

Dairy Show New Twin Falls Fair Season Feature

Premium-List Details Awards Offered For Winning Entries in Wide Range of Exhibits

With "fair" days for Twin Falls scheduled for Sept. 9, 10, 11 and 12, complete information for exhibitors and other interested persons is provided by the program book now being published, according to Secretary-Manager Tom Parks. The booklet is a product of the News-Times commercial printing department.

The annual event at the fairgrounds in Filer is patterned upon the "fair", a bigger and better fair, and will offer a number of new features this year. Including the dairy exhibit and demonstration from August 17 until close of the fair. Data is offered in the premium list upon classifications and premiums paid in all departments, time that exhibits may be released, names of superintendents in charge of all departments, as well as rules and regulations and other important information.

Cities Growth
Since the opening of the Twin Falls county fair, it has continued to grow. The publication points out that in the past year new buildings are added, as well as new departments and classes. This year a new dairy department has been installed, which will provide protection against fire, better sanitation and health benefits in many ways. The sheep exhibit building has been enlarged to double the size. A new building is being built out of the old sales pavilion. It is anticipated that this building will be known as the "dairy place" for housing the dairy exhibit and demonstration.

Presented nightly in conjunction with the fair will be the concert featuring the singing of both sides. Shawmut, Mont. Brown riders, bull riders and victrols and backbeat riders will compete for high honors and a share of the \$2,500 prize money plus entry fees.

Grounds Open Sept. 5
The grounds will be open for the first time since the fair's commencement Sept. 6. All entries should be made as early as possible so that all exhibits will be placed on Sunday, Sept. 8, Tuesday, Sept. 9, is a regular fair day with a full program.

Flashback
On Hatch Lake, Michigan, the judge hooked a rainbow trout 20 inches long and weighing seven pounds, three ounces. He fought it 15 minutes. Finally it broke his fly-rod and escaped. Then the fish, evidently exhausted, rose to the surface and summed himself.

Hatches Trouble
SANTA FE, N. M. — The state youth Democratic band is organizing a band—without music-minded high school department employees. The band formed the backbone of the band unit. Carl Hatcher (D-N.M.) obtained permission of a law barring federal-paid workers from politics. The band hasn't played since.

CUTS CHARTERED IN PRODUCTION OF MACHINES

Automobiles, Refrigerators, Household Laundry Equipment Slated for Reduction in Defense Program

WASHINGTON, July 19 — A tentative program cutting production of automobiles, machinery, refrigerators and household laundry equipment as much as 50 per cent during the next 12 months was announced today by Leon Henderson, administrator of prices and civilian supply.

It calls for cutting automobile output for the next three months 20 per cent under that of the comparable 1940 period and for a 50 per cent reduction thereafter.

Household mechanical refrigerator production would be cut 50 per cent. Domestic mechanical and washing machines would be reduced 25 per cent for the last month.

Production curtailment will be extended soon to other industries, Henderson said. He disclosed that conferences were being held with representatives of industries making bicycles, heating and cooling equipment, insect furniture and miscellaneous household appliances.

Big Girl Killed By Lightning Bolt

Adrienne Masters, 15, Meets Death In Field

BUHL, July 19 — A freak storm in this area, which observers said produced only one heavy bolt of lightning, ate this afternoon claimed the life of fifteen-year-old Adrienne Masters, daughter of Mr. and Mrs. W. A. Masters of Melon Valley.

The girl and her mother were being seen at the time of the storm while they were continued with their work. After the heavy bolt at 5:30 p. m. the mother, who was some distance from her daughter, noticed heavy dust rising from where her daughter had been standing. Investigating, she found her daughter dead.

The girl was a freshman at Buhl high school. She was born at Buhl April 15, 1925. She was a member of the Buhl high school choir.

Miles of Seared Land In Wake of Heat Wave

Oregon, Washington Report 1,500 Forest Fires Set by Lightning

SEATTLE, July 19 — The low pressure area which brought record heat to the Pacific northwest the past week, moved inland over the Rockies and Great Plains tonight, leaving miles of fire-blackened wheat and rangelands and seared and smoking forests behind it.

The forest service said the week's lightning-set forest fires in Oregon and Washington totaled 1,550 of which 950 were in national forests and 600 on state and private lands.

BOLIVIA FEARS NAZI OUTSICH; EXPELS AGENT

State of Siege Declared in South American Republic; German Minister Ordered to Leave Within 48 Hours

LA PAZ, Bolivia, July 19 — The Bolivian government proclaimed a state of siege tonight and ordered the German minister to leave the country within 48 hours in a swift move to suppress what is believed to be a spy ring.

The government announced that the spy ring was headed by a German minister, Ernest Wendler, who is now being held by the Bolivian authorities.

Although the government did not directly link the spy ring with the German minister, it was understood that the spy ring was headed by a German minister, Ernest Wendler, who is now being held by the Bolivian authorities.

Clothes Make a Man—Hot—So Here's How to Beat the Heat

DAVID (AS HIMSELF) NAPOLEON AT THE BALL GAME SOLDIER BOY

Folks are foolish to be wearing a lot of clothes these hot summer days, believes David Roul Donahue, 11 months old and pretty pleased with life in general, as shown by the first picture in the series above. David, who is the son of Mr. and Mrs. Joe Donahue, Twin Falls, firmly believes that hats are the most important part of the well-dressed man's wardrobe. In the second picture he assumes the famed Napoleon Bonaparte stance topped off by a hat that can be worn either way or read. Next he demonstrates how he would keep cool at ball games — if he were a ball game. This is followed by a patriotic note with the name hat turned sideways, and last, but not least, he shows how he would play. An David's vocabulary is still being developed, but it is logical to assume that he will be a great player.

WAY FOR BRITISH OFFENSIVE OPENS

Russian Campaign Keeps Nazis Busy; Mussolini Vulnerable

BY KIRK L. SIMPSON
New Special Service War Analysts
Whatever Hitler's hopes of decisive victories in Russia as the fourth week of the "Stoel" battle ends, it is now clear that so far he has lost rather than gained ground against Britain because of his anti-Britain "crusade."

London military spokesmen say now that an attempted Nazi invasion of England this year is "almost" impossible, the "times" added only for caution's sake.

England's greatest dread has been England's greatest dread for many months it has finally. It is apparent that there is little chance of a possible Nazi peace move in the wake of a threatened German offensive in Russia.

Hitler's ability to bring England again with invasion, this is reflected in the instant reiteration by British war leaders. From Prime Minister Churchill down, the British will be no peace on any terms with Hitler.

Elsewhere on the Axis-British battle front, it was the effect of Hitler's "crusade" versus "no less obvious, in the Atlantic his sea attack against the British in the Mediterranean British defense lines have been tremendously reinforced by French reinforcements, lacking any hope of effective German offensive.

It seems more possible that Britain is busy mopping up plans for a new attack against the British in the Mediterranean British defense lines have been tremendously reinforced by French reinforcements, lacking any hope of effective German offensive.

GRAZING CHIEF GLAD TO RETURN

R. H. Rutledge Moving Office To Salt Lake City From Washington

WASHINGTON, July 19 (AP)—R. H. Rutledge, federal director of grazing operations on 140,000,000 acres of public lands, today "officially" went back to the west where he spent a third of a century in the forest service in Idaho, Montana and Utah.

Headquarters of the grazing service was ordered transferred a few weeks ago from Washington to Salt Lake City.

Rutledge, who lived from 1888 to 1908 in Long Valley, near Coeur d'Alene, will take a staff of approximately 100 men westward with him.

"Most of the employees of the service are westerners and like myself, were glad to go home," said Rutledge, who came here three years ago to take over the job as his regional forester.

Before his time at Oakeside, Rutledge was stationed at Boise, Coeur d'Alene and Wallace, Idaho, and at Missoula, Mont.

He was born at Onarga, Ill., Sept. 24, 1873, and received an honorary degree from the University of Idaho in 1929.

Rutledge lives alone with Mrs. Rutledge. The move west will take them nearer three of their children, Mrs. Clarence Stevens at Brossman, Mont.; Dwight Rutledge at Sacramento, Calif.; and Mrs. Edna Stevens, whose husband is a ranger in Yellowstone national park. Another daughter is Mrs. Vera Jacobson, whose husband is a mining engineer at Mountain View, Astoria, Ore.

Among the 30 makes the trip west, Rutledge listed these:

Elder E. Stone of Moscow, Idaho, ranch examiner.

Alan Richards of Montpelier, Idaho, national chief of operations.

George H. Woodhall of Pocatello, Idaho, field assistant.

Dwight Fuchs of Ogden, Utah, chief of operations.

Cerald H. Kerr of Salt Lake City, assistant chief of range management.

Mrs. Ruth Teleport of Salt Lake City, Rutledge's secretary.

John G. Peterson of Ephraim, Utah, chief of information.

All have families.

Archibald D. Ryan, formerly of Boise and Pula D. Ryan, formerly of Washington, at least temporarily, are in charge of the branch of acquisition and control.

County fair this year will be held Sept. 10, 11 and 12.

IDAHO FARMERS BUILD STORAGE

Big Crop With Good Prices Unusual Forecast for Season

LEWISTOWN, July 19 (AP)—Idaho wheat producers are making sure of plenty of storage space for this year's heavy crop.

Alvin V. McCormack, Lewiston, member of the agricultural adjustment administration state committee, said today "Reports from both north and south Idaho indicate storage facilities to be required for grain storage are calling on their owners to be sure there will be room for their grain."

He said warehouses are increasing storage facilities to prevent a bumper 1941 crop, which added to a large crop of old wheat is expected to make a record-breaking supply for the 1941-42 marketing year.

"County AAA committees report that many farmers, particularly in southern Idaho, are building increased farm storage to care for their grain," McCormack said. "Some of them are taking advantage of advances in federal payments to finance new granaries."

He exhibited a recent storage payment made by the commodity credit corporation for grain shipped over to the corporation in satisfaction of loans made advanced if new storage meets requirements. Advance against conversion payments farmers expect to earn in 1941 also will be made to finance new storage.

"The department of agriculture is relieving the storage situation in some points where connection is forecast by moving the grain taken over to satisfy 1940 wheat loans to interior points," McCormack said.

Brazilian Shoots Nine for Revenge

SAO PAULO, Brazil, July 19 (AP)—Showing that he was determined to exterminate the entire population of Brazil in revenge for 30 years he spent in prison, a 60-year-old ex-convict attempted this yesterday.

Identified by police as Euzachio Gomes Da Silva, the man shot three women, two children and four men before police overpowered him and took his pistol. He was released recently after spending the last five years of his sentence in a mental institution. Police said he was imprisoned in 1911 for a double slaying.

TWIN FALLS' OLDEST HOMESITE ADOPTS THE MOST MODERN STEP IN HOME IMPROVEMENT

U.S. ROCK WOOL
for complete year-round insulation.

ON THE SITE of the famed McCallum home — utilizing part of the original foundation even—J. E. Hayes and family, pioneers in their own right — have already constructed one of Twin Falls' most attractive homes. The McCallum home occupies an outstanding place in the history of this tract. There gathered the "Homeless Twenty" — men who actuated the formation of our city and who later became part of our business people. There gathered other pioneers to keep the social life of our early community alive in the sagebrush and sand.

Today a modern home stands on the self-same spot. And today it is being modernized even further with the installation of U. S. Rock Wool — a product manufactured in our own Intermountain West — a product that is quality throughout and is guaranteed to bring satisfaction to every home owner. Rock Wool cannot be duplicated. WHEAT QUOTA PROTEST: The rise of the wheat farmers in many sections of the country against the 49-cent quota-excess penalty will be due directly to the size of the penalty. Indirectly it is far more significant.

Under the AAA plan, which is now completely compulsory, the administration has tried to bring about what amounts to monopoly control of the production of wheat, tobacco, cotton and rice.

Farmers are complaining that the wheat quota vote was not fair. Probably it was. The AAA plan, which is now completely compulsory, the administration has tried to bring about what amounts to monopoly control of the production of wheat, tobacco, cotton and rice.

YOUNGER TOP OFFICERS: Strict seniority as the basis for promotion of high officers in the United States Army was ignored in the president's list of nominations of twelve major generals and twenty-five brigadier generals sent to the senate for confirmation.

General George C. Marshall, chief of staff, that the army be given authority to select its own officers within the limits of one year poses a most difficult question for congress.

General Marshall is an able soldier and he quite naturally views the question from the military standpoint. He would like to see the army control the selection of its own officers.

Other Points of View

HAUNTED BY FAILURE OF LEAGUE: As the United States comes ever closer to war, the League of Nations and other peace pacts become more obvious. Within the last six years, all devices that were used for keeping the world at peace for almost twenty years have failed.

The League failed because it had no authority to prevent Hitler and his kind from violating sacred treaties. It was not a league of nations, it was a league of dictators, who can be dealt with only in terms of force.

Many who favor the league in principle actively opposed its organization, because no provision was made for enforcing its rulings. They were well forewarned to failure unless it was provided with real force to hold unruly nations in line.

The League failed miserably when Italy took Ethiopia. The nine-power pact failed when Japan moved into Asia. The Kellogg-Briand pact, signed by thirty-two nations, failed in Asia and Europe.

The limitation of armament pact was dropped by Japan, and the United States and Great Britain followed suit. Every effort by treaty negotiation, by international conference or by united action, has been a woeful attempt to keep the world at peace.

If a nation wished to remain at peace, its only means would be to make concessions and delay the aggressive war by tactics designed to wear down the aggressor. The aggressor would win and the peace would be a mere truce.

The people of the United States do, though, want some kind of peace. They will remain at peace as long as Hitler has been whipped. Since about 1933, the people of the United States have been jittery about the prospect of a world at peace.

The first League of Nations would not contend with warlike steps of member nations, and therein lay its fatal flaw. The League of Nations would not contend with warlike steps of member nations, and therein lay its fatal flaw.

Stake R. S. Board Meets to Form Pioneer Day Plans

To complete plans for the Twin Falls L.D.S. stake celebration in commemoration of the entrance of the Mormon pioneer into Salt Lake Valley July 24, 1847, members of the stake Relief society board, sponsors of the event, met last night at the home of Mrs. Mable Schenk in Twin Falls. Mrs. A. J. Hunt of Buhl, stake president, conducted the session, during which last-minute details of the all-day event next Thursday at Harrington park, up Rock Creek canyon, were completed.

It was requested that any member of the stake desiring information of any kind concerning the event contact some member of the Relief society board.

Board Members
Board members, besides Mrs. Hunt and Mrs. Schenk, include Mrs. Pearl Altenbach of Buhl, Mrs. Mary Wright, Mrs. Eva Adamson, Mrs. Bill Hill, Mrs. Elizabeth Shirey and Mrs. Hortia Lawrence, all of Twin Falls.

Approximately five hundred persons, with families from Pilei, Kimberly, Buhl, Twin Falls, and other local communities, are expected to attend the all-day festival Thursday. The main program will begin with dinner at noon; a pageant, "Leaves from Pioneer History," presented by local children, and a variety of games and sports, directed by members of the Sunday school board.

Evening Program
A haanage "fest" in the evening will be followed by community singing around the camp fire and musical numbers from the Relief society. As a feature of the evening's program, pioneer stories will be read by real pioneers, according to the stake board.

During the day, ice cream, pop, top corn, marshmallows and other refreshments will be on sale from a decorated booth at the picnic site by Relief society members.

Awards Given to Pioneer Groups After Luncheon

County officers of the Daughters of the Utah Pioneers entertained at a luncheon at the Idaho Power company auditorium last Friday afternoon in honor of all camp officers of the organization. Features of the afternoon was awarding of pioneer song books for recent attainment.

Mrs. Lillian Davidson and Mrs. Minnie Elmer received awards and presented them with pansy corsages tied with sage green ribbons. Garden flowers centered the gift tables.

Toastmaster was Mrs. Jane Bell, first vice-president, who sang her favorite pioneer songs was led by Mrs. Zara Tonka.

Mrs. Bell expressed appreciation to camps for their cooperation in the intensive membership drive, and introduced Mrs. Elizabeth Carter, registrar, and second vice-president, who presented a check for the building fund, and Mrs. Emma S. Luke, county president, who awarded the prizes.

Camp Mary Lois of Twin Falls received the award for registering the most members; Camp Mar-Bo of Murtaugh won the award for filling the most histories according to percentage of membership; and Camp Em-Ar-El of Twin Falls, for making the largest memorial fund contribution. Special mention was made to Camp Artchib of Buhl and Camp Ho-La-Sie of Kimberly.

Mrs. Orchard, county secretary, gave the financial report for the fiscal year. Mrs. Luke read a letter from President Carter of the state central company, complimenting the Twin Falls county officers on their efforts and support.

YANKS BLAS OUT DOUBT WIN OVER TIGERS

Bombers Increase Lead to 6 1/2 Games

Joe DiMaggio Starts Rally to Win Nightcap

AMERICAN LEAGUE
 New York 9-6, Detroit 2-2
 Philadelphia 5-3, Chicago 4-1
 Boston, 3-2, St. Louis 4-4
 Washington 8, Cleveland 9

DETROIT, July 19 (AP)—The league-leading New York Yankees today resumed their sensational winning streak with a double victory over the Tigers, 9 to 3 and 6 to 2, before 42,092 fans today.

The twin bill stretched the Yanks' margin over the second-place Cleveland Indians to six and one-half games.

The first game was a breeze for pitcher Spurgeon Claxton of the Yankees, but Detroit's Tiger bats did not and earned a run in racking up his second straight shut out.

Claxton pitched a complete game and landed all over Bob Newman to knock him from the ball and deal him his 12th defeat of the season.

But the nightcap was different. For five frames young Hal Newhouse set the visitors down through scattered hits, and he was sitting along holding a 1 to 0 lead over the veteran Red Ruffing when the fourth went off in the sixth.

Joe DiMaggio started it with a triple off the wall in deep center. Before the dust finally settled, Ruffing had crossed the plate on five hits and two errors. Newman struck him since taken his shower and the big crowd was ready to go home.

The Yankees' catcher, Ed Barrow, with some alert hitting, Charley Keller banged his 21st homerun of the season in the fifth with one aboard to take the league lead in four-baggers, while Red Rolfe once contributed four straight hits. DiMaggio was limited to an infield single in the sixth but drove in two runs.

ST. LOUIS, July 19 (AP)—Pitcher Denny Galehouse has become a star since he quit stalling these days and there's no more stalling on the mound.

No longer does he telegraph his pitches so plainly that even the other knuckers what is being served up next.

As a result, the big right-hander nearly pitched himself into the hall of fame with a one-hitter against Washington, and followed that heroics by his first start with a four-hit performance against the New York Yankees.

Leaders to Meet Strong SCI Foes

Jerome and Shoshone, leading the second half of the South Central Idaho football league will invade Halley and Piler this afternoon for the first time since the league was formed.

Other games will pit Hagaman against the improving Rupert club for the first time since the league was formed.

Jerome, backed by the able pitching of Wilkey Jenkins, former University of Idaho hurler, will meet the Halley Triumph Miners, first-half co-champions, in what should prove to be the outstanding game of the day.

Jerome started the season slow but in recent weeks has proven one of the strongest teams in the circuit.

The hard hitting Shoshone Redshoes, co-champions of the first half of the split season, are favored to crounce the Piler club. The Redshoes have only one loss in the first year, a 7-4 tilt to Halley. Shoshone has beaten Halley twice.

League standings today are:

Team	W	L	Pct.
Shoshone	2	0	1.000
Jerome	2	0	1.000
Halley	1	1	.500
Hagaman	1	1	.500

Braves Stop Drive Of Cardinals, 10-6

BOSTON, July 19 (AP)—The Boston Braves withstood a 10-run barrage while collecting 13 safe blows on their own account today to bring an abrupt halt to the first place surge of the St. Louis Cardinals, defeating the pennant contender, 10-6, in a free-hitting battle.

Javary went the distance for the Braves while his teaming pitcher demonstrated an impartial attitude toward the offerings of four St. Louis hurlers.

The Cards led the Boston cause by contributing five costly errors.

Six of the Cardinal safeties came in the ninth when the St. Louis team put on a last-minute surge to chase five runs across the plate.

Frank Crespi, who opened the ninth inning heroically with a walk, ended the suspense on his second visit.

TEXAS TOI WORKER WINS PUBLINKS TITLE

Houston Golfer Shoots Sub-Par Finishing Round

Bill Welch Defeats Denver Insurance Man In Spokane Meet

By RUSSELL NEWLAND
INDIAN CANYON, Spokane, Wash., July 19 (AP)—Poker-faced Bill Welch of Houston, Tex., one of the working boys, won the 1941 National Public Links golf championship today in a blazing sub-par finish that blanketed out Jack Kerns of Denver, 6 and 5.

When they started out yesterday a scorching sun for the second half of the 36-hole final Kerns was 1 up. He held the lead as long as it took to play the 11th hole, but evened matters there. He went to the front of the field as he took to play the 12th hole. The Texas toolmaker fired three under par on his most formidable opponent—Welch is 27 years old and Kerns 29—for the thirteen holes of the afternoon. Welch, who was to win up the event.

Welch deliberated as all get out, turned the bird into an even par 35, then finished the last four holes with three birdies in a par. That kind of a win was too strong for the spectators Denver insurance underwriter.

Final Under Pressure
He melted under the terrific pressure of the hot sun and the crowd. In addition, to three-putting two greens.

The two finalists were rank outside when the big field got under way last Monday. Both barely qualified and adding to the fact that Welch and the other more prominent contestants, worked well up the ladder in the morning. Kerns broke into the picture Sunday when he ousted the medalist of tournament favorite, Jimmy Clark of Long Beach, Calif., who set national qualifying records with a first round 64 and a 36-hole total of 100. Those in the daily galleries woke up even later to see that Welch was in the tournament. He had to defeat Pete Doli, Kentucky champion, in the semi-final, to come in for attention.

Welch's round this afternoon was the best he played this week. He was steady as a clock, never off the fairways and sticking shots dead to the pin.

Success St. Paul Man
He succeeds Robert Clark of St. Paul as possessor of the title. Clark, emblematic of the finest public links played in the country for 30 years.

Kerns, the loser, had his heart set on winning the title. His big tournament next year will be held in his home town, Denver, on the Hillside course.

His game cracked badly, however, on the final day and he struggled with a hook that brought him back into the woods several times. About the same time, he acquired a fairly putting touch. The realistic combination didn't warrant his being in the same league with Welch, who was hitting the greens in championship form.

Boise Postpones Open Golf Meet

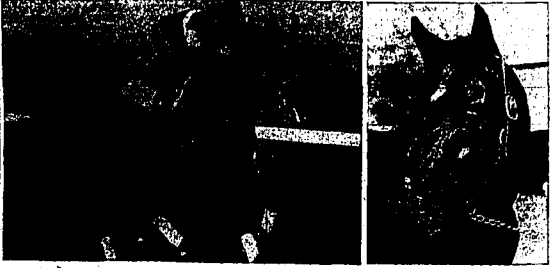

BOISE, July 19 (AP)—Plans for a \$1,000 open golf tournament in Boise Aug. 1-3 went out the window today when Zita club secretary, Jack Case said the organization had decided to call it off.

The meet will be sought next year. Case said, explaining that response of professionals had been only fair and the time remaining for organization of the event was too short.

Next year, he said, the club will endeavor to line up a circuit of tournaments including Boise, Salt Lake City, Idaho Falls, Wood River, Spokane, Wash., and Portland and Clearwater, Ore.

Big Pebble Wins Gold Cup Race in Stirring Stretch Duel

The Favorite and the Winner

FAVORED to cop the fourth running of the \$10,000 Hollywood Gold Cup mile-and-a-quarter handicap yesterday was Mioland, top pick of the fans.

Mioland, but Big Pebble, right, an outsider at 6-1. Big Pebble, owned by Edward S. Moore, Sheridan, Wyo., defeated Paperboy in a photo finish.

barage when he poked out a four bagger with one man aboard after two outs. Al Lightner and Vic O'Leary, the next two men at the plate, followed by circuit clout.

The Cowboys started their scoring in the first inning with two runs and were never headed, although they had to beat back a determined ninth inning rally by the Bees. Hank Bushman, imitative Indian hurler for the Cowboys, held the Bees' hits scarce until the ninth inning when three runs were pushed across the plate.

Two chased from Field
Two sixth inning debuts with Umpire Welch sent Tony Robello, Salt Lake manager, and Harlow Burton, Cowboy shortstop, to the showers.

Bushman breaking for the Cowboys, struck a ball that apparently hit near the plate. He was called out as first base on the play. Umpire Welch called the ball foul. Robello argued loud and long, but all he got for his effort was a "gag."

The next man to face Jensen was Burton, who objected to a called strike and slammed his bat to the ground. The Cowboy then hit the next of the game with Reynolds at shortstop. Bill Randall was moved in for first center field.

The teams conclude their three game series tonight at Jaycee park. The following are the scores:

Boise Wins 7th Straight Game
BOISE, July 19 (AP)—Bob Snyder, pitching his second game in four

Cullenhin slipping eight points and Hill three. Those in the top ten were Dick H. Roberts, Philadelphia, 350; Joe Cronin, Boston, 346; Buddy Rosar, Boston, 345; Joe Giarrusso, Philadelphia, 342; and Sam Chapman, Philadelphia, 331.

Donnie Di Maggio, Joe's Boston brother, took over the lead in two base hits with 27, passing Lou Bonaventura of Cleveland. Joe Di Maggio's leadership in runs batted in was unchanged as he batted 16 to 10, but his teammate, Charley Keller, tied him in home runs at 20.

Ben Hogan Leads At Halfway Mark Of Chicago Open

Hershey, Penn., Pro Clinch To Finish in Money For 51st Straight Meet

BY EARL JILLIGAN
CHICAGO, July 19 (AP)—Golf's mighty mite, Ben Hogan, handed par and the field another beating today, firing a one under regulation 70 for a 32-hole total of 136 strokes which gave him the halfway point lead in the 72-hole Chicago open championship at the Seminary Country Club.

The slim professional from Hershey, Pa., who blasted Elmhurst, Ill., for a 51 straight tournament, had 24 holes of 34-39 today. Only a putting lapse at the 11th, where he needed three shots on the carpet from 30 feet, kept him from further tightening his grip on anchorage at the tournament's first money of \$1,200.

Hogan, a clinch to finish in the money for a 51 straight tournament—a record unbroken in professional all-handicapped at the second and sixth holes after anchorage within three feet of the flag. He bogied the fifth by three putts. Coming in he played par golf on every hole except the 13th, which he bled by dropping a 10 footer, and the 18th.

Dick Metz of Oak Park, Ill., who won this tournament with a 218 and a 219, finished a neck in front of Ed Egan, owned by Mrs. Earl Demme, Chicago, Cherry Trifle, an outsider, was third, a head in front of the 9 to 3 favorite, Milwaukee stable's Sam Lover.

Equifox, owned by Howard Welch, young turfman from Lexington, Ky., registered his second state victory in his career. He net \$100, \$200 and \$400. Prices on life Sun were \$250 and \$300 and Cherry Trifle paid \$110 to show.

Golf Champs to Meet in Match

YOUNGONIA, O., July 19 (AP)—Two reigning kings of golf—National Open champion Craig Wood and PGA champion Ben Hogan—will meet in a 72-hole medal play duel for a \$250 winner-take-all purse at the Mauntening Country Club Aug. 2-3.

Indians net long distance communications by smoke through the dusts and fires at night.

Cowboys Release Rube Sandstrom

Manager Andy Harrington yesterday announced the release of Rube Sandstrom, left-hander, who has a record of three wins and 32 losses. The pitcher has been with the club since the start of the season.

He asked for his release, Harrington said, because he had a fair share of success.

WPA Work Halted To Help Farmers

FORT COLLINS, Colo., July 19 (AP)—All manual labor projects of the WPA in Larimer county were suspended today by the county commissioners until a shortage of labor for seasonal farm work is relieved.

Bomber to Receive Third Flight Test

RIVERDALE, Calif., July 19 (AP)—The giant bomber B-19 has been prepared for a third test flight some time this week, Monday.

Favored Mioland Runs Far Behind

Paperboy Finishes Second in Photo Finish

BY ROBERT MYERS
LOS ANGELES, July 19 (AP)—Big Pebble and Paperboy sank the over-faded Mioland boat today in the biggest turf upset of the year.

Teasing it out in a stirring stretch duel, Big Pebble scored a smashing victory in the \$75,000 Gold Cup handicap before a screaming mob of 41,000 fans.

Paperboy, the richly favored three-year-old, made a gallant challenge for the top money of this fourth running of the event, while Mioland, the odds-on favorite, ran third in the photo-finish for the top money.

It was the most exciting race in the series, and brought about the biggest surprise as Charles S. Howard's Mioland met not one, but two masters in this mile-and-a-quarter race.

Living up to his reputation for the first time, Big Pebble, with Jackie Westrope in the saddle, ran like he did in whipping the Handley horse. Blamech, for the Widener cup last winter and collected a purse of \$2,475 for his owner, Edward S. Moore.

Westrope brought the big five-year-old bay up on the outside, overwhelming Paperboy and Mioland in the stretch and optimum across the finish line the winner by a neck. Mioland was more than a length behind—thoroughly beaten.

The strategy of the Big Pebble trainer, Bill Finnesen, was to let the Pebble's team-mate, out on a red hot pace. Ship Biscuit held it until the final drive.

Defense Hampers Eastern Farmers

HARRISBURG, Pa., July 19 (AP)—Defense industries have taken so many men from Pennsylvania farms that it has been necessary to alter the planting schedule. The state Secretary of Agriculture John H. Light said today.

Three-fourths of the farmers reporting said men left their jobs for higher wages in industry. 14 per cent went into military service and seven per cent quit because the working day was too long, Light said.

MISSING GIRL'S BODY DISCOVERED

High School Lass Found With Knife in Breast Near Boston Home

BOSTON, July 19 (AP)—Dark-eyed Constance Blyth, 15-year-old high school girl, who vanished four days ago in the wooded hills near a store, was found slain tonight in a paragon hardly a block from her home.

The mutilated body, bearing a 3.5-inch knife in the left breast, apparently had been slayed with a knife. Police theorized she had been overpowered on the lawn of the paragon — the minister was away on vacation — or killed by a blow on the head and dragged inside.

District Attorney Robert F. Bradford declared a bread knife found clutched in her left hand and been "evidently" and that the breast wound "plainly" also had been inflicted by her attacker in an attempt to leave the appearance of a suicide.

The telephone caller was reported to have said that a young man had been seen calling to the apartment building from the yard of the paragon as she passed, presuming that the "brother" was the man who was carrying bundles toward from the store, she wore a playmate of a blouse and brightly striped shorts.

The father apparently had gained access to the house by forcing a first-floor window in the rear. He had previously had a long belief that the girl, an only child, had been abducted or had suffered from a mental ailment.

She disappeared Tuesday noon after leaving her home to go to a friend's home for her mother's family in modest circumstances.

Her mother has been puzzled and her mother collapsed last night and her father fainted, a man who was with both the girl, and to "anyone who might know where she is."

service reported that at least one-third of the German industry is being destroyed seriously damaged in the offensive. With the recent diversion of the Luftwaffe, the RAF has mastered the skies of the West.

"The promise made by the prime minister (Churchill) is being fulfilled, and the German air force is beginning to appreciate that the war is being fought on German soil, and that they are being brought to their doorsteps," the news agency said.

The RAF reported probable destruction of four German ships bombed in convoy yesterday off the Netherlands coast. The tonnage total was 22,000 tons. This was the first addition to the list of German ships since the day they had been destroyed in four months by the RAF.

The RAF would also say that RAF fighters, operating at extreme range over German-held territory, had established a new record in the last few days, in places shot down.

Keep the White Flag of Safety Flying

Now open days without a fatal traffic accident in our Pacific Valley.

Scattered showers helped to control 114 blazes in north Idaho and western Montana.

SACRAMENTO, Calif., July 19 (AP)—The fire season in the central Pacific states is in a quiet lull, but scattered showers helped to control 114 blazes in north Idaho and western Montana.

The fires were scattered throughout the central Pacific states, with temperatures around 90-100 and dry and light winds.

Investigating officers were State Officer Virgil Barron and Deputy Sheriff Virgil Barron.

Laundry Damage By Fire Averted Potentially serious fire at the National Laundry and Dry Cleaning on the corner of Third avenue and Third street east was averted last night when smoke was observed in the building and the Twin Falls fire department was summoned.

The smoke was observed by Mrs. Alvin Watson, 321 Third avenue east, as she passed the building while walking home. The downtown section with her daughter.

He was released yesterday at Mountain Home and was immediately brought here immediately under warrant issued after he failed to show up for the earlier sentence given by Probate Judge C. A. Bailey after the youth pleaded guilty to obtaining money from a store under pretenses.

Living Costs Rise In Last 3 Months

WASHINGTON, July 19 (AP)—Living costs increased 3.4 per cent in the last three months, the Bureau of Labor Statistics reported today.

Approximately one-half of the increase, the bureau added, came during the last month of the period when retail food costs climbed 1.1 per cent in 51 large cities.

CLOUDS SHADOW INDIAN'S DANCE

Bannock and Shoshone Indians Start Postponed Ceremonies

POCATELLO, July 19.—Postponed from last night because of forecasted rain, Indians of the Bannock and Shoshone tribes began their three-day "sun dance" rites at Buffalo and Eagle lodge, southwest of Fort Hall, and at the Bannock Creek lodge, one-half mile north of Schaller on the Yellowstone highway at Bannock today.

A possibility of pouring rains probably to ease the features of the three footless, waterless days of dancing in an effort to secure "health, happiness and prosperity" for the tribesmen but threatened to cast a gloomy shadow over the colorful morning singing and dancing.

The dancers will go on without rest for the duration of the ceremony, then indulging in a large feast the expenses to be met by the "gate receipts" from a small admission price.

A number of people from various points in southeastern Idaho are expected to gather to watch the braves and squaws go through the grueling dance and to hear the solemn, savage rhythm beat of the tom-toms.

This year for the first time the squaws of the Eagle lodge group will participate in the dance.

TRAVELER VIEWS ALASKAN VALUES

B. J. Bingle, Former Resident, Tells of Defense Contribution

Alaska, as perhaps the "last frontier" of America, has long been known for its contribution to self-sufficiency of the United States, according to B. J. Bingle, who says that Bingle is visiting here during a leave from his duties as director of the International Association for the Matanuska valley settlement in Alaska.

Mr. and Mrs. Bingle were with the Twin Falls school system from 1923 through 1925, and are visiting Mr. and Mrs. G. M. Simpson while in Twin Falls.

Mr. Bingle has just pointed out that Alaska construction has progressed rapidly and that this pace has been accelerated by present preparedness efforts. Recent construction of 1,000 miles of road has contributed to the development and completion of a link this summer which will make it a part of the vast American highway system.

Rural electrification is also being carried on and has increased the number of men in the valley where increased the population rapidly. Placer mining and fishing are also important in the economic structure of the country.

Mr. Bingle anticipates that present progress will not lapse after the defense program is completed, as homebuilding will probably follow in its wake. He pointed out that the large quantities of salmon and other fish which Alaska supplies as well as the important means of exchange, goods and materials, to the rest of the United States in making it self-sufficient within this continent.

Summons Comes For Dr. Stocks

BURLEY, July 19.—Dr. Clarence Stocks, 48, Burley resident since 1924, member of the L.L.S.D., died at Burley and long active in church and civic affairs, died at his home here at 12:35 p.m. today following a lingering illness. On account of ill health he had been forced to retire from practice of his profession as a chiropractor about five years ago.

Funeral services will be held next Wednesday at 2 p.m. at the Hurley tabernacle, under direction of Bishop John Holysak. Burial will be in the Burley cemetery. The body rests at the Payne mortuary.

Carey Scene Of Legion Convale

CAREY, July 19.—Lambert Expediton, fourth district American Legion commander, announces that the district Legion and auxiliary convalescence will be held at Carey Thursday, July 21. Officers for both organizations will be elected at that time.

The election is being held before the state convention, Aug. 17-20, inclusive, to enable the newly-elected district commander to attend in that capacity.

HEALTH CAMP AT BUHL SUCCESS

Children Gain Weight First Two Weeks of Annual Session

BUHL, July 19.—The first two weeks at the McCuskey memorial health camp have proved successful, with the camp running smoothly and on schedule. Besides the regular schedule of recreation, work and play, the children have had the privilege during the two weeks of participating in the annual swimming instruction at the city pool each afternoon.

Mr. and Mrs. Prineau of the recreational project comes to camp on Mondays and Wednesdays for two hours to help with various handicrafts. Through her cooperation, many of the materials for the crafts were donated to the camp, and Mrs. Prineau and the camp officials express their appreciation for her contribution. The boys are working in plaster of paris, and the girls have made pins from alphabet macaroni.

Desertion Charge In Man's Petition

Alleging desertion, since March, 1928, John H. Gamble, father of a five-year-old boy, started suit in district court in Twin Falls yesterday for divorce from Mrs. Helen Gamble whom he married in Twin Falls, Nov. 8, 1923. He asks for custody of the child, agreeing to permit the mother, now a resident of San Francisco, to visit the boy at reasonable times. S. T. Hamilton of Twin Falls is the petitioner's attorney.

Swim Campaign Includes Craft Rescue Efforts

Rescue methods in use of small craft, surfboards and rafts are being taught to new entrants in the Red Cross life saving and water safety campaign, which opens in Twin Falls Monday and continues through Aug. 2, according to Tom Allison, chairman of the Twin Falls county chapter.

Students will learn of flotation, rescue, surfboards and rafts and how to handle them for pleasure and action to take in emergencies. The two-week campaign, to be conducted by Robert Smith, aquatic school graduate, will also stress swimming and other methods of rescue.

Registration is set for Monday from 7 to 9 p.m. at Hanson park pool.

Student Shortage Cancels Training

Because of an insufficient number of qualified students, plans for a summer GAA ground school have been cancelled, according to officials of the sponsoring Chamber of Commerce.

Registration was held open for an extra 10 days, but the minimum of 25 students was not obtained. A fall session is scheduled for about Sept. 15, however, it was pointed out.

Mercury Drops Below 90 Here

With an official temperature of 86 degrees recorded as yesterday's high, Twin Falls residents were wondering last night if "the spell" had ended or if it was just temporarily absent from the heat.

Yesterday was the first day since early July that the mercury has not reached 90 degrees, and the low recorded last week was the steepest of 100 degrees. Friday's high was 92.

LOCAL JAYCEES TO STATE MEET

Delegation Leaves for Quarterly Sessions at Weiser

Twin Falls Junior Chamber of Commerce will be well represented at the quarterly meeting of the Idaho state Junior Chamber at Weiser today, according to plans completed here last night.

A delegation of at least eight members will travel to the gathering from Twin Falls in two cars, leaving early this morning. One or two other local Jaycees may also make the trip, according to President Loyl J. Perry.

Comprising the delegation from here will be Howard Whiteman, Harold Lackey, Tom Sine, Wayne Hancock, Robert H. Warner, Russ Thomas and Charles Allen, as well as President Perry.

The meeting will hear reports of the standing committee, including that by Mr. Warner, who is chairman of the state safety committee. This group is seeking to initiate throughout the state the energetic program of highway safety which was originated in by the Twin Falls Junior Chamber.

Training session for officers will also be conducted.

It has been estimated that the World war cost the world more than \$200,000,000.
