

In storm's wake

PARTIALLY submerged auto drifts through central part of French city of Morlaix, one of hardest hit by heavy rains and high winds which battered the English Channel and coast of western Europe Monday. The storm packed winds of up to 100 miles an hour and left at least 20 persons dead and many others injured. Morlaix, in Brittany, was inundated by three to five feet of muddy water, which receded today. (UPI)

Mart nations back US oil proposals

WASHINGTON (UPI) — Eight of the nine European Community member countries decided today to support a U.S. proposal for a conference on the cost and shortage of oil between Arab oil states and oil-importing nations of the world. Only France, which has pursued a go-it-alone policy in dealing with the Arabs and wants to back the energy issue to the United Nations, disagreed with the Common Market position. The other European states, at a caucus preceding today's final session of the 13-nation Washington Energy Conference, agreed to back Secretary of State Henry A. Kissinger's call for international cooperation and oil action.

The conference ends tonight and a communique which spells out the agreed-upon position of the oil-consuming states attending the meeting at the State Department. Work on the communique was hampered by France's refusal to agree to extension of cooperative exchanges among the consuming countries and its insistence that the world crisis on oil be turned over to the United Nations. At a dinner for the foreign ministers attending the party, President Nixon appealed Monday night for international cooperation by big countries instead of private deals with the Middle Eastern states. A go-it-alone policy, may be "good short term politics but, for me, it is in the long term very bad statesmanship," Nixon told the diplomats. At Monday's conference session, French Foreign Minister Michel Jobert failed to convince

his counterparts against the appearance of "ganging up" on the Arabs. He called Kissinger's proposals a U.S. effort to impose "a new world energy order." Kissinger argued that oil-importing and oil-exporting states ultimately should agree upon a definition of a fair world price for oil. He offered to share American energy resources with needy nations in the future if other nearly self-sufficient nations like Canada also cooperate. Kissinger also promised to share the fruits of the United States' new \$20 billion, 10-year energy research program.

Most Arab nations have denounced the conference. In Cairo, Egyptian officials announced today that leaders of Egypt, Syria, Saudi Arabia and Algeria would meet Wednesday in Algiers to discuss among other things possible easing of their oil embargo against the United States—its chief remaining target. The meeting originally was to have been held in Aswan in southern Egypt. There was no explanation for the shift in the site.

today in brief

MVMH bond vote today

Hearst family has message

BERKELEY, Calif. (UPI) — The terrorist Symbionese Liberation Army sent a second letter in the Patricia Hearst kidnaping case today, demanding food for poor people as ransom. The letter included a tape of the kidnapped girl's voice. (Earlier story, p. 6)

The announcement came from a father, newspaper publisher Randolph A. Hearst, who leaves at the second story window of his mansion to shout the news to newsmen waiting below.

Spanish reforms promised

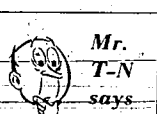

MADRID (UPI) — Prime Minister Carlos Arias Navarro announced plans today for a series of political reforms giving Spaniards greater political freedom. Designed to close the curtain on more than 30 years of one-man rule, Arias promised reforms intended to give the people an articulate, operative and critical voice in national affairs.

Arab summit meet called

CAIRO (UPI) — Four key Arab leaders will hold a summit meeting in Algiers Wednesday to discuss further disengagement with Israel and consider easing their oil embargo against the United States, Egyptian officials in Cairo said today. There was no immediate explanation of why the leaders of Egypt, Syria, Saudi Arabia and Algeria shifted the site of their scheduled meeting at the last moment from Aswan in southern Egypt to Algiers.

Bomb blast injures 10

LONDON (UPI) — A 50-pound bomb exploded at Britain's National Defense College outside London today, injuring 10 soldiers. The explosion came as the soldiers were eating breakfast at the college, in Little Chalfont 25 miles northwest of London.

The way the metal markets are going, something worth its weight in gold really will be.

Grand juries probing fraud

NEW YORK (UPI) — Federal grand juries are meeting in 20 cities across the country to investigate a multimillion dollar Federal Housing Administration (FHA) fraud, the New York Daily News reported today.

TWIN FALLS — Voting is in progress today, as Twin Falls County residents decide on the \$4.6 million Magic Valley Memorial Hospital bond issue. Falls will remain open until 8 p.m. this evening.

The bond proposes a major expansion and remodeling program for the hospital. Plans include:

- Expansion of emergency room services.
- Organization and centralization of outpatient department.
- Expansion and relocation of surgery department.
- Expansion of radiology and pathology department.
- Addition of 25 to 30 beds.
- Relocation and expansion of administrative offices.
- Expansion and modernization of laundry, kitchen, boiler room, storage and shop facilities.

Any person who is 18 years of age or older, a county resident, U.S. citizen, and willing to sign an elector's oath is eligible to vote. Registration is not required. A two-thirds majority is required for approval.

Voters are asked to cast their ballots in their own precincts, if possible. Harold Lancaster, county clerk, said. But voting in any precinct is permitted.

Those persons who need transportation may call the United Fund number, 733-4922, for assistance.

Miners study offer

LONDON (UPI) — Leaders of Britain's striking coal miners today met in emergency session to discuss an offer by wealthy businessmen to pay to end their two day-old national walkout. But at least two of the leaders rejected the proposal as a "non-starter."

"As far as we are concerned, we deal with the National Coal Board and no one else," said Len Martin, leader of Nottinghamshire miners.

Grocery price labels keep on edging higher

By CRICKET BIRD
Times-News writer

TWIN FALLS — Food prices in Twin Falls have risen about 1.5 per cent since the first of the year.

Times-News survey showed prices are 19.8 per cent higher than they were here a year ago. The price for a pound of ground beef rose 8 per cent, from a Jan. 1 average of 93 cents to a mid-February average of \$1.

Bacon continued to decrease in price from a high of \$1.85 a pound at the end of last August. The average price for a one-pound package of bacon was \$1.48 this month, down from \$1.59 in January. That is a decrease of 7 per cent.

Meat prices, on the whole, followed the trend, increasing by 1.5 per cent.

The price of coffee, unchanged for several months, pushed up 6.5 per cent, from an average of \$2.15 for a two-pound can to \$2.29.

The cost of milk increased 0.5 per cent or 5 cents, from a January average of 78 cents a half gallon to the present average of 81 cents.

This increase bears out the predictions of dairy farmers, who last month indicated that milk prices would rise because of higher-cystis to producers.

Another staple, sugar, also showed a price increase. The cost of a 10-pound bag rose by 3.6 per cent, from an average price of \$1.66 to \$1.71.

Potatoes, always subject to seasonal price fluctuations, showed a big jump. From a January average of 88 cents for a 10-pound bag of russets, the cost went up to \$1.05 a 10 per cent increase.

Staples, on the whole, declined slightly, about half of one per cent.

TF gasoline prices decline

TWIN FALLS — Thanks in part to the Federal price stabilization office something unusual has happened in Twin Falls.

Gasoline prices have dropped in the past month and a half.

Three out of six stations checked in the Times-News price survey have rolled back pump prices to comply with price ceiling regulations.

The average cost of a gallon of regular fuel slid to 42.9 cents from a Jan. 1 level of 53.3 cents per gallon. That is a decrease of 18.3 per cent.

The price of premium dropped less, about 5.2 per cent. In January the average price was 56.4 cents per gallon. Now premium is selling at an average of 53.5 cents per gallon.

The station with the lowest prices is one of those cited by the price board. A gallon of regular costs 46.9 cents, there, with premium at 50.9 cents a gallon.

The highest price for regular at the six stations surveyed is 51.8 cents per gallon. Top price for premium, found at two stations, is 54.9 cents a gallon.

Prices were decreasing somewhat even before the price control board took action last week.

Before prices were cut, the average cost of a gallon of regular gas had declined 2.1 per cent from the January figure of 53.3 cents to 52.2 cents per gallon.

Gold price hits peak; \$ declines

LONDON (UPI) — Gold and silver prices shot to new all-time records in a morning of hectic trading on London's big bullion markets today.

The value of the U.S. dollar dropped below five French francs in Paris and suffered minor losses almost everywhere else.

Gold prices, which started with a new opening record of \$17 an ounce, jumped to \$17.75 by mid-morning fixing. Silver prices jumped 28.5 cents an ounce to establish its seventh all-time record in as many trading days at \$6.24 an ounce. Since the beginning of the year, the metal has climbed \$2.88 in price as speculators seek security against currency dislocations.

Soviets seize author

MOSCOW (UPI) — Police today took author Alexander I. Solzhenitsyn into custody after he defied a second summons from the state prosecutor's office, friends said.

Four plainclothes policemen and several uniformed officers went to his home shortly after 5 p.m. and escorted him to the prosecutor's office, the friends said.

It was not known if he offered any resistance. Solzhenitsyn's mother-in-law, Mrs. Svetlova, said there were eight policemen. "They were terribly rough," she said.

"They told him he was being taken in connection with an investigation of an important case of the state prosecutor."

Mrs. Svetlova said her daughter Natalya answered the door this afternoon. When she opened it, she saw the same man who had brought the two summons. Natalya asked how many men there were.

Panel starts counting TF Canal Co. ballots

TWIN FALLS — Five tellers began the long, laborious process of counting Twin Falls Canal Co. ballots this morning.

An estimated 63 per cent of the company's stockholders voted on the controversial plan to convey water to two reclamation projects on the Brumley Desert west of Buhl, and the Salmon Falls Creek canyon.

Fragmentary, unofficial early returns showed a trend against the plan.

Al Peters, canal company manager, estimated 2,500 of a total 3,000 stockholders voted on the proposal. He said the counting might be finished by late afternoon or this evening.

Canyon View and Tuana Mutual Irrigation companies hope to pay the canal company to convey off season Milner Dam spillover water from the dam site to the west end of its system. From there the companies would transport the water to two reservoir sites for storage.

In summer the stored water would be used to irrigate about 47 square miles of farmland. The conveyance project needs two-thirds majority approval to pass. Without the water conveyance, the two farm development projects will be impossible, Canyon View and Tuana officials said.

Persons supporting the proposal point to the economic and ecological benefits of the reclamation projects. They say the conveyance plan in no way jeopardizes the water rights of the Twin Falls Canal Co. stockholders.

But opponents say that their water rights would be jeopardized by the plan. They doubt the canal company's ability to meet the terms of the 50-year conveyance contract during harsh weather years and ask about the demands which might be placed on canal company water in water short years.

Man claims Yule attack

By ED MITCHELL
Times-News writer

RUPERT — John Praegitzer, Rupert, victim of a mysterious accident here on Christmas Eve, told Minidoka County Prosecuting Atty. Robert Nielsen that he and his wife were attacked by two or three persons.

In a statement to the prosecutor, Praegitzer said he stopped his pickup truck on a road north of Rupert that night but could not remember why. Two or three persons, attacked him, he said; but he could provide no description or accurate account of the number of persons involved.

Praegitzer, 74, and his wife, Regina, 72, were found lying injured near their truck on Christmas Eve. Mrs. Praegitzer later died of head injuries in a Boise hospital. Praegitzer remained in the Minidoka Memorial Hospital for over a week, suffering from head injuries and fractured ribs.

Praegitzer said at his last remembrance his wife was seated-uninjured-in-the-pickup. The autopsy showed Mrs. Praegitzer was not the victim of a hit-and-run accident, but may have fallen from the moving vehicle.

A coroner's inquest is planned later this month into the death of Mrs. Praegitzer—Minidoka County Coroner Vaughn Blair will FBI, damages to the Praegitzer's pickup, and Praegitzer's statement, Nielsen said.

The statement, Nielsen said, was "not much help."

Nielsen said he would meet with the coroner today but that the inquest would have to be delayed until the end of the month when a court reporter would be available.

Short flight

WHITE CONTRAIL creates pillar behind Titan Centaur rocket launched in test from Cape Canaveral Monday. Flight lasted 12 minutes, 30 seconds before the rocket was destroyed when upper stage engine failed to ignite. The photo was taken about midway through the flight. The new \$18 million rocket figures in US space exploration plans for Mars and Jupiter. (UPI)

Valley planning merger needed

Magic Valley's two planning councils of government should merge. If they do not, they will forfeit an opportunity to bring a healthy level of autonomy to the eight-county region.

Because of their independence, the South Idaho Resource Planning and Development Association and the Wood River Resource Area Council of Governments are not qualified to administer many federally-funded programs, including aging and comprehensive health planning projects.

According to Robert Wise, acting director of the State Planning and Community Affairs Agency, the federal government "will either go through or bypass local government." If area groups will not accept responsibility for a program, a state agency will probably be set up solely for that purpose, further splintering an already confounding bureaucracy.

"Grantsmanship," the modern craft of securing federal and state money for local projects, could be used more effectively by a single council of governments. Cities and counties — in fact, all units seeking aid — would reap the benefits of a service center for drafting, coordinating and submitting grant applications.

But planning is the top priority of both groups. If they continue as separate units, pursuing similar but uncoordinated goals, they will waste precious tax dollars through duplication of effort.

Regional planning is long overdue in the Magic Valley. It could have sidestepped costly overlaps in many areas. For instance, hospital construction could have been geared to actual needs, eliminating the costly concept of full-service facilities in each outlying county.

The agreement between Twin Falls and Kimberly for sharing sewage treatment facilities is a small-scale example of regional planning. The cities looked beyond their own boundaries and came up with a mutually beneficial answer to the pollution problem.

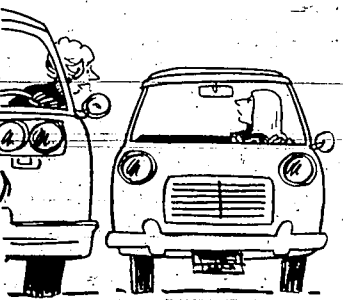

An eight-county council of governments, with its broad overview, could provide many more answers.

Magic Valley should be considered a unit, especially in the planning process. Its counties are tied together at many points — transportation, economy, agriculture, recreation and topography.

These common factors were recognized when six planning regions were established in the state. Yet the Magic Valley region is the only one with more than one council of governments.

Together, the two groups would have more money and could use it much more efficiently. Apart, they are losing ground in a national trend toward regional planning that is critically needed in Magic Valley.

Washington — At a prayer breakfast here last week President Nixon urged Americans to join in silent prayer to determine God's will for the country.

"Too often we are a little too arrogant," he said. "Why try to talk and tell Him what we want? What all of us need to do and what this nation needs is to pray in silence and listen to God to find out what He wants us to do."

Well, I tried it. The other morning, I was standing with my head bowed and God said, "You're awfully quiet this morning, Arthur."

"I'm waiting for you to tell me what to do," "That's strange, Arthur. You usually have a long list of things that you ask me of."

"President Nixon said we should stop talking and we should listen to you and find out what you want from us."

"I don't want anything from you. I'm doing the good old days."

MR. SPECTATOR With retirement approaching, Mr. and Mrs. Spector will have to get used to cutting corners. We've started one.

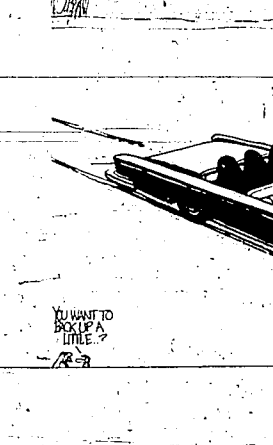

Mrs. Spector bought a big box of Instant nonfat dry milk — fortified, no less — and brought it home. It tastes good — and not only that, it costs just half as much as the milk we have been drinking — so there!

GIVEAWAY DEPT.: We have a three months old black, short-hair pup to give away. Will be small and is real cute. Call 325-4829 at Filer.

INFORMATION We must point out some things we've learned. A University of Michigan study just released shows about half of the people do not care what happens to the other half. We were shocked because we thought more people than that didn't care what happened to anybody else.

And we also learned that another survey showed 45 per cent of the people never travel more than 10 miles away from home. These folks will have no trouble because of the gasoline shortage. It's the other 55 per cent who will be required to change their way of living.

TODAY'S CHUCKLE A broken reputation may be repaired, but the world will watch the spot where the crack was.

(c) New York Times News Service WASHINGTON — Is John Dean a liar or not?

Special Prosecutor Leon Jaworski, in a breach of federal regulations restricting prosecutors from making out-of-court statements about the "credibility of prospective witnesses," has gone on television to insist, "We have found no basis for a perjury charge" against Dean.

"No, I would not... if we believe John Dean's veracity was subject to question, we will not use him as a witness."

No leaked documents or secret tapes are needed to determine whether Dean is a liar. We have the public record.

On Nov. 5, 1973, Richard Ben-Veniste of the special prosecutor's staff came before Judge John Sirica in open court to break some damaging news in as gentle a way as he could.

"Members of our staff interviewed Mr. Dean and questioned him with respect to the contents of Mr. Hunt's safe," Ben-Veniste said. "Mr. Dean related that at some time in late January, 1973, he discovered a file folder in his office containing the President's estate plan, two

clothing and notebook with cardboard covers and lined pages containing some handwriting. Dean at that time recalled that these had come from Howard Hunt's safe."

The prosecutor passed along with a straight face Dean's assurances that the notebooks in the safe, which had not been turned over to the FBI. And what did Dean do with these notebooks that he casually "discovered" while presumably thumbing idly through a file?

Dean's admission that he had deliberately destroyed evidence was only a small bombshell, a one-day story that was quickly forgotten since the air and said. What else can we do?

"You seem to be having some problems down there with inflation, Arthur."

"I thought so, too. But President Nixon says everything is just great and we're in terrific shape economically, and people have more buying power than they've ever had before."

"It seems that way, God, but then again we don't know all the facts, do we?"

"What else do you want for America, God?" "Peace, good health care, protection of the individual and an excise profits tax on the industry. I would certainly like to see the Arab oil embargo lifted before Americans really start getting me to each other."

By NEA-London Economist News Service MOSCOW (LENS) — Leonid Brezhnev, the Soviet Communist Party Secretary, wants to hold a new world Communist conference in order to excommunicate China, to lay down some new dogma, and to comfort the hardliners in his own pollubrium.

Recently, delegates from 67 Communist parties met in Prague — ostensibly, as enthusiasts for the World Marxist Review — to discuss the idea. The staunch pro-Soviet loyalists, particularly the Czechs and East Germans, made the running, insisting that the purity of Marxism-Leninism must be protected against the seditious Maoists and that now is the time to act.

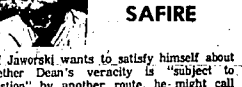

But a few comrades remained unconvinced: the Rumanians, the Spaniards, and some other West Europeans, a few Asians. The Yugoslavs, who were not at Prague, had already voiced their doubts.

But the Soviet leaders are not likely to be deterred. They realize that it will take a long time, perhaps several years, to organize the kind of conference they want. But they are hoping that it might coincide with the post-Mao crisis in China which Soviet propaganda has long been hopefully predicting.

It might cast doubt on the veracity of the President's chief accuser.

"Question: Why did Dean, who had pleaded guilty to a crime and was now admitting that he had also destroyed evidence, hold back from that seemingly minor admission that he had put the notebooks in the file in the first place? Nobody has thought to ask."

Somebody — A sinister force? — withheld the notebooks from the FBI, and if even the prosecutors find it "safe to assume" it was the same man who later destroyed them, then it is equally safe to assume that he has lied about the shredded notebooks again and again.

WILLIAM SAFIRE

If Jaworski wants to satisfy himself about whether Dean's veracity is subject to question" by another route, he might call Justice Department prosecutors who knew of the existence of these notebooks from Howard Hunt — in 1972, they described the purloined notebooks to John Dean, who denied any knowledge of them — and this denial was one reason Dean felt he had to destroy them.

Despite all this, Dean has not been charged with perjury. Moreover, lying to federal investigators is a violation of Paragraph 1001 of Title 18 of the U. S. Code, the statute under which Herbert Forster was recently sent to prison. Dean is not charged with either. Perhaps Jaworski feels the truth might alter the veracity of the witness he so desperately needs.

Health plan views varied

(C) Newhouse News Service WASHINGTON — President Nixon's national health insurance proposal has drawn mixed reviews from parliamentarians who know of the establishment, but it is seen as a good springboard for debate that could lead to final action within the next two years.

Although the plan was faulted at one end for lack of cost controls and for treating symptoms rather than causes of the other, there appears to be a consensus that it marks the beginning of a push that will make a national health care system a reality.

"It has to be taken seriously," Walt McNerney, president of the Blue Cross Association, said of Nixon's proposal to require employers to offer a federally established minimum-of-coverage, operated-through private insurance carriers.

This response was echoed by spokesmen for Sen. Edward M. Kennedy, D-Mass., Sen. Abraham Ribicoff, D-Conn., and Rep. Paul Rogers, D-Fla.

The plan calls for coverage of mental health disorders, and vision and dental care for children up to age 13. It also offers the same standard of care for the poor, the aged and the disabled as other citizens.

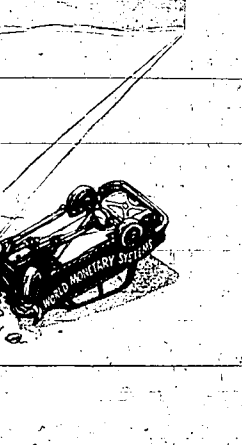

But McNerney of the Blue Cross association, said he feared that any national health insurance plan might do less at greater cost to the taxpayer to raise the standard of health among the urban and rural poor than some form of a guaranteed annual income.

They calculate that Mao's successors will be more susceptible to pressure from the "fraternal parties" if these parties can be brought to speak with a single, pro-Moscow, voice.

Regional Communist gatherings were also discussed at Prague. These include the conference of west European parties that will meet in Brussels this month and the bigger all-European conference planned for the end of the year.

Nothing could be more unwelcome to the Soviet leaders at this time than a premature revolutionary outbreak by a few hotbeds in, say, Belgium or West Germany.

YOU WANT TO PICK UP A LITTLE?

THOSTESON, M.D.

Attention aid

Dear Dr. Thosteson: My nephew, age 4, sometimes visits overnight. He wakes up crying and says he either has a headache or stomach ache.

When I lie down beside him and talk to him, he falls asleep and everything seems all right again. I understand that this also takes place at his parents' home. Is this a serious problem? — E. H.

Serious? No. Disconcerting, yes. He has been in a deep phase of sleep. He wakes up and finds himself alone. But the aches and pains vanish when he has some companionship and gets some attention. This phase shouldn't last long.

Dear Dr. Thosteson: My 13-year-old daughter hasn't started her menstrual cycle yet. Should I be alarmed or take her to our doctor? Incidentally, I was 13½ when I started. — Mrs. V. W.

I see no cause whatever for alarm, and wouldn't bother to do anything about the matter until she's at least 16 or maybe even older. Particularly in view of your own history.

Some girls do start menstruating at 12 or 13, but a lot of others don't start for another three or four years. There's nothing abnormal either way.

A thought for the day: Roman poet Ovid said, "To be loved, be lovable."

Truck traffic almost normal

By United Press International
Violence all but subsided on the highway as the independent truckers' strike dwindled Monday.

There were some holdouts, but reports from around the country indicate that truck traffic was back to nearly normal.

Disident truckers complained that the Washington agreement of last Wednesday should have included a rollback of diesel fuel prices and that highway speed limits should be raised to 65 miles per hour. The industrial strike, which had been hit hardest by the strike that began 12 days ago, reported the reopening of plants and cancellation of the projected closing of others.

Fresh fruits and vegetables also were moving to markets. Two incidents of violence occurred early Monday. A printer's bullet shattered the windshield of a truck driven by John Coburn, 39, of Houston, as he drove into Beaumont, Tex. He suffered face lacerations and a possibly permanent eye damage. Another trucker, Bob Brown of Lincoln, Neb., escaped injury when someone dropped a brick from an overpass on Interstate 35 near Troy, Tex., breaking his windshield.

Also in Texas, the Southwest Association of Truck Stop Owners with members in Texas, New Mexico, Oklahoma

Concerned citizen

HILSBOROUGH, Cal. (UPI) — Mrs. Catherine Hearst, mother of kidnaped Patricia Hearst, has received \$10 in cash from a citizen who understands the sorrow of a missing loved one.

Letter, shown to reporters Monday, contained the money and said: "Dear Mrs. Hearst, love of children goes deep. I lost my wife and child in childbirth. Mrs. H. please accept \$10 cash for the return of your daughter. My love goes with you. Don B., L.A."

Hearst family waits for news

BERKELEY, Calif. (UPI) — With more than 100 FBI agents specially assigned to track down any lead, no matter how flimsy, the Patricia Hearst kidnaping was agonizingly narrowing today to whether the 19-year-old university coed is alive or dead.

Millionaire newspaper publisher Randolph Hearst said it was "frustrating" that a week after the abduction no further word about his daughter's fate had been received from the terrorist "Symbionese Liberation Army" which proudly proclaimed responsibility last week.

"I have to believe the SLA has my daughter," Hearst told newsmen Monday before television cameras outside the family mansion.

"The only other possibility is that some absolutely crazy person has taken her off and killed her. I don't want to believe that."

Charles Bates, FBI agent in charge of the kidnap investigation, was asked by newsmen if he believed the pretty, sandy-haired girl had been killed by her abductors as the simplest and safest method to protect themselves from discovery.

"I don't think so," Bates said. "I don't attach any significance to the delay in further communication, yet... If you write a letter Sunday, it maybe go out until Monday and doesn't they are waiting to see what the reaction is."

"After a few more days, if nothing happens maybe it will be a different ball game."

Sen. Church lists taxes

WASHINGTON (UPI) — Sen. Frank Church, D-Idaho in a public accounting of his personal finances released today, said he paid about 30 per cent of his income in federal taxes from 1970 to 1972.

Church also listed his senate salary and earnings from lectures and written articles as his major sources of income in the statement.

The accounting reports Church and his wife paid federal taxes of over \$17,000 for the years of 1970 and 1971, and over \$10,000 for 1972. Church said the tax amounted to over 30 per cent of his income for those years, and over 29 per cent for the third.

In the statement, Church said his income derived from his \$42,500 congressional salary and from an average of nearly \$10,500 a year for his speaking engagements and articles.

In addition, he said, his wife receives a monthly insurance annuity left by her father, and also has received \$10,000 a year since 1970 from the sale of her

interest in the Robinson Bar Ranch near Clayton, Idaho. Church said other income derives from municipal bond interest. He said he and his wife, Bethine, have savings of about \$50,000.

The senator also reported he owns no stocks or bonds in corporations, and has not practiced law since he entered the Senate.

Church said he was making public the accounting of his finances in keeping with a decade-old policy. He called for a regularized formal requirement for disclosure of

income and assets by other members of congress. Such a requirement, he said, "would allow the voter, or anyone having doubts, to resolve, to compare the member's voting record in office with his financial portfolio, and determine for himself whether the member has voted his private pocketbook interest or the general public interest, in his discharge of his official duties."

Suicide note warns of drugs

MENDHAM, N.J. (UPI) — A Mendham, N.J., high school student who hanged himself in his woods last week left behind a suicide note warning his friends to stay away from drugs. The note indicated drugs made his mind hazy and led to his suicide.

The note found in the jacket pocket of David Biggs, 16, was disclosed Monday by his parents, who said they hoped it might warn other youths to avoid drugs. The boy's body was found Friday after he had been missing for a week.

In the brief note, addressed to his parents, the boy said he started taking marijuana during his freshman year in high school.

"This was my mistake. This led to the trying of LSD," he said. "I am now at the point where clear thinking is impossible. You have great parents to me and please don't blame yourselves for any of this. Warn Andy (David's brother) and the girls about this. Love, David."

"The boy's father, Herbert Biggs, said his family was not aware of what was happening to David, although his was a close family."

"Closeness and love aren't always enough in this society. If it happened to David, it can happen to any child," Biggs said. "If it happened to us, there must be other parents who are in the same situation. We didn't know our son was using drugs."

Israeli troops wind up 3rd stage of pullback

By United Press International
Israeli tanks and troops rumbled out of captured Arab territory today to wind up the third and next-to-last stage of their pullback from Egyptian land seized during the 1973 Middle East War.

School chief direct vote bill delayed

By DAVID ESPO

T-N Capitol Bureau
BOISE — A technicality in the law held up introduction Monday of a bill setting election of a state superintendent of public instruction on a non-partisan ballot.
The measure, which passed the House last year but failed in the Senate, would become effective with the 1974 election. Sen. Dick Smith, R-Reburg, pointed out however, that the bill wouldn't become effective until after the filing deadline had passed for a declaration of candidacy.
The committee voted to hold the bill until the problem with dates would be cleared up.
The proposal would set the state primary election as the date for election of the superintendent. If no candidate gets a majority, according to the measure, a runoff would be held at the general election in November.
Wayne York, executive secretary of the Idaho

Education Association, said the measure was needed to remove the state's chief education officer from politics. The superintendent of public instruction, York told the committee, "should not spend time or energy on political campaigns."
The committee also voted to introduce several other pieces of proposed legislation. One would ban smoking at certain public places. Two committee members, Sens. John Barker, R-Buhl and Robert Saxvik, D-Burley, voted against introduction.
Sen. Mike Mitchell, D-Lewiston, also got introduction for his proposed Youth Services Act. He said the proposal was to incorporate the present Youth Rehabilitation Act and Child Protection Act into a single law, and also attempts to delay the entry of juvenile offenders into the court system as long as possible.
The proposal seeks "to divert some youthful offenders from the juvenile court system in the

expectation that they can be restored to constructive citizenship without the greater costs of court processing," according to a statement of purpose attached to the legislation.
Mitchell also said the new act would force rehabilitation efforts on the "whole family situation."
The state would also bear the cost of the juvenile program, under Mitchell's proposal, estimated at \$500,000 a year. However, the Lewiston Democrat told the committee, some of those expenses are now being handled at the local level, so the increase to the taxpayers of the state won't be too large.
The committee with four dissenting votes, decided to introduce a Department of Environmental and Community Services proposal that treatment plant operators be licensed by the state. The bill is part of an environmental legislation package DECS is asking for.

Watchdog panel asked

T-N Capitol Bureau
BOISE — Sen. David Bivens, R-Payette, Monday suggested a state watchdog committee be set up to oversee some of the experiments being designed for solid waste management.
Bivens said local units of government in some parts of the state were considering large expenditures of local funds to handle waste management and the watchdog group might be a good idea. He made his suggestion in the resource and environment committee.

Staff size queried

BOISE (UPI) — Two Idaho legislators Monday questioned the budget for the department of education.
Sen. Walter Yarbrough, R-Grand View, also questioned the request for additional employees. The department is asking for 149 employees.
Sens. Richard High, R-Twin Falls, and James Stolech, D-Sandpoint, also wanted to know why there was a larger pay raise being asked for those persons receiving the high salaries than those receiving the lower income.
The budget for the department of education.
Sen. Walter Yarbrough, R-Grand View, also questioned the request for additional employees. The department is asking for 149 employees.

Beverage container deposit bill ready

T-N Capitol Bureau
BOISE — The Senate Resources and Environment Committee agreed Monday to introduce a Refunders Container Act requiring a two-cent deposit on beverage containers sold in Idaho.
Sen. John Peavey, R-Rupert, who has been seeking such legislation for the past several years, told the committee the beverage wholesalers he had talked with favored the bill in its current form. He said a great deal of "compromise" has led to the latest proposal.
But some senators objected to introducing the bill, in some cases because they didn't have copies before them. The copies were apparently misplaced and were not available for committee members.
Sen. David Bivens, R-Payette, said it was "proper for the bill to be printed" so it could

receive wide circulation in the state.
Peavey said the refund bill would relieve the retailers around the state of the necessity for providing return facilities for containers. The legislation requires manufacturers of beverages to provide "convenient redemption locations" to receive the used containers.
Another provision of the bill would outlaw metal containers with detachable parts. But it also gives the Commissioner of Law Enforcement authority to suspend the regulation if a manufacturer can show it would cause him "undue hardship." The suspension would be effective for up to one year.
The committee also voted to introduce two land use planning bills, developed by a 1973 interim legislative committee. The bills deal with areas of critical concern and areas of regional impact.

The debate over introduction of Peavey's proposed legislation was complicated by a 30-day time limit on the committee's authority to introduce bills. According to the rules of the Senate, most committees are prohibited from introducing any legislation after the 30th day of the legislative session. Monday was the 30th day.
Sen. J. Marsden Williams, R-Idaho Falls, committee chairman, told committee members some beverage retailers were anxious to "entertain" the committee. Williams suggested introduction wait until the members had "an opportunity to hear the retailers."
But Sen. Richard High, R-Twin Falls, said it would be better to have wide circulation of the bill and then hold one public hearing for everyone concerned.

Open meet bill hits snag

BOISE (UPI) — Rep. Patricia McDermott, D-Pocentello, buried an open meeting bill in a yet-to-be appointed subcommittee Monday with a barrage of questions about its enforceability.
Miss McDermott went to work on the bill, proposed by Rep. Gary Ingram, R-Post Falls, after the House State Affairs Committee held a public hearing on the measure.
Two newspapermen wrote

letters urging adoption of the bill and an attorney wrote in opposition to the measure. A publisher, the executive director of the Idaho Newspaper Association and three editors all spoke in favor of it.
Ingram himself suggested amending the bill — to make certain it does not exclude the legislature. Miss McDermott said she thought that would be fine and then suggested a list of other areas where the bill

should be amended.
Rep. Ray Lincoln, R-Twin Falls, finally moved to hold the bill for further study. Rep. Russell Fogg, R-Idaho Falls, suggested it be placed in a subcommittee.
William E. Howard, publisher of the Twin Falls Times-News, pointed out that the nation at present faces a "crisis of confidence in government."
He said to preserve the principle of government by the

Legislative Log

Passed by Senate
S 20114 (Murdock and Smith) Acts Congress to limit the term of the S 20113 (State Affairs) Acts US District Court for an additional 20 days to reconvene the Idaho Legislature.
S 20115 (Local Government and Taxation) Allows the Board of County Commissioners to meet as boards of supervisors on the fourth Monday of November instead of the first Monday of December.
Passed by House
H 20106 (Executive Reorganization) Establishes Idaho Department of Transportation including present Department of Transportation, 21-1.

Senate asks extension

BOISE (UPI) — While the Senate Monday passed a memorial asking a federal district court to give the legislature more time to reappoint itself, the House State Affairs Committee sent to the floor a Senate-passed reappointment bill.
The House sent the bill out without recommendation after first considering sending it out with amendments. There still may be a move to amend the bill on the floor.
Today is the deadline set by the federal court for the legislature to complete passage of a reappointment bill or have the court do it.
The memorial passed in the Senate asks that the court give the legislature an extension of 30 days. It passed on a 17-16 vote without debate.
The Senate also passed 18-17 a memorial asking Congress to limit the President's term in office to one term.

All Valentine Gifts Beautifully Wrapped at No Charge

Couple recites promises

RICHFIELD — Luann Marie Edwards became the bride of Ronald Lee Geer in a double ring ceremony Jan. 26.

The afternoon ceremony was performed by Rev. Nathan Weale at the Richfield Methodist Church.

The bride is the daughter of Mr. and Mrs. Sidney Edwards Jr., Richfield, and the bridegroom's parents are Mr. and Mrs. Dick Geer, Bliss.

The bride wore a street-length dress of white tulle with an overlay of floral pattern white lace. The dress featured a full gathered skirt and a wide midriff trimmed with tiny white beads, crystal, rhinestones and small white daisies. The long sleeves were made of the floral pattern white lace.

Her shoulder-length veil was made of white nylon illusion. She carried a bouquet of white daisies and baby's breath tied with bright yellow bows and streamers.

Mrs. Tim Conant, Wells, Nev., sister of the bride, was matron of honor.

Ralph Geer, Bliss, brother of the bridegroom, was best man.

Tracie and Tara Conant, Wells, Nev., nieces of the bride, and Kim Geer, Bliss, sister of the bridegroom, were flower girls.

The couple was honored at a reception after the ceremony at the Richfield School cafeteria.

Susie Simpson, Carey, was in charge of the guest book. Mrs. Udell Robinson and Mrs. Grace Whitesell, both Richfield, were in charge of the reception.

MR. AND MRS. RONALD L. GEER

The three-tiered wedding cake had pillars separating the tiers and was decorated with daisies and green leaves with a border of tiny stars. The bottom layer was decorated with small white bells tied with yellow ribbon and ruffled yellow net. The cake was topped with white satin wedding bells and was baked and decorated by Mrs. Lester Johansen, Richfield.

Serving were Mrs. Bill Exon, Bliss; Mrs. Jack Exon, Fairfield; Mrs. Jim Exon, Richfield; Mrs. Roland Zollinger, La Grande, Ore., all aunts of the bridegroom, and Mrs. Norman Edwards, Boise, aunt of the bride.

Mrs. Mark Roberts, Arco, aunt of the bride; Mrs. Rick Brown, Twin Falls; Mrs. Mark Lee, Gooding; and Debbie Robinson and Pam Piper, both Richfield, were gift-table

attendants. Dawn and Chanelle Roberts, Arco, cousins of the bride, carried gifts.

All of the flowers, corsages and decorations were made by the bride and her mother.

Special guests were Mr. and Mrs. Sid Edwards Sr., Dietrich, grandparents of the bride, and Mr. and Mrs. Albert Wilkins and Mrs. Della Geer, all Bliss, grandparents of the bridegroom.

Guests attended from Richfield, Carey, Dietrich, Shoshone, Fairfield, Gooding, Bliss, Twin Falls, Boise, Salt Lake City, Utah; Wells, Nev., and La Grande, Ore.

After a honeymoon trip to Sun Valley, the couple resides in Bliss where the bridegroom is employed. The bride is a 1973 graduate of Richfield High School and the bridegroom is a 1973 graduate of Bliss High School.

notrump response to a major-suit opening is an unlimited forcing raise.

This takes away the standard American two notrump to show a balanced 13 to 15 points but we have found that small loss. You don't really need that bid at all.

Today's grand slam is bid easily once North responds with the forcing notrump raise. South goes into Blackwood and bids seven. He knows that he may need to do something about his third heart, but is willing to take that chance. Actually North has just two hearts and the moment both opponents follow to the first spade, South can claim the grand slam.

ANSWER TO YESTERDAY'S QUESTION

The bidding has been:

West	North	East	South
Pass	2NT	Pass	4NT
Pass	5	Pass	7
Pass	Pass	Pass	8

Opening lead — ♣ Q

By Oswald and James Jacoby

When you play limit raises you need to have some bid or bids to show a forcing raise. The British, who never adopted forcing raises, use four-club and four-diamond responses to show certain kinds of forcing-raise hands. They don't really need these bids for any other purpose. Unfortunately the jump to four crowds the bidding too much and makes it hard to bid slams.

The same disadvantage applies to the use of three notrump as a forcing raise which brings us to the Jacoby two notrump, invented by Oswald Jacoby, the two

Abby

Abigail Van Buren

© 1974 by Chicago Tribune, N.Y. News Synd., Inc.

DEAR ABBY: I am a 17-year-old boy—nearly 18, and I've always been big for my age. I live with my mother and a younger brother in a nice, friendly neighborhood. That's the trouble, it's too friendly.

One of my neighbors is my mother's friend. She's married to a great guy in his forties, and they have two nice kids. They're beautiful people, and "Mrs. Friendly" has always treated me like one of her kids—until lately. She's been petting me, kissing me and running her fingers thru my hair. This was okay when I was 9, but now she gets me all aroused. It's not like she doesn't know what she's doing either. She does it on purpose.

'Mrs. Friendly' too friendly

Now I find myself hanging around her place, and I know this is not going to get me anywhere but in trouble. Don't tell me to stay away from her. I know that's what I should do, but I keep finding reasons to hang around her. She's a good looking lady for her age, and half of me says, "Stay" and half of me says, "Run."

Have I got a problem or not? **HALF AND HALF**

DEAR HALF: You bet you have. But you're bright enough to see it; coming, and wise enough to ask how to head it off. Listen to the half with the brains in it, and stay as far away from "Mrs. Friendly" as you can.

DEAR ABBY: An 18-year marriage has me bored stiff and dissatisfied. A moderate income provides adequate clothes, food and a small home with nothing left for my purse, vacation trips and those extra wants. People say, "Count your blessings," but I ask myself, "Am I supposed to be satisfied with so little as a home, three healthy, trouble-free kids, a vice-free husband who's home every night, who helps with the housework, embraces, and compliments me daily, and is good in bed (but his age is beginning to rob me of that)?"

Would anyone blame me if I left for a man who can show me some fun—even if only for a little while?

BORED

DEAR BORED: I would be among those who would remind you to count your blessings. And yes, I would "blame you" for jeopardizing those blessings for "some fun," even if only "for a little while."

DEAR ABBY: I have a 2-year-old son, and whenever we are in public a stranger is sure to say, "My, what a cute little girl!" This happens even when he's wearing his football suit.

I never dress him like a girl. His hair is cut like most boys his age, but what really disturbs me is after I correct people, they go right on saying, "What a beautiful little girl he would make."

My son is learning the difference between boys and girls, and when people mistake his sex, they confuse him. I worry about what will happen to his development and self-image.

Abby, please tell people to keep such comments to themselves. There are other mothers who have the same problem, so please print and I'll get 10 copies to hand to thoughtless people. —MOTHER-OF-AN-ALL-BOY-BOY

DEAR MOTHER: Consider it done. And equally damaging to a child's self-image is the little girl who is constantly mistaken for a boy!

CONFIDENTIAL TO VIRGO: It is not true that people who threaten to commit suicide "never" do. Your friend needs help. I urge you to involve yourself and insist that she get it. Your Suicide Prevention Center offers free (and excellent) counseling in the Los Angeles area. Tell her to call 321-5111 for help.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 6970, L. A., Calif. 90029. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Cal. 90212.

Golden anniversary observed

GLENNIS FERRY — Mr. and Mrs. W. M. Petersen were honored at a dinner Sunday for their fiftieth wedding anniversary.

Mr. and Mrs. David Shrum of Pocatello and Mrs. Frank R. Kleffner, St. Louis, Mo., were hosts for the dinner. They were assisted by Miss Susan Shrum, Pocatello, and Miss Kristine Kleffner, St. Louis, Bill Shrum, Pocatello, and Mrs. R. Austin of Heyburn, grandchildren.

Sunday evening the dinner guests attended the Episcopal church for the baptism of Kelli Lynn Austin, the only great-granddaughter of the Petersens.

The guests included Mrs. Lloyd Belmore Brewer, who was maid of honor at the Petersen wedding 50 years ago. Mrs. Brewer lives at Oxnard, Calif. Mrs. Betty Tate, who was flower girl for the wedding, Boise; Mrs. Ronald Coulbough, Boise; musician at the wedding.

Mrs. Petersen's brothers and sisters-in-law from Long Beach and Avalon, Calif., and Mrs. Kenneth Starkey of Glens Ferry, guests at the wedding attended the anniversary dinner.

Mrs. David Shrum and Mrs. Kleffner are daughters of the Petersens.

FILER — The Maroon Woman's Club will hold its annual potluck dinner for husbands at 7 p.m. Thursday in the Filer Grange Hall.

MISS MAHONEY sets date

July wedding planned

TWIN FALLS — Mrs. Pat Mahoney, Twin Falls, and Mick Mahoney, Albany, Calif., announce the engagement of their daughter, Elizabeth Anne, to David Lynn Brown, Brown is the son of Mr. and Mrs. Warren F. Brown, Twin Falls.

Miss Mahoney will graduate from Filer High School this spring. Brown is a 1970 graduate of Twin Falls High School and is a junior at Idaho State University, majoring in biology. The couple plans a July 13 wedding.

69th year

DECATUR, Mich. (UPI) — Jacob L. Flagg has been buying valentines for the same sweetheart for 69 years.

She is his wife, Susie. They will observe their 69th wedding anniversary on Thursday, Valentine's Day. Mr. and Mrs. Flagg were married Feb. 14, 1905 in Lawrence, Mich.

Flagg, 91, is a retired farmer and thresherman. His wife is 88.

Flagg stays active at gardening and woodworking and Mrs. Flagg enjoys gardening, cooking, sewing and reading.

They have two children, six grandchildren and 15 great grandchildren.

today in brief

IF man convicted

BLACKFOOT, Idaho (UPI) — An Idaho Falls man has been convicted of a probation violation for malicious killing of livestock.

St. Jaramillo, 27, who is already convicted twice of malicious killing of livestock, received a 60-day work release program sentence from Seventh District Judge Arnold Beebe. Beebe also added a year to Jaramillo's three-year probation.

Jaramillo was also cited for violating his probation for speeding and fishing without a license.

Car assignments rapped

BOISE (UPI) — The wife of one Ada County Commissioner does not think the three commissioners should be assigned cars to use for county business because their tasks fail to justify the expense.

Darlene Crawford, wife of Commissioner Eugene Crawford, protested the car assignments to the commissioners during a hearing Monday.

According to Mrs. Crawford her husband has been using his own car for county business and he has not had the county reimburse him for gas and oil.

Fuel savings aired

BOISE (UPI) — Fast action on the processing of a federal form by the State Office of Energy may have saved Idaho some fuel over the weekend, according to Gov. Cecil D. Andrus.

Andrus said Monday the state office submitted a form to the federal office early, and managed to head off any possible redirection of fuel out of the state.

"Now we're going to stay ahead of them," Andrus said, "but it makes little sense to think that we're going to conserve fuel here and then watch it be shipped off to some other state. That is not going to be permitted to happen."

Gunman sought

BOISE (UPI) — Boise City Police were searching Monday night for a lone gunman who escaped with more than \$100 from the State Street Beverage Store shortly after 9 p.m.

Police said the man entered the store, waited until other customers left, and then walked to the counter. He picked something up from the counter, a police spokesman said, and then pulled a gun on the attendant and demanded the money.

BOR funds announced

BOISE (UPI) — Four Idaho cities will be receiving Federal Bureau of Outdoor Recreation (BOR) funds to help them with projects now under development.

Steven Bly, director of the Idaho Department of Parks and Recreation, said Monday \$37,000 from the BOR's land and water conservation fund will go to the cities.

Those communities which will receive the funds, Bly said, include Burley, \$8,229 for development of a park; Piler, \$17,547 for construction of a swimming pool and related facilities; Idaho Falls, \$10,247 for development of recreation facilities; and Kellogg, \$1,212 for landscaping a park.

91 bald eagles counted

BOISE (UPI) — There were 91 bald eagles in Idaho at last count, according to the Idaho Fish and Game Department.

In addition, Idaho census takers counted 11 golden eagles.

The populations were counted during the migratory waterfowl inventory.

Department personnel found 20 bald eagles at Lake Pend Oreille in Northern Idaho.

More eagles were counted on the Deer Flat National Wildlife Reserve near Pocatello.

Woman added to staff

BOISE (UPI) — The first woman professional in the history of the State Department of Parks and Recreation has been added to the agency's staff, according to Director Steven Bly.

Bly said Monday Billie L. Meuleman has been named public information officer in the consultation and education division of the department.

Miss Meuleman is a graduate of Idaho State University and a former ranger at the Craters of the Moon National Monument.

Shortage 'not contrived'

BOISE (UPI) — The executive secretary of the Idaho Petroleum Council told a joint Idaho Legislative Transportation Committee Monday that the fuel shortage was not contrived.

Douglas Bean said that every available well was being utilized in answer to a query by Rep. Lee Barron, R-Corral.

He said that there was just not enough crude oil.

Bean also told the committee that the Rocky Mountain area was in the "best shape of anywhere in the United States" with regard to availability to fuel.

Wrong name

BOISE — The Times-News mistakenly identified Bob Bayless as publisher of the Buhl Herald Sunday. Bob Bailey is owner and publisher of the newspaper.

TF break-in probed

TWIN FALLS — Twin Falls police today were investigating a break-in at the Magic Valley Adventist School in which about \$150 in cash and checks were stolen.

School employees told police the break-in occurred between 4 p.m. Friday and 12:45 p.m. Sunday. The school building at 288 Falls Avenue West was apparently entered through a basement window, police reports said.

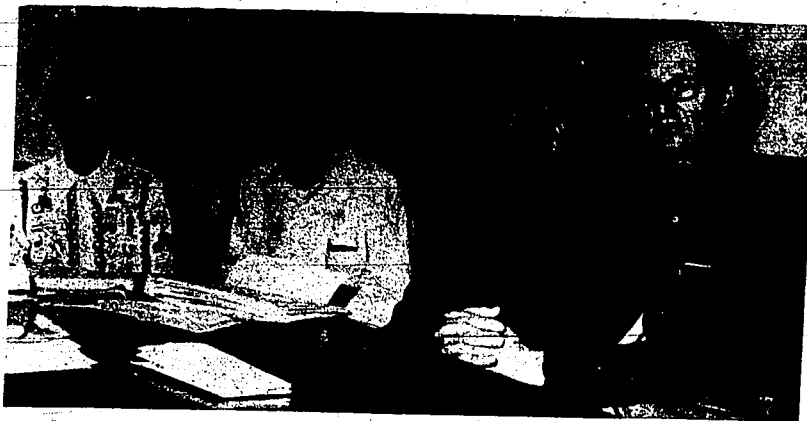

A cash box containing about \$150 in cash and checks was removed from a teacher's desk.

Advisory lifted

BOISE (UPI) — An air stagnation advisory from the national weather service was lifted today after forcing a curtailment of operations at the Bunker Hill Mining Co. smelter in the Kellogg area.

The air stagnation advisory was issued Monday afternoon for Bonanza, Shoshone, Boundary, Kootenai, and Bonner counties because of a temperature inversion that made dispersion of pollution very difficult.

The advisory forced the Kellogg smelter to almost completely close down.

LINCOLN COUNTY commissioners continue study on the county budget today, prior to final adoption. At work are, from left, Mrs. Joy McClure, clerk; Ward Mills and C. F. Chadfield, commissioners; and Glenn L. Sorenson, board chairman.

Study budget

Buhl HS applies for funds

BUHL — Buhl school trustees Monday night approved application for Federal Title Three funds to provide improvements in the stage at the high school auditorium.

Supt. Dan Mabe said about half of the \$8,863 expenditure would be provided from local school district capital improvements funds and the other in federal matching funds under Title 3 of the National Defense Education Act.

The money, if approved, will be used to improve the wiring, light control and curtain in the 1966 high school auditorium. Mabe said.

"The only thing is none of these feature improvements will be the kind that the average person cannot see," Supt. Mabe said, "but they still will be very valuable in improving the facility."

Trustees decided to have Chairman John Honick appoint a special committee of the trustees in response to a request from the teacher negotiating committee for "strengthening communications between the

board, administration and teachers."

Supt. Mabe said he feels this is a good move toward obtaining better rapport between teachers and administration so that information needed by both groups can be freely exchanged before "we begin hacking out" specific provisions such as salaries.

Trustees accepted William Gilmore, Buhl, as a janitorial trainee in the Department of Employment's "Mainstream Program."

In other action, trustees:

- Took under consideration makeup of the school calendar for next year. This will be completed at a later meeting.
- Approved a request from Charles Humphries, high school science teacher, to attend the National Science Teachers convention in Chicago March 18-19. He will represent the Idaho Science Teachers Association, of which he is an officer.
- Okayed transportation for the Buhl High School stage band.

Shoshone principal resigns

By MELBA THORNE
Times-News writer

SHOSHONE — The resignation of elementary school principal Jack Bowlin was accepted by the Shoshone School Board at a meeting Monday night.

Bowlin, who has served as principal of the school for the past five years, has not announced his future plans. The resignation will be effective May 23.

In related action at the board meeting, Kenneth Crothers, superintendent, was assigned the administrative duties at Lincoln Elementary School for next year. The elementary school principal's position will be eliminated.

Crothers said that in view of Bowlin's resignation and the decreasing student population in the school, the board felt justified in eliminating this position.

Crothers said that during his first year as superintendent of Shoshone schools in 1965, the elementary school enrollment was 271. This year, there are 142 students enrolled in the school.

James Clements, high school principal and Crothers were offered contracts at the meeting. Teachers contracts will be considered at the regular March meeting.

In other business, a curriculum plan calling for a seven period day at junior high and high school levels was considered after presentation by Clements. The plan will be studied further.

Notice was received that Shoshone High School is fully accredited by the Northwest Association of secondary and higher schools. The board announced that school will continue to open at the same time each morning. During the past week, a survey was conducted with parents returning a slip expressing their vote on the matter. On the basis of returns, 65 parents asked for no change, 21 recommended a 30 minute delay and eight recommended an hour delay.

TF hearings continue

TWIN FALLS — Public hearings are continuing before the Twin Falls County commissioners on the tentative 1974 county budget of \$7.3 million.

Monday, opening day for hearings, saw only two persons meeting with the commissioners. Chairman William Chasney said both were asking questions county fair facilities and activities in view of revenue from the annual event.

The other taxpayer discussed hospital costs and the total hospital budget of \$4.9 million. Chasney explained out of this entire budget only about \$180,000 comes from taxes.

The Twin Falls Farm Bureau had scheduled a meeting with the commissioners for today and commissioners said they plan to be available for discussion with taxpayers through the week.

Other needs, listed in order of administration buildings, \$900; general repairs and utilities, ranging from \$500 to \$1,600; and Phase 2 runway improvement, consisting of excavating each side of the runway and hauling in gravel for a base to widen the runway to minimum safety widths, estimated cost, \$4,450.

Dr. Jack Adams, Magic Valley Flying Club,

Protests heard at Jerome budget meet

By CHARLOTTE BELL
Times-News Writer

JEROME — Several protests were heard Monday during a public hearing on the Jerome County budget, set at \$1.18 million.

At large

A large delegation of pilots and members of the Jerome County Airport Advisory board protested the cut in funding for the county airport. The airport budget for this year totals \$2,650, slashed from \$5,400 for last year.

Ed Stockton, a member of the Jerome County Airport Advisory Board, presented several airport needs. He said the proposals were prepared by members of the CAAB to list the improvements which must be completed as soon as possible due to safety conditions.

Stockton said that if the loading area for spray planes is not provided this year, spray plane

operations will have to be halted. He said spray planes can no longer land on landing and turnaround areas of runways. He said construction of a loading area south of the east end of the main runway would cost about \$1,460.

Other needs, listed in order of importance include enlargement of turnarounds at each end of the runway to handle larger aircraft, estimated cost, \$70; construction of a drain on each side of the runway, at a cost of \$441; taxways for proposed new hangars, estimated cost, \$250; repairs to the administration buildings, \$900; general repairs and utilities, ranging from \$500 to \$1,600; and Phase 2 runway improvement, consisting of excavating each side of the runway and hauling in gravel for a base to widen the runway to minimum safety widths, estimated cost, \$4,450.

Dr. Jack Adams, Magic Valley Flying Club,

asked commissioners why the CAAB had not been consulted before the budget was set.

Claude Bernard, commission chairman, said that to his knowledge this was the first time the airport advisory board had presented a projected needs proposal for the airport. He said the airport budget remains about the same as last year. "We had \$3,000 in bills we had to pay last year that were carried over from the previous year's work at the airport," Bernard said.

It was pointed out that under the law the budget may be decreased, but cannot be increased. The commissioners indicated they would see what could be done about keeping the spray planes in operation at the airport.

S. A. Kolman protested large increases in the district court and magistrate portion of the

budget. "When the court reform came into being, it was supposed to provide better court services at a lower cost," Kolman said. He also objected to allocation of \$550,000 for an annex to the courthouse.

"The economy in this county is not good and we should be providing a property tax relief for the people and not building a new court house annex," Kolman said.

He also objected to a proposal to house the sheriff's department and the city police department in one building.

Mrs. Virginia Lewis, county clerk, said case loads in both the district and magistrate courts have almost tripled since 1971.

The commissioners delayed adopting the budget until next Monday in order to give residents time to file protests.

Bond issue summarized

Editor's note: The following summary of the proposed Magic Valley Memorial Hospital building proposal and bond election was provided by the Twin Falls League of Women Voters. Polls remain open today until 8 p.m.

BY TWIN FALLS
LEAGUE OF WOMEN VOTERS

The trustees of Magic Valley Memorial Hospital are presenting a \$4.6 million bond issue. Our objective is to present facts on which the voter may base an informed decision.

General Information
Magic Valley Memorial Hospital is a county-owned general hospital built in 1951 and rated by a fifteen member board appointed by the Twin Falls County Commissioners. It is a non-profit community hospital and serves as the primary medical center for the entire Magic Valley and portions of northern Nevada.

What Will the Bond Do?
Expand present hospital bed capacity from 126 to 151 beds.

The occupancy rate for adult medical and surgical patients, inclusive of obstetrics for the year ending 1972, was approximately 82 per cent. A hospital is considered full when its occupancy averages 80 per cent.

Update and expand emergency facilities:
The hospital is handling nearly 8,000 cases per year in two small rooms which double for emergency and outpatient care.

2. Add additional outpatient department:
It is now recognized that many medical and surgical problems can be effectively treated in hospitals on a "day care" basis. The patient is then released, without overnight stay, to convalesce at home, at a saving to the patient of both time and money. Meanwhile regular hospital beds are available for other patients.

Relocate and expand surgery department:
The operating room has shown a 50 per cent increase in the number of patients treated over the last four years. Repeated scheduling delays result.

Moderate equipment and service areas:

1. physical therapy
2. inhalation therapy
3. nuclear medicine
4. laboratory
5. electroencephalography (EEG) & electrocardiography (ECG)
6. intensive care nursery
7. nuclear medicine
8. radiology

Bring building up to current safety code requirements:
The cost of corrections in building structure as required by the Department of Health amounts to about \$120,000. In all there are twelve items. Most of these involve the replacement of 1200-1400 hollow core doors and the extension of smoke barriers and automatic smoke and fire detecting devices.

Moderate facilities:

1. Provision of a new boiler room, mechanical & electrical shops, addition to laundry, and remodeled diet kitchen.
2. Addition of two new elevators.
3. More complete visitor facilities including additional parking, added and relocated rest rooms, more walking areas and an expanded snack bar.

Voter Information
To vote in the February 18 hospital bond election you must meet all the following requirements:

1. Be at least 18 years of age.
2. Be a citizen of the United States.
3. Be a bona fide resident of Twin Falls County "for more than thirty days last past."
4. Execute a voter's oath.

Registration is not required.

Taxpayer Cost

APPROXIMATE VALUE	YEARLY PROPERTY TAX
\$4,000	\$ 2.94
6,000	5.89
16,000	11.78
32,000	23.56

The tax base of Twin Falls County has grown at a consistent rate of slightly more than three per cent per year since 1960. The bond issue represents an average tax increase of 4.6 mills or an assessed valuation of about \$63 million. It will be amortized at an interest rate of five per cent over a period of 20 years.

The hospital derives over 95 per cent of its operating income from its patients. Since the remaining 5 per cent, about \$187,000, of its budget is from a state mill county tax levy; Magic Valley Memorial Hospital is considered a county hospital and is legally required to hold a bond election for capital expenditures.

A 2-3 "yes" majority of votes cast is required to pass the bond.

Summary of Expenditures

New Construction, 50,440 square feet, \$2,450,100;
Renovation, 45,240 square feet, 1,437,080;
Architect and Engineering Fees, 326,149;
Survey and Testing, 6,000;
Publicity and Legal, 5,000;
Movable Equipment, 361,728.

Give blood in Shoshone today, CSI Wednesday

Eagles rip Utah jayvees; rematch set here tonight

College of Southern Idaho Golden Eagles dominated every phase of the game Monday night in running to a 102-66 decision over University of Utah jayvees.

The teams meet in a rematch at 8 p.m. Tuesday night with the Eagles then playing University of Idaho jayvees Saturday night. That one will be a doubleheader with two of the state's best, Skyline and Twin Falls high schools, colliding in the opener at 7 p.m.

It was basically a lackluster game Monday night with both teams opening poorly and scrubbing along to a 2-2 deadlock over nearly the first three minutes. Then Bob Durham hit four points and Ron Fryson and Arnold Dugger each to sweep the Eagles into a 10-2 lead.

Utah came back to within six but then Fryson and Dugger unleashed another volley and the young Redskins were behind by double figures for the rest of the night.

Castleford invades Murtaugh to open last push for title

The Castleford Wolves opened their toughest week of the season—the last one—by traveling to Murtaugh Tuesday night in the feature of a three-game Tuesday schedule. The Wolves will follow that Tuesday battle by hosting Magic Valley Conference runner-up Oakley Friday and then conclude the year at home Saturday by playing Hagerman in a game postponed at Hagerman's request last week.

At stake for the Wolves is an expected season and the Magic Valley Conference championship. Murtaugh, although out of title contention, could prove a tough foe for the Wolves. The Wolves have not yet put it together as they were expected to earlier this year. A rash of internal matters have kept things disrupted at Murtaugh but those close to the situation believe it is getting better.

Castleford romped to a 15-point win in the first meeting. Oakley's game with Declo is big for the Hornets since they must win to hope to share the title with Castleford. Even with the win against Declo, Oakley would have to beat the Wolves Friday night.

Hagerman and Hansen simply are playing out the season and hoping to come out smartly next week when the tournament year begins. Hansen defeated Hagerman in the first meeting. A Hansen win would doom the Pirates to a cellar finish.

Wooden expects team to get hungry

LOS ANGELES (UPI) — John Wooden, who speculated that his top-ranked UCLA team wasn't "hungry" enough last weekend, said Monday he expects the Bruins to be back in top form this week.

Wooden's Bruins, who barely squeaked by surprising Pacific Eight conference foe Oregon State 80-75 Saturday night, meet the Beavers again in Corvallis Friday night.

"I wasn't really concerned about our attitude last week," Wooden told the Southern California basketball writers. "But I will be if we go up there and play the same way. I think we will play with more intensity, though. This team has generally risen to the occasion."

"Oregon State gave us trouble because they shot so well," Wooden added. "But I have always said that you are seldom beaten by outside shooting."

Wooden said he intends to go easier on star forward Keith Wilkes this week. "Keith certainly didn't have a good weekend," Wooden said. "He was a little tired and was not sharp. But he usually tries so hard to get the next few weeks."

Wooden's cross-town rival, USC coach Bob Boyd, also takes his team to the West Coast weekend. The Trojans meet defense-oriented Oregon on Friday and are at Oregon State on Saturday. The Trojans beat both teams in Los Angeles last weekend.

"I've been telling my team we have half the job done," Boyd said. "And we know it won't be nearly as easy up there. As a pair, they are as good as any two teams we've played all year."

Alaska wins at final gun STARKVILLE, Miss. (UPI) — Guard Charles Cleveland hit a 30-foot jump shot with two seconds left Monday night to lift 11th-ranked Alabama to a 69-60 victory over Mississippi State in a Southeastern Conference game. Cleveland and Leon Douglas sparked for the Tigers, which trailed by as many as 12 points in the second half and was behind 42-34 at the intermission.

Wooden said he intends to go easier on star forward Keith Wilkes this week. "Keith certainly didn't have a good weekend," Wooden said. "He was a little tired and was not sharp. But he usually tries so hard to get the next few weeks."

Wooden's cross-town rival, USC coach Bob Boyd, also takes his team to the West Coast weekend. The Trojans meet defense-oriented Oregon on Friday and are at Oregon State on Saturday. The Trojans beat both teams in Los Angeles last weekend.

Alaska wins at final gun STARKVILLE, Miss. (UPI) — Guard Charles Cleveland hit a 30-foot jump shot with two seconds left Monday night to lift 11th-ranked Alabama to a 69-60 victory over Mississippi State in a Southeastern Conference game. Cleveland and Leon Douglas sparked for the Tigers, which trailed by as many as 12 points in the second half and was behind 42-34 at the intermission.

Douglas led Alabama with 21 points — 15 in the second half — before fouling out with 2:53 remaining and Cleveland had 20.

Wooden said he intends to go easier on star forward Keith Wilkes this week. "Keith certainly didn't have a good weekend," Wooden said. "He was a little tired and was not sharp. But he usually tries so hard to get the next few weeks."

Wooden's cross-town rival, USC coach Bob Boyd, also takes his team to the West Coast weekend. The Trojans meet defense-oriented Oregon on Friday and are at Oregon State on Saturday. The Trojans beat both teams in Los Angeles last weekend.

Douglas led Alabama with 21 points — 15 in the second half — before fouling out with 2:53 remaining and Cleveland had 20.

Sophomore guard Rich Knarr paced the Bulldogs with 19 points. Jerry Jenkins had 14 and Larry Fry 12.

Phelps sees frosh rule necessary evil

NEW YORK (UPI) — Digger Phelps considers the freshman eligibility ruling an unnecessary evil, but in Adrian Danley the Notre Dame coach may have the best of evils. Phelps makes it clear he does not approve of allowing freshmen to compete on a varsity level, but also admits it is a trio of Irish freshmen who are largely responsible for Notre Dame's 18-1 record.

Danley has been dampening the muscular forward's enthusiasm for basketball. "For him to survive at Notre Dame academically, he needed someone to tell him to forget practice," Phelps said. So Phelps sometimes ordered his prize recruit not to come to practice and to study instead. Then, during a timeout in Notre Dame's game against DePaul, Danley fainted from what was diagnosed as dehydration.

Both teams were hot from the floor, Auburn shooting 51 percent and Kentucky 49 percent. Auburn last defeated Kentucky Feb. 26, 1968.

Since then, Phelps gave orders to get fat and that's been the cause with Danley's scoring average, anyway, as he's scored 31 points in his last two games.

George is coming

Eagles soaring

NEAR GOAL TENDING defense was employed by CSI against Utah Cannon during action Monday night at the CSI gymnasium. Lon Trotter (nearest rim) and Bob Durham (44) prevented the shot from going in but couldn't prevent the foul call. CSI won 102-66 and will meet Utah in a rematch tonight.

UCLA, challengers entrenched at top

NEW YORK (UPI) — UCLA has a firm grasp on the No. 1 rating in the United Press International Board of Coaches' major college basketball ratings, but North Carolina State, Notre Dame and North Carolina are standing equally firm as the Bruins' top challengers.

Marquette settled in seventh with 12-1 Pittsburgh moving up to eighth. Indiana and Long Beach State regained top 10 berths by capturing the ninth and 10th spots.

Notre Dame and North Carolina followed in order as they have done for the past couple of weeks, but Marquette was shoved out of the fifth ranking after losing to No. 18 Creighton.

The top games of the week have North Carolina at Maryland Wednesday and Notre Dame visiting the Gamecocks' Roost, where South Carolina has a 34-game winning streak, in a nationally televised contest Saturday.

Creighton romps to win

OMAHA, Neb. (UPI) — Eighteenth-ranked Creighton shot 58 per cent from the floor in the first half Monday night and crushed St. John's of Minnesota 81-43.

NEW YORK (UPI) — The United Press International's Board of Coaches' major college basketball ratings with number of first place votes and won-lost records in parentheses.

Team	Points
1. UCLA (128 13)	274
2. North Carolina (121 117 11)	244
3. North Carolina State (117 21)	210
4. Notre Dame (118 31)	192
5. Maryland (115 41)	182
6. Marquette (118 11)	172
7. Pittsburgh (115 21)	162
8. Indiana (112 31)	152
9. Long Beach (118 31)	142
10. Southern California (118 31)	132
11. Providence (118 31)	122
12. Southern California (118 31)	112
13. Kansas (115 31)	102
14. Louisville (118 31)	92
15. Louisville (118 31)	82
16. Creighton (118 21)	72
17. Utah (117 11)	62
18. Purdue (114 11)	52

The Jays, who led 47-24 at halftime, also dominated the boards, getting 61 rebounds to 22 for St. John's.

Gene Harrison paced Creighton with 16 points, all in the first half. Doug Brooks followed with 15.

McAdoo maintains point lead

NEW YORK (UPI) — Buffalo's Bob McAdoo has maintained his scoring lead in the National Basketball Association.

McAdoo holds almost a three point average (29.4 to 27.9) lead over Atlanta's Pete Maravich, who missed two games last week because of a suspension. Maravich's backcourt mate Lou Hudson was fourth, behind Kareem Abdul-Jabbar.

NEW YORK (UPI) — The top 10 scoring leaders in the National Basketball Association.

Name	Team	PPG
McAdoo, Buff	Buffalo	29.4
Maravich, Atl	Atlanta	27.9
Abdul-Jabbar, Mil	Milwaukee	27.4
Hudson, Atl	Atlanta	25.4

Byers sees no Olympic change

KANSAS CITY, Mo. (UPI) — Walter Byers, executive director of the National Collegiate Athletic Association, was not particularly concerned by International Olympic Committee President Lord Killanin's promise not to allow athletes who are professionals in one sport and amateurs in another to compete in the Olympics.

"The decision of the IOC does not represent a major difference," Byers said in a released statement. "A professional athlete previously was ineligible for Olympic competition and he apparently still is."

"The only new circumstance is that, under certain conditions, he may be eligible for intercollegiate athletics as an

NCAA member."

A new NCAA rule allows a professional in one sport to still participate on an amateur level in another.

However, in the past, the IOC definition of amateurism banned anyone who had even competed against professional athletes from the Olympics.

This is the gray area which could cause problems.

If this remains the case, for example, does a professional football player who runs track for his college cause those who compete in the same meet with him to lose their "amateur" status?

It has not been spelled out yet by the IOC.

Secretariat flunks test on fertility

LOS ANGELES (UPI) — Triple Crown winner Secretariat has technically failed to pass his fertility test, but so far it has not bothered Mrs. Helen (Penny) Tweedy, Secretariat's owner or the syndicate members who paid \$6.88 million for breeding rights, nor is it expected to affect his breeding career.

"Under terms of our agreement with the insurance company and the syndicate members, Secretariat technically has failed to pass his test and there is no way we can hide that," Mrs. Tweedy said Monday.

"Veterinarians set guidelines and certain characteristics of the horse's sperm must not fall below or

above certain levels. Secretariat and Riva Ridge cannot meet these guidelines because the number of immature sperm is higher than acceptable."

"A March 1 deadline was set for the panel of veterinarians to certify as to his fertility. But because the breeding season is upon us and they cannot certify as to the fertility of both horses at this time, technically Secretariat and Riva Ridge have failed to pass the test."

"I do not know why such narrow restrictions were written into the agreements. That is a question for lawyers to answer. But I do know that breeding plans will go along as anticipated. Several syndicate members have mares—and I have three myself—that will be bred to Secretariat as soon as the mares are in season."

"As far as the syndicate members are concerned they can get out of the agreement right now and get their deposits back. Some of them may do so and we may have a change in the syndicate by the time the season is over."

Monzon thinks of retirement

BUENOS AIRES (UPI) — Carlos Monzon, world middleweight champion, arrived home Monday and told reporters, "I believe this has been my last fight."

Monzon was returning from Paris where he retained his title in a fight with Cuban-Mexican Jose "Mantecilla" Nappoles.

"I believe this has been my last fight. I want in the future to dedicate the time I spent training to my family and business," Monzon said.

He wavered when asked if he wouldn't consider accepting a challenge from Colombian Rodrigo Valdes or Australian Tony Mundine. "I don't know, I'd have to think about it," he said.

Boxing sources said Monzon had an offer of \$350,000 dollars if he chose to fight Mundine.

Vandy avenges loss to LSU

NASHVILLE, Tenn. (UPI) — Fifth-ranked Vanderbilt avenged its only loss of the season Monday night with a 91-88 victory over the Louisiana State Tigers.

The Commodores, now 19-1 in the season, had their troubles with the gritty Tigers and never put the game out of LSU's reach.

LSU forward Glenn Hansen was mainly responsible for the closeness of the game. Hansen tossed in 35 points to take game scoring honors.

Tiger guard Eddie Palubinskas added 27 points for LSU, now 11-9 on the season, and connected on 13 of 16 shots from the field.

After it was all over it was Vanderbilt's balanced attack that had provided the winning margin.

Michigan tips Northwestern

ANN ARBOR, Mich. (UPI) — Junior forward Campy Russell hit a basket with 2:18 left in the game Monday night to assure 15th-ranked Michigan a 50-48 victory over Northwestern, keeping the Wolverines in at least a tie for the Big Ten lead.

The victory lifted Michigan's record to 8-1 in the league and 16-3 overall.

The basket by the 6-foot-8 Russell, who finished with 13 points, gave Michigan a 49-44 lead. Northwestern rallied to within 49-48 with two baskets, but with 41 seconds remaining, the Wildcat's Brian Ashbaugh missed a free throw and Michigan got the rebound.

Steve Grote of Michigan hit the second of two free throws with 14 seconds remaining to give his team a two-point lead again. Northwestern had one more scoring chance, but Bob Hildebrand missed two free throws with three seconds remaining.

Billy McKinney led Northwestern with 14 points.

Iowa stuns Purdue in three overtimes

IOWA CITY, Iowa (UPI) — Nate Washington tipped in a basket with less than a minute remaining in a third overtime session Monday night to give Iowa a 112-111 upset victory over Purdue and knock the Boilermakers out of first place in the Big Ten race.

The defeat left Purdue at 7-2 in the conference, a game behind league-leading Michigan and half a game behind Indiana and Michigan State. Iowa, 2-6, ended an eight-game losing streak with its dramatic victory.

The Hawkeyes, paced by senior center Jim Collins' 22-point performance, led most of the game, only to see Purdue's Frank Kendrick send the contest into overtime with a last-second tip-in that knotted the score 81-81.

Then Iowa's Scott Thompson hit a jump shot from the corner at the close of the first overtime, and the Hawkeyes, without Collins who fouled out with 3:18 left in the first extra session, sent the game into a second overtime deadlocked 92-92.

Purdue's Jerry Nichols sent the contest into a third overtime with a 15-foot jump shot that knotted the score 101-101.

Iowa rallied to a 110-107 lead in the third overtime on a three-point play by Larry Parker and two free throws by Washington. Purdue came back on jump shots by Dick Sattler and Robin McCarr-

ter, but Washington won it with his tip-in after the Hawkeyes took a shot and then missed two tip-in attempts.

Purdue had one last shot at the basket, with three seconds left, but the shot fell short.

Purdue's 6-foot-11 John Garrett led all scorers with 36 points. Kendrick scored 24 for the 20th-ranked Boilermakers and reserve guard Satterfield added 17, including 14 in the overtimes.

Gophers drop

Illini 80-61

MINNEAPOLIS, Minn. (UPI) — Minnesota, paced by 23 points from Dennis Shaffer, defeated Illinois 80-61 in a Big Ten basketball game Monday night.

The Gophers, now 4-3 and in sixth place, never trailed and placed four players in double figures.

Illinois, which has won only one of eight conference games, trailed 35-28 at halftime.

Illinois switched briefly to a zone defense at the start of the second half and quickly fell further behind on the outside shooting of Shaffer and Phil Saunders.

FORECAST FOR WEDNESDAY, FEBRUARY 13, 1974

GENERAL TENDENCIES: Morning favors developing a new course of action whereby you can impress those vital to your success. Later you find lack of support from officials which causes you to postpone putting such desirable plans in action.

ARIES (Mar 21 to Apr 19) Accept assistance of friends in a m. but defer their delay 'G' after that personal aim in p.m. Use the direct approach.

TAURUS (Apr 20 to May 20) Get your actual work done early since later your associates are very demanding, but to a good purpose. Don't lose temper with male tonight.

GEMINI (May 21 to June 21) A fine idea should be studied carefully first, then put to work in p.m. A pleasing letter arrives. Show care with opposite sex.

MOON CHILDREN (June 22 to July 21) Take time to please loved one in a m., but be careful a bigwig does not cut off backing on grounds you are indolent.

LEO (July 22 to Aug 21) Handle that family affair early and well since further procrastination could bring about dire results—be helpful—work quietly.

VIRGO (Aug 22 to Sep 22) Take care of important matters early, then compliment others and gain their favors. Reach better understanding with co-workers for efficiency.

LIBRA (Sep 23 to Oct 22) Monetary affairs can meet with big success in a m., but take it easy after lunch or you could lose a good deal. Follow expert advice.

SCORPIO (Oct 23 to Nov 21) Get busy early at whatever means the most to you and be kind toward allies for best results. Be well groomed for greater self-confidence.

SAGITTARIUS (Nov 22 to Dec 21) Plan early how to gain aims, but act forcefully later. Assist those who are having tough sledding. Be on time.

CAPRICORN (Dec 22 to Jan 20) A fascinating friend can give you fine ideas and suggestions, but don't act on them just yet. Avoid group meetings, others are cozy.

AQUARIUS (Jan 21 to Feb 19) Good day for some career changes, but don't try to lord it over others or you get nowhere. Take no chances with reputation.

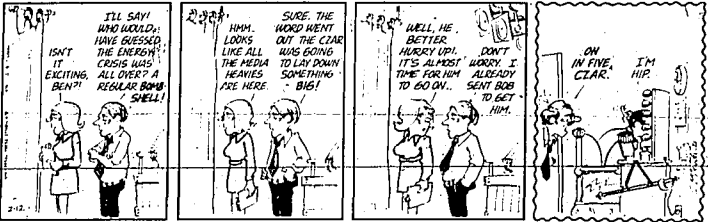

PISCES (Feb 20 to Mar 20) You can be highly inspired in a.m. and can make changes that are necessary, or put ideas away, but take care of first lunch.

IF YOUR CHILD IS BORN TODAY... he or she will have much ability at educational work early in life and should have the advantage of a college education, so prepare for it now. Your child is likely to choose trouble-making vocations that require the ability to solve all kinds of problems intelligently. The physique is fine here and sports are a must. The religious fervor is great.

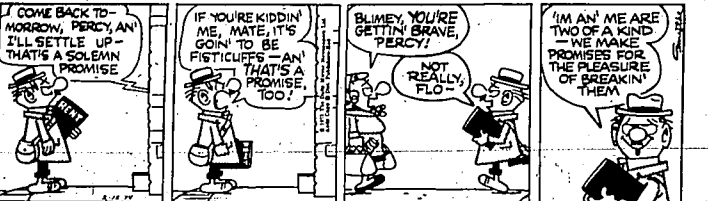

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

What's What

L. M. Boyd

Mister, has it ever occurred to you to let your wife negotiate your salary? If not, why not? That renowned columnist of yesterday O. O. Melnyre did that. Largely, because he chose not to get into a high-pressure hassle with his syndicators. The great Albert Einstein did likewise. When he went to work for Princeton. However, Melnyre personally asked the final deal, Einstein didn't even bother to ask what his income was.

Heart of an infant at birth weighs less than a shot of whiskey. Your upcoming Federal tax bill, if average, is expected to be \$101 higher than last year's. Average sales now of a new book of poetry run about 2,000 copies. One out of every four men and boys nationwide is named either George, Charles, James, William or John. Never was a society in which the women drank as much liquor as the men.

ABOUT SEX
"Generally speaking, which know more about sex, men or women?"

"A Women O; so the scholars now conclude from their surveys. Said surveys also indicate women's penmanship is better, too. Merely mention his additional detail to de-emphasize the sex thing. Much too much glib talk these days about ee-ee-er.

Nor should any Afro-American forget that the first clock made entirely in America was put together, by a 30-year-old black, named Benjamin Bancker. He'd never before seen a clock, incidentally. Yet history records the instrument ran smoothly, striking all the hours, for 20 years after he first set it ticking in 1754!

TALK'S CAR
What kind of car does Peter Falk drive in "Columbo"? That's what I asked Replies one client. "A French Peugeot 403 convertible, circa 1960-62." Replies another. "A German import of the 195's called a Borgward." Who's right?

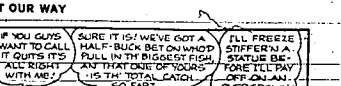

That word "measles," originally meant "witch"... Daney World employs a crew of female plumbers. Loaded dice were found in the ruins of Pompeii. Catalina used to be spelled Catalona... The gulls has one more part of ribe than rib.

Start with the fact that these numerous people are normal both physically and biologically. And yet, they like to dress-up in the costumes of the opposite sex. Which outnumber which among the folk with this kink, the men or the women? So inquires a subscriber. The men; by far.

Last year in Egypt, twice as many couples were divorced as were married - 700,000 to 325,000. How long can that go on there?

Cattle mixed, feeders off

NEW YORK (UPI)—Stock prices opened lower on the New York Stock Exchange Tuesday. Trading was moderate.

The Dow Jones industrial average had dropped 0.47 to 803.43 minutes after the opening. Declines were nearly two-one-half ahead of advances among the 425 issues traded.

On Monday, stocks fell sharply in light trading amid mounting concern over inflation and the persistent Arab oil embargo. The Dow fell 16.50 to a two-month low of 820.90.

Oil issues, in particular, have suffered lately from reports of a company nationalization moves by Libya and Saudi Arabia. Late Monday, Libya said it is completely nationalizing three companies owned by Texas, California Standard and Phillips Petroleum. And in reports carried Tuesday by the Christian Science Monitor, Saudi Arabia sources said it is ready to nationalize completely the Arabian American Oil Company (Aramco), the largest oil producing concern. Included in that consortium is Texas, California Standard, Mobil and Exxon.

WE WANT YOUR BUSINESS!!

22nd Annual APPRECIATION DAYS SALE!!

We take this opportunity to express our appreciation for your fine support of Theisen Motors and the Lincoln-Mercury line this year and in the past. Mercury is again the Most Loved Car in Magic Valley. We feel this is due to your acceptance of our particular brand of service, skill and cars with which we do business here. We will continue to serve you, not only in the obvious manner which you have come to expect of Theisen Motors, but with little extra thoughtful hospitality. We put ourselves in our customers shoes. Come in and let us prove it to you.

Sincerely,
John Theisen

1974 MERCURY TOWN COUPE OR 1974 MERCURY TOWN CAR

You'll like this marvelous automobile from the start. This small version of the incomparable Lincoln-Continental Town Coupe and Town Car is built with the same precision and guage steel as the Continental. Of course this beauty has all the equipment to make driving a pleasure, built on a 110 inch wheelbase, turns on a dime and leaves nine cents showing, has lots of pep and still provides excellent gas mileage.

DELIVERED ANYWHERE IN MAGIC VALLEY ... **\$266 DOWN \$776 MONTH**
