Millions of Workers to Find Employment During Year

FLASHES OF LIFE

Coincidence: SUKUTER, 87—A tourist falling from a balcony at a service station at a highway sign, then bounded to his feet, pulled out a camera and began snapping pictures. The service station attendant was puzzled. He looked across the street at the highway sign which gave the mileage and directions to the towns of Elkton, Lamar and Lexington and saw nothing unusual. The tourist explained, "I came in from Elkton, Lexington and New York."

# Progress Marks Year for Twin Falls, Magic Valley

That 1930 calendar with the dog-eared leaves and funny marks on it to say your memory along from day to day has probably given way to a bright new one for 1931, but before tossing the old record away let's run back through the year's highlights.

The year was kind to Twin Falls and the Magic Valley. Bringing a preponderance of constructive events to encourage its residents to approach 1931 as an opportunity to further achievements inaugurated in 1930. There have been a number of undertones of tragedy and destruction, but these are lost in the brighter shades of worthwhile accomplishments.

**December Holidays**  
The holiday season has been a busy one for Twin Falls. The city has provided an opportunity to dance at the year's building program. Termed an "epidemic" winter it started, the building "bug" spread from block to block early last spring and summer. With each new project completed, the city has provided an opportunity for the start of other construction. When the transfers and improvements in the city's construction had been coupled with residential construction, the year's total reached \$1,000,000, the fourth highest amount for any year in the city's recorded history.

**November Election**  
The turn of a leaf back to November recalls the general election on the fifth day of that month when voters resolved the issues at the polls in a world where relatively few people still had the habit of electing their leaders. Twin Falls joined the county in voting Republican, while state and national voters turned to the Democrats.

**October Events Marked**  
October was an eventful and important month, opening with the Twin Falls News' report on the fire which destroyed more than 3,000 Magic Valley residents. Underlying the recent progress of the construction of the new newspaper, operations were the need for full and complete of a free press as an American democracy.

**October 16 and 20** stand out as historic dates in the 1930 calendar for they brought the first practical relationship for the first and subsequent days of other members from the lottery bowl at Washington, D. C. First to be drawn was No. 10, held by Marshall E. Welch, 231 Third avenue east, Twin Falls.

**September's Fair Days**  
All agricultural fairs convened upon the Twin Falls county fair grounds at Picher on September 10 when the county fair opened with exhibits and livestock exhibits that bespoke of abundant fields and active breeding. Night attendance was the feature in history of the event, while daytime throngs approached record crowds of 10,000. Similarly successful fairs were held in other Magic Valley counties.

**Next red letter day for September** came on the 16th when Twin Falls assumed a military atmosphere as Company E, 14th Infantry, regulars, Idaho national guard, became "regulars" in the United States army.

**Now the center of controversy** grew from location problems, the U. S. housing authority's low-cost housing project for the city was assured on September 21 when a federal act of Congress was given a \$3,100,000 allotment for the slum-clearance plan here.

**August Conventions**  
August was warm and quiet, but closed auspiciously with two state-wide political events — the Young Republican League's biennial meeting at which Howard Hall, Mullanbush, was elected president; and the Idaho Republican platform convention that re-elected Tom Heath of Preston as chairman of the state central committee.

**July Jubilee Time**  
To think of July is to think of the Magic Valley Jubilee, which marked dual observance of Independence day for the nation and 50 years of statehood for Idaho. Days of parades and entertainment were climaxed by the Cavalcade pagant at Lincoln, held where the states that lived again nightly.

**June Honors Flag**  
Old Glory was raised on high by two leading events of June. Members of the Elks lodge from throughout the state convened in Twin Falls on June 3 and their business sessions, programs and parades placed emphasis upon Americanism. Young America paid tribute to an old flag on June 16, when a parade and program marked local observance of Flag day.

**May Day Month**  
There was a touch of spring in the air when these happenings were recorded for the month of May, on 1930's calendar.  
May 16—State Democratic delegate convention held in Twin Falls, and Paul V. McNutt, federal social security administrator spoke in the high school auditorium.  
May 17—Idaho Reclamation association meets here and those attending receive Idaho's exhibit at the World's Fair in San Francisco.  
May 20—Actual flight training begins in the civil aeronautics authority's air program.

**May 24**—Twin Falls and Magic Valley census figures announced, showing that the past 10 years have brought population gain.  
May 28 — Olesund memorial trophy presented to Twin Falls Junior Chamber of Commerce for organizing the most comprehensive civic program in the state during 1930.

**April—Toll Lifted**  
April was a busy and eventful month climaxed by impressive ceremonies marking removal of tolls from the Twin Falls—Jerome inter-county bridge. This action, symbolized by parting of a strand of ribbon in the center of the bridge, was presided by Governor O. A. Bottelmann, fulfilled the hopes of southern Idaho's traveling public and opened up Twin Falls, Jerome and other Chambers of Commerce which had battled for lifting of the tolls.

**April 20**—Twin Falls and Magic Valley section on April 8, when the federal farm labor camp opened south of Twin Falls to provide living quarters for farm workers "down on their luck."

### AMERICANS — MASTERS OF THEIR DESTINY

At the beginning of a New Year it is fitting that Americans should cast a glance into the Stream of Time and take a reading of the future of our nation — even the United States — cannot prevail.

Delicious voices are heard in the land. Voices of fear. Voices of dire disaster. These voices proclaim that all or nearly all that we have done in this country... We are to be a great nation — a free country...

The American struggle has not always — in fact it has seldom — been an easy struggle, but it has been carried on, relentlessly and doggedly by free men giving of their ability, their time, their resources all that they were able to give.

The American spirit is something separate and apart from the national feeling of any other peoples. It is this spirit which has made the United States the center of the earth. It is an evolutionary development rooted in the beginnings of this nation when liberty and freedom and the equality of man were proclaimed to men anywhere in the world to compare to American liberty.

Today the philosophy of the Rights of Man which was first proclaimed on these shores, and which was then so unique in all the world, has become the basis of a new period which is spreading to large areas of the world — it is a philosophy unique to America.

Nor shall it ever falter in these United States. For the Americans worthy of the name. Those who through fear or malice hold differently may tremble for their own safety, because their defeatism jeopardizes not only their country but also the future of the world.

**GOOD WINK AT FORT DIX**  
One of the latest evidences of religious goodwill will ever be to the attention of the public is that afforded by the action of the Jewish settlers at Fort Benning, Georgia...

**PREPAREDNESS PRICE**  
Frequently in the news are reports of crashes incident to the training of America's youth for aerial warfare and the failure of new types of warplanes while they are being tested in flight.

**Breakfast Food**  
It stays there. Rightly — when charity is needed I'm always here. Rightly — yes, and I'll bet you keep it there until the danger is over.

records but no one outside the inner circles knows them. In America, where such statistics are not kept hidden, the price being paid for air preparation is already mounting.

That price must be staggering in Europe under the actual, testifying to the fact that preparation there is already less than our best. It is, however, an era of accelerating movement.

### NEVER HANDS OFF

Appropriately, it is to the rugged forestry camps of the United States that a collector of a man who never surrenders, have been donated by his widow and two sons.

Unique as is this collection, the thought of 1400 guests that nobody ever carried seems to have been in the mind of the collector. The collection has played such a picturesque role in mythology, religion, letters and public events since before the days of Aaron that a historical collector of those things by his collection might be more fittingly called a historian.

Treasured, indeed, they have been by their possessors, whether for utility or waving ornamental purposes. This is the case of amber shawl box and the other conduct of a clouded, case.

### Other Points of View

**HISTORY IN CALICO**  
Whatever else he may be said for his other obligations, the late Mr. James W. Keith has fully kept the pledge it made to the Indians tribes comprising the federation of the Six Nations in their early days of settlement.

**ONLY THE INFORMED CAN JUDGE**  
The magazine Nation's Business reports the following: Present information is that early in 1941 an effort will be made to clamp down on national defense details to yet, but under cloak of the national defense act, the National Business of the nation is being reorganized.

**CONSEQUENCE**  
Our many people have lost their historic use of Britain's imperial flag as a result of their opportunity to show up their devotion during the war.

### NEW FARM CHIEF FOR IDAHO NAMED

#### Governor-Elect Appoints James Newport Agricultural Commissioner

BOISE, Dec. 31.—Four appointments to important state positions were made public today by Governor-elect Chase. A. Clark named Commissioner of Agriculture to succeed E. N. Pettigrove, who leaves the new administration tomorrow Jan. 6. James Newport of Parma, prominent Canyon county agriculturist and former president of the state college of agriculture, was named to succeed Pettigrove as state agricultural commissioner. Joseph Anderson of St. Anthony, Blaine county farm leader, is choice for director of the bureau of plant industry in succession to Paul Rowland.

W. Corbin, who has served in the Idaho public utilities commission since Jan. 13, was reappointed for another six years. First appointed in 1935 by the then governor, C. Bush, Corbin is a former railroad man. Glenn Perry and Pocatello were named as experts for the state school of agriculture.

Also reappointed for six years was George Ruppert of Moscow as a member of the industrial accident board. His term begins Jan. 9. Clark indicated he would make no more appointments or appointments before Thursday. He was ill of influenza Saturday and was offered by a physician to rest at his home in Parma.

Previous appointments already made known include: E. Borg of Parma, to be commissioner of reclamation in succession to James Spafford; J. H. Hays of Pocatello to succeed Harry M. Robinson as law enforcement commissioner.

Hughader General M. G. McCone was reappointed adjutant general.

### NORTHWEST A.A.A. PAYMENTS LISTED

#### Washington Gets Largest Share of Total to Four States

WASHINGTON, Dec. 31.—Payment of nearly \$2,000,000 to farmers in the four northwest states for compliance with acreage allotments and soil building practices to improve their land under the soil conservation and domestic allotments programs of the 1938-1940 agricultural adjustment act was shown today by a list of 16,000 farmers receiving \$1,000 or more.

The A.A.A. and its payments of less than \$1,000 as they were required to be reported to Congress, and the total amount of the total payments to Washington, Oregon, Idaho and Utah growers to a much larger figure.

Washington got the largest share of the payments. Here the four states with a total of \$90,714, 68 per cent was \$1,600,000, Idaho with only \$37,372. Listed in the payments of \$1,000 or more.

The programs under which the payments were made give the agricultural conservator planting and acreage conservation programs. In many cases the farmers represent only the landowner. Share on the land which is operated by tenants who receive proportionate payments that which are not listed in the report.

The payments were listed to counties in each state but under each county's name are listed the names of the farmers in other states. In Oregon several payments credited to that state were listed for Walla Walla, Wash.

The 1938 program was the last one in which payments of \$1,000 or more were made to any individual grower throughout the nation. Payments are credited to the nation.

W. Deane Fairfield, 1104 S. J. Street, Boise, has the largest amount, \$12,000; W. B. Savage, Kimberly, \$1,012.

### Yule Lights Sparkle Against Snow

SNOWFALL IN TWIN FALLS THIS WEEK added a new holiday touch to homes decorated in the Christmas season theme. One of hundreds of gaily lighted residences is that of Mr. and Mrs. S. Helson, 422 Sixth avenue east, and as snowflakes of decorative effects follow natural lines of the house, other balls bear an attractive pattern along the eaves, while the yard-high candle-like are mounted on either side of the front steps. The small evergreen tree at the right is also illuminated, as are trees near corners of the house. Stars against a blue background dot the windows. This is one of several homes lighting decorated in the Christmas season. (New Photo and Engineering.)

### Rupert and Burley Churches Have Meet

RUPERT, Dec. 31.—Twenty-five members of the Rupert Christian church went to Burley last Sunday morning to be guests of the Burley Christian church at the morning service and at luncheon at 12 o'clock for the 1940 Sunday service.

As part of the program for the afternoon, members of Sunday school classes presented a play, "What Would Jesus Do?" about 100 persons enjoyed the afternoon.

Those going from Rupert were: C. Anderson, Clara and Bob, Donna Bush, Stewart, Yancy, Mr. and Mrs. L. A. French, Mrs. W. N. Punnett, Mrs. Joannia Poundster, Mae Joushian, B. of Transham, Mr. and Mrs. N. K. Jensen, Dr. and Mrs. A. J. Johnson, Elizabeth Johnson, Mrs. Arthur Cox, Mrs. Nina Chase, Mr. and Mrs. Kohler, Paul Kohler, Katherine Kohler, Esther Kohler, Sarah Kohler, Mr. and Mrs. Phil Keeler and W. T. Newcomb.

Programs were originally made after birds and hosts. The word "peace" shined in a "sparrow" song from the Italian.

# GREAT TEAM POLE FOR ROSE BOWL CLASH

## Speedy Stanfords, Quoted As 11-5 Favorites, Battle Nebraska Before 90,000

### Fair Weather Promised As 'Miracle' Eleven Takes Field Against Powerful Cornhuskers

By ROBERT MYERS  
PASADENA, Calif., Dec. 31 (P)—The hopes and dreams of two finely matched football teams and thousand upon thousand of loyal followers mounted with each tick of the clock tonight as the hour drew near for the clash between the University of Nebraska and Stanford University in the 26th consecutive post season classic in the Rose Bowl. The scene was set for the game. Fair weather was promised. The big stadium, its emerald green turf a little away from recent rains, was ready to receive its annual full house, something like 90,000 persons.

The Nebraska 1940 record bears out a little way from recent rains, was ready to receive its annual full house, something like 90,000 persons.

### Dallas Cotton Bowl Teams Play in Rain

DALLAS, Tex., Dec. 31 (P)—Drippy, wet weather mused in on the Cotton Bowl classic tonight and the weatherman predicted that Fordham and the Texas Aggies, two of the nation's top one-hundred, would have the same setting at game-time New Year's day.

Rain fell in a light drizzle. The official forecast was occasional rain, mostly cloudy and unsettled.

On the eve of the game the Aggies reported what could be a casualty of catastrophic proportions—the illness of Guard Marshall Paul Robinson, blond terror of the grid who has rated as the nation's best, defensively.

Coach Norton said that Robinson was a bad night and a nervous fever and is much worse. He has been in bed for several days. He was expected out of another few days, however, that might allow Robinson to play at least one game.

Coach Norton admitted that Bill Jim Thompson, the magnificent blocking tackle who has worked up front of Jarrin Jock Kimbrough for three varsity seasons, probably will be shifted over to the back carrying center "for awhile, at least."

Centers Jim Norton and Tom Amosson anywhere tomorrow.

### Champion Odds on Brilliant Array of Players

### Dwindle to 10-8

SAN FRANCISCO, Dec. 31—A brilliant eastern squad, including some of the most fearsome names in 1940 football, was a slight favorite today to win the 16th east-west football game in the Kezar stadium tomorrow before a capacity crowd of 22,000.

Olds on the brilliant eastern aggregation dwindled from two to one as the odds were 10 to 8 in favor of the Stanford-Nebraska line.
