FBI probes hugest bank embezzlement

CHICAGO (UPI)—FBI agents investigated today what could be one of the largest amounts of money—estimated between \$6 million and \$7 million—ever embezzled from a bank.

The embezzlement occurred at the Cosmopolitan National Bank and was discovered when a customer "confessed" the crime to a bank official Feb. 25, Donald D. Magers, bank president, said Monday.

The embezzlement scheme, which involved checks as large as \$900,000 written on the customer's account, also involved a veteran member of the bank's bookkeeping department, Magers said. He said the employe has since been discharged.

U.S. presses Suez retreat

WASHINGTON (UPI)—Secretary of State William P. Rogers strongly pressured Israel today to withdraw to its 1967 border with Egypt. He said Israeli security did not depend on "acquisition of territory" and pledged long-term American support.

confidence from the Knesset (Parliament) when she spelled out a peace platform that rules out Israel withdrawal from East Jerusalem, the Golan Heights, the Jordan River and Sharm el-Sheik.

"It is not necessary to acquire territory to make adequate provisions for security" for Israel, Rogers said.

Rogers, told a news conference that "the climate has never been better" for a Middle East peace settlement.

He explained that satisfactory security arrangements could include a United Nations peace-keeping force in which the United States, the Soviet Union, France, Great Britain and possibly some other smaller nations might participate.

Magers said the embezzlement apparently occurred when the executive wrote checks on a corporate account in excess of the amount of money deposited to the account. The checks were only handled by the one bookkeeper involved, he said.

ONE OF 245,000 baby seals to be slaughtered this year, this little fellow's plaintive eyes foreshadow his coming fate of being clubbed to death with a 30-inch bat, so as not to injure his pelt. This practice, condemned by conservationist groups and Humane Societies in Canada and abroad, is carried out under the watchful eye of the government. (UPI)

Club looms

'Life' reveals hunter ordeal

By LEETREMAINE
Times-News Staff Writer
WENDELL — "Bob Bailey and Joe Conquest wanted just one more day in the woods before the deer season ended...

safety, after waiting nearly a month for rescue, while Conquest, his feet too badly frostbitten to walk, waited behind — and failed to survive the wait.

As recounted by writer John Neary of Life, however, the two men tried walking out shortly after they were stranded by deep snow in "frozen, blizzarded Muldoon Canyon," 20 miles from Copper Basin in the roughest, widest, emptiest, — coldest and most dangerous country on earth."

They tried walking, but after 14 long, cold hours, they returned, covering only four miles through deep snow, Neary says in his article.

"Seriously wounded by the cold outside, and badly frightened, really frightened for the first time, ... they now were glad to see this truck they had so exultantly left, and were glad to have even its thin, steel walls between them and the ferocious and murderous cold of the high mountain canyon."

Conquest "took the ball-point pen and wrote on the back of the little note: 'Couldn't make walk. To cold & snow to soft. We sunk to our hips most of the time. Return to car at 11 p.m. Joe froze both feet last half of walk back to car he could only stumble when he removed his boots his socks were frozen to his feet & boots-Bob's feet stayed dry He is O.K. Just VERRY cold'."

Thus began the ordeal; Conquest, with badly frostbitten feet, couldn't walk; Bailey, wearing insulated clothing, with

Arms talk Mexicans bargaining foil plot underway

VIENNA (UPI)—The Soviet Union and the United States put formalities behind them, and got down to hard bargaining today at the first full meeting in the fourth round of the Strategic Arms Limitation Talks (SALT).

MEXICO CITY (UPI)—The Mexican government said Monday it has smashed a plot in which North Korea trained Mexican students as guerrillas in an attempt to overthrow the government and replace it with a Marxist-Leninist regime.

The meeting was being held at the Soviet embassy.

Attorney General Julin Sanchez Vargas announced the arrest of 20 Mexicans and said the search was on for 29 other members of a group trained in terrorism at a North Korean Army camp near Pyongyang.

The latest SALT round opened formally Monday when Austrian President Eranz Jonas greeted the two delegations in a five-minute ceremony stripped of all pomp and ceremony.

"This group was trained by North Korean soldiers with the aim of imposing a Marxist-Leninist regime on Mexico," Sanchez said.

Three hours later, U.S. delegation leader Gerard C. Smith went to the Soviet embassy for a formal call on the chief Soviet negotiator, Vladimir S. Semenov.

Sanchez said the plot was hatched at Patrice Lumumba University in Moscow.

Arstein policy 'broad'

BOISE — Idaho Commissioner of Agriculture Oscar Arstein, — Paul, whose nomination was confirmed by the Idaho Senate Monday, told the Times-News today he will consider the positions of all factions of farming, including the controversial National Farmers Organization (NFO) in setting policies for Idaho agriculture.

"All organizations should be considered by the legislature when they make laws that the Department of Agriculture is to carry out," Arstein said. "I'm not going to take any position, to say one group is better than another, or that one is worse than another."

Declaring "I'm not going to differentiate between Republicans and Democrats" in administering Idaho farming policies, Arstein said "That's not the real issue. What we're trying to do is work with the farmers. The farming community is going through a change. They should be aware that the people in government have knowledge of their problems."

"It will be a policy of this department from now on to get the point over to the people what the department is doing for them," Arstein said. "We do a lot for the consuming public, but we have to have the help and consideration of all people."

The new commissioner said he is adamant that "I don't want to get politics mixed up in this business; that's not good for the state. When I was appointed by Gov. Cecil Andrus, there were no strings attached to the appointment. I'm at liberty to do the right thing."

Endorsing the right of the individual to own and operate a farm, Arstein said "People in agriculture should have a private identity. These huge conglomerate landholdings are wrong in my view; private identity is the thing."

Arstein started his career in agriculture at a young age, working on his father's farm near Murtaugh at the age of 14. He has many years of service with the Southern Idaho Production Credit Assn. to his credit, including terms as inspector and manager of the Burley PCA office.

Fair, cool

(Details, p. 13)

School fund plan foiled

BOISE (UPI)—A Senate committee voted 7-2 today to kill in committee a House-approved bill which would fund 75 per cent of public school education through a state-controlled source.

But in voting to table the bill, the Health, Education and Welfare Committee also agreed to test the new proposal throughout the next year by mechanically running it parallel to the existing formula to see how each school district would have fared.

The measure was first worked out by a subcommittee of the House Revenue and Taxation Committee, then passed by the House 44-26 following extensive hearings and many revisions.

But members of the Senate committee noted the measure did not reach the upper chamber until the 61st legislative day and Sen. Neil Solberg, D-Grangeville, who made the motion to table, questioned whether the committee could act intelligently on the measure in the waning days of the session.

Sen. Ray Rigby, D-Rexburg, added, "The people are all really of the opinion that by this bill the state will go to 75 per cent funding."

But, he said, there is "no increase whatsoever in the dollars that go back home over whatever increase we put in from the state level over what we appropriated last year."

"The rest comes from local dollars which will be controlled by the state."

Dillon still free

TWIN FALLS — No pick up order has been issued yet on Michael Dillon, who was convicted of second degree murder in the 1967 death of a Jerome woman.

Dillon has been free on bond for more than a year, pending legal action in his behalf, James May, Twin Falls, attorney for Dillon, said Monday he has asked the Idaho Attorney General's office for time to file for a rehearing before the U.S. Supreme Court. He said he had received no answer from the attorney general's office.

Both Attorney General Tony Park and assistant Martin Ward, who has been handling matters in the Dillon case, were out of the capital city Monday.

general's office said, however, they believe nothing has been received by that office except notice of a denial for May's petition for a writ of certiorari to the U.S. Supreme Court.

May said papers involving filing for hearing must be in Washington, D.C. by March 26.

When the denial was issued last month by the U.S. Supreme Court, May said that court would probably notify the Idaho Attorney General's office which would then issue notice to Jerome County Sheriff James (Pat) Burns to pick Dillon up and transport him to the Idaho State Penitentiary to begin serving a 20 year sentence.

T.F.'s budget grows

TWIN FALLS — Twin Falls City councilmen unanimously approved a spending increase of 33 per cent for 1971 following public hearing Monday night at which no one spoke for or against the budget.

The large increase reflected the growing costs of the downtown improvement project.

The total city spending from all funds would rise by \$950,327 over last year's expenditures to a budgeted total of \$3.88 million.

The city's general fund expenditures for 1971 did not rise so fast, up 13 per cent to \$1.8 million.

Following the public hearing, Mayor Frank Feldtman said city property owners are apparently satisfied with the cost of city government.

Smiles

Leader honored

NEW YORK (UPI)—New Yorkers pay their final homage today to Whitney M. Young Jr., before the body of the late civil rights leader is flown to Lexington, Ky., for final funeral services and interment.

Young died of a subarachnoid hemorrhage suffered while bathing in the surf off Lagos, Nigeria last Thursday. His body was flown to New York in an Air Force jet dispatched by President Nixon.

The list of honorary pallbearers for services today at Riverside Church where the body is on display, reflected the diversity of Young's interests and connections in his struggle for equality among people.

Scouts conduct 'Olympics'

TWIN FALLS — Troop 65 of the First Christian Church in Twin Falls received first place Monday night in the annual Scout Olympics of the Southside District.

It was the second year in a row for Troop 65 to place first in games played for competition. Other trophies placed were Troop 108, LDS Third Ward second; Troop 73, First VFW third; and Troop 44, South Temple Church fourth.

BURIAL of Whitney M. Young Jr., 48, executive director of Urban League who died in Nigeria this past week, was in Kentucky today. President Nixon attended rites in Lexington. Former President Johnson said others paid tribute to Young in New York. (UPI)

Party used rock band as lure, police say

(WASHINGTON UPI) — A Senate subcommittee today released secret accounts telling how the White Panther Party allegedly used rock bands to lure young people into a commune life of drugs and sex. It also claimed Party leaders had discussed the possibility of kidnapping Vice President Spiro T. Agnew, the governor of Michigan, or a member of Congress.

was to cause a Mao Tse-Tung style revolution in this country. The band, called the Mc-5 had as its manager, John A. Sinclair Jr., one of the two co-founders of the White Panthers. Sinclair and Lawrence (Pun) Plamondon organized the White Panthers in Ann Arbor, Mich., in December, 1968, after they were refused permission to join the Black Panthers, the testimony said.

and wrote for a picture or something of this type, they would in turn receive this White Panther literature," Detective Sgt. Clifford Murray told the subcommittee. Murray said a "confidential source" had told police that Party personnel were considering using the tactics of the Tupamaro guerrillas in Uruguay to "win the release of political prisoners."

Michigan congressmen could be traded for John Sinclair. Prominent national figures such as Sen. Robert Griffin and Congressman Gerald Ford might be good for trading for Black Panther Party leaders such as Huey Newton and Bobby Seale," Murray said. "This recommendation included the suggestion that with someone of the prominence of the Vice President Spiro Agnew, one could 'write his own ticket.'"

'Slot syndicate' role outlined

(WASHINGTON UPI) — Top men in what has been called "a worldwide slot machine syndicate" behind alleged corruption at military clubs and post exchanges were called to testify today as Senate hearings into the situation neared an end.

fung enterprises of what has come to be known as "the service games complex" four weeks ago by Sen. Abraham A. Ribicoff, D-Conn., when the Senate Investigations Subcommittee resumed its two-year probe into club and PX operations.

Cong flag ban asked

(BOSTON UPI) — The House voted initial approval Monday to a bill to prohibit the display in Massachusetts of the Viet Cong flag or the banner of any nation engaged in hostilities with the United States.

'Disaster area' in Florida

(MIAMI UPI) — Responding to pleas from destitute migrant farm workers who gathered outside his weekend retreat, President Nixon Monday declared freeze-plagued south Florida a disaster area.

Tax break proposed for films

(WASHINGTON UPI) — Rep. Barry Goldwater Jr., R-Calif., has introduced legislation to give the movie industry a tax break under which one out of every five dollars earned would be tax free.

Oil firm actions reviewed

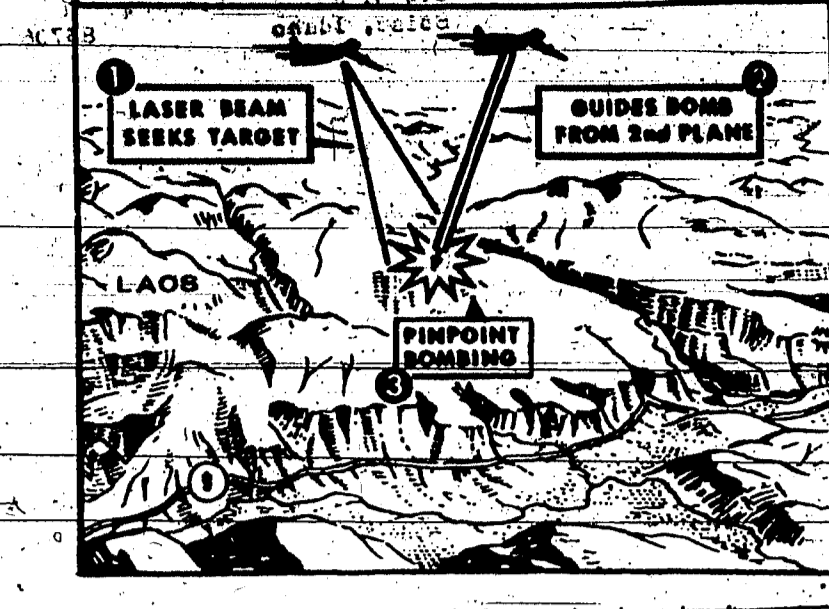

(BEIRUT UPI) — Representatives of four major Arab oil-producing countries met in Tripoli, Libya, Monday to discuss measures against 30 international oil firms operating in Libya.

'Smart' bombs

(FT. MCPHERSON, Ga. UPI) — A highly decorated Army officer, contending "some generals consider themselves God," formally charged his superiors Monday with covering up the electric shock torture of a woman and the murder of five prisoners in Vietnam.

Council denies zoning change

Season, day golf fee boost passes

"Where angels fear to tread!"

Street patching waits on favorable weather

TWIN FALLS — City crews are continuing to patch holes in badly worn city streets and to prepare Falls Avenue East for paving when summer weather permits, Street Superintendent Ervin Hand said today.

At the same time, City Manager Jean Millar said more work will be done on streets in the downtown mall area when weather permits. He said the work on streets has not been accepted from the contractor, Nielsen and Miller, and another coat is yet to be placed on top of the present surface as soon as weather permits. Millar said

street-work in the mall is under sub-contract to J. A. Clawson Construction Co.

On Falls Avenue, Hand said the city is doing the work with city equipment and crews with some financial participation from the county highway district. He said a full mile will be widened, the grade brought up to standard and the street paved before the work is complete late this summer. One quarter of a mile at a time has been torn up, he said, and regraded with one final section yet to be cut. New irrigation pipe and other installations are now being

completed along the first three-quarters of a mile. Paving will be completed late this summer, Hand said.

Most of the black top patching will also be done during mid summer, Hand said, with crews now filling holes on a temporary basis.

Hand said this year streets are in worse condition for break up but it may be due to most of the street surface getting older and in need of complete replacement. This winter's weather has been hard on street surfaces because of excessive moisture, freezing and warming trends, he said.

TWIN FALLS — Application for a zone change on nine lots in the northeast part of the city was denied by a unanimous vote of the Twin Falls City Council Monday night.

More than a dozen property owners in the area protested the zone change application during a public hearing held in conjunction with the regular Monday night city council meeting.

The application was made by Daniel and Robert Brehm, owners, who proposed construction of multiple family dwelling units. The land is

located north of Filer Avenue between Sunrise Boulevard and Mountain View Drive. Those protesting the application argued it would lower their property values and most said they purchased homes in the area because of the residential, low density zoning which they felt would protect their investments. The application was for a change to residential medium density on the nine lots.

Zoning board members had recommended denial of the application following a public hearing conducted by that group earlier.

City officials set April 5, the next regular city council meeting date, as the time for a public hearing on the ap-

plication for a commercial local zone amendment.

The amendment to the zoning regulation has been requested by Ben Mottern and Ted Smith for property they own on Blue Lakes Boulevard North just south of the Pole Line Road.

They propose sale of the property to Ace Hansen Chevrolet Co. for construction of an automobile agency. The amendment would allow sale of used automobiles in a commercial local zone as long as the sales were in conjunction with a new car sales operation. It would not allow establishing of used car sales facilities only in such zones.

The hearing will be at 8 p.m. April 5.

TWIN FALLS — Golf fees for the current season were approved Monday night by the Twin Falls City Council with a slight increase on season and daily greens fees.

Adults will pay \$2 per day on week days instead of \$1.75 and will be paying \$7.50 on weekends rather than \$2.25 which was the charge last year. Season tickets will be \$50 for men, \$45 for women and \$15 for students, the same as last year but these will probably be increased next year, city officials said.

The municipal golf course opened in February for the season and is continuing in use during suitable weather, Mayor Frank Feldtman said.

Council members Paul Ostyn and John Christoffersen asked the council to call for a financial accounting from the Golf professional, Clyde Thomsen. The pro is paid a salary and is given use of the golf course under a \$1 a year lease for giving golfing lessons. Council members said they felt the city should at least know what the income from golfing lessons is each year.

In adopting a golf club lease agreement, the city approved additional space for three more

golf carts for the golf pro. City Manager Jean Millar said he was told by the pro the space in the city building and was previously used by the city for equipment but is difficult to reach and not suitable for public golf cart storage or for lawn equipment. No changes were made in the lease agreement over last year other than the space for additional golf carts. There will now be seven available at the course.

Actress Daniels, 70, dies

LONDON (UPI)—Bebe Daniels, a silent screen comedy star and wife of comedian Ben Lyon, died today after a lengthy illness. She was 70.

Miss Daniels, a one-time Mack Sennett beauty, succumbed to a cerebral hemorrhage at her London home, her husband said. She had been hospitalized Nov. 9 and brought home Feb. 6.

"We were happy with her progression, but she took a turn for the worse this week and passed peacefully this morning," Lyon said. "She's at rest now."

With Lyon at the bedside were the couple's two children, Richard, 36, and Barbara, 39.

Interim liability study passes House

BOISE (UPI) — The House approved 45-21 and forwarded to the Senate Monday a concurrent resolution calling for an interim study of automobile insurance liability.

Rep. John Molyneaux, D-Coeur d'Alene, guided the resolution through the House by discussing so-called abuses of insurance contracts by insurance companies.

Rep. Clyde Keithly, R-Nampa, an insurance man, suggested the House wait until some other state makes such a study and save the money of performing one itself. He said it will cost a half-million dollars unless the legislature is "just going to fool the public."

Rep. E.V. McHan, R-Ketchum, countered that persons with claims get brow beaten by insurance companies. He said Keithly might know how to handle such companies but that he is in the insurance business and "a lot of people are not in the insurance business."

Molyneaux said there are a lot of persons in the state driving cars who are "disgusted with getting a card in the mail saying their premiums are going up 20 to 25 per cent."

"They are entitled to know why," he said.

Solon pay change ban zips past Gem House

BOISE (UPI) — With a brief explanation and no debate the House approved 64-0 and sent to the Senate Monday a bill to

Boom ban proposed

WASHINGTON (UPI) — Rep. James McClure, R-Idaho, said Monday he has introduced legislation to prohibit supersonic boom over land areas in the United States.

McClure, who said the bill makes an outright prohibition of sonic boom associated with supersonic aircraft, said the same restrictions would also be placed on the supersonic transport (SST).

He said the noise level would be measured at takeoff, descent, and at the sidelines.

Bill OK'd

BOISE (UPI) — The Senate passed 32-0 Monday a "comparative negligence statute" which would allow a determination of the percentage of negligence to obtain damages.

Sen. Ray Rigby, D-Rexburg, said the measure is a compromise between "no fault" insurance provisions and Idaho's present statutes which place all negligence with one party.

prevent reduction or increase of a legislator's compensation during his term of office.

Rep. Robert Haakenson, D-Coeur d'Alene, told the House he was offering the bill as a "referee," "mediator," or "cooling off period."

"This legislation is needed in order to ensure responsibility on the part of all concerned," Haakenson said. "As legislators and constituents we have wasted too much valuable time on this one issue."

He said the last few years have been a period of "particular turmoil in the compensation area."

"Some of the constituents have been unhappy with our actions and in some cases have gone to extremes to retaliate," he said. "We, too, have been torn in the decisions we have had to make."

Last Nov. 3, the people approved an initiative which cut legislative expenses back to \$25 per day from \$35, limited them to 60 days in the first regular session and 30 in the second and eliminated the \$200 per month office allowance.

This legislature gave back the \$10 per day in expenses as a "second home" maintenance allowance to those who reside outside of Ada County, provided for four trips home each session, removed the time restrictions of session length and voted

a \$3.50 per day interim expense allowance.

Besides expenses legislators get a \$10 per day constitutional salary for the first 60 days of a regular session and for the 20 days permitted in special session.

In signing the legislative compensation increase, Gov. Cecil D. Andrus said he was doing so with the assurance that the lawmakers would put a compensation plan before the people at the next general election.

A special House-Senate committee now is working on a proposed constitutional amendment on legislative compensation.

T.F. man released

TWIN FALLS — A Twin Falls man who has been charged under a county ordinance restricting sniffing of harmful vapors was released from custody under \$200 bond Monday.

Eulalio Trevino Jr., 19, was taken into custody about 11:30 p.m. Sunday in his vehicle on a Twin Falls street. He was arraigned Monday before Judge Reed P. Maughan in Magistrate Court and requested a preliminary hearing.

Regional declamation contest winners told

BURLEY — Winners of the regional declamation contest are preparing for participation at the state contest March 20 at Minico High School.

Kimberly took top honors at the regional event at Burley last weekend, tying with Caldwell with six superior ratings each. Burley, Minico and Borah high schools each received five superior ratings.

Winners in impromptu speaking were Emmett and Mountain Home, both superior; Caldwell, Minico, Weiser, Wendell and Wood River all excellent.

Prose Manuscript: Kimberly, Minico, Wendell, and Wood River, all superior; Borah, Dietrich, Filer, Jerome, Melba, Meridian, Nampa, Raft River, Weiser, and Valley, all excellent; Hagerman, Mountain Home, and Richfield, all good.

Expository: Burley, Caldwell, Meridian all superior; Jerome, Nampa and Wood River, all excellent.

Panel discussion: Borah, Burley, Kimberly, and Valley, all superior; Caldwell, Emmett, Mountain Home, Nampa and Parma, all excellent; Boise and Weiser, both good.

Retold story: Caldwell, Jerome, Minico, and Weiser, all superior; Burley, Hagerman, Kuna, Melba, Meridian, and

Wood River, all excellent; Dietrich, and Wendell, both good.

Humorous: Bliss, Boise, Borah, Caldwell, Minico, Nampa, Weiser, Wendell and Wood River, all superior; Burley, Castleford, Filer, Kimberly, Kuna, Melba, Meridian, Mountain Home, all excellent and Raft River, good.

Extemporeaneous: Borah, Burley, Kimberly, Meridian, Minico, all superior; Boise, Caldwell, Jerome, Nampa and Parma, all excellent.

Salesmanship: Boise, Melba both superior; Burley, Caldwell, Minico, Nampa, Weiser and Wendell, all excellent.

Radio: Borah, superior; Jerome, Minico and Nampa, all excellent; and Caldwell, good.

After dinner: Melba, and Meridian, both superior; Jerome, Middleton, Nampa, Parma, Raft River and Wendell, all excellent; Burley and Kuna, both good.

Pantomime: Borah, Burley, Caldwell, all superior; Dietrich, Jerome, Kimberly, Kuna, Minico, Raft River, Weiser and Wood River, all excellent; Castleford, good.

Uncopyrighted poetry: Kimberly and Wendell, both superior; Burley, Caldwell, Minico, Mountain Home and Weiser, all excellent.

Poetry, copyrighted: Burley, Caldwell, Capitol, Kimberly, Kuna, Minico, Weiser, all superior; Bliss, Borah, Filer, Mountain Home, Raft River, Richfield, and Wood River, all excellent; Castleford, Meridian, and Wendell all good.

Choric, Caldwell and Raft River both superior.

Serious: Mountain Home, Wendell and Wood River, all superior; Borah, Burley, Caldwell, Castleford, Jerome, Melba, Minico, Nampa, Raft River, all excellent.

Original oratory: Boise, Jerome, Kimberly, Meridian, and Weiser, all superior; Burley, Caldwell, Kuna, Minico, Mountain Home, Nampa, Raft River, and Wendell, all excellent; Hagerman and Richfield, both good. Mrs. Lucille Nielsen, Burley, was festival director.

Judges for the one day declamation event were Mrs. Linda Rogers, Elmo Sackett, Mrs. Ilene Sackett, Donald Rogers, and K. E. Raydorff, all Idaho State University, Pocatello; Linda Larson, Gerald Thurston, and Janice Snow, all Burley; Gary Majors, Gooding; Margaret Weiser and Julie Johnson, both Albion; Carol Westendorff and George McDonald, both Rupert.

Prayer helps coach keep his perspective

By TOM LANDRY
Head Coach, Dallas Cowboys

A coach works for victory, but soon knows the bitter taste of defeat. After one setback that was especially hard to take last year, I drove home with an overwhelming sense of disappointment.

Before going to bed that night, I sat down in my bedroom chair to review the whole day. Not a pragmatic review, but a spiritual assessment. "Lord, what went wrong today?" I asked.

As almost always happens during these sessions with Him, I soon found perspective. A crushing setback today, yes, but I've learned that something constructive comes from every defeat.

And with that prayer the bitter sting of defeat drained away. Disappointment remained, but I've found that it doesn't sap energy and creativity. One football game, after all, is a small fragment of one's total life.

When my football-playing days were over and I became a full-time coach on the New York Giants in 1956, I used my college training in industrial engineering to devise a complex — and, as it turned out, highly successful — system of defense that had never been tried before in professional football.

After the 1958 football season, I returned to Dallas where my wife, Alicia, and I had settled. I was 33 years old; I had achieved almost every goal I had aimed for and had every reason to be happy and content. Yet inexplicably there was an emptiness in my life.

One day a good friend, Frank Phillips, casually invited me to attend a men's breakfast at the Melrose Hotel in Dallas. "I think you'll like it, Tom," he

said. "We probe into the Scriptures and have some good fellowship together."

We met at 7:30 on a Wednesday morning. After breakfast the men at each table chose their own moderator who kicked off the discussion. What happened in the weeks that followed is not easy to explain. But I do know that these informal sessions of probing, questioning and searching the Gospels together began a whole new era in my life.

In looking back, I find it hard to pick out any one specific turning point. But my early attention was certainly grabbed by this passage:

"Therefore I tell you, do not be anxious about your life, what you shall eat or what you shall drink, nor about your body, what you shall put on. Is not life more than food, and the body more than clothing?"

Is not life, then, more than football? I asked myself uncomfortably. Challenged by this statement, I turned my thoughts to the Challenger. Who was He, this Jesus? Did I accept Him really? For, I reasoned, if I accepted Him, then I accepted what He said. And if I accepted what He said, then there was something unsatisfying in the way I was living my life.

I began reading about Jesus. As a football coach, I measure things in terms of results. During each game we keep a chart on the players' efficiency in carrying out their assignments. If most players perform well, we will probably win the game.

Therefore, I couldn't help thinking about Jesus also in terms of what He did — of the results of His life. And the impact of His life on the lives of countless millions down through the years is impressive, compelling.

Finally, at some period during the spring of 1959, all my intellectual questions no longer seemed important, and I had a curiously joyous feeling inside. Internally, the decision had been made. Now while the

process had been slow and gradual, once made, the decision has been the most important of my life. It was a commitment of my life to Jesus Christ and a willingness to do what He wanted me to do, as best I could by seeking His will through prayer and reading His word.

The result was that I learned what He meant when He said, "I came that they may have life, and have it abundantly." He didn't ask me to give up football or my ambition to be the best coach in the business, but to bring Him into my daily life, including football.

I begin each day now with a person-to-person effort to contact Him. "Lord, I need your help today when we make our squad cuts," or, "Please give me the right words to say to the coaches at our meeting," or, "Help me to forget football today when I'm with Alicia and the children."

At the end of the day, I take inventory. Was my criticism of the quarterback handled right? Did I get across to the squad my moral convictions without preaching? Was I too stern with my daughter Kitty over her last report card? The main evaluation concerns whether I had brought the Lord into these situations or whether I was barging ahead on my own.

When I get out of touch with Him, I flounder; power seems to ebb away, and that restless feeling returns. When God is in control of my life, that gnawing sense of dissatisfaction is gone, and I know for myself what Augustine, that great fifth-century saint, meant when he wrote, "Our hearts are restless until they find their rest in Thee."

Ferrets out
BROOKINGS, S.D. (UPI)— Wildlife enthusiasts seeking the black-footed ferret, one of the nation's rarest wild mammals, should look in South Dakota. State and federal wildlife researchers at South Dakota State University here say their studies show that the small weasel-like predator still lives among the prairie dog burrows in western South Dakota.

Joint committee okays Social Security hike

WASHINGTON (UPI) — A House-Senate conference committee agreed Monday on a 10 per cent increase in Social Security benefits for 26 million Americans retroactive to Jan. 1, but delayed higher payroll taxes to pay for it until 1972. The \$1 billion-a-year increase for retirees, disabled workers and widows will probably win final congressional approval later this week. Checks representing the increase won't be mailed out for

three more months because of administrative time required to feed new figures into Social Security computers. The increase will mean the average retiree now getting \$110 will get \$130. And the average couple on Social Security getting \$190 will get \$218. The Senate had attached the Social Security increase last week to a House-passed bill raising the national debt limit from \$395 billion to \$430 billion.

Since the House had not passed Social Security legislation, the House-Senate conferees had to work out Social Security details agreeable to both the House and Senate.

Gooding youth named on tour

GOODING — Gary Case, Gooding High School senior and a percussionist with the school band, has been selected to be a member of the "Young Americans in Concert" European tour group consisting of 250 students chosen by audition from throughout the U.S.

The "Young Americans in

GARY CASE

Concert" is a program sponsored by the Universal Academy for Music in Princeton, N.J. Its purpose is "to dramatize to the world the fine quality and high standard of character of American youth; to motivate and reward dedicated performances of high school music students; to provide an outstanding educational experience for participating students, and to create an opportunity for citizens across the country in expressing their confidence in the outstanding young students selected from their community."

The tour will consist of concerts given at New York City's Carnegie Hall, and at Washington, D.C., London, Brussels, Paris, Zurich, Innsbruck, Venice, Florence, and Rome.

Gary has also been a member of the Idaho All-State Band. The music department of Gooding High School is sponsoring a spaghetti supper Thursday at the high school lunchroom to help finance the trip.

SBA aide to visit Twin Falls

TWIN FALLS — Small Business Administration loan officer Roberta Koppes, of the Boise SBA office will be in Twin Falls March 24 and 25 to discuss business loans with local businessmen.

She will be available Wednesday afternoon and all day Thursday at the Twin Falls Chamber of Commerce office on Shoshone Street North.

Ray Rostron, chamber manager, said persons wishing to meet with Mrs. Koppes should make an appointment in advance by calling the chamber office, 733-3974.

SBA assistance to small businesses is available in financing where local finance agencies are unable or unwilling to provide loans, and in management assistance where small businesses are in need of assistance with special problems.

The first "five- and ten-cent store" was opened by F. W. Woolworth at Utica, N.Y., on Feb. 22, 1879.

States asked to take on school financing

WASHINGTON — As a means of overcoming the financial plight of inner-city schools, the Research and Policy Committee of the Committee for Economic Development (CED), today called on the states to assume greater responsibility for school financing.

In an 88-page policy statement, "Education for the Urban Disadvantaged: From Preschool to Employment," the nonpartisan organization of businessmen and educators declared that present state aid formulas are "unequal and misdirected" and urged the adoption of state equalization measures which would assure that financial resources for education are distributed according to need.

At the same time, the Committee stressed that equalizing school resources is not enough. Urban schools must be held accountable for their performance and must manage for

the achievement of their students. In its wide-ranging report, the Committee also recommended: Effective decentralization of large urban school systems and strong community participation in the determination of school policies and programs.

A massive nationwide effort to establish both public and private preschool educational programs. Emphasis on functional education to provide children and youth with a meaningful comprehension of the world of work, including provision throughout the school years of information about educational and career opportunities.

Establishment of new teacher education programs to meet the special demands of urban education, development of extra incentives for teachers who select careers in urban schools, and application of instructional techniques in the

problems of the urban classroom.

Focusing top priority on school integration, with financial incentives for districts which make clear progress toward desegregation. "Racial discrimination," the Committee declared, "continues to be the nation's most important single school problem."

The report was made public by John L. Burns, vice-chairman of CED's Research and Policy Committee, who headed the panel.

"While the American schools have generally provided middle and upper income youth with the intellectual tools necessary for success in our society, they have consistently failed to cope effectively with the task of educating the disadvantaged youth in our urban centers. To an alarming extent they have simply swept disadvantaged youth under the educational rug." The Committee stressed

Printed messages help child raisers

NEW YORK (UPI)—Four times in the last three decades the Child Study Association of America responded to insurmountable problems in the child raising arena by turning to its printing presses.

Each time it produced guides for parents plagued with the frustration of helplessness over conditions threatening their children. The newest monumental guide "You, Your Child and Drugs" follows the first three—one on fears after Pearl Harbor, one on children and the threat of nuclear war, one on children and sex.

James S. Ottenberg, executive director of the association and architect of the new guide on drugs, said in an interview that each time the experts advising parents cautioned against feeling that the problems are so much beyond their control that they act defeated. Like the threat of nuclear war and the upheaval in sexual conduct, the drug temptations aren't going to go away, according to Ottenberg, a lawyer formerly associated with the Addiction Services Agency of New York City.

"It is our hope that the guide will enable the thinking, troubled parent to cope with potential drug problems of their children better," he said.

"Most books turn parents into detectives and scare them," he said. "Our approach is to calm them and to show them that there are things they can do when faced with the drug problem."

Asked if the drug problem will go away, he replied: "I haven't seen a particle of evidence it will. Some aspects of it are changing, like fashion. LSD seems to be out but marijuana is more popular and heroin is moving into higher income groups."

"Legislation is not a primary preventive measure—unless we

could get an enforceable international treaty. Death sentences to pushers wouldn't do much. The drugs are available and the kids are programmed for receptivity to them."

The association's approach, recommended by Rachele Thomas, staff psychologist, is to have parents recognize that there are multiple causes and that you, the parent, cannot insulate your child—since an awful lot of the causes come from outside and you can't do anything about it.

"What we say," Ottenberg said, "is be there, parents; intervene, be active. Refuse to be defeated."

"You, Your Child and Drugs" is available at most bookstores or by mail from the Child Study Press, 9 East 85 St., New York, N.Y. The price is \$1.50.

City matron counterpart of rural wife

NEW YORK (UPI)—The popular image of the Manhattan woman as a sleek elegant creature living in a breathtaking penthouse with a nanny to care for her kids belongs in the movies.

Scratch the surface coating of big city glamor and you'll find Mrs. Average-American.

Instead of a penthouse, reality's Manhattan matron more likely lives in a cramped three-flight walkup. Her only acquaintance with a nanny is Mary Poppins and her favorite outfit is blue jeans.

Just like her country counterpart, the Manhattan matron has her share of travails and complaints—but on a different scale.

While the country wife hates the thought of grass and lawn mowing, the city wife, desperate for a patch of greenery, tries to make a palm tree grow in the living room.

The Manhattanite may have Fifth Avenue and its elegant stores—but she would gladly trade the whole avenue for one compact shopping center.

While the suburban woman hops into her car and zips off to her one-stop shopping center, the city wife buckles on her walking shoes. She hikes to the butcher, the baker, the vegetable stand or to one of the widely scattered supermarkets, then loaded with heavy bundles, she trudges home.

The country wife has instant mobility in the form of the family car. The Manhattan matron has the subway or bus—and squashed toes, elbows in the ribs and a clanging headache. Taxis are illusive—and expensive.

The country matron envies the Manhattanite her access to the theater, restaurants and nightclubs. But with teen-agers scarce, and professional baby-sitters' rates twice that of the country average, the city wife spends most of her evenings just as the country wife does—in front of the television set.

While she may not have the trouble of starting the car on cold mornings or shoveling out after a snowstorm, the city resident has to cope with teachers, taxi, bus and garbage strikes and a thick layer of soot on all the furniture that daily defies dust cloths.

KAY BROWN

Kay Brown, Jones plan June rites

FILER — Mr. and Mrs. Paul Brown, Filer, announce the engagement of their daughter, Kay, to Ralph Jones, son of Mr. and Mrs. Floyd Jones, Corinne, Utah.

Miss Brown was graduated from Twin Falls High School in 1968 and is a junior at Idaho State University, majoring in secondary education.

Jones was graduated from Idaho State University in 1968 and has served two years in the Army, one year in Vietnam. He will return to Idaho State University for his master's degree in business.

A June 4 wedding is planned in Twin Falls.

Annual book award given

JEROME — Dr. and Mrs. James Sloat, Jerome, received word this week from the University of Idaho's chapter of Phi Beta Kappa, a national scholastic honorary, that their daughter, Mary Sloat Johansen, was among five students this year to receive the chapter's annual book award. These

awards are given to liberal art students in recognition of outstanding scholarship during their freshman and sophomore years.

Seniors and a few juniors are invited to join this society at the end of each year. Eligibility is based on cumulative grade point average and on the following subjects studied.

Magic Valley Favorites

COUNTRY STYLE CHICKEN AND RICE
(Only 30 minutes from browning to serving.)

- 2 1/2 to 3 pounds choice chicken pieces
- 1/2 cup cornstarch
- Salt and pepper to taste
- 1 teaspoon garlic powder
- 1/2 cup vegetable oil
- 1 cup sliced onion rings
- 2 cups sliced carrots
- 4 cups chicken broth
- 1/4 teaspoon hot liquid pepper
- 1/4 teaspoon basil leaves
- 3 cups hot cooked rice

Coat chicken pieces with cornstarch, salt, pepper and garlic powder. Reserve unused cornstarch mixture. Brown chicken pieces in oil on all sides. Drain off all fat. Add onions, carrots, broth, liquid pepper and basil.

Cover and cook over low heat

for 30 minutes or until tender. (It cooks in the oven, too, at 350 degrees in the same time.)

Mix a little water into remaining cornstarch. Stir into chicken mixture. Cook until thickened. Serve over rice. Makes six servings.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

Foreign dinner served

MALTA — A foreign dinner, including Russian, Japanese, Chinese, Italian Spanish and Mexican dishes, was served Friday night at the Raft River High School, sponsored by the high school Spanish Classes.

The tables, centered with candles, were decorated with pineapple, bananas, oranges and orchids.

Films from Germany, Japan, Australia, South America, Spain, Mexico and other countries were shown during the evening.

David Boden, foreign language teacher at the high school, was in charge of arrangements.

Plans are being discussed to use the funds from the project to sponsor a foreign student exchange in Malta community.

ALSO JEROME AND BURLEY

NO APPOINTMENT NECESSARY

Flag is subject at Burley

BURLEY — The Daughters of the American Revolution met at the home of Mrs. Frank Redfield with the program under the direction of Mrs. John Meade, on "Our Flag."

The ritual service was held and the meeting was conducted by Mrs. Frank Manning, regent. The flag was presented by Mrs. Lloyd Driskell.

An article entitled "Our Flag, a Symbol to Unite" written by Lt. Butler — Pruitt and Lt. Brewer, a chaplain, at Midland, Tex., was given by Mrs. Meade.

The State DAR meeting in Boise was discussed and Mrs. Driskell said she planned to attend.

Refreshments were served by Mrs. Earl McCaslin, co-hostess.

Boost spirits

SHOSHONE — "Give your spirits a boost and your house a lift by painting a room, some cupboards or some furniture," advises Mrs. Jean Annest, home economics agent for Lincoln-Blaine and Camas counties.

Mrs. Annest suggests experimenting with color combinations, choices reflecting your family's favorite colors. "And don't discard combinations that sound too wild — pink and red, green and purple, or orange and yellow. Decorating is a matter of personal taste, so decorate your home to please your family, not your friends and neighbors.

"Use neutral tones in rooms shared by the family, with bright touches to express your likes. If you want to create a certain atmosphere, remember that rosy tones are cheerful, the greens and blues are calming. Dark colors make a room seem smaller and can be depressing. Light colors make a room seem larger and lighter.

Arizona miss, Davidson name date

BURLEY — Mr. and Mrs. Wally Marion, Phoenix, Ariz., announce the engagement and forthcoming marriage of their daughter, Connie Lynn, to Jerry Dean Davidson, son of Mr. and Mrs. Ezra (Bud) Davidson, Burley, former Twin Falls residents.

Mrs. Marion attended Brigham Young University, Provo, Davidson is presently attending Brigham Young University and has served an LDS Mission in the Southwest Indian Mission.

Wedding plans are being made for March 27 in the Mesa LDS Temple, Mesa, Ariz.

An open house will be held for the couple April 3 in the Burley Second-Fourth LDS Ward Cultural Hall.

Prunes among plentiful

SHOSHONE — "Prunes, which are on the list of plentiful foods for March, rank with dried apricots, dates, peaches and raisins as fruits high in iron," reminds home economist, Mrs. Jean Annest, Shoshone.

Prunes in any form can help women and girls reach their daily recommended allowance of 18 milligrams, and "pregnant women, especially, should be sure to have this daily allowance," she said.

"You can get about one-third of the quota by drinking one-half cup of prune juice. You can get about one-fourth by eating one cup of cooked prunes. You can also get about one-fourth by snacking on slightly less than one cup of dried prunes, which have an iron concentration higher than that of cooked prunes.

Prunes make good garnishes and are good accompaniments to meat dishes.

Desserts featuring prunes, such as prunes whip or spiced prunes, are another good way to get some iron in your meals."

LINDA LAUDERT

ANN HAGERMAN

Wendell selects Girls' Staters

WENDELL — Two Wendell High School juniors have been selected as delegates to the 26th annual Girls' State sessions June 13-19 at the Northwest College campus at Nampa.

Delegates are Linda Laudert, daughter of Mr. and Mrs. Everett Laudert, and Anne Hagerman, daughter of Dr. and Mrs. Richard Hagerman. Alternate delegates are Beverly Schrank, daughter of Mr. and Mrs. Douglas Schrank, and Kathryn Serr, daughter of Mr. and Mrs. George Serr.

Selection of the delegates was made at an informal luncheon at the Wendell American Legion Hall. Judges were Mrs. Ester Noble, Mrs. Pearl Buchanan and Mrs. Velma Treadwell, all of Twin Falls.

Guests present from out-of-town were Mrs. Bert Weston, Twin Falls, fourth district president; Mrs. Avern Jackson, Twin Falls, president of the Twin Falls auxiliary; Mrs. Esther Fort, Jerome, fourth district secretary; and Mrs. Opal Billings, Jerome.

All members of the local unit assisted with the no-host luncheon.

Valley Briefs

SHOSHONE — Mrs. Virginia Larson has moved into Larry Keeney home on the southeast part of town which she had purchased. The Keeneys have moved to Boise where he is employed with the State Fish and Game Department.

TWIN FALLS — Robert L. Howard, mechanic for Younce Motor Co., Twin Falls, has received a certificate of completion for a special mechanic's course in transmission repairs at Beaverton, Ore.

OAKLEY — A Cassia State Young Marrieds dinner dance will be held at 7:30 p.m. Saturday at the Cassia State House, a turkey dinner will be served and all married couples 18 and over are invited. DeVries' Orchestra will play.

TWIN FALLS — The Art Guild of Magic Valley will meet at 8 p.m. Thursday at the Harry Barry Park building. Lawrence Culver will give a workshop on head construction. Members are asked to bring a crayon or marking pencil and drawing board. Paper will be furnished.

TWIN FALLS — Members of the Union Pacific Boosters Club will meet at 8 p.m. Thursday at the home of Mrs. Evelyn Paulsen, 1808 Second Ave. E. The club favor will be furnished by Mrs. A.L. Richardson.

TWIN FALLS — Magic Valley Radiological Technologists will meet at 8 p.m. Thursday at the Twin Falls Clinic conference room. Dr. J.J. Jostad, radiologist, will have the program.

TWIN FALLS — Morningside Club members will meet at 11 a.m. Wednesday at the home of Mrs. Eugene Federico, 704 Second Ave. N. There will be a work meeting and potluck luncheon.

RICHFIELD — Mr. and Mrs. Rupert Golcochea, Richfield, entertained at pinochle Saturday night at the River-Wood Ranch. Winners were Mrs. David Kennison, Mrs. Jack Hubsmith, Bill Brown, Clarence Lemmon and Sidney Edwards II.

Local War mothers hear reports.

TWIN FALLS — A complete report on the recent benefit card party was made by Lila Shunway, ways and means chairman, when the American War Mothers met for a regular business meeting Saturday at the American Legion Hall Auxiliary Room.

Officers pro tem were Lora Doss, president, and Lillian Armga, recording secretary.

The red and white carnations of the order were ordered for the carnation sale to be held May 7 and 8 to honor Mother's Day. The \$10 contribution was sent to the VAYS chairman, Tullie Buchanan, Mountain Home, to be used for chapel flowers for the Veterans Hospital during May and June.

This is a state-wide project and all chapters contribute.

Lora Doss became the president of the local chapter because of illness and absence of president-elect Elta Pulsipher.

The Mother's Day project of taking gifts to the Boise Veterans Hospital to be distributed to patients that they may have them for their mothers or loved ones was discussed. Gifts are to be brought to the April meeting.

It was also decided to have a white elephant auction at the April meeting.

Emma Stone received the mystery gift of the day. Blanche Gordon played marches for the floor work and to honor those having birthday anniversaries, Mrs. Stone, Mrs. Rathben, Rose Sinclair and Beanie Sims.

Refreshments were served by Mrs. Shunway, Mrs. Sims and Mrs. Pratt.

It was reported Della Rambo is a patient at Twin Falls Clinic.

Georgia miss, Stocking reveal date

CAREY — Mr. and Mrs. Lenwood H. Waller, Warner Robins, Ga., announce the engagement of their daughter, Laverne Grooms, to Boyd LaMont Stocking, Carey.

The bride-elect is a graduate of Northside High School and Atlantic Airlines School, Inglewood, Calif.

Stocking, a graduate of Carey High School and the Northrup Institute of Technology in Inglewood, is the son of Boyd L. Stocking, Carey.

Burley sorority elects

BURLEY — New officers of Xi-Omega chapter, Beta Sigma Phi, are announced by Mrs. Merrill Atkinson, retiring president.

Mrs. Clarence Bishop is president; Mrs. Eddie Karlson, vice president; Mrs. Rodney Murphy, recording secretary; Mrs. Manuel Gutierrez, correspondent secretary; Mrs. LePage Layton, treasurer; Mrs. Glenn Bailey and Mrs. Lloyd Ramsey, city council representatives.

The new officers will be installed May 13 at the home of Mrs. ODeen Redman, Albion.

Mrs. S.L. Walker gave a lesson "Ideals of Liberty" and Mrs. Gutierrez presented a lesson "The Golden Person in Our Hearts" at the last meeting at the home of Mrs. Rex Weech.

Members voted donations to the International Beta Sigma Phi endowment fund which is used for children's cancer research, Gristown at Whiteface, Tex., and other projects.

The next meeting will be held April 8 at the home of Mrs. Ransom Brown with Mrs. Walker as co-hostess. Lessons will be under the direction of Mrs. Brown and Mrs. Murphy.

Pancake fete set March 22

GOODING — The Gooding High School Ski Club is sponsoring a pancake supper March 22 at the high school lunchroom.

A cooked food sale will be held March 20 at Tingwall and the same day a car wash, also sponsored by the ski club, will be held at the high school.

Money derived from these activities will help pay for a skiing trip to Grand Targhee.

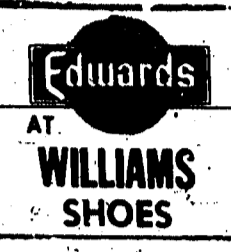

Wood River groups meet

GOODING — A biography of Schuyler Colfax, Ulysses S. Grant's vice president and founder of the Rebekah Degree, was given by Mildred Bryan at a meeting of the Wood River Canton No. 22 and LAPM at the IOOF hall.

Mrs. Walter Adams sang "How Great Thou Art", "Gypsy Rover", and "Scarlet Ribbons", accompanying herself on the guitar.

Out of town guests were Ensign Bowman and Lady Alice Bowman of Colfax No. 13, Twin Falls. They are co-chairmen of the U.N. Pilgrimage which is sponsored by the IOOF.

Mrs. Bowman is also president of Colfax No. 13 and color sergeant of the Department Association.

Dear Abby

DEAR ABBY: We moved to a larger city from a small town last summer. Our 16-year-old daughter doesn't make friends easily, so she has been rather lonely and blue.

Last week she wrote a letter to a girl friend in our home town. She went off to school and asked me to mail it for her. It was addressed, but not sealed. I don't know why, but I read it. Now I wish I hadn't. It was full of awful lies! She told her girl friend that she had a steady boy friend. Abby, she hasn't even had a date. She wrote about going to pot parties and trying L. S. D.—all lies. She is home every night watching TV with us.

I can't let her know I read that letter. She would hate me and never trust me again. Why would a nice girl want her friend back home to think she's tried drugs and is going wild?

SAD MOM

DEAR MOM: Because she's sad, too. She's lonely, bored, friendless and ashamed of her unexciting life. It's not as serious as you think. She's also immature. The "wild" forbidden drug scene seems glamorous to her, and while she's smart enough to stay straight, she'd like her friend to think she's "in" with the wild crowd.

DEAR ABBY: Just before Christmas I lost my mother who had suffered for years with a terminal illness. Shortly after mother died, my father passed away. These last few months have been unbearably depressing for me. But the most difficult thing I had to endure was the cruelty of relatives and friends who regaled me with personal questions concerning my "plans," the size of the estate my parents left, and inquiries such as, "Have you put the house on the market yet?" And, "I don't mean to be nosy, but that summer place is worth a lot of money, isn't it?"

— Abby, I never would ask a bereaved person a question that might upset him. Why can't my relatives and friends extend the same consideration to me? NEW CASTLE

DEAR NEW: Because they are neither as considerate nor as intelligent as you.

DEAR ABBY: I used to have a beard, too, but I don't have one anymore. I was wearing a beard when I met Joyce. We really dug each other. She didn't say she disliked my beard, but she kept telling me how great she thought I'd look without it. I didn't take the hint.

After Joyce lost her chewing gum in my beard a few times, I decided to shave it off. Sincerely yours, DON

CONFIDENTIAL TO WHOM IT MAY CONCERN: "Mice and moose, ducks and deer, hawks and hamsters mate largely by instinct. Man does not. While some instinctual and reflex behavior is connected with his mating, most of it is learned. Man is not born with the knowledge of how to mate. He must either be taught, or learn slowly thru trial and error. What is learnable is teachable. And that sums up the purpose of this book."

The above is the introduction to a fine, easy-to-understand book, titled "A Doctor Speaks Out on Sexual Expression in Marriage" by Dr. Donald W. Hastings. It is published by Little, Brown & Co. and I recommend it highly for couples who say, "The romance has gone out of our marriage."

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Gooding flood aid plan OK'd

GOODING — City council members at Gooding Monday night approved \$4,000 to be used in conjunction with the Big Wood Canal Co. project for flood control on the Dietrich Canal.

The city of Gooding will join the canal companies and other agencies in the project which began two years ago, Earl Greenawalt, city council member said.

Pool bids rejected

TWIN FALLS — Bids received by the city of Twin Falls for filtering and heating equipment for the municipal swimming pool at Harmon Park were rejected Monday night by the city council and a new call for bids issued.

City Manager Jean Millar said the three bids received were rejected because of bidding irregularities. The low bid was from a firm not licensed in Idaho, Millar said. Bids will be advertised immediately and opened at 4 p.m. March 26 in the city hall.

The equipment will be designed to keep the water in Harmon Park Pool warmer than it is now and can be regulated from 65 to 80 degrees.

Another call for bids was issued to furnish the city with gravel for the 1971 street construction season. Bids will be opened March 26 at the city hall.

In other action the council approved the county's appointment of William Bosworth, Buhl, to the city and county airport commission replacing Ed Novacek who resigned. It was noted the county notified Bosworth of the appointment and he is already serving.

Property owned by Wills Inc., and covering 10 acres on Falls Avenue East, was annexed to the city by a unanimous vote of the council. Robert Wills requested the annexation and said in the interest of time he will accept the city's decision not to grant a zone change to allow multiple dwelling units on an 88 footstrip fronting on Falls Avenue.

City Manager Jean Millar was

MOTHER OF YEAR — Ethel Blandford, seated, is congratulated by local members of her family, son, West Henderson; daughter-in-law, Beverly; and husband, Ken, all from left. Flowers being admired by the new Mrs. Blandford are from her daughter, Emma, in Idaho Falls. Selected state mother of the year, Mrs. Blandford will go to New York City in May for the national contest.

Gooding City officials also agreed to go ahead with plans to obtain federal funds on a matching basis through the Bureau of Outdoor Recreation and Idaho Department of Parks for development and improvement of the city park system. It was agreed the city will change the method of budgeting to provide the federal agency with requested breakdown of park expenditures and costs within the city. At present the park budget is included in the recreation budget but will be separated to show actual park costs.

City council members adopted their \$294,157 city budget for 1971 with no comments made during a scheduled public hearing.

Councilman Gene Kelly told the council the street patching program is going along on a temporary schedule due to current wet and cold weather. He said about all street crews can do is fill holes with dirt and gravel until weather permits blacktopping work and permanent patching of street break up.

Gooding police relocate

GOODING — City police department operations are now being conducted through a joint office with the Gooding County sheriff's department, city officials said today.

The move was made over the weekend and will give the two departments a saving in cost of maintaining 24 hour law enforcement protection, Mayor Harley Crippen said.

Under the new arrangement, the mayor said, the city and county will share radio equipment and a staff of five women dispatchers working on a 24 hour a day basis seven days per week. The city has approved a cost of \$4,000 for the program. Police department operations will be housed in a separate area adjoining the sheriff's office facilities.

The fire alarm from the Gooding State School and burglar alarms from area banks will be connected with the joint law enforcement offices.

The mayor said a saving will be possible for both the city and county through the new joint operation.

Utah boys arrested

TWIN FALLS — Two Utah youths were taken into custody Monday evening 22 minutes after the car they were driving was reported stolen from Twin Falls.

Police in Twin Falls said Dwayne Wubker notified the station at 1:05 p.m. Monday that his car had been stolen from his residence at 205 Seventh Ave. N.

At 1:27 p.m. the car and occupants were stopped six miles north of Hollister. The two youths, 12 and 16-year-old brothers, remain in custody at the Twin Falls City jail.

Victim rushed

ONE WOMAN was injured in a two-car collision Tuesday morning at Locust Street and Kimberly Road. Ambulance attendants Cloyce Edwards and Pat Birmingham, from left, assisted by city police officer Don Hamann carry Mrs. Rita B. Hamilton, 40, to a waiting ambulance. Driver of the other vehicle, Mrs. Annie Higginbotham, 41, Twin Falls, was not injured. She was traveling west on Kimberly Road and was charged with failure to yield the right of way. Mrs. Hamilton was traveling south on Locust.

'Life' details ordeal of 2 stranded hunters

(Continued from P. 1)

"well waterproofed" boots, survived. Neary's description is grim:

"They were silent as Joe waited for his ice-crusted thermal socks to thaw enough in the warmth of the truck so he could manage to strip them off, and when they had, both men looked down hard at his grayish-white, dead-looking feet."

"Reach over here," Conquest said, "and squeeze my toe."

"What for?" asked Bailey.

"It's solid," Conquest said. "Just like ice cubes."

In eight pages of heavily dramatic prose, Neary relates the fight for survival that brought Bailey eventually to safety at the Devil's Bedstead Guest Ranch, 24 days after leaving the truck. A radio summoned a helicopter which brought him to Sun Valley, and as the author says, to a "scudstorm of rumor and gossip that almost inevitably arises to explain stark and irrational tragedy. Almost no one could get lost up in the Challis National Forest — unless he was trying to. California hunters, maybe, yes, but not an Idaho boy like Bailey."

"And anyway, they said, it'd be a snap to rig a sled with the hood off that truck and haul a man with a bad leg down out of there."

How bad was Mr. Conquest's leg? Neary found out, from

Custer County Sheriff Bert Mecham:

"Sitting at his office in the Custer County Courthouse recently... Bert Mecham said, 'I don't know how he could've held on that long with his feet and legs in the condition they were in. Up to about here,' he said, pointing to his booted ankles, 'both feet were black; then they started fadin' out into a light green, from a dark green to a light green. Then his leg was up to about this high and he had streaks up both legs. It was turning green, also, and the flesh on the right big toe was completely gone; just the bone sticking out.'

"The sheriff paused for a long moment. Then he said, 'So, he suffered a lot. Oh, I imagine it just pained him so bad... I think he knew exactly what he was doing and he just couldn't stand it any longer. That's what I would say.'

Everything had gone wrong on that hunting trip, Bailey recalls. "They had set off 20 days before, Bailey 28 and Conquest 34, both men experienced hunters, old hands in the woods, in the peak of physical condition. The two were nearly identical in height — five feet nine inches — and leanness; both were wire-tough. Long hours working together outdoors digging trenches for a pipes and cables had made them the closest of friends."

Their wives had "argued vehemently against the trip — not because it was dangerous, but because it was downright silly for them to drive nearly 130 miles from Wendell to Mackay and then back on into the mountains at night on the very last day of deer season. They would no sooner get there, the girls argued, than they would just have to turn right around and come back in order to be on time for work Monday morning with an excavating company."

On top of that, the car they were driving offered no assurance that they would get where they were going, as described by Neary as

Balanced Rock Park contracted

TWIN FALLS — Completion of a public park at Balanced Rock in the west end of Twin Falls County was awarded Winn and Co., Buhl, by Twin Falls County Commissioners on Monday.

Winn and Co. submitted the lower of two bids received by the county for the work. Their total bid was \$3,533.27 including \$600 for the first phase of rough grading, \$1,748.27 for the second phase of installing water service, and \$1,485 for hauling and placing of dirt and gravel.

A fourth phase, providing funds are sufficient, was bid at \$16 per hour on heavy equipment, \$13.50 on the dump truck and \$4 per hour on labor.

Completion date for the work is June 30, 1971. The second bid was received from Carl Stutzman who has completed initial phases of the project.

The park is being developed by the county with local funds and matching money from the Idaho Department of Parks and Bureau of Outdoor Recreation. When completed it will provide picnic areas, parking, roadway, restrooms and other park facilities.

A small shelter and trail have been built from the canyon area near Balanced Rock to the foot of the rock where persons may hike and view the unusual rock formations above.

T.F. pair remains in hospital

TWIN FALLS — Two Twin Falls youths remained hospitalized Tuesday with injuries received in an accident Saturday morning south of Bellevue.

Gary Marsh, 16, son of Mr. and Mrs. Milton Marsh, remains in critical condition at St. Alphonsus Hospital, Boise.

Gregg Hill, 17, son of Mr. and Mrs. Gene Hill, is in good condition at Magic Valley Memorial Hospital.

Other Twin Falls youths in the vehicle when it crashed were Douglas Warner, 17, son of Dr. and Mrs. George Warner, and Bryce King, 17, son of Mr. and Mrs. Hammond King. King was treated for cuts and bruises and Warner has been released from Bellevue County Hospital.

Real estate problems eyed

TWIN FALLS — Real estate problems will be the subject of a clinic by the Idaho Real Estate Commission Wednesday in Twin Falls.

The clinic will begin at noon in the American Legion Hall and some of the topics to be discussed include outline of commission procedures and policies, trust account procedures, real estate forms, and many others.

All real estate agents are welcome.

DAM MOVES TOWN

MANILA (UPI) — An entire Philippine town with 12,000 residents will be relocated before 1974 to give way to a \$67 million dam project in the central Luzon area north of Manila.

Liquor law violations charged

TWIN FALLS — Two people were arrested on state complaints charging liquor law violations Monday night at the Trophy Lounge in Twin Falls. Police said Teddie D. Edwards, 21, a bar maid at the lounge, was charged with dispensing beer to a minor and with allowing a minor to loiter on the premises. Larry Wayne Kober, 18, Wendell, was charged with making a false representation of age and loitering on the premises.

Both those arrested are to appear on the citations, police said.

Ketchum's '71 budget approved

By WARREN GOSSETT Times-News Correspondent

KETCHUM — Ketchum's 1971 budget of \$182,172 — 36 percent higher than last year's expenditures of \$136,220 — received public approval Monday night during a city council meeting which drew a full house.

The new budget designates \$43,627 for general ledger; \$15,920 for administration costs; \$38,423 for police department; \$950 sanitation; \$44,386, street department; \$8,801, fire department; \$5,065, recreation, and \$25,000 for sewer treatment facilities.

Council also approved an ordinance providing for anticipated revenue for the coming year during Monday night's budget hearing.

Arlo R. Nelson, represen-

Gooding auction reported

GOODING — County officials in Gooding realized a total of \$4,627 from an auction held at the fairgrounds, it was learned today.

Officials of the Great Western Auction Co., managing the auction of used hospital and courthouse furnishings and equipment, advised County Commissioner Ben Glauner today of the sale receipts.

The sale was held Saturday to dispose of unused equipment from the old County hospital which was shut down in December and the old county courthouse closed when the new building was occupied in February.

Glauner said the money will go into the county's general fund with no specific plans for spending.

Almanac

By United Press International Today is Tuesday, March 16, the 76th day of 1971.

The moon is between its full phase and last quarter.

The morning stars are Venus, Mars and Jupiter.

The evening stars are Mercury and Saturn.

Those born on this day are under the sign of Pisces.

On this day in history:

In 1802 Congress authorized the establishment of the U.S. Military Academy at West Point.

In 1830 only 31 shares were traded on the New York Stock Exchange, the slowest day in the history of exchange.

In 1966 American astronauts Neil Armstrong and David Scott docked their Gemini 8 space vehicle with an Agena craft, a first in orbital history.

In 1969 a Venezuelan airliner plunged into a suburb of Maracaibo, killing 150 persons.

A thought for today: American statesman Charles Sumner said, "There is the national flag. He must be cold, indeed, who can look upon its folds rippling in the breeze without pride of country. If in a foreign land, the flag is companionship, and country itself, with all its endearments."

Carnival plans at Gooding set

GOODING — Plans for the annual Gooding PTA carnival Friday night were announced today by Mrs. Alex Echeita, PTA president.

The event will be held from 5:30 p.m. to 9 p.m. in the Gooding Junior High School Gymnasium and is the annual fund-raising event of the group.

Nominating committee members for the election of new officers in April were also appointed but appointments are pending acceptance of those selected to serve but not present at the meeting.

Garciela Reybabe, Ron-teideo, Uruguay, exchange student attending the Gooding High School, presented a program Monday night. She showed color slides and talked about the industries and people of her country. She said in the school system there students select a vocation party in life and plan their education to prepare themselves for that work from early grades through college graduation. They choose their minds once committed to a plan, she said.

Fire chief suddenly 'retired'

TWIN FALLS — New city employe regulations adopted Monday night by the Twin Falls City Council left Fire Chief L. Z. Bartlett suddenly in a retired status.

Bartlett, who has already reached his 65th birthday anniversary, became immediately retired by the resolution passed by the council to bring the city regulations into line with the state employe retirement plan which was earlier adopted.

Two other employes, John Stevens, city police officer and Peter Landholm of the street department will also retire during the year on reaching mandatory retirement age. Previously the city regulations called for retirement as of Dec. 31 on the year in which they reached retirement age.

To cover the fire chief vacancy the city council immediately approved hiring Bartlett on a temporary basis as provided in the new regulations. Employees who are retired can be hired part time, and earn up to \$1,500 total salary in one year. City council members said this would give the city time to name a new fire chief and acquaint him with the work.

The new regulations also provide part time employe with a method of accumulating vacation and sick leave time but no retirement program participation.

Jerome victim returned

JEROME — Sue Jacobson, daughter of Mr. and Mrs. Don Jacobson, Jerome, was transferred to St. Benedict's Hospital Monday afternoon from the Mountain Home Hospital with injuries received in a two-car accident Friday in Mountain Home.

She was listed in fairly good condition today.

Miss Jacobson and Ron Reese, Jerome, were riding with young Reese's father, Ronald Reese, in a pickup truck to attend college day at the College of Idaho, Caldwell. The truck collided with another truck near Mountain Home, when the other vehicle turned in front of him into a cafe, according to Reese.

Reese and his son were treated and released. The other driver was not injured. The Reese truck was demolished.

Gooding auction reported

GOODING — County officials in Gooding realized a total of \$4,627 from an auction held at the fairgrounds, it was learned today.

Officials of the Great Western Auction Co., managing the auction of used hospital and courthouse furnishings and equipment, advised County Commissioner Ben Glauner today of the sale receipts.

The sale was held Saturday to dispose of unused equipment from the old County hospital which was shut down in December and the old county courthouse closed when the new building was occupied in February.

Glauner said the money will go into the county's general fund with no specific plans for spending.

Fire chief suddenly 'retired'

TWIN FALLS — New city employe regulations adopted Monday night by the Twin Falls City Council left Fire Chief L. Z. Bartlett suddenly in a retired status.

Bartlett, who has already reached his 65th birthday anniversary, became immediately retired by the resolution passed by the council to bring the city regulations into line with the state employe retirement plan which was earlier adopted.

Two other employes, John Stevens, city police officer and Peter Landholm of the street department will also retire during the year on reaching mandatory retirement age. Previously the city regulations called for retirement as of Dec. 31 on the year in which they reached retirement age.

To cover the fire chief vacancy the city council immediately approved hiring Bartlett on a temporary basis as provided in the new regulations. Employees who are retired can be hired part time, and earn up to \$1,500 total salary in one year. City council members said this would give the city time to name a new fire chief and acquaint him with the work.

The new regulations also provide part time employe with a method of accumulating vacation and sick leave time but no retirement program participation.

ABA completes its college draft

NEW YORK (UPI)—The American Basketball Association Monday completed its draft college players begun Jan. 22-23 when the first three rounds were selected, and the Virginia Squires elected to test the California district court decision which ruled the "seniors only" restriction to be in violation of anti-trust laws.

Western Kentucky's Jim McDaniels had been the first player selected in January, according to an ABA spokesman. Jim was immediately traded from the Texas Chaps to the Utah Stars. The spokesman added that Kentucky State's Elmore Smith was the second player selected by the Carolina Cougars and the Pittsburgh Condors had drafted third and picked Howard Porter of Villanova.

The Squires selected South Carolina's Tom Riker, a 6-10 junior, on the fifth round, Virginia's Barry Parkhill, a 6-3 sophomore on the sixth round and Marquette's Jim Chones, a seven-foot sophomore on the ninth round. All three selections were immediately declared ineligible by the league.

"From the surface of the ruling, it would appear that any team can sign any player," ABA commissioner Jack Dolph said. "But we have not read the case and there are many things we don't know such as whether the court that made the decision has jurisdiction elsewhere."

Outlaw tourney starts Wednesday

FILER — The Magic Valley Outlaw Basketball tournament gets started Wednesday at Filer.

Lee Bartlett, who is in charge of the tournament, said the pairings for Wednesday include:

6 p.m., Circle Bar Lounge vs. Farmer's National Bank; 7 p.m., Faux Cigar vs. K and T Steel; 8 p.m., Me and Ed's Pizza vs. Trenkle's Terrorizers; 9

p.m., Bud's Duds vs. Beacon Club, and at 10 p.m. Buhl Globetrotters vs. Thompson Trucking.

Bartlett said 16 teams from throughout Magic Valley, including high school players as well as players who took part in the state high school tournament will be playing in the outlaw tournament.

The tournament will continue nightly through Saturday in Filer, Bartlett said.

NIT completes 16-team field

NEW YORK (UPI)—The National Invitation Tournament completed its 16-team field Monday by naming Louisville, Duke, North Carolina and Purdue to the 34th annual post-season classic.

At the same time the NIT committee announced the pairings for the opening round.

North Carolina, runnerup in the Atlantic Coast Conference tournament, will meet Massachusetts in the first game of the tournament at 11 a.m. EST Saturday, March 20. Louisville, runnerup in the Missouri Valley Conference, will play Providence in the second game and Duke takes on Dayton to complete the triple-header.

On Saturday night Tennessee meets St. John's (NY) and Georgia Tech will meet LaSalle.

The first round continues Sunday afternoon with Bonaventure meeting Purdue and Michigan facing Syracuse and concludes Monday night with Hawaii opposing Oklahoma.

The Monday night program also will feature a triple-header. Besides the Hawaii-Oklahoma game, the quarter-finals will begin that night with the winner of the Tennessee-St. John's game meeting the winner of the Duke-Dayton game and the North Carolina-Massachusetts winner taking on the Louisville-Providence victor.

The remainder of the quarter-finals will be held Wednesday night, March 24, with the semis scheduled for Thursday March 25 and the finals for Saturday afternoon, March 27.

Drumo, will be making its ninth appearance in the NIT. The Cardinals (20-8) finished in a three-way tie for the Missouri Valley Conference title but lost in a playoff with Drake after beating St. Louis. Louisville is a well-balanced club with all five starters averaging in double figures. The Cardinals won the NIT in 1956.

Duke (18-8) finished third in the ACC during the regular season but was upset by North Carolina State in the first round of the ACC playoffs. However, the Blue Devils were very impressive during a regular season appearance at Madison Square Garden.

The Blue Devils, coached by Buckey Waters, will be making their fourth appearance in the NIT and is paced by 6-foot-10 center Randy Denton.

North Carolina came within two seconds of defeating South Carolina for the ACC championship but bowed 32-51 on a last second shot by the Gamecocks' Tom Owens. The Tar Heels, coached by Dean Smith, finished 22-6 and will be making their second NIT appearance. They are led by Dennis Wuyck, a 6-5 forward who is averaging 18.7 points per game.

Purdue finished third in the Big Ten Conference and compiled an 18-6 record during the regular season. The Bollmakers will be making their first NIT appearance since this is the first year that Big Ten teams have been allowed to compete in the NIT. Purdue, coached by George King, is paced by guard Larry Weatherford, who is averaging 18.6 points per game.

Cards dump Tigers

ST. PETERSBURG, Fla. (UPI)—Joe Torre's two homers led the St. Louis Cardinals to a 4-3 victory over the Detroit Tigers Monday.

Torre homered in the fourth for the only run Joe Coleman allowed in six innings. After third baseman Mike Adams dropped an inning-ending foul, Torre homered in the seventh off Daryl Patterson.

Steve Carlton scattered five hits in six innings but the Tigers broke through against George Brunet in the seventh, scoring a run on singles by Wayne Comer, Cesar Gutierrez and Adams.

Detroit tied the game with two runs in the eighth on Paul Jata's single, Mickey Stanley's double and Jim Price's single. St. Louis, gaining its seventh victory in 10 starts, scored in the eighth to hand the Tigers their seventh defeat in 10 contests.

You're out

Miller fired as ISU hoop coach

POCATELLO, Idaho (UPI)—Head basketball Coach Dan Miller was fired Monday at Idaho State University by Athletic Director Dubby Holt.

Miller had been at ISU since 1967. He posted a 9-15 record in 1970-71.

Holt said Miller's contract, which expires March 31, will not be renewed and said a search is under way for a replacement.

Among persons under consideration was Jerry Hale, coach at the College of Southern Idaho, the top-ranked junior college team in the nation.

Miller, a Fullerton, Calif., native, was unavailable for comment Monday. An ISU spokesman said he was in California on business.

Miller is a 1965 graduate of Chapman College where he had been a starter on the team. Before taking over the reins at ISU, he had served as freshman coach.

During his first year at ISU, Miller led the Bengals to their first 500 record since 1962. In his second year he coached the Bengals to their first winning season, posting a 13-11 record, since 1962.

Resigns

CHARLESTON, S.C. (UPI)—Dick Campbell, head basketball coach at The Citadel for the past four years, resigned Monday. No immediate successor was named.

500 will be shown same day

NEW YORK (UPI)—Home viewers will be able to see a same day telecast of the Indianapolis 500 auto race for the first time when the million-dollar speed classic is run Saturday, May 29.

Roone Arledge, president of American Broadcasting Company Sports, and Tony Hulman, president of the Indianapolis Motor Speedway, said in a joint announcement Monday that the world's richest auto race will be seen in prime time at 8:30-10:30 p.m. EST.

The race is expected to end at 3:30 p.m. EST, leaving only a five-hour lag between the live race and the television showing of the event.

Ball tosser

CHICAGO (UPI)—Ernie Carroll, a Chicago White Sox employe for 50 years, was named Monday to throw out the first ball at the club's regular season opener April 9 at White Sox Park.

Whisler leads in bowling tourney

DETROIT (UPI)—The big scoring guns boomed loudly Monday as new leaders took over the individual events of the 68th annual American Bowling Congress tournament at Cobo Hall.

Dale Whisler of Dayton, Ohio, landed top positions in the regular Singles and All-Events.

Whisler opened with a 683 in the team event, then slipped to a 558 in the doubles but recovered miraculously in the singles with a 706 series on 21, 215 and 279 games. The finale boosted his All-Events total to 1947 to claim the lead.

Austin Carr named top hoop player

NEW YORK (UPI)—Austin Carr of Notre Dame, only the second player in the history of college basketball ever to score over 1,000 points in two seasons, Monday was named Player of the Year by United Press International and winner of the third annual James A. Naismith Trophy.

"It means a great deal to me personally," Carr said. "Austin is truly deserving of this award," said Carr's coach, Johnny Dee. "He is a very special young man. He has great poise and great temperament. Not only is he an outstanding player on the court, but he is an unbelievable guy, period."

While most people expected a close race between Carr and Wicks in the voting, the balloting was not very close. It was probably Carr's phenomenal 46-point effort against UCLA on national television that had much to do with the final tally. The Irish handed the Bruins their only loss of the season in that game.

Carr was best known as a scorer, but it was his all-round play that caught the eye of the pro scouts. One appraisal of Carr linked his name with Oscar Robertson and another called him the "best clutch shooter in the game today."

One of the most glowing tributes of Carr's talents was paid by Jack Kraft, coach of Villanova. "He can dribble, he's quick, he's got great speed, he can rebound and he can shoot. What more can you ask one guy to do," said Kraft.

The most glowing tribute was paid by Dee, however, when he said: "Austin Carr has performed so well on a good many occasions that after most games I've felt guilty about not having had to pay to get into the game to see him play."

Wicks, a 6-foot-8 forward, was the inspiration behind UCLA's brilliant all-round campaign and was the only other player in the country with the comparable all-round talents of Carr. Wicks was the Bruins' leading scorer and rebounder this season and is expected to be one of the first three players chosen in the NBA draft later this month.

The Naismith Trophy is presented annually by the Atlanta Tipoff Club and Carr will be honored at the club's annual dinner on April 1.

Drivers protected

ROLL-OVER CAGES to surround the cockpit are mandatory on all U.S. Auto Club sprint cars for the first time this year and the first race of 1971 left no doubt about their safety value. On the first lap at the Tri-County Speedway in Cincinnati, Karl Busson, New Carlisle, Ohio, in car 95 tangled with Tom Bigelow, Whitewater, Wis., in car 84 to trigger the 100-mile-per-hour crash. The two racers flipped and rolled down the track and another car, 76, driven by Carl Williams, Kansas City, Mo., loses a wheel as he slides past Busson and Bigelow upside down. The drivers, protected by the cages, all escaped injury. (UPI)

The 6-foot-3, 200-pound guard from Washington, D.C., received 221 votes to easily outdistance Sidney Wicks of UCLA, who finished second with 109 votes. Carr and Wicks were virtually the only two players in contention for the award. There was a wide gap between Wicks and the third place finisher, sophomore Johnny Neumann of Mississippi. Neumann, who led the nation in scoring with a 40.1 average, got 17 votes.

John Roche of South Carolina was fourth with 12 votes, Dean Meminger of Marquette had 11 and Artis Gilmore of Jacksonville received nine. No other player received more than four votes.

"It is truly a great honor to receive this award," said Carr.

Top players

- NEW YORK (UPI)—Winners of the United Press International's college basketball Player of the Year award: 1955—Tom Gola, LaSalle; 1956—Bill Russell, San Francisco; 1957—Chet Forte, Columbia; 1958—Oscar Robertson, Cincinnati; 1959—Oscar Robertson, Cincinnati; 1960—Oscar Robertson, Cincinnati; 1961—Jerry Lucas, Ohio State; 1962—Jerry Lucas, Ohio State; 1963—Art Heyman, Duke; 1964—Cary Brads, Ohio State; 1965—Bill Bradley, Princeton; 1966—Carrle Russell, Michigan; 1967—Lew Alcindor, UCLA; 1968—Elvin Hayes, Houston 1969—Lew Alcindor, UCLA; 1970—Pete Maravich, Louisiana State 1971—Austin Carr, Notre Dame

Umpress

THIS LADY, Mrs. Bernice Gera, a New York housewife, wants to be a baseball umpire. So much so that she's suing organized baseball for \$25 million for refusing to hire her. (UPI)

Housewife sues for umpire job

NEW YORK (UPI) — It doesn't pay very much and the working conditions are less than ideal, but Mrs. Bernice Gera wants to be an umpire so much she's suing organized baseball for \$25 million for refusing to hire her.

The 39-year-old New York City housewife filed the suit Monday in Manhattan Supreme Court after what she said were years of the quiet, calm approach in seeking to become baseball's first woman umpire.

She went to umpire school in Florida, graduating in 1967, and has three decisions by the State Human Rights Commission in her favor, according to her attorney. She once came within a day of umpiring in professional baseball, but she hasn't made it yet.

On July 25, 1969, she was signed to work in the New York-Pennsylvania Baseball League but on July 31, as she was packing her blue suit and whisk broom for a game the next day, a telegram from Philip Fitts, president of the National Association of Baseball Leagues, arrived, telling her the contract was canceled.

Mrs. Gera said she could get \$400 a month plus traveling expenses for her efforts. Baseball officials say she would also be subjected to some Anglo-Saxon monosyllabic expletives which could only offend.

Baseball officials, in their repeated rejections of her attempts to umpire, said that facilities were not available for women.

Mrs. Gera said she loves the game and wants to be an umpire. The language, she said, you could hear on the street and while she doesn't like it, she could live with it.

Her attorney, Bronx Democratic Congressman Mario Biaggi, said she is suing on the grounds that her constitutional rights under the 1964 Civil Rights Act are being violated.

"I don't say I'm going to be the greatest, or great," said Mrs. Gera. "I just want the chance to try." Biaggi, when asked why \$25 million, said he "wouldn't want to appreciate the cost of grief and frustration" suffered by Mrs. Gera in her 30 or so unsuccessful attempts to umpire in professional ball.

Sophomores dominate Big Ten team

CHICAGO (UPI)—Super-sophomores dominate the 1971 all Big Ten basketball team picked by the conference coaches for United Press International. Rookies who were named to the honor five in their first season of college competition were league-leading scorer George McGinnis of Indiana, Henry Wilmore of Michigan, and 7 foot center Luke Witte of Ohio State.

Completing the top five players were veterans Jim Clemons of Ohio State and Fred Brown of Iowa. All five were clear-cut choices of the 10 conference coaches, and three of them, Wilmore, McGinnis and Brown, were unanimous picks. Every coach also named Clemons and Witte, but some of them placed these two on their second unit.

McGinnis was a standout all season for the Hoosiers and set a Big Ten-record for scoring by a sophomore with 418 points, surpassing the previous mark of Rick Mount of Purdue, while winning the league scoring championship.

Wilmore, at times the leader in scoring, wound up third in scoring with 390 points in the 14 game conference schedule. Brown, described by most coaches as the best pure guard in the country, was second to McGinnis in scoring and the only other player to go over 400 points with 404 for the season. Witte, who developed fast in the late season for the conference champion Buckeyes, tied for 11th in scoring with 282 points, while Clemons, hampered by a wrist injury in late season, still tallied 214 points to finish in the top 20 scorers.

TV Guide hoop team selected

RADNOR, Pa. (UPI)—The repeaters and one sophomore were among the 10 players selected on the 1970-71 TV Guide All American team announced Monday.

Austin Carr of Notre Dame, John Roche of South Carolina and Sidney Wicks of UCLA were the three repeaters on the team selected by the U.S. Basketball Writers Association. John Neumann, of Mississippi, was the only sophomore on the first team.

The six others were Ken Durrett of LaSalle, Artis Gilmore, Jacksonville, Jim McDaniel, Western Kentucky, Cliff Meely, Colorado, Dean Meminger, Marquette and Dennis Layton, Southern California.

For the first time, a college division All-American team was also selected.

The 10 on that team were: George Adams, Gardner-Webb, N.C.; Emerson Carr, San Fernando Valley State, Calif.; Kenny Davis, Georgetown, Ky.; Jack Jones, Assumption, Mass.; Tommy Jones, Howard Payne, Tex.; Ed Kemp, Adams State, Colo.; Dwight Lamar, Southwestern Louisiana; Ted McClain, Tennessee State; James Sitas, Austin, Tex.; and Elmore Smith, Kentucky State. Smith Barrier, president of the basketball writers association and executive sports editor of the Greensboro, (N.C.) Daily News and Record, said nearly 400 writers voted in the selection of the All-American team, nine district teams and the college division squad.

Cavaliers have first draft pick

NEW YORK (UPI)—The expansion Cleveland Cavaliers won the right to pick first in the March 29th National Basketball Association draft by winning a coin toss from the Portland Trail Blazers Monday at Commissioner Walter Kennedy's office.

Portland will draft second, and the other 15 clubs will draft in the inverse order of finish with their won-lost records the criteria. Leo McKenna, a part owner of the Cavs, gained the No. 1 choice when Robert Schornick, Portland part-owner, called the coin "heads" and it came up tails. The coin used by Kennedy in the telephone ceremony was an unscratched 1966 silver half dollar, minted the year the NBA was established.

UCLA top college team

NEW YORK (UPI)—UCLA, the most powerful force in college basketball in 20 years, added another laurel to its list of achievements today when it was crowned 1970-71 national champion by the United Press International's Board of Coaches.

Coast Conference champion, was sixth with 119 points followed by Western Kentucky with 115. Kentucky, Fordham and Ohio State rounded out the top 10. Jacksonville, beaten by Western Kentucky in an opening round NCAA game last Saturday, fell five places in the final balloting into a tie for 11th with Brigham Young. Brigham Young, UCLA's opponent Thursday night, moved up two spots from last week.

It marked the third UPI national title for the Bruins in the last five years. During that stretch the Bruins have compiled a fantastic record of 141 victories and only five losses, including a 25-1 mark during this past season.

North Carolina, which came within one point of beating South Carolina in their ACC showdown, finished 13th and Notre Dame and Long Beach State were deadlocked for the 14th spot. Drake, the Missouri Valley Conference champ, was 16th, Villanova was 17th.

Marquette, which stretched its record for the season to 27-0 by defeating Miami of Ohio in an opening round NCAA game last Saturday, finished second with 285 points. The Warriors received three first place votes.

Pennsylvania, the nation's only other major college unbeaten team, was third with 244 points followed by Kansas with 196 points and Southern California with 174 points. Southern California dropped two places from last week as a result of losing to UCLA last Saturday.

spond two spades and North will pass. Responses of two diamonds, hearts and spades are all sign-offs. The no-trump will only rebid if his no-trump is maximum with good support for partner's suit.

With a suit hand responder bids either the artificial Stayman two-clubs to ask partner to show a four-card major if he has one or he jumps in his suit if it is a good one.

What do you do with a club bust opposite a no-trump opening when you play Stayman? There are ways to handle this but in the JACOBY MODERN version of Stayman you just pass. If your partner gets doubled you can still run to clubs. If he doesn't get doubled just let him suffer.

(NEWSPAPER ENTERPRISE ASSN.)

The bidding has been:
West North East South
Pass 2♣ Pass 3♥
Pass 4♥ Pass 4 N.T.
Pass 5♥ Pass ?

You, South, hold:
♠ K 10 7 6 5 ♦ A K Q 9 ♣ A 2

A-Bid five no-trump. This bid asks for kings, but also announces your side hold all the aces.

TODAY'S QUESTION
Your partner responds six hearts to show two kings. What do you do now?
Answer Tomorrow

By Oswald & James Jacoby

The North hand is a standard no-trump opening and has been bid from the time Oswald Jacoby first started using point count no-trump until today.

Back in the '30s, South would respond two spades. This would be a one round force and North would rebid to two no-trump whereupon South would sign off at three spades and sensible North players would pass.

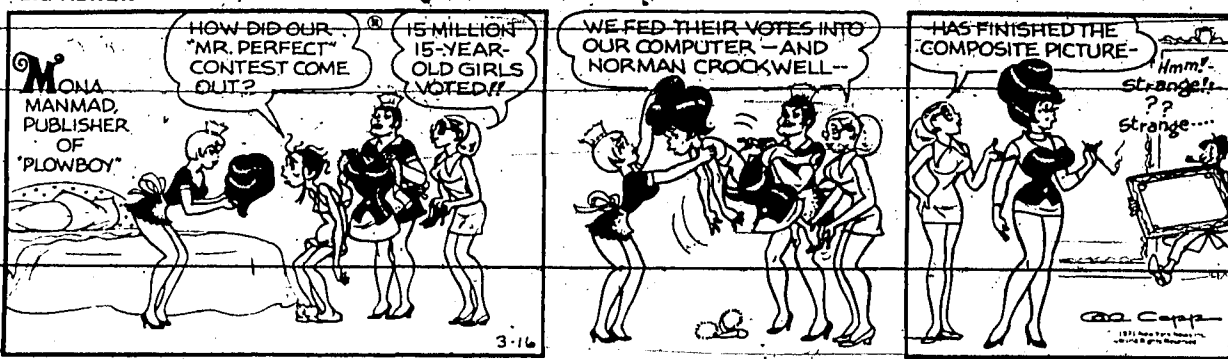

South wouldn't make three spades. He would be one trick down but that would be better than letting North play one no-trump and go down two tricks.

Standard American bidders have the same trouble today but those who use Stayman land at the right contract. They simply re-

MEN HAVE MORE red corpuscles than do women. Red corpuscles contain hemoglobin. Hemoglobin carries oxygen. Oxygen makes the brain work. So when you're trying to explain why men are smarter than women, says a man of science, bear in mind the red corpuscles, the hemoglobin, the oxygen. What do you make of that, young lady? Fairly simple, isn't it?

AVERAGE SALE in a garden shop runs \$10.40 worth, did I mention that? ... **ANOTHER LITTLE KNOWN FACT** is the Irish, not the Scots, invented scotch. Before that, the Scots drank brandy ... **WHY MANY MORE** men than women come down with appendicitis remains a mystery, sorry to report.

MAYBE YOU KNOW about the "super check." First National Bank of Arizona issues it. A blank that lists numerous merchants and utilities. You write out one check to the bank, marking what bills you want paid this month. How much and to whom, that's all. The bank then makes those payments. Pretty nifty, what? You can pay as many as 48 bills with one signature that way. At the moment about 350 other banks are getting ready to do likewise.

CUSTOMER SERVICE: Q. "Do we perspire when we sleep?" A. More than when we're awake, usually ... Q. "Let's see you add 4 to 11 and come up with 3 for an answer, old buddy." A. So you're going to get tricky with me, are you? All right, I'll bite. How about adding four hours to 11 o'clock so you get 3 o'clock? ... Q. "What's going on now at Peenemünde, that town in Germany where Adolf Hitler's scientists put together the first war rockets?" A. Not much. It's just a fishing village anymore.

ONLY THE EGGS already cracked will crack when you hardboil them. That's what Julia Child says. Could be the ladyfriend always holds them up to the light. Only picks the solid ones to boil. Never gets cracked shells ... **POLITICALLY**, a man who wears both a mustache and a beard generally is left of center. If he wears sideburns, he's probably reactionary right wing. So contends George Carlin, who calls himself a comedian, understandably.

HOW WOULD IT work out if the youngest brother in a family of brothers married the youngest sister of a family of sisters. This is what a customer wants our Love and War man to judge. He replies with reluctance. "That," he says, "is what the psychologists call the worst of all possible matches." Such a couple most probably can expect words. A lot of words. Then silence. A lot of that, too. Unfortunate.

IS THERE A man who can chin himself with one hand somewhere? That's what I asked. Several, it turns out. But Mr. Fred Glenn of Kalamazoo, Mich., can chin himself with two fingers. And he's 76. That must be the chinning record, must be.

OPEN QUESTION: Why can't we tickle ourselves?

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 17076, Fort Worth, Texas 76102.
