Fierce Fighting Marks Third Day Of Japan's Drive

Artillery Fire Frightens Inhabitants Of the International Zone, Nipponese Move to Encircle Villages

SHANGHAI, (UP)—Chinese artillery began a heavy bombardment of additional positions in the International Settlement tonight at 8:35 p. m. The Chinese were pumping the heaviest shells yet fired into the area. The reverberations were terrific and foreigners in the settlement were more alarmed than at any time in the last two weeks. Dozens of foreigners telephoned the United States office, asking whether a battle was in the offing. Simultaneously with the artillery attack, Chinese infantry attacked the Japanese positions on the Kiangwan road, which runs alongside Hongkong park and the life line to the north of the settlement. The Japanese were using machine guns and rifles to maintain their positions. LIBERTY BOY MIX

MIX WOULD DON SENATORIAL TOGA; FAVORS FARM RELIEF

BOISE, (UP)—Pleier for the farmer is the major platform in the campaign of Lieutenant Governor G. P. Mix, Democrat, for the Democratic nomination in the United States Senate. He informed newspapermen in announcing his candidacy for that office. Mix explained that he would make no extended statement of platform at this time, but would develop issues as the campaign progresses. Mix, however, said that he had the \$2,000,000,000 to be distributed through the Finance Commission. The Finance Commission is the last year and a half, the second bill would not be necessary. A much sounder economic basis. All efforts to improve economic conditions have failed. It has wrong end, Mix declared. From party cannot return. Mix said until he farmer \$200 for his part in the campaign. He would pay for other articles.

BRUINS TRIUMPH OVER RUPERT BY SCORE OF 38-32

Twin Falls Takes Bitterly Fought Game Here Saturday Night

The Twin Falls Bruins scored their third win of the month on Saturday night when they turned back the visiting Rupert squad to the tune of 38-32. Coach E. V. Jones' men turned back a Coach Anderson-led team in the first quarter to give them a six point victory.

Rupert drew first blood when Cannon, forward for the visitors, sank a short one. Three field goals in short succession with Brewer, forward and Larson, fullback, gave Twin Falls their first lead. Rupert took time out. On a rebound Cannon scored again. Anderson, Rupert center, brought his team back into the scoring column. Cannon scored again and Larson came back with a brilliant under the basket shot. Rupert threatened again when Anderson hooked a jumper or ended 10-5 in favor of the Bruins.

Changes Made At the start of the second quarter, Gray went in for Butler for the locals and Owens moved forward. Gray continued his four shooting streak from Friday night and chalked up a point at the end of the quarter. Butler moved forward. Butler scored for the first time in the quarter as Cannon shot under the basket for a field goal. Two minutes later by Twin Falls and a successful three pointer by Butler brought the score to 25-11. Gray went in for Toner for Rupert.

Report This Score Though Rupert seemed to be passing wildly for the remainder of the quarter, they failed to get a point. Butler scored four times to tie the score but Owens on a follow shot gave the Bruins a two point lead by the time one on the half ended 20-15 for the Bruins.

Butler finished the final play of the half but Butler back in the game for Rupert and Owens. The second half opened with the Bruins continuing their scoring effort. Owens scored a field goal for the invaders. At half time of the third quarter, Twin Falls had increased their lead to 24 points over the hard fighting Rupert boys.

Anderson, forward, Cannon, forward and Larson, fullback, scored another six points while Butler scored their last point of the game. The Bruins won 38-32 in a hard fought game. Two Twin Falls goals opened the second quarter with Larson's scoring. Eaton, Twin Falls center, tied the game on several occasions. Butler was in the place. Cannon went in for the game for Rupert. On a rebound Anderson scored a free throw. With two minutes left, 30-20, he hooked the jumper rally with Anderson doing most of the scoring. Owens went away for a long dribble and came in to make

WINTER SPORTS DEVOTEES VISIT HAILEY DISTRICT

HAILEY (Special) — Sunday's warm, bright weather drew many lovers of winter sports in the hundreds of members of local factories and addlers were active at Hailey. Ideal snow conditions prevailed.

The highway from Hailey to Ketchikan is open and an intention is made during most of the route between Shoshone and Ketchikan. Much snow falls in the valley. A total of nine feet of snow has fallen in the valley. The snow is so deep that it will remain until well into the spring. It is expected to be in the valley for several days as the highway travel was completely blocked during the week. Sunday in the Grand river valley was a beautiful day and a beautiful one in the opinion of the winter sports and local residents. At Ketchikan during the week the thermometer averaged exactly freezing—32 degrees above zero.

WINTER SPORTS DEVOTEES VISIT HAILEY DISTRICT

People from most of the towns in south central district visited this section over the week-end. They were in the valley for the program of events, which it is intended will be repeated. Excursion rates on the Oregon Short Line encouraged additional visitors here and the fact that Monday, Washington's birthday, was a legal holiday helped in that. The number of sightseers who got quite as much pleasure out of the "Wood" river valley in the winter time as they do in the summer time.

WASHINGTON—1732-1799 The birth two hundred years ago of George Washington is being suitably observed this year throughout the United States in a great bicentennial celebration which will add lustre to the name of the "Father of His Country" and further impress upon the younger generation, as well as the older ones, the patriotic lesson contained in the life of the first president.

Resolved by the House of Representatives (the Senate concurring), That the Congress of the United States earnestly and respectfully invites the full cooperation of the legislatures and the chief executives of the respective States and Territories of the United States in the execution of the joint resolution of Congress creating the United States Commission for the Celebration of the Two Hundredth Anniversary of the Birth of George Washington in such manner as may seem to them most fitting, to the end that the bicentennial anniversary of the birth of him who was "first in war, first in peace, and first in the hearts of his countrymen"—the pioneer, the soldier, the statesman, the husbandman, the exemplar of American citizenship, George Washington, may be commemorated in the year 1932 in such manner that future generation of American citizens may live according to the example and precepts of his exalted life and character and thus perpetuate the American Republic.

It is with great pride that Americans can celebrate the birth of the country's first president in the knowledge that his life and character and accomplishments were as worthy as any of his successors, and more so than most of them; that he not only was the first president, but was also the greatest president, either fact being sufficient to deserve the reverence which is accorded his name, and both of them entitling him to all the honor which his country can now heap on his memory.

Twin Falls and Idaho does well to pause on his birthday anniversary, and throughout this bicentennial year to draw lessons of patriotism and Americanism from this statesman whose foresight and achievements constitute the very cornerstone of these United States of America.

AN OPPORTUNITY IN LINE with the national campaign to interest the public in gilt edge governmental securities, there comes a local opportunity for investment that should meet with response.

Periodically the county disposes of its tax anticipation notes, to investment houses. They yield interest in amounts not to exceed six per cent, and can be issued in units as low as \$1000.

Now, it is indicated, there is possibility of the commissioners offering these securities for local investment. There are doubtlessly many persons with idle funds who would be glad of the opportunity to so invest in securities backed by the resources of Twin Falls county itself.

With postal savings deposits yielding only two per cent, there is presented here an opportunity for mutual profit which should not be overlooked.

TWIN FALLS IN CONGRESS "No one can say that Twin Falls county is not congress-conscious," comments the Lincoln County Journal, which continues: "The past week has added further names to the roll of that county's aspirants for seats in the nation's lawmaking body. To which there can be no objection."

The Shoshone paper than lists the candidates from this county who have so far announced their aspiration for congress, saying:

W. F. Alworth, filer farmer, who two years ago was the Democratic last-minute standard bearer, against Representative Adolison T. Smith, has announced himself as a candidate for the Democratic nomination in the May primaries of this year. I. H. Masters, former Twin Falls publisher, now residing at Pocatello, has also tossed his hat into the Bourbon congressional race. Besides these two, there is H. L. Yeamans, blind attorney of Buhl, who previously announced himself for the same nomination. Then of course there is the Republican incumbent, Mr. Smith, who may be expected again to be the candidate of his party.

In addition to these, there is W. Orr Chapman, Twin Falls, a candidate for the Democratic U. S. senatorial nomination. So, come what may, and whether Twin Falls county has any more candidates or not, one may safely predict that it will continue to occupy its place in the political sun by furnishing at least one member of Idaho's contingent at Washington.

There is a note of green envy in some of these re-

marks. The reason is: other counties in the Second district, apparently short of congressional timber, are now in the unenviable position of pointing their fingers at Twin Falls county, known all over the country for quantity production. Why don't some of these neighboring counties get busy and bring on their candidates? We'll stake our reputation they cannot beat Twin Falls for quantity! And besides, it must not be forgotten that whenever they start competing with Twin Falls they are handicapped for Twin Falls county has the well-deserved reputation of being the veritable "mother of congressmen!"

You May Not Know that

The first telegraph office in Twin Falls was in a box car and S. B. Hoy, was the first operator "way back when" the streets had just a foot deep and the Perrine hotel was being built.
