Students at Harvard Riot; Arrests Made

CAMBRIDGE, Mass. (UP)—One of the worst riots in Harvard history—a five-hour battle between 2,000 undergraduates and police, firemen and civilians ended early today with many students injured and a dozen persons under arrest.

The demonstration began with a parade of students carrying a banner which read "No more tuition for the poor." The parade was broken up by police and many students were arrested.

Matthew C. Brush First 'Bear' to Testify at Inquiry—Recites Frankly His Activities on New York Stock Exchange

WASHINGTON (UP)—Matthew C. Brush, one of Wall Street's noted traders, told the Senate market investigation today that in August, 1929, he had an interest in the New York stock market with a liquidating value of \$150,000,000.

Brush was the first "bear" the committee had publicly produced in its hunt for market manipulators. He appeared calm and courteous. He gave an analysis of the "frankness" of his own testimony.

Brush said: "I don't believe in selling stocks on a scale down or buying on a scale up."

TERRY'S HOMER BRINGS VICTORY TO N. Y. GIANTS

Pirates Beat Cards 7 to 6 and Athletics Nose Out the Yankee Team

NEW YORK (UP) — "Mongoose Hill" Terry, first baseman for the New York Giants, has started after the National League batting champion in dead center, using his own style of slick fielding.

He won the home title in 1929 and was barely noted out by Chick Hefner last year, hitting only three in the cleanup of his season. But Bill Belcher believes he can do better this year by following his own theories, and he has tried out in a big way to prove it.

Terry is concentrating on pulling his hits into right field. In the past three games he has knocked five home runs to lead the majors in circuitous circuit hitting. Previously he had done as directed and tried to scatter his hits over the field.

His batting average for the eight games played by .405, and he is headed in the National division only by Babe Ruth and slugger Freddy Lindstrom, who has .417. Yesterday he blasted out a homer in the third inning, with one man on base to push the Giants into their second straight victory over the Phillies.

The Cincinnati Reds, who were on base to push the Giants into their second straight victory over the Phillies, were defeated 4 to 1. Freddy Fitzsimmons allowed only one hit and doubled in the eighth to bring in the winning run. He led off on the Phillies mound, yielded 10 safeties.

The Cincinnati Reds remained alone at the bottom of the National League ladder after losing 10 to 6 to the Pittsburgh Pirates in 10 innings. A double by Pepper Martin in the 10th won the game.

At Boston, the Braves opened their home season by beating the Boston Red Sox 6 to 4. Jimmy Smith beat Sylvester Johnson in a pitching duel as the Chicago Cubs scored out the Cincinnati Reds, 2 to 2.

In the American League, the Detroit Tigers stepped into the lead by beating Cleveland, 5 to 3, while the Washington Senators were blanked by Boston, 4 to 0. Although out-hit 10 to 1, the Bostonians bunched two hits in the seventh to win.

Mickey Cochrane homered with the bases loaded in the ninth, to give the Philadelphia Athletics an 8 to 6 victory over the Yankees. Sammy Byrd, the first Yankee to hit, also scored a home run, and Simmons garnered a circuit swip for the A's in the fourth.

Yesterday's Hero Mickey Cochrane, who homered in the ninth with the bases loaded to win for the Athletics. He drove in four runs, made two runs and set two hits in three times at bat.

THE BIG FIVE By-Called Press Babe Ruth walked, flied out three times and grounded out in five times at bat.

Lefty Cochrane homered, scored one run, drove in two runs and made one hit in five times at bat.

Al Simmons homered, drove in two runs, scored one hit and made one hit in five times at bat.

Pepper Martin made no runs and one hit in five times at bat.

Kincaid Appointed Eyer's Successor

HAZLETON, (Special) — E. S. Kincaid has been appointed a member of the town board to fill the unexpired term of the late H. Eyer. William H. Ryan, now mayor, was elected mayor at the recent election.

Mrs. Robert DeLapp, outgoing president, and Mrs. W. W. Stokesbury have been elected to represent the Hazleton Civic club at the District Federation of Women's Club at Emmet in May.

The first program at the high school auditorium Friday evening given by Mrs. Charles W. Barlow, was highly interesting and exceedingly well planned. Many exquisite stunts, especially by the Hazleton Gardeners, St. Louis were shown and a lecture given by Mrs. Barlow accompanied the showing of the film, Miss Gulligan's Boy.

SHADE DECISIONS JACK KILBOURNE

Californian Uses All His Tricks In Defeating Lanky Oklahoman

CHICAGO, (UP) — Dave Shade, the "lobbia," weaver Californian who has been fighting since he was 16, undoubtedly knows more tricks of the boxing game than any other novice fighter.

He used many of them last night to win a 10-round decision from Jack Kilbourne, lanky Oklahoman who has been fighting since he was 16.

Shade, who is 163, Kilbourne, 158. The attendance was 4,000 and the net receipts \$3,745.

Since he started losing 4-round bouts around San Francisco in 1918, Shade has engaged in some 400 ring battles.

Shade was a close to winning a title as a man can come and not win it. That was in 1922 when he fought Mickey Walker for the welterweight championship.

Shade won two rounds after round and then Walker finished strong in the last two rounds of a 15 round bout and retained his title by a strange decision.

Walker would never fight Shade again after that.

Shade's opponent the Oklahoman machine. This program was given for the benefit of the public.

MOONEY

THERE will be disappointment over the United States in the failure of Governor Rolph of California to release Tom Mooney.

But no one can doubt that the chief executive, having as he does access to the very "low-down" on the case, now knows more about the guilt or innocence of Tom Mooney than do those who are only his sympathizers.

Those who have maintained that Mooney was an unfortunate victim of circumstances, are now confronted with the fact that a generous, liberal-minded, and progressive California governor, after going to the bottom of the case, declares in effect that Mooney is guilty of the Preparedness Day crime which cost the lives of ten persons, and that he was convicted justly.

Since Rolph is the fourth California governor to make a similar decision, it appears Mooney's fate is doomed. Such judgments cannot be lightly brushed aside.

WELCOME PARENT-TEACHERS!

TWIN FALLS staged a new brand type of "unusual weather" on the occasion of the opening of the annual convention of the Idaho Congress of Parents and Teachers. The Magic City traditionally has had a reputation for doing things differently. Certainly a six- or seven-inch snow fall on the eve of the convention serves to give variety to the event and will help make the occasion memorable.

The Parent-Teacher convention has a much wider appeal than most conventions, because of the universality of its interests, and because its potential membership includes the parents of all school children and those interested in their welfare, including their instructors. This indeed would include a large proportion of our population. Whether actual members of the organization or not, all parents of pupils have kindred interests, and everyone almost, has only the welfare of schools and school children and education at heart.

That this work of cooperation between parents and schools is organized instead of going on in a hit and miss fashion as it did in the old days, is at once a tribute to the unselfish attitude of the members and a hall mark of the present age which believes in doing everything thoroughly.

Strictly a non-commercial organization, concerned chiefly with young America and its future the Parent-Teacher movement finds its greatest reward in its altruistic accomplishments.

This city and all its residents, then, joins in welcoming the active workers in this great program to Twin Falls, which is proud of its schools, proud of its own record in P-T. A. work, and sincere in the wish that the convention will exceed all expectations in genuine accomplishment and in increasing benefits to the present and oncoming generations.

PEACE AND WAR

TUCKED away in an obscure position, a brief cable dispatch the other day told how a Japanese troop train was wrecked near Haibin, Manchuria, and added that Japanese officers on the spot believed that the wreck had been caused by Russian partisans.

Apparently this news item has drifted on down the stream of time and will be heard from no more; but some day a seemingly unimportant little story like that may land on the front page in black-face type, to acquaint us with the fact that Japan and Russia are to go to war.

For that is the kind of situation that now exists in the Far East; tense, strained, capable of bursting into flame at any moment from the smallest spark. This business of the wrecked troop train might have done it if the world has had luck, some incident of no more intrinsic importance will.

Wars have a way of beginning over minor jars of that kind. It may seem absurd to think of Russia and Japan flying at one another because a railway train went into a ditch; but all the great nations of the earth went into a death grapple in 1914 because a half-baked student killed an Austrian prince, and the American Civil War got under way because the Federal government tried to send supplies to a fort on the South Carolina coast.

The point to all of this is that wars never come suddenly. Through many years they build themselves up. Their causes are piled up like some tremendously powerful but relatively inert explosive, which can be set off by the concussion of a tiny fulminate of mercury detonator. A pistol shot or a train wreck can be that detonator.

Work for peace, then, if it is to do any good, must begin long before the crucial moment of accident arrives. It must begin when there seems to be no danger of war. If to be plain about it—a terrible war in the Orient is to be averted; the great powers must at once work for peace a lot harder than they have yet shown any signs of doing.

THEY DARE NOT even tell the NAME of the manufacturer who makes the tire . . .

It's obvious that when a manufacturer makes a quality article, he is glad to place his name on it. And when he must make an inferior article he hesitates to make any admission by branding it.

With such facts, why should you, as a buyer, take chances by buying the unknown? Especially when you can buy a first choice Goodyear, known by brand and reputation, at even less money with the surety that you will receive quality and service? Into every Goodyear tire goes all the knowledge that the largest tire manufacturer in the world can summon and on every tire goes the Goodyear brand.

See the name on the tire? It is the guarantee to the millions of users of the faithful workmanship of Goodyear and the unmodified quality.

Remember, there must be a reason why more people ride on Goodyears than on any other make of tire.

MORE CANDIDATES ENTER POLITICAL LISTS - ON FRIDAY

Both Parties Are Represented In Late Filings For Office.

With Saturday the last day that candidates for political office in Idaho may file their names for primary nominations, three additional persons unaffiliated for the closing hour entered at the office of the county auditor Friday afternoon. Twenty-four hours remained for the politically-ambitious to make their names known.

A total of 25 candidates have thus far announced themselves in the primary election for the various offices and candidates on the Democratic ticket. Up to the middle of Friday afternoon the following new candidates had been filed during the day:

A. H. Barnhart filed for the post office at Coeur d'Alene on the Democratic ticket. He was the first applicant of that party to announce to the public his candidacy for the post office at Coeur d'Alene. Barnhart is a well-known local business man and a prominent local lawyer, who filed his name for the post office at Coeur d'Alene.

Charles W. Rook, 71, third ward, North, entered his name as a candidate for the post office at Coeur d'Alene. Rook has been a member of the post office at Coeur d'Alene for many years. FIRST POSTMASTER OF HAZELTON DIES

D. O. Longenberger Succumbs At Twin Falls County Hospital Friday

Dr. D. O. Longenberger, first postmaster of Hazelton, died at the Twin Falls county general hospital at 8:30 o'clock Friday morning. He had been received at the hospital early in the week for an operation.

He was born in Maryland, Feb. 2, 1852. He was engaged in the mercantile business there until 1878 when he moved his family to Denver, Colo., and in 1901 came to Idaho to place him on the staff of the Idaho State Bank.

At the time the dam was built, the flow of water for power jumping was cut off and Perine and Duran moved to Twin Falls. He purchased the store at Miller in 1905, where he remained in business until 1908 when H. K. Robinson entered business with him.

He left the firm moved to Hazelton. He had made his home there since that time. He was an elder in the Presbyterian church at Hazelton. He served as pastor of the church from 1905 to 1912.

Surviving relatives are his wife, Mrs. Longenberger, and a daughter, Mrs. H. K. Robinson, Hazelton, and two others, L. W. Longenberger, North, Pa., and H. M. Longenberger, Buffalo, New York. A son, Lathrop Longenberger, died in 1921. The body rests at the White mortuary in Twin Falls. Funeral services will be held here Friday.

COURT DECISION PROTECTS FUNDS OF THIS COUNTY

Application of G. D. Thompson, trustee of the First National bank, for the sale of the securities and that the remaining \$24,000 be applied to the claim of the tax collector, leaving a balance of \$7,475.55 in the hands of the trustee, was granted in an order issued Friday.

The securities have a total face value of \$25,000. The decision affords the question of the liability of the bank for payment of \$4,000 carried under the order of the tax collector. The order provides that \$24,000, the amount of the deposit of the securities, were first reimbursed from the sale of the securities and that the remaining \$24,000 be applied to the claim of the tax collector, leaving a balance of \$7,475.55 in the hands of the trustee, was granted in an order issued Friday.

ROLPH TELLS WHY MOONEY WAS NOT ALLOWED PARDON

Summs up Reasons for Refusal in Statement Issued Thursday

SACRAMENTO, (AP)—In three days a certain Thursday to Thomas J. Mooney, connected in connection with the "Preparedness Day Bombing" in San Francisco, a statement was issued explaining his reasons for the decision.

"On December 1, 1931, an application for a pardon was made on behalf of Thomas J. Mooney by the attorneys, Hon. Frank P. Waller, Hon. James W. Walker, Hon. C. E. Sapping, all of New York, and Mr. Cyrus H. Kings of California.

"On the date of the hearing of the state of California, at San Francisco, the attorneys above mentioned representing Thomas J. Mooney presented their arguments in support of said application before me sitting with Hon. Matt J. Sullivan, former chief justice of the supreme court of the state of California, Hon. Lewis F. Byland, former district attorney of San Francisco, and Hon. Daniel J. O'Neil, director of the department of corrections of the state of California, who were invited to participate in the hearing of said application in the hearing of said application.

"I studied case closely during the period of approximately five months that has intervened since the date of said hearing. Judge Matt J. Sullivan and I have not only given consideration to arguments above referred to, but have given painstaking attention and have studied the entire record of the proceedings and offenses given during the trial of said Thomas J. Mooney, held before the superior court of the state of California in and for the county of San Francisco which resulted in his conviction on the charge specified in the indictment upon which he was tried, as well as of all the proceedings occurring upon his appeal to the supreme court of the state of California from said judgment of conviction.

"Examined Records

"During said period, we have also carefully examined, read and studied the records in this case, including those arising out of the preparedness parade, dynamiting of bridges, in which ten human beings were killed and between forty and fifty injured. We have also exam-

ined and studied all available documents and information and have pursued independent investigations for the purpose of ascertaining every available fact throwing light upon the question as to whether Thomas J. Mooney was justly convicted, or the offense charged against him, including his far from obtainable history of 24 years of the offense charged against him; that he was justly convicted by the jury by whom he was tried; and that the application made on his behalf for a pardon should be denied.

"For the purposes of a record it may be well to state that the case of Thomas J. Mooney has been presented upon four occasions, and upon one occasion to the supreme court of the United States, in each of which an application was made by Thomas J. Mooney for a pardon, which he denied each application.

"For the reasons indicated, the application for a pardon is hereby denied.
