Governor Clark Urges Matching All Offered Federal Funds; Property Tax Repeal

BOISE, Jan. 7 (AP)—Governor Chase A. Clark's program—\$10 to \$20,000,000 additional revenue to match all federal funds offered, abolition or reduction of the ad valorem levy, junking of "useless" commissions and reduced administrative expense—will be before the Idaho legislature and the election tonight.

Clark, addressing the 26th legislature in the joint session on Wednesday night in office, outlined his views in his initial message.

Clark said he "does not desire to dictate your actions," the governor left the specific recommendations and the lawmakers to make the revenue which he would advise with them from time to time.

The new laws, he indicated, will be needed in addition to existing laws to make the state budget possible under the federal matching program.

CLARK MESSAGE COMMENT SPLIT

Republican Sees Demand for Sales Tax Passed to Legislature

BOISE, Jan. 7 (AP)—Comment on Governor Clark's initial message split along party lines today with Senator Harry Hahn, Republican from Dubois, emphatic in disapproval.

Hahn termed the speech "purely a message such as would come from a commercial politician."

"Why didn't he ask for a sales tax?" said Hahn. "He came right up to it. We should have voted with him to take a 3 percent sales tax to raise the \$7,000,000 he requested. It was the back to the legislature. I can't take the message seriously."

Senator Mitchell of Lewiston, county Democratic senate president, said he "outlined some suggestions that are needed. I approve of his plan of delivering special messages on things to come up at the session."

To Perry Nelson of Rockland, Democrat and county Democratic committee chairman, the message was "a very, very fine message. It gave us a concrete concept of the governor's program and furnished us with an accurate basis for our proposed legislation."

Republican Minority Leader John Saphron, county committee chairman, said he "was very pleased with the message."

PRICES BREAK IN WHEAT MARKET

Futures Quotations Suffer First Major Setbacks of Year

By H. ALAN VOLKMAR

CHICAGO, Jan. 7 (AP)—Wheat futures suffered their first major price reverses of the year today, losing as much as 7 1/2¢ a bushel at close. The leading figure, a 1000 bushels contract, was off 7 1/2¢ from the day's lowest bid.

Wheat futures suffered setbacks of 4 cents following a steady advance of 16 cents during the past three days. The advance was brought about by some traders' over-optimism. The close was 3 cents below the day's high.

REVENUE FIGURED IN CIGARET TAX

Defenbach Estimates Two-Cent Levy Would Yield \$250,000 Annually

BOISE, Jan. 7 (AP)—Byron Defenbach, for the past 27 months Idaho tax commissioner, estimated tonight a two-cent tax on each package of cigarettes sold in Idaho would result in the state an annual revenue of from \$250,000 to \$300,000.

In a statement, which he said would not be construed as either favoring or opposing such a tax, Defenbach said:

"The annual revenue from the tax is in an amount of states and has been collected in other states since 1921. Under the present Utah law the tax is two cents per package of 20 and in other states it is one cent. It is difficult to predict what the revenue would be in our state, but a two-cent levy would probably bring in from \$250,000 to \$300,000 per year.

Defenbach pointed out that conditions in Utah and Idaho are strikingly similar and said the Idaho legislature in looking for additional sources of revenue, "might be helped by comparison of our state with that of our neighboring state."

He pointed out the states were about the same size but said, "there is one difference in the comparison, but Lake City is the only city in Idaho which is larger than any one city in Utah."

"Informed persons within Utah who have gone much further in the improvement of the tax system than we have, have drawn on a number of sources of revenue which we do not tap and on the other hand, have some which they do not use. Among these latter are the chain store tax, the kilowatt and mill license taxes."

Career Closes

WILLIAM E. NIXON, pioneer Twin Falls banker, civic and service leader, dies after lingering illness.

William E. Nixon, pioneer Twin Falls banker, civic and service leader, died after a lingering illness.

Mr. Nixon was born in 1868 in Ohio. He came to Twin Falls in 1906 from Oregon. During 31 years of his residence here, he was associated with Twin Falls banks, serving for 20 years as assistant cashier of the First National bank and for three years as following: he was with the Twin Falls Bank and Trust company.

He was active in many of the Presbyterian church, joining in 1917. At the time of his death, he was an active trustee of the church.

Mr. Nixon was always keenly interested in fraternal activities, serving for four years as treasurer of the Twin Falls Elks lodge. He held all chairs in the Knights of Pythias organization here, and was grand grand chancellor of the grand lodge of the state.

He was a leader in city and school district business and was first treasurer of Twin Falls after it became a city. He was appointed to that office for four years, serving until April 27, 1915. From May 1, 1914, to May 1, 1925, he was treasurer of the Twin Falls public library.

Mr. Nixon was a trustee in the same year that the high school district No. 1 was formed, July 29, 1907. He remained in that capacity until April of 1921. He was treasurer of a major portion of that period, which saw construction of all but the old and new high schools and most recent Lincoln and Washington additions.

Mr. Nixon in 1922 was the first to receive the high honor of the Silver Beaver award — highest Boy Scout movement honor which may be bestowed by local councils. It was always a great honor and was a member of the committee of 1922.

In 1922 also he became a scoutmaster of troop 7 and later was leader of troop 64 when the council was reorganized. Until 1935 he was active as a scoutmaster. His other activities included those of being troop committee man from 1918 to 1921, and district chairman of the council of honor in 1922 and membership of the troop committee and executive board from 1926-37. He was an honorary member of the executive board in 1930, and served as 18-year veteran badge recipient.

Residing here, he is survived by a sister, Mrs. Josephine Nixon, Tulsa, Okla., who is expected to care for the place; his daughter-in-law, Vivian Nixon, and a granddaughter, Sally Nixon.

Plan Announced On Scholarships

Twin Falls again will be included in the annual awarding of trustee scholarships to 500 eligible preparatory schools in the United States with judging by a Mills college committee, Oakland, Calif., according to word received here.

One condition is that alternate are elected by each of the participating schools, with scholarship and character as bases for the selection.

Additional information may be obtained from President A. A. Henry, chairman of the committee on awards of trustee scholarships, Mills college, Oakland, Calif.

Claim Called in Sale of Tickets

It may be another Carl Anderson, but Carl N. Anderson has his doubts. Mr. Anderson pointed out last night that it has come to his attention that a number of calls have been received by local residents from someone who gave his name as Carl Anderson and requested purchase of tickets for a dance. After learning that several of his friends had given word on the strength of this name, Carl N. Anderson, former president of the Twin Falls Chamber of Commerce and former holding company owner, called the News and requested that the matter be "cleared up."

Among the Pullitzer journalism prizes is one of \$100 given for the best example of a reporter's work.
