

House OKs big tax cut

WASHINGTON (UPI)—The House approved today a \$15.4 billion worth of tax cuts over the next three years for both individuals and corporations as part of President Nixon's plan to straighten out the U.S. economy.

US jets strike N. Viet

SAIGON (UPI)—The U.S. military command today announced two more American air attacks against North Vietnamese territory after Communist antiaircraft batteries apparently threatened U.S. B52s bombing the Ho Chi Minh Trail in Laos.

The command said U.S. F105 fighter-bombers carried out the raids inside North Vietnam Monday and Tuesday. They were the 65th and 66th of what the military calls "protective reaction strikes" this year.

Military spokesmen said two F105s escorting B52s over Laos Monday evening detected a beam from North Vietnamese radar, indicating antiaircraft guns were tracking them and preparing to fire. The F105s fired missiles against two radar sites north of the Demilitarized Zone (DMZ). Results were unknown.

On Tuesday night two F105s escorting B52s near Mu Gia Pass 75 miles north of the DMZ also detected North Vietnamese radar beams and one of the jets fired rockets against the antiaircraft site.

In ground action, South Vietnamese troops who inflicted the worst defeat of the year against the North Vietnamese army fanned out today on both sides of the Cambodian border in a mop-up of stragglers. American B52s carried out raids in support of the South Vietnamese.

Military spokesmen said the Communist unit was thought to be part of the same North Vietnamese force which was mauled by the ARVN during an attempt to drive the allies from Cambodia's Highway 7 and its environs last week.

and Means Committee from the form originally proposed by Nixon. The administration bought the changes and House members approved the measure without further change.

The bill now goes to the Senate where Chairman Russell B. Long, D-La., promised to expedite hearings which begin Thursday. The bill is expected to reach the Senate floor late in the month, and several senators have served notice they will try to increase the tax break for individuals.

Organized labor still is pushing for more benefits in the tax bill for working people and tried to beat the measure on the House floor, calling it "a giant raid on the federal treasury" accruing to the benefit of big business.

Terming Meany's steady attacks on Nixon and the economic plan as "purely political," Ford said: "I think the rank and file support the president... because they think (his program) will produce jobs. And they are interested in jobs and not political rhetoric."

The bill as approved by the House could mean that taxpayers would start receiving a taste of the cuts by mid-November. If the Senate also acts before then—in the form of reduced withholding from paychecks.

Chairman Wilbur D. Mills, D-Ark., of the Ways and Means Committee said individuals would get well over half the benefits from the cuts, whereas business would have had the biggest benefits under the original version proposed by the administration.

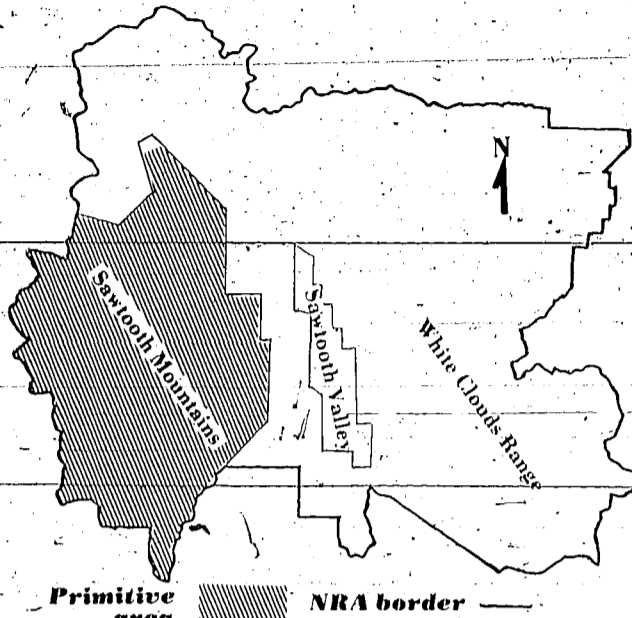

TF broker, 65, dies

TWIN FALLS — E. W. (Bill) McRobert, 65, Twin Falls, founder of the E. W. McRoberts and Co. investment brokerage, died Tuesday afternoon at his home.

Mr. McRoberts came to Twin Falls as an infant with his family in 1907, founding the firm which bears his name some years ago.

He was a life member of Twin Falls Lodge No. 1183, BPOE, and was a member of the Blue Lakes Country Club.

He entered the brokerage business in Los Angeles; then was named manager of the Twin Falls firm of Sudler-Wegener Brokerage Co., before forming his own business. (Obituary, p. 2)

NRA plan advances

A PROPOSED Sawtooth National Recreation Area passed a key test in the House Tuesday as it gained approval by a powerful subcommittee of the Interior Committee. The area includes the Sawtooth and White Clouds ranges along with the Sawtooth Valley.

Phase II Tot school plan due Thursday poll drafted

WASHINGTON (UPI)—President Nixon will announce his Phase II economic policy to follow the current 90-day wage-price freeze in a nationwide radio and television address at 7:30 p.m. Thursday, the White House announced Wednesday.

Press Secretary Ronald L. Ziegler, in announcing the speech, declined to discuss any details of Nixon's follow-up economic program.

The White House announcement came only a few minutes after the House approved a \$15.4 billion tax cut bill which would benefit both individuals and corporations over the next three years.

It was a major point in the Nixon plan. The President has indicated that his Phase II program will apply to the whole economy.

Details, p. 17

BY LEE TREMAINE

Times-News Writer

TWIN FALLS — A second Twin Falls school survey on kindergartens was released today in an attempt by the district's trustees to find out the level of support for a proposed public kindergarten program.

The questions drafted by a six-member committee conspicuously left out responses from parents whose kindergarten-age children are not attending kindergarten programs.

It also failed to ask whether parents would be willing to serve as volunteer workers in a kindergarten program — one of the things the school trustees had asked to be explored when they ordered the survey on Monday.

The survey was drafted Tuesday after Superintendent George Staudaher received word from the Idaho Department of Education that funds set aside to pay the salaries of four kindergarten teachers for Twin Falls would be held until completion of the survey.

Originally, the deadline for accepting the offer of the state-distributed federal funds had been Tuesday.

The six-question survey form was drafted Tuesday by a joint committee of school and community members, including Staudaher, Dennis Messenger, principal of Morningside School; Mrs. Donna Mauldin, a private kindergarten teacher; Mrs. Ruth B. Day, of the board of trustees; Mrs. Suzanne Pack, education chairman of the League of Women Voters, and Mrs. Marjorie Sloten, former president of the Twin Falls chapter and presently state second vice-president of the League.

The survey will be distributed through the Times-News, sent home with all school children, and available at all schools and at the administration offices. Staudaher asked today that parents of kindergarten age children pick up the forms at their nearest school, fill them out and return them to the principal as soon as possible.

A previous survey seeking opinions on kindergartens, and asking if housewives would be willing to participate in the program as volunteers, was distributed through elementary schools a week ago, but only a small percentage of the families believed to have pre-school youngsters were contacted.

Mrs. Pack told the school board Monday night that a more comprehensive survey was needed — one that would reach all eligible families. She specified the need of volunteers to reduce the overall cost of the program.

Sawtooth NRA wins key okay

WASHINGTON — The first step toward creating the Sawtooth National Recreation Area in south central Idaho was taken Tuesday when the House National Parks Subcommittee approved the measure.

Legislation creating the new unit of the National Park System was amended by the subcommittee to leave the 209,000-acre Sawtooth Primitive Area out of the recreation and redesignate it as a wilderness.

This would leave 541,000 acres in the National Recreation Area. In it would be the Sawtooth Mountains, White Cloud and Boulder Mountain regions. The subcommittee rules out any future mining claims in the entire proposed recreation area but allowed existing claims to be worked under government regulations.

The new wilderness area would be administered under the wilderness act of 1964 which permits regulated mining activities to continue until 1985.

The bill will now go to the parent House Interior Committee and then to the House for a vote. In the previous attempt to gain approval of the bill, it was approved in the Senate but failed to gain approval of the House. This time the bill was introduced first in the House by Congressman Orval Hansen and James McClure, Idaho Republicans. It also has the support of the Idaho senators.

McClure said in Washington he does not necessarily agree with all of the changes but said, "It is still a good piece of legislation and one that is now pretty certain to become law."

He anticipated the bill would be considered by the House Interior Committee within "a couple of weeks" and said action on the House floor would follow shortly thereafter.

Idaho Senators Len Jordan, Republican, and Frank Church, Democrat, are co-sponsoring an identical bill in the Senate.

Robert Hoag, recreation staff

officer, Sawtooth National Forest, said the bill directs the Forest Service to evaluate the White Cloud, Boulder and Pioneer Mountain region for possible future classification as wilderness area and toward this end the present comprehensive study of the region is being conducted.

Initial phases of the study are now complete and available for public review while more extensive phases are continuing. Much field work was completed this summer by the team of

Forest Service experts, officials said.

In addition to the federal lands, some 25,000 acres of private land, involving about 700 individuals, is included. Zoning regulations are provided in the bill to retain privately owned land in complimentary use such as ranching and control future subdivision and development plans.

The legislation also includes provisions prohibiting land vehicles in the wilderness area.

Golda rejects U.S. Suez plea

JERUSALEM (UPI)—Prime Minister Golda Meir ruled out today a "totally unacceptable" return of Egyptian troops to the east bank of the Suez Canal as part of a special Suez Canal agreement.

Mrs. Meir, in an exclusive interview, listed as the key elements of the special agreement continued separation of the Israeli and Egyptian forces by the canal, an unlimited cease-fire and the opening of the waterway to all shipping, including Israel's.

She gave her policy outline in a two-hour, free-wheeling discussion following the six-point presentation of Secretary of

State William P. Rogers before the U.N. General Assembly earlier this week.

Rogers said there was room for compromise on the crossing of the canal by Egyptian soldiers.

Mrs. Meir was asked if such a crossing was totally unacceptable to Israel. Her reply: "Yes, absolutely. I can't for the life of me understand the objective logic of anything of this kind. We (Israeli and Egyptian troops) will be closer together than we are now."

"Israel cannot by any means be forced to jeopardize her security, the 73-year-old prime minister said.

Lewis lawsuit compromised

By BONNIE JONES

Times-News Writer

TWIN FALLS — An agreement has been reached between the state and defense in the case of Karl E. (Jack) Lewis, former Twin Falls County justice of the peace charged with misuse of public funds.

Twin Falls prosecutor Leon Smith Jr., said the state moved yesterday in Pocatello before Sixth Judicial District Judge Gus Carr Anderson, to reduce the charge from a felony to the misdemeanor of "failure of an officer to account for fines and bonds." The agreement with defense attorney James May involved repayment to Twin Falls County of \$500 by the defendant, Smith said.

The settlement brings to a close more than two years of litigation, including one appeal to the Idaho Supreme Court. Smith said he was prepared to continue the trial when the agreement was reached. He said the compromise followed a discussion with the trial judge and Twin Falls County Commissioners Heber Lougmillor and William Chancy.

"I left the decision to the

commissioners," Smith said. "Because of the long period of time involved, witness problems and the fact the trial judge emphatically encouraged this solution, the case was settled accordingly," he said.

Smith said the county has been repaid the \$500. All other claims and related materials have been released and dismissed, he said, including two lawsuits by Lewis. One sought more than \$100,000 from the county commissioners and county clerk of Twin Falls and another for about \$50,000 against Elmo Wilson, a key state witness.

Lewis had been charged with three counts, including misuse of \$520 in court fines from his justice of the peace office and two bonds, one of \$100 and another of \$250, and another \$545 in funds unaccounted for.

Most, Smith said, had been repaid by Lewis prior to the agreement, with only the final \$500 owed.

Trials for Lewis on the felony charge began last Friday in Pocatello where the case was transferred by the Supreme Court.

Chou tells of 'new era'

Editor's note:

Julian Schuman is an American now living and working in Peking. He was present when Chou En-lai called in every American working in or visiting China to a meeting in the Great Hall of the People in Peking. His report of the meeting is transmitted by United Press International.

PEKING (UPI) — Premier Chou En-lai met with about 60 Americans Tuesday night and told them that Mao Tse-tung was the man responsible for inviting the U.S. ping pong team to China, an invitation which led to a thaw in Sino-American relations.

During his two-hour meeting with the Americans, who included Black Panther party leader Huey P. Newton and former U.S. State Department officer John Service, Chou limited his discussion to a free-wheeling discourse on China's foreign policy and did not refer to the current internal situation in China.

In addition to discussing Mao's role in the Sino-American thaw, Chou also said: "China agrees with President Nixon that this is now an era of negotiations, but Chinese leaders also believe that, if necessary, it is an era of armed struggle."

Chou said the decision to invite the U.S. ping-pong players was made by Mao at a time when the ministry of foreign affairs and the U.S. State Department attitude was to wait for a while. He said he himself was looking over a preliminary foreign ministry

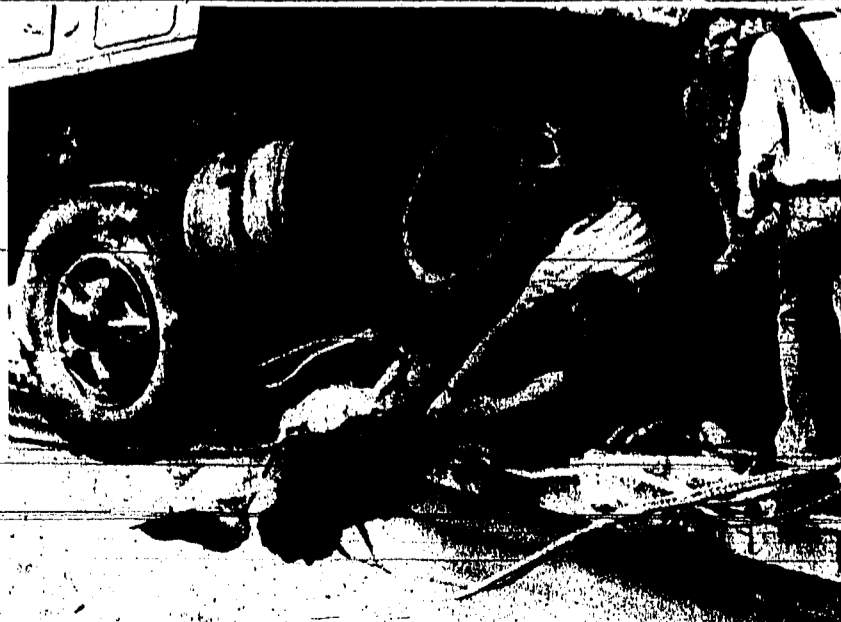

dispatch regarding the U.S. table tennis team when it was in Japan when Mao decided on an immediate invitation.

"There were two messages, the second," Chou said.

Discussing Nixon's visit, Chou said, "He (Nixon) publicly expressed his willingness to come to China and negotiate. We had made no response; it would not have been proper for a state so antagonistic. Therefore we agreed to (presidential adviser Henry) Kissinger's coming."

"For us, it is all right if the talks succeed and it is all right if they fail," Chou said.

Chou said the decision to invite the U.S. ping-pong players was made by Mao at a time when the ministry of foreign affairs and the U.S. State Department attitude was to wait for a while. He said he himself was looking over a preliminary foreign ministry

Dangle for life

RESCUERS STRUGGLE to free Steve Waller, from beneath a wheel of a large truck which jacked up and crushed his motorcycle near Tampa, Fla., on Tuesday. Waller was left dangling over the side of an overpass by one leg, but was freed. He is listed in good condition at a hospital. (UPI)

Andrus rules out senate

SALT LAKE CITY (UPI) — Idaho Gov. Cecil D. Andrus, here for a meeting of the Federation of Rocky Mountain States, definitely ruled himself out of the 1972 race for the U.S. Senate and said he was concentrating his efforts in a massive state government reorganization program.

In an interview Tuesday, Andrus told newsmen he would not be among the Senate hopefuls trying to replace Sen. Len Jordan, R-Idaho, who is retiring next year.

He said he was busy instead preparing legislation for submission to the Idaho Legislature which would hopefully cut down on as many as 211 agencies and departments within the state's administrative structure.

Andrus indicated he was told when he took over the governorship nine months ago there were 160 agencies and departments, but his staff has unearthed 211... and is still counting.

He added that he hopes to meet with Interior Secretary Rogers C.B. Morton, who is in Salt Lake City for the six-state federation meeting, to discuss various environmental issues cropping up in the Gem State.

Prisoners' suit ruling due today

BUFFALO, N.Y. (UPI) — A hearing on a suit alleging Attica prison guards have harassed and threatened convicts since the close of the bloody rebellion ended Tuesday with the judge promising a ruling by Wednesday.

After hearing brief testimony from State Assemblyman Arthur O. Eve and mulling several minor rulings in the case, U.S. District Judge John T. Curtin adjourned the hearing and said his decision would be delivered Wednesday at 2 p.m. (EDT).

The suit seeks a ruling by Curtin blocking harassment of prisoners by guards, the appointment of federal monitors to observe the treatment of inmates 24 hours a day, an order barring prison officials from destroying the personal effects of inmates and an order barring further investigation of the uprising unless legal counsel is available to inmates at the time they are questioned.

In other developments involving Attica:

The Buffalo Evening News reported four inmates alleged during secret interviews that about 25 "hard core" agitators aided by another 200-300 inmates led the riot that ended Sept. 13 with 42 persons, including 10 prison employees, dead.

A group of inmates, through counsel, asked the U.S. Supreme Court to bar state officials from questioning them about the uprising unless they receive legal aid.

In a banner story, the News said four inmates, black and white, took part in a secret interview inside the prison gates.

The News said the convicts believed about 200-300 prisoners led the revolt. "The people responsible (for the rioting) were agitators," one inmate told the newspaper.

The application by the inmates to the U.S. Supreme Court went to Justice Thurgood Marshall, who administers the 2nd U.S. Circuit which includes New York; Marshall could refer the Attica matter to the full court.

Eve testified he and a group of legislators toured the prison on Sept. 13, shortly after police regained control of the facility. The tour was led by Deputy State Correction Commissioner Walter Dunbar, he said.

Eve said lawmakers were led to the "Times Square" section of the prison, and "Dunbar went into a description of how hostages had their throats slashed and how an off-ice Smith was castrated and had his organs stuffed into his mouth."

Eve said he saw four inmates, fully clothed, laying face down in a cellblock yard. "Dunbar said these are four guys we believe committed murder," Eve testified.

Hickel dodges query

NEW YORK (UPI) — Walter Hickel hedged Tuesday when asked if he would support a second-term President Nixon, the man who fired him as Secretary of the Interior last November.

"I don't want to lock myself in, or lock myself out, without knowing just what the alternatives are," Hickel said at a news conference in answer to a question whether he would back Nixon for re-election.

Hickel also said business is doing better than labor under the wage-price freeze ordered by Nixon.

"You can't have controls over part of society," he said. "I'm not sure if there should be government controls on the economy at all, but controls to be fair have to be on all."

Obituaries

J. Van Hook

JEROME — John M. VanHook, 83, died Monday evening at Wood River Convalescent Home, Shoshone, of a lengthy illness.

He was born July 19, 1888, in Barry County, Mo. and came to Idaho in 1917. He married Cora Pearl Oakes, April 15, 1908, in Barry County. They lived in the Kimberly-Hansen area for several years where they farmed.

In 1939 they moved to Gooding. Four years later they moved to a farm south of Jerome. Mr. VanHook belonged to the First Christian Church and the Jerome Grange for many years.

Survivors include his widow, Jerome; one daughter, Mrs. Torveta Ellison, Santa Monica, Calif.; two sons, John M. VanHook, Picabo, and Adrian A. VanHook, Jerome; one niece, Mrs. Richard Fowler, Auro, Mo.; one nephew, Herman Lipa, Monett, Mo.; seven grandchildren and eight great-grandchildren.

One son, Felix, died in 1955.

Funeral services will be conducted at 2 p.m. Friday in the Hove Funeral chapel by Rev. Robert C. Cooper. Final rites will be held in Sunset Memorial Park, Twin Falls. Friends may call at the chapel tonight, Thursday and Friday until 1:30 p.m.

E.W. McRoberts

TWIN FALLS — E. W. (Bill) McRoberts, 65, Twin Falls, died at his home Tuesday afternoon. He was born April 11, 1906, in Anamosa, Iowa, and had been a resident of Twin Falls since 1907. He was a life member of Twin Falls Lodge No. 1183 BPOE, a member of the Blue Lakes Country Club, and president of E. W. McRoberts Co., a brokerage firm in stocks, bonds, and real estate.

Mr. McRoberts graduated from Twin Falls High School and the New Mexico Military Institute, Roswell, N.M. He started in the brokerage business in Los Angeles, Calif.; then became manager of the Twin Falls Sudler Wegner Brokerage Co. until he started the E. W. McRoberts Investment Co. here.

He married Betty Wilson Gowen on April 29, 1941, in Twin Falls.

Survivors include his widow; one son, Philip W. McRoberts, Twin Falls; two daughters, Mrs. John (Stephanie) Gowen Locke, Portland, Md., and Mrs. Douglas (Linda) Carnino, Eugene, Ore.; two sisters, Mrs. Frank Richter, El Cajon, Calif.; and Mrs. Ruth Barnett, Spring Valley, Calif.; and four grand children.

Funeral services will be held at 4 p.m. Friday at Twin Falls Cemetery with Rev. John Wallace officiating. The family suggest memorials be made to the Emphysema Fund. White Mortuary is in charge of arrangements.

West Virginia is second only to Pennsylvania in coal production.

Information lack in press ripped

HONOLULU (UPI) — A newspaper reader said Tuesday the American Press is the cause of "informational malnutrition."

She diagnosed the symptoms and prescribed some cures to the delegates attending the 12th annual UPI Conference of Editors and Publishers (E-D-C-O-N).

Mrs. Louise McDonald, housewife and publications editor at the University of Hawaii, told the 350 assembled editors and their wives that their readers are troubled by what she called a "fragmentation of news."

In addition, Mrs. McDonald found that readers were complaining of a lack of background information, a need for opposing viewpoints and more "why" in their stories.

"The press is nothing more or less than the intelligence gathering agency of a democracy, but too often you forget that your readers are not as steeped in information as you are," she said. "You count on the reader to remember too much. You must not forget that your readers have short memories and, unlike reporters, no clipping library to refer to."

The former Oregon weekly editor — who admits she got into trouble several times for plain speaking — listed several suggestions for improving newspapers from a reader's point of view.

Key questions out of tot class list

(Continued from P-1)

Staudaher firmly refused to comment on the survey today, saying that the committee members had agreed not to comment on kindergartens or on the questionnaire until the results are tabulated.

"I'll give you all kinds of comments later, but not now," Staudaher insisted.

The question of numbers came up during Monday night's board meeting. A member of the audience asked how many children are presently attending kindergartens, as compared to the total number of pre-schoolers in the district. Staudaher said at that time that "nobody knows."

Mrs. Mauldin said Monday that she estimated that the seven private kindergartens in Twin Falls are enrolling about 70 per cent of all pre-school youngsters.

Board members and League spokesmen agreed that a comprehensive survey could elicit these and other facts, to provide a basis for deciding whether to participate in the state program.

The survey form includes the following questions:

— "I have a child in high school... junior high school... elementary school... kindergarten (church or private)... Head Start..."

— "I am in favor of public kindergartens (yes or no)." "If adopted, I would agree to curtail existing school programs in order to meet additional costs to the district (yes or no)." "This is a limited program. If the kindergarten program is adopted and my child is not selected to attend, I would continue to support the program (yes or no)." "I will provide transportation for my child (yes or no)." "Watson was elected president of the Magic Valley association to serve for the 1971-72 year. He is a psychologist with the Twin Falls public schools. Other officers are Roger Abernathy, vocational counselor at College of Southern Idaho, president-elect; and Leone Anderson, counselor at Vera C. O'Leary Junior High School, secretary.

40 Valley delegates due at meet

TWIN FALLS — About 40 to 50 members of the Magic Valley Guidance Assn. will attend the annual Idaho Personnel and Guidance Assn. workshop in Burley Thursday and Friday, Larry Watson, president, said today.

The meeting is being conducted at the Ponderosa Inn, in conjunction with the annual teachers' workshops. Watson said members of the association represent schools and various other agencies.

More strike

HELSINKI (UPI) — One worker in eight went on strike in Finland in 1970; causing the loss of 230,000 working days. In 1969, the work loss was 160,000 days.

Funeral Services

ACEQUIA — Funeral services for Mrs. Sophronia Predmore will be conducted at 2 p.m. Friday in the Acequia LDS Church with Bishop Jack Duncanson officiating. Concluding rites will be held in the Rupert Cemetery. Friends may call at the Walk Mortuary, Rupert Thursday afternoon and evening and Friday prior to time of services.

BUIH — Funeral services for Earl B. Lombberger will be conducted at 2 p.m. Thursday at Hopkins Buhl Funeral chapel.

BURLEY — Funeral services for Leo Gerald Gunderson will be conducted at 2:30 p.m. Friday at McCulloch Funeral Home chapel.

BURLEY — Funeral services for Glenn W. Sweeney will be conducted at 11 a.m. Thursday at McCulloch Funeral Home chapel.

Girl treated

TWIN FALLS — Sharon Bratcher, 13, daughter of Mr. and Mrs. James E. Bratcher, 229 Monroe St., was treated at Magic Valley Memorial Hospital and released late Tuesday afternoon following a bicycling accident.

City police said the girl apparently fell from her bicycle about 6 p.m. while riding in the 400 block of 6th Ave. N. Officers said the girl struck her head on the pavement when she fell but was not seriously injured.

THE TRUTH ABOUT PRICES

It is quite true that prices for a funeral may vary, according to the services rendered and the merchandise selected. However, government reports show that funeral prices have not risen as fast as the cost of many other services. We guarantee to serve every Twin Falls family well, and within the price they select.

It is wise to compare funeral prices in advance of need. Therefore, we welcome your inquiry and will be pleased to provide professional assistance and counsel on matters of price, budget plans, or insurance programs.

13 in field for election

TWIN FALLS — Petitions filed shortly before deadline Monday for two candidates in the Nov. 2 city election in Twin Falls have been checked and found to contain adequate and proper signatures, City Clerk Edythe Koontz said today.

The two bring the number of persons seeking the City Council's four vacancies to 13, she said.

City officials will borrow the Twin Falls County voting machines for the Nov. 2 election, making it the first "mechanical" vote to be cast in Twin Falls, Mrs. Koontz said.

A resolution was adopted Monday night by the city council naming one judge and two clerks to serve as election boards in each of the city's 10 voting precincts.

Mrs. Koontz said registration books at City Hall will remain open until 9 p.m. Oct. 30. She said the last three days of registration—Oct. 28, 29 and 30—will continue from 7 to 9 p.m. to accommodate persons who are working and need to register or check their registration.

She reminded residents that husbands and wives can no longer register for one another as the new Idaho election laws require each voter to register in person.

Persons registering for the general election at the county clerk's office or filling out

registration cards by mail will not automatically be registered for the city election, she said.

City voters will have a wide choice in the 13 candidates this fall. One woman, Ann Cover, widow of Jerro Cover, is seeking election and one 18-year-old, Mike Thompson, is also in the running.

Many of the candidates are 30 years of age or under, records show. These include Stephan M. Carter, a professor at CSI, and two of the Citizens Committee for Good Government candidates, Michael P. Gray and Stephen Lincoln.

Other candidates include David Killen, professional golfer; R. Dee Jenkins, druggist; Stephen Bancroft, accountant; Rex Ulrich, investment broker; J. Clifton Smallwood, building supply manager; Ray Grandal, accountant; Lynn Goodman, barber, and Winston Jones, incumbent and retired military officer.

Sale slated

THE ANNUAL light bulb sale of the Twin Falls Lions Club will be spearheaded by Lions members Edd Bossard, on left, and Dave Ward, co-chairmen, displaying the package containing six light bulbs that will be sold for \$2 tonight and Thursday evening in the Twin Falls area. Proceeds of the sale will go toward the Lions' continuing program for saving and improving youngsters' eyesight. The light bulbs, a necessity in every home, symbolize the concept of "light for sight," the chairmen said.

No change in name

CONTEMPLATING the morning's events, when "he" became the mother of six multiples, Wilbur stands at the door of his cage in a classroom at Lincoln School. With him is his owner, Georgia Archer, a sixth grade pupil. She said that Wilbur's name won't be changed despite the arrival of the offspring.

Wilbur, 6 offspring reported 'doing fine'

BY MIKE ROBERTSON
Times-News Writer

TWIN FALLS — Wilbur had six babies Tuesday and he—or rather, she—and her offspring are doing fine under the careful observation of Georgia Archer and her friends.

It isn't unusual for someone like Wilbur to have six babies. She's a white mouse.

Georgia, the daughter of Mr. and Mrs. Delbert Archer, Twin Falls, became the owner of Wilbur about two weeks ago. Wilbur was purchased for Georgia by a friend at a Twin Falls store.

The salesman picked Wilbur at random from a cage of white

mice.

Georgia, a sixth grade pupil at Lincoln School, said that after about a week, she noticed Wilbur was getting "fat." She thought "he" was eating too much.

Even while Wilbur was becoming more plump, Mike Archer thought nothing of it. She asked her mother if Wilbur could accompany her to school for science class.

Mrs. Archer gave her permission. So did Paul Remaley, Georgia's teacher. He said that while the class was studying insects, the addition of Wilbur to the class would be interesting.

About 9:30 a.m. Tuesday, Remaley asked that Wilbur be brought to the front of the classroom. As the curious sixth graders were filing past the equally curious Wilbur, one excited pupil noticed the newly arrived babies.

Six of the brownish-red infants were counted. Each is about half an inch long.

Remaley dug out an encyclopedia to see what he could learn about caring for newly born mice.

Paper was placed in the wire cage, and Wilbur made a bed for her children.

Soon the pupils in the class learned that in 10 days the babies will open their eyes. In 14 days, they will be covered with fur.

Remaley said Wilbur's family will stay in his classroom as pets. They probably will end up as full members of the class as the year progresses.

And what about Wilbur? Georgia said her name is going to remain "Wilbur," children or not.

Blackfoot man judicial pick

BOISE (UPI) — Fred M. Taylor is retiring as an active U.S. District Court judge and Sen. Len B. Jordan has asked President Nixon to nominate a Blackfoot attorney to succeed him.

Judge Taylor wrote the President he hopes to be able to step down from active work on the bench no later than Dec. 15 of this year.

Jordan asked the President to send to the senate the name of J. Blaine Anderson, 49, Blackfoot, as Taylor's successor. Anderson is a member of the

board of governors of the American Bar Association and represents the 13th District which covers five states.

Now 70, Judge Taylor ascended to the U.S. District Court bench in 1954. He served as chief judge from 1964, when the late Chase A. Clark retired, until last March when he reached the age of 70.

A native of Nanpua, Taylor is a former Valley County prosecutor and former Ada County state senator.

Escapee waits extradition

TWIN FALLS — An escapee from the Idaho State Penitentiary, Raymond Rusty Butler, 29, was back in custody today after being apprehended in Wells, Nev., Twin Falls County Sheriff Paul Corder said.

Butler, sentenced from Twin Falls, on a first degree burglary charge, walked away from the new prison site south of Gowen Field at Boise Sunday night. He was reportedly seen in Twin Falls Monday when he picked up his wife as she was on her way to work. At the time he was in an automobile driven by a woman identified as Rayola Wilson, 36, officers said.

Mrs. Wilson, charged with aiding a prisoner in escape, was arraigned in magistrate court in Twin Falls Tuesday afternoon and bond was set at \$1,000. She requested the services of the public defender and the court appointed Emil Pike to represent her.

Officers said Butler left the prison Sunday with Clarence Lee Bender, 19, Minidoka County. He was still at large today. Both were serving sentences on first degree burglary.

Butler was reported awaiting extradition.

Aerospace courses for schools studied

TWIN FALLS — Possibilities of adding aerospace education to the high school curriculum in Twin Falls County schools will be discussed today by educators of Twin Falls and Filer with J. Max Ogle, Rocky Mountain Region federal aerospace education director.

Ogle will meet at 7 p.m. with the aerospace education class at the College of Southern Idaho. During the afternoon he scheduled meetings with John Lawrence, principal, and Ron Watson, teacher, Twin Falls

High School. He will also meet with Filer high school officials.

Ogle has served as regional director the past 13 years and previously taught in elementary and secondary schools. He is also a former high school principal.

Aerospace education, he said, involves a study of aviation and space and is designed to communicate knowledge, understanding and enthusiasm for the total impact of air space vehicles of modern day society.

Juvenile papers name 2

TWIN FALLS — Two young Twin Falls boys, arrested in connection with the theft of mail from the post office here were awaiting court appearances today.

Petitions were filed Tuesday afternoon under the Youth Rehabilitation act to bring the two into Magistrate Court.

Gary Corder, city detective, said investigation has linked the juveniles, ages 15 and 16, with burglaries of offices in downtown bank buildings and with thefts from several automobiles and homes in the area.

He said \$5,500 in checks has been recovered from mail found in several locations around Twin Falls. It is not known how much more may have been destroyed, he said.

Police say theft adds up 'grand'

TWIN FALLS — Gene Larson, owner of the Trophy Lounge, 354 Second Ave. E., told Twin Falls Police today he is missing one adding machine.

He said it disappeared during the fire at Youree Motor Co., Inc., Friday night. The lounge is across the alley from the scene of the fire and while smoke and flames threatened to cross the alley to buildings facing on Second Avenue, Larson said all of the equipment and furnishings from the back room of his business were carried outside. The adding machine disappeared, he said.

City police report it adds up to grand larceny on the part of the thieves.

News Of Servicemen

DAVID BELLISTON

Lyman P. Adams, Oakley, has completed eight weeks of advanced individual training at the U.S. Army Armor Center, Ft. Knox, Ky. During the training, he learned duties of a tank crewman, including the firing of the tank's armament and small weapons. He obtained Army last May and completed basic training at the fort. He is a 1966 graduate of Oakley High School.

HURLEY — Marine Sgt. Marion Free, son of Mr. and Mrs. Marion H. Free, 1359 Oriental Ave., Burley, is participating in Marine Amphibious Brigade landing exercise with the First Marine Amphibious Force off the California Coast. The training exercise is designed to strengthen the Navy-Marine Corps team concept in amphibious warfare. He is taking part in the largest landing exercise undertaken by major units of the First Marine Division since it returned from Vietnam last April.

During the past summer, he was a senior supervisor for survival training of sophomore cadets conducted in the rugged Knappton range area surrounding the academy.

Ban eases racial tensions

U.S. TROOP REDUCTION

IMMINENT DEPARTURE 3,215

STRENGTH NOW 212,500

PEAK U.S. STRENGTH 543,000

APR. '69

184,000

PLANS FOR withdrawal of two more American combat units from Vietnam were announced Tuesday, bringing post-election withdrawal total to 4,000 men. The latest units to be brought back to the United States total 3,215 men, and planned pullouts will lower the total of U.S. forces in Vietnam to 184,000 by Dec. 1. At peak, in April, 1969, there were 543,000 American fighting men in Vietnam. (UPI)

WILMINGTON, N.C. (UPI) — Police Chief H.E. Williamson today credited an emergency ban on firearms with easing racial tension for the first time in five nights.

Williamson said the five-day ban on public possession of guns was the key factor in halting a wave of sniper fire in black neighborhoods and in

muting the anger of armed whites.

"I think this state of emergency has given us the tools that we've been needing to take care of one of the problems that was causing our trouble so that we can concentrate on the other problem, sniping," Williamson said.

Mayor D.B. Swartz and the chairman of the New Hanover County Board of Commissioners, Mearns Harris, joined Tuesday in an emergency proclamation prohibiting public possession of firearms until 5 p.m. Sunday.

A caravan of whites drove through the troubled black areas Tuesday night, threatening to return any fire. There was none, and police found no weapons in the 14 vehicles.

"We knew weapons were supposed to be in the cars," Williamson said. "We were of

the opinion at the time that weapons were on them."

The whites were a "vigilante patrol," sent out by Leroy Gibson, president of the militant "Rights of White People" organization.

The group staged its nightly meeting in Hugh McRae Park, about five miles from the black areas near the center of the city. Only about 100 persons showed up.

In the black neighborhoods, the scene of intermittent sniper fire since Friday, there were no incidents reported.

"Tonight has been a below normal night for this department in its activities," Williamson said Tuesday night. "Tension is easing."

A port city of 50,000, Wilmington has been simmering with racial discord since last winter over a new school desegregation plan.

Violence flared Friday night

at a high school football game when black and white students began fighting. The fighting quickly turned into rock-throwing and sniper fire in black residential sections.

Three policemen were wounded while driving through the area Saturday night.

Pollution hearings planned

WASHINGTON (UPI) — Sen. Gordon Allott, R-Colo., said Tuesday Sen. Henry M. Jackson tells him the Senate Interior Committee will have hearings "soon" concerning air pollution in the Four Corners area.

Allott had asked about a follow-up from field hearings in the area — where Colorado, Arizona, New Mexico and Utah come together.

Allott said Jackson, D-Wash., chairman of the interior committee, told him "printing of the voluminous record of the field hearings has delayed follow-up hearings in Washington, which will be based on data presented at those field hearings."

Allott said in addition to the hearings, the Interior Committee should pay a visit to the area sometime later and see how well "wet scrubbers" are working to reduce fly-ash emissions from electric power generation plants. The Four Corners area has several operating and planned generation plants that burn coal, which releases pollutants to the air.

Peking journey may affect vote

UNITED NATIONS (UPI) — U.S. Ambassador George Bush, predicting a "nip-and-tuck" China vote in the General Assembly, said Tuesday presidential aide Henry Kissinger's trip to Peking might affect the outcome.

Discussing the U.S. campaign to save a U.N. seat for Nationalist China in the General Assembly, Bush told newsmen Kissinger's visit "itself is unrelated to any single facet of this policy." But, still speaking of the Kissinger trip, he added:

"I wouldn't sit here and say these things would have no effect one way or the other."

The vote, expected in the assembly late this month, will be "nip-and-tuck—very, very, very close," Bush said.

Albanian Foreign Minister Nesti Nase, opposing the U.S.

drive to save the Nationalists, said the two-China policy advocated by Washington was "no more than intervention in the internal affairs of a sovereign state."

The United States, in companion resolutions to be considered by the full assembly the third week in October, would agree to seat the Communist Chinese in both the General Assembly and the Security Council but would require a two-thirds vote of the assembly to expel Nationalist China.

Opposition to market endorsed

BRITGTON, England (UPI) — Opposition leader Harold Wilson called on his Labor party Tuesday to unite against British entry into the European Common market. But party sources said the government may win its case by 100 votes or more.

Wilson, who himself battled for British entry into the Common Market when he was prime minister, sought to bring together the divided Labor party—but in opposition to Prime Minister Edward Heath's drive to join the market.

Wilson pledged no reprisals against pro-market rebels in the Labor party.

But Labor party sources said some 50 to 70 party lawmakers likely would break ranks and vote with the Conservatives Oct. 28 in favor of Common Market membership. This would give Heath a majority of at least 100, they said.

Objections fly in trial

FT. MEADE, Md. (UPI) — The Army sought Tuesday to block defense efforts to allude to pretrial lie detector tests of Col. Crun K. Henderson in cross-examination during his trial on charges of covering up the My Lai massacre.

The defense in turn objected to the government's effort to enter into evidence several Army regulations regarding investigation of war crimes and other duties of unit commanders.

Arguments continued Tuesday in an out-of-court session dealing with admissibility of evidence in the court-martial of Henderson, now in its seventh week, on charges of dereliction of duty and making false statements about the infantry sweep of My Lai hamlet March 16, 1968, by elements of his brigade.

Maj. Carroll J. Tichenor, chief Army prosecutor, noted

that results of polygraph tests are not admissible as evidence and said that Henderson's lawyers were "trying to do indirectly what they cannot do directly."

Tichenor objected to repeated efforts by Henry Rothblatt, the civilian defense attorney, to elicit from prosecution witnesses some indication that lie detector tests were used during pretrial questioning of Henderson and others.

Teachers sorority meets

TWIN FALLS — Alpha Delta Kappa, national honorary sorority for teachers, met Saturday at the Round Up Room of the Rogerson Hotel. Chloe Day, program chairman, introduced Marguerite Knoll, former teacher at Washington School, now retired, who showed slides and gave an account of her recent trip to the Scandinavian countries of Norway, Sweden, and Denmark. President Ruth Gates presided at the business meeting, when it was planned that the Twin Falls Chapter would host the District meeting on November 6. Fall floral arrangements decorated the tables. Hostesses were Chloe Day, Lucille Jones and Fern Manning.

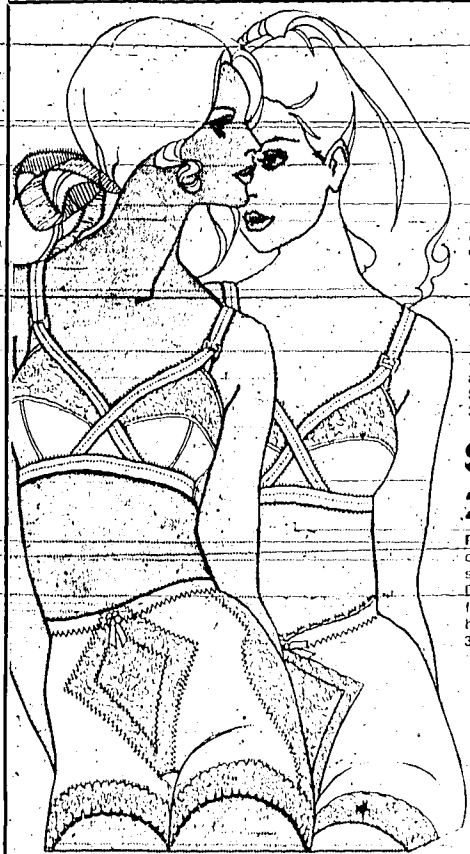

Intellect: men VS women draws debate

NEW YORK (UPI) — Know what to do when you tire of arguing about which came first, chicken or egg? Start an argument over who's smarter — males or females. All except traitors among males will claim their sex has the claim on intellectual superiority. Ditto for all except traitors among the females who know, by their women's intuition, that women have cornered the homo sapiens market on brightness. The debate over who's got the best brains now has some fuel to mix with its emotion, thanks to the National Assessment of Educational Progress (NAEP), a project of the Education Commission of the States in Denver. Based on a survey that drew on 80,000 young Americans we at least know a little more about the brainpower, based on sex, in the fields of science and writing. First, consider science. "Males perform better than females ... but they aren't in the same league when it comes to knowledge of the human reproduction and birth aspects of biological science," NAEP reported. "The superior rating for males came from their much better performance on physical science exercises such as the following: "Most of the chemical energy burned in a car is not used to move the car but is converted into: electricity, heat, light, magnetism, sound, I don't know or no response." Thirty-three per cent more males than females got the answer right: "heat." In contrast, in a biological science exercise which asked, "Which of the following organs in mammals produces sperm? adrenal glands, kidneys, liver, pancreas, testes, I don't know or no response," two per cent more women than men recognized that sperm is produced by the testes. Where writing is concerned, NAEP finds that girls do consistently better than boys. The better performance of females was not so apparent at ages nine and 13 (where girls did about one per cent better than the boys) as it was by age 17 and older. In the older age bracket, women typically did about three per cent better than the males. The females in the test groups were much better than males at writing choery messages or social notes. The males, however, did better at writing exercises on topics related to things boys may have done or experienced or where the questions had some content generally considered masculine in nature — such as writing about kites. Thus, when asked to write a description of a diagram of an auto accident, 10 per cent more males than females did so in an acceptable manner. NAEP is funded by the U.S. Office of Education's National Center for Research and Development.

Hints
When purchasing a pearl necklace, remember that the length of the strand should be in correct proportion with one's physical size. A tight choker is not for a short-necked woman. A small woman should choose a princess or matinee length, while taller women can wear the long opera length.
To remove decals or stickers from glass, use vinegar and hot water.

Wild game meal set in Ketchum

KETCHUM — The annual wild game dinner, sponsored by the Sun Valley Ski Education Foundation, Inc., is scheduled for 7 p.m. Nov. 6 at the Warm Springs Ranch Inn.

Proceeds will go to the Sun Valley Junior ski program which is open to all Blaine county residents, according to Mrs. George Knoeland, president of the club. Contributions of deer, duck, elk, pheasant and other game for the dinner will be accepted. The meal can be left at Atkinsons Market, Warm Springs Ranch or donors may call 726-3773.

BSC workshop attended by Hansen teens

HANSEN — Members of two speech classes from Hansen High School attended the Fourth Annual Forensic Workshop Saturday at Boise State College.

Attending were Hoyce Hancock, Debra Butler, Joan Vaux, Judy Crockett, Ron Gibson, Kathy Goodman, Kurt Daw, Denise Shepherd, Dean Pettygrove, Katie Rasmussen and Bob Lucich. Mrs. Margaret Nelwirth, drama coach, and Galan Stimpson, industrial arts teacher, accompanied the group.

THE IDAHO DEPARTMENT STORE — ON THE MALL — DOWNTOWN

DEAR ABBY: Our 27-year-old son found a Japanese girl in Tokyo that he liked a lot so he invited her to come here and spend a few weeks with us. We are Finnish.

When we took her to the airport to bid her goodbye, my husband gave her a big KISS. I told him I didn't think that was called for, and he said it was just in appreciation of her sukkyaki. I still don't think my husband should have kissed her that way, and we had a few strong words about it. Was I wrong to have complained? SEATTLE

DEAR SEATTLE: Yes. But now that you know how much your husband likes sukkyaki, it might inspire you to improve the quality of your own.

DEAR ABBY: My problem is my husband. He spills food on the floor and never cleans it up. He eats in bed and gets crumbs in the sheets. He uses things and never puts them back in place. He leaves his dirty clothes in every room of the house. He drops cigaret ashes on the floor and burns holes in his clothes, my clothes, the furniture, bedspreads, etc.

He belches at home and in public and never says, "Excuse me." I work away from home and still have my housework to do in the evenings and he won't give me a hand.

I have had three miscarriages in the past 5 years. Right now I am four months pregnant and feel rotten, but my husband won't even carry out the trash. We live in an upstairs duplex apartment and sometimes I have to make three and four trips to get all the garbage and trash out.

He spends about \$5 a week on magazines with dirty pictures in them when we need every penny we can save.

I am 23 and he is 29. When I complain or ask for a little cooperation he says I'm being a "perfectionist." Abby, I don't think I can take it anymore. Can you tell me what to do? SANDY

DEAR SANDY: Clear out while you still have your sanity and youth.

DEAR ABBY: I grew up in a small town where everyone said hello to everyone else when they passed them on the street, whether they knew them or not.

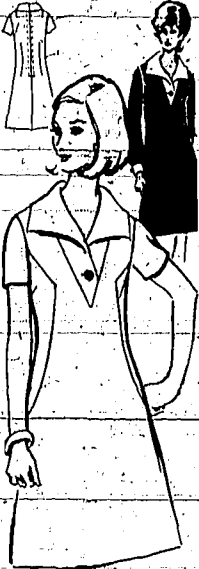

Now I am married and am living in a much larger city, but I still have the habit of speaking to strangers I meet in stores, restaurants and on the street. My husband is a very jealous man, and he considers my friendliness to be flirting. I don't speak only to attractive young men, I chat with young women my own age and also with older people.

Do you think I should wait to be introduced before speaking to someone? It won't be easy to break the habit, but if you tell me to change, I'll try. FRIENDLY IN FLORIDA

DEAR FRIENDLY: There is no harm in being "friendly" to other young women and older folks, but when it comes to initiating conversations with strange young men, the advice from here is to cool it.

CONFIDENTIAL TO "LADY DREAMER IN WHEELING." There is nothing "wrong" with having fantasies. Those who build "dream castles" aren't in any trouble until they try to live in them.

Star point Ada honored

TWIN FALLS — Worthy Matron Marian Langdon and Worthy Patron Carl Kobel honored the star point Ada at the stated meeting of Magic Chapter No. 82 Monday evening at the Masonic Temple.

Mrs. Don Barlogi, Ada for the year, was introduced and given a gift by the worthy matron. Other members and guests who have filled this station were introduced and given gifts. They included Mrs. Grace Johnson, Mrs. Cleo Shorthouse, Mrs. Robert Black, Mrs. Gerald Hamilton, Hazel Wilder, Mrs. Barbara Detweiler, Mrs. Paul Detweiler, Mrs. Ruby Denn, Mrs. Harold Brown and Mrs. C. R. Fox.

Mrs. Grace Johnson, past grand matron of the Grand Chapter of Idaho; Mrs. Milton Ballard, grand representative of Utah in Idaho; Mrs. Ruby Dean, worthy matron of Hollister Chapter No. 47; Floyd Bandy, grand master of the Grand Council of Royal and Select Masters of Idaho; Mrs. Robert Black, Mrs. James Beal and Mrs. Keith Wladenhoff, workers with Job's Daughters, were introduced and welcomed by the worthy matron. An affiliation ceremony was conducted by the marshal and star points. Mrs. C. R. Fox, chapter organist, was introduced and given a going-away gift because

she is leaving for the winter. A memorial was read for the late John Simpson, past grand patron of the Grand Chapter of Idaho, and the altar was draped in his memory. The worthy patron read a memorial verso. Initiation practice for the chapter officers will be held October 27 at 7:30 at the Masonic Temple. The worthy matron thanked the pro-tem officers Robert Black and Mrs. James Page. Refreshment committee included Mrs. Barbara Detweiler, chairman, assisted by Mrs. Bonnie Detweiler, Mr. and Mrs. Buddy DeWeese and Mrs. Truman Mussee.

MYF president elected at Filer
FILER — Linda Danos was elected president of the United Methodist Youth Fellowship at the Sunday meeting in the church. Donna Itao Reichert was elected vice president; Kathy Williams, secretary; Pat Anderson, treasurer and Linda Johnson, freshman representative.

Music Club in Burley has luncheon

BURLEY — The Burley Music Club hosted its annual Salad Bar Luncheon in the conference room of the Idaho Bank and Trust. Proceeds will be used for the club's music camp scholarships.

The salads were made and donated by the club members. Mrs. Frank Bauman was general chairman of the event. Working at the salad bar were Mrs. Wallace Sharpless, Mrs. Darlene Burkull, Mrs. Bauman and Mrs. May Jensen, Logan, Utah.

Cashiers were Mrs. Clifford Mullikin and Mrs. Trafford Bray.

Advance publicity was directed by Mrs. Charles Peugh, and Mrs. Burkull. About 80 persons attended the luncheon.

Enjoying luncheon FROM LEFT are Frank Bauman, Max McMurray and Rebecca Bauman enjoying the salad bar luncheon sponsored by the Burley Music Club at the Idaho Bank and Trust conference room in Burley.

Technique suggested for understanding addiction

NEW YORK (UPI) — You drink too much coffee or munch excessive amounts of chocolate cake.

"I can't help myself; it's my weakness," you say.

Okay, then. Swear off coffee or chocolate cake for three days — and keep a log, hour by hour, detailing the difficult times you have meeting your abstinence goal.

Dr. Stanley Einstein, executive director and founder of the Institute for the Study of Drug Addiction, suggested the exercise for all who want to understand how difficult it is for drug addicts, alcoholics, compulsive gamblers and even smokers of cigarettes to "swear off."

In an interview Dr. Einstein, also assistant professor of public health and preventive medicine at the New Jersey College of Medicine in Newark, said the experience will show you that it's foolish to say, "If people really tried they could give up their addictions."

"The notion that one is weak-willed if addicted is all wet," he said, defining addiction as "dependence leading to excessive use, to one's detriment."

Dr. Einstein said the "weak will" myth, as others on the addiction front, are dangerous because they spread gloom and doom.

"Abstinence is not a good goal in most cases," he said. "What is needed is a combination of rehabilitation and counseling. A person needs help from someone trained well enough to help set goals that are meaningful, achievable and acceptable."

"If you can't set goals that meet the three qualities, there's no sense trying."

Dr. Einstein, editor of "The International Journal of Addiction," said abstinence is secondary to meaningful goals.

"If life becomes more meaningful, a person won't have to trip on drugs or gambling or the bottle," he said.

"Often life becomes more meaningful if one can learn to get along better with family, friends or co-workers."

Frictions in relationships in any of those areas can help set the scene for addictions.

"Unfortunately," he said,

"there are no chemical solutions to living and weathering the day-to-day abrasions. But we've created a society which thinks otherwise."

On all of the addiction fronts, Dr. Einstein said there are myths which lead to mistaken conclusions. "I call them myths because there is no evidence to support them," he said. Among those he cited were the

following:

—A woman alcoholic usually is sicker than a male alcoholic. Males, meanwhile, are prone to compulsive gambling than are women. "There is no male and female breakdown to support these myths."

—Drug addiction is a medical problem. "We don't know. Basically, it seems to be a social problem."

Rock musical

REHEARSING a scene from the rock musical, "Your Own Thing," are Jim Brennan, Twin Falls, and Helen Bessay, Ashton. The musical is scheduled at Idaho State University by Theatre ISU Oct. 7, 8 and 9. Tickets are on sale at the Frazier Hall box office from 2 to 5 p.m. weekdays and from 2 p.m. to curtain time on show days. Daniel W. Alkofar, ISU instructor of speech and drama, is the director.

A Lovelier You

THROAT IN A SQUEEZE PLAY

By Mary Sue Miller

A lovely ask: How can I make my neck look less squat? It is so short and thick my head seems squeezed down between my shoulders.

The Answer: A variety of plays creates an illusion of slender length for the throat. The first involves waterproof powder base. You need a dark shade for the job—about three shades darker than the one used on your face.

To make application, film the throat with the lighter base when you make up the face. Then apply the darker shade in wide swaths around sides; feather in all directions and blot with folded tissue.

A second aid is a hair-do with upward movement. It should have some height on the crown and be swirled up and off the back of the neck.

Clever jewelry and necklines also offer slimming treatment. Excellent effects come with V and diagonal necklines, longish-puckered and winged earrings.

Last, and the best maneuver is the neck stretch. It is not easy. You have to concentrate on keeping your neck stretched to the maximum, by drawing your head up and your shoulders down. This gives the opposite effect of the squeeze.

By a stretched pose the neck at once seems more slender and graceful. It actually becomes slimmer and trimmer if you are faithful to the action. And watch your weight!

TRIMMERS AND SLIMMERS Let me help you with the problem of a too-fleshy arm, chest or upper back by seeing you my leaflet, TRIMMERS AND SLIMMERS. It contains a set of coordinated spot reducing exercises—easy to do, quick to get results. Just write Mary Sue Miller in care of this newspaper, enclosing a long, stamped, self-addressed envelope and ten cents in coin.

Tasting tea set in Rupert

BURLEY — The annual tasting tea for the Minidoka County Extension Homemakers will be Nov. 12 at the Rupert Methodist Church.

This year's tasting tea recipes will be published in a booklet. All recipes are to be left at the Minidoka County Agent's office by Nov. 8 so they can be published.

Officers of the group will be elected and installed at a later date. Members of the nominating committee are Mr. Ross Lindauer, Mrs. Matthew Savin and Mrs. Norma Charles.

The holiday fair will be held in December and will include a covered dish luncheon. Each club will give a demonstration at the fair. Details will be announced.

Hints

Do not attempt to operate a microwave oven with the door open. Likewise, do not use the microwave feature if the door is damaged—that is, has a tear or gap in the closure seal; or broken hinge, bent or warped door.

If the range in your kitchen uses gas, turn off pilot when using spray oven cleaners.

Latest headache: keeping dormitory residents happy

NEW YORK (UPI) — The latest headache for colleges: How to keep them happy down in the dorm.

Students are moving out of dormitories, preferring the greater freedom in off-campus facilities to rules, regulations and regimentation on campus.

"Dormitories 25 per cent empty are commonplace," reports College Management, a journal for administrators.

Empty dorms means less money. The vacancies have been linked to budget deficits. At the University of Iowa last year, for example, 1,000 rooms were unoccupied. The budget deficit was \$4 million.

At some universities unused or underused dormitories have been turned into special interest dorms. At Cornell University, Ritsley College in one of those enormous Gothic castle-type buildings has now life thanks to Judith Goodman, class of 1971.

She talked officials into establishing an art dorm there for non-art majors. Ritsley, one of the least popular dorms on campus was given over to the project. Miss Goodman had to figure a way to fill all 192 beds. She

transformed it with the help of her friends. This year 300 applications were received.

Miss Goodman and her friends talked the university into eliminating maid and garbage service at Ritsley. With the \$7,000 saved from maintenance, and paint contributed by the college, the students refurbished the place.

They turned the basement maids' rooms into six practice rooms, built a dark room, a theater, a dance studio, and a coffee house. Sound proofing and special lighting for an art gallery were installed. Walls were painted in brilliant colors.

Two suites are set aside for visiting guests — architects, philosophers, art historians or musicians who live in the dorm for a month at a time.

There is a brass choir and a resident orchestra whose members include faculty and townspeople as well. Every Friday night Ritsley has a sherry hour before dinner and a concert after dinner followed by a wine tasting and poetry reading.

The Ritsley plan is rather elaborate but the ingredients that made it come alive — are being used on other campuses.

MR. AND MRS. MICHAEL D. SCHEER (Leyson photo)

Miss Abercrombie, Scheer say vows

JEROME — Susan L. Abercrombie, daughter of Mr. and Mrs. John L. Abercrombie, Eden, was married to Michael Douglas Scheer, son of Mr. and Mrs. Richard Scheer, Jerome, in rites Sept. 18 at St. Jerome's Catholic Church.

The double ring ceremony was performed by Father Bernard McBride before an altar decorated with orange gladioli. Floral arrangements of orange gladioli and lighted tapers completed the setting.

Background organ music was played by Mrs. John Stelle, Jr., who also accompanied the soloist, Keith Johnson.

Altar boys were Pat Scheer, brother of the bridegroom, and Bobby Nutsch, both Jerome.

The aisles were marked with orange gladioli and white satin streamers.

The bride was escorted to the altar by her father. She wore a gown of Chantilly lace over satin. The gown, designed by the bride and made by the bride's mother, featured a molded bodice embroidered with sequins and seed pearls with a scooped neckline and bishop sleeves of organza gathered to wide-lace cuffs.

Five tiers of lace formed the bouffant skirt. Her fingertip veil was of bridal illusion trimmed with matching lace flowers of the gown and held in place by a crown of fabric petals.

She carried a cascade bouquet of yellow roses and white carnations with orange accents, and white satin streamers.

Mrs. Dale Skeen, Poentello, sister of the bride, was matron of honor. Bridesmaids were Jenny Peterson, Lemhi, Connie Hinton, Kimberly, and Rose O'Connor, Twin Falls. Flower girl was Kelly Skeen, niece of the bride.

Serving as best man was Dave Randall. Ushers were Ted

Klans, Larry Kolber and Kenny Kolber. Guests were registered by Debi Juchna, Eden, friend of the bride. Gifts were carried by Mrs. Sandra Hinton and Lisa Scheer, both sisters of the bridegroom, and Rita Engohart, Twin Falls.

Reception was held after the ceremony in the Fellowship Hall of the First Presbyterian Church. The table was covered with white lace over yellow. The tiered cake, trimmed with yellow and orange roses and sugar-bells, was topped with satin bells and circled by orange pom poms and yellow daisies. Crystal candelabra with orange tapers flanked the cake.

Quartet tables were covered with white lace over orange and centered with white baskets holding a yellow daisy.

Mrs. Marguerite Berry, Oklahoma City, aunt of the bride, poured coffee. Punch was poured by Mrs. Fred Halpin, Bliss, aunt of the bridegroom. The cake was cut and served by Mrs. Leonard Haglund, Twin Falls, and Mrs. Carlyle Butler, Eden.

Special guests were Mrs. Helen Abercrombie, Barnard, Kan., grandmother of the bride, and Mr. and Mrs. Finis Benton, grandparents of the bridegroom. Out-of-state guests attended from Oklahoma, California, Colorado, and Kansas.

The couple took a wedding trip to the Sawtooth mountains. They will reside on a farm south of Jerome where the bridegroom is engaged in farming.

The bride was honored by miscellaneous shower hosted by Debi Juchna and Mrs. Mary Michener.

A rehearsal dinner was hosted by the bridegroom's parents at Wood Cafe.

Valley Briefs

TWIN FALLS — The Twin Falls IOOF Lodge will sponsor a dance at 8 p.m. Friday at the IOOF Hall. There will be live music. Those attending are asked to bring their own table service. Refreshments will be served.

HAGERMAN — The Golden Age Club of Hagerman will have a potluck dinner at 7 p.m. Monday at the IOOF Hall. Anyone 55 years of age or older is invited.

TWIN FALLS — Licensed Practical Nurses will meet at 7:30 p.m. Friday at the Magic Valley Memorial Hospital Auditorium.

TWIN FALLS — Judith Roberts, chairman of the nursing department at the College of Southern Idaho,

reminds area students who wish to make application for next year's a registered nursing program to apply well in advance. She said 45 applications already have been received. Applications must be in by the end of February. The program begins in June.

TWIN FALLS — The Twin Falls Ladies Municipal Golf Association will conduct its last meeting of the year Thursday with a potluck dinner and one-club tournament. The event will begin at 9 a.m. at the golf course.

KIMBERLY — Glen G. Hull, son of Mr. and Mrs. John F. Hull, Kimberly, is a senior at the University of the South, Seawaco, Tenn., where he is one of 930 students at the educational center for the Episcopal Church.

Jobs Daughters installation held

BURLEY — Mrs. Harlan Jensen was installed Friday as guardian and Jim Lynch associate guardian during a meeting of the Jobs Daughters, Bethel No. 18 at the Masonic Hall.

Other officers installed were Mrs. Charles (Chuck) Skaggs, secretary; Mrs. Mar Moorman, treasurer; Mrs. Hans Forschler, director of music; Mrs. Gordon Blair, director of sociality; Mrs. Hermon King, director of scrapbook; Mrs. Glen Breeding, director of

epoch; Mrs. William Wetstein, hospitality; Mrs. Mary Eklund, promoter of finance, and Mrs. Rex Stanley director of paraphernalia.

Mrs. Breeding retiring guardian was installing officer. Debbie Thornburg, honored queen, conducted the business meeting, and presented Mrs. Breeding with the past guardian's pin.

Mrs. Mary Nielsen was chairman of the social hour held in the dining room following the business meeting.

TORCH clubs merge

RUPERT — Members of the West Minico and East Minico TORCH Clubs have voted to merge their organization into one group — the Rupert TORCH Club.

Officers of the organization elected are Peggy Richins, president; Edward Wilson, treasurer; and Gayle Bird, secretary. Mary Young has been appointed to contact 4-H clubs in regard to assistance in finances for the proposed child development center.

Jim Hensley was appointed district representative for the district of Jerome, Burley, Rupert and Gooding.

Music club holds first meeting of new season

TWIN FALLS — The O'Leary Junior Music Club, an affiliate of the National Federation of Junior Music Clubs, held its first meeting of the year Monday. Officers were installed, committees selected and fund-raising projects discussed.

Halloween party held by T.F. Club

TWIN FALLS — The Friendship Circle of the Women of the Moose held a Halloween party Monday at the home of Mrs. Clyde Greenup.

Friendship chairman Mrs. George Klundt presided at the business meeting. The flag salute was led by Ann Malone, and the Lord's Prayer was led by Betty Greenup.

It was reported that Judy Holbrook will give a home demonstration display at the Moose Convention in Twin Falls in November.

A birthday cake was served in honor of Ann Malone, Kathryn Long, Ruby Murphy and Gloria Hamilton.

The Friendship circle voted to induct Mrs. Merlin Miller, Ann Malone and Kathryn Long into the white elephants. Flame Klundt gave the thought for the day.

The next meeting will be at the home of Mrs. Charles Mattice.

Hints

Many daytime dresses for fall are hooded. The hood folds up neatly to a collar when occasion calls for it, baring a white space around the neck that can be filled in with delicate jewelry.

The most important factor to be considered when it comes to children's shoes is fit, according to the American Footwear Institute.

It was reported that Judy Holbrook will give a home demonstration display at the Moose Convention in Twin Falls in November.

A birthday cake was served in honor of Ann Malone, Kathryn Long, Ruby Murphy and Gloria Hamilton.

Blaze doused

TWIN FALLS FIREMEN doused a smoky fire in the second story of a house on Fifth Avenue North late Tuesday afternoon. In the second fire in a week in the Twin Falls area, firemen worked late into the evening, cooling down all corners of the burning area to prevent any possible flareup.

Anti-drugs move asked at Jerome

By CHARLOTTE BELL, Times-News Writer
JEROME — Mayor Jack Russell, calling drug abuse a "grave" community problem, Tuesday recommended a three-point municipal program to "stamp out this vicious evil."
 In a formal statement before the City Council Tuesday night, Russell recommended:
 —An 11 p.m. curfew for anyone less than 18 years old, supported by schools and parents and violable only when a youngster has written parental permission. The curfew would take effect as soon as all residents are given fair warning—possibly within two weeks.
 —Hiring a special police officer "whose sole purpose will be in the field of drug misuse investigation." Russell said council will have to find the necessary funds now and increase the 1972 police budget for the special officer. He said the drug investigator would work closely with school officials.
 —Provide the police department with special testing equipment to determine the extent of drug abuse in Jerome. The mayor said he has asked Chief C. H. Punney to submit cost figures for such equipment to council.
 The council agreed with Russell's recommendations and proposed a quick meeting with county commissioners to try for immediate action.
 "We have," said Russell, "a

serious problem here in our city.
 "This is true in most, if not all, communities in Idaho.
 "Drug abuse is a problem not for our police alone, but concerns the schools and every resident in this town. And most certainly all other units of government.
 "If we are to stamp out this vicious evil, it requires all segments of our society, working together cooperatively, to get the job done."
 Russell admitted the program he outlined would be costly.
 "But you can't balance dollars," he said, "against children's lives."

87 saved by tankers in sinking

MANILA (UPI) — Two Philippine oil tankers rescued all 87 persons aboard an interisland passenger ship which sank in heavy seas Tuesday, the Philippine navy reported. Another 28 persons aboard a sunken cross-channel boat still were missing, the spokesman said.
 The small pumpboat sank Sunday off Sijojor Island, 300 miles south of Manila. Only two of the 30 persons aboard have been rescued, a navy spokesman said.

Apartment damaged in blaze

TWIN FALLS — Fire which apparently started in the second-floor living room of an apartment house at 250 5th Ave. N., Tuesday afternoon caused a considerable amount of smoke and water damage, according to firemen.
 The apartment house is owned by Ray Brass, with Jess Lee listed as the occupant of the upstairs apartment, a Fire Department spokesman said.
 Firemen confined the blaze to the single apartment and the roof, which was scorched heavily in some spots.
 Fire Department records did not indicate if anyone was in the apartment when the fire broke out about 6 p.m.
 Firemen remained at the scene for several hours, removing burned debris from the apartment and watching for any flareup of the blaze.
 No damage estimate was available, pending investigation by insurance adjusters.

Sewer bonds sold

By MELBA THORNE, Times-News Writer
SHOSHONE — The Shoshone City Council passed a resolution Tuesday night authorizing signing of certificates and papers connected with the sale of the \$500,000 revenue bond issue to finance the city sewer.
 Other paper work and resolutions signed concerning the sewer authorized the mayor to enter into a lease agreement with C. N. Newell concerning land at the lagoon site for the sewer system.
 Another resolution authorized the mayor and clerk to execute the bond escrow agreement with First Security Bank of Idaho and International Association as previously set in ordinance number 311.
 The council will meet at a later date to close the loan for the bond sale.
 In other business, Roy Hayes, Shoshone, met with the council concerning property that he and Gary Klasler hoped to have annexed to the city in the near future. It is on the west side of town.
 A building permit was approved for Adolph Braun for remodeling and concrete work.
 O. M. Wilson was granted a permit to change the back stairway of the Rex Theater building. Other permits were given to A. C. Conner for a roof on his house and to Ann B. Clayton for remodeling a house for a beauty shop.

Sugar firm's dumps opened

BURLEY — Beet dumps for the Amalgamated Sugar Co. in Cassia and Blaindoka Counties will start receiving beets at 8 a.m. Thursday, according to Earnest Blauer, Mini-Cassia area Amalgamated Sugar Co. manager.
 He said the factory would start running at Paul within a few days, as soon as available beets are in to operate the factory.
 There are 37,000 acres of beets to be harvested in the Mini-Cassia district. This summer a new pulp press has been added to the Paul Sugar

Factory. New unloading equipment has been added to the Shodde and Schow dumps.
 He said from the fieldmen's reports the company expects an average year of about 17 tons per acre. The original opening date had been set for today, but Amalgamated officials at the Ogden office needed extra time to work out a labor contract which was agreed upon and signed last night in Burley.
 Blauer also said that all personnel had been hired to operate the dumps in both counties.

Movies but not beer

JEROME — The city council Tuesday night refused to give Dewayne Foust a license to serve beer in his Frontier Theater.
 Foust said he will take the council to court.
 He made application for the city license at the last regular council meeting. The request was tabled then to see whether Jerome County commissioners

would approve a county license. The county approved a beer license for Foust at a special hearing Tuesday afternoon.
 The city council's refusal, in the wake of a county approval, was based on part of a city ordinance which said a city beer license does not have to be granted anyone convicted of a felony or "any crime involving moral turpitude."

Preventive care said hospital usage key

SUN VALLEY — Preventive health care, community health problems and cost containment are the challenges facing hospitals, according to Mrs. Pearl Fryar, immediate past president of the Idaho Hospital Assn., which ended its meeting here today.
 Mrs. Fryar said hospitals are adopting a different approach to health care—an approach outlined in the National Health Insurance proposals presently before Congress.
 "Hospitals have been concerned in the last few years," she said, "with widening the scope of the health care they provide." In the coming years, said Mrs. Fryar, more emphasis will be placed on preventive health care and

care of community health problems.
 Hospitals, she said, "are cooperating with the department of health and other health agencies to provide the best care at the least cost." And she said many of the hospital association programs relate to "cost containment."
 "Comprehensive planning is needed," she said, "to stop duplication of services in several hospitals in the same area." But she said Idaho poses a special problem because the hospitals are "widely separated."
 A voluntary program of group purchasing has been organized, she said, which lowers the cost through volume buying.

Rupert mayor breaks tie

BY DAVID ESPO, Times-News Writer
RUPERT — With Mayor O. W. Johnson casting a rare tie-breaking vote, the Rupert City Council Tuesday night voted to let stand recently enacted pay raises for city electrical workers.
 The decision came on a proposal by Councilman Grover Newman to roll back the Aug. 1 pay increases.
 He said the council had acted "illegally" in increasing the size of paychecks and he moved to disclaim "responsibility for the official city hall record" which shows him to be the sponsor of the proposal approved by the council Aug. 10.
 "I'm not accusing anyone of skulduggery," Newman said. "Someone jumped the gun inadvertently." His motion presented Aug. 10, he said, was intended to mean only that the city investigate the wage scale of area power firms with an eye toward revising the city pay schedule upward to a competitive level.
 City records show, however, that Newman proposed before the council that the city raise the workers pay retroactive to Aug. 1.
 In one other action in the four and one-half hour meeting the council:
 —Arrived at a compromise solution with the developer of Sharron Heights subdivision over a road excavation dispute.
 —Set the lease rate on city land near the railroad tracks at \$2 per frontage foot.
 —Named six clerks and three judges to oversee the Nov. 2 municipal election.
 —Authorized Mayor Johnson to sign an extension of an agreement which allows the Union Pacific Railroad line to run over a city irrigation ditch.
 —Revised the method of compensation to the city dog handler.
 The dispute over the electrical workers pay scale arose when Newman claimed the official Aug. 10 minutes which show him making a motion to grant the retro-active pay raises was false and that the

salary hikes were illegal as a result.
 Newman proposed Tuesday night that the wage scale be set back to the Aug. 1 rate so the city "could go thru proper channels." But the effort was rejected after a lively 45-minute debate.
 Mayor Johnson, who joined with Councilmen Charles Dalry and George McDonald, to maintain the pay raises, broke off the debate to call for a vote, saying "We've gone over this at least 20 times."
 Newman was joined in the vote by Councilmen William Whitton.
 "I'm endeavoring to set the record straight," Newman said repeatedly during the discussion.
 In response, Dalry urged the proposed rollback be defeated, "I can't support this. I can't see regressing at this point."
 Both Dalry and Newman are candidates for re-election Nov. 2.

The cement asbestos material and reimburse the city for the \$4,000 cost difference.
 The council unanimously approved a recommendation of city clerk Lorretta Klingenberg that Doris Johnson, Leone Pruitt and Ruth Reynolds be certified as Judges and Lorraine Schow, Dorothy Tracy, Vlasta Zimmerman, Hazel Briggs, Ila Craven and Georgeanna Ingersoll, as clerks for the Nov. 2 election. Under the new terms of compensation, the city dog handler will be paid \$30 monthly for his services, rather than \$1 per dog.

Mayor performs wedding

RUPERT — Mayor O. W. Johnson performed a wedding Tuesday night.
 "I got to do something I never thought I'd do as mayor," he told city councilmen as he arrived at the council meeting.
 Johnson officiated at the wedding of Don Murray and Corinne Evey. "They called me last night," Johnson said, "and asked me if I would marry them. It looked like they had a nice party after the wedding. I wish I could have stayed."
 Under Idaho code mayors have the legal right to perform marriage ceremonies.

School out for institute

TWIN FALLS — It's vacation time after six weeks of school for the 6,000-plus school children in the Twin Falls School District this week as teachers and administrators take time out for the annual series of institutes.
 Schools will be closed Thursday and Friday throughout the state. A series of departmental meetings scheduled at major areas throughout the state will attract teachers according to their specialties. In the Magic Valley, school counselors and administrators will meet at the Ponderosa Inn, Burley, while special-education teachers and others working with the handicapped will travel to Sun Valley for their sessions.
 In Burley, speakers will include Dr. Steven Homel, Philadelphia, Pa., a psychiatrist specializing in children, and Dr. Henry Isaacson, dean of students at Ricks College.

Field at Shoshone unopposed

SHOSHONE — There will be no contest in the Nov. 2 municipal election in Shoshone.
 Wilson F. Churchman, incumbent, filed for election as did newcomer Howard Hill. Hill will be running for the post now held by Norval Rutherford, who did not file for re-election.
 Holdover councilmen are Paul Jacobsen, and Frank Carothers with Ellwood R. Werry, mayor.
 The city hall will be the polling place, from noon until 8 p.m.
 In Dietrich all posts for councilmen and mayor must be filed Nov. 2 since all but one of the present officials having either moved or died during tenure of office.
 Homer Anderson, who has filed for re-election, is the only one who served out his term of office. Others who were appointed and have also filed now for election to the posts include Sidney Edwards, Sr., Roger Soddard, and Herb Dodge with Dean Durfee for mayor.
 Edwards has been serving as city clerk and Anderson has been treasurer. The Dietrich City Hall will be the polling place, from noon until 8 p.m.

Lincoln youth vote signup set

SHOSHONE — The high school voter registration program will be set up in Lincoln county, Mrs. Luella L. Kinsey, county clerk, said today with a deputy appointed in each high school in the county to handle registration of the youths.
 The registration will be implemented in Lincoln county, as in other parts of the State, the last week in October.
 A registrar at the schools will provide the opportunity to register. Any youths who will be 18 years of age by August of 1972 may register, Mrs. Kinsey said.
 Other qualifications include United States Citizenship, residence in the state for six months and in the county for 30 days next preceding the day of election, and registration within the time period provided by law, wherein no registration may take place with the precinct registrar within 10 days preceding election nor with the county clerk within two days preceding the election.

No contest in election

CASTLEFORD — There will be no contest in the Castleford City Council election this year, as the three incumbents up for election are the only ones to file, according to Mrs. Amos Williams, city clerk.
 Mayor Willis Owen will seek his first four-year term as mayor. He was elected in 1969 to a two-year term. Incumbent Councilmen Ralph Crowley, who was appointed to the post about a year ago, and Bill Rosencrantz are both seeking re-election.
 Holdover council members are Paul Ware and Lester Walden.

News Of Servicemen

MALTA — Cadet Roger C. Neddo, Jr., son of Mr. and Mrs. Roger C. Neddo, Malta, has entered his sophomore year at the U. S. Air Force Academy, Colorado Springs, Colo.
 As he began his second year at the academy, Cadet Neddo was named to the dean's list for his outstanding academic achievement.
 During the past summer, Cadet Neddo qualified as a military parachutist at Ft. Benning, Ga. The cadet will be commissioned a second lieutenant and awarded a Bachelor of Science degree upon graduation from the academy in 1974. He is a 1970 graduate of Raft River High School.

Bliss will elect five

BLISS — Mayor Vernon Behrens and all four Bliss councilmen will be running unopposed in the Nov. 2 election.
 According to City Clerk Ralph Walston, all four council terms will be filled because Councilmen Michael Hobbey and R. A. Armstrong are filing appointive terms. These seats must be filled at the next election.
 Other incumbents, running for four-year terms are Jim Pruett and Harold Flynn.

MRS. PEARL FRYAR

Air pollution index 129

The following reading was taken by the staff of the South Central Health District at the Twin Falls City Hall. The reading is expressed as the number of micrograms of particulate material per cubic meter of air for the 24-hour period.

Today: **Good**
 Tonight: **Poor**
 Tomorrow: **Good**

This forecast provided by the Idaho Department of Health indicates the ability of 129 atmosphere to disperse pollution. Burning at present level by law should be curtailed when the air is poorly able to disperse air pollutants.

Court will reconsider nuclear case

WASHINGTON (UPI)—The U.S. Court of Appeals ordered a lower court Tuesday to reconsider its dismissal of a suit seeking to halt the big underground nuclear explosion planned for Alaska's Amchitka Island this month.

Officials confer in Cairo

The three top leaders of the Federation of Arab Republics completed discussions Tuesday in Cairo on the military and political aspects of the Middle East crisis which Egyptian President Anwar Sadat has pledged to resolve this year, either by peace or by war.

In New York, Assistant Secretary of State Joseph J. Sisco said Washington was "cautiously optimistic" about arranging an interim agreement between Egypt and Israel on reopening the Suez Canal. Other U.S. officials hinted at military and economic assistance to bolster Israel's security if an agreement is reached.

Canadian visit set

OTTAWA (UPI)—Soviet Premier Alexei Kosygin will start his Canadian visit this month, 5 days earlier than originally announced and stay two days less, a Canadian spokesman said Tuesday.

Own oil

FORT DUCHESNE, Utah (UPI)—Interior Secretary Rogers C. B. Morton Tuesday told members of the Ute Indian Tribe there is no longer any doubt that oil shale deposits on their lands belong to them.

Environmental Police Act in its evaluation of the effects of the test, which would be the most powerful ever set off underground.

The district court disagreed, but the appeals court said the lower court decision was "erroneous" and it should reopen the case.

Environmental groups oppose the tests on grounds it may trigger earthquakes in the tremor-prone area, and even cause serious tidal waves along the Pacific Coast and Hawaii. They claim it also could destroy wildlife and the ecology of the Aleutian Islands.

The appeals court noted that the test was scheduled for this month but that congress has provided that it may not take place sooner than May, 1972, unless the president gives his specific approval.

Also still pending is a federal suit filed in Anchorage, in which the Aleut League of Alaska Natives contending the five-megaton blast 5,875 feet under Amchitka Island would create seismic disturbances and disrupt marine life upon which the natives depend for survival.

U.S. District Court Judge Raymond Plumber said Sunday he expected to issue a decision in that case this week.

Seven groups—the Sierra Club, Friends of the Earth, National Park and Conservator Association, the Wilderness Society, American Indian Affairs, Inc., SANE Inc. (Society against Nuclear Explosions) and Amchitka Two—filed their suit here July 8.

SAN RAFAEL, Calif. (UPI)—An expected lengthy hearing opened Tuesday in the Angela Davis case in an attempt to dispose of all remaining motions and clear the decks for Miss Davis' trial on murder, kidnaping and conspiracy charges.

The motions, all by the defense, ask for the suppression of a list of prosecution evidence on grounds it was seized without a search warrant or for "racist" reasons, and for transfer of the trial to San Francisco.

Battle aid

WOUNDED COMRADE is assisted from battlefield by two South Vietnamese soldiers in fighting near Cambodian road junction town of Khek Monday. South Vietnamese units are combating both sides of border for stragglers after inflicting heavy defeat on North Vietnamese units. (UPI)

Hirohito honored

LONDON (UPI)—Queen Elizabeth gave a state banquet for Emperor Hirohito of Japan Tuesday night, but an old familiar face was missing from the royal table, Earl Mountbatten, a hero of the campaign against Japan in World War II had a "prior engagement."

During the banquet, Queen Elizabeth toasted her guest with a reference to World War II.

"We cannot pretend that the past did not exist. We cannot pretend that the relations between our two peoples have always been peaceful and friendly. However, it is precisely this experience which should make us all the more determined never to let it happen again," she said.

Hirohito raised his glass with the rest of the guests.

He returned the toast saying Japan wished "to express our appreciation to you in the form of joint efforts with you for the preservation of tranquility in the world and promotion of welfare of mankind."

Neither mentioned Mountbatten.

A spokesman for the man who accepted the surrender of Japanese forces in Southeast Asia said, Mountbatten's absence "was not intended as a snub."

He said Mountbatten has unbreakable engagements that would keep him away from London.

Senate raps missile plan

WASHINGTON (UPI)—The Senate went on record Tuesday in strong opposition to development of accurate new missiles that could destroy an enemy's retaliatory capacity in a nuclear war.

By votes of 68 to 12 and 66 to 17, members rejected amendments by Sen. James L. Buckley, the New York Conservative-Republican, authorizing research to improve the accuracy and range of U.S. Minuteman and Poseidon missiles.

Buckley's aim was to turn the missiles into "counterforce" weapons—ones which could knock out an enemy's missiles in their silos before they could be used.

Buckley contended that the United States must begin moving to match Soviet counterforce efforts—including the development of 25-megaton SS9 missiles that the United States fears could "neutralize" the Minuteman in a nuclear war.

But he ran into surprisingly stiff opposition, not only from pro-disarmament senators but from Chairman John Stennis, D-Miss., of the Armed Services Committee.

Stennis said the United States should meet the SS9 threat not by matching it, but by improving the survivability of the Minuteman and guaranteeing their ability to penetrate enemy defenses.

"The search for a first-strike capability in the 1970s is the search for a will-of-wisp," Stennis contended.

Buckley's amendments were beaten as the Senate worked its way through a \$21 billion weapons procurement bill.

Shortly before, members rejected 64 to 10 a ban on the bombing amendment by Sen. Mike Gravel, D-Alaska, who charged massive U.S. air strikes in Indochina constituted a war crime comparable to Hitler's "final solution" for the Jews.

Ruling dismantles death row

BOSTON (UPI)—A federal judge's ruling Tuesday effectively dismantled Death Row in Massachusetts.

The 16 condemned men in cellblock 9 at Walpole State Prison no longer must be kept isolated from other prisoners while awaiting a date with the electric chair, according to the ruling by U.S. District Court Judge Francis J.W. Ford Jr.

Ford's decision upheld an earlier ruling by a U.S. magistrate that Massachusetts rule provides prisoners cannot be kept in solitary confinement on a "Death Row" more than 10 days before their scheduled execution.

The electric chair, a converted wooden barber chair, has not been used in Massachusetts since 1947. But prisoners on Death Row see the chair and the electrical panel that activates it every time they enter and leave the 20 cells that comprise Death Row.

U.S. Magistrate Willie Davis said Monday that many men on Death Row have been confined for 10 years or more.

Elmore man dies in home fire
MOUNTAIN HOME, Idaho (UPI)—Harold Leroy Blaine, 68, Mountain Home, died early Tuesday when fire gutted his mobile home on South Second East shortly after 2 a.m., police reported.

A policeman noticed the smoke and turned in the alarm.

JOLLY TIME POP CORN

Market Review

NEW YORK (UPI)—Stocks were mixed in moderate trading through mid-session Wednesday.

Analysts said they didn't expect any wide market price swings until President Nixon releases details of phase two of his economic program. The White House said he will do this in a nationwide radio and television address at 7:30 p.m. Thursday.

Although press secretary Ronald L. Ziegler refused to discuss any details of Nixon's follow-up economic plan, the President has indicated that the second phase will apply to the whole economy. He has made clear, however, that profits will not be controlled along with wages, prices and rents.

On Wall Street, Standard & Poor's 500 stock index was off 0.11 at 99.00. The Dow Jones Industrial average showed a loss of 0.51 at 890.63, but advances topped declines by around 50 issues.

Turnover at 1 p.m. amounted to around 7,900,000 shares, up from 7,400,000 shares traded at a comparable period the previous session.

Jack Eckerd was a trading feature. A block of 100,000 shares changed hands at 2 1/4, down 2 1/4, and another of 431,000 shares at 23.

Other stocks on the active list included Virginia Electric & Power up 1/4, and Arlen Realty & Development a point higher. Less active Superior Oil fell 1/4, Polaroid 2 1/4, and Control Data and Zenith 1 each. Corning Glass dropped 3/4, but Walt Disney gained 3/4.

Land and water

meet held

BOISE (UPI) — Fish and Game Department engineering chief Jack Fisher notes that conservation engineers from 2 states met last week at Jackson, Wyo., to serve state conservation agencies in the development of lands and waters for maintenance of fish and game.

Fisher said the engineers agreed that a program of purchase and development of access to public shooting grounds and fishing waters was the greatest need of the various states in meeting the demands of an ever-increasing number of outdoor recreationalists.

He added that the most perplexing problem in meeting these demands, common to all states, was the matter of increasing costs for land, construction and engineering.

Currently serving on the executive board of the National Association of Conservation Engineers, Fisher is also a past president.

He said the group had been valuable in bringing together ideas from the various states, resulting in direct benefits to individual state wildlife engineering programs.

4-H banner

CARDS AND CURRY livestock 4-H club members prepared to hang a banner between Zollingers American Service and the Old Bank Building in Wendell to commemorate National 4-H month. Pictured are from left, club members Monte Webb, Leslie Isaacs, club president; Kim Astle, Kirk Webb, Mayor Eugene Soares, John Coble, Idaho First National Bank; Leonard Isaacs, Mike Freeman, Lt. B. Freeman, 4-H leader and Barbara Crosby.

Seven candidates vie for 3 seats

WENDELL — Seven candidates are vying for three council seats to be filled in the Nov. 2 city election, according to Mrs. Gwon Collett, Wendell city clerk.

Ben Morgan, Ed McNutt and Vernon Mason have filed for the two-year term to complete the term of George Benson who resigned last spring. Vernon Mason, incumbent, was appointed to fill the remaining year of Benson's term by Mayor Eugene Soares.

Glen Haran, Russell Carpenter, Infirio Siniory and Francis Goble have filed for the four-year terms. John Werl and J. E. Barrus, who have completed a term of office will not seek re-election. The candidates stated a

variety of reasons for wishing to serve as councilmen. Their reasons include controversy on irrigation water assessments, dogs, the proposed McGinnis City Park, and the desire for better city government.

Mrs. Collett said the city office is making an effort to make citizens understand that the city registration and the county are separate. To be qualified to vote, a person must have voted in the last city election, two years ago.

Wendell no longer has two precincts and all voting in the city election will be done at the city office. Voters can register during office hours, Monday through Friday from 9 a.m. to 5 p.m.

Wendell National Honor Society elects

WENDELL — Paul Smith will head the Wendell Chapter of the National Honor Society for the current school year.

Other officers are Terry Gunning, vice president; Carolyn Siniory, secretary; Anne Hagerman, treasurer, and

Mrs. Ellen Cox, advisor.

Paul reports that the chapter will sponsor the selection of the best all-around boy and girl in the junior high school again this year. He said the selection is made by the junior high teachers and will be based on scholarship, character, citizenship, leadership, and service. The project, he said, is to encourage outstanding students to develop themselves and qualify for membership during the last two years of high school. In the National Honor Society.

Completes training

WENDELL — Alrman L. Jolene Vaughn has completed basic training at Lackland Airforce Base, Texas, and has been transferred to Keesler Airforce Base, Mississippi, where she is presently enrolled in a 12-week course in administration.

Airman Vaughn is the daughter of Mr. and Mrs. Tom Vaughn, Wendell, and graduated from the Wendell High School last spring.

JOLENE VAUGHN

BPW rates said too low

WASHINGTON (UPI) — Congressional auditors contended today the Bonneville Power Administration's rates for transmitting electricity over its lines for private utilities who buy federal power are too low.

The General Accounting Office in a report to Congress, said the BPA had rejected a GAO recommendation it stop giving current customers a reduction for "wheeling" electricity over the marketing agency's transmission system.

BPA raised its standard power wheeling rates on Jan. 1, 1971, because of GAO criticisms, the report said, but continued to give "inappropriate adjustments" to its customers.

During the 1970 fiscal year, the GAO said, BPA revenues were reduced about \$1.4 billion, as a result of the reductions.

The GAO an arm of Congress, said the BPA would take steps to amend existing wheeling contracts to eliminate the reductions given to Pacific Northwest utilities who buy federal power. The Interior Department, the BPA's parent agency, conceded that the power marketing agency was giving a break to its current customers.

However, the conclusion that the adjustment is neither reasonable nor proper is not valid, the department said in a letter commenting on the GAO report.

The department said the BPA did not intend to provide the

lower rate in future contracts with customers for federal power but would not try to change existing contracts.

"Because of the long-term nature of the contracts and the continuing necessity for good contractual relationships, it is not to the advantage of the federal government to seek elimination of this clause from the existing contracts," the department told the GAO.

Gooding woman is named "Artist of the Month"

WENDELL — Marilyn La Croix, Gooding, has been named as "artist of the month" by the Wendell branch of the Idaho First National Bank.

Mrs. La Croix said that she has been interested in drawing and painting all her life. She received art instruction during her first 12 grades of school.

She won several awards while in high school and college. In 1962 she was the recipient of a special governor's award for her sign painting of "Smoky the Bear" during the Keep Idaho Green campaign.

She joined the Wendell Art Group in 1964. In 1969 she was instrumental in combining the Wendell and Gooding Art groups to form the Sage Brush Artists. They now have a group studio in Gooding.

She has won several "Best of Show" awards for her paintings at the Gooding and Twin Falls County Fairs. Her work has been included in the 34 and 35 Annual Artist of Idaho Exhibits at the Boise Gallery of Art. In 1970 she received both contemporary and traditional awards in the professional division of the Western Idaho State Fair in Boise.

Mrs. LaCroix shows her work by appointment and has continuous exhibits at the Gooding Hospital, Lincoln Inn, Gooding, and at the Art Mart, Gallery,

Boise. Her paintings have been presented at invitational shows at Idaho State University, College of Southern Idaho, Te-Wap-Poo Gallery, Orofino and at the Gooding and Jerome Public Libraries.

Mrs. LaCroix is presently employed in Gooding as an

assistant Librarian. During the winter months she conducts adult workshops in oil painting.

In the summer she spends as much time as possible in sketching and taking color notes of the outdoors, which are later used as reference material for more finished studio paintings.

Old Armchair

Credit granted

LOUISVILLE, Ky. (UPI) — St. Anthony's Hospital has decided to give credit where credit is due. The hospital announced Monday out-patients may use their credit cards to cover fees for services.

Student furnishes data

BOISE (UPI) — A Boise State College student Tuesday said he intends to furnish the State Board of Education with information concerning allegations made by the Idaho Archeological Society.

Richard E. Craft, who identified himself as a Boise State student, said he gave the society information on which Society President J. Keith Johnson based allegations about a "conspiracy" which was directed at the college.

Johnson attacked a legislative audit which criticized operation of the business office at Boise State and certain expenditures the school made on behalf of its president, Dr. John Barnes. Craft said he had decided the information he possesses more properly should be sent to the Board of Education.

VFW post to meet Thursday

WENDELL — Tom Vaughn, adjutant of the Thousand Springs VFW Post of Wendell and Hagerman, said a regular meeting is scheduled for 8 p.m. Thursday at the Wendell American Legion Hall.

Plans will be discussed for the annual Poppy Day and the "Voice for Democracy" contest for local high school students.

Jordan backs action

WASHINGTON (UPI) — Sen. Len B. Jordan Tuesday expressed his support for the Nixon administration's decision to invoke provisions of the Tilt-Hartley act in the West Coast dock strike.

"I hope that a back to work injunction — for — the longshoremen will be forthcoming in the near future," Jordan said.

Cemetery strike ends on coast

SAN FRANCISCO (UPI) — An agreement was announced early Tuesday in the four-month-old cemetery workers' strike that has left more than 1,000 bodies unburied.

The announcement came after an all-night emergency meeting between union and management representatives in the offices of Mayor Joseph Alito who twice before had intervened without success.

A spokesman for the mayor said that the new contract was a three-year pact, running through 1974, but he did not list any other terms of the agreement, reached after 14 hours of nearly continuous negotiations. Union members meet tonight at Colma to vote on its terms.

Saturday rejected a proposed management offer of \$39 a day, an increase of 60 cents an hour retroactive to March.

Maurice Fitzgerald, secretary of Cemetery Workers Local 285, had said the strike would end if employers offered a minimum two or three year contract and increased the health, welfare and pension benefits.

The strike by cemetery workers started June 3 and closed 10 cemeteries in nearby Colma and one in Palo Alto. There are no cemeteries in San Francisco, except Army plots at the Presidio.

Meet set

BUHL — The Mountain View Irrigation Co. will hold a stockholders meeting 8 p.m. Friday, Oct. 15, at Ted Behm's office in Buhl.

Farm

Snake flow stays high

IDAHO FALLS — There's still plenty of water in the Snake River reservoirs, to judge from the weekly report of the Geological Survey and Bureau of Reclamation.

Storage and flow reports along the upper Snake River show: Jackson Lake, 601,400 acre feet as of Oct. 4, compared to 550,800 a year ago; Moran, 674 cubic feet per second (second feet), compared to 1,600 a year ago; Pallas Reservoir,

(usable water), 1,053 million acre feet this year; 922,600 acre feet in 1970 on the same date; Grassy Lake, 12,800 acre feet this year, 11,300 last year; Island Park Reservoir, 92,400 acre feet against 72,900 a year ago; Helse, 8,100 second feet, 5,040 second feet; Shelley, 10,200 second feet; 3,260 second feet; American Falls Reservoir, 1,305 million acre feet, 804,400 acre feet.

Also Neely, 9,700 second feet, 6,310 second feet; Lake Walcott, 94,000 and 83,100 acre feet; Minidoka North Side Canal, 465 second feet, 775 second feet; Minidoka South Side Canal, 416 and 619 second feet; Snake River near Minidoka, 9,160 and 4,800 second feet; Minidoka North Side pumping station, 40 and 64 second feet; Milner South Side Canal, 1,470 and 1,070 second feet; Milner Low Lift, 68 and 86 second feet; Gooding Project, 1,160 and 1,130 second feet; North Side Canal in Gooding, 840 and 954 second feet; P.A. Lateral, no flow this year or last; Milner North Side Canal, 932 and 896 second feet, and Snake River at Milner, 6,480 and 550 second feet.

There's snow at higher elevations, including 18 inches at Togwotee Pass, which recorded 4.25 inches of precipitation during September; 11 inches at Lewis Lake Divide, with 3.80 inches in September; 6 inches at Moran, and 2.03 inches during September and 1.02 inches during the period Oct. 1-4; and two inches at Island Park, which recorded 2.42 inches in September and .42 inch the first four days of this month.

Harvest damage looms

BURLEY — Potato producers are warned by Gene Rinebold, area potato specialist, that a crop in excellent condition in the ground can be ruined by the time it has been harvested and stored.

The primary losses of potatoes quality are due to bruising. This loss costs the industry approximately \$20 million a year.

Each bruised tuber is subject to soft rots and molds that develop during storage. According to research, digger cuts cause a 6.4 per cent weight loss, 59 per cent rot loss and a 66 per cent total damage. Serious bruises cause 5.7 per cent weight loss, 45 per cent rot loss and 50 per cent total damage. Hard

A's feel youth is working for them

OAKLAND (UPI) — Captain Sal Bando of the Oakland Athletics feels his club will some day be the best in baseball.

But not this year. "Right now, Baltimore is the best team assembled in baseball," said the 27-year-old third baseman, "but we're going to be better. We're going to improve and win our share of championships too."

New manager Dick Williams also looked to the future after the Athletics were beaten three straight by the Orioles for the American League championships.

"I told the players (after Tuesday's finale) they played good as a team and it was no disgrace to be beaten by Baltimore. We just didn't play very well in the playoffs," said Williams who guided the A's to 101 victories the first season he managed them.

"Baltimore is the best in our league and I hope they knock hell out of the National League in four straight."

Williams said the A's had a couple of opportunities to get starting and winning pitcher Jim Palmer but missed both of them.

"He was wild in that one inning (fourth) when he walked two batters but he came back in good shape," said Williams.

"We were in this one until Brooks (Robinson) got that baseball to drive in two runs in the fifth," said Williams.

Oklahoma bemoans blackout of game. OKLAHOMA CITY (UPI)—The National Collegiate Athletic Association refused Tuesday to lift its Oklahoma television blackout of the Texas-OU football game despite pleas from Gov. David Hall, U.S. House Speaker Carl Albert and thousands of angry fans.

Hall's office said more than 5,000 persons had called claiming the NCAA was discriminating against Oklahoma: Saturday's game is being televised in Dallas, home of the Cotton Bowl where the game will be played, and at Austin, home of the University of Texas, but not in Oklahoma.

A Tulsa County district judge took questionable jurisdiction in the matter Tuesday afternoon and issued a temporary order for the NCAA to let the game be televised in Tulsa County. A hearing was set for Thursday on making the order permanent.

OU President Paul Sharp said NCAA officials promised to continue consideration of his request that the ban be lifted. "The Cotton Bowl's more than 70,000 seats have been sold out for the match between two of the nation's top ten teams."

Orioles grab American League flag, sweeping series over Athletics

OAKLAND (UPI) — Brooks Robinson, baseball's best clutch hitter, started Baltimore on the way to a 5-3 victory over the Oakland A's with a bases-loaded fifth inning single Tuesday as the Orioles won

their ninth straight playoff game and their third consecutive American League pennant.

Robinson, the Most Valuable Player of the 1970 World Series for his general all-around excellence, got a chance to be a hero Tuesday when the A's purposely walked Elie Hendricks to load the bases in the fifth and pitch to Brooks.

He crossed up the A's strategy by singling up the middle for a 3-1 lead that the Orioles added to in a clean sweep of the A's.

Jim Palmer struggled to get the way but hung on to go the distance and gain the victory. He gave up seven hits, three of which were homers for all the A's runs. Reggie Jackson, who didn't get an extra base hit off Baltimore pitching all season long, hit two homers, and Sal Bando got the other.

The Orioles now get a chance to rest for a couple of days before opening the World Series at home against either the Pittsburgh Pirates or San Francisco Giants. The Pirates lead that playoff two games to one.

The Orioles, who beat the Minnesota Twins three straight both in 1969 and 1970 to gain the A.L. Championship, piled up 12 hits off five Oakland pitchers with Diego Segui, who started and went 4 2-3 innings, taking the loss.

The A's were in the game only until Brooks Robinson got a chance to swing against them in the fifth.

With the score tied at 1-1, Don Buford opened the inning with his second of three hits—a single—Paul Blair forced him but Boog Powell walked. Frank Robinson grounded out for the second out but both runners

moved up, leaving first base open. That's when Oakland manager Dick Williams decided to walk Hendricks, who hit a big homer in the second game of the playoffs, and take his chances on Brooks Robinson. It proved a big mistake as Brooks came through for a 3-1 lead and the Orioles never looked back.

N.D. State holds lead; BSC 20th. NEW YORK (UPI) — North Dakota State's lead as the No. 1 small college team in the United Press International board of coaches ratings poll is increasing again, but the Delaware Blue Hens are making the most waves among the nation's elite 20 teams.

The top-ranked Bison picked up 21 first place votes from the 31 of 36 coaches participating to widen their lead of just one point last week to 26 this week over Idaho—Arkansas State. The Indians had eight first place votes while the remaining two No. 1 nods went to Weber State and Western Kentucky.

NBA kings nip ABA's champions. SALT LAKE CITY (UPI)—The National Basketball Association champion Milwaukee Bucks stamped off a third quarter scoring push by the Utah Stars and took a 122-114 exhibition victory in the Salt Palace Tuesday night.

Johnson sent to Cleveland by California

ANAHEIM (UPI) — Alex Johnson, the former batting champion who was suspended during most of the past baseball season for lack of hustle, was traded by the California Angels to the Cleveland Indians Tuesday.

The Angels sent along catcher Jerry Moses with Johnson in exchange for outfielders Vada Pinson and Frank Baker and pitcher Alan Foster, a former Los Angeles Dodger hand.

Johnson, 28, captured the American League batting championship in 1970 with a .329 average. In the 1971 season he was hitting .260 when he was suspended without pay on June 26 after a series of clashes with manager Lefty Phillips for failure to run out ground balls

Lions say Karras violating contract

Dog trials scheduled on weekend

The Idaho open pheasant shooting dog classic, guaranteeing a \$1,000 purse, will be run Friday to initiate three days of the Idaho State Field Trial Association's annual full competition, reports Ed Purves, Twin Falls, association secretary.

The trials will be run Friday, Saturday and Sunday at the Mac-Gillette-Parnis, located 13 1/2 miles east on the Val-Malta exit off Interstate 80N.

The classic will be held Friday with the winner receiving \$500, second place \$300 and third place \$200. Each dog will have one hour to impress the judges who will be Barney Greener, Bayley, and Stan Aeck, Moses Lake, Wash.

Saturday and Sunday the schedule includes open puppy stakes, amateur derby, open all-age, amateur shooting dog and open shooting dog derby.

Bonavenna injury ends fight

BUENOS AIRES (UPI) — Plans for Oscar Bonavena's scheduled New York bout with Floyd Patterson next month must be canceled because the Argentine heavyweight sustained a broken left index finger in a fight here last Saturday, his physician said today.

Dr. Roberto L. Paladino said Bonavena will not be able to do any boxing for about 45 days. The injury is going to be an expensive one.

The Argentine had figured to collect \$100,000 for squaring off with Patterson Nov. 19 in Madison Square Garden.

Disclosure of the broken finger came as a surprise. Bonavena's only announced fight against Alvin "Blue" Lewis was a right eye injury, sustained, when the American boxer's head collided with Bonavena's forehead.

The referee stopped the fight in the seventh round, disqualifying Lewis. It was Bonavena's first ring appearance since Muhammad Ali stopped him in the 15th round of their New York match last December.

Runner leads in offense

NEW YORK (UPI) — Ed Marinaro doesn't throw the ball at Cornell. He doesn't have to. The 210-pound senior halfback does it all on the ground—all and more.

Marinaro, rushing his way to becoming the first Ivy League to win the coveted Heisman Trophy since Princeton's Dick Kazmier did it in 1951, leads the nation in rushing, total offense, all purpose running and scoring, according to statistics released Tuesday by the National Collegiate Sports Services.

Marinaro has gained 500 yards in 81 plays this season running the football and has scored eight touchdowns in Cornell's opening two victories.

Rising costs may force convention

KNOXVILLE, Tenn. (UPI) — The NCAA's battle over scholarships, recruiting and coaching staffs likely will require a special convention next spring, says Dr. Earl M. Ramer of the University of Tennessee, president of the NCAA.

Ramer said Tuesday that the NCAA Council will meet again Oct. 25-27 at Kansas City to try to work out legislative proposals on such matters as basing sports scholarships on need, limiting the number of scholarships and changing national signing dates and other matters.

The Council met Monday in Chicago and authorized the preparation of the proposed legislation. These proposals will be discussed at the annual convention of the NCAA in January at Hollywood, Fla., Ramer said.

But he added it was unlikely that any agreement would be reached at that time because there were too many other things the convention had to consider to give full attention to these controversial matters.

With increasing costs of sports programs, many schools have sought to place limits on scholarships and recruiting so that the smaller and less affluent schools would have a

See the World Series played on three diamonds.

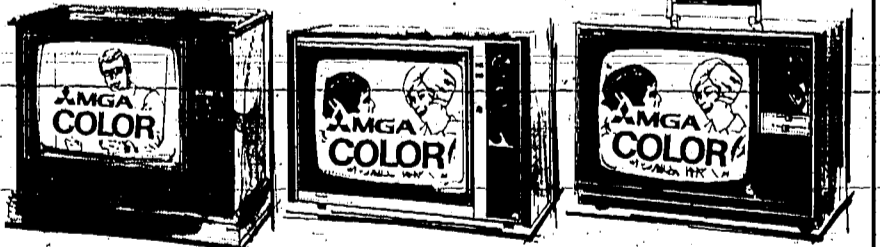

MGA's three diamonds symbolize three points of MGA excellence: quality, dependability and service.

Inside, they found the sort of craftsmanship that's hard to find these days. And some of the most advanced tuning conveniences modern technology has come up with.

As a member of the 100-year-old, worldwide Mitsubishi family of companies, MGA is able to draw upon the talents of the Mitsubishi Group. As a result, MGA TV's are built with an uncommon degree of direct control, in accordance with the highest standards in the industry.

So, we can vouch for MGA's superb quality, valuable features and stylish good looks. And their factory-direct-to-dealer prices speak for themselves.

This year's World Series promises to be a great one. On a color TV set with three diamonds, it will be even better.

MGA CM-333 Color Console
25" diag. meas. All wrapped up in dramatic Spanish-styling is the crisp definition of the newest, largest Black Surround picture tube, the easy serviceability of a glide-out chassis, advanced tuning conveniences, and a special solid-state Voltage Tripler that reduces heat buildup, increases reliability. A perfect example of MGA quality.

MGA CH-191 Table Color TV
19" diag. meas. Here's a color TV that was designed with the whole picture in mind. Beginning with MGA's new ultra-rectangular picture tube. Enhanced with the tuning-ease features such as AFT, Color Lock to lock in tuned colors, VTR Memory Fine Tuning, and sliding tint and color controls for precise adjustment. And finished off with crisp, clean cabinetry. You're looking at MGA value.

MGA CH-160 Portable Color TV
16" diag. meas. Besides offering the brilliance of MGA's ultra-rectangular picture tube and tuning conveniences such as AFT and Color Lock, this high-performance portable also can promise reliability. Like all MGA Color Portables, it has undergone a grueling 40-hour test to stabilize components and determine reliability. That sort of refinement is just another aspect of MGA built-in quality.

a swing. North played five diamonds at the other table. A spade was opened. He went right up with South's ace. Later on he had to lose

America's top experts explain their tournament-winning techniques in a new 128-page book on JACOBY MODERN. For your copy sent \$1 with your name, address and zip code to: "Win at Bridge," (c/o this newspaper), P.O. Box 489, Radio City Station, New York, N.Y. 10019.

a trump and the club finesse. Then he misguessed the queen of hearts and managed to be set one trick.

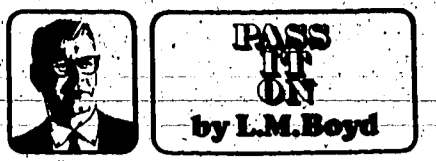

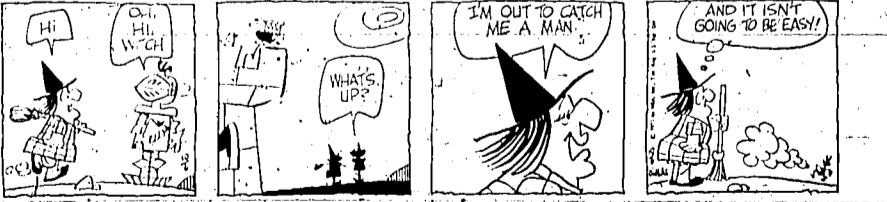

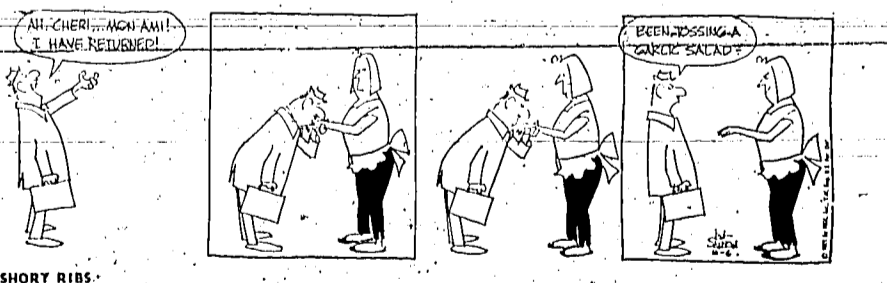

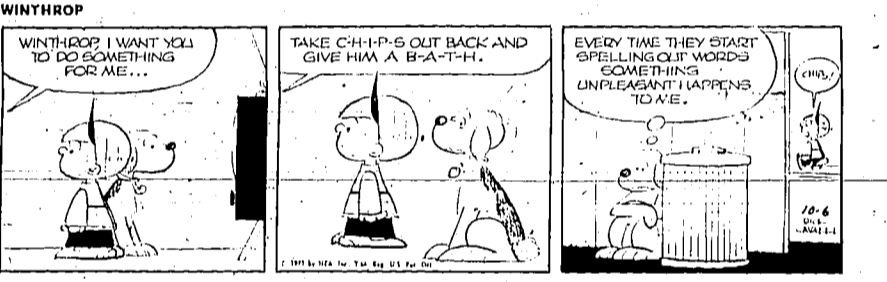

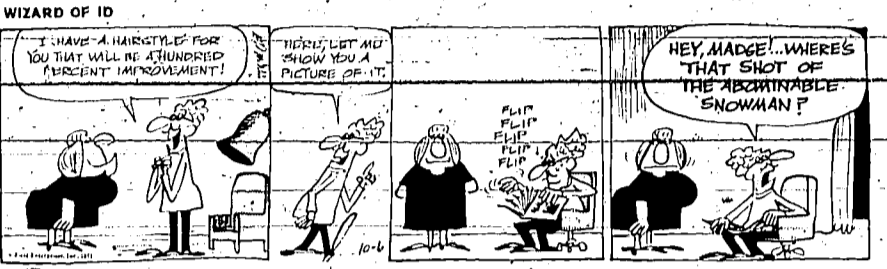

There is no interest to the play at three no-trump, but there is to five diamonds. North could have practically insured his contract by playing the 10 of spades from dummy at trick one. This would present a spade trick to the opponents but West would be forced to give back that trick with interest later in the play.

NEWSPAPER ENTERPRISE ASSN. CARD SCIENCE

The bidding has been:
West North East South
Pass 1♥ Pass 2♥
Pass 3♥ Pass 3NT
Pass Pass Pass

You, South, hold:

What do you do now?
A—bid three spades. Show that you have five spades.

TODAY'S QUESTION
Your partner continues to three no-trump. What do you do now?
Answer Tomorrow

REASON that snappy artist Paul Coranne painted more still lifes of pears than of apples is because he liked apples better. That's right. Every time he bought a sack of apples and pears, he arranged some in a bowl, promptly ate the apples, then painted what was left.

THAT VETERAN movie actor of yesteryear Joel McCrea - what, you've never heard of Joel McCrea? - got his start in the movies, teaching Rudolph Valentino - what, you've never heard of Rudolph Valentino? - how to ride a horse - come on, young fellow, you've heard of a horse!

HOW the chicken experts found this out I don't know, but they insist the hen is constantly tricked by her vision of food. Always, the kernel of corn or whatever is only half the size she thinks it is.

IF YOU JUST can't stand to touch pins, needles, knives, scissors, anything sharp, what you suffer from is belonephobia... ANY MAN who wears a brown suit is a cad, contended Sir Winston Churchill, solemnly... STUDIES at the University of Southern California show a preponderance of the servicemen who undergo courts martial are tattooed.

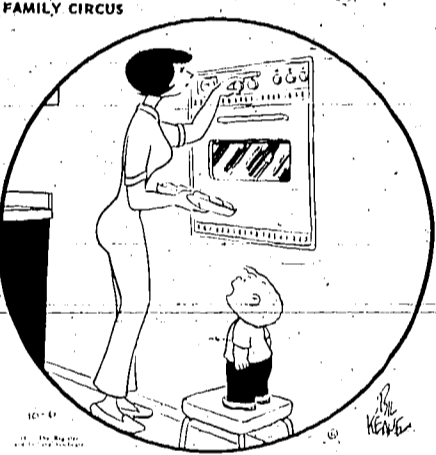

NO GAMBLING MAN who wants to quit smoking should overlook this technique. Take a deck of cards. Write a daily cigarette quota on the face of each. On a douce maybe six cigarettes. On a jack possibly no cigarettes before lunch. On an ace say no limit. Leave one joker in the deck. Shuffle well every morning, and draw a card, and abide by the instructions thereon. But when and if you draw the joker, that's it; you're through. A London doctor contends this method breaks down all your mental hangups about smoking. He claims you'll be absolutely ready to give it up by the time you draw the joker. Fascinating; if factual.

CUSTOMER SERVICE: Q. "Can you pop popcorn in a microwave oven?" A. Sir, popcorn was the first comestible ever cooked in one of those fancy devices. Just 21 years ago, one Dr. Percy Spencer put a paper bag containing uncooked corn kernels in his laboratory radar machine. Snap, crackle, pop, and the microwave oven was here.

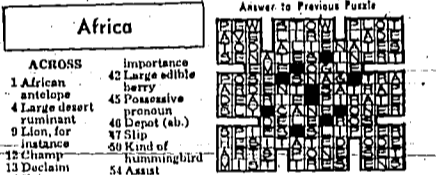

ABANDONED CHILDREN: Say the father takes off, and the mother is just left there with two youngsters, a son and a daughter. Question arises which of the two, the boy or the girl, is apt to be hurt the worst. No doubt about it, the boy. Daughters more readily switch loyalties. To uncles, cousins, boyfriends. But sons, more easily confused, live get angry. And stay that way, oftentimes. Or such was the judgment of Per Olav Teller of the Institute of Social Research in Oslo.

RAPID REPLY: No, sir, contrary to popular belief, Pennsylvania was not, definitely not named to honor its founder William Penn.

Migrations flood India

By TARA BAIG
London Financial Times-UPI
LONDON—How many people know that nearly 20 million refugees have poured into India since independence in 1947?

First, there was the mammoth migration of more than 9.5 million from West and East Pakistan at the time of partition. Then a further 8.5 million in 1964-65. And others—the Tibetan refugees numbering 60,000 in 1959, the Indians driven out of Burma, some 230,000 of them (not to speak of those from Ceylon and Mozambique who pressed into south India in waves that mounted eventually to 630,000 people).

The most recent migration into India has not ended, but threatens, according to warnings from the United Nations, and other agencies, to increase to ten or twelve million in the next months, and already totals an influx greater than the whole populations of Sweden or Canada.

Touring some of the refugee camps set up by the government of India in 1,500 sites in the four states that border Pakistan, India's prime minister, Mrs. Indira Gandhi, went among the refugees and told them they were India's guests but apologized for the meager nature of her hospitality. This "hospitality," however has cost India something like \$346 million as it is, and does not take into account all more than two million people who are living with friends and relations.

Though many countries, agencies and individuals all over the world have given a great deal, especially food and shelter and life-saving vaccines, the total aid from abroad, according to the figures of the government of India is not paying for refugee relief.

If this were not alarming enough, it looks as though another \$400 million will now be needed, if people threatened by famine in East Pakistan begin to migrate in large numbers. Since March 25 when the civil war started with the military crack-down in East Bengal, it is reported that crops have not been sown or harvested and the production of Pakistan's vital economic resources of jute and iron has been seriously affected. In the circumstances, hungry people, frightened people, desperate people from deep in the heart of East Pakistan may again spill over into India.

India perhaps has an unnatural patience with human calamities. A lot of experience, too, in the care of the dispossessed. There have been so many. But the Tibetan refugees have been maintained in India

for the last eleven years and to this day the government gives every refugee child 50 rupees (about \$5.50) per month and there are 6,500 such children.

Education of children, training for professions, marriage and cremation allowances have also been included in relief measures. These were permanent liability schemes in some cases, but on the whole migrations into India of the earlier years have been absorbed.

The problem is how many more can India accept with her own population already at the 300 million mark. In six months among the refugees from East Pakistan, UNICEF estimates another 100,000 babies will be born.

India was just on a threshold of economic self-sufficiency with good harvest, improved crops when the military action in East Pakistan ground out own development plans to a standstill. Many Indians ask why they have had to bear this burden, just because of an accident of geography. Many others are puzzled there is still so little real international understanding of what has happened.

Whatever the political questions may be, what is a reality is the presence of millions of hopeless people today on Indian soil.

India wants them to go back. But they are human beings, men, women and children. India will not force them to go, but equally it cannot afford to extend Indian "hospitality" for very much longer.

LEGAL NOTICE

NOTICE OF PUBLIC MEETING FOR PUBLICATION
Notice is hereby given by the State Advisory Council of Title III of the Elementary and Secondary Education Act of 1965, as amended, that a public meeting will be held by said Council, November 3, 1971, beginning at 9:00 A.M. in the Auditorium of the Southern Idaho College, in the City of Twin Falls, Idaho. Activities of each of the operating projects funded under this program will be discussed and there will be opportunity for anyone to express views concerning the administration and operation of this Title III program.

Any person having an interest in said projects, or this Title, is cordially invited to attend said meeting and to present oral or written expression thereon.

Dated this 28th day of September, 1971.

Mrs. Helen H. Werner, Executive Secretary
ESEA Title III
State Advisory Council
PUBLISHED: Oct. 6, 1971.
