### Church swats oil 'partners'

WASHINGTON (UPI) — Sen. Frank Church, D-Idaho, Saturday accused oil companies and oil-producing nations they deal with of forming a partnership to reap excess profits. Church said a look at the increase in oil company profits during the first quarter of 1974 is proof that their interests "are running parallel with those of the cartel of oil producing countries."

### Eagleton sets Senate bid

ST. LOUIS, Mo. (UPI) — Sen. Thomas P. Eagleton, D-Mo., announced his candidacy for re-election Friday. Eagleton, 44, was for a time the 1972 Democratic vice presidential nominee. He challenged his probable opponent for the Senate, former Rep. Thomas B. Curtis, to a series-of-three broadcast debates. He defeated Curtis in a 1968 Senate race.

### Over 100 feared dead in crash

MOSCOW (UPI) — An Aeroflot Illyushin-18 airliner crashed in flames shortly after takeoff from Leningrad airport Saturday and more than 100 persons were feared dead. Western travelers arriving in Moscow from Leningrad were escorted an airport hostess said saying more than 100 persons were feared dead in the mishap, the eighth known crash of a Soviet airliner in the past 18 months.

### US losing ground, Zumwalt says

NEW ORLEANS (UPI) — Adm. Elmo R. Zumwalt Jr., chief of American naval operations, warned Saturday the United States is losing ground in its fight to maintain military parity with the Soviet Union. Zumwalt, in an address to the Louisiana Press Association convention, pointed to declining military spending by Congress and a Soviet naval and merchant buildup as evidence of the continuing arms race. He said the present U.S. naval strength, at its fighting ships was at its lowest point since 1939 and he called the American merchant marine "obsolete, with most of its ships 30 years or more old." He added that the U.S. defense budget is the smallest since 1950.

### Reagan returns to triumph scene

DES MOINES, Iowa (UPI) — California Gov. Ronald Reagan returned to the scene of one of his first national appearances as a sports caster in the 1930s Saturday. Reagan was welcomed to the Drake Hotel and served as parade marshal. He covered the relay for radio during the 1936 and broadcast them nationally in 1957, sharing air time with Bill Stern at the Penn Relays.

### 'Sunshine' initiative endorsed

LEWISTON, Idaho (UPI) — Idaho's League of Women Voters pledged support Saturday to an initiative requiring candidate disclosure of campaign financing and expenses as well as lobbyist registration. The support was given at the conclusion of the league's 12th biennial session here. League President Marj Slotten, Twin Falls, said petitions would soon be available through local sunshine initiative committees in various communities of the state. An effort is under way to obtain 24,500 signatures to put the so-called "sunshine" initiative on the November general election ballot.

### Cambodians lose key town

PHNOM PENH (UPI) — Cambodian government troops abandoned the town of Sala Lek Pram on Saturday, military sources said, giving Communist forces their second provincial capital and threat to Phnom Penh in the past month. Sala Lek Pram, 26 miles north-west of the national capital, fell after a 48-hour Communist assault.

### Protest season

WARM, SUNNY spring weather in Washington, D.C. Saturday brought a march of about 4,500 persons demanding speedy removal of President Nixon. This group was part of the National Campaign to Impeach

### Big oil blasted

DETROIT (UPI) — Sen. Henry Jackson Saturday charged the "Nixon administration with fostering a 'simple profiteering' by the major oil producers. Oil production, total sales, are down and profits are at the level of Mt. Everest," Jackson said in a news conference preceding the annual Michigan-Jefferson-Jackson Day Democratic dinner. "You don't have to be very smart to see that's simple profiteering," Jackson said. The Washington Democrat said administration practices have encouraged "unconscionable profits."

### Blaine road plan in works

By HART QUENNELI, Times-News writer. HAILEY — After opposing highway department proposals, Blaine County may offer its own two-lane route through the valley. Highway hearings here prompted local residents to speak against four-lane highway construction. The highway department has said a plan for the acquisition of four-lane right-of-way has to be accomplished before federal funding is allowed to build just two lanes. David Whay, former administrator of the Blaine County Planning and Zoning Committee, has presented a plan which would essentially use the present highway as an access road. A new two-lane roadway would then be built along the west side of the present roadway until it got to Cold Springs road.

### AF Dam group seeking water standard change

BURLEY — A change is being sought in oxygen content requirements for water leaving the rebuilt American Falls Dam. The Committee of Eight of the American Falls Water Users has filed a petition with the Department of Environmental and Community Services seeking a change, which, depending on whether or not it is granted, could be a key factor in proceeding with plans for reconstruction of the dam. The water users are asking that standards be amended to require only a minimum of 5 parts of dissolved oxygen for each million parts of water from the dam down the Snake River to Lake Walcott. The petition was approved by the committee here Friday. Current standards call for 90 percent saturation of oxygen in the water from the dam to the backwaters of Lake Walcott or six parts

### Nevada man's body located

RENO (UPI) — The body of Bert Holbrook, 70, Wells, Nev., missing in the Shoshone Basin area since Feb. 20, was found Saturday afternoon. Twin Falls County sheriff's officers said a party of horseback riders searching the area found the body about 4 p.m., three miles east of Florence, near the Shoshone Basin Road. County Coroner Cloroy Edwards said the man apparently died of exposure, probably in a snow storm which occurred shortly after he was last seen near his car which was abandoned 10 miles east of Florence. Edwards said the man had apparently walked about six miles toward Rogerson from the car. He said the body was only about 400 yards from the Shoshone Basin road but was over a slight hill so as to be missed during earlier searches in the area. He said a young man in a group of relatives and family friends found the body. Sheriff's officers said there were 18 Nevada riders, two Twin Falls men and two deputy sheriffs searching and in the area at the time. Mr. Holbrook came to Twin Falls in February on a busy buying trip. He was last seen by a rancher, who said he saw the car beside the road and a man, apparently Mr. Holbrook, a short distance away. Since that time searches have been made by snowmobile and horseback parties. Last week the family offered a \$1,000 reward for Mr. Holbrook. The body was taken to Reynolds Funeral Chapel. Funeral services and burial will be in Wells.

### Jury still trying

NEW YORK (UPI) — The jury in the criminal case which led to the Nixon pardon case officers carefully reviewed conflicting testimony Saturday, then concluded a total of 23 hours of deliberations without reaching a verdict. The jury of nine men and three women started their second full day of deliberations at 7:55 p.m. The panel will resume at 10 a.m. Sunday. Most of their efforts Saturday were spent reviewing the conflicting testimony of defense and prosecution witnesses. Harry L. Sears, a prominent New Jersey Republican and one time fund raiser for Nixon, testified he conferred with Mitchell in late December, 1972, about a subpoena that was to be issued against Sears' boss, Robert L. Vesco. The jurors requested a rereading of Sears' testimony that he had discussed with Mitchell the issuance of a subpoena for the International Chamber of Commerce before the Securities and Exchange Commission. Mitchell, former attorney general, and Maurice H. Stans, former commerce secretary, are accused of impeding a major SEC fraud investigation of Vesco in exchange for Vesco's secret \$200,000 cash contribution to President Nixon's 1972 reelection campaign. The jury also had asked for rereadings of Federal Judge Lee P. Gagliardi's instructions on credibility.

### Hailey development starts

HAILEY — Construction has begun on Woodside, a 640-acre McCulloch properties housing project south of Hailey. Construction crews are hauling suitable fill to the tennis complex area, covering a clay base which is undesirable for building. In addition, a Ketchum contractor is framing the first single unit house on a speculative basis. Horace Self, project manager, said Woodside officials said JUB Engineers are going over final plans for the power plant which will be at the southern end of the project. From Cold Springs into Ketchum the present highway right-of-way would serve as the major roadway. (Continued on p. 2)

### Acid tank leak fixed

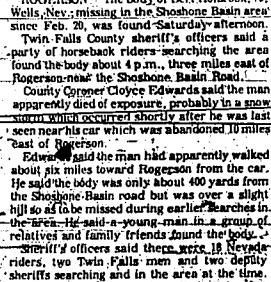

WORKMEN wearing gas masks inside a relief valve on the side of a chemical tank in Chicago which was leaking. The acid mist which resulted caused evacuation of some 16,000 persons in the south part of Chicago Friday and Saturday. Repairs were expected to be completed late Saturday. (Story, p. 6) (UPI)

## Heights battles bloody

By United Press International. In the bloodiest fighting since the October-Middle East War, Syrian gunners Saturday poured artillery shells onto a group of Israeli soldiers in the Golan Heights and an Israeli helicopter crashed while trying to rescue them. Artillery and tank clashes erupted along the entire length of the volatile Golan Heights cease-fire lines on the eve of Secretary of State Henry A. Kissinger's sixth diplomatic shuttle to the Middle East. The Israeli military command said 14 soldiers were killed in all, eight in the shelling and six in the helicopter crash. Another seven were wounded in the shelling attack, it said. The crash, the second in eight days, killed the pilot and an medical team. The command said the shelling was accidental. Israeli television said the soldiers killed in the shelling were in armored personnel carriers. The Israeli command also said an Israeli unit patrolling northeast of strategic Mt. Hermon killed two Syrian soldiers in a brief firefight. It said the Israeli unit suffered no casualties. Syrian communiques reported artillery and tank battles throughout Saturday around Mt. Hermon and along the Golan frontiers. The 47th consecutive day of fighting on the heavily contested heights. A Syrian communique broadcast at 9:15 p.m. (3:15 p.m. EDT) said fighting ended on the Golan Heights at 5:45 p.m., but was still continuing on Mt. Hermon. "Our artillery continues to bombard enemy positions on Mount Hermon with heavy and concentrated fire," the communique said. It said Syrian gunners scored direct hits on two Israeli tanks and armored vehicle convoys and "thick billows of black smoke were seen rising from them." The Syrian radio silenced Israeli fire in various parts of the front and scored direct hits on several Israeli positions and artillery emplacements, the communique said. Earlier, the last all-national radio-quiet field officers say the intensity of fighting on the Golan slopes had dropped off from the previous week.

# Henry off to Mideast again

(T.N.Y. Times Service) WASHINGTON — Secretary of State Henry A. Kissinger leaves today on another Middle East trip with the goal of persuading Israel and Syria to make the necessary compromises to bring about an agreement to separate their forces on the Golan Heights. Some diplomats here and in the Middle East believe the basic outline for the disengagement accord has already been reached in secret by Kissinger. But Kissinger and his top aides have insisted all week that they were uncertain about the mood in both Jerusalem and Damascus, and had no firm indication that an agreement could be reached on his trip.

Kissinger begins his journey, which could last more than two weeks — with meetings in Geneva tonight and Monday and Soviet foreign Minister Andrei A. Gromyko. The two sides agreed to the sessions as a way of giving the Russians more public involvement in the negotiations.

But a top Kissinger aide said

he brought about a troop separation on the Suez front.

The issues between Syria and Israel have been complicated, however, by a number of factors, including the uncertain political situation in both countries and the question as to whether Syria is able to make concessions to the other.

Kissinger was reported particularly concerned that Syria's President, Hafez Assad, would be under such pressure from more radical members of the ruling Baath Party that he would not be able to moderate Syria's demands for the immediate return of major portions of the Golan Heights, as part of a phased withdrawal of Israeli forces from all occupied Arab territories.

He said both Scotland Yard and Interpol, the international police organization, had been asked to cooperate in the recovery of the 18 Old Masters stolen at a museum Friday night from the home of British diamond millionaire Sir Alfred Beit.

Among the stolen paintings were three by Rubens, a Goya and another one each by Goya, Hals and Vermeer.

One painting, "Goya's Woman in a Mantilla," is considered priceless and another Vermeer's "Lady writing a letter, with her maid," is valued at \$7.2 million, police

## Police hunt art thieves

BLESSINGTON, Ireland (UPI) — Police set up roadblocks, sealed off air, sea and road links out of the country and called in international assistance today in a search for an armed gang and the record \$20 million worth of paintings they stole Friday in the biggest art robbery in recorded history.

A police spokesman said vehicles were being checked throughout the Irish Republic and at the border with Northern Ireland. He said special units had been dispatched to inspect air and seaports.

## Valley Obituaries

**R. McPherson** — S-Sgt. Robert Bruce McPherson, 22, former Jerome resident, died Tuesday after a long illness.

Born Jan. 21, 1952, in Portland, Ore., he came to Jerome in 1964 and attended Jerome schools.

He joined the US Marine Corps in 1969, serving in Okinawa and in Vietnam and was stationed at Ft. Totten Marine Air Base, Calif., at the time of his death.

He married Laurel Dixon on Sept. 3, 1971, in Jerome.

Survivors are his wife, Jerome; his father, William E. McPherson; his mother, Mrs. Della N. Culvert; Jerome; one brother, Bill McPherson, Twin Falls, and two half-brothers, Nick and Mark Culvert, both Jerome.

Services are pending and will be announced by Holy Trinity Episcopal Chapel.

**Edward Tripp** — Glenn S. Perry, 62, of 2011 Adams St., died Friday at the Mountain Home hospital.

Services will be in Holyover, Mich.

**Funeral Services** — TWIN FALLS — Graveside funeral services for Mrs. Thelma Jean Greenhough will be 7:45 p.m. Tuesday at the Twin Falls Cemetery under the direction of White Mortuary.

L. J. ETTINGER

# Attorney announces candidacy for post

TWIN FALLS — L. J. Ettinger, Twin Falls attorney, has announced his candidacy for county prosecutor Saturday.

Ettinger, 36, has been a resident of the Magic-Valley for two years. He practiced law here for eight months prior to joining Morrison Knudsen Co. Boise, as assistant director of mining, a position he now holds.

Ettinger did not specify which ticket he would run on. He said he would select a ticket at the time he files for the office early in June.

His declaration followed by a week the announcement of the formation of a committee to select another prosecuting attorney to succeed Robert Galley, the present officeholder, Ray Crandal, Twin Falls accountant, disclosed the formation of that group, known as the Area Justice Committee.

If elected, one of my main goals will be to bring back the respect due the prosecutor's office, Ettinger said. In addition, he said he would seek better cooperation between the prosecutor's office and other attorneys. If elected, Ettinger said he would add a full-time deputy prosecutor and an investigator to the staff.

Ettinger said his plans call for establishing a bank trust account to handle campaign contributions with funds given by the public. He would be the account. He said a financial statement will be made periodically.

Ettinger, who came to Idaho from California, holds a master's degree in geology from the University of Arizona and a juris doctor degree from the University of California at Los Angeles. He and Mrs. Ettinger are the parents of three daughters.

## Egypt plot chief tells Libya link

CAIRO (UPI) — The leader of a group that allegedly planned to overthrow President Sadat has linked the plot to Libya leader Col. Muammar. Khadafi urged him to start a "people's revolution" in Egypt, the Middle East News Agency said Saturday.

The semi-official Egyptian news agency said Saleh Sarfay, the leader of the group understood from Khadafi at a meeting in Tripoli last June that Egypt's leader is "opposed to the Egyptian regime."

Sarfay, a Palestinian-born Arab carrying an Iraqi passport, said Khadafi told him that there were "plans to liquidate the Palestinian cause."

He quoted Khadafi as saying President Nixon and Soviet Communist party leader Leonid Brezhnev "concluded an agreement for dividing the Arab region between them."

## Peru slide dams river

LIMA, Peru (UPI) — A landslide in the central Andes collapsed and formed a natural dam across the swiftly flowing Mantillo river Saturday and authorities said an undetermined number of residents were missing.

A Lima radio station said the number of dead or missing might exceed 300.

The Peruvian Civil Protection authorities feared for the lives of about 150 workers who were along the river bank at the time of the landslide.

Civil defense officials, however, said no figure on the number of missing could be confirmed.

Civil defense teams evacuated 10 mountain-side villages upstream from the eight-mile-wide wreckage, which caused the waters of the river to rise rapidly.

Other Civil Defense officials and military engineers studied ways to open the river again.

## Valley Hospitals

**Cassia Memorial** — Mrs. David Beck and Joseph Green, both Burley, and Mrs. Michael Peterson, Heyburn. Dismissed.

**Magic Valley Memorial** — Mrs. Daniel Holton, and Mrs. Jesse Crawford, both Burley; Mrs. Val Anderson, Rupert, and Darrell Hartz, Malta.

JAMES L. KILPATRICK

# 'Right to reply' laws may weaken newspapers

WASHINGTON — Back in 1917 the Florida state legislature adopted a statute that became known, in time, as the Right to Reply Law. It is a fair assumption that the act was adopted during a fit of temper at the newspapers, a condition sometimes called "yellow journalism" since at least the *World* and *Times* Jefferson.

The act says that if a newspaper "assuming the personal character" of any candidate for public office, or "attacks his official records," such newspaper, "on request," shall immediately publish, free of cost, any reply he may make thereto, in as conspicuous a place and in the same kind of type as the matter that calls for such reply, provided such reply does not take up more space than the matter requested.

Florida's Right to Reply Law languished until September, 1972, when the Miami Herald ran a couple of editorials criticizing Pat Tornillo, a candidate in the Democratic

primary for the state legislature. Tornillo dusted off the 1917 law, prepared written replies to the two editorials, and demanded they be published. Under these circumstances with the law invoked, the Herald understandably refused. Tornillo then brought a court order to compel publication. The trial court found the act unconstitutional — the state attorney general would not even defend it — but the Florida Supreme Court reversed and upheld the law. The Herald appealed and the U.S. Supreme Court on April 11 heard arguments in the case.

Two or three points: Though the Herald did not run the two letters Tornillo submitted the Herald regularly had published Tornillo's letters in the past. Tornillo made no complaint of unfairness in the news columns. The Herald's sister paper, the evening News, endorsed Tornillo's candidacy.

So far as I know, virtually every professional association of newsmen and editors is praying that the Supreme Court will reverse and thus restore the trial court's original ruling. If the high court should affirm, we can foresee a flood of right to reply laws across the country. The effect, in our view, would be to chill editorial criticism of candidates and incumbents. A law that compels a newspaper to publish "any reply" strikes us as a flagrant abridgment of freedom of the press.

There is, of course, an opposing point of view. Among those urging affirmative is Nicholas Johnson, formerly a member of the Federal Communications Commission, now chairman of the National Citizens Committee for Broadcasting. Johnson's group argues that the FCC's "right to reply" regulation has not chilled radio give-and-take. Over the last three years the FCC has

imposed six fines (known as forfeitures) on radio stations for failure to accord air time promptly for replies to personal attacks. Considering the number of complaints, the number of fines is small.

The Tornillo case is the most important of a dozen cases before the Supreme Court having to do with freedom of speech and of the press. If the Florida act is upheld, incumbent officials and their newspapers eventually may hesitate to attack their "official records" because "no editor wants to be compelled to print any reply" a politician may provide.

Will the electorate be better informed? I doubt it. Would newspaper rights to reply make newspapers fairer? It is conceivable but such laws might make newspapers less robust instead.

# Calm needed in Hazelton

The time has come to end the bitter feud which has brought Hazelton city government to a standstill.

The hassie has pitted Jimmy Dryden against two city councilmen, Elsworth Hensley and Leonard Hamilton.

The struggle has bitterly divided the community, and has led to recall petitions being filed against the mayor and the two councilmen.

Caught in the middle, City Clerk Jackie Christopherson resigned. An attempt by Mayor Dryden to appoint a new clerk failed for lack of agreement by Hensley and Hamilton.

Without a clerk, there is no legal way to set the pending recall election for Mayor Dryden and Councilman Hensley. Under state law, the city clerk, after certifying the petitions, sets the recall election. Without a clerk there can't be an election called.

A recall election for Hamilton will be held May 3. Hamilton's election was set before the clerk resigned.

It is apparent the issue has split the Hazelton community deeply. Without some firm action there is little hope of reestablishing normalcy.

It appears the struggle is based more on lack of confidence and personal conflict among the city fathers than on major issues dividing their two camps.

If so, it would be better if the struggle is not permitted to tear apart the community and its government.

It is difficult to see any solution which might spare the city a political bloodbath.

A first step would be to reach some agreement on at least a temporary city clerk so that city government might continue to function. At the least, a clerk is needed for the few minutes required to certify recall petitions involving Dryden and Hensley, as the law requires.

Should the three key figures again fail to agree on a city clerk, it would mean that the political struggle has effectively halted the operations of city government.

Under that situation, which hopefully can be averted, it would be in the best interests of the city if all three — the mayor, and the two councilmen — were resigned for the good of the city.

City government then could rebuild from the bottom up, perhaps without the intense personal conflicts that have racked the existing regime.

If the current struggle is allowed to go on to its bitter end, the community of Hazelton may become a city permanently divided against itself.

# Indicted Reinecke's campaign tactics deceptive

WASHINGTON — J. Gov. Ed Reinecke of California, campaigning by inciting Republican faithful against special prosecutor Leon Jaworski, has carried on a calculated deception since mid-February.

Jaworski's prosecutors warned Reinecke on Feb. 11 that he would be indicted in the ITT scandal, long before the March 4 filing deadline for governor. Bill Reinecke, but the news, and entered the race for governor, outpacing the needed in California.

The Republican hard core — until now has gone for Ed Reinecke. Although under federal indictment for perjury, the state convinced Republicans Jaworski is conducting an anti-

EVANS & NOVAK

GOD "witch hunt." This week's Field poll still gives Reinecke a 46-percentage-point lead over his rival for the nomination, highly respected State Controller Joseph P. Primary once again, the combination of unprincipled politicians and gullible followers with a persecution complex

could prove lethal for the Republican Party. Reinecke was an obscure congressional Congressman in 1968 when Gov. Ronald Reagan selected him to be his lieutenant governor and his apparent. Although early polls showed Reinecke leading all other Republicans for governor in 1974, his future was clouded by Watergate. Did his political party in 1972 by filling a Senate committee, he had no discussion with then Atty. Gen. John Mitchell, an International Telephone and Telegraph Corp. led to finance the Republican national convention until after settlement of ITT anti-trust suits. He was indicted, prosecutors warned Reinecke, he should not run for governor for the party's sake.

By early 1974, Reinecke was pressing Jaworski to inform him whether he would be indicted or not. On Feb. 11, call came from Jaworski's men in Washington: He surely would be indicted.

Keeping that to himself, Reinecke went to Washington to supposedly ask Jaworski to either clear him or indict him. Although he had been warned Feb. 11 he would be indicted, Reinecke told a reporter in Washington Feb. 13: "I feel more optimistic than ever that the decision will be speedy and that I will be cleared."

On Feb. 13 in Washington, Reinecke and his lawyers met with the prosecutors to disguise them from seeking indictments. They failed. But Reinecke gave the impression he was unable to get advance word one way or the other.

Reinecke then sought a no-indictor test to establish his innocence before the deadline. Unable to get quick results, Reinecke filed for governor Feb. 26. Arrangements for a test, announced by Judge FBI in Sacramento March 4, had delay an indictment and allow the March 4 filing deadline to slip by.

Thus, it was scarcely the shock Reinecke pretended when the grand jury indicted him on the grand jury on April 5. The indictment results remain secret. Reinecke's declaration that it was inconclusive because he is "a very reactive person" has only raised doubts.

Efforts to finish Reinecke's trial before the June 4 primary may fail, particularly if Reinecke fails to switch the trial from Washington to California. With the case undetermined, it is conceivable Reinecke could sneak through to the nomination and certain defeat in November.

Reinecke may become governor while facing federal charges. Reinecke has joined Spino Agnew and the Nixon White House in a prosecution of seeking unfair political practices in federal politics. While casting further respect for the nation's system of justice, these tactics so far have brought only war to the Republican party.

# What you really wanted to know about wine

(c) New York Times Service  
NEW YORK — Many readers have urged me to divulge my wisdom about wine. I do so gladly for wine is a noble thing, much better than the writing and much kinder than the current events.

The most common wines the chubbies rejoice with "wobbly" and "beignolites" (no-jobbery). These are excellent wines for beginners because they are easy to pronounce. Neither should be drunk of course unless the label bears the words "appellation controlee" (meaning apples under control) and "mis en bouteille" which means "put in the bottle."

These phrases are put in grapes with the wine has been made from grapes with no apples mixed in, and sent to a good domain to acquire breeding, bouquet, good nose, smooth finish and skill at equalization.

Some labels will bear the words "mis en

bouteille dans nos caves," which means "bottled in our caves." This wine is made from fermented moss and must always be served at

RUSSELL BAKER

...ave temperature. It's the perfect complement to frogs on brochette.

In ordering wine at a restaurant, a knowledgeable waiter with the wine waiter helps establish one's appetite for a good humiliation at the outset; the best wine to order is chateaufort-du-pape, since it is relatively

easy to pronounce (sho-or-nuff-dew-pop). For value, the best buys are California and New York wines, but many uniform sophisticates view them with contempt because they can understand the labels. I have survived this problem with supply of empty French wine bottles and a funnel. Now my California cabernet always comes to the table as a premier cru. It is a wine that is a wine that I have struggled with the wine dealer to get California wine, and this brings us to the crucial subject: Getting wine at the wine shop.

There are in France huge underground cellars which make it difficult to find a banana skin, pandemonium, brown sugar and

broken shoe strings. Dried red and bottled, this is shipped to gullible American wine dealers, who sell it as "French country wine."

Check out the crates of a stinky wine shop. Being looking for amateurs who are always recognizably intimidated by their faces as they gaze at the price of German wine or wrestle with the distinction between a Cote de Beaune and a Cote de Noire and a Cote de Rhone (aside from Bona Bieretti).

When the merchant pushes offering his irresistible bargain to you, French country wine, tell him that you are a professional wine and a half-dressed French valet. It should remain on the shelves at a modest price, and will be made from grapes.

# A Thought

A thought for the day, British statesman Sir Winston Churchill said, "If we open a quarrel between the past and the present, we shall never have the future."

# Love blooms along Nile

(c) New York Times Service  
CAIRO — American secretaries of state have always had astonishing repercussions in Egyptian politics since the assassins' revolution took power in 1952.

A strong secretary, John Foster Dulles, frustrated the pro-American sympathies of Nasser himself.

A weak secretary, William Rogers, frustrated die, pro-American sympathies of Nasser's successor, Anwar El-Sadat. Sadat had never shown much liking for either Communism or the Soviet Union. Indeed, he had for two years been fascinated by the United States. One of the two great persons to influence his selection was Lloyd Douglas, the American writer. The other is the Caliph Omar, in succession to the Prophet, Mohammed.

When he succeeded Nasser, the present Egyptian president felt deceived by Rogers. He complained that over time the secretary promised "something Rogers never followed through.

It is astonishing how this situation cleared up after Kissinger began to play an active role in Middle East affairs above all when he took over as secretary of state. Sadat, who is essentially a patriot without profound ideological prejudices, was impressed.

Kissinger has had a major influence on Sadat himself, on the Arab-Israeli deadlock, and on the entire U.S.-Middle East position. To begin with, the Jewish German-born architect of U.S. policy provoked extraordinary friendship and admiration in the Arab world.

"You can trust Kissinger," he says. "He studies problems. He is loyal to American interests. And he is a strategist and a man of vision. He is a brilliant negotiator. He is flexible. He always sees the main point. He can

set his government to make decisions. And he carries out his promises.

Indeed, as far as Sadat is concerned, Kissinger confirms in him the conviction that while he must be to his advisers as Richard Nixon is to his advisers, American presidents.

The result of a gradual change in relationships between Washington and Cairo finally produced the expulsion of 1968. Some military technicians and instructors followed by last week's disclosure that Egypt will cease to rely on the U.S.S.R. for its modern arms.

SULZBERGER

That, in turn, could lead to a retribution — not disappearance — of serving facilities for Sovietian vessels in Egyptian ports and same day even to the dispatch of training groups from this country's military forces to America and of American instructors here.

The road to peace in the Middle East remains long, pitted with deadfalls and booby traps. Yet two things are already evident. The power balance in the Mediterranean shows signs of changing favorably for the United States. And a new love affair is beginning to blossom along the Nile valley.

Uncle Sam's battered ghost is now rising in the pump shape of Henry Kissinger. It's a good thing that — at Sadat's suggestion — Henry is bringing his new bride to see the Sphinx when he revisits Cairo.

"On heaven's sake, don't worry so much about disassociating yourself from the President. You're running for the school board!"

# Problems, successes mark US volunteer forces

BY DREW MIDDLETON  
(C) New York Times Service  
NEW YORK — The United States volunteer forces, nine months after the end of the draft, are in a period of transition marked by manifold problems and some encouraging successes.  
The long-term problem facing all the services, particularly the Army, is recruiting, not only finding enough men and women but also finding the right ones.  
Secretary of Defense James R. Schlesinger said in his annual report to Congress that "one young man in three of those qualified and available must volunteer for military service if we are to meet our goals."

compared with only four in that state at the end of 1972.  
The hard draft problem appears to be under control in all of the services. Racial problems still are serious in the Navy, but have declined in number and gravity in the Army, Air Force and Marine Corps.  
On the negative side:  
— The Army is 2.5 per cent short of its overall strength goal. Moreover, the shortfall is concentrated in the combat arms — the infantry, artillery and armor — which are 13.4 per cent under strength.  
— Educational levels in the new Army are considered lower than in the draft forces. But efforts to improve that situation are likely to meet recruiting, more difficult.  
All major officer recruiting programs, including the reserve officers training corps, are in trouble, and a shortage of lie, medical and legal officers is expected.  
Critics have always said — and continue to say — that the volunteer army will be too black, too expensive, militarily ineffective and politically unreliable.

The Secretary's statement was based on Pentagon estimates that of the approximately 24 million men who reach the age of 19 every year, the pool from which the services must enlist 350,000 will amount to only 1.3 million once those who do not meet physical and mental standards, or who remain in college are subtracted.

## Combat readiness major question; only true test is actual combat.

Interviews with senior officers and civilian officials in the Pentagon and with servicemen "on the spot" have revealed that the "rough balance sheet" of the volunteer program is:  
— The Navy and the Air Force, by the end of fiscal year 1974, will be close to authorized strength and the "air force" has so many weapons that through selection it is taking in the highest quality recruits in its history.  
— All 13 of the Army divisions will be essentially ready for combat this summer.

## First of three

The Army's strength on Dec. 31, 1973, was 782,000, or 20,000 below the required 802,000. Although in the last four months it has met 95 per cent of its recruiting objectives, the shortfall may be even greater this year, Secretary of the Army Howard H. Callaway said, because of the separation of the last large batch of draftees in fiscal year 1975.  
Concern over the Army's ability to make up some considerable less intense inside the military than out, however. The opinion among professionals appears to be that most black recruits will be officer and/or noncommissioned and the like, the question that matters most to officers is whether all of them together have affected its combat effectiveness and the suspicion that they have is widespread.  
More restrained critics argue that the present composition of the Army is such that it will not be able to handle the sophisticated weapons planned for it.  
Nonetheless, top defense officials report slow but steady progress toward efficiency. By the end of 1975, according to Callaway, less than a third of the army's 18 divisions could meet the stringent joint chiefs' staff readiness standards to permit labeling them ready for combat.  
By October, 1973, 10 divisions were rated as combat ready, and Gen. Creighton W. Abrams, chief of staff, believes all 17 will be essentially combat ready by this summer.  
The Army's 1974 budget, which is the same as the 1973 budget, is the perennial one with all military judgments; the only true test is combat.

A healthy enlistment rate is necessary for combat effectiveness. Last year, first-term enlistments and two-year enlistments fell short of the target by 10.5 per cent.  
Some professionals who have served both in the field and in the barracks staff fear, however, that the officer corps may have become too amenable to political directives, that the primary objective is to do the best with what they have and answer "can do" when their political overseers lay out new plans.  
In case of officer training programs are long-range and the effect of the volunteer army on the officer corps has not yet been worked out.

But critics realize it is not unassuming, they are producing all major recruiting programs including ROTC and the medical and legal branches.  
Male enrollment in ROTC for the current year is slightly more than 20,000. With normal attrition, the Army says, there will be barely enough graduates to meet requirements in the fiscal year 1976.  
Nonetheless, force reductions since 1968 have improved quality of the officer corps, in the view of some critics, by promoting the strongest officers and demoting only bad officers.

## Philosophy, solon's target

Editor, Times News  
In response to your editorial of April 20 entitled "Unsteadfast" let me say you have done well in analyzing my political viewpoints.  
You should have mentioned the fact that the attack on me was done by the legislators from the other area of the state, not the editor of your paper.

"I'm a philosophy that seems to prevail. The message that I get most often in visits with my constituents is that we must do something about inflation and excessive government spending and the growth of political power. This is my basic, though not my only, philosophy. I believe that the most effective way to solve these problems is through a balanced budget. I would like to see a 10 per cent increase in revenues in one year, with some substantial tax relief having been given. A but most taxpayers in our state still feel every cent of it. The trend is dangerous. I want to take this opportunity to thank you for your article, your message and for the reporting of the editorial referred to."

## Deal consequences hidden

Editor, Times News  
The great reality of economic life is that it is not a one-time event, but a continuous process. The price freeze was designed to help us as a nation, but the consequences of this freeze are hidden. President Nixon announced for his friends the Communists. This freezing operation will cost every American family over \$200 million in higher prices.  
In the first five months after the deal became known it cost \$1 billion in higher prices for bagged feed and pork cuts by \$2 billion, and raised the costs of poultry, eggs and dairy products by \$800 million.  
To pull off this outrage the President announced our money supply by \$200 million, and increased the federal government's debt by \$900 million in export subsidies, and \$20 million.

on shipping subsidies. All of this so you can subsidize rice in Mexico at 11 cents a pound.  
Now Mr. Nixon has allowed Moscow and Cuba to receive a number of billions of dollars each year for the price years for grain-related loans. Last August, Fed China loaned us grain credits for an additional 2.2 billion tons of wheat, 200,000 tons of corn, 500,000 tons of soybeans and 750,000 tons of cotton. The price of cotton has now tripled.  
Now that we're expecting to "sell" \$1 billion in agricultural commodities per year, we've quit calling them Red China, and it is no longer polite to ask about the \$4 billion China loan that we made for such things as winning the "game" land.  
It's time to put a stop to this madness and demand that Congress put the interests of the United States first. The whole Communist empire would collapse if the United States stopped subsidizing it.

# Justice Department hit hardest by Watergate

By NEA-Landmark News Service  
WASHINGTON, (LNS) — The Justice Department is hit hardest by the Watergate scandal as much as the Department of Justice.

Of the three prosecutors of William Saxbe, the recent attorney general, John Mitchell is on trial, Richard Kleindienst resigned under cloud and the third, Elliot Richardson, resigned rather than obey an order from the President.  
It proved impossible for the Justice Department to investigate thoroughly, or to be seen to investigate thoroughly, or to be seen to do so. Allegations of misconduct in the White House. Much of the conflict of loyalties arises from the traditional practice of Presidents appointing and firing their own cabinet members.

President Truman appointed Howard McGrath, President Eisenhower appointed Herbert Brownell, President Kennedy appointed Nicholas deB. Katzenbach and President Nixon appointed Mitchell.  
The latter was, of course, Nixon's campaign manager in 1968 and in part of the 1972 campaign and served as attorney general in the interim.  
Under the nominal supervision of the Justice Department is the Federal Bureau of Investigation, the director of which is appointed by the White House. J. Edgar Hoover was never anyone's man but his own, but his successor, Patrick Gray, went so far as to be seen to be turning Watergate evidence, under the defendants made of him by staff from the White House.

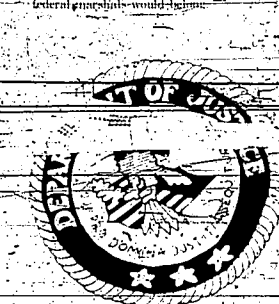

These are some of the problems on which Senator Sam Ervin, D-S.C., has been holding hearings before his Judiciary subcommittee on the separation of powers. Specifically, witnesses were asked their opinion of a Bill sponsored by Senator Ervin that would make the Justice Department virtually independent of the executive.  
Under the bill the attorney general would

continue to be appointed by the President and confirmed by the Senate. But he would serve a six-year term, unlike the President, whose term is four years, and be renewable only if he neglects his duty of officiousness in office.  
The Deputy attorney general and solicitor general would be appointed and serve under the same conditions. The attorney general would appoint his vice-assistant attorneys general, United States attorneys, and the director of the FBI, the latter to serve a four-year term.  
Saxbe contended at a press conference that he did not think that "the country is ready for this bill." And, except for one witness, who suggested that Congress look at the British practice of giving the Lord Chancellor the more political part of becoming the attorney general, his critics were largely right.

Most witnesses claimed that politics, in the sense of policy, was essential to the direction of the department, and that politics, in the sense of law and civil rights had to be in-line with election politics, and that a President Kennedy could not be expected to work with an attorney general like John Mitchell nor a President Nixon with a Ramsey Clark.  
Saxbe contended at a press conference that he did not think that "the country is ready for this bill." And, except for one witness, who suggested that Congress look at the British practice of giving the Lord Chancellor the more political part of becoming the attorney general, his critics were largely right.

At a lower level, however, a need was seen to give guidelines to shield the department from outside influences; suggestions included

extending the Hatch Act's ban on partisan political activity to civil servants, and all employees of the department, keeping a record of all outside commitments, and creating a department to reform that instituted by Richardson and continued by Saxbe, and creating a career legal service to which all United States attorneys, their assistants and federal judgeships would belong.

As additional food for thought for the committee, other actual or potential conflicts of interest were raised. For instance, the department has the power of recommendation for all federal judgeships, while at the same time it is the largest single inflator of judge salaries.  
Similarly, besides the power of prosecution, the department also has responsibility for the federal prison system and parole and pardons. From the 1970s to the 1970s, many witnesses suggested turning to this area jurisdiction.  
One answer to the problems that a scandal such as Watergate poses for the department might be to leave its basic structure intact, except for the creation of a new position, a special prosecutor's office. Such a process has already moved very far along this bill.  
Last autumn, after the firing of Archibald Cox, the first special Watergate prosecutor, some members of the Senate Judiciary Committee proposed a bill to give the special prosecutor congressional authority. But this attempt was shelved as Leszek Jakowicki, who was nominated by Nixon, failed to show the independence.

Senator Alan Cranston, D-Cal., was one of the men behind the attempt to give the special prosecutor a bill to set up an independent commission to study the need for, and feasibility of, a permanent special prosecutor's office. This bill was also considered in the recent Senate hearings and perhaps because it is only a proposal to set up a study to meet with the approval of the Ervin bill.  
The Cranston bill is probably the most important of the bills probably necessary for the department to be able to handle the scandal.  
— Economist of London

## Americans owed obligation

Editor, Times News  
I am sick and tired of the elected and appointed employees of the people of this country being used for monetary gain in the name of the public servants, supported by taxation, and that they are subsidized just as much as people of welfare are. The cumulative of the people are not there to give take or sell.  
I would like to see the people of this country to be able to do better for themselves. I would like to see the people of this country to be able to do better for themselves. I would like to see the people of this country to be able to do better for themselves.  
I would like to see the people of this country to be able to do better for themselves. I would like to see the people of this country to be able to do better for themselves. I would like to see the people of this country to be able to do better for themselves.  
I would like to see the people of this country to be able to do better for themselves. I would like to see the people of this country to be able to do better for themselves. I would like to see the people of this country to be able to do better for themselves.

to further the interests of the secretary of defense and to be able to do so in that manner.  
I am sick of all these demands and the things that are being done to the people of this country. I am sick of all these demands and the things that are being done to the people of this country. I am sick of all these demands and the things that are being done to the people of this country.  
I am sick of all these demands and the things that are being done to the people of this country. I am sick of all these demands and the things that are being done to the people of this country. I am sick of all these demands and the things that are being done to the people of this country.

# Chicago fumes drift out over lake

CHICAGO (UPI) — A cloud of caustic fumes caused by a leak at a chemical storage plant "blew up" and drifted over Lake Michigan Saturday while workers tried to seal the leak.

Police and officials of the Chicago Environmental Control Department said the situation was much better than Friday night when a concentration of the cloud, which contained hydrochloric acid, forced thousands from their homes.

Residents of Altgeld Gardens housing development were back home Saturday and police expected no further evacuations. The wind had shifted and the grayish-white cloud was drifting in a northeasterly direction over commercial and some residential areas toward the lake.

Area hospitals treated at least 49 persons who were affected by the fumes and 10 were held overnight. All were reported in good condition.

A chemist for the University of Illinois Medical School said

hydrochloric acid fumes could be fatal to children or persons with respiratory ailments. Another doctor was quoted Saturday as saying persons who breathed the fumes could expect headaches and symptoms a bad chest cold for three or four days.

## Nixon studies tape transcripts

CAMP DAVID, Md. (UPI) — President Nixon secluded himself Saturday to study what materials he will surrender to the House impeachment inquiry and weigh the possibility of going on nationwide television to explain his case.

President aides said an appearance on television Monday night was one of the options in a new public relations blitz designed to clear Nixon of all allegations of wrongdoing in the Watergate scandal.

The President must respond by 10 a.m. EDT Tuesday to a subpoena from the House Judiciary Committee for tapes and documents relating to 42 Presidential conversations. Aides said he had not yet made a "hard" decision on how much of the subpoenaed material he would surrender.

Coincidentally, Tuesday is the first anniversary of the Nixon's dramatic television address last April 30 in which he accepted responsibility for the illegal act allegedly committed by his aides and promised to "get to the bottom" of the Watergate scandal.

Nixon, who came to this mountain-top retreat Friday, was said to be reviewing the massive edited transcripts of the subpoenaed tapes. His aides have indicated he intends to give the transcripts to the committee, but none of the tapes.

There has been no indication how Nixon expects to convince the House Committee that the transcripts are accurate and authentic. Aides claim the

transcripts are accurate, but they have been "sanitized" to delete Nixon's profanity and character slurs, spoken in confidence.

It was learned that several White House aides, including appointments secretary Steve Bull, were shuttled to Camp David from Washington by helicopter Saturday afternoon. But officials refused to confirm.

A spokesman said Nixon conferred by telephone for 45 minutes with Secretary of State Henry Kissinger Saturday night and Sunday for another diplomatic effort in the Middle East.

Nixon's new public relations campaign, including three public appearances in the coming week, apparently began Friday when Presidential adviser Dean Rusk, a Republican member of the National Committee on the House with "compelling" and "persuasive" evidence of his innocence.

A close White House adviser said Rusk was "speaking directly" for the President when he predicted that the end of Watergate is in sight and warned Republicans they cannot dissociate themselves from Nixon's record.

Nixon will make speeches to the U.S. Chamber of Commerce in Washington Tuesday night and a group of Republican supporters in Phoenix, Ariz., Friday. He also will dedicate "Expo '74" in Spokane, Wash., Saturday, preempting his wife who originally was scheduled to be the guest of honor.

## Jaworski denies Sirica bias

(c) N. Y. Times Service — Washington — Special prosecutor Leon Jaworski strongly defended Judge John J. Sirica Friday against charges of bias and prejudice in the Watergate cover-up case.

He said Sirica could "fully protect" the defendants' constitutional rights to a fair trial in that case. He also said

that the contents of five of the defendants that Sirica had a "personal stake" in their convictions were "scurrilous accusations." Long said in his memorandum. In traditional legal fashion, he based his request not on a ringing contention that Sirica was

colson, Gordon Strachan and Kenneth Wells-Parkinson had failed to state sufficient grounds for "disqualification."

He also suggested that there "may be merit" in letting a judge other than Sirica decide the motions. He stated that the judge who is being asked to disqualify himself or herself, he also noted, though there are means through which a judge who is being challenged can refer the matter to another judge.

Sirica's secretary said there was no decision yet as to whether Sirica might refer the motions to the other judges.

## Water rule change asked

(Continued from p. 11)

About 200 water users met with the Committee of Eight earlier in the week and gave the committee a vote of confidence in its handling of the negotiations with environmental agencies and groups concerning the rebuilding of the dam.

A license for the project would be granted by the Federal Power Commission if environmental agencies including the Idaho Fish and Game Department, US Bureau of Sport Fisheries and Wildlife, and the Idaho Department of Environmental and Community Services objected to the project, according to Ling.

The Federal Power Commission approval is required for the construction of a new Idaho Power Co. generating plant, but the rebuilt dam. It would replace the existing plant and would have about three times the generating capacity.

Ling said the committee has not heard much comment from private environmentalist groups objecting to rebuilding. He said comments from a representative of the Idaho Wildlife Federation at a recent meeting in Boise regarding the

new dam showed that group to be generally uninformed about the project.

"The statements made by the group were usually erroneous," Ling said. "A recent article in the Idaho Statesman makes it sound like we are trying to waive the oxygen standards," Ling said.

This is not correct, he said, as the committee is trying to have the saturation requirement deleted for the project because of the high cost of achieving this standard, but that the water conforms to the 6 parts per million requirement, he said.

The standard will permit fish to live in the water, according to Ling, and would satisfy the objectives of environmentalists.

The cost of the project is expected to be \$28 to \$29 million with about \$1.3 million going to meet environmental standards. The cost will be shared by water users and Idaho Power Co. The utility has offered to pay up to \$19 million in bond-retirement costs, with the remaining money to be paid by water users. In return, Idaho Power would receive a 40 year contract for falling water

to generate power at a plant proposed for location downstream from the existing plant.

Rebuilding work may be not delayed by approving agencies. The project must still be approved by the Federal Power Commission and the Department of Interior.

A public hearing on the petition for oxygen standard variance will probably be held before June 15, according to Ling.

The Idaho Supreme Court will hear arguments May 19 in Boise regarding the constitutionality of procedures adopted by the water users in bonding and financing the dam project.

Officials of the water users organization hope to stay with the schedule calling for a bond election in August and letting construction contracts by November.

# No Africa war end likely soon

(c) N.Y. Times Service—LISBON—The military junta that took power after Thursday's coup made it clear Saturday it was not prepared to end the war in the African territories by granting them independence.

Gen. Antonio de Spinoza, the head of the junta, told a meeting of newspaper editors that "self-determination should not be confused with independence." The statement appeared to indicate the possibility of future conflict between the junta and leftist forces in metropolitan Portugal, but a open break may not come for some time.

Already Spinoza was showing signs of alarm at some of the activity of the left, which has been giving vent to feelings contained by almost a half-century of dictatorship. He warned that he might be obliged to use force to prevent anarchy in the country.

GEN. SPINOZA draws fine line

# Extortion charge filed

LOS ANGELES (UPI)—A trucking owner was arrested by the FBI Saturday on charges of attempting to extort \$100,000 from the Hearst family by claiming to know the whereabouts of Hearst's kidnapped daughter.

The FBI said Ralph Lee Jones, 42, of Van Nuys, was arrested after he attempted to pick up the money in a telephone booth in suburban Sherman Oaks.

Jones allegedly sent three letters to Hearst's Hillsborough mansion, claiming he was in contact with the 17-year-old daughter, and knew where Patricia Hearst was being held.

The letters, dated April 10, 14, and 24, said a plan would be furnished for Patricia's release and also threatened the lives of Hearst's other children, the FBI said.

William L. Sullivan, assistant director in charge of the Los Angeles division of the FBI, said the letters instructed that a courier be at a Sherman Oaks telephone booth at 5 a.m. Saturday morning with the \$100,000 in small bills.

The instructions were followed and Jones was arrested after an investigation, Sullivan said.

Jones, owner of Ralph's Truck Lines in Los Angeles, was charged with attempted extortion and was being held in the Metropole jail.

The FBI said the investigation did not disclose any link between the letters allegedly written by Jones and the kidnapping of Patricia.

Jones was to be arraigned Monday before a U.S. Magistrate and, if convicted, could be sentenced to prison for 20 years.

The alleged extortion plot against the Hearst family is the second such case in Los Angeles since the newspaper heiress was kidnaped more than two months ago.

On Feb. 16, Miles H. Marx, 41, an unemployed cab driver, and his wife, Shirley, 27, of Columbia, Mo., were arrested after allegedly trying to extort \$100,000 from Hearst.

They were booked on suspicion of extortion after allegedly making a series of telephone calls to the Hearst home, saying they were "gracious" abductors. The couple is currently awaiting trial.

First girl

APPOINTMENT to the newly arrived all-male U.S. Coast Guard Academy, Kings Point, N. Y., has been received by Teresa Koppin, 17, Pueblo, Colo., high school senior. "I'm very honored and very excited," she said. She reports for the first time in mid-July.

WASHINGTON (UPI)—Sen. Walter F. Mondale, D-Minn., charged Saturday that the U.S. Soviet strategic arms (SALT) talks in a "political football." He appealed for an end to partisanship on the subject.

In a tough statement that appeared in the Senate, Sen. Henry M. Jackson, D-Wash., the leading Senate critic of détente with the Soviet Union, Mondale said.

"I am distressed to find that SALT is becoming a political football. I support the concept of reducing strategic arms, and of achieving numerical equality in nuclear weapons."

Britain set off its first hydrogen bomb on May 15, 1952.

# SALT views draw blast

# Ford launches Nixon defense

(c) N.Y. Times Service—WASHINGTON—FALLS, Tex. Vice President Gerald R. Ford Saturday kicked off the Republican campaign to both defend and bolster President Nixon by asking the party faithful to stand firm and attacking the Democrats for "endless exploitation" of Watergate.

Hardly 24 hours after Dean Burch asked the Republican National Committee to reaffirm "loyalty for loyalty" to Nixon, the vice president on a political jolt in Texas and Oklahoma sought ground-roots support for the President.

# Socialist leads poll

PARIS (UPI)—The French presidential campaign moved into its final week Saturday and the latest opinion poll gave conservative candidate Valéry Giscard d'Estaing a narrow lead over ex-premier Jacques Chaban-Delmas, his Gaullist rival.

Socialist candidate Francois Mitterrand supported by the Communists, retained the front-runner with 42 per cent backing in the poll, published by the newspaper France Soir.

Giscard d'Estaing, the outgoing finance minister and a Gaullist ally, received a 31 per cent ranking—his highest yet—with Chaban-Delmas fading to 19 per cent—his lowest. Both men hope to win second place in the May 5 first-round vote and their defeat Mitterrand first- and second-round run-off May 19.

There were 626 battles, engagements and skirmishes in Mississippi during the Civil War.

Open Mondays and Fridays Until 9 P.M.

# With week left, Expo '74 work at fever pitch

**SPokane, Wash. (UPI)** — With only one week to go, work on the Expo '74 site has reached a fever pitch.

More than 100 carpenters, painters, plumbers and other craftsmen are scurrying around putting the final touches on the displays of the more than 50 exhibitors at the world environmental exposition which opens next Saturday.

Word from officials of the exposition is that 100 were site located on and around two islands in the middle of the Spokane River in the downtown area will be ready on schedule.

A gala grand opening is planned featuring President and Mrs. Richard Nixon, numerous dignitaries, balloons, bands, hang gliders and Indians in costumes starting at noon.

From then on the fair will run daily until Nov. 3 with exhibits running full blast from 10 a.m. until 10 p.m.

Expo officials estimate between 50,000 and 90,000 visitors will pass through the gates opening day and about 4.8 million will see the fair during its six-month run.

Officials say the bulk of the visitors will come from the west coast and from the Pacific Northwest but that some will travel across the nation to see the only major exposition sanctioned by the United States during this bicentennial decade.

A check with the airlines serving Spokane

showed it is approximately 950 miles to San Francisco, 1,500 miles to Chicago, 2,200 miles to New York and 2,500 miles to Miami from the site.

Jack Robertson, regional federal energy office director, says attempts are being made at present to insure an adequate supply of gasoline along the major routes to the exposition.

Once visitors arrive, they will be able to see exhibits from nine foreign countries plus the United States. The countries with exhibits include the Soviet Union, Japan, Canada, Australia, Germany, the Philippines, the Republic of China, Iran, and the Republic of Korea.

Major commercial exhibitors include Ford, General Motors, Boeing, Kodak, Northwest Orient Airlines, Burlington Northern Railroad, General Electric Co. and many others.

Theme of the exposition is "how man can live in harmony with his environment, and the exhibits cover different aspects of this idea."

How does a small city of about 170,000 in the inland empire of the Pacific Northwest go about setting a world's fair?

It all started very simply but then like Topsy, it just grew.

The idea for the exposition sprang from a decision by the Spokane County Historical Society in 1969 to celebrate the city's centennial year, which arbitrarily was set at 1974.

The society brought the idea to the Chamber of Commerce and shortly thereafter committees of local businessmen and officials began working on the celebration plans.

From this, George Reitemier, chamber manager, said, the idea of hosting a world exposition was born.

"However, it wasn't just saying let's have an exposition and that's that," Reitemier said. "There were many things to do before we could get to the bureau of international exhibitions in Paris for approval of the idea."

An Expo committee was formed and began the planning. Then the site was selected.

Since Spokane is a railroad hub for the Pacific Northwest, there were trucks running all over the city and several of them ran across Havermale Island, which was decided upon for the site.

A long series of negotiations began, which ended with the railroads donating a total of 13 acres of land for the island to the city for use in the exposition had to be drawn up and was presented by Expo president King F. Cole to the IBE of November of 1971.

The IBE, a 36 pilot group which authorizes all expenditures, bought the idea and the Expo was off and running.

Cole, perhaps more than any other individual, is responsible for the exposition.

He made several around-the-world trips

personally talking with governmental officials to get the foreign participation and has crisscrossed the nation many times rounding up the domestic participants.

Cole said the exposition has several advantages which have drawn exhibitors.

One of them is the site. Located on islands in the Spokane River right north of the city's business district with the water cascading down a series of rapids that gave the city its original name, Spokane Falls.

He said, "Every national and international exhibitor that has come to us has said the best exhibit you've got is the site itself."

He said another advantage is the compactness of the site.

"We're not pretending to be a major exposition," Cole said of the project which falls into the special category under the IBE rules which say all exhibitors must stay within a stated theme.

Cole said unlike other exhibitions have one major drawback, they are too big.

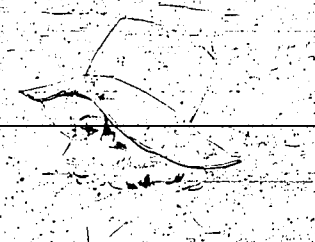

"You don't get a chance to see everything even if you stand in line and wait many days."

Cole said the average stay at an exposition is about two days and this is what Expo '74 is designed around.

"Every person who walks through the gates if they move along will be able to see every exhibit and every entertainment even in two days," he said.

## Spirits upset

**BENTLEYVILLE, Pa. (UPI)** — A tanker truck carrying 10,000 gallons of bourbon whisky upset on Interstate 70 near this southwestern Pennsylvania community Thursday, but little of the spirits was spilled.

State Police say the tanker overturned on the highway for more than 12 hours until another tanker arrived and picked up the cargo.

The driver of the upset truck, Daniel Brewster, 23, Bloomington, Ill., was treated for minor injuries.

## Gem women's unit backs career aid

**BOISE (UPI)** — The Idaho Commission on Women's programs concluded its opening session Saturday, passing a resolution designed to encourage career education in Idaho schools.

The resolution will be distributed to school board members throughout Idaho.

Helen V. Engstrand, Caldwell, chairman of the women's commission task force on career education.

In explaining the reason behind the bill, Ms. Engstrand said women should have the opportunity for the widest possible experiences in career education.

She said "women are not presently getting enough career education."

Phyllis Ann Miller, Pocatello, chairman of a task force on divorce laws, told fellow members of plans to investigate marriage

counseling and counselors in Idaho.

Changes in women's employment of divorced women, especially in the area of finances, will also be held by the task force.

Commission members voted to continue their efforts to eliminate sex-discrimination relating to credit. Group-backed legislation designed to provide equal granting of credit failed during the last legislative session, but members indicated they intend to try again with a slightly amended bill.

The commission went on record supporting proposed legislation to strengthen Idaho's sexual assault laws.

THE FOOD PEOPLE 'Who Care'

# Idaho agency ties called big revamp question

**BOISE (UPI)** — The implementation of executive reorganization plans while sliding into gear is working with such questions as who actually represents the governor's office.

Joe Welch, director of reorganization, told the Idaho Women's Commission Friday that getting straight the relationship of certain agencies to the governor's office is "the paramount question."

With the reorganization of

commissions and board under the governor's office, Welch said there will have to be clear definitions of who has the authority to make requests for services in the name of the governor.

Director Welch said there already has been an incident of misuse of such authority.

As far as internal operations, Welch said commissions and boards such as the women's commission still will have their statutory authority to make their own decisions.

The governor's office will be the first to undergo reorganization. Seven boards, commissions and funds will be incorporated under the office of the governor, including the women's commission.

He said the practical effect reorganization will have on the women's commission will be increasing the need for staffing. But, a technically written bill by the legislative fiscal office may limit the amount of help the governor's office could give the commission.

Secretarial work for the commission so far has been done by the staff in the state treasurer's office while Treasurer Marjorie Ruth Moon served as chairman.

Welch said the law allows appropriation of the \$8,000 for the commission for designated programs according to expense classes.

The governor's office are under review and Welch said there should be answers next week on how much help there will be available for the women's commission.

He assured the commission of the governor's commitment

that reorganization will take place in fact as well as in law. He also pointed out that in meetings with the department heads they also have committed themselves to cooperate with the reorganization project.

**Says he's lucky**

**CONVICTED** murderer James D. Manier nurses a pinhead with a broken wing back to health in his cell at the state prison in Canon City, Colo. Manier says he is lucky to be alive. He was sentenced to death in 1970 and served two months on death row before the US Supreme Court ruled the death penalty unconstitutional. (UPI)

## 'Zebra' hunt pressed

**SAN FRANCISCO (UPI)** — Police Chief Donald Scott said heavy street patrols in areas of Zebra incidents might force the killer or killers to stay inside.

Scott said Mayor Joseph Alioto pledged no letup in the massive Zebra manhunt despite a court ruling that the drug had unconstitutional rights of young blacks.

## New group enters minority hassle

**MOSCOW (UPI)** — The Native American Student Association at the University of Idaho got into the act Friday in the minority student problem on

the campus. The association issued a position paper saying the Idaho Indians should receive more consideration as far as minority

rights are concerned than should the blacks.

Working jobs outside the state under BIA "relocation" programs, the paper said

## Mansfield defends tax cut proposals

**WASHINGTON (UPI)** — Senate Majority Leader Mike Mansfield Saturday rejected claims that a tax cut would deflation.

Several senators proposed last week to cut federal taxes in order to ease the present economic bind on the public.

Turning to the state's 1970 census figures as University President Dr. Ernest W. Hartwig did Monday in his reply to a communique from the school's Black Student Union, the paper said the Indian population of Idaho is 94 per cent

of the black population of the state and as 06 per cent in northern Idaho, the paper said.

## LOSE A POUND A DAY AND MORE Vitamin E' Discovery Offers Fast Weight Loss

**HOLLYWOOD (Special)** — New scientific discoveries have produced a Vitamin E diet that quickly works wonder on overweight people and reportedly is gaining great popularity across the country with glowing reports of easy weight loss while still eating almost as much as you want.

The use of the new Vitamin E Diet Tablets and food preservatives plan will through natural action act to help your body use up excess fat. According to recent clinical tests, a person who is deficient in Vitamin E will double the speed of fat utilization within 10 days.

Those who follow the simple Vitamin E diet simply average a loss of at least a pound a day, even more without exercise. Starvation Nutritionists are bulging with happy testimonials from formerly overweight people who are now trim and slim.

For a copy of this highly successful diet and 10 Tablets, send \$9.00 for 10 day supply or \$7.00 for 20 day supply or \$10.00 for 30 day supply to Vita E, Dept. GY, 11556 Burbank, All North Hollywood, Cal 91601. Conditional money back guarantee if not satisfied.

Mansfield acknowledged that a bipartisan Senate effort to keep wage and price controls alive began their 10-day expiration dates in trouble.

These percentages are "unreasonably low" because many uncolored tribal members are out of state attending Bureau of Indian Affairs schools or are

On the basis of these figures and especially those for Northern Idaho, the association said the largest majority on the university campus should be native Americans.

"The odds are against us," he said in reference to an attempt to attach a rider to an appropriations bill on which the Senate will vote next week.

"Nobody seems to want something done, evidently, but the people

## Dinner theatre debut slated

**TWIN FALLS** — Dinner Theatre will make its debut in Twin Falls May 30.

The new concept in theater has been gaining in popularity in Chicago, other midwestern and eastern areas and in Denver where there are now three dinner theaters.

Magic Valley Little Theatre will introduce its new form of entertainment May 30 and 31 and June 1 in the new Blue Lakes Inn. Theater goers will have an opportunity to enjoy a buffet dinner followed by a musical revue.

Known as "Celebration '74" the program will feature a cast of singers and dancers performing such favorites as "Me and My Shadow," "Put on a Happy Face" and "Blues in the Night."

The event in which dinner and the theater become one will be held in the Shoshone Room of the Blue Lakes Inn. Members of the cast now working to prepare the special program include Gary Dylton, Art Franz, Karen Dalton, Helen Gee, Mark Golay, Jane Collins, Brad Hickerson, Jim LaGrone, Jean Hovey, Estley Nicholson, Buzz Langdon, Peggy Quesnell, Dianne Hickerson, Jim Latham.

Dianne Hickerson is director for the first Dinner Theatre. Offices of the Magic Valley Little Theatre, opened this week include Mrs. Liz Rorer, president; Mrs. R. L. Nicholson, secretary, and Sanford Dowd, business manager.

Theatrical historical experts say dinner theatre began by accident. About 15 years ago, a group of theatrical performers was preparing its production as a tent show in the parking lot of a restaurant in Chicago. High winds blew the tent down and the players moved into the basement of the restaurant.

Here the theater goers enjoyed the performance and partook of the restaurant's spirituality of the day. The practice was continued and since its success was greater than other theater events, it began to be adopted by other performer groups.

## No opposition

**TWIN FALLS** — It looks like incumbent school board trustees of district #11 are facing an ideal election — there's no opposition.

Only two candidates have been taken out so far. One of them, incumbent Ruth Day is running from zone 3 and Tom Kieley from zone 4. Only these two districts have trustees up for the election, which is set for May 21.

The deadline for returning signed petitions to the school administration is 3 p.m. Thursday, only four days off.

## Discount rate hike effect eyed

**TWIN FALLS** — A Twin Falls banker says a recent increase in the Federal Reserve Bank discount rate may tend to drive up short term interest rates on very large certificates of deposit.

Kenneth Colner, a vice president of the Twin Falls Bank and Trust Co., said certificates of deposit on sums over \$100,000 would be most affected. Rates on smaller CDs would be less influenced.

Colner was incorrectly quoted Thursday as saying the discount rate hike would affect rates on loans of over \$100,000.

Colner had referred to certificates of deposit, not loans. The Times-News regrets the error.

## Elephant act

ELEPHANTS performing unusual tricks and stunts will highlight the annual Shrine Circus coming to the Filer Fairgrounds June 4 and 5.

This group presented by Rex and Ava Williams is known as one of the top elephant acts in the circus world today.

## Shrine circus set in TF June 4-5

**TWIN FALLS** — The Shrine Circus is coming to Twin Falls County again this spring.

The second annual El Korah Temple-Magic Mini-Fair sponsored annual event is scheduled for June 4 and 5 with morning and evening performances each day.

John Johnson, president of the Mini Patrol, announced the appointment of Jim Olson as general chairman for a second year. He said the circus will again be produced by William Ray and the large stage in front of the grandstand at the Filer Fairgrounds will be converted into a "big-top."

All of the stage will be utilized to accommodate the huge assembly of circus stars and acts from around the world, Johnson said.

One of the drawing cards this year will be the most sensational elephant act in all circuses, Johnson said. The elephants will be presented by Rex and Ava Williams in a unique performance.

The production will abound in high trapeze, acrobatic and tumbling acts, Olson said.

There will be lions, tigers and chimpanzees and the fabulous Zamperio family. More circus acts ever before with a new numbers and some new costumes.

The amusement committee said the Mini Patrol is proud to be able to bring the genuine circus flavor including the spiciest arena and oldtime acts and music to Twin Falls.

Continuing the policy of last year hundreds of children from throughout Magic Valley will have an opportunity to see the circus. They can receive tickets donated by the Shriners of the Magic Mini Patrol and from local business firms and professional people who have purchased the tickets in advance for the children who might not otherwise be able to afford the admission price.

The circus office is now open at 116 Eighth St. S. Information is available by calling 734-5977.

## A promise made is a promise kept

Other car dealers may give you a string of promises. In fact they promise you so many things that they really promise you nothing. Well we don't make a million promises. We only make one. We promise to keep our word. Whether it's the price on a new car, the trade allowance on your old car or the cost for repairs — it's a promise that we'll keep. It makes running a simple business even simpler.

# Doctors to examine fellow practitioners

**BOISE** — A law directing doctors to examine the practice of fellow doctors is causing the faint stirrings of a new organization here.

The organization is the Idaho Foundation for Medical Care Inc.

The law which sparked its conception by the Idaho Medical Association is Public Law 92-603, a legislative heads-up for health care practitioners.

One part of this law provides for peer review to become part of medical care by Jan. 1, 1976, for all patients who are federal beneficiaries.

Peer review basically means that doctors start looking with a critical eye at the medical care given hospital patients by fellow physicians. Statistics from patients' hospital stays can be utilized to provide information on length of stay, discharge and other facets of providing medical care.

Mandated by Congress in the 1972 amendments to the Social Security Act, Peer Review Standards Organizations (PRSO) are designed to be professional associations of physicians.

According to government literature, the organization is authorized to review the institutional medical care provided to federal

beneficiaries of Medicare, Medicaid and maternal and child health programs.

Armand Bird, director of the Idaho Medical Association, said details of the foundation's operation are still in the talking stage.

The foundation has applied to the government for official designation, the PRSO for the state of Idaho, according to Bird. No official designation has been made yet, Bird said, but it is hoped for some time this summer.

The foundation is a non-profit organization which was established specifically for the purpose of doing peer review in Idaho, Bird said.

Physicians will be involved, as well as nurses, who may be employed by the foundation to assist in the review procedure. Whether the foundation would have staff physicians, or whether practicing doctors would work for the foundation on a hourly basis is not certain.

The possibility exists that "we're going to use busy practitioners to do this work," Bird said.

The foundation would be headquartered in Boise, but as more planning was done, according to Bird, the foundation has four general

purposes. One is to evaluate the quality of care patients receive, and to encourage the upgrading of quality control procedures in each hospital.

Two others are to determine medical care unnecessary hospitalization patterns, and to eliminate medically unnecessary days in the hospital after the patient is admitted.

The fourth purpose is to provide ongoing planning and checks for discharges and to facilitate patient transfers when the need for acute hospital care is completed.

The fourth point is particularly significant

because space in nursing homes for Medicare patients sometimes is difficult to obtain, requiring that the patient stay longer in the hospital than medically necessary. The paperwork is getting more cumbersome, and troublesome all the time, Bird's comment, probably not an opinion singular to him.

**Paintings on exhibit**

ART students Debbie Fries, left, and Ken Fitcher, right, both Twin Falls, help College of Southern Idaho art instructor Kent Jeppesen hang a painting by Jay Lott, "Water Peace." The exhibit of more than 85 works by 30 student artists will be on display at the Fine Arts Building until May 10, Commencement Day.

## Wendell council asked to provide recreation

WENDELL — The chairman of the Wendell Parks Committee has requested an expanded summer recreation program.

Vernon Mason met with the City Council Thursday night to request additional city funds for the purchase of additional recreation equipment and for the hiring of a summer recreation program director.

The city summer program consists currently of only baseball and softball leagues. The city will now charge \$1 for every 500 gallons of water used by persons willing to fill their water tanks. The east pump will be closed to public use.

Seasonal farmers and other persons had been filling their tanks at the east pump at

no cost. They will now be required to obtain their water at the fire hydrant at the Wendell elevators where a meter system is installed.

The water will be available from 8 a.m. to 6 p.m. and keys may be picked up from the elevator office.

Fire Chief George Wähler outlined a new city and rural fire alert system. He told the council it would consist of a main transmitter and a receiver for each volunteer fireman. He will give a demonstration at a later council meeting.

The newly formed city planning commission reported on plans for establishing zoning regulations for new builders which would include zoning standards, setbacks and lot layouts.

The council approved purchase of a citizen's band radio for the dogcatcher.

## News Of Servicemen

**BURLEY** — Army Pvt. Cordell W. Christensen, 18, son of Mrs. Murgat Kuhneke, Burley, is serving with the 9th Infantry Division at Ft. Lewis, Wash.

Ed Christensen is a recovery specialist in Company I of the division's 9th Supply and Transport Battalion.

The private's father, Wallace Christensen, lives in Marsing.

## They're making ENERGY SAVERS at the AMI plant in Pocatello

**They also have made 500 jobs!**

MOS/LSI means energy saving. It also means Metal Oxide Silicon/Large Scale Integrated circuits, the technical term for that part of the electronic industry in which American Microsystems, Inc. holds a leadership role.

Through the use of AMI products, power consumption is reduced for computers, calculators, electric ranges, clothes dryers and electronic telecommunication gear. In fact, their integrated circuits can make just about anything that runs on electricity cost less, work better and last longer.

Established in 1970, the firm's Pocatello plant has provided some 500 new jobs in Eastern Idaho. Most of their employees are highly-skilled technicians, and many of them have been trained by Idaho State University for the specific work they are doing.

Like many other new industries adding employment opportunities for people in our area, AMI reports that the availability of reliable electric power was a factor in their decision to come to Pocatello, and more recently, to double their facilities.

As industries are built or expanded in the area served by Idaho Power Company, the electricity they need must be available. It's one of the reasons we must build for tomorrow while taking care of your electric needs today.

## Idaho Power Company

A CITIZEN WHEREVER IT SERVES

Your comments or questions are invited. Call your local manager or write: Public Information Department, Idaho Power Company, 967 70, Boise, Idaho 83721.

Cleaner than a hospital. Work areas must be totally dust-free, and chlorine, temperature, and humidity carefully controlled.

Originally 1,000 square feet in size, the AMI Pocatello plant has been expanded to 20,000 square feet during the past year.

## Guest artists

AMONG the guest artists in the "Happiness" Harmony show will be the Manhattan quartet from Manhattan Beach, Calif. From left, Don Galvin, Jess Buddy Seeberg, Ienor John Ford, Bart Toms, and Dave Ormer, boss. The show is set for 8 p.m. Saturday at the CSI Fine Arts Auditorium.

## Show planned

REVIEWING an arrangement for the forthcoming show sponsored by the Twin Falls chapter of Sweet Adelines are Janis Knutz, left, show chairman, and Mary Baun, director.

# Barbershop harmony set Saturday

TWIN FALLS — Happiness is the theme of the Twin Falls chapter of Sweet Adelines second annual show.

The event is scheduled for 8 p.m. Saturday at the College of Southern Idaho Fine Arts Auditorium.

The 36-member group will sing under the direction of Mary Baun. Thelma Robinson, Bountiful, Utah, will be mistress of ceremonies.

Two guest quartets will be featured during the program, according to Janis Knutz, show chairman, along with the Ma-Be's quartet from the local group. The local quartet will feature Kay Bain, Maxine Front, Margie Morris and Betty Arma.

guest artists for the show, will be a barbershop quartet from Manhattan Beach, Calif., called the Manhattaners. These "many men of harmony" have been wowing audiences throughout the western states for 15 years, Mrs. Knutz said.

These singers are a Ben Turpin-Charlie Chaplin-Buster Keaton-Keystone Cops quartet, and their clowning, if not their singing, is worth the price of admission, the chairman said.

Also appearing in the show will be the Downtown Music Company, a Sweet Adeline Quartet from the Boise chapter. Sweet Adelines, Inc. is an international, non-profit barbershop harmony group for women. It was first organized in Tulsa, Okla., in 1945.

from coast to coast. Each chapter is primarily a chorus, singing four-part barbershop harmony. Groups of four from the chapters

will perform. The after-8:30 performance for performers and friends will be held at the new Blue Lakes Inn after the show at CSI.

## Valley Living

SUNDAY, APRIL 11, 1970

## Local quartet

PRACTICING for the Sweet Adelines show are members of the Ma-Be's, from left, Mary Baun, Maxine Front, Margie Morris and Betty Arma, all members of the local group. Mistress of ceremonies for the event will be Thelma Robinson, Bountiful, Utah.

## TF auxiliary plans fund-raising fete

TWIN FALLS — Magic Valley Memorial Hospital Auxiliary members are serious about buying a heart treadmill monitor for the hospital.

They have obtained a number of donations from area artists and will auction them off to the highest bidder during a dinner-dance Friday in the Blue Lakes Inn.

All the auction proceeds as well as the \$20 per couple profits will go toward the auxiliary's goal of more than \$10,000 pledged for the

treadmill.

A social hour is planned at 7 p.m. with dinner at 8 p.m. followed by the auction and special program.

Auxiliary members have received the assistance of three Magic Valley artists for their project.

Donating paintings for the auction are Mickey Marshall, who has provided a still life of sunflowers; Loretta Kerr, who donated two small garden landscape paintings; Pats Koniecz with an autumn

landscape; and Charlie Hopkins, hospital engineer, who is still finishing his contribution.

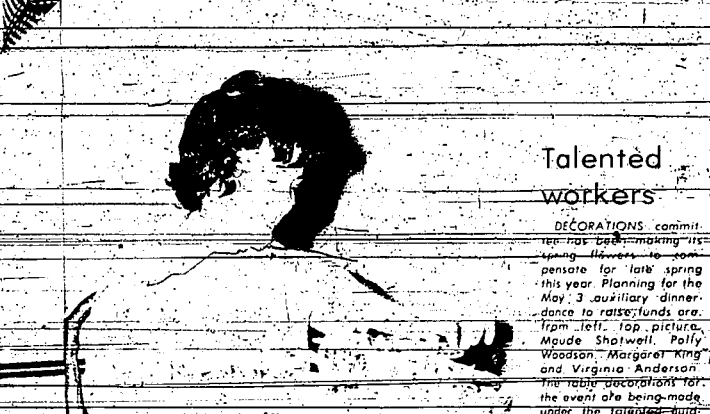

The paintings will be on display at the hospital and tickets may be purchased at the hospital administration office.

In addition the auxiliary has been given an orange, yellow and brown still life by Mrs. Ralph Smith, auxiliary member, and Mrs. Penny Brier, another member, has made a large electric candle

with antique finish to be donated to the event.

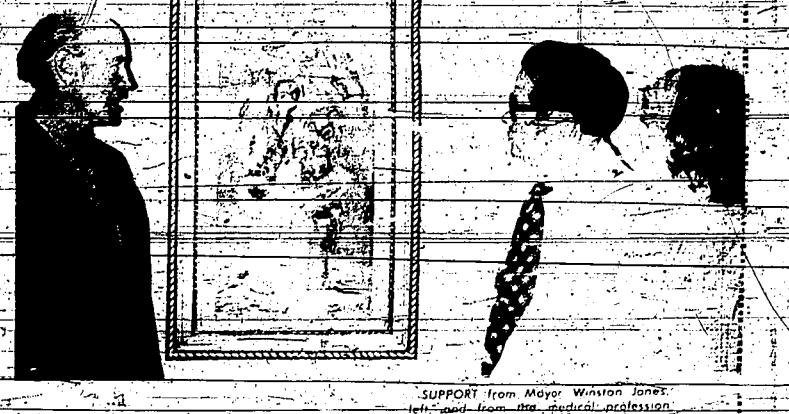

Music for the dance will be provided by Jim Baker's Band. Mrs. Dale Gould, Buhl, and Mrs. C. B. Lucks, president of the auxiliary, are general chairmen of the event.

Mrs. William H. Heinemann is auxiliary chairman. Her theme decorations consist of modernistic spring flowers made of paper strips and displayed in spring baskets and other handmade containers.

## Talented workers

DECORATIONS committee has been making its spring flowers to compensate for late spring this year. Planning for the May 3 auxiliary dinner-dance to raise funds are from left, top picture, Maude Shalwell, Polly Woodson, Margaret King and Virginia Anderson. The table decorations for the event are being made under the talented guidance of Mrs. William H. Heinemann, shown at left. Paper spring flowers and handmade containers will highlight the decor.

## Dinner-dance slated

SUPPORT from Mayor Winston Jones, left, and local business leaders including Dr. Charles McWilliams at right is being given for the May 3 Magic Valley Memorial Hospital Auxiliary dinner-dance. Here Mrs. Shirley Gould, Buhl, auxiliary member, offers the two a preview of a painting donated by Mickey Marshall, area artist. Several paintings will be auctioned during the dinner-dance.

## TF girl will wed

### Atchison

TWIN FALLS — Mr. and Mrs. John R. Bennett, Twin Falls, announce the engagement of their daughter, Brenda Jean, to James Kenneth Atchison.

Atchison is the son of Mr. and Mrs. James E. Atchison, Pittsburg, Calif.

Miss Bennett was graduated from Twin Falls High School in 1972 and is presently attending the University of Idaho, majoring in vocal-music education. She is affiliated with Alpha Gamma Delta Sorority.

Atchison is a 1971 graduate of Pittsburg High School and is attending the University of Idaho, majoring in art. He is affiliated with Phi Kappa Alpha Fraternity.

The couple plans a June 29 wedding in the Twin Falls First United-Methodist Church.

Mrs. John Worst, Pocatello, sister-in-law of the bride, was the matron of honor. Bridesmaids were Debbie Wilson and Mrs. Joe Hawk, sister of the bridegroom.

David Knight was altar boy. Mark Church, Pocatello, nephew of the bride, was ringbearer. Scott Hobbler, Jerome, nephew of the bride, was flower girl.

The bridegroom's attendants were Mr. and Mrs. Joe Hawk, Jerome, his sister and brother-in-law, Darrell Barber, Colorado, was best man; Ushers were Roger Worst, Caldwell, brother of the bride, and Mrs. Joe Hawk, Jerome, brother-in-law of the bridegroom.

Mrs. Charles Harris, wife of the bridegroom, served as officiant. Scripture was read by Mrs. Melvin Church, Pocatello, and Mrs. Gordon Hobbler, Jerome, both sisters of the bride and

### BRENDA BONNETT sets date

cake: Mrs. Melvin Church, Pocatello, sister of the bride, and Mrs. Charles Harris, Halley, poured punch.

The members of the wedding party were guests at a dinner preceding the Friday evening rehearsal at the home of the bride's parents with Mrs. Josephine Worst co-hostess. Mrs. Jack Royle assisted with the rehearsal.

The couple was honored at a reception following the ceremony at the ranch home of the bride's parents at Timmerman Hill.

Hosts for the reception were Mr. and Mrs. Clifford Morgan and Mrs. Clyde Davis, all of Halley, assisted by Jim Cunningham.

Edith Fredrickson was in charge of the guest book. Gifts were cared for by Mrs. Freda Wynne and Mrs. Victoria Trudwell, both Twin Falls.

The bride's table was covered with a lace cloth made by the late Mrs. Jack Royle, Holbrook, Ariz., of the bride and Mrs. Gordon Hobbler, Jerome, sister of the bride, cut and served the wedding

## Kay Barton marries Johnson in temple

SPRINGDALE — The Salt Lake City LDS Temple was the setting for the April 17 marriage of Kay Frances Barton and Dean Ray Johnson.

Elder Thomas Ward conducted the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Leland H. Barton, Provo, Utah, and the bridegroom's parents are Mr. and Mrs. H. Fredrick Johnson, Springdale.

The couple was honored at a luncheon following the ceremony at Harmon's Cafe with the parents of the bridegroom as hosts.

The couple was honored at a wedding reception that night at the Provo 12th Ward LDS cultural hall.

The bride wore a gown of taupe de sole trimmed with applique lace and seed pearls. Her train length was trimmed with matching lace and seed pearls had a corsage of white carnations and pink rosebuds.

The couple was honored at an open house April 13 in the Springdale LDS cultural hall.

Bridesmaids included Linda Barnum, sister of the bride; Norma Johnson and Deane Johnson, sisters of the bridegroom; Heather Jackson, niece of the bridegroom, was flower girl.

Gary Johnson, brother of the bridegroom, served as best man.

The bride's table was covered with a white lace tablecloth and centered with a three tiered wedding cake decorated with pink rosebuds. The top of the cake was decorated with birds, rings and bolts. It was made and decorated by Mrs. Elaine

Jackson, sister of the bridegroom. Pink and white carnations in briny snifters flanked the cake.

Mrs. Ralph West and Mrs. Shirlee Wigley, aunts of the bridegroom, cut and served the cake.

Guests were registered by Mrs. Jackson and were seated at quartet tables covered with white lace tablecloths. Brandy snifters with arrangements of baby's breath and pink carnations were placed in the center of the tables.

The hall was decorated with arrangements of pink and white carnations.

Gifts were cared for by Jo Ann Johnson, Debbie Johnson and Edward Hines. The guest and gift tables were decorated with bouquets of pink carnations and baby's breath.

Cake carriers were Sherry West, Cindy Shaw, and Shavida Dune and Wayne Johnson.

Special guests included Mr. and Mrs. Wesley Hurst, grandparents of the bridegroom.

Following a honeymoon in Seattle and other northwest coast points, the couple will reside in Springdale.

## MR. AND MRS. CHARLES A. GOIN Beth Würst, Goin wed in church rites

BELLEVUE — Beth Victoria Würst and Charles Arthur Goin were married in a 1:30 p.m. ceremony April 13 at the St. Charles Catholic Church, Halley.

Rev. George King performed the ceremony. The chapel was decorated with arrangements of ivory, pink and purple spider chrysanthemums and baby's breath. She wore an heirloom gold bracelet and a plain gold ring, gifts of her paternal great-grandparents, Joseph and Mrs. Hunter Leach-White.

Mrs. Roger Würst, sister-in-law of the bride, was matron of honor. Bridesmaids were Debbie Wilson and Mrs. Joe Hawk, sister of the bridegroom.

David Knight was altar boy. Mark Church, Pocatello, nephew of the bride, was ringbearer. Scott Hobbler, Jerome, nephew of the bride, was flower girl.

The bridegroom's attendants were Mr. and Mrs. Joe Hawk, Jerome, his sister and brother-in-law, Darrell Barber, Colorado, was best man; Ushers were Roger Worst, Caldwell, brother of the bride, and Mrs. Joe Hawk, Jerome, brother-in-law of the bridegroom.

Mrs. Charles Harris, wife of the bridegroom, served as officiant. Scripture was read by Mrs. Melvin Church, Pocatello, and Mrs. Gordon Hobbler, Jerome, both sisters of the bride and

back. The dress and cap were designed and made by the bride's grandmother, Mrs. Josephine Worst, Twin Falls, who was assisted by Mrs. Frieda Evans, Twin Falls.

She carried a cascade bouquet of ivory and blue starburst and spider chrysanthemums and baby's breath. She wore an heirloom gold bracelet and a plain gold ring, gifts of her paternal great-grandparents, Joseph and Mrs. Hunter Leach-White.

Mrs. Roger Würst, sister-in-law of the bride, was matron of honor. Bridesmaids were Debbie Wilson and Mrs. Joe Hawk, sister of the bridegroom.

David Knight was altar boy. Mark Church, Pocatello, nephew of the bride, was ringbearer. Scott Hobbler, Jerome, nephew of the bride, was flower girl.

The bridegroom's attendants were Mr. and Mrs. Joe Hawk, Jerome, his sister and brother-in-law, Darrell Barber, Colorado, was best man; Ushers were Roger Worst, Caldwell, brother of the bride, and Mrs. Joe Hawk, Jerome, brother-in-law of the bridegroom.

Mrs. Charles Harris, wife of the bridegroom, served as officiant. Scripture was read by Mrs. Melvin Church, Pocatello, and Mrs. Gordon Hobbler, Jerome, both sisters of the bride and

The bride is the daughter of Mr. and Mrs. Joseph J. Würst, Bellevue, and the bridegroom is the son of the late Mr. and Mrs. Ernest Goin.

The bride, escorted by her parents, wore a gown of ivory candlelight pearl-de sole satin in a princess style. The floor length dress featured pinaflore ruffles over the shoulders, a stand up collar and long fitted sleeves with a ruffle at the wrist.

The bodice and skirt front were decorated with lace medallions centered with small blue bead clusters. A white sash and bow accented the neckline. All of the lace on the dress were edged with ivory lace.

Her shoulder length veil of ivory tulle was held by a small, fitted satin cap decorated with lace medallions centered with blue beads and spray of white roses, orange blossoms and forget-me-nots.

# Mini Reviews

**TWIN FALLS** — Mini reviews for some of the new books recently received at the Twin Falls Public Library have been released by library officials.

"Folklore in Bear Lake Valley" by Bonnie Simpson. You will be fascinated by the life around Bear Lake.

"The Third Truth" by Michael Bar Zahar. Here is a breath-taking novel of suspense and assassination, vengeance and dramatical deceit.

"So Far From Heaven" by Richard Bradford. A novel set in the provincial southwest about an oddball, eccentric family with a flair for misadventure.

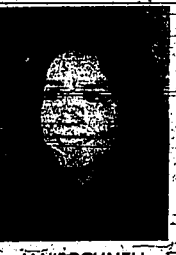

"Ward 402" by Ronald J. Gasser. The story is the children's ward of a great hospital and the story of a young doctor's involvement in the life of Mary Berquam, an enchanting 11-year-old girl afflicted with leukemia.

"The Valley of Ice" edited by Carl Senna. More than a controversial book, it is must reading for everyone concerned about the direction of American education.

"Evergreen Gallant" by Jean Plakdy. Women found Henry of Navarre irresistible even though he wasn't faithful very long.

"Apache Chronicle" by John Upton Terrell. The book begins with the wanderings of Cabeza de Vaca, the first white man to see the Apache, and ends with the surrender of Geronimo.

"Tripwire" by Brian Garfield. Boag was a black man and the white man had taken everything away from him. He went to get it back.

**JANIE SCHNELL sets date**

## Rogerson miss sets May date

**ROGERSON** — Mr. and Mrs. Ralph Schnell, Rogerson, announce the engagement and forthcoming marriage of their daughter, Janie, to Shane Morton.

Morton is the son of Mr. and Mrs. Jimmie Morton, St. Anthony.

# Magic Valley Favorites

**Week's Recipe Winner**  
**REGGY VEIS**  
631 Ash, Twin Falls

**TINY PECAN PIES**  
1 (3 oz.) package cream cheese  
1 cube butter  
1 cup flour  
Blend cheese and butter. Add flour. Chill dough. Put a one-inch ball of dough in a small muffin pan and press around the bottom and sides with thumb. Sprinkle pecans in bottom.  
Bake until ammonia.  
1 egg  
1/2 cup brown sugar

1 tablespoon soft butter  
1 teaspoon vanilla  
dash salt  
Spoon into uncooked shells.  
Top with pecans. Bake for 25 minutes at 325 degrees. Flavor improves with standing for a day or two.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor.

OPEN DAILY 10-10 SUNDAY 11-6

ALTRUSA community service chairman, Evelyn Myers, right, presents proceeds of the Altrusa-sponsored Easter Seal smorgasbord to Merle Stoddard, director of the local Easter Seal Center. The check was presented to Mrs. Stoddard Thursday evening during the club's Founder's Day banquet.

## Smorgasbord proceeds

## Altrusa gives special honors

TWIN FALLS — Special honors were given by members of the Twin Falls Altrusa Club during a Founder's Day Banquet Thursday evening at the Rogerson Hotel Roundup Room. Ola Cannon, vocational service chairman, was mistress of ceremonies, with Mrs. J. H. Hill, president, welcoming the guests.

Keynote speaker was Ruth Ann Larson, professor of biology at the College of Southern Idaho, centering her statements around continuing education and the need for it in today's changing society. Mrs. Cannon introduced several of the honored guests, Sharon Blanford, the club's Girls State delegate, Jeck Strømberg, the scholarship recipient, and Bonnie Jo Lyons, the groups FR-VJ recipient.

Among the other honorees were the Girls of the Month and their parents introduced by Elaine Nesbitt, finance chairman. Altrusa girls include Cindy Sterling, September; Kathy Kieley, October; Kathy Jo King, November; Patti Westbrook, December; Myla Nussbaum; Karen Pouts, February; Margaret Harvey, March; Suzanne Guthrie, April, and Cheryl Graves, May.

Mrs. Frank Clifton from the Twin Falls high school was given special recognition for her assistance to the club in working with the Girls of the Month.

Evelyn Myers, community service chairman, thanked the honored girls for their assistance with the Altrusa Club-sponsored Easter Seal Smorgasbord and presented the proceeds from the smorgasbord to Merle Stoddard, director of the local Easter Seal Center.

A special program was given by the honorees, calling themselves the "Hot Spuds." The benediction was given by Debra Rowe, incoming treasurer.

## Bridge winners

TWIN FALLS — The former duplicate bridge club met April 20 at the Epicurean Club. North and south winners were Mrs. Maxwell G. A. Cook and Mrs. H. B. Burdette, and Mrs. J. D. Driscoll. Winners of the duplicate were Mrs. J. H. Hill and Mrs. Alice Clark, first; L. E. Haug and Mrs. J. H. Hill, second; and Mrs. J. D. Driscoll, third.

TWIN FALLS — Winners of VACA pool were Thursday, Mrs. M. A. Williams and Mrs. J. H. Hill, first; Mrs. M. A. Williams, second; and Mrs. M. A. Williams, third.

**NATURALIZER**  
5,000 YEAR OLD CHINESE HEALTH REMEDY FOUND

PEKING (Special) Health Remedy - One of the most ancient of all medicines is an amazing rare old Chinese herb remedy that possesses spectacular healing qualities and reportedly has been used for 5,000 years to cure or give relief to a host of the most common illnesses suffered by mankind. Scientific claims are being made that this "miraculous herb" called Ginseng, may actually hold the key to a longer and better life. Indeed, there is one historical case of a man living to be 256 years old.

Helps Many Illnesses - Like acupuncture, the many healing properties of this remarkable herb were once considered "folklore" and "superstition" but modern researchers around the world are suggesting that it may actually regulate many of the body's processes to increase SEXUAL potency, help heal ulcers, relieve HEADACHES, clear away the liver, improve DIGESTION, slow down ARTERIOSCLEROSIS, relieve ASTHMA, overcome FATIGUE, improve DIABETIC conditions, relieve INFLAMMATION of the URINARY TRACT, help chronic IMMUNITY, relieve BACK PAINS and PAINS, and generally improve your health by increasing your body's potential to heal itself.

Safe, No Side Effects - Ginseng is not a drug...but an herb, or vegetable, that is extremely rich in vitamins and minerals. What's more: this amazing natural remedy is completely safe and non-toxic with no side effects. Unfortunately, high-grade ginseng products are scarce and their distributors and processors around the world are brazenly claiming for a "run" on the market as the herb's purported "near miraculous" healing properties become more widely known to the general public.

Now Available in U.S. - Now you can get a generous 30-day supply of this amazing natural remedy direct from the manufacturer by sending only \$10.00 in check, cash, or money order, to Health Laboratory, Dept. 89, Box 2142, Palm Springs, Calif. 92260. This wonder herb is said to have helped countless other people, and it may help your health problem too. Isn't it worth a try?

**NATURALIZER**  
THE SANDAL THAT FEELS AS GOOD AS IT LOOKS

# Abby

Abigail Van Buren

DEAR ABBY: As a newly ordained minister I frequently find myself in the uncomfortable position of having to explain why the church is always asking for money. One of my parishioners told me that some years back you had a letter in your column which asked that very question, and your answer was the best. Can you please try to locate that letter, and print it again? Gratefully,  
A PREACHER

## Religion isn't free

DEAR PREACHER: I've found it. And here it is:  
DEAR ABBY: We are not overly religious people, but we do like to go to church once in a while. It seems to me that every time we turn around in church, we are getting hit for money. I thought religion was free. I realize that churches have to have some money but I think it is getting to be a racket. Just what do churches do with all their money?  
CURIOUS

DEAR CURIOUS: Even priests, ministers, and rabbis must eat. And since they work full time at their tasks, the churches must support them. Staff professional choir members, and musicians also must be paid. Buildings must be maintained, heated, lighted and beautified. (And, of course, first they must be built.) Custodial staff must eat and feed their families. Most churches engage in philanthropic work (aid to needy, missions, and education). Hence, they have their financial obligations. Even orchards, charity to folklore, do not live on air. Churches can't live on air, either. Religion, like wages, may be free, but when they pipe it to you, you've got to help pay for the piping. And the pipes.

DEAR ABBY: Before a trip last year I bought my husband a bikini swim suit. He wore it to the beach and you should have seen the heads turn. He has a great physique and looked gorgeous.  
My problem is, he won't wear it again. He says men shouldn't wear anything so revealing in public. When I remind him that he wore it on our vacation and attracted a lot of attention, he says, "They were laughing at me." That's why I'm not wearing it again.  
Abby, we've finally liberated women so they can wear what they want and get away with it. Why not men? Maybe if you gave your approval he'd wear that sexy-looking bikini again.  
BETTY

DEAR BETTY: Get off his gorgeous back. Women who reveal too much lose much of their appeal. And that goes double for men.

DEAR ABBY: My grandson, a high school senior, and I have been and going round and round on this one. I lent his sister a college student, a birthday card by mail. He said he intended to give her her card when they came to take her out to dinner on her day.  
My opinion was that he was skirting the outer edges of propriety in handing his sister a birthday card. He said it didn't make any difference and suggested I write to Dear Abby for her opinion.  
GRAMP

DEAR GRAMP: Fun with your grandson. It doesn't matter if a congratulatory message is delivered by mail. The king's messenger or in person. It's being remembered that counts.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY? Box No. 6970, L. A., Calif. 90068. Enclose stamped, self-addressed envelope, please.

## Nurses month set

TWIN FALLS — Nurses of the district 1 of the Idaho State Nurses Association will observe May as annual Nurses Month.  
Events begin Thursday at the College of Southern Idaho Fine Arts auditorium with a luncheon on "Nurse Death and Bereavement." This is co-sponsored by the nurses association and Idaho Funeral Service Association.  
Registration begins at 8:30 a.m. with seminar sessions running from 9 a.m. to noon. All nurses, clergymen and funeral directors are invited to attend.  
Keynote speaker will be Dr. Edgar N. Jackson, pastor, author and lecturer from Carinth, Vt. Another featured speaker is Dr. Robert Falton, professional sociology at the University of Minnesota.  
Following the seminar, officers, directors and committee members of the Idaho Nurses Association luncheon in the Blue Lakes Inn. Bob Crosby, district president, will preside.

MARY KUHL engaged

Miss Kuhl engaged to Harmon

BUHL — Mr. and Mrs. Philip J. Kuhl, John Day, Ore., announce the engagement of their daughter, Mary Echo, to David P. Harmon, Buhl.  
Miss Kuhl is a 1968 graduate of Grant Union High School, attended Eastern Oregon College for two years and was graduated from Treasure Valley Community College in 1972 with an associate of arts degree in elementary education.  
Harmon is the son of Mr. and Mrs. Charles Harmon, Buhl.

## Mrs. Young gets pencil for speech

TWIN FALLS — Vera Young received the blue pencil for the best speech at a meeting of Magic Toastmistress Club Thursday.

Marguerite Lewis was awarded the writing trophy for the best fabric topic. She also received the red pencil for the best performance.

Sandy Moeller gave the inspiration. Ruby Box conducted the table topics. Dot Wilkerson led the songs and Eileen Cappel gave the lexology.

Alta Strong served as toastmistress. DeAnna Walker, Susi Limer and Cecelia Smith was general evaluator.

He is a 1967 graduate of Buhl High School and attended the College of Southern Idaho, Twin Falls. He was graduated from Treasure Valley Community College in 1973 with a degree in forest technology. He is presently employed by the US Forest Service.

A September wedding is planned.

# Susan Fattig weds Dahmer in Wendell

WENDELL — Susan Leeann Fattig and Larry Karl Dahmer were married in a late afternoon ceremony April 13 at the Wendell United Presbyterian Church.

Rev. Anthony Gamley conducted the double-ring ceremony. The church was decorated with candelabra holding ivory tapers and baskets of white gladioli and orange statice with orange ribbons. White daisies, greenery and orange-ribbon bows marked peaks.

The bride is the daughter of Mr. and Mrs. Wayne Fattig, Wendell, and the bridegroom's parents are Mr. and Mrs. Karl Dahmer, Jerome.

The bride, given in marriage by her father, wore a gown of ivory peau de soie. The yoke and wide cuffs were covered with Chantilly lace in a rose pattern. A wide pleat down the front of the skirt and the bottom of the skirt were edged with the lace. The long, full sleeves were made of chiffon and the skirt fell to cathedral train.

Her multi-tier veil of silk illusion was edged in wide lace.

Matching that used in the gown, it was held by a tiara of lace, pearls, stephanotis and baby's breath with a handkerchief carried by Mrs. Alice Byrd, grandmother of the bride at her wedding, and a handmade handkerchief made by Mrs. Lillian Barton, Nampa, attached.

Matron of honor was Mrs. Pam Byrd, Nampa, aunt of the bride. Bridesmaids were Mrs. Teri Fattig, Clearfield, Utah, sister-in-law of the bride; Debbie Sheruene, Twin Falls, and Karen Chatpulin, Boise. Teri Lou Byrd, Nampa, lit the candles and served as junior bridesmaid. Julie Anna Byrd, Nampa, was flower girl.

Mike Gillespie, Pocatello, was best man. Groomsmen were Mike Janason and Dave Austin, Twin Falls, Mike Dahmer, Logan, brother of the bridegroom, and Bob Fattig, Clearfield, brother of the bride, were ushers.

Mary Lou Hagerman, Caldwell, was organist and accompanying Mrs. Peggy LaRue, vocal soloist. Mrs. Susan Schroeder, Caldwell, was the guest book.

The couple was honored at a buffet supper prepared by the bride's mother and served by the church women directed by Mrs. Mary Mink.

The reception tables were covered with ivory lace over a peach undercloth. The five tiered ivory wedding cake was decorated with peach roses and gold bells. A cluster of peach satin bells decorated the top of the cake. Ivory tapers in tall gold candelabra flanked the cake.

Ivory ivory cherub candle holders holding orange candles and surrounded with white daisies decorated the long banquet tables.

Gifts were carried by Margie Byrd, Gooding, cousin of the bride, and displayed by Mrs. Doris Fattig, Jerome, aunt of the bride, and Nancy Roberts and Marilyn Mink, both Twin Falls. Mrs. Suzie Soranson, Boise, was special assistant to the bride and her maids.

The bride was honored at a pre-wedding shower given by Debbie Sherburne and her mother at their home in Twin Falls.

The bridegroom's parents were hosts for a pre-wedding dinner at their home Friday evening.

Special guests included Mrs. Alice Byrd, McDermitt, grandmother of the bride; Mrs. and Mrs. Lillian Leese, Stevensville, Mont. Mr. and Mrs. Jim Leese, Pocatello, and Mr. and Mrs. Bert Leese, Idaho Falls, all great aunts and uncles of the bride.

Guests attended from Montana; Nevada, Utah, Pocatello, Nampa, Caldwell, Boise, Burley, Gooding, Twin Falls, Murtaugh, Jerome, Wendell and the Hill.

The bride attended Wendell schools and the College of Southern Idaho, where she was a member of Delta Si Omega. She is employed by Mountain Bell in Boise.

The bridegroom attended schools in Jerome, Pocatello and the College of Southern Idaho and is employed by Image International in Boise. The couple resides in Boise.

## BARBARA SMITH engaged

CHICAGO (UPI) — John Daugherty is a burglar, Chicago police have charged, but apparently a generous one.

He is accused of breaking into a service station, Wednesday night and pumping 102 gallons of gasoline into the car tanks of 14 of his friends before closing down for the night and driving off.

## Miss Smith tells plans

WENDELL — Mr. and Mrs. Robert R. Smith, Wendell, announce the engagement and forthcoming marriage of their daughter, Barbara Jean, to Robert Taylor Johns.

Johns is the son of Mr. and Mrs. James Robert Johns, Jerome.

Miss Smith is a 1971 graduate of Wendell High School and has attended Ricks College.

Johns was graduated from Jerome High School in 1970 and has attended the College of Southern Idaho. He has served an LDS mission to France.

An early June wedding is planned in the Logan LDS Temple.

## Generous burglar

CHICAGO (UPI) — John Daugherty is a burglar, Chicago police have charged, but apparently a generous one.

He is accused of breaking into a service station, Wednesday night and pumping 102 gallons of gasoline into the car tanks of 14 of his friends before closing down for the night and driving off.

### Mothers are Something Special

Each of us has a special feeling about his Mother. Each describes that feeling in his own words. It's called Mother's Day, your way. You select the card, you select the message. Then, put them together. It's called Personal Expression.

Open Monday - 10:00 - 5:00  
 Tuesday - 10:00 - 5:00

## TOPS

HANSEN — Some say we are far due to late when we are only what we do. Some say we are only what we do. Some say we are only what we do.

Mrs. Fred Howard, leader, gave the impetus at the regular meeting at the home of Mrs. Cora Smith, Elmsmith.

A silent auction is planned for April 29. All members are asked to contribute unwrapped while elegant gifts.

Mrs. Bryan Harris Jr. was the hostess of the event.

Mrs. Juanita Cox was program manager.

She stated that the program impetus become habits. Bad habits open the door to failure, in dieting as well as other phases.

A bad habit must be replaced by a good habit and continued for a period to make it a good habit, keeping your own word to yourself is important.

The session closed with members writing a pledge to drop some tempting but non-essential habits, a day at a time, for the next month.

Mrs. Clea Williams, Twin Falls, was welcomed as a new member at

**BDHL** — Buhl Amateur Country Golf Tournament, Clear Lake Club.  
**MAY 5**  
**TWIN FALLS** — Pro-Am Golf Tournament, Twin Falls Municipal Golf Course.

**TWIN FALLS** — Membership campaign for the Magic Valley Community concert 1974-75 season begins April 25, reports John A. Doerr, president.

Memberships for the pre-paid concert plan, which will include four concerts throughout the fall and winter season, will be taken through the week ending May 4. Campaign headquarters are at the Music Center, Doerr said.

Next season's concert series will include the George Zamfir-Romanian folk ensemble; John Arnold Ford's Comic Opera Theatre in a condensed version of "La Boheme"; Donald Adams and Thomas Round in the American touring company of Gilbert and Sullivan's "For All, Ltd.," and the Marlboro Musicians.

The Ford Comic Opera Theatre production is scheduled for April 1975, and the Romanian folk ensemble in February, with the other two to be announced.

George Zamfir, the son of a peasant family of Ganești, not far from Bucharest, plays original tunes of Romanian folk music on his pan-pipe.

As a student in Bucharest he was charmed by the most difficult of folk instruments, the ancient pipe of the god Pan.

The musicians when he has gathered for his ensemble present an ample picture of the broad and multiple values of the Romanian spirit.

The comic opera theater's presentation of "La Boheme" is lauded as having "fresh and vibrant professional singing artists." Participants are John Arnold Ford, founder of the theater, bass soloist and Charles Gonzalez, state director and translator who sings roles of tenor and cello.

The Gilbert and Sullivan touring company includes six repertory artists who present such perennial favorites as "The Mikado," "Little Buttercup" and many other songs and scenes from the Savoy operas, normally in modern dress without props and scenery.

The group has appeared with orchestras in Hollywood, Spokane, Minneapolis, San Antonio and twice at Hollywood Bowl.

The Marlboro Musicians is a chamber music group composed of soloists and leading chamber players who have performed the touring programs at Marlboro.

The group consists of four to eight members. The Marlboro program offers an opportunity to hear a wide variety of seldom-heard chamber music, often combining piano, strings, woodwinds and voice in a single concert.

CHARLES GONZALES  
"La Boheme" stage director

### Familiar taxi

**TUCSON, Ariz. (UPI)** — Thomas K. Villa thought there was something familiar about the taxi he rode in recently in the border town of Nogales, Mexico.  
 It turned out to be his own car — stolen from his home in Tucson about a month before. Mexican authorities returned the car to him.

### Karen Low, McMillan slate June wedding

# EVERTON MATTRESS

## INTRODUCES THE REVOLUTIONARY BEDS WITH THE NEW IN-BED SUSPENSION SYSTEM!

**IT MAKES SENSE — DOESN'T IT!**

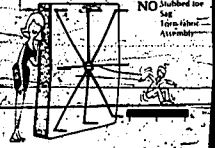

**Gordon Fitzgerald**  
President, Superb Corp.

I resigned as president of one of the nation's largest, national brand name bedding companies because I found I could manufacture and sell you bedding at a far lower cost... equal to or exceeding the quality and comfort of national brands.

SUPERB MATTRESSES are the result. I have patented new concepts that add more durability and comfort to Superb Mattresses.

For example, I see no sense in separate bed frames. They are a nuisance. You have to assemble and disassemble them. Metal side rails cut legs, tear box spring fabric and collect dust. You can badly hurt your foot, if you stub your toes on the legs... and the support of the frame is on the side while you sleep in the middle.

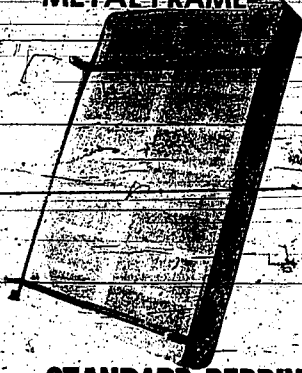

My patented SUPERB metal frame is built into the box spring eliminating all of these and other problems.

As SUPERB rest consultants acquaint you with this and other unique features of SUPERB BEDDING and as you compare prices and values with National Brands, SUPERB savings and quality will become apparent to you. SUPERB MATTRESSES will be produced in several factories totaling 460,000 sq. ft. of factories in several areas of the country.

As McDonald's paved the way in high quality, low cost food service, we plan to do the same in an area of equal importance in your life: YOUR COMPLETE SUPERB RELAXATION AND COMFORT.

Reg. U.S. Patent Office, Copyright, ©

**STANDARD METAL FRAME**

**STANDARD BEDDING**

- Has no support in the middle
- Box springs sag
- Side rails tear box spring fabric
- Standard bedding has only four legs
- With standard bed frames you can stub your toes.

**SUPERB IN-BED SUSPENSION**

**SUPERB BEDDING**

- Support starts in the middle
- In-bed suspension system eliminates sag
- In-bed suspension system has eight legs
- Legs are indented to eliminate stubbing toes.

**DATELINE WASHINGTON:**

Beds including springs and box springs, have been rated the sixth-most-hazardous product in America by the U.S. Consumer Product Safety Commission.

The rank is based upon reports from emergency rooms around the country and reflects injuries involving the product, but not necessarily caused by it. A list of 339 consumer products rated hazardous by the Commission was released at a Washington news conference. Ahead of 'beds' on the list were bicycles (most hazardous); stairs, ramps and ladders; doors other than glass doors; cleaning agents and caustic compounds; and non-gel toilets. An examination by NABM of field reports of the injuries involving beds indicated that the Commission lumped together a number of different bed products and injuries. Combined under the general heading 'beds' were the entire bedstead, the bedframe, headboards, and footboards; legs and box-spring fabric. Among the accidents resulting in the No. 6 ranking were: children falling from beds to strike faces or other parts on exposed metal bed frames; adults stubbing their toes on legs or casters; children and adults tripping or slipping and striking bed frames; one-tended infants rolling from beds; children igniting boxspring fabric with matches or lighters.

**Tournament winners**

WINNERS of College of Southern Idaho's second annual doubles football tournament are, from left, Evardo Abrego, Heyburn, and Joe Flores, Twin Falls. More than 20 teams participated in the contest. Dave Thomas and Roger Bill, both Idaho Falls, took second, and Rolie Marlow, Wendell, and Tim Severa, Buhl, captured third.

**TF motorcyclist hurt when struck by car**

TWIN FALLS — A Twin Falls man suffered an incomplete fracture of the right leg Thursday when his motorcycle was struck by a car.

Samuel David Hutchins, 28, was injured when his motorcycle was hit by a car driven by Lettie Belle Kraxberger, 46, Fort Collins, Colo.

The accident occurred about 3 p.m. Thursday on Fluer Avenue (East in front of the Lynwood Shopping Center).

According to police reports, Hutchins was westbound on Fluer when he was struck by the Kraxberger vehicle when it pulled from the shopping center parking lot.

Luckily for Hutchins, the accident occurred in front of the office of Dr. Vaughn M. Pond, which is across the street from the shopping center, and Dr. Pond himself

**TF police burglaries reported**

TWIN FALLS — Twin Falls police were investigating a burglary and two reported thefts Friday.

Bill Carlock, an employe of the Twin Falls Head Start program, told police late Thursday that someone had removed \$15 from a filing cabinet in the school's office after apparently entering the building through an open window.

Donya Hoch, Filer, told police that about \$182 was stolen from her purse while it was allegedly left in a restroom briefly at the Alley Bar about 12:35 a.m. Friday.

Employees of the Tempo Store in the Blue Lakes Shopping Center reported the theft of a firearm valued at about \$20 on Thursday.

**Moose Lodge installs governor**

TWIN FALLS — George Long is the newly installed governor of the Twin Falls local chapter of Moose Lodge No. 612.

Other officers installed at Tuesday night's meeting were Billy Bohm, junior sponsor; Bob Martin, prelate; Bob Welch, three-year trustee; Gary Bohm, one-year trustee; Clyde Greenup, sergeant-at-arms; Duane Hall, term; treasurer; Louis Hall, limo guard; and Dave Watson, outer guard.

Mel Dixon, past governor, was installing officer, assisted by Mrs. Pearl Hoffman and including an escort.

Outgoing officers include Frank Edwards, governor; Mel Dixon, past governor; Roy Sorenson, junior governor; Loren Benner, prelate; Billy Bohm, treasurer; and Harry Workman, sergeant-at-arms. The ceremony was attended by lodge members and members of the Twin Falls Women of the Moose.

**News Of Servicemen**

**RUPERT — Army Reserve** Maj. Gene E. Soker, Rupert, has completed part II of the command and general staff officer course at the US Army Command and General Staff College, Ft. Leavenworth, Kan.

Major Soker is a safety officer with the US Bureau of Reclamation, Burley; and is the son of Mrs. Wallace Brown, Burley.

Water pours from Magic Reservoir gates

## Extra-Magic Reservoir water spills

SHOSHONE — Gates at Magic Reservoir are open, spilling water.

Water is also going over the top of the spillway on the east side of the reservoir.

Leon Griest, manager of the Big Wood Canal Co., said he anticipates about 2,500 second feet of water going out of the reservoir at this time.

Of this amount, 2,000 second

feet is being spilled for the water below the dam into the Big Wood River bed while the remaining more than 4,000 second feet are going over the spillway at the top, spilling down the canyon into the same old river bed.

The reservoir is considered to be about one-tenth of an acre-foot above the full mark of 491,260 acre-feet.

Griest said the diverted water goes through this old river bed used as a carrying channel, to the Richfield division where some is diverted to Richfield and the rest continues to cut down the old river bed to the Gordian Sorenson area. It goes through an approximate nine mile bypass near Sorenson, the bypass having been built in

1926 as a measure to save water that was lost in that area in the Big Wood River.

During summer months, the river is dry from Sorenson's dam to Thorn Creek, except for a little water that goes to farms along the way.

About two-thirds of the water in the river goes into the Richfield canal at that diversion for use of farmers there.

## Wool bids open

SHOSHONE — The Lincoln County Marketing Association Inc. will accept bids on its 1974-wool pool until 8 p.m. May 9.

Ivan C. Hopkins, Lincoln County extension agent, said there were about 7,000 fleeces in the pool, which includes the former Goodwin County pool.

The bids will be opened at 8 p.m. May 9 at the Lincoln County Courthouse, at a meeting of the association.

The Elmore County pool is to be held at the same time and place.

Bids may be submitted at the extension agricultural agent's office, in the courthouse, or may be handed to the board of directors before the meeting starts.

Others in the area on May 9 include 10 a.m. in Twin Falls, 2 p.m. at Mullan and 4 p.m. in Cassia County.

## Long lag seen in range work

(c) Neshouse News Service

WASHINGTON — The Bureau of Land Management (BLM) estimates that it will take until the year 2000 to implement all the conservation programs on all federal rangelands where environmental deterioration will continue in the meantime.

The estimate is contained in a draft environmental statement on the bureau's management of some 150 million acres of federal rangeland.

The statement says the declining condition of rangeland caused by overgrazing during the past century sets the stage for needed improvements.

The statement, two years in preparation, coincided with a speech by BLM associate director George L. Turcott, in Salt Lake City.

Turcott and the environmental statement both report that of the 147 million acres of public grazing land, 12 per cent is in excellent condition; 15 per cent good; 33 per cent fair; 26 per cent poor and 5 million acres are reported to be in a state of "critical condition" and 74 million are stable.

The environmental statement implies that in the West grazing is permitted on 140 million acres of federal land where it shouldn't be.

# Farm

## Cattle futures off

CHICAGO — Live cattle futures dropped again Friday.

After opening higher, prices reversed under a pounding from scattered locals and commission houses.

Commodity News Service reported final quarter range down 52 cents for June to limit and near limit losses in the back months, October through April.

Volume picked up late in the session with 11,000 contracts traded.

Observers said some of the large cattle selling was hedging while the dislodging of corn from high levels and the collapsing of wheat, beans and meal gave way to increased selling pressure.

The near-months retained weakness reportedly because

of the presence of heavy weight steers. Prices were steady in all weights. Some traders are awaiting reduced marketings next week on the basis of reduced kill numbers and the shift of farmers into field work.

**Cheese**

CHICAGO — Cheese futures were steady in all grades. Prices were steady in all grades. Prices were steady in all grades.

## Livestock

OMAHA (UPI) — Livestock — Hogs 4,500. Butchers uneven, 200-260 lbs 50-100 higher; more than 280 lbs steady to 30 higher.

Round 200 head U.S. 1-3 215-230 lbs 32-30; 2-3 185-240 lbs 30-50; 3-4 240-270 lbs 28-30; 3-4 270-330 lbs 26-27; 50-60 330-350 lbs 26-27; 50-60 350-400 lbs 24-25-26.

Cattle and calves 1,200. Not enough steers or heifers on offer for an adequate price test.

Limited sales cows 50-100 lbs; utility and commercial cows 27,000-28,500; canner and cutter 24,500-27,500.

Sheep none.

## Anthrax contaminates skins

NEW YORK (UPI) — Drums with skins, rugs and other items made in Haiti from animal skins were contaminated with anthrax, an acute bacterial disease which can be fatal, if untreated, the New York City Health Department warns.

No cases of anthrax illness have been reported in New York.

## Idaho markets

IDAHO FALLS (UPI) — Potatoes: Offerings moderate, demand good, market steady.

Basets, washed, 2 1/2 or 3 or min., 100 lb sacks: U.S. No. 1, Size A, 6 sales at 17-20; 10 or 12, mostly 14-16; non size A, few sales at 15-16; U.S. No. 2, mostly 11-10; 50 lb cartons, cwt. basis, 40-100; mostly 18 or 19 lb mesh sacks; baled per hundredweight, U.S. No. 1, Size A, few sales, 16.75-17.50; non size A, mostly 16.00.

## Idaho spuds lose ground

CHICAGO — May Idaho russet-potato futures lost 20 points Friday.

Commodity News Service said the loss came after late session pressure. Higher cash market prices in Idaho offered some early support before the option settled at \$16.00 per hundredweight. Volume was estimated at 100 contracts.

Some pressure resulted from late losses in May Maine potato futures in New York.

### Produce Prices

# Twin Falls, Boise teams share early munny lead

Teams from Twin Falls and Boise battled to a first-round series split when the annual spring baseball tournament opened at the Twin Falls municipal course.

Carl Hoss and John Rosbalt

Twin Falls, and Steve Beebe and Bob Berto posted three under par 65 to lead in the A division, meanwhile, Dick Irwin and Keith Fullmer of Twin Falls posted five to lead the B group.

In the net divistsors, Darrell

Wolfe and Larry Utley topped the B side with a 14-under 54 while the A lead was chased by Hedge and Owens at 37.

The late afternoon wind dampened the scoring and enthusiasm on the course, and was largely responsible for

holding the field to 83 teams. The tournament committee had been shooting for 100 but when the bad weather came, the late afternoon wind

The event winds up Sunday with the championship leaders being off shortly after 2 p.m.

The Beebe-Berto and Hoss-Rosbalt combinations, Twin steady golf throughout the day. But a missed birdie putt on the final hole prevented early finishers Ray Day and Phil Cooper, Twin Falls, from making it a three-way jam.

## Miss Decker sets mark for 880

WALNUT, Calif. (UPI)—Little Miss Decker, running in her last meet before entering the hospital for a tonsillectomy, overshadowed world record holder, 24-year-old Dawn Doughty, by breaking a meet record in winning the 880 at the Mt. San Antonio Relays Saturday.

The 17-year-old Decker, after tripping more than two seconds off the old mark, kicking her way to the wire to win by 18 yards over Robin Campbell of Sports International in 2:05.6.

Miss Decker, who enters a hospital Monday, suffered a tonsillitis attack two weeks ago and has been limited in her training.

The Orange High School sophomore broke the Mt. San Antonio 880 standard of 2:08.0 set by Doris Brown of Seattle's "Pace" Track Club in 1972.

The Washington D.C. Striders produced the biggest upset of the meet by outunning UCLA's unbeaten team in the mile relay. Maurice Peoples outdistanced the Bruins' Mike Parks in the drive to the tape to win by less than a foot in 3:09.7. Peoples ran the anchor leg in 45.9.

The Striders, who came here unannounced, were on their own and weren't even listed in the program. They leading runner, Gregor Sphas and Dennis Walker.

Doris Brown of Tennessee voted the meet's outstanding male track athlete, waltzed to an easy victory in the 3,000 meter steeplechase in a meet record of 10:40.4.

Milan Tiff of the Beverly Hills Striders, was named the male field athlete by getting off a leap of 55-2 1/2 in the triple jump.

## Athletics smother Baltimore under 12-hit assault 11-5

BALTIMORE (UPI)—Bert Campaneris ripped a bases-loaded double and Ray Fosse clouted a two-run homer, powering the Oakland A's to an 11-5 rout of the Baltimore Orioles Saturday and earning Calif.'s fourth victory of the season.

Pat Bando and Reggie Jackson also drove in two runs apiece as the A's 12th attack dealt Mike Cuellar his third loss without a victory this season.

Fosse's two-run homer, his third of the year, came in the second inning after he slid jumped into a 2-0 lead in the opening frame.

Campaneris singled in the first inning, advanced on an outfield error, and scored on Bill North's triple; Jackson's sacrifice fly scored North.

It was his first decision of the season.

The Rangers, after getting one run in the second, put the game and Pat Dobson away with a four-run outburst in the third inning. Dave Nelson started it with a single to left, stole second and moved to third on an infield-out before the bombardment started.

## Brewers blank Minnesota 9-0

BLOOMINGTON, Minn. (UPI)—Jim Slaton allowed only four hits and George Scott drove in three runs with a homer and a single Saturday to pace the Milwaukee Brewers to a 9-0 victory over the Minnesota Twins.

Scott drove in one run during the Brewers' fourth-inning inning with a single to centerfield which scored Don Money. Scott's fifth homer of the year in the fifth, a 440-foot shot over the centerfield fence, scored Johnny Briggs who had walked.

## Inate fans see Chicago lose

CHICAGO (UPI)—Light-hitting Eddie Brinkman crushed a pair of homers while Larin LaGow and John Hiller hurled the Detroit Tigers to a 8-3 victory over the Chicago White Sox Saturday night in a contest delayed twice by an angry vigil for the slain crewman.

The Tigers, who snapped a four-game White Sox winning streak, were pulled off the field by manager Ralph Houk in the sixth inning when irate fans began tossing cushions onto the playing field.

## Kansas City belts Boston

KANSAS CITY (UPI)—Fran Helly blasted a two-run homer, capping a four-run first inning Saturday as the Kansas City Royals throttled the Boston Red Sox behind the seven-time pitching ace of sinkerball Al Fitzmorris and Doug Bird.

The victory was the Royals' fourth in five games and the loss was Boston's fifth straight on the road.

I run a very simple business. Do you know who I am? see page 10 for answer

Have you thought of all the decisions you should make before you build?

Probably not. That's why we've prepared a short tape cassette and brochure entitled "Straight Talk About Building." They cover all major aspects of a successful building program. If you're thinking about building, they can save you a lot of wasted time and money. And that's why we want to show them to you.

Straight Talk About Building... another reason we call ourselves

# Camas speeds to B girls district title

FILER — Camas County turned loose its best athlete on a wind-blown Saturday afternoon to run off with the district Class B girls championship and do absolutely nothing to discourage expectations of it becoming a strong state contender.

SMILING Kelly Pate of Camas County romps in an easy winner during Friday's 440-yard class B district girls preliminaries. Miss Pate came back with two victories Saturday to help the Musers clinch the district title with a record-making 24 points.

The Musers won all but three running events and swept the relays in what was a completely unrespected at the longer distances. They lost only the mile, half-mile and 75-yard dash and shared first place in the 100-yard dash with Miss Chadwick of Filer.

## Scores

The top girls had their usual field day with Kelly taking the hurdles and the quarter-mile. Miss Ashmead won the 200-yard dash and tied for the 100-yard dash. In all the flat races Camas County at least doubled up and sometimes tripled three spots.

# Twin Falls girls cop district A crown

RUPERT — The Twin Falls girls scored an expected eight first places Saturday to establish sweep to another district Class A track and field championship.

There wasn't an individual double winner in the field. Stacy Bradford of Twin Falls repeated as district high jump champion.

Probably the tightest race came in the mile run where Miss Gretchen of Jerome defeated Miss Hancock of Twin Falls by two-tenths of a second.

The Brainerds' seeking a fourth straight title, wound up with 61 points with Wood River outlasted Jerome 23 1/2 to 24 for second place. Buhl had 22 and Tinto and Burley 18 each in a tight finish for the final five places.

Twin Falls was heavily favored to win the team title but Coach Bill Ingram's girls couldn't very strong in first places. They won three of the four last events with Wood River preventing the sweep in the mad-dash.

The top four places in all flat races and distances were first three in the sprints requiring curves and relays will advance.

# NFL-WFL war moves into court Monday

CINCINNATI (UPI) — The NFL-WFL courtroom war recedes here Monday. The National Football League's Cincinnati Bengals take the second step in their drive to stop the alleged "player raiding" tactics of the new World Football League.

# Jipcho wins mile in pro meet

EL PASO, Tex. (UPI) — Kenyan Ben Jipcho outran Dave Wottle and Chuck LaBenz over the last 1,600 yards Saturday in the mile run of the El Paso Pro Track Classic to finish in 4:02.3 with no threat from Jim Ryan who dropped out after two laps.

# Blalock tops LPGA tournament

BIRMINGHAM, Ala. (UPI) — Jane Blalock, the second-leading money winner on the LPGA tour, surged into the second round level in the Birmingham Classic Saturday, firing a 68 to offset Sandra Haynie's second eagle in two days.

Miss Blalock, who shot a 73 in the opening round Friday, has a 36-hole score of 3 under par 141, putting her one stroke ahead of both Miss Haynie and Sandra Palmer, the other double leader. Miss Haynie shot a 71 Saturday and Miss Palmer a 73.

# new record

ALBANY (UPI) — Home run champion Hank Aaron broke another record Friday night when he hit his 14th major league grand slam home in a game between Atlanta and Chicago.

# ROBLEE WHITE IS IN

# TF holds east SIC track title; Hillman sets mark

POGATELLO — The Twin Falls Bruins found a couple of pleasant surprises on the track and good strength in the field over to win their fifth consecutive eastern division SIC track championship Friday.

The Bruins scored 82 points, followed by Highland at 60 1/2, Skyline 50, Idaho Falls 42, Pocatello 37 and Minico 14.

Senior Terry Hillman, Twin Falls, set the only record of the day, putting the shot-66 feet-6 inches. And that event proved the power play for the Bruins.

Brent Watson, coming back from an ankle injury, was third

and Jeff Wiseman a junior, hit an all-time best of 42 1/2 for fourth.

Watson, turning better with that ankle, anchored a 160-6 discus heave to win share and Gary Miller, having some form trouble throughout the day, claimed the pole vault at 13-1.

The only other Twin Falls first place was provided by sophomore Rick Murray, who won the two-mile in 10:26. But in the half-mile couple of underclassmen came on strong.

Randy Barbour, a sophomore, was second in 2:49 and Junior Hillman was third at 2:03.1.

# T.F., Minico defeat Boise, bow to Borah

Borah swept games against Twin Falls and Minico but the Magic Valley team's time back to shutout Boise in a twin doubleheader Saturday.

Borah rapped Twin Falls 15-2 in the opener and then downed Minico 7-0 in the nightcap.

Meanwhile, Pat Warburton stopped Boise on one hit in the first game for a narrow 1-0 Minico win and Gary Huff added another shutout, in-cluding Twin Falls to win 4-0 decision.

Borah jumped on Twin Falls for eight runs in the first inning as the Bruins had control and fielding problems and Borah collected some good hits.

Again Boise, Bruce Bird's double-plated Bob Woods with

enough for the victory in the third inning and sub Jackson's two-bagger sent Bird across the fifth. Twin Falls added insurance in the sixth when Gene Turley was hit by a pitch and came around on Huff's double. Woods then double-huff home.

Warburton lost his no-hitter against Boise in the top of the seventh inning on a power-up in the middle. Minico got its starting run on a bases-loaded walk.

Twin Falls has three games set for next week, traveling to Highland Monday for a makeup game and being at Buhl Tuesday and Burley Thursday. The district playoffs start a week from Tuesday.

In SIC action, Caldwell apparently has won the western division and probably will play Skyline in the quarterfinal next Saturday for the top title. The Eastern division still could have some changes.

**Owner backs fines for drug use**

SAN DIEGO (UPI) — San Diego Chargers' owner Gene Klein says he hopes the drug violation fines levied against his National Football League team will serve as a lesson.

"The idea it came to a head, Klein said after NFL Commissioner Pete Rozelle levied the fines for apparent drug-related violations.

"I hope this is a lesson for everybody on the Chargers and for everybody in football," the team owner said.

"I think it's imperative there be strong discipline and power in the hands of the commissioner of the National Football League. His investigation showed some things were wrong and rules were broken and he had to take action. So he did."

General Manager Harland Sware was fined \$5,000 and was placed on probation by Rozelle, but Klein said Sware would stay with the club.

# Jerome breezes to Cross State crown; Harper scores three firsts for Burley

MOUNTAIN — The Jerome Tigers blinged their way to the Cross State Conference track and field championship Friday while Burley's Ken Harper trumped off with individual honors on three first places.

Coach Karl Kleinkopf's troops hammered out 111 points while Burley surprised somewhat by taking second with a solid 61 points. Mountain Home had 48 1/2 and Buhl 35 1/2.

Harper turned in some first times during the wind blown day. His top in the 100-yard dash came with the wind at his back. But even more impressive was his 22.8 in the 100-yard where the wind was equalized. He added his usual first in the intermediate 400, which was his best time, particularly considering conditions. He also anchored

Burley's second place relay team to complete his day. Jerome's usual strength in the relays was evident with four first places and Norm (Acher) bounced back toward the form expected of him all season in winning the shotput at 54 feet, 3 inches. He and brother Tom, both juniors, took turns seconding each other.

### W.R. wins Wildcat invitational

FILIER — The Wood River Wolves took the wind and cold to take the Flier invitational track meet Friday afternoon.

Coach Bob Shay's Wolves piled up 99 points while Flier had 71. Glenn Ferry 55, Wendell 38 and Gooding 23.

The wind and weather hold performance well below the respective Higgenbotham and Wendell took the two short sprints and frosh Tom Wicher of Glenn Ferry won the discus and quartermile to become the only double winner.

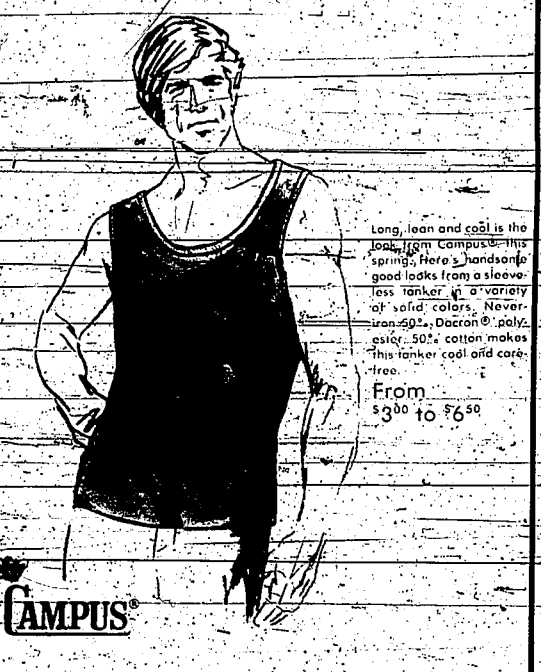

Team scoring — Wood River 99, Flier 71, Glenn Ferry 55, Wendell 38, Gooding 23.  
 100 yard dash — Flier 18.1.  
 200 yard dash — Flier 38.5.  
 400 yard dash — Flier 1:20.  
 800 yard dash — Flier 3:15.  
 1600 yard dash — Flier 7:10.

## Murtaugh claims Magic Valley league title; Schultz, Riding, Foukal double

MURTAUGH—The Murtaugh Red Devils used their strength in the field ends to tie up a big lead and win the Magic Valley Conference track championships Friday afternoon.

A strong wind prevented anything close to record times, although one new mark was set by Murtaugh's Wade Quisenberry in the intermediate hurdles—the first year of the event. He turned the course in 47.4.

Again the wind prevented Castleford's Alan Schultz from putting the quartermile record

down to the two-time state champion's par. He was clocked in 54.8, two seconds off the standard the 800-yard sophomore — on the only good weather day he had for this event.

Schultz also grabbed the halfmile, again just staying ahead of Oakley's Crawford. In the 400-yard dash, Schultz wound up his day by anchoring the 800-yard relay victory.

Dave Foukal joined Schultz in multiple victories, winning the 400 and 800-yard relays.

Quisenberry won the pole vault which saw Murtaugh take all but one of the points in that event.

Robb Riding of Declo had a good day, winning the 100-yard dash in 16.4 and taking the triple jump.

Team scoring — Murtaugh 85, Castleford 65, Declo 55, Filer 45, Pocatello 35, Idaho Falls 25, Jerome 15, Burley 10, Arden 5, and 4 other schools.

Wade O. Quisenberry, 17, Pocatello, 54.8, 800 yd. dash. Robb Riding, 16.4, 100 yd. dash. Alan Schultz, 47.4, 400 yd. dash. Alan Schultz, 54.8, 800 yd. dash. Alan Schultz, 1:00:00, 1 mile. Alan Schultz, 1:40:00, 2 mile. Alan Schultz, 2:20:00, 3 mile. Alan Schultz, 3:00:00, 4 mile. Alan Schultz, 3:40:00, 5 mile. Alan Schultz, 4:20:00, 6 mile. Alan Schultz, 5:00:00, 7 mile. ### Twin Falls golfers win again

IDAHO FALLS — The Twin Falls Bruins, starting to warm up after a rather cool spring, closed their eastern schedule with a victory over the Idaho Falls Country Club Course Friday.

Twin Falls first 4 309 to run its record in the conference play. Highland had 315, Pocatello 331, Skyline 363, Idaho Falls 368 and Minico 369.

Dec Schwartz of Highland took the medalist pin with a two-over par 74.

Scoring for Twin Falls were Gary Dineen 76, Bruce McNece 77 and Kevin Puckard and Bob Williams 78. Minico scorers were Alan Goodman 90, Dale Madden 90, Jerry Temple 94 and Jerry Coil 95.

Twin Falls will defend its conference championship over the Idaho Falls Pinecrest course next Friday.

### O'Leary takes own invitational

Libby Huddleston won the 200 and 400-yard dashes to lead O'Leary to victory in the annual O'Leary frosh girls invitational Thursday.

O'Leary scored 80 points, followed by Stuart at 68, Jerome 45, East Minico 219 and West Minico 5.

The other double winners were Miss Schenk of gold in the weights and Miss Thompson of Jerome in the two short sprints.

**ABA requests all-star ban**  
 PROVIDENCE, R. I. (UPI) — The American Basketball Association filed a suit Friday asking that a temporary restraining order be granted which would prevent a proposed all-star game from being played here May 18.

On Thursday players of the ABA and rival national basketball association announced they would meet for the game to aid Negro charities.

# Charles overtakes Allin in tourney of champions

BANCHO LA COSTA, Calif. (UPI) — New Zealand south-paw Bob Charles shot a five-under par 67 Saturday to overtake dominant Buddy Allin and grab a one-shot lead with a 54-hole total of 200 seven under, in the \$200,000 MONY Tournament of Champions.

I didn't miss any putts I thought I could have got. Deadlocked for third place two-shots back at 211, five under, with a 67, Herbert Green, this year's Greater Jacksonville champion with a 66 and John Mahaffey, who had a 71 Saturday.

## Kenyans lead ENM to two Drake wins

DES MOINES, Iowa (UPI) — Two Kenya natives helped propel Eastern New Mexico to a pair of titles Saturday at the 66th annual Drake Relays.

Florida State's Dashi Smith, a victory in the 105-yard high hurdles in a sun-baked 11 1/2 mile Smith, winner of the Florida Relay 10-year high jumper this year, was the runner-up in 105 yards. However, the record was shattered due to an 11-mile an hour wind gust behind Smith, who competed for the Bahamas in the 1977 Olympics. It was Larry Spill of Louisiana State in 13 1/4.

SUNLIGHT FILTERS through the remaining open sections of the new Louisiana Superdome as workman lines up his transit on the floor. The stadium is now about 80 per cent complete. (UPI-Telephoto)

## Lid about to close

## Cannonade wins Stepping Stone to give trainer 1-2 chance at Kentucky Derby

LOUISVILLE, KEN. (UPI) — Cannonade exploded with speed in the stretch at Churchill Downs Saturday to win the \$10,000 Stepping Stone purse by two lengths and give trainer Woody Stephens a powerful 1-2 pitch for next Saturday's running of the Kentucky Derby.

seven furlong race. Destroyer, the Santa Anita winner was third in the field of 13. 1 1/2 lengths farther back.

The race was marred by a spill at the start. One straggler, the gate acceptor tossed spunky Mike Rivera and then continued on his own. The colt actually crossed the finish line ahead of Cannonade but officially he was placed last in the race.

Looking forward to a bigger payoff next Saturday in the Kentucky Derby.

## Trade of pitchers shocks New York

NEW YORK (UPI) — The New York Yankees recovering somewhat from their initial shock at losing almost half of their pitching staff, greeted their three new teammates Saturday and offered to help them get settled.

Jason used him immediately in relief. Peterson, involved in the wife-swapping episode with Mike Kocik last year, had asked to be traded after a poor 8-15 season and Kline, 28, was on the disabled list most of last year after winning 16 games in 1972.

The biggest disappointment in the race was Protagonist, the 1978 juvenile champion. He was the last horse to finish and earned in his third straight poor performance. Protagonist came out of the race with a cut on his left rear foot.

Silver Hope finished fourth followed by Don't Be Late Jim, Tisab, Sir Tristram, East Sea, Leroy's Champ, Colin Ferris, Silver Platin and Protagonist.

Although many Yankee players felt the club had given away too much pitching strength, General Manager Gabe Paul, who formerly was at Cleveland, indicated that Tidrow might be a surprise.

Don't underestimate Tidrow, Paul said. He is a great contact hitter and will be helped greatly by coming to New York. Working with Thurman Munson, the Yankee catcher, will be more beneficial to him than anything else.

Cannonade, who has lost previous showing, this year was a second in the Florida Derby. He stambled Saturday, won for the first time this year. Last season however, he was one of the nation's top two-year olds, winning three stake races and \$197,670.

## Retreads perform off the road. They'll perform on your family car.

For all the road performance you need a tire that will hold up to busy life. That's why many people are turning to off the road performance use retreads. They're durable and they hold up to rough punishment.

One of the most durable retreads you can buy for your family car is the Tru Bond from Big O. They're made in one of the newest factories in the northwest by skilled craftsmen. And double checked six times to insure durability. They're like new tires but at half the cost.

They're built better than most retreads. Backed better than most new tires.

FORECAST FOR SUNDAY, APRIL 28, 1974

**GENERAL TENDENCIES** You want to show off your best points to those you would like to impress this Sunday, but it is not the right time to do so. Get ahead by committing application to the tasks at hand that bring you greater overall security.

**ARIES** (Mar. 21 to Apr. 19) You can now come to a far better understanding with kin than has been possible in a very long time. Listen to what they have to say.

**Taurus** (Apr. 20 to May 20) Treat arguments at home if you get in big trouble right now, when odds are in a belligerent mood.

**GEMINI** (May 21 to June 21) You have a fine opportunity to talk over big plans for the future with key persons. They start making arrangements to put them in operation.

**MOON CHILDREN** (June 22 to July 21) Plan in a practical way how to add to your present income instead of just talking to almost everyone and getting nowhere.

**LEO** (July 22 to Aug. 22) Show up how much you appreciate the food you will have shown you in the past, and they give you further assistance. Entertain, entertain, entertain tonight.

**VIRGO** (Aug. 23 to Sept. 22) Diagnose where you are headed and how to get there faster. Then get into your regular work. Help one in need in p.m.

**LIBRA** (Sept. 23 to Oct. 23) Keep quiet about aims until you are absolutely sure of them. Get advice from an expert. Stop working in p.m. and enjoy recreation.

**SCORPIO** (Oct. 24 to Nov. 21) Enjoy recreation with good pals, following their suggestions. Discuss with a buddy what your aims are and get their support you want.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Taking steps to get into important jobs and keeping promises you have made is wise today, though it is a Sunday. Not a good day for sociability.

**CAPRICORN** (Dec. 22 to Jan. 20) Cooperate with associates and you make the future more pleasant with them. One who opposes you wants to control, so steer clear of this person.

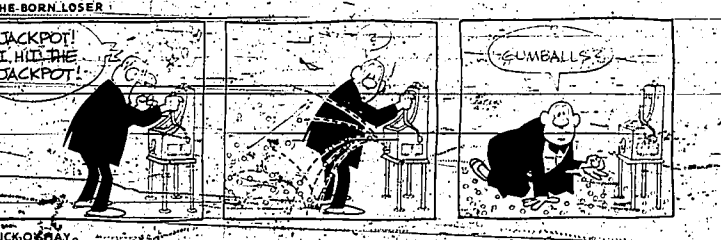

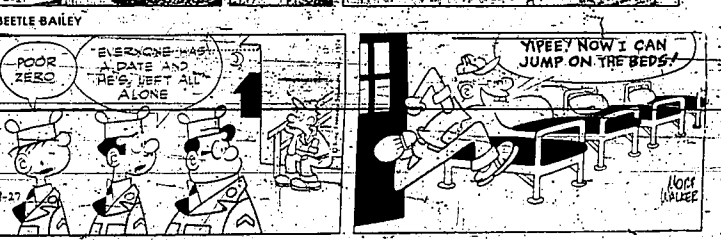

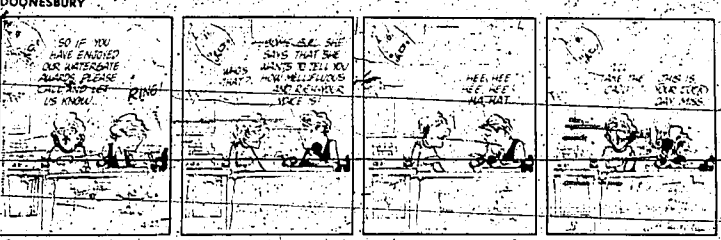

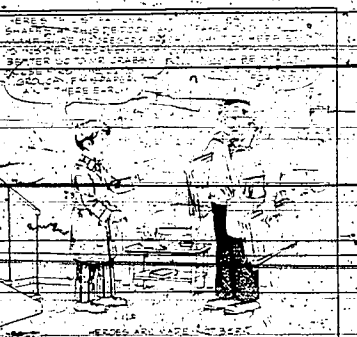

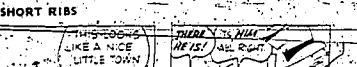

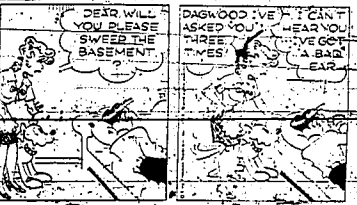

**AQUARIUS** (Jan. 21 to Feb. 19) Get much done at home for which you seldom have time during the busy work week. Get new gadget in order. Invite friends in during the p.m.

**PISCIS** (Feb. 20 to Mar. 20) Try a different routine when Sunday activities are concerned and make this a more interesting, happy day. Buy presents for loved one. Avoid one with wrong ideas.

**IF YOUR CHILD IS BORN TODAY** he or she will want to show the outstanding ability he or she possesses, which is fine. Be sure to give the best education that will place your youngster at the top of profession that is chosen, which could be one helpful to the public in general, particularly in the field of government. Make sure you encourage your son or daughter with praise when some work is done well.

**The Stars impel, they do not compel!** What you make of your life is largely up to YOU!

BLONDIE

# What's What

L. M. Boyd

**How many physicians can you name who turned out to be leading authors?** Start with Somerset Maugham, Aldrich, J. Conrad, F. Scott Fitzgerald, and of course, Benjamin Spock. But the list is far longer than that. Time comes to mind because a custom made the aged Dr. F. M. Alexander responsible for the famous "Rooster Theaters." He was 71 by age 90 he had put it through 26 editions. As previously reported, Roger was the best selling physician in all of literature.

Why do cats purr? A fellow expert contends that a cat's left ear is an ancient mechanism to use the left ear.

**Not many citizens realize that the average cat kept in good condition generally starts to become more valuable again after about 10 years.** **and some.**

**THIRTEEN**

No seasoned citizens who worked as a long haul truck driver before World War II should forget the lung. Gasoline was pushed water, Wastax, a soup socky. Low gear, the grandma hole. Pulling truck, a cake-eater. Sleeper bus, a paloma wagon. Remember it. And a job that talk was current then, were at least 30 long trousers for collars. Name live.

**Only quaking and locally need to survive in powdered milk, calcium, fortified cereal and vitamin pills.** That's the claim of a San Francisco doctor.

**One chance in 10, statistically.**

**MISSOURI HOUSE**

**Women who have had a long, uneventful, unexciting marriage are not usually lonely!** Think nothing of it. A scholar who studies personality traits suggests that happy housekeeping is the sign of a creative mind. Dr. Donald Mackinnon is the authority here. He contends creative people tend to have a higher quality of orderliness. So can be bothered with the usual significant factor of unclean, soiled, little affairs and dishes in the sink. Glad to hear it.

**Because babies best in the lower range of scores that are more usual, may be a good 10 or more points than by a woman's Or so, says an anthropologist.** Cath is said to be the possible exception. They supposedly bear higher tones than other fish.

**The calves of girls legs today (on the average) are slightly larger than the calves of girls' legs, 35 years ago. Why is that?** Women's legs are smaller, however. And so are they in proportion to their bodies.

**Someday, you'll own a Yamaha**

SOME of EUROPE'S top motorcycle riders helped us to design the new MX250. The result is a bike that is a true out-of-the-crate racer. Aluminum alloy frame and hubs. CD ignition. Center mount exhaust and expansion chamber. Thermal-Phase rear shocks. Torque Inhibition. Polypropylene fenders and liberally seat assembly. Alum carb. In other words, you don't have to sink a fortune into the MX250 to make it a contender.

**NOW WE HAVE THE YAMAHA YX 80 - PLUS A GREAT SELECTION OF MX'S TO CHOOSE FROM.**

The Dealer You Can Depend On

500 Block of 2nd Avenue South 733-5776 New Cars or 733-4413 Used Cars

**Pioneer equipment**

EARLY PBX switchboard similar to those used in the old Park and Elmer hotels in Twin Falls was donated to the Twin Falls County Historical Society museum. Donors are members of the Telephone Pioneers of Twin Falls. Here, Fred Byrne, left, member of the organization, presents the gift to Harold Waggoner, center, with telephone company official Paul Ruetzel looking on. The PBX units of this type were popular in the 1930s and '40s and disappeared in the 1950s.

## Jerome bond passage to increase school space

(Editor's note: This is the second in a series of articles dealing with the April 30, \$3.7 million bond election for a new high school in Jerome.)

The proposed high school will alleviate overcrowded conditions in the school system, according to Lyle Van Orman, school board chairman.

Van Orman said the new school will contain 120,000 square feet at an estimated cost of \$25 per square foot or 130 square feet per student.

"The present high school contains 45,388 square feet or 63 square feet per student. The state board of education requires 120 square feet per student for high school and 100 square feet per student for other grades," Van Orman said.

He explained the present high school was built for 400 students and that district enrollment is 547 students in the top three grades.

"The new high school is projected for 1,000 students as a substitute for 1,000 students in the top four grades, which is expected to be higher by the time the new school is constructed," Van Orman said.

Figures show that Jerome has averaged five per cent growth in the past three years in the school system. A recent report by the Idaho First National Bank shows that Jerome last year grew 16 per cent.

If this growth continues the present school facilities, which are now over crowded, will not be able to handle the extra student load—and the possibilities of having to run a split shift for class may occur," Van Orman said.

He noted that by building a new high school the district would solve the problems of growth for all grades 1-12 by giving room for 20 to 25 per cent enrollment growth.

If the voters approve the \$3.1 million bond issue it will mean that the first, second and third grades will be divided between Washington and Jefferson grade schools, the fourth, fifth and sixth grades will use the junior high school; the seventh and eighth grade will be in the present high school, and grades 9 through 12 will be in the new high school.

Lincoln Grade School will no longer be used for classrooms but will be used by the district for storage, Van Orman said.

"A new school would enable us to have music, physical education and library facilities for grades 4-6 in the present junior high and 7th and 8th grades would have expanded science, library facilities, physical education and lunchroom space. Use same roof," Van Orman said.

The new high school will accommodate the district's entire academic program and give adequate space for an improved and enlarged vocational department. Plans call for three laboratories and five lecture rooms for science; five classrooms for sociology; two classrooms for home economics; four classrooms for commercial classes which will include typing, shorthand, office practice, accounting and record keeping; eight classrooms for English; expanded reference area and diversified services offered for the library; three math classrooms; and 120 classrooms for foreign languages.

Also included in the new high school will be areas for music, art, a computer laboratory with a 300 seating capacity; vocational ag learning area with a general workshop area for electronics, woodworking, metalwork, small motors, power tools, shop and electricity and auditorium with seating for 1,000 that can be expanded in the future to 1,200 plus a gymnasium which will be used 80 per cent of the day for physical education with a seating capacity on the ground floor for 1,200 and 600 upstairs.

Van Orman pointed out that a grassy practice area would be provided but that the football field and track area located at the present high school would be used for football games and track events.

Dr. Florence Peterson, Rt. 2, Box 174, Coalinga, before the meeting, King said.

He noted that anyone who attended the State Employees Day in Boise should attend the meeting in order to be reimbursed.

King said that ballots are mailed to ISEA members in Magic Valley and they are to be brought to the meeting.

Anyone not receiving a ballot may vote at the meeting. If members are not able to make the meeting they are asked to mail the ballots back to Magic Valley chapter of ISEA in care of Florence Peterson, Rt. 2, Box 174, Coalinga, before the meeting.

King said that anyone who attended the State Employees Day in Boise should attend the meeting in order to be reimbursed.

King said that anyone who attended the State Employees Day in Boise should attend the meeting in order to be reimbursed.

## CSI studied by team

TWIN FALLS — A 15-member team studying the College of Southern Idaho this week to make recommendations concerning the future accreditation of the institution.

The team, an arm of the Northwest Association of Secondary and Higher Schools, is reviewing all components of the college in light of a report made by CSI and by actual visitation at the school. CSI President James L. Taylor said.

A confidential report is prepared by the team and submitted to the 25-member Commission on Higher Schools at its semi-annual meeting in June. The college officials respond to the report, which details team findings on the institution's strengths, weaknesses and needed paths for change.

The commission then takes action, either denying or affirming accreditation for the institution or granting provisional accreditation.

This is the first time in six years that CSI has faced an evaluation team. Other institutions being looked at for accreditation this year include Boise State University, Idaho State University and the University of Idaho, Dr. Taylor said.

States included in the accreditation team are Oregon, Washington, Oregon, Nevada and Utah.

Dr. Taylor said that accreditation was voluntarily sought by colleges because "it gives the institution integrity. Almost all colleges seek accreditation."

Dr. Richard S. White, chairman of the accreditation team and president of Shoreline Community College, Seattle, Wash., said today the team was here at the College's invitation to prepare a report that is confidential to the institution, intended for their internal use.

Dr. White said he couldn't comment on any aspects of team findings. He added, however, that he was "impressed with the institution and personnel."

Dr. Taylor expressed his confidence in the evaluation group. "I feel that the team can adequately assess our inadequacies," he said.

Dr. Taylor said if the team had criticisms of the college, he believed they would have a "constructive" meeting Thursday and today at the college tables with administrators, faculty board of trustee members, students' secretaries, maintenance personnel and others, according to Dr. Taylor.

Dr. James S. Bemis, the executive director of the Commission on Higher Schools, participated in the study, in addition to a Canadian Observer, Dr. Frank J. Speckeen, president of the College of New Caledonia, Prince George, British Columbia.

WENDY PETTY, CLAUDIA TRUE given stipend

## 2 TFHS senior girls given scholarships

TWIN FALLS — Two Twin Falls High School seniors, Wendy Petty and Claudia True, are recent scholarship recipients.

Wendy, daughter of Dr. and Mrs. Wendell Petty, has received a presidential scholarship for one year at Brigham Young University, Provo, Utah.

She has been active in Sigma Hi-Y, Drill Team, Pep Club, Girls' League, choir, Madrigals and the National Honor Society.

Christin True, daughter of Mr. and Mrs. Francis L. True, is the recipient of an Idaho State Civic Symphony Scholarship (\$300) and a room scholarship from Idaho State University (\$400).

She has been active in National Honor Society, advanced biology, orchestra, TF station suspended

TWIN FALLS — The Idaho Department of Law Enforcement has suspended the right of Gordon L. Thomas at Sam Thomas Chevrolet to inspect vehicles for the state.

Thomas' inspection permit has been suspended 30 days for failure to properly inspect a vehicle.

Dr. Taylor expressed his confidence in the evaluation group. "I feel that the team can adequately assess our inadequacies," he said.

Dr. Taylor said if the team had criticisms of the college, he believed they would have a "constructive" meeting Thursday and today at the college tables with administrators, faculty board of trustee members, students' secretaries, maintenance personnel and others, according to Dr. Taylor.

Dr. James S. Bemis, the executive director of the Commission on Higher Schools, participated in the study, in addition to a Canadian Observer, Dr. Frank J. Speckeen, president of the College of New Caledonia, Prince George, British Columbia.

## TF students honored

TWIN FALLS — Three Twin Falls students have been named to the winter quarter honor roll at the University of Utah.

Debra Ann Mendolia, freshman humanities student and the daughter of Mr. and Mrs. Joe Mendolia, also received the honor. She will be named to the honor list if she maintains an average of 3.5 or better in all academic subjects.

## Gem State employees to elect directors

JEROME — The Magic Valley chapter of the Idaho State Employees Association (ISEA) will hold election of officers Tuesday.

The meeting will be held at 6 p.m. at the Jerome County Courthouse. It is the first meeting since the last meeting of the ISEA will be discussed, according to Wayne King, president.

King said that the position of president is George Merritt, Walter Bass, treasurer, C. L. Smith and John Perfect; secretary, Vera Ryals and Florence Peterson, vice president. A three-way race between Rex Speckman, Fred Braga and Ken Baumgartner.

Directors for region 4, Ivan Mink and Clarence Norris. Two alternates are to be elected between Ed Scholes, Deolne Schmidt and William Whitox.

King said that ballots have been mailed to ISEA members in Magic Valley and they are to be brought to the meeting.

Anyone not receiving a ballot may vote at the meeting. If members are not able to make the meeting they are asked to mail the ballots back to Magic Valley chapter of ISEA in care of Florence Peterson, Rt. 2, Box 174, Coalinga, before the meeting.

King said that anyone who attended the State Employees Day in Boise should attend the meeting in order to be reimbursed.
