

President Denounces Government Charity In Red Cross Speech

RELIEF MEMBERS LAUDED FOR WORK... Hoover Praises Organization For Fear-Sightness in Drought Help

WASHINGTON, Apr. 13 (UP)—Government charity was denounced and laudably praised in a speech by President Hoover today.

"The pathway of government relief is filled with bars and obstacles which would do great injury to the American people, if not the people of the world," Hoover said.

"A voluntary deed by a man impressed with the sense of responsibility and the sense of duty is infinitely more precious than the most generous gift of money," Hoover said.

"The part of the government which is the responsibility of the government is to see that the work of the voluntary is not hindered," Hoover said.

BEST DEMOCRATS MOTHER TO MAP NEW 1932 DRIVE

Delegates from 11 States Meet Today With Big Problems Ahead

DRY ATTITUDE IS ISSUE... Greatest Decision Will Be Selecting Candidate

LOS ANGELES, Apr. 13 (UP)—Democratic leaders from 11 western states gathered here today for a three-day session to map the 1932 presidential campaign.

Joseph Shouse, chairman of the executive committee of the Democratic national committee, who is attending the session, will be in charge of the campaign strategy.

"The party line is to be a platform of moderation," Shouse said.

State Militia Called To Enforce Bovine Law

TIPTON, Id., Apr. 13 (UP)—Around the big white farm home of H. C. Mitchell on the outskirts of Tipton, farmers assembled today to fight off orders of state militia to enforce the bovine tuberculosis testing law.

The "party line" telephone on a farm throughout Cedar county carried word that the militia were mobilizing at Cedar Rapids, and the farmers who control the testing law are in a state of rebellion.

It was from Mitchell's farm that word came that the militia were mobilizing at Cedar Rapids, and the farmers who control the testing law are in a state of rebellion.

25 U. S. MARINES REPORTED SLAIN IN REBEL FIGHT

Message From Nicaragua Aids To Fishermen Thursday

Word Sent Reveals Bands Running Wild

PANAMA CITY, Apr. 13 (UP)—The Panama American, in a 6000-word article today, said 25 Nicaraguan soldiers were reported slain in fighting with rebels.

Headquarters of the 15th naval district did not confirm the number killed, although some were reported slain in fighting with rebels.

A national guard patrol, commanded by marines, was reported surrounded by 200 Nicaraguan rebels on the Moss farm, near Log Town, outside Puerto Cabezas, and their fate was unknown.

FIGHTERS UNABLE TO HALT SPREAD

Wisconsin and Michigan Join in Losing Battle To Save Towns

WISCONSIN RAPIDS, Wis., Apr. 13 (UP)—Fire, raging unchecked across thousands of acres of cultivated land, is spreading today from town to town, leveled the countryside in its progress, and destroyed thousands of lives and caused untold property damage to northern Wisconsin and upper Michigan.

Francis Clark was sent from village to village and from town to town, asking aid in fighting the great menace of the northland, but they went unheeded for the most part. Each town faced its own fight. Its men were needed at home.

Langens Patriotes... The village of Wallace and each village and town that sacrificed while their residents were away, helping fight fires which raged in and around their towns and which were springing up in many places and towns that several hundred forest rangers were powerless to cope with.

Around and in Wisconsin Rapids, fire burned over a tract a mile wide and three blocks wide, destroying six homes, numerous sheds and barns, with an estimated loss of \$150,000.

The fire started from a grass stack, and spread to a Standard Oil warehouse. As tank explosions rocked the countryside, embers were scattered over the town, building "located blocks" away were fired, and within a short time the whole area was in flames.

"The village of Wallace and each village and town that sacrificed while their residents were away, helping fight fires which raged in and around their towns and which were springing up in many places and towns that several hundred forest rangers were powerless to cope with."

RUM REBELLION LEADERS FREED

Court of Appeals Reverses Conviction of Shoshone County Officers

SAN FRANCISCO, Apr. 12 (UP)—The United States circuit court of appeals today reversed the conviction of the chief defendants in the famous "rum rebellion" case of Shoshone county, Idaho.

The decision, written by Judge Frank H. Judice, was concurred in by Judge William H. Sawtelle, but dissented from by Judge Curtis D. Wilbur.

Under its terms acquittal was ordered in the case of Herman J. Hest, mayor of Wallace, Idaho, and five other defendants, convicted of conspiracy to violate the national prohibition act.

The defendants contended that there was no federal violation in violation of the main business transacted in the place and that what liquor was sold was sold with their knowledge or within the intention of the nation.

The upper court held that in this contention, though Judge Judice's decision was clear that the reversal was ordered on grounds of law rather than on a conviction of innocence.

DEMPSEY ADMITS FAMILY QUARREL

Ex-Champion Says There Is Possibility of Divorce From Estelle

MEMPHIS, Apr. 13 (UP)—Jack Dempsey said today he was going to ask a divorce from Estelle Taylor, ex-wife, although he loved her dearly and had no desire for a divorce.

RENO, Apr. 13 (UP)—Although Jack Dempsey was in Reno today apparently for a rest, it appeared that circumstances may combine to turn his visit into a "divorce residence" that will end his marriage to Estelle Taylor, his film star wife.

"I've had a minor squab with a started in the Reno W. C. A. ambulance of the injury of rumors that four between here and Hollywood, where Miss Taylor was in seclusion."

"I've had a minor squab with a started in the Reno W. C. A. ambulance of the injury of rumors that four between here and Hollywood, where Miss Taylor was in seclusion."

TALLEST BUILDING HAS ITS HEAD IN CLOUDS

The tall tower, known as the Tallot tower, rises 115 feet into the air from the ground. It is one of the tallest buildings in Detroit.

Its lofty peak looms in the lowering mist over Manhattan, the new Empire State Building is seen here in an unusual view that gives an impression of the height of the structure. Tallot in the city's record of skyscrapers, the building is topped by a mooring tower for dirigibles. This tower, together with the upper stories of the building, often are visible from the ground, as shown here, by low-hanging clouds.

DETROIT SUSPECT NORTHERN IDAHO AWAITS WARRANT SEES GOOD YEAR

Twin Falls Officers Hold Man on Embarrassment Count in Michigan
Governor Reports Conditions Improving and Citizens Optimistic

Acceding to information from Detroit, Mich., that William Edward White, 23, wanted there on a charge of embezzlement of \$27,650, was in Twin Falls and questioning him under the name of Harold D. Chomney, Twin Falls police Saturday night arrested White-Chomney and are holding him in jail here.

Although Du-Charmoy denies any connection with the Detroit embroilment, and declares his home is in Beverly Hills, Calif., different from conviction they have the right man, Chief I. E. Leighton said Monday morning. A copy of the warrant for his arrest is expected to arrive here Monday afternoon from the east, and it is expected extradition papers will be prepared at once for return to the authorities there.

ACTIVITY SHOWN IN CONSTRUCTION, AUTO INDUSTRIES

Week's Review Reveals Good Gains But Slump in Steel Manufacture

RETAIL DECLINE NOTED

Usual Post-Easter Drop Has Annual Inning

NEW YORK, Apr. 13 (AP)—Constructing movements continue to characterize the business situation in various sections of the country with conditions in general little changed from last week.

Offsetting a further decline in steel plant operations, poor rail and traffic, the usual post-Easter slump in retail trade, are further signs of improvement in building activity. Increased automobile sales and steadily increasing investment through greater outdoor work.

Allow On Upgrade

The principal brick spots in the situation at the present time are furnished by the construction and construction lines. March automobile production, while below a year ago, was the highest in 10 months until April schedules indicating an 8-per-cent annual seasonal rise in March. Building contracts issued in March were the largest since September, above only a slight decline from a year ago.

Prospective Building Projects

principally the Radio City and the Pennsylvania railroad electrification program, are expected to give employment to a large number of workers over the summer months. Residential building also has shown signs of picking up.

Steel Industry

On the other hand, conditions in the steel industry are not so good as they were several weeks ago, with indications that the early spring peak in operations has been reached. Production is estimated to be off 30 to 35 per cent of capacity, and sales are reported to be down 65 per cent at the peak a month ago.

The unified tonnage report of the United States Steel corporation, however, was regarded as an encouraging sign. This report showed an increase of 30,135 tons in forward orders, including the contracts for the Radio City building project.

Retail Sales Taper

Retail trade was stimulated a week ago by the rather heavy Easter demand but tapered somewhat this week. Department store sales for March showed a decline, mainly according to the Federal reserve board.

Several additional wage reductions were announced during the week but the movement has not shown any signs of spreading to an alarming degree. These cuts, while not so numerous as in the past, are in view of the prevailing unemployment in general business conditions and in view of the market confidence has shown little improvement in the past few weeks.

A sustained buying movement in automobiles coupled with gradually increasing building operations would be regarded as a very encouraging factor in future business improvement.

MILITIA CALLED

Continued From Page One

Militia is mobilized to assist enforcement of the law.

Today's developments in the cattle testing controversy brought to a climax 2,000 farmers marching on the state capital and invading the legislative chambers to demand passage of a bill repealing tax responsibility ending the controversy.

Outside the mass meeting the bill was reported out of committee by legislative representatives and appeared about to do until the usual uprising.

Wheat, night, however, members

WARDEN THOMAS BEGINS CHECKUP AT STATE PRISON

Physical Examination First Step in New Official's House Cleaning

Having made a survey of Idaho's penal institutions since he took office Apr. 1, Warden H. E. Thomas has started a clean-up to get it in the best possible shape for administrative purposes.

Thursday he had six prisoners at the penitentiary taken out by Trooper Judge John Jackson and committed to the state hospital south of the asylum at Blackfoot. They are John McDonald, Carl Fernal, Joe Jundick, Alfred Henderson, McKinley Tipton and Joe Fernal.

Prisoners Detained

This action was taken upon the recommendation of Dr. Almond, prison physician. At the hearing the court was represented by Trooper Wymond, assistant prosecuting attorney for Ada county, St. D. Fairchild, represented the defendants.

The prisoners will be taken to Blackfoot just as soon as an attendant from there can arrange to come to Idaho and assist the doctor. McDonald was leaving the asylum before it was being returned.

"A prison of this kind," said Warden Thomas, "is no place for men who are known as mentally unbalanced. It is not right to keep them here, and it is much better for the state to have them in an institution where they can be properly treated and cared for. An asylum is the proper place for insane men. It will be better for them and better for the penitentiary."

All Checked

Warden Thomas is also having the prisoners carefully checked from a physical standpoint. Those suffering from disease or other ailments will be operated upon or sent to the hospital. These operations started Friday under the direction of Dr. Almond. Every attention will be given to the prisoners to see that any physical

defects are corrected, thus keeping the possibility of disease, which may kill, particularly those of a contagious nature down, to the minimum.

Forest Fires

Continued From Page One

was in doubt. It was feared many had perished. Those outside could not get into the area. Those inside could not get out.

It was known that twelve fires were burning furiously in the neighborhood of Cranston and that several farm houses had been destroyed near there. Daley called A. H. Tracy said the cattle town of 1,600 persons was almost unharmed. The wind shifted westerly or heavy rains descended.

At Chippewa Falls, several buildings at the fair grounds were destroyed. Loss was estimated at more than \$100,000, with damage that any minute more buildings would be fired.
