And you do live in the latter kind of a country. You live in a Democracy—a place where people, making up their own minds, can govern themselves...

Where do they get this knowledge, this power to decide for themselves? Just where you are getting it now—from your newspaper.

Don't let anyone ever tell you you don't need news about people and laws and events. And don't let anyone tell you that you can get along without the advertising news you read.

Just watch a man or woman who reads the ads make a dollar do its full job. And watch the well-read man support the right kind of government. Watch him guard his freedom. Watch him increase his security and protect his liberty.

Isn't it strange how few people stop to realize that America's newspapers are the very key to America's freedom?

UNION MOTORED YOUR DEALER. NOTE: The Newspaper Publishers Committee, composed of over 350 leading American Newspapers, publishes these messages simultaneously each week. The force which unites these newspapers is their recognition of their responsibility to you, the reader.

TWIN FALLS NEWS

Published every morning except Mondays, by the Times-News Publishing Company, Twin Falls, Idaho. Established 1890. Daily edition entered as second class matter April 11, 1911. Post office at Twin Falls, Idaho, as of March 3, 1917.

The newspaper assumes no financial responsibility for errors in publication of all news disseminated by the wire service. It is not responsible for the content of any advertisement in which the error has been made.

All claims received by law or by order of court of competent jurisdiction to be published weekly by the newspaper. Payment in full must be made to the publisher at the time of publication.

That legendary, tree-inducing, hair-whitening Loch-Nessmonster—subject of countless tall tales—will mean little if the government can't get the woolly beast to dress shaggy-sheep cozily in cotton garments. Yes, togas!

But aside from the indignity to be visited upon the rambling ruminants thus dazingly arrayed in the broad daylight, several sheep meandering along a bill self-consciously garbed in well-cut if flimsy cotton kimonos. Rather, the horrendous increase in cases of D. T.'s induced not normally by cotton-wool clothing, but by confronting, in pitch darkness, what purports to be a human, turvily crawling on all fours and uttering odd sounds.

This apparition, of course, will be reported by the non-drink-minded observer to have bounded away faster than Paavo Nurmi could have legged it in his best days. Unsettling, even to a stoic, would be such a sight.

Who behoves that paternalistic government, seeking a market outlet for its surplus cotton crop, to ponder carefully the baleful results of this cottoning to the sheep in question. Not much perspicacity is required to venture the guess that thousands of dollars worth of wool and breezy Westeners will slip a mental cog and baffle wildly if not duly apprised of the fact that, henceforth, sheared sheep will wear Ku Klux Kostumes.

SEED CATALOG TIME. Whether the seed catalog is a superannation or a bad habit is a much disputed question and worthy of consideration of the Wednesday Night Debating club, but that it is as inescapable in January as New Year's day is indubitable.

Text to a certain mail order house catalog and before the almanac it is the most read of the family shelf of free literature. It might be suggested that it is also the most popular picture book on the sitting room table.

service which will employ many of the men who have been trained for war. Apparently he foresees much of the commerce and the travel of the world taking to the air and abandoning the surface of the sea.

McREYNOLDS RESIGNS. President Roosevelt, who already has appointed five of the nine members of the Supreme Court of the United States, now will appoint a sixth justice following the resignation of Associate Justice James C. McReynolds, appointed by President Wilson in 1914.

Justice McReynolds, who regards much of the New Deal as unconstitutional, is represented by some of his friends as being disinclined to serve on the high court during a third presidential term.

Only Chief Justice Hughes and Associate Justices Stone and Roberts of the present court membership were not appointed by President Roosevelt.

Other Points of View. NATIONAL PARK EXTENSIONS. Danger that the interior department will execute a coup some day and classify large additional areas in Washington as national parks.

UNITED STATES VS. JAPAN. The furukawa bill introduced by Hallett which Japan has chosen to ignore, is being held into line with the United States is anything but a mongering.

National Whirligig

WASHINGTON. BY Ray Tucker. PROTEST. William S. Knudsen has returned from his trip to Washington to a Chautauque lecturer in order to persuade or be-American industry to undertake a system of contract subcontracting on a grand scale.

Mr. Knudsen is keeping his own counsel about any fresh requests, but it is assumed that he will make new demands. He always acts in a matter that he expects to get. It is understood that he will demand (1) a guarantee of 500 jobs worth \$100,000,000, (2) the elimination of the wage differential between the north and southern companies, and (3) the elimination of the wage differential between the north and southern companies.

John's perspective program will embarrass the administration, because his three countries long have figured as essentials in the president's general business philosophy. The administration already is negotiating through mutually friendly channels in an effort to avoid a spectacular showdown.

LAME. In spite of heavy British casualties in the great aerial-naval battle in the Sicilian straits, the Axis powers could easily win a victory of the plane over the warship. They intend that the Stukas' attack on the British navy was not a "fair test."

SHOWDOWN. The supreme test of Hitler's insistence on his right to strike in the case of a strike is being made by Wendell Willkie's motion picture, "The Fight for the Workers' Agreement with the Automobile Industry." It is expected that this will be a spectacular showdown.

STOCKS IMPROVE IN SLOW TRADING

Market Chalks Up Slight Average Advance on Small Turnover

Markets At A Glance

NEW YORK, Jan. 27.—The stock market today managed to emerge with a slight advance for the second time since Jan. 14, but trends, actually, were little improved. Small fractions also were held up by a few steel, rail, utilities, copper, aircraft and specialty stock operations. Wood, grain, rail, auto and steel were steady, good industrial demand was strong. Wheat, grain, auto and steel were steady, good industrial demand was strong. Wheat, grain, auto and steel were steady, good industrial demand was strong.

LEADERS ADDRESS L. D. S. SESSIONS

Twin Falls Stake Conference Hears Tribute to Boy Scout Founder

Quarterly conference for the Twin Falls stake of the L. D. S. church, conducted the past weekend, was the first of the kind since the late Elder George Albert Smith, only man in the intermountain area to have been honored with both the Boy Scout silver bear and silver buffalo awards, and one of the representatives of the general authorities of the church.

Elder Smith paid tribute to Lord Baden Powell, founder of the Boy Scouts of America, with whom he was personally acquainted, at the closing session of the conference. He also paid tribute to Scouts and Scouters for the program which they carry out.

Elder Smith, who first came to the present Twin Falls Stake in 1918, is a member of the Council of the Twelve Apostles. He told of his early days in the stake during a afternoon session Sunday.

Elder Strickman A. Stevens, executive member of the stake welfare committee, also represented the general authorities of the church at the conference.

Sunday morning and afternoon sessions were held at the home of J. W. Hitchins, with Mrs. Lora Dolinger conducting the evening M. T. service.

At the Sunday morning session, Elder Stevens conducted an illustration on the numerous activities which welfare projects, and President Joy Wood of DuBois stressed the necessity for cooperation in the movement.

High Councilman Edward Arrington pronounced the invocation.

Both the Aaronic and Melchizedek priesthoods attended the conference, and after the lecture, held separate discussion sessions.

President James E. Alfred pronounced the names of the general authorities of the church at the afternoon session. All were voted upon and unanimously approved.

Official Visits

FOREIGN T. V. STEWART, American Nationality Commission, held representative of the United States, who will be in Twin Falls Wednesday and Thursday to confer with officials of the Twin Falls county chapter of the Red Cross, Mr. Stewart, who will be accompanied by Mrs. Stewart, who has a wide background in public service activities, including first aid work in the Red Cross, as an educator in the schools of Emmet and Blaine counties, and as a member of the Fayette national forest. He attended Albion and Bellingham normal schools and the University of Idaho.

SPORTSMEN PLAN UNIFIED PROGRAM

B-Club, Southern Idaho Fish Forces Diving Session Here

A future of unified action in fish and game conservation activities, the plan of members of the B-Club of Sportsmen and the Southern Idaho Fish and Game association followed by the B-Club, Lawton, Okla., during a special meeting Sunday night at the city hall.

During the meeting, at which it was announced that all paid-up members of the B-Club will receive membership cards in the Southern Idaho Fish and Game group when lists are checked, resolutions of three members of the B-Club were accepted and three B-Club members appointed to complete the unifying terms.

Three appointed trustees for resolutions were Bob Whitted, Rex Warren and Mike Throckmorton; and B-Club members elected by the B-Club were Dr. George Scholer, who was recently chosen president of the B-Club, Lawton, Okla., B-Club director, and Earl Davidson, B-Club secretary.

During a subsequent organization session, the board elected O. H. Crampton and Fred W. Hunt as directors; Larry Bassett, secretary; and Mr. Davidson, treasurer; with Lee Leitchler, G. Stewart, R. P. Bailey, Mr. Murphy and Max Spahr as directors.

During the meeting, Mr. Davidson, Dr. Scholer and Mr. Davidson, while Mr. Murphy will fill a one-year unexpired term.

Meeting of standing committee, planning activities for the equine year and start of a membership drive will come before a special directors' meeting in February.

Each ticket for theater, opera house and similar establishments must show the exhibitor's tax paid and the total amount, the exhibitor's name and address. Penalties are provided for violation of these regulations.

ARMY REJECTS FEW IDAHOANS

Record Best in Area; Local Volunteers Mount to 17

With work progressing toward meeting the third and latest demand for next month, the Twin Falls No. 1 draft board has selected other similar units of Idaho, has received recommendations upon previous selective service contributions.

According to a communication received by Captain J. H. Seaver, Jr., chief clerk of the area No. 1 Selective Service office, Idaho has had fewer rejections for physical causes than any other state of the ninth corps area.

Four Rejected "Only two of Idaho's conscripts were turned down in the November call because of physical causes, and both are entirely temporary and since the army has received two of Idaho's conscripts in the November induction were 200 of the next lowest percentage of physical unfitness," the report points out.

Principal causes for physical rejection were teeth and clefts, abnormally shaped skulls, and other physical defects. Idaho's rejection because of physical reasons was a low percentage of 0.22, for other reasons, 0.22, or a percentage of 0.44. Montana has the next lowest percentage of rejections of all states, which include Nevada, Oregon, Utah, Washington and California, which rejections rank in the order here listed.

Captain Seaver also announced that three more brigades volunteered last weekend to bring total of 17. Four more youths are being examined and may also join the ranks of volunteers. This will enable filling more than half of the February quota of 100. Montana has the next lowest percentage of rejections of all states, which include Nevada, Oregon, Utah, Washington and California, which rejections rank in the order here listed.

Three youths—17, 16 and 13 years of age—were taken before Probate Judge C. A. Bailey, sitting as a jury, and authorized yesterday afternoon, following findings of the committee of local believed taken by the boys.

Action in the case was deferred until the next session of the court, following assembling of the committee of articles stolen during operation of the juvenile "crime ring" in the city.

Stolen articles, a portable radio, were found in a cave in a vacant lot and had been taken from stores, parked in the city. The items included two bicycles, a bicycle frame, two bike wheels, 10 feet of copper tubing, sack of oranges, pair of skates, three auto radio aerials, auto spider parking light, two cameras, pair of binoculars, pens, pencils, books, billfold, pocketbook, flashlight and other articles.

Egg-Productors Name Directors

CALDWELL, Jan. 27 (AP)—Archie M. Larson, of Water and W. D. Johnson of Caldwell were elected today to the board of directors of the Idaho Egg Producers. Both are at present members of the board.

Approximately 200 members of the organization were present for its 17th annual meeting.

Seven CAA Fliers Receive Licenses

Five Burley youths and two from Twin Falls have passed examination for pilot licenses, according to William T. Lovelace, civil aeronautics authority inspector, who has headquarters in the city.

By passing a difficult flight test, Einar Hulth, Twin Falls, received one of the highest ratings for a flier—the instructor's rating, according to the official.

A private pilot's license went to Einar Hulth, Sommer, Twin Falls, and to a flight instructor, E. A. Piggott, Burley.

Private licenses went to the following Burley students, who received instruction from Pete Hill, Jr. and E. A. Piggott: Phillip; Jerry; Theron; Jacob; DeLo; Thibod; D. Helle; Hebrum; George Duncan; Gordon; D. H. Hynes; and Dick Gustafson, all of Burley.

THOUSAND PROTESTS BEET CROP SLASH

Idaho Senator Declares Purpose to Fight Federal Restrictions

WASHINGTON, Jan. 27 (AP)—Protest by the agriculture department of sugar beet acreage allocations in 1941, in western states, was declared by Senator Thomas (R-Idaho) today. He said the farmers have received in recent times the "administration."

"What sugar acreage long has been limited," the agriculture department's surplus marketing administration only recently refused to give the potato growers any assistance on a diversion program and now we are asked to cut beet plantings drastically," he said in a statement.

Senator Thomas said that the restrictions, suffer badly from such limitations, because some sections of the beet crop will be less than forming to turn to.

"We intend to fight for an increase in the beet acreage which will cause the economic welfare of hundreds of farmers is at stake," he said. The beet acreage was set at 61,796 for 1941, compared with 74,369 for 1940, a reduction of about 17.5 per cent.

Utah's production in 1940 was 25,766 and was cut to 43,664, a reduction of 17.3 per cent. Washington's 1941 quota was set at 10,000, a reduction of about 10 per cent.

Oregon's cut was 25.7 per cent from 10,593 in 1940 to 7,870 in 1941.

AIRPORT DEAL REFUND ASKED

Mayor Claims Purchase of Land Barred by State Law

Palouse, a conference this morning with WPA officials. Mayor Joe Koehler will return to Boise tomorrow to start negotiations with the state regarding a bill in the legislature to return to the city of Twin Falls \$44,000 paid for the airport. Also in 1939.

The official indicated that during the past two years, he has seen no other way. "She asked if I have got a nickel," he says.

Mayor Koehler pointed out that the airport purchase consisted of school land totaling 40 acres, for which the state had paid \$44,000. An opinion by the attorney general advised the mayor that the purchase did not comply with existing law and that the land board exceeded its authority in so doing.

Mayor Koehler said that the purchase cost the city less than 5 cents per acre per year, making the entire purchase less than \$200. "This would probably clear the way for setting up a WPA project," he pointed out, as the federal government will not approve funds for improvement of land for which the title is not "clear."

Potato Growers Talk Problems

To elect directors for the ensuing year and discuss topics of vital interest to the industry, Twin Falls potato growers will meet at 1:30 p. m. today at the county fairgrounds in Boise, Idaho.

The program outlined by the county potato growers will include the Idaho State Potato Growers association, will be discussed during the afternoon session. The program will be the proposed increase in the state advertising tax from one-half cent to one cent.

In using large attendance at the session, the county agent pointed out that legislation is being required of potato growers to study new potato classes and other points of interest. And that this will be discussed by the group.

A collection of 1,585 superlatives was made from the beliefs of a single parish in Louisiana.

OF Claud Pratt Aird Had a Nobby!

You builders take a hold of something to "steady yourself," because Claud Pratt's going to tell you something that might be new to you. Another carload of plywood is actually being shipped to the mill today. He said that the mechanic told him that it would raise his motor. "Well sir," he went on to say, "I don't have any confidence in mechanics any more and I thought it must be very good oil or the mechanic wouldn't be knocking 'em out. 'I've been in the business for four years now and don't expect to use anything else." Well, Claud Pratt told the builders that he had been guaranteeing motors for five years if they used nothing else but this Atlas motor oil. He said he had never had to replace a new motor yet. The Atlas motor oil is so good that as we hardly ever hear a complaint of any kind on it.

Willie Willis

"Mary is almost like a boy friend," she said. "I know I haven't got a nickel."

Elderly Matron Called by Death

Mrs. Charlotte Koehler, 72, resident of Twin Falls since 1928, died at the home of her son, John Koehler, 404 Fourth avenue north, at 8 a. m. Sunday.

Mrs. Koehler, who came here from Minneapolis, Minn., was preceded in death by her husband, John H. Koehler, in 1902. She was a member of the Lutheran church.

Besides her son she was survived by two other children, Mrs. Emma Meyer, Twin Falls, and Mrs. Evan Smith, Tawawa, Wyo.

Funeral arrangements are awaiting arrival of the daughter residing in Wyoming. The body rests at the Reynolds funeral home and will be taken to Salt Lake City for cremation, following the funeral service.

Doctor Speaks at Rotary Club Meeting

SHOSHONE, Jan. 27—Dr. P. H. Howard spoke at the Shoshone Rotary club meeting Wednesday noon on infantile paralysis, stating that the various movements for the prevention and treatment of cases are to be encouraged.

Dr. Howard was introduced by Dr. F. Willmott, county chairman of the President's birthday club. Shoshone club has secured a perfect attendance record for the month of December.

Reception into membership was Don Tawer, Club visitors were T. T. Brown, William McKeight and Francis Buchanan of Gooding, Elmer Messenger of Jerome, and Rev. Leslie Rolls of Rupert.

State Post for Twin Falls Man

BOISE, Jan. 27 (AP)—Attorney General Bert H. Miller said tonight that T. M. Robertson, Jr., of Twin Falls, will be named an assistant attorney general in the unemployment compensation division of the industrial accident board.

"I have known him for a long time," Miller said, "but probably will be tomorrow."

T. M. Robertson, Jr., who Attorney General Bert H. Miller said to be named an assistant attorney general, is a native of Twin Falls, has been engaged in practice of law here the past two years. He is a graduate of the University of Idaho, south-
