TEN CENTS

Crew erects ferris wheel for today's fairgoers.

## Fairtime today for T.F. County

By MARJORIE LIERMAN Times-News Writer

**FILER** — The 55th edition of the Twin Falls County Fair opened this morning with perfect fall weather. Today was East End day with many residents from Hansen, Kimberly and Murtaugh attending. Activity centered in the show arena where the Angus Show and Junior Angus Show began at 8 a.m. while judging of horses took place in the horse arena. Early fairgoers witnessed flag raising ceremony which will be held, each day of the fair by a color guard from the Filer American Legion post.

Other events of the morning included 4-H and FFA sheep and swine fittings and showings, and showing of fat hogs, fat lambs and fat steers. Judges began at 10 a.m. to examine the many flower exhibits to select the premium winners in that department. Displays of junior flower gardeners will be judged this afternoon.

Judging in most of the other departments was completed Tuesday and the coveted blue, red and white ribbons placed on winning articles for people to view when they visit the many exhibit buildings.

Free entertainment and shows are being presented each afternoon at the fair including riding jamborees, animal specialty acts and others. The Ray Cammack show is running on the midway with a number of

**PAUL REVERE'S HORSE**

Paul Revere's horse was named Brown Beauty and was loaned to him for its speed. However, she was never returned to her owner. If you're looking for a horse of your very own, be sure to check the Times-News Classified Ads. You'll find a variety of "beauties" here today!

new rides featured this year. Tonight's pre-rodeo entertainment will begin at 7 p.m. and will feature music by the Filer marching band, drills by local riding clubs and the traditional 4-H parade, during which time the 4-H beef grand champion and reserve champion sitting and showing will be judged and the trophies presented.

Thursday will be Idaho's first Register of Merit Show which will begin at 8 a.m. and continue through the entire day. Odell Gelvens will judge 231 entries from 26 herds representing choice Herefords from 10 states and Idaho. Ralph Heineman, Billings, Mont., will be announcer. The show is sponsored by the American Hereford Association, Idaho Cattlemen's Association and the fair board.

## Idaho to sell SV land tract

**BOISE (UPI)** — Idaho's Land Board Wednesday agreed to offer for public sale approximately 620 acres of land appraised at \$56,000 and adjacent to the Sun Valley Resort.

But before the board approved the land sale transaction of Harry and Gayle Holmes, Sun Valley, Secretary of State Pete T. Cenarrusa recommended the department advertise it widely — including ads in the Wall Street Journal and the New York Times.

Cenarrusa also tried unsuccessfully to persuade fellow board members to cut up the acreage into 40 or 80-acre parcels, contending such sales might bring even more than the appraised value which the board set as a minimum for sale.

Auditor Joe R. Williams, however, threw cold water on Cenarrusa's proposal to cut up the land into smaller parcels. He questioned whether there would be any bids for some of the steep, hillside land included in the acreage.

"I think we've got to sell a little of the good with the bad in order to get the most for the land," Williams said.

A social hour for all interested cattlemen will be held at 6 p.m. tonight in the Holiday Inn at Twin Falls according to Willard Wolfe, American Hereford Association NW Field Representative, Spokane, Wash.

Wolfe stated the Register of Merit Show will have cattle from top ranches of the United States. This show will give all those interested in the cattle industry a chance to see top Hereford herds without having to travel any great distance Wolfe added.

Thursday morning also will see the Quarter Horse working events at 8 a.m. and 4-H agriculture and home economics demonstrations as well as tractor driving contests and forestry identification competition.

"If we sell it in '40's there's a possibility of having some isolated '40's on back on the hills that would not sell."

Board members generally agreed and went along with the land sale applicants' request to sell it in two parcels of some 310 acres apiece.

At present, there are grazing and mineral leases on the land which bring in about \$132 per year.

## Tour Hawaii

**TWIN FALLS** — Annual Times-News sponsored "Magic of Hawaii" jet tour will leave Twin Falls for Honolulu on Feb. 14, 1972, it was announced today by O. A. (Gus) Kelker, Times-News editor.

As for past tours, travel arrangements are being made by Magic Carpet Travels and merchants of the city will participate in offering two free round-trip tickets for benefit of customers. Full par-

## GIs ferry Viets to Khe Sanh

**SAIGON (UPI)** — Wave after wave of American helicopters today carried 2,000 South Vietnamese troops into jungles near the abandoned U.S. Marine base at Khe Sanh to expand the biggest Saigon government operation since last spring's Laotian invasion.

The South Vietnamese forces reopened Fire Base Hope five miles southeast of Khe Sanh and the Gates outpost five miles northeast of the abandoned fortress.

Ranger units opened three landing zones northeast of Khe Sanh.

It was the third day of a new drive involving 22,000 South Vietnamese troops with U.S. support. The operation is known as Lam Son 810 and is aimed at disrupting the flow of supplies into northern most Quang Tri province through the Demilitarized Zone (DMZ) and neighboring Laos.

Task force elements were no closer than 18 miles to the Laotian border, South Vietnamese military spokesmen said in their official acknowledgment of the campaign. Military sources said the government had no intention of mounting another cross border drive like last spring's Lam Son 719 into Laos.

The U.S. command reported only one major incident involving U.S. forces in South Vietnam Tuesday. Two crewmen of an Army OH6 observation helicopter were killed when their machine was shot down.

ticulars regarding this participation will be announced later. Ruth Miller, Times-News staff writer, will lead the 1972 tour which will include arrival through the gateway of Honolulu and departure for home through Hilo after visiting the islands of Oahu, Kauai, Maui and Hawaii. The tour members will return to the Twin Falls City-County Airport on Feb. 24.

## Valley gets 14 teachers

**BOISE** — Five-year-old children in six Magic Valley counties will receive a preview of school work, courtesy of the federal government, starting next month. Idaho Superintendent of Public Instruction D. F. Engelking announced allocation of 125 kindergarten teachers to 36 of Idaho's 44 counties, under the federal Emergency Employment Act recently approved by Congress. Of those, 14 will teach in Magic Valley districts. Idaho has been allocated \$2.25 million for the program on the request of Gov. Cecil D. Andrus, whose kindergarten program was defeated by the 41st Idaho Legislature. Salaries of the teachers will be paid by the federal allocation, Engelking said.

Local school districts may be willing to match the federal grant with local funds in order to provide more youngsters a chance at a kindergarten class. As it is, the program will reach only about 5,000 of the state's 14,600 5-year-old children.

The Idaho Department of Education surveyed all school districts, asking about their needs and willingness to handle the details of the new classes, Engelking said. A total of 280 kindergarten teachers were needed, but only 125 can be provided by the federal funds.

The classes will probably begin in October if preparations can be made in time, Engelking said.

In the Magic Valley, Twin Falls School District No. 411 will be granted funds for three teachers; Wendell District No. 232 will employ two, as will the Cassia and Minidoka districts and one each will be funded in Gooding District No. 231, and the Buhl, Filer, Valley and Kimberly districts.

Engelking said criteria for allocating the funds included the willingness of the district to participate in the program, the number of 5-year-olds in the district, the economic situation in the area and the community attitude.

In commenting on "community attitude" during his news conference on Tuesday, Engelking singled out Twin Falls County for criticism, saying that the area legislators apparently were not interested in the kindergarten concept, since the Magic Valley legislative delegation voted against Andrus' proposal.

The allocation of funds for the kindergarten teachers, however, was made principally on the basis of need and not on regional voting records, Engelking said.

## Man slays children with tool

**LELAND, N.C. (UPI)** — Police said Robert Atlas Johnson killed four of his five children with a tire tool Tuesday and severely injured the other one. He later explained that his wife had left him because of the children and he wanted her to come back.

Johnson, 47, heavy-set, baldish and bespectacled, was charged with murder and deadly assault and authorities said he would be sent to Cherry State Mental Hospital for tests.

The only survivor of the attack was four-year-old Carol Lorraine Johnson, who was listed in satisfactory condition after undergoing surgery. Robert Mitchell Johnson, 6, died shortly after being rushed to a hospital. Johnson's other children — Jeanette Lynn, 9, Elizabeth Ann, 7; and Patrick Lee, 3 — were dead when the father led police to the murder scene.

Johnson's wife, "Bobbie Louise, 29, secluded herself at the home of a friend after talking to authorities.

## Idaho teachers lose pay hikes

**BOISE (UPI)** — Supt. of Public Instruction D.F. Engelking said Tuesday until the 90-day wage-price freeze ends, school teachers should be paid on the basis of last year's salary schedules. That, Engelking told a news conference, would "make it easier (for teachers) to have a little bonus later... than to have a cutback."

He predicted, however, that at the end of the wage-price freeze, the national education association would begin "many suits" to see whether teaching contract provisions — the higher

salaries "would be retroactive to before the freeze. In a memorandum sent to Idaho school districts, Engelking said unless a teacher actually worked under a contract that became effective before Aug. 15 there will be no pay raise, but a raise will be allowed if a teacher has completed courses and received additional degrees which would, in effect, represent a promotion. The memorandum said newly-hired teachers who signed contracts after the freeze date cannot collect higher pay in a school system, any increases af-

ter Aug. 15 may not go into effect, and there will be no increases allowed even in multi-year contract situations.

Engelking said he felt it would be a "little bit better" to operate on last year's salaries so teachers would not be faced with rebating part of the higher salary if the higher wages are not allowed.

He also said any opinion on the wage and price freeze from the Idaho attorney general's office would "probably be nil" because the regulation is a federal one.

## Aftermath Rupert fire chief asks push to enforce city fire codes

By DAVID ESPO Times-News Writer

**RUPERT** — Rupert Fire Chief O'Dell McLane last night asked the Rupert City Council for more support in the enforcement of fire inspection codes.

His plea came in the wake of a million dollar fire which raged through the city industrial area last week.

McLane said there "might have been a chance to stop the fire," which gutted the main office and warehouse of the Big "O" Tire Co., if the building had conformed to safety regulations.

In some cases, he said, there were gaps in the walls of the structure, making quick control of the fire virtually impossible.

In his report to the council about the fire, the chief praised

the assistance of the several volunteer fire fighting units which were on the scene as well as the cooperation received from surrounding municipal departments.

In other business the council approved subdivision of the 10-acre plat in Mountain View, just north of the city limits on H. Street. The council also tentatively approved annexation of the land into the city limits, although state law prohibits formal annexation until after the November municipal elections.

Under plans presented to the council by contractor Eugene Moon, the 10-acre plat would be subdivided into 38 residential lots.

The council also approved endorsement of an amendment to the Federal Water Pollution Control Act, a bill before

Congress which would allow the city to recover some of the money it has spent in the past five years on the construction of sewage treatment projects.

(Continued on p. 15)

## Congress hears Connally

**WASHINGTON (UPI)** — Treasury Secretary John B. Connally today disputed charges that President Nixon's new economic program discriminates against the poor and is a bonanza for business. He said the plan will give individuals \$7 billion in tax relief.

Connally was the leadoff witness at a hearing of the House Ways and Means Committee considering Nixon's proposed tax cuts. Its chairman, Rep. Wilbur D. Mills, D-Ark., will have a big say in what the final form of the Nixon plan will be.

The President will address a joint session of Congress Thursday, presumably to seek bipartisan support for his program.

Connally defended the administration's decision not to include business profits in the 90-day wage-price-rents freeze. He said profits were at their lowest point since 1938.

Nixon's chief economic spokesman asked congressmen returning from a 32-day summer recess not to tamper with the President's program.

"This carefully balanced program will be seriously impaired if any of its important parts are not enacted," Connally said in prepared testimony.

Congressional sources said Mills would seek changes in the program, including more tax assistance for the poor. He may also seek a 7 per cent business investment tax credit instead of the 10 per cent credit Nixon requested.

The sources suggested that Mills might also try to get Congress to nullify the \$3 billion in annual business tax reductions Nixon put into effect through accelerated depreciation rates earlier this year.

Both organized labor and Democratic leaders have attacked the Nixon program for favoring business at the expense of wage-earners.

But Connally argued enactment of the President's plan, plus the \$2.7 billion in tax cuts already scheduled to take effect in January, will reduce income taxes \$4.9 billion in 1972 for individuals, most in lower income brackets. He said elimination of the anti-inflation tax would increase the deficit by \$7 billion.

## Tower falls

**1,375-foot** three-station television antenna collapsed Tuesday and fell across the building housing the transmitters of the three TV stations sharing the tower, under construction at Sherwood, Miss. Seven workers were killed as the tower crumpled in the accident. (UPI)

# GI's refuse to answer

FT. MEADE, Md. (UPI)—The prosecution in Col. Oran K. Henderson's court-martial produced testimony Tuesday that soldiers who took part in the 1968 My Lai sweep refused to comment when officers questioned them about the action in which civilians were killed.

One of the witnesses, 1st Sgt. J.A. Buchanan, now stationed at Ft. Bragg, N.C., identified Henderson in the courtroom as the officer who questioned him. Buchanan said he replied: "I have no comment, sir."

Buchanan and four other witnesses, including two helicopter pilots who took part at My Lai, appeared as the trial moved into its third week with the government seeking to establish that Henderson, then commander of the 11th Brigade

in the Americal Division, tried to cover up the incident.

Buchanan said he emerged from a tunnel at a village north of My Lai where his unit operated to find a number of dead civilians on the ground.

He said no member of his unit was in the immediate vicinity of the bodies when he came out after hearing gunfire. But he said the men converged on the scene at about the same time he did, and that Lt. Stephen Brooks, his unit commander rushed up "upset and angry" and inquired: "What the hell happened? Who did this?"

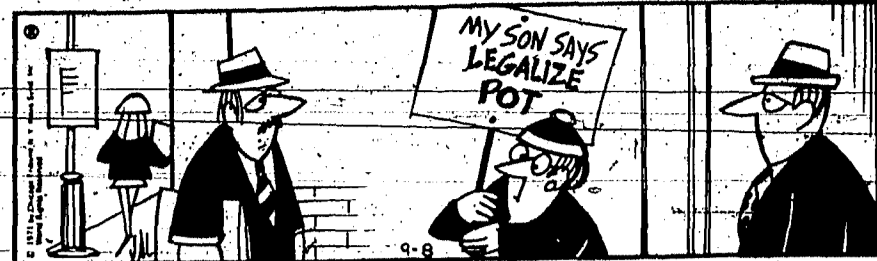

Buchanan said he replied, "I don't know, sir."

Another witness, Ronald D. Grzesik, 27, now a student in Holyoke, Mass., said a colonel he could not identify asked him after the sweep if he saw any atrocities. "I replied, no," Grzesik said.

But Grzesik said that while he did not see any killings, he did see the bodies of men, women and children during his part in the action.

Elmer G. Hayward, 24, now of Bayton, Tex., also testified that members of his unit declined comment when an officer asked if there had been anything "wrong or unjust" in the My Lai action.

Former helicopter pilot Scott A. Baker of Sacramento, Calif., and Dean C. Lind of Jackson, Mich., both testified they saw bodies in the area as they flew in support of the My Lai operation March 16, 1968, by Task Force Barker, an especially created unit of the 11th Brigade.

SAN RAFAEL, Calif. (UPI)—The Aug. 21 escape attempt at San Quentin Prison in which six persons were killed has made it impossible for Angela Davis to get a fair trial, her attorneys said Tuesday.

They said her scheduled Sept. 27 trial on charges of murder, kidnaping and conspiracy should be postponed if the charges are not dismissed outright.

For the first time, they also said they were preparing a motion for a change of venue to move the trial out of Marin County.

Miss Davis is accused of supplying the guns for the Aug. 7, 1971, Marin County shootout.

## Girl hurt in mishap

TWIN FALLS — Barbra Christensen, 10, daughter of Mr. and Mrs. Duane Christensen, Twin Falls, suffered skinned knees and bruises when struck by an automobile at 8:05 a.m. Wednesday.

She was taken to Magic Valley Memorial Hospital by the Magic Valley Ambulance Service and treated and released.

The girl was injured on State Highway 74, one mile south of South Park. Sheriff's officers investigated the accident but had not made a report at press time.

## Early turnout

PORTION OF CROWD attending preview of performance of Leonard Bernstein's "Mass" at John F. Kennedy Center for Performing Arts in Washington, D.C., on Monday. Official opening is tonight. Crystal chandelier, in opera house of center, is gift from Austrian government. Center is capital's official memorial to late President. (UPI)

WASHINGTON (UPI)—The John F. Kennedy Center for the Performing Arts will officially open tonight and take its place along side this capital city's other memorials to the nation's late presidents.

A seven-foot-bronze bust of Kennedy's head — extending what sculptor Robert Berks said was a poignant feeling of "come to my house" — stands opposite the entrance to the opera house and will welcome the select audience, many of them with personal memories of the age of Camelot.

Mrs. Rose Kennedy and her only living son, Sen. Edward M. Kennedy, will be in the president's box as the first sound of Leonard Bernstein's "Mass" rings through the darkened opera house in honor of the slain chief executive.

Bernstein, who said the work represents the fulfillment of his life, will be in the president's box, too. But the person who asked him to compose the elegy, Jacqueline Kennedy On-

## Meet set

BOISE (UPI) — The educational development task force of the Idaho Commission on Women's Programs will meet at 9 a.m. Saturday in the office of State Treasurer Marjorie Ruth Moon.

Miss Moon, commission chairman, said the task force is studying counseling for girls, including career choices and problems of making women students aware of the need for preparing for work.

Co-chairwomen of the task force are Helen Engelhart, Caldwell, and Marjorie Neely, Moscow.

## Valley Obituaries

### Teresa Banner

BURLEY — Mrs. Teresa Haycock Banner, 75, Burley, died Tuesday at Cassia Memorial Hospital following an extended illness.

She was born Feb. 5, 1896, at Blackfoot, and married Harry Haycock on Oct. 4, 1916 in the Logan, Utah, LDS Temple. They were later divorced. On March 16, 1943 she married Samuel Banner at Burley. He preceded her in death on Oct. 6, 1971.

Mrs. Banner came to Burley in 1914 from Blackfoot, living here since.

She was a member of the LDS Church, serving in the primary department, Sunday School and as music director in the Unity LDS Ward for many years.

Survivors include three sons, Ross D. Haycock, Akron, Ohio; Arthur D. Haycock, Burley, and Harry A. Haycock, Bountiful, Utah; five daughters, Mrs. Robert (Ruth) Mancur, Mrs. George (Beth) Bunn and Mrs. John (Margaret) Koyle, all Burley; Mrs. Jacy (Dorothy) Kidd, Declo, and Mrs. Edsel (Shirley) Bourgeois, Franklin, Ariz.; one sister, Mrs. Orel G. (Laura) Thueson, Twin Falls; five stepsons and five step-daughters; 43 grandchildren and 33 great grandchildren. She was preceded in death by one son and one daughter.

Funeral services will be conducted at 1 p.m. Saturday at the Unity LDS Chapel by Bishop Rex Gerratt. Final rites will follow at the Pleasant View Cemetery.

Friends may call at McCulloch Funeral Home Friday afternoon and evening and Saturday until time of services.

### Garth Brush

BUHL — Garth Eveleth Brush, 54, Buhl, died of a long illness Monday night at St. Benedict's Hospital, Jerome.

He was born at Richfield on Dec. 9, 1916 and came to Buhl as a youth. He graduated from Buhl High School and was a graduate of an electronics course.

He was a veteran of World War II and served with the Air Force in the South Pacific.

He married Myriel Sheldon Hire at Burley on Aug. 1, 1950. He ranched for many years at Clear Lakes where he made his home. He also had worked for Idaho Power Co. and Morrison-Knudsen Co. Inc.

Surviving, besides his widow of Buhl, are three sons, Otis E. Brush, Pocatello, and George E. Brush and John W. Brush, both Buhl; a daughter, Mary E. Brush, Buhl; a stepson, Dale I. Hire, Buhl; a stepdaughter, Mrs. Nancy Guidry, Buhl; his mother, Mrs. Georgia Brush Jucker, Buhl, and five grandchildren. A son, Garth E. Brush Jr., preceded him in death.

Funeral services will be conducted at Hopkins-Buhl Funeral Chapel at 2 p.m. Thursday with William McCormick as presiding minister. Final rites will be at the Buhl Cemetery.

### L.A. Eaton

KIMBERLY — Mrs. Roy Eaton, Kimberly, has received word of the death of a brother-in-law, Lyndon A. Eaton, 68, who died of a stroke Friday in El Cajon, Calif.

He was a former resident of Kimberly, born in Fairberry, Neb., he had moved with his parents to the Kimberly area in 1905, and spent his youth here. He attended Kimberly schools.

Mr. Eaton had been blinded a number of years ago by a dynamite explosion. He was also a former resident of Jerome.

Eaton is survived by his widow, Unice, two daughters and four sons, all in southern California; several grandchildren and five brothers and sisters, including Alvie Eaton, Kimberly; John and Eddie Eaton, California; Mrs. Pearl Craine, Bakersfield, Calif., and Martha Baugher, Sandpoint.

Other surviving relatives in the local area are two nieces, Mrs. Ralph Cox, Kimberly, and Mrs. Ralph McClain, Eden, and a nephew, Ralph Eaton, Filer.

Funeral services were conducted in San Diego, Calif.

### TV tower collapses, 7 men die

SHOREVIEW, Minn. (UPI)—A \$3 million project to construct a 1,285-foot television transmitting tower was nearly completed Tuesday when suddenly the entire structure collapsed, killing seven men.

The tower crashed while workers prepared to lift a platform to the top of the structure to serve as a base for three Minneapolis-St. Paul television station antennas.

The three competing television stations had put aside their differences, had met Federal Communications Commission (FCC) regulations, overcome the objections of aviators and legislators and—after donating 14 acres to the suburban village—won local approval.

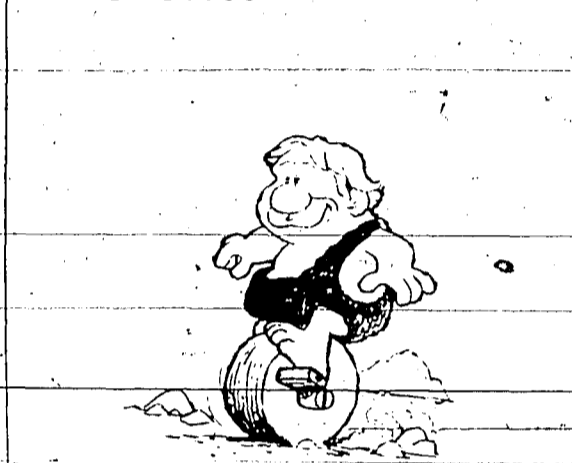

The project was begun in May, 1970, and was scheduled for completion last December, but weather forced delays, and construction was halted during the winter.

## Need names

CALDWELL, Idaho (UPI)—Religious groups trying to get a referendum election on the sale of table wines in grocery stores of Canyon County still are 851 signatures short of their goal.

Fry said it cost him approximately \$800 to check the petitions against the voter registration rolls.

## Counselors lose space

OAKLAND, Calif. (UPI)—The Oakland Draft Board Tuesday evicted an antiwar group which has been operating a counseling service inside its office.

Two women were arrested on trespassing charges when they ignored a warning to leave an office on the fourth floor of Selective Service Headquarters. Bond was set at \$500 each for two members of a "Berkeley Peace Brigade" which set up a "draft information and resistance service" at the draft board offices a month ago. Four others were arrested previously.

TWIN FALLS — Services for Mrs. Amy Carlson will be held at 2 p.m. Thursday at White Mortuary Chapel. Final rites will be in Sunset Memorial Park.

TWIN FALLS — Services for George F. Stephens will be held at 11 a.m. Thursday at White Mortuary Chapel. Final rites will be in the Twin Falls Cemetery.

The largest living turtle is the Atlantic leatherback, which may measure 12 feet from the tip of one flipper to the other, says Encyclopaedia Britannica.

## Typhoon threatens big island

TOKYO (UPI)—Typhoon Virginia changed course without warning and veered toward the main Japanese island of Honshu today, whipping up heavy rains and causing 29 major landslides which killed dozens of persons in their sleep.

The National Police Agency said 55 persons were killed and six others were missing. All but one of the deaths occurred on the Pacific coast of Chiba province, which adjoins Tokyo on Honshu island.

The typhoon, a relatively weak storm that had been working its way northward in the Pacific off the Japanese home islands, turned around late Tuesday and moved toward the mountainous Chiba peninsula without warning, dumping 4.8 inches of rain an hour on the area.

# Mayor's vote breaks rental plan deadlock

By BONNIE HAIRD JONES  
Times-News Writer  
TWIN FALLS — By a vote of four to three, with Mayor Frank Feldtman breaking the tie, the Twin Falls City Council Tuesday night approved a rent supplement program which will allow Wills Inc., to build and rent low cost apartment facilities in the city.

Robert Wills explained to the council unless the city's "workable program" is revised to include rent supplement known as the 236 program, he would be unable to complete a planned construction project.

Under the system, Wills said, the firm builds the apartment facilities in one, two and three bedroom size. Low income families, including those living on Social Security, are allowed to rent the units at rates based on their income, with the government paying the remainder of the maximum rental rates.

Wills said where the units are rented to persons not of the low income classification, full or

maximum rates will be charged and he will pay seven per cent interest on the federal loan. Where low income rent is collected, he will pay one per cent, he said.

Based on no more than one fourth of their total income, the renters will pay \$95 to \$142 per month for one-bedroom units; \$118 to \$176 for two bedrooms and \$129 to \$192 for the three bedroom apartments, he said.

Wills said at least 20 per cent of the units will be available to minimum income classification

families.

Wills did not disclose the location of the development but said he has land in reserve in a medium density housing zone and plans a building similar to the Town Crest Apartments but with much more surrounding lawn and playground space.

Councilmen John Christofferson, Eugene Stacey and Paul Ostyn voted against the request. Mayor Feldtman said there is a critical need for rental housing in Twin Falls and felt for this reason the program should be allowed.

Councilman Christofferson termed the program "socialistic" and said he feels it is another government encouragement to make it profitable to be poor.

The council also approved a proposal, pending a legal ruling, to lease 1,500 shares of Twin Falls Canal Co. stock held in trust by the city. Closure of Second Street South in front of the new military office complex Thursday from 11:30 a.m. to 1:30 p.m. for dedication of the building was approved.

LEE HAYES

# Fish rights appeal due

BOISE (UPI) — The Idaho Supreme Court will hear 13 cases in its Sept. 7-10 Pocatello term, including one involving Indian fishing rights under the Fort Bridger Treaty of July 3, 1868.

The case arose after Gerald Cleo Tinno, Fort Hall, Idaho, a resident of the Fort Hall Indian Reservation and a member of the Shoshone-Bannock tribe, was charged with two counts of violation of Idaho fishing and game regulations.

Tinno was found guilty and sentenced by a justice of the peace to a fine of \$75 for unlawfully catching a chinook salmon with a spear in the Yankee Fork River in Custer County, and unlawfully catching a salmon in Yankee Fork when the waters were closed to fishing

by the State Fish and Game Department.

The Seventh District Court, however, held the judgement should be reversed under terms of the treaty, but the state of Idaho appealed, contending the trial court erred in failing to hold that the state of Idaho has a right to regulate on an equal basis Indian hunting and fishing rights based upon occupancy as distinguished from hunting and fishing rights specifically reserved under the Fort Bridger Treaty.

Two amicus curiae (friend of the court) briefs have been entered, one by the U.S. government and the other by the Washington State Department of Game.

The case will be heard Sept. 8 at 2 p.m.

# Landing aid TF voting set up

TWIN FALLS — City Council members reviewed a report on establishing an instrument landing system at the Twin Falls City-County Airport but deferred action until a meeting can be held with Federal Aviation Agency representatives.

City Manager Jean Milar was instructed to ask FAA officials to meet in Twin Falls at the earliest possible opportunity to fully explain what will be required in the way of land acquisitions for the system and to give city officials and airport commission members some idea of costs before a project of this type is approved.

Airport Manager Harry Merrick said the airport commission discussed the matter Tuesday afternoon and also voted to take no action until a meeting can be held with the FAA. In a letter proposing the system be established, Merrick said, the FAA indicated representatives plan an early visit to Twin Falls in regard to the proposal.

Merrick said the system would enable planes to land at the local airport with a minimum of 200 foot ceiling and would allow the field to remain in operation during bad weather. He estimated about six landings a winter are lost due to weather conditions.

Such a system, he said, would be the forerunner of construction of a flight control tower at the field.

Merrick said the system would extend the approach area and would therefore require

additional area at the ends of the runway. He estimated about one-half mile would be needed at the west end with glide slope on the east end. The FAA proposed the project for early 1972 with federal funding available for land acquisition and lighting installation.

In other business, the city approved a request from Keith Jones for city water and sewer service on his land on Grandview Drive, southwest of the present city limits. Jones said he plans to establish what will be classified under the county zoning ordinance as a mobile home court. He said he plans four lots of one-fifth acre each on which four modular-type double wide units will be located on foundations.

He said the county has approved the zoning for the units if the city provides water and sewer services. Because of being outside of the city limits, he will pay double rates.

In other business, the council voted to lease the U.S. Air Force office space in the airport terminal building for the Civil Air Patrol operations on a one-year basis rather than a five year term, and voted to terminate the lease of Jaycee Baseball Park with Chester corp., the managing agency of the Magic Valley Cowboy Baseball Club for the past season.

The club is through with the facility for the season and will have a new managing agency next year.

City officials agreed to release the corporation of all obligations for the remainder of the year by terminating the lease.

The council voted to close the city offices Thursday afternoon for Twin Falls Day at the county fair and approved monthly bills, reports and license applications.

# TF voting set up

TWIN FALLS — City Council members Tuesday night approved Nov. 2 as the date for the general municipal election to elect four Twin Falls City Council members and designated 10 precincts and polling places.

Polling places are the same as two years ago although precinct boundaries have been altered to take in newly annexed areas of the city.

On Nov. 2, the voters will fill vacancies left by the completion of terms now held by Mayor Frank Feldtman, Frank Cook, Eugene Stacey and Winston Jones. Stacey does not plan to seek re-election but Jones will be a candidate. Cook and Feldtman have not made any announcements yet.

The election ordinance adopted Tuesday night states polls will open at noon and close at 8 p.m. Registration books are now open at the office of the city clerk and will close on Oct. 30 at 9 p.m. with the office held open from 7 p.m. to 9 p.m. on the

nights of Oct. 28, 29 and 30 for the convenience of working voters.

Polling places will be the county courthouse, city hall, Lincoln school, Robert Stuart Junior High School, Harrison School, Buttrey's, Washington School, Twin Falls High School, YMCA building and Morningside school in that order for Precincts 1 to 10.

City officials also conducted two public hearings with no protests heard on either matter.

A zoning variance was granted W.C. Malberg, Jr., allowing him to complete an addition to his home now under construction. The building was found to be seven inches too close to the property line. His property is located at 1922 Shoup Avenue East. The approval of the zoning variance will allow him to complete a carport and additional living space on the second floor of the home.

The other hearing covered formation of Local Improvement District 88 for improvement on Falls Avenue East and several adjoining streets. City Manager Jean Milar recommended the council table action on a resolution confirming the assessment rolls for the district because of a discrepancy which has come up on one property line in the district.

# Pueblo crewman to speak

TWIN FALLS — Lee R. Hayes, a crewman aboard the U.S.S. Pueblo when it was captured by North Korean forces in 1969, will address a public meeting at 8 p.m. Friday at the Holiday Inn.

Hayes' appearance in Twin Falls is among a series of lectures arranged by the Truth About Civik Turmoil Committee, according to Lois Glenn, Kimberly, a committee spokesman.

She said Hayes, who was chief radioman aboard the Pueblo, will describe the Communist attack on that ship and the imprisonment of the crew in North Korea for 11 months.

Other members of the committee include Mr. and Mrs. Dee Pace, Twin Falls, and Mr. and Mrs. Albert Kratz, Filer.

# Jogging 'in' at CSI

TWIN FALLS — Jogging is "in" at the College of Southern Idaho, especially in evening adult classes, according to instructor Chuck Charlton.

The National Jogging Association is sponsoring a nationwide National Jogging Day on Sept. 18 to further the concept of jogging for health.

Charlton said CSI classes will participate with a number of measured "jogs" ranging from relatively short to lengthy for the more experienced jogger.

The time and distances will be announced, Charlton said.

CSI presently schedules two evening classes in physical conditioning. Janice Mittleider teaches a class for women only on Mondays from 7 to 9 p.m., and Charlton teaches a class for men and women each Tuesday at the same time.

Full details on registration and participation may be obtained from the CSI athletic department.

## Has power

MANILA (UPI) — About 10 per cent of the total area of the Philippines — 115,830 square miles — has access to electric power facilities, according to a survey by a private firm.

# Bids examined for warehouse

TWIN FALLS — County commissioners took under advisement Tuesday two bids received for the construction of a 30-by-60 foot warehouse building for the county weed bureau and storage of voting machines.

The apparent low bid was from Garco Steel Builders Inc., Caldwell, for \$17,387, but did not include a bid bond as required in the specifications. The other bid, from Ullman Construction Co., Inc., Twin Falls, was for \$18,165.

Commission Chairman William L. (Bill) Chancey, said both bids were within the county's estimates.

He said it appeared the county cannot accept the low figure because of failure to comply with the specifications, but County Attorney Leon Smith will be asked for an opinion if the remainder of the bid is in order.

The building will be located at 450 Sixth Ave. W., and will provide office space for the weed bureau, now located in the old county hospital building. It will provide about 1,500 square feet of space for storage of voting machines.

Specifications called for either cinderblock or prefabricated-steel construction.

# Albion forest area tour set

TWIN FALLS — Sawtooth Multiple Use Advisory Committee members will make a fall tour Friday and Saturday, visiting the Albion Division of the Sawtooth National Forest.

Entering the area through Howell Canyon, the group will view the route of a proposed new scenic road from Mt. Harrison to the City of Rocks and will inspect other developments, improvements and proposals in the area.

On the Friday agenda are stops at the Mt. Harrison lookout where the group will hear plans for a new facility, discuss the U.S. Air Force installation, inspect a new road to the top of the mountain and view electronic development sites.

Livestock grazing, summer

home areas and campgrounds will also be inspected and members of the committee will discuss problems involving vandalism in the Lake Cleveland and Thompson Flat campgrounds and discuss trail machine use in the area.

The Pomerelle Ski Area and Snowmobile Area, heavy winter recreation use sites, will also be inspected.

An overnight camp will be made at Independence Lakes and on Saturday members will hike to the lakes to discuss future management of the area not served by roads at this time. A side trip to the City of Rocks will also be available to committee members.

Members of the committee represent various multiple use interests in the area.

Wednesday, September 8, 1971 Al Westergren, Publisher PHONE 733-0931

Official City and County Newspaper Pursuant to Section 60 106 Idaho Code. Thursday is hereby designated as the day of the week on which legal notices will be published. Published daily and Sunday, except Saturday, at 132 Third Street West, Twin Falls, Idaho, 83301, by Magic Valley Newspapers, Inc. Entered as second class mail matter April 8, 1916, at the post office in Twin Falls, Idaho, 83301, under the act of March 8, 1879.

### Time To Debunk

Ever since their profession was given a name, penologists have been confronted with a curious fact: Punishment works best with those who need it least.

A man who shoots his wife's paramour in a blind rage may never have committed a crime before and will never commit another as long as he lives. The same may be true of a man who, panic-stricken by personal debts, succumbs to temptation and embezzles funds from his employer.

Both are sent to prison because society cannot tolerate such violence and dishonesty, and as lessons to potential murderers and embezzlers.

Yet beyond satisfying certain needs of society and possibly of the criminals themselves, who may feel they have a "debt to pay," of what use is their punishment? Certainly not rehabilitation, for they are as fit to re-enter society on the day of their sentencing as they will be 10 years after it — and perhaps more so.

It is otherwise with the career criminal, the man who has been in and out of trouble since childhood and in and out of reformatories and prisons since he was a teen-ager. For him — and he is in the vast majority — punishment is a degrading and embittering and hardening experience.

Rarely is the career criminal able to admit his own guilt, or if he does, rarely does he accept responsibility for it. It is, as any number of sociologists and psychologists will hasten to assure him, society's fault.

(Strange how society is blamed for the tens of thousands of persons in prison, yet society gets no credit

for the tens of millions who have never been and never will be in prison.)

Even rarer is it for this kind of criminal to feel any responsibility for the welfare of his victim or his victim's family, to vow that he will try to make amends for what he may have done.

This should be a part of rehabilitation, yet our laws do not even have any provisions for encouraging the man who wishes to make amends.

Of late, a new dimension has been added to all the other problems of penology — political radicalization.

"Political radicalization is becoming more commonplace in American prisons and the state authorities in charge of prisons are having to become more aware of the concept in dealing with prisoners who see their criminal offenses as strictly political acts," said Race Relations Reporter a week before the shoot-out at San Quentin in which "Soledad Brother" George Jackson was killed.

Jackson, the No. 1 "political prisoner" in America in some eyes, is now the No. 1 political martyr.

Wrote journalist Tad Szulc after an interview with Jackson, shortly before his death:

"The convict-politicizing process obviously meshes with the growing opinion among prisoners and outside radicals, including ideologically motivated lawyers and criminologists, that most crimes committed in the United States, particularly by minorities and poor whites, are essentially 'social' and 'political' in nature.

WASHINGTON — (NEA) — If Vice President Agnew does somehow beat the odds and hold his place as President Nixon's running mate in 1972, it could be largely — though not entirely — because of the difficulty of finding a suitable replacement. The easy thinking has always been, of course, that Treasury Secretary John Connally is made for the spot. Certainly he can't be ruled out. But two astute Republican political appraisers have just privately voiced fresh doubts that the

President would tap him. Presently, Connally is not seen as carrying the needed clout in his native Texas, where he is naturally presumed to offer the most. Texas Republicans admire him, but would resent him as a powerful Democratic intruder. Nor is there persuasive evidence that he would do all that much for the GOP ticket in other southern states Nixon would like to take. Once past Connally, the guessers have a hard time coming up with useful names.

The political profile of the "right man," a hard-line slugger with appeal to southern and other conservatives, doesn't fit many prospects. It does fit Agnew (which is why he was chosen the last time).

Another thing: Agnew's "constituency" is nothing like as big as it once was. But what there is for him is heavily committed and vocal, and it includes some key Republican money men. Their expected cries of outrage could intensify the natural trauma

involved in running mates. Nixon obviously has thought of all this, though he doesn't give away his thinking on Agnew very often. With him as with others who work for the President, he seems to shrink from too personal involvement. It is easy for the affected individual to read this as deep neglect.

Yet, from a safe distance, he may indicate concern: In Agnew's case, a few aides have been told by Nixon:

"Do what you can to help the Vice President. He's a good man, and very proud. He's been hurt by somethings."

Whatever the President's total judgment of Agnew's capacities, aides say he has always admired the Vice President's toughness. That was one of the attributes Nixon believed he saw in the man when they had their first significant conversation in the spring of 1968. Agnew's whole bearing and appearance convey the authority and sense of command the President wanted.

Even some White House aides who seem to be busy ignoring the Vice President have a grudging respect for his hard fiber. He takes no guff, and he takes orders only from the boss himself.

Throwing all these matters onto the scales indicates how difficult the President's 1972 decision is. It does not indicate he has nothing to decide.

For the reports keep filtering in that there are misgivings about Agnew in the inner circle. One seasoned political type says flatly that the shrinkage of his "constituency" is his own fault, that he has a "bad sense of public relations," and that his dealing both with the U.S. Senate and with politicians around the nation show him a poor political animal.

His close-in defenders argue that the Vice President, while ambitious enough not to be talking about going back to private law practice, is not governed by the usual political calculations.

Fact is, he's chiefly interested in the changing society around him. He wants his comment to be pure Agnew, not something cooked up for political or showboat effect. Maybe that's some kind of new politics that will lift him high. Or maybe it reflects his judgment that he has no big political future, that the big boys in the White House rate him low, and that he therefore can do and say what he likes. If it's politics, it's high-risk stuff.

### A Boy to Do a Man's Job

GEORGE C. THOSTESON, M.D.

### Sleeping Pills

Dear Dr. Thosteson: My daughter has been taking three, sometimes four, phenobarbital tablets a night to get to sleep. She has been doing this for about six years now.

When she gets up in the morning, she staggers out of the bedroom, her eyes are glassy and she has a terrible pain in her head. I know it's from the pills, but she says it's from the vessels swelling in her head. Would you comment on this? Maybe she'll listen to you, — Mrs. T. G.

Well, maybe she'll listen to me, but don't hold your breath waiting for her to do so.

You didn't tell me the size tablets she is taking, which is of some significance, but regardless of that, the groggy hangovers show clearly that she is getting too much.

Sleep is important; phenobarb, properly used, can be a helpful medication, but it also is a drug which, used to excess, can be habituating and can cause barbiturate poisoning.

People who have let themselves be ensnared by the phenobarb habit will usually offer any sort of excuse than look at the facts.

What can you do? Tell her doctor about this morning-after effect. He should be made aware of what is going on, and it's a fair guess that your daughter won't tell him.

Further, find out, if you can, where she is getting the pills. They are a prescription item, so try to learn whether she is using an old prescription that should have expired or is using prescriptions from more than one doctor without their knowing it. Or obtaining the pills without a prescription — that happens, too. She can be weaned from the

medication, but will doubtless need the cooperation of her physician.

Dear Dr. Thosteson: My granddaughter, 4, has an excessive thirst and will drink several glasses of water a day, sometimes only 20 minutes apart. Of course she has to urinate often.

I told my daughter-in-law to have her urine tested for diabetes, but the doctor said there was no sugar in the urine.

I am wondering if she could have diabetes without its showing in the urine. — Mrs. L.R.

Unlikely that she has diabetes mellitus, since in children that age diabetes comes on dramatically, sugar is in the urine, and unless treatment starts, acidosis develops.

One possibility is that she might have diabetes insipidus, which causes ravenous thirst but sugar is not involved. It is a disorder of the pituitary, although it is not a common disorder.

Of course, the little girl may just like water.

With the sugar test negative, you can disregard "sugar diabetes," but if, by actual measurement, she consumes more than three quarts of water a day, further examination is in order.

Diabetes insipidus can be controlled successfully, and it does not affect a child's nutrition or activity as diabetes mellitus does.

Dr. Thosteson welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

PAUL HARVEY

### Jail For Farmer

Jail for William Glasscock — and he could be you.

Since some of those Earl Warren Supreme Court decisions defending the rights of wrongdoers at the expense of their victims, in Chicago our locked-up juries have been serving more time than have our criminals.

While we're this confused about who are the good guys and who are the bad guys, watch your step.

Remember Bill Glasscock. William R. Glasscock is a farmer, 54, farms 100 acres south of Joliet, Ill. — sweet corn, melons, variety vegetables.

He is a productive member of the community and a responsible citizen otherwise, serves on Joliet Junior Colleges board of education.

One night he looked out of his window and saw some young people helping themselves to his ripe acorn squash; two men and a woman, loading the truck of their car with his squash.

He fetched his .44 varmint pistol and went out and down to where they were and ordered them to stop. Instead, they slammed the car trunk lid on his squash, jumped into the car and started off. Again he hollered for them to stop, and when they didn't, he plinked the car — put a slug into the front fender which, luckily, he thought, penetrated the fender, hit the battery and stopped the car.

He then took the three back to his farmhouse and called the sheriff and the three were arrested, charged with criminal trespass. And you'd think that would be that.

The police then arrested farmer Glasscock, I mean they took him downtown, confiscated his gun, fingerprinted him and put him in jail, charged with "unlawful use of a weapon."

Now, the characters who stole his squash; that's a mere misdemeanor; a minor fine. But the farmer, protecting his property, violated a state statute by shooting at a car.

And it comes out the law there says that even if you saw your own car being stolen from your driveway — if you shoot at it — you're going to be in more trouble than the car thief!

When local media including the Joliet Herald-News reported this conspicuous injustice, citizens thereabouts raised such a ruckus that the charges against farmer Glasscock were dismissed, his gun was returned ... but ...

Had he been less well-known he might still be in jail.

Further, when this case comes to court Sept. 9, the

thieves will try to use the farmer's technical violation to get themselves off.

Indignation in and around Joliet has been expressed most vehemently by women.

They feel less and less safe these days on the streets and they don't like laws which leave their own property unprotectable — which leave them vulnerable even at home.

RAY CROMLEY

### Nixon's Aim

WASHINGTON (NEA) — Look carefully at the figure 8.1. That's the percentage the average American is now saving out of his income — 2 to 2.5 percentage points higher than normal.

That 8.1 is what Nixon's economists aim at. They say it is the fox in the chicken coop, the reason recovery is limping, not booming along.

Nixon's men say if Americans — all of us — were spending as much of our incomes as we customarily have done, this would fuel the economy another \$14 billion annually.

Increased spending would in turn spur businessmen to boost their purchases of new plant and machinery.

Except for consumer spending, the economy is coming along nicely. So much so that one of this country's most respected economists has told this reporter that if we consumers had been spending at the normal percentage rate these past 12 months, we'd have recovery by now.

Counting indirect effects, the Gross National Product would be up \$25 billion.

Nixon's proposed increase in personal income tax exemptions won't yield any comparable sum. Nor will scratching the federal tax on automobiles. This is common money, the President's own variety of psychological warfare aimed at stirring the consumer out of his fears.

There's a great deal of argument here over why the consumer — isn't spending. Economists this reporter has

talked to argue it's a matter of confidence. The consumer is worried. He's holding his spending to essentials because he doesn't know what is around the corner. The high rate of unemployment bothers him. Will he have a job next month? Inflation chills him. He wants to make certain he has enough funds to meet his basic bills.

Then there's the general uncertainty — violence in the streets, narcotics, racial tensions, the war, the crisis in the Middle East — a feeling we're drifting nationally, with a lack of strong leadership in the White House. Uncertain people spend less.

No one knows whether Nixon's program will ease these fears, create confidence and send consumers flocking to spend their money. But it is certain what he's aiming at.

The Kissinger mission to China was intended to show imaginative leadership, ease domestic tension over Vietnam and the shaky world situation.

Nixon's dramatized drives against dope, crime on the streets and employment for Vietnam veterans was aimed at diffusing uncertainty and emphasizing that the President has a firm grip on the reins.

Nixon's package of economic measures was to be the clincher — shocking enough to jolt the consumer into the confidence that his President was master of the situation, determined to lick inflation and to prevent unfair foreign exchange rates and trade barriers from taking jobs from Americans.

MR. SPECTATOR

### Travel Is Broadening

The other day I stayed overnight in a Pocatello motel. After the meeting I was attending I went to the room, got ready for bed, climbed in and started to read a newspaper.

Then I noted a gadget beside the bed. For 25 cents, a sign said, the bed would be vibrated so I could get to sleep easier. Well, two-bits isn't a great lot of money in these times so I thought I would try it.

The thing started to vibrate. Right away I remembered where I had first been subjected to treatment of that sort.

Remember the Stanley Basin road before it was paved? Remember the "ripples" in the gravel surface? Well, that set up a vibration too and the vibration in that motel bed and the vibration on the old Stanley Basin road just had to be the same.

I was so unnerved by the ordeal that I didn't sleep a wink all night.

Had a real shock. One of those new-fangled cash registers that ring up what you are going to get back rather than what the cost of the purchase was, backfired the other day. Purchase was a 20 cent cup of coffee. The register said I had \$4.80 coming from the 20 cents. I gave the gal. Needless to say, I

didn't get the \$4.80 because the gal grabbed for it before I could recover from the shock.

### GIVEAWAY DEPT:

We are desperate. We still have three puppies we must get new homes for. Please call 733-5552 or see at Coates, which is three-quarters of a mile south of East Five Points.

Four kittens to give away. One is calico with a bobbed tail. Assorted colors and sexes. About two months old. Call 733-0084.

Four half-Siamese kittens about two months old to give away. Also must give away a fine female dog. Call 734-3133 or see at 202 Park Avenue in Twin Falls.

Have a black poodle to give away. Is four months old. See at 529 Shoup or call 733-3689.

Those who say the whites are dominating things just had to be wrong so far as the Little League World Series was concerned. While 35,000 people watched, the championship game pitted Gary, Indiana against Taiwan, China. The members of the Taiwan team were all Chinese boys while the members of the Gary club were all black boys. The Chinese lads won the championship.

### BERRY'S WORLD

"Really, Mom and Dad, I'll be all right. Please go back home and don't worry about me!"

# Some things you have to take as they come.

## Price isn't one of them.

Many otherwise good businessmen will shrug off an unfavorable price as if it were just bad luck.

It isn't. It's bad business.

Paying too much or selling for too little can usually be avoided through commodity futures hedging, a centuries-old business practice which is being applied with great success to a number of new commodities.

On the Chicago Mercantile Exchange, you can now hedge Idaho potatoes, as well as cattle, hogs, pork bellies, boneless beef, eggs, lumber and milo.

If you're in the potato or food

processing industry, and if you're not sure what hedging is, how it works, how little it costs or how it can help your business to prosper—it's time to find out.

Ask the commodity man at your broker's to explain hedging to you. Or write to us for more information.

**CFE CHICAGO MERCANTILE EXCHANGE**  
110 North Franklin Street, Chicago, Illinois 60606

# Invisible coating may save building surfaces

NEW YORK (UPI)—An invisible hydrophilic polymer developed in Czechoslovakia may save U.S. building owners millions of dollars annually in their fight to save surfaces from the ravages of weather, pollution and the nimble fingers of graffiti artists.

The annual bill for sandblasting and steam cleaning buildings, bridges, tunnels, monuments, statues and the like is estimated at one-half billion dollars per year. And that doesn't include the damage done before and during the cleaning. Sandblasting, for instance, erodes the surface being cleaned and also produces pollutants. Steam scrubbing is expensive, messy and sometimes ineffective.

Hydron 300, a unique polymer developed by the Czechoslovak Academy of Science and marketed by the Sampson Chemical Corporation of New York under a licensing agreement with the National Patent Development Corporation, seems to solve many cleanup problems.

"Take the Brooklyn-Battery

Tunnel in New York City, which we've just coated with Hydron 300," said Donald J. Weiss, president of the non-public Sampson Company. "In the past it cost the city about \$1 million a year to clean the tiles. Now they'll be able to do it for about \$80,000 with one man, one truck and a garden hose."

Since organizing in April, 1970, Sampson has coated or sample-coated edifices in almost every state along the Atlantic Seaboard. In New York City, Hydron 300 has been applied, in addition to the Brooklyn-Battery tunnel, to the Federal Hall; the bottom 12 feet of Grant's Tomb and the pink granite base of the Cleopatra's Needle obelisk in Central Park. In Washington, they've sampled the Lincoln Memorial, the George Washington statue and the Burke monument. The President Hotel in Atlantic City, N.J., and the Gimbel-Saks warehouse in New York City have been covered with the monolithic polymer film.

The polymer resists weather, pollutants, graffiti and even acid by simulating the human

skin to a remarkable degree. Masonry coated with it actually breathes, maintaining the necessary equilibrium but resisting the intrusion of dust, water, grime and ink. It works on unpolished marble and granite, regular or precast cement, glazed or ceramic brick, common brick, limestone and sandstone. It also prevents the yellowing of tile and marble.

Cost of applying it runs from 11 to 20 cents per square foot, according to Weiss.

"It can be sprayed or brushed on a surface and 'cures' to 80 per cent effectiveness in 30 minutes, according to Weiss. A 36-hour waiting period is suggested for 100 per cent effectiveness.

In many cases, the normal washing action of rain will keep a surface treated with Hydron 300 free of atmospheric contaminants and grime. Where surfaces have been attacked by oil-based paints, Magic Markers, crayon and lipstick, a special solvent will remove the unwanted markings via brushing action.

### No breakage

MILWAUKIE, Ore. (UPI)—Oregon bartenders will no longer have to break all their empty bottles—about 4 million a year. The Oregon Liquor Control Commission has repealed a regulation requiring the bottles be broken, to prevent their re-use.

# Inhaling can harm non-smoker

BAD HOMBURG, Germany (UPI)—Non-smokers can inhale the smoke from a pack of cigarettes merely by spending a day in a smoke-filled room, a doctor told the first European Council on Smoking and Health Tuesday.

Dr. D. M. Cousin of Paris said long periods spent in rooms filled with smoke have little effect on cigarette users. "But a non-smoker in the same room will inhale the equivalent of the smoke from a pack of cigarettes during eight hours in the same room," he said. "It is unfair that smoking is allowed in public places because the non-smoker has much less resistance than the cigarette user to smoking's initial harmful effects."

# Gem requests \$167 million

BOISE (UPI)—State agencies have now requested \$167 million from the general fund for fiscal year 1973, acting Budget Director D.E. Chilberg said Tuesday.

Chilberg said he is not yet certain how far down the requests will be pared for the executive budget, but said he is now computing a "Continuation Level" budget, the money necessary to continue just current programs and services.

But, he said, "We really don't shoot for a particular level."

At the last budget session, state agencies sought \$161 million from the general fund. Gov. Cecil D. Andrus asked for \$128.1 million in his first budget address to the legislature and then for \$129.4 million in a second budget message, and the

legislature finally appropriated a \$125-million general fund budget for fiscal year 1972.

One change this year, Chilberg said, will be to assume cost-of-living increases will be only two to three per cent, rather than the four per cent used in the last budget preparations, adding one per cent may mean \$1 million in a budget.

Further, he said at the last budget session the four per cent cost-of-living increase was applied to all facets of the budget, but this time will be separated so as to exclude personal or fringe benefits which

do not rise each year. He also said this year the budget office has a much closer control over costs measurements.

Forest-based industries produce 185 million trees a year in their own nurseries for transplanting to their tree farms.

## SECOND GREAT WEEK!!!

Joseph E. Levine presents a Mike Nichols Film starring Jack Nicholson

"I've experienced only three or four movies that I genuinely was sorry to see end."

I was sorry to see 'Carnal Knowledge' end."

—Vincen Canby, New York Times

### Child aid bill slated

WASHINGTON (UPI)—Sens. Mark O. Hatfield, R-Ore., Harrison P. Williams Jr., D-N.J., and Harold Hughes, D-Iowa, announced Tuesday they will introduce a bill to create an agency to help abandoned children in Vietnam, especially those fathered by American servicemen. They estimated their proposed program would cost about \$5 million the first year.

# Demo chiefs 'out of step'

WASHINGTON (UPI) — The National Committee for an Effective Congress (NCEC) accused House Speaker Carl Albert and Majority Leader Hale Boggs of being out of step with their Democratic colleagues Tuesday. It said they represented "the old coalition of Southerners and GOP conservatives" rather than the

emerging liberal majority. The criticism by the 13-year-old organization that is bipartisan but generally liberal was the second in three days directed against the new Democratic leadership team in the House of Representatives. The committee said Albert and Boggs are "at loggerheads with a majority of Democrats"

on issues involving foreign policy, military spending and social matters. "House leaders thus appear and reappear as standard bearers for the old coalition of Southerners and GOP conservatives," the committee said. Albert is from Oklahoma and Boggs is from Louisiana. Three days ago, the Americans for

Democratic Action (ADA) sharply criticized their leadership. The Committee for an Effective Congress cited a survey taken for the American business committee on national priorities this summer showing the 10 senior leaders of both parties "clinging, almost without exception, to views rejected by strong majorities of their constituents at home ..."

The ADA said the failure of the House leaders to reflect the party's majority views was underlined during the antiwar

debate when most House Democrats voted for the Nedzi-Whalen and Mansfield antiwar amendments but Albert and Boggs voted against them. The NCEC, however, saw the House shaking off "outdated dogma" and a new majority in the making built around an emerging liberal consensus. It said the change was caused in part by the 1970 election, in which seven Democrat committee and subcommittee chairmen and eight-ranking Republicans were defeated. This shook up the surviving senior members.

## S. Viet veterans ask official aid

SAIGON (UPI)—A group of about 30 disabled South Vietnamese veterans, including one who cut off his thumb to dramatize his plight and others who shook their artificial limbs at bystanders, demonstrated Tuesday for government aid. The group of American-trained veterans dispersed when each was given 5,000 piasters—about \$20—by government officials. The demonstration in front of the Veterans Ministry and across the street from the residence of Deputy U.S. Ambassador Samuel D. Berger, lasted for several hours.

There was little other political activity in South Vietnam after National Assembly elec-

tions and the three weeks of maneuvering that left President Nguyen Van Thieu alone on the Oct. 3 presidential ballot. The demonstration in front of the Veterans Ministry was conducted by former underground fighters known as the Civilian Irregular Defense Group (CIDG) who are denied regular military benefits because they were trained by Americans and their group now is defunct. Government officials told the demonstrators they did not know when a bill would become law giving them regular benefits. The bill is awaiting approval by the national assembly and must be signed by Thieu.

## Infant daughter 'shock'

SPOKANE (UPI) — Donald Bailey, Spokane, says he was in "shock" after his wife gave birth Sunday to a baby girl. He said, "There was no question in my mind but what it would be a boy." A mathematician friend had told the odds were 1,100 to one that the baby would be a boy. The reason—Jennefer Dawn was the first girl born in Bailey's family since 1890.

## News Of Servicemen

DECLO — Wayne C. Fuqua, son of Mr. and Mrs. Robert H. Fuqua, Declo, participated in an Air Force Reserve Officers Training Corps field encampment at Guntlet Air Force Base, Ala. He is a member of the AFROTC unit at Washington State University, Pullman.

WAYNE C. FUQUA

HAZELTON — Air Force Capt. Larry R. Crumrine, son of Mr. and Mrs. Raymond A. Crumrine, Hazelton, is now stationed at Holloman AFB, N. Mex. He is an F-4 Phantom fighter-bomber pilot assigned to a Tactical Air Force unit. He previously served at Udon Royal Thai Air Base, Thailand.

KIMBERLY — Eddie D. Alldritt, son of Mr. and Mrs. Everett D. Alldritt, Kimberly, is among 1,249 freshman cadets who have entered the Air Force Academy, Colorado Springs, Colo., as a member of the Class of 1975.

The first train in the United States drawn by steam traveled from Albany to Schenectady, N.Y., on Aug. 9, 1831.

## More Security With FALSE TEETH At Any Time

## Sad walk

CARRYING COFFIN of 18-month-old daughter, Angela, is Peter Gallagher on way to burial in Belfast's Milltown Cemetery. Child was slain Friday when bullets fired from speeding car at British Army patrol astray. Death toll in violence in Northern Ireland passed 100 mark over past weekend, with 68 killed so far this year. (UPI)

## Nevada air rules attacked

ELKO, Nev. (UPI) — Basic, Inc., a Gabbs mining company, has spent more than \$1 million in recent years to reduce dust but "can't live" with the state's proposed air pollution controls, an attorney said today.

Robert Marshall of Reno presented the company's objections Tuesday night at Elko at a hearing before the State Environmental Protection Commission.

"We aren't opposed to clean air, nobody is," Marshall said. "But these proposed regulations are unrealistic. A hunter or a rancher driving on a dirt road and kicking up dust would be in violation."

Marshall declined to comment on whether Basic would consider quitting but said "the stack emission standards are so bad, would require the expenditure of so much money ...

well, we just don't know the answer."

"Ours is a situation where there is a town only because of Basic. If Basic goes, Gabbs goes," he said.

He said Basic had spent more than \$1 million, including funds for electrostatic precipitators and dust collectors, and had begun such projects long before pollution control regulations were proposed.

# Israelis attack American critics

**By United Press International**  
A top Israeli political source said today in Jerusalem that U.S. criticism of Israeli policy is encouraging Egypt to be uncompromising on a Middle East peace agreement.

The Israeli source was referring to remarks Secretary of State William P. Rogers made at a news conference last Friday. Rogers, in response to questions, said then that Israel's policy was "not viable as far as an agreement is concerned."

"What we do not accept is that progress towards an agreement is stuck because of Israel," the source said at a background briefing. "What has happened, he said, is that because Egypt is being obdurate Israel has been asked to make concessions."

The source said that when Rogers visited Israel last spring he described Israel's position as "constructive" and that Rogers told the Egyptians that he thought Jerusalem had made some significant concessions.

abandon its fortifications on the eastern bank with the understanding the pullback was not a final withdrawal. But since then, the sources said, nothing has been done to invalidate the proposals.

**Curtains**

**ACTRESS**—Spring Byington, 84, died at home in Hollywood, Calif. on Tuesday after a brief illness. Miss Byington appeared on stage, screen and television, but was best remembered for role as Lily Huskin in "December Bride," which spent most of its run on TV from 1954 until 1959 among top 10 shows. She appeared in over 75 movies and 30 plays. Photo was taken in 1959. (UPI)

## Trial stage set in union murders

WASHINGTON, Pa. (UPI)—Pennsylvania won an 18-month extradition battle early today and set the stage for trial of five persons charged with murdering United Mine Workers official Joseph A. Yablonski, his wife and daughter.

confession implicated both Gilly and Martin. Vealey's confession said the men were paid \$5,200 to plan and execute the murders by a man known to Vealey only by the name of "Tony."

District Attorney Jess R. Costa said three of the suspects in the case were brought here at 5:30 a.m. to face arraignment on charges in the Dec. 31, 1969 slayings at the Yablonski home at nearby Clarksville, Pa.

## Selassie to China

ADDIS ABABA, Ethiopia (UPI)—Emperor Haile Selassie of Ethiopia will pay a state visit to Communist China Oct. 6-12, the ministry of foreign affairs announced today.

The announcement said the visit, at the invitation of the Peking government, will further enhance the friendship existing between Ethiopia and China.

Ethiopia recognized Communist China as the sole representative of the Chinese people in November, 1970.

## Drug use created 'robot'

LOS ANGELES (UPI)—Charles "Tex" Watson, whom defense attorneys say was only a "robot" blindly carrying out Charles Manson's desires is suffering from brain damage probably caused by chronic drug use a neurologist testified Tuesday.

Watson, the last defendant in the Tate-Labianca trial, has pleaded innocent and innocent by reason of insanity to the seven charges of murder.

Dr. Richard Walter of the UCLA Medical Center said his examination of Watson showed his motor performance and mental status were abnormal, although his sensory reactions were normal.

Walter, who appeared as a defense witness, said he believed drugs caused the brain damage but could not say for sure because "I don't know the amount or the type or the mixture of drugs taken."

## A big bite ...

MISS MONTANA, Nancy Harper, nervously bites fingernail while waiting to pose for photographers at Miss America Pageant in Atlantic City, N. J., Monday. (UPI)

## Train injures youths

CHUBBUCK, Idaho (UPI)—Four American Falls, Idaho teen-agers were injured — one critically — Tuesday afternoon when their car was struck by a Union Pacific freight train at a crossing near here.

Chubbuck Police said the four were returning from Blackfoot, where they had attended the Eastern Idaho State Fair, when their slow-moving car was struck. The vehicle was hit by three locomotive engines traveling 48 miles an hour, police added. Officers theorize the youths did not hear the train coming because of a loud car stereo.

# Hiker's body found

EUGENE, Ore. (UPI)—The body of a 17-year-old girl—the second to die in a "character building" survival hike—was recovered Tuesday at the bottom of an extinct volcano in the rugged Oregon wilderness. Lorene Larhette of Sudbury,

Mass., was found where she died last Friday night while huddling for warmth in snow with Pamela Sullivan, 18, the only survivor of three girls who hiked into the Three Sisters area of the Cascades last week. Miss Sullivan, who aided helicopter efforts to locate Miss Larhette's body, was found Saturday by a director of the Outward Bound Program near the body of Mrs. Joyce Howden, 21, of Fall Creek, Ore. The three women left Sunday, Aug. 29, on the wilderness trek, part of the program designed to train young people to survive in the open on their own. A bad storm hit the next day, soaking their clothing and sleeping bags.

interest in eating. She said she forced herself to eat and tried to get the others to do the same. Miss Larhette left the other two girls on Thursday to go for help. Miss Sullivan remained with Mrs. Howden, who died—apparently of exposure—on Friday. The survivor then followed Miss Larhette's tracks and found her struggling in the snow about 200 feet from their original camp in the bottom of a small extinct volcanic crater. She said she and Miss Larhette huddled together for warmth, but that the teen-ager died during the night.

## Recovery efforts pressed

JUNEAU, Alaska (UPI)—Recovery workers believe they have located the bodies of all 111 victims of the crash of a jet airliner against an Alaskan mountainside authorities reported today. It was the highest loss of life in any single aircraft crash in the United States.

The job of locating and counting the bodies was extremely difficult because the Alaska Airlines jetliner and its contents virtually disintegrated Saturday when the plane smashed into the mountain northwest of here.

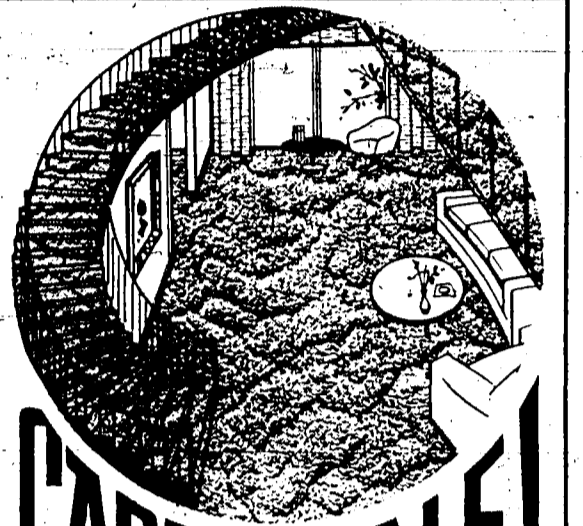

The task of transporting the bodies from the crash site to a temporary morgue in Juneau's National Guard Armory was hindered Tuesday by foggy, rainy weather.

While the recovery job proceeded slowly, members of the National Transportation Safety Board awaited evaluation of the cockpit voice recorder and flight data recorder found in the wreckage of the 727.

Both instruments were flown to Seattle, where safety board officials and Alaska Airlines representatives listened to the voice recorder. The flight data recorder was flown to Washington, D.C., for evaluation.

The crash remained unexplained. The pilot had not reported trouble.

### Valley Briefs

**TWIN FALLS** — CSI Faculty Wives and women will meet at 7:30 p.m. Thursday at the home of Norma Hughes, 807 Northview Drive, Twin Falls.

**TWIN FALLS** — Veterans of Foreign Wars District No. 6 meeting, posts and auxiliaries, will be held Sunday. A potluck dinner will be featured at 1 p.m. The meeting is scheduled after the dinner. Those attending are asked to bring a covered dish and their own table service.

**TWIN FALLS** — The Golden Age Club will meet at the DAV Hall at 8:00 p.m. Harrison Streets Friday at 6:30 p.m. for a potluck dinner. Those attending are asked to bring a covered dish and their own table service. Dancing and cards will be featured. Anyone 60 years of age or older is welcome.

**TWIN FALLS** — Swinging Sixties will meet at 8 p.m. Friday at the Odd Fellows Hall. All persons 60 years of age or older are welcome. Those attending are asked to bring their own table service.

**REXBURG** — After two weeks of registration, enrollment at Ricks College for the fall semester is 5,109 compared to 5,009 for the same period last year.

There will be mid-registration in October. According to Eldred Stephenson, director of admissions, 126 students registered at that time last fall. He said he would want to say how many will register this fall at mid term.

While school enrollment will be above that for last fall — 5,144 — it will not reach the average increase for the past several years of between 400 and 500 students.

**Sense of humor**  
Today's woman wants the freedom to do her own thing. Leo Narducci does clothes with a sense of humor and a sense of reality for this woman. His wide-lapelled, broad-shouldered blazers are contemporary, feminine. They go with elephant-belted Astaire trousers brought up to today in classic tartans with satin shirts and jersey pulls.

**NANCY FLANARY**  
Miss Flanary, Hull reveal June plans

**TWIN FALLS** — Mr. and Mrs. William U. Flanary announce the engagement and forthcoming marriage of their daughter, Nancy Sue, to Doug Hull, son of Mr. and Mrs. Gene Hull, Twin Falls.

Miss Flanary and Hull are 1970 graduates of Twin Falls High School and are currently attending the College of Southern Idaho.

A June wedding is planned.

**Shoshone has new residents**

**SHOSHONE** — Mr. and Mrs. Kenneth Rose, Hugo, Colo., have purchased the home of Mr. and Mrs. Charles Borden in the southwest section of Shoshone, and will be moving there in the near future. Mr. and Mrs. Borden now reside in Gooding. Rose is replacing Doyal Bennett as roadmaster for the Union Pacific Railroad here. He had worked in this area before, moving from Arkansas in 1949 and living at Richfield.

Mr. and Mrs. James Rowlan, who have been renting the Borden house, will be moving this week to the home of former residents, Mr. and Mrs. DeLen Stars. Mr. and Mrs. Stars and family have moved to Idaho Falls where he is transferred with the Bureau of Land Management. Tony Rose has enrolled at Shoshone High School as a senior and is playing on the football squad.

### Suits masquerade

Pat Sandler's suits masquerade as separates. The blazer jacket covers a bl- color dress of red sweater ribbing joined to a gracefully pleated skirt. A hand-loomed jacketed tweed sports a turtle neck sweater top and a divided skirt. A classically patterned velvet velour all-weather coat goes over a sweater bodice with skirt to match the coat.

### news about the people you know Valley Living

**Dear Abby**

**DEAR ABBY:** This is in reference to the 73-year-old woman who wondered if a doctor could prescribe something to pep up her 91-year-old husband who hadn't touched her in two years. I don't believe it! Not about the man—the woman. I am a 69-year-old man and I'm as peppy today as I was 40 years ago, and I show no signs of slowing up. I'm married to a 65-year-old woman who would be happy if I never touched her again. I have been a faithful husband for over 40 years, but right now I would like to meet that 73-year-old fireball, and I wouldn't care what she looked like either.

Our neighborhood is full of widows, and not one of them has any zip left. I knew all their husbands and the frustrations they suffered. Please ask your medical experts why women lose their interest in sex so much earlier than men.

STILL INTERESTED AT 69

**DEAR STILL:** I asked. And it's not true.

**DEAR ABBY:** Occasionally you put your foot in your mouth, and in replying to the wife who was bugged by her husband's hobby of model railroading you really did it. Your statement, "Railroads are becoming as extinct as whooping cranes," is not true for actual railroads, and is less true for the scale-model railroad hobby.

**DEAR T. J. C.:** I made no mention whatsoever of the scale-model railroad hobby. I was referring to passenger trains. In 1929, there were 20,000 daily passenger trains in the United States; today there are fewer than 400, hence my whooping crane comment.

**DEAR ABBY:** So that gal who's married to a railroad nut thinks she's worse off than the one who's married to a stamp collector? Well, my husband is not only a railroad fan and a stamp collector, he is a football fanatic!

His idea of heaven could be attending a stamp auction on a railroad train, en-route to the Army-Navy football game. From now until the Super Bowl, my husband won't even know I'm alive. But I will know he is because every room of our house will be littered with stamp catalogs, old railroad timetables, and football magazines.

When he got the September Playboy, he read the Pigskin Review before he even looked at the centerfold playmate. Would you say I had a problem? **MARION**

**DEAR MARION:** Yup. A triple whammy. Lotsa luck.

**DEAR ABBY:** PETE IN WESTPORT wrote to say he always sleeps in the altogether, but he keeps a pair of pajama tops under his pillow in case of fire. Then he added, "—and my wife sleeps the same way, only SHE keeps the BOTTOMS under HER pillow."

Tell Pete in case of fire he would be much better off with the bottoms, and his wife with the tops.

**THINKING AHEAD**  
What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

**MR. AND MRS. DICK DAVIS**  
(Davis photo)

### Louise Carpenter, Davis say vows

**JEROME** — Louise Dianne Carpenter, daughter of Mr. and Mrs. William Carpenter, exchanged marriage vows with Dick Davis, son of Mr. and Mrs. George Davis, all Jerome, in rites Aug. 21 at the St. Jerome's Catholic Church.

Rev. Father McBride performed the ceremony before an altar decorated with rose pink and white gladioli. The pews were decorated with pink bows and white bell centers.

Given in marriage by her father, the bride wore a full-length gown of white satin peau de soie, covered with white lace. The six paneled full skirt was gathered at the waistline. The dress, designed and made by the bride, featured a lace bodice with a rounded neckline and long sleeves. Her veil of white bridal illusion was gathered to a headpiece of white lace petals edged with sequins and pearls. She carried a bouquet of pink and white baby roses centered with an orchid corsage.

She carried a white lace handkerchief from her grandmother. Camille Carpenter, sister of the bride, was maid of honor. Bridesmaids were Mary Anne Carpenter, sister of the bride, Connie Lee, Debbie Bubak, and Beckey Correll.

Robert Davis served as best man for his brother, Ushers were Randy Walgamott, Craig Wallin, Jeff Williams and Brad Carpenter, brother of the bride. Cheryl Frese was organist and Joan Hadlock was soloist.

A reception was held for the couple in the Parish Hall with LaRene Burnham in charge of the guest book. The bride's table was covered with a pink tiered skirt and centered with a pink and white three-tiered wedding cake. A miniature bride and bridegroom topped the cake. A box of two wedding rings, flanked by doves, was nestled between the first and second tier. The cake was highlighted with pink and white lovebirds and flowers.

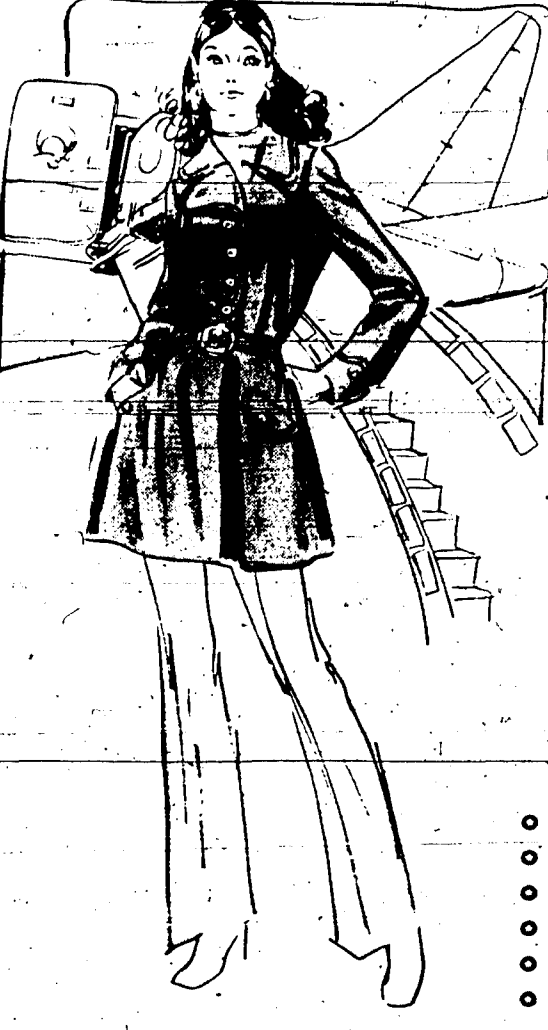

Flanking the cake were rose pink tapers in silver holders. Mrs. Del (Arlene) Rice and Mrs. James (Mary) Cook, Bolse, aunts of the bride, cut and served the cake. Mrs. Madge Stefanaty, Mr. and Mrs. Dick Lowe and Mr. and Mrs. Bill Last served as hosts. Gayle Tranmer was in charge of the gift table, assisted by Sue Jacobson.

The couple took a wedding trip to Sun Valley. The couple will reside in Jerome.

Out of town guests attended from Boise, New Plymouth, Gooding, Pocatello, Buhl, Twin Falls and Glens Ferry.

The bride is a 1971 graduate of Jerome High school and is employed by Ida Gem Dairymen, Inc. The bridegroom is a 1970 graduate of Jerome High School. He is a sophomore at C S I and is employed by Western Auto, Jerome.

## Mrs. Acree assumes Camp Fire post

TWIN FALLS — Mrs. Frank Acree has been appointed acting executive director of the Magic Valley Council of Camp Fire Girls' Announcement of her appointment was made today by Mrs. Paul Moseley, president of the Magic Valley Council. In her new position, Mrs. Acree will promote and administer the Camp Fire Girls program in the community.

She will be working to help increase the membership of the organization by accepting the challenge presented to the local council from the National Council of Camp Fire Girls, "to take a stand and grow." It is necessary, she believes, to grow as individuals as well as members. The Camp Fire program is available to all girls in the Magic Valley. The value of the program is that it provides girls with experiences to help them develop a

responsible attitude toward society and encourages girls to have positive attitudes and an open mindedness toward diversity and change.

Mrs. Acree, before her new appointment, was assistant executive director and camp director for Camp Tawakani during the past season. The camp experienced a larger enrollment of girls from Twin Falls than it has had in recent years and an even larger enrollment is anticipated for next year.

Formerly, Mrs. Acree taught art in the Mississippi Delta. She is a graduate of Mississippi State College for Women and has a BFA in advanced art and art education. Before moving to Twin Falls, Mrs. Acree was active in the Mississippi Art Association, Greenville Art Association and Little Theater. The Acrees moved to Twin Falls in 1968. Her husband is an instructor at CSF. They have two children, Frank and Leslie, who attend Harrison Elementary School.

Acting director

MRS. PAT ACREE has been appointed Camp Fire executive director, replacing Mrs. Ruth Vandenberg who retired Sept. 1 after serving 14 years in that capacity. Announcement of the appointment was made by Mrs. Paul Moseley, president of the Magic Valley Council.

MR. AND MRS. DAVID D. MILLER

## Couple observes 50th anniversary

KING HILL — Mr. and Mrs. David D. Miller, Glenns Ferry, were honored at an open house Saturday at the Baptist Recreation Hall, Glenns Ferry, in observance of their Golden Wedding Date.

Among the 115 guests were their sons, Wallace Miller, Hattiesburg, Miss; William Miller, Gooding; Robert Miller and Morris Miller, Glenns Ferry; Joseph Miller Vancouver, Wash., and daughters, Dorothy Stevenson, Butte, Mont.; Martha Miller, Salem, Ore.;

Mary Plew, Kimberly; Catherine McGown, Seminole, Okla.; Violet Wells and Gloria Gibson, Maryville, Calif., and Grace Miller, Glenns Ferry.

One son, John Miller, and one daughter, Doris Dupols, were unable to attend. One son, David Miller, was killed during World War II. Twenty-eight of the couple's 45 grandchildren attended along with three of their 13 great-grandchildren.

Mr. and Mrs. Miller were married Oct. 4, 1921.

## Drugging for classroom control

NEW YORK (UPI) — Nation's Schools, a journal for educators, asked school administrators about "drugging for classroom control" in its current opinion poll.

Some experts have predicted that the current use of behavior modification drugs for grammar school children will pick up in the next decade.

Is it a boon for learning or a giant step toward "1984"? No one knows.

But 50 per cent of the administrators polled disapprove of drugs as a means of controlling classroom disorders.

### '40s look

Leg-of-mutton sleeves distinguish a soft '40s look dress for fall and winter. Forgive, please.

It's what's known as a basic dress — meant to be dressed up or down via the addition or subtraction of jewelry. It has long sleeves and a plain neckline that circles the neck. The plain skirt is slightly flared. It comes in all basic colors but, to be perfectly safe, black is best. You add bracelets, necklace or pendant jewelry and matching earrings to look dressed up.

## Magic Valley Favorites

**RUBY BUTLER**  
Box 356, Kimberly  
**SAUTEED PARSNIPS**  
4 parsnips, peeled and cut in half  
¾ cup water  
½ teaspoon salt  
¼ cup milk  
½ cup fine bread crumbs  
3 tablespoons butter or bacon fat  
Cook parsnips in salted water until tender. Drain and let cool.

Dip them in milk, then in bread crumbs. Sauté in butter or fat until browned. Salt and pepper to taste.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

## Fatal betel

**KARACHI, Pakistan (UPI)**—There is more mouth and throat cancer in Pakistan than anywhere else in the world. Dr. Manzoor Saidi, director of Pakistan's Cancer Institute, said this type of cancer in Pakistan is caused by chewing tobacco-filled "paan" or betel leaf. He said people who chew "paan" with tobacco are more prone to cancer than those who chew it without the tobacco.

## Accused slayers face court dates

**DRIGGS, Idaho (UPI)**—A man and woman charged in connection with the slaying of three Mexican-American brothers will appear in magistrate court in Idaho Falls Sept. 14 for a preliminary hearing.  
 Harold Forbush, Teton County prosecuting attorney, said Monday the original charge of first degree murder against Michael Wren Rennpage, 28, Sacramento, Calif., and Joyce Diane Turner, 22, Elko, Nev., would be changed to three counts of first degree murder and two counts of attempted murder.  
 Rennpage and Miss Turner are charged in the shooting deaths of the three brothers. A cousin to the victims and the Driggs Town Marshal were wounded in the incident.  
 Attorneys have been appointed by the court for both suspects.  
 Both will appear in court at the same time.

# Rupert codes scored

(Continued from P. 1)  
The amendment, now before the Senate Subcommittee on Air and Water Pollution, provides for a partial payback to governments which have invested funds in sewage control since 1966.

State officials, advising the city of the legislation, were unable to say how much Rupert might be able to recover.

In letters sent to the four-man Idaho Congressional delegation, Mayor O.W. Johnson wrote, "The Rupert City Council believes that this legislation is important to the state of Idaho and is particularly beneficial to the various municipalities. The city of Rupert endorses the act and respectfully requests your assistance in obtaining approval of the pending legislation."

In other action taken last night, the council set the civic auditorium as the site of the Nov. 2 elections, and named city clerk Loretta Klingenberg, as well as Dixie Schenk, Magdalena Hirsch and Mary Masterson as registrars.

It also accepted the bid of Pace Roofing and Construction Co., of Burley, to repair the roof of the city armory.

Crew constructs fair food sale booth

Patrice Downs, Sherland Brewer, Andrea Downs pause for refreshment at fair

# Rupert studies ordinance

RUPERT — The Rupert City Council Tuesday night directed William T. Goodman, city attorney, to investigate the possibility of a city ordinance regulating the gathering of large numbers of people within the city limits.

The action came at a regularly scheduled council meeting at the request of Councilman William F. Whitton.

Admitting that there was "nothing in the wind," Whitton said he was apprehensive over the possible influx of several thousand people into the Rupert area for a short period of time. His chief concern, he said, was with sanitation and parking facilities.

The council's decision comes on the heels of similar ordinances adopted recently by Twin Falls and Blaine County. Fifth District Judge Theron Ward last week declared several provisions of the Blaine County law unconstitutional. The ruling came when promoters of the Wood River Rock Festival took the county to court for "harassment" of preparations for the festival.

The Twin Falls ordinance has not yet been tested in court.

# Blaine arraigns suspects

HAILEY — Ten persons were arraigned Tuesday afternoon on charges coincident with the Wood River Rock Festival held Labor Day weekend. Magistrate William Grant presided.

All of the drug arrests were made by the Idaho Bureau of Juvenile Control.

Those arrested with charges listed include:

Delivery of controlled substance — Denis Edwin Burgess, 22, 62 Ughart, Moscow; Frederick William Hamill, 20, 314 Pine Dale Road, Norfolk, Va.; Dennis (reg) Lance, 23, 585 3rd Ave.; and Leonard Rex Kirk, 22, 385 rd Ave., both Salt Lake City; possession of a controlled substance with the intent to deliver — Parker A. Lyle Jr., 22, Monterey, Calif. Arrested for driving while intoxicated — Murle V. Sisiam, 25, Bellevue; Lee Darrell Sheepskin, 23, Fort Hall, and Dale E. Bernhardt, 34, 801 East, Boise.

Donald Jay Woodard, 24, Layton, Utah, was charged with being drunk in a car and in public.

A Bellevue juvenile was also arrested on charges of intent to deliver a controlled substance.

Released on \$1,000 bond each were Nancy Smith, Boise, charged with possession of a controlled substance with intent to sell, and William Hon, 21, 140 Main Street, Boise, charged with delivery of controlled substance.

# Really top dog

# Top canines selected

By MARJORIE LIERMAN  
Times-News Writer

FILED — Best of show award during Tuesday's judging in the dog department of the Twin Falls County Fair went to a miniature pinscher, owned by Mrs. L.D. Miller, Twin Falls.

The dog had previously won first in the toy class with second place going to a pekingese, owned by Mr. and Mrs. Mike Mulligan, Jerome, and a shih-tzu, owned by Mr. and Mrs. Mulligan, receiving third.

In sporting class, a brittany spaniel, owned by Pat W. Garner, Jerome, placed first; a black labrador, owned by Al

Bolsch, Filer, second, and a golden retriever, owned by Bob Couch, Twin Falls, third.

Working class, a Newfoundland owned by Paul Bovey, Jerome, first; a St. Bernard, owned by Debbie Robinette, Twin Falls, second, and a great dane, owned by Marti Coolege, Hailey, third.

The terrier class had only one entrant with the blue ribbon going to a wire-haired terrier, owned by Robert M. Brown, Bliss. Non-sporting class, a bulldog, owned by Jackie Brown, Wendell, first; a bulldog, owned by Mr. and Mrs. Mike Mulligan, Jerome, second.

Hounds, a basset, owned by Peggy Smith, Buhl, first; a miniature dachshund, owned by Mr. and Mrs. Mike Mulligan, second, and a basenji, owned by Mr. and Mrs. Mike Mulligan, third.

Puppies, a miniature pinscher, owned by L.D. Miller, Twin Falls, first; a shih-tzu, owned by Mr. and Mrs. Mike Mulligan, second, and an American eskimo, owner, Norma Aslett, Twin Falls, third.

Entrants this year constituted a full house, stated Mr. and Mrs. Mulligan, superintendents, who added this year

saw more individual exhibitors rather than large kennels of previous years. There were more toy breeds entered this year.

New rules in the dog department required all dogs have distemper shots and health certificates. This year for the first time, the dogs were judged in "open to the public" judging. Arlene Strutz, Hermiston, Ore., served as judge for all classes.

The superintendents stated people should register their dogs now for competition at next year's fair.

Rather a famous dog at the fair is the large black Newfoundland which is a caddy dog at the Jerome Golf Course.

Two of the dogs broke from their choker chains just before they were to be judged and led their pursuers all over the fairground before they were caught and led back to be judged.

Both a St. Bernard and a golden retriever led about 20 people a merry chase. One of them, the retriever, later walked away with the blue ribbon in his class showing he was none the worse for his run through the grounds.

# Firm's pioneers set meet

BOISE (UPI) — The 19th annual meeting of Idaho Power Company's "pioneers," retired and active employees with a quarter-century or more service, will be held in Boise next weekend.

H.R. Moore, Boise, "pioneers" chairman, said about 350 of the utility's veterans from Idaho and elsewhere in the United States are expected to attend the reunion.

Moore said the meeting will begin at 10 a.m. Sept. 11 with registration at The Downtown Motel.

Sunday, the Idaho Power veterans will elect new officers at a breakfast ending the reunion.

# Burley studies enlarged links

By GEORGIA LAYTON  
Times-News Writer

BURLEY — Burley City Councilmen discussed enlarging the Burley City Golf Course to 18 holes during a lengthy city council meeting Tuesday night. The present course is nine holes.

James Kraus, a golf course architect for Golf Enterprises, Coeur d'Alene, submitted a sketch of the proposed enlarged course. The city would use 17 acres of ground adjoining the present golf course.

The architect pointed out the city could use available materials already on the present course to save construction costs. He said he had built "a number of gold courses."

Rance Renso, Twin Falls, civil engineer, outlined terms of a proposed contract to construct the expanded golf course.

A matching fund arrangement whereby federal funds are allocated through the Idaho Parks Department would pay half the construction cost, according to Mayor Garis Robertson. Final plans must be to the state parks department by Sept. 24 to be eligible for the funding program, he said.

Councilmen authorized the golf committee to handle arrangements for obtaining the funding.

Dyer Sampson, Burley, operator of a used car lot, asked for relief from a drainage problem in which rainwater drains from the adjoining alley into his lot. The council agreed to level the alley and repair the problem.

Grant Fillmore, Burley Chamber of Commerce president, said the Salt Lake

City Chamber of Commerce will sponsor a meeting Sept. 27 at the Ponderosa Inn. Members will be accompanied by the Utah governor and Salt Lake City mayor, Fillmore said. Burley City Councilmen are invited to attend the meeting.

The council also postponed action on an ordinance establishing standards for operation of mobile-home parks pending a rezoning investigation by Idaho State University in which a number of students are studying the city.

The council agreed to cooperate with the ISU survey in which students use civic situations as training, and will consider any recommendations

of the ISU team, Robertson said.

The council approved a proposal to install a pump for the city water system and to purchase a control panel for the pump, as well as piping the water from the pump in the city's north end to the city system.

The project will cost about \$9,000, Robertson said.

Burley City Engineer Leon Bedke reported on the Northeast Burley Local Improvement Project No. 17, involving oiling of several streets. He said the project could be completed this week under favorable weather conditions.

# Engineering firm hired

JEROME — Jerome City Council Tuesday retained the engineering firm of Riedesel and Straubhar of Twin Falls to do engineering work for Jerome.

Jerome has been without engineering service since Mel Morris, former public works director, resigned. The firm will be retained for a fee of \$1 per month plus the cost of engineering work needed by the city. Riedesel and Straubhar are members of JUB Engineering Inc. and provide engineering services for small communities in Idaho.

In other action the council designated Pioneer Hall and city hall as polling places for the municipal election in November. The first day for filing nominating petitions is Sept. 23. The terms of Marshall

Everheart and S. N. (Shorty) Weeks expire this year.

Everheart, who is completing his first four-year term and is in charge of the sewer and sanitation departments, said he will seek re-election. Reviewing his first term Everheart said, "a major and important undertaking in the community."

Weeks, who has been a councilman since 1964 and is completing his second term, will also be seeking re-election.

He is currently president of the council and is in charge of parks and recreation, library and water departments. Weeks is also a member of the city's finance committee.

In addition to his city duties, he represents the city on the Jerome Cemetery Board and is also zoning administrator for Jerome County.

A petition was received asking the city to remove the stop signs at the corner of Second East and Buchanan Street now that the swimming pool is closed. The council delayed action until the next meeting.

In other business, Everheart sponsored an ordinance on the regulation of garbage cans. The new ordinance changes the 1962 ordinance.

All property owners and netifiers are now required to have metal or plastic garbage cans which will have two handles with the minimum size 5 gallons and maximum size not to exceed 30 gallons.

Everheart, in presenting the new ordinance, said that in the past city garbage crews have had difficulty in emptying garbage cans that did not have handles and some firms and property owners have still been using large oil drums which are difficult for one man to empty.

# Buhl clerk named

BUHL — Mrs. Francis (Peggy) McArthur was appointed city clerk Tuesday evening by the Buhl City Council.

Mrs. McArthur replaces Bernard Starr who retired Aug. 31 after serving as city clerk since May, 1939. Starr also served as police judge during

his first 12 years in office. In May 1969, Mrs. McArthur was appointed city treasurer and served in that capacity until her recent appointment.

Mrs. Don Shaver has been named treasurer. She has served as water clerk for 15 years and will continue as water clerk as well as treasurer.

## Air pollution index 76

The pollution reading was taken by the staff of the South Central Health District at the Twin Falls City Hall. The reading is expressed as the number of micrograms of particulate material per cubic meter of air for the 24-hour period ending at 8 a.m. today. Federal pollution regulations say pollution levels should be kept below 75 micrograms over any 24-hour period, and should not be permitted to rise above 260 micrograms for even a short period of time.

**Forecast**

Today: **Excellent**

Tonight: **Poor**

Tomorrow: **Excellent**

This forecast provided by the Idaho Department of Health indicates the ability of the atmosphere to disperse pollution, burning or permitted-by-law should be curtailed when the air is poorly able to disperse air pollutants.

BEST OF SHOW ribbon awarded a miniature pinscher owned by Mrs. L.D. Miller, Twin Falls, is displayed by Arlene Strutz, judge of the dog show at the Twin Falls County Fair. With her is Mike Mulligan, Jerome, one of the superintendents of the division.

# Meet called for center

RUPERT — Mini-Cassia residents are urged to attend a meeting at 8 p.m. Thursday at West Minico Junior High School to discuss formation of a child development center for the two counties.

Paul Burnett, Twin Falls, director of the South-Central Child Development Center there, has met with Grant Richins, Burley, chairman of the South-Central Advisory Council; Mrs. Bulon Ramsey and Dr. John Head, both Rupert, members of the advisory board, to explain the need for a development disability facility in the Mini-Cassia area.

He said there are 20 identified pre-school children and 56 identified post school age persons residing in this area who suffer from mental, physical, epileptic or cerebral palsy handicaps.

According to a Health, Education and Welfare bulletin there could be more than 1,600 unidentified persons in Minidoka and Cassia counties, Burnett said. This is based on a government study which found that five per cent of the population has a developmental disability, of which three per cent are mentally retarded.

Handicapped children now must be taken from the Mini-Cassia area to Twin Falls for all

evaluation, therapy and other tests. Since early diagnosis, treatment and therapy is important for such children, Burnett said, having a convenient center offering trained personnel and proper equipment would be a great benefit to this area, Burnett said.

Two courses of action are available in securing a center here, according to Burnett. One would require a donation of land and \$10,000 from the community which would then be matched by \$20,000 from the state permanent building fund and \$20,000 from the federal development disability fund.

The other method would involve procuring an available existing building in either Rupert or Burley. Some federal funding could be secured, Burnett said, for remodeling such a building into a suitable facility.

The proposed center would not duplicate other programs now in force through the schools of the area, Burnett said, as it would be aimed primarily at the pre and post school age residents.

Committee members working to obtain a child development center here urge all educators, medical personnel, concerned citizens and representatives of community organizations to attend Thursday's meeting.

Fun for all

AMONG THE participants at the grand opening of the Burley Senior Citizen's Recreation Center Tuesday in the lower floor of the IOOF Hall were, from left, Mrs. Horace Cannell, Mrs. Vera B. Howell, Mrs. Emily Jones and Mrs. Fonda Cannell. In addition to cards, other types of games were available. The Golden Gleam Club plans on having the center open each Tuesday afternoon.

## Declo club holds fete at cabana

DECLO — The annual summer picnic of the Declo Kiwanis Club was held Monday at the new cabana in the Kiwanis Park, Declo.

Earl Darrington gave the invocation. Wives were guests and the tables were placed near the rock flower garden in the park which was planted and cared for during the summer by Joe Gillett.

The entertainment included country-western music by Delbert Kay, Burley, and Sanford Kay, Roy, Utah.

Guests were Mr. and Mrs. Robert Turner, Albion; Mr. and Mrs. DeVeri Richins, Westminster, Calif.; Shelly Rodgers; Patrick Rodgers, and Paul Rodgers, all Declo.

## Recreation center opens

BURLEY — The Burley Senior Citizen's Recreation Center opened Tuesday for the first time. It is located in the Burley Odd Fellows Hall.

Members of the Golden Gleam Club directed the activities at the center including card games, dominoes and checkers. Some 20 persons attended the event, including six from the Burley retirement home.

The recreation center has games of all kinds available, according to Mrs. Horace Cannell, committee member. They were purchased at half

price from M.H. King Co., she said.

The Golden Gleam Club pays the rent to the IOOF Lodge for use of the lower floor for the recreation center, so there is a need for financial assistance.

The club plans to have the recreation center open each Tuesday from 1 to 5 p.m. and all senior citizens of the area are invited.

Directing the opening day's events were Mr. and Mrs. Cannell, Burley; Mrs. Marie Judd, Heyburn; and Mrs. Edith Smythe, Acequia, all members of the Golden Gleam Club.

## Kiwanis confab slated

BURLEY — Aubrey E. Irby, Tyler, Tex., will be the official Kiwanis International officer at the Utah-Idaho 52nd annual Kiwanis District convention, Friday, Saturday and Sunday at Ponderosa Inn Convention Center.

Irby was elected a trustee of Kiwanis International in June, during the organization's 56th annual international convention at San Francisco.

Over 600 Kiwanis members and their wives are expected to attend the three day meet, according to Irving A. Hock, Idaho Falls, general convention chairman. Local arrangements are being arranged by Keith Stoddard, Burley.

Officers of the Utah-Idaho Kiwanis District are Dean W. Schultz, Idaho Falls, governor; Dr. Drew M. Petersen, Ogden, governor-elect; Howard E. Watts, Ogden, secretary-treasurer, and C. Leander Prisk, Salt Lake City, immediate past governor.

Lieutenant governors from throughout the district are W.

E. Petersen, Pleasant Grove, Utah, division I; Ben G. Bagley, Midvale, Utah, division II; Russell B. Webb, Tremonton, Utah, division III; Thomas L. Williams, Pocatello, division IV; E.L. (Lew) Moldenhauer, Buhl, division V; Homer Anderson, Homedale, division VI, and Mack Holt, Richfield, Utah, division VII.

Ross Corless is president of the Burley Kiwanis Club which is host for the district convention.

There are 62 Kiwanis Clubs in this district and this year the theme of the organization is "Improve the Quality of Life."

### World paper

UNITED NATIONS (UPI) — Laid end-to-end, the 500 million page-units of documents reproduced in the basement of U.N. headquarters each year would extend nearly 100,000 miles—or four times around the earth at its equator.

## Historical unit seeking date

DECLO — The Declo Historical Committee has set Nov. 1 as the final date for accepting family histories.

The committee members include Mrs. Teresa Park, Mrs. Wilma Vallette, Mrs. Genevieve Olsen, Mrs. Vera McBride and Leroy Darrington, all Declo; Mrs. Peggy Clayville, Mrs. Louise Zadorozny and Wilton Allen, all Burley.

The group is anxious to gather information from anyone who ever lived in the area or is now residing in the locality. This information will be preserved as future history.

The committee asks all who

can furnish bits of history to turn it in to one of the committee members. Even a few lines stating when and where

persons were born, who their parents were, and a little information about their families and professions will be appreciated.

The members would also like to hear views and desires concerning the history book, whether or not persons are interested in being a part of the story.

For several months the group has been working on gathering the history of Declo residents.

## Six Declo youths named outstanding

DECLO — Six students of Declo High School have been chosen as members of the Society of Outstanding American High School Students, according to Horace E. Coltrin, principal.

Those selected are David Bell, Carolyn Hurst, Susan Kuwana, Terril N. Hurst, Stanley J. Preston and Theron R. Hurst.

The society's goal is to further the pursuance of academic achievement and civic responsibility by American youth. High school principals and counselors assist in the project.

Membership in the group is

limited to those who have distinguished themselves as highest achievers. Members are now competing for more than \$262,000 in renewable college scholarships offered by the society. The scholarships include unrestricted cash awards to colleges of the students' choice and renewable \$1,000 annual scholarships to select colleges and universities across the nation.

Society members are also listed in the volume, Outstanding American High School Students, published annually and distributed nationally to colleges, universities, corporations and libraries.

## Ex-Rupert man aids in child training

RUPERT — Dwight Whittaker, 27, former Rupert resident, has been appointed supervisor of the new work evaluation and training division of the Eastern Idaho Child Development Center, Idaho Falls.

He is the son of Mr. and Mrs. Hugh M. Whittaker, Rupert. Prior to moving to Idaho Falls he was youth rehabilitation counselor for a year at the

Youth Training Center, St. Anthony.

For one year he was in charge of the vocational training program in Moscow for the mentally retarded, which he founded. He obtained a bachelor's degree in special education from the University of Idaho, Moscow, in 1969 and received his master's degree in 1970.

**HOW CAN DAIRY PRODUCTS HELP GIVE YOU SPARKLE?**

Dairy products help give you a healthful sparkle by: helping build bones and teeth, helping keep vision clear, skin healthy, and hair shiny. Everybody needs milk every day: children, 3 to 4 cups; teenagers, 4 or more cups; adults, 2 or more cups. Even if you don't drink milk, you can still get the needed amount in casseroles, soups, gravies, desserts, cheeses, yogurt, cottage cheese... any dish with milk as an ingredient.

**FOODS PROVIDE ENERGY: USE THAT ENERGY TO ENJOY LIFE, STAY TRIM!**

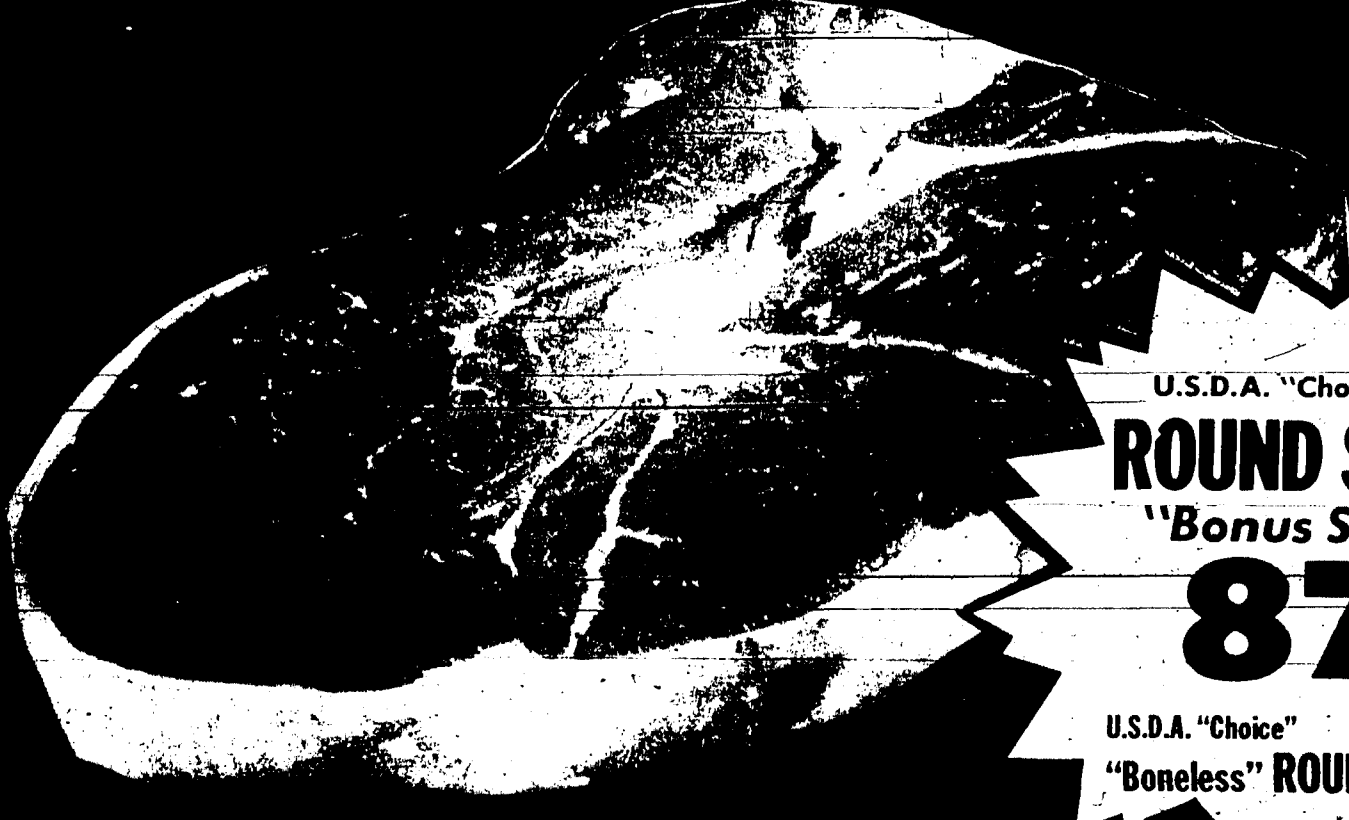

Foods provide vital nutrients to keep your whole body in good condition. Foods also provide energy, which is measured in calories. To avoid gaining weight, you must use up your daily intake of calories... in your daily work, and enjoying your favorite sport or exercise. If your 11 year old newspaper boy makes his deliveries on a bike, he'll expend about 270 calories in 2 hours—if he weighs 80 pounds.

*For special dietary problems and exercise programs, consult your physician.*

# Market Review

**NEW YORK (UPI)**—The stock market shifted into forward drive around mid-session Wednesday after following a mixed path during the morning.

Volume at 1 p.m. amounted to 8,100,000 shares, down from 11,470,000 shares traded at a comparable time in the previous session.

Treasury Secretary John F. Connally told the House Ways and Means Committee, which is considering President Nixon's proposed tax cuts outlined in his economic message last month, that the Administration is now trying to determine the best steps to take when phase one of the new economic program expires Nov. 12.

He assured the committee the Administration "is not just going to walk away from the new program after the wage-price freeze is scheduled to terminate."

The Dow Jones industrial average was ahead about 3 points at 917.76 near 1:15 p.m. Standard & Poor's 500 stock index was up 0.21 at 101.36, while averages topped declines by 50 issues.

Among the day's most active stock were Planning Research off 1/4 on 138,600 shares, Great Western Financial down 1/4 on 119,900 shares, Union Electric down 1/4 on 109,000 shares, Public Service Co. of Colorado off 1/4 on 103,900 shares, and International Telephone up 1 on 80,300 shares.

# Mexico 'colossus' in Central American lands

Wednesday, September 8, 1971 Times-News, Twin Falls, Idaho 21

MEXICO CITY (UPI)—In Central America "the colossus to the north" means Mexico, not the United States. Mexican "ranchera" songs are favorites from Guatemala to Panama. Movies made in Mexico, although they may be criticized for the thinness of their plots, dominate the market. Books, magazines and comic books edited and published in

Mexico, flood the Central American countries of Guatemala, El Salvador, Honduras, Nicaragua, Costa Rica and Panama. Even television soap operas seen in Central America are video-taped in Mexico. Students from Central America who can't afford to study in the United States or Europe go to Mexico. Three thousand Nicaraguans are presently stu-

dy in Mexico and three members of the Honduran cabinet were graduated from Mexican universities. Tourists Visit Regularly—For every Mexican who visits Central America 20 Central American tourists come to Mexico—and not just once but regularly. Mexican President Plutarco Elias Calles aided Nicaraguan hero Cesar Augusto Sandino

between 1928 and 1933 in U.S. Marines in Nicaragua. A Costa Rican historian claims that Costa Ricans consider their "hispanismo" as deriving more directly from Mexican roots than from Spain itself. Recently Mexican President Luis Echeverria began a new economic and cultural push in Mexico's old sphere of in-

fluence. He invited all the Central American presidents to come to Mexico, one by one. So far, he has met with the presidents of Guatemala, Costa Rica and Nicaragua. He plans to meet with the leaders of Honduras, El Salvador and Panama before the end of the year. Joint Ventures Emphasized—In his talks with the presidents, Echeverria empha-

OAKLAND CATCHER Gene Tenace tumbles over Angels' Ken Berry after Berry stopped short in retreating from home plate. Rocky Rivers groined to second and the resulting throw cut Berry off at the plate. (UPI telephoto)

## Oakland players, fans wait for opening of AL playoffs

It's along season. Just ask Vida Blue.

The Oakland Athletics' sensation is—pardon the expression—suffering from the late season blues.

With Oakland coasting along with a 13-game lead and the next important A's game not set until Oct. 2 in the first game of the American League Playoffs, even the fans aren't excited by a Blue start.

Only 6,768 showed up in Oakland Tuesday night and they got to see Blue for just three innings before he was lifted for a pinch-hitter in the A's 6-1 loss to California.

Blue was rocked for three runs in the first inning and Manager Dick Williams decided three innings was enough as Blue suffered his earliest lifting since the Presidential opener in Washington.

It was the eighth loss for Blue, who has 23 victories. Blue has now lost four of his last five decisions since he boosted his record to 22-4 on Aug. 15. But two of the losses were by 1-0 margins and another by a 2-1 score.

Blue gave up a one-out single to Ken Berry in the first inning and Ken McMullen slammed a two-out homer to give California a 2-0 lead. Blue then walked a batter and was tagged for consecutive singles by Jim Spencer and Tommie Reynolds as the Angels took a 3-0 lead. Blue was touched for two more hits in the second and third innings while blanking the Angels before he departed.

In other AL games, Baltimore topped Cleveland 3-1, Boston routed New York 9-3, Detroit nipped Washington 3-2 in 11 innings, Chicago downed Minnesota 8-7 and Kansas City edged Milwaukee 4-3.

In the National League, Los Angeles beat San Francisco 9-3, San Diego outlasted Cincinnati 8-7, Houston topped Atlanta 5-1, Montreal routed New York 9-3 and St. Louis beat Philadelphia twice 9-6 in 13 innings in the

completion of a suspended game and 7-5 in 10 innings.

Dave McNally became Baltimore's first 18-game winner as he pitched a five-hitter and hit a two-run homer in the Orioles' triumph over Cleveland. Sam McDowell (11-14) gave up five hits in seven innings and took the loss. McNally has now won 12 straight since he lost on May 28.

Amos Otis stole five bases, one shy of the Major League one-game record of six set by Eddie Collins in 1917. Otis also had a perfect day at the plate with four straight singles as Kansas City beat Milwaukee. He scored the deciding run in the seventh on a wild throw after stealing second and third.

Jim Northrup rapped off five straight hits including the game winning homer in the 11th inning to pace Detroit past Washington. Northrup had just three hits in his last 26 at-bats before exploding against the Senators. It was Detroit's sixth victory in its last seven games.

Doug Griffin's two-run double with the bases loaded highlighted a six-run eighth inning as Boston downed New York. Sonny Siebert was tagged for 11 hits but posted his 16th victory.

Ed Herrmann drove in five runs with his 10th and 11th homers to lead Chicago past Minnesota. Harmon Killebrew homered twice in a losing cause for the twins to boost his season total to 22 and his career total to 509. But both were solo shots while Her-

## Battle waived by New York

HEMPSTEAD, N.Y. (UPI) — Mike Battle, who thrilled national television audiences with his sense of reckless abandon on kickoff and punt returns from the New York Jets, was placed on waivers Tuesday by the club, along with three other players.

The others were center Dan Dyches from the University of South Carolina, Jimmy Williams, a defensive back from Virginia State and defensive end John Eggold from Arizona. None was claimed by any other club in the National Football League.

Battles joined the Jets in 1969 out of the University of Southern California and became notable for his fearless style in returning punts and kickoffs.

## Archer ninth at pay plateau

NEW YORK (UPI) — George Archer became the ninth player to reach the \$100,000 level in earnings this year when the lanky veteran from Gilroy, Calif. won the Greater Hartford Open in a sudden death playoff Monday.

Archer's win on the first hole of his sudden death tussle with Lou Graham and J. C. Snead was rewarded to the tune of \$22,000 to boost his prize money this year to \$110,168.

rmann had a three-run homer in the second and a two-run blast in the fifth.

## Petty still hiking money mark

DAYTONA BEACH, Fla. (UPI) — Plymouth ace Richard Petty picked up another \$10,000 from NASCAR's Winston Cup program Tuesday, boosting his season winnings to \$231,815 as he continues to break all NASCAR earnings records.

Petty, who finished second to Bobby Allison in the Labor Day Southern 500, holds a commanding 241-point lead over runner-up James Hylton in the Grant National point race. He stands to pick up another \$20,000 from the Winston Cup program at the end of the year when the final \$50,000 of the \$100,000 program will be split up.

NASCAR officials divided up the second \$25,000 of the Winston Cup prize money Tuesday. Petty earlier had won \$10,000 of the first \$25,000 split.

## Fire hits Carty's business

ATLANTA (UPI) — The manager of a restaurant owned by Atlanta Braves' outfielder Rico Carty, which was heavily damaged by fire Monday, said Tuesday he had been told two days before the fire that the business would be bombed.

Richard Huff, the manager of Rico Carty's Bar-B-Que in suburban Chamblee, also said a torn screen above a vent on top of the building indicated forced entry.

Carty, a black who recently was beaten in an incident that resulted in the firing of three white Atlanta policemen, reportedly told one of the restaurant employees that "someone started it (the fire)."

Firemen, still uncertain as to the cause, sifted through debris Tuesday looking for clues.

## Bulls trade with Blazers

CHICAGO (UPI) — The Chicago Bulls of the National Basketball Association cut their roster to 15 today with the conditional trade of forward John Baum to the Portland Trailblazers.

Baum averaged 4.6 points per game in 62 games with the Bulls last season, his first in the NBA.

Under terms of the trade, the Bulls will receive a high future draft choice from the Trailblazers if Baum makes their roster as of Oct. 12. If he does not, he will be returned to the Bulls.

## Retirement beckons G. Howe

DETROIT (UPI) — Detroit Red Wings superstar Gordie Howe is expected to announce Thursday he is retiring from the National Hockey League after 25 record-breaking seasons and accepting a job with the club's front office.

Newsman have been invited to a news conference then called by the 43-year-old Howe and Bruce A. Norris, owner of the NHL club. The notice of the press conference was not the usual phone call, but a printed invitation with the Red Wings' symbol on the front.

Ned Harkness, general manager of the Wings, said the news conference was "to announce whether Gordie will play or not play." He would not elaborate, but it's believed Howe will announce his retirement and Norris will announce what position Howe will have with the organization.

Howe was not available for comment and was believed returning from a fishing trip in northern Ontario with his three sons. He suffered last season from an arthritic left wrist and right elbow.

After a quarter of a century of play in the NHL, all with Detroit, it was not surprising that Howe might not return for a 26th season. He still has one year left on a two-year contract which calls for a reported \$100,000 a year.

## Mecom says Saints not for sale

NEW ORLEANS (UPI) — John W. Meacom Jr., owner of the New Orleans Saints, said Tuesday he will not sell his National Football League team to a group of Louisiana businessmen that wants to lure Gov. John McKeithen as club president.

The governor, whose term expires next spring, refused to comment, but some political friends say he would enjoy running the Saints organization.

One source close to McKeithen said, "Frankly, he seemed excited about it."

Mecom said the Saints are "not for sale at any price," and added, "I think the governor is busy enough where he is."

News of the plan to buy out Meacom's controlling interest became public for the first time Tuesday, but the unnamed businessmen — though to include some current minority stockholders — evidently have been working on the idea for several weeks.

They'd have to tar and feather me and run me out of town, and I still wouldn't give up the team," said Meacom, a Houston oil millionaire who has owned the team since it first was organized in 1967.

But the group believes Meacom may change his mind. The Saints had a 2-11 record last season, and are 0-5 in preseason this year. Members of the group believe if the Saints have another bad season this year Meacom might sell the franchise.

# McKay, Rodgers see defense as most important part of football attack

LOS ANGELES (UPI) — Coach John McKay of the University of Southern California and Pepper Rodgers of UCLA were in agreement Monday that the defense was the most important part of a football team.

McKay and Rodgers expressed their view on the importance of defense at the first meeting of the Southern California Football Writers Association.

"I really don't think you can win if you don't play good defense," said McKay, whose Bruins are picked to win the Pacific-8 conference race.

"I feel that the best part of our football team is the defense," said Rodgers, whose Bruins were picked to finish sixth in the conference by the touring skywriters.

While McKay stressed the greenness of some of his defense players, Rodgers emphasized his problems at quarterback where two junior college transfers are battling for the starting position.

And both coaches looked forward to this week's opening games as a chance to assess their players under fire. The Trojans open their season here Friday night against the University of Alabama while the Bruins play University of Pittsburgh here Saturday night.

"We were very fortunate to beat Alabama last year," said

McKay. "I think Alabama will be much improved this year. Bear Bryant is a defensive genius and will come up with something."

"Last year we were able to run through their defense. They made some stakes in alignment and we took advantage of that. But we have no idea what change they have made this year."

McKay said his defensive secondary will have three men who never started a college game and he would have to see how they did in the first game before he had a better idea how the Trojans would fare this year.

## Raiders, Vikings get Vegas nod

LAS VEGAS, Nev. (UPI) — The Minnesota Vikings and Oakland Raiders, both 2-1, were posted by the Derby Sports Book of Las Vegas as the early favorites to win the National Football League's two conference championships. The early line:

American Conference—Oakland 2-1, Kansas City 3-1, Baltimore 4-1, Cleveland, Miami and Cincinnati 5-1; San Diego and New York Jets 10-1, Houston 15-1, Denver and Pittsburgh 20-1, Buffalo 30-1, New England 100-1.

National Conference—Minnesota 2-1, San Francisco and Dallas 3-1, Detroit 4-1, Los Angeles 6-1, St. Louis and Washington 8-1, New York Giants 10-1, Green Bay, Atlanta and Chicago 20-1; New Orleans and Philadelphia 100-1.

## Jets mute on sharing New York

NEW YORK (UPI) — New York Jet's president Philip Iselin told mayor Lindsay Tuesday that he would have to wait "until the time comes" before deciding whether to vote to prevent another professional football team in New York City.

Iselin met with Lindsay in the Mayor's City Hall office for about an hour, discussing the Mayor's desires to preserve and expand Yankee Stadium and to get another football team for the stadium.

Iselin told the Mayor that he thought New York City could support a third football team, but he said his decision on whether to cast the needed vote of the Jets to permit a new team would have to wait for later developments.

"We struggled through the years to establish ourselves, and that fact would be important in any decision," said Iselin.

The affirmative vote of all 26 teams in the National Football League is needed to permit a new team in New York.

## Bills pay rent on new park

BUFFALO, N.Y. (UPI) — The Buffalo Bills have guaranteed Erie County a minimum of \$15 million in cash payments for rental of a new 80,000-seat football stadium under the terms of a proposed lease presented Tuesday to the county legislature.

The 25-year lease provides the county with an incentive to finish construction of the stadium on schedule — by Aug. 1, 1973.

The stadium, planned for suburban Orchard Park, would replace aging War Memorial Stadium which has served as the home of the Bills since the formation of the old American Football League.

Under the terms of the lease, which now goes to the legislature's stadium committee, the Bills would pay eight per cent of the first \$5 million in ticket revenues, less tax, four per cent of the next \$2.5 million and two per cent of any revenues beyond that.

If the stadium is finished on time the Bills would pay nine per cent of the first \$5 million in ticket revenues yearly. The Bills guaranteed the county minimum yearly cash payments of \$500,000 or an overall minimum of \$15 million over the 25-year period of the lease.

The county and the Bills would share parking and concession revenues 50-50, the team would operate and maintain the stadium and receive all revenues from football programs. The lease also provides that the county would receive all monies from closed-circuit television advertising.

Rodgers, who will be making his debut Saturday night as UCLA's head coach, said he had no idea which of his sophomore quarterbacks, Mike Flores or Clay Gallagher, would start.

"It will depend on the game situation when we get the ball. And I don't know what kind of football team we'll have until after it plays."

Pittsburgh publicist Dean Billick said the Panthers also were having a problem in deciding which quarterback to use although they were deep at the position with three men battling for the starting berth.

Charlie Thornton, the Alabama spokesman said the Crimson Tide felt it was humiliated by the 42-21 loss to the Trojans last year and that was enough incentive for the team. But he agreed with McKay that Alabama would be stronger defensive this year.

Coach Tommy Prothro of the

Rams admitted his team played a terrible game against the San Diego Chargers last Friday.

"I'm disturbed over the way we have been playing and disturbed over our injuries," he concluded.

# Ashe, Froehling gain tennis quarter-finals

FOREST HILLS, N.Y. (UPI) — Third-seeded Arthur Ashe, still tormented by the sudden-death tie breaker and big Frank Froehling, a tennis dropout for five years, won their matches with comparative ease Tuesday to gain the

quarter finals of the \$160,000 U.S. Open tennis championships. Ashe, who lost all four tie-breakers he played here last week, dropped another one to John Alexander before emerging with a 6-4, 6-7, 6-4, 6-3,

triumph over the 20-year-old Australian. Froehling, who returned to the tennis circuit 15 months ago and now is playing the best tennis of his life, took advantage of a disputed linesman's call in the opening set and went on to beat Australian

Bob Carmichael, 7-6, 6-4, 6-4. However, two other American players were knocked out of the fourth round. Bob Lutz of Los Angeles fell before Jan Kodes of Czechoslovakia, 6-4, 6-3, 6-4, and Jim Osborne of Honolulu, fresh from an upset victory over sixth-seeded Cliff Richey, lost a tough duel to Spaniard Manuel Orantes, 2-6, 6-2, 6-2, 3-6, 6-3.

The big shocker of the day was turned in by unheralded Laura DuPont of Charlotte, N.C., who rallied from one set down to eliminate seventh-seeded Nancy Richey Gunther of San Angelo, Tex., 0-6, 6-2, 6-4 in a third round match postponed from Monday.

Miss DuPont, a 22-year-old senior at the University of North Carolina, who called it the biggest victory of her career, next meets top-seeded Billie Jean King in the quarter finals.

Rosemary Casals, the No. 2 seed from San Francisco, and fourth-seeded Kerry Melville of Australia won as expected to qualify for a showdown in the women's semi-finals. Miss Casals, calling her game "lousy" and saying she was embarrassed at her performance, nevertheless beat Joyce Williams of Scotland, 6-4, 2-6, 6-4, and Miss Melville ousted sixth-seeded Judy Dalton of Australia, 6-3, 7-5.

Ashe, of Gum Spring, Va., lost to Alexander in Teheran in May, but made few mistakes Tuesday. He dropped his service only once, that coming in the 12th game of the second set to force the tie-breaker. Ashe won the first point in the nerve-wrecking nine-point series, but the young Aussie won the next five points for the set.

Ashe, who won the first U.S. Open title as an amateur in 1968, broke Alexander in the first game of the third set with a passing backhand return and broke him again in the fourth game of the fourth set.

# Stanford sees win over Tigers

OAKLAND (UPI)—Stanford football coach John Ralston feels confident his Indians can handle Missouri in their 1971 football opener Saturday.

"We figure we may be even on defense but we have an edge offensively," he told the first fall meeting of the Northern California Football Writers Association at a Tuesday luncheon.

However, California football coach Ray Willsey was a bit more cautious in predicting his team's chances at Little Rock against Arkansas Saturday.

"Everyone knows Arkansas traditionally is a tough team," said Willsey. "They had a high-scoring spring game featuring quarterback Joe Ferguson and halfback John Richardson. But it's hard to tell if their offense is that proficient or if they have defensive problems."

Willsey said he has not yet resolved "our quarterback problem ... but we'll probably settle on Red Chastang and Jay Cruze."

"I think the players are all looking forward to this game," added Willsey. "I can't remember ever anticipating the opening of a season as much as I am this one."

Ralston said he will open with senior Don Bunce at quarterback. Unlike Jim Plunkett, an All American who guided Stanford the past three seasons, Bunce likes to spring out and throw on the run.

"This is a new experience for us, going with a new quarterback," said Ralston.

# Filer invades Wendell, Buhl tests Vallivue on Thursday

The Buhl Indians travel to Vallivue, near Caldwell, and the Wendell Trojans entertain the Filer Wildcats in a pair of rare Thursday night games.

The move up from the usual Friday meeting is due to conflict with the Twin Falls County fair and rodeo, both Buhl and Filer being out of school Friday for West End day.

Buhl takes a 1-0-1 record into Vallivue and a long memory. "We owe those guys something. I hope we can even up the score a little," says Coach Jon Jund.

Vallivue whipped the Indians 35-7 last year and shellacked them 38-0 two years ago.

Buhl takes a hard-hitting team, the Indians and Burley Bobcats starting a slambanging the last week in what was a hitting contest. Joel Watson, the 190-pound senior fullback, is Buhl's top ground gainer with 154 yards in 42 carries against two foes. Rick Long is offering some valuable return yardage, taking one punt back 40 yards and two kickoffs for 90 yards.

The Indians would like a little

breathing room for a change, however. They nipped Wendell 13-12 in the opener before tying Burley.

Wendell may prove poor hosts to Filer as the Trojans have to be stingy pretty well by now. They came into the season with an 18-game winning streak and now have lost twice.

Defensively the Trojans haven't done badly. But the offensive punch expected hasn't been there. Some of that is due to the arm injuries to Al Stevenson, who would be the team's fastest, and another man.

"Maybe we just over-estimated ourselves," says Coach Behrens. "We lost two men off the defensive team (one moved away and the other is injured) and that cost us a lot of weight and experience. We thought we could break a runner loose for long touchdowns once in a while, but we haven't been able to do that either ..."

However, in assessing the situation, Wendell lost to

schools about twice its size. Filer lost its opening game to Marsh Valley — for the second straight year — but Coach Ray Berryhill wasn't totally displeased. "We've got 27 boys out this year and while they're green and will make some mistakes at times, they've had good enthusiasm. We'll just need time to pick up the experience. We hope that we've rounded the corner, though, in having sufficient numbers," he says.

# Cards take two extra-inning decisions from Philadelphia

It seemed as if the St. Louis Cardinals were destined to win their suspended game with the Philadelphia Phillies.

The Cardinals lost a three-run lead in the 12th inning Tuesday night but rallied for three more in the 13th to defeat the Phillies 9-6 and complete a game suspended on Aug. 1. Lady Luck also helped the Cards to a 7-5 victory in the regularly scheduled game to move St. Louis within six games of the Eastern Division-leading Pittsburgh Pirates.

The game originally was called because of rain with the Cardinals batting in the top of the 12th with three runs in. But under league rules the score reverted to the previous inning which washed away the Cardinals' three-run advantage and made the score 3-3.

The Cards protested the umpire's decision, claiming that the Phillies' water removing Zamoni at Veteran's Stadium was not available.

In a rare move, National League President Chub Feeney upheld the Cards' protest by saying that the general consensus of the four umpires agreed that play could have resumed had the Zamoni been available for use.

Despite the reprieve the Cardinals nearly lost the contest as the Phillies managed to tie the score with three runs in their half of the 12th. But the Cardinals retaliated in the 13th to gain the victory.

In the regularly scheduled game, Simmons tripled home Torre in the 10th inning and scored an insurance run on Joe Hague's fielder's choice. Torre opened the rally with a single, his third hit of the game, against loser Billy Wilson, and Simmons followed with his triple to boost Don Shaw to victory.

In other NL action Montreal downed New York 9-3, Houston topped Atlanta 5-1, San Diego edged Cincinnati 8-7 and Los

Angeles beat San Francisco 9-3.

In the American League, Baltimore tripped Cleveland 3-1, Boston ripped New York 9-3, Detroit edged Washington 3-2, Chicago nipped Minnesota 8-7, Kansas City defeated Milwaukee 4-3 and California defeated Oakland 6-1.

Right-hander Don Wilson pitched a two-hitter and Cesar Geronimo and Joe Morgan hit back-to-back homers to power the Astros past Atlanta.

## Volleyball meet set

Organization meeting of the YMCA volleyball league will be held at 7:30 p.m. Thursday at the Y building on Elizabeth Blvd.

Director Chuck Upton said all competition will be played on Thursday at the First Presbyterian Church gymnasium and all teams must register no later than Sept. 30.

## Rupert women eye golf title

GOODING — The Rupert women's team figures to be almost a cinch to collect the title in the first annual inter-Magic Valley team competition.

The Rupert women boosted their margin to four and one-half points over Twin Falls Municipal and will wind up the season round-robin event on their home course Oct. 8.

Rupert scored 15½ points over the Gooding course to increase their lead slightly over Twin Falls at 89½ to 85. Jerome climbed closer to second with 16½ points and an 80½ season total while Burley had 13 for 77. Buhl ranked fifth with 61, getting only 3½ while Blue Lakes climbed to 59½ with 8. Hornstanding Gooding had its best series with 15½ advanced to 46½.

## Devine couldn't have been ready for this

NEW YORK (UPI)—Dan Devine had no illusions. He didn't expect the job to be a picnic. He knew what he was getting into before he took it.

Good thing he did. The first thing that happened after he left the warm secure confines of the University of Missouri to become head coach and general manager of the Green Bay Packers was that Bart Starr had to go in for surgery on his throwing arm.

Look ma, no quarterback! Now Dan Devine has lost nearly three-quarters of his other players.

The Packers still aren't sure whether it was that crabment on the plane coming back from Cincinnati or something else they ate. All they're sure of is they've got themselves a beautiful case of food poisoning.

So bad that three of them had to go into the hospital. So bad that even the team physician is feeling blah.

To make it worse, the wobbly Packers are 1-4 in pre-season play and have a game coming up in Buffalo with the Bills Friday night. Bad as they feel, though, they'll be there. You can count on it.

"I think I coach better when things are going like this," says Devine, whose 16-year total of 120 wins, 40 losses and 8 ties at Missouri and Arizona State made him one of the most successful college coaches in the nation.

Some people wondered how pros like the Packers would take to a "collegian" like Devine. That's exactly the way they took to him. Like pros.

What do you do now?  
A—Bid three hearts. You have tremendous spade support which you plan to show later.

**TODAY'S QUESTION**  
Your partner rebids three spades. What do you do now?  
Answer Tomorrow

By Oswald & James Jacoby

One place where limit jump raises come in very handy is in response to an overcall.

East has a sound opening bid and South a proper overcall, although not one to bring joy to a timid bidder. West does not care to give a free raise and North sticks in a limit jump raise to three spades.

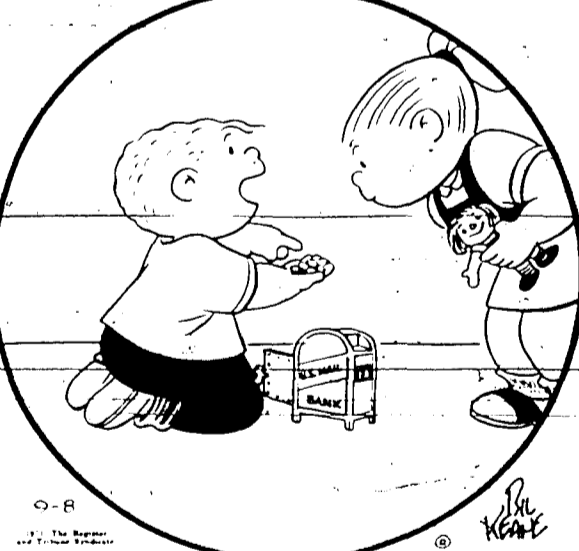

North hopes that his partner will continue to game, but North is pretty sure that if South can't find a rebid, the hand belongs to East and West. East is strongly tempted to refuse to be shut out of the action but he is vulnerable and his partner may have a really weak hand.

South passes also and West opens the four of

**MEDICAL RECORDS** indicate one out of every six American men is sterile... **NO ORTHODOX QUAKER** tips his hat to anybody... **ORIGINAL COST** of the ingredients in an ordinary lipstick is said to be about two cents... **TWO OUT OF** every three citizens hit by lightning survive... **OUR LANGUAGE MAN** says the word "monkey" comes from an Italian word meaning "elderly woman."

**AM ASKED IF** it's appropriate to send flowers to an ailing man. It is. Still, few hospitalized fellows get flowers. Usually, they're dispatched get-well card, instead. Noting this, and exceptional physician says, "I'd prefer my male patient be visited by a smuggler bearing a box of cigars and bottle of spirits. When a man tries to fool his doctor and buffalo his nurse with smokes and liquor, it's a sure sign he's on the mend."

**WRITES Steve Hansen** of Hawthorne, Calif.: "I've surveyed this matter extensively and wish to report these findings: When you ask a left-handed person to roll over, said person, rolls to the left, but when you ask a right-handed person to roll over, said person rolls to the right." Interesting.

**CUSTOMER SERVICE**: Q "You said skin diving got it's start in Italy. Wrong! The Japanese were the first skin divers." A. Quite right. In 1932 it was Four Japanese, wearing goggles and carrying spears, showed up on the beach at Capri. They jumped into the water and came ashore awhile later with a basketful of fish. Onlookers couldn't believe it. And newsmen thereabouts wired the world.

**ISN'T ALWAYS EASY** for a driver at a distance to tell the difference between an unclothed mankin and a naked woman. Sight of either can be disconcerting. So much so said driver might run afoul a lamppost or a fire hydrant. Particularly at that moment when the bare figure is being wrestled into something fashionable by a window decorator. Such accidents occur. That's why lawmakers at Atlanta, Ga., passed an ordinance requiring shops there to draw the blinds while changing the clothes on lady dummies.

**NO SOLDIER WHO** has stood in formation minute after minute, or sat on a duffel bag hour after hour, or hung around a port of embarkation day after day, no such soldier will be impressed, I guess. But it's a fact the U.S. Army now has an atomic clock so accurate it won't gain or lose a second in 3,000 years.

**NOT JUNE BUT MARCH** is the month when the most couples get married in Britain. That has been reported. Client asks why. The fellow who marries his girlfriend before April 5 there can claim her as a tax dependent for the entire preceding year, that's why.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 17976, Fort Worth, Texas 76102.

# Crowning of Miss Rodeo Idaho to climax fair

TWIN FALLS — One of the highlights of the Twin Falls County Fair and Rodeo again this year will be the Miss Rodeo Idaho Contest which has attracted ten top young horsewomen from throughout the state.

The winner will be crowned Saturday night during the final rodeo performance with the current Miss Rodeo America, Lana Brackenbury, bestowing the crown.

Among contestants are the current Jerome County Fair and Rodeo queen, Debbie Scheer, Route 2, Jerome; Marlene Varin, Route 1, Gooding, queen of the Idaho State Posse Association, and Lemhi County Fair and Rodeo queen, Katy Pence, Mackay.

Miss Scheer, 18, is a graduate of the Jerome High School and is training as a dental assistant. She has been active in the Pep Club, Drill Team, Letterman's Club and Future Homemakers of America. She was named FFA Chapter sweetheart and was a candidate for homecoming queen. She was named queen of the Jerome County Fair and Rodeo last month.

A freshman at Boise State College, Miss Varin is a resident of Gooding and has been active in Pep Club, Drill Team, the Rodeo Club, Drama Club and National and Idaho High School Rodeo Associations. She earned the queen title for the Idaho State Posse Association in June in Jerome. Miss Varin has been active in the 4-H program and in the Idaho Junior Hereford Association.

A resident of Mackay, Miss Pence is a junior at Boise State College where she majors in home economics. She is active in the BSC Rodeo Club, Idaho Student Government Association, and was a homecoming queen candidate at BSC. She has served as assistant leader for a 4-H horse club in her own county and as secretary of the Mackay All Girl Rodeo Association and chairman of the Mackay queen contest in 1969. Miss Pence is active in rodeo competition including goat tying and barrel racing.

## Requirements lifted for FHA

BOISE — Director Kenneth Tyrer of the Boise Housing and Urban Development — FHA office announced today the removal of special eligibility requirements for purchase of existing homes under the Section 235 program.

FHA may now consider applications for financial assistance from families whose income and assets do not exceed established limits. The previous requirement that the family's present housing represents a hardship no longer applies.

The Section 235 program provides financial assistance to eligible families purchasing modest homes for their own occupancy. HUD pays a part of the monthly payment to the lender on behalf of the buyer, Tyrer said.

The federal payment can cover the difference between the payment required on a mortgage with an interest rate of 1 per cent. An eligible buyer makes a \$200 down payment and must pay at least 20 per

## Production up

NEW YORK (UPI)—Finland's volume index of industrial production growth showed a 9 per cent increase during 1970, compared with a record increase of 13 per cent during 1969, according to Finnish trade sources. Some sectors, however, continued to register record increases during 1970, including the furniture industry, 35 per cent; electro-technical industries, 20 per cent, chemical industries, 15 per cent.

cent of his adjusted income on the mortgage payment. Adjusted income is gross income less 5 per cent less \$300 for each minor child, Tyrer said.

Interested persons may call on the Boise office at 331 Idaho Street for income limits for their community.

## News Of Servicemen

HAZELTON — Navy Fireman Thomas L. Joa, son of Mr. and Mrs. Knut Joa, Hazelton, has graduated from recruit training at the Naval Recruit Training Command, San Diego, Calif. He is a 1971 graduate of Valley High School, Hazelton.

TWIN FALLS — U.S. Air Force Technical Sgt. Robert E. Kersey, son of Mrs. Frank Dornick, Twin Falls, is on duty at Bien Hoa Air Base, Vietnam. Sergeant Kersey, an air transportation supervisor is

assigned to a unit of the Pacific Air Forces, headquarters for air operations in Southeast Asia, the Far East and Pacific area. Before his arrival in Vietnam, he served at McChord AFB, Wash. The sergeant attended Twin Falls High School, Hazelton.

SHOSHONE — Spec-4 Scott Savaria, son of Mr. and Mrs. Edward Savaria, Shoshone, has received two medals, each for 50 hours flying. He is a helicopter crew chief, serving in Vietnam since April 17. He is stationed at Long Binh.
