Part of the strength of America lies in its abundance of raw materials. Among the best of these is the annual series of games for the world baseball championship.

The close sprint between the Dodgers and the Cardinals in the final weeks of the National League season has produced a series that is certain to be reflected in gate receipts.

Another emergency dictates the immediate building of more new schools, roads, bridges, and other dams, on the Snake. It is the emergency of national defense.

General Robins views the Pacific northwest in a way that gives his news the stamp of authority. He is supported by research extending as far as the Inland Empire and in Idaho are lead, zinc, manganese, and copper.

The Tobin program proposes the spending of \$80,000,000 for the construction of a canal which has the formal approval of the water committee.

It is not unreasonable that Santa Claus should benefit by modern war and economic conditions. In fact, the job of follow, in a certain sense, anticipated the formation of the world on a single night.

When loans on the present crop run out, the government will be forced to issue bonds. The government will suffer if it does not issue the deal to add to the mounting national debt.

By calling a halt on certain practices in the Civilian Conservation Corps and the National Youth Administration, Federal Security Administrator McNutt has forestalled what might easily have developed into a national scandal.

Although denials were forthcoming from almost all of both organizations, it is unlikely that Mr. McNutt's peremptory orders were issued without convincing proof to back them.

The CCC was set up to provide employment and vocational training for young men of destitute families and to limit the extent for war veterans and Indians for performance of useful public work in the conservation and development of public lands.

Any rate, his action will serve to remind the two organizations that while their aims are comparable, it is the relief of needy youth—their functions lie in different channels.

Any rate, his action will serve to remind the two organizations that while their aims are comparable, it is the relief of needy youth—their functions lie in different channels.

ale of youth, particularly in the worst years of the depression. There still is need of them, but not to the extent formerly existing. This fact is the basis of the policy which should hereafter enrollment will be limited to those eligible (meaning needy) youth who, without solicitation, apply for such work.

Undoubtedly there are experts who can follow intelligently the market intricacies in which some of the basic commodities, such as cotton, have become involved, but to the citizen who lacks the technical equipment to tune in on the twists and turns of the market the business of understanding the situation surrounding a single commodity can be baffling.

For instance, there are hints of a new chapter in the market career of cotton, indicating that its export to Canada may be subsidized shortly. Seemingly, the United States has been looking for a market for program goods manufactured from the Brazilian staple rather than from United States cotton.

The cotton market is of particular concern to the government of the United States because through its loans this government has become the largest creditor of cotton on earth. Now it is proposed that the government restore the Canadian market for United States cotton by putting an export subsidy on the steps sent from this country to the "Dixie" states.

Another emergency dictates the immediate building of more new schools, roads, bridges, and other dams, on the Snake. It is the emergency of national defense.

That Too Big, Big Business

National Whirligig

WASHINGTON—The National Whirligig, a political cartoon by Tom Sawyer, depicts a man in a top hat (representing big business) being carried away by several smaller men (representing workers or the government). The large man is shouting 'THAT TOO BIG, BIG BUSINESS' and 'THANK YOU CAN MAKE IT IN THE PAST'. The smaller men are carrying him on their shoulders, with one saying 'HELP!' and another 'THANK YOU CAN MAKE IT IN THE PAST'.

NIGHT EDITOR

George took great precautions to be that he hadn't given too early a start. He had anticipated, several of the boys started trying to call him when he was still in bed, but he was trying vainly to put a call through, operator reported that the line was busy. He was still in bed, but he was trying vainly to put a call through, operator reported that the line was busy.

Al Smith Group Predicts Dewey Victory Over Lehman

NEW YORK, WIREBLAG—By G. Barton Howe. OPINION: Al Smith and his intimates are predicting a Dewey victory over Lehman in the New York presidential primary. Al Smith and his intimates are predicting a Dewey victory over Lehman in the New York presidential primary.

RELIEF: The next few months constitute a very critical period for the nation. The relief of needy youth—their functions lie in different channels.

Our Children by Angelo Patri

TEACHERS SHOULD NOTICE 'PUPILS' The first day Jimmy went to school he was big and bold. He set off the deep blue of his eyes and brought out the clear color of his cheeks. He looked like a seraph in knickers and socks.

Public Forum

Scope of Hospital Program Questioned Editor The News: No doubt the county hospital does need more room but \$250,000 is a lot of money. It looks like to me that with all this federal tax business our hospitals are being run like a business.

CHAMPION BATTERS NOW INTO SUBMISSION

Referee Donovan Mercifully Ends Fight in Sixth Joe Louis Terminates Dull Bout With One Big Fistic Outburst Against Californian

By SID FEDER
POLO GROUNDS, New York, Sept. 29 (AP)—In one fearful explosion of fistic dynamic, Joe Louis leveled the California oak, Lou Nova, in six rounds tonight to turn back the 19th challenge to his record reign as world heavyweight champion.

He did it in a different way than everyone expected he would. He was supposed to take considerable time bringing down the powerful giant with the yogi habits. Nova was to absorb the blows time after time, possibly be knocked down several times.

But Joe was so big and strong enough to believe his right hand gunpowder was mighty enough to do the job in one short vicious explosion. And he was as right as law.

Crowd Hoops
For, after striking the blond giant for five rounds, with the action so dynamic and so exciting, that the big Bronx park hooped and shouted at times the Bronx Bombers took the brakes off the stands. The floor Nova for a nine-minute-out-bellied him into his submission.

The time was two minutes and 59 seconds of the sixth round, and he was on his feet, possibly for keeps, of Louis' great ring career.

It was Nova's challenge first rounder before the bomber fired his right hand into the left side of Nova's head. He was a few thousand dollars and a few thousand more with Anne Marie turned on a chilly night to see the proceedings. They contributed to a gross sale of \$33,771, 17 cents, the record for the night.

For five rounds this was the most uninteresting fight the record ever have seen. He spent half an hour on occasions without throwing a punch.

Since the big comic punch and dynamic stance was missing, the crowd thronged to fight a counter-punching kind of a duel, the weather. And it was so chilly that opponents, sweaters, blankets, and coats all over the ring and all the folks shivered.

Wrote to Land 'Bunch'
The fight was so uninteresting that it was a relief to see a little excitement in the ring. The referee stepped in to stop the fight after the sixth round.

TROJANS LIVE UP TO PREDICTIONS DODGERS AND YANKS WORK OUT IN BIG ARENA KMETZOFF MAKES 22 YARDS; STANFORD WINS COLORFUL BROOKS HAVE GOOD TIME

Trojans Live Up to Predictions U.S.C. Team Promises to Be Top-Notch Outfit Before Season is Over

LOS ANGELES, Sept. 29 (AP)—The 1941 football machine of the University of Southern California will be a very tough article before the season is over.

The over-important Trojans lived up to all predictions in winning their first game of the year—they were a little shaky, a little dumb, slightly brazen and somewhat lucky in defeating the Bears who were from a better ball club from Oregon State college.

Several things were apparent about this Trojan team. The kids need a little more polishing in blocking, and a little more work on the defense. They will get this in short order.

Barry, who took over the reins for the late Steve Lutz, was a very good player. Some of it needs developing, seasoning. U. S. O. may not see the football world this year, but they will cause a lot of burning headaches as the season goes by.

Barry has just one of the best all-around backs in the conference in the Trojan line.

The Trojan line has its weak spots. It's a little shaky along the rocky line. It will average 200 pounds and three inches in height.

Barry has just one of the best all-around backs in the conference in the Trojan line. It's a little shaky along the rocky line.

PIONEER LEAGUERS SPLIT '42 SEASON MEMBERS OPTIMISTIC FOR SUCCESSFUL YEAR, HALLIWELL REPORTS

Pioneer Leaguers Split '42 Season Members Optimistic for Successful Year, Halliwell Reports

POCAHELLO, Idaho, Sept. 29 (AP)—A split season of 120 games, beginning May 1st and ending about Labor day, was decided upon at a meeting of Pioneer baseball league directors.

The teams played 120-game schedules this year. Winners of the two halves of the season schedule will play post-season best-of-four-of-seven-games series playoff. It was decided to have the playoffs in the fall.

But the Dodgers didn't give up, as they say. They were during the regular season. They stretched a one-hour workout into two hours.

But the Dodgers didn't give up, as they say. They were during the regular season. They stretched a one-hour workout into two hours.

TOWN HALL TO HEAR EXPLORER

Carveth Wells Will Speak Here Upon Africa October 27

Encouraged by an all-time high membership total, Twin Falls Town Hall officials are now engaged in planning for the second session of the season which will bring Carveth Wells, widely known explorer, to speak upon "Africa and the Battle of the Atlantic."

Because of the key position of Africa in the present international picture as it relates to United States defense, Speaker Wells is being featured in the season to provide important information for the audience here on October 27.

Wells is recognized as an author, and has written "An Odyssey Across the World" which is considered a standard source on that country. He has spoken before the Royal Geographical Society of London. He is well qualified to discuss international questions involved.

As he was in Egypt and witnessed concentration of troops from throughout the British Empire, he is expected to bring significant firsthand material. Besides the role of Africa in the present international outlook, it is also a land of strange people and customs, and changes viewed in the past, which include leading of expeditions of the Chicago Geographic Society and the Milwaukee museum to the depth of central equatorial Africa. Wells was native of England and received his education there. He first came to the Malay peninsula about 30 years ago by British expedition to survey a route for the east coast railway, and since that time he has been in many expeditions, including those to Syria, Lapland, through Morocco, Argentina and Guyana.

Four Represent Health Unit at State Conclave

Representing the South Central district health unit at the Idaho Health association's second annual conference at Lewiston October 17 will be two local health officials announced here today.

Having Sunday for the day off, Miss Mary Ann Reber, chief of nurses of the district hospital, Post, assistant, Mrs. H. E. Kalk, and Mrs. Eva Kalk, public health nurse, will remain after the session to attend a quarterly meeting of the association at Lewiston October 18 and 19.

Ernelly Charged in Woman's Suit

Ernelly Ernelly and charging her husband stayed out late nights with her. Mrs. Bernice Osmond decided suit in district court in Twin Falls for divorce from Ernelly. Ernelly is employed by Mountain States Telephone and Telegraph company here. She also acted for custody of her children, a girl, 7, and boy, 4, for \$125 a month alimony. The marriage took place in Boise, Feb. 1933.

Bill Fitzwater Hurt in Crash

Hospitalized at Boise by a motorcycle accident, William Fitzwater, McCall, son of Mr. and Mrs. E. S. McCall, Twin Falls, is reported as in satisfactory condition. The young man received a minor injury about 1 a.m. Sunday when he missed a curve between McCall and Boise while riding a motorcycle.

Officials Watch For Jailbreaker

Twin Falls county sheriff officials were yesterday called in the search for a youthful burglary suspect who broke out of the Gooding jail at about midnight Sunday.

Willie Willis

By ROBERT QUILLEN

"I'm glad we get a homely teacher this time. Every time we get a good-looker, she has dates so late at night she's grumpy next day."

SELECTEES SET FOR NEXT CALL

First Group in 'Heavy' October Quota Named for Area 1

Names of the 11 young men who will comprise the first of October's "heavy" selective service calls for Twin Falls area No. 1 were announced last night by Captain J. H. Seaver, Jr., chief clerk.

Five of the selectees will leave directly from Twin Falls, while the remainder are transfers to be inducted at other points. They will leave here by rail on the evening of Oct. 6.

Following are those selected: Adam Henry Beutel, Twin Falls; Paul Edward Conover, transfer to Seattle; Carroll L. Tyler, Twin Falls; John Corney, transfer to Los Angeles; Forest M. Anderson, Kimberly; Lawrence Stora, transfer to Arkansas; Leslie Lake Black, Burley; Peter Brown, Twin Falls; Sylvester J. Corrigan, transfer to Colorado; Leonard F. Schleuter, transfer to Oregon; and Harold A. Edgar, transfer to Minnesota.

The subsequent call will be for 15 men on Oct. 16, and for six men on Oct. 21. This brings the total for October to 32 draftees.

MRS. CARPENTER HEADS ROLL CALL

Chairman Named for Annual Effort Slated Nov. 11-30

Plans for the greatest membership roll call in Red Cross history necessitated by America's year-long defense efforts moved forward here yesterday with appointment of Mrs. R. W. Carpenter as roll call chairman by Tom Alworth, chairman of the Twin Falls county chapter.

This action follows conferences with Forrest Stewart, general field representative for the Pacific area with headquarters at Boise, who has been here to aid the county chapter in outlining the roll call, which comes November 11 through 30.

Mrs. Carpenter, as general chairman, will direct the membership effort, to be facilitated this year by establishment of central downtown Red Cross headquarters in charge of Mrs. W. H. McDonald, executive secretary. Other members of the roll call committee will be named by Mrs. Carpenter. Three who have already been selected are Mr. Alworth, ex-officio member, as county chairman, Mr. Edward Stanwood, and John Brennan, public relations.

In announcing that Mrs. Carpenter has accepted the appointment as chairman, Mr. Alworth emphasized the importance of "all out" support to the roll call this year because funds realized from the drive will be used to enable Red Cross and its chapters to carry on expanded services to the army and navy and to widen its national defense program for the civilian population.

Death Comes to Hansen Matron

Mrs. Amy D. Jennings, 54, died yesterday afternoon at her home in Hansen, after a long illness.

A resident of Idaho for 23 years, she was born Aug. 12, 1887, at Green Forest, Ark. She was a member of the Methodist church and of the Latawah club of Hansen.

Surviving are her husband, H. W. Jennings, and two sons, Raymond and Lewis Jennings, all of Hansen; two sisters, Mrs. Joe Panicher, Latawah, Ark.; Mrs. W. S. Villines, San Fernando, Calif.; and a brother, Pich-Romsey, California, and two grandchildren.

The body lies at the Twin Falls mortuary, pending funeral arrangements.

RATES CONTINUE FOR BEET LABOR

Topping and Loading to Bring Same Pay as In Past

There will be no change in beet labor topping and loading rates for Magic Valley this season, according to grower associations' officials.

Rates will vary from \$1.20 per ton in fields with a yield that drops to six tons, to 85 cents per ton in fields with a yield of 18 or more tons. Pay will be 45 cents an hour of the utilization time basis for pay is utilized.

At topping and loading is carried on by different individuals, 30 per cent will be paid for loading and 70 per cent for topping.

Following is the topping and loading scale per ton:
Six tons per acre or less, \$1.30 per ton.
Seven tons per acre, \$1.23.
Eight tons, \$1.16.
Nine tons, \$1.10.
Ten tons, \$1.05.
Eleven tons, \$1.01.
Twelve tons, 96 cents.
Thirteen tons, 94 cents.
Fourteen tons, 91 cents.
Fifteen tons, 89 cents.
Sixteen tons, 87 cents.
Seventeen tons, 86 cents.
Eighteen tons or more, 85 cents.

Although not effective here, a Michigan county provision is that a crew remaining on the job until it is completed will receive 10 cents per ton additional.

NOTICE FARMERS \$5.00

Paid for horses, 45 lbs. and up. Well taken off.

THE LAMP

Surely you've seen I. E. S. Lamps—but perhaps you don't know WHY they give well-nigh perfect light for SEEING. Scientifically designed by illuminating engineers, they provide soft, indirect light, properly distributed and without glare. Made in table and floor models that are an addition to any room's furnishings, they guard precious eyesight against strain. Look at them this month—before the days get too short. Look for the I. E. S. tag at your dealer's.

FILL YOUR EMPTY LAMP SOCKETS

An empty lamp socket means that some part of your home will go without light—or have too little light. Fill every socket. Keep a supply of lamps on hand for winter, use.

ELECTRICAL EQUIPMENT SALES ASSOCIATION

New tankers on the job for you!

Built by Union Oil Company, they are releasing ships for the Battle of the Atlantic, and helping to reduce threatened gasoline shortage on the Coast.

Seven great new tankers like the Paul M. Gregg—built or being built by Union Oil Company—will help to lessen the threatened shortage of petroleum products in parts of the West.

The shortage, as you probably know, is not in gasoline and oil but in transportation facilities. Because it is bulky and hard to store, gasoline must be kept moving... must flow from oil wells, to refineries, to service stations, to you.

The tankers have kept it moving. One ship carries as much gasoline as 400 railroad cars—eight 50-car trains. In normal times these tankers carry the bulk of petroleum products between Seattle, Portland, San Francisco and Los Angeles.

Now there is a tanker shortage. As the war reduced Britain's tanker fleet, America came to her aid with ships from our oil companies.

The loss of these ships has seriously crippled Pacific Coast transportation facilities. In spite of valiant

The PAUL M. GREGG, pictured here at her launching, is the latest addition to Union Oil Company's tanker fleet. She arrives in Los Angeles this week to start service on Pacific Coast and help alleviate petroleum transportation shortage.

effort by the railroads and the trucking industry, the crying need is still for tankers. Union Oil Company is bending every effort to meet this need—has been doing so, in fact, for the last two years.

At that time, when the war first began, Union had ten tankers, ample for its normal needs. But anticipating a future shortage, the Company, on its own initiative—without government subsidy—ordered 7 new ones.

Building huge ships like these takes time, but three of the seven have already been delivered. The other four will be launched at intervals of six months.

Each of them is big, fast and modern. Each can carry more than 100,000 barrels of cargo. Each contributes to the defense, to the productiveness, and to the comfort of our citizens.

They haven't cured the transportation shortage, but without them the problem would be a lot worse.

Union Oil Company launched the first oil tanker on the Pacific Coast some fifty years ago. We were proud of that first one. And we're proud of the latest ones, and the part they're playing in the present emergency.

There may be temporary shortages and inconveniences. But we want to assure you that Union is making every effort, night and day, to see that normal conditions are restored just as fast as human effort—and the Battle of the Atlantic—permit.

Union Oil Company

OWNED AND OPERATED FOR OVER 50 YEARS BY WESTERN PEOPLE
