Block pledges aggressive action

By HENRY GOTTLIEB
The Associated Press

WASHINGTON — Agriculture Secretary John Block pledged Sunday to aggressively help farmers secure loans in time for spring planting, and denounced a four-day filibuster by Senate Democrats demanding such action as merely a "political game."

"The short term is right now, between now and planting season. We need quick action. That's why I want the banks to go to work and make these loans and get the farmers in the field."

"The country sees it for the political game that it was," Block said. "The Democrats didn't change anything. They just made a lot of noise and delayed action in Washington and that's just one reason why we don't get anything done out here, when we have important issues on the platter."

The guarantees mean that if a farmer defaults on a loan, the federal government will make good on it, up to a maximum of 90 percent.

every state with a federal program."

Witness hangs himself

The Associated Press

BOISE — A 22-year-old former Aryan Nations member who was to be a prosecution witness for criminal cases involving the white supremacist Aryan Nations hanged himself Saturday in the Ada County Jail, authorities said.

U.S. Marshal Blaine Skinner said Eugene Thaddeus Kinerk was found hanging from a vent by a torn bed sheet shortly after noon.

He was to have been sentenced Tuesday by U.S. District Judge Harold Ryan on a robbery charge stemming from the Nov. 16 robbery of the Pacific Beach branch of the Gary's Harbor Bank in which \$7,152 was taken, authorities said.

He pleaded guilty to that charge Jan. 14 in Boise in U.S. District Court in a plea bargain agreement. Federal officials said they dropped a weapons charge in exchange for the plea.

Skinner said that under federal law, Kinerk was allowed to undergo court proceedings in federal court in Idaho since he was arrested in this state.

"We haven't agreed to recommend any sentence," said U.S. Attorney Gene Wilson. "We've agreed to inform the court of any cooperation he gives us."

Kinerk had threatened escape or suicide the previous day while returning from Seattle, where he testified before a grand jury about the Aryan Nations, Skinner said. The marshal said he did not know what specific cases Kinerk might have testified about.

"It is my understanding that Mr. Kinerk was a witness for the prosecution in criminal cases involving the Aryan Nation organization," Ada County Sheriff Vaughn Kilrenn said in a press release.

Kinerk left a note, Skinner said, but the contents were not disclosed.

Kelly Ward Garner, 25, and Erik Maki, 25, also were later arrested for the robbery. Although no link to the white supremacist group called The Order was found, FBI agents said the trio operated on a similar basis financing revolution with robbery.

The Order has been linked to at least 10 other slayings.

Some of Bart Howe's ideas include a laser for home heating and a windmill, left, that funnels light breezes

Howe wins prizes for laser, wind demonstrations

Seventh grader's models save energy

By DEAN MILLER
Times-News writer

KIMBERLY — Be it a laser or a conning funnel, Bart Howe is putting existing technology to work to save energy.

Howe is a Kimberly seventh grader who won first prize and grand prize at the Kimberly Junior High science fair this month for his laser-based heating system.

By training the laser on a block of iron immersed in a sealed water tank, Howe's system generates hot water that is then run through a heat exchanger to produce hot air for a home heating system.

Steam generated in the tank is piped off and

run through a small steam turbine power generator to augment the household power supply.

Howe says he got the idea from a magazine article describing a similar solar-powered system in West Germany.

In another project, Howe put a funnel to work to increase the utility of a windmill. Putting the large end of a funnel into the wind, Howe's latest science project turns light winds into heavy winds to turn a small windmill faster.

He saw the design while on vacation in Guadalupe, Mexico, where a trailer park owner ran light coastal breezes through a large funnel to drive a small generator.

The horizontally-mounted wind scoop can be turned into the wind to increase the amount of

wind it captures. Down on Guadalupe Bay, Howe says, the wind generally blows in the same direction.

Howe leaves an energy-conscious house every day when he goes to school. The Howes live in an underground house east of Kimberly, built by his father, Leon, with help from Barb.

A glassed-in atrium above ground collects sunlight and heat all day. Howe says the ground insulates the house and holds in the day's warmth.

With work still in progress on the underground house, Howe says his father hasn't considered installing the laser system yet.

"There's a lot to be done with energy. I think about most everything," Howe says.

Union eyes ballot

Right-to-work vote readied

The Associated Press

BOISE — Union leaders and grass-roots workers are poised to launch a petition drive to place a referendum on Idaho's new right-to-work law on the 1986 ballot, union officials say.

Jim Kerns, president of the Idaho State AFL-CIO, said Sunday that Ben Ysura, chief deputy secretary of state, had delivered an approved ballot title for the right-to-work referendum petitions to a two-day strategy session in Boise.

"This is the key to getting started," Kerns said, who predicted widespread support for the movement in Idaho.

"We believe the signs are many that our petition to referendum will be successful," he said, citing the "seriously determined" mood of the petitioners and the number of news editorials opposing the law since its passage.

"We believe there's a strong feeling that the Legislature ran roughshod" over popular opinion, Kerns said. "They just went too fast and really went overboard."

The Boise meetings, which concluded Sunday, were attended by about 150 people who gathered in workshops and seminars to become "fully informed on legal procedures, practical tips and strategies for gathering signatures," he said.

Kerns said 5,000 copies of the petition would be printed, and officials hope volunteers will begin collecting signatures throughout Idaho within two weeks.

Volunteers must gather 32,000 verified signatures to gain the referendum a spot on the ballot in the 1986 general elections, he said.

The Idaho Legislature overrode Democratic Gov. John Evans' veto of the controversial bill on Jan. 31. The

Chernenko appears on TV after long absence from view

By CAROL J. WILLIAMS
The Associated Press

MOSCOW — Soviet President Konstantin U. Chernenko, looking frail, broke a two-month absence Sunday with a television appearance in which he was shown casting his vote for deputies to the Parliament of the Russian Republic.

The 73-year-old Soviet leader, who missed a key election speech only two days earlier because of illness, murmured only a few words during the less than two minutes of film shown on a 2 p.m. news brief.

The same footage was shown again at the start of the national evening news program Vremya (Time). Chernenko's surprise appearance was strictly managed and limited to a handful of Soviet photographers. It contrasted sharply with the election day coverage of Mikhail Gorbachev, who, in the eyes of many Western observers, has emerged as the ruling Politburo's number two man, and other Kremlin officials.

Chernenko and the other 10 Politburo members were all nominees for parliamentary seats, among the deputies being elected to parliaments in

KONSTANTIN CHERENKO Stages surprise appearance

he feels well," would vote at the House of Architects at No. 7 Shekuseva Street, along with Gorbachev.

Sunday morning, officials at the building said Chernenko would not appear there. His whereabouts were not disclosed.

The official news agency Tass reported in a story that "Konstantin Chernenko came to a polling station in Krasnopresnensky district," without elaborating.

A Soviet journalist noted that "under our election system, when a voter for some reason cannot go to the polling station, a ballot box can be taken to them."

Chernenko voted in a room undecorated except for a bust of Lenin sitting among some potted plants. There were no other voters shown entering or leaving the room, and none of the people pictured wore coats or other outerwear that would indicate they had recently been outdoors.

Although the telecast did not show Chernenko walking or speaking more than a couple of syllables, it served to dispel rumors that a stroke left him without the ability to speak.

Lawmakers shooting for adjournment in two weeks

By QUANE KENYON
The Associated Press

BOISE — After seven weeks of work, leaders of the 1985 Idaho Legislature want to make this week the next-to-last one this session.

But a lot of issues keep getting in the way of legislators with the intention of getting work done early and adjourning.

Such as education funding. A lot of proposals for public school funding, and for the colleges and universities, surfaced at the end of last week. But if there's a consensus building for any of them, nobody's talking about it.

"We're discussing the budget," said Senate President Pro Tem James Risch, R-Boise, "and we'll keep discussing the budget."

The Joint Finance-Appropriations Committee has public school funding on its agenda for Monday, but Rep. Kathleen Gurnsey, R-Boise, says the panel will have to wait to see if any revenue bills are approved, before getting into higher budgets for schools.

IDAHO LEGISLATURE 1985

"We'll give it a few days and see if any revenue bills surface," said Mrs. Gurnsey, R-Boise, co-chairman of the committee.

Some of the budget proposals surfaced Friday would require at least \$10 million in new state revenue. And that's where the House Revenue and Taxation Committee comes in.

Rep. Steve Antonio, R-Rupert, chairman, said he expects legislation requiring corporations and businesses to remit taxes on a quarterly basis may reach the House floor for a vote by next week. That measure is to come up for preliminary discussion in the Tax and Monday. It would raise \$9 million in extra revenue.

All the action this week won't be in the Tax and Tax.

The House State Affairs Committee expects to hear from at least three northern Idaho union miners on whether they favor a state law allowing miners to work 10-hour days, with overtime.

The Idaho Mining Association and mine officials have been urging the committee to approve a change in half-century-old laws saying eight hours must be the normal work day for miners. They claim it would allow flexibility in work schedules, such as allowing workers to go to four 10-hour days with three days off.

Mining executives claim at least some miners like the idea; state AFL-CIO President Jim Kerns says there's little enthusiasm for it among unions.

The committee is expected to hear from both union miners from the Silver Valley and at least one miner who favors the idea.

Up for final action in the House is a Senate-passed bill that may raise as the "sleeper" of the session.

There's been little notice given. See LEGISLATURE on Page A2

Governors ready to support federal spending freeze plan

WASHINGTON (AP) — After getting pessimistic reports from the chairmen of the Senate and House Budget committees, the nation's governors gave preliminary approval Sunday to a resolution calling for a federal budget freeze.

On a last minute vote, the executive committee of the National Governors Association called for inclusion of Social Security cost-of-living adjustments in the freeze. Only Govs. Robert Graham of Florida and Richard Lamm of Colorado opposed the Social Security COLA freeze.

Sen. Pete Domenici, R-N.M., chairman of the Senate Budget Committee, told the governors that a freeze would not be enough to bring the federal deficit below \$150 billion.

Rep. William Gray III, D-Pa., chairman of the House Budget Committee, agreed that the freeze would not be enough to achieve the president's goal of a \$50 billion reduction in federal spending in the next fiscal year.

The budget resolution adopted by the executive committee was a bipartisan compromise that eliminated specific dollar recommendations many Democrats had been pushing.

The resolution also included endorsement of a balanced budget constitutional amendment as well as of giving the president authority to veto individual items in appropriations bills.

It was worked out by Gov. John Carlin of Kansas, a Democrat who is chairman of the National Governors Association, and Gov. Richard Thornburgh of Pennsylvania, chairman of the Republican Governors Association.

Asked later whether he thought the changes weakened the resolution, Thornburgh said, "I don't think you can get much stronger than saying (to Congress and the president) you've got to balance the budget."

Thornburgh was the principal backer of the balanced budget amendment.

Agent kidnap suspect left Mexico

WASHINGTON (AP) — An alleged Mexican marijuana grower suspected in the kidnaping of a U.S. drug agent left Mexico over the weekend with the help of Mexican police, the head of the Drug Enforcement Administration said Sunday.

DEA Administrator Francis M. Mullen Jr. identified the man as Rafael Caro-Quintero, "one of those whom we suspect, one of those traffickers involved in the kidnaping" of Enrique Camarena Salazar, a DEA agent abducted at gunpoint Feb. 7 in Guadalajara.

Mullen, appearing on ABC-TV's

"This Week with David Brinkley," said the DEA received information that Caro-Quintero boarded an aircraft for Guadalajara on Saturday night despite attempts by Mexican judicial police to detain him with a warrant.

"We have now learned he had as protection members of the (Mexican) Department of Federal Security," Mullen said, referring to the Mexican equivalent of the FBI. "We have an element of the police letting this individual go..."

"He is the individual who is responsible for the plantation where 3,500

tons of marijuana were located in Mexico," he said. "This concerns us, and we wonder why he was allowed to leave."

Mullen continued his criticism of Mexican law enforcement officials for their response to the kidnaping of Camarena, whose fate remains unknown.

"I believe they're actively searching for him now," Mullen said. "I do not believe that they were doing so at the outset... It's my belief that this case should have been solved and should be solved."

Khadafy, Farrakhan tell gathering to help destroy white-run America

CHICAGO (AP) — Libyan leader Moammar Khadafy on Sunday urged black U.S. servicemen to leave the military and create a separate army because the United States "must be destroyed."

Khadafy, in a 40-minute speech sent live to a Nation of Islam convention via satellite from Libya, urged U.S. blacks to fight for an independent state because they have been excluded by whites from political and social life in the United States.

"This country (the United States) must be destroyed," Khadafy said. "They (whites) refuse to accept you as American citizens. This means you are obliged to create a separate and independent state. The whites force you to do this by refusing you in political and social life."

The Rev. Willie Barrow, acting director of Operation PUSH, was the crowd, made up mostly of blacks, who attended the 1985 International Savior's Day Convention at an armory on the city's South Side.

Attendance was estimated at 12,000 by Abdul Wali Muhammad, a Farrakhan spokesman.

"I'm here because I love my brother, Minister Farrakhan," Ms. Barrow told the crowd. "He's one of the greatest, most outstanding leaders of our day."

Black Muslim movement in the United States. He claims Islam as his religion and preaches black supremacy and separatism.

Farrakhan, who supported the 1984 presidential campaign of the Rev. Jesse Jackson, founder of Operation PUSH, said the news media distorts Khadafy's views, making him into "a living monster."

MOAMMAR KHADAFY Tells blacks to leave military

Carbide to fight lawsuits

CHARLESTON, W. Va. (AP) — Victims of a poisonous gas leak in India should agree to an out-of-court settlement because Union Carbide will "fight right to the end" if they try to prove the company was at fault, the company's chairman said in an interview published Sunday.

Chairman Warren Anderson, in an interview published in the Charleston Gazette-Mail, said a negotiated settlement would avoid years of entangled court proceedings. He said his company has no intention of ducking responsibility to the victims of the leak from a Carbide plant in Bhopal, India.

U.S. lawyers have filed billions of dollars in lawsuits against Union Carbide on behalf of victims of the Dec. 3 methyl isocyanate leak in Bhopal, where more than 2,000 people died and thousands of others were injured.

Carbide's plant at Institute, W. Va., also produced the chemical, used in insecticides.

Many of the suits claim negligence by Carbide, which owns the Bhopal plant in partnership with the Indian government.

Dental find takes out pain

CHICAGO (AP) — The unerving, high-pitched whir of the dentist's drill may soon become a sound of the past, says the head of a dental products company that has introduced a system to dissolve cavities painlessly.

The chemical solution dissolves cavities as the dentist gently scrapes the decay, said Roderick L. Mackenzie, chairman of Princeton Dental Products Inc. of New Brunswick, N.J.

"It will be a less painful, less apprehensive experience for the patient," Mackenzie said. "It's the best news for dental patients since the high-speed drill replaced the low-speed drill in 1950."

The company displayed its wares at the Chicago Dental Society's annual scientific meeting over the weekend.

Low snowpack levels bode ill for irrigators

By BONNIE BAIRD JONES
Times-News writer

TWIN FALLS - The lack of precipitation during January, one of the driest Januaries on record, has left most of the state's snow courses at no better than about average in moisture content.

The February water supply outlook for the state Soil Conservation Service snow survey office shows that snowpack conditions that were above to well above normal at this time last month, now range from below to only slightly above long time averages. If Idaho irrigators are to have an adequate supply in the coming season, February will have to produce

above-normal precipitation, forecasters say.

The SCS report says higher elevations are reporting less than 25 percent of their normal January increases in snow and water. Lower elevation reports are about 25 to 50 percent of increases usually made during January. Basin snowpack conditions now range from a low of 68 percent of the average on Little Lost River and Beaver-Camas Creek drainages in eastern Idaho to 122 percent of average on the Owyhee basin in south western Idaho.

Just how dry January was, conservationist say, is illustrated by Idaho City conditions where only 4 percent of normal precipitation was received. Ketchum was little better, get-

ting only 8 percent of normal for January this year.

Boise recorded its second driest January since records began in 1861. Generally statewide precipitation amounts were 25 to 45 percent of what the month usually produces.

Weather officials blame a strong temperature inversion that remained over much of the state throughout January, which was also unusually cold in lower elevations while higher mountain areas had temperatures in the 40s and clear skies.

In spite of the dry month, water supplies are still good. Storage reservoirs that serve the state are about 106 percent of normal as of late. Salmon Falls Creek with 296 percent of

normal is the record high in storage while north Idaho's Coeur d'Alene Lake is the lowest with only 22 percent of normal for February.

Soil moisture content is above normal in southern Idaho, while stream flow forecasts have been cut back considerably over the Jan. 1 forecasts.

Jackson Lake with a capacity of 624,400 acre feet of storage has 275,400 acre feet in storage now. Palisades, 1.2 million acre feet capacity is now at 929,000 acre feet; American Falls reservoir, 1.7 million acre feet capacity contains 1.2 million acre feet.

Other reservoirs serving Magic Valley include Little Wood, 20,000 acres foot

capacity now storing 21,000 acre feet; Magic Reservoir, 191,500 capacity, now with 142,500; Oakley, 74,400 capacity, 42,300 stored; Salmon Falls, 102,600 capacity, 131,000 stored.

Stream flow forecasts for Little Wood River averages about 78 percent of normal and Big Wood River should have 80 to 87 percent of normal going into Magic Reservoir.

The Snake River up stream forecasts include 90 percent of normal stream flow at Heise, 89 percent at Palisades and 100 percent on tributaries at Ashton, Rexburg and St. Anthony. Stream flow into Oakley reservoir is forecast at 118 percent of normal and at Salmon Dam 100 percent of normal.

Bill Heaps, who's been Filer Middle School principal for 24 years, says he's particularly enjoyed the students he's been in charge of the past few years

Heaps steps down as Filer principal

After 30 years, he says schools, teachers, education are better than ever

By FERRY RICH HARTLEY
Times-News correspondent

FILER - With three decades of school teaching and administering behind him, and retirement just ahead, Filer Middle School principal Bill Heaps has been a witness to the changing world of education and its main characters - students and teachers.

Reminiscing about his 24 years in the Filer school system along with three years in Kansas and another three in California, Heaps thinks that both students and teachers are better now than ever.

"Don't get me wrong. We had some outstanding teachers back in those days, too," he says of earlier times. "But teaching has improved. And, as a rule, teachers are more intelligent and more prepared now," he explains.

Laughing, Heaps says of the beginning of his career, "If you were a warm body they'd let

you in. Even if you were semi-cold," adding that supervisors sometimes got desperate to fill teaching roles. Especially those in science.

In fact, Heaps had spent only three years at Bethany College in Lindsborg, Kansas, before becoming a seventh- and eighth-grade teacher and principal in that state from 1947 to 1950. A social studies major with a minor in physical education, he says he was put to work as a science and math teacher before being drafted into the Army and sent to Europe with the occupation forces.

Returning to the U.S., Heaps studied at the Colorado College of Education at Greeley to earn a master's degree in elementary supervision before moving with his new wife, Carlene, to Filer to resume his teaching career.

The educator taught at the old Filer Junior High for nine years, and in the last year he was also coach on the football, basketball and track teams. That was the last season Filer still had to play against the larger conference teams including Twin Falls, and he describes it as "a very discouraging year."

Dismaied also that the Legislature wasn't going to do anything about Idaho's low salaries, Heaps says that he moved his family to San Jacinto, California, where he taught and coached for three years before deciding it wasn't where he wanted to bring up a family.

It was during the middle 1960s, and he remembers having to be escorted into and out of towns where his team played. He recalls a time when "Hugs" tried to enter his school's band out of the stands to fight.

With the opportunity to buy a small acreage outside of Filer, Heaps returned to Filer for good. He has been principal of the Filer Middle School since its inception in 1967.

Of the students, he says, "I would hope that

when they're through, they look back on me as a friend. But when they're here, I want authority." He notes that it's important for teachers, parents and administrators to be consistent in the use of authority.

"They (students) want to be told 'No' when they get out of hand," he says, adding, "I tell teachers, 'They don't have to like you, but they do have to respect you.'"

The long-time principal feels good about today's students. He says there was a period in the 1960s when it was "really a rebellious time," but that was a trend and kids of the last two and three years have "been great!"

On retirement after this semester, Heaps is optimistic. Enjoying golf and travel, and with his five children grown, he and his wife have moved into a mobile home and own a motor home to travel with. He plans to travel, possibly to some substitute teaching, keep active in church and enjoy life.

Student skills win in contest

By INA HADAM
Times-News correspondent

EIDEN - Six Valley High School students who competed in the regional contest of the Idaho Academic Decathlon held at Boise State University earlier this month earned the right to go back for state competition in March.

The students' coach, Dale Hammond, said the competition was a "grueling" six- to eight-hour ordeal and the students all had "brain burn out" when it was over.

The decathlon is a nationwide program and Hammond says this is the first time Idaho students have participated. He said Valley High School was the only Magic Valley school to compete.

Hammond said it is not just for students with top grades, but has three divisions - the scholastic group for A students, an honor group for B students and a varsity group for students with C averages.

The six students will compete in March are Mike Rice and Scott Sorenson in the scholastic group, Renee Landreth and Holly Lockwood in the honor group and Mark Maler and Curt Crumrine in the varsity group.

These students started preparing themselves in December by each spending 30 to 50 hours of extra study and work on their speeches, Hammond said.

"Hammond says the competition is set up like a regular Olympic decathlon with 10 areas of study and scoring of 1,000 possible points per area.

Written exams are given in the areas of math, science, fine arts, literature and grammar, social science and economics.

Then three demonstrations of communication skills are required a written essay, public speaking and an interview.

Students must write an essay and are given a choice of three or four topics.

Helping Hammond with the coaching of students were teachers Jon Hunt, Becky Rudolph and Carol Heiser. The school district provided the transportation and expenses for these students to compete, he added.

Buhl man files claim over abuse case

By PAT MARCANTONIO
Times-News writer

TWIN FALLS - A Buhl man who says he was falsely accused of sexually molesting a 4-year-old girl has filed a \$73,476 claim against Twin Falls County officials.

Steve and Dee Hall of Buhl filed the claim last Friday naming the commissioners, Prosecutor K. Ellen Baxter, former prosecutor Harry DeLaan, former deputy prosecutor Dennis Voorhees, Sheriff Jim Mann, Chief Deputy Sheriff Harold Jensen, the State Department of Health and Welfare and its investigator Dianne Warner.

The claim alleges that Hall's constitutional rights were violated when he was arrested in March on a felony charge of lewd and lascivious

conduct with a minor under 16. The alleged incident took place between July 6 and Dec 19, 1983, according to a complaint filed against Hall.

Hall pleaded not guilty and a trial was scheduled for Jan. 9.

A Jan. 8 hearing, however, the felony charge was dismissed at the request of the prosecutor's office because the girl was not competent to testify.

Hall claims the arrest warrant was based on an interview with the girl. The prosecutor's office should have required more corroboration and/or evaluation of the child before issuing the complaint, the claim states.

Attached to the claim is a copy of the results of a lie-detector test Hall took at his own expense. The test concludes that Hall was innocent of the

charges, the claim states.

Hall also alleges that he was not given the opportunity to explain his side of the story during the investigation, which was "devised completely" after the interview with the girl. There was no supporting evidence such as a medical examination, he claims.

Baxter, who had taken over the prosecutor's office from DeLaan, also refused to re-evaluate the investigation, Hall alleges.

In addition, warrant information stated he would face prosecution or fail to respond to a summons despite his voluntary attempt to talk with Jensen, Hall claims.

The Buhl county also accused the county officials of improper arrest, failure to properly inform him.

Car club changing its membership rules

By BONNIE BAIRD JONES
Times-News writer

TWIN FALLS - Car enthusiasts can now join the Magic Valley Early Run automobile club even if the car in their lives wasn't built in the pre-1988 era.

Members of the club met recently to revise the by-laws that have in the past kept members with newer than 1988 cars from membership eligibility.

Club president Chris Janick of Twin Falls said the members voted Feb. 11 to open membership to owners of "special interest" cars, subject to certain requirements and approval of the board of directors, which also acts as the membership committee.

"We won't accept showroom vehicles," Janick said. "The owners have to have done some work on the cars and they have to be of special interest."

He said anyone wishing to join the club should attend a meeting and discuss their interest in membership with the group. The membership committee will determine the individual's interest in club activities and check out the cars, Janick said.

The club that now has about 22 members, meets the second Mon-

day of each month and is currently meeting at 8 p.m. at Mc-N-E-P's Pizza Parlor on Blue Lakes Boulevard North. The next meeting is March 11.

"We felt we needed some additional members and probably some new blood in the club," Janick said. "Our goals are to further interest in street rodding and cars of special interest. We feel cars mean a lot to the American public and we want to keep interest in the sport alive."

The club stages a car show at the College of Southern Idaho Expo building each April with CSI Judo Club as sponsors. The ninth such yearly show will be April 20-21 this year with entries to be mailed out by the end of this month.

The club also holds a summer rod run that ends with a display at the Twin Falls City Park.

Money raised from the annual car show is used by the non-profit club to help community activities. Donations usually include a \$1,000 gift to CSI each year and are included assistance to the Cancer Society, Easter Seals and the YFCA in Twin Falls.

Anyone interested in participating in the April show may contact Janick at 733-9109.

Jerome vet honored for work on birds

By INA HADAM
Times-News correspondent

JEROME - A former Jerome man has been named Idaho's Veterinarian of the Year.

John C. Lee of Meridian received the award during a recent meeting of the Idaho Veterinary Association held in Sun Valley.

He was selected by the Idaho State Veterinary Medical Association for service to his profession and community, and special contributions in the care and rehabilitation of sick or injured birds of prey.

Lee started his practice in 1959 on a 15-acre farm west of Meridian. His wife, Luann, says small animal surgeries were performed on the family living board and many animals were cared for by family members in the farmhouse kitchen during

those early years.

Eventually, the Lees converted their two-car garage into the home of the Idaho Veterinary Clinic.

Lee is the son of Helen Lee and the late Dick Lee and grew up on his parents' farm southeast of Jerome, known as Idaho's Milkking Shortfours.

He began his work with birds of prey in 1970 when his children found a red tailed hawk with a broken wing.

The children made arrangements to take the bird to Morlan Nelson, a local falconer known as "The Eagleman" who was retired from the Bureau of Land Management.

Lee says he tagged along with the children because he knew of Nelson's reputation and wanted to meet him. Lee said he thought he could get the wing, but knew nothing about caring for

birds.

Nelson told Lee he had been looking for someone like him for 20 years and would be glad to coach him on care, if Lee would consent to set the wing.

Since there was little published information on birds of prey, Lee's treatment was largely experimental - but successful to the delight of his children.

"As often happens, a chance meeting began a long time association, and a completely different field of specialization.

Lee laughs as he says "I grew up on a farm with chickens and I didn't want anything to do with birds."

However, word of his success spread and because there was no one else to aid sick or wounded birds of prey, Lee began treating,

HONEST SAVINGS!

President thanks Abby for efforts

DEAR ABBY: Although I've enjoyed your column for many years and consider myself a fan, I haven't often had the occasion to sit down and pen a "Dear Abby" letter of my own. But like most of your readers, I have some hope I'll see my message in print anyway.

As a result of your plea in a recent column, I received an avalanche of big hugs, greetings, I deeply appreciate this outpouring of friendship and good will. The response by your readers to your request was truly heartwarming, and I hope they'll understand why I cannot possibly thank them all individually for helping make this Feb. 6 especially memorable. Please pass on to your readers my gratitude for their many cards and kind words.

I am also grateful to you for taking the opportunity to encourage public support for the important work of the March of Dimes. As you know, January 1985 was March of Dimes

Abigail VanBuren
Dear Abby

Birth Defects Prevention Month. In honor of this observance, I urged all Americans to support the efforts of this organization in the battle against birth defects. The response to this call, especially as shown by the mail we received at the White House, has been truly outstanding.

Although we cannot acknowledge the many writers who sent contributions to the White House for the March of Dimes, I want you and them to know that we have turned over their donations to the March of Dimes Birth Defects Foundation for use in its research program.

Your readers can best help the

March of Dimes in the future by sending donations directly to: March of Dimes, Birth Defects Foundation, P.O. Box 2000, White Plains, N.Y. 10602. This will alleviate any delay in those contributions reaching the March of Dimes, and it will also solve the tremendous logistical problems that arise when monetary items of any kind are sent to my attention at the White House.

Thanks again for all the birthday greetings, and God bless you and your many readers. Sincerely,

RONALD REAGAN
DEAR MR. PRESIDENT: Thank you for your gracious letter. The March of Dimes is profoundly grateful to you for making this year's March of Dimes the most successful since its goal has been the prevention of birth defects - our nation's No. 1 child health problem.

 What's what

Seals have had breath All the time. It's awful.

Where you find an eagle eating a snake on a cactus, there you will find your city. That's what the hummingbird god allegedly told the ancient Aztecs. Too bad. Those Aztecs found just such an omen in a swampy place later called Lake Texcoco. And they started what turned into Mexico City.

Residents have been trying to fill soft spots there ever since. Any surveyor will tell you the eagle-eating snake method is the poorest possible way to pick a townsite. Yet that particular town is turning into the largest in the world.

It's not an insect. If it doesn't live inside a hard skeleton.

ONE NATION ONLY

Q. Quick, what's the only country named in honor of a person?
 A. Saudi Arabia. Now. Also, once, there was Rhodesia. No more.

Students of ancient history, please note: Residents of Arizona's Phoenix call themselves "Phoenicians," too.

Q. How many airplanes crashed in Alaska last year?
 A. In 1984, 198.

If every man, woman and child in the United States smoked cigarettes, they'd still be outnumbered by the cigarette-smokers in China.

SKI JUMP

Pitman every time you turn on a TV sports show now, you see some ski

jumper doing somersaults in mid-air. This is relatively new. Nobody had ever jumped to contusions like that on purpose when your dad was a lad. First such widely seen ski somersault came along about the time of The Beatles. It was unheard of even in the heyday of Elvis Presley.

An ostrich egg is 1.6 percent as heavy as the ostrich. A hummingbird egg is 15 percent as heavy as the hummingbird. See? Egg laying takes a lot more out of a hummingbird. I mean it's harder work.

Almost half the people in Mexico get by, or try to, on less than \$4 a day.

Aw, Cynthia, a house mouse is ready to breed when it's little mopey than a month old.

Daily Horoscope

GENERAL TENDENCIES: Now you have a good day and evening to start the week on a constructive note by being very practical and making whatever plans are possible to increase your assets and your property.

GEMINI (May 21 to June 21) A good day to confer with a wise adviser and plan the future intelligently, both in business and in personal life.

MOON CHILDREN (June 22 to July 21) You are able to gain desires that mean much to you, but you need the assistance of one who is secretive.

LEO (July 22 to Aug. 21) You need backing for some project and should go to the bigwig you know and get it

VIRGO (Aug. 22 to Sept. 22) Take that trip that can help to improve your position in the world and bring more security.

LIBRA (Sept. 23 to Oct. 22) Consult those in business who can help you to become more affluent and put the ideas in operation.

SCORPIO (Oct. 23 to Nov. 21) If you are more agreeable with a stubborn partner, you can get fine cooperation today.

SAGITTARIUS (Nov. 22 to Dec. 21) Plan how to make your work more efficient and add extra touches for good measure.

CAPRICORN (Dec. 22 to Jan. 20)

Planning for the entertainments you want to enjoy is wise, but count the cost well.

AQUARIUS (Jan. 21 to Feb. 19) Plan how to make your abode more functional as well as comfortable and add bric-a-brac also that is charming.

PISCES (Feb. 20 to March 20) Get assistance from a bigwig who can help you to improve routines considerably. Then get busy on the work involved.

IF YOUR CHILD IS BORN 'TODAY...he or she will be able to understand anything that is practical and will know how to handle money and property and will do very well in business. Teach early to be more flexible and not so hard-headed. Give good spiritual grounding early in life.

Prince entourage's rentals on tour in California features exotic variety

MARINA DEL REY, Calif. (AP) — Members of rock star Prince's entourage are renting 19 fancy cars while on tour here, but the man himself apparently prefers his purple limo.

The rental, which includes Ferraris, Mercedes, BMWs, Jaguars and Corvettes, is the largest such deal for the Budget Rent-A-Car agency here, chairman Corky Rice said Saturday.

The Prince organization arrived in Southern California last week.

"One of my guys who solicits business happened to run into somebody from the Prince organization and mentioned that we have all these exotic cars," Rice said Saturday.

Among the cars rented are the red Ferrari seen on CBS-TV's "Magnum, P.I." and the white Corvette driven by the character "Face" in NBC-TV's "The Team," Rice said. Prince was not among the renters, he said.

Yoko, George, Ringo sue Paul for royalties

LONDON (AP) — John Lennon's widow, Yoko Ono, and former Beatles George Harrison and Ringo Starr have filed an \$8.6 million lawsuit against Paul McCartney alleging breach of contract, a newspaper reported Sunday.

The suit, filed in New York, said McCartney earns more royalties from the Beatles' hits than the other three Beatles, said the Sunday Mirror.

The newspaper said the suit alleges breach of position of trust, breach of contract and other wrongs.

The paper quoted Bob O'Neill, legal spokesman for CapitolEMI Records, as saying McCartney's extra money

PRINCE
Sticks to purple limo

came from the record company's cut and did not affect the other Beatles' shares, the paper said.

There was no answer Sunday to calls to spokesmen for the British firms that handle business for the three surviving former Beatles. Home numbers are unlisted for McCartney, who has farms in Sussex, England, and in Scotland, Starr, who lives near London; and Harrison, who lives in Oxfordshire.

Mountbatten, wife unfaithful: report

LONDON (AP) — Lord Louis Mountbatten, British soldier-

statesman and cousin of Queen Elizabeth II, confided that he and his wife, Edwina, were constantly unfaithful, according to excerpts from a biography published Sunday.

"Edwina and I spent all our married lives getting into other people's beds," Mountbatten, who was assassinated by the Irish Republican Army in 1979, is quoted as telling civil service chief Sir Robert Scott.

The Sunday Times began serializing the official biography by Philip Ziegler, which is due to be published in March.

The newspaper said Ziegler is the first biographer to have access to the personal correspondence of Mountbatten, whose marriage was rumored to be near divorce several times. The couple had two daughters.

Mountbatten was a beloved royal relative, World War II commander in southeast Asia and the last viceroy of India, overseeing its independence in 1947. His wife died more than 20 years ago.

Illegitimate child receives inheritance

GLASGOW, Scotland (AP) — A 3-year-old boy who lives with his mother on welfare has been granted an \$819,000 inheritance after a court acknowledged him as the son of an aristocrat who shot himself.

The boy, Tommy Craven, was acknowledged as the son of the 7th Earl Craven, who died in 1983 at 26.

Because the boy is illegitimate, he will not inherit the earldom. The title has already passed to the earl's brother.

Tommy's mother, Anne Nicholson, once lived with the earl, whose name was Thomas Robert Douglas Craven.

Both heart patients better; Haydon tries portable drive

LOUISVILLE, Ky. (AP) — Murray P. Haydon completed his first week with an artificial heart Sunday, and his doctors reported no major medical or mechanical complications.

"The heart is working perfectly and all of Haydon's vital signs are normal. He also has been spending some time on the portable drive," said Robert Irvine, spokesman for Humana Hospital Audubon.

Irvine said that William Schroeder, the world's only other living implant patient, shared the weekend with his family and attended an informal party for his son, Terry, in the doctors' lounge.

Irvine's taped briefing made no mention of discussions with the family about releasing Schroeder, but Dr. William DeVries, who implanted the devices in both men, has said it is possible his departure could come this week.

Haydon sat in a chair for 20 minutes Saturday and later, for the first time, was connected to the 11-pound portable Heimes driver. It powers the heart in place of the bulky 370-pound Utahdrive system to which Haydon had been tethered since the surgery.

"We expect to be using the Heimes driver on him

again today," Irvine said. "His kidney function continues to improve and he is now taking all the food he wants by mouth, which should help resolve the problem. Dr. DeVries will then order solid food for the first time."

Haydon, a 58-year-old retired Louisville auto-assembly worker had been bothered by mild kidney failure which doctors attributed to a lack of fluids.

"He is progressing as expected," Irvine said. The 53-year-old Schroeder "enjoyed himself immensely" at the party for his son, Irvine said. "He stayed there two and one-half hours."

Terry Schroeder is scheduled to wed Julie Schnarr on March 16, and his father has said he wants to return to the family's hometown at Jasper, Ind., for the ceremony.

Schroeder, who received his metal and plastic heart Nov. 25, will be moving with his wife Margaret to a specially equipped apartment in a four-unit building across the street from Humana.

Schroeder will receive 24-hour nursing care in the apartment until he is well enough to return permanently to Jasper, 75 miles from Louisville.

Heiress trying to give money away

CAMBRIDGE, Mass. (AP) — A 30-year-old heiress says she's learned to accept rejections of her attempts to share her wealth, which was derived in part from South African mines. But Charlene Englehard persisted, and this time there are indications that her philanthropic effort is appreciated.

Ms. Englehard, an artist herself, has created an annual prize for artists.

"I don't think my accepting will further apartheid," said John Imber, one of the 11 artists recently selected as prize winners. "Charlene inherited the money, and I think this is one of the best things she could do with it. She's just trying to help artists."

Added painter Nan Freeman, one of the judges for the contest, "I thought

hard about the political thing and concluded that later generations shouldn't be punished for the sins — if they are that — of an earlier one. I'm convinced Charlene is a fine woman, morally above reproach."

In 1978, while an undergraduate at Harvard College, Ms. Englehard and her sisters gave \$1 million to fund an Englehard Library at the John F. Kennedy School of Government. Some of her fellow students protested the name.

After negotiations, Harvard kept the money and put up a plaque that thanks the Englehard Foundation. But the library is called the John F. Kennedy Library.

Last September, Ms. Englehard's proposed gift of \$50,000 to the Cam-

bridge Arts Council ultimately was rejected because of the South African connection.

"What hurt was that it was Cambridge — I really want to support the arts here," the Cambridge resident told The Boston Globe.

Charles Englehard died in 1971, leaving his fortune to his five daughters.

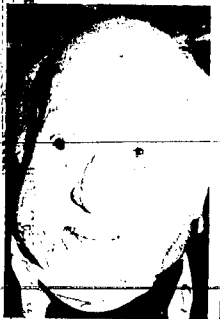

PG-13 Rating Introduced

A new rating category for movies is in place as of July 1. This new category is inserted between the current PG and R ratings. It is designated as "PG-13: Parents are strongly cautioned to give special guidance for attendance of children under 13. Some material may be inappropriate for young children."

The revised five-category system of the voluntary film industry rating program is now as follows:

- G: General Audiences, all ages admitted.
- PG: Parental guidance suggested. Some material may not be suitable for children.
- PG-13: Parents are strongly cautioned to give special guidance for children under 13. Some material may be inappropriate for young children.
- R: Restricted, under-17 requires accompanying parent or adult guardian.
- X: No one under 17 admitted.

All films rated after July 1 will be given ratings under the new five-category system.

SEN. JACOB JAVITS
History of nerve problems

Sen. Javits hospitalized

NEW YORK (AP) — Former Sen. Jacob Javits, long ailing from a progressive nervous disorder, was rushed to a hospital Sunday because of severe breathing problems, officials said. He was reported in stable condition.

The 80-year-old Javits, who has long had a nervous disease, "was quietly" arrived due to conditions arising from his pre-existing chronic condition. He has since been stabilized," said Jed Golden, a spokesman for New York Hospital.

The former senator was admitted to the hospital's intensive care ward with "pulmonary complications," Golden said. He had no details.

Javits represented New York in the U.S. Senate for 24 years, from 1956 until he was unseated by fellow Republican Alfonse D'Amato in 1980.

He suffers a progressive muscle and nerve disorder similar to that which killed baseball star Lou Gehrig. Although the disease has reduced Javits' ability to move, associates say that he remains intellectually sharp.

Hurt cop wins under old law

MINEOLA, N.Y. (AP) — A former police officer who was disabled in an assault by three bar patrons will receive \$275,000 from the bar owner in settlement of the case, which cited a 111-year-old law.

John N. Kane was forced to retire from the New York City police force because of the injuries he received at the hands of three men who had been drinking at the Long Island bar.

He sued the owner for \$2 million under the state Dram Shop act, which says bar owners can be held responsible for the illegal acts of drunken customers if the server helped the customers become drunk.

The parties agreed to the settlement on Thursday, the fifth day of the trial. The agreement was approved in the Supreme Court in Mineola by Justice Howard E. Lavitt.

Kane, then a police lieutenant, was driving home from work Dec. 10, 1978, when his car was hit by a bottle thrown by one of three men who had just come out of the now-closed tavern.

Rude pro welcome for Flutie

By DAVE GOLDBERG
The Associated Press

More USFL — B3

BIRMINGHAM, Ala. (AP) — Cliff Stoudt, a journeyman with eight seasons of pro football behind him, showed \$7 million rookie quarterback Doug Flutie the value of experience Sunday, passing and running the Birmingham Stallions to a 34-28 season-opening victory over the New Jersey Generals.

It was, for the most part, a dismal professional debut for Flutie, the Heisman Trophy winner who has been heralded as the savior of the struggling, three-year-old United States Football League.

Opening at quarterback with just two weeks of professional practice and one exhibition game behind him, he didn't complete a pass for nearly three full periods, going 0-for-9 with two interceptions until he connected with Clarence Collins on a 6-yarder with 2 minutes and 14 seconds left in the third quarter and New Jersey trailing 31-7.

But that seemed to relax him and he began to demonstrate the talent that brought him a contract reported to be

\$7 million over five years.

In the 17 minutes, he began to operate like he did at Boston College, directing the Generals to three fourth quarter scores and finishing with 12 completions in 27 attempts for 123 yards and three interceptions. The completions included a perfect 51-yard strike to Herschel Walker that set up one score and his first two professional touchdown passes, a 4-yard toss on a rollout to Danny Knight and a 5-yard toss to Marcus Iacchetti.

Stoudt, meanwhile, was doing what Flutie was supposed to do, delighting the 34,785 fans at Legion Field by operating the Stallions' conservative offense almost flawlessly.

The quarterback who apprenticed for more than three years on the Pittsburgh Steelers' bench before ever getting into a game threw for three touchdowns and engineered long drives for two others. That enabled the Stallions to break a 7-7 tie on Joe Cribbs' 2-yard TD plunge with 19 seconds left in the first half, then break the game open with 17 third-quarter points that gave them a 31-7 lead and delighted the Legion Field crowd of 34,785.

Stoudt, who joined the Stallions last season and was the USFL's second-ranked quarterback, finished the game with 21 completions in 33 attempts for 229 yards, including a 44-yard TD

strike to Jim Smith after New Jersey had cut the lead to 31-21.

He also scrambled nine times for 65 yards, including a 28-yard third-down run to the New Jersey five that set up Birmingham's first TD.

Flutie's Heisman Trophy-winning teammate, Walker, also had a tough day, rushing for only six yards in five carries, although he caught three passes for 71 yards.

The Stallions completely dominated the first half, controlling the ball for over 22 of the 30 minutes and holding New Jersey to just one first-down. They finished the game with an edge of 41:37 to 18:33 in time of possession.

DOUG FLUTIE
0-for-9 to start

Sports

Bigger now better
In NBA today

By WILLIAM R. BARNARD
The Associated Press

Picture a National Basketball Association lineup in the year 2000. Centers 7-foot-6 or taller are commonplace; some guards are 7-0.

It may not be as far-fetched as it seems. Already, 6-9 guards and 7-4 forwards roam the NBA courts. At the All-Star Game earlier this month, Western Conference Coach Pat Riley toyed with the idea of playing a lineup with three 7-footers and no one smaller than 6-9.

With the emergence of young towers such as Ralph Sampson and Akeem Olatunji, and the long-awaited pro debut next season of college star Patrick Ewing, the trend toward big men who can run and pass as well as shoot, rebound and block shots is expected to continue.

"There are just much better athletes now than we used to have," New Jersey Nets Coach Stan Albeck says.

The average height of an NBA player this season is 6-7 1/2, and as of Jan. 1, 23 players — almost 10 percent of the league's rosters — measured 7 foot or better.

And not only have the sizes changed. In the 1950s and '60s, centers rarely ventured away from the basket, or "paint," as the foul lane is called. Today, they regularly can be found doing things only guards would try not even a decade ago.

"Big men today are prettier," Houston Coach Bill Fitch says. "By that I mean, in the old days, they didn't do pretty things. Some guys, like Dave Cowens and Willis Reed, would step outside and shoot. But most of them wouldn't. Now you have 7-footers doing that."

One 7-footer, 7-4 to be exact, is Fitch's own Sampson, who moved to forward this season when the Rockets drafted the 7-6 Olatunji. Sampson shoots from outside and fills a wing on the fast break more often than resting to a power game inside.

High-handed Wolf Pack snaps Broncos' modest win streak

By The Associated Press
and The Times-News

Nevada-Reno's Curtiss High made a steal that led to a lay-up by center Tony Sommers to overcome a first half deficit and cushion the Wolf Pack's Big Sky Conference basketball lead with a 76-74 win over Boise State.

In other Big Sky Conference basketball action Saturday, Montana held Weber State at 66-58, Montana State downed Idaho State 70-65, and Northern Arizona defeated Idaho 87-74.

Sommers lay-up with 3:03 to play gave the Wolf Pack the lead for the first time since midway through the first half. The Broncos finished the

Rick Minier of Vancouver, Wash., rolls his way toward domination of Cactus Pete's Masters

Minier gives valley bowlers a clinic

In Cactus Pete's Masters

By The Times-News

TWIN FALLS — Rick Minier of Vancouver, Wash., gave the rest of the field in this weekend's third annual Cactus Pete's Masters bowling tournament a one-man clinic.

Minier walked away from the Magic Bowl with the top singles prize \$1,700 for his weekend's work. In addition, he doubled with nine other bowlers to share an additional \$2,500 in prize money.

The total purse, bolstered by \$3,000 added prize money from Cactus Pete's, totalled \$13,000, making it the richest bowling tournament in Twin Falls history and one of the richest ever held in Idaho.

The 69-man, one-woman field included some of the top bowling professionals from Salt Lake City and Portland, Ore. Bowlers came from Idaho, Oregon, Washington, North Dakota, Utah, Nevada and Montana.

The tournament also featured a 300 game from Twin Falls' John Irwin.

In addition to the \$1,700 first prize for singles, part of a \$10,000 purse, Minier picked up the \$800 first prize by teaming with Jay Aona of Boise for the doubles honors, part of \$3,000 in total prize money.

Irwin, who ended up fifth in the singles standings with \$600 in prize money and teamed with Irwin fourth in the doubles with another \$250, rolled his perfect game in the qualifying matches on Saturday. The qualifying rounds also featured a 200 game from Robert Shafer of Boise and a 279

from Dean Darlund of Boise. Gary Klinch of Montana had the high game in head-to-head matches on Sunday, a 279.

Klinch finished third in the singles' standings with \$850 in winnings, while John Hondegard, a Nevadan, was fourth with \$700.

Another Montanan, Mark Hodges, with sixth with \$465, followed by Shafer with \$465, Bud Lawson of Coeur d'Alene with \$420 and a third Montana resident, John Broderson, ninth with \$380.

Twin Falls' Jerry Miller wound up 12th in the singles standings with \$290, while Jim Anderson earned himself a \$170 check for his 16th-place finish. Two other Idahoans, Ron Hendricks and Spencer Miller, both of Pocatello, finished, 13th and 14th, winning \$270 and \$265, respectively.

Two other Montanans finished in the second 10 — Ted Bestrand (15th) and Bob Helmer (18th) — while a pair of North Dakotans, Barry Zimmerman and John Mueller, wound up 10th and 17th, respectively.

Hondegard and Minier finished second in the doubles with \$550, followed by Miller and a Nevadan, Roger Tramp, with \$350. Minier and Gerry Klinch were fifth with \$200.

Miller split \$170 with Minier for their sixth-place finish. Minier also shared seventh with Hal Brendle, eighth with Kevin Thatcher and ninth with Jim Frazier. The highest non-Minier tandem had to settle for 10th; Boiseans Aona and Shafer landed up for \$105.

Irwin and Tramp finished 12th in doubles for \$95 in prize winnings.

11th-hour free throws lift Lumberjacks past Idaho

MOSCOW (AP) — Senior guard Jeff Altman sank four free throws in the final 26 seconds as Northern Arizona stayed off an Idaho rally and clinched an 80-75 Big Sky Conference basketball victory Saturday night.

Trailing by 16 points early in the second half, Idaho got 20 points from

freshman Ken Lackett to cut N.A.U.'s lead to 76-75 with 50 seconds left.

NAU went up 78-75 on two free throws by Altman. Idaho's Frank Garza missed a three-point shot with 15 seconds left and Lackett's rebound follow skillered across the rim. Altman was fouled on the rebound and sank two free throws with

five seconds left for the final margin.

NAU moved to 8-5 in the Big Sky and 16-10 overall. Idaho fell to 1-11 in league and 8-19 overall.

NAU led 42-31 at halftime.

Pomerelle — Closed today, reopens Tuesday.
Soldier Mountain — Closed today, reopens Wednesday
Magic Mountain — Closed today, reopens Friday.

Financially ailing Cosmos leave MISL

RICHFIELD, Ohio (AP) — The Major Indoor Soccer League will continue this season with a revised schedule following the Cosmos' withdrawal from the league. Commissioner Earl Foreman said Saturday.

The Cosmos said they were pulling out of the MISL after losing \$1.5 million and 22 of their 33 games this season. Club officials, however, said the team will continue to "operate as a professional soccer team."

The decision of the financially troubled Cosmos was announced this weekend by team president Giorgio Chinigaglia.
The remaining 13 MISL teams will reschedule games with other teams to compensate for the Cosmos' pullout,

Foreman said.
"The Cosmos, the team that signed Brazilian star Pele in the late 1970s, has been the most successful professional soccer in U.S. team history, drawing near-capacity crowds to Yankee Stadium in New York during the team's three North American Soccer League championship seasons — 1978, 1980 and 1972.

Despite the revised schedule, the MISL playoff format and procedures will be kept intact, the statement said.
Foreman said, the Cosmos' announcement "did not come as a surprise due to their recent financial difficulties, which have been aggravated by their inability to generate fan support."
"The league has and will continue

to enjoy a highly successful season," the statement said.

The Cosmos, the second New York team to withdraw from the league, were not represented at the directors' meeting, league spokesman Jeremiah Enright said. Last season, the New York Arrows dropped out of the MISL, now in its seventh season.

In his news release Friday, Chinigaglia said: "We are disappointed at our inability to attract enough fan support to continue playing indoor soccer."
San Diego's Steve Zungul, the leading scorer in Major Indoor Soccer League history, booted in three goals including two in the final four minutes to give the West an 11-7 victory over the East in the league's sixth annual All-Star Game here Sunday.

"This was a championship type game," said Wolf Pack Coach Sonny Allen. "We didn't get very many breaks, but they had a goal."

Boise State's Craig Spittle and Frank Jackson hit three-point field goals in the last minute to keep it close.

The Broncos were given a chance to tie when High missed a free throw after making the first of a one-and-one with 21 seconds to play.

"At a time like that a three-point play is always in your thinking," said Boise State Coach Bobby Dye. "We

• See BIG SKY on Page B2

The victory was the fifth in the six games for the West, which survived three second-half goals by Baltimore's Stan Stamenkovic.

The West got two goals each from Erik Rasmussen of Wichita; Tat of Dallas and Julie Vese of Las Vegas.

The game was tied again at 6-6 following goals by Bate of Los Angeles for the West, and Stamenkovic for the East, but Tata put the West up for good with a power-play goal 11:49 into the third period.

Stamenkovic's third goal, with 8:54 to play, pulled the East within 8-7, but Zungul took a pass from San Diego teammate Bruno Segola and scored on a breakaway to put the West ahead 9-7 with four minutes left.

Nuggets bolster division lead

DENVER (AP) — Alex English scored 14 of his 32 points in the fourth quarter Sunday as the Denver Nuggets rallied from 19 points behind early in the second half to hand Phoenix a 117-107 National Basketball Association defeat.

The victory was Denver's 13th in a row at home and allowed the Nuggets, 36-21, to open a 2½ game lead over the Houston in the Midwest Division of the NBA. The Suns lost their fourth straight and fell to 27-31.

Phoenix scored the first basket of the third quarter and led 68-49 during Denver went on a 16-1 spurt, with English and Pat Lever each contributing three baskets to help get Denver back in the game.

Later, Walter Davis led the Suns to an 85-73 lead late in the third quarter. Mike Evans hit two three-point plays for Denver in the final minute of the quarter to ignite a 17-0 run by the Nuggets that gave Denver a 90-85 edge.

A free throw by Elston Turner, one of 11 straight by the Nuggets down the stretch, broke the game's last tie at 90-90 with 2:51 to go.

English then hit four foul shots in a row and Dan Issel a layup for a 105-90 lead with 1:40 left on the clock.

Calvin Natl backed English with 21 points for the Nuggets, Lever had 18 and Issel 15. Alvan Adams' 22 was

Pro basketball

high for Phoenix, while Larry Nance added 19 and Davis and James Edwards 18 each.

Boston 113 Indiana 100

INDIANAPOLIS (AP) — Larry Bird scored a game-high 45 points and Robert Parish scored nine key points in the second quarter as the Boston Celtics defeated the Indiana Pacers 113-100 Sunday.

Boston, trailing 38-36 with 8:21 left in the first half, outscored the Pacers 17-8 in the next 4½ minutes with Parish scoring nine of his 19 points during that span. The Celtics grabbed a 53-44 lead with 3:46 to play in the half.

Portland 137 San Antonio 121

SAN ANTONIO, Texas (AP) — Clyde Drexler scored a career-high 37 points and Jim Paxson added 35 as the Portland Trail Blazers raced past the San Antonio Spurs 137-121 Sunday in a National Basketball Association game.

Drexler also led the Blazers with 10

rebounds, nine assists and four steals. Mike Mitchell led San Antonio with 32 points, with Artis Gilmore adding 16 points and 10 rebounds. For Portland, reserve guard Steve Colter added 18 points.

Philadelphia 117 Utah 108

PHILADELPHIA (AP) — Julius Erving scored 31 points, including a go-ahead final goal with 56 seconds left, as the Philadelphia 76ers beat the Utah Jazz 117-108 for their third straight National Basketball Association victory Sunday.

Utah's Darrell Griffith, who was the game's high scorer with 35 points, gave the Jazz a 108-107 lead by converting one of two free throws with 1:10 left in the game.

LA Lakers 119 New York 114

NEW YORK (AP) — Kareem Abdul-Jabbar scored 29 of his 39 points in the second half Sunday, leading the Los Angeles Lakers to a 119-114 victory over the New York Knicks in a

National Basketball Association game.

The Lakers led by only two points with 3½ minutes left in the third period of the nationally televised game, but Abdul-Jabbar scored all of the Los Angeles points during an 8-2 streak that put the Lakers ahead 90-82 with 1:48 left in the quarter.

Seattle 108 LA Clippers 102

SEATTLE (AP) — Guard Gerald Henderson scored six points in the final five minutes Sunday as the Seattle SuperSonics pulled away to defeat the Los Angeles Clippers 108-102 in National Basketball Association action.

The Clippers lost for the 10th straight time on the road and the fourth in their last five outings. Los Angeles rallied to go ahead 93-91 on Michael Cage's rebound bucket with 5:23 to go. Seattle tied the score on rookie Tim McCormick's basket and went ahead to stay 95-93 on Henderson's layin off a fast break with 3:56 left.

Center Jack Sikma of the Sonics led in rebounding with 17. Los Angeles guard Derek Smith led all scorers with a season-high 35 points, and teammate Norm Nixon added 24.

McCumber holds field, wins Doral

MIAMI (AP) — Mark McCumber outlasted challengers from Jack Nicklaus, Tom Kite and a palm tree Sunday and, with a hard-won 71, scored a one-stroke victory in the Doral-Eastern Open golf tournament.

McCumber, a stocky little man who has played infrequently since last summer, was one of seven men who led or shared the lead over the wind-blown final 18 holes. He outlasted all the contenders, but faced possibly his biggest challenge from a palm tree on the right of the 18th fairway.

McCumber came to that final hole — which was regarded the toughest finishing hole in golf — with a two-shot lead. He cautiously played his tee shot far to the right away from the choppy waves on the lake to the left.

There were reports from the gallery, and relayed by television, that his ball had lodged in the top of a palm tree. Under those conditions, McCumber faced the need to positively identify the ball or face a lost-ball situation, a loss of stroke and distance which would send him back to the tee to hit his third shot.

McCumber had been having one of it. He argued that "the ball was never near the tree. It's 40 yards right."

He instituted the search for it well away from the tree and the ball was located, several yards from the tree and in the general area McCumber had pointed out. He laid it up short to two, played to the green in three and 2-putted

Alcott edges King to win LPGA event

TUCSON, Ariz. (AP) — Amy Alcott sank a 12-foot eagle putt on the 18th hole Sunday for a one-shot victory over Betty King in the \$175,000 LPGA Cactus Tucson Open.

Alcott led the tournament record for a low round with a 5-under 67 and a 9-under-par 279 total on the par-72, 6,248-yard Randalph Park course.

King, the tournament's 54-hole leader, just missed an eagle putt herself on the final hole and settled for a round of 69 and a 280 total.

Hollis Stacy, who missed the cut here last year, and Pat Bradley both finished at 283 — four shots back. Both Stacy and Bradley posted two under 70s, Sunday.

Kite, the last man to have a chance, now trailed by one with the 18th to play. He could do no better than par-4 and McCumber collected his fourth career PGA Tour title and his second at Doral.

He won this one, and \$72,000, from a total purse of \$400,000, with a 284 total, four shots under par on the windswept Blue Monster course that never played tougher.

As testimony to the severity of the four days of wind, it was the highest winning score in the 24-year history of this tournament. It was the highest winning score on the Tour in at least two years. And it was the first time in at least five years that a man had won a Tour title without shooting in the 60s.

Georgia picks up rare win at Lexington

LEXINGTON, Ky. (AP) — Horace McMillan tipped in a missed free throw with 18 seconds to play Sunday as No. 18 Georgia, winning in Lexington for the first time since 1923, beat Kentucky 79-77 to hold onto a share of the Southeastern Conference basketball lead.

Georgia, which boosted its record to 19-7 overall and 11-5 in the SEC, twice trailed by 11 points in the second half of the nationally televised contest and trailing 63-53 when Kentucky's Kenny Walker hit a one-handed shot from inside the lane with 9:15 to play.

But the Bulldogs, who had five players in double figures, outscored Kentucky 20-8 in the next six minutes to go up 73-71 when Gerald Crosby nailed a 22-footer from the left sideline with 3:21 left.

McMillan, who finished with 13 points, hit twice from the left corner and tipped in Crosby's missed free throw to preserve the victory.

Kentucky came back three times to cut the lead to two, but couldn't tie the score to force overtime. James Blackmon turned over an inbounds pass. Ed Davender missed from inside the lane with 24 seconds left and Blackmon fouled Crosby to set up McMillan's tip.

College basketball

Crosby grabbed a pass from Walker at midcourt to prevent a shot at the buzzer.

Joe Ward led the Bulldogs with 18 points, freshman Cedric Henderson had 14, David Dunn added 12 and Crosby finished with 10.

Kentucky, which dropped out of a share of the SEC lead at 15-10 overall and 10-6, was led by Walker's 25 points. Center Bret Beaurup added 12 and Roger Harden contributed 11.

The game was marked by 49 fouls, 25 called against Kentucky and 24 against Georgia.

Louisiana Tech 100 Arkansas St. 67

JONESBORO, Ark. (AP) — Willie Simmons scored 14 points and blocked three shots as No. 1 Louisiana Tech defeated Arkansas State 100-67 and clinched the Southland Conference regular-season championship on the final night.

Louisiana Tech shot 68.3 percent from the field before a record crowd of 4,879 in Indian Fieldhouse.

Simmons, a 6-foot-10, senior center, set a new Southland Conference single season blocked shot record with his three blocks against the Rebels, raising his total to 17.

Michigan 75 Michigan St. 73

EAST LANSING, Mich. (AP) — Reserve guard Antoine Joubert scored 14 of his 18 points in the second half to lift No. 3 Michigan to its 12th straight victory, a 75-73 Big Ten college basketball triumph over Michigan State Saturday night.

The Spartans had trailed by 10 points, 62-52, with 7:35 to play. But baskets by Richard Mull and Larry Polec pulled Michigan State to within, 75-73 with 13 seconds left.

Michigan State got one more chance after Michigan freshman guard Gary Grant missed the front end of a 1-and-1 free throw with 9 seconds left. However, Scott Sikles missed a 30-foot jumper at the buzzer.

Nevala-Las Vegas 81 Cal-Santa Barbara 71

LAS VEGAS, Nev. (AP) — Sophomore guard Fred Backus scored

18 points and had five assists Saturday night to lead a balanced Nevada-Las Vegas attack as the 11th-ranked Rebels topped UC Santa Barbara 81-71 in a Pacific Coast Athletic Association basketball game.

Frank James and Anthony Jones added 15 points apiece for the Rebels, who raised their PCAA record to 15-1 and their overall mark to 23-3. James had a game-high six assists.

Also in double figures for UNLV were Ed Catchings and Richie Adams with 13 and 12 points, respectively. Catchings also pulled down a team-leading 10 rebounds.

San Jose St. 83 Utah St. 76

SAN JOSE, Calif. (AP) — Freshman forward Reggie Owens slung dunked a three-point play early in the second overtime to give San Jose State a lead it never lost as the Spartans defeated Utah State 83-76 in Pacific Coast Athletic Association basketball Saturday night.

Owens' dunk and free throw with 4:24 left in the second overtime gave San Jose a 73-70 lead.

Owens scored 15 points in all, but center Matt Fleming led the Spartans with 17 points.

Continued from Page B1

just left the field for the best shot we can get," though the Broncos got neither a three-point shot or a free throw.

The Wolf Pack improved its record to 10-3 in conference and 17-9 for the season, while the Broncos fell to 3-9 and 11-17.

Dye, disappointed with the loss, expressed an air of optimism about the weeks ahead.

"When tournament time rolls around, we've got us good as chance as anybody," said Dye, whose team will host the Big Sky's post-season tournament in March. "I really believe that."

In Missoula Saturday, junior center Larry McBride scored 20 points, 16 in the second half, as Montana outlasted Weber State.

After following a 13-point lead cut to 60-50 with 30 seconds left, the Grizzlies sank six straight free throws down the stretch to preserve the win.

Kelly breaks record, beats LA

LOS ANGELES (AP) — Houston quarterback Jim Kelly threw for a United States Football League record 574 yards and connected for five touchdowns Sunday to lead the Gamblers to a dramatic 34-33 victory over the Los Angeles Express in the 1985 opener for both clubs.

Kelly, the USFL's most valuable player as a rookie in 1984, threw three touchdowns passes in the final 10 minutes to rally Houston from a 33-13 deficit in the game played before a crowd of 18,828 at the Los Angeles Coliseum.

His last scoring toss, a 39-yarder to Ricky Sanders that was Sanders' third TD reception of the day, came with 1:18 remaining.

Toni Frisich then converted the PAT to give the Gamblers the victory. Kelly completed 35 of 54 throws as his passing yardage topped—before USFL mark of 444 yards by former USFL player of Michigan last year.

It also was 20 yards more than the National Football League mark established by Norm Van Brocklin in 1951, but was 12 yards shy of the pro football record of 586 by Sam Fritchery with Montreal of the Canadian Football League in 1954.

Kelly's other fourth-quarter scoring passes were a 52-yarder to Richard Johnson with 9:47 remaining, and a 20-yarder to Vince Courville with 2:58 left.

That late touchdown flurry came after the Express had shut Kelly down in the second and third quarters. He had staked the Gamblers to a 13-0 lead with a pair of 1-yard TD passes to Sanders on Houston's first two possessions of the afternoon.

After falling behind, the Express reeled off the next 33 points over the next three periods — on field goals of 26, 48, 37 and 46 yards by Tony Zendejas, a 64-yard touchdown pass from Steve Young to Jojo Townsell, a 2-yard touchdown run by Kevin Nelson, and a 52-yard interception return by Trey West that capped the Los Angeles scoring early in the final quarter.

Young completed 13 of 29 throws for 255 yards and one touchdown.

On the winning drive that began with 1:58 remaining, Kelly marched the Gamblers 84 yards, with a key play a 29-yard pass to Sanders.

Pro football

Oakland 31 Denver 10

OAKLAND, Calif. (AP) — Bobby Hebert threw for three touchdowns in the fourth quarter, starting with a 50-yard bomb to Anthony Carter, and finished with four TD strikes in his debut with the Oakland Raiders as they defeated the Denver Gold 31-10 in a United States Football League season opener Sunday.

Hebert and Carter, who joined Oakland in the off-season merger of the Michigan Panthers and the Raiders, broke a 10-10 tie with their touchdown on Oakland's first play of the final quarter.

Cornerback Derrick Martin of Oakland intercepted two passes by Vince Evans, who had a difficult day in his Denver debut, to set up Hebert's last two TD passes, caught by tight end Brian Williams and running back John Williams, in the first quarter. Hebert hit Derek Holloway on a 25-yard TD strike.

Oakland also scored on a 32-yard field goal by former Panther Novo Bojovic.

Denver safety Darryl Hemphill scored his team's only touchdown by racing 52 yards after recovering a fumble in the first quarter. Brian Speelman of the Gold tied the score at 10-10 with a 20-yard field goal in third quarter.

The opening game drew a crowd of 23,622. Both teams played under new head coaches, Charlie Sumner of Oakland and Mouse Davis of Denver.

Arizona 9 Portland 7

TEMPE, Ariz. (AP) — Luis Zendejas kicked three field goals in his pro debut, including a 43-yarder with 6:33 remaining, to give the Arizona Outlaws a 9-7 victory over the Portland Breakers in the United States Football League season-opener for both teams Sunday.

Zendejas' game-winner was set up by cornerback Carl Allen's interception at the Portland 30-yard line.

The Breakers' saw their chance at victory fade as quarterback Doug Woodward fumbled on a fourth-down

play at the Arizona 37 with 32 seconds left.

Portland, down 6-0 at halftime, had taken a 7-6 lead on Marcus Dupree's 11-yard touchdown run with 1:59 left in the third quarter to cap a 15-play, 80-yard drive.

Zendejas, who set an NCAA scoring record of 369 career points at Arizona State here from 1981-84, booted a 25-yard field goal 8:07 into the game and a 29-yarder with 9:24 left in the second quarter.

The second field goal was set up by Doug Williams' 46-yard pass to William Davis down to the Portland 9-yard line.

Williams finished with 16 completions in 26 attempts for 254 yards and one interception.

Woodward was 11-of-26 for 140 yards with one pass picked off.

Dupree had 69 yards on 17 carries before being taken from the field on a stretcher with 2:07 remaining in the game with an apparent knee injury.

A crowd of just 20,321 at 70,421-seat Sun Devil Stadium watched the debut of Outlaws' coach Frank Kush, who coached at Arizona State from 1958-79. It was the smallest season-opening crowd in Arizona's three-year USFL history.

Jacksonville 22 Baltimore 14

JACKSONVILLE, Fla. (AP) — Jacksonville kicker Brian Franco booted league-tying five field goals, including a 51-yarder, to pace the Bulls to a 22-14 victory Sunday over the Baltimore Stars, the defending United States Football League champions, in the season-opener for both teams.

France kicked field goals of 42 and 24 yards in the second quarter. In the opening stanza of the second half, he booted a 51-yarder that just cleared the goalpost crossbar, and added field goals of 27 yards and 50 yards in the

final quarter.

Bulls backup quarterback Robbie Mahfouz, who took over when starter Brian Sipe suffered a shoulder separation at the end of the first quarter, directed the Jacksonville squad to its only touchdown. The score came on a 2-yard pass play to fullback Marvin Lewis with 5:31 remaining in the third quarter.

Sipe, in his first start for the Bulls, suffered "a complete shoulder separation" and will be out from six to 14 weeks, team doctors said.

Before the injury, which occurred shortly before the end of the first quarter, Sipe had hit five of six passes for 51 yards. The quarterback, who was acquired earlier this month from the New Jersey Generals, had just completed a 7-yard pass play to Mason when he was hit by Stars cornerback Bill Hardee.

The Stars' starting signal caller, Chuck Fusina, went out early in the fourth quarter with an injury to his right thumb.

With just one minute remaining, Stars backup signal caller Tim Rioridan hit wide receiver Herbert Harris on a 3-yard pass in the end zone. He then connected with receiver Willie Collier for the 2-point conversion.

Stars linebacker Larry McCoy grabbed the onside kick to add some last-minute drama to the opening game for both squads, but a sack of Rioridan robbed the Stars of valuable seconds and time ran out before the visitors could get within scoring range.

Bulls defensive safety Don Bessilieu riddled the Stars' offense, recovering two fumbles and grabbing one Fusina pass for an interception. Bessilieu picked up a fourth-quarter fumble by Stars fullback David Riley and returned it 39 yards, setting up Franco's final field goal.

Stars place-kicker David Trout chipped in field goals of 30 yards and 24 yards in the second quarter.

Jacksonville's Brian Sipe is led off with separated shoulder

Saudi air force plane crashes; eight killed

RIYADH, Saudi Arabia (AP) — A Saudi air force C-130 crashed Sunday while attempting to land after a training mission, killing all eight persons aboard, the official Saudi Press Agency said.

The agency said the dead included one "contract technician" but did not specify the nationality of the victim. Diplomatic sources said there was "a high possibility" the contract technician was an American.

The news agency, quoting a statement by the Defense Ministry, did not cite the cause of the crash. But it quoted witnesses as saying one of the

propeller-driven transport plane's wings was started downward as it approached the Riyadh air base.

The agency identified the dead as four flight officers and three technicians in addition to the contract technician.

Some 2,500 Saudis have undergone training here with U.S. advisers on the U.S.-built C-130s.

C-130s are four-engined transport aircraft manufactured by the Lockheed Aircraft Corp., headquartered in Burbank, Calif. The company provides the contract technicians.

Court-martial begins for mutinied Sikhs

NEW DELHI, India (AP) — The army has begun court martial proceedings against the first of the approximately 2,000 Sikh soldiers who mutinied in eastern Bihar state last June to protest the army assault on the Sikhs' Golden Temple, the United News of India news agency reported Sunday.

UNI said the court martial of two soldiers began Saturday before a five-judge tribunal headed by a Sikh brigadier general in Jabalpur in Madhya Pradesh state, about 300 miles southeast of New Delhi. Other trials were expected to begin soon, the agency said.

Havildar Hari Singh and Naik Sadhu Singh are charged with mutiny and could face death sentences if convicted, UNI said. It said both men were under 40 but gave no further details.

The two are also charged with breaking down the army and

looting arms and ammunition at the Sikh Regimental Center in Raigarh, central Bihar, on June 10.

A Hindu commander was killed and two officers were critically wounded in the uprising. Press reports said the mutineers fired weapons indiscriminately, hijacked trucks and set out for the Golden Temple in Amritsar, Punjab state.

The Golden Temple is Sikhdom's holiest shrine.

An estimated 2,500 to 5,000 Sikh soldiers mutinied in nine states, including Punjab, and tried to reach the temple. The Golden Temple, a walled complex, housed Sikh extremists and a large cache of weapons. The army attacked the temple, and at least 1,000 Sikhs and 220 soldiers were killed in the conflict, according to military sources.

Ethiopia seeks Jews' return

ADDIS ABABA, Ethiopia (AP) — Ethiopia's government demanded Sunday that Israel return thousands of "abducted" Ethiopian black Jews who were airlifted to Israel and taken to the operation to the slave trade.

In a broadcast on Addis Ababa radio, monitored in London, Ethiopian leader Mengistu Haile Mariam said "this tragic act resembled the slave trade" and accused Sudan of collaborating. In airlifting the Falashas to Israel.

Mengistu made his appeal in messages to U.N. Secretary General Javier Perez de Cuellar, Prime Minister Rajiv Gandhi of India, who is current chairman of the non-align-

ed movement, and President Julius Nyerere of Tanzania, the chairman of the Organization of African Unity.

He urged the three leaders to look for ways in which the Ethiopian citizens could be returned.

In a statement published Sunday by the government-owned Ethiopian Herald, the Foreign Ministry contended the Ethiopian Falashas are not Jews at all.

"The Ethiopian government ... calls on the international community to prevail on Israel to respond favorably to Ethiopia's demand for the orderly and immediate repatriation of the abducted citizens," the ministry statement said.

Paris cops have few leads in bombing

PARIS (AP) — Police said Sunday they had few leads in the bombing of a British chain store that killed one man and injured 14 people, and investigators speculated the attack was an "irrational act of vengeance."

The powerful explosion went off Saturday morning next to the rear entrance of the Paris branch of Marks & Spencer, which specializes in quality British clothes, food and other goods.

A French store employee, Leonard

Roctas, died of wounds about five hours after the blast. Five people remained hospitalized Sunday. Other injured were treated at the scene and released.

Police said a variety of claims of responsibility were telephoned, but that investigators generally discounted them because they came hours after the attack and contained information available in news accounts.

WEDNESDAY, FEBRUARY 27, 1985

SALE TIME: 11:00 A.M. Lunch of the Chuckwagon

FARM EQUIPMENT AUCTION

From Hammett, Idaho which is midway between Twin Falls and Boise, turn off I-84 at Exit 114 to Hammett, then go southwest across the Snake River through Brunau, Idaho and go 7 miles west toward Grandview to the Rim Rock High School, then go 1 mile north, 1/2 mile east, across the river and 1 mile west. From Mountain Home, Idaho go west on airbase road to Grandview, stay on the north side of the Snake River and go 7 miles east on Rim Road, or it's 1 mile west of Strike Dam. (North side of the river) Watch for the Big Orange Auction Signs. It's really not hard to find and worth the trip.

TRACTORS & TRUCK

Stivers: Colleges must settle for tight budget

BOISE (AP) — Idaho House Speaker Tom Stivers says the higher education budget will be adequate, though he acknowledged it will leave some disappointed.

"It's not going to be what everyone wants. But it will be enough," Stivers said. "There hasn't been a cutting. We haven't been slighting education. We've been keeping up."

Speaking at a forum on education at Boise State University, the Twin Falls legislator said the future of Idaho education lies with three four-year colleges; more humanities and sciences classes without "fringe" social-science classes; and more vocational-technical classes. The Idaho Political Science Association sponsored the forum.

Stivers urged that Lewis-Clark State College in Lewiston be converted from a four-year college to a two-year school. He also defended past and current funding proposals for Idaho education programs.

Rep. Janet Hay, R-Nampa, former Democratic state Sen. Mike Mitchell, of Lewiston, and BSU economics professor Donald Billings, also spoke at the forum.

Hay predicted changes will come in Idaho's higher education system as

REP. TOM STIVERS
"We've been keeping up"

the population grows and as more students enter college in the 1990s.

She said the future will bring increasing enrollment and possible changes in how education in Idaho is governed, with one board likely handling elementary and secondary education and another board handling higher public education.

Mark Davis, Symms aide, said there is no specific dollar amount on how much will be spent to upgrade the stretch of Idaho Highway 55. The legislation instructs whatever amount is needed to make the repairs to be allocated, he said.

The Senate action releases \$12 billion from the Highway Trust Fund for use nationwide, Davis said.

Horseshoe Bend Hill given funds for emergency repairs

BOISE (AP) — The U.S. Senate has approved legislation that includes emergency funding to upgrade Horseshoe Bend Hill, said Sen. Steve Symms.

The legislation approved Saturday requires the Secretary of Transportation to allocate the necessary funds to make repairs, Symms said.
