SENATE AGAINST AID BILL CHANGE

Upper House Rejects Efforts To Reconsider Measure Affecting Indigents'

HOUSTON, Jan. 20 (AP)—Attempt to force reconsideration of a bill providing indigents when needed to be able to perform some service for recovery of money paid or treated in the hospital, passed in the Senate, House bill No. 12, by the U. S. Senate of former country was carried at Thursday's session by a vote of 20 to 14. At that time, W. H. Koster, Latah county, gave notice that he might ask for reconsideration of the measure. In accordance with a Senate rule which requires a senator who voted with the prevailing side to ask for reconsideration, Koster of Oregon made the bill back on the floor of the Senate Tuesday.

Clark of Iowa county supported the motion for reconsideration of the bill. He argued that it is amended so that "aboring men" who are compelled to work under charity funds will be paid on the same rate as the prevailing wage for similar work. "It was this was done," Clark said, "the Senate would have been forced, as a 'pen' wage on needy workmen."

Donahue, Washington county, declared that such an amendment would be a violation of the constitution. He said that the bill would be a violation of the constitution in 80 percent of the indigent appeals for charity funds.
