By CRICKET BIRD  
Times-News writer

TWIN FALLS — Grass roots campaigning and an advertising program apparently paid off for Chris Talkington, the only newcomer elected in Tuesday's City Council elections.

Incumbents Leon E. Smith Jr., Stephen Bancroft and Stephen Lincoln were all re-elected in balloting, with Talkington taking the fourth available seat. Defeated were Margaret K. Youtz and Gordon H. Cox.

Although only about one in six persons eligible to vote were registered, turnout for those registered was fairly high. Total votes cast were 1,768 out of 2,332 persons registered, according to Edythe Koonitz, city clerk, about a 76 per cent turnout. In the last municipal election in 1973, turnout was 37 per cent, Mrs. Koonitz said.

Lincoln was the biggest vote getter in the election, with 1,310 votes; Talkington was next with 1,190 votes. Smith had 1,153 and Bancroft, 1,112.

## Valley election returns, p. 13

Cox had 931 and Mrs. Youtz, 911 votes. That's a surprisingly good vote considering the low registration.

Talkington said he saw his success as the result of "our hard work" during the campaign. "It's surprising," he said, "in the future we're going to see a lot more of the door-to-door campaign where the candidate goes to the taxpayer, not the other way around," Talkington commented.

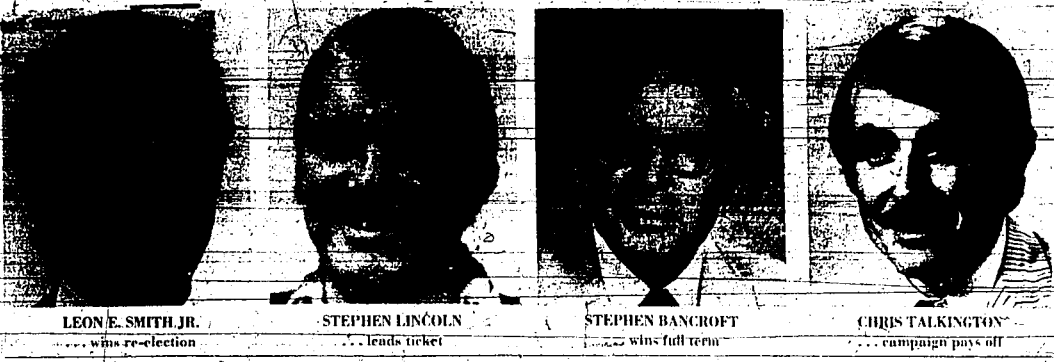

Talkington also predicted a "restructuring of politics in Twin Falls on a neighborhood level."

Lincoln said he was pleased with the election results. "The right people were elected," he said, but added, "any combination of those running would have been good."

Commenting on the low numbers of voters registered, Lincoln said he hoped by the next election to have common registration for all voters.

"I think there's a lot more people interested that would vote if it were made easier and I think we're going to do that," Lincoln commented.

WRIGHT AIRLINES  
NO Entry OR  
MOVEMENT  
Permitted

## Plane seized

WRIGHT AIRLINES seized the two planes it leases to Air Idaho, moved them to the west edge of the Twin Falls City-County Municipal Airport and kept them under guard Tuesday. Apparently, the seizure occurred because of a misunderstanding between Wright and Air Idaho on lease payments. The planes were later returned to Air Idaho.

## Air Idaho future unsure

TWIN FALLS — Air Idaho's airplanes were seized and kept under guard Tuesday by the Boise route in operation, he said, so Air Idaho decided to sell its part in the lease to another airlines.

Meanwhile, Wright Airlines mistakenly thought Air Idaho had missed six payments, totaling about \$11,500, on its lease, Hadley said. This plus the news of Greater Idaho's problems with federal and state tax collectors plus word of Air Idaho's sale of one of its planes caused Wright to become "very excited" and to take the planes, he maintained.

Tuesday afternoon Air Idaho employees flatly denied that the planes had been seized; Hadley said at that time that one of the planes was not flying because it needed propeller repairs.

Today he said that at the time neither he nor the staff of Air Idaho realized the planes were under armed guard.

He said a new lease has been worked out with Air Idaho where the airlines will be leasing only one of Wright's planes.

"Despite the new two-year lease, Hadley said Greater Idaho's board of directors is soon likely to make its "ultimate decision" on whether to keep Air Idaho operating.

This decision will be made because of the delay in a decision on the airline's application to fly a Boise route. Within a couple of weeks, he said, "Air Idaho's decision must come on" whether we want to continue to try to struggle along with the route we already have or decide it's no longer worth the investment.

He said it's "comparable" the decision will be made by Monday.

Hadley would give no reason why the decision on Air Idaho will come so soon. "Somewhere along the line you say it's no longer worth it," he said.

He said the airline's new lease should cause no problems if Greater Idaho decides to pull out because other airlines are always ready to lease the planes.

He said a number of people have talked with Greater Idaho about buying the airline and that it is "tough to predict" whether Air Idaho will be closed or sold if Greater Idaho decides to pull out.

But, without the Boise route and the right to operate in state, Hadley maintained the airlines cannot make a profit, though it might break even.

According to Garth Andrews at the IPLAC, the commission denied Air Idaho's application for intra-state service because the airlines previously had suspended flying intra-state routes and had been in its present owners, without obtaining permission from the commission.

He said the commission's decision came Monday and that an appeal by Air Idaho is with the state supreme court.

## Filer rejects water bonds

PHEM — Voters in Filer Tuesday turned down what city officials said was a critically needed water bond issue.

City voters re-elected incumbent councilman Charles Crawford Jr., and named newcomer John Glendon to office.

Crawford received 247 votes and Glendon 249. Also running were Paul Montgomery, who received 156 votes and Grant Neyman with 183 votes.

The water bond called by a slim margin. Getting 251 votes in favor and 183 against. A two-thirds majority was required.

Councilman Crawford said Mayor Paul Shover plans to call a special meeting this month to discuss ways to raise money for needed water repairs. The bond issue proposal for \$50,000 would have built a 400,000 gallon storage tank, one additional well, two booster pumps and replaced water mains with larger pipes.

Shover said now under consideration is a plan to hook onto a new well owned by Ralph Smith in the western part of the town.

## Dam bill OK'd

WASHINGTON (UPI) — Sen. Frank Church, Idaho, announced the approval by a Senate Committee Tuesday of legislation passed by the House of Representatives clearing the way to rebuild the American Falls Dam.

"This is a significant breakthrough," Church said. "The Senate Committee has agreed not to amend the bill as passed by the House in any way. That means that, if the full Senate concurs, the bill can go directly to the President without the necessity of going back to a Senate-House Conference Committee, which could have further delayed consideration of the bill."

"This has been a long fight and it's not over yet," but the Senate Finance Committee's action is a crucial step forward for the American Falls Dam project.

## Coin toss due

HOLLISTER — The Hollister City Council will have to toss a coin to determine the outcome of Tuesday's city election.

Both incumbent Delbert Whitney and Joe Womack received 21 votes each. City Atty. Lloyd Webb, Twin Falls, said according to the Idaho state code 5 can be tossed or the decision determined by casting lots.

Mrs. Audrey Carter, incumbent, was re-elected to the other council seat. She received 14 votes. The fourth candidate, Monty Best, polled 17.

Mrs. Carter said 52 or 66 per cent of the 67 registered voters went to the polls.

## Elections at a glance

GOVERNORS: Democrat, Cliff Finch led Republican Gil Chalmers for governor of Mississippi with nearly two-thirds of the vote counted. In Kentucky, Gov. Julian Carroll, a Democrat, easily won reelection to full term.

WOMEN: Women were elected lieutenant governor in Kentucky and Mississippi. Equal rights amendments to the New York and New Jersey constitutions were defeated.

MAYORS: Incumbents were re-elected in Boston, Philadelphia, Cleveland, Baltimore, Hartford, Miami Beach and Gary, Ind. They were defeated in Minneapolis and Salt Lake City.

SPENDING: Voters rejected bond issues in Ohio, New Jersey and New York.

## Consumer agency bill faces veto

WASHINGTON (UPI) — House Republicans today President Ford will veto legislation to create a consumer protection agency, even if it is expanded to include a wholesale reshuffling of the present federal consumer bureaucracy.

The idea of revamping the government's consumer activities is "very appealing," said Rep. John N. Erlenborn, R-Ill.

## Viking 2 given radio orders

WASHINGTON (UPI) — Radio commands were sent 11 million miles to the Viking 2 Mars landed today in an attempt to bypass a faulty battery charger and rejuvenate batteries needed for next summer's scheduled descent to the red planet.

## Bombs, snipers mar Beirut cease-fire

BEIRUT, Lebanon (UPI) — Scattered sniper fire and bombings marred the cease-fire in Beirut today but the government intensified its negotiations for the release of dozens of persons, including two Americans, kidnapped in the eight-week-long round of civil war.

Warring leftist and right-wing militiamen generally obeyed the truce, which was called last Saturday.

## Franco shows signs of failing

MADRID, Spain (UPI) — Generalissimo Francisco Franco showed signs of kidney failure today and a communique said his medical team is preparing for a crisis that could be the last in his 39-day fight to survive.

Aldes at Franco's El Pardo palace said the 82-year-old Spanish leader was in intense pain and clearly wasting away, having lost 22 pounds from his normal 110.

## Expanded space program sought

WASHINGTON (UPI) — A House space subcommittee today called for an expanded space program to help solve down-to-earth problems while laying the foundation for advanced projects, such as moon bases and orbital colonies.

The finance program, the panel recommended that the space agency propose a 25 per cent budget increase for the next fiscal year. NASA's budget for fiscal 1976 is \$3.5 billion.

## Buhl OK's dog leash law

BLIHL — Buhl voters endorsed a dog leash ordinance in an advisory ballot Tuesday.

The vote was 548 to 265 for "control" on dogs. All candidates have said they would abide by the outcome of the advisory ballot.

## County aides shy from plan funding

BY CRICKET BIRD  
Times-News Writer

TWIN FALLS — A task force studying the Twin Falls City-County Joint Planning Council has recommended the county take over complete funding of the plan.

The joint planning council, apparently aren't ready to commit themselves to full county funding for the council.

The five-member task force, headed by county commissioner Ann Cover, has submitted recommendations to City Council members for consideration.

The joint planning council will consider the recommendations of their Nov. 19 meeting.

Twin Falls City Council members have criticized the planning council for some time because funding was divided between city and county.

Council members argued that Twin Falls city residents are in effect paying twice over from their city taxes and again from county taxes.

County Commission chairman Myrl Leonard said he "very definitely" supported all county funding of the council. "I have said all the time it should be funded on the county-wide basis," he said.

But he added funding would probably be lower than the \$45,000 budgeted last year. The office has been equipped and supplied during its first two years of operation, Leonard said, and now should need less funding. He declined to estimate a figure the county commissioners would be willing to budget for the council's operation, however.

Task force chairwoman Cover said she favored county funding of the planning council. "I personally think it would be great," she said. "This way we just hit them taxpayers once."

Commissioner William Chaney said he would "have to wait" to see how the restructuring of the group turned out, before he could back full county funding.

He said the city had originally proposed the council. "It was their idea to start with. We

went along with them at the time... since they were going to fund half of it."

Chaney said, "I'd like to see other cities contribute," and added he believed people with money invested in a project expended more time and energy on it.

Whether the county funds the council "would depend on the amount of money involved," Chaney said. Last year, the city of Twin Falls split the \$45,000 tab for the council down the middle with the county.

The task force members included Jack Muldrow, city planning council representative; H. E. Chaney, city councilman; Ed Woods, county zoner; and Jean Milar, city manager.

The task force also recommended the council get on with the task of hiring a new planning director. The council recently asked for the resignation of planner David Richey.

Mrs. Cover said she hoped a new planning director could be employed by the first of the year.

The task force suggested that additional members be added to the council. One member would represent school districts in the county, another would represent highway districts, and one member at large would be selected.

Presently the joint council has six members representing the City Council, city planning and zoning, county planning and zoning, the county commissioners, farm organizations and small cities of the county.

The school district and highway district members would primarily vote on administrative and organization matters. When a geographical matter came up before the council, the permanent members would step aside for alternate members representing the school and highway district from that area.

For instance, if a matter came up which involved Buhl, the permanent school and highway district representatives would let Buhl school and highway district representatives vote.

The purpose is to get "more people involved," said Mrs. Cover.

### Election officers

KEEPING track of voters in Tuesday's municipal election above are from left, Mrs. Cecil Gault and Mrs. Emma Spence, both clerks, and Mrs. Dorothy Mingo, election judge. The women were minding the electoral shop for precinct 1 at the county courthouse.

## Grass roots campaigning pays off for Talkingington

(Continued from p. 1)

Smith and Bancroft were both out of town. Smith hunting and Bancroft attending a computer school in California. But both had called in Tuesday evening to find out the election results, according to associates.

Breakdown by precincts follows—

Precinct 1: Bancroft, 108; Cox, 69; Lincoln, 118; Smith, 102; Talkingington, 96; Youtz, 73.

Precinct 2: Bancroft, 91; Cox, 76; Lincoln, 111; Smith, 102; Talkingington, 122; Youtz, 81.

Precinct 3: Bancroft, 91; Cox, 46; Lincoln, 61; Smith, 55; Talkingington, 65; Youtz, 41.

Precinct 4: Bancroft, 90; Cox, 68; Lincoln, 109; Smith, 119; Talkingington, 129; Youtz, 99.

Precinct 5: Bancroft, 72; Cox, 66; Lincoln, 99; Smith, 89; Talkingington, 82; Youtz, 59.

Precinct 6: Bancroft, 150; Cox, 148; Lincoln, 236; Smith, 184; Talkingington, 191; Youtz, 147.

Precinct 7: Bancroft, 134; Cox, 107; Lincoln, 147; Smith, 129; Talkingington, 114; Youtz, 100.

Precinct 8: Bancroft, 138; Cox, 136; Lincoln, 133; Smith, 122; Talkingington, 125; Youtz, 95.

Precinct 9: Bancroft, 107; Cox, 90; Lincoln, 119; Smith, 93; Talkingington, 112; Youtz, 89.

Precinct 10: Bancroft, 117; Cox, 91; Lincoln, 138; Smith, 125; Talkingington, 113; Youtz, 91.

Absentee ballots: Bancroft, 41; Cox, 34; Lincoln, 45; Smith, 42; Talkingington, 37; Youtz, 26.

## Election roundup

### Dietrich

Dietrich — Two incumbents, John Sabala and Roger Stoddard, were re-elected Tuesday to their four year terms as councilmen on the Dietrich City Council.

Sabala received 18 votes and Stoddard, 16 votes.

### Malta

MALTA — An 18 year career in Malta government apparently ended Tuesday when a write-in candidate led two incumbents in tight balloting for city council.

Osmer (Bob) Smith, LDS Church custodian, has served on the council since village incorporation in 1950.

Mayor Wallace Briggs easily stayed off write-ins as the only candidate filed for his post.

Vernon (Bud) Tracy, the only filed candidate for a two-year council seat, beat off a strong write-in vote for Ralph Williams.

Schorzman netted 26 votes and Booth 25 to pair the seats. Smith had 21 and another write-in, Dennis Ward, showed 20.

### Albion

ALBION — The incumbents were ousted in Albion Tuesday and a flip of a coin will decide the councilman for a two-year term.

Mayor Douglas S. Mahoney, who described himself as a reluctant candidate for re-election, was defeated by Robert L. Bauck.

Councilman Alva E. Winder ran fourth for re-election as Ralph T. Heller and H. W. Christ, each ran four year seats on the council.

Renneth R. Ames and Delores J. Biewertson each received 67 votes for a two year term. City Clerk Galia Mahoney said the two would flip a coin to decide the seat.

### Declo

DECLO — Greater experience was chosen Tuesday by Declo voters to fill the mayor's position, while a father-and-son combination was elected to the city council.

James Leonard, a two-term councilman, was elected mayor over write-in candidate Arvil Weyer.

Ollie Fries and his son, L. Gene Fries, were named to the council. Gene was also a write-in candidate.

The election saw 92 per cent of the registered voters turned out at the polls. The total registered was 125, with 115 voting.

### Acequia

ACEQUIA — A deadlock for one council seat awaits the flip of the coin between two challengers who ousted an incumbent here.

Clay Stephenson and Larry Watt tied for second behind incumbent Gerald Harmon in the race for two council terms of four years.

Another incumbent, Curtis Bair, ran fourth.

Mayor Vernard Comstock rolled up 42 votes unopposed for re-election as 70 per cent of the registered voters turned out. The count was 46 votes, including a single write-in for Betty Barton and City Clerk Eldon Stephenson, for mayor.

### Richfield

RICHFIELD — Mayor C. W. Ward was re-elected to the head of Richfield City government in an unopposed contest Tuesday receiving 74 votes.

Incumbent Mrs. Keith (Billie) Swainston, also unopposed, received 91 votes in her bid for another four year term as councilman.

Newcomer to the council will be Frank C. Johnson who received 91 votes in his unopposed bid for a four year term as councilman.

John Lemmon, retiring city councilman, did not seek another term.

### Misguided sign

TWIN FALLS — A "For Sale" sign appeared over the weekend on the lawn of the Twin Falls County courthouse, but commissioners said Monday the county has no plans to sell.

Apparently the work of pranksters, the sign caused some comment in the commissioner's office Monday. Unlike New York, the county of Twin Falls is not going to default, one commissioner quipped.

Why buy a tissue that's soft and plain when you can buy Soft n' Pretty?

A lot of bathroom tissues are very soft. And, let's face it, plain. Soft n' Pretty is very soft and extremely pretty. So when you can have a tissue that's both soft and pretty, why settle for one that's soft and plain? The Soft n' Pretty flowers come in four lovely colors. Pink, blue, green and gold.

Q: "Are bones really bad for dogs?"

A: Some are. Some aren't.

A beef bone is all right for dogs. Or ground up cooked bones, like the kind you find in our Blue Mountain Burger Grind, are fine. They provide calcium and phosphorus dogs need. But never ever give your dog chicken, turkey or chop bones. They splinter easily and can seriously damage his throat.

# Food stamp 'abuse' eyed

By BILL LAZARUS  
Times-News Staff  
TWIN FALLS — Abuse of the food stamp program in Idaho stems from the complexity of federal regulations, not state laxity, according to a state official involved with the program in Idaho.

A recent treasury department study showed that nine million persons using food stamps in the nation are either ineligible to receive them at all or get too many or too few, according to United Press International.

The news service, quoted a treasury official, saying the states were at fault for the program and would either have to pay for mistakes or reduce the number of food stamps in the future.

Idaho had the highest number of ineligible receiving food stamps, at 23 per cent of the total, but over-issued to eligible persons 33.3 per cent of the time, according to UPI.

Most recent figures for Idaho shows the state issues stamps to about 13,400 households.

"The state isn't lax on food stamps certification, but we have very small program to administer and there are just built-in errors all through the system," Mary Barclay, a supervisor of financial assistance in the Idaho Department of Health and Welfare, said in an interview Friday.

She also said President Ford's proposed food stamp reforms are not likely to make the program much simpler.

Ms. Barclay said the state has "been interpreted as if fiscal sanctions to be applied for mistakes made."

She said the survey showing problems in the program in Idaho was done between January and July 1975.

"During the same period, she said, in accord with federal regulations, about 20 counties in Idaho were switching from a surplus food give-away program to food stamps.

"Naturally in any kind of transition period like that, you have a lot of people that are unfamiliar with the program," Ms. Barclay said.

"She said Idaho had comparatively few problems with giving food stamps to ineligible people since "most of the people who came in to apply were eligible."

But, after eligibility is determined, the state must decide how much a person has to pay for the stamps. The greater a person's or a family's net income, the more the stamps cost.

In the lower income brackets the price of the stamps will vary with a \$10 difference of income, Ms. Barclay said.

"If you make a slight error, it puts them in another purchase category which causes an over-issuance," she said.

Since, under the federal regulations, there are seven different types of possible deductions which can be made to determine what a household's net income is, errors are easy to make, she

said.

"The state has very little flexibility in administering the food stamp program because the U.S. Department of Agriculture formalizes all the policies and regulations for the program," she said.

Ms. Barclay said that in her personal opinion, the Ford administration's recent food stamp proposal would not make the system much easier to administer.

She said the Ford program calls for both tightening up and simplification, which she believes presents a "contradiction."

In tightening up the program, she said "in many cases they just add a lot more rules and regulations to the program and add a lot more exceptions."

Already, she said, the

federal food stamp manual is 114 pages long just regarding who is eligible for the program, that she said, does not include numerous charts and graphs of how much a household should pay for the stamps.

Ms. Barclay also said the Ford plan would have the effect of raising the cost of stamps for single persons eligible. This, she said, would hit the elderly and the disabled persons the hardest.

She said she personally believes the program should be simplified by cutting out the requirement that the stamps be sold.

The "bonus value" of the stamps — the difference between what the stamps cost and their purchasing value would then be the amount given out, she said.

## Grant provides new stop signs

TWIN FALLS — With the help of a \$16,200 federal grant, 57 new stop signs should be up by spring at 57 Twin Falls intersections, according to Jean Millar, city manager.

Also, "no parking from here to corner" signs should be placed at 83 intersections. Other signs, going up with the federal money include 16 speed limit signs, and 30 miscellaneous signs, including pedestrian crossing and school area markers, Millar said.

"We're providing the labor to install this and the feds are providing the cash," he said. He said the city would "never budget" such a project "out of our normal maintenance budget."

Millar said the city engineering department is continuing to carry on an ongoing engineering study on which corners need the no parking and stop signs the most. Final decisions probably will be made within the next two to three months and "by next spring all the signs in and

the project completed," he said.

According to city engineer George Michael, Twin Falls applied for grant money "last March to put in stop signs and no parking signs at every intersection where three or more accidents occurred during a two-year period."

Since some of these intersections already had stop signs but none had no-parking-to-corner signs, more no parking signs were ordered than stop signs, Michael said. He said that some of the stop signs were ordered to replace smaller, less reflective stop signs now existing.

Michael said that in the final decision, the stop signs for every three accident-corner plan will have to be modified to allow for through streets. Most of the stop signs, he said, will be in the original town site portions of town.

The speed limit signs, he said, would be used to inform people of the existing speed limit, and not to alter speed limits.

## TF aides OK bid

TWIN FALLS — County commissioners Tuesday accepted a bid of \$7,308.88 by the Burroughs Corp. for a used computer.

The firm made the sole bid received by the commissioners. The machine, a used L4000 model, will be used to "post personal property

taxes, according to Harold Lancaster, county clerk and auditor.

The county is basically "replacing an antiquated piece of equipment," Lancaster said. The company is providing a full-service guarantee for three months, he said.

## Power struggle shaping in Spain; Franco grave

MADRID, Spain (UPI) — A three-sided power struggle is shaping up to determine Spain's political future on the death of ailing Generalissimo Francisco Franco.

The 82-year-old Spanish leader showed a "trend toward regularization" Tuesday night after a new, potentially fatal complication in his 19-day battle for survival.

But the latest medical bulletin said Franco is still in grave condition, his fight against heart failure complicated by pleuritis, the circulatory ailment that plagued former President Richard Nixon.

Franco, who nearly died of pleuritis in the summer of

1974, has suffered a series of heart attacks and severe complications since falling ill with influenza Oct. 17.

Spain's outlived political parties have been flexing their muscles since Prince Juan Carlos de Bourbon assumed the gradual move toward Western-style democracy, and the leftists want to scrap the "Franco era" entirely and start from scratch.

Right-wing conservatives have rallied around Prime

Minister Carlos Arias Navarro. Arias has relaxed Spain's rigid regime a little, but critics say the changes are little more than cosmetic.

Liberals in the government and members of the outlawed centerist parties have rallied around monarchist Jose Maria Areliza and former information Minister Manuel Fraga Iribarne.

The two men — mentioned prominently as candidates for prime minister in the prime's first cabinet — want a Western-style democracy while maintaining law and order.

The leftists, including Christian Democrats, Socialists and Communists, have agreed to work with Juan Carlos as long as he moves Spain toward democracy.

On the sidelines, extremists such as the right-wing Warriors of Christ the King and the leftist Marxist guerrillas stand ready to instigate violence into the political process.

Sugges close to the prince say he supports democratic reforms but won't tolerate an outbreak of civil unrest similar to the disturbances in neighboring Portugal.

## 'Squeaky' fires second defense lawyer

SACRAMENTO, Calif. (UPI) — Lynette Fromme has fired her second defense attorney and tried unsuccessfully to plead not guilty to a charge of attempting to kill President Ford.

Following a chaotic start of her historic trial Tuesday, jury selection resumed at a steady pace with the disciple of mass murderer Charles Manson in total command of her defense for the first time.

Going into the second day of the trial today, four prospective jurors were selected for a pool from which the final jury panel will be chosen.

Shrugging off the attempt to switch her plea from innocent to no contest, U.S. District Court Judge Thomas MacBride reluctantly permitted Miss Fromme to dismiss veteran defense lawyer John Virga as her co-counsel and to act strictly as her own attorney.

"I fire John Virga as part of my defense," the 27-year-old defendant said in a statement released outside the courtroom by her roommate, Sandra Good. "Manson is the only one that can speak for me."

Miss Good said Miss Fromme wanted the imprisoned Manson and the remainder of his "family" to participate in her defense, adding: "In truth, she cannot have a trial without the family."

It was the second time Miss Fromme had dismissed her defense lawyer. During pretrial proceedings, she fired Federal defender E. Richard Walker on grounds the two had no rapport.

Miss Fromme is accused of trying to assassinate Ford with a .45-caliber automatic pistol Sept. 5 as he walked through a crowd outside the state

Capitol. She is the first person to stand trial on a charge of attempting to assassinate a president.

A half-hour after the trial began, Miss Fromme stunned the courtroom when she said she wanted to plead "no

contendere" — no contest — and declared that only Manson could members could judge her guilt or innocence.

"These people cannot judge me," she blurted out as jury selection started despite attempts by Assistant U.S.

District Attorney Donald Heller to cut her off.

"Wearing a green pantsuit, Miss Fromme told the court, "Only my family can judge me, that's why I took off my robe."

## Spanish forces set to bar hike

By United Press International

Spain has ordered troops manning its desert defense line in disputed Spanish Sahara to throw back this week's "suicidal" march by 350,000 Moroccan volunteers.

"We told the Moroccans we won't let the marchers one yard past that defense line," a Spanish government spokesman said in Madrid. "We mean business."

Spanish news agencies said the troops, planting mines and rolling out barbed wire, have deployed along a defense line 25 miles inside the Saharan

Moroccan frontier.

But Morocco went ahead with preparations for the mass march, tentatively scheduled to begin Thursday, into the mineral-rich, North African territory.

The final contingents of volunteers pulled into the Moroccan border town of Tarfaya Tuesday, completing the "full civilian army" of 350,000.

UPI correspondent Jacques Chalin reported from the Moroccan border town of Tarfaya Tuesday, completing the "full civilian army" of 350,000.

The 350,000 volunteers planned to walk 60 miles across the sweltering desert from a tent city near the border to the Spanish Saharan capital of El Aaiun.

"The march will go on, and negotiations will go on," Moroccan Prime Minister Ahmed Osman told reporters in Madrid after talks with Spanish Prime Minister Carlos Arias Navarro.

Osman flew back to Morocco without announcing a settlement and met with King Hassan II in the resort city of Agadir.

## Ruling this week on Patty's trial

Tax change bite eases

WASHINGTON (UPI) — The House Ways and Means Committee has completed action on tax revision legislation with decidedly less bite for some special interests than was in the bill a few days ago.

The measure includes income tax provisions which could affect wage earner paychecks as early as Jan. 1.

The bill may take off sharp floor debate after its expected narrow approval in a final formal committee vote Thursday.

Republicans were disenchanted because the measure does not include the \$15-billion budget ceiling demanded by President Ford.

Liberals were dissatisfied because the measure, at the last minute, backed away from some reform proposals that would have spared more revenues from special interest groups.

A continuation of tax cuts for both individuals and businesses are in the bill from action is taken before Jan. 1.

Existing antirecession tax reduction legislation will expire and almost everyone's withholding rates will increase.

Ford has said he would veto any tax cut not accompanied by a spending ceiling.

SAN FRANCISCO (UPI) — Court-appointed psychiatrists disagree on whether Patricia Hearst is competent to stand trial immediately, but a federal judge will decide the question by Friday.

"This is a difficult and complex question to decide — this matter of competency — at this stage of the case," said U.S. District Judge Oliver Carter at a hearing Tuesday on Miss Hearst's condition.

He said he would rule "by the end of this week" whether to try Miss Hearst immediately on federal bank robbery charges.

The psychiatrists previously issued their reports on Miss Hearst to the judge, prosecutors and defense lawyers.

Though they were not discussed in detail Tuesday, it was disclosed that two agreed she was able to stand trial now.

The third, that of a neuro-psychiatrist Dr. Lewis West of UCLA, in cooperation with psychologist Margaret Thaler, said Miss Hearst should be competent for trial in three or four months.

All three reports agreed her mind had been bent by her abduction by the Symbionese Liberation Army and that she needs immediate psychiatric treatment. They also agreed the treatment should not be conducted in a jail setting.

China trip date worry

WASHINGTON — President Ford is having considerable difficulty arranging a date for his trip to China originally planned for the end of this month, administration officials acknowledged Tuesday.

At a news briefing the White House, spokesman Ron Nessen explained the delay in announcing the presidential visit as "just a lot of scheduling and technical issues being worked on."

Speculation about some deterioration in Chinese-American relations mounted Monday when a White House advance team headed for Peking boarded their aircraft only to be told to debaric just as the engines were warming

Released

FORMER Manson cultist Ruth Ann Morehouse, 23, was set free by a Los Angeles judge Tuesday who said he was satisfied she had cut all ties with the group. She was convicted in 1971 of trying to keep a witness from testifying in the murder trial of Charles Manson. (UPI)

Henry fights

WASHINGTON (UPI) — Secretary of State Henry Kissinger is resisting possible downgrading of his White House influence by President Ford, and is trying to maneuver his own man into the deputy post at the National Security Council or CIA.

High administration officials disclosed that Kissinger would like the State Department intelligence chief, William Hyland, to become deputy to Lt. Gen. Brent Scowcroft, Ford's new assistant for national security affairs.

## Panel evaluates applications

BOISE (UPI) — Ed Benoit, Twin Falls, chairman of the State Board of Education committee named to screen candidates for the presidency of Idaho State University, said today the group has conducted personal interviews with one who has been invited for a personal interview and no such invitation will be issued until the committee decides which persons to interview and when," Benoit said.

Dr. William E. Davis resigned from the ISU presidency to accept the presidency of the University of New Mexico this fall. Dr. Charles H. Keigel, ISU academic vice president, has been acting president.

Benoit said selection committee members have reviewed files of all applicants and have given each ratings in several categories. He said the rating forms are being completed by computer and the committee will receive a composite evaluation.

He said those evaluations will be presented to the committee during a meeting next Tuesday at Pocatello and will be used "as a starting point for discussions."

"Already, we've spent conservatively between 800-1,000 hours on the review and evaluation process," Benoit said. "We don't intend to let a computer tell us who to recommend for presidency, but with all 15 members reviewing and ranking over 200 files, we needed some kind of compilation of individual evaluations."

Benoit said no decision has been made as to the number of candidates who will be considered after Tuesday's session.

## Shakeup disappoints Symms

WASHINGTON (UPI) — Rep. Steve Symms, Idaho, said he was shocked and disappointed at the removal of Defense Secretary James Schlesinger by Pres. Gerald Ford.

It can now be said that the battle between Secretary of Defense Henry Kissinger and Schlesinger is over, with Kissinger emerging the victor.

direction, the nation will take and how far-reaching changes will be made in the wake of the cabinet position shakeup.

He said Schlesinger was a relative "hard liner" whose arms limitation talks with the Soviets were concerned and took issue with Kissinger's SALT talk concessions.

"He believed strongly in a U.S. defense posture second to none, which again brought him into direct conflict with the notions of the Secretary of State. Clearly, the President fired the wrong Secretary. In my opinion, it was Kissinger who should have been replaced."

## Canyon prosecutor files suit

NAMPA, Idaho (UPI) — Canyon County Prosecutor James C. Morfitt announced Tuesday he was filing suit against the City of Nampa to test the legality of certifying a tax levy greater than the city's published budget.

Morfitt said the Nampa City Council certified a 1975 tax levy of \$1.2 million to the Canyon County Commission in September, which was \$186,561 more than the council included as anticipated tax revenue in their 1975 published budget.

He said the law on taxing somewhat ambiguous but he feels the certification in excess of the figure published earlier in the year is illegal.

Morfitt said the councilmen told him Monday they feel the action is legal. For that reason, he said, the only solution is litigation to obtain a court opinion on the statutes in question.

Nampa mayor Ernest Starr said the city is supporting the litigation because "we want the law clarified."

He said the district court suit is "a friendly one."

He predicted the suit will be watched by other cities in the state which are facing the same problem of trying to operate on a cash basis.

Morfitt said he did not believe Nampa city officials intended to violate Idaho law.

## Church endorses funding proposal

WASHINGTON (UPI) — A dozen Western senators, including Sen. Frank Church of Idaho, Tuesday endorsed a proposal to reduce the amount of local funds needed to receive federal matching money for bridge replacement projects.

Church, in a letter to Sen. Lloyd Bentsen, D-Tex., chairman of the Subcommittee on Transportation of the Senate Public Works Committee, said the bill would make the "sliding scale"

applicable to the Federal Bridge Replacement Program.

The sliding scale provides for an increase of federal matching funds on projects in states where more than five per cent of the age is not subject to state taxation, because it is owned by the federal government or by Indians.

Church said the federal matching share on bridge replacement projects is 75 per cent.

FIREMEN had to revive a small dog overcome by smoke in this Tuesday morning fire...

Odeil McLane, firemen discovered the dog in the smoke-filled house and took it outside to administer oxygen...

today in brief

MINDOKA elects new mayor - MINDOKA - Small but politically dynamic! That might describe this city...

Heyburn mayor retains post

HEYBURN - The incumbents staved off all challenges Tuesday as 83 per cent of the registered voters turned out for municipal elections...

Fairfield elects Kirtland, O'Neil

FAIRFIELD - Jim Kirtland and Rex O'Neil defeated two other candidates Tuesday to win four-year terms on the Fairfield City Council...

Shoshone elects 2 incumbents

SHOSHONE - Two incumbents were re-elected to their positions as four-year term councilmen Tuesday in the Shoshone, City election...

Wendell elects Hohnhorst, Adams

WENDELL - Charles Hohnhorst and incumbent Denton Adams were elected to the Wendell City Council in Tuesday's election...

Rupert veterans keep posts

RUPERT - Veterans of City government held the day Tuesday in the only Mindoka county municipal election that did not involve a mayor's race...

Krohn defeats Fitzpatrick

EDEN - In the only contested race in Eden, Arlyn L. Krohn narrowly defeated his opponent, Lelan Fitzpatrick, for the two-year vacancy on the City Council...

Burley voters return 2 incumbents to council

BY SHANE O'NEILL Times-News Writer

BURLEY - Voters decisively returned two incumbents to the Burley City Council Tuesday and chose two new men to fill unfilled seats...

Taylor was the top votegetter of the day with 266 votes, Barlow had 236 and Henderson 61.

Others in the race for the three full four-year terms included Ralph J. Rasmussen...

King chalked up a single vote in the balloting for a five-year term. David A. Peck got 450 votes and J. Dale Smith 312.

Write-ins on the four-year race showed six for Lew Clayton Korbs, whose petition of candidacy fell short of the required 40 valid signatures...

Taylor is completing his first term as councilman and has lived in Burley 48 years. He

was volunteer fireman for six years. King was appointed to the council in early 1974 to fill the vacancy left when Jerry Wyant died...

Henderson is past president of the Downtown Parking Association and the Downtown Merchants Association as well...

He owns a clothing store in Burley and previously spent 25 years with J.C. Penny from salesman to manager.

A former researcher and teacher on agricultural economics at two universities, Barlow previously farmed...

Seiffert wins Ketchum seat

KETCHUM - A four-year Ketchum resident, Gerald Seiffert, ousted a longtime resident Ted Werry to win the mayor's seat...

Seiffert tallied 234 votes to Ted Werry's 183. Jack Davidson received 77 votes and Dave Davenport 31 in the four-man race...

There was no incumbent mayor running since Bill Brand submitted his resignation nearly three months ago.

One incumbent councilman and a hotel owner have won the two contested council seats. Incumbent Jack Corcock, a building contractor and Joe Koening, owner of the Tynholm Lodge...

Incumbent Mayor Winton Gray won again in Sun Valley. Gray polled 81 votes while his opponent, Bea Longley, garnered 42.

One incumbent on the Sun Valley City Council was ousted. William James, fire commissioner, received 58 votes and was defeated by Joan Levy with 62 votes.

Incumbent Royce Asher was re-elected with 71 votes. Fred Judd, who was running unopposed for a two-year term, received 107 votes, while challenger Joe Humphrey received 43 votes.

A last-day write-in attempt by two Hatley men fell short of the mark as incumbent councilman Claude (Hop) Porter and Lyle Breuneman were re-elected to serve four years.

Breuneman tallied 147 votes, Porter 122. Write-in candidate Albert Knight received 49 votes and

Dave Nance, 29 votes in unsuccessful write-in bids.

GERALD SEIFFERT... Ketchum mayor

1 vote margin at Paul

PAUL - One vote decided the mayoralty and one council seat in Tuesday's municipal election.

Mayor Robert K. Larson had turned back the bid of former mayor Harold Wilson. Otto Riedinger retained his council seat easily, but Jack Woodward edged out incumbent Madred Stimpson in a reversal of their race two years ago.

Election officials counted the 201 ballots twice before announcing the figures. The turnout was 83.8 per cent of the 236 registered voters.

Larson garnered 496 votes, only one more than Wilson, who spent 16 years in city government before he was defeated by Larson in 1971.

Larson is Mindoka County School District

psychologist and taught at Paul High School before school and counselor at Minico before being named to the psychologist position.

Riedinger has served nine years on the council. He works for the highway department.

Woodward was beaten for a two-year term in 1972 by Mrs. Stimpson on the first woman elected to the Paul council. He is a retired government fire chief, moving to Paul in 1971 on his retirement.

He was appointed to the Paul board of appeals two years ago and has been named Burley Lodge Elk of the Year.

He and his wife, a native of Heyburn, have six children and six grandchildren.

Jerome returns two incumbents

By CHARLOTTE BELL Times-News writer

JEROME - Jerome City residents Tuesday returned two incumbents to office in the city council race and added a retired city employee.

Charles Correll, incumbent, and Fred Kiser, won their bids over Charles DeAtley and Jeffrey Buzz Zimmerman for the two four-year terms. Kiser will replace Marshall Everheart who declined to seek re-election.

Incumbent Bill Bubak defeated Paul S. Bovey for the two-year term on the council. Bubak received an unofficial total of 269 votes with 282 being cast in the second precinct and 317 in the first precinct. His opponent received a total of 276 votes, with 131 from the second precinct and 145 in the first precinct.

A write-in candidate, Steven Smith, received three votes. Correll was the top vote getter in his race, receiving 497 votes. Kiser was close behind with 478 votes. Followed by Zimmerman with 221 and DeAtley with 225.

One write-in vote was cast for Lois Jepsen. Marilyn Bragg, city clerk, said a total of 869 persons voted, with 1,202 registered. Of the total eligible population in Jerome, only 48 per cent registered to vote.

Correll is self-employed as a CPA. He was appointed to the council earlier this year. He said he was pleased with the vote of confidence given him and that he would continue to do his best to serve all of the people of Jerome.

Bubak, who was also appointed to the council earlier this year, said he will continue to support long-range planning of the city's growth and thanked those who supported him in the election.

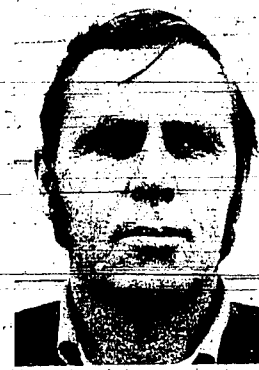

Experience and competence were the attributes Kiser based his bid for election on. The 32-year resident of Jerome recently retired from the city after 20 years.

Kimberly mayor retains seat

KIMBERLY - Kimberly Mayor Von Nebecker retained his seat Tuesday, defeating Councilman Lou Porter, 245-227, in the city election.

In the four-way race for the two council posts, the men defeated the two women candidates. Kent Taylor, an attorney, polled 223 votes while Charles (Coo) Stanley, fertilizer representative, received 220. Peggy Schull received 191 votes and Maxine McCollum polled 176.

City Clerk Edythe Widmer said 69.6 per cent of the registered voters cast ballots. Of the 683 registered voters in Kimberly, 476 went to the polls.

DON MORROW... defeats Kelly

Morrow wins Gooding race

GOODING - Don Morrow, who owns a small grocery store here, defeated Mayor Gene Kelly in his bid for re-election Tuesday.

Morrow, who has been in Gooding the past two and a half years, received 447 votes to 392 for Kelly.

In the three-way race for the two four-year posts, Harold Reed received 570 and Hubert Molins, 546, defeating Georgia Echelita who got 391.

Robert Bolton, unopposed for the two-year term, received 716 votes.

A breakdown of the mayor's contest in the city's two precincts showed Kelly received three more votes in the first precinct, getting 187 to 184 for Morrow. Of the 588 registered voters in the first precinct, 375 voted.

In the second precinct, where 472 of the 720 registered voters cast ballots, Kelly drew 205 votes and Morrow polled 221.

City Clerk Gene Silva said a total of 847 voters cast ballots, out of the 1,299 registered voters, or 61 per cent.

Hagerman elects Holt

HAGERMAN - Dean Holt, who currently is president of the Hagerman City Council, defeated Ray Moore to win the mayor's job in Tuesday's city election.

It was the largest turnout of voters in the town's history.

City Clerk Audrey Herrington said 90 per cent of the registered voters turned out for the election where five candidates were seeking the two four-year council terms. Winners were

incumbent Lysle Gilmore and Barbara Jasper. Mrs. Jasper, 29, who operates a beauty shop in her home, polled 101 votes while Gilmore, grade school principal, got 97. The other candidates and their votes were Jack Yarbrough, 55; Bob Lawerson, 44 and Vern Cox, 43.

Mrs. Herrington said this is the most votes ever recorded in a Hagerman City election. There are 183 registered voters and 171 citizens went to the polls.

New mayor for Hansen

HANSEN - A 27-year-old industrial arts teacher will be the new mayor of Hansen.

Galen Stimpson polled 105 votes in Tuesday's city election, defeating Ralph Simmons, who received 78. Gene Walker and Kenneth Dyer, incumbent councilmen, each received 1 write-in vote for mayor.

In the three-way race for the two-year council term, Richard L. Vawser, custodian at Kimberly schools, defeated two teachers. He polled 86 votes, while Joseph Ware got 35 and Gene Eggleter, 37. Jack Clarke received 2 write-in votes for the two-year term.

Brent Morrill, unopposed for the four-year term, received 184 votes, but there were six write-in candidates. Jack Clarke received 4 votes and polling 1 vote each were Judy Morse, Dick Roth, Tommy Butler, Dean Hopkins and W. E. Jants.

City officials said 107 of the 291 registered voters went to the polls for a 76 per cent turnout.

GALEN STIMPSON... tops Simmons

DEAN HOLT... defeats Moore

BARBARA JASPER... retains seat

LYSLE GILMORE... wins post

markets

Stocks at midday

NEW YORK (UPI) - The stock market opened higher Wednesday with moderate trading on the New York Stock Exchange. The Dow Jones industrial average, a 4.91-point winner Tuesday, was ahead 1.26 points to 831.59 shortly after the opening. Advancers led declines 240 to 92, among the 481 issues crossing the tape. Turnover amounted to about 590,000 shares. Some Wall Street observers were encouraged by reports First National City Bank of New York, a trendsetter, could lower its prime rate to 7 1/2 percent from 7 3/4 percent. The Wall Street Journal said Citibank's formula - based on 30-day commercial paper rates - leaves it with that option.

Grains, pork advance

Courtesy Sinclair & Co. - CHICAGO - Gains in most commodities. That was the trend in the futures market Tuesday. The May delivery of Idaho russet potatoes, however, slipped a little lower, closing 2 cents off at 10.58 per hundredweight. Commodity News Service said Maine potatoes closed at or near the day's highs with gains of 1 to 22 cents after trading as much as 38 points lower. Short covering and some trader buying replaced local and trade selling. There were hints the market may have found bottom, and indications export rumors produced some of the selling. Volume for the day totaled 1,185 contracts.

higher on an estimated volume of 5,940 contracts. Market receipts were falling. It was expected but cash prices were off. Pork bellies closed limit up in July and August with other contracts ranging from at least 47 points higher. Strength in hogs and cattle produced short covering in the pork complex, where there were general gains. Longs at bottom picking after a fortnight of gain on beans. Current crop before ending 2 1/2 to 6 cents higher. New crop positions finished with 1 to 2 cents gains. MEAL closed 30 to 50 cents higher to mostly 50 cents to 1.50 lower despite an upward trend. Oil finished 30 to 65 points higher. Live hogs posted limit gains in all but distant October in one time during the day but gave the three lead months maintained those gains through the close. Other months closed 120 to 140 points.

Commodity news wire reports Courtesy of SINCLAIR & CO., Inc. 733-6013, Toll Free 1-800-632-0807

Technical gains - with speculative attempts at filling some of the recent price declines. Contracts were able to sustain about 4 1/2 cent gains in nearby months but were unable to maintain the day's highs. Chicago basis was nominally unchanged.

Autumn harvest pressure continued in the corn pit, although traders eager for a return to the higher side after a prolonged sell-off kept trying to stir some activity. At the close, prices were unchanged to 1 1/2 cents higher for current crop.

Gas utility posts gains

Intermountain Gas Co. has announced earnings of \$2.14 per share. The company's stock outstanding for the fiscal year ended Sept. 30. This compares to \$1.39 for 1974 and \$2.24 for 1973. R. D. Grimm, Intermountain president and chief executive officer, said while the decline in earnings experienced in 1974 had been expected, the company is not earning the return he believes it requires. Grimm attributed the improvement in earnings to the full-year effect of the July, 1974 rate relief, new customer additions and milder weather than was experienced in 1974.

Rupert market active

RUPERT - The market was active in the Valley Livestock Commission Co. sale Monday. Feeder steers and hogs sold steady at 50 cents to 1.00 higher. Cows were strong and 1.00 higher. Valued lower and were steady with late markets last week. Hogs were lower. Sheep sold strong to 50 cents higher. Sold 4,300 cattle, 94 hogs, 95 sheep and five horses. Stocker and feeder cattle, 375 to 400 lb., 300-350 22-50-37; yearling steers, 500-700, 22-50-37; yearling steers, 700-850, 34-00-37; heifer calves, 300-400, 25-50; heifer calves, 400-500, 25-50; 150 lb faced heifers, 500-600, 27-50-37; yearling heifer, 600-700, 27-50-31-80; Holstein steers, 600-800, 21-00-28-00; feeder hogs, 21-00-24-00. Slaughter cattle, cows.

## Utah slaughter shows decline

SALT LAKE CITY (UPI) — Utah's commercial slaughter plants turned out 17.6 million pounds of red meat during September, a 10 percent decline from the first nine months of last year.

A total of 200,000 cattle were slaughtered during the month, accounting for more than 95 percent of the total weight of red meat produced from the processing plants. The output included 4,800 hogs, 2,400 sheep and lambs, and 300 calves.

## AUCTION SALE

Located at the Northwest corner of Buhl, Idaho, 10 miles Northwest on Highway 30, then 2 miles East to Benbury's Motel (SALE WILL BE HELD AT SANBURY'S)

**FRIDAY, NOVEMBER 7, 1975**  
**SALE TIME: 11:30 A.M. LUNCH AT THE COOKSHACK**

**TOOLS — TOOLS**  
90 lb and 120 lb pipe vice pipe wrenches, 1 ton chain hoist saw levels, hammers, planes, squares, grease guns, sockets, bit brackets, files, wrenches, post drill bits, 2 bench grinders, 2 cross cut saws, bow saw, weed burner, weed sprayer, pump sprayer and hoses, 3 yokes, blow torch.

## High thin clouds waft over MV

Twin Falls, Northside, Burley, Rupert.

Increasing high cloudiness tonight and cooler. Highs Thursday in the 50s. Lows tonight 25 to 30.

The outlook for Friday, dry and mild.

Halley, Camas Prairie, lower Wood River Valley.

Increasing high cloudiness tonight. Variable clouds Thursday and cooler. Highs Thursday in the 50s. Lows tonight 25 to 30.

The outlook for Friday, mostly dry.

Synopsis:  
High pressure that has been bringing warm Indian summer days to the Magic Valley has

weakened enough to allow a cold frontal system to pass through the area Thursday.

This will bring in high cloudiness late tonight and lower daytime temperatures to 40 degrees by late Thursday afternoon.

Cloudiness tonight should help hold lows to 35 to 40 degrees in most areas of the

Magic Valley. There is only a slight chance of precipitation forecast from this system.

The extended outlook for Friday through Sunday calls for continued dry with an increasing chance of precipitation over the weekend. High temperatures will be in the 50s and overnight lows will be in the 30s.

## Above average sugarbeet crop forecast

DENVER (UPI) — Officials of the West's two largest sugar companies say the 1975 sugarbeet crop should be better than average despite problems with warm weather, muddy fields and disease.

But they are uncertain what effect the crop will have on sugar prices.

Larry McGhee, director of communications for Great Western Sugar Co. (Tuesday said the harvest by farmers under contract to his firm was about 90 per cent completed and should be finished this week, barring any weather catastrophe.

The sugar content and tonnage per acre of this year's crop will be slightly above the average of the past five years but both will be down

somewhat from last year's crop, which was extraordinarily good," he said.

McGhee and John Worrall, eastern agricultural manager for Holly Sugar Corp. of Colorado Springs, said uncertainty about weather had delayed the harvest in some areas.

Worrall said average tonnage and sugar yield at his firm's five plants varied from "a little below average" to excellent. Overall, however, he said he expected a good sugar crop, "possibly a bit above normal."

"We expect the harvest at our three northern plants (Sibby, Mont., and Worland and Torrington, Wyo.) to be finished this week," he said. "The harvest at the Delta

(Colorado) plant will be done in a week or 10 days and Herford (Texas) should wind up in three or four weeks."

McGhee and Worrall said contract farmers had planted more beets this year, with overall average in Great Western's western area up 20 per cent from 1974 and Holly's average increased about 15 per cent.

Despite the extra acreage and anticipated good yield, McGhee said he had no idea what effect the crop might have on U.S. sugar prices.

"We would normally expect an increase to the crop to have a depressing effect on sugar prices," he said. "In other words, the more beets harvested, the lower the price of sugar. However, that isn't

necessarily the case since the expiration last December of the federal Sugar Act.

McGhee said the United States imports about 30 per cent of the sugar it needs from other countries. The federal government established import quotas for other sugar-producing nations, which sold to the U.S. at the going price in this country.

## Price fixing suit names sugar firms

PHOENIX (UPI) — Five sugar firms were accused of price fixing in a suit filed in federal court Monday by the state attorney general's office.

Named defendants were C. F. H. Sugar Co., Holly Sugar Co., Consolidated, Food Corp., American-Crystal Sugar Co. and Spreckels Sugar Co.

Kenneth Reed, director of the attorney general's antitrust division, said the suit was the first legal action of its type, seeking unspecified damages on behalf of all Arizona consumers.

The suit contends that 500,000 Arizona households paid excessive prices for sugar between 1950 and 1972 because of a rigged price structure. It

also accuses the companies of attempting to monopolize the sugar market and control its price structure through such actions as fixing pre-paid freight shipments.

The antitrust division also filed suit against four manufacturers of "master key systems" and other types of hardware for doors and windows. Named defendants were Eaton Corp., Embart Corp., Inc. Corp. and Sargent & Co., all out-of-state firms. The suit claims since 1950, the firms have fixed prices, allocated sales, and submitted rigged bids. The action against the lock firms was filed on behalf of the state, various political subdivisions and school districts.

## Commuter airline wins Utah subsidy

SALT LAKE CITY (UPI) — The Four Corners Regional Commission says it will help Sun Valley Key Airlines keep flying on its money-losing route between here and Grand Junction, Colo., but only for three months.

The commission Monday approved a \$10,000 subsidy to the commuter carrier. To help the airline continue daily service from Salt Lake to Price and Moab in Utah, and on to Grand Junction, the subsidy runs through Jan. 31, 1976.

Brent Wiseman, vice president for marketing of Sun Valley Key, said, "We'll take our situation to the state legislature before the regional subsidy runs out. Since there is almost no chance of federal funding, the state will have to help us if we are to maintain this route."

E. Bruce Armstrong, Utah's coordinator on the four-state commission, had said Friday the organization favored granting the subsidy. But he said some legal questions had to be cleared up before they could offer the funds.

Sun Valley Key operates commuter service here and in Idaho, Nevada and California, as well as Colorado. The airline had said it was losing about \$5,000 per month on the Salt Lake - Grand Junction route, and had planned to discontinue the service on two different occasions.

## Stocks at midday

NEW YORK (UPI) — The stock market edged higher Wednesday in moderate trading on the New York Stock Exchange.

The Dow Jones Industrial average, a 41-point winner Tuesday, was ahead 1.26 points to 831.39 shortly after the opening. Advances led declines, 249 to 92, among the 481 issues crossing the tape.

The turnover amounted to about 590,000 shares.

Some Wall Street observers were encouraged by reports of First National City Bank of New York, a trendsetter, could lower its prime rate to 7 1/2 percent from 7 3/4 percent.

The Wall Street Journal said Citibank's formula — based on 90-day commercial paper rates — leaves it with that option.

## Utah slaughter shows decline

SALT LAKE CITY (UPI) — Utah's commercial slaughter plants turned out 17.6 million pounds of red meat during September, a 15 percent decline from the 20.1 million pounds of red meat produced during the month, according to figures from the U.S. Department of Agriculture.

The Utah Cattle and Horses Reporting Service said the September slaughter was down slightly from the ninth month of 1974, but brought the 1975 total to 143.3 million pounds, up 2 per cent from the first nine months of last year.

A total of 20.9 million head of livestock were slaughtered during the month, accounting for more than 85 per cent of the total weight in red meat produced from the processing plants. The output included 4,800 hogs, 2,400 sheep and lambs, and 200 calves.

## AUCTION SALE

Located from the Northwest corner of Buhl, Idaho, 10 miles Northwest on Highway 30, then 2 miles East to Barbary's Natatorium (SALE WILL BE HELD AT BARBARY'S)

### FRIDAY, NOVEMBER 7, 1975

## High thin clouds waft over MV

Twin Falls, Northside, Burley, Rupert area: Increasing high clouds tonight and cooler. Highs Thursday and cooler. Thursday Highs Thursday in the 30s. Lows tonight mostly in the 30s.

The outlook for Friday, dry and mild.

Halley, Camas Prairie, lower Wood River Valley:

Increasing high cloudiness tonight. Variable clouds Thursday and cooler. Highs Thursday in the 30s. Lows tonight 25 to 30.

The outlook for Friday, mostly dry.

Synopsis: High pressure that has been bringing warm Indian summer days to the Magic Valley has

weakened enough to allow a cold frontal system to pass through the area Thursday.

This will bring in high cloudiness late tonight and lower daytime temperatures to 40 degrees by late Thursday afternoon.

Cloudiness tonight should help hold lows to 35 to 40 degrees in most areas of the

Magic Valley. There is only slight chance of precipitation forecast from this system.

The extended outlook for Friday through Sunday calls for continued dry with an increasing chance of precipitation over the weekend. High temperatures will be in the 30s, and overnight lows will be in the 30s.

## Above average sugarbeet crop forecast

DENVER (UPI) — Officials of the West's two largest sugar companies say the 1975 sugarbeet crop should be better than average despite problems with warm weather, muddy fields and disease.

But they are uncertain what effect the crop will have on sugar prices.

Larry McGhee, director of communications for Great Western Sugar Co. Tuesday said the harvest by farmers under contract to his firm was about 90 per cent completed and should be finished this week, barring any weather catastrophes.

"The sugar content and tonnage per acre of this year's crop will be slightly above the average of the past five years, but both will be down

somewhat from last year's crop, which was extraordinarily good," he said.

McGhee and John Worrall, eastern agricultural manager for Holly Sugar Corp., of Colorado Springs, said an unusually warm weather had delayed the harvest in some areas.

Worrall said per-acre tonnage and sugar yield at his firm's five plants varied from "a little below average" to "excellent. Overall, however, he said he expected a good sugar crop, "possibly a bit above normal."

"We expect the harvest at our three northern plants (Sidney, Mont. and Worland and Torrington, Wyo.) to be finished this week," he said.

The harvest at the Delta

(Colorado) plant will be done in a week or 10 days and Hereford (Texas) should wind up in three or four weeks."

McGhee and Worrall said contract farmers had planted more beets this year, with overall acreage in Great Western's western area up 29 per cent from 1974 and 14 1/2 per cent increased in Idaho.

Despite the extra acreage, and anticipated good yield, McGhee said he had no idea what effect the crop might have on U.S. sugar prices.

"We would normally expect an increase in the crop to have a depressing effect on sugar prices," he said. "In other words, the more you've sown, the lower the price of sugar. However, that isn't

necessarily the case since the expiration last December of the federal Sugar Act."

McGhee said the United States imports about 50 per cent of the sugar needed from other countries. The federal legislation established import quotas for other sugar-producing nations, which sold to the U.S. at the going price in this country.

## Minidoka schools seek public input

RIPERF — The public will have an opportunity to speak Nov. 22 on needs within the Minidoka County School District. The speak ups on the needs assessment for the district will be held at 7 p.m. Nov. 22 at both East and West Minion Junior High Schools.

The faculty input will be gathered on the afternoon of Nov. 21, while a second physical education workshop is being conducted for the first three elementary grades. Ideas from these teachers will be gathered at 7 p.m.

P.K. director, Michael Ruppert, told the school board Monday night that the 1975-76 workshop involved 20 teachers, was excellent.

Edward Merrill, district curriculum director and in charge of the needs assessment, says the parents and faculty concepts will be coordinated with similar input from students.

The student speak ups are slated late this week or early next week for grades six through 12.

Merrill says an effort made to attend the Nov. 12 meetings either by mail or in person. Listing these presentations or input would be the school.

Following the meetings, questionnaires will be sent out to develop further information by the assessment.

Merrill says the questionnaires will go out about Nov. 20, probably taken by seniors in government classes.

Merrill says he hopes this will obtain a cross section of 700 families, about one out of six from the district.

The speak ups will seek broader needs and hopefully establish priorities for meeting them, Merrill says. Participants will break up into groups of six to seven and be given 20 to 30 minutes to determine what they think are the top 10 to 15 needs.

The information will be collected and distributed to a committee to evaluate all groups and determine the priorities.

We're working from the idea that we have best schools here," Merrill says, "and we need to make them better."

## Trail machine gear to meet

TWIN FALLS — The Idaho Trail Machine Association will meet today at 7:30 p.m. at the Idaho Power Auditorium.

Moves by Dave Benedict will be shown and door prizes will be provided by Fairmount Inc. and Vic Deal.

The ITMA's state board meeting will be held Nov. 21 at 7:30 p.m. at Jerry Clark's home in Twin Falls. All interested persons are invited.

The association announces the need for advertising sponsors for its monthly newsletters.

At the expense of sponsors is requested to bring them to the club's attention at the next meeting.

## 3 MV str. chosen

TWIN FALLS — Three Magic Valley students were among Valedictorians, a women's service group.

New members from the Magic Valley are Tom Dalar, daughter of Mr. and Mrs. Otto Laska, Buhl; a sophomore special education major from Lewiston, L. Douglas; and Mrs. Jane E. P. Brennan, a sophomore from Idaho Falls.

Education major, and Lucille Johnson, daughter of Mr. and Mrs. Harry Johnson, senior psychology and sociology major.

### Workshop scheduled

BURLEY - An orthopedic workshop sponsored by the Idaho Nurses' Association is scheduled Thursday at the Ramada Inn in Burley from 8 a.m. to 4:30 p.m.

The cost will be \$8 for members of the INA and \$10 for all others. The fee includes lunch and gratuities.

All participants should register at the door between 8-8:30 a.m.

Guest speakers will be Dr. Clair Cutler, orthopedic physician in Burley, Dr. Michael Phillips, orthopedic physician in Twin Falls, Sam Austin, orthopedic technologist associated with Dr. Phillips, Joyce Taplin, occupational therapist at Cassia Memorial Hospital and Patricia Wigham, physical therapist at Cassia Memorial Hospital.

A demonstration of orthopedic equipment will be presented by Gary Bjorn of Idaho Falls.

### New member welcomed

TWIN FALLS - Angie Watson was welcomed as a new member of Twin Falls Business and Professional Women's Club Monday at George K's Restaurant.

Genevieve Crawford, program chairman, introduced Mrs. Cecil Stinson, social director for the past eight years at Hazel Del Manor. She spoke on public relations at home and abroad. Clara Holman spoke on her childhood home in the town of Czechoslovakia.

The next meeting will be Nov. 17 at Sunnyview Courts.

The Chinese city of Tientsin collected 175,000 tons of scrap iron during the first half of 1975, Peking radio reports.

# Abby

By Abigail Van Buren  
© 1975 by Chicago Tribune & News Syndicate, Inc.

**DEAR ABBY:** I am a 30-year-old bachelor. For the last year I've been getting into a very pretty, 22-year-old school teacher. I have asked her to marry me, but she says she is not in any hurry to get married. She told me that she has been taking birth control pills for the last four years "in case she gets reped."

We have never been intimate. Don't get me wrong. I'm no saint. I've tried, but she won't let me. She claims she is still a virgin. As far as I know, she doesn't date anyone else. How do you figure this pill business?

**LEARY IN SANTE FE**

**DEAR LEARY:** It's possible, of course. But I find it a little hard to swallow.

**DEAR ABBY:** With Christmas approaching, my in-laws have already started to buy presents for our son (their only grandchild), which presents a problem.

Even though they know that we bought him a small tricycle for his third birthday last month, they have already bought him a racing car and a first truck to drive. In addition to that, they've bought him a sled, a desk and chair set, an elaborate aquarium and a cowboy outfit, complete with a wooden "horse" to ride. And they are still buying!

## Preventive medicine

We know they enjoy shopping for their only grandson, but showering him with presents creates problems. Our gift and the gifts of the other grandparents who can't afford much will look like nothing. Also, our son will not be able to appreciate anything.

Abby, do we have the right to limit the amount of gifts my husband's parents give our child?

My husband says we shouldn't deprive them of this pleasure. I disagree.

**AWAITING YOUR WORD**

**DEAR AWAITING:** I vote with you. If your parents want to indulge the child, suggest that they buy him one gift and start a savings account for him. The boy may not appreciate it now, but he will when it's time to go to college.

**DEAR ABBY:** My husband and I are senior citizens. We live in the suburbs and do not drive.

When we are invited out, is it proper to ask the hostess if she has a friend or someone who lives near us and drives and if he wouldn't mind meeting us at a convenient bus stop or picking us up? And if it's proper to ask, who should call these people to make the arrangements? The hostess or us? If we could get there by a simple bus ride there would be no problem. But the places we're usually invited to require two or three transfers or are places that can't be reached by bus at all.

We realize that taxis are available, but they're too expensive for us.

**TRANSPORTATION PROBLEM**

**DEAR PROBLEM:** It is not improper to inquire. However, the thoughtful hostess who is aware of your circumstances will make appropriate suggestions when possible. (P.S. Chronic ride-alongs should remember to reward the driver with a modest gift.)

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20¢) envelope.

## American War Mothers install

**JEROME** - The American War Mothers met Monday in Jerome. The officers are Mrs. Maude Melcalf, a mother of 87 years, was honored with a birthday cake and "the birthday song." The cake was baked by Ella Robinson and Vella Chambers served refreshments.

The business session was conducted by Doris Spofford and it was planned that a quilt will be made as fund-raising project.

seargent-at-arms problem. The officers are Mrs. Spofford, president; Elizabeth Simmons, vice president; Nona Adams, treasurer; Birdie Gill, recording secretary; Ada Coupe, corresponding secretary; Mrs. Chambers, chaplain; Lena Falconburg, seargent-at-arms; Iva Pettit, Americanism; and Mary Grace Cox, historian.

The mystery gift was received by Amy Peterson. Mrs. Gill, past state president, gave a brief report of her trip to the AWAM national convention at Kansas City, Mo. She served as a page for the national president and was later appointed national public relations chairman.

All officers, including the installing officers, were presented with a white carnation, the official flower of the mother.

## Since Cupid's arrow struck, she has hands full

**SALMON** - Mrs. Gary (Annie) Taylor of Salmon has her hands full.

She and her husband, a building contractor, were married here last Valentine's Day and instantly had a family of 11.

She had three children by a previous marriage and he had eight. They ranged in age from 1 year through 11.

Mrs. Taylor says she spends most of her time in the kitchen since "someone is always hungry."

But the hardest part about a family so large is keeping up with the laundry.

"I spend most of Tuesday at the laundromat. Each of the children have to turn in their clothes, before they can get clean ones," Mrs. Taylor said. "That way we can keep track of what belongs to who."

There are two 2-year-olds; two 4-year-olds; one 5-year-old; one 7-year-old; two 8-year-olds (both are in the same class at school); one 9-year-old; one 10-year-old; and one 12-year-old.

Annie is 2, Tiffany 2 1/2, Luke 4, Tracy 4 1/2, Arnie 5, Len 7, Sherie 8, Eric 8, Ben 9 1/2, Billie Jo 10 and Gary Jr., 12.

The Taylors reside in two trailer houses. Annie and Tiffany, the two youngest, sleep with the Taylors in one of the units while the rest sleep in the other which is adjacent.

Mrs. Taylor says she spends \$200 a week for groceries.

"They are not fussy as to what I fix; they will eat most anything."

"They like tacos but I took 63 so we don't make those too often. It takes too long to fix," she said.

As to the future, Mrs. Taylor said that in four years all the youngsters will be in school, one a senior and two first graders.

"I think we will wait a while before we have any more children. Gary is not too excited about having any more right now."

Taylor is 39. Mrs. Taylor is 24.

THE Gary Taylor family of Salmon poses for photograph while eating breakfast of hot cakes in a Salmon restaurant. Shown with Mrs. Taylor are the Taylor's 11 children, from left, Tracy, 4 1/2; Billy Jo, 10; Tiffany, 2 1/2; Sherie, 8; Ben, 9 1/2; Len, 7; Arnie, 5; Annie, 2; Eric, 8; Gary Jr., 12; and Luke, 4. The Taylors were married on Valentine's Day 1975. She has three children and he has eight.

# your health

**Dear Dr. Thosteson:**  
Myson, 9, has a problem of splashing urine which occurs almost daily. The stream is small at times, though. One doctor has commented on his rather small stream. Another said surgery would be needed to enlarge the opening of the penis. A third said such surgery might not alleviate the problem.  
I realize that doctors are individuals with different opinions, but I'm quite confused. I do not believe in unnecessary surgery, no matter how minor. My younger son had his tonsils removed several years ago now. I've discovered that this type of surgery has been accepted by some of the medical profession.  
Will you comment? — MRS. S.M.B.

The splashing is not unusual in and of itself. Some irritation that produces mucus could cause the outlet to be stuck or, occasionally, or there could be some minor defect at the opening. This can be corrected surgically. It is not clear from your letter whether you refer to the urethra proper being narrow, or merely to the external opening of it. Nor do you indicate what procedures were used to determine this.  
If there were any discomfort associated with the splashing — burning, etc. — then the situation should be investigated promptly to determine if there is infection present.  
Yes, doctors do have differing opinions, and those differences are often part of the process of arriving at the best possible diagnosis. After all, the human body is a bit more complex than is an automobile engine.

# 50th anniversary open house planned

**TWIN FALLS** — Mr. and Mrs. Lee M. Logan will celebrate their 50th wedding anniversary with an open house Nov. 9 at the Twin Falls Holiday Inn.  
The couple's children and grandchildren are hosts for the event which will be from 2 to 5 p.m. Friends and relatives are invited to attend.  
Blanche Brown and Lee Logan were married Nov. 9, 1925 at Pocatello. They have lived in Twin Falls for the past 50 years. They have two children, Bill Logan, Twin Falls, and Mrs. Karl (Norma) Larson, Boise, and four grandchildren.  
Logan has been a commercial sign painter and artist since 1923 and known for his gold leaf lettering. He still does landscape painting. During the late 1920s, '30s and early 1940s, Logan played drums in his own and other dance bands, including the Emery-Bennett Orchestra, the Herb Hardin Orchestra and the Bob Young Orchestra.  
The couple requests no gifts.

MR. and MRS. LEE LOGAN

# Valley briefs

**JEROME** — Vicki Nichols has received notification of her successful completion of tests for national examination for interested record technician. Robble Tubbs also received notification that she has completed the requirements for the national examination for certified laboratory assistant. Both Mrs. Nichols and Mrs. Tubbs are members of St. Benedict's Hospital.

**TWIN FALLS** — Auxiliary members will not see pinholes on Friday due to the construction at Magic Valley Memorial Hospital.

# Pottery program given

**TWIN FALLS** — Mrs. Leo Geper presented a program on pottery — texture and miniature arrangements at a meeting of Magic Valley Saint Paul's Club Monday.  
The meeting was at the home of Mrs. Floid Hartman with Mrs. Darrel Dorton co-hostess.  
Roll call was answered with plans for Thanksgiving. The next meeting will be Dec. 8.

# briefs

**FILER** — The Mary Time Club will have a no host luncheon at 7 p.m. Friday in Twin Falls. Reservations must be made with Mrs. Dan Smith.

**TWIN FALLS** — Ron Jones, Twin Falls, has been selected for secretary for the South Dakota State University Farm House Fraternity. The Farm House is a social-agricultural fraternity.

 Opening lead — K♠

**By Oswald & James Jacoby**  
If Patrick Henry had been a bridge player, he might well have said: "Give me the spade suit or give me death!"  
Then, if Patrick Henry had held today's East hand from the spring charity game, he would have passed in second seat; passed a second time after North responded one notrump to South's one-heart opening bid, but backed into action after South's two-heart rebid was passed by North.  
A two-spade call would be dangerous. However, if you aren't willing to take chances you shouldn't play bridge.  
If East does back in with two spades he will get a shock. West will take him right to

# Common problem

Which brings me to your comment about tonsilectomies. It is true that fewer tonsil operations are being performed today. But this does not mean that there are no indications for them in particular cases. Nasal obstruction, chronic cough and recurring infection are three that come to mind.  
The logic surgery suggested is minor and usually helpful when undertaken. Now it is up to you and your doctors to decide whether or not it is necessary in your son's case. At this distance I cannot help you in making such a decision.  
**Dear Dr. Thosteson:**  
I have been taking keep — containing diet pills for a few days. I have discovered that keep is a source of iodine. I have had better surgery and wondered if my thyroid could handle the iodine said. My doctor does not have me on thyroid medication.  
I had tests done and they showed I didn't need them. Should I continue taking the diet pills? — F.M.  
Keep has a large amount of potassium iodide. A recent report in the Journal of the American Medical Assn. states that the amount of iodine in keep can depress thyroid function in persons whose sensitive to iodine.  
Your system is apparently functioning satisfactorily with whatever thyroid tissue you have remaining since your surgery. You haven't been taking the keep long enough to experience any apparent effect. However, I don't think you need it, and I suggest you stop taking it, or at least consult your doctor about it.  
Iodine, of course, is a major constituent of thyroxine, a hormone produced by the thyroid gland. One must always be careful about introducing such substance into the body without sufficient reason and supervision.  
**Dear Dr. Thosteson:**  
I water-taken from a clean sulphur spring harmful or beneficial to drink? I drink it because I like it, and have been drinking it for about five years with no bad effects. — C.B.  
You answered your own question. You use it without harm. It is harmless, but I know of no particular benefit from it. Some understand the taste.

Week's recipe winner  
**ELIZABETH REILLY**  
244 Fourth Ave. E., Twin Falls

**OLD FASHIONED FUDGE**  
 1 cup evaporated milk  
 1 cup water  
 3 cups sugar  
 3 tablespoons white corn syrup  
 2 squares 1/2 oz. each unsweetened baking chocolate  
 1 teaspoon salt  
 1 cup butter  
 1 cup evaporated milk  
 1 cup water  
 1 teaspoon vanilla  
 1 cup chopped nuts, optional  
 1 In a heavy saucepan, mix together the one-half cup evaporated milk, one-half cup water, sugar, salt and corn syrup. Stir and bring to a boil. When boiling, add chocolate and butter. When boiling again, add the one-fourth cup evaporated milk and one-fourth cup water.  
 2 Put in a small-hot-shine 220 degrees, without stirring. Remove from heat and pour into a clean dry bowl or pan without scraping sides of kettle. Let stand until cool.  
 3 Add vanilla and beat until longer-glossy. Stir in nuts. Pour into buttered pan and place in refrigerator until set. Cut into squares. Makes about one and three-fourths pounds.

## PGA section votes Thomsen pro of year

Twin Falls municipal pro Clyde Thomsen has been named pro of the year by the Rocky Mountain Section of the PGA. Thomsen, who has been head man at the municipal course for the past 14 seasons, was named among club professionals from part of Utah, Idaho, Nevada, Oregon and Montana. "It's always nice to get this kind of recognition," he said Tuesday evening, "but even nicer when it's from your own guys. "I think probably it was an accumulation of things over the years, not what I did last year," he said in assessing the award. "He believes it steps largely on his work with juniors. "During his tenure Twin Falls has maintained a high quality junior program in both the high school conference and teen-agg tournament ranks. "The high school has won the state title more than the rest of the state, combined with the Bruins have won the SIC about 75 per cent of the time. "The junior program carries a special place in Thomsen's career. He makes every effort to employ "soft" newbies, "is a big supporter of the clubhouse to provide them with incentives to come to the course as often as possible and also provide some spending money. "Several of the boys worked for me over the years have turned pro," he says. "A couple have gotten out of the game now but we still have

(Jim) Blandford, (Jim) Packard and Doug Harper. It's also kinda interesting to see the careers the others took up. Some are lawyers, there's a CPA, a couple of salesmen for golf companies. It's just interesting." One of the bitter-sweet moments in this junior-affiliated program was the appointment of Larry Malone, a former Bruin, one of the area's top juniors, who was killed by cancer two years ago. Thomsen started the Malone memorial scholarship program in his honor and, with the help of fellow professionals, business leaders and amateur golfers, the annual event should provide a start toward a college education for a deserving Idahoan each year. "Thomsen came to pro golfing rather late, following several years as a salesman. "He first took the amateur ranks in 1956 and became a PGA member in 1959. He's held the head pro positions at Rexburg and Ely before coming to Twin Falls. One summer was spent as an assistant professional there. "In addition he was a teaching pro at Salt Lake Country Club and El Rio Country Club in Tucson. "At Twin Falls he has hosted the Idaho open three times, the men's, and women's state amateur five teams in combination, the Magic Valley amateur and co-hosted the Cactus Pet's open since its inception.

## Dallas fans prepare blast for Cosell over Newhouse remark

DALLAS (UPI) — It was just a casual remark. But, boy, has it riled the populous in Dallas. Last month, while the Dallas Cowboys were in the process of dismantling the Detroit Lions on a Monday night, Howard Cosell suggested that fullback Robert Newhouse, "is a big nigger." Before the night was over the telephones were gaily busy at Dallas radio and television stations complaining about the remark. "The fans have had several weeks to get ready and when Cosell comes to town next Monday for the Cowboys' meeting with the Kansas City Chiefs, it appears he had better be ready for some verbal abuse. "Howard's not dumb," said Cowboy Coach Tom Landry Tuesday. "By next Monday, he probably will be saying Newhouse is running like Jim Brown. "I saw Robert this morning and I told him I hoped he would get along with Howard. But I don't think Cosell will be coming out of the booth Monday night." The gripe over Cosell's remark has even been taken to the floor of Congress. T. Bynum Hatley, a

major of Newhouse's hometown of Hallsville, Tex., signed a resolution last week asking Cosell to apologize to Newhouse. "Rep. Jim Collins, R-Tex., inserted the resolution in the Congressional Record. Hatley said a large group of Hallsville residents plan to be in Texas Stadium for the Monday night game but that they did not want to harass Cosell. Landry, meanwhile, was more concerned over the reaction of his team to its disappointing overtime loss to Washington last Sunday than over the fans' reaction to people in the telecasting booth. "We have held our own against some good teams this year and have proved we can play with anybody," Landry said. "We played well against the Redskins, the Cardinals and the Rams. Our confidence should not be affected, but it is still hard to get over the disappointment. "We were in the game at Washington better than we have been in one there in a long time. We expected to win the game and it was disappointing not to have. There is no question about that."

## Tangerine bowl prospects fade

ORLANDO, Fla. (UPI) — Failure by the Orange County Commission to provide immediate financial support for emergency stadium repairs has cast doubts on the prospects for holding the Tangerine Bowl football game next month, stadium officials say. The commission is expected to meet Monday for up to two weeks a decision on a request to put up \$75,000 to help pay interest on a \$2.1 million bond issue to complete expansion of the problem-plagued stadium. The proposal was turned over to the county staff for consideration. Officials of the Civic Facilities Authority believed work must begin immediately to have \$200,000 ready for the bowl game on Dec. 29. EPA attorney Darle J. Terrell said the stadium was in danger of becoming "a rusty monument." But County Commissioner Jack Martin, who moved for the delay, said a study of the proposal was necessary for "a business-like" decision

without rush. "Authority Chairman William V. Roy, visibly upset at the delay, refused to comment after the commission vote, saying he needed time to collect his thoughts. The Orlando city commission voted Monday to pull up \$75,000 in interest money contingent on the county's action. Asked if the city would be willing to contribute more money if the county was unwilling to do so, Mayor Carl Langford said the council "would just have to take another look at it." The CFA said last week it needs the \$2.1 million to correct structural defects discovered in the stadium, which was being enlarged from 17,000 to 52,000 seats. "We cannot authorize contractors to start repairs in the limited portion of the stadium that will be used in the December game.

# Palmer beats Hunter in balloting for American pitching award

NEW YORK (UPI) — It came as no surprise to Jim Palmer that he won the American League's Cy Young Award. What was surprising and discouraging to the 30-year-old right-hander of the Baltimore Orioles was that he didn't have even a better season. Palmer, who Tuesday was named winner of the AL's most coveted pitching prize for the second time in three years, was an easy winner over Jim "Catfish" Hunter of the New York Yankees, who won the award in 1974 with Oakland, in a balloting of 24 members of the Baseball Writers' Association of America. The Orioles' "meat ticket" who also was the Cy Young recipient in 1973 when he went 22-9, posted a 23-11 record with 10 shutouts and a 2.09 earned run average — both best in the major leagues — this past season. It was a marked turnaround from 1974 when he experienced arm trouble and recorded a dismal 7-12 record. Palmer, the only pitcher named on all 24 ballots, received 15 first-place votes and 58 points while Hunter got seven first-place mentions and 75 points. Relief ace Rollie

Fingers of the Oakland A's was a distant third with two first place votes and 25 points. In the most diversified voting in the history of the award, five other pitchers also received mention. Frank Tanana of California and Jim Kaat of Chicago each received seven points. Vida Blue of Oakland and reliever Rich Gossage of Chicago got two points apiece and Rick Wise of Boston got one point. "It's very pleasant. I felt I was going to win all the time but I suppose you can't always tell when your competitor is an athlete from New York," said Palmer. "Frankly, I felt I had a better season than Hunter." Palmer, however, thought he could have been even better had his team supported him offensively. "I don't know if I can pitch any better," he said. "If I could have won close to 30 ballgames this year, but our hitting was poor and we really didn't have much offense," said Palmer. "How well you do as a pitcher depends on how well your team performs." In late August and September, I was frustrated because I felt I was pitching

my best baseball but I wasn't doing anything. We weren't getting anywhere." Palmer is only the second pitcher in AL history to win the Cy Young Award twice. Detroit's Denny McLain won back-to-back awards in 1969-70, sharing the award with Baltimore's Mike Cuellar in 1969. Three National Leaguers have won the Cy Young Award more than once — Tom Seaver of New York (1967-73), Bob Gibson of St. Louis (1969-70) and Sandy Kousser of Los Angeles (1963-65). This season marked the second time in Palmer's career he has had to bounce back from arm miseries. After winning 15 games for Baltimore in 1972, he suffered back and shoulder injuries the following year and was back and forth to the minors until 1969 when he returned to the Orioles to win 16 games. Beginning in 1970, he had a string of four consecutive 20-victory seasons. Hunter's season was not quite as good as Palmer's but only because the 29-year-old righthander did not play with as good a defensive club. Pitching for a losing team, he still

managed to post a 23-11 record along with seven shutouts. His earned run average was 2.58, second to Palmer's, and he led the majors in innings pitched (328) and complete games (30).

Fingers appeared in a longplanned 75 game and had a 106 record with 287 for the AL West champions.

# Vandals seek third win in row at Weber Saturday

MOSCOW, Idaho — The resurgent University of Idaho Vandals will try to stretch their winning streak to three games Saturday afternoon when they face the dangerous but winless Weber State College Wildcats in a Big Sky Conference contest at Ogden, Utah.

A crowd of 5,000 to 6,000 is expected for the game in Wildcat Stadium (11:20 a.m.) which will begin at 1:30 p.m. (MST).

Weber State's football team, under the direction of Dick Gwynn, a former University of Oklahoma standout during the days of Bud Wilkinson, has been disappointing this fall. They were expected to do things, especially with a seven game home schedule. However, they have found it hard to handle their opponents and have suffered eight straight setbacks including a 27-17 loss at "Cajon State" (a third day last weekend).

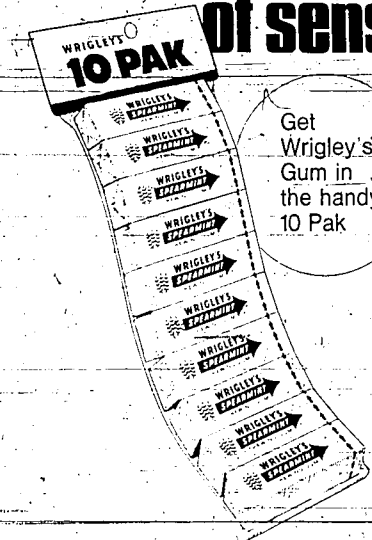

They have some really talented individuals but they just got off on the wrong foot, a popular team situation," noted U-I mentor Ed Trost while discussing this weekend's contest. "Danne Morelli is a 5.5 time kicker, equal to Montana State's Pat Holtz. Also running back Don Reddie is one of the better performers in the conference."

The Vandals coach added, "The Wildcats are always dangerous in their back yard and they do a real time job against the rush which is our strong suit. We will have to play an error-free contest if we are to continue our winning ways."

The crushing 41-23 win over Shoshone State in U-I's first back-to-back win since the championship days of 1971. It also marked the highest point total since the finale that year.

The offense is operating in fifth gear with quarterback Dale Cymet at the throttle. The 330-pound senior from Pocatello guided the silver and

gold to a record-shattering 409 yards, rushing and passing. MSU. The old mark was 152 against Texas El Paso in the 1953 opener.

## Winter hits Idaho

IT'S HERE. Winter moved across much of Idaho during the last week of October, and there are some indications that big game is beginning to move out of the high country. Hunters should check locally before trying to drive into the backcountry during the remainder of this fall's hunting seasons. (JFG Photo)

# Battle against nitrogen saturation 'encouraging'

The Department of Fish and Game "is encouraged," by a Corps of Engineers schedule for providing salmon and steelhead protection at dams on the Columbia and lower Snake rivers.

In a recent response to Northwest fisheries agencies' request for a schedule of emergency work on the dams, the Corps has tentatively planned to install flip-lips and turbine screens at all dams by the middle of 1977.

Flip-lips at the base of dam spillways cut down on nitrogen supersaturation levels, and screens will divert downstream migrant smolts from entering turbine intakes and being injured or killed by the turbines.

The department said the Corps is planning the installation on an economic basis. Cost of the project will run between \$15.54 million, but to save money the bulkheads built for installing flip-lips at McNary in early 1975 will be moved to Lee Harbor Dam in mid-1976 to build flip-lips there. This saves building new bulkheads at each dam.

Flip-lips at John Day and the Halls dams are not scheduled until 1977 and 1978, but the construction could be faster if additional federal funds become available, the department said.

Turbine screening may be delayed somewhat at some dams because the screens being used now are experimental. New screen designs are expected to withstand continual operating problems at the dams.

Building the new screens is planned in 1976-77, the department said, at Lower Granite Dam. However, the older design screens will be used at Lower Granite to fill the immediate needs at that dam, the Corps schedule says.

The department is urging the Corps to test new screens in the spring or summer of 1976 so that the design can be established for six new screens needed at Lower Granite and Little Goose dams by the spring of 1977 in existing turbines.

"It is important to get the testing done before three new turbines are installed at each of the two dams in the spring of 1976," the said.

Due to turbine expansion, 18 new screens will be needed at both Little Goose and Lower Granite dams before spring 1976 to safely pass downstream migrating fish past the turbines and for collecting smolts for trucking downstream, the department said.

The department views the truck transport of smolts to water below Bonneville Dam as a temporary measure to be used until the river is made safer for downstream migration. Transporting chinook salmon smolts has not been proven as a successful tool so far.

Handling steelhead smolts from Little Goose and Lower Granite dams to below Bonneville will give the fisheries agencies and the Corps time to test and install the new screens, the department said.

The Corps was asked in 1973 by the fish and wildlife agencies to implement five basic emergency measures:

- 1. Accelerate installation of flip-lips at Little Goose and McNary dams.
- 2. Collection and transportation of up to 20 per cent of the steelhead smolts in the Snake River from Lower Granite and Little Goose dams to below Bonneville Dam.
- 3. Installation of turbine screens in operating units at Lower Granite and Little Goose dams in line with the collecting and handling operations.
- 4. The earliest possible implementation of the hatchery program to compensate for fish losses at the Corps' lower Snake dams.
- 5. Regulate the Columbia and Snake rivers to help migration of adult and young steelhead and salmon.

The department said "good progress" has been made in all these areas except the testing and installation of screens. In this area, the Corps schedule lags, the department said.

# Spahn seeks chance to manage in majors

NEW YORK (UPI) — Warren Spahn put in his time and paid his dues but he still isn't in "the lodge." He managed in the minors five years, won the Pacific Coast League championship once and naturally would love to manage a major league club, but he never gets a call and thinks he knows why.

Every time a club is looking around for a new manager, you can count on at least a half dozen candidates being mentioned, and you also can count on Warren Spahn's name never being among them. He made the Hall of Fame two years ago but has never been able to make the manager's "lodge," a fraternity frequently criticized, but one which practically guarantees steady employment once a man is in it.

One reason Warren Spahn never is given much consideration for a major-league manager's job is because, somehow, he never really impressed anybody he did not touch enough like a good one. He also has been out of baseball two years now. The third strike against him is he used to be a pitcher and many baseball people feel ex-pitchers never make good managers because they were actually involved only once every four days when they did play and forever tend to look at the game mostly from a pitcher's point of view.

Being passed over because he was a pitcher distresses Spahn, who spends most of his time ranching now in Hartshorne, Okla., and some of his time working for Cancer Care, Inc., as rallymaster for their Big Wheel Rallies in different parts of the country.

"How can they disqualify a man as a major league manager simply on the grounds he was a pitcher?" asks Spahn. "I think it's perfectly ridiculous. What about Freddie Hutchinson? Did being a pitcher detract at all from his efficiency as a manager? How about Bob Lemon? Or Ted Lyons?"

"I can't understand why some baseball people have the idea that former pitchers aren't qualified to be major league managers. I remember talking about this once to John Quinn. He told me he preferred to have former infielders manage his ball clubs. They were his first choice, catchers, second and outfielders third. Pitchers were last. I maintain you can't put baseball in a tub that says you can't categorize a man by the position he played the rest of his life. You have to go by his mental make-up, his ability to cope with people and understand personalities. Those qualities never have been more important than they are right now. You don't manage by any set format. You manage according to personalities and abilities."

Among the players Spahn had, during the five seasons he managed the Tulsa club were Ted Simmons, now with the St. Louis Cardinals and Fred Norman, now a member of the world champion Cincinnati Reds.

"Insofar as Simmons is concerned, anybody can recognize talent," says Spahn. "The only question was where was he going to play. He couldn't pitch the outfield and when I tried him in the outfield he couldn't catch a fly ball, but catching he was fine. Freddie Norman had all the tools he has now except he fell in love with the screwball. I told him the screwball was only as good as the pitch he had to keep them honest with his fastball. If he had come to St. Louis from Montreal and had been sent down to us, I told him I wouldn't tolerate minor league mistakes from him. All I was trying to do was help him. I was only interested in getting him back to the big leagues. He pitched for me two months and came back in the big leagues the following season."

The 54-year-old Spahn pitched 20 years in the big leagues. When he first arrived in 1942, his manager was Freddie Casey (Strike).

"I often say I played for him before he was a genius, when he was managing the Boston Bees," laughs Spahn. "One day we were playing the Dodgers and they were stealing our signs. To discourage them, Casey ordered me to knock down their hitters. Pee Wee Reese was the first hitter, and I missed him. I threw the ball high and in, and Pee Wee pulled his head out the way."

"My next pitch was over his head, and Casey came old and took me outta the game. 'Son-of-a-bitch-you train-tight in that ballpark,' he said. 'You gotta learn better control than that.'"

BECKONING Tom Henderson (14) of Atlanta tries to coax the ball from under Portland's LaRue Martin (35) after the two collided chasing a rebound Tuesday night. (UPI telephoto)

### Riding herd on ball

## Cal coach pumps Muncie for top prize

OAKLAND (UPI) — Throwing another hat in the ring for the 1975 Heisman Trophy race, a competition that has been the private domain of Ohio State's Archie Griffin, Oklahoma's Joe Washington and Southern Cal's Ricky Bell, "I believe Chuck Muncie deserves the Heisman Trophy," California coach Mike White declared at Tuesday's weekly meeting of Northern California coaches and writers.

### Hawks outlast Blazers

PORTLAND (UPI) — The Atlanta Hawks outlasted the Portland Trail Blazers Tuesday night in a game that was a nail-biter. The Hawks won 107-103, led by Larry Bird's 27 points and 11 rebounds.

### Spirits beat Utah

SALT LAKE CITY (UPI) — Forward Marvin Barnes and guard Freddie Lewis combined for 36 second half points Tuesday night in propelling St. Louis to a 115-110 win over the Utah Stars, the Spirits' fifth consecutive victory. Utah had outscored the Spirits 20-10 in the opening minutes of the third quarter to grab its biggest lead of the game. 72-63 with three minutes to go in the period.

### Bucks take first win

MILWAUKEE (UPI) — Bob Dandridge stole an rebound pass with the score tied and just 10 seconds remaining, then made two free throws with six seconds left Tuesday night to give the Milwaukee Bucks their first win of the season, 101-101 over the Detroit Pistons.

### Kings maul Lakers

KANSAS CITY (UPI) — Sam Lacey led 14 rebounds and triggered a fourth quarter rally in leading the Kansas City Kings to a 116-98 NBA victory over the Los Angeles Lakers Tuesday night.

### Suns defeat Bulls

CHICAGO (UPI) — Rookie Alvan Adams scored 16 points Tuesday night to lead the Phoenix Suns to a 96-78 National Basketball Association victory over the Chicago Bulls.

### Rockets thump Knicks

HOUSTON (UPI) — Calvin Murphy's 21 first-half points sparked the Houston Rockets to an early lead and the tough rebounding of Rudy Tomjanovich and Joe Meriwether off Spencer Haywood's board work Tuesday night to preserve a 119-106 win over the New York Knicks.

### Bullets topple Cleveland

INDIANAPOLIS (UPI) — Elvin Hayes scored 23 points and Mike Kordon a season-high 21 Tuesday night as the Washington Bullets romped to a 115-96 National Basketball Association victory over the Cleveland Cavaliers.

### Braves handed first loss

BUFFALO, N.Y. (UPI) — Reserve Steve Mix and ABA refugee George McGinnis led a fourth quarter Philadelphia charge that toppled the National Basketball Association's first unbeaten team, the Buffalo Braves, in a 121-114 struggle Tuesday night.

After Buffalo's Bob McAdoo forgot the 10th and final tie of the game, 117-117, McGinnis scored the final 11 points to lead Philadelphia to a 119-109 Philadelphia charge that topped the National Basketball Association's first unbeaten team, the Buffalo Braves, in a 121-114 struggle Tuesday night.

After Buffalo's Bob McAdoo forgot the 10th and final tie of the game, 117-117, McGinnis scored the final 11 points to lead Philadelphia to a 119-109 Philadelphia charge that topped the National Basketball Association's first unbeaten team, the Buffalo Braves, in a 121-114 struggle Tuesday night.

## Gray claims bowl title

Grace Gray of Twin Falls won the women's Idaho scratch bowl association tournament in Boise Sunday. Gray led qualifiers through the opening phase of the two-day meet with 1128 pins. She was followed there by Chris Moore, Boise, at 1124; Hazel Call, Pocatello, 1117; Dorothy Ohman, Pocatello, 1109; and Betty Spiva, Pocatello, 1096. Spiva came into the final round with two straight wins before falling to Chris Moore. Gray then defeated Moore 195-180 for the title and 2773 first place money.

ELVIN HAYES (11) of Washington grabs air as the ball hangs in front of his face during rebound battle with Buffalo's Jim Brewer. (UPI telephoto)

## Brown sees tough day at Denver

CINCINNATI (UPI) — The Cincinnati Bengals' six game win string was snipped Sunday by Pittsburgh and Coach Paul Brown fears more "trouble" this Sunday with the Broncos at Denver.

"We have trouble coming up," continued Brown. "We got a good sound beating out there the last time."

Brown referred to a 28-10 setback two years ago at Denver. Denver is a tough football team that can explode at any time. They had a 17-3 lead on Oakland in the third quarter last Sunday, so they must have played some sound football somewhere.

However, the Broncos blew the lead and went on to lose 42-17, their fourth loss in seven games.

"We're in the thick of a battle in our division tied with the Pittsburgh and Houston for the American Conference Central Division lead and we need to be at our best at all times," said Brown. "This thing is a long way from settling. We're only at the halfway point."

But Brown also is thinking of college draft and worrying that neither of his two first-round choices will come soon enough to meet the apple of his eye—Archie Griffin.

"I like him but I don't ever anticipate getting to Archie," says Brown.

The only bid part about the Bengals' good season (6-1 so far) is that it will put them far down the list in a drafting system that gives worst teams the first opportunities.

"Philadelphia's No. 1 is ours but it wouldn't be that high," he says. "They have too good a football team."

## Basketball blackout

### Eagle coach 'galled'

PHILADELPHIA (UPI) — Eagles Coach Mike McCormack Tuesday called the 42-3 drubbing by the Los Angeles Rams Monday night "galling" and a "total collapse."

And after the embarrassment in national television—Eagles general manager Jim Mullaney, while saying there would not be a coaching change, warned of "inevitable changes."

McCormack, who is in the last year of a three-year contract and in a tenuous position because of a 1-6 record, said, "We were blown out in the worst way."

"A total collapse the way it looked to me. They went to the right, to the left, and up the middle," the dejected coach said.

The Rams, now 6-1 and

# New NFL teams spotted, all-star game continues

**NEW YORK (UPI)**—National Football League owners have approved the Tampa and Seattle franchises temporary divisional homes for next season and also voted to extend the contract for the College All-Star game for at least another two years.

Owners, in their annual mid-season meetings Tuesday, voted Tampa into the NFC West and Seattle in the AFC West for next season but said Tampa will shift over to the NFC Central and Seattle to the AFC Central in 1977.

The two new clubs will play one game against each other and one game against the other 13 teams from their respective conferences for the 1976 and 1977 seasons. The owners said initially the two newcomers will be placed in a permanent division but that matter was tabled for future consideration.

The owners also discussed the mechanics of player allocations between the two clubs but nothing definite was set up.

The decision to extend the College All-Star game was not unexpected despite some discussion by a few of the owners to consider dropping the preseason charity affair which has been held in Chicago since 1954.

Coaches have complained in recent years the game has become a nuisance because it forces many of their top draft choices to miss too much time from training camp.

The game, which pits the top college stars against the defending NFL champion, also has become somewhat of a lynchpin for the television viewers as it usually is won rather handily by the NFL club. However, the owners agreed to extend the contract two more years, then re-evaluate it. The 1976 game will be played on July 23.

Officials said the meetings would continue through Thursday.

**JOHN HARDY, 18, Richfield,** poses with the 300-pound brown bear he shot during a Wood River elk hunt. Hardy, who was with his 80-year-old hunting companion, Ab Relmars, Hailey, said he spotted the bear and shot him at about 150 yards, hitting the animal in the shoulder area. One shot killed the bear and will leave the hide in good condition for a rug Hardy plans to have made.

## Baschnagel's career as Ohio State's tailback ended with Griffin's arrival

**COLUMBUS, Ohio (UPI)**—Nobody will ever know how good a tailback Brian Baschnagel would have been running behind those powerful Ohio State offensive lines.

Baschnagel, a 21-year-old senior from Pittsburgh, arrived on the Ohio State campus at the same time as Archie Griffin, who happened to be the all-time major college rushing leader and last year's Heisman Trophy winner.

While Griffin is almost instant tailback success as a freshman, Coach Woody Hayes had to find a spot for the 6-foot, 192-pound Baschnagel. He decided on wingback.

"Tailback, that's what I was recruited for," said the former Allegheny High School star, who once rushed for 409 yards in one game. "But playing wingback may be a blessing in disguise because, otherwise, I'd be playing behind Archie."

Baschnagel's running in his three plus years as a starter has been limited to an occasional counter play from his wingback position.

Last year, he carried 37 times for 337 yards, an average of 9.5 yards per carry. He was also the top pass receiver with 194 receptions and again leads the team in receiving this year. But, in 1975, he has carried from scrimmage only 10 times in eight games.

"I'd like to be carrying the ball more," he said. "But I'm just happy playing on a winning football team. We've got three better runners than I out there. If things get clogged up in them, maybe I can help loosen it up."

But Baschnagel, who has a 3.3 cumulative grade point average in business and has made application for a Rhodes Scholarship, says he is not sorry he settled on Ohio State over Notre Dame and Penn State.

"Not at all," said the Buckeye co-captain. "Ohio State has done so much for me. How many players can say they've started four years, played on a No. 1 ranked team and in three Rose Bowls and maybe even four?"

Baschnagel, an academic all-American last year, is the least publicized of the talented Ohio State backfield which also includes, besides Griffin, quarterback Cornelius Greene and fullback Pete Johnson, the nation's leading scorer.

"A lot of people come up to me and say 'you don't get the publicity you deserve,' says Baschnagel. "In a way, I feel that is just as important to me as getting the publicity itself."

Baschnagel's goal this year is to be No. 1: a goal which would

also mean a fourth straight Rose Bowl trip.

"I'd also like to see Archie get that second Heisman Trophy and continue his 100-yard games," he said. "I'd like to be able to say I played with the greatest. I'm just glad to be a part of it."

Hayes, who admits "Brian had better high school credentials than Archie," says "I've always felt he and Archie are in a class by themselves. He is very mature and unselfish for a youngster of his age."

Baschnagel's No. 1 backer in his attempt to become a Rhoads Scholar, adds, "Brian is very intelligent, but he wouldn't have you know that if he could avoid it."

Hayes has always called Baschnagel his "most versatile" back and even now works him at fullback just in case something happens to Johnson.

## Trophy for den

**SHAWNEE MISSION, Kans. (UPI)**—The University of North Dakota and Wittenberg College Tuesday maintained their first place rankings in the National Collegiate Athletic Association's weekly Division II and III football polls.

North Dakota (8-0) and Wittenberg (8-0) were unanimous picks of the NCAA committees. In fact, the committees unanimously ranked the first three teams in each division poll.

In Division II, Boise State (7-1) and Grambling (7-1) followed North Dakota, while

## BSU, ISU remain in top five in ratings

Ithaca (8-0) and Widener (7-0) were rated behind Wittenberg in Division III.

Division II	Rank	Team	Record
1	1	North Dakota	8-0
2	2	Boise State	7-1
3	3	Grambling	7-1
4	4	Boise State	7-1
5	5	Boise State	7-1
6	6	Boise State	7-1
7	7	Boise State	7-1
8	8	Boise State	7-1
9	9	Boise State	7-1
10	10	Boise State	7-1

## Cleveland lineup undergoes changes

**CLEVELAND (UPI)**—The Detroit Lions may see some unfamiliar faces Sunday when the winless Cleveland Browns go to Pontiac, Mich., for their turn in the Lions' new, multimillion dollar era.

Coach Forrest Gregg has indicated that third-stringer Wil Cureton could start at quarterback and some severe injuries suffered in last week's 21-7 loss at Baltimore could bring about other personnel shifts.

Cureton, a second-year man from East Texas State, has not played regularly except during the NFL players' strike during the 1974 preseason.

However, regular Mike Phipps has a sprained arch in one foot that limits his mobility, and backup Brian Stine is not going to start against the Lions, Gregg said, after an ineffective showing against the Colts.

Either former middle linebacker Bob Babeich or rookie Dave Graf should start at line backer in place on John Garlington, lost for the season after undergoing knee surgery Monday.

Strong safety Neal Craig, free safety Jim Hill, guard Bob McKay and receiver Reggie Rucker also got beat up in the Baltimore game, although Craig, McKay and Rucker may be ready Sunday, Gregg indicated.

McKay's backup would figure to be John Demaris, a regular until he became a part-time center this year; veteran John Piltz backs up both Hill and Craig so cornerback reserve Van Green might be called into action there.

Rucker's replacement is Billy Lefear, a former running back switched to wide receiver this season whose main contributions have come on the special teams.

However, the Browns line up, their first-year coach feels they are beginning to come around despite the possibility they may struggle to their worst record in club history.

"Even with an 0-7 record, they (the players) are starting to show some confidence and more execution," he said. "We're on the right track."

## Judge overturns Rozelle's edict

**CINCINNATI (UPI)**—A second federal judge who has temporarily overruled NFL Commissioner Pete Rozelle's ban against signing a player from the defunct World-Football League will hear arguments on a requested preliminary injunction Thursday.

U.S. District Court Judge Timothy S. Hogan earlier this week granted former NFL player Chris Morris' request for a temporary restraining order against the ban, but that decision will be superseded by what the judge rules following Thursday's hearing.

Another federal judge—in St. Paul, Minn.—previously issued a preliminary injunction against the ban sought by nine other former NFL players, but he has not yet ruled on a permanent injunction request.

Morris, 26, an offensive tackle out of Indiana University, played with Minnesota and Cleveland in the NFL and later with Memphis and San Antonio in the WFL.

The 6-3, 250-pounder said that immediately after the WFL folded last month several NFL teams expressed an interest in him but that ended when NFL Commissioner Pete Rozelle banned NFL teams from signing WFL players.

Morris said one NFL club had even planned to play him in an Oct. 20 game had not Rozelle issued his ban two days before.

Morris complained that Rozelle's ban deprived him of his right to make a living and violated federal anti-trust laws.

## Cal hikes hold on offensive lead

**SHAWNEE MISSION, Kan. (UPI)**—California's stay atop the major college total offense heap was expected to be a brief one, especially since the Golden Bears were meeting powerful Southern California last Saturday.

But Cal not only remained No. 1 in total offense, it strengthened its hold in that 28-14 upset victory over the Trojans, according to charts released Tuesday by the NCAA Statistics Service.

The Golden Bears rushed for 233 yards and passed for 224 yards, increasing their season average to 442.7 yards per game.

California currently is averaging 210.4 yards a game rushing and 202.4 yards passing. It's a rare feat for a team to average more than 200 yards a game both running and passing.

With Joe Roth passing and Chuck Muncie running, Cal may be hard to catch for the national total offense crown.

The Bears currently are averaging 9.2 yards a game more than runner-up San Diego State. California closes with Washington, Air Force and Stanford.

Hottest team race is scoring offense, where five teams — Texas (289), Alabama (289), Nebraska (279), Ohio State (275) and San Diego State (272) — are within 17 points of each other.

Ranking	Team	Car Yds	Pass Yds	Total
1	California	306,233	177,815	484,048
2	Washington	292,183	122,243	414,426

## Missouri says TV besmirched image

**COLUMBIA, Mo. (UPI)**—University of Missouri officials, student leaders and football fans have objected to what they say was an ABC television sports portrait of old Missouri as a school of parties and drinking.

The object of the protests was a short feature story during the halftime of the Nebraska-Missouri football game last Saturday. It included extensive films of students drinking at a local bar.

Robert Kren, director of the office of public information, said he expressed the objection to ABC sports producer Chuck Howard.

"I expressed our concern. There's a view by the network that they were putting on a football show. They were not aware of our sensibilities," Kren said.

In the halftime feature, ABC sports announcer Jim Lampley asked a coed, "What do you do out here, 150 miles from nowhere, when the football season's over?"

She replied, "We just live—no football—nothing else is important, classes or anything else. We just live for Friday when we start to party and get ready for the game."

Asked what coeds do after football season, she said, "We date the football players."

Carrie Francke, president of the students association, protested in a telegram to Howard, and the daily newspaper in Jefferson City, the Missouri capital 30 miles from Columbia, denounced the film feature in an editorial.

Howard, replying to Ms. Francke in a telegram, said ABC did not insult the school.

### FORECAST FOR THURSDAY, NOVEMBER 6, 1975

**GENERAL TENDENCIES:** A peculiar day when it would be wise to sidestep any chances with entertainment or romance, but a good time to use an opportunity now present to look into business matters or to get things in proper condition.

**ARIES (Mar. 21 to Apr. 19)** You have a better chance now to gain the information you need to make bigger headway. Avoid one not loyal to you. Be happy.

**TAURUS (Apr. 20 to May 20)** Follow your hunches and don't permit disgruntled friends to get you down. Go through with plans you have made. Be detest with mate.

**GEMINI (May 21 to June 21)** Talking over mutually important matters brings fine results. Avoid the limelight now. You are thinking clearly and know what to do.

**MOON CHILDREN (June 22 to July 21)** Handle business affairs, then you can enjoy amusements. Take the right kind of treatments to improve health, become dynamic.

**LEO (July 22 to Aug. 21)** Instead of spending money foolishly, find better methods of self-expression with the fine talents you possess. Kindness to mate helps.

**VIRGO (Aug. 22 to Sept. 22)** Listen to what kin desire, instead of wanting your own way so much, and cooperate for fine results. Make your home more smooth-running.

**LIBRA (Sept. 23 to Oct. 22)** Fine day to contact allies and figure out how to make mutual enterprises more successful. Forget the unimportant now. Be orderly.

**SCORPIO (Oct. 23 to Nov. 21)** Be more businesslike and you can easily improve your financial status now. Stop being taken in by others. Reduce expenses.

**SAGITTARIUS (Nov. 22 to Dec. 21)** Avoid limelight and cooperate with good pals harmoniously to accomplish much. Take health treatments. Evening a fine for reading.

**CAPRICORN (Dec. 22 to Jan. 20)** Rid yourself of personal annoyances and get into new outlets more interesting and lucrative. A partner has excellent ideas.

**AQUARIUS (Jan. 21 to Feb. 19)** Spend time with fine, straight-shooting friends and gain good ideas. Don't worry about some annoyance so much you get nothing done.

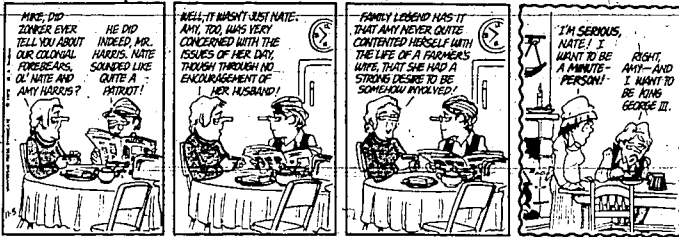

**PISCES (Feb. 20 to Mar. 20)** Don't permit others to push you into work you don't like, or you get into trouble. Handle business as you're thinking clearly.

**IF YOUR CHILD IS BORN TODAY...** he or she will be one of those fast acting and blunt young people who must be taught early to think before acting and to use diplomacy when dealing with others, otherwise your progeny will be in hot water most of the time and accomplish little. Give it fine education as possible and also the opportunity to travel early to broaden the horizons. Religion and sports are a must.

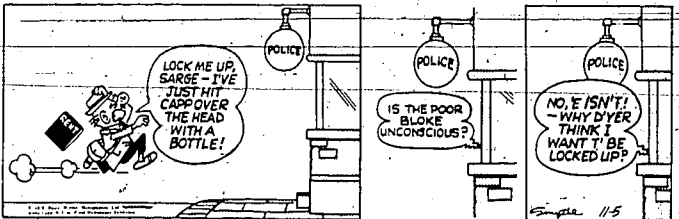

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

# what's what

L.M. Boyd

How much cash does your entire family have on hand at the moment? No reply expected. The query is merely preliminary to the report that the average family during the 1933 bank holiday at the bottom of the Great Depression was said to possess exactly \$18.23, no more.

**SNAKES, TOO,** are known to be fairly particular about what they eat. So to say one sort such as the green snake will eat crickets and grasshoppers but won't touch lizards or mice. And another sort such as the water snake may eat fish and frogs, but won't have anything to do with insects or rodents. They specialize, those snakes.

**Q** "Quick, Louie, name that famous poet who wrote the verse called 'If'."

**A** Which poet? Besides Rudyard Kipling, John Masefield and Emily Dickinson likewise wrote verses so titled.

**A TYPICAL FEEDLOT**—steer around here puts away more grain in three weeks than the average citizen of India eats in a year.

**SO YOU THINK** Mount Everest in the Himalayas is the highest mountain in the world, do you? So did I. But measured from the center of the earth, Mount Chimborazo in the Andes is higher. Credit the equatorial bulge for that.

**ALREADY MENTIONED** that Massachusetts had 200 years ago offered a bounty of \$400 for each Indian scalp brought in by the enterprising human hunters. Client asks if such white scalphunting was widespread. Fairly. Just a little more than 100 years ago, such bounty men got \$25 per scalp in Central City, Colo. And Deadwood City, S.D., paid them \$200 per scalp.

**TEA** Remember, if you steep old tea leaves in water for half an hour, then strain the liquid, that tea works excellently well to clean varnished woodwork, mirrors, window panes.

**DO YOU BELIEVE** some faith healers really can cure physical ailments? If not, how do you explain that remarkable experiment undertaken by McGill University. Two batches of sick white mice were put in separate cages. Selected faith healers prayed over one cage, but not over the other. The prayed-over mice reportedly got well far more quickly than did the ignored mice. The devout like to cite this report. Skeptics contend any sick animal's chances of recovery improve when it gets a lot of attention.

# GRAND OPENING

## 1976 Hornet 4-Dr. Sedan

Compare room, comfort, ride, handling, workmanship and finish with any compact car. You'll be pleased with what you find. Combined with a standard six cylinder engine and a 22-gallon gas tank, you get exceptional range.

## 1976 Gremlin

Sensible styling with a look all its own, added to its easy handling adds up to real driving fun. So if you're in the market for an economy car... treat yourself to some fun along with big helpings of savings and value.

## 1976 Matador Sedan

What a handsome and roomy 4-door sedan. Inside, there's stretch-out room and comfort for six passengers. This mid-size car surrounds you with luxury. But value is the real mark of Matador.

## 1976 Matador Coupe

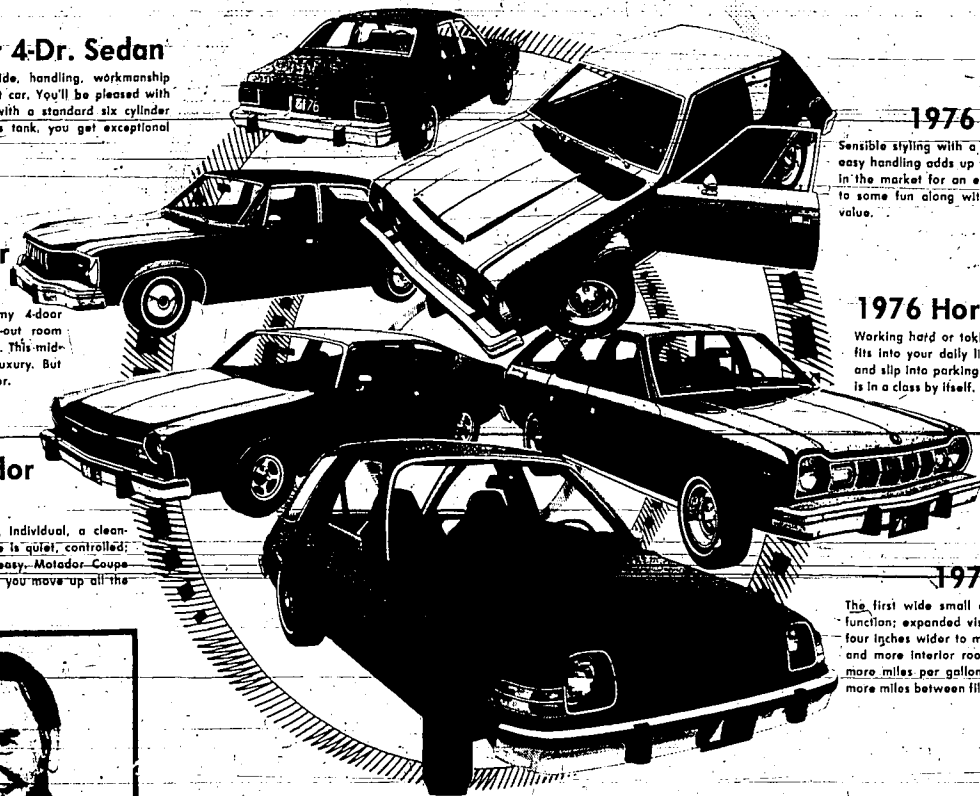

Move up in style. Distinctive, individual, a clean-lined, functional look. The ride is quiet, controlled; the handling is smooth and easy. Matador Coupe... the economy car that lets you move up all the way in style.

## 1976 Hornet Sportabout

Working hard or taking it easy, Sportabout beautifully fits into your daily life-style. Maneuver through traffic and slip into parking spaces with ease. The Sportabout is in a class by itself.

## 1976 Pacer

The first wide small car. Years-ahead in styling and function; expanded visibility, a passenger door nearly four inches wider to making getting in and out easier, and more interior room. Its 6 cylinder engine means more miles per gallon; its 22 gallon gas tank means more miles between fill-ups.

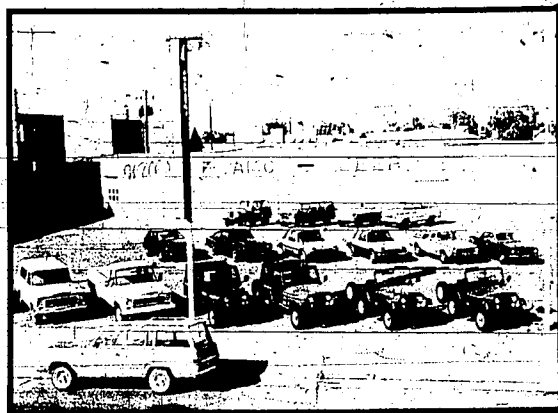

"We at Wills Motor Co. started in business 30 years ago with the 1946 Nash cars which have now evolved into the AMC car line. Many people will recall we sold Nash & Rambler cars for 25 years. Sixteen years ago we added the Jeep 4-wheel drive vehicle sales and service.

These 2 fine lines merged four years ago under one company and because of this and our past experience with both lines, we are very pleased to now present the entire family of AMC-Jeep vehicles.

Come in and look over the new '76 models on display and meet our friendly sales and service personnel.

Sincerely,

Plans are underway for a new additional showroom and sales offices for AMC-Jeep only, on the large display lot pictured here in the 300 block of Shoshone Street West with service department in our present garage building just across the street.

Choose from our large selection of 1976 AMC and Jeep products just received.

Open to 8 P.M. this Wednesday, Thursday, Friday
