## TF temperature dip matches worldwide cooling

By DAVID HORSMAN  
Times-News writer

TWIN FALLS — Although it may be common knowledge among "weathered" old-timers, records show average temperatures in Twin Falls have been especially cool during the past five years.

And so far this year the temperatures have been even further below average levels.

The average temperature from the five-year period ending in 1974 was cooler than any five-year period since weather readings were taken at the Bureau of Entomology and Laboratory in Twin Falls in 1930.

The most recent five year period averaged

more than one-half degree cooler than the average temperature of the preceding 40 years taken as a whole.

The local temperature did correspond to a declining temperature trend reported worldwide since about 1940.

Weathermen at the Snake River Conservation Research Center east of Kimberly are quick to point out, however, that the "chilling" statistics may be meaningless because they deal with a very small period of time in climatological history.

Maurice Faubion, an agricultural advisory meteorologist, and Jim Terry, a weather ser-

vice specialist, also say they aren't ready to take a position in the growing debate among weathermen over the possibility of a new ice age.

Faubion does say, however, that the experts who claim glaciers are due for a comeback are in the minority.

Many of those predicting a new ice-age say man will continue pouring pollution into the atmosphere, which will block out more and more sunlight. As the sun's rays decrease, the earth's surface will cool and bring on another ice age, they warn.

The Times-News used the time period from 1930 to 1974 because nearly all of the tem-

peratures were gauged at the same place during that span — the U.S. Bureau of Entomology Laboratory on Blue Lakes Boulevard North.

The only exception was 1974, when temperature-taking duties were assigned exclusively to the Kimberly center. Although the center's figures were used for 1974, they were adjusted to correspond to temperatures at the Twin Falls site.

Five-year temperature averages during the 45-year period ranged from a low of 49.008 degrees (1970-74) to a high of 50.666 degrees (1950-54).

## today in brief

**Henry, Gromyko plan Vienna meet**  
VIENNA (UPI) — Secretary of State Henry Kissinger and Soviet Foreign Minister Andrei A. Gromyko will meet here next week, an Austrian spokesman said today. He said Austrian Chancellor Bruno Kreisky has postponed a trip to Romania scheduled for May 18 because of the Kissinger-Gromyko visit.

**Raps US entry**  
CHAPEL HILL, N.C. (UPI) — The U.S. should not have become involved in the Vietnam war, retired Adm. Elmo R. Zumwalt said Sunday. The former chief of naval operations told Air Force and Navy ROTC graduates at the University of North Carolina the nation should never have taken a stand in Vietnam, "a nation with a history of colonial wars."

**FBI checks JFK death site photo**  
WASHINGTON (UPI) — The FBI is re-examining photographs of three stabbily dressed men being led away by police "near the scene" of President John F. Kennedy's assassination in Dallas, sources said today. An FBI photographic expert was sent to Dallas on the request of the Rockefeller Commission to look at the pictures, which show three apparent vagrants who temporarily were detained by police after Kennedy was shot.

**Court keeps oil dispute on docket**  
WASHINGTON (UPI) — The Supreme Court agreed today to keep the Atlantic offshore oil dispute on its docket so it can settle specific boundary issues that come up. The court, which said an oil spill from the federal government, which said any tideland suits will get decided more quickly and efficiently by the Supreme Court with assistance from one or more special masters than if the litigation had to begin in U.S. District Court.

**Nebraska's Hruska won't run in '76**  
WASHINGTON (UPI) — Sen. Roman L. Hruska, R-Neb., said today he will not seek reelection next year. Hruska, a conservative who has served in the Senate since his election in 1964, plans to return to private life in his native Nebraska.

**Plans 'kibbutz'**  
CAMP PENDLETON, Calif. (UPI) — Former South Vietnamese Vice President Nguyen Cao Ky said in a television interview Sunday he wants to establish an Israeli style farming "kibbutz," perhaps in Arkansas or Texas. "The collective farm would be to aid large numbers of Vietnamese refugees," Ky said he has received many offers of farmland which could be used for the project.

**California medical boycott spreads**  
SAN FRANCISCO (UPI) — A doctor's work boycott spread to urban areas of Northern California today in an effort to force quick legislative action on soaring malpractice insurance rates. Doctors said they were expanding the 12-day boycott to include San Mateo, Santa Clara and Sacramento counties. The physicians are seeking relief from insurance rate hikes of up to 600 per cent from last year.

**Judge says Boston schools 'explosive'**  
BOSTON (UPI) — U.S. District Judge W. Arthur Garrity said today an explosive situation appears to exist at racially troubled South Boston and Hyde Park high schools. Racial violence could be triggered unless authorities act to prevent, he said. The schools have been the focal point for opposition to a 1974 court order to integrate the Boston public schools by means of busing.

**Recovered planes**  
B-57 FIGHTER bombers are unboxed from the deck of the aircraft carrier Midway at Apra Harbor, Guam. The planes, including A37-fighter bombers at left, were evacuated from Utopia Air Base in Thailand after they were flown there by Vietnamese pilots escaping from the Communists. Vietnamese Communists have demanded the return of the planes. (UPI)

**Supreme Court to rule on public housing sites**  
WASHINGTON (UPI) — The Supreme Court today agreed to decide whether the federal government can be forced to build public housing in predominantly white suburban areas to remedy past inner city discrimination. The justices will decide next year in a Chicago case whether unwilling suburbs must accept federal public housing because past high-rise projects have concentrated blacks and the poor in downtown ghettos. The appeal was brought by the Department of Housing and Urban Development. HUD claimed the courts can't force the government to build housing in the Chicago suburbs despite evidence that the federal least 1964 in using public funds to create virtual high-rise ghettos on the south and west sides of the city where blacks already lived. In another major action today, the court ruled 5 to 2 that environmental groups are not normally entitled to recover expensive attorney fees when they defeat well-financed companies in court. The decision could deter individuals and public interest groups from bringing environmental suits even if they can be readily won in court. In other action, the Justices: —Refused to hear Boston's appeal of the controversial court-ordered integration of the South Boston schools. —Rejected, 6 to 2, efforts by civil rights groups to steer more cases away from state courts and into federal forums to test laws they consider discriminatory. —Struck down a Texas law requiring voters in bond elections to have registered personal or real property with the state. —Rejected attempts by a national children's rights organization to obtain confidential recommendations by the National Institutes for Health for funding experimental programs to control hyper-active children. —Refused to hear appeals by Michigan and Kalamazoo of a court-ordered school desegregation plan. The complex housing case was begun in 1966 when black residents of Chicago public housing filed suit against the Chicago Housing Authority and HUD.

**Mr. T-N says**  
Will this climate shift spark a run on the longjohn supply?

**Vietnam Reds pledge vote**  
SAIGON (UPI) — The Viet Cong's Provisional Revolutionary Government has called a three-day holiday May 15-17 to celebrate the Communist takeover and has promised to hold nationwide elections. The PRG also called for the reunification of North and South Vietnam but said the first priority is restoring life in Saigon to normal. The series of announcements meant that the ouster of South Vietnam's new regime is emerging slowly and it appeared today that the Provisional Revolutionary Government, not the military nor the North Vietnamese, is in charge. Until two days ago, all government announcements were signed either by a Citizens Committee or the Saigon-Gia Dinh Military Management Committee under the name of Col. Gen. Tran Van Tra, whose title was last vague.

## Mansfield wants study of US refugee aid plans

WASHINGTON (UPI) — Senate Democratic Leader Mike Mansfield said today Congress must take time and examine the administration's Vietnam refugee assistance plans in detail before approving any money. Mansfield's statement came at a time when administration officials have been forced to slow down the resettlement of Vietnam refugees in the United States for lack of money. "We ought to go into this in great detail before approving any money for the Vietnam refugees," he said. Mansfield also called on the Senate to hold a "very thorough and conscientious" set of hearings "on the entire refugee resettlement problem before approving any additional funds. Although the House was expected to act this week on a bill that would give President Ford \$400 million of the \$507 million he requested for resettling the refugees, Mansfield indicated

final passage would be delayed. The Senate Foreign Relations Committee was holding hearings today on a bill introduced by Sen. James O. Abourezk, D-S.D., to authorize 50 days and require the administration to justify the need for more funds within the next 60 days. Mansfield also said he was "greatly disturbed" and "sadly disappointed" by the administration's reaction to a bill passed by the Senate last Friday to use unspent Vietnam military aid funds for refugee assistance. Mansfield quoted one administration official as saying that the bill by Sen. Mark Hatfield, R-Ore., was a "nice gesture" but that it would take 30-60 days to determine how much is in the military pipeline. "Well, that's a hell of a way to run a railroad," Mansfield told reporters. "The money is there."

## Shot wounds Buhl farmer

BUHL — A Buhl farmer was injured in a freak shooting accident Sunday evening. Sheriff Paul Corder said Harry Martins, Buhl, was irrigating a field about 4 1/2 miles west of Buhl Sunday when he discovered his right arm had been pierced by a bullet. Martins' wife said this morning that the slug knocked her husband to the ground and his first thought was to get in his truck and get to the hospital. She said he heard the shot and saw a neighbor boy about a quarter mile away with a rifle. Corder after ruled the shooting accidental. He said the boy had been leaning against the back of a car shooting at a blackbird in a tree. He guessed that the shot must have ricocheted and hit Martins' arm. The slug, Corder said, pierced the muscle of Martins' arm and broke the skin on his chest before apparently falling to the ground. Mrs. Martins said no charges were filed against the boy. "He was quite upset about it," she said. "He just didn't realize how far a bullet would go." This morning, she said, her husband found the bullet in his boot where it had fallen after striking his ribs.

## Lebanon raided

By United Press International  
Israeli troops raided suspected Arab guerrilla targets in southern Lebanon for the first time in four months in an overnight operation and captured five hostages, the military command said in Tel Aviv today. The command said the troops entered the Lebanese villages of Bint Jubail, Alita Ech Chaab and Arin, all within two miles of the frontier. An Israeli source said there was no shooting and nothing was demolished, but Arab reports from Beirut said the Israelis blew up a restaurant and a medical clinic. The report said six civilians, including a doctor and a ranking member of the Lebanese Communist Party, were kidnapped.

# Dams threaten cut in salmon, steelhead fishing

BOISE (UPI) — Idaho fishermen face the possibility of curtailed salmon and steelhead fishing in 1975.

Why?

Boys constructed on the Columbia and Snake rivers in the past decade "for hydroelectric energy have impounded most of the free-flowing sections of these rivers and have lowered the water levels in both high and low flow years, are deadly to migrating salmon and steelhead."

The National Marine Fisheries Service began its report on the Snake River Salmon and Steelhead Crisis with the statement, "The water is supersaturated with atmospheric gases to the levels that are lethal to fish. In low flow years, with no spill, an even more destructive situation develops in which all

downstream migrants must pass through turbines that either kill them outright or injure them and make them vulnerable to predators.

In graphic descriptions of what might happen in the future, the report uses the 39 turbines at five of the eight dams on the main stem of the Snake River as an example. In a low flow year, or 10 months heading toward sea, three will survive.

Projections into 1975, when 54 turbines are expected to be operating at six of the dams, show slightly more than two of 10 sea-bound fish surviving.

One low flow year under the present conditions can nearly destroy the out-migrant population for a year, a critical situation, the report says.

By 1979, one average or low flow year can nearly destroy the out-migration for that year.

Two successive years of low flow, average flow, or a combination "will be disastrous to the salmon and steelhead in the Snake River."

The Marine Fisheries Service called the estimates "conservative."

The report says in 1973, a low flow year, steelhead survival from above Little Goose Dam to the Dalles Dam was five per cent. With the Snake River steelhead population fluctuating at a very low level—near zero to 20,000—two years in a row could destroy the run. A similar situation exists for chinook.

The salmon and steelhead runs of the Snake River will be unable to survive long after 1979 unless corrective action already initiated is carried out without delay," the report says.

Three major causes of the decline listed in the report are turbines, supersaturation and delays in migration.

Numerous experiments have tried to find out how many fish turbines kill. Results show a range from seven per cent to as high as 30 per cent, the report says. In low flow years, the percentages were higher. In 1973, a low flow year in which almost all the young migrants had to pass through turbines, a 95 per cent loss of chinook salmon and steelhead was measured from the Salmon River to the Dalles.

Other factors that have caused the turbines to often snuff or injure, making them easy prey for predators, the report says. Fatigue is affecting almost all of the dams along the river, the turbines' effectiveness as fish grinders.

During high flow years, supersaturation replaces the turbines as the number one fish killer. On the basis of survival estimates made in the Snake and Columbia from 1966 to today, juvenile fish losses ranged from 40 to 95 per cent.

# Chukars trim Eagles

TWIN FALLS, Idaho (UPI) — Treasure Valley Community College made it three out of four Sunday when it swept both ends of a baseball doubleheader from the College of Southern Idaho. The Chukars shut out the Golden Eagles 6-0 in the first game and beat them 8-2 in the nightcap Sunday.

## Question...

Do you think it is possible that someday we may be so short of burial space that cremation will be compulsory?

# Answer...

It is quite possible that land available for cemeteries near large cities may soon be in short supply. Very possibly also the cost of land to be used as burial space may be quite expensive.

At the present time 47% of those who die in England are cremated because it is cheaper! There is no reason to believe we will ever exhaust burial space in America. 1625 people can be buried in a cemetery acre. If private cemeteries adopt the policy of the government cemeteries, and permit two burials in each space, this figure would be doubled.

Investment by a family in well managed cemetery property is always a prudent decision... not because it may be scarce in the future... but because it will make things easier for everyone when the need arises.

## Mary E. Gilkey

TWIN FALLS — Graveside services for Mary E. Gilkey, 72, Boise, who died Thursday, were conducted today at Sunset Memorial Park.

A former Twin Falls resident, Mrs. Gilkey was born in Nevada, Mo., on July 7, 1902. She attended schools in Twin Falls, and Wendell, graduating from Twin Falls High School in 1921. She was married to Lloyd G. Gilkey in September, 1924. He died in 1944.

Prior to moving to Boise she worked for the Mountain States Press-Boise, from 1947 until retiring in 1970. She was an active bowler and served as president of the Idaho Women's State Bowling Association in 1943. Mrs. Gilkey was a member of the Bookbinders' Union.

Surviving are a daughter, three sisters, four grandchildren and a great-granddaughter.

A son, four brothers and a sister also preceded Mrs. Gilkey in death.

Rhylene Mortuary, Boise, was in charge of arrangements.

## Ann Hernandez

TWIN FALLS — Ann Hernandez, 82, Twin Falls, died Sunday at a nursing home here.

Born Nov. 8, 1892, at Point Bonita, Calif., she lived all her life in California until coming to Twin Falls in 1947.

Surviving are a son, Rev. Frank D. Duran, Jerome; a sister in California, one grandson, and one great-grandson.

Funeral services and burial will be in Watsonville, Calif. Local arrangements were under direction of White Mortuary.

## Funeral Services

**GOODING** — Funeral services for Clyde M. Gooding, 82, Gooding, who died Wednesday, will be conducted at 2 p.m. Tuesday at Thompson Chapel. Final rites will be in Elmwood Cemetery.

## Briefs

**TWIN FALLS** — Robert Harold Eklund, son of Mr. and Mrs. Gustav A. Eklund, Twin Falls, has been named to the honor roll for the term 2 at Southwestern at Memphis in Tennessee. The honor roll recognizes students who earn an "A" average during the term. Eklund is a senior biology major.

Boys were born to Mr. and Mrs. Tom Mattix, Wendell, to Mr. and Mrs. Reuben Donaldson, Gooding, and to Mr. and Mrs. David Davis, Twin Falls. Daughters were born to Mrs. Vickie Latrelle, Twin Falls, and to Mr. Mrs. Ely Avila, Jackpot.

## Gooding County

**Admitted**

Mrs. Howard Hill, Spokane; and Mrs. Claude Gooding, Wendell.

## Manuel Gomez

MINDOKA — Manuel Gomez, 38, died Friday after being injured in a motorcycle accident near Mindoka.

He was born Aug. 31, 1936, at Cantuna, Zacatecas, Mexico.

Funeral services and burial will be in Cantuna, Zacatecas, Mexico.

Local arrangements are under the direction of the Walk-Hansen Mortuary, Rupert.

## Earl E. Cook

TWIN FALLS — Earl E. Cook, 60, Twin Falls, died Saturday after an auto accident.

Born Feb. 19, 1915, in Cherry County, Wyo., Mr. Cook was married to Rose Marie Speri at Clarkson, Neb., on Jan. 2, 1938. He came to Idaho in 1939 and farmed until his retirement. Mr. Cook moved to Twin Falls from Eden in July, 1974. He was a member of Trinity Lutheran Church, Eden.

Surviving are his wife; his father, Charles Cook, Sheridan, Wyo.; a daughter, Sharon Rose Cook, Twin Falls; two sons, Gary Earl Cook, Rockland, Mass., and Duwain Jay Cook, Hanson, Mass.; a brother, Charles Stroud, Wash.; two sisters, Lorraine Morris, Hayward Park, Calif., and Elverna Hegr, Madison, Neb.

Funeral arrangements will be announced by White Mortuary.

PRINCE SOUVANNA PHOUMA tries to calm fears.

# Grab by Reds

(Continued from p. 1)

Souvanna's brief radio message did not mention the political upheaval directly, nor did it give any indication of how he expected it would be resolved. He said rumors were being spread by "opportunists seeking to further their national interests—undermine the national economy and destroy peace."

"In reality, the situation of our country is not serious," Souvanna said. "The government has not changed its role and policies but will firmly continue to apply the Vietnamese peace agreement and peace protocols."

Although Hoi Anh official has been said about reinforcements for the departed members of the coalition cabinet, political and diplomatic sources here expect they will be succeeded by figures who will offer little resistance to a Pathet Lao takeover.

# New Soviet space center on display

KALININGRAD, USSR (UPI) — Space officials today put on display for the first time the Soviet Union's sleekly modern manned space flight control center.

Nestled discreetly amid ramshackle log cabins in this town an hour's drive from Moscow, the long-secret center bristles with sophisticated technology.

The government invited a group of foreign journalists to tour the center in advance of this week's scheduled dress rehearsal for the Soviet-American joint space flight.

A group of nine American technicians has arrived at the center-to-take part in the rehearsal, a globally synchronized ground simulation of the July mission.

Albert V. Millstyn, flight control director, led the group past the blinking lights, whirring computers and flashing television screens to explain how the mission will work.

The Soviets use a giant theater similar to one in the American space center in Houston for the main control operations.

The Soviet theater is like a movie set, with a vast electronic map, digital clocks ticking off seconds in Houston and Moscow and banks of television consoles monitoring various aspects of the flight.

As Soviet controllers speak with two Soyuz cosmonauts, he said, the information is flashed to adjoining control rooms and relayed to Houston for study.

The five-story complex also includes a warren of corridors that lead to computer rooms and vast blocks of communications equipment.

Millstyn said the complex was one of "several" used by the Soviets to control space missions. The Kaliningrad center was first used for a manned flight in 1973, he said.

Charles Lewis, the visiting U.S. flight director, said his team is supposed to consult with the Soviets on a minute-by-minute basis if any problems develop with the three-man Apollo ship.

The Americans said they found the level of Soviet technology generally of very high quality.

# Guam awaits next surge

AGANA, Guam (UPI) — The refugee population of this American island is expected to reach 52,000 this week with the arrival of another 20,000 by ship.

Five U.S. Maritime Service ships carrying the refugees began arriving at dawn today. Four are expected by nightfall with the fifth arriving Tuesday.

The five vessels are carrying a total of 19,613 refugees.

The Vietnamese ships are due in later this week, one of them a Vietnamese navy ship, the first to enter Guam since the fall of Saigon. The former U.S. Navy LST is scheduled Tuesday with 600 refugees on board.

A Vietnamese merchant vessel is due Wednesday afternoon with another 600 on board.

The carrier USS Midway, which arrived Sunday with 100 high performance fighter bombers and 50 helicopters evacuated from Utapao Air Base in Thailand, left this afternoon for an undisclosed destination.

Admiral George S. Morrison, commander of naval forces in the Marianas, said nearly 7,000 refugees had left by air for the continental United States in the past 24 hours. Another 3,000 are scheduled to leave in the next 24 hours.

After Tuesday, however, the outbound refugees will slow down to about 1,000 per day. The schedule had been between 3,000 and 4,000 daily.

Military spokesman denied reports that a shortage of funds was slowing down the transfer of refugees from Guam to the U.S. mainland. They attributed the delay to a lack of facilities at the U.S. bases and said that 15,000 refugees who have completed processing here are ready to move stateside.

Morrison said he did not know how long the outbound planes would be held down. "It just depends on how fast the camps on the mainland can take them," he said.

U.S. Immigration authorities here have taken advantage of the slowdown to do more extensive screening of the Vietnamese. Edward O. Conner, of the U.S. Immigration Service, said his staff is doing more extensive biographic examinations.

# Foster parents honored in TF

TWIN FALLS — Special awards were presented 24 sets of foster parents of the Magic Valley area during the annual banquet for Region 5, Foster Parents of Idaho.

The banquet was held Thursday night at George K's restaurant in Twin Falls with more than 100 foster parents working with the Idaho Department of Health and Welfare attending. Staff members of the department and special guests also attended.

Foster parents of the Jerome-Cooding areas hosted the annual event assisted by the Twin Falls group.

Miss Eileen Harrison, welcomed the delegates and Ivan Myers, Wendell, gave the invocation. Dan Parker, Twin Falls, was master of ceremonies.

Mr. and Mrs. McEwen, who are co-presidents of the regional group, presented certificates to those with 5 to 15 years service as foster parents.

Milton Klein, regional director for HAW, and Kent Henderson, director of youth services, were introduced as special guests. Dennis Murray, regional program manager for Mental Health Services, was guest speaker.

Mr. and Mrs. N.A. Spofford, Jerome, were honored for 15 years service. Mr. and Mrs. Don Wilson, Burley, 12, and those receiving 10-year certificates included Mr. and Mrs. Ralph West, Burley; Ruth Amende, Albion; Carmen Draper, Burley, and Sandra Barnes, Kimberly.

Other included Mr. and Mrs. Glen Hall, Burley; Mr. and Mrs. LaMar Orton, Buhl, 9 years; Mr. and Mrs. Eldred Bodily, Hansen, and Mr. and Mrs. Bill Eaves, Buhl, 8 years; Mr. and Mrs. Vernon Given, Bellevue; Mr. and Mrs. Esteban Daniel, Twin Falls, and Hilda Crandall, Rupert, all 7 years.

Mr. and Mrs. Robert Lemke, Gooding; Mr. and Mrs. Dale Crist, Twin Falls; Donna Hall, Filer; Mr. and Mrs. Earl Held and Mr. and Mrs. Willis Owen, Castleford; and Mr. and Mrs. Brian Keyser, Buhl, all 8 years, and Mr. and Mrs. J. F. McMullin, Mr. and Mrs. Richard Samson, and Mr. and Mrs. William Warren, all Twin Falls; Mr. and Mrs. Steven Bray, Burley, and Mr. and Mrs. Rex Miller, Buhl, all 5 years.

'Parents' honored

FOSTER parents, Mr. and Mrs. William Warren, left, and Mrs. Richard Samson compare some of their experiences during the annual banquet for Magic Valley foster parents. All three received recognition for five years of service.

# Walkathon winners listed

TWIN FALLS — Winners of prizes for collecting the most money for the March of Dimes Walkathon were announced Friday.

Walkathon chairman Soren Andersen said over \$12,400 had been turned in by noon Friday.

KLIX radio brought in \$1,321.90, the largest amount. But was ineligible for prizes.

Tony Gamel, 14, Twin Falls, brought in \$124.00 to win a bicycle. Fred R. Hammon, 16, Twin Falls, brought in \$694.50 to win a cassette recorder. Matthew Briggs, 16, Twin Falls, won an electronic calculator for bringing in \$339.

Brownie Troop 516, Twin Falls, collected \$296.66 to win free movie passes. Leaders Maxine Klein and Susan Davis received a free pizza for two.

Other winners were Jim Winkle, 51, Twin Falls, \$274.40, gift certificate; Georgia Dean, 21, Jackpot, Nev., \$270, gift certificate; Amy Henschel, 19, Twin Falls, \$267.10, a portable radio; Bobby Gregg, 14, Filer, \$221, basketball; Rudy Mattice, 12, Twin Falls, \$210, record album; Susan Meyer, 17, Twin Falls, \$176, record album; Pam Kirchenwitz, 13, Kimberly, \$155, bowling passes.

Cases of soda pop went to Jeff Klingler, 9, Twin Falls, the youngest walker to complete the march, and to Kevin Pullman, 4, Kimberly, who

was the youngest walker and completed eight miles of the walk.

Charlman Andersen said that another \$1,600 is expected. He asked all walkers who had not contacted their sponsors to do so and collect their pledges for the March of Dimes.

# Parking meter discussion set

TWIN FALLS — Downtown Twin Falls merchants are being urged to attend a meeting Thursday to discuss future parking meter regulations in Twin Falls.

Jean Miller, city manager, and members of the city council will outline a proposal for increasing the fee from 5 to 10 cents per hour for meter parking on streets and off-street lots.

The meeting will be held at 3 p.m. in the Roundup Room of the Rogerson Hotel. Howard Allen, chairman of the Downtowners, urges all merchants to attend.

# Two motorists killed

CASCADE, Idaho (UPI) — Georgette J. Fuller, 27, Umatilla, Ore., and Harold L. White, 49, Natapa, died Sunday in a two-car collision about 9 1/2 miles south of Cascade on State Highway 55.

State police said the accident occurred shortly after a storm dropped three inches of hail, slush and rain on the slick pavement and tier car slid into the path of one driven by Julie Olson, 70, Emmet. Olson's car hit the Fuller car on the passenger side, officers said.

Olson was treated at Valley County Hospital and released. His wife, Sarah, 63, was admitted to the hospital.

# GREEN ACRES TERRACE

A skilled Nursing Facility in Gooding, now has openings for male or female patients.

# IRS offers jobs aiding taxpayers

TWIN FALLS — The Internal Revenue service has announced plans to hire individuals on a seasonal work basis to assist taxpayers in questions relating to income tax returns.

IRS officials said the seasonal jobs will be during income tax filing season and will range from four to five hours per day, three to five days per week.

A five-week training program will be given those selected for the jobs. This

course will be held either in San Francisco or Los Angeles beginning May 27. Selectees for these positions must be willing to make themselves available for this training.

Anyone interested in this type of position is asked to contact the Boise Internal Revenue Service personnel office by calling the toll free number, 1-800-632-3990 by Tuesday of this week. Position openings are in both the Twin Falls and Boise IRS offices.

# Senior fete slated

HAILEY — Blaine County's Seniors Council has invited all senior citizens of Magic Valley to a potluck luncheon Thursday at 11:30 a.m.

The event will be held in Our Lady of the Snows Church on

the Sun Valley road in Kelchum.

An invitation is open to senior citizens in Cassia, Minidoka, Twin Falls, Elmore, Gooding, Jerome, Lincoln and Blaine counties.

Those attending are asked to bring a potluck dish if they can, but those who cannot do so conveniently may also attend. Those attending are also asked to bring table service if possible.

A fund raising patch work quilt made by seniors from Blaine and surrounding counties, will be given a way during the program.

# Fire permits required

BOISE — Residents of Southern Idaho were reminded Saturday by the Idaho Department of Public Lands that fire permits are now required for any open burning.

Persons desiring to burn on lands within the National Forest must obtain a permit from their district forest ranger. Those burning outside of forest boundaries are required to obtain the permit from the Bureau of Land Management if on federal land or from the Department of Public Lands.

The fire permit season runs from May 10 to Oct. 30 and applies to all outdoor fires except campfires.

# Abby

By Abigail Van Buren  
© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

**DEAR ABBY:** I'm a 17-year-old girl, graduating from high school this June. My problem is my parents. They don't want me to have anything to do with my boyfriend, who is 19, because I've been impregnated by him three times.

My first boyfriend was taken to get abortions, and the third time I waited too long, had the baby and placed him for adoption.

My parents have also heard bad things about my boyfriend, but he did those things when he was 15 and 16, and he has reformed now. He has a job and is staying out of trouble.

Abby, there is absolutely no way I could ever stop seeing him. He's a lot of fun to be with, and we love each other and want to get married some day. Please don't tell me to date others because he is the only one for me. We've been going steady for five years and don't like to sneek around behind my parents' backs. Please help me convince them to let me see him.

IN LOVE IN N.J.

## 3 pregnancies too much

**DEAR IN:** Sorry I can't blame them for feeling as they do. They have been through three nightmarish experiences with you, and they're not looking for a fourth. When you have matured and are on your own, you won't need their permission, but because of your past mistakes you'll have to wait until then.

**DEAR ABBY:** With all due respect to Ripley's "Believe It or Not," there is no documentation to support its story that a 99-year-old American Indian woman gave birth to a child. And the same goes for the one about the 64-year-old woman who was said to have produced a child with her 86-year-old husband.

"The Guinness Book of Records" has documents to prove that Mrs. Ruth Alice Kistler (nee Taylor), at 57 years and 129 days old, gave birth to a daughter, Suzan, in Glendale, California on Oct. 18, 1956.

This is the oldest recorded birth of which there is certain evidence.

**DEAR M.D.:** I'll buy "Gimmes." But how about the Biblical Sarah who, at age 90, bore a son for her husband, Abraham, when he was 100? (Genesis 21)

**DEAR ABBY:** Four years ago, my father was told that he had kidney failure and would have to go to a dialysis machine.

Because his kidney failure was recent, the chance of obtaining a kidney transplant was small. (There are adults and children who have waited 10 years and longer for a kidney transplant because Americans are either unaware of the need or have hangups about having parts of their bodies removed after death.)

Thank heavens there was a dear man who had no such hangup. Unfortunately, he was in a fatal car accident, but he gave up his kidney, which matched my father's needs. That was two years ago, and my family is eternally grateful to that generous man.

Needless to say, the members of my entire family are card-carrying kidney donors. How I wish more people would become donors. If they knew how much it meant to people like us, they would be.

M.C.P. IN NEWPORT BEACH

**DEAR M.C.P.:** I am, and have been for four years. And if my readers want to leave a legacy of inestimable value, write to The National Kidney Foundation, 116 East 27th Street, N.Y., N.Y. 10016 for a donor card.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's new booklet, "What Teen-agers Want to Know," send \$1. Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20¢) envelope.

## Valley tots register

**VALLEY SCHOOLS** - Registration for kindergarten in the Valley School District will be held Thursday at the Eden Elementary School. It was announced today by Bryce Sorensen, principal.

Parents of prospective kindergarten-age children may register their children from 1 to 4 p.m. and from 6 to 8 p.m. Thursday for fall classes, Sorensen said.

Children should be 5 years old on or before October 15 of this year. Parents should bring the child's health and immunization records and birth certificate with them.

Sorensen reports that the district will have two equally divided classes at the Eden school next fall. Parents may choose the morning or afternoon sessions at the time of registration until each section is filled.

Children in the morning sessions will be bused to school and the parents will pick them up at noon. Those attending the afternoon session will have to be brought to the school and will be bused home in the afternoon.

**West's opening bid.**

Oswald: "Giorgio suggests that after winning the first heart South should cross to dummy, play the six of spades and go up with the king."

Jim: "That play is designed to encourage West to use his ace of trumps right then and there. If he does, South will make his contract. West will lead the queen and jack of hearts, but South will discard a losing club and West will have his last trick."

Oswald: "West can beat the contract by refusing both the first and second-trump leads. If South plays a third-trump you take your ace, lead hearts and beat him two tricks. If South abandons trumps you make your last trump and beat him one trick."

**CADENCE**

By Oswald & James Jacoby

Jint: "The Bols bridge tips competition is certainly bringing out some fine tips from the masters."

Oswald: "Giorgio Belladonna of Italy may well be the best player in the world. His tip is, 'The most powerful card is the ace of trumps. When you are lucky enough to hold it, try to play it at the right time.'"

Jint: "The hand isn't really complicated. North and South have 27 high-card points and reach what turns out to be an optimistic game contract after the bidding has been: 12

1 cup chopped nuts  
1/2 cup brown sugar, firmly packed  
6 teaspoons butter, melted  
1 1/2 teaspoon cinnamon  
1 pk. (6 oz.) chocolate chips  
1/2 cup butter  
1/2 cup sugar  
1 1/2 teaspoon vanilla

3 eggs  
1 cup dairy sour cream  
Stir together flour, baking powder, soda and salt. In a separate bowl, combine nuts, brown sugar, melted butter and cinnamon. Stir in chocolate chips, set aside.  
Cream one-half cup butter, sugar and vanilla. Add eggs, one at a time, beating well after each addition. Add flour mixture alternately with sour cream to creamed mixture, beginning and ending with

## Student body picks aides at Castleford

**CASTLEFORD** - Class officers selected Friday at the Castleford High School held student body elections on Tuesday.

The new officers for the 1975-76 school year are president, Mark Pierce, vice president, Phil Gandiaga, secretary, Janet Kramer, and treasurer, Janet Wheeler.

Mark, the son of Mr. and Mrs. Alan Pierce, will be a senior next year. Phil, an incoming junior, is the son of Mr. and Mrs. Henry Gandiaga. Janet is a sophomore next year and is the daughter of Mr. and Mrs. Donald Kramer. Janet, daughter of Mr. and Mrs. Jim Wheeler, will be a senior next year.

Class cheerleaders for next year include Debbie Cox, daughter of Mr. and Mrs. Marvin Cox; Gwen Orr, daughter of Mr. and Mrs. Willis Wiley; and Selena Howard, daughter of Mr. and Mrs. Ed Howard.

University cheerleaders are Mary Zamora, daughter of Mr. and Mrs. Carmelo Zamora; Janet Keller, daughter of Mr. and Mrs. Wayne Keller; and Jana Kramer, daughter of Mr. and Mrs. Donald Kramer.

David Barron, son of Mr. and Mrs. Tom Barron, is the mascot of the Castleford cheerleading squad.

Check leader, tryouts, and elections were held the same floor.

Spoon half of the batter into a greased 10-inch pan or spring form pan. Sprinkle with half of the chocolate chip mixture. Cover with remaining batter and top with remaining chocolate chip mixture. Bake 45 to 50 minutes at 375 degrees. Cool 10 minutes before removing from pan. Serves six to eight.

Anti-abortion stand target of Washington pickets

# Bayh still has presidential bug

WASHINGTON (UPI) — Sen. Birch Bayh, D-Ind., still has the presidential bug.

Bayh dropped out of the 1972 race for the Democratic presidential nomination when his wife underwent cancer surgery. He said Sunday in a UPI Washington Window interview that "a number of people" were asking him to consider a new effort and he was trying to decide "if it makes any political sense."

"I am giving it a lot of thought — frankly, more than I thought I would a month ago."

Bayh said he takes Sen. Edward M. Kennedy, D-Mass., "at his word that he is not going to seek or accept the nomination."

Kennedy said Saturday in Keene, N.H., "My position is unchanged and I will not be a candidate. I expect to be a candidate for re-election in the Senate in Massachusetts. But I will speak out on issues facing the country."

The Indiana senator said he could foresee a situation at the 1976 Democratic convention "where we go on ballot after ballot after ballot without anyone moving toward or getting the nomination ... with the acronym that could come: the bitterness, perhaps Senator Kennedy could be persuaded to change his mind."

If Kennedy ever did decide to run, Bayh said, "I certainly would not have any interest in the nomination because I think he would appeal to a lot of the same people I would appeal to."

Conservatives hoping to replace President Ford, and especially Vice President Nelson Rockefeller, with Republicans more to their liking received a poll over the weekend that gave Ford 53 per cent compared to former California Gov. Ronald Reagan's 40 per cent. A race between Ford and Sen. Edmund S. Muskie gave the President 46 per cent and the Maine Democrat 40 per cent.

The poll, financed by the American Conservative Union and obtained by UPI Saturday, had results less favorable for Rockefeller. It indicated Republicans favored Reagan over the vice president by 59 to 33 per cent if Ford would not run.

The poll showed that 37 per cent favored a new party while 29 preferred the existing lineup, and a third-party ticket with Reagan and Alabama's Gov. George Wallace would pull 29 per cent of the vote.

The early maneuvering kept up. In South Plainfield, N.J., Rep. Morris K. Udall, D-Ariz., said Saturday he believes the Democratic nomination will be won in the primaries and he "quite probably" will enter the one in New Jersey June 1, 1976.

In Pekin, Ill., Sen. Henry M. Jackson, D-Wash., criticized Ford for talking about former President Harry S. Truman and placing his bust in the Oval Office. He said Ford and other Republicans were "trying to capitalize" on Truman's new popularity.

"I think the Republicans ought to go out and get their own political heroes," said Jackson.

# Demos seek weapons fund slash

WASHINGTON (UPI) — A group of six Democrats on the House Armed Services Committee is submitting legislation that would cut \$1.1 billion from the Pentagon's \$38.2 billion weapons request. The committee has already

cut \$1.7 billion from the Pentagon request, but the six said in a statement prepared for a news conference today that "a series of prudent and selective reductions" could save more money.

Each of the six agrees that \$1.1 billion can be cut from the bill overall, but not every one agrees on each item listed in the "Alternative Defense Posture Statement." The total potential savings could amount to more than \$6 billion, they said.

Among the programs the congressmen will try to eliminate is \$94.5 million for the B1 bomber. The six also proposed that \$1.3 billion in South Vietnam military aid be eliminated.

Rep. Les Aspin, D-Wis., leader of the group, said an effort also will be made to write into the fiscal 1976 authorization measure a provision that the 511,000 U.S. military forces stationed abroad be cut by 70,000.

Joining Aspin in the proposal are Reps. Bob Carr, of Michigan, Ronald Dellums, of California, Thomas Downey of

# Trade pact signed

BRUSSELS (UPI) — The European Common Market has signed a far-reaching trade agreement with Israel despite Arab warnings of the political consequences.

Israeli Foreign Minister Yigal Allon praised the "courage" of the Common Market, but the Algerian government urged Arabs to call off talks for a similar pact.

The nine-nation economic community signed the agreement with Israel Sunday, defending the accord as part of a "balanced overall approach to the Mediterranean."

The pact, which replaces a 1959 trade agreement, calls for duty-free imports of all Israeli industrial products and most farm goods into the market by July 1, 1977. Israel would end duties on similar market products by Jan. 1, 1980.

# Reds flay Wallace

MOSCOW (UPI) — The Soviet Union Sunday denounced Gov. George Wallace of Alabama as "fascist" for suggesting the United States may have fought on the wrong side in World War II.

In a commentary entitled "George Wallace and the Gas Chambers," the Tass news agency charged that Wallace's "spiritual precursors" attempted to destroy the Grand Alliance of the Soviets, America and Britain.

Wallace told a group of correspondents that the United States should have aided Germany economically after World War I and worked together with the Germans to fight communism then. He said the United States may have been fighting the "wrong people" during World War II.

"This is a truly fascist statement timed for the 30th anniversary of the routing of Hitler Germany," Tass said.

"It is more than just a flagrant abuse of the sacred memory of 20 million Soviet people and several hundred thousand Americans who died fighting Fascism," it said.

Wallace spoke May 11 to 25 foreign journalists taking a U.S. Information Agency tour of "the 'jew' South."

Wallace said the United States should have been "cultivating the friendship" of Germans and Japanese in the 1940s "years instead of antagonizing them and added: 'I think we were fighting the wrong people, maybe, in World War II and I say that with all due regard to the Soviet person (one of the correspondents) here. We fought on your side, but I wish that the Soviet Union, or government rather, had been contained somewhat.'"

# NOW stages three hour protest

WASHINGTON (UPI) — The pro-abortion group chanted slogans about "free choice," the Pope and separation of church and state. Many, wearing black clothing and red arm bands, carried hand-painted signs of a coat hanging dripping blood.

But the U.S. Apostolic Delegation showed little interest Sunday in the National Organization for Women's three-hour "Mother's Day of Rage."

Despite the warm weather, the blinds on the building housing the Pope's representatives were pulled and only one window was open.

"This is not the end," said Lee Perkins, a NOW representative, following the three-hour demonstration. "This is just the beginning. We are going to continue these demonstrations until the Vatican gets its greasy fingers out of women's affairs."

The demonstrators, most of them women, came from 10 Eastern states to protest abortion and other women's issues, recently lost a tax exemption.

The United States does not have formal diplomatic

relations with the Vatican but various envoys have sought personal envoys to Vatican City and the Pope is represented here by a Papal Nuncio and a delegation located on the Embassy Row section of Massachusetts Avenue.

The demonstration was sponsored by NOW, Catholics

for a Free Choice, the New American Movement and Abortion Rights of Washington.

**NEW YORK (UPI)**—Prices turned mixed Monday in active trading on the New York Stock Exchange. Profit taking from recent gains became a factor in the absence of any new developments during the session.

The Dow Jones industrial average advanced less than a point to 1,011.11 shortly before 1 p.m. The average gained more than nine points Friday. Advances in the market during the session included the 1,631 issues crossing the tape.

Volume during the first two hours amounted to about 100,000 shares, compared with 100,000 traded during the previous period Friday.

Analysts said the market remains vulnerable to price swings in light of its five-month rally, and the recent 5 1/2-point gain in the Dow average in the last day.

The Dow was running ahead of the rest of the market during the session and many observers said the pace could not be sustained.

While the market has performed exceptionally in anticipation of an economic recovery, there are some clouds on the horizon, analysts said.

The Federal Reserve's need to borrow, the money market, thus far have been able to handle the heavy Treasury needs, but many question if this trend can be sustained.

Many business leaders meeting in White Sulphur Springs, W. Va. last weekend predicted a slower-than-expected recovery later this year.

"This may have discouraged some investors, analysts said.

## Sunny mild days ahead in MV

**Twin Falls, North Idaho**—Burley-Rupert Areas: "Except for a few northern clouds, mostly sunny today and Tuesday. Gusty afternoon winds. Highs near 60 today and Tuesday in the upper 60's to lower 70's. Low tonight in the 30's. The outlook for Wednesday, dry and mild.

**Hayley, Camas, Prarie, Lower Wood River Valley**—Gusty winds and mostly fair today through Tuesday. Highs in the 50's today and in the 60's Tuesday. Low tonight 45 to 50. The outlook for Wednesday, dry and mild.

**Synopsis:** A cold frontal system moved through the region Sunday. The cooler air mass behind the front triggered thundershowers over the central and northern mountains. The Treasure Valley experience several thundershowers occur over extreme eastern Idaho.

The extended outlook for Southern Idaho for Wednesday through Friday calls for mild dry conditions with high temperatures, mostly in the 70's and lows in the 40's.

In the Magic Valley, the weather this week promises to be favorable for farming, construction work and other outdoor activities.

A few evening showers may occur over extreme eastern Idaho.

Over the rest of the state, cooler daytime temperatures and gusty winds prevailed after the frontal passage.

Today a ridge of high pressure is building over the district. As a result, most of Idaho will enjoy sunny, breezy weather and cool temperatures. A few evening showers may occur over extreme eastern Idaho.

## NFO slates tax ruling appeal

CORNING, Iowa (UPI)—The president of the National Farmers Organization said Friday the group will appeal an Internal Revenue Service ruling which revoked its tax-exempt status.

"It is true that the Internal Revenue Service has made a unilateral determination that the NFO cannot retain its tax-exempt status on the grounds that we market our members' products. We will of course appeal the ruling," Oren LeStaley said.

"We bargain products for members. They sell them."

He said it was "a mystery" why the NFO was singled out when other similar rulings have also recently been made involving cooperatives.

He added that NFO officials "understand" the co-op has already been assessed \$3 million.

Last week's federal court ruling in the Land O' Lakes case in Minnesota in regard to cooperative tax liability for earnings on non-member business, plus the IRS action, will undoubtedly be in the news for some time," he said.

He said the NFO is likely to be the least affected "since we are a bargaining agency for the members who make the sales. We have not been selling imported dairy products at a profit non-member business."

"TASTY: TOPPING: Colossal whipped cream with mayonnaise and drained pineapple, crushed and served over a peach strawberry salad. For a fast way to set something off, try a Newcoast Cashed Ad-7225."

## Dairymen nominated

**BURLEY**—Three area dairymen have been nominated for membership on the Idaho Dairy Products Commission.

They are Rex Gerratt, Burley; DeVon Hunsaker, Rupert; and Jim LaGrone, Castletown. Gerratt currently represents District Six, which includes Twin Falls, Cassia and Minidoka counties.

Ballois will be mailed to dairy farmers by May 15 and must be returned to state agricultural officials in Boise by May 31. Nominating committee members are Joe Stader, Rupert; Alvin Smutny, Twin Falls; and Dave Toner, Burley.

## Church asks FCIC for new deadline

**WASHINGTON (UPI)**—Sen. Frank Church, D-Idaho, urged the Federal Crop Insurance Corp. Friday to extend the sugar beet planting date deadline for insurance eligibility.

Church asked the federal director, Morten Peterson, to extend the May 15 deadline for sugar beet insurance coverage to May 31 because of the late spring that delayed the planting this year.

He told Peterson the sugar beet crop was virtually 100 percent in the ground by May 2 last year while this year the planting is less than 50 percent complete.

"The need for the extension is clear," Church said.

Church said he would find himself unable to obtain crop insurance due to delays caused by unusually severe spring weather over which they have no control.

The Federal Crop Insurance Corporation administered with in the Department of Agriculture extends to farmers the opportunity to buy federal crop insurance against loss from unavoidable causes such as weather, insects and disease.

## Idaho wheat crop below 1974 levels

**BOISE**—Idaho farmers are expected to harvest 37.8 million bushels of winter wheat in 1975 based on prospects on May 1.

The Idaho Crop and Livestock Reporting Service said this is 5.5 percent below the 39.9 million bushels produced last year.

The expected yield of 43 bushels per harvested acre is two bushels above the low-yielding 1974 crop but the acres for harvest, at 886,000 acres, is down nine per cent from 1974.

Weather conditions since seeding have not been conducive for development of the crop. Seeding was generally done in dry soils, which remained short of moisture until snow covered much of the acreage. Below average spring temperatures and late snows resulted in slow covering most fields until much later in the season than normal. The crop is about two to three weeks late in development.

Nationally, winter wheat production is forecast at a record 1.620 billion bushels; 16 per cent (228 million bushels) above last year's large crop.

## Irrigation total given

**GLENN'S FERRY**—Herbert Edwards, Elmore county agent, says that 84,000 acre feet of irrigation water is available in the county in 1975 based on prospects on May 1.

The Idaho Crop and Livestock Reporting Service said this is 5.5 percent below the 39.9 million bushels produced last year.

The expected yield of 43 bushels per harvested acre is two bushels above the low-yielding 1974 crop but the acres for harvest, at 886,000 acres, is down nine per cent from 1974.

Nationally, winter wheat production is forecast at a record 1.620 billion bushels; 16 per cent (228 million bushels) above last year's large crop.

## Idaho aide offers data

**MOSCOW**—Dr. Raymond Miller, director of the agricultural experiment station in the University of Idaho College of Agriculture, will be in Washington, D.C., Tuesday to make a presentation concerning population, food and agricultural production.

Miller, who will make the presentation at the request of Idaho's Rep. Steve Symms, said he will use examples of agricultural, research and extension activities to show how such work "undergirds" food and fiber production capability.

A selected group of U.S. senators and representatives and "invited" will attend the presentation at Symms' invitation.

## Aide raps poison use

**DENVER (UPI)**—Colorado Agriculture Commissioner Roy Romer says he can sympathize with the plight of ranchers, plagued by severe losses from coyotes, but he cannot condone the illegal use of thallium poison.

"The livestock industry is unquestionably suffering from severe losses from coyotes, but the use of persistent poison like thallium is unconscionable," he said Friday.

"It was a stupid and treacherous act."

A federal game warden said Friday seven bald eagles and two golden eagles died in western Colorado this year, died from the federally-banned coyote poison.

# Washington ousts Celtics

# sports

## Golden State upsets cold-shooting Bulls

At the end of that quarter, Washington held a 26-18 lead with Phil Chenler and Mike Roldan leading the way with eight points each.

Meanwhile, the Celtics committed nine turnovers in the first 12 minutes of play and were shooting only 33 per cent from the field.

After his team stretched the margin to 18 points midway in the second quarter, Bulliet coach K.C. Jones rested some of his starters briefly but Boston was unable to cut the gap before intermission.

The Celtics limited Hayes to one free throw in the third period and rallied to within seven points on scoring surges by Covens and Jo Jo White.

CHICAGO (UPI) — Rick Barry popped in 36 points, the Bulls' six-line lead passed off twice for Golden State Warriors' baskets Sunday to lead the Warriors to a regionally televised 86-72 win over the Chicago Bulls and a new life in their playoff series for the NBA's Western Division title.

The Warriors fell behind by eight points in the first quarter Sunday as the Bulls hit 55 per cent from the field to seize a 25-18 lead. Thereafter, Golden State came to life and the Bulls turned cold.

The Warriors outscored the Bulls by 15 points in the second period to grab a 46-38 lead at the half and the Bulls never came closer than five points

of the rest of the way, trailing most of the time by 10 or more points.

The Bulls' shooting collapsed in the second period to only 28 per cent. While they hit 44 per cent in the third period, they again bombed out in the fourth quarter, shooting 28.6 per cent.

Chicago was held to only 13 points in the second period and 12 in the last period.

The Bulls' dismal performance came before a record crowd of 19,594, who raged verbally at the Warriors throughout the first half. But Barry put the silencer on them the rest of the way.

Barry had five of his six steals in the first half when he scored 20 points.

## Ashe defeats Borg

DALLAS (UPI) — Arthur Ashe overcame the loss of the first set and successfully battled his own carelessness to defeat Swedish teen-ager Bjorn Borg, 3-6, 6-4, 6-6, for the World Championship Tennis singles title.

Ashe made an uncharacteristically large number of mistakes at the net throughout the match, but came up with the key shots late in the third set early in the fourth to dispose of his young challenger.

Ashe won \$50,000 for his first WCT championship, boosting his year's earnings to \$177,161.

Borg, the 18-year-old sensation who reached the finals for the fourth in straight year, had to settle for \$20,000.

Borg, who fell to John

final quarter but Chenler hit with key baskets to sew up the win.

Nick Weatherpoon and Elvin Hayes helped out with 15 points apiece, while Dave Covens led Boston with 23.

Taking advantage of a ballistic attack led by Hayes with 14 points, Washington dominated the televised contest from the outset to build a 55-40 margin at half time.

Before a roaring sell-out home crowd of 19,935, the Bulls took a opening edge on a pair of buckets by Hayes and a layup by Kevin Porter. Boston failed to get a field goal until after 3:34 of play.

CHICAGO (UPI) — Hector Torres singled on a 3-2 pitch scoring Dave Winfield with two out in the top of the eighth inning Sunday to lift San Diego and Dave Freisten to 2-1 victory over the Chicago Cubs.

Torres hit a line drive to right field, came off Bill Bonham. Winfield had opened the inning by drawing a walk. After Mike Ivie popped up and Randy Hundley flied out, Winfield stole second.

## Young takes LPGA title

ATLANTA (UPI) — Donna Cannon Young withstood a hard laid surge by Sandra Palmer Sunday to win the Lady Tara golf classic by a single stroke.

Miss Palmer, the leading money winner on this year's women's tour, had trailed by eight strokes with eight holes left to play, but a hole-in-one on Sunday's back nine birdies enabled her to force Mrs. Young to play cautiously over the final three holes to avoid backing into a playoff as she did here last year, when she blew a three-stroke lead and then lost a sudden death playoff to Sandra Spuzich.

Mrs. Young, a two-time women's U.S. Open champion, and winner earlier this year in the Burdine's open at Miami, had a one-under-par 72 Sunday and a three-day total of five-under-par 214.

# Dodger hurler blanks Pittsburgh 7-0

PITTSBURGH (UPI) — Ron Cey hit a triple, a run-scoring double and scored once to help starter Don Sutton become the first seven-game winner since the major leagues since a 7-9 victory over the Pittsburgh Pirates Sunday.

Sutton gave up eight hits, all singles, in raising his record to 17 for the year.

Cey tripled to lead off the sixth inning and scored on Joe Ferguson's sacrifice fly to make the score 3-0. He doubled home Steve Garvey, who had singled, in the seventh.

## Twins split with Orioles

BALTIMORE (UPI) — Bob Grich's second home run of the game ignited the Orioles' most explosive hitting of the season as Baltimore erupted behind Jim Palmer to win the nightcap 9-3 after a 6-4 decision in the opener of a Minnesota Twins grabbed a Minnesota Twins grabbed a 6-4 decision in the opener of a Sunday doubleheader.

Grich, who homered into the upper deck off starting pitcher Mike Park in the second inning of the second game, blasted his fifth round-tripper leading off the five-run fourth inning that was highlighted by Al Bumbry's bases-loaded double and the first of two runnings by Tommy Davis.

Palmer completed his fifth game in seven starts despite giving up nine hits.

## Rare homer aids Rangers

DETROIT (UPI) — Leo Cardenas hit his first home run in three seasons to finish a sveran fifth inning Sunday that enabled the Texas Rangers to build up a big enough lead for a 11-7 victory over the Detroit Tigers on a sweep of their three-game series.

Joe Lovitto singled and scored on a triple by Len Randle that chased Los Angeles reliever Tom Walker.

Mickey Lohmeyer, Jeff Burroughs, who had touched base for the sixth home run of the season in the third inning, was walked before Jim Fregosi singled home Randle against reliever Tom Walker.

A fielder's choice and sacrifice fly-to-scoring bases, which Gary Sutherland fell down on brought in another run before Cardenas hit his first home run since he hit six for Cleveland in 1972.

## Rudi sparks Oakland win

OAKLAND (UPI) — Joe Rudi drove in three runs, the first two with a bases-loaded single to key a six-run third inning rally, and the third on a solo homer in the seventh Sunday while leading the Oakland A's to a 7-5 victory over the New York Yankees.

Vida Blue, kayoed in the seventh on a two-run homer by Bobby Bonds that cut Oakland's lead to one, gained credit for the victory to become the American League's first seven-game winner. Blue has lost only once in nine starts.

## Seaver ends Mets dry spell

NEW YORK (UPI) — Tom Seaver, recovering from a rocky first inning, pitched New York to a 3-2 victory over the Cincinnati Reds Sunday, ending the Mets' six-game losing streak.

Mike Phillips, obtained on waivers from San Francisco last week, scored the winning run in the bottom of the eighth inning on Rusty Staub's one-out single into right field.

## Caldwell sets classes

CALDWELL, Idaho (UPI) — Trustees of Canyon School District 129 have voted unanimously to offer kindergartens next year.

Details, however, were left to Superintendent Ernie Knees. Sites and times are yet to be determined. Knees asked all parents of children who will be five by Oct. 15 to contact the principal of the elementary school in their area to register the youngsters.

## Boise man killed

MOUNTAIN HOME, Idaho (UPI) — Ralph Poindexter, 43, Boise, was killed early Sunday morning in a one-car accident 17 miles west of Mountain Home on Interstate 80.

Poindexter apparently fell asleep at the wheel of his vehicle. The car went off the right side of the west bound lane of the interstate, struck reflecting panels, shot back across the roadway and rolled five times, throwing the victim out.

## Prisoners recaptured

BOISE (UPI) — Two men escaped from minimum security at the Idaho State Penitentiary today, but a sharp-eyed state police officer recaptured them less than two hours later.

Prison officials said John Wilkes Boothe, 19, and Terry Lee Henderson, 20, went over the east fence of the farm compound when the kitchen crew there was let out about 5 a.m.

State Police General Don Hiebert apprehended the two about 6:30 a.m. on Interstate 80N at Isaac Canyon, midway between the real area the Gowen Road entrance to the highway.

Boothe was serving time for voluntary manslaughter and Henderson for burglary. Henderson was on the 120-day program and had about a month to go when he walked away.

## Last entrances open

YELLOWSTONE NATIONAL PARK, Wyo. (UPI) — Officials opened the last two entrances to Yellowstone National Park Sunday, despite a late spring snowslide.

A park spokesman said the snowslide blocked the east entrance, but crews and snow removal equipment worked through the day to move the obstruction. The south entrance was also opened Sunday.

The north entrance to the nation's oldest national park remains open year round while the south entrance was cleared for early visitor traffic last week.

## Parachutist killed

TUCSON (UPI) — A woman making her 18th parachute jump was killed Sunday when her reserve parachute failed to open.

Witnesses said Patricia L. Pressler, 24, Tucson, appeared to be making a normal five-second delayed free fall from 4,000 feet. They said her main parachute opened normally, but seconds later she freed that chute and began trying unsuccessfully to open her reserve canopy.

Bob Gilbert, area safety officer for the U.S. Parachuting Association, said the reserve parachute was equipped with an automatic opener that should have opened at 1,300 feet above the ground. However, he said the woman may have accidentally disconnected the automatic opening device while trying to deploy the reserve chute manually.

The death was being investigated by the parachuting association, the Federal Aviation Administration and the Pima County sheriff's office.

## Man must answer

BLACKFOOT, Idaho (UPI) — A Mountain Home magistrate today said Eugene L. McCoy, the Blackfoot magistrate judge accused of embezzling \$1.4 million will be held to answer the charge in district court.

Judge Robert Rowlett of Mountain Home, president of the Idaho Magistrate's Association, made the announcement after a preliminary hearing held in February and of the state's brief.

Rowlett said he found probable cause to think a crime has been committed by Benjamin McCoy and "that there is probable and sufficient cause to believe the defendant, Eugene L. McCoy, guilty of committing such public offense."

## Opponents await Gooding vote

GOODING — Opponents of Gooding Mayor Leo Rice are "just waiting for the recall election" on May 23, according to spokeswoman Adeline Parrott.

"We're not doing much of anything — just talking. Of course it's a big topic of conversation in Gooding," Mrs. Parrott said.

Mayor Rice hung up on a Times-News reporter when contacted this morning for a report on his preparations for the recall election. His wife called back, however, and said backers of the mayor will meet tonight and issue a news release "tonight or first thing in the morning."

She would not discuss details of the meeting.

Mrs. Parrott said her group is seeking the ouster of Mayor Rice because of "poor city government." He "has not run the city in the best interest of the citizens," she added.

Gooding residents who didn't vote in the last city election must register by Saturday for the recall election, Mrs. Parrott said.

She said the mayor's opponents plan to publish at least two newspaper advertisements concerning the recall movement before the election.

The vote was scheduled after recall petitions signed by 269 Gooding residents were filed.

## Firemen demonstrate

## \$4,500 raised for Jackpot day care center

JACKPOT, Nev. — In a five hour fund raising campaign like to other, \$4,500 was raised for the new Jackpot Baptist Church to institute a day care center.

It was like no other, committee men said, because the benefit emceed by the Le Garde twins, "Ted and Tom", entertainers from Australia, was held in the combination dining room and cocktail lounge of a local casino, while the roulette, dice and blackjack tables played on in an adjoining room, amid the clatter of hundreds of slot machines.

Six professional entertainment troupes had donated their time and talent to the cause.

Big Tiny Little, the pianist, couldn't reach Jackal in time, but the Cains III did, driving from Palm Beach, Fla.

Ann Jones and her Sweethearts called local talent onto the stage, including a high school age rock band and Ann's own daughter Addie (Punkin) Jones, 13, vocalist.

The Matsy Brothers (Emil, John, Gene and Neil) made a 240 mile round trip from Elko, Nev. to put on a comedy act for the Mother's day crowds. The Matsy's had played at the Commercial Hotel in Elko until a 4 p.m. and had to be back on the stage there at 7 p.m., but "for the worth of this" as John put it, "we forgot the need for sleep."

Jackpot professionals who participated were Bus and Ben, who sing and play and Muslie Braun, pianist.

Ted and Tom LeGarde sold their records and

donated the take. Tom called for donations to watch him snap a cigarette with a whip from mouths of persons called from the audience.

Unspliced punch was sold in the dining room also went into the fund.

The benefit heralded the arrival of Bob Findley, from Gridley, Calif., who will be resident pastor of the Jackpot Baptist Church which was built by Southern Baptists from North and South Carolina last summer while they were on their vacations.

They: Roy, Robert Schreckengast, pastor of the Twin Falls East Side Baptist Church, who instituted the move for the building of the church here, attended.

## Magic Valley

Monday, May 12, 1975

## TF weather temps lower

In the 1930s, when much of the nation was a hot "dust bowl," the Twin Falls area was surprisingly cool. The 1920-34 average was only 49.288 degrees (the runner-up for the coolest five-year period). The average rose to only 49.303 degrees (third coolest) in the 1935-39 period.

From 1940 through 1944, the average climbed again to 49.45 degrees.

In the 1945-49 period, however, the average dipped slightly to 49.425 degrees. This was caused in part by the frigid January of 1949, when the average temperature was a bone-chilling 7.8 degrees.

From the 45-year high of 50.66 degrees in 1950-54, the average slipped to 49.911 degrees in 1955-59.

The decline continued in 1960-64, which averaged 49.568 degrees, but was halted from 1965 through 1969 when the average rose slightly to 49.498 degrees.

The figures then plummeted to the 45-year low of 49.008 degrees in the 1970-74 period.

## Big Wood River rising

HAILEY — The Big Wood River is starting its gradual runoff rise although it still two feet below the river level on the same day last year.

The water level this morning was three feet measured at the Hailey station. Last year on May 12, it was 5.4 feet. Late heavy snow below normal temperatures and little precipitation has retarded the snow melt and increased the potential for a hurried runoff, according to observers and water analysts.

Snow depth and water content in upper and lower drainages are all above the long term average. The Little Wood River drainage may also experience a heavy runoff as snow with a high water content fell late on the surrounding watersheds.

Water is being released out of Little Wood Reservoir, enabling it to hold back some of the expected runoff.

Dick Fuller, Boise-National Water-Service forecaster, said his office has issued a flood warning for the Big Wood River because of the late runoff.

The bureau forecasts a gradual rise over the next few days, he said. The Boise office may issue a warning as the river approaches flood stage. Fuller said, which is set at 6.5 feet. Revised figure from last year's stage of 4.5 feet.

Jim Hogg, director of the local flood control district, said today the U.S. Army Corps of Engineers will complete a levee repair program today. The Corps has been repairing and rebuilding levees for two weeks, along Big Wood River.

Several levees were washed out last year, including one which held water from running straight at the Bellevue Bible Camp grounds and buildings.

The \$60,000 levee repair included work on the Meyers property south of Bellevue, where an irrigation diversion levee was washed out last year.

The Corps also leveled near the Deer Creek Bridge, north of Hailey, which was weakened in last year's runoff.

Hogg said it was difficult to estimate the strength of banks and levees along the river until the runoff has begun.

"There is also weak spots," Hogg said. Fuller said the extended forecast for May is far below normal temperatures. The danger, he said, is late into the usual runoff season is for temperatures to soar into the 80 or 90 degree range or for an extended rainy spell to begin.

The usual runoff crest is in late May or early June on the Big Wood River. Last year, the river crested about June 15, over the seven foot mark.

Several bridges were in danger during the runoff last year. Some county roads were closed. Massive timbers were carried downriver last year and extensive log jams built up as a result.

Log jams and diversions throw the river on a new course. Last year a structure being built in the Gimlet area was completely encircled by water.

# Proposal gets nod

By CHARLOTTE BELL, Times-News writer  
JEROME — Despite protests from Jerome residents, the city zoning commission has unanimously voted to recommend adoption of a townhouse ordinance.

The city council still must approve the proposal.

The zoning commission will also recommend that two proposed areas for townhouse complexes be designated townhouse districts.

The two areas, if approved by the city council, would allow for the construction of a 38 unit townhouse in the 500 block of South Fillmore and a 48 unit complex at 10th and Buchanan.

Several people were in attendance at a meeting Friday for the second half of a public hearing of the proposed townhouse ordinance. Objections were made to the placement of a townhouse complex on South Fillmore. No objections were raised over the proposed development on 10th and Buchanan.

Bill Canady, who owns property on South Fillmore, presented petitions to the zoning commission signed by 46 residents who live in the area. The petitions asked that the proposed townhouse for South Fillmore not be allowed.

"As residents of the area, we would be subjected to additional traffic on our street with the addition of 88 families in these townhouses."

"We now have a quiet neighborhood and believe the quality of life we now enjoy would be destroyed by the influx of 38 new families in such a small area. We plead that development of this property be restricted to single family homes and the density be no greater than homes in a residential area," he said.

Canady said a number of his neighbors felt as he did in the possibility of a large number of children in the townhouse complex wanting to use their pastures for playground areas.

"A large number of kids and animals don't mix. Someone could get hurt playing in my pasture with my horses. I have no argument with townhouses, but I think this one is being placed in the wrong area," Canady said.

Canady asked the zoning commission to consider rezoning the area for single family dwellings, saying he was unaware at the time he purchased his property that it was zoned for multi-family dwellings.

Neal Brutsche, Twin Falls developer, who is proposing the townhouse at 10th and Buchanan, said the zoning of Jerome was to help prevent urban sprawl.

Brutsche said a townhouse complex would help prevent urban sprawl and allow using the land within the city to its maximum capacity.

The land was zoned for multi-purpose use. The developer bought the land for its zoning classification and it would be unfair to down zone the property now," Brutsche said.

Low Rowland, who owns the property in question, said he likes horses as well as anyone, but a person can't expect to have a "country" living inside a town.

Dave Hiatt, acting zoning commission chairman, said it was not up to the zoning commission to have the final say on where the townhouses will be allowed. He said this decision is up to the city council.

He said the area is zoned I-1 with allows for multi-family dwellings and animals.

"If this area was rezoned for single family development, as has been requested, it would eliminate the right of the residents to have their animals they now have," Hiatt said.

## Hearing set at Jerome

JEROME — A public hearing on proposed water supply improvements for Jerome will be held at 7:30 p.m. Tuesday in the city council chambers at city hall.

Ed Evans, city works director, said the hearing is being conducted to inform residents of the improvements which are scheduled to begin July 1 and will be in two phases.

Evans said phase 1 will be completed in two parts and will involve the installation of booster pumps and two 300,000-gallon ground-level storage tanks at existing city wells located on East 10th.

A two-level system will be used to equalize water pressure throughout town. The sloping terrain and increased development on the east side of Fillmore has created the necessity for the system, according to Evans.

## Scanner makes store unique

By DIANE ALTERS, Times-News writer

TWIN FALLS — "What's that thing?" a customer asks as a Gibson Discount Center checker holds what looks like a pencil with a lighted tip over a price tag.

That "thing" is a scanner which makes Gibson's new computer checkout system unique in Idaho. Store manager Thomas Newbery said Gibson was the only store in Idaho and one of 54 nationally to use the system.

When the checker brushes the scanner over a special price tag, the price and department number are recorded in a computer bank.

When stock comes into the store, the purchase information is fed to the computer, according to Newbery. When the manager wants to look at the flow of goods or take an inventory of sales, he can ask for a printout of information from the company computer in Salt Lake City.

Four stores in Utah and the one in Twin Falls all run on the system installed by the franchise owner of the five stores, according to Newbery. He said the computer system, sold by National Cash Register, is not the system whose pricing methods are under attack by consumer groups.

Some computer systems without the scanner need not "read" a price on each package. Price tags are sometimes left off individual packages, raising store consumers' ire.

But Gibson's must read each item's price tag, which contains a series of lines the scanner can pick up as well as a department number and price marked so humans can read it.

Checker uses scanner

Checker Margaret McMichael uses the "scanners" to record the price of an item for a customer at Gibson's Discount Center.

# Agency errors cause mistakes

WASHINGTON (UPI) — A Department of Health, Education and Welfare study says much of the multimillion dollar a year in welfare waste comes from mistakes by welfare agencies, not cheating recipients.

One official said welfare cheating is rising sharply and may now extend to 30 per cent of all cases, but the report issued Sunday said administrative error is a bigger source of waste.

The investigators studied the biggest federal welfare program, Aid to Families with Dependent Children, in an 11-month program that in January served 11.1 million children, mothers and unemployed fathers. About 55 per cent of the money came from the federal government.

Based on reports from 53 jurisdictions between January and June, 1974, 44,025 welfare cases were surveyed, finding 13,377 persons were either ineligible for welfare or were receiving incorrect payments. The study split the blame almost equally between recipients who filed incorrect information and the welfare officials handling their cases. Many times, the report said, the social worker did not act on information already on file.

"I labeled the whole category 'client error,' without attempting to estimate what portion might involve cheating. If we don't know how much cheating there is because it hasn't been studied," said Robert Carlson, welfare adviser to HEW Secretary Caspar Weinberger. "But it's probably well in excess of 15 per cent and may be close to 30 per cent."

HEW officials used to say outright cheating occurred in less than 1 per cent of all welfare cases.

# Spending rises by 75 per cent

NEW YORK (UPI) — Total consumer spending climbed 75 per cent between 1960 and 1974, going for homes, automobiles and luxuries, according to the Conference Board.

The private research organization said total consumer spending — after inflation — shot up by about \$350 billion between 1960 and 1974. Real per-capita spending showed a 50 per cent increase in the 13-year period, compared with a 25 per cent rise between 1947 and 1960, the Board said.

Homes claimed 30 per cent of this recent spending growth, automobiles 15 per cent, luxuries 14.5 per cent, bank, legal and brokerage fees 13 per cent, personal care 10 per cent, food 9 per cent and apparel 8.5 per cent, according to the study, sponsored by CBS.

The analysis predicted consumer demand will recover sharply in the next few years. Personal consumption spending is expected to expand at an average rate of more than 5 per cent annually between 1975 and 1980.

"Once the economy turns around," said Fabian Lindner, director of consumer research at the Board, "discretionary spending power is expected to rise at least twice as fast as total income."

"Money will once again be in search of the good life," he said.

The home should continue to attract a substantial portion of personal spending, the study said, since the number of marriages and new households will hit record highs in the next five years and the depressed housing market should rebound sharply.

# Fred saves.

"I mean, you still have to fix things when they break. And you can't always call in a pro. I can't. So I read the home improvement columns regularly. They've saved me a bundle."

The newspaper is an investment in better living, smarter shopping. It's not an expense...it's money in your pocket.

**Listen to Fred. The Times-News can save you money every day.**

# Detroit police scuffle

DETROIT (UPI) — Several officials predict additional racial conflict among police officers due to a scuffle last week over planned job layoffs.

"Violence and racial problems in the police department don't really surprise me," Mayor Coleman Young said during the weekend. "The conditions for problems exist in the department."

A federal court order Friday that banned the city from laying off a group of mostly black and female officers hired with federal funds "touched off a clash between several white and one black officers."

Guns were drawn in the scuffle, which took place among off-duty officers demonstrating against the city-owned layoffs of more than 800 police officers.

# Russ ships entering US ports

BOSTON (UPI) — For the first time since World War II ended and the Cold War began, Russian warships were steaming into a U.S. port today.

The Soviet destroyers Boykin and Zhigalov, plus the Boston Harbor today about the time American destroyers Leahy and Tallini were to visit Leningrad on Russia's Baltic Coast.

Anatoly Dobrynin, the Soviet ambassador to the United States, and Rear Adm. A. M. Kallinin, commander of the Russian vessels, were to meet with Massachusetts Gov. Michael Dukakis to note the occasion.

U.S. Second Fleet Commander Vice Adm. Stanford Turner, but when he said "It was an appropriate reminder to all of us of the importance of maintaining communications and understanding between the East and West."
