Giants in Second Place in National

NEW YORK, June 12 (UP)—The Yankees hope that he would begin his career as an American League manager by winning the 1931 pennant with his New York Yankees probably will not be realized.

Handicapped by weak pitching, the Yankees are making a poor third in the American league campaign, nine and one-half games behind the pace-setting Philadelphia Athletics and one and one-half contents back of the Washington Senators.

The Star of the Sales Force

"The telephone is our most important avenue to profitable business in other cities," says M. A. Compton, of the Compton Transfer and Storage Company, of Boise, Idaho.

"When we have a load for some distant point we are usually successful in soliciting prospects along the line for the return trip. The back-load, of course, is very profitable business."

Mr. Compton says that solicitation by telephone, properly worded and well informed, has as much pull as a personal interview.

Table showing rates for various destinations: TWIN FALLS to Boise \$26, to Billings \$ 2.90, to Butte 3.15, etc.

Rates to other points have also been reduced. Ask at the telephone office for suggestions for putting the telephone to work in your business.

DOCTOR EXPLAINS MYSTERY DISEASE AT MEDICAL MEET

Affliction of Childhood Gives Victim Froglike Appearance

X-RAY SEEN AS CURE
Six Cases On Record Over 20-Year Span

PHILADELPHIA, June 15.—A strange disease which frequently gives the victim a frog-like appearance—bulging eyes and distorted features—was described by Dr. Merrill S. Sussman of the Post-Graduate Hospital, Boston, before the section of radiology of the American Medical Association.

This ailment of childhood, is known medically as exophthalmos or "bulging eyes."
"The disease," declared Dr. Sussman, "is a peculiar affliction which afflicts children between the ages of 2 and 6. Three striking signs mark its appearance—bulging eyes, great thirst and defects in the skull bones usually signifying the presence of exophthalmos. The bones of the head are stretched to such an extent that the pulsations of the brain may be felt in the softened skull."

"This disease, which frequently causes loosening of the teeth, deformities of the skull and, in some cases, deafness, has been known by many names. It is caused by a faulty metabolism of fat taken in a food."
Of six cases reported during the last 20 years, can upon re-examination was found to be dead 16 years after being placed under observation. The other five, Dr. Sussman said, had been treated with high voltage roentgen therapy and all showed definite benefits.

Food Is Factor
Credit for its discovery, which Dr. Sussman said was a mystery to the medical profession, was given to Dr. H. A. Woodland, Detroit, who discovered it was caused by a faulty metabolism of fat taken in a food.

JOAN CHAMBERN AT TRAM
BY GEORGE CLARK
Joan Chambern's new picture, "Laughing Sinners," is now being presented at the Idaho theater Monday night for the last time. This versatile star whose varied work has been illustrated by "Our Dancing Daughters," and "Our Glorious Week-end" established her as one of the screen's most gifted interpreters of modern young womanhood, surprised her fans with her tremendous dramatic portrayal in "Fiddlers Three." "Laughing Sinners" offers her another role of high emotional voltage and of the same high a glimpse of "our dancing daughter." She dances with her own infatigable grace and skill and sings with equal appeal. Her wise-cracking woman friend, plays her unobscured office about being with such abandonment, but Henry continues to adore the dashing Nell Hamilton, cast as Howard Palmer, a traveling salesman, Cliff Edwards, and Irving Koro, as Palmer's pal, also specializing on her devotion. Unlike her, as usual, gets a laugh with every comment.

RUBIO KILLERS EXHIBIT GUN AS DEFENSE

Deputy Sheriff Cell Crosby, left, and William Guess, who say they welcome a trial so that they can vindicate themselves in the slaying of two prominent Mexican youths on a highway near Ardmore, Okla., are shown above holding a revolver claimed to have been used, with other weapons, on the women and in the car of the victims. Emilio Rubio, left to right; Emilio Rubio, 26, kin of the Mexican president; Manuel Gomez, 26, the slain youth; and Salvador Rubio, 21, their companion.

- 1930 — \$744,231.83**

— and Still Growing

During this period the Association has paid regular dividends of 6% compounded semi-annually

Over 300% Increase During the Past Five Years

A study of the above figures reveals the increasing confidence and patronage of our members. It is because of their support that we are able to increase our assets more than 300 per cent during the past five years. The ablest men of the nation recommend building and loan associations and most careful people are our heaviest investors.

882 Building Projects Financed

Since the Mutual Building and Loan Association was organized in 1916, it has financed the building or purchase of 882 homes and buildings, thereby assisting in making Southern Idaho a community of savers and home owners. The family that saves and owns is sure to be an asset to any community. The American home is the safeguard of American liberty.

You May Not Know that
Shoshone is pronounced
Sho-sho-ne. It gets its name from the Indian word meaning "the great spirit."

Twin Falls Guards Win Rifle Match
BOISE, June 15 (Special).—The rifle team of Company I, 11th Engineers, Twin Falls, won first place in the 4th Annual General's cup rifle match at a total score of 1123. Headquarters and service company, 11th Engineers, Boise, was second with 1103, and headquarters troop, 11th Cavalry, Caldwell, was third with 1056.

CONGRATULATIONS
NOT the least of the achievements of the Idaho Reclamation Jubilee at Shoshone, is the souvenir number of the Shoshone Journal, published by G. M. Maxwell, editor of that enterprising weekly newspaper in the Lincoln county seat town.

As is always the case with such events as the Shoshone celebration, newspapers play an important and in fact, indispensable part. They are necessary to give adequate publicity to the event and to historically record it, which it is impossible to adequately do in any medium other than the printed word.

The Journal has gone a step further and prepared in magazine form, if you please, a pictorial and readable account of the history of this great reclamation project which involves the bringing of water through a canal over 50 miles long, from Milner dam to the Little Wood river. While the publication of this 48-page special edition of the Shoshone Journal is not such an ambitious enterprise as the building of the canal itself, yet it is just such things as the Jubilee and attendant events, including the souvenir edition, which go a long way in impressing on the public the worth of this new source of water which it never has before in sufficient quantities; of attracting the eyes of the commercial and agricultural world; and of capitalizing through new homes and farms and industries all the advantages such a stupendous outlay deserves; and finally of bringing to all the people of southern Idaho new hopes, additional security and faith in the certain future of this great empire, now augmented by additional productive acres.

Shoshone and the entire district to be benefited by new waters are to be congratulated on the splendid manner the achievement is being celebrated and commemorated.

ANNIVERSARIES
June 15 is Pioneer day and June 14 was Flag day, both commemorating noble and important institutions, but neither impressed very seriously on the mass of people.

We all take the pioneers and the flag for granted. Honor them passively—and let it go at that. Perhaps the fault does not fall on the individual, maybe it is because there are too many "days" and "weeks," holidays and celebrations and anniversaries. Fact is, you know, every day is the anniversary of something great—an important birth, death, battle, decision, or event in history. Just turn to your history or your almanac and you will marvel that more days are not signified.

But we would not eliminate either Flag day or Pioneer day. The mere fact that they are on the category of important "days" is evidence enough, perhaps of the man's deep appreciation for what they signify.

BOYS WITH GUNS
SOCIETY has another problem. It has to decide what to do with a red-headed, gray-eyed youngster, who has five Boy Scout Merit badges, excellent school reports and one policeman's death chalked up after his name.

Varner Corry, 15, has confessed that he killed a policeman who surprised him, his brother Earl, 12, and a chum, Schuyler Pearson, 16, while they were frolicking in the swimming pool of a Chicago school-house, into which they had broken.

IT HAS OFFENSE been said that a county prosecutor needs the wisdom of a Solomon and the diplomatic qualifications of an ambassador. Hereafter they are exemplified in the case of a young man, a prosecuting attorney for action, and undoubtedly the finest politician since Cicero because he did not act.

A WIFE complains that her husband is addressed to card playing. He plays each Saturday night, 11 into Sunday morning. The woman says she has an objection to his playing cards for he is a first man at cards and usually wins. The money is accepted but she is not pleased by his being so much by himself. She asked that a state law be passed which would make it illegal to play cards after the stroke of midnight Saturday.

A TWENTY-FOUR year old woman asked a court for a man who she alleges has annoyed her by walking each evening outside her door and shouting "Hello, Hello." She asks for a kiss, she said, and it has become very objectionable. She says she has had a husband who she admitted she had once been married. More questions and she said they had been together and she had fallen in love with another man. She said she had been married to him for a long time but she had left him for the reason she could not get along with him and could not be bothered any more.

A MAN registers anger in that his wife does not cook or keep house to his taste. He says she is a good mother and an instructor to his home to make the children happy and healthy. He says that his wife is quick to learn and that she would take it to her heart if he would give her a lesson in how to cook. He says a woman says a horror but fails to check the meat and grocery bills and she does not demonstrate the proper way to cook. He says she is a good mother and she has no immediate use for an efficiency expert and she is not in our line.

A FARMER whose home is on one side of a road and the barn on the other asks the preacher to send a deputy sheriff to his property each evening to assure the cattle are secure. He says he does not concur in the farmer's plan to have a deputy sheriff on duty each evening. He says he would like to see the farmer's plan to have a deputy sheriff on duty each evening.

A HARD worker asks the removal of a street light that is placed that it shines into his eyes and makes him blind. He says that on the fifteenth of the month his wife would have to work on there was no hurry about the removal of the light. He says the job is done before he started day work again and had to stop at night.

THIS CURIOUS WORLD
IN-SUMATRA
THE BARK-DENTIST DOES HIS WORK IN THE OPEN AIR. HE HAS HIS PATIENTS LYING FLAT ON HIS BACK—HE FILLED THEIR TEETH WITH TRUSSERS TO GET A VIEW AND, WITH A 3-4 HALLIE, SOME PILES OF SHIRT COLLARS, THE DENTIST DOES THE JOB FOR A PEN. CENTIS PER TOOTH.

HOOPER and his associates are a couple of highly educated men who have been in the business for over a month before he got through. Only an acquaintance appeared in the office to see him about his nomination. There is some suggestion that he might later run on a third party ticket. If he does he probably will hurt the Democratic chances by drawing off a large anti-Hoover vote. It was assumed that he has campaigned for nomination, the general effect of his efforts will be harmful to the Republicans in the main campaign.

Democratic senators realize that Hoover continues out in front for their presidential nomination, but they are in no better shape than the Republicans when it comes to electing him an opponent. It has become axiomatically safe to believe the southern members of the House only half of Tennessee and Robinson of Arkansas stand out as real leaders. That leaves Walter of Montana, who is dry and Catholic and unavailable on both counts; Weaver of New York, barred by foreign birth; and Hubley of Ohio, Hubley, although he is amply elected, and has failed since coming here to develop his ability as a politician, is the one Democratic senator whom the fighting might conceivably strike in case a third party ticket is put forward.

At the conference of governors in Indiana met for a couple of days and out of it emerged more insistently than ever such names as Governor Roosevelt of New York, Phelan of Pennsylvania, Hiram of Maryland and White of Ohio.

As far as Republican senators are concerned the regulars are all lined up from the start with the knowledge that the party is going to renominate President Hoover. Any opposition he sets for renomination must come from among the anti-administration progressives, none of whom would stand a chance at the convention. Even if it were otherwise it would be greatly hard to get beyond Morrow of New Jersey and Flinn, a good candidate among the regulars.

You can hardly imagine any of the more prominent leaders—such as Peck of Ohio, Watson of Indiana, Smeal of Utah, Reed of Pennsylvania, Blighman of Connecticut, Jones of Washington, Moore of New Hampshire—being through the ticket. If you really think harden them it is, however, a good idea to look at the situation and the attention you conclude that Morrow is today in the unlikely event that Hoover leaves unassailable—that's about all.

Pitcher's Chances
Several Progressive senators would be delighted to run if they thought they had the least chance of nomination or of election in a three-party field, but such men as Borah of Idaho, Norris of Oregon and Johnson of California have no illusions about that. Apparently they will content themselves to let Pitcher carry the progressive banner in opposition Hoover for the remainder of the year. He has plenty of money and loves to lose it. In such a leading campaign that he will be a great high ranking among the country in Roosevelt fashion, if it will.

University of Idaho Graduates Wed Here

Sunday morning at 10 o'clock at the home of the bride's parents, Mr. and Mrs. R. E. Kuhl, was celebrated the wedding of Miss Clara B. Weight, daughter of Mr. and Mrs. Fred Moore, Boise, to Mr. H. M. Ziegel, former of the University of Idaho, who is now a member of the faculty of the University of Idaho. The ceremony was held in the presence of the bride's parents, Mr. and Mrs. R. E. Kuhl, and a few intimate friends.

Miss Kuhl wore a gown of shell pink crepe, fashioned to the latest with milk-cream tulle and carried a bride's bouquet of pink roses and white sweet peas.

A wedding breakfast of 11 covered the ceremony. The bride and groom were served by the bride's mother, Mrs. R. E. Kuhl. The wedding was held at 10 o'clock.

Mr. and Mrs. Moore left Sunday on a motor trip to Idaho Falls, where Mr. Moore is associated with an Idaho Falls business. The bride's going-away outfit was a blue and white ensemble with white accessories.

Mr. and Mrs. Moore are both graduates of the University of Idaho. Mr. Moore was a member of the Delta Sigma Epsilon and Phi Delta Theta.

ARRANGED BRIDE TELLS OF WEDDING

Mr. and Mrs. Ted Volker celebrated at dinner Friday evening at their home on Adams street. The bride, Miss Clara B. Weight, was the guest of honor.

R. C. A. FACING LICENSE FIGHT

Federal Body To Make Vital Decision In Alleged Monopoly Case

WASHINGTON, June 15 (UP)—The vast communications system of the Radio Corporation of America, reaching around the world and through its broadcasting subsidiary, entering every radio-entitled home in the United States is battling for its very existence.

Defeated in its effort to prevent the Federal Radio commission from purchasing the stock with a virtual total of the corporations right to hold American radio licenses, R. C. A. attorneys today declared themselves prepared for the test.

Should the radio commission decide that the reference in the radio act of 1927 to monopolistic control of the air applies to the National Broadcasting company, R. C. A. communication, Inc., The R. C. A. Victor Company, Inc. and the RadioGram Corporation of America—all U. S. subsidiaries—the case will be fought on through the courts.

The radio commission is directed by section 13 of the radio act not to issue licenses to any person or company found guilty of attempting to create a monopoly in radio equipment. When the United States supreme court decided recently against R. C. A. in the DeForest tube case, independent radio manufacturers called the commission's attention to section 13 and asked the commission to invoke it against R. C. A.

BUSINESS WOMEN ELECT AUKERMAN

Poetello Woman Is Named President, Twin Falls Woman Is Secretary

CALDWELL, June 15 (Special)—Miss M. Marie Aukerman, Twin Falls, was elected president of the Idaho Federation of Business and Professional Women's clubs Saturday afternoon at Caldwell, succeeding Mrs. Rose Giligan, Boise.

Other officers elected were Mrs. Lola Painter, Caldwell, first vice president; Mrs. Ethel Honeywell, Boise, second vice president; Hay Smith, Twin Falls, recording secretary; Jean M. Campbell, Boise, corresponding secretary; and Ethel Hanson, Moscow, treasurer.

Anna Powell, Blackfoot; Vera Tomp, Gooding; Gladys Swank, Lewiston; Maude Taylor, Hamlet; Loda Hart, Pratoon; Rose Giligan, Boise; Mrs. Emma Varrin, Salmon; and Bessie Stanger, Payette, were elected directors.

Dr. Orafco extended invitation to the federation for the next annual convention. The executive board has final decision in the selection of a convention city.

Miss Aukerman, Mayne Holman, and Marie Hall, Lewiston, were selected to represent the state in the European good-will tour this summer.

Thirty Idaho delegates will attend the national convention at Richmond, Va. The Orafco club was awarded the prize for outstanding civic achievement, and Lewiston received the silver trophy cup for the best publicity booklet.

The College of Idaho made an ideal setting for the convention, and a "Bank to College" motif was carried out in all details. Mrs. Love Miller Smith, Caldwell, was a most efficient convention chairman.

Highlights of the convention were the "Maiden Voyage" of the "Salt-Caldwell Junction," the annual banquet, the picture party and the book lectures. The evening of Mrs. Emma Varrin, Salmon, as shown upon of Idaho, and the address Friday evening by Mrs. Jane Ogle, New York, national field secretary.

CISTERN TRAGEDY VICTIM INTERRED

Last Rites Held at Burley For Small Daughter of James Hill

BURLEY, June 15 (Special)—Funeral services for Mary Lee Hill, three-year-old daughter of Mr. and Mrs. James Hill, who was drowned in a cistern at the farm about five miles southwest of Burley last night at 11:30 o'clock, were held today at the First Baptist church. The cistern was examined and the fact was established that the child had fallen into the cistern, fallen into the water, and her body was pulled back into place.
