## Committee Calls for Drastic Cut in Non-Defense Spending

WASHINGTON, Aug. 28 (AP)—The senate finance committee today approved the record-breaking tax bill by another \$300,000,000 late today and then called for drastic reduction of non-defense governmental spending.

With the adoption of four additional taxes, committee experts estimated the revenue measure would yield \$2,689,500,000 annually. The increases, which fell short of efforts by a subcommittee to add \$400,000,000 extra to the tax measure, were as follows:

Increases in house corporation surtaxes from 5 to 6 per cent on the first \$25,000 of net income and from 4 to 7 per cent on the remainder, estimated to provide an additional \$100,000,000 a year.

Increases in the tax on theater and other entertainment tickets from 10 to 15 per cent—estimated to yield \$12,000,000.

Increases in the levy on local telephone bills from 5 to 10 per cent—\$20,000,000.

Imposition of a 10 per cent tax on manufacturers of electric light bulbs—\$40,000,000.

The committee rejected suggestions by its special subcommittee to increase the gasoline tax from 1.2 to 2 cents and hike the liquor tax on distilled spirits from 10 to 15 cents.

The committee approved a resolution by Senator Byrd (D-Va) calling on the president to give executive orders of the senate finance and appropriations committee by Sept. 15.

These orders would include reductions for non-defense expenditures during the current fiscal year of \$1,000,000,000, \$100,000,000 and \$200,000,000 respectively. Committee members explained that the reason for asking three cuts was so that they could be compared and congress could determine how much could be saved without impairing essential government functions.

The committee also approved a proposal by Byrd to create a 14-man committee to study possible economies.

# Boise Closes for West Idaho Fair

BOISE, Aug. 28 (AP)—Boise business houses and state offices— or at least a major portion of them—closed today for the annual fair in the sights at western Idaho state fair.

The Boise fair at the annual five-day show and in addition to the main and rodeo exhibits, was a dual spectacle with all its that, brines and excitement. Farm youths from throughout southwest Idaho participated.

Attendance for the first two days of the fair was announced by manager Ben Wood as 13,981, as compared to 12,115 in the first two days of the 1940 edition.

Today's total, while not officially tabulated tonight, was expected to indicate a continuation of the record-breaking crowds.

Tomorrow will be another big day, the schedule including the annual horse-pulling contest and livestock penning. Also on tap will be 4-H club stock judging.

In the scramble call event today many girls Crickshaw, daughter of George Crickshaw of Emmett, caught and held one of the 200,000-pound scramble calves sponsored by Boise merchants—and thereby defeated other young women from 29 other farm youngsters, all boys, who were first of the group to be her calf out of the dusty turn-out.

Not only was she the first youngster to catch a calf today—but was the first girl to get a calf in the three years the event has been offered on the fair program.

# HIKE REJECTED IN AGE PENSION

## Senate Finance Committee Turns Down \$30 Month Minimum

WASHINGTON, Aug. 28 (AP)—The senate finance committee rejected today by a vote of 12 to 2 a proposal that it incorporate a new old age pension scheme with a minimum of \$30 monthly for all unemployed persons over 60—in the pending tax bill.

Chairman George (D-Ga) said the vote "was largely one of objection to including the plan in the pending measure. We did not vote on the merits of the situation."

The request was made by Chairman Downey (D-Calif) of a special committee which has finished investigation of the pension problem and recommended the general application of such a minimum. It estimated that the cost of the new old age system changes in the social security system would "not exceed \$4,000,000,000 annually" for the first two or three years after the changes became effective.

By comparison with the suggested figure, present pensions began at 65 years of age and vary in the various states from \$19 monthly in Arkansas to \$18.24 in California. These are extended from old age insurance payments.

Under the committee's plan, a \$30 minimum would be made effective next July 1, and rise to the \$50 figure in 1944. The committee urged that the cost of the new American system be met by raising the railroad retirement act.

**NEW ORK, Aug. 28 (AP)**—The St. Louis Cardinals took advantage of an open date for the Brooklyn Dodgers today to crush the New York Giants 5 to 0 and cut the margin between first and second place in the National league to one game.

Howard Pollet, the 20-year-old rookie southpaw sensation from Houston, pitched a magnificent three-inning shutout. His three-inning performance was aided by a five-run blast in the fourth inning. Pollet gave a scratch single to Mel Ott in the first, a hit by Dick Bartell in the third and another by Johnny Tucker in the sixth. Each came with two out and the only real threat against him developed in the eighth when Jim Turner, walked and Joe Oringo was hit by a pitched ball with none out. Then pinch-hitter Hank Dunning popped up, Bartell sacrificed and Tucker fanned.

That one base on balls was the only one the youngster gave. Cliff Melton, also a left-hander, opened strong for the Giants, but went to pieces for the fourth, yielding five hits and making two errors in one play himself. With one out Walker Cooper, Don Padgett, Frank Crepi and Martin Marion hit success after success, scoring two runs and leaving Crepi and Marion on third and second.

Pollet struck out, but Jim Brown singled for another run and Melton set in the other two when he first fumbled a grounder by Johnny Blum and then threw wild past first.

**Pirates 3, Phillies 2**  
PHILADELPHIA, Aug. 28 (AP)—For eight innings today, like Pearson, Philley right hander, had a shutoff victory, but the Pittsburgh Pirates exploded in the ninth to score three runs with two out for a 3 to 2 victory.

Ebbie Fitcher poked out a single to open the ninth but when Pearson grounded Vince Di Marco's lead runner Blu Martin on an infield grounder the crowd breathers called. Their relief was short-lived, however. Debs Garms batted for Al Lopez and singled to score. Maurice Van Robaux, pinch-hitting for pitcher Lloyd Dietz, doubled, Garms pulling up at third, and Handy doubled for his fourth hit of the day to score both runners.

**Braves 2, Cubs 1**  
BOSTON, Aug. 28 (AP)—Tom Earley's two-hit pitching gave him a slight edge in a stirring hurling duel with Valle Enaves of the Chicago Cubs today, enabling the Boston Braves to cop a 2-1 victory and the rubber tilt of their three-game series.

Chicago's Enaves pitched a terrific first five frames, but in the sixth he was hit by a line drive from Earl Berry, which scored a run and tied the game. Enaves then pitched a fourth-inning shutout.

**Yanks 8, Browns 5**  
ST. LOUIS, Aug. 28 (AP)—The New York Yankees gave good proof today that they have been holding something in reserve while coasting

along at the head of the American league. After the St. Louis Browns had tied the score in the ninth inning the bombers exploded three runs in the tenth and won 8 to 5. The Yanks pumped two runs across in the first inning with three hits, one a double by Joe Gordon. Then in the Dick Tom Heinrich hit his 26th home run with one on and singles by Gordon and Freddy Borkmeyer added another. This appeared to be all the Yanks needed, and they took things easy while Alex Donald set out to pitch himself a good game. George McQuinn doubled a run

across in the first and St. Louis collected another in the sixth on a single, a walk and a couple of outs. The Browns put together three singles and a walk for two runs in the eighth and McQuinn came through with another double after Harbort Cliff walked in the ninth to bring in the tying run. This awakened the Yanks to action in the tenth, when Fritz Ostermuller took the mound for the Browns. Borkmeyer walked, Phil Rizzuto sacrificed and both runners were safe as Ostermuller fumbled the ball, Branch fouled out, but pinch-hitter Gerry Priddy singled to load the bases. When Ed

Rolle also fouled out, Borkmeyer faced home after the catch and Rizzuto went to third, Priddy stole second and both runners scored on a single by Henrich.

**A's 5, Indians 3**  
CLEVELAND, Aug. 28 (AP)—Three runs in a row by Al Miller, Cleveland pitcher, and a single by Dick Siebert produced three seventh-inning runs for the Philadelphia Athletics today to help them to a 5 to 3 victory over the Cleveland Indians and split the two-game series.

**Tigers 8, Red Sox 7**  
DETROIT, Aug. 28 (AP)—Rudy York, whose first batting slump was attributed to a "broken wrist" about which he kept silent, slammed a home run into the left field stands to help the hosts to their seventh inning today to give the Detroit Tigers an 8 to 7 victory over the Boston Red Sox.

Among the old world's famous brews none was so highly esteemed by connoisseurs as that from the City of Pilsen! Pilsner beer tasted quite different from others. It had a smack that talked a new, refreshing language to a man's taste buds. A flavor delicate, yet with real depth to it. Men found that no other beer went so perfectly with a meal as this golden, almost sparkling Pilsner. And no other beer quenched a sultry evening's thirst so well.

Only the finest beer on earth would satisfy the pleasure-loving citizens of old Pilsen, and for centuries it was theirs to enjoy.

# The Pilsner of the "Old City" is not just a memory

Keep the old-time imported Pilsner in mind the first time you taste Brown Derby Pilsner. For in this unusual American brew we believe you'll find imported Pilsner's equal. The Brown Derby Pilsner formula is owned exclusively by us. Costly malt goes into its brewing, and hops chosen for delicacy of flavor. And every step in the making of Brown Derby Pilsner is checked by our own quality control—a control set up purposely to bring you beer of true Pilsner goodness. We invite you to try this American-made "twin" of imported Pilsner—at our risk.

**THIS WEEK END** take home several bottles of Brown Derby Pilsner—enough to serve your family and guests. Chill your Brown Derby. Open and pour it with care, and taste it... critically. Unless this trial satisfies you that Brown Derby Pilsner is as fine a beer as we say, just return the empty bottles to the store where you bought the beer and they will refund your purchase price

# STUDENTS SIGN AT HIGH SCHOOL

### More Than 400 Register for Courses on First Day For Listing

Over 400 high school students yesterday went through the crowded line at the high school registration for courses and completing their fall registration procedure. Juniors and seniors signed up for their courses yesterday and sophomores and transfer students will register today. One hundred thirty-two seniors and 118 juniors signed up yesterday, according to Ed Lopez, high school principal. Late registration is expected to bring the total up to about 250 seniors and 260 to 270 juniors, he indicated.

Sophomores will register this morning beginning at 9 a. m. and transfer students will be signed up this afternoon at 1:30. A total enrollment of the 200 sophomores is expected by Mr. Lopez.

"Late registration will swell the total considerably," Mr. Lopez said. "So many of the youngsters are working and haven't had the opportunity to get in for the registration."

The enrollment figures for the first day are slightly higher than for the first day of registration last year, he indicated. In 1940, 211 seniors and 228 juniors signed out their class schedules the first day. Two hundred twenty sophomores signed up the first day of last year.

Several classes are filled up already and a great demand for typing, shorthand and bookkeeping has been noted, Mr. Lopez said. Three classes of 40 each in typing have been completely filled and two others are nearly completed, he said.

The enrollment in band, orchestra and other classes is also good, Mr. Lopez said. Art and handicraft classes are great in demand.

"Although most people figure on quite a drop in enrollment at the beginning of the school year, we don't expect a drop, if any," Mr. Lopez said.

Because of the change of business several students have not known on which school bus they ride, Mr. Lopez indicated. Students are not definite on which bus they are supposed to take morning and afternoon buses, to find out, the principal said.

## U. S. Would Use Marlene's Legs

WASHINGTON, Aug. 28 (AP)—The government wants to use Marlene Dietrich's legs.

Robert Horton, publicity man for the office of emergency management, said that something has to be done to popularize the wearing of silk stockings.

"We are engaged in correspondence on this subject with Marlene Dietrich," he said. "We could use her legs."

However, the government will have to wait awhile, because Marlene Dietrich is scheduled to be in town tripped over a toy fire engine on a Hollywood movie set yesterday.

## Clothing Traced To Twin Falls

A suit box full of clothes, probably lost by a Twin Falls resident or tourist through here, was found Aug. 11 in Grand Junction, Colo., according to word received here yesterday by Chief of Police Howard Gillette.

From laundry marks on the clothes, local officers have determined that the man's two-piece grey suit was cleaned here and left at the cleaning establishment for two or three days. The suit box came from the Idaho Department Store, Grand Junction Chief of Police Marion B. Scott said in the letter.

Found in the box were the suit, a pair of grey soft trousers, a woman's black two-piece velvet suit, man's shirt, woman's old rose crepe dress with pearl down the front and a belt of the same color, man's underwear and a typewriter ribbon.

Claimants to the property are asked to report at the police station, Chief Gillette said.

## Two Vacancies in Schools Faculty

Only two vacancies now exist in the Twin Falls public schools, Superintendent Morgan announced yesterday that two new instructors have been assigned for work this year.

Added to the staffs of the local schools are Lowell D. Bird and Rhoda May Pohlman. Mr. Bird, a graduate of Idaho normal, was principal of the elementary school at Bennington, Blaine Lake county, Idaho. His home is in Jerome. He will teach the sixth grade at Lincoln school.

Miss Pohlman taught the last two years at Piler and will teach the first grade at Washington school this year. She is a graduate of the University of Idaho southern branch. Her home is in Hollister.

Vacancies still exist in the art department of the Junior high school and the physical education in the high school, Mr. Morgan said.

These positions will probably be filled before the start of school next Tuesday, he indicated, although the list of applicants for the positions is very limited.

Four women were named eligible for substitute teachers at the labor camp school. Mr. Morgan announced. Substitute instructors will be Mrs. Ruth Riemann, Mrs. Ellen Broese, Mrs. Blanche Inniss and Mrs. Howard Wellington.

## RECORD SOYBEAN CROP PREDICTED

### Highest Prices in Four Years Indicate \$170,000,000 Harvest

CHICAGO, Aug. 28 (AP)—The highest soybean prices in four years, with Chicago quotations more than double those of a year ago, were regarded by market experts today as a virtual guarantee that farmers would attempt to harvest the largest crop ever record when cutting begins next month.

They estimated that if prices did not recede and farmers harvested about 100,000,000 bushels as forecast in the latest government report, the new bean crop might have a market value close to \$170,000,000 or almost \$100,000,000 above last year.

Bean prices have risen more than 70 per cent since the first of the year. At \$1.07 a bushel for old No. 2 yellow beans yesterday, the price was 40 cents higher than a year ago. In the active board of trade futures pit prices ranged from \$1.06 to \$1.01, depending on delivery, compared with around 72 to 76 a year ago.

Trade experts said the current attractive prices, which they attributed largely to unindicated demand for oil, now the most valuable product derived from bean crushing, probably would encourage producers to harvest a larger percentage of the soybean acreage for beans rather than for soy.

Townsend Leavie—Mr. and Mrs. Ed Gable and son, Raymond Ed of Burlington, Ia., and Mrs. Alice Olin of Hillsboro, Ia., have returned to their homes after visiting the last week at the Jess King home. They attended the recent Sun Valley rodeo and took trips to scenic points of interest while in southern Idaho.

Several classes are filled up already and a great demand for typing, shorthand and bookkeeping has been noted, Mr. Lopez said. Three classes of 40 each in typing have been completely filled and two others are nearly completed, he said.
