

Deluge Strikes New York; Caves-ins, Floods, Maroon Thousands in Metropolitan

Torrential Rains Cause Transportation Tie-up Pronounced Worst in City's History

NEW YORK, Aug. 26—Streets, sidewalks, two subways and part of a railroad line caved in like paper bags tonight as city suffered its worst transportation tie-up in history under violent deluge that held New York in its fury for several hours.

Within an hour and a half, sheets of rain, driven by a 20-mile-an-hour wind, inundated the metropolitan area with 2.5 inches of water and plunged the mercury from 87 to 70 degrees.

The transportation tie-up, caused by the caving-in and flooded thoroughfares of persons in all parts of the city on subway and railroad trains and in the streets, was the worst transportation in New York City, by William Jerome Daly, secretary of the board of transportation.

More than 2,000 cars, including lines of automobiles inside the tunnel, were in a traffic jam at the Holland tunnel, between New Jersey and lower New York. Police officers spent an hour to unblock the tangle, after emergency squads had been summoned.

Thunder clouds moving over the lower Hudson valley, eastern New York and parts of Connecticut, led to heavy rain in the city in the middle of the night, during the dinner hour.

The blizzard started along the highway similar to another fire which broke out in the field of D. Reynolds, earlier in the year. The fire, as believed to be incendiary in nature, was partially covered by insurance.

A reward has been offered by the county for information leading to the capture of "fire bugs" in the region that are setting fire to wheat crops. Several blazes have been started this season and a loss of some \$200,000 has been estimated in Paifield to aid in combating the fires.

Secretary of Interior Invited to Testify Before Sub-Committee About Motor Fuel Rationing System

WASHINGTON, Aug. 26—A senate sub-committee held public hearings today on an investigation on the eastern seaboard gasoline shortage by calling Secretary of the Interior to testify as the witness against.

Several towns have been bombed, the secret communist said, with considerable damage to residential areas but it claimed no military targets were hit.

The population of all parts of the area is determined to defend the fatherland, at the announcement concluded. "And many men are becoming soldiers in the army."

British accounts of the swift drive into an extensive petroleum region, described from the skies and the ground, and the capture of the oil fields, making possible the quick seizure of oil centers.

Another pipeline, 400 miles to the north, was seized by British and Indian armored units and infantry units, which were reported to have crossed the frontier from the west at Khamis.

The new homes will be modern in every detail and will rent for about 1/3 of the dweller's income. Mr. Wakem said that more than three minor dependents the rent will be only about 1/6 of the dweller's income.

Provision for actual start of construction on the program to construct the 28 low-cost dwellings will be called Washington City, estimated cost of the project is \$1,000,000.

American Woman Surgeon Tells of Impressions of Iran

NEW YORK, Aug. 26—Dr. Rosalie Mandator Morton, international nurse and surgeon, and author of "A Woman's Diary in Iran," said today that she was surprised at the British-Indian forces, who have been in Iran for more than 100 years.

Dr. Morton spent the summers of 1935 and 1937 in Iran where she became a personal friend of Riza Shah Pahlavi, the country's ruler.

She said she was surprised that she was an extremely proud man. He loves his country more than himself and he has a great desire to prevent it from falling into another nation's hands.

Dr. Morton said she wouldn't have the Germans move into the country, she said, but she believed that the British had done so.

INVOICES TOLD OF LABOR STALLING

Bill Powers Explains Holding Out of Defense Industry Output by Unions

Examples of how unions of the west coast were holding up production in vital defense industries was given yesterday by the Junior Chamber of Commerce by Bill Powers, Piler high school teacher.

Unions were held up so strict in the shipbuilding industry that the laborers could not use a hammer or any other carpenter tool for just a minor task, but had to call a member of the union.

Roosevelt Denounces Foes of War Policy

President Charges Campaign to Sabotage Aid to Opponents of Hitler

PROVIDENCE, Aug. 26 (AP)—President Roosevelt, speaking today that an organized campaign was in progress to sabotage the production of war materials.

He asked for particulars, and a reported said he had read that British representatives here had formed a committee at a popular Washington restaurant.

The president smiled and said he believed that such a campaign was being conducted to sabotage the production of war materials.

BIDS OPEN SOON FOR HOUSING PROJECT

56 Low-Cost Dwellings to Be Built Behind Washington School by TFHA

Bids will be opened today for the construction of 56 units in the second phase of the city low-cost housing program, Dale Wakem, executive director of the city housing authority, announced.

The dwellings will be erected behind the Washington grade school and will be called Washington City, estimated cost of the project is \$1,000,000.

Provision for actual start of construction on the program to construct the 28 low-cost dwellings will be called Washington City, estimated cost of the project is \$1,000,000.

VETERANS MARCH IN PHILADELPHIA

V. V. W. Convention Cheers LaGuardia Defense of War Policy

PHILADELPHIA, Aug. 26 (AP)—A group of 1000 of the veterans of the American army marched in a demonstration parade of U. S. war veterans.

The parade, highlight of the annual convention of the Veterans of Foreign Wars, stretched along Broad Street from Broad to Market streets.

In a morning address, Mayor LaGuardia, in a speech, declared that the city's defense program was a model of efficiency.

He said that the city's defense program was a model of efficiency and that the city's defense program was a model of efficiency.

He said that the city's defense program was a model of efficiency and that the city's defense program was a model of efficiency.

Pose in Search Of Idaho Gunman

DUBOIS, Idaho, Aug. 26 (AP)—A posse headed by Sheriff Sid Cline of Clark county searched the southern Idaho wilderness today for a sheepherder accused of wounding Charles Arnold, a camp tender.

Cline said the herder was Roy Robinson, who was shot in the neckpans. Motive for the shooting was not learned.

Military Mission to Cooperate With China

Roosevelt Tells Plan to Make Lease-Lend Assistance More Effective

WASHINGTON, Aug. 26—President Roosevelt announced today that a military mission would soon be sent to China to work with officials there in making this nation's lease-lend assistance to that country as effective as possible.

Lindbergh Denied Permit to Speak

OILGARDEN CITY, Aug. 26 (AP)—Charles A. Lindbergh will speak in Oil Garden, N. M., today, but a permit for the American First Committee to use the municipal auditorium for the event was denied.

The council acted unanimously on the proposed permit for two local American Legion posts, the Wagon's Ambulance and Transport department, to use the municipal auditorium.

News of War In Summary

The fall of Dnepropetrovsk, one of the largest industrial cities in the Ukraine, where already the Soviet army were gravely handicapped by the loss of substantially all the Black Sea coast of the Ukraine.

The Soviet government in its communique for yesterday was reticent, giving no information as to the position in any specific sector.

Colorful Western Garb and Parade Advertise County Fair

Decorative hat ribbons will be given out today to all Twin Falls fairgoers. The parade will be a colorful one.

REGISTRATION SET AT SCHOOL

Changes in this year's curriculum at Twin Falls high school were explained by Principal Edward B. Rogel yesterday as he announced final plans for registration of students Thursday and Friday and final try-outs for senior band membership this morning.

Band tryouts began Monday morning and lasted from 9 a. m. until noon in the gym, under the direction of Dr. Christianlund, director. Similar tryouts were held yesterday and after final ones today, personnel of the band's limited systems members will be announced.

Change in instrumental music courses this year includes the addition of an intermediate group for both band and orchestra. Richard Smith is orchestra director. Addition of the intermediate group makes a total of four instrumental groups in band and the same number in orchestra.

Senior registration at the high school auditorium at 9 a. m. Thursday, August 29, at 120 p. m. that day. Sophomores at 9 a. m. Friday; transfers and post-graduates at 120 p. m. Friday. Students may apply to any of the registrars to register for their courses, but are urged to give that complete details as to what schedule they want.

Mr. Rogel announced yesterday that the schedule because only three students qualified their interest in the course. Registration started last spring, in cooperative vocational training will be made a regular part of the course. Under this new course, students registered for the course will work two hours daily on each school day at a local business of the type they prefer, and will receive one credit for a semester of this work.

Handcraft Popular Because of the extreme demand, another class in handcraft has been added. Mr. Rogel said the course, started last year, proved very popular and this year has a tentative enrollment of 112 students, who will be divided into three classes. Last year there were two classes.

Putting further emphasis on the matter of differentiated courses for students planning to go to college and those not planning to continue their education, entirely separate English, biology and chemistry classes will be taught these two groups this year, he continues. Officials are emphasizing to boys especially, that there is a terrific demand in industry, particularly in defense industries, for men who have had shop training, mechanical drawing and mathematical training. For this reason, many boys should not will enroll in these classes, Mr. Rogel predicted.

Opening Schedule The school will not open until 9 a. m. Tuesday, Sept. 2, and a special schedule will be outlined for that day. Students who are unable to come in and register, or to have it done for them at the specified time, are to report at the auditorium for registration on the opening day of school, the principal pointed out. Fees this year will be the same as last, and those registering instruments for band or orchestra will be getting a new "rood deal," for all instruments have been re-conditioned and some new ones added this year.

Superintendent A. W. Morgan, who met with all principals yesterday morning to outline procedure for the year, reports that four vacancies remain to be filled on the faculty staff. Posts for which he is now receiving applications include two for high school physics and mathematics instructor in high school; librarian at the high school and one first grade class.

He will meet with the entire staff tomorrow morning, Sept. 2.

BREVITIES

Return-Archie Webber has returned from Rio Vista, Calif., where he spent three months visiting at the home of an aunt.

Licensed-William Arvin Bland and Fred Perchal, 20, both of Twin Falls, obtained a marriage license at Twin Falls county recorder's office yesterday.

Visit in Boise - Mr. and Mrs. George Riggs and son, Dennis, of Twin Falls are visiting with their parents, Mr. and Mrs. Frank Downes, in Boise this week.

Recruiter Vilis - W. J. Gunst, United States marine corps sergeant, spent yesterday at the local postoffice interviewing interested applicants for the service. He will return Tuesday, Sept. 2.

Teacher Returns-Miss Dorothy Cull, high school English instructor, has returned from Boulder, Colo., where she attended the University of Colorado summer school, and will resume her duties here.

Guests Leave - Mr. and Mrs. Ralph LaVine and son have returned to Boise after a week's visit with Mr. and Mrs. H. A. Malone of Twin Falls, parents of Mr. Malone.

Visit En Route - Mr. and Mrs. Hamilton and son of Prater, Idaho, en route to Florida, visited Monday with Mr. and Mrs. A. E. Siler, uncle and aunt of Mrs. Hamilton.

Daughter Visits - Mrs. J. H. Claborn of Kimberly visited her mother, Mrs. Mary M. Wall, at the Rex Hotel apartment, visited Mrs. Claborn and members of her family recently returned from the Yellowstone park trip.

Sen Visits - Delphred W. Huestell of Mr. and Mrs. Fred Huestell of Wendell, is spending a week's vacation with the naval air station at San Diego, Calif., with his parents. He is a junior instructor at the school.

Southern Guests - Miss Cecelude Vandenbrouk and Miss Maude Vandenbrouk are here from Roxboro, N. C., guests of Mr. and Mrs. Alma Wells and John Wells. They and John Wells while he was on a mission for the L.D.S. church in North Carolina.

Conclude Outing - Mr. and Mrs. A. S. Henson and son, Paul, accompanied by Mr. and Mrs. Thomas Stock of Beverly Hills, Calif., their guests, have returned from a fishing trip to Yellowstone national park and the Teton mountains for rest. Mr. and Mrs. Stock will remain here for a week longer.

From Washington - Mrs. Raymond Lamb and young son, John McCoy Lamb, of Oakdale, Wash., and Dr. J. E. McCoy, professor of veterinary medicine at Washington State college at Pullman, Wash., are guests of O. L. McCoy, Miss Cora McCoy and Miss M. Letitia McCoy. Mr. McCoy and the Misses McCoy.

day morning to outline procedure for the year, reports that four vacancies remain to be filled on the faculty staff. Posts for which he is now receiving applications include two for high school physics and mathematics instructor in high school; librarian at the high school and one first grade class. He will meet with the entire staff tomorrow morning, Sept. 2.

DRIVERS HELD TO BLAME IN CRASH

Court Denies Claim for Damage to Truck Involved in Fatal Accident

Both drivers were negligent in a two-truck collision on the highway east of Kimberly last Nov. 3, in which one of the drivers was fatally injured, Judge James W. Porter held in a judgment entered in district court in Twin Falls yesterday. The judgment denied the claim of Rodney Madron, owner of one of the trucks, for damage to his McCoy driver, and the Garsten Packing company, owner of the other truck.

The court found that McCoy had been negligent in attempting to turn to the left without signaling, and that the driver of the other truck, who was fatally injured, had been negligent in attempting to overtake the truck driven by McCoy. Costs in the action were awarded to the defendants McCoy and Garsten Packing company.

The suit was tried without a jury last June 10.

Opening Scheduled For Union School

The Union school district, No. 8 at Curry will open next Tuesday, Principal Alvin Dunn announced yesterday. Classes will be held all day long and children are urged to come prepared.

One new teacher, Miss Lois Clark, Rogerson, has been signed to the teaching staff and will aid Mr. Dunn and Miss Emma March, Rogerson, who are returning.

School buses will maintain the same schedule that was operated last year. It was indicated, and high school students will be transported to Twin Falls.

while away, and Miss McGrath were members of Delta Gamma sorority at the University of Idaho at Moscow. Miss McGrath and Miss Kingsbury will leave Friday for Spokane and Miss Kingsbury will continue to travel near Moscow, where she will teach in the high school this year.

Hospital News - Admittances to the Twin Falls county general hospital yesterday included Mrs. Dalzie Hill and Mrs. Don Andrews of Twin Falls, Mrs. E. A. Ziegler and Charles Reed of Piler, John A. Eilon of Malheur, Mrs. Chas. Gray of Hansen and Mrs. Phillip Whitehead of Jerome. Damascus included Glen Smith, Francis Cannonick and Dixie Chisham of Buhl.

Hospital Births - Births at the Twin Falls county general hospital last night included a daughter to Mr. and Mrs. Don Andrews of Twin Falls, a son to Mr. and Mrs. Phillip Whitehead of Jerome and a daughter to Mr. and Mrs. Dalzie Hill of Twin Falls.

Weather

IDAHO-Partly cloudy Wednesday and Thursday with showers Wednesday and near mountains Thursday; near normal temperature, lowering Thursday.

Maximum temperature Tuesday 83 degrees, minimum 47, partly cloudy; Wednesday 72, 42, p. m.; humidity 70 to 85 per cent of saturation.

The Associated Press says the weather prevailed over the west Tuesday, except for Colorado showers and thunderstorms in Idaho, Oregon, northern California, Wyoming and Montana. Amounts of precipitation in these showers have been mostly light. A weak disturbance off the coast of northern Washington Tuesday evening has brought slightly cooler air off the Pacific westward through the coastal states of Washington and Oregon. Moderate amounts of precipitation have occurred in these showers here and there in Washington and Oregon.

Temperatures over the southwest portion of the country are near or above the seasonal but elsewhere over the west they are below season.

Aged Jerome Man Claimed by Death

JEROME, Aug. 26-William H. Buckles, father of Vern and Jesse Buckles of Jerome, who would have been 90 years of age in September, died at the Vancouver, Wash., hospital Monday morning after a lingering illness. The body was received here by the Wiley family home where it rests pending word from relatives.

Mr. Buckles' wife predeceased him in death several years ago. He is survived, besides his two sons, by five other children, Arthur Buckles of Vernal, Wash.; Mrs. D. H. Galt, of Vancouver; Mrs. Roy Mayfield, Burns, Wash.; Mrs. Ora Loedon, Tappan, Wash.; and Mrs. Alice Braghton, of Weiser. There are also several grandchildren and great-grandchildren.

KRDZ TECHNICIAN EXPLAINS RADIO

F. V. Cox Tells Police Force Radio is Emergency Service

F. V. Cox, radio technician for the Twin Falls police radio KRDZ, last night explained to the city police force the operation and technical problems of the police radio.

"The police radio is an emergency service and should not be used for anything but emergency calls," he said. "Only official business calls should go out over the system."

Time Calls Suggested It was suggested at the meeting that the district transmits "time calls" hourly to the patrol car during the evening shifts to keep in closer contact with the station, even though they may be nothing to report.

Better reception in the patrol car was foreseen as soon as the new antenna tower is erected at the police station, Mr. Cox indicated. The Twin Falls police radio is on the same frequency as the Idaho Falls, Boise and Pocatello stations, and often the reception in these cities with KRDZ broadcasts is better than the local reception.

Must Comply Law A law of all states, said Mr. Cox, says the radio must be complied for the federal communications commission. Mr. Cox explained, specific matter in the call need not be recorded, but the nature of the call should be marked down, he said.

Five members of the Twin Falls police force have their licenses and are qualified to send over the station. Chief of Police Howard Gillette said. Licensed operators are Gillette, Municipal Judge J. O. Dungey, Charles O. Slack, Jack Diamond and Patrolman Mel Arent.

Townsend Group Progress Noted

Only one more contractor man backing the proposed to have the honor was 2nd man contractor discharge the Townsend plan bill now introduced in the legislature, according to a report given by Mr. Townsend last night at the Townsend club meeting.

Townsend and his fourteen contractors have promised their support to a petition to discharge the bill from the committee and bring it to debate before the house. A total of 235 signatures is necessary to accomplish the goal.

The General Electric company has suggested the Townsend plan to the legislature and is advocating the plan, Mr. Townsend said. Frank H. Monroe outlined a copy of the Townsend bill that he made available to the members of the Townsend club.

The 10th state tournament will be held in Kellogg and Chase said the Townsend club is planning to complete the year with a group from Kellogg. Several members of the Twin Falls chapter are going to Burlington, N. Y., to meet with the nearby Townsend club.

Troy Team Drops Tournament Plans

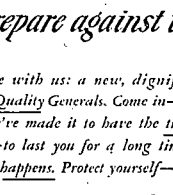

The state championship Troy National Laundry softball team of Twin Falls will not defend its title this year, John Chase, manager, said yesterday.

The 10th state tournament will be held in Kellogg and Chase said the Townsend club is planning to complete the year with a group from Kellogg. Several members of the Twin Falls chapter are going to Burlington, N. Y., to meet with the nearby Townsend club.

The Troy team dropped plans for entering the meet, he explained, because of the expense of making a two-state trip and the time the boys would require.

Mr. Chase reported that the report that the Troy team would not enter the tournament of the district tournament at Kellogg is a promising plan to complete the year with a group from Kellogg.

GAINS FOR BRITAIN: Assuming that Washington dispatches, which describe President Roosevelt as confident that Stalin will continue to hold out the British armistice...

These are all material gains for Great Britain. Within a year they can culminate in a situation in which Churchill can put the British armistice across the channel and take the initiative in an aggressive advance against Hitler on the continent...

FOOD PRICES: On the average, the income of the factory worker has been restored to the level of 1929. His economic status is even better, for so far this year he has been able to buy 35 per cent more in the form of goods...

These interesting data, produced by department of agriculture economists, is used by them to supplement an solemn conclusion about food prices. With these about 20 per cent below current non-food prices, they suggest that food prices are still relatively low and leave room for some further, but selective, rise in the price of cotton or wheat during the national emergency...

INCOME AND COSTS: National Income in the United States is now on a basis of \$88,000,000,000 a year and is up to \$96,000,000,000 before the year's end is anticipated. This resembles a grand burst of prosperity, but cost analysis discloses that the resemblance is a mirage.

FOURTHS IN THE RISE OF NATIONAL income since the war began is due to soaring prices. The general index of wholesale prices is up 20 per cent since September, 1939. Increased cost of the national income since 1939 is estimated to be 35 per cent. There is left a net income gain of 5 per cent before the subtraction of increased costs, higher service costs and other incidentals.

Soviet Calls on Britain and U. S. to Open Up New Front

NEW YORK WHIRLIGIG: BY RICHARD WALDO. A highly placed Englishman who is now in this country on an official mission, gave his views on the Soviet Union to a reporter. He is a friend of long standing. His name cannot be mentioned. Because his views are so important, they are being published in the London war cabinet. The conversation is of utmost gravity.

The Englishman said he had been overworked. Most vessels have been in continuous service for several years. Public morale, therefore, is reduced two-thirds of normal and it is a considerable loss to the British war effort. When the ships finally do get into one of the few remaining dry docks there in such deteriorated condition that weeks of work will be required to get them in shape. In the first World War the Italians and French fleets were considerably larger than the British shoulders which they must carry upon in this war.

The Russian situation is looked upon with a great deal of misgiving. The Soviet authorities want no promise of material aid from the U. S. to open up a new front NOW, and not next spring, which will be the best time to open up a new front. The U. S. is not in a position to open up a new front. The U. S. is not in a position to open up a new front.

It is a whirligig of news that is a constant feature of our lives. It is a whirligig of news that is a constant feature of our lives. It is a whirligig of news that is a constant feature of our lives.

Our Children

by Angelo Patri: The telephone is as much a part of our lives as the air we breathe. It is a part of our lives that is a constant feature of our lives.

Don't hang up the receiver with a "Bye-bye" or "Good-bye" or "I am sorry I'm not here now. Will you write me a message for me when you get home. Don't answer your phone. What you say must stand alone. Without benefit to you or to the nation. Your attitude. If you must return a request do not say "I am sorry I'm not here now. Will you write me a message for me when you get home. Don't answer your phone. What you say must stand alone. Without benefit to you or to the nation. Your attitude.

GOODING: Daughter Yvonne—Mrs. Garbrett Whittier of Los Angeles is spending her vacation with her parents, Mr. and Mrs. J. E. Severance, at the home of her mother in Los Angeles. She is a member of the Los Angeles Y. W. C. A. and is a member of the Los Angeles Y. W. C. A.

STOCKS RALLY TO SHAK UP GAINS

Average of 60 Issues Holds Net Advance of 2.16 Points

Markets At A Glance
NEW YORK, Aug. 26.—Stock market opened up a little more rallying vigor in today's market and tapped out gains of fractions to a point or so for favorites.

Best recoveries were witnessed in the foreign when volume also was largest. Quoted values were shaded after yesterday and many leaders finished under their tops. Dealings also slowed toward the last.

There was a fair abatement of cheerful business items, including another jump in the automobile market, but no change in agriculture and a new 10-year peak.

Rails edged upward at the start as a fresh batch of carrier revenue statements provided further confirmation of the strong comeback of the transportation system since the inauguration of the armament program.

CHICAGO—On market, 40 lb. sacks \$1.10 to \$1.15.

TO-DAY'S DIARY OF THE HOSTILITY OF LIFE

Dear Diary,
As the opening of school nears and the evenings are becoming more and more autumnal, the tourists are beginning to leave the hotel. Nearly all of the 40 tourists with whom I talked today were on their way home after visiting the scenic sites in the West.

I saw two California and Kansas cars today. By far, the majority of the tourists come from these two states. One carload of tourists from Buckfield Park, Penn., were on their way home after spending most of the summer on the coast and they remarked how pleasant the drive through Idaho was.

Mr. Herman Dotson, Twin Falls resident, who is a member of the Twin Falls chapter of the Kiwanis Club, was here yesterday and told me that his brother, Dr. Russell, who just returned to his home in Little Rock, had thought that the country was wonderful, his mother, Mrs. A. J. Dotson, thought that they were coming to the "jumping off" party which is to be held at the hotel.

A Twin Falls man, Dick Smith, who had just returned from a trip to Minnesota, told me that he had in his long trip it was the only "tourist greeter" he had met.

I am anxious to hear from Frank and his family. They were here last night and enjoyed the trip to the Moon national park. They were away from the couple days ago and promised to write.

The secretary in the Magic Valley Hotel, who is a member of the Kiwanis Club, told me that they were planning to have a picnic at the hotel next week.

Local people are surely taking an interest in my work, Diary. Every one seems to stop and ask me "how many tourists have you interviewed?" "What is the tourist reaction to the hospitality?" and many other questions.
