VOL. 67, NO. 140

Local Rate Cut

By RUTH KOONCE MILLER
Times-News Staff Writer
TWIN FALLS — All but one Twin Falls bank lowered prime interest rates by one-half per cent today, following announcements by major urban banks of an interest roll-back. Local banks cut their prime rate from 8 to 7½ per cent.

The single hold-out, the Twin Falls Bank and Trust Co., withheld action.

But bankers making the downward revision cautioned that the immediate effects would be minimal since there are few prime-rate borrowers — usually large corporations — in Magic Valley.

Frank J. Batten of Bank of Idaho in Twin Falls said he doesn't "expect anything meaningful in this area for some time." He said the decision to lower interest rates "ties directly with the increase in money supply in 1970."

Bank of Idaho has dropped its prime interest rate according to an announcement from the Boise office.

Harry Eaton, Twin Falls Bank and Trust board chairman said today his bank has made no revision.

"The Twin Falls Bank and Trust is a country bank and as such does not cater to prime interest borrowers," Eaton said.

Lyle Frazier of Idaho First National in Twin Falls said his institution dropped the prime interest rate.

First Security Bank also cut its rates. Ken Newman of the Twin Falls office said he "understands" we are going along with the present trend. This doesn't make any immediate effect in this area because of the small amount of prime borrowers.

He and other bankers said it may take two to three months for the move to have any effect on interest rates offered to the majority of borrowers in the state.

Newman also said the prime interest rate of 7½ per cent is somewhat misleading because the cost to the borrower is actually higher. Prime borrowers carry a permanent balance, normally of 20 per cent, which makes the actual cost of their borrowed dollars higher than 7½ per cent, he said.

Newman said he feels the move is a reflection of some leveling off of credit factors which hopefully will filter down to the average borrower.

Commercial State Bank also announced from Boise that its prime rate will drop to 7½ per cent, effective immediately.

DR. SIDNEY P. MARLAND JR.

Nixon Names Aide

WASHINGTON (UPI) — President Nixon nominated Dr. Sidney P. Marland Jr., Tuesday to become commissioner of education despite the stiff opposition of the AFL-CIO.

White House Press Secretary Ronald L. Ziegler, asked if labor had withdrawn its objections, replied, "I don't know what Secretary (Elliot L.) Richardson worked out on that score."

Marland, 56, is president of the Institute of Educational Development in New York and formerly was superintendent of schools in Pittsburgh. He was the personal choice of Richardson for the key spot in the department of Health, Education and Welfare (HEW). He must be confirmed by the Senate before taking the \$38,500 post.

Labor's opposition to Marland's appointment resulted from his opposition to collective bargaining for teachers.

Planes Seek Balloonists

NEW YORK (UPI) — Rescue planes flew over 50,000 square miles of chilly North Atlantic early today searching for two men and a woman who disappeared Monday night while trying to reach Europe in a helium-filled balloon.

The rescue teams have seen no evidence of the balloonists, whose last radio message said they were losing altitude in a storm and preparing to land. From dusk Tuesday until dawn today three special airplanes listened with electronic gear for two emergency radio beacons known to have been aboard the 80-foot-tall balloon. The planes heard nothing, a spokesman said at the Coast Guard Search and Rescue Center here.

Hansen Mayor Named

HANSEN — Allen Bourn, councilman, was appointed mayor of Hansen at a special City Council meeting Tuesday night. He replaces the late Vergil Ball.

Harold Miller Jr. was named to fill Bourn's place on the council until the next city election in November, 1971.

Ralph Simmons and Earl Tridle, members of the Hansen Water and Sewer Improvement Association, met with the board to discuss using funds left from the sewer construction for installation of pump facilities.

City officials will check with FHA representatives for approval of this use of the money, amounting to \$2,654.00.

In other action Tuesday night, councilmen decided that all water users in the city must pay \$3 monthly fees. It was noted that there are several instances where residents of two adjacent houses are paying only one water fee.

Cost Rise Slows

WASHINGTON (UPI) — The cost of living of Americans rose less in August than in any month since December, 1968, providing the strongest evidence yet that the worst inflation in 20 years is being contained, the government reported today.

The Bureau of Labor Statistics (BLS) said the consumer price index increased 0.2 per cent last month, half the advance recorded in May, June and July and one third the April increase.

Nixon administration economists hailed the report as evidence that the government's economic policies were succeeding in the battle against the steepest price rises since the Korean War.

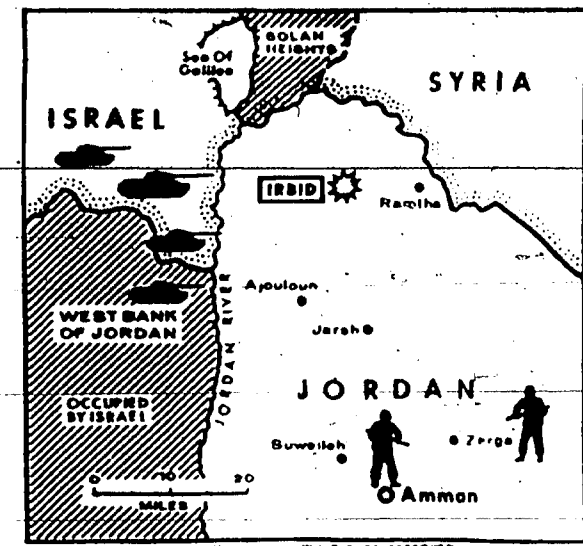

Over-all prices were still rising, but at a slower rate. The government's consumer price index advanced in August to 136.0 per cent of the 1957-59 base period. That meant it cost \$13.60 for goods and services that could have been obtained for \$13.57 in July and \$10 a little more than a decade ago.

The seasonally adjusted price rise in August also was 0.2 per cent; the seasonally adjusted increase in both June and July was 0.3 per cent.

Peace Declared

GFS OF THE 82nd Airborne Division at Ft. Bragg, N. C., secure the rigging of a jeep in preparation for a possible mission to Jordan. The preparations were made prior to the end of the fighting in Jordan after guerrilla forces were defeated. (UPI)

MAP INDICATES approximate area where Israeli tank movements were reported along the Jordanian border prior to the declaration of peace by King Hussein after Jordanian guerrillas were defeated. There were also reports from Israeli sources that Iraqi columns were moving toward the town of Irbid, held by Syrian forces. (UPI)

Supreme Court Sits in T.F.

TWIN FALLS — Arguments in two of the six cases to be heard here by the Idaho Supreme Court were completed Tuesday. The five justices will continue the Twin Falls session through Thursday.

First case Tuesday was one appealed from the Industrial Accident Board of Idaho involving Bill Wilson versus Carl Gilb and the Argonaut Insurance Co. Wilson injured his back Sept. 11, 1968 while working for Gilb. His claim for compensation was denied by the Industrial Accident Board. He argued it is not necessary for an employe to experience sudden and violent injury to become eligible for compensation.

Also heard were arguments in the divorce case of Janet C. Chugg vs. Raymond J. Chugg, Jerome. The appeal is on a Fifth District Court award of \$450 per month alimony to Mrs. Chugg. All cases heard here will be taken under advisement by the justices with decisions rendered at a later date.

Scheduled for Wednesday is an appeal of the Western Farm Bureau Life Insurance Co., for payment of insurance in the amount of \$50,000 to Adella Toeva, Heyburn, in the death of

her husband. Fifth District Court with James M. Cunningham sitting as judge, awarded the claim to the widow.

Also on the agenda for Wednesday is the case of Joe Taylor versus Max Herbold, a Minidoka County case also heard before Judge Cunningham. Herbold has appealed a verdict denying him a new trial.

TWIN FALLS — Farmers in south central Idaho and possibly other areas served by the Ogden service center of the Internal Revenue Service apparently have been victimized by the computer.

A certified public accountant from Twin Falls brought the matter to light when a number of his former clients complained of notices they received claiming the farmers owed penalties for underestimating their 1969 income tax.

By United Press International
King Hussein said today the Jordanian government and Palestinian guerrillas had agreed to end their civil war after a decisive tank battle in which invading Syrian forces were driven back into Syria.

Hussein made the announcement in a joint statement with Sudanese Premier Gaafar El-Numery, one of a four-man mediating team sent to Amman by an Arab summit meeting in Cairo.

Shortly before the announcement over Amman radio, Marshal Habes Al-Majali, the Jordanian Chief of Staff, said his forces had beaten back the Syrian invading forces from Jordanian territory into Syria. Hussein's announcement came after seven days of civil war which may have killed as many as 15,000 persons and brought United States and Israel close to intervention.

In a seven-minute radio broadcast, Hussein said, "The agreement has received the blessing and approval of all."

The current Middle East crisis began with the hijacking of western planes to the Jordanian desert by Palestinian guerrillas two weeks ago and flared into civil war Thursday Sept. 17 when Hussein proclaimed a military government in Jordan.

The Syrian invasion starting last weekend worsened the situation but the United States and Britain asked Russia to appeal to the Syrian regime to withdraw its forces from Jordan before the Mideast exploded.

Early today King Hussein, after consultations with the Cairo mediators, issued a four-point plan for ending the war. And as a conciliatory gesture he freed four guerrilla leaders captured by his men in fighting which devastated Amman and left thousands homeless and starving.

Leaders of ten Arab nations gathered in Cairo for a summit conference Tuesday. They held a series of informal meetings while their peace mission negotiated in Amman with Hussein and the guerrilla leaders.

The mediators were led by Numery and included Premier Bahi Ladgham of Tunisia, Defense Minister Sheikh Sadd Alabdulla Assabah of Kuwait and the Egyptian chief of staff, Lt. Gen. Mohammed Sadek.

Majali's statement of the Syrian army defeat followed an earlier statement by King Hussein that his army and air force had bloodied the nose of the invaders. Early today the Jordanians and Syrians fought what appeared to be the decisive tank battle.

Israel sources had reported earlier the Middle East situation was easing and there were indications the Syrians might be preparing to withdraw.

The Syrians were hit by the Jordanian army and air force but they also were under pressure from the Soviet Union to withdraw to their borders. The United States and Britain had asked the Kremlin to try to bring about a withdrawal.

Majali's statement, broadcast

Civil War Ends As Guerrilla Force Collapses

By Amman radio, said:

"Our armored forces have launched large scale military operations in which the armored, artillery and engineering corps acted in close cooperation, with the support of the Jordanian Royal Air Force.

"Those operations were in Irbid and Ramtha in the northern sector against the invading Syrian troops which occupied that sector.

"Since early today, our forces have launched fierce counterattacks and pursued the Syrians until they began to retreat in disorder and confusion.

"At 2:15 p.m. (8:15 a.m. EDT) the invaders completely withdrew across the Syrian-Jordanian border into Syrian territory in the direction of Deraa."

The announcement said "they suffered heavy losses in vehicles and equipment."

"The planning of the Syrian rulers and their aides was a complete failure," Majali said. "Their treacherous conspiracy was defeated and they have been disgraced and caused large losses to the brotherly Syrian Army for which they will be responsible before God.

'Amman Commits Suicide'

UPI correspondent Wilborn R. Hampton in Amman covering the airline hijacking when the Jordanian civil war started a week ago. He has been in the Inter-Continental hotel since then, but today was flown with some other journalists to Beirut by the Red Cross. He brought this story with him.

By WILBORN R. HAMPTON AMMAN (UPI)—Amman is committing suicide.

For a week this city of 600,000 has been a battle-ground and my foxhole has been the Inter-Continental hotel.

I stick my head out and see no window glass unbroken, no wall unpocked by bullet holes. The streets of Amman are paved by rubble, spent shells and the dead.

There is a break in the army-imposed curfew as I write and to the hotel come men, women and children in search of food and water. With them come the

tales of civil war. Some Ammanites tell me of soldiers smashing into houses and breaking the fingers of all the men and boys in those houses in which they find spent cartridges, their evidence of guerrilla activity.

They tell me of street corner executions.

I myself can see some of the dead. No one seems able to even guess the full toll. And the war of Amman is not over.

In the streets I see automobiles crunched into boxes by the army tanks. I hear the cries of the wounded lying helpless.

I see Bedouin army troops rounding up Palestinian boys as guerrilla suspects.

I see trees felled and high tension lines laying like netting across the streets.

At one corner, at an intersection of modern buildings turned to rubble, I see two burned out armored cars—testament to the guerrillas' continuing fight.

U.S. Hostages Captives in North

By United Press International
Fifty-four hijack hostages, including 38 Americans, are now being held in the "liberated zone" of northern Jordan, Palestine guerrilla sources said today.

The hostages had been reported captives in secret hideaways in and around the Jordanian capital of Amman. King Hussein said a house-to-house search of Amman and the Wabdat refugee camp had failed to turn up any trace of the hostages.

Guerrilla sources said only that the 54 persons, including some women, had been moved

to "the liberated zone"—that part of northern Jordan which the guerrillas claim to control. The largest city in the area is Irbid.

The sources said all of the hostages were believed to be safe but he gave no guarantees.

The hostages were taken from three jetliners which were hijacked earlier this month by extremist guerrillas of the Popular Front for the Liberation of Palestine. The planes were subsequently blown up after the passengers and crew were allowed to get out. All but 54 were permitted to leave Jordan.

IRS Wrong on Farm Tax

By BONNIE BAIRD JONES
Times-News Staff Writer

TWIN FALLS — Farmers in south central Idaho and possibly other areas served by the Ogden service center of the Internal Revenue Service apparently have been victimized by the computer.

A certified public accountant from Twin Falls brought the matter to light when a number of his former clients complained of notices they received claiming the farmers owed penalties for underestimating their 1969 income tax.

The accountant brought the matter to the attention of the internal revenue service and according to Del Barry of the district office, Boise, an investigation is being made.

He said some word on whether or not the computer goofed should be available within the day.

Edwin Stone, district representative of the Twin Falls Internal Revenue Service, office, said it appears there could have been an error, not actually the fault of the computer but of the individual who gave the

computer its information.

Stone said if a bit of incorrect information was given the machine, it would automatically send out such notices to all individuals in a certain category, which may have been the case here.

He said a number of calls were received at his office but as of Wednesday morning no official word on the matter had been received from the Ogden IRS office.

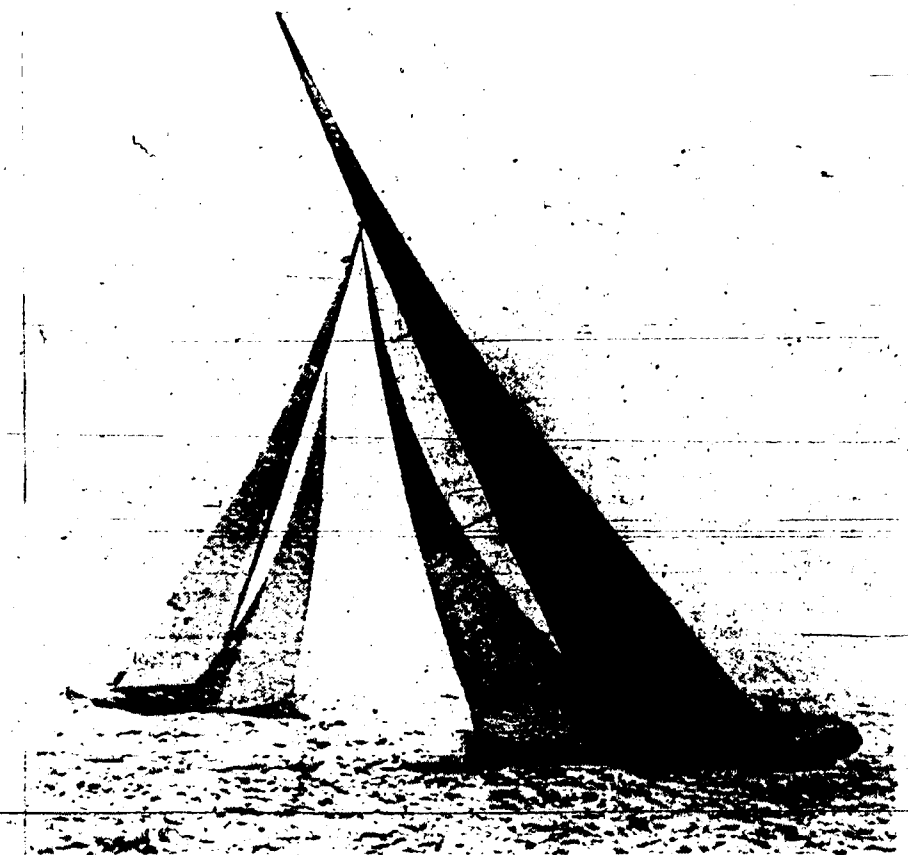

The accountant said the farmers contacting him received the notices about

Form 4177 dated Sept. 18.

He said some who may receive penalty notices involving small amounts will simply pay them without bothering to check them out.

The local CPA suggested farmers wait until a ruling or clarification is made and then check to see if they are covered by it before making payment.

Local IRS officials, as well as those in Boise said farmers and others will be told what recourse they may take when an official IRS notice is received.

Heat Wave Sparks Power Fadeout

By United Press International
 Much of the eastern seaboard was plagued by power shortage for the second consecutive day today when a utility company serving five "middle Atlantic states dropped voltage 5 per cent.

Maryland, Delaware, Virginia and the District of Columbia, was announced by the Pennsylvania-Maryland power-Interconnection at 8:06 a.m., hours before peak load periods when temperatures are expected to reach into the mid-90's.

The weather forecasts are for continued unseasonable high temperatures and high humidity through the weekend. The forecasts forced utilities to urge customers to conserve electricity in hopes of preventing a recurrence of Tuesday's brownouts that affected hundreds of thousands of persons.

In the worst power ebb since the Northeast blackout of 1965, some of the affected block of states borrowed power from each other and from sources as far west as Illinois where Commonwealth Edison Co. of Chicago said it expected to pump 1.2 million kilowatts into East Coast circuits before the day ended.

Ninety-degree temperatures and high humidity were the rule and the Weather Bureau was predicting more of the same for Wednesday, which would prolong the crisis in New York, New Jersey, Pennsylvania, Ohio, Maryland, Delaware, Virginia, the Carolinas and the District of Columbia.

Theater Owner Facing Trial

JEROME — DeWayne Foust, operator of the Frontier Theater in Jerome, Tuesday was bound over to district court by Jerome County Probate Judge Russell Shaud to stand trial on charges brought by the Idaho Department of Labor.

S. A. Kolman, prosecuting attorney, said the charges include disseminating material harmful to minors as well as employing girls under 18 years

of age. No trial date has been set on another complaint, filed last week by the department of labor, charging Foust with failure to carry workmen's compensation.

The theater manager previously was bound over to district court on a charge of disseminating material harmful to minors, on a charge brought by a local woman, Mrs. Nancy Thomas. Foust is free on \$300 bail required on the complaint signed by Mrs. Thomason. Kolman said no bond is required on the charges brought by the state.

Remodel Project Planned

TWIN FALLS — Remodeling will begin Sept. 30 in the children's room of the Twin Falls Public Library, Robert Bruce, Twin Falls librarian, has announced.

The work will necessitate closing this part of the library from Wednesday, Sept. 30 through Saturday Oct. 3. Plans are to reopen the children's department Oct. 5, Bruce said.

The remainder of the library will be open as usual from 9 a.m. to 9 p.m. week days and 9 a.m. to 6 p.m. Saturday.

Bridge Club's Winners Named

TWIN FALLS — The Twin Falls Duplicate Bridge Club met Monday evening at the Episcopal auditorium.

Winners were Mrs. A. P. Russell and Mrs. E. H. Atkins, first; Mrs. J.S. Feldhusen and Mrs. A.V. Williams, second; Mrs. Lucille Kelly and Mrs. A.J. Lindemer, third; Mrs. J. Levander and Mrs. H.E. Burgess, fourth, and Mrs. M.D. Hartnuff and Mrs. W.J. King, fifth.

The next meeting will be Monday at 8 p.m.

Man Found Guilty In Assault Trial

TWIN FALLS — A verdict of guilty was pronounced Tuesday afternoon against a man accused of assaulting a Twin Falls Police officer June 24.

Fifth District Judge Theron Ward ruled Robert Kay Bruce Docken, 36, Twin Falls, guilty of resisting an officer by force, an indictable misdemeanor. A presentence investigation was ordered by Judge Ward.

Docken's arrest came after he struck Officer Frank Lara in the face while Lara and Officer John Wellard were attempting to remove handcuffs from Docken, originally taken into custody for destruction of private property at Red's Trading Post and assault on employees there.

Defense counsel Rudolph D. Barchas argued Tuesday that

Panicked Chickens Smothered

BURLEY — Damage from loss of 1,096 chickens which died last week at a farm southwest of Burley was assessed today at \$800 by John Bertie of Bertie's Poultry Farm, owner of the chickens.

Bertie said the carcasses were disposed of by a hide and tallow company. The chickens smothered last Thursday at the Egan chicken farm when intruders entered the chicken house.

Arthur Wilson, caretaker, told Cassia County Sheriff Ray Mitchell that the birds apparently panicked when they heard the chicken-house door being pried open. They flew into a heap and smothered.

The chickens weighed about 3½ pounds each and were due to be shipped out this week.

For Sake Of Art

Although the Twin Falls County Fair for this year is now a matter of history, the rumblings from the art barn are still to be heard.

By a new system adopted this year people who viewed the various paintings on exhibit were allowed to vote for the ones most pleasing to them.

That's where the rub came in. We are told that some of the artists thought they were short changed when the views of the public and the views of the artists as to what constituted an artistic result didn't jibe.

Some of the artists openly expressed dissatisfaction with the method so next year it is planned to have a team of artists judge the works while at the same time the public will be permitted to vote.

It might come as a shock to some

artists but what the general public likes and what is "arty" are sometimes miles apart. We'll bet that next year the selections made by the voting public and the judging artists will not match.

Why? Because people like a painting because they like it, not because the stroke is made just so, the color is just so or the scene looks like someone else thinks it ought to look.

Technique means little to the average viewer of art. They like something because it is pleasing to them or because it strikes their fancy.

We go along with the selections made by the public this year. We are certain that many artists will think the way we do. It's more flattering to have several hundred people say your efforts are best than to have the same thing said by a committee of five.

And flattery is what a contest is all about!

Aid And Quotas

President Nixon's move toward "a freshly conceived International Security Assistance Program" is urgently needed to produce results more in keeping with the goals the nation sought when it first embarked upon foreign aid.

The purpose, "to help other countries assume the responsibility of their own defense," is laudable, pragmatic and necessary. It is virtually impossible to help anyone or any nation unwilling or indifferent to helping themselves.

When the Marshall Plan was adopted in the wake of World War II, it was a tremendous success, particularly in West Germany and Japan, where the will and the ability to make the most of the help given were combined. As a result, our defeated enemies now rank as major powers and as our allies.

At a time when there is a growing mood of protectionism in this country, the President proposed tariff preferences for exports from lower-income countries, including elimination of duties on a wide range of their manufactured products.

This policy might have an offsetting effect on the quota limitations now pending. This Congress apparently is willing to respond to pleas for tariff walls and

to go beyond the wishes of the President, as the Congress did when it passed the disastrous Smoot-Hawley tariff act during Hoover's presidency.

The pending bill provides textile quotas, as requested by President Nixon following the breakdown in efforts to obtain voluntary restrictions from Japan, but it also goes beyond the President's request by adding quotas on shoes and oil.

Many economists are vehemently opposed to the measure, which reverses our long-standing free trade policies and which they fear may bring about a trade war.

Two major factors in the rising pressure for protectionisms have been our own inflation and the leaping costs of labor. Discriminatory practices on the part of some of our customers and competitors, notably Japan, have added fuel to the fire.

There is some leverage available to us, short of quota limits, in seeking elimination of discrimination against American goods.

The goal should be to expand world trade, as well as to give aid to our own injured industries.

MR. SPECTATOR

Are The Gals Pests?

Mr. Spectator says this with his tongue in his cheek, but regardless of what the Women's Liberation Movement may have to say about it, there is one instance where discrimination against the female of the species is justified.

This is the case of the Boxelder Bug, a nuisance pest found in many parts of this old country of ours including our own Magic Valley area. This pest feeds on the female Boxelder tree and leaves the male alone. Frankly, Mr. Spectator never stopped to think that there were even boy and girl trees. But that's what the experts say.

Some towns, believe it or not, have even passed laws making it unlawful to plant female Boxelder trees. If they are growing then they are removed at public expense. In the warmer months the pests are outside. In the winter months they can move indoors and make a mess of curtains, furniture, books and clothing.

And if you have an idea to step on one, think twice! It gives off a very strong, foul odor.

Looking for one? Well they are about half an inch long and are red and black. They hibernate in the winter.

Actually, chemical weapons can keep the bugs under control but we thought that it might get you all

shook up if you thought that all the lady trees were going to be killed.

As for Mr. Spectator, he just sits and wonders. He doesn't know, as he said, a boy Boxelder from a girl Boxelder. He has seen the bugs on the landing at the apartment building where he lives. That's about as far as he can go. So far none have been found inside the house although he has taken a couple off his neck.

Say, do you suppose the bugs think Mr. Spectator is a female Boxelder tree?

POOL TABLE NEEDED

Information comes our way that the Twin Falls YMCA is in desperate need of a pool table.

Here is a chance to make yourself famous. If you are in business or are a professional man you can donate it and get credit on your income tax. If you have a lot of money you can donate it regardless.

So the opportunity is here. Call Mr. Spectator if you can get the job done for the YMCA.

To make it real interesting, Mr. Spectator will donate a brass plaque to be put on the table saying it was a donation from you for the cause. So let's hear from you. How can you lose?

WASHINGTON — It was only a two-sentence line in the paper, but it awakened the Pollyanna in me. The item stated simply that Soviet Premier Alexei Kosygin had become a devotee of the American hamburger.

Without suggesting that Alex's capitulation to this alimentary luxury of capitalist jackals presages an end to all that foolishness in the Middle East, I yet regard it as an international ray of light. That is to say, a politician — even of the Russian persuasion — who eats hamburgers can't be all bad.

For indisputably the hamburger Americanus is one of the noblest gastronomic creations conceived by the mind of man. Prepared properly, it could become a kind of global palliative. Wolfing a hamburger, the Briton performs best think more kindly of the Fourth of July, and the Russian toy with the thought of tearing down the Berlin Wall. It is permissible to hope that while enjoying this gargantuan snack Kosygin would arrest his finger enroute to the nuclear button.

But there is a hitch. Is Alex being treated to the genuine article or to the corrosively noxious imitation foisted on their patrons by so many American hash houses? Only World War III could result if the Kremlin's hamburger heaven should one day assault the premier with one of those paper-thin wafers of old socks and sawdust served in some clip joints over here.

Indeed, even Englishmen, accustomed to English cooking, have their limits, and should be steered clear of our more toxic ptomaine palaces. They've got

the Big Bomb, too. But if Kosygin has been introduced to the McCoy, perhaps we can stop worrying about those Russian missiles. For the genuine hamburger is a concoction calculated to wring poetry from the stoniest heart, a Falstaffian dish that dissolves grief and sets man to pondering upon his greatness. Fortified with the real thing, Kosygin might be persuaded to trade us Duba for Joe Namath and a high draft choice.

It is to be hoped that the Kremlin's hamburger chef first takes about a quarter of a pound of ground chuck steak and molds it gently into a patty. He then should deposit it on a lightly greased grill. After about four minutes, he should turn it with a spatula and generously salt and pepper the cooked side. Another three minutes — no more — and the hamburger should be rescued from the grill, done to perfection.

Here a note of stern caution must be directed at the weaklings, to wit, that over-

cooking will ruin this masterpiece. One may as well gnaw on a Siberian peasant's boot as eat a well-done hamburger. Once deposited on a roll, there are differences of opinion as to what accessories should adorn this culinary Taj Mahal. A slice of raw onion is favored by the lustier appetites, or a handful of delicately sauteed, chopped green peppers. A large tomato slice is a splendid touch, and the purist will not demur if offered a pickle.

"Chill sauce or catsup?" Kosygin might ask, and my answer would be neither. However, I admit to personal prejudice. Some folks like a dab of mustard, which is also permissible, but hardly chic. A slab of cheese is for the arriviste; there is an ugly rumor the cheeseburger is the child of the dairy lobby.

But the hamburger is the thing, and if cooked with care not even catsup's vermilion can spoil it. Open the mouth wide, Alex, and fall to. You'll discover that Americans have, too, made a contribution to world culture.

Here a note of stern caution must be directed at the weaklings, to wit, that over-

PAUL HARVEY

Mad Bombers

One mad bomber in New York City captured headlines nationwide for weeks — 10 years ago.

Now our home front is being shaken by homemade bombs, nine a day!

Who are these bombers? Sen. John McClellan (D-Ark.) is a bulldog. No disrespect meant. Some members of Congress are terriers; they bark a lot.

McClellan bites. Right now he has his teeth in the trousers of the guerrilla warriors who are seeking to disrupt and planning to destroy our nation.

During last year's 12 months across our nation there were 2,500 bombings.

There were than many THE FIRST HALF of this year.

Five-thousand bombings in 18 months; that's nine a day.

That is no handful of crackpot noisemakers who want personal notoriety!

This epidemic involves 1,000 high explosives and 4,000 incendiary devices of increasingly sophisticated construction.

In 18 months they've killed 40 people, injured 300 and destroyed property worth \$23 million.

Some bombings have been traced to labor racketeers, some to racists, black and white, some to anti-Semites — but most fit a pattern of guerrilla warfare designed to disrupt.

What the McClellan Committee is seeking to establish is the degree of complicity and coordination and who's calling the shots.

FBI Director J. Edgar Hoover has identified the Black Panthers as the most vicious of our internal enemies, has said that their supporters include American names of prestige and prominence.

Some of us are inclined, too readily and too casually, to blame all mischief on an international Communist conspiracy. We might be about to learn that we have other subversives within our gates who are altogether as formidable.

In Puerto Rico, for example, \$25 million worth of American businesses have been fire bombed in the past three years.

In Puerto Rico, which recently talked of becoming our 51st state, now two clandestine groups appear determined to throw us altogether off the island.

One is the Armed Commandos for Liberation. The other is the Armed Revolutionary Independence Movement. Neither is above accepting aid from Castro but either would continue agitating without it.

Wherever in the world there is ferment there are Communists fanning the flames. But the danger of blaming all sabotage on them is that we, eyes left, might get snuck up on from a different direction.

Yesterday in the same way that yesterday's antigun crusaders now are getting bombed.

ART BUCHWALD

Divorce Plan

MARTHA'S VINEYARD, Mass. — The British are now considering a plan to provide women with divorce insurance.

The idea is that since marriage is getting more hazardous all the time, women should be protected in case their husbands can't support them and the children after the marriage is dissolved.

If the plan is adopted and is successful, there is no reason why divorce insurance in the United States would not become a big thing.

This is how it might work. An insurance agent for the Niagara Falls Marriage Casualty and Life Insurance Co. would scan the engagement notices of his local newspaper. Then he would select a likely prospect, perhaps Miss Mary Philpott of Roxbury, Conn., who has just announced her engagement to Mr. Seymour Rocks of Philadelphia.

The agent would call on Miss Philpott with a bouquet of red roses.

"Miss Philpott, I read in the newspaper this morning that you are going to marry Mr. Seymour Rocks, and I wish to offer my heartiest congratulations."

"Oh, thank you. I'm so happy, I'm flying. Who did you say you were?"

"Nate Bienstock of the Niagara Falls Marriage Casualty and Life Insurance Co.," he says, handing her his card.

Miss Philpott says, "Thank you very much, but I don't need any life insurance."

"I'm not selling life insurance, Miss Philpott. I'm selling divorce insurance."

"You've come to the wrong person," Miss Philpott giggles. "Seymour and I will be married forever."

"Forever? Are you so certain?"

madly in love, hopelessly, enduringly, forgettably."

"Miss Philpott, for your sake I truly and sincerely hope that everything you say is true. But our statistics, kept up to date by our own computers, show that your marriage has one chance in three of being dissolved in the next seven years."

"Not my marriage, Mr. Bienstock. Not with a wonderful man like Seymour."

"But you're only seeing the good side of Seymour now. Wait until you're married. Miss Philpott, in every Seymour Rocks, there's a Joe Namath screaming to get out; a Seymour who will spend his evenings with the boys, a Seymour who will sit every weekend watching football on television, a Seymour longing and yearning for his carefree bachelor days. This divorce insurance policy was written for that Seymour, not the one who put a diamond ring on your finger."

Miss Philpott is almost in tears.

"Seymour is forever," she cries.

"That's what Liz Taylor said about Eddie Fisher, Miss Philpott, that's what Zsa Zsa Gabor said about Conrad Hilton, and that's what Jean Peters said about Howard Hughes."

"But how can I buy divorce insurance before I'm even married?" Miss Philpott asks.

"That is what your Niagara Falls Casualty agent is here for. To help you plan ahead. Now, we have some very good all-inclusive policies, including one in case you break up in a foreign country."

"How much divorce insurance should I get?" Miss Philpott asks, sobbing.

"Well, from what you've told me about Seymour being such a swifter and scoundrel, I'd advise you to take the maximum."

GEORGE C. THOSTESON, M.D.

Fat Pads

Dear Dr. Thosteson: I read an article that hypothyroid sufferers develop fat pads at nape of the neck, which I have. Would you explain what hypothyroid is? Can it be treated by special diet and vitamins? — Mrs. J. T.

Don't jump to the conclusion that such fat pads (also sometimes called a "buffalo hump") are a diagnostic sign indicating thyroid trouble. Such patients might have some fat pads; again, they might not.

"Hypothyroid" means deficiency of thyroid hormone — the thyroid gland isn't producing as much of the hormone as it should.

The hypothyroid person quite often is obese. There are several places where excess fat tends to accumulate. The back of the base of the neck is one such place, perhaps not as usual as others, like the abdomen, hips, etc. It's just a place where, regardless of the thyroid, fat can pile up. It could also be a lipoma, or fatty tumor.

The truly hypothyroid patient will have a variety of symptoms which are far more accurate from a diagnostic standpoint: they tend to be sluggish both physically and mentally; the skin is dry, the face puffy, and the hair and eyebrows thin.

Of course, other factors can cause such symptoms. So if you have any real question as to whether your thyroid gland is working properly, your doctor can use any of the several laboratory tests which will give definite answers.

Treatment is not by diet and vitamins. Rather, one of the thyroid preparations is given by mouth — either extract of thyroid gland or one of the synthetics.

If you have none of the other signs of low thyroid and are concerned only with the "buffalo hump," losing some weight probably will help to some extent. Or, on the chance that it is a lipoma, or benign fatty tumor, it can be removed if the situation warrants it.

Dear Dr. Thosteson: Is it wise for a mother to allow a four- or five-year-old to see her in the nude or take baths with her? Will it be helpful or harmful? — A Grandma.

I don't see anything to be gained by such deliberate exposure. With modern fashions, sportswear, etc., children get a pretty fair general notion of anatomy anyway.

Therefore I feel that there's no point in deliberate exposure in the home, although no doubt the nudists will disagree with me.

If the youngster just happens to pop into the bedroom or bathroom unexpectedly, don't make a big thing of it. Treat it casually. As to the communal baths, no.

Dear Dr. Thosteson: What causes gastritis and is there medication that can be taken for it? — C. R.

Gastritis, or inflammation of the stomach, more often is helped by what you don't take instead of what you do take.

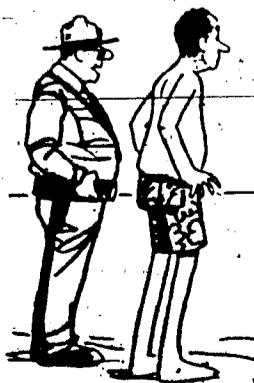

Sometimes it is traceable to an allergy to some food or other. Sometimes too much alcohol and highly seasoned foods cause it. Sometimes sheer overeating causes it. Again, an ulcer may be the real root of the trouble.

Therefore careful medical examination, plus inquiry into the patient's eating and drinking habits is often necessary to find out what type of gastritis it is.

Obviously you can't suggest suitable medication or other treatment until that has been done.

You can lose weight if you really want to! Dr. Thosteson's booklet, "Lost Secrets of Reducing," tells you how — naturally and without gimmicks — to the level that best suits your individual needs. For a copy, write to Dr. Thosteson, care of this newspaper, enclosing 35 cents in coin and a long, self-addressed, stamped envelope.

Gem Jobs Rise

BOISE (UPI) — More persons were employed for wages or salary in Idaho last month than at any time in the 20 years labor force records have been kept, the Department of Employment said Tuesday.

In its September bulletin, the department said the non-agricultural wage and salary employment increase from August of 1960 was 29.5 per cent.

"A decrease in agricultural employment kept this record non-agricultural wage and salary figure from becoming an all time high for total employment," the department said.

"Most weeding activity in row crops was completed in July or around the first of August, reducing the need for as much agricultural help as was needed last year."

Because of the decrease in agricultural employment, the report said, total employment actually fell slightly below the year ago figure for the second time since March of 1964.

Lake Will Die

Idaho Biologist Writes Off Section of Lake Coeur d'Alene

COEUR D'ALENE (UPI) — Lake Chatcolet, the shallow body of water at the south end of Lake Coeur d'Alene, will become a victim of the war between man and nature, and will probably die within the next 100 years, a State Health Department official said Tuesday.

Dr. Lee Stokes, chief aquatic biologist for the water pollution control section, made the prediction to members of the Idaho Board of Health and Water Pollution Control Advisory Council at a meeting here Tuesday.

"Even without any help from

man," he said, "I'm afraid the lake is a loss."

Stokes made the comments after research into the chemical and biological characteristics of the lake earlier this year.

Asked if the bog predicted in the water pollution survey would affect Lake Coeur d'Alene, Stokes said, "Really, it's all part of the same lake. Yes, what's going on in Chatcolet is going to affect Lake Coeur d'Alene."

Stokes recommended that the lake be dammed off where the St. Joe River runs into the south end of Lake Coeur d'Alene, with a channel for the river to pass its water through to the main lake.

"It will never be a pure and pristine lake," he said. "Any lake that is that shallow can't survive long. Within 100 years it will essentially be a bog."

Coeur d'Alene Lake is not rated as pure either, although full reports on the biological conditions of the lake were not available at the morning meeting.

Stokes said a study of the microinvertebrate community of the lake revealed some very serious conditions, especially in the lower portions of the Coeur d'Alene River and its mouth in the east end of the lake.

Stokes told the board time did not permit continued study of American Falls Reservoir this summer.

However, he said, the network samples show that a high concentration of orthophosphates are still reaching the reservoir, through the Portneuf River.

"While significant nutrients may be currently available from other sources to support nuisance algae blooms," Stokes said, "It is recommended that

action be taken to eliminate the primary sources of phosphates — the effluent from the J.R. Simplot Fertilizer Plant."

The biologist said the concentration of phosphate in the samples averages about 10 parts per million.

Reduction of phosphate from this source, he said, along with construction of secondary treatment plants for municipalities and industries on the Snake and Portneuf rivers may allow the reservoir to assimilate the remainder of the waste without destroying the fishery.

"Although elimination of the phosphates from the Simplot effluent will not preclude algae blooms in American Falls Reservoir, it will enhance water quality far downstream," Stokes said.

The state board of health meeting continues through Friday.

Has More Arms

The common starfish has only five arms, but the sunstar has as many as 14. Both are capable of growing new arms if they are broken off.

U of I Teachers Honored

MOSCOW (UPI)—The University of Idaho announced Tuesday it has learned that nine of its educators are among 5,000 men and women selected to appear in the 1970 edition of "Outstanding Educators of America."

The educators are chosen for exceptional service, achievements and leadership in education.

The University of Idaho contingent includes Dr. Donald E. Rathbone, professor of electrical engineering; Dr. Arthur Partridge, professor of forestry; Dr. Terry Armstrong, assistant professor of education; Dr. G.L. Corey, professor of agricultural engineering; Dr. A.E. Slinkard, associate professor of agronomy; Dr. Lee Sharp, professor of range management; Dr. Robert L. Schuster, professor of civil engineering; Robert W. Clark, associate professor of accounting; and Fredrick Johnson, associate professor of forestry.

Lost Capital Twice

The United States lost its capital city twice. Philadelphia, the capital during the Revolution, was occupied by Gen. Howe, 1777-1778; in the War of 1812, Washington was taken by the British.

Rides Offered To Forum Here

FOOTBALL STARS OF 1980? These Washington grade school youngsters are warming up for the National Football League's Punt, Pass and Kick competition to be held

locally Sept. 29. From left are Mike Donnelly, Thomas Mingo and Scott Bradley. Scott was one of the local winners last year who competed in Boise in zone competition.

Football Skills Test Scheduled Sept. 29

TWIN FALLS—Football has been sailing around grade school playgrounds in unusually large numbers this week because it's Punt, Pass and Kick time again.

The annual contest sponsored by the Ford dealers throughout the nation and under auspices of the National Football League, will be held Sept. 29 in Twin Falls at the Bruin Football Field at the high school from 7 to 9 p.m.

Competition is open to all boys from 8 to 13 years of age. Those who would become 14 years of age on or before Jan. 24, 1971 will not be eligible for this year's events.

City Recreation Director Chad Browning is currently working with the grade schools to provide information to local contestants. He said entry blanks, if not available in sufficient quantities at the Ford dealership here, may be picked

up at Bruin Field at contest time.

Trophies will be awarded in all age groups. Boys 8, 9 and 10 years of age will use junior size footballs for competition and boys 11, 12 and 13 will use regulation size. There will be a total of six levels of competition including local, zone, district, area, division and national. The top scorer in each of the six age groups will move up from local to zone competition and on to the national as they continue to win in the various levels.

No special football gear is necessary with tennis shoes recommended but street shoes acceptable. No barefoot kicking or punting is permitted in any of the competition.

Browning said youngsters are practicing for the local competition and young people from each of the local schools have indicated plans to compete.

Values Listed Key To Change In Land Rules

PORTLAND, Ore. (UPI)—Any major changes in federal land management practices have to prevent either "ignorant or willful disregard of values," some 400 persons attending a forum on public land laws were told Tuesday.

The speaker was Bryon Mock of Salt Lake City, vice chairman of the 19-member Public Land Law Review Commission which has made 137 recommendations to congress on changes in administration of federal lands.

In a welcoming speech, Gov. Tom McCall of Oregon said this forum will "be the first time you will publicly declare for the record your position on the recommendations."

McCall said that the "opposing and sometimes abrasively conflicting points of view" which will be brought out here should lead to a better basis for development of public-land management.

Mock said that it will be

"difficult for any special group to use our report for its interest alone without considering impacts on other elements of our national interests."

Mock termed the forum here "a major step on the road to land law reform."

He said the major challenge facing Congress in implementing the report is now to make the recommendations workable "yet not damage any other part of our national interest."

Mock said any changes in the federal land laws can be destructive "to the economic or even emotional dependence of present interests." But he said ignoring the problems that the commission report seeks to correct probably would not make conditions more equitable for individuals, communities or regions.

Leaders of government, industry and conservation groups are attending the forum, where the emphasis is on the recommendations pertaining to resources of federal forest lands.

The forum, first of four which will be held throughout the country, is sponsored by the state of Oregon and 34 industry and conservation organizations.

Board Cuts Minimums

KLAMATH FALLS, Ore. (UPI)—The Oregon-Northern California Potato Marketing Order Committee voted Monday to permit shipping of 4-ounce or 2-inch minimum U.S. No. 2 grade potatoes.

The reduction from a 6-ounce minimum will have the effect of permitting shipping of combination packs so long as the potatoes meet specifications for No. 2 grade. Committee members said the U.S. Department of Agriculture was expected to approve the change soon.

Grange Sets Hobby Show

KING HILL—A free "Hobby and Antique" show will be held by the King Hill Grange October 2 at 8 p.m.

There will be a door prize, and prizes for the best displays. People of the area are invited to enter the competition.

TWIN FALLS—Local residents who will be attending Friday's White House Community Forum on the Aging will be provided transportation, John K. Carlton, local coordinator, said today.

The schedule of bus pickups: Pioneer Courts, 12:15 p.m.; Justamere Inn, 12:25 p.m.; city park and Sixth Avenue East, 12:30 p.m.; Sunnyview Courts, 12:40 p.m.; Duvall Courts, 12:45 p.m., and Washington Courts, 12:50 p.m.

The forum, a prelude to the White House Conference on Aging, will begin at 1 p.m. at the College of Southern Idaho Fine Arts Center.

The general public is invited, Carlton said, but emphasis is to be placed on encouraging older Americans to speak out on what they think is good and what they think is bad about present programs for the aged.

Carlton urged all older citizens in Magic Valley to attend the forum to voice their needs and priorities for these needs. The information gathered will be presented to the White House Conference on Aging in November, 1971.

Our policy.

The Chicago Mercantile Exchange isn't an insurance company. But we do have a policy. This is it: we believe that a farmer or feeder who knows how much his crops or livestock will bring when they're ready for market is running his operation on a more businesslike basis than one who takes his chances on the cash market.

By utilizing a futures contract, you can ascertain your selling price months in advance. Armed with this knowledge, you can

make more intelligent long-range plans.

There's another important benefit. Because you have a bona fide contract, a bank can generally loan you more money on your business prospects. This money can go into the expansion of your business.

And, ultimately, as more and more farmers and livestock producers have learned, a business prospers more when it knows where it is going than it does by taking unnecessary risks.

We provide futures markets in live cattle, live hogs, Idaho potatoes, frozen pork bellies, boneless beef, fresh and frozen eggs, hams, turkeys and other commodities.

You owe it to your operation to find out all you can about futures trading.

We'll be happy to send you information. Just write to us at the address below.

Junior Music Club Plans Under Way

TWIN FALLS — Plans for the District No. 5 Magic Valley Junior Music Club were made during a counselors meeting Monday in Twin Falls.

Counselors and advisers for the valley groups are volunteer workers who have a love of good music and a personal desire to help the youth of Magic Valley to have adequate access to cultural education.

Areas represented in District No. 5 include eight counties, Cassia, Blaine, Camas, Gooding, Jerome, Lincoln, Minidoka and Twin Falls. District No. 5 officers include Mrs. Paul B. Heuston, president; Mrs. Gordon Beckstead, secretary, and Mrs. Marvin Molyneux, treasurer. Mrs. Donald Youtz is scholarship chairman and representative on the National Junior Festival committee and is also in charge of state auditions, with Mrs. Louis Thorson in charge of the Junior Music Festival.

MAKING FINAL PLANS for the Junior Music Clubs of Magic Valley are, from left, Mrs. Edwin Crockett, Hansen, junior counselor; Mrs. Paul B. Heuston, local District No. 5 chairman of the National Federation of Music Clubs, and Mrs. Vernon Ball, junior adviser and counselor. Love of good music and a personal desire to help the youth of the area to have adequate access to cultural education is the aim of the volunteers who head the many Magic Valley Junior Music Clubs. Eight counties are represented in District No. 5, Cassia, Blaine, Camas, Gooding, Jerome, Lincoln, Minidoka and Twin Falls.

State historian and rating sheets and achievement book chairman is Mrs. John Birrell.

The Junior Music Club programs are varied throughout the year, stressing good music of all types.

School auditions for students from District No. 5 will be held March 21 at O'Leary Junior High School. All entrants and teachers must be members of the National Federation of Music Clubs. All Magic Valley Junior Music Clubs are affiliated with the National Federation of Music Clubs.

Performances Set For T.F. Schools

TWIN FALLS — The Utah Strings quartet will present six performances in Twin Falls Elementary schools Oct. 1 and 2. Mrs. Claire Theener, elementary music supervisor,

announced today.

The quartet, which is from the Salt Lake City Chapter of Young Audiences, will play at 10 a. m. Oct. 1 at Washington School, 1 p. m. at Morningside and 2:15 p. m. at St. Edwards.

On Oct. 2 the group will play at 10 a. m. at Bickel, 1 p. m. at Lincoln and 2:15 p. m. at Harrison.

Young Audiences is a national, non-profit organization with headquarters in New York City and a western states regional office in San Francisco, Mrs. Theener said. Ensembles of three to five members, composed of the finest professional musicians, perform for children in their schools, during school hours, programs of 20 to 45 minutes in length, depending upon the age level of the audience.

Magic Valley Favorites

MRS. CELIA RUSSELL
312 Monroe St., Twin Falls.

LEMON 7-UP CAKE
1 box lemon cake mix
1 box lemon instant pudding

PUDDING
4 eggs
1/4 cup Wesson oil
1 10-ounce bottle 7-Up

Combine all ingredients except the 7-Up and mix well. Add 7-Up and mix again. Bake at 300 degrees for 35 minutes in two layer pans or a 9 by 12-inch pan for 50 minutes.

FROSTING
2 eggs, well beaten
1 stick margarine, melted

1 can crushed pineapple (1 cup)
1 1/2 cups sugar
2 tablespoons flour

Mix together and boil until thick. Spread on cake. The pineapple doesn't necessarily need to be drained.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

High Noon Nuptials Performed

FAIRFIELD — Marianne Kevan, daughter of Mr. and Mrs. James Kevan, Fairfield and Jimmy Dale Kramer, son of Mr. and Mrs. Gene Kramer, Stapleton, Nebr., were united in marriage Sept. 5 at a high noon ceremony.

The double ring rites were held in the Catholic Church, performed by Father Kevin McArdle, Shoshone.

The bride, given in marriage by her father, wore a white sheer, crystalline satin dress, fashioned with an empire waist line, A-line skirt with a fly away front panel with rose and seed pearl applique, and long sleeves with lace cuffs. Her chapel train was of the same material with lace applique. She wore a white lace mantilla veil. She carried a bouquet of pastel-colored miniature rosebuds of yellow, blue and pink. Bevy Kevan, sister of the bride, was maid of honor. Ringbearer was Jimmy Kevan, nephew of the bride.

Paul Kramer, Colorado Springs, brother of the bridegroom, served as best man. Attendant was Joe Kramer, Stapleton, Nebr., brother of the bridegroom.

Mrs. Herschel Lange, Hill City, was organist.

Mr. and Mrs. William D. Simon, grandparents of the bride, hosted the reception at their country home. Susy Giesler, cousin of the bride, was in charge of the guest book. Debbie Simon, cousin of the bride, arranged the gifts.

The four-tiered wedding cake was made by Mrs. Edward Krahn. Mrs. Jim Kevan, sister-in-law of the bride, and Christie Giesler, cousin of the bride, served the cake. Connie Kevan, sister of the bride, and Becci Eckles, cousin of the bride, poured punch and coffee.

After a honeymoon in Boise, the newlyweds will return to the University of Idaho. The bride is a junior in elementary education and the bridegroom is a senior majoring in wildlife management.

Out-of-town guests attended from Lewiston, Halley, Twin Falls, Gooding, Paul, Hill City, Glens Ferry, Homedale, Pocatello, Nebraska and Colorado.

Duplicate Winners Named

TWIN FALLS — The Monday Afternoon Duplicate Bridge Club met at the Episcopal Church with nine tables in play.

North and south winners included Mrs. Jessie Husted and Mrs. E. A. Peterman, first; Mrs. Nick Bradic and Mrs. Julia Brown, second; Mrs. R. R. Williams and Mrs. Jack Stephens, third, and Mrs. H. D. Fitzpatrick and Mrs. J. Archer, fourth.

East and west winners were Mrs. Thomas Marzocca and Mrs. A. W. Frantz, first; Mrs. Gus Averett and Mrs. A. V. Williams, second; Mrs. George Frazier and Mrs. F. F. Jensen, third, and Mrs. R. J. Skeem and Mrs. W. H. Newcomer tied for fourth with Mrs. C. C. Weaver and Mrs. M. Hogg.

all Planting Discussed By Flower Club

TW FALLS — "Bulbs for Fall Planting" was the subject of the program presented by Mrs. Pa Thornton during the Monday evening of the Country-side Flower Club at the home of Mrs. Ma Crothers.

Roll call was answered by the use of fall leaves, with several members presenting ways of using the leaves for garden mulch and other, for decorative purposes.

A club "thank-you" was given to Mrs. Victor Nson, Mrs. S. W. Smith and Mrs. Thornton for the flower arrangement booth at the Twin Falls County Fair which received first prize in its division.

Women's Section

Wives Host Spanish Festa

TWIN FALLS — A Spanish Fiesta, complete with dolls and large hats, carried out the theme for the Military Wives' potluck supper Saturday. The hostess, Vicki Edison, carried out her decor with many interesting souvenirs from a recent tour in Spain.

Twenty-four wives attended and eagerly invited other wives of servicemen overseas to join them for their future activities.

The women plan to attend the Cinema Oct. 3 and later have a late supper at "Me and Ed's." The group will have coffee Oct. 9 at the home of Maxine Macdonald where they will hear a short resume of absentee voter procedure and facts concerning the upcoming election by a member of League of Women Voters.

On Oct. 24, Kery Banyard will host a Halloween party featuring a palm parader.

Additional information on how to contact the Military Wives can be obtained by calling the Twin Falls Chamber of Commerce.

Leaders Named

TWIN FALLS — Officers for the O'Leary Junior Music Club, an affiliate of the National Federation of Music Clubs, were elected during the unit's first meeting of the school year Monday at the school.

Officers include Lynette Berry, president; Karna Florence, vice president, and April Arrington, secretary. Committee chairmen were selected and plans made for the year.

PANTS, SWEATERS, SKIRTS, **50¢**

PROFESSIONALLY SANITONED PROCESSED!

Troy National LAUNDRY CLEANERS

Pledges

MOSCOW — Brenda Foster, daughter of Mr. and Mrs. Bill Foster, Twin Falls, has recently pledged Delta Delta Delta sorority at the University of Idaho.

DEAR ABBY: A wife complained because her husband's boss sent him on business trips with a woman partner when he could have sent a man. You sided with her, saying, "A smart employer makes a conscious effort to keep the spouse happy, because an unhappy spouse makes her husband miserable, and a miserable husband isn't apt to be productive."

Your answer will probably keep women "in their place" for another 50 years.

If women are to achieve equality with men in business, the stay-at-home wives will have to accept the fact that working women must travel with male partners. Furthermore, it's time everyone realized that working women do not expect or wish to be regarded as a sex object by men in business.

DEAR WORKING: A woman with an abundance of sex appeal will be regarded by some (not all) men as "sex objects" whether they want to be or not. (And some women want to be.) Coed traveling, even for legitimate business reasons, sometimes makes strange bedfellows. True, there are some instances when a woman must travel with a man, but like the office parties which exclude spouses, why set up situations that tempt fate? Plenty of men and women travel together and it's strictly business. Traveling together doesn't make intimacy a cinch. It just makes it easier.

DEAR ABBY: Our 21-year-old daughter just graduated from one of the best colleges in the country and moved into an apartment with her boy friend.

Our 16-year-old hangs around with hippie types and threatens to "cut out" if we try to control her choice of friends.

Both my husband and I are seeing a family counselor to try to find out what happened. We are honest, moral people and now we sit and look at one another and wonder why we ever had children.

DEAR BEWILDERED: "What happened" is not nearly so important as coping with the present. Seeing a family counselor is the most intelligent approach. You are doing that.

DEAR ABBY: Concerning the widower who, seeking "pleasure" arranged for a girl to come to a local hotel room, only to find that she was the daughter of a friend. He was disappointed because he had thought she was a "lovely young lady," and he wondered how "she can face me" next time he visits her home.

It is amazing that you failed to see the hypocrisy of his attitude. If his needs as a widower drove him to this particular solution, he must accept the responsibility for his actions. The handing over of money does not remove him from involvement. He had other choices—he could have endured, or he could have sought an intimate relationship with a woman he cared for. He chose to be serviced by a hired female. Whatever level of morality that may be, he is free to decide for himself. But whatever he decides, he must recognize that the judgment is the same for both the man and the woman. He cannot excuse himself by saying that he was only trying to satisfy his needs [physical] without emotional involvement, for she was only trying to satisfy her needs [financial] also without emotional entanglement. A man's physical needs may be more rapid, but they are not necessarily more powerful.

Let him not wonder how she can face him when they meet again, nor should she wonder how he can face her. They should look each other straight in the eye, realize it was a mutual agreement, and then decide whether it was a worthwhile action.

Deloris Dana, Womack Marry

Buhl—Baskets of white gladioli and yellow spider chrysanthemums and candelabra with white tapers formed the background setting for the afternoon ceremony uniting in marriage Deloris Dana, daughter of Mr. and Mrs. Paul Dana, and Kent E. Womack, son of Mr. and Mrs. Darol Womack, all Buhl.

Rev. Harrie S. Young performed the double ring rites Sept. 6 at the Buhl First Christian Church in the presence of some 200 wedding guests.

The bride, given in marriage by her father, wore a floor-length gown of imported rayon organza with a crescent waistline. The oval neckline was encircled with pearls, and scalloped Chantilly lace formed a redingote effect. The dress was borrowed from the bride's sister, Mrs. Evan Cox.

A crown of lace petals outlined with seed pearls, held her elbow-length veil of bridal illusion. She carried a basket bouquet of yellow roses and gladioli and yellow and white Starburst chrysanthemums.

Mrs. Evan Cox was matron of honor for her sister.

Best man was David Bremers, Buhl, and ushers were Granville Eckert and Pat Elkins, both Buhl. Taper lighters were Evan Cox, Buhl, and Duane Dana, Spencer, Okla., brother of the bride.

Mrs. Norman Herzinger, Twin Falls, aunt of the bride, played the traditional wedding music and accompanied two

MR. AND MRS. KENT E. WOMACK (Shig Morita photo)

duets by Mr. and Mrs. Clyde Cox.

Following the repeating of the wedding vows, the bride and bridegroom lighted the white unity candle, using avocado green tapers.

A reception was held after the ceremony in the Fellowship hall of the church.

A four tiered chocolate wedding cake, iced in white and decorated with doves, centered the bride's table. Double candelabra with green tapers flanked the cake as did white heart-shaped cakes. Mrs. Leonard Walcott baked and decorated the cakes.

Mrs. Duane Dana, sister-in-law of the bride, served punch and Mona Freeman poured coffee. The cake was cut and served by Mrs. Charles Dana, Buhl, and Mrs. L. V. Hofgaarden, Pasadena, Calif., both aunts of the bride, and Mrs. Dorothy Guest, Twin Falls, aunt of the bridegroom.

Mrs. Joe E. Wisecaver was in charge of the guest book. Mrs. Granville Eckert, Mrs. Pat Elkin and Mrs. David Bremers were in charge of the gifts.

The couple took a wedding trip to Colorado. They reside at

Route No. 1, Box 175, Lot No. 77, Fort Collins, Colo., where the bridegroom is enrolled in the College of Veterinary Medicine and Bio-Medical Sciences at Colorado State University.

The bride was honored at a shower hosted by Mrs. Charles Dana, Mrs. Joel Nejezchleba and Mrs. Earl Wagner at the Dana home, and a shower hosted by Mrs. Joe E. Wisecaver at her home, assisted by Mrs. Evan Cox. A rehearsal dinner was hosted by the bridegroom's parents at the R and R-Cafe, followed by a social evening at the Dana home.

Special guests at the wedding were Mrs. Rose Dana and Mr. and Mrs. Stanley Herzinger, grandparents of the bride; Mrs. Millie Crow and Bert Womack, grandparents of the bridegroom; Mr. and Mrs. Duane Dana, Karl and Carmen, Spencer, Okla.; Dr. and Mrs. L. V. Hofgaarden, Pasadena, Calif.; Mr. and Mrs. Harry Womack, Ritzville, Wash.; and Mrs. Duane Lane, Pullman, Wash. Other guests attended from Vale, Ore., Boise, Dubois and Magic Valley cities.

21st Annual Gem Homemakers Meet Scheduled in Burley

BURLEY—The 21st annual Idaho Extension Homemakers Council Conference three-day sessions will begin Monday, Sept. 28, at the Ponderosa Inn. General theme will be "The Measure of Progress."

The board meeting will be at 8 p.m. Monday, followed by entertainment at 8 p.m. by the Ponderosa Little Theatre group.

Registration will begin at 8 a.m. Tuesday in the lobby of the convention center.

The first general session will be called to order at 9:30 a.m. by Mrs. Ralph Geffe, Boise, state president.

Mrs. Leo Becker, Paul, general chairman will introduce Magic Valley presidents. Mrs. Lucia L. Wilson, Boise, will make the introductions of state board members and state and county extension staff.

James L. Graves, Moscow, associate director, University of Idaho Cooperative Extension Service, will address the group on "Cooperative Extension in 1970." Dr. James L. Taylor, Twin Falls, president of the College of Southern Idaho, will

present "Change." During the business meeting, reports will be given by various officers and chairmen.

Seminars are planned for Tuesday afternoon. Speakers will be Gerald Hurst, Burley, Idaho Department of Health, "Environmental Sanitation in Food Preparation"; Everett Perry, Boise, Idaho Department of Health, "Too Little Too Late"; Pete Cenarrusa, Boise, secretary of state, "Idaho's Constitutional Changes," and Jim Johnson, Moscow, agricultural editor, University of Idaho Extension Service, "Public Information."

During the 7 p.m. banquet Mrs. Keith Blackner, Lyman, Wyo., president of National Extension Homemakers Council, will speak on "The NEHC Looks to the 70's."

Three district directors will be installed and "The Tater Tones" a quartet of the Snake River Flats will entertain.

Mrs. Leon Hoffine, Sandpoint, state international relations chairman will make the international report and "Pennies for Friendship."

The president's breakfast will be at 7:30 a.m. Wednesday and county council presidents will be honored. The Sweet Adelines, Burley, will entertain. District director and council president reports will be given.

The general session will open at 9 a.m., with Mrs. C. J. Boss, Twin Falls, vice president, presiding.

Howard Tankersley, Boise, will speak on "Some Measures of Progress," and Mrs. Rosemarie Fairchild, Twin Falls, will discuss "Progress Through Understanding and Education."

A fashion show will be viewed during the noon luncheon and

Comments

CLEVELAND (UPI)—The appliance industry welcomes consumer comment and even attacks, says Guenther Baumgart, president of the Association of Home Appliance Manufacturers.

Major consumer needs will be met, Baumgart said, by vigorous educational programs built upon product information obtained from consumer and on technological and scientific developments made by manufacturers.

Burley Woman Will Compete for Title

BURLEY—Mrs. Ed Schwaegler, Burley, director of women's activities for the Idaho State Grange, will compete with five other state directors for the title of "Director of the Year."

Announcement of the winner will be made at the Women's Activities Banquet, Nov. 12 at the Redway Inn, Boise. The National Grange is meeting in Boise for its 104th Annual Session, Nov. 9 through 17. The 38 grange states are divided into six geographical groups and one group competes each year. This year the state

directors from District Six which includes California, Oregon, Washington, Idaho, Montana and Wyoming are competing.

Mrs. Alta F. Peck, director of women's activities for the National Grange, said the winner will be judged on the basis of her state recognition report, a special questionnaire and general planning, promotion and achievements pertaining to all of the women's programs and projects during the year.

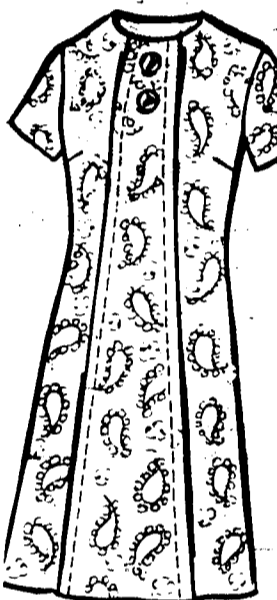

Notice!

The Times-News finds an increasing number of stories appropriate for its women's pages. Because of the premium on available space, stories must be selected on the basis of currency.

All stories pertaining to the women's pages must be brought to the Times-News no later than two days after the meeting to be considered for publication.

Wedding pictures and stories must be in within two weeks of the wedding. As in the past, a \$5 fee will be charged for two column wedding pictures and a \$2.50 fee for engagement pictures.

Formerly Fat Model Gives Slim Solution

Bubbly, beautiful—and above all, slim—Nancy Gould at 23 owes her success to the fact that she once was fat.

A topflight fashion model in her teens, posing in major U.S. cities from coast to coast, Nancy found that she was continually battling a jungle of temptations, food being the biggest. "I became an unhappy

fashion model, too plump to pose. Yet I could not live as a normal human being with a food intake equivalent to that of a mouse."

Nancy resolved to dissolve her modelling career and the extra tonnage. Training herself as a nutritionist, she discovered a way to eat her way back to happiness. "Every day for six months, I invented new recipes, filled with happiness but not with calories. It became a new way of life, to enjoy food that tasted sinful but that actually is 'thinful.' And gradually life took a new look at me."

Her new outlook on life led her to write "How to Gorge George Without Fattening Fanny" (Hawthorn Books, Inc., Sept. 29, \$5.95, with line drawings by Burt Blum). In it, Nancy classifies recipes according to the "moods for foods" they satisfy, such as "Oh, My Aching Heart," "O, My Aching Sweet Tooth."

Past Oracles Have Luncheon

TWIN FALLS—Mrs. Lillian Arnga served a dessert luncheon to members of the Past Oracles Club at her home Monday, with Grace Samples as co-hostess.

A brief business session was conducted by Frieda Evans, president. Mrs. Elva Olson received the white elephant and games were played to complete the afternoon activities.

Mayor Says Revenue Hike Approved

By BONNIE BAIRD JONES
Times-News Staff Writer
TWIN FALLS — An increase of over nine per cent in tax revenue for Twin Falls City for 1970 as reflected in levies approved late Monday by county commissioners, has the general approval of the Idaho Tax Commission, Mayor Frank Feldman said Tuesday.

He said the matter was discussed with the tax commission because of the issue of increased assessed valuation through annexation of new areas. Annexation brought the city valuation up by about \$1 million.

"We have a commitment, although I do not know if it is in writing, from the tax commission indicating we will still be within the legal limits if the annexation increase is added in addition to the four per cent allowed by House Bill 304," Mayor Feldman said.

The city's levies approved by the county commission and forwarded to the tax commission, show 9.7 per cent more revenue than last year and no petition for relief was filed with the commission.

County general levies reflect an increase of 11 per cent but this has been filed with and approved by the tax commission. Most other levies are either about the same or a bit lower to hold taxing unit revenue within the four per cent increase allowed by state law, Harold Lancaster, county clerk said.

County officials took no steps to reduce the city's levy in view of a recent court case in Bannock County in which the county was prohibited by the court from forcing compliance with the four per cent limitation.

Based on assessed valuation and amounts of revenue taxing units will require for the coming year, levies are set by the county clerk's office and presented commissioners for official approval.

A number of the taxing units

actually show a lower levy than for the previous year.
Levies for 1969 and 1970 for various units on each \$100 assessed valuation include municipalities with Twin Falls, \$4.38 in 1969 and \$4.51 for 1970; Buhl, \$4.95 and \$4.71; Filer, \$3.42 and \$3.39; Kimberly, \$2.30 and \$2.19; Hansen, \$2.88 and \$2.70; Murtaugh, \$2.46 and \$2.71; Hollister, \$1.04 and \$1.10, and Castleford, \$2.94 and \$2.80.
School district levies for last year and this year include Twin Falls, District 411, \$3.70 and

\$3.52; Buhl 412, \$3.80 and \$3.81; Filer 413, \$3.88 and \$3.96; Kimberly 414, \$3.91 and \$3.88; Hansen 415, \$3.49 and \$3.78; Castleford 416, \$3.21 and \$3.41; Murtaugh 418, \$4.15 and \$4.21; Joint district 151, \$4.46 and \$4.36; Joint District 233, \$3.35 and \$3.37; Joint District 234, \$3.56 and \$4.08 and Joint District 416, \$4.84 and \$1.91.

College of Southern Idaho levy this year will be 81 cents down from 82 cents last year. Many school districts levies are lower because of bond issues

now nearing completion. New this year are the county's property valuation program which will cost taxpayers an additional 15 cents on each \$100 assessed valuation and the water pollution control fund of 2 cents.

County commissioners have no control over such additions as they are called for in new legislation.

Highway district levies for 1969 and 1970 include Twin Falls, 87.5 cents per \$100 assessed valuation last year

and 87.1 this year; Buhl, 96.5 cents and 96.3; Filer, 99.6 cents and 99.1 cents this year, and Murtaugh, 89.2 cents last year and 92.4 this year.

County residents will pay 8.8 cents for airport operation; 21.5 cents for charity; 24.1 cents hospital compared to 25.9 last year; 5.7 cents for noxious weed control; 4.2 cents for parks and recreation, 14 cents for county buildings and grounds or a total of 2.81 for county operations. Last year the total county levy was 1.68.

Gooding Councilmen Tackle Dog Problems

By DIANE METZGER
Times-News Correspondent
GOODING—How to keep the city of Gooding from literally "going to the dogs" occupied city councilmen Monday night who decided upon strict enforcement of the dog licensing ordinance.

The magnitude of the problem, with dogs running at large and many owners refusing to purchase licenses, was described for councilmen by John Stutznegger, dog catcher, and Police Chief Lyle Clifford.

Under city ordinance every dog owner must purchase a license from the city clerk by Feb. 1 of each year and the police chief is authorized to "seize, kill and properly bury" all dogs found running at large.

Councilmen instructed the dog catcher to go onto private property to seize dogs if they have no licenses, after Stutznegger reported instances of going back "time and time again" to homes where dogs were known to be owned and owners either ignore him or refuse to purchase a license.

It was reported in some cases when a dog was picked up and

the owner notified, he told the dog catcher to just kill the dog, so that the city has been burdened with this expense.

In addition to lack of revenue which could be obtained with stricter compliance with the licensing ordinance, school activities are being hindered with so many dogs running loose on the playground. Annual license fees are \$3 for male and spayed female and \$12.50 for unspayed female.

School officials report that dogs stand near the targets so that archery cannot be held and the playgrounds are "overrun with dogs."

Cecil Hobday, city attorney, said complaints will be signed against dog owners who refuse to purchase licenses after warnings.

Councilmen also are considering purchase of a tranquilizer gun to be used on dogs which cannot be caught by the dog catcher.

Councilmen also: —Instructed the police department to make a survey on the number of junk cars now on Gooding streets and property.

—Discussed the new parallel

parking and instructed police to continue to enforce the two-hour parking limit.

—Heard Leland Fleiselman, acting fire chief, report that George Anderson is being trained for the post, replacing Pat Swirney who resigned as fire chief.

"Flying" Fish
The freshwater butterfly fish is only about five inches long at maturity, but it can leap out of the water for distances up to six feet and glide to a soft landing with the aid of its large pectoral fins.

Personnel Presented

GOODING — The Gooding school board, principals and teachers were introduced to parents Monday evening during the Gooding PTA meeting at the elementary school auditorium. Dee Keller, superintendent of schools, introduced the school board members and their wives and the principals of each school introduced the faculty members.

The principals spoke briefly and Mrs. Fred Braga, county chairman of "Rub Out Rubella Week," also spoke about that program.

Landfill Trenches Prepared

BY BONNIE BAIRD JONES
Times-News Staff Writer

TWIN FALLS — Pits and trenches to handle Twin Falls City garbage operations for two to three months have been excavated at the new landfill eight miles south of the city which officially opens Oct. 1.

George Michael, acting city manager, said the new site will open when the city's new garbage contract goes into effect. It will be operated by city personnel and equipment.

Other work now in progress at the site includes fencing of an area which will be used for about one year and of a separate area for storage and later burning of tree stumps and large limbs.

Construction of half-a-mile of roadway from the public road back to the area where landfill operations will begin is also under way and Michael said gravel was hauled for the road Monday. Three cattle guards have arrived and will be installed within the next few days and fencing will continue for some time, he said.

Lease of a large backhoe with ripper equipment attached has been authorized by the city council and Michael said it should arrive any day at the site.

Land to provide sanitary fill facilities for the city for the next 10 to 20 years is being leased from Ellis Fuller with the city providing water shares to Fuller in lieu of any cash outlay for the land lease.

As each year's fill is completed, it will be covered, seeded to grass and returned to the owner for pasture purposes. Although more than 100 acres is leased, the owner will be allowed use of that not immediately under city land fill operations.

With the new facility, city residents will be paying higher monthly rates for sanitation services but this is the first increase in 15 years. The old site near the city-county airport has been in use during the past 15 years and is now saturated. It, too, will be covered and reseeded to obscure any traces of trash and garbage disposal.

Almanac

By United Press International
Today is Wednesday, Sept. 23, the 268th day of 1970 with 99 to follow.

The moon is between its last quarter and new phase.

The morning stars are Mercury, Mars and Saturn.

The evening stars are Venus and Jupiter.

On this day in history:

In 1779 the U.S.S. Bonhome Richard, commanded by American naval hero John Paul Jones, defeated the British frigate Serapis in a battle off the coast of Scotland.

In 1926 Jack Dempsey lost the heavyweight boxing championship to Gene Tunney in Philadelphia.

In 1943 the United States, Britain, Russia and China established the United Nations Relief and Rehabilitation Administration to help war-liberated areas of the world.

In 1950 Congress adopted the Internal Security Act, providing for registration of Communists. Communist registration later was ruled unconstitutional by the Supreme Court.

A thought for the day: John Paul Jones said during a battle with British forces, "I have just begun to fight."

LEGAL NOTICE

NOTICE OF SALE
Notice is hereby given that Kimberly Road, Twin Falls, Idaho, covering the construction of a concrete-lined ditch for the Idaho Fish & Game Dept. on the Snake River Wildlife Management Area near Hagerman, Idaho, Twin Falls County was accepted as completed on the 1st day of September, 1970. Any person, company, or corporation who has furnished labor, materials, or supplies used on the work, payment for which has not been made, shall file with the Department of Public Works, State Capitol Building, Boise, Idaho with the time limits prescribed by Idaho Code Title 45, Chapter 5, an itemized statement of his claim for all amounts due and unpaid by the contractor.

Failure of any claimant to file his claim within the time limit provided shall constitute a waiver of such claim.

TRENCHING FOR GARBAGE and trash disposal for about three months has been completed at the new Twin Falls sanitary landfill south of the city. Here heavy equipment widens a trench that will be used for dumping and then covered as debris is trucked to the site. The new landfill will go into use Oct. 1 with city employees operating the facility.

Former Mayor Sentenced

TRENTON, N.J. (UPI)—Former Newark Mayor Hugh J. Addonizio was sentenced to a 10 year jail term and a \$25,000 fine Tuesday. He had been convicted of one count of conspiracy and 63 of extortion.

"The commission of these crimes has the gravest implications for our form of government," U.S. District Court Judge George H. Barlow said as Addonizio, a 22-year veteran of public service, stood before him.

Addonizio remained silent.

Also sentenced were three of Addonizio's four codefendants.

Former City Public Works Director Anthony LaMorte and reputed underworld figure

Joseph Bianchone each received 10 year jail sentences and \$10,000 fines. Another reputed underworld figure, Ralph Vicaro, received 12 years in jail and a \$10,000 fine.

Sentencing for former city counsel Philip E. Gordon was suspended pending conclusion of presentencing report.

Barlow could have imposed a 20-year jail term and \$10,000 fine on each of the 64 counts on which the five men were convicted July 22.

Reacting to the sentencing afterward, Addonizio said, "I'm accustomed to expecting the worst. I really didn't know how this would turn out."

The five defendants all were

charged with one count of conspiracy and 63 counts of extortion in connection with a Mafia-controlled scheme the government charged had shaken down city contractors for more than \$1.4 million in kickbacks.

Journey Through Bavaria With Missile Described

DUESSELDORF, Germany (UPI)—One of three men charged with stealing a U.S.-made Sidewinder rocket described Tuesday a 400-mile journey through Bavaria with the end of the missile sticking out of the rear window of the getaway car.

Two of the three men, the second in Tuesday's testimony before a Duesseldorf court, admitted stealing the equipment and shipping it by commercial airliner to Moscow in return for \$10,000.

Architect Manfred Ramminger, 39, Polish-born engineer Joseph Linowski, 49, and Master Sgt. Wolf-Diethart Knoppe, 34, a Starfighter pilot with the Luftwaffe, are charged with treason and robbery.

On the Spring, 1967, night two navigational devices were stolen from the Nueberg Air Base

Linowski said Ramminger told him, "Come on, We're going stealing."

He said Knoppe, who was based at Nueberg, informed Ramminger exactly where in the workshop complex the navigational aids could be found.

Ramminger got onto the airfield and climbed through a defective window, went through several unlocked rooms, found the devices and brought them out without difficulty.

On the night of Oct. 21, 1967, the trio visited the airfield again, this time in search of a Sidewinder air-to-air missile.

The hut housing the missile was encircled with barbed wire but posed little difficulty for Linowski and Knoppe, Linowski testified.

Linowski said they found the 150 pound striped missile and

tried at first to get it away on a wheelbarrow they had brought, but they found this method unsuitable.

"So we both hoisted the rocket on our shoulders and marched off," Linowski said.

They covered the 200 odd yards to the perimeter wire where Ramminger was waiting and loaded the rocket into an automobile. But the nine-foot long missile was too big for the auto and they broke the vehicle's rear window and allowed it to poke out over the trunk.

They drove about 400 miles in this fashion from the upper Bavarian air base Krefeld, near Duesseldorf where Linowski said they dismantled the rocket and sent it by commercial airfreight to Moscow, as they had the navigational devices.

VERNON WEAVER... son of Mr. and Mrs. V. G. Weaver, Buhl, has enlisted in the U. S. Army Security Agency. He is taking his basic training at Ft. Ord, Calif., and upon completion will be trained with the Army Security Agency at Ft. Devens, Mass.

Probe Clearance Sought

WASHINGTON (UPI)—President Nixon will ask Congress for legislation to permit the FBI to investigate campus arson and bombings even if local authorities object, it was announced Tuesday.

First word of the President's plan came from Republican leaders Gerald Ford of the House and Hugh Scott of the Senate who spoke to reporters after a White House meeting with Nixon.

Presidential Press Secretary Ronald Ziegler later told newsmen that Nixon had decided to ask for the legislation without consulting with his Commission on Campus Urest.

Ford and Scott outlined the proposal after a 45-minute meeting with Nixon, Attorney General John N. Mitchell and FBI Director J. Edgar Hoover.

Ford said it was conceived by Nixon and Mitchell and that it would be included as an

amendment to the Senate-passed anticrime committee now being considered by the House Judiciary Committee.

The proposal, Ford said, would permit federal intervention on any campus which receives any form of federal subsidy—virtually every college campus in the country—following any arson or bombing.

Scott said "other acts of terrorism" would also permit FBI investigation, but declined to be specific. He said, however, the legislation would rule out "throwing rocks or breaking glass" as grounds for federal intervention.

Under present law, federal authorities can investigate campus violence only if they are invited to do so by college or local civil authorities.

Under the Nixon-Mitchell proposal, the Justice Department and the FBI would have authority to act without invita-

tion and even if campus and local officials object to the presence of federal agents.

Ziegler, asked what would happen if a college administrator did object to a federal investigation, said he could not conceive of that happening.

Spiro Hits Official

LOUISVILLE, Ky. (UPI)—Vice President Spiro T. Agnew Tuesday singled out a member of the Federal Communications Commission as the type of "super-permissive" government officials who have encouraged the country's youth to use marijuana and other drugs. Agnew did not name the official in his speech to a fund raising luncheon but he made it plain he was referring to Nicholas Johnson, who was appointed to the FCC in 1966 by former President Lyndon B. Johnson.

The vice president said he was "surprised and shocked" by Johnson's reaction to a speech he made in Las Vegas last week in which Agnew said some "proponents of the drug culture are misusing popular music to get across their message."

"This appointee of a previous administration promptly took the side of the rock musicians and echoed their pronouncements about how many songs were produced with anti-drug lyrics," Agnew said.

"He went on, however, to espouse the kind of radical liberal philosophy of permissiveness and self-flagellation that has encouraged so many of our young people to turn to pot and worse."

Johnson last Thursday told a group of foreign service officers that Republicans should stop accepting campaign contributions from liquor and cigarette makers and from corporations whose ads promote the drug culture.

"One cannot help but wonder how he (Agnew) overlooked Ford's urging, 'Blow Your Mind, TWA's taking us 'Up, Up and Away,' the money company that suggests we 'Get High on Money,' the motor bike company that advertises 'A Trip on This One is Legal,'" said Johnson.

U.S. OK's Greek Arms

WASHINGTON (UPI)—President Nixon has decided to resume shipment to Greece of heavy military equipment which has been withheld since a military junta seized power in April, 1967, the State Department announced today.

A spokesman, Robert J. McCloskey, said: "The resumption of such shipments will enhance the ability of the Greek forces to carry out their responsibilities in defense of the NATO area, and thus contribute importantly to the cohesion and strength of the southern flank of NATO."

The suspension of heavy arms shipments—planes, tanks, helicopters and other equipment—was ordered during the Johnson administration to at-

tempt to pressure the Greek military junta to restore parliamentary democracy.

State Department officials said they believed the pressure had been effective on the whole.

McCloskey said: "Although the United States had hoped for a more rapid return to representative government in Greece, the trend toward a constitutional order is established. Major sections of the constitution have been implemented, and partial restoration of civil rights has been accomplished."

Froines To Aid Panthers

EUGENE, Ore. (UPI)—John Froines, one of two defendants in the "Chicago 7" conspiracy trial to be acquitted, announced today he was resigning from the University of Oregon faculty to work with the "Black Panthers and other people of the Third World."

"America has forced me to stop my scientific work," Froines told a news conference. "Instead of creating a scientist it has created a revolutionary."

He said he would go to New Haven, Conn., to work for the release of Black Panther chairman Bobby Seale, charged with homicide.

The 30-year-old assistant professor of chemistry was acquitted last February of riot charges, but along with all the other defendants and their attorneys, was sentenced to prison for contempt. He is appealing.

"It should be a disruptive fall," Froines said, "and I hope the campuses are shut down. If the war is not over by May, we are going to stop the war-making machine in Washington by non-violent disobedience."

He said Harvard, Massachusetts Institute of Technology and the Lawrence Radiation Laboratory in California should "not be shut down but should be attacked."

Froines, 30, had been the subject of controversy in Oregon since his indictment in connection with disorders during the 1968 Democratic convention in Chicago.

During the summer, university President Robert Clark said Froines would be permitted to return to the school, where he taught only one year before being indicted.

Anti-Hijack Head Will 'Get Tough'

WASHINGTON (UPI)—The man picked to head the U.S. campaign against airline hijackings—retired Air Force Lt. Gen. Benjamin O. Davis—thinks it is time to get through with hijackers.

Davis, who rose from command of a black fighter squadron in World War II to become the highest ranked Negro in U.S. military history, said "the frequency of hijackings is completely unacceptable."

But Davis, named Monday by President Nixon as director of Civil Aviation Security for the Transportation Department, admits he has no cureall for hijacking. "The job is going to be with us for awhile," he said.

In an interview Davis said he felt the drive to stop hijackers should concentrate on keeping suspects from boarding planes. If they do slip through airport security devices, then it should be up to the on-board security guards to stop them, Davis said.

Congressmen Honor Missing

WASHINGTON (UPI)—The House and Senate, focusing fresh world attention on Hanoi's refusal to account for war prisoners, met Tuesday in joint session honoring wives and families of Americans either imprisoned or missing.

Speaker John W. McCormack, who was instrumental in setting up the highly unusual meeting, opened it with a declaration of "moral outrage" not only of Congress but of all the American people at North Vietnam's treatment of the prisoner issue.

"This sense of moral outrage is held without regard to partisanship or philosophy and is completely independent of one's views on policy about the conflict in Vietnam," McCormack said in introducing Frank Borman, commander of man's

first flight to the moon and recently President Nixon; ambassador to the world on the prisoner issue.

Wives or widows of missing U.S. servicemen — many of them not knowing which—packed the House galleries for the display of official concern for their plight.

Former prisoners, released or escaped, were welcomed to the floor of the House chamber, along with members of Nixon's cabinet.

The joint meeting climaxed months of activity by the National League of Families whose spokesmen praised members of Congress but warned they could not expect to be left alone on the issue until missing and imprisoned relatives finally were brought home.

Wells Eyes Reactor Cuts

IDAHO FALLS (UPI)—Marden Wells, Roberts, Democratic nominee for Congress from the Second District, Tuesday announced plans for a probe into continuing layoffs at the National Reactor Testing Station.

Wells said he is forming a task force to look into the layoffs. He said he is asking the task force to report to him in 30 days so he can make the findings public before the general election.

Idaho Nuclear Corporation, prime contractor for the Atomic Energy Commission's Idaho operations office, has laid off more than 400 persons at NRTS in the past year.

Idaho Nuclear gave the change in direction by the AEC from research and development to engineering applications as the reason for the layoff.

MAGIC VALLEY DRUG STORE
Addison Ave. West at Martin

CROWLEY PHARMACY

144 Main Ave. S. — Downtown Twin Falls

TWO WOMEN WHO were passengers in this wrecked vehicle in the foreground sustained identical head injuries Tuesday afternoon. The women, Beatrice Taylor and Bernice Ivory, both 72, and both of Lehi, Utah, are identical twins. They are hospitalized at Magic Valley Memorial Hospital as is Mrs. Taylor's husband, Stanley M. Taylor, 73. The accident occurred about 3:30 p. m. three miles east of Twin Falls on Addison Avenue East.

New Poison Checks Center in T.F. Area

BOISE (UPI) — In line with a recommendation of State Health Administrator Terrell O. Carver, more mercury poisoning studies will be made on Idaho pheasants this fall.

Dr. Darrell Brock, director of the Health Department's laboratories division, said "We're planning on collecting some more birds in the Twin Falls-Jerome area during the next week or so."

He and Elmer Norberg, game bird supervisor for the Fish and Game Department, said additional samples will be taken elsewhere in the state before the hunting season opens. The pheasant season opens in the 10 northern counties Oct. 10 and in the southern part of the state Oct. 24.

Dr. Brock said samplers will go first to the Twin Falls-Jerome area because that is where an earlier study turned up the heaviest concentration of mercury in the game birds. That study showed 40 per cent of the birds tested had one part per million of mercury.

Next highest in the initial sampling, was the Boise-Caldwell area where 35 per cent of the birds tested had more than one part per million.

In the initial test, conducted on the Materials Testing Reactor (MTR) at the National Reactor Testing Station, both "summer kill" birds taken in June and July as well as "locker" birds taken last fall were tested. Mercury content of the "locker" birds was lower than that of those taken during the summer months, possibly indicating the mercury content drops in the fall when birds stop eating the poisoned grain.

"We'd like to do some more sampling to confirm this," Dr. Brock said.

Norberg said the two departments — which once again will cooperate in the testing — also hope to find out more about the mercury content in "juvenile" birds.

Only one of the birds tested initially was a "juvenile" and the rest were adults, Norberg said. Yet, he said, normally "70 per cent of the birds hunters shoot in the fall are juveniles."

"We need some information prior to the opening of the season," Norberg said. "Then we will go ahead and obtain additional samples as the season progresses — particularly on the opening weekend from our check stations."

Additional sampling was recommended by Dr. Carver following study of the results from the initial tests. Those showed mercury concentrations in a large number of the birds tested and brought a caution from health officials against eating of more than one pheasant per week.

Norberg said if "what we think is happening is correct then there should be a lessening of the concentration of mercury in the adults from last spring."

Although the initial testing was conducted on the MTR the tests planned this fall will be "conventional chemical tests," according to Dr. Brock.

Norberg said one of the reasons for this is the cost. He said the conventional testing should be cheaper than the MTR tests.

Just where the money for the tests will come from neither official is sure but Norberg said "between the two of us I'm sure we'll find it."

Magic Valley

Area Ranch Displays Top Bull

GOODING — The Charolais bull, Bourgeois FMC 54, which has been appearing at several state fairs in the West, will spend two days at a Gooding area ranch.

The 4-year-old imported French bull will be at the Parker-Nelson Charolais Ranch, southwest of Gooding or three miles east of Tuttle, Thursday and Friday.

The bull will be en route to Yakima, where it will appear at the Washington State Fair and later at the Pacific International Livestock Exposition in Portland.

The bull, owned by Kane Ranches, Red Lodge, Mont., is being shown at the fairs by Northwest Fitters Inc., Lavina, Mont.

Also with the bull will be several Ali Baba Dessauy, Fuyard and Apollon sired bulls and heifers.

Any livestockman in the area interested is urged to visit the local ranch and see this outstanding Charolais bull.

Grain Support Programs Set

WASHINGTON (UPI) — A Senate-House conference committee Tuesday tentatively agreed on most key portions of proposed new wheat and feed grain support programs, including rigid support loan floors under grains from 1971 through 1973.

The support loans would be set at a minimum of \$1.25 per bushel for wheat and \$1 bushel for corn.

The conferees failed, however, to agree on another key grain support issue—a Senate-approved proposal, opposed by the Nixon Administration, linking support for corn and other feed grains to the "fair earning power" farm parity price.

The agreements reached Tuesday were described as highly tentative and subject to final committee votes later. They were worked out as the conference panel met for a second day to reconcile differences between farm bills passed earlier by the House and Senate.

The bills, covering 1971-73 farm supports, also include a controversial cotton support program and a \$55,000 per crop limit on subsidy payments to big farmers which is not in dispute.

Conference meetings were scheduled to continue Wednesday.

Rubella Clinics Scheduled

HAILEY — Blaine county will participate in the state-wide "Rub Out Rubella in Idaho" campaign Tuesday when three clinics will be conducted at local schools.

Sue Peterson, Blaine clinic coordinator said parents are urged to take their pre-school children to the clinics, as well as sign permission slips for school-age children through age 12.

Clinics will be at the Carey School from 2 to 3 p. m., with pre-schoolers immunized at 2:30 p. m.; the Bellevue School from 9 to 11 a. m., with pre-schoolers at 10 a. m.; and the Hemingway school, Ketchum, from 1 to 3 p. m., with pre-schoolers at 2 p. m. Children from Hailey go to the Bellevue clinic.

Pre-schoolers must be accompanied by a parent or guardian, and a permission slip will be signed at the clinic.

Twins Sustain Identical Cuts

TWIN FALLS — Two Utah women who are identical twins sustained identical cuts on their heads when they were involved in a two-car accident Tuesday afternoon just east of Twin Falls.

Magic Valley Ambulance Service personnel said Beatrice Taylor and Bernice Ivory, both 72 and both of Lehi, Utah, received cuts over their left ears when their eye glasses were shoved against their heads by the impact from the collision.

Mrs. Taylor is in fair condition and her sister in good condition at Magic Valley Memorial Hospital. Mrs. Taylor's husband, Stanley M. Taylor, 73, driver of the car in which the family was riding, is in good condition.

Twin Falls sheriff's deputies said their car and a late model sedan driven by Irene Mae Kirkpatrick, 31, Murtaugh, collided at an intersection three miles east of Twin Falls on Addison Avenue East.

The Kirkpatrick vehicle was traveling west on Addison when the Taylor vehicle pulled onto the highway into its path. The Taylor vehicle was struck in the left side.

Neither Mrs. Kirkpatrick nor her children, Jimmy Kirkpatrick, 9, and Debbie Kirkpatrick, 10, was hospitalized. Taylor was issued a citation for failure to yield the right of way, officers said.

Hunt Season Not Changed

BOISE (UPI) — John R. Woodworth, director of the Idaho Fish and Game Department, said Wednesday Idaho's pheasant hunting will go on a scheduled basis as they are found in all areas.

Conclusions and recommendations based on the completed study of more than 300 samples used in the mercury testing program found "There is some cause for concern, but no cause for alarm regarding potential health hazards from eating birds killed in Idaho."

Dr. Terrell O. Carver, director of the State Department of Public Health, said about three-fourths of all birds tested con-

tained mercury, and about one-fourth tested exceeded one part per million of mercury.

He explained that some areas of the state apparently have birds with higher concentrations than others. Carver's recommendations are being prepared for distribution to hunters through license vendors. They include that persons not eat more than one meal per week of pheasant, and pregnant women should avoid food with a known or suspected mercury content.

Pheasant hunting opening dates for Idaho are Oct. 10 in northern Idaho and Oct. 24 in southern Idaho.

Democrats Call Meet

GOODING — The Democratic Central Committee of Gooding County will meet at 8 p. m. Thursday in the small dining room at the Lincoln Inn.

Chairman Claude Tuttle, Gooding, said the committee will discuss plans for the Nov. 4 election and will arrange for a fund-raising dinner.

All county and legislative candidates are invited, Tuttle said.

Hearing Set At Wendell

WENDELL — The Wendell City Council will meet at 8 p. m. Thursday in the city offices.

Mayor Eugene Soares said the council will discuss zoning proposals. The meeting will be conducted as a public zoning hearing, Soares said.

Board Considers Request For Park

JEROME — Jerome county commissioners have taken under advisement a request from the Jerome County Waterways Commission for development of Ellison Spring park on property south of Jerome, owned by the Idaho Fish and Game Department.

Cleo Ambrose, commission chairman, said Tuesday it is impossible for the county to levy for the park development at this time because of the four per cent limitation placed on taxing agencies by House Bill 304.

He said the county will have to increase its landfill facilities at the city-county dump in compliance with the new state law forbidding burning in cities.

impossible for the county to levy for the park development at this time because of the four per cent limitation placed on taxing agencies by House Bill 304.

He said the county will have to increase its landfill facilities at the city-county dump in compliance with the new state law forbidding burning in cities.

Rupert Receives Funds

RUPERT — Harold T. (Pete) Brown, Filer, chairman of the state park board, today announced Rupert will receive \$4,418.31 as the state's share in cost of drilling and casing a well for a planned park development in the north part of the city.

City officials said the amount represents 50 per cent reimbursement from the state parks department for the well at the Big Valley Park development.

Bids have been received for construction of a well house, sprinkling system and a pump, but no contract has been awarded, pending approval of the bids from the state.

Funds for the state's share in the park development come from the land and water conservation fund, administered by the Idaho Park board.

Airport Board Duties Reassigned

By O. A. (GUS) KELKER
Times-News Editor

TWIN FALLS — Broad utilization of facilities and a major increase in traffic and use were given Tuesday as the reason for a complete change in individual responsibility assignments among members of the Twin Falls City-County Airport Commission.

The new assignments were announced by Armour Anderson, chairman, as members and other officials met in and inspected the new facilities of the Trans Magic Airlines as guests of Ross Lee, president.

The commuter airline maintains a "home" base at the Twin Falls field in a recently constructed hangar which includes various offices, living and other facilities for airline employees and complete maintenance and repair facilities. The airline's current investment represents an expenditure of over \$1 million.

In making the new responsibility assignments, Anderson said the field is now showing a visiting plane yearly total in excess of 26,000.

Commission members, in addition to Anderson, are O. A. (Gus) Kelker, vice-chairman; Bill Powell, George Colner and Ed Novacek.

Novacek was named to be in charge of the budget and will make recommendations for special projects as well as reviewing current and future airport needs in cooperation with the airport manager.

Powell will be in charge of the airfield work which will include working with fixed base operators, determining needs of pilots and flying clubs, study airport zone restrictions, make recommendations as to required work on runways, tie-down areas and taxi strips, study crash and emergency procedures.

Colner will have charge of the airport division which will include suggested improvements on the terminal building, auto parking areas, working with renters and tenants of the field, making a study of on-field and access roads and beautification work.

Kelker will handle public relations and any complaints or problems of airlines using the field. He will also answer complaints which may be brought up by airline passengers. In addition he will serve in liaison between the commission and the Idaho State Department of Aeronautics, officials of area airports and all major fields of the state. He will work closely with airlines in matter of scheduling flights and will make recommendations for additional flights or schedule changes.

All commission members will work closely with Harry Merrick, airport manager.

At the meeting Merrick told of current plans calling for application for state and federal funds to make further improvements in the Twin Falls field. Also discussed were current landing fees, overlay of the main runway, installation of taxi strip lights and plans to apply for a government operated control tower.

Antibiotic Penicillin was the first antibiotic to become available. In 1941 it was first employed in the treatment of human disease and by 1943 its clinical value was fully established.

Waterworks Unit Session Starts

BURLEY — The intermountain section of the American Waterworks Association opened its 13th annual meeting today at the Ponderosa Inn, with some 200 persons expected to attend.

William E. Dunn, Murray, Utah, trustee of the organization, conducted the morning session, with Burley Mayor Garis Robertson welcoming the group, and Donald M. Ellsworth, Idaho Falls, giving the response.

A film was viewed and Donald E. Anderson, safety supervisor for the Mountain Fuel Supply Co., spoke on safety. Purpose of the association is to advance knowledge, design, construction, operation and management of waterworks. Wives of delegates were entertained with a fashion show this afternoon following a joint luncheon. Wendell Gillespie, Idaho Falls, conducted the men's session this afternoon.

Speaking were Clifford W. Hamblin, St. Paul, Minn., national director; Palmer DeLong, bureau of reclamation, discussing water rights and how to save the rivers, and Richard Sherwood.

Homecoming Set Friday

FAIRFIELD — Camas County High School will hold its homecoming football game at 2 p. m. Friday with Richfield. There will be a parade with floats uptown at 1 p. m.

Homecoming queen candidates are Marilyn Cox, senior; Bevvy Kevan, Junior; Lori Lee, Sophomore and Debbie Tate, Freshman.

Friday will also be freshman initiation. A bonfire is planned for Thursday evening.

Notices Mailed

RICHFIELD — Warning notices giving 15 days for junk car removal were sent out Tuesday by Richfield city clerk, Ruth Swainston, on order of the city trustees.

Mrs. Swainston stated several notices were mailed to comply with a new ordinance requiring removal of unlicensed junk vehicles in the city. This applies to vehicles not currently licensed or being used for the purpose for which they were intended.

All Richfield residents are asked to co-operate with the new ordinance for removal of junk debris as well as wrecked cars. If junk cars are not removed within 15 days the city will have them removed and add the cost to the tax rolls.

Shoshone Crossing Repairs Planned

SHOSHONE — The crossing on Highway 93 in the center of the city, will be improved by the Union Pacific Railroad, according to report by Dennie Everett at the chamber of commerce meeting noon Tuesday.

Chamber members had written to railroad officials at Pocatello after their last meeting when note was made of the rouch condition of the crossing there and near the drug store corner A section crew will be brought in to do the work and new timber will be laid along the crossing area and it will be generally repaired over the roadway, Everett said, the work to begin next week and to be completed this month.

The chamber members asked their delegates to the North Side Communities meeting to seek opinion of other chambers regarding an employment survey. Solicitation of funds for such a survey has been made to the local chamber by the Wood River Resource area chairman, Don Fredericksen, Gooding. The Wood River Resource area includes Camas, Blaine, Gooding, Lincoln and Jerome counties. The survey would be done with an aim of preparation for any in-coming business opportunities or industries seeking location. The North Side Board will meet at 7:30 p. m. Thursday at the Manhattan cafe, Shoshone.

Success of the state highway open house Monday was reported by those who attended and a teachers reception was announced for 8 p. m. Monday, Sept. 28 at the Lincoln school cafeteria.

The chamber members decided to contact the city regarding condition of traffic signs along U. S. Highway 93 wherein trucks and trailers are not allowed to park in given areas.

The signs cannot be read from the highway, chamber vice president, Myron D. Johnson said. The city will be asked to assist in having them repainted.

Rogerson Road Mix Job Complete

SHOSHONE — Application of road mix on the Rogerson Three Creek road in the Twin Falls area is now complete, reports Howard Johnson, Shoshone, district highway engineer at the Shoshone office.

This was a contract project in amount of \$380,024.50 with Stanley Quigley, Boise, contractor. A distance of over six miles was involved, with work including construction of roadway drainage structures and roadmix pavement.

The Rock Creek project in Cassia and Twin Falls counties, also over six miles in length, is also complete now, and is open to traffic. Cost of this project was \$437,818.50 with construction of roadway, two concrete bridges and road mix pavement. Karl Woodall & Sons, Inc., Boise, did the work.

On U. S. 30 from Piler west, work is also progressing, with excavating of rock and installing of pipe through the rural portion of the project.

There has been no traffic delays as yet. This section involves over five miles of road, and construction cost set at \$1,503,519.70 by Twin Falls Construction Co.

A recent new project, steel underpasses on the Interstate 80N Wendell to Jerome, was let to King Construction Co., Boise, for \$621,420.50, Johnson said.

Other new projects this month are on U. S. 85, Pico and Thimbletong East area, at a cost of \$1,079,000.00 by Woodbury Construction Co., Boise, work to begin Sept. 28; State Highway 25, from the Eden corner east, for \$260,800, contracted by Allied Paving Co., Idaho Falls, with work to begin next week.

Federal Construction Co., Spokane, Wash., will begin work on the Overland Bridge State Highway 27, Sept. 28. They began work on the Hayburn bridge Sept. 15.

Excavating of roadway on State highway 24 and 8th street and State highway 77 in Minidoka and Cassia counties will begin this week, Johnson said. Gordon Paving Co., Burley, was the low bidder on the project, for \$220,000.

During the overlay operation on the bridges which will take about two weeks, traffic will be detoured on the Altway road and through Piler.

The bridge on the Snake River at Piler is scheduled for completion in late October.

Club Picks Jones Head

BURLEY — Mike Jones, Burley, was named temporary chairman of the Cassia County Young Republican Club at a meeting Tuesday night at the Ponderosa Inn.

Sharon Caldwell was named vice chairman. The group will meet at 8 p. m. Monday at the Idaho Bank and Trust Conference room to discuss the club's charter, draw up bylaws and make election plans.

Meeting Set

KETCHUM — Members of the Papoose Club will hold their initial meeting of the year at 8 p. m. Monday at the home of Joyce Loomis, Ketchum.

Business will include nomination of officers and planning for the Halloween party.

Today's Market And Financial Report

Stocks

NEW YORK (UPI)—Stocks were sharply higher as trading rounded the halfway point Wednesday.

The rebound was attributed to an announcement of a ceasefire in Jordan and some optimistic economic news.

The Dow Jones industrial average was ahead nearly 9 points at 756.30. More than 950 issues advanced, while only 286 pointed lower.

A three-hour turnover of 10,390,000 shares was up from 7,700,000 shares traded at a comparable period Tuesday.

King Hussein said the Jordanian government and Palestinian guerrillas had agreed to end their civil war. Hussein made the announcement in a joint statement with the mediation team sent to Amman by an Arab summit meeting at Cairo.

Providing additional lift for the market was a report by the Labor Department that the cost of living for Americans rose less in August than in any month since December, 1968, an indication that Washington's anti-inflation campaign is making progress.

Business

Successful Investing

By ROGER E. SPEAR

NEW YORK (UPI) — While job offers are down as much as 50 per cent at some colleges, starting salaries generally are higher and signs that the graduate job slump may be easing are appearing.

Even though 1.114 million white-collar workers were unemployed in August, 241,000 more than a year ago and the highest percentage in Bureau of Labor's statistical history, Temple University in Pennsylvania reported salary offers "up across the board." That was generally true of 41 other colleges and universities checked by UPI.

Accounts were the fair-haired graduates. All 105 graduates at Temple were hired at an average starting salary of \$10,100—up \$800 from last year.

Increased business mergers, new tax laws and the economic downturn may have created this demand for accountants," said Richard Delmonte, placement director at Rochester (N.Y.) Institute of Technology.

Statistics gathered by the University of Pennsylvania indicate better times ahead. Half of Penn's liberal arts graduates who were jobless in June have jobs today. All of its engineering graduates are employed even though 7 per cent were looking in June. Only five per cent of the 23 per cent of Penn's economics graduates jobless in June are today.

Most placement directors said graduates still could find work at good salaries if they kept trying, stayed mobile, were willing to "change directions" to ride out the recession and brought specialized skills to the prospective employer.

They also admitted teachers and liberal arts graduates had tough sledding now.

Starting salaries for graduates at Stevens Institute of Technology in New Jersey increased about 23 per cent in the last four years. It was \$8,100 in 1966; \$10,500 this year.

At the University of Pennsylvania, the average starting monthly salary for a woman graduate was \$663 compared with \$593 in 1969 and \$563 two years ago. Male graduates averaged \$793 this year compared with \$685 last year and \$590 in 1968. Accountants again stood out, averaging \$940 per month. Chemical engineers averaged \$902.

Selma, Phils Fume Over Officiating After Loss to Mets

PHILADELPHIA (UPI)—Arbiter Dick Selma, ace reliever for the Philadelphia Phillies, charged Tuesday night that the umpires in the New York Mets-Philadelphia Phillie game were so wrong that the game seemed a "fix."

Pirates Split, Mets Win, Cubs Washed Out

PITTSBURGH (UPI)—Pitcher Bob Veale's bunt single keyed a two-run fifth inning to give the Pittsburgh Pirates a 3-1 victory over Montreal and a doubleheader split Tuesday night after Bill Stoneman's single and six-hit pitching carried the Expos to a 1-0 victory in the opener.

The split kept the first place Pirates two games ahead of second place Chicago in the National League's Eastern Division. The Cubs' game in St. Louis was rained out. Veale, winning his first game since Sept. 1st, bunted safely to fill the bases in the fifth with the score tied 1-1 after Dave Cash had doubled to center and Gene Alley was hit by a pitch. The Expos allowed Veale's bunt along the third base line to keep rolling and after it appeared to roll foul it rolled about six inches fair and stayed there. That filled the bases and then Matty Alou punched a single to left to score Cash and Richie Hebner hit a sacrifice fly to center to score Alley.

Box score for Montreal vs Pittsburgh game.

Box score for Los Angeles vs Philadelphia game.

PHILADELPHIA (UPI)—Tommy Agee hit a slow hopping bases-loaded single through drawn-in Philadelphia infield in the ninth inning Tuesday night and the two runs that scored gave the New York Mets a 7-6 victory over the Phillies to stay alive in the National League East pennant chase.

Box score for New York vs Philadelphia game.

ATLANTA (UPI)—Mike Lum hit a single to deep third base with the bases loaded and nonc out in the ninth inning to drive in Felix Millan and give Atlanta a 3-2 victory over the San Diego Padres Tuesday night before 2,293 fans, the smallest turnout since the Braves moved to Atlanta.

Marathon Qualifying Mark Set

BOSTON (UPI)—In an effort to limit the huge entries list, the president of the Boston Athletic Association announced Tuesday that any competitor for the Boston Marathon previously must have completed a sanctioned marathon race within 3 1/2 hours.

"We have adopted rules that can be met by all bona fide competitors," explained BAA president Will Cloney. "In last year's race, 579 runners finished within 3 1/2 hours, and winner Ron Hill's record time was two hours, 10 minutes, 30 seconds. In the last quarter-century, the winner has always been under 2 1/2 hours, so setting the limit at 3 1/2 hours provides considerable leeway."

They were angry at starting pitcher Jim Bunning's being tossed from the game when he had a two-hitter going, angry about Larry Bowa being tossed out of the game for protesting a call in the seventh inning, and angry at a double play call in the ninth when they claimed Larry Hise was safe at first.

Syracuse Reinstates Players

SYRACUSE, N.Y. (UPI)—Syracuse University Chancellor John E. Corbally Jr. Tuesday announced the immediate reinstatement of eight suspended black athletes to the football team. Corbally said he was agreeing to a request by Coach Ben Schwartzwalder to take the players back.

There was no immediate word from the black players but a university spokesman said they were back on the team. The eight were suspended after they boycotted spring training in support of a demand that a black man be added to the coaching staff.

Bob Hewitt Felled by 75-Year-Old

LOS ANGELES (UPI)—South Africa's Bob Hewitt was hospitalized in good condition Tuesday after an irate 75-year-old tennis fan at the Pacific Southwest Open allegedly hit him with several karate chops.

Hewitt, 30, was taken to St. Vincent's Hospital Monday night with a mild concussion. He is expected to be released Wednesday night or Thursday. "Mr. Hewitt is alert and conscious," a hospital spokesman said.

Hewitt, a 200-pounder, reportedly was struck by two or three karate chops by Anthony B. "Tony" Heinsbergen, a member of the Los Angeles Tennis Club where the Open is being held. Heinsbergen is a well-known artist and interior designer.

The incident occurred in the dressing room after Hewitt and Heinsbergen, who is 5-foot-5 and 140 pounds, exchanged words during the South African pro's match with Mexico's Joaquin Loyo-Mayo. Loyo-Mayo won 6-2, 3-6, 6-3.

Harper Combines Power-Speed for Mark

MILWAUKEE (UPI)—Tommy Harper's 30th homer run of the year, a two-run blast that put him in the record books with only four other major league players, pulled the Milwaukee Brewers from behind in the seventh inning and sent them to a 4-2 victory over the California Angels Tuesday night.

Box score for Milwaukee vs California game.

BALTIMORE (UPI)—Catcher Andy Etchebarren drove six runs across with a single, double and home run to spark the Baltimore Orioles to a 10-2 victory over the Detroit Tigers Tuesday night.

Box score for Baltimore vs Detroit game.

NEW YORK (UPI)—Jerry Kenney singled home the tie-breaking run during a two-run fifth inning Tuesday night to give the New York Yankees a 2-1 victory over the Washington Senators for their fifth straight triumph.

Box score for New York vs Washington game.

CHICAGO (UPI)—Bobby Floyd singled home two runs in the top of the sixth inning Tuesday night to cap a three-run rally and help Kansas City whip the Chicago White Sox 6-2 in the second half of a two-night doubleheader after the Royals had won the opener, 2-1.

OAKLAND (UPI)—The Minnesota Twins, embarrassed by a no-hitter the previous night, clinched their second straight American League West pennant Tuesday night behind the hitting of Tony Oliva as they registered a 5-3 victory over the Oakland Athletics.

Horse's Height The height of a horse is measured in hands. A hand is four inches. Horses are measured from the ground to the highest point of the withers, which is the ridge between the shoulder bones.

FLAMELESS ELECTRIC LIVING FOR A NEATER, CLEANER WORLD.

Intrepid Coasts to Win To Lead Series by 3-0

NEWPORT, R. I. (UPI)—Gretel skipper Jim Hardy was faced with the almost impossible task today of winning four straight America's Cup races.

Defending Intrepid gained a 3-0 lead in the best-of-seven series for the coveted bottomless cup with a minute and 18 second victory Tuesday, but the margin isn't a clear-cut indication of the commanding lead since Gretel's second race victory was reversed in favor of the U.S. boat.

Intrepid's latest triumph was accomplished in heavier winds and the forecast for Thursday's fourth race indicates the same weather conditions.

Hardy's match race dilemma is one that few skippers, managers and coaches have surmised in sports. A loss Thursday also sends ailing Sir

Frank Packer back to Sydney with the knowledge he probably has issued his last challenge.

Intrepid skipper Bill Ficker was quicker on five of the six legs in Tuesday's race. He gained a slight lead at the start and was never headed as the defender made the first turn in 46 seconds, maintained that margin through the second reach leg and raised it to 56

seconds on the third turn. The fourth leg to windward cut Intrepid's lead to 53 seconds, but she gained ground on Gretel's tactical error on the fifth leg to lead by 1:16.

THE TIMES-NEWS SPORTS

Rams Established as 18-Point Favorites Against Buffalo

NEW YORK (UPI)—The Los Angeles Rams were made an 18-point favorite over the Buffalo Bills for their National Football League game Sunday in the most lopsided match predicted Tuesday by the oddsmakers.

In other Sunday NFL games, the Detroit Lions were picked by 13 over the Cincinnati Bengals, the Green Bay Packers four over the Atlanta Falcons, the Chicago Bears 11 over the Philadelphia Eagles, the Dallas Cowboys 9 1-2 over the New York Giants, the Houston Oilers over the Miami Dolphins, the Minnesota Vikings 14 over the New Orleans Saints, the St. Louis Cardinals two over the Washington Redskins, the Denver Broncos 2 1-2 over the Pittsburgh Steelers and the Oakland Raiders 3 1-2 over the San Diego Chargers.

The New York Jets' game against the Boston Patriots and Cleveland Browns' game with the San Francisco Forty Niners were not listed.

In the only Monday night game, the Kansas City Chiefs were picked by three over the Baltimore Colts.

Top-ranked Texas was made a 15 point favorite for Saturday night's college game with Texas Tech.

Elswhere, second-ranked Stanford opens its season against undefeated Texas A&M and while the Buckeyes are likely favorites, there were no odds listed on the inter-sectional game. Third-ranked Penn State, who ran it big against Navy last week, is a four point pick over Colorado while fourth-ranked Stanford is a 15 point choice over Oregon. Fifth ranked Southern California is favored by 15 over Iowa, No. 6 Missouri is eight over the Air Force, No. 9 Notre Dame is 13 over Purdue and 10th-ranked Michigan is eight over Washington. Mississippi (No. 7) and Nebraska (No. 8) were off the board.

In other games Duke is eight

Squires Fighting For Scott

NORFOLK, Va. (UPI)—The Virginia Squires of the American Basketball Association go to federal court Wednesday to keep forward Ray Scott, who jumped from the Buffalo Braves of the rival National Basketball Association.

The NBA expansion team at Buffalo has a contract with Scott, who was traded to the new team by Baltimore after the 1969-70 season ended. But Scott, who averaged about 15 points a game in nine NBA seasons, signed another contract with Squires owner Earl Foreman earlier this month.

He said he did not want to play in Buffalo, but the Braves have asked a U.S. District Court here to prohibit Scott from playing with anyone but them. The Braves also seek \$304,000 in damages from the Squires.

Foreman told a local sports club earlier this week: "I have given coach Al Bianchi my word that he will have Scott for this season. I am very optimistic about the case."

Foreman said he signed Scott "for retaliation" against the NBA Boston Celtics, who signed Garfield Smith away from the Squires. The Squires have made no legal moves to get Smith back.

The owner, who moved his franchise here from Washington earlier this year, said his contract with Scott "is not only for playing basketball. It goes beyond his playing days."

"He is the type of person I want to represent my team and he can especially be a bridge to the black community," Foreman said.

Atlanta Rehires Harris

ATLANTA (UPI)—Luman Harris has been rehired as manager of the Atlanta Braves for the 1971 season with a "handsome raise" in salary, the club announced Tuesday night.

The retention of Harris, 55, came as no surprise despite the Braves' failure this year after winning the Western Division of the National League in 1969. Braves President William C. Bartholomay, who made the announcement, said Harris had done "a good job" under adverse conditions.

Harris, winding up his third full season as Braves manager, has seen his team fall into the second division of the National League West, 22 1-2 games back of division winner Cincinnati going into Tuesday night's game.

Trot Favorite Has Bad Draw

DELAWARE, Ohio (UPI)—Columbia George, an early choice along with Most Happy Fella to win Thursday's \$100,000 Little Brown Jug at the Delaware County Fairground here, was stripped of his co-favorites role Tuesday by the luck of the draw.

Roland Beaulieu, who trains and drives the big bay son of Good Time, drew No. 11 out of the bottle at Tuesday's position draw, placing him on the outside of the second tier in the 11-horse race.

Most Happy Fella, owned and driven by Stanley Dancer, was placed in the No. 6 position, in the front row of horses.

TF City Tourney Starts

A new champion will be crowned in the Twin Falls Men's city match play championship this year as defending titlist Larry Malone is attending college and will not be on hand.

Two former winners trying to regain their laurels are Verl Mechem and Sherm Williams. Professional Clyde Thomsen said matches should be played at a rate of one per week through conclusion. Competitors should set up their own playing dates and times.

The first-round pairings include:

Championship flight
P. McRoberts vs. D. Rupert; R. Reed vs. P. Ingram; J. Thomsen vs. S. Williams; R. Wright vs. B. Dewald; J. Blandford vs. V. Mechem; B. Young vs. L. Waldren; D. Lowman vs. G. Rene, and D. Serpa vs. D. Timpon.

First Flight
B. Wills vs. B. Mechem; J. Commander vs. G. Crockett; J. Hollenback vs. B. Slater; J. Rasmussen vs. B. Miller; D. Whatcott vs. M. Boyd; G. Roland vs. B. Wighting; L. Hatch vs. D. Hutchings, and S. Pietz vs. G. Jenkins.

Second Flight
J. Thompson vs. D. Douglas; J. Irwin vs. D. Sanden; J. Murray vs. W. Ballard; S. Carter vs. S. Meyer; A. Duncan vs. B. Bollinger; J. Carlton vs. B. Parenteau; A. Nelson vs. D. Meadows, and Dave Lawley vs. J. Miller.

Texas Tech Finds No Weakness in Longhorns

By MIKE RABUN UPI Sports Writer

What do you do when you are playing the No. 1 team in the nation and you don't see a weakness from their offensive line to their second string tuba player?

"We are just going to try to do what we do best," Jim Carlen said. "We don't want to change from what we have been doing to attack some weakness, because they don't have a weakness."

"Evidently what we do best is run the football, but we have not played a football team like

Texas."

Carlen, coach of the Texas Tech Red Raiders, sends his club against the top-ranked Longhorns Saturday night in Lubbock, and he has learned a lot from Texas' opening 56-15 slaughter of California.

"I have never coached a team that has played against the three-back triple option," said Carlen. "It will be a new experience for us."

And last week Texas changed up a little. Their lead back blocked to the inside instead of leading the play to the outside. And something else. Eddie Phillips (Texas junior quarterback) is a better runner than James Street.

"In that format you can turn the quarterback loose, and that is what California did last week. Phillips made a beliver out of me."

Phillips carried the ball nine times against California for 129 yards, scored two touchdowns and directed Texas to touchdowns on five of six drives.

"The way Texas ran the option last Saturday, I don't think they should run anything else," said the Tech coach. "I know I wouldn't."

Although the game will be in the national spotlight, and although it will rematch two unbeaten clubs in the first Southwest Conference league encounter of the year, Carlen

does tend to go overboard on its meaning.

"Sure it's one of the biggest games I've coached," he said. "But it's not the biggest. I think our Penn State game last year (when Carlen was coach at West Virginia) was a very big game."

Carlen's own club has knocked off two opponents, but he still finds reasons to be unhappy.

"We are making too many mistakes to beat a good football team," he said. "We brought the second team offense in last week against Kansas, and they performed way below average. We might have scored a couple of more touchdowns (Tech won 23-0 as it was) except for mistakes."

Carlen found out quickly, in looking at Texas game films, that the Longhorns were not hurting.

Pitts Signs Ram Contract

LOS ANGELES (UPI)—Running back Elijah Pitts, who played nine years with Green Bay Packers, was signed Tuesday to a ready reserve contract with the Los Angeles Rams.

Pitts was traded to the Chicago Bears prior to this season, and the Bears released the 6-10, 210-pound player last week.

Pitts, 31, is beginning his 10th season in the National Football League.

At the same time, the Rams announced offensive tackle Lane Howell was being released.

Thurmond Inks 2-Year Pact With Warriors

SAN FRANCISCO (UPI)—Center Nate Thurmond signed a new two-year contract with the San Francisco Warriors Tuesday at an undisclosed increase in salary.

The defensive and rebounding star will enter his eighth National Basketball Association year hoping his injured knee, which failed last year after 43 games, will allow him to play a full season—a rare occurrence in his injury-plagued career.

General Manager Bob Ferri of the Warriors did not disclose terms of the new contract, but it was not the five-year, \$1 million deal Thurmond at one time said he wanted. He will be the highest-paid Warrior, though.

Thurmond "retired" from professional basketball last January while bed-ridden at St. Mary's Hospital where he was operated on for a torn lateral cartilage of his right knee suffered in a game Jan. 16.

At that time he said he wouldn't return to play pro basketball unless he got a contract which said he did not have to play 48 minutes per game, unless Rick Barry returned to the Warriors, and unless Franklin Miell "says he can't do without me."

Thurmond, 29, tested his knee in a workout with the team Monday night and, according to the Warriors, "demonstrated that he is able to run hard."

Thurmond will appear in the Warriors' annual intrasquad game at San Jose City College at 7 p.m. Tuesday night.

Barry, Thurmond's hoped-for teammate, jumped to the Oakland Oaks of the American Basketball Association from the Warriors several years ago. He has been unsuccessful in trying to return to the Warriors since the Oaks franchise was moved out of town.

Cubs Add Wilhelm to Bullpen

ATLANTA (UPI)—The Chicago Cubs, a contender in the tight National League east race, picked up knuckleballer Hoyt Wilhelm from the Atlanta Braves on waivers Tuesday amid speculation that the Braves have a better after-the-season-deal in mind.

The Atlanta Journal predicted that the Braves may get Cubs shortstop Don Kessinger—but, of course, neither the Braves nor the Cubs will comment on this.

The Cubs, two games behind the Pittsburgh Pirates with less than two weeks to go, obviously wanted Wilhelm as bullpen insurance for their stretch drive.

Smith Fights Joining Sonics

MILWAUKEE (UPI)—Forward Don Smith of the Milwaukee Bucks may sue the team for trading him to the Seattle SuperSonics on grounds it would be a hardship on his family and because of certain "ambiguities" in his contract.

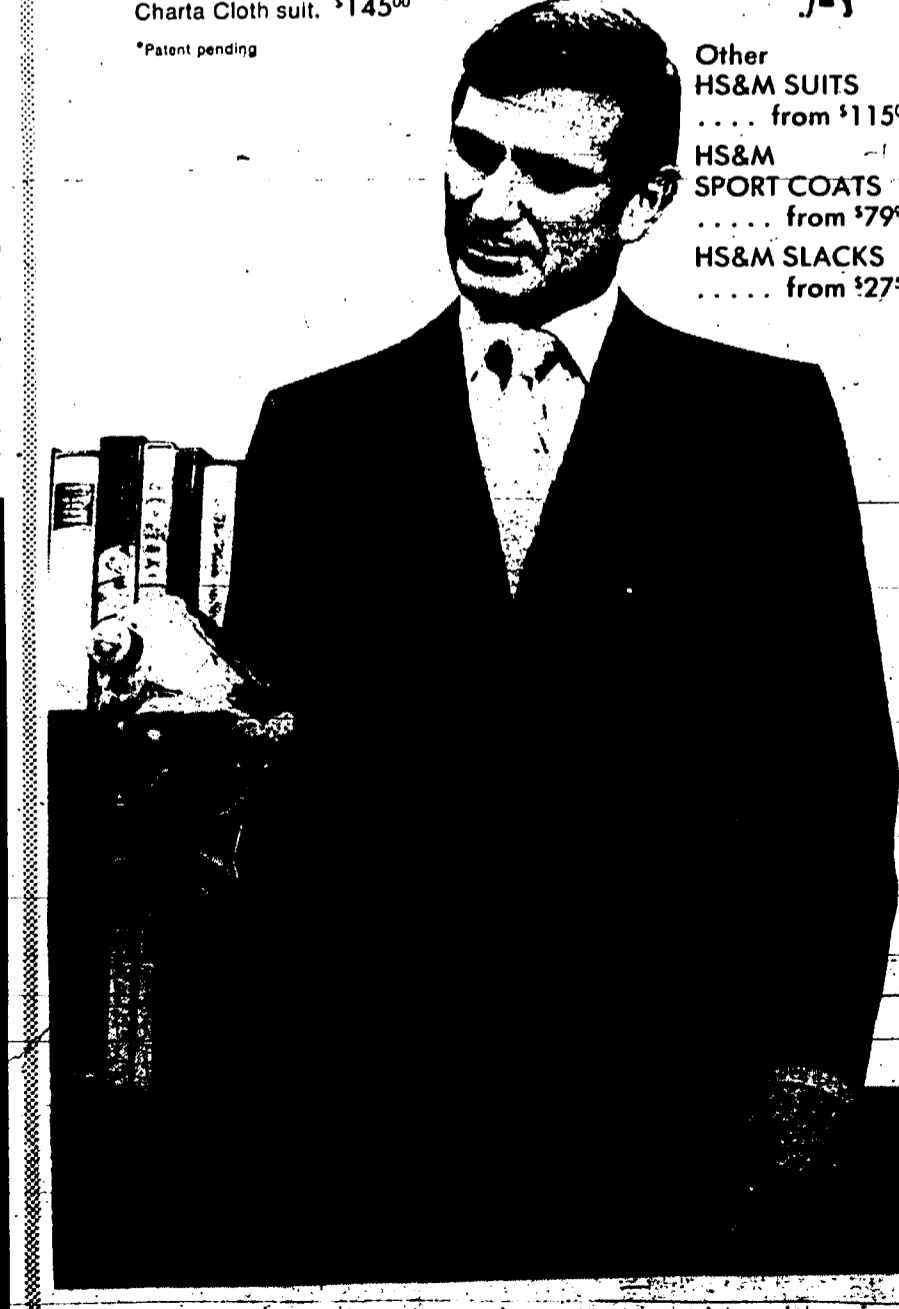

Smith has refused to report to Seattle, and the West Coast team Monday suspended him and said he would be fined \$500 for each day of absence from its training camp in Port Angeles, Wash.

"We're considering a lawsuit," said Atty. Lloyd Barbee, who has been retained along with Atty. Ray McCann. Smith said after the trade last Thursday for Lucian Allen and Bob Boozer that he may retire.

Why do the top fashion models use AR-EX foundation lotion?

Ask any model. She'll tell you that AR-EX is liquid velvet on your skin.

That it's a miracle worker at keeping your face forever young and smooth and photogenic.

But frequently models with sensitive skins develop cosmetic allergy, and grow frantic with worry.

And then it's a cruel world.

But only until they discover the blessing of AR-EX hypo-allergenic foundation lotion, so gentle and beauty-rich—with all the glamour left in, but all the angry irritants kept out.

Once you use AR-EX, you'll never switch. And why should you? Glamour is always your feminine right. Make the most of it.

	Pass	6 ♠	Pass
Opening lead—♣ K			

his king of spades and queen of hearts, are two more face cards than he has promised by his spade response to the takeout double. Expert South bids four spades confidently and makes his contract with no trouble at all.

The inexperienced player would probably have jumped to four spades with the North hand and would have attained the same happy result because South would not move. However, give South a bust and three spades will still be a good contract, while four spades would be a losing one.

Incidentally, an expert might bid a trifle stronger with the North hand by re-bidding two clubs as a cue bid and then going to three spades. This is very high level but quite common in some expert circles, where the more complicated the bidding, the stronger the hand being shown.

(Newspaper Enterprise Assn.)

CARD SENSE

The bidding has been:

West	North	East	South
Pass	2 ♣	Pass	1 ♠
Pass	4 N.T.	Pass	5 ♣
Pass	5 N.T.	Pass	6 ♣
Pass	6 ♣	Pass	

You, South, hold:
♠ A K 8 7 6 ♥ K J 3 2 ♦ Q 4 3 2

What do you do now?
A—Pass. Your partner intended to support spades all along. You have nothing extra to bid.

TODAY'S QUESTION

Instead of bidding two hearts your partner has responded two diamonds. What do you do now?
Answer Tomorrow

Alan Truscott points out that one of the most common mistakes made by inexperienced players is to overbid with a good hand and to underbid with a bad one.

This overbidding with a good hand does them no harm if their partner can come up with a little valuable material in his bad hand. If he doesn't, the overbidder goes down and complains about bad luck.

Now take a look at the bidding in the box of today's hand. North has a very sound double of the club opening bid and is delighted with his partner's spade response. He is tempted to jump to four spades but merely bids three. He knows that South has promised nothing by his spade bid. South has very little but

REX MORGAN

A STUDY OF crime among college students indicates freshmen and sophomores are far more apt to steal stuff than juniors and seniors. THE HISTORICAL RECORD shows George Washington wanted all U.S. presidents, including himself, to be addressed as "His Mightiness." IT HAS BEEN FOUND those youngsters who still horse around with hulu hoops are most skillful in their performance when they are exceedingly tired.

PERSONAL NOTE - Am asked if I ever kept a diary. Tried to. Once or twice. As a youngster. But not for long. Nobody tells the truth in a diary. Recall the account of the elderly Puritan minister? He compiled 27 volumes of his personal journals. Mostly they held the lofty reflections of a saintly outlook. However, the pages were frequently footnoted with the initials "T.F." And it wasn't until years later his heirs discovered in other of his papers that those letters meant "Tempted" and "Fell."

AVERAGE NUMBER of players in high school bands is 40, average age of said players is 15. BROWN SUGAR is never made from beets, never ever. A FEMINE CLIENT in Arkansas says she knows a Mr. and Mrs. Carr who named their little boy Ford, ho ho. MAGNETIC COMPASS of the Chinese always points south. YOUNG LADY, IF you're 24 and single, chances run one in five you'll marry within the next 12 months.

LOVE AND WAR - "When I was going with the girl who later was to become my wife, I frequently ate dinner at her apartment," writes a Georgia gentleman. "It was the third time I ate her salad that I knew she was the girl for me. It wasn't just good. It was consistent. A girl whose salad turns out different every time is a scatterbrain. But if her salads are always the same, she's a good logical reasonable woman. My old man believed that, and so do I."

CUSTOMER SERVICE - Q. "Which got started first in this country, the Girl Scouts or the Camp Fire Girls?" A. The Girl Scouts. They beat the Camp Fire Girls with their organizational announcement by five days. In March of 1912. It might be noted those Scouts originally called themselves the Girl Guides.

SO YOU SAY your dad ridicules your mustache, young fellow? Think nothing of it. You know what old Charles Dickens said about mustaches: "They are glorious, glorious! Without them life would be a blank!" ANY POET WHO gets impatient with his performance ought not. "Elegy Written in a Country Churchyard" has 128 lines. But it took Thomas Gray eight years to finish it. That's not much better than one line every 23 days.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 99068, Seattle, Wash. 98199. (© 1970, McNaught Syndicate, Inc.)
