

FAA willing to install new system at TF field

BY BONNIE BAIRD JONES
Times-News Writer

TWIN FALLS—Federal Aviation Administration officials told Twin Falls city, county, and air port commission officials yesterday they are willing to spend about \$270,000 to furnish and install an instrument landing system—ILS—and approach lighting system—ALS—if the local agencies will acquire needed land.

In addition, the FAA will participate about 50 per cent in

the cost of land purchases for the instrument landing system and 82 per cent on land required for the lighting system.

In a meeting at the Twin Falls City Hall late Wednesday afternoon, seven FAA representatives and two Air West officials explained the two systems, and primarily the ILS, are needed for safety. As a result, they explained a high priority has been given the expenditure at the Twin Falls field.

The equipment, Jim Cox,

FAA Chief, Airports Engineering Branch, Seattle, said, is scheduled to be delivered in June, 1973, and the FAA is hopeful of having land acquisition cleared for installation as soon after that time as possible.

Addition of the ILS at the Twin Falls City and County airport has been under consideration for some time. The federal officials said the installation at Twin Falls would be a relatively easy job because of the natural drop of the land

from the east runway.

Plans call for installing the ILS on Runway 25 to provide verticle guidance to aircraft coming into the field and increasing the reliability of service in addition to providing a major safety factor increase, Cox said.

About 40 acres of land would be needed in addition to the city's present ownership, for control over the approaches and to prevent any obstructions being located in the approach zone, Cox said.

Specifically the systems would require a strip of land 1,500 feet long and 1,500 feet wide on the east end of the runway and about 1,800 feet by 1,500 feet on the opposite end with 50 by 50 foot plots for middle and outer markers.

For the light system about 1,600 feet by 400 feet would be needed on the east end of the field.

It was pointed out by the FAA officials, some of the land would be available for lease for farming or livestock, restricting it to crops which would not attract birds.

Heber Loughmiller, county commissioner, said if the present land owner could be assured access through the area to the outlying 130 acres of his property acquisition of the needed land would be much easier. This, FAA officials, said should represent no problem. They also stressed the offer to furnish the equipment for the Twin Falls airport has no relation to plans for a Regional Airport as the equipment could, if not outdated at the time a Regional field was ready, be transferred to the new field.

O. A. Kelker, airport commission chairman said the local groups will take the offer under study and begin checking land costs in the area involved.

FAA officials attending the Wednesday meeting included R. L. Jones, Chief, Pilot Standards Division; Cox, Frank A. Yurg, chief, Environmental Engineering Section; W. A. McCall, flight inspection office, all Seattle; R. W. Perry, Pocatello; and William L. Bullough, both Pocatello sector office, and Phillip Lively, Jr., FAA technician, Twin Falls, Air West officials included D. K. Peters, regional flight manager, and Paul Shoaff, Twin Falls station manager.

County commissioners, city council members, airport commission members, and Dale Riedesel, city consulting engineer, city officials and Keith Andersen, Twin Falls Highway District, also attended the meeting.

Youthful help

"SIDEWALK SUPERINTENDENTS" come in all sizes and shapes, but most frequently, perhaps, in small sizes such as these young watchers supervising installation of a signboard support at the site of the new Kentucky Fried Chicken restaurant at North Five Points. A crew from the Twin Falls firm Signs, Inc., installed the steel posts this week as construction neared completion. The new eatery tentatively plans a September opening.

High level plan Ok'd in TF

TWIN FALLS — An agreement with William H. Munger for air space above the parking lot located where the old Workman Ford Agency building was removed earlier this year, was approved in an adjourned meeting of the Twin Falls City Council Wednesday afternoon.

The agreement would pave the way for the expansion of the

Rogerson Hotel to include additional rooms and a second story parking facility for hotel guests.

City officials agreed to grant the rights for concrete footings and supports providing the parking space lost would be replaced with equal space on the hotel second story parking facility.

Munger said plans are not

complete for the expansion but will be announced later. He said the agreement for air space was one of the initial requirements to going ahead with over all plans.

In other action, the council approved the appointment of William Crawford as a member of the city's Planning and Zoning Board. He succeeds James Kinney who has resigned.

Downtown

Cast 88 is an extremely long wearing sole and heel composed of polyurethane, a material that stands for the ultimate in strength.

Cast 88 provides extreme lightness with high abrasion resistance. Polyurethane contains excellent low temperature properties and soles will stay soft and flexible in temperatures of minus 20° or lower. That's why polyurethane is used in substantial quantities in today's space program.

Cast 88 is contour fitting because it is cast to the bottom of the shoe in liquid form.

DODGE LEADS WITH ITS STRENGTH.

Polara/Monaco the all new look of '72 at all new prices.

ALL-NEW STYLING... SAME OLD PRICES.

In a year when most new cars look a lot like last year's, Dodge Polara and Monaco do not. They've been restyled for '72. The emphasis in the design of these new cars has been on strength, solidity, and silence. Their strong, expressive styling achieves an

attitude of distinction with clean, fresh lines. And while the styling is all new, the prices of the '72 Polara and Monaco, and all Dodges, will remain the same as those offered on comparably equipped 1971 models. Prices may never be lower.

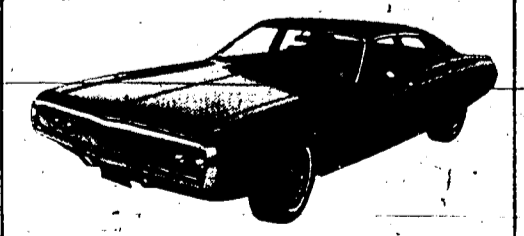

1972 DODGE MONACO Designed for the man who wants excellence without extravagance. The restyled 1972 Monaco has a look that sets it apart from the rest of the medium-priced field... like smooth lines, hidden headlights, and a streak of protective side moulding. It's equipped with the features you'd expect in a car as distinguished as Dodge Monaco. The new 360 two-barrel V8 engine, precise power steering, power front disc brakes, and Dodge's famous, smooth TorqueFlite automatic transmission are all standard.

1972 DODGE POLARA Dodge builds the Polara with a little extra size and riding comfort, and at the lowest possible price. You get such easygoing features as power steering, TorqueFlite automatic transmission, and a powerful, yet economical, 318 V8 engine standard.

DODGE COLT Standard features include an adjustable steering column, flow-through ventilation, front disc brakes, variable-ratio steering, fully synchronized four-speed gearbox, and an overhead cam Hemi.

DODGE DART Dodge Dart for '72 has the styling, size, comfort, and performance to be your only car. Underpenetrated and predictable, it does what it's supposed to—give you economy and dependability.

DODGE CHARGER The Dodge idea of what a family-sized sports car should be. It's large enough to seat six, and its sporty styling adds a new dimension to the old-fashioned family cars. Check it out today!

DODGE CORONET The convenience car. The perfect idea for a family car because Coronet is designed solely to be a four-door family sedan. Full-sized room for six people, and styling that you'll be proud of.

Dodge Depend on it.

Kitty dinner
SUSIE THE SIAMESE finds motherhood a fascinating experience, even if the little rascals do tickle a bit while dining. Susie, a busy "kitty factory" indeed, belongs to Elmer Stroder of rural Jerome.

N.Y. team would "never go back"

HOLLYWOOD (UPI)—Steve Lawrence and Eydie Gorme once epitomized New York City young stars on the rise—Steve from Brooklyn, Eydie from the Bronx. They were to Manhattan what Lum and Abner were to the Ozarks. Their accents, chic wardrobes and celebrity bespoke elegance and the special sophistication of that great city. Moreover, they sang singly and in duet with marvelous voices. National magazines, photographed their exotic apartment, reported their parties and New York life style. Steve looked back the other day and said, "I hate New York." A Peculiar Time — He picked a peculiar time to say it. The temperature at Universal Studios was 109 degrees in the shade and the smog was thick enough to kill all living things save Southern Californians. Even they were unwell. "I mean it," said Steve. "Eydie and I lived there all our lives, but it's not fit for habitation. "We moved to Beverly Hills for two reasons. First New York is no place to raise children. Both of my little boys (Mike, 9, and David, 11) were mugged in the park. Honestly. "Secondly there isn't any show business left there except for a few plays. It's sad. Now that Ed Sullivan is the only one left—and his show is off the air—he interviews buses and buildings downtown." In addition to a change of scene, Lawrence has altered his career. Aside from night club dates, he is appearing without Eydie. Nor is he doing as much singing. Dramatic Roles — The kid from Brooklyn is playing dramatic roles in movies and TV. He plays featured roles in video's "Medical Center," "Night Gallery" and the new movie, "Stand Up and Be Counted." "Eydie and I will still appear in night clubs," Lawrence said. "But she has no desire to do many individual things. Eydie is happy to record songs and take care of the family. "Most of our New York friends are out here, so we're very happy. We'll never move back." Lunch over, Steve Lawrence staggered out into the smog, coughed and concluded, "Go back to Manhattan, never ..."

Blaine SCS election slated

HAILEY — The Blaine Soil Conservation District will elect two supervisors Oct. 15, according to C.W. Gardner, chairman of the district supervisors. The supervisors develop and carry out the program of soil and water conservation for private lands within the soil conservation district. The district's boundaries are congruent with the boundaries of Blaine County. Candidates for the four-year term position must be land owners or land operators within the district. Interested persons may obtain nominating petitions at the soil conservation office at 14 West Croy, Hailey.

FCC aide urges home remedy commercial ban

WASHINGTON (UPI)—Nicholas Johnson, member of the Federal Communications Commission and a leading critic of the broadcast industry, said Wednesday home remedy commercials should be banned from the airwaves because they add to the drug menace. "If we are really serious about dealing with drug abuse in this country," Johnson told a Senate committee, "let's move now to stop the television pushers." Johnson, also an outspoken critic of the FCC itself, appeared with six fellow commissioners before a subcommittee examining over-the-counter sales of medicines, particularly pain killers and mood drugs such as tranquilizers, sleeping aids, pep pills and anti-depressants. In urging that such commercials be banned, Johnson said those who promote them should be asked "personally how they can justify what they do—whether it is a network president, a product manufacturer, an advertising agency executive, or a Federal Communications commissioner." Charging that the commercials promote the use of drugs and drug abuse, Johnson said, "the advertising is positively harmful and serves no useful purpose." The committee, chaired by Sen. Gaylord Nelson, D-Wis., heard medical testimony last spring that such drugs are not as effective as advertised and that commercials promoting them are not only frequently deceptive but foster "a drug culture." Chairman Dean Burch said the FCC was not authorized to monitor broadcast commercials or ban them. This authority, he said, rests with Congress and the Federal Trade Commission. But Johnson argued that the FCC already has the power to tackle pill commercials. And if the agency won't act, Johnson said, it should "at the very least" require that the commercials be cleared by the Food and Drug Administration and the FTC.

Almanac

By United Press International
Today is Thursday, Sept. 23, the 266th day of 1971 with 99 to follow.
The moon is approaching its first quarter.
The morning stars are Mercury and Saturn.
The evening stars are Venus, Mars and Jupiter.
On this day in history:
In 1779 the USS Bonhomme Richard, commanded by American naval hero John Paul Jones, defeated the British frigate Serapis in a battle off the coast of Scotland.
In 1926 Jack Dempsey lost the heavyweight boxing championship to Gene Tunney in Philadelphia.
In 1943 the United States, Britain, Russia and China established the United Nations Relief and Rehabilitation Administration (UNRRA) to help war-liberated areas of the world.
In 1950 the U.S. Congress adopted the Internal Security Act, providing for registration of Communists. Communist registration later was ruled unconstitutional by the U.S. Supreme Court.

Shoshone

rodeoers in finals
SHOSHONE — Three Lincoln County rodeo performers will compete in finals during the coming weekend. Shirley Daniels and Trudy Wilcox, both Shoshone, will ride for state championship barrel racing honors and Pat O'Malley, Shoshone, will compete for top Idaho bull riding honors at Weiser this weekend as one of the top 15 bull riders in the state. Miss Wilcox will go to Weiser to ride in the Idaho Cowboy's Association barrel racing finals Saturday while Miss Daniels will be in Blackfoot for the state barrel racing finals sponsored by the Eastern Idaho Golden Valley Girls Rodeo Association Sunday afternoon. Both barrel racers earned their way to the state wide competition on a basis of wins in rodeos and shows during the current season.

A thought for the day: John Paul Jones said during a battle with British forces: "I have just begun to fight."

BARBS

By PHIL PASTORET
So far as hitchhikes are concerned, the auto is a passing thing.
Plastic rubbish bags have taken all the fun out of assessing the neighbors' booze intake while strolling to the bus on collection morning.
A magician is anyone who can eat an ice cream cone

without getting half the goody down his sleeve.
Talk isn't cheap when it's about food bills.
The thing that goes best with beer at a cookout is moderation.
With all the headaches present today, it's enough to turn a pessimist into an optimist over his pessimism.

3rd victim

BOISE (UPI) — Ernesto A. Salazar, 18, also known as Samuel Esparza, died in a Boise Hospital from injuries received in a two-car accident on State Highway 19 seven miles west of Caldwell. Salazar was the third person to die from injuries received in the accident Saturday night. His death raised the state's traffic toll to 224 compared with 242 at this time a year ago. Driver of one of the two cars which collided, Salazar was from Parma.

Pine cones of the sugar pine are longer than 20 inches.

Scientists agree on life in space

WASHINGTON (UPI) — A conference of prominent U.S. and Soviet scientists has cautiously concluded that life in outer space may exist and that it would be beneficial to mount an international effort to find out.

Dr. Carl Sagan, one of the American organizers of the conference, outlined Wednesday at the National Academy of Sciences the results of the meeting held in the Soviet Union, earlier this month.

"None of us believe there is definitely any extraterrestrial civilization," he said, "but many feel there is not enough data to make a reliable

estimate." Sagan, who works at the Center for Radio Physics and Space Research at Cornell University, stressed that it would be important for scientists to "listen" in a serious and coordinated manner for signals from outer space which might be emitted by intelligent beings should they exist.

He said the Soviet Union has begun a modest program of such monitoring but that in the United States there is no program.

A seven-page communique issued after the Soviet-American

conference said that the participating scientists differed on many aspects of the question but felt that "the promise of contact with such extraterrestrial civilizations is sufficiently high to justify initiating a variety of well-formulated search programs."

The scientists added that "useful searches can be initiated at a very modest scale."

Sagan told a Washington news conference that some optimistic estimates were that intelligent life may exist on planets surrounding stars a few hundred light years away. A light year is equal to six trillion miles.

Church urges 'fair share'

WASHINGTON (UPI) — Sen. Frank Church, D-Idaho, urged the Small Business Administration Wednesday to see that small businessmen in the timber industry continue to receive a fair share of timber sales in national forests.

In a letter to Thomas S. Kleppe, administrator of the

SBA, Church praised an agreement worked out by the SBA with the Forest Service to preserve the historic position of the small businessman in the lumber industry.

But he expressed concern that the formula for working out the share of timber sales between large and small businesses

continue to provide protection for small businesses.

"Clearly, only big business could have purchased the large and extraordinary salvage sales," Church said, adding these sales to big timber companies could be used in computing the formula.

Flood result

SPECTATORS stand and stare at huge cavern created by recent floods at foot of Montserrat (Salt Mountain) atop which stands the famed monastery at Barcelona, Spain. Police said that 18 persons perished in the floods in northeastern Spain, most of them when their cars were swept away by the rampaging floodwaters that caused damages in the millions of dollars. (UPI)

U.S. to repay industry for losses from ban

WASHINGTON (UPI) — The administration has endorsed legislation that would repay industry for losses resulting from the government's ban on cyclamates, the artificial sweeteners linked with cancer.

Congressional sources told UPI today that White House aide Robert H. Finch played a role in the decision. Finch was Secretary of Health, Education and Welfare (HEW) during the cyclamate controversy of 1969 and 1970, and was sharply criticized for not banning the substance sooner.

Under the bill before Con-

gress, the government would pay claims filed by cyclamate manufacturers, fruit growers and canners, soft drink bottlers, food processors, drug firms and wholesalers for money they lost as a result of the Aug. 14, 1970, cyclamate ban. Lost profits could not be reimbursed.

The measure would set no limit on government payments. The U.S. Court of Claims would decide each case. Court awards of \$100,000 or more would require subsequent appropriation by Congress.

Thirty-six House members are sponsoring the bill. Anthony L. Coello, administrative assistant to Rep. B. F. Sisk, D-Calif., the primary sponsor, said Sisk and most or all his

cosponsors represent districts containing farmers, bottlers or others seeking payment.

"I'm not aware of any opposition to the bill," Coello said in an interview. He said he had no estimate of total government payments should the measure pass, but had heard an industry estimate of \$100 million.

Although the safety of cyclamates was questioned as early as 1955 by the National Academy of Sciences-National Research Council, the Food and Drug Administration (FDA) kept the sweetener on its list of "Generally Recognized as Safe" food additives until 1969, and did not ban cyclamates until 1970.

Military pay hike delayed

WASHINGTON (UPI) — A record \$2.4 billion in military pay raises, tacked on to a draft extension law and scheduled to go into effect Oct. 1, will be delayed until after President Nixon's wage-price freeze ends Nov. 13.

The White House announced the plan to delay the raises Wednesday.

"It is our intention that the increase not be applicable during the period of the freeze," said Gerald Warren, deputy White House press secretary.

The draft bill, which extends military conscription until June 30, 1973, won final approval in the Senate Tuesday. It awaits Nixon's signature.

Pentagon officials said Wednesday draft calls probably will resume early next week. A spokesman said the problem was "getting intensive attention." Defense Secretary Melvin R. Laird began a series of meetings to determine how many men must be called the rest of this year.

The old draft law expired June 30 and no men were inducted during July, August and this month while Congress battled over the extension law.

Daughter

OSLO (UPI) — Crown Princess Sonja of Norway gave birth to a girl Wednesday at the National Hospital's Maternity Clinic in Oslo, the Royal Palace announced.

The baby is the first child of Sonja and her husband, Crown Prince Harald.

The royal couple, both 34, were married in August, 1968, after they had dated secretly for several years.

Under the present Norwegian constitution, a girl cannot inherit the throne.

The court announcement said both mother and child were doing well. The birth was normal, the announcement said.

The child is the first member of the royal family to be born in a public hospital rather than at the palace.

Rides again

STEEPED IN HISTORY, a 67-year-old carousel will soon be in operation at the sprawling Six Flags Over Georgia complex near Atlanta. The carousel, with 69 hand-carved wooden horses riding five abreast, was purchased at a price of \$75,000 and was in full time operation until 1967 at the old Riverview Amusement Park in Chicago. Betty Justice mounts one of the brightly painted horses as unloading began. (UPI)

Sale Clerked By J. W. Messersmith Of Gem State Realty, Twin Falls

Tax hike appears inevitable

(Continued from p. 1) Taxes have been suggested — included a sales tax increase, removal of production exemptions from the sales tax, increasing the income tax, eliminating the double deductibility on state income taxes and the usual "patch and scratch" variety of taxes.

Some observers believe it will take a combination of these to come up with the revenue that will be needed, say a one per cent sales tax increase plus some form of income tax boost. Andrus already has thrown down the gauntlet insofar as the sales tax is concerned. And his action just may be a portent of a rough legislative session to come.

Because that's going to be the name of the game at the next session of the legislature. With leaders in both political parties admitting now that a tax hike appears likely the next battleground is the method — and the party that can prevail with the least painful type is likely to pick up the marbles in the elections ahead.

Echoes from announcementville — Rep. James A. McClure still looks like a sure bet for senatorial candidacy. His timetable may be changing, however, and his announcement may be held off until sometime next month. Don Winder, former Caldwell legislator who now is state director of the Federal Farmers Home Administration, has made a number of unusual political contacts lately. Some think he may be gearing up for a congressional or even Senate race. Others say he's just climbing the bureaucratic ladder. If his intentions are political and involve his candidacy for elected office he won't be able to stay as long as he is with the FHA because of Hatch Act problems.

"Exact change" farebox foils frequent heists

CHICAGO (UPI) — Climb aboard a bus in almost any large U.S. city today and you probably will find a farebox with a "deposit exact change" notice on it.

That farebox, sealed and open only to the proper officials, has been something of a panacea for the mass transportation industry.

Until three years ago, fareboxes were favorite targets of "two bit" bandits who thrived on the small change they picked up so easily from buses. They often hit buses two and three times a night. A sticky-fingered driver occasionally dealt himself in as a "silent partner" of the bus company.

"Robberies were costing mass transportation companies millions of dollars a year," said Edward H. Belanger, president of Keene Industries Corp. Its Coin Handling Division in Chicago is the largest manufacturer of fareboxes in the United States.

Belanger said farebox robberies virtually were eliminated by the "exact change" concept.

A spokesman for the Chicago Transit Authority agreed. The CTA man said Chicago buses were victimized "about 60 times a month before we switched to the sealed fareboxes. Today we have no farebox robberies."

Chicago switched to the new coin vaults more than two years ago.

York, Pittsburgh, Los Angeles, Dallas, Cincinnati, Denver, New Orleans and Oakland.

Belanger said the study came up with some "by-products" such as:

—Improvement in driver morale.

—Closer adherence to schedules.

The coin box is emptied regularly by an authorized company or bank official — always under surveillance. In some cases, a closed circuit television camera monitors the

Filming continues in Idaho

RIDDLE, Idaho (UPI) — Cale Yarbrough, one of the nation's top stock car racers, and film star Dale Robertson are filming an "American Sportsman" segment on sage grouse hunting in southwestern Idaho.

While making the show for the ABC network on the Pete Jackson Ranch at Riddle, Yarbrough has bagged his limit of four sage grouse each day since Sept. 17.

He is supposed to be in Trenton, N.J., Sunday for a race but may delay preparations for it to hunt just one more day.

"I'm looking forward to coming back when I don't have a schedule to follow," Yarbrough said.

Yarbrough said he has hunted grouse in Canada but this was his first experience "hunting this kind of grouse."

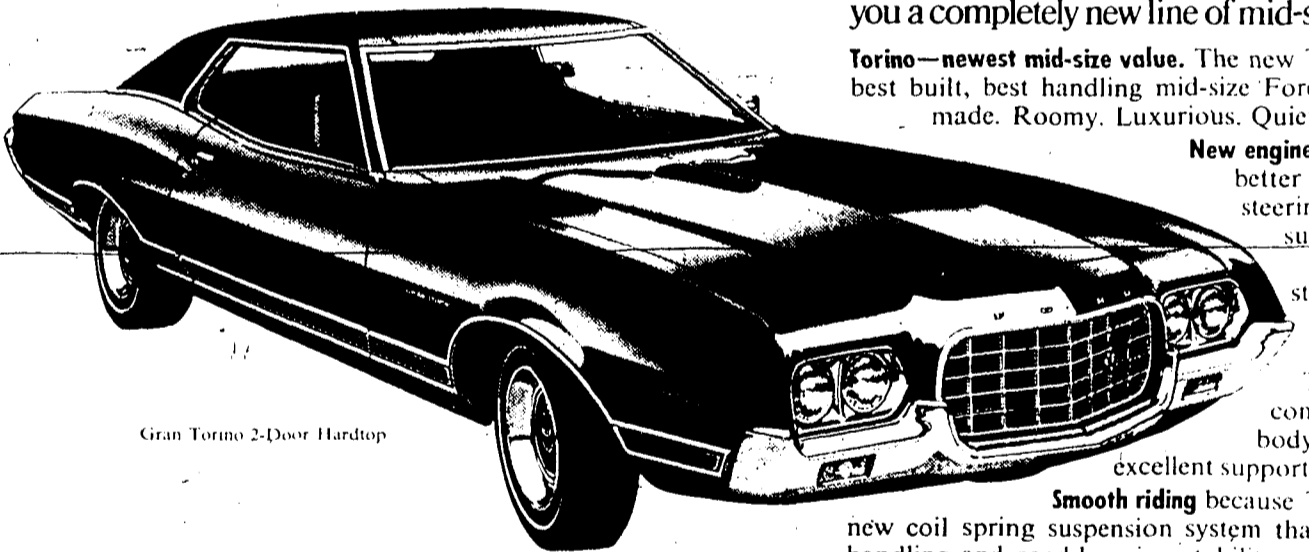

The filming party is being hosted by Steve Herrett, a Twin Falls sportsman and manufacturer of pistol grips and gunstocks.

New 1972 engineering, styling, at frozen 1971 prices... Never a better time to buy a Ford!

Gran Torino 2-Door Hardtop

Gran Torino. One of nine all-new Torinos. Only Ford, among all U.S. car makers, brings you a completely new line of mid-size cars.

Torino—newest mid-size value. The new Torino is the best built, best handling mid-size Ford we've ever made. Roomy. Luxurious. Quiet.

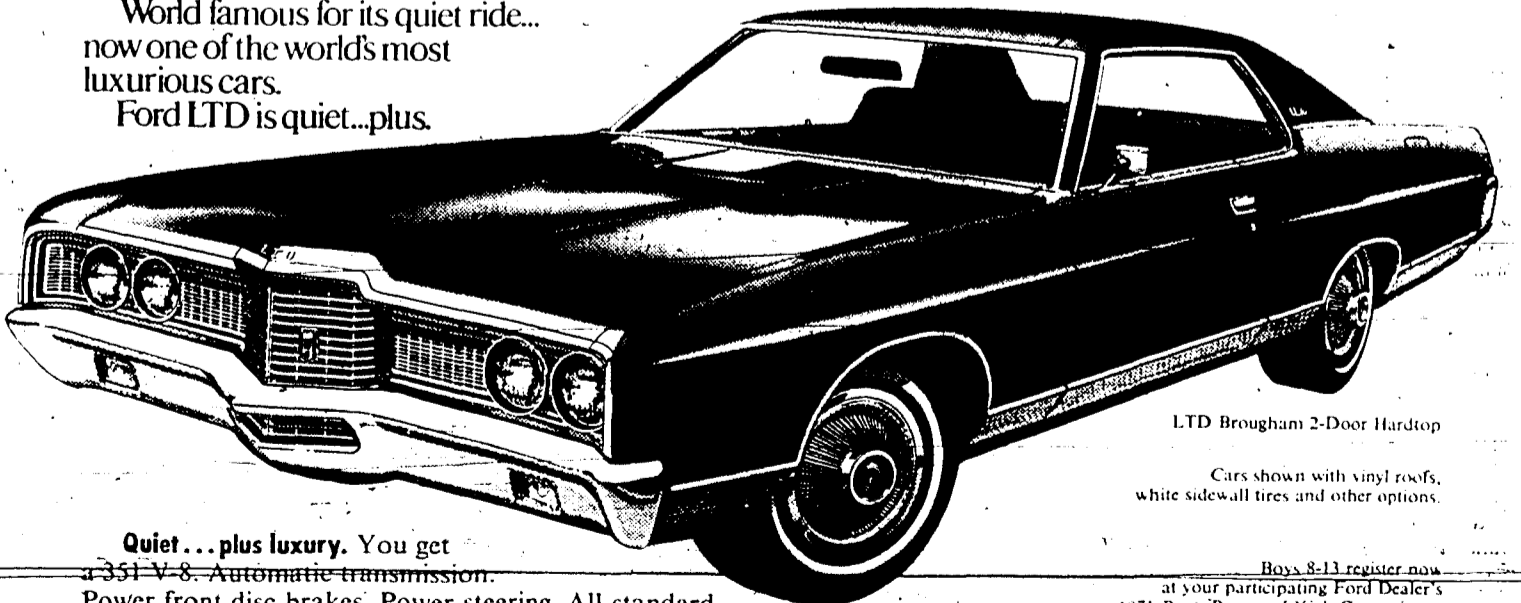

New engineering... with better ideas from a steering system insulated against vibration to standard front disc brakes. **Rugged.** Torino's new computer-tuned body-frame gives excellent support and rigidity.

Smooth riding because Torino has a new coil spring suspension system that offers sure handling and road-hugging stability.

Comfortable because you get extra riding room in all nine new Torinos for 1972. **Quiet** because it's a Ford.

Ford LTD.

World famous for its quiet ride... now one of the world's most luxurious cars. Ford LTD is quiet...plus.

LTD Brougham 2-Door Hardtop

Cars shown with vinyl roofs, white sidewall tires and other options.

Quiet... plus luxury. You get a 351 V-8. Automatic transmission. Power front disc brakes. Power steering. All standard.

Quiet... plus engineering. Rugged S-frame is computer-tuned to place body mounts precisely for comfort, quiet.

Quiet... plus durability. Aluminized mufflers, zinc-rich primer and galvanized key underbody parts all help fight rust and corrosion.

Boys 8-13 register now at your participating Ford Dealer's 1971 Pont, Pass, and Kick Competition. Hurry, registration ends October 1.

FORD Better idea for safety... buckle up.

Thunderbird. Ford. Torino. Mustang. Maverick. Pinto. See the 1972 Better Idea Cars at your Ford Dealer's.

Army retrains former GI's

WASHINGTON (UPI) — Conscious that they produce too many men who only know how to shoot, the armed forces are expanding their program to give servicemen skills that are marketable on the outside.

In 1968 the Pentagon created Project Transition to retrain GI's who are about to return to civilian life. About 50,000 men have been trained each year since then—mostly in private industry.

The emphasis of the program is on the high school dropout and the man in the combat arms—in infantry, artillery and armor. While the technical people generally learn useful skills while in uniform, the combat man learns little other than how to make war.

"Nobody likes to talk about it," one Pentagon official said, "but the only thing he knows is how to shoot a rifle—and the question is where's he going to shoot it."

With the nation facing an unemployment rate that continues to soar among veterans, President Nixon this summer ordered the Labor Department to do something about it, and the Pentagon has pitched in by aiming to expand Project Transition 50 per cent.

Project Transition is cheap as military programs go—only about \$14 million a year. This is because the bulk of the training—as much as six weeks per man—is done by private business such as General

Motors, Ford, RCA, Sears Roebuck and General Electric. Unions and government agencies also have training programs at bases. The Postal Service is the biggest single trainer of them all.

Pentagon officials say private firms like the program because it is inexpensive. Since the men still are on the military payroll, the firms don't have to lay out money for salaries.

Furthermore, the officials say the companies like dealing with men with service discipline because they feel the man can be counted on to appear on time and are accustomed to taking directions without haggling.

The men are trained in everything from real estate selling to radio announcing. Although no military base has a full range of courses available, if a man has a particular interest the services can sometimes design special training. One man was apprenticed out to a golf pro. Another got training as a blacksmith.

Trainees are urged to report back after they return to civilian life. The responses have been insufficient to develop meaningful figures on how well the transition graduates do, but officials believe it is helpful toward moving the veteran into a civilian job instead of on the street corner.

POCATELLO (UPI) — An American Falls woman is free on her own recognizance pending further arraignment in federal court on a seven-count indictment alleging \$1,215 in bank embezzlements.

Mrs. Jean Marilyn Johns, 33, American Falls, appeared before U.S. District Judge Freed Taylor on charges she embezzled the money from the American Falls Branch of the Idaho Bank and Trust Co. between Jan. 8 and May 4, 1971.

Meantime, two security officers for the Atomic Energy Commission pleaded innocent to theft and destruction of government property when they appeared in federal court Tuesday.

Both Lt. Thayne M. Wheeler, 49, and Sgt. Louis W. Olson, 41, were released on their own recognizance.

Free Fashion Offer! Choose one pattern from 150 styles in New Fall-Winter Catalog. Send 50 cents for Catalog.

TWIN FALLS — Jack Muldoon, on behalf of the United Fund, was featured speaker during the Twin Falls Jay-C-Ette general membership meeting Tuesday evening at the American Legion Hall.

Jay-C-Ette members are planning to assist with the United Fund and will also be assisting with the Twin Falls Child Development Center.

Sandy Becker, local president, announced the Jay-C-Ette of the month for August was Pat Lane and September it is Deanna Vollmer. This honor is awarded for outstanding service during the month chosen.

Idaho Art Association conference

CALDWELL — Since man first decorated his cave walls with drawings and adorned himself with feathers, beads and paint, he has followed his innate desire to improve his surroundings and his own appearance. His art is not only for the artist, but even more for the viewer.

Recognizing this idea, the Idaho Art Association is planning its annual art conference as much for the non-artist, or layman, as for the amateur and professional artist.

The conference is in Caldwell Oct. 7, 8 and 9 on the College of Idaho campus.

A total of six art exhibits will be among the visual interests. The largest of these will be the IAA Membership Show which will feature paintings, photographs, jewelry, drawings, sculptures, fabrics, prints, ceramics and other crafts.

PAMELA BROWNE

T.F. couple plans spring wedding date

TWIN FALLS — Mrs. and Mrs. Roy Browne announce the forthcoming marriage of their daughter, Pamela Rae, to Kent Allen Berg, son of Mr. and Mrs. Stanley Berg, all Twin Falls.

Miss Browne is a 1970 graduate of Twin Falls High School and is employed at the Bank of Idaho.

Berg, a 1970 graduate of Twin Falls High School, attended CSI for one year and is now employed at Shirley and Wyatt Men's Store.

A spring wedding is planned.

Homemakers have meet

SPRINGDALE — Mrs. Wayne Woodland conducted the business meeting for the Springdale Happy Homemakers when members met this week at the home of Mrs. Camilla Bronson.

The president reported on the fair and flowers and displayed a flower basket arrangement made of driftwood. Mrs. Bronson received a gift from her secret pal.

Refreshments were served by the hostess, assisted by Mrs. Ray Zollinger and Mrs. Donald Adams.

Mrs. M. H. Manning is hostess for the Oct. 8 meeting at her home in Springdale.

Friendship Club meets

HANSEN — Members of the Friendship Club met this week at the home of Mrs. James Keefe, Kimberly, with Mrs. George Nauman Jr. as acting president. Mrs. Ogle Wall was honored for her birthday and received a special gift.

Plans for a club project were postponed. Mrs. Dell Wight reported sending cards to Mountain View Convalescent Center guests.

The October 7 meeting is at the home of Mrs. Nauman.

news about the people you know

Valley Living

Club meets Winners announced

HANSEN — The article, "I'm fine," was given by Mrs. Ralph Scott as the opening exercise at the Excelsior Social Club meeting at the home of Mrs. Lyle Jones.

Mrs. Ron Lierman was a guest. Mrs. Jones and Mrs. Raymond Butler received birthday anniversary gifts.

Two special gifts were presented to Mrs. Von Nebeker and Mrs. H. Thieme. Mrs. Don Kilborn, program chairman, had each member tell what she had done on her vacation. The next meeting is Oct. 7 with Mrs. Kilborn.

HANSEN — Mrs. Cloe Weech hosted members of the Jolly 12 Pinochle Club at a salad luncheon at the home of Mrs. Vergil Ball.

Mrs. Mary Taylor won high score prize; Mrs. Wayne Smith, second high, and Mrs. Earl Tridle, low. A special gift was brought for Mrs. A. F. Daw.

The Oct. 14 meeting will be a 7 p.m. salad luncheon at the home of Mrs. Taylor, Twin Falls.

Patti Richards, Hawes wed

TWIN FALLS — Patti Richards, daughter of Mr. and Mrs. Gordon E. Richards, Twin Falls, became the bride of Jim Hawes, son of Johnny Hawes, Jerome, in rites performed Sept. 11 at St. Edward's Catholic Church, Twin Falls. The double ring ceremony was performed by Father Thomas Lafey before an altar decorated with blue pompon chrysanthemums and white gladioli.

MR. AND MRS. JIM HAWES (Mike's photo)

The bride, escorted by her father, wore a floor-length exquisite gown of organza with lace appliques, fashioned with an empire waistline of lace with pearls, a high neckline and full-length sleeves enhanced with lace cuffs. Her tulle veil was shoulder-length. The bride carried a cascade of white baby roses and white carnations. She wore her grandmother's wedding ring on a chain around her neck.

Debbi Rinaldi, California, was maid of honor. Mrs. Connie Carroll and Lori Richards, sisters of the bride, and Karen Crumbliss were bridesmaids. Lisa Carroll, niece of the bride, was flower girl.

Richard Scovel was best man and Randy Jeff, Larry Fisher and Bob Newcome were groomsmen and ushers. A reception was held in the Parish hall.

The bride's table was covered with white lace with blue bows and centered with four-tiered wedding cake decorated with blue bells and blue roses. It was

topped with lace-covered miniature bride and groom. The cake was baked by Mrs. Leonore Walcott, Buhl. The bridegroom's table was covered with an Irish lace tablecloth that belonged to the bride's grandmother.

Mrs. Jean Williams, aunt of the bride, and Mrs. Mary Wozny, grandmother of the bride, both from California, cut and served the cake. Mrs. Melanie Volkels and Becca Hawes, sisters of the bridegroom, served punch and coffee. Champagne punch was served. Lisa Carroll, niece of the bride, registered guests.

DEAR ABBY: I am a 57-year-old man who is absolutely crazy, mad, wild and dizzy over a 55-year-old widow who makes me feel like a teen-ager!

This woman is beautiful, warm, responsive, intelligent and she says she loves me as much as I love her. So what's the problem? She won't marry me!

Her reason: She has buried three husbands, and she says she is a "jinx" to a man. She says she will continue to date me, she will travel with me, and she will even "play house" with me, but she won't marry me or anybody else as long as she lives because she cannot go thru burying another husband. Abby, I am in perfect health, and I am not planning on dying.

So what advice have you for a man who wants a wife and not a mistress? —WALKING ON AIR

DEAR WALKING: Keep walking.

DEAR ABBY: This problem concerns my wife. She thinks it is against the Bible to have sex in the day time. And it has got to be real dark or it's no go.

Another thing, when she goes outside, no matter what the weather is like she buttons herself up and always has a coat on. I am losing patience with this woman. Can you help me?

—HAD IT IN THE SOONER STATE

DEAR HAD IT: Ask your wife to show you where in the Bible it says sex is forbidden in the day time. And since she's religious, maybe your clergyman can talk to her. And it wouldn't hurt to have the doctor check her over, too.

DEAR ABBY: The many letters you print from widows who complain that they are lonely, neglected and forgotten, prompts me to write.

I lost my husband nearly a year ago. We had been married for 35 years, and, Abby, there are not enough hours in the day to do all the things I'd like to do. Since his death (he had been ill for two years) I have returned to church activities, volunteer work and keep busy with lectures, art, antiques and helping others.

I invite my friends in for dinner, and I'm not hung up on having a balanced table with an equal number of men and women. I am more concerned with good companionship and conversation. I'm not looking for dates, but if I were, I'm sure that wouldn't be a problem.

I am not saying I never have moments of loneliness. I have. But no widow has to be chronically lonely if she makes an effort to keep busy and active instead of sitting home and expecting others to invite her out.

—NO TIME FOR LONELINESS

DEAR NO TIME: Not every widow has your get up and go, but thank you for an inspiring letter.

DEAR ABBY: Three cheers for the 14-year-old adopted girl who wrote the letter exploding the myth about the "other" mother.

Too many bad movies, tearful novels and hysterical TV shows have depicted the adopted child as traumatically disappearing into the foggy night to search for his or her "real" mother!

Baloney! I, too, was adopted—over 40 years ago when I was an infant. My "real" parents were those two wonderful people who gave me their name, their home, their loving care and their discipline. That they were not my biological parents mattered not one bit.

An adopted child with loving parents has no "other" mother. —STANHOPE, N. J. READER

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 63700, Los Angeles, Cal. 90060. For a personal reply enclose stamped, addressed envelope.

Weight reduction discussed

HANSEN — "Beware of little expenses — a small leak will sink a big ship" was the thought applied to weight reduction at the Slim and Trim TOPS Club meeting this week at the home of Mrs. Thomas Steelsmith.

Mrs. George Golay, the leader, related the thought at the opening of the meeting. Mrs. Paul Will and Mrs. Katherine Berg were guests.

It was announced Mrs. George Urle, a member, is the mother of a new baby boy.

Mrs. Emanuel Will was the best loser for the week and received gifts. The "pig" march was held for the gainers and the penalties of counted calories was brought by each gainer from last week.

New penalties were given. It was reported the Slim and Trim Club challenged the Measure-Ups, a Twin Falls group, to a contest for weight reduction starting Oct. 4 for the Slim and Trims and ending Nov. 15, regular meeting nights, and starting Oct. 7 for the Measure-Ups and ending Nov. 18. The winners will be entertained by the losers.

In the Slimmer Silhouettes contest both teams were able to remove a silhouette because of weight losses.

Mrs. Golay read an article on why most gourmets are slender.

Mrs. Emanuel Will was the hostess and program chairman.

She presented a word contest on "Take Off Pounds Sensibly," with Mrs. Golay winning the prize for the most words.

There is no record of wood pulp ever having been used in U.S. currency.

Two 10-week art classes slated

TWIN FALLS — The College of Southern Idaho will hold two, 10-week classes for children beginning Saturday, Oct. 2.

Classes will be held on Saturdays in the Art Cottage on the northeast corner of North Washington and Falls Avenue, and will be taught by Michael Green, assistant professor of art at the college.

The 10, 11 and 12 year olds will meet from 9 to 10:30 a.m. and the 7, 8 and 9 year olds will meet from 10:30 a.m. to noon.

The registration fee will be \$5 per child and will include all materials to be used. Registration will be held in the business office of the new Student Union Building on campus, and will be limited to the first 12 students to register for each class.

Registration should be completed before the first class meeting on Oct. 2. Various media will be explored including clay modeling, painting, drawing, printmaking, and collage, with emphasis placed on self-expression at each child's level.

Interested persons are asked to call the College of Southern Idaho, 733-9554, extension 209.

Rebekahs drape charter

KING HILL — The charter was draped in honor of Mrs. Edith Crosby when members of Aileen Rebekah Lodge No. 62 met in Glenns Ferry this week at Veterans Hall.

Mrs. Earl Holst, chaplain, and Mrs. Bryce Morgan, King Hill, past noble grand, were in charge of the ceremony for the 44-year member. Mrs. Roy Marnoch, King Hill, was organist for the ceremony.

Mrs. Zoe Hull was elected first delegate to attend the Rebekah Assembly in Nampa in October. Mrs. Morgan was elected second delegate.

The group discussed having a Thanksgiving basket project. Mrs. William Hansen, noble grand, gave a report of Schuyler Colfax who founded the Rebekah degree.

Refreshments were served at Hansen's Cafe.

Star point station, Esther, honored at OES meeting

TWIN FALLS — Worthy Matron Marian Langdon of Magic Chapter No. 82, Order of the Eastern Star, honored the star point station of Esther at the first regular meeting of the year this week at the Masonic Temple.

Mrs. Barbara Detweiler, Esther for the year, was introduced and presented a gift by the worthy matron. Other members and visitors who have filled this station were introduced and presented gifts. They included Mrs. Cleo Shorhouse, Mrs. Harold Brown, Mrs. Ruby Dean, Mrs. James Page, Mrs. Don Barlogi, Mrs. Bill Moran, Mrs. C. R. Fox, Mrs. Robert Phillips and Mrs. Richard Pence.

Mrs. Milton Ballard, grand

representative of Utah in Idaho, Mrs. Dean, worthy matron of Hollister Chapter No. 47; Mrs. Robert Black, secretary of Job's Daughter Bethel in Jerome, and Mrs. Viola Beal, Fortune Chapter 484, Dearborn, Mich., were introduced and welcomed.

A memorial service was given for the late Mrs. Laura Gough, past grand matron of the Grand Chapter of Idaho. Worthy Patron Carl Kobel read a verse in her memory.

Refreshment committee members were Mr. and Mrs. Jack Waegelin, chairman, assisted by Mr. and Mrs. Robert Phillips and Mr. and Mrs. E. M. Rayborn.

Head Start program relocates

TWIN FALLS — The Twin Falls Head Start Program for half day students, which formerly operated from the First Presbyterian Church building, has now been relocated in the former St. Edward's Catholic School building at 139 6th Avenue East.

Formal enrollment for the children will begin on Monday, October 4, with classes to begin Tuesday, October 5. There are a few more openings, so if persons wanting to register should come in during formal enrollment.

Officials recommend that for the first morning the children be brought to the school by a parent or other person.

Achievement . . .

BRENT CLINTON BEAM, 13, son of Mr. and Mrs. Clinton W. Beam, Murtaugh, a member of Boy Scout Troop 101, sponsored by the LDS Church at Murtaugh, was awarded his Eagle rank during a Court of Honor at the church. The award was presented by Assistant Scoutmaster Lawrence Tolman. A pin was awarded to Mrs. Beam to signify her son's achievement.

Jay-C-Ettes hold charter banquet

JEROME—A special charter banquet was held at Wood Cafe in Jerome for the newly formed Jay-C-Ettes, it was announced today.

Mrs. Jean Miller, Boise, State Jay-C-Ette president, made the special presentation of the charter in special ceremonies to Mrs. Janet Sloan.

Mrs. Miller also officially swore in the new officers of the Jerome group. Taking the oath of office for president was Mrs. Janet Sloan; vice president, Lois Newland; secretary, Goldie McClure and treasurer, Susan Shoup.

The state president spoke to the group on the goals and reasons for Jay-C-Ettes, noting that even in today's world of women's lib the Jay-C-Ettes must still be second to the Jaycees. "Since our main purpose is to help and support them on their projects," Mrs. Miller said.

Only wives of Jaycees may become Jay-C-Ettes.

She told the new Jerome group that if it will follow the following five suggestions it will always be of help.

1. Stand with the left foot pointing directly left and the right foot to right, heels not quite touching. Slide right foot behind left and come up onto the toes. Without changing foot positions, take 30 short (dancer's) steps to the left; then switch foot positions and move to the right. Repeat twice. Aim for brisk, precise movements.
2. On your toes, jog in place for a half to a full minute.
3. Sit with the knees crossed. Rotate the elevated foot 10 times in each direction, slowly with tension. Recross knees and continue.
4. Let your shoes perform a slimming exercise by switching heel heights at least once daily.
5. Concentrate on walking straight ahead with your weight rolling through the dead center of the feet. How often? All the time. To make an exercise of it, walk without shoes around your room. Let the heels and toes touch the floor almost simultaneously; keep the ankles on an even keel—no wobbles. Then carry the motions into your habitual carriage.

A Lovelier You

STRAPPING AROUND ANKLES

By Mary Sue Miller.

Ankle straps, ankle boots and ankle-length hemlines are feminine as can be. But that's really an understatement. "Flirtatious" comes closer.

The appeal is lost, though, unless the ankles are shaped. Hence a list of shaper-uppers:

1. Stand with the left foot pointing directly left and the right foot to right, heels not quite touching. Slide right foot behind left and come up onto the toes. Without changing foot positions, take 30 short (dancer's) steps to the left; then switch foot positions and move to the right. Repeat twice. Aim for brisk, precise movements.
2. On your toes, jog in place for a half to a full minute.
3. Sit with the knees crossed. Rotate the elevated foot 10 times in each direction, slowly with tension. Recross knees and continue.
4. Let your shoes perform a slimming exercise by switching heel heights at least once daily.
5. Concentrate on walking straight ahead with your weight rolling through the dead center of the feet. How often? All the time. To make an exercise of it, walk without shoes around your room. Let the heels and toes touch the floor almost simultaneously; keep the ankles on an even keel—no wobbles. Then carry the motions into your habitual carriage.

Ankle straps will become you!

LEGLINE TRIMMERS

If your individual problem is heavy legs, send for my new leaflet, **LEGLINE TRIMMERS**, which contains spot reducing exercises that will meet your individual needs, whether for thighs, knees, calves or ankles, or for contouring your entire legline. Write Mary Sue Miller in care of this newspaper, enclosing a long, stamped, self-addressed envelope and ten cents in coin.

1971, Publishers-Hall Syndicate

Charter presented

PRESENTING Mrs. Janet Sloan, Jerome, right, president of the Jerome Jay-C-Ettes, the Jay-C-Ette charter is Mrs. Jean Miller, Boise, state president. The charter was presented to the newly formed group during a special charter banquet at Wood Cafe.

Gold Mine "strikes it rich"

KETCHUM—The Gold Mine Thrift Shop "struck it rich" during its "Fall Days" sale, Mrs. Harry Holmes, chairman of the Gold Mine committee, reported to the September board meeting of the Ketchum-Sun Valley library.

Sales at the main financial supporter of the library totaled \$420—the largest daily collection in the 16½ year history of the shop. The thrift shop is open Tuesdays and Saturdays from noon to 4:30 p.m.

In her librarian's report Mrs. Daniel Hart said 55 books were added to the collection this past month and 1,282 books and 67 musical records were circulated.

A thousand books, en-

cyclopedia sets and reference works have been processed and loaned to the Hemingway School for first semester use in the joint library-school reading program now in progress. Library board members are assisting teachers and students in book check-outs, cataloging and book repairs.

Students will continue to visit the library monthly to learn basic library skills and usage. In other action, the board named Winnie DeBoard, Wood-

River High School student, as assistant to Mrs. Hart at the library in accordance with the vocational training program. Mrs. Hart and interested board members will attend the Governor's Conference on Libraries—"Library Planning for Services Throughout the Next Five Years"—set for Friday in Boise.

A final tally of ticket sales for the August house tour showed 578 tickets sold and \$2,100 raised to benefit the library.

Valley Briefs

TWIN FALLS—Mr. and Mrs. William J. King Jr., Anchorage, Alaska, are the parents of a new son born Monday. Grandparents are Mr. and Mrs. Ken Ballantyne, Twin Falls, and Mr. and Mrs. William J. King Sr., Jerome.

TWIN FALLS—Donna Bankhead, daughter of Mr. and Mrs. R. T. Bankhead, Twin Falls, is the newly elected standards chairman of the Alpha Phi Sorority at the University of Idaho. Miss Bankhead, a junior, is also the newly appointed Navy ROTC Corvette commander.

FILER—Joint installation of Pomona Grange and all subordinate granges in Twin Falls County will be held at 8:30 p.m. Sept. 28 in the Tom Parks Pavilion on the Twin Falls County Fairgrounds.

KING HILL—Mrs. Basil Rinehart, Glenns Ferry, is having an art show at the St. Frances Hall of the Episcopal Church in Glenns Ferry Sunday afternoon from 2 to 6 p.m.

This will be the first art show by Mrs. Rinehart for several years. This show is open to the public without charge.

TWIN FALLS—Members of the Loyal Order of Moose and the Women of the Moose will have potluck dinner at 7 p.m. Saturday at the Moose Home. After the dinner, the Loyal Order of Moose will have a class enrollment. A free dance with live music will be held at 9 p.m. All members are urged to attend.

KETCHUM - SUN VALLEY—A benefit dance given by the Sun Valley - Ketchum Chamber of Commerce will be held Saturday, Sept. 25, at 8 p.m. at the Trail Creek Inn, Sun Valley. A bar will be set up and special prizes given. The public is invited. Tickets are available at the door. The dance is to benefit the Youth Center for the local teen-agers. Billy Thompson is chairman.

TWIN FALLS—All members of the Single-ites Club are urged to attend the club dance Saturday night at the Odd Fellows Hall, Twin Falls. A special party is being planned. Single persons from 30 to 60 years of age are welcome and former married members are invited. Dancing is from 9 p.m. to 1 a.m. Live music will be featured.

"EDITH IS COMING TO TOWN"

Report findings at Rupert secret

By DAVID ESPO
Times-News Writer

RUPERT — Rupert Fire Chief O'Dell McLane refused Wednesday to make public the city's final investigative report into the circumstances surrounding the \$1 million fire which destroyed a block of the industrial section of the city Aug. 30. McLane's refusal added to speculation that one or more lawsuits may be filed in the wake of the fire.

City Councilman William S. Whitton said Wednesday if there were any further questions about the fire still unresolved in the near future he would call for a "full scale investigation into the fire and fire prevention."

It is unknown at this time how many were involved. It is believed that the chief's report to the city deals in some length with the matter of faulty extinguishers and possible violations of fire codes.

The employee of the tire company present in the building is reported to initially tried to have extinguished the flames before sounding the alarm. His efforts were unsuccessful.

Whitton said Wednesday the city has been lax in its fire inspection enforcement. He also said he has heard rumors concerning a possible lawsuit.

The councilman was quick to express support for the efforts of the fire fighting team the night of the fire. "From all indications, I've received they did a fine job."

The fire which broke out in the tire plant quickly spread to adjacent Magic Valley Food warehouses and threatened to cause explosions in nearby fuel tanks. Fire fighting efforts were hampered by the crowd of spectators which had gathered to watch the spectacular flames shoot high into the air, and by the intense heat generated by the blaze.

Losses in the fire have been variously estimated at between \$1 million and \$3 million.

Tupperware site ready for work

Plant contract talks under way

JEROME — A New York City firm, Kilde Constructors, is "in the running" as negotiations for construction of the projected \$5 million Tupperware factory south of Jerome nears a wind-up, according to a report received today.

Bids were opened several months ago on the plant, which will be one of the largest in Idaho, but no action has been taken due to a discrepancy in between the bidders and engineering estimates of the cost of the plant.

John Ansley, president of Tupperware Home Parties, told the Times-News some time ago that all 10 bidders quoted prices significantly above minimum estimated costs of construction. Negotiations have continued since that time.

On Wednesday, the Jerome Chamber of Commerce announced that the Kilde Constructors had been awarded the contract. However, William Green, a spokesman for the firm, told the Times-News exclusively this morning that the contract has not been completed, and that negotiations are still continuing.

Gem court to hear 15 cases

BOISE (UPI) — Idaho's Supreme Court will hear 15 cases during its Twin Falls term next week, including two involving the same three appellants.

Kenneth Moen, Earl S. Carver and Patrick Joseph Kinner, also known as Ernest Larry Ware, were tried and convicted in 1969 of first degree burglary in connection with the burglary of the Pro Shop and Cafe at the Twin Falls Municipal Golf Course.

Each was sentenced to a term not to exceed 15 years in the penitentiary.

The three are appealing their conviction on grounds they were denied a fair trial. They allege they were kept in jail while a jury was being selected and Carver alleges he was not allowed to clean up prior to the trial with the result that his unkempt appearance prejudiced his case before the jury.

In July of 1969, the three were tried and convicted for escape from jail and for injuring a public jail. Each was sentenced to a term not to exceed five years.

The three are appealing that conviction, again alleging they were denied a fair and impartial trial. They allege they were forced to wear handcuffs before the jury, prejudicial comments were made in the presence of the jury, were refused a chance to question the legality of their confinement, and that the trial judge allowed evidence of unrelated criminal activity to be heard by the jury.

Jerome council to remove signs

By CHARLOTTE BELL
Times-News Writer

JEROME — The Jerome City Council yesterday decided to take down the stop signs at East Second Avenue and Buchanan.

The decision came after reviewing a petition signed by 38 persons, and submitted earlier this month to the Council asking that the signs be left up all year around.

Although the petition did not state reasons it was apparent the petitioners did not like the seasonal system at the intersection which involved stop signs when the swimming pool is in use.

It had been mentioned at the meeting earlier in September that the most sensible decision would be to remove the signs entirely and this week the Council adopted that point of view.

However, the council indicated that if traffic conditions change in the future the city would re-evaluate its decision.

Applications for two beer licenses were read to the Council which was only three councilmen strong since councilman F. N. (Shorty) Weeks was out of town. An application by Donna R. Gardner for the Spot Cafe was approved. The applicant plans to sell pizza and beer after 4 p.m. daily at the cafe.

An application from Duane Foust for the Frontier Theater was tabled until the county approved the license decides whether or not to approve a license for Foust.

The Council also approved a proposed plat for the Ray Mann Third subdivision with the understanding that the final plat will meet requirements of the city engineer and the city's subdivision ordinances.

Andy Anderson, subdivider for the Karry Subdivision, was at the morning meeting and consulted with councilmen honor on an agreement between the city and the sewer contractor for the subdivision for laying of lines from Buchanan to Lincoln and the resurfacing of East Avenue I after the installation is complete.

Councilman Marshall Everheart is to meet with the contractor in the near future to work out an agreement.

It was announced at the Council meeting that irrigation water will be available in the system of the Northside Canal Co. until Monday, Oct. 10. Stock water will be available until a general freeze or about Dec. 1.

However, water may be turned out of some of the laterals to make necessary maintenance repairs after reduction to stock water has been made.

Sealcoat planned next year

SHOSHONE — Seal coating of the 8.4 miles of roadway on Interstate 80N, Wendell to Jerome, will not be done until next year, Howard Johnson, district Highway engineer said today.

Other work on the project is complete, except for installing guardrails and cleanup work. The project has been open to traffic for over a week.

Final work on the structures, concrete underpasses and steel underpass on Interstate 80N, between Wendell and Jerome, was done this week, Johnson said.

Work is about complete on the State Highway 68, Junction U.S. 93 and Picabo, Timmerman Rest Area. Miscellaneous cleanup is being done and the entire project is expected to be finished this month, and the highway is now opened to traffic.

Work was also completed this week on the Murtaugh Loop project, while at U.S. 30-Filer West, plant mix surfacing and base aggregate is being placed. Minor traffic interruptions can be expected on the west end of the project.

In the Burley-Rupert area, all work is complete except for seal coating on the Camp Road and S.H. 24 in Minidoka County. The seal coating will be done next spring.

Construction of 20.22 miles of roadmix overlay was completed this week also on State Highway 27 between Burley and Oakley. During seal coating, now underway, minor traffic delays can be expected.

Work on the project at the Salt Lake Interchange South and State Highway 77 and State Highway 25 Decl to Rupert, will not be started until next spring, Johnson said.

Cyclist breaks cast

KETCHUM — A motorcyclist wearing a leg cast from a previous accident injury broke his cast but not his leg as the unusual aftermath of a car-cyclist accident south of Ketchum Wednesday afternoon, according to Blaine County sheriff's deputies.

Laird A. Leatham, 21, an employe at Sun Valley, traveling north on Highway 93 about three-quarters of a mile south of Ketchum, apparently turned left across the highway directly in front of a southbound car driven by Mrs. Phyllis Marie Weaver, 23, Twin Falls.

Mrs. Weaver's car struck Leatham's motorcycle, throwing the rider off. Her 2½-year-old daughter Marsha sustained a cut lip when she was thrown against the dashboard of the car at the time of the collision.

Deputies said no citations were issued, pending further investigation.

Northern city OKs issue

COEUR D'ALENE (UPI) — Overwhelming support was voiced here Tuesday by voters casting ballots in a \$400,000 obligation bond issue to provide the city's share of funds for sewer improvement.

Passage of the measure was by an 88.57 per cent majority. A two-thirds majority was needed for approval of the bonds.

A total of 1,477 persons voted in favor of the issue while only 227 were opposed to it.

The \$400,000 plus funds already accumulated by the city will represent 25 per cent of the estimated \$2 million program. The remainder of the funds will come from federal and state matching programs.

The four-year program of improvement involves upgrading of the existing sewage treatment plant and construction of interceptor lines and line stations.

An increase in monthly sewer charges will be used to pay off the bonds.

Reservoir searched for bodies

OAKLEY — Patrol boats remain at Oakley Reservoir searching for three bodies still missing after a June 20 boating accident which claimed eight lives.

Cassia County Sheriff's officers are at the site and have been watching the waters since bodies started rising last week.

Two bodies were located immediately after the accident, but none had surfaced since then until a week ago. Three bodies have been located in the past week.

Still missing are James Shepard, 44; Raymond Moore, 60, and Robert Goodine, 5, whose parents and sister also died in the accident.

Men's guide

NEW YORK (UPI) — Lufthansa German Airlines has published a guidebook for frequent business travelers to help familiarize them with the wide range of services performed by hotel concierges in Europe, North Africa and the Middle East.

Burley officer resigns

BURLEY — John Dale Nebeker, a city policeman in Burley for two years has resigned his position to accept a job with the Baker, Ore., Police Department, Police Chief Kenneth Barry announced today.

Nebeker's resignation is effective Sunday, Barry informed the city council of Nebeker's plans Monday night, but withheld public announcement until Wednesday.

He expressed regret at the resignation, terming Nebeker "a mighty good man." He's done an excellent job and we hate to see him go," Barry said Nebeker will be replaced.

Air pollution index 195

The pollution reading was taken by the staff of the South Central Health District at the Twin Falls City Hall. The reading is expressed as the number of micrograms of particulate material per cubic meter of air for the 24-hour period ending at 8 a.m. today.

Federal pollution regulations say pollution levels should be kept below 75 micrograms per any 24-hour period and should not be permitted to rise above 260 micrograms for even a short period of time.

Forecast

Today: Good
Tonight: Poor
Tomorrow: Good

This forecast provided by the Idaho Department of Health indicates the ability of the atmosphere to disperse pollution. Burning as permitted by law should be curtailed when the air is poorly able to disperse air pollutants.

State tax hike inevitable

By RICHARD CHARNOCK
BOISE (UPI) — A state tax increase next year appears to be inevitable.

Even Gov. Cecil D. Andrus now admits the question no longer is "when" such an increase will come but instead merely is "how much" and "in what form."

"There isn't any question in my mind but that we will be shy revenue from even a bare bones executive budget," Andrus told the Boise Kiwanis Club this week.

Then he indicated the prob-

able battleground with the legislature next year by adding, "I am opposed to raising the Idaho sales tax to four per cent."

"I think that whatever our tax has to be in Idaho it's got to be evenly distributed."

A tax increase is volatile political material at any time when it's built into an election year confrontation between a Democratic governor and a Republican-controlled legislature is highly explosive. And that's just what it is going to be.

Republicans all year have

said they felt a tax increase will be necessary next year — especially because of the way this year's general fund budget is financed.

Of the \$125.3 million in general fund appropriations for the current fiscal year only \$118.2 million are financed with recurring revenues. The rest comes from surplus, roll-overs and other gimmicks which may be used but once.

So even a 10 per cent growth in income from present revenue sources would barely cover the present budget — if the legisla-

ture retains the status quo — let alone any increase next year.

Andrus has said that budget requests, while only \$8 million from the current year, total approximately \$157 million. Now he and the lawmakers can pare them down as they have in the past — but only to a point.

Educators again are clamoring for big increases in state aid. So are the Health and Public Assistance Departments.

The other two big gobblers of

general fund money.

While prudent management may be able to trim back spending for most state agencies it is difficult to call a halt to expenditures for health, education and welfare — which take 85 per cent of the general fund.

Thus, it is clear that a tax increase is coming. Now, the questions are its size and form. Its size will depend on the political courage both of the governor and the legislature.

Survey set on project

By DAVID ESPO
Times-News Writer

RUPERT — Backers in an effort to locate and finance a child development center in the Mini-Cassia area met Wednesday night in the Rupert civic building to organize a two-county survey of possible facilities.

Several possible sites have been suggested to the group, according to Grant Richins, advisor to the South Idaho Child Development Center in Twin Falls, including the Rupert Amory building, the Church of Christ buildings of both Rupert and Burley and a number of existing office structures.

The building committee will investigate these and other facilities in the area and present its report at the group's next meeting Oct. 14.

Group president Dr. John H. Head, Rupert, expressed preference at the meeting for the rented facilities rather than buying land and constructing new facilities.

Possible state and Federal matching funds for land and construction would not be available, he said, until July 1972, the beginning of the next fiscal year.

A three-man committee, headed by Richins, was established at the meeting to seek status for the group as a non profit organization. Such a move would enable contributions to be made to the center on a tax-deductible basis.

The proposed Mini-Cassia center would serve as a "satellite" to the facility in Twin Falls.

Federal funds totaling \$26,000 have been made available to staff the center with a psychiatrist, social worker and therapy-technician.

The center would provide diagnostic testing and therapy for children of pre-school age with learning difficulties, as well as for those over 16 years old.

Tomcat fighter called tom turkey

WASHINGTON (UPI) — Sen. William Proxmire charged today the Navy's new F14 Tomcat fighter is a "tom turkey, not a tomcat."

He said it was so slow and difficult to turn that it could be out-manuevered by the plane it is designed to replace.

The Wisconsin Democrat introduced an amendment to terminate the F14 program, as weapons cost critics continued an assault on a \$21 billion military procurement authorization.

The first attempt to trim the measure failed Wednesday when the Senate, by voice vote, rejected legislation to stop development of the B1 bomber.

Proxmire said "a recent Pentagon study convincingly shows that the Navy's present F4 (Phantom) fighter, modified only with leading edge slats, could outperform the F14A at all speeds likely to be encountered in a dogfight."

Proxmire contended that the F14's small wing area would give it less "hard turn" capability than existing aircraft, including the Soviet MIG21.

Proxmire said the old F4 with slats would be compatible with aircraft carriers and "all models of the F4 would be able to both out-turn and out-accelerate the F14A by as much as 10 per cent for the most suitably equipped F4 models."

Proxmire's move to stop the F14 followed an unsuccessful attempt Wednesday by Sen. George McGovern D-S.D., to slash development funds for the B1 Supersonic bomber from \$370-million to \$31-million. Recognizing a hopeless cause, McGovern did not insist on a roll call as the Senate rushed to finish action on the weapons bill.

the suit. He led his queen of hearts and overtook with dummy's ace. Next came two more spades to get rid of his seven of hearts.

Then he led the 10 of hearts from dummy and ruffed after East played the king. Back to dummy with the last trump for another heart lead. East ducked and Romeo shed one of his clubs. After that he played the hand out routinely, but lost the last trick to West's king of clubs.

Romeo's line of play was certain to succeed provided West did not hold both the king and jack of hearts. If West held both those cards and ducked the queen of hearts lead, Romeo was willing to pay off. But as he told the older Capulets there were no Belladonnas or Garrozzos in the Italy of that day.

(NEWSPAPER ENTERPRISE ASSN.)

By Oswald & James Jacoby

The fair Juliet smiled sweetly as she put down the dummy. Her wonderful Romeo was playing the hand and she knew that he would bring home the slam.

Romeo wasn't that happy. He could discard a heart on the long spades and let success depend on finding East with the club king or he could go after hearts and be sure of his contract if he could locate either the king or jack of hearts.

Then Romeo found what looked like a sure-thing play. He played two rounds of trumps and was delighted to find that he had picked up

PASS IT ON
by L.M. Boyd

"I ALREADY told you no female patient has ever come to my office in a red dress," writes a psychiatrist. "I might mention also I've never treated a female patient who lived in a house decorated solely with the simpler colors of nature. Greens, blues, whites, browns. After many years' experience, that color I tend to identify most with mental patients is purple."

HERE'S a man of science, who claims your senses of taste, smell and sight are at their keenest at about 7 p.m. and again at about 3 a.m. AS TO President Nixon's usual bowling score, am told it's precisely four points lower than the average league bowler's. THE MEDIAN INCOME of families in Titusville, Fla., at last report was \$41,961 a year. Some town, Titusville. FILMS PROVE it was not unusual for the fingers of the great Paderewski to strike 1,000 piano keys a minute. ALSO, FIGURE 9 per cent of all the medical doctors nationwide are on the Federal payroll.

SIR, AS A YOUNGSTER did you ever set pins in a bowling alley? Likewise But it's something our youngsters and theirs will never do. Since the automatic pin spotter came out 21 years ago, the human pin setter has become a rarity. Or am I wrong? Are there any bowling alleys left that use boys? Doubt it.

CUSTOMER SERVICE Q "How old is a game cock before it's put into a pit to fight another rooster?" A. About 18 months. Understand few of those birds survive a dozen bouts. Q "Please be advised the soil in Iowa is so rich the farmers here can raise everything but pumpkins. Unfortunately, the vines grow so fast they wear out the little pumpkins just dragging them around." A. All right, all right. Q "What are the odds my IRS tax return will get audited?" A. Bigger the income, higher the odds. But overall now there's about one chance in 50 you'll be checked out.

THOSE WOMEN who live in states which grant them the fewest property rights are the women who possess the most gold jewelry. A gem buyer, who travels the nation, told me that. He believes the ladies who are not sufficiently protected by law tend to stash gold keepsakes in case of matrimonial smashup.

OPEN QUESTION: Is there any way to keep tank water in a cabin cruiser from getting stale?

IF YOU ARE 50 years old, no doubt you can remember your 10th birthday. Or the days thereabouts. Bread cost 7 cents, a loaf, prime ribs of beef sold for about 19 cents a pound, cigarettes came two-packs for 25 cents, and you could buy a new tire for your car, if any, for about \$4.50. These dark cold days, brrr.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address your letters to L.M. Boyd, P.O. Box 17076, Fort Worth, Texas 76102.

Good Adverse Neutral

Survey indicates plenty of water

IDAHO FALLS — Water flow and storage along the upper Snake River continues at most measuring points to exceed the 1970 figures, indicating there is plenty of water on hand.

The weekly U. S. Geological Survey report, compiled from surveys by the Bureau of Reclamation and other cooperating agencies includes: Jackson Lake, 622,200 acre feet; Moran 3,170 cubic feet per second (second feet); Palisades Reservoir (usable water) 1.13 million acre feet; Island Park reservoir, 100,700 acre feet; Henry's Fork below the dam, 1,250 second feet; Heise, 9,010 second feet; Shelley, 7,690 second feet; Blackfoot, 6,680 second feet, compared with a normal flow of 3,556 second feet; American Falls Reservoir, 1.27 million acre feet; Neeley, 40 second feet, up from a measurement of zero as normal for the season; Lake Walcott, 8,660 second feet, compared to a normal flow of 6,876; Minidoka North Side and South Side Canals, 838 and 772 second feet, respectively, compared to an average combined flow of 1,610; Snake River near Minidoka, 7,340 second feet, up from the average of 5,266; Minidoka North Side pumping station, 100 second feet, compared to no flow for the average; Milner Lake, no data; Milner South side Canal, 2,890 second feet, exactly the average flow; Milner Low Lift, 118 second feet, against no average; Gooding Project, 1,390 second feet, no average; North Side In Gooding and P.A. Lateral, 896 and 58 second feet, respectively, compared to a combined average of 2,376 Snake River at Milner, 528 second feet; diversions, Heise to Shelley, 5,884 second feet, the average flow; and diversions, Shelley to Blackfoot, 1,829 second feet, also the average flow.

The 24th annual reclamation reservoir tour is scheduled Thursday and Friday, beginning at 9:30 a.m. Thursday at the American Falls Dam, followed by a no-host luncheon at noon at the Stardust Restaurant in Idaho Falls.

The luncheon speaker will be Harold T. Nelson, retiring Region I director of the Bureau of Reclamation.

Winning entry
NATIONAL CHAMPION Southdown Ewe shown by Jeff Olson, left, and his father, Jim Olson, Twin Falls, is one of several Twin Falls entries to earn awards in the National Southdown Show this year in Springfield, Ill. The ewe was first place yearling ewe and reserve champion for all ages.

National honors go to T.F. sheep

TWIN FALLS — National honors have been returned to Twin Falls by another livestock breeder, this time the purebred Southdown sheep of Mr. and Mrs. James Olson, Twin Falls.

Competing in their first national show, held in conjunction with the Illinois State Fair at Springfield, the Olson's 11 Southdown sheep earned several first place and one reserve champion award in competition with 21 breeders from 14 states.

The national show is held only each five years and this year attracted more than 300 Southdown ewes, rams and lambs. Olson was the only Idaho

Financial backing available

WASHINGTON (UPI)—From two widely separated forums have come some signs of what the farmer can do in the new economic situation to get financial backing.

Agriculture Secretary Clifford M. Hardin pledged administration help for farmers who cannot find private lenders for the money they will need in what Hardin called "The agriculture of tomorrow."

Hardin's outline of the farm credit situation was in the prepared text of a speech delivered at the National Conference of Farm Credit directors, at Jackson Hole, Wyo., Tuesday.

Meanwhile, in Washington, a man prominent in rural cooperatives was telling a congressional committee of support for a "rural revenue sharing" approach.

Chrysler-Plymouth introduces the 1972's. Built to stay new longer.

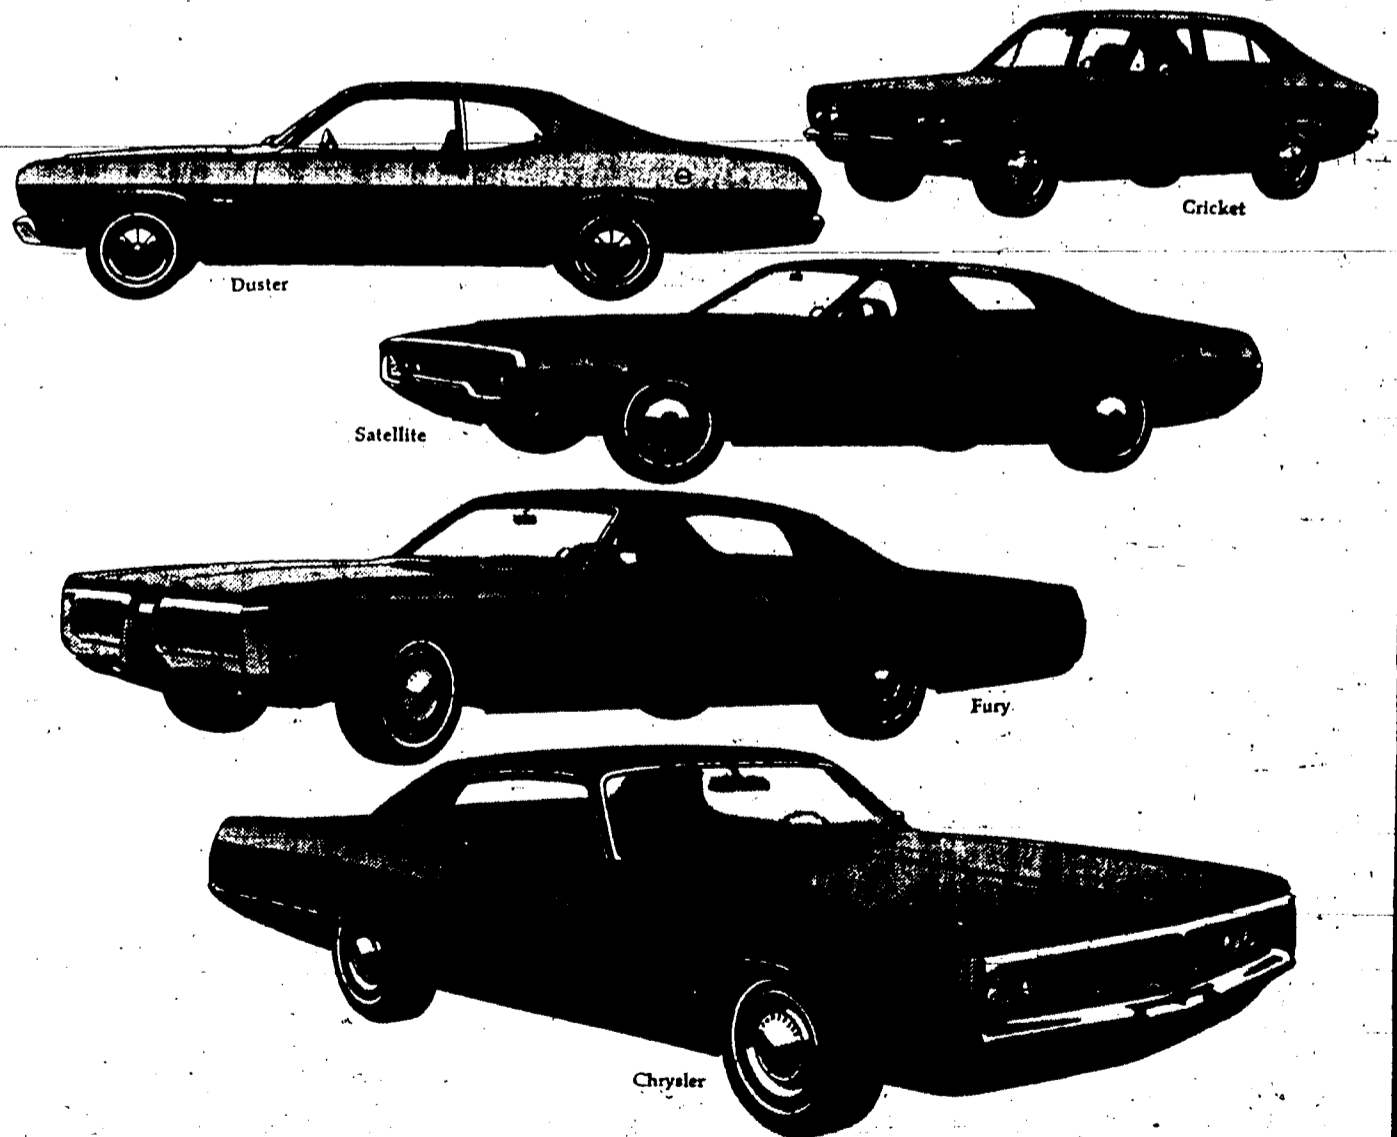

We've made quite a few changes in our cars for 1972. A lot of them you can see right away. Like the new looks of our Fury. And the new interiors and options we're offering this year.

But more important are some of the things you can't see. The kind of things we're doing to fulfill our commitment—we're dedicated to building cars that will run better and last

longer than any car we've ever built before.

So whatever Chrysler-Plymouth car you're interested in—from the little Cricket to the compact Duster, from the mid-size Satellite to the luxurious Chrysler—you can be sure it was built with this commitment in mind.

Coming through with the kind of car America wants.

Buy now while prices are still frozen.

1972 Cricket prices will increase slightly due to supplemental import duty.

Notre Dame faces old nemesis in Purdue to highlight college week

College Football Roundup
By MARTIN LADER
UPI Sports Writer

The return of Bill Etter to play quarterback was one surprise bonus for Notre Dame football this season, and the second-ranked Irish will try to

overcome another imposing handicap Saturday when they travel to Purdue.

Notre Dame always has trouble dealing with the Boiler-makers, and hasn't won at Lafayette, Ind., since 1961, losing four games in a row

since then. In fact, the Irish had a three-game losing streak overall against Purdue before snapping back with a 48-0 rout last year.

Although the Irish had a strong nucleus of veterans returning from their outstanding team of last year, they were concerned about the key quarterback position following the graduation of Joe Theismann. But Etter, who sat out the entire year in 1970 because of severe migraine headaches, received medical clearance to return to the team just five weeks ago and he and Pat Steenberg turned in an outstanding performance last week as Notre Dame battered Northwestern, 50-7, in the season opener.

"The year layoff hurt me as far as technique, game plans and reading defenses are concerned," Etter said. "What you don't use you lose. There are a awful lot of things that have to come back and total recall just isn't automatic. But I've been able to concentrate on play selection concepts rather than worrying about the little fine points which I did when pre-season practice first started."

Purdue, considered a dark-horse contender in the tough Big 10, lost to Washington, 38-35, last week.

Nebraska, the No. 1 team, and third-ranked Texas both figure to have easier tasks than Notre Dame Saturday. The Cornhuskers, who have romped past Oregon and Minnesota in two starts and now are riding a 21-game unbeaten streak, are rated 28 points better than Texas A&M and Texas is picked by 17 points over Texas Tech.

There will be two games pairing members of the top 10 with fifth-ranked Ohio State a seven-point choice over 10th-ranked Colorado and No. 7 Auburn going against eighth-ranked Tennessee in a pick'em affair that probably will have a strong bearing on deciding the Southeastern Conference championship.

Fourth-ranked Michigan is a 14-point favorite over UCLA, sixth-ranked Alabama is 11 points over Florida and ninth-ranked Arkansas is highly favored over Tulsa.

Purdue, considered a dark-horse contender in the tough Big 10, lost to Washington, 38-35, last week.

Robertson, NBA players speak against proposed loop merger

WASHINGTON (UPI) — National Basketball Association (NBA) Players, led by superstar Oscar Robertson, urged Congress today to block a merger of the two competing professional leagues.

Robertson, president of the NBA Players Association, testified before the Senate antitrust and monopoly subcommittee of the "terrible hardships" on pro players when the NBA had no competition.

He said the NBA players' opposition to the proposed merger with the fledgling American Basketball Association was "total."

The ABA players are supporting the merger. But the NBA players want to eliminate basketball's controversial reserve clause and limit a proposed common draft of college players to two years.

Robertson said every player had been "dramatically helped by the competitive aspects of a second league." Before the

ABA was formed, he said, some were paid only \$5,000 or \$8,000 a year, were not able to bargain effectively for increases and finished their careers at age 30 without any benefits.

Robertson said he had nothing to gain or lose personally by the merger, since he has a long-term contract and will probably retire at the end of it.

Dave DeBusschere, a member of the New York Knickerbockers who also appeared in opposition to the merger, said he also had nothing to gain from two competing leagues since he is in "the twilight of my career."

But he said he could not understand why players should sit back and accept a merger which will "benefit only a few wealthy individuals."

"We hopefully still are a nation of competitors with equal opportunities to compete," he said. "That is all we ask—that the freedom to

compete be preserved for all parties."

Officials of the two leagues claim if they continue cutthroat competition for college superstars, it will be a financial disaster for basketball.

Orioles rip Yanks to collect crown

NEW YORK (UPI) — The Baltimore Orioles clinched a tie for their third straight American League title and Jim Palmer won his 19th game by flattening the New York Yankees, 10-1, on a six-hitter.

Boog Powell's 20th and 21st homer, each with a man on and Bobby Grich's first major league homer with two aboard, were the big blows in a 15-hit attack.

The Orioles roughed up Stan Bahnsen in the first inning when Paul Blair beat out an infield out and Powell hit the upper deck for his first homer of the night and 20th of the year.

The Yankees scored their run with two down in the first inning on Felipe Alou's double, a walk and Ron Blomberg's run-scoring single. After that, Palmer held the Yankees to three hits.

Royals sent 14 men to bat and scored nine runs to beat the California Angels 10-3 Wednesday night.

Texas exultant over shift

ARLINGTON, Tex. (UPI) — They have already started answering the telephone at Turnpike Stadium with the words "major league baseball."

Turnpike, a beautiful 22,000-seat layout built in a natural amphitheater, had already begun the transition from the home of the minor league Dallas-Fort Worth Spurs to that of the Washington Senators less than 12 hours after the announcement in Boston that the American League had approved the club's transfer to Texas.

The full impact of the move, which culminated more than a dozen years of one frustration after another, will be slow in coming, especially to the man in the street.

Boise State rated 11th

NEW YORK (UPI) — North Dakota State, with 22 first place votes, continues to lead Arkansas State as the top team in United Press International's small college football ratings.

The No. 1 Bison had a total of 299 points as 33 of the 35 coaches on the ratings board participated. Arkansas State drew eight first place votes and a total of 275 points.

Each week five coaches from the seven geographical areas of the nation vote on the top 10 teams. They vote on a 10-9-8-7-6-5-4-3-2-1 basis for places from first to tenth.

While the two top teams remained the same, there were some big shakeups in the remaining 20. Tampa, last week's No. 3 team, fell all the way to 14th after being tripped up by Louisiana Tech, 28-20 over the weekend. Grambling, which received one first place vote, and Montana, last week's No. 5 team, tied to fill the void in third place left by the Spartans.

Thomas makes no apologies

DALLAS (UPI) — Duane Thomas has rejoined his Dallas Cowboys teammates and there have been no apologies asked for or volunteered in the wake of his vitriolic remarks made during his long holdout. Coach Tom Landry said Wednesday.

Thomas bitterly assailed Landry and two top Cowboys executives and proclaimed that this year's club would never make it back to the Super Bowl without him during the height of his month-long campaign for a renegotiated contract during the summer training camp period.

He later "retired," but only Tuesday was granted reinstatement by National Football League commissioner Pete Rozell at the discretion of the Cowboys.

"Thomas attended his first meeting with the team today," Landry told his midweek press luncheon and "I think our job is to get him back in shape and playing again."

Physical examinations disclosed the 1970 rookie sensation was suffering from phlebitis in his legs, but otherwise in good condition.

Asked how he would describe Thomas' attitude, Landry said: "His attitude was fine with me. It's never been any other way in my talks with him. I don't have any problems with Duane."

Landry also was asked if Thomas had made any apology to the team, in light of his teammates' comments during training camp that they wouldn't want to play with Thomas again after his scathing remarks.

"We have not asked for an apology and he hasn't volunteered one," Landry said. "As for the Cowboys' players' attitude, Landry said "the team attitude was very good. If he can come back and help us get to the Super Bowl, they are all for it."

Chicago 3, A's 0

Chicano unity attempted

CANON CITY, Colo. (UPI)—Ricardo Mora is said to be an accomplished poet. He is a chicano and a member of the Latin American Development Society (LADS). He also is an inmate of the Colorado State Penitentiary.

"It seems like the public really doesn't listen until something like Attica happens," he said in reference to the deaths of 40 inmates and guards at the New York prison. But at least one segment of the public will have a chance to listen as members of LADS at the state prison host a two-day unity conference Sept. 24-25. Specifically, that conference will attempt to unify chicano organizations in Colorado.

The two-day meeting, termed Concilio de Unidad, or Council of Unity, is expected to attract as many as 300 chicano leaders from throughout the state. They will meet with prisoners inside the penitentiary walls.

Warden Wayne K. Patterson has greeted the council with enthusiasm, saying he is intrigued that LADS members had the "audacity" to stage such a program with groups from outside the prison who are "free to go and do as they please."

"We see a need for chicano organizations to unite," said Treno Cisneros.

World acceptance of Red China eyed

By PHIL NEWSOM
UPI Foreign News Analyst
As the United States leads the way toward world acceptance of the Chinese Communists and Red China's membership in the United Nations, it launches both itself and the U.N. on uncharted seas.

As regards the United Nations, it invites into membership a regime which never has renounced its advocacy of violent revolution, and thereby either rejects or sacrifices on the altar of reality a founding principle of the U.N. which is the peaceful settlement of international disputes by negotiation.

As for the United States, the move obviously is representative of President Nixon's hopes for stability in Asia and therefore a contribution toward world peace.

Whether these hopes are to materialize or whether the United States is to continue a policy of what one writer has called a "policy of deliberately contrived ambiguity" must depend on the outcome of questions still unanswered.

Questions Discussed
Some of these are discussed on the current issue of "Foreign Affairs" by Jerome Alan Cohen, Harvard Law

School professor of East Asian Legal Studies.

He traces some of the turnabouts in U.S. policy toward China, and especially the island of Formosa, from allied Cairo declaration of 1943 to the present.

The Cairo declaration specifically mentioned Formosa as among those territories seized by Japan that should be returned to China.

The Potsdam declaration and the Japanese surrender terms agreed.

The U.S. position remained unchanged through the Communist victory on the mainland and the retreat of Chiang Kai-shek forces to Formosa.

In 1950, President Harry S. Truman declared Formosa Chinese territory and declared the United States would "not pursue a course which will lead to involvement in the civil conflict in China."

Conquest Expected
At that time, the United States fully expected a Communist conquest of Formosa.

It was a policy which remained unchanged until the start of the Korean War in June, 1950, when Truman suddenly declared occupation of Formosa by "Communist forces" would be a direct threat to

the security of the Pacific and American forces. He then assigned the U.S. 7th Fleet to the protection of the island.

Accompanying this reversal of policy was another—the status of Formosa, Truman declared, would have to wait upon restoration of security in the Pacific.

Thus, in one breath, he lifted the Chinese civil war to the status of international conflict and threw overboard an international agreement on Formosa's relationship to the mainland.

It was a policy replete with contradictions and set the stage for today's new set of contradictions—in which we

move toward establishment of diplomatic relations with Red China and at the same time promise to honor our defense commitments to Chiang Kai-shek on Formosa.
One or the other would seem to be an impossibility.

Park plant

ROPES ATTACHED TO a cedar tree in the Wendell park will support the tree until it can put down roots and support itself.

Wendell park plans progress

WENDELL — Plans for the seven and a half-acre McGinnis City Park east of the city are progressing according to schedule said Ed Otton, Park Commissioner.

The land has been cleared, leveled and staked. The commission members are hopeful that all subterranean work can be completed this fall which will include the parking lot, establishment of sewer, water and power lines.

Otton said some landscaping will be done and is started with the donation of a large Eastern white cedar tree by Ole Klevmoen. Anyone having any shrubbery they would like to donate to the park is urged to notify Otton or any member of the park commission.

Other members that were

appointed to the commission by Mayor Eugene Soares are Will Spalding, Mrs. Dean Sission, Mrs. Dale Bunn, Doug Schrank, Sam Goedhart, and Mary Ann Miller, senior at Wendell school.

The cedar donated by Klevmoen was planted in the park by Ed Otton, park commissioner; Vernon Mason, city councilman, Don Bunn and Dale Bunn.

News Of Servicemen

ROY BROWN

WENDELL—1C1 Roy Douglas Brown, U. S. Navy, grandson of Mr. and Mrs. Harold Brown, Wendell, is en route to pre-commissioning school in New York State to receive training for a tour of duty with the USS California. The USS California, a light cruiser, will be the first to initiate a new line of nuclear power on a light cruiser, Brown said.

He has been in the U. S. Navy for six years and has just completed a tour of duty on the USS Intrepid, aircraft carrier, as a reactor operator. During his tour of duty he served in the South China Seas, Vietnam, Japan, the Philippines, and South American waters. The Intrepid has eight nuclear reactors Brown said.

He is the son of Mr. and Mrs. Bill L. Baker, Quincey, Wash. His wife, Margarete, and Jennifer, their 15-month-old daughter, have been guests at the Brown home during the summer months.

Mrs. Brown will accompany her husband to New York and then to Newport News, Va., which will be his homeport.

In school

SALMON (UPI)—A little girl shot and critically wounded by a California hunter while waiting for her school bus nearly a year ago has returned to school.

Karyn Prestwich, daughter of Mr. and Mrs. Don Prestwich, is enrolled in the second grade in Salmon Elementary School.

After she was shot she received her first grade instructions while a patient at Shriners' Hospital in Salt Lake City. She returned home this summer.

In October, the youngster must return to the hospital for removal of a body cast.

This is your year to enjoy color TV that looks great. On or off.

Magnavox gives you the best of two worlds: new and improved Total Automatic Color System (TAC) and beautifully designed furniture. So you enjoy your color console when it's off, as well as when it's on.

TAC is a complete electronic system! It lets you kick that bothersome tuning habit by automatically keeping flesh tones natural and pictures sharp. No more jumping up to adjust controls. No more green and purple faces!

The TAC system also includes Magnavox's new ultra-bright, ultra-rectangular Matrix picture tube and Magna-Power Chassis. In the new Matrix picture tube, a black opaque

substance isolates each colored dot to reduce light reflection and give you a clearer, sharper, brighter picture. And the Magna-Power Chassis uses predominantly solid-state components for increased reliability and improved performance.

Choose from a wide selection of cabinet styles and screen sizes. Select fold-away double doors to cover the screen or the new breakfront styling with undetectable door that conceals front controls and enhances the fine furniture look. For the decorator's touch choose from Early American, Mediterranean, Contemporary, and French and Italian Provincial styles.

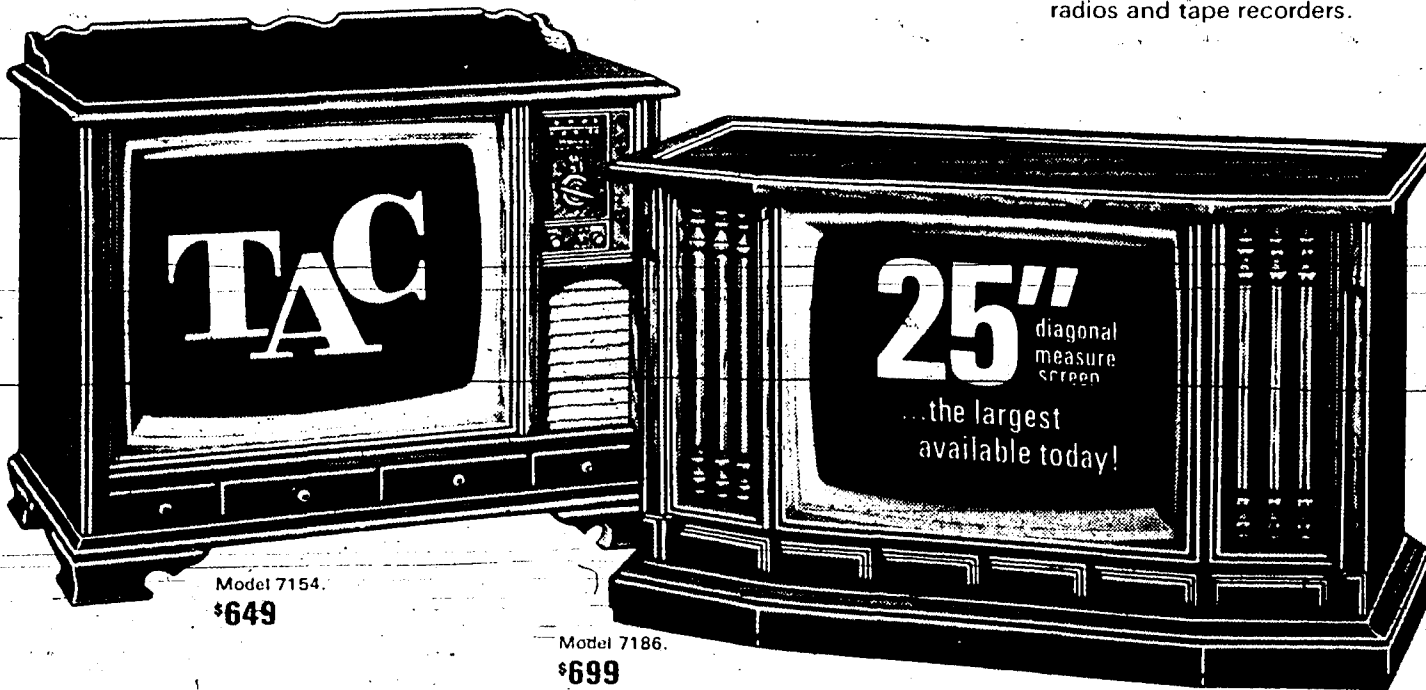

Remote control optionally available with many models.
