HIGHLIGHTS

WASHINGTON, Jan. 15 (UP)—Highlights of President Roosevelt's message to congress:

I ask the congress for certain additional legislation to improve our financial and monetary system. By making clear that we are establishing permanent metallic reserves in the possession and ownership of the federal government, we can organize a currency system which will be both sound and adequate.

There is still much confusion of thought which prevents a world-wide agreement creating a uniform monetary policy.

The free circulation of gold coin is unnecessary. The practice of transferring gold * * * is not only unnecessary, but is in every way undesirable.

It is a prudent step to vest in the government ownership of all monetary gold within the borders of the United States and to keep gold in the form of bullion rather than in coin.

I prefer to ask the congress for specific enactment to vest in the government title to all supplies of American monetary gold.

Gold certificates, will be, as now secured at all times, redeemable for dollar by gold in the treasury.

The time has come for a more certain determination of the gold value of the American dollar.

Careful study leads me to believe that any dollar revaluation at more than 60 per cent (Continued on Page 2, Column 1)

U. S. NAVY FORCE LANDS IN CHINA

Joins With British, Japanese In Guarding Foreigners At Foochow

SHANGHAI, Jan. 15 (UP)—The landing force of the American, Japanese and British navies today joined in Foochow today to protect foreigners in the city which has been the scene of the fiercest fighting between communists and the nationals of the United States.

The 19th Route army, backbone of the communist force, withdrew from Foochow when the national army captured the city. The withdrawal was made without bloodshed, although the scattering soldiers were looted by central government airplanes.

The government troops surrounded the communist force on Nanta Island, but allowed the members to depart peacefully without any further action. The primary results were avoided, at least temporarily.

The Navy government considered the Navy situation improved, according to official dispatches. All foreigners were safe.

DYNAMITE ROCKS COAL MINE CITY

Officers Fear Blast Signals Reopening of Bloody Illinois War

TAYLORVILLE, Ill., Jan. 15 (UP)—The terrific explosion of a dynamite bomb blew the home of Vern Ivins, mine worker, to fragments today and rocked the entire town.

Peace officers feared the bomb was the first of a repetition of sanguinary conflicts between rival coal mine members.

The blast occurred at the mine of the Progressive American League, reported converging on the No. 47 mine of the Peabody Coal company.

Picketing of the mine against the United Mine Workers followers was expected to result in violence. The mine was closed to picket several Peabody mines at a mass meeting last Saturday.

Jacoby Team Goes Into Bridge Final

NEW YORK, Jan. 15 (UP)—The team headed by Gwladys Jacoby was to meet Lester Bachner, Los Angeles, today in the final round of the contract bridge national championship.

Jacoby's players took semi-finals honors last night when they defeated the Peabody Coal company's team.

The championship will be decided in four sessions of 30 hands each between the Bachner team and that of Jacoby.

because price levels were not in a condition of stability.

The revaluation of the United States dollar at 60 cents would be even more a disturbing factor than was revaluation of the French franc because price levels are out of line, Sprague contended.

The French franc was revalued when employment conditions and price levels were near normal.

"No country has ever devaluated its currency under a condition quite like obtain in the United States at present," Sprague said. "There is plenty of evidence, however, of a revaluation or a devaluation but all instances have been in connection with a situation that has come about."

Foreign countries may take retaliatory measures which will result in the effect of offsetting the effect of the decline of the American dollar in terms of other currencies."

Already reticent to this end in being expressed in many ways, the expert said.

Sprague said, however, that despite whatever effect this will have on the public, it would have been beneficial in that it has distributed a large sum of money throughout the country and has alleviated distress among the unemployed.

DEATH COMES TO BURLEY PIONEER

Mrs. Mary Taylor, Prominent L. D. S. Officer, Dies at Burley Home

BURLEY, Jan. 15 (Special).—Mary Elizabeth Hubbard Taylor, county resident for 20 years, died at her home here on Miller avenue at 3 p. m. yesterday.

She was the wife of Thomas Taylor, sr., and was married to him on Jan. 18, 1875 in the Endowment temple at Salt Lake City, Utah. In 1883, with her husband and three children, she came to Idaho.

Thomas Taylor became bishop of this and Mrs. Taylor became queen of the Relief Society at that time. They moved to Burley in 1910. Mrs. Taylor was active in the Relief Society of Burley and was a member of the Idaho Society of Relief Society workers in December of that year and was re-elected in 1916 to become president of First Ward Relief Society, which position she held until Jan. 26, 1925.

Mrs. Taylor died August 26, 1921. She is survived by three daughters, Mrs. Lett Gunderman, Mrs. Cora Brooks and Mrs. Altha Smith; and four sons, David A. Taylor, Winthrop Taylor, Wesley Taylor and Thomas Taylor, jr., who are associated together in the Taylor shoe company.

Two grandchildren and three great-grandchildren also survive. Burial will take place at the Idaho State Lake City. Willard Hubbard, Logan Utah, David Hubbard, Elba and Alma Hubbard, Grace, Idaho. Funeral services will be conducted at 1 p. m. Tuesday at the L. D. S. tabernacle here.

BETTER PERFORMANCE. Greater power, more speed, quicker acceleration, smoother performance, more torque per gallon, superior fuel economy, and quiet operation are the speeds, and quiet—starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New waterline thermostats enable the engine to warm up more quickly and run smoother under all operating temperatures. Added engine refinements reduce oil consumption and maintenance costs.

NEW VENTILATION SYSTEM and provides devoted amount of fresh air in any weather. Individual control for front and rear side windows. The windshield wiper on the window glass is raised to the top. Then, the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through this slot air is drawn out of the car and replaced by fresh air.

This simple ventilation system maintains complete draft-free circulation and insures passenger comfort. No fogging of windshield or windows in cold or stormy weather. Both the windshield and the side windows are equipped with an Ford

V-8 can be opened to supply additional air needed for comfortable warm-weather driving. This is an advantage worth remembering.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chrome-plated radiator shell and grill, new hood louvers, and new front end.

Interiors are attractive, with new tufted upholstery, new moldings, new cowpoke headlining, new instrument panel, new arm rests, new door handles. Sweet-spot air vents in the rear body prevent glass from fogging.

FENDERS IN COLOR. Fenders on all De Luxe Ford cars for 1960 are finished in color to harmonize with body color. Wheel covers are optional.

GREATER RIDING COMFORT results from increased spring flexibility. The spring leaves are newly designed for quieter and easier riding. The new shock absorbers and seat cushions are designed to soften springs. New type, independent bucket seats provide increased comfort for front-seat passengers.

Thomson, Creavy Meet for U. S. Match Play Golf Title

RICH PURSE AT STAKE IN FINAL

Blond California Giant Plays Bashful Albany Veteran Over 36 Holes

SAN FRANCISCO, Jan. 15.—A handsome blond giant from Long Beach, Cal., and a bashful veteran from Albany, N. Y., met over this historic course today in the finals of the \$10,000 national match play open golf championship.

The Long Beach youngster who plays the role of the giant in the David and Goliath battle, is Jimmy Thomson, rated by many critics as the best driver in the golfing world.

His co-finalist, the steady, cool Tom Creavy, 1922 U. S. A. champion, and calling Albany, N. Y., as his home town, leads the part of David.

Title and Purses
To the winner of the 36-hole final today, goes the title of national match play champion, and one of the richest purses of the California winter "gold trail."

Both waded through all opposition in the early rounds of the tournament, and came through with smashing victories in the semifinal rounds Sunday.

The Long Beach pro took the measure of Willy Cox, Brooklyn, N. Y., and vendor of hot dogs when not on the money trail, 3 and 3.

Creavy, playing a steady, consistent game, sent Jimmy Rogers, Denver, Colo., the tournament's medalist, to the gallery with a 3 and 2 victory. The former U. S. A. champion was one of the broad-shouldered darlings at the end of the first 18 holes of the semifinals.

In the last 18-hole stretch the finalist three bled and put golf on the medalist.

Thomson held a one-up advantage over Willy Cox at the end of the first 18. The afternoon round was a different story, however. The Long Beach giant had his wits and iron working in unison and at the turn had Cox 4 down.

PURDUE LEADING BIG TEN CAGERS

Boilermakers Seeking Fourth Conference Victory in Wisconsin Tilt

CHICAGO, Jan. 15.—Purdue, undefeated leader of the Big Ten basketball race, will go after its fourth straight conference victory against Wisconsin at Madison in one of the four games scheduled tonight.

In the other Illinois plays Iowa at Iowa City, Indiana at Indiana State at Columbus, and Michigan engages Northwestern at Evanston.

Purdue gained undisputed possession of first place Saturday night by defeating Indiana, 47-13, while Iowa led its first game to Minnesota, 35-28. The Boilermakers were from Indiana with ridiculous ease, held the Hoosiers to three field goals and scored the most decisive victory of the conference season.

In the other games Saturday night Illinois defeated Chicago, 32-26; Northwestern won from Ohio State, 32-25; and Wisconsin beat Michigan, 34 to 23.

FOUR HORSEMEN FETE '33 TEAM

Famed Notre Dame Gridiron Stars Return Tonight For Banquet

BY GEORGE HURNEY
SOUTH BEND, Ind., Jan. 15.—The "four horsemen" Stubbler, Crowley, Layden and Miller, and the "seven riders" came back to Notre Dame campus today for their first group visit since graduation day in June, 1933.

The occasion was the 14th Annual "Four Horsemen" dinner at the 1933 football team tendered by the St. Joseph Valley club tonight in the student dining hall. All tickets are sold and the gathering will exceed 2,000.

One of Notre Dame's greatest teams, the 1933 "four horsemen" unit which won the national title and one of its own on the basis of paces won and lost was in evidence in the banquet hall tonight.

Between these two teams, the all-victorious team of 1933, and the all-victorious team of 1932, will be a new band after tonight, for one of the "four horsemen," Elmer Layden, will soon take over the reins as Notre Dame's head football coach and athletic director.

Layden, the 31th, scholarly Iowa boy who was designated the "quiet number of the quartet," by the late Knute Rockne, will make his first speech in his new role tonight.

Crowley Toastmaster

Tonight's toastmaster will be Jimmy Crowley, left halfback of the "four horsemen" who is now head coach at Pomona, Calif. He is slated for the many times and ready wit.

Stubbler, Crowley, Layden and Miller were mentioned at one time or another in connection with the "four horsemen" team. They were Notre Dame's head football coach, head basketball coach, head baseball coach, and head tennis coach.

GRANGE FLASHES OLD-TIME FORM

"Galloping Ghost" Shines as Chicago Bears Trounce U. S. C. Stars

LOS ANGELES, Jan. 15.—The "Galloping Ghost" of University of Illinois greatest football player was the Red Grange of old when the Chicago Bears crushed Penna. Plunkett's Southern California All-Stars for a 26-7 victory here yesterday.

Twenty thousand spectators flocked to the contest which generally was conceded the finest exhibition of football ever exhibited here.

Grange, whose previous appearance here had failed to impress, took off the wraps yesterday. He carried the ball only three times in the opening period but two of these times proved decisive. He scored the first touchdown on a 67-yard run that was well under way before the local squad knew who had the ball.

Hardly had the All-Stars recovered from their surprise when the redhead was away again, this time on a pass from Drumburg, quarterback of the national professional champions. Not a hand touched Grange as he ran 50 yards to the goal line.

The All-Stars penetrated the Chicago defense for a touchdown in the second quarter. Russ Snyder, perhaps the best quarterback ever developed at Southern California, led the drive along, ringleader, passing and plunging 70 yards to a score.

Batties, substitute for Grange, accounted for the third Chicago score in the third period when he broke through the line for a 40-yard gallop. Bonanzani added the fourth touchdown by catching a pass and speeding 55 yards to the goal.

A return engagement will be played Jan. 28, it was announced after the game. The All-Stars will be strengthened by the addition of Bill Corbin, Stanford All-American, George Caninus of St. Mary's, and Mel Hein, The Bear day in San Francisco next Sunday.

DANCES OPERATE SCHOOL
ROCHESTER, Mich., 15.—Profits from weekly dances are largely responsible for continued operation of the Avon school, officials said today. Proceeds from the Saturday night entertainment are used to pay heat and light bills and buy some supplies, including officials to pay the teachers' salaries from meager tax funds.

AN ALL-AMERICAN WATER BOY

Southern California's basketball team never had such a water boy as Irvine "Scooter" Warburton, All-American quarterback of 1933. Warburton won the job when he showed up with a tiny "scooter" presented by an admiring fan.

Babe Sighs at Sad Future of National Game

BY JACK CUDDEY
NEW YORK, Jan. 15.—Take it from Babe Ruth: "There's something wrong with baseball."

The great Ruth spoke gloomily today before signing his last straight player contract in the major leagues at the office of Colonel James Hupbert, owner of the Yankees.

The all-time home run king was pessimistic, dispirited, and doubtful, worried about the national pastime.

"I'm pretty certain this will be my last season as an active player," he admitted. "I've been playing a long time. I don't want to try to stay too long and leave the public with a bad taste in its mouth."

Wanted to Retire
Ruth emphasized that he would not retire from baseball at the end of the season. He figured he would be around a long time yet, in some capacity other.

"Oh, I've got a lot of work to do yet with baseball," he said. "I'm not satisfied with the game today. Something's wrong. I'm trying to change it."

How could Mr. Ruth say this when he was about to sign a contract that would bring his total baseball earnings above the million dollar mark?

He explained, "During the years I've been playing, I've seen the game develop a whole lot. Sure! Big crowds, big stadiums, big salaries, and so on. But I think the peak has been reached unless something is done to stimulate it."

"Public interest in baseball may be decreasing. Anyway, it's not increasing. It's not going ahead like golf and tennis. And the country's financial situation has nothing to do with it."

What's the reason? Simply this: In recent years there haven't been enough kids playing ball. Way, when I was a boy, it seemed that all the kids played. Lately too many boys have simply been reading about it. You've got to play some time or other to become a real fan. A new generation is growing up, and the proportion of fans is too small. Unless something is done, a couple of years from now the proportion will be still smaller."

PERSONAL

—to a lady

THIS evening when your husband comes home, what would he think if you greeted him in the wedding dress you wore a good many years ago? One thing sure—he'd silently wonder how you could have seemed so lovely then in an outfit that looks so old-fashioned now.

We wonder if your husband realizes there has been as much change in furniture as in wedding dresses? (Remember what you told him the other day, "Most of the furniture in this house was bought right after we were married.")

There is no better time than now to greet him in that wedding dress—and then show him the furniture advertisements in the newspaper! Today you can read about and see pre-views of the furniture shows that will be held next month, so close at hand. And it will probably surprise you to learn he is as interested as you are. Men don't like to go through the stores to shop. But it's quite easy to get them to read over the advertisements in the quiet of your home.

Wouldn't today be a good time to get him to say "yes" about that new furniture you've been wanting?
