TEN CENTS

Chinese Reds praise 'thaw'

PEKING (UPI) — Premier Chou En-Lai told a visiting American table tennis team today their trip to Communist China means "a new page" in relations with the United States.

Chou said that "more Americans will come in the future," including correspondents "in batches." U.S. journalists were allowed to accompany the 15-member team into China.

Today's meeting with Chou was the first such audience granted Americans since the Peoples' Republic was established 22 years ago.

The Chinese premier asked the American players "to return home with regards to the Chinese people to the American people." He met for nearly two hours with table tennis players from the United States, Canada, Colombia, Nigeria and Britain, but almost half the session was devoted to the American group.

China's top diplomat, looking fit and much younger than his 73 years, made remarks on a wide field of subjects ranging from his opinion of hippies to the subject of U.S. correspondents in China.

To the Americans, the largest organized group of U.S. citizens ever to meet with Chou since he and Communist Party Chairman Mao Tse-tung established the Peoples' Republic of China in 1949, the premier said: "In the past, there were lots of American friends in China, and you have made a new start. Americans will come in the future, including correspondents in batches.

"In the past there were many Sino-American exchanges. These have been cut off for a long time but with the accepting by you of China's invitation to visit our country, a new page has been opened in relations between our two peoples."

While Chinese and American television crews clustered around him with cameras and lights, Chou said "this renewal of friendship will meet with approval and support of our peoples. Do you agree?"

His reply was a burst of applause from the American players with the Canadians, Colombians, Nigerians and British joining in.

After his chats, conducted through an interpreter, Chou said there was still time to answer some questions.

Long-haired Glenn Cowan, 19, a table tennis player from Santa Monica, Calif., said he was curious about what the premier thought of the hippie movement in the United States today.

Without changing expression, Chou said, "I am not very clear about it. Second, I can only give you a superficial opinion.

"The youth of the world are dissatisfied with the present situation and are looking for the truth. In the course of changes in the ideology of your people, various things occur before the changes take form," the premier said.

China tour rules eased

WASHINGTON (UPI) — President Nixon announced today a five-step program easing travel and trade restrictions with Communist China.

Nixon said that after a review he had decided on the following steps—none of which would require new legislation or diplomatic negotiations with the Chinese government.

The United States is prepared to expedite visas for visitors or groups from the Chinese mainland.

U.S. currency controls are to be relaxed to permit the use of dollars by the Chinese Communists. Previously, a Treasury license had to be obtained in order to send dollars into China.

Restrictions are to be ended on American oil companies providing fuel to ships or aircraft proceeding to and from China except on Chinese-owned or Chinese-chartered carriers bound to or from North Vietnam, North Korea, or

Cuba.

U.S. ships or aircraft may now carry Chinese cargoes between non-Communist ports. U.S. owned foreign flag carriers may call at Chinese ports.

Nixon has asked that a list be prepared of non-strategic items which can be generally licensed for direct export to China.

Following review and his approval of specific items on this list, direct imports of designated items from China also will be allowed.

The President said in a statement he will consider additional steps that might be taken to improve relations with Red China.

His announcement came less than a week after a U.S. table tennis team was invited to visit Red China along with a group of American newsmen.

Chinese Communist Premier Chou En-lai had a friendly meeting with the American group earlier today.

Sign-up vetoed

BOISE (UPI) — Gov. Cecil D. Andrus today vetoed a House bill requiring party registration to vote in primary elections but approved one calling for return to an open primary system.

Andrus signed into law a bill putting Elmore and part of Ada County into the Second Congressional District. This one cuts the population disparity between the two districts to 394 from some 90,000.

Students confer

T.F. schools eye budget, tax hikes

By LEE TREMAINE
Times-News Staff Writer

TWIN FALLS — The proposed school budget for Twin Falls schools would call for tax increases for a typical property owner of about 12 per cent.

The budget proposed to school trustees Tuesday night calls for a tax levy increase of 3.7 mills above the current mill levy of 35.3 mills.

When the increase in the tax assessment ratio is included in the typical tax bill, the school bill will rise 12 per cent over last year.

Dr. Ernest H. Ragland, superintendent of schools, told the trustees in presenting the budget Tuesday night at a board meeting that the only bright spot is a half-mill reduction in the levy for reduction of bond interest.

The district's total bonded indebtedness is at the lowest point now it has been for a number of years, Dr. Ragland said. The high school bond issue was paid in full last year.

A public hearing on the proposed budget has been scheduled for 8 p.m. next Monday at the school administration building.

The proposed budget of \$3.32 million anticipates a total assessed valuation in the district of \$30 million, indicating a \$2.2 million increase from the 1970 valuation of \$27.79 million.

The \$30 million valuation would return about \$60,000 from a two-mill plant facilities fund and \$90,000 from a three-mill

Viets battle into firebase

SAIGON (UPI) — Two battalions of South Vietnamese infantrymen fought their way into Fire Support Base 6 today to lift a two-week North Vietnamese siege of the hilltop outpost near the Laotian and Cambodian borders. Heavy fighting raged around the approaches to the base.

Field reports said the 1,200 South Vietnamese who broke through to Base 6 met light resistance but that another

battalion trying to clear the approaches fought a 16-hour battle Tuesday night and today. They killed 96 North Vietnamese and captured a large quantity of weapons, the reports said.

The ARVN troops reported four dead, 37 wounded and six missing in the battle.

The base had been under siege since April 1 when South Vietnamese units recaptured it from North Vietnamese troops

who had seized it the day before. The outpost, located 12 miles from both Laos and Cambodia, serves as a barrier to North Vietnamese designs on such central highlands population centers as Dak To.

At the same time, military spokesmen reported the loss of three American helicopters in which at least five U.S. GIs were killed. South Vietnamese spokesmen said Viet Cong terrorists attacked a train

between Hue and Da Nang, killing 20 persons and injuring 23 others.

A 1,500-man brigade of paratroopers along with 4,500 infantry reinforcements were brought in by helicopter Tuesday to try to relieve the siege of Fire Base 6.

UPI photographer David Kennerly reported that infantrymen north of Fire Base 6 in the central highlands told of being attacked by North Vietnamese troops using flame throwers.

UPI correspondent Stewart Kellerman said dozens of South Vietnamese helicopters carrying wounded arrived at intervals at Dak To and Tan Canh, located eight and 10 miles respectively northeast of Fire Base 6.

Pakistan battle raging

NEW DELHI (UPI) — East Pakistani rebel forces today were reported engaged in heavy fighting with government troops just outside the East Pakistan capital of Dacca. The premier of the self-proclaimed rebel government called on his people to fight "until the enemy is routed from the sacred soil of our country."

Indian press reports said the East Pakistani forces "are locked in battle 10 miles from Dacca." At the same time, Pakistani federal forces were advancing in Kushtia district where the rebel capital of Chaddanga is.

Both sides claimed victories. The rebels said they had recaptured the northeastern town of Sylhet which federal troops controlled last weekend. Radio Pakistan said government troops had cleared the town of Dinajpur of "all miscreants, anarchist elements and armed infiltrators from across the (Indian) border. Dinajpur is in the northwest corner of East Pakistan, 170 miles northeast of Dacca."

The Times of India, in a report from Shillong in India's Assam state, said Pakistani federal forces were using landing craft supplied by Turkey against the rebels. The report also said "Russian amphibious T-58 and T-59 tanks also have been sent to Pakistan."

Prime Minister Tajuddin Ahmed, newly named head of a rebel committee to seek aid from other countries in the struggle with the Karachi government, left for India.

Beards banned

TWIN FALLS — Beards are still taboo at Twin Falls High School, the school board ruled Tuesday night after a lengthy closed session with a bearded student and his lawyer.

The student, Scott Jensen, and attorney Robert Rayborn, met with trustees midway in a marathon three-hour board meeting.

No details were released of the secret session, but trustee Dr. H. W. Ronk made a motion to "hang tough on the dress code" for the rest of the academic term.

Board chairman Elmer Sommer said the motion was to hold fast to the dress code, despite an Idaho Supreme Court ruling that hair length is not a proper subject of school discipline.

The trustees and high school principal John Lawrence explained that the court ruling left the loophole that any manner of dress or behavior deemed disruptive of school discipline may be controlled.

"Who's to say what's disruptive?" Sommer said.

Firing not official

BOISE (UPI) — Chairman Cliff Hinkley, Lewiston, of the Idaho Aeronautics Commission says he and not the commission as a whole asked for the resignation of state Aeronautics Director Chet Moulton.

Interviewed Tuesday during a meeting in Boise with Moulton, Hinkley said some of the commissioners knew he was going to ask for the resignation but added "I wasn't able to reach all of them."

Blaine OK's wine in county stores

HAILEY — The Blaine County Commission has authorized the sale of wine in grocery stores in the county, making Blaine the first county in Magic Valley to implement the provision passed in the last session of the legislature.

John Fox, commission chairman, said the commissioners felt since Blaine encompasses a resort area,

particularly in Ketchum, residents would approve the action. After commissioners approve the plan, individual grocery store operators must apply for licenses to sell the wine.

The commission has not received much in the way of opposition to the prospective legalizing of wine sales in grocery stores, Fox said.

additional cost of \$130,423. Salaries under this schedule would range from a low of \$5,350 for a teacher with three years of training and in her third year of teaching, to a top of \$9,085 for a teacher with a master's degree and 17 years or more of experience. The scale actually drops to a base salary of \$5,215 for a new teacher without a degree, but the district does not have any personnel in this category.

An alternate salary schedule, costing an additional \$114,063 to implement, ranges from a low of \$5,555 for the one teacher with three years of training (or base of \$5,435 for new teachers) to a top of \$9,125.

Trustees took no action on the salary scales, pending adoption of the new budget.

In other business, trustees discussed the reported ouster of coach Charles Farmer and district athletic programs with three high school students, including Jay Ronk, son of trustee Dr. H. W. Ronk; Jerry Barbour and Steve Cover. John Lawrence, principal of Twin Falls High School, and school district athletic director Robert Donnelly also attended the meeting to discuss the coaching situation in the schools.

Lawrence told the trustees that any faculty member being criticized for his teaching should have a chance to meet with the board before being ousted. Trustee John Wolfe countered by pointing out that the faculty member "might not want to meet with us." He asked, Lawrence what should be done in that case.

It was agreed that if a faculty member "under fire" refused to meet with the board, the trustees could then take action. The trustees said they had asked Farmer to "come in for consultation," but he had not complied with the request.

Jerry Barbour charged that the ouster of Farmer was a "bum deal" as far as the basketball team and other students are concerned. He said the trustees should have been consulted, and suggested that the trustees offer Farmer "an apology along with his resignation."

Mayor tells of his lurid past

FAYETTE, Miss. (UPI) — Black Mayor Charles Evers, maintaining that a man in public life should disclose his past, has admitted he was once involved in prostitution, bootleg-

ging and gambling. Evers, expected to be a candidate for governor, readily admitted in a televised interview his involvement in the various operations, but said he wants people to "judge me for what I am now."

Now the mayor of Fayette, Evers said he ran a prostitution business for GI's in the Philippines during World War II and a prostitution and numbers operation in Chicago after the war.

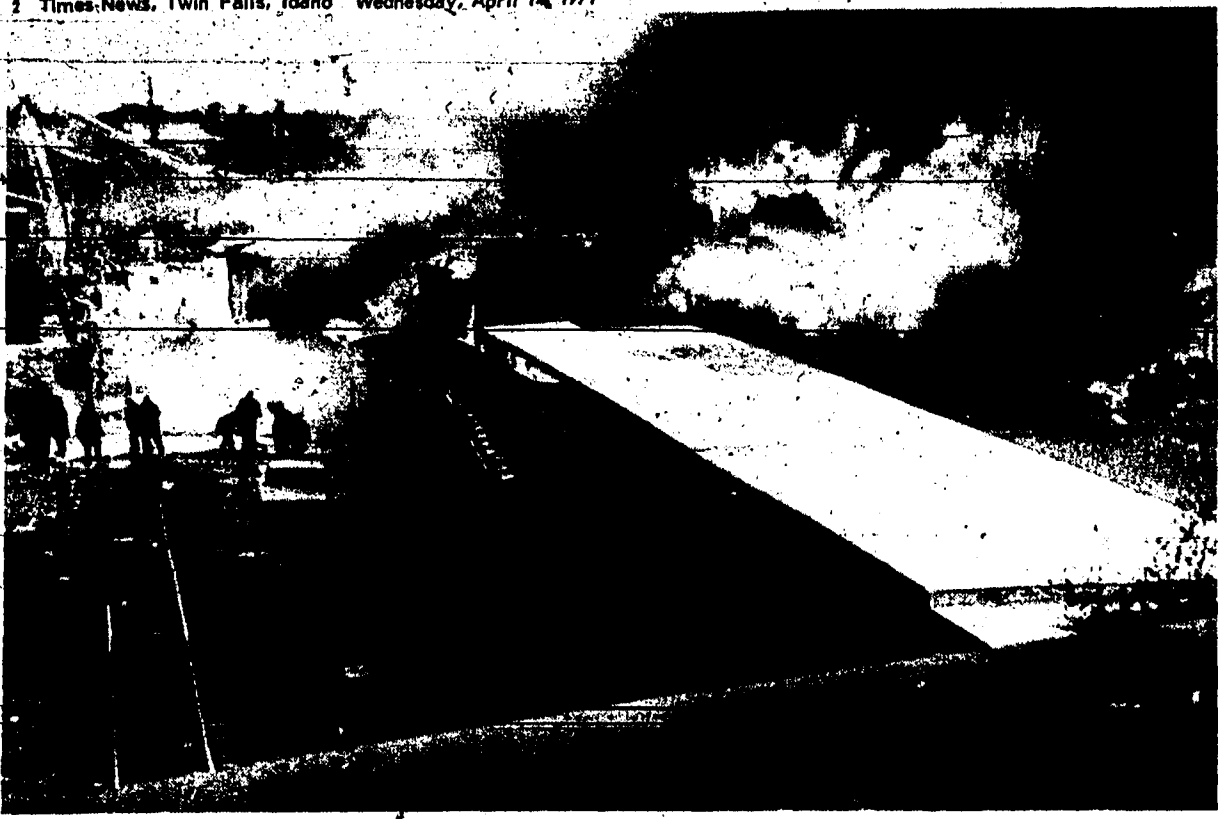

Evers said he wrote about his activities in an autobiography called "Evers," scheduled for release Sunday. He said if anybody "wants to know what I did, read the book."

He told newsmen he is now in politics and made the disclosures because he felt any man in public life should make his past "an open book."

Regarding his bootlegging, he said he had seen "the white shirts bootleg, I did the same thing."

CHARLES EVERS
Tells of

FIVE-ALARM fire raged out of control at Houston, Tex., Tuesday, consuming most of a square block of buildings. A paper company was burned, an overhead expressway closed and a low-income housing area threatened by flames whipped by 20 mile an hour winds. No major injuries were reported. (UPI)

Fired aide rips rights policies

WASHINGTON (UPI)—Leon E. Panetta, the civil rights chief fired by the Nixon administration, says the President's advisers bend civil rights to fit temporary political needs. The result is "a major offense against the black community of the United States."

"The way the White House treated the school desegregation issue is a dangerous posture for the executive branch to take at the turn of the decade," according to Panetta.

Panetta makes the comments in a soon-to-be-published book, "Bring Us Together"—subtitled "The Nixon Team and Civil Rights Retreat." Some of his sharpest words are aimed at the man who was his boss, former Health, Education and Welfare Secretary Robert H. Finch.

John V. Lindsay. He accuses Finch, now a presidential adviser, of constantly vacillating on civil rights while heading the department. "Finch was basically a political animal, and the 'bad' (news) story was his greatest fear; facts about the deprivation of black children or the bitter consequences of discrimination never had quite the same impact," Panetta wrote.

Panetta and coauthor Peter Gall, his civil rights information chief at HEW, have scheduled an April 21 news

conference to discuss the book. But copies have appeared in Washington book stores and Finch is among the government officials who have read it.

"A good deal of it is gratuitous," Finch told UPI in an interview. He appeared hurt by Panetta's disclosures, but declined to make a piece-by-piece rebuttal.

"He said a great many things that didn't need to be said," Finch said, without specifying any. "It's just not fair to the good efforts we've made in civil rights."

Hot time

Debris only signs of missing bomber

HILL AIR FORCE BASE, Utah (UPI)—An oil slick, some aircraft debris and a parachute floating on the Great Salt Lake are the only signs of a twin-engine military jet which failed to return to base Tuesday afternoon.

The mute evidence of disaster gives no clue to the fate of the two crewmen who apparently went down with the converted B-57 bomber 10 miles north of Carrington Island in the southwest section of the lake.

Helicopters and ground crews are continuing the search today with flights over the lake and a possible search of lonely Carrington Island south of the place where helicopters spotted the floating debris late Tuesday.

Base officials identified the pilot as Maj. Gerritt H. Van Vleit, 39, Layton. His companion on the two-man craft was Lt. Col. George LaGarde, 33, of New Orleans, an electronic counter-measures officer.

M. Henderson

TWIN FALLS — Merrill C. Henderson, 69, Twin Falls, died Monday night in a Veterans Administration Hospital, Boise, after a long illness.

Born Dec. 26, 1901 in Calloway, Neb., he served 27 years in the U. S. Army and was a sergeant first class. He served in the Hawaiian Islands, the Panama Canal Zone and during World War II in Germany, Italy and later in Korea. He was a member of the Disabled American Veterans of Stradley Chapter, Twin Falls, of the Baptist Church, Golden Road Runners of Yuma, Ariz., and prior to retirement was a civil service employe at the V. A. Hospital in Boise.

He married Geneva Harris in Boise May 12, 1961. Surviving are his widow, two stepdaughters, Mrs. Albert DeGraw and Mrs. Calvin DeGraw, both Chino, Calif.; four brothers, Ashton Henderson, Central City, Neb.; Claude B. Henderson, Phoenix, Ariz.; Roy and John Henderson, both Twin Falls; two sisters, Mrs. May Janks Mitchell, Twin Falls, and Mildred Henderson, Nampa. He also has seven grandchildren and nine great-grandchildren.

Funeral services will be conducted at 3:30 p.m. Friday in White Mortuary Chapel by Rev. Robert Schreckenber. Military rites will be at the graveside in the Twin Falls Cemetery.

C.B. Wedel

RUPERT — Cornelius B. Wedel, 85, Rupert, died Tuesday at Minidoka Memorial Hospital of a brief illness.

He was born Feb. 1, 1886, at Goessel, Kan. He was never married and in 1912, he moved to Minidoka from Oklahoma. He filed on a homestead west of Minidoka, improved his homestead and owned the original homestead at the time of his death.

He purchased additional land and later sold part of it for community development. He retired 15 years ago and made his home with Mr. and Mrs. Merrill Masoner, Rupert.

He was a member of the Rupert Masonic Lodge.

Surviving are 12 nieces and nephew who live in New York and California.

Funeral services will be conducted at 10 a.m. Saturday in the Walk Mortuary Chapel by Rev. John Sinclair. Final rites will be under the direction of Rupert Masons at Rupert Cemetery. Friends may call at the mortuary Friday afternoon and evening and Saturday one hour prior to services. Memorials may be given to Jobs Daughters or Mount Harrison Chapter of the DeMolay, Rupert.

Eugene Slater

BURLEY — Eugene Slater, 82, died Monday at Cassia Memorial Hospital of a long illness.

He was born July 5, 1888, at Slaterville, Utah. On July 9, 1913, he married Selma M. Anderson in Salt Lake City. She died July 18, 1965. Mr. Slater was a retired farmer, moving to Burley 30 years ago from Junction Valley, Utah. He belonged to the LDS Church.

Survivors include four sisters, Mrs. George (Ethel) Fairchild and Mrs. Lola Glover, both Burley; Mrs. Goldie Matsen, Boise, and Mrs. Beulah Roat, Seattle, and one half-brother, Ethan Clark, Burley.

Funeral services will be conducted at 11 a.m. Thursday in the Burley LDS First Ward Chapel by Bishop Francis E. Ham. Final rites will be held in the Yost, Utah, Cemetery. Friends may call at McCulloch Funeral home Wednesday afternoon and evening and Thursday until time of services. The family suggests memorials to the charity of one's choice.

Blindness from drug nets suit

BOISE (UPI)—A woman who claims she has suffered partial but permanent blindness from taking a drug prescribed for arthritis treatment has filed a \$350,000 lawsuit in Fourth District Court.

Annette Murphy brought the suit against Withrop Laboratories, Inc., Sterling Drug, Inc., both Delaware Corporations, and Dr. Bruce C. Budge, a Boise physician.

She alleges she took one pill of the drug Chloroquine, marketed by Withrop as "aralen," from April, 1962, through September, 1969.

As a result of this, she contends, she now is suffering partial but permanent blindness that could develop into total loss of eyesight.

The plaintiff contends the laboratory failed to test the drug adequately before promoting it for public use.

Valley Briefs

EDEN — A lamb feed will be held at the Eden American Legion hall from 6:30 to 8:30 p.m. Thursday. Donations will be accepted for the Boys' State and baseball programs of the Legion.

TWIN FALLS — I Do research center, 519 Main Ave. W. will have a meeting open to the public at 7 p.m. Thursday.

Condition improving

TWIN FALLS — The condition of Mike Gibney, 20, son of Mrs. Priscilla Gibney, Las Vegas, former Twin Falls resident, who was injured in an auto accident Friday near Las Vegas, is improving, according to word received here by relatives.

Young Gibney is the grandson of Juneau Shipn, Twin Falls radio announcer. He sustained a skull fracture and has been removed from the intensive care unit at Southern Nevada Memorial Hospital, and has regained consciousness.

MRS. MARY K. KELSEY

Funeral Services

BOISE — Services for Mrs. Mary Kelsey, a pioneer resident of Magic Valley, were held at 11 a.m. this morning in Boise with interment in Sunset Memorial Park this afternoon at 3.

TWIN FALLS — Services for G.F. Knigge will be held at 2 p.m. Thursday at the Immanuel Lutheran Church. Final rites will be in Sunset Memorial Park.

OAKLEY — Services for Mrs. Effie Worthington will be conducted at 1 p.m. Thursday at the Oakley LDS Stakehouse. Final rites will be in the Oakley Cemetery.

J.E. Hammond

RUPERT — J.E. Hammond, well-known Rupert resident, died Tuesday at a Rupert nursing home of a long illness.

Funeral services are pending at Walk Mortuary.

Britons search riot area

BELFAST, Northern Ireland (UPI)—British troops made selective searches of houses today in an area where the shooting of a 12-year-old boy touched off night-long rioting by 1,000 Protestants.

An army spokesman said two men were taken into custody and one weapon found.

The troops early today finally put an end to the trouble, which came following an Easter parade, by charging the crowd from behind and forcing them to disperse.

At one point, the situation was so confused that two crowds of Protestants battled each other, each thinking the other was Roman-Catholic.

FBI slates closing of smaller agencies

Ear splitter

AMERICAN gunner, center, holds ears to protect against muzzle blast of 175 mm gun shelling Communist concentrations around Firebase 6 Tuesday. Base, held by South Vietnamese units, has been under attack for two weeks. American artillery and air units are providing support for defenders. (UPI)

WASHINGTON (UPI)—The FBI plans to shut down some of its 500 resident agencies for security reasons, it was learned today.

A reduction in the number of the smaller agencies is being considered as a result of the theft of 1,000 documents from the Media, Pa., resident office. Some of the offices are one-

man-operations, but many contain several agents. They work under the direction of the 59 field offices which function as regional headquarters. There are a total of 8,400 FBI agents. Closing down some of the smaller offices was recommended following investigation of overall security at offices like that in Media and other towns, particularly those in college areas.

Spokane supported

SPOKANE (UPI)—Idaho Gov. Cecil Andrus, said here Monday night he will support this city's "Expo-74" project.

The Idaho governor told the municipal League of Spokane's annual banquet he believes "Expo-74 offers an exciting, fresh approach for improving the Northwest's economy without impairing the environment."

Spokane's proposed "Expo-74" is an exposition planned for 1974 in which the environment will be the key feature.

Andrus said, "as you plan for the Expo project and as we fight to maintain our natural resources, let's join as a team to illustrate for all 50 states that there is hope in the future."

Steel pact 'inflationary'

WASHINGTON (UPI)—The Nixon administration said today the steel workers' recent contract settlement with the can industry was inflationary. He urged the union to be more restrained in contract talks this summer with the basic steel industry.

The White House, in its third inflation alert, said the three-year can contracts providing 9 per cent wage and benefit increases each year "represents no progress toward the declining trend of wage in-

creases that is essential if we are to regain increased stability of prices and costs."

The inflation alert released by the President's Council of Economic Advisers also cited increased freight rates in the railroad and trucking industries, higher cost for lumber, the failure of consumer meat prices to fully reflect lower wholesale prices, and high wage increases for construction workers.

The report also cited a 48 per cent hike in New York City tax

fares as an example of what "artificial barriers to competition" can mean in consumer prices. It said cab fares in the city, where the number of cabs allowed has not been increased since 1937, are twice those in Washington where there is no restriction on the number of cabs.

The council said it feared that if the steel workers got the same settlement from the steel industry as from the can industry, the steel firms would have to raise prices, making it

tougher for them to meet foreign competition and resulting in increased unemployment not only in the basic steel industry but also among steel-using industries.

"The terms of the agreement reached in the can industry are clearly in excess of any realistic assessment of long-term productivity growth prospects," the report said.

Dad flays statements of son touring China

GALLIPOLIS, Ohio (UPI)—The father of John Tannehill, a U.S. table tennis team member quoted as saying he may stay in Communist China, said today he was certain his son was "not aware" of the impact of what he said.

"He is good in table tennis but he is not aware of all of the overall effect of what he said would have on himself and other people," Chester Tannehill, executive editor of the Gallipolis Tribune and the Pomeroy Daily Sentinel, said.

Young Tannehill, 19, a freshman at the University of Cincinnati, was quoted by the Toronto, Canada, Globe & Mail in a dispatch with a Peking dateline, as saying he was "toying with the idea of staying in China. Maybe forever but probably not." The dispatch also was carried in the United

States by the New York Times. The newspaper quoted Tannehill, the nation's No. 2 ranked table tennis player, as saying the philosophy of Mao Tse Tung was "beautiful."

Tannehill also was quoted as saying there was a "lack of questioning" in the United States and the "university environment is stifling."

The Toronto newspaper quoted Tannehill as saying:

In China there is no exploiting of the working class. The workers have power. In the United States the workers are taken advantage of.

"Mao is certainly the greatest moral and intellectual leader in the world today. He reaches the most people and influences the most people. His philosophy is beautiful."

"I suppose he said it," the elder Tannehill said. "I certainly couldn't say he didn't say it

although it doesn't sound like him. He never expressed thoughts like that before. He's searching for something to believe in. Let's put it that way."

Tannehill said his son was a "young person who is intelligent and reads a lot" who may have some ideas he was not prepared to handle.

"He is in the limelight and probably doesn't realize it," Tannehill said. "He has a world wide forum for his thoughts."

"I think the American party over there should have more control over what their people say. I don't think the news organizations should take an immature boy and quote him like that. I think they obviously are trying to crucify him."

"They look for something sensational and wild to say. They will then take an immature kid and quote him."

'Look, stupid...' gains results in bill battle

DETROIT (UPI)—When patience and reason failed, Miles A. Hurwitz finally got action by sending off a letter to Michigan Blue Shield that began: "Look, Stupid."

The suburban Detroit lawyer was moved to name-calling after trying futilely to get the medical insurance firm to pay a doctor's bill for his year-old daughter, Samantha Lynn, since last October.

When the doctor submitted the bill, Blue Shield replied with a form letter stating that Samantha Lynn was not listed in its records and the bill would not be honored. Not so, retorted Hurwitz, who pointed out that

Blue Shield paid the bill for her birth on Nov. 29, 1969.

The bill was for only a small amount, but Hurwitz kept plugging, writing in late January that he planned to complain to the Michigan Insurance Bureau about "this stupid, incompetent practice."

He finally got an answer from Blue Shield: Yes, Samantha Lynn is covered in his policy and would he please resubmit the bill.

The bill was resubmitted and back came another form letter stating Samantha Lynn "is not listed on our records as being enrolled."

That's when Hurwitz fired off

his letter which began: "Look, Stupid." It was on his law firm's stationery and asked, "When is there order out of this chaos?"

The response was quick and conciliatory and Hurwitz planned to resubmit the bill once again.

A spokesman for the insurance firm said there had been a computer error and Hurwitz definitely will be paid.

"I'd pay it out of my own pocket just to get him off our backs," the spokesman said.

Hurwitz' conclusion: "I'm not really a radical guy. I hardly ever raise hell. But you've got to do these things."

Gem land board clears oil exploration lease

BOISE (UPI)—Idaho's State Land Board voted unanimously Tuesday to give Standard Oil Company of California a 10-year oil and gas exploration lease on 51,332.04 acres of state land for \$13,078.56 a year.

R.M. Rasmussen, acquisition supervisor, and John Anders, area landman, both of Oildale, Calif., told the board the areas in which they want to continue exploration is a "very high risk area."

But, as Rasmussen put it, "We're excited about it."

Anders agreed, adding "we have a promising lead."

Leases is located in Gem, Washington, Payette, Canyon, Ada and Owyhee counties.

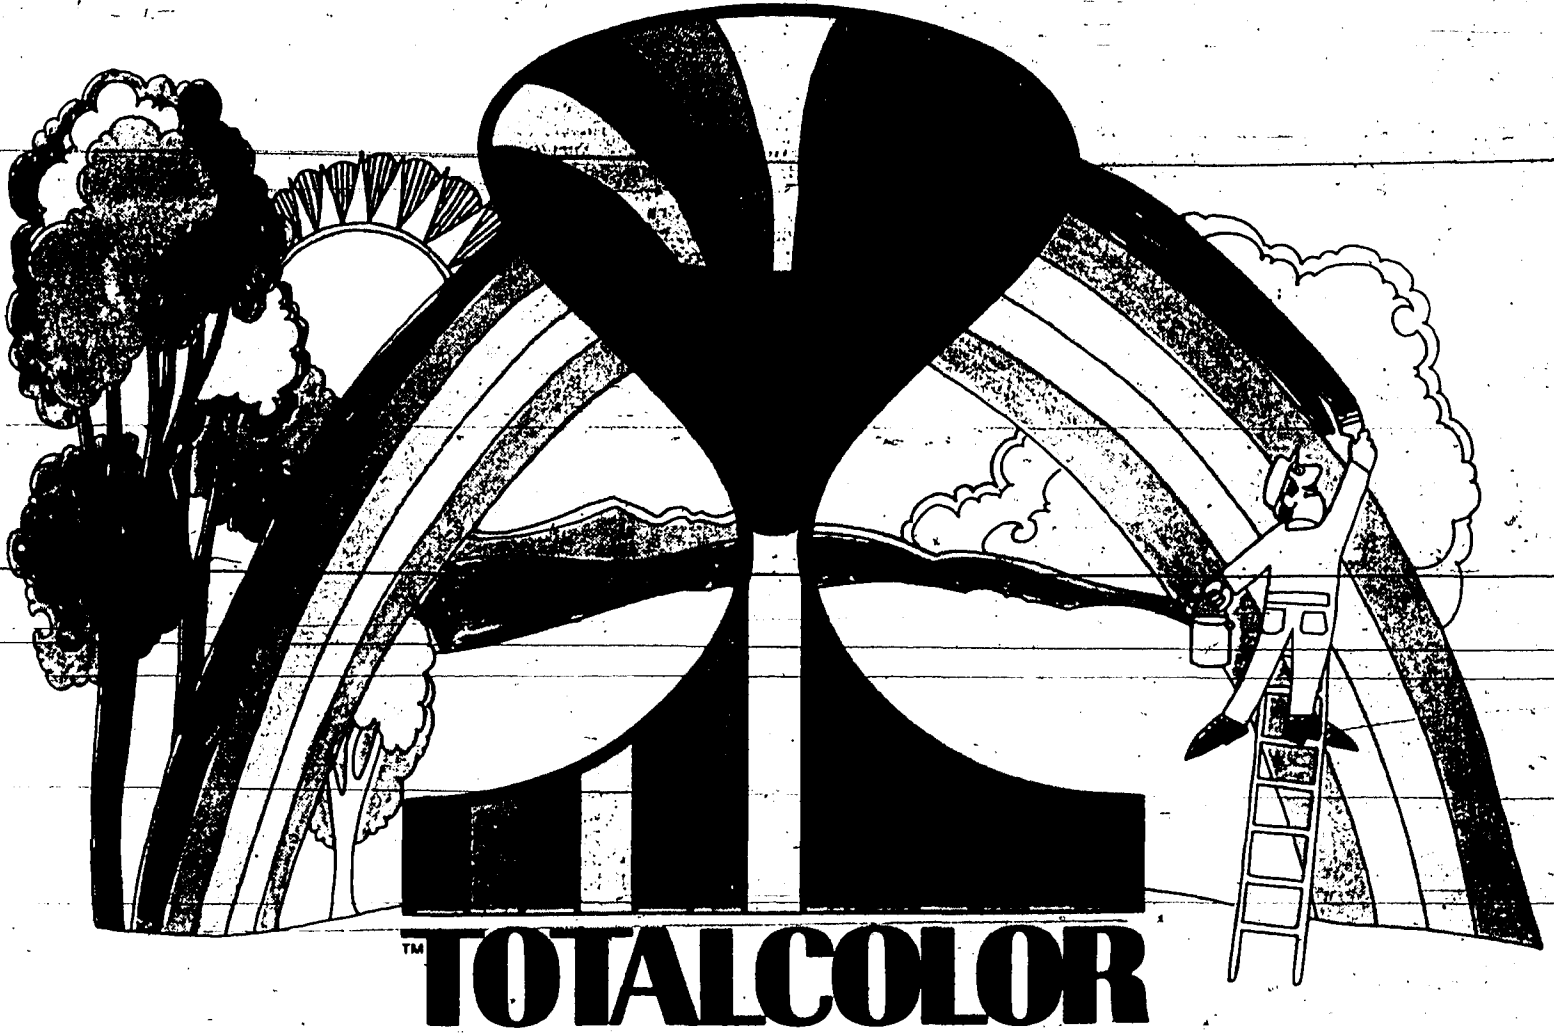

Land Commissioner Gordon Trombley told Gov. Cecil D. Andrus that, under existing state law, Standard's exploration crews are guaranteed entry onto all of the involved lands. However, he said they must post bond against any damages.

Rasmussen said the company already has done limited geological work in the area and is interested in leasing these lands along with 106,000 acres of federal land in the area. Hopeful, he said, Standard

will find something that will justify the drilling of an oil well.

State Auditor Joe R. Williams noted that the company will be paying 25 cents an acre for exploration rights. That, both he and Andrus said, is more than the state is getting for a lot of its grazing land.

Should the company discover oil and gas of production value they must pay the state 12½ per cent royalty on all production. Rasmussen and Anders said that is comparable to what they must pay the federal government in royalty.

An Exciting Selection of Paint Colors for Today

- Popular, Clean Clear Colors
- Gentle Off-Whites to Decorate it Quiet
- Wild, Wonderful Accent Colors
- Hundreds of Bold Deeptones

The color explosion you see all about you has happened in paint colors too! You're wanting different colors, for painting interiors and exteriors — and we have them, in "Totalcolor," a broad selection of more than 1,322 colors in latex and oil-based Colorizer paints. Come see the colors of tomorrow!

TWIN FALLS GLASS & PAINT
1863 Addison Ave. East Twin Falls, Idaho
And, at Bennett's Dealers and Stores Everywhere.

TWIN FALLS — County officials have expressed an interest in a request now before the Idaho Land Board by Idaho Power Co. for a power line and roadway easement in the vicinity of the Idaho State University's Fossil Horse Quarry in Hagerman Valley.

Ed Woods, county zoning administrator and secretary of the Twin Falls County Parks and Recreation Commission, said this is one of 32 sites the county has under consideration

for future park development. Members of the Idaho Land Commission have asked the commissioner, Gordon Trombley to invite a member of Idaho Power Co. to meet with the board for further discussion of the proposed easement.

The line and roadway would reportedly serve the new agricultural development on the plateau above Hagerman Valley, part of which is currently under cultivation in the Bell Rapids division.

Land board members indicated they favor the application but expressed a desire to locate it in an area where the least possible damage would be caused to present or future anthropological sites.

Woods said the county is interested in the easement request to make certain it does not create any potential loss of park values in the area and that it would work in with the long range county development plan.

Mishaps involve 2 boys

TWIN FALLS — Two Twin Falls youngsters were involved Tuesday in accidents with vehicles. One of the boys was uninjured and the other received only minor injuries.

Police said Michael D. Pualser, 6, was treated by a physician after he was struck by a car at 3:20 p.m. Tuesday in the 100 block of Elm Street North.

Officers said the boy was with a group of children walking on a sidewalk bordering Elm Street North. The child apparently was shoved by another of the children and went into the street from behind a pickup truck which was parked at the curb, police said. The child went into the path of a car driven by Florence Mae Fiscus, 26, Twin Falls, and was knocked to the pavement.

At 5:05 p.m. Tuesday Lonnie Luker, 9, was riding his bike across Filer Avenue when he and a car driven by Sadie Irene Howard, 74, collided. Police said the boy apparently darted across the street into the path of the vehicle.

BURLEY — The spectacular flow of water over Shoshone Falls observed by many persons over Easter weekend will continue through April, according to Glenn Simmons, Burley, Minidoka Bureau of Land Management Project superintendent.

Simmons said the American Falls Reservoir is filled to capacity and is passing the inflow of 20,000 cubic feet per second downstream through Lake Walcott and Milner Lake. The upstream reservoirs, Jackson Lake and Pallsades, are being drafted to make the needed flood control space, Simmons said. The discharge from Pallsades Dam continues to average 16,000 cubic feet per second.

Simmons said as the snow begins to melt in the high country watershed, the reservoirs will gradually begin to fill in early May and should be filled to capacity by early July.

The flood operation on the upper Snake River this year will control the largest volume of water since the completion of Pallsades in 1957, Simmons said, preventing a great amount of flood damage along the course of the Snake above

American Falls. The content of Jackson Lake as of Monday is 603,100 acre feet and the Pallsades Reservoir content is 359,700 acre-feet. There is 1,697,000 acre-feet in the American Falls Reservoir. On Monday there was 22,100 cubic feet per second in the Snake River near Minidoka, with 19,700 cfs flowing below Milner.

Simmons said diversion of water for irrigation will soon absorb some of the river flow and by the time the snowmelt begins in the high country, the diversions will be substantial.

Cycle rider uninjured

TWIN FALLS — No injuries were reported Tuesday after a motorcycle and car collided at Third Street South and Third Avenue South, Twin Falls Police report.

They said the east-bound cycle was operated by Paul Vernon Eastman, 39, Twin Falls, and the north-bound car was driven by Fred W. Hammons, 60, Burley.

Eastman was issued a citation for failure to yield the right of way after investigation of the accident at 5:25 p.m.

Recovery suit filed

TWIN FALLS — A complaint was filed in Fifth Judicial District Court here by Simplot Poultry Inc., against Bertie Poultry Farms, Inc., and Bertie Apple Valley Farms, Inc., seeking \$56,718.03.

The complaint by Simplot Poultry Inc., alleges the amount is owed that firm by the Bertie concern in Twin Falls for goods sold and delivered. In addition, Simplot asks interest and court costs.

Guidance unit sets election

TWIN FALLS — New officers of the Magic Valley Personnel and Guidance Association will be elected Thursday during a meeting at 2 p.m. in the College of Southern Idaho Commons building.

Nominations include Roger Abernathy and Gregg Otto for president-elect, and Mrs. Leone Anderson and Mrs. Ella Hilverda for secretary-treasurer. Nominations will also be accepted from the floor.

Royal C. Slotten, current president of the association, said only the two positions will be filled at this time. Larry Watson is currently president-elect and will succeed Slotten.

In addition to the election, members will hear a report from Helen H. Werner, Idaho Department of Education, program administrator concerning state funding for guidance programs.

Aging meet April 28

TWIN FALLS — A Community White House Conference on Aging has been scheduled for 2 p.m. April 28 at the Episcopal Church of the Ascension auditorium, Twin Falls.

At this meeting policy proposals, recommendations and positions, based on needs of the aging in this area, will be formalized before being submitted to the Idaho Office on Aging, Boise, by May 7.

Extends greetings

GREETINGS were extended by W. Charles Anderson, left, president, Greater Boise Chamber of Commerce, during a visit by representatives of that organization to Twin Falls Tuesday evening. Robert Harvey, right, president, Twin Falls Chamber of Commerce, responded to Anderson's greeting following a dinner at the Rogerson Round-up Room.

Boiseans visit Valley

TWIN FALLS — About 30 civic and business leaders from Twin Falls, Kimberly, and Filer met with a group of touring

representatives of the Greater Boise Chamber of Commerce for a "good will" dinner Tuesday evening.

Prior to the dinner at the Rogerson Round-up Room, the Boise delegation of about 30 men toured the Kellwood plant at the south edge of Twin Falls. Earlier in the day, visits were made to Hagerman, Gooding and other Magic Valley towns.

Today, the group was scheduled to visit Burley, Rupert, Jerome, and other areas.

Exchanging greetings following the dinner were W. Charles Anderson, president of the Boise chamber; Robert Harvey, president of the Twin Falls Chamber of Commerce; Glenn Lungren, of the Boise group, and Twin Falls Mayor Frank Feldtman.

Suit asks accident damages

TWIN FALLS — Suit for \$56,000 has been filed in Fifth District Court here by Cecelia Matthews, Patricia Eileen Matthews and Arnold Eugene Matthews as a result of a June 15, 1970, traffic accident.

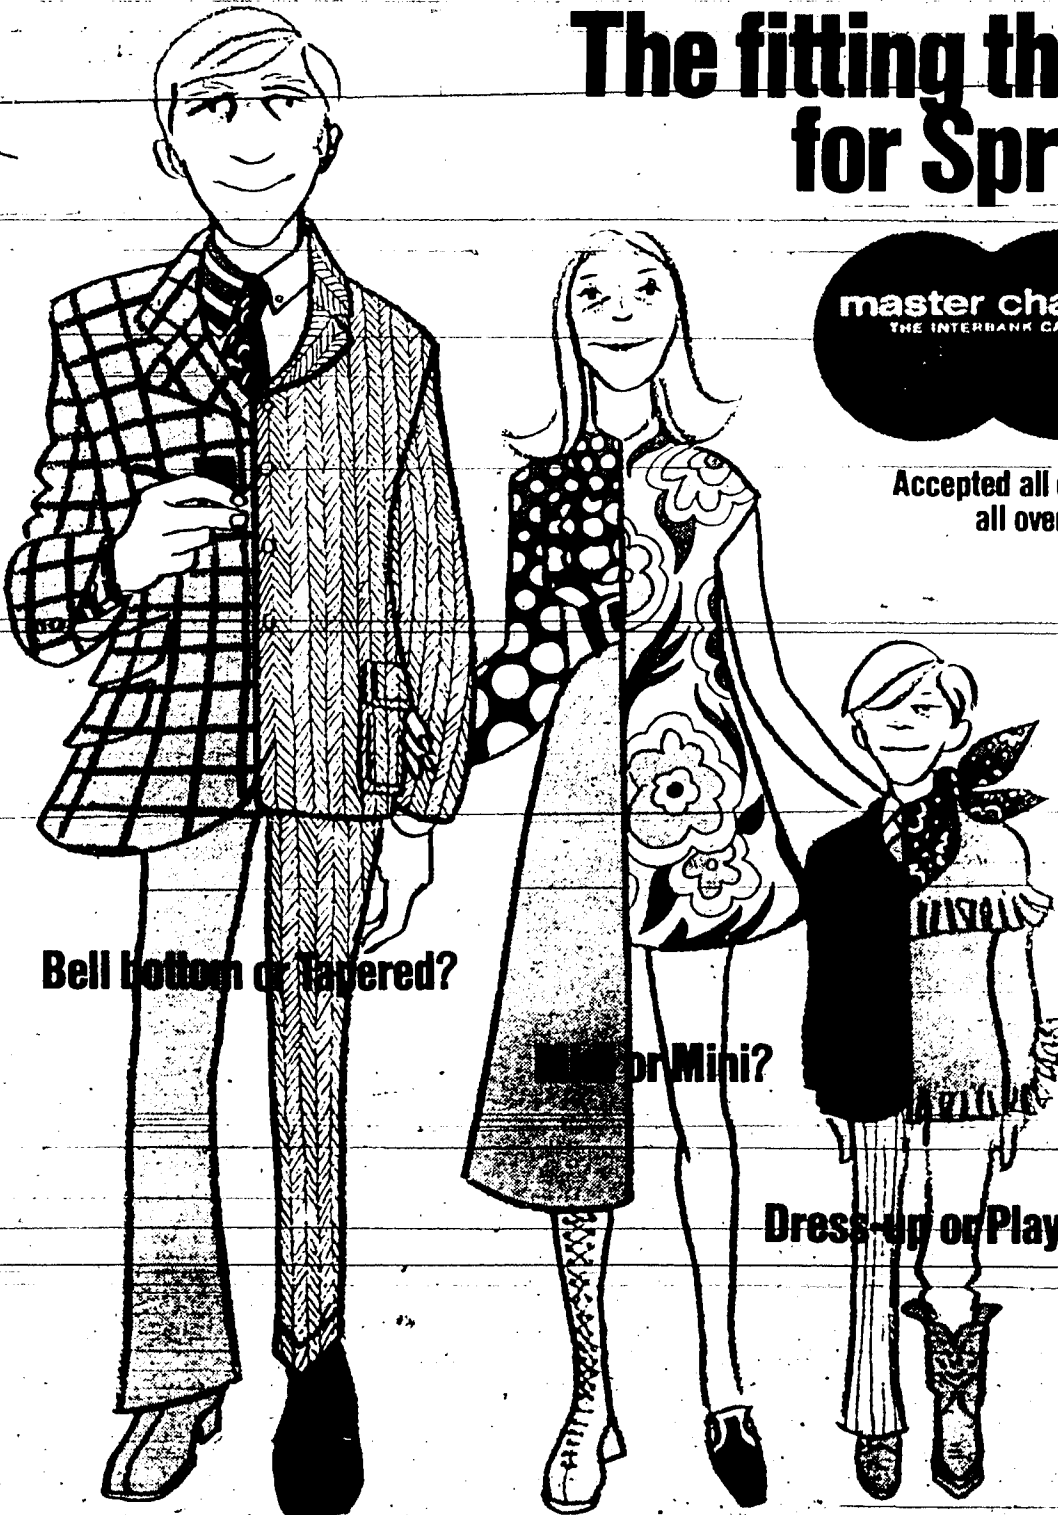

The suit was filed against Paul Genn, Twin Falls, alleging he was negligent in an accident in which his vehicle struck and injured Patricia Eileen Matthews, a 13-year-old minor.

Her parents seek \$1,000 medical expenses incurred by Cecelia Matthews; \$5,000 general medical costs; \$50,000 general damages.

Bartlett sets trip

TWIN FALLS — Chet Bartlett, pre-vocational coordinator of the Regional Child Development Center in Twin Falls, will be at the Idaho State School and Hospital in Nampa Friday for conferences with several referrals from Magic Valley.

Parents who might wish to send small items with Bartlett for delivery to their children should deliver them to the Child Development Center office on Harrison Street by noon Thursday.

Wind whips West Texas dust

LUBBOCK, Tex. (UPI)—Winnie Redin, 70, walked outside to get her morning newspapers and the 45-mile per hour winds blew her off the front porch. She fractured her hip.

The winds, which reached 60 miles per hour by noon Tuesday, caved in a corner of the Heath Furniture Co. warehouse. The warehouse was rebuilt in January after being destroyed May 11 by a tornado.

In Amarillo, the winds filled the air with dust so thick

pedestrians could not see across the street. Blinded motorists on the city's Interstate highway plowed into each other, causing a 21-car accident.

The blowing dust and sand jammed the traffic lights in Lubbock.

Dean Nichols, the tip of his baseball cap pulled down over his forehead to protect him from the blowing dust, walked around his 10-room Orick farmhouse and said he was plowing up the grass in the

backyard and replacing it with rocks and gravel. Water is scarce in drought-crippled West Texas and grass needs water.

"If I had an airplane today, I could go up about 1,000 feet and homestead one of the best farms in Lubbock County," Nichols said. "On real bad days like today, crops lose up to one inch of topsoil and it takes seven years to replace that one inch."

The dust and dirt filled the air when West Texas awakened

Tuesday morning. It reached its peak by noon and then slackened. By 5 p.m. the skies were spotless.

The southwest United States desperately needs rain to avoid

a disaster not seen in this area since the Dust Bowl days in the 1930s. Parts of Texas, Oklahoma, New Mexico and Colorado have had no rain to speak of in seven months.

Spring's fling

WARMER WEATHER in northern Michigan is turning 258 inches of snow received this past winter into water. Here, the Sturgeon River overflows its banks near Houghton, Mich., stranding many farm families. Flooding so far is localized. (UPI)

Slayer dies

CHELMSFORD, England (UPI)—Mrs. Audrey Goodchild gave her daughter's killer one last hug and nodded to the man standing next to her.

Within moments, Blackie, a 2-year-old part German Shepherd and Labrador, died quietly from an injection.

"It was like a baby dying. I just felt lost," said Mrs. Goodchild following the execution Tuesday night at a police kennel.

She and her husband, Winton, 35, took the dog's body to the garden of their bungalow home and buried it.

Hours earlier a Magistrate's Court ruled Blackie had to be destroyed for killing 19-month-old Sarah Jane Goodchild two weeks ago. The magistrate made the ruling on the grounds Blackie could kill again.

The Goodchilds at first said they would appeal the ruling, but, after consulting their

lawyer, decided the fight to save the dog was hopeless.

"The legal costs would have been exorbitant and we have 99 per cent of the people against us," Mrs. Goodchild said. "You cannot fight the whole country, but in my own mind that dog is innocent."

Mrs. Goodchild, who had taken in the dog only three weeks before it killed her daughter, said "the only crime he is guilty of is loving us. It is the first time in his life he has found love."

Dr. Jack Lacey, a pathologist, said the dog had mauled and played with the child rather than savaged her. "Possibly like a large dog might play with a rag doll," he said.

Mrs. Goodchild said she had allowed Blackie to play with her other child, Carolyn, 4, after Sarah Jane's death.

Muskie picked top challenger

WASHINGTON (UPI)—A poll of newspaper editors today portrayed Sen. Edmund S. Muskie as President Nixon's strongest potential challenger in 1972 and as the Democrat most likely to win his party's presidential nomination.

After Muskie, who outdistanced all rivals by a 5-to-1 margin, the editors saw Sens. Hubert H. Humphrey of Minnesota and dark horse Henry M. Jackson of Washington as the "strongest" potential Democratic nominees.

But none saw Jackson as the likely winner at the Democratic national convention and none mentioned Sen. George S. McGovern of South Dakota, the only declared candidate for the nomination, as either a strong rival to Nixon or as a likely nominee.

UPI sampled at random the opinions of 50 of the 500 members of the American Society of Newspaper Editors meeting for three days of shop talk and to hear speeches on world and national issues.

Many saw Nixon's fate hinging far more on economic issues than on what happens in Indochina between now and Nov. 7, 1972. Most of the editors thought the United States still will be involved in Vietnam, at least in the air war, by next summer.

Rate tags delayed

WASHINGTON (UPI)—The federal trade commission has postponed from June 28 to Sept. 1 the date by which service stations will have to post on their pumps the octane ratings of the gasoline they are selling.

Such ratings will be designed to help the motorist better understand the relative power of the gases offered. The agency said the delay was being granted so the oil companies can figure out a method for determining the octane content.

Subsidy studied

CHEYENNE, Wyo. (UPI)—Gov. Stanley Hathaway revealed Tuesday the state is investigating the possibility of paying some of Union Pacific's losses to continue passenger train service to Wyoming.

But he said he feared it would be too expensive to realistically consider.

"I have asked the Union Pacific what it would cost Wyoming if we picked up part of the

loss if the UP continues service," Hathaway said at a news conference. "Frankly, I am afraid the costs would be prohibitive but we are looking into it."

The governor said he had a "feeling something may happen" to reinstate Wyoming's rail passenger service, now slated to end May 1 when Ralpax goes into operation, but added, "It's nothing we can sink our teeth into."

Noting that some have suggested Wyoming might be able to force the UP to continue rail service on the basis of its huge land grants in Wyoming, Hathaway said that angle had also been checked—and found lacking.

"We can't find a legal peg to hang our hat on in this concept," he said. The governor said there had been so many changes in legislation since the original land grants were given the UP to build the railroad that it apparently was no answer to the problem.

"There are a lot of things happening," Hathaway said. "I understand the Western Pacific is not going to join Ralpax and it was to provide service from Salt Lake City to the West Coast."

"The Denver and Rio Grande doesn't want Ralpax because operating passenger service on their single line would impede their freight movement, and we have been offered assistance by the Colorado Rail Passenger Association, which lobbied extensively for the scenic Western Colorado route to our detriment."

Stadium job bids received

MOSCOW (UPI)—Vern W. Johnson and Sons, Spokane, was apparent low bidder Tuesday at \$2,010,000 to construct an outdoor football stadium at the University of Idaho here.

There were a total of four bids received. Included were H. Halvorson, Inc., Spokane, at \$2,127,000; Max J. Kuneey, Spokane, \$2,430,000 and Skyline Construction Co., Salt Lake City, at \$2,344,000.

Subcontractors for the project will be Powell Plumbing and Heating, Moscow, Idaho, and Power City Electric, Spokane.

The new football facility will be built in three phases on the site of the present Neale Stadium. Work has already gotten underway on driving pile, which will support the stadium's foundation.

Upon completion, the stadium will seat 18,000 fans. The Vandals' first game here will be Sept. 11 against Boise State.

F14 cost increase checked

WASHINGTON (UPI)—A team of government auditors has started an investigation at the request of the Senate Armed Services Committee into a projected multi-million dollar increase in the cost of the Navy's new F14 fighter plane.

Chairman John C. Stennis, D-Miss., announced Tuesday that the General Accounting Office (GAO) began an "independent review and analysis" Monday at the Grumman Corp., prime contractor for the plane.

A team of navy auditors was already at Bethpage, N.Y., studying the financial problems of the plane that will take the place of the F111B, itself scrapped when it encountered both fiscal and performance troubles.

Warhead test try attacked

WASHINGTON (UPI)—Sen. Mike Gravel, D-Alaska, prompted by reports it will be the largest U.S. underground nuclear blast ever detonated, renewed his opposition Tuesday to plans to test a powerful ABM warhead on the Aleutian Island of Amchitka.

He particularly expressed fears that the big blast could trigger widespread earthquakes since the island, halfway between Alaska and the Siberian coast, is in a quake-prone region.

In an interview, he argued that the test to develop a warhead for the Spartan interceptor in America's anti-ballistic missile (ABM) system may be unnecessary.

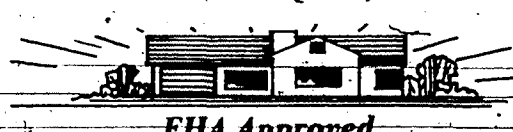

Future debates over the ABM in the Senate will bring out "the logic ... that the Spartan may be obsolete in two years," he said. "Since testing on Amchitka is for the Spartan, the whole thing doesn't make much sense."

Gravel renewed his opposition to the Amchitka test plans after the Washington Post reported in a front-page story Tuesday the blast, set for early October, would equal five million tons of TNT.

Dust, noise to be abated

TWIN FALLS — Officials of the College of Southern Idaho and Idaho National Guard are working toward a solution to a dust and traffic problem bringing protests from residents of the Green Acres Subdivision, City Manager Jean Milar said Tuesday.

He said a short roadway between Green Acres Drive and college-owned property on which Frontier Field is located serves as a second access to the field. It is apparently being used by National Guard equipment as a shorter and more direct route to U. S. 93 or Blue Lakes Boulevard.

Residents in the subdivision have complained about dust and noise traffic from the heavy military trucks. Milar said the matter has been discussed with the college and college officials have agreed to request the guard unit use the Falls Avenue exit and entrance for all heavy vehicles.

Milar said the city jurisdic-

tion ends at the end of Evergreen Drive and a temporary oil treatment has been given the city street to cut down dust.

If property owners along the drive wish to install curb and gutter the city will pave the street at the usual low fee of \$1 per foot for property owners.

Milar said apparently the dust problem is coming from the short section of college roadway west of Evergreen Drive on property owned by the college. He said the college and Frontier Riding Club are most eager to keep the extra entrance and exit open for use in the event of shows attracting large crowds to the field.

In the future, plans call for a main access to college property from Blue Lakes Boulevard north of Evergreen Drive and in the vicinity of the Bill Workman property. This is pending further development of the college property to the north, Milar said.

Suspect arraigned

BURLEY — A plea of innocent was entered Monday afternoon by Richard A. Barron, 26, Lampasas, Tex., to a charge of assault with a deadly weapon. Barron was arraigned before Fifth District

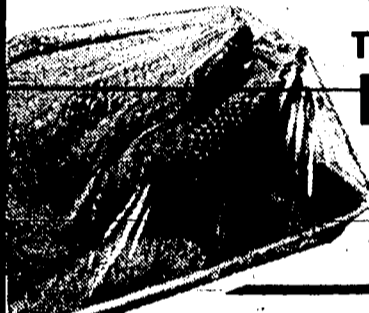

Judge Sherman Bellwood. He was bound over to district court following a preliminary hearing in Magistrate Court before Judge Gleason Anderson. His trial date has not been set.

John Loder will attend national DECA conference

TWIN FALLS — Sheldon Affeld, distributive education instructor at Twin Falls High School, will accompany John Loder of Twin Falls to San Antonio, Tex., this week to attend the national DECA conference.

16th annual birthday fete held in T.F.

TWIN FALLS — The 16th annual birthday dinner for World War I Barracks No. 509 was observed Monday at the Odd Fellows Temple by barracks and auxiliary members.

The birthday cake was baked and served by Mary Stearns, assisted by Elenora Sept, president, and Ruby Gaskill. Emma Stone was honored for her 80th birthday and presented a crown. Members voted to have meetings at 1 p.m. during May and June, with a potluck dinner with the buddies.

Expand counter space in the kitchen the temporary way. Pull out a drawer and put a cookie sheet on it.

DEAR ABBY: Enclosed is a clipping from your column as it appeared in the New Orleans States Item: "CONFIDENTIAL TO AT WITS' END: It seems inconceivable to me that a registered nurse would be 'ashamed' to take her child to a doctor with recurring pinworms. Quit treating the boy with over-the-counter drugs and get that child to a doctor!"

DEAR MR. SPERIER: I goofed and there is no worming my way out of it! Of the hundreds of editors and proofreaders who saw that item, few caught the error before it went to press, and you are the only editor to have called it to my attention afterward. Only two readers, Mrs. J. L. Harris of Portland, Ore., and Art Moyer of Albany, Ore., wrote to remark on it. Mea culpa.

DEAR ABBY: Can you please settle an argument between me and my husband? Our supervisor at the office tells us that it is rude to ask anyone who has been ill what was wrong with him. She says if the person volunteers the information, fine, but it is in poor taste to inquire. I say it's all right to ask because it shows you are really interested, and if they don't want to answer, they don't have to.

DEAR WILLING: I vote with your husbands. My husband says the supervisor is right, and she is probably the supervisor and I am working for her because she knows what to say and what not to say. I'd like your opinion.

DEAR ABBY: You advised "Best Friend" to tell her girl friend that cross eyes can be corrected by surgery. You even suggested that the cross-eyed girl may not be "aware" of how she looks.

DEAR ABBY: Please, keep on telling young girls to never give in to a guy no matter what he says or how hard he begs. A guy who really loves a girl will never leave her, regardless.

DEAR ABBY: I talked a girl out of her virginity. I am ashamed to say that she was only 14. [I was 18.] I caused her a lot of trouble, and now she won't even speak to me. But that's my fault, not hers.

DEAR AWARE: A thousand apologies. Others wrote to tell me that not all crossed eyes can be corrected with surgery. Please forgive me.

DEAR ABBY: What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 6770, Los Angeles, Cal. 90060. For a personal reply enclose stamped, addressed envelope.

DEAR ABBY: I used to be handicapped. But I'm not anymore, simply because I refuse to allow my defect to be the most important thing in my life. I do the best I can with what I have. My husband thinks I'm beautiful. And because he does, I am.

Clean-Up will attend Boise meet

TWIN FALLS — A group of volunteers from O'Leary Junior High School will proceed to clean-up the streets in Twin Falls Thursday after school.

According to Teresa Legacy, ninth grade, "We all know the ugliness litter brings to our streets. But the majority of us just sit around and complain, both young and old alike. We at O'Leary are going to try to do something about it."

A committee has been formed and will tackle the job Thursday. Teresa urges all members of the community to willingly participate, as she said "Because you care."

Library representatives will attend Boise meet

TWIN FALLS — Representatives of the Twin Falls Public Library will attend the Idaho Library Association's annual conference in Boise April 18 to 24.

The conference, at the Rodeway Inn, has chosen as its theme "71 - What Has Been Done? 72 - Depends on You."

An impressive lineup of speakers includes Dr. Morris Massey, dean of the School of Business and professor of marketing at the University of Colorado; Dr. Lawrence Allen, dean of the College of Library Science at the University of Kentucky; Jerome Cushman,

lecturer in children's literature, School of Library Science; UCLA; Marion A. Milczewski, director of libraries, University of Washington; and vice president and president-elect of the Pacific Northwest Library Association; Mrs. Jan Knappe, young adult coordinator, King County Library System, Seattle, Wash., and Mrs. Lura Currier, director of the Pacific Northwest Bibliographic Center, Seattle.

A number of exhibitors will demonstrate library materials during the conference. Workshops are scheduled for all ILA members and others of the general public who are welcome to attend.

Officers named

TWIN FALLS — New officers for the Unciatim TOPS Club include Mrs. Jan Wells, leader; Mrs. Ellis Fuller, co-leader; and Marvin Taylor, secretary-treasurer.

Mrs. Eldred Taylor has been appointed weight recorder. Mrs. Ellis Fuller was crowned monthly queen for the greatest weight loss and Mrs. Glenn Davis queen of the two-month period. It was announced today by the officers. Mrs. Maurice Fuller received a prize as the weekly winner during the last meeting.

Posters were made and exchanged. Meetings for the remainder of April will be held at the Ellis Fuller home.

Robert King will be guest speaker at the April 15 meeting, speaking on "Poisons in the Home." Anyone wanting to join the group can obtain further information concerning activities from Mrs. Wells, 734-3385, or Mrs. Fuller, 733-1007.

When cutting the leather of fur, use a sharp knife or razor blade and not scissors.

Scout-O-Rama set Saturday at Minico

RUPERT — Minidoka District Scouts will hold their annual Scout-O-Rama at 7 p.m. Saturday at Minico High School gymnasium. The public is invited.

This year the Scout-O-Rama will be different from the usual run of booths where skills are demonstrated, says Rodney Anderson, district Scout director.

The theme is "The Mad Scientist Creating the Perfect Man." The story is depicted as the scientist is working on the computer that spits fire and smoke to create the perfect man. Scouts visit with the scientist and tell him of the ways of building a man through scouting.

Tickets are on sale from all cubs, scouts and explorers and this is the only time during the year a scout can sell tickets in uniform, according to Anderson.

In Minidoka County there are about 300 cubs, 400 scouts and 200 explorers and about 95 percent of the boys will participate in the Scout-O-Rama.

To keep a bottle of olive oil from turning rancid, put in a lump or two of sugar when you first open bottle.

Beauty hint

HOLLYWOOD, Calif. — If you are one of the many women whose skin is dry in some areas and oily in others, beauty authority Max Factor suggests a special program of complexion care for each of your "two different faces."

Usually in such cases, the places where you can see pores between the eyes, along the sides of the nose, on top of the nose and at the center of the chin — are oily, while the cheek and eye areas are dry. Before applying your make-up foundation, use astringent on the oily sections and a rich, moisturizing lotion on the dry parts to prepare them for a more perfect make-up application. Apply a light fluid makeup foundation and then blot up any excess oiliness.

If you want to bake just a few muffins—put some water in the unused cups and pan will not warp out of shape from oven heat.

Valley Briefs

MALTA — New members initiated into the Malta Lions Club include Gail Wight, Woodrow Justice and Nick Thompson. The initiation was part of the recent Ladies Night activities. It was announced today.

FILER — The Lucky 12 Club will meet at 2 p.m., April 28 at the home of Mrs. Nellie Evans, Twin Falls.

TWIN FALLS — Magic Valley Area Radiological Technologists' April meeting is set at 8 p.m. Thursday at Magic Valley Memorial Hospital. Dr. Michael Phillips, orthopedic surgeon, will speak on "Problems Involving Radiology and Orthopedics." Any interested technologist in the area is urged to attend.

TWIN FALLS — Emanon Club members will meet for a breakfast and business meeting Friday at the home of Mrs. J.H. Sharp, club president. Breakfast will be served between 9 and 9:45 a.m., followed by a brief business meeting.

TWIN FALLS — Country Pals Extension Club will meet with Mrs. J.H. Sharp at 2 p.m. Thursday.

How's that?

VANCOUVER, B.C. (UPI) — A television station in the Vancouver area seemed to be trying to make a point when it sent out a schedule listing which read: Off the air. We have signed off. The late show no longer exists. Go to bed."

Magic Valley Favorites

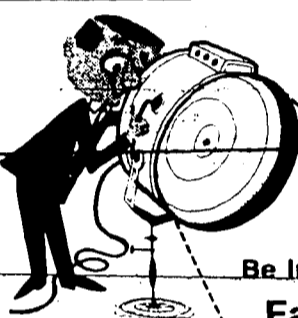

MARY V. DARRINGTON
337 Blue Lakes Blvd., Twin Falls

DOUBLE CORN FINGERS
1/2 cup margarine or butter
1 1/4 cups biscuit mix
1 cup corn muffin mix
1 can cream style corn, 3 1/2-ounce size
In a 13 by 9 by 2-inch pan, melt the one-half cup margarine or butter. Pour off one-fourth and reserve. Put the biscuit mix, corn muffin mix and cream style corn in a mixing bowl. Mix until ingredients are all wet. Using some biscuit mix on a pastry sheet, pat out mixture to form a three-inch wide and one-half-inch thick rectangular

shape. Cut in three four-inch strips. Arrange close together in pan. Brush strips with remaining margarine. Bake for 20 minutes at 375 degrees or until well browned. Break apart and serve hot. Yields about 24 sticks.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

WENDELL — Gall-Robertson, daughter of Mr. and Mrs. Walter Robertson, Wendell, and Gary Decoteau, son of Mr. and Mrs. Ernest Decoteau, Seattle, were united in marriage in an evening ceremony April 3 at the United Methodist Church, Wendell. Rev. Woodrow Harris performed the double ring ceremony.

The altar was enhanced with two candelabra, each holding seven white candles, draped with pink ribbon; and white baskets of pink gladioli. Palm branches in the altar vases in the background depicted Palm Sunday.

The bride, given in marriage by her father, wore a floor-length gown of white crepe which featured full puffed sleeves, gathered to side cuffs which closed with covered buttons, and a Peter Pan collar trimmed with white lace.

The bride's dress was made by Mrs. Addie White, Glenns Ferry.

Her veil was elbow-length net held in place with a white tiara. She carried a bouquet on her white Job's Daughters Bible. The bouquet was tied with blue ribbon which matched a blue and gold necklace and matching earrings, a gift from the bridegroom. The necklace was a gift from the bride's grandmother.

Carol Robertson, sister of the bride, served as maid of honor. Dennis Decoteau, Seattle, brother of the bridegroom, was best man. Usher was Mike Lonquist, Kent, Wash., brother-in-law of the bridegroom.

Miss Robertson was soloist, accompanied by Mrs. Faeth Eaton, organist.

Carolyn Mills, Pocatello, registered the guests. Gifts were arranged Alene Brandt, Seattle. The Together Club of the United Methodist Church was in charge of the reception arrangements.

The bride's table was covered with an Irish linen cloth and centered with a four-tiered white wedding cake on a round mirror. The tiers were decorated with white swans and enhanced with pink roses and pink bells. It was topped with white satin bells and net.

Other table decorations were silver candelholders and white candles, a crystal punch bowl and a silver coffee service. The wedding cake was baked and decorated by Mrs. Myrtle Conklin, Hagerman.

Mrs. Ruby Parsons, Wendell, cut and served the cake, and Mrs. Ruth Wahler and Mrs. Thelma Webb, both Wendell,

MR. AND MRS. GARY DECOTEAU (Davis photo)

served the coffee and punch. After a wedding trip, the couple will return to Seattle, where they are both employed.

Out-of-town guests attended from Buffalo, Kan.; Bismarck, N.D.; Seattle and Kent, Wash.; Idaho Falls, Glenns Ferry,

Mountain Home, Pocatello, Twin Falls, Gobding, Jerome, and Wendell.

A pre-nuptial shower was given for the bride by Mrs. Ernest Decoteau in Seattle. Rehearsal dinner was held at the Wood Cafe, Jerome.

Annual meet slated for Canning Kitchen

TWIN FALLS — All Twin Falls County residents interested in using facilities of the Twin Falls Canning Kitchen for home canning are urged to attend the annual meeting of the community facility April 19 at 8 p.m., Mrs. J. H. Sharp announced today.

Mrs. Sharp, manager of the kitchen, said the meeting is open to all interested persons. It will be held in the Idaho Power Co. Auditorium.

Three directors will be elected for two-year terms. Those whose terms expire are Dick Wise, Mrs. Don Hine and Paul Neumann. Plans for the coming canning season will be discussed and problems of the kitchen operation discussed.

Mrs. Sharp said increase in the cost of cans purchased by the kitchen for users will be one of the topics of discussion again this year.

She said the kitchen had a successful operation last season

despite the fact there was almost no fruit available in this area for home canning. Instead users of the kitchen concentrated on chili, vegetables and meats, she said.

There were 72,000 cans of food items processed in the kitchen last season, Mrs. Sharp said, and 509 individuals who registered to use the facilities. It operated a total of 27 work days, she said.

Mrs. Sharp, who has managed the kitchen the past nine years, said one of the major advantages kitchen users enjoyed last year and will have again this season is the new automatic sealer for the cans. This has been completely paid for through generous donations of community organizations and residents, she said and offers a great time saving to kitchen users as well as providing safer working conditions for kitchen users.

Secretaries Week begins April 18

TWIN FALLS — Frank H. Feldtman, mayor of Twin Falls, has officially proclaimed the week of April 18 as Secretaries Week, with Wednesday, April 21, designated as Secretaries Day.

Mrs. Joy Manker, chapter president, said, "Although NSA officially sponsors Secretaries Week, observance is not limited to our members alone, but to all secretaries everywhere who are an indispensable and integral

part of management's administrative team in business, industry, education, the professions and government." Special attention during Secretaries Week will be focused upon the Certified Professional Secretary Program which provides certification to secretaries completing the examination successfully. At present there are approximately 5,000 CPSs including eight men. The Twin-Ida Chapter has one CPS, Mrs. Janice Stover.

Appointments

CALDWELL — Several Magic Valley students at the College of Idaho, Caldwell, have been named to resident assistant posts in the college dormitories for the 1971-72 academic year.

They include James Youtz, son of Mr. and Mrs. Donald Youtz, Twin Falls, resident assistant at Hayman Hall; Susan Billington, daughter of Mr. and Mrs. Albert Billington, Twin Falls, Simplot Hall; Mel Wiseman, son of Mr. and Mrs. W.D. Wiseman, Hansen, Anderson Hall, and Susan Fleenor, daughter of Mr. and Mrs. Harmon L. Fleenor, Twin Falls, Alpha House.

Among the events to be sponsored by the local NSA Chapter during Secretaries Week, under the chairmanship of Mrs. Marjorie L. Kroush, include a luncheon to be held on Tuesday, April 20, at Noon at the Turf Club. A special invitation is extended to all bosses and their secretaries to attend this luncheon. Holly Houtburg will be master of ceremonies. During the luncheon, members will present their annual scholarship award to a CSI student.

Anyone interested in attending this luncheon can obtain tickets from Mrs. Louise Bush, 733-3974, or Mrs. Kroush, 733-0236.

Speaker scheduled for Altrusa Founder's Day

TWIN FALLS — O.A. (Gus) Kelker, Times-News executive editor, will be featured speaker at the Twin Falls Altrusa Club's Founder's Day banquet, it was announced at the unit's Tuesday meeting at the home of Mrs. Jane Petersen.

The banquet is set for 7 p.m. April 22 at the Turf Club, with Norma Herzinger, Times-News

woman's editor, as toast-mistress. During the banquet, club members will give honor to their nine "Girls of the Month," Girls - State delegate and scholarship recipient. Parents of all the girls have been invited as guests.

The honorees, under the direction of Mrs. Miriam Depew, vocational service chairman, will present a program.

The first Altrusa Club was organized in Nashville, Tennessee, in April, 1917, and

became international in June, 1935. Altrusa boasts a membership of 17,448, with 547 clubs. Officers serving the local group include Marie Sanders, president; Ola Cannon, first vice president; Jan Reynolds, second vice president; Carolyn Pence, recording secretary; Adele Stoddard, corresponding secretary; and Tine Hill, treasurer. Members of the board of directors include Virginia Bancroft, Jane Petersen, Norma Herzinger, Fay McGuire and Mary Helen Perry.

Mrs. Golay named loser

HANSEN — Mrs. George Golay was best loser of the week and also received a gift for being a 10-pound loser at the Slim and Trim TOPS Club meeting Monday night at the home of Mrs. Thomas Steelsmith.

It was reported Mrs. Fred Howard has audited the books. Mrs. Reed Lyons, Kimbeely, was a guest.

In the "multiplying rabbit" contest, Mrs. Marjorie Lake and Mrs. V.L. Wilson, were first place winners. Mrs. Ralph Simmons second.

Maizie Kimmert named leader

FILER — Maizie Kimmert is the new leader of the Slim Gums TOPS Club, it was announced today, with other new officers listed as Reva Simmons, secretary; Donna Simmons, treasurer; Grace Baker, weight recorder; Vivian Berquin; photograph and scrapbook chairman, and Jerry Johnston, co-chairman, and Belva Dexter, scale keeper.

Committee chairmen include Ellen Blackwood, Sylvester

Huddleston and Annette Johnson, pick chairmen; Utanah Smith, cards and flowers; Gladys Huddleston, Ruth Sackett and Neva Shetter, entertainment, and Eva Peterson, Lois Neilson, Violet Doby and Esther Thornton, penance.

Anyone interested in joining the club can attend any of the meetings which are held at 7 p.m. every Thursday in the west room of the telephone office.

USE NATURAL GAS

The flowers and trees will love you

When a natural gas flame burns, only water vapor and carbon dioxide go up the chimney. Plants love carbon dioxide; they use it like you use oxygen. You are doing our environment a favor when natural gas is the energy servant in your home. And you'll make your family very comfortable in the bargain.

Idaho Valley Weather Report National Temperatures

Market Review

NEW YORK (UPI)—Prices were firm in active trading on the New York Stock Exchange Wednesday.

After a little more than three hours the Dow Jones industrial average showed a gain of 4.42 at 931.70, while advances topped declines, 677 to 612.

Volume at 1 p.m. amounted to 12,000,000 shares, down from 15,150,000 shares traded in the comparable period Tuesday.

The market's better tone was attributed to a variety of factors. Included was its ability to hold firm in the face of early profit taking, a growing belief among investors that President Nixon will make good his promise to get the economy moving again, and signs of an easing of tensions between the United States and Communist China.

Premier Chou En-Lai told a visiting American table tennis team their trip to Communist China means "a new page" in relations with the United States.

The meeting with Chou was the first such audience granted Americans since the Peoples Republic of China was established 22 years ago.

In addition, Nixon announced a program easing travel and trade restrictions with Communist China.

Asked whether these moves would lead to diplomatic recognition of Red China, White House Press Secretary Ronald L. Ziegler said: "this does not relate to the United Nations—that is a long way down the road."

Among the day's most active issues were Pan American World Airways up 1/2 on 217,400 shares, Pacific Petroleum up 1/2 on 165,300 shares, and Raytheon down 1/2 on 157,400 shares.

Public hearings set for Sawtooth wilderness area

Public hearings to test public sentiment on establishing a national wilderness area in the Sawtooths will be held May 3 and 4 at two Idaho sites, members of the Southern Idaho Fish and Game Association were told Tuesday night.

Holt compared the wilderness designation to national recreation area and national park classifications. He said wilderness and primitive classifications are similar in operation with the exception that wilderness area has the stamp of Congress, meaning changing the designation is much more difficult. Primitive areas are designated under Forest Service rules and aren't as stable.

Holt said the forest service and two federal geology services have surveyed the area for the past year and come up with different boundary lines than currently are used for the primitive area.

Added to the area, however, would be Bench Lake Basin (140 acres), McGowan and Trail Lake basins (2,095 acres), Baron Creek (1,138 acres), McGowan Peak and Alpine trail (2,756 acres), Grand Mogul and Huckleberry Creek (6,028 acres), and McDonald Peak (1,745 acres).

McCovey shelved temporarily because of injured left knee

SAN FRANCISCO (UPI)—Willie McCovey, one of the most feared batters in the National League, was ordered to the bench Tuesday night for at least a couple of days to give his injured left knee a chance to heal.

Saller instructed McCovey to take whirlpool treatments and remain out of uniform for the Giants' games Wednesday and Thursday against Houston. McCovey hurt the knee last Sunday while swinging the bat against Bob Gibson of the St. Louis Cardinals.

measured by a peak at the statistics. He has blasted at least 31 homers in seven of the last eight seasons, belting 39 last year and chipping in 126 runs batted in.

Jerome cops girls track meet

GOODING — Jerome picked up six first places Tuesday afternoon and showed depth in almost all events to defeat Gooding and Filer in a girls triangular track meet.

The annual spring best ball tournament for the Blue Lakes Country Club men will begin this week, announces Professional Dave Killen.

Pahsimeroi spawning begins

ELLIS — Another 82 steelhead spawners — 42 of them females — swelled the 1971 catch at the Idaho Fish and Game department operated Pahsimeroi Weir to 378, reports C.R. "Bob" Quidor, superintendent of the Niagara steelhead hatchery.

SPORTS

Hylton will quit racing if NASCAR doesn't change rule

SPARTANBURG, S.C. (UPI) — Stock car driver James Hylton said Tuesday that he plans to sell his equipment and get out of racing unless NASCAR changes its rules regarding carburetor plates.

Mercury and 1969 Ford Torino. But he said the engines are not competitive with 427 cubic-inch engines run by most of the other drivers since NASCAR modified its rules to allow larger carburetor plates on the 427's.

are "unfair and unjust." "If they (NASCAR) force me to run 427's to be competitive," Hylton said in a telephone interview, "I will have to get out of racing because I can't afford the money it would cost to convert the engines."

American loop gate sets mark

BOSTON (UPI) — The 12 American League baseball teams drew a record of more than 426,000 fans to their respective home openers and included four opening day attendance records by individual clubs.

Minnesota takes edge on Blues

ST. LOUIS (UPI) — Lou Nanne scored the first playoff goal of his major league career Tuesday night to give the Minnesota North Stars a 4-3 win over the St. Louis Blues and a 3-2 edge in the Stanley Cup quarterfinals.

Three win in gymkhana

JEROME — Dave Powlius, Harold Turvey and Gary Critchfield took top honors in the Easter gymkhana sponsored by the Magic Valley Sports Car Club.

Generation gap? Jim Beam never heard of it.

A total of nine men and one woman participated. Turvey won the "I" class, driving a Datsun and Critchfield, Burley, drove his Mustang to first spot in the sedan class.

Rookie glad he didn't drop out

PITTSBURGH (UPI) — Jim O'Brien, who signed a lucrative contract Tuesday with the Pittsburgh Condors, was glad he didn't drop out of school like so many of his buddies back in the Red Hook district of Brooklyn.

The Bacharachs. Famous son, famous father. They're of different generations. But in one way they're alike, exactly alike — each is a craftsman. With a respect for his craft. And a desire to excel at it.

Chinese top U.S. by 10-7

PEKING (UPI) — Chinese table tennis players defeated the U.S. team Tuesday, 10-7, in an exhibition match in Peking's indoor sports stadium.

Minnesota takes edge on Blues

ST. LOUIS (UPI) — Lou Nanne scored the first playoff goal of his major league career Tuesday night to give the Minnesota North Stars a 4-3 win over the St. Louis Blues and a 3-2 edge in the Stanley Cup quarterfinals.

Chicago's Motta named NBA coach of year for taking Bulls to playoff

NEW YORK (UPI)—Dick Motta has had the last laugh on those who said he would not be able to make the transition from a college basketball coach to a professional one.

The 39-year-old Motta Tuesday was named Coach of the Year in the National Basketball Association for guiding the Chicago Bulls to their first winning season.

Motta, who came to the Bulls three years ago from Weber State College where he coached for eight years, received 30 votes in a balloting of three sports writers from each of the 17 NBA member cities.

Larry Costello, who directed the Milwaukee bucks to the Midwest Division title, finished second with 11 votes and Al Attles of the San Francisco Warriors was third with three votes.

Red Holzman of the New York Knicks, winner of the award a year ago, got two votes and Bob Cousy of Cincinnati, Joe Mullaney of Los Angeles, Jack Ramsay of Philadelphia, Rolland Todd of Portland and Lenny Wilkens of Seattle got one each.

The Bulls, although eliminated in seven games by Los Angeles in the first round of the playoffs, finished second to Milwaukee in the tough Midwest Division during the regular season with a 51-31 record. It marked the first time the Bulls had gone over the .500 mark since the team joined the league in 1968.

"Winning this honor is a great thing, but I'd feel better if we had beaten Los Angeles in the playoffs," said Motta. "It's nice to have a team that would allow this honor to happen. I guess I can look back at it 20 years from now and say how wrong these people were who told me I couldn't make the successful transition from college to pro coach."

The secret to Motta's coaching success, says a fellow coach, is his ability to "communicate" with his players.

"Dick has two big things going for him. He knows how to communicate with his players and he knows what to communicate. He had made himself a part of the involvement or togetherness any team must create," said the coach. Motta's own philosophy of coaching is a striving for total teamwork.

"I believe in having the type of player who puts the team above himself. I want players who have the character to do that," says Motta.

One-eyed boxer defeats Ramos
WOLVERHAMPTON, England (UPI)—Jack Bodell, top contender for the British heavyweight title, fought with his left eye tightly closed for more than six rounds to win a 10-round decision against Mexican Manuel Ramos Tuesday.

Ramos, who weighed 213 1-4 pounds to Bodell's 204 1-2, half blinded Bodell in the third round, but the British boxer battled on to win every round, 50 points to 37 1-2.

Bodell's victory over Ramos was easier than that scored by British heavyweight champion Joe Bugner 13 months ago.

Before the fight Bodell had won 55 of 65 matches while Ramos won 24 of 42 with 15 losses and three draws.

Cubs nip Dodgers on Kessinger's hit in eighth

LOS ANGELES (UPI)—Don Kessinger singled home Jose Ortiz from second base in the eighth inning Tuesday night with the tie-breaking run as the Chicago Cubs came from behind to defeat the Los Angeles Dodgers and Bill Singer 3-2.

Astros 8, Cards 4
ST. LOUIS (UPI)—Norm Miller's three run homer and Joe Morgan's two-run single ignited a five-run ninth inning uprising as the Houston Astros posted a come-from behind 8-4 victory Tuesday over the St. Louis Cardinals.

Expos 4, Mets 1
MONTREAL (UPI)—John Bateman homered in the second inning as the Montreal Expos made a successful home debut Tuesday with a 4-1 victory over the New York Mets before about 22,000.

Pirates 9, Phils 3
PHILADELPHIA (UPI)—Jackie Hernandez and Manny Sanguillen each hit three-run homers and winning pitcher Nelson Briles, Bob Robertson and Willie Stargell added solo blasts Tuesday night to power the Pittsburgh Pirates to a 9-3 victory over the Philadelphia Phillies.

Reds 5, Braves 4
ATLANTA (UPI)—Reliever Joe Gibbon pitched Cincinnati out of a bases-loaded jam in the eighth inning Tuesday night by getting Hal King to bounce into a double play and the Reds beat the Atlanta Braves 5-4.

76ers think Lewis can fill 'big' role

PHILADELPHIA (UPI)—The Philadelphia 76ers think Dana Lewis can fill some large shoes. Lewis seems pretty confident about it himself.

Don Dejardin, general manager of the National Basketball Association team, announced the signing of the 6-foot-10, 240 pound Tulsa University star to a six year contract Tuesday.

"We have been hurting at center since the departure of Wilt Chamberlain," said 76ers President Irv Kosloff. He said Lewis, the club's top draft pick, was "a good center and a good talent."

Lewis did not seem awed at the challenge. Someone asked him which of the current NBA centers he most resembles in his style of play. He didn't hesitate.

"Law Alcindor," he said — naming the man who supplanted Chamberlain in the all-star teams.

Lewis said he was confident he could make the team after he watched some of the recent NBA playoff games.

"The brand of play was brutal," he said. "I don't play that kind of basketball, but I think I can play it, if necessary."

Lewis had one year of college eligibility remaining at Tulsa University. The former star at Weequahic High School, Newark, N.J., chose to sign with the 76ers, because his college class is graduating in June. He spent his freshman year at Oral Roberts University in Tulsa, transferred and played two years, averaging 12.8 rebounds and 21.8 points.

Dejardin did not state the amount of the multi-year pact. An agent for Lewis, Steve Arnold, said the contract

included certain payments and securities not dependent on Lewis's making the team. Lewis said he received an offer from the Virginia Squires of the American Basketball Association, but he did not "entertain it, because the NBA is a better league."

N.Y. tops Leafs, has series edge

NEW YORK (UPI)—Ted Irvine batted home his own rebound with the game only 34 seconds old and the charged-up New York Rangers went on to beat the Toronto Maple Leafs, 3-1, Tuesday night and take a 3-2 lead in their Stanley Cup quarterfinal series.

Although the Rangers are the only National Hockey League team to qualify for the playoffs in each of the last five years, this marks the first time since 1950 they have won as many as three games in a series. They can win the best-of-seven set by taking the sixth game Thursday night in Toronto.

Bruins trounce Canadiens

BOSTON (UPI)—Veteran forward John Bucyk snapped a four-game slump and Ed Westfall registered a key shorthanded goal Tuesday night to lead the Boston Bruins to a 7-3 win and a one-game playoff lead over the Montreal Canadiens.

The Bruins gathered a 3-2 lead in their best-of-seven Stanley Cup East quarterfinals while regaining an advantage they hadn't enjoyed since the first game of the playoffs and gave themselves a chance to end the "round when play resumes in Montreal Thursday night.

Wayne Cashman, Phil Esposito, Mike Walton, John McKenzie and Ken Hodge also scored for the Stanley Cup defenders while Yvan Cournoyer, Frank Mahovlich and John Ferguson tallied for the Canadiens.

The Bruins raced out to a 3-1 first period lead while bombarding rookie Montreal goalie Ken Dryden with 23 shots. Cashman's goal in the first minute of play was offset by Cournoyer five minutes later.

Injury fells Cub catcher

CHICAGO (UPI)—Randy Hundley, Chicago Cubs' catcher, returned to Chicago from Los Angeles Tuesday for an examination of his injured right knee.

A team physician said Hundley was to check into Wesley Memorial Hospital for an examination of the injury which caused the knee to collapse and send Hundley tumbling as he was running out a long fly ball in Los Angeles Monday night.

Hundley made his first 1971 appearance coming on as a pinchhitter. He had taken only about three steps when he collapsed in a heap and had to be carried off the field on a stretcher.

Hearing set for budget

SHOSHONE — Trustees of the Shoshone School District have set April 26 as the date for a public hearing on the 1971-72 budget and expect to have the budget in final form by next week, it was announced today.

Board members met Monday night to canvass the votes of the trustee election held Monday and also accepted a bid for two new school buses.

The board approved the bid of \$51,048 less trade-in allowances for two buses from Superior Bus Co., McCall.

It was also voted to request a 75 per cent participation of the Idaho Department of Education in a project to provide a serving area for hot lunches at the Shoshone high school. Total cost of the improvement is estimated at \$8,618.81, Superintendent Kenneth Crothers said.

A teaching contract was offered Edward Anderson, Buhl, to fill the vacancy left by the resignation of Mrs. LaRae Nelson, Twin Falls, commercial teacher.

Superintendent Crothers said a vacancy exists for a teacher of English and Spanish.

S. African protection provided

WASHINGTON (UPI)—Extra police protection is being provided at the South African Embassy here and its consulates in New York and San Francisco in the wake of the bombing of the consulate office on Manhattan, the State Department said Tuesday.

The extra protection was provided at the request of South African Ambassador H. L. T. Taswell, who received a personal apology from a senior State Department official for the bombing Monday.

The blast ripped out a decorative wall in the entrance to the consulate-general's office, located on the 14th floor of a Madison Avenue building. There were no injuries.

Speakers set

BOISE (UPI)—Gov. Cecil D. Andrus and Dr. Malcolm S. Gordon, University of California, Los Angeles, will be principal speakers April 26 at the symposium on the environment at Boise State College.

The symposium is sponsored by the lyceum committee of the College Union Board and is the second environment symposium-workshop to be held at the school.

Goods sought

POTENTIAL MARKET for southern Idaho manufacturers is illustrated in this display of items purchased by the Idaho Nuclear Corp. K. M. Ward, above, manager, general purchasing, is working with the Twin Falls Chamber of Commerce in plans for a procurement fair here April 24.

Sawtooth legislation called mining victory

IDAHO FALLS (UPI)—The President of the environmental council described Tuesday the Sawtooth Recreation Area legislation introduced in congress recently as "at least a minor victory for the mining lobby."

Gerald Jayne, Idaho Falls, said the omission of national park designation in the bill introduced by Idaho's congressional delegation "came as a complete surprise to us."

Jayne said the legislation had "serious weaknesses" and added, "if it passes, as is, I'm afraid the battle to save the White Clouds from an open pit mine will be lost."

He said the chief of the Forest Service had indicated the Forest Service—which would

be responsible for a recreation area—would be unable to stop mining in the White Clouds under present laws.

"We believe that the Park Service could," Jayne said, "and this is why conservationists in Idaho think that a park is necessary to save the White Clouds."

Jayne said statements made at a hearing in Sun Valley last August appeared to be in favor of a national park and recreation area combination.

"But there isn't any park at all in the proposal, just a provision to have the secretary of the Interior study the recreation area after it is established and make recommendations for a park," Jayne said.

He added a study of that sort could be done at the request of a representative, senator, or governor of the state involved, adding, "we're a little surprised that such a request has not been made by now."

"There is certainly no denying that the Idaho delegation is working hard to provide protection for this magnificent area," Jayne said. He said the provision to designate the present Sawtooth Primitive Area as "instant wilderness" in the National Wilderness Preservation System "is a strong selling point even though the area would be open to mine entry until 1983."

Market showing planned

TWIN FALLS — Plans for a procurement fair illustrating items the Idaho Nuclear Corp. purchases from business firms in southern and eastern Idaho have been announced by the Twin Falls Chamber of Commerce.

The fair will be April 24 from 8 a.m. to 2 p.m. in the Holiday Inn.

Ray Rostron, chamber manager, said Idaho Nuclear Corp. buys thousands of items each month and is interested in procuring more such items from business firms in the local area. The fair will give businessmen an opportunity to see what the corporation is using and what could be provided from this area.

A representative of the Idaho Nuclear Corp. will be present to explain the display and answer questions from potential suppliers.

Rostron said all business firms in Southern Idaho are invited to send representatives to the fair.

Language conference on weekend

BOISE (UPI)—High school and college foreign language instructors will hold their 22nd annual Pacific Northwest Conference on foreign languages in Boise, April 16-17.

The region includes Washington, Oregon, Montana, Idaho, Hawaii, and the Canadian provinces of Alberta and British Columbia, according to Prof. William E. Wallace, president.

The meeting is sponsored by the College of Idaho, where Wallace is chairman of the modern languages department.

Deer fawns are born in May or early June.

President appoints new aide

WASHINGTON (UPI)—President Nixon Tuesday announced the appointment of ABC chief diplomatic correspondent John A. Scali as his special consultant on communications in foreign affairs.

Scali, 52, a registered Democrat, will advise and report directly to Nixon. The appointment had been rumored for 10 days.

Scali has resigned from the American Broadcasting Company and he began work Monday at his office in the Executive Office Building next door to the White House.

The White House declined to state his salary but press secretary Ronald L. Ziegler indicated it would be in the range of \$42,500.

CLASSIFIED INDEX

Every effort is made to eliminate false and misleading advertising. Ads that inconvenience or disappoint readers have no place in these columns.

In the event of error, notify the Classified Department at once. Advertisers are expected to check the first insertion. Newspaper will not be responsible for errors after the first day.

When placing in a Classified Ad always ask for the wording to be repeated back to you. Be certain to check the first day ad appears to make sure it is right. Especially check phone number and address.

All "Help Wanted" ads must state the nature of the work.

"Sales Help" ads must name the product to be sold and if the pay is salary or commission or both.

The publisher assumes no financial responsibility for typographical errors, errors in duration of publication, wrong classifications, the omission of copy (partially or completely) or complete omission of the total ad in either the classified or display advertising sections of the paper. Liability for errors or omission shall not exceed the cost to the advertiser of that portion of space occupied by such error.

Claims for adjustment of the cost of the ad must be made within 10 days of publication. Credit is allowed for first insertion only. Receipts must be presented for cash refunds.

Senator raps practice of tree harvesting

WASHINGTON (UPI) — Paul Bunyan would be blue as his great ox Babe if he could see great swaths of U.S. Forest Service land shorn bare of trees — all with government approval — says a Western senator.

McGee said such practice had "devastated" national forest lands in his home state. He was reported Sunday to be reading legislation calling for a two-year moratorium on clear-cutting and the naming of an independent commission to study how the Forest Service manages its own land.

the Agriculture Department, oversees hundreds of thousands of acres of forested public lands, mostly in the West, which are opened to commercial logging on a selective basis. Proceeds to the U.S. Treasury.

But at the same hearings, witnesses for timber companies said clear-cutting often was a sound conservation policy.

Lana due in Cody

CODY, Wyo. (UPI) — Miss Rodeo America, Lana Brackenbury of Jerome, Idaho, will participate in the world-famous Cody Stampede July 3-4.

News Of Servicemen

LAWRENCE CARTER RUPERT — Airman Lawrence P. Carter, son of Mrs. Edward E. Yenne, Rupert, has completed basic training at Lackland Air Force Base, Texas, and has been assigned to Sheppard Air Base, Texas, for training in aircraft maintenance.

GARY BAKER BURLEY — Airman Gary W. Baker, son of Mr. and Mrs. William E. Baker, Burley, has completed basic training at Lackland Air Force Base, Texas, and has been assigned to Lowry Air Base, Colorado, for training in the supply field.

UN aid enrolled in hunt

NEW YORK (UPI) — United Press International has asked the help of Prince Norodom Sihanouk, head of state of the Cambodian government in exile, and United Nations Secretary General Thant in ascertaining the whereabouts of UPI correspondent Catherine M. Webb, who has been missing in Cambodia.

Miss Webb, 28, disappeared April 7, around kilometer 94 on Highway 4 southwest of Phnom Penh, when Cambodian troops she was with were ambushed by Communist forces.

Four others disappeared at the same time — Toshihiko Suzuki, correspondent of the Japanese newsreel agency Nihon Denpa; Chhim Sarath, UPI translator-driver who was with Miss Webb; Cambodian freelance photographer Tean Kim Heng and Suzuki's interpreter.

A Cambodian soldier, Pvt. Sar Sinh, said later that he saw three Communist soldiers grab Miss Webb as she was trying to photograph the action and drag her away. There was no word on the fate of the others missing.

Mims Thomason, president of UPI, telegraphed Thant Monday asking his help in ascertaining the whereabouts of those missing. UPI Editor Roger Tatarian earlier cabled Sihanouk in his Peking exile asking his help in locating Miss Webb.

In addition, UPI has also asked help from the Canadian, Polish, Indian and Swedish governments through their embassies in Washington. It is also making inquiries through the North Vietnamese representatives to the Paris talks and through Sihanouk's representatives there.

Miss Webb was born in Christchurch, New Zealand, and was graduated from Melbourne University in Australia with a bachelor's degree in philosophy. She went to work for UPI in Saigon in 1967 and was a combat correspondent there for two years before transferring to the United States in 1969.

News Of Record

MINIDOKA COUNTY Magistrate Court
Andrew F. Schaner, 17, Rupert, \$17.50, speeding in school zone; Albert Heinze, 41, Paul, \$17.50, failure to flag overhanging load; Dale D. Lowry, 27, Rupert, \$22.50, speeding; and Vivian K. Eppers, 24, Rupert, \$27.50, expired driver's license.

Douglas H. Bedke, 16, Burley, \$20.50, speeding; Joseph M. Bott, 22, Rupert, \$27.50, fictitious license plates; Mark D. Webster, 16, Paul, \$21.50, speeding; and Bruce C. Mortensen, 18, Rupert, \$12.50, expired vehicle registration.

Williams shifts jobs

BOISE (UPI) — House Minority Leader Edward V. Williams, D-Lewisville, has resigned from the Legislature and joined the staff of Gov. Cecil D. Andrus as administrative assistant.

Williams resigned from the legislature effective last Friday and joined the chief executive's staff the same day, the governor's office said.

So far, no successor has been appointed for Williams in the legislature.

STAY-AT-HOMES

BRUSSELS (UPI) — Only 30 per cent of Belgium's 9.6 million people take away-from-home vacations, according to government statistics. Of these, 48 per cent remain in Belgium and the rest go abroad.

George R. Staebler, forestry research director for the Weyerhaeuser Co. of Tacoma, Wash., said clear-cutting not only was a good way to prepare for reforestation but also reduced the cost of lumber by reducing the time between growth of forests.

Washington state officials said they found that cutting trees along streams improved fish habitats by allowing the sun to warm the water.

Dean Arnold W. Bolle of the University of Montana's School of Forestry said clear-cutting was an "efficient tool" in some areas where trees grow quickly, as in the northern Rockies.

Bolle said he thought problems could be resolved by "taking precautions," and that a halt in clear-cutting might be a great hardship on both the lumber industry and on communities dependent on logging.

Repayment bid denied

SALT LAKE CITY (UPI) — The Salt Lake County Commission Monday denied a request by an Ogden man that he be reimbursed for property he bought at a tax sale that turned out to be a divider strip down the middle of 1470 North.

Hal A. LaFleur told the commissioners he bought the property sight unseen.

"I have no practical use to put the property to at this time," he said. "I'd like my money back, of course."

"Mr. LaFleur bought a piece of property on speculation," said Commissioner William E. Dunn.

Football anyone?

Sam Bee circus to appear here on May 26

FILER — Members of the Twin Falls Jaycees will sponsor a circus May 26 in Filer to help finance the Special Olympics and other Jaycee community programs this year.

The Sam Bee circus will present two performances at the Filer fairgrounds May 26, the first a matinee at 4:30 p.m. and another at 7:30 p.m. The show, the largest based west of the Mississippi River, features the traditional elephant acts, chimpanzees, aerial performers including trapeze, jugglers, clowns and even a special performance of Boxer dogs playing football.

The two-hour show will be for adults and children, says Tom Hewlett, Jaycee chairman. This year the Jaycees will sponsor the Special Olympics for retarded children and will use some of the circus proceeds for this program. Other revenue will go for community projects on the Jaycee agenda.

Hewlett said the show will be held in the open air in front of the grandstand. It will feature an unusual attraction for this area, a group of racing camels performing on the fairgrounds race track. The unique elephant

act of the Sam Bee circus also features a hippopotamus performing with the elephants. Jaycees say this will be the biggest show in the area this summer and is expected to attract circus fans of all ages

Hard times hanging on

CHICAGO (UPI)—The economy is on the upswing, but many blue collar and white collar workers still face hard times.

Manpower, Inc., the world's largest source of temporary help, surveyed its office managers in more than 400 American cities and offers that appraisal of the economy.

More than 80 per cent of Manpower's office managers said the U.S. economy has either "bottomed out" or is already improving. But nearly 75 per cent of them forecast more layoffs during the next six months.

Jobs most likely affected by the layoffs will be general and skilled labor, general office employes, management people and skilled-office work, the survey indicated.

Result of Attitude
"This will be the result of the general belt-tightening attitude which companies have adopted because of the economic slow-down," Elmer L. Winter, president and co-founder of Manpower, said in assessing the survey.

"I believe the economy will pick up rather soon, but I don't know about employment," Winter said.

Manpower's president said many companies still have unprofitable and over-staffed plants. As the economy picks up, these companies will manage with existing staffs and won't be hiring new personnel to meet increased productivity for quite some time, he said.

An interesting result of the current economic slump is the increased productivity of office workers. Because of the lack of job openings, 39 per cent of the managers surveyed said there has been substantially higher productivity of employes on the job. And 59 per cent said there has been less turnover in employes than last year.

Large Number Unemployed
At the same time, there are large numbers of college graduates, veterans, unskilled workers, minorities and current unemployed unable to find jobs, Winter said.

As a result, more than two-thirds of the managers surveyed said many women are returning to work because their husbands cannot find employment.

"For young people and summer jobs, the picture looks particularly bleak," Wintersaid. Nearly 87 per cent of those surveyed predicted fewer youth jobs this summer than last."

Commendation

TWO YOUNG GIRLS, including Kenny Bryner, 11, on right, of Larkspur, Calif., and her sister Jennifer, braved rain, darkness and treacherous terrain to walk for nearly four and one-half hours recently to get help for their injured parents and two brothers trapped in the wreckage of their crashed plane. All survived, and were listed in good condition, including her brother, Eric, 5, pictured with Kelly as they receive congratulatory calls following the ordeal. (UPI)

Fees out

HONG KONG (UPI)—Television license fees in Hong Kong were abolished April 1, start of the current fiscal year. About 500,000 television set owners benefited from the move.

'Working walk' in space slated

CAPE KENNEDY (UPI)—Apollo 15 moon pilot Alfred M. Worden plans to take a working walk in space 200,000 miles from earth on Aug. 5.

It will be by far the most distant spacewalk and for the first time, the whole show will be televised "live" back to earth in color.

Most other U.S. and Soviet spacewalks have been experimental. But Worden's is necessary. He will retrieve two film cassettes from a pair of telescopic moon mapping cameras mounted in a new experimental bay in the command ship's cylindrical service module.

Worden, 39-year-old Air Force major making his first spaceflight, will remain in lunar orbit while David R. Scott and James B. Irwin explore the moon's surface for almost three days.

In addition to the surface activity, the astronauts will spend another three days in lunar orbit to photograph the moon and to use a new set of radiation sensors to survey rugged highland areas that probably will never be explored on foot.

The two cameras will photograph 1.16 million square miles of the lunar surface—about 10 per cent of the entire moon. One camera will be able to pick out features as small as six feet from a 69-mile altitude. The other will cover broader

areas, use a laser altimeter to mark the precise altitude for each picture and photograph stars at the same time to help identify the area photographed.

While circling the moon alone, Worden also will launch a satellite. It will spring out from the service module and study radiation around the moon and look for quirks in the moon's magnetic and gravitational fields.

The radiation data from both the satellite and the Apollo 15 instruments will be radioed directly back to earth. But the only way to retrieve the film from the cameras will be go out and get it.

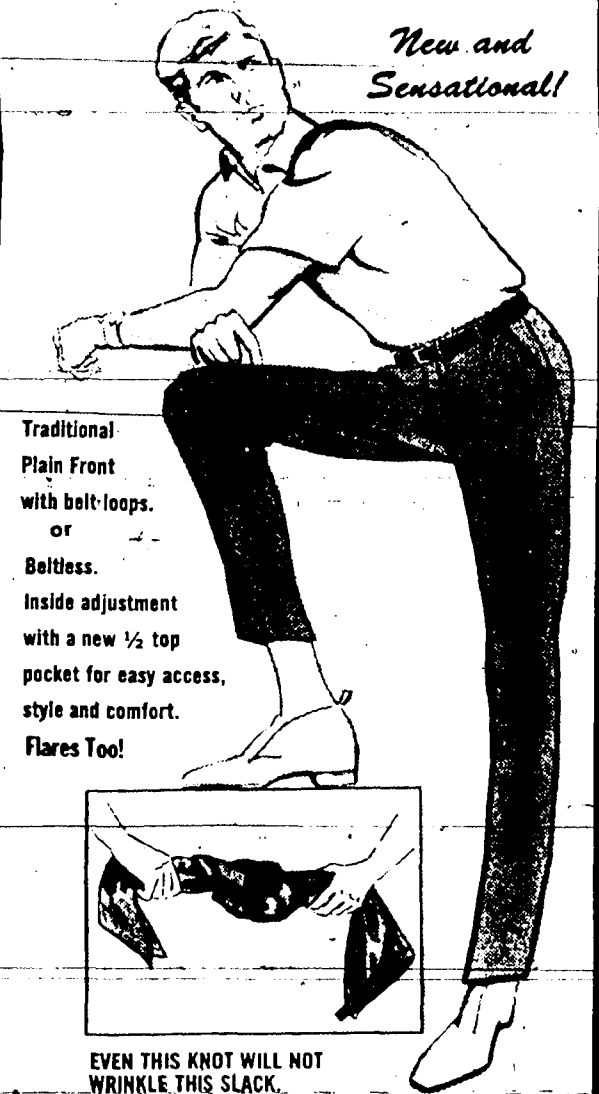

Worden said in an interview that one hour will be allotted to his spacewalk, but he expects it to be done in less than half that time.

"If we are in any kind-of-a rush at all, we could do it in 10 to 15 minutes. But we've got an hour, so it should be—I hope, anyway—a very leisurely EVA (extra vehicular activity)."

Apollo 15 is scheduled for launch July 26 and the three astronauts are scheduled to return to earth Aug. 7 after setting a new space-flight duration record for an Apollo of 12 days.

American industries withdraw more than 17 trillion gallons of water per year from ground and surface sources.

Bid and Play End in Draw

Table with bridge hand details: NORTH (10987, 942, Q63, A106), WEST (52, QJ106, K1082, 843), EAST (A3, 753, 9754, K952), SOUTH (D) (KQJ64, AK8, AJ, QJ7), None vulnerable, West North East South 2 N.T., Pass 3 Pass 3, Pass 4 Pass Pass, Opening lead -♥Q

This would set up dummy's queen of diamonds for a heart discard before the defense had time to set up a trick in that suit. We feel both South and North are correct but that no real crime was committed. We would prefer a raise to three no-trump with the North hand, but can set up many hands where four spades would be a better contract. The play is also close. South needed one of two finesses to make four spades the way he played the hand. This was a 75 per cent chance.

North's suggest line of play works but it is easy to set up hands with one or both finesses right—that would collapse on the no finesse line due to bad breaks in clubs, diamonds or both suits. Our verdict is that North and South were more unlucky than unskillful!

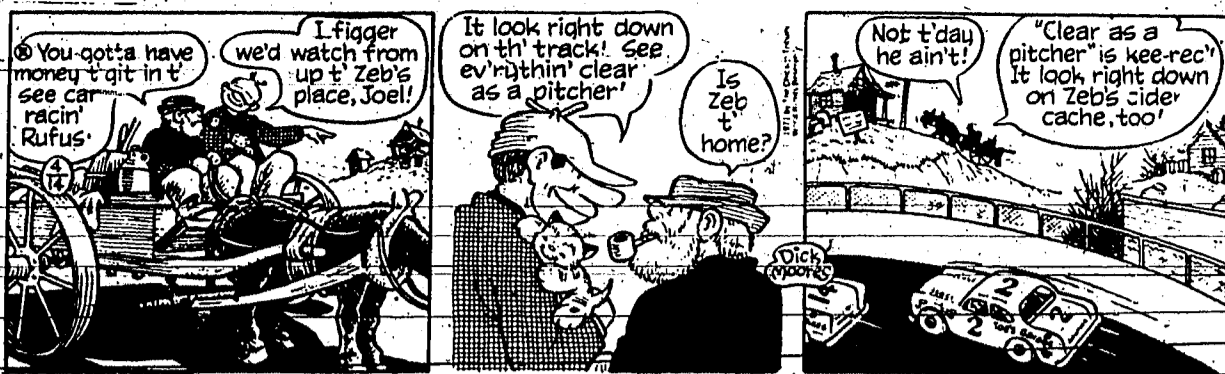

CARD Sense

The bidding has been: West North East South 1 ♠, Pass 2 ♠, Pass 3 ♠, Pass 4 ♠. You, South, hold: ♠AKQJ54 ♥KJ32 ♦65 ♣2. What do you do now? A—Bid three spades. This jump after a two level response is an absolute force. TODAY'S QUESTION: You do bid three spades and your partner raises you to four spades. What do you do now? Answer Tomorrow

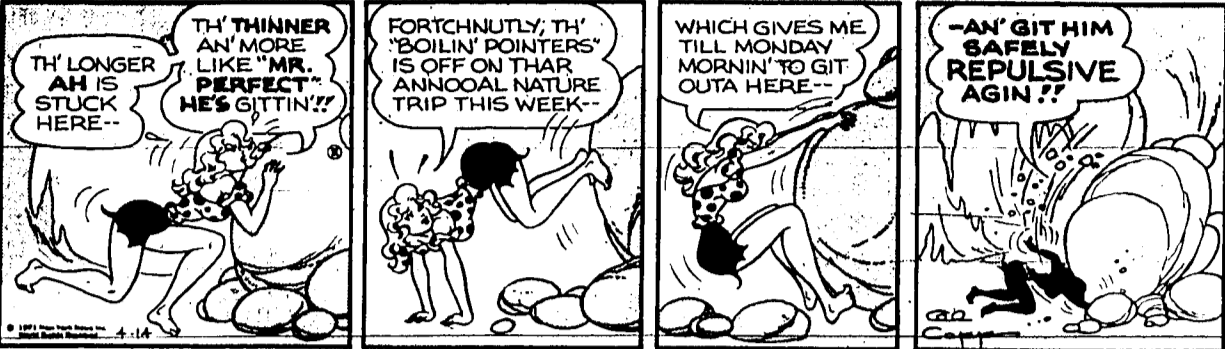

By Oswald & James Jacoby

South won the opening heart lead and went right after trumps. East cashed his ace and led a second heart. South won with his king. Later on South had to lose both the club and diamond finesses plus a heart to go down one trick. South criticized North for his Stayman three-club bid. He pointed out that with a 4-3-3-3 distribution, North should have just raised to three no-trump. North agreed that this might have been a better bid but pointed out that South should have made four spades. The winning line of play would be to forget all about finesses and play the ace and jack of diamonds after winning the heart lead.

IT'S UNDERSTOOD—most girls now reach maturity at an earlier age than did their grandmothers. But why? A Pakistan medical man thinks he knows. Rats grow up more quickly, if kept in strong artificial light, he says. And so do mice. Girls who are brightly illuminated electrically, he claims, develop more swiftly therefrom than did the candlelight ladies. Interesting. Fairly.

WHEN A MAN sees a crumb on his sleeve, he'll flick it off. But a woman, who's different in so many ways, will pick it off. . . . THAT WORD mutt, which we affectionately dub our dog, comes from the word muttoon, know that? . . . MOST PROPERLY decorated, a camel's eye has two lids, one transparent like a curtain, the other opaque like a drape.

NO FISHERMAN should forget: "When the wind is from the north, the fish to bite are loath; when the wind is from the south, they come with open mouth; when the wind is from the east, they won't bite in the least; when the wind is from the west, 'tis then they bite the best."

CUSTOMER SERVICE: Q. "What proportion of the college kids have tried marijuana?" A. About a third, it's said. . . . Q. "What's a fink?" A. Cross between a ferret and a mink, isn't it? . . . Q. "In meat, which is better, a prime cut or a choice cut?" A. A prime cut. It's fatter, too.

WOMEN WHO WEAR turbans tend to be bossy. Men who like suspenders generally save their money. Girls who own more than five purses almost invariably enjoy night-clubbing. Young fellows who sport blue shoes pride themselves as lovers. Ladies who affect chokers are apt to lie about their ages. Husbands who lounge about their houses in jump suits rarely lose their tempers. And wives who decorate themselves with ropes of crocheted pearl beads are inclined to cry during nostalgic movies.

WHAT'S THE BEST TIME of day to water the lawn? In the evening, you think? So thought I. But that's wrong, evidently. An authority on the matter says the morning hours are best. Watering in bright sunlight doesn't burn the grass, he insists. Rather, it gives it a chance to dry off. And that keeps it from getting all funny with fungus.

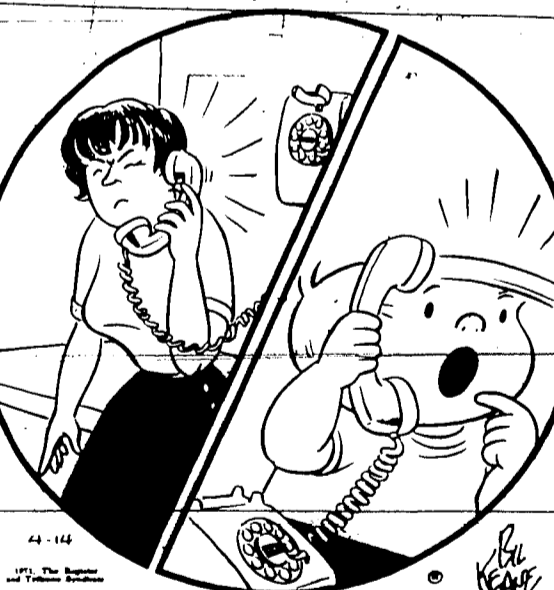

NEXT TIME you're outdoors, take a look at some couple walking down the street. In the man, all the action is in the knee. In the woman, it's in the hip. No complaints, merely wanted to mention it. . . . HERE'S the official regulation at the Second National Bank of Richmond, Va.: The lady employees are allowed to wear pantsuits. And the men are allowed to wear kilts, too. But not more than four inches above the knee.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 17076, Fort Worth, Texas 76102.

Honor society initiates 16

WENDELL — Formal initiation services were held Tuesday night in the Wendell High School library for 16 new members of the Wendell High School chapter of the National Honor Society.

Mrs. Elen Cox, advisor, read the history of the organization and told of its scholarship program for the parents and friends of the initiates attending.

Taking the pledge of membership were Mike Sticking, Kirk Dennis, Debbie Scott, Doug Anderson, Debi Gilbert, Jeri Eaton, Janet Callen and Helen Maltz, seniors, and Terry Gunning, Anne Hagerman, Mary Ann Miller, Katherine Serr, Ann Lorraine Smith, Paul Smith, Bonnie Sue Trourison and Carolyn Simerly, juniors.

FFA, lodge plan auction April 24

WENDELL — Members of the Wendell Future Farmers of America are collecting items to sell at an auction April 24, sponsored jointly by the chapter and the Odd Fellows Lodge as a fund raising project, according to LeRoy Johnson, publicity chairman.

The auction is scheduled for 11 a.m. April 24 on the Wendell High School grounds. Proceeds will be used for the annual FFA banquet and the McGinnis park.

Program Funds divided among colleges to help veterans

WASHINGTON (UPI) — The administration announced today a \$1 million program designed to help low-income Vietnam veterans get jobs and other GI benefits.

Government figures show unemployment among the veterans has been running significantly higher than among others in the same age bracket. President Nixon, in a statement, said a key factor has been that many veterans are not making full use of the benefits available to them under the GI bill and other federal programs.

Nixon said the Office of Economic Opportunity, which is providing a grant of \$1,016,376, will work with the nation's communities "in a joint effort to reach out to the veteran and help him obtain needed training benefits."

OEO, in another statement, said the Veterans Education and Training Action Committee (VETAC) will oversee the project grant, which is being administered by the National League of Cities and the U.S. Conference of Mayors.

Home treatment helps

STANFORD, Calif. (UPI) — A do-it-yourself home treatment program for boys with hemophilia is allowing the young "bleeders" to live almost as actively as normal children.

It's reducing drastically the costs to parents for treatment of children with the hereditary ailment suffered by one in every 10,000 males in the United States.

Love ya, lots

FISHERMAN Otto Back gets a loving kiss from 3-year-old Robby, a very affectionate seal who has become a regular visitor to the resort town of Travemunde, Germany, on the Baltic Sea. His most enjoyable pastime is strolling, or rather sliding along the beach with Otto. (UPI)

CHRISTINE HAGERMAN

Girl gets college stipend

WENDELL — Christine Hagerman, daughter of Dr. and Mrs. Richard Hagerman, Wendell, has received a four-year scholarship to the College of Idaho, Caldwell.

Garth Cates, director of financial aid at the college, said Miss Hagerman's selection for the honor student scholarship was made on the basis of outstanding academic achievement. She will be granted honors at entrance this fall at the college.

Wendell Allotments increased

WENDELL — Users of the Wendell Cattle Grazing district and the Pioneer Grazing district west of Bliss have been granted an increase in allotments yearly for the past four years, Dean Durfee, manager of the Bennett Mountain district, Bureau of Land Management, said.

This is a 15 per cent increase for users in the Wendell area and 35 per cent for those in the Pioneer Grazing district. These increases in grazing use result from the rest-rotation program established in 1965 and the cooperation of the users to participate in the management and rehabilitation program.

Time for living

BY ROGERS FRANKLIN

The other day I bought an album of hit tunes of the 1930's. You remember some of them: "Heartaches," "Where or When," "I'll Never Smile Again," "You Always Hurt the One You Love," "It's Delovely," "Chattanooga Choo Choo." Good melody and words all the way!

Well, we played the records that night, and Mrs. Franklin and I found ourselves humming along, recalling some of the good times (we forgot the bad) — and we even danced a few steps. (I'd hate to tell you how long ago we last danced.)

We enjoyed ourselves so much that we thought we'd play these records again when we had another couple our age over for dinner. As the platters spun, I tried to interest our guests in "remember when...?"

That's when our lady guest really lit into me. "Rogers," she said, "you shouldn't look back... you should be concerned with what's happening now!" And she really dampened my spirit by listing the wars, poverty, hunger, etc., we're currently facing. She startled me further by claiming that the word "nostalgia" means "sick."

I looked in Webster's Third International Dictionary and found this definition: Nostalgia — "a wistful or excessively sentimental, sometimes abnormal, yearning for return to or return of some real or romanticized period of irrecoverable condition or setting in the past."

Social Security Questions

If you have any questions about your social security, address them to Jim Davis, P. O. Box 1239, Twin Falls, Idaho 83301.

Question: My unmarried 27 year old brother was killed in a car accident a short time ago. My mother, who is 64, kept house for him. Can she collect social security survivors benefits based on my brother's work?

Answer: She can if your brother worked long enough in employment covered by social security. If he worked for at least a year and a half within the 3 years before his death, your mother may be eligible for survivors benefits. The people at any social security office will be glad to help your mother determine her eligibility.

Question: My husband and I were separated for several years before his death in 1967. I am 58 years old and have no children. Am I eligible for monthly social security benefits on his work record?

Answer: As long as you were not divorced, you would be eligible for any benefits that a wife or widow is entitled to receive. Ordinarily, you cannot collect reduced widow's benefits until you are 60. But, if you are severely disabled and can't work, you may be eligible for benefits now. A widow at least age 50 who becomes disabled before her husband's death or within seven years after her husband's death can receive monthly cash benefits. Check with any social security office if you think you might qualify for disability benefits.

BOOST FOR HONG KONG HONG KONG. (UPI) — Hong Kong's tourism industry got a boost in 1970 from Expo '70 in Osaka, Japan, when a large number of visitors to the world fair stopped over here.

Newly completed chapel

Open house scheduled at Wendell mortuary

WENDELL — Open house at the newly remodeled Leeper mortuary is scheduled for the last of May or early June, Joe Leeper, owner, said Tuesday.

With the recent completion of the remodeling project, the community now has a funeral chapel in which to conduct funerals. Previously funerals had to be held in churches.

JOE LEEPER

Contract awarded to firm

TWIN FALLS — Detweiler Brothers Inc., Twin Falls, has been advised by the Board of Regents of Washington State that the firm has been awarded a contract in the amount of \$2.3 million for plumbing, heating and air conditioning installation in a new building on the Washington State University Campus at Pullman.

The work is in a new 15-story physical science building to be added in Pullman. Company officials here were advised the project will begin immediately and is to be completed in 18 months.

Eye bank planned in Utah

SALT LAKE CITY (UPI) — The University of Utah College of Medicine is seeking to establish an eye bank to expand its work in corneal transplants, it was announced today.

Eight members of the Lawrence Welk television show will present a benefit performance in Salt Lake City Saturday to help raise funds for the eye bank.

Dr. Henry J.L. Van Dyk, chairman of the division of ophthalmology, University of Utah School of Medicine, said the facility would help medical officials to more effectively combat blindness in Utah.

Leeper said the additional space provides a 25 by 75-foot chapel, office, foyer, slumber room and casket selection room.

The chapel will seat 200 guests and the family room was designed for 25, but can accommodate an additional 45 or more if necessary. The entire facility has been completely redecorated with a modern decor, chandeliers, paneling and music piped throughout the building.

Mr. and Mrs. Leeper purchased the mortuary in March, 1968, from Mr. and Mrs. Forrest Weaver. Leeper is a native of Gooding where he graduated from high school. He also was graduated from the California College of Mortuary Science, Los Angeles.

Before coming to Wendell, he was affiliated with White Mortuary, Twin Falls, Bird Mortuary, Hailey, and with mortuaries in Boise and California. Mrs. Leeper, who is

from South Bend, Ind., was a receptionist for Dr. A. E. Richards, Hailey dentist. The Leepers were married in California in 1967 and have two children.

Leeper currently is president of the South Central Funeral Service Association and was secretary for two terms prior to his election as president. He also belongs to the Associated Funeral Directors, National Funeral Directors Association, Idaho Funeral Service Association and the Idaho Funeral Directors Association. The couple has served as leaders of a youth group and belong to the Odd Fellow and Rebekah lodge. Leeper is past president of the Wendell Chamber of Commerce and belongs to the Lions club. The Leepers like to ski and Mrs. Leeper has been active in a home extension club, is interested in handicrafts and belongs to the Professional Women's Association.

Trespass action started by board

BOISE (UPI) — Members of the State Land Board authorized the attorney general Tuesday to prepare for possible proceedings against alleged trespassers on Priest Lake and Lake Coeur d'Alene.

But the board decided to seek more information about another alleged trespass—at the Bridal Veil Falls estuary near Hagerman on the Snake River.

Attorney General W. Anthony Park told the board that a commercial developer has filled out into Beauty Bay at Lake Coeur d'Alene some 6,000 cubic yards.

He said preliminary investigation by his office indicates the developer is trespassing on state property without permission.

Park said investigation shows a private individual has built a boat ramp 130 feet out into Priest Lake in spite of warnings from a land agent that this, too would be trespassing and should be stopped.

At his suggestion, the board authorized Park's office to proceed with its investigation and prepare for possible abatement proceedings in the courts in addition to administrative action by the board at a later date on the two alleged lake trespasses.

Park said the problem at Bridal Veil Falls is somewhat different. He said a commercial fish hatchery has built ponds in the estuary below the falls and that it appears these are trespassing.

However, he said the hatchery owns considerable deeded land above the falls and could relocate ponds there and possibly ruin Bridal Veil Falls.

Farm Dust storm blinds Texas

LUBBOCK, Tex. (UPI)—A call every seven minutes dust storm laced with 60-mile-an-hour winds turned the sky red, caused car wrecks and cut visibility so low across drought-crippled West Texas Tuesday that residents could not see across the street.

THESE TWO PHOTOS show the progress swine producers have made in the past few years. Selective breeding of hogs for less backfat thickness have developed animals with more lean meat.

Hamming it up Consumers today are demanding more leaner cuts of meat than they did a few years ago, so producers are changing their breeding to conform with this demand.

Farm exports rising

WASHINGTON — U.S. farm product exports rose to a record \$7.2 billion in 1970 — a fifth higher than the \$5.9 billion total recorded in 1969.

Produce Prices Livestock

CHICAGO (UPI)—Produce: Cheese 5 lb. processed loaf \$1.47 1/2; brick 4 1/2 lb. mozzarella \$1 3/4 70% cheddar single delites 65 70 longhorn...

Ear muffs 'in' for tractor operators

CHICAGO — Farmers and ranchers who operate tractors — the thing today is ear muffs. Ear muffs will help reduce the threat of hearing loss due to tractor and agricultural machine noise over an extended period of time, according to a study reported on at the recent meeting of the American Society of Agricultural Engineers in Chicago.

AUCTION CALENDAR

Contact the Times-News Farm Sales department for complete advertising coverage of your farm sale, hand bills, newspaper coverage (over 70,000 readers in Magi Valley) advance billing. All at one special low rate. Every sale listed in This Farm Calendar for 10 days before sale.

He pointed out that benefits from expanding agricultural exports "extend far beyond the farm." Overall, the U.S. had a favorable trade balance of exports over imports of \$2.7 billion during 1970 — more than double the preceding year.
