### House Approval Sighted for Low Income Tax Levy

#### \$3,583,900,000 Revenue Measure, Passed By Senate, Heads Toward Joint Conference Action

(By The Associated Press.)

WASHINGTON, Sept. 6—Belief that the house would accept the senate's most important measure in the revenue bill, was expressed today by Chairman George (D-Ga.) of the senate finance committee.

George said his information was that many members of the house ways and means committee had indicated the measure would favorably when the revenue bill was before them. "At that time," he added, "the treasury was not so strong for it."

Later, President Roosevelt recommended a broader income tax base and the senate approved an amendment on Sept. 5, which cut out \$2,000 to \$1,500 for married persons and from \$800 to \$750 for single persons. The treasury estimated the change would pour an extra \$302,000,000 into the treasury and reduce the total income tax 451,000 persons to the income tax return.

President's agreement

The \$3,583,900,000 revenue measure passed after three days of debate by the senate yesterday will be considered by a joint senate-house conference committee next Wednesday. The president has an agreement with the senate that the measure would be reached in two or three weeks.

George said the senate changes likely to cause the most controversy were the new knowledge of the 10 per cent tax on corporation profits and increasing surtaxes on corporate income.

Under the house bill, the 10 per cent tax would be applied to their corporate profits were not sufficient to bring them under the 10 per cent rate.

After eliminating that tax, the senate increased corporation surtaxes from 4 to 6 per cent on the first \$23,000 of net income and from 6 to 7 per cent on "income" over that amount. The senate also increased the revenue estimated by the finance committee.

Another Tax Bill

George predicted that the current tax law would be amended immediately by another making administrative changes in the tax law, preventing husbands and wives in community property states from dividing income when making tax returns and making important changes in mutual insurance companies.

George said that mutual companies now bear a far heavier burden than the other companies.

George said he was hopeful the house would accept a senate amendment on the return on income tax. He said a special 14-cent amendment to study methods of cutting non-deferred income taxes. Such a committee would have a great deal of influence in the senate.

### U.S. Warship and Skipper in Clash With Submarine

THE UNITED STATES and Germany maintain conflicting claims as to the circumstances of a torpedoed depth bomb attack in which the U. S. destroyer Greer, shown here, engaged with a submarine reported to have been a German U-boat in the North Atlantic last Thursday. The navy department blamed the attack on a German U-boat, but the destroyer's skipper, Lieutenant Commander Lawrence Hugh Fox (I-24), 29-year-old Washington resident is the commander of the destroyer whose crew reported to Iceland after the encounter that the submarine had been damaged, a sunk by a depth bomb dropped after the Greer's crew had fired several torpedoes, and rescued Fox, a native of Fayetteville, Ark., became commander of the Greer a month ago.

### Nazis Claim Americans Start Fight

Relations Enter Ugly Phase As Navy Department Disputes Berlin's Charge

(By The Associated Press.)

WASHINGTON, Sept. 6—The navy department bluntly disputed tonight a claim from Berlin that the destroyer Greer had been the aggressor in an engagement with a German submarine which the Germans said was made by the submarine on the Greer.

The navy issued the following statement:

"Notwithstanding German contentions appearing in today's press that the Greer was the aggressor in his action with the submarine, the facts are the same as originally stated by the navy department—namely, that the initial attack in this engagement was made by the submarine on the Greer. It was then, and not until then, that the Greer counter-attacked with depth charges."

The navy's original announcement Thursday night said that the Greer, en route to Iceland with mail, reported this morning that a submarine attacked her by firing torpedoes which missed their mark. The Greer immediately counter-attacked with depth charges.

Berlin today claimed that the Greer, a destroyer, attacked first, and that the U-boat used its torpedo tubes in self defense. An exactly similar claim was made for the Greer yesterday by President Roosevelt.

The submarine fired first, he said, and the Greer dropped depth-bombs in self defense.

Although the senate department and navy departments are on the German communication, Chairman Connally (D-Tex.) of the senate foreign relations committee, said "the Nazis might as well learn how to see a good way to defend our ships."

"The fact that the Nazis admit the submarine was involved," he added, "amounts to an admission that it was acting under orders of the Führer, and that the Greer was not the aggressor."

This spirit of non-accusation, disapproval for the Führer, he said, and the arrogant claim of the United States dragged us into the war.

"We do not want to become involved in a war," he said.

### BOARD TO OPEN BIDS FOR ROADS

#### 27 Miles of Graveling to Be Constructed on County Roads

The Twin Falls highway district yesterday authorized bids for about 27 miles of gravel surface of county roads throughout the county, according to D. Strom, director of the highway district.

The highway construction is on one of two stretches through out the county extending from Hlingen to Curry, Mr. Strom said. Plans for the graveling of the roads were not discussed at yesterday's meeting, but the highway may be given a macadam surface next summer.

Bids on the construction will be opened in 20 days, he said. Time has not been definitely set yet, but it will probably be 2 p. m., he indicated.

The 27 miles of road to be improved are all one or two miles stretches in the following county roads that are already surfaced:

The construction work will embody the grading, drainage and graveling of the roads with other gravel on the surface and drainage on both kind of surfacing will be completed.

Mr. Strom reported to the board the progress being made in obtaining the right-of-way to the property bordering the highway from city limits to the rim-to-rim bridge.

### American Fliers U-Boat Victims

Submarine Commander Asks 'Survivors' What Caused The Explosion

GLASGOW, Sept. 6 (AP)—Four American fliers en route to England for service with the RAF reported to the navy yesterday that they were the victims of a submarine attack. One flier, a submarine survivor said, he said the submarine was "dark on the surface and flame-freely asked 'what caused the explosion.'"

Other others among the eleven flying recruits aboard were landed in a British port yesterday. Two of them were injured.

The names of the dead were not made available immediately.

Rivers Grove, Georgia, the survivors were announced as:

Norman Edward, Kansas City, whose mother lives in Seattle, Wash.; Jack Gilliland, son of Dr. and Mrs. C. W. Gilliland of Pittsburgh; James Jordan, San Francisco; B. P. Myers, Texas, who sustained leg wounds; and Robert Perchen, California, whose leg was broken.

William Beattie, Belfast seaman aboard the torpedoed ship, said that after the attack the submarine came to the surface and asked the survivors had done and asked us what caused the explosion," Beattie related, "he said he saw the submarine commander for water and that he replied he had done nothing but did hand over four tin of meat and two bottles of rum."

For 12 hours the survivors hung to lifeboats and rafts before being rescued by a Polish warship, Beattie related.

### GERMANS CHARGE U.S. AGGRESSION

Berlin Declares Destroyer 'Opened Attack on Submarine'

BERLIN, Sept. 6 (AP)—A German submarine fired torpedoes at the United States destroyer Greer, a German communication acknowledged tonight, and the German government said it declared that the American warship was the aggressor and that the Greer had "opened attack on the submarine."

According to the communication, the destroyer attacked first in the North Atlantic, and the submarine was forced to defend itself. The communication, issued through the German news agency, said the submarine was about 200 miles southwest of Iceland and described the encounter as lasting almost 12 hours.

Shortly after noon last Thursday, the statement said, the submarine "was attacked and almost destroyed by the destroyer Greer. The U-boat was damaged and dropped depth bombs."

### Russians Counter-Attack; Nazis Push on Leningrad

German Units Reported Penetrating 'Soft Spot' in City's Defenses; Obstacles Admitted

(By The Associated Press.)

Vigorous counter-attacks were declared by the Russians to be in progress at the metropolitan objectives of three German divisions, Leningrad, Odessa and Kiev, and the invaders were said to have been halted from vital approaches to Leningrad in fog-shrouded fighting.

A German war correspondent, however, reported that German units had penetrated "a soft spot" in the Leningrad defenses, but did not specify its location. He cited many obstacles created by the Russians, highways plied with traps and mine fields and fortresses.

German dispatches said a long-range bombardment of Leningrad continued, with electric power plants and munitions factories effectively hit. Strong Luftwaffe units also were declared to have scattered strong troop concentrations in the area.

There was scant official news.

The Soviet information bureau issued a communication as the German-Russian struggle entered its sixth week, saying that "during the past week, the German forces of our troops fought the enemy along the entire front."

Adolf Hitler's high command department said:

### POLICE DISPERSE MOB OF SOLDIERS

#### Army Men Protest Arrest of Comrade, Mill Around Jail

PETERSBURG, Va., Sept. 6 (AP)—Petersburg police used tear gas to disperse a mob of about 200 soldiers who milled around and in police headquarters protesting the arrest of a comrade. Police Chief Charles Ryburn said "between 150 and 200 men crowded around headquarters in a disturbance following the arrest of a comrade on a charge of being drunk and disorderly."

"The soldiers were going to take away from us," Ryburn said, adding that he asked them to go along about their business.

"They insisted on coming on and carried us. We used two grenades of tear gas."

Military police arrived after a hurried call to Camp Lee and kept the men on the move away from the police station.

Chief Ryburn said the disturbance occurred in a telephone booth, and that about 15 officers were in the headquarters at the time.

### RUSSIANS REPORT NAZIS FALL BACK

Red Army Claims Success in Driving Germans Out of Leningrad Approaches

MOSCOW, Sunday, Sept. 7 (AP)—The Red army claimed today to have driven the Germans out of vital approaches to Leningrad with fierce counter-attacks while the Red force gave off a "blazing" power troops, infantry and artillery.

The Soviet military communication again declared the battle raged on all fronts yesterday, but the fight in the Leningrad sector was the greatest and the most vital of the Russian-German fight which entered its 12th week today.

The giant front armies fought in the northwest over battlefields, drenched by rain and fog.

Dispatches to the army newspaper Red Star declared the troops of Marshal Kliment Voroshilov, defending Russia's second city, mopped up one occupied zone south of Leningrad, pinched off another German armored wedge, penetrated the German lines at several points and crushed one major Nazi air base in heavy-landing counterattacks.

"The Russians are now employing the counter-attacks at Kiev and Odessa," the Red Star declared, "in which the Germans have approached closely. They were said to be repulsed on both occasions."

Thousands Annihilated

"The communication did not elaborate on the details of the fighting yesterday but the terrible role of the Red artillery is playing was seen in the official report that "hundreds of German soldiers, hundreds of tanks, armored cars and anti-aircraft guns, and a large number of machine gun batteries have been annihilated by the accurate fire of our artillery."

Another unit "crossed the river 'Ch' and pushed southwest, destroying a Nazi artillery company and a regiment of troops, Red Star reported.

"Another unit there crossed the river 'Ch' and pushed southwest, destroying a Nazi artillery company and a regiment of troops, Red Star reported.

"A third unit surrounded a German Panzer force of 40 tanks and a fourth swept around behind the Germans farther south to cut their highway communications."

"The artillery of both sides thundered through the fog which hung over the battlefield."

Salt Lake City advanced a lone game of its final Pioneer Baseball league series with Twin Falls, trimming the Cowboys 9 to 8, last night. The Pioneers had taken victories in the other two games of their last three games.

Hetty Jack Hatched led the Boies victory, getting three hits in four innings and scoring two runs himself and being hit by two others. Al-Joulie's best hit sacrifice off the fingers of Jerry Robinson as they needed every one of the blows to keep ahead of the determined Cowboys.

Each team tallied three runs in the final frame but the Salt Lakers added three runs in the second and stayed in front the rest of the way. Twin Falls was within an inch of victory in the ninth, scoring two runs and filling the bases, but Boise held them off.

The events in the north Atlantic are of great importance for the American navy.

The launching of the light cruiser Atlanta (C-12) and the heavy cruiser San Juan (C-13) at Quincy, Mass., brought to 231 the total of all types of new battleships in the United States navy.

The rapid expansion brought the fleet up to a strength of 324 combatant vessels on August 1. The fleet also includes the United States Navy's 15 battleships, six aircraft carriers, 37 cruisers, 184 destroyers, 123 submarines, 100 minesweepers, 100 auxiliary vessels, and 100 other ships.

### LONDON STAGES ARTIFICIAL BLITZ

#### Weird Experiment to Prepare for Expected Nazi Raids.

By EDIE GILMORE  
LONDON, Sept. 6 (AP)—Workers, clubs and schools in London today were led into dark and cold bomb-like vaults in London today and, in one of the most interesting experiments of the war, were exposed to an artificial blitz bombing calculated to be exactly as terrifying as the real thing.

Police and precaution officials and physicians conducted the experiment with a view to preparing Britons for what is expected to be a winter which government leaders have predicted will bring German raids as terrifying as those of last year.

Terrible noises, resembling anything, the subjects of the test huddled together as they were led underground. Some clutched the hands of others. A wail was heard, and there began a mad dash for the nearest air raid shelter. The noise, nothing conceived in a southern, was the real thing, the real thing, during one of London's worst raids last year.

Walls and Screens  
Pandemonium broke loose. The walls and screens, and the shouted orders of wardens and fire-fighters, were heard over the noise.

After this climax the noise gradually died out. The subjects of the test were led from the vaults. The physicians questioned those who had been through the experiment to make sure they were not suffering from any effects caused by air raid noises.

### LONG HUNT ENDS FOR ARMY MAN

#### Captain Donahay, Sought in Six States, Now Flying to Washington

BOISE, Sept. 6 (AP)—The "most wanted man in six states," Captain William B. Donahay, Jr. of Gowen field, was flying to Washington, D. C. tonight.

The manhunt, however, was over, and two long distance supervisors and six telephone operators were back at work plugging in routine calls after doing their bit for defense.

It all started when Lieut. Col. Arthur J. Robinson, base commander at Gowen field, was advised by radiogram from Washington that Captain Donahay was in the city on Sunday to begin work in the existing school corps.

Donahay was returning to Boise after attending the general staff school in Loveland, Colo. It was known only that he planned to stop in Des Moines, Iowa.

A series of calls half way across the continent was commenced by Major William C. Boyer, Gowen field executive officer. It was learned that Capt. Donahay had left Des Moines.

Radio police control units of Iowa, Nebraska, Kansas, Wyoming, Utah and Idaho were notified of the "look-out." Hotels, filling stations and tourist camps along the way were checked.

Finally, Saturday morning an operator called Major Boyer in Salt Lake City and said, "We have your party—in Salt Lake City."

Major Boyer informed Donahay he was wanted in Washington Sunday, so he packed his car, hopped a plane and was on his way. He'll be in Washington on time.

### FOREIGN LICENSE CAUSES TROUBLE

#### Idaho Law Enforcement Commissioner Calls for Round-Up

BOISE, Sept. 6 (AP)—Numerous complaints regarding misuse and abuse of out-of-state licenses on vehicles operated by Idaho residents are being received, state law enforcement commissioner J. L. Balderson said tonight.

"In many cases," he asserted in a press statement, "this is due to the dealer's failure to cooperate with this department. The law requires the dealer to deliver the foreign plates to the department of law enforcement within five days after taking possession of any foreign license."

"Among another class of violators are the Idaho residents who purchase a foreign licensed vehicle out of state and continue to operate on the foreign license plates."

"The third type of offense involves the operator of a foreign licensed vehicle moving into this state and accepting permanent employment."

An investigation of these foreign licensed vehicles by various state officers is often times necessary. As there is no record of such vehicle or operator in this state the problem becomes increasingly difficult," Balderson continued.

"State police are being notified of the license each practices by the dealers and residents purchasing vehicles out of state."

### L. D. S. Seminary For Soda Springs

SALT LAKE CITY, Sept. 6 (AP)—Charles A. Gault, member of the Council of Twelve Apostles of the Latter Day Saints church, will dedicate the church's newest seminary, at Soda Springs, Idaho, Sunday.

Also representing the church will be Dr. Franklin L. West, church commissioner of education.

The one-story brick structure will be opened for classwork Monday. Lyman C. Barrett will be principal.

### Deaf Association At School Picnic

GOODING, Sept. 6 (AP)—Concluding the three-day convention of the Idaho Association of the Deaf, a picnic was held on the campus of the state school at Gooding, today.

A friend teacher benefactor—presented by the Idaho Association of the Deaf—will be placed at the Gooding school. Those attending the convention also voted to erect a memorial to the late Senator Frank H. Gooding, who donated the land on which the state school is located. Senator Gooding was active in aiding the deaf and blind in Idaho. This memorial will be dedicated at the next biennial convention, to be held in Gooding, in the fall of 1943.

Among the guests who attended the three-day session were Mr. and Mrs. Bert Weaver of Oudem, Utah, and Mr. and Mrs. Miss H. Means of Boise. Mr. Wenger is the president of the Utah Association for the Deaf and also field agent for the Utah blind for the deaf.

Mr. Means is the Idaho state representative officer for the deaf. The picnic was much enjoyed. The investigation officer, according to Sheriff, records.

### Body of Nevadan Found in Car

FILMORE, Utah, Sept. 6 (AP)—The body of a man, the face bloody and head swollen, was found yesterday in a Nevada-licensed automobile parked on a side road 7 1/2 miles southeast of this central Utah community.

Deputy Sheriff Cliff Ashman said the car carried a registration certificate but that a service station receiving card was signed by the name W. J. Zeece, Las Vegas, Nev.

The car had been seen parked along the road several days. Ashman said he was told, but his investigation was not reported until yesterday.

An electrical conduit led from the automobile exhaust pipe into a door which was slightly ajar, Ashman said.

### Former Gooding Resident Passes

GOODING, Sept. 6 (AP)—Word has been received in Gooding of the death of Miss Edna M. Dodge, 80, died Monday evening, Sept. 1, at the Axtell Christian hospital at Newton, Kans. Services were held at McPherson, Kan., Wednesday, Sept. 3.

Miss Dodge was born in Abingdon, Ill., Oct. 10, 1870. At the age of six she moved with her parents to Adair county, Kans. She was educated in McPherson college and Drake university, Des Moines, Ia. She taught several years in Margaret, Kan., and moved to Gooding in 1912, hoping to benefit her health. She taught in the public schools of Gooding and Comanche county several years. Since 1920 she has been at her home in Gooding.

Miss Dodge has been a member of the Christian church since the age of fifteen. She is survived by one sister, Mrs. Thelma McGill of Council Grove, Kan., and one brother, John C. Dodge of Hutton, Kan.

### Biddle Becomes Attorney General

WASHINGTON, Sept. 6 (AP)—Francis Biddle, 55, of Philadelphia, took the oath of office as United States attorney general yesterday before President Roosevelt and a group of distinguished guests.

Biddle is the fourth person to head the justice department in less than three years. He succeeds associate justice Robert H. Jackson, who administered the oath in the president's oval office.

Biddle's promotion leaves an important vacancy which is expected to be filled by Charles Fahy, present assistant solicitor general. His present position may be offered to N. A. Townsend, his No. 1 aide and a former North Carolina judge.

### Final Tribute Paid Mrs. Minnie Smith

RUPERT, Sept. 6 (AP)—Funeral services were conducted Wednesday afternoon at the Minidoka state tabernacle for Mrs. Minnie A. Smith, 61, of this city.

Her husband died in 1901 and in 1902 she was married to Hollis Veto at Bowling Green, Mo. Three children were born to this union: Ben Veto of Gricks, Min.; Mrs. Jake Schimler of Idaho Falls, and Hilda, who died several years ago.

After the death of Mr. Veto, she married James L. Smith of Dursey, who now resides in Payette. She is survived by her daughters, Mrs. Jake Schimler, Idaho Falls, Mrs. Clemmie Stanley of Rupert; one son, Ben Veto, and seven grandchildren.

Music at funeral services was furnished by a women's trio, Mrs. Humphries, Mrs. George Catmull and Mrs. Milton Patton.

Speakers were President R. C. May, Thomas Backer and Bishop Charles N. Campbell.

Burial was in the Rupert cemetery.

Other Points of View

Everyone knows that the time to give attention to any serious normal conditions is when it first appears. Doctors tell us that many a serious malady, such as cancer, can be cured if taken in time. The serious conditions now to follow a failure to realize developing dangers is demonstrated over and over in human experience, as affecting individuals and nations.

Freedom of individual initiative and private enterprise, regulated only to the extent necessary to protect the rights of others, is the principle which has led to the highest material standards of living in the history of the world. The enjoyment of freedom by the American people during the past century has been the most potent factor in the development in every field of human endeavor from agriculture to the sciences.

The literature of the devastating theories of Socialism and Communism among our people, and particularly the literature which has been translated into English today, free opportunity, which has challenged every American youth to rise to heights of achievement and hard work, is giving way to regimentation, and the promise of support and security by the government for funds which must be supplied by taxing those who still support themselves.

Another very serious danger, to which we have referred in our editorial on the subject of the "New Deal," is the breakdown during recent years of true representative government. It is recognized by the majority of the people that both political parties that congress has practically surrendered to the chief executive power and responsibility, and that the chief executive power is being exercised by the chief executive power and responsibility, and that the chief executive power is being exercised by the chief executive power and responsibility.

It is well for all of us to give thoughtful consideration to the danger to free government which would result from the concentration of power in one individual, whatever the form of government, a real despotism.

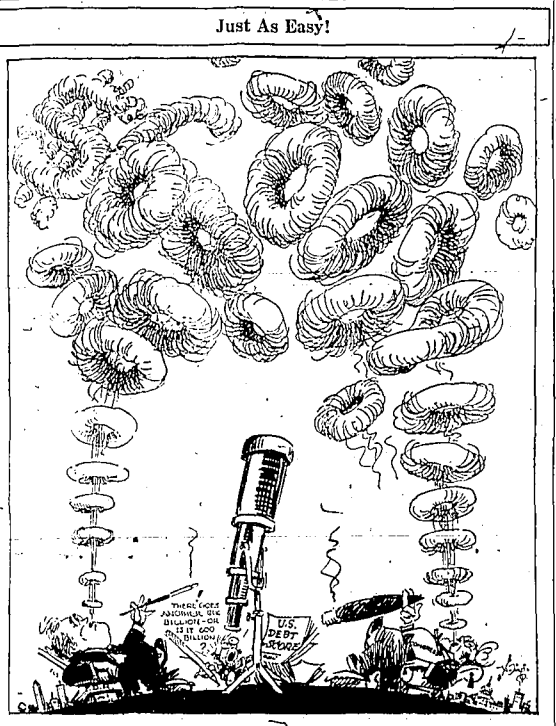

In considering these dangers within, we are concerned with the danger to free government which would result from the concentration of power in one individual, whatever the form of government, a real despotism.

When we speak of the danger to free government which would result from the concentration of power in one individual, whatever the form of government, a real despotism.

## New Y.W.C.A. Secretary Named, Rooms Remodeled

Simultaneous with the announcement last night that a successor had been named to fill the position of Twin Falls Y.W.C.A. secretary, following the resignation of Mrs. Helen Henderson, was the news that the Y.W.C.A. headquarters have been completely renovated and enlarged and will soon be ready for occupancy by the new secretary and girls' club of Twin Falls. Mrs. R. L. Reed, president of the Y.W.C.A. board of directors, made the announcement and said that definite date for opening of the offices would be announced in the near future.

Mrs. Frank E. Wells, who has had several years of experience in her job of working with girls of many ages, has been named to the position of Twin Falls Y.W.C.A. secretary, and has been busy the past week making preliminary contacts with girls and leading the different Y.W.C.A.-sponsored groups of the city.

**Secretary's Qualifications**

According to Mrs. Reed, she has had an extensive background in high school dramatics, glee club, biology, social sciences and English in schools in Idaho and Illinois. She was youth counselor for the Methodist church at Ellettsville, Wash. She has led Girl Scout troops in Idaho and Michigan, and has directed 4-H clubs in sewing, cooking and camp cooking in Illinois, and was a member of the Y.W.C.A. in Methodist churches in Oklawaha, Fla., Illinois, Ore. and for the church of the Nazarene in Oklawaha, Fla., Illinois, Ore. She received her bachelor of arts degree from Linfield college at McMinnville, Ore.

Girls' groups sponsored by the Y.W.C.A. in Twin Falls include the Ninth Grade club, T.Y. club for sophomores, Y-club for juniors and the Y-club and Beta Gamma club for younger business girls.

It is also planned to organize a girls' youth group in the city, according to board officials. The new secretary will be working in her office at Y.W.C.A. headquarters, upstairs in the Oregon building, from 11 a. m. to 1 p. m. and from 2 to 5 p. m., she said yesterday.

**New Layout**

The Y.W.C.A. rooms, which formerly consisted of two rooms with a bath between them, are being the secretary's office—now encompasses an office formerly occupied by four rooms. They have been designed, however, to form a private

## Miss Marjorie Driscoll Will Become Bride of Robert Mills

Betrothal of Miss Marjorie Louise Driscoll of Twin Falls and Robert Edward Mills, Jr., of Portland, Ore., was announced at charming betrothal tea arranged yesterday afternoon at the home of Mr. and Mrs. Dudley Driscoll, 130 North avenue east. Ninety friends called during the tea hours and were presented with miniature in walnut shells and tied with gold and white ribbons, which disclosed the wedding date, October 15 at Portland. The bride-elect's parents were also married on this date.

**Betrothal Told**

Mrs. Mills, the son of Robert E. Mills of Grand Rapids, has been betrothed to his uncle and aunt, Mrs. and Mrs. Emory Ruler of Twin Falls, since he was a child.

Miss Driscoll, Miss Driscoll and Mrs. Ruler received guests during the tea hours.

The tea table, appointed entirely in silver, was covered with a white arrangement of Japanese Hill roses, flanked by cream tapers. The table was covered with a cloth of lace.

On the piano in the living room was a large container of golden daisies and autumn leaves in tones of gold and amber decorated the table.

During the first hour, Mrs. J. O. Pumphrey and Mrs. Frank J. Smith presided at the service, and during the second hour, Mrs. Howard J. Reed and Mrs. D. D. Alvord presided. Mrs. Ben Keane, aunt, wife of bride-elect, and Mrs. Nellie Ostrom were at the services during the afternoon.

Assistants in the dining room were Miss Betty Pumphrey, Miss Dorothy Reed and Miss Eleanor Hollingsworth.

**Twin Falls Graduates**

Miss Driscoll, following her graduation from the Twin Falls high school, will attend the University of the M.T.C. club, attended Seattle college for two years. She is talented in many ways.

Mrs. Mills, a graduate of Twin Falls high school, where he was a member of the Y.W.C.A. club, later was graduated from the University of Portland.

It is now expected that the Oregon Shipbuilding company at Portland, Ore., will employ him.

His wedding will be held at the home of his parents and Mrs. Ostrom.

**Teachers' Study Group Officers Named at Meet**

Initial meeting of the fall for the Twin Falls Teachers' Study group was held last Thursday evening at the Shamrock school house with Mr. and Mrs. Howard Manning as hosts.

Section of officers was the principal item of business.

Mrs. Mable Wilkerson of Pleasant View was named president for the coming school year; Tim Drown of

**Mrs. Mel Jensen Inspiration for Bridal Courtesy**

Honoring Mrs. Mel Jensen, who was Miss Eva Smith prior to her marriage August 28 at the L.D.S. temple in Salt Lake City, a group of friends entertained at a charming post-nuptial courtesy Friday afternoon at the home of Mr. and Mrs. H. H. Jensen, mother of the bridegroom.

Co-hostesses were Mrs. Bertha May Hansen, Mrs. Edna Arrington, Mrs. Hadley Potee, Mrs. Katharine Jensen, Mrs. Barbara Barlow and Mrs. Emma S. Luke.

A series of games was directed by Miss Alice White and the hostesses, and a brief program was presented including Mrs. Jensen's story by Mrs. Merrill and Mrs. Dana Tonka. By special request, Mrs. Tonka played "Liebestraum" and gave the history of Franz Liszt, composer of the song.

Miss Marie Luke sang two selections, "A Dream" and "Ah, Sweet Mystery of Life."

Many lovely gifts, predominantly of linen, were opened and displayed by the hostess at the close of the afternoon, and refreshments were served to the thirty-five guests present by the hostesses.

Following their marriage in Salt Lake City, Mr. and Mrs. Jensen went on a wedding trip through Yellowstone national park before returning to Twin Falls, and are now at home at an apartment at 200 Lincoln avenue.

**Buhl Women Honored at Program, Tea**

Members of the Buhl Young Women's Missionary society of the Catholic church and nine other guests were entertained by members of the Twin Falls young women's group at a program and tea Friday afternoon in the church parlors.

During the social hour which followed the program, tea was served from a table decorated in a patriotic motif, red, white and blue flowers, floating in the centerpiece. Mrs. Wayne Hancock, Twin Falls president, presided in the center.

Mrs. Horace Turner was in charge of devotional, during which a hearty Mrs. Maxine Holman, Irving Wood, Mrs. Ames Reed and Mrs. R. D. McKinney, sang "Open Thy Eyes" and "Jesus Hitt My Heart."

Mrs. Peter Carlson, president of the Women's Missionary society of the Twin Falls church, was a guest and spoke on "Liberty and Justice for All." Mrs. Louis Anderson spoke on "The Crucial Test of Democracy" and Mrs. Leslie Burkhalter discussed "Home Missions Meeting the Test."

Concluding feature of the program was two violin solos by Mrs. William Putzer.

During the short business meeting, Mrs. R. H. Davis was appointed as the new treasurer.

Refreshments were held Oct. 15 at the home of Mrs. Frank D. Hinger with Mrs. Horace Turner as program leader.

## Zeta Pi Delphians Begin Study Course on Modern Art

"Understanding Modern Art" is the course members of Zeta Pi chapter of the Delphian society will pursue this fall as they begin the final course of their second three-year study project tomorrow afternoon, officials announced yesterday, explaining that, though merely listening, the ideas does not make one modern in thought and that there must be a gradual changing of one's inner self until ideas have turned into a living experience.

The meeting tomorrow, first since last spring, will be held at two o'clock at the Farmers' auto insurance auditorium with Mrs. J. F. Langswater presiding as president.

Constant Changes

"Ideas and ever-changing conditions are under-going constant adjustment due to rapidly changing conditions and conditions know that it is difficult to keep pace with the new spirit, especially in this so for those who have been trained along lines of old conceptions. This explains why some children take to new principles with ease and enthusiasm while their parents stand by with a lack of understanding," officials stated.

"Art always is a reflection of life. Therefore, the course in 'Understanding Modern Art' will deal with the principles and problems which are affecting our attitudes toward our world.

"To approach art through orientation to its time will provide an understanding of why artists chose the subjects they do, and also to a degree of why they paint in the fashion they do.

"The artist, like the poet, does not try to make a literal description of his subject. He has his own original reaction to it and he creates a picture out of line, color and space arrangements by which to share his experience with us," chapter members said in preview of their course.

"Something is said."

"A painting or a statue is great because the artist has something original to say about his subject and because he knows how to hold the mind and eyes together. By this means, we will recognize the characteristic art manifestations of the time, not only with reference to the great art heritage of the past, but to the light of the future, the ideas upon which the art expression of the future will be based, it was explained.

Summing up their lesson preview, officials stated that the objective of this year's course is to give an insight into the nature of these issues and to permit each to contribute intelligently to the work of contemporary genius in the visual arts.

**BROOKLYN, Sept. 6 (AP)—**The Brooklyn Dodgers, who underrated the New York Giants last Saturday and dropped a doubleheader to their cross-town rivals, made

Dolph Camilli, Pete Reiser no mistake today—blasting out a 4 to 1 victory that gave them a two-game National League lead. The second-place St. Louis Cardinals lost to Cincinnati.

## Vander Meer Blanks St. Louis Cardinals

ST. LOUIS, Sept. 6 (AP)—The Cardinals didn't have a chance against Johnny Vander Meer's hot pitching today as they dropped a 2 to 0 decision to Cincinnati and fell two full games behind Brooklyn.

The shutout burned a big hole in the Cardinal pennant hopes as the Dodgers sailed further into the lead with a 4-1 victory over the Giants.

On a single by Johnny Papp in the first inning and a double by Martin Marlon in the fifth robbed Vander Meer, the only major league pitcher ever to hurl two successive hitless games, deprived him of his third no-hit performance.

The streak out 14 Cincinnati batters with his blazing fast ball and crackling curves, only three short of the National league record set by Dizzy Dean against the Chicago Cubs in 1923. The major league strikeout record is 19 set by Bobby Feller.

An error by Walker, Cooper, the Cards' rookie catcher, set up the first Cincinnati score in the fourth inning and Harry Craft broke up the homeplate pitchers' duel between Yandy and Ernie White with his 10th home run of the season in the ninth.

Ernie Lombardi opened the fourth with a single, the first hit off White, Frank McCormick lined a single to left field, Lombardi stopped at second. Both runners advanced on a wild pitch and Lombardi scored on Jim Gleason's long fly to Hopp.

Gleason hit a fly ball to Hopp, who threw to Ernie White, who threw to Harry Craft, who threw to Ernie White, who threw to Harry Craft, who threw to Ernie White.

**NEW YORK, Sept. 6 (AP)—**The New York Yankees made their first appearance as the new champions of the American league today and they defeated with a wild pitch by the Boston Red Sox, 8 to 1.

The Red Soxers waded into the offering of Marvin Brewer for three runs in the first inning and finished with four runs off Steve Peck in the ninth. In between, Jim Tabor pounded a home run in the sixth inning.

With this kind of an offensive Joe Johnson could have won about as the pitcher but it pleased him to pitch a strong, seven-hit game which kept the Yankees scoreless.

Lamar Newsome opened the game with a homer into the left field stands. Low Pyle was safe on a fumble by Johnny Sturm and went all the way to third on a wild pitch. Ted Williams walked and Tabor singled to score Papp.

In the ninth Don Diamond walked and Frank Pitek singled him to third. Then second baseman P. A. Byrd doctored scoring Pitek. Then Papp tripled and Williams singled for two final runs.

The victory gave the Red Sox undisputed possession of second place in the American league.

## Chilled Crowd Sees S. L. Defeat Cowboys

### Oehler Receives Most Valuable Player Award

#### (Continued from Page 1)

Oehler's splendid performance in the eighth inning of the game today was the key to the Red Sox's victory.

The Cowboys' last two runs came on a double by Steve Peck in the eighth and a single by Jim Tabor in the ninth.

The Red Soxers waded into the offering of Marvin Brewer for three runs in the first inning and finished with four runs off Steve Peck in the ninth.

An overcast crowd of 800 spectators watched the game from the stands. The temperature was in the 40s.

With this kind of an offensive Joe Johnson could have won about as the pitcher but it pleased him to pitch a strong, seven-hit game which kept the Yankees scoreless.

Lamar Newsome opened the game with a homer into the left field stands. Low Pyle was safe on a fumble by Johnny Sturm and went all the way to third on a wild pitch.

In the ninth Don Diamond walked and Frank Pitek singled him to third. Then second baseman P. A. Byrd doctored scoring Pitek.

The victory gave the Red Sox undisputed possession of second place in the American league.

**GET THE BEANS IN WITH THE NEW 4-FOOT COMBINE**  
by International Harvester

Here's the sweetest little outfit that ever hummed through a harvest field of beans. Harvester's 4-foot McCormick-Deering combine for power harvesting is one of the best available with pickup attachment. It has everything its big brothers in the Harvester line have, plus new features for work on small farms.

And here's the best part—you can get it at a price that costs you your pocketbook!

One man can harvest and thresh in surprisingly quick time with this baby combine—stepping along at the rate of 8 to 15 acres a day. It saves on beans by doing the threshing in one operation. And it saves on the threshing, making less work for the farm housewife. Come in and see us about the 4-foot combine—the latest addition to the Harvester line of equipment for the smaller farm.

# South Idaho High Schools Adopt Football Schedules

## Oakley Man to Head Association For Coming Year

### Class A and Class B Conferences Fix Rules for Championship Grid Competition

Schedules were arranged, new officers were elected for the coming year and conference rules modified yesterday as about 60 coaches and principals of south central Idaho high schools held their meeting in Twin Falls.

Charles O. Simpson, principal of Oakley high school, was chosen to head the district athletic association for the coming year to succeed C. D. Merrill of Filer.

Football schedules of all Big Seven class A schools, all 11-man football and 8-man football teams in the class B division were released.

Other officers named by the organization were Marvin W. McCausland, Butte, secretary, and Herschel Harzer, Shoshone, vice-president. Edward B. Rogel, principal of Twin Falls high school, was named the association's delegate to the Idaho state athletic association convention in Boise this fall.

The group voted to assess each of the 69 schools that belong to the South Central Idaho Athletic association three of 43 a year. The money will be used to contribute funds to furnish trophies for the top champions and the outstanding class B champions. In addition to a trophy to be presented to the winner of the playoffs.

The 11-man schools decided that starting in 1942 the southern division of the class B conference, comprised of Kimberly, Raft River, Albion, Declo and Heyburn, would play a round-robin schedule and that the northern division teams to be eliminated for consideration in the championship would have to play each other five games with other schools in northern Idaho. In the northwestern division are Wendell, Richfield, Glens Ferry, Hagerman, Declo, Halley and Albion.

The group decided that if the southern and northern division titles were tied in a tie-breaker, the action would have to decide either for

## Kovacs Favored to Defeat Bobby Riggs

Oakland Net Star Trims Defending Tennis Champ

Frank Kovacs

NEW YORK, Sept. 6 (AP)—Frank Kovacs, the tall young man from Oakland, Calif., who has been called the country's next super-tennis star, looked like that might be more than a rumor today as he crushed Don McNeill, the defending champion, 6-4, 6-2, 10-8, in the semi-finals of the national tennis championship at Forest Hills.

The 21-year-old Kovacs impressed a near-capacity crowd of 12,000 with his brilliant performance and established himself a solid favorite to defeat Bobby Riggs of Clinton, S. C., in their final duel tomorrow.

Riggs, the steady, brainy little competitor who was champion in 1932, was forced to tie absolute limits in turning back Ted Schroeder, 20-year-old Stanford university undergraduate, in their semi-final. The marathon stores were 6-4, 6-4, 1-6, 7-5, 7-5.

Prior to the men's matches, Helen Jacobs, grandest veteran of the women's brigade, next day facing before Mrs. Sarah Palley Cooke of New York, 6-3, 2-6, 6-1. Helen, 33, a four-time former champion and four-time runner-up, will be on the sidelines tomorrow when Mrs. Cooke tackles blonde Pauline Betz of Los Angeles in the title abandoned by Alice Marble.

## Golfers Battle For Top Money

Hogan, Nelson and Snead Gain on Tournament Leader Leonard Dodson

By PAUL HILLIGAN  
CHICAGO, Sept. 6 (AP)—Three sharpshooters of the money roll—Burt Hogan, Byron Nelson and Sam Snead—closed in today on that surprising leader, Leonard Dodson, by the round-robin, having the \$11,000 Tompkins championship.

Dodson, known for his story-spinning talents and wagger exploits, didn't crack today, but his name was off the beam of a performance which saw him fire a scorching 63 Thursday and a 68 yesterday.

Four shots back of Snead, at 214, were Ralph Guldick, twice former national open champion, and Jimmy Hines of Great Neck, N. Y., Guldick having a third round 71 and Hines a 70.

Dodson, whose marksmanship picked off scoring honors for the first two days, still was out in front with a 54-hole total of 206 strokes.

## Vandal Squad Starts On Practice Schedule

Idaho Gridders Get Uniforms, Pose for Pictures

MOSCOW, Idaho, Sept. 6 (AP)—The University of Idaho football squad will open its 21-day practice schedule Monday morning by posing for pictures, said the program from them until the opening game Sept. 21 will be strictly business.

Head Coach Francis Schmidt said today 41 men had been asked to return for the pre-season work, but that a stricter turnout was indicated by requests for information.

Squadmen will breakfast at the Lindley hall training table at 7 a. m. Monday, go to the gymnasium to draw equipment and retire to the dorm for pictures. Serious workouts will begin in the afternoon.

The opening game, feature of Idaho's homecoming day, will see the team against the University of Utah.

Donald Anderson and Chase Anderson, University of Idaho football players, left Twin Falls yesterday for Moscow to begin football practice tomorrow.

Chase, a two-year letterman, is slated to hold down one of the end positions, while Don is one of the leading candidates for the right tackle spot. Don is at sophomore playing his first year of varsity football. The first practice Monday, under Coach Francis A. Schmidt, is expected to draw about 40 players.

**TWIN FALLS COUNTY FAIR LIVESTOCK EXHIBITORS!**

Beginning next Tuesday morning the News and Times Classified Page will carry a column called "LIVESTOCK FOR SALE ON EXHIBITION AT FAIR." Many of the Livestock Exhibitors who enter their stock in the exhibition at the Fair will want to sell them afterward. All the judging will be done on Monday so that all who wish may sell after that time. Much attention can be called to YOUR livestock, whether they are winners or losers, if you advertise them for sale in the Classified Page of your News and Times. Here is another added incentive to placing your ad during this week. We will have available printed cards that you may put up beside your pen telling the public that "THIS LIVESTOCK IS FOR SALE IN THE TIMES AND NEWS CLASSIFIED ADS." Just ask for your card when you place your ad.

You may also phone your ad into the office, and the Classified Man will bring your card down to you at the Fairgrounds.

**REMEMBER**  
there is a special 3-day rate which is 4c per word, per day for this column in the Classified ads. PLACE YOUR AD EARLY!

## Boy King's Suggestion for Invasion of Italy Premature

By EDWARD E. DOMAR  
Interpreting the War News  
Young King Peter's suggestion that the British invade Italy promises to keep until the results are ninety days from a year hence.

"The time is ripe," as the royal Yugoslav youth told an interviewer, but rather for continuation of the long range aerial hammering of Sicily which has been in progress for weeks and the telling attacks on Libya-bound axis convoys being made by British submarines.

Chances are plans for anything more serious than hit-run raids on Italy, or anywhere else in Europe, are on the high command's future spike just now.

## Food Prices Hit Peak for Decade

WASHINGTON, Sept. 6 (AP)—Retail food prices reached "the highest level in 10 years" on August 12, the bureau of labor statistics reported today. It added that in the latter half of August the rise has continued.

The bureau report attributed the increases to "many factors," but what neutral military authorities confidently look for this winter is a "chief among them are increased employment with consequent greater consumer demand, large gov-

# SCOUT UNIT SEES IDAHO FROM LOFTY MT. BORAH

By BOB McFERRIGHT  
Idaho—as viewed from its highest point, Mt. Borah—is just a series of hills and valleys, according to Jim Williams, one of a party of four which climbed to the peak of the mountain last Sunday.

Making the long, dangerous hike up the mountain's rocky side were J. R. Keenan, scout and former scoutmaster for Twin Falls Troop 62, and three Boy Scouts, David Flagg, Don Vorber and Williams.

It took the group five hours and 20 minutes to scale the peak and 2 1/2 hours to descend. Mount Borah is the highest point in Idaho and its lofty peak is 12,665 feet above sea level.

"We could see all the high mountains in southern Idaho," says Williams. "It was a cloudy day but we think that we could pick out the Teton peaks on the Wyoming border line."

Mount Hyndman, for a long time thought to be the highest peak in Idaho, and Mount Boulder, the highest peak in the state, could be seen easily from their high vantage point, Williams said.

## 11-YEAR-OLD RIDING TOY GIRL MARRIED

MEXICO CITY, Sept. 6 (AP)—An 11-year-old girl was married to a boy of 18 in a civil court ceremony today before 80 curious spectators.

Mexican law forbids the marriage of girls under 16 except with the consent of their parents, which the court said was obtained.

## Postmaster Offers Advice to Merchants Joining in Defense Campaign

Merchants who will participate in the campaign to sell defense stamps in their stores should secure their supply of stamps and stamp albums from the postoffice as soon as possible, according to Postmaster M. A. Strunk.

"Defense savings stamps are sold in five denominations—10 cents, 25 cents, 50 cents, \$1 and \$5," Strunk said.

A defense savings stamp album will be provided with the first purchase of stamps 25¢ or over and a stamp card for the ten cent stamps.

"All defense savings stamps are direct obligations of the United States government and may be redeemed at face value at any time," Strunk declared.

The 25 cent stamp album contains space for 75 stamps with a total value when filled of \$18.75. It is exchangeable for a bond worth \$25 in ten years.

A full 50 cent album has a total value of \$25.00 and is exchangeable for a bond worth \$50 in ten years. The \$1 album is valued at \$75 and can be exchanged for a bond worth \$100 in ten years. The \$5 album contains space for only 15 stamps and when filled is exchangeable for a bond worth \$100 in ten years.

The company anticipates a harvest of 1,100,000 tons, with good yields per acre.

# Russians Cancel Plane Passage

SPOKANE, Sept. 6 (AP)—Leaving as unexpectedly as they arrived, 10 members of a Russian aviation mission returned late today to Seattle aboard a commercial plane after an all-day conference with Brig. Gen. John B. Brooks, acting commander of the second air force.

The men were leaders of a group of 47 who flew to Seattle from Nonn-Alaska earlier in the week. The entire party was not expected to reach Spokane until Monday, flying in chartered commercial planes.

The United Air Lines office here reported today the charter had been canceled and the party would fly in army planes. Whether the scheduled Monday stop here has been canceled or the mission would fly directly to the national capital could not be learned.

For Thrills, Excitement and Fun Galore, This Year's Twin Falls County Fair and Rodeo Tops 'Em All. Bring Your Entire Family. Be Sure to See All the Many New Attractions. You'll Have the Time of Your Life!

# CIRCUS FREE TO ALL! RODEO AT ITS BEST!

Tuesday is the big day! The Twin Falls County Fair and Rodeo starts off with a bang, and among the highlights of the four days' entertainment will be a free circus in front of the grandstand each afternoon.

This year, Siebrand Bros. bring Picadilly Circus features entirely new acts, a new band, and new stage effects. Aerialists, equestriennes, monkeys, equines, seals and what not, perform in 28 high class circus attractions, under the direction of William G. LeTourneau, colorful old-time equestrian.

Starred are the Stewart Sisters, America's foremost body control stars; "Peanuts and Popcorn," comedy acrobats; Capt. Clark and an army of military ponies; Miss Maxine LeTourneau, Spanish web artist, and the Sterling Duo, equestrians; The Aerialists and the Thoralene Sisters, petite dancers on the tight wire, and Glen Henery on the rolling sphere.

"Bozo," mirth provoking comic, and Harry, with his trained canines and seals and riding monkeys, are scheduled to bring the major laughs.

There's never a dull moment throughout this big circus performance and you'll be thrilled by every act. It's one of the major attractions of this year's enlarged Twin Falls County Fair and Rodeo.

### See the DAIRY DEMONSTRATION

An added feature of this year's fair is an elaborate dairy demonstration which has been attracting nation-wide attention. Everyone, the farmers especially, will want to watch the most modern of dairy equipment in operation. Don't fail to see this demonstration while you're attending the fair.

### RODEO

General Admission . . . . . 50¢  
Rodeo Adm. with Reserved Seat \$1.00

Got ready rodeo fans! This year's show is going to top them all. Leo Cremer promises fair-goers many thrills they have never witnessed before, including a special feature attraction, "The Seven Freydyons," a teeter-board acrobatic tumbling act that has won wide distinction.

When it comes to providing thrills with lightning speed, these teeter-board marvels have little or no competition in their field of acrobatic endeavor. The Freydyons toured the leading theater circuits of Europe for several years before coming to America, and appearing in such major attractions as the Greater Olympia Circus in Chicago.

For downright rough-riding, bull-dogging, trick roping and the like, Leo Cremer has lined up the outstanding experts in the rodeo business for this year's Twin Falls County Rodeo. With his aggregation is that finest of all Rodeo Clowns, George Mills, who has been featured at Madison Square Garden.

Included with Friday nights rodeo performance will be an elaborate display of fireworks, furnished by the Shell Oil Company.

Don't miss the rodeo. It will be the best you've ever seen!

STOCKS' AVERAGE PRICE UNCHANGED

Specialties Again in Demand; List Falls to Display Definite Trend

Markets At A Glance

Stocks: Diverse; price changes near normal; market steady; specialties again in demand; list falls to display definite trend.

BY HERMAN S. O'HARA

NEW YORK, Sept. 6 (AP)—The stock market today finished an irregularly low, but steady day.

The list failed to display a definite trend at the start and ending quotations left the directing in doubt.

Bedroomers found nothing particularly inspiring in the news of the war, business or domestic defense bills.

The Associated Press composite of 60 issues was unplaced at 43 1/2 but closed at 43 1/2.

Among active groups a bid for the new 6 1/2 percent Western Idaho and Postal Telegraph preferred, these three reflecting lack of progress on the new currency, Revenue Cigarette and Brass preferred was up 3 and American Power was up 3 1/2.

General Outdoor Advertising "A" was up 1/2 on the news of the proposed dividend declaration on accumulations.

New York Central, Southern Pacific, Great Northern, Republic Steel and Railway were down a shade as the wage controversy still handicapped the carriers.

Chrysler, Bethlehem Steel, Dow Chemical, Douglas Aircraft, Boeing, Berry, Lockheed and Phillips 66.

A little improve were Standard Oil of Texas corporation, International States Bank, Montgomery Ward, Sears Roebuck, Kennecott, General Motors, Republic Steel, Youngstown Sheet and International Telephone.

### DISTRICT SETS HIGHWAY LEVY

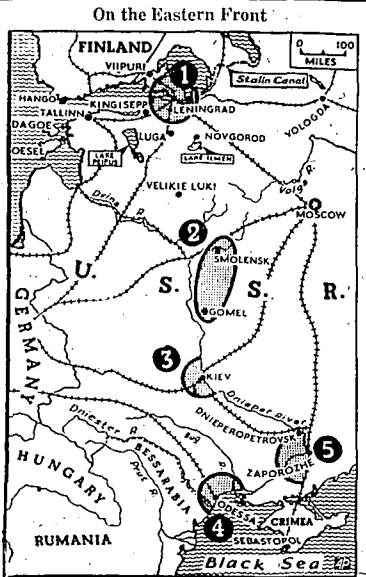

30 Cent Tax Rate to Yield \$42,344 for Road and Bridge Fund

Twin Falls highway district board yesterday fixed its 1941 tax levy at 30 cents on each \$100 of assessed valuation. The levy, which is the same as for last year, is expected to yield \$42,344.33 for road and bridge purposes. Municipalities within the district will share in the fund, under provisions of state law. Each municipality will receive 25 per cent of the highway district tax that it pays. Twin Falls received last year \$4,234.27 of highway district tax money; Kimberly received \$162.23; Haxson, \$69.26; and Hollister, \$122.4. The tax is payable next December and will be collected along with state, county, school district and city taxes.

### Winning Photos At County Fair

Pictures submitted in the photo contest sponsored by the Magic Valley Camera club will be entered in the Twin Falls county fair, according to Mrs. O. T. Koster, president. Six photographers today were designated as winners in the various photo divisions but will not be released until after the fair so as not to influence the judging. Winners who will receive merchandise awards, including films, paper, developer, etc., are: Bob McQuay, Leland Cook, C. C. Dudley, Mrs. Vera Stevens, Paul Muser and Howard Whisman. Awards will be presented at the next meeting of the club, which is scheduled for Sept. 15.

**DEATH CALLS BROTHER OF BURLEY RESIDENT**  
SALT LAKE CITY, Sept. 6 (AP)—Louis Samuel Hill, 64, died today of a heart ailment. Survivors include three brothers, Jacob F. Hill of Idaho Falls, Idaho, John H. Hill of Blackfoot, Idaho, and Frank I. Hill of Burley, Idaho, and a sister, Mrs. Annie Spencer of Emmett, Idaho. An earthquake will travel completely through the earth in 20 minutes.

SHADING indicates main areas of action on the Russo-German front. Principal sectors were the Leningrad area (1), the central front (2), and the Kiev area (3), where terrific fighting was reported to have started on the approaches of the city. Further south, Odessa (4) was still under siege, and Germans reported repulsing a Russian attack across the lower Dnieper river (5).

### Civilians Service Fighting Planes

DAYTON, O., Sept. 6 (AP)—With a view the army plans to train its personnel of civilians trained to service fighting planes. Twenty thousand civilians now are employed in the mechanical and clerical work necessary for maintaining and keeping track of the

thousands of air corps ships. With the air arm being expanded rapidly, army officers said 60,000 would be needed by July, 1942. Six air corps training depots now are operating in Ohio, California, Texas, Utah, Alabama and Pennsylvania, and three more are to be located in Rome, N. Y., Oklahoma City, and Mason, Ga. They are providing nine different courses of instruction.

### SCIENCE LOOKS AT SHELL SHOCK

Fear and Emotional Strain Produce Physical Disability

By ALTON L. BLANKENBEE, BALTIMORE, Sept. 6 (AP) Camp Plattsburg, N. Y., in 1918 there was a medical ward full of men with bent backs, some of them nearly doubled over. For months they were treated on medical cases, while their buddies left for French battlefields. The bent backs improved little or not at all. There came the armistice. A few days later those men stood up, their backs straight as rain rods. "That's our strange story of war-time 'shell shock.' There was nothing physically wrong with those men. Fear and emotional strain produced a 'physical' disability, and they weren't fading. The war had removed the fear, and the disability will disappear with its cause. It will produce more 'shell shocked' veterans than World War I? Two Johns Hopkins Hospital psychiatrists say. "There's no such thing as 'shell shock,' they explained. War produces exactly the same kind of mental and nervous disorders as occur in civilian life. They simply come quicker, often in more severe degree. The major reason this war probably will not produce more 'shell shocked' men is careful selection of men, with rejection of those likely to crack up. The Hopkins psychiatrists said. Another is the human body's amazing adaptability. "In the last war, men took days of standing in trenches, with constant shelling, wet feet, and hunger. When the war was over, when the dust had settled, many of those men were mental, not medical cases. Psychiatrists have no new techniques to treat these men, but they can diagnose them much more swiftly, and techniques are improved. Dr. Hoffman, a medical corps lieutenant in 1918 at Plattsburg, said the bent backs might have been straightened if it had been possible those men were mental, not medical cases. The English expected many mental disorders among civilians from bombing, but apparently they haven't come yet, the psychiatrists added.

### Many Factors Blamed For High Cost of Training Camps

NEW YORK WHIRLWIG By S. Burton Heath BLANKET. The costliness of unplaned, unco-ordinated national defense is emphasized by studies of training camp construction which have been brought to this writer's attention. Their implications may be summarized by saying that whereas cantonments during the World War cost \$10 per man, and were criticized as atrocious extravagance, the war department estimated \$20 per soldier for 1941. But the cost has risen to \$25, or almost three times the 1917 figure and almost twice the estimate. Investigators blame this on a number of factors, of which the costliest are for basic construction. Pees even after adjustment would give one architect-engineer fifteen times his average annual profit, and another almost twice that. The expense of the system is suggested by the fact that seventeen camps built under army contracts averaged to cost only \$380 per trainee, while twenty-nine built on the costliness of the taxpayer cost \$684 for each soldier. The war department, which has been selected as the most efficient agency to box tank and plane construction, is blamed for this enormous cost — with one reservation. The generals did try to concentrate training in 20 or 30 huge cantonments. But congressmen, motivated by local pride, resisted concentration. The abandonment of units and the official plant-sized scattered far and wide. SLOVENLY. One little publicized cause for the high cost of cantonments was the war department's strange conception of the course which training would take in the event of an emergency. Plans were based upon the theory that when conscription arrived the regular army, then the national guard and finally drafted men would pass through the camps in consecutive train. That would have required an enormous staff of maintenance men, and the general officers, asked upon answer. General officers, asked upon answer of the WPA funds since 1933 were used for cantonments, expressed amazement that any money could have been expended in this

enough man-hours thus far this year to have built 20,000 fighter planes or 50,000 light tanks. At the same time, traffic accidents are stepping along toward an all-time high which the experts anticipate will cause 8,000 deaths before the new year. On the basis of studies, half of these will be workers. And many times that number will lose days, weeks or months of employment from non-fatal accidents. A concerted drive of insurance agencies, labor unions, engineering societies, civic organizations, etc., is planned to reduce both types of accident. READ THE NEWS WANT ADS.
