ROOSEVELT VICTOR IN TWO CONTESTS

POLITICAL CHAOS ALARMS GERMAN REPUBLIC CHIEFS

May Report to Martial Law to Prevent More Serious Riots

PRESIDENT APPEALS TO FIGHTING GROUPS

Ban on Adolf Hitler's Brown Shirts Army Adds to Troubles

BERLIN, (UPI) —The alarming spread of political clubs, street "fighting," but fighting throughout Germany indicated today that the government might have to resort to martial law to prevent more serious disorders.

Although election of a new Reichstag is five weeks away, the campaign is not even started, newspapers daily devote columns to the Hitlerites' activities. The situation became really worse after the government lifted the ban on Adolf Hitler's brown shirt army.

Fighting Continues.

President von Hindenburg appealed to the fighting groups, their differences less hellish than political ones, chiefly Nazis and Communists, continued to report to Nazi, atomized and revolting.

The government expected the Nazis and Nationalists would win less than 50 per cent of the electorate, and therefore expected the Hitlerites to be supported by the Catholic church, by ex-Chancellor Stresemann, Drueppel, and Remond, all enlisted by President Hindenburg. Hitler's trade unions expressed bitter disapproval of the economic policy of the Von Papen cabinet.

The government, therefore, may dare to impose martial law as soon as possible and call another election in an effort to break the Catholics' resistance.

President von Hindenburg, after a new emergency decree issued to him yesterday, ordered him to the conflict between the Reich and the South German state, which have refused to accept the federal party lifting the ban on Nazi uniforms and demonstrations.

Babe Says Yanks Should "Sail Right Through" to Capture League Pennant

Slugger Believes A's Out of Race for Championship

LAUDS PITCHING

NEW YORK, (UP)—Babe Ruth believes the New York Yankees have "just about" won the American league pennant, and he has eliminated the Philadelphia Athletics as a possible "third."

"Unless something mighty unexpected happens, it looks as though the Yanks will sail right through on top this season," he said.

"The American league fight now seems to be for second place, with the Cleveland and even the St. Louis Browns battling for that position."

"I don't think the Athletics have a chance to reach the top now," he said. "They are still in the race, and the season isn't quite half over. That's not pennant-wining baseball. And I have no reason to doubt that they will win."

The Babe said excellent pitching was responsible for much of the "Yankee" success. Joe McCarthy had won dependable pitchers, and the team will be well along the road to almost certain success, Ruth pointed out. They are Lefty Gomez, Charley Rooting, John Allen, and George Sisler.

"Five or six are hitting over .350," the Bamboozle continued. "Gehrle, Lazzeri, Dickey, Combs and myself. But none of us is hitting like we did last year."

When asked to pick the winner in the National league race, the Babe growled: "What do I know? I'm not from around here."

The A's replace the idle Washington Senators in third position by taking two games yesterday from Boston, 10-8 and 10-7. John McGraw, manager of the Sox, connected for three home runs in the two contests.

Detroit strengthened its hold on second place by defeating the Chicago White Sox, 9 to 3.

The Chicago Cubs lost a chance to regain the lead in the National league when they beat the St. Louis Cardinals, 4 to 1.

Yesterday's home run jobbing of the Boston Red Sox, who made three home runs, a double and a single, accounting for ten runs in two games.

gated ball, featuring picturesquely decorated "pirates' boats," huge looted caskets and masked pirates and daggers, attended the pirates' party, one of the most elaborate ever given. The costume ball was preceded over by Martha Astbury at the E. F. Ashby home Monday evening.

The basement was converted into a "pirate's" hangout for the occasion. Guests laden with "stolen loot" in the form of imitation gold and silver coins and shiny models contributed atmosphere for the dancers. Emilie Richards, Louise Stevens, Mabel Thompson, Betty McHale and Dorothy McFadden all dressed in costume pirate. Refreshments were served late in the evening by Mrs. Astbury, Miss Louise Bryan, Miss Mary Frances Platner. The individual cakes, iced with frosting, favored were bags of "pirate gold" shaped like coins.

Celebrants were Mrs. Lynne, Jeanne Hayden, Barbara Minnick, Lois Hayden, Lois Stevens, Emilie Richards, Olivia Chapman, Anna Peavey, Mrs. John W. Wagner, Mrs. George Paulson and Mrs. Clinton Hansen. The honorees received a number of attractive gifts.

which immediately was pronounced upon by his enemies here, has inspired hope among the others that he will be chosen and a favorable result. There are one or several yet to cast the vote.

The feeling of isolation is strongest in some cases—for instance, those who happened to be born in particularly Democratic conventions.

good strategic position.
"Watch Ballot" was the word today among the political tipsters. Governor Franklin D. Roosevelt of New York still has the lion's share of delegates, but Dennis DeMille is giving the administration the lead in the nomination with a majority. He must have two-thirds. According to careful computation, Roosevelt does just have two-thirds, which is 770.

The anti-group has to hold 385 to elect a candidate.

Huge springs eternal—even for the dancings. Emilie Richards, Louise Stevens, Mabel Thompson, Betty McHale, Dorothy McFadden, officiated. They were attended by Mr. and Mrs. Glen Littlefield, Seattle. Mrs. Littlefield is the sister of the bridegroom.

VOTING HEAVY IN
FLORIDA ELECTION

Interesting Contest Feature

Democratic Primary

Run-off Race

TAMPA-BAY, Fla. (UPI)—An exciting Democratic race of primary for the governorship of a congressional nomination drew Florida citizens to the polls.

In some cases—particularly Democratic—instituted by the state election board.

Excellent Record

The handsome Governor of Maryland, undoubtedly the best-looking man in the nation, Governor Ritchie has lots of friends among the delegates. He is the gentle, friendly sort of person, with an excellent record as a distinguished lawyer.

In some cases—particularly Democratic—where he has appeared in a deadlock.

Perhaps with more solid strength is another who will stand up well in the competition.

Newton D. Baker, former secretary of war, and leading sym-

bolic figure in the Wilsonian strain in World War I politics, has shown great strength in numerous tandem delegations. He has kept into the background. He has a very

large following, particularly among the rural people.

In the first district, Alford Caldwell is opposing Tom Van

Amendment, for Congress. Herbert

has an elected Congressman,

and best of Alford Peterson to retain his seat.
