TWIN FALLS, IDAHO, WEDNESDAY, OCTOBER 21, 1970

TEN CENTS

At ready ...

PISTOL CARRYING soldier escorts former Canadian prime minister John Diefenbaker

following national memorial services at Ottawa for slain Quebec Labor Minister Pierre LaPorte. (UPI)

Kidnapers ask 'trade'

MONTREAL (UPI)—Quebec Provincial Police early today received word from an anonymous caller that the Quebec Liberation Front may be willing to accept a government offer for safe passage to Cuba in exchange for the release of kidnapped British diplomat James R. Cross.

The caller said the FLQ would communicate with police again at 6 p.m. (EDT) today, presumably to indicate if they will accept government conditions that they bring Cross to Concordia Bridge linking Montreal and the Expo '67 World's Fair site.

Cross is to be left there in the custody of the Cuban consul and released when the kidnapers reach Cuba.

QPP spokesman Constable Claude Talbot said the police

had received a call from someone who claimed to speak for the kidnapers of Cross just hours after Quebec Cabinet Minister Pierre Laporte was buried in a cemetery on the slope of Mount Royal.

Talbot said the first call from the FLQ came at around midnight (EDT). The caller said the kidnapers were "interested" in the government's offer.

The QPP broadcast a message over the Montreal French-language Radio Station CKLM, asking the caller to call the police again to verify the first message. The caller did, and then the police gave the caller a question to ask Cross, presumably to indicate if he is alive.

A third call was received from the caller around 2:30 a.m. (EDT). The caller said the FLQ would get in touch with the police at 6 p.m. today, but gave no reply from Cross on the question police wanted him to answer.

Talbot said the police were not entirely sure the calls were bonafide.

"Your guess is as good as mine. We'll just have to see," he said.

Murder packet goes to FBI

TWIN FALLS — A large package of evidence gathered from the scene of the murder of Jerome farmer Reuben Stohler and recovered car has been sent from Twin Falls to the FBI laboratories in Washington, D. C.

Jerome County Sheriff James (Pat) Burns said today the evidence will be compared and analyzed by the federal investigators.

Detectives of the Twin Falls police department have been assisting Jerome authorities in investigating the September slaying of Stohler.

Ruling cuts drug charge

By BONNIE BAIRD JONES
Times-News Staff Writer
TWIN FALLS — Felony charges of possession of an enumerated drug, were dismissed Tuesday afternoon against a Twin Falls man

scheduled for trial in Fifth Judicial District Court and a new misdemeanor charge was immediately filed against the defendant.

District Judge James M. Cunningham dismissed the charge against James Joseph Rich, about 21, after having issued an opinion on a Bannock County case transferred to his court.

Yank wins Nobel

OSLO (UPI)—The 1970 Nobel Peace Prize was awarded today to Dr. Norman Ernest Borlaug, an American agricultural scientist, for his research into new types of wheat that could help the world's hunger problem.

The Norwegian Nobel Committee said the \$78,400 prize was awarded to Borlaug for studies that developed wheat strains which give bigger yields than older types.

It said his work had resulted in larger harvests in a number of developing nations, including Mexico, Pakistan and India.

Borlaug was born in Cresco, Iowa, of Norwegian parents and was educated at the University of Minnesota where he took his doctor's degree in plant pathology.

The 56-year-old laureate is the head of the International Maize and Wheat Improvement Center in Mexico City.

Sources close to the Nobel Committee said the United Nations, celebrating its 25th birthday, and the World Council of Churches were among the nominees.

Brazilian Archbishop Dom Helder Camara, Italian humanitarian Danilo Dolci and Indian social reformer Linoba Bhawe also were mentioned.

The Nobel Committee, made up of five parliament-appointed members always keeps the candidate list a secret until the announcement of the winner.

King Olav V traditionally hands the prize winner, the \$78,400 check and an award diploma at an Oslo University ceremony Dec. 10, the anniversary of Nobel's death in 1896.

The International Labor Organization (ILO) received the prize last year and Rene Cassin, president of the European Court for Human Rights, won it in 1968.

Judge Cunningham ruled the possession of enumerated drugs prior to March 14, 1970, constituted a misdemeanor rather than a felony.

He said a conflict in the state statute which was not ratified until March of 1970 by the state legislature, made the crime a felony under one section but a misdemeanor under another.

"The crime was listed both as a felony and a misdemeanor at the time the alleged crime was committed. It is therefore assumed," he said, "charging a defendant with a felony based and grounded upon acts which also constitute a misdemeanor is the denial of due process under the federal constitution."

The second complaint against Rich was filed Tuesday afternoon in Twin Falls County Probate Court, charging a misdemeanor on a crime allegedly committed last December.

The memorandum opinion issued by Judge Cunningham late last Friday involved felony charges in Bannock County.

Judge Cunningham agreed the opinion could hold considerable interest for persons who might be serving time in the state penitentiary on felony convictions involving enumerated drug possession.

Twin Falls Prosecuting Attorney Robert Galley said he could think of only two felony convictions on possession charges in this area.

Firemen pick agent

TWIN FALLS — City firemen voted Tuesday to be represented by the International Association of Firefighters, Local 1558, in this year's salary negotiations.

According to Clare Harkins, union secretary-treasurer, all of 32 votes cast by the firemen favored assigning the new role to the union. Three firemen who were out of town did not vote, he said.

The city firemen had been charter members of the association, but had not authorized the association as their bargaining representative.

Defiance ...

POLICEMAN ARRESTS unidentified girl during disturbance at racially tense George Washington High School in Denver, Colo., Tuesday. Eleven persons were arrested, nine were hurt. (UPI)

'Doom'

Irish banks set to open

DUBLIN (UPI)—A sort of financial doomsday arrived today for Irish wage earners and businessmen alike. The banks reopened after a six-month shutdown during which people wrote \$8.4 billion in checks without knowing if they were in the red or the black.

Bank officials and clerks worked overtime behind closed doors in the Irish republic's 600 banks tackling the piles of checks accumulated since the doors were closed April 30.

The 6,800 members of the Bank Officials Association, a labor union, voted Monday to accept a new wage offer by the banks and go back to work.

Bank directors warned their customers it would be weeks and maybe even months before their accounts made any sense. The first task was to clear about 2 million checks and money orders already in the banks before the shutdown.

After that will begin the job of checking and sorting the 12 to 15 million checks stacked up in pubs, supermarkets, department stores and other businesses across the nation.

The banks said they had \$8.4 billion worth of checks awaiting handling by staffs working overtime.

Few people had any notion of how they stood financially. Many had bank orders to take care of regular and routine payments such as installment payments, insurance premiums

and scores of other monthly items.

When the shutdown came, customers were unable to get money from their accounts. Few had put the money aside against the day the banks reopened and the result was the banks are scooping up nine months of arrears before turning their attention to checks written later.

The banks asked firms to pay wages by cash if possible in an effort to speed resumption of normal banking service.

FHA loan supply up

WASHINGTON (UPI)—The supply of money for FHA-insured home loans is more plentiful than it has been at any time in the past 16 months, the government reported Tuesday.

The department of Housing and Urban Development said 77 per cent of regional FHA directors reported funds were adequate in their area for making FHA-insured loans as of Oct. 1. The percentage was up from 69 per cent on Sept. 1 and almost double the low of 39 per cent recorded last Feb. 1.

HUD also indicated the average yield on secondary sales of FHA mortgages declined from 8.07 per cent to 8.01 per cent last month.

Real pay falls

WASHINGTON (UPI)—The Commerce Department says increases in personal income kept pace with inflation in only eight states and the District of Columbia during the second quarter of the year.

There was a nationwide increase in prices of 4.3 per cent. In seven of those states, it actually declined.

The average personal income of the nation rose 2.4 per cent during the quarter to a seasonally adjusted rate of \$47.7 billion.

The states that recorded a 4.3 per cent increase or more in personal income were Colorado, 6.7 per cent; Arizona, 6 per cent; the District of Columbia, 5.8 per cent; Arkansas, 5.4 per cent; Maryland, 5.3 per cent; Mississippi, 5.1 per cent; Idaho, 5 per cent; Kentucky 4.8 per cent and Virginia, 4.6 per cent.

The states in which personal income declined were Connecticut, 0.5 per cent; Minnesota, 0.5 per cent; Missouri, 0.6 per cent; Kansas, 2 per cent; Wyoming, 2.5 per cent; North Dakota, 4.4 per cent, and South Dakota, 5.4 per cent.

Costs jump

WASHINGTON (UPI)—The cost of living for Americans registered an increase of one-half of one per cent in September, the government reported today. Price rises occurred over a broad range of categories including such essentials as clothing and shelter.

The increase was more than double the rate in August when the Nixon administration said a 0.2 per cent rise was evidence that its anti-inflation drive was succeeding.

The report of the 0.5 per cent jump was considered bad news by administration economists—especially coming as it did less than two weeks before the congressional elections.

The September rise, computed after seasonal adjustments, compared with lower increases for three consecutive months following a steady increase ranging between 0.4 per cent and 0.8 per cent earlier in the year.

The seasonally adjusted increases were 0.3 per cent in both June and July before the 0.2 per cent drop in August. The September increase pushed the index to 138.6.

County officials would be elected

TWIN FALLS — Elected county officials in Idaho will continue to be elected by the people under terms of the updated Idaho Constitution, according to Mrs. Roy Slotten, president of the Twin Falls chapter of the League of Women Voters.

Mrs. Slotten, answering questions from county officials about their status in the revised constitution, said that Article 12, Section 1, of the revision states:

"As used in this and other articles of this constitution, the term political subdivision shall mean any public entity organized in the manner

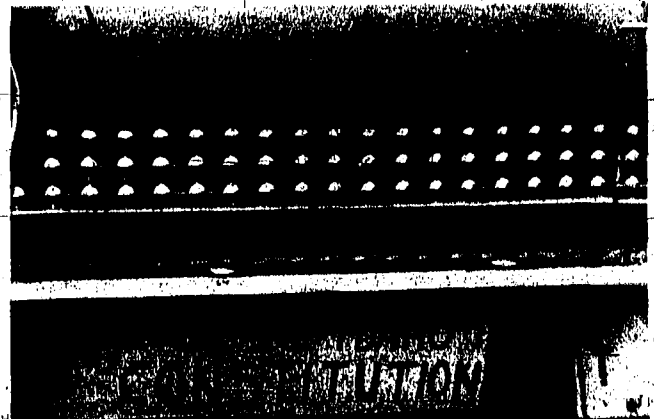

prescribed by law, with boundaries in some defined portion of the state and with officials who are elected by voters residing or owning land within such boundaries or who are appointed by officials so elected."

"Therefore," Mrs. Slotten noted, "by definition of a county of other political subdivision, it is clear that the county must have officials and that the officials must be elected by the voters residing in the county."

In addition, Section 2 of Article 12 specifies that "The 1890 Constitution specifies that counties may be consolidated 'upon approval of a two-thirds majority in each county' ..."

no existing county may be divided or dissolved or consolidated with any other county or counties except upon approval of a majority vote in each county of the qualified electors voting on the question."

This revised version, specifying that only a simple majority vote is required for county consolidation, is a stronger safeguard for the public than the existing constitution, Mrs. Slotten said. The 1890 Constitution specifies that counties may be consolidated "upon approval of a two-thirds majority in each county' ..."

T H O U S A N D S

UNITED

TODAY'S TOTAL \$52,191.35

By United Press International
Candidates for state and congressional offices began Tuesday to step-up campaign activities with the Idaho general election just 14 days away.

In Malad, Gov. Don Samuelson said the state's minerals don't do any good in the ground. "I'd better to bring a nation to its knees than to lock up its resources."

Democratic gubernatorial candidate Cecil Andrus made a stop in Shelley and said he would replace Agriculture Commissioner Stanley I. Trenthall if elected governor. Andrus said he would make the department a "first-class" department, and said

Trenthall does not represent the farmer.

Earl Manchester, state chairman of the American Party, said he sent a letter to President Nixon asking the federal government to return all of the federally owned land in Idaho to the state. He thinks the state should be able to solve its own problem without assistance from the federal government.

Democratic State Chairman Joe McCarter says Republican candidate for state auditor Jack Holley is unfamiliar with state government despite his three years in Idaho government. McCarter said reports submitted by Holley in his capacity as

state budget director to the state auditor's office fail to disclose any of the alleged shortages at the state penitentiary of \$50,000 in inventories.

Roland Wilber, Republican state chairman, commenting on a recent speech by Director of Administrative Services Edward Sawyer, said its effect on McCarter resulted in "howls of anguish." Wilber said contentions state officials should not be involved in campaigns is just "another political trick—namely if you can't refute the speaker's arguments, attack the speaker."

State Auditor Joe Williams said Holley was trying to make a political issue out of embezzlement of highway department funds and said the statements would mislead Idaho's voters.

Holley, meanwhile, called for a stop to "petty bickering" and said it is time to get down to the "serious business of efficiently operating Idaho's government in the 1970s." He charged Williams had used costly computer equipment as a "high speed typewriter," and

said no attempt has been made to keep track of accumulated deductions of paychecks.

Rep. Orval Hansen, a Republican seeking re-election in the Second District, said Idaho should elect a full slate of candidates to aid President Nixon.

His opponent, Marden Wells, of Roberts, said Hansen and the Idaho Environmental Council were "nothing more than political bedfellows of the eastern establishment" who would "stop at nothing to cram the Sawtooth National Park Bill down the throats of Idaho citizens."

Democratic candidate for lieutenant governor Paul S. Boyd, said he is "encouraged North Idaho would produce the largest Democratic vote ever seen." He said Idahoans are ready for a change after 25 years of Republican rule.

Tony Park, Democratic candidate for attorney general, said he deplores Attorney General Robert M. Rabson's handling of the environmental problems on Lake Coeur d'Alene. Park said work being done by private developers near the lake is "a blatant trespass on state land because all the people of the state own the bed of Lake Coeur d'Alene."

Bill Brauner, Democratic candidate for congress from the First District, said his opponent, Rep. James McClure, a Republican, is working directly against the people in his backing of the President's fight against inflation.

Gooding men hear of SBA

GOODING — Vic Goertzen, Boise, Small Business Administration official, discussed the agency's services with members of the Gooding Chamber of Commerce Tuesday afternoon.

Goertzen showed a film and answered questions concerning different areas of business where SBA might be of service to Gooding.

Rev. Gordon Watson, secretary, said anyone with questions about SBA can direct them to the chamber to be sent to Goertzen.

Worried About FALSE TEETH Coming Loose?

Get easy-to-use PASTETITE at all drug stores.

TWIN FALLS — A public information meeting will be conducted at 7:30 p.m. Oct. 27 at the Holiday Inn in Twin Falls by the Idaho Water Resource Board, according to Robert Lee, director.

The Twin Falls meeting is one of a series being conducted in Idaho to acquaint the public with board activities in water planning and development, particularly in the Columbia-North, Pacific Framework Study and the Great Basin Framework Study, Dr. Lee said.

Area members of the board are Tom Olmstead, Twin Falls, and Charlie Marshall, Jerome.

VOTE FOR NELSON KING

Kistler police pistol champion

TWIN FALLS — James Kistler, a detective with the Twin Falls Police Department, has been named department grand champion pistol shooter for 1970.

Chief Frank Barnett said trophies will be presented to Kistler and winners in other divisions at a department meeting in December. Kistler scored 569 points.

Others ranking high in competition were: Class A, Ron Strolberg, first; Frank Lamm, second; and Cliff Sharp, third; Class B, Ron Garay, first; Dan Lammers, second, and John Wellard, third, and Class C, Robert Collins, first; Collins

Peavey decries liberal voting

SHOSHONE — "A liberal will vote for every program in the book," state Sen. John Peavey, Republican, District 21, said at the Shoshone PTA meeting here Monday night.

Peavey called for a vote of the people on his conservative stand, pointing to the calm in Idaho schools and universities as a credit to the state and students, and although he said the ills of the nation should be recognized, he condemned the methods of violence used by many today.

E. V. McHan, candidate for state representative, also on the Republican ticket, called for "a little more discipline over crime and youthful violators," took a strong stand for more vocational training schools,

Hearing requested

TWIN FALLS — A man accused of embezzling \$174 from a Twin Falls trash collection firm requested a preliminary hearing when he was arraigned in Twin Falls Police Court Tuesday.

Man fined

TWIN FALLS — Robert Ellsworth, 64, was found guilty in Twin Falls Police Court Tuesday of disorderly conduct. Judge Harry Turner imposed a fine of \$70 and 60 days and a jail sentence of 20 days, which was suspended.

The complaint against Ellsworth was brought by a Twin Falls woman who alleged Ellsworth offered money to her daughter and another child if they would divorce

Rites set

TUTTLE — Announcement has been made that the Grange degrees will be conferred at the national Grange session in Boise on Nov. 14, according to Gooding County Pomona Grange Master Elmer Hanson.

The fifth degree will be given at 8:30 a.m., the sixth at 10:30 a.m., the seventh at 9:30 a.m. and 12:30 p.m.

Hanson asks all Gooding County Grangers to inform him or their subordinate master if they wish to receive this work or any part of it. A charge of \$7 will be made for the seventh degree.

A Lesson

An advertisement for a movie called "Tora! Tora! Tora!" about the Japanese attack on Pearl Harbor...

believe it could isolate itself from the rest of the world in a posture of military weakness and be left alone in peace.

Ever since that belief went down with the thousands of American fighting men on December 7, 1941, we have tried to make sure that the error of the 1930s is never repeated.

Ironically, that is the actual implication of the ad — that a really smart hombre ought to have been so prepared for war that nobody could have caught him with his guard down.

But that is not the message of the ad writers. As usual, they are pandering to the lowest intellectual level, which these days takes the form of knocking America under the guise of idealism.

And since history is "irrelevant," they can conveniently forget that it was precisely because of Pearl Harbor — which was, as it turned out, a Japanese bungle — that there was a sequel called "Son of Tora! Tora! Tora!"

MR. SPECTATOR

After 64 Years

MRS. REDPATH — MRS. COOK

It was a 64-year period between visits but just the other day two women — sisters — ended all that and talked over a lot of things including the days when they were together in Edinburgh, Scotland.

The two sisters — Mrs. J. M. (Jane) Cook, 88, Twin Falls, and Mrs. Margaret Redpath, 76, Scotland — got together for a few days in Twin Falls and more visiting in Salt Lake City, Ogden and San Francisco.

St. North. They next operated the Plainview Grocery near the Twin Falls Labor Camp and still later Cooks Motel on Addison Avenue West. Mr. Cook died in 1955 and Mrs. Cook now resides at 352 Fifth Avenue N.

Mrs. Cook and her sister, Mrs. Redpath, mothered eight children between them. Four are still living. Three children were at the airport when the two sisters met in Salt Lake City.

WASHINGTON — This is not a nice column, in the sense that horror is not nice. But it is spread over the record in the belief that since guerrilla terrorism in the United States has become a fact of life, the public's right to know is vitally involved.

It's Not A Nice Column... stated that young radicals may try to kidnap U.S. officials while they are campaigning. This fall, Sullivan omitted the statement in delivering the speech to the annual United Press International Editors and Publishers Conference in Williamsburg, Va., for reasons left unexplained at the time.

Two men head the list: Vice President Spiro Agnew and Atty. Gen. John Mitchell. Others fingered include Chief Justice Warren Burger, Defense Secretary Melvin Laird and Secretary of State William P. Rogers.

That Ain't Bunting

ROWLAND EVANS AND ROBERT NOVAK

The Kennedy Puzzle

LAWRENCE, Mass. — Sen. Edward M. Kennedy's hold on the masses, now seriously doubted by Massachusetts politicians who once were his sycophants, was displayed in a remarkable incident last week during his Senate reelection campaign.

the years beyond. This includes one well placed Massachusetts Democrat who a year ago told us the Chappaquiddick affair did not eliminate Kennedy from 1972.

did not eliminate Kennedy from 1972. "I've changed my mind," he now says. "I've been talking to Democrats from other states.

ART BUCHWALD

On Rhetoric

WASHINGTON — The Commission on Obscenity and Pornography has just released its controversial report on the effects of pornography on the American people, particularly children.

It put couples in rooms and showed TV films of Agnew speeches. In almost all cases the couples denied the speeches had excited them. And while some admitted to becoming highly agitated by hearing words they had never heard before, most respondents claimed they had forgotten what he had said in an hour.

GEORGE C. THOSTESON, M.D.

Cirrhosis

Dear Dr. Thosteson: I noted the patient with cirrhosis of the liver who said that (besides alcohol) fried foods must be eliminated. I too have cirrhosis, but no such restriction has been required of me.

The absence or low level of fluid retention and on liver function tests which now show normal or near normal. The liver, unless too drastically damaged, fortunately has great powers of regeneration.

A balanced diet is used for cirrhosis with, as in your case, salt restriction. A balanced diet means a moderate amount of fat.

Colitis can include a variety of intestinal ailments from serious to merely uncomfortable. For a better understanding of its causes and treatments, write to Dr. Thosteson in care of this paper for his booklet, "Colitis and Kindred Complaints," enclosing 25 cents in coin and a long, stamped, self-addressed envelope to cover cost of printing and handling.

Grocery strike vote questioned

BOISE (UPI) — There may be reasons to ask for a vote on an offer made by food store management to settle a retail employees strike, Tom Hazzard, Idaho Employers Council, said Tuesday.

Hazzard indicated there were questions of procedure involved in the vote late Friday by which members of Retail Store Employees Union Local 1614 rejected an offer made by management—an offer recommended by union leadership—and chose instead to picket Buttroys' stores in Boise and Nampa.

At the same time, both store management and union representatives issued statements explaining their sides of the wage dispute which resulted in picketing at Buttroys' stores and in union members being locked out of 25 other stores in Boise, Nampa, Mountain Home and Payette.

Hazzard said he had received complaints on voting procedures. He said 550 persons were present at the meeting and that it was held in a hall designed to hold 75.

He said ballots were passed along the line and noted it would have been "very easy" for someone to vote more than

Water clean-up eyed

BOISE (UPI) — Idaho Gov. Don Samuelson and Washington Gov. Dan Evans Tuesday announced the possibility of a joint northern Idaho-eastern Washington pilot project for de-polluting the Spokane River watershed.

They said the massive project would be undertaken within the near future. They said it would

encompass the entire Coeur d'Alene, St. Joe and St. Maries River systems along with Lake Coeur d'Alene and the Spokane River and its tributaries.

Formulated by a group of Idaho and Washington business and industrial leaders, the proposal is designed to tie in with a major exposition in Spokane in 1974.

It also is designed to accept the challenge of the federal government to develop and activate such a basin-wide de-pollution effort, the two governors said.

"We have been briefed with respect to the plans of the north Idaho and Spokane business community for a major exposition in 1974 in Spokane," their

joint statement said.

"We have also been briefed on the plans of the state group of business and industrial leaders for a proposal for the de-polluting the entire Spokane-Coeur d'Alene drainage basin," they said.

They said this would be accomplished in partnership with the states of Washington and Idaho and the U.S. government.

Chicle comes from the milky juice, latex, of the sapodilla tree.

THIS ENVIRONMENTAL sculpture called "Elevated Brush Pile" near the Minnesota

State Capitol at St. Paul was removed after the governor's office declared it a fire hazard. (UPI)

Former revolutionary killed

BOISSON (UPI) — Belkacem Krim, 48, one of nine men who launched the Algerian revolution against France in 1954, was found strangled in his Frankfurt hotel room Tuesday night.

The West German Interior Ministry ordered an investigation

A chambermaid found the body while cleaning rooms at the 21-story Intercontinental Hotel in Frankfurt. Police said he had been strangled, possibly on Sunday.

Krim, once a colonel in the Algerian Liberation Army, had

men who identified themselves as Moroccans. Police said they disappeared without paying their bill.

Police said Krim's body was on a bed in a four-room suite.

Cats perspire through the pads of their paws.

Campus Projects Should Help Society

BOISE (UPI) — The president of the University of Idaho says non-violent campus activities to seek a human revolution in society should be used to help find solutions for social needs.

He lumped extremists both on and off the campuses, however, into a group "to be dealt with by law enforcement officers."

Dr. Ernest Hartung told the Idaho Conference on Social Welfare Monday that much respect is due those activities who want to put human value, and human dignity "at the top of our society."

He urged extremists both on and off the campuses, however, into a group "to be dealt with by law enforcement officers."

Meanwhile, Douglas Stewart, New York City, a spokesman for Planned Parenthood—World population, told a banquet audience the central problems in limiting population revolve around a lack of understanding

Hammer and nails

BUILDING SET FOR the fifth annual Harmony Showcase of handshoppers are members of the Commentators. From left, are Roland Reese and Robert Karns, both Jerome,

and Monte Lee, Twin Falls. The showcase will be presented Nov. 6-7 in the College of Southern Idaho's Fine Arts Center. Featured at the event will be the "Pacificalres" of Los Angeles.

Agnew says Lindsay's action predictable

CHICAGO (UPI)—Vice President Spiro T. Agnew said today that New York Mayor John V. Lindsay "has not read himself out of the Republican Party" with his endorsement of Democrat Arthur Goldberg.

Agnew said Lindsay's statement in support of Goldberg over Gov. Nelson A. Rockefeller in the New York gubernatorial race was not entirely surprising.

"I think it was predictable," he said. "Mr. Goldberg supported Mayor Lindsay in his campaign and this is a reciprocal step."

Lindsay, Agnew said, "has been courting the Democratic Party for some time."

"I go along with the governor," Agnew said. The vice president commented on Lindsay's endorsement in a taping of a television show (Kup's Show) for airing Saturday night.

It was Agnew's second day in Chicago. In a speech Monday night he said radical politicians are using him as a "political poodle" to soothe their consciences after "flip-flopping ... on law and order."

Candidates meet set at Ketchum

KETCHUM — Ketchum attorney Stratton Laggs, will serve as moderator for the special meet the candidates program scheduled for Blaine county residents at 6 p.m.

The public is invited. Those attending are asked to have their names listed on a list at the Ketchum office.

The event is planned jointly by the county Republican and Democratic central committees and will be held at the Ernest Hemingway Elementary School at Ketchum.

The public is invited. Those attending are asked to have their names listed on a list at the Ketchum office.

Burley man Hospital, Doctors speaks on constitution named in suit

BURLEY — Bill Parsons, Burley, has joined the Magic Valley Speakers' Bureau for Constitutional Revision. Parsons is a Burley attorney.

Sen. John Barker, committee chairman, said that Parsons had fulfilled several speaking engagements in the Burley-Rupert area and had agreed to speak to other groups.

Wednesday noon Parsons explained the proposed revision of Idaho's Constitution to the Rupert Rotary Club.

On Oct. 28 he will speak to the Burley Soroptimists.

TWIN FALLS — Suit to recover \$310,000 in damages has been filed in Fifth Judicial District Court against Twin Falls County, Magic Valley Memorial Hospital, Dr. William Woodson, Dr. C. R. McWilliams and Eastman Kodak Co.

Plaintiff in the case is Harold Patterson, represented by Richard R. Black, Podiatrist attorney. Patterson charges he suffered a back injury in 1964 in an industrial accident. In the process of examinations at Magic Valley Memorial Hospital, he says, a myelogram was taken by Dr. McWilliams

on request of Dr. Woodson. During the process, the plaintiff charges, pantopaque was injected into his spine and not all was removed. He charges the result was his total disability but effects of the incident did not become apparent until July 10, 1969.

Patterson asks \$100,000 in present and future wage losses; \$10,000 future medical expenses and \$200,000 general damages.

California's Santa Monica Freeway cost about \$13.5 million per mile to build.

Trespass charge nets fine

TWIN FALLS — Steven Arthur Pendergast entered a plea of guilty in Twin Falls County Probate Court on a reduced charge of "criminal trespass" and was fined \$250 and costs by Judge Eugene McCoy.

He was also placed on six months probation. The reduced charge was stipulated to by attorneys in the case. He was originally charged with first degree burglary and alleged to have removed records and tapes from KLTIX radio Sept. 8, 1970.

Product hailed by store

SALT LAKE CITY — A phosphate-free laundry detergent which may be a significant breakthrough in the fight against water pollution will be introduced next week by Sears, Roebuck and Co., Earl Schmitt, Sears Utah-Idaho Group official, reports.

The detergent will contain no phosphate, the compound generally blamed for polluting lakes and streams through excess growth of algae, which depletes oxygen.

"We regard this non-polluting detergent as a real breakthrough," according to James W. Button, Sears senior vice president-merchandising. "While the phosphate has been removed, no other ingredients have been added. The ingredients were reformulated to achieve the cleaning efficiently without using phosphate."

Addressing the meeting will be candidates for state senator, District 21, John Penney, GOP; and Oscar Arstein, Democrat, candidates for representative, District 21A, E. V. McMan, GOP, and Floyd Kislung, Democrat, who will each be given three minutes and county candidates who will each be given two minutes to speak.

Unopposed candidates will also be introduced and available for questioning during the meeting.

Constitution topic of meet

HANSEN — Revision of the Idaho Constitution will be explained by a speaker during the Hansen Parent-Teacher Association meeting at 8 p. m. Thursday at the hot lunch room, Mrs. Anna Moore, president, said today.

Delegates to Girls State and Boys State will also participate in the program, Mrs. Moore said.

T.F. revises policy on free hot lunch tickets

TWIN FALLS — The Twin Falls School District has released revised income guidelines for determining issuance of free lunch tickets for needy families, according to Bea Holladay, school lunch supervisor for the district.

Under the federal school lunch program, all families receiving welfare aid are eligible for free or reduced-price school lunches. The family's gross income and number of family members are the criteria to be used to determine whether a free or reduced-price lunch will be provided.

In all cases, Mrs. Holladay said, the district will continue to keep confidential any identification of children receiving free lunches. Parents who feel they qualify should notify the school administration offices or the school principal.

Schools participating in the program are Blakel, Harrison, Morningstar, Washington, O'Leary Junior High, Robert Stuart Junior High and Twin Falls High School.

The income limits for free lunches range from a total of \$1,020 for one person in the family, to \$2,520 for two; \$3,120 for three; \$3,720 for four persons; \$4,270 for five; \$4,820 for six; \$5,370 for seven family members; and \$5,920 for eight. For each additional family member, a total of \$450 income per year is allowed.

Mrs. Holladay explained that the criterion "total number in family" can include one person as with a teenager living alone and earning less than the maximum allowed income.

The government specifies that "income" means all family income before tax, Social Security and other deductions, and includes all monetary compensation for services, including wages, salary commissions and fees, net income from non-farm self-employment, net income for farm self-employment, Social Security benefits and other income of any kind.

School authorities may consider both the income of the family during the preceding 12 months and the family's current rate of income to determine which is the better indicator of the need for free or reduced-price lunches, Mrs. Holladay said.

Unusual circumstances such as a death or illness in the family, a temporary disability or seasonal unemployment may also be considered.

Reduced school-lunch prices of 20 cents or less may be allowed for families with income between the maximum \$5,338; six, \$4,820 to \$5,338; seven, \$4,370 to \$4,820; and eight, \$3,920 to \$4,370. Each additional family member allows an additional income of \$560 per year, according to the federal guidelines.

Further information on school lunch policies may be obtained from Mrs. Holladay at the administration offices, 201 Main Ave. W. in Twin Falls.

Fans want games to continue

TWIN FALLS — Little League Baseball fans want to continue games at the Harry Barry Park, it was noted Monday night at the Twin Falls City Council meeting.

A petition with 58 names was filed with the city asking the little league be continued in the small park. In their petition, the residents announced they would post "no parking" signs in front of adjacent property where residents objected to public parking.

Last fall protests from residents near the park because of numerous cars parking on residential streets in the vicinity led city officials to decide to move the games to larger parks. Parents of the children who play in the contests feel they would rather have the games close to home even though the park is small.

City officials took the matter under advisement.

New Job...

RALPH W. SIFFORD has assumed duties as sergeant with the district four, Idaho State Police staff. He will be headquartered in Twin Falls and is an addition to the force here, with Sgt. Calvin Bernard having been promoted to lieutenant. Sgt. Sifford comes here from St. Maries and has spent the past 10 years with the ISP.

School to use vote machines

TWIN FALLS — Eight students from the Twin Falls High School underwent training Monday at the office of county clerk Harold Lancaster in preparation for a school election.

Lancaster said he gave the students the same official training provided county election boards prior to the introduction of the automatic voting machines. Student, he said, will conduct an election at the high school Thursday and will be balloting on fully programmed machines for the Nov. 3 general election. Two machines have been prepared for the school vote.

Many residents, Lancaster said, will be interested in the election outcome as a strong indication of how Twin Falls County voters will vote in November.

Boise girl runner-up in contest

BOISE (UPI) — Idaho's Miss 16 1970, Deborah Moorehouse, 16, has been named second runner-up in the national competition in Hollywood, Calif.

KFXD radio announcer Terry Walker said the Capital High School junior was selected from a total field of 4,000 entries.

The contest is sponsored by 16 Magazine, a nationwide teenage fan publication. Miss Moorehouse was sponsored locally by KFXD.

Walker said this is the second year in a row Idaho's candidate finished in the top five. Last year Angel Walker, Fruitland, Idaho, was picked as first runner-up in the national finals in California.

Miss Moorehouse won a fur coat and a trophy for her participation in the contest.

Magnavox

NOW... Magnavox brings you an entirely new and magnificent look in Color Television!

NEW TOTAL AUTOMATIC COLOR SYSTEM

— makes Magnavox a Color TV with built-in memory! TAC keeps fresh, true natural pictures sharp—automatically! There's no more jumping up to adjust controls—no more unsightly green or purple flares! Killed in court...
 BODY OF GENE LEWIS, 29, who was shot and killed in Chicago's Criminal Court building during an exchange of gunfire after a courtroom spectator passed a revolver to him Monday, is examined by Cook County Sheriff Joseph Woods. Lewis, already convicted of murder and sentenced to die in the electric chair, was taken into court for trial on prison escape charges. (UPI)

News of Servicemen

Darwin Barnhill, son of Mr. and Mrs. N. Barnhill, Burley, recently enlisted in the U.S. Army.

A member of the Idaho National Guard the past two years, he enlisted for training in aircraft maintenance at Fort Rucker, Ala., after initial processing at Fort Lewis, Wash.

He flew a combat essential resupply airtrop mission to the besieged Special Forces Camp at Duc Lap.

Navy Cmdr. John L. Towmley, husband of the former Lucille Langdon of Twin Falls, is attending the School of Naval Airman Edward W. Ross, son of Mr. and Mrs. Paul S. Ross, Twin Falls, has completed basic training at Lackland Air Force Base, Tex. He was graduated from Twin Falls High School in 1968 and received his A.A. degree in mathematics from the College of Southern Idaho in 1970.

U.S. Air Force Maj. Lloyd M. Selzer, husband of the former Margaret E. Wilson, Twin Falls, has reported aboard the nuclear powered guided missile frigate USS Bainbridge at Long Beach, Calif.

Navy Petty Officer I.C. Richard L. Russell, husband of the former Marjorie E. Wilson, Twin Falls, has reported aboard the nuclear powered guided missile frigate USS Bainbridge at Long Beach, Calif.

Gary Wisecover, son of Mr. and Mrs. Herbert Wisecover, Heyburn, has enlisted in the Army's delayed enlistment program for specialized computer training. He will leave for basic training at Ft. Monmouth, N.J., after Christmas.

Club lists winners

TWIN FALLS — The Monday Afternoon Duplicate Bridge Club met at the Episcopal Church.

North and South winners were Mrs. A. M. Williams and Mrs. Gus Averett, first; Mrs. John Hahn and Mrs. V. R. Teasley, second; Mrs. R. R. Williams and Mrs. H. M. Wycoff, third. East and West winners were Mrs. Faren Faler and Mrs. Gene Carpenter, first; Mrs. M. B. Higby and Mrs. C. H. Tucker, second; Mrs. T. T. Greenhalgh and Mrs. A. C. Victor, third.

Mrs. Neil Burns, Rapid City, S. D., was a guest.

Not a True Tree
 Bananas come from a huge herb which is not a true tree. It lies back to the ground and comes up from the crown of the roots to produce fruit the next season.

ALL EYES are on the BULLETIN BOARD EVERY WEDNESDAY

Buhl miss, Kaes reveal nuptial date

BUHL—Mr. and Mrs. Orin Freeman announce the engagement of their daughter, Mona, to Robert D. Kaes, son of Mr. and Mrs. Walter Kaes, all Buhl.

Miss Freeman is a 1967 graduate of Buhl High School and a 1969 graduate of Boise State College. She is employed by Dr. J.R. Smith as a dental assistant.

Kaes was graduated from Buhl High School in 1964 and served four years in the Air Force. He is presently attending the College of Southern Idaho. A Nov. 27 wedding is planned at the Buhl First Christian Church.

MONA FREEMAN

Social Events

TWIN FALLS—The Golden Age Club will meet Friday evening at the DAV Hall. Dancing and cards will be featured after the meeting. Those attending are asked to wear Halloween costumes and bring a sack lunch.

TWIN FALLS—Swinging Sixties will meet at 8 p. m. Friday at the IOOF Hall. Everyone 60 years of age or older is welcome. Those attending are asked to bring their own table service.

Ham dinner scheduled for Monday

FAIRFIELD—The Town and Country Christian Women's club fall meeting will be a couple's dinner.

The affair will be held at 7 p. m. Monday at the American Legion Hall. A catered ham dinner will be featured and reservations must be made by Sunday with Mrs. Earl Pearson or Mrs. George Abbott.

Featured speaker will be L. H. Kissler, Boise, president of Norco, Inc. He will speak on the "Wonderful World of Cryogenics." Kissler will illustrate industrial applications with the use of liquid nitrogen.

Musical numbers are being planned for the evening. The affair is open to the public.

Stage manager

TWIN FALLS—Carolyn Davis, daughter of Dr. and Mrs. T. Davis, is stage manager for the program, "The Heiress," set for Oct. 29 and 30 at Cottey College, Nevada. Miss Davis is a second-year student at Cottey College.

SANDRA NOH

Sandra Noh, Whitney set date

HOLLISTER—Mr. and Mrs. R.E. Young announce the engagement of their daughter, Sandra Noh, to Randall Whitney, son of Mr. and Mrs. Dan Whitney, all Hollister.

Miss Noh is a 1968 graduate of Filer High School and attended one year of business college in Salt Lake City.

Whitney is a 1968 graduate of Filer High School and served two years in the Marine Corps. A Nov. 21 wedding is planned at the Immanuel Lutheran Church, Twin Falls.

Miss Bingham, Anderson name date

CASTLEFORD—Mrs. E. L. Alfred, Castleford, announces the engagement of her daughter, Colleen Bingham, to C. Kay Anderson, Salt Lake City. Miss Alfred is the daughter of the late Mr. John E. Bingham.

Miss Bingham was graduated from Filer High School and attended Hennings College, Salt Lake City.

Anderson attended schools in Salt Lake City and was graduated from the University of Utah.

A Dec. 4 wedding is planned in Salt Lake City.

COLLEEN BINGHAM

Local couple weds

TWIN FALLS—Mr. and Mrs. Dwayne Burton announce the marriage of their daughter, Sandra, to Robert A. Pender Jr., son of Mr. and Mrs. Robert A. Pender, all Twin Falls.

The double ring ceremony was performed Oct. 8 by Rev. John M. Wallace at the Episcopal Church of the Ascension.

Karen Barsness served as maid of honor, with Julie Pender, sister of the bridegroom, as bridesmaid.

Mike Reed was best man and also served as usher along with Mike Burton, brother of the bride.

A reception was held in the Memorial Room for members of the immediate families and close friends of the couple. The three-tiered wedding cake was cut and served by Dorothy Pender, aunt of the bridegroom. Punch and coffee were served Dorothy Burney and Dorothy

Tschannen, cousin of the bride, bride.

The couple is employed at Kollwood Co. and reside in Twin Falls.

Fancy eating

CHICAGO (UPI)—That chicken you plan on eating Sunday has done some rather fancy eating himself.

A chick, according to Encyclopedia Britannica eats about 8 1/2 pounds of food in the eight weeks it takes him to grow into a 10-pound broiler.

There's a good chance his diet was better balanced than yours, since broilers are fed high-energy mash and good quality protein to shoot their weight up as fast as possible. This fancy feed accounts for at least 60 percent of the poultry farmer's overhead.

Women's Section

Your body tells all

NEW YORK, N.Y.—It is easy to lie with your voice, but much harder to lie with your body, says Julius Fast in the November issue of Family Circle Magazine.

Fast, author of the best-selling novel "Body Language," believes you can influence other people by the way you move your body.

He writes: "We all have sexual responses quite apart from conversational reactions, especially when we put our fingers in our mouth or twist a lock of hair. When we sit back and drum fingers on our chair, we're bored. When we lean forward, however, we're granting support."

To understand a person's body language, the article says, you must first know something of their cultural background.

Women view fashions

FAIRFIELD—A fashion show of Beeline Fashions was the highlight of the October meeting of the Prairie Homemakers Extension club.

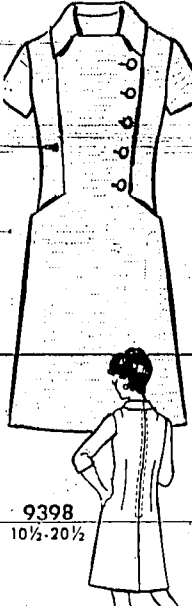

Local women modeling the knit fashions included Mrs. LeRoy Trader, Mrs. Kelly Thomason, Mrs. Loy Vanskike and Mrs. Herschel Lange. The affair was held in the Community Church recreation room with Mrs. Thomas Spackman and Mrs. Harold Stroud serving refreshments.

The club is planning a home tour on Nov. 11. Homes to be visited include those of Mr. and Mrs. Rex O'Neil, Mr. and Mrs. Donald Tye, Mr. and Mrs. Russell Pate and Mr. and Mrs. Harold Lee; all Fairfield; the Corral home of Mr. and Mrs. Norman Tate, and the country home of Mr. and Mrs. Edward Rangan, southeast of Fairfield.

Refreshments will be served at the O'Neil home, with Mrs. Walter Pearson and Mrs. Lee Daniel in charge of arrangements.

Fun and Games . . .

WHAT SHOULD HAVE been a work party turned into a play party as Pat Tudor, left, and Randy Givens cover two friends with a huge pile of leaves. Any job, including raking leaves this time of year, can be fun if you have some obliging friends.

Magic Valley Favorites

CONNIE CARROLL
617 E. Ave. F, Jerome

CARAMEL CANDY APPLES
1 box brown sugar.
1 cup white sugar.
Heat and bring to a boil. Stir until it dissolves. Remove from heat and add one can Eagle Brand milk and one-fourth pound margarine. Boil and stir to soft ball stage. Dip apples and place on waxed paper.

Makes 30 medium caramel apples.
The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

Dear Abby

DEAR ABBY: There is a girl in our office who is pretty, polite and ladylike in her behavior, but she comes to work dressed like a strip-teaser. Sheer, see-thru blouses, low necklines, no bra, and the tightest and shortest skirts imaginable. At our annual office picnic she wore a bikini that left absolutely nothing to the imagination.

Meanwhile, back at the office, every man in the place has a tough time keeping his eyes off her. The girl here who knows her best says she's really a "nice" kid who has had a rough life. She was raised by a mother alone as her father ran off when this girl was an infant. Why should a "nice" girl want to make such a bad impression? She's only 18. Or maybe she isn't so "nice" after all? **WONDERING**

DEAR WONDERING: Yes, she could be a "nice" girl. Girls whose fathers never paid any attention to them seek in various ways to get attention from every other man they meet. By showing off her body to strange men, this girl is saying, "Hey, fellows, pay some attention to me!" She's trying now to get the male attention she lacked while growing up. And she'll do practically anything to get it.

DEAR ABBY: We have a female toy poodle and I think she is obedient, intelligent, happy and healthy. My wife disagrees. She thinks the dog has "problems" so she wants to take the dog to a "dog psychiatrist" to have it "analyzed." Our next door neighbor swears it has done wonders for her dog.

Have you, or any of your readers ever heard of a "dog psychiatrist?" It sounds like another racket to me. **CONFUSED IN LAGUNA HILLS**

DEAR CONFUSED: A vet tells me that there are dog trainers who specialize in correcting the behavior of neurotic dogs. They don't actually "analyze" dogs. They "psycho-analyze" them.

DEAR ABBY: Your correspondent said, "When good and bad company mix, the bad doesn't become good, the good becomes bad." Perhaps he was going on the theory that one rotten apple spoils the whole barrel. That may be true of apples, but children are something else.

I am an 18-year-old college sophomore, female type. I don't smoke pot, I don't riot, I would never burn an American flag, and I still got choked up when I hear our National anthem. I get mad at things in our world, but I believe in discussion, peaceful changes and prayer. Maybe this sounds dull, but I am happy and this is my thing. I am "nice"—not because my parents refused to let me play with "bad" kids, but because my parents taught me to be nice. I had some "bad" playmates, but I tried to help them, and they didn't hurt me.

Last of all, I feel that we have a God-given responsibility to help others. God bless patient, understanding parents who try to guide their children without trying to live their children's lives. God bless my parents. **A WINNER**

DEAR WINNER: Too bad you didn't sign your name. Your parents would be proud of you.

DEAR ABBY: The letter from the 50-ish mother resisting her young daughter's attempts to "up-date" her into shorts, reminds me of my own experience a number of years ago when I tried to do the same with my mother.

While still in high school I decided that what my 8 foot, 110-lb. mother really needed was a padded uplift bra. Probably just to quiet me, mom gave in and was fitted for one.

That evening at dinner I asked my father, "How do you like mom's new up-lift bra? He took a good, long look and sighed, "Well, I guess it's all right if her chin itches."

Needless to say, Mom never wore it again. They just celebrated their 45th wedding anniversary. **"REFORMED REFORMER"**

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 49700, Los Angeles, Cal. 90049. For a personal reply enclose stamped, addressed envelope.

FORREST IN 'MEDICAL CENTER'—Forrest will play a brilliant but erratic surgeon in an episode of MGM's "Medical Center" for CBS-TV.

THE WHOLE FAMILY will relish this tricky Halloween Supper Pie made with mashed potatoes and ground beef, two foods that are always a treat.

Halloween supper pie

Oh what a treat for the youngsters to have Halloween fall on a Saturday. It gives those little ghosts and goblins one whole day for tricking. So better be prepared with a hearty evening meal—they'll need it before going off on their mischievous rounds again.

And this Halloween Supper Pie, specially created in The R. T. French Company's Test Kitchens in Rochester, N.Y., is just such a nourishing dish. Devilishly delicious, too, it's a meal-in-one that's magically simple to prepare. The "crust" of mashed potatoes is made with instant mashed potato granules and an envelope of mushroom gravy mix adds bewitching flavor to the ground beef "filling".

Serve with a cabbage slaw—plentiful and inexpensive now. Complete the meal with sliced peaches and some spicy Pumpkin Prizes—easy-to-make drop cookies. If milk is included, the suggested menu provides foods from each of the Four Basic Food Groups needed daily for good health.

HALLOWEEN SUPPER PIE
1 envelope (5-serving) French's Instant Mashed Potato Granules
1 envelope (2-oz.) French's Mushroom Gravy Mix
1 Package (10-oz.) frozen mixed vegetables, thawed
1 pound ground beef
1 egg, slightly beaten
1 cup soft bread crumbs
Cooked or canned carrots
French's Paprika

Prepare instant potatoes following directions on envelope. Transfer to a 9-inch pie plate, spreading to cover bottom and sides. Prepare gravy mix according to package directions; save one-fourth cup of gravy. Stir vegetables into remaining gravy and pour into potato shell. Combine one-fourth cup gravy, ground beef, egg, and bread crumbs. Shape into one large 8-inch patty. Place on top of vegetable-gravy mixture. Sprinkle potatoes with paprika. Bake in 350 degree oven 40 to 45 minutes or until meat is done. Five minutes before end of cooking time make a Jack O' Lantern face on the meat by arranging pieces of carrots for eyes, nose, mouth, and stem of pumpkin. Four to five servings.

PUMPKIN PRIZES
1 cup shortening
1 cup granulated sugar
1 cup brown sugar, firmly packed
2 eggs
1 cup canned pumpkin
3 1/2 cups sifted all-purpose flour
2 teaspoons baking soda
1 teaspoon French's Pumpkin Pie Spice
1/2 teaspoon salt
Cream shortening, sugars, and eggs. Stir in pumpkin. Sift together dry ingredients; mix with creamed mixture. Drop by teaspoonfuls of greased cookie sheet. Bake in 350 degree oven 10 to 12 minutes. Makes 6 1/2 dozen cookies.

A new eyelash adhesive comes in a deep tone designed to blend with either black or brown eyelashes. It makes wearing false eyelashes easier because there's no tell-tale streak of white on the lid, no matter how hastily the lash is applied, the manufacturer says. (Mitchum-Thayer, Inc., Dark-Tone Duo Eyelash Adhesive, New York, N.Y.)

Letter read
Pancake supper set
TWIN FALLS — A letter from Rhodella Hunter, author of "Wyothing Wife," a book dealing with the humorous experiences of the author, was read during the October meeting of the Bolles' Lattes Guild meeting at the home of Mrs. Ivan Allred. Copies of the author's recipes were distributed to the members. Co-hostesses were Mrs. Robert King and Mrs. Shirice Whittier. ab James Page, worthy patron, presided. A special practice session will be held at 8:30 p.m. Sunday at the Masonic Temple. All officers are asked to be there. Tickets for the supper can be obtained from Job's Daughters and DeMolay members and any member of Chapter No. 82. Tickets will also be sold at the door. Ratta Page, worthy matron.

Wendell starts crafts course

WENDELL—Vocational arts and crafts became available to Wendell students for the first time this fall.

Class chooses theme

WENDELL — "Live For Today — Look To Tomorrow" has been chosen for the theme of the 1971 graduating class of Wendell High School.

This theme was selected by the class from several submitted by a committee consisting of Janet Callen, Debi Gilbert, Linda White, Ernie Sites and Earl Jones.

Green and orange were chosen as class colors with a green air brushing to be placed on the senior graduation announcements.

Class members plan money-making projects to earn funds for the Senior Ball, scheduled for Jan. 23. Projects decided on are: powder puff football game and a carnival booth at the PTA sponsored carnival scheduled for Nov. 13.

The seniors voted to have a fortune telling booth. Assisting will be Debi Gilbert, Pat Scheel, Jan Higgenbotham and Barbara Smith.

Committees were appointed by Rob Rose, senior class president. Mrs. Annette Eaton is class adviser.

ONE OF MANY talented artists in the Wendell area, Chris Bertus, displays a landscape in oils she recently completed. She is one of many young people in the Wendell-Gooding area who have become interested in painting in recent years.

Wendell woman creates art boom

By MYRTLESCHRENK
Times-News Correspondent
WENDELL — During the past 10 years Mrs. Charlotte Duggan, a diminutive redhead, has created an art boom in rural Gooding County with her art classes geared to the theme "Let's Have Fun with Painting."

The group has grown since the first meeting at her home in 1963 and split into Ulreeo individual groups in Jerome, Wendell and Gooding. Mrs. Duggan estimates up to 100 paintings have been shown at county fairs in the Magic Valley from among her students.

Mrs. Duggan had no previous training in painting when she came to Wendell from Los Angeles. Coming from a family of musicians, she began painting to fill a void in her life, she said.

She has turned her creative talents to the youth of the Wendell, Hagerman and Gooding area, teaching a class dubbed "Let's mix Colors" for teen-agers.

Her efforts may be an instrument of revitalization of the rural areas as many young people today are "tuned out" by pursuing the "hip" way of life which means more freedom, even if less money.

The Gooding County Planning Commission and Wood River steering committee, Dick Goeb, of the soil conservation service, and others are advocating arts and vocations as a way to develop small industry in the state.

At present there are several small industries of this type in the area, including Snake River Pottery, Hagerman; Grubbs ceramics, Bliss; Lowell Fields, Gooding, making jewelry from native rock, and a young couple at Fairfield making items from blown glass.

Library hours change at Ketchum

KETCHUM — Because of various scheduled education programs this fall, winter hours of the Ketchum-Sun Valley Community Library have been changed, effective immediately, according to Barbara Hart, librarian.

The library will be open from 3 to 8 p.m. Tuesday through Friday and from 9 a.m. until noon and 1 p.m. to 6 p.m. on Saturday. It will remain closed on Sundays and Mondays.

For the second consecutive year, first through sixth grade pupils at the Ernest Hemingway School in Ketchum will participate in a library science program, visiting the library from 1:40 to 2:30 p.m. on alternate Tuesdays and Thursdays.

The program is planned to encourage library usage and interest among students. The school district will provide bus transportation.

Ann Heuston's kindergarten class also will use the library each Wednesday for half an hour and Mrs. Gordon Webster's pre-school group will visit the library regularly.

Mrs. Hart also reported that since Sept. 18 there have been 844 adult books, 375 juvenile books and 30 records circulated. About 90 books also have been added to the selection. One third more books were circulated in the past month than during the same period in 1969.

Hagerman team returns

HAGERMAN — Five Hagerman high school students and their leader, Wayne Ills, returned Monday from a trip to Portland, Ore. where they participated in the Pacific International Livestock Exposition.

The Hagerman judging team consisting of Mike Brown, Tom Bennett, and Matt Dalton received second place honors in the Angus division, competing against 80 other teams from throughout Calif., Wash., Ore. and Idaho. Alternates for the team also making the trip were Dick Bennett and Kim Reed.

Classes judged included three of beef, two of swine and one sheep. This was the first time Hagerman has been represented at the exposition.

Demos open office at Gooding

GOODING — Gooding county Democratic headquarters opened today at 129 Third Ave. E., Gooding.

Marden Wells, congressional candidate, will be at the office Thursday, according to Mrs. Claude Tuttle.

The headquarters will be open from 2 to 4:30 p.m. daily except Oct. 31 when it will open at 1 p.m. for a cooked food sale.

Dinner set

GOODING — St. Elizabeth Catholic church will sponsor the 17th annual League dinner from 5:00 to 8 p.m. Saturday at the LOOP hall.

Family has tradition of community service

WENDELL — A lengthy career of community service in the Wendell area has become a family tradition for Wendell natives Mr. and Mrs. Nelson King.

Mr. and Mrs. King, both born in Wendell, have devoted themselves to a wide variety of community improvement activities, ranging from sports to education. The King "Country Store" is the focus of their efforts, taking donated items for resale. The receipts from the Country Store are donated to community betterment.

Nelson King has served on a number of community boards during the past 20 years, while Mrs. King has operated the Country Store for the past 10.

In the beginning the Country Store served as a collection point for food sales, fresh produce and donations from attic cleanup efforts. The donated food and other items were sold, with the first funds going to the Wendell LDS Church for a new church building.

In 1964, when the new church building was completed, Mrs. King saw a continuing need in the community and the Country Store was given a new lease on life.

The project was continued and presently handles a wide variety of merchandise, ranging from used clothing, including shoes and coats, to infant supplies, bedding and even books and second-hand furniture and dishes.

Anyone who wishes can acquire their needs from the Country Store, either at the stated price or perhaps at a reduced price if they like to bargain. Mrs. King said she has never turned anyone away, but believes that "anyone appreciates an item he has to pay for."

Mrs. King cites the example of a young girl who fell in love with a formal dress and pair of party shoes, but didn't have the money to buy them. After a bit of bargaining on both sides, the young lady went home with her treasures and, Mrs. King said,

she may have learned something about monetary values with the experience.

Since 1964 the Country Store has helped with a number of community improvement projects. For many years, Mrs. King recalls, the Wendell football coaches and fans — not to mention the players themselves — had sought funds to acquire a new scoreboard for the football field. The Country Store was able to help to the tune of \$500, thanks to the donations of many Wendell area people, Mrs. King said.

At another time, Mrs. King was able to donate \$800 to the Wendell High School band for new uniforms, again through the Country Store.

And in 1969, she donated \$50 to members of the Wendell drill team and cheerleaders for their uniform work. The girls helped out, by washing windows, sewing, and cleaning. They were also called on to help when the Country Store was moved to a new location at the old firehouse.

Other students, including Linda Strong, Vickie Lynch, Debbie Scott, Debbie Rost, Linda Harris and Marilyn Mink, have sewed pillow cases and helped in other ways to keep the Country Store operating, Mrs. King said.

The Country Store is open on Saturdays from 1:30 to 5 p.m. Anyone wishing to donate to the project may bring their items to the store, or Mrs. King may be able to arrange a pickup for any large items, she concluded.

Wendell

Staff reported for Trojan annual

WENDELL — Mrs. Frances Lamb, advisor of the Journalism class of the Wendell High School, announced Tuesday the production for the 1970 Trojan Annual is underway.

Debi Gilbert and Vikki Pepper are editors assisted by Bob Fattig. Class editors include Debbie Scott, seniors; Pam Stockham, juniors; Teri Hobday sophomores, and Sue McFarlin, freshmen. LeyAnn Casper and Linda White are Junior high school supervisors and Mike Strickling will serve as sports editor again this year.

Rob Rose and Russel Rest, newcomers to the Journalism class, will assist with sports.

Rick Thompson is in charge of activities and organizations. Lorna Johnston will edit the index and faculty. Charlie Rodriguez has begun work on special design. Chris Bertus will sketch a design for the cover.

The Wendell high school annual has won many state awards at the state level over the years under the supervision of Mrs. Lamb.

Demos set in Jerome

JEROME — County Democratic Women of Jerome will hold a dinner Oct. 27 at 7:30 p.m. in the Jerome High School cafeteria to honor state and local candidates. The public is invited.

Principal speakers will be Marden E. Wells, candidate for Second District Congressman, and Paul F. Boyd, candidate for Idaho lieutenant governor, both on the Democratic ticket. Persons wishing to attend may purchase a ticket from any member of the Jerome County Democratic Women or at the door the night of the dinner.

Stolen auto found by aides

WENDELL — A 1967 Ford Galaxy owned by Mrs. Barbara Eckland, which was stolen from in front of the home of her son-in-law, Mel Thale, was found by officers late Monday afternoon abandoned in the desert east of here.

Police Chief Dale Bunn said a stereo stolen from a car owned by Les Snyder who lives in the same neighborhood, at the same time, still has not been found. Investigation into the thefts is continuing.

Teachers support Andrus

WENDELL — Mrs. Jeanne Powell, public relations chairman of the Wendell Education Association, has announced members of the Wendell group are on record in full support of Cecil Andrus, Democratic candidate for Idaho governor.

The decision came following a detailed study of the candidate's voting record in support of education and his plan for priority funding for education in Idaho.

Association members met Monday afternoon to discuss information gathered in previous studies and interviews.

ZIPPER FRONT

Johnson saw no way out

WASHINGTON (UPI) — Six months after he had ordered American bombing of North Vietnam, President Lyndon B. Johnson realized that the strikes would not win the war and saw no way to end U.S. involvement in it.

"I can't get out," his wife, Lady Bird, quotes him as saying in March, 1965. "I can't finish it with what I have got. So what the hell can I do?"

Mrs. Johnson reveals the President's thinking on the war in a forthcoming book entitled "A White House Diary," McCall's magazine, which bought publication rights, published the first of two installments covering the years 1963-66 in its current issue.

The Journal offers some fascinating and candid glimpses of the former first family's life, particularly during the months immediately after President John F. Kennedy's assassination, and leaves the impression that both Mr. and Mrs. Johnson became increasingly troubled by events—domestic and international—after the President was elected in his own right in

Then, after noting that those were the days when the civil rights struggle was at its height in the south and opposition to the Vietnam War was heating up at home and abroad, she writes:

"It's like shooting the rapids, every moment a new direction—trying to keep the ship level and away from the rocks, and no still water in sight."

In her reference to the President's retirement, Mrs. Johnson did not explain how she knew in 1965 that her husband would announce that he was bowing out of politics in March, 1968.

But Johnson, in a CBS-TV interview broadcast last December, said he had asked his wife in May, 1964, whether she thought he ought to run again that year. He said she told him that he had to and then added:

"But if you do, you've got to do it with the understanding and with the knowledge that three months—three years and three months from the time you take the oath and that would make it March, 1968—you can say to the people that ... you're not going to succeed to another term."

For example, the March 7, 1965, entry disclosing the President's summary of the Vietnam situation, begins this way:

"For some time I have been fighting a feeling of depression and relative inertia ... Lyndon lives in a cloud of troubles, with few rays of light."

The intensification of the Vietnam War and countless other problems, she says, kept him constantly worrying and working late into the night and usually left him little time to spend with her and their two daughters, Luci and Lynda Bird.

Autographs ...

PRESIDENT NIXON autographs a cast on the arm of a Kansas City policeman Charles Robinson, one of two policemen injured in a bombing last week in the Missouri city. Nixon decided to visit the two men in the hospital early Tuesday before leaving Kansas City for Tennessee. (UPI)

Woman seeks office

POCATELLO (UPI) — Marianne Condon, 28, an Idaho State University government instructor, announced Monday she will seek the Second District congressional seat as a write-in candidate. She will face incumbent Orval Hansen, Democratic challenger Marden Wells, and American Party candidate Joel Anderson. Miss Condon said the Democratic candidate is not running on the party platform, and her entry will give people a valid choice. Monday night a student forum was conducted at Idaho State University for the Second District congressional candidates. Miss Condon commented, "I joined the race to raise issues that have not been discussed, including the war and environmental deterioration."

Non-violent campus activities needed

BOISE (UPI)—The president of the University of Idaho says non-violent campus activities to seek a human revolution in society should be used to help find solutions for social needs.

Dr. Ernest Hartung told the Idaho Conference on Social Welfare Monday that much respect is due those activities who want to put human value and human dignity "at the top of our society."

He lumped extremists both on and off the campuses, however, into a group "to be dealt" with by law enforcement officers.

To enable students to put their ideas into practice, Hartung said, industries and the universities should develop programs where students can get out onto the streets and into industries and express the problems and their opinions on how to correct them—without fear of regression.

The students need to extend themselves into society as a whole—as long as we hold to the attitude that campuses should be separate from society, not much progress will be made in

the fight on pollution," he said. Meantime, Douglas Stewart, New York City, a spokesman for Planned Parenthood—World Population, told a banquet audience the central problems in limiting population revolve around a lack of understanding and comprehension of fertility control.

He said his organization feels the critical issue "is the mass ignorance of the American public regarding the gravity of each of these problems and the true cause of each—poverty, pollution and population."

Five die ...

FIREMEN INSPECT GUTTED remains inside the \$300,000 home of Dr. Victor Ohta, Soquel, Calif. Dr. Ohta, an eye surgeon, his wife Virginia, their sons, Derrick, 12, and Taggart, 11, and Dr. Ohta's secretary, Dorothy Cad-

waller, were found dead and floating in the swimming pool, its waters stained with their blood. All were apparently shot to death Monday evening and the house set afire by the killers. (UPI)

Episcopalians seeking funds

HOUSTON (UPI)—Episcopalians are singing the money blues for the second day in a row today as the 63rd general convention of the 3.5-million church tackled its worst financial crisis in 30 years. Suggestions for keeping national church programs alive ranged from assessing each diocese proportionately to selling the multi-million dollar national headquarters building in downtown New York and moving to a less expensive location. Some 600 delegates came to grips with the problem—one affecting many major Protestant denominations in recent years—at Monday's special joint session. Both the House of Bishops and the House of

Deputies were set to take up the matter again today in another joint session. The church's 60 dioceses pledged \$11.2 million for this year, missing a quota budget of \$14.7 million by \$3.5 million, or almost one fourth. Forty-six dioceses refused to pledge their quota. "This is a disheartening circumstance," Bishop Stephen F. Bayne Jr., former program deputy of the Episcopal Executive Council, said. The outlook for the 1971 budget—which must be set before the convention adjourns Thursday—is even more sobering: \$13.7 million asking budget by the executive council has been shrunk to \$11.7 million by the program and budget committee. Hardest hit, according to presiding Bishop John E. Hines of New York, have been programs for lay education, campus ministries, and ministries to the deaf and blind. Overseas work as well as support for the World and National Councils of Churches have been cut. Some observers say the slide in pledges began with the formation of the controversial General Convention Special Program (GCSP) in 1967. The National budget has fallen since 1968. The GCSP—which this convention voted to expand—has given \$5 million in 250 grants to poor and minority empowerment groups, some militant and a few allegedly violent. A pocketbook revolt in dioceses where the grants are unpopular has reduced giving.

Boise to get new industry?

BOISE (UPI)—Gov. Don Samuelson apparently knows something about the Boise business world that has escaped the attention of Robert McGinnis, executive vice president of the Greater Boise Chamber of Commerce. Last Friday at a so-called "press conference" for the Idaho Student Government Association — from which commercial newsmen were banned—Samuelson said a data processing industry that would employ 4,000 persons was considering locating in Boise. McGinnis said he knows nothing about an industry of this size considering locating in the area and added he contacted several businessmen concerned with industrial development and none could shed any light on the matter. "We've had a few inquiries from some small electronics firms in California," McGinnis said, "but nothing of this size." Spokesman for the three major data processing firms located in Boise — IBM, Burroughs Corp., and National Cash Register — also indicated no knowledge of the proposed new data processing plant.

Found dead ...

Shelly Barnes, 4, was found dead Tuesday in a canal. Her parents, Ronald and Betty Barnes, were found murdered Monday in and near their home 15 miles east of Paso Robles, Calif. Three suspects are being returned to San Luis Obispo from Fresno. (UPI)

Rockefeller hits stand by Lindsay

NEW YORK (UPI)—Gov. Nelson A. Rockefeller said Monday the endorsement of Arthur Goldberg for governor by Mayor John Lindsay was an act of "expediency" designed to further Lindsay's political ambitions. Rockefeller was asked whether Lindsay's statement was the start of a campaign to obtain the Democratic presidential nomination in the belief that he could not get the GOP nomination because of his liberalism. With a wry smile, the governor answered, "What do you think?"

Voting to test Vietnam policies

WASHINGTON (UPI) — Backstairs at the White House: During his race for the presidency two years ago Richard Nixon succeeded in putting the issue of Vietnam on the backburner. He refused to talk about it in specific terms: His Vietnam plank was a vague promise that he would bring the war to a successful end. In the Nixon campaign rhetoric of 1968, the capture of the Pueblo by North Korea was a more serious affront to American prestige than the costly and stalemated war in Southeast Asia. This year, however, he has turned up the heat. The clearest thing that has emerged so far in his 1970 campaign swings is that in the President's eyes the balloting Nov. 3 will be a test of his Vietnam policies. He wants it that way. He quite plainly is asking endorsement of his efforts to gradually wind down the conflict. "We are ending the war," he told crowds in Ohio, Missouri and North Dakota. "We are on the road to a just and lasting peace in Vietnam. Ticking off the accomplishments of his administration, he pointed out that by next spring more than half the 650,000 Americans who were in Vietnam when he took office two years ago will be out. American casualties—then running 300 per week—"are now at the lowest level in four and a half years and they are continuing to go down." And for the first time there is a peace plan on the table in Paris—one he modestly termed the "most generous peace settlement in the whole history of international diplomacy." But in order to get that "peace that will end all wars for a generation," Nixon told his audiences he needed support. "A majority of one at this time—even before we control the Senate—determines whether the President is going to be supported in his plan for a just peace or whether he is going to be rejected." The challenge is a daring one. The party in the White House traditionally loses during off-year elections. Public sentiment in the United States against the war has always been Hanol's chief weapon.

KEEPING THE RECORD STRAIGHT

"We are winning the battle against pollution!"

— GOVERNOR DON SAMUELSON

- FACT:** Our Administration is meeting water pollution and air pollution problems head-on, and we are succeeding, with no increase in state taxes.
- FACT:** The Environmental Division of the Department of Health is producing positive results in making and keeping Idaho waters clean and pure.
- FACT:** Communities and industry alike are vigorously cooperating and sharing responsibility.
- FACT:** Our proposal for state aid for communities to combat water pollution control problems was adopted and is speeding the fight at local levels.
- FACT:** The Idaho Air Pollution Control Commission, only three years old, has made significant gains against dirty air.
- FACT:** The Idaho Beautification Council, sponsored by our Administration, has already grown into an effective statewide organization to keep Idaho clean.
- FACT:** All this has been accomplished with no increase in state taxes. I aim to keep it that way!

Don Samuelson sees what has to be done ... and he does it, with honesty and integrity.

RE-ELECT GOVERNOR DON SAMUELSON

Gem Vote Rockers set district meet Thursday

By NORMA HERZINGER
Times-News Society Editor

TWIN FALLS—How many of us go to the polls not fully understanding the man or the issues we are voting for, but vote anyway because it is our patriotic duty?

Or, because of our lack of understanding, how many don't vote at all?

For too many, in most cases. But a non-partisan group of women, organized recently in Idaho, should remedy this situation somewhat. They call themselves the Vote Rockers.

They organized in Boise earlier this year and now Magic Valley women have the opportunity to become acquainted with the group and participate in a Central Idaho Regional Conference scheduled Thursday at the First Presbyterian Church Fireside Room, with Mrs. Betty Diamond serving as general conference chairman.

Straight answers and general discussion on things concerning all women will be featured with

outstanding speakers slated to talk on a level that all can understand.

The conference will begin with a coffee hour and registration at 9 a.m.

Mrs. Pat Ehrlich, Boise, temporary state chairman, will center her talk around the challenges and reactions received by the organization since its formation in April. Mrs. Hope Kading, Boise, state PTA legislative chairman and member of the Citizens Committee on State Legislature, will speak on "Vote Rockers: A New Dimension in Woman Power."

The sessions include a discussion of the questions on the ballot for the November general election; the proposed revisions of the constitution, and legislative pay, proposal, along with local issues of interest including kindergartens, day care centers and air pollution.

Other speakers include Mrs. Diane Bilyeu, Pocatello, Idaho state senator and former legislative district chairman, and precinct committee woman; Mrs. Marjorie Darling, Boise, legislative chairman for the League of Women Voters; Mrs. Sue Puck, education chairman of the Twin Falls League of Women Voters; Mrs. Jean Barchas, coordinator of the Community Action Day Care Center, and Mrs. Rosemary Haley, creator of media reports on air pollution on the East Coast.

A luncheon will be served at

12:15 p.m. at the Rogerson Hotel.

This group should not be confused with the Women's Liberation Movement. It is a non-partisan organization and encourages all women to become involved in the party of their choice.

Any woman in Idaho is welcome at the conference. "Every woman in Idaho has a big personal stake in government at every level and Vote Rockers is providing a way for each of us to deal more effectively with issues affecting our daily lives," Mrs. Diamond noted.

Further information concerning the various legislative districts and the conference can be obtained from Mrs. Roger Ling, Rupert, District No. 21; Mrs. Forest Hyman, Jerome, District No. 22; Mrs. Fred Decker and Mrs. Lloyd Walker, Twin Falls, Districts No. 23 and 24; Mrs. James Martin, Burley, District No. 25, or the Twin Falls YWCA.

Machine instruction . . .
REGULAR ELECTION PROCEDURE will be followed Thursday and Friday at the Twin Falls High School when students vote for candidates in the Nov. 3 general election.

Students will direct the vote gathering under the supervision of Arnold DePaul, instructor. Here Harold Lancaster, left, county clerk, shows Pamela Stephan how to operate voting machine.

Council in dark over light poles

JEROME — When the telephone company went modern and put its lines underground, it left Jerome "in the dark" regarding street lights, in some sections of the city.

Mayor Jack Russell told councilmen Tuesday night,

The city has two options, the mayor said. It can pay rent to Mountain Bell for continued use of the poles and leave the lights as they are, or it can let the utility remove the poles and place the city lights on a bracket on the Idaho Power

Idaho craftsmen form association

GOODING — Formal organization of the Idaho Craftsman Association was initiated Tuesday night at a meeting at the SCS district office. Aldrich, Bowler, Hagerman, acting chairman, reported today.

Some 30 craftsmen from Magic Valley who plan to form

a corporation to market their products attended the meeting. Named to the organization committee to draft articles of incorporation were Bowler, Bob Rodman, Fairfield, and Ralph Harris, Halley.

Advisory committee members are Phil Decker and Jim Alastra, both Gooding, and Paul

Rupert boys return

RUPERT — Three Rupert boys who spent the night in their car which became mired in mud

on a duck hunting trip, were none the worse for the experience today.

The three, Danny Baxter, 15, and his 4-year-old brother, Michael, and Stan Stapelman, walked to a farm home in the Malta area at daylight. They telephoned their parents at 8:40 a. m. today.

They are the sons of Mr. and Mrs. Dean Baxter and Mr. and Mrs. Herman Stapelman, all Rupert. Mrs. Baxter went to pick up the delayed hunters.

Sheriff's officers, who were notified at 11:30 p. m. Tuesday when the boys failed to return home, searched throughout the night. The search was resumed

I80 shoulder job moves on

SHOSHONE — Work is progressing on a project involving interchanges on Interstate 80N in the Burley-Rupert area, Howard Johnson, district highway engineer, said Tuesday.

Shoulders on the interchanges for state Highway 50, Heyburn, Burley and Salt Lake City are being seeded and signs are being erected. Guard rails have been installed and the slopes flattened.

Paving of 7.2 miles of US 30 has been completed West of Burley. Seal coating will be done next spring.

Paving started this week on

the Declo street project. Roadway excavation, curb and gutter and gravel placement is complete in the project of \$70,649, being done by Gordon Paving Company, Burley.

Work on the Heyburn bridge on Highway 30 is now virtually complete, Johnson said.

Progress on the Overland bridge has been hindered by cold weather, Johnson said. Detours are signed around the area—but one-way traffic is being maintained across the structure. This project, \$65,454.55 is being done by Federal Construction Co., Spokane.

GOP caravan to span county

TWIN FALLS — Pre-election campaigning will reach a peak for Republican candidates in Twin Falls County on Oct. 30 with a full day's program of parades, a luncheon and handshaking. Doug Kramer, county chairman said today.

Members of the executive committee of the county Republican organization met yesterday to make final plans for the Oct. 30 "Republican Day." Kramer said Gov. Don Samuelson and Orval Hansen, Second District Congressman, both candidates for reelection will head a caravan through the

county.

Vehicles will leave the Buhl and Castleford area about 10 a. m. and travel to Kimberly with a noon luncheon in Twin Falls at noon. Public participation is being encouraged in all events of the day and Republican headquarters in Twin Falls and Buhl will be open with many candidates there to meet with voters.

All residents are invited to visit one or both headquarters, Kramer said. Arrangements for the luncheon will be announced later, he said.

Opening Thursday

TWIN FALLS — Open house in the newly-decorated children's library section of the Twin Falls public library will be held Thursday from 1:30 to 3:30 p.m.

Librarian Robert Bruce said it will be held Thursday so there will not be conflict with area trustee meeting planned for Friday.

The public is invited to the open house program. Refreshments will be served following a tour of improved facilities.

Youth council elects

TWIN FALLS — Alan Howa was named chairman of the newly formed Twin Falls Youth Advisory Council this morning in the group's first official meeting held at the Rogerson Hotel Coffee Shop.

Paul Ostyn, liaison officer between the council and the city council, said the young members will meet each month for a breakfast session, at 7 a. m. on the last Wednesday of the month.

Others elected include Bob Williams, vice chairman, and Jane Lewis, secretary. Members divided the terms into one, two and three years with one year terms assigned Conrad Cuellar, Jane Lewis and Kathy Hernandez. Two year terms were assigned Howa, Marshall Foster and Barbara Front with three year terms to Bobby Williams, Stephanie Parker and Bruce Cooper.

Mayor Frank Feldman and Ostyn, ex-officio members of the council explained the purpose of a youth advisory group and outlined duties of the members.

A copy of the ordinance creating the council was presented—the newly-elected chairman.

Magic Valley

Director visits . . .
FIRST NATIONAL VISITOR to the Twin Falls League of Women Voters in many years was Mrs. John Ahern, center, San Francisco, a national director on foreign policy programs. Accompanying her on the tour of Idaho is Mrs. William Zelezny, Idaho Falls, state organizational chairman, at left. Mrs. Roy Sloten, right, Twin Falls League president, introduced the dignitaries.

League vigor lauded

TWIN FALLS — League of Women Voters organizations are vigorous hard working units, Mrs. John Ahern, San Francisco, national league director on foreign policy, told Twin Falls league members Tuesday afternoon.

Mrs. Ahern's visit here was the first from a national officer in the memory of most of the present membership. She was accompanied by Mrs. William Zelezny, Idaho Falls, organization chairman for the Idaho League of Women Voters,

Charge dismissed

BUHL — Judge John Pearce of Buhl has dismissed charges against a Hansen man arrested Monday by Sheriff Paul Corder.

John Brashier was arrested on a complaint of assault with a deadly weapon signed by Michael Squires, a Twin Falls juvenile. The case was transferred to Buhl by Probate Judge Eugene McCoy.

Robert Galley, county prosecutor, said he filed a motion to dismiss the charges, a motion subsequently granted when Brashier appeared before the Buhl Justice of the Peace. Galley said the decision for the move to dismiss was based on the evidence which he has at the present time.

The charge evolved after Brashier signed complaints against several area youths after an incident on Oct. 13. Brashier alleged the youths drove by his home and swore at his wife. Sheriff Paul Corder said Brashier followed the boys, going toward Twin Falls from Hansen. Brashier alleges the boys attempted to run him off the road and he fired a shot into the rear of the panel truck they were operating to scare them away.

Priority given vocation classes

favor kindergartens at the taxpayers' expense. Some districts don't have classrooms for them at present. I want to know what the public wants and not what a pressure group wants."

Blanchard favors a kindergarten program in the public schools, financed from the state level. And he feels it is imperative that vocational education be stepped up at the high school level.

"The kindergarten program definitely should be under the auspices of the state public school system," he said. "Any teaching in the area of kindergarten should be by authorized, recognized, qualified teachers for the area."

"I think there should be more vocational training areas in the high school program so these students could be productive citizens on emergence from high school," Blanchard said. "I don't think we have to shove all these kids through college to make them productive citizens."

Although Engelsing and Blanchard list finance as the No. 1 problem confronting Idaho educators neither has an immediate solution, Engelsing sug-

gests, however, that sales tax exemptions be re-examined and that total state expenditures be given a second look.

Neither McKinlay nor Blanchard sees any need for a tax increase to finance education. Both believe there is sufficient money available if the right priorities are established for spending.

Blanchard also feels the property owner is bearing all of the tax burden he can stand and that "there must be some other device or means to provide funds for the system even if it has to mean the elimination of some state bureaus which are duplicative."

On other questions, the three candidates offered these views:

Q: "What should be the state's role in providing higher education for its people? If money is a problem would you favor restrictive admission tests for state residents?"

Engelsing: "I think every citizen has the right to become a productive citizen of our country. Whether he takes the academic route or the vocational route, that is his choice. I think our obligation is first to students of the state of Idaho.

I'd hate to see restrictions placed. (But) I think they'd be on out-of-state students."

McKinlay: "There's room within the university complex for student participation and this does not include disruption and violence. I think first obligation the administration has is to explain the rules clearly, positively and early and even attach a penalty to violation which would be expulsion. I would suggest an intelligence test but passing it would, I think, be enough to admit them."

Blanchard: "The major role is to provide the funds for the building up of universities throughout the state. It is their responsibility to see that money is available and that it is spent in a proper way so that the money can reap the greatest benefits. You can't spend a million dollars among four or five institutions and expect to establish any kind of a program. I feel that the flooding or saturation of the colleges by so many students in their initial years of college is so great there certainly ought to be a screening means to eliminate the potential college drop outs

who are there primarily for the thrill or to satisfy a parental desire."

Q: "How much 'freedom of expression and participation' should be given students in setting curricula, hiring faculty and determining general educational direction?"

Engelsing: "I feel that we should have recommending student bodies and groups and that our boards and administration ought to be sensitive to them. But I think basically that your boards and administrators have the responsibility from the taxpayers to operate your institutions and this is definitely where the responsibility ought to rest."

McKinlay: "I think a little recognition along this line would help the situation. We have a brilliant generation of youth and they need really a purpose and we need their assistance. But I'm not in any way in favor of riots and violence."

Blanchard: "I don't object to having them sit in on the planning commission or planning groups for setting up the curriculum. But it bothers me to think they could be used or fired from an

Roomers create parking problems

TWIN FALLS — Parking of automobiles is becoming an increasing problem in the older residential areas of the city, as many large homes are being

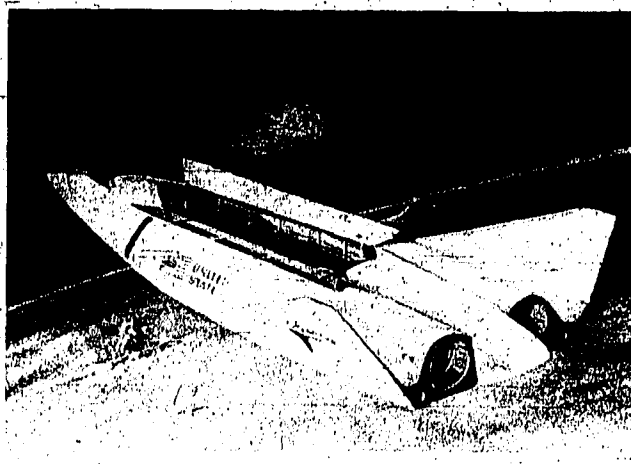

converted to boarding and housing units for college students. This was brought to the attention of the city council

Monday night by Robert Bartlett who said he resides at 451 Second Ave. N.

Many of his neighbors, he said, are providing sleeping quarters for as many as seven or eight college students, all of whom have automobiles. Because most do not have the space or have not taken the trouble to provide off-street parking, he said, there is considerable competition for the one or two automobile spaces in front of each home.

City officials cannot control parking on public streets other than in the business districts or those under special regulation. Many home owners post "reserved" or "no parking" signs in front of their homes, but officers cannot enforce these orders, Mayor Frank Feldman explained.

Admitting it is a problem, Mayor Feldman suggested the city attorney check into rooming houses, hotel or motel parking regulations now on the books, and advise the city council.

"ORBITER" portion of space shuttle being earth orbit in this drawing. Two astronauts are retrieving satellite to be carried back to earth. (UPI)

Commissioners to conferences

TWIN FALLS — County Commissioners here are making plans to attend the Nov. 16 and 17 first annual conference of the Idaho District Health boards and the Nov. 18 and 19 fourth annual Governor's Conference on Natural Resources.

Both meetings will be held in Boise. Commissioner William Chancy will represent the South Central Idaho health district board at the health conference in the Holiday Inn in Boise.

This is the first such meeting

under the revised health district system for Idaho, he said, and topics to be discussed will include solid waste disposal, organization of the health districts, legal matters pertaining to health regulations and other current issues.

All three commissioners, Chairman Heber Loughmiller, Morris W. Carlson and Chancy will attend the governor's conference. This is sponsored by the Idaho Cattlemen's Assn., Idaho Woolgrowers Assn., and the Wildlife Federation of Idaho.

Day care center at Burley sets series

BURLEY — The Burley Day-Care Center will sponsor a series of two panel discussions on child development at Burley High School Monday at 8 p.m. which are open to the public at no cost.

Lois Cammack, director of the day-care center, said a Twin Falls pediatrician, Dr. E. B. Wright, and Dr. Rulen Mc-

Carrey, chairman of the department of child development and family living at Ricks College, will join in a discussion on providing a proper environment for the younger child.

Dr. Wright will also present a film on "The Hyper-Active Child" during Monday's discussion.

The following Monday, Nov. 2, Lawrence Mack, executive director of the South-Central Community Action Agency, Twin Falls, and Harold Blauer, Burley superintendent of schools, will discuss the adolescent years and the challenges facing both youngsters and their parents. The public is invited.

Suspects in custody

BURLEY — Three men and two juveniles were arrested Monday in Burley in connection with a burglary at the Rupert city dump, according to Burley police.

The three men, who were held in custody were Clarence R. Bender, 18, Woodward, Okla., and two brothers, John L. Bishop, 19, and Robert Bishop, 18.

'Year of quarterback' producing tight race in collegiate passing

NEW YORK (UPI) — College football's "Year of the Quarterback" has produced one of the closest pass leadership races in history.

John Head of Pacific University became the sixth quarterback to lead passing statistics this season Tuesday, according to official statistics released by National Collegiate Sports Services.

But Head, who leads with 18.3 completions per game, is being pressed by no less than nine competitors. Only 1.8 completions per game separate Head and 10th place Dennis Dummit

Notre Dame ready for bowling again

INDIANAPOLIS, Ind. (UPI) — Coach Ara Parseghian said Tuesday Notre Dame would accept a bowl invitation this year if one is extended and if the club's record remains good.

Parseghian, in a telephone address to the Indianapolis News Downtown Quarterback club, said the Irish, not being in a conference, have had to rely heavily on the national polls for prestige.

"Now, of course, after having played in a bowl game after 41 years, the polls are still important to Notre Dame," he said.

"But now the possibility exists that Notre Dame can get an invitation to a bowl game even though we might have a few losses."

The Irish are currently unbeaten and ranked third by United Press International.

"I'm more concerned how we rank in November than in October," he said.

New fuel seen as record key

SALT LAKE CITY, Utah (UPI) — Driver Gary Gabelich expressed confidence Tuesday technicians would cope up with the proper fuel mixture for the necessary thrust to set a world land speed record in the Blue Flame.

"We've got some ideas in mind to change the fuel mixture which I feel will give us the needed thrust," Gabelich said.

The Long Beach, Calif., speedster plans an "all-out" attempt Thursday, weather permitting, to crack Craig Breedlove's world land speed record of 600 miles per hour.

"He already has exceeded the mark with a two-way run of 601.655 on Utah's Bonneville salt flats but the rule books say he cannot claim the record unless he betters the mark by at least one per cent.

"If we don't get the record this time," Gabelich said, "we'll have to be satisfied for now with just having the world's fastest car, but I would rather than the record," he said.

The 38-foot-long, pencil-shaped car in which he has been trying to eclipse Breedlove's record is presently on the salt-crusted salt flats west of here waiting for shipments of fuel from both coasts.

Gabelich said he is well satisfied with the way the car is handling.

"It's very responsive," Gabelich said. "I'm not worried about being able to handle it, even at the speed of sound."

The sound barrier will be Gabelich's next goal if he succeeds in breaking the speed record.

Obviously looking forward to his return to the salt flats, Gabelich said it was "really a neat feeling to go that fast. I feel good."

Fan apathy might kill small teams

SACRAMENTO, Calif. (UPI) — Small college football is being replaced by intramural or club programs in 10 years unless there is a rekindling of spectator interest, according to the athletic director of Chico State College.

Rex Grossart, also the National Collegiate Athletic Association representative to the Camellia Bowl, said Monday attendance at the Wildcats' games was down even though Chico was a winning team.

"Pro football is hurting us, no question," Grossart told the Camellia Bowl Association. "Fans see so much pro football on television they come out to their local stadiums and expect duplication."

"Small college football is exciting, but we will have to work harder to promote it or we will have intramural or club programs in 10 years."

"And I would hate to see that at good schools like Chico, Sacramento State and San Francisco State. But the coaches know what will happen if we don't improve attendance."

The athletic director said the Camellia Bowl, to be played Dec. 12 at Hughes Stadium, was good for small colleges but more such contests were needed to draw fans.

Grossart also said there were 39 schools eligible for the Camellia Bowl, but so far only nine have responded to questionnaires.

They were Cal Poly, Pomona; Cal Poly, San Luis Obispo; Chico State; Central Washington State; Humboldt State; North Dakota State; Puget Sound and Weber State.

Idaho-Oregon game film set

Film of the University of Idaho-Oregon football game will be shown at 8 p.m. Thursday at the Rogerson Motor Inn, reminds Hank Woodall.

Woodall said any interested person may attend.

SPORTS

Winless Vandals facing new aerial test against Portland

MOSCOW — The Idaho Vandals ran into one of the best offensive displays of the year as they were downed by the Oregon Ducks in Eugene last Saturday.

Coach Don Robbins said that the Ducks had great speed in their backfield and some very talented receivers who had excellent speed and the Vandals were just not able to contain this type talent.

"This was the Idaho team again who face a top passing team with the Portland State Vikings coming to town for the annual Homecoming game slated for Rogers Field in Pullman at 1:30 p.m.

The Vikings, fresh from downing Weber and Central Washington, have an outstanding passer in Tim Von Dulm. The 6'3", 200-pound quarterback has had his greatest year and can be counted upon to fill the air with footballs. In addition the Vikings have Charlie Staudamir at a running back position, who also is a fine receiver and Kurt Heime, a wide-receiver who has been doing a great job for the Viks. Tom Ferrin, 6'2" tight-end, is also a fine receiver and blocker and with the Vikings using their unbalanced line with emphasis on the overshifting to the split-end side, the Vandals must make some defensive adjustments to stop their attack.

The Vandals lost the services of Richard Beaver in the Oregon game, he suffered a knee injury and the seriousness of his injury will not be known until later this week.

Coach Robbins said that Mike Wiscombe, senior fullback, had his best game of the year as he ran for 30 yards in nine carries and blocked well. Jack Goddard caught five passes for 36 yards and it is hoped that he will be near full strength this week. Robert Lee Williams also returned for the Oregon game and was used both as a running back and receiver.

"The offense has shown more signs of improvement in the

past two weeks and the passing has improved with both Steve Olson and Tom Ponciano hitting on touchdown passes.

Coach says his Bengals Improving

CINCINNATI (UPI) — The Cincinnati Bengals may have lost their last four games, but Head Coach Paul Brown still rates them better than a year ago at this point.

"We came to this conclusion after we went through the pictures very minutely," Brown said. "At this stage this year we have a lot better football team than we had a year ago."

The Bengals latest defeat came Sunday at the hands of the Kansas City Chiefs, 27-10, but Brown found some aspects of the game pleasing in spite of the loss.

"We moved the ball reasonably successfully on this team (Kansas City)," he commented. "We had 70 plays to their 50, and we had 15 first downs to their 14."

But the coach pointed out the mistakes which made the difference between a win and a loss and blamed them on failure to execute.

"We failed to execute on some big plays," he said, "a lot of the type we do routinely such as the missed field goals (three), the fumble on the snap from center, missed interceptions and missed pass receptions."

Brown singled out two of the players for special praise after viewing their performance against the Chiefs on film—wide receiver Chip Myers and rookie defensive tackle Mike Reid.

Title bout rule gets boxers' OK

ATLANTA (UPI) — Cassius Clay and Jerry Quarry agreed Tuesday to use "championship rules" in their 15-round heavyweight fight next Monday night.

The rules call for a fighter to take a mandatory eight count if he is knocked down, but the bout will not be stopped—no matter how "finely" a fighter is knocked down—in one round. In non-championship bouts, it is usually a technical knockout if one man goes down three times in one round.

"I'm still the champion," Clay said, "so we should use championship rules. The people of the world will recognize the winner of this fight as champion."

The 28-year-old Clay was deposed as champion in 1967 for refusing induction into the Army and has not fought since he kayoted Bora Folley March 22, 1967. Joe Frazier emerged as Clay's successor in a series of eliminations.

The two fighters agreed earlier to use the New York State scoring system. That system is basically on a round basis, but the three officials, two judges and a referee, also give bonus points for particularly one-sided rounds. If each fighter wins the same number of rounds (7-7, for example) the winner of the bout is determined by points.

Mississippi upset earns Underwood weekly coach nod

HATTIESBURG, Miss. (UPI)—P. W. Underwood came here a couple of years ago with a lot of determination and dedication, stamped this part of Mississippi as "big orange country" and set out to make that slogan mean something. It did this past week.

Tampa claims small college top spot

NEW YORK (UPI)—Tampa has ridden one of the biggest waves in its history to the No. 1 ranking among small college football teams. Fran Curci's Spartans upended Miami (Fla.) 31-14 Friday night and were rewarded today with the nation's top ranking among small colleges by the United Press International board of coaches.

Walt Kitchenski, who took over for Charley Tate as coach of Miami, said Tampa had, "the best running backs we've faced so far this year. They are quick, fast and move the ball well. They had the outside speed on the option play and one of the best teachers in the business on this particular kind of play,"

Tampa received 11 first place votes and 243 points in balloting by 32 members of the 35-coach board to oust Arkansas State from the top spot. Arkansas State, which had four more first place ballots than Tampa, finished five points behind.

Montana was third, followed by Texas A&I, North Dakota State, Delaware, Tennessee State, Abilene Christian, Western Kentucky and Eastern Kentucky in the top 10.

Teammate defends Nelsen

CLEVELAND (UPI)—Cleveland Brown's tackle Joe Taffoni said here that quarterback Bill Nelsen "means everything to our club" and it's about time the fans stopped booing him.

Taffoni, who addressed a group of Browns fans here, didn't mince any words. "Please don't boo," Bill Nelsen, he said. "This fellow has so much guts. If you could see his knees you'd know why I say this."

He means everything to our club and he's done so much for us," said Taffoni. "So if you boo him, or know someone who does, tell him to knock it off," Taffoni said.

The Browns, defeated by the Detroit Lions on Sunday, now must prepare for the Miami Dolphins and Paul Warfield. The Browns traded Warfield to the Dolphins.

"You always miss a receiver like Warfield," said Taffoni. "But Paul [Warfield] is doing a fine job and I think in a few years he'll be of Warfield's caliber."

Pistons pin first loss on Bucks

DETROIT (UPI)—Bob Quick's three points with five seconds remaining and Jimmy Walker's free throw on a technical foul in the last three seconds Tuesday night enabled the Detroit Pistons to stay to stay unbeaten by defeating the Milwaukee Bucks, 115-114, in a National Basketball Association contest.

With 11,316 persons watching—the largest crowd ever to see the Pistons play at Cobo arena—Detroit stormed back from an 80-70 deficit to take their fourth straight win of the season. Milwaukee, paced by Lew Alcindor's 36 points, had a 113-110 lead with 14 seconds to play.

Walker grabbed a loose ball to give the Pistons possession and Quick converted the rebound and a subsequent free throw after being fouled on the play to give Detroit a 114-113 lead.

Rhyme given starting nod

HOUSTON (UPI)—Quarterback Jerry Rhyme received the fourth starting assignment of his professional football career Tuesday when Houston Oilers Coach Wally Lemm named him to open Sunday's game against the San Diego Chargers.

"I think the guys have good faith in Rhyme," Lemm said. "He's a tough minded kid. They've seen him move the football against Baltimore, Los Angeles and again last week."

Brewers buy two pitchers

MILWAUKEE (UPI)—The Milwaukee Brewers Tuesday announced the acquisition of two pitchers from the New York Mets organization—left-hander Les Rohlf and right-hander Larry Bearnarth.

General Manager Marvin Milkos said the transactions were conditional purchases. He said he looked to the deal for Rohlf, a 24-year-old British native, as "particularly significant."

RIDING IN LUXURY: the College of Southern Idaho Golden Eagles will have this new nine-passenger Mercury Marquid stationwagon to get to games this winter courtesy of Thelsen Motors. From left, Coach Jerry Hale accepts the keys from Dick Dey, sales manager and general manager Emmett Harrison.

Namath to miss six weeks with injury to wrist

NEW YORK (UPI)—The New York Jets announced Tuesday that quarterback Joe Namath will be sidelined for at least six weeks with a broken bone in his right wrist.

X-rays taken Tuesday at Lenox Hill Hospital confirmed that a bone in Namath's wrist was broken and the hand was placed in a cast. Dr. James Nicholas, the team physician, said the hand will be immobilized for six weeks.

Dr. Nicholas said he did not know how long it would take for the bone to heal. Namath was injured in the fourth quarter of Sunday's 20-22 loss to the Baltimore Colts when he fell on his hand after defensive tackle Billy-Ray Smith crashed into him.

Namath was injured in the fourth quarter of Sunday's 20-22 loss to the Baltimore Colts when he fell on his hand after defensive tackle Billy-Ray Smith crashed into him. He finished the game, setting club records for passes attempted (62) and passed completed (34). He also had six passes intercepted, tying his own club record.

Namath, troubled by chronic knee injuries throughout his six-year career, has never missed a game with an injury. He had some previous trouble with the thumb of his right hand during the 1968 season—the year in which the Jets defeated Baltimore in the Super Bowl for the world championship.

Missouri-Valley Loop fines Tulsa on recruit violations

TULSA, Okla. (UPI)—The Missouri Valley Conference fined the University of Tulsa \$1,500 Tuesday for giving excessive financial assistance to prospective football players, and banned it from post-season play this year and next.

Kansas suspends track men

LAWRENCE, Kan. (UPI)—Two National Collegiate Athletic Association record holders have been suspended from the University of Kansas track team, it was learned Tuesday night by KTSB-TV in Topeka, Kan.

The players, Jan Johnson, 19 of Chicago, Ill., and 20-year-old Brian McElroy of Massapequa, N.Y., were suspended by track coach Bob Timmons for disciplinary violations.

Johnson, a world record holder in the indoor pole vault with a 17-7 jump at the NCAA Indoor Championship last spring in Des Moines, Iowa, said he and McElroy had been suspended but would not say what the nature of the discipline infraction was.

McElroy, a co-record holder in last spring's two-mile relay race at the NCAA meet in Detroit, could not be reached for comment.

Ohio State back hits on big bid

COLUMBUS, Ohio (UPI)—It took two years of waiting, but when Ohio State fullback John Brockington finally got his big chance, he wasn't about to let it slip.

Brockington, the Buckeyes' 220-pound fullback from Brooklyn, N.Y., was named Midwest Back of the Week today for his play in Ohio State's 28-8 victory over Minnesota Saturday.

"This is a first for me," Brockington said when informed of his selection. Brockington carried 28 times against the Gophers and gained 187 yards, including a 62-yard touchdown run in the first quarter, the longest run of his college career. He also scored another touchdown on a one-yard plunge.

Brockington came to Ohio State as a highly-touted fullback, but happened to be here at the same time as Jim Oatis, last year's all-American fullback.

Big John was switched to left half and started his first game against Purdue. After an outstanding first quarter in that game, he suffered an ankle injury and saw little action the rest of the season.

Last year he was strictly a fullback, playing behind Oatis. "You always get a little discouraged when you don't play," Brockington said after practice Monday, "but you have to stay steady in case you're needed."

Reed, Knicks drop Lakers

NEW YORK (UPI)—Willis Reed, recovering from intermission stomach cramps, scored 16 points in a fourth-quarter drive Tues. night to carry the New York Knicks to a 115-100 victory over the Los Angeles Lakers in a National Basketball Association game.

Reed stayed out the first eight minutes of the third quarter as he waited for medication to take effect. The Knicks, carrying on for the New York center the way they did during his absence in several games of last season's title series, managed to take an 84-82 edge after three quarters.

Dave DeBusschere scored two quick baskets in the fourth quarter as New York gained a 90-84 lead. Reed then took over, scoring 16 of the next 18 points for New York as the Knicks took a commanding 105-98 margin.

Warriors top Baltimore

BALTIMORE (UPI)—Jerry Lucas scored 33 points as the San Francisco Warriors broke a modest two-game Baltimore Bullets' win streak Tuesday night with a 125-105 National Basketball Association victory.

The Warriors hiked their record to 2-1 by holding the Bullets to 19 points in the second quarter and increasing their 65-55 halftime lead to 84-71 with 3:32 left in the third quarter.

Baltimore went to a three-guard offense in the fourth quarter but got no closer than 99-92 before the Warriors pulled away.

Florsheim Fashion as in Boots

Economy boost needed in west Idaho district

EMMETT (UPI)—Results of a six-month study in western Idaho and eastern Oregon show economic development and increased economic activity to be the highest priority item to meet the needs of the disadvantaged and low-income in the area.

The study, done by Western Idaho Community Action Programs, Inc., (WICAP) also showed other needs — in order of importance — to be housing, health, education, problems affecting youth in the area, day care and transportation.

The report showed the area which includes Adams, Boise, Gem, Payette, Valley and Washington Counties had from a low of 4.5 per cent unemployment to a high of 8.5 per cent, with an overall average of 7.9 per cent. Underemployment and seasonal employment ran as high as 18.2 per cent in the area.

The board of directors of WICAP noted in spite of the fact there are 281 agencies in existence in southwestern Idaho alone which are concerned with health, health services for the poor in rural areas "still leave a great deal to be desired." The board noted there is a high percentage of persons over 65 years of age in the area "which makes the need for improved health services all the more urgent for the area."

Statistics from the area show 12,356 people out of a total population of 36,847 do not have high school diplomas, and 2,810 persons in the six counties have not finished grammar school.

The board said many young people are leaving the area, and said the decision to rank day care needs among its priorities reflects a lack of early childhood services in general across the state.

"Transportation needs among the rural poor were seen to be the greatest among the elderly citizens in Idaho," the board said. Members of the staff have been in contact with Idaho's congressional delegation over the past several months to bring the transportation need to its attention.

The Community Action Program has already incorporated a local development corporation encompassing the six counties to sponsor loans up to \$150,000 through the Small Business Administration to aid existing small businesses in expansion or to set up new local small businesses in the area.

The CAP has also been working with the Economic Development Administration, county commissioners, and governors Tom McCall of Oregon and Don Samuelson of Idaho toward having the area designated an economic development district by the EDA in Washington.

The board said to date all of the counties in the area with the exception of Gem County have indicated a desire to be included in the district and said "both governors have enthusiastically supported the idea."

In specific areas, the board set the following goals:

- Create at least 180 new job openings for low-income in the area over the next three years.

- Assist in building or bringing up to standard 209 housing units for low income and elderly.

- Study health needs and alternative plans, with completion scheduled by the end of the year.

- Assistance for 530 low-income people to attain graduate equivalent degrees and provide job skill improvement training for 300 persons.

WHY

do stores start Christmas

before Thanksgiving?

YOU'VE HEARD THAT QUESTION, PERHAPS SAID IT YOURSELF... IT DESERVES A SINCERE ANSWER!

Do you recall shopping in the final two weeks before Christmas last year? Remember the tedious waiting... or seeing the gift you had your heart on-going to the previous customer... and no time to re-order before Christmas?

Remember the long lines... the crowded streets... the fight for parking places? And, of course, the fatigue that made you resolve to start your Christmas shopping early next year? Well, THIS is next year!

If everyone waited until the last week before Christmas there wouldn't be space in the stores for all the shoppers. Delivery and

wrapping service would bog down. Out-of-town mail could never make it! Stores would be strained to capacity and unable to maintain the kind of service they want to give, and which customers expect.

For these reasons and others which will occur to you, don't you agree that beginning your Christmas Shopping early makes that task easier, faster, and a whole lot more pleasurable for YOU? Do yourself and your favorite store a favor... start shopping soon; while selections are greater... while you have plenty of time to compare before buying... while salespeople can give you the kind of service you prefer.

To preview all the excitement, and wrap Christmas up early... look for the special Christmas Gifts Section, coming October 28th in the Times-News.

Shock reaction to early arrest

KENT, Ohio (UPI)—Craig Morgan, president of the student government of Kent State University, who had urged his fellow students to follow the motto "Power to the Peaceful," was one of the first four persons arrested on indictments stemming from the violent campus disorders of last May.

The 20,000 student campus reacted with shock to the arrest of Morgan, a senior Air Force ROTC cadet. More of the 25 persons named in secret indictments by a special state grand jury were expected to be arrested today.

William M. Kinsler, the lawyer who defended the Chicago Seven, said here Monday night he would send several lawyers to co-ordinate the defense of "the Kent 25." Morgan pleaded innocent to a second-degree riot and was released on \$1,000 bond. Others arrested Monday were Dr. Thomas S. Lough, 42, associate

professor of sociology; Jerry H. Rupe, 22, and Richard C. Felber, 21 of Akron.

James Nuber, a senior from Canton, Ohio and Morgan's executive assistant in the student government, said:

"It's just not a radical. A lot of kids are uptight. They figure if Craig goes, who next?"

Monaco is visited by as many as 1.5 million tourists annually.

Revision talks set in valley

TWIN FALLS — Ten speeches about constitutional revision were scheduled today by members of the Magic Valley Citizens Committee.

Sen. John Barker, committee chairman, said the Magic Valley Speakers Bureau will continue to function through Nov. 2 and any group wishing a speaker may call the Twin Falls Chamber of Commerce office.

Today's speeches include: Ella Nelson spoke to the M. S. and S. Club at 2:30 p.m. Gene Stacey spoke at 2 p.m. in the Episcopal Church auditorium to the American Association of Retired Persons. William Roberts spoke to the Buhl Kiwanis Club at noon in the R and R Cafe.

At 3:30 p.m. John Barker was to speak to the Castleford Methodist Women.

Sen. Richard High will speak at 8 p.m. to the Nurses' Association at Magic Valley Memorial Hospital.

At 8:45 p.m. Mary Nelson will speak to the Twin Falls Community Action Agency.

At 8:30 p.m. John Wolfe will address the American Legion Auxiliary.

Park backs dredge law enforcement

BONNERS FERRY (UPI) — Tony Park, Democratic candidate for attorney general, said Monday Idaho must strictly enforce its existing dredge mining control laws "if our rivers are going to be protected."

Park said he believed existing Idaho dredge mining statutes are adequate to protect the streams if they are stringently enforced, but said the legislation is "worthless" if not enforced.

He pledged to enforce the laws "fairly, impartially and diligently" if elected, adding, "You can also be assured that there will be no catering to any certain interest groups or person because he is politically or economically important."

"The attorney general is a lawyer for the people and it is his job to protect the streams of Idaho for all the people."
