## Giant welfare fraud?

SACRAMENTO, Calif. (UPI) — Reagan administration officials report their controversial new double-check of welfare recipient earnings discloses a 41 per cent rate of apparent fraud in the needy children's program.

The figure was based on the first statewide returns of the computerized "earnings clearance system," which cross-checks a recipient's report of his pay against unemployment compensation records filed by his employer.

State Social Welfare Director Robert B. Carleson expressed surprise that the rate of apparent fraud was so high and said it may represent only the "tip of the iceberg."

The Welfare Department arrived at the initial conclusion based on 8,788 cases statewide in Aid to Families with Dependent Children program (AFDC). They constituted the top 10 per cent of wage earners who received AFDC last October, November and December.

Of those, 3,709 cases—or 41 per cent—were found to have been paid excessive grants averaging about \$490 per case in the three-month period, he said. Overpayments statewide totaled \$1.8 million.

The full AFDC caseload ranged from 449,835 families in October to 437,231 in December.

The Golden Gate Welfare Rights Organization had blocked implementation of the "earnings clearance system" for months in the courts and

only now have the first statewide results been processed—and those partially.

Golden Gate contended that the process, a key feature of Gov. Ronald Reagan's welfare reform program, violated both federal law and a recipient's right to privacy. The state Supreme Court last week gave the administration the final go-ahead to proceed.

## Columbus Day snag

SAN FRANCISCO (UPI) — If the original Santa Maria had had the trouble its tiny replica had in San Francisco Sunday, it probably never would have made it.

The scene was the famous Columbus Day parade. Everything was going well until the mainmast of the Santa Maria float snagged on an overhead line of flags.

First someone tried to cut the flag line with Columbus's sword, but the blade was too dull.

Finally a man climbed up a ladder and held the line up with a broom and the ship rolled through.

## Viet war pow-wow extended

PARIS (UPI) — Presidential adviser Henry A. Kissinger held a second day of secret negotiations with the North Vietnamese today, talks that have reached a "sensitive" stage in the quest for peace in Vietnam. The White House said there would be an unprecedented third meeting on Tuesday.

Presidential Press Secretary Ronald L. Ziegler refused any comment in Washington on whether the fate of South Vietnamese President Nguyen Van Thieu was the main snag holding up agreement. The Communists have demanded Thieu's ouster. Thieu in the past has refused.

Kissinger was accompanied by Maj. Gen. Alexander Haig, his deputy who has just returned from Saigon and secret talks there with Thieu. They were meeting with Le Duc Tho, a member of the North Vietnam ruling Politburo, who has recently visited Hanoi, Peking and Moscow; and with Xuan Thuy, the No. 1 Hanoi negotiator in Paris.

Both American and South Vietnamese sources in Saigon said Friday that a plan was under discussion which would permit Thieu to step down in favor of Sen. Nguyen Van Huu, speaker of the South

Vietnamese senate and a former law partner of Nguyen Huu Tho, an official of the Viet Cong "Provisional government."

The sources said the plans also called for total U.S. withdrawal; withdrawal of North Vietnamese forces from South Vietnam; and the freeing of American prisoners of war. There also would be a Communist promise to negotiate seriously in Paris, the sources said.

The South Vietnamese and Americans dismissed the Saigon reports as "speculative."

Ziegler, at a news briefing today, refused to characterize the Paris talks in any way and refused comment on whether there had been any change in the U.S. position. The United States has supported Thieu and rejected Communist demands he be ousted.

"We would anticipate a third day of meetings but I will have to wait to hear (from Kissinger) before I can confirm it," Ziegler said. He said it was "very unlikely the talks would go into a fourth day, meaning that Kissinger and Haig would return to Washington Tuesday night to brief President Nixon."

Later, it was confirmed that a third day of talks would be held Tuesday.

## Buhl trucker killed

BUHL — A Buhl truck driver was killed early Sunday morning in the collision of two trucks on Interstate 15, four miles south of Pocatello.

The victim, Ronald Rex Johnston, 21, was reportedly en route to Kemmerer, Wyo., operating an empty truck and trailer for hauling automobiles. He was employed by the Cady Auto Co., Hagerman, where he had been working as a truck driver for about two months.

According to United Press International reports of the accident, the Cady Auto Co. truck collided with a Pierce Trucking Co. vehicle driven by Thomas C. White, 41, Joliet, Mont. The driver was not injured. A relief driver, Gordon Gage, Shoshone, was in the sleeper of the Hagerman truck and escaped with minor injuries.

State Patrolman Richard Humphreys said Johnston died at the accident scene.

The death was one of four traffic accidents this week end in the Gem State. The deaths brought the state toll to 259, 14 more than the same time last year. Other victims included Robert E. Ericsson, 24, American Falls; Joyce R. Crockett, 29, Boise and Nancy Sae Taylor, 19, McCall. All died in separate accidents around the state.

Viet ranger aids wounded man in battle for hamlets 10 miles from Saigon. (UPI)

## Hawaiians get pact on docks

HONOLULU (UPI) — Striking longshoremen announced Sunday night they had reached agreement with one of the major shipping lines serving Hawaii with its first major dock strike since 1949.

Robert McElrath, regional director for the International Longshoremen's and Warehousemen's Union, said pickets would be removed from Seatrail Lines' wharfs. They will remain on other docks in Honolulu harbor.

McElrath said Seatrail workers would vote today on the new contract which union sources said covered all the major H.W.U. demands.

The union called the strike early Sunday when negotiations collapsed.

Hawaii residents, who watched as supplies dwindled during the West Coast dock strike, wasted no time in rushing to stores to purchase rice and toilet paper.

Rice is the major staple of the state's predominantly non-Caucasian population and toilet paper became extremely scarce during the West Coast dock strike.

Although store managers pleaded, "Tell the people please don't hoard," housewives were afraid prices would skyrocket if supplies became scarce.

Mediators met with both sides Sunday, but there was no word of progress on such issues as wage increases.

Mr. T-N says  
Pretty soon the US may decree that all famous persons must be born on Monday to simplify holidays later.

## B-52s kill 88 people by mistake

PHNOM PENH (UPI) — U.S. B52 bombers accidentally killed 88 Cambodian villagers Sept. 27 when the giant Stratoforters leveled civilian hamlets inside the Chup rubber plantation, military sources said today.

The sources said it was "obviously a mistake. Those hamlets were very clearly designated as non-target civilian areas on all military maps."

Although earlier in the war the Chup plantation, 72 miles northeast of Phnom Penh, was well-known as a sanctuary and supply base for North Vietnamese troops, recent military intelligence reports indicated that the Communists have long abandoned the area.

Heavy bombing raids were carried out in northeastern Cambodia for four straight days in late September.

According to the U.S. command in Saigon the raids were aimed at "enemy troops and lines of communication" but spokesmen refused to specify targets or say how many missions were involved.

## Viets grab Saigon suburb

SAIGON (UPI) — South Vietnamese troops recaptured a hamlet 10 miles north of Saigon from Viet Cong guerrillas but Communist soldiers clung to at least three other hamlets near the capital despite intensified air strikes including B52 bomber raids, field reports said today.

Answering the threat to the South Vietnamese capital, U.S. commanders ordered heavy bombing missions over North Vietnam and concentrated Sunday's strikes around the port of Vinh. U.S. warplanes flew 310 tactical air strikes across the North and B52s—as reported Sunday—hit within 10 miles of Vinh in their deepest raids over the North in six months.

The U.S. command disclosed the loss of two more American planes in the war including one shot down by a surface-to-air

(SAM) missile over North Vietnam and added four more airmen to the list of U.S. servicemen missing in action. Spokesmen also reported that a U.S. Air Force jet Sunday shot down a North Vietnamese MIG21 fighter over the North.

Military sources said more than 150 Communist troops were killed Sunday in fighting along the Saigon River north of the capital, at least one-third of them by air strikes. Four government soldiers were known dead and nine wounded in the fighting. Fighting around the capital Sunday was reportedly the closest in 3½ years.

Field reports said government Rangers Sunday pushed Communist soldiers out of the hamlet of Thanh Quy, 10 miles north of Saigon on Highway 13, after three days of fighting. The highway has been cut at

Phu Quang, a province capital 13 miles north of Saigon.

The U.S. command said 57 B52 bombers dumped an estimated 1,710 tons of explosives over North Vietnam in the 48 hours ending at noon today.

Three of the missions hit 10 miles southeast of Vinh while the others concentrated on supply caches hidden eight to 20 miles from the port of Dong Hoi, 38 miles above the Demilitarized Zone (DMZ) separating the two Vietnams.

Government spokesmen identified the three South Vietnamese hamlets known to be in Viet Cong hands as Xom Suoi, An Hoa and Phu Khanh. Field reports said most of Xom Suoi was destroyed during the weekend and its residents fled south with their belongings on their backs.

Military sources said more

than 1,000 Communist troops were believed killed in three days of fighting along Highway 13. No estimate of South Vietnamese losses was available.

Military sources said government militiamen early Sunday were forced to abandon an outpost at Phu Trung, 17 miles north of Saigon. The Viet Cong were in control of three hamlets in the same region, government spokesmen said.

The U.S. command ordered five overnight B52 bomber missions as close as 21 miles north of Saigon. A37 "Dragonfly" and F5 "Freedom Fighter" jets also struck Viet Cong positions in marshlands along the Saigon River.

Navy pilots touched off 20 minutes of secondary explosions in an attack on a truck park 35 miles northwest of Vinh.

## Younger Chinese leaders?

By United Press International  
Premier Chou En-lai says China must turn to the nation's youth for new leaders to replace himself and Chairman Mao Tse-tung. He specifically named the chief editor of the People's Daily—Yao Wen-yuan.

Chou spoke to a group of 20 American newspaper editors in Peking Saturday in a 3-1/2 hour interview. J. Edward Murray and Don Carter of the Knight Newspapers today gave details of what Chou told the American Society of Newspaper Editors members who are on a 23-day visit to China.

They said Chou "talked of many things...but what seemed to interest him most was the question of who will succeed Chairman Mao and himself. He returned to the subject repeatedly, always stressing the need for younger men to replace the present aging leadership."

Chou is 74 and Mao 78. Murray and Carter said "he mentioned one name which stood out like a lighthouse in a fog of history and reminiscences about old comrades, now sick or going blind or already dead."

Yao Wen-yuan, whose editorials in a Shanghai newspaper sparked the Cultural Revolution, is a member of the Central Committee, the Politburo and has been chief editor of the People's Daily since March, 1967. Chou described him as a member of the "over 30" group. His exact age was not available but he has been a writer since 1951.

YAO WEN-YUAN  
Mao's replacement?

## Ex-Burley chief dies

BURLEY — A. Sterling Clark, who served as Burley's chief of police for eight years four decades ago, died Saturday. He was 84.

Clark, born in Farmington, Utah, in 1888, was Burley's chief of police in the late 1930's and early 1940's. Following the police job, he ran the state liquor dispensary until he retired 15 years ago.

Funeral services will be conducted Wednesday at 1 p.m. (See Obituary, Page 2)

## Race busing test nears

WASHINGTON (UPI) — Senate busing forces this week try to beat a deadline for congressional adjournment and pass over the opposition of a liberal bloc a tough anti-school busing bill that was approved by the House in August.

The Senate scheduled debate on the issue today, and no one disputed the claim of Sen. Robert P. Griffin, R-Mich., that there were probably 55 votes for the bill in the 100-member chamber. However, Griffin and his forces apparently lacked the two-thirds majority needed to shut off a liberal-led filibuster designed to keep the measure

from coming to a vote.

Prolonged debate could doom the bill, because congressional leaders hoped to wrap up business and adjourn for the year by this weekend. The Senate anti-busing bloc hoped for help from President Nixon, although they had been unable to get Nixon to meet with lobbyists working for their cause.

The House-passed bill would block long distance transportation of pupils as an integration tool and permit reopening of busing cases decided by court decree in the past. Senate supporters of the

measure pointed to nationwide polls showing that a majority of Americans oppose treating children as "chattels" in the desegregation struggle and argued Congress would be thwarting the will of the people by not doing anything about it.

But foes said enactment of an antibusing law would "heat up" simmering racial tensions and reopen wounds that have begun to heal in hundreds of communities where integration has been at least partially achieved.

A vote on a cloture petition to shut off debate—filed before it even began—was set for

Tuesday, to be followed by more cloture votes on succeeding days if necessary.

Nixon supports the bill, although it goes one step further to curb busing than he proposed last March. It would permit busing only as a last resort to desegregate schools, and then only allow children to be transported as far as the second nearest school to their homes.

Nixon proposed the "second nearest school" approach only for elementary school pupils.

Griffin told reporters Friday he expected "strong support" from Nixon on the issue.

# Top domestic issues 'left'

WASHINGTON (UPI)—Congress hopes to end its 1972 session this week but before it does it will have to deal with what President Nixon calls "the major domestic issue" of the election—the plan to put a lid on federal spending.

Nixon wants Congress to set a limit of \$250 billion on

spending for the fiscal year that started July 1. He has argued the limit is necessary to prevent inflation.

In a Saturday radio address, Nixon pledged that if he is re-elected there will be no tax increase during his second term unless Congress enacts "budget buster" spending programs over his veto.

Sen. George S. McGovern has branded Nixon's demand for the spending limit as a request for a "domestic Gulf of Tonkin" resolution. McGovern said Nixon's maneuver was an attempt to "blame his record \$85 billion in budget deficits on the Congress."

Congress hopes to adjourn by Saturday, allowing its members who are up for re-election to go home to campaign. But the spending limit issue and some other knotty problems could prevent the adjournment.

And the chances for a post-election lame duck session—abhorred by both parties—have grown stronger.

## Earth's tilts

SACRAMENTO, Calif. (UPI)—Three "tiltmeters" developed by the aerospace industry have been installed adjacent to the San Andreas fault in a new program aimed at earthquake prediction.

The tilmeters, obtained from North American Rockwell's Autonetics Division in Anaheim, record earth tilt on both a north-south and east-west axis. Even a very small change can be recorded for study of the amount and direction of earth tilt. The project is sponsored by the California Division of Mines and Geology.

### Tom Batis

HAILEY — Mass was celebrated today for Tom (Tommy) Batis, 72, Hailey, who died Friday at Moritz Community Hospital of a long illness.

Born Dec. 16, 1889, at Fruniz, Spain, he moved to the United States in 1919. He worked for Gloria and Pete Batis for a number of years in the Ketchum area as a bartender. Then he moved to California, returning to the Hailey area to tend bar until ill health forced his retirement.

Survivors include one son, John Batis, Tremonton, Utah; two brothers, Pete Batis, Ketchum, and Hilario Batis, Spain; three sisters, Josefa Batis, Anoresa Batis and Ageda Batis, all Spain; and seven grandchildren.

Rosary was recited Sunday evening at the Bird Funeral Home, Hailey. Mass was celebrated this morning at the St. Charles of the Valley Catholic Church, Hailey, with Father J. M. Gebhardt officiating. Interment was at the Ketchum Cemetery under the direction of Bird Funeral Home, Hailey.

## Funeral Services

TWIN FALLS — Services for Mrs. Goldie M. Bossard will be conducted at 2 p.m. Tuesday at White Mortuary Chapel. Final rites will be at Sunset Memorial Park.

BUHL — Services for Melvin Ewell will be conducted at 2 p.m. Tuesday in the Buhl Nazarene Church. Burial will be in the Buhl Cemetery.

BURLEY — Graveside services for Ray Lynn Countryman will be conducted at 2 p.m. Tuesday in the View Cemetery.

### Blaine County

#### Admitted

Arne Prieststad, Bellevue; Mrs. William Haack, Hailey; Betty Wood, Twin Falls.

#### Births

A son was born to Mr. and Mrs. William Haack, Hailey.

#### Island Grows

Ellis Island, the abandoned immigration center in New York harbor, originally measured 3½ acres. Nineteen of its present 27½ acres is ballast dumped by ships from all over the world.

### A. S. Clark

BURLEY — A. Sterling Clark, 84, Burley, died Saturday at Minidoka Memorial Hospital of a lingering illness.

He was born March 19, 1888, at Farmington, Utah, the son of Amasa Lyman and Alice Steel Clark. His father owned a bank at Farmington, and lived to be 103 years old and rode a bicycle to work daily until the time of his death.

Clark married Nellie Spargo in 1910. They were later divorced. He married Marie Proudfit in 1935 in Burley. She preceded him in death in May, 1970.

Mr. Clark farmed in the Golden Valley area for many years. He was noted for his singing voice and sang at many events and funerals in the community.

He served as Burley Police Chief for eight years in the late 1930s and early 1940s. He also operated the state liquor dispensary in Burley until he retired 15 years ago.

He was a member of the Burley Masonic Lodge.

Survivors include one daughter, Mrs. Dorothy Gano, Juneau, Alaska; two grandsons, Garis Clark Robertson and Dennis Robertson, both Burley, and three other grandchildren in Alaska. He was preceded in death by one daughter, Mrs. Alice Robertson, in 1965.

Funeral services will be conducted at 1 p.m. Wednesday in the McCulloch Funeral Chapel with Masonic Lodge officers officiating. Masonic graveside rites will be held in the Pleasant View Cemetery. Friends may call at the McCulloch Funeral Home Tuesday afternoon and evening and Wednesday prior to the time of services.

### Tony Hunt

HAILEY — Tony Benjamin Hunt, infant son of Mr. and Mrs. Duane Hunt, Hailey, died at birth Saturday at Moritz Community Hospital.

He is survived by his parents and one brother, Jack Hunt, all Hailey.

His father is an employee of Varsity Cleaners.

Funeral services are pending and will be announced by Bird Funeral Home, Hailey.

### Frank Lamb

KING HILL — Frank Lamb, 81, King Hill, died Saturday at his home, apparently from natural causes. Services are pending and will be announced by Smith Mortuary, Mountain Home.

# Press freedoms review asked

NEWARK, N.J. (UPI)—Reporter Peter Bridge spent Columbus Day in jail while his lawyers prepared papers asking the U.S. Supreme Court to review its controversial ruling on constitutional freedoms of the press.

Bridge was jailed Wednesday after the high court refused to grant him a stay. He was sentenced to an indefinite term in the Essex County Jail for contempt of court because he refused to answer several questions posed by a county grand jury probing the Newark Housing Authority. He argued he might be revealing confidential sources if he answered.

Superior Court Judge Curtis Meanor told Bridge he must stay in jail either until he talks to the panel or until the grand jury's term expires. It is scheduled to expire Oct. 30, but it could be extended.

Prosecutor Joseph Lord said he expects the panel to meet before that date, and that he hopes it will complete its work before the end of the month.

Edward J. Gilhooly, the attorney for Bridge, who was employed by the now defunct Newark Evening News, said he hopes to test Supreme Court rulings that a reporter may be required to answer grand jury questions about criminal matters.

## Valley Briefs

JEROME — The Jerome Civic Club will hold a potluck lunch at 1 p.m. Tuesday at Heritage Home. A political program will follow the luncheon.

TWIN FALLS — The date was inadvertently omitted from the Episcopal Thrift Shop "Dime-A-Dip" luncheon and fashion show story in Sunday's paper. The event is set for 12:30 p.m. Saturday in the Episcopal Auditorium.

DECLO — Awards and badges were presented to members of Declo Cub Scout Pack 27 Friday evening at Cassia East LDS Stake Cultural Hall. Skits were presented.

BURLEY — The Magic Valley Association for Retarded

Children will meet Tuesday at 8 p.m. in the Miller School in Burley. Sen. Robert Saxvik, D-Burley, is arranging for a member of the State Department of Education to discuss guidelines for implementing a mandatory special education legislation passed last year. All parents of handicapped children are urged to attend.

## HUGH E. PHILLIPS

Manager

## Question...

My wife and I carry a waiver card that you are to be notified if we die away from home. Would you consent to contact other members of our family should this happen?

## Answer...

Around the clock there is always someone in our Funeral Home answering the telephone and making any calls required to accommodate those we serve. It would be very practical and no problem for us to have a list of those to be notified should anything ever happen to you or any member of your family.

It has been our policy for many years to telephone the out of town family and friends of local people who have arranged the details of their funeral services with us. Expanding this policy to accomplish our purpose would require only that we have a list of those you want contacted. This seems a reasonable and prudent thing to do — we will cooperate in any way possible.

## OVERCOME EVIL, OR IT WILL SURELY ENSLAVE YOU.

In every human being there is a Divine Spark that yearns for growth and expression. We long to be the creatures that God intended us to be, and the Divine Spark urges us to draw closer to our Creator. Without this growth, we cannot enjoy life in full.

Prayer is a privilege that no one can deprive you of, nor deny you. It is a free gift to all mankind, and is the open door to DIVINE GUIDANCE, forgiveness, and strength to overcome evil, that we daily need to conquer harmful habits and other evil.

The forces of evil are determined to destroy God's creation, but without DIVINE GUIDANCE, and love for neighbors and enemies, mankind could perish from the earth. God creates, evil destroys.

It is God's will, and your purpose in life, to help Him establish peace and brotherhood on earth, among all men and nations. History proves that centuries of wars and bloodshed, have not brought peace to mankind, and they never will, for hate, intolerance and violence are evil, and contrary to God's Divine Laws.

Alienated from God, your life has no purpose or meaning. Wisdom is to seek God and do His will. Worship God with good deeds, rather than by formal rituals. Seek His DIVINE GUIDANCE daily, for that is your greatest need, and you will find happiness.

To question God's ability to answer your sincere prayers for strength to overcome evil, is to doubt His existence.

KING HILL — Frank Lamb, 81, King Hill, died Saturday at his home, apparently from natural causes. Services are pending and will be announced by Smith Mortuary, Mountain Home.

## Senior center displayed

TWIN FALLS — About 400 persons turned out Sunday for the open house at the new Twin Falls Senior-Citizens Center.

Twin Falls Mayor John Christofferson and Twin Falls County Commissioners William Chancey and Merl Leonard, and Wil Overgaard, deputy director of the Idaho Office on Aging, were among those present.

The local senior citizens have spent several weeks preparing the house at 421 Second Ave. West for the opening. According to coordinator Lorna Bolton, walls and floors were cleaned, and parts of the house, as well as the garage, were painted. In addition, yard work was done to tidy up the grounds.

Mrs. Bolton also said the center is in need of card tables and folding chairs. Anyone willing to donate them may call her at 734-5084. She said the senior citizens could arrange to pick the items up.

BATTERED SAFE from the King of Harts Club in Castleford is inspected by Deputy Sheriff Harold Jensen. Officers say two burglaries from Castleford are under investigation. Thieves took about \$530 in checks and cash from the safe after pounding it open.

## Japan to beef defense

TOKYO (UPI)—Japan decided today to spend \$15 billion in the next five years to beef up its defense forces with domestically made aircraft and other military hardware.

The amount will be more than double the sum Japan spent for the third five-year defense program which ended March 31.

The decision also meant that the United States lost a chance to sell 169 jet trainers and ground support planes worth about \$493 million.

The Finance Ministry had wanted to purchase American jets in order to ease Japan's heavy trade surplus with the United States. The Self-Defense Agency, however, insisted on developing aircraft in Japan and said it had already spent \$25 million in research.

The new defense budget must be approved by the Diet but its passage is certain because Prime Minister Kakuei Tanaka's ruling Liberal Democratic party holds the majority in both houses of parliament.

## Country music jamboree tonight

TWIN FALLS — The benefit Country Music Jamboree, sponsored by the Southern Idaho Country Music Association, is set for 8 p.m. tonight at the CSI Fine Arts Center.

Proceeds will go to the Salvation Army, the Twin Falls County Humane Society and the Snake River Lions Club.

Tickets can be purchased at Helen's Record Shop, any jamboree participant or at the door before the show. Musicians from throughout Magic Valley will be participating in the event.

## Tagalongs

NEW YORK (UPI)—Husbands from lower income families are more likely to accompany their wives to the supermarket than those from higher income families, according to the Bureau of Advertising of the American Newspaper

Publishers Association. In families with incomes of \$10,000 or more, 26 per cent of the working wives and 15 per cent of the full time homemakers reported their husbands accompany them most of the time when shopping.

that he virtually lived in a code room around the clock during that first week in December, 1941, and he vehemently maintained his stand that the 14 crucial messages he fielded did not indicate war, but only a break in Japanese-U. S. diplomatic ties.

A native of Worcester, Mass., he graduated from Annapolis in 1925, served as an attaché at the U. S. Embassy in Tokyo, and was assigned to destroyers

out of Honolulu. In 1938 he was assigned to Washington as a cryptographer in the intelligence division decoding secret messages.

He told a Pearl Harbor board of inquiry in February, 1946, that he had seen 14 messages sent from Tokyo to the Japanese Embassy in Washington, but reiterated that the 14th and most crucial message did not indicate war.

As head of Japanese translators in Navy intelligence, he testified that he had not seen

## Officers seek burglars

CASTLEFORD — Sheriff's officers in Twin Falls County are investigating two burglaries in Castleford, one of them involving a safe cracking.

Deputies reported the King of Harts Club was entered sometime early Saturday morning or late Friday night when a back door was broken open. Thieves rolled a small safe to the back of the building and broke it open with a heavy hammer and other instruments.

Officers said the front of the safe was battered open and about \$530 in cash and checks taken.

Included was \$150 in cash and checks for the Idaho Fish and Game Department for license purchases. Nothing else in the building was bothered.

Earlier someone forced open the front door of the County Corner Grocery store and took a large quantity of merchandise.

Officers said exact amount of the loss is not known but the store owners report beer, tobacco, cigarettes, food items, games and other supplies were taken.

that final message until after Dec. 7, 1941 and the translation was made by his watch officer and not himself.

Funeral arrangements include plans for burial at Arlington National cemetery.

## Trailer case waits for suit

BOISE (UPI)—The Idaho human rights commission says it will keep open a case on equal wages concerning Kit Manufacturing pending the outcome of a case in Fourth District Court.

Kit filed the suit against the commission and the State Department of Labor asking that the court declare that the state's female protective law has been superseded by another statute.

The commission earlier received a complaint that men in the trailer and camper manufacturing plant were being discriminated against because they were not covered by overtime provisions in the female protective law.

## Servicemen

WENDELL — Dr. (First Lt.) Dennis E. Nielson, has completed an eight week medical service corps officer basic course.

He is stationed at the Medical Field Service School, Brooke Army Medical Center, Ft. Sam Houston, Tex.

Dr. Nielson is the son of Mr. and Mrs. Earl T. Nielson, Wendell. He is a 1968 graduate of Wendell High School. He received his O. D. degree in 1972 from Pacific University, Forest Grove, Ore.

During the medical course, he received training in military law, unit administration and management, medical supply principles, preventive medicine, and emergency medical care procedures.

## Filer man hurt on motorcycle

TWIN FALLS — Norman Finstad, 28, Filer, was injured Sunday evening in a motorcycle accident in south Twin Falls.

Finstad was listed in fair condition this morning at Magic Valley Memorial Hospital with multiple injuries. City police said his motorcycle was traveling north on Blue Lakes Boulevard South when it swerved to the side of the roadway and went out of control.

It traveled 158 feet, hit a power pole and skidded another 50 feet.

The driver was thrown from the vehicle.

City officers said damage to the cycle was \$400. The accident occurred south of the Idaho Power Co. maintenance building and just inside the city limits at 7:30 p.m.

## McClure begins 'pressing flesh'

By United Press International Congressman James McClure was scheduled to start his "person to person campaign" today as a Republican Senate candidate by taking a three-week swing through the state by chartered bus.

"The most effective way to campaign in Idaho is on a person to person basis," McClure said. "The Idaho voter is not impressed by slick advertising campaigns, and only with close personal contact with the voter can a candidate for public office expect to gain the confidence necessary to win in November."

In other political activity, over the weekend the Idaho Environmental Council gave its endorsement to Democrat Ed Williams for First District U. S. representative, passing over Republican Steve Symms.

IEC Vice President John Barker said in Lewiston that the endorsement "means that environmentally Williams is a better candidate than Steve Symms."

Barker said Williams had previously sponsored stream bed

legislation in the Idaho Legislature and supported other environmental programs.

Joe McCarter, chairman of the State Democratic Central Committee, said Sunday that columnist Jack Anderson labeled in a magazine article Rep. James McClure "one of the 17 worst and most ineffective members of Congress."

# HEAT WITH OIL

## The safe, Economical Hot Heat Is Your Home Heating System "Fail Safe"?

BE SAFE HEAT WITH OIL

Under ideal conditions, most methods of central home heating are safe under normal use. But should abnormal conditions, leaks or malfunctions develop, you want a home heating fuel that won't raise the roof! This danger is something you can forget when you heat your home with modern, safe Oil Heat — the HEAT POWER way to adequate home comfort AND peace of mind. Fuel Oil gives you HOT HEAT, 40% MORE heat power available to you even in the COLDEST weather, with no low pressure pilot-light flameouts! With modern Oil Heat, there's never any danger of explosion or fire because fuel oil can't ignite until it's converted to a burnable mixture under conditions, like those found in your modern oil fired furnace. Keep safe, use modern Oil Heat, the clean, automatic HOT HEAT you can trust!

BE ECONOMICAL HEAT WITH OIL

## Oldest American skeleton located

EL CENTRO, Calif. (UPI)—A person who died about 20 centuries ago and was buried beneath a pile of rocks appears to have provided scientists with the oldest human skeleton found in the Western Hemisphere.

Preliminary dating by the carbon-14 process has established a tentative age for the skeleton of 21,500 years, Morlin Childers, 54, said Sunday.

Childers is an amateur archeologist, praised by professionals for his skills, who has been conducting research in the Southern California desert.

He found the skeleton in a ravine in the Yuha Desert about 30 miles southwest of here, and about half a mile from heavily-travelled California 98.

Childers said that when he sighted the pile of rocks "I knew they had to have been placed there by man, not nature."

He dug and found the

skeleton about 14 inches below the surface, Childers said.

The oldest known human skeleton found in the Western Hemisphere before Childers' discovery was one located in Peru that was dated at 17,500 years old.

A human bone found in Los Angeles' La Brea tar pits was tentatively classed as being 23,000 years old, but lack of sufficient material prevented a conclusive determination.

Childers' discovery, together with the La Brea bone and other recent finds, has pushed back the estimated time of the arrival of men in the Western Hemisphere from Asia to a period thousands of years earlier than scientists had thought.

Most of the skeleton is now at the anthropology laboratory of the University of Arizona in Tucson where researchers are attempting to determine the age, sex and details about the living conditions of the person.

## COMMENT

### Dated Ordinance

Lewiston Tribune  
Lewiston astrologer Kenneth Hopkins said he felt peculiar vibrations when a Lewiston Police Department undercover agent called to inquire about purchasing Hopkins' services and thereby testing Lewiston's old law against the practice of astrology.

Anyone in the habit of feeling peculiar vibrations while talking on the telephone should have his receiver checked for a possible short.

But neither Hopkins nor the city should have to go to the expense of a court case to test the legality of an ordinance that bans a generally harmless practice.

A faint-hearted Lewiston City Council has caved in to the public pressure of a vocal handful of fundamentalist ministers and refused to do away with the old law.

Hence the undercover agent getting in touch with Hopkins.

False sciences like astrology

should be licensed and regulated to prevent some big time operator from bilking the gullible out of unreasonable amounts of money. But as long as there are regulations to keep the fees within bounds, many people will get their money's worth in entertainment by paying Hopkins to tell them fairy tales about their personality and the cosmic forces. The fact Hopkins actually seems to believe all that business means only that he is sincere, not that he is a public menace.

As long as he doesn't overcharge, where's the harm? There are better uses for taxpayers' money than taking him to court to defend an archaic ordinance. No one is asking the fundamentalist ministers of the city council to become Hopkins' customers. They are simply being asked to live and let live. That is both the Christian and the democratic way. — B.H.

### Offending Towers

ChristianScienceMonitor

It's surprising that none of those who saw the original plans thought of it before: that the high-rise towers going up on the fringe of Paris would spoil one of the world's most magnificent views.

The skeleton outlines of those towers are beginning to sprout against the skyline and the tallest of them can be seen beyond the Arc de Triomphe as you stand in the Tuileries Gardens and look up the Champs Elysees.

The skyscrapers are part of the new ultramodern office and apartment complex being built at La Defense. Renovating this once shabby quarter was a cherished project of Charles de Gaulle, but apparently even he never suspected what the towers would do to the Paris skyline.

Goaded from all sides by dismayed Parisians, government

and city officials are pondering how to make good their mistake. They are faced with three alternatives. The most drastic solution would be to tear down the highest and most offensive of the towers. Less radical but difficult and expensive to execute would be to decapitate the towers already built above a certain level. A third possibility would be to fit the towers with reflective glass as is being done with the new John Hancock building in Boston. This neutral-toned glass would reflect the natural surroundings and thus blend with the skyline and not jut out against it.

It's a dilemma that the city planners surely could have avoided with a little more foresight. Now all we can do is hope they will come up with a solution that will be both aesthetic and practical.

### Revenue Use

Idaho State Journal

It is apparent that the first installment of federal revenue sharing funds coming to the city of Pocatello will not do much more than offset a projected deficit of \$415,000 in the current budget.

CITY MANAGER Charles Moss says he "gambled" that revenue sharing would become a reality when he prepared the budget. While it may not have been much of a gamble, given the pressures of election year on Congress, nonetheless Pocatello seems to be ahead of some other places in planning the best use for the extra revenue.

The city, of course, has been strapped in recent years and is closed up against the statutory taxing limit of 60 mills. Without revenue sharing, it would have been necessary to borrow at the end of this year against anticipated revenue.

The city expects to receive about \$583,710 in general revenue sharing, half of that this month and the balance next spring. It is expected that the federal largesse will be expended at the rate of about 1.6 per cent annually during the next five years. That offers several possibilities for the future. Discussions among city councilmen have ranged over trimming property taxes, providing raises for city employees, building a new community center perhaps with a swimming pool, developing recreation facilities for minority groups, hiring more policemen, beefing up the building department, redeveloping the business district, and providing minibus service. Spending the added

money, which amounts only to seven or eight per cent of the budget. And that is the rationale behind revenue sharing, to ease the great revenue pressures on local governments. (Overlooking the great revenue pressure on the federal government, which never seems to worry about a sea of red ink.)

By contrast, Bannock County may be able to effect some savings, and reduce property taxes when it receives its expected slice of about \$500,000 in revenue sharing funds. County commissioners haven't looked very far ahead, but have speculated that the long-term contract on voting machines could be paid off, saving a bundle.

The Pocatello School District will receive nothing directly from revenue sharing, which is unfair in a way since many schools in other parts of the country are municipally-operated and thus will benefit. However, Idaho schools may share indirectly if the State of Idaho disperses part of its \$10 million in revenue sharing to the local districts.

LOCAL AND STATE government will inherit greater responsibilities along with the added funds. So far here, there is evidence of serious thinking at city hall, and little sign of any planning at all at the courthouse.

If the taxpayers are to believe that local governments hard-pressed to provide public services, then they deserve some evidence that public officials are examining priorities and getting every dollar's worth from the revenue sharing funds.

ROBERT ALLEN

## Rights Of The Soviet Jews

WASHINGTON — Some of the Senate's most grandiloquent champions of human rights and freedom are seemingly having a hard time matching their deeds with their words.

Foremost among them are Sens. Humphrey, Kennedy, Muskie, Charles Percy, R-Ill., Edward Brooke, R-Mass., Robert Taft, R-Ohio, Clifford Case, R-N.J.

Their singular pussyfooting is a fascinating backstage story.

As so often happens when

Congress is noisily stampeding toward adjournment, the most significant and dramatic events transpire out of sight. A graphic instance is the liberals' unpublicized behind-the-scenes temporizing on an issue that directly challenges the validity and sincerity of their loudly professed convictions.

Their apparent discomfiture arises from an amendment being sponsored by Sen. Henry Jackson, D-Wash., to the East-West Trade Relations Act which

faces renewal next year. The amendment won't be considered until then. But in preparation for that legislative battle, Jackson, one of the most astute and forceful parliamentarians in Congress, has offered his amendment at this time to build up support for it — in and out of Congress.

For that purpose, his strategy is to line up as many bipartisan co-sponsors as possible.

So far, he has nearly one-half of the Senate — a truly

remarkable achievement in the view of the sensitive nature of Jackson's amendment. What it does is add a new section to the East-West Trade Act barring "most-favored-nation treatment unless that country permits its citizens the opportunity to emigrate to a country of their choice."

This proposed provision is aimed squarely at Russia — and its iron-handed treatment of Jews who want to go to Israel and other lands.

Strikingly missing as yet from the list of co-sponsors of Jackson's blunt showdown amendment are loudly vocal liberal Sens. Humphrey, Kennedy, Muskie, Percy, Brooke, Taft, Case — and others.

The list of those joining Jackson as co-sponsors of his amendment runs the gamut of the Senate — from James Buckley, New York conservative, to Alan Cranston, California Democratic liberal and dove, to Strom Thurmond, South Carolina Republican and hawk.

Other co-sponsors are Sens. Clinton Anderson, D-N.M.,

Henry Bellmon, R-Okla., Alan Bible, D-Nev., Lawton Chiles, D-Fla., Thomas Eagleton, D-Mo., Edward Gurney, R-Fla., Vance Hartke, D-Ind., Thomas McIntyre, D-N.H., William Proxmire, D-Wis., William Roth, R-Del., William Spong, D-Fla.

Sen. Kennedy's aloofness is particularly intriguing because he is chairman of the Judiciary Subcommittee on Refugees.

In that role, he has clangorously championed a wide variety of unfortunates — Biafrans, Pakistanis, Vietnamese, etc. — always accompanied by a big splash of publicity and fanfare.

In this hooled-up crusading, it is interesting to note that the Massachusetts Senator has somehow never gotten around to holding hearings on refugees from Eastern European countries, all under Communist rule, or on Jews in Syria, Egypt, Iraq, Libya and other Arab nations — to say nothing about Russia.

This curious omission may explain why Kennedy has not signed as a co-sponsor of the Jackson amendment.

GEORGE C. THOSTESON, M.D.

### On Nursing

Dear Dr. Thosteson: I read in the paper about a woman who was planning to adopt a baby and wanted to nurse (breast feed) it herself.

The columnist suggested that she contact a society that advocates breast feeding. Later, someone else wrote in and said the person must be crazy to suggest such a thing.

Is it possible to stimulate the breasts of a woman who is not pregnant to produce milk? If so, I think more should be told about this possibility, as it would bring a woman and adopted child so much closer. — P.N.

Lactation (production of milk) has been reported in women who have never been pregnant. This is true with experimental animals. But it is extremely rare.

Apparently the stimulus of suckling plus an extremely favorable attitude on the part of the woman is important.

If the woman has been pregnant previously, then the likelihood of milk production under such circumstances is greater. In fact, women in their 60s have been known to breast feed infants even though it had been years since they had borne a child.

I cannot say whether La Leche League (the organization favoring breast-feeding, which probably was the group to which reference was made) can help in such cases. Perhaps.

Anyway, I would think that the prospective adopting woman's chances of nursing the baby are pretty slim unless she has been pregnant in the past. The questions also would arise as to whether she could produce enough for the child's needs.

However, there's a difference between "unlikely" and "impossibility" and I certainly don't think she was crazy for asking the question.

Dear Dr. Thosteson: Enclosed is 25 cents and a long, self-addressed, stamped envelope for your booklet, "Controlling Your Blood

Pressure." I started taking medication for my blood pressure, and since that time I also have difficulty writing. Could the drug have anything to do with it? Would a change help? — Mrs. R. C. S.

One of the drugs in one of the medications can — rarely — cause muscle weakness, so you should report your trouble in writing to your physician. A change in medication might be in order. The penmanship in your letter looked good, though.

Dear Dr. Thosteson: You wrote in your column that a person who bruised easily was low on calcium. Could I buy some on my own and take it? If so, how much and how long? My hands and arms are black and blue all the time. I am 62. — G. E. D.

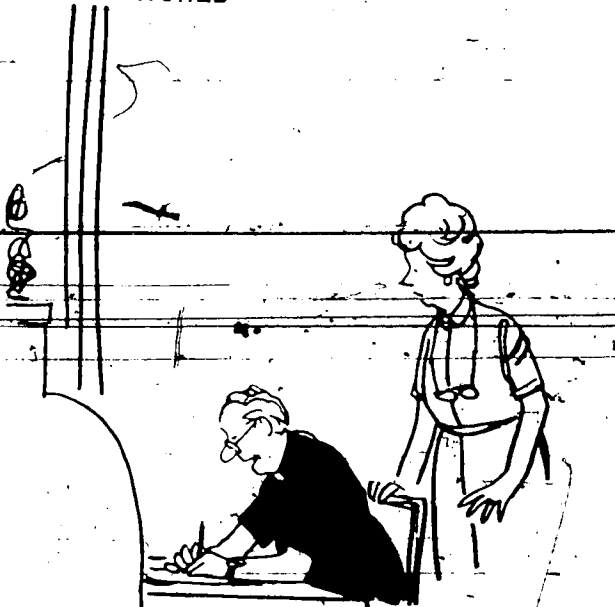

Shortage of calcium is ONE cause of easy bruising, but there are others, and when a patient is black and blue "all the time," I'd want to play safe and have some blood tests, to make sure the easy bruising isn't a result of another type of blood disorder.

If the trouble turns out to be lack of calcium, though, milk and dairy products are an excellent source of calcium. A glass or two of milk a day makes a good amount.

Note to Mrs. N. J. S.: There are plenty of people like your brother who get a notion, without any basis, for thinking they have cancer. In your brother's case, tell him to have a biopsy which will settle the question indefinitely.

What causes "balance" trouble? What can be done to correct or overcome it? Dr. Thosteson's booklet, "Dizzy Spells," discusses loss of balance, vertigo and nausea, Meniere's disease and labyrinthitis. For a copy write to him in care of this newspaper enclosing 25¢ in coin and a long, self-addressed, stamped envelope (use zip code).

### BERRY'S WORLD

"Writing sermons, marrying people, counseling folks — sometimes I feel like chucking it all and becoming a Jesus Freak!"

PAUL HARVEY

### The Confession

The news media are under attack. Some of their critics don't know what they're talking about. But some of them do.

Confession of a newsman: The news media's most severe and most consistent critic is Vice President Agnew. He says we are willing to "smear, distort and sensationalize" in order to sell more newspapers.

Acting director of the FBI, L. Patrick Gray, says the news media generally ignore good economic news in favor of the bad.

Secretary of the Treasury George Shultz says newsmen are inclined to focus public attention on the "hole" instead of the doughnut.

Pope Paul says you can't trust the mass media for factual information.

Pat Buchanan of the White House says TV networks continuing to "freeze out opposing points of view" invite antitrust action.

And pollster Louis Harris finds only 29 per cent of the American people have complete confidence in the news media and 26 per cent have almost none.

So a lot of people are doubting what they see and hear but almost nobody knows why. Some imagine that an international conspiracy distorts our press and information facilities. Others figure most all newsmen are liberal and can't hide it.

It is my own conviction that we do not report "the whole truth," but paradoxically the reason is both more innocent and more ominous.

It is axiomatic in the news room that holidays are "slow news days."

We know the world does not stop.

We know that the 200 million Americans on whose antics and misconduct we depend to sell newspapers do not sleep all day.

True, Congress is not in session, but that is true much of every summer and Page One continues to overflow — except on holidays.

Unless there is a natural disaster or an unnatural accident like an earthquake, a flood or a spectacular plane crash, unless some notable dies or some quotable electrifies, the teletype wires on holidays are sluggish or silent.

It takes an act of God to make news on any holiday and it has to be a tremendously significant

act!

Do you realize the implications this?

There can be only one possible explanation: Most newsmen have taken the day off themselves.

Do you realize what they say? — It's we who make the news, not you.

The world is not all that much

better or worse one day or another, past or present. Page

One is not a mirror of what's happening. Page One reflects the efforts of all that legion of professional peeping Toms to seek out the unconventional, the unlikely and the unbecoming.

Our world is a much prettier place than it appears through our jaundiced eyes.

ANDREW TULLY

### It's Unfair

WASHINGTON — It's probably unfair. Here's George McGovern outlining his positions to practically anybody who will listen to him, while President Nixon runs for reelection in almost perfect privacy — and yet both major polls show a majority of Americans interviewed believe Nixon is the more trustworthy and credible candidate.

To wit: The most recent Harris survey reports 55 per cent of those interviewed say McGovern does not inspire confidence as a President should an only one-third say the same thing about Nixon. A month ago, the Gallup Poll showed 59 per cent naming Nixon as the man who seemed to be more sincere and believable and only 20 per cent chose McGovern.

Although a Presidential election is supposed to be a kind of public debate in which each candidate lays his programs on the line, the voters don't seem to be interested in the issues. If the polls are anywhere near accurate, those interviewed apparently are casting straw ballots for Richard Nixon — a man who have never been accused of overflowing with charisma — and against George McGovern — the so-called "people's candidate" and the "candidate of candor."

In effect, the voters are, saying it makes no difference that Nixon, remote and calculatedly isolated from the people, at this writing has refused to stand up for questioning on his plans for wage-price controls, taxes, tomorrow's policy in Vietnam and practically every other subject one can name. This is pretty good going for a President who dictates that on occasion even the media is barred from his "public"

appearances and must watch him perform on closed-circuit television in a back room.

But here it is. On George Gallup's "charisma scale," McGovern won only 23.4 per cent of the probably voters, the lowest score in 20 years for any candidate excepting Barry Goldwater in 1964.

This is bad. Not because McGovern necessarily deserves a higher trust rating, but because it is the essence of our system that candidates by required to display their ideological merchandise. If a politician can be elected to office while in hiding, a huge crack has appeared in the foundations of that system.

However, there is another side. Unfortunately for McGovern, he is not without blame for this situation. He announced in ringing tones that he supported Sen. Tom Eagleton of Missouri "1,000 per cent" even as he was planning to drop him from the ticket. That unfortunate phrase has become a part of our folklore. He came out for \$1,000 a year for everybody, then changed the formula — to what, nobody really knows.

He blasted the Democratic establishment of Dick Daley et al, then surrendered to political expediency and wooed the Daleys back into the fold. He got an endorsement from the teachers union by supporting the right of public service employees to strike, and communities across the land were reduced to helpless fury by a wave of teacher walkouts. As of today, his stand on amnesty for draft dodgers and deserters remains fuzzy.

If Richard Nixon is saying too little, then perhaps George McGovern has been saying too much.

# McGovern trails as vote nears

By United Press International  
With the presidential voting just four weeks away and new surveys indicating he is still far behind, Sen. George S. McGovern—still optimistic—embarked today on an intensive coast to coast canvass of vote-rich northern industrial states.

President Nixon, continuing to remain for the most part above the fray, scheduled only one campaign appearance for the week, a quick trip to Atlanta.

After a weekend rest and buoyed by a good reception in Missouri and growing crowds at other stops last week, McGovern headed first for New York for a Columbus Day parade. Later stops were planned during the week in

Michigan, Pennsylvania and Illinois, winding up with three days of campaigning in California.

Tuesday's taped address detailing McGovern's proposals for ending the Vietnam War is scheduled for evening broadcast on network television. Aides said it would conform largely to previously stated views and likely would contain no surprises.

In the Nixon camp campaign strategists moved ahead with an intensified program of television spots and expanded efforts to boost Republican voter registration.

Both candidates paid their respects to Italian-Americans Sunday in commemoration of Columbus Day, Nixon with a

brief speech in Washington praising them for exemplifying a work ethic which "made this country what it is."

McGovern called in a statement for the news and entertainment industries to take more note of Italian-American contributions to this country and step-conveying an unbalanced picture by highlighting "a tiny segment" of their number who have been associated with crime.

Looking on while Nixon addressed a Washington-area federation of Italian-American organizations was AFL-CIO President George Meany, a tacit Nixon supporter.

In separate surveys published on the weekend, the New York Times and the Washington Post concluded after nationwide interviews with voters and political observers that McGovern appeared to be trailing at present in nearly every state.

The Times, which endorsed McGovern recently, said Nixon was "in a commanding position all across the nation" and appeared headed for "one of the great electoral sweeps in American presidential history."

U.S. News and World Report predicted that the Nixon-Agnew ticket probably will carry all 11 states of the once-Democratic "solid South," in the first sweep of that region by a Republican ticket.

Despite the shower of depressing forecasts, there were bright spots for the McGovern team. In Billings, Mont., a six-state executive unit of the Oil, Chemical and Atomic Workers gave McGovern its endorsement, saying "President Nixon does not and never has represented the best interests of the wage-earner."

And in New York, the Jewish Daily Forward, the largest Yiddish language daily newspaper in the United States, gave the Democratic nominee its endorsement.

SEN. MCGOVERN  
... taped speech

## Truman 'not well'

INDEPENDENCE, Mo. (UPI)—Sen. George S. McGovern, who was in former President Harry S. Truman's home town during the weekend, said Truman is "not well" and "he's unable to receive any visitors."

McGovern said he called on the Trumans at their Independence home Saturday and talked only with the former President's wife Bess.

"President Truman is not well, as you know. He's unable to receive any visitors, so I talked with Mrs. Truman," the Democratic presidential nominee said. "She said he was not feeling well today, could not receive visitors, but she expressed great personal enthusiasm for the campaign."

Mrs. Truman said her husband was "very deaf" and did not talk on the telephone. "He has not accepted any phone calls for the past several months," she said.

She would not comment on the McGovern campaign other than to say, "We had a nice conversation."

Truman was hospitalized in July for an undisclosed ailment. His last visitor known to the press was former Chief Justice Earl Warren on May 8, Truman's birthday.

# Campaign said 'dirtiest'

WASHINGTON (UPI)—The 1972 political campaigns appear to be the dirtiest in recent years, the Fair Campaign Practices Committee said today.

Committee spokesmen said mid-campaign analysis showed the committee had handled

more complaints about dirty politics in the first five weeks of the race than were handled during a comparable period since the committee started keeping statistics.

Since Labor Day, the committee said, it had received 21 complaints of violation of the Code of Fair Campaign Practices.

"This is more than twice as many complaints as we received at the same point in the 1966 campaign year and an increase of 50 per cent over 1968, the last presidential campaign year," said committee Chairman Charles P. Taft.

Taft said that on the comparable date in 1970 only 15 complaints had been received. "Historically, dirty politics always peaks during the last two weeks of the campaign," Taft said. "If the present trend continues, we will have a new high in political low blows during 1972."

The committee handled complaints of violations of the 20-year-old Code of Fair Campaign Practices filed by candidates or their campaign aides in races for president, for seats in the U.S. Senate and House and for

governorships. Taft said there were two possible reasons for the surge in complaints.

"First, this appears to be the year for the Great Stamp Robbery," he said. "Already, half way through the 1972 campaign, the committee has received more complaints about members of Congress abusing their free mailing privilege than we received throughout the entire campaign period in previous years."

## Americans 'don't care'

YOUNGSTOWN, Ohio (UPI)—Lawrence O'Brien, national campaign director for Sen. George McGovern, said Sunday a recent Gallup Poll shows that Americans "simply don't care" about political scandals.

O'Brien said at a news conference here the Watergate bugging incident was "the most appalling situation by far that has ever been seen in this democracy" but it had not been received with outrage by the general public.

"What the Gallup Poll is reflecting is that the American people simply don't care about whether politicians or political parties engage in criminal acts," O'Brien said. "And that would sadden anyone."

# Minor parties still in race

WASHINGTON (UPI)—Minority party presidential candidates of the left say they have no faith President Nixon will negotiate an end to the Vietnam war, but Sen. George S. McGovern is no better choice because he will not give the American system the overhaul it needs.

Interviewed separately on the ABC-TV Issues and Answers program Sunday, candidates from four minor parties said none of them had a chance of winning the White House but they nevertheless were staying in the race.

The four were Dr. Benjamin Spock of the People's party, Louis Eisher of the Socialist Labor party, Gus Hall of the American Communist party, and Linda Jenness of the Socialist Workers party.

Spock, well known as an antiwar activist, said he

doubted Nixon would be able to negotiate an end to the war but that even if he did so before the election, Spock would remain a candidate because Nixon did not deserve re-election on his domestic record either.

The President "isn't interested in integration of neighborhoods or jobs," Spock said. Asked whether "he thought Nixon was a racist," Spock replied: "He certainly is by my standards."

As for McGovern, "his platform represents only a tinkering with the system," Spock said, which would fall short of solving evils of the free enterprise system.

Fisher said neither major party candidate deserved election because neither would move to replace capitalism with "a new type of society" which rewarded individuals fairly for their own efforts.

He said neither major party candidate deserved election because neither would move to replace capitalism with "a new type of society" which rewarded individuals fairly for their own efforts.

Fisher said neither major party candidate deserved election because neither would move to replace capitalism with "a new type of society" which rewarded individuals fairly for their own efforts.

Fisher said neither major party candidate deserved election because neither would move to replace capitalism with "a new type of society" which rewarded individuals fairly for their own efforts.

Times-News — Ace Printing

"To the... but with the... approval of... consistently... against big... Big spend... rs. Despite what... they say, it... even a significant... part of this... There just aren't... enough of the... income wage earner... will always be... of supply of tax... dollars. That... mentally dishonest to... tell voters the... rich. We can, but... even then more... for 'thrilling new... liberal programs... out of the hide of... Mr. Working America... The solution... cut spending."

That's not just campaign talk. It's a six year record talk. It's a straight talk. Jim McClure has fought against massive foreign aid whenever it has come to vote... yet he has voted to fund lesser short term aid to friendly nations. He's voted against increasing the national debt limit each time that it has come up... to force the Gov't to live within its means. It's a voting record that fights inflation... that protects the taxpayer... you.

It's also a voting philosophy that Jim McClure has pledged to continue. It's a known record. It's a measurable performance... performance that Idahoans have sent to congress three times. It's the kind of performance that you will want in the Senate.

**REPUBLICAN**

**JIM McCLURE**

Congressman McClure has served on: Interior and Insular Affairs Committee — with subcommittees: Parks and Recreation, Environment, Irrigation and Reclamation and Mines and Mining. Also, Post Office and Civil Service Committee. In his third term he was appointed to the Republican Whip Organization. He was made chairman of the important task force on Energy and Resources. He is also a member of the Joint Senate/House Commission on Coinage.

Say Jim — the Demo platform advocates total amnesty for draft dodgers. I hear that was done to buy the youth vote.... or was it the veteran vote?

**Let's send a leader to the Senate.**

# Continued occupation threatens

By United Press International  
Israeli Finance Minister Pinchas Sapir said Saturday that the continued occupation of Arab territories captured in the 1967 Middle East war threatens Israel's security and moral image.

Sapir, a leading "dove" in the Israeli cabinet, issued his warning over the army radio. He said he feared that if Israel keeps the occupied areas almost half the population in Israel and the territories will become Arab in another 25 years.

In Tripoli, Libyan President Col. Moammar Khadafy urged the Arabs Saturday to rise in revolt against their governments which, he said, have failed to work for the liberation of Palestine, Tripoli Radio reported.

Khadafy was addressing a mass rally in Tripoli, marking the first anniversary of "Libya's triumph over the Italian Fascists," or the expulsion of Italian residents from Libya a year ago.

"What the Arab world needs now is a revolution," he said. "If this is the attitude of the Arab governments to liberation and the issues of destiny, then what are the peoples waiting for?"

Sapir who is reported to be in favor of returning most of the occupied West Bank of Jordan and the Egyptian Sinai

Peninsula, said his ministry never has interfered with Israelis who wanted to capitalize on the occupation.

"One of the problems of our holding these areas is the danger to our social and moral image—and, too, in the course of time, the security threat," he said in the interview broadcast over the army radio.

In another 25 years there will be in Israel and the administered areas a total of 10 million inhabitants, four million of them Arab," he said.

In Cairo a leading news commentator said Saturday that relations between Egypt and the Soviet Union are just as bad as they were in July when Cairo decided to expel the Soviet military from Egypt.

The present picture which stood on July 8 when the decision was made to terminate the services of Soviet experts still stands," wrote Ihsan Abdel Kaddous, editor of the weekly newspaper, Akhbar el-Yom. Kaddous is one of the few newsmen known to be close to President Anwar Sadat.

The visit of Prime Minister Aziz Sidky to Moscow scheduled for Oct. 16 has not been preceded so far by any specific offer or any proposal by the Soviet Union," he said. "The prime minister is going there to start a dialogue from the very beginning."

## Spock advocates close of US bases

WASHINGTON (UPI)—Dr. Benjamin Spock said Saturday the United States should close all of its 3,000 military bases abroad, but should not become isolationist.

"Our government keeps becoming aggressively involved in the affairs of other nations our industrialists to penetrate their markets, to get control of their raw materials, to utilize their cheap labor," Spock said

in a statement outlining his People's Party foreign policy. Spock is the party's presidential candidate.

He said American involvement abroad was basically only to protect big business. "When their investments or plans are threatened they call on govern-

ment for help," he said. "And that is why our government still has, a quarter of a century after the end of World War II, 3,000 military bases in 30 foreign countries," Spock said.

"We demand an end to this interference, these bases... We want no more foreign alliances, no more selling or giving American arms to other governments."

But Spock said neither he nor his party were isolationists.

"We believe that America, with other rich nations, should contribute more generously than in the past to the underdeveloped world in the form of educational, medical, technical and financial help," he said.

## Breast surgery method criticized

CLEVELAND (UPI)—A prominent Cleveland surgeon, saying that "old doctors don't change, they just die," charged Saturday that most doctors who perform breast surgery here use methods that are 103 years old.

Dr. George Crile Jr., senior surgery consultant at Cleveland Clinic, said the outdated method of removing the entire breast, chest wall muscles and under-arm lymph-nodes may result in unnecessary physical and psychological damage of the patient.

"It sometimes leaves the breast cancer victim unable to move her arm freely, with ugly and swelling disfigurement of her arm and often, with a loss of self-esteem," said Crile. He said 450 radical mastectomies were performed in northeast Ohio last year. "This method is absurd and archaic," Crile said.

"There is no rationale for performing radical mastectomies. It's sheer dogma. Old doctors don't change, they just die."

He said the staying power of the radical surgery, instead of

### Officers named

SHOSHONE — Cub Scout Pack 58, Den 3, has named officers for the term. The pack is sponsored by the LDS Church, Shoshone.

Brad Scott and Shawn Bardsley will be the denners. The pack meets each Wednesday at 3:30 p.m. at the same time Primary is held at the church.

### Quick check

PRIME MINISTER Pierre Trudeau campaigned in Kingston, Ontario, Canada, Friday, taping a television interview with Liberal candidate Dr. J. W. Hazlett, right. Just before the interview began, Trudeau turned to Dr. Hazlett, stuck out his tongue and asked if he looked "sickly." (UPI)

## Asians left in Uganda pledged good treatment

ENTEBBE, Uganda (UPI)—President Idi Amin pledged Saturday to treat non-citizen Asians left in Uganda after the Nov. 8 deadline he set for their expulsion "properly and in a normal manner."

In a joint communique issued here at the end of a 17-hour state visit by Liberian President William Tolbert, Amin also said he regarded the Uganda-Tanzania peace agreement, signed in Mogadishu, Somalia, earlier this week, as an adequate basis for the restoration of normal relations between the two countries.

The communique said Tolbert first approached Amin on the Asians' issue three weeks ago in view of the "humanitarian aspects involved." Amin had told him then that no expelled Asian would be "at any time molested."

On Saturday, Amin reiterated his position as set out in his telegram to United Nations Secretary General Kurt Waldheim earlier this week.

In it he had pledged that the Asians would not be "maltreated or otherwise oppressed" if they failed to leave by the Nov. 8 deadline.

The communique said: "In addition to these considerations contained in the telegram, the non-citizens who are unable to leave Uganda within the required time will be treated properly and in a normal manner while arrangements are being concluded for their departure."

President Amin, however, expressed the wish to be assured by the British government that the United Kingdom will in turn do everything possible to complete within the required time the departure of the non-citizen Asians for whom

the United Kingdom has responsibility," the communique said.

On the Uganda-Tanzania issue, the communique quoted Amin as saying he regarded the Mogadishu agreement as "an adequate basis for the reestablishment of brotherly relations between the two countries."

In the Ugandan capital of Kampala, Britain's Uganda resettlement board chairman, Sir Charles Cunningham, said Saturday both the board and the airlines were "perfectly ready" to deal with the numbers of Asians who would be leaving here over the next month.

From the board's point of view, he told newsmen, there would be no difficulty in meeting Amin's Nov. 8 deadline.

Cunningham said it was still too early to put a precise figure on how many Asians were being expelled from Uganda, but he was sure it would be "well within" the board's earlier estimate of a maximum of 30,000.

Airline officials said Saturday there had been a further increase in the number of Asians coming forward to buy

### Irrigation plan

MOSCOW (UPI)—A new series of four electric pumping stations will raise the waters of the Vakhsh River in Tajikistan nearly 200 yards to irrigate an additional 25,000 acres of land on the Garautinsk mountain plateau, the Tass news agency said.

Construction of the four stations will enable Tajikistan farmers to harvest annually 25,000 tons more of cotton, the news agency said.

## Mortality rate drops after abortions legal

DETROIT (UPI)—The death rate for mothers and infants in New York City dropped sharply in the two years since a state law made most abortions legal.

The city's top health officer said Saturday in a report to a group supporting repeal of all abortion laws.

A summary of more than 400,000 abortions in the city also indicated a reduced incidence of complications in abortion operations performed early during pregnancy. Out-of-wedlock births in the city declined in 1971 for the first time since records were begun in 1954, and city officials said they believed the number of criminal abortions was declining.

"Overall, the law has been an enormous success in New York City," said Gordon Chase, New York's health services administrator. "Our hospitals and clinics have provided prompt, dignified care to vast numbers of women—rich and poor, resident and nonresident alike. And this care has been accompanied by an outstanding and ever-improving safety record."

Two-thirds of the abortions in New York City during the past year were performed on women who live outside the city, Chase said. In a speech to the National Association for the Repeal of Abortion Laws, he coupled his optimistic report of

New York's experiences with an appeal for further reforms in other states.

"We in New York City feel legalized abortion is feasible on a large scale, that it can be provided safely, and that widespread access to abortion can indeed generate beneficial social consequences," Chase said.

Abortions for non-emergency reasons became legal in New York on July 1, 1970, and by last June 30 more than 402,000 pregnancies had been terminated. Eight of those women died, making the 1972 death rate for women who underwent legal abortions 3.5 per 100,000.

"When you compare our figures with those of other countries with abortion laws, you get a better idea of how well we're doing," Chase said. "In Great Britain, for example, the rate was 27.8 during the first year of liberalized abortion. And in Sweden and Denmark, the average rate was 38.2 in the 1960s."

The overall death rate for mothers in the two-year period "was 37.7 per 100,000 live births, a statistically significant 28 per cent decline from the preceding two-year period, when it was at a rate of 52.2," Chase said. "Infant mortality, which had also been on the decline in New York City, has now dropped to an all-time low, and while there is not an ironclad case to be made, we believe that access to abortion

has been an important contributor."

A typical woman who seeks an abortion would be unmarried and in her 20s, Chase said, although a quarter of all patients were teen-agers. She would be pregnant for the first time, and schedule the operation during the early stages of pregnancy—the first 12 weeks. The states that sent the most women to New York for abortions were New Jersey, 31,424; Illinois, 20,179; Michigan, 19,324; Ohio, 18,713; Pennsylvania, 18,191; and Florida, 13,152. Chase said there were patients from every one of the 50 states.

## Idaho rents checked

BOISE — Boise, Internal Revenue Service investigators are checking rents in Idaho buildings in a national rent watch. The check is to prevent landlords from boosting rents to take advantage of tenants' increased social security payments.

"This month, 28 million social security recipients will receive a 20 per cent increase in their payments," Calvin E. Wright, IRS District Director, said.

"We are urging landlords not to raise rents unless they are certain such increases are

legal," he said.

"In many cases, landlords have already raised rents this year and must wait until 12 months have elapsed since that increase before raising rents again," Wright said.

Landlords must not raise rents beyond a maximum 2.5 per cent a year increase plus prorated passthroughs of increased taxes, municipal fees, services and capital improvements. Tenants also should receive a detailed 30 day notice.

# Miss Christensen, Stoker marry in temple ceremony

TWIN FALLS — Kathryn Christensen became the bride of Thomas G. Stoker in a Sept. 22 wedding in the Logan LDS Temple.

The double ring ceremony was performed by President Elvie W. Heaton.

Parents of the bride are Mr. and Mrs. Jack Christensen, Twin Falls. The bridegroom's parents are Mr. and Mrs. Lloyd Stoker, Buhl.

The couple was honored at a reception Sept. 23 in the LDS West Stake Center.

The bride wore a floor-length gown of white satin featuring sleeves, yokepiece and overskirt of delustered embroidered organza. She wore a trailing veil of bridal illusion. She carried a Victorian bouquet of white sweetheart roses, pink feathered carnations, purple statice and baby's breath tied with white satin streamers. The gown was designed by the bride.

Shirley Christensen, sister of the bride, was maid of honor. Bridesmaids were Luna Stoker, sister of the bridegroom, and Cynthia Jensen.

Dennis Hansen, Provo, was best man.

An Austrian backdrop with Grecian columns, an overhead chandelier and hot pink carpet decorated the area where guests were greeted by the receiving line.

Laren and Shari Stoker, sisters of the bridegroom, arranged the gifts which were placed on a round white carpet and a flower cart surrounded by topiary trees.

Toni Hale, Orem, Utah, cousin of the bride, was in charge of the guest book table which was highlighted with a white screened backdrop and a small chandelier.

The guests were seated and served at round quartet tables, covered with white sheer dacron lace-edged covers. Centerpieces were hot pink tipplers with hot pink candles and flowers. The serving area was accented with hot pink topiary trees.

The bride's table featured a three-tiered cake topped with white satin bells and an overhead lighted chandelier. The parents, brothers and sisters of the couple sang a choral arrangement accompanied by Shirley Christensen.

Special guests included the

bride's grandmother, Mrs. Jane R. Hale, Salt Lake City, and the bridegroom's grandparents, Mr. and Mrs. Herman D. Stoker, Burley. Other guests attended from Boise, Idaho Falls, Rexburg, Bountiful, Ogden, Salt Lake City, Orem, Provo, Los Angeles and the Magic Valley.

A wedding breakfast was hosted by the bridegroom's parents in the East Colony Room of the Utah State University Union Building, Logan.

After a honeymoon trip to the Sun Valley area, the couple resides in Provo.

Candle-lighted hurricane lanterns with strings of garland decorated the outside entrance to the reception.

## Auction held at Richfield

RICHFIELD — A "White Elephant Auction" was a special feature of the three month social of the Richfield TOPS Club held Friday in Richfield.

Mrs. Lloyd Lee was auctioneer. Mrs. Clifford Dayley was the best loser of the week and month. She received a cash award and treasure chest gift.

Mrs. William Flavel opened a treasure chest gift. To be eligible to open a treasure chest gift a member must not gain any weight for three consecutive weeks. Mrs. Francis Friesstad opened a grab bag gift.

Members discussed the possibility of attending the TOPS Rally to be held in Burley Oct. 19. A low calorie drink was served.

## Hints

Among new hairstyles for fall and winter is one called The American Girl. It is long hair — to the shoulder and longer. What's old about this: a center part. What's new about it is treatment with barrettes. The barrettes, worn low or high, give one all kinds of possibilities of draping one's face with hair. When the barrettes are worn behind the ears, for example, the hair is drawn back and shows most of the face. When they are worn high up toward the part, the hair falls, curtain-fashion, to show more hair than face.

## Linda Berriochoa weds at Shoshone

SHOSHONE — Linda Ann Berriochoa and Oliver Andy Payne were married Sept. 30 at St. Peter's Catholic Church.

The double ring Mass, attended by the immediate family, was performed by Father Juan Garatea.

The bride is the daughter of Mr. and Mrs. Carlos Berriochoa, Shoshone, and is a graduate of the University of Idaho.

The bridegroom is the son of Mr. and Mrs. Oliver A. Payne, Shoshone, and is a graduate of the University of Montana.

Lisa Berriochoa, sister of the bride, was maid of honor. Duane D. Young, Shoshone, served as best man.

After a trip to Europe the couple will be honored at a reception in December.

## Cards played

HANSEN — Mrs. George Hayden, Twin Falls, was high score winner at a benefit card party held Friday at the Woodman Hall.

Mrs. Isabel Holmes, Filer, was low score winner, while Mrs. Herman Ripley received the travelling prize, with Mrs. Dale Kirkpatrick, Mrs. Hayden also won the door prize.

Funds raised at the benefit will go to lodge charities and fraternal obligations. Mrs. Mary Taylor was chairman, assisted by Mrs. Minnie Bedow, Mrs. Jessie Galico, Mrs. Earl Tridle and Mrs. Grace McFarland.

Roll sage hen pieces in seasoned flour and quick brown on both sides. When sage hen is all browned, mix sour cream

# TF couple weds in Buhl

BUHL — Catherine Rae White and David Ray Thieme, both Twin Falls, were united in marriage Sept. 23 at the Immaculate Conception Catholic Church, Buhl.

The bride is the daughter of Mr. and Mrs. Howard R. White, Buhl, and the bridegroom is the son of Mr. and Mrs. Ralph Thieme, Twin Falls.

The double ring ceremony was performed by Father Malachy McNeill before a background of baskets of large yellow chrysanthemums and spider chrysanthemums.

The bride, given in marriage by her father, wore a white floor-length gown of printed organza over satin, styled with an empire waistline and long, full sleeves of sheer organza fastened at the wrist with pearl buttons.

The matching wattle-length train, lined with chiffon, was attached at the waistline with a bow. The elbow-length veil of silk illusion was held with a crown of seed pearls. The bride carried an oriental bouquet of miniature yellow roses and greenery.

Mrs. Mike Carson, Long Beach, Calif., sister of the bride, served as maid of honor. Bridesmaid was Mrs. Bill Peterson, Pocatello, sister of the bridegroom. June White, sister of the bride, served as junior bridesmaid.

Bill Peterson, Pocatello, brother-in-law of the bridegroom, was best man.

Jerry Adermann, brother-in-law of the bridegroom, and Ken Glasby, both Twin Falls, were ushers.

Organist was Mrs. Ralph Assendrup, Buhl.

A reception was held at the church hall after the ceremony. The bride's table was covered with a white lace tablecloth over yellow. It held green candles in crystal holders. Quartet tables were covered with white tablecloths and decorated with yellow chrysanthemums.

The four tiers of the square wedding cake were held by white swans and were decorated with white hearts, yellow roses and bells. It was topped by double wedding rings holding two doves in front of the open doors of a chapel. The base of the cake was surrounded by yellow chrysanthemums and greenery.

Mrs. Ernie Hanes, sister of the bridegroom, was in charge of the guest book. Mrs. Jerry Adermann, sister of the bridegroom, and Carol White, cousin of the bride, were in charge of the gift table.

Assistants at the reception were Mrs. Joe White, aunt of the bride, and Mrs. Cal Berryman, cousin of the bride, both Boise, who cut and served cake. Mrs. Bill White, Boise, aunt of the bride, who served punch, and Mrs. Ruth Carter, aunt of the bridegroom, Twin Falls, who poured coffee.

The couple took a trip to Reno and Lake Tahoe, Nev., and are living in Ft. Lewis, Wash., where the bridegroom is in the U.S. Army.

Special guests were Mr. and Mrs. Irven Boast, Sacramento, Calif., grandparents of the bride; Mr. and Mrs. Herman Thieme, Twin Falls, Mrs. Hazel Coleman, Twin Falls, and Mr. and Mrs. George Goodman, Jerome, all grandparents of the bridegroom.

Other guests attended from Twin Falls, Boise, Jerome, Pocatello, Long Beach, Calif., and Bountiful, Utah.

Necklaces go to all lengths to accent necklines for fall and winter. Monet starts at the top with chic chokers, stunning collars and soft fill-ins, all specially designed to fill, frame and feminize a simple or open neckline.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

# Abby

Abigail Van Buren

DEAR READERS: Even if statistics bore you, please read this. I can't last year and had hundreds of requests to repeat it. The information may come in handy if you're ever on a quiz show. It could even save your life.

Q. When was the Chicago fire?

A. Oct. 9, 1871. Exactly 101 years ago today!

But let's get more current, shall we? Did you know that last year more than half a million fires occurred in the United States? More than 12,500 lives were lost. Even more tragically, a large percentage of deaths were children, elderly persons and invalids who had been left alone for just a few minutes.

The chief causes of fires, in order of the toll taken, were:

- 1.) smoking, 2.) electrical wiring, 3.) heating and cooking equipment, 4.) children playing with matches, 5.) open flames and sparks, 6.) flammable liquids, 7.) suspicion of arson, 8.) chimneys and flues, 9.) lightning, 10.) spontaneous ignition.

## Hot tips

The total fire loss in 1971 was an estimated \$2.845 billion. [No misprint—that's two billion, eight hundred forty-five million dollars.]

Now for some tips that could save your life:

- Be sure your cigaret is out. Matches, too. And never leave matches or lighters within the reach of children.
- Don't overload electrical outlets with too many appliances.
- Don't run cords under rugs or over radiators where they may get damaged. And replace a cord if it is frayed.
- Never leave small children alone in the house. Not even for a few minutes.
- Have your wiring and electrical installations done by a professional.
- Store oily rags and paints in a cool place in tightly sealed metal containers.
- Never use flammable liquids for dry cleaning indoors.
- Never smoke in bed.
- Have a fire drill in your home to be sure everyone knows what to do in case of fire.
- Invest in a compact, easy-to-use fire extinguisher and keep it handy in your kitchen, or be a sport and buy one for your cottage, car, boat and the back bedroom, too.

NOW, in case of fire:  
Most fires occur between midnight and 6 a.m., so always sleep with your bedroom door closed. If you suspect fire, feel the top of the door. If it's hot, don't open it. Escape thru the window. But first alert the rest of the household.

If you can't open the window, break it with a chair. Cover the rough edges with a blanket and sit on the window ledge with one leg hanging outside and one inside, and wait for help.

The phone number of your fire department should be taped on every telephone. If it isn't, don't fumble around trying to call them. Call from a neighbor's house.

If you live in an apartment building, use the stairway. Don't take a chance on the elevator. If it falls, you're trapped.

Once out, stay out. No treasures—not even the family pet—is worth risking a human life.

It took less than three minutes to read this column. Was it worth it? I hope so. God bless. Have a good day!

# Nixon drive for Demo votes ires

WASHINGTON (UPI)—Republican members of Congress from various localities are grumbling about the Nixon re-election campaign drive to swing Democratic votes for the President in November.

These are the lawmakers who are up for re-election, too. They and their campaigners worry about Democrats voting for President Nixon but reverting to normal habits by recording themselves for Democratic nominees on the lower part of the ticket.

In an era marked by increasing split-ticket voting, this can be a problem for some of the 33 Republicans running for the Senate and almost 400 for the House.

President Nixon's performance in the early polls has convinced Republicans that they have nothing but overconfidence and complacency as

causes for concern in electing their national ticket. The polls also have reawakened at least a faint hope of a GOP net gain of five seats to organize the Senate. They are not forecasting the necessary pickup of 39 seats to win control of the House.

At best, then, the Republican leadership expects the next two years to keep the nation under a GOP administration dealing with a Democratic House and probably a Democratic Senate.

Clark McGregor, director of the Committee for the Re-Election of the President, has a ready answer for those concerned about an increased Democratic turnout for Nixon swelling the Democratic vote for Congress.

He says the national Republican campaign is so well organized that it should benefit the entire ticket. And with the

Republican campaign at a crest of optimism, he can sound enthusiastic about increasing the turnout of Republican voters above the normal percentage.

The President speaks of winning a mandate for his program. The question is: would even a personal landslide give him that mandate if the electorate tempered it with a Congress controlled by the opposition party on one or both sides of the Capitol?

Except for Michigan, the President's own tentative campaign plans do not call for visits to states with crucial Senate races—those with Democratic-held seats which are special targets for the GOP this year, and others with Republican seats classed as vulnerable.

However, McGregor says the Nixon deputy campaigners—Vice President Spiro T. Agnew, cabinet members and others—are "very mindful" of the 1972 Senate contests.

Another factor is the proliferation of campaign committees, which can wind up working at cross purposes.

Both major parties set up congressional campaign committees in 1866, recognizing that their national committees were mostly concerned with the presidential elections four years apart. Separate committees for the House and Senate came later.

In recent years there has been a huge increase in the number of committees for the presidential campaigns alone, primarily because old election financing laws set a \$3 million annual ceiling on spending by a committee and a \$5,000 limit on contributions from individuals. Individual candidates for Congress and state offices also have their own campaign committees.

## New LDS leader addresses confab

SALT LAKE CITY (UPI)—The new leader of the world's three million Mormons Friday said his calling as prophet, seer and revelator was like "the opening of the windows of Heaven."

Speaking to more than 8,000 leaders of the Church of Jesus Christ of Latter-day Saints, President Harold B. Lee said their sustaining of his appointment meant "a special kind of fellowship and love."

The Mormon elders opened their 142nd semi-annual general conference Friday with symbolic series of hand-raising ceremonies symbolizing endorsement of the 73-year-old Lee's appointment as youngest Mormon leader in 40 years.

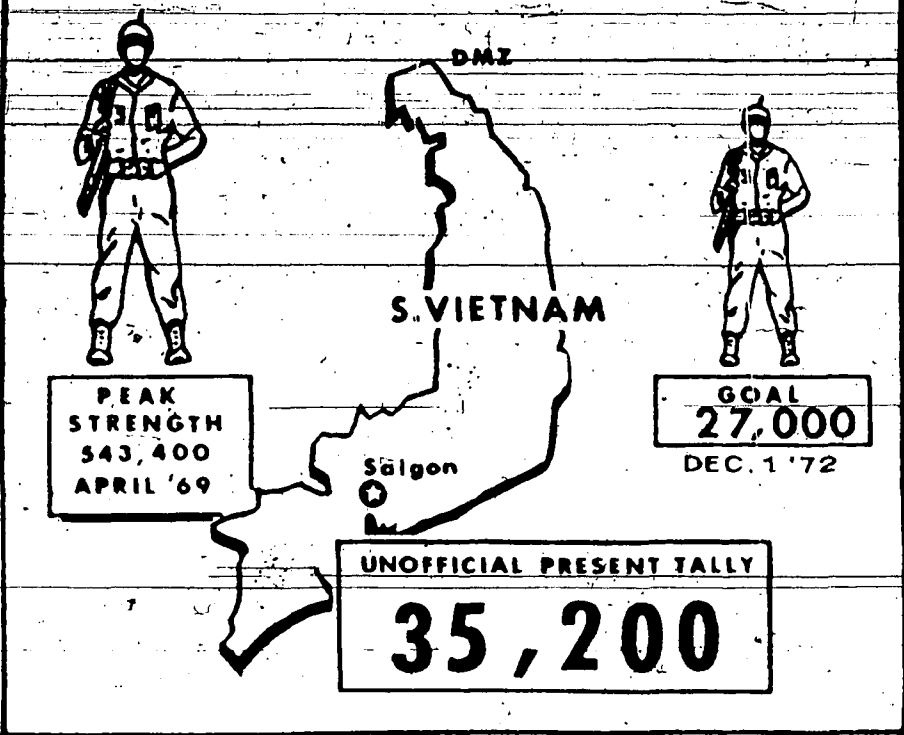

Lee took over after the death

of Joseph Fielding Smith earlier this year at age 95.

"It was like the opening of the windows of heaven to give me a brief feeling of belonging to the more than three million members of the church in all parts of the world," Lee said after the eight votes by the different ranks of the Mormon priesthood sustaining his elevations to the presidency.

Also sustained at the Friday session in the silver-domed Salt Lake Tabernacle was Bruce McConkie, son-in-law of the late Smith, who was named to the Council of the Twelve Apostles, the church board of directors, to take the place of Marion G. Romney. Romney was named to assist Lee in the church First Presidency.

## Asteroid sighted close to earth

SANTA CRUZ, Calif. (UPI)—A University of California astronomer said Friday he has sighted a new asteroid which this weekend will temporarily be the closest visible object to the earth except for the moon.

Arnold R. Klemola said he detected the asteroid with the 20-inch astrograph at the Mt. Lick Observatory near San Jose. He said little was known about the object except its orbit.

Klemola said the object was one of an unusual class of asteroids which exist outside the main asteroid belt between Mars and Jupiter.

# Solons shy from Nader's report

WASHINGTON (UPI) — Ralph Nader's report on Congress hit Capitol Hill this week like an empty mail sack, sopping wet.

Except for some loud cries of "foul," few members were willing to admit they even had seen it.

That shouldn't have come as a surprise, and it sure didn't to Nader.

It was not so much that the \$12,500 a year lawmakers (who incidentally are beginning to sniff around for a raise) couldn't afford the \$1.95 price of Nader's latest paperback book.

But the book, entitled "Who Runs Congress?" — does not make the best possible bedtime reading for senators and House members.

It says variously that they have slid off the back of the sleigh, dropped the ball, thrown the game, and sold us ordinary folks down the river. They have abdicated their power, says Nader, to big business and the White House.

An indictment like that could do for Congress what "Unsafe at Any Speed" did for the Corvair. But Nader thinks the

legislative machine is one that can be fixed.

He wants you to help fix it.

At a news conference held to unveil the results of his Congress study — his most ambitious to date — Nader conceded that the average lawmaker takes to reform like a dog does to a bath.

Whatever mistakes Nader may have made in his

ed a lot of improvements, including of course extra staffers and more free trips home to sweeten the dose.

About that time, though, a new Congress started passing President Lyndon Johnson's Great Society bills at such a rate people got the uneasy feeling if it was even 10 per cent more efficient the taxpayers wouldn't be able to stand it.

The goodies were then plucked one by one from the casket and passed out to the members. When a new crop of freshmen again raised the cry of reform nothing much was left to tickle the tastebuds.

But reform talk can get out of hand, and it finally did, resulting in the 1970 legislative reorganization act which went a lot farther than most members wanted toward abolishing secrecy and putting their votes on the record.

Now Nader, like a lot of outside reformers before him, wants to abolish the seniority system, require disclosure of outside interests, ban private law practice, and substitute public for private financing of members' election campaigns.

## Analysis

appraisal of Congress — and he made some lulu, of course — he was right about that.

The lawmakers passed their first big reorganization bill in 1946 not for its reforms but for its congressional pension, which they since have nurtured and fertilized into one of the healthiest anywhere, paying up to \$34,000 a year.

In 1965 there were rumblings from the electorate about the need for further reform. Members set up a House-Senate committee which studied and studied and finally recommend-

## Searches for loved one

A WOMAN LOOKS for her husband among bodies of the crew of military vehicle destroyed by North Vietnamese B-40 rockets in attempt to cut Highway Four near Cai Lay, Vietnam, about 15 miles southwest of Saigon. Communist troops, posing the most serious threat to the capital in three and one-half years, captured seven hamlets and overran four militia outposts in fighting which flared to within seven miles of Saigon. (UPI)

# Idaho voters League backs five amendments

TWIN FALLS — The League of Women Voters of Idaho urges careful study of the nine Constitutional amendments on the November ballot and supports five of the proposals.

Joy Buersmeyer, Boise, state president, said that the League has positions on seven of the nine proposals. The League has been involved in Constitutional revision studies for the past 10 years.

Mrs. Buersmeyer said, "We urge 'yes' votes on S. J. R. 132 to limit the number of executive agencies to no more than 20 departments, H. J. R. 32 to provide that the governor and lieutenant governor be elected

from the same political party, H. J. R. 73 which would allow a majority vote to pass revenue bonds for water and sewage treatment facilities, S. J. R. 101 to eliminate the present designated members for the land board and S. J. R. 124 to remove an archaic provision for three years of compulsory education for Idaho children."

"We oppose and urge 'no' votes on S. J. R. 112 and S. J. R. 113 both dealing with legislative pay, since we feel that the amount of salaries are a detail best left to statutory law and not fixed in Idaho's constitution," Mrs. Buersmeyer continued.

The League has no position on H. J. R. 35 or H. J. R. 63 since no League studies have involved these sections, Mrs. Buersmeyer said.

Further information on the proposed amendments can be obtained from League members in Blackfoot, Boise, Coeur d'Alene, Nampa, Moscow, Lewiston, Idaho Falls, Twin Falls, and Pocatello.

A pamphlet titled, "A Brief Look at the Constitution of the State of Idaho," published by the League this summer, is available from Sandra DeKlotz, 576 S. 3500 East, Idaho Falls, 83401.

## Gem board to meet in Idaho Falls

IDaho FALLS — The state board of the League of Women Voters of Idaho will meet in Idaho Falls Thursday and Friday, following an action conference for Idaho and Utah League members.

Joy Buersmeyer, Boise, state president, said that plans for concerted action to improve public school education in Idaho will be outlined, under chairman Muriel Roberts, Pocatello.

Also on the agenda will be reports on the League's non-partisan Voters Service activity and the statewide campaign now under way to register 90 per cent of the eligible voters. Election night reporting for ABC news to be done in 45 Idaho key precincts, will also be discussed.

Chairman of the Wednesday and Thursday action conference is Phyl Smith, Idaho Falls, past state League president — and a former member of the national board.

# Human Rights commission wants lawyer for director

BOISE (UPI) — The Idaho Human Rights Commission decided Saturday it will hire a person with a law degree to fill the director's slot recently vacated by Attorney Judy Grimes.

Earlier, there was talk among commission members that the position could be filled by a person with or without a law degree.

Glenn Selander, president of the commission, said a screening committee decided that a law degree was necessary after the Federal

Equal Employment Opportunity Commission urged that such requirements be met. Miss Grimes resigned as director last August after serving for a year in the position.

Selander said a deadline of Oct. 26 was set for applications and interviews by the commission will begin Nov. 18.

He said the new attorney-director of the commission will be under the supervision of Kay Pell, director of the state's Special Services Department. Selander said it does not

matter if the attorney is a member of the Idaho bar to qualify for the position.

In other action Saturday, the commission, and the State Hospital North conciliated an earlier commission finding that there was cause to believe that discrimination existed in the hiring of Indians at the hospital.

The hospital is located in the Nez Perce Indian reservation in Northern Idaho. Selander said the commission accepted an affirmative action plan submitted by the hospital which called for job opportunity and training for Indians.

# Sex partners for inmates

CHICAGO (UPI) — A Southern Illinois University psychologist proposes that women be recruited to provide sexual partners for some jailed sex offenders.

Dr. Harry Rubin told a meeting of prison specialists here Friday that his work with sex offenders at Menard State Penitentiary in Southern Illinois

has convinced him that many men labeled sexually "dangerous" should be called sexually "immature" or "nuisances."

"They have never learned how to enjoy sex in an adult way," he said.

"How does one make them sexually mature" in a maximum security prison? "It's very difficult when there are no

women around," he said. Rubin's solution would be to recruit volunteer women, perhaps from minimum security prisons, as partners for the men. He said some women might be willing because "some of the men are quite attractive."

Rubin drew a careful distinction between men convicted for acts such as peeping in windows or fondling children and those who rape, maim or murder.

While he believes the former group can be helped because their problems are mainly social, he said he knows of no satisfactory treatment for the latter.

# Evaluation asked for Valley High

VALLEY SCHOOL — The Northwest Association, at the request of Dr. Tom Utterback, Supt., will evaluate Valley High School during the 1972-73 school year.

Dr. Utterback said Saturday the evaluation of the district has been approved by the district's school trustees. School District No. 262, Eden and Hazelton is a fully accredited member of the Northwest Association of Secondary Schools and Colleges. Each member school must meet high educational standards and guide lines to remain an accredited school.

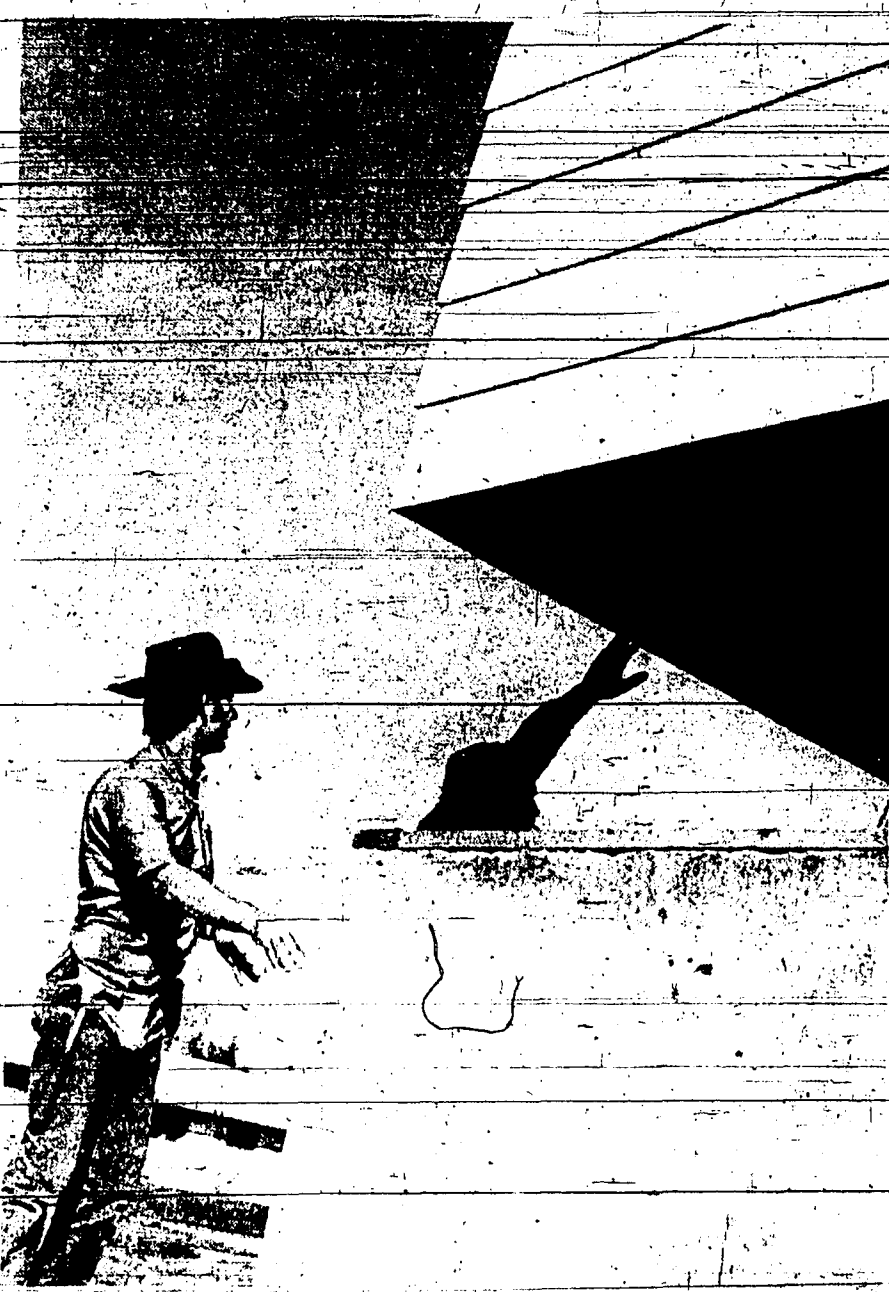

"Quality education does not result from chance. Careful cooperative planning is required. Each Northwest Association secondary school must undergo a comprehensive evaluation at least one every ten years," Dr. Utterback said.

The guide being used in Valley high school's evaluation will be Evaluative Criteria 1970. The self-evaluation will be carried out by the entire staff, supervised by a steering committee. A time schedule has been developed so that the entire evaluation can be completed within the year. Dr. Utterback said.

The steering committee is composed of Dr. Utterback, Arlyn Bodily and Bill Mitchell. The function of this committee is to name faculty members to all sub-committees and establish methods and time schedules for sub-committee reports. The steering committee will work with the total staff to coordinate efforts. Sections and areas to be evaluated are: School and Community, Philosophy and Objectives, curriculum including agriculture, business education, driver and traffic safety education, English, foreign languages, health education, home economics, industrial arts, mathematics, music, physical education, science, social studies, student activities program, educational media service, library and audio-visual, guidance services, school facilities, school staff and administration and individual staff members.

Dr. Utterback said all sub-committee reports will be finalized and then re-evaluated by a state visiting committee. The committee will be composed of members of the State Department of Education and administrators from other school districts. Members will visit the high school for a two week period to gain a comprehensive view of the work of the school by utilizing sub-committee reports and their own investigation.

He said that once the written report of the visiting team is returned to the school, another important phase of evaluation begins. Recommendations will be presented to the faculty and a yearly progress report will be sent to the state accrediting agency.

**Strong worker**

JOE ATLAS? No, just a worker guiding a unit of a modular home into place at a Twin Falls construction site. A crane out of the camera's range lifts section into place.

# Staff sought for MV health center

SHOSHONE — The South Central Idaho Mental Health Center, Inc. is seeking to round out its new staff.

The health organization, which two weeks ago appointed Donald Barlow program director, is recruiting a case aide, a statistical analyst, stenographer and community education aide.

The center is operating on a one year, \$50,000 seed money grant, hoping to develop a half-million dollar program plan for submission to federal authorities for next year.

Rev. Michael Fitzgibbons, Shoshone chairman of the center's board of directors, said applications for the four remaining staff positions may be filed with the local offices of the State Employment Office or inquiries may be directed to him in Shoshone.

The case aide position, carrying a \$8,760 salary, requires an applicant with a bachelor's degree and two years experience as a case aide. The analyst job, paying \$7,700, requires a college graduate with major studies in economics and statistics.

The stenographer applicants must have completed high school. The salary is \$4,100.

The community education aide, carrying an identical salary to that of the stenographer, calls for an eighth grade graduate.

Barlow, who was hired from his job as director of the Ada County Branch of the Boise Mental Health Center, will begin work locally Oct. 19.

# Camp Fire branch holds annual meet at Burley

BURLEY — The Annual Grand Council Fire of the Mary F. Hart, Janet Thomas, Barbara Ross, Nancy Smith, Debbie Joy Johnson, Joan Larsen, Jodie Beason and Mary DeNaughel.

Mrs. Gene Wright, area service team chairman, was mistress of ceremonies.

The girls entered singing their professional song "Kihinta Kanya" accompanied by Paula Terry at the piano and Tina Hardy and Kaylene Evans on the drums. The girls seated themselves in a circle on the floor, many of them wearing the ceremonial gowns they had created, showing heads and ranks they had earned.

Candles for each month of the year were lighted by Karen Burton, Sherri Hale, Jeanne Keicher, Debbie L. Johnson, Mary F. Hart, Janet Thomas, Barbara Ross, Nancy Smith, Debbie Joy Johnson, Joan Larsen, Jodie Beason and Mary DeNaughel.

The Mountain Bell Blue Birds presented the flags and led in the pledge of allegiance, followed by Carol Wright giving the freedom pledge.

The Law of the Camp Fire Girls was explained by Kim Gutierrez, Debbie Baird, Marilyn Baumgartner, LaDon Smedley, Wendie Bunn, Connie Butters, Laura Easton, and Susanne Jones.

Special Guardian Service Awards were presented to Mrs. Gerald (Elaine) Anderson for 10 years of leadership, and to Mrs. Reynold (Maryann) Baumgartner for five years of leadership. Mrs. Gerald Beason, Cassia County vice-president made the presentations.

The presentation of ranks, achievement beads, membership tenure, swimming, Church Sunday and other awards were made by the leaders of each group assisted by the assistant leader or the group's sponsor.

Discovery Club (Junior High Age) groups and their leaders were I-Ka-Shula, Mrs. Gerald Beason, leader; I-Ki-Wa-Si, Mrs. Anderson, leader; Ta-Wa-Ten-Ya, Mrs. Gale Burton, leader.

Other Camp Fire Groups were: Wik-Mum-Kee-Wee, Mrs. Baumgartner, leader; Sacajewea, Mrs. Wright, leader; O-Ta-Wa-Ten-Ya, Mrs. Ned Bunn, leader; O-Ki-Hi, Mrs. Pete Gutierrez, leader; and Tan-Da-Lo-La, Mrs. Gale Burton, leader.

Girls in three Bluebird groups were also honored. They were the Mountain Bell Blue Birds, Mrs. Harold Armstrong, leader; Blue Birds of Happiness, Mrs. Charles Sutton, leader, and the Southwest Bluebirds, Mrs. Gary Bingham, leader.

Lew Martindale, an official with the Bureau of Land Management, presented 50 girls who braved the bad weather last April to help on the Johnny Horizon Clean-Up Day in Cassia County with awards.

The girls sang four songs they had learned at Camp or during other group activities. Song leaders were Jeanne Keicher and Debbie L. Johnson.

The Council Fire was closed with extinguishing of candles and the recession of flags and girls.

# Ketchum fire chief injured

KETCHUM Ketchum Fire Chief Chuck Atterbury is listed in satisfactory condition today after a two car accident, Sunday evening at the base of Galena Summit.

Atterbury was taken to Moritz Community Hospital, Sun Valley, with a hip injury, lacerations and a possible chest injury.

According to State Patrolman Gene Bolton, the accident occurred about 7:30 p.m. Sunday, 23 miles north of Ketchum on U.S. Highway 93. Bolton said that Atterbury had just passed a southbound vehicle driven by Phillip Connolly, Hailey. When Atterbury returned to his lane, he collided with the front end of the Connolly vehicle, which rolled over a nine-foot embankment on the right hand side of the road. Atterbury's vehicle went over the same embankment, landing on its wheels.

Neither Connolly nor his wife and three children were injured. Connolly was cited for driving with an expired driver's license. Other citations are pending in the case, according to Bolton.

# 'Copter rescues injured hunter

MOUNTAIN HOME, Idaho (UPI) — A Hammett man rescued from Bruneau Canyon by helicopter after he fell and broke a leg in two places Sunday was listed in satisfactory condition today at Elmore Memorial Hospital.

Sigert Johnson, 50, and his son, Andy, were hunting when they decided to walk into the canyon, according to Owyhee County sheriff's officers.

The elder Johnson fell an undetermined distance and broke one of his legs in two places — once near the knee and again in the lower portion of the leg.

A National Guard helicopter from Gowen Field airlifted the injured man to the hospital at Mountain Home.

# KH water turned out

KING HILL — Irrigation water will be turned out of the King Hill Irrigation canal on October 10th, according to J. C. Russell, board chairman.

# Theatergoers

MOSCOW (UPI) — More than 140 million Soviet citizens go to the movies every year in Moscow's 118 motion picture theaters, says the magazine "Soviet Union." The capital's 29 drama and musical theaters were patronized last year by more than 12 million persons.

# Reclassification of land proposed

BURLEY — The Bureau of Land Management is proposing reclassification of 3,720 acres of land in Golden Valley as unsuitable for desert land entry.

In 1969, the land southwest of Burley was classified as suitable for agricultural development under the Desert Land Act, according to acting district manager W. R. Papworth. Additional evidence acquired since that time as to soil capabilities and underground water, Papworth said, indicate the classification is not proper.

The land will be managed under principles of multiple use management to provide the greatest combination of uses. Comments on the proposed reclassification should be addressed to the district manager, BLM, P. O. Box 489, Burley, Idaho.

# Investigation continues in Richfield school theft

RICHFIELD — Investigation continued today into the break-in at the Richfield School Thursday night.

Supt. of Schools Neil Andreason said at least 10 cases of soft drinks were taken along with about \$6 in lunch money from the sixth grade classroom. Locks on cabinets in the athletic locker room were broken off but nothing apparently was taken there, Andreason said. He said a set of school keys was taken from his desk Wednesday and may have been used to enter the building.

The break-in was discovered about 8 a.m. Friday by David Brown, who saw a school owned truck had been moved. He notified his father, LaRae Brown, a school bus driver and mechanic, who found the truck had been driven and the building entered. The elder Brown then notified Lincoln County Sheriff's officers, who are investigating.

# New Jerome veterinary clinic due in November

JEROME — Construction is expected to be completed by late November on the new Animal Medical Center.

The center, which is located southwest of Jerome at the junction of Idaho Highway 20 and Interstate 80, is being constructed by Dr. Jerry Jackson, 29, and Dr. Stephen Dixon, 32. Dr. Jackson is the son of Dr. Ivan Jackson, veterinarian, Twin Falls.

The facility will contain over 7,000 square feet and will be equipped to handle both large and small animals.

Dr. Jackson, before coming to Jerome two months ago, was a veterinarian practicing for one year in Weiser. Prior to that he was engaged in veterinary practice in Jackson, Calif., for four years. Both Jackson and Dixon graduated from Washington State University, Pullman, Wash., in 1966.

The facility will provide Jerome with two veterinary clinics.

**HAP MILLER**  
bandleader retires

# SV band leader retires

SUN VALLEY — After giving 36 years of continuous entertainment at Sun Valley, band leader Hap Miller will retire Tuesday.

The native of Massillon, Ohio, he first came to the Valley in December, 1936, serving as piano player and musical arranger for the Earl Smith band.

At that time, Miller said that the band was booked for about three months during the winter season and traveled the remainder of the year.

In August, 1952, Miller took over band leading duties for the group with a playing season of 10 months, leaving two months for traveling. Mainly entertaining the troops at the Duchin Room, the group is also called into play for special conventions at the Valley.

Miller said he is looking upon his retirement with "mixed feelings." "I will be glad to do a lot more than I am able to now like traveling without working," he quipped.

The band leader said he was looking forward to spending more time with his family — his wife of 37 years, Arvilla; their two sons, Jim and Denny Miller, both Ketchum, and his three grandchildren.

Mr. and Mrs. Miller will be spending the winters at their new home on the Colorado River in Willow Valley, Ariz., but will stay the remainder of the year at their home north of Ketchum.

An avid golfer, Miller has been regularly joined on the Sun Valley Golf Course by Jack Benny, Phil Harris, Lawrence Welk and Paul Harvey.

"I then had the pleasure of playing for them the same night at the Duchin Room," Miller said.

When Miller first came to the Valley, only the Sun Valley Lodge had been built. The following year the Challenger Inn, presently the Sun Valley Inn, was constructed with new building being added every year, Miller said.

The band leader said Sun Valley's growth was inevitable.

"With such a beautiful place like this, I can't blame people for coming. I came here and wanted to stay," Miller said.

Miller is the last member of the original Earl Smith band. However, present member Ed Laverty has been with the band for 15 years, Andy Groning for nine, Don Manning for four and Frank Gilbo for three years.

The band is currently interviewing piano players and will continue to play at the Valley.

Over the years, "It Happened at Sun Valley," written for the film "Sun Valley Serenade," continues to be the most requested song, Miller said.

Another favorite is "I'll Be in Sun Valley," which Miller wrote seven years ago.

# Reds defeat Pirates 5-3 to even playoff series

PITTSBURGH (UPI)—Hustling Joe Morgan, the little man who troubles the Pittsburgh Pirates most, gave them another bad time Sunday in a 5-3 victory for the Cincinnati Reds that squared the National League's best-of-five playoffs at one game apiece.

Morgan, a murderous .370 hitter against the Pirates this

# Odom hurls Athletics to 5-0 playoff win

OAKLAND (UPI)—Bert Campaneris provided the offensive punch with three hits, two runs scored, and two stolen bases and John Odom pitched a three-hit shutout Sunday as the Oakland A's moved to within a victory of their first World Series appearance in 40 years with a 5-0 rout of the Detroit Tigers.

The victory, coming on the heels of an 11-inning 3-2 triumph Saturday gave the A's a 2-0 lead in the best-of-five American League playoffs as the series shifted Tuesday to Detroit where one more victory will put them opposite the National League champions in the World Series starting Saturday.

Campaneris, a fiery competitor who keeps pretty much to himself, spoiled perhaps his best day of his 10-year major league career when he hurled his bat overhand at Tigers reliever Lerrin La Grow in the

# Field goal lifts SD past Colts

BALTIMORE (UPI)—Dennis Partee's 27-yard field goal with four seconds left to play boosted the San Diego Chargers to a come-from-behind 23-20 victory Sunday over the Baltimore Colts.

The Chargers, seemingly finished on two separate occasions in the fourth quarter, got a last minute break when Rick Redman recovered Don Nottingham's fumble on the San Diego 49. A John Hadl to Lee White pass gained six yards, but a personal foul on Colt defensive end Roy Hilton gave the Chargers a first down on the Colt 35 with only 62 seconds left.

Hadl stied on the ground, attempting to get better field position and with four seconds left, Partee connected from the 27.

The Chargers utilized an unrelenting ground game, spearheaded by Mike Garrett who gained 132 yards on 27 carries.

# Late FG lets Pack nip Bears

GREEN BAY, Wis. (UPI)—A 37-yard field goal by Chester Marcol with 30 seconds to play Sunday gave the Green Bay Packers a 20-17 win over the Chicago Bears.

The game winning kick wiped out a Bears rally that started midway through the third quarter and brought the Bears back from a 17-3 halftime deficit.

Quarterback Bobby Douglass led the comeback, setting up both Chicago touchdowns with passes to George Farmer and scoring the second touchdown himself on a fourth down roll-out gamble with 9:47 left to play.

Green Bay had built its lead on a 21-yard run with a fumble recovery by Clarence Williams in the first quarter and with a fluke 48-yard scoring pass from Scott Hunter to John Staggars with 2:12 minutes to play in the first half. The pass was intended for Dave Davis but it bounced off his hands, hit defender Joe Taylor and bounded into the fingers of Staggars on the Chicago 11.

The Bears have now gone 11 games over the past two seasons without a victory. The closest they have come was a 14-14 tie this season with Los Angeles.

season, delivered his second home run in as many days at their expense, chipped in with a big hit in a key four-run first inning rally and glittered afled Sunday.

The playoffs now switch to Cincinnati where the Reds tangle with the Pirates in the third contest Monday.

Skinny, left-handed Tom Hall,

who took over for Cincinnati starter Jack Billingham in the fifth inning after the Pirates pulled within two runs, was the winner.

He set Pittsburgh down on two hits thereafter and the only real damage to him was Manny Sanguillen's pinch double in the sixth which helped produce the Pirates' final run.

But Morgan was the real villain as far as the crowd of 50,584 partisan Pittsburgh fans were concerned.

He contributed a single off Pirate starter Bob Moose in that four-run first inning rally which actually clinched the contest for the Reds and belted a homer, his sixth against the Pirates this year, off reliever Ramon Hernandez in the eighth.

# Brewer cops rich tourney

INZAIMACHI, Japan (UPI)—Gay Brewer, 1967 Masters champion and winner of the Canadian Open this year, Sunday edged Australian David Graham in a sudden death playoff to win the \$300,000 Taiheiyo Club Masters, the worlds richest golf tournament.

Brewer, 40, and Graham, 26, winner of the Cleveland open this year, shot a 35-36-71 and 36-34-70 to be tied for first place with an eight-under par 276 after the regulation 72 holes.

In a three-hole playoff held under tournament regulations, the two players were still tied. It then became a sudden death playoff and Brewer emerged the winner when he parred the first hole, a par three of 214 yards, against Graham's bogey. Both players failed to hit the green. Brewer chipped to within three inches and tapped the ball in for par. Graham chipped 15 feet past the cup. He had to sink his putt to tie Brewer to remain in competition but he missed it.

Brewer's victory earned him \$65,000 while Graham picked up \$32,500 for second.

Charles Coody, 1971 masters champion, fired a four-under par 67 for a six-under par 278 for third place to win \$20,000.

Japan's most popular player, Masashi "Jumbo" Ozaki shot the day's best round with a five-under par 66 for a 279 for fourth place.

# Redskins shut out Eagles

WASHINGTON (UPI)—Sonny Jurgensen regained his starting job Sunday and after a frustrating scoreless first half, quarterbacked the Washington Redskins to a 14-0 victory over the winless Philadelphia Eagles with his pin-point passing.

Jurgensen, taking over from Bill Kilmer, caught fire in the third quarter when he piloted the Redskins to a pair of rapid fire touchdowns the only two times they had the ball in the period.

On the first drive of 75 yards, he connected with Jerry Smith for 25 yards and Charley Taylor for 35 yards to take the ball to the Eagle eight and three plays later, Larry Brown plunged over from the two.

It took Jurgensen less effort for the second touchdown on a 64-yard thrust. Brown ran for 15, Taylor took a pass for 15 and then Jurgensen and Roy Jefferson teamed up on a 35 yard touchdown play. The veteran quarterback who was out with injuries most of last year and lost his job to Kilmer, was helped by the running of Brown and Charlie Harraway.

# Giants rout New Orleans

NEW YORK (UPI)—Charley Evans scored three touchdowns during a 31-point first half explosion Sunday to spark the New York Giants to a 45-21 rout of the winless New Orleans Saints.

Evans caught a 10-yard touchdown pass from Norm Snead and tallied on runs of 24 and 8 yards in the first 30 minutes as the Giants, taking advantage of four major Saints' miscues, scored the first five times they had the ball.

Snead chipped with second-half TD passes of 14 yards to Don Herrmann and 15 yards to Bob Grim before giving way to Randy Johnson in the fourth quarter. Ron Johnson accounted for the Giants' other touchdown with a three-yard run while Pete Gogolak kicked a 17-yard field goal and six extra points.

# Cuozzo leads Cardinals past Minnesota 19-17

BLOOMINGTON, Minn. (UPI) — Former Minnesota quarterback Gary Cuozzo connected on a pair of 24-yard touchdown passes to Bobby Moore, the second with 1:38 remaining, to give the St. Louis Cardinals a see-saw 19-17 win over the Minnesota Vikings Sunday.

Fred Cox' 28-yard field goal attempt with four seconds remaining hit the right upright, giving the two touchdown underdog Cardinals their victory.

The last St. Louis touchdown

was set up by a 13-yard run by Donny Anderson and a 13-yard sideline pass to Walker Orlotte. Then Cuozzo arched the touchdown pass to Moore in the right corner of the end zone.

Minnesota quarterback Fran Tarkenton marched the Vikings 60 yards back down in the final minute and a half, with wide receiver Gene Washington catching three short passes and reserve running back Ed Marinaro grinding out 18 yards on the ground.

Then the Vikings strategically let the clock run down to four

seconds, giving Cox a chance to win the game.

Tarkenton rallied the Vikings to a 14-12 lead—in the fourth quarter, flipping a four-yard touchdown pass to Washington to cap a 75-yard drive. Three times in the drive Tarkenton ran out of the passing pocket for big gains, including an eight-yard run to the St. Louis nine. Cox added a 37-yard field goal midway in the fourth quarter to make it 17-12.

St. Louis took a 12-7 lead in the third quarter on Cuozzo's first touchdown pass to Moore. The play was set up when Anderson took a handoff at the St. Louis 33 and passed 38 yards to Gillette, who was dragged down from behind by cornerback Bob Bryant at the Viking 29.

The two teams spent most of

a conservative first half battling for field position with neither team netting 100 offensive yards.

St. Louis built a 6-0 lead on a pair of Jim Bakken field goals, the second coming when Bryant misplayed a punt and Cardinal Mark Arneson recovered the loose ball at the Minnesota 14.

## Dolphins remain unbeaten

NEW YORK (UPI)—Bob Griese threw for one touchdown and set up a pair of scoring runs by Jim Kiick Sunday as the Miami Dolphins remained the only unbeaten team in pro football with a 27-1 victory over the New York Jets.

Griese threw a 17-yard TD pass to Howard Twilley to tie the score at 7-7 and set up TD runs of six and three yards by Kiick. Garo Yepremian had field goals of 27 and 43 yards.

Guard Randy Rasmussen fell on Clifford McClain's fumble in the end zone for one Jet score and Emerson-Boozler plunged over from the one for the other TD. Bobby Howfield also added an 18-yard field goal.

Joe Namath marched the Jets 65 yards in 11 plays the first time they had the ball. McClain dove over from the one and fumbled into the end zone where Rasmussen recovered for the TD.

Griese then marched Miami 55 yards in eight plays, hitting Twilley with a 17-yard TD pass. Twilley eluded a diving Steve Tangen to make the grab in the middle of the end zone at 1:03 of the second period.

The Dolphins went ahead 14-7 with 2:32 to go in the first half as Kiick ran six yards up the middle for a score.

## Buffalo tops Patriots 38-14

BUFFALO, N.Y. (UPI)—Jim Braxton, whose first quarter fumble set up a New England fumble, came back in the second quarter to score twice and lead the Buffalo Bills to a 38-14 rout of the Patriots Sunday.

Braxton, who carried 15 for 58 yards, ran in from the one-yard line twice and played key roles in other Bills scoring drives.

Jim Plunkett, who had three passes intercepted, two of which led to Buffalo scores, was taken out of the game for the first time since coming to New England. He was replaced by Brian Dowling in the fourth quarter. Dowling drove the Patriots 44 yards to their final TD at 9:51, going in himself from the one-yard line.

After Braxton's first quarter fumble, Plunkett drove the Bills to a TD.

# Los Angeles defeats San Francisco 31-7

LOS ANGELES (UPI)—The Los Angeles Rams bounced into first place in the Western Division of the National Football Conference Sunday by whipping the San Francisco 49ers 31-7 with sore-armed quarterback Roman Gabriel throwing two touchdown passes to Jack Snow.

The five-point underdog Rams also were able to make their ground game go against the 49ers and reserve running back Bob Thomas gained a total of 142 yards.

A delighted hometown crowd of 77,382 saw the Rams improve their record to 2-1-1. The 49ers, who had been tied with Atlanta for first place, slipped to 2-2-0. The Falcons' loss to Detroit enabled the Rams to move all alone into first place.

Gabriel had been bothered by tendinitis in his right elbow but he looked in top shape.

After a scoreless first period, Gabriel hit Snow with a 45-yard scoring pass at 1:07 in the second quarter. Snow caught the pass on the 49ers 30-yard line, hooked away from Bruce Taylor and tightrope the rest of the way down the sideline.

The 49ers tied it up at 6:08 of the second period after Skip Vanderbunt recovered a Thomas fumble. John Brodie rolled out for one yard around right end for the score.

The Rams moved out in front to stay when Gabriel marched them 84 yards on 11 plays with Willie Ellison diving over from the one yard eight minutes before halftime. During the march, Gabriel completed pas-

ses of 17 and 13 yards to Lance Rentzel, Ellison ran for 26 yards and Thomas for 13.

Gabriel had his best game of the season, completing 12 of 23 passes for 225 yards with no interceptions. Brodie completed 10 of 18 for 135 yards but two of his passes were intercepted by Dave Elmendorf and the Rams scored both times. The 37-year-old Brodie passed the 30,000 yard gained milestone in his career to become the only one besides Baltimore's John Unitas in that exclusive category.

On the first play from scrimmage in the second half, Thomas broke through the right side of the line and ran 49 yards to set up a 15-yard field goal by David Ray at 4:01 in the third quarter.

Then after Elmendorf's first interception, Gabriel connected to Snow for a 37-yard touchdown pass and the Rams

moved out to a 24-7 lead at 14:01 in the third quarter. In the final period, Larry Smith ran 68 yards from scrimmage to the 49er two but they could not score from that point. With less than a minute to play, Smith scored the Rams' final touchdown on a one-yard plunge which followed Elmendorf's second interception.

## Kansas City beats Cleveland 31-7

CLEVELAND (UPI)—Quarterback Mike Livingston ran his winning streak as a starter to nine games Sunday by tossing three touchdown passes and leading the Kansas City Chiefs to a 31-7 victory over the Cleveland Browns.

The Chiefs turned three of six Cleveland first-half turnovers into scores and raced to a 27-7 halftime lead behind Livingston, who hit Willie Frazier, Morris Stroud and Otis Taylor with scoring strikes.

Livingston, a five-year veteran from Southern Methodist who took over for the injured Len Dawson, kept the Chiefs on the ground in moving 72 yards on 11 plays after taking the second-half kickoff. Mike Adamle went the final yard with 8:15 left in the third quarter.

Adamle, who finished with 88 yards on 20 carries, picked up 28 yards in seven attempts on the drive and Wendell Hayes,

who finished with 86 yards on 13 carries, lugged the ball four times for 42 yards.

Ken Brown, who fumbled four times for Cleveland during the day, fumbled the opening kickoff and Clyde Werper recovered for the Chiefs on the Browns' 31.

Livingston, who finished with eight completions on 18 attempts for 81 yards, tossed 22 yards to Dennis Homan on the nine and three plays later found Frazier all alone in the end zone from three yards out.

Jim Marsalis picked off a Mike Phipps pass and returned 19 yards to the Browns' 16 late in the first quarter and Livingston hit Stroud with an eight-yarder with 1:04 gone in the second quarter.

After Jan Stenerud, who wound up the Chiefs' scoring with a 34-yard field goal with 5:23 left in the game, missed a field goal with 8:35 left in the half.

## Stewart captures U.S. grand prix

WATKINS GLEN, N.Y. (UPI)—Former world champion Jackie Stewart of Scotland led from pole to pole Sunday to easily win the 200 mile Grand Prix of the United States.

It was the second straight win of the season for Stewart, who took the checkered flag in the Canadian Grand Prix two weeks ago.

The Flying Scot in the Tyrrell Ford, who won the pole position in practice, jumped out in the lead at the start and increased his pace on the field by one second a lap for the first 20 laps.

Stewart's teammate, Fran-

cois Cevert of France, who won the race here last year, was second after dueling with former champion Denis Hulme of New Zealand most of the race.

Hulme, driving a McLaren, finished third.

Emerson Fittipaldi of Brazil, who won five races this season to clinch the championship before the Glen event, was never in serious contention. Fittipaldi made three pit stops in his John Player Lotus during the first 14 laps and finally retired with a broke shock absorber.

Stewart's victory here clinched second place in the standings for the Scot this year. He had been leading Hulme by a single point going into the last race of the season.

Hulme had to settle for third place in the world standings.

The success story of the day was young Ronnie Peterson of Sweden.

## Detroit outlasts Falcons

ATLANTA (UPI)—Steve Owens scored from three yards out with only 34 seconds remaining Sunday as the Detroit Lions took advantage of a pass interference call to beat the Atlanta Falcons 26-23.

The Falcons had taken the lead for the first time in the game with 2:52 left to play on a 12-yard field goal by Bill Bell, but the Lions came storming back and aided by a 35-yard pass interference penalty traveled 80 yards in two minutes, 18 seconds to upset the favored Falcons.

Bell kicked off into the end zone after his field goal, forcing the Lions to begin at their own 20-yard line. Greg Landry immediately threw a 31-yard pass to Albie Taylor and the Lions moved to a fourth-and-one at the Atlanta 40 with a little over a minute left to play.

Landry appeared to have overthrown Ron Jessie at the Atlanta three but Ray Brown was called for pass interference and Owens took it in on the next play.

The Falcons and Lions swapped field goals in the first period, Detroit's coming on a 30-yard kick by Errol Mann and Atlanta's on a 22-yarder by Bell, but the Lions moved ahead 13-3 at halftime on a 37-yard field goal by Mann in the opening seconds of the second period and an 8-yard touchdown run by Owens with 2:22 left before intermission.

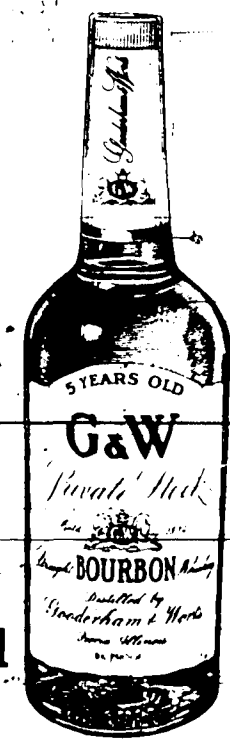

## Cowboys defeat Steelers

IRVING, Tex. (UPI)—Calvin Hill, who had generated what little offense Dallas could put together, for most of three quarters, hit Ron Sellers with a 55-yard touchdown pass Sunday that boosted the lethargic Cowboys, past Pittsburgh, 17-13.

Dallas' defense protected the slender lead by not allowing the Steelers out of their own end of the field but once in the second half, stopping a Terry Bradshaw-led final second flurry that carried to the Dallas 22.

The Cowboys, who have looked far below their Super Bowl level in all four of their starts this season, turned the ball over on four straight possessions.

FORECAST FOR TUESDAY, OCTOBER 10, 1972

**GENERAL TENDENCIES** A real chance is now present to get some benefits that mean a good deal to you by enlarging your ambitions and your horizons so you can envision them on a much grander scale than previously. However, be sure of your facts and figures before committing yourself, or some problem can follow.

**ARIES** (Mar. 21 to Apr. 19) Your intuitive faculties are working very well, so be sure to follow your hunches and you solve problems easily. Stop deliberating so much. Do whatever will bring about more harmonious relations with the one you love.

**TAURUS** (Apr. 20 to May 20) It is up to you to have those talks with allies if you are to have the success you want, whether in business or personal life. A good day for reconciliations, also. Use a soft tone of voice with others.

**GEMINI** (May 21 to June 21) Plan just how to establish more harmony with co-workers and you increase production appreciably now. Study business and wardrobe problems carefully. Show others how much you appreciate them.

**MOON CHILDREN** (June 22 to July 21) Ideal day to get into the recreational activities you enjoy with good friends. Improve that hobby so it is more satisfying. Avoid a situation that has given you trouble in the past.

**LEO** (July 22 to Aug. 21) Listen to what kin suggest for having a happier and more prosperous future, instead of acting in such a stubborn way. Evening is fine for light entertainment at home. Don't invite that troublemaker, though.

**VIRGO** (Aug. 22 to Sept. 22) Cement better relations with associates by discussing mutual affairs more thoroughly. Get the facts you need. Make sure you go to the right sources, though, otherwise you only waste your time.

**LIBRA** (Sept. 23 to Oct. 22) You have to get busy paying bills and making collections if you are to have your life running on a more even keel. Get the confidence of mate so you have more backing for your enterprises. Show you are intelligent.

**SCORPIO** (Oct. 23 to Nov. 21) Organizing personal ambitions better can insure a more successful and satisfying future. Evening is best time to be with friends for fun. A good day for stating your aims to higher-ups who can help you attain them.

**SAGITTARIUS** (Nov. 22 to Dec. 21) You know exactly what should be done to get on the good side of a higher-up who has a penchant for secrecy. An honest and blunt manner is best with one who is not acting right. Show you are a true friend.

**CAPRICORN** (Dec. 22 to Jan. 20) Go to those good friends who can be of help to you today, but avoid those who merely talk and do nothing. Ideal day and p.m. for the social, since this is your best avenue of advancement. Smile more.

**AQUARIUS** (Jan. 21 to Feb. 19) Show a higher-up that you are an A-1 citizen and that you admire the way he operates, the fine work done. Some civic endeavor can work out very well from every standpoint. Prove that you are a born diplomat.

**PISCES** (Feb. 20 to Mar. 20) Corresponding with out-of-towners and meeting persons who have the facts you need is your best mode of procedure in a.m. Then do some study that will help you put that new project across. Keep active and well.

**IF YOUR CHILD IS BORN TODAY** he or she will be one of those very energetic young people who will be capable of organizing plans and carrying them through in a most positive and clever fashion, plus having the wisdom to use the wonderful charm in the nature to get the goodwill of bigwigs, as well as to do something helpful for them. There is the ability to persevere since the understanding is great, and any profession that has real scope would be fine.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU.

OUT OUR WAY

REX MORGAN, M.D.

## What's What

L. M. Boyd

Among the hair pieces bought by men, one out of 20 is black, eight out of 20 are gray, 11 out of 20 are brown.

**THE PIECE WORK** pay for a 10-year-old child in Java these days is said to run about 15 cents per shift.

**MORE MILK** coats are sold in the City of Dallas, it's reported, than anywhere else in the country.

**ACCORDING** to one recent poll, two out of five engaged girls met their future matrimonial mates in car pools.

**NO MATTER** what occurs to you when you say "chiffon," fact is it comes from a French word meaning "old rag."

MUSCLE

That the strongest muscles in a woman's body are in her thighs has been reported. Although they're not normally as strong as the muscles in a man's thighs, so is a woman the possessor of any muscle whatsoever more powerful than its counterpart in the man? Just one, says a German physiologist named Dr. Theile. He contends the muscle in a woman's tongue, not figuratively, but literally, is stronger ordinarily than the muscle in a man's tongue. Stop now. Don't say anything else, that's enough.

**SIGNS** in a Georgia bar, where 18-year-olds now can drink legally, "Bourbon and Whiskey" Quaff.

**THE NEWLYWEDS'** first debate after the marriage ceremony is about money nine times out of 10, the record shows. Why is clear, says our Love and War man—Romantic couples share much significant experience before the wedding. But that significant experience they're least apt to share prior to the ceremony has to do with money and the handling of same when in matrimonial harness.

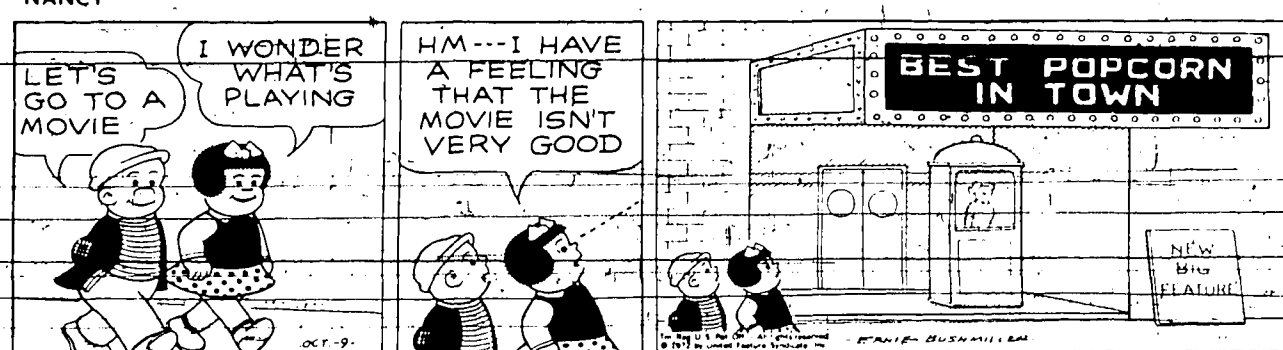

**IN TEACHING** a pup how to shake hands, please remember, some canines are left pawed. It's good manners to let the dog decide which is the preferable paw to shake. So reports an extremely courteous veterinarian.

QUERIES

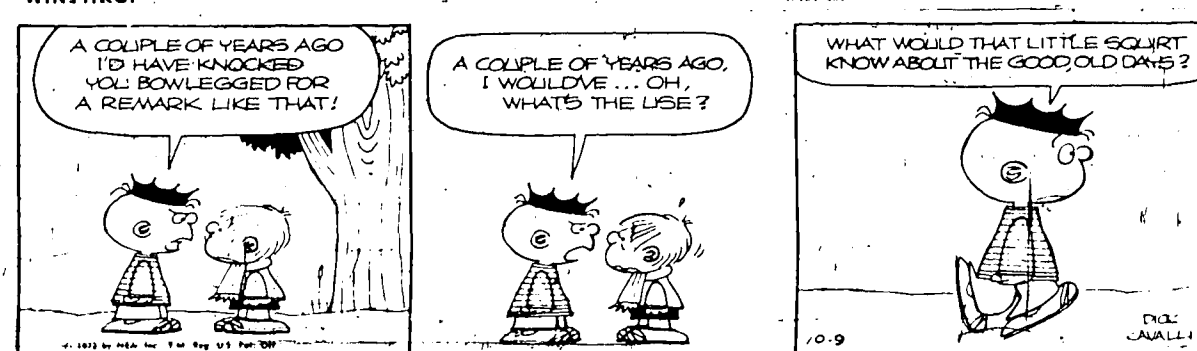

Q: "Where'd we get the word 'pal' meaning friend?"  
A: That's from the Roman phrase "palus" is the old Latin word for "talk."
