TWIN FALLS, IDAHO, WEDNESDAY, APRIL 28, 1971

TEN CENTS

New wild areas asked

WASHINGTON (UPI)—President Nixon today urged Congress to add 1.8 million acres of wilderness in nine states to national areas to be preserved in their natural state.

is not "an imperative for human survival," he said, but added:

"Its beauty and solitude are wellsprings of refreshment for the spirit of man; its grandeur and balance teach us our place in the harmony of the universe; and without it we would all be poorer—however well provided

with the material essentials of life."

The new proposal includes areas in Alaska, Washington, Michigan, California, Virginia, Louisiana, Florida, Ohio and Utah. It would be the first protected wilderness in Utah, Louisiana, Ohio and Virginia.

million acres of federally owned land to be maintained in the natural state. Man may enter only as a guest and without mechanized transportation. Nothing may be built and nothing may be removed. All of the land in the wilderness system was federally owned at the time it was added to the network.

Back from A Shau

SOUTH VIETNAMESE elite "Hac Bo" (Black Panther) units return from an operation near the A Shau Valley. Official secrecy still surrounds the Lam Son 720 operation into the A Shau, a joint South Vietnamese-U.S. operation. (UPI)

Bombs pour into valley

SAIGON (UPI)—U.S. B52 bombers carried out some of their heaviest raids of the year Tuesday night and today in missions against Communist bunkers, antiaircraft installations and suspected troop concentrations at the north end of the A Shau Valley next to the Laotian border.

Military spokesmen said most of the targets were concentrated in a three-mile-square area of jungle-covered mountains at the edge of the valley, site of a two-week-old Allied operation.

Other B52s pounded targets six miles southwest of Fire Support Base 6 in the Central Highlands 100 miles south of the A Shau Valley and a trail complex just south of the Demilitarized Zone (DMZ) and within a mile of the Laotian border.

A total of seven missions was flown. It was only the second time that many missions had been carried out in Vietnam this year.

Korea's chief wins 3rd term

SEOUL (UPI)—Park Chung-hee was re-elected to a third four-year term as president of South Korea today, insuring a hard-line policy towards North Korea for his term of office.

Park, 53, a soldier turned politician, was leading by more than one million votes over Assemblyman Kim Dae-jung with about three-quarters of the 12 million ballots counted.

In a victory statement issued by a spokesman for his Democratic Republican party, Park said "the victory represents our desire for modernization for the fatherland. We will

otherwise a light day of combat action.

The U.S. Command reported a U.S. Army UH1 Huey helicopter was shot down Tuesday 10 miles southwest of the Americal Division headquarters at Chu Lai, 335 miles northeast of Saigon. The two crewmen were wounded.

Earlier, it had been so quiet that the U.S. Command in Saigon failed to issue a morning communique today for only the third time since such reports were first released in 1966.

A Saigon government report told of a skirmish Tuesday night 13 miles north of Phu Nhon in the central highlands. It said 20 Communist troops were killed and five weapons captured. There were no South Vietnamese casualties reported.

Four American GIs, three South Vietnamese soldiers and a Vietnamese girl were wounded Tuesday night when a grenade was thrown into a Saigon bar during a fight between two South Vietnamese soldiers.

keep all the promises we made and strive to build a prosperous nation."

The chief issue of the campaign was whether South Korea should cling to a policy of no compromise with the Communist north. Park insisted that any effort to open peaceful contacts with North Korea was premature and that the nation was threatened by another invasion from the north.

Kim ran on a platform advocating that an effort be made to open peaceful contacts with the north, including mail service and an exchange of athletic teams.

Selective service merger hit

Planned consolidation of most Magic Valley draft boards has been canceled following changes in a national Selective Service order that would have created regional draft boards.

Under the latest revision, only the two draft boards in Twin Falls County will be consolidated at Twin Falls.

But the draft boards in Camas, Jerome, Gooding, Lincoln and Blaine counties would retain their identities, instead of being centralized in Twin Falls.

At the same time, Frank Spencer, Burley, chairman of the Cassia County Selective Service Board said he has received word the Rupert and Burley offices will not consolidate. Plans had been announced for moving the Burley office to Rupert, he said.

Dr. Curtis W. Tarr, national director of Selective Service advised local offices Congress has imposed restrictions to preclude implementing the collocation plans previously announced.

"The Cassia County Selective Service office will not move to Rupert," Spencer said, "but as of May 14, will be located in the Overland Shopping Center.

Presently the office is housed on the second floor of the Cassia County Courthouse.

Antiwar group arrested

WASHINGTON (UPI)—More than 200 antiwar protesters were arrested without violence today after they barricaded the entry to National Selective Service headquarters with their bodies.

The arrests, carried out with almost punctilious politeness, climaxed an all-night vigil conducted by the demonstrators in drizzling, chilly weather.

Police said 205 were taken in custody.

Panel would keep draft

WASHINGTON (UPI)—A Senate committee has voted to keep the draft alive for two more years—but also to give Congress control for the first time over the size of the armed services and the number of draftees.

The draft measure passed by the Armed Services Committee Tuesday headed for lengthy debate on the Senate floor, where war critics were expected to try to trim the draft authority back to only one more year and to make larger cuts in the manpower level.

The committee acted a few hours after Defense Secretary Melvin R. Laird revealed that draft calls for the first of 1971 would not exceed 10,000 in any month—the lowest continuing military callup rate in six years. Laird also said the United States will spend about \$8 billion in Vietnam during the business year starting July 1,

about one-third of the peak Vietnam expenditure in 1968.

The draft bill passed by the committee would authorize the government to spend more than \$1 billion for pay and benefits to meet the Nixon administration goal of an all-volunteer Army and a zero draft call.

The committee voted that the "end strength" of the armed forces should be cut from a requested 2.8 million in June 30, 1972, to 2.5 million. While the bill is not big, it would establish the principle of congressional control over the size of the standing Army—something that has been under the traditional control of the executive branch.

In addition, the committee imposed an outside limit of 150,000 on the number of men the president could draft in any one year—a provision that could be suspended under a national emergency.

Rhodes aide

BOISE (UPI)—Dr. Birdsall N. Carle, pathologist at Magic Valley Memorial Hospital in Twin Falls, is the new secretary of the Idaho Rhodes Scholarship Selection Committee.

Dr. Carle was named to succeed Dr. Robert S. Smith, a Boise surgeon who has held the post since 1952. Dr. Smith, who was a Rhodes scholar, served as a member of the committee from 1936-38 and then continuously from 1946-1970.

Drive underway to delay Amtrak

WASHINGTON (UPI)—Senate Democratic Leader Mike Mansfield today began a drive for quick passage of legislation to postpone for six months this Saturday's scheduled takeover of the nation's passenger trains by a semipublic corporation.

Mansfield, testifying at a Senate hearing, said there "is likely to be a monumental transportation disaster" if the National Railroad Passenger Corporation—called Amtrak—begins operation Saturday.

Amtrak, created with the idea of saving the passenger train, would eliminate about 100 of the present 285 intercity passenger trains and concentrate the remaining runs on

more heavily populated routes. A number of lawsuits now pending are designed to delay Amtrak long enough for Congress to grant the corporation more money and add train routes.

Mansfield won quick support from Chairman Warren G. Magnuson, D-Wash., of the Senate Commerce Committee, who said he would "be glad to personally introduce" legislation immediately to force the

stall. Mansfield said at a Commerce subcommittee hearing that if Amtrak goes into effect Saturday, "I fear that we will all live to regret the day (it) was achieved. . . I predict that

it will not succeed and the Congress will then have another albatross to salvage."

Mansfield said he was delighted that the National Association of Railroad Passengers had filed suit in a federal court to delay implementation of Amtrak for at least 30 days. The states of Michigan and Indiana joined in the suit, and Mansfield said Montana "has taken similar action."

Labor Secretary James D. Hodgson defended, during the hearing, the labor-protection provisions of the Amtrak contract, which he said would provide "fair and equitable" protection for employees.

Counties OK vote on wine proposals rejected

TWIN FALLS — Commissioners from seven Magic Valley counties agreed unanimously to put the question of retail wine sales to a vote.

The action came at a meeting at the Twin Falls Judicial Building today attended by commissioners from Twin Falls, Jerome, Lincoln, Gooding, Minidoka, Cassia and Camas counties.

Residents of those counties will be allowed to petition for an election to permit the sale of table wines by stores holding retail beer licenses, under a state law passed by the legislature earlier this year.

Blaine County commissioners decided earlier to allow retail wine sales in stores in that county.

William Roden, Boise attorney, author of the bill passed by the legislature, met with the commissioners to explain its provisions.

If residents of the counties take no action or if the commissioners take no action on the matter, then table wine sales will not be permitted, under the bill.

Lon Nol to return

PHNOM PENH (UPI)—Lon Nol, who resigned as Cambodian prime minister nine days ago, has agreed to lead a new government under an arrangement in which three deputy premiers would take over much of his workload, one of Lon Nol's advisers said today.

Former Premier Son Ngoc Than, one of four advisers, said Lon Nol met Tuesday night with Pho Proeung, senior member of the four-man advisory council.

By United Press International Israeli Prime Minister Golda Meir called in U.S. Ambassador H. Walworth Barbour today, reportedly to reject American suggestions that Israel temper its conditions for allowing Egypt to reopen the Suez Canal.

According to the newspaper Ha'aretz, unidentified cabinet ministers said Mrs. Meir and

foreign minister Abba Eban were describing the American stance as "insufficient" and were informing Barbour Israel cannot accept it.

Israel had sent to the United States its conditions for reopening the canal, but the State Department apparently did not relay them to Cairo pending clarification of several points. In asking for the clarification, it reportedly urged Israel to ease some of its conditions.

If the Israeli rejection as reported by Ha'aretz is true, it would raise further difficulties between the United States and Israel, only eight days before Secretary of State William P. Rogers is due to arrive. His trip to Europe and the Middle East is aimed mainly at discussing with Israel and her Arab neighbors ways of reaching some form of agreement that will be at least a small step towards peace in the area.

Deputy Prime Minister Yigal Alon, who returned today from a visit to the United States and Canada, discounted Israeli press reports that his discussions with Rogers in Washington were strained. He said the talks were "open-hearted, to the point and very polite."

Alon told newsmen at the airport in Tel Aviv he returned with the impression that the only alternative to war was a partial settlement on the Suez Canal. Such a settlement would serve the interests of Israel and the Arabs, as well.

Mrs. Henderson will leave next Monday for New York City where she will compete with other Mothers of the Year for the national crown. Joining the Twin Falls Lions Club today in honoring her were members of the Miss Twin Falls Pageant committee with whom she has worked for several years, along with former Mothers of the Year in Idaho and friends.

Mrs. Henderson won the state title in April in a statewide competition. She is a youth rehabilitation officer for the state, assigned to Twin Falls County.

Gov. Andrus was also scheduled to speak at Twin Falls High School this afternoon, according to his office.

Details p. 22

Many seek to glimpse credit

By LEE TREMAINE
Times-News Writer

TWIN FALLS — Area credit bureaus report a flood of inquiries from people wishing to know their credit standing under a new federal law permitting such disclosure.

In order to process the inquiries, the Twin Falls Credit Bureau has begun charging \$1.50 for personal credit reports, according to George Hughes, bureau manager.

Another credit agency official, William Spain, manager of the Magic Valley Credit Bureau, assailed the law as politically motivated, and said any "further legislation" will only hurt both the consumer and the business firms with which he deals.

Hughes said a report that consumers could check up on their credit brought a "flood of

inquiries" to his office at 326 Blue Lakes Blvd. N., on Monday and Tuesday. The law took effect throughout the nation on Sunday.

"We've had all our staff members swamped with requests; we can't even get our routine work done," Hughes said. "We feel the modest charge of \$1.50 is fair payment, since we take our time and effort to provide the reports."

The new law requires credit-reporting agencies to provide "full and accurate" reports on consumers under certain specified conditions, including the one that has stirred up such interest. Individual consumers can, on proper identification, request a summary of the bureau's files for his own information. The law allows a "modest charge" to be assessed for the work, unless an adverse

report has been issued indicating bad credit.

If a "credit grantor," such as a business firm granting credit to consumers, refuses credit to a customer, the firm must notify the customer of the refusal and provide the name and address of the credit-reporting agency issuing the report on which the denial was based.

The consumer then is given 30 days to seek a summary of his credit standing with that agency at no cost.

"It's basically a good law," Hughes said. "It will undoubtedly clear up any misunderstandings between consumers and credit agencies."

Hughes said his bureau maintains a "pre-collection program" with some business firms, whereby a consumer is

notified that an account is seriously overdue and may be placed for collection. The customer is given a chance to settle the account before collection action is taken.

The "pre-collection program" is carried out only under a specific contract with the business firm, Hughes said. Some companies prefer to list accounts for immediate collection without first notifying their customers.

Spain said the new law doesn't affect his agency much, since his firm isn't strictly a "credit-reporting agency," but works principally on collecting delinquent accounts. He said, however, that "most legislation on credit" is politically motivated, in that it "helps win votes for the politician sponsoring it."

Whereas the current credit

bill "isn't too bad," Spain said, some states are considering strict curbs on credit reports, including putting a time limit on reporting delinquent credit. The new federal law puts a seven-year limit on credit reporting, but there are reports of a two-year limit in some states, Spain said.

The proposed legislation would provide that any delinquent credit accounts more than two years old could not be included on a credit rating.

Spain said "Too much legislation is worse than none. Companies fear to grant credit or to admit they have granted credit."

In Jerome, the Jerome Credit Bureau will also have a say in summarizing a consumer's credit for the same purpose.

Tornadoes kill dozen

COLUMBIA, Ky. (UPI)—Tornadoes cut a deadly path through five south-central Kentucky counties Tuesday night and early today and virtually destroyed the tiny community of Cane Valley three miles north of here.

At least 11 persons were killed and 100 injured when the tornadoes struck primarily in rural areas. Six persons were killed at Cane Valley and at least 40 injured, state police said. Only an estimated 60 persons lived in the tiny community.

The tornadoes were spawned from a storm system that struck the southern midwest states cutting paths of destruction primarily through rural areas in Kentucky, Illinois and Tennessee.

Crant due Idaho unit

WASHINGTON (UPI)—Sen. Len Jordan, R-Idaho, announced Tuesday the Clearwater Economic Development Association, Inc., Moscow, had been awarded a \$41,240 grant by the Economic Development Association.

Moving up

CAPT. Samuel L. Gravely, 48, former railway postal clerk from Richmond, Va., has been chosen to become U.S. Navy's first black admiral. He is now commander of guided missile frigate. He was picked from three candidates for rank.

Prisoner slayings reported

WASHINGTON (UPI)—A former Green Beret Vietnam veteran has told an unofficial war crimes inquiry that 12 Viet Cong prisoners were dropped to their death from American-piloted helicopters and other prisoners were tossed into a room with a python.

Steve Noetzel, 30, now a telephone worker from Floral Park, N.Y., made the statements Tuesday to an inquiry being conducted by Rep. Ronald Dellums, D-Calif. A Dellums spokesman said former members of the Americal Division called to testify today would tell of the murder of civilians and the destruction of villages in the war zone.

Noetzel told the panel the Army has opened an investigation into his charges. Noetzel and four other former intelligence agents or prisoner of war interrogators told the committee that Americans and South Vietnamese (ARVN) troops tortured and murdered POWs.

Dellums and more than a dozen House liberals are trying to force the House Armed Services Committee to open a full-scale, official probe into the allegations of a string of witnesses who have told of war atrocities.

Noetzel told the committee he detailed his charges in an eight-page statement in September, 1970, when he was questioned by Spec. 5 William Bass of the 12th Military Police Group of the Army's criminal investigation detachment in Brooklyn.

Obituaries

Ada Lampe
TWIN FALLS — Mrs. Ada Allen Lampe, 87, died at a local nursing home Tuesday morning after a long illness.

She was born Aug. 9, 1883, in Hagler, Neb., and lived in Oregon and Washington during her youth, later returning to Kansas.

She was married to Fred Lampe on March 4, 1903 at St. Francis, Kan. They moved to Idaho in 1943 where Mr. Lampe died in 1954.

Mrs. Lampe was a member of the Immanuel Lutheran Church.

Survivors include three sons, Alfred Lampe and LaVern Lampe, both Twin Falls, and Herbert Lampe, St. Francis; one daughter, Mrs. Lola Graesch, Quincy, Wash.; two sisters, Alice McClusky and Mrs. Emma Nelson, both Eugene, Ore.; 13 grandchildren and 18 great-grandchildren. Mrs. Lampe was preceded in death by one son and two brothers.

Funeral services for Mrs. Lampe will be conducted at 2 p.m. Friday at the Immanuel Lutheran Church by Pastor Harold Iben. Burial will be held in Sunset Memorial Park. Friends may call at White Mortuary this evening, Thursday, and Friday until 11:30 a.m. and at the church until 1:30 p.m.

Gooding County
Admitted: Alice Sanderson, Wendell; Elmer Rabington, King Hill, and Mrs. Ed Koester, Gooding.

Dismissed
Mrs. Raymond Adams, Ida Little and Alan Patterson, all Gooding; Mrs. Merlin Cox, Fairfield, and Antonio Betta, Shoshone.

Births
A daughter was born to Mr. and Mrs. Daryl Anderson, Gooding.

Astro, black go up

WASHINGTON (UPI)—The Navy announced today the selection of astronaut Alan B. Shepard Jr. for promotion to admiral. It also announced promotion of the first Negro to flag rank.

Shepard is the first Navy astronaut to win star rank from among a large group who were or are Air Force or Navy officers.

He was the first American to be shot into space and was commander of the most recent lunar-landing mission.

The first Negro to be selected for admiral—the Army and Air Force have had generals—is Capt. Samuel L. Gravely, a former postal clerk who now commands the guided missile frigate Jouett.

Navy Secretary John Chafee said the names of Shepard, Gravely and 47 other nominees for admiral had been approved by President Nixon and sent to the Senate for confirmation. All 49 men are Navy line officers being promoted from captain to rear admiral.

The only spaceman from the military who was selected for star rank prior to Shepard was James McDivitt, who was nominated several months ago for promotion from colonel to brigadier general in the Air Force.

Gravely, 48, of Richmond, Va., was chosen from three candidates for promotion, Pentagon sources said Tuesday. Gravely currently is bringing his ship home from Vietnam, where it completed a tour off the Vietnam coast.

Gravely joined the Naval reserve in 1944 after becoming the first Negro to graduate from midshipman school at Columbia University. He served as executive officer aboard a submarine chaser during World War II, and when he left the Navy he became a postal clerk in Richmond.

He fought in the Korean War after being recalled to active duty in 1949, and in 1955 transferred from the reserve to the regular Navy.

May quit

LONDON (UPI)—Walter Ulbricht may step down as East Germany's party chief this summer because of falling health and discreet Soviet pressure, according to diplomatic reports reaching here today.

The 77-year-old party chief—the toughest of surviving hardliners in the east bloc—would retain the position of chairman of the council, equivalent to the presidency.

The move is expected to coincide with the party congress in June, the reports said.

Bonds pass

WILDER, Idaho (UPI)—Voters overwhelmingly approved a \$150,000 sewage disposal bond issue, unofficial returns showed today. The vote was 91-8. All but 28 of the registered voters cast ballots.

Fort grip tightened

TEL AVIV (UPI)—Israel announced today more plans to consolidate its hold on Sharm el Sheikh, the Red Sea fortress captured from Egypt in the 1967 war. An air terminal is being built.

Minister of Transport and Communications Shimon Peres said the terminal will accommodate passengers from both domestic flights and arrivals directly from Europe. Sharm el Sheikh already has a long runway.

Israel has said it will not give back Sharm el Sheikh.

Quits post

BOISE (UPI)—George R. Schoedinger has resigned as director of Boise's Model Cities program, citing conflicts between federal and local participants and the over-riding reason.

Schoedinger had served as director since March of 1968.

Elected

MENDEL J. DAVIS smiles at Charleston, S.C., after election to Congress as representative to fill seat of late Rep. L. Mendel Rivers. Davis, godson of late Congressman, won by about 6,000 votes. (UPI)

Jobless rate off in Idaho

BOISE (UPI)—Unemployment in Idaho dropped to 6.5 per cent last month from 6.8 in February, the Idaho Department of Employment reported today.

Nevertheless, employment increased 1,900 to a total of 278,600 workers during the month—the highest number ever employed during March in Idaho.

The department said the apparent contradiction between the record high employment level and the still high unemployment mark is the result of "opposing shifts in employment due to build-ups in outdoor industries which peak out in the winter."

The number of unemployed workers still remained at February's level of 19,500.

"In general those industries that were slowing operations were in the manufacturing segment while those registering increases were in the non-manufacturing segment and agriculture," the report said. "Decreases in the manufacturing segment were due mainly to reductions in the lumber and food processing industries," the report added.

Seen... French rescue doped defector

PARIS (UPI)—French secret police intervened today at Orly Field and rescued a Chinese Communist defector who had been dragged by Chinese embassy officials trying to smuggle him aboard a Shanghai-bound airliner. Reinforced police blocked access to the police room where the Chinese was taken and held off an attempt by seven, cursing, shouting Peking officials to force their way in and take him away.

Police intervened when they saw the man, who was in complete prostration from an overdose of drugs, being pushed and carried under his arms by fellow Chinese to a Pakistani Airlines Boeing 707 bound for Cairo, Karachi and Shanghai. Police said an airfield physician examined the man and found him too sick to travel.

The seven men, described by police as diplomats, refused to leave without their comrade. The plane's departure, set for 10:30 a.m. was delayed while the French authorities debated whether to let the man go.

Police said the man, whose identity was not disclosed was literally being carried under his

arms through customs and police lines by his colleagues. All men were in Mao tunics and police said they believed they belonged to the Peking legation in Paris.

The Pakistani airliner left shortly before noon without the Chinese.

Drug possession provisions hit

By ROBERT VANAUSEL
Times-News Writer

TWIN FALLS — The Twin Falls prosecuting attorney says the new state drug law which went into effect Saturday is a good law — except for a brief five-line section pertaining to possession.

Leon Smith told members of the Twin Falls Exchange Club Tuesday that the 30-page Uniform Controlled Substances Act makes first-offense possession of a narcotic or an enumerated drug a misdemeanor. The maximum penalty for a misdemeanor under Idaho law is a six-month county jail sentence and/or a \$300 fine.

Smith said under the old law, possession was a felony with jail sentences up to five years for possession or sale of an enumerated drug and 10 years for sale or possession of a narcotic drug.

Now, as of Saturday, Smith said, possession of a "joint" of

marijuana or heroin is a misdemeanor.

He said the new uniform law is good, except for the possession clause. He said the reason the legislature passed the bill is because it is uniform and the same as the federal law.

Also, Smith said, the legislature passed another bill which states that the county prosecutor cannot prosecute if the person or persons are arrested inside city limits for possession.

Smith said he foresees some changes in the law at the next session of the legislature. He said although he does not advocate repeal, he does advocate changes.

Smith said about 90 per cent of all drug cases the past few years in this area involve possession.

Under the new drug law, only the sale of a narcotic or enumerated drug is a felony. "But who is to say whether a person found with a packet of

heroin or marijuana on him is selling it," Smith said.

He said this law has not yet been tested in the courts as it is new, but said it probably will on the point of sale.

Also speaking briefly on drugs was Jim Munn, deputy sheriff. He spoke on the enforcement and investigation of drug cases. He said it takes about 200 man hours to investigate one drug case, and most of these are for possession.

Now under the new law because possession is a misdemeanor, Munn said, less time will be spent on possession cases because of the small penalties.

All-city concert Thursday

TWIN FALLS — The All-City Orchestra concert will be at 7:30 p.m. Thursday at the College of Southern Idaho Fine Arts Center auditorium.

Participating will be fifth and sixth graders from elementary schools in the city; seventh, eighth and ninth grade strings from Vera C. O'Leary Junior High School; seventh, eighth and ninth grade strings from Robert Stuart Junior High School, and the Twin Falls High School String Orchestra. Conductors will be Ernest Moss, elementary; Martha Vontz, junior high school, and Del Slaughter, senior high school.

Tickets will be available at the door.

GOP women slate reception

TWIN FALLS — Republican Women of Twin Falls County today announced plans for a reception honoring Sen. Len B. Jordan and Rep. Orval Hansen, Idaho Republicans.

The two are scheduled to visit this area May 18. Mrs. R.L. Ullman will be chairman of a committee to arrange for a reception.

Meeting Monday afternoon in the American Legion Hall, Republican Women heard a review of highlights of the recently concluded session of the Idaho Legislature from county legislators.

William Lanting, speaker of the House of Representatives and moderator for the Monday legislative panel introduced speakers who discussed their committee assignments and major legislative achievements.

Jack Claiborn reported on the interim study committee on Idaho potato legislation and the agricultural labor programs. He said his committee hopes in the next session to introduce a revised edition of the withdrawn legislation that will satisfy all groups of the potato industry.

He also reviewed changes in the Workman's Compensation Law and a study to remedy fallacies of the Occupational Disease Law, housing, wages and working conditions.

Ray Lincoln, chairman of the local government committee and member of the state affairs committee and interim committee, discussed the Swan Falls-Guffey Dam project and reported on the improved legislation to give cities a one cent per gallon gasoline tax to assist with street and roadway programs.

State Sen. John Barker discussed changes in election laws including the 18-year-old vote law and outlined legislative feelings on fees and tuition charges at institutions of higher education.

Other speakers included Sen.

Richard High, chairman of the finance committee and member of the resources committee, who also discussed the Swan Falls-Guffey Dam project, and William Roberts, state representative, who discussed school funding.

Jail meet Thursday

TWIN FALLS — County Commissioners and Twin Falls City Council members will meet Thursday noon at the Holiday Inn to attempt to decide a rate for jail fees covering city prisoners' cared for in the county jail.

The county has requested a fee of \$2.35 per day per prisoner and the city's counter proposal is for 90 cents per meal on the

basis of no more than two meals per day.

Under provisions of the court reform law all prisoners are housed in the county jail and cities must help with the cost of feeding and housing. Agreements are pending with several other communities in the county where prisoners were previously housed in city jails.

Pianist given strong ovation

By NICK BOND

TWIN FALLS — The Magic Valley Community Concert Association was impressed to the point of a standing ovation Tuesday night at the College of Southern Idaho.

A concert pianist should be a term reserved for people like Leonard Pennario and not abused by people that have toured for a few years and failed or gave a few recitals 20 years ago. Pennario's long list of critical and popular successes is unmatched by his contemporaries and equaled only by a few elder statesmen.

The concert opened with four Chopin mazurkas that were not over-romanticized but right to the point and in the style of a true professional which is sometimes misinterpreted as cold. At this point it is well to mention that it is important for an audience to work to understand and hear what the

performer is doing.

"Les Funerailles" by Liszt gave Pennario a chance to show his technique and dependability which has been one of the major reasons he has played with all of the leading orchestras hundreds of times.

"Pour le Piano" by Debussy showed superb balance and clarity of musical intent. The constant control of pedal effects led to the typical Debussy filminess and blending of the full piano sound into a panorama of impressionistic colors. This again proves Pennario to be one of the World's greatest pianists.

Poulenc's "Perpetual Motion" was cute and, though a weak piece, extremely well done.

The standing ovation brought two encores: one by Schumann and another by Pennario. The concert was the last for the season.

Bill Reese

Law test planned

BOISE (UPI) — A test concerning the constitutionality of an Idaho statute will be one of the 14 cases heard by the Idaho Supreme Court during its Coeur d'Alene term, May 4-12.

The appeal to the high court stems from the conviction of Edwin J. Ash, sentenced to five years in the state penitentiary for jail-injuring, a felony, in 1970.

Ash was being held in the

Nez Perce County Jail at the time of an alleged incident of window breaking.

Ash appealed his conviction to the high court, alleging the statute under which he was convicted is unconstitutional.

He also contended the second district court erred several times in its trial and its pre-trial rulings, and alleged the sentence constituted cruel and unusual punishment.

PUC asks payment

BOISE (UPI) — Idaho's Public Utilities Commission has ordered all public utilities under its jurisdiction to pay a regulatory fee this year amounting to .0767 per cent of their intrastate gross revenue.

This fiscal year's regulatory fee is to be based on the 1970 calendar year business.

Each railroad corporation operating under PUC jurisdiction must pay a regulatory fee for fiscal 1971 amounting to .3503 per cent of the railroads' gross

intrastate business for calendar 1970, the PUC said.

The PUC ordered the railroads and utilities to pay one half of their fees on or before May 15 and the remaining one half by next Nov. 15.

Should their fees be less than \$5 under the percentage formula they must pay \$5 to the commission, the PUC said.

The railroad regulatory fees are designed to raise \$23,813.21 and the utility fees to raise \$130,055.01, the PUC said.

Bob Reese is pleased to announce the sale of Bob Reese Motor Company to his two sons . . . Bob Jr., and Bill Reese.

Thirty-seven years ago Bob Reese became associated with the automobile industry. 15 years ago he built his modern automotive plant comprising four and one-half acres at the 500 block, second avenue south in Twin Falls. Ground was broken April 26 for the addition of three new, modern offices and conference room plus 3600 additional square feet of service facilities.

Reese will serve as Board chairman. Bob Jr. and Bill will become co-managers and President and Vice-President respectively of the corporation.

Reese has served as President of the Idaho Automobile Dealers Association, Area Director of the National Automobile Dealers Association and as a member of the Dodge and Chrysler dealers' National Advisory Conference.

Drug bars slated

WASHINGTON (UPI) — Senator Len B. Jordan, R-Idaho, announced Tuesday that he is co-sponsoring two bills aimed to halt illegal drug traffic in the U. S.

The bills would end foreign aid to countries which do not act to prevent the traffic of narcotic drugs.

One bill would end all economic assistance to any foreign

country which does not actively seek to eliminate the production, processing and export of narcotic drugs.

The other bill would amend the Foreign Assistance Act of 1961 to sever foreign assistance to countries that do not act to prevent narcotic drugs from unlawfully entering the United States.

Highway reopened

LEWISTON, Idaho (UPI) — Idaho State Highway Department crews took slightly less than 48 hours to reopen U.S. Highway 12 late Tuesday morning after a massive rock and mud slide 90 miles east of here Sunday closed the main link between Missoula, Mont., and central Idaho cities.

The Lewis-Clark Highway was closed shortly before noon Sunday by a 200-foot long, 15-foot deep mud slide six miles east

of the Lowell ranger station.

The highway was reopened to two-way traffic at 10 a.m. Tuesday, according to the Highway Department office here.

Marvin Lothspeich, engineer for the Highway Department, said the main problem his crews encountered in clearing the highway was having to haul the debris about one-half mile because they were unable to dump it into the Lochsa River at the site of the slide.

WASHINGTON — With Red China pursuing its ping-pong diplomacy and Russia presently committed to a line of sweet reason, North Korea is taking over as dirty-trick dispenser for the Communist world.

That is not to say that a monolithic world Communism has consciously assigned this role to the Kim Il Sung regime. It is rather to suggest that North Korea is ready for all illicit adventures on request — with or

without the sanction of either Moscow or Peking.

In Latin America, in Europe and in the Far East the not-so-fine hand of North Korea has recently been very visible, meddling illegally in the affairs of other nations.

Late last month we reported that an inept collaboration by North Korea and Russia was involved in the attempt to stir unrest in Mexico with Communist-trained student

guerrillas. The guerillas, rounded up by Mexican authorities, had been given their insurgency training in North Korea.

More recently automobiles bearing diplomatic license tags assigned to North Korea have been playing a game of Rumanian wild-west in the streets of Bucharest. In one hard-riding incident, the North Korean cars tried to stop a U.S. embassy auto, apparently to

seize a diplomatic pouch. A few days later the same North Korean cars were involved in what seemed to be an attempt to abduct the Belgian ambassador.

It is assumed here that the two clumsy and unsuccessful attempts at diplomatic crime-in-the-streets were undertaken by the North Koreans on behalf of some other Communist power.

Now North Korea is implicated in the events which have led to an ultra-left revolution in Ceylon. North Korean representatives in Colombo have been sent home by Mrs. Srimavo Bandaranaike, Ceylon's leftist prime minister.

Senanayake has brought a measure of stability to Ceylon and had become the first Ceylonese prime minister to complete a full five-year term.

At that time, officials here took a dim view of Mrs. Bandaranaike's coalition.

No one was predicting then, however, that the extreme left wing of the leftist coalition would turn on the government, almost as soon as Mrs. Bandaranaike had taken office, and field a 10,000 rebel force against her 7,000 man army.

That is what has happened, however, and the new prime minister has had to look both right and left for help. The Pentagon received an arms request. Mrs. Bandaranaike also asked Moscow for assistance against the insurgents.

The Pentagon immediately promised helicopters. Russia sent helicopters too, and promised to supply six MIG-17 fighters, plus crews to service the planes and to train Ceylonese pilots to fly them.

Soviet instructors, ground crews and communications experts began arriving in Ceylon last week. Ceylonese authorities said they hoped the Russian planes could be airborne with Ceylonese pilots within a couple of weeks.

In the process Moscow — at Mrs. Bandaranaike's invitation — has achieved a new, if small, presence in the Indian ocean area. On that score, diplomatic sources in London expressed deep concern last week.

Much of the talk about consumer goods at the recent Soviet Union Party Congress in Moscow appears to have been window dressing.

That is the preliminary judgment of Kremlinologists here who are beginning an intensive analysis of the proceedings of the party congress. One of the experts tells us that the consumer talk appears to have been "mostly cosmetic."

Official City and County Newspaper Member of Audit Bureau of Circulation and UPI Pursuant to Section 40-106 Idaho Code, Thursday is hereby designated as the day of the week on which legal notices will be published. Published daily and Sunday, except Saturday, at 132 Third Street West, Twin Falls, Idaho, 83301, by Magic Valley Newspapers, Inc. Entered as second class mail matter April 8, 1918, at the post office in Twin Falls, Idaho, 83301, under the act of March 3, 1879.

U.S. Ideals

Sen. Adlai E. Stevenson III wants Congress to appoint a commission of five senators and five representatives to watchdog the August and October elections of a new house of representatives and president and vice-president in South Vietnam to ensure that no U.S.-sponsored hanky-panky takes place.

Already, the Illinois Democrat notes, Americans are doing public opinion surveys for the Thieu-Ky regime and the propaganda resources of the U.S. Information Agency are glorifying the present Saigon government.

Lost sight of, says Stevenson, is our oft-proclaimed goal of securing for the South Vietnamese people "the right to choose their own future."

Americans remember with distaste the South Vietnamese elections of 1967, when candidates favoring a negotiated settlement of the war were barred from running, even jailed or exiled. This was hardly the American ideal of democracy.

Yet our own practice of that ideal does not always hold up under historical examination.

In the mid-term elections of 1862, when America was in the midst of a war and there was no light at the end of a long tunnel, there was strong antiwar sentiment in the North, particularly among Democrats. So strong was that sentiment that Abraham Lincoln sent troops home to swell the voting and in the crucial border states actually imprisoned many of the leading advocates of total Union withdrawal from the war.

Had the Republicans lost those elections, and they almost did, there might have been peace, but there would have been no United States as we know it today.

South Vietnam is in the midst of a war, which many have called a civil war. President Thieu, of course, is not to be compared to Abraham Lincoln.

But we might bear in mind that should the Communists take over South Vietnam by conquest or by coup, there would be no elections at all for us to criticize.

The Army Plea

"Today's Army wants to join you."

Thus runs the Army's new contemporary, "hip" approach to recruiting. Today's Army, the slogan implies, is trying to adapt itself to the needs, ambitions and individuality of modern young men, to make military life attractive enough that an all-volunteer Army becomes a reality.

But is anything really new? Consider this recruiting pitch, circa 1775:

"The encouragement at this time to Enlist is truly Liberal and Generous, namely, a bounty of TWELVE dollars, an annual and fully sufficient supply of good and handsome clothing, a daily allowance of a large and ample ration of provisions, together with

sixty dollars a year in GOLD and SILVER money.

"Those who may favor this recruiting party with their attendance as above, will have an opportunity of hearing and seeing in a more particular manner, the great advantages which these brave men will have, who shall embrace this opportunity of spending a few happy years in viewing the different parts of this beautiful continent, in the honorable and truly respectable character of a soldier, after which, he may, if he pleases, return home to his friends, with his pockets full of money and his head covered with Laurels."

"The 'selling of the Pentagon' started long, long before that five-sided building was ever dreamed of.

MR. SPECTATOR

Different Opinion

For sometime now Mr. Spectator has been commenting on Twin Falls' downtown fountain. The comments have been made because he doesn't like it.

Well we have received a comment from a friend of ours (after this we assume she is one of our friends) which is different than ours.

From Nancy Newton came a note. It is rather short, but it is to the point, and being the fair guy we are we will, of course, print it. So here is Nancy's note in full:

"I didn't much like your opinion of our downtown fountain the first time it was the subject of an editorial.

"But your endless drip-drip repetition on this subject is a Chinese water torture that has to be much harder for the rest of us to endure than your strain over the water-fall on Main Street you didn't choose!"

Like Mr. Spectator always believes — everyone has a right to their own opinion and these opinions, although different than ours, can always be expressed in this old column.

So Nancy, praise to you. However, we must point out that you are right in the last few words of your comment. We didn't choose the fountain.

AID ASKED

Dear Mr. Spectator: Since you seem to find a place for

people, animals and things, I thought you might inquire by way of your column if the Historical Society or an individual would like this article (antique) I found among my father's possessions following his demise several years ago. It is the official seal of the "Melon Valley Oil Association" for 1927.

Perhaps it would be a good memorable subject for "A Long Way Back." Rumor has it that there is another try for oil in Idaho coming up.

Mrs. Edgar Larsen
640 Idaho Street
Filer

GIVEAWAY DEPT:

We have five puppies to give away. They are a cross between German Shepherd and Labrador. Please call 326-4279 at Filer.

We have a one-year-old female Border Collie-Australian Shepherd to give away. She needs to roam on a big in-town lot or in the country on a farm. Please call 734-3739 in Twin Falls.

I have a German Shorthair and she is about eight weeks old. I'd like to find a real nice home for her. If interested please call Leon Weeks at 733-0843 in Twin Falls.

She will be a nice stock dog or pet and she is now about four months old. She is a border Collie and she needs a nice home. Please call 837-4950 at Tuttle.

"NO BRANDING ON THIS RANGE!"

Times-News Public Forum

A Moot Question Great Scott Popular Topic

Editor, Times-News: Much ado has been raised concerning the irrational behavior of the young in today's world, and its causes, but it is a moot question as to whether the young are out-doing the other side of the generation gap in this respect.

Irrationally appears to be a main characteristic of today's world, centered specifically in the Christian west. One explanation set forth for this is that we are nearing the end of an era and that great psychic changes always occur at such times.

This is no more ridiculous or astonishing than the fact that about 2,000 years ago, through the procession of the equinoxes, the spring-point entered the sign of Pisces and inaugurated an age in which the "fish" was used as a name for the God who became a man, who was born as a fish and was sacrificed as a ram, who had fishermen for disciples and wanted to make them fishers of men, who fed the multitudes with miraculously multiplying fishes, who was himself eaten as a fish, the "holier food," and whose followers are little fishes. The supreme rite of this Piscean religion involves going into the water, the fishy element.

The birth of Christianity and the platonic month of Pisces coincided in time and space. A platonic month in astrology covers a time period of 2,000 years. Being the twelfth sign of the Zodiac, Pisces denotes the end of the astrological year and also a new beginning. This characteristic coincides with the claim of Christianity to be the beginning and the end of all things. The sign of Pisces is two opposed fishes; we have seen that the Christ was one of the fish, it follows that the other fish was Satan.

One could also imagine the Pisces sign as being a symbol for the concepts of good and evil, which Christianity separated by an unbridgeable chasm, a feature totally lacking in eastern religions. This separation of the opposites created such tension, however, and inasmuch as God was supposedly the Creator of all things, good or evil, the Church Fathers brought forth the supposition that evil had no reality in itself, but was only a diminution of good.

The evolution of dawning

human consciousness is a transformation that started in the historical era and left its traces first in the passing of Taurus into that of Aries, and then of Aries into Pisces, whose beginning coincides with the rise of Christianity. The Pisces-Christian aeon constellated the opposites in consciousness even though the effort was made to prove that evil "in itself" did not exist.

According to the above information we are now nearing, or perhaps in, the great change which may be expected when the spring-point enters Aquarius. The Aquarian era will pose new problems for mankind, the most pressing of which will be the coming to terms with good and evil. The latter can no longer be projected onto metaphysical entities of the outside world, or rejected outright as childish nonsense, but must be incorporated as personal possessions in every living heart. The young are always the first emissaries of the new and in this sense they are today, a prophetic symbol of the changing spirit of the times.

...Ruben Richardson
Declo.

Editor, Times-News: Great Scott! If all it takes is a game of ping pong between the United States and China to make friends of 700-million Chinese, by all means send the best U.S. hop scotch team to Russia.

It just may change their chemistry and cause them to like us. And if they like us they will quit sending bullets and rockets to the Kennedy and Johnson hootnanny in Vietnam. This "party" has killed over 40,000 Americans, maimed countless thousands and is spending us into bankruptcy. However, be sure to warn the U.S. hop scotch team that winning is a No-No for the U.S., just like in Vietnam and Korea.

This could do more towards "bringing us (millions) together" than the billions upon billions of our tax money that the hack politicians have voted to line the bank accounts of the few "pip squeaks" overseas that can't even rule their own household.

My opinion of the whole smelly mess is this: no matter how you slice it it's still boloney.

...Dave Anderst
Hazelton.

Entanglements

Editor, Times-News: It was George Washington who said "honesty is the best policy." He also warned us against foreign entanglements and stated that if you want a job done well then do it yourself. Do not leave it to others.

During the Revolutionary War a group of soldiers were repairing a bridge. They were having difficulty lifting a big heavy timber in place. On the bank stood their officer shouting commands, swearing and swinging his arms and in general throwing a two-year-old tantrum.

Another officer on a big white horse rode up, stopped, looked the situation over, got off the horse and tied him up. Then he climbed down over the steep bank where the crew was working. He gave a few instructions and with his help and extra strength the timbers were lifted in place.

He then climbed back up on the bank, wiping the sweat and dirt from his face, hands and

clothing. He walked over to the other officer and said "Why weren't you down there helping us move that timber?" The man drew himself up haughtily and said "I'm the major." Washington replied "and I'm your commander-in-chief."

I don't think many people realize the magnitude of the job we have loaded on our good President Nixon and how thankful we should be that we have him. Who else could we find to carry the burden as well?

When you consider the United States has 2,900,000 men in our armed forces, scattered all over the world, along with their families, technicians transportation facilities and what have you.

Instead of criticizing and putting the blame for all this trouble on him, we had better be helping and trying to get matters back to normal if possible. Too many are thinking only about the almighty dollar.

...Mrs. Bud Smith
Hagerman

Editor, Times-News: The most popular editorial topic of late appears to be centered about our recent ping pong escapade in Red China. I have been somewhat amazed at the willingness of some Americans to open their arms to the Red Chinese in a manner befitting the return of a prodigal son.

I find it somewhat incongruous that a nation which has sacrificed nearly a million of its citizens and claimed the lives of over 80,000 Americans in the Korean and Viet Nam wars should make the statement in a banquet toast that "the Chinese and American people have always been friends."

How two-faced and fork-tongued can a statement like that possibly be? My reaction to the friendly, smiling, courteous, handshaking diplomacy of the Red Chinese is one of nausea.

Goofed

Editor, Times-News: The recent picture of the Snake River running over the bridge below Milner Dam was really a good one, but somebody goofed. They stated that this bridge links Twin Falls and Jerome counties.

This is in error as the Milner community is in both Twin Falls and Cassia counties and the Milner Bridge links Cassia and Jerome counties at this point. I thought someone else would catch this but since they didn't I couldn't resist giving Cassia county its plug.

...Mrs. Alton Hansen
Route Two
Burley

Clean?

Editor, Times-News: I am a short time resident of Wendell. I read a story in the Times-News about the Wendell clean-up. I like that but would like to ask the people of Wendell, the mayor and the city law enforcement people, how can we really keep Wendell clean?

With all these dogs running at large, across the lawns, upsetting the garbage cans and what have you, it will be an impossibility.

...John McCullough
Wendell

Apart from fuzzy-minded students and hippies, I find it difficult to believe that Americans are gullible enough to believe that Red China is sincerely interested in peace and friendship.

Anyone who smiles and shakes your right hand while at the same time shooting your brother in the back with his left hand is not my ideal of the perfect friend.

I am amazed at the ignorance and blind willingness of some Americans to be used and exploited by an enemy in the name of friendship. Someone has said, "your actions speak so loud I can't hear a word you are saying." Friendly smiles and courteous handshakes are somewhat obscured by the cries of men bleeding and dying from Red Chinese bullets.

I can think of no more appropriate symbol than a ping pong ball to express the sincerity of the Red Chinese and the brilliant, clear-thinking responsiveness of some Americans.

...L. Dean Brainard
Twin Falls

The Guilt

Editor, Times-News: "America is a drug oriented society and adults have set the standards by their own behavior."

In this article in the Times-News it brings out that the adults are as much to blame as the kids for the drug misuse. I feel that blaming someone for this problem is just showing that nobody wants to be bothered with it and would sooner put the guilt on somebody else.

But still I think that everyone should be aware that both adults and students are to blame, and everybody is in it together. It's not important who the blame is placed on, but it is very important that something be done to control this drug misuse.

People should get together with each other and be united in the major problems of today. Besides, who will be to blame if the American society falls? No, it won't be the students or the adults. It will be everybody.

Susan Crystal
Minico High School

Flood potential over state said 'critical'

BOISE (UPI) — The deputy director of disaster relief and Civil Defense described as "critical" Tuesday the flood potential across the state.

Charles M. Rountree and representatives of the Idaho National Guard briefed Gov. Cecil D. Andrus and members of his staff on flood problem areas, the role of the National Guard in an emergency and steps to be taken to comply with federal regulations in case of an emergency. Rountree said one of the "most critical" areas was the Big Wood River, which he said had received heavy snows and little runoff.

"The people who built their homes straddling the river above Ketchum are likely to lose their footpaths," Rountree said.

The Boise front, he said, had 500,000 acre feet or more of run-off storage space, and said it would take "about a 110 degree week and some really warm rains" to cause immedi-

ate problems.

Areas of most concern described included:

— The Kootenai River, which would affect some 200 people around Bonners Ferry. Last year the river had 150 per cent of normal snowpack.

— The Payette River, which would affect 400 people in the Emmett, Payette and Horseshoe Bend areas. The river had 135 per cent of normal snowpack last year.

— The Weiser River, which would affect some 300 people in the Council - Cambridge - Weiser area and received 130 per cent of normal snowpack last year.

— The Big Wood River, which would affect some 300 people in the Ketchum - Halley area and received 155 per cent of normal snowpack last year.

— The Little Wood River, which would affect some 200 persons in the Carey area and received 170 per cent of normal snowpack last year.

— The Big Lost River, which would affect around 100 persons at Mackay and Arco and received 170 per cent of normal snowpack last year.

— The Camas - Beaver Creek area, which would affect some 200 persons at Mud Lake and Terreton, which received 150 per cent of normal snowpack last year.

— The Blackfoot River, which would affect some 500 persons at Blackfoot, and received 140 per cent of normal snowpack last year.

— The Portneuf River, which would affect 200 persons in the Lava Hot Springs, Inkom, McCammon and Pocatello area, and received 140 per cent of normal snowpack last year.

— The Montpelier area, which would affect some 150 persons, and had 165 per cent of normal snowpack last year.

He cautioned Andrus not to make commitments and to relay all emergency inquiries to his office. Bennett said all calls would be checked out by a representative of a state

agency or the National Guard.

Col. H.V. Smith, director of plans, State Military Department, said the National Guard would support and assist civil authorities if it were activated and would perform emergency services only.

Smith said the Guard would probably not spend as much effort on private property as it would on public property.

Smith emphasized Guard equipment would remain under military control and said National Guard armories would be used for military operations, although they could be used as a command post for appropriate civil authorities.

Brig. Gen. James Brooks, assistant adjutant general for the Army National Guard, said the state would have to pay salaries for Guardsmen activated during an emergency.

In the past, he said, the Guard had asked for volunteers for such duty and attempted to call in persons trained to deal with the immediate situation.

Reagan efforts tied to ticket

SACRAMENTO, Calif. (UPI) — A spokesman for Gov. Ronald Reagan denied Tuesday speculation the governor is building up a national presidential campaign base with his out-of-state speaking engagements.

The spokesman said Reagan's out-of-state political appearances will be limited "to those that assist the re-election of the national administration in 1972."

Reagan's press office said that because of "speculation," the governor has "stipulated that any further engagements outside California for the GOP would be accepted at the request of the White House and that all arrangements would be made by the Republican National Committee."

The statement added that "the governor receives nothing personally for his speaking engagements."

"However, a share of the proceeds from fund raisers where he appears will come to California and be placed in a fund administered by the Republican State Central Committee for those political expenses incurred because of his position as head of the party in California and which are not properly charged to the taxpayers."

It was not stated how much Reagan's speaking fee is or the share that will go into his fund. There has been report that Reagan's out-of-state speaking fee is \$25,000.

Multi-use serums receive licenses

WASHINGTON (UPI) — The Department of Health, Education and Welfare (HEW) licensed Tuesday for production a "double vaccine" against regular measles and German measles plus a "triple vaccine" against mumps as well as those two measles strains.

"These vaccines come at a time of continuing concern about German measles (rubella) and a rising concern about the resurgence of regular measles," HEW Secretary Elliot L. Richardson said in a statement.

Richardson said HEW would

buy \$6 million worth of vaccines, including the measles-rubella combination, for federal programs. HEW said both new vaccines would be made by Merck, Sharp & Dohme, West Point, Pa. It said tests showed that combining the vaccines into single injection doses did not impair their safety and effectiveness.

Surgeon General Jesse L. Steinfeld said more than half of American children had not been immunized against rubella, and that incidents of regular measles had increased to 1967 levels.

Hearing scheduled

BOISE (UPI) — Magistrate Alan Schwartzman set May 14 at 10 a.m. as the time for a preliminary hearing for Craig T. Rooke, 23, Boise, arrested in connection with a bombing incident involving a narcotics undercover agent's car.

Rooke, who was arrested Sunday, appeared before Schwartzman today and was represented by a public defender.

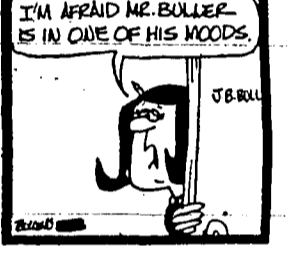

Reagan's press office said that because of "speculation," the governor has "stipulated that any further engagements outside California for the GOP would be accepted at the request of the White House and that all arrangements would be made by the Republican National Committee."

The statement added that "the governor receives nothing personally for his speaking engagements."

"However, a share of the proceeds from fund raisers where he appears will come to California and be placed in a fund administered by the Republican State Central Committee for those political expenses incurred because of his position as head of the party in California and which are not properly charged to the taxpayers."

It was not stated how much Reagan's speaking fee is or the share that will go into his fund. There has been report that Reagan's out-of-state speaking fee is \$25,000.

LYNWOOD SHOPPING CENTER

We Give Senior Citizen Discounts

THIRD GRADE pupils in Hillsboro, Kan., elementary school know how big "a million" is, since they collected this mountain of bottle caps to illustrate concept. Gathering started in October, 1969, teacher Virginia Lungren said. Plans for use of supply is not certain. (UPI)

They know

New 'Gunsmoke' medic fears he may be called intruder

HOLLYWOOD (UPI)—Milburn Stone as Doc Adams on television's "Gunsmoke" is being replaced next season, despite his enormous popularity.

Stone, recovering from heart surgery, is being temporarily and reluctantly relieved by Pat Hingle, a versatile Broadway, television and film actor.

"I've never met Milburn, but I feel I know him from 17 years of watching 'Gunsmoke' and his relationships with Chester and Festus," Hingle said.

Hingle will play Dr. Chapman (he hasn't been given a first name yet), a younger man who comes to town at the recommendation of Doc Adams,

who has gone East to catch up on new medical methods.

"It was interesting the way they wrote Milburn out of the show," Hingle said. "He fails to save the life of a young girl but feels he could have pulled her through if he'd known more medicine. So he goes to Baltimore to study new techniques.

"En route he stops by New Orleans to see Dr. Chapman, who agrees to fill in for him in Dodge City."

Because Stone underwent surgery in Alabama before this season's episodes began shooting, the disappearance of Doc Adams and the arrival of Doc Chapman are explained in a

letter.

Hingle is a younger man than Stone and studiously avoids any hint of imitating Doc Adams. He wears a wide-brimmed panama hat, a white linen coat, bright ascot tie and brocaded flowered vest.

The moment he lands in Dodge City he is thrown in jail by Festus—who is left temporarily in charge by Matt Dillon— for moving into Doc Adams' office.

"Festus can't read, so the papers and credentials of the new doctor make no sense to him at all," Hingle said, grinning.

Nobody knows better than Hingle that it is impossible to

replace Milburn Stone in the affection of viewers. He makes no attempt to fill the character, choosing instead to play an entirely different man.

"The producers and I both hope that Milburn will be back after the first six or eight shows of the season," Hingle said.

Hingle suspects he will be resented by devotees of "Gunsmoke" who see him as an interloper, unaware that Stone is recuperating and unable to work.

"I'll say one thing," Hingle concluded, "The rest of the cast and crew have made me feel right at home. They've been wonderful."

Briton says czar not slain

NEW YORK (UPI)—Peter Bessell, a former member of the British Parliament, announced Tuesday that years of historical research have convinced him that Czar Nicholas II and his family were not assassinated in 1918. He called on the Western powers and Russia to provide documentary proof that he is right.

Bessell, a history buff and an international financial broker with offices here and in London, said in a statement he has first-hand knowledge that "classified papers belonging to one of the former Allied powers, and which prove that the (Romanov) family did not perish, were recently made available to and read by a researcher of undoubted integrity."

It was apparent that Bessell referred to the British government. Czar Nicholas was the first cousin of Queen Elizabeth's grandfather, King George V, and documents relating to the Romanovs' fate are reported to be in the confidential Windsor archives as well as in still secret Foreign Office files.

According to Bessell, the official Sokolov report accepted by the Allies as proof of the July 29, 1918 assassinations was based on unsupported circumstantial evidence, second-hand accounts, and testimony of an eye-witness who later changed his story. He insists that new evidence indicates the Imperial family escaped with "camouflaged assistance of two or more of the then allied governments" and found refuge

in another country where they lived under assumed names.

"Today, I cannot accept that any valid political reason exists which supersedes the obligation of the present governments to the accuracy of history," Bessell said. "I believe that the governments of the major Western powers, as well as the Soviet Union, should de-classify the relevant papers and jointly, or separately, make a public statement for the benefit of historians and students of Imperial Russia and the immediate post-revolutionary period."

Claiming that the Soviet Union has accepted "unnecessarily" the stigma of the responsibility of earlier Communist administrations for a crime "which, in fact, was not committed," Bessell said the reason is made clear by a recently discovered agreement reached between the Germans and the Russian Bolshevik regime at the time of the treaty of Brest-Litovsk, March 3, 1918.

Bessell said the Russians agreed to "assist in providing a safe passage for the Russian royal family to a place of relative security." He said the secret agreement was initiated upon by Kaiser Wilhelm II, who imposed the treaty on a prostrate Russia and who was a first cousin of the Czarina Alexandra.

"On the one hand the Russians were in fear of a renewed German invasion, which was entirely possible at the time," Bessell said. "On the other, they could not be seen to

be showing mercy to the czar, who they had depicted as a tyrant."

Bessell's statement also threw light on the reason the British government might be reluctant to disclose the assassinations as a myth. In 1918, socialism had taken deep roots in England, Bessell notes, and George V "was very much alive to this, even to the point where, according to official records, he was disinclined to allow his country to be involved with any plan to help his cousin, the czar, and his family to escape Russia."

Fletcher sworn in

WASHINGTON (UPI)—James C. Fletcher, 51, a pioneer in America's space program and former president of the University of Utah, was sworn in Tuesday as the new chief of the National Aeronautics and Space Administration (NASA).

In a ceremony in President Nixon's White House office, the Chief Executive told Fletcher that he was "taking over a very important program" from Dr. Thomas O. Paine, who resigned Sept. 15.

Fletcher has been president of the University of Utah and the College of Eastern Utah since 1964. In 1960, he organized the Space General Corp., a subsidiary of Aerojet General Corp., and served as president from 1960-1962 and chairman of the board from 1962-64.

Economy up

HONG KONG (UPI)—Rising economic activity over the past two years has pushed the government's revenue up by 50 per cent from 2 billion Hong Kong dollars to 3 billion Hong Kong dollars (\$500 million US) in fiscal 1970.

Moderate marijuana use said cause of mental disturbance

CHICAGO (UPI)—Two psychiatrists have to conclude moderate to heavy use of marijuana by teen-agers and young adults who have no predisposition to mental illness may lead to problems ranging from mild ego disturbances to psychosis.

The psychiatrists, Dr. Harold Kolansky and Dr. William T. Moore of Philadelphia, said they based their conclusion on a study of 38 patients between 13 and 24 years of age, all of whom smoked marijuana two or more times a week but used no other drugs.

Their report was published in the current issue of the Journal of the American Medical Association.

An AMA spokesman said the study represents "the first real evidence, based on good research, of harmful effects from smoking marijuana. Heretofore medicine has been able to say only that there was no good evidence of harm from smoking pot. Now we have some evidence."

The psychiatrists reported they were concerned that teen-agers, who could not see any change in their friends as a result of "smoking pot," were unaware that increased smoking over a period of time may deprive them of the ability to resolve the internal conflicts that accompany adolescence.

"Most of the 38 patients in this study smoked marijuana

two or more times weekly and, in general, smoked two or more marijuana cigarettes each day," the article said.

"These patients consistently showed very poor social judgment, poor attention span, poor concentration, confusion, anxiety, depression, apathy, passivity, indifference and often, slowed and slurred speech."

Paranoid suspicions of others, regression to a more infantile state and a tendency to feel as if in a dream were all common, the doctors said.

The article said sexual promiscuity was high and that impotence in male patients brought on by heavy smoking of marijuana sometimes caused

other emotional problems. "This grouping of symptoms was absent prior to the onset of marijuana use, except in 11 patients who were conscious of mild anxiety or occasional depression," it said.

The psychiatrists said four of the patients, each showing psychotic reactions directly attributable to the use of marijuana, attempted suicide. One was a 17-year-old girl who smoked marijuana daily for a year prior to consultation and for an additional year during psychiatric treatment.

Four other patients had delusions of omnipotence. Two of them believed they were the Messiah, one thought he was in charge of the Mafia.

Senior play set Friday

WENDELL — According to Janet Callen, student director, the senior play is in its final rehearsal stage and is scheduled for 8 p.m. Friday at the Wendell Elementary Art Purpose Room.

The play, "Flowers for Algernon," includes a cast of 40 seniors, one of the largest ever assembled for a school play at the Wendell school, says Miss Callen.

An interesting feature of the play is three foreign accents which are done by Leslie Sullivan, who plays the part of Mrs. Donner, a Jewish baker; Vikki Pepper, Mrs. Mooney, an Irish landlady, and Lyle Adams, Joe an Italian baker.

Other novelties include the lack of a regular stage setting, with most of the set done with sparse furniture and lighting to create illusion.

Pam Stockham, ticket chairman, reports that tickets may be purchased from all seniors and at the door.

The play will be presented for members of the Elementary School on Thursday afternoon for a nominal fee.

Mrs. Annette Eaton is the adviser for all dramatic production at the Wendell school.

Open house

JEAN MILLER, small daughter of Mr. and Mrs. Charles Miller, enjoys a drink at the fountain of her parents' Wendell Drug Store. The Millers plan open house Saturday in honor of their 25th anniversary in the business. The store has been in operation under the same name for 65 years.

Wendell Drug Store oldest

By MYRTLE SCHRENK Times-News Writer

WENDELL — The Wendell Drug store has the distinction of being the oldest drug store in the state which has continued operation under one name, according to Charles Miller, owner. It began in 1906.

He and Mrs. Miller will hold open house Saturday to celebrate the 25th anniversary of their ownership. Refreshments will be served all day and the public is invited.

Files show the earliest prescriptions date from 1906, with the first number on file being 100. During the 65 years of its operation, the drug store has had five owners. The Millers purchased it from Floyd White, who now lives in Twin Falls.

At the time of the purchase, Mr. and Mrs. Elmer Miller, parents of Charles Miller, were partners. The elder Miller worked in the store until his death seven years ago and Mrs.

Irene Miller continued to work in the bookkeeping department until her death a little more than a year ago.

Both Charles Miller and his wife, Mary Rita, are pharmacists and graduates of Idaho State University, Pocatello.

In 1957, the store was enlarged and during the past year it has been newly decorated with wood paneling and a new lighting system. It is located in the Wendell Shopping Center.

The store features a complete line of prescription drugs and is considered as one of the most thoroughly stocked in the valley, Miller said.

In addition to the prescription service, the store is one of the few drug stores left in Magic Valley with a fountain. The store also carries veterinary supplies, gifts, glassware, greeting cards, cameras, jewelry and other items.

The Miller have four children, Pat, Mark, Mary Ann and Jean.

5-mill levy vote slated for May 4

WENDELL — Patrons of Wendell School District 232 are being asked to approve a five mill maintenance and operation levy on May 4. Polls will be open from noon to 8 p.m. in the high school hall.

This levy is being asked above the regular 30 mill limitation and was approved by the voters last year, according to Supt. Lawrence LaRue.

He stated the maintenance and operation budget is an increase of \$16,377 above last year's expenditures. The increased funding will be used for maintenance of the buildings (seal coating of part of the high school roofs), scaffolding for

use in painting and repairs, repair of playground equipment, new furnace at the high school, hot lunch equipment and an increase in teachers' salaries.

Supt. LaRue said the school district patrons can be proud of the present curriculum and teaching staff. It is hoped that the current level of operation can be maintained.

Any questions regarding the proposed levy should be directed to Supt. LaRue.

Proposed budget expenditures are available at the superintendent's office. A budget hearing has been scheduled for 8 p.m. May 10 in the high school library.

Vaccination urged

WASHINGTON (UPI)—Polio epidemics threaten some city slums this summer unless vaccination programs are stepped up once again, a federal health official warned today.

Dr. John J. Witte, chief of the Immunization Branch of the

Center for Disease Control (CDC), said polio immunization levels have been falling steadily in the United States since 1964—the year 87.6 per cent of all children age 1 to 4 had received recommended amounts of vaccine. The percentage dipped to 65.9 last year, Witte said.

Economy, vocational training needs stressed by candidates

WENDELL — A need for more economy, more vocational training and direct communication between trustees and teachers as well as updating antiquated policies pertaining to married students are among the reasons given by the three candidates for competing in the May 4 trustee election.

Seeking the post currently held by Dr. Richard Hagerman are Joe Leeper, owner of Leeper Mortuary; Lawrence Adams, operator of Wendell Implement Co., and Jim Campbell, sheep rancher.

In addition to the contested post in Zone 1, another three-year term in Zone 5 also will be filled. Frank Orth, incumbent, is unopposed in Zone 5. Dr. Hagerman did not seek reelection.

Polls will be open from noon to 8 p.m. May 4 at the Wendell

High School, according to Mrs. Barbara Hosack, clerk.

Leeper, who is a native of Gooding County, says he feels patrons "should try to determine future needs of education before a crisis arise." He is a graduate of Gooding High School and has a degree in business administration from a California college.

A member of the Wendell Lions Club, he is currently president of the South Central Funeral Directors Association and is past president of the Wendell Chamber of Commerce and past noble grand of the

IOOF lodge.

Adams, who has operated a business here the past 18 years, has four sons who have graduated from Wendell High School. He feels this has given him an insight into problems of the school system.

"The main reason I wish to serve on the board is the fact that many students are victims of discrimination, especially the married ones," he said.

Adams belongs to Christ Lutheran Church and the Wendell Chamber of Commerce.

Campbell, a native of the area

and graduate of Wendell High School, said he will strive for "quality education with economy." The father of three children, he feels that quality and diversity can be achieved with little or no additional tax like by adopting a wise planning program.

He attended the College of Idaho, Caldwell, belongs to the Wendell Lions club and is an advocate of physical fitness.

Zone 1 includes all residents east of Idaho street and northeast of the Elevator Road to one mile west of the Jerome County line.

JOE LEEPER

LAWRENCE ADAMS

JIM CAMPBELL

Judging slated Saturday

HAGERMAN — Pomona entries in the National Grange sewing contest will be judged Saturday, at the Hagerman Grange Hall, according to Mrs. Edward Bush, Pomona activities chairman.

Judging will begin at 1 p.m. and the garments will be modeled at 3 p.m. The public is invited to the modeling and a tea following.

Mrs. Bush also said the "Bells of Friendship" which were given to her by each subordinate chairman will be displayed at the grange.

Sergio Prada, Chile, foreign exchange student at Hagerman High School, spoke about his native country with the assistance of Mrs. Bob A. Robinson. He sang several native songs and accompanied himself on the guitar.

Sergio is living with sponsoring parents, Mr. and Mrs. Bob A. Robinson, Tuttle, for six months and will return to Chile in June.

Girl gets scholarship

WENDELL — Suzanne Francis, daughter of Mr. and Mrs. John Francis has been awarded a scholarship amounting to \$468 to cover one year's tuition to Brigham Young University, Provo, Utah.

The award was made on the basis of academic achievement. She is a member of the LDS Church and is active in the Wendell chapter of the National Honor Society, Future Homemakers of Tomorrow and chorus.

Migs go over Laos

WASHINGTON (UPI)—At least four North Vietnamese MIGs have ventured over Laos in recent weeks, leading some Pentagon officials to speculate Hanoi may be trying to bag a few American planes for prestige and propaganda purposes.

"The North Vietnamese Air Force has been very quiet since the bombing of its country ended in November, 1968. They haven't done much but train since then," one U.S. official said Monday.

But Adm. Thomas H. Moorer, chairman of the Joint Chiefs of Staff, said recently the Soviet Union has been beefing up Hanoi's air force with large numbers of new MIGs, which now comprise about half the north 200 fighters.

Pentagon officials said four MIGs had been sighted over Laos in the past few weeks and more could have flown over the country undetected.

Wendell

PATSCHEEL

CHRISTINE HAGERMAN

Two girls lead Wendell seniors

WENDELL — Pat Scheel and Christine Hagerman have been named valedictorian and salutatorian of the Wendell High School graduating class, school officials announced today.

Miss Scheel, daughter of Dr. and Mrs. M. E. Scheel, is a member of the Wendell chapter of the National Honor Society, serving as vice president. She also is a member of the Future Homemakers of Tomorrow, pep band, Trojanettes and the drill team.

She represented Wendell at Girls' State and was named winner of the Bausch-Lomb award for being outstanding student in science. She was named Miss Talent and Miss Congeniality of the Gooding County Junior Miss Pageant and plans to attend Lewis and

Clark College in Portland. Miss Hagerman, daughter of Dr. and Mrs. Richard Hagerman, also is a member of the National Honor Society. She has been active in class plays and declamations.

Currently she is president of the Wendell Honor Society Chapter and has held numerous class offices, including student body secretary. She also is a member of the pep band, drill team and the Foreign Language Club.

Miss Hagerman has been accepted by College of Idaho and has received a four-year honor scholarship.

The school's joint baccalaureate and graduation services will be held at 8 p.m. May 16 in the school's athletic field, weather permitting, says Supt. Lawrence LaRue.

LT. MICHAEL CRYDER
TWIN FALLS — Marine 2nd Lt. Michael J. Cryder, son of Mr. and Mrs. Oris D. Cryder, Twin Falls, has received his "wings of gold" designating him a naval aviator and a helicopter pilot with Helicopter Training Squadron Eight at Ellyson Field Naval Air Station, Pensacola, Fla.

DANA L. STONE
OAKLEY — Airman Dana L. Stone, former Twin Falls resident and niece of Mrs. Ann H. Woodhouse, Oakley, has completed Air Force basic training at Lackland Air Force Base, Tex. She has been assigned to Sheppard Air Force Base, Tex., for training in accounting and finance.

SHOSHONE — David E. Williams, Navy petty officer third class and son of Mr. and Mrs. Don Williams, Shoshone, has returned to his homeport of Long Beach, Calif., aboard the fast tank landing ship USS Cayuga after a seven-week deployment to the Western Pacific.

TWIN FALLS — Navy seaman Richard H. Craggs, son of Mr. and Mrs. Harold A. Craggs, Twin Falls, is serving with the staff of commander, Amphibious Squadron One aboard the amphibious transport dock ship USS Dubuque deployed in the Western Pacific.

RICHFIELD — Army Pvt. Rodney Riley, son of Mr. and Mrs. Ralph Riley Jr., Richfield, has been transferred to Ft. Rucker, Alabama, to begin a five-week aircraft maintenance course. He was stationed at Ft. Lewis, Wash.

SHOSHONE — Army Pvt. Robert T. Bozzuto, son of Mr. and Mrs. Victor J. Bozzuto, Shoshone, has been assigned to Headquarters Company, 3rd Infantry Division, near Surzburg, Germany.

Meter reader has lonely job

GLENS FALLS, N.Y. (UPI)—Did you ever meet a lady meter reader? One who reads meters on snowshoes?

Well, here's Sandy Hanna. Miss Hanna is a meter reader for the Niagara Mohawk Power Corp. She is the only female on such a job in the thousands of miles the utility serves in upstate New York.

She prefers the countryside to the city, and that's where the snowshoes come in. Her territory for meter reading is a large rural area in Warren County around Lake George, where the snow is frequent and deep.

But, Miss Hanna loves the outdoors. And that's half the job, she says.

She sets forth by car from her home near here to check meters on the outside of barns, in farmhouses, at rural stores and scores of vacation homes dotted through the scenic southern Adirondacks area. And, from the main roads, it means snowshoes to carry her over the mountainous drifts on her appointed rounds.

Bundled up in a warmly lined jumpsuit and wearing a company "hard hat," Miss Hanna travels over the deep snow to reach the meters and jot down the figures in her meter reader's book.

"I like to be on the go, and I'd certainly recommend this job to any girl, provided she

can cut it," says the pert, slim blonde.

"But I'd have to say that rural meter reading is a lot easier if you're the outdoor type who's used to all kinds of weather."

Miss Hanna is just that. Her hobbies include skiing—on water as well as snow—and horseback riding. In addition, she handles the snowplowing chores around her family's home.

Before taking over her present job, Miss Hanna worked for Niagara Mohawk as a telephone operator and as a service clerk. There are lots of women holding those jobs.

In her present job, Miss Hanna is one gal among many men. But she says she's found no resentment among her "fellow" meter readers.

"Frankly, I think women may find the job easier to handle than men do," she says. Her thinking has nothing to do with women's lib, she says.

"I'm not interested in it, want no part of it, and it had nothing to do with my wanting the job."

Miss Hanna has had some interesting encounters on her job. Asked what was the most exciting so far?

"Well, I guess it would have to be the time I was chased out of a farmyard by an angry goose."

Population influx to Idaho predicted

TWIN FALLS — Willard Reese and Warren Barry returning from the Small Business Administration Advisory Council Meeting held in Boise Monday, report Idaho appears to be in for a decided influx of population.

They learned at the Advisory Council Meeting there appears to be a return to the smaller

communities from the major cities. People have become disillusioned in the larger cities of Seattle, Tacoma, Portland, Los Angeles, and San Francisco and are now returning to small communities where the quality of life is more to their liking.

As these people return, they will need help and assistance of these communities in order to

help them re-locate and assimilate into a compatible, productive effort of the community. The Small Business Administration can provide help by offering management assistance, lease guarantee, and guaranteed loans for these new people as they endeavor to open up or create new businesses within these communities.

The smaller communities in Idaho offer the quality of life and the environment that many people would like to share and enjoy, Barry said. Our community, as all communities in southern Idaho, should be ready to aid and assist these new people and assimilate them in their communities, he said.

How receptive and helpful these communities are in Idaho to these new people will determine largely the quality and caliber of the people locating in these communities. In addition to the Chamber of Commerce and the various service clubs in the communities, all citizens should try and assist these prospective new members to the community to become assimilated in a way as they become a credit to the life of the community.

Reese and Barry further said it has been learned that people in the East are in an expansive mood; they are ready and looking toward the Northwest as points for the expansion of their plants and facilities and more and more people will be moving and looking to the West.

Some of the things people like about Idaho are law and order, clean air, and livability. All in all Idaho stacks up high in the list of assets in the desirability for living.

Richfield slates school vote May 11

RICHFIELD — Only two candidates have filed for the two Richfield school trustee posts to be filled in the May 11 election, Mrs. Harold Pridmore, school board clerk, said today.

Both are incumbents. Burl Akins is the candidate in Zone 1 and Mrs. Udell Robinson is seeking re-election. Unless there is write-in opposition there will be no contest, Mrs.

Pridmore said. Voting is limited to residents living within the two trustee zones, she said, and they may vote only for the candidate within their zone.

Mrs. Eva Sorensen, Mrs. James R. Brown, and Mrs. Bill Brown will serve as election judges. Polls will be open from 1 p.m. to 7 p.m. at the school cafeteria, Supt. Neil Andreason said.

Page girl bill in

WASHINGTON (UPI) — Three senators seeking to break the tradition of all-male pages introduced legislation Tuesday that would prohibit sexual discrimination in hiring the young aides for members.

Sens. Jacob K. Javits, R-N.Y., Charles H. Percy, R-Ill., and Fred R. Harris, D-Okla., introduced the resolution. All have nominated girls to serve as pages.

The measure which has 15 additional cosponsors, states "that no individual shall be denied appointments as a page of the Senate solely on the basis of sex."

The Senate Rules Committee held hearings last month but failed to act on the precedent-breaking proposal first raised when Javits appointed a girl from Schenectady, N.Y.

IRS asks approval of 3,104 new employes

WASHINGTON (UPI) — employes for the Internal Revenue Service IRS so it can audit on 2.3 million returns, or 2.4 per cent of those filed. The Treasury Secretary John B. Connally asked Congress step up its auditing of income tax returns. He said the IRS would cost \$67.2 million a year.

University honorary picks 6 from Valley

MOSCOW — Six Magic Valley students are among 28 seniors and 15 juniors who have been elected to Phi Beta Kappa, national scholastic honorary, at the University of Idaho.

Area seniors elected to membership are Gary D. Martin, Burley, and William C. Fitzhugh, Kimberly. Juniors

are Shanna L. Kirkham, Buhl; Jeannette Reese, Castleford; Cindy S. Jones, Gooding, and Jan Sinclair, Twin Falls.

Dr. Jean'ne M. Shreeve, professor of chemistry, who was elected to honorary membership, will be guest speaker at the Beta Sigma Phi initiation dinner May 4.

3 named to Boys State at Buhl

BUHL — Pat Burbank, Chuck Kokes and Craig Saunders have been named delegates to the Gem Boys' State at Boise in June. All three are juniors at Buhl High School. Sponsoring organizations for the delegates are the Kiwanis Club, Rotary Club and Buhl Chamber of Commerce.

Burbank, son of Mrs. Otie Burbank, is a member of the National Honor Society, a junior class senator, a member of Theatrics and is active in drama and is on the track team. He also is president of the Buhl United Methodist Youth group.

Kokes, son of Mr. and Mrs. Ted Kokes, is student body vice president, a member of the National Honor Society, serving that society as vice president and is sergeant-at-arms of the Theatrics. He served as Drama Club president and was a delegate to the Ninth Junior Science and Humanities Symposium.

Saunders, son of Mr. and Mrs. Warren Saunders, is active in pep band and marching band and serves as president of the band. He serves on the student council and has lettered in golf and basketball. Saunders has received the "Star" rank in Scouting and is active in the Methodist youth group.

Vows said in Boise ceremony

KING HILL — Mary Sullivan Knox II, daughter of Mr. and Mrs. Lloyd Jensen, King Hill, and Joe Charles Dickinson, son of Mrs. Charles Fredricks Dickinson and the late Mr. Dickinson, Fairfield, were married Saturday in rites in Boise.

Marie Knox, Boise, was matron of honor for her sister-in-law and LeRoy Mabe, Boise, served as best man for his cousin.

A reception at the Mabe home followed the family wedding. The bridegroom is the grandson of Mrs. Lillie McReynolds, Jerome.

Edging plants discussed at flower club

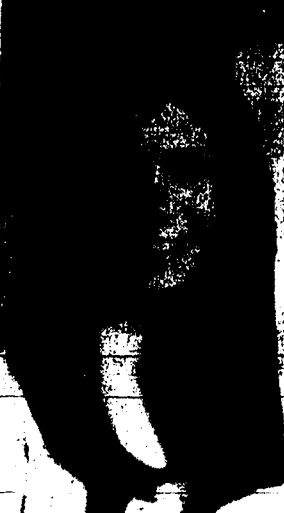

TWIN FALLS — Mrs. Keith Fuller discussed edging plants Monday when the Countryside Flower Club met at the home of Mrs. John Pastoor.

She explained that thought should be given in selecting the appropriate color or height of plant. She showed slides of different types of plants which can be used for edging.

Roll call was answered by naming a favorite garden magazine. Secret sister gifts were received by Mrs. Dwight Shaw and Mrs. Maurice Huffman.

Zinnia seeds, which are to be grown by club members for the club's zinnia booth at the fair, were distributed.

Mrs. Raymond Ulrich and Mrs. Gary Aufderheide were guests. The next meeting will be at the home of Mrs. Pete Thornton.

MARTA LYNN WOJCICK

Miss Wojcik, Thompson name date

TWIN FALLS — Mr. and Mrs. Charles W. Wojcik announce the forthcoming marriage of their daughter, Marta Lynn to Airman I.C. Ronald G. Thompson, son of Mr. and Mrs. James D. Thompson, all Twin Falls.

The couple will be married June 11.

Miss Wojcik will be graduated from Twin Falls High School May 24. Airman Thompson is serving in the Air Force, stationed at Mountain Home Air Force Base.

Connie Stevens will be a regular on the "Kraft Music Hall" summer series being produced in London with British entertainer Des O'Connor as host-star.

MRS. CARL BEAN
Route 2, Box 232, Jerome

GERMAN BREAD
1 1/2 cup scalded milk
1/2 cup butter
3/4 cup sugar
1 teaspoon salt
1 package dry yeast
1 cup warm water
4 cups flour
2 eggs, well beaten

Add milk to butter, sugar and salt. Stir until butter is melted. Cool until lukewarm. Soften yeast in warm water. Let stand 5 to 10 minutes. When milk mixture is cooled until lukewarm, stir in about one cup flour and then add yeast. Mix in eggs and remaining flour. Beat thoroughly. Cover and let rise in warm place until dough is doubled in size. (about 1 1/2 hours)

Beat mixture thoroughly. Grease and lightly sprinkle with flour two loaf pans. Pour batter into pans and sprinkle tops with

mixture made from:
1 1/4 cups soft bread crumbs
3 tablespoons light brown sugar
1 teaspoon cinnamon
1/4 teaspoon salt
2 tablespoons butter, melted
Bake at 375 degrees for 25 to 30 minutes. Bread is good served with butter and jelly.

Shoshone spellers rate high in "bee"

RICHFIELD — Spellers from the Shoshone schools captured most of the first place awards here Monday night in the eighth annual Lincoln County spelling contest sponsored by the American Legion Post.

Students from all 12 grades of the Shoshone, Dietrich and Richfield schools participated with 45 students, all first place winners in their respective communities, taking part.

In the first division, grades one and two, Kirk Duffin, Shoshone; Shauna Hubert, Dietrich, and Rod Johnson, Richfield, finished in that order.

Second division, third and fourth grades, Joylean Johnson, Shoshone, was first; Marsha Hiatt, Richfield, second, and Teresa Sorensen, Dietrich, third.

Third division, fifth and sixth graders, Jaycon Webb, Mary Bietia, Shoshone, and Marcha Pagoago, Shoshone, were

winners.

Junior high division winners were Jon Hardy, Shoshone; Louis Ballard, Dietrich, and Terri Larson, Shoshone, in that order.

High school division winners were Gary McDonald, Shoshone; Jim Meservey, Dietrich, and Chris King, Richfield, in that order.

A large audience attended the contest in the Richfield auditorium. Jack D. Bowlin, principal, Shoshone elementary school presided. Harry Eden and Robert Lewin, American Legion members assisted. Judges were Mrs. Jack Christensen, Shoshone; Supt. Neal Andreason, Richfield, and Supt. Wayne Perron, Dietrich.

In 1972-73 the rules will be changed. A point system will be used in the Shoshone contest with the school compiling the most points staging the contest the next year.

Cooking cues

One cup of cooked fresh asparagus contains 36 calories.

Seventeen million Americans suffer from arthritis.

Use potato flakes right from the package to thicken soups, stews and gravies without further cooking.

Orange rind and juice add flavor and color to rice mixes.

Vitamin B1, thiamide, was the first vitamin to be isolated in pure form.

Events of Past Matrons Club district convention announced

FILER — Elections and other details of the South Central District Past Matrons Club convention in Wendell were announced today by Mrs. Luther Pierce, Filer, district secretary-treasurer.

Mrs. Hazel Miller, Rupert, was elected new district president; Maxine Machamer, Twin Falls, vice president, and Mrs. Zula Gregory, Rupert, secretary-treasurer.

The fall meeting will be Oct. 16 in Albion. The convention, hosted by the Star of the West Chapter, was held in the Masonic Temple and attended by approximately 90 members representing eight chapters in Magic Valley.

The theme "Springtime in the Rockies," marked the noon luncheon and the program. Tables were decorated with milk glass containers holding spring flowers and flowers were given as favors and remem-

brances. Mrs. Belle Quay, president of the Wendell Chapter, extended the welcome and introduced Mrs. Lillian J. Barton, past grand matron, who served as toastmistress. She introduced the district chapter officers who included Mrs. Raymond Reichert, Filer, president; Mrs. Miller, Rupert, vice president, and Mrs. Pierce, secretary-treasurer.

Mrs. Barton said the welcome wheel on the program book represented all the district chapters as the spokes and Wendell, known as the Hub City, was the wheel hub.

Mrs. Hope Clemons, Gooding, gave the response and read a poem. Mrs. Faeth Easton, program chairman, presented Pam Klimes and Janet Callen, Job's Daughter, who sang the theme song. Debbie Gilbert, honored queen of Job's Daughters, gave a reading, and

Terry Klimes sang a solo. Mike Strickland used the timely topic of "Women's Lib" in his after dinner speech.

Mrs. Reichert conducted the business meeting following the luncheon. Mrs. Miller gave the welcome, assisted by Mrs. Olga Fisher, Rupert, conductress. Jessie Edgar, American Falls, gave the opening prayer. Mrs. Miller was in charge of the flag ceremony, assisted by eight members, and Mrs. Zula Gregory, Rupert, escorted the flag to the east while Rolla Zoerb, Rupert, read the tribute.

Introductions included Mrs. Barton, Mrs. Gregory, Mrs. Clemons, Mrs. Beulah Schaefer, Halley, and Mrs. Edgar, Pocatello, all past grand matrons. Grand officers presented were Glenadene Keister, St. Anthony, conductress; Mrs. Clemons, treasurer; Mary Ramseyer, Filer, Esther; Luralene Bragg, Halley, warder.

Grand representatives and their states were Beth Pendleton, Shoshone, North Carolina; Mrs. Zoerb, California; Lucille, Huston, Buhl, Texas; Ione McQuin, Halley, Kentucky; Doris Irenbice, Paul, West Virginia, and Mrs. Reichert, District of Columbia.

Also introduced were grand chapter appointees and committee members, junior past matrons, worthy matrons and six 50-year members who included Mrs. Barton, Mary Frazier, Hagerman; Maude Cartney, Filer; Clara Owens, Gooding; Snow Coffin, Shoshone, and Lola Chaplin, Hagerman. Five past presidents also were honored.

A memorial service was conducted by Mrs. Ethel Simmons and four members of the Evergreen Chapter, Burley, in honor of four past matrons from Burley and one from Filer.

Painting is work!

TWIN FALLS — A painter, whether he works in water colors, in oils or in mixed media, does not paint for relaxation and enjoyment, nor is painting the "refuge of the mentally disturbed," as some say.

Painting, instead, is hard work; it involves creation of "something in itself; a new dimension which brings something new into being." This new approach to art was discussed in detail by Alexander Nepote, an artist in his own right, Monday night at the College of Southern Idaho. Nepote, speaking to an audience of art students and the general public, discussed the relationship of art to life and nature, pointing out that the painter "deals with visual relationships. Painting is not a copy of nature, but is a real entity; a creation by itself."

All art, no matter how abstract and formless it may seem, involves a certain amount of "order;" the painter takes abstract objects, ranging from rocks and the ocean to people and animals, and places them in the order he desires. Quoting another artist Henry Miller, Nepote said "To paint is to love again. You love this color next to that."

The speaker, who is professor of art at San Francisco State College, admitted that "I use truth rather than beauty. My painting is not an imitation of nature; it may suggest a rock, but it is not that rock." He presented a large number of photographic slides to illustrate his theory, comparing the forms of nature, such as rocks and flowing water, with his painting.

At the conclusion of his discussion, Nepote presented a silent motion picture he and his wife had composed amplifying the beauties of nature with closeups of brooks, rocks and leaves, waterfalls and rivers.

•Gold Strike Stamps •FREE Delivery!!

DEAR ABBY: I am a widow. My husband was well-liked in this community and had many friends. What I want to know is, where are all those kind people who came to his funeral? There, they embraced me and said, "We'll call you. We will have you over. Don't worry, we will look after you." I haven't heard a word from these people since then.

I have actually picked up my telephone to see if it was out of order. I feel so lonely and depressed. It's hard enough to lose a wonderful man, but when everyone else forgets you, it's unbearable.

I am not an old frump. I am 57, in good health and am considered intelligent and attractive. I was left fairly well off. So what is wrong with me?
LONELY

DEAR LONELY: I don't know, but if I were you, wouldn't sit home wondering if my phone was out of order.

I don't want to sound like a broken record, but the only sure cure for loneliness is to quit feeling sorry for yourself and to get involved in something worthwhile. A long list of worthy causes is screaming for volunteers.

Mental health, crippled children, cancer, heart, Red Cross, Goodwill, church auxiliaries, political groups, youth organizations, to name only a few. Now, aren't you ashamed that you didn't think of it yourself?

DEAR ABBY: I have been dating a divorced woman for two years but have not committed myself to marriage. She has a 16-year-old daughter living with her. On occasion I have been invited to remain overnight in the mother's room. I understand that the subject has been discussed with the daughter, who approves, but I don't. I would appreciate your comment.
PUZZLED

DEAR PUZZLED: I'm with you.

DEAR ABBY: Please tell HEARTBROKEN BOY that his rabbi probably knows all about his father and his secretary. My own dad gets up at daybreak to meet his secretary before work. They have been seen sneaking around together.

You were right to say the father may have "problems." Our rabbi says Dad is "sick" and should be pitied, not despised because he is destroying his marriage and is setting a bad example for his children. Can sex be that important?
ANOTHER DISGUSTED SON

DEAR SON: To some, it can. Unfortunately.

DEAR ABBY: That letter from "Brokenhearted Boy" took me back a lot of years. When I was 12 years old my mother ran a rooming house and my father worked nights. One day I came home early from school because I wasn't feeling well. When I opened the kitchen door I found my beautiful mother in the arms of a man who rented a room at our place. They were in the midst of such a passionate embrace they didn't even hear me come in.

My mother was 28 then. She explained that she and the roomer were "in love," but as young and inexperienced as I was, I knew it was wrong. I demanded that my mother ask the roomer to move out of our house. She did, that very day. And that's the last I ever saw of him.
SENIOR CITIZEN

Castleford picks two Boys Staters

CASTLEFORD — Terry Kramer and Steve Peterson, both juniors at Castleford High School have been selected to attend Gem Boys' State the first week of June on the campus of Boise State college. They are sponsored by the Castleford Men's Club.

Kramer is the son of Mr. and Mrs. Don Kramer and has been an honor roll student for three years. He currently is the junior class president, vice president of the school band, assistant business manager of the high school annual and a chemistry lab assistant. He was a member of FFA for two years and has been a member of the band for three years.

Kramer has been active in Scouting and a year ago achieved the rank of Eagle Scout. He presently is a junior assistant Scoutmaster of Castleford Troop 1 and an active member of the Order of the Arrow and its dance team. He is a member of the United Methodist Church and is serving as vice president of the United Methodist Youth sub-district.

Peterson is the son of Mr. and Mrs. John (Pat) Peterson. He is FFA treasurer, a member of C club and has been active in football, basketball and track. He also is an honor roll student. He is a member of the Castleford United Methodist Church.

BARRETT McCLURE

JIM JOHANSEN

DAVID FYKE

GREG JEWELL

JERRY CALLEN JR.

JEFF VanHOOZER

Six Jerome students named to Gem Boys State session

JEROME — Tom Prescott, Jerome, chairman of the American Legion committee for Boys' State, said today six Jerome boys have been selected to attend Boys' State at Boise College May 30 through June 6th. The boys all will be seniors next year.

Selected are Barrett McClure, 17, son of Mr. and Mrs. Fred McClure, sponsored by the Lions Club; Jim Johansen, 16, son of Mr. and Mrs. Keith Johansen, sponsored by the Elks Lodge; David Fyke, 17, son of Mr. and Mrs. Ray Fyke, sponsored by the Rotary Club; Greg Jewell, 17, son of Mr. and Mrs. Bill Jewell, sponsored by the American Legion; Jerry Callen Jr., 17, son of Mr. and Mrs. Jerry Callen Sr., sponsored by Kiwanis Club, and Jeff VanHoozer, 16, son of Mr. and Mrs. George VanHoozer, sponsored by the chamber of commerce.

Prescott said 1971 signifies the 28th year the Idaho Department of the American Legion has conducted this special course devoted to government operation and citizenship responsibility for potential leaders in the state.

Youths who attend Boys' State also are given special consideration for college scholarships at Boise State College, Northwest Nazarene College and Ricks College, Prescott said.

Boise State College offers five \$100 scholarships to Boys' State citizens, based on need and two \$150 scholarships based on ability, Prescott said.

Two \$400 scholarships are available from Northwest

Nazarene College and two \$100 scholarships from Ricks College.

Youths who attended Boys' State last year can make application for these scholarships for the 1971-72 school year, Prescott said. Jeff VanHoozer has won honors in cross country and track. He is a member of the J-Club and plays basketball and baseball.

Jewell is a varsity football, basketball and track star. He is an active member of Boys' Glee Club, Key Club and J-Club.

McClure is student body vice president, participates in football, basketball and track. He belongs to J-Club and is a candidate for student body president.

Callen is a varsity wrestler and has placed in a number of tournaments. He is a member of J-Club, has served as vice president of Ski Club and will be president of the organization next year. He is also a basketball player and an alternate representative to the student body.

Johansen served as junior class president, member of the Key Club, annual photographer, sings with the varsity chorus and was a member of the Idaho Youth legislature.

Fyke is a member of the National Honor Society, Literature Club, participated in debate and is on the varsity basketball and tennis team.

The Colon Theater of Buenos Aires is one of the world's great opera houses.

Laird tells draft call cuts

WASHINGTON (UPI)—Defense Secretary Melvin R. Laird Tuesday announced an across-the-board cut in draft calls for the rest of 1971. At the same time, he said it would cost the United States \$8 billion to fight the Vietnam War in the next fiscal year.

In an impromptu Pentagon

press conference held while antiwar protesters were clustered outside Selective Service headquarters in downtown Washington, Laird said draft calls would not exceed 10,000 in any month for the rest of the year.

This would be the lowest continuous military call-up rate

in six years. The Selective Service System refused to speculate how the revised draft call would affect lottery number holders but it has said previously that those holding numbers through 125 would undoubtedly be called. Last year, the cutoff number was 195.

The \$8 billion Laird said the United States would spend in Vietnam in the fiscal year beginning July 1 was about one-third the \$22 billion spent in fiscal year 1968, the war's highest expense period.

In calling the news conference, Laird said he wanted to give reporters a chance for questions before he undergoes a hernia operation. He enters the hospital Wednesday and is not expected back until mid-May.

Laird made two other points: —He said the Soviet Union planned to build eight antiballistic missile complexes around Moscow and said this stepped-up Soviet construction might force the United States to move ahead with such expensive weapons systems as the B1 bomber and the undersea long-range missile system (ULMS).

—Asked about his announced intention to resign in January, 1973, Laird commented: "I think four years is long enough to serve in this particular job. I got drafted at a time when they couldn't get anybody else to take it."

But he denied that he planned to return to Wisconsin and run for Congress—either for his old

House seat or against two-term Democratic Sen. Gaylord Nelson.

Take reins

NEW BUSINESS EXECUTIVES, Bill Reese, left and Bob Reese, Jr., standing discuss change of ownership of the Bob Reese Motor Co., with their father, center, who founded the business here in 1945. Bob Reese, Sr., is retiring from active association with the business which will be managed by his two sons.

Davis hearings held up again

SAN RAFAEL, Calif. (UPI)—Judge Alan A. Lindsay postponed the Angela Davis hearings again Tuesday after a stormy session in which he had to shout her co-defendant and her attorneys accused him of holding black defendants in a "slave position."

him automatically. Each of the defendants has one peremptory challenge.

Magee's challenge was lodged with the court but not filed nor acted upon because of confusion over his status with regard to his court-appointed attorneys.

The two lawyers, Robert Lindsay recessed court until 9 a.m. Thursday after another two hours of continued stalemate in prosecution of the murder, kidnapping and conspiracy charges against Miss Davis and Ruchell Magee.

Between now and then, Miss Davis' attorneys will appeal to the California Supreme Court to disqualify Lindsay—a motion which was turned down last

week by another judge and upheld Monday by the state Court of Appeal.

Miss Davis, the black militant, avowed Communist and former UCLA faculty member, and Magee are charged in the Aug. 7, 1970, Marin County shootout which killed a judge and three others.

Meet Friday

BOISE (UPI)—The Governor's Advisory Council on comprehensive health planning will meet April 30 in the Hotel Boise, according to Joseph Karpach, Chairman.

Shackled to his courtroom chair as usual, Magee renewed his demands that his two court-appointed attorneys be dismissed and he be allowed to represent himself. The two attorneys said they concurred.

Magee also tried to file a peremptory challenge against Lindsay, which would dismiss

Nixon sets news meet

WASHINGTON (UPI)—President Nixon plans to hold a nationally broadcast news conference Thursday at 9 p.m. EST, before leaving Friday morning to spend the weekend in California.

The White House said Nixon would return to Washington Monday so he could hold his regular Tuesday morning meeting with GOP congressional leaders.

The average orbital velocity of the earth around the sun is 18.52 miles per second.

Sons assume guidance of Reese auto agency

TWIN FALLS—One of Twin Falls' oldest automobile dealerships, the Bob Reese Motor Co., moved into new hands today with the announcement by Robert M. (Bob) Reese that his two sons, Bob Reese and Bill Reese are officially taking over the business.

Lodge, Shrine Club, Scottish Rite Masons.

He has been active in Little League baseball and an ardent supporter of the Cowboy baseball program. He was also a charter member of the Blue Lakes Country Club and an enthusiastic golfer.

He is a past national president of the automobile dealers association and has also served as president of the Idaho and Twin Falls associations.

The senior Reese is retiring from active association with the business but it will continue to operate as Bob Reese Motor Co., with Bob, Jr., as president and Bill as vice president and both sharing management responsibilities.

Bob, Jr., and Bill Reese have been associated with the business most of their lives, and have been associated on a full time basis since completing their schooling.

Both attended the University of Idaho, Bob joining the firm on a full time basis in 1963 and Bill in 1965. Bill has worked in all departments, including the service department as a mechanic and the parts department and Bob has been engaged in sales and management.

Bob Reese came to Twin Falls in 1934 to open an office of the Commodity Credit Corp., for Magic Valley. In 1939 he joined Magel Auto Co. as sales manager and purchased the business in 1945 to become the Dodge and Plymouth dealer for this area. In 1956 he built the firm's present building at 510 Second Ave. S., and added the lines of Chrysler Imperial and Dodge Colt, giving up the Plymouth line.

announced the start of an expansion program with construction now in progress on a 3,600 square foot space to increase the service department and add office space.

In the expanded area, the firm will service large farm trucks and other heavy units.

On retiring, Reese says he plans to do some traveling and to make Ketchum his full time home but will maintain part-time residence in Twin Falls.

Since that time the firm has operated in the same location serving the county and surrounding areas. Reese is a graduate of the University of Idaho and also attended Northwestern University.

He has been active in community affairs, serving as vice president of the chamber of commerce, director of the Rotary Club, chairman of the Community Chest and War Fund drives, Red Cross fund drive chairman, head of the Vandal Boosters' campaigns and as a member of the Masonic

A sailing ship was first built as a tanker to carry oil in 1863.

Health director arrives

By CHARLOTTE BELL, Times-News Writer

JEROME — Dr. Wayne Carte, the new director of the South Central Idaho Health District who will assume duties Saturday, met with the district health board Tuesday afternoon at Woods Cafe, Jerome.

Dr. Carte, a former physician in Shelton, Wash., will assume duties as the director Saturday, the vacancy left by the death of Dr. Luther Thompson last summer. Dr. Carte also got acquainted with the board members and the new directors who will take over in July.

Speaking during the meeting Tuesday was Blaine E. Huff, Boise, assistant director for business and economic research at Boise State College.

He told the directors of seminars to be held this summer in northern Idaho, southeast Idaho and southwest Idaho. The workshops, he said, are designed for the seven newly-formed health districts.

He said some of the items to be covered in the workshops are planning organizational concepts which will cover the establishment of a formal planning function, consider the organizational structure necessary for effective relationship between district health boards and boards of county commissioners.

Other subjects to be covered are staffing requirements and job function analysis, budgeting concepts and controls, reference sources and library considerations related to health services and their administration and communication, techniques and report preparations.

Instructing these seminars would be the director and assistant director of business and economic research at Boise State and others from the college if needed to implement this educational program, Huff said.

In other business the board authorized a survey to be conducted in Blaine County on immunization to see how many residents have been immunized.

The new board will meet at 2 p.m. June 30 in Woods Cafe, it was announced.

Health chiefs

NEW DIRECTOR of the South Central Idaho Health district, Dr. Wayne Carte, left, met with board members Tuesday at Wood's Cafe in Jerome for a get-acquainted session. James Ingalls, right, was the acting director. Dr. Carte assumes the post Saturday.

Work safety law effective today

TWIN FALLS — The landmark federal "Occupational Safety and Health Act of 1970" takes effect today throughout the nation with the goal of insuring "safe and healthful working conditions and to preserve our human resources."

The act was signed into law by President Richard M. Nixon on Dec. 29, talking effect 120 days after signing.

The legislation authorizes the government to set and enforce occupational safety and health standards applicable to businesses in interstate commerce.

The legislation declares that "The Congress finds that personal injuries and illnesses arising out of work situations impose a substantial burden upon, and are a hindrance to, interstate commerce in terms of lost production, wage loss, medical expenses and disability compensation payments."

The complex law lists 13 areas of federal concern involving working conditions. They include reducing safety and health hazards, assigning "separate but dependent responsibilities and rights" for employers and employees in "achieving safe and healthful

working conditions"; providing for research in the field of occupational safety and health, and others.

Perhaps the most important provision is the authorization given the Secretary of Labor "to set mandatory occupational safety and health standards applicable to businesses affecting interstate commerce." The bill also creates an Occupational Safety and Health Review Commission "for carrying out adjudicatory functions."

The Secretary of Labor is given just two years to develop safety standards, and may, at any time, modify or revoke existing standards or may "promulgate" new standards. If the Secretary of Labor determines that employees in a specific industry are exposed to undue hazard from toxic or physically harmful working conditions, he may impose emergency controls on a temporary basis.

Each employer, the act declares, "shall furnish to each of his employees employment and a place of employment which are free from recognized hazards that are causing or are likely to cause death or serious physical harm..."

Employees are also ordered to "comply with occupational safety and health standards and all rules, regulations and orders issued pursuant to this act..."

The National Advisory Committee on Occupational Safety and Health is to include 12 members appointed by the Secretary of Labor, including four to be designated by the Secretary of Health, Education, and Welfare. The committee shall include representatives of management, labor, occupational safety and occupational health professions and the public. They will serve six-year terms, must meet at least twice each year, and will be "compensated" in accordance with the U.S. Code dealing with federal employees.

The legislation spells out in detail how the law is to be administered and lists a series of penalties for violation by employers ranging from fines of \$1,000 to \$10,000 for "citations" from the Secretary of Labor for single violations and up to \$10,000 for employers who "willfully or repeatedly" violate the law.

The Secretary of Labor "or his representative" may inspect any suspected working conditions at any time.

Hearing slated on Filer budget

FILER — Hearing on the proposed Filer school budget will be held from 5 to 7 p.m. May 4, Supt. Tom Turner said. The budget is for \$528,790, which is \$2,798 more than last year.

The budget includes an increase in salary schedule of \$200 per teacher, making the starting salary for a teacher with a B. A. degree \$5,800 and with a master's degree, \$6,100. It was necessary for trustees to reduce the budget requests by \$67,000 to comply with expected income.

Filer has shown a steady loss in enrollment for three years, resulting in a loss in average daily attendance, Supt. Turner said. Since state funds are based upon the daily attendance and 85 per cent of the transportation costs, Filer's

average loss on ADA has been about \$11,000 per year for three years, he said.

The extra money voted by the Legislature this year will increase the ADA allowance from last year's \$326 per ADA to about \$340 per ADA so the school will not suffer the same loss as in the past two years, Turner said.

The assessed valuation of the district dropped from \$7,617,237 to \$7,439,719 but the 25 per cent increase in sales tax returns to the districts will compensate for this loss and about \$15,000 sales tax money is expected, according to the superintendent.

The budget is based upon 30 mills levied for maintenance and operation and the regular 9 1/2 mills for bond interest and

redemption. Revenue expected from all sources should equal \$494,346, expected expenditures total \$528,790, and the balance from the 1970-71 budget should be \$34,449 to balance. The balance last year was \$33,685.

It has been necessary to drop two teachers from the budget, stated the superintendent, which means Hollister will operate with four teachers. If enrollments decline further, it will be necessary in the future to ask for more mills than the present 30 or to ask for a plant facility levy.

The expenditures, as compared with last year, are as follows: administrative expense, \$22,632, up \$200 from last year because of clerk's salary increase; total instructional expense, \$341,603, down \$3,654; health service, \$100, same as last year.

Transportation expense, \$58,000 up \$4,000, following a new bus contract; operation of plant, \$61,400, up \$3400, from cost of living raise for custodians and expected increase in utilities; maintenance of plant, \$17,465 up \$207, due to roof and other needed repairs.

Fixed charges, \$15,100, up \$500, as increase in Social Security and insurance; food service and student body expense, \$5630 a decrease of \$970; debt service, \$300, same as last year.

Tate enters race

FAIRFIELD — Norman Tate, Corral farmer, has filed for the three year term as trustee for Zone 1 of the Camas County School District No. 121. Tate moved to the district from Gooding several years ago.

Incumbent Zane Harrison, who held the position for nine years and had filed again as a candidate, has withdrawn his petition in favor of Tate. Harrison also served two terms as head of the Idaho Trustees

Association. The election will be held from 1 to 7 p.m. May 10 at the high school. At the same time voters will vote on a levy increase of five mills over the 30 mill maintenance and operation levy for the school.

The increase will be necessary to cover the proposed budget for the coming school year, according to Supt. Harold Stroud.

Murtaugh schools tax OK'd

MURTAUGH — Voters of Murtaugh Joint School District 418 approved a special four mill levy for school maintenance and operation Tuesday by an 82 per cent majority.

Supt. Florin Hulse said the additional four mills passed in the Cassia County and Twin Falls County sections of the district. In Cassia County the vote was 9 to one in favor and in Twin Falls County 68 to 16.

Supt. Hulse said the four mills will raise about \$12,500 and will aid the district cut short by a decrease in state funding, a drop in assessed valuation of the district and lower average daily attendance. The law allows 30 mills for maintenance and operation without an election but any increase beyond the 30 mills must be voted by the public.

James Perkins, chairman of the school board, and Supt. Hulse said the school officials appreciated the support of the patrons of the district in meeting the financial need of the district.

Arrest lawsuit settled

BOISE (UPI) — A lawsuit in which William Anderson of Burley sought more than \$200,000 from three city policemen has been settled out of court.

Anderson alleged he was held up to ridicule of fellow residents in an illegal arrest and search of his property on Aug. 23, 1968. He sought damages from Bill Dayley, Hank Willis and Rex Madden, Burley policemen, and asked the city be required to pay the same amount of damages awarded the officers.

After the action was filed, the court dismissed the city as a defendant. On April 1 this year the U.S. District Court dropped Dayley as a defendant.

Crews stake outlines of Hailey sewage unit

HAILEY — Engineering crews began Monday staking sewer lines in preliminaries for

Ex-Idahoan appointed

BOISE (UPI) — John L. Child, former resident of Boise and Meridian, has been named vice president and general counsel for property Research Financial Corp., a Los Angeles-based real estate investment firm.

Formerly, Child was vice president and regional counsel for Transamerica Title Insurance Co. of San Francisco.

He is the son of Bill Child, Idaho commissioner of public assistance.

Minico trustees to pay architect

By JERRY HERRMANN Times-News Writer

RUPERT — Minidoka County school trustees have decided to make the final payment to the architect for the two new junior high schools in the county, after considerable discussion of problems with the two facilities.

Grant Brower, of Brower Architects, Pocatello, appeared at the trustee meeting Monday night to find why his final payment had not been made for his work in designing the new East and West Minico Junior High schools which were occupied last fall.

Dave Spreier, trustee, asked who is going to "fix all the problems incurring at the new

schools, including leaks in the roof."

"I feel if we pay you, we won't get any work out of the contractor," the trustee said. Mitchell Construction Co., Pocatello, was the contractor for the project.

School officials say the check list for the new buildings is not complete, but the contractor claims it is. Brower said he has been told the check list has been completed and he understood all leaks in the roofs have been repaired.

Trustees told him that after the recent rains, several leaks were reported in the two schools.

Supt. Camden Meyer told the

architect the district still is getting "terrific electrical bills" for the two schools. He said he understood power would be sold to the district at a cheaper rate than it is and after some discussion, the board told Meyer to contact Idaho Power Co. to learn what it would cost to have the firm's engineers check out the entire system.

Brower also was asked about the problem of the sloping front lawn at East Minico Junior High School. One corner of the lawn is about a foot lower than the other and he was directed to see if the contractor could not level this, to avoid the mud puddles which now result during heavy rains.

Mountain ranges studied

TWIN FALLS — Study of the White Cloud and Boulder Mountain ranges for winter recreation possibilities and winter range of mountain sheep and goats, is scheduled for the coming week by Sawtooth National Forest officials.

Robert Hoag, Sawtooth recreation officer, said his office has been asked to make the study although the Challis Forest is involved in the area as well as the Sawtooth. He said he, John Combs, and Ralph Cisco, rangers, will cover the area by helicopter inspecting the areas for snow cover, verticle drop and check winter ranges which are on barren ridges of the Boulder Mountains.

They will also go on skis to inspect the area by ground for suitable future winter recreation areas including ski resort development and snowmobile area designation. Hoag said the study should be completed in one to two days.

Two tagged at Gooding

GOODING — Claude Scanlon, Richard Graves and Arden Stutzman were elected trustees of the Gooding School District during the trustee election Tuesday.

Supt. Dee Keller said Tuesday's turnout was good and more turnout than any other school election, except for the bond elections.

In trustee district one, Scanlon received 162 votes, while Dr. Douglas O. Smith Jr.

received 78. In district two, Graves was unopposed and received 37 votes. However, there were two write-in candidates, Dr. Ed Ryan, 13 votes, and Dick Ryan, one vote.

In district three, Stutzman received 39 votes as compared to Robert Frederickson's 18 votes.

Scanlon's and Graves' terms are for three years and Stutzman's term is for one year.

Sawtooth opinions prepared

SUN VALLEY — Opinions on the proposal to change the Sawtooth Primitive area to a wilderness classification are expected from a number of area citizens May 3 at 9 a.m. during a public hearing in the Sun Valley Opera House.

Robert Hoag, Sawtooth Forest recreation officer, said several interested groups and individuals have indicated they plan to attend the hearing in Sun Valley or the one on the following day, May 4 in Boise.

The proposed change has been in the study stages for several years and would remove 185,368 acres of the 205,172 acre primitive area in the Boise, Challis and Sawtooth forests and another 13,902 contiguous acres into an area to be known as the Sawtooth Wilderness Area. It would become part of the National Wilderness Preservation System.

Under such reclassification the lands would be withdrawn from all forms of appropriation under the mining laws and from disposition under all laws pertaining to mineral leasing.

Written statements will also be accepted from interested persons up to June 3, 1971, at the regional forester's office, Ogden, Utah.

Shoshone budget delayed

SHOSHONE — Members of the Shoshone school board have delayed action on adoption of next year's budget until the next trustee meeting May 18.

The budget hearing was held Monday night at the high school and Floyd O. Silva, Shoshone, commended trustees for their having held the budget down in view of the inflationary times.

He questioned the carryover of cash and trustees decided to study the legality of the carryover.

Also meeting with the board were school trustee Donald Rimbault, and Ray Webb, who was also present. The meeting was held at the high school.

Right line

STAKING SEWER line location is Arthur Elson, Nampa, during initial phases of construction on Hailey's new sewer treatment plant. Elson is with JUB Engineers of Boise, planner.

Jamboree Thursday to aid Burley Head Start

By GEORGIA LAYTON
Times-News Writer
BURLEY — A Country Music Jamboree will be held at 8 p.m. Thursday at the Burley High School auditorium with proceeds going to assist with expenses for the Full Day Head-Start Program, formerly the Day Care Center, 1600 Albion Ave.

Because of the name change from Day Care Center to the Full Day Head-Start Program, much more is expected in activities program, equipment and teaching, according to Mrs. Lois Cammack, director. "When the program was changed, increased funds were not provided and we are trying to raise the needed funds in the community," she added. Their food program is partially reimbursed from the USDA, but does not cover the full cost of the groceries. Classroom equipment and supplies are needed as well as funds for the general budget so the Full Day Head-Start Program can operate 12 months each year.

The program basically is educational in the mornings, with lunch at noon, followed by nap time and organized play. Other activities include examinations in hearing, sight, developmental tasks and complete medical check ups with limited amount of follow up, and a dental checkup with followup. The children being cared for are from low income families and with the free child care the mothers are able to be employed and assist with the family income. Parents who can do so donate a small fee to assist with the cost of their child's lunch, Mrs. Cammack said.

Chatburns list 4th generation in Grange

ALBION — Induction of Bill Chatburn into the Albion Grange made him the fourth generation of the family to belong to that organization. J. Vard Chatburn, grandfather of the inductee, gave the obligation. The late John Chatburn and Mrs. John (Zella) Chatburn were charter members of the Albion Grange in 1932; Mr. and Mrs. J. Vard Chatburn joined the grange in 1938; and Jim Chatburn became a member in July, 1953, and Mrs. Jim Chatburn joined in November, 1956. Bill Chatburn is the son of Mr.

and Mrs. Jim Chatburn. Walter Amende, master, said this is the first time in the history of the Albion Grange that a grandfather has given the obligation to a grandson. Mrs. J. Vard Chatburn, director of women's activities of the National Grange Sewing Contest reminded members that April 30 is the deadline for entering items. Mrs. Keith Amende, youth chairman, announced that a Junior Grange Camp is planned June 20-24. Mrs. Amende also announced that school art contest pictures were on display

in the hall for viewing after the meeting. A report was given on the county-wide clean up set for May 8, and all volunteer help asked to meet at the Albion City Park for work assignments. J. Vard Chatburn gave a report on the legislature; Jon Fillmore read an article about April Fool's Day; an explanation of Easter Day and the customs were presented by Mrs. Vard Chatburn, and an Easter legend was read by Mrs. John Chatburn. Mr. and Mrs. Walter Amende served refreshments.

Fiddler to entertain at Rupert hoedown

RUPERT — Raymond May, a well known fiddle player, will be one of the entertainers at the "Western Hoedown" set for 8 p.m. Saturday at Rupert Civic Auditorium. The public is invited. An hour and half program is planned followed by dancing, according to Bill Whitton and Grover Newman, co-chairmen

of the event. All proceeds will be donated to the Minidoka County Historical Society. Other entertainers are Gail Ward, Burley, who plays a saw; Delos Pierce, Aberdeen, a yodler and singer; Hale Family, Pocatello; Curley Clark, Blackfoot, and Mannie Shaw, Corral. The sound equipment is being furnished by Don and Jim's TV

Service, Rupert; the civic auditorium is being donated by the city of Rupert and the entertainers are donating their time. Members of the Minidoka County Historical Society are selling tickets. Tickets will be available at the door, as long as they last, according to Newman, who is directing the ticket sales.

Plan Hoedown
BILL WHITTON, left, Raymond May, fiddler, Rupert, and Grover Newman chat about the coming Western Hoedown set for 8 p.m. Saturday in the Rupert Civic Auditorium. Proceeds will be donated to the Minidoka County Historical Society.

Mini-Cassia

5 file for school jobs

RUPERT — Five petitions for Minidoka County School Trustees had been filed as of Tuesday at the Central school office. The trustee election is May 18 and the candidates have until 5 p.m. Friday to file their petitions. Bill Schafer, power plant manager at Minidoka Dam is a candidate for Zone 5, the post presently held by Sherill Stallings. Leonard Martin is seeking re-election for Zone 2 and Leo

Moore is seeking re-election in Zone 1. Petitions filed last week were Mrs. Fern Hunter, business manager for Minidoka County News, and Ferrell Catmull, Rupert—businessman, both seeking election in Zone 3. This post is presently held by David W. Spreier, board chairman. Other petitions are out but have not been returned or filed, according to school officials. Nile Maricle is the present trustee for Zone 4 and presently no one has filed for this zone.

Data check
LOOKING AT INFORMATION available for the public describing activities of the Bureau of Land Management are, from left, Harold Grayson, public information specialist, Boise; Max Bruce, Burley district manager, and Ed Evatz, information and education officer, Boise, during a workshop at Burley Tuesday.

Historical society sets May 4 meeting

BURLEY — The general membership meeting of the Cassia County Historical Society will be at 8 p.m. May 4 at Burley Masonic Hall. This meeting will be open to guests and prospective members, announced Al Dawson, society president. The program will include a film on the Franklin Mint followed by a question period with a member of the mint staff. The Franklin Mint is producing a sterling silver medal depicting the City of Rocks which will

be ready for delivery in May. A short slide presentation will be viewed on the society's train trip to Boise and the tour of Idaho City which was held last weekend. Reservations will be taken for a bus tour June 19 to Glenns Ferry for the opening of the Three Island State Park. The park is at the site of the pioneer crossing on Snake River. The days program will include a parade, historical pageant, barbecue and a speech by Gov. Cecil Andrus.

Workshop held by BLM

BURLEY — An information and educational workshop was held Tuesday by the Burley District of Bureau of Land Management at the Ponderosa Inn. The one day session was opened by Max Bruce, district manager. Special guests were Ed Evatz, information and Harold Grayson, Public Information specialist, Boise.

Evatz stressed the importance of getting information to the general public. A display of photography which gave information on BLM activities in the community was discussed by Grayson. A panel discussion was presented by Jake Hodges, KBAR Radio Station; John Eberline, editor of South Idaho Press and Ken Ricky, KMVT station, Twin Falls. Time is

needed prior to the date news releases are to be released was stressed by all three panel members. Round table discussions were held by the BLM Staff members on public relations, news media and information and education for the general public. A status report on the Johnny Horizon project was given by Grayson. Evatz spoke briefly on the "BLM's Role in Environmental Education."

Officers elected by district unit

BURLEY — Newly elected officers of Epsilon Sigma Alpha, District 3, were announced today by Mrs. Ken Fronk, Burley, retiring district president. Mrs. Richard Erwin, Paul, is president, Mrs. Maurice Fuller, Twin Falls, vice president; Mrs. Carl Peeler, Twin Falls, recording secretary, and Mrs. Derald Schafer, Burley, treasurer. Appointed officers include Mrs. Sandy Harney, Twin Falls, historian; Mrs. Ilene Mal, Burley, parliamentarian, and Mrs. Cheryl Mathison, Burley,

corresponding secretary. The new officers were installed during a candlelight ceremony. A circus theme was used for the table decorations and name tags.

Paul PTA officers installed at meet

PAUL — The Paul PTA held installation of new officers with Mrs. George Anderson, Minidoka County Council PTA president, as installing officer. New officers include Mrs. Larry Moore, president; Mrs. Don Jensen, vice president; Mrs. Sheldon Erickson, secretary, and Mrs. Leland

Sabin, treasurer. Third and fourth graders presented the program which depicted holidays of all seasons. Arts and crafts were displayed in the lunch room. Lucy Jensen was in charge of the program. Boy Scout Troop 150 posted the colors at the opening of the meeting.

Check due

BOISE (UPI) — Motorists are reminded by the department of law enforcement that they have until Friday to re-register or re-inspect vehicles having April expiration dates. Vehicles bearing a black 4 on inspection stickers are due for re-inspection before midnight Friday, and passenger cars and pickups with plates ending in 4 which are registered under the staggered licensing system face the same registration deadline.

News Of Record

MINIDOKA COUNTY Magistrate Court
Gary C. Holbrook, 24, Rupert, \$17.50, failure to yield the right of way; Lola Mae Halford, 49, Acequia, \$12.50, failure to register vehicle before operating; Nathan Dee Warren, 18, Rupert, \$10, no vehicle safety inspection, and Ray Gentry, 46, Rupert, \$17.50, driving on wrong side of road. Emery McMillan, 36, Rupert, \$12.50, failure to register annually; Theodore A. Hieb, 53, Rupert, \$10, operating trailer at night with slow moving emblem; Mabel K. Price, 57, Burley, \$17.50, stop sign at railroad, and Norma Newcomb, 41, Burley, \$10, expired safety inspection. Leonard D. Uhrich, 33, Rupert, \$17.50, expired license plates; Bonnie M. Dains, 40, Heyburn, \$17.50, failure to register vehicle; Richard B. Walton, 18, Burley, \$15 failure to wear safety helmet on motorcycle, and James E. McCall, 21, Paul, \$15, speeding. Dan G. Crane, 22, Hazelton, \$12.50, failure to register vehicle annually; Steven L. Hess, 23, Rupert, \$200 forfeited, driving while intoxicated; Mike L. Painter, 19, Rupert, \$50, illegal possession; Arthur Davis, 19, Acequia, \$51, driving in careless manner, and J.D. Cook, 54, Goldweight, Tex., \$200 driving on suspended driver's license.

More smokers
NEW YORK (UPI)—A three-year study of 23,724 students in 62 Illinois junior and senior high schools indicates the percentage of students who smoke cigarettes has probably increased in the last 10 years, the American Cancer Society reports.

Ford's Special Spring Values

Specially styled, specially priced Mustang and Torino at your Ford Dealer's now.

Mustang, with a racy look you've never seen on our hardtop before. Torino sports an all new vinyl halo roof and other extras at a very special price. You take a classic Mustang Hardtop. Add a sports car hood—NASA-type scoops and all. Dual racing mirrors. Color-keyed Spoiler bumper. A unique grille with sport lamps. Brighten the sides with Boss-tape stripes. Wide tires with special trim rings. Then cut the price of all the extras and you're home. Spring won't last forever. Neither will your Ford Dealer's Special Spring Values. Take our beautiful Ford Torino. Put new styling accents on the roof, the wheel covers, the sides, the doors, the upholstery. Add lots of other luxury touches for a very different look. But underneath, it's the same mid-price, mid-size Torino that's big enough to seat six, small enough to handle and park easily. See the new spring Torino and the 14 other Torinos at your Ford Dealer's now.

Ewing H. Little
Chairman
PUBLISH: Apr. 28, 1971.

By PETER WEAVER

Q — I packed a can of hair spray in my suitcase for a trip. A few hours later, while unpacking, I discovered the hair spray had leaked and had ruined two dresses.

I wrote the manufacturer, asking for compensation. They sent a bottle of cologne and asked me to return the can for examination. That's the last I heard. Do I have a legitimate claim for compensation? — Mrs. R. H., Platteville, Wis.

A — I assume your trip was by air. If so, the gift of cologne was just that — a gift. I don't think you have a chance with a claim. Aerosol cans must be carefully packed (wrapped in plastic bags) when traveling by air or by any other mode.

Because aerosol cans pose a possible explosive fire hazard on a plane, the Federal Aviation Administration has proposed a rule which would limit passengers' possession of such cans to 10 ounces.

Individual airlines have their own tariff rules on aerosol cans. Check with the airline before your flight to find out whether your hair spray is permitted on board.

Q — I am considering retiring this year in December at age 63. Should I file for Social Security benefits Jan. 1 or wait until age 64, the following August? — W. L. M., Tacoma, Wash.

A — Social Security calculates the benefits that would be payable to you at age 65 based on your record of earnings. If you take your benefits before 65, they deduct five-ninths of one per cent for every month under 65.

In your case, this means you would have a reduction of 11 per cent if you retired in January and seven per cent if you retired in August. If you're not working, it's usually better to take benefits earlier. If you are working, wait them out.

Q — I'm puzzled about a bill from my electric company. I know the rates have increased

In the last two months, but it's the usage increase I can't accept. Is there anyway the electric company can change the meters to make a difference in usage? — J. K., Clinton, Mass.

A — It's possible for a company to change the meters, but highly unlikely. More often than not, the extra usage you can't account for is caused by a small electricity leak somewhere.

They're hard to detect. Ask your utility to check your lines and wiring hookups. You might need an electrician to check your wiring and heavy electricity users (air-conditioners, electric range and the like).

Q — I have mildew in an upstairs closet. I have water-proofed the outer wall of the house and get only a temporary dry spell. What's causing this, and how can I get rid of it? A. T., East Alton, Ill.

A — Your closet may be next to bathroom water pipes or you could have a roof leak. You may need a building contractor to inspect the situation. The National Association of Home Builders has regional offices in most major cities and can recommend some names for home inspection service. You might try some do-it-yourself remedies:

- 1 — Put a lightbulb in the closet and leave it on.
- 2 — Increase the ventilation.
- 3 — Get a small, portable dehumidifier for the closet (costs around \$50) and remember to periodically empty the water that's collected.

2 Demos' red view assailed

BEDFORD, N.H. (UPI)—Mayor Sam Yorty of Los Angeles said today two potential Democratic presidential candidates are soft on communism. He also said they were trying to discredit the FBI.

A newsman asked Yorty whether Sens. George S. McGovern of South Dakota and Edmund S. Muskie of Maine are "soft on communism."

"I think it is fairly obvious," Yorty replied.

Yorty, also a Democrat, was in New Hampshire to sample voter opinion for a possible bid into this state's first-in-the-nation presidential primary next March.

Yorty said McGovern and Muskie have not attacked the government of North Vietnam or the Soviet Union's repression of Czechoslovakia's independence.

"I think that these people are not telling the American people the dangers of communism and the cause of the war," Yorty said.

On the question of attacks by McGovern and Muskie on FBI Director J. Edgar Hoover, Yorty said they were taking a great risk in aligning the Democratic Party against the FBI.

Yorty said he thinks the FBI should maintain surveillance of subversive elements in American society since the nation could become wracked by guerrilla warfare.

Computer suit looms

BOISE (UPI)—Idaho appears headed for a lawsuit over alleged purchase of three computers from the Univac division of Sperry Rand Corporation, it was reported Tuesday.

Chief Deputy Attorney General Clarence D. Suiter confirmed reports that spokesmen for Sperry Rand have refused to accept the state's attempt to cancel an agreement with the corporation.

An official signing his name only as "R. Stanzler" wrote Robert Lenaghan, acting director of administrative services, from Chicago April 16 rejecting Lenaghan's attempt to cancel

the agreement.

Stanzler said that all purchase contracts "are enforceable and are not cancellable by the state" so long as there has been an available budgetary appropriation by the state.

After study by a special committee named by Gov. Cecil D. Andrus, the state decided to cancel out the Univac 494 and two 9300's and replace them with two IBM 360's. Lenaghan wrote Sperry Rand the state wanted out of the agreements by June 30.

But Stanzler replied that Sperry Rand was rejecting his cancellation "and shall take any steps necessary to see that the state honors its contractual obligations under our agreements with it."

He said the present administration even questions whether Sperry Rand has a valid contract with the state. He said it never was approved by the purchasing agent and so far as he knows it was signed only by the former administrator of the Division of Management Services, an agency the Andrus administration is phasing out.

Assistant Attorney General Warren Felton, who has been assigned to the matter, said the alleged agreement with Sperry Rand said it was contingent upon a proper appropriation from the legislature.

Stanzler contended in his letter the legislature made such an appropriation for the period of July 1, 1971, through June 30, 1972. Felton said an appropriation was made to administrative services for \$293,030, to develop a data processing system but that the bill strictly limited expenditure of capital outlay to \$3,000.

Operate market

NEW OWNERS of Von Morley's Food Center in Jerome are Mr. and Mrs. Dick Featherston, who assumed ownership of the market this past week.

Featherstons new owners of market

JEROME — Mr. and Mrs. Dick Featherston, natives of Jerome, are the new owners of Von Morley's Food Center in Jerome.

Mr. and Mrs. Featherston are former owners of a grocery store at Castelford.

Featherston said the name of the store will be changed to Featherston's Clover Farm Food Center and will hold a grand opening in about thirty days.

Mrs. Featherston is the former Mary Vandehei, daughter of Mrs. Ralph Vandehei, Jerome, her husband is the son of Mr. and Mrs. Charles Featherston, Twin Falls.

The couple have four children: Jim, Oahu, Hawaii; Dan, Jerome; Mrs. Tom (Diana) Davis, Jerome, and Richard Jr., a senior at Jerome High School.

Boise man heads radio fund drive

NEW YORK — John O. McMurray of Stein-McMurray Insurance, Boise, has accepted the Idaho state chairmanship for the 1971 Radio Free Europe drive.

The appointment was announced here today by Stewart S. Cort, chairman of the board of Bethlehem Steel Corp. and national chairman of the RFE Fund.

Radio Free Europe is a privately-operated network of five stations broadcasting daily to Poland, Czechoslovakia, Hungary, Rumania and Bulgaria.

Insurance benefits reported

HARTFORD, Conn. — Benefits totaling \$3.3 million were paid to or for Idaho policyholders by Aetna Life and Casualty last year.

The payment total — an eight per cent increase over 1969 — includes benefits and claims paid on all forms of insurance annuities and bonds written by Aetna.

In addition, the company had a total of \$7.9 million in investments in the state at the end of 1970. The investment figure is the total amount the company has in bonds and stock, mortgage loans and real estate in Idaho.

Individual and group-life insurance totaling \$7.4 million was written in the state during 1970 by Aetna bringing the total protection in force for Idaho residents to \$30.4 million.

He said the present administration even questions whether Sperry Rand has a valid contract with the state. He said it never was approved by the purchasing agent and so far as he knows it was signed only by the former administrator of the Division of Management Services, an agency the Andrus administration is phasing out.

Assistant Attorney General Warren Felton, who has been assigned to the matter, said the alleged agreement with Sperry Rand said it was contingent upon a proper appropriation from the legislature.

Stanzler contended in his letter the legislature made such an appropriation for the period of July 1, 1971, through June 30, 1972. Felton said an appropriation was made to administrative services for \$293,030, to develop a data processing system but that the bill strictly limited expenditure of capital outlay to \$3,000.

Exports up

WASHINGTON (UPI) — The Commerce Department said Tuesday that U.S. exports exceeded imports by \$245.4 million last month, the largest trade surplus since August.

Robert Raikes, English newspaper publisher, began a Sunday school in 1780 to help educate children of the poor.

Market Review

NEW YORK (UPI)—Stocks held firm in heavy turnover as trading rounded the halfway mark Wednesday.

The Dow Jones industrial average was ahead 2.25 at 949.84, while Standard & Poor's 500 stock index showed a gain of 0.29 at 104.68.

Of the 1,599 issues crossing the tape, 745 advanced and 535 declined.

A three-hour turnover of 15,410,000 shares was up from 11,940,000 shares traded at a comparable period on Tuesday.

The better tone was attributed to optimistic statements on the economy made earlier this week by top government officials, higher first quarter earnings results from some of the nation's most prominent corporations, and a rise in the government's March index of leading economic indicators.

One analyst said "all this reinforces the belief the economy has turned around," and that better times are ahead.

Among the day's most-active issues were Oklahoma Gas & Electric off ¼, Eastern Air Lines down ¼, Ralston Purina Co. up ¼ (ex-dividend), San Diego Gas & Electric ¼ lower, Braniff Airways unchanged and Lockheed ¼ higher.

Less active General Motors was ahead more than a point. GM announced record first quarter unit and dollar sales and net income of \$610 million for the period.

Cooler in the nation

Mostly fair tonight, tomorrow

RAIN and showers will occur from the Great Lakes and New England down along the Atlantic Coast to North Carolina. The remainder of the country will have fair weather except for the Gulf Coast where it will be cloudy. It will be cooler in much of the nation. (UPI)

Highs Thursday mostly 60s. Lows tonight 25 to 35. Outlook for Friday, mostly fair with little temperature change.

Synopsis: A weak front passed through southern Idaho this morning with a few sprinkles in the valleys and widely scattered light showers in the mountains. Partly cloudy skies are expected in all sections becoming mostly fair later tonight.

Wall Street Chatter

NEW YORK (UPI)—The current bull market differs from its predecessors in that most of the buying seems to be coming from institutions while the investing public remains on the sidelines, Filor Bullard & Smyth says.

If the bull market is to endure, the investing public will have to step up its participation, the firm adds.

The indicated business pick-up, along with some reduction of inflationary pressure, has "started to generate the essentially contra-stock forces that ultimately put the lid on bull markets," Spear and Staff says. Moderation of expansive fiscal and monetary policies and firming interest rates, it adds, most likely will be reflected in the market by irregular trading patterns of the popular averages.

"From here on in, the market's performance will depend on realizations, not hopes," Alexander Hamilton Institute says. The firm believes the strong economy, healthy corporate earnings and lower unemployment which "the market has been looking forward to so long" will materialize and that now is a good time for a firm commitment to stocks.

Fundamental economic forces are still bullish and the market's rise has not yet run its course, F. I. DuPont Glorie Forgan says. The recent price rise is having little effect on the market and certainly has not precipitated a major slide, it observes.

Twin Falls Temperatures

Another weak frontal system moving toward the coast will bring partly cloudy skies back again by Thursday afternoon in eastern Oregon and southwestern Idaho.

This morning's temperatures ranged from the 30s in southeastern Idaho to the 40s in southwestern Idaho. Minimums Thursday morning will generally be in the 30s. Warmer afternoons are expected with highs mostly in the 60s.

Successful Investing

By ROGER E. SPEAR

Q — Last summer I purchased several Ramada Inns 8 per cent convertible bonds. They are now worth about twice what I paid. How can I protect my investment against a price decline? — B. H.

A — There are two trading tools which professionals use to protect profits, neither entirely satisfactory. Your broker can place a stop order or a stop-limit order at a price several points below the current trading level. In the case of the stop order, if the security drops to the pre-set price, the stop order becomes a market order and is executed. However, if an influx of sell orders prevents the specialist from being able to sell at the desired level, the transaction will be made at a lower price. A stop limit order is similar but the limit prevents the sale from being executed at a price lower than the pre-set one. In a sharp downturn your order would be executed either at the agreed price or not at all. Both methods involve risk and are of limited value for the average investor.

Q — I hold 17 shares of Household Finance \$4.40 preferred. Would it be advisable for me to convert now? Also, would you give me information on Central Illinois Public Service 4 per cent preferred shares which I own. I never see any notes on this in the newspaper. H.F.

A — Since HFC common is currently trading at a small premium over conversion value, the transaction would put you ahead \$20-\$40. You would lose income by the exchange, though. At present you receive \$74.80 annually in dividends, after conversion your return would be reduced to \$61.20. However, unless dividends are vital to you, I favor converting. Central Illinois Public Service 4 per cent \$4.00, preferred is a small issue with only 150,000 shares outstanding. Interest in this unlisted issue is limited and therefore trading is spasmodic. Recent bids have been in the upper 40s with no offerings. At that level you have a current return of over 8 per cent.

(Roger Spear's 52-page Investment Guide (recently revised and in its 12th printing is available to all readers of this column. Send \$1 with name and address to Roger E. Spear, Times-News, Box 1618, Grand Central Station, New York, N. Y. 10017.)

Quotations from Louis N. Ritter Co., Twin Falls

The normal life expectancy of a cottontail rabbit is less than one year.

Time For Living

By ROGERS FRANKLIN
In the spirit of National Music Week, May 2-9, I'd like to salute the millions of Americans who enjoy music and entertain us through music and song.

Perhaps you're among the thousands who have formed orchestras, combos, kitchen bands, and concert ensembles for fun and profit. Or maybe your group is similar to the "Show Stoppers," performers of all ages, young and old, who are currently entertaining in New York City nursing and convalescent homes.

One star attraction of "Show Stoppers" is Strawberry Russett, who started in show business as a minstrel in the South. He delights patients who hum along clapping their hands as he sings his own songs. "The Best Things in Life Are Free." Two fellow performers are George Kennedy, an 87-year-old Irish singer, and baritone Gene Terrell, 65, both of whom have been heartily applauded when they take stage center.

"The great thing about our organization," says founder Natalie Purvin Fragon, "is that we stimulate oldsters of show business who are still young at heart. No matter how many aches and pains we old-timers seem to have, we come to life when you put us on the stage."

"The interchange between our senior performers and our young people is beautiful. The older performers help the youngsters polish their acts, while the youngsters provide the kind of excitement that inspires our old-timers to do their best."

Another favorite group for everybody is The Society For the Preservation and Enhancement of Barbershop Quartet Singing in America, Inc. (International Office, 6315 3rd Ave., Kenosha, Wis. 53141). If you've ever seen them — especially in competition — it's unforgettable! Their great goal is put in three words: "Keep America Singing."

A great-grandmother I know keeps in swing with her piano. Mrs. Louise Cargill, 78, plays the piano accompaniment for the singing groups of three Thousand Oaks, Calif., schools. "When they first asked me to play," she says, "it had been so long since I'd performed that I thought I'd panic, but I didn't."

It's a labor of love for her, particularly when it involves both music and family — her great-granddaughter, Christy, sings in one school's chorus. "What really pleases me," says Mrs. Cargill, "is to see my name on the same program with hers."

Sometimes music can become a significant social contribution. William Grant Still, 75, the untested dean of black composers, has been conducting and composing symphonies for 55 years.

He says he's rarely encountered prejudice as a musician, and he frequently draws upon his black heritage for his compositions. "In Memoriam: The Colored Soldiers Who Died For Democracy" speaks of his own dream of brotherhood and is as relevant today as when he wrote it just after World War II. Still ranks high among the leaders in interracial influence because he used the method he knew best — music.

If you're a musical dropout, or if you've never played a note in your life, why not give music a try? You can easily join or start a music club in your community. The National Federation of Music Clubs, Suite 1215, 600 Michigan Avenue, Chicago, Ill. 60605, will be glad to hear from you, and help.

It wouldn't take you more than half a tune to discover or rediscover the rewards that await you when you play an instrument or sing a song.

Ted, aide agree health bill rising

WASHINGTON (UPI)—Sen. Edward M. Kennedy and Secretary Elliot L. Richardson of Health, Education and Welfare agree that by 1974 the nation's health bill—for everything from aspirin to surgeons—will reach \$100 billion.

What they disagree about is how the American people shall pay the bill. The issue is fundamental and if it is not resolved by the 92nd Congress it may go before the American people in the 1972 presidential election.

Kennedy, appearing before the cost-conscious Senate Finance Committee Monday, argued that the people will best be served if the government collects the money in taxes and returns it to the people in the form of no-charge health insurance, operated by the government and offering the population the opportunity never again to face a doctor or hospital bill.

Richardson argued that the government should require employers and employees to pay for comprehensive health insurance with the government confined to the role of subsidizing insurance for the poor.

Both agree that between now and 1974, the nation's health costs will rise about one-third, reaching \$100 billion. In comparison, the American people paid \$88 billion in federal income taxes last year.

Kennedy contended that turning the job over to private insurance companies, including the nonprofit Blue Cross and Blue Shield, would be wasteful.

Directors keep works private

AMSTERDAM (UPI)—Unicena NM (LTD), the holding company controlling the world chains of C&A and Ohrbach department stores, may be the biggest clothing retail business around.

Only the 19 directors of Unicena, 11 of whom bear the name Breninkmeyer, know for sure. Like the elusive Howard Hughes, the Breninkmeyers don't like to talk about themselves or have their pictures taken.

(Mark Klausner, public relations director for Ohrbach's in New York, was asked about Anthony Breninkmeyer who heads up the Unicena interest in the United States. What could he tell about him? "Not much, really," said Klausner, "except that he's the chairman of our board." How could he be reached? "I don't think he can be reached. I think he lives in Manhattan; and I understand he's married with several children. I'd like to be helpful, but he won't authorize any publicity; he's most reluctant about that. I don't even have his biography.")

Privacy is important to the Breninkmeyer family, the owners of Unicena and its 175 retail outlets in the United States, Britain, West Germany, Belgium and Holland.

The secrecy has its roots in the 17th-century beginnings of C&A. In the late 1600s, when the first Breninkmeyer linen traders laid the foundations of the family business, the male members kept their accounts in code and talked to each other in a special slang that customers could not understand. They did not even explain the code to their wives or daughters.

Even now the holding company name—Unicena—hides its connections with the retail shops: Uni C. En (and) A. The initials themselves stand for Clements and August, the first two Breninkmeyer brothers to open a shop in 1691.

Two years ago, when company law threatened to force the British subsidiary C&A Modes to make its accounts public, the Breninkmeyers converted the company into a partnership. A partnership does not have to disclose its accounts.

The result of the Breninkmeyer "privacy" is that any guesses about the company's total wealth and profits remain just that—guesses.

C&A is a family business, and the Breninkmeyers are the business.

The Unicena regulations are:

NO TREAT SACRAMENTO, Calif. (UPI)—The Senate Judiciary Committee has approved legislation making it a crime punishable by up to 10 years in prison to disseminate or razor blades into Halloween candy.

Seven members of the militant, eighting Minimums organization were convicted of the early 1967 plot and five were sentenced to prison terms while two others received probation.

All appeals of the conviction were denied last November and Diemert and White failed to show up to begin serving their sentences.

Bail jump nets pair jail time

SPOKANE (UPI)—Two western Washington members of the Redmond Police Department were sentenced Monday in Federal Court here to two and one-half years in prison for bail jumping.

Jerome N. Diemert, Arlington, and Ervin J. White, Edmonds; both 45, were sentenced by Federal Judge Charles L. Powell after they changed their pleas from innocent to guilty on the charge.

Powell said the terms were to run concurrently with three-year sentences the two were given in August 1968, for their part in a plot to blow up the Redmond police station and rob three Seattle-area banks.

Seven members of the militant, eighting Minimums organization were convicted of the early 1967 plot and five were sentenced to prison terms while two others received probation.

All appeals of the conviction were denied last November and Diemert and White failed to show up to begin serving their sentences.

Twin Falls track team cops triangular meet from Borah and Boise

BOISE — The Twin Falls Bruins, keeping their undefeated relay intact, ran their consecutive meet winning streak to 17 Tuesday afternoon by defeating the Borah Lions and Boise Braves in a triangular meet.

Although the meet was marked by several close races, Twin Falls ran off with the team scoring with 95 1/2 while Borah had 56 1/2 and Boise 23.

Holmes, Stanger lose chairs on F&G panel

BOISE — Ray J. Holmes of Twin Falls and Ray Stanger of Idaho Falls, the two veterans of the Idaho Fish and Game Commission, were replaced Tuesday by Gov. Cecil Andrus and Jack Hemingway of Ketchum and Jack Alvord of Pocatello.

The appointment of Hemingway, a resident of Idaho since 1967, ended 18 years of Holmes' representation of the fourth (Magic Valley) district on the commission. Stanger also had served three terms.

Hopkins gets ace; Indians cop victory

BUHL — Steve Hopkins of Buhl fired a hole-in-one and grabbed medalist honors Tuesday afternoon to lead the Indians to a seven-way high school golf match victory over the Clear Lakes Course.

The result leaves the commission with no one in service for more than four years. It serves as the policy-making and budget supervisor of the Idaho Fish and Game Department.

Hopkins converted the ace on the par three, 80-yard 17th hole and wound up with a four-over par 72. That gave him a two-stroke edge over Rick Lowe of Jerome in the race for the medal.

Hemingway, who is an associate editor of Sports-Afield magazine, was termed "a nationally recognized sports enthusiast" in the appointment. He is a member of Trout Unlimited and the Fly Fishermen's Federation.

Buhl wound up with 312 strokes, a dozen ahead of runner-up Jerome while Kimberly and Gooding had 345, Filler 352, Glenns Ferry 365 and Valley 399.

Alvord, a former Twin Falls resident, has been associated with sportsmen's clubs for over 30 years and served in the hierarchy of the Bannock County Sportsmen's Club.

Scoring for Buhl were Hopkins 72, Mark Machacek 79, Dave Rogers 78 and Dennis Hoffman 85.

Canadiens go 1-up on Stars

The same seven teams will meet again May 30 on the Jerome Country Club course.

MONTREAL (UPI) — Pete Mahovich scored two goals Tuesday night as the Montreal Canadiens took a 3-2 lead in the best of seven National Hockey League Stanley Cup semifinals with a 6-1 victory over the Minnesota North Stars.

Hawks nip Rangers in overtime

CHICAGO (UPI) — Bobby Hull rifled a 20-foot shot past goalie Ed Giacomin at 6:35 of the first overtime period Tuesday night to give the Chicago Black Hawks a 3-2 win over the New York Rangers and a 3-2 lead in games in their best of seven semifinal of the Stanley Cup playoff series.

Mahovich broke up a scoreless contest when he drove home a 25-foot shot at 2:24 of the second period. Henri Richard won the face-off outside the North Stars' goal and fed the puck back to Mahovich who slapped the puck past a surprised Cesare Maniago in the Minnesota net.

It was the first goal in the five games against the Rangers for Hull but his seventh in nine games in the playoffs this year, including over Philadelphia by the Hawks.

Barry Gibbs was in the penalty box in the third period for Minnesota when Mahovich tipped in Guy Lapointe's blue line shot.

The goal came on only the fourth shot by Hull on the net in the game. Pit Martin set up the score as he passed from the corner to Hull who was on Giacomin's right with a partial screen between him and the net. Hull bounced the puck once before he fired and the shot rose into the right corner of the cage.

Lapointe, Montreal's rookie defenseman, fired what proved to be the winner at 1:14 of the third period on pass from captain Jean Beliveau. The North Stars threatened 26 seconds later when Danny Grant narrowed the count to 2-1 with his fourth goal of the playoffs. But Mahovich's second goal of the game ended the threat.

The win, in the second overtime game between the two teams in the five game series, put the Hawks in position to win the series in the next game on Ranger ice Thursday night. Should the Rangers win, then, the series would end in the Hawk rink Sunday.

The Canadiens put the game far out of reach with three more tallies in less than two minutes. John Ferguson, Frank Mahovich with his 10th goal of the playoffs, and Yvan Cournoyer all beat Maniago from in close in the last period.

The Hawks completely dominated the overtime period, leveling seven shots on the New York nets while limiting the Rangers to only one on Hawk goalie Tony Esposito.

Bucks feel confident of victory

MILWAUKEE (UPI) — Admitting "nobody's going to hand anything to us," Milwaukee Bucks Coach Larry Costello felt confident about winning game No. 3 tonight in the National Basketball Association finals against the Baltimore Bullets. "It could be the knockout blow. I'm not saying it will be, but it could be," Costello said Tuesday. "Heck, if we lost they could square it at 2-2 Friday and we'd be right back where we started." He said the Bucks were ready and they wanted to get it over with as soon as possible.

"But nobody's going to hand anything to us. We've got to go out and do it," he said. But while the Bucks are eyeing a playoff sweep, they'll be playing tonight as if the series is all tied up.

"It's the only attitude to take," said guard Jon Mc Glocklin. "In Baltimore Sunday, we were up by about 15 and somebody—I think it was Oscar Robertson—made the comment, 'We've got to go out and play like we're tied.'"

"That's right," Mc Glocklin said, "We can't afford to let up now, either as individuals or as a team."

Snell signs with New York

NEW YORK (UPI) — Fullback Matt Snell, whose career was threatened last year when he tore his Achilles tendon, has signed his 1971 contract with the New York Jets. It was announced Tuesday by the National Football League team.

Snell, a seven-year veteran, missed the 1st 10 games of the season in 1970 but reported he is fit again to play football. No salary terms were announced but the Jets said he is receiving a slight increase.

The Jets also announced they have reached a contract agreement with Al Atkinson, their middle linebacker and defensive captain.

Bullets ink Oregon star

BALTIMORE (UP) The Baltimore Bullets Tuesday announced they signed Oregon University forward Stan Love to an estimated \$500,000, multi-year contract, making him the highest paid rookie in Bullets history.

The club said Love signed a contract after two days of lengthy negotiations. Love was not immediately available for comment here because the Bullets whisked him to Washington to sign the contract in the office of owner Abe Pollin's attorney.

Love, 6-9, also drafted by the Texas Chaparrals of the American Basketball Association, averaged 24.9 points a game in his senior year at Oregon.

Coaching aide rewarded

Meyerhoeffer, 11 athletes cited by CSI Eagle Boosters

Jerry Meyerhoeffer, who has served as CSI dean of admissions and assistant coach pro-tem, was rewarded for his five-year effort by the Eagle Boosters Tuesday night. Making the presentation is Booster President Don Molesworth.

Harper-led Bobcats win meet

BURLEY — Ken Harper romped for three first places and set the only record of the day in leading the Burley frosh to victory in their own track invitational Tuesday afternoon.

Harper won the 100-yard dash in 10.9 and the 220-yard dash in 24.4, then set a 22-flat clocking in the low hurdles. His hurdle effort eclipsed by one tenth second the mark established two years ago by Twin Falls' Rick Spriggs.

Despite good conditions, the field was unable to mount much of a threat on the other marks. Most of the team will compete in the Robert Stuart invitational in Twin Falls Thursday afternoon.

Mile run — Walker, B. Sunderland, E. Norm, O. Keller, W. 3:10.1
440 yard relay — Stuart, (Tucker, Machamer, Hillman, Gillenwater), O'Leary, Burley 49.6
100 yard dash — Green, B. Martindale, B. Cordell, E. McDonald, 0:57.5
Low hurdles — Harper, B. Wageman, B. Spang, B. Snapp, E. 22.0 (new record)
High jump — Prangler, E. Virtue, E. Eiler, S. Brown, S. 5' 2"
Team scoring — Burley 47 1/2, O'Leary 44, East 35 1/2, Stuart 32, West 9

Rocket land Utah's Newlin

SAN DIEGO (UPI) — The San Diego Rockets of the NBA signed No. 2 draft choice Mike Newlin of the University of Utah to a multi-year contract Tuesday.

The terms of the contract were confidential but Newlin said he was very pleased. A third round draft choice of the Denver Rockets of the American Basketball Association, Newlin said he chose San Diego because he preferred the National Basketball Association and was happy with the geographics because he lived a long time in Los Angeles.

Lew and Oscar schedule tour

WASHINGTON (UPI) — Basketball stars Lew Alcindor and Oscar Robertson will make a six-nation tour of Africa next June, the State Department said Tuesday.

They will be accompanied by their coach, Larry Costello of the Milwaukee Bucks. They will conduct clinics and give exhibitions in Algeria, Senegal, Mali, Nigeria, Tanzania and the Small Republic.

Hawaii has imported about everything, including such familiar symbols as the ukulele, says National Geographic.

Generation gap? Jim Beam never heard of it.

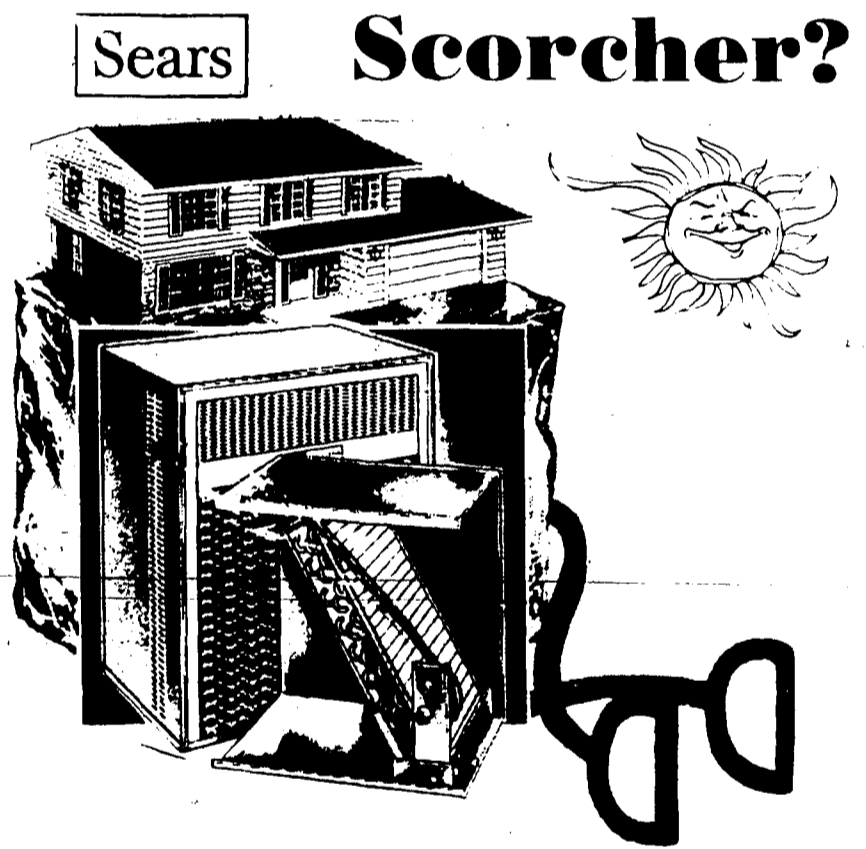

Bert Bacharach, America's top music composer. And his father, Bert, famed newspaper columnist.

The Bacharachs, Famous son, famous father. They're of different generations. But in one way they're alike, exactly alike—each is a craftsman. With a respect for his craft. And a desire to excel at it. The Beams, too, are craftsmen. Their craft is distilling Bourbon. And for 176 (176!) years now, son has followed father at that craft. Each with a respect for it. Each with a desire to excel at it. It's a proud record. It's a proud Bourbon—smooth and light and mellow. With a rich aroma full of promise. Jim Beam. For six generations; one family, one formula, one purpose. The world's finest Bourbon.

Vegas Vic ends losing streak in derby trial

LOUISVILLE, Ky. (UPI)—Vegas Vic, snapping out of the doldrums of three straight defeats, darted to the front in the stretch at Churchill Downs Tuesday to win the \$21,400 Derby Trial Stakes by a length.

With Jockey Howard Grant in the saddle, Vegas Vic had to pull outside a staggering Juniors Arrowhead to avoid being bumped. He then went on to win the mile event for his third victory of the year.

Juniors Arrowhead hung on gamely to take second place by a length and one half over On The Money. Martini Again was fourth only a head farther back and was followed by Rapid Tim, Bopdaveille and Prospect Hill.

Vegas Vic, who suffered two defeats in California including a third place in the Santa Anora Derby, was a poor fifth in the Forerunner Purse at Kennelard

on April 16 he cut a leg in that race and today's event proved he had completely recovered from the injury and earned a starters role in Saturday's Kentucky Derby.

Bopdaveille and Prospect Hill, who were possible starters in the Kentucky Derby, probably eliminated themselves from the first of the Triple Crown classics. Vegas Vic was timed in 1:37, far off the Stakes record of 1:34 2-5 set by Ack Ack in 1969.

The son of T.V. Lark was a strong favorite and paid \$4.40, \$3.20 and \$2.60 across the board. He carried only 116 pounds and will have to carry 126 pounds Saturday. Juniors Arrowhead, ridden by Don Brumfield, who won the Kentucky Derby with Kauai King in 1966, paid \$4.00 and \$3.00. On the money paid \$2.40.

Yankees edge Sox 6-5 in 12 innings

NEW YORK (UPI)—Felipe Alou greeted reliever Wilbur Wood with a run-scoring single in the 12th inning Tuesday night to give the New York Yankees a 6-5 victory over the Chicago White Sox.

After the Yankees loaded the bases with none out in the 11th inning but failed to score, Thurman Munson led off the 12th with a walk and was forced by Roy White. Danny Cater followed with a hit-and-run single that sent White to third and knocked Terry Forster out of the game. Wilbur Wood replaced Forster and allowed the Yankees' 16th hit, Alou's single through the drawn-in infield that won the game.

Lindy McDaniel, who had lost his first two decisions, pitched one-hit ball over the final 3 1-3 innings to gain the victory.

OAKLAND (UPI)—Dave Johnson, hitting safely in his 16th straight game, drove in four runs with a double and a single to give Dave McNally and the Baltimore Orioles a 6-2 win over Oakland Tuesday night.

Baltimore Orioles 6, Oakland Athletics 2.

Aaron hits 600th homer but Mays, Giants defeat Braves

ATLANTA (UPI)—The amazing Willie Mays singled home the winning run in the 10th inning with his fourth hit of the game Tuesday night as the San Francisco Giants beat the Atlanta Braves, 6-5, despite Hank Aaron's 600th career home run.

Mays, who will be 40 years old next month, came up to the plate with two on and two out and rifled a pitch by loser Bob Priddy into right field to score Hal Lanier with the deciding run.

Aaron's homer, his eighth of the season came off Gaylord Perry and was a towering smash that hit the top of the wall behind the left field fence and bounced back onto the field. It had made Aaron the third man in baseball history to hit the 600 plateau. The other two were Babe Ruth, who had 714, and Mays, who has 633.

Flood leaves baseball and Senators for unknown reason

WASHINGTON (UPI)—Curt Flood, the Washington Senators' \$105,000 centerfielder, quit baseball Tuesday with the explanation to clubowner Bob Short that he has "very serious personal problems mounting every day."

Flood's decision to jump the Senators and quit baseball was made known to Short in a telegram from the former St. Louis Cardinals' star. It was received 20 minutes after a press conference at RFK Stadium in which Short revealed that Flood had apparently left the club.

The telegram came from John F. Kennedy Airport in New York City where it was understood that Flood had arranged transportation to Europe.

"I tried," Flood said in the telegram to Short. "A year and a half is too much. Very serious personal problems mounting every day. Thank you for your confidence and understanding."

Flood, who stayed out of baseball in 1970 to test the legality of the reserve clause in court, spent much of his time last year in Copenhagen, Denmark. It is rumored, however, that he may have decided to go to Spain.

The 32-year-old Flood started the 1971 season with a .293 lifetime batting average but

West North East South	3.N.T.
Pass 6.N.T. Pass Pass	
Opening lead: ♠K	

After this it is a very simple matter to take the rest of the tricks. He wins the second spade and notes that East has shown out. Then he runs off three hearts and four clubs and watches West follow to six of these seven leads. This accounts for 11 of West's 13 cards. He can't have more than two diamonds so South cashes the ace of diamonds, leads a diamond to dummy's king and finishes against East's jack with absolute certainty.

Should South make the mistake of winning the first spade he would have to guess when he got to the third diamond lead. Good guessers do all right, but those who substitute certainties do better.

(NEWSPAPER ENTERPRISE ASSN.)

♥+CARD Sense♦♦

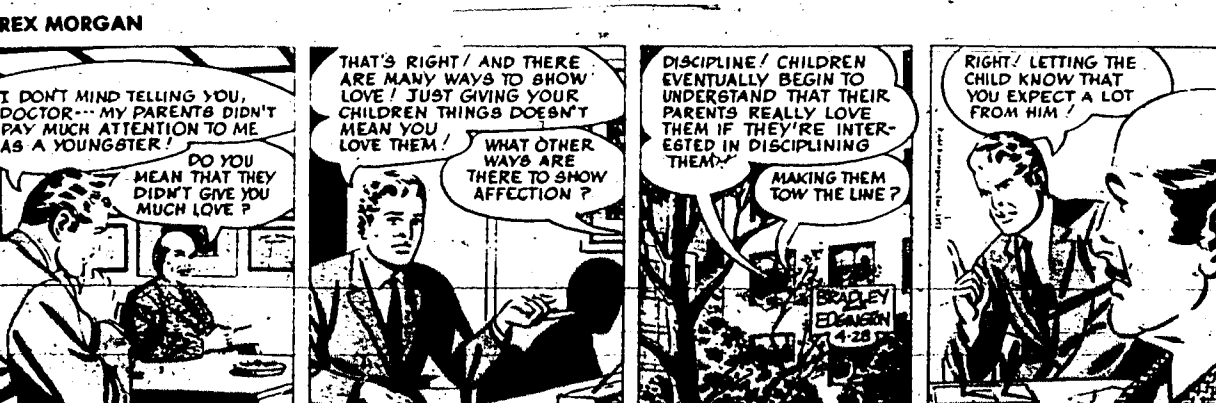

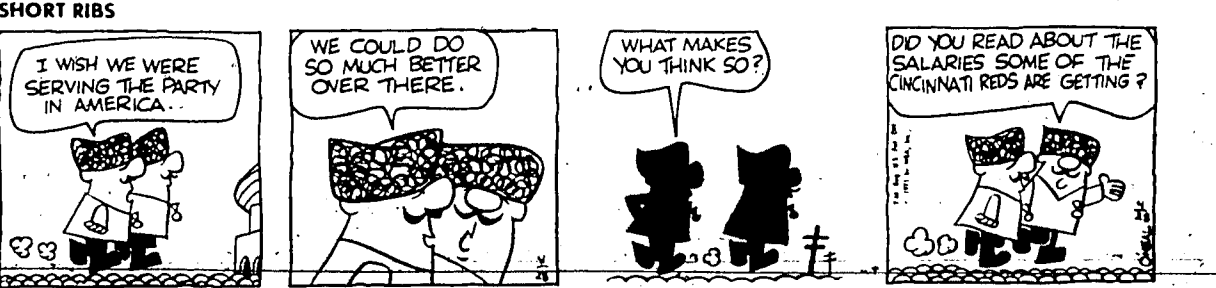

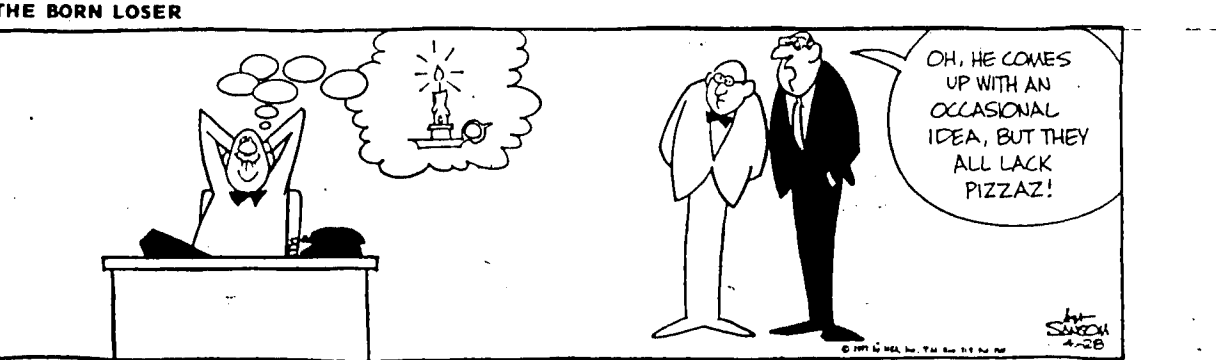

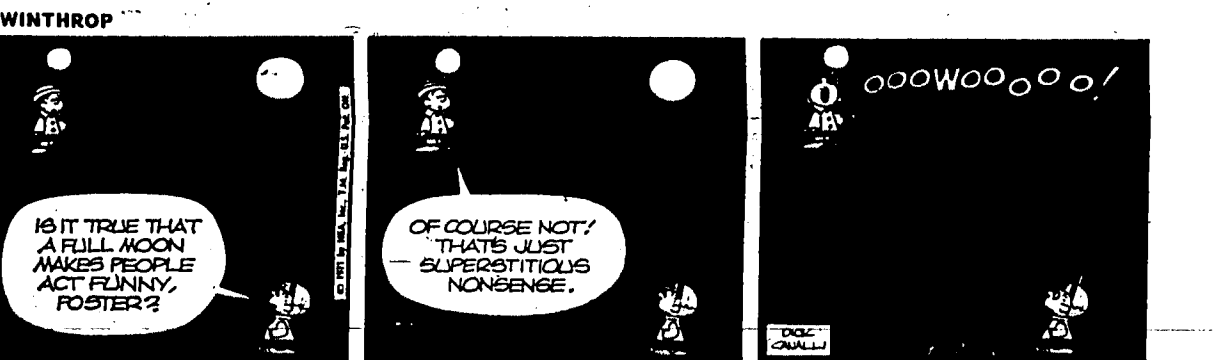

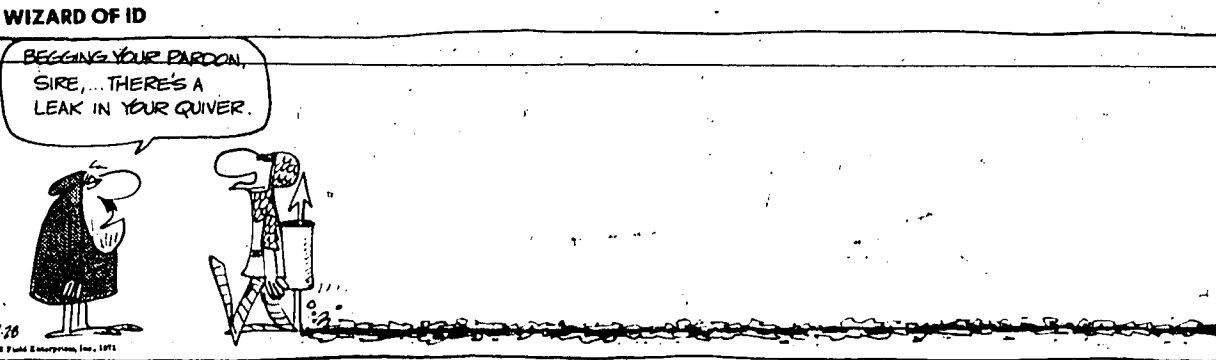

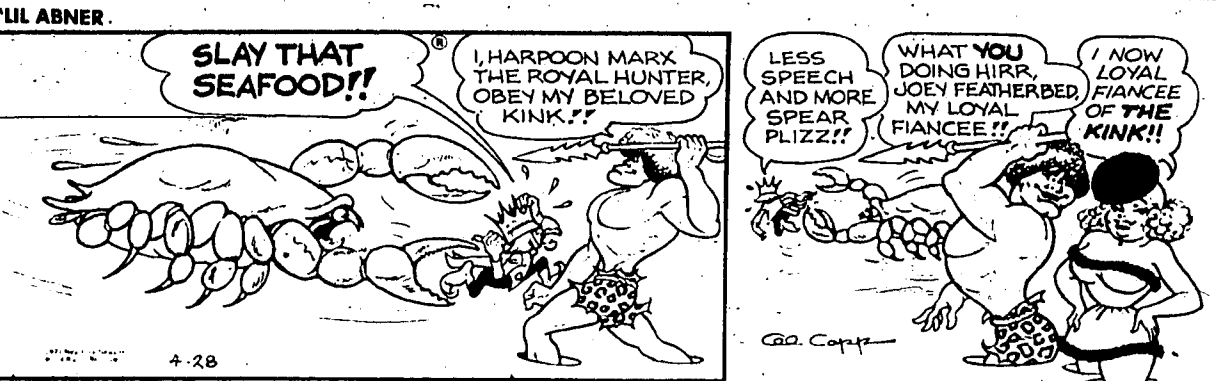

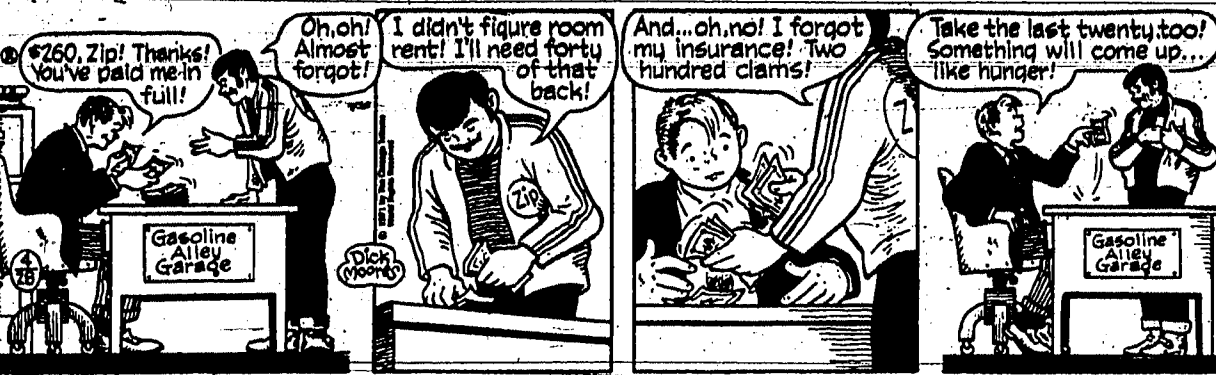

The bidding has been:
West North East South
1 ♣ Pass 1 ♦
2 ♣ Pass 2 ♣
2 ♣ Pass Pass ?
You, South, hold:
♠7543 ♥8632 ♦AKQ ♣74

What do you do now?
A—Pass. You will probably beat two spades. You might double in a match point game to try for a top.

TODAY'S QUESTION

Instead of rebidding two clubs your partner has bid one spade over your one diamond. What do you do now?

Answer Tomorrow

PASS IT ON
by L.M. Boyd

PRETTIEST WOMEN in the country now marry advertising men. They used to marry engineers. Five years ago. Not anymore. Don't know why the change. But an advanced student of the matter insists it's so. Before engineers the prettiest women married doctors. Before doctors, military officers, particularly Army. And before officers, they married salesmen. But that was way back. Way way back.

CRIME STATISTICIANS say Tokyo has relinquished its title as the pickpocket capital of the world. To South America's Bogota. When there, if ever, look out... AS IO THOSE FIVE WORDS in the English language that end in "dous," they're tremendous, stupendous, horrendous, hazardous, and, still can't remember the last one. nuts!... DID I TELL YOU 22 per cent of the world's books are printed in English? And 17 per cent are printed in Russian?

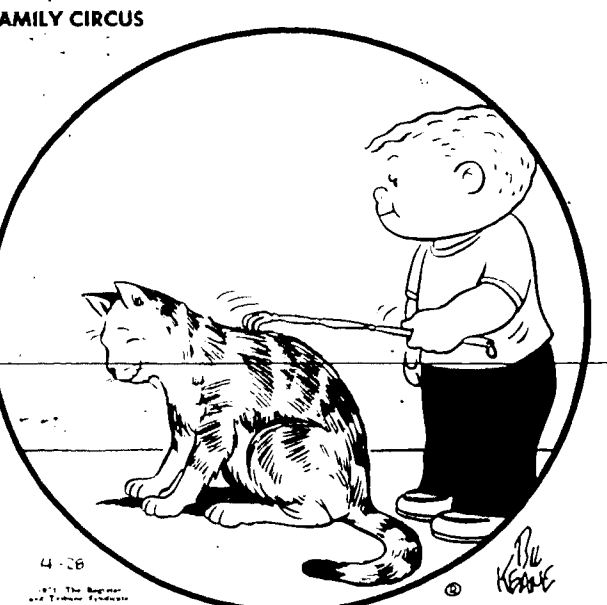

APPROXIMATELY one out of every 100 citizens gets no dental cavities. It's not just the nature of the tooth enamel. It's something in the saliva that fights bacteria. A germicide. What the medical boys are trying to put together now, naturally enough, is a pill to make us all so antiseptic. They expect to, too.

CUSTOMER SERVICE: Q: "I'd say far more women than men are compulsive eaters, right?" A: Only because they're home more, say the experts. Closer to the refrigerator. Q: "Know Joe Louis boxed a lot of exhibition matches for the Armed Forces, but other than that, how many official bouts did he fight? And win? By knockouts?" A: Official fights, 71 Wins, 68. With 54 knockouts. Might mention 24 of those knockouts came in either the first or second rounds. Q: "At what age can most youngsters be toilet trained?" A: Girls, age 2. Boys, age 3. Those are the unfortunate facts, gentlemen.

A SOCIOLOGIST told me this week the ladyfriend and I are old birds. Because we eat breakfast together, lunch together, and dinner together, except rarely. He said not one American couple in 100,000 does likewise anymore. Interesting. Didn't realize that... ON ANY GIVEN DAY, just about half the prisoners in local jails are not there because they've been convicted of something. Most are waiting for trials. Some are waiting to be charged. Others are waiting to be questioned, turned loose, or shipped out.

ALREADY TOLD you the brother of Samuel Colt, who invented the revolver, once killed a man with a hatchet. At his trial, Sam was called to testify on his brother's behalf. Numerous newsmen were at hand. So Sam took that opportunity on the witness stand to describe in great detail his own marvelous new handgun. Quite a piece of promotion! That was the beginning of the Colt 45 fame. Sam's speech left no doubt whatsoever about the superiority of the pistol over the hatchet. Oh, Sam, you wouldn't! He did.

For Half-Sizes! Runabout Wrap Printed Pattern 9084 SIZES 8-18

9491 SIZES 10 1/2-20 1/2

by Marian Martin

Eight graceful cores get you off to a swinging start into summer — they're sure to stir up breezes and compliments. Ideal for linen.

Printed Pattern 9491: NEW Half Sizes 10 1/2, 12 1/2, 14 1/2, 16 1/2, 18 1/2, 20 1/2. Size 14 1/2 (bust 37) takes 2 1/2 yards 39-inch.

Printed Pattern 9084: New Misses' Sizes 8, 10, 12, 14, 16, 18. Size 12 (bust 34) takes 2 1/2 yards 60-inch fabric.

SEVENTY-FIVE CENTS for each pattern — add 25 cents for each pattern for Air Mail and Special Handling. Send to Marian Martin, Times-News 395, Pattern Dept., 232 West 18th St., New York, N. Y. 10011. Print NAME, ADDRESS with ZIP, SIZE and STYLE NUMBER.

Swing into Spring! New, New Pattern Catalog has separates, jumpsuits, slimming shapes, free pattern coupon 50¢.

INSTANT SEWING BOOK sew today, wear tomorrow. \$1. INSTANT FASHION BOOK — Hundreds of fashion facts. \$1.

Yes, a Free factory installed air conditioner with every new full size Pontiac sold thru May 17, 1971. We must have 50 used cars by May 17 and in order to do this we know we must give huge trade allowances plus the added bonus of air conditioning FREE.

Remember the charge for air conditioning will be deducted from the sticker price on any full size New Pontiac in stock or ordered by May 17th.

PLUS... We will allow you a minimum of \$400 extra on anything you want to use for a trade in. Give us a try we are desperate and we're not kidding.

1971 PONTIAC CATALINA
