CONGRESS FACING GRAVE DECISIONS ON VITAL ISSUES

Prohibition; Soldier Bonus and Tax Legislation Now Confront Solons

PROBLEMS ARISE AT A CRITICAL PERIOD

With Elections Coming Up Legislators Feel Their Way With Caution

BILL APPEARS DRAFTED

WASHINGTON (UPI) — Democ-
ratic floor leaders in the House announced today that a bill to
abolish the bonus indicates de-
feat of the sales tax.

The situation disclosed by the
leaders was the result of
a vote against closing debate today
on the \$106,000,000 tax bill. The
sales tax of 2½ per cent on man-
ufactured goods in the port of
the "Bonus Bill" was defeated and
estimated to raise \$500,000,000.

By RAYMOND CLAPPER

WASHINGTON (UPI) — Democ-
ratic floor leaders in the House
today faced three grave decisions
which aim straight at the stomachs
of practically everyone. Congress is
now—no more than a week away
from the voice of the people.

At luck would have it, these
critical votes come about the time
the voters are beginning to think
about whether they want to
make a change in their congressmen.

Test Vote Scheduled.

Monday the House will take a
vote on a bill prohibiting the
submitting of federal prohibitions
to the country for readjustment.

A few days later the House
will vote on the big tax measure
and the floor leaders have bolstered
their government measures.

Reign despite doubt went on.

Commenting on the situation,
Governor Ross said his wife would
be a "scout and consider" it if
one of the biggest things he had
done was to help him become
a Democrat in Pocatello, to
teach boys against destruction of
property, and to provide them in-
struction that would fit them for
any calling. He said God intended
boys to love healthful out-
door life, with birds and animals,
and that the country and small
towns are the best places to find
it.

Mother's Inspiration.

"My mother," he said, "in-
spired me with ambition to think
and do big things. Most every good
thing that has come to me was
given by our mothers. When I
was a boy my mother used to say
when you go to visit the governor's
office in Boise, and I resolved that
that same day I would see the governor
and with that thought in mind,
I went to see him."

Reign despite doubt went on.

Conditions, in general, how-
ever, are not so bad for many busi-
ness leaders to perceive what to
expect beyond the immediate fu-
ture.

Leaders Optimize.

In other heavy industries, rail-
road, coal, lumber, and steel, the
situation is not so bad for steel, in-
cluding the "revolutionary" railroads
which would place all except
the "smallest" manufacturers under
control, on most manufactured arti-
cles.

Following that the soldier bonus
issue will come up again, and
it may be that full the veteran
adjusted compensation certificates
will cost a total of \$2,000,
000,000.

One of these quibbles' action
down to the most sensitive nerve
of the voters. The congressmen
who guess wrong may find him-
self in the army of the men
placed in the "smallest" category.

Now is the time for those who
think they know what this coun-
try needs to speak up. Every
man, public official, and
private individual must
use his public offices to suit
themselves regardless of popular
wishes, in this situation.

Congress can pass out the
entire bill, or it will be en-
titled to provide it.

Funeral Procession

PARIS (UPI) — France and the
world paid honors to Aristide
Briand today in a state funeral
ceremony, in which most of the
military, diplomatic and press
representatives of the nation's war heroes.

Representatives of the 30 countries
that signed the postwar peace
treaty were present, and in the
preceding week, 80,000 cars in
the north wind.

"The Man of Peace" was taken
to his final resting place, where
thousands had filed past
him, past his bier, to a pro-
longed burst of grief.

The only religious touch was the
absolution given by Cardinal Vel

the tomb, surrounded by the
hundreds of persons who live
and die in the quiet country
where he lived.

Bolt Cutter Used To Take Fishhook From Man's Eyelid

VENICE, Calif. (UPI) — A garrote tool three feet long and weighing 25 pounds was used
successfully in an attempt to remove
an eye on the eye of John Holt, 40, of Long Beach.

After a physician and a surgeon
had failed in an effort to remove
the eye, the police did the job.
The police, in an effort to remove
the eye, cut the eyelid of Pete Koenig nearby, removing
with a large bolt cutter. Carefully Koenig and Emery have
removed the eye and saved the
lens of the eyeball.

Then the doctor easily pulled
the loose flesh from Holt's eyelid
and dressed the wound.

Oakley Quint Swamps Bellevue High 49-15 For Regional Honors

Hornets Play Beautiful Game to Win District Title

TODAY'S SPORTS PARADE

By Henry McElroy
United Press Staff Correspondent

NEW YORK (UPI) — Get me straight right from the start. I'm not one to question the time and place of names, but I do want to know just what the final score was.

It was 49 to 15, its victory over the Wood River losers, who were eliminated from the tournament, but it's the right to win state honors that counts in the tournament to be held in Twin Falls next week.

On the outside of the game, the Hornets' players and the closing stages, Oakley scored all in all, tallying 20 points in the last quarter.

Lurch In Form

Their coach, Lurch, led his class A champion to the long-end of a 6-3 score. Lurch, Oakley center, looping two field goals to put his team ahead. Both sides missed many punts, but the Hornet's accuracy and "telling to find their basket" in the beginning, Bellevue's ending, made many people think.

Dixie One was the captain of the Cardinals camp in sleepy little Bradenton. During the day Dizzy would around the round and round, the three, four, five, six, seven, eight, nine, stretch ones, crooked ones and hippity-hop ones that Cardinals regulars had to learn. He would do them from all angles, accumulating a total of 12 during the contest. Marshall, the coach, had his team go through the heat game, scoring 10 points and giving fine exhibitions of dribbling.

Bellvere Steadies

Bellvere braced to some extent in the first half, winning 8-0. In the second half, however, Draper and Crutchley, but Oakley boosted its total to 29, the quarter.

The final game was all Oakley.

Bellvere failed to register a point, but Coach Thompson's Indians dropped to 10th place.

Results: Oakley (1) vs. Draper (0)

Crutchley (0) vs. Bellvere (0).

Lineups: (1) — Walker (H),

HOARDED MONEY MUST GO BACK INTO CIRCULATION!

UNITED EFFORT WINS!

WHAT wins in a tug-of-war? What won the World War? Numbers? Partly. Courage? That too. But victory really depends on Generalship. GENERALSHIP INSPIRES CONFIDENCE! And it welds and unites a million straining efforts into the tremendous, sweeping, DISCIPLINED power of an Argonne drive!

There have been other attempts to end this Depression. Sporadic efforts. Unsuccessful because local — uncoordinated. But, we're done with sniping and skirmishing. FOR UNCLE SAM HAS TAKEN COMMAND — we are backed, at last, by the full financial might of the United States government! Under the same super-generalship that put over the Liberty Loans a drive

has begun to bring every hoarded dollar out of hiding — to take them out of socks and safe deposit boxes — to invest them sensibly — to spend them for much needed things — TO GIVE WORK TO OUR PEOPLE!

It's nation-wide — simultaneous from coast to coast! YOU can buy and invest with confidence TODAY because your countrymen from Boston to San Diego are buying and investing with you TODAY!

In this drive the UNITED effort of these United States, gigantic and irresistible, confident and disciplined, has at last been brought to bear. AND THAT MEANS VICTORY!

BASEBALL: THE HARBINGER OF SPRING
GLANCING at the sports pages of the newspaper these days, one wonders how one would ever really become aware of the approach of spring if professional baseball should go out of existence.

There are, of course, such signs as March-winds, chirping robins, and so on. But there is not, anywhere, anything quite as certain and hopeful as the gathering flood of news stories from the "spring" training camps in the south and west.

Whether we ever see a big league game or not, we at least get the stories from the training camps; and when we see them we know that winter is about over. And the active, old-time fan, to whom autumn and winter are dull months at best—he comes out of his shell and prepares to start living again. They're playing baseball! Spring is just about here!

ARISTIDE BRIAND

A RISTIDE BRIAND possibly lacked many of the elements of true greatness. Really great men have been conspicuous by their absence from the world in recent years, and the sad plight of both Europe and America is abundant testimony to the mess that lesser men have made of things.

But Briand deserves the grateful memory of a disengaged world. As far as lay within his power, he worked to heal the wounds left by the war. He strove constantly for a better understanding between France and Germany. When Stresemann of Germany risked his political life to work for an enduring peace, Briand met him more than half way, and similarly risked his own political life.

It may be that a larger man, in Briand's position, could have done more. That is for future historians to mull over. At present we need only remember that Briand worked earnestly and unselfishly to make the world a better place in which to live.

SPORTSMEN

THE Southern Idaho Fish and Game association has "developed to the point" where it is a highly important and potent force in the community, wielding as it does, considerable influence in molding events, shaping careers, influencing the recreational habits of large numbers of persons, and in adding to the resources of the district for the present and future generations.

The annual banquet of the organization, which recently was held with such great success, is a milestone in the growth of the big sportsmen's league, while the wonderful plant which has been erected in Rock Creek here for the propagation of fish, is a worthy monument to the association itself and to those individual members who see therein the fulfillment of their fondest dreams and the culmination of years of effort and community service of the most unselfish and permanent kind, for once started this program will likely never be abandoned.

All south central Idaho is appreciative of the efforts of the Southern Idaho Fish & Game association, and will wish it and its officers continued success in their commendable cooperative efforts with Nature herself to make and keep this and adjacent territories a sportsman's paradise.

FEDERAL GAS AND AUTO TAXES

RESIDENTS of Idaho paid motor vehicle taxes in the amount of \$4,441,223 during 1931 according to figures made public by the Idaho State Automobile Association which is affiliated with the American Automobile Association. The figures, it was stated, were based on official compilations of the Research Department of the American Automobile Association.

The total collected by the state from registration fees and gasoline taxes in 1931 was \$4,441,223 as compared with \$3,734,446 in 1929, or an increase of \$706,777 in a two-year period. By dividing the total collections for each year by the registration for the respective years, it will be seen that the state average per vehicle in 1931 was almost \$11 as compared with the average of \$31 in 1929, or an increase of \$10 per vehicle in a period of two years.

Quite clearly the depression which has brought about a reduction in the cost of some things did not bring any relief in the cost of car operation as far as tax overhead is concerned.

In view of the situation, and the constant rise from year to year in the motor vehicle tax, the motorists of this state who are now bearing a very great part of the road burden, are not likely to look with favor on the bill now before Congress placing a sales tax on automobiles and tax of 1¢ on gasoline, which in effect, would be a revival of war taxation.

Motor vehicles are now taxed in the United States an average of nearly eight times the rate on urban land, over twelve times the rate on farm land, or an average of over 18 per cent of their valuation each year.

Instead of adding to the number of agencies taxing the motorist, what we need now is a curtailment of these agencies. The Idaho Automobile Association has joined with over 1000 A.A.A. clubs throughout the country in a campaign against the proposed automobile sales tax and federal gas tax, and will be recommended for throwing its entire strength into a campaign in Idaho, to forestall any attempt to divert money from the gasoline tax fund into other channels.
