BRUIES OUTSCORE OAKLEY; GOODING GIRLS THE LOCALS

Northside Maidens Blunt Outbeat Twin Falls Boys Win 31 to 10 Clash

A foul conversation with only one play enabled the Gooding area basketball team to tie the Twin Falls franchise, 24 to 24, in a terrific game on the local floor last night and then four 1937 record winners. They have won two games and lost none in the second game of the evening the Twin Falls boys trimmed Northside 31 to 10. While the locals had the best of the argument at all stages it was not until the final quarter that they pulled completely out of danger.

Local's Best Effort Goal

The contest between the Gooding and Twin Falls clubs during the first half of the game was a tactical one. The Gooding team executed the entire scoring in the first half, which closed 4 to 2 for the locals. Gooding rallied to a 10-10 tie at the 10 minute mark and then on a 5 advantage at the half.

The third quarter was a humdrum affair for a few minutes. The Twin Falls team led the boys 15 to 12. This lead was widened to 19 to 14 as the quarter drew to a conclusion.

The northside maidens outscored their rivals in the concluding minutes and were trailing by a one point deficit, 23 to 21, with only seconds to go, when they were awarded two free throws. One of these was made, tying the score at 23 to 23. The final minutes of the game were a struggle of the kind on the ground and in the air. The Gooding team was in the lead, 24 to 23, when the final whistle sounded.

KEEP UP THE GUARD... Americans have got used to the sight of secret service men guarding the president.

What happened at Miami forces all to realize that these precautions are wise, after all. For the president—or, as in this case, the president-elect—is by the very nature of things a target for cracks.

ANOTHER RELIC TOTTERS... Having won his long fight to kill the lame duck sessions of Congress, Senator George W. Norris of Nebraska is now loading a gun for the electoral college.

As the senator points out, the founding fathers devised the electoral college to keep the choice of a president.

In practice, of course, it hasn't worked out that way. The electoral college is simply a cumbersome and expensive rubber stamp.

DRY LAW REPEAL IS NOT ENOUGH... Unless all the signs are wrong, the prohibition amendment is on the way out.

And while this will be the cue for most of us to rejoice or to weep, depending on our individual attitudes, it would be a very fine thing if we sat down quietly while there is still time, and figured out just what is going to come next.

We have set our faces toward repeal, apparently, and we have done it because the prohibition amendment hasn't worked out nearly as well as we expected it would.

Now there is no sense in our forgetting those facts and pretending that anything at all will be better than the present era of bootleggers, rum-runners, and shady speakeasies.

We ought to be intelligent enough to find a system that would do away with the evils of the present regime without restoring the evils of the past.

Finding the right solution is going to take a lot of earnest thinking. We had better start thinking right now; and, in the process, we want to remember that we have two entirely distinct sets of abuses to correct, and not just one.

M. Claudel does not speak good English. After inviting State Secretary Stimson to a party of the diplomatic corps he announced: "We are giving Mr. Stimson a speedway party."

It was business, would go straight politics would go straight, too, says a writer. Yes, and if politics would go straight to where most business men say business has gone it would be O. K. with practically everybody.

A philatelist got \$15,000 for four 1918 airmail stamps, rare because of their inverted centers. And still, they say, mistakes don't pay.

SHOULDER

MEANS HEAVY DUTY... SHEILA HEAVY DUTY, re-creator of the "SHOULDER"...

GORDON was a plump, black-clothed woman when Sheila was to know her as a real friend.

The girl who had the red hair was not an old story. She had heard their employer.

"It was an old story," Gordon said. "I heard his name in the papers."

"Never you told the old man," Gordon interrupted with vigor.

"What's the matter with you?" SHEILA was surprised to find that the woman who had just stood up and said "No."
