TEN CENTS

Envoy escapes bomb

PHNOM PENH (UPI)—Terrorists tried to assassinate U.S. ambassador Emory C. Swank today, but a 20 pound charge of plastic explosive aimed at his car failed to explode.

Police said three terrorists pushed a bicycle loaded with the deadly charge at the ambassador's auto as it passed the Than pagoda along the route Swank normally uses travelling to work. The bicycle missed the car and ended up on the sidewalk.

The three men, disguised as a bread seller and two customers, apparently escaped. Selling bread from bicycles is normal in Phnom Penh.

Swank was unaware of the incident until three hours later, when he was briefed by security officers. Security around both his home and the embassy was stepped up.

The 20-pound package of plastic—a deadly explosive that could have destroyed the car and killed or maimed anybody in the vicinity if it had gone off—was found tied to a carrier behind the seat of the bicycle. It was the first terror attack aimed against Americans in Cambodia in nearly three months and the first ever against the highest ranking U.S. diplomat.

On June 15th, a grenade was thrown at a carload of U.S. military attaches, and plastic charges exploded in front of homes of embassy Marine guards and military attaches on June 1st.

TERRORISTS in Phnom Penh, Cambodia, failed today in an attempt to assassinate American Ambassador Emory C. Swank, shown in 1970 file photo. Police officials said plot failed when bomb didn't explode. Swank was unhurt. Attempt was latest in series of attacks against Americans in Cambodian capital which appear well-planned but poorly executed. (UPI)

Cost council browbeats executives

WASHINGTON (UPI)—President Nixon's efforts to bring the economy back to life moved into a new area today with an attempt to talk the heads of six corporations out of dividend increases they plan to pay their stockholders.

The Cost of Living Council summoned the six executives to an afternoon meeting to explain what circumstances prompted them to announce dividend hikes after the wage-price-freeze began three weeks ago. Dividends and interest rates are not frozen, but Nixon has urged banks and corporations to hold the line during the 90-day stall period.

Those called to today's meetings included Yale A. Blank, president of Martin Yale Industries Inc., Chicago; Charles L. Coughlin, president of Briggs and Stratton Corp., Milwaukee; Victor Posner, president of National Propane

Corp., New Hyde Park, N.Y.; Louis Pozez, president of Volume Shoe Corp., Topeka, Kan.; Ernest A. Siemssen, president of Salas Corp. of America; and Max Wettstein, president of Florida telephone Corp., Ocala, Fla.

Today's meeting marked the first time since the freeze began that the administration has gone after any individual companies to push its policies. During the weekend Commerce Secretary Maurice H. Stans wired the heads of 1,250 of the nation's largest corporations asking—but not demanding—that their dividends be frozen.

The Cost of Living Council issued a dividend guideline Saturday saying such payments "should remain at a rate not exceeding the effective rate declared in the most recent dividend period prior to Aug. 15, 1971."

Yanks advance to back drive

SAIGON (UPI)—U.S. troops moved back into the abandoned Vandegrift Combat Base today and began firing their big guns to support a South Vietnamese task force advancing in a major new operation below the Demilitarized Zone (DMZ), field reports said.

The U.S. armored and artillery units moved into Vandegrift, now covered with elephant grass and other undergrowth, at mid-morning. They set up their big six-inch artillery pieces on a plateau off Route 9 in the desolate region 10 miles south of the DMZ.

"I guess you've got to take things as they come," said Pvt. Gary Dawson, 19, of Chicago Heights, Ill. "I'm getting out of here in 30 days, and I'll be awfully glad to get back home again. It's all a bunch of lies when they say there aren't any

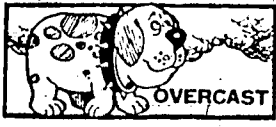

Americans fighting around here. There are a damn awful lot of us. Take a look around."

UPI Correspondent Stewart Kellerman reported from Vandegrift—which had been closed after last spring's government drive into Laos—that dozens of camouflaged South Vietnamese armored personnel carriers were moving in and out of the outpost today.

Field reports said more than 2,000 American soldiers had been moved into Quang Tri province to back up the government task force, many of them occupying rear area bases and relieving the South Vietnamese to move up to the front.

"We have maintained a defensive posture," the U.S. command said. "Those operations have not changed. We are not sending out troops to search and engage the enemy."

Highway strike settled

'No blame' in Irish killings

BELFAST, Northern Ireland (UPI)—The British Army and the militant Provisional Wing of the Irish Republican Army (IRA) today denied responsibility for the death of the province's second child shooting victim in three days.

Annette McGavigan, 14, died in Londonderry's Roman Catholic Bogside area Monday when caught in crossfire between snipers and British troops. She was the 100th fatality in Northern Ireland in two years.

The youngster, carrying a lollipop in one hand, was hit in the head as she walked along Abbey Street. She had told a friend, she was going to find a rubber bullet to add to her collection of riot souvenirs.

The gun battle started after rocks, gelignite and nail bombs were thrown at troops and soldiers fired CS nausea gas and rubber bullets to disperse crowds. Crowds surged through the area when word of the child's death spread, shouting "child killers" and "British murderers" at troops.

In a statement today, a British army spokesman said nine shots were fired by gunmen at troops in three separate incidents. "Fire was returned by troops on two occasions," he said. "In each case, fire was aimed at one individual gunman. In neither case was there anyone else in the line of fire."

FILER — The strike against the Twin Falls Construction Co., which had halted work on a highway project near Jordan's Corner in Filer, is "temporarily settled," but legal problems remain, according to Duane Schrank, vice president of Twin Falls Construction.

Pickets which had been posted at the construction site had been withdrawn this morning, and work was continuing on the highway reconstruction project.

Schrank said, however, that he had been advised by the firm's legal counsel to make no further comment, pending settlement of unspecified "legal problems."

Nixon sets drug unit

WASHINGTON (UPI)—President Nixon announced today establishment of a cabinet-level committee on international narcotics control to be headed by Secretary of State William P. Rogers.

Rogers termed the move "the most major effort yet made to control international narcotics traffic." He said his group would seek through diplomatic means to locate and stem the source of heroin and other illicit drugs.

Jetliner crashes through underpass

HAMBURG, Germany (UPI)—A twin-engine jetliner with 121 West Germans aboard on a charter flight to Spain made an attempted landing on a highway moments after takeoff Monday, skidded in a trail of sparks, slammed through an overpass, swerved into a field and burst into flames.

Twenty persons aboard the British-built aircraft were killed, including three who died in hospitals. Thirty-eight other persons were injured seriously and 53 escaped with bruises.

The persons were missing, and police speculated they had been picked up by passing

motorists and taken to hospitals.

Police said that shortly after the BAC111 jet took off from Hamburg's Fuhlsbuettel Airport, pilot Reinhold Huels, 31, radioed the tower he was having difficulty with the engines. Witnesses later said they heard two small explosions when the plane passed overhead before crashing.

Huels, a veteran of 4,000 hours in BAC111 aircraft, was injured seriously. Four other of the six crewmen also survived. The plane was operated by the Munich-based Painternational Charter Co.

Racial busing begins

By United Press International
Amid racial unrest, Jacksonville, Fla., begins a school desegregation program today that requires the busing of almost half its students.

Florida's second largest city was among a number of school systems around the nation beginning new terms. Many Southern schools opened last week under federal desegregation plans calling for extensive busing to achieve a racial balance in classrooms. There were few incidents.

Busing also moves into the North today with the opening of schools at Pontiac, Mich., where 10 school buses were destroyed by explosives last week. Citizens groups have failed in legal efforts to revive or delay the desegregation program requiring the North's first busing to achieve a racial balance.

On the eve of the Jacksonville opening, police had to use tear gas to disperse about 800 blacks throwing rocks and bottles at cars in a black neighborhood. Mayor Hans Tanzler ordered a curfew over a square-mile portion of the area. There were no reports of serious injury in the disturbance which, police said, began when a policeman was attacked while answering a family disturbance call in the black neighborhood.

The Jacksonville desegregation program is in two phases, the first providing for the busing of 55,000 of the school system's 123,000 students, compared to 38,750 last year. Phase Two raises the busing total to 75,000 and goes into effect in 1972.

There was some apprehension also at Chattanooga, Tenn., where schools opened today under a new integration order.

'All calm' in breakout

MONTEVIDEO (UPI)—When Billy Rial called police to report more than 100 Tupamaro guerrillas had just escaped from the Punta Carretas Maximum Security Prison, authorities were somewhat disbelieving.

"Everything is calm at the prison," a police officer told Rial after a telephone check with Punta Carretas.

Rial had trouble convincing them that calm or not, the prison was 111 inmates short. They had just escaped through a 40-yard tunnel that ended in the living room of his mother's house just outside the 100-year-old stone-walled prison.

According to authorities, 106 of the urban terrorists and five

other prisoners got out through the tunnel before dawn Monday. So far none of the escapers has been captured although the government has launched a massive campaign to round them up and has put the nation on an "intensification of the state of alert."

The government announced it is determined to "go as far as the law allows to meet the grave situation facing the nation."

Among those who escaped in Uruguay's biggest jailbreak was Raul Sendic, a 34-year-old former law student who is founder and leader of the urban terrorist movement that has specialized in kidnaping—and sometimes killing—foreign diplomats, advisers and businessmen.

Rial said he was at home alone Sunday night when a young man knocked at his door and said: "Stay calm, I am a Tupamaro and we're going to use your house."

Rial said "at first I thought it was a joke, but when I saw another young man I let them in." When his mother, his girl friend and two neighbors arrived later they also were held prisoners during the nine-hour escape. At all times, Rial said, they were treated "correctly" by the Tupamaros.

"During those nine hours they didn't even drink a cup of coffee, although I offered them some," Rial said. "It's incredible that no one heard them because around midnight we could hear digging sounds and they came up exactly in my living room."

"I called police but they wouldn't believe me," Rial said. A police officer told him, "It can't be, just a minute, we'll call the prison."

A few seconds later, Rial said the officer told him "everything is tranquil at the prison."

Fest site said healthy enough

TWIN FALLS — The Wood River Rock Festival posed no major health hazards to the Bellevue area, according to David Dingman, environmentalist for the South-Central District Health Department at Twin Falls.

Festival promoter Jack Teater signed an agreement with Dr. Wayne Carte, district director of the health department on sanitary precautions, including provision for privies. The privies, inspected on construction by health department personnel, were "satisfactory," Dingman said today.

The reported lack of "facilities" including paper in some of the privies during the later stages of the rockfest was no worse a problem than is found in many forest service or other public facilities, Dingman insisted.

The water of Slaughterhouse Creek, which ran through the festival grounds, was tested for purity before the rockfest began, but has not been tested since. Dingman said "There would be little use, since the people walking over it continually, the count (of bacteria) would be too high to be of use."

Dingman said the 1,000-plus rockfest fans who attended the event could not create a worse health hazard than the community of Halley, which has been dumping raw sewage into the Big Wood River "for many years."

"Actually," Dingman said, "many people out camping

seem to have less concern about our environment than the 'hippies'."

"Just look at the Big Wood or Salmon River campgrounds after the Fourth of July if you want to see a mess," Dingman said. "The rock festival fans didn't create any worse mess than many campers do all the time."

In fact, Dingman said, much of the solid waste during the rockfest was gathered up during the event and piled for later disposal.

U.S. soothes miffed Japanese

WASHINGTON (UPI)—President Nixon and his top advisers this week will try to repair relations with the Japanese government of Premier Eisaku Sato, which is threatened with political disaster because of recent American diplomatic and economic moves.

A group of eight Japanese cabinet ministers, headed by Foreign Minister Takeo Fukuda will be in Washington Wednesday and Thursday for the eighth annual meeting of the Joint U.S.-Japan Committee on Trade and Economic Affairs.

During the two days, the Japanese officials will receive the red carpet treatment, including a White House dinner.

Secretary of State William P. Rogers and other cabinet officers will deal with the problems between the two countries in a series of private meetings.

Rogers has said that U.S. officials, during their talks with the Japanese, "want to make it perfectly clear that the initiatives that we have taken towards the People's Republic of China and the President's new economic policy will not in any way undermine or diminish the very excellent relationship that exists between the United States and Japan."

The official Japanese view is that the President's action already have seriously da-

maged that relationship and has raised the question of just how much faith Japan can put in Washington's word in the future.

The first blow came when Nixon in mid-July suddenly announced his plan to visit Peking. Despite public pledges by both the United States and Japan to take no significant moves on China policy without full prior consultation, Nixon's announcement came as a complete surprise to Sato and all other Japanese officials.

Sato, who had been holding the line in resisting pressure for Japan to abandon Nationalist China and who had held back from diplomatic overtures

toward Peking, felt that Nixon had pulled the rug from under him and seriously damaged his position in Japan and the rest of Asia.

In mid-August, when Nixon announced his new economic policy with its very serious effect on Japanese trade, Sato did not receive enough advance warning to even tell his own ministers. He was advised in a telephone call from Rogers just a few minutes before Nixon went on the air.

The fact that Japan is one of the chief targets of the new 10 per cent surcharge on imports, combined with the loss of face involved in Sato's not knowing what was coming, made the blow doubly serious.

Group terrorized

VENTURA, Calif. (UPI)—A group of 14 vacationers was terrorized for five hours early Monday by two armed men who broke into their rented house, robbed them of cash and jewelry and raped two women and two teen-age girls. Two suspects were arrested. Police said a group of San Fernando Valley, Calif., residents, whose names were withheld, had rented a house in the Pierpont area here for a week's vacation. Shortly after midnight, two men, one carrying a knife and the other a gun, broke into the

house, ransacked it, raped the women and girls and tied up everybody. The men stole two cars for their getaway. One suspect, tentatively identified as Rick Stevling, about 25, was arrested in what authorities said was the stolen vehicle three miles from the house. Ventura detectives arrested a second suspect, Antonio Almaraz, 23, Ventura, later in the day in Santa Barbara, Calif. The four female victims, ages 15, 17, 34 and 42, were treated at Ventura General Hospital.

Australian man held in deaths

ADELAIDE, Australia (UPI)—Police accused a 40-year-old truck driver today of murdering 10 persons—including his wife and seven children. They said he shot them with a .22 rifle after stunning them with a rubber mallet. The man, Clifford C. Bartholomew, appeared before Justice of the Peace Allan K. McNally charged with the death of his wife, Heather, 40, on Monday. Police said further charges in the death of the other nine victims probably would be made later.

The victims of the worst mass murder in Australian history were Bartholomew's wife, their seven children—Noville, 19, Christine, 17, Sharon, 15, Helen, 13, Gregory, 11, Roger, 9 and Sandra, 4—and Mrs. Bartholomew's sister, Mrs. Winnie Keane, 23, and her son, Danny, 16 months. They were killed in a lonely dairy farm house at Hope Forest, 35 miles south of Adelaide. Police prosecutor John Dunsmore said during the appearance before the justice of the peace on whether bail should be set that Bartholomew had been living apart from his wife since Aug. 25 and went to the home Sunday to see his family, but found only his eldest son at home.

He returned to his mother's house, where he was staying, but could not sleep. Dunsmore said early Monday he returned to the farm and "went into a shed where he collected a large rubber mallet" and a .22 rifle and then went into the house, where he hit his wife, who called out for her sister. "Mrs. Keane came into the room and Bartholomew hit her with the mallet. Then she ran from the house taking with her the rifle which had been left standing in a passageway."

Outside, the police prosecutor claimed, Bartholomew hit Mrs. Keane several times until she collapsed and then returned to the house.

"At this the children were awake and he attacked two of them with the mallet and systematically shot them all," Dunsmore said. "Some of them he shot twice."

He said Bartholomew went outside and shot Mrs. Keane, then wrote a letter to police and later telephone police.

McNally denied bail to Bartholomew and asked him if he opposed being remanded in custody. Bartholomew, a slightly-built man in a green sweater and grey slacks, replied "no, sir." No date has been set for trial.

Valley Obituaries

H. Hofnecht

TWIN FALLS — Hugo L. Hofnecht, 50, owner and operator of the St. Regis bar, died Monday at Magic Valley Memorial Hospital following an extended illness.

Born Sept. 23, 1920 in Mandan, S. D., he moved to Portland, Ore., where during World War II he served with the U. S. Navy. After recovering from medical rehabilitation during the war, at Sun Valley, he came to Twin Falls to work for Western Music Co. In 1955 he purchased the St. Regis bar. He recently purchased a farm in Jerome and had made his home there.

Hofnecht was a member of the Veterans of Foreign Wars and Kayler Lodge, 94, Twin Falls. On Dec. 19, 1964 he married Betty Pool. Surviving in addition to his widow are his mother, Ruth Hofnecht, Olympia, Wash., two sons, Tommy and Hugo Hofnecht, Jr., and three daughters, Sharon, Lori and JoAnn Hofnecht, all Jerome; a brother, Fred Hofnecht, Los Angeles, Calif., and a sister, Mrs. Marjorie Fuller, Olympia. Funeral services will be conducted at 3 p.m. Wednesday in Reynolds Funeral Chapel with Rev. Herbert Morris, First United Methodist Church, officiating. Pilot charges game officials

NEW YORK (UPI) — Utah helicopter pilot James Vogan, the man who testified before a senate interior committee that 770 eagles were shot in Wyoming, has charged Wyoming government officials with covering up the shootings.

Vogan, appearing on ABC's Dick Cavett show Sunday night, said Wyoming Game and Fish wardens submitted reports of the eagle shooting to state officials "and they were kicked back from upstairs."

Vogan said state officials were afraid to do anything against ranchers Herman Werner, and his son-in-law, Van Irvine. "They practically control the state," Vogan said. "They have so much power in that state, that everyone is afraid."

Vogan testified that 567 eagles were killed over Werner's ranch. And Irvine pleaded no contest to 29 game violations stemming from the baiting of dead antelope carcasses with poison for predator control in July.

Vogan said persons he flew over Wyoming killed 770 eagles during six - month period, and were under the impression they were not breaking any laws.

He said Wyoming law used to allow the shooting of eagles if the shooter had a permit, and he was under the impression that Buffalo Flying Service, the company he flew for, had such a permit.

"I was under the impression and told they had permits or I certainly wouldn't have had anything to do with it," Vogan said.

He also said the men who shot the eagles "were told by myself

or Mr. Vaughn, of Buffalo Flying Service, that they did have permits to shoot them."

Vogan claimed Werner "brainwashed" him into shooting the birds. "The ranchers told me they had killed lambs," he said. "And I felt in my own mind that (the eagle) was a predator."

A trip to Salmon, Idaho changed Vogan's mind, he said. Vogan said he went to Idaho to see a friend, Gene Robertson. Robertson took him to an eagle nesting area near Salmon, and he "kinda really made me feel sorry this thing (eagle shooting) was happening."

Vogan said he was fired by Werner when he returned from Washington because "I refused to sign a statement clearing this man of responsibility. He was totally responsible."

When Vogan returned Werner said he had ordered the 48-year-old pilot to quit shooting the eagles when he first heard about the incident. "I told them not to shoot them," Werner said. "I said they are not my eagles, they belong to my Uncle Sam, and I don't want you shooting them off of my helicopter."

Vogan, however, said Werner ordered him to "shoot all the eagles I could."

Werner said he fired Vogan because "I got to thinking about the eagles that were left around down there (near Werner's Ranch), and that he was going to be flying my helicopter and probably shoot them."

"I was fearful for the eagles," Werner said, "and thought I'd better get him out of my helicopter and out of my hair."

Beaver moved to new homes

BOISE (UPI) — Regional conservation officers have reported that their district officers are making live transplants of beaver from irrigated or other troublesome areas to more desirable places back on the forest.

During a recent two - day meeting in Boise at the Idaho Fish and Game Department, regional conservation officer Walt Browne, Coeur d'Alene, said they had trapped three beaver in Benewah County and moved them onto tributaries of the St. Joe River.

Walt Berry, counterpart to Browne at Lewiston, reported the live transplanting of beaver from Elk and Potlatch Creeks to higher country.

Beaver complaints from irrigators are not so numerous in the mountainous Mc Call region, but regional conservation officer Tom Reinacker reported that they moved one beaver from Clear Creek to Smith's Ferry on the Payette River.

Tokyo vows Taiwan aid in UN fight

TOKYO (UPI) — Foreign Minister Takeo Fukuda said today Japan will support United Nations resolutions aimed at preserving the seat of Nationalist China, but may not co-sponsor them.

Fukuda made the statement at a news conference shortly before leaving Tokyo at the head of a six-man delegation for trade and economics talks with American cabinet ministers.

"The question of whether we will be a sponsoring country is still to be arranged in the light of the events in the United Nations and the movements within the Liberal-Democratic Party," Fukuda said.

The Liberal-Democratic Party (LDP) is Japan's ruling party, with a substantial majority in Parliament.

Fukuda said much of Japan still views the United States' new China policy with suspicion.

Waste piles deadly

WASHINGTON (UPI)—The Bureau of Mine said Monday that nearly 300 coal waste piles are burning throughout the nation, mostly in Appalachia, and have caused scores of injuries and at least 55 deaths.

"They occupy an estimated 3,200 acres that could be put to better use," the bureau said.

It said the so-called "culm banks" have poisoned the air with smoke, gas and ash and caused deaths and injuries through fires, explosions and avalanches.

Better advance planning and practical ways to use coal mine waste commercially, as aggregate or fill, "is badly needed," the bureau said.

The bureau made the disclosures in reports published Monday on what it said were two of the worst environmental

problems connected with coal-fires in the coal mine refuse piles and land slinkage over undermined areas.

The bureau made a case study of 12 Western Pennsylvania counties that account for 99 per cent of the state's underground bituminous coal production.

Bomb threat received

CASTLEFORD — School was dismissed a few minutes early Monday at the Castleford High School after a bomb threat was received at the school.

Floyd Bowers, superintendent, said the call to the school was made at 3:15 p.m. as classes were getting ready to be dismissed for the day. He said the bell rang and students were let out of school.

Sheriff Paul Corder said a deputy from his department searched the high school but no bomb was located.

Answers call

TWIN FALLS — An engine from the Twin Falls Fire Department answered a call at 2:25 p.m. Monday to a grass fire at 1420 Seventh Ave. E.

Firemen said the blaze was extinguished and men and equipment were back in quarters at 2:45 p.m.

Vote data drive set

TWIN FALLS — Members of the Interim Regional Airport Committee will meet in Twin Falls tonight to begin plans for an educational campaign in connection with the Oct. 28 election on creating a regional airport authority.

George Forschler, chairman of the group, said plans are to present basic layouts for a brochure which will tell the story of the election and plans to go ahead with a regional airport project if the election carries and the project is accepted as feasible.

He said members will also discuss organization for making information available to the public in advance of the October election.

Seats open in 4 adult ISU classes

TWIN FALLS — Additional students are necessary for four Idaho State University continuing education classes to be held in Twin Falls, according to Marvin Glasscock, College of Southern Idaho coordinator for special classes.

He said the proposed school law course needs only one more student to have the 16 necessary for the class to be held; educational psychology needs two more students; aerospace needs five and speech correction requires seven more students.

Any adult interested in any of these extension classes is asked to call Glasscock at CSI.

Seek name

OGDEN (UPI) — Authorities today were trying to identify the skeletal remains of a man found in the mountains near here.

Two teenagers found the skeleton Monday.

A Weber County Sheriff's Office spokesman said items found with the remains included a rifle, pair of cowboy boots, pistol holster and some buttons.

There was no immediate way of determining how long ago the man died, the spokesman said.

Kennedy, wife at opening

WASHINGTON (UPI) — About 20 minutes before curtain time, Sen. and Mrs. Edward M. Kennedy walked quickly through the grand foyer. With hardly a glance at the huge bronze bust of John F. Kennedy, they slipped into the opera house and took their seats on the aisle.

There they sat in the dimness for the one hour 45-minute performance of Leonard Bernstein's musical work "Mass" that at its conclusion of hope exploded into 17 minutes of wave after wave of ovation.

The Kennedys and about 2,200 other persons attended Monday night the first public performance in the John F. Kennedy Center for the Performing Arts, Washington's official memorial to the fallen President.

Tonight congressmen and the diplomatic corps will attend another preview performance, and Wednesday night a glittering crowd led by most of the Kennedy clan will attend the \$70 million center's grand opening.

Despite a rumor to the contrary, Jacqueline Kennedy Onassis is not expected to attend the grand opening. Her personal secretary, Nancy Tuckerman, said in New York that "I'm quite sure it is not true." Mrs. Onassis would not attend for "personal and private reasons."

Hunt robber

SPOKANE (UPI) — The search continued today for a young man with long hair fixed in ponytail who robbed a service station of \$105 early Monday.

Officers said the robber, who kept his hand in a jacket pocket, made off on foot with the money.

Recovery of victims continues

JUNEAU, Alaska (UPI) — Rescue workers Monday began bringing down from a mountainside the bodies of the 111 victims of the worst air disaster involving a single plane in U.S. history. The operation could take three days.

Officials were hopeful that two instruments recovered in the wreckage of the Alaska Airlines 727 airliner might provide some clues to explain why the plane crashed Saturday into the wall of the 3,500-foot mountain in wet, foggy weather. All 104 passengers and seven crew members were killed.

Fog and low clouds lifted over the rugged crash site in the Chilkoot Mountains and investigators from the National Transportation Safety Board found the voice recorder and flight data recorder from the wrecked craft.

The wreckage of the jet was scattered over two square miles in the mountains. The crash was unexplained and the pilot had reported no trouble.

Fire scorched much of the wreckage, which was broken into hundreds of pieces, and part of the fuselage fell down a cliff.

Load stolen

SPOKANE (UPI) — Apparently someone in this area needed lumber Monday. Police today were trying to find out who it was.

Spokane County Sheriff's deputies say a 40-foot, semi-trailer load of lumber was stolen from a truck stop east of here Monday afternoon.

Rickover shells atom ship limits in Japan

WASHINGTON (UPI) — Adm. Hyman G. Rickover, credited with being the father of the nuclear submarine, has testified that Japan had made "pointless investigations" of American nuclear-powered ships in Japanese ports.

He said "oneous, unnecessary and unreasonable conditions" had caused the U.S. Navy "serious difficulties in Japan" and raised "false fears and anxieties" among the Japanese people.

Rickover, 71, noted for his frankness and for his foresight

in calling for nuclear powered submarines 20 years ago. He now is director of the naval reactors division of the Atomic Energy Commission and deputy commander for nuclear propulsion of the Navy's ship systems command.

Rickover's testimony at a closed meeting of the Joint Congressional Atomic Energy Committee in March was released a few days ago. It was heavily censored.

Rickover acknowledged the right of the Japanese to restrict or ban the ships but said, "Let us bear in mind that the context in which U.S. nuclear-powered warships visit Japan is that of a cooperative defense relationship between our governments ..."

However, the Japanese government has imposed onerous, unnecessary and unreasonable conditions on these visits at an administrative level (deleted).

The word "deleted" in

brackets indicates where testimony was censored before publication.

"It is not as if Japan were a backward nation, imposing these unreasonable restrictions out of ignorance or superstition," Rickover said. He said the Japanese were "highly sophisticated in the atomic energy field" and were building their own nuclear ship.

"What they (Japanese officials) are doing, however, is building up false fears and anxieties regarding nuclear power in the minds of their own public as a political expedient."

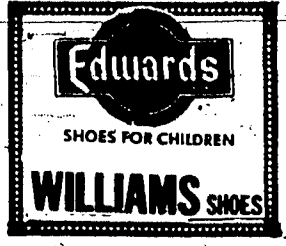

562 Viet vets gain base jobs

HILL AIR FORCE BASE (UPI) — Despite cutbacks in hiring, Hill AFB officials said they have taken on 562 Vietnam veterans as civilian employees in the past three years.

Col. James R. Howell, personnel director, said the hiring cutback has hurt some veterans who were not placed in jobs during the one-year period after discharge from the military that they are eligible for hiring preference.

The vets are given priority on jobs calling for GS-5 or Wage Board 5 ratings or lower, with disabled veterans getting first preference.

Persons with more than two years of college or post-high school education are not eligible.

Brandt pledges aid to Berlin

BERLIN (UPI) — West German Chancellor Willy Brandt pledged "unbreakable solidarity" with the 2.2 million inhabitants of West Berlin Monday in an address to the city Senate.

Brandt flew into West Berlin Bonn with his deputy, Foreign Minister Walter Scheel, to emphasize solidarity as East and West German delegates began hammering out technical details for completion of the four-power Berlin agreement.

But twice within 13 hours in the divided city, Communist East German police fired at men who tried to flee to West Berlin across the wall. West Berlin police said the second man apparently escaped injury in the incident early Monday but was arrested.

200 at Minidoka session

RUPERT — Nearly 200 persons attended the annual Senior Citizens party for Minidoka County residents, LeRoy Blacker, general chairman, said today.

The guests attended a movie, "Run Wild, Run Free," at the Wilson Theater, courtesy of Mr. and Mrs. I. G. Harris, theater owners.

Dinner was served at the Minidoka LDS Stake Tabernacle by members of the Stake Relief Society. K. C. Merrill served as master of ceremonies for the program after the dinner.

Ray Sanford sang a solo, and several selections were sung by the Paul LDS Second Ward chorus. Julie Merrill played a piano solo and Ralph Walquist, presented his Indian Hoop Dance. Prayers were by Charles Campbell and Fred Tolman.

Mrs. Lottie Holmes, who recently celebrated her 98th birthday, was honored as the oldest woman; Herman Johnson who was 94, won the honors for being the oldest man. The couple married the longest was Mr. and Mrs. Parley Bailey, Heyburn, who have been wed 65 years. The Baileys also received the award for the couple tallying the most combined years in age which was 172 years.

ANDREW TULLY

Ted Kennedy Likes Lindsay ... But ...

WASHINGTON — "I like John Lindsay," Sen. Ted Kennedy is telling political intimates these days, "but I for one don't intend to let him take over the Presidential race by default."

Beach next July. Put another way by a National Committee technician, "Teddy is a candidate today — on his own terms."

the convention opens. These were the words of a man disinclined to do anything to inconvenience his own chances. No one has to tell Kennedy he would lose a lot of friends if he backed, say, McGovern or Indiana's Sen. Birch Bayh, and then was forced to renege on that endorsement.

like most of those who wield important power in the party, Kennedy doesn't think highly of McGovern's chances. His strategy will be to do what he can for McGovern short of actual endorsement, and then make himself available for a "draft" if — or when — it becomes obvious McGovern can't make it.

Capitol Hill. He served one term as majority whip in the Senate, but became so indifferent to the job's duties that he lost the post to Sen. Robert Byrd of West Virginia, who put it mildly had never been considered the Senate's most popular member.

Saigon Politics

Democracy, American style, may never take root in South Vietnam. And it is possible that the Vietnamese way will suit them just as well or better.

South Vietnam was able to hold a nationwide election with a 79 per cent turnout despite efforts of Viet Cong and North Vietnamese terrorists to disrupt the balloting. That President Nguyen Van Thieu obtained majority support in the lower house was hardly surprising, just as his re-election October 3 is assured by the fact that he is now the only candidate.

The presidential election may be regarded as a referendum of sorts or as an exercise in futility. A heavy vote for Thieu would add luster to his prestige. A light vote might mean the Vietnamese saw nothing to be gained by voting in a one-man election, or it could mean they were protesting the lack of choice.

Vice President Ky and retired General "Big" Minh withdrew from the race, perhaps because they felt it would be impossible to defeat Thieu, perhaps because they felt the election had been rigged, as

they charged but did not prove. Our State Department desperately wanted a second candidate and American pressure persuaded the Supreme to rule that Ky could make the race. He chose not to do so, although previously he had appeared an eager candidate. Now, the State Department is accepting the realities of Vietnamese politics and making no further fuss about the solitary candidate.

In some ways, the situation relieves the United States of further efforts to achieve the impossible — installation of American-style democracy in an alien land not ready for it. Thieu obviously is willing to take his chances of preventing a coup d'etat.

In any event, South Vietnam ultimately must stand or fall on its own. That is the goal of President Nixon's Vietnamization policy, which has been succeeding. Withdrawal of American troops is proceeding ahead of schedule.

Thieu's re-election could hasten the day of complete withdrawal.

Hurrah, Hurrah!

We're talking about those Connecticut Yankees, who killed their state's income tax by raising their voices in peaceable protest. And Magic Valley taxpayers might just take note.

The Connecticut Legislature passed a state income tax measure about 2 months ago. Then the roof fell in. Mass meetings over the state persuaded the Legislature and the Governor, Thomas J. Meskill, to approve a substitute bill, repealing the income tax, raising the cigarette tax 16 to 21 cents a pack, the gasoline tax from 8 cents to 10 cents a gallon, and the sales tax, up September 1 from 5 to 6 1/2 per cent.

These taxes are the highest in the nation and Governor Meskill said the only reason he approved the bill was because it repealed the income tax.

Even with these tax hikes, the

state's budget was thrown out of balance and Governor Meskill trimmed \$85 million dollars out of the budget.

Education grants on the basis of \$210 per pupil were cut back to the former \$200 level and the state postponed efforts to pay off its \$244 million dollar deficit.

That Governor Meskill sliced the budget instead of appealing for more federal aid is to his credit. It is even more to the credit of the citizens that they forced their public officials to back away from the income tax and to cut spending.

Public officials will cut spending when they find they've got to do it. And when they have to do it, they find they are able to do it.

Taxpayers can compel cuts in public spending by insisting on them loudly enough and boldly enough, a moral every American should nail on the barn door.

MR. SPECTATOR

Where We Stand

Mr. Spectator just wanted you nice readers to know where we all stand on this carbon monoxide problem. So he did a little research and the results show that human activities, chiefly the driving of automobiles, spew some 300 million metric tons of CO into the atmosphere every year.

That's bad? Not necessarily. Fortunately, and through no fault of mankind's, there has been no detachable build-up of CO in the world's atmosphere as a whole. There seems to be some kind of "sink" in nature which absorbs the deadly gas.

Three scientists with the Stanford Research Institute believe the explanation may lie in the metabolism of micro-organisms in the soil. They conducted experiments in which sterile soil failed to take up carbon monoxide, whereas most normal soils absorbed it at an average rate of 8.44 milligrams per hour per square meter.

Soil, they conclude, "must now be considered as a major natural sink for CO that is released into the atmosphere by natural emitters or by the burning of fossil fuels."

That's good? Not necessarily. The sink does not act quickly enough to affect levels of carbon monoxide in such places as city streets or heavily traveled highways. The scientists calculate,

however, that the soil surface of the continental United States alone is capable of absorbing 509 million metric tons of carbon monoxide a year. This is more than 6.5 times the annual estimated production of CO in the United States and almost three times the estimated worldwide production.

Now that's good.

BIG FISH

A few years ago people in the biology department at the University of Chicago noticed a funny thing: Tiny goldfish from home aquariums doubled or tripled in size when placed in Botany Pond on the campus.

It was later noted that some breeds of fish would also increase in size in small tanks if the water was constantly changed.

It is now suspected that certain goldfish have an adaptive mechanism that prevents them from growing too large in a small space and outgrowing their food supply. Specifically, they secrete some kind of substance which inhibits growth when it is concentrated in the water in a small aquarium.

After a millenium or two of emulating the ways of the industrious ant, overcrowded mankind might do worse than to study the body wisdom of the versatile goldfish.

ROWLAND EVANS & ROBERT NOVAK

Nixon vs. Hebert

WASHINGTON — President Nixon's bold refusal to bend to political pressures trying to dent his wage freeze has now put him eyeball-to-eyeball with one of the most powerful Democrats on Capitol Hill, Rep. Edward Hebert of Louisiana, chairman of the House Armed Services Committee.

At issue is the mammoth military pay increase, costing nearly \$2.4 billion a year, now bottled up in the Senate as part of the draft bill. The House approved the bill before Congress adjourned, setting Oct. 1 as the effective date of the military pay raise.

In the Senate, debate on Montana Sen. Mike Mansfield's amendment setting a deadline for a Vietnam troop pullout blocked a final vote. But the prospect is extremely good that the bill, regarded by Mr. Nixon as vital to continuation of the draft and the start toward an all-volunteer Army, will pass long before the 90-day wage-price freeze ends.

If Mr. Nixon then signs the bill, White House lawyers think the new act would supersede the Economic Stabilization Act, which gave the President his authority to freeze wages and prices. In other words, the new pay bill would shatter the wage freeze for the first time.

Anticipating just such a situation, high Administration officials have quietly suggested that Chairman Hebert agree to change the effective date of the pay increase to Jan. 1 (the date the Pentagon originally proposed for most of the pay increase). But Hebert is adamant. He has already asked Comptroller-General Elmer Staats for a legal opinion that the new law raising pay would take precedence over the freeze.

Thus, to prevent a major breach of wage freeze, the President would have to veto the new law — highly unlikely in view of the draft.

But Secretary of the Treasury John Connally, Mr. Nixon's top strategist on the wage-price freeze, has been adamant against any rupture of the freeze. He has rebuffed the powerful teachers' lobby. He overruled the Defense Department and barred

military increases for longevity, in-grade promotions and other routine pay hikes (making exceptions only for special cases like combat and flight pay). In addition, Mr. Nixon wants a six-month delay in pay hikes for 4.8 million government workers. Accordingly, Connally and his

vast powers within the Administration are now being deployed with Mr. Nixon's consent to persuade Congress to hold the military-pay line at least until the freeze ends. That puts the President into politically dangerous confrontation with Hebert, with no compromise in sight.

PAUL HARVEY

Busing Opposed

I like to see President Nixon knocking his golf ball way out of bounds. The other day he sliced his first tee shot over into the wrong fairway — and his mulligan he hooked into the trees.

But that's all right. Think about it this way: If our President were shooting golf in the 70s, then you and I would have a neglected country to worry about.

You and I can concentrate on golf to try to forget such monumental messes as Vietnam and school busing. He can't.

President Nixon was appointed by the people to try to undo the grotesque snafu in Vietnam, our nation's most inappropriate, inexcusable, indecent foreign involvement. And, similarly, domestically, he was pledged by oath to pay for other sins of his predecessors and the Earl Warren Court.

The well-intended school bus edict boomeranged. On many vital issues our nation has been divided; on none has it been so united in opposition.

Busing school children back and forth across towns for the reason is the most absurd, unkind, and unjust — and unjudged — ever to be court-ordered in our nation. Ever.

If half the money spent on school buses and busing were invested in improving educational facilities, everybody would benefit. From this cynical shuttling-nobody does.

Most American parents, all colors, creeds and clans, love

their children. That we've been using up in advance their dollars and their air and their water and their resources is defended with the plea that we didn't know what we were doing.

But in this we know what we are doing and we keep doing it. Now Chief Justice Warren Burger of the United States Supreme Court is trying to backtrack. He says "racial balance in every school in every district is not required."

He says lower courts have overreacted to the High Court's decision.

But whoever goofed, today 350,000 youngsters are being bused back and forth — sometimes many miles away from home — making of our splendid old melting pot a pressure cooker.

In San Francisco, Chinese-Americans are being bused away from neighborhood schools so excellently tailored to their customs and needs.

In North Carolina, American Indians preferring their rude scrambling of every body.

In Florida, Negro parents demand the resignation of the school superintendent who forces busing. He can't help it. Gov. Wallace says the Nixon Administration talks one way and acts another. He can't help it either. Within the limits of the law, President Nixon is trying NOT to enforce punitive, punitive school busing.

It's just another fiasco which we backed into where, as in Vietnam, we meant to help people — and hurt them.

GEORGE C. THOSTESON, M.D.

Premature

Dear Dr. Thosteson: If a child is expected around August 28 or early September and is born Aug. 2, does that make her premature? If it does not make the child premature, would you put it in writing, please, explaining it to me? — Mrs. C. A.

I'm not sure why it seems so important to you, because the important question is whether the child, whether premature or not, is healthy and flourishes. And anyway, "premature" is something of an arbitrary term.

The average duration of pregnancy is 280 days, or a few days more than nine months, counting the time from the first day of the last period. Call it 40 weeks.

In practice physicians are more surprised when a baby is born "on schedule" than not. A variation of some days, one way or the other, is entirely expected and nothing to be excited about. Indeed, occasionally babies are born as much as a month or more later than they are "supposed" to, and do all right. And some are born that much earlier than schedule, and still thrive.

So the definition of "prematurity," as used medically, involves more than just the elapsed time. It also takes into consideration how well the baby has developed. Earlier than seven months, a baby has a mighty thin chance of surviving, so here are the principal criteria used for determining "prematurity": Born between the 28th and 37th week. Weighing less than 5 1/2 pounds. Measuring less than 18 1/2 inches.

This is the question, as you have asked it. I can't give an arbitrary answer with only the information you have given me. On the basis of time alone, the baby you were asking about would be on the borderline.

Couple recites vows

TWIN FALLS — Marriage vows, exchanged Aug. 20 at the First United Pentecostal Church, Twin Falls, united in marriage Donald L. Wilsie, daughter of Rev. and Mrs. Donald E. Wilsie, Everett, Wash., and James Edward Martin, son of Edward M. Martin, Omaha, Neb.

The double ring ceremony was performed by the bride's grandfather, Rev. W. R. Wilsie, Twin Falls, before a background of altar baskets of white gladioli, blue ribbons and blue candelabra.

The bride, given in marriage by her grandfather, Forest Sellers, wore a floor-length gown of white imported nylon chiffon over satin peau de sole, fashioned with long sleeves and an empire-waistline. Her trailing veil of illusion was held by a tiara of seed pearls and chiffon flowers. She carried a bouquet of white and blue roses on a white Bible enhanced with white satin streamers.

Gayla Bibb, cousin of the bride, Pocatello, was maid of honor. Bridesmaids were Elizabeth Bailey, Detroit, Mich.; Carol Stewart, Portland, Ore., and Becky Shebley, Twin Falls. Candelighters were Jolene Bibb, cousin, Pocatello, and Kathy Vos, Twin Falls.

Darla Sewell, San Pablo, Calif., and Tamra Bibb, Pocatello, cousins, were candelighters. The miniature bride and bridegroom was Becky Sewell, San Pablo, and Robert Bibb, Pocatello, cousins.

Best man was Gary Visser, friend from Twin Falls. Ushers were Steven Sellers and Morton Thompson, both Twin Falls, cousins, and Daniel Crossley, Spokane, Wash.

Mrs. Verneal Crossley, Spokane, Wash., played the wedding music. Soloists were Nancy Miller, cousin, and Bob Bibb, uncle.

Guests were registered by Nolia Crossley. A reception for 100 guests was held after the ceremony.

The reception table was covered with a white lace tablecloth over blue trim and centered with a six-tiered white and blue wedding cake with the bottom layer forming a four-leaf clover. The cake was made by Edna Ford, Twin Falls. It was cut by Dorothy Shank,

Braley, Calif., and Mary Miller, San Diego, Calif., cousins, and Darlene Sewell, aunt.

The bridegroom is preparing for the ministry and will be graduated in two years. The bride will be taking nurses training.

For their honeymoon trip they visited Yellowstone National Park and then went to Omaha, Neb., home of the bridegroom's parents.

Dear Abby

DEAR ABBY: I can't remember when I read anything more sickening than that letter about the woman whose poodle licked a 4-year-old child on the mouth. When the child's mother asked the poodle owner to please keep her dog away from the child, the poodle owner said her dog's mouth was cleaner than a human's, and she hoped her dog wouldn't catch anything from the child.

So help me, some people are nuts. Please tell that dizzy dame who owned the poodle if she's so up tight about the dog, she should muzzle the baby.

NAUSEATED IN OMAHA

DEAR ABBY: That lady was right! A dog's mouth is cleaner than a human's. You have never seen a dog with rotten teeth and you never will. I would sooner give my dog a lick of my ice cream cone than you.

DEAR ABBY: Are you on some kind of trip? Did you say a dog's mouth is cleaner than a human's? I am a faithful reader but I am...

DISAPPOINTED IN YOU

DEAR DISAPPOINTED: It's true. The bacterial and other germ counts are lower in dogs' mouths than in humans'.

DEAR ABBY: All dog lover's have a screw loose. Listen to this: When my husband was in the service, his sister invited me to stay with her because her husband was also away in the service. We were going to share one large double bed until I discovered she let her 60-pound Labrador sleep with her. I gave her a choice—the dog or me. She chose the dog. I never did stay with her and our relationship has been very cool ever since.

NO DOG LOVER IN BOSTON

DEAR ABBY: I suppose your readers thought you flipped your lid when you confirmed the statement a dog's mouth was cleaner than a human's. Well, I can confirm your statement and I speak from experience.

I was playing handball, and in a scuffle I accidentally hit my tongue badly. I was hospitalized for several days, during which I was injected with every kind of serum known to man to prevent tetanus.

I always kept my mouth and teeth clean and was a nut on body hygiene. The doctor shocked me when he said, "We can't take any chances with a human bite. There are more germs in the mouth of a human than in the mouth of any animal." Sign me:

Appeal changes pilot's mind

SALMON, Idaho (UPI)—The man who convinced helicopter pilot James Vogan not to continue hunting eagles said he just did the "natural thing."

"Wouldn't you or anybody else have done the same thing?" Gene Robertson, Salmon real-estate salesman, who has known Vogan since the late 1940s told United Press International in an interview. "After all it's our national bird."

Vogan was the helicopter pilot who testified under immunity before a Senate subcommittee last month that persons he flew over Wyoming, while working for sheep rancher Herman Werner, shot 770 eagles.

Robertson said he first met Vogan after World War II when he moved to Los Angeles and began taking flying lessons from the pilot.

When Robertson read in the

paper that Vogan was involved in the shooting of eagles he wrote his old friend a letter.

Robertson said when Vogan received the note he flew to Salmon and Robertson took Vogan on a trip through the wilderness surrounding Salmon, population 3,000.

Robertson showed him "the beauty and maneuverability of the birds."

"I just showed him all kinds of wildlife, and one thing led to another," Robertson said. "I think he realized a lot more than he did while he was working on the ranch."

And according to Vogan, the time his trip was over "it really made me feel sorry this thing (the shooting of the eagles) happened."

Robertson, who moved to Salmon in late 1964 so he could enjoy the hunting and fishing of the isolated area, said he didn't feel Vogan was actually involv-

ed in the shooting of the birds, "but him witnessing something like that wasn't very nice."

"He could have done something a lot sooner," Robertson said. "Why the maneuverability of those eagles is something humans can't match. The way the birds have control in the air, and the way they glide and soar."

Robertson said he was upset over the shootings, and didn't believe Vogan was involved at first.

Mideast clash due UN airing

By United Press International

Egypt will bring up the Middle East conflict in its entirety during the second half of the forthcoming U.N. General Assembly session, the semi-official Cairo newspaper Al-Ahram said today.

The newspaper said Egyptian Foreign Minister Mahmoud Riad will go to New York next week to lead a diplomatic offensive in Egypt's behalf at

the General Assembly, which opens its 26th session Sept. 21.

Al-Ahram said Egypt has decided to raise the Middle East problem "in its entirety after the failure of efforts aimed at inducing Israel to implement the Security Council resolution" of Nov. 22, 1967, which for the most part called for Israeli withdrawal from Arab territory seized during the 1967 war.

The newspaper said the issue will be brought up during the second half of the session and said the date will be determined in light of the Egyptian diplomatic offensive among the largest possible number of U.N. member states. There are 126 U.N. members.

It said Egyptian contacts already have included consultations with Egypt's representatives in the United Nations, Washington, Moscow, Peking and Vienna; a six-nation European tour by Hafez Ismail, the state minister for foreign affairs; and efforts by the Organization of African Unity (OAU) to make a breakthrough in the Arab-Israeli deadlock.

The OAU condemned Israeli occupation of Arab land during a conference in Addis Ababa last spring.

Refugees recover in haven

MIAMI (UPI)—Seven Cuban refugees, including an 11-month-old boy, recovered Monday from 12 days of fasting in the baking tropical sun during a desperate sea escape from Cuba.

The four men, a woman, a small boy and the infant left Fidel Castro's Cuba 12 days ago in a makeshift raft consisting of five inner tubes lashed together with twine.

They were spotted Sunday and rescued by the oil tanker Key Trader as they bobbed in the Atlantic about 15 miles southeast of Miami.

"There was nothing, no food, no water on the raft," said Miami Beach Coast Guard chief Larry Camp. "They were so sore from burns that they cried out in pain if you tried to pick them up."

"They had just about had it," he said.

The seven refugees asked that their names be withheld to protect relatives left behind in Cuba. They included a 31-year-old woman, her husband, their 10-year-old son and the baby.

They told Coast Guardsmen their only provisions were canned milk for the baby, some water, four cans and a compass. They said they left from a spot just outside Havana.

A-test halt asked

GENEVA (UPI)—Canadian Foreign Minister Mitchell Sharp told the world's five nuclear powers today they must either stop all nuclear testing or risk seeing other countries acquire atomic weapons.

Sharp told the 25-nation disarmament conference the continued buildup of nuclear arsenals endangers the non-proliferation treaty under which

nuclear countries agreed to refrain from making their own atomic arms.

Of the nuclear powers, the United States, Soviet Union and Britain signed the 1963 treaty banning all but underground tests. France and Red China continue atmospheric testing.

"Many states believe that we cannot longer delay a determined effort to reach a total

ban on underground nuclear testing," Sharp said.

"Time is running out if the non-proliferation treaty is to become fully effective."

"It is not enough to deny the acquisition of nuclear weapons to those countries capable of producing them."

"Unless the nuclear powers themselves put an end to the proliferation of their own nuclear weapons, in qualitative as well as quantitative terms, the full non-proliferation regime stands in danger."

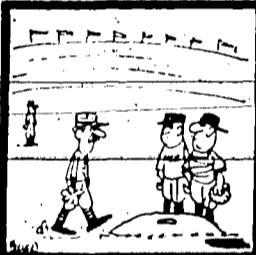

Sharp said the nuclear powers continue to improve the quality of their atomic weapons through continued testing.

For this reason, he said, Canada demands "an end to all nuclear tests by all governments in all environments."

By United Press International

Today is Tuesday, Sept. 7, the 250th day of 1971.

The moon is between its full phase and last quarter.

The morning stars are Mercury and Saturn.

The evening stars are Venus, Mars and Jupiter.

Those born on this day are under the sign of Virgo.

American novelist James Fenimore Cooper was born Sept. 7, 1789.

On this day in history:

In 1813 the nickname "Uncle Sam" was coined by a writer for the Troy, New York, Post, as a symbolic reference to the United States.

In 1940 the Nazis began the London air blitz that Hitler thought would soften Britain for an invasion. It didn't, in what has been termed "England's finest hour."

In 1965 Hurricane Betsy swept into Florida. It left behind 75 dead before subsiding through Mississippi and Louisiana.

In 1969 Republican Sen. Everett Dirksen of Illinois died at the age of 73.

A thought for today: American author Anne Morrow Lindbergh said, "Lost time was like a run in a stocking. It always got worse."

Hunt fails

EMMETT, Idaho (UPI) — Searchers Monday failed to find the body of William Pearcy, 27, Salem, Ore., who drowned in a boating accident while attending a gathering of motorcyclists near here.

Gem County Sheriff Don Rekow said some members of the group took a houseboat owned by Emmett resident Walt Smith, without asking permission, onto the Black Canyon Reservoir Sunday.

Rekow said the houseboat burned following an explosion and all those aboard made it to safety, except Pearcy who could not swim.

Divers were to resume the search Tuesday.

GROUND and air parties are searching Oregon's rugged Three Sisters wilderness for Loren B. LaRhetta, 17, of Sudbury, Mass. She was missing on a survival exercise in frigid, damp forest in Cascade Mountains. Companion died from exposure and another survived to go for help. Three were among group taking part in Outdoor Bound wilderness survival school. (UPI)

Range fire hits truck

POCATELLO (UPI) — Two hundred acres of range land and an old fire engine, operated by the Bannock County Sheriff's Department, were burned Monday three miles northeast of Pocatello.

A fire in the area began before 2:30 p.m. and was called "out" at 6 p.m. Fire-fighting equipment was brought in from Chubbuck, the Fort Hall Indian Reservation and a local fire district.

Cause of the fire was not determined. No property damage was reported.

The incident involving the fire truck occurred when the truck stalled on a dirt road and could not be restarted because of a dead battery.

Fiesta explodes

SANTA FE, N.M. (UPI) — Hundreds of Fiesta de Santa Fe celebrants turned on police late Monday, hurling rocks and bottles at officers and smashing 10 store front windows in the capital's central plaza.

All persons were ordered off the streets. National Guard troops called out by Gov. Bruce King joined city police in enforcing an all-night curfew.

Ten persons were injured in the outburst. Two remained hospitalized today. Police jailed 24 young persons on charges of inciting to riot and disturbing the peace.

"We will not tolerate unruly mobs," said Mayor George Gonzales. "We have given them the chance to go home, and we will take any appropriate action to clear the streets to protect the lives and property of Santa Fe citizens."

Police fired tear gas into the crowd to disperse it. Tear gas was used later to chase away the hangers-on, police said.

The disturbance began while 4,500 persons were celebrating

the end of the four-day fiesta. Two young groups began fighting in one corner of the plaza and police moved in to try to restore order.

A flying whiskey bottle struck Assistant Police Chief Fred Martinez. One young person got into a fight with a state policeman. Martinez said members of the crowd then began throwing "big rocks at police officers."

"The police took a lot of abuse and used a lot of restraining," Martinez said.

NEW YORK (UPI)—Prices were strong in active trading on the New York Stock Exchange Tuesday.

Electronic and computer stocks generally were strong, while motors, chemicals and most oils also forged ahead. Steels were fractionally irregular.

Among the day's most active issues were Eastern Air Lines up 1/2 on 405,800 shares, Ford Motor 2 1/4 higher on 118,300 shares, American Telephone ahead 1/2 on 108,100 shares, Penn Central up 1/4 on 103,900 shares, Boise Cascade 1/2 higher on 101,500 shares, and Pan American World Airways up 1/2 on 99,300 shares.

Less active and strong were Jersey Standard 1 1/2 higher, IBM 4, Texas Instruments 2, Fairchild Camera 1 1/2, Bausch & Lomb 1 1/2, Wrigley 2 1/4, and Digital Instrument 2 1/4.

Strength largely reflected a spreading belief among investors that government will do everything possible to get the economy rolling again. One analyst commented that President Nixon's new economic reforms, unveiled in the middle of last month, indicated that he is dedicated toward stimulation of the economy.

Now... for people of all ages - \$500.00 a month tax-free extra cash when you go to the hospital!

AT LAST, HERE IS A PLAN THAT ACTUALLY PAYS YOU: ■ extra cash up to \$30,000 ■ extra cash for as long as 60 months ■ extra cash direct to you ■ extra cash to use any way you want to ■ extra cash in addition to Medicare or any other insurance!

Act Now—GET FIRST MONTH'S PROTECTION FOR ONLY \$1

Money back in full if not 100% satisfied. No age limit. Join NOW—This Introductory Offer lasts only 3 more days.

NOW... you and your family can join this Tax-Free Extra Cash Plan with no red tape, no health questions to answer, no medical examination, no age limit, without having to see a salesman and without any qualifications whatsoever. But you must mail your Enrollment Form no later than Midnight, Friday, September 10, 1971.

Why You Need This TAX-FREE EXTRA CASH Plan In Addition To Regular Hospital Insurance And Medicare

You know, of course, that the tremendous jump in hospital costs has forced millions who already have hospitalization to dig into savings or go into debt. Even with Medicare, they risk using up their savings or, worse yet, turning to family and friends for help. In fact, very few people have enough savings, hospitalization or income to cover the TOTAL cost of being sick or injured.

How long could you stay in the hospital without worrying about the pile-up of daily expenses? Who will pay for the expenses of costly X-rays, doctor bills, drugs and medicines? And how about the expenses at home—rent, food, telephone and others that just go on and on? With expenses like these, could you avoid having your savings wiped out and your family life upset?

Better Safe Than Sorry

Wouldn't it be comforting to know these problems could be solved by your Tax-Free Extra Cash Plan—the plan that can give you \$500.00 a month IN CASH tax-free.

EXTRA CASH Gives Peace Of Mind And Security, Helps Replace Lost Income

Everything costs more these days. (Who knows better than you?) Hospital costs alone have TRIPLED in just a few short years... and they're expected to DOUBLE again soon. While 7 out of 8 Americans have some hospital insurance, most find that benefits simply don't cover ALL the bills that mount up when sickness or accident strikes.

PAYS YOU CASH
PAYS YOU CASH
PAYS YOU CASH
PAYS YOU CASH

...\$500.00 a month tax-free cash!
...to a maximum of \$30,000.00 for a hospital stay lasting 60 months!
...Money mailed direct to you, not to the doctor or hospital!
...in addition to hospitalization, Medicare and Workmen's Compensation!

EVEN IF YOU'RE OVER 65 This Tax-Free Extra Cash Plan Pays You Cash in Addition to Medicare and Other Insurance!

An absolute must now that YOUR share of hospital costs has increased under Medicare!

The Social Security Administration states that Medicare covers an average of less than half of your medical expenses. But now, with the Tax-Free Extra Cash Plan, people over 65 collect \$250.00 a month for the first 2 months in the hospital, then \$500.00 a month for the rest of their confinement up to a total of 60 full months. These generous benefits are paid directly to you in TAX-FREE CASH and you can spend all this money any way you want to! With your total benefit amounting to nearly \$30,000.00 you'll never have to turn to your children or charity. You'll keep your financial independence and enjoy the peace of mind that this Plan's EXTRA CASH will give you.

Absolutely NO LIMIT On Age

This Plan welcomes you no matter what your age is and without any qualifications whatsoever. Even if you're over 70 you're still eligible... provided, of course, that you fill in and mail the Enrollment Form with just ONE DOLLAR during this limited enrollment period.

Union Fidelity created this low-cost Tax-Free Extra Cash Plan to help cover your UNCOVERED expenses while hospitalized... to put EXTRA CASH in your hand for bills from the doctor, the surgeon, the nurse, the druggist or anyone else who provides service and treatment you need and want. You may even have enough left over to help REPLACE any income you lose because of your confinement.

And remember, Your EXTRA CASH is paid direct to you... and you may use it any way you want to.

Here's What Your Plan Covers

The Tax-Free Extra Cash Plan covers you for EVERYTHING but the following minimum-necessary exclusions: hospitalization caused by mental disorders; acts of war; or care provided in a federal government hospital. Under the Husband-Wife Plan or All-Family Plan, EVEN MATERNITY BENEFITS ARE PROVIDED if you so desire. Even sicknesses you have previously had, or have right now, will be covered after the policy is in force for only 2 years. EVERYTHING ELSE IS COVERED!

Benefits for accident are payable from the very first day the policy is in force. Benefits for sickness are paid immediately after the third day in the hospital when the policy has been in force for only 30 days. And here's more good news... we will even pay you for the following diseases which some companies usually exclude altogether: tuberculosis, gall bladder disorders, diabetes, cancer, heart or circulatory disease or disturbance, hernia, sickness resulting in surgery, or disease of the generative organs, when the loss occurs after the policy has been in force for only 6 months.

Special \$1 Offer Expires Midnight of Date Shown On Coupon Below!

How Can We Offer All This Protection For So Little?

To introduce you to this remarkable new Tax-Free Extra Cash Plan Form 1-525... we make this unusual offer with a Money-Back Guarantee. Just fill in the Enrollment Form on this page and mail it with just \$1 before Midnight of the Expiration Date. A full month's protection will go into effect on the very same day we issue your policy (generally the day we receive your Enrollment Form).

When you receive your policy, take your time to examine it carefully. It's written in plain language with NO FINE PRINT. Show it to any trusted advisor—your doctor, your lawyer, your clergyman. In fact, show it to your own insurance man... even though he probably works for another insurance company! If he is a personal friend, he wants what is best for you. So you can believe him when he tells you there is no better value available anywhere.

Even then, if you're not completely satisfied, return the policy within 30 days and your money will be cheerfully refunded with no questions asked. However, if you decide to continue this worthwhile protection, you may do so at these low rates:

Age at Enrollment	Form 1-525 Union Fidelity Monthly Renewal Rates	
	Individual Plan	Husband-Wife Plan (Age of younger Spouse)
16-39	only \$3.63	only \$ 6.36
40-49	only \$4.50	only \$ 7.88
50-69	only \$5.50	only \$ 9.63
70 and over	only \$7.30	only \$12.92

All-Family Plan

By adding only \$1.75 to the Husband-Wife Plan, you protect all unmarried children under 19 plus all future children after they are one month old. You may also have maternity coverage by adding only \$1.07 to the Husband-Wife Plan or to the All-Family Plan—whichever applies to you.

If you are widowed or divorced, you may protect your children by adding only \$1.75 to your individual rate.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) will never increase because you pass from one age bracket to the next. It won't even change because of frequent claims or the amount of money you collect. It can change only if there is a general rate adjustment—up or down—on all policies of this type in your state. Covered members, when they reach age 19, may obtain their own policy, regardless of their health, at the rate then in effect for their age group. What's more they receive full credit for continuous coverage.

UNION FIDELITY ENROLLS A LARGE NUMBER OF PEOPLE AT ONE TIME... direct by mail. This highly efficient "mass enrollment" eliminates salesmen and other costly overhead—cutting our costs to the bone. Also, by having benefits for sickness begin immediately after the third day in the hospital, we can avoid the small one, two and three day claims which run up our operating costs. Benefits for accident are, of course, payable from the very first day. And now you can take advantage of the savings offered by the \$500.00 a month Tax-Free Extra Cash Plan—the Plan that pays you up to \$30,000.00 for as long as 60 months... for the special, low first month's premium of only \$1 for the whole family.

A Nationally Respected Company

When you join the Union Fidelity Family, you join hundreds of thousands of secure Americans who know they can bank on Tax-Free Extra Cash. Readers of countless publications including *Reader's Digest*, *The Wall Street Journal* and *TV Guide*—have found immense satisfaction in receiving Tax-Free Extra Cash Benefits from Union Fidelity Life Insurance Company, an old line legal reserve company and a member of the Union Fidelity Insurance Group which is licensed in all 50 states, Washington, D.C., Puerto Rico and Canada. Union Fidelity is recommended by *Best's* and *Dunne's*, the two leading rating authorities in the insurance industry.

Easy To Join—No Red Tape—No Salesman Will Call

Join NOW. During this limited enrollment period there are no qualifications whatsoever... but you must mail the Enrollment Form BEFORE the Midnight deadline. Your first month's protection will go into effect the same day we issue your policy (generally the day we receive your Enrollment Form).

Why not take a moment right now to fill in your Enrollment Form and mail it with only \$1, the "introductory" cost for your first month's coverage.

16 Important Questions Answered

That tell you how Union Fidelity's \$500.00-a-Month Tax-Free Extra Cash Plan gives you the protection you need—at amazingly low cost!

- How much will this policy pay me when I get to the hospital?
Under the Individual Plan, you will receive \$500.00 a month for yourself. Under the Husband-Wife Plan or All-Family Plan, you will also receive cash when covered family members go to the hospital: \$500.00 a month for the husband, \$375.00 a month for the wife, and \$250.00 a month for each child. Maternity benefits for the wife are \$375.00 a month. Folks over 65 receive \$250.00 a month for the first two months, then \$500.00 for the rest of their confinement—up to 60 full months.
- When do my cash benefits start?
Benefits start from the day you enter the hospital for accident and immediately after the 3rd day for hospitalization as a result of sickness. What's more, you'll continue receiving Tax-Free Extra Cash for as long as 60 full months—as much as \$30,000.00!
- When does this policy become effective?
It will go into force the very same day we issue your policy (generally the day we receive your Enrollment Form and \$1 for the first month's coverage).
- Why do I need your Extra Cash Plan in addition to my other insurance?
Chances are your present hospital insurance won't cover all your hospital and medical expenses. Even if it did, you will still need extra cash to cover all your household expenses.
- How may I use my Tax-Free Extra Cash?
Spend it any way you wish—for hospital and doctor bills, rent, food, household expenses or anything else. You alone decide how to use the money.
- What other advantages are there of joining this Plan now?
By joining now you do not need to complete a regular application—just the brief form in the lower right-hand corner of this page. Also, during this enrollment period, there are no other qualifications—no "waivers" or restrictive endorsements can be put on your policy.
- Will I be paid if I am in the hospital for less than a full month?
Of course you will. You will receive cash at the rate of \$16.67 per day from the first day for accident and after the third day for sickness.
- Do I need a medical examination or a statement from my doctor?
Definitely not. Just fill in the Enrollment Form and send it off today with \$1.00.
- Can you raise my rates?
You cannot be singled out for a rate increase. Your rates can only change if there is a general rate adjustment up or down on all policies of this type in your entire state.
- Now tell me... what's the catch? What does it my plan cover?
There is no "catch." As stated in this advertisement, your plan covers you for everything except certain minimum necessary exclusions. In fact, even conditions you already have will be covered after your policy has been in force for only two years.
- May I join if I am over 65?
This Plan is a must for folks over 65. You can join regardless of your age; Extra Cash will help fill the gaps left by Medicare.
- Can other members of my family take advantage of this special offer?
Your whole family is welcome to join. Just add their names to the Enrollment Form when you send it in.
- Why is this offer good for a limited time only?
Because by enrolling a large number of people at the same time our underwriting, processing and policy issue costs can be kept at a minimum. These savings, of course, are passed on to you.
- How does the Money-Back Guarantee work?
Examine your policy carefully in the privacy of your home. If for any reason you are not completely satisfied, return it within 30 days and we will promptly refund your money. Meanwhile, you will be protected while making your decision.
- How do I join?
Fill in the brief Enrollment Form (the side to sign your name) and mail it with just \$1.00 for the first month's protection (regardless of the number of people to be protected) to: Union Fidelity Life, Dept. MM, 1515 Locust Street, Philadelphia, Pa. 19102.

TF County fair opens Wednesday

By MARJORIE LIERMAN
Times-News Writer
FILER — Last-minute preparations were made today for Wednesday's opening of the Twin Falls County Fair.

The family-oriented fair, this year in its 55th anniversary, is expected to draw crowds totaling about 60,000 over four days.

Preliminary events began on Monday as some departments opened for entries. Weighing steers, fat lambs and fat hogs by 4-H and FFA entrants was scheduled today.

Blue ribbons will be placed today on swine, poultry, 4-H horses, dairy and beef, also on sheep, antiques, produce and fruit, home arts, kitchen and pantry entries, youth exhibits, junior gardeners displays. Dogs will be judged in the dog house and best of show named.

The American Flag raising, inaugurated by fair board members several years ago, is directed by the Filer American Legion Post, with Commander L. E. Joslin in charge. The ceremony is at 8 a.m. and 5 p.m.

Wednesday, East End Day, will see the Angus and Shorthorn shows in the cattle department, livestock judging in the 4-H and FFA departments, special afternoon entertainment featuring trained animal acts and riding club jamborees, and pre-rodeo entertainment. Traditional for the opening rodeo is the 4-H parade through the arena before the action-packed rodeo begins.

Thursday is Hereford Day with a Register of Merit Show, a first for Idaho, and the first time one has ever been held on a county fairgrounds. Debbie Howard, daughter of Mr. and Mrs. Bob Howard, Murtaugh, was named "State Hereford Queen" at St. Anthony this year and will reign as official hostess during the day. Out-of-state Hereford officials will be special guests of the Twin Falls Chamber of Commerce and numerous tours and activities are planned for them.

Thursday also will include Quarter Horse working events, 4-H demonstrations in agriculture and home economics, 4-H tractor driving contests, forestry identification contests and free afternoon entertainment. The Twin Falls Sheriff's posse and Junior Riding Club will furnish pre-rodeo entertainment.

Friday will be Charolais Day. There also will be home economics judging, fat steer show, round robin fitting and showing, and free afternoon entertainment. The Filer Wranglerettes will ride before the evening rodeo. The Filer High School band is playing each evening during pre-rodeo time.

The 4-H and FFA fat stock

sale, will begin Saturday morning and the free horse show will get underway at noon. Saturday evening's rodeo performance will see the crowning of Miss Rodeo Idaho, as well as the "Cavalcade of Queens" which will honor all the queens who have brought honors to Magic Valley in the past years.

Exhibits are expected to be outstanding in all departments, according to fair officials, with

many new classes in the departments. New this year is the photography class where outstanding work in photography will be on display.

The Ray Cammack Shows on the midway have been well received the last two years, featuring spectacular rides, with a new one introduced each year.

A Red Cross first aid station is maintained at all times on the grounds.

BELLEVUE — Slaughterhouse Gulch, was deserted Monday afternoon as crews began turning the area back into a hay field. Equipment was moved out, holes filled, and facilities dismantled.

Festival promoter Jack Teater was on the site and said the three-day festival did not show a profit. But he said, "It was not a bad loss."

Teater said, "I would definitely like to put on another one." When asked if he expected any prosecuting action from the county, he said probably they think "the financial loss is penalty enough."

But Stephen W. Boller, Blaine County prosecuting attorney, said this morning that he will meet with the Blaine County commissioners this afternoon or Wednesday to decide whether any action will be taken.

Bellevue Mayor Claude Ballard said today, "The people of the community cooperated very well. It showed that the residents are law-abiding people." He said the consensus of Bellevue is that citizens would not like to see another festival held in the area.

Larry Boyd, site owner, summed up his opinion of the weekend by saying, "While the festival has not been successful financially, it has been successful in proving a point." He added, "The event was trouble free. It was not an obscene debacle where 20,000 hippies got together to smoke pot in the nude."

HAILEY — Enrollment in Blaine County School District No. 61 showed an increase of 79 students for the year, with 1,414 students registered this year, according to Superintendent Charles L. Clark.

Last year, 1,335 students enrolled during September, Clark said. The 1971-72 increase amounts to about 5.5 per cent of last year's total.

Bellevue elementary school had the largest increase for any single school, with 46 more students this year, for a total of 304 students, including 64 in the first grade, 57 second-graders, 64 in the third grade, 62 in the fourth and 57 in the fifth of the five-grade school.

Ernest Hemingway Elementary School at Ketchum listed 255 students this year, including 30 first-graders, 42 in the second grade, 44 in the third, 38 in the fourth, 49 fifth-graders, 48 in the sixth and four special-education students.

Carey elementary school at Carey listed 95 students, including 16 in the first grade, 12 in the second, 13 third-graders, 18 in the fourth, 19 in the fifth and 17 sixth-graders.

The Carey Secondary School enrollment for 1971-72 totals 117, including 22 in the seventh

grade of the combined junior-senior high unit, 18 eighth-graders, 27 ninth-graders, and, in the high-school section, 21 sophomores, 18 juniors and 11 seniors.

At Hailey, Wood River Junior High School reported 246 registrants, including 60 in the seventh grade, 91 eighth-graders and 95 in the ninth. Wood River High School has 397 students, including 104 freshmen, 106 sophomores, 91 juniors and 96 seniors.

KETCHUM — Forty local and western drivers raced their four-wheel-drive vehicles for cash and trophies over the weekend in Elkhorn Canyon near Ketchum.

The event was topped off with a picnic on Monday in Boulder Basin.

The second annual races were sponsored by the Ketchum-Sun Valley chamber of Commerce and staged by the Wood River

Off-Road Racing Association.

On Saturday, Floyd Merrel, Orangeville, Calif., charged his modified Jop up a hill billed as "unclimbable."

Race officials John Sabala, Ketchum, said the hill was about a 70 per cent grade.

Merrel also won first place for the slalom and short course events in the modified class.

Hill-climbing winners included in the four-cylinder class, Terry Malarkey, Sun

Valley, first; Mike Moore, Boise, second, and D. R. Schnitker, Gooding, third.

V-6 class: Dick Orris, Ontario, Ore., first; Steve Mediola, also of Ontario, second, and Jerry Butler, Meridian, third.

V-8 class: Rock Ware, first; Dick Ellis, second, and Randy Drake, third, all of Boise.

Dick Orris won the Dale Werner Memorial Trophy and a cash prize of \$75 as top all-around driver.

Appointed

BUHL — Robert R. Easton will assume duties as district ranger of the Jarbridge Ranger district with headquarters in Buhl Sept. 19, according to Vern L. Thompson, Humboldt National Forest supervisor.

He is a 1962 graduate of Utah State University. He and his wife and four daughters will reside in Buhl.

Best of show

GLORIA HANN, Buhl, stands beside her still life painting which won the best of show award in the art department of the Twin Falls County Fair Sunday.

Buhl woman's painting best

FILER — Gloria Hann, Buhl, received the best of show award in the art department of the Twin Falls County Fair for her still-life in shades of blue and orange. Judging was completed Sunday.

The picture is basically impressionistic with complementary colors and obvious brush strokes. A blue and white striped background enhances the blue bottles, goblets, teapot and orange fruit.

First runner-up was awarded Dan Barsness, Buhl, for his large oil painting named "Leaving It All Behind." The life-size scene shows a Mexican national with his bedroll on his back, walking down a lonely road under a threatening storm. Barsness is a student at the College of Southern Idaho and this is the first time he has entered the fair art competition.

According to art committee officials, there were 206 paintings entered this year, the work of approximately 100 artists from the state. This is approximately the 25th year the art department has been a part of the fair. Last year a popular vote by the public for favorite painting provided lots of interest from spectators.

This year the judging for best of show was done by a team of judges, all art instructors. They include Army Skov, Boise State College, who studied at BSC, University of Idaho, and Arts and Crafts College, Oakland, Calif.

John Killmaster, formerly of Michigan and now an art instructor at BSC, who studied at Hope University and Cranbrook, Mich., and also in Mexico. Bill Roberts is an art teacher at the College of Idaho, Caldwell, studied at the Arts and Crafts College, Oakland, and the College of Idaho.

Members of the hanging committee were Mrs. Dorothy Johnson, Filer, president of the Buhl Art Guild; Mrs. Leona Crismor, vice president of the Buhl group; Mrs. Wayne Pariah and Peg Sass, Twin Falls.

They were assisted by Faye Konicek, Murtaugh, president of the Art Guild of Magic Valley; Mr. and Mrs. Wayne Annis, Twin Falls; June Haggardt, Kimberly; Joan Sargent, Murtaugh, and Gary DeFord, Twin Falls.

This year's winners include: pastels, Georgia Kluender, first; Juanita Miller, second; Eva Nicholas, third, and Libby Slindee, honorable mention.

Water color, Faye Konicek, first; Lalene Meyer, second; Pat Curtis, third; Peg Sass and Pat Curtis, honorable mention. Mixed media, Steve Kysar, first; Peg Sass, second; Dan Laffer, third; Evanel Henkelman, Betty Evans, Faye Konicek, honorable mention. Pen and pencil, Marilyn Onover, first. Acrylic, Kathy Cryder, first; Marilyn Skeem, second; Gary DeFord, third; June Haggardt, Leona Crismor and June Haggardt, honorable mention.

Oils, Faye Konicek, first; Betty Evans, second; Gloria Hann, third; Mariene Sears, Norma Jensen, Henrietta Johnson, Ivory Duffy, Ronnie Warek; Lee Logan, Wilma Johnson and Tom Ramsey, honorable mention.

Plant salmon

OLYMPIA, Wash. (UPI) — More than 10 million young Chinook salmon have been released in Capitol Lake this year, according to the Washington Department of Fisheries.

The young fish were reared in the department's Minter Creek hatchery and held in Deschutes River ponds before being released in the lake which is connected by a fish ladder with the southern tip of Puget Sound.

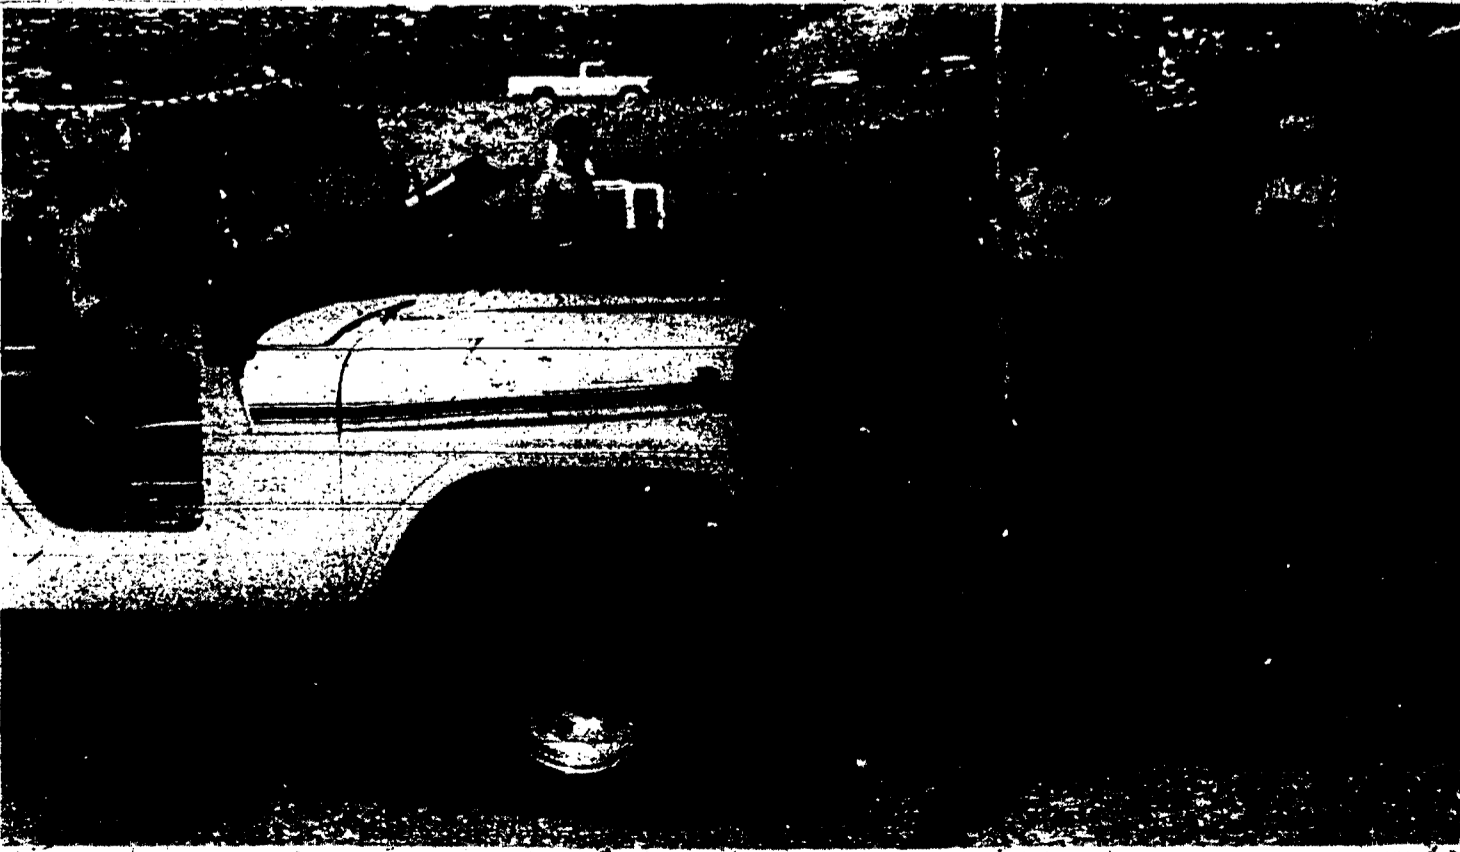

Air pollution index 57

The pollution reading was taken by the staff of the South Central Health District at the Twin Falls City Hill. The reading is expressed as the number of micrograms of particulate material per cubic meter of air for the 24-hour period ending at 8 a.m. today. Federal pollution regulators say pollution levels should be kept below 75 micrograms over any 24-hour period, and should not be permitted to rise above 260 micrograms for even a short period of time.

Forecast

Today: **Excellent**
Tonight: **Poor**
Tomorrow: **Good**

This forecast provided by the Idaho Department of Health indicates the ability of the atmosphere to disperse pollution. Burning as permitted by law should be curtailed when the air is poorly able to disperse air pollutants.

Peterson masters wind, rain to cop Magic Valley crown

Willie Peterson, turning in perhaps one of the finest rounds of golf in the tournament's history, beat the wind and rain for a two-under 66 Monday afternoon to win the Magic Valley Amateur golf championship.

Peterson, who recalls his only other victory coming in a 10-man elimination derby when he was 18, was just about unbelievable, particularly on the back nine when the wind and rain were at their best — or worst.

After taking a bogey on the 10th hole, Peterson hit the last eight greens in regulation and coasted him.

The 66, his third straight sub-par round, allowed him to erase

a two-stroke deficit and defeat second-day leader Jim Packard by four shots.

Peterson, who led the first day with a 67, trailed 134-132 to Packard going into the Monday. Peterson fired a one-under 33 to take a stroke advantage on the front side but bogied the 10th to return it to even. He led it, however, on the 15th through

Jurgenson out for six weeks

OKLAHOMA CITY (UPI)—Washington Redskins quarterback Sonny Jurgenson will be out of action for at least six weeks, the surgeon who repaired a rare break in his shoulder said Monday.

"It went along all right; we got it fixed up," said Dr. Don O'Donoghue. "It will take a while for it to heal though, about six weeks at a minimum. That bone's got to grow together."

Jurgenson, who suffered a break in a small bone of his left shoulder during Saturday night's game with Miami, was in surgery for 90 minutes Monday.

"It was too fragmented that you could fasten it real securely," O'Donoghue said of the break. "The bone itself isn't too big, but it's the muscle attachments that pull off."

O'Donoghue, an orthopedic specialist renowned for his skill in treating athletic injuries, said the break would not have been discovered had not Redskins team doctor P. M. Palumbo Jr. ordered a special set of X-rays Sunday.

Archer wins meet in playoff

WETHERSFIELD, Conn. (UPI)—Veteran George Archer sank a five foot birdie putt on the first hole of sudden death Monday to grab the \$22,000 first prize in the Greater Hartford Open.

The 31-year-old Archer, from Gilroy, Calif., scored his eighth career victory and his second in two years as he broke out of a three-way 72-hole tie with Lou Graham and J.C. Snead.

All three had birdie putts on the first extra hole, the 391-yard par four 15th at Wethersfield Country Club. Snead missed a seven footer and Graham on an 18 footer as Archer grabbed first prize and the other two were left with \$10,175 each.

The trio had finished the regulation 72 holes tied at 268, 16 under par for the tournament, as Archer shot a final round 66, five under, and was matched by Graham, while Snead, third round co-leader with Dave Hill, had a four-under 67 final round.

Deane Beman, Dave Stockton, Jack Ewing and Hubert Green finished in a four-way tie for fourth place as the first three had 68s and Green a 66 in the final round.

Wilson, \$7.80, \$4.00 and \$2.00; second, No Date, ridden by Titus and owned by Rulon Ames, \$6.60 and \$3.30; third, Jim's Runaway, ridden by Harris and owned by J. Obenshaw, \$4.20.

Kid Charge wins Futurity

RUIDOSO, N.M. (UPI)—Mr. Kid Charge broke on top and found racing room down the middle of the track Monday to win the \$753,000 All-American Futurity in a new track record of :19.65 at Ruidoso Downs.

In winning the 13th running of the world's richest horse race, Mr. Kid Charge, picked up \$200,841.62 for owner Will F. Whitehead of Del Rio, Tex. Mr. Kid Charge's winning time for the 400-yard classic eclipsed the old record of :19.73 set by Quincy Rocket in 1969.

Come Six, the fastest qualifier in the trials, finished second, three-quarters of a length behind Mr. Kid Charge.

Orioles trade wins Dodgers beat Giants

BALTIMORE (UPI)—Steve Dunning, in relief of starter Vince Colbert, induced clutch hitter Frank Robinson to ground into a double play with the bases loaded and one out in the ninth inning to preserve a 1-0 victory for the Cleveland Indians over Baltimore in the nightcap of a Labor Day doubleheader after Boog Powell's grand slam home run in the opener sparked the Orioles to a 10-5 victory.

Miles who said, "When your partner gives a limit jump raise, you should continue to game with any minimum hand that includes a decent trump suit and has a singleton on the side."

Suppose South were dealer. He would open one spade. JACOBY MODERN bidders sitting North would raise to three (nonforcing) and South would bid on to four. Standard American bidders would have to respond two diamonds. They might reach game or they might not. In any case, they would be getting there by a complicated, roundabout route.

Four spades makes easily. Assuming West continues clubs, South must ruff the third club high. After that, he wraps up 10 tricks.

TODAY'S QUESTION

Instead of bidding one diamond your partner has responded one spade. What do you do now?

Answer Tomorrow

By Oswald & James Jacoby

Today, most experts use limit jump raises. They are easy to use and extremely effective.

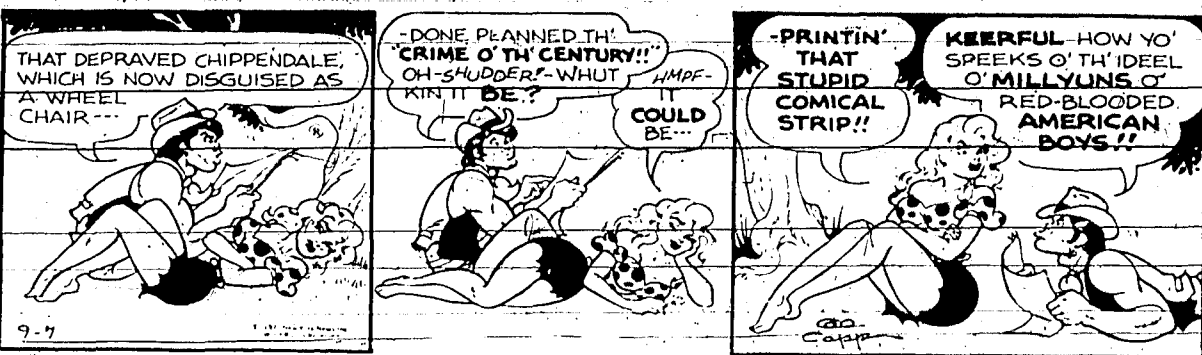

Many players use them unknowingly. In today's hand, North passes as dealer. South opens one spade in third seat and North's correct bid in standard American, JACOBY MODERN, British Acol or almost any system is a jump raise to three spades. This is not forcing, since North has passed originally, but it is a strong invitation to bid further. If South is used to playing limit jump raises at all times, he continues to four spades.

The principle involved was described some years ago by California expert Marshall

THE FEMALE ANKLE BONE has enlarged measurably over the last two generations. High heels are said to be why... DID I TELL you Billy the Kid was a lifelong soprano?... ONE PECULIAR little ordinance in Los Angeles makes it illegal to catch mice there without a hunting license, dear me... ANOTHER NEW MOTEL opened up every 17 hours nationwide last year... TV RESEARCHERS claim that smoker least apt to watch television is the man with the pipe.

"FIRST, get an agent." That's the advice of a Hollywood columnist to aspiring entertainers. What hunk! Do you know the more successful entertainers work without agents? Bob Hope, Bing Crosby, Frank Sinatra, Lucille Ball, Lawrence Welk? Take Gene Autry, for instance. He didn't hire an agent, ever. But Mr. Autry now can be considered rich in that which is so rare among show people with agents—money.

SKETCH She's the kind of woman who'd hold an umbrella over a duck... She never leaves her children at home even when she doesn't take them with her... She sings at funerals, augmenting the grief... She confesses her sins, but wouldn't think of admitting her faults... When the talk turns from geraniums to the gross national product, she appears a little seaisick... And at dusk with the light behind her, she can pass for Orson Welles.

CUSTOMER SERVICE: Q "What color are Paul Newman's eyes?" A. Baby blue. Understand he's color blind, incidentally. Q "How many places can you think of that are named after George Washington?" A. Researchers say one state, 32 counties, 121 municipalities, 257 townships, 10 lakes, eight streams and seven mountains. Said researchers also counted 1,140 streets, then gave up... Q "What was the average speed of Columbus' three ships on the first crossing?" A. Just 2.8 mph, 1'm told.

THE TOWN: Guilford, Conn. The man: Col. Samuel Hill. The time: Colonial era. The energetic Col. Hill ran for town clerk, probate judge, clerk of proprietors, general assembly representative, winning his elections handsily always. His name got to be synonymous with speed and certainty. A Seattle subscriber asks how we came by the expression, "Where in the Sam Hill are you going?" That's how, says our Language man.

A CHICAGO HOTEL MAN says the swiftest spenders among all the guests in his lengthy experience are the plumbing contractors in convention... AM ASKED TO name the No. 1 topic in American literature that's still leads Christ, No. 2, the Civil War, No. 3, The Pill. Or so contends a scholar... A CROW that flies as the crow flies does not fly as directly as a bee that flies in a bee-line. Such is a zoological fact. Crows ramble, but a hivebound bee goes straightaway, please note.

Youth efforts bring reward

RUPERT — Saturday's fat stock sale at the Minidoka County Fair brought the ambitious young 4-H and FFA members a total of \$30,261.47 for their livestock.

Bidding was keen throughout the four-hour sale. A total of 14 swine was sold for \$2,410.74; 61 head of sheep brought \$6,821.92, and 44 beef animals were sold for \$21,028.51.

Prices averaged higher this year, according to the Valley Livestock Commission Co., with sheep averaging \$77.50 to \$320 this year, against \$71.95 in 1970; swine sold for \$55 to \$182 per head, against an average of \$57.97 last year, and cattle hit \$42 per hundredweight this year, compared to \$36 last year.

The grand champion beef brought \$105 per hundredweight this year, up from \$75 in the 1970 sale. Wayne May and Wendell Cutler, owners of Valley Livestock Commission Co., said that this year's sale was the best in several years. Bill Estes called the bids, helped by John Peavy, May and Cutler, who took bids in the ring for the auctioneer.

Henry Sabin, owner of the grand champion swine, sold the 224-pound animal for \$1.82 per pound to the Burley Livestock Commission Co. for \$407.68. Kevin Edleson, owner of the reserve grand champion hog, realized \$151.45 from Union Seed Co., Burley, receiving 65 cents per pound for the 233-pound animal.

Other exhibitors selling swine during the fat stock sale included Harlan Gebaur, 189-pound animal sold to Kloefer Concrete for \$155.93; Roger Graham, Burley Livestock Commission, 225 pounds, \$157.50; Sabin, Cameron's, Inc., 223 pounds, \$133.80; Rande Martin, Bryant's Packing Co., Burley, 206 pounds, \$190.55; Randy Kildow, Bonanza Motor Co., Burley, 213 pounds, \$165.08; Nancy Suhr, Massey-Ferguson, 214 pounds, \$155.15, and Victor Bliss, Condia Warehouse, Hazelton, 191 pounds, \$152.80.

Also Rodney Kildow, Idaho Bank and Trust, Paul, 222 pounds, \$155.40; Rodney Walker, Independent Meat Co., Twin Falls, 241 pounds, \$123.55; Mike Jensen, Pacific Co-Op Supply, Inc., 248 pounds, \$155; Brian Kadal, United Co-Op, 210 pounds, \$152.25, and Larry Graham, Andy's Chevron, 208 pounds, \$145.80.

The grand champion sheep owned by Brian Humphrey was sold at \$3.25 per pound to Skagg's Furniture, which paid \$364.80 for the 114-pound animal. Cindy Bolen sold her reserve champion sheep to Union Seed Co., Burley, for \$3 per pound, realizing \$315 for the 105-pound animal.

Something new this year at the 4-H and FFA fat stock sale was that for the first time heifers 2 years old were sold. This is a new dairy project in which the youths purchase a heifer, show it at the fair, take it back home, then return to the fair the next year with their bred heifer.

There will be several of the bred heifers for sale at next year's stock sale, according to Lamont Smith, county agent.

Rod Merrigan sold a register bred Holstein heifer for \$700 to Burley Livestock Commission Co. Roy Beinap sold a bred heifer for \$450 to Wayne Beinap.

Swift job

HARVEST OF PEAS at the Monroe Dierker field at the end of Wendell Ave. didn't take long this year but it did attract considerable attention. Fourteen green pea harvesters moved into the Dierker fields late Friday afternoon and by noon Saturday had harvested the crop of about 18 acres. The peas were grown under contract for Del Monte Canning Co., which furnished the equipment. Machine in foreground leaves the field while four units in the background are still at work.

Tightened farm controls ahead

WASHINGTON (UPI) — announced — would be to cut this substitution plan next year. — An announcement earlier that wheat growers who want supports on the 1972 crop will have to set aside acreage equal to 83 per cent of each farm's domestic-market allotment. The 1972 set aside requirement was 75 per cent.

Producers of corn and grain sorghum, for example, were required this year to idle cropland equal to 20 per cent of their feed grain "base" acreage to qualify for support. Under the 1972 program, which officials say they hope to announce about Oct. 15, one high-ranking farm policy planner said the acreage to be idled, or "set aside," may be raised to 30 per cent of the farm base — a 50 per cent increase.

The goal of this step and other moves — some of them already announced — would be to cut 1972 feed grain production below prospective needs. The goal of this step and other moves — some of them already announced — would be to cut 1972 feed grain production below prospective needs.

Approximately \$9 million in worn and mutilated currency is burned each year by the U.S. Treasury Department. Incinerators are located in 35 key cities.

QUOTATIONS ARE provided as a service to both farmers and buyers. Quotations are given the Times-News daily by each buyer. The newspaper, in addition, re-checks each firm twice weekly. Responsibility for the price listed is solely the buyer's. NQ indicates the buyer does not wish to quote a price.

Annual range bull sale set

FILER — The 32nd annual fall Filer range bull sale, sponsored by the Idaho Cattlemen's Association, will be Oct. 29 at the Twin Falls County Fairgrounds at Filer.

Freeze position clarified

TWIN FALLS — Clyde Vanausdeln, president of the Twin Falls County Farm Bureau today issued a statement to clarify comments carried in earlier news releases regarding President Nixon's wage and price freeze.

Gem farm income up

BOISE (UPI) — The U. S. Department of Agriculture reported Saturday that net farm income in Idaho during 1970 was up from 1969 by more than \$1 million.

Jerome office sets aid

JEROME — Jerome County Agricultural Stabilization and Conservation Services office, in Jerome is receiving official answers to the Presidential order of Aug. 15 on prices, rents, wages and salaries, according to Bill Barnes, chairman of the county ASC committee.

Any persons in Jerome County who want or need precise information should call or visit the county office, Barnes said.

He noted that county offices throughout the United States have been chosen as information centers to answer questions from all citizens on President Nixon's executive order which is designed to stem inflation and strengthen the national economy.

County ASCS offices are not to handle complaints or appeals, he explained.

The Jerome County ASCS offices are located at 700 S. Lincoln in Jerome. The telephone number is 324-4323.

"The freeze will be of some help to agriculture as the price of equipment and repairs cannot go up at present. Normally when the price of steel goes up as it did a short time ago, the prices on equipment and repairs also go up. Almost all local comment regarding the freeze has been favorable," Vanausdeln said.
