Launch on rescue mission heads toward burning battleships West Virginia and Tennessee after first Japanese attack wave struck Pearl Harbor

. . . Pearl Harbor

By GLEN WARCHOL
Times-News writer

TWIN FALLS — It was a beautiful December Sunday. The weather was so warm and tropical that the Navy's uniform of the day was shorts and T-shirts.

Preparing to go to church, Chief Petty Officer Ted Manker was putting on his uniform. He had finished fastening the 13 buttons on the fly of his white pants when he heard the sound of extremely low-flying aircraft.

"I was getting ready to go to church when those buzzards came over," he says, looking slowly around the living room of his Twin Falls home — remembering the unreality of the beginning of the attack on Pearl Harbor 40 years ago.

"I wondered what in the heck they were flying on Sunday for. They'd looked up and saw the meatballs on the wings."

The planes were Japanese torpedo bombers, coasting in at less than 100 feet, following the

TED MANKER
... 'saw the meatballs'

channel that led to the battleships anchored at Ford Island in the middle of the harbor. Torpedoes, destined for the waterline of the battleship Oklahoma, were stung under the bellies of the planes.

"It still didn't dawn on me what was going on." Then, the explosions began. Manker watched the Japanese planes, which he recognized from silhouette charts he studied aboard ship, leisurely torpedo and dive-bomb the dumbfounded American fleet.

Manker was riveted until he saw the torpedoped Oklahoma capsize, then turn turtle. He watched the battleship's crew scramble onto the bottom of the ship. He knew an undeclared war had begun.

Not far away, below decks on the cruiser Honolulu, Bill McCollum was in his bunk trying to read the Sunday newspaper. But he kept being interrupted.

"A buddy came down and tried to talk him into watching some sort of Air Corps maneuvers at Hickam Field.

"He told me, 'Planes are flying everywhere,

and they're using smoke bombs — really making it look real," McCollum recalls. "But I was more interested in my newspaper."

He decided to pass up the show over Hickam and enjoy his paper.

Moments later, in his bunk below the waterline of the Honolulu, McCollum felt — more than heard — a dull "thunk, thunk, thunk."

It was the distorted sound of explosions on the already burning American battleships across the harbor.

His friend came down for him again. It was obvious now that the "maneuvers" at Hickam Field were the destruction of the American Air Force in Hawaii. With most of the planes burning on the ground, the Japanese could safely turn their attention to the unprotected American fleet.

"His eyes were as big as dollars, and his face was as white as a sheet," McCollum says. "We beat it topside."

The men of the Honolulu were greeted with a sight similar to what Manker was witnessing, near the channel. *See PEARL Page A3

Solemn rites today mark 40th anniversary of Japanese attack

PEARL HARBOR, Hawaii (UPI) — The 40th anniversary of the Dec. 7, 1941, Japanese surprise attack on Pearl Harbor will be marked by a solemn and low-key ceremony at the Arizona Memorial.

"In keeping with tradition, we wanted it to be a low-key affair," Gary Cummins, superintendent of the National Park Service at the Arizona Memorial Visitors Center, said of today's scheduled events.

Adm. James D. Watkins, commander in chief of the Pacific Fleet, will deliver the keynote address and Rear Adm. Ross

Trower, chief of chaplains for the Navy, the invocation.

Activities were set to begin 40 minutes before the actual start of the 1941 surprise attack that plunged the United States into World War II.

In the 1941 attack, American casualties included 2,409 killed and 1,178 wounded, 18 ships destroyed or damaged, and 188 aircraft on the ground destroyed and 159 damaged.

The attackers lost 185 men, 29 planes, five mid-gut submarines and one reconnaissance submarine.

The traditional Pearl Harbor Day wreath ceremony by the park service and Navy officials aboard the white-marble Arizona Memorial will open the memorial services.

At exactly 10:55 a.m. — MST — the moment the attack began — a minute of silence will be observed followed by a "missing man formation" fly-over by Hawaii Air National Guard F-14s and a gun salute by a Marine Corps squad.

Also attending the memorial service will be Gov. Bruce Babbitt of Arizona, Howard Chapman, western regional director of the

National Park Service, and Lt. Gov. Jean King of Hawaii.

Several related events were planned for later in the day.

Before noon, the Arizona Reunion Association has scheduled a brief, private ceremony for their 1,177 shipmates who remain entombed in the sunken battleship.

In the evening, the Pearl Harbor Survivors Association plans its annual sunset ceremony about the memorial. About 5,000 members of the organization are in Hawaii for its convention, which is held every five years.

Surprise storm hits New England; rains drench Oregon

By United Press International

A surprise blizzard spewing 50 mph winds hit New England and paralyzed coastal areas with up to two feet of snow Sunday.

Rain-swollen rivers in Oregon threatened low-lying areas with flooding.

At least three deaths were blamed on the late autumn storm, which inconspicuously began its assault late Saturday, two weeks before winter's official debut.

Vermont state police said slippery Interstate 91 was responsible for the

car crash that killed Howard E. Wilder Jr., 26, of Plainfield, N.H. Another traffic victim died in Connecticut. John Churella, 13, of Dracut, Mass., died from injuries suffered when a falling tree hit his sled.

Two other weather-related deaths were reported on the Pacific Coast. Gale-force winds buffeted the Pacific Northwest, where warnings were posted for freezing rain and snow, and coastal flooding in Oregon. Nearly a half-foot of rain deluged North Bend, Ore.

Carolyn Nelson, McMinnville, Ore., was killed in bed Saturday when 50

mph winds uprooted a 176-foot fir tree, which crashed into her apartment. Flood warnings were issued for rivers in Oregon's Willamette Valley, and snow advisories for travelers were posted for high northern passes of the Cascades.

The heaviest rainfall occurred along the Oregon coast, where 24-hour amounts Sunday reached up to 6.8 inches at Gold Beach.

In the Willamette Valley, Eugene received 5.02 inches of rain, breaking the previous record set in January 1974 when 4.88 inches fell. Jerry Harpham, a spokesman for

the Oregon Emergency Management Division said some evacuations were reported in the Coquille and Cottage Grove areas.

Harpham said the Willamette River at Salem was well over its flood stage and could bring flooding that would exceed any in the past 20 years. The river was expected to go to 32.5 feet by Tuesday and was already at 28 feet Sunday.

Blasts of 60-mph winds ripped through southeast Wyoming, with wind warnings were issued for west-central Nevada. Gale warnings were posted on the Pacific coast from

Washington through northern California.

Thick patches of fog shrouded parts of the heavily sunny Southern California, shutting down flights for several hours at Los Angeles International Airport for a second consecutive day.

A motorcyclist was killed and a dozen motorists were injured in a 33-car pileup in a thick patch of early morning fog in San Diego. The blinding fog set over Highway 183, a stretch of four-lane freeway, shortly after dawn.

The National Weather Service in

Libya denies plots

U.S. says it welcomes declaration

WASHINGTON (UPI) — Libyan leader Moammar Khadafy denied Sunday he had sent assassination squads to the United States.

The State Department welcomed his statement, while maintaining it had "concrete evidence" of his intentions.

In a televised interview from Tripoli, Khadafy called President Reagan "a liar" and accused the United States of fabricating stories about plans to kill American leaders in order to start a war with Libya. "We have strong evidence that Khadafy has been plotting the murder of American officials both here and overseas," said State Department spokeswoman Sue Pittman. "We certainly hope that Khadafy's denial means that he will abandon the use of terrorism and assassination as a part of his foreign policy. "When he has stopped, we will know it."

The spokeswoman said she could add nothing to her statement or give details of the evidence.

"Reagan is silly and he is not qualified to lead America as a superpower. He is behaving like a child," Khadafy said during an interview on ABC's "This Week with David Brinkley."

Reports circulating in the United States that he had sent an assassination squad to America to kill Reagan or other top government officials.

"We are ready to make investigation (into the reports) and to see who is liar, and you will see — Reagan is liar," Khadafy said, adding the president is circulating the story "to destroy relations... (and) wage war with Libya."

In a separate statement, Libya denied sending hit teams to the United States to assassinate President Reagan and said the reports were a product of the "CIA fantasy farm."

The Libyan dictator said he believes the Reagan administration is conducting this "propaganda" campaign against Libya because it "refuses to be a state of America. We want to be a free country, a non-aligned country. America wants to dominate all the world."

"Yes, we still want good relations with the United States... but America refuses to normalize relations." *See KHADAFY Page A3

Monday briefing

Accidents block Blue Lakes

TWIN FALLS — Traffic on Blue Lakes Boulevard North in Twin Falls was blocked partially for about 20 minutes Sunday night when two traffic accidents occurred at the Pope Line Road intersection.

Twin Falls police are on their way to investigate the first accident at 6:45 p.m. when the second occurred. The two crashes apparently were related, according to Idaho State Police officers, who investigated the second accident. They said that it appeared that one vehicle slowed down near the accident scene and was struck by another car. The first crash occurred when a northbound vehicle, driven by David Lee Robinson, 17, of Twin Falls, collided with another car, driven by Dwight E. Ferrell, 63, of Jerome.

Twin Falls police said that Ferrell was southbound on Blue Lakes and turned left in front of Robinson, blocking the northbound lanes. Ferrell told police that traffic, stopped in the center lane for turning, blocked his view and he did not see the Robinson vehicle. While both vehicles sustained an estimated \$2,000 in damage, police said there were no serious injuries. Ferrell was cited for failure to yield.

The state police did not have full details of the second accident late Sunday. The drivers were Jay C. Alban, 59, of Twin Falls, and George Zimmers of Buhl. Neither man was injured seriously.

Spanish rightists jailed

MADRID, Spain (UPI) — Spain's military chiefs arrested 100 rightist officers Sunday for publishing a letter backing jailed rebel officers who seized parliament in a coup attempt nine months ago, the defense ministry said.

The arrests came on the third anniversary of Spain's return to parliamentary democracy and contrasted sharply with assurances by Prime Minister Leopoldo Calvo Sotelo that Spain was "not living with the risk of a military coup."

The defense ministry said in a statement that the 100 junior officers were placed under preventive house arrest for 14 days and a military judge was appointed to investigate the case.

Bus mishap kills teenager

SALT LAKE CITY (UPI) — One girl was killed and two others were critically injured Sunday when a school bus filled with Wyoming teenagers on a ski holiday roared in Little Cottonwood Canyon east of Salt Lake City.

Salt Lake County Sheriff's Deputy John Adams said 38 teenagers and advisers from Kemmerer High School were taken to Cottonwood Hospital.

Julie Paulsen, 17, was others underwent surgery late Sunday.

One critically injured girl, Madonna Crossweight, was transferred by helicopter to LDS Hospital, where she underwent surgery for internal injuries. The other girl, Annelise Wilson, who also had internal injuries, was operated on at Cottonwood Hospital.

Lennon rite attracts 1,000

WASHINGTON (UPI) — Wearing peace signs on their arms and handgun control buttons on their coats, some 1,000 people marked the first anniversary of John Lennon's death Sunday by attending a memorial service at the Washington Monument.

Despite cold weather and gusting winds, the crowd gathered to hear an afternoon of music recorded by the former Beatle. They stood within a 100-foot peace sign drawn in lime on the lawn of the monument grounds.

The memorial service also included scheduled speakers from handgun control groups and a written message from Sen. Edward Kennedy, D-Ill.

Protest rallies demanded

WARSAW, Poland (UPI) — The powerful Warsaw chapter of Solidarity called Sunday for mass protest rallies in cities around the nation and the government accused the union of launching a "struggle for power."

Communist officials said Solidarity's threats last week to launch a general strike signal a "new stage of crisis" and Soviet leaders vowed their support for the Polish government.

Skydivers' bodies recovered

PEARL HARBOR, Hawaii (UPI) — Navy rescuers recovered the bodies of five more skydivers killed in a plane crash from the waters near the Arizona Memorial Sunday, raising the total number of confirmed dead to 11.

One skydiver was missing and another reported in satisfactory condition at Queen's Medical Center with injuries he suffered when he bailed out before the plane pancaked onto a reef.

Injections improve sight

MOSCOW (UPI) — Two weeks of fungus injections by Soviet doctors have produced surprising improvement in the vision of a 12-year-old American boy who was going blind from an incurable disease, the boy's parents said Sunday.

The doctor in charge of treatment for Todd Cantrell "was amazed at the amount of progress," said Todd's father, Kyle Cantrell, of Dalton, Ga.

Todd reported he could see more light, the elder Cantrell said.

Jackson leads quiet march

INDIANOLA, Miss. (UPI) — The Rev. Jesse Jackson led a wind-blown, peaceful march Sunday, through Indianola to focus attention on the coming municipal election in this sleepy Delta town.

About 500 blacks — including attorney Alse McDaniel, a black independent candidate for mayor — joined the Chicago civil rights activist in the mile and a half march through a black residential area.

The march was to boost interest in Tuesday's voting, when Indianola holds its first general election with a court-created black voting majority.

FDR's troubleshooter Corcoran dies at 80

WASHINGTON (UPI) — Thomas G. "Tommy the Cork" Corcoran, a Washington institution who rose to power as Franklin D. Roosevelt's personal troubleshooter and fixer, died Sunday. He was 80.

Corcoran, who had been in good health and who had kept active as a lawyer and lobbyist, died at the Washington Hospital Center of a pulmonary embolism following gall bladder surgery, a family spokesman said.

Corcoran, as FDR's liaison to Capitol Hill, "cried, persuaded and bullied a recalcitrant Congress into passing Roosevelt's liberal and far-reaching legislation that formed the New Deal."

In addition to FDR, Corcoran worked for Supreme Court Justice Oliver Wendell Holmes and helped form the Flying Tigers which fought the Japanese in China for six months after the United States entered World War II.

Until his death, Corcoran's Washington law firm — Corcoran, Youngman and Rowe — dealt with a long list of top corporate clients including Tenneco and large New York insurance companies, and he used his experience to lobby on their behalf.

Corcoran was born Dec. 29, 1900, in Pawtucket, R.I. His father, a lawyer, was the son of an Irish immigrant, his mother the descendant of a pre-revolution New England family.

From public high school in Pawtucket, he worked his way through Brown University and then enrolled in Harvard Law School. To build up income he gave lectures — at \$2 a head — on how to pass tough exams.

Today's weather

Cooler, unsettled conditions persist in Idaho

Twin Falls, Burley-Rupert and Gooding areas:
Cloudy this morning with a chance of light rain. Partly cloudy this afternoon through Tuesday. Winds southeasterly 15 to 25 mph. Colder today and Tuesday. Lows near 30. Highs 50 today and 45 Tuesday.

Camas Prairie, Halley and Upper Wood River Valley areas:
Scattered showers today and Tuesday. Winds at times 15 to 30 mph. Lows in the 20s and low 30s. Highs 45 to 50 today and 35 to 40 Tuesday.

Northern Nevada and Utah:
Chance of rain over northwestern Nevada this morning, moving across the north during the day. Mild temperatures. Highs in the 50s and low 60s. Lows in the 20s to mid 30s. Winds 15 to 25 mph. Utah can expect mild temperatures through Tuesday with clouds over the northwest. Lows in the 20s to low 30s. Highs 45 to 55. Winds up to 30 mph.

Synopsis:
Circulation around a low pressure system in the Gulf of Alaska Sunday resulted in southerly winds carrying mild air into southern Idaho.

Mainly cloudy skies prevailed with rain reported in some northern and west central areas. Grandville reported 4 1/2 inch of rain with showers up to the 6,700 foot elevation in south central

UPPER WEATHER FORECAST
The mild air causing rain in higher elevations brought record breaking high readings in some areas. Several areas listed temperatures in the 50s and a 61 was reported at mid-elevation in Mountain Home for the state's warmest reading. Soda Springs had the low at 21 degrees.

Winds reached 30 mph in Magic Valley and Upper Snake River Valley.

The forecast for Wednesday through Friday calls for occasional rain in the valleys and snow in the mountains of northern Idaho and a chance of snow in the mountains of southern Idaho Wednesday into Thursday, with decreasing cloudiness Friday. Temperatures will be near normal.

The nation's high was 81 at Thermal, Calif., and the low was 7 at Gunnison, Colo.

Senator says U.S. has evidence of Libyan plot

WASHINGTON (UPI) — A key senator said Sunday U.S. intelligence officials have strong evidence Libyan leader Moammar Khadafy has been plotting the assassinations of American officials.

Sen. Patrick Moynihan, D-N.Y., acting chairman of the Senate Select Committee on Intelligence, appeared on ABC's "This Week with David Brinkley" program and said,

"We have concrete evidence top U.S. officials have been targeted" and ordered killed by Khadafy.

White House aides, under orders not to discuss the threat, expressed concern over the publicity generated by the stepped up security measures for President Reagan, Vice President George Bush and members of the Cabinet.

Moynihan said he could not reveal the "concrete evidence" given to his committee by U.S. intelligence officials. "That is an executive privi-

lege," he said.

Asked what credibility he put in reports an assassination squad was in the United States with orders to kill Reagan or other top U.S. officials, Moynihan said, "At about a point, a probability. We got this particular information from an informant."

If any American is harmed, Moynihan said, "He (Khadafy) should understand there will be the most severe consequences. The consequences of its continuation (of the threat) are going to be severe, at its

minimum."

"I think it's time we stop buying a barrel of his oil,"

The United States bought \$14 million worth of Libyan oil every day during the third quarter of 1981.

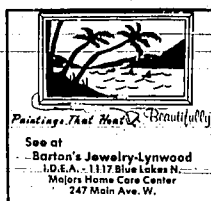

In an interview from Tripoli on the same ABC program, Khadafy called Reagan "a liar" and charged the assassination squad reports were fabricated by Reagan to start a war with Libya.

Moynihan, who was questioned immediately after the Khadafy in-

terview, angrily denounced Khadafy and said—"The president of the United States is not a liar. The dictator is the liar."

"That man was lying to you," Moynihan said. "He's mad."

ABC news reported it had learned there were actually two assassination squads in the United States — a three-man squad, comprised of a Libyan, an Iranian and an East German, armed with automatic weapons and a second five-man squad that was to be a backup.

Pearl

Continued from Page A1

Just beyond the fanfall of the ship, torpedo planes were loafing past, a few feet above the water. McCollum could see clearly the faces of each plane's pilot, torpedo man and tail-gunner.

"One of the planes went by and the pilot waved," he says, remembering the unreality of the scene. "One of our guys gave him the famous thumb salute."

Although they were in different parts of the harbor, McCollum and Manker were assigned the same duty that day: motor launches. Both men went to work picking up survivors. Although they crossed and recrossed the same debris-littered harbor and used the same landing, they would never see each other that day.

"They did not meet and exchange experiences for 35 years, until McCollum moved to Twin Falls."

Like Manker, McCollum was galvanized by the Oklahoma's spectacular death. As the ship rolled and tilted, his launch headed for it to save the crew.

"The oil was four to five inches deep in the harbor," McCollum says, returning to the fuel bubbling out of the torn sides of the warships. "The guys were trying to swim in it. The only way to get them in the boat was to grab them by the belt or the seat of the pants, they were so slick."

The uniform of the day — shorts and T-shirts — deprived the sailors of even minimal protection against the holocaust around them.

"That's why they burned so quick," Manker says.

For a moment, his eyes are in the flaming harbor again. He looks down at his hands and speaks softly: "God Almighty."

The crews loaded the burned, oil-sick and half-drowned survivors into the boats and headed for the landing at Ford Island, where an aid station had been set up. The launches had to duck Japanese Zeros, which had descended to attack the small boats filled with wounded.

While unloading at the landing, one of McCollum's dazed crewmates looked at the oil, blood and vomit in the launch, and wondered aloud how they were ever going to get it clean again.

Local survivors to gather today

TWIN FALLS — Forty years after the attack on Pearl Harbor, Bill McCollum, Ted Manker and 21 other residents of the Magic Valley continue to honor the courage of the dead and the living that day, through the Magic Valley chapter of the Pearl Harbor Survivors Association. The group meets every other month.

At noon today, some of the men and their wives will lunch at George K's restaurant, 1719 Kimberly Road. Manker, president of the organization, invites other survivors to join them.

Khadafy

Continued from Page A1

tions with us. We are ready to make a dialogue with them."

But Khadafy said he does not expect relations to improve until Reagan is voted out of office.

"America must get rid of this administration, tear it down as they did with Nixon," Khadafy said.

Asked what he would ask Reagan if he could speak to him today, Khadafy said, "What is the reason? Are you mad? We are a small people who want to be left alone and not aligned."

Khadafy said, "We are sure we didn't send any people to kill Reagan or any other people in the world and we want to see these big lies exposed."

But if war comes, Khadafy said, Libya will not shrink from it.

"We are ready to face America," he said.

Khadafy also said:

- He has allowed former CIA agents and American mercenaries to live in his country because they came uninvited, asking freedom, asking for a perfect life. They feel they are free here.

- The infamous terrorist Carlos is not living in Libya. "We don't know this person and he is not here, absolutely."

- At least 30 Libyan students in the United States have been recruited by the CIA to spy on their homeland.

- Ryxxon withdrew from Libya upon the demand of the Reagan administration, which is trying to force other American oil companies to leave Libya.

In an extensive interview with the Milan daily Corriere Della Sera published Sunday, Khadafy also said Libya has never helped terrorists, that the Saudi Middle East peace plan was "born dead" and that Libya does not exclude the possibility of joining the Soviet-led Warsaw Pact.

Cuts threaten student exchange

NEW YORK (UPI) — A record 311,862 foreign students are going to college in the United States but Reagan administration cutbacks threaten the student-exchange program, the Institute of International Education said Sunday.

Iranian students comprise the biggest foreign presence on campus with 47,550 enrolled in U.S. colleges, but their number decreased 7 percent from the previous year's 51,470, the report said.

Wallace Edgerton, president of the nation's largest educational exchange agency, said he is concerned about dwindling U.S. financial support for overseas exchange students.

To The Magic Valley:

You are cordially invited to a very special Travel Show featuring Club Med, Playa Blanca, Mexico.

December 9th, 1981
from 7:30 p.m. to 9:30 p.m.
at the Turf Club

We will have a continuous film presentation, door prizes, and refreshments. Please join us for a most enjoyable evening.

Sincerely,

Merchants looking ahead with a BID

It's no secret why downtown Twin Falls has enjoyed a great deal of retail success over the years. Because of farsighted merchants, and merchants who knew that they were the only people who could protect the retail climate of their shopping area, the downtown is a success story.

Now, some of those same merchants are looking ahead again. This time, they're considering the feasibility of a business improvement district. Two of the downtown's leaders, Earl Faulkner of The Paris and John Roper of Roper's, are spearheading this effort.

A business improvement district, or BID, would need City Council's approval since improvements would be funded by assessments against downtown property owners. At least one councilman, Emery Petersen, himself a downtown merchant, favors the concept.

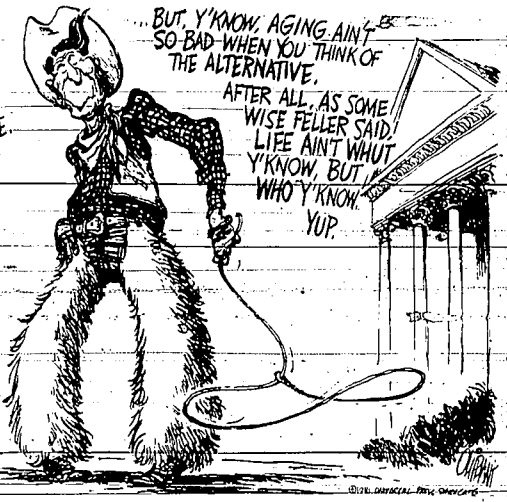

Critics might well ask why the downtown needs a BID since it was only a decade ago that a renewal and modernization effort was completed. The talk of a third mall in Twin Falls no doubt has spurred interest in a downtown BID, to again protect and enhance the area as a shopping center.

It's obvious the downtown's leading merchants want to be in the forefront of keeping their business, not losing it, to the development of another mall—should one indeed become reality.

The advantage of a BID is that everyone who has gained, or stands to gain, from the viability of the downtown would pay a share of the improvement. This would include non-retail activity, as well as stores and shops. It's a fair concept.

The Twin Falls plan is just in the beginning stages. With the completion of the assessment method and the actual schedule of improvements yet to come, Faulkner and Roper have got the ball rolling and should be encouraged to continue their planning toward a final proposal.

WELL... SEEMS LIKE NOW WE'RE HAVIN' THIS WHITE HOUSE CONFERENCE ON AGING. WELL SHUCKS... I'VE ALWAYS SAID YOU'RE ONLY AS OLD AS YOU FEEL. YUP. AND NO ONE OUGHTA LET THEMSELVES BE POOR. NOPE. WHY, I'VE BEEN RICH AND I'VE BEEN POOR. AND BELIEVE ME, RICH IS BETTER.

Ellen Goodman

Gain five pounds, grow an inch

The Boston Globe

BOSTON — There are, as I write this, only 23 more eating days until Christmas. We are, therefore, at the height of the season during which all the delectable perishes of the culinary world are harvested into the most reliable storage facility in the world: the Average American Body.

For at least three more weeks we will munch mightily in an attempt to provide our own farm support program. Indeed, if last year's quota is to be met, we shall have to graze our way into 1982. The results of all this are well-known. At no other moment in our annual history will so many people gain so much weight in so little time. With so many mixed feelings. Taught that food is love, but this is loveable, most of us will end up this holiday season bulging with other people's sin and our own.

Well, I am a devotee of a funny thing and I call it holiday season. But this year I have come upon a new solution to the age-old question of how to eat your way from Thanksgiving to New Year's without getting fat.

To give credit where it is due, the solution I am about to describe was originated by my uncle, who still retains the copyright and will receive half the

royalties from our upcoming bestseller.

It begins with this simple assumption: Contrary to what we have been taught, the Christmas-seasoned and stuffed Americans aren't really too fat at all. We are just too short for our current fat at all. Take me, for instance. I left the Thanksgiving table at the perfect weight for someone who is 5' 10" tall. I am actually underweight for someone 6' tall and positively anorexic for someone who is 6' 4".

The only problem is that at the moment I am 5' 8". You could say that I am ten pounds too heavy. But you could also say that I am two inches too short.

Let me give you another example. I have a friend who weighs 125 pounds. Is she fat or thin? Only her height chart knows for sure. The point is I'm sure you get it by now) the

But, as my uncle points out in his path-breaking new work, the real problem isn't weight control, it's that we haven't a grip on the height control. The beauty, the elegant simplicity, of his plan now comes into play. Americans should forget about the horizontal and start thinking vertical.

stop thinking pounds and start thinking inches. For every five pounds gained, all we have to do is grow one inch.

Frankly I don't know why no one thought of this before. After all, this is how adolescents deal with their weight. The pudgy five-foot-tall 12-year-old invariably stretches into the lanky six-foot-tall 16-year-old. If they can manage it, the pimply faced wretches, so can their elders.

This is not just another impossible dream. There is even a model. According to national statistics, the average American is already growing at the rate of 34" every 25 years. All we need to do is speed things up a bit.

Under his new program, we will be able to indulge our Christmas gluttony without worrying about such mundane things as zippers. (Hens, however, will be a bit of a problem.) Instead of entering the New Year wider, we will enter it thinner. (Ceilings may be a problem.)

For the details of how to accomplish this feat, I am afraid you will have to await publication of the work we have entitled "Upward Bound: How to Achieve the Perfect Height for Your Weight."

But I warn you that there are a few remaining kinks in our brilliant plan. My uncle, for example, keeps growing and shrinking the same three inches every December.

Berry's World

Letters to the editor

Before crucifying Watt.

Editor, Times-News: Before we brand James Watt as a scoundrel and destroyer of our sacred wilderness areas, let's analyze the situation. Watt or this administration could not or would not exploit any natural resources except at the demand of the people of the United States. We are calling the shots. There would be no off-shore drilling rigs anywhere if the people were not demanding more and more oil. In the first week of January 1981, the United States used more petroleum than during the entirety of World War II.

If we were abruptly cut off from all petroleum and mineral imports, our productivity and economy would collapse. Until we become more self-sufficient as a nation, we are in a perilous position. At present there are 72 nuclear power plants operating in the United States. Several U.S. states, i.e., New Jersey, depend on nuclear power for more than 50 percent of their electricity needs. If this should abruptly stop, we have no workable alternatives. Solar power? Years, even decades away. Coal? Loaded with its own environmental problems: acid rain, pollution, Canadian opposition. Would Jane Fonda, a foe of nuclear power, set her standard of living back 50 to 100 years in exchange for the demolition of all nuclear plants? I doubt it, wouldn't you?

Rather than blame Watt for our problems, let's

examine more logical causes, such as uncontrolled bedroom shenanigans. The population is growing at a pace faster than we can long support ourselves. Modern medicine has prolonged life and saved countless babies who would have otherwise died. For thousands of generations, mother nature controlled human life in the same as rabbits. Periodically, plagues and sickness swept the land and wiped out millions of people, leaving only the strong and hardy. This is nature's way. Now she is thwarted and we must pay the consequences.

Take a look at Ethiopia and Cambodia as extreme examples of over-population and helplessness. Regardless of what help they get, the vast majority of these people have no future ever. Well-meaning missionaries spend their lives trying to prolong the lives of those people with a bowl of corn meal everyday — for what? There is no future for them. If we were able to bodily transport them by the millions to the United States and feed and care for them and provide housing, could we afford them? Of course not. Would you be willing to pick up a destitute person at the railroad yards, bring him home and support him for the rest of his life?

If it were possible to feed all of the poor of the world three nutritious meals each day and provide a warm secure place to live and sleep, what would be the end result? More babies. More babies to grow into adults with no hope and no future. Can the world today afford to support these people from now on? Of course not.

When Ronald Reagan recently attended the meeting at Calcan to determine what to do about the world's destitute, some nations suggested feeding them from now on. He said, in effect, "No, we must teach them to survive by supporting themselves or else they will drag us down with them. We cannot support them forever."

If you are willing to cut your standard of living to feed the poor and destitute of the world, how about sending half your income to them starting now. Would it help? If everyone contributed it would be literally less than a drop in the bucket.

James Watt gets his instructions from the administration and they are trying to save us from ourselves. Before World War II, President Roosevelt prepared this nation for war as secretly as he dared, because the people were violently opposed to war. When we were attacked, we had a start in spite of ourselves, thanks to Roosevelt, and struggled on to eventually win the war. Otherwise there would probably be a swastika flying over our courthouse today.

Now we must face reality and develop our petroleum and mineral resources before it is too late. There is no more status quo; the world is traveling at break-neck speed and it is no longer possible to let the world go by. To survive, we must go with it, and that includes supporting James Watt, whether we like it or not.

Brown cheering California's high-technology future

The Washington Post

LOS ANGELES — Jerry Brown takes to ideas the way some people take to whiskey. At 43, he is a veteran of seven years of governing one-tenth of America's electorate. He retains his zest for political argument — not idle word-tennis, but serious conversation about what could become a distinctive strand of Democratic politics. He exaggerates, but only somewhat, when he says "language is everything in this business." If he can find a vocabulary suitable for Reagan's era — and Reagan's is this 1981 Senate campaign could test the political aptitude of what in Europe is called "social democracy." Brown knows that in California, as elsewhere, there is little support for traditional liberal activism — explicit redistribution of income for egalitarian purposes. But he believes California more receptive to a program for more direct government production of "human capital" (trained manpower) and government "targeting" of financial capital.

At one time Brown seemed to favor an almost Franciscan indifference to America's worldly ambitions (economic growth, technological virtuosity) but today he represents the California that believes the slogan on the back of dollar bills — "Novus ordo seclorum." That means, roughly: "You ain't seen nuttin' yet." In recent years high technology, in the form of semi-conductors and other electronics, were responsible for one of every four new jobs in California. Brown believes California's, and perhaps the nation's, growth will be driven by information technologies such as computers, software, robotics, bioelectronics. But California's high-technology industries require 6,000 additional electrical and computer engineers by 1985. California schools will produce fewer than 15,000. Japan, with half the population, is producing 2,000 more than the United States each year.

Brown's administration has abolished the capital-gains tax for businesses with fewer than 500 employees — the businesses most fertile in technological innovations. Now he favors "joint efforts between industry and government," especially public funding of industrially applicable research perhaps including the investment of state pension funds to buy equity in "rising" industries. He has created a Commission on Industrial Innovation, including some conservative business leaders, assigned to draft a blueprint for a high-technology future, with public financing of industrial innovations.

Brown's thinking is, in a sense, as American as land-grant colleges, which have been part of the government's spectacularly successful programs for creating science-intensive agriculture. But Brown's evolving vocabulary of "targeting" investment in "emerging industries" and "identified growth sectors" recalls European and, especially, "Japan, Inc." practices. A staff paper says: "While we do not find it desirable to mirror the Japanese system of all the American states, California has the most direct interest in developing policies which counter the primary risks of Japanese industrial policy because of our high and increasing dependency on technology-based industries."

Brown understands a frequently neglected task of government better than he understands why the task is so frequently neglected. That task is to lengthen society's time horizon, to look down the road to anticipate, or even midwife, new constituencies. But government is constantly driven to preserve the status quo. An institution designed to allocate capital to tomorrow's "winning" industries is apt to be diverted to practicing "lemon socialism," balling out Chryslers that already have constituencies. What is needed, Brown says, too blandly, is "basic agreement among leaders" of the regions, government, business, labor, the intelligentsia. If so, what is needed is a miracle. Political allocation of a resource as scarce and valuable as capital is apt to generate conflict rather than the consensus that effective allocation presupposes.

Brown, however, believes that Californians, who especially appreciate the importance of their university system in their postwar boom, associate public investments with private productivity. They associate their tax payments with private sector vitality. Proposition 13 made California the birthplace of the tax revolt. But Brown says the essence of California remains "an automobile in search of a suburb." That means highways, schools, sewer and water systems, fire protection — in a word, government.

By expressing too many trendy ideas in trendy idioms, Brown armed critics who consider him fluffily-headed. But today he is not trendy; he is leaning against the wind — a gale, really — of disparegament of government. His ideas have serious pedigrees and represent a logical extension of 20th century Democratic policy, which is more than many prominent Democrats care to admit.

Brown would not lower the tone of Democratic circles in Washington, where Democrats are proclaiming, insistently, a search for "new ideas." They are conducting such a desultory search that they probably will not find a new idea unless one is served on a silver platter in Mrs. Harriman's drawing room, which is improbable.

CLASSIFIED ADVERTISING
PHONE 733-0931

WASHINGTON (UPI) — The General Accounting Office suggests Congress consider changes in the present food safety policy of banning all cancer-causing food additives, a policy Congress ignored in the case of aspartame.

The GAO, the investigative arm of Congress, suggests in a new report that legislators review the 1958 Delaney Amendment — which requires

the outright ban of any food additives deemed to be cancer agents — because of the inflexibility of the law and uncertainties about the risks of minute levels of carcinogens.

Also, modern techniques allow researchers to spot traces of additives in the parts per billion or per trillion range, something that could not be done in 1958 when the law was written. Senate hearings on possible food

safety changes were scheduled for this fall, but they were postponed, probably until late January or early February.

A bill introduced this year by House and Senate leaders would require that regulatory decisions be based on findings of "significant risk" rather than "zero risk" of cancer.

The GAO said options for amending the Delaney Amendment include set-

ting an acceptable level of risk, comparing risks and benefits, or comparing the health risk of using a carcinogen with the health risk of not using it.

The report entitled, "Regulation of Cancer-Causing Food Additives: Time for a Change?" said most Food and Drug Administration officials who regulate additives favor setting an acceptable level of risk.

Probe key to Allen's retention

WASHINGTON (UPI) — President Reagan has told aides he wants to "wait-and-see" the outcome of a deepening inquiry before deciding whether Richard V. Allen should return to his national security post, a spokesman said Sunday.

Allen, 61, was in doubt Sunday when Newsweek magazine, in its latest edition, quoted "a long time associate of Reagan" as saying the president believes Allen should resign. The associate said the president "wishes (White House counsel) Ed Meese would solve this problem for him."

In response, David Gergen, White House director of communications, said that he had never heard Reagan express the view that Allen, presently on administrative leave, should resign.

But White House aides are not ruling out the possibility that Reagan may have passed the word privately to his top three advisers that Allen has become a liability.

Allen was cleared by the Justice Department of any "criminal intent" in forgetting a \$1,000 payment from a Japanese magazine for an interview with Nancy Reagan. But federal investigators still are looking into his acceptance of two wrist watches from a Japanese journalist and with Allen's ties to former business clients in Japan.

Gergen said there is no indication when the Attorney General, William French Smith, will end the inquiry and issue his findings.

The White House counsel's office also will also look into whether Allen breached any rules of conduct for government officials in the executive branch.

Brzezinski says policy crisis looms

NEW YORK (UPI) — The Reagan administration is leading U.S. foreign policy toward "a general crisis," former National Security Adviser Zbigniew Brzezinski said Sunday.

Writing in the New York Times Magazine, the former Carter administration aide offered his own corrective prescription, including giving more decision-making power to Secretary of State Alexander Haig and using "all our leverage" to back the Israeli-Egyptian peace process.

"If present trends continue, American foreign policy is likely to be in a state of general crisis by the spring of 1982," Brzezinski said. "What makes matters potentially even worse is that this could coincide with a serious economic downturn, causing the overall global position of the United States to be placed in jeopardy."

Brzezinski, a professor at Columbia University, offered a prescription which included these additional points:

• Commit the U.S. to "more credible" arms negotiations with the Soviets, which at the same time will allay European fears over what some feel are confrontational policies by President Reagan.

• Develop a short-term international food-aid program for Poland to prevent "a destructive explosion."

Students treated

TOLEDO, Ohio (UPI) — Nine University of Toledo students suffered smoke inhalation and about 150 were routed from their beds early Sunday by a fire which fire in Tennyson Hall on the old Mary Manse campus.

Firefighters attributed the fire to careless smoking in a fourth-floor smoking lounge, and estimated the damage at about \$26,000.

CONVERT TAXES INTO RETIREMENT INCOME

It's never too early to begin preparing for your retirement, and Idaho First's new and improved Individual Retirement Account can help in many important ways.

ALL WAGE EARNERS ELIGIBLE.

Effective January 1, 1982, all wage earners are qualified for an Idaho First Individual Retirement Account, even if you participate in a qualified pension plan at work. \$2,000 or 100% of wages, whichever is less, can be contributed to an Idaho First IRA annually (\$4,000 for working couples).

SIGNIFICANT TAX SAVINGS.

An Idaho First IRA cuts your federal income tax every year in which you contribute. For example, if you are in the 30% tax bracket and you contribute \$2,000 into an Idaho First IRA, you'll save \$600 in taxes for the year the deposit was made. In addition, the interest your IRA earns is tax free until you start withdrawing it.

START EARNING HIGH INTEREST.

Our new floating rate gives you a return comparable to money market rates. This allows your investment earnings to keep pace with the current market.

ACCUMULATE A SIZEABLE FUND FOR RETIREMENT.

By starting now and making regular deposits to your IRA, you can build a sizeable retirement fund. If, for example, you opened your IRA account at age 30 and contributed \$2,000 annually, at age 65 you would have \$1,106,452* for retirement.

*Assumes an annual interest rate of 12%.

YOU DECIDE HOW MUCH AND HOW OFTEN TO CONTRIBUTE AND WITHDRAW.

Idaho First's IRA is one of the most flexible IRA programs available. At Idaho First, you determine how much to invest, how frequently to contribute, whether you prefer automatic deposits from your checking account or not, when to begin withdrawals and how much. Idaho First's IRA is a planned program with maximum flexibility and there is no set-up, annual fee or minimum deposit.

DROP BY IDAHO FIRST AND ASK ABOUT IRA.

Now is the time for you to do something about your retirement. We have IRA programs for every wage earner and the professional experience to prepare a plan just right for you. Come in and see us for all the details.

"NOW'S THE TIME FOR YOU TO START DOING SOMETHING ABOUT RETIREMENT."

What's what

Comics/TV

Never can tell just how much influence you'll have on your youngsters' lives by what you give them for Christmas. The famed Mayo brothers once said they went into the medical profession because of their father, a good microscope.

Gambler centuries ago thought it brought good luck to touch a hunchback's hump, and I'm now told it was that notion that eventually gave us our word "hunch."

To that list of candidates for membership in the "My Name Is a Poem" Club, please add Michigan State University's Larry Perry and his wife Carrie.

You and I have nine muscles in each ear, and most don't work. A horse has 17 in each ear, and a man do work.

A hog's eyesight is a bit better than a man's.

MISSING PERSONS

Only one person in 10 reported missing actually stays lost. Police know this, so they don't schedule much time to pursue missing persons. Private detectives know it, too. And count on it: Like doctors, they understand that if they just take the case and do no harm, the client's problem most usually will be solved.

The U. S. Navy didn't come into its own until the early 1960s, in one manner of speaking. Before that time, no former Navy man had been President or even presidential nominee. Then along came John F. Kennedy, Lyndon Johnson, Richard Nixon, Gerald Ford and Jimmy Carter, ex-Navy men all.

PGA golfers on the course can't wear Bermuda shorts, either. Or tanktop-shirts-Or cutoffs. Already mentioned they can't wear blue jeans. Beards are prohibited, too, by the way. But not longest mustaches.

LONGFELLOW'S BEARD

You've seen those pictures of Henry Wadsworth Longfellow with his full flowing beard. Not for style did he wear that bush, but to cover the scars from the fire that killed his wife.

Q. How did the Pennsylvania town of Bethlehem get its name?

A. In December of 1741, Count Nicolaus von Zinzendorf, leader of the Moravians recently arrived from Europe, led his followers into a stable there, and proclaimed, "Let this place be called Bethlehem."

Carroll Righter Horoscope

GENERAL TENDENCIES: The early part of the day finds you tied down to uncovering some perplexing condition from which you can gain many benefits in the future. Plan the future wisely.

ARIES (Mar. 21 to Apr. 19) Keep rooted to present routines and avoid trying to find new outlets for best results at this time.

TAURUS (Apr. 20 to May 20) Keep promises made and gain the respect of others. Avoid spending money on the new and untried. Be logical.

GEMINI (May 21 to June 21) Don't come to any agreement in the morning if there is the slightest bit of doubt. Strive for increased happiness.

MOON CHILDREN (June 22 to July 21) Make sure you study well any responsibilities you want to assume in the future. Know where you are headed.

LEO (July 22 to Aug. 21) Study your financial status, well and don't go overboard on matters of amusements. Work is the key to success now.

VIRGO (Aug. 22 to Sept. 22) Study what your personal desires are and steer clear of a negative-thinking family tie who could spoil things for you.

LIBRA (Sept. 23 to Oct. 22) Forget the frivolous for now and spend more time on matters that could give you more security in the future.

SCORPIO (Oct. 23 to Nov. 21) Make sure you follow through with promises made to others and gain their goodwill. Attend a social affair tonight.

SAGITTARIUS (Nov. 22 to Dec. 21) Listening and following the edicts of influential persons is wise today and you get ahead faster.

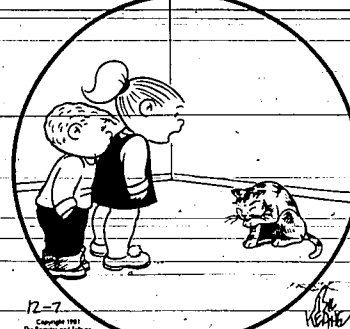

CAPRICORN (Dec. 22 to Jan. 20) You have new and practical plans that could give you more benefits in the future, so stop wasting precious time.

AQUARIUS (Jan. 21 to Feb. 19) Postpone meetings with friends and get busy meeting important business commitments. Relax at home tonight.

PISCES (Feb. 20 to Mar. 20) Take extra steps and be of more assistance to associates for mutual gain. Fine day for communicating with outsiders.

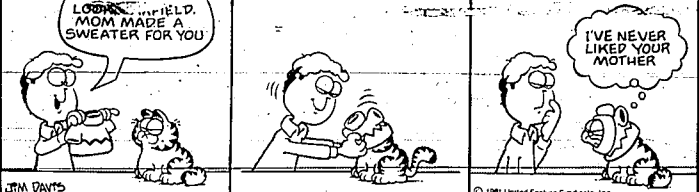

IF YOUR CHILD IS BORN TODAY... he or she will be one of those clever young persons with much organizational ability and should be given a chance to express this quality early in life. Teach not to be critical of others. Sports are fine for teaching fair play.

MAGNAVOX ODYSSEY GAMES

Model 7000

Odyssey2 is a source of fun, games and learning for the entire family. It easily attaches to any TV and telecasts in rich vivid color on a color TV. An alphanumeric keyboard commands the microprocessor video system that is infinitely more sophisticated than ordinary home TV games. A variety of sports, learning and arcade games are now available and more to go on the way. Included with Odyssey2 are two action-packed arcade games and one metal block buster: Speedway, Spin-out and Crypto-Logic.

Almanac

By United Press International
Today is Monday, Dec. 7, the 341st day of 1981 with 24 to follow.
This is Pearl Harbor Day. The moon is moving toward its full phase. The morning stars are Mercury, Mars, Jupiter and Saturn.
The evening star is Venus.
Those born on this date are under the sign of Sagittarius. American novelist Willa Cather was born Dec. 7, 1876.
On this date in history:
In 1787, Delaware became the first state to ratify the United States Constitution.
In 1931, President Herbert Hoover refused to see a group of so-called "hunger marchers" at the White House.
In 1941, Japan attacked the United States at Pearl Harbor in Hawaii, killing 2,400 people and sinking America's most powerful battleships. Japanese air and sea attacks spread to the Philippines, Wake and Guam Islands—and the United States was catapulted into World War II.
In 1975, President Ford proclaimed a new "Pacific Doctrine" in Honolulu, saying American and world security depended upon U.S. "Asian commitments."

Thought for today

A thought for the day: American humorist Will Rogers said: "Everything is funny as long as it is happening to somebody else."

Governor visits Elmora County this Wednesday

MOUNTAIN HOME, Idaho—Gov. John Evans will hold community meetings in Elmora County with elected officials and residents.
The visit is part of Evans' program for a "Capital for a Day" program. Evans says that the meetings are "where we can exchange ideas on how to improve our operations."
The governor will be in Elmora County on Wednesday. They are:
• Breakfast with the Chamber of Commerce at Ferry High School at 8 a.m.
• A meeting with the City Hall at 10:30 a.m.
• Lunch with the Senior Citizens Center at Mountain Home at noon.
• A meeting with students at Mountain Home High School at 1:30 p.m.
• A town meeting at Mountain Home City Hall at 2:45 p.m.
• A meeting with elected officials in the county commissioners' office at the Courthouse in Mountain Home at 4 p.m.
• A dinner with the Mountain Home Chamber of Commerce at the El-Hatch—Restaurant in Mountain Home at 6 p.m.

Dear Abby

Tattletale deserved to be told off

IGAH VAN BUREN
vers: Press Syndicate

DEAR ABBY: When I first read the column, "Concerned Mom," whose daughter reported her 12-year-old neighbor's parents to the police without consulting his parents, I was shocked. The police should not be involved in such a matter. (The police could be doing marijuana plants neighbor's garden.)

Inter column you ran some objecting to your answer.

Letters contained one comment — the illegality of an act, which is not in dispute. The question was: Should the kid have the police without consulting parents? (Note that this was not a

violent crime or one that had to be reported NOW to ensure that the criminals did not escape.)

I think for the boy to have informed the police without consulting his parents was sneaky, disrespectful and plain rotten! Two of the letters praised the boy for informing on his neighbors — one even stated that he should have done so secretly.

That technique is used in Soviet Russia. The children are decorated for informing on their neighbors, and parents too. The Nazis did the same thing in Germany. What a dangerous tradition to establish.

I think your answer was right on, Abby. Don't back down!

— CONCERNED COLLEGE STUDENT

DEAR CONCERNED: Since giving equal time to my detractors, I've

heard from an impressive number of supporters. Thanks to you and all the others who wrote. In my heart I knew I was right.

DEAR ABBY: I've been married for 12 years to a man I thought would always be faithful. Jim was my one and only love, and I thought I was his.

After we had three children, I had a hysterectomy, so there's no chance of my having any more babies.

Last week I noticed Jim was walking funny, and he acted like he was in pain. At first he said nothing was wrong, then he admitted that he had had a vasectomy on his lunch hour!

Abby, since I've had a hysterectomy, why should my husband need a vasectomy?

— DISILLUSIONED

DEAR DIS: Maybe he doesn't trust your hysterectomy.

DEAR ABBY: Because of a recent suggestion in your column, I have made some changes in my choice of Christmas gifts.

I had planned to give all my grandchildren sweaters with their names on them in great big letters.

You pointed out that a child molester could approach a child and, noting the "Linda," "Jimmy" or "Suzie" on the sweater, pretend to be a friend of the family and address the child by name. The child, of course, would then believe the stranger could be trusted.

IT'S FOR YOU

Permit hearing Tuesday

TWIN FALLS — A man's request for authorization to continue building depouhes at his home will be the subject of a public hearing this Tuesday.

Scheduled for Twin Falls Planning and Zoning Commission consideration is Alfred L. Jensen's request for a special-use permit to allow him to engage in home occupation.

LaMar Orton, the city's community development director, said he heard of Jensen's enterprise when a neighbor recently protested, claiming the construction work creates intolerable noise. Jensen lives at 122 Jefferson St.

In other business, the commission will consider Agrigenetics' request to build a warehouse on the firm's property line. The city's ordinance requires a 15-foot setback, but it includes a provision whereby council can review stipulations affecting construction in developed areas.

The commission also will consider two agenda items tabled in November because spokesmen for the parties involved failed to appear at the meeting.

One of the items involves the College of Southern Idaho's request for a permit to authorize a sign at 1060 Washington St. N. The sign prohibits college programs and was selected without the mandatory permit, Orton said.

Also Tuesday, the commission will consider a preliminary plat for Shoshone Center Condominiums at 844 Shoshone St. E. The plat was set prepared because the owners wish to sell part of the building.

Tuesday's meeting will begin at 7 p.m. at City Hall.

When you are confined to a wheelchair, like Lee Ann Emerson is, pumping your own gas is anything but 'quick'

Service aid plan in works

TWIN FALLS — There's a new service available for the handicapped in Twin Falls County, and it's one that won't cost the taxpayers anything.

The program is designed to help the handicapped get gasoline at self-service prices, even though they are unable to pump the gas themselves.

The Mayor's Committee on Employment of the Handicapped is promoting a program whereby service-station employees will pump gas for handicapped drivers and charge them the lower prices normally available only through self-service.

The Governor's Committee on Employment of the Handicapped is encouraging local committees to promote the program, which has the endorsement of the Idaho Service Station Association.

Joanne Kirkpatrick, chairman of the mayor's committee in Twin Falls, said the group intends to ask about 20 service stations, most of them in Twin Falls County, to post signs explaining that self-service prices are available for the handicapped.

Stations that already have posted such signs are Mendofia-Texaco, Matt's Service, Lynwood Chevron Service and Sam Thomas Chevron, all in Twin Falls; Fields' 66 in Buhl; and Gus's Super Service in Gooding.

Responding to a request by the Paralyzed Veterans of America, several states have enacted laws that require service-station operators to assist the handicapped at self-service pumps.

State energy plan hearings set in Twin Falls, Hailey

TWIN FALLS — Public hearings will be held in the Magic Valley area this Wednesday and Thursday, Dec. 9 and 10, on the first draft of a state energy plan.

On Wednesday, the plan will be presented at 7:30 p.m. at the Holiday Inn in Twin Falls. On Thursday at 7:30 p.m., the plan will be discussed at the Blaine County Courthouse.

The Idaho Energy Resource Policy Board, appointed by the governor in September 1980, wrote the plan. It will hear testimony on the 69 specific proposals made in the first draft.

The plan summarizes the major energy issues confronting Idaho, including the availability, cost and social and environmental impacts of various energy sources and the barriers to their development.

Copies of the draft will be available at the hearings. They also can be obtained from the Department of Water Resources, Division of Environment, in Boise.

Hearings were held last week in Boise, Lewiston and Coeur d'Alene. Others are scheduled in Grace, Idaho Falls and Pocatello.

Almost month left in campaign

United Way near 60% mark

TWIN FALLS — With almost a month left to go in this year's campaign, the United Way of Twin Falls County has reached nearly 60 percent of its goal of \$160,000.

Intromountain Gas Co. has pledged \$2,917 this year, which is \$1,000 more than last year's pledge, according to Sandy Thomas, the United Way's executive director.

And one of the major United Way contributors for the last 12 years, the staff and faculty of the College of Southern Idaho, has made a contribution of \$3,857.

As of Friday, \$94,699 had been

pledged, Thomas said. The money is to be divided among 13 agencies. If the goal is not met, the money allocated to each agency will be reduced proportionately, she said.

The member organizations and their allocations are:

- Boy Scouts, \$31,500.
- Sawtooth chapter of the Red Cross, \$26,200.
- Salvation Army, \$24,000.
- The YFCA, \$23,400.
- Camp Fire Girls, \$7,400.
- Magic Valley Alcoholic Recovery Centers, \$4,400.
- Ageless Senior Citizens of

Hansen, Kimberly and Murtaugh, \$4,000.

• Senior Citizen Federation, Twin Falls, \$4,000.

• West End Seniors, \$4,000.

• Girl Scouts, \$3,000.

• Arthritis Foundation, \$2,350.

• United Cerebral Palsy of Idaho, \$2,200.

• Twin Falls County Mental Health Association, \$1,700.

"Your donations are used locally to help people of your own community," said Thomas. "The aged, needy and homeless of our community look to you for support and understanding. Don't let them down."

Drag race accidents near Twin Falls injure 7 youths

TWIN FALLS — A drag race northwest of Twin Falls sent seven youths to the hospital early Sunday morning, according to Twin Falls sheriff's deputies.

The sheriff's office was called to an accident just northwest of Twin Falls a few minutes after midnight Saturday, and when deputies arrived, they found that two accidents had occurred.

Chief Deputy Harold Jensen said that the youths involved in the accidents said they were drag racing just prior to the mishaps.

Of the seven young men injured, three remained in Magic Valley Memorial Hospital on Sunday, all in fair condition.

Hospitalized are: Doug Howard, DeWitt, 17, of Twin Falls, the driver of one of the vehicles; his passenger, Jeff Aslett, 18, also of Twin Falls; and Greg Taylor, 15, a passenger in a vehicle driven by Jeff John Woody, 16, of Filer.

According to the deputies, DeWitt was northbound on 2700 East; about a fourth-mile north of U.S. 30, west of Twin Falls. DeWitt lost control of his

vehicle, causing it to leave the highway and roll over. Other passengers in DeWitt's vehicle were David Detweiler, 18, and Joe Norris, 14, both of Twin Falls.

DeWitt said that Woody, who was driving just ahead of DeWitt, looked in his rear-view mirror and saw the other vehicle roll. While looking back, he lost control of his pick-up truck, and it rolled five times, coming to rest in a barrowed up a few hundred yards north of the first accident.

Darren Lewis, 15, of Filer, the other passenger in Woody's vehicle,

Police ready to return murder suspect to Twin Falls

TWIN FALLS — If Lawrence James Jenkins waives a preliminary hearing in California, he will be returned immediately to Twin Falls to face first-degree murder charges, police Chief Tim Qualls said Sunday.

Jenkins, 43, of Twin Falls, was taken into custody by FBI agents Saturday in Sacramento, Calif., after he contacted a television newsman and said he wanted to talk about a

murder in Idaho. Jenkins is wanted for the Sept. 12 shooting death of Jimmy Lee Legg, 23, of Twin Falls. Legg was shot just before 1 a.m., as he walked out of the Brand Lounge, 1007 Blue Lakes Blvd. N.

Magistrate Judge Mel Edwards signed a warrant for Jenkins' arrest of Sept. 14, after police named him as the murder suspect.

Qualls said Sunday that any further charges in the shooting will depend on questioning of the suspect. He said that about all he knows about the arrest is that the suspect was taken into custody Saturday in Sacramento and remains in the county jail there.

"There isn't much more I can say until we find out if he is going to waive extradition and until we can question him," he said.

Obituaries

Lydia Call

PAUL — Lydia Call, 87, of Paul, formerly of Twin Falls, died Saturday morning at the Burley Care Center.

Born Dec. 22, 1894, at Liberty, Idaho, she married Aaron Call on Dec. 15, 1915, in the Salt Lake LDS Temple. In 1917, they moved from Bonifield, Utah, to Burley, where they farmed south of the city. They sold their farm and moved to Twin Falls in 1946.

Her husband died Nov. 9, 1961. She moved to Paul in January to live with a son.

She was a member of the Daughters of the Utah Pioneers and had been active in the LDS Church all her life.

Surviving are five sons, Dean Call of Paul, Wayne Call of Burley, Merrill Call of Green, Utah, DeVest Call of Twin Falls and O.J. Call of Sandy, Utah; two daughters, Lois Knapp of Idaho Falls and Maxine Garner of Rexburg; a

brother, Arnie McMurray of Salt Lake City; three sisters, Tessa Udy of Niagara Falls, N.Y., Della Murdock of Toppensville, Wash., and Jeha Wilde of Oakley, Utah; 44 grandchildren and 113 great-grandchildren.

In addition to her husband, she was preceded in death by a son. Services will be at 1 p.m. Tuesday in the McCulloch Chapel in Burley, with Leon Garner officiating. Burial will be in Sunset Memorial Park. Friends may call at the funeral chapel today from 2 to 8:30 p.m. and Tuesday prior to services.

Samuel Sanford Graham

JEROME — Samuel Sanford Graham, 72, of Jerome, died Saturday afternoon at Twin Falls Clinic and Hospital after a brief illness. He was born Jan. 20, 1899, in Spencer,

Ind., where he was reared and educated.

He married Marie K. Jensen in St. Paul, Minn., in 1927. They lived there until 1946, when they moved to Indiana. His wife died in 1962, and he moved to the Magic Valley area. For the past five years, he had lived east of Jerome. He was a farmer for most of his life. Surviving are: two daughters, Betty Alumbaugh and Dorothy Stoltz, both of Jerome; three sons, Robert Graham and Jack Graham, both of Solsberry, Ind., and Tom Graham of Largo, Fla.; and 19 grandchildren and 12 great-grandchildren.

Services will be conducted at 11 a.m. Thursday in the Hove Funeral Chapel, with the Rev. W. Daniel Klingler officiating. Burial will be in Jerome Cemetery. Friends may call at the funeral chapel Wednesday afternoon and evening, and Thursday until 10:30 a.m.

Services

RUPERT — Services for Anna Virginia Grace, 74, of Rupert, who died Friday, will be held at 10 a.m. Tuesday in the Hansen Memorial Chapel. Burial will be in the city cemetery in Lewiston, Utah. Friends may call at the mortuary today and prior to the service on Tuesday.

RUPERT — Services for Everett Eugene "Steve" Firkins, 42, of Rupert, who died Thursday, will be held at 10 a.m. Monday at the Burley LDS First and Second Ward Chapel. Burial will be in Rupert Cemetery, with military graveside rites under the direction of the DAV, VFW, American Legion and World War I Veterans. Friends may call at the church one hour prior to the service.

GOODING — Services for Emil Kuntz, 64, of Gooding, who died Friday, will be held Tuesday at 11 a.m. in Demary's Thompson Chapel. Burial will be in Elmwood Cemetery in Gooding. Friends may call at the funeral chapel today from 1 to 2 p.m.

BLISS — Services for Florence Minnie Thompson, 74, of Star Route, Illiss, who died Friday, will be held Wednesday at 2 p.m. in the Calvary Lutheran church in Gooding. Burial will be in Hagerman Cemetery. Friends may call at Demary's Thompson Chapel in Gooding on Tuesday from 1 to 9 p.m.

JEROME — Graveside services for M. Gene Overfield, 68, of Jerome, who died Thursday, will be held Tuesday at 2 p.m. in Jerome Cemetery with the Jerome chapter of the Eastern Star officiating. Arrangements are under the direction of Hove Funeral Chapel. Friends may call at the funeral chapel today from 5 to 9 p.m. Memorial contributions are suggested to the Eastern Star Charitable Fund.

Thursday, will be held Tuesday at 2 p.m. in Jerome Cemetery with the Jerome chapter of the Eastern Star officiating. Arrangements are under the direction of Hove Funeral Chapel. Friends may call at the funeral chapel today from 5 to 9 p.m. Memorial contributions are suggested to the Eastern Star Charitable Fund.

TWIN FALLS — Rosary for Fred O. Newberry, 59, of Twin Falls, who died early Saturday, will be celebrated at 7:30 p.m. Tuesday in the White Mortuary, with Father Henry Wolozyn officiating. The funeral will be held Wednesday at 2 p.m. at the mortuary. Burial will be in Sunset Memorial Park. Friends may call at the mortuary today, Tuesday until 9 p.m. and Wednesday until 1 p.m.

Tampa Bay's Mike Washington stops Atlanta running William Andrews in Sunday's first half.

Williams' bomb put Bucs on top in NFC Central

TAMPA, Fla. (UPI) — Doug Williams sat clutching the game ball and savoring both his personal performance and the Tampa Bay Buccaneers' 24-23 victory over the Atlanta Falcons.

Williams had one of his best days in his four-year career, completing 19-of-23 passes for 236 yards and two touchdowns. The second was a clutch throw to Kevin House good for 71 yards and the go-ahead score midway through the fourth period.

Bucs Coach John McKay called it but he threw it," said Williams. "I got to choose which receiver to throw to and Kevin was the last one I looked at."

But even with the victory that gives the Bucs sole possession of first place in the tightly contested NFC Central Division, Williams said he thinks both he and his team can improve.

Bears upset Vikes, Packers tip Lions more of a zoo—A11

Down 23-17 in the fourth period, Williams hit Theo Bell and the speedy wide receiver outraced the Atlanta defense into the end zone.

Williams' first TD pass came on a 38-yard toss to tight end Jimmy Giles midway through the second period. Williams was 19-for-29 and 336 yards.

Atlanta tailback William Andrews scored twice on runs of eight yards in the third period and two yards in the final quarter. Luckhurst kicked first half field goals of 38, 44 and 32 yards in the Falcons' losing effort.

ensive pass interference penalty will 208 left before Bartowski led the Falcons on their final drive downfield. Luckhurst's first field goal was set up by a punt misbatted by John Holand and recovered by Atlanta's Tom Morfari at the Tampa Bay 41. The Bucs roared right back with a 27-yard scoring drive capped by Eckwood's TD plunge. The score was set up by a 18-yard pass from Williams to Kevin House that gave the Bucs a first down on the Atlanta 14.

On the Falcons' first possession of the second quarter, Steve Bartowski hit Alfred Jenkins for 21 yards and Falcons receiver Willie Francis out of bounds, jammed a Bartowski pass incomplete. The Falcons had to settle for a field goal.

Tampa Bay safety Cedric Brown followed another Atlanta drive midway in the second period when he picked off a Bartowski pass on the Bucs' 15. Bartowski was 34 for 51 and 237 yards for the afternoon.

Williams eighth plays later hit Giles over the middle for a touchdown to cap an 86-yard drive and give the Bucs a 14-9 lead at the half.

Spirited Broncos beat Chiefs, regain AFC West top spot

DENVER (UPI) — Prior to Sunday's game with the Kansas City Chiefs, Denver Bronco Coach Dan Reeves had hoped his team would play with the intensity it showed in the early weeks of the 1981 season.

"It was there today," Reeves said after the Broncos' 16-13 triumph over the Chiefs. "We hustled from the start and executed well and converted our third downs in the first half. We took a giant step today by beating Kansas City. We just have to win our last games."

Going into this week's games, Denver was tied with Kansas City and San Diego for the lead in the AFC West. All three teams had 85 records but by the end of the day, San Diego and Kansas City had fallen to 8-6, and Denver was alone in first place with a 9-5 record.

The Broncos face Seattle and Chicago in their final two games.

"Third downs were our problem. I didn't think we were tight. Denver's third-down plays were tremendously harmful to us, although our defense did stop them in the second half."

Rob Lytle and Larry Canada scored a pair of short-yardage touchdowns in the first half of Sunday's game to pace the Broncos, who were struggling to come back from back-to-back losses.

The Broncos also scored on a 23-yard field goal by Fred Steinfort. For the Chiefs, points came on a pair of field goals by Nick Lowery and a 1-yard TD run by James Hahn.

The outcome was in doubt as late as the 3-minute warning, when the Chiefs drove as far as the Broncos' 22, but linebacker Bob Swenson intercepted a pass by Steve Fuller and ran it back to the Kansas City 48.

The Broncos received the opening kickoff and two plays later, after a holding penalty and a 5-yard loss by Tony

reid, they found themselves bottled up on their five.

But after Dave Preston advanced the ball to the nine, Craig Morton hit Steve Watson for an 86-yard pass, the longest non-scoring completion in the team's history. The play put the ball on the Kansas City five and two plays later, Lytle scored from three yards out.

Morton, who went into the game the league's second-ranked quarterback, completed 16 passes for 278 yards.

The Chiefs took the ensuing kickoff as far as the Denver 16 before being stopped by the Bronco defense.

Lowery, the AFC's second-ranked scorer before the game, missed a 33-yard attempt, giving Denver the ball. Lowery had 103 points going into Sunday's contest.

The Broncos took over possession and held it until early in the second period, but stalled on the Kansas City 11. Steinfort's 23-yard field goal made it 10-0 Denver.

The Broncos' second TD was set up by a 36-yard interference penalty called on Kansas City cornerback

Eric Harris that put the ball on the Chiefs' three. Two plays later, Canada went over from the two but the conversion failed because of a high snap.

The Chiefs finally scored with two quick field goals late in the second half. The first came at the end of a long drive beginning at the Kansas City 20. Lowery kicked his first from 43 yards out and then — following a fumble by Denver's Rick Parros that gave Kansas City the ball on the Denver 27 — he kicked a second from 45 yards out.

The second half turned into more of a defensive contest. The only scoring in the third period was Kansas City's sole touchdown, which came on Hahn's 1-yard run, capping an 80-yard drive.

There was no scoring in the fourth quarter. Kansas City's desperation drive fizzled in the last two minutes when a 57-yard field goal attempt by Lowery, which would have tied the game, went wide to the left.

Philadelphia still waits to enter playoffs Interception return helps 'Skins shock Eagles

WASHINGTON (UPI) — Brought down once by a "quarterback" on an interception return, Monte Coleman wasn't about to let it happen again.

Coleman went 52 yards for a touchdown with 6:39 to play Sunday to give the Washington Redskins a 15-13 upset victory over Philadelphia that stalled the Eagles' NFL playoff hopes.

After picking off an overthrown screen pass, Coleman had to elude one Eagle quarterback Ron Jaworski

to score. A cutback left Jaworski sprawling and Coleman went into the end zone untouched.

"I just yearn to intercept a pass against Dallas and (quarterback) Danny White tackled me," recalled Coleman. "I took a whole lot of grief. While I was running toward Jaworski, that went through my mind."

Coleman said he heard Philadelphia Coach Dick Vermeil trying to call time out before the play.

"I think they wanted either (Wilbert) Montgomery or (Billy) Campbell in the game but they had Booker Russell back there," said Coleman. "Whatever, I'm glad it went like it did."

The Eagles need to win one of their remaining games — at Dallas next week or the season finale at home against St. Louis — to make the playoffs. Washington, however, will be staying home.

"I just wish the game had been on national television instead of regional

so the whole world could have seen the way our team sucked it up and played for pride," said Coleman. "We were knocked out of the playoffs last week but we played harder this week that anyone could imagine. That shows a lot about the guys we have. When we're healthy, we can play with anyone in the league."

Coleman missed five games with a broken bone in his shoulder and

winning streak and could have clinched a playoff berth with a victory.

"It's been about seven weeks since I tasted defeat," said Bengal Coach Forrest Gregg. "And it doesn't taste any better. We played poor football. We showed a lack of complete concentration."

Although they claimed their division title a week ago, the 49ers kept their amazing winning string.

"See REDSKINS, Page A11

Boise State, Bengals play semis at home

The state of Idaho will host both semifinal games of the NCAA Division I-AA football playoffs.

The determinations of Pocatello as the site of the Idaho State-South Carolina State game and Boise as the site of the Boise State-Eastern Kentucky game was made in a conference call Sunday morning involving members of the I-AA football committee.

Game times will be announced today after the NCAA committee meets in Pocatello, which will be nationally televised both games.

The area within a 125-mile radius of Pocatello will be blacked out unless the Mildomde sells out by Thursday evening.

ISU athletic director Babe Cascia said three factors went into the selection of Pocatello as a playoff site for the second straight week:

"We took in the most money of any of the four first-round games, \$50,000 more than anybody else; plus the facility and the outstanding support we've received are all factors taken into consideration."

"Tickets for the Bengals' semifinal contest started to go on sale Sunday for Bengal Foundation members. Season ticket holders can start to purchase their seats today and Tuesday. The Mildomde ticket office will be open from 9 a.m. to 6 p.m. each day.

The general public can purchase ISU playoff tickets starting Wednesday from the hours of 9 a.m. to 6 p.m. Ticket prices are \$6 and \$4.

BSU fans can buy tickets this week at the athletic ticket office or through the mail by sending orders to: Athletic Ticket Office, Boise State University, 1910 University Drive, Boise, 83725.

49ers capture showdown with Bengals, 21-3

CINCINNATI (UPI) — Before Sunday's Cincinnati Bengals-San Francisco 49ers game, San Francisco Coach Bill Walsh said that the Bengals were the best team in the National Football League.

"So what did Walsh have to say after his 'NFC West' Champion 49ers mauling of the Bengals 21-3?"

"Well, he decided the better team won today."

Did that mean Walsh now believes his club is the best in the NFL?

"Oh, no," replied Walsh, who wasn't about to place his championship team. "We're not the best in the league. We're the youngest. We have 11 rookies and 20 new squad members this year."

Asked to explain his statement about Cincinnati being the best, Walsh offered, "They have been playing the best in the league. They're still one of the great teams."

"But many teams have been surprised by us. And we continue to

surprise our opposition because we hit as hard as anyone in the league. Our standard of play is very high."

San Francisco quarterback Joe Montana's standard certainly was high Sunday — as he accounted for all three touchdowns in the game with two passes and a run.

"This was one of our better games," said Montana. "It was especially good because it came against a team that was hot and on a roll."

Cincinnati entered with a 5-game

Gutter ball helps Miller win scratch tourney

By MARY CLEMONS Times-News sports editor

TWIN FALLS — Pocatello's Keith Hansen played the role of Santa Claus Sunday evening to help make Mark Miller's Christmas a bit merrier.

Miller, thanks in part to a 10th-frame gutter ball by Hansen, edged fellow Twin Falls bowler Terry Clark 211-202 Sunday evening to win the monthly "Gals' Scratch" Bowlers' Association tournament at Magic Bowl.

The left-hander pocketed 563-30, a record that will come in handy with the Christmas season.

live strikes and a nine-count in the little game to come from behind as Clark, also a lefty, suffered two spares in his last three frames.

"He's as good of a bowler as there is around here," Miller said of Clark. "I've faced him three times in the finals of these (ISBA) tournaments, and this is the first time I've beaten him."

Hansen, who rolled the high game of the tourney with a 278 in qualifications, almost kept Miller from the all-Twin Falls final. In the game to see who would face Clark in the finals, Hansen opened with five straight strikes and appeared the winner as he lined up for his first ball in the 10th.

He dropped the ball early on his

approach and it went into the gutter before it was halfway down the lane. The sudden switch gave Miller a 230-226 win.

"It was critical, but I still had a chance," Miller said of Hansen's misfortune. "He had to have an open frame for me to have a chance, and it happened. I saw him do it earlier today in qualifying. It was like he might've pinched a nerve or something."

The miscue forced Hansen to settle for third place and \$314.30 while Clark took \$115.50 for second.

Clark was the top qualifier with 1,729 pins over eight games while Miller was second at 1,720. Boise's Jay Aono and Al Pederson of Pocatello finished tied at 1,660 and

Baseball swapping begins: Phils sell Boone to Angels

HOLLYWOOD, Fla. (UPI) — The Philadelphia Phillies started what is expected to be an avalanche of deals in the baseball winter meetings Sunday by selling three-time All-Star catcher Bob Boone to the California Angels.

Boone, 34, the Phillies' regular catcher since 1973 before losing his job to Keith Moreland during the second half of last season, became expendable when the Phillies acquired catcher Bo Diaz from the Cleveland Indians in a trade last month.

The 250-lb. batter, Boone hit only 24 in 76 games last season. Phillies last season — also experienced some difficulty throwing out runners.

the Phillies were planning to get rid of him and had asked General Manager Paul Owens to try and send him to a California team.

"There were a couple of ballclubs interested in Bob," said Owens. "He expressed some interest in returning to California so we worked up a deal with the Angels. Bob did a great job for the Phillies in his career. He was a battler and I, along with (club president) Bill Giles, thought we'd try to follow Bob's wishes and make the deal."

In another transaction Sunday, catcher Buck Martinez re-signed with the Toronto Blue Jays, after testing the free-agent draft. Martinez, 33, signed a two-year contract with the Blue Jays, with the club having the

Seahawks tip Jets in QB's first start

SEATTLE (UPI) — Second-year quarterback Dave Krieg, making his first start as a pro, fired two touchdown passes, including a 57-yarder to Steve Largent for the winning score, and ran for a third TD Sunday to lead the Seattle Seahawks to a 27-24 upset of the New York Jets.

The loss dropped the Jets to 8-5 and out of a first place tie in the AFC East and marked their sixth consecutive loss to Seattle, including a defeat six weeks ago in Shea Stadium. New York, which saw its five-game winning streak ended, fell to third place in the AFC East behind Miami and Buffalo.

Krieg, from Milwaukee College in Wisconsin, was replacing the injured Jim Zorn. He completed 26-of-26 passes for 264 yards. He threw a 7-yard TD pass to Sam McCullum in the first quarter and added the clutch 57-yard scoring throw to Largent in the fourth period just two plays after the Jets had gone ahead.

Largent caught seven passes for a career-high 169 yards to go over the 1,000-yard mark in reception yardage for the fourth straight year.

The Seahawks, now 5-9, also got TDs on Theotis Brown's 21-yard run in the second quarter and Krieg's 1-yard plunge in the third.

New York scored on Richard Todd's TD passes of 17 yards to Scott Dierking and one yard to Kevin Long, a

15-yard run by Dierking and a 26-yard field goal by Pat Leahy.

Seattle opened the scoring after New York punter Chuck Ramsey couldn't handle a high snap from center and the Seahawks recovered the loose ball on the Jets' 11. Two plays later, Krieg hit McCullum slanting across the end zone to give Seattle a 6-0 lead less than three minutes into the game.

Early in the second period, Seattle reciprocated by handing the Jets an easy scoring opportunity when punter Jeff West, attempting to pass on a fourth and 13, threw incomplete to give New York a first down at the Seahawk 12. Todd connected with Dierking with a TD pass but, like the Seahawks, New York flubbed its first extra point attempt to leave it 6-6.

Seattle struck quickly for its second quarter score, marching 73 yards in just four plays. The big gainer was a 48-yard pass from Krieg to Largent, who surmaged off two tacklers to move to New York's 25. After one play, Brown took a pitch from Krieg and went around right end for a 21-yard TD.

Leahy's field goal cut Seattle's lead to 13-6 at halftime.

The Jets took advantage of a pair of Seattle turnovers to take leads in the third quarter and again in the final period. But each time, Krieg was able to rally the Seahawk offense for a go-ahead score.

Bills edge San Diego on Cribbs' touchdown

SAN DIEGO (UPI) — Joe Cribbs plunged one yard for a touchdown in the third period Sunday to lead the Buffalo Bills a 28-27 victory over the San Diego Chargers.

The victory gave the Bills a 9-6 record and moved them into second place in the AFC East, a half-game behind Miami. The Chargers dropped out of a first-place tie in the AFC West with an 8-6 mark.

Cribbs scored with the Chargers leading 24-21 late in the third period after Buffalo took the ball on its 32 and drove 68 yards in nine plays.

San Diego's Rolf Benirschke kicked a 27-yard field goal at 1:11 of the fourth quarter to cut the Bills' lead to 28-27 and the Chargers were moving deep into Buffalo territory in the final two minutes when Chuck Muncie fumbled the ball away at the Bills' 25.

The Bills scored their other TDs on a three-yard run by quarterback Joe Ferguson in the first quarter, a nine-yard run by Roosevelt Leaks in the second period and a one-yard burst by Leaks in the third quarter.

San Diego scored on a nine-yard run by Muncie in the first period, a 17-yard TD pass from Dan Fouts to

Wes Chandler and second quarter TD passes of 17 yards to Wes Chandler and 67 yards to Kellen Winslow. Muncie's TD, his 19th, tied the NFL record for rushing scores in a season held by Jim Taylor and Earl Campbell.

Buffalo tied the score 21-21 at 11:06 of the third quarter on Leaks' 1-yard run, capping a six-play, 67-yard drive. San Diego took the lead 24-21 on its next possession on Benirschke's 29-yard field goal at 7:45 of the third quarter.

The Chargers had taken a 21-14 on Fouts' 67-yard touchdown pass to Winslow with 55 seconds left in the first half. Following an incomplete pass, Fouts dumped the ball to Winslow three yards past the line of scrimmage and the tight end stayed just inside the out of bounds stripe as he raced down the sideline for the score.

San Diego jumped off to a 7-0 lead on its first possession of the game after a 19-yard punt by Greg Carter had set the Chargers up on the Buffalo 46. Muncie capped the seven-play drive with a nine-yard TD run at 11:38 of the first quarter.

Cowboys run through Colts

BALTIMORE (UPI) — Ron Springs scored three touchdowns and Tony Dorsett rushed for 375 yards Sunday to lead the Dallas Cowboys to a 37-13 victory over Baltimore and hand the Colts their 13th straight defeat.

All of Springs' touchdowns came in the first half and the play around Cowboys' 11-3 and leading the NFC East, coasted to the win over the Colts, 1-13.

Springs scored on plunges of one and yards and scored on a 2-yard pass from Glenn Carano, who made his first start of the year filling in for injured Danny White. James Jones added a fourth quarter touchdown when he ran 59 yards with 3:28 left in the game.

Rafeal Septien kicked field goals of 42, 35 and 31 yards to complete the scoring for Dallas.

Both Baltimore touchdowns were scored by Curtis Dickey on a 67-yard burst over tackle in the first quarter and a 27-yard run up the middle in the

third period. Dickey carried 15 times for 130 yards to give the sellout crowd of 54,821 something to cheer about.

With White, the NFC's top-rated passer, out of the lineup, the Cowboys kept the ball on the ground. Dorsett handled most of the running chores, carrying 30 times. For Dorsett, the NFL's rushing leader, it was personal hurt for number of carries.

David Humm made his first NFL start for Baltimore, replacing the injured Bert Jones. Humm completed just 7-of-24 passes for 90 yards.

The Cowboys dominated the first half, scoring the first five times they had the ball to build a 27-6 halftime lead.

Baltimore's hopes for an upset were severely hurt on the first play of the game when a Humm pass was blocked at the line of scrimmage and intercepted by Dallas linebacker Bob Breunig at the Colts' 17. Four plays later, the Cowboys led 7-0 after Springs scored his first TD.

TD on fake punt sparks Cardinals, who maintain wild-card playoff hopes

ST. LOUIS (UPI) — Roy Green had been waiting all week, just hoping the St. Louis Cardinals would have a chance to use the play.

"We knew it was going to happen," Green said. "It was just a matter of getting the right situation."

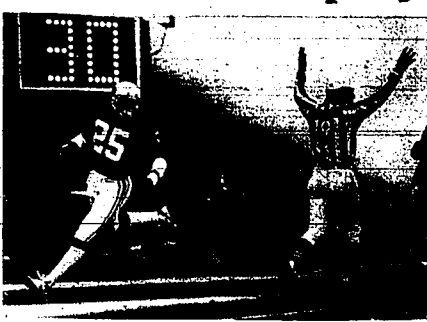

The right situation came four plays into the final quarter of Sunday's game against the New Orleans Saints, with the Cardinals leading 17-3 and facing a fourth down and eight from the New Orleans 44.

"St. Louis lined up in punt formation, but instead snapped the ball to Green, who was standing to the left and one step behind the Cardinals' center. Green circled right end, eluded one defender and ran untouched for 44 yards into the end zone to secure the Cardinals' 30-3 victory.

"We had only punted one time before that and that was deep in our game," Green said. "It was just a matter of me beating the return man."

The win was the fourth in a row for St. Louis — the longest winning streak by the team since 1978 — and evened the Cardinals' record at 7-7. It also kept their slim chance alive for the final wild-card playoff spot in the NFC.

St. Louis Coach Jim Hanifan said

Referee signals Roy Green's 44-yard TD run on a fake punt.

The Cardinals manager said the fake punt was the play that broke the fake punt on films early in the week and had been working on it in practice since Wednesday.

"We fell-if the occasion presented itself to us we were definitely going to go with it," Hanifan said. "It was clean. Nobody even knew he had the thing for about 30 yards."

Green, who was inserted into the Cardinals' secondary on obviously passing downs, stepped in front of Larry Hardy and picked off a Manning pass and returned it 29 yards to the New Orleans 30 to set up a 31-yard field goal by Matt O'Donoghue midway through the fourth quarter.

proposed rules must be directed to the undersigned at least 10 days before the public hearing.

Dated this 23rd day of November, 1981.

First American Title Company, Inc. by: DEXTER D. BALL, JR., Notary Public for Idaho.

Miami defeats Patriots, takes AFC East lead

MIAMI (UPI) — David Woodley brought Miami into sole possession of first place in the AFC East Sunday, knocking for one touchdown and throwing to Eddie Hill for another to lead the Dolphins to a 24-14 victory over the New England Patriots.

The victory, combined with the New York Jets' upset 27-23 loss at Seattle, improved the Dolphins' record to 9-4 and left them alone atop the AFC East. New York fell to 8-5.

New England dropped to 2-12, marking the first time the Patriots

had lost a dozen games in a season since 1970 when they finished at 2-12. It also was the Patriots' seventh straight loss this year and their 14th in a row in the Orange Bowl.

Woodley, who has been struggling lately, threw his first touchdown pass since Nov. 1 to put Miami ahead for good with 56 seconds left in the third quarter, but most of the credit went to Hill.

On third-and-four from the four, Woodley could not find any receivers in the end zone and had to dump it off to

Hill behind the line of scrimmage. Hill bounced off three defenders on the five and darted into the end zone to make it 21-14.

The Dolphins took a 17-14 halftime lead on Woodley's 51-yard sneak and on a fumble recovery and 25-yard return by reserve safety Mike Kozlowski.

New England opened the scoring in the first quarter on a 6-yard pass from Matt Cavanaugh to tight end Don Hasselbeck and then tied it at 14-14 in the third period when Cavanaugh sneaked over from the one.

Giants eliminate Rams from playoffs, 10-7

EAST RUTHERFORD, N.J. (UPI) — Leon Britton's 65-yard punt return set up Joe Daneilo's tie-breaking 19-yard field goal three seconds into the fourth period Sunday to lift the New York Giants to a 10-7 triumph over Los Angeles that eliminated the Rams from playoff competition.

The Rams, now 5-9, had earned a post-season berth for eight straight years but were shut out in the second half to extend their losing streak to five games and costare their first losing season since 1972.

New York, 7-7, which hasn't enjoyed a winning season since 1972, kept its faint playoff hopes alive by rallying from a 7-14 halftime deficit. On Rob Carpenter's half-time touchdown run late in the third period and Daneilo's winning field goal.

The Rams, experiencing their worst season since 1965, were limited to

Wendell Tyler's 2-yard scoring run early in the first quarter.

Daneilo's 19-yarder, which made him 7-for-7 inside the 30 this year, put the Giants ahead 10-7 on the first play of the fourth quarter. The kick came after Britton fielded Frank Corral's punt at his 37 and dashed 55 yards up the middle to the Rams' 58 to set up the winning kick; breaking three tackles along the way.

On the Rams' subsequent possession with a 25-mile wind behind him, Corral was short on a 49-yard field goal attempt with 9:46 left and Lawrence Taylor, New York's star rookie linebacker, intercepted a Pat Haden pass at midfield a minute later to stymie another Los Angeles drive.

The Rams' second chance at a game-tying field goal evaporated when Haden's fourth-down pass was broken up by Terry Jackson at the New York 49 with 1:35 left. Rookie

nose tackle Bill Nellil recovered a fumbled handoff for New York at the Los Angeles 39 with 16 seconds left to snuff out the last threat.

A wind-chill factor of seven degrees, caused by winds that gusting up to 45
