British Mass Mighty Force in Far East

(By The Associated Press) SINGAPORE, Aug. 25 (AP)—Strong RAF groups, Indian infantry and artillery units and a 306-man medical detachment landed today to reinforce Britain's already formidable Malayan bases...

The largest single body of Royal Air force personnel to arrive in more than a year poured down the gangplanks of this equatorial naval bastion to help man the empire's expanding string of bomber and fighter bases in the Far East.

Indian troops were landed at strategic points upon the narrow Malayan peninsula between the Bay of Bengal and the Gulf of Siam to the north, the land bridge between Singapore and the Asiatic continent which is regarded as in her sphere of influence.

The debarcation scene, reminiscent of that of World War I, featured an expeditionary force of many thousands of British troops, including the 11th Indian Division, the 18th Indian Infantry Brigade and the 11th Indian Armoured Corps.

Attack Opens on Non-Ships, Towns

(By The Associated Press) Soviet Russia's battling armies gave ground today before the smashing German attacks on the Nazis were acknowledged to be within 35 miles of the Moscow-Leningrad railway.

Only a few hours earlier Russia had announced that her troops and those of Great Britain were marching to Iran in a move directed to free that country of German occupation.

On the Leningrad front in the war with Germany, the Soviet communiqué acknowledged the British and American air forces were attacking the city from the sea.

It was stated, Russian troops had abandoned Novgorod, after long and fierce resistance, and the Germans thus had closed within 35 miles of the Moscow-Leningrad railway.

Along all the remainder of the front, Moscow said, the Soviet armies continued the German thrust.

Russian reports stated that rain had falling heavily at the front for the last 24 hours. It was said that roads other than main routes were now being used to complete a military campaign.

British and Russian troops invaded Iran. The move, made last night toward their first junction of this war—a union that will be a major step toward the defeat of the Persian gulf, put imperial forces in position to help defend the British Empire against a possible German wall across the Persian Gulf.

U.S., Japan Far From Settlement of Issues

(By The Associated Press) WASHINGTON, Aug. 25.—The United States and Japan appeared today to be far from any settlement of their long-standing differences after a series of informal conversations in Washington and Tokyo.

Secretary of State Hull indicated that these talks still were purely exploratory and said that "no discussions regarding the subject of any other area rested essentially on the fundamental principles and policies which the United States long had advocated and practiced."

Hull's comment, made in an apparent explanation of Prime Minister Winston Churchill's reference to the far east in his address to the parliament, indicated that the United States was unwilling to make any concessions in the settlement of the Pacific war.

Rain Interrupts Bitter Fight of Doggers and Cards

Brooklyn Fans to Jam Ebbets Field For Doubleheader

St. Louis at Brooklyn, Cincinnati at New York, Pittsburgh at Boston postponed, rain. Only games scheduled.

BY JUDSON BAILEY
BROOKLYN, Aug. 25 (AP)—The familiar refrain "rain today—two games tomorrow" interrupted the bitter pennant fight of the Brooklyn Doggers and St. Louis Cardinals today. Neither manager was very happy about the enforced idleness and nobody could figure out which team was helped and which team was hurt.

It was just one of those unforeseen incidents which pop up in the heat of a fierce struggle and then later is pointed to as one of the factors which helped one team or the other to squeeze into the championship.

Fans Form Long Line
It is the Brooklyn Doggers some money—how much is hard to guess. At 11 o'clock this morning, four hours before game time, there were 5,000 fans in a big, uneven line around three sides of Ebbets field, waiting to get in for the doubleheader. They stayed there in spite of the elements until Larry MacPhail, president of the Doggers, finally called off the game. And even at 3 o'clock, ordinary game time, several thousand fans still crowded the entrances underneath the stands.

This seemed to indicate that Tuesday's doubleheader, scored between the two clubs, would be a sellout for the 34,000 capacity ball park, but it might have been even fiercer.

The two titans of the National League tangled Sunday in a nerve-racking doubleheader, with Ebbets field at stake, and the best pitcher in the Cardinals winning the first game, 7-2, and Brooklyn bagging the second.

It was a story-book struggle for 31,223 fans, all the Dogger management would let in the ball park. And it had a story-book ending with the lead, but Whitford Wyatt driving a home run in the eighth inning, scored on the second session, thus preserving Brooklyn's game and still marginally over the Cardinals with two more games remaining in the series.

Jerome Fans to Honor Bob Davis
The Boise-Ogden pennant race continues tonight with the attention of Pioneer league fans divided between the Pirates' campaign with the Cowboys in Twin Falls and the meeting of the Reds and Salt Lake at Ogden.

Tonight's clash at Jersey park will have special appeal for the fans. Bob Davis, youthful Jerome outfielder recently signed by the Cowboys, will be the star of the game. Twin Falls county officials and their courteous staffs will also be present in full force. Davis brought a big block of tickets as their part in the campaign to boost baseball attendance.

A top turnout of 1,435 fans paid money to see Sunday night's game at Twin Falls-Idaho Falls game, and the crowd at staged by Al Scheidt, in series with Boise sports men, day before a Rotary night crowd of 405 cash customers.

White Sox Score 9-1 Victory Over Yanks

Chicagoans Bunch 12 Hits in Three Innings

CHICAGO, Aug. 25 (AP)—Chicago's lightning White Sox fighting to keep second place in the American League standings, unleashed a concentrated attack in three innings today with the league-leading New York Yankees, 9 to 1. The victory enabled them temporarily to hold off the challenging Cleveland Indians.

The White Sox bunched all of their dozen hits off Martin Russo and Norman Branch in three scoring innings to make things easy for Lefty Edgar Smith, who coasted along to his 13th victory of the season on a steady nine-hit mound performance.

The Yankees again used reserve in the seventh inning to order the regulars take a well-earned rest. Freddy played first base, Frank Crosetti played third, Ken Silvera hit and the catching and French Bonadonna was in right field.

Chicago scored up the game in the sixth inning when four hits netted three runs. Joe Kuhel doubled and Mike Kerechich singled him home. A pitch to Wright and Appling's second hit filled the bags. Volney Davis pitched at the plate but Kennedy drove a clean single to left to score the second.

In the seventh the Sox finally drove Russo to cover and scored on a steady nine-hit mound performance.

CHICAGO, Aug. 25 (AP)—Brooklyn's Red Sox moved within a half game of third-place Cleveland tonight by beating the Indians, 1 to 0, on Charley Wagner's four-hit pitching.

Wagner pitched a complete game, four blows in losing his fifth game against 21 victories. Two walks and two hits were the only bases on which he ran in the seventh.

TWIN FALLS GETS A. V. MEMORIAL

Governor Speaks at Dedication of Veterans' Monument

Christianity is our first line of defense, Governor Chase A. Clark exclaimed at the dedication ceremony of the D. A. V. monument in Twin Falls city park Sunday afternoon. The structure erected in honor of the disabled American World War Veterans, was unveiled by Mrs. Emma Stradley, mother of Harry A. Stradley, after whom the local D. A. V. chapter is named.

"You can build all the battleships, all the tanks, and all the armaments you want, but our first line of defense is the love in our hearts and our faith in Christianity," the governor said.

The monument valued at more than \$16,000, is erected to "pay honor to our courageous commanders who met in peace." William B. Weaver, past national thirteenth district commissioner, said at the ceremony that he was proud to see the United American veterans of the war now in progress across the seas.

American people dedicate their own life, Governor Clark indicated, but when their flag and land is endangered they are willing to make the supreme sacrifice to preserve them.

The state chief executive paid tribute to Mrs. Stradley and said, "The tears in her eyes are tears of pride, yet tears of grief. She knows she has reared a man who is willing to die for freedom and democracy."

The granite and marble monument is built in city park and bears five names engraved on the base, Harry A. Stradley, Chester L. Herick, George Chas. Clifford, Boden and T. W. Humes.

GROUP TACKLES LABOR PROBLEM

Twin Falls Conference Told of Facilities to Aid Beet Harvest

State and federal employment service officials met in Twin Falls Sunday with Governor Clark and representatives of Idaho sugar beet processors and growers and explained employment service facilities for meeting an anticipated labor shortage for the beet harvest.

Full cooperation between employment service and beet growers and processors would be necessary to obtain a season labor shortage this season, conferees agreed.

Governor Clark advised that schools, farm interests and chambers of commerce set all possible assistance to the employment service in the beet harvest.

J. C. Beeson, state farm placement officer, urged growers to give particular attention to housing facilities, transportation, and well planned work schedules for migrant workers.

Terry Prater, federal employment service head in charge of farm placement, advised closing of schools should be based on individual community needs and upon specific requests by employment service officials who have knowledge of harvest needs, rather than on pre-arranged school vacation.

Sitting in on the conference were Henry Ebeck, Idaho manager of Amalgamated company; John Kelly, Utah-Idaho company, Idaho manager; Preston Elsworth of Lewistown and M. E. Willis of Rupert, president and vice president of the state beet growers, and G. A. Hume, chief field supervisor for the employment service.
