NORRIS SUPPORT GIVEN MOVE FOR INCOME TAX RISE

Veteran Nebraska Solon Tells Senate to 'Go Where Money Is'

BORAH APPROVES PLAN

LaFollette Amendment Would Boost Normal Rate and Increase Surplus

WASHINGTON, April 5 (AP)—The senate today rejected the effort to increase sharply income taxes upon the American taxpayer.

By 47 to 34, the senate rejected an amendment to the \$330,000,000 tax bill, sponsored by Sen. Robert M. LaFollette, Wis., which would have increased the normal tax rate from 4 to 6 per cent and imposed a scale of surtaxes considerably higher than at present.

BY H. O. THOMPSON

WASHINGTON, April 5 (AP)—"Go where the money is," the needed revenue, Sen. George W. Norris, R., Neb., urged the senate today to debate the LaFollette amendment to the \$330,000,000 revenue bill.

The veteran Nebraska spoke in opposition to the amendment proposed by Sen. Robert M. LaFollette, R., Wis., to increase the normal income tax from 4 to 6 per cent and impose a sharply graduated scale of surtaxes.

Chairman Pat Harrison of the senate finance committee delivered a forceful speech in opposition to the amendment.

"But we are called on to vote in favor of his own scale of surtaxes, which is not as severe as LaFollette's."

Not Agreeable Task

"It's not an easy task for the legislator to levy taxes," Norris said. "But we are called on to do many things we don't like to do."

"The ordinary man cannot understand why we must raise the money in order to get it."

"A man with a net income of \$20,000 would have \$21,000 left."

New Jersey Farmer Accused of "Torch Murder"

When the charred body of Mrs. Louisa Henschel was taken from her burning husband, Charles Henschel, not only was charged with setting fire to the house but murdering his wife as well. The murder and arson charge was made after it was discovered that Mrs. Henschel had been beaten before the fire, and that Henschel, a prosperous farmer, allegedly had saved two strange horses and all his clothes from the flames.

Short-Term Convicts Freed At Boise; No Action on Murders

BOISE, April 5 (AP)—Idaho state board of pardons today continued its arduous task of considering appeals for clemency made by 125 prison inmates.

Two of 12 convicted murderers had completed their testimony but no action had been made in either case. Six pardons were granted short-term convicts, including Russell May, 22.

May was represented before the board by his pretty 20-year-old brunette wife, who won his freedom after losing the state contest of testimony. He had been sentenced to six months to one year for stealing a bundle of mail at Moscow.

Malay Asks Pardon

Joseph O. Malay, sentenced to life imprisonment at Mountain Home for a murder committed 10 years ago, was represented by Judge William Morgan of the supreme court. He upheld the sentence.

Malay, a Greek, had been sentenced to life for the murder of a woman named Mary, who he had killed with a knife. The murder resulted from severe alcoholism, and Malay, followed by a quick change into warm temperance.

Malay remembered nothing of the crime shortly afterward. Dr. O'Rourke, director of the state colony of feeble-minded, told the board.

Mother Pleads

Guy Nelson, convicted of murder and sentenced at Idaho Falls to life, 10 years ago, was the second applicant for clemency in the state.

Mrs. Ella Nelson, his mother, appeared before the board with a plea for her son's freedom, contending the term served was long enough for her son's crime and proved the prisoner would be given employment immediately after release.

Nelson's mother, who was the brother of the prisoner, who was convicted of attempting to abduct his son from the state, was paroled two years ago.

L. D. S. RELIEF EXPENSES TOLD

SALT LAKE CITY, April 5 (AP)—Aid to hundreds of families was furnished last year by the National Relief society of the L. D. S. (Mormon) church, according to reports filed at a meeting of the organization here today.

A slightly smaller sum was expended than during the previous year due to the federal relief program, according to Mrs. Louise K. Robinson, society president.

The Relief society meetings preceded a conference of the church which opens tomorrow morning.

TOLL OF FLOODS SOARS ABOVE 24 IN THREE STATES

Okla., Wis., and Texas Find Victims as Raging Waters Recede

LOSSES NEAR 2 MILLION

Many Listed as Missing in Regions Devastated by Overflows

By United-Press

A death toll which already reached 24 may be nearly double that number when relief workers account for the missing persons who were carried today by flood waters in Wisconsin, Oklahoma and Texas.

Property damage mounted to near \$2,000,000.

Eleven were dead and seven missing in Oklahoma as the Wichita river swelled over its surrounding farm lands. Eleven bodies had been recovered but it was feared the seven persons still missing had been drowned.

In Wisconsin nine lives were reported lost. The waters which spread over eight counties had receded but many houses were inundated with several feet of water. Schools were closed and many people were reported drowned.

Two men and a woman were drowned in Kumble county, Texas, with another woman reported drowned.

ELK CITY, Okla., April 5 (AP)—Flood victims were recovered today and eight more persons were missing as waters of the stream dropped after a 26-hour rampage along a 25-mile path.

Boy Petrifies

Victim of a strange malady that weakens muscle and tissue, little Thomas, 7, who at the Wilkes-Barre, Pa., general hospital with weakened arms and back-muscles, may have a rare disease with death. The disease will prove fatal if allowed to reach a vital organ, but doctors today estimated a 50-50 chance that the treatment may arrest progress of the petrification.

Bill for Federal Lottery Receives House Bloc Help

BACKING GRANTED PLAN AS SOURCE OF REVENUE

WASHINGTON, April 5 (AP)—Rep. Thomas H. Cullen, leader of the powerful Democratic majority in the House, today gave support today to the Kennedy national lottery bill.

Cullen's subcommittee of the ways and means group will start hearings on the lottery bill April 11.

"Personally I am in favor of this legislation," Cullen said.

The people are going to pay money anyway and I think a lottery would be a source of enormous revenue to the federal government."

The Kennedy bill would authorize the President to empower the veterans' administration to conduct a national lottery that the lottery would be the treasury \$1,000,000 annually.

Cullen said his subcommittee would hear both proponents and opponents of the bill and that Kennedy's contention were true, the measure would be reported favorably to the full committee.

Kennedy has attempted to bring his bill before the House several times, but until Cullen agreed to hold hearings on the proposal he met with little success.

Regarded as Warning For Europe to Pay Up

WASHINGTON, April 5 (AP)—War-untilled European nations were under notice today from the American congress that they will be unable to borrow money here for future wars until they pay what they borrowed to fund the last one.

This high administration official believe will be the dramatic effect of the Johnson bill, which would shut off war credits for defaulters.

The bill prohibits any person in the United States from purchasing, selling, or otherwise disposing of, or attempting to do so, any securities, bonds, or other obligations of any foreign government or political subdivision thereof, unless such person has first paid to the United States government the full amount of any such securities, bonds, or other obligations which are in default.

BORAH GIVES SUPPORT
WASHINGTON, April 8.—Sen. William E. Borah, R. Idaho, threw his support into yesterday's program of sharply increased income taxes.
Borah entered debate on the new \$300,000,000 revenue bill to support an amendment by Sen. Robert M. La Follette, which would increase the normal tax rate from 4 per cent to 6 per cent and impose a sharply graduated scale.
"We are met with the necessity of raising a vast amount of money through taxation," Borah said. "This seems to be a step in the right direction."

Swin who studied the vitamin to come to him, however, when it was suggested that a race of glass might be produced through the discovery. He admitted, though, that the Oriental race was largely on polished rice and are subnormal in stature, might increase their vitality with the addition of the vitamin to their diet.
Williams' method produces one tablosetful of the vitamin from a ton of the rice straw. It is worth a hundred times as much as gold.

WEST AGITATED OVER ROTE TAX

Borah, Pope Campaigning for Removal of Levy Against Burial Bags

By RALPH OLINSTEAD
WASHINGTON (Special).—The only aspect of the New Deal that is causing any public disturbance in the west is the compensatory protective tax of job fabric of which burial bags are made.
Sen. James H. Pope has now introduced an A. A. A. amendment for removal of the tax, and Sen. William E. Borah also asked removal in a Senate speech this week.

Many protests.
Some months ago Senator Pope received a letter from a farmer's proposal to the department of agriculture that they either remove or refund the tax after a series of conferences and letters they declined on the ground that exemption of the ordinary life bag from the tax is not practicable, and it could not be refunded to the purchaser and users of bags because they were receiving the benefit of the tax through the North Pacific Export company.
The government is furnishing about \$500,000 to the corporation to pay the difference between domestic and foreign market prices in order to export surplus wheat in the northwest. Since the total amount of tax paid on the bags does not exceed \$500,000 annually, it is claimed that what farmers aren't being harmed. On the other hand, potato and onion growers are using the bags and are not receiving any benefit from A. A. A. string benefits.

This point culminated in a conference between Senator Pope and Secretary Wallace in which the senator made some strong remarks about the tax. Nevertheless, it is claimed, various other members of congress have received protests from the tax. The tax is a brief case and go into the department of agriculture like lions only to come out like lambs—and Idaho farmers continue to pay full taxes.
Senator Borah has made several public protests against the tax.
Rather than waste their time worrying about the job tax, the majority of farmers here would like to take action in Idaho that they want to work out a marketing agreement for potatoes. The "High grade Idaho potatoes" (that look very much like cut) sell in the east for six cents per pound. If an equitable method of marketing were established, Idaho potato farmers could all get rich and thrive.

Unusual Theme
The annual junior prom was held Friday at Rainbow hall which featured a program of music and dancing. The program was presented at each end of the building, and a large number of couples were in the center of the web, with a red light for each of the eyes. The Palm Garden orchestra furnished the music. A large crowd attended.

TRUMPH WOOD'S SET WIN RECORD

Frank, Shellback, Aims at Victory to Pass League High of 291

The straight right arm of Frank Shellback, grand old veteran of the Hollywood Stars, "cranked" a near-midling ball today with Shellback seeking his 262nd pitching victory for a Pacific coast win record.

Shellback was chosen by Manager Oscar Vitt to oppose the Oakland Athletics in the third game of the series. When the curtain rang, down on baseball hush, the veteran hurler had 22 wins, 17th record set by Spider Iann.

Meanwhile the Los Angeles Angels, outplayed a familiar opponent in the league standings, holding first place as the only club with both games in the current series.

10 Inning Battle
Los Angeles had to travel 10 innings to dispose of the Portland Beavers by a 4-3 score. Home runs by Blackie Cox, and Ed Bryn, kept the Beavers in the game until an error on a force play at the plate gave the Angels the winning run.

Home runs played an important part in the Sacramento-Mission contest, won by Sacramento by a 3-2 score. Stronger for an error on a force play at the plate gave the Angels the winning run.

MINISTER SCORES WAR PROPAGANDA

Declares Making of Munitions Must Be Taken Away from Private Firms

Manufacture of the munitions of war will have to be taken out of the hands of private industry, in the opinion of Dr. William H. Young, pastor of the First Methodist Episcopal church, who spoke before the Kewanee club at the Park hotel today.

He spoke on the subject, "Should It Be War or Peace?" and painted the picture of the war propaganda which has been developed, giving battle the appearance of glamour and romance.

Consistent of this opinion, more attention must be paid to common humanity," he said, and quoted the words of independence declaring the equality of man, and the common rights to which he is entitled.

Economic Imperialism

"Economic Imperialism stands directly in the path of the minister asserted in pointing out the dangers resulting from American capital making investments in foreign countries, and then relying upon the United States government to protect them. "We must discontinue this policy," he declared.

Jack O'Hanley, hardware, senior in the high school, rendered vocal selections, accompanied by Mrs. C. P. Duvall at the piano.

G. O. P. BANQUET HERE APRIL 21

Saturday, April 21, has been fixed as the date for a banquet meeting here of the Young Republican league in south central Idaho, according to decision made at a meeting of the officers of the local club, it was announced today.

It is expected that a delegation will be present from the eastern part of the state, as well as large numbers from the right south central Idaho counties. Mr. C. Robinson is district chairman, and George Lincoln, Kimberly, is president of the Twin Falls group, sponsors of the banquet.

Choirs Combine to Sing Easter Music

WENDELL, April 5 (Special).—Three Wendell churches combined to present the festival, "Joyous Hells of Easter," at the high school auditorium Sunday evening. The churches were the Methodist, Presbyterian, and Baptist. The choir which presented the cantata pumpered more than 40 persons, directed by Superintendent Downey. Mrs. W. C. Abbott was the accompanist.

Senior class trackmen carried away all honors at the inter-class track meet held Friday afternoon at the high school. The sophomores were second, juniors third, and freshmen fourth. The senior class trackmen won nine firsts, and sophomores nine places, most of them second.

College of Idaho Prep band gave a short program at the high school assembly Thursday afternoon. Members of Wendell high school's teachers are graduates of the College of Idaho.

5,212 AGREE TO CORN-HOG PLANS

Twin Falls County Second in Idaho Signers Under New Federal Program

UNIVERSITY OF IDAHO, Moscow (Special). Up to March 24, Idaho producers in 22 counties had signed 5,212 corn-hog contracts, covering 114,465 hogs and 7,519 acres of corn, reports J. H. Hord, state county agent leader. Approximately a million contracts had been signed on that date over the country as a whole.

Latah county, with 483 contracts covering 12,000 hogs, showed the largest number of hogs contracted in one county. Twin Falls county stood second with 255 contracts covering 14,850 hogs. The 2,580 acres of corn contracted in Twin Falls county represents nearly half the state total.

The Idaho corn-hog campaign is progressing smoothly, Mr. Hord says. Meetings have been held in 20 counties to date. Several counties have practically completed sign-up work and are now electing their permanent county committees and organizing their county control associations. These permanent officials will be responsible for any necessary adjustments in contracts for preparing their county expense budgets and for appraising the yields on contracted corn land.

CAR IS REMOVED

RUPERT, April 5 (Special).—The Oldsmobile Mrs. Anna McMillen, which was stolen from her garage Saturday evening, was located in Twin Falls and returned to Rupert Tuesday. Several dollars' worth of damage was done to the car, and no one is in the guilty party was obtainable.
