

JFK death report out

CHAIRMAN Frank Church, D-Idaho, of the Senate Intelligence Committee, holds a copy of the report issued Wednesday on the assassination of President Kennedy. Sen. Richard Schweiker, R-Penn., right, called for a new investigation into Kennedy's death and accused the CIA and FBI of covering up details of the CIA plot to kill Cuban Premier Fidel Castro. (UPI)

today in brief

Navy grounds entire F14 fleet

WASHINGTON (UPI) — The Navy temporarily grounded all 23 of its highly sophisticated F14 jet fighters today as a result of two training crashes this week that killed four crew members involved.

But the grounding does not include flights of "operational necessity," the Navy added.

The F14, a \$20 million plane that has more sophisticated electronic equipment than any other U.S. fighter, has been in the air four years and during that time seven have been lost.

Spanish plant blast toll heavy

MADRID, Spain (UPI) — An explosion in a butane factory near the eastern city of Zaragoza today killed several persons and injured at least 30, the national news agency Cifra said.

The cause of the explosion was not immediately known.

House Demos OK proposed reforms

WASHINGTON — House Democrats Wednesday night passed the bulk of the package of reform proposals that would make substantial changes in the chamber's administrative operations, but only after more than seven hours of bitter fighting between opposing factions.

In an almost unprecedented night session of the House Democratic Caucus, that lasted more than four hours, the Democratic leadership won six closely contested votes that preserved the spirit, if not the total package of reform proposals intended both to prevent future scandals and enhance the reelection prospects of many newly-elected Democrats.

US vetoes Angolan bid for UN seat

UNITED NATIONS, N. Y. — The United States Wednesday vetoed the application of Angola for United Nations membership, objecting that it failed to meet the requirement of independence while thousands of Cuban troops remained on its soil.

TF pioneer Roy Leedom dies at 78

TWIN FALLS — Roy C. Leedom, 78, Twin Falls pioneer who owned and operated a photography business in Twin Falls for many years, died Wednesday afternoon in a local nursing home.

Mr. Leedom came to Twin Falls in 1908 and opened Leedom Photo Studio in 1917 in the basement of Wiley Drug Co. He operated the studio here until he retired in 1964.

Supreme Court erases minimum pay provision

WASHINGTON (UPI) — The Supreme Court today struck down federal minimum wage and overtime laws covering 34 million state and local government employees.

The 5-4 decision also reversed a 1968 ruling upholding a similar law providing minimum wage protection to public hospital employees.

The decision was a major victory for cities and states who claimed compliance with 1974 amendments to the Fair Labor Standards Act would bankrupt their treasuries or force cut-backs in police, fire and other services.

In a second major decision, the court held that cities may regulate the locations of "adult" book stores and movie theaters without violating the First Amendment.

Justice William H. Rehnquist, writing for the majority in the wage case, said Congress exceeded its powers by interfering with the sovereignty of state and local governments.

A spokesman for the American Federation of State, County and Municipal Employees said the

ruling has "grave implications" for other basic protections sought by the nation's 15 million public employees, including "unemployment compensation, safety standards and a federal collective bargaining law."

W. Howard McClennan, head of the AFL-CIO Public Employees Department, said the decision "has affirmed a new form of discrimination against public workers." And he said, "We are confident that a Supreme Court comprised of fair-minded justices will eventually reverse this decision."

The law was challenged by the National League of Cities, the National Governor's Conference; Nashville, Tenn.; Lamport, Calif.; Cape Girardeau, Mo., and Salt Lake City, California also contested the law.

Rehnquist conceded that under the Commerce Clause Congress could regulate wages of local government, but said that power was restricted by the principles of federalism — dual government by the state and federal governments.

"It may well be that as a matter of economic

policy it would be desirable that states, just as private employers, comply with these minimum wage requirements," Rehnquist said. "But it cannot be gainsaid that the federal requirement directly supplants the considered policy choices of the states' elected officials and administrators as to how they wish to structure pay scales in state employment."

By interfering with the local community's employer-employee relations in such essential areas as "police and fire protection and sanitation," Rehnquist said, "there would be little left of the states' separate and independent existence."

Opponents of the law said most government employees were paid at least the minimum wage. More objectionable, they said, were restrictions on overtime, which did not provide flexibility needed to deal with working arrangements of police and firemen.

The "adult theaters" case involved a Detroit ordinance barring such establishments from locating within 1,000 feet of each other.

Study finds spud railcars

By KEN HODGE Times-News writer

NEW YORK — J. R. Simplot and others could have found enough boxcars to avoid a major default on delivery of 50 million pounds of Maine potatoes on May 23, according to a study-by-the Interstate Commerce Commission.

The revelation that Simplot could have found boxcars to deliver potatoes to Maine buyers contradicts earlier statements made by Simplot himself in defense of the \$4.4 million default on delivery of potatoes.

Simplot said in the central figure in the record default on the New York Mercantile Exchange

May 23 on about 1,000 Maine potato futures contracts.

In interviews later, Simplot explained the reasons for the default and claimed that he could not find enough boxcars in the Northeast to deliver potatoes to buyers.

"I had four men up there (Maine) to try to get potatoes. We couldn't get any. When we finally did, they (the longs) had all the railroad cars tied up for export ships that never showed up. They don't want potatoes. They want money," Simplot said in an interview with the Wall Street Journal.

But according to Robert Cornfeld, a spokesman for the New York Mercantile Exchange, on whose market the default occurred, a recent study by the Interstate Commerce Commission found that plenty of boxcars were available during the time the potatoes should have been delivered.

He said the study directly contradicts current information published by the U. S. Department of Agriculture at the time of the default.

"I remember that the USDA wires even mentioned that there was a shortage of cars," Cornfeld said. "So naturally everybody assumed that was so."

"Where that information came from, I haven't the foggiest idea," he continued. "It seems to be contradictory to the ICC findings."

Meanwhile, according to Cornfeld, the exchange is still trying to untangle the events which led up to the default and to decide on a course of action.

Last week, a special three-man committee decided upon a settlement price of \$10.66 per hundred pounds on the potatoes in the contracts that price is nearly \$2 higher than the closing market price on May 25 which was \$8.70 per hundred pounds, according to Cornfeld.

The board of governors of the exchange Tuesday upheld the settlement price "after nearly a week of debate, according to Cornfeld."

This means, J. R. Simplot of Boise, Idaho, and Peter J. Taggares of Oklahe, Wash., who hold virtually all the short sale contracts must pay the buyers \$80,000 or \$1.56 a hundredweight, the difference between the \$10.66 and the \$8.70 final trading price the day the contract trading expired.

In addition, the exchange is expected to levy some special damages against Simplot and Taggares and heavy fines against the brokerage firms who handled their defaulted contracts.

Senators suggest Castro tie in JFK assassination

Chicago Sun-Times

WASHINGTON — The Senate Intelligence Committee has released a mass of new details suggesting Cuban Premier Fidel Castro may have arranged the assassination of President John F. Kennedy.

The committee stopped short of claiming conclusive evidence that Castro masterminded a conspiracy to kill Kennedy, but it declared that the original investigation of the assassination was "deficient" and that the CIA and FBI withheld vital information from the Warren Commission.

The committee reinforced the Cuban connection in its final 106-page report yesterday by citing these new details:

- A month before the assassination a top CIA official declaring himself the "personal representative" of Robert F. Kennedy, met with a secret Cuban agent who offered to kill Castro.
- Three days before the assassination the CIA approved rifles, telescopic sights, explosives and a poison pen for the agent.
- The agent was subsequently determined to be "indiscreet" and a "very dubious" security risk whose mission might have been discovered by Castro.

Three days after the assassination, an informant told the U. S. embassy in Mexico City that he saw Lee Harvey Oswald, the assassin, receive \$6,500 at the Cuban consulate there after a discussion of assassination. The informant was turned over to the Mexican police before a special FBI agent arrived to question him.

The informant recalled his story under police interrogation and the CIA and Warren commission judged it to be a "fabrication," even though another "sensitive and reliable source" tended to confirm it.

The day after the assassination, the CIA tried unsuccessfully to stop the Mexican police from arresting a woman employed at the Cuban consulate who was believed to have talked to Oswald there. A top CIA official expressed concern that the arrest would "jeopardize U. S. freedom of opinion on the whole question of Cuban responsibility."

— Five days after the assassination, the CIA complained that the U. S. ambassador in Mexico, Thomas Mann, was pushing his "investigation too hard at the risk of creating a 'flap' with Cuba."

— The day of the assassination, Nov. 22, 1963, the takeoff of a Cubana Airline flight from Mexico City was delayed from 6 p.m. to 11 p.m. At 10:30 p.m. an unidentified passenger arrived in a twin-engine plane, boarded the airliner without going through customs and flew in the cockpit to Cuba.

— The day after the assassination, a Cuban-American, suspected of being a Castro agent, crossed from Texas into Mexico and took off for Cuba as the only passenger on a flight with a crew of nine.

— Three days after the assassination, an informant told the U. S. embassy in Mexico City that he saw Lee Harvey Oswald, the assassin, receive \$6,500 at the Cuban consulate there after a discussion of assassination. The informant was turned over to the Mexican police before a special FBI agent arrived to question him.

The informant recalled his story under police interrogation and the CIA and Warren commission judged it to be a "fabrication," even though another "sensitive and reliable source" tended to confirm it.

Africa war talk topic

MEETING with South African Prime Minister John Vorster, right, in Bonn, West Germany, on Wednesday is United States Secretary of State Henry Kissinger. They ended their talks today with Vorster promising to consider Kissinger's suggestions for avoiding racial war in southern Africa. (UPI)

Magic Valley Memorial nurses seek help

By GEORGE WYLER Times-News writer

TWIN FALLS — More than half the registered nursing staff of Magic Valley Memorial Hospital met with board members last night to plead for help to end a critical nursing shortage.

The meeting was called by hospital administrator James Rosenbaum to give an ad hoc nursing committee a chance to air grievances to the hospital's labor and finance committees.

The ad hoc committee, composed of non-administrative nursing personnel, presented a list of 16 recommendations for correcting a nursing shortage at the hospital, a shortage many said approached crisis proportions.

The ad hoc report cited two major problems — low wages and short staffing — which have led to the crisis.

The committee called for a blanket wage increase of \$1 per hour for nursing staff so that nurses would be attracted to the hospital.

The ad hoc committee estimated 30 to 40 additional nurses and aides are needed at the hospital.

The committee also recommended increases be made in shift differential pay to make short shifts more attractive.

At present nurses receive \$1.50 or \$2 extra per day to work late afternoon and early morning shifts.

The committee's report also called for staff training programs to increase nurses' competence, written policies for staff discipline, and emphasis on an "active nursing recruitment program to bring nurses into the hospital."

The committee also recommended steps be taken to require doctors at the facility to oversee and evaluate one another.

The meeting was faced with emotional content as nurses said patients were not receiving the care they should receive at the hospital.

According to hospital public relations officer Mary Goe, the meeting which found board members somewhat alarmed was the culmination of a long period of dropping morale and dissatisfaction on the part of the overburdened nursing staff.

"For months and months the nursing director has been advising the board that she is between 30 and 40 persons short on the nursing staff and that attempts have been made to recruit nurses

but that these attempts have either been unsuccessful or insufficient," Mrs. Goe said.

She said the nurses became especially irate a few weeks ago when a classified ad appeared in the Times-News from St. Anthony Hospital in Pocatello offering to hire nurses at more than \$1 per hour above the starting pay that MVMH nurses receive.

"Their position is if the salaries were increased we could reduce the nursing shortage by being able to meet competition," Mrs. Goe said. The hospital spokesman admitted MVMH has trouble hiring nurses when other Idaho hospitals are paying more than we are."

She said that the opening of a new short-term wing at the hospital in March had added to the shortage and that summer vacations were putting further stress on already overworked nursing personnel.

According to nursing director Nancy Churchman, the understaffing runs throughout the hospital.

"You could almost talk to any nurse on any floor," she said. "One day is better than another."

Mrs. Churchman said the discontent which culminated in last night's meeting had been

verbalized and it's been coming on."

"We're coming into two very big vacation months," she said. "We reached the point where we've got to do something... They (the ad hoc committee) wanted to make their voice heard and establish very clearly what the needs are."

Mrs. Churchman said the hospital had been recruiting "wherever and whenever we can," but she added that such recruitment "has not paid off well at all."

"We just can't compete with other cities in terms of salaries and benefits," she said.

There are 35 full and part-time registered nurses at the hospital, she said, and 72 full or part-time licensed practical nurses.

The nursing staff is buttressed by 48 full and part-time nursing aides and by seven full or part-time orderlies, Mrs. Churchman said.

According to Mrs. Goe, starting MVMH pay for registered nurses is \$6-41.04 per hour, compared to \$5.95 per hour offered by the Pocatello hospital. Starting pay for other MVMH nursing personnel is below the \$4.04 level.

A special meeting of the MVMH board will be called for June 30 to further explore the problem.

Walter D. Worley

BUHL—Walter Dillard Worley, 86, Buhl, died Tuesday night at Magic Valley Memorial Hospital following a lingering illness.

Born Feb. 1, 1890, in Harlan, Kan., he married Evalina Carter May 20, 1914, at Eagle City, Okla. She died May 28, 1916.

Mr. Worley married Era Bozarth Dec. 27, 1924, at Watonga, Okla.

A veteran of World War I, Mr. Worley was chief engineer of the power systems for the United States Gypsum Co. at Bickford and later Southern, Okla.

Mr. and Mrs. Worley moved to a farm east of Buhl in 1939 and into their present home in Buhl in 1945. He was a ditch rider for the Twin Falls Canal Co. for eight years and drove school buses for the Buhl schools for a number of years before retiring in 1965.

He was a member of the Buhl First Christian Church.

Mr. Worley is survived by his wife, Buhl; two daughters, Mrs. Cal (Pauline) Harper, Buhl, and Mrs. Paul (Thelma) Ross, Eden; one son, Edward "Red" Worley, Twin Falls; one sister, Mrs. Charles Carter, Buhl; 7 grandchildren and 13 great-grandchildren.

Funeral services will be conducted at 2 p.m. Friday at the Buhl First Christian Church by Rev. Harrie Young. Burial will be in the Buhl Cemetery.

Friends may call at Dickard and Farmer Chapel to 8 p.m. today and 9 a.m. to noon Friday.

Order halted check of Oswald, Cuba link

Chicago Sun-Times—WASHINGTON—Thomas Mann, U.S. ambassador to Mexico when President John F. Kennedy was assassinated, says he was ordered to stop investigating the possibility that Lee Harvey Oswald was a Cuban agent.

"It's true, that I wanted to investigate further," he said. "There were all kinds of possibilities. But I got peremptory instructions to stop, and I did stop."

The Chicago Sun-Times reached Mann, a retired diplomat, at his home in Austin, Tex., after the Senate Intelligence committee commented on his role in its report on the Kennedy assassination.

Mann cautioned that he was speaking from memory and not from written records but recalled that his suspicions were aroused by the fact that Oswald had visited the Cuban consulate in Mexico City. "Normally," he observed, "you go to a consulate to get a visa."

It was his recollection that he was "given no reason" for stopping his investigation of a possible Cuban connection but he said he did not challenge the order.

If the President's brother (Atty. Gen. Robert F. Kennedy) thought Oswald did it entirely on his own," Mann said, "I didn't see why I should be more Catholic than the Pope."

High court ruling announced

WASHINGTON (UPI)—The Supreme Court ruled 5-4 today that a city may prevent "adult" theaters from locating less than 1,000 feet from any two other regulated places such as beer parlors.

Justice John Paul Stevens spoke for the majority in the case from Detroit. Justice Lewis F. Powell Jr., only partially agreed with Stevens' reasoning but cast the fifth vote to approve the Detroit ordinance.

CAREY—A funeral for Owen L. Justesen, 76, Carey, who died Monday, will be at 1 p.m. Friday in the Carey LDS Church. Burial will be in the Carey Cemetery under direction of Wood River Chapel.

KIMBERLY—A funeral for Martha R. Boat, 88, Kimberly, who died Monday, will be at 2 p.m. Friday at Reynolds Funeral Chapel. Burial will be in Sunset Memorial Park.

Jeffrey L. Trader

WENDELL—Jeffrey Leroy Trader, 7, Wendell, died Tuesday in a farm equipment accident at his home.

He was born April 19, 1969, in Sun Valley. His family moved to Wendell in 1975, and he attended the first grade at Wendell Elementary School last year.

He is survived by his parents, Everett L. Trader, Hill City, and Mrs. Nancy Jean Collins, Wendell; one sister, Julie Trader, Hill City; grandparents, Mr. and Mrs. Everett Trader, Hill City, and Mr. and Mrs. Rolland Muffley, Wendell, and a great-grandmother, Mrs. Minnie Muffley, Twin Falls.

Funeral services will be held at 10:30 a.m. Friday at the Presbyterian Church with Rev. Tony Gamley officiating. Burial will be in the Elmwood Cemetery, Gooding.

The family prefers no memorials be made to the child.

Friends may call from 5 to 7 p.m. and from 9:30 to 10 a.m. Friday at Leeper Mortuary.

Roy C. Leedom

TWIN FALLS—Roy C. Leedom, 78, Twin Falls, who owned and operated a photography business in Twin Falls for many years, died Wednesday afternoon at Hazel Bell Manor of natural causes.

Born Dec. 16, 1897, in Des Moines, Iowa, he came to Twin Falls in 1908 with his grandfather, an orchardist. He lived in Twin Falls continuously since that time. In 1915 he went to work at Amos Photo Studio in Twin Falls and was also employed by Bill Flower before opening Leedom Photo Studio in the basement of the Wiley Drug Co. in 1947. He operated the photography business there until retiring in 1964 and handled all types of photography including copy work, portraits, contact printing and enlarging.

He married Gladys Greenly, Greybull, Wyo., in Twin Falls April 5, 1925.

Mr. Leedom was an active member of the Twin Falls Elks Lodge and was a member of one of the earliest Boy Scout troops ever formed in Twin Falls.

In addition to his wife, he is survived by a daughter, Mrs. Rex (Shirley) Moncrieff, Bakerfield, Calif.; two grandchildren and four great-grandchildren.

Gravestone services will be held Saturday at 1 p.m. in the Twin Falls Cemetery with Rev. Carlton Buck, Valley Christian Church, officiating. White Mortuary is in charge of the services.

Leah V. Borne

BURLEY—Leah Verneisa Borne, 58, Burley, died Wednesday morning after being hit by a car while crossing a street in Burley.

Born July 16, 1917, at Parker, Idaho, she was married to Frank Borne March 11, 1960, at Burley. He died Sept. 3, 1974.

Mrs. Borne was a member of the LDS Church. Surviving are a son, Earl Lynn Borne, Springville, Utah; a daughter, Mrs. Bill (Leah) Caulton, Burley; two sisters, Mrs. Jeneva Lubusch, Rupert, and Mrs. Audrey Parks, Burley, and six grandchildren.

Funeral services will be conducted at 10:30 a.m. Saturday in the Burley Third Ward LDS Chapel with Bishop P. Bing Parkinson officiating. Burial will be in the Pleasant View Cemetery.

Friends may call at McCulloch's from 10 a.m. until 8:30 p.m. Friday and prior to the services Saturday morning.

Matilda Ford

KIMBERLY—Matilda D. "Tillie" Ford, 69, Kimberly, died Tuesday at Magic Valley Memorial Hospital after a short illness.

Born April 15, 1907, at Oakley, she came to Twin Falls from Contact, Nev., in 1928. She was a member of the First Christian Church, the Christian Women's Fellowship group, and Rebekah Lodge No. 76 in Twin Falls.

She was married to Clarence W. Ford on April 11, 1922, in Twin Falls. They moved to Kimberly in 1970.

Surviving are her husband; four sons, John I. and Wayne A. Ford, both Twin Falls; James S. Ford, Wells, Nev.; and Clarence W. Ford Jr., El Campo, Tex.; a daughter, Mrs. Charles (Deon) Boyce, Twin Falls; a brother, Lavon Welchall, Kimberly; two sisters, Mrs. Matti Pounds, Kimberly, and Mrs. Helen Steenson, Bend, Ore. There are 17 grandchildren and 23 great-grandchildren.

Funeral services will be conducted at 2:30 p.m. Saturday at Reynolds Funeral Chapel with Rev. Dorra Campbell of the First Christian Church officiating. Burial will be in Twin Falls Cemetery.

Friends may call at the chapel this evening, Friday and until time of services Saturday.

Adah Moseley

BURLEY—Adah Moseley, 88, Broken Bow, Neb., died Wednesday evening at Mindoka Memorial Hospital after a sudden illness.

Funeral services will be announced by McCulloch's.

Russell-infant

RUPERT—The infant son of Jerry and Carol Russell, Rupert, was stillborn this morning at Mindoka Memorial Hospital.

Funeral services will be announced by Walk-Hansen Mortuary.

Castro, JFK death

(Continued from p. 1)

Four years after the assassination, a lawyer came forward to report that one of his clients, a man with underworld connections, had been involved in efforts to kill Castro, who retaliated by recruiting "teams of individuals who were dispatched to the United States for the purpose of assassinating President Kennedy."

Shortly thereafter, a White House aide told the FBI that President Johnson was convinced there had been a plot to kill Kennedy. But no new investigation was undertaken.

Seven days after the assassination, FBI Director J. Edgar Hoover declared in a memo that Johnson told him he wanted to "get by with just my file and my report" on the assassination. Hoover said he agreed it would be "very bad to have a rash of investigations" into the possibility that Oswald did not act alone but was part of a conspiracy.

Four days after the assassination, Deputy Attorney General Nicholas deB. Katzenbach, Robert Kennedy's assistant, passed the word that the investigation should be conducted to "satisfy the people of the U.S. and abroad" that Oswald was the assassin and cut off speculation about his motive.

Former CIA Director Allen Dulles, probably the only member of the Warren Commission who knew about the assassination plots against Castro, never informed the others. Nor did Richard Helms, then deputy director for operations.

Three months before the assassination, in response to a Chicago Sun-Times story that the CIA had a link with Chicago mobster Sam Giancana, Helms informed then CIA Director John McCone of the assassination plots against Castro. But McCone did not tell the Warren Commission.

Sen. Richard Schweiker, R-Pa., co-director of the Kennedy Inquiry, concluded: "The nondisclosures and investigative failures—intentional and otherwise—documented in this report establish the Warren Commission was deprived of such vital pieces that there is no longer any reason to have faith in its picture of the Kennedy assassination."

He called for a new investigation. The Permanent Intelligence Committee, which succeeded the select panel that produced the Kennedy report, has indicated it will reopen the case after the Presidential election in November.

Wednesday's report noted cautiously that the committee had "not uncovered any evidence sufficient to justify a conclusion that there was a conspiracy" to kill Kennedy or that Castro was behind it.

But it declared that the evidence "impaches the process by which the intelligence agencies arrived at their own conclusions about the assassination and by which they provided information to the Warren Commission."

Shift to contract work nears in E. Gem cleanup

REXBURG, Idaho (UPI) — Clean up efforts continue in eastern Idaho's flood damaged communities, as the "civil defense is now working to move from volunteer labor to contracted labor" for the restoration work, Ronnie Moss, Madison County civil defense director, reported.

Moss said his command post would like to turn over the clean up operations to the county "in the next two weeks if possible" so they can get back to their "regular jobs."

Twenty-one flood victims from the Rexburg-Sugar City area have been employed by the U.S. Army Corps of Engineers to assist in debris

removal. Corps personnel specialist Adrian Price said, "We employed the men as laborers under a temporary employment authority — their appointments are not more than 30 days."

Work continues on the burial of dead animals and restoration of canals.

"This canal work is slow but little by little we will get it operating so the farmers can use them on the productive

land that is left in the area."

The U.S. Soil Conservation Service received \$1.5 million for emergency watershed protection to provide emergency measures along rivers so that future high water will not cause further damage.

Spokesmen said the tanks can be used for bank stabilization and debris removal in the river when sufficient public benefit can be shown.

Coordination plan set

BOISE (UPI) — The Idaho Division of Budget, Policy Planning and Coordination will take over coordination of the Teton Dam disaster relief program to avoid duplication between federal and state agencies, Division Director Hal Turner said today.

Turner said the state has received \$250,000 from the Department of Housing and Development to aid in the relief programs.

"We'll coordinate the efforts so one agency will know what the other agencies are doing," he said.

He said Stuart Boyce, chief of the bureau of state planning, and Debbie Jolley, Hagerman, was appointed song leader.

WEISER, Idaho (UPI) — Marie O'Connor, 24, of Blaine, Wash., successfully defended his junior fiddling championship title Wednesday night at the National Oldtime Fiddlers Contest in Weiser.

O'Connor drew cheers from the crowd as he played Tum and Jerry, The Yellow Rose and The Yellow Rose Waltz and Herman's Hat.

"The youth, who has been playing the fiddle for three years

a half year, has successfully defended his national junior championship title annually since first winning it in 1974.

Loreto Brank, 15, of Winlock, Wash., was second in the junior competition. She also was second place winner behind O'Connor last year.

Jess Cooper, 13, of Hornistown, Ore., won third place.

A special plaque was presented to Marie Shaw-Corral, Idaho, for his 21 years of participation in the Weiser Oldtime Fiddling contests.

The plaque was presented by Bill Vohay, former president of the National Oldtime Fiddlers Association, who said Shaw "has helped to make this one of the best contests in the United States and I think we've achieved that here today."

Budget deadline set

BOISE (UPI) — State agencies will have until Oct. 1 to submit their fiscal year 1977 budget requests, Director of Budget, Policy Planning and Coordination said today.

Turner said submission of budgets will be staggered with the first ones being received during August.

He said the Gov. Cecil D. Annis' primary will begin reviewing the budgets in September. His recommendations will be made to the state legislature when it convenes next January.

Briefs

MOSCOW — State officers of Idaho 41 were elected at the annual congress at the University of Idaho, Tracy Webster, Paul, was elected as a district representative and Debbie Jolley, Hagerman, was appointed song leader.

School damages totaled

BOISE (UPI) — The Teton Dam disaster leveled \$2.4 million dollars of damage against schools and their contents in five eastern Idaho school districts, a preliminary estimate released Wednesday by State Superintendent of Public Instruction Roy Truby.

Cheeks covering 75 percent of the estimated damage, are anticipated within a few weeks through federal disaster funding. The remaining 25 percent will be paid when the restoration work is completed.

"It is amazing that all the schools hit by the flood remained standing," Truby said.

Sugar City and Rexburg schools suffered the most damage, with about \$1 million lost in materials, equipment and building damage in each district. Firth followed with \$242,000 in damages.

The estimates were made by two structural engineers and two program specialists from the U.S. Office of Education who inspected the area last week.

Major structural faults are uncovered later, the building shells can be reclaimed, the engineers said.

The engineers will return to the flood area next week to look for additional damage that may not have been visible at the original visit due to the accumulation of mud and debris.

"Now we need to get the applications completed and processed so the districts can have the money in hand to work toward opening schools this fall," he said.

Debris has been removed from most of the school buildings already and contractors are working to renovate them.

Senate nod paves path for payment

WASHINGTON (UPI) — The U.S. Senate Wednesday approved a \$200 million appropriation that "paved the way" for payment of damages to victims of the Teton Dam disaster.

Idaho Senators Jim McClure and Frank Church sponsored the bill and asked the Senate to act quickly to insure the rapid implementation of an assistance program to hundreds of Idahoans.

"The bill goes to a conference between the two houses, Church said. "It looks very likely that it will be possible to complete congressional action on the measure before the end of the week."

"This means that the down payment has been made on damages that are much more extensive but the money will be appropriated as the need requires. The prompt action of the Senate today assures that the program may get started in the immediate future," Church said.

McClure said, "It is the President's state intention to see that they are fully compensated for the damages and now the Senate has underscored that desire by the quick passage of this measure."

GOP primary campaign unproductive

ELECTION '76

By NEA/London Economist News Service
America's presidential primary campaign season, the heaviest there has ever been, has done its job for the Democrats by producing their candidate, but has failed to do the same for the Republicans.

Union bosses and workers

The nation's largest labor union held a convention in Las Vegas last week and one of the items on the Teamsters agenda was to raise the salary of President Frank Fitzsimmons to \$156,250 a year.

Speakers at the Las Vegas convention still talked about helping the working man achieve a better life in America. The union bosses applauded.

While the union bosses still claim to represent the average man, many workers sense the real beneficiaries of their union dues are kingly like Fitzsimmons who fly Lear jets and stay in fancy hotels at the national convention.

Labor unions have done some great good in America. They helped workers gain better pay and working conditions.

The heart of any union must be the workers. When the workers sense something wrong at the top it's time for union bosses to make some changes.

Rockin' and rollin' to the White House
Ever since the campaign reform act was passed, we have been wondering who would end up with the political power the law takes away from wealthy people by severe limits on the size of political contributions.

The eye-opener in this respect was the California senatorial bid by Tom Hayden, ex-student radical and Mr. Jane Fonda. In the end, Senator John Tunney put down the upstart primary challenge, but not before Mr. Hayden's well financed campaign put quite a scare into regular California Democrats.

Mr. Hayden's campaign was graced by benefit performances by seven rock stars; the events raised \$75,000 or 10 per cent of the cost of the campaign. A fellow named Jackson Brown, whose singing and guitar playing holds special charm for Southern Californians, gave a couple hours of his time, attracted 10,000 people and raised \$30,000 for Mr. Hayden.

The idea is spreading, where other Californians naturally in the lead. Governor Jerry Brown's quixotic presidential campaign has been boosted by the same Jackson Brown, as well as Linda Ronstadt and The Eagles. Jimmy Carter, meanwhile, landed the Allman Brothers, a rock group with, naturally, a country flavor.

Under the campaign reform act Stewart Mott, rich heir, can give candidate Hayden only \$1,000. How come Jackson Brown, rock star, can give him \$30,000? Good question.

Well, you see, the act makes no limits on contributions of time. Suzi Coed can stuff envelopes for her hero for as many hours as she likes. An advisory opinion from the Federal Election Commission holds that Jackson Brown is only giving time. He is doing what Suzi Coed does, not what Stewart Mott does. Now you tell one.

A spokesperson for the FEC says that a doctor or lawyer could definitely not give five free hours of eye surgery or merger advice with the proceeds going to a candidate. If a complaint about the rock musicians comes along, she says, the commission may have to "evaluate" it again.

So we can see the loophole being closed with a ruling parsing out the per-hour value of contributions of time: FOUR hours at \$1 an hour for Suzi Coed, four minutes at \$15,000 an hour for Jackson Brown. This, of course opens endless further loopholes: Must Suzi be evaluated at the federal minimum wage rate. At some point, someone might even decide the law is pretty silly to begin with.

For symbolic reasons, though, we rather like the law as it is, lopsided and all. Somehow it is a monument to the current reformist mentality to have a law that reduces the political impact of property and enhances the political impact of rock stars.

The best election that could happen this autumn, for America and for its friends, has been apparent for some while. It would be a contest between Jimmy Carter on the Democratic side and President on the Republican one: Carter representing the best of the new South and the anti-Washington vote, Ford the best of solid-state Republicanism and that long line of good Washington government in Congress and the White House that recent years have not entirely broken.

This may explain why, when Ford had to lose to Reagan, he tends to lose by a landslide, as he did in Texas and in California. Reagan, when he has to lose to Ford, is more likely to hold a substantial share of the Republican vote, as he did in Ohio, despite adverse circumstances.

leaving Angola, despite what Havana says, and Castro has clearly announced his aim as "liberation" for all Africa. So the military threat continues: the inflow to South Africa of foreign capital has dried up; there aren't enough workers for an expanding society; all this contributes to what both Vorster and Kissinger must learn: an advance of Soviet-supported black communism.

Time to adjust myopic vision of Vorster backers
PARIS — South African Prime Minister Vorster once described to me his leadership principle: "A leader must walk in front of his people, he should not go so far as to move out of their sight and hearing. That is the function of leadership."

It is also in the interest of the entire West to help keep racial peace for fear that otherwise the weakened fabric of détente will totally dissolve and Russia will march openly into what it deems an African vacuum, gaining huge support from third world peoples and control of invaluable mineral resources.

Finally, the secretary of state believes it is in Rhodesia's interest to separate itself from the South African interest by the middle-headed Ian Smith administration. He is also pressing for South African handover of Namibia and planned redivision of South African lands, now allocated on a basis of 87 per cent to whites who represent only a million of the 20 million population.

He never met Miss Ray, but he'll live it down
WASHINGTON — I know it's hard to believe, but I met a high government official the other day who never forgot the incident with Miss Ray's book: "The Washington Fringe Benefit," she met every person of importance within a 50-mile radius of the nation's capital. In fairness to Miss Ray she didn't claim she slept with everyone she met though the Guinness Book of Records has suddenly shown a great interest in her; but she does insist she knew everyone from Eugene McCarthy to Henry Kissinger.

What about up on Capitol Hill in one of the orgy rooms she wrote about? "I never did meet about those rooms until Miss Ray started talking about them" in the newspapers. I believe they were on the House side of the Capitol and I spent most of my time on the Senate side. I wish I had known about it in those days. It certainly would have been a nice place to visit while I was waiting to testify in front of a subcommittee.

Who's Who of Washington? You're not anybody if Miss Ray didn't meet you. This town pays attention to things like that. I haven't had one call from a newspaperman or woman since my name was left out. I don't mind telling you it hurts.

These days, it's usually showing the federal bureaucracy in some ridiculous light, are put together from press snippets and unauthenticated bits of gossip that Reagan seems to carry around in his pocket. President Ford cannot do that sort of thing, and if he did would not make much of a fist of it. But Reagan can alarm people with a much exaggerated version of American military weakness; he can incite them with stories of people living high on public assistance; he can drop a resolute word about how he would put down Panama or use American power to arrange things in Rhodesia; and if pressed for his sources or his real intentions he can back away and wash his hands, having produced the effect he wanted.

How has Ford got into this mess? To begin with, Reagan outclasses him as a campaigner by just as much as Ford outclasses Reagan as a chief executive. People respect the President but he conspicuously fails to turn them on, an art of which Reagan is a master. When Ford talks to individuals face to face he has charm and warmth, but they drain away when he gets behind the podium or on the television screen; then he becomes lifeless, dull and defensive just where Reagan blossoms in his element, as a more callous attitude to demands for economic

relief and social improvements at home. Once president, he might in reality prove to be different. At issue is not, however, for not at present, whether Reagan will get to be president, it is whether the Republican party is to make up its mind and its leader.

Most of the public opinion samplings that have pitted one or other Republican leader against the possible Democratic presidential candidates in the general election show Reagan doing worse than Ford against a Democratic opponent and specifically against Carter. The implication, that the assessment of an independent voter in the middle of the political spectrum sees Reagan as an immediate or doctrinaire conservative, while he gives Ford credit for modesty and self-restraint, is probably sound.

While Carter's campaign, too, has so far been brilliant, powerful and effective, there has been a striking unevenness in his vote-getting performance in different regions of the country. There are things he can do to correct the unevenness. Just as there are steps he can take to let his party and the country know where he stands on some of his policies which are obscure.

A leader from outside the conventional federal political system that it has to be this year. No sound doubt about it: Carter it is, and it belongs to his political origins that many Democrats feel uninformed and uncertain about how he would also be more moderate, solid and reasonable Carter's Republican opponent, the healthier will be the general election and the more inducement Carter will have in advance of the election to make his identity plain.

Already, the long-predictable explosion in Soweto, largest black city in South Africa, is a kind of black hazard for Johannesburg — has occurred. One may expect more uprisings there and in other isolating wards of bantustan crowded together without minimal hygiene or social facilities.

The fact that the recent riots were touched off by a decision forcing black children to do their schoolwork in Afrikaans, not English, in international and official South African language laws, still underlines how wrong whites in a future state feel about being educated in Zulu.

A propos of which, Zulu chief Gatsha Buthelezi warned, recently, in Soweto, "We cannot wait for the Vorster's government to do something about black decision-making at the national level — there was no apartheid in the Garden of Eden and there is no apartheid in heaven. Why should there be apartheid in between?"

Public works bill faces veto

WASHINGTON (UPI) — Republicans say President Ford will veto a \$4 billion public works jobs bill sent to him by Congress. If he does, it will be the second veto fight on the subject this year.

The bill is similar to a \$6 billion version which Ford killed in February. The House voted to override then, but the Senate fell three votes short of the needed two-thirds.

This time, Democrats in Congress appear to have the votes to win a showdown. The Senate recently approved the final conference report on the new bill 69 to 25, six more than two-thirds, and the House passed it Wednesday 228 to 83, an even wider margin than the override vote in February.

Ford hasn't said what he will do with the bill, but Republicans in the House said a veto is

certain.

The bill includes \$2 billion for public works projects designed to create jobs, \$1.25 billion in budget aid to keep recessions suffering state and local governments from having to reduce services and lay off employees, and \$700 million for water treatment plants in 33 states which claim they were short changed in an earlier allocation of anti-pollution money.

Democrats claim the bill would create or preserve up to 350,000 jobs.

Republicans contend the jobs would be fewer and the effect on unemployment transient. They say much of the public works money would not be spent until several years from now when it would no longer be needed for economic recovery and would instead add to inflation.

Republicans also charge that

the so-called "counter-cyclical" budget aid to localities and the water treatment money were added largely to win votes for the bill in the Senate.

Republicans teamed up with Rep. Jack Brooks, D-Tex., chairman of the Government Operations Committee, in a vain effort to delete the counter-cyclical aid which they called an unwarranted revenue sharing bonus. Brooks also protested it should have gone through his committee. They were defeated 229 to 153.

Rep. Delbert L. Latta, R-Ohio, said Ford is "sure" to veto the package with counter-cyclical aid included. Majority Leader Thomas P. O'Neill Jr. said the House thinks the package must be approved or Senate support for an override would crumble.

FBI burglaries under fed probe

WASHINGTON (UPI) — The Justice Department is conducting a nationwide investigation of alleged illegal burglaries since 1971 by the Federal Bureau of Investigation that could ultimately involve hundreds of agents and officials in the bureau's intelligence division, according to well placed sources.

At least a dozen agents, including an assistant director of the bureau, have retained legal counsel because of the investigation. The inquiry is the broadest criminal investigation of the FBI ever conducted and one key agent said it could result in changes in the fabric of the bureau "as it now exists."

The burglaries under in-

vestigation were allegedly performed by agents against organizations and individuals of the New Left, particularly members or supporters of the militant Weathermen organization, according to well-placed bureau sources.

The investigation is being conducted by William J. Gardner, chief of the criminal section of the Civil Rights Division of the Department of Justice. He is assisted by a special team of FBI men under the direction of Richard Ash, the head of the bureau's identification division.

The inquiry was apparently begun after a civil suit brought against the FBI and its officials by the Socialist Workers Party uncovered documents that indicated that surreptitious entries of the homes and offices of officials of the left had been made after 1971.

Ponders mate

JIMMY CARTER said in a Washington, D. C., news conference Wednesday there are "10 to 12 persons in whom I have great interest" as a running mate on the Democratic ticket. He said the list includes blacks and women but gave no names. (UPI)

Warning set

SAN DIEGO (UPI) — American authorities along the Mexican border have been warned that Mexican communist terrorists may try to kill police in the border area on July 4th, "election day" in Mexico.

The warning came from Jacques Kiere, director of the federal Drug Enforcement Agency's El Paso (Texas) Intelligence Center, known as EPIC, in a bulletin distributed to U.S. agencies with offices on the border.

Clarence M. Kelley, the current director of the bureau, has consistently stated that the practice ended in 1966.

Sclerosis

test ready

NEW YORK (UPI) — Three Duke University scientists reported in a medical journal today that they had developed an accurate blood test for multiple sclerosis, a nervous-system disease that affects hundreds of thousands of people worldwide.

The experimental test promises to detect the often blinding and crippling disease at its earliest stages, even before a doctor can diagnose it from a physical examination, the scientists said in their New England Journal of Medicine report.

Other scientists expressed cautious optimism about the Duke report. But they urged further evaluation before the blood test is applied to the everyday practice of medicine.

It can be extremely difficult for a doctor to diagnose multiple sclerosis in its earliest stages.

Incomplete

HOUSE Republican leader John Rhodes of Arizona said Wednesday the Ford administration's anti-busing proposal "is a good bill but it doesn't solve all the problems" of school busing and desegregation. (UPI)

FBI seeks panel papers

WASHINGTON (UPI) — Now that Rep. Wayne Hays, D-Ohio, no longer heads the House Administration Committee, the FBI wants to be sure his successor prevents destruction of some of the committee's records.

FBI agents requested the request to aides of Rep. Frank Thompson Jr., D-N.J., minutes after he was elected Wednesday as the new chairman.

Thompson said he would comply.

The FBI is investigating two matters involving the committee — whether Elizabeth Itay did no work for her \$14,000-a-year salary after Hays put her on the committee payroll, as she claimed, and whether nine members of Congress were reimbursed for auto trips they did not make.

Daley 'family man'

CHICAGO (UPI) — Mayor Richard Daley says he never let politics get in the way of his family life and for the last 40 years he "always kept one day for the youngsters and the family."

Wednesday was the mayor's 40th wedding anniversary and he spent most of the day with his wife, Eleanor, and their children. Politics is tough on family life, Daley said, because "you lose much of your private life ... but from the very beginning we've always kept one day for the youngsters and the family."

Tony sentenced

DETROIT (UPI) — Reputed organized crime figure Anthony "Tony Jack" Giacalone, once implicated in the disappearance of former Teamsters President James Hoffa, has been sentenced to 10 years and fined \$50,000 for income tax evasion.

Giacalone, 57, a key figure early in the investigation of the unsolved disappearance of Hoffa last summer, was sentenced Wednesday by U.S. District Judge Damon Keith. Giacalone was freed on \$50,000 cash bond pending appeal.

The former Grosse Pointe Park, Mich., resident who now lives in Miami, Fla., was a long-time acquaintance of Hoffa. According to Hoffa's family, the former Teamsters boss believed he was to meet Giacalone and another union figure on the day he vanished.

Liz pitches in

NEW YORK (UPI) — Actress Elizabeth Taylor, chic in a black pantsuit, swept the parking garage at the Waldorf-Astoria Hotel Wednesday night a few moments ahead of leading Democratic presidential candidate Jimmy Carter.

Carter had been attending a fund raising reception. A newsman asked him if Miss Taylor was present.

"Yes, she was there to give me her support," Carter said, smiling broadly.

Blair raps Walters

JACKSONVILLE, Fla. (UPI) — Frank Blair, Barbara Walters' colost on NBC's "Today" show for 12 years, says she was "rude" and "inospitable" and NBC officials were "delighted" she left the network.

Blair said he knew Miss Walters for 13 years and worked with her for 12. He never felt that close to her. She was very aloof, very, very aggressive.

Blair said "Today" viewers could not hear behind the scene staff comments of, "Oh, shut up, Barbara and let him speak," when Miss Walters interviewed guests.

"I can tell you, however, from inside sources, that they (NBC officials) are delighted" she has gone to ABC.

Daughter for Vans

SANTA MONICA, Calif. (UPI) — Entertainer Bobby Van has a daughter.

Van's wife, actress Elaine Joyce, gave birth Tuesday night to their first child, a 7-pound 12-ounce girl, at St. John's Hospital.

Mother and daughter were reported doing well.

Haldeman links Henry with taps

MISSION, Kan. (UPI) — Secretary of State Henry Kissinger knew of wiretaps placed on National Security staff employees and reporters in 1969 to trace information leaks, according to former White House chief of staff H.R. Haldeman.

In the last of a five-part series of syndicated newspaper articles, Haldeman said former President Richard Nixon "also knew" of the wiretaps.

"There is no question in my mind that Kissinger was fully aware that the national security taps were being put on by the FBI on Attorney General John Mitchell's authorization, and with the president's full knowledge and probable direction," Haldeman said.

"All three — Kissinger, Mitchell and Nixon were fully involved and in concurrence about placing the taps. Nothing that I ever saw led me to believe that there was any reluctance on Kissinger's part to having the tap plan carried out."

In the article, written by California columnist Joseph Scott and distributed by Universal Press Syndicate, Haldeman said Kissinger was never considered as secretary of state during the time Haldeman served as Nixon's chief aide.

Haldeman said the White House staff reorganization plan after Nixon's 1972 reelection called for a replacement for Secretary of State William Rogers.

He did not name the intended replacement.

"Kissinger knew who the new secretary was going to be," Haldeman said. "And he knew it was not Henry Kissinger."

"I was very surprised, therefore, to learn that Kissinger was appointed to replace Rogers. I think it all had something to do with the weakening of the administration after the Watergate crisis."

He said it was a myth that Kissinger expected to be named secretary of state.

Hopes for pardon

MRS. IVA TUGURI D'AGUINO, better known to thousands of World War II veterans as "Tokyo Rose," who was convicted of treason in 1949, is hoping she will receive a presidential pardon by July 4.

White House officials said Wednesday that they know of no plans by President Ford to grant such a pardon, despite reports from Tokyo that Mitsunori Ueki, director general of the Japanese Prime Minister's office, had said the president might issue a pardon. A pardon application was filed by Mrs. d'AguiNO, who lives in Chicago, some years ago, but it got nowhere. (UPI)

Harris warned of outbursts

LOS ANGELES (UPI) — William Harris cursed the judge at his trial Wednesday and used a four letter word, then expressed repentance after the judge warned he would "take care" of him.

"Don't give me any of that — God damn you," Harris burst out at Superior Court Judge Mark Brandler.

The judge told Harris' advisory counsel to warn him that "if he uses that filthy vulgar word again, we can take care of that" and later noted he could cite an unruly defendant for contempt, order him bound and gagged or remove him from the courtroom. He did not add — as he did after similar outbursts by Harris at pretrial hearings that he can revoke Harris' permission to act as his own attorney.

Harris, after a recess, rose to say "there won't be any more outbursts from me for the rest of these proceedings."

"That was stupid of me to react in that fashion."

But — asked by the judge whether his statement was an apology, Harris would not concede that it was, replying: "I don't think it is exactly an apology, but a statement of what the court can expect from me in the future."

"I accept your statement and welcome it," the judge replied.

Prospective jurors were not present.

Harris and his wife Emily went on trial Monday on 11 charges of assault, kidnaping and robbery for an alleged Symbionese Liberation Army crime spree with Patricia Hearst, who will be tried separately.

Questioning of prospective jurors is expected to take two weeks.

Harris' outburst was provoked by the judge's statement that she will hold court five days a week until the jury is seated, conflicting with Harris' request for four-day weeks so the defense can interview prospective witnesses on Fridays.

The judge, trying to speed proceedings, noted with irritation that defense attorney Leonard Weinglass was 30 minutes late for Wednesday's session.

"You're robbing us of a day to prepare because you're so stubborn," Harris flashed out at the judge. "Do you have a vacation in September or what?"

He pointed out that he and his wife are early for court sessions "chained to our chairs" and followed with the demand "don't give me any of that."

Takes rap

CHICAGO Sun-Times WASHINGTON — After days of denying responsibility, Iton Nessen admits it was he who ordered a ban on photos of President Ford leaving the White House by helicopter.

Nessen refused to acknowledge, though, that the reason for the decision was the frequency with which photos have appeared showing Ford bumping his head as he got aboard.

'Accident' questioned

ASPEN, Colo. (UPI) — Prosecutors do not believe the fatal shooting of professional skier Vladimir "Spider" Sabich by his lover, Claudine Longet, was accidental, according to District Attorney Frank Tucker.

"There's no way in the world the prosecution thinks this was an accident," Tucker said Wednesday. "This was not an accident. It was unfortunate the press was not allowed to be present during the preliminary hearing."

Authorities Tuesday released the transcript of Miss Longet's preliminary hearing June 10, closed to news media at the request of defense attorney Charles Weedman.

Sabich was shot to death March 21 in the home he shared with Miss Longet, former wife of singer Andy Williams, for two years.

New border front worries Israelis

WASHINGTON (UPI) — Israeli intelligence believes the new ceasefire agreement in Lebanon contains a secret provision for stationing Palestinian troops on the Israeli border.

Reliable sources reported Wednesday that the Israeli intelligence estimate is that the border force will include Syrian army regulars as well as troops from the Palestine Liberation Organization and the pro-Syrian Palestine Liberation Army.

Such a deployment could establish a direct and explosive confrontation along a border that is now sparsely manned on the Lebanese side and heavily bordered from the Israeli side.

The militant Palestinians never have succeeded in operating against Israel on any large scale from neighboring Arab countries. Syria, Jordan and Egypt have tightly restricted Palestinian activity for fear of Israeli reprisal.

Israel itself has kept the Palestinians on the run in southern Lebanon but the situation could change radically if a large force of Palestinians moved into the area under Syrian protection.

The Israelis were said to fear that the deployment could set off another all-out Arab-Israeli war.

The sources declined to say whether the Israeli estimate was based on secret intelligence from inside the Arab camp or from a distant interpretation of developments. In either case, it represented a gloomy assessment of the Lebanese situation.

The ceasefire agreement announced in Damascus Monday, made no mention of any joint Syrian-Palestinian force to be deployed along the Israeli border. But it did call for an end to hostilities between the PLO and the PLA.

U.S. Officials believe the Syrian invasion of Lebanon early this month was originally designed to put down the PLO and bolster the Christians. But short of bloody repression, which would have isolated them in the Arab World, the Syrians were finally compelled to compromise with the Palestinians.

From the outset the Israelis have been skeptical of the U.S. argument that the Syrian intervention would prove helpful in restoring order in Lebanon and promoting an Arab-Israeli settlement.

Now the Israelis perceive their worst fears in the process of materializing. Since the creation of Israel in 1948, the Lebanese border has been the only relatively quiet front with the Arabs.

The Israelis maintained a tacit understanding with the previously dominant Christian minority in Lebanon and are believed to have supplied them with weapons in recent fighting.

Sailors must keep hair under hats

WASHINGTON (UPI) — Hair will go back under hats, the Navy decreed Wednesday. Women's hair will be no longer than four inches, according to the new regulations.

Chief of Naval Operations James H. Holloway denied the shorter-order was a "reactionary" move to reverse the policy of his predecessor, Adm. Elmo R. Zumwalt Jr., permitting sailors to have longer hair, beards, sideburns and mustaches.

In fact, beards and mustaches are still allowed so long as they conform to an official standard.

When he relaxed previously rigid regulations on head and facial hair in 1971, Zumwalt noted sailors on a year of Indo-China river patrol had a 50-50 chance of being killed or wounded.

"Compared with what I was asking of these men, the beards and sideburns they were asking of the war were not much," he said in his autobiography.

"Here were patriotic men who understood the need to fight and who fought very well, men of the kind the Navy most needed to attract and keep, who were ready to quit because of the high and mighty tone the Navy took toward their personal habits and tastes and their individual needs."

The new Section 1601 of the Navy's general regulations decrees "hair above the ears and around the neck will be tapered at least 3/4-inch and outward no greater than 3/4-inch to blend with the hair style."

The primary consideration remains a neatly groomed appearance for the hair style and the type of hair that the individual has, with four inches length and two inches bulk the maximum under any circumstances.

"Full and partial beards, Van Dykes and goatees are prohibited. The portion of a mustache will extend below the outline of the upper lip or beyond a horizontal line extending across the corner of the mouth and no more than 1/4 inch beyond a vertical line drawn upward from the corners of the mouth."

MV students receive scholarships to CSI

TWIN FALLS — Several Twin Falls students received scholarships to attend the College of Southern Idaho this fall.

Susan Jean Herzinger, Twin Falls High School, daughter of Norma Herzinger; Lori Ann Burkhalter; Janina High School, daughter of Mr. and Mrs. Fred Burkhalter; and Jonathan Dewayne Secord, Kimberly High School, son of Roy and Mrs. Darwin E. Secord, were three students named from their high school graduating class as recipients of a \$250 scholarship from the Henry Eaton Educational Trust.

The students are all pre-engineering and engineering majors. They were selected for their outstanding work in high school and con-

tribution to their fellow students.

Miss Burkhalter maintained a 3.50 grade point average. Miss Herzinger, a 3.40, and Secord, a 3.22 while in high school. Each student was active in many high school and community activities.

Catherine Rosemary Glanders, Camas County High School, daughter of Mr. and Mrs. Al Glanders, Fairfield, has been awarded a \$100 general scholarship.

Miss Glanders maintained a 3.31 g.p.a. and was active in basketball, volleyball, track, drill team, honor society, pep club, annual staff and music. She plans to pursue her studies in registered nursing.

Laurie Jo Fitzpatrick, Valley High School, daughter

of Mr. and Mrs. Harold Fitzpatrick, Hazelton, has been awarded a \$200 general scholarship.

Miss Fitzpatrick was co-valedictorian in her graduating class with a 3.95 g.p.a. She has participated in honor society, student council, annual staff, school newspaper, Madrigal singers and FFA.

She plans to continue her education in secretarial science or therapy technology.

Cindy Sue Adams, Declo High School, daughter of Mr. and Mrs. Jack B. Adams, has received a \$150 general scholarship.

Miss Adams received a 3.94 g.p.a. and was active in drill team, student council, FFA, DECA, pep club, athletics, Debate, Singer staff, annual staff, speech, drama, music and was senior class vice president.

SHE PLANS TO STUDY SECRETARIAL SCIENCE.

Art festival scheduled

KIMBERLY — An art festival will be one of the features of Kimberly's annual Good Neighbor Day this year, according to Mrs. Rose Litzinger, art director.

Cash awards and ribbons will be given for the art event during the July 10 community celebration. An entry fee of \$2 per artist will be charged and persons can enter as many pictures as they wish.

Artists are responsible for their own easels to display their works in the Kimberly City Park, Mrs. Litzinger said. All entries must be in place by 11 a.m. July 10.

A grand prize of \$15 will be awarded, with \$10 for first place; \$5 for second, and \$3 for third place.

Artists may sell their paintings if they wish after the pictures are judged. Crafts also will be displayed with Mrs. Ramona Deuel in charge of these items.

Additional information may be obtained by calling Mrs. Litzinger at 733-5336 after 6 p.m.

Starts Friday 9:30 A.M.

50th anniversary open house planned

BELLEVEUE — An open house for the 50th wedding anniversary of Mr. and Mrs. Leon Calloun will be held Sunday at their home in Bellevue from 1 to 5 p.m.

Leon Calloun married Carrie Reeve in Orofino, April 16, 1926. Calloun worked in the timber in Orofino then moved to Bellevue in 1937 where he has since worked as a miner.

The open house will be hosted by the children of the Callouns, Mr. and Mrs. Wayne Calloun; and Mr. and Mrs. Ray Calloun, all Littleton, Colo.; Mr. and Mrs. Lora Calloun, Burley; Mr. and Mrs. Melvin (Loren) Genes, Terion, Wash.; and Mr. and Mrs. John (Janet) Benvenuto, Anchorage, Alaska.

They also have 24 grandchildren and one great-grandchild. The couple requests no gifts.

40th year observed

GLENN'S FERRY — Mr. and Mrs. Chester Pence were surprised Sunday with a 40th wedding anniversary party at their home.

Their daughters, Mrs. Michael Guerricagottia of Boise, and Mrs. Ray Carpenter, Nyssa, Ore., were hostesses for the party. Mrs. Delmar Brannon, King Hill, made the cake.

Mrs. Pence was born in Washington, Iowa, schooled in Mondamin and Keota, Iowa and attended drama school in Omaha, Neb. Pence was born in Harrodsburg, Iowa, and attended Drake University in Des Moines. They were married June 20, 1936.

Guests attended from Boise, Caldwell, Butte, Mountain Home and Ontario.

Pence, a photographer in the early years, has been in the retail business for a good many years and is manager of the Glenns Ferry Merc store.

OES reports presented

TWIN FALLS — Twin Falls Chapter No. 29, Order of the Eastern Star, met Tuesday.

The meeting was conducted by Reva Goodson, worthy matron, and Earl Goodson, worthy patron.

Reports were given by members — Gary Ray.

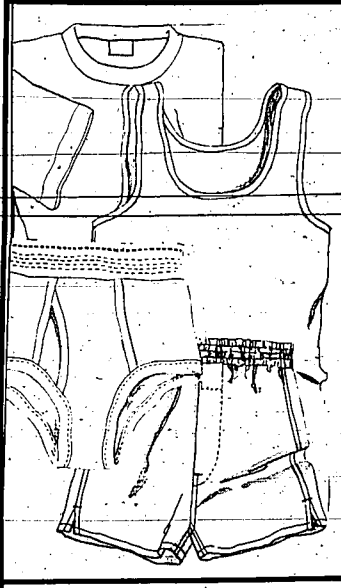

Chapter meeting two weeks ago in Lewiston.

Maude Shotwell gave a Father's Day program.

A picnic for all Masonic affiliated organizations is planned for July 11 at the Twin Falls County Fairgrounds, Filer.

Mrs. Goodson announced that a planned yard sale for fund raising purposes has been postponed until early August.

Refreshments were served by Betty Dameron, chairman, assisted by Kenneth Dameron, Sharon Dameron, Merle Yaw and Ann Hoffmaster.

Abby

By Abigail Van Buren

© 1976 by Chicago Tribune Co., News Syndicate Inc.

DEAR ABBY: Today in your column I read a letter from Mrs. R. D. Watt of Bloomington, Ind., whose son, David, was killed in an auto accident. She said her son had carried a signed **UNIFORM DONOR CARD** issued by the Kidney Foundation stating his wishes to donate his kidneys at death, but because his wallet had not been thoroughly examined at the scene of the accident, and they (his parents) were too grief-stricken at the time to think of it, David's wishes were not carried out.

I want Mrs. Watt to know that after reading her letter I called the Kidney Foundation and requested a donor card so I could be like David Watt, who signed such a card in hopes of saving someone's life.

FEELING BETTER IN YORK, PA.

Thoughtful gesture

DEAR FEELING BETTER: Your thoughtful gesture will not only comfort David's parents; there is no telling how many others will be inspired to follow your generous example. Bless you.

DEAR ABBY: Last Christmas I became engaged to a fine young man from Los Angeles. We planned a summer wedding. I was born on a farm in Iowa. My parents sold the farm and are now living in a retirement village near L.A. My future in-laws are quite well-to-do and social. My fiancé's mother announced our engagement in two newspapers—I couldn't believe my eyes when I read that I was "the daughter of Dr. and Mrs. So and So and a graduate of the University of Iowa!"

When I asked my fiancé's mother why she did such a thing she said, "I couldn't very well have said you were a former waitress whose father had been a farmer!"

Abby, I'm not ashamed of being a former waitress OR a farmer's daughter. My parents saw the announcements and were humiliated. They think perhaps we should forego plans for a large wedding because his relatives and friends will be asking my father what kind of "doctor" he is and what I majored in in college.

I've always wanted a lovely wedding, but I hate to subject my fiancé to further humiliation. How can we handle this mess?

SPEECHLESS

DEAR SPEECHLESS: What mess? Why give up the kind of wedding you want because your fiancé's mother is a liar and a snob? If questioned, tell the truth, and advise your parents to do the same. If there's any humiliation to be suffered, your future mother-in-law will be the one to suffer it.

DEAR ABBY: GRANDMA makes a good point when she criticizes young housewives for buying only TV dinners, frozen chicken pies and boxes of mixes.

My bride used to dish up similar junk foods along with plenty of canned goods. One day I finally said to her, "Honey, why don't you make things from scratch like my mother used to?"

My dutiful wife high-tailed it down to the corner grocery

Malea Rollis, Hansen say vows

HAGERMAN — Malea Rollis and Douglas Hansen were married in a garden ceremony June 23 at the Ritchie residence, Hagerman. The 2 p.m. ceremony was conducted by Pastor Denny Evans, Hometown Seventh-Day Adventist Church.

The bride is the daughter of Mr. and Mrs. Leigh Rollis and the bridegroom's parents are Mr. and Mrs. Norman Hansen, all Hagerman. The bride wore a floor-length gown of lace and tulle over white satin which the bridegroom's mother wore at her wedding on June 18, 1956. The dress was styled with a long full skirt and long fitted sleeves or lace. The bodice featured a stand-up collar above a sheer insert.

She wore a wide brimmed picture hat and carried a nosegay bouquet. She was given in marriage by her father.

Leslie Hill was maid of honor and Kay Hansen, Bickey Barnett and Connie Jo Sturtevant, all Hagerman, were bridesmaids. Regina Rollis, sister of the bride, was flower girl.

MR. AND MRS. DOUGLAS HANSEN

Lee Cox, Hagerman, was best man. Bridesmaids, Kay Hansen and Kim Lemmon, both Hagerman, and Norman Yergen, Boise, Darren McFadden was Bible boy.

Pat Winters, Westpoint, was soloist, with Faye Tupper serving as accompanist and organist.

The couple was honored at a reception immediately following the ceremony.

The couple cut the

traditional first slice of wedding cake. Mrs. Irene Lemmon, baked and decorated the cake, which carried out the yellow and blue color scheme chosen by the bride. The cake was served by Mrs. Donnie (Judy) McFadden and Mrs. John (JoAnne) Lemaster, cousin of the bridegroom. Mrs. Doug (Tom) Glauner and Gaelene Ritchie served punch. The guest book table was covered with a blue satin table

cloth trimmed with white lace. A bud was on the table, held a single long stemmed carnation. Tammy Parson was in charge of the guest book.

Valarie Pepper and Mary Custer, Twin Falls, cared for the girls. Mrs. Rodney (Mary) Moreland was in charge of corsages and boutonnières.

Following a wedding trip to the coast, the couple lives in Cambridge where they are engaged in farming.

TF 4-H'ers report activities

TWIN FALLS — The Jay-C-Ette Dippy Doers 4-H Club met Monday in Twin Falls.

The woodwork interest group decided to make bookshelves and started their projects.

The knitting instructor reported that knit, purr, cast on, cast off and instructor on tension is being given.

The cooking interest group

made cheese fondue and dunked sliced apples and bread in it.

Crocheting students decided on their projects and started them.

The terrarium interest group discussed care of terrariums and project suggestions.

The welding group will have separate meetings at the College of Southern Idaho.

The second cooking class made Pecos Bill Burgers.

The electronics group discussed radio waves, electromagnetic radiation and A. C. and D. C. Current.

The leathercraft interest group practiced with different tools and selected projects.

The clay class began making pinch pots and started on larger items.

The macrame interest group discussed square knots and started work on plant hangers.

store, walked up to the proprietor and asked, "Where do you keep the scratch?"

'Massacre Rocks Rendezvous' slated

AMERICAN FALLS — The second annual "Massacre Rocks" Rendezvous is scheduled for this weekend at Massacre State Park.

Featured will be the Portneuf muzzleloaders "black powder" shoot, the Antique Festival, Theatre Gooding, steak fry, Oldtime Fiddlers and other entertainment, according to Larry Townsend, manager of the park.

The annual event is sponsored by the Portneuf Mountain Men, a select group of some 300 men from throughout the United States. Qualification for membership is survival in the mountains with only the use of the oldtime muzzleloaders.

The Rendezvous opens Friday at 9 p.m. with Elliot Davis, retired National Park Service interpreter, to present a campfire program on early fur trappers.

Saturday's activities begin with a flag raising ceremony at the park Visitor Center. Muzzleloaders will begin their competitive shoots at 8:30 a.m. with races and other games scheduled for children.

A steak fry is planned at Register Rock, two miles west of the main park facilities, at 5-

p.m. Saturday. The Antique Festival Theatre will present "Sausage" — Incredible Chronicle" at 8 p.m. adjacent to the steak fry area.

Competitive shoots will continue Sunday morning and a pioneer picnic at Register Rock will be held Sunday noon with music by the Oldtime Fiddlers. Bicentennial games are planned after lunch by park staff members. Town-

send said. The history of the Massacre Rocks Rendezvous has its roots in the early 1800's, he said, with the mountain men and fur trappers who once a year would come down out of the hills and meet at a traditional site, usually a trading post, bringing their year's yield of furs pelts with them. These would be sold or traded for provisions and

whiskey and the remainder of their stay would be spent in contests of skill and strength, drinking and general rowdiness. For many of these oldtimers, Townsend said, "it was the only time they saw a friendly face all year so they made the most of the Rendezvous." Several thousand persons attended the event last year, the manager said.

Buhl group plans gymkhana Sunday

BUHL — A gymkhana will be held at 8 p.m. Sunday at the Buhl Rodco Arena, sponsored by the Buhl Yashla Warriors. Entry fees are \$1 per event.

Events scheduled for the first time this year include trail class, pleasure class, calf riding, and ribbon and rescue races.

The gymkhana will offer competition for persons of all ages, according to officials, with trophies and ribbons to be given in all classes.

MR. AND MRS. STEVEN HURD

Jerome miss, Hurd exchange promises

JEROME — Katherine Anita Davis and Steven R. Hurd were married in a June 5 ceremony at the Jerome First United Presbyterian Church.

Rev. Daniel Klingler conducted the double-ring ceremony. The bride is the daughter of Mr. and Mrs. Lynn L. Davis and the bridegroom's parents are Mr. and Mrs. Darrell Hurd, all of Jerome.

The bride wore a gown of chiffon over white satin made by the mother of the bridegroom. The dress featured sheer sleeves applied with lace rosettes and wide lace trim at the bottom of the skirt. The bodice was designed with a scoop neckline and long full sleeves which were gathered to cuffs.

Her waist-length veil of bridal illusion was held in place by a hippodrome of fresh pink rosebuds. She carried a posy of bouquets of rosebuds, white roses and pink feathered carnations and the bride's breath tied with pastel colored ribbon and streamers. She wore a blue wedgwood locket, a family heirloom.

Mrs. Roy Campbell was matron of honor. Debbie Orr, Boise, and Shauna Rogers, Jerome, were bridesmaids. Dwight Hurd, brother of the bridegroom, was best man. Ushers were Mike Hurd and Bob Adfield, Tom Dean and Marty Hurd, brother of the bridegroom, were groomsmen.

The couple was honored at a reception in the church basement following the ceremony.

Quartet tables were covered with pastel colored cloths and centered with garden carts of pastel flowers. The three-tiered cake had four round individual layers encasing the bottom tier. It was iced in white and trimmed with pastel flowers. A cherub-bridal couple was placed on top of the cake.

Nancy Gaona, cousin of the bride, and Jeanine Schakman and Nancy Gaona, cousins of the bride, served refreshments.

Following a wedding trip to California and Mexico, the couple lives at 221 East Third, Jerome. The bride is employed with the public health department at the Jerome County Courthouse and the bridegroom is employed by Ida Gem Dairy.

Briefs

BOISE — The Mink Family reunion will be Sunday at Fireplace No. 7 at the Boise Municipal Park. This will be the 27th annual picnic. Family members are expected to attend from as far away as Texas and Iran. Those attending are asked to bring food for their own families and enough extra for a newcomer. Prizes will be given for the youngest in attendance, the largest family, and the ones coming the greatest distance.

TWIN FALLS — The Women of the Moose will hold installation of officers Saturday at 8 p.m. This will be an open meeting.

TWIN FALLS — Michael Bruce Dingman, son of Mr. and Mrs. David H. Dingman, has received a D.D.S. degree from Emory University in Atlanta, Ga.

TWIN FALLS — A court of honor for Boy Scouts and ceremonial honors for the Koo Koo Camp Fire Girls, will be held Friday at 8 p.m. in the Knoll Grange Hall. Each family attending is asked to bring a pie.

your health

By GEORGE C. THOSTESON, M.D.

Dear Dr. Thosteson:
Please help me. I have been to three doctors. All give me the same answers. I have taken all the tests to be had. All I get is Vallium or Librium.
My biggest problem after a bowel movement I get terrible pain. They tell me I have spasms of the colon. What can I do, doctor? The pains are severe, and they go around my back. — T.C.
You've given three doctors a crack at you, and they all come up with the same diagnosis — spastic bowel. If three mechanics told you your car had a bad carburetor, you'd begin believing it was true, wouldn't you?
I assume the tests included examination of the stool for parasites and a look at the lower bowel by proctoscope and X-ray.
So where do you go now? Why not take a hint? All the doctors have prescribed tranquilizers. This indicates to me — as it should to you — that your emotions could be playing a part in this. I suspect you are a tense person.
I suggest you try a bland diet, including cooked fruits and vegetables along with lean meats. If you are constipated (you don't say you are) this can be helped with stool softeners. Also try to determine if there are any particular foods involved and avoid those. Avoid harsh laxatives. Your lack of information about your condition seems to be working against you. — My

Nervous condition

huddled on colitis discusses this in more depth than I can here. You can get a copy by sending me 25 cents in care of this newspaper, enclosing a stamped, self-addressed envelope, for mailing and handling.

In this respect you may be able to do more for yourself than any number of doctors can. Where such trouble is traced to tension, coping with that is the best treatment.

If you have "a nervous bowel" you probably have had it for some time now. The tranquilizers you are taking might not help immediately. It would take a while.

It may take some effort on your part to eliminate your tensions, which are obvious from your letter.

Dear Dr. Thosteson:
My doctor has advised me that I cannot eat any foods containing gluten. I know gluten is found in flour, so I can't eat bread, crackers, potato chips, pretzels, cookies, pasta, etc.

Are there any other foods that contain gluten?

Is there any kind of flour that does not contain gluten? — Mrs. S.H.

First question first. Yes, many other non-wheat products contain gluten. You will have to become an expert "label reader." For example, some puddings are thickened with flour.

So are some canned meats, and prepared meats like sausage. Some soup mixes contain gluten. Even some sherbets do. Gluten-containing foods are too numerous to list even partially here.

Gluten is a vegetable protein found in wheat, buckwheat, oats, barley and rye, also malt, so all those should be avoided.

There are special low-protein bread, potato, rice and corn mixes for those on gluten-free diets.

White potatoes, and corn are usually tolerated, but again, beware of mixes which you can prove there is no gluten added.

Generally "anything that rises" in baking should be avoided. It is gluten that gives dough its elastic quality and its peculiar ability to rise when gas is released by yeast in the baking process.

The usual reason for people not being able to tolerate gluten is the inability of the intestines to absorb it properly. This is called the celiac syndrome — purfed-out abdomen, lethargy, fatty stool and muscle weakness.

Birth control is highly relevant topic in today's society. Find out what you should know about it in Dr. Thosteson's easy-to-read "The Twelve Birth Control Methods." For a copy, write to him in care of this newspaper, enclosing a long, stamped, self-addressed envelope and 25 cents.

Dr. Thosteson welcomes reader mail but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Copyright 1976 Field Enterprises, Inc.

Couple marries

TWIN FALLS — Cheryl L. Calico and Marc K. Strickland were married June 10 in rites at the Mount, Utah, LDS Temple.

The bride is the daughter of Mr. and Mrs. Calvin Calico, Twin Falls, and the bridegroom is the son of Mrs. Betty J. Strickland, Bethany, Okla.

The couple was honored at a wedding reception at the First Ward, LDS Church. The reception line was formed before a backdrop of pink Austrian curtains flanked with two stately samaras and pale blue and white daisies.

The bride's gown, created by her mother, was white poly-peau, fashioned with raised waistline, high collar and circle skirt. The softest tulle and long sleeves were trimmed with flower motifs of imported french alencon lace and encrusted with seed pearls.

Her full-length, aisle-wide veil of bridal tulle fell into three tiers and was held in place by a tiera of pearl-encrusted lace flowers and ribbons matching those on the gown bodice.

She carried a colonial bouquet of pink roses and baby breath.

Jeanie Homer served her sister as matron of honor while Kimi Strickland, sister of the bridegroom, and Kathy and Carol Calico, sisters of the bride, were bridesmaids. Lori Calico, sister of the bride, was flower girl.

Shannon Strickland, brother of the bridegroom, was best man and Wayne Cifer, brother of the bride, was usher. Gary Helms, cousin of the bride, and Mike Hilday, both from Fruitland, played background music.

The bride's table was pink with a lace overlay, highlighted by reflecting lights underneath. The three-tiered white wedding cake, decorated with pink daisies and roses, was topped with a miniature bride and bridegroom. It was placed on a Grecian column stand over a fountain with pink daisies floating in pale blue water.

Two heart-shaped cakes with the names of the couple flanked the three tiers.

Assisting with the receptions were Vicki Vishop, Provo, Utah, attending the guest book, and Dorothy Helms, Arlene Thompson, Kay Thompson, Daria Thompson and Renee Helms, serving at the bride's table.

The couple was also honored at an open house in Bethany, Okla.

Following their honeymoon the couple will make their home in Provo, Utah.

The bride is a graduate of Twin Falls High School, and the bridegroom is attending Brigham Young University and is employed there. The bridegroom is a graduate of Putnam City West High School and is also attending BYU.

MR. AND MRS. MARC STRICKLAND

Soroptimists elect leaders

TWIN FALLS — Teala Percin was installed president of Soroptimist International, Twin Falls, in a ceremony conducted Tuesday evening.

Other newly installed officers include Beverly Whitehead, vice president; Ross Lea Whitehead, recording secretary; Helen Cannon, corresponding secretary and Fern Smith, treasurer.

Newly installed directors include Lesba Riddle, Irene Bassett and Shirley Easton. Edythe Romitz has been named convention delegate and Louise Marsh has been named conference delegate.

Shirley Povlsen, Burley, regional member-at-large for Soroptimist Clubs, served as installing officer.

The meeting was at the Hogerson Roundup Room. Nedra Green, assisted by the Howard, presented the program, The Sweet Adelines.

dressed in bicentennial costume, sang. Bob Lozano was their director, with Wanda Dimmock announcing numbers.

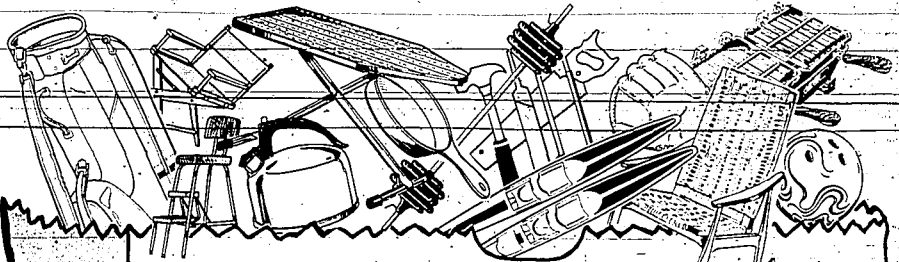

Shirley Easton, outgoing president, presented the favor and the president's pin to the new president. Mrs. Percin gave the outgoing president a past-president's pin and, on behalf of the club, thanked her for her leadership during the past year.

Mrs. Povlsen invited members of the Twin Falls club to attend the Harley club's picnic July 25.

Yankees retract flag ban

SAN JUAN, Puerto Rico (UPI) — The United States, reacting to an angry protest, Wednesday retracted an order that would have the Puerto Rican flag and national anthem from welcoming ceremonies for heads of state at a summit conference on the island Sunday and Monday.

The White House acted after Puerto Rican Gen. Rafael Hernandez Colon made public a cable he sent to President Ford advising him that despite the ban he had ordered the flying of the Puerto Rican flag and the playing of the anthem "La Borinquena" at opening ceremonies.

Colon, saying the order had come from White House aide Robert Goodwin, notified Ford that he would defy the order by Goodwin and order the anthem played and the flag flown as required by Puerto Rican law.

In Washington, a White House spokesman said "everything has been worked out," adding that if Goodwin hasn't been notified that his order was reversed "he will be."

Colon, already offended by the failure of President Ford to advise him in advance of his plans to use Puerto Rico as the meeting site, had flatly defied the White House decree.

Officials in Puerto Rico had feared that the emotional reaction to the Goodwin order would set off terrorist activities by some of the pro-independence fringe groups.

The two main independence parties are scheduled to hold massive rallies at the Dorado Beach resort site of the conference to be attended by Ford and the chiefs of state of Japan, West Germany, Britain, France, Italy and Canada.

Cash stolen

TWIN FALLS — Burglars entered the Dodson Distributing Co., 307 Gen Street Tuesday night and took \$140 in cash.

CIVIL RIGHTS SUIT entry was gained by breaking out a window. Damage was estimated at \$30 but nothing was taken except the money.

Police also reported the arrest of an 18 year old Twin Falls man, Frank D. Sartin, on charges of tampering with the U.S. Mail. The young man was arrested on Kimberly Road Tuesday after a resident called police to report someone going through mail boxes at the Pioneer Trailer Park.

Guidance, counseling course offered in TF

TWIN FALLS — A special course in guidance and counseling for parents of exceptional children will be offered beginning today at the College of Southern Idaho.

The course will offer three credits during the eight-week period it covers, and is open to graduate or undergraduate students. The special education department, Utah State University is offering the course.

Anyone interested in additional information or in signing up for the course may contact Sharon Lombard, 733-1355.

Gooding council accepts loader bid

GOODING — Gooding city council accepted the low bid on a tractor loader at Monday night's council meeting.

Starline Equipment Co., Boise, submitted the low bid of \$9,677.

Other bidders included Idaho Tractor, Inc., \$9,248; G. K. Machinery Co., \$10,830; Luelch Ford Tractor, \$9,748, and Elliotts, Inc., Burley, \$10,135.

Shoshone man works in Oregon

SHOSHONE — Jimmy Jacobson, 13, Shoshone, has been granted permission to go to Oregon to work at the federal auditor supervision office at the Oregon probation office on probation terms handed down by Judge Douglas Krumboltz.

Jacobson was convicted some time ago of delivering a controlled substance.

Bethel installs queen

SHOSHONE — Julie Guthrie was installed honored queen of Bethel No. 61, Job's Daughters, at open installation Sunday afternoon at the Masonic Temple.

Others installed to office include Christian Jones, senior princess; Tammy Carraway, junior princess; Susan Depey, guide; Sharon Martin, first marshal; Brenda Webb, inner guard; Carla Hahn, outer guard; Lys Curry, protom senior custodian; Kelly Robuck, third messenger; Shannon Carraway, fourth messenger; Marty Robuck, fifth messenger; Linda Venable, librarian; Colleen Murphy, musician; Kristina Calkins, recorder; Becky Davis, treasurer; Jana Carraway, chaplain, and Julie Venable, choir.

Carla Hahn was presented her past honored queen's pin and Miss Guthrie received her pin.

A special council meeting will be held in July.

Committees are Kristina Calkins, Sharon Magoffin and Shannon Carraway, communications; Becky Davis, Brenda Webb and Christy Jones, news; Jana and Tammy Carraway and Marty Robuck, sunshine; Linda Venable, Kelly Robuck and Colleen Murphy, scrapbook; and Lys Curry, Carla Hahn and Susan Depey, entertainment.

Secretaries hold potluck

TWIN FALLS — Members of Magic Valley Legal Secretaries Association had a barbecue and potluck supper Monday at the home of Mrs. Doris Paxton.

Following the supper, committee chairmen were named for the coming year. A report of the IDLS board meeting in Coeur d'Alene was given by Mrs. Maureen McClung, director.

The next regular meeting will be at 7:30 p.m. July 19 at the Blainville County Judicial Building, Rupert. Mrs. Paxton will speak on investigative procedures.

Key Airlines increases

MV flights

HAILEY — Key Airlines has started a new route from Halley through Twin Falls to Salt Lake City, following the demise of Air Idaho.

Brent Wiseman, vice president of operations in Salt Lake City, said today since Air Idaho no longer is serving that route, Key felt the need and market was enough to warrant the new flight. Key has started the new flight from Halley with an eight-passenger Piper Navajo. Wiseman said first-month figures indicate the plane has been relatively full.

Since it is a through flight, Wiseman said capacity has been limited to three or four people boarding at Twin Falls.

Key plans to use a 17-passenger DeHavilland Twin Otter this winter, beginning in December.

Inter-state traffic does not require Idaho Public Utilities Commission approval, Wiseman said.

Halley supervisor Dave Harris said Key has been operating a "bank run" into Twin Falls for some time, carrying computer rolls to a local bank.

Since Key was going into Twin Falls anyway, officials thought a passenger route would be feasible, Harris said.

The new flight is a week day operation only. The flight 204 leaves the Halley airport at 11:30 a.m. and reaches Twin Falls at 11:50 a.m. It departs Twin Falls at 12:15 p.m. and is in Salt Lake City at 1:20 p.m.

Key Airlines has had an established route from Salt Lake City for some time, which goes into Pocatello, then through Twin Falls and up to Halley.

The new route for Key Airlines comes after Air Idaho discontinued service between Salt Lake City, Twin Falls and Halley last winter.

Air Idaho had intermittently served the Sun Valley area for a number of years but did not consistently operate the route at a profit.

Key Airlines now is the only commercial airline flying into the Sun Valley area.

Twin Falls now is served by two commercial airlines, Hughes Airwest and Key Airlines.

CLAUDE RIGGINS, 16, Halley, poses with the 4-week-old fawn he found orphaned near Trail Creek. The young deer has a fondness for baby formula, Riggins said. Fish and Game Department officials took the deer and gave it to a woman who raises animals for the department for care. It is illegal for an Idaho resident to capture or raise big game animals. The deer was in good health, officials said.

Orphaned fawn

Bond issue views sought

TWIN FALLS — Would you support a \$3.5 million bond issue to build a new junior high school in Twin Falls?

The Citizens' Committee formed to study the proposed bond issue is seeking public response to that question and others.

The committee will hold a meeting Wednesday, June 30 at 8 p.m. at Robert Stuart Junior High School to discuss the bond issue.

Committee co-chairman Bob King has asked all interested persons to attend and express their views on the bond issue. Those who can't attend are asked to write the committee.

King and co-chairman Dan Slavin, would also like to know the public response to a proposed auditorium, either to be built as part of a new junior high or added to one of the school district's existing buildings, most likely the high school.

The only existing auditorium in the school district is in the old O'Leary Junior High, and that has now been condemned and closed as a fire hazard.

With O'Leary closed at least temporarily, the school district faces the possibility of double shifting next year at the high school to accommodate O'Leary's 900-plus students.

The citizens' committee, faced with that pressure in planning for a bond election, wants to gauge public opinion properly before acting.

Persons who would support or dispute the necessity of a bond issue are invited to write the committee in care of Daniel Slavin, Twin Falls Bank and Trust Building, Twin Falls, Idaho 83401.

Regal road bill payment in limbo

BY GEORGE WILEY, Times-News writer

TWIN FALLS — The city isn't sure what it will do if Regal Homes, a modular house-building firm, doesn't pay about \$40,000 it owes for a road building project the city has underway on the northeast of North View Manor, adjacent to the College of Southern Idaho campus.

While the city could legally shut off water to North View residents, such a move has only been mentioned at City Council meetings in jest.

That road, as yet unnamed, runs from Washington Street to the Perrine Coulee and will provide access not only to the apartments but to the College of Southern Idaho's new Frontiers Field Exposition Center, which should be finished later this summer.

According to City Manager Jean Milar, Greater Idaho Corp., the parent company for Regal Homes, agreed in 1972 to grant right-of-way for the road, as well as pay its share of curbing, gutter and paving costs.

Greater Idaho has since encountered financial difficulty, and Regal Homes, shut down since February, is now trying to resume production. City officials are concerned the company may not be able to pay its road bill.

According to Milar, Regal recently sent a letter to the city requesting a deferral on its share of the roadwork until June 30, which the city agreed to. What will happen if the bill is not paid by that date is unclear.

Milar said the city has already completed drainage, irrigation and some grading for the road and that the college will pay its share of the costs soon.

Milar added that the city would be within the terms of its agreement with Greater Idaho if the city shuts off the North View Manor water should the road bill not be paid. Milar added that such a step is unlikely since it would only create a hardship for residents not responsible for the company's financial problems.

"We don't want to shut the water off on anybody that just lives out there," Milar said.

He said a temporary asphaltting will probably be laid whether Regal pays its bill or not. Such a step would allow dust-free traffic to the college Exposition Center.

But Milar said a temporary surfacing would not mean the city was giving up on collection of the Regal bill.

"Nobody is going to take Regal off the hook," he said.

MID attorney urges dam okay

BY SHANE O'NEILL, Times-News writer

PAUL — An attorney for the Mindoka Irrigation District urged water users Wednesday night to approve a repayment contract on the American Falls Dam replacement in a July 22 vote.

Larry Duffin explained the contract and legal alternatives at a public meeting directors called at West Minico Junior High School.

He outlined the proposals that will go before the district's water users on July 22.

Another hearing will be held at 8 p.m. tonight at East Minico Junior High School in Rupert.

The July vote will include the only scheduled election on repayment of a district's construction share.

MID water users rejected the proposed contract in January, when only 55 per cent supported the project. A two-thirds majority is needed for the bonding approval.

Mindoka and the Burley Irrigation District rejected the

repayment contract overwhelmingly, and have led opposition to the replacement of the American Falls Dam. Other water users have approved replacement of the dam.

Duffin admitted, "A majority of the board of directors still is satisfied with this contract," but the board took his advice in calling the new election.

The attorney said the contract has "many objectionable features," but the only recourse is legal action which he termed "an unnecessary risk to take."

"I don't feel we should jeopardize this irreplaceable water right in a court action," Duffin said.

He said the board is not trying to sell the proposal to water users, but wants to leave the decision with them and make sure they know all the facts.

Confirmation proceedings on elections approving the contract are now in district court at Twin Falls. Duffin entered objection in court noting an original 14 million capacity because of dam deterioration. Duffin said that cost should be cut about 25 per cent, because firm contracts on the project now appear likely to total only about \$35 million.

Thefts probed by TF police

TWIN FALLS — Several thefts were reported to Twin Falls police Wednesday afternoon and Thursday morning.

The theft of \$60 in cash from a cash box at the service station at 306 Blue Lakes Blvd. N., after burglars broke into the building Wednesday night.

Ken Roundy of the Deluxe Motel at 761 W. Main Ave., told police someone took a grinder machine from a ship at the motel and either the same burglars or others took the cash register out of the motel office. He said the grinder was valued at about \$140.

While police were investigating the theft of the grinder, Mrs. Roundy advised them she had just discovered the cash register missing from the motel office. The register's contents were valued at approximately \$300.

Mike Rambow, 653 Cindy Dr., told police someone took some tools from his pickup truck while it was parked at his home. He estimated loss at \$285.

Tools valued at \$492 were reported missing from a pickup owned by Kenneth Dingus. The theft was reported from the vehicle while it was parked at 201 Madison St. Included were two wrenches.

Floyd Gardner, 340 Elm St., told police he was working on a vehicle at the Echo Motel, and left a number of parts under a plastic cover. The parts, valued at \$297 were taken Wednesday night.

Jerry Louder of Gibson's Discount Center, reported the firm has discovered four guns missing. They disappeared between October, 1975 and January, 1976, Louder said. Value of the guns was listed at about \$300.

TF man in custody under \$50,000 bond

TWIN FALLS — Richard Paul Souza, 23, Twin Falls, was in custody today in the Twin Falls county jail under \$50,000 bond after allegedly threatening five persons with a gun.

Detective Capt. Tim Qualls of the Twin Falls police department said the man has been charged with two counts of assault with a deadly weapon. The first count, Qualls said, involved three Twin Falls citizens and the second count involved two Twin Falls police officers.

Qualls said the incident occurred in the 200 block of Shoshone St. W., Wednesday afternoon. Officers were called to the area after Souza allegedly threatened three persons with a handgun. When police arrived, he allegedly pointed the gun at the two officers who were armed with shotguns and ordered him to put down his gun.

Souza was arraigned before Magistrate Court Judge Paul Smith who set bond at \$50,000.

Airplane purchase authority queried

BOISE — The state Attorney General's Office is investigating whether Gov. Cecil D. Andrus had the authority to buy the airplane he purchased after the Teton Dam collapse three weeks ago.

Attorney General Wayne Kidwell said Wednesday his office will release a formal opinion on the matter sometime next week.

State Sen. Herb Hulse, District 22, chairman of the Senate Transportation Committee requested an opinion on the legality of the governor's \$169,000 aircraft purchase last week.

Budge said he questioned whether it was morally wrong, if not legally wrong, for the governor to spend the taxpayers' money for "his personal use."

"It is using the personal tragedy of people to buy his plane," Budge said last week.

Money from the governor's office, the Transportation Department, Idaho Public Utilities Commission and the Department of Health and Welfare was used to buy the six-passenger plane.

Kidwell said he was meeting with officials of the offices involved to determine the legality of the purchase.

Nurses voice concern for patient care

By GEORGE WILEY, Times-News writer

TWIN FALLS — Nurses are concerned patients may suffer if understaffing at Magic Valley Memorial Hospital is not corrected before summer vacations go into full swing.

While most nurses don't seem to think that patients have relapsed or worsened because of the nursing shortage, they all agree that patient care at the hospital is not what it should be.

According to Director of Nursing Nancy Churchman, there have been no instances yet where patients have been neglected to their own detriment because of the nursing shortage.

But Mrs. Churchman said this would have occurred if nurses had not been willing to work extra hours and double shifts to prevent the shortage from reaching crisis proportions.

"Good patient care is being given," Mrs.

Churchman said. "But nurses are being stretched to their capacity."

Patients who are critically in need of attention are given the attention, she added, but routine care suffers when nurses are pulled away from regular duties to handle a patient crisis.

Maxine Boehm, charge nurse on the hospital's new second floor short-term care wing, where the worst shortage is said to exist, agreed with Mrs. Churchman that no patients have yet suffered severely, but she added that routine care was not up to par.

"I don't think any of them have suffered," she said. "But I still don't feel they get the care they are really entitled to."

She said bathing and other routine procedures had suffered because of the shortage.

"We don't get them all done as fast as we'd like to or as thorough as we'd like to," she said.

Not all nurses, however, would agree that patients have not yet suffered because of the shortage.

According to Sue Magel, now a fifth floor supervisor but until recently head of the Intensive Care Unit, patients have been transferred into the ICU unit where they might not otherwise have been if the shortage hadn't existed.

The ICU unit is almost always full and patients are being put into the unit and put back on the floor as quickly as possible to relieve the pressure in the critical care unit, she said.

ICU charge nurse Elaine Gebauer agreed that the intensive care crisis is "very, very critical."

She said on July 15, only one nurse, an LPN, is scheduled for the unit.

"You just possibly cannot get in there to see them all," she said.

Ad hoc nursing unit discusses grievances with hospital officials

Industrial nations to limit expansion

NEW YORK (UPI) — When leaders of the major Western industrial powers met last year, they mandated economic expansion to create jobs and spending to battle the worst recession since World War II.

Since that first economic summit, held at Rambouillet, France, the free market nations have pretty much worked themselves out of the recession. Now the main concern is to limit expansion to prevent another boom-bust cycle.

This will be the No. 1 item on the agenda when leaders of the United States, Canada, West Germany, Great Britain, France, Italy and Japan meet Sunday and Monday at a resort in Puerto Rico for their second economic summit in less than a year.

A spokesman for Prime Minister Pierre Trudeau of Canada, who was not invited to the summit, said Canada will agree to maintain "a steady as you go" stance.

Of the nations represented at the summit, the strongest recoveries are under way in the United States, West Germany, Japan and Canada. The recovery is more moderate in France and Great Britain and Italy still are experiencing serious problems.

Few economists believe the summit meeting will produce much more than a general statement calling for continued moderation in economic policies. When the summit was announced, Treasury Secretary William Simon said he expected no major developments.

The fact the Puerto Rico meeting was called so soon after the Rambouillet conference has led to charges that it is politically motivated.

President Ford, who issued the invitation, is battling former California Gov. Ronald Reagan for the Republican nomination for president. Ford's major campaign issue has been the healthy state of the economy, and the Puerto Rico summit gives him an international forum just six weeks before the GOP nominating convention.

The other heads of state — British Prime Minister James Callaghan, German Chancellor Helmut Schmidt, Japanese Prime Minister Takeo Miki, French President Valéry Giscard d'Estaing, Italian Premier Aldo Moro and Trudeau — also have serious political problems at home.

Callaghan's labor government has launched a tough program to limit wage increases to reduce Britain's inflation rate, now running at nearly 16 percent.

Moro's caretaker government is faced with an inflation rate of 20 percent. His Christian Democratic party narrowly defeated the Communists in national elections this week.

Elections loom in the months ahead for Miki, whose government was rocked by the Lockheed payoff scandal, and for Schmidt's Social Democrats in Germany.

French observers said Giscard would like the summit to be a success, but he is being challenged from both left and right.

Politics aside, most economists believe the summit is worthwhile if only because it stresses the need for economic cooperation among advanced nations to stabilize the world economy.

Shoshone man to file petition

SHOSHONE — Victor J. Bozzuto, Shoshone business man, said he will file his nominating petition for the Democratic ticket for state representative.

He would represent District 22, which includes Shoshone. According to Mrs. Joy McClure, Lincoln County clerk, no petitions have been filed by Democrats for representative in District 22.

Manpower board meets

JEROME — The Area 5 Manpower Planning Board will meet at 7:30 p.m. today in the Twin Falls Department of Employment conference room.

Because lack of a quorum at the June 10 meeting in Burley no official business could be conducted.

Election of officers to the manpower board will be held at today's meeting. Also scheduled will be a proposal presented by Cher Barrett and discussion of a policy statement.

Jerome man pleads innocent to charge

JEROME — A Jerome man pleaded innocent to a charge of grand larceny in Fifth District Court here Tuesday.

Jack Kenneth Omulundko, 32, appeared before Judge James Cunningham and entered his plea of innocent to the felony charge. Omulundko has been charged with the alleged theft of 21 medalion coins from the home of Donald and Lola Smith, Jerome, valued at \$402. No date for a trial has been set.

22 Sawtooth campgrounds charge \$2-\$3 nightly fees

TWIN FALLS — Fees of \$2 to \$3 per night are now being charged in 22 campgrounds of the Sawtooth National Forest this summer. Robert Hoag, recreation staff officer for the forest has announced.

All charge campgrounds, with the exception of one, are located within the Sawtooth National Recreation Area north of Ketchum. The one exception, Baumgartner, is located northwest of Fairfield.

Campgrounds with a \$3 fee include Mountain View, Chinook Bay, Glacier View, Redfish Outlet, Mount Heyburn, and Redfish Point, Hoag said.

Those campgrounds with a \$2 fee include Riverside, Mormon Bend, Salmon River, Stanley Lake, Iron Creek, Sunny Gulch, Stanley Lake Inlet, Lakeview, Holman Creek, Wood River, North Fork, Easley, North Shore of Alturas Lake, Smokey Bear, Alturas Inlet and Baumgartner.

Fees for the overnight use are charged only at campgrounds with designated tent or trailer

spaces, drinking water, access roads, refuse containers, toilet and campfire facilities. More modern facilities are available at the \$3 campsites.

About 60 other recreational areas exist in the Sawtooth National Forest, where campsites can be used without charge, Hoag said.

Revenues from the camping fees go for maintenance of the facilities and for construction of new campgrounds and picnic areas. Maps are available at the Sawtooth National Forest Service offices near campgrounds that have fees.

Persons 62 years old or more and those accompanying such individuals may use campground facilities at one half the regular fee when they have a Golden Age Passport.

Such passports may be obtained free of charge at the forest service offices.

State of Alaska defies FDA order

WASHINGTON — In defiance of the Food and Drug Administration, the State of Alaska has enacted a law making it easier for physicians to prescribe and administer laetrile, a controversial substance used to treat cancer.

The bill became law this week without the signature of Alaska Gov. Jay S. Hammond, a Republican.

The law says no hospital may restrict use of laetrile prescribed or administered by a doctor and requested by a patient unless the substance is found harmful in a hearing of the state medical board.

It also says "no physician may be subject to disciplinary action by the state medical board for prescribing or administering" laetrile to a patient under his care who has requested it.

Dr. Alexander M. Schmidt, the federal commissioner of food and drugs, described the Alaska statute Tuesday as "a tragic error."

"It's tragic for those people with cancer who may very well put their hopes in a treatment that has no demonstrated promise at all," Schmidt said in a statement.

Schmidt said he and Dr. Frank J. Stauffer Jr., director of the National Cancer Institute, had sent separate telegrams to the governor of Alaska urging him to veto the legislation.

The brief, two-sentence measure passed the Alaska House on May 15, cleared the Senate May 26 and became law Monday because the governor neither vetoed nor signed it.

The governor, in a letter to the legislators, said his decision to veto the bill was "based on one strong personal conviction — the individual's right to decide on a course of conduct or a mode of treatment given the alternatives available."

Laetrile still could be banned in Alaska if the state medical board rules it is harmful.

Pair convicted of federal charge

SALT LAKE CITY (UPI) — An Idaho man has been sentenced to one year in a federal prison and his wife to one year probation on their conviction for failure to file federal income tax returns.

James B. Smith, a former beautiful, Utah, resident now living in Malad, Idaho was convicted of failure to file federal tax returns for 1971,

1972 and 1973 on an estimated \$31,055 in income for the three years.

Judge William Juergens sentenced Smith to one year in a federal prison and ordered him to pay \$3,563.53 in federal income taxes owed the IRS, plus \$1,784.74 in interest and penalties.

Smith's wife, Jean, also convicted in the same case,

Tuesday was sentenced to one year probation and ordered to pay a \$500 fine.

card and four if East field it. I also noted that if I played West for the spade queen I would wind up making one trick less than the spade declarers and have a poor score.

Surprisingly, I won the heart in dummy, led dummy's jack of spades and let it ride. This enabled me to pick up East's queen of spades, collect 10 tricks and a top score, since the rest of the field made either four spades or just three trump.

Ask the Jacobys

A Vermont reader wants to know our rebid with:

♠ K x x x ♣ K J x A J 9 x

We have opened one club and partner has responded one spade.

We have no problem. We raise two spades. We don't like the idea of bidding one notrump with the worthless doubleton in hearts. If partner has only four spades and a weak hand it will be no tragedy to play two spades with four opposite three. If he has a good hand he is not going to bid four spades unless he has a good spade suit.

Black bear mauls keeper

MICHIGAN CITY, Ind. (UPI) — A Japanese black bear mauling a teenage attendant at the Washington Park Zoo Tuesday, severing tendons in his left leg and injuring his left arm.

Brian Bendix, 16, Michigan City, who had been hired as a summer employee at the zoo, was reported in fair condition after undergoing emergency surgery at a hospital. Doctors declined to speculate on whether the attack would cause permanent injuries.

Zoo Director Louis Rhoades said Bendix was washing down the bear cages and had started to turn off the water hose.

OLD FASHION WHITE MOUNTAIN CHERRY PITTER

Authentic Old-Fashioned Cherry Pitter. Here's another example why the old-fashioned way works best. The White Mountain Cherry Pitter is handier than you believe possible for removing pits from cherries without crushing fruit. Thin plunger extracts the pits with the least possible disruption of the fruit. No springs. Positive action. Nothing to get out of order. Easy to operate. Recommended for all purposes, particularly when cherries are desired in almost their natural state. Has plunger finger guard. Cast iron, lined inside and out. The White Mountain Cherry Pitter is guaranteed to please.

Federal crews attacking crickets in Elmore area

By LORAYNE O. SMITH
Times-News writer
MOUNTAIN HOME

Federal insect control crews are fighting crickets in scattered areas of Elmore County, but there is no "avalanche" of the dreaded insects.

"Historically, crickets move in scattered patterns over various spots but there is no wave-of-them-something-like-the-old-seagull-days-in-Mormon-history," according to Gary Forsyth, with the U.S. Department of Agriculture.

Animat-Plant-and-Health-Inspection Service, located in Twin Falls.

He said currently there are two areas in the state where armies of the crickets have been reported — Washington county, near Weaver, and Elmore county northeast and northwest of Mountain Home. Crews have been working in the two counties since last week.

The small scattered bands build from one year to the next and it takes a period of years, he expects to avoid a potential crucial infestation. Forsyth said.

The "USDA" insect control crews began last year trying to keep them suppressed, he said, using a combination of poison bait in the mountainous and heavily vegetated areas and malathion spray on the open, grassy areas.

Forsyth said the insects go in cycles and it has been 15 to 20 years since they created any real problem in Idaho. Since their breeding grounds are in the remote mountainous areas where pest control is difficult, the crickets cannot be eradicated, but the crews hopefully can keep them controlled, he said.

Forsyth compared the agency's control program to "guerrilla warfare."

the Pacific Northwest, dry cool air continued to flow out of Canada into the Magic Valley. This will help to keep temperatures 10 to 15 degrees below normal.

Winds were also on the strong side Wednesday afternoon in the Magic Valley where 20 to 40 miles per hour were reported.

Gusty afternoon winds will blow across much of Idaho again today and Friday, but will not be quite as strong as on Wednesday.

Haying conditions will be improving though the weekend as temperatures continue their slow climb to normal.

No major precipitation is expected through the weekend and pan evaporation is expected to continue to be 35 to 35.

Extended outlook for Sunday through Tuesday continued slow warming along with gusty afternoon winds. High temperatures in the upper 70s to lower 80s and overnight lows in the 40s.

Hive rustlers sting Florida bee keepers

BARTON, Fla. (UPI) — Beekeepers brand their hives and patrol the backyards in nighttime passes, but the crime does not seem to stop the depredations of a new kind of criminal — the bee rustler.

Charlie Griffin, vice president of the Florida Beekeepers Association, figures the rustlers have cost him

\$20,000 in the past five years and that losses to keepers throughout Florida may total \$500,000.

"I make me so mad, if I ever run into any of them, I'm afraid I'm going to leave them laying there on the ground," Griffin said.

"I even had some hives stolen from right next to the

sheriff's pistol range," he added. "They're just as slick as any cattle rustler."

Rising demand for honey by health food faddists and heavy bee kills from pesticides apparently have inspired the rustlers.

A hive, queen and three pounds of worker bees are valued at \$118. But a "super" — a hive filled with honey and 100,000 bees, about 12 pounds — is worth far more.

One beekeeper in Broward County has lost 30 supers this

year.

"We've urged all our members to brand their hives, but the rustlers alter them or chisel them off," Griffin said.

"We've even patrolled the roads in groups night after night but none of us has ever caught any of them," he said.

"We offer a \$500 reward for the conviction of any rustler, but that hasn't worked either."

Bee rustlers do their work at night, when the potentially dangerous bees are asleep.

Griffin said.

"If you wait until dark you can run all night with them as long as you don't stop under streetlights."

The rustlers also have caused concern among citrus growers.

"Most people think bees are just good for making honey. But their biggest value is pollinating crops like citrus, melons, vegetables and soybeans," said Sandy Roberts, a state bee inspector.

Gem crops helped

BOISE (UPI) — Many of the crops threatened in eastern Idaho because of the extensive damage to the irrigation canals were helped by cool weather and rains. By the end of last week most of the damaged canals were repaired and irrigation was resumed on many farms.

Crops in the rest of the state were slowed due to the cooler temperatures, but the weather provided excellent growing conditions for peas in northern Idaho, the U.S. Dept. of

Agriculture's statistical reporting service announced today.

Approximately 82 per cent of the potato of the potato acreage had emerged as compared to 66 per cent a year ago at this time.

About 90 per cent of the bean crop had shown by June 18 ahead of the 78 per cent figure a year ago.

Sugar beet "blocking" and thinning is about 88 per cent complete compared to 61 per cent the previous year.

Wool revision signed

WASHINGTON (UPI) — President Ford Tuesday signed a bill authorizing the revision of regulations governing computation of price support payments for American wool producers.

Under provisions of the National Wool Act, price support payments are made to producers to lift their national

average price to the support price level.

The new bill permits the secretary of agriculture to adjust wool price support payments for the 1969-72 marketing years, to reconsider applications filed for payments covering those years, and make "fair and equitable" changes.

SHARP DRESSER

Sidedress® DI-SYSTON for early-season protection against corn pests.

A sidedress application of DI-SYSTON systemic insecticide provides effective early-season control of aphids, leafhoppers, mites and thrips in corn.

In addition to a quick contact cleanout of these harmful pests, DI-SYSTON is absorbed into the sap stream for extra systemic protection. This added protection enables beneficial insects to re-establish dominance that gives longer natural pest control.

So this year, be a sharp dresser. Apply DI-SYSTON as a sidedress treatment for control of harmful corn pests. It's available from your chemical supplier now in granular or liquid concentrate formulations.

Chemagro Agricultural Division of Mobay Chemical Corporation, Box 4913, Kansas City, Missouri 64120.

Connors gains round of 16 to spark U.S. nine-man delegation at Wimbledon

WIMBLEDON (UPI) — Jimmy Connors, claiming they're trying to get rid of me early but I won't go. Wednesday powered his way into the last 16 at the \$280,000 Wimbledon Tennis Championships on a day when first aid workers were busier than the players because of the 95 degree temperature.

Connors, appearing in singles for the third successive day, is now one round ahead of the field, but the manner in which he disposed of Egypt's Ismail El Shafiq, 64, 6-0, 6-3, suggests nothing will stop him enjoying the championship July 8, when he is seeded to meet Arthur Ashe in the final of the 12-day tournament.

Chris Evert, however, was even quicker than Connors when it came to cutting down an opponent. Annette Coe of Britain was the unlucky 6-0, 6-0 victim. It was all over in 23 minutes.

Ashe, the defending champion who has looked anything but a top seed in his first two matches, had the day off. Nine out of an original field of 33 Americans still are in contention in the men's singles, which carries a first prize of \$22,125.

The heat wave conditions brought more than 36,000 spectators swarming into the all England club grounds in southwest London and more than 500 received treatment from harassed first aid workers after fainting or becoming sick.

Connors, in a jovial mood, said, "I'm in the fourth round. Everybody else is behind me. They tried to get rid of me early but I wouldn't go."

"Turning serious," the former champion continued, "I think to win a tournament like this on grass — and it's the biggest there is — against all the great players who are here, you've got to have luck."

"Luck plays a big role. Two years ago I hit every line on the court. Last year I couldn't find them."

With the tournament into its third day, all the seeds still are surprisingly in contention, although 10th seeded John Newcombe, three times the champion between 1967-71, had to survive a record 42 aces served by Briton John Feaver before he disposed of him, 6-3, 3-6, 8-9, 6-4, 6-4.

Seventh-seeded Roscoe Tanner, his first service booming in three hours, disposed of opponent Ken Hill, 6-3, 6-4, 6-9, 7-1; his choice Brian Gottfried labored to a 8-6, 9-7, 6-2, 4-6, 2-6 win over fellow American John Andrews, and ex-champion Stan Smith, the last of the seeds at No. 16, beat Briton Gerald Patricia, 6-0, 6-8, 6-2, 6-3.

Guillermo Vilas, second of the non-American seeds with a 7, 6-3, 6-4 win over Haroon Rahim; Tom Okker, the smallest seed here, defeated Victor Amaya of Holland, Africa, a 6-foot-6-

220-pounder, 9-7, 6-2, 6-3; Jaime Fillet beat Ross Case, 8-9, 6-4, 6-8, 9-8, 6-2; and Haul Ramirez scored a 6-4, 8-9, 6-4, 6-3 win over Briton Mike Wayman.

Vilas Gerulaitis shrugged off the heat to beat Mark Cox, 6-3, 6-4, 6-4; Bob Lutz won an all-American match against Tom Gorman, 6-1, 8-9, 6-3, 2-6, 6-4; and Steve Kruticzyk, in another all-American matchup, disposed of Billy Stratton, 6-2, 6-3, 4-6, 9-8.

In the women's bracket, Evonne Goolagong, Virginia Wade and Martina Navratilova, seeded directly behind Chris Evert, also reached the third round, were 10 of the 32 Americans who started out still are in contention.

Goolagong had another roller-coaster match in beating Sharon Walsh of San Rafael, Calif., 6-0, 7-5, after trailing 1-4 in the second set. Wade overpowered British countrywoman Sue Mappin, 6-1, 6-1; and Navratilova dumped Belgium's Michèle Geerts, 6-2, 6-1.

Rosie Casals, the other U.S. seed at No. 6, ousted Pat Bostrom of Seattle, Wash., 6-2, 6-4.

Other U.S. girls to reach the third round were Peggy Ayer of Pacific Palisades, Calif., 6-2, 6-2 against another South African, Brigitte Cuypers; Lea Antonopoul of Glendora, Calif., who defeated Iris Riedel of Germany, 6-3, 6-2; Mona Guerrant of Tempe, Ariz., 6-1, 6-1 against New Zealander Christine Newton, and Julie Anthony of Santa Monica, who beat Japan's Naoko Sato, 6-2, 6-4.

Jimmy Connors

Sixteen on 18 proves fatal

PEBBLE BEACH, Calif. (UPI) — The dream of qualifying for one of the final 32 spots in his first California amateur golf tournament turned into a nightmare for Jim Hopper, 26, Santa Barbara, on Pebble Beach's famous ocean-side finishing hole.

He knocked three tee shots into the ocean and then overcorrected and hit two out of bounds to the right. He finally drove down the middle with an iron for his 11th shot and wound up with a 18-on-the-hole.

His 227 qualifying score left him two strokes over the 225 needed to qualify. If he could have negotiated the last hole in 14, he would have made it.

Newcombe doubts women can justify equal pay demand

WIMBLEDON (UPI) — A weary John Newcombe came out court after surviving a match in which his opponent, Briton John Feaver, fired a record 42 aces at him and in his role as president of the Association of Tennis Professionals said: "I think we may find the women players are overpaid."

Newcombe, Arthur Ashe's successor as ATP president, was reacting to a demand by the women that they receive equal prize money as the men or they'll pitch their tennis elsewhere when Wimbledon celebrates its 100th anniversary next year.

The girls, led by Chris Evert, are to present their demands to the Championship Committee on Thursday or Friday.

Newcombe and the ATP membership bridled when Evert suggested there are "only four name players" entered at Wimbledon in the men's bracket this year.

"That's the most unbelievable statement I ever heard," Newcombe said.

Newcombe said he would issue a statement after studying a comparison between men and women involving how long each sex is on court, which sex the crowds come to see, and how many hours the women occupy the feature courts, center, one, two and three.

"I think," he said, "you'll find the women are overpaid."

The men's champion will receive \$22,125 this year and his female counterpart, \$17,700.

For the last two years the U.S. Open at Forest Hills has paid both winners \$20,000 each.

The three-time champion from Australia, who has been plagued by injuries during the last 18 months, including a painful serving arm in the last couple of weeks, said, "I'm playing okay, but I can play better. I hit a couple of shots in the last set that felt good."

Newcombe said his right arm has been so painful that he could not shake hands with it, "but deep massage has helped."

Newcombe and Tony Roche played a long losing five-setter against top seeded Raul Ramirez and Brian Gottfried on Tuesday, training was extended to five by Feaver on Wednesday.

"From past history I know I improve by playing long matches, but when you play injured it's something else."

Turning to Feaver, Newcombe said, "I couldn't believe how many times he hit the center line. When a man hits two aces in a tie-break and returns everything you think: what next?"

"He hit only two shots in the whole match that he shouldn't have and one of them cost him his service in the last set."

Newcombe won, 6-3, 3-6, 8-9, 6-4.

U.S. Olympic team seeks answer to speed problem

EUGENE, Ore. (UPI) — Despite some impressive performances and the prospects for more before the U.S. Track and Field Trials run their course, Men's Head Coach

Leroy Walker and his staff are worried.

The object of their concern for one is the physical condition of sprinter Houston McTeer, who already has won a place on the team they will be taking to Montreal next month. Second how they line up the available talent into two relay teams. What could help, although no one will say it for the record, is if only one or two men qualify in the hammer throw, traditionally a weak American event and one no one is counting on for a medal, not even a bronze.

To date only one man, William Diehl of the U.S. Army, has managed to clear the Olympic qualifying standard of 225 feet. Of course, he is the favorite to win the event on Thursday and if no one makes the standard, then only Diehl will go to Montreal.

That could leave two spots open on the team and Walker and his staff are expected to fill them with sprinters. They already have kissed off the hammer, and are concentrating most of their attention on the 400 meter and 1,600 meter relays.

Harvey Glance, McTeer and Steve Riddick won places on the team at 100 meters and Millard Hampton, 17-year-old Dwayne Evans and Mark Lutz are the 200 men. McTeer has a strain in his left hamstring and is in Los Angeles under the care of orthopedic surgeon Dr. Robert Watanabe. He is also under orders not to do any running for at least 10 days, which would take him to July 2. The following day the team must file its Olympic entry list in Montreal.

As of Wednesday, which was an off day in the Trials, the men's staff was not counting on McTeer for the sprint relay. Glance and Lutz run curves very well but Walker needs at least two men to run curves and a couple of straightaway men for the good teams. The coach would comment about his sprinters, saying only "we'll get them together at the training camp on June 9 and start sorting out what we have."

Johnny Jones, like McTeer a high schooler, finished fourth in the 100 and Reggie Jones wound up fifth in the 100 and failed to qualify for the final in the 200. Both are relay candidates.

The 110 meter high hurdles have not been decided as yet — the first three in the 5,000. Walker could find a rabbit or two in that field he could use on the relay teams. Also, he could pick someone or two from the 400 meter men and the 400 meter hurdlers. He has options but if he has room to pick — that is more than the mandatory two — there will be no problem.

Frank Shorter qualified in both the marathon and the 10,000 and he could also win a spot in the 5,000, which will be an American's first in the 5,000. Walker would pick up two more spots. An unfortunate hamstring pull grounded Steve Williams, America's No. 1 sprinter. It's conceded by everyone here that had Williams been the healthy Walker would have been sitting pretty. But that's not the case and that's why there are some long faces on the men's coaching staff.

There have been some surprises in the first half of the Trials and all have been among the men. Pete Snider grabbed third in the shot put when world record holder Terry Altjohn threw only 57 feet. Terry Porter got a chance to win a place among the pole vaulters when Dan Ripley, an 18-man, failed to qualify for the final, and Hampton, Evans and Lutz formed a dorky trio in the 200.

Dave Roberts has the only world record here thus far — a gaudy 18-1/4 or 18-1/2 in the pole vault — while Melville Manning Jackson set an American record of 1:59.81 in the women's 800 meter run.

Officials became tangled in their own meters and inches while measuring Roberts' pole vault. They announced it as 5.70 meters but insisted it was 18-1/4 in feet and inches. That can't be since 5.70 meters is 18-8-1/2.

House sports unit eyes Finley dealings

WASHINGTON (UPI) — A special House committee decided Wednesday to make the cancelled \$3.5 million sale of three Oakland players the first of its investigations into professional sports controversies.

Chairman B.F. Skaggs, D-Calif., acted at an organizational meeting of the Select Committee on Professional Sports to consider calling the principals in the case for a hearing as early as next week.

They would include Baseball Commissioner Bowie Kuhn and owners Charles O. Finley of the Oakland A's, George Steinbrenner of the New York Yankees and Tom Yawkey of the Boston Red Sox.

Last week, Finley sold pitcher Vida Blue to the Yankees for \$1.5 million and pitcher Rolfe Fingers and outfielder Joe Rudi to the Red Sox for \$1 million each. Kuhn overruled the sale on grounds it would hurt baseball.

Skaggs instructed his five-member staff, on loan from congressional staffs, the Library of Congress and the General Accounting Office, to check the possibility of hearings beginning next week.

He said he doubted there would be time to prepare for a hearing next week and the earliest chance for a hearing after that, he said, would be on July 19, after the Democratic National Convention.

Skaggs said the baseball sale controversy was only one of several sports crises that apply epitomize the turmoil that has convulsed the world of sports in the past few years.

The committee was ostensibly organized to study what legislation, if any, Congress should consider regarding professional sports exemptions from antitrust laws.

But opening statements at the initial meeting indicated several members have other interests.

Included were complaints about the failure of major league baseball to locate a team in the nation's capital, which hasn't had one since the Senators moved to Texas. Sisk has been in the forefront of moves to get baseball back to Washington.

Sisk outlined problems confronting basketball and hockey franchises. Tothall and minor league basketball managers a possible disruption of the AIAA Game next month because of a pension fund dispute and "near frantic series of baseball player trades and sales, subsequent nullification of the sales and the ensuing threats of legal action to contest the nullifications."

He said, "To put it mildly, the sports world seems turned on its head."

Sisk said, "If some action is not taken soon to restore a semblance of balance and stability in the world of professional sports, we stand the possibility of losing much of the meaning and value intrinsic in athletic competition."

Haas nervous on eve of pro debut

OAK BROOK, Ill. (UPI) — Jay Haas, who makes his pro golf debut at the age of 22 in the Western Open Thursday, confessed Wednesday that he's "getting a little nervous."

Haas, from Belleville, Ill., and Wake Forest College, where he was on the golf teams for four years, hopes he can equal par on the par-71, 7,000-yard Bunker National Golf Club.

"Par would be a good score here," he said. "It'd probably win."

In the two previous Western Opens at Butler, Tom Watson won with a three-over par 287 and last year Hule Irwin was one under par to win with 283, while Bobby Cole took second money at even par.

"I've played the course a couple of times," Haas said. "And I was a little over par. I just hope I can get some par rounds."

Haas, the 1974 national collegiate champion and one of the U.S. Walker Cup team players as well, got into the Western on a sponsor's exemption. Although he has announced that he will play as a pro, he cannot enter any PGA-sponsored tournament until he receives a player's card by passing the PGA school, which will be held in December this year.

Meanwhile, Haas hoped to stay active in golf by competing in as many state opens as he can enter. He hoped he could go into the U.S. Open scheduled in September.

Otherwise, he expected to practice as much as possible by playing courses in the Belleville area as well as spending "a lot of hours on the practice tee."

Haas is living with his uncle, Bob Goaltby, one of the regulars on the PGA Tour, during the Western.

Brymer released on \$250,000 bail

VIRGINIA CITY, Nev. (UPI) — Willard Brymer, charged with killing Argentine boxer Oscar Bonavena, was released from jail Wednesday when brotlier operator Joe Conforte put up his restaurant as surety for \$250,000 bail.

District Judge Frank Gregory accepted an independent appraisal setting the value of the Cabin in the Sky restaurant near here at \$250,000.

"Brymer, 31, a bodyguard for Conforte's wife Bonavena was shot outside the Mustang Ranch brothel May 22, had been unable to post the bail until Conforte offered the restaurant as surety at a bail hearing."

"Gregory set some restrictions on Brymer's movements pending his arraignment on the murder charge July 16. He said Brymer must stay in the United States and, if he leaves Nevada, he must notify District Attorney Virgil Buchanarian and attorneys in the case."

"In a recent interview, Conforte said Brymer 'saved my life' by keeping Bonavena from entering the brothel where Conforte was sleeping."

Bonavena, brought by Conforte to the Reno area to launch a ring comeback, was killed by a rifle bullet through the heart. Conforte claimed it was a case of justifiable homicide.

LA sends Marshall to Braves in trade

ATLANTA (UPI) — The Atlanta Braves Wednesday night acquired 1973 Cy Young Award winner Mike Marshall from the Los Angeles Dodgers in exchange for infielder Lee Lacy and relief pitcher Ellis Sosa.

Marshall, a nine-year major league veteran, appeared in 106 games for the Dodgers when they won the National League pennant two years ago. So far this year he has appeared in 20 games and has a 4-3 won-loss record and eight saves.

However, his won-loss was not the major factor in the deal. Earlier, this month, Marshall was openly critical of his teammates' fielding and a group of Dodgers players subsequently went to general manager Al Campanis to ask him to get rid of the temperamental relief ace for the good of the team. It was the second time in his career that Marshall's criticism of teammates persuaded a club to trade him.

While he was with the Montreal Expos in 1973 his criticism of that team's infielders led to his being traded to the Dodgers in exchange for outfielder Willie Davis.

Marshall had a 2.42 earned run average (two years ago and less) and a 1.57 earned run average in 57 games, he had an era 3.04. However, he had not been as effective with the Dodgers this year as

his era soared to 4.02.

In his last 11 2/3 innings, he has given up 27 earned runs.

In Lacy, the Dodgers reacquired their second-leading hitter of a year ago. The versatile infielder, who hit .318 last year, went to Atlanta along with outfielder Jimmy Wynn and Tom Paclerek and infielder Jerry Rossier in return for Dusty Baker and Ed Gooden.

Lacy had been playing second base for Atlanta and was batting .275. That streak was broken Wednesday night when he was lifted during the middle of the second game of a doubleheader, apparently in order to inform him of the trade.

Sosa had a 4-4 record with three saves for the Braves this season.

The Atlanta Braves gave up their best 1975 reliever, Tom House, in a trade with the Boston Red Sox for starter Roger Moret, 2-2 this season. One of the biggest problems tainting the Braves' fifth in the National League West this year, has been a spotty bullpen: The Braves have had a total of only 14 complete games out of 67 but they have a record of only 10 saves.

The deal was made after the trading deadline so presumably the players involved had cleared waivers in the National League.

Addition of minor leaguers would have tied Kuhn's hands

By MILTON RICHMAN
UPI Sports Editor

NEW YORK (UPI) — Charlie Finley could've saved himself a lot of grief and court costs had he only used his head a little more, according to the Yankees and Red Sox. Neither of them emerge as mental giants in this one either. Had only a couple of minor leaguers been included in the two multi-million dollar sales of Joe Rudi, Rottie Fingers and Vida Blue, had these minor leaguers gone the other way, from the Red Sox and Yankees over the years, there wouldn't have been any fuss and Bowle Kuhn probably never would've felt compelled to step in.

Perfect example was the Yankees' purchase of Johnny Sain a quarter century ago from the Braves for \$50,000. The Yankees bought Sain in August to hold off the onrushing Indians, and in 1951 when the sale was made and \$50,000 meant much more than it does today, the Braves insisted the Yankees throw in one of their minor league pitchers. That at least would make the deal look better from the Braves' point of view.

The Yankees provided the Braves with a list of some of their pitchers in the minors. Included on the list was a skinny 24-year-old right-hander who had been with them that spring but had developed a violent reaction to a penicillin shot, was rushed to a hospital where he was placed on the critical list and now was pitching for the Yanks' Pacific Coast League club in San Francisco.

The kid's name was Elva Burdette and although his 14-12 won-loss record and his 3.21 earned run average weren't knocking anybody's eyes out, somebody with the Braves liked him, and they took him in the sale for Sain. Yup, your memory's sharp: That's the same Lew Burdette who won 203 games before he was all through... Speaking of court costs, where's the money

coming from for the legal defense Bowle Kuhn and Baseball are going to have to make against Charlie Finley? Suppose Finley wins a judgement, for three, four, or five, million? Where's Bowle Kuhn going to get that money? Some American League owners are beginning to perspire a little, already worrying it may have to come out of Baseball's Central Fund, which is merely another way of saying it would come out of their own pockets.

The Central Fund includes all television and radio money, which ordinarily is divided up among all 24 clubs at the end of the year. If Finley does win a judgement against Kuhn and Baseball, and the money ultimately must come out of the Central Fund, then Finley will be cast in the perfectly absurd position of having to contribute toward Kuhn's defense. And if he wins his suit, Finley may wind up paying himself. Partially, anyway...

If Charlie Finley wants to know anything about selling ballplayers, though, he should check Bill DeWitt, former owner of the St. Louis Browns and Cincinnati Reds. DeWitt was schooled by the old master himself, Branch Rickey, so when he needed ready cash to keep the Browns going in the late '40's, he sold Vern Stephens and Jack Kramer to the Red Sox for \$310,000 plus seven minor leaguers: Ellis Kinder and Billy Hitchcock to the Red Sox for \$75,000 plus two leaguers; Al Zarilla to the Red Sox also for \$100,000 and Stan Spence, and Sam Zolotak to the Indians and Gerry Priddy to the Tigers for \$100,000 apiece.

DeWitt also sold Wally Judnich, Johnny Berardino and Bob Muschietto to the Indians in other deals, but his greatest sale of all was selling catcher Lou Moss to the Red Sox for \$125,000 plus Matt Batts and then getting Moss' back for NOTHING two years later.

NBA studies division split

NEW YORK (UPI) — The competition committee of the National Basketball Association will meet in Chicago on Friday to try to determine the new divisional alignment of the 22-team league.

However, no final determination is expected before next week.

The committee will make a recommendation as to where to place the four surviving teams from the American Basketball Association that are joining the NBA. The New York Nets, Denver Nuggets, Indiana Pacers and San

Antonio Spurs were admitted to the NBA earlier this month.

Once a recommendation is made, the NBA Board of Governors will have to give their approval. According to Simon Gourdine, the league's deputy commissioner, the Governors, either will send in their votes by telex, or else a special meeting will have to be called.

Gourdine also said that the dispersal draft of players from the now defunct Kentucky Colonels and St. Louis-Ugah team will be held in three to four weeks.

Retriever trials slated at Mormon

FAIRFIELD — The Wood River Retriever club will hold its second AKC sanctioned trials July 10 and 11 at the Mormon Reservoir.

Events will begin at 10 a.m. July 10 with puppy and gundog stakes. The derby is slated later that afternoon and may continue over to the Sunday starting time of 9 a.m.

Judges for the trial will be puppy, Betty Shanaman and Pat Lindsay; gundog, Tom Leonard and Gordon Fogarty; derby, Dean Ellis and Otis Halligan, and qualifying and open, John Boyer and Walt Candy.

Further information may be obtained from Bob Ward at 788-4556 or Alex Henderson 726-3010.

Buhl sets Legion tourney

Buhl — The fifth annual American Legion baseball tournament will be held July 4 and 5 at Park Field.

The single elimination tournament opens at 5 p.m. July 4 with Buhl hosting Valley. In the nightcap, Burley takes on Jerome. Consolation final is set for 5 p.m. July 5 with the championship to follow.

Minico rips TF Legion

RUPERT — The Minico Sage exploded for all its runs in the first three innings and walloped the Twin Falls Legion 2-6 Wednesday night.

The single elimination tournament opens at 5 p.m. July 4 with Buhl hosting Valley. In the nightcap, Burley takes on Jerome. Consolation final is set for 5 p.m. July 5 with the championship to follow.

Coach John Astorquia's crew struck for eight runs in the first inning, tipped to six in the second but then made up for that with a 12-run third. Bob Harding's three-run homer highlighted the 12-run outburst.

Kevin Donner took the victory for Minico, giving up the three runs in the top of the fourth inning. Rocky Brown was the loser.

Three stay unbeaten

HAMILTON, Ont. (UPI) — Brazil, Czechoslovakia and Mexico maintained their undefeated records Wednesday in the pre-Olympic basketball trials here with wins in the second day of competition.

Brazil defeated Iceland, 100-62; Czechoslovakia downed Israel, 92-69, and Mexico edged Spain, 73-72.

Center rejects Seattle offer

SEATTLE (UPI) — Bayard Forrest, a 6-foot-10 rookie center who had been expected to back up Seattle's Tom Burleson in the NBA next season, has decided to play for Athletes in Action.

Forrest, from Grand Canyon College in Phoenix, Ariz., attended an AIA "tryout" last weekend at the University of California-Irvine and Tuesday signed to play with the team, part of the Campus Crusade for Christ.

Forrest said Wednesday that he decided to join Athletes in Action instead of the SuperSonics "because I feel this is where the Lord is leading me."

He was Seattle's second pick in the college draft and the 19th player selected overall.

The AIA squad will play a strange schedule next season, mostly against college teams. Another NBA draftee, 7-foot Ralph Drollinger of UCLA, who was selected by New York in the seventh round, also has joined the AIA team.

decries 'setup' WASHINGTON (UPI) — Sen. James Abourezk Wednesday suggested that investigating a file report which is storing guns in South Dakota for July 4th violence by Indians because of his own criticism of the Bureau of Indian Affairs.

"It smacks of a total setup," the South Dakota Democrat told reporters. "I think it's a damned outrageous practice that these unfounded, unverified reports are being widely distributed."

Tuesday, the FBI acknowledged to the senator it was investigating a report by an informant that Charles Abourezk, 22, was storing guns in his home on the Pine Ridge Indian reservation. Charles lives on the reservation and attends a community college at Wambles.

A copy of the report, given to UPI by the senator, said Abourezk was receiving weapons from Omaha. The report described the FBI informant as a source with whom insufficient contact has been made to determine reliability, but who is in a position to furnish reliable information.

An aide to Abourezk said the FBI informant reported that a militant Indian group, "Dog Soldiers," was planning violence July 15 in South Dakota, including assassination of Gov. Richard J. Kemp, a bomb in the state Capitol, assaults on tourists, sniping at farmers and priests, and bombings of Bureau of Indian Affairs buildings.

He said the FBI also was circulating a report that Chicago group was planning to assassinate a policeman in every state July 4.

Sen. Abourezk described himself as a "very strict critic of the Bureau of Indian Affairs," which oversees federal Indian programs, and this has won him no friends in that agency. "There is an interest in the BIA to put me on the spot," he said.

The FBI got its gun-pertinent report May 21, Abourezk said, and the report "on its face, is erroneous."

AUCTIONEERS: LYLE MASTERS, GARY OSBORNE.

horoscope

General Tendencies: Avoid any tendency toward nervousness or restlessness now and you will be able to accomplish a great deal. Channel creative force into truly constructive outlets of expression. Otherwise you waste energy and accomplish little.

ARIES (Mar. 21 to Apr. 19) Be careful in motion and in speech today and you will avoid a lot of trouble that might be coming your way. Study reports for possible errors. Forget that social function that wastes time.

TAURUS (Apr. 20 to May 20) Be careful you do not invest heavily today and regret it tomorrow. Hold on to present holdings. Be careful of tricks.

GEMINI (May 21 to June 21) A personal anxiety needs your full and immediate attention, so be sure to give it early. Avoid a social function where trouble may ensue.

LEO (July 22 to Aug. 21) Steer clear of a goal who upsets you. Put your spare time to good use. Get home in better condition, repair.

SCORPIO (Oct. 23 to Nov. 21) You have an annoying task to perform, but if you get at it, you may even get pleasure from it. Be lenient with mate.

SAGITTARIUS (Nov. 22 to Dec. 21) Use tact in dealing with a partner and avoid serious trouble. One who opposes you could be acting a trap, so be alert.

LIBRA (Sept. 23 to Oct. 22) Not a good day to travel unless you use the utmost care. Do not argue with those who do not agree with your views. Be agreeable.

PISCES (Feb. 20 to Mar. 20) A family tie could disappoint you by some thoughtless act; take it in your stride and show more understanding. Home appliances need repair. Take care of this early in the day.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those brilliant young persons whose head is full of ideas, but will require a good education to see these goals accomplished. Teach early to finish whatever has been started. The mind here is logical and practical. Religious training early is a must.

PEANUTS

Dear Roundheaded Kid, I still haven't found Belle.

I am writing this letter in a store that sells typewriters.

Right now, a clerk is eyeing me rather suspiciously.

WHAT'S THE MATTER? DON'T I LOOK LIKE A CUSTOMER?

SHORT RIBS

WHERE'S THE SHERIFF?

OVER AT THE SALOON BUILDING UP HIS COURAGE.

THE MOONDANCE KID IS COMING TO TOWN.

I'VE NEVER SEEN HIM SO FULL OF COURAGE.

FAMILY-CIRCUS

Who got out all these toys?

"Ida Know."

ASOLINE ALLEY

Uriah is moving out? Yes, ma'am! He wants to be close to his money! I'm not surprised! The same thing happened forty years ago! That time I ran away with the drummer!

BLONDIE

OH, DEAR!

DAGWOOD WAKE UP! YOU WERE SLEEP-WALKING!

WHA? YOU WAKE ME? YOU KNOW HOW HARD IT IS FOR ME TO GET BACK TO SLEEP!

ANDY CAPP

AM I THE BIGGEST THING IN YER LIFE? SURE YOU DARLIN!

SO SPEAK TO ME

FLICK YOUR ASH ON MY PIGEONS JUST ONE MORE TIME AND WE'RE THROUGH!

ALLEY OOP

WELL, WELL! IF THOSE AREN'T SAILING SHIPS DOWN THERE I'LL EAT 'EM! LOOKS LIKE I AIN'T ALONE IN THIS PLACE!

BEEBLE BAILEY

CAN I HAVE A PASSE?

CAN I HAVE A PASSE?

YOU'RE RIGHT, IT'S LIKE TALKING TO ROCK.

WIZARD OF ID

THE SWORD SALESMAN IS HERE!

GET RODNEY

ARE THESE SWORDS GUARANTEED?

FOR FIVE YEARS OR 50,000 SLASHES, WHICHEVER COMES FIRST!

HE'LL TAKE THE FIVE YEARS!

RICK O'SHAY

I DON'T WANT TO KNOW WHERE YOU BOYS ARE GOING, WILL, BUT WHEREVER I GO FOR AN F&M...

THERE'S LAWREN AN' POSSES COMBIN' THIS WHOLE COUNTRY...

HE'S ABOUT THE BEST THING I'D LIKE TO FIND... BUT HUNTING AN' ALWAYS FINDIN'.

THE BORN LOSER

ARE YOU JUST GOING TO STAND THERE LIKE A COWARD?

IF I WASN'T A LADY, I'D DISARM THIS THING!

SEE YOU BACK AT THE HOUSE.

REX MORGAN

DID YOU COME UP WITH ANY NEW LEADS, LIEUTENANT?

NOT REALLY... BUT DR. MORGAN TOLD ME ONE THING VOLUNTARILY!

CUTLER WAS SLAPPING BECKY BARRETT AROUND IN THE PARKING LOT WHEN MORGAN AND HIS NURSE LEFT THE NIGHT CLUB! WHEN MORGAN TRIED TO STOP HIM, CUTLER LOOK A SWING AT THE DOCTOR!

THE DOCTOR DECKED HIM, APPARENTLY WITH ONE PUNCH!

GOOD FOR THE DOCTOR! DO YOU READ ANYTHING MORE INTO IT?

what's what?

Am "spiked" shortstop Tinker; second baseman Evers and first baseman Chance were really the greatest double-play artists in baseball history. Not at all. Numerous other combos did better. What put "Tinker to Evers to Chance" into the public forefront was a widely publicized verse by newspaper columnist Franklin P. Adams. Incidentally, did you know that Tinker and Evers refused to talk to each other for many years, even though they still played well together?

Question repeatedly arises as to which are the more intelligent, blondes, red-heads or brunettes. Don't know for sure. Do know that tests given by a pair of scholars who themselves are natural blondes indicate that natural blondes tend to be the brighter.

DOCTORS

Q. "Do lady doctors earn as much money as the men doctors do?"

A. Not according to the most recent statistics. In this country the average physician, whether male or female, gets \$54,140 a year. But the average female doctor only earns \$33,120 a year.

Don't know how many the number 20 trillion represents, but that's how many human births occur between those occupier births wherein a mother has eight babies at once. It happened in 1967 in Mexico, definitely. And it reportedly happened, too, in 1955 in Argentina, in 1947 in China, in 1934 in China, and in 1921 in Mexico.

CAPRICORN

The Capricorn, says our Zodiac man, tends to be ambitious, idealistic and a bit of a perfectionist. Life insurance is no more expensive for a professional than for a bookkeeper. The farmer who grows those canned beets gets only about seven cents of the dollar you pay for them. Nine out of 10 police forces in this country employ fewer than 10 fulltime officers. Claim is that those few people who know the secret formula for Coca-Cola are never permitted to ride on the same airplane.

Not many animals can grow new eyes if they lose the ones they started out with, but the snail can. Its eyes are on the ends of its little horns. It can see around corners, therefore, the rascal.

Dogs trained to help the blind have been around a long time. So why doesn't anybody train dogs to help the deaf? Such a dog could inform you when the telephone rings or the doorbell chimes or the alarm clock goes off. Instead of barking at an intruder, it could be taught to warn you by grasping your wrist in its teeth. And if someone out of your line of vision were trying to talk to you, that dog could let you know with a nuzzle or whatever.

Address mail to L. M. Boyd, P. O. Box 681, Weatherford, TX 76086. Copyright 1976 L. M. Boyd

DOONESBURY

CHECK CHECK! THANK YOU, COLSON! GREAT! BROTHER, TO SEE YOU BURN! YOU'VE BURNED YOUR BOOK.

SO? WHAT'S BEEN UP TO YOU LATELY, BROTHER?

CONTRIBUTIONISTLY, I'VE BEEN UP TO EXPERIENCE TWO YEARS AGO ON DAWGUS.

EVER SINCE I DRANK WITH YOU, LORD, ARE YOU SURE YOU'VE BECOME MY BROTHER?

UM... NO, THE LORD ARE YOU SURE YOU'VE BECOME MY BROTHER?

DOONESBURY

DAWGUS? WELL, IT MAY HAVE BEEN ARLINGTON, IN THE MID-EAST? BUT THERE WASHO MISTAKING THE BUILDING LIGHT!

WHAT, SOME LORD ARE YOU BEING QU?

UM... NO, THE LORD ARE YOU SURE YOU'VE BECOME MY BROTHER?
