filer bus routes have been

changed and all students are asked to be ready to ride the bus at 7:30 a. m. and watch for their particular bus to come by as the schedule has not yet been worked out for the buses, Turner said.

Filer elementary students may register through Friday and Hollister students will register on Monday.

Deadline For Queen Event Set

TWIN FALLS — Between 18 and 20 young women from throughout Idaho will be competing for the Miss Rodeo Idaho title as part of the annual Twin Falls County Fair and Rodeo, Harold O. Hove announced Wednesday.

He said the deadline for entry by queens selected this year in local shows and contests is Aug. 26 and entry blanks and contest information may be obtained from Gene Hull or Mr. Hove at the Twin Falls Bank and Trust Co., Twin Falls.

In addition to being a winner in a local area contest, the Miss Rodeo Idaho candidates must be single, never married and between the ages of 18 and 24. The winner must be willing to represent Idaho in the Miss Rodeo America Contest in Las Vegas in November.

Mr. Hove said many late shows and rodeos in Idaho are being held and the deadline is being kept open until next Wednesday to accommodate these.

Transfer Request Rejected

SHOSHONE — Shoshone School trustees have rejected a plan to transfer 19 students to other school districts.

The board reviewed the record of his hearing on the matter and evidence presented it and then ruled that no student would be permitted such transfer.

The transfers were held "not in the best interests" of the children or the district.

The children's parents petitioned for the transfer to Dietrich and Gooding schools last month, saying their children had experienced severe emotional strain during the past year.

They objected to teaching and administration policies of the district, and complained that the children had been abused as a result of objections voiced by dissenting parents.

3 AWOLs Captured At Bliss

GOODING — Three AWOL servicemen from Fort Carson, Colo., who were apprehended Monday night in Bliss, were taken Tuesday to Mountain Home Air Force Base.

Gooding County officers were looking for the car Monday containing the trio after a man traveling with them told a store clerk at King Hill to "call the police. I need help."

After the car was stopped, Roy Robinson, who had picked up the servicemen near Yakima, told officers he was afraid of the men, although they had not actually threatened him.

He said the trio would not let him drive his car and they would not let him be alone when they stopped enroute from Washington to Idaho. Robinson was traveling from Yakima to Georgia, officers said.

The men, Charles Jones, Raymond Chase and Ralph Fornwall, were turned over to military authorities and no local charges were filed against them.

He said the trio would not let him drive his car and they would not let him be alone when they stopped enroute from Washington to Idaho. Robinson was traveling from Yakima to Georgia, officers said.

The men, Charles Jones, Raymond Chase and Ralph Fornwall, were turned over to military authorities and no local charges were filed against them.

Hospitalized
MALTA — Michael Beyer, son of Mr. and Mrs. Grant Beyer, is a patient in the University Hospital in Salt Lake City.

Safe Driving Project Planned

BURLEY — The Burley and Rupert Jaycees are promoting a safe driving project by working with area law enforcement officials. A "Safe Driver" of the month will be named.

The program will start next month and local drivers may get a chance to win a free dinner instead of a trip to see a traffic judge when pulled over to the curb by a siren and a red light.

The program which has been endorsed by law enforcement officials, includes stopping

drivers who demonstrated safe driving practices and congratulating them. These same safe drivers may also be nominated for Safe Driver of the Month by the officer who stopped them.

Nominations will be screened by Jaycees and the Safe Driver of the Month and his wife or husband will be guests along with the nominating officer and his wife for a free dinner at an area restaurant. Several of the local restaurant owners have already agreed to pick up the

tab for the dinners.

Dave Nelson, Burley, project co-chairman, pointed out the traffic accident rate in this area is running ahead of most of the state as is the fatality rate.

Nelson said "The Safe Driver award may be given to any licensed driver who has not had a traffic violation in at least one year."

Also as part of the safety program a Safe Driver of the Year will be named at a banquet to be attended by all Safe Drivers of the Month and the officers who made the nominations.

Clarence Parr Seeks Demo Post

BURLEY — Clarence Parr, Burley, former president of the Potato Growers of Idaho Inc., and a farmer in the Raft River area, has announced his candidacy for state representative for Cassia County on the Democratic ticket.

In announcing his candidacy, he said, "After repeated urging by friends and acquaintances throughout Cassia County and Idaho, it is with humble pride that I announce my candidacy for Representative from Legislative District No. 25 on the Democratic ticket in the upcoming November election.

"There are many compelling reasons that motivated my decision to seek public office, foremost, of course, is my abiding conviction that Cassia County citizens are entitled to a choice in November. Secondly, this choice should be one of proven ability and qualifications necessary to properly represent both the business and agricultural interests as well as the wage earner so important to Idaho's economy.

"Although my personal involvement in politics has been one of any ordinary American citizen, my knowledge of the Legislative process covers many years at helping to write and interpret legislation both

CLARENCE PARR

on the State and National levels. This experience has caused me to become acquainted with many Legislators from throughout Idaho and the United States and could benefit all Cassia County.

The Democratic party central committee filed Parr's candidacy Monday for the November election. The Democrats had no one on the Aug. 4 primary on the county level for Cassia County. According to law the central committee could select candidates and file for the vacancies.

Check Valves Needed

JEROME — Investigation by Mel Morris, Jerome city public works director, and Fire Chief Lynn Bingham on a need for sewer check valves resulted in a recommendation to Jerome City Council members Tuesday night for such valves on all new home construction in the city.

Morris told city council members it is impossible to determine which homes in the city need these valves to prevent sewage backing up in the lines, unless crews dig down to the main hook-ups.

As a result, city council members called for an ordinance to be drawn up for the next council meeting stipulating such installation on new construction in the city.

In other business the council decided to hold further discussion before drafting an ordinance to prohibit open burning in the city. City council members will meet with the county commissioners before taking action on the open burning restrictions recommended for all cities by the Idaho Air Pollution Control Commission. Regulations become effective Sept. 21.

No protests were heard following the second reading of an annexation ordinance for about 20 acres of property adjacent to the west boundaries of the city. The ordinance was promulgated by a request for annexation from the Marshall Warehouse property and it was decided to include a larger adjoining area.

A \$100 damage claim from William E. Last, Jerome, was referred to the city insurance adjuster. Mr. Last is seeking the damages said on Aug. 8 irrigation water overflowed flooding his basement and causing damage to his furnace. Councilman S.N. Weeks announced the city swimming pool will close Sunday at 9 p.m.

Loaded Trailer Burns

BELLEVOUE — A semi-trailer and its load of about \$32,000 in mining equipment was demolished Tuesday afternoon when it caught fire after a fire blew out about eight miles south of Bellevue on Highway 83.

The rig, owned by Dancing Breeze Land Corp., Las Vegas, was enroute to Las Vegas. Included in the destroyed equipment were five electric motors and an ore crusher. The tractor was not damaged and the driver, who is unidentified, was uninjured.

Blaine County Sheriff Officers and the fire department answered the call about 1:30 p. m., but were unable to extinguish the flames with 150 pounds of dry chemical. Shoshone BLM crews arrived two hours later and put out the blaze about 3:24 p. m.

In addition to the trailer and equipment, a section of highway 83 was severely burned.

Council Okays 2 Ordinances

GOODING — Members of the Housing Authority Commission met with the Gooding City Council Monday evening to report on the progress of the committee in reference to the low cost housing project.

Councilmen also:

- Passed Ordinance 438, which relates to the probation of the use of weapons. It states firearms, air guns, sparrow guns (22's loaded with bird shot), flippers, and similar devices are not to be used within city limits.
- Passed Ordinance 439, which provides for control of female dogs in heat, unlicensed dogs and for vicious dogs and designates the duties of chief of police in connection with the preceding problems and provides for the disposition of such dogs.

CSI Board Changes Site for New Building

TWIN FALLS — Location of the proposed vocational-technical classroom building on campus at CSI has been changed by the college board.

Trustees elected to change the location from east to north of the center mall.

A federal grant will be coupled with \$250,000 of state permanent building funds to construct the building, the first vocational facility on campus.

Ed Jones, of CTA Architects-Engineers-Planners, reviewed campus construction with the board. He said a "punch list" will be developed by architects and engineers for the construction company to comply with. This simply means that major work on the building is complete, but that Arrington Brothers Construction Co. will be expected to "finish off" the building. Occupancy of the

health-PE building, which contains a gymnasium, is expected to be made the first week of the fall semester, which begins Aug. 31.

On recommendation of Jones, trustees voted to make final payments on phase one of campus construction to Neilson-Miller Construction Co. CSI has been holding \$2,600 in abeyance until a few minor adjustments of the initial campus project were made.

Phase one of the Fine Arts Center, Shields Academic Building, the Maintenance building and the new arena campus, will be completed for nearly two years.

Lawrence J. Arrington, president of Arrington Brothers Construction Co. who has res

Burley Corrects Ordinance on Horses

BURLEY — The Burley City Council has corrected an ordinance which would have prohibited keeping or running horses at the Cassia County Fairgrounds — even during the annual County Fair.

The ordinance, recently passed by the City Council, prohibited the keeping of horses "within the city limits." A letter from the Cassia County Fair Board pointed out the Fairgrounds is entirely within the city limits — thus, no horses at the fair.

The ordinance would also have ousted a number of horses

used by the Swift and Company at their feedlot, which is also within the city.

Monday evening, the council suspended the rules in light of the emergency and revised the ordinance to exclude the Fairgrounds and the feedlots.

In other matters, the Council heard a report that Loren Jones of the Idaho Parks Department has inspected the Snake River Park near the golf course, and said the area is qualified for state matching funds for a development project. The Parks Department must formally approve the grant,

however, at a meeting in Coeur d'Alene in October, the Council was told.

It was reported that the runway at the airport has been resurfaced. A \$20,000 payment to Gordon Paving Co. for work at the airport was approved, and forms were received from Idaho Aeronautics Director Chet Moulton for state funds to upgrade the airport. Ray Barlow was granted permission to enlarge a hangar to house a glider, and the lease on the hangar was renewed.

The Council also granted

permission for the electrical department to send a representative to a training session on meters in Seattle Sept. 14 through Sept. 18, sponsored by the University of Washington; discussed speed limits in the city limits, tabling any action pending a conference with state officials on Highway 30 speed limits; approved an increase in insurance as required by state law and approved five building permits.

The Council vetoed a proposed closure of city offices for a half day during the Cassia

County Fair, though this has been done in past years. They also changed the September Council meeting to Sept. 8, since the regular meeting date would fall on Labor Day.

Kathryn Butcher of Burley, who was recently appointed as an outreach worker for senior citizens by the South Central Community Action Agency, reported on services available to area senior citizens. Mrs. Butcher will work with the Burley Neighborhood Center in providing services to the elderly.

Burley Elks Observe 50th Year

40—
Or More

Holding 40 years or more membership in the Burley Elks Lodge No. 1384 include, from left, L. R. Calcolo, 40-year member; C. C. (Pop) Baker, 51-year member, and John Brooks, 50-year member.

BURLEY — The Burley Elks Lodge No. 1384 celebrated its 50th Anniversary recently with a dinner, program, social hour and dance at the lodge hall.

The event began with a social hour, followed by steak dinner served in the dining room of the lodge.

Bon Sprague, exalted ruler; Charles Shaddock, leading knight, and Frank Langer, Tiler, greeted the guests upon arrival at the lodge hall.

Bounty baskets of flowers were throughout the hall from local businesses and organizations.

At the dinner, Exalted Ruler Sprague gave the welcome and introduced the 10 members holding 40 years and more membership in the Elks.

Albert T. Klink, past State Elk president, the only one from the Burley Lodge, gave the invocation.

There were 10 past exalted rulers of the Burley Lodge attending with their wives. Out-of-town exalted rulers and wives attending included J. D. Bassett, Idaho Falls; Lloyd Reed, Twin Falls, D. R. Schultz, Jerome, and Dr. Leland Stronks, Rupert.

Background organ dinner music was played by DeWayne Brothead, organist for the local lodge.

The Sweet Adelines, directed by Clifford Mullikin, sang several numbers.

George Hargraves, Pocatello, district deputy grand exalted ruler, Pocatello, served as master of ceremonies.

Honored guests attending included Bob Bybee, Idaho Falls, grand tyler; Joe McArthur, Lewiston, 4-year grand trustee; John Lohm, Twin Falls, state president of the Idaho Elks Association; Don McKinster, Twin Falls, secretary of the Idaho Elks Association; Bill Taylor, trustee of State Association; Bill Richardson, vice president of State Association, and Bill MacKnight, Burley, past Oregon State president. Wives of the honored guests also attended.

Guest speakers, Bybee and McArthur, both paid tribute to the past officers of the Burley unit.

They reported that Idaho ranks 21st in membership in the United States. Membership continues to grow in all lodges throughout the state, reported Mr. McArthur.

Best wishes were extended from both speakers for a continuing active lodge in Burley.

A dance completed the evening celebration with music furnished by Dale Plotts Organist.

The Burley Elks Lodge No. 1384 was chartered with 98 members on April 16, 1920, and the Twin Falls Lodge No. 1183 was the sponsoring Lodge.

Charter members still living are Truman Wolf, E. C. Stephenson, (the only one able to attend the anniversary) and H. C. Van Engelen.

First officers elected for the lodge were F. C. Pierce, exalted ruler; H. W. Daven, leading knight; C. W. Doe, loyal knight; E. R. Dampier, lecturing knight; R. S. Jones, secretary; R. O. Brinton, tiler; T. E. Fitzgerald, E. J. Davis, and J. J. Carroll, all trustees; J. M. Trist, esquire; B. S. Fargo, chaplain, and J. E. Greenslate, inner guard.

The members first held meetings in the IOOF Hall in the Enigh building. During the winter the old opera house was leased and thoroughly remodeled and became the lodge home until October, 1937. The present lodge hall was built in 1937 and completely furnished and the members moved in on Oct. 24, 1937. This building has been enlarged during the years.

In honor of the lodges golden year the members have ordered a commemorative bottle (no liquid inside) with the Burley Elks Golden Anniversary emblem on one side and the 100 Years of Progress for Cassia County emblem on the other side. The blue glass bottle was made for the elks by the Clevenger Bros., Glass Works, Clayton, N. J. Only 500 bottles were ordered which are for sale on a first come-first served basis.

50
Years

... Cutting the anniversary cake representing the organization of the Elks Lodge in Burley 50 years ago are, from left, Joe A. McArthur, Grand Lodge four-year trustee, Mrs. Bon Sprague and Sprague, exalted ruler of Burley Elks Lodge No. 1384.

Women's Section

Local Miss Nominated "Most Beautiful Golfer"

TWIN FALLS—Pretty is as pretty does—and one of Twin Falls' lovelies, Susan Davis, daughter of Dr. and Mrs. George T. Davis, is one of five young ladies nominated for Golf Digest's "Most Beautiful Golfers for 1970."

Others nominated include Joyce Deese, Northridge, Calif.; Janey Fassinger, New Wilmington, Pa.; Connie Hirschman, York, Pa., and Cindy Meyers, Ormond Beach, Fla. The winner will be the subject of a feature in our November issue, and will receive a merchandise credit of \$200 at her favorite golf shop. Susan is the youngest candidate at 17 and has worked her golf game down to a nine handicap in only two years of playing. A member of the Blue Lakes Country Club, the five foot-0 1/2-inch, 130 pound swinger, with long, light brown hair, earned a place on the city's high school golf team in her senior year, the first girl to do so.

In 1970, Susan placed second in both the Idaho State Amateur and the Ladies Magic Valley Open at Burley. A straight-A student, Miss Davis is now a freshman at Arizona State University, Tempe, a school noted for its excellent women's golf program.

NOMINATED FOR GOLF DIGEST'S "Most Beautiful Golfer for 1970" is Susan Davis, 17, daughter of Dr. and Mrs. George T. Davis. She has worked her golf game down to a nine handicap in only two years of playing.

Final Camping Session Under Way

The final session of the Camp Fire Girls summer camp at Tawakani in the South Hills is now under way. Many exciting experiences have marked the previous camping sessions including the finding of a procupine in the aides-tent one Sunday evening.

Milton Barrus from the Rock Creek Ranger Station conducted nature hikes and on one hike the girls were caught in a heavy lightning and thunder storm. After leaving the ridge to get away from the lightning, the girls blazed a new trail home! At the end of the week, some declared, "The funnest part of the hike was getting wet!"

At the end of the first session seven Fogot Finder, eight Trail Maker and six Gypsy awards were presented. Others worked on beginning outdoor skills.

"Cabin of the Week" was Nez Perce, Michelle Humbach, Lori Ford, Nancy Bondurant, Cindy Kennedy and Connie Calvert. Special recognition was given to Connte Calvert and Nancy Bondurant for volunteering to wash dishes so often and to Lori Walton who had to sweep floors so often — she was given a miniature broom made from pine needles.

The Outpost girls arrived at the second session and set up their unit including building their own shower and latrine. The eight girls also took a trail backpack in preparation for their trip this week. One evening they were divided into pairs and had to cook out and fashion a shelter completely on their own. This session had many "junior backpackers" and the younger girls made

knapsacks from pillow cases and carried their lunches with them. One group went to Barrel Springs and several carried their supper on their hike.

Awards presented at the conclusion of the second session were two Gypsy, seven Trail Maker and Fogot Finder and six Trail Maker. Others worked on beginning skills. "Cabin of the Week" was Nez Perce for the second time, with Vicki Smith, Janet Major, Jennifer Callistine, Sandra Blackwell, Lynda Lent and Kelli Christensen. Dishwashing awards went to Tamara Hamilton, Suzy Shillington and Martha Cronin. A seven-year award was presented to Stephanie Martin and five-year awards to Kim Tregaskis and Kathleen Bondurant.

Canning Caution Stressed

Now that home canning time is here, The Idaho Department of Health is emphasizing the importance of being particularly careful about processing vegetables. Some housewives only "cold pack" and then seal vegetables after they pour on hot liquid, or use only a hot water bath canner. This can be particularly dangerous with such non-acid vegetables as beets, corn and beans.

Canned foods that have been improperly processed are often the cause of the very serious botulism poisoning, which can also result from eating improperly processed meats and fish. Botulism is often fatal, and most frequently results from home canned foods.

Use of a pressure cooker to process non-acid foods is necessary. Housewives can obtain books of canning instructions from the local county agents office or they can be purchased inexpensively in many stores which sell canning supplies. Directions which come with the pressure canning kettle should be followed exactly, and the pressure gauge should be checked for accuracy each year on older pressure cookers.

Botulism cannot always be avoided by discarding spoiled home canned foods. Sometimes such items do not look, smell or taste particularly unusual. The important thing to remember however, is that where the botulism toxin has built up in food, ONE SMALL TASTE can be enough to cause severe illness. That is why it is so important to process home canned foods at high temperatures, at high enough pressure and for a long enough period of time that all the food in the container reaches the proper temperature.

Botulism is the most serious, but not the only danger in improperly processed foods. Bacteria can cause food poisoning too, so it is important that jars be properly sealed using new lids sterilized in boiling water. Jars with nicks in the rim won't seal properly.

In addition to preventing illness, proper canning will save money, and retain more vitamins and minerals for better nutrition for the family.

CONDUCTING A NATURE hike during a recent camping session for the Camp Fire Girls at Camp Tawakani is Milton Barrus from the Rock Creek Rang-

er Station. The final session of the summer camp is now under way. Various awards are presented at the end of each camping session.

HANSEN — Marilyn Mae Walton, daughter of Mr. and Mrs. U. A. Walton, Hansen, became the bride of Bjorn T. Friling, son of Mr. and Mrs. Viggo Friling, Oslo, Norway, in rites at the College of Idaho.

MR. AND MRS. BJORN T. FRILING

The double ring ceremony was performed in a candlelight setting at the Jewett chapel of the College of Idaho, Caldwell, with Rev. Howard Larsen Jr., officiating.

On the altar was a low bouquet of white chrysanthemums and daisies. The candelabra was flanked by two large baskets of white chrysanthemums and pink and blue carnations. Light blue satin bows decorated the baskets.

The gown she wore was a floor-length, white silk crepe featuring a pointed white collar and long full sleeves which the bride designed and made. Her floor-length veil of flowered lace was held in place by a headpiece of white daisies. She carried a cascade bouquet of white gladioli and ivy.

Mrs. Jan Boles, sister of the bride, was matron of honor. Tom Longstreet, Caldwell, served as best man.

Kathy and Lori Ann Walton, nieces of the bride, were candlelighters.

John Hodder, Caldwell, served as usher.

Katrina Goslin was organist. She played Morning from the Peer Gynt Suite by Edward Grieg and the Trumpet Tune by Purcell.

A reception was held in the Pioneer room of Jewett hall. Lynne Dorothy, Twin Falls, registered guests. Karen and Christopher Walton, niece and nephew of the bride, were gift bearers.

The bride's table was covered with a white damask cloth. The three-tiered cake centered the table. The cake was decorated with tiny blue flowers and topped with a bouquet of fresh pink and blue daisies with ivy around the base. Blue tapers in silver candelabra completed the decor.

The serving table held the silver coffee service and crystal punch bowl. A bouquet of pink and blue daisies arranged with tiny candles was banked by the flags of the United States and Norway.

Coffee and punch were poured by Evelyn Safford, Caldwell. Mrs. George Walton and Mrs. Jack Walton, Twin Falls, cut and served the cake.

The bride is a senior at the College of Idaho majoring in Music education. She will complete her practice teaching during the fall term.

The bridegroom, a member of the ski team, is a junior majoring in business.

After the wedding trip to McCall, Mr. and Mrs. Friling are making their home at 1006

Idaho Street in Caldwell where they are both employed for the summer. They will continue their studies at the College of Idaho in the fall.

Special guests were Mrs. Ketchen, dean of women at Finney Hall; Mrs. Dorothy, Fruiland; and Mrs. Howard Larsen Jr. and Eric Larsen, Hansen.

Newlyweds Honored At Richfield Fete

RICHFIELD — Mr. and Mrs. John E. Alexander, recent newlyweds, will be honored at an open house Aug. 29 at the Richfield Methodist Recreation Rooms.

All friends of the Alexanders are invited to attend between the hours of 7 and 10 p.m.

Both Mr. and Mrs. Alexander were recently discharged from Army duty as nurses in the medical corp. They were assigned to 27th Surgical Hospital in Vietnam and while there were given rest leave in

Hawaii where they were married.

The bride is the former Donna Haners, Casey, Ill. Alexander is the son of Mr. and Mrs. Eugene Alexander, Richfield, and served 12 years in the medical corp in the United States, Germany, Korea, Hawaii and Vietnam. He plans to attend Boise College this fall and formerly attended the University of Idaho and a college at Fargo, N.D. Mrs. Alexander plans to continue nursing in Boise.

TWIN FALLS—Members of the Union Pacific Boosters Club will meet at 8 p.m. Thursday at the home of Mrs. Ted Sutterfield, 224 Alexander St. The club favor will be furnished by Mrs. Eugene Sablin and the "thought for the day" will be given by Mrs. H. R. Alred.

The Woman's Christian Temperance Union will meet at Harmon Park at 1 p.m. Friday for its annual Picnic. Mrs. Ethel Day Gooding, is the featured speaker. Those attending are asked to bring a covered dish and their own table service. Officers will be elected. Mrs. Lillian Rayburn, president, will be in charge of the meeting.

S P R I N G D A L E — Descendants of the late Mr. L. Bronson and Lucy Brass Bronson and Clifton Donerall Bronson and Lorvisa Andrewa Bronson will meet Saturday for a family reunion at the Salmon Park, Burley. Each family is asked to bring a picnic lunch and meet at 11 a.m. at shelters four and five.

PAUL — A special program is being planned by the WSCS of the Paul Methodist Church at 2 p.m. Thursday for mothers of pre-school children at the home of Mrs. Martin Meucke.

Sonya Hales Names Date

MALTA — Sonya Gay Hales will become the bride of Cedric N. Taylor in a ceremony planned for Sept. 10 at the Idaho Falls LDS Temple.

They will be honored at a reception the following night at the Raft River High School.

Parents of the bride-elect are Mr. and Mrs. Donald Wylie, Rexburg, and Taylor's parents are Mr. and Mrs. Toll Taylor, Malta.

The bride-elect is a student at Idaho State University, Pocatello, and Taylor is a graduate of ISU Trade School.

Handiwork Display Slated at Fair

FILER — The favorite department for many women at the Twin Falls County Fair is the home arts building where handiwork, sewing, ceramics, hobbies and pictures are on display.

Many women state they return again and again to the building and spend hours looking at the exhibits and getting ideas for things to make in their leisure time this winter. The department during this year's fair Sept. 8-12 promises to be better and larger than ever, with 229 classes in which premiums will be paid. Mrs. Merl Leonard, Filer, and Mrs. W.W. Reed, Buhl, again will serve as superintendents of this department. All articles entered must be the work of the exhibitor and no more than two entries may be made in any one class by an exhibitor. All needlework must be made within the last three years and exhibits must be finished articles.

Premiums will be given for rugs, braided, crocheted, hooked, woven and made by persons over 75 years-of-age. The 12 classes of quilts include applique, pieced, embroidered, textile painted and others. There are 24 classes of afghans, bedspreads and bedlinens of all kinds, and the table linens and furnishings department lists 30 classes of centerpieces and table cloths.

There will be many kinds of tea towels, pillows, home sewing for all members of the family, a special infant section, and a large number of knitted and crocheted articles.

BARE FEET CAN'T KEEP a secret. Shaggy heels and scruffy skin glare neglect. Put feet beautifully on view in today's fashionable cut-out footwear with a few moments of weekly care. Avon's Beauty Editors recommend a mildly abrasive foot care cream for heel bumps and calluses. You will find, too, that grouchy feet will step out in comfort when treated to the refreshing relief of a deodorizing foot spray.

Amateur photographers and artists are welcome to enter exhibits in the picture department which lists 23 classes of painting with all media and five classes of photographs. This classes is limited to amateurs or those who produce for their own pleasure, those who are students, and who have no financial gain from their work.

Entries in the home arts department will close at 6 p.m. Sept. 7 and judging will begin at 10 p.m. Sept. 8. Entries can be made from noon to 5 p.m. Sept. 5 and 6.

Engagements Revealed

Relatives of Pioneers Meet for Family Reunion

DEAR ABBY: I met a fellow rather accidentally on the telephone. We found out we had a lot in common (age and all) and he called me (on purpose) several times after that and we had many long, interesting conversations. Well, he asked if he could take me out for dinner on Sunday night, and I said yes.

He came over at 4 like we planned, and after about 40 minutes of talking he wanted to kiss me.

I said, "No, I want to get to know you better." [After all, Abby, he really was a stranger to me as I had never seen him before.]

He said, "Well, that is how you get to know a person better." I gill said, "No, not yet." So he got mad and walked out the door.

Did I do the right thing in not letting him kiss me? I would still like to get to know him better.

DEAR LOST: From what you tell me about this young man, I'd say you didn't lose much. Yes, you did the right thing. And if he calls you again, and you still want to "know him better" don't forget the "method" he suggested for getting to know you better.

DEAR ABBY: I am 15 years old and I am having trouble with my mother. She won't let me get my ears pierced. I think I am old enough to know my own mind, and I don't see anything wrong with piercing my ears. Lots of the kids do it nowadays. Can you help me? I am a boy.

IRA IN CLEARWATER, FLA.

DEAR IRA: You are still a minor, and as such, your mother is responsible for your actions. Think about it for a few more years. Do you really WANT two more holes in your head?

DEAR ABBY: My sister is intelligent, but she has one big fault. She continually corrects her poor husband every time he opens his mouth. And she doesn't care who is present.

If she could hear a tape recording of an evening of nagging and correcting, maybe she would realize how terrible she sounds.

Needless to say, we don't see them as often as we could even though we live only a few miles away. She often asks me why we don't spend more time with them and I simply cannot bring myself to tell her. She has always been a bossy and opinionated person. How do I get it across to her that nobody enjoys being in the company of a person who is always belittling and correcting her husband? I hate to hurt her feelings.

HER SISTER

DEAR SISTER: If you honestly feel that by telling your sister the truth, she might accept it as constructive criticism and ~~do something about it~~ ^{never mind her "feelings"} You'd be doing her a kindness. But if I read your letter right, I think you're "afraid" of your sister (just as her husband is) and will continue to avoid her—and complain behind her back.

DEAR ABBY: Please pass this message on to your correspondent who so proudly signed herself "CALIFORNIA'S WORST HOUSEKEEPER":

Let's be honest, Abby. You are a dirty, happy, lovable pig—but a pig just the same.

CLEAN, HAPPY AND LOVABLE IN HAWAII.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69706, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Magic Valley Favorites

VALERIE POWERS
Box 165, Route 4, Jerome

APRICOT SHERBERT the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned

- 1 quart sugar
- 1 quart apricots, run through sieve
- 1 quart rich milk (1 cup cream to the rest milk)
- Juice of 4 to 6 lemons
- 2 stiffly beaten egg whites

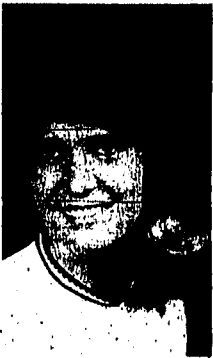

Mix all ingredients together, except whites which should be added last. Freeze until of desired consistency. The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to

Girl Feted

SHOSHONE — Tammy Bergin, daughter of Mr. and Mrs. Francis Bergin, Shoshone, celebrated her birthday anniversary with a cookout at her home. Those attending included schoolmates and neighborhood children. She was 8 years old.

JANICE ALBERTSON

September April Wedding Date Set Planned

BUHL — Mr. and Mrs. Paul Dana announce the engagement and forthcoming marriage of their daughter, Deloris, to Kent E. Womack, son of Mr. and Mrs. Darol Womack, all of Buhl. Miss Dana is a graduate of Buhl high school and Robert Stour College of Beauty, Salt Lake City. She is employed at Barbara's Wig Salon, Twin Falls.

Womack is a graduate of Buhl high school and attended the University of Idaho, Moscow, where he was affiliated with Farm House Fraternity. This fall he will attend Colorado State University where he will be enrolled in the College of Veterinary Medicine and Bio Medical Sciences at Fort Collins.

An early September wedding is planned.

TWIN FALLS — Mr. and Mrs. Nell Olmstead announce the engagement of their daughter, Carolyn, to Steve Peterson, son of Mrs. Maxine Wanzonfried and Leonard Peterson, all Twin Falls.

Miss Olmstead was graduated from Twin Falls High School in 1967 and attended the University of Utah for two years. She presently is a senior at Utah State University, majoring in social work and psychology. She is affiliated with Alpha Chi Omega sorority. Peterson was graduated from Twin Falls High School in 1968 and attended the College of Southern Idaho. Presently he is a senior at Utah State University, majoring in accounting. He served as senior class president at USU and is affiliated with Pi Kappa Alpha fraternity.

An April wedding is planned.

Utah Miss Date Set To Marry T.F. Man

TWIN FALLS — Mr. and Mrs. Earl Clements, Salt Lake City, Utah, announce the engagement and forthcoming marriage of their daughter, Mary, to Stanley Edwin Cook, son of Mr. and Mrs. Ross H. Cook, Twin Falls.

Following a September 10 wedding at the Salt Lake City LDS Temple the couple will be honored at a wedding breakfast at the Lamplighter in Salt Lake City. That evening a reception at the Garden Park Ward will be held. An openhouse, on September 11 will be held in Twin Falls at the Second Ward LDS Church.

The couple will live in Provo, Utah, where they will continue their education at BYU, where Cook is a member of "Young Men." He has fulfilled an LDS mission to Uruguay and presently is employed at the LDS Language Training School.

GOODING — Mr. and Mrs. Arnold Albertson announce the engagement of their daughter, Janice, to Donald Robertson, son of Mrs. Phyllis Robertson, all Gooding.

Miss Albertson was graduated from Gooding High School in 1967 and has attended the University of Idaho and BYU. She is employed in Provo, Utah, at Walker Bank and Trust.

Robertson was graduated from Gooding High School in 1966 and attended the University of Idaho. He recently returned from an LDS mission of the southern states. The couple has set a September 4 wedding date at the Idaho Falls LDS Temple.

Refrigerated When buying butter, always select it from a refrigerated case, read the label on the package and look for the U.S. grade mark.

Past Matrons September Host Supper Date Named

HAGERMAN — The Hagerman Valley Order of Eastern Star Past Matrons hosted a potluck supper at the home of Mr. and Mrs. E.L. Chaplin with their husbands as guests. Other guests were Mr. and Mrs. Newt Crawford.

A short meeting was held after the supper, with Mrs. Claude Allen presiding. Plans were discussed for making favors for the OES Friendship Night set for Nov. 18. A covered dish luncheon will be held at the lodge hall at noon Sept. 10 and members will work on the favors.

Regular OES meetings will begin for the new year Sept. 16.

SPRINGDALE — Mr. and Mrs. Ray Zollinger announce the engagement and forthcoming marriage of their daughter, Dorothy, to Bryon W. Ellsworth, son of Mrs. Reed Ellsworth, Safford, Ariz.

The bride-elect is a graduate of Burley High School and Brigham Young University. She was affiliated with Phi Omega Omicron, served as a LDS missionary in New Zealand, and taught home economics in Oakley High School last year.

Ellsworth is a student at BYU and a member of the ROTC. He has fulfilled an LDS mission to the Northern Mexican Mission. A September wedding is planned.

Loss Noted

TWIN FALLS — "Queen of the Month" for July was Toni Federico with a loss of 8½ pounds, it was announced at the recent meeting of the TOPS Measure-ups.

Last week the net loss was 3¾ pounds. "Queen of the Week" was Agnes Sumner, with an 8½ pound loss.

The regular meeting of the group was held with Zinna Mitchell named "Queen of the Week," with a 2½ pound loss.

Shower Held

FILER — Darlene Kendrick was guest of honor at a bridal shower hosted by Mrs. William Blass, Mrs. Rox Reed and Mrs. William Olson at the Blass home. Mrs. Jack Blakeslee and Mrs. Harvey Maxson received game prizes. Miss Kendrick opened her gifts, assisted by her two sisters, Rhonda Kendrick and Judy Kendrick.

SPRINGDALE — Descendants of the late Mr. and Mrs. N.P. Rasmussen, early pioneers of the Springdale community, met at Neptune Park for their annual family reunion.

The Rasmussens came to Springdale in 1905, years before canals were made to get water on the new project. At that time they were parents of 14 children, eight of whom are still living. Four were in attendance at the reunion. C. Alfred Rasmussen and Frank Rasmussen, both Springdale, Herman Rasmussen and Pete Rasmussen, Twin Falls.

In charge of this year's event were Mr. and Mrs. Tarvel Rasmussen, Mr. and Mrs. Bruce Brower, Mr. and Mrs. Sam Hamilton and Mr. and Mrs. Barry Rodman.

A color scheme of blue and white was carried out by the hostesses, Mrs. Whitley Jones, Twin Falls, and Mrs. Ray Hudson, Buhl, sister and aunt of Mr. Hudson. Mrs. Leonard Crismer recorded the gifts, assisted by Shawna Jones.

Shower Held

BUHL — A pre-nuptial shower honoring Shirley Newberry, Twin Falls, and Jim Hudson, Buhl, was held recently at the fellowship hall of the Buhl Nazarene Church.

Opening lead - ♠K			

Against a 4-2 break in hearts but there was a play that offered a better chance of success.

South should have played his ace of hearts at trick two and continued with the queen. It wouldn't make any difference what West did at this point. Suppose he led a trump. South would win with dummy's king and ruff a heart. Then he would get back to dummy by ruffing his small club with the ace of trumps, lead and ruff a fourth heart. This play would have set up dummy's last heart for a diamond discard and made the finesse unnecessary.

Why was this play better than the one tried by South? Because it would succeed against 3-3 or a 4-2 break in hearts. The play South tried would only succeed if hearts broke 3-3 or if the finesse worked.

(Newspaper Enterprise Assn.)

The race is not always to the strong, nor the battle to the swift but that's the way it bet. The best play does, if you can find the best line of lay every time, you will be winner in the long run.

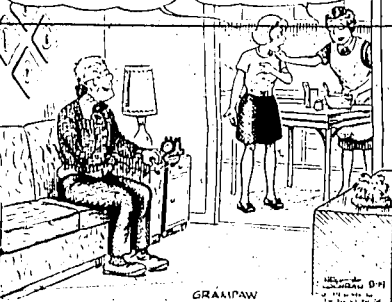

The best line of play is to win-mer. Today, South didn't find it. His play was a lead a trump to dummy's king at trick two and try the art finesse. West took his king and led a second trump. South cashed his ace of spades, entered dummy by ruffing his six of clubs and d a third heart. If hearts had broken 3-3, he would have been able to discard a diamond, but East showed it and eventually South had to try the diamond finesse.

South's play had been a pretty good one. He had to see two finesses and run up

Good Adverse Neutral

PASS IT ON
by L.M. Boyd

CUSTOMER SERVICE - "What's a mouse house?" A. Our Language man says that's the car salesman's jargon for loan company. And the finance commission that the mouse house pays, he says, is the micky... Q. "What's the difference between a catastrophe and a calamity?" A. It's a catastrophe if at least five people die in it. It's a calamity if you personally feel the great loss and lasting distress.

A GROUP OF Tokyo husbands has started a club formally called "The Scared of Our Wives Society"... EXTROVERTS LIKE hotdogs, introverts prefer hamburgers, did you know that?... DOCTORS SAY the collapsed lung is another affliction that commonly crops up among people who take Bennies and dexes... WILL BET YOU a quarter on the corner that Cher Huntley never, but never runs for public office... A FEMININE CLIENT says she knows a Mr. and Mrs. Canna who named their little boy Tin.

CONSIDER THIS - On which day of the week do you get the most work done? My best days are Tuesday and Saturday. Almost invariably. Why is a mystery. At any rate, the question arises because a time-and-motion scholar contends his studies indicate Monday and Thursday are those two days of the week when the majority of men accomplish the most. They do the least, he claims, on Friday.

OPEN QUESTION - Is it true nobody ever blushes in the dark?

DON'T FORGET NOW, those who collect labels off matchboxes are philumenists, those who collect matchbooks are cumypharmists, and those who collect matchboxes are cumypharmists. Got that?... AMONG THE HOUSE RULES of a certain athletic club is one which specifies that no man may bring his mistress unless she is married to another member. Isn't that just terribly sophisticated, Cynthia, you little bunny rabbit you?

IN VENEZUELA the underground cells of Los Castillos Prison fill up with water twice daily. When the tides come in, fill up, but not quite. If a prisoner tall or short stands straight, the water rises to his chest or chin, but never higher. Once the peculiar torture chambers were secret. And political prisoners were locked therein. Can you imagine what went through the minds of those frightened men when first they watched the water rise? No, sir, Edgar Allan Poe did not dream this up. It's true.

RAPID REPLY - That's right, Mrs. G., once an alligator is three years old and three feet long, he doesn't have to be scared of anything except you and me.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 99068 Seattle, Wash. 98199. (c) 1970, McNaught Syndicate, Inc.

THEY KNOCKED OUR BLOCK OFF!

Construction on the downtown improvement project is moving "full speed ahead" — and so are we! You'll find easy access to our alley entrances from parking lots on second avenues north and west! In spite of the jackhammers, bulldozers, graders and cement mixers — we're doing business as usual. These values will make it worth your time and effort to visit us this weekend!

HELD OVER FOR ANOTHER WEEK OF DELIGHTFUL FUN!

Good Time People Love "PAINT YOUR WAGON!"

No message... no moral... Just all-out fun entertainment to keep you smiling for weeks!
