

HOLLYWOOD STARS HOLD TO FIRST PLACE ON COAST

Three Teams Now Tie For Second Place; Senators Are Fourth

SEALS GET 2nd BEATING

Acorn Errors Are Costly In Mission Game

By UNITED PRESS

The Hollywood Stars still hold the lead in the Pacific Coast league race today, with three teams tied for second place, others in third and Sacramento fourth.

From the third game, the stars' opening series, the Seals appeared the Senators were doomed to the cellar at least until the final game of the season. The city boys were held to a tie for nine innings but opened up in the tenth with five runs and won, 9 to 6.

Beavers in Second
The Portland Beavers, in second place, also came in for their share of trouble, getting two straight at the highly touted San Francisco Seals. The Seals, however, had the best record among teams with many league teams and claimed the players in the last game of the league series, but they could not hold them.

The third game, which went to the stars, was the draw-out of 13 batters. The Beavers scored three runs in the first, but drew blanks later and the Seals had the score. In the 13th the Beavers, tied in two more, and won, 10 to 9, to give the stars the lead for Portland.

Reds Win Third

The Milwaukee Reds, in the third place series with the Oakland A's, 3 to 2, by taking advantage of three Acorn errors, may have a chance to win the title.

The Los Angeles Angels need not the Senators to help them in the final game. Catcher Bill Campbell performed a pinch-hitting masterpiece by hitting a home run with men on base.

SAN FRANCISCO, Apr. 10 (UPI) — Fair weather, steady sailing from the north and evenly matched crews are the heralded prospects for Saturday's race between the University of California and Washington, to be run on the three-mile Oakland estuary course.

Both crews have the traditions of the University of California. The Huskies have won national honors many times, while in 1928 the Golden Bears won their first Pacific Coast title. Last year, the Huskies came closest to the Blue and Gold, but the Bears won on Lake Washington, but the Bears took the lead ahead of the Huskies.

Neither boat will have a majority of veterans or last year's varsity crew at the various posts. This year the Huskies lost 10 men, while the Bears lost 11.

UNITED PRESS WRITERS SELECT ATHLETICS TO AGAIN TAKE FLAG

NEW YORK, Apr. 10 (UPI)—The protégés for the runner-up position in the annual League of American Athletes, winners of two consecutive world championships, are heavy favorites to win the American league pennant. The eight United Press coaches, scattered to various teams attached to the various teams in the junior loop, revealed today.

For the eight correspondents, however, with the exception of the ninth, since the start of the training season, picked the All-American for first place, the other three picked Connie Mack's

team the Braves and the Red Sox, who returned from their annual spring training tour with a 2 to 2 record over Baltimore while the Red Sox won their final road game at Columbus.

GRAND RAPIDS, Mich., Apr. 10 (UPI)—The New York Athletic club had an advantage today in the semifinal round of the National Intercollegiate, "Touranard" opened here.

The eastern team came back after suffering numerous losses in the early part of the year to qualify eighth in the seven divisions for the semi-final round. Three other eastern schools, members of the team also qualified.

Oklahoma A. and M. College has the list of schools qualifying for the semi-finals, placing four

in each of Mt. Vernon, Ia., and Michigan State, each qualified three men. The University of Michigan, Northwestern and Indiana State, Princeton college each qualified one man.

EXPECT BIG CHOD
CHICAGO, Apr. 10 (UPI)—William York, president of the Chicago Cubs, said he expected a crowd of 45,000 to see the opening game of the 1931 season between the Cubs and Pittsburgh Pirates providing the weather did not interfere.

York said the attendance of 22,000 of the approximately 22,000 reserve seats already have been sold.

This save that the St. Louis Browns finished ahead of the Chicago team at the close of the 1930 race.

FIER PREPARES FOR THIRD TRIP CIRCLING GLOBE

Aviator Says He Does Not Like To Think of Beaten Record

MAY RACE GRAF ZEPPELIN

Last Record Set Showed 21 Days

LOS ANGELES, Apr. 10 (UPI)—John Mears, Man who doesn't like to think that anyone has traveled around the world faster than he did, is now en route aboard the Graf Zeppelin, is ready to circle the globe for the third time.

With him will go Yancey Bresce, one of the West's famed pilots and aeronautical designers, who will have a two weeks' vacation.

On the 10,000 mile flight.

They will be over water 5,500 miles.

They will hug the 53rd meridian

they plan to follow in the way.

Their Route

From New York they will go to Paris, then to London, then to Paris again, then to Dublin. From there they will fly to Berlin, to Rome, to Sicily, then to Africa, then to Asia, then to Australia, then back to America.

On the 10,000 mile flight they will stop, then 8,000 miles across Siberia, along the Trans-Siberian railway, then across Mongolia, to the Manchurian border.

With wheels exchanged, for pontoons, they will make 5,000 miles across the North Pacific to Japan, then to the Orient, then to Persia, then jump across the North Pacific, then the Atlantic, then across the South Pacific, then the Pacific and Pacific Sound to Seattle, Wash. At Seattle, wheels will put them on the plane again for the trans-Pacific nonstop stretch dash for New York City.

It was in 1929 that Mears heard

the record for the fastest trip around the world.

So Mears started out and by

the time he had made his first record in 33 days, he had held the record for the fastest trip around the world.

The will of Mrs. Christine Gub-

in, the widow of Capt. W. A. Mears, decided that it was time for another American to beat her record. With the late Capt. Charles L. Smith as his co-pilot, Mears had fast "horns" to cross the seas and planes to score across the world.

Two years later the Graf Zeppelin made the trip in 21 days. That was Mears' second record.

Then came Mears' suggestion of a trip to Africa, then a well known, skillful and constructor of trans-Atlantic aircraft, Eddie Bresce, who could not get away.

Not long ago, Bresce became president of the Lockheed Aircraft Company, Inc., which has added 10 miles per hour to the speed of the company's fastest plane, the Lockheed Electra.

"Let's give your new design a thorough test," Mears said. "I'll take you along with all the equipment and you spend your vacation with me on a trip around the world."

Now Mears is planning the trip now and hope that late in May a new record will be made.
