US, Peking set up diplomatic channel

WASHINGTON (UPI) — In the most far-reaching agreement since President Nixon visited China one year ago, the United States and China today announced plans to open liaison offices in each other's capitals, and China said it would release American prisoners of war held since the mid 1960s.

"Our contacts with the People's Republic of China have moved from hostility towards normalization," Presidential adviser Henry A. Kissinger told a White House news conference after announcing the agreements.

Kissinger said the Chinese would release within the next few weeks two American pilots — Lt. Cmdr. Robert J. Flynn of Salt Lake City and Air Force Maj. Philip Smith of Victorville, Calif. They were shot down over China in 1967 and 1965 respectively.

The liaison offices, to handle trade and other matters, would be just one step short of full diplomatic recognition. It would mark the first time since the Communists came to power in China after World War II that Washington has had a formal working contact with Peking.

And the Chinese have also agreed, Kissinger said, to review later this year the

espionage sentence being served by the only other American being held in China — CIA agent John Downey, captured during the Korean War.

Kissinger said the United States would continue its diplomatic recognition of the Nationalist Chinese government on Taiwan, but added that

Washington would review its troop levels there.

He hinted there may be troop reductions in store for Chiang Kai-shek's island off the China coast, but said any such move would be due to reduced hostilities in Vietnam — not to increased contacts with Mainland China.

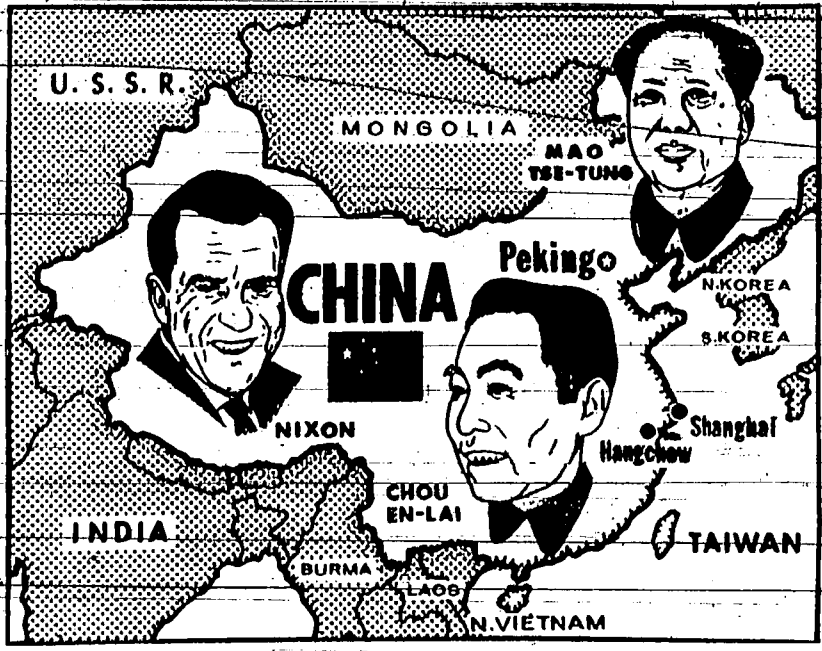

Kissinger, who returned ear-

lier this week from five-day visit to China called establishment of the liaison offices the closest formal contact the two governments could have short of complete diplomatic recognition.

The officers serving in the outposts, he said, would not carry formal diplomatic rank, but would have all other

diplomatic privileges, such as immunity from arrest.

The announcement came on the first anniversary of Nixon's historic arrival in Peking, a journey that broke a quarter-century of cold-war between China, the world's most populous nation, and the United States, the most wealthy and powerful.

VISIT OF President Nixon to China in February, 1972, continues to pay results. Latest announcement today that United States, China will establish contacts at level short of full diplomatic relations and the impending release of two Americans held 20 years in China. Most recent developments followed visits by US emissary Henry Kissinger with Mao Tse-tung, Chou En-lai in Peking earlier this month. (UPI)

POWs 'out' soon

SAIGON (UPI) — Military and diplomatic sources said today the next exchange of American prisoners of war, numbering about 100, may take place in the next five days. Hanoi has released 163 Americans and still holds 320.

A North Vietnamese official said earlier this week the next release would be around next Tuesday, although the United States has asked the Joint Military Commission to release the American POWs before then.

In addition, 1,000 South Vietnamese POWs are to be exchanged for 7,000 North Vietnamese POWs by Tuesday.

The number of truce violations reported by the South Vietnamese command dropped by one-third today to the lowest number in two weeks.

The South Vietnamese accused the Communists of violating the truce 137 times in the 24 hours ending at dawn today, down 67 from the previous day.

New links forged

Gem abortion bill introduction OK

BOISE (UPI) — The Senate State Affairs Committee today approved for introduction a controversial bill dealing with abortions.

The bill, which was earlier approved by the Senate Health, Education and Welfare Committee, was carried to the State "Affairs" Committee by HEW committee chairman Sen. John Barker, R-Ill.

The abortion bill would put Idaho in line with a recent U.S. Supreme Court decision legalizing abortions during the first six months of pregnancy.

Idaho's proposed law would insure maximum state controls over abortions and make them illegal during the last three months of pregnancy unless the woman's life was in danger or there was evidence that the fetus could not survive through natural birth.

\$90 an ounce

LONDON (UPI) — The price of gold soared to \$90 an ounce today, the highest price at which it has ever sold — \$21 an ounce higher than the price when the dollar was devalued 13 days ago.

Dealers had spoken of \$80 as a "psychological barrier" but it broke that and spiked another \$10 higher in later trading.

The \$90 figure was more than double the \$42.22 price at which the U.S. dollar was pegged officially at its 10 per cent devaluation 13 days ago. Gold then was selling at about \$69 an ounce on London's free market.

Nixon tells plan for tax reforms

WASHINGTON (UPI) — President Nixon told Congress today he will ask this year for tax reforms, a program to relieve old people of the burden of property taxes, and a tax break for families whose children attend parochial schools.

Nixon listed his tax plans in an economic message to Congress, the third section of his State of the Union message. But he did not spell out the details.

The message confirmed that Nixon would ask for broad authority to both raise and lower tariffs as a weapon in negotiating international monetary and trade problems with U.S. trading partners.

Such power is necessary, the President said, because the nation's imbalance of trade — an unprecedented \$6.5 billion last year — could threaten the mounting prosperity of our people.

Nixon defended to an increasingly restive Congress the slashes in social programs that he proposed in his fiscal 1974 budget.

"Behind a fancy label can lie a dismal failure," he said, "and unless we cut back now on the programs that have failed, we will soon run out of money for the programs that succeed."

Among those which he said "can no longer be justified" are some housing, health, education, and welfare programs.

The 5,000-word message gave no details on what tax reforms Nixon would propose. But it committed him to deal with that matter — a commitment that was in doubt because administration sources played down tax reform as just another name for increasing the taxes of the wealthy.

All Nixon said on the subject was: "I shall recommend a tax program that builds further reforms on those we achieved in 1969 and 1971."

He said he would send a bill to Congress "for alleviating the crushing burdens which property taxes now create for older Americans."

Food costs rise at record pace

WASHINGTON (UPI) — Retail food prices in January rose at the fastest pace in more than 20 years, the Labor Department reported today.

The cost of buying groceries and restaurant meals jumped by a staggering 2.1 per cent last month, according to the government's Consumer Price Index. It was the biggest one-month gain since a 2.5 per cent inflationary spurt in January, 1951, when the nation was gearing up for the Korean War.

The overall price index, which measures the prices people pay from day to day, rose at a much slower rate in January, 0.3 per cent — the same as the December increase.

The big jump in retail food prices, which was more than four times the 0.5 per cent December increase, had been widely expected because of unusually large increases in wholesale food prices.

The department also reported that workers' take-home pay last month dropped for the first time since last spring. Real weekly earnings — what is left on a paycheck after deductions for income taxes and social security — declined 0.5 per cent in January or 1.1 per cent including the effects of inflation.

The administration has pointed to the steady increase in real earnings over the past year as proof that most workers are beating the cost of living.

In an apparent attempt to take some of the sting out of the January price report, President Nixon told the nation in a radio broadcast Wednesday that food prices would be rising fast for the next several months but would stabilize in the second half of the year.

Grocery prices normally go up slightly at this time of year but the 1.9 per cent jump, which included adjustment for seasonal factors, has not been equaled since March, 1958.

School funds yanked back

By DAVID ESPO Times-News writer

BOISE — Majority Republicans on the Joint Finance Appropriations Committee succeeded Wednesday in rescinding the record-shattering \$55 million appropriations to public schools the committee approved Monday.

The action came on a 126 vote to take back the appropriations figure voted out earlier in the week, which included a \$12 million increase to the public schools, and exceeded Gov. Cecil D. Andrus' proposal by \$1 million.

An effort to reconsider the appropriations level Tuesday had failed to gain the necessary two-thirds approval of the committee, when one Republican, Rep. Paul Worthen, Boise, sided with the minority Democrats.

A second effort to reconsider Monday's action Wednesday was ruled out of order initially, when Sen. Richard High, R-Twin Falls, said parliamentary regulations prohibited reconsideration a second time. The effort to rescind the figure was permitted, however.

The complicated parliamentary maneuvering began near the end of the committee session, when Rep. Larry Jackson, R-Boise, asked for reconsideration of the figure to make changes in the wording of a provision that specified that 75 per cent of the increased funding to schools would go for teacher and nonadministrative salaries.

But High, making it clear he was "in sympathy" with the motion, nevertheless ruled it out of order. After a recess, Roberts, the chairman of the session, said Jackson's request included a contemplated "substantive change" in the action of earlier in the week, and allowed

it to stand, but never called for a vote.

Sen. William Egbert, D-Tetonai, asked Roberts whether there was "subterfuge" in the move to get the bill back to the committee, and asked whether the intent was to look at the wording changes or to reconsider the dollar amount approved.

Roberts replied there wasn't subterfuge, but reminded Egbert that if the rescinding motion was successful, there would be "nothing before the committee."

Sen. Mike Mitchell, D-Lewiston, offered a substitute motion that would have given the Democrats one day to rewrite the language of the existing proposal to clarify the 75 per cent intention of the committee, but he was ruled out of order by Roberts.

The vote means that the historical turnaround the committee did by approving the public school budget at the top of the list this session is negated, and a new figure will have to be arrived at.

Earlier in the meeting, the committee approved several general fund agency budgets, including one for \$2.65 million for the Department of Public Lands.

Other general fund appropriations approved include:

- Water administration, \$326,000; resource water board, \$496,000; pharmacy board, \$22,500; Nuclear Energy Commission, \$71,000; athletic director, \$2,500; insurance department, \$315,700; PUC Transportation Council, \$9,100; Soil Conservation Service, \$138,200.

Sinai downing toll 99

TEL AVIV (UPI) — One of the F4 Phantom "jet" pilots who shot down a Libyan Boeing 727 Wednesday and that there were seven survivors, two in serious condition.

The death toll could go higher. Libya said there were 113 persons aboard, which would indicate a death toll of 106, but a sandstorm blocked a search of the wreckage today. Two of nine original survivors died during the night.

The newspaper Yediot Ahronoth said the pilot, identified as el Khatifa el Mahadi, a Libyan, told the men who rescued him from the wreckage that he and the pilot were frightened and did not follow the orders of Israeli interceptors to land after wandering over the Sinai.

(In Cairo, Egyptian aviation

authorities said the last recorded words from the French pilot of the Libyan airliner clearly showed that Israeli fighters shot his aircraft down without warning. Egypt said "Israel will pay a high price at the hands of the Arabs for this cowardly, monstrous and barbaric crime.")

The Israeli pilot of the American-built Phantom was identified only as Uri.

2 callers receive \$5

TWIN FALLS — Calls on different lines at the same time regarding a light plane crash near Jerome Monday earned \$5 awards for two Magic Valley residents.

The news tips on the plane crash were received from Dick Helsley of the Helms Charolais Ranch near Jerome — where the plane put down — and from Roger Robinson, Twin Falls.

If you see something you believe should be in your newspaper, call the Times News at 733-0331 or use one of the toll-free lines serving the Magic Valley.

'Crime' solved

TWIN FALLS — A Twin Falls City police officer solved a crime and apprehended the "suspect" as he left the scene of the crime.

Officer Bud Phillips was called to the home of Mrs. Renee Talk, 990 Bracken St. N., where he was told a dress had been stolen from her closet. She said it had been there only about 15 minutes when she discovered it was missing.

Officer Phillips said an empty clothes hanger was found beneath the line. He filled out a description of the dress, time of the crime and looked for clues. Mrs. Talk mentioned there were several dog owners in the neighborhood who let their dogs run loose.

As he drove away, Phillips spotted a large black Labrador with the missing dress in his clutches. Phillips apprehended the culprit, recovered the stolen dress and left the dog owner and victim of the crime to settle the damages.

TF men sentenced in depot robbery

TWIN FALLS—Two Twin Falls men were sentenced to the Idaho State Penitentiary Tuesday for their roles in a robbery and shooting at the Union Bus Station on Nov. 20.

Fifth District Court Judge James M. Cunningham sentenced James "Skipper" Robinson, 23, to the penitentiary for a period not to exceed 10 years on a charge of robbery. Robinson had pleaded guilty to the charge on Feb. 5.

Judge Cunningham also sentenced Paul J. Bjornson, 24, to 10 years in the custody of the Idaho State Board of Corrections on a robbery charge.

Bjornson was also sentenced to an additional 14 years on a charge of assault with a deadly weapon with intent to commit murder.

Bjornson's sentences were to be served consecutively, Judge Cunningham said.

Bjornson pleaded guilty to both charges on Feb. 5, appearing in company with Robinson. An assault charge similar to the one against Bjornson was dismissed against Robinson as a result of plea bargaining for a guilty plea on the robbery charge.

Bjornson was the one who allegedly shot bus station attendant Roy Gwinn at the time of the robbery.

House parents' efforts cited

TWIN FALLS—Members of the board of directors of Harbor House honored house parents Wes and Lydia Schiffer at a special luncheon Wednesday in the Holiday Inn.

The couple is leaving Harbor House after three years of service for the foster home facility.

Formerly of Filer, they will make their home in Twin Falls-Holton—Henderson, board member and youth rehabilitation officer in the county, expressed appreciation to the couple for their long and "sometimes difficult service" at the foster home.

She said their willingness to accept the position as parents of children of all ages when the facility opened in 1969 made it possible for Magic Valley to have a Harbor House facility to provide temporary foster care of children.

Mrs. Henderson presented the Schiffers with a silver tray engraved to them from Harbor House. The tray was engraved at no cost by Sterling Jewelry in appreciation to Wes and Lydia Schiffer, Harbor House, 1969 to 1973.

The couple served as house parents when the old Harbor House was remodeled and rededicated on Shoshone Street North and helped the facility move into the new home at the north end of Fillmore Street.

Mrs. Henderson expressed appreciation for the service to the directors of Harbor House and the youth of the community.

Couple honored

Accident story said erroneous

TWIN FALLS—Reports of an accident on the Porriño Bridge which appeared in Monday's Times-News were in error, according to the father of one of the accident victims.

Frank Hennis told the newspaper Tuesday that his son, Frank Hennis Jr., was not taken to Magic Valley Memorial Hospital as reported. Nor was his name Frank Hennis Jr., as reported.

The elder Hennis said his son skinned a knee when he hit his motorcycle over to avoid hitting a car which had stopped because of a previous accident on the bridge.

Hennis said due to the fast work of the Idaho State Police he was notified and was with his son within 15 minutes after the accident.

Nomination OK'd

WASHINGTON (UPI)—The Soviet government will use the society sought by a summer diplomatic retreat, George Washington's historic "River Front Farm" will be taken over formally Friday by the American Horticultural Society.

The society will complete the purchase with the aid of a \$1 million gift from Paul A. Haupt, retired editor of "Seventeen" magazine and a vice president of the organization.

The State Department stepped in about a year ago to block the purchase of the 25-acre tract, once part of Washington's ML Vernon estate, when the Soviets tried to buy it from scientist Matheson of Alexandria, Va.

The Society will use the estate as a headquarters and as a teaching and experimentation center for horticulture.

"River Front Farm" was the third of five farms purchased by Washington during his lifetime. Washington gave it to Tobias Lear, his personal secretary and also tutor to Martha Custis, for his lifetime. The estate reverted to Washington's heirs after Lear's death and remained in their hands until 1860.

The society plans to restore the house and grounds to the same condition as they were in while Washington was alive.

Filer man appears on drug charges

TWIN FALLS—James Robert Bennion, 20, Filer, appeared in Fifth District Magistrate Court Tuesday on controlled substance charges.

Bennion, through his attorney Rudolf Barchas, waived a reading of rights and requested a preliminary hearing.

Bennion was arrested on Feb. 16 by Twin Falls sheriff's officers after they obtained a warrant for the search of Bennion's Filer residence and his car.

Bennion was charged with one count of possession of a controlled substance with intent to deliver and one count of possession with intent to manufacture or control a controlled substance, after officers allegedly found quantities of marijuana and separate containers of marijuana seeds on the searched premises.

Judge Reed P. Maughan reduced Bennion's bail from \$5,000 to \$2,000 Tuesday over the objection of Prosecuting Atty. Robert W. Galley.

Bennion was appointed a public defense attorney after the appearance. He remains in the county jail.

Mayor cites officers

TWIN FALLS—Mayor John Christoffersen presented certificates to two Twin Falls City police officers Tuesday night on their completion of special training.

Dennis Chambers and Bud Phillips, uniform officers with the department, have completed a four-week training program for police officers at the Idaho State University, Pocatello. Two other city officers are undergoing similar training.

The certificates were presented during the City Council meeting.

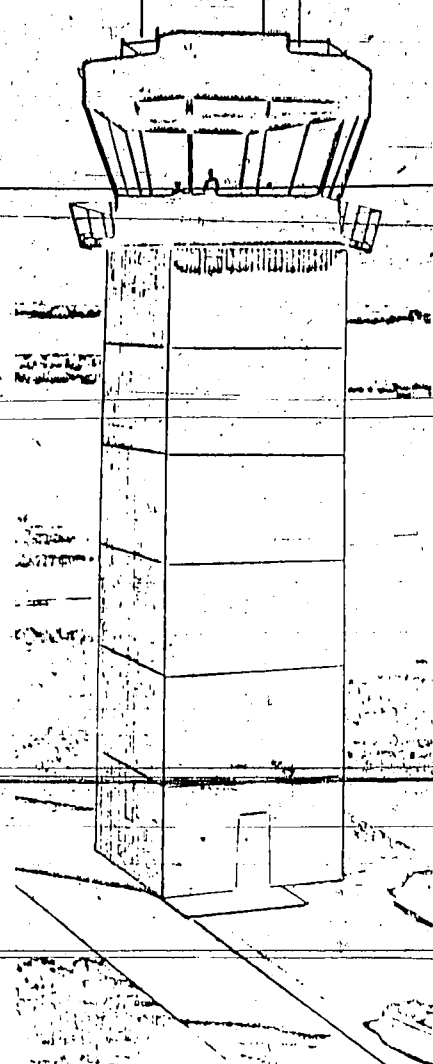

Guilty plea entered

TWIN FALLS—Charles E. Sierer, 27, pleaded guilty in Fifth District Court Tuesday to a charge of issuing a check without funds in the bank.

After accepting the defendant's plea of guilty, Judge James M. Cunningham ordered that a pre-sentence investigation be conducted.

Sierer is accused of passing a false and forged check for \$45 to Safeway Food Stores on April 17, 1971. An earlier charge of forgery was dismissed in magistrate court on Feb. 1, 1973.

Sierer was arrested on Jan. 24, 1972 after his car was stopped for a traffic violation.

New airport tower Tower start set in 1974

TWIN FALLS—Construction of the FAA airport control tower at the Twin Falls City-County Airport is scheduled to begin early in 1974.

Airport Manager Harry Merrick said the facility will cost about \$200,000 but all of the money will be provided by the federal government with no local participation other than the site.

The tower will be 88 feet high and will be of structural steel with a white baked enamel facing.

It will include a 70 foot shaft consisting of four prefabricated modules of 10 feet in height and 18 feet square. The shaft is topped by a catwalk and the controllers cab which adds the final 18 feet to the tower's height.

In the hexagonal shaped cab controllers will have approximately 240 square feet of working space. The six floors of the tower shaft will be used for offices, maintenance, training and storage. A convenience unit is included in the cab design with range, refrigerator and running water. Stairs provide access to the cab.

Merrick said the project has been approved by the FAA and funds allocated.

Y benefit club plays

TWIN FALLS—The YWCA Pool Players bridge club met this week at the Y for supervised play with receipts benefitting the Y's swimming pool project.

Winners announced by Mrs. Herb Burgess include: Donna Brown, first; Lenore Kadlec, second; Martha Jankowski, third and Helen Bome, fourth.

The group meets each Monday for the purpose of helping bridge players improve their skills. The public is invited to participate. Each player donates \$1 to the pool construction fund. Additional information is available from Mrs. Burgess 733-4789.

Big hearted

PROVIDENCE, Ky. (UPI)—A retired coal miner and his wife are doing their bit to make life more pleasant for mentally retarded children at the Outwood State Hospital and School at nearby Dawson Springs.

For more than two years, Bob and Evie Erwin have faithfully sent a \$20 check monthly to the state institution so the children have pocket money for the facility's can-

Andrus rips cutbacks

BOISE (UPI) — President Nixon's proposed elimination of funding or cutbacks in people programs in Idaho will result in a substantial drop in the number of services available to Idahoans, Gov. Cecil D. Andrus says.

The governor voiced criticism against Wednesday of the President's proposed budget cuts, saying the magnitude of the adverse impact upon Idaho programs grows each day.

Federal Programs Coordinator Idaho, Roy Hamey, sent Andrus a letter telling him the Nixon Administration has "interested and intentionally misrepresented congressional intent with respect to various direct grant programs."

Andrus said his state administration's efforts in reducing and preventing further welfare dependency in Idaho are rendered virtually useless.

Home delayed

BOISE (UPI) — The Senate Health, Education and Welfare Committee today delayed action this session on a measure which would appropriate state money for the construction of a veterans' nursing home.

Larry Loughridge, executive secretary of the Idaho Veterans Affairs Commission, told the committee earlier in the week that the next five years some 30 per cent of Idaho's world War I veterans would need nursing home care, with most of them unable to pay for it.

Lien bill defeated

BOISE (UPI) — The Idaho Senate Wednesday defeated a measure 16-19 requiring those filing workman's-liens on motor vehicles to first notify the security holder.

also said the banks should have the first right or repossessing automobiles and other vehicles if they are the main lenders.

Budget predicted

BOISE (UPI) — Lt. Gov. Jack Murphy said Wednesday it appears that legislators will settle on a general fund budget for the coming fiscal year of between \$155 and \$157 million.

'Game' moves scored

BOISE (UPI) — The Senate Democratic minority leader Wednesday scolded Republicans for "playing games" with two of Gov. Cecil D. Andrus' appointments.

A motion by Sen. John Evans, D-Malad, to hold a public hearing on the appointments of Franklin Jones, Boise, to the Idaho Water Resource Board, and the reappointment of Keith Hugginson as the state water administrator, was killed on a party-line vote.

Regional group's future uncertain

PORTLAND, Ore. (UPI) — The governors of Oregon, Washington and Idaho will meet in Olympia, Wash., today to decide the future of the Pacific Northwest Regional Commission.

for such commissions apparently will be cut off July 1.

Priest OK for panel

BOISE (UPI) — The Idaho Senate Wednesday confirmed the appointment of a Roman Catholic priest to the Idaho Horse Racing Commission.

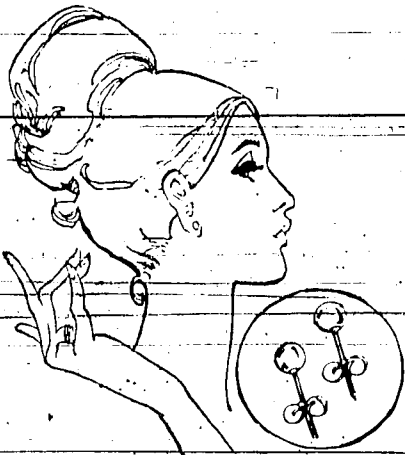

Gem school lands amendment offered

WASHINGTON (UPI) — The Idaho Congressional delegation is sponsoring legislation to amend the Idaho Admissions Act concerning state school lands.

Such exchanges have taken place since 1966, but exchanges were held up recently by a U.S. Forest Service ruling that the state enabling act did not permit exchanges, although it authorized sale of endowment lands.

Decision delayed

BOISE (UPI) — Chairman Kurt Johnson, R-Idaho Falls, put off a decision by the House Education Committee for another day Wednesday on the question of what happens to the Senate kindergarten bill.

FREE EAR PIERCING WITH PURCHASE OF 1 PAIR 14-KARAT GOLD EARRINGS

Love pierced earrings? ONE DAY ONLY, Friday, February 23rd, 11:00-5:00 p.m., Danecraft is bringing an ear piercing happening to our Jewelry Department. We'll pierce your ears and you'll receive a pair of 14-kt. gold earrings for 6.00. We will ask you to sign a consent form for us. Under 18, must have parents' sign also. Street level.

THE BON MARCHE

Shots due

BOISE (UPI) — Health department officials today warned that some Idaho school children may need immunization against the hard red measles.

Permanent panel measure due out

BOISE (UPI) — A bill which would reorganize legislative procedure was approved for introduction Wednesday by the Senate State Affairs Committee.

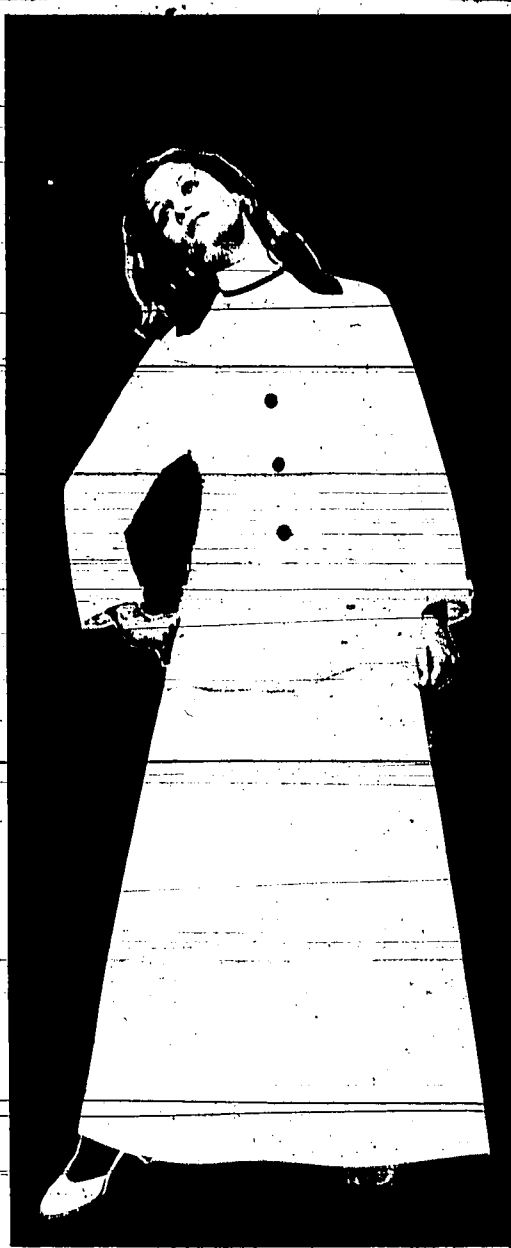

The measure would provide for permanent standing committees and replacing the legislative council with a joint leadership committee.

The bill's sponsor, Sen. John V. Evans, D-Malad, said it would do away with interim committees. Evans said the interim budget-fiscal committee had been operating too independently and should be responsible to the leadership committee.

No recommendation by panel on mental health code clause

By DAVID ESPO

BOISE — The Senate Health, Education and Welfare Committee Wednesday voted out of committee without recommendation a bill redefining the mental health section of the state code.

The action came on a unanimous voice vote after the members decided that what was the main sticking point — the question of reasonable doubt in mental health proceedings — was necessary to preserve the rights of the individual.

Cassia County Pros. Atty. Gordon Nielsen had

appeared before the committee Tuesday and argued that several of the redefinitions embodied in the proposal were poorly written, and that the language of the bill was inconsistent.

But Robert Bushnell, general counsel for the Department of Environmental Protection and Health, told committee members the department supported the measure as drafted. He said it met with "latest developments" in case laws dealing with mentally ill persons.

The proposed legislation defines "mentally ill" as an individual who "is of such mental condition that he is dangerous to himself or to others and is in need of supervision, care or restraint."

In other action, the committee blocked a move to get a bill regulating and licensing the practice of naturopathy in the state on the senate floor. The vote on the motion to report the bill out of committee was 5-5, with Sen. Robert Saxvik, D-Barley, absent when the vote was taken.

The committee members also agreed it was too late in the legislative session to deal with the request from veterans organizations for state money to build a veterans nursing home.

Larry Laughridge, executive secretary of the Idaho Veterans Affairs Commission, told the committee earlier in the week that the next five

years would see 60 per cent of Idaho's World War I veterans needing nursing home care, with most of them unable to pay for it through private funds.

He had asked for money either to construct a building, or a smaller appropriation to permit architectural planning.

But Sen. Lyle Cobbs, R-Boise, said there were vacant beds in existing non-veteran nursing homes across the state, and added it was too late in the legislative session to look into a possible nursing home construction program.

Sen. Leon Swenson, R-Nampa, agreed with Cobbs, adding that he thought it desirable in some cases to allow veterans to be in nursing homes near their families, giving them a chance to maintain their private relationships with family members.

Saxvik said there wasn't the surplus of beds in the Magic Valley area that Cobbs said existed in the rest of the state, but agreed the request had come to the committee too late.

The committee also voted to hold a measure, which has already passed the House, that eliminates the requirement of a pre-marital serology test. The move came after a spokesman for the Department of Environmental Protection and Health had proposed amendments to the act earlier in the week.

Laughter fails

BOISE — Two Magic Valley lawmakers tried to laugh a bill into defeat Wednesday.

The proposal, which would ban smoking at public meetings and hearings, passed the House 34-32 in the morning, but members voted 28-28 in the afternoon to reconsider it.

Rep. Ray Lincoln, R-Twin Falls, suggested to the bill's sponsor, Rep. P.A. Wesche, R-Nampa, that an amendment be attached to include the banning of garlic-eating persons from the meetings.

But his request to place the "garlic amendment" on the bill failed.

Rep. J.V. McHone, R-Ketchum, mindful of the arguments made by the bill's sponsor that cigarettes may contribute to heart attacks, said he had understood that drinking more than four cups of coffee could lead to heart attacks and should be outlawed.

He then added, "Of course, other things are liable to cause a heart attack. I'm not so old that I won't go down the road here and I see a nice looking girl and I'm liable to have a heart attack, too."

Oil drilling rules win OK

BOISE — The Senate Resource and Environment Committee gave its approval Wednesday to a proposal giving two state agencies authority to "recommend conditions" to oil and gas drilling permits.

The measure, to protect fresh water supplies, passed the House earlier in the legislative session. Its provisions include giving the Department of Environmental Protection and Health and the Department of Water Administration 15 days to review applications for drilling permits "to recommend conditions they believe necessary to protect fresh water supplies."

Also included in the measure is a requirement that any issued permit must be left on file with

both the departments, along with the conditions that have been attached to it.

The committee also voted to ask the State Affairs Committee to introduce a concurrent resolution establishing an interim study committee to look into the efforts surrounding states have made in dealing with litter.

The resolution was requested by Sen. John Peavey, R-Rupert, who sponsored a measure earlier in the session that would have banned non-returnable beverage containers.

Peavey's bill went through two drafts and was the subject of a public hearing before it was used up on the Senate floor during his efforts to amend it.

Realignment bill heading for limbo

BOISE (UPI) — Rep. Ed Rhee's plan to reorganize state government into 14 executive agencies headed for never-never land in the House State Affairs Committee Wednesday.

Rep. Walter Little, R-New Plymouth, tried to get the bill to the floor without recommendation, but Rep. Ray Lincoln, R-Twin Falls, successfully moved it that it be held for further study.

At this point in the legislative session, barring some unusual action—that kind of a motion kills a bill.

Rep. Gary Ingram, R-Post Falls, suggested the bill be

referred to the interim commission on executive reorganization but Chairman Harold Snow, R-Moscow, said the committee lacked that authority.

Under a constitutional mandate from the people the legislature must reorganize the executive branch into no more than 20 agencies by Jan. 2, 1975.

Rhee said his bill could serve as a guideline to the 14-member commission the lawmakers are planning to create to undertake reorganization. He said it is based on the 14 "functions" to which the legislature now makes appropriations.

Non-partisan bid OK

BOISE (UPI) — By a vote of 33-18, the House approved and sent to the Senate Wednesday a bill to require election of the state superintendent of public instruction on a non-partisan ballot.

Rep. Norma Dobler, D-Moscow, said there were several advantages to removing

the chief school officer from the political arena. Among them, she said, is the need for new programs to be approved on educational rather than political merits.

Although there was opposition when the bill was put to a vote there was no opposition debate on the measure.

Boundaries dropped

BOISE (UPI) — The House completed legislative action 54 Wednesday on a Senate bill to give police officers extra territorial jurisdiction.

Basically, the bill enables policemen to respond to requests for assistance outside their own jurisdictions with full

peace officer authority and immunity.

It also allows the state of Idaho to make use of its resources and facilities to aid local law enforcement agencies. The bill goes next to the governor for consideration.

Mental patients injected to prevent conception

IF vote downed

IDAHO FALLS, Idaho (UPI) — School bond election for the junior high school went down to defeat Tuesday as voters failed to get the necessary 66.7 per cent of the vote for two-thirds majority to pass the measure.

The final vote was 3,517 for the new school and 1,889 against. It fell short by 2.9 per centage points.

Voting figures showed that only Hawthorne precinct voted against the measure while all other precincts voted in favor.

School board officials say they will now propose new bond elections at the next board meeting and consider alternatives.

WASHINGTON (UPI) — The superintendent of a Tennessee facility for mentally retarded persons testified today that 181 women residents are being given an injection that prevents conception for three months with a drug called Depo-Provera.

Another witness, Dr. William N. Hubbard Jr., executive vice president of the Upjohn Co., maker of the drug, said the drug normally is used to treat cancer of the lining of the uterus and a pre-cancerous condition known as endometriosis.

The testimony was offered as Sen. Edward M. Kennedy, D-Mass., opened six days of hearings by the Senate Health subcommittee on a bill that would ban the use of the drug on women.

Dr. James S. Brown, superintendent of the Arlington, Tenn. Hospital and School, said the 181 women are receiving injections of the drug at three month intervals. He said no significant side effects have been observed.

However, Marjorie D. Green, a Washington attorney, said she was found to cause an inhibition of the menstrual cycle and of ovulation as well as adding "these effects suggested the potential utility of Depo-Provera as an injectable contraceptive."

Hubbard testified that Depo-Provera first was marketed in the United States in 1960 for treatment of cancer. He said it was found to cause an inhibition of the menstrual cycle and of ovulation as well as adding "these effects suggested the potential utility of Depo-Provera as an injectable contraceptive."

document for patients using Depo-Provera.

Peace officers elect leaders

HAILEY — Officers have been elected for the newly formed Wood River Peace Officers Association.

Association bylaws were adopted and the election conducted during a meeting Monday night in Hailey.

The slate includes president, Doug Williams, Hailey police chief; vice president, Mack Reynolds, Sun Valley Police Department; secretary, Robert Jones, Blaine County sheriff's deputy; and treasurer, Bruce Bathke, Blaine County coroner.

Pat Pidgeon, Ketchum Police Department, was named executive officer in charge of special association functions.

Discussed at the meeting were fund-raising projects, including a bumper sticker sale to fund a proposed association pistol range and recreation area at Greenhorn Gulch.

The group also plans to organize classes on new law enforcement developments.

SV Ski Education Foundation elects

KETCHUM Sun Valley Ski Education Foundation officers for 1973-74 are announced.

Re-elected during the foundation's annual meeting were Mrs. George Kneeland, president; E. G. Siemon, vice president; and Jo Ann Algiers, secretary-treasurer.

Three new members were elected to the board of directors: John Beaupre, Gray Reynolds and Butch Harper.

Other board members include G. Robert Ackerman, Gordon Butterfield, Jack Corrock, William James, Dr. Lynn Levy, Mrs. Kneeland, Mrs. James Patterson, Floyd Patterson, Joe Pottevin, Glenn Stehna, Jim Koonce, Dr. Art Richards and Siemon.

Serving as honorary directors are Earle Jorgensen, Ray Jefferson and Jack Simpson.

SUPREME COURT ABORTERS (JUSTICES)

STINK!

MAYBE THE MAJORITY OF THE PEOPLE WILL HAVE TO START A SUPREME COURT OF ITS OWN SO THAT WHAT IS WRONG WILL BE ILLEGAL AGAIN

LESSONS ON WHAT THE U.S. CONSTITUTION REALLY MEANS WILL BE GIVEN SUPREME COURT JUSTICES AT SWENSEN'S MAGIC MARKETS ANY DAY OF THE WEEK BY APPOINTMENT!!

SUPREME COURT JUSTICES GO COMPLETELY CRAZY! Swenson's Markets propose that all seven members of the U.S. Supreme Court (including Pres. Nixon's appointees) be given a little physicians bag with all the necessary articles and be forced to personally perform all the "on-demand" abortions they recently authorized at 25¢ each until they become so disgusted and revolted that they admit they (the Supreme Justices) are not God after all... and that the present Supreme Court Justices then be put on display at Disneyland or in a sideshow of some traveling Carnival as the "Seven Best Educated Murderers of all Time" they authorize the killings and then expect a profes-

sion dedicated to saving human lives to carry out their orders... **MAFIA REVISITED.** People in Twin Falls, Idaho and all over the country, are being forced by 7 men to adopt the standards and behavior of the worst elements in our society — a small minority of Godless, Hedonistic, Selfish people who have been able to impose their life-style on the vast majority of unwilling Americans through the sponsorship of the U.S. Supreme Court. It is the Supreme Irony that a democratic representative country, through the dictates and sponsorship of its highest "wisest" court should be governed by the whims of a small minority rather than the majority — of the people

— as was originally intended. Saddest of all is the fact that our constitution is no longer interpreted with the will of God in mind, but rather the desires and theories of atheists, sometime philosophers, and other phony types. In the history books, the nations which failed to heed God's law never ended up doing too well. Maybe we can do better without God. After all, we have moon rockets, M.I.T. and Hydrogen bombs. God couldn't be that smart — could he?

WHERE WILL IT ALL END? The logical extension of "on-demand-killing" (abortions) of unwanted babies before they're born leads us to the legal sanction of killing unwanted babies soon after they're born (after all, what difference could several days make if that's what a few people want) and then if a few people don't want children already born physically defective or less-than-perfect mentally, that operation could be made legal also. There are other categories of human beings a few people in our society would rather not have around, either. For example, there are the mentally ill, the extremely aged, the terminally ill, and eventually, if a few people didn't like the John Birchers or Jews, the "Supreme" Court could probably legalize something to take care of them too! **FAR OUT!!!!???** Don't Forget the Jews in Nazi Germany!!!

Crib safety rules drawn

WASHINGTON (UPI) — The Bureau of Product Safety confirmed Wednesday it has drawn up a set of safety standards for baby cribs, including narrower space between the slats to prevent infants from strangling.

A spokesman, commenting after Sen. Charles H. Percy, R-III., disclosed the proposal, said the regulations will be submitted for final Food and Drug Administration clearance in about three weeks.

One bureau official added he could see "no reason" why they wouldn't be put off the road to implementation shortly after that.

Percy, in a letter to FDA chief Charles Edwards, said additional delay would only mean more "tragedies and heartbreak" for parents whose children die from faulty crib designs. In 1970 it was estimated 200 infants die every year from faulty crib design.

In part the delay has been caused by the transition of the Bureau of Product Safety into the new Product Safety Commission. The commission is scheduled to begin operating next month but President Nixon has not yet named the five persons who will serve on it.

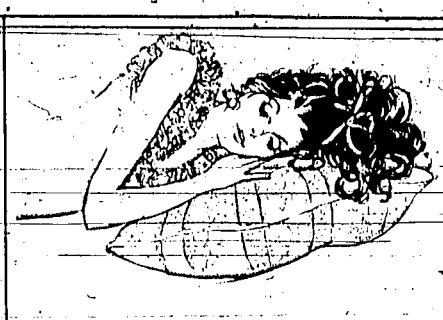

The proposed regulation includes:

- A minimum space of 2 3/4 inches between slats to prevent infants from slipping through.
- Specific interior dimensions so that children cannot become trapped between the mattress and the railings.
- No horizontal toe holds that allow infants to climb up the sides of the beds.
- Standards to make sure the paint used on cribs meets safe, low-lead levels.
- A method for testing slats so that they won't spread apart when a wedge is stuck between them.
- Regulations for record keeping so the buyer of a crib can be traced back three years. The cribs themselves would have to carry the name of the manufacturer, distributor and seller so they can be traced in the event of an accident.

SV junior ski team places

RETCHEM Placings of Sun Valley Junior Ski Team members at the Giant Slalom Derby last weekend at Pocatello were announced today.

According to Sun Valley Ski Education Foundation officials, 23 Sun Valley pee-wee, novice and intermediate racers competed.

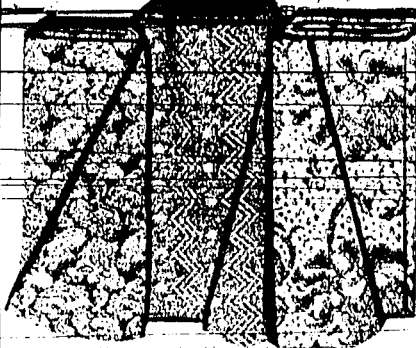

On Saturday, Sun Valley scored five first places, including Stephanie Shumway in pee-wee girls; Matt Lahn, pee-wee boys; Holly Skinner, novice girls; Andy Lahn, novice boys; and Cindy Swager, intermediate girls.

Other Sun Valley finishers on Saturday were Pam Koonce, second, and Alex Dumble, fourth, intermediate girls; Deldre Meyer, second, and Maria Maricich, sixth, novice girls; Tyler Norris, 12th, and Bill Welch, 13th, novice boys; Scott Hinton, 15th, Brant Cooper, 24th and Tam Mathausser, 31st, intermediate boys.

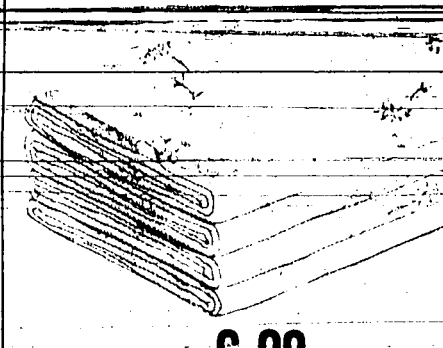

Coaches Ron Groskopf, Bob Skinner and Jenny Carson as well as Dick Welch accompanied the team.

The next race for pee-wees, novices and intermediates is scheduled for March 3 and 4 at Jackson Hole, Wyo., and will be a downhill event.

A thought for the day: Early American statesman Daniel Webster said, "Whatever makes men good Christians, makes them good citizens."

US economy grows 8 per cent

WASHINGTON (UPI) — The U.S. economy grew 8 per cent in the last three months of 1972, the Commerce Department reported Tuesday.

That was slightly less than the government had estimated a month ago, but enough to keep the current business expansion going.

In a revised report Tuesday on the Gross National Product (GNP), a measure of total output of goods and services, the Commerce Department put inflation during October through December at a 2.8 per cent annual rate, a shade higher than reported originally.

For 1972 as a whole, output increased 6.3 per cent, the strongest one-year growth since 1968. In dollar terms the economy grew by \$101.04 billion to \$1.15 trillion.

In current dollars, which include the effects of inflation, this amounted to a 9.7 per cent increase in the nation's output, the biggest since the 15 per cent surge in 1951 when the economy was growing in response to the Korean War.

Although the prices of food and other high-demand items soared, the overall inflation rate last year was 3 per cent.

In a related development, Agriculture Secretary Earl L. Butts predicted retail food prices, as shown in the government's Consumer Price Index for January, will increase about 2 to 3 per cent, the biggest one-month jump in 20 years.

Copper and new owners

Puppy arrives from Moscow

KIMBERLY — Brian and Leslie Cloward have a new puppy due to efforts of John Watson, announcer for Moscow radio station KRPL.

Ginger's Copper Penny, a pedigreed golden retriever female, age seven weeks, was purchased from "donations collected from dog lovers in the Moscow area who heard over KRPL of the January shooting of Zorab's Prince Scotch, the Cloward family's 2 year old male retriever.

Scotch was found dead at the family residence of a small caliber rifle bullet.

Copper was purchased from Bob Couch, Twin Falls, as no

golden retriever pups were immediately available in the northern Idaho community.

"Good luck with your new puppy," Watson said in a letter to the Cloward children this week. "If you can love her as much or even half as much as Scotch, I know she'll be pretty happy."

The untimely death of Scotch may have some meaning, Watson said. He plans to use a small remainder of the donated funds to fill a need in the northern Idaho city.

"I hope we can get something going up here in terms of a humane society," Watson said.

"We will use the funds as a beginning."

TF boy, 4, gets minor injuries

TWIN FALLS — A 4-year-old Twin Falls boy was injured slightly Tuesday afternoon in a two-car collision at the intersection of Seventh Avenue North and Second Street North.

Treated at Magic Valley Memorial Hospital and released was Richard E. Veley. According to police reports, the 4-year-old boy suffered facial cuts and bruises.

The accident occurred at about 3:15 p.m. when a 1966 Ford sedan driven by Beverly Ann Veley, 26, the boy's mother, collided with a 1972 Chevrolet pickup truck driven by Daniel Robert Welch, 16, Twin Falls.

Police reports said the Veley vehicle was westbound on Seventh Avenue North and the Welch vehicle was southbound on Second Street when they collided at the intersection. Mrs. Veley was cited for failure to yield the right of way.

TF Knothole schedules

TWIN FALLS — The Twin Falls Recreation Department Knothole Basketball Schedule for Saturday is announced by Chad Browning, Recreation Director.

SIXTH GRADE:
9 a.m., Sterling Stars vs. Bennets Bobcats and 8 a.m., Langs Mustangs vs. Newells Coals, both at Stuart, 9 a.m., Beesons Bucks vs. Wards Warriors and 8 a.m., Snodgrass Super Stars vs. Askews Bombers, both at Stuart, 10 a.m., Hawkworth Hawks vs. Hales Angels and 10 a.m., Beutlers Bombers vs. Dillons Dodgers, both at Stuart; noon, Phineys Fighters vs. Kimberly Bulls and 11 a.m., Lakeres Lakers vs. Randys Rocketeers, both at Stuart.

Marks Mustang drew a bye this week.

FIFTH GRADE:
Noon, Airharts Athletes vs. The Team and 11 a.m., Casey Killers vs. Kimberly Bullpups, both at Stuart; 8 a.m., Hobys Hornets vs. Halls Hotshots and 8 a.m., Spaceks Sprackets vs. Andersons Arctic Cats, both at O'Leary.

Saturday breakfast set in TF

TWIN FALLS — The 10 Hi-Y Clubs of Magic Valley have joined forces to sponsor a community breakfast Saturday.

The event is set from 8:30 to 10 a.m. at the YM-YWCA facility located at 1751 Elizabeth Blvd.

Proceeds from the breakfast will be used by the Hi-Y Club to send its delegations to the Idaho State YMCA Youth and Government program in Boise April 12, 13 and 14.

Robin Carle and Kent Katz, ticket chairmen, said costs will be \$1.25 for anyone over 4 foot 6 inches tall; 75 cents for anyone under 4 foot 6 inches and free for toddlers under 2 foot 6 inches.

Tickets are available from any member of the Hi-Y or at the YMCA or can be purchased at the door Saturday morning.

Virginia Baugh, food committee chairman, said the menu will include pancakes, sausage, eggs, coffee and milk. Other committee chairmen include Kevin Jones and Miss Carle, manpower recruitment; Mike Sass and Matt Muldoon, publicity; and Bruce Hafer and Brent Elmstead, set up and take down.

Members of the Hi-Y Clubs said there is plenty of free parking for those attending and breakfast goers can also see the progress being made on the construction of the YM-YWCA indoor heated swimming pool and locker room complex.

TWIN FALLS — Guest speaker at the Twin Falls County Republican Women's Desert Luncheon Monday will be Glen Wegner, Boise.

Dr. Wegner, a native of Kendrick, holds degrees in both law and medicine and is presently practicing pediatrics in Boise.

He has served as special assistant to the surgeon general of the United States, as a member of the Nixon task force on health, as a member of the Lewis and Clark Trail Commission, as a deputy

assistant secretary for legislation, Department of Health, Education and Welfare and as a deputy counselor in the White House.

He is also a trustee of the College of Idaho from which he recently received the Distinguished Alumnus Award.

The public is invited to hear Wegner at the Rogerson Hotel Roundup Room at 1 p.m. Monday. Further information concerning the dessert luncheon can be obtained by calling Mrs. Laird Noh, 733-3615.

Rebekah visit set

TWIN FALLS — Members of Twin Falls Rebekah Lodge No. 75 made plans for the visit of Don McMinimy, Post Falls, at a meeting Tuesday evening.

McMinimy is the grand master of the Grand Lodge of Idaho. Committees were appointed to prepare for the visitation. A joint potluck dinner with the Odd Fellows was planned in his honor for 6:30 p.m. March 6. The regular Rebekah Lodge meeting will follow.

Mrs. Nellie Wilson, treasurer, was honored and presented a gift.

Mrs. Joyce Kelly sang three songs.

Refreshments were served by Mrs. Margaret Barth, chairman; Beverly Leeds and Geneva Baird.

news about the people you know

Valley Living

Abby

Abigail Van Buren

DEAR ABBY: How can parents get rid of a fat, 20-year-old daughter who refuses to look for a job? She says that we gave birth to her for reasons of our own, so we can keep her for the rest of her life.

Eating, sleeping, reading, listening to the radio and doing volunteer work at the local animal shelter, and urging her little brother to hang himself, is all she has done since graduating from high school 2 1/2 years ago.

Her skill with animals has brought her many good job offers from veterinarians, but she says she refuses to work for money as long as her brother is alive, as she fiercely resents not being an only child.

The police say they cannot help us because she is neither a criminal nor a lunatic. Two doctors have told us they cannot help us because they can't find anything "wrong" with her. So where do we go from here? We aren't millionaires, and we're fed-up with...

FEEDING AN ELEPHANT

Lazy girl won't work

DEAR FEEDING: Go to another doctor! This time find a competent psychiatrist. You certainly have enough clues to conclude that the girl has serious emotional problems. She desperately needs help in getting her head together. And the cost will be "peanuts" compared with feeding an elephant.

DEAR ABBY: I am in the Marine Corps, stationed in Nam Phong, Thailand. There is no female personnel on this base at night. It is very hot and we live in huts. I prefer to remain in the nude when we return from showering because it is much cooler. This seems to annoy one guy in the hut. Do I have a problem? Or has he?

NUDE IN NAM PHONG

DEAR NUDE: If he has one, why are YOU writing?

DEAR ABBY: Can you get VD from kissing somebody? If you can, maybe I've had it for a year and have already given it to three people.

I didn't even know about this disease until six months ago, and the kid I think might have given it to me moved out of town a year ago.

I am so worried. I am only 15, and I'm not a slut or anything like that. Please don't tell me to talk to my parents. They would never understand. Also our family doctor is a good friend of theirs, so I can't go to him.

I have to know right away, Abby, as my grades are falling off because I'm worried instead of studying. Thank you, and hurry your answer, please. WORRIED SICK

DEAR WORRIED: The chances of contracting VD from kissing are very very slim, but if you have gone in for heavy petting, you could be in trouble.

Call your Department of Public Health. Tell them I suggested that you call, and ask for a physical examination to ease your mind. You do not need your parents' consent, and if you need treatment, you'll receive it on a confidential (and free) basis. Please do this today, and good luck.

DEAR ABBY: How long should a couple wait to get married following a divorce? I have been divorced for three years, but the man I am going to marry has been divorced only a few months. We have known each other for a very long time and are both over forty. I am not talking about the amount of time it is considered "legal" to get married again, I mean how long should we wait to avoid gossip?

FLORIDIAN

DEAR FLORIDIAN: Go ahead and marry the man, and don't worry about gossip. After all, a divorce isn't the same as a death. There is no "mourning" period when one loses a mate in the divorce court.

Problem? You'll feel better if you get it off your chest. For a personal reply, write to ABBY, Box No. 69760, L. A., Calif. 90069. Enclose stamped, self-addressed envelope.

A Lovelier You

TAKE OFF TACTICS

By Mary Sue Miller

(Fourth in a series of five columns on how to Take It All Off)

A much overlooked figure trimmer is good and graceful carriage. If you always stand and sit with a waist drawn up and the stomach pulled in, you will find the tactic tightens muscles and retracts flesh as effectively as exercise. In fact good posture actually is exercise. Far more difficult than the spot routines that follow.

1. Stand erect. Leading with the head, slowly "curl" spine, until head and arms dangle. To return to erect position, reverse actions coming up inch by inch from lower back. Repeat 10 times, working for smooth movement.

2. Stand erect, knees slightly bent, and squeeze buttocks together. Hold, relax, repeat 25 times.

3. Grasp back of sturdy chair. Swing right leg behind and repeatedly kick hard. Reverse legs then walk around room without shoes, on tiptoe for one minute.

4. Without shoes, sit on edge of chair with legs outstretched and heels just touching floor. Stretch toes toward body so calf muscles tighten. Hold 10 counts. Next rock feet so heel to toe floor and toes touch it. 20 times.

5. Work daily as instructed. You'll soon be happy about the shape of things to come.

Now for the last paired menus that count 1100 calories. Lunch: Cup chicken consommé; asparagus vinaigrette (8 spears, hot or cold); 2 cup seedless grapes. Dinner: Hearts of celery, 2 green ripe olives, 2 slices roast lamb; 1/2 cup noodles paprika; 1/2 cup steamed zucchini, orange dressed; baked 1/2 grapefruit; tsp honey. Note: Hot tea or coffee, 1 cup grapefruit juice, bottom third 1 pt skim milk per day.

A palatable diet and easy exercises are the secret, tactics of successful reducing. Clip and analyze this column to better grasp the why's. Tomorrow: Get It All Together.

LAZY GIRL'S EXERCISES

Here's an effortless way to trim off heavy spots. All you do is lie down or sit down, and fire your muscles. If that's for you, send for LAZY GIRL'S EXERCISES. Based on the isometric principle of exercise, routine trim figure head to toe. Write Mary Sue Miller in care of this newspaper, enclosing a 10¢ stamped, self-addressed envelope and 15 cents in cash.

Guild contest slated

TWIN FALLS — The Gem State Writers Guild has set the annual spring poetry contest for Feb. 15 through April 1, according to Virginia Linger, Pocatello, guild president. Stella Craft Tremble, editor of American Poet and Prairie Poet magazines, will serve as judge. Entrants may submit one original poem not presently being considered for publication. The poem may be on any subject and in any style not to exceed 24 lines. It must be typewritten and double-spaced. Winners will receive prizes of \$15, \$10 and \$5. Certificates will be awarded two poems for honorable mention. All entries will receive Mrs. Tremble's suggestions and criticisms. In addition to the above prizes, a \$10 bonus prize will go to an entrant selected at random by the judge.

Dr. BEA MEDICINE, Boise speaker

Indian institute slated in Boise

BOISE — The second annual Boise State American Indian Institute is scheduled from Saturday to Wednesday at the BSC College Union, according to Patricia Ourada, associate professor of history.

Sponsors of the Institute include the department of history, the honors program assisted by the Boise State Art Committee and the Dama Soghop Indian Club. All activities are open to the public, according to Miss Ourada.

Dr. Bea Medicine of the department of anthropology at the University of Washington will deliver a public lecture "The Indian Woman, Her Role and Contribution to Modern Society," Monday. There will be an open forum featuring Dr. Medicine from 2 to 4 p.m. preceding her lecture. The forum will be in the Lookout Room and the lecture is scheduled for 8 p.m. in the ballroom.

Dr. Wilcomb Washburn of the Smithsonian Institution, Washington, D. C., will be featured Tuesday. He will speak concerning the "Contemporary Relevance of American Indian Treaties." His lecture will be at 8 p.m. in the ballroom. A speaker is expected from the national office of the American Indian Movement (AIM) Wednesday. The speaker will hold a forum from 2 to 4 p.m. in the Lookout of the College Union and will speak at 8 p.m. in the ballroom on "The Trail of Broken Treaties."

The institution opens Saturday with the Dama Soghop Club sponsoring a dance following the University of Idaho-BSC game in the College Union Ballroom. Prizing for the dance will be "The Plainsmen."

Owyhee, Nev. From Sunday to Wednesday the Boise State Art Committee is planning an Indian art exhibit in the College Union Building, and Dama Soghop will conduct an Indian bead sale.

Dr. Medicine is a Sioux from Standing Rock, S. Dak. She is a pre-doctoral lecturer at the University of Washington. She received her master's degree in sociology and anthropology at Michigan State University and has taught at several universities in Canada and the United States. Last June she attended the conference on Indigenous women in Chiapas, Mexico, and in August she read a paper on "Warrior Women of the Plains" at the International Congress of Americanists in Rome, Italy.

Area PTA hears speaker

HANSEN — Lee Childs, Rupert, Idaho Youth Ruffch, spoke to Hansen PTA members on "Why We Should Get Involved in PTA" at a Founder's Day meeting Tuesday evening. He answered questions following his talk.

Mrs. Ted Crockett spoke telling about things the PTA has done for the school. Mrs. Eldon Ethington gave the invocation.

Former presidents Mr. and Mrs. Ted Crockett, Mr. and Mrs. Cecil Stanger and Mrs. Ethington were introduced. Members of the nominating committee are Mrs. Carlos Borah, Mrs. Raymond Higgins and Mrs. Dorothy Palmer. The door prize, a cake baked and decorated by Mrs. Lucille Roberts, was won by Ted Crockett.

The first grade won the room count. Third grade parents furnished refreshments. The next PTA board meeting will be at 7 p.m. March 20 in the school library.

Valley Briefs

TWIN FALLS — The Saturday night at the Odd Swinging Sixties Club will meet at the IOOF Hall Friday at 8 p.m. All persons age 60 years of age or older are welcome. Bring own table service.

KING HILL — Mrs. William Robertson, secretary of the Episcopal Guild, has announced plans for a salad bar and card party on Wednesday. The event will begin at 1 p.m. at the St. Francis Hall at the Glenns Ferry Episcopal Church.

TWIN FALLS — The Single Ladies Club will have a dance Saturday night at the Odd Fellows Hall. Live music starting at 9 p.m. Single persons from 30 to 60 are welcome. A special activity will be announced for the following Saturday.

RUPERT — River Reelers Square Dance Club will dance Saturday night at the Odd Fellows Hall. Round dancing is set at 7:30 p.m. and square dancing at 8:30 p.m. All round and square dancers are welcome. Refreshments will be served.

Ex-POW gets wish—three big kisses

HONOLULU (UPI) — Miss big kisses. Miss Lagarde told newsmen later that she had read, in a newspaper that Purrington had said the thing he wanted to do first upon his return to America was kiss a blonde. "I just wanted to be sure he got his wish," she said. "Those guys gave up years of their lives for us and, if a kiss will make them happy and show them how much we appreciate what they did for us, I am more than glad to give it to them."

TF class seeks locations

TWIN FALLS — The Twin Falls High School class of 1953 is seeking aid in locating several members of its graduating group for the 20-year reunion this summer.

Those knowing the whereabouts of the 1953 graduates are asked to call Mrs. Ron Cogswell (733-6637).

The list includes Phyllis Taylor Davidson, Noel Campeau, Bobbie Bowser O'Bray, Dan B. True, Barbara Bickford Brester, Roland Milton, Fred Linde, Peggy Cox Breece, Don Sizer, Joanne Trent Duffy, Tom Pettygrove, Ann Forsling Torry, James Daum, Beverly Hall Reed, George Longabardo, Marie Gibson Helinger and John Clayton.

Belva Miller Jacobsen, John Hughes, Clarice Hadley Reid, Ben Myers, Maureen Maxwell, Jim Bohanan, Gayle Peterson Shunway, Joe Starkey, Rudy Yaden Ruten, Ken McDonald, Colleen Peterson Loudenbah, Bob Hall, Delvine Anderson and Ken Walston. Jeanie Watson, Jim Watson, Elaine Moore, Monty Jenkins, Georgia Pyron, Leroy Johnson, Nancy Martin, Charles Bates, Fay Bascom, Ron Ketchum, Dorothy Sherrod and Carlean Baden.

Reports received by TF BPW

TWIN FALLS — Mrs. Billie Buehler and Mrs. Roberta McKercher, both Hailey, and Lola Orchard, Jerome, made their official visit to the Twin Falls Business and Professional Women's Club Monday evening.

The meeting was held in the Sunnyside Courts Recreation Hall.

Doris Harper reported another gift from a businesswoman had been made to the club's loan fund.

Ina Knox led discussion on the budget and it was voted not to raise the dues and to continue with the advertising in the yearbook.

Magic Valley Favorites

MRS. DAVID GOTTFREDSON, Box 354, Shoshone

CHILES RELLENOS CASSEROLE
 1 (14 oz.) can whole green chiles
 2 pound jack cheese
 4 eggs
 1-3 cup milk
 1/2 cup flour
 1/2 teaspoon baking powder
 Grated sharp cheddar cheese
 Cut jack cheese in cubes, stuff into chiles. Butter small casserole, put chiles in. Beat eggs, add milk, flour and baking

powder. Mix until smooth. Pour over chiles and top with grated cheddar. Bake uncovered at 375 degrees for about 30 minutes. Garnish with ripe olives. Serve hot.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

and played a low club East could not afford to play the ace and George was in with the king. He got back to dummy by leading a third trump, played the queen of diamonds and discarded his four of clubs.

East was stuck on lead and made his best play of the heart king, but George just ducked that also.

That was the last shot in East's locker. A club lead would set up dummy's queen for a discard of the last losing heart while a second heart lead would be right up to dummy's ace-jack.

Gooding couple plans observance

GOODING — Mr. and Mrs. Ben Glauner will celebrate their 38th Wedding Anniversary with an open house from 2 to 5 p.m. Sunday at the Gooding Grange Hall.

Mrs. and Mrs. Hale Glauner and Mrs. Lloyd Condit, brother and sister of Glauner, will serve as hosts for the event.

The couple was married at the home of Mrs. Glauner's parents, Mr. and Mrs. Frank Walker, on Clover Creek, north of Bliss, Feb. 14, 1923.

They farmed east of Gooding from 1926 until 1962 when they sold their farm and moved to their home in Gooding.

The couple has three children, Mrs. Erma Coder, Fremont, Calif.; William Glauner, Seattle, Wash.; and Leroy Glauner, Grants, N. M. The couple also has five grandchildren and one great-grandchild.

All of the couple's friends are invited to the open house. The couple requests no gifts.

MR. AND MRS. BEN GLAUNER

Temple wedding planned

JEROME — Mr. and Mrs. H. Thomas Newman, Jerome, announce the engagement and forthcoming marriage of their daughter, Cathy, to Robert Wells Knowlton Jr.

Knowlton is the son of Mr. and Mrs. Robert W. Knowlton, San Diego, Calif.

Miss Newman is a graduate of Jerome High School and Brigham Young University. She is teaching at Granger High School, Salt Lake City, in the speech and drama department. Knowlton is attending the University of Utah.

A March 16 wedding is planned at the Salt Lake City LDS Temple.

CATHY NEWMAN ... names date

Confessions

NEW YORK (UPI) — Almost 90 per cent of the young people interviewed in a self-report study of delinquent behavior confided that they had committed an act for which they could have been brought before a juvenile court.

The study was supported by the Center for Studies of Crime and Delinquency of the National Institute of Mental Health.

O'Leary teacher receives honor

TWIN FALLS — Marvis Nelson, long-time teacher at Vera C. O'Leary Junior High School was honored by students and faculty Tuesday.

She was subject of a "This Is Your Life" presentation given at the beginning of a pep assembly at the school.

Duke Wiseman, assistant principal at O'Leary, said the program was planned by the student-faculty relations commission which is a part of the student council.

The program traced Miss Nelson's life through her birth at Bessland, Idaho, her education in Jerome and at Albion State Normal School and her teaching career.

She began teaching at Richfield at the age of 19 in 1935 and has taught continuously since then. From Richfield schools, she went to Hansen and then came to O'Leary where she has taught for 24 years. Her years of teaching total 38. She teaches reading at O'Leary.

Miss Nelson has continued her education since receiving her degree from Albion State Normal, completing requirements for a bachelor's degree at Colorado State College, Greeley, Colo., and attending summer continuing education sessions at eight major universities.

Wiseman said that Miss Nelson has always rated excellent in all areas of performance of her work. He said she still lives in Jerome and drives to Twin Falls each day to teach. She is always one of the first teachers to arrive and, he said, performs all of her duties in an equally conscientious manner.

Wiseman said that a show of hands during the presentation indicated that the parents of nearly a third of the present O'Leary student body attended Miss Nelson's classes themselves.

GF 4-H'ers to model

GLENNS FERRY — Twenty-six 4-H'ers will be modeling the home extension agent, stated Marilyn Jordan, Elmore County 4-H agent, at the Glens Ferry Junior High School, Sunday at 2 p.m.

The Style revue is called photo fashions and will show the latest spring fashions. Mrs. showing.

so great that she may have it for only 24 hours, so she feels privileged to be able to show it. The public is invited to the showing.

BURLEY — The Idaho wing of the Civil Air Patrol will hold a two-day conference this weekend at the Ramada Inn here.

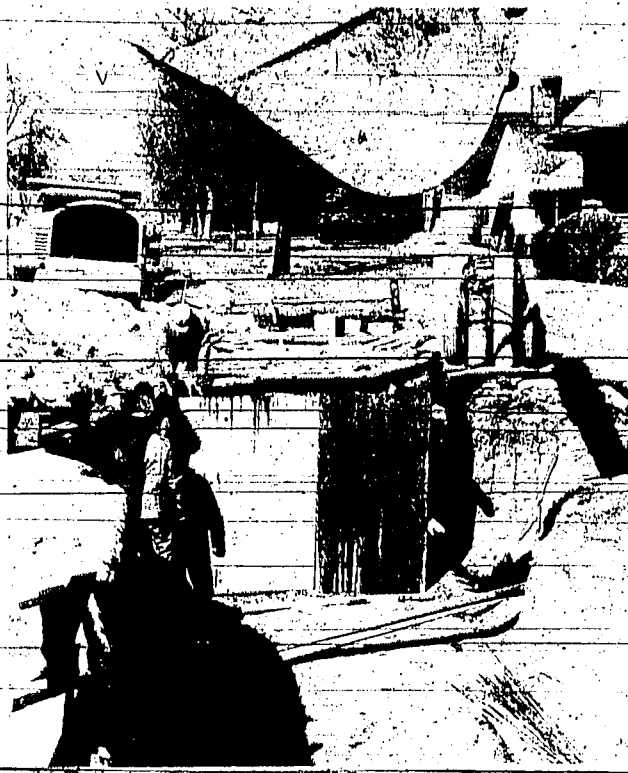

Lt. Col. Gaul, chief of the 42nd Air Rescue and Recovery Coordination office, Hamilton AFB, Calif., will address the Saturday luncheon. Also, Col. Frank Swain, Rocky Mountain regional commander of the CAV, Denver, also will speak.

Seminars are planned for Saturday on communications, emergency services, cadet training and aerospace education.

The day's activities will conclude with an awards banquet when the senior cadet of the year will be honored, and special recognition awards will be given for outstanding achievement in mission effectiveness and communications.

Senior training sessions are planned for Sunday. All members of the Idaho wing are urged to attend, according to Guy Snyder, Twin Falls, information officer.

Purpose of the conference is to re-establish contact with all members of the unit and to familiarize them with new procedures, he said.

RECONSTRUCTION of the Eighth Avenue lateral crossing of Shoshone Street is nearing completion. City crews have been working to replace the old underground structure with a new pipe and concrete irrigation structures. During the reconstruction Shoshone Street is blocked to two lanes of traffic. The lateral is a major irrigation channel through the city to serve farms to the northwest.

Replace structure

Blaine names 9 directors

By TERRY CAMPBELL, Times-News writer

KETCHUM — The nine-member board of directors has been named for the Ketchum Community project to develop a comprehensive city plan and policy.

According to David L. Vhay, project organizer, the board will govern distribution of \$10,000 in private donated funds, hire a project staff and generally oversee the project.

The nine include four members of the Ketchum Planning and Zoning Commission, Bebe Haemmerle, Edward Heap, Gerald Sidwell and Robert Gen. Neeley and five citizens at large, Jack Carrock, Richard Meyers, Don Bennett, Neil Wright and Edward Scott.

The at-large membership was selected as the five persons most often nominated in a questionnaire distributed during a project organizational meeting last week, with the planning and zoning commission determining the representatives.

At an informal meeting Thursday night, the directors scheduled an organizational board meeting for Tuesday night, Vhay said, hopefully by that time, results from about 120 questionnaires obtained during a community session — setting general areas of concern for the project — will be tabulated.

Neeley recommended a project operational plan be drawn up and weekly board meetings be set to review project status.

Bennett also recommended a representative from the Sun Valley Planning and Zoning Commission be invited to sit in at the board meetings because of the inter-relationship of the two cities.

Vhay reported about 50 to 60 community residents had volunteered to aid the project in the areas of economics, engineering, environmental sciences, general research and secretarial aid. As much aid as possible is being sought from federal, state, regional and county agencies, he said.

Project plans call for two to three community meetings per week, with field specialists invited to speak on specific concerns and discuss possible alternatives, Vhay said. Topics may include the automobile and the community, highway alignment, land use or animals within the city, he said.

Vhay also recommended that a cutoff date be set for the planned three-month project. Of the \$10,000 in project funds, \$5,000 was donated by Douglas Campbell, East Fork, and \$5,000 by William Jans, owner of Sun Valley Co., Inc. Office space was donated by Nick Orr and will serve as a data center and for community meetings.

The project will consist of three phases, a development period, review and a formalization, which may include a referendum vote prior to adoption.

Roundtable set

KETCHUM — The Wood River Roundtable has scheduled a meeting for 7:30 p.m. tonight at the Ernest Hemingway Grade School.

According to moderator James Donart, the Ketchum planning project and the Roundtable's contribution as part of community participation will be under discussion.

Albion study set

ALBION — The Federal Aviation Administration has announced plans to study the Albion airport to determine its effect upon the safe and efficient utilization of navigable airspace.

The municipal airport is located one-half mile southeast of Albion. The dirt runway is 4,550 feet long and 50 feet wide.

In a public notice of the study, the FAA requests citizen comment concerning the effect the Albion airstrip has on aviation in the area. Comments should be submitted to the FAA at Boeing Field, Seattle, Wash. 98108.

The notice says comments should be clearly stated and refer to study number 73-NW-9-NHA. They will be accepted until March 2.

Local FAA officials would give no interpretation as to the possible consequences of the study.

Oakley HS gains 'approved' status

BURLEY — Oakley High School has gained "approved" status from the Northwest Association of Secondary and Higher Schools after two years on the "advised" list.

Cassia school trustees reported the welcome boost in a school board meeting Monday.

The accrediting organization conducts annual studies of high schools in the northwest section of the nation. Each school is given an "approved," "advised" or "warned" rating after the evaluation.

If schools fail to improve after being listed as "advised" or "warned" for several years, they hazard the loss of their accreditation.

Oakley was "warned" in the 1969-70 academic year, "advised" in the next two, and earned an "approved" rating this year.

According to Asst. Supt. Norman Hurst, the improved rating is the result of a new media center, built at Oakley last year and the addition of more certified members to the teaching staff.

Jerome banker gets promotion

JEROME — C.R.N. Shepherd, Jerome banker since 1947, has been promoted and transferred to the head office of First Security Bank in Boise.

Shepherd will become full vice president in charge of a new loan servicing center, according to James E. Phelps, senior vice president and division supervisor. The center presently services real estate loans but will soon handle student loans and other programs.

Lloyd A. Duncan, currently assistant manager of the Burley office of the bank, will succeed Shepherd as manager of the Jerome office, Phelps said.

Shepherd joined First Security in Logan, Utah, as a messenger in 1937. He advanced to bookkeeper — teller at Ogden and in 1944 became facility manager at Hill Air Force Base. In 1947 he was promoted to auditor and later that year came to Jerome as assistant manager. He was appointed manager of the Jerome bank in 1952.

Shepherd is a native of Paris, Idaho. He has been active in civic and church affairs. Mr. and Mrs. Shepherd are the parents of two children. They have two grandchildren.

A native of Pipestone, Minn., Duncan joined First Security in 1966 as a management trainee in Boise and Twin Falls. He became chief clerk in Burley in 1967, assistant loan manager in Blackfoot the following year, assistant manager at American Falls in 1970 and assistant manager at Burley in 1972.

He is a graduate of Northern State College, Aberdeen, S.D., and is a veteran of service with the US Army. He is active in civic and professional affairs.

Mr. and Mrs. Duncan are the parents of one daughter.

C.R.N. SHEPHERD promoted

Burley jury trial begins second day

BURLEY — The jury trial of Ruben Curiel, 22, Burley, charged with assault with intent to commit murder, was in its second day today.

Curiel is being tried in connection with the Nov. 19 shooting of Jesse Pena Jr., 22, Paul, during an altercation across the street from the Mr. Lucky Bar in Paul.

A jury was selected and one hour of testimony was taken Wednesday before public defender Herman Bedke was granted adjournment for the day.

Mindoka Pros. Atty. Robert Nielsen briefed the jury on the prosecution's case and named three prosecution witnesses, including Pena, his father Jesse Pena Sr., and Jesse Parker, the brother-in-law of Jesse Pena Jr., and owner of the Mr. Lucky Bar.

Parker gave the only testimony Wednesday. Under questioning by Nielsen, Parker described events leading up to the shooting.

He said he helped break up a fight pitting Jesse Pena Jr. and his brother, Joe, against Paul Resendez and a "long-haired youth" at approximately 12:45 a.m. inside the bar. The "long-haired youth" was not identified in Wednesday's testimony.

Resendez and the "youth" were "thrown out of the bar following the altercation," according to Parker.

He said Pena Jr. was sent to an apartment above the bar after the fight. The next action came at about 1:05 a.m., according to Parker, when he followed Pena Jr. outside the bar to a car parked across the street.

Pena Jr. attempted to slam a car door on Resendez and the "youth" and Resendez ran to the rear of the car, Parker said.

Resendez met Curiel at the rear of the car, Parker stated, and handed Curiel "something — a gun, a knife, a stick — something — Curiel's hand came up," a shot was fired, and Pena Jr., who had followed Resendez, fell to the ground, Parker said.

In cross-examining Parker, Bedke asked him if he saw a knife at any time during the night of the shooting. Parker denied seeing any knives.

In Curiel's preliminary hearing, one witness said Curiel was wielding a "machete," approximately 14 inches long, when he approached Resendez outside the bar.

Pena Jr. was taken initially to Cassia Memorial Hospital following the shooting and was later transferred to Magic Valley Memorial Hospital, where he recuperated and was released.

Nielsen said Pena still carries a bullet slug "close to his spine."

Canal official talks in Jerome

JEROME — Guest speaker at the Jerome Chamber of Commerce Wednesday was C.J. Marshall, chairman of the board of directors of the Northside Canal Co.

Marshall, a member of the Water Users Hall of Fame, spoke to the chamber on federal or private funding of American Falls Dam and guarding water rights for the northside tract.

"Water users must waste no time in exploring both avenues, federal and private, and then take action for the quickest and best way to resolve the problem," Marshall said.

He pointed out that the economy of the entire northside tract relies "entirely" on having adequate water. "We'll be in very serious trouble if we have to wait very many years to either rebuild or start a new dam," Marshall said.

He explained that if a private contractor was given the authority to start construction on American Falls Dam today the dam could possibly be built within a three-year period.

He said information on private development of the dam will be released in several weeks.

Marshall said the difference in rebuilding or repairing American Falls Dam would be about \$4 million, with no guarantee of the dam's life expectancy if it is required.

Ketchum man, 36 arrested

KETCHUM — A Ketchum man was arrested for possession of a controlled substance Wednesday by Ketchum Police Department officers.

According to a department spokesman, Michael Collins Zucetti, 36, has been released from the Blaine County jail on a \$250 bond. Court appearance was set for Wednesday in Blaine County Magistrate Court.

Cassia accepts bids

BURLEY — Trustees of the Cassia County School District accepted a bid for six used school buses from Ralph Miller, a resident of Washington.

The successful bidder offered \$5,107 for the six units. Other bids were from Twin Falls Equipment Co., \$4,726, and Kirkinan Brothers, Twin Falls, \$4,860.

Burley improvements ruled out, council says

By DAVID HORSMAN, Times-News

BURLEY — Street and sewer improvements in a small section of south Burley have been ruled out unless the costs per resident can be reduced.

Property owners seeking a local improvement district centered around Dean Street and Berkley Avenue were told in the Burley City Council meeting Tuesday that bonding companies will not support the improvements because owner costs would be prohibitive unless distributed among more residents.

Cost figures compiled by city engineer Leon Bedke indicated that street pavement in the area would cost \$400 per property owner (15,000 divided among 39 lots); storm sewers \$306 each (\$22,000 for 57 lots), and curbs and gutters between \$2 and \$1 per foot.

The total average cost per property owner was estimated at \$1,086.

The only chance for bonding of the improvements is tied to the inclusion of out-of-city property to the immediate south of the Dean-Berkley area,

according to city attorney William Parsons. But Otis Orton, owner of the property, has balked at all invitations to join in the IID thus far.

If Orton's land is included in the IID cost estimates, the charge per property owner would average \$600, according to Bedke's figures.

The city officials agreed to approach Orton again with the IID proposal. They said he would be informed that the city will demand pavement, sewer, curb and gutter improvements if his property is annexed in the future.

As a result of the extensive efforts to provide improvements in the Dean-Berkley area, the council further agreed to evaluate the city's entire policy concerning annexation of property.

Prerequisites might be adopted that would deny annexation until the street and sewer improvements are completed, according to the councilmen.

In other action, the council: — Hired Walter Crambill, 47, Rupert, as city building inspector. The Oregon native will bring 23 years of experience in fire protection and civic utilities to the Burley job.

He retired from military service with 24 years' experience in fire fighting.

— Honored retiring fire chief Otis Williams with words of appreciation and a presentation of fishing equipment. Williams has served as fire chief for 25 years and plans to "catch up on a lot of fishing" during his retirement.

— Amended a city ordinance to set the license fee for palm reading in the city at \$100 per year. The law had formerly required payment of \$100 per

day.

Kent Church, a Burley attorney, represented a local palm reading shop in requesting the amendment.

He said the ordinance applied to "temporary" palm reading establishments, such as found in carnivals, and should not be enforced with permanent shops.

— Approved the purchase of two dump trucks from Hanzel Motors for \$5,946 each and another dump truck from Frank Motors for \$5,593.

The council also agreed to buy a panel truck for \$3,522, a pickup for \$3,765 and a two-ton truck for \$4,380 from Hanzel Motors.

— Hired Phillip Heiner, Burley, as a city fireman. He will replace Douglas Shill, who was recently promoted to fire chief.

— Approved a sewage hookup agreement with Boise-Cascado. The company will pay \$250 monthly for use of city disposal services.

The agreement provides for additional charges if the firm's daily flow exceeds 30,000 gallons.

CSI meets Idaho, BYU in final home games

College of Southern Idaho Golden Eagles, ranked fifth in the nation and carrying a 24-3 record, will make their final appearance at home Friday and Saturday.

The Eagles will go against the University of Idaho—fresh Friday night and wind up against Brigham Young University yearlings Saturday. Their final game prior to

regional playoffs in Coeur d'Alene comes Tuesday when Coach Jerry Hale takes them to Ontario to meet Treasure Valley Community College. The Eagles had close games

with both clubs earlier in the year. They defeated Idaho by five points and then needed an overtime to get past BYU.

Coach Hale believes Idaho is the strongest fresh club the Vandals have put on the floor against CSI. "They have good height, with three men in the 6-7 area and a good guard in Fields (from Coeur d'Alene)," Coach Hale reports. "I doubt we'll see (Steve) Weist who got 28 against us at Moscow. He's been moved to the varsity and is scoring 18-20 points a game for them."

TF hosts Burley in A-1 opener

The Bruins and Burley Bobcats collide at 8 p.m. Friday in Twin Falls to open what should be another tense district A-1 basketball tournament.

Sitting on the sidelines are the Minico Spartans with the first round bye and the home court for Saturday when they host the first-night winner. At stake is one berth to the A-1 state finals in ISU's minidome in two weeks.

The overall view of the tournament appears to have tightened in the closing week of the season as both Twin Falls and Minico showed some signs of a letdown or slump while Burley performed well in its final outing by defeating Rigby.

Prior to that, Twin Falls and Minico were expected to be the finalists.

Both Twin Falls and Minico don't have to remember far back to their best showings of the season. Twin Falls' finest hour came in a 15-point win over Highland but the Bruins played well in defeating Borah.

Minico then came to town, cooled off a hot-shooting Bruin hand in the first 12 minutes and then wound up its best performance with a 66-49 walk-away.

Bruin Coach Don Haynes remains worried about the mental aspect of his charges, who haven't played well in practice this week through Wednesday night.

"Playing those last six games in the final two weeks really took it out of the boys," Coach Haynes said. "Physically they were very tired in the last two and mentally they had to be letdown."

Stuart-O'Leary cage finals set tonight

Robert Stuart will go after his second straight freshman tournament title Thursday night, meeting cross town rival O'Leary in the finals of the Stuart Invitational.

Filer will play West-Minico for the consolation prize. Stuart, held to a 12-12 halftime deadlock, overcame East Minico 38-31 Wednesday night as Randy Barbour tanked 12 points. Coll and Huskins had eight for Filer.

O'Leary outlasted a late rally bid by Burley 46-45 as Raleigh hit 13 and Wilding 12. Kay Dutton led Burley with 14.

Filer had to come from eight points back in the second half to overhaul Kimberly 57-55. Ron Riean paced the rally with 31 points while Fullmer had 16 for Kimberly.

three to settle for a 14-6 season. Minico also slumped after that Twin Falls victory but the Spartan defense allowed them to carry narrow decisions over Idaho Falls and Skyline and wind up in tie for the Southern Idaho Conference title.

Coach Gary Swan isn't too concerned about getting his charges mentally up for the game and gave them a four-day weekend to restore the leg muscles.

"The thing you wonder about," Coach Swan says, "is whether that bye helps or hurts you. The other two teams will take their litters out on each other and might be over them by Saturday night."

Coach Swan got good news that 6-5 junior Nyle Keller is okayed to play. The youngster has had respiratory problems but passed two days of tests in Salt Lake City over the weekend.

Burley has to rate no better than a darkhorse in the event since it has lost twice each to the others. The Bobcats gave the Bruins a good run in the first game but Twin Falls waxed red-hot and shot them out of contention in the rematch.

But the Bobcats have an advantage of playing "nothing to lose" and should come into the thing relaxed and loose.

The Bobcats hinge around 6-4 senior Tracy Nielsen who is averaging 20 points per game

but the problem for Coach Ivan Davis is to find the consistent secondary scorer. The Bobcats have good rebounding height, in 6-4 seniors Bob Randleklev and Mike Sagers. Their guards sometimes shoot very well and other times quite poorly. It was outside shooting that kept Twin Falls behind most of the time in the first meeting.

Twin Falls replies with 6-4 Bob Durham, the club's leading rebounder and second best scorer and 6-9 jumper Charlie Brown at forward with juniors 6-6 Kim Nielsen and 6-9 Kent Schmidt spelling each other at center. In the guard line are Eric Hovey, the team's top scorer at 15 points per game, and floor general Landy Haynes.

Minico works out about the same way with 6-6 Craig Hopworth, top scorer rebounder, the wheelhorse with 6-4 Scott Morehouse and 6-5 Keller providing the rest of a strong rebounding triangle. Val Christensen provides the quickness that beats presses and leads presses and Coach Swan has used three other men at the other position.

All the varsity games will be preceded by a 6:15 p.m. sophomore battle, the matchups being the same as the varsity regardless of records.

"We could have lost about as easily as we won in Moscow," he continued. "It was a three-point ball game with a couple minutes left. A couple of our shots went through while they missed a couple and that was the game."

BYU is traditionally one of CSI's strong opponents. "We anticipate seeing even a better club than we played at Provo," Coach Hale said. "We got them before Christmas when they hadn't been together as a team much and their boys were just getting adjusted to college play. They've had a whole season now and they should be a lot stronger in experience and poise."

It will mark the final shaving of four CSI starters. Rick Sobers, the team's leading scorer from New York City, and Willie Williams, the top rebounder from Chicago, will be winding up two years on the Eagle first string.

Also retiring with the team will be 6-10 Vince Volmut from New York, who has come on well in the closing of the season, and 6-6 Steve Swanson from Boise. Swanson had probably his best overall game last week against Mesa College when he scored 12 points and grabbed 17 rebounds.

Ali claims champ too green yet

DALLAS (UPI) — Since the defeat of heavyweight champion Joe Frazier by Houston's George Foreman, former heavyweight champion Muhammad Ali has had to face a certain problem—the man he wants to whip the most is no longer the man who holds the title.

If he fights Foreman, he might win the title without having the satisfaction of beating the title out of Frazier. If he fights Frazier and wins, he still does not have the title.

Wednesday Ali revealed his dream that would solve it all. "I want to see Frazier whip him because that's the fight I want. I want to whip Frazier," Ali said in a news conference touting an exhibition Friday night.

Foreman's got to whip Frazier again, and if Frazier gets down to 204 pounds and takes it seriously it might be a different story.

The Gooding Senators nipped deliberate Wood River 30-29 in overtime to gain the district A-2 semi-finals and surprising Buhl overcame a 10 point early deficit to Filer to blow past the

Wildcats 60-42, Wednesday night. Gooding will now play Jerome on 9 tonight at the College of Southern Idaho gymnasium, with the winner going to the

tournament finals. Buhl and Filer will meet at 7:30, with the winner of that game meeting the loser of the Jerome-Gooding game March 1. In the first contest, Filer took

an early 12 to two lead over Buhl as the Indians didn't score their fourth point until two minutes left in the first quarter. They hit two more unanswered buckets from the field to close the gap to eight at 12.

with Joe Packer getting four of these. The Wolverine defense managed to take the inside shot away from the cold Senators, giving them only one basket in the quarter.

Senators and took a 23-21 third quarter lead. In the third quarter Wood River scored only four and Gooding six, both teams stayed with deliberate offenses.

Bill Aldinger hit a jumper at the buzzer in vain as the game ended with Gooding on top by one.

In the second quarter, Brent Wilson and Mike Hamilton kept the Indians in the ball game as the two scored 12 of the team's 15 points. Filer kept a three-point margin most of the way through the quarter with a balanced scoring attack. Hamilton hit two free throws with 30 seconds left in the half to put the score at 23 to 26, with Filer on top.

The story of the whole game came in the third quarter as Buhl's hot defense and Filer's fumbling offense kept the Wildcats from scoring until almost four minutes into the quarter.

At one time Buhl forced turnovers three times on steals and scored six unanswered points in about 45 seconds. The Indians outscored Filer 18-5 to take a 10-point lead into the fourth quarter.

Gary Fawcett, Hamilton and Watson continued to hit for Buhl in the fourth as Filer failed to again score until almost three minutes into the quarter. From then on the game went close again as Buhl took leads as high as 20 points.

Hamilton was the high scorer for the winners with 16, followed by Watson with 15 and Fawcett with 10. Ron Jones and Scott Brown were the only two Wildcats able to mount any kind of attack against the Indians as they scored 15 and 10 points respectively.

The Wood River Wolverines threw up a tough zone defense and attacked the Senators with a deliberate "hold the ball" offense to lead the Gooding team until the first part of the second half.

In the first five minutes of the game, Wood River put six unanswered points on the board.

Jim Hurst hit a 20 footer at the buzzer to end the quarter with Wood River on top eight to two. In the second quarter neither team could find the bucket as each couldn't penetrate the other's zone. The Wolverines played deliberate offense and couldn't hit the easy open shots while the Senators played frantically and still couldn't get inside.

With half of the quarter left and six points up Wood River put on a stall that only let Gooding touch the ball two times.

The Senators' only three points in the last of those four minutes came after Larry Patterson was fouled while shooting. He made the first free throw and missed the second but took his own rebound and put up a 10 footer for two.

Wood River held the ball again after Patterson's points taking three shots, and converting none within the waning seconds of the half.

Gooding came out in the second half and put six straight points on the board from inside and it looked as if the Senators were going to take control. But Wood River battled back by out-rebounding the

Senators and took a 23-21 third quarter lead. In the third quarter Wood River scored only four and Gooding six, both teams stayed with deliberate offenses.

Bill Aldinger hit a jumper at the buzzer in vain as the game ended with Gooding on top by one.

Senators and took a 23-21 third quarter lead. In the third quarter Wood River scored only four and Gooding six, both teams stayed with deliberate offenses.

We've got it

FREE RIDE UP is taken by contortionist Lon Thaele (15) of Filer as he grapples for the ball with teammate Ron Jones and Buhl's Brent Watson. Buhl stunned the Wildcats 60-42 to stay alive in the district A-2 tournament.

Newsweek attorney whittles into Vandenburg's testimony

EL PASO, Tex. (UPI) — An attorney defending Newsweek magazine against a \$2.5 million libel suit whittled Wednesday afternoon Texas-El Paso track coach Wayne Vandenburg's claims a magazine article hurt him physically, mentally and professionally.

Vandenburg admitted his athletes had established more school records and won more track meets after the article than before.

Munzinger also introduced two inch-thick volumes of depositions taken in 1969 concerning Vandenburg's claims he had lost at least two prospects of the track team.

Terps rally past Duquesne

PITTSBURGH (UPI) — North Carolina rallied from a 10-10 deficit at halftime, caught fire after the intermission Wednesday night and defeated stubborn Duquesne, 81-71, behind Tom McMullen's 28 points and 22 by Jim O'Brien.

Seagram's 7 Crown. It's America's whiskey.

From the terraces of Manhattan to the Pacific Palisades there's a whiskey famous for its unique smoothness. And that's Seagram's 7 Crown. Fact is, Americans everywhere enjoy the light taste of 7 Crown more than the leading Scotch and Canadian combined.

Thank you, America, for making our whiskey your whiskey.

But Wednesday Vandenburg answered "no" when asked by Newsweek lawyer Richard Munzinger if he had ever consulted a psychiatrist or any other physician aside from "team doctors" about his alleged nervous condition, brought on by the article.

He also drew from the 30-year-old ex-coach acknowledgment that the tranquilizers were of the brand which may be bought over the counter, although Vandenburg qualified it by saying they were of a different strength.

Munzinger also pointed out to the jury that such items as Rolaids, Gellulose and Tums which Vandenburg said the team doctors had prescribed for his unsettled stomach were also over-the-counter items.

In answer to Vandenburg's assertions the nine-page article, "The Angry Black Athlete,"

Glenns Ferry, Shoshone coast to first-round A-3 victories

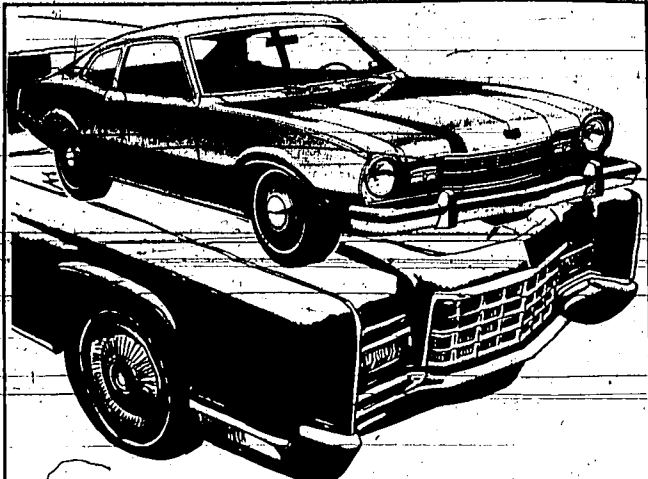

SHOSHONE — The Shoshone Indians and Glenns Ferry Pilots breezed easily to top spots in the opening round of the fourth district A-3 basketball tournament Wednesday night.

Shoshone drilled Declo 82-46 and Glenns Ferry devastated Valley in the second half to win 67-43.

Thursday night Shoshone will go against top-seeded Wendell at 6:45 p.m. while Glenns Ferry takes on Kimberly in the nightcap. The four losers will play Friday evening, again starting at 6:45 p.m. for the first game.

Shoshone guard Mike Sorenson, shut out for the first 10 minutes, got rolling and pretty soon the Indians were out on the shooting of Gary Kinghorn. But Mallory and Keith Schrenk brought Declo back from a seven-point deficit and twice in the second period Shoshone was down to four-point leads.

Then Shoshone guard Mike Sorenson, shut out for the first 10 minutes, got rolling and pretty soon the Indians were out on the shooting of Gary Kinghorn. But Mallory and Keith Schrenk brought Declo back from a seven-point deficit and twice in the second period Shoshone was down to four-point leads.

1973 COMET TOWN COUP'E

The Little Brother To the Incomparable Lincoln-Continental Town Coup'e

Arslanian to build with frosh

DENVER (UPI) — Sarkis Arslanian signed a three-year head football coaching contract with Colorado State University Wednesday and said one of his major objectives would be to develop working relationships with Colorado high schools.

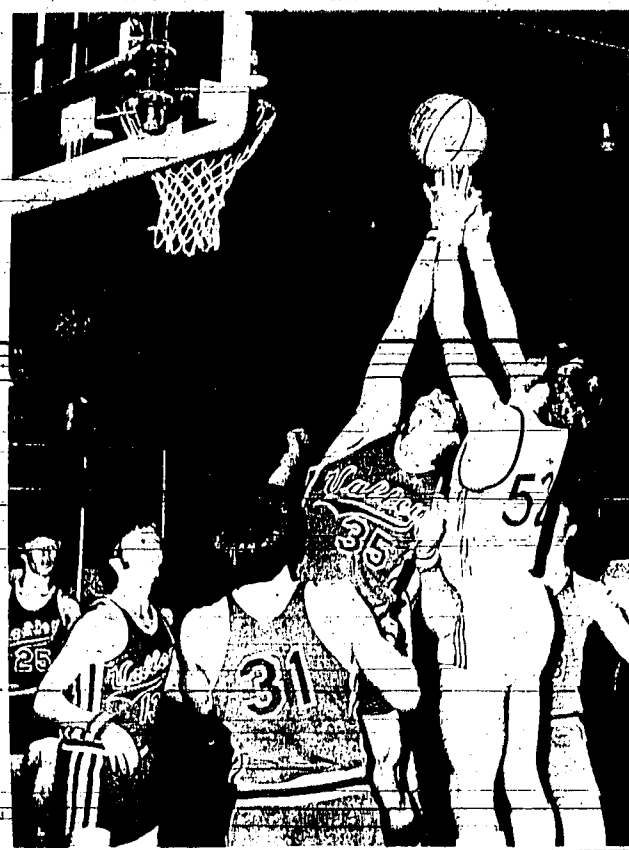

"The day our staff is assembled we have got to hit the road and visit the Colorado high schools," said the former Weber State head.

"We have got to work to overcome the animosity towards CSU. We not only want, but we have to have the high school football players in the state."

Arslanian signed a contract calling for a yearly salary of \$23,500. He was one of four persons invited to visit the campus and undergo interviews for the vacancy created by Jerry Wampfler's resignation last month.

CSU has suffered on the football field in recent years. The Rams have had only one winning season in 14 years and during Wampfler's three-year term CSU compiled an 8-25 mark, including a 1-10 season last year.

"I feel there is a great future at Colorado State University," said Arslanian, who had a 50-2-2 record during eight years at Weber State. "I am coming up here with my eyes wide open and through my own desires. I voluntarily applied for the job."

Fingertip control

REBOUND BATTLE between Glenns Ferry's Hoye and Valley's Joe Rillehe ended in a stalemate but Glenns Ferry came on to win the game 67-43 in A-3 district play Wednesday night.

Nicklaus favored in return to tour

LAUDERHILL, Fla. (UPI) — Jack Nicklaus plays less than half the PGA stops because he doesn't like to be away from his family too long, but that's no problem at this week's \$260,000 Jackie Gleason Invitational Classic.

Nicklaus, the favorite just about every time he tees it up these days, will be within commuting distance of home while playing in the four-day tournament that begins here Thursday.

Nicklaus, 39, on this year's money list with more than \$57,000 despite having appeared in only three tournaments, has scored a first (Crosby), and two seconds (Los Angeles and Hope) in his three times out.

The Gleason Classic, second-richest tournament of the year, pays \$52,000 to its winner and that should show Nicklaus ahead of front-running Bruce Crampton (\$75,000, who won at Phoenix and Tulsa) where Nicklaus was absent.

Crampton, only two-time winner so far this year, is in the 150-man field which tees off here Thursday but he is not expected to be a serious contender.

The biggest question here this week is whether 43-year-old Arnold Palmer, who reclaimed some of his lost glory two weeks ago by beating Nicklaus in the Bob-Hop Desert Classic, was a one-week flash or whether the former king of golf has really regained his putting touch.

Palmer claims that his Hope victory was no fluke, that he is finally becoming adjusted to playing while wearing eye glasses. He feels he is playing as well now as he did a few years ago when he was winning more regularly.

The Gleason Classic, offering \$60,000 more than the next richest tournament so far this year, attracted 20 of this year's top 25 money winners. The most notable absences were John Schlee, who won the \$200,000 Hawaiian Open; Billy Casper, who seldom plays in Florida because of an allergy; and Gary Player, who had planned to play here but who is confined in a South African hospital following a kidney operation.

Hansen edges Trojans, Devils whip Hagerman

MURTAUGH - The Hansen Huskies turned to the foul line to nip Raft River 45-43 and Murtaugh overpowered Hagerman 51-52 Wednesday night in the opening round of the sixth district A-1 basketball tournament.

with Hansen meeting second-seeded Castleford in the nightcap. Hansen did a tremendous job of keeping his cool and making free throws since he managed only two field goals in the first 14 minutes of the second half and never lost the lead. Raft River jumped out to an early lead with Leon Paskett

hitting six points and Allred two but the Stanger cousins brought Hansen back into the lead. Lefty Mark Stanger hit all four of his field goals in the first period while Byron was tanking seven of his 18 points. That sent Hansen ahead 15-12 and for the rest of the game that was about as comfortable as it got. Ted Christensen hit a field

goal in the first minute of the third quarter and then came a 13-minute drought in two-pointers. But the Huskies hit 10 of 17 from the foul line to stay just ahead of the Trojans, who weren't very hot themselves from the field. Hollis finally broke the streak with a crumple with 1:40 left in the game. Raft River made one final attempt to salvage a tie and get into overtime. Allred was fouled with three seconds left. He made the first one and missed the second intentionally. Raft River got a jump out of the gamble with a second left but had no time to get a potential tie-earner up. Murtaugh blew hot in the first moments of the game and never looked back in defeating Hagerman, the defending champion. Junior Robb Wright tanked 12 of his 16 points in the first quarter when the Red Devils were mauling to a 25-11 lead.

Win doubles

CITY BOWLING CHAMPIONS Maureen Fleener, left, and Teddy Frey combined to win the handicap and scratch doubles while Mrs. Fleener was the scratch and handicap all-events champion in the Twin Falls women's annual meet.

Baseball negotiations start to hit owners in pocketbook

NEW YORK (UPI) - Major league baseball owners are now beginning to feel the strain of their enforced lockout where it hurts most—in the wallet. While negotiations between club owners and the Players' Association remain at an impasse, some teams are being forced to cancel exhibition games that would have netted them a considerable sum of money.

The Pittsburgh Pirates are the latest team to lose out on exhibition revenues. The Pirates Wednesday were forced to cancel three March exhibition games in Mexico City, resulting in a loss of an estimated \$22,500 which had been guaranteed them.

The reason for the cancellation is due to a club policy which prohibits exhibition play without at least 10 days of spring training. The games had been scheduled for March 2nd, 3rd and 4th. "There's always a chance of injury without the proper conditioning," a club spokesman said. "Then, too, we would be giving the Mexicans the quality of baseball they're entitled to."

The entire Pirates' squad had been scheduled to report to spring training camp on Feb. 18, but the lockout left the team with only 13 non-roster players, mostly pitchers, in camp. No progress was reported in the negotiations Wednesday, but for the first time in quite a spell three members of the Players' Relations Committee met separately prior to the regular daily meeting between representatives of both the owners and the players.

N.C. State claims ACC cage title

DURHAM, N. C. (UPI) - Second-ranked North Carolina State won its 22nd game without a loss and clinched the regular season Atlantic Coast Conference basketball title with a 74-50 victory over Duke Wednesday night.

The Wolfpack, ahead only 31-26 at halftime, outscored the Blue Devils 23-4 in the first eight minutes of the second half to end a 17-game home court winning streak for Duke. David Thompson scored 31 points before fouling out with 2:13 left in the game as North Carolina State collected its ninth conference victory and cemented the regular season crown for the first time since 1959.

The Wolfpack last beaten by Duke in last year's conference tournament, is on a postseason probation and is ineligible to compete in the NCAA playoffs. Duke, now 12-10 overall and 4-5 in the conference, held North Carolina State in check in the first half, even holding narrow leads on four occasions.

NCAA revision deemed cinch

BIRMINGHAM, Ala. (UPI) - The commissioner of the Southeastern Conference believes it's a foregone conclusion that the National Collegiate Athletic Association (NCAA) will create separate divisions for major and small schools this summer.

"We must have a division of those who play major college athletics and those who do not," said Commissioner Boyd McWhorter Wednesday.

Marvin Miller, counsel for the Players' association, met with John Fisher, counsel for the owners, and the two league presidents, Club Feeney and Joe Cronin, in another informal session. They were to meet again Thursday morning in Miller's office.

Adams wants Gillman for general manager

HOUSTON (UPI) - Sid Gillman will be the new general manager of the Houston Oilers if owner Bud Adams gets his way. Adams said Wednesday he would have to offer Gillman a lucrative package, including some control of the team, to take the job because Gillman and Adams were not on the best of terms during the formative years of the old American Football League. The first big rivalry in the American League was between San Diego and Houston, Adams said. Gillman was head coach of the Chargers at the time. "They (San Diego) were unbeaten in 14 games when we beat them in 1961 and we beat them again in the championship game," Adams said.

Adams said he had discussed salary and conditions with Gillman, who had to return to California on legal business. It was believed that Adams would have to offer Gillman a package, including some control of the team, to take the job because Gillman and Adams were not on the best of terms during the formative years of the old American Football League. The first big rivalry in the American League was between San Diego and Houston, Adams said. Gillman was head coach of the Chargers at the time. "They (San Diego) were unbeaten in 14 games when we beat them in 1961 and we beat them again in the championship game," Adams said.

Miami shocks North Carolina

CHAPEL HILL, N. C. (UPI) - Unranked Miami of Ohio, with three men hitting over 20 points each, abandoned its usual game of ball control Wednesday night and stunned sixth-ranked North Carolina 40-22.

Rich Hampton hit for 25 points, Phil Lumpkin for 24 and Dave Bellmer for 22 points and 10 rebounds to pace the Redskins in the upset. The squad's 15th win against seven losses.

George Karl's 24 points and Bobby Jones' 21 points and 14 rebounds led the Tar Heels, who now stand 20-5 overall.

George Karl's 24 points and Bobby Jones' 21 points and 14 rebounds led the Tar Heels, who now stand 20-5 overall.

Richfield cops jayvee crown

BLISS - The Richfield Jayvees nipped Carey 44-40 Wednesday night to claim the Northside Conference sophomore basketball championship.

Bliss edged Rimrock 51-50 for consolation honors. Mike Robinson paced Richfield with 13 points as the young Tigers wound up an undefeated league season but Bayno of Carey nullified those with 13 himself.

Andy Ascuna hit 19 and Byron McLean 16 to pace Bliss, while Lara had 10 and Hipwell 12 for Rimrock, making his last official appearance in the basketball portion of the league.

FORECAST FOR FRIDAY, FEBRUARY 23, 1973

GENERAL TENDENCIES You can experience intuitive perception with solid results now. You can easily understand the conditions facing you and what to do to make them more in accord with your desires. Fine for whatever has to do with making out reports.

ARIES (Mar. 21 to Apr. 19) Get together with higher-ups and see if you can get more support for your constructive ideas. Being more magnetic with them gets right results. Accept an invitation that is extended to you.

TAURUS (Apr. 20 to May 20) Be sure to keep agreements and then work with associates so that you gain your finest mutual aims. New situations arise that give you a better awareness of your financial worth.

GEMINI (May 21 to June 21) This can be a most productive day at your regular work, since fellow workers are most cooperative and respect your ability. Use that energy which the planets are generating now.

MOON CHILDREN (June 22 to July 21) Ideal day to engage in activities that appeal to you. It is also a good time to take health treatments. Take care of entertainment. Ah, everything with a flair.

LIO (July 22 to Aug. 21) Talk over financial affairs with kin—for mutual benefit. Show much cooperation and gain a feeling of confidence. Take care of civic duties. Make plans for greater income in the future.

VIRGO (Aug. 22 to Sept. 22) A day for much shopping and getting outside matters well handled. Be sure not to take any unnecessary risks. Meet with allies and formulate better plans for the future. Be wise.

LIBRA (Sept. 23 to Oct. 23) Study the monetary side of your life and try to cut down expenses wherever you can. If you have any doubts, confer with an expert. Use right psychology and attain personal aims.

SCORPIO (Oct. 24 to Nov. 21) Plan what you most want to do from a recreational standpoint after you have done important work. Make your appointments early. Dress in good style and make the right impression.

SAGITTARIUS (Nov. 22 to Dec. 21) Take time to analyze your position in life and then go out to the big social events and make headway. You receive confidential advice and ideas that can be of great assistance to you.

CAPRICORN (Dec. 22 to Jan. 20) You like to work alone but this is a good day to get together with others, either in business or social activities and make big advances. New contacts are valuable. Impress others.

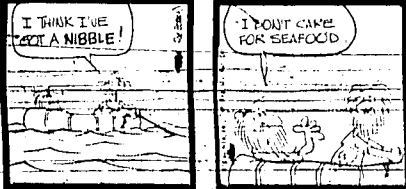

AQUARIUS (Jan. 21 to Feb. 19) You have to work harder if you are to improve your image with the public in general. Make a more important name for yourself as you deserve. Maintain credit by paying bills wisely.

PISCES (Feb. 20 to Mar. 20) There are fine opportunities for advancement, so be sure you seize them. Talk over with an associate how to operate on a loftier plane. Accept an invitation that is extended to you.

IF YOUR CHILD IS BORN TODAY—he or she will be one of those delightful young people with a pronounced intuitive perception. Teach ethics early in life so that this powerful mind will be used in right direction. The success here can be tremendous. Direct the education along political lines for best results. Much exercise is good here.

"The Stars impel they do not compel." What you make of your life is largely up to YOU!

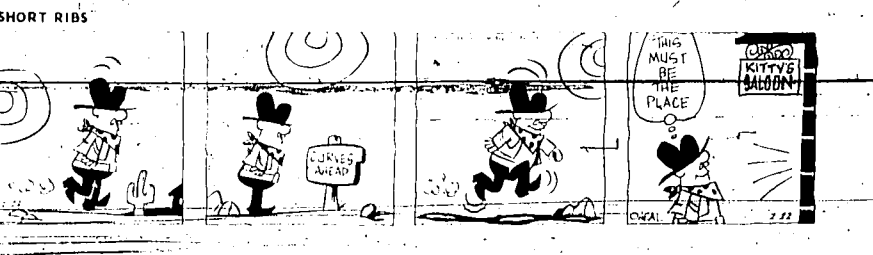

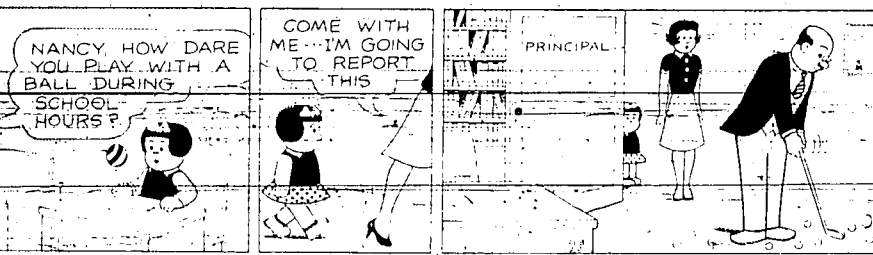

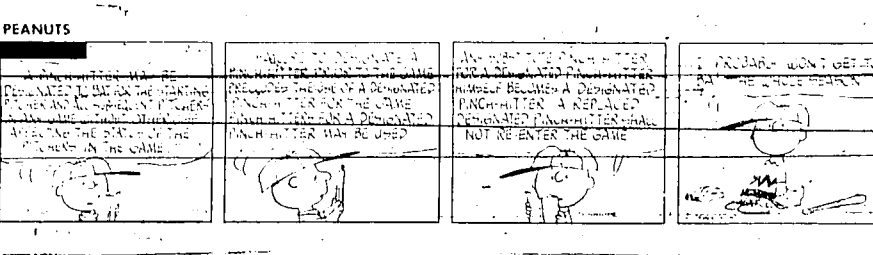

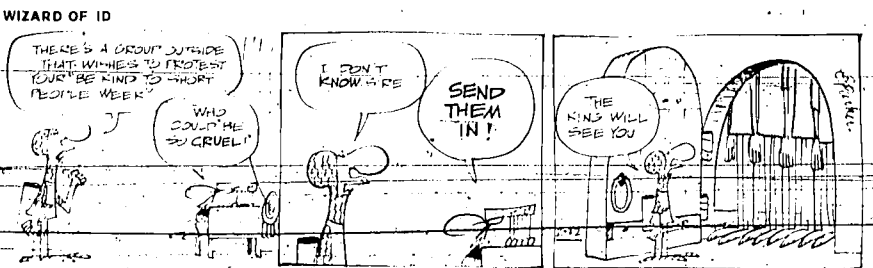

FUNNY BUSINESS

OUT OUR WAY

HEROES ARE MADE—NOT BORN

What's What

L. M. Boyd

It's said about 72 per cent of all babies show their filial hand preference before 18 months of age. **WORLDWIDE**, more people drink goats' milk than cows' milk. **DID YOU TELL** you the ducks outnumber the geese in California by 5,126,530 to 340,258? **IT'S AGAINST** the local law to remove a whale's tooth from the Fiji Islands. **QUICK**, name the only two games that all children of all nations play. **Correct**, tag and hide-and-seek.

LONG AGO and far away in the ancient Hebrew land, when a man's father or mother died, he ripped his coat. Symbolically, to show his bereavement. He did not sew it up again. That was the sign of his mourning. Christian tailors didn't even know why, but over the ages, they continued to cut slits in the lapels of men's jackets. That's how that style thing got started.

Q. "WHO WAS the heavyweight boxer who knocked himself out?"

A. You must mean C. D. "Bigboy" Blalock of Louisiana State. He was a 6-foot-5 heavyweight with an exceedingly long reach. Back in the '30s, during the second round against a powerhouse fighter from Mississippi State, Bigboy swung. The other fighter stepped inside the blow, butting Blalock's elbow joint. The fist went all the way around the fellow's head and landed on Blalock's own jaw. He staggered, walked a few steps, then fell, out cold.

MARTIN RAGAWAY reports this classified ad turned up in that publication known as the Sexual Freedom League Quarterly: "Couple into sadism, masochism, fetishism, pederasty, onanism, necrophilia, macramé and lollipops wants to meet like couple. No weirdos, please!"

ABOUT THE DIVORCED
A study of recent census figures shows that three percent of the population will not be divorced in the next year, the bartender and the traveling salesman. Predictable, maybe.

SO ACCIDENT-PRONE should forget that double-entry bookkeeping was first devised as a system "exactly two years after Columbus discovered America."

IT ALSO HAS been determined by the researchers that 66 per cent of the executives who carry briefcases don't open said bags once they get them home.

THAT MONTH when the most divorce cases are filed is January. Why is a matter of debate. Some students of life among the married contend the new year suggests new beginnings. But our love and war man believes the Christmas holidays strain most marital bonds, so snap the weaker of same.

NEWSPAPER ENTERPRISE ASSN.

Market Review

NEW YORK (UPI) — Stock prices skidded in moderate trading today as investors reacted to negative news. Trading on the New York Stock Exchange was moderate.

Shortly before noon, the Dow Jones average of 30 selected blue chip industrials declined 6.85 to 907.49. Declines topped advances, 856 to 354, among the 1,565 issues on the tape.

The two-hour volume totaled about 6,000,000 shares compared to 7,210,000 shares traded on Wednesday for the same period.

There was little cheer investors as the government issued a report that said retail food prices leaped 2.1 per cent last month—the fastest pace in more than 20 years. The government also said real spendable weekly earnings dropped 1.1 per cent in January.

General Mills, Inc. was the most active issue, off 1 1/2 at 57 on 81,200 shares. Mattel was second, off 1/2 at 7 1/4 on 76,300 shares and American Telephone & Telegraph was third, up 1/4 at 51 1/4 on 57,400 shares.

Prices on the American Stock Exchange declined in moderate trading. Rapid American warrants were the most active issue, unchanged at 6 1/2 on turnover of 72,400.

On the Big Board, gold mining issues reacted to the soaring gold price. Campbell Red Lake Mines gained 1/4, Dohne Mines 1/4 and American South African 1/4.

Convention center plan disclosed

IDAHO FALLS, Idaho (UPI) — An Idaho Falls businessman plans to build a convention center and motel complex with horse racing facilities that would be the largest between Chicago and the west coast.

Ben Cobine said the track facility will have an enclosed grandstand to accommodate 4,000 persons. Estimated costs for the facility are \$15 million.

Cobine said his partners are Bert H. Hansen, Idaho Falls businessman, and Clarence E. Stone, a Portland, Ore., executive from Idaho Falls.

The trio are organized as the Eastern Idaho Hacing Association but have not incorporated to do business in Idaho. Neither have they chosen a name for the complex.

Plans for the facility, which 50 per cent of the financing to come through a stock sale approved by the securities and exchange commission. The Idaho Falls men would retain the other 50 per cent of the stock and maintain control locally.

YOUNG WOMAN TO WORK IN TIMES-NEWS. MAILING ROOM PART TIME. HOURS: 1:00 p.m. to 5:00 p.m. Monday thru Friday, 1:00 a.m. to 5:00 a.m. Sunday. Apply in person before 11:00 a.m. Weekdays. TIMES-NEWS CIRCULATION DEPARTMENT

Active retiree

COPENHAGEN (UPI) — When former Prime Minister Jens Otto Krag retired last October after 25 years in the office, he found himself in a different world.

He has signed up as a commentator for a Copenhagen newspaper, is a full-time member of parliament and lectures at the Danish School for Journalists.

NOTICE!!

The Twin Falls Highway District is limiting the speed of all Trucks and Buses exceeding 10,000 pounds to 30 Miles per Hour on the following roads, effective 8:00 A.M., Feb. 23, 1973.

Blue Lakes Blvd. South - Nat Soo Pah Road, Twin Falls - US 93
3200 North - US 93 to Blue Lakes Blvd. South
3300 North - US 93 to Blue Lakes Blvd. South
3400 North - US 93 to Blue Lakes Blvd. South
3700 North - US 93 to Blue Lakes Blvd. South
3800 North - US 93 to Blue Lakes Blvd. South

The above limitations of speeds is authorized by Idaho Code Section 49-206 and is necessary to preserve the existing surface and subgrade, protecting the highway user's investment in these sections of highway.

TWIN FALLS HIGHWAY DISTRICT
Floyd Dayley, Director
