

No kindergartens for TF

By LEE TREMAINE
Times-News Writer
TWIN FALLS — Twin Falls School District No. 411 will not participate in the recently announced federally funded kindergarten program, according to School Superintendent George Staudaher.

Staudaher said today a 56-page packet of federal guidelines was received by his office on Tuesday, setting up an involved series of steps for selecting kindergarten teachers and submitting voluminous reports to the state and federal agencies involved in the program.

One of the "suggested" employment criteria calls for kindergarten teachers to be war veterans, Staudaher said. "I have never yet talked to a man who was trained to be a kindergarten teacher," he added.

Staudaher said his prime reason was the cost factor. The program had not been envisioned when the district budget was prepared last spring, and adding expenses which could run as high as \$9,000 to \$10,000 to an already overstrained budget would be difficult at this time.

The estimated cost would involve rental of space for the three classrooms allowed the Twin Falls district, plus instructional materials.

The federal program calls for a 10 per cent (at one point) and 12 per cent (at another point in the guidelines) matching contribution by the school district.

Staudaher

The matching contribution anticipated expenditure — is too high, it's unfair to too many children, and the red tape is too much to be added to our bookkeeping staff."

TWIN FALLS, IDAHO, WEDNESDAY, SEPTEMBER 15, 1971

TEN CENTS

Body found at Oakley

OAKLEY — An unidentified man's body was discovered about 5 p.m. Tuesday night near the Oakley Dam on Lower Goose Creek Reservoir.

It is presumed to be the body of one of the five men still missing in the June 20 boating accident that apparently claimed the lives of eight people.

Fire total hits 140

SHOSHONE — Two new range fires Tuesday evening brought the number of fire calls in the district this year to 140, Wallace Fixsen, fire control officer, Bureau of Land Management, said today.

Between 40 and 50 acres was blackened north of Bliss Tuesday. The fire began about 8 a.m. About eight acres burned north of the KMVT tower north of Twin Falls.

WILLIAM BENSON, 8, is comforted by Mrs. Betty Thiesman, Twin Falls, after he was struck by a car while on his way to school this morning. The child is in fair condition at Magic Valley Memorial Hospital. The child darted into the path of a car driven by George Schreiber, 51, Twin Falls, according to Twin Falls Police. Lincoln aides split on firing

By MELBA THORNE
Times-News Writer
SHOSHONE — Lincoln County Assessor Sanford Connell this morning defied an announcement by county commissioners on the rehiring of tax appraiser Ed Messenger by stating Messenger's services will unquestionably terminate Oct. 1.

Connell said he had discussed the possibility of rehiring Messenger in a meeting Tuesday with the county commissioners. At 5 p.m., following two days of discussion County Commission Chairman C. F. Chatfield announced Messenger had been rehired to continue the county appraisal and the decision had the support of the county assessor.

TWIN FALLS — An elementary school pupil from Twin Falls was taken by ambulance to Magic Valley Memorial Hospital this morning after he was struck by a car on Addison Avenue. He was reported in fair condition.

TF top mother cited for junk

TWIN FALLS — A crackdown by Twin Falls City officials on operation of wrecking yards has netted a citation for a former Twin Falls Mother of the Year.

City Prosecutor Harry Turner four specific counts were included in the complaint. She is charged with failing to provide an enclosure or fence around her wrecking yard on Sixth Avenue West and Shoshone Street, and with operating a junkyard without consent of the property owner on which it is located; operating a wrecking yard without a permit, and collecting junk material on public property.

England, Mart pressure dollar

LONDON (UPI) — Britain lined up with the Common Market countries today in a joint demand to the United States to devalue the dollar and lift President Nixon's 10 per cent import surcharge.

Government sources said Chancellor of the Exchequer Anthony Barber told U.S. Treasury Secretary John B. Connally that Britain agrees with the market countries that these are essential first moves to end the month-old dollar crisis.

The United States has said it will neither devalue the dollar nor lift the surcharge until other major trading countries raise the value of their own currencies.

Hostages killed by police gunfire

ATTICA, N.Y. (UPI) — Authorities concede nine hostages were shot to death as Attica State Prison was retaken from rebel prisoners, who had no guns. But they decline to say who fired the shots.

Russell G. Oswald, state commissioner of correctional services, reversed himself late Tuesday and confirmed the hostages died of gunshot wounds instead of having their throats slashed by inmates.

A department spokesman said today all convicts were accounted for after the bodies of three inmates reported missing were recovered Tuesday. There was some confusion over another report that five others were still missing, but the spokesman said all prisoners now had been counted.

Prison attack scored

SAN JUAN, P.R. (UPI) — Sen. Edmund S. Muskie scored the killings at New York State's Attica prison as evidence "that something is terribly wrong in America."

First list of refuse guides due

TWIN FALLS — An initial presentation of recommendations for managing solid wastes in Twin Falls County is nearly ready. R. P. Fasolino, consultant, told Twin Falls County Commissioners Tuesday.

Fasolino was employed early this summer to conduct a study of present county dump grounds, methods of disposal and city programs. He was asked to recommend the most economical and feasible means of handling solid waste.

The consultant defined solid waste as material which is normally solid and arises from animal or human life and activities and is discarded as useless or unwanted. The study covers items ranging from old car bodies to tin cans and trash.

Tuesday Fasolino presented several suggestions and preliminary findings to the commission and will return to fit their ideas into the preliminary presentation. Ed Woods, county zoning administrator, who furnished much of the basic information for the study, said he expects the report to be ready to be made public within 30 to 60 days.

Woods said original plans called for the study to be something of a pilot program for the state but costs ranged too high and the commissioners decided to go ahead on their own. Using information already collected by the county zoning

office staff, the cost was held to \$5,000, Woods said.

Fasolino said the study also covered city disposal areas including the new modified landfill system south of Twin Falls. He said about 50 tons of solid wastes are disposed of daily at the city sanitary landfill. National averages show each person produces about a ton of solid waste each year. In Twin Falls, each resident is producing about four-fifths of a ton, or slightly below the average, he said.

It currently costs Twin Falls taxpayers \$1.76 to bury solid wastes produced by each person each year, excluding the cost of collection.

Fasolino said in Twin Falls County 68 per cent of the population is served by a collection and disposal service, leaving 32 per cent in rural areas who must collect and transport their own solid wastes to county dump sites. Woods said there are now nine county dumps with Buhl and Twin Falls city maintaining sites.

Fasolino said nationally the cost of collecting and disposing of solid wastes reaches the \$4 billion mark for 750,000 tons of solid waste per day being handed through various systems.

The consultant told county officials waste management appears, from study information, to be a legitimate and necessary expense of living although the fact may not be fully appreciated by the public.

ROBERT J. MACDONALD

Dual voting stirs clash

TWIN FALLS — The Idaho attorney general's office, and the Twin Falls County Commission are at odds over the procedure involved in combining the upcoming regional airport authority election and the vote on selling wine in grocery stores, scheduled for Oct. 26.

To the attorney general, according to Assistant Attorney General John Croner, combining the elections is "distinctly a no-no." Conflicting state laws could conceivably invalidate one or both elections afterwards, Croner said.

Leon Smith, Twin Falls County prosecuting attorney and chief legal officer, differs sharply.

"They're only an advisory office," he said of the attorney general's office.

Croner said the airport authority election must be conducted according to a state law setting up the procedure for formation of legal districts such as school districts and the like. The county commission must formally call the election and must conduct the actual voting. The wine vote, on the other hand, falls under another state law which places County Clerk Harold Lancaster in charge. The two laws cannot be justified in any way so the elections can legally be conducted simultaneously, Croner said.

Smith said the commissioners solved the dilemma by passing a resolution naming Lancaster as election official for both elections.

Asked if the state had suggested this move, Smith scoffed that "They didn't suggest it — we just did it!" He said Croner conferred with county authorities, including the commissioners and himself, over the intricacies of the law. No specific solution was suggested, as the idea that Lancaster be appointed as election official was developed later.

Croner, however, told the Times-News that "The county can't do that! They can't just adopt an ordinance and change state law. We cannot endorse this procedure."

Smith, however, said today he had asked Croner by letter if the state office knew of any "troubles" that could develop over the planned joint vote, "and they never answered us."

If held separately, each election would cost the county about \$10,000, according to Smith. Combining the elections would save the county that much, but Croner said "They should think how much it would cost to have either or both elections invalidated."

Croner said the elections can be held simultaneously, and the results would be valid unless a question were raised over the legality of either vote. Should even one voter, however, testify that he voted erroneously because of confusion over which issue he was voting for, the state could be forced to declare the questioned election invalid, according to Croner.

Smith said today the county is proceeding with the joint election on Oct. 26. The issues to be decided are whether the county commission will authorize retail sale of wine under the new state law and the creation of an airport authority for the proposed regional airport.

McDonald joins ad staff

TWIN FALLS — Robert J. MacDonald, 33, who has more than 10 years experience in advertising, has joined the staff of the Times-News as retail display advertising salesman.

The announcement was made by Gordon Curtis, retail advertising manager for the Times-News, who said "The Times-News is fortunate to gain the experience, general layout ability and knowledge of newspaper advertising that Bob MacDonald brings to our area."

Formerly of Pennsauken, N.J., MacDonald worked from 1960 to 1970 for the Camden, N.J., Courier-Post, a newspaper with a circulation of 122,000, as a sales representative working with local retailers and advertising agencies. He also worked for a year for radio station WTMR in Camden as an account executive.

MacDonald is a 1962 graduate of Charles Morris Price School of Advertising and Journalism and also completed business courses at Rutgers University in Camden.

7 undergo surgery in botulism battle

BAKERSFIELD, Calif. (UPI) — Seven members of two families who gathered together for a weekend dinner underwent emergency operations Tuesday in their fight against botulism received from a home made chili sauce.

They underwent emergency tracheotomies Tuesday and four were listed in critical condition today and three in serious condition.

Botulism is an acute form of food poisoning that attacks the central nervous system and frequently results in death. Antitoxins were arriving from all over the state, according to Kern County Health Officer Owens Kearns Sr. But it will take another two days of laboratory studies to determine the exact strain involved.

Kearns said one of the women preparing last Saturday night's dinner opened a jar of the sauce and because it smelled strange she added spices and tomatoes.

It was the first reported case of botulism poisoning in the county in 12 years. There were only three such cases reported in the state in 1970.

Listed in critical condition at Kern General Hospital were Desi Vega, 28, Juan Vega, 18, Martin Castro, 18, and Benito

Montiel, 23. In serious condition were Catalina Montiel, 46; Albino Montiel, 45, and Robert Montiel, 29.

King Hill pupils up

KING HILL — Enrollment in the King Hill schools is up 14 pupils this year, officials of District 192 said today.

Of the 669 pupils, 326 are in elementary school, 219 are in high school, and 124 in junior high school. A year ago, 655 pupils were enrolled.

District officials said most of the new pupils are children of families who have purchased ranches in the King Hill area.

Experimental

BERKELEY, Calif. (UPI) — The Berkeley School District has been awarded a \$250,000 Ford Foundation grant to help support seven experimental sub-schools for the benefit of hundreds of pupils who do not perform well in conventional public schools.

Funeral march mourns student

BUTLER, Ala. (UPI) — The Rev. Ralph David Abernathy stepped down from the mule-drawn wagon bearing the body of Margaret Ann Knott Tuesday, knelt and kissed the ground where she died. The more than 2,000 mourners briefly halted their funeral march at a courthouse square.

She was "a soldier in our non-violent battle to achieve equality," Abernathy said. "We want to make this spot holy ground."

The mourners, walking two abreast behind the rickety wooden carriage from Zion Ame Church, also stopped at

the mobile home of Gladden Smith, 27. A grand jury was to consider murder charges today against Smith, driver of the car that struck Miss Knott during a Saturday sit-in demonstration.

He was free on \$5,000 bond and away from home when the marchers arrived.

When the procession reached the edge of town, the mourners loaded into cars for a 16-mile ride to the Pleasant Hill Baptist church in Yantley where final services were held.

Abernathy, head of the Southern Christian Leadership Conference, eulogized the 19-year-old girl as one of several civil rights activists "who have given their lives so that we may have a taste of freedom, justice and equality."

The sit-in demonstration in which Miss Knott was killed was staged to protest the firing of nine black teachers since the Choctaw County school system was placed under federal desegregation orders.

'Edith' menaces Texas

BROWNSVILLE, Tex. (UPI) — Tropical storm Edith, the remnant of a killer hurricane which ravaged Latin America last week suddenly showed new vigor off Mexico today and threatened to become a hurricane again along the lower Texas coast.

Edith, not much more than a huge thunderstorm Tuesday night, picked up 60-mile-an-hour winds during the early morning hours, prompting the National Weather Service to issue a hurricane watch from Brownsville northward to Galveston.

"Steering currents remain very weak across the western gulf but a slow northward movement appears to have begun," a spokesman for the service said. "Conditions appear favorable for gradual strengthening today and it may reach hurricane force tonight."

At 7 a.m. EDT, the center of the storm was located near latitude 25.0 north and longitude 97.1 west, or about 70 miles south southeast of Brownsville.

Edith churned through the Caribbean the past week, claiming at least 35 lives in Nicaragua and perhaps scores more in the Honduras and Mexico. But the deadly storm was believed to be dying as it slipped into the Gulf of Mexico, and it appeared in its final throes Tuesday as winds dropped to 40 and 50 miles an hour.

Edith was heading westward into the Mexico mountains but took a sudden turn northward late Tuesday, starting waterlogged south Texas still recovering from the passage of tropical storm Fern.

Flooding hits Penn

CHESTER, Pa. (UPI) — Rescue workers in helicopters and rowboats plucked residents from trees and rooftops Tuesday as Eastern Pennsylvania was raked for a fourth day by torrential rains from Tropical Storm Heidi.

At least nine persons drowned as water raged 15 feet deep through the main streets of Chester and Norristown. Four others were missing and believed drowned.

More rain was forecast today for the flood-weary Philadelphia suburbs, although it was not expected to be so heavy as Tuesday's downpour.

Asteroids

Asteroids, sometimes known as planetoids, are minor planets of the sun. These bodies revolve about the sun in a belt which lies between the orbits of Mars and Jupiter.

Eric the Red discovered Greenland in 982 A.D.

Future Challenge

The challenge of attaining prosperity without war and without inflation was placed before Congress and the nation by President Nixon in his plea for early enactment of his new economic program...

necessary to distribute the chips among the players, and we did, \$150 billion dollars worth in aid in 25 years despite two wars. They now have the chips and Nixon said, "We must play the game the best we know how."

MR. SPECTATOR

News Gets Around

Mr. Spectator meets the most interesting people - some in person and some by mail. The latest came by mail and we'll share it with you.

UP WITH PEOPLE Was nice to hear that the talented singing group "Up With People" will be in Twin Falls in October. The 80-member unit will perform two evenings at the CSI gymnasium.

GIVEAWAY DEPT.

I have a part German Shepherd and part hound dog which wandered into my place but I cannot care for him. He is a lovely dog, gently and friendly. I believe he is not quite a year old.

SHAME ON ME!

Mentioned Mrs. Peck's name in connection with a poem the other day. Called her Dorothy when I knew her name was DORCAS.

WASHINGTON - A battle with no holds barred has now started between the Nixon administration and a potentially powerful bipartisan bloc in the House over the first crucial test that could break the spirit of the President's anti-inflationary wage-price freeze.

"HE WENT THAT-A-WAY"

ANDREW TULLY

Another Sign

WASHINGTON - It is another sign of the silly times that Sen. Ed Muskie's left wing advisers are still weeping and gnashing their teeth over Muskie's utterly realistic statement that it is too early for a black Vice President.

WASHINGTON - Recent stories out of Saigon indicate that the United States offered huge sums of money - through Ambassador Ellsworth Bunker - to Vice President Ky and Gen. "Big" Minh if they would run against President Thieu in the October elections.

We have become, alas, a pretty foolish country, but I do not believe Muskie's rivals will make a political buck with their sanctimonious assertions that of course they would not rule a Negro off the ticket.

GEORGE C. THOSTESON, M.D. Blood Pressure

Dear Dr. Thosteson: What are some possible causes of high blood pressure? My husband has had his pressure checked about six times for insurance purposes and it is always around 150 over 110.

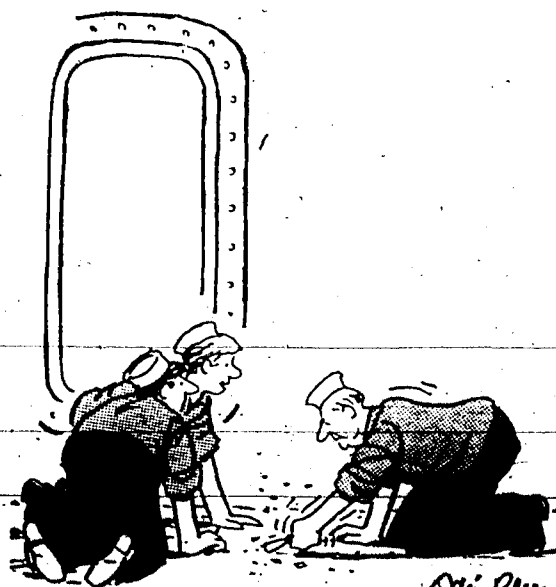

ART BUCHWALD

Glory Dream

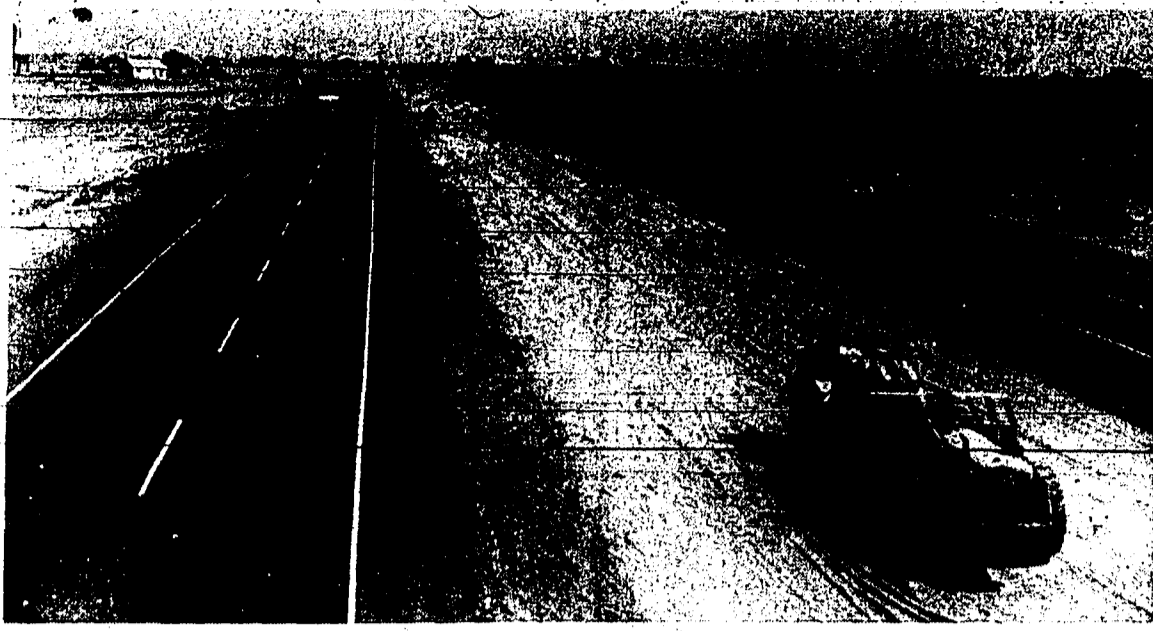

WASHINGTON - I am constantly searching for new dreams of glory and thanks to the press dispatches from Saigon here is my latest one: It is midnight in the summer of 1972 and suddenly there is a knock on the door of my house in Washington.

"Well, be that as it may, the President is very concerned that if he has no opponent this fall, many people around the world will think the election was rigged."

BERRY'S WORLD

...so the oil happened to wash up on the President's beach at San Clemente while he was there - and THEN what happened, Sir?

Section finished

TRAFFIC ROLLS along newly opened section of Interstate 80-N between Wendell and Jerome after resurfacing of older portion of route was completed by contractor. Some striping remains to be done and final grading is still to be completed, as heavy equipment parked along highway indicates. Contracts have been let for the segment of the Interstate between Wendell and Tuttle.

Gooding woman honored as 'Artist of month'

WENDELL — Paintings of Dena Rice, Gooding, are on display at the Wendell branch of the Idaho First National Bank this month in

honor of her selection as "Artist of the Month." Mrs. Rice has been painting about four years as a hobby. Her favorite medium is oil, but she works with gesso, watercolor and eggs, and watercolors.

Two of her paintings were shown in Salt Lake City last spring and now are part of the traveling western art gallery which is being shown throughout the western states.

She recently displayed some of her work at the Art Mart, Boise, and has had other exhibits in the Lincoln Inn, Gooding, and the Gooding County Court house. A floral painting of hers was chosen for an exhibit in the state capitol in Boise and some of her work will be featured at the Y building in Twin Falls next February. Mrs. Rice belongs to the Idaho Art Association, Western Art Guild, Logan, Utah, and Sagebrush Artists, Gooding.

Decision at Attica agonizing

NEW YORK (UPI) — State Correctional Commissioner Russell G. Oswald said Monday he agonized over the decision to storm the Attica prison; but if it was necessary to do again, he would do it.

"If I had the choice, I would undoubtedly have to do the same thing again—regrettably," Oswald said. "It was a decision agonizingly made and now I have to live with it." Police Monday stormed the prison which had been held by more than 1,000 prisoners since Thursday. At least 40 persons were killed and 29 hostages were released.

Oswald said he did everything in his power to reach a peaceful settlement at the prison, but realized it was to no avail when convicts paraded eight hostages into view with knives at their throats.

Oswald, in a statement released by Gov. Nelson A. Rockefeller's office, said the decision to send in the troops was made "with extreme reluctance only after all attempts to achieve a peaceful solution failed."

"To delay the action any longer would not only jeopardize innocent lives but would threaten the security of the entire correctional system in this state."

"Armed rebellion of this type we have faced threatened the destruction of our free society. We cannot permit that destruction to happen."

"It has been an agonizing decision."

Nixon talks on rioting

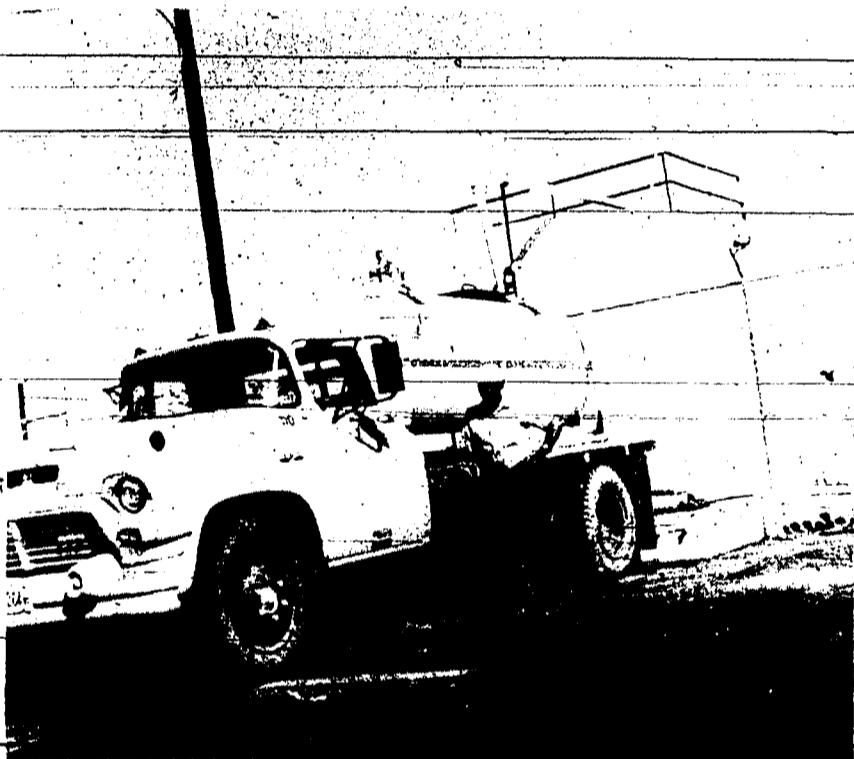

WASHINGTON (UPI) — President Nixon told Republican congressional leaders today that the loss of life would have been even greater than it was at the Attica prison if New York officials had not moved Monday in force to end a prisoner rebellion.

Senate GOP Leader Hugh Scott of Pennsylvania said the President initiated discussion of the Attica situation in a two-hour session at the White House.

"The President felt greater loss of life would have occurred if the governor had not acted as he did," Scott said.

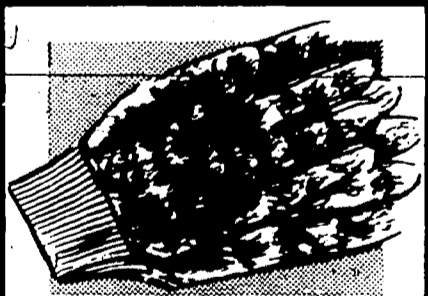

Scott added that the 19 GOP lawmakers present unanimously supported the action of Gov. Nelson Rockefeller in rejecting prisoner demands and endorsing the storming of the prison by police and troops.

The United States reimbursed Mexico \$15 million for the territory lost in the Mexican War.

Wendell

Fire calls up for Wendell

WENDELL — The Wendell City and Rural Fire Department has had about twice the number of calls this past summer of any previous year, Parr Butterfield, dispatcher, said Tuesday.

He said the volunteer firemen have answered 45 calls between June 1 and Aug. 31, with eight additional fires in September. These calls have resulted in a total man hour expenditure of about 750 hours and equipment use time of 112 hours.

Of the 45 calls answered, 36 involved fires in the rural district and included hay, straw, brush and structure fires. The remaining calls came from within the Wendell City limits and involved buildings, vehicles, brush and weeds.

Butterfield said he believes in all cases the prompt response and control by the fire department prevented untold property damage and loss.

The city and rural fire department is headed by

George Wahler, fire chief; Charles Ireton, assistant, and Mel Thaele, fire captain, and staffed by 20 volunteer firemen.

The fighting units are maintained in a constant state of readiness to answer all fire calls, he said. Equipment consists of two tanker units and two pumper units.

Normally, Butterfield said, two units are initially sent to a fire regardless of its location, but since Wendell maintains a reciprocal assistance agreement with the city and rural fire departments of Gooding, Jerome, Hagerman and Shoshone, it is possible, when necessary, to dispatch additional equipment to a fire in any of these areas.

Butterfield said an additional asset to the fire department is a citizen's band radio transmitter-receiver system which enables two-way communication between the station, fire equipment, city police and sheriff's officers.

Manure changed to conditioner

WENDELL — One of Wendell's newest businesses converts raw manure into soil conditioner for use throughout the western states. First shipment is expected to leave here Thursday via truck.

Leo Ottley, Buhl, plant manager, said the Farm Builder Bio-Chem plant located southwest of Wendell across from the Lone Elm Ranch in the West Point area, is part of a firm which converts several types of wastes through a chemical process into soil conditioner.

The firm's head office is in Phoenix, Ariz. The Wendell plant is using wastes from the

Pete Goedhart Dairy and Ottley said he expects the first shipments of the soil conditioner will be trucked later this week. The plant in the Wendell area will send the conditioner to Washington, Idaho, Oregon and parts of Colorado for resale.

The firm expects to build a plant in California next year, he said.

In addition to cattle wastes, the firm has a water clean and bio-stuff division and has had good results combating pollution, especially in sewage systems in larger cities, with its chemical process which is called "Feed for Bacteria," the manager said.

Hearing scheduled

BOISE (UPI) — Idaho's Public Utilities Commission today scheduled further public hearings at Rexburg and Preston next mon on the application of Utah Power & Light

Co. for a rate increase. Cross-examination of power company witnesses who gave direct testimony before the PUC Aug. 4 will begin at 9 a.m. Oct. 12 in Rexburg.

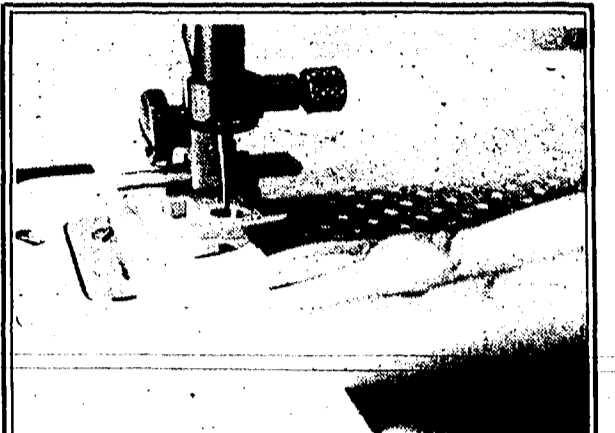

Wendell youth elected

WENDELL — Fred Blackburn, Wendell, son of Mr. and Mrs. George Blackburn, was elected president of the freshman chapter at the Farm House Fraternity pledge meeting at University of Idaho, Moscow. Blackburn's big brother is Frank Aspieri, a senior.

Modern Olympiad
The first modern Olympiad took place in Athens, Greece, in 1896 and only nine nations were involved. The 1964 Olympic Games in Tokyo had some 94 participating nations.

Helps Solve 3 Biggest Worries and Problems

Consider a denture adhesive. **FASTEETH®** Powder does all of this: 1) Helps hold uppers and lowers longer, firmer, steadier. 2) Holds them more comfortably. 3) Helps you eat more naturally. Witness tells Calley's words

FT. MCPHERSON, Ga. (UPI)—Lt. William L. Calley Jr. said Capt. Ernest L. Medina was "certainly surprised" to learn of the slaughter at My Lai, a witness testified Tuesday.

Capt. Robert L. Hicks recalled Calley's conversation out of the presence of the jury hearing Medina's court-martial.

The testimony of Hicks and several other character witnesses took up Tuesday's session and set the stage for the flint-eyed Medina to take the witness stand in his own defense today.

"I'm simply running out of witnesses," said defense attorney F. Lee Bailey. "It looks like Captain Medina will take the stand tomorrow."

Medina is accused of overall responsibility for 102 murders of South Vietnamese villagers at My Lai.

Hicks testified that Calley "mentioned My Lai" in a 1968 conversation.

Hicks said Calley, the only soldier so far convicted in the My Lai massacre, told him he

led a platoon into the South Vietnamese village and "the people all came out and started to cheer."

Calley told him the cheers subsided, he said, when the American troops opened fire, Hicks said. Calley related the experience "like a war story, so to speak."

Called to him Medina was with another platoon and was not in My Lai during the assault, Hicks said, and when the captain learned of the killings "he was certainly surprised."

Hicks, stationed at Ft. Benning, Ga., testified with the jury absent after the prosecution objected that his statements were hearsay. Medina's lawyer, F. Lee Bailey, countered that Hicks' testimony would be the best evidence available since Calley has refused to testify.

Col. Kenneth A. Howard, the military judge, said he would rule Wednesday whether the testimony could be heard by the jury.

Berlin post bombed

BERLIN (UPI)—Unidentified attackers hurled a bottle of flaming gasoline against the fence surrounding an American army barracks early today, West Berlin police reported.

German police guarding the McNair barracks said the firebomb caused no damage. Neither police nor an American Army spokesman had any idea of the motives or identity of the attackers.

In another incident, West German border police said East German border police fired three bursts of tommy-gun fire and four single shots near the Berlin Wall.

Later, police saw East German border guards pull an apparent would-be refugee out of the river which runs near the wall. They did not know if the victim was injured or was a man or woman.

East German police have opened fire several times on would-be refugees since the signing of the four-power draft agreement on Berlin Sept. 3.

The agreement itself has been placed in jeopardy by East German attempts to refute ties between West Germany and West Berlin recognized under the treaty.

Tuesday's third meeting between East and West German delegates trying to work out practical details of the traffic rights promised under the treaty found the two sides deadlocked.

Bonds lose

NAMPA (UPI)—Nampa voters Tuesday defeated a bond election to construct a new city hall and law enforcement facility here.

The vote was 1,071 yes and 631 no with two-thirds required for passage. The 62 per cent yes vote fell 191 short of the required majority.

Passage of \$1.23 million bond would have provided the funds to replace the 65-year-old present structure which city officials said is plagued by bad plumbing and faulty electrical wiring.

Gas quells jail unrest

ATLANTA (UPI)—Fulton County police lobbed tear gas into jail cells Tuesday to put down a disturbance by prisoners that one official said apparently was an aftermath of the riot at Attica, N.Y.

It was the second such incident in two days at the county jail where some 775 prisoners are housed. Both were attributed to the power of suggestion of the bloody Attica riot.

No guards or inmates were reported injured.

Sudanese cast votes

KHARTOUM, The Sudan (UPI)—Four million Sudanese voters scattered over a million square miles of jungle, desert and mountain today began balloting in a vote of confidence to elect Maj. Gen. Jaafar Numeiry as the nation's first president.

Numeiry said he would not accept the office unless he received at least 85 per cent of the vote in the referendum in which he is the only candidate.

Political observers said he was virtually certain to gain the required margin.

Visit irks Egyptians

By United Press International Cairo's semiofficial Al Ahram newspaper said today Israel's armed forces chief of staff recently visited Ethiopia for military talks about protecting the southern entrance to the Red Sea and offering an Israeli naval presence there.

The newspaper said Egypt is carrying on "urgent contacts" with the Addis Ababa regime to learn the outcome of talks between Israeli armed forces chief Lt. Gen. Haim Bar-Lev and the commander of the Ethiopian navy.

Al Ahram said "it was confirmed" those talks were held and said the aim of Cairo's contacts was "to explain the true dimension of the Israeli navy strategy in the Red Sea after 1967."

Outside aid seen in Attica riot

ATTICA, N.Y. (UPI)—The five-day riot at Attica State Prison which claimed the lives of 9 prison workers and 31 rebellious inmates was carefully planned by black militants who may have had outside help, a top state official said Tuesday.

"It went off like clockwork, they knew exactly what they were going to do," said the official, who asked not to be named. "We don't have any firm evidence yet, but it appears that militant groups on the outside were involved. They wanted to make it really big and they did."

Seventy per cent of the 2,200 prisoners at Attica when the riot started last Thursday were black. Another 20 per cent were Puerto Rican. All the leaders of the rebellion were black, authorities said.

Inside the gray concrete walls where the prisoners set up their own social structure, the black militants were the almost undisputed rulers.

Conversely, there was not a black guard on the 390-man staff. There was only one Puerto Rican. Prison officials said they have tried to hire prison guards who are black, but it's hard to get them to settle in this rural, almost all-white, dairy farming community.

In a speech earlier this year, Russell G. Oswald, state correction commissioner, said, "This new type of problem prisoner"—the black militant—was cropping up in almost every prison in the country.

Thant to quit UN

UNITED NATIONS (UPI)—U Thant refused "finally and categorically" Tuesday to serve another term as secretary general of the United Nations beyond the end of the year. He used his last press conference to support the latest Viet Cong proposals to the Vietnam War.

"I just want to make it very clear that I will not serve beyond my present term even for a limited period of one year or two years or two months, under any circumstances," he said in what he called his last news conference as U.N. chief executive.

"My decision is final and categorical. I am convinced that, if the membership realizes that my decision is irrevocable, it will concentrate on the selection of a suitable successor. I do not think the question of a draft will arise."

Almanac

By United Press International Today is Wednesday, Sept. 15, the 258th day of 1971.

The moon is between its last quarter and new phase.

The morning stars are Mercury and Saturn.

The evening stars are Venus, Mars and Jupiter.

Those born on this date are under the sign of Virgo.

U.S. President William Howard Taft was born Sept. 15, 1857.

On this day in history:

In 1942 German Nazi armies began the siege of Stalingrad in Russia.

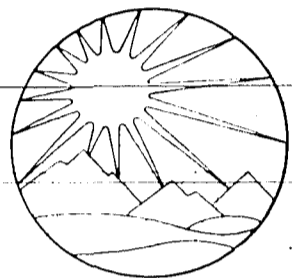

In 1963 four black girls were killed in a bombing of a church in Birmingham, Ala. Two black boys were shot to death that day and city-wide rioting broke out.

In 1966 Gemini II splashed down in the Atlantic after a then record 3-day space flight.

In 1970 the United Auto Workers Union struck General Motors, and also that day a passenger shot a would-be plane hijacker in San Francisco.

A thought for today: British statesman Benjamin Disraeli said, "What we anticipate seldom occurs, what we least expect generally happens."

Jerome freezes salaries

JEROME — The Jerome School District Board of Trustees passed a resolution Monday night complying with President Nixon's executive order freezing all teachers' contracts signed after Aug. 14 to the 1970-71 salary schedule.

Supt. John Campbell said the freeze does not affect those teachers whose contracts were in force prior to Aug. 15.

He said if and when the freeze ends, the 1971-72 contracts will go into effect for new teachers.

Ron Rogers, CPA, reported to the board on the audit of the books of the school district. He said the district is in good financial condition with \$16,000 surplus income over district expenditures.

Allen Smith, executive director of the Idaho School Trustees Association spoke to the board about the association. The board voted to join the association again this year.

Bellevue postmaster appointed

BELLEVUE — Mrs. Nola Kacalek, who has served as officer in charge at the Bellevue Post Office for the past two years, has been appointed postmaster.

A Bellevue resident for six years, Mrs. Kacalek is assisted by a clerk, Mrs. Faye Barker, and by Billy Knorpp, carrier on the rural route. The office serves about 220 families in Bellevue and about 90 other families on the rural route.

Until Mrs. Kacalek's appointment, Bellevue was without a postmaster for two years following retirement of Mrs. Mabel L. Beck in 1969. Mrs. Beck worked at the post office for 27 years, first as clerk and later as postmaster.

First Sweepstakes
The Irish Sweepstakes, a lottery on behalf of several Irish hospitals, was inaugurated in 1930 and soon became popular in America. Within five years, it was the most successful lottery in the world.

DEAR ABBY: My husband and I are in our mid-thirties, so don't get the idea we are a pair of old fogies when you read this.

Our problem is another couple with whom we go out at least once a week. The man has been our good friend for many years. His wife died two years ago and now he is going with a woman who seems to have changed him. He used to act like a perfect gentleman, but not any more. He carries on in public with this girl—kissing, hugging, smooching and what not. This they do in front of children, in restaurants, in the bowling alley, at the beach. Anywhere at all. They act as if they are all alone.

I suppose you could say, "They're in love," but Abby, that's no excuse for bad manners. We have hinted, but it hasn't worked. We would hate to end our friendship with this wonderful guy, but his behavior is just too embarrassing. What do you suggest?
GOOD FRIENDS

DEAR FRIENDS: Quit hinting, and tell loverboy to knock off the love scenes in public. And if he doesn't, simply put the friendship in cold storage for a while. P. S. He'll be back. This affair is too hot not to cool down.

DEAR ABBY: I have an 11-year-old son and a 10-year-old daughter. Last week I came home from the store and found the boy dressed in his sister's clothes. I was so mad I made him sit on the porch so everyone could see him. After about an hour I called him in and asked him why he did it. He said because he wanted to see how he would look dressed as a girl.

Abby, now my daughter tells me her brother has been after her to let him wear her clothes. She has told him no, but she knows he has worn them anyway while she wasn't around.

Now my daughter is setting his hair and he likes it. I am getting confused because he makes a prettier girl than his sister, but I don't think he should be encouraged in this, do you? Will he outgrow it in time? Please help me. He has no daddy.
TROUBLED MOTHER

DEAR MOTHER: Get in touch with your local mental health clinic and make an appointment for your son. Boys should be boys and girls should be girls, and the tendencies to be otherwise are rarely outgrown.

DEAR ABBY: Our son is married to a woman who is obsessed with the belief her family is superior to ours because her ancestors supposedly came over on the Mayflower.

This claim has been pounded into our grandchildren, and they have been taught to look down on us because we are foreign-born and speak with an accent.

It is ironic that due to hard work and thrift we own our own home and have helped our son and his snobbish wife buy theirs, while her supposedly aristocratic parents have never achieved anything for themselves, nor have they helped their children financially.

We are sick of hearing about their pure American heritage. Abby, please set some people straight about who the real Americans are.
AMERICAN, BUT FOREIGN-BORN

DEAR AMERICAN: I thought everyone knew technically the only real Americans were the American Indians. And if you want to read an authoritative, well-documented book on American history from the Indian point of view, get "Bury My Heart at Wounded Knee," by Dee Brown.

Valley Weather Report National Temperatures

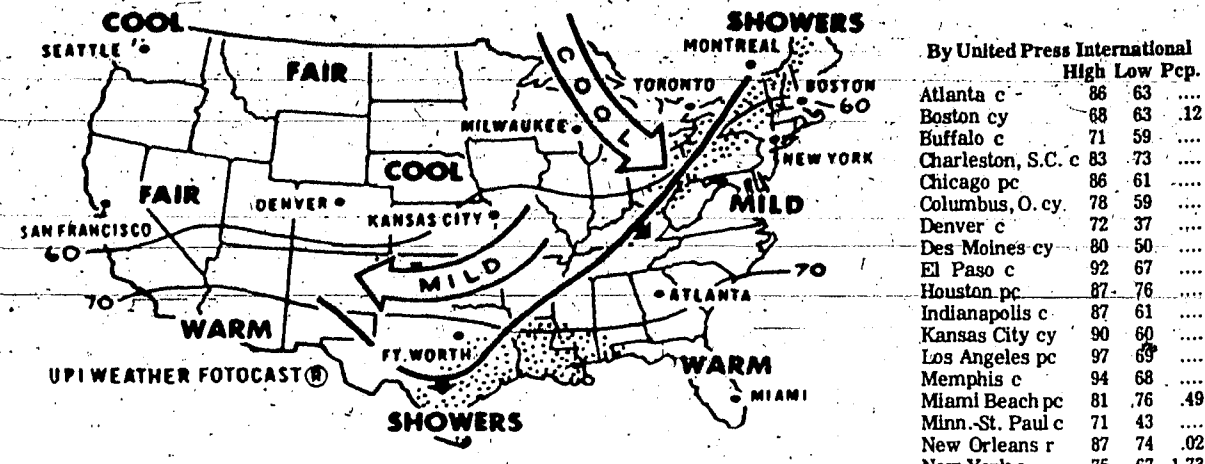

Table of National Temperatures. Columns: City, High, Low. Cities include Atlanta, Boston, Chicago, Denver, etc.

Storms in the east

DURING tonight, showers and thunderstorms are to be found in the Gulf coastal area, the vicinity of the lower Great Lakes and in the western portions of New England. Clear to partly cloudy skies elsewhere. (UPI)

Fair, continued cool tonight

Twin Falls, Northside, a little warmer. Burley-Rupert area: Fair and cool tonight. Highs days 60s. Lows tonight 32 to 39. Outlook for Friday, fair and a little warmer.

Camas Prairie, Hailey and lower Wood River Valley: Fair tonight and Thursday. Areas frost tonight. Highs days 65s. Lows tonight mid to upper 20s. Outlook for Friday, fair and

northeast Oregon where temperatures had started downward on Monday and readings Tuesday afternoon were only 4 to 7 degrees lower. Temperatures ranged from the mid 60s to the low 70s. Idaho Falls reported 64 degrees and Pocatello 66. The cool air continues to move into southern Idaho so temperatures should be a little lower tonight than those of Tuesday night. Some frost had been observed this morning. There will not be much change in Thursday morning temperatures and frost will occur again. The extended weather outlook Friday through Sunday indicates fair weather and unseasonably cool. Highs will continue in the 60s to mid 70s. Low temperatures mid 20s through the 30s. However a little moderation will begin Friday.

Table of Twin Falls Temperatures. Columns: Yesterday, Last year, Normal, High, Low. Values range from 58 to 87.

Wall Street Successful Investing Chatter

NEW YORK (UPI)—The stock market apparently has completed "the euphoric stage of assessment" of President Nixon's new economic program and is likely to settle down, awaiting developments on measures requiring congressional action and evidence the program is taking hold, according to Standard & Poor's Outlook, which thinks the outcome will be constructive. Nixon's speech to Congress, the Outlook says, combined recapitulation and exhortation, but added little except ending the wage-price freeze and saying "as had been expected— it would be replaced by some sort of stabilization machinery." Thus the market gave up some of its gains. The Outlook says it believes "while certain aspects of the program are bound to be modified, its basic thrust will be unimpaired. Thus we continue to advise the positive investment approach recommended in recent weeks."

Dodgers rally for 3 runs in ninth, reduce Giants' lead to one

SAN FRANCISCO (UPI)—Manny Mota's pinch-hit double drove in three runs in the top of the ninth Tuesday night as the Los Angeles Dodgers came from behind to score a 6-5 victory over San Francisco and climb to within a game of the Giants in the National League West.

The Dodgers filled the bases on three hits and Mota followed with his base-clearing double on the first pitch from John Cumberland.

The victory was the eighth in a row for the Dodgers and also their eighth straight over San Francisco. The Giants, who have led the NL West from opening day, lost their ninth game in the last 10 they have played.

15 hurlers, 5 hours still no decision

CLEVELAND (UPI)—The Cleveland Indians and Washington Senators set a new major league record by using 15 pitchers as they battled to a 5-5 deadlock in the second game of a doubleheader halted by a curfew after 16 innings, Tuesday night.

Rookie Vince Colbert tossed a four-hitter in the opener in pitching the Indians to a 3-1 victory.

Each club has 14 games remaining in the regular season.

Washington's 1st game: Washington ab r h bi Cleveland ab r h bi

tie-breaking, seventh inning double Tuesday night to give the Milwaukee Brewers and rookie Bill Parsons a 5-4 victory over the Chicago White Sox.

The loss was charged to Johnson, his seventh compared to 12 victories.

2nd game: Washington ab r h bi Cleveland ab r h bi

Release doesn't surprise Karras

DETROIT (UPI)—Alex Karras, who played himself into the hearts of Detroit fans with 12 stellar seasons as a defensive tackle, has finally played himself out of the hearts of the Lions' management.

3rd game: Washington ab r h bi Cleveland ab r h bi

1963 season for betting on football games.

Jurgensen has new fan

4th game: Washington ab r h bi Cleveland ab r h bi

DETROIT (UPI)—President Nixon sent a telegram Tuesday to Washington Redskins quarterback Sonny Jurgensen, wishing him a swift recovery from a broken left shoulder.

WASHINGTON (UPI)—President Nixon sent a telegram Tuesday to Washington Redskins quarterback Sonny Jurgensen, wishing him a swift recovery from a broken left shoulder.

5th game: Washington ab r h bi Cleveland ab r h bi

ROYALS 2, A's 0

DETROIT (UPI)—Joe Keough's run-scoring single broke a scoreless deadlock in the seventh inning to spark the Kansas City Royals to a 2-0 victory over Oakland and prevent the Athletics from clinching the American League West title Tuesday night.

6th game: Washington ab r h bi Cleveland ab r h bi

Yanks 6, Boston 3

BOSTON (UPI)—The New York Yankees scored five runs in the sixth inning on four walks and four hits, including Mel Stottlemyre's run-producing single, Tuesday night for a 6-3 win over the Boston Red Sox.

7th game: Washington ab r h bi Cleveland ab r h bi

Tigers 6, Orioles 1

BALTIMORE (UPI)—Bill Freehan crashed a three-run homer and Mickey Lolich posted his 24th victory as the Detroit Tigers defeated the Baltimore Orioles Tuesday night, 6-1.

8th game: Washington ab r h bi Cleveland ab r h bi

Brewers 5, Sox 4

MILWAUKEE (UPI)—Dave May drove home four runs with a third-inning home run and

Keeping it in family

MRS. DEAN VICKERS and son, Jim Vickers, display the two trophy moose heads they collected last week in the Wyoming permit hunt around Jackson Hole. Mrs. Vickers' bull antler spread was 49 1/2 inches and Jim's was 45 inches. The smaller set of antlers is still in velvet.

Mother-son team connects on two Wyoming moose trophies

TWIN FALLS—Less than 15 out of state permits are issued for moose hunting each year in the Jackson Hole area of Wyoming and a Twin Falls woman and her son were lucky enough to draw and come home with two of the huge animals.

Jurgensen has new fan

WASHINGTON (UPI)—President Nixon sent a telegram Tuesday to Washington Redskins quarterback Sonny Jurgensen, wishing him a swift recovery from a broken left shoulder.

Sixth seed eliminated

LOUISVILLE, Ky. (UPI)—Mona Schallau of Iowa City, Iowa, upset sixth-seeded Lesley Hunt of Australia 6-6, 6-3, 7-5 Tuesday to highlight the opening round of the \$20,000 Virginia Slims Louisville Invitational tennis tournament.

Cassia 4-H'ers exhibit work

BURLEY — About 60 members of 4-H clubs in Cassia County who received blue and district ribbons during the Cassia County Fair are making final arrangements to exhibit their 4-H projects in the South Central Idaho District 4-H Fair at Jerome County Fairgrounds Thursday through Saturday.

From noon to 6 p.m. Thursday home economics and other exhibits will be entered.

Starting at 9 a.m. Friday will be the judging of home economics and other exhibits and the record books for Ida Gem Dairymen's contest.

The home economics judging contest will begin at 8 a.m. Saturday followed by the 9 a.m. demonstrations.

Livestock fitting and showing will begin at 9 a.m. and the livestock judging contest will start at 11 a.m. for the youths.

The junior style review (junior jiffies through funtime favorites) will begin at 12:30 p.m. Saturday in the 4-H building.

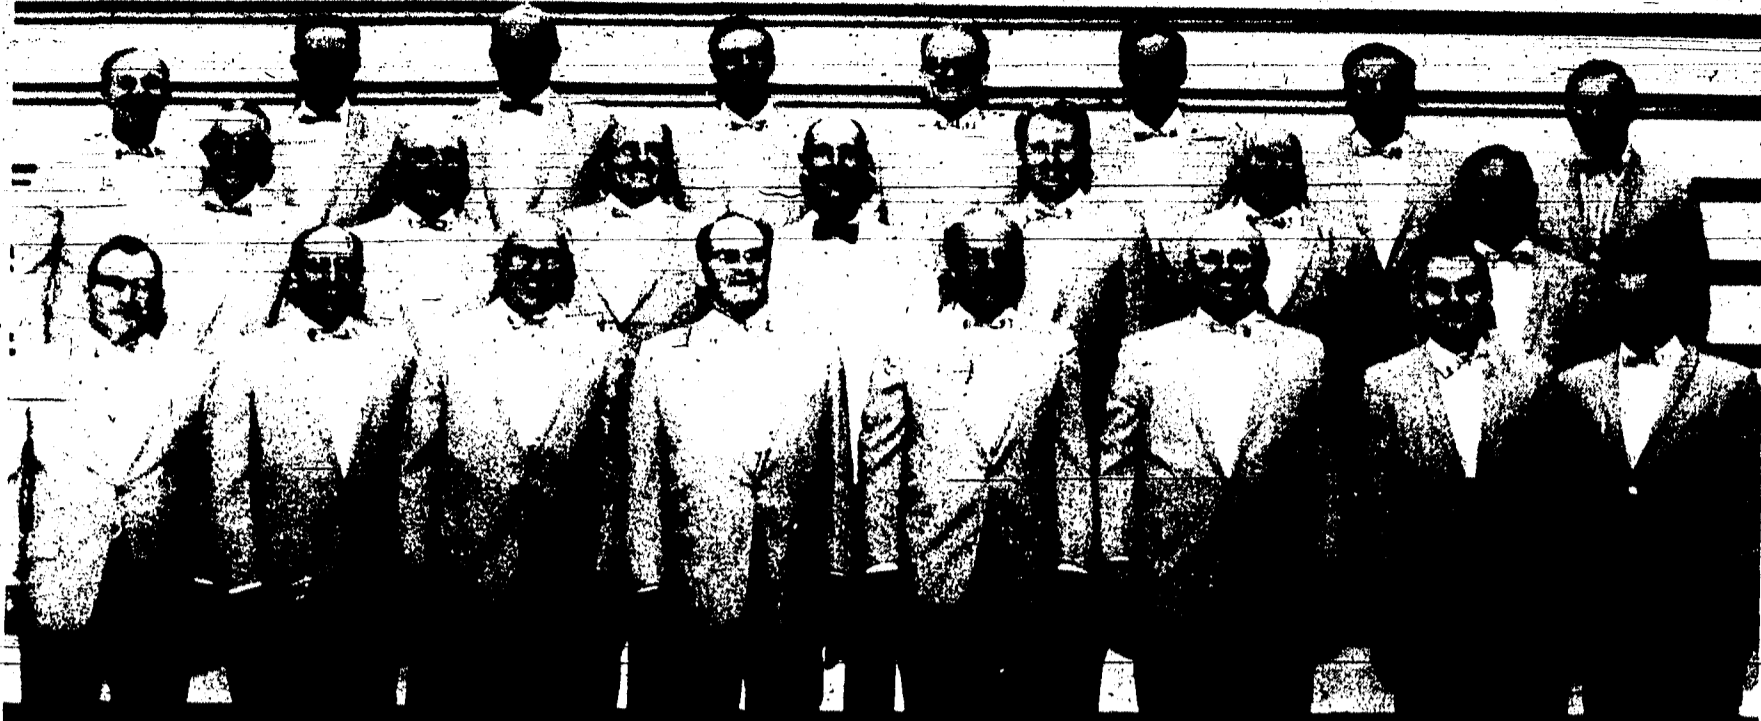

The tractor driving and tree identification will both start at 1 p.m. in the produce building.

The senior style review (stylish separates and others) will begin at 2:30 p.m. in the 4-H building and will be directed by Gooding County.

The judging contest will be under the direction of Minidoka County; demonstrations will be directed by Jerome County; foods exhibits, Elmore County; home improvement, child care, health and family living, Cassia County; automotive, conservation; forestry, electricity, small engines, and tractor driving contest, Twin Falls County; crops; garden, weeds, soil and water, geology, safety and entomology, Lincoln County; woodworking, junior leadership, home beautification and dairy, Minidoka County, and meat animals, poultry and rabbits, Blaine County.

District fair association officers are Glen Ross, Richfield, president; R.V. Freeman, Wendell, vice president, and William Hazen, Fairfield, secretary-treasurer.

County representatives on the district fair board include Nettie Baird and Jim Eakins, Blaine; Glen Ross and Ivan Hopkins, Lincoln; Boyd Harrison and William Hazen, Camas; Mrs. Homer Hanke and Herb Edwards, Elmore; R.V. Freeman and Edward Koester, Gooding; Mrs. Justin Messersmith and W.G. Priest, Jerome; Jack Skinner and Dick Fuehrer, Twin Falls; Dee Rex Bingham and Wayne Cole, Cassia, and Reed Lewis and LaMont Smith, Minidoka.

They'll sing Saturday at Burley

Harmony parade slated Saturday

BURLEY — The Snake River Flats will sponsor its fourth annual "Parade of Harmony" at 8 p.m. Saturday at Burley High School Auditorium.

The group has three active quartets within its organization, including "The Freeway Four" the "Gem Tones" and a newly formed quartet which is still unnamed.

The program will open with selections by the Snake River Flats with Tom Pierce, director.

Guests on the program will be the "Magichords" from Twin Falls with Bert Huish, director, and the "Chordbusters" from Boise, with Kay Cook, director.

Other quartets scheduled include "The Sharp Flats" with Hugh Cameron, lead; Les Metzger, tenor; Errol Nielson,

bass, and Joe Reeves, baritone; "The Gem Tones," Wayne Watson, lead; Gib Barlow, tenor; Don Jensen, bass, and Ralph Maughan, baritone; and "The Common Taters" consisting of John Crawford, lead; Fred Burkhalter, tenor; Morris Staggast, bass, and Ormand Smith, baritone.

Following the intermission will be "The Freeway Four" with Gene Barrus, lead; Mill Barrus, tenor John Christian, bass, and Clark Barrus, baritone, and "The Ida Lads" with Herm Sellers, lead; Doug Lindley, tenor; Ken Hopkins, bass, and Neil Sampson, baritone.

"The Candidates" from Provo, Utah will entertain. Members were candidates for their doctors degrees when they

first organized, so the name for which they have become known was a natural. It is not unusual for them to perform as many as 10 to 15 times a month at social, civic and religious functions.

They are all members of the Brigham Young University teaching staff. McKay Rollins sing lead; Robert Burgener, tenor; Ronald Rhodes, bass, and Rollie Bestor, baritone.

Recently they took first place in the Utah Division Contest.

The grand finale will include all the singers on the program singing a few numbers.

Advance tickets are on sale at Pacific Coop and Hall's Farm and Home Supply, both Burley; Tom Pierce Insurance and Rupert Automotive Sales, both Rupert.

Mini-Cassia

Tours scheduled at Simplot plants

BURLEY — Tours of J. R. Simplot Co. plants at Burley and Heyburn are scheduled for the morning of Sept. 29, during the 12th annual sales seminar.

Robert E. Haney, Caldwell, said about 60 brokers and distributors from throughout the United States will gather in Burley for the opening of the seminar on Sept. 28. The initial dinner meeting will be at the Ponderosa Inn.

Following the tour of the company's Mini-Cassia plants,

Poster child sought

RUPERT — A county poster child is being sought by the Minidoka County March of Dimes chapter.

Daryl Mosely, Rupert, said residents of the county who wish to nominate candidates for the poster child — who will help promote the chapter's fund drive in January, 1972 — should call Mrs. Jack Keiner, chapter secretary, himself, or Mrs. Mosely.

Friction attacked

VALE, ORE. (UPI) — Malheur County District Attorney Frank Yraguen expressed personal displeasure Tuesday over what he called efforts to cause friction between Treasure Valley residents and migrant workers.

Yraguen took exception to a report that the Oregon State Board of Agriculture had asked Gov. Tom McCall to take steps to curtail violence resulting from farm labor disputes in the Ontario-Nyssa-Vale area.

Yraguen said no violence has occurred, none is expected and should it occur "We are fully prepared to be it from farmers or migrant workers."

"I, on behalf of the law enforcement agencies of Malheur County, do not appreciate any comment that may seek to fan areas of possible dispute in this Treasure Valley."

He said he was displeased that any outsider, individual or group would try to fan fires of dissent in the area.

Bear cavities

CHICAGO (UPI) — Whatever his natural ferocity, a bear's bad disposition may be aggravated by a nagging toothache.

Bears, according to Encyclopaedia Britannica, are omnivorous. Their teeth munch a varied diet, and because of their addiction sweets bears are one of the few kinds of wild animals that suffer from tooth cavities.

There are at least eight species of sea-eagles.

Mayor not sure on rerun

DECLO — Mayor George Schrenk said he has not decided whether to seek another four-year term as mayor.

He still has several weeks to file nominating petitions for the Nov. 2 municipal election.

Terms of Councilmen Jones Leonard and Merle Riding expire also. Nadine Maravilla, city treasurer, will serve as election registrar, with voting to take place in the city hall.

4th unit proposed

BOISE (UPI) — The Idaho Mental Health Advisory Council recommended Tuesday that the new reorganization plan for the State Health Department include a fourth division.

The council said it feared the plan to combine the present 11 divisions into three divisions would result in too much of a conglomerate public health service.

The State Health Board will consider the council's recommendation at its Sept. 29 meeting in Boise.

The council, in the first day of a two-day meeting, said it will prepare its own reorganization plan for submission to the state board.

Gem health unit picks Boise man

MC CALL (UPI) — The Idaho Health Association elected Merle Maxwell, Boise, its new president as it opened its two-day session on "Man's impact on man" here Tuesday.

Maxwell will succeed Joe Karpach, Boise.

Lloyd Howe, Idaho director of commerce and development, told the delegates the state doesn't have a population problem at present but said that Idaho must expect some increase if it is to attract new industrial growth.

Howe said the growth is necessary if young people in the state are to find jobs. But Howe said the state could plan wisely for the growth and thereby avoid the problems associated with such growth that would destroy Idaho's quality of life.

A gloomier prediction was voiced by College of Idaho biology Professor James Marshall who said the world's population will be severely reduced in the next 30 years by either famine or disease.

Marshall said the earth's resources are finite and unable to support the population much longer.

Nearly 300 million recreation days are spent hunting in the United States each year, says the National Shooting Sports Foundation.

System outline planned

DECLO — A public meeting will be called in the next few weeks to outline tentative plans for the proposed sanitary sewer system, Mayor George Schrenk told the city council Tuesday.

The mayor's comment came during a discussion of the proposed system. He said the meeting is planned to acquaint residents with the plans made by the council.

The council also certified the tax levy for the current fiscal year, and tabled discussion of a refuse ordinance.

Two councilmen, Merle Riding and Claude Vallette, were unable to attend.

Special day, week slated

BOISE (UPI) — Gov. Cecil D. Andrus has proclaimed Sept. 17 as citizenship day and the week of Sept. 17-23 as constitution week.

Andrus has urged all Idaho residents to join together in activities to recognize the importance the constitutional structure has played in the country's development and prosperity.

Depending on water temperatures, walleye being feeding three days after hatching.

Maintain pioneer spirit, astros ask

SALT LAKE CITY (UPI) — The Apollo 15 astronauts, on a whirlwind visit to Utah, called on young people Tuesday to carry on the type of spirit displayed by Americans from the earliest pioneers to modern-day space explorers.

Cols. David Scott and James Irwin and Lt. Col. Alfred Worden spoke to thousands of students, met with church leaders and took in the State Fair during a non-stop schedule of events.

The space fliers said their recent moon voyage was a resounding success — the best ever in America's moon program.

At a mid-day appearance before high school students assembled at the University of Utah football stadium, Irwin said it was the kind of pioneer spirit carried by Brigham Young and his followers that "led us to go on to explore outer space."

Irwin was given a loud cheer when he recalled his days at Salt Lake's East High School, where he graduated in 1947. The East High band and choir serenaded the spacemen with such tunes as "America the Beautiful" and "One Small Step," recalling Neil Armstrong's famous remark when he became the first man to set foot on the moon.

Worden introduced himself with "Hi, I'm Al Worden," and apologized for getting the students out of school. The youths responded with laughter.

The astronauts urged that young people carry on the spirit of togetherness shown by explorers past and present to improve conditions in the world.

"I can see by your enthusiasm today that we have a great future to look forward to," Scott told his audience.

Earlier, the astronauts held an airport news conference during which they agreed their flight was the best NASA has ever had — and all three said they hoped to go into space again. They are the back-up crew for the Apollo 17 mission.

In a meeting with leaders of the Church of Jesus Christ of Latter-day Saints, gifts were exchanged and Harold B. Lee of the First Presidency told the astronauts:

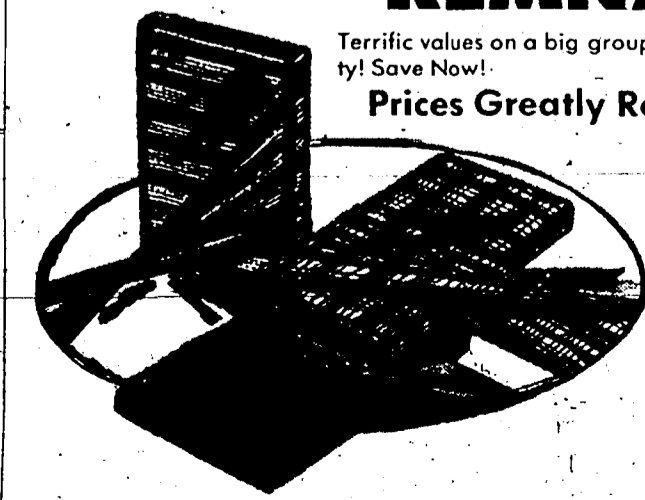

"We watched, listened and prayed for you. We're glad you're home safely."

The astronauts were accompanied by the wives of Scott and Irwin and Dr. James B. Fletcher, head of NASA and former president of the University of Utah.

Scott flew to Ogden and Worden and Irwin went to Provo in the afternoon.

Full appraisal on land sought

BOISE (UPI) — Lt. Gov. Jack M. Murphy Tuesday said the State Land Board should get a full appraisal by a professional appraiser before it accepts any bids for 620 acres of state land near Sun Valley.

Murphy, a Republican, was the latest to voice concern about the board's decision last week to offer the acreage for a minimum of \$356,000 at a public auction.

Secretary of State Pete T. Cenarrusa, lone Republican on the five-member board, called last Friday for reconsideration of the decision to sell the land at the minimum price of \$575

per acre appraisal by the Land Department.

He said other sales in the area indicated the land may be worth several times the appraised price. He also questioned whether plans to develop the land would fit into the ecology of the area and suggested perhaps the Land Board should study the question and then write restrictive covenants into the deeds.

Cenarrusa made a formal request to Gov. Cecil D. Andrus, president of the Land Board, and his letter was received by other Land Board members Monday.

Public Instruction Supt. D. F. Engelking and Attorney General W. Anthony Park said they would be willing to hold another meeting if Cenarrusa has new information not possessed by other board members.

Engelking said he felt there should be a reappraisal of the land value.

Murphy agreed.

"Before the Land Board accepts any bids on the 620 acres of state ground located near Sun Valley a complete and total appraisal should be made by a professional appraiser," Murphy said.

"This procedure would ensure that the true value of these grounds would be obtained for

the endowment funds which support in part our common schools.

"When there is a sale of such highly valued lands' extreme caution should be employed," he said.

Murphy also agreed with Cenarrusa that any development should be in keeping with the natural scenic beauty and ecology of the premises.

He said perhaps the possibility of subdividing the land should be explored, too, "although I am doubtful the state is equipped to do all this."

Early Patent

The first patent granted in the United States was to Samuel Winslow of Massachusetts in 1641 for a novel method of making salt, according to the Encyclopaedia Britannica.

Gem chief on panel

SAN JUAN, Puerto Rico (UPI) — Idaho Gov. Cecil D. Andrus has been elected to the 10-member executive committee of the National Governors' Conference.

Andrus, a freshman governor, was one of five Democrats chosen to the bi-partisan committee.

The prestigious committee meets Thursday with President Nixon at the White House to discuss the second phase of his economic policy.

Shoshone events set

SHOSHONE — The Shoshone High School homecoming parade and freshman initiation will be Thursday, according to an announcement issued by the student council.

The homecoming football game will be played at 8 p.m. Friday. Royalty selected includes Cindy Sorenson and Kay Saras, seniors; Kim Onelda, junior; Christy Harris, sophomore, and Shelley Sorenson, freshman.

The queen, one of the two senior girls, will be crowned at halftime during the game between Shoshone and Wendell.

Servicemen

BUHL — Richard (Rick) Ross, son of Mr. and Mrs. Joe Ross, Buhl, is receiving basic training at Ft. Knox, Ky., during six months of active duty with the Idaho National Guard. Ross is attached to Troop A, 116th Armored Cavalry, 1st Squadron, in Buhl. Mrs. Ross is the former Eileen Zurek.

Danish gymnasts set T.F. exhibit

TWIN FALLS — The 30-member Danish Gym Team will be in Twin Falls Friday to give exhibitions at the College of Southern Idaho gymnasium.

The gymnasts will present a program of modern rhythmic gymnastic, vaulting and tumbling and 'folk' dances in native costume.

The 30-member team, which is composed of 15 men and 15 women, has appeared world side and has just this month completed a White House performance for President Richard M. Nixon.

Organized and directed by Erik Flensted-Jensen, the team includes some members of the Danish Olympic team. The group performed at closing ceremonies at the Olympics in Mexico.

The Twin Falls appearance is being sponsored by the CSI athletic department and the Associated Students of CSI as a cultural exchange program. Tickets for the program, which

will begin at 8 p.m. at the gymnasium, are available at the student union building on campus or at the door prior to the performance.

The members of the team, who are mostly in their early 20s, have been selected from the most skillful gymnasts in Denmark. Some are students and others represent several different careers. They all have taken a year off without salary of any kind to further their common interest of physical education.

Denmark advocates physical education and seeks continually to improve all forms. Perfect style counts more than acrobatic stunts. Body building and form giving movements are fundamental in Danish gymnastics. One side of the aim is to develop the entire body into full harmony. Strength, flexibility and coordination are provided, essential to further achievements in the advanced exercises.

Surcharge effect hit

WASHINGTON (UPI) — Leaders of five national farm organizations told President Nixon Tuesday they were concerned that if the new 10 percent import surcharge was not removed, foreign nations would retaliate to reduce shipments of American agricultural products.

Gerald Warren, deputy White House press secretary, said the farm leaders offered general support for Nixon's new economic policy but expressed concern about the possible effect of the surcharge.

Warren said the President assured them the tax on imports would be temporary but gave no indication when it would be removed.

Nixon ordered the supplemental tax on about half of all imports to improve the nation's competitive position in international commerce and to provide a bargaining lever in negotiations for currency revaluation.

ASTHMA BRONCHITIS

IN THE INTEREST OF GOOD HEALTH, BUTTREY FOODS ARE FEATURING A SERIES OF ADS ON SOUND NUTRITION AND PROPER EXERCISE

Fruits & Vegetables are useful health "Protectors": shop Buttreys

This Ad Effective
Sept. 15, 16, 17 and 18, 1971

EAT THE BASIC FOUR FOODS EVERY DAY . .

FOODS PROVIDE ENERGY! USE THAT ENERGY TO ENJOY LIFE, STAY TRIM!
Foods provide vital nutrients to keep your whole body in good condition. Foods also provide energy, which is measured in calories. To avoid gaining weight, you must use up your daily intake of calories . . . in your daily work, and enjoying your favorite sport or exercise. If you're a golf widow, at least you know that your 175 pound husband might work off over 1,000 calories in an 18 hole game (about 4 hours).
For special dietary problems and exercise programs, consult your physician.

KEEP TRIM WITH MODERATE DAILY EXERCISE

HOW CAN FRUITS AND VEGETABLES HELP PROTECT YOU?
The vitamins and minerals contained in fruits and vegetables (fresh, frozen or canned) help protect you by: helping keep skin soft and smooth, helping protect against nightblindness, helping to resist infection, prevent fatigue, and helping to heal wounds and broken bones. Plan on 4 or more servings a day, including a dark-green or deep-yellow vegetable and a citrus fruit or juice for Vitamin C.

Locally Grown PEACHES or PEARS

\$ 2.98
